Final landscape plan review and approval will be by the Department of Housing and Economic Development. 14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The applicant has agreed to provide a 50% green roof over the net roof area and achieve LEED Certification to comply with the City of Chicago's Sustainable Matrix.

RE: Planned Development 44 zoning amendment application

Dear Ms. Scudiero,

I am in support of filing the zoning amendment application for Planned Development 44. Cumberland Place is located at 8553 West Higgins Road on the west side of PD 44 in Subarea B. Cumberland Place is a mixed use development limited to Subarea B. There are no proposed changes to Subarea A. The proposed project includes two office buildings of approximately 250,000 square feet each, approximately 40,000 square feet of retail sales, eating and drinking facilities and approximately 230,000 square feet of residential.
I look forward to continued collaboration with the developer, the Department of Planning and Development, my office and my community to refine the elements of this zoning amendment application.

With respect to the Soldier Field Stadium, floor area shall be calculated as the sum of the gross horizontal areas of the portions of the Stadium that are (a) covered by a roof or ceiling and are enclosed by walls on all sides or (b) covered by a roof or ceiling and not totally enclosed by walls on all sides provided such portions of the Stadium are intended to be used and occupied by patrons for pedestrian concourses. The seating bowl of the Stadium will not be counted as floor area. For purposes of floor area calculations, all parking located on the Property shall be deemed accessory, off-street parking and any space devoted to parking (including all lobbies, concourses and areas accessory thereto) shall not be counted as floor area. The permitted FAR identified in the Bulk Regulations Table has been determined on a Sub-Area by Sub-Area basis using the net site area established for each Sub-Area as set forth in the Bulk Regulations and Data Table.

Review and approval by the Department of Planning and Development is intended to assure that design and location of the pedestrian bridge substantially conforms with the Planned Development and to assist the City in monitoring ongoing development. No Part II Approval for the Sub-Area 3 superstructure shall be granted until Site Plan approval of the pedestrian bridge has been granted. Following approval by the Department of Planning and Development, the approved Sub-Area Site Plan Approval submittals, supporting data and materials shall be made part of the main file and shall be deemed to be an integral part of the Planned Development. The Applicant may seek and the Department may grant Part II Approval for Sub-Area 3 foundations prior to Sub-Area Site Plan Approval for the pedestrian bridge.

After approval of the Sub-Area Site Plan, changes or modifications may be made pursuant to the provisions of Statement 13. In the event of any inconsistency between approved plans and the terms of the Planned Development, the terms of the Planned Development shall govern. Any Sub Area Site Plan Approval submittals shall, at a minimum, provide the following information:

a. fully-dimensioned site plan (including a footprint of the proposed improvements);

b. fully-dimensioned building elevations; and

c. statistical information applicable to the subject Sub-Area, including floor area, the applicable FAR, uses to be established, building heights and setbacks.

Sub Area Site Plan Approval submittals shall include all other information necessary to illustrate substantial conformance to the Planned Development.

13. The Applicant, its successors and assigns and, if different than the Applicant, the legal titleholder, any ground lessees or their respective successors and assigns, as applicable, of a Sub-Area (or portion thereof) shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Environment and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

14. Subject to the provisions of Statement No. 2 of this Planned Development, the terms and conditions of development under this Planned Development ordinance may be modified administratively pursuant to section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholder, any ground lessees or their respective successors and assigns, as applicable.

15. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes and enables universal access throughout the Property. Plans for all new buildings and improvements on the Property constructed after the date hereof shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities.

16. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources.

17. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. In the event that substantial construction is not commenced in Sub-Area 3 within three years of its passage and approval , the Commissioner of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone the property to Planned Development No. 778, as amended, in effect as of January 1, 2001.

Dear Property Owner:

In accordance with the requirements for an Amendment to the Chicago Zoning Ordinance, specifically Section 17-13-0107, please be informed that on or about September 17, 2015, the undersigned intends to file an application for a change in zoning for the properties: (a) commonly known as 1410 Museum Campus Drive; 458 East 18th Street; 600 East Waldron Drive; 1559 South Lake Shore Drive; and the properties with address ranges of 414 to 508 East 18th Street, 415 to 509 East 18th Street, 1600 to 1800 South Museum Campus Drive and 1800 to 1930 South Burnham Harbor Drive (the "Property") from Institutional Planned Development No. 778 first to DX-3 Downtown Mixed Use District and then to Institutional Planned Development No. 778, as amended and (b) legally described on Exhibit A from Institutional Planned Development No. 778 to Parks and Open Space 1. Included herein is a depiction of the properties and their proposed rezoning classifications.

The applicant, the Chicago Park District, proposes to ground lease the parcel generally bounded by a line approximately 50 feet south of the south line of East 18th Street; a line approximately 150 feet west of the west line of the shoreline of Burnham Harbor; a line approximately 525 feet north of the north line of McCormick Place (East); and a line approximately 115 feet east of the east line of South Lake Shore Drive (exclusive of exit ramps) to the Lucas Museum of Narrative Art, a California not for profit corporation, for the development of a public sculptural museum. The museum, which will only be located on the ground lease parcel, and newly established parkland and green space, which will be located around the boundaries of the ground lease parcel, will replace the existing, approximately 1,500 space surface parking lot that is currently on the site. The museum will include an approximately 59,000 square foot plaza which will be available for public use during museum hours. The museum will have exhibition areas, theaters, educational classrooms and lecture halls, archival space, an elevated restaurant, a circular observation deck, and approximately 192 enclosed at-grade parking spaces. In addition, the project will add approximately 200,000 square feet of newly available green space and parkland along the lakefront, including an eco park, dune field, event prairie and museum garden and entry court. Finally, a pedestrian bridge connecting the museum to Waldron Garage may be part of the project.

The owner of the Property and the applicant for the amendment to the planned development is the Chicago Park District, 541 North Fairbanks Court, Chicago, Illinois 60611. The contact person for the application is Jeff Philips. The address for the contact person is 730 North Franklin Street, Suite 450, Chicago, Illinois 60654. The contact person can be reached at (312) 664-0153.

Please note that the applicant is not seeking to rezone or purchase your property. The applicant is required by law to send this notice because you own property

within 250 feet of the property to be rezoned. A hearing before the City of Chicago Plan Commission is scheduled to be held on October 15, 2015. Such hearing may be continued or deferred to a later date and time without further notice.
