SECTION 5. ASSIGNMENT, SUBLEASE, AND LIENS

All liens and encumbrances created by Tenant shall attach to Tenant's interest only.

SECTION 6. INSURANCE AND INDEMNIFICATION

6.1 Insurance. The Landlord shall procure and maintain at all times, at Landlord's own expense, during the term of this Lease, the insurance coverages and requirements specified below, insuring all operations related to the Lease.

The kinds and amounts of insurance required are as follows:

(a) Workers Compensation and Employers Liability Insurance. Workers Compensation and Employers Liability Insurance, in accordance with the laws of the State of Illinois, or any other applicable jurisdiction, covering all Landlord's employees at the Premises and Employer's Liability coverage with limits of not less than $100,000 for each accident or illness. This provision shall also apply to Landlord's employees, agents or clients hired for work on the Premises.

(b) Commercial Liability Insurance. (Primary and Umbrella). Commercial Liability Insurance or equivalent with limits of not less than $1,000,000 per occurrence, for bodily injury, personal injury, and property damage liability. Coverage extensions shall include the following: All premises and operations, products/completed operations, defense, separation of insureds, and contractual liability (with no limitation endorsement). The City of Chicago, its employees, elected officials, agents, and representatives are to be named as additional insureds on a primary, non contributory basis for any liability arising directly or indirectly from the Lease.

(c) Automobile Liability Insurance. (Primary and Umbrella). When any motor vehicles (owned, non-owned and hired) are used in connection with work to be performed, the Landlord shall provide Comprehensive Automobile Liability Insurance with limits of not less than $1,000,000 per occurrence, for bodily injury and property damage.

The Landlord will furnish the City of Chicago, Department of Fleet and Facility Management, Real Estate Management, 30 North LaSalle Street, Room 300, Chicago, Illinois 60602, original Certificates of Insurance evidencing the required coverage to be in force on the date of this Lease, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the term of this Lease. The Landlord shall submit evidence on insurance prior to Lease award. The receipt of any certificates does not constitute agreement by the Tenant that the insurance requirements in the Lease have been fully met or that the insurance polices indicated on the certificate are in compliance with all Lease requirements. The failure of the Tenant to obtain certificates or other insurance evidence from Landlord shall not be deemed to be a waiver by the Tenant. The Landlord shall advise all insurers of the Lease provisions regarding insurance. Non-conforming insurance shall not relieve Landlord of its obligation to provide Insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Lease, and the Tenant retains the right to terminate the Lease until proper evidence of insurance is provided.

The insurance shall provide for 60 days prior written notice to be given to the Tenant in the event coverage is substantially changed, canceled, or non-renewed.

Any and all deductibles or self insured retentions on referenced insurance coverages shall be borne by Landlord.

The Landlord agrees that insurers shall waive their rights of subrogation against the City of Chicago its employees, elected officials, agents or representatives.

The Landlord expressly understands and agrees that any coverages and limits furnished by Landlord shall in no way limit the Landlord's liabilities and responsibilities specified within the Lease documents or by law.

The Landlord expressly understands and agrees that any insurance or self insurance programs maintained by the City of Chicago shall apply in excess of and not contribute to insurance provided by the Landlord under the Lease.

The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

The City of Chicago Office of Risk Management maintains the right to reasonably modify, delete, alter or change these requirements.

6.3 Mutual Indemnification. Landlord and Tenant (subject to any allocation of adequate appropriations and other applicable legislative procedures, requirements, and approvals) shall indemnify and hold each other harmless against all liabilities, judgment costs, damages, and expenses which may accrue against, be charged to, or be recovered from either party by reason of any negligent performance of or failure to perform any of their obligations under this Lease.

SECTION 7. DAMAGE OR DESTRUCTION

7.1 Damage or Destruction. If the Premises are damaged or destroyed by fire or other casualty to such an extent that Tenant cannot continue to occupy or conduct Tenant's normal business therein, or if the Premises do not meet all applicable building and fire code provisions and are therefore rendered untenantable, Tenant shall have the option to declare this Lease terminated as of the date of such damage, destruction, or determination by giving Landlord written notice to such effect. If Tenant exercises this option, the rent shall be apportioned as of the date of such damage, destruction, or determination and Landlord shall forthwith repay to Tenant all prepaid rent.

SECTION 8. CONFLICT OF INTEREST AND GOVERNMENTAL ETHICS

8.1 Conflict of Interest. No official or employee of the City of Chicago, nor any member of any board, commission or agency of the City of Chicago, shall have any financial interest (as directed in Chapter 2-156 of the Municipal Code of Chicago), either direct or indirect, in the Premises or in this Lease; nor shall any such official, employee, or member participate in making or in any way attempt to use his or her position to influence any governmental decision or action with respect to this Lease.

8.2 Duty to Comply with Governmental Ethics Ordinance. SECTION 9. HOLDING OVER

9.1 Holding Over. Any holding over by Tenant shall be construed to be a tenancy from month to month only beginning on January 1, 2017 and the rent shall be at the same rate as set forth in Section 3.1(c) of this Lease. During any holding over, all other provisions of this Lease shall remain in full force and effect.

SECTION 13. LANDLORD DISCLOSURES AND AFFIRMATIONS

13.1 Business Relationships. Landlord acknowledges (a) receipt of a copy of Section 2-156-030 (b) of the Municipal Code of Chicago, (b) that it has read such provision and understands that pursuant to such Section 2-156-030 (b) it is illegal for any elected official of the Tenant, or any person acting at the direction of such official, to contact, either orally or in writing, any other Tenant official or employee with respect to any matter involving any person with whom the elected Tenant official or employee has a "Business Relationship" (as defined in Section 2-156-080 of the Municipal Code of Chicago), or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship, and (c) notwithstanding anything to the contrary contained in this Lease, that a violation of Section 2-156-030 (b) by an elected official, or any person acting at the direction of such official, with respect to any transaction contemplated by this Lease shall be grounds for termination of this Lease and the transactions contemplated hereby. Landlord hereby represents and warrants that no violation by Landlord of Section 2-145-030 (b) has occurred with respect to this Lease or the transactions contemplated hereby.

13.2 Patriot Act Certification. Landlord represents and warrants that neither Landlord nor, to the best of Landlord's knowledge, any Affiliate (as hereafter defined) thereof is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the Tenant may not do business under any applicable Laws: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. As used in this

Section, an "Affiliate" shall be deemed to be a person or entity related to Landlord that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with Landlord, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

13.3 Prohibition on Certain Contributions-Mayoral Executive Order No. 2011-4. Landlord agrees that Landlord, any person or entity who directly or indirectly has an ownership or beneficial interest in Landlord of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, Landlord's contractors (i.e., any person or entity in direct contractual privity with Landlord regarding the subject matter of this Lease) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Sub-owners") and spouses and domestic partners of such Sub-owners (Landlord and all the other preceding classes of persons and entities are together the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fundraising committee (a) after execution of this Lease by Landlord, (b) while this Lease or any Other Contract (as hereinafter defined) is executory, (c) during the term of this Lease or any Other Contract, or (d) during any period while an extension of this Lease or any Other Contract is being sought or negotiated. This provision shall not apply to contributions made prior to May 16, 2011, the effective date of Executive Order 2011-4.

Landlord represents and warrants that to the best of Landlord's knowledge from the later of (a) May 16, 2011, or (b) the date the Tenant approached Landlord, or the date Landlord approached the Tenant, as applicable, regarding the formulation of this Lease, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

Landlord agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

Landlord agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 2011-4 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 2011-4.

Notwithstanding anything to the contrary contained herein, Landlord agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this Lease or violation of Mayoral Executive Order No. 2011-4 constitutes a breach and default under this Lease, and under any Other Contract for which no opportunity to cure will be granted, unless the Tenant, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the Tenant to all remedies (including, without

limitation, termination for default) under this Lease, and under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Landlord intentionally violates this provision or Mayoral Executive Order No. 2011-4 prior to the execution of this Lease, the Tenant may elect to decline to close the transaction contemplated by this Lease.

For purposes of this provision:

(a) "Bundle" means to collect contributions from more than one source, which contributions are then delivered by one person to the Mayor or to his political fundraising committee.

(b) "Other Contract" means any other agreement with the Tenant to which Landlord is a party that is (i) formed under the authority of Chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council.

(c) "Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

(d) Individuals are "domestic partners" if they satisfy the following criteria:

(i) they are each other's sole domestic partner, responsible for each other's common welfare; and
(ii) neither party is married; and
(iii) the partners are not related by blood closer than would bar marriage in the State of Illinois; and
(iv) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and
(v) two of the following four conditions exist for the partners:

(1) The partners have been residing together for at least 12 months.
(2) The partners have common or joint ownership of a residence.
(3) The partners have at least two of the following arrangements:

(A) joint ownership of a motor vehicle;
(B) joint credit account;
(C) a joint checking account;
(D) a lease for a residence identifying both domestic partners as tenants.

(4) Each partner identifies the other partner as a primary beneficiary in a will.

(e) "Political fundraising committee" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

13.4 Waste Ordinance Provisions. In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Landlord warrants and represents that it, and to the best of its knowledge, its Contractors and its subcontractors regarding the subject matter of this Lease ("Subcontractors"), have not violated and are not in violation of any provisions of Section 7-28 or Section 11-4 of the Municipal Code (the "Waste Sections"). During the period while this Lease is executory, Landlord's, any general Contractor's or any Subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Lease, constitutes a breach of and an event of default under this Lease, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Chief Procurement Officer. Such breach and default entitles the Tenant to all remedies under this Lease, at law or in equity. This section does not limit Landlord's, its general Contractors' and its Subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Lease. Non-compliance with these terms and conditions may be used by the Tenant as grounds for the termination of this Lease, and may further affect the Landlord's eligibility for future contract awards.

13.5 Failure to Maintain Eligibility to do Business with Tenant. Failure by Landlord or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code of Chicago shall be grounds for termination of this Lease and the transactions contemplated thereby. Landlord shall at all times comply with Section 2-154-020 of the Municipal Code of Chicago.

13.6 Cooperation with Office of Inspector General and Legislative Inspector General. It is the duty of Landlord and any bidder, proposer, contractor, subcontractor, and every applicant for certification of eligibility for a Tenant contract or program, and all officers, directors, agents, partners, and employees of any such grantee, subgrantee, bidder, proposer, contractor, subcontractor or such applicant to cooperate with the Legislative Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-55 of the Municipal Code, and to cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code. Landlord represents and warrants that it understands and will abide by all provisions of Chapter 2-55 and Chapter 2-56 of the Municipal Code and that Landlord will inform its Contractors and Subcontractors of this provision and include a provision requiring their compliance with such Chapters 2-55 and 2-56 in any written agreement between Landlord and its Contractors and Subcontractors.

13.7 *Shakman* Prohibitions.

(i) The Tenant is subject to the May 31, 2007 Order entitled "Agreed Settlement Order and Accord" (the "Shakman Accord") and the August 16, 2007 "City of Chicago Hiring Plan" (the "City Hiring Plan") entered in Shakman v. Democratic Organization of Cook County, Case No 69 C 2145 (United States District Court for the Northern District of Illinois). Among other

things, the Shakman Accord and the City Hiring Plan prohibit the Tenant from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(ii) Landlord is aware that Tenant policy prohibits Tenant employees from directing any any individual to apply for a position with Landlord, either as an employee or as a subcontractor, and from directing Landlord to hire any individual as an employee or as a subcontractor. Accordingly, Landlord must follow its own hiring and contracting procedures, without being influenced by Tenant or Tenant employees. Any and all personnel provided by Landlord under this Sub-Lease are employees or subcontractors of Landlord, not employees of the City of Chicago. This Sub-Lease is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the Tenant and any personnel provided by Landlord.

(iii) Landlord will not condition, base, or knowingly prejudice or affect any term or term or aspect to the employment of any personnel provided under this Sub-Lease, or offer employment to any individual to provide services under this Sub-Lease, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Sub-Lease, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(iv) In the event of any communication to Landlord by a Tenant employee or Tenant official in violation of Section 13.7, or advocating a violation of Section 13.7, Landlord will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the Tenant's Office of the Inspector General ("IGO Hiring Oversight"), and also to the head of the relevant Tenant department utilizing services provided under this Lease. Landlord will also cooperate with any inquiries by IGO Hiring Oversight or the *Shakman* Monitor's Office related to the contract.

The Redevelopment Agreement shall be in substantially the form attached hereto as ***Exhibit D*** and made a part hereof and hereby approved with such changes therein as shall be approved by the Authorized HED Officer executing the same, with such execution to constitute conclusive evidence of such officer's approval of any changes or revisions from the form of Redevelopment Agreement attached to this Ordinance.

Section 11. Payment of Incremental Taxes.

(a) The City Council hereby finds that the City is authorized to issue its tax increment allocation revenue obligation in an aggregate principal amount not to exceed $25,000,000 for the purpose of paying a portion of the eligible costs included within the Project.

(b) There shall be borrowed for and on behalf of the City a principal amount not to exceed $25,000,000 for the payment of a portion of the eligible redevelopment project costs (as such term is defined under the Act) included within the Project (such costs shall be known herein and in the Redevelopment Agreement as "TIF-Funded Improvements"). A note of the City in a principal amount up to $25,000,000 shall be issued and shall be designated "Tax Increment Allocation Revenue Note (47th and King Drive Redevelopment Project), Series 2013A" (the "TIF Note"). The TIF Note shall be substantially in the form attached to the Redevelopment Agreement as ***Exhibit M*** and made a part hereof, with such additions or modifications as shall be determined to be necessary by the Chief Financial Officer, at the time of issuance to reflect the purpose of the issue. The TIF Note shall be dated the date of delivery thereof, and shall also bear the date of authentication, shall be in fully registered form, shall be in the denomination of the outstanding principal amount thereof and shall become due and payable as provided therein. The proceeds of the TIF Note are hereby appropriated for the purposes set forth in this Section 11.

The TIF Note shall mature on the later of payment in full or not to exceed twenty years from its issuance, and shall not bear interest.

The principal of the TIF Note shall be paid by check, draft or wire transfer of funds by the City Comptroller of the City, as registrar and paying agent (the "Registrar"), payable in lawful money of the United States of America to the persons in whose names the TIF Note is registered at the close of business on the payment date, in any event no later than at the close of business on the 15th day of the month immediately after the applicable payment date; provided, that the final installment of the principal and accrued but unpaid interest of the TIF Note shall be payable in lawful money of the United States of America at the principal office of the Registrar or as otherwise directed by the City on or before the maturity date.

The seal of the City shall be affixed to or a facsimile thereof printed on the TIF Note, and the TIF Note shall be signed by the manual or facsimile signature of the Mayor of the City and attested by the manual or facsimile signature of the City Clerk of the City, and in case any officer whose signature shall appear on the TIF Note shall cease to be such officer before the delivery of the TIF Note, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery.

The TIF Note shall have thereon a certificate of authentication substantially in the form hereinafter set forth duly executed by the Registrar, as authenticating agent of the City for the TIF Note, and showing the date of authentication. The TIF Note shall not be valid or obligatory for any purpose or be entitled to any security or benefit under this Ordinance unless and until such certificate of authentication shall have been duly executed by the Registrar by manual signature, and such certificate of authentication upon the TIF Note shall be conclusive evidence that the TIF Note has been authenticated and delivered under this Ordinance.

(c) The City shall cause books (the "Register") for the registration and for the transfer of the TIF Note (to the extent such transfer is permitted under the Redevelopment Agreement) as provided in this Ordinance to be kept at the principal office of the Registrar, which is hereby constituted and appointed the registrar of the City for the TIF Note. The City is authorized to prepare, and the Registrar shall keep custody of, multiple TIF Note blanks executed by the City for use in the transfer of the TIF Note.

Upon surrender for a transfer of the TIF Note authorized under the Redevelopment Agreement at the principal office of the Registrar, duly endorsed by, or accompanied by (i) a written instrument or instruments of transfer in form satisfactory to the Registrar, (ii) an investment representation in form satisfactory to the City and duly executed by, the registered owner or his attorney duly authorized in writing, (iii) the written consent of the City evidenced by the signature of the Chief Financial Officer (or his or her designee) on the instrument of transfer, and (iv) any deliveries required under the Redevelopment Agreement, the City shall execute and the Registrar shall authenticate, date and deliver in the name of any such authorized transferee or transferees a new fully registered TIF Note of the same maturity, of authorized denomination, for the authorized principal amount of the TIF Note less previous retirements. The execution by the City of the fully registered TIF Note shall constitute full and due authorization of the TIF Note and the Registrar shall thereby be authorized to authenticate, date and deliver the TIF Note. The Registrar shall not be required to transfer or exchange the TIF Note during the period beginning at the close of business on the fifteenth day of the month immediately prior to the maturity date of the TIF Note nor to transfer or exchange the TIF Note after notice calling the TIF Note for prepayment has been made, nor during a period of five (5) days next preceding mailing of a notice of prepayment of principal of the TIF Note. No beneficial interests in the TIF Note shall be assigned, except in accordance with the procedures for transferring the TIF Note described above.

The person in whose name each TIF Note shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of the principal of the TIF Note shall be made only to or upon the order of the registered owner thereof or his legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon the TIF Note to the extent of the sum or sums so paid.

No service charge shall be made for any transfer of the TIF Note, but the City or the Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer of the TIF Note.

(d) Subject to the limitations set forth herein, the Chief Financial Officer is authorized to determine the terms of the TIF Note and to issue the TIF Note on such terms as the Chief Financial Officer may deem to be in the best interest of the City. The principal of the TIF Note shall be subject to prepayment as provided in the form of TIF Note attached to the Redevelopment Agreement as ***Exhibit M***. As directed by the Chief Financial Officer, the Registrar shall proceed with prepayment without further notice or direction from the City.

(e) The Registrar shall note on the Debt Service Schedule attached to the TIF Note the amount of any payment of principal on the TIF Note, including the amount of any prepayment, and the amount of any reduction in principal pursuant to the Redevelopment Agreement.

(f) The TIF Note hereby authorized shall be executed as in this Ordinance and the Redevelopment Agreement provided as soon after the passage hereof as may be practicable and consistent with the terms of the Redevelopment Agreement, and thereupon, be deposited with the Authorized HED Officer, and be by said Authorized HED Officer delivered to the Sponsor.

(g) Pursuant to the TIF Ordinance, the City has created the Fund. The City Comptroller of the City is hereby directed to maintain the Fund as a segregated interest-bearing account, separate and apart from the General Fund or any other fund of the City, with a bank that is insured by the Federal Deposit Insurance Corporation or its successor. Pursuant to the TIF Ordinance, all Incremental Taxes received by the City for the Redevelopment Area are to be deposited into the Fund. There is hereby created within the Fund a special subaccount to be known as the "Rosenwald Courts Account" (the "Rosenwald Courts Account"). The City shall designate and deposit into the Rosenwald Courts Account an amount equal to the Incremental Taxes deposited into the Fund. Subject to the terms and conditions of the Redevelopment Agreement, the City shall use the Incremental Taxes to make payments with respect to the TIF Note until the TIF Note has been fully repaid. In the event that an event of default under the Redevelopment Agreement entitles the City to permanently terminate further payments of City Funds (as defined in the Redevelopment Agreement) with respect to the TIF Note, the City may in its discretion, return the amounts in the Rosenwald Courts Account established above that would otherwise be allocated to the payment of the TIF Note to the Fund of the City and the Rosenwald Courts Account shall be closed.

The City hereby assigns, pledges and dedicates the Rosenwald Courts Account, together with all amounts on deposit therein, to the payment of the principal of and interest, if any, on the TIF Note when due under the terms of the Redevelopment Agreement. Upon deposit, the moneys on deposit in the Rosenwald Courts Account may be invested as hereinafter provided. Interest and income on any such investment shall be deposited in the Rosenwald Courts Account. All moneys on deposit in the Rosenwald Courts Account shall be used to pay the principal of and interest on the TIF Note, at maturity or upon payment or redemption prior to maturity, in accordance with its terms, which payments from the Rosenwald Courts Account are hereby authorized and appropriated by the City. Upon payment of all amounts due under the TIF Note and the Redevelopment Agreement in accordance with their terms (or the termination of the City's obligation to make such payments), the amounts on deposit in the Rosenwald Courts Account, as applicable, shall be deposited in the Fund of the City and the Rosenwald Courts Account shall be closed.

Notwithstanding any of the foregoing, payments on the TIF Note will be subject to the availability of Incremental Taxes in the Rosenwald Courts Account.

(h) The TIF Note is a special limited obligation of the City, and is payable solely from amounts on deposit in the Rosenwald Courts Account and shall be a valid claim of the registered owner thereof only against said sources. The TIF Note shall not be deemed to constitute an indebtedness or a loan against the general taxing powers or credit of the City, within the meaning of any constitutional or statutory provision. The registered owner(s) of the TIF Note shall not have the right to compel any exercise of the taxing power of the City, the State of Illinois or any political subdivision thereof to pay the principal of or interest on the TIF Note. The City's obligation to fully repay the TIF Note is further limited by the terms and conditions of the Redevelopment Agreement.

(i) Moneys on deposit in the Fund or the Rosenwald Courts Account, as the case may be, may be invested as allowed under Section 2-32-520 of the Municipal Code of Chicago (the "**Municipal Code**"). Each such investment shall mature on a date prior to the date on which said amounts are needed to pay the principal of or interest on the TIF Note.

(j) Pursuant to the Redevelopment Agreement, the Developer shall complete the Project. The eligible redevelopment project costs of the Project constituting TIF-Funded Improvements up to the principal amount of $25,000,000 shall be deemed to be a disbursement of the proceeds of the TIF Note. Upon issuance, the TIF Note shall have an initial principal balance equal to the Sponsor's prior expenditures for TIF-Funded Improvements up to a maximum amount of $25,000,000, as supported by a Certificate of Expenditure in accordance with the TIF Note, and subject to the reductions described in the Redevelopment Agreement. After issuance, the principal amount outstanding under the TIF Note shall be the initial principal balance of the TIF Note, minus any principal amount paid on the TIF Note and other reductions in principal as provided in the Redevelopment Agreement.

(k) The Registrar shall maintain a list of the names and address of the registered owners from time to time of the TIF Note and upon any transfer shall add the name and address of the new registered owner and eliminate the name and address of the transferor.

(l) The provisions of this Ordinance shall constitute a contract between the City and the registered owners of the TIF Note. All covenants relating to the TIF Note are enforceable by the registered owners of the TIF Note.

(m) Notwithstanding the foregoing, the Developer may, prior to the execution of the Redevelopment Agreement, forgo issuance of the TIF Note and in lieu thereof receive not to exceed $25,000,000 in Incremental Taxes as a grant from the City to the Sponsor, in which case the Authorized HED Officer is authorized to make such changes as are necessary to the form of the Redevelopment Agreement attached as ***Exhibit D*** hereto to reflect the same.

Section 12. **NSP Loan Restructuring**. Upon the approval and availability of the Additional Financing, the Authorized HED Officer is hereby authorized, subject to approval by the Corporation Counsel, to enter into and execute such agreements and instruments, and perform any and all acts as shall be necessary or advisable in connection with the NSP Loan Restructuring. The Authorized HED Officer is hereby authorized, subject to the approval of the Corporation Counsel, to negotiate any and all terms and provisions in connection with the NSP Loan Restructuring. The Authorized HED Officer is hereby further authorized, subject to approval by the Corporation Counsel, to enter and execute such agreements and instruments and perform any and all acts as shall be necessary or advisable, and to negotiate any and all terms and provisions in connection with any future restructuring of the NSP Loan which does

not substantially modify the NSP Loan Restructuring Material Terms.

Section 13. **Conveyance of the City Property**. The City is hereby authorized to sell and convey to the Borrower the City Property for the sum of Five Dollars ($5.00) in accordance with and subject to the terms of the Redevelopment Agreement. The Mayor or his proxy is authorized to execute, and the City Clerk or Deputy Clerk to attest, a quitclaim deed conveying to the Borrower the City Property for the consideration described therein and otherwise in accordance with and subject to the terms of the Redevelopment Agreement. The Authorized HED Officer is hereby authorized to negotiate, execute and deliver such documents as may be necessary or appropriate to implement this **Section 13**, subject to the approval of the Corporation Counsel. Such documents may contain terms and provisions that the Authorized HED Officer deems appropriate, including, without limitation, indemnification.

Section 14. **Additional Authorization**. Each Authorized Officer, the City Treasurer, and the Authorized HED Officer, are each hereby authorized to execute and deliver and the City Clerk and the Deputy City Clerk are each hereby authorized to execute and deliver, such other documents and agreements, including, without limitation, any documents necessary to evidence the receipt or assignment of any collateral for the Funding Loan Agreement and the related Note, the Borrower Loan Agreement or the Borrower Note from the Borrower, and perform such other acts as may be necessary or desirable in connection with the City Agreements (as defined in **Section 17** hereof), including, but not limited to, the exercise following the delivery date of the City Agreements of any power or authority delegated to such official under this Ordinance with respect to the City Agreements upon original execution and delivery, but subject to any limitations on or restrictions of such power or authority as herein set forth. Notwithstanding anything contained herein (including but not limited to **Sections 3**, **10** and **12** hereof), if any portion of the Additional Financing is not approved and available at such time as the Authorized Officer and the Authorized HED Officer otherwise deem it in the best interest of the City to execute the City Agreements, then the Authorized Officer and the Authorized HED Officer may so execute the City Agreements (with such changes thereto as the Authorized Officer and the Authorized HED Officer deem necessary and advisable) and any necessary ancillary documents and may impose such conditions upon the approval and availability of such Additional Financing as they deem necessary and advisable.

Section 15. **Severability**. If any provision of this Ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this Ordinance.

Section 16. **Administrative Fee.** HED is hereby authorized to charge an administrative fee or fees in connection with the delivery and administration of the Funding Loan Agreement and the Note, which shall be collected under such terms and conditions as determined by the Authorized HED Officer and which shall be in an amount as determined by the Authorized HED Officer but not to exceed the maximum amount permitted under Section 148 of the Code to avoid characterization of the Funding Loan Agreement and the Note as "arbitrage bonds" as defined in such Section 148. Such administrative fee or fees shall be used by HED for administrative expenses and other housing activities. Initially, such administrative fee or fees shall be an amount equal to (i) 1.5% of the original principal amount of the Note payable upon issuance of the Note, plus (ii) an on-going compliance fee of $25 per unit payable annually.

The City's legal reserve fee with respect to the Project, payable upon issuance of the Note from the proceeds of the Note or from funds contributed by the Borrower, shall be 0.10%

of the original principal amount of the Note. Such fee shall be used by the City to pay legal costs or other expenses in connection with the Project, the Note, or other City issuances.

Section 17. **No Recourse**. No recourse shall be had for the payment of the principal of, prepayment premium, if any, or interest on the Note or for any claim based thereon or upon any obligation, covenant or agreement contained in this Ordinance, the Funding Loan Agreement, the Note, the Borrower Loan Agreement, the Land Use Restriction Agreement, the Tax Agreement, or the Redevelopment Agreement (collectively, the "**City Agreements**") against any past, present or future officer, member or employee of the City, or any officer, employee, director or trustee of any successor, as such, either directly or through the City, or any such successor, under any rule of law or equity, statute or constitution or by the enforcement of any assessment or penalty or otherwise, and all such liability of any such member, officer, employee, director or trustee as such is hereby expressly waived and released as a condition of and consideration for the execution of the City Agreements.

Section 18. **No Impairment**. To the extent that any ordinance, resolution, rule, order or provision of the Municipal Code, or part thereof, is in conflict with the provisions of this Ordinance, the provisions of this Ordinance shall be controlling. No provision of the Municipal Code or violation of any provision of the Municipal Code shall be deemed to render voidable at the option of the City any document, instrument or agreement authorized hereunder or to impair the validity of this Ordinance or the instruments authorized by this Ordinance or to impair the rights of the holders of the Funding Loan and the Note to receive payment of the principal of, prepayment premium, if any, or interest on the Note or to impair the security for the Funding Loan Agreement and the Note; provided further that the foregoing shall not be deemed to affect the availability of any other remedy or penalty for any violation of any provision of the Municipal Code. Section 2-45-110 of the Municipal Code shall not apply to the Project.

Section 19. **Effective Date.** This Ordinance shall be in full force and effect immediately upon its passage and approval.

Section 20. **Correction of Redevelopment Plan**. Section V(G) of the Redevelopment Plan, as published on page 81270 of the Journal of March 27, 2002, is hereby corrected by changing the reference to "December 31, 2025" to "December 31, 2026."

(b) Draw-Down Funding. The Funding Loan is originated on a draw-down basis. The proceeds of the Funding Loan shall be advanced by the Funding Lender directly to the Borrower for the account of the Governmental Lender as and when needed to make each advance in accordance with the

disbursement provisions of the Borrower Loan Agreement and the Construction Funding Agreement. Upon each advance of principal under the Borrower Loan Agreement and the Construction Funding Agreement, a like amount of the Funding Loan shall be deemed concurrently and simultaneously advanced under this Funding Loan Agreement, including the initial advance of $_____ [at least $51,000]. Notwithstanding anything in this Funding Loan Agreement to the contrary, no additional amounts of the Funding Loan may be drawn down and funded hereunder after _____, 2016; provided, however, that upon the delivery of a Tax Counsel No Adverse Effect Opinion to the Governmental Lender and the Funding Lender such date may be changed to a later date as specified in such Tax Counsel No Adverse Effect Opinion. The Governmental Lender has reviewed and approved the form of Contingency Draw-Down Agreement and consents to the terms thereof and agrees to take all actions reasonably required of the Governmental Lender in connection with the conversion of the Funding Loan to a fully drawn loan pursuant to the provisions of the Contingency Draw-Down Agreement in the event a Draw-Down Notice is filed by the Funding Lender or the Borrower.

(c) Origination Date; Maturity. The Funding Loan shall be originated on the Closing Date and shall mature on the Maturity Date at which time the entire principal amount, to the extent not previously paid, and all accrued and unpaid interest, shall be due and payable.

(d) Principal. The outstanding principal amount of the Governmental Lender Note and of the Funding Loan as of any given date shall be the total amount advanced by the Funding Lender to or for the account of the Governmental Lender to fund corresponding advances under the Borrower Loan Agreement and the Construction Funding Agreement as proceeds of the Borrower Loan, less any payments of principal of the Governmental Lender Note previously received upon payment of corresponding principal amounts under the Borrower Note, including regularly scheduled principal payments and voluntary and mandatory prepayments. The principal amount of the Governmental Lender Note and interest thereon shall be payable on the basis specified in this paragraph (d) and in paragraphs (e) and (f) of this Section 2.1.

The Funding Lender shall keep a record of all principal advances and principal repayments made under the Governmental Lender Note and shall upon written request provide the Governmental Lender with a statement of the outstanding principal balance of the Governmental Lender Note and the Funding Loan.

(f) Corresponding Payments. The payment or prepayment of principal, interest and premium, if any, due on the Funding Loan and the Governmental Lender Note shall be identical with and shall be made on the same dates, terms and conditions, as the principal, interest, premiums, late payment fees and other amounts due on the Borrower Note. Any payment or prepayment made by the Borrower of principal, interest, premium, if any, due on the Borrower Note shall be deemed to be like payments or prepayments of principal, interest and premium, if any, due on the Funding Loan and the Governmental Lender Note.

(g) Usury. The Governmental Lender intends to conform strictly to the usury laws applicable to this Funding Loan Agreement and the Governmental Lender Note and all agreements made in the Governmental Lender Note, this Funding Loan Agreement and the Funding Loan Documents are expressly limited so that in no event whatsoever shall the amount paid or agreed to be paid as interest or the amounts paid for the use of money advanced or to be advanced hereunder exceed the highest lawful

rate prescribed under any law which a court of competent jurisdiction may deem applicable hereto. If, from any circumstances whatsoever, the fulfillment of any provision of the Governmental Lender Note, this Funding Loan Agreement or the other Funding Loan Documents shall involve the payment of interest in excess of the limit prescribed by any law which a court of competent jurisdiction may deem applicable hereto, then the obligation to pay interest hereunder shall be reduced to the maximum limit prescribed by law. If from any circumstances whatsoever, the Funding Lender shall ever receive anything of value deemed interest, the amount of which would exceed the highest lawful rate, such amount as would be excessive interest shall be deemed to have been applied, as of the date of receipt by the Funding Lender, to the reduction of the principal remaining unpaid hereunder and not to the payment of interest, or if such excessive interest exceeds the unpaid principal balance, such excess shall be refunded to the Borrower. This paragraph shall control every other provision of the Governmental Lender Note, this Funding Loan Agreement and all other Funding Loan Documents.

In determining whether the amount of interest charged and paid might otherwise exceed the limit prescribed by law, the Governmental Lender intends and agrees that (i) interest shall be computed upon the assumption that payments under the Borrower Loan Agreement and other Funding Loan Documents will be paid according to the agreed terms, and (ii) any sums of money that are taken into account in the calculation of interest, even though paid at one time, shall be spread over the actual term of the Funding Loan.

Section 2.2. Form of Governmental Lender Note. In case any officer of the Governmental Lender whose signature or facsimile signature shall appear on the Governmental Lender Note shall cease to be such officer before the Governmental Lender Note so signed and sealed shall have been actually delivered, such Governmental Lender Note may, nevertheless, be delivered as herein provided, and may be executed and delivered as if the persons who signed or sealed such Governmental Lender Note had not ceased to hold such offices or be so employed. Any Governmental Lender Note may be signed and sealed on behalf of the Governmental Lender by such persons as, at the actual time of the execution of such Governmental Lender Note, shall be duly authorized or hold the proper office in or employment by the Governmental Lender, although at the date of the Governmental Lender Note such persons may not have been so authorized nor have held such office or employment.

Section 2.4. Investor Letter; Participations; Sale and Assignment.

(a) Subject to paragraph (b) below, the Governmental Lender Note shall be held and subsequently transferred only in Authorized Denominations and only to holders that execute and deliver to the Governmental Lender an Investor Letter in substantially the form attached hereto as Exhibit B. Notwithstanding the preceding sentence, no Investor Letter shall be required for the Funding Lender to (i) transfer the Governmental Lender Note, or any interest therein, to any Affiliate or other party related to the Funding Lender or (ii) sell or transfer the Governmental Lender Note, or any interest therein, to a

special purpose entity, a trust or custodial arrangement, from which the Governmental Lender Note, or any interest therein, is not expected to be sold except in Authorized Denominations to beneficial holders who are Qualified Institutional Buyers (as defined in Rule 144A of the Securities Act) or Accredited Investors (as defined in Regulation D promulgated under the Securities Act) and who will sign an investor letter to substantially the same effect as the Investor Letter.

(b) In addition to transfers permitted by Section 2.4(a), the Governmental Lender Note, or any interest therein, may be transferred in whole or in part to one or more purchasers upon receipt by the Governmental Lender and each person making such transfer of either (i)(A) an Investor Letter in substantially the form attached hereto as Exhibit B, and (B) if any amendment is to be made to this Funding Loan Agreement or any other Funding Loan Document in conjunction with such transfer, a Tax Counsel No Adverse Effect Opinion; or (ii)(A) any disclosure document which is prepared in connection with such transfer of the Governmental Lender Note, in such form acceptable to the Governmental Lender and accompanied by an opinion of counsel in a form satisfactory to the Governmental Lender regarding the information contained in such disclosure document, (B) evidence that each such Governmental Lender Note or interest therein is rated "A" or better by one of S&P or Moody's, and (C) an opinion of Tax Counsel to the effect that (1) the exemption of the Governmental Lender Note or interest therein or any securities evidenced thereby from the registration requirements of the Securities Act of 1933, as amended, and the exemption of this Funding Loan Agreement from qualification under the Trust Indenture Act of 1939, as amended, will not be impaired as a result of such transfer, and (2) such transfer will not adversely affect the tax-exempt status of the Governmental Lender Note.

(c) The Governmental Lender Note, or any interest therein, shall be in fully-registered form transferable to subsequent holders only on the registration books which shall be maintained by the Funding Lender for such purpose and which shall be open to inspection by the Governmental Lender.

(d) No service charge shall be made for any sale or assignment of any portion of the Governmental Lender Note, but the Governmental Lender may require payment of a sum sufficient to cover any tax or other Governmental charge that may be imposed in connection with any such sale or assignment and payment of any fees and expenses incurred by the Governmental Lender in connection therewith. Such sums shall be paid in every instance by the purchaser or assignee of the Governmental Lender Note or portion thereof.

PREPAYMENT

Section 3.1. Prepayment of the Governmental Lender Note from Prepayment under the Borrower Note. The Governmental Lender Note is subject to voluntary and mandatory prepayment as follows:

(a) The Governmental Lender Note shall be subject to voluntary prepayment in full or in part by the Governmental Lender, from funds of the Governmental Lender received by the Governmental Lender to the extent and in the manner and on any date that the Borrower Note is subject to voluntary prepayment as set forth therein, at a prepayment price equal to the principal balance of the Borrower Note to be prepaid, plus interest thereon to the date of prepayment and the amount of any Prepayment Premium payable under the Borrower Note, plus any Additional Borrower Payments due and payable under the Borrower Loan Agreement through the date of prepayment.

The Borrower shall not have the right to voluntarily prepay all or any portion of the Borrower Note, thereby causing the Governmental Lender Note to be prepaid, except as specifically permitted in

the Borrower Note, without the prior written consent of Funding Lender, which may be withheld in Funding Lender's sole and absolute discretion.

The Governmental Lender Note shall be subject to mandatory prepayment in whole or in part upon prepayment of the Borrower Note at the direction of the Funding Lender in accordance with the terms of the Borrower Note at a prepayment price equal to the outstanding principal balance of the Borrower Note prepaid, plus accrued interest plus any other amounts payable under the Borrower Note or the Borrower Loan Agreement.

Section 3.2. Notice of Prepayment. Notice of prepayment of the Governmental Lender Note shall be deemed given to the extent that notice of prepayment of the Borrower Note is timely and properly given to Funding Lender in accordance with the terms of the Borrower Note and the Borrower Loan Agreement, and no separate notice of prepayment of the Governmental Lender Note is required to be given.

ARTICLE IV
SECURITY

Section 4.1. Security for the Funding Loan. To secure the payment of the Funding Loan and the Governmental Lender Note, to declare the terms and conditions on which the Funding Loan and the Governmental Lender Note are secured, and in consideration of the premises and of the funding of the Funding Loan by the Funding Lender, the Governmental Lender by these presents does grant, bargain, sell, remise, release, convey, assign, transfer, mortgage, hypothecate, pledge, set over and confirm to the Funding Lender (except as limited herein), a lien on and security interest in the following described property (excepting, however, in each case, the Unassigned Rights) (said property, rights and privileges being herein collectively called, the "**Security**"):

(a) All right, title and interest of the Governmental Lender in, to and under the Borrower Loan Agreement and the Borrower Note, including, without limitation, all rents, revenues and receipts derived by the Governmental Lender from the Borrower relating to the Project and including, without limitation, all Pledged Revenues, Borrower Loan Payments and Additional Borrower Payments derived by the Governmental Lender under and pursuant to, and subject to the provisions of, the Borrower Loan Agreement; provided that the pledge and assignment made under this Funding Loan Agreement shall not impair or diminish the obligations of the Governmental Lender under the provisions of the Borrower Loan Agreement;

(b) All right, title and interest of the Governmental Lender in, to and under, together with all rights, remedies, privileges and options pertaining to, the Funding Loan Documents, and all other payments, revenues and receipts derived by the Governmental Lender under and pursuant to, and subject to the provisions of, the Funding Loan Documents;

(c) Any and all moneys and investments from time to time on deposit in, or forming a part of, all funds and accounts created and held under this Funding Loan Agreement and any amounts held at any time in the Remaining Funding Loan Proceeds Account and the Remaining Funding Loan Proceeds Account Earnings Subaccount, any Negative Arbitrage Deposit and any other amounts held under the Contingency Draw-Down Agreement, subject to the provisions of this Funding Loan Agreement permitting the application thereof for the purposes and on the terms and conditions set forth herein; and

(d) Any and all other real or personal property of every kind and nature or description, which may from time to time hereafter, by delivery or by writing of any kind, be subjected to the lien of this

Funding Loan Agreement as additional security by the Governmental Lender or anyone on its part or with its consent, or which pursuant to any of the provisions hereof or of the Borrower Loan Agreement may come into the possession or control of the Funding Lender or a receiver appointed pursuant to this Funding Loan Agreement; and the Funding Lender is hereby authorized to receive any and all such property as and for additional security for the Funding Loan and the Governmental Lender Note and to hold and apply all such property subject to the terms hereof.

The pledge and assignment of and the security interest granted in the Security pursuant to this Section 4.1 for the payment of the principal of, premium, if any, and interest on the Governmental Lender Note, in accordance with its terms and provisions, and for the payment of all other amounts due hereunder, shall attach and be valid and binding from and after the time of the delivery of the Governmental Lender Note by the Governmental Lender. The Security so pledged and then or thereafter received by the Funding Lender shall immediately be subject to the lien of such pledge and security interest without any physical delivery or recording thereof or further act, and the lien of such pledge and security interest shall be valid and binding and prior to the claims of any and all parties having claims of any kind in tort, contract or otherwise against the Governmental Lender irrespective of whether such parties have notice thereof.

Section 4.2. Delivery of Security. To provide security for the payment of the Funding Loan and the Governmental Lender Note, the Governmental Lender has pledged and assigned to secure payment of the Funding Loan and the Governmental Lender Note its right, title and interest in the Security to the Funding Lender. In connection with such pledge, assignment, transfer and conveyance, the Governmental Lender shall deliver to the Funding Lender the following documents or instruments promptly following their execution and, to the extent applicable, their recording or filing:

(a) The Borrower Note endorsed without recourse to the Funding Lender by the Governmental Lender;

(b) The originally executed Borrower Loan Agreement and Regulatory Agreement;

(c) The originally executed Security Instrument and all other Borrower Loan Documents existing at the time of delivery of the Borrower Note and an assignment for security of the Security Instrument from the Governmental Lender to the Funding Lender, in recordable form;

(d) Uniform Commercial Code financing statements or other chattel security documents giving notice of the Funding Lender's status as an assignee of the Governmental Lender's security interest in any personal property forming part of the Project, in form suitable for filing; and

(e) Uniform Commercial Code financing statements giving notice of the pledge by the Governmental Lender of the Security pledged under this Funding Loan Agreement.

The Governmental Lender shall deliver and deposit with the Funding Lender such additional documents, financing statements, and instruments as the Funding Lender may reasonably require from time to time for the better perfecting and assuring to the Funding Lender of its lien and security interest in and to the Security including, at the request of the Funding Lender, any amounts held under the Contingency Draw-Down Agreement, at the expense of the Borrower.

ARTICLE V
LIMITED LIABILITY

Section 5.1. Source of Payment of Governmental Lender Note and Other Obligations; Disclaimer of General Liability. The Governmental Lender Note, together with premium, if any, and interest thereon, is a special, limited obligation of the Governmental Lender, payable solely from the security pledged hereunder. The Governmental Lender Note is not a general obligation of the Governmental Lender or a charge against its general credit or the general credit taxing powers of the State, the Governmental Lender, or any other political subdivision thereof, and shall never give rise to any pecuniary liability of the Governmental Lender, and neither the Governmental Lender, the State nor any other political subdivision thereof shall be liable for the payments of principal of and, premium, if any, and interest on the Governmental Lender Note, and the Governmental Lender Note is payable from no other source, but is a special, limited obligation of the Governmental Lender, payable solely out of the security pledged hereunder and receipts of the Governmental Lender derived pursuant to this Funding Loan Agreement. No holder of the Governmental Lender Note or any interest therein has the right to compel any exercise of the taxing power of the State, the Governmental Lender or any other political subdivision thereof to pay the Governmental Lender Note or the interest or premium, if any, thereon.

Section 5.2. Exempt from Individual Liability. No recourse shall be had for the payment of the principal of, premium, if any, or the interest on the Governmental Lender Note or for any claim based thereon or any obligation, covenant or agreement in this Funding Loan Agreement against any official, officer, agent, employee or independent contractor of the Governmental Lender or any person executing the Governmental Lender Note in his or her personal capacity. No covenant, stipulation, promise, agreement or obligation contained in the Governmental Lender Note, this Funding Loan Agreement or any other document executed in connection herewith shall be deemed to be the covenant, stipulation, promise, agreement or obligation of any present or future official, officer, agent or employee of the Governmental Lender in his or her individual capacity and neither any official of the Governmental Lender nor any officers executing the Governmental Lender Note shall be liable personally on the Governmental Lender Note or under this Funding Loan Agreement or be subject to any personal liability or accountability by reason of the execution and delivery of the Governmental Lender Note or the execution of this Funding Loan Agreement.

ARTICLE VI
CLOSING CONDITIONS; APPLICATION OF FUNDS

Section 6.1. Conditions Precedent to Closing. Closing of the Funding Loan on the Closing Date shall be conditioned upon satisfaction or waiver by the Funding Lender in its sole discretion of each of the conditions precedent to closing set forth in this Funding Loan Agreement, including but not limited to the following:

(a) Receipt by the Funding Lender of the original Governmental Lender Note;

(b) Receipt by the Funding Lender of the original executed Borrower Note, endorsed to the Funding Lender by the Governmental Lender;

(c) Receipt by the Funding Lender of executed counterparts of this Funding Loan Agreement, the Borrower Loan Agreement, the Construction Funding Agreement, the Regulatory Agreement, the Tax Compliance Agreement, the Security Instrument, and any UCC financing statement required by the Security Instrument;

(d) A certified copy of the Ordinance;

(e) An executed Investor Letter from the Funding Lender;

(f) Delivery into escrow of all amounts required to be paid in connection with the origination of the Borrower Loan and the Funding Loan and any underlying real estate transfers or transactions, including the Costs of Funding Deposit, in accordance with Section 2.3(c)(ii) of the Borrower Loan Agreement;

(g) Receipt by the Funding Lender of a Tax Counsel Approving Opinion;

(h) Receipt by the Funding Lender of an Opinion of Counsel from Tax Counsel to the effect that the Governmental Lender Note is exempt from registration under the Securities Act of 1933, and this Funding Loan Agreement is exempt from qualification under the Trust Indenture Act of 1939, as amended;

(i) Delivery of an opinion of counsel to the Borrower addressed to the Governmental Lender to the effect that the Borrower Loan Documents and the Regulatory Agreement are valid and binding obligations of the Borrower, enforceable against the Borrower in accordance with their terms, subject to such exceptions and qualifications as are acceptable to the Governmental Lender;

(j) [Receipt by the Funding Lender of executed Subordinate Loan Documents;] and

(k) Receipt by the Funding Lender of any other documents or opinions that the Funding Lender or Tax Counsel may require.

ARTICLE VII
FUNDS AND ACCOUNTS

Section 7.1. Authorization to Create Funds and Accounts. No funds or accounts shall be established in connection with the Funding Loan at the time of closing and origination of the Funding Loan. The Funding Lender and the Servicer, if any, are authorized to establish and create from time to time such other funds and accounts or subaccounts as may be necessary for the deposit of moneys (including, without limitation, insurance proceeds and/or condemnation awards), if any, received by the Governmental Lender, the Funding Lender or the Servicer pursuant to the terms hereof or any of the other Funding Loan Documents and not immediately transferred or disbursed pursuant to the terms of the Funding Loan Documents and/or the Borrower Loan Documents.

Section 7.2. Investment of Funds. Amounts held in any funds or accounts created under this Funding Loan Agreement shall be invested in Permitted Investments at the direction of the Borrower, subject in all cases to the restrictions of Section 8.7 hereof and of the Tax Compliance Agreement.

ARTICLE VIII
REPRESENTATIONS AND COVENANTS

Section 8.1. General Representations. The Governmental Lender makes the following representations as the basis for the undertakings on its part herein contained:

(a) The Governmental Lender is a municipality and home rule unit of local government duly organized and validly existing under the Constitution and laws of the State. The Governmental Lender has power and lawful authority to adopt the Ordinance, to execute and deliver the Funding Loan

Documents to which it is a party (the "Governmental Lender Documents"), to execute and deliver the Governmental Lender Note and receive the proceeds of the Funding Loan, to apply the proceeds of the Funding Loan to make the Borrower Loan, to assign the revenues derived and to be derived by the Governmental Lender from the Borrower Loan to the Funding Lender, and to perform and observe the provisions of the Governmental Lender Documents and the Governmental Lender Note on its part to be performed and observed.

(b) The City Council of the Governmental Lender has approved the Ordinance and the Ordinance has not been amended, modified or rescinded and is in full force and effect as of the date hereof.

(c) The Governmental Lender has duly authorized the execution and delivery of each of the Funding Loan Agreement and the Governmental Lender Note and the performance of the obligations of the Governmental Lender thereunder.

(d) The Governmental Lender makes no representation or warranty, express or implied, that the proceeds of the Funding Loan will be sufficient to finance the acquisition, construction and equipping of the Project or that the Project will be adequate or sufficient for the Borrower's intended purposes.

(e) The revenues and receipts to be derived from the Borrower Loan Agreement, the Borrower Note and this Funding Loan Agreement have not been pledged previously by the Governmental Lender to secure any of its notes or bonds other than the repayment of the Funding Loan.

THE GOVERNMENTAL LENDER MAKES NO REPRESENTATION, COVENANT OR AGREEMENT AS TO THE FINANCIAL POSITION OR BUSINESS CONDITION OF THE BORROWER OR THE PROJECT AND DOES NOT REPRESENT OR WARRANT AS TO ANY STATEMENTS, MATERIALS, REPRESENTATIONS OR CERTIFICATIONS FURNISHED BY THE BORROWER IN CONNECTION WITH THE FUNDING LOAN OR THE BORROWER LOAN OR AS TO THE CORRECTNESS, COMPLETENESS OR ACCURACY THEREOF.

Section 8.2. Further Assurances. The Governmental Lender will do, execute, acknowledge, when appropriate, and deliver from time to time at the request of the Funding Lender, to the extent permitted by the Ordinance, such further acts, instruments, financing statements and other documents as are necessary or desirable to better assure, transfer, pledge or assign to the Funding Lender or holders of interest in the Funding Loan, and grant a security interest unto the Funding Lender or holders of interests in the Funding Loan in and to the Security and the other properties and revenues herein described and otherwise to carry out the intent and purpose of the Funding Loan Documents and the Funding Loan.

Section 8.3. Payment of Funding Loan Obligations. The Governmental Lender will pay or cause to be paid the principal of, prepayment premium, if any, and the interest on the Funding Loan as the same become due, but solely from the Security.

Section 8.4. Funding Loan Agreement Performance. The Funding Lender, on behalf of the Governmental Lender, may (but shall not be required or obligated) perform and observe any such agreement or covenant of the Governmental Lender under the Funding Loan Agreement, all to the end that the Governmental Lender's rights under the Borrower Loan Agreement may be unimpaired and free from default.

Section 8.5. Servicer. The Funding Lender may appoint a Servicer to service and administer the Governmental Loan and the Borrower Loan on behalf of the Funding Lender, including without

limitation the fulfillment of rights and responsibilities granted by Governmental Lender to Funding Lender pursuant to Section 2.1 of the Borrower Loan Agreement; provided, however, that no appointment of a Servicer shall release the Funding Lender from ultimate responsibility for any obligation hereunder.

Section 8.6. Tax Covenants. The Governmental Lender covenants to and for the benefit of the Funding Lender and any other holders of an interest in the Governmental Lender Note that, notwithstanding any other provisions of this Funding Loan Agreement or of any other instrument, it will:

(i) At all times do and perform all acts and things permitted by law and this Funding Loan Agreement which are necessary or desirable in order to assure, and will not knowingly take any action which will adversely affect, the tax-exempt status of the Governmental Lender Note; and

(ii) Not use or knowingly permit the use of any proceeds of the Funding Loan or other funds of the Governmental Lender, directly or indirectly, in any manner, and will not take or permit to be taken any other action or actions, which would result in any of the Governmental Lender Note being treated as an obligation not described in Section 142(a)(7) of the Code by reason of the Governmental Lender Note or interest thereon not meeting the requirements of Section 142(d) of the Code;

In furtherance of the covenants in this Section 8.6, the Governmental Lender and the Borrower shall execute, deliver and comply with the provisions of the Tax Compliance Agreement, which are by this reference incorporated into this Funding Loan Agreement and made a part of this Funding Loan Agreement as if set forth in this Funding Loan Agreement in full, and by its acceptance of this Funding Loan Agreement the Funding Lender acknowledges receipt of the Tax Compliance Agreement and acknowledges its incorporation in this Funding Loan Agreement by this reference. The Funding Lender agrees it will invest funds held under this Funding Loan Agreement in Permitted Investments in accordance with the direction of the Borrower and the terms of this Funding Loan Agreement and the Tax Compliance Agreement (this covenant shall extend throughout the term of the Funding Loan, to all funds and accounts created under or in connection with this Funding Loan Agreement and all moneys on deposit to the credit of any Fund or Account); provided that the Funding Lender shall be deemed to have complied with such requirements and shall have no liability to the extent it reasonably follows directions of the Borrower not inconsistent with the terms of this Funding Loan Agreement and the Tax Compliance Agreement or otherwise complies with the provisions of the Funding Loan Agreement relating to funds and accounts.

For purposes of this Section 8.6 the Governmental Lender's compliance shall be based solely on matters within the Governmental Lender's control and no acts, omissions or directions of the Borrower, the Funding Lender or any other Persons shall be attributed to the Governmental Lender.

In complying with the foregoing covenants, the Governmental Lender may rely from time to time on a Tax Counsel No Adverse Effect Opinion or other appropriate opinion of Tax Counsel.

Section 8.7. Performance by the Borrower. Without relieving the Governmental Lender from the responsibility for performance and observance of the agreements and covenants required to be performed and observed by it hereunder, the Borrower, on behalf of the Governmental Lender, may perform any such agreement or covenant if no Borrower Loan Agreement Default or Potential Default under the Borrower Loan Agreement exists.

Section 8.8. Repayment of Funding Loan. Subject to the provisions of Article V hereof, the Governmental Lender will duly and punctually repay, or cause to be repaid, but solely from the Security set forth in Article IV hereof, the Funding Loan, as evidenced by the Governmental Lender Note, as and when the same shall become due, all in accordance with the terms of the Governmental Lender Note and this Funding Loan Agreement.

Section 8.9. Borrower Loan Agreement Performance.

(a) The Servicer and the Funding Lender, on behalf of the Governmental Lender, may (but shall not be required or obligated to) perform and observe any such agreement or covenant of the Governmental Lender under the Borrower Loan Agreement, all to the end that the Governmental Lender's rights under the Borrower Loan Agreement may be unimpaired and free from default.

(b) The Governmental Lender will promptly notify the Borrower, the Servicer and the Funding Lender in writing of the occurrence of any Borrower Loan Agreement Default, provided that the Governmental Lender has received written notice or otherwise has actual knowledge of such event; and further provided that the Governmental Lender shall have no liability to any person for its failure to provide any such notice so long as it has made a good faith effort to comply with such provisions.

(c) The Funding Lender will promptly notify the Borrower, the Servicer, if any, and the Governmental Lender in writing of the occurrence of any Event of Default or any Borrower Loan Agreement Default known to the Funding Lender.

Section 8.10. Maintenance of Records; Inspection of Records.

(a) The Funding Lender shall keep and maintain adequate records pertaining to the funds and accounts, if any, established hereunder, including all deposits to and disbursements from said funds and accounts and shall keep and maintain the registration books for the Funding Loan and interests therein. The Funding Lender shall retain in its possession all certifications and other documents presented to it, all such records and all records of principal, interest and prepayment premium, if any, paid on the Funding Loan, subject to the inspection of the Borrower, the Governmental Lender, the Servicer and their representatives at all reasonable times and upon reasonable prior notice.

(b) The Governmental Lender will at any and all times, upon the reasonable request of the Servicer, the Borrower or the Funding Lender, afford and procure a reasonable opportunity by their respective representatives to inspect the books, records, reports and other papers of the Governmental Lender relating to the Project and the Funding Loan, if any, and to make copies thereof.

Section 8.11. Representations and Warranties of the Funding Lender. The Funding Lender hereby represents to the Governmental Lender and the Borrower that it is duly authorized to enter into and perform this Funding Loan Agreement, and has full authority to take such action as it may deem advisable with respect to all matters pertaining to this Funding Loan Agreement.

Section 8.12. Funding Lender Limitations. Notwithstanding anything herein or in the Borrower Loan Agreement to the contrary, prior to the advancement by the Funding Lender of all advances of loan funds hereunder (and, by virtue hereof, under the Borrower Loan Agreement and the Construction Funding Agreement), and only prior to such final advancement of all loan funds hereunder, no notice to or consent of the Funding Lender shall be required under any provision of this Funding Loan Agreement or the Borrower Loan Agreement nor shall the Funding Lender have any right to receive notice of, consent to, direct or control any actions, restrictions, rights, remedies, waivers or acceleration

pursuant to any provision of this Funding Loan Agreement or the Borrower Loan Agreement during any time that (a) any Material Funding Lender Event shall have occurred and be continuing; or (b) the Funding Loan Agreement and the Construction Funding Agreement are not in effect and all obligations of the Governmental Lender and the Borrower, including payment obligations, pursuant to the Funding Loan Agreement, Governmental Lender Note, Borrower Loan Agreement and Borrower Note have been fully satisfied.

ARTICLE IX
DEFAULT; REMEDIES

Section 9.1. Events of Default. Any one or more of the following shall constitute an event of default (an "**Event of Default**") under this Funding Loan Agreement (whatever the reason for such event and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or Governmental body):

(a) A default in the payment of any interest upon the Governmental Lender Note when such interest becomes due and payable; or

(b) A default in the payment of principal of, or premium on, the Governmental Lender Note when such principal or premium becomes due and payable, whether at its stated maturity, by declaration of acceleration or call for mandatory prepayment or otherwise; or

(c) Subject to Section 8.7 hereof, default in the performance or breach of any material covenant or warranty of the Governmental Lender in this Funding Loan Agreement (other than a covenant or warranty or default in the performance or breach of which is elsewhere in this Section specifically dealt with), and continuance of such default or breach for a period of 30 days after there has been given written notice, as provided in Section 11.1 hereof, to the Governmental Lender and the Borrower by the Funding Lender or the Servicer, specifying such default or breach and requiring it to be remedied and stating that such notice is a "Notice of Default" under this Funding Loan Agreement; provided that, so long as the Governmental Lender has commenced to cure such failure to observe or perform within the thirty (30) day cure period and the subject matter of the default is not capable of cure within said thirty (30) day period and the Governmental Lender is diligently pursuing such cure to the Funding Lender's satisfaction, with the Funding Lender's Written Direction or Written Consent, then the Governmental Lender shall have an additional period of time as reasonably necessary (not to exceed 30 days unless extended in writing by the Funding Lender) within which to cure such default; or

(d) A default in the payment of any Additional Borrower Payments; or

(e) Any other "Default" or "Event of Default" under any of the other Funding Loan Documents (taking into account any applicable grace periods therein).

Section 9.2. Acceleration of Maturity; Rescission and Annulment.

(a) Subject to the provisions of Section 9.9 hereof, upon the occurrence of an Event of Default under Section 9.1 hereof, then and in every such case, the Funding Lender may declare the principal of the Funding Loan and the Governmental Lender Note and the interest accrued to be immediately due and payable, by notice to the Governmental Lender and the Borrower and upon any such declaration, all principal of and Prepayment Premium, if any, and interest on the Funding Loan and the Governmental Lender Note shall become immediately due and payable.

(b) At any time after a declaration of acceleration has been made pursuant to subsection (a) of this Section, the Funding Lender may by Written Notice to the Governmental Lender, rescind and annul such declaration and its consequences if:

There has been deposited with the Funding Lender a sum sufficient to pay (1) all overdue installments of interest on the Governmental Lender Note, (2) the principal of and Prepayment Premium on the Governmental Lender Note that has become due otherwise than by such declaration of acceleration and interest thereon at the rate or rates prescribed therefor in the Funding Loan, (3) to the extent that payment of such interest is lawful, interest upon overdue installments of interest at the rate or rates prescribed therefor in the Governmental Lender Note, and (4) all sums paid or advanced by the Funding Lender and the reasonable compensation, expenses, disbursements and advances of the Funding Lender, its agents and counsel (but only to the extent not duplicative with subclauses (1) and (3) above); and

All Events of Default, other than the non payment of the principal of the Governmental Lender Note which have become due solely by such declaration of acceleration, have been cured or have been waived in writing as provided in Section 9.9 hereof.

No such rescission and annulment shall affect any subsequent default or impair any right consequent thereon.

Notwithstanding the occurrence and continuation of an Event of Default, it is understood that the Funding Lender shall pursue no remedies against the Borrower or the Project if no Borrower Loan Agreement Default has occurred and is continuing. An Event of Default hereunder shall not in and of itself constitute a Borrower Loan Agreement Default or a default under any other Funding Loan Document.

Section 9.3. Additional Remedies; Funding Lender Enforcement.

(a) Upon the occurrence of an Event of Default, the Funding Lender may, subject to the provisions of this Section 9.3 and Section 9.9 hereof, proceed to protect and enforce its rights by mandamus or other suit, action or proceeding at law or in equity. No remedy conferred by this Funding Loan Agreement upon or remedy reserved to the Funding Lender is intended to be exclusive of any other remedy, but each such remedy shall be cumulative and shall be in addition to any other remedy given to the Funding Lender hereunder or now or hereafter existing at law or in equity or by statute.

(b) Upon the occurrence and continuation of any Event of Default, the Funding Lender may proceed forthwith to protect and enforce its rights and this Funding Loan Agreement by such suits, actions or proceedings as the Funding Lender, in its sole discretion, shall deem expedient. Funding Lender shall have upon the occurrence and continuation of any Event of Default all rights, powers, and remedies with respect to the Security as are available under the Uniform Commercial Code applicable thereto or as are available under any other applicable law at the time in effect and, without limiting the generality of the foregoing, the Funding Lender may proceed at law or in equity or otherwise, to the extent permitted by applicable law:

(i) to take possession of the Security or any part thereof, with or without legal process, and to hold, service, administer and enforce any rights thereunder or thereto, and otherwise exercise all rights of ownership thereof, including (but not limited to) the sale of all or part of the Security;

(ii) to become mortgagee of record for the Borrower Loan including, without limitation, completing the assignment of the Security Instrument by the Governmental Lender to the Funding Lender as anticipated by this Funding Loan Agreement, and recording the same in the real estate records of the jurisdiction in which the Project is located, without further act or consent of the Governmental Lender, and to service and administer the same for its own account;

(iii) to service and administer the Funding Loan as agent and on behalf of the Governmental Lender or otherwise, and, if applicable, to take such actions necessary to enforce the Borrower Loan Documents and the Funding Loan Documents on its own behalf, and to take such alternative courses of action, as it may deem appropriate; or

(iv) to take such steps to protect and enforce its rights whether by action, suit or proceeding in equity or at law for the specific performance of any covenant, condition or agreement in the Governmental Lender Note, this Funding Loan Agreement or the other Funding Loan Documents, or the Borrower Loan Documents, or in and of the execution of any power herein granted, or for foreclosure hereunder, or for enforcement of any other appropriate legal or equitable remedy or otherwise as the Funding Lender may elect.

Whether or not an Event of Default has occurred, and except as provided in Section 9.15, the Funding Lender, in its sole discretion, shall have the sole right to waive or forbear any term, condition, covenant or agreement of the Security Instrument, the Borrower Loan Agreement, the Borrower Note or any other Borrower Loan Documents or Funding Loan Documents applicable to the Borrower, or any breach thereof, other than a covenant that would adversely impact the tax-exempt status of the interest on the Governmental Lender Note, and provided that the Governmental Lender may enforce specific performance with respect to the Unassigned Rights.

If the Borrower defaults in the performance or observance of any covenant, agreement or obligation of the Borrower set forth in the Regulatory Agreement, and if such default remains uncured for a period of 60 days after the Borrower and the Funding Lender receive Written Notice stating that a default under the Regulatory Agreement has occurred and specifying the nature of the default, the Funding Lender shall have the right to seek specific performance of the provisions of the Regulatory Agreement or to exercise its other rights or remedies thereunder.

If the Borrower defaults in the performance of its obligations under the Borrower Loan Agreement to make rebate payments, to comply with any applicable continuing disclosure requirements, or to make payments owed pursuant to Sections 2.5, 5.14 or 5.15 of the Borrower Loan Agreement for fees, expenses or indemnification, the Funding Lender shall have the right to exercise all its rights and remedies thereunder (subject to the last paragraph of Section 9.14 hereof).

Section 9.4. Application of Money Collected. Any money collected by the Funding Lender pursuant to this Article and any other sums then held by the Funding Lender as part of the Security, shall be applied in the following order, at the date or dates fixed by the Funding Lender:

(a) First: To the payment of any and all fees due the Governmental Lender, the Servicer or the Rebate Analyst under the Borrower Loan Documents;

(b) Second: To the payment of any and all amounts due under the Funding Loan Documents other than with respect to principal and interest accrued on the Funding Loan;

(c) Third: To the payment of the whole amount of the Funding Loan, as evidenced by the Governmental Lender Note, then due and unpaid in respect of which or for the benefit of which such money has been collected, with interest (to the extent that such interest has been collected or a sum sufficient therefor has been so collected and payment thereof is legally enforceable at the respective rate or rates prescribed therefor in the Governmental Lender Note) on overdue principal of, and Prepayment Premium and overdue installments of interest on the Governmental Lender Note; provided, however, that partial interests in any portion of the Governmental Lender Note shall be paid in such order of priority as may be prescribed by Written Direction of the Funding Lender in its sole and absolute discretion; and

(d) Fourth: The payment of the remainder, if any, to the Borrower or to whosoever may be lawfully entitled to receive the same or as a court of competent jurisdiction may direct.

(e) If and to the extent this Section 9.4 conflicts with the provisions of the Servicing Agreement, the provisions of the Servicing Agreement shall control. Capitalized terms used in this Section 9.4 but not otherwise defined in this Funding Loan Agreement shall have the meanings given such terms in the Servicing Agreement.

Section 9.5. Remedies Vested in Funding Lender. All rights of action and claims under this Funding Loan Agreement or the Governmental Lender Note may be prosecuted and enforced by the Funding Lender without the possession of the Governmental Lender Note or the production thereof in any proceeding relating thereto.

Section 9.6. Restoration of Positions. If Funding Lender shall have instituted any proceeding to enforce any right or remedy under this Funding Loan Agreement and such proceeding shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Funding Lender, then and in every such case the Governmental Lender and the Funding Lender shall, subject to any determination in such proceeding, be restored to their former positions hereunder, and thereafter all rights and remedies of the Governmental Lender and the Funding Lender shall continue as though no such proceeding had been instituted.

Section 9.7. Rights and Remedies Cumulative. No right or remedy herein conferred upon or reserved to the Funding Lender is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 9.8. Delay or Omission Not Waiver. No delay or omission of the Funding Lender to exercise any right or remedy accruing upon an Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right and remedy given by this Article or by law to the Funding Lender may be exercised from time to time, and as often as may be deemed expedient, by Funding Lender. No waiver of any default or Event of Default pursuant to Section 9.9 hereof shall extend to or shall affect any subsequent default or Event of Default hereunder or shall impair any rights or remedies consequent thereon.

Section 9.9. Waiver of Past Defaults. Before any judgment or decree for payment of money due has been obtained by the Funding Lender, the Funding Lender may, subject to Section 9.6 hereof, by Written Notice to the Governmental Lender and the Borrower, waive any past default hereunder or under the Borrower Loan Agreement and its consequences except for default in obligations due the Governmental Lender pursuant to or under the Unassigned Rights. Upon any such waiver, such default

shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of this Funding Loan Agreement and the Borrower Loan Agreement; but no such waiver shall extend to any subsequent or other default or impair any right consequent thereon.

Section 9.10. Remedies Under Borrower Loan Agreement or Borrower Note. As set forth in this Section 9.10 but subject to Section 9.9 hereof, the Funding Lender shall have the right, in its own name or on behalf of the Governmental Lender, to declare any default and exercise any remedies under the Borrower Loan Agreement or the Borrower Note, whether or not the Governmental Lender Note has been accelerated or declared due and payable by reason of an Event of Default.

Section 9.11. Waiver of Appraisement and Other Laws.

(a) To the extent permitted by law, the Governmental Lender will not at any time insist upon, plead, claim or take the benefit or advantage of, any appraisement, valuation, stay, extension or redemption law now or hereafter in force, in order to prevent or hinder the enforcement of this Funding Loan Agreement; and the Governmental Lender, for itself and all who may claim under it, so far as it or they now or hereafter may lawfully do so, hereby waives the benefit of all such laws. The Governmental Lender, for itself and all who may claim under it, waives, to the extent that it may lawfully do so, all right to have the property in the Security marshaled upon any enforcement hereof.

(b) If any law now in effect prohibiting the waiver referred to in Section 9.11(a) shall hereafter be repealed or cease to be in force, such law shall not thereafter be deemed to constitute any part of the contract herein contained or to preclude the application of this Section 9.11.

Section 9.12. Suits to Protect the Security. The Funding Lender shall have power to institute and to maintain such proceedings as it may deem expedient to prevent any impairment of the Security by any acts that may be unlawful or in violation of this Funding Loan Agreement and to protect its interests in the Security and in the rents, issues, profits, revenues and other income arising therefrom, including power to institute and maintain proceedings to restrain the enforcement of or compliance with any Governmental enactment, rule or order that may be unconstitutional or otherwise invalid, if the enforcement of or compliance with such enactment, rule or order would impair the security hereunder or be prejudicial to the interests of the Funding Lender.

Section 9.13. Remedies Subject to Applicable Law. All rights, remedies and powers provided by this Article may be exercised only to the extent that the exercise thereof does not violate any applicable provision of law in the premises, and all the provisions of this Article are intended to be subject to all applicable mandatory provisions of law which may be controlling in the premises and to be limited to the extent necessary so that they will not render this Funding Loan Agreement invalid, unenforceable or not entitled to be recorded, registered or filed under the provisions of any applicable law.

Section 9.14. Assumption of Obligations. In the event that the Funding Lender or its permitted assignee or designee in accordance with Section 2.4 hereof shall become the legal or beneficial owner of the Project by foreclosure or deed in lieu of foreclosure, such party shall succeed to the rights and the obligations of the Borrower under the Borrower Loan Agreement, the Borrower Note, the Regulatory Agreement and any other Funding Loan Documents to which the Borrower is a party. Such assumption shall be effective from and after the effective date of such acquisition and shall be made with the benefit of the limitations of liability set forth therein and without any liability for the prior acts of the Borrower.

It is the intention of the parties hereto that upon the occurrence and continuance of an Event of Default hereunder, rights and remedies may be pursued pursuant to the terms of the Funding Loan Documents, subject to the last paragraph of Section 9.3.

Section 9.15. Remedies upon Unremedied Material Funding Lender Event. [Upon the occurrence of a Material Funding Lender Event which shall continue unremedied for a period of 60 days (a "**Funding Lender Event of Default**")], (i) the Governmental Lender may direct that the Governmental Lender Note be transferred to and obligations and liabilities thereunder be assumed by another lender approved to act as Funding Lender by the Governmental Lender pursuant to Section 2.4(b) hereof and acceptable to the Borrower; provided, however, that no such transfer shall become effective until the Funding Lender has been fully reimbursed for all advances made and all expenses incurred and all other amounts owed to Funding Lender with respect to the Governmental Lender Note through the date of transfer, and shall be fully released in writing by the Governmental Lender, the Borrower and the successor Funding Lender from any and all continuing obligations and liabilities with respect to the Funding Loan and, unless the loss has not in any material respect been caused by the action or inaction of the Borrower, be indemnified by the Borrower for any losses incurred by Funding Lender with respect thereto (except for losses resulting from remedies awarded at law or equity pursuant to clause (ii) below, as to which no indemnity shall be provided), and (ii) the Governmental Lender (or the Borrower pursuant to the Borrower Loan Agreement or the Construction Funding Agreement) may pursue any other remedy available at law or in equity.

ARTICLE X
AMENDMENT; AMENDMENT OF BORROWER LOAN AGREEMENT AND OTHER DOCUMENTS

Section 10.1. Amendment of Funding Loan Agreement. Any of the terms of this Funding Loan Agreement and the Governmental Lender Note may be amended or waived only by an instrument signed by the Funding Lender and the Governmental Lender, provided, however, no such amendment which materially affects the rights, duties, obligations or other interests of the Borrower shall be made without the consent of the Borrower, and, provided further, that if the Borrower is in default under any Funding Loan Document, no Borrower consent shall be required unless such amendment has a material adverse effect on the rights, duties, obligations or other interests of the Borrower. All of the terms of this Funding Loan Agreement shall be binding upon the successors and assigns of and all persons claiming under or through the Governmental Lender or any such successor or assign, and shall inure to the benefit of and be enforceable by the successors and assigns of the Funding Lender.

Section 10.2. Amendments Requiring Funding Lender Consent. The Governmental Lender shall not consent to any amendment, change or modification of the Borrower Loan Agreement or any other Borrower Loan Document or Funding Loan Document without the prior Written Consent of the Funding Lender[; provided, however, that such prior Written Consent shall not be required with respect to any such amendment, change or modification undertaken by the Governmental Lender in order to preserve one or more of its Unassigned Rights. Governmental Lender agrees to provide the Funding Lender with prompt notification of any such amendments, modifications or changes not requiring the prior Written Consent of the Funding Lender].

Section 10.3. Consents and Opinions. No amendment to this Funding Loan Agreement or any other Funding Loan Document entered into under this Article X or any amendment, change or modification otherwise permitted under this Article X shall not become effective unless and until (i) the Funding Lender shall have approved the same in writing in its sole discretion and (ii) the Funding Lender and the Governmental Lender shall have received, at the expense of the Borrower (unless such change,

amendment or modification is requested by the Funding Lender solely to improve, but not maintain, the value of the Funding Loan), a Tax Counsel No Adverse Effect Opinion and an Opinion of Counsel to the effect that any such proposed amendment is authorized and complies with the provisions of this Funding Loan Agreement and is a legal, valid and binding obligation of the parties thereto, subject to normal exceptions relating to bankruptcy, insolvency and equitable principles limitations. No modification or amendment of the terms of the Borrower Note may be undertaken without the prior Written Consent of the Governmental Lender and the Funding Lender and the provision to the Funding Lender and the Governmental Lender, at the expense of the Borrower (unless such change, amendment or modification is requested by the Funding Lender solely to improve, but not maintain, the value of the Funding Loan), of a Tax Counsel No Adverse Affect Opinion with regard to such proposed modification.

Any consents required pursuant to this Article X from, or on behalf of, the Governmental Lender may be executed by an Authorized City Representative.

FOR VALUE RECEIVED, the undersigned CITY OF CHICAGO ("Obligor") promises to pay to the order of CITIBANK, N.A. Obligor shall pay to the Holder on or before each date on which payment is due under that certain Funding Loan Agreement, dated as of _____ 1, 2013 (the "Funding Loan Agreement"), between Obligor and Holder, an amount in immediately available funds sufficient to pay the principal amount of and Prepayment Premium, if any, on the Funding Loan then due and payable, whether by maturity, acceleration, prepayment or otherwise. In the event that amounts held derived from proceeds of the Borrower Loan, condemnation awards or insurance proceeds or investment earnings thereon are applied to the payment of principal due on the Funding Loan in accordance with the Funding Loan Agreement, the principal amount due hereunder shall be reduced to the extent of the principal amount of the Funding Loan so paid. Capitalized terms not otherwise defined herein shall have the meaning assigned in the Funding Loan Agreement.

Obligor shall pay to the Holder on or before each date on which interest on the Funding Loan is payable interest on the unpaid balance hereof in an amount in immediately available funds sufficient to pay the interest on the Funding Loan then due and payable in the amounts and at the rate or rates set forth in the Funding Loan Agreement.

The Funding Loan and this Governmental Lender Note are pass-through obligations relating to a construction loan (the "Borrower Loan") made by Obligor from proceeds of the Funding Loan to Rosenwald Courts Apartments, LP, an Illinois limited partnership, as borrower (the "Borrower"), under that certain Borrower Loan Agreement, dated as of _____ 1, 2013 (as the same may be modified, amended or supplemented from time to time, the "Borrower Loan Agreement"), between the Obligor and the Borrower, evidenced by the Borrower Note (as defined in the Borrower Loan Agreement). Reference is made to the Borrower Loan Agreement and to the Borrower Note for complete payment and prepayment terms of the Borrower Note, payments on which are passed-through under the Governmental Lender Note.

This Governmental Lender Note is a limited obligation of the Obligor, payable solely from the Pledged Revenues and other funds and moneys and Security pledged and assigned under the Funding Loan Agreement. This Governmental Lender Note is not a general obligation of the Governmental Lender or a charge against its general credit or the general credit taxing powers of the State, the Governmental Lender, or any other political subdivision thereof, and shall never give rise to any pecuniary liability of the Governmental Lender, and neither the Governmental Lender, the State nor any other political subdivision thereof shall be liable for the payments of principal of and, premium, if any, and interest on this Governmental Lender Note, and the Governmental

Lender Note is payable from no other source, but are special, limited obligations of the Governmental Lender, payable solely out of the security pledged hereunder and receipts of the Governmental Lender derived pursuant to this Funding Loan Agreement. No holder of this Governmental Lender Note or any interest therein has the right to compel any exercise of the taxing power of the State, the Governmental Lender or any other political subdivision thereof to pay the Governmental Lender Note or the interest or premium, if any, thereon.

All capitalized terms used but not defined herein shall have the meanings ascribed to them in the Funding Loan Agreement or in the Borrower Loan Agreement.

This Governmental Lender Note is subject to the express condition that at no time shall interest be payable on this Governmental Lender Note or the Funding Loan at a rate in excess of the Maximum Rate provided in the Funding Loan Agreement; and Obligor shall not be obligated or required to pay, nor shall the Holder be permitted to charge or collect, interest at a rate in excess of such Maximum Rate. If by the terms of this Governmental Lender Note or of the Funding Loan Agreement, Obligor is required to pay interest at a rate in excess of such Maximum Rate, the rate of interest hereunder or thereunder shall be deemed to be reduced immediately and automatically to such Maximum Rate, and any such excess payment previously made shall be immediately and automatically applied to the unpaid balance of the principal sum hereof and not to the payment of interest.

Amounts payable hereunder representing late payments, penalty payments or the like shall be payable to the extent allowed by law.

This Governmental Lender Note is subject to all of the terms, conditions, and provisions of the Funding Loan Agreement, including those respecting prepayment and the acceleration of maturity.

If there is an Event of Default under the Funding Loan Documents, then in any such event and subject to the requirements set forth in the Funding Loan Agreement, the Holder may declare the entire unpaid principal balance of this Governmental Lender Note and accrued interest, if any, due and payable at once. All of the covenants, conditions and agreements contained in the Funding Loan Documents are hereby made part of this Governmental Lender Note.

No delay or omission on the part of the Holder in exercising any remedy, right or option under this Governmental Lender Note or the Funding Loan Documents shall operate as a waiver of such remedy, right or option. In any event a waiver on any one occasion shall not be construed as a waiver or bar to any such remedy, right or option on a future occasion. The rights, remedies and options of the Holder under this Governmental Lender Note and the Funding Loan Documents are and shall be cumulative and are in addition to all of the rights, remedies and options of the Holder at law or in equity or under any other agreement.

Obligor shall pay all costs of collection on demand by the Holder, including without limitation, reasonable attorneys' fees and disbursements, which costs may be added to the indebtedness hereunder, together with interest thereon, to the extent allowed by law, as set forth in the Funding Loan Agreement.

This Governmental Lender Note may not be changed orally. Presentment for payment, notice of dishonor, protest and notice of protest are hereby waived. The acceptance by the Holder of any amount after the same is due shall not constitute a waiver of the right to require prompt payment, when due, of all other amounts due hereunder. The acceptance by the Holder of any sum in an amount less than the amount then due shall be deemed an acceptance on account only and upon condition that such acceptance shall not constitute a waiver of the obligation of Obligor to pay the entire sum then due, and Obligor's failure to pay such amount then due shall be and continue to be a default notwithstanding such acceptance

of such amount on account, as aforesaid. Consent by the Holder to any action of Obligor which is subject to consent or approval of the Holder hereunder shall not be deemed a waiver of the right to require such consent or approval to future or successive actions.

(Remainder of this page intentionally left blank)

IN WITNESS WHEREOF, the undersigned has duly executed and delivered this Governmental Lender Note or caused this Governmental Lender Note to be duly executed and delivered by its authorized representative as of the date first set forth above. Chicago, Illinois

Re: Loan in the Maximum Amount of $58,600,000 from Citibank, N.A. to the City of Chicago (the "Governmental Lender") pursuant to an Ordinance adopted on October __, 2013 (the "Ordinance") by the City of Chicago, as evidenced by the Governmental Lender Note, as such term is defined in the Funding Loan Agreement dated as of _____ 1, 2013 (the "Funding Loan Agreement") between the Funding Lender and the Governmental Lender (the "Funding Loan")

Ladies and Gentlemen:

The undersigned, as holder (the "Holder" or the "Funding Lender") of the above Governmental Lender Note issued pursuant to an Ordinance adopted on October ___, 2013 (the "Ordinance") by the City of Chicago (the "Governmental Lender") and under a Funding Loan Agreement dated as of _____ 1, 2013 (the "Funding Loan Agreement") between the Governmental Lender and Holder, as Funding Lender, hereby represents that:

1. The Funding Lender hereby acknowledges the execution and delivery of the Governmental Lender Note in the original aggregate principal amount of up to $58,600,000.

2. The Funding Lender has authority to make the Funding Loan and to execute this Investor Letter and any other instrument and documents required to be executed by the Funding Lender in connection with the executive and delivery of the Governmental Lender Note.

3. The Holder has sufficient knowledge and experience in financial and business matters with respect to the evaluation of residential real estate developments such as the Project to be able to evaluate the risk and merits of the investment represented by the Governmental Lender Note. We are able to bear the economic risks of such investment.

4. The Holder acknowledges that it has either been supplied with or been given access to information, including financial statements and other financial information, to which a reasonable investor would attach significance in making investment decisions, and the Holder has had the opportunity to ask questions and receive answers from knowledgeable individuals concerning the Governmental Lender, the Project, the use of proceeds of the Governmental Lender Note, the Funding Loan Agreement and the Funding Loan and the security therefor so that, as a reasonable investor, the Holder has been able to make its decision to extend the Funding Loan [or an interest therein] and purchase the Governmental Lender Note [or an interest therein]. The Funding Lender understands that the Governmental Lender Note and the Borrower Loan Agreement are not registered under the Securities Act of 1933, as amended, and that such registration is not legally required as of the date hereof; and further understands that the Governmental Lender Note and the Borrower Loan Agreement (i) are not being registered or otherwise qualified for sale under the "Blue Sky" laws and regulations of any state, (ii) will not be listed in any stock or other securities exchange, (iii) will not carry a rating from any rating service and (iv) will be delivered in a form which is not readily marketable. The Holder acknowledges

that it has not relied upon the addressee hereof for any information in connection with the Holder's purchase of the Governmental Lender Note [or an interest therein].

5. The Holder is a Qualified Institutional Buyer (as defined in Rule 144A promulgated under the Securities Act of 1933, as amended) or an Accredited Investor (as defined in Rule 501 of Regulation D promulgated under the Securities Act of 1933, as amended).

6. The Holder acknowledges that it is purchasing [an interest in] the Governmental Lender Note for investment for its own account and not with a present view toward resale or the distribution thereof, in that we do not now intend to resell or otherwise dispose of all or any part of our interests in the Governmental Lender Note. Subject to paragraph 7 below, the Funding Lender acknowledges and agrees that the Governmental Lender Note, or interests therein, can be sold and subsequently transferred only to purchasers that execute and deliver to the Governmental Lender an investor letter from the transferee to substantially the same effect as this Investor Letter or in such other form authorized under the Funding Loan Agreement with no revisions except as may be approved in writing by the Governmental Lender; provided, however, that no Investor Letter shall be required for the Funding Lender to (i) transfer the Governmental Lender Note, or interest therein, to any Affiliate or other party related to the Funding Lender or (ii) sell or transfer the Governmental Lender Note, or interest therein, to a special purpose entity, a trust or custodial arrangement, from which the Governmental Lender Note, or interests therein, are not expected to be sold except to beneficial holders who are Qualified Institutional Buyers or Accredited Investors and who will sign an investor letter to substantially the same effect as this Investor Letter in compliance with all applicable federal and state securities laws then in effect.

7. In addition to the right to sell or transfer the Governmental Lender Note, or interests therein, as set forth in Paragraph 6 above, the Funding Lender further acknowledges its right to sell or transfer the Governmental Lender Note, or interests therein, to one or more purchasers upon receipt by the Governmental Lender, and each party to such transfer of (a) any disclosure document which is prepared in connection with such transfer of the Governmental Lender Note, or interest therein, in such form acceptable to the Governmental Lender and accompanied by an opinion of counsel in a form satisfactory to the Governmental Lender regarding the information contained in such disclosure document, (b) evidence that each such Funding Loan is rated "A" or better by one of S&P or Moody's, and (c) an opinion of Tax Counsel to the effect that the exemption of the Governmental Lender Note, or interest therein, or any securities evidenced thereby from the registration requirements of the Securities Act of 1933, as amended, and the exemption of this Funding Loan Agreement from qualification under the Trust Indenture Act of 1939, as amended, will not be impaired as a result of such transfer, and such transfer will not adversely affect the exclusion of interest accrued on the Governmental Lender Note from gross income of the holders thereof (other than a holder who is a "substantial user" of the Project or a "related person" to a "substantial user," as defined in Section 147(a) of the Code) for federal income tax purposes. In the event any placement memorandum to be provided to any subsequent buyer or beneficial owner of such portion of the Governmental Lender Note will not disclose information with respect to the Governmental Lender other than its name, location and type of political subdivision and general information with respect to the Funding Loan and Borrower Loan and related documents, the Holder will provide the Governmental Lender with a draft of such placement memorandum and the Governmental Lender shall have the right to approve any description of the Governmental Lender therein (which approval shall not be unreasonably withheld).

8. The Funding Lender understands that the Governmental Lender Note is a limited obligation of the Governmental Lender; payable solely from funds and moneys pledged and assigned under the Funding Loan Agreement, and that the liabilities and obligations of the Governmental Lender with respect to the Governmental Lender Note are expressly limited as set forth in the Funding Loan

Agreement and related documents. The Funding Lender acknowledges that the Governmental Lender Note is not an indebtedness of the Governmental Lender or a charge against its general credit or the general credit taxing powers of the State, the Governmental Lender, or any other political subdivision thereof, and shall never give rise to any pecuniary liability of the Governmental Lender, and neither the Governmental Lender, the State nor any other political subdivision thereof shall be liable for the payments of principal of and, premium, if any, and interest on the Governmental Lender Note, and the Governmental Lender Note is payable from no other source, but is a special, limited obligation of the Governmental Lender, payable solely out of the Security and receipts of the Governmental Lender derived pursuant to the Funding Loan Agreement and the Borrower Loan Agreement. The Funding Lender acknowledges that no holder of the Governmental Lender Note , or any interest therein, has the right to compel any exercise of the taxing power of the State, the Governmental Lender or any other political subdivision thereof to pay the Governmental Lender Note or the interest or premium, if any, thereon.

9. Capitalized terms used herein and not otherwise defined have the meanings given such terms in the Funding Loan Agreement.

None of the Borrower, General Partner or Guarantor is in default (and no event has occurred and is continuing which with the giving of notice or the passage of time or both could constitute a default) with respect to any order or decree of any court or any order, regulation or demand of any federal, state, municipal or other governmental authority,

which default might have consequences that would materially and adversely affect the consummation of the transactions contemplated by the Borrower Loan Documents and the Funding Loan Documents, the ability of each of Borrower, General Partner and Guarantor to perform their respective obligations under the Borrower Loan Documents, the Funding Loan Documents and the Related Documents to which it is a party, or the financial condition, assets, properties or operations of the Borrower, General Partner or Guarantor. None of Borrower, General Partner or Guarantor are (a) in violation of any applicable law, which violation materially and adversely affects or may materially and adversely affect the business, operations, assets (including the Project), condition (financial or otherwise) or prospects of Borrower, General Partner or Guarantor, as applicable; (b) subject to, or in default with respect to, any other Legal Requirement that would have a material adverse effect on the business, operations, assets (including the Project), condition (financial or otherwise) or prospects of Borrower, General Partner or Guarantor, as applicable; or (c) in default with respect to any agreement to which Borrower, General Partner or Guarantor, as applicable, are a party or by which they are bound, which default would have a material adverse effect on the business, operations, assets (including the Project), condition (financial or otherwise) or prospects of Borrower, General Partner or Guarantor, as applicable; and (d) there is no Legal Action pending or, to the knowledge of Borrower, threatened against or affecting Borrower, General Partner or Guarantor questioning the validity or the enforceability of this Borrower Loan Agreement or any of the other Borrower Loan Documents or the Funding Loan Documents or of any of the Related Documents. All tax returns (federal, state and local) required to be filed by or on behalf of the Borrower have been filed, and all taxes shown thereon to be due, including interest and penalties, except such, if any, as are being actively contested by the Borrower in good faith, have been paid or adequate reserves have been made for the payment thereof which reserves, if any, are reflected in the audited financial statements described therein. The Borrower enjoys the peaceful and undisturbed possession of all of the premises upon which it is operating its facilities.

Section 4.1.5 Agreements; Consents; Approvals. Except as contemplated by the Borrower Loan Documents and the Funding Loan Documents, the Borrower is not a party to any agreement or instrument or subject to any restriction that would materially adversely affect the Borrower, the Project, or the Borrower's business, properties, operations or financial condition or business prospects, except the Permitted Encumbrances. The Borrower is not in default in any material respect in the performance, observance or fulfillment of any of the obligations, covenants or conditions contained in any Permitted Encumbrance or any other agreement or instrument to which it is a party or by which it or the Project is bound.

No consent or approval of any trustee or holder of any indebtedness of the Borrower, and to the best knowledge of the Borrower and only with respect to the Borrower, no consent, permission, authorization, order or license of, or filing or registration with, any governmental authority (except no representation is made with respect to any state securities or "blue sky" laws) is necessary in connection with the execution and delivery of the Borrower Loan Documents or the Funding Loan Documents, or the consummation of any transaction herein or therein contemplated, or the fulfillment of or compliance with the terms and conditions hereof or thereof, except as have been obtained or made and as are in full force and effect.

Section 4.1.6 Title. The Borrower shall have marketable title to the Project, free and clear of all Liens except the Permitted Encumbrances. The Security Instrument, when properly recorded in the appropriate records, together with any UCC financing statements required to be filed in connection therewith, will create (i) a valid, perfected first priority lien on the fee (or leasehold, if applicable) interest in the Project and (ii) perfected security interests in and to, and perfected collateral assignments of, all personalty included in the Project (including the Leases), all in accordance with the terms thereof, in each case subject only to any applicable Permitted Encumbrances. To the Borrower's knowledge, there are no delinquent real property taxes or assessments, including water and sewer charges, with respect to the

Project, nor are there any claims for payment for work, labor or materials affecting the Project which are or may become a Lien prior to, or of equal priority with, the Liens created by the Borrower Loan Documents and the Funding Loan Documents.

Section 4.1.7 Survey. To the best knowledge of the Borrower, the survey for the Project delivered to the Governmental Lender and the Funding Lender does not fail to reflect any material matter affecting the Project or the title thereto.

Section 4.1.8 No Bankruptcy Filing. The Borrower is not contemplating either the filing of a petition by it under any state or federal bankruptcy or insolvency law or the liquidation of all or a major portion of its property (a "Bankruptcy Proceeding"), and the Borrower has no knowledge of any Person contemplating the filing of any such petition against it. As of the Closing Date, the Borrower has the ability to pay its debts as they become due.

Section 4.1.9 Full and Accurate Disclosure. No statement of fact made by the Borrower in any Borrower Loan Document or any Funding Loan Document contains any untrue statement of a material fact or omits to state any material fact necessary to make statements contained therein in light of the circumstances in which they were made, not misleading. There is no material fact or circumstance presently known to the Borrower that has not been disclosed to the Governmental Lender and the Funding Lender which materially and adversely affects the Project or the business, operations or financial condition or business prospects of the Borrower or the Borrower's ability to meet its obligations under this Borrower Loan Agreement and the other Borrower Loan Documents and Funding Loan Documents to which it is a party in a timely manner.

Section 4.1.10 No Plan Assets. The Borrower is not an "employee benefit plan," as defined in Section 3(3) of ERISA, subject to Title I of ERISA, and none of the assets of the Borrower constitutes or will constitute "plan assets" of one or more such plans within the meaning of 29 C.F.R. Section 2510.3 101.

Section 4.1.11 Compliance. The Borrower, the Project and the use thereof will comply, to the extent required, in all material respects with all applicable Legal Requirements. The Borrower is not in default or violation of any order, writ, injunction, decree or demand of any Governmental Authority, the violation of which would materially adversely affect the financial condition or business prospects or the business of the Borrower. There has not been committed by the Borrower or any Affiliate involved with the operation or use of the Project any act or omission affording any Governmental Authority the right of forfeiture as against the Project or any part thereof or any moneys paid in performance of the Borrower's obligations under any Borrower Loan Document or any Funding Loan Documents.

Section 4.1.12 Contracts. All service, maintenance or repair contracts affecting the Project have been entered into at arm's length (except for such contracts between the Borrower and its affiliates or the affiliates of the Borrower Controlling Entity of the Borrower) in the ordinary course of the Borrower's business and provide for the payment of fees in amounts and upon terms comparable to existing market rates.

Section 4.1.13 Financial Information. All financial data, including any statements of cash flow and income and operating expense, that have been delivered to the Governmental Lender or the Funding Lender in respect of the Project by or on behalf of the Borrower, to the best knowledge of the Borrower, (i) are accurate and complete in all material respects, (ii) accurately represent the financial condition of the Project as of the date of such reports, and (iii) to the extent prepared by an independent certified public accounting firm, have been prepared in accordance with GAAP consistently applied

throughout the periods covered, except as disclosed therein. Other than pursuant to or permitted by the Borrower Loan Documents or the Funding Loan Documents or the Borrower organizational documents, the Borrower has no contingent liabilities, unusual forward or long-term commitments or unrealized or anticipated losses from any unfavorable commitments. Since the date of such financial statements, there has been no materially adverse change in the financial condition, operations or business of the Borrower from that set forth in said financial statements.

Section 4.1.14 Condemnation. No Condemnation or other proceeding has been commenced or, to the Borrower's knowledge, is contemplated, threatened or pending with respect to all or part of the Project or for the relocation of roadways providing access to the Project.

Section 4.1.15 Federal Reserve Regulations. No part of the proceeds of the Borrower Loan will be used for the purpose of purchasing or acquiring any "margin stock" within the meaning of Regulation U of the Board of Governors of the Federal Reserve System or for any other purpose that would be inconsistent with such Regulation U or any other regulation of such Board of Governors, or for any purpose prohibited by Legal Requirements or any Borrower Loan Document or Funding Loan Document.

Section 4.1.16 Utilities and Public Access. To the best of the Borrower's knowledge, the Project is or will be served by water, sewer, sanitary sewer and storm drain facilities adequate to service it for its intended uses. All public utilities necessary or convenient to the full use and enjoyment of the Project are or will be located in the public right-of-way abutting the Project, and all such utilities are or will be connected so as to serve the Project without passing over other property absent a valid easement. All roads necessary for the use of the Project for its current purpose have been or will be completed and dedicated to public use and accepted by all Governmental Authorities. Except for Permitted Encumbrances, the Project does not share ingress and egress through an easement or private road or share on-site or off-site recreational facilities and amenities that are not located on the Project and under the exclusive control of the Borrower, or where there is shared ingress and egress or amenities, there exists an easement or joint use and maintenance agreement under which (i) access to and use and enjoyment of the easement or private road and/or recreational facilities and amenities is perpetual, (ii) the number of parties sharing such easement and/or recreational facilities and amenities must be specified, (iii) the Borrower's responsibilities and share of expenses are specified, and (iv) the failure to pay any maintenance fee with respect to an easement will not result in a loss of usage of the easement.

Section 4.1.17 Not a Foreign Person. The Borrower is not a "foreign person" within the meaning of §1445(f)(3) of the Code.

Section 4.1.18 Separate Lots. Each parcel comprising the Land is a separate tax lot and is not a portion of any other tax lot that is not a part of the Land.

Section 4.1.19 Assessments. Except as otherwise disclosed to the Governmental Lender and the Funding Lender by the Borrower in writing to the satisfaction of the Governmental Lender and the Funding Lender, there are no pending or, to the Borrower's best knowledge, proposed special or other assessments for public improvements or otherwise affecting the Project, or any contemplated improvements to the Project that may result in such special or other assessments.

Section 4.1.20 Enforceability. The Borrower Loan Documents and the Funding Loan Documents are not subject to, and the Borrower has not asserted, any right of rescission, set-off, counterclaim or defense, including the defense of usury.

Section 4.1.21 Insurance. The Borrower has obtained the insurance required by this Borrower Loan Agreement, if applicable, and the Security Instrument and has delivered to the Servicer copies of insurance policies or certificates of insurance reflecting the insurance coverages, amounts and other requirements set forth in this Borrower Loan Agreement, if applicable, and the Security Instrument.

Section 4.1.22 Use of Property; Licenses. The Project will be used exclusively as a multifamily residential rental project and other appurtenant and related uses, which use is consistent with the zoning classification for the Project. All certifications, permits, licenses and approvals, including certificates of completion and occupancy permits required for the legal use or legal, nonconforming use, as applicable, occupancy and operation of the Project (collectively, the "Licenses") required at this time for the construction or rehabilitation, as appropriate, and equipping of the Project have been obtained. To the Borrower's knowledge, all Licenses obtained by the Borrower have been validly issued and are in full force and effect. The Borrower has no reason to believe that any of the Licenses required for the future use and occupancy of the Project and not heretofore obtained by the Borrower will not be obtained by the Borrower in the ordinary course following the Completion Date. No Licenses will terminate, or become void or voidable or terminable, upon any sale, transfer or other disposition of the Project, including any transfer pursuant to foreclosure sale under the Security Instrument or deed in lieu of foreclosure thereunder. The Project does not violate any density or building setback requirements of the applicable zoning law except to the extent, if any, shown on the survey. No proceedings are, to the best of the Borrower's knowledge, pending or threatened that would result in a change of the zoning of the Project.

Section 4.1.23 Flood Zone. Either all Improvements will be constructed above the flood grade or the Borrower will obtain appropriate flood insurance as directed by the Servicer.

Section 4.1.24 Physical Condition. The Project, including all Improvements, parking facilities, systems, fixtures, Equipment and landscaping, are or, after completion of the construction, rehabilitation and/or repairs, as appropriate, will be in good and habitable condition in all material respects and in good order and repair in all material respects (reasonable wear and tear excepted). The Borrower has not received notice from any insurance company or bonding company of any defect or inadequacy in the Project, or any part thereof, which would adversely affect its insurability or cause the imposition of extraordinary premiums or charges thereon or any termination of any policy of insurance or bond. The physical configuration of the Project is not in material violation of the ADA, if required under applicable law.

Section 4.1.25 Encroachments. All of the Improvements included in determining the appraised value of the Project will lie wholly within the boundaries and building restriction lines of the Project, and no improvement on an adjoining property encroaches upon the Project, and no easement or other encumbrance upon the Project encroaches upon any of the Improvements, so as to affect the value or marketability of the Project, except those insured against by the Title Insurance Policy or disclosed in the survey of the Project as approved by the Servicer.

Section 4.1.26 State Law Requirements. The Borrower hereby represents, covenants and agrees to comply with the provisions of all applicable State laws relating to the Borrower Loan, the Funding Loan and the Project.

Section 4.1.27 Filing and Recording Taxes. All transfer taxes, deed stamps, intangible taxes or other amounts in the nature of transfer taxes required to be paid by any Person under applicable Legal Requirements in connection with the transfer of the Project to the Borrower have been paid. All mortgage, mortgage recording, stamp, intangible or other similar taxes required to be paid by any Person under applicable Legal Requirements in connection with the execution, delivery, recordation, filing,

registration, perfection or enforcement of any of the Borrower Loan Documents and the Funding Loan Documents have been or will be paid.

Section 4.1.28 Investment Company Act. The Borrower is not (i) an "investment company" or a company "controlled" by an "investment company," within the meaning of the Investment Company Act of 1940, as amended; or (ii) a "holding company" or a "subsidiary company" of a "holding company" or an "affiliate" of either a "holding company" or a "subsidiary company" within the meaning of the Public Utility Holding Company Act of 1935, as amended.

Section 4.1.29 Fraudulent Transfer. The Borrower has not accepted the Borrower Loan or entered into any Borrower Loan Document or Funding Loan Document with the actual intent to hinder, delay or defraud any creditor, and the Borrower has received reasonably equivalent value in exchange for its obligations under the Borrower Loan Documents and the Funding Loan Documents. Giving effect to the transactions contemplated by the Borrower Loan Documents and the Funding Loan Documents, the fair saleable value of the Borrower's assets exceeds and will, immediately following the execution and delivery of the Borrower Loan Documents and the Funding Loan Documents, exceed the Borrower's total liabilities, including subordinated, unliquidated, disputed or contingent liabilities. The fair saleable value of the Borrower's assets is and will, immediately following the execution and delivery of the Borrower Loan Documents and the Funding Loan Documents, be greater than the Borrower's probable liabilities, including the maximum amount of its contingent liabilities or its debts as such debts become absolute and matured. The Borrower's assets do not and, immediately following the execution and delivery of the Borrower Loan Documents and the Funding Loan Documents will not, constitute unreasonably small capital to carry out its business as conducted or as proposed to be conducted. The Borrower does not intend to, and does not believe that it will, incur debts and liabilities (including contingent liabilities and other commitments) beyond its ability to pay such debts as they mature (taking into account the timing and amounts to be payable on or in respect of obligations of the Borrower).

Section 4.1.30 Ownership of the Borrower. Except as set forth in the Partnership Agreement of the Borrower, the Borrower has no obligation to any Person to purchase, repurchase or issue any ownership interest in it.

Section 4.1.31 Environmental Matters. To the best of Borrower's knowledge, the Project is not in violation of any Legal Requirement pertaining to or imposing liability or standards of conduct concerning environmental regulation, contamination or clean-up, and will comply with covenants and requirements relating to environmental hazards as set forth in the Security Instrument. The Borrower will execute and deliver the Agreement of Environmental Indemnification.

Section 4.1.32 Name; Principal Place of Business. Unless prior Written Notice is given to the Funding Lender, the Borrower does not use and will not use any trade name other than "Rosenwald Courts" and has not done and will not do business under any name other than its actual name set forth herein. The principal place of business of the Borrower is its primary address for notices as set forth in Section 10.1 hereof, and the Borrower has no other place of business, other than the Project and such principal place of business.

Section 4.1.33 Subordinated Debt. There is no secured or unsecured indebtedness with respect to the Project or any residual interest therein, other than Permitted Encumbrances and the permitted secured indebtedness described in Section 6.7 hereof, except an unsecured deferred developer fee not to exceed the amount permitted by Funding Lender as determined on the Closing Date.

Section 4.1.34 Filing of Taxes. The Borrower has filed (or has obtained effective extensions for filing) all federal, state and local tax returns required to be filed and has paid or made

adequate provision for the payment of all federal, state and local taxes, charges and assessments, if any, payable by the Borrower.

Section 4.1.35 General Tax. All representations, warranties and certifications of the Borrower set forth in the Regulatory Agreement and the Tax Compliance Agreement are incorporated by reference herein and the Borrower will comply with such as if set forth herein.

Section 4.1.36 Approval of the Borrower Loan Documents and Funding Loan Documents. By its execution and delivery of this Borrower Loan Agreement, the Borrower approves the form and substance of the Borrower Loan Documents and the Funding Loan Documents, and agrees to carry out the responsibilities and duties specified in the Borrower Loan Documents and the Funding Loan Documents to be carried out by the Borrower. The Borrower acknowledges that (a) it understands the nature and structure of the transactions relating to the financing of the Project, (b) it is familiar with the provisions of all of the Borrower Loan Documents and the Funding Loan Documents and other documents and instruments relating to the financing, (c) it understands the risks inherent in such transactions, including without limitation the risk of loss of the Project, and (d) it has not relied on the Governmental Lender, the Funding Lender or the Servicer for any guidance or expertise in analyzing the financial or other consequences of the transactions contemplated by the Borrower Loan Documents and the Funding Loan Documents or otherwise relied on the Governmental Lender, the Funding Lender or the Servicer in any manner.

Section 4.1.37 Funding Loan Agreement. The Borrower has read and accepts and agrees that it is bound by the Funding Loan Agreement and the Funding Loan Documents.

Section 4.1.38 Americans with Disabilities Act. The Project, as designed, will conform in all material respects with all applicable zoning, planning, building and environmental laws, ordinances and regulations of governmental authorities having jurisdiction over the Project, including, but not limited to, the Americans with Disabilities Act of 1990 ("ADA"), to the extent required (as evidenced by an architect's certificate to such effect).

Section 4.1.39 Requirements of Code and Regulations. The Project satisfies all requirements of the Code and the Regulations applicable to the Project.

Section 4.1.40 Regulatory Agreement. The Project is, as of the date of origination of the Funding Loan, in compliance with all requirements of the Regulatory Agreement to the extent such requirements are applicable; and the Borrower intends to cause the residential units in the Project to be rented or available for rental on a basis which satisfies the requirements of the Regulatory Agreement, including all applicable requirements of the Code and the Regulations, and pursuant to leases which comply with all applicable laws.

Section 4.1.41 Intention to Hold Project. The Borrower intends to hold the Project for its own account and has no current plans, and has not entered into any agreement, to sell the Project or any part of it; and the Borrower intends to occupy the Project or cause the Project to be occupied and to operate it or cause it to be operated at all times during the term of this Borrower Loan Agreement in compliance with the terms of this Borrower Loan Agreement and the Regulatory Agreement and does not know of any reason why the Project will not be so used by it in the absence of circumstances not now anticipated by it or totally beyond its control.

Section 4.1.42 Concerning General Partner.

(a) The General Partner of Borrower is a limited liability company, duly organized and validly existing under the laws of the State. The General Partner has all requisite power and authority, rights and franchises to enter into and perform its obligations under the Borrower Loan Documents and the Funding Loan Documents to be executed by such General Partner for its own account and on behalf of Borrower, as General Partner of Borrower, under this Borrower Loan Agreement and the other Borrower Loan Documents and the Funding Loan Documents.

(b) General Partner has made all filings (including, without limitation, all required filings related to the use of fictitious business names) and is in good standing in the State and in each other jurisdiction in which the character of the property it owns or the nature of the business it transacts makes such filings necessary or where the failure to make such filings could have a material adverse effect on the business, operations, assets, condition (financial or otherwise) or prospects of General Partner.

(c) General Partner is duly authorized to do business in the State.

(d) The execution, delivery and performance by Borrower of the Borrower Loan Documents and the Funding Loan Documents have been duly authorized by all necessary action of General Partner on behalf of Borrower, and by all necessary action on behalf of General Partner.

(e) The execution, delivery and performance by General Partner, on behalf of Borrower, of the Borrower Loan Documents and the Funding Loan Documents will not violate (i) General Partner's organizational documents; (ii) any other Legal Requirement affecting General Partner or any of its properties; or (iii) any agreement to which General Partner is bound or to which it is a party; and will not result in or require the creation (except as provided in or contemplated by this Borrower Loan Agreement) of any Lien upon any of such properties, any of the Collateral or any of the property or funds pledged or delivered to Funding Lender pursuant to the Security Documents.

Section 4.1.43 Government and Private Approvals. All governmental or regulatory orders, consents, permits, authorizations and approvals required for the construction, rehabilitation, use, occupancy and operation of the Improvements, that may be granted or denied in the discretion of any Governmental Authority, have been obtained and are in full force and effect (or, in the case of any of the foregoing that Borrower is not required to have as of the Closing Date, will be obtained), and will be maintained in full force and effect at all times during the construction or rehabilitation of the Improvements. All such orders, consents, permits, authorizations and approvals that may not be denied in the discretion of any Governmental Authority shall be obtained prior to the commencement of any work for which such orders, consents, permits, authorizations or approvals are required, and, once obtained, such orders, consents, permits, authorizations and approvals will be maintained in full force and effect at all times during the construction or rehabilitation of the Improvements. Except as set forth in the preceding two sentences, no additional governmental or regulatory actions, filings or registrations with respect to the Improvements, and no approvals, authorizations or consents of any trustee or holder of any indebtedness or obligation of Borrower, are required for the due execution, delivery and performance by Borrower or General Partner of any of the Borrower Loan Documents or the Funding Loan Documents or the Related Documents executed by Borrower or General Partner, as applicable. All required zoning approvals have been obtained, and the zoning of the Land for the Project is not conditional upon the happening of any further event.

Section 4.1.44 Concerning Guarantor. The Borrower Loan Documents and the Funding Loan Documents to which the Guarantor is a party or a signatory executed simultaneously with this Borrower Loan Agreement have been duly executed and delivered by Guarantor and are legally valid and binding obligations of Guarantor, enforceable against Guarantor in accordance with their terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting creditors' rights generally and by general principles of equity.

Section 4.1.45 No Material Defaults. Except as previously disclosed to Funding Lender in writing, there exists no material violation of or material default by Borrower under, and, to the best knowledge of Borrower, no event has occurred which, upon the giving of notice or the passage of time, or both, would constitute a material default with respect to: (i) the terms of any instrument evidencing, securing or guaranteeing any indebtedness secured by the Project or any portion or interest thereof or therein; (ii) any lease or other agreement affecting the Project or to which Borrower is a party; (iii) any license, permit, statute, ordinance, law, judgment, order, writ, injunction, decree, rule or regulation of any Governmental Authority, or any determination or award of any arbitrator to which Borrower or the Project may be bound; or (iv) any mortgage, instrument, agreement or document by which Borrower or any of its respective properties is bound; in the case of any of the foregoing: (1) which involves any Borrower Loan Document or Funding Loan Document; (2) which involves the Project and is not adequately covered by insurance; (3) that might materially and adversely affect the ability of Borrower, General Partner or Guarantor or to perform any of its respective obligations under any of the Borrower Loan Documents or the Funding Loan Documents or any other material instrument, agreement or document to which it is a party; or (4) which might adversely affect the priority of the Liens created by this Borrower Loan Agreement or any of the Borrower Loan Documents or the Funding Loan Documents.

Section 4.1.46 Payment of Taxes. Except as previously disclosed to Funding Lender in writing: (i) all tax returns and reports of Borrower, General Partner and Guarantor required to be filed have been timely filed, and all taxes, assessments, fees and other governmental charges upon Borrower, General Partner and Guarantor, and upon their respective properties, assets, income and franchises, which are due and payable have been paid when due and payable; and (ii) Borrower knows of no proposed tax assessment against it or against General Partner or Guarantor that would be material to the condition (financial or otherwise) of Borrower, General Partner or Guarantor, and neither Borrower nor General Partner have contracted with any Government Authority in connection with such taxes.

Section 4.1.47 Rights to Project Agreements and Licenses. Borrower is the legal and beneficial owner of all rights in and to the Plans and Specifications and all existing Project Agreements and Licenses, and will be the legal and beneficial owner of all rights in and to all future Project Agreements and Licenses. Borrower's interest in the Plans and Specifications and all Project Agreements and Licenses is not subject to any present claim (other than under the Borrower Loan Documents and the Funding Loan Documents or as otherwise approved by Funding Lender in its sole discretion), set-off or deduction other than in the ordinary course of business.

Section 4.1.48 Patriot Act Compliance. Borrower is not now, nor has ever been (i) listed on any Government Lists (as defined below), (ii) a person who has been determined by a Governmental Authority to be subject to the prohibitions contained in Presidential Executive Order No. 13224 (Sept. 23, 2001) or any other similar prohibitions contained in the rules and regulations of OFAC or in any enabling legislation or other Presidential Executive Orders in respect thereof, (iii) indicted for or convicted of any felony involving a crime or crimes of moral turpitude or for any Patriot Act Offense, or (iv) under investigation by any Governmental Authority for alleged criminal activity. For purposes hereof, the term "Patriot Act Offense" shall mean any violation of the criminal laws of the United States of America or of any of the several states, or that would be a criminal violation

if committed within the jurisdiction of the United States of America or any of the several states, relating to terrorism or the laundering of monetary instruments, including any offense under (A) the criminal laws against terrorism; (B) the criminal laws against money laundering, (C) Bank Representative Secrecy Act, as amended, (D) the Money Laundering Control Act of 1986, as amended, or (E) the Patriot Act. "Patriot Act Offense" also includes the crimes of conspiracy to commit, or aiding and abetting another to commit, a Patriot Act Offense. For purposes hereof, the term "Government Lists" shall mean (1) the Specially Designated Nationals and Blocked Persons Lists maintained by the Office of Foreign Assets Control ("OFAC"), (2) any other list of terrorists, terrorist organizations or narcotics traffickers maintained pursuant to any of the Rules and Regulations of OFAC that Funding Lender notified Borrower in writing is now included in "Government Lists", or (3) any similar lists maintained by the United States Department of State, the United States Department of Commerce or any other Government Authority or pursuant to any Executive Order of the President of the United States of America that Funding Lender notified Borrower in writing is now included in "Government Lists".

Section 4.1.49 Rent Schedule. Borrower has prepared, or has had prepared on its behalf, a prospective Unit absorption and rent collection schedule with respect to the Project substantially in the form attached as an exhibit to the Construction Funding Agreement, which schedule takes into account, among other relevant factors (i) a schedule of minimum monthly rentals for the Units, and (ii) any and all concessions including free rent periods, and on the basis of such schedule, Borrower believes it will collect rents with respect to the Project in amounts greater than or equal to debt service on the Borrower Loan.

Section 4.1.50 Other Documents. Each of the representations and warranties of Borrower or General Partner contained in any of the other Borrower Loan Documents or the Funding Loan Documents or Related Documents is true and correct in all material respects (or, in the case of representations or warranties contained in any of the other Borrower Loan Documents or Funding Loan Documents or Related Documents that speak as of a particular date, were true and correct in all material respects as of such date). All of such representations and warranties are incorporated herein for the benefit of Funding Lender.

Section 4.1.51 Subordinate Loan Documents. The Subordinate Loan Documents are in full force and effect and the Borrower has paid all commitment fees and other amounts due and payable to the Subordinate Lender(s) thereunder. There exists no material violation of or material default by the Borrower under, and no event has occurred which, upon the giving of notice or the passage of time, or both, would constitute a material default under the Subordinate Loan Documents.

Section 4.1.52 Reserved.

Section 4.2. Survival of Representations and Covenants. All of the representations and warranties in Section 4.1 hereof and elsewhere in the Borrower Loan Documents (i) shall survive for so long as any portion of the Borrower Payment Obligations remains due and owing and (ii) shall be deemed to have been relied upon by the Governmental Lender and the Servicer notwithstanding any investigation heretofore or hereafter made by the Governmental Lender or the Servicer or on its or their behalf, provided, however, that the representations, warranties and covenants set forth in Section 4.1.31 hereof shall survive in perpetuity and shall not be subject to the exculpation provisions of Section 11.1 hereof.

ARTICLE V
AFFIRMATIVE COVENANTS

During the term of this Borrower Loan Agreement, the Borrower hereby covenants and agrees with the Governmental Lender, the Funding Lender and the Servicer that:

Section 5.1. Existence. The Borrower shall (i) do or cause to be done all things necessary to preserve, renew and keep in full force and effect its existence and its material rights, and franchises, (ii) continue to engage in the business presently conducted by it, (iii) obtain and maintain all material Licenses, and (iv) qualify to do business and remain in good standing under the laws of the State.

Section 5.2. Taxes and Other Charges. The Borrower shall pay all Taxes and Other Charges as the same become due and payable and prior to their becoming delinquent in accordance with the Security Instrument, except to the extent that the amount, validity or application thereof is being contested in good faith as permitted by the Security Instrument.

The Borrower covenants to pay all taxes and Other Charges of any type or character charged to the Funding Lender affecting the amount available to the Funding Lender from payments to be received hereunder or in any way arising due to the transactions contemplated hereby (including taxes and Other Charges assessed or levied by any public agency or governmental authority of whatsoever character having power to levy taxes or assessments) but excluding franchise taxes based upon the capital and/or income of the Funding Lender and taxes based upon or measured by the net income of the Funding Lender; provided, however, that the Borrower shall have the right to protest any such taxes or Other Charges and to require the Funding Lender, at the Borrower's expense, to protest and contest any such taxes or Other Charges levied upon them and that the Borrower shall have the right to withhold payment of any such taxes or Other Charges pending disposition of any such protest or contest unless such withholding, protest or contest would adversely affect the rights or interests of the Funding Lender. This obligation shall remain valid and in effect notwithstanding repayment of the Borrower Loan hereunder or termination of this Borrower Loan Agreement.

Section 5.3. Repairs; Maintenance and Compliance; Physical Condition. The Borrower shall cause the Project to be maintained in a good, habitable and safe (so as to not threaten the health or safety of the Project's tenants or their invited guests) condition and repair (reasonable wear and tear excepted) as set forth in the Security Instrument and shall not remove, demolish or materially alter the Improvements or Equipment (except for removal of aging or obsolete equipment or furnishings in the normal course of business), except as provided in the Security Instrument.

Section 5.4. Litigation. The Borrower shall give prompt Written Notice to the Governmental Lender, the Funding Lender and the Servicer of any litigation, governmental proceedings or claims or investigations regarding an alleged actual violation of a Legal Requirement pending or, to the Borrower's knowledge, threatened against the Borrower which might materially adversely affect the Borrower's condition (financial or otherwise) or business or the Project.

Section 5.5. Performance of Other Agreements. The Borrower shall observe and perform in all material respects each and every term to be observed or performed by it pursuant to the terms of any agreement or instrument materially affecting or pertaining to the Project.

Section 5.6. Notices. The Borrower shall promptly advise the Governmental Lender, the Funding Lender and the Servicer of (i) any Material Adverse Change in the Borrower's financial condition, assets, properties or operations other than general changes in the real estate market, (ii) any fact or circumstance affecting the Borrower or the Project that materially and adversely affects the Borrower's ability to meet its obligations hereunder or under any of the other Borrower Loan Document to which it is a party in a timely manner, or (iii) the occurrence of any Potential Default or Event of Default of which the Borrower has knowledge. If the Borrower becomes subject to federal or state securities law filing requirements, the Borrower shall cause to be delivered to the Governmental Lender, the Funding Lender and the Servicer any Securities and Exchange Commission or other public filings, if any, of the Borrower within two (2) Business Days of such filing.

Section 5.7. Cooperate in Legal Proceedings. The Borrower shall cooperate fully with the Governmental Lender, the Funding Lender and the Servicer with respect to, and permit the Governmental Lender, the Funding Lender and the Servicer at their option, to participate in, any proceedings before any Governmental Authority that may in any way affect the rights of the Governmental Lender, the Funding Lender and/or the Servicer under any Borrower Loan Document or Funding Loan Document.

Section 5.8. Further Assurances. The Borrower shall, at the Borrower's sole cost and expense (except as provided in Section 9.1 hereof), (i) furnish to the Servicer and the Funding Lender all instruments, documents, boundary surveys, footing or foundation surveys (to the extent that Borrower's construction or renovation of the Project alters any existing building foundations or footprints), certificates, plans and specifications, appraisals, title and other insurance reports and agreements, reasonably requested by the Servicer or the Funding Lender for the better and more efficient carrying out of the intents and purposes of the Borrower Loan Documents and the Funding Loan Documents; (ii) execute and deliver to the Servicer and the Funding Lender such documents, instruments, certificates, assignments and other writings, and do such other acts necessary or desirable, to evidence, preserve and/or protect the collateral at any time securing or intended to secure the Borrower Loan, as the Servicer and the Funding Lender may reasonably require from time to time; (iii) do and execute all and such further lawful and reasonable acts, conveyances and assurances for the better and more effective carrying out of the intents and purposes of the Borrower Loan Documents and the Funding Loan Documents, as the Servicer or the Funding Lender shall reasonably require from time to time; provided, however, with respect to clauses (i)-(iii) above, the Borrower shall not be required to do anything that has the effect of (A) changing the essential economic terms of the Borrower Loan or (B) imposing upon the Borrower greater personal liability under the Borrower Loan Documents and the Funding Loan Documents; and (iv) upon the Servicer's or the Funding Lender's request therefor given from time to time after the occurrence of any Potential Default or Event of Default for so long as such Potential Default or Event of Default, as applicable, is continuing pay for (a) reports of UCC, federal tax lien, state tax lien, judgment and pending litigation searches with respect to the Borrower and (b) searches of title to the Project, each such search to be conducted by search firms reasonably designated by the Servicer or the Funding Lender in each of the locations reasonably designated by the Servicer or the Funding Lender.

Section 5.9. Delivery of Financial Information. After notice to the Borrower of a Secondary Market Disclosure Document, the Borrower shall, concurrently with any delivery to the Funding Lender or the Servicer, deliver copies of all financial information required under Article IX.

Section 5.10. Environmental Matters. So long as the Borrower owns or is in possession of the Project, the Borrower shall (a) keep the Project in compliance with all Hazardous Materials Laws (as defined in the Security Instrument), (b) promptly notify the Funding Lender and the Servicer if the Borrower shall become aware that any Hazardous Materials (as defined in the Security Instrument) are on or near the Project in violation of Hazardous Materials Laws, and (c) commence and thereafter diligently prosecute to completion all remedial work necessary with respect to the Project required under any Hazardous Material Laws, in each case as set forth in the Security Instrument or the Agreement of Environmental Indemnification.

Section 5.11. Governmental Lender's and Funding Lender's Fees. The Borrower covenants to pay the reasonable fees and expenses of the Governmental Lender (including the Ongoing Governmental Lender Fee) and the Funding Lender or any agents, attorneys, accountants, consultants selected by the Governmental Lender or the Funding Lender to act on its behalf in connection with this Borrower Loan Agreement and the other Borrower Loan Documents, the Regulatory Agreement and the Funding Loan Documents, including, without limitation, any and all reasonable expenses incurred in connection with the making of the Borrower Loan or in connection with any litigation which may at any time be instituted involving the Borrower Loan, this Borrower Loan Agreement, the other Borrower Loan

Documents, the Regulatory Agreement and the Funding Loan Documents or any of the other documents contemplated thereby, or in connection with the reasonable supervision or inspection of the Borrower, its properties, assets or operations or otherwise in connection with the administration of the foregoing. This obligation shall remain valid and in effect notwithstanding repayment of the Borrower Loan hereunder or termination of this Borrower Loan Agreement.

Section 5.12. Estoppel Statement. The Borrower shall furnish to the Funding Lender or the Servicer for the benefit of the Funding Lender or the Servicer within ten (10) days after request by the Funding Lender and the Servicer, with a statement, duly acknowledged and certified, setting forth (i) the unpaid principal of the Borrower Note, (ii) the applicable Interest Rate, (iii) the date installments of interest and/or principal were last paid, (iv) any offsets or defenses to the payment of the Borrower Payment Obligations, and (v) that the Borrower Loan Documents and the Funding Loan Documents to which the Borrower is a party are valid, legal and binding obligations of the Borrower and have not been modified or, if modified, giving particulars of such modification, and no Event of Default exists thereunder or specify any Event of Default that does exist thereunder. The Borrower shall use commercially reasonable efforts to furnish to the Funding Lender or the Servicer, within 30 days of a request by the Funding Lender or Servicer, tenant estoppel certificates from each commercial tenant at the Project in form and substance reasonably satisfactory to the Funding Lender and the Servicer; provided that the Funding Lender and the Servicer shall not make such requests more frequently than twice in any year.

Section 5.13. Defense of Actions. The Borrower shall appear in and defend any action or proceeding purporting to affect the security for this Borrower Loan Agreement hereunder or under the Borrower Loan Documents and the Funding Loan Documents, and shall pay, in the manner required by Section 2.4 hereof, all costs and expenses, including the cost of evidence of title and attorneys' fees, in any such action or proceeding in which Funding Lender may appear. If the Borrower fails to perform any of the covenants or agreements contained in this Borrower Loan Agreement or any other Borrower Loan Document, or if any action or proceeding is commenced that is not diligently defended by the Borrower which affects the Funding Lender's interest in the Project or any part thereof, including eminent domain, code enforcement or proceedings of any nature whatsoever under any Federal or state law, whether now existing or hereafter enacted or amended, then the Funding Lender may make such appearances, disburse such sums and take such action as the Funding Lender deems necessary or appropriate to protect its interests. Such actions include disbursement of attorneys' fees, entry upon the Project to make repairs or take other action to protect the security of the Project, and payment, purchase, contest or compromise of any encumbrance, charge or lien which in the judgment of Funding Lender appears to be prior or superior to the Borrower Loan Documents or the Funding Loan Documents. The Funding Lender shall have no obligation to do any of the above. The Funding Lender may take any such action without notice to or demand upon the Borrower. No such action shall release the Borrower from any obligation under this Borrower Loan Agreement or any of the other Borrower Loan Documents or Funding Loan Documents. In the event (i) that the Security Instrument is foreclosed in whole or in part or that any Borrower Loan Document is put into the hands of an attorney for collection, suit, action or foreclosure, or (ii) of the foreclosure of any mortgage, deed of trust or deed to secure debt prior to or subsequent to the Security Instrument or any Borrower Loan Document in which proceeding the Funding Lender is made a party or (iii) of the bankruptcy of the Borrower or an assignment by the Borrower for the benefit of its creditors, the Borrower shall be chargeable with and agrees to pay all costs of collection and defense, including actual attorneys' fees in connection therewith and in connection with any appellate proceeding or post-judgment action involved therein, which shall be due and payable together with all required service or use taxes.

Section 5.14. Expenses. The Borrower shall pay all reasonable expenses incurred by the Governmental Lender, the Funding Lender and the Servicer (except as provided in Section 9.1 hereof) in

connection with the Borrower Loan and the Funding Loan, including reasonable fees and expenses of the Governmental Lender's, the Funding Lender's and the Servicer's attorneys, environmental, engineering and other consultants, and fees, charges or taxes for the recording or filing of Borrower Loan Documents and the Funding Loan Documents. The Borrower shall pay or cause to be paid all reasonable expenses of the Governmental Lender, the Funding Lender and the Servicer (except as provided in Section 9.1 hereof) in connection with the issuance or administration of the Borrower Loan and the Funding Loan, including audit costs, inspection fees, settlement of condemnation and casualty awards, and premiums for title insurance and endorsements thereto. The Borrower shall, upon request, promptly reimburse the Governmental Lender, the Funding Lender and the Servicer for all reasonable amounts expended, advanced or incurred by the Governmental Lender, the Funding Lender and the Servicer to collect the Borrower Note, or to enforce the rights of the Governmental Lender, the Funding Lender and the Servicer under this Borrower Loan Agreement or any other Borrower Loan Document, or to defend or assert the rights and claims of the Governmental Lender, the Funding Lender and the Servicer under the Borrower Loan Documents and the Funding Loan Documents arising out of an Event of Default or with respect to the Project (by litigation or other proceedings) arising out of an Event of Default, which amounts will include all court costs, attorneys' fees and expenses, fees of auditors and accountants, and investigation expenses as may be reasonably incurred by the Governmental Lender, the Funding Lender and the Servicer in connection with any such matters (whether or not litigation is instituted), together with interest at the Default Rate on each such amount from the Date of Disbursement until the date of reimbursement to the Governmental Lender, the Funding Lender and the Servicer, all of which shall constitute part of the Borrower Loan and the Funding Loan and shall be secured by the Borrower Loan Documents and the Funding Loan Documents. The obligations and liabilities of the Borrower under this Section 5.14 shall survive the Term of this Borrower Loan Agreement and the exercise by the Governmental Lender, the Funding Lender or the Servicer, as the case may be, of any of its rights or remedies under the Borrower Loan Documents and the Funding Loan Documents, including the acquisition of the Project by foreclosure or a conveyance in lieu of foreclosure. Notwithstanding the foregoing, the Borrower shall not be obligated to pay amounts incurred as a result of the gross negligence or willful misconduct of any other party, and any obligations of the Borrower to pay for environmental inspections or audits will be governed by Section 18(i) and [_43(i)_] of the Security Instrument.

Section 5.15. Indemnity. In addition to its other obligations hereunder, and in addition to any and all rights of reimbursement, indemnification, subrogation and other rights of Governmental Lender or Funding Lender pursuant hereto and under law or equity, to the fullest extent permitted by law, the Borrower agrees to indemnify, hold harmless and defend the Governmental Lender, the Funding Lender, the Servicer, the Beneficiary Parties, Citigroup, Inc., Citicorp Funding, Inc., and each of their respective officers, directors, employees, attorneys and agents (each an "Indemnified Party"), against any and all losses, damages, claims, actions, liabilities, reasonable costs and expenses of any nature, kind or character (including, without limitation, reasonable attorneys' fees, litigation and court costs, amounts paid in settlement (to the extent that the Borrower has consented to such settlement) and amounts paid to discharge judgments) (hereinafter, the "Liabilities") to which the Indemnified Parties, or any of them, may become subject under federal or state securities laws or any other statutory law or at common law or otherwise, to the extent arising out of or based upon or in any way relating to:

(a) The Borrower Loan Documents and the Funding Loan Documents or the execution or amendment thereof or in connection with transactions contemplated thereby, including the sale, transfer or resale of the Borrower Loan or the Funding Loan, except with respect to any Secondary Market Disclosure Document (other than any Borrower's obligations under Article IX);

(b) Any act or omission of the Borrower or any of its agents, contractors, servants, employees or licensees in connection with the Borrower Loan, the Funding Loan or the Project,

the operation of the Project, or the condition, environmental or otherwise, occupancy, use, possession, conduct or management of work done in or about, or from the planning, design, acquisition, construction, installation or rehabilitation of, the Project or any part thereof;

(c) Any lien (other than a Permitted Lien) or charge upon payments by the Borrower to the Governmental Lender or the Funding Lender hereunder, or any taxes (including, without limitation, all ad valorem taxes and sales taxes), assessments, impositions and Other Charges imposed on the Governmental Lender or the Funding Lender in respect of any portion of the Project;

(d) Any violation of any environmental law, rule or regulation with respect to, or the release of any toxic substance from, the Project or any part thereof during the period in which the Borrower is in possession or control of the Project;

(e) The enforcement of, or any action taken by the Governmental Lender or the Funding Lender related to remedies under, this Borrower Loan Agreement and the other Borrower Loan Documents and the Funding Loan Documents;

(f) [Reserved];

(g) Any untrue statement or misleading statement or alleged untrue statement or alleged misleading statement of a material fact by the Borrower made in the course of Borrower applying for the Borrower Loan or the Funding Loan or contained in any of the Borrower Loan Documents or Funding Loan Documents to which the Borrower is a party;

(h) Any Determination of Taxability;

(i) Any breach (or alleged breach) by Borrower of any representation, warranty or covenant made in or pursuant to this Borrower Loan Agreement or in connection with any written or oral representation, presentation, report, appraisal or other information given or delivered by Borrower, General Partner Guarantor or their Affiliates to Governmental Lender, the Funding Lender, Servicer or any other Person in connection with Borrower's application for the Borrower Loan and the Funding Loan (including, without limitation, any breach or alleged breach by Borrower of any agreement with respect to the provision of any substitute credit enhancement);

(j) any failure (or alleged failure) by Borrower, the Funding Lender or Governmental Lender to comply with applicable federal and state laws and regulations pertaining to the making of the Borrower Loan and the Funding Loan;

(k) the Project, or the condition, occupancy, use, possession, conduct or management of, or work done in or about, or from the planning, design, acquisition, installation, construction or rehabilitation of, the Project or any part thereof; or

(l) the use of the proceeds of the Borrower Loan and the Funding Loan,

except in the case of the foregoing indemnification of the Governmental Lender, the Funding Lender or the Servicer or any related Indemnified Party, to the extent such damages are caused by the gross negligence or willful misconduct of such Indemnified Party.

Without limiting the foregoing, to the fullest extent permitted by law, the Borrower agrees to indemnify, hold harmless and defend the Governmental Lender, and each of its officers, officials,

directors, employees, attorneys and agents ("City Indemnified Parties") against any Liability to which the City Indemnified Parties, or any of them, may become subject under federal or state securities laws or any other statutory law or at common law or otherwise, to the extent arising out of or based upon or in any way relating to any declaration of taxability of interest on the Funding Loan or allegations (or regulatory inquiry) that interest on the Funding Loan is taxable for federal income tax purposes, except to the extent such damages are caused by the gross negligence or willful misconduct of a City Indemnified Party.

Notwithstanding anything herein to the contrary, the Borrower's indemnification obligations to the parties specified in Section 9.1.4 hereof with respect to any securitization or Secondary Market Transaction described in Article XI hereof shall be limited to the indemnity set forth in Section 9.1.4 hereof. In the event that any action or proceeding is brought against any Indemnified Party with respect to which indemnity may be sought hereunder, the Borrower, upon written notice from the Indemnified Party (which notice shall be timely given so as not to materially impair the Borrower's right to defend), shall assume the investigation and defense thereof, including the employment of counsel reasonably approved by the Indemnified Party, and shall assume the payment of all expenses related thereto, with full power to litigate, compromise or settle the same in its sole discretion; provided that the Indemnified Party shall have the right to review and approve or disapprove any such compromise or settlement, which approval shall not be unreasonably withheld. Each Indemnified Party shall have the right to employ separate counsel in any such action or proceeding and to participate in the investigation and defense thereof; provided, however, the Governmental Lender shall have the absolute right to employ separate counsel at the expense of the Borrower. The Borrower shall pay the reasonable fees and expenses of such separate counsel; provided, however, that such Indemnified Party may only employ separate counsel at the expense of the Borrower if and only if in such Indemnified Party's good faith judgment (based on the advice of counsel) a conflict of interest exists or could arise by reason of common representation, except that the Borrower shall always pay the reasonable fees and expenses of the Governmental Lender's separate counsel.

Notwithstanding any transfer of the Project to another owner in accordance with the provisions of this Borrower Loan Agreement or the Regulatory Agreement, the Borrower shall remain obligated to indemnify each Indemnified Party pursuant to this Section 5.15 if such subsequent owner fails to indemnify any party entitled to be indemnified hereunder, unless the Governmental Lender and the Funding Lender have consented to such transfer and to the assignment of the rights and obligations of the Borrower hereunder.

The rights of any persons to indemnity and the right to payment of fees and reimbursement of expenses hereunder shall survive the final payment or defeasance of the Borrower Loan and the Funding Loan and in the case of the Servicer, any resignation or removal. The provisions of this Section 5.15 shall survive the termination of this Borrower Loan Agreement.

Nothing in this Section 5.15 shall in any way limit the Borrower's indemnification and other payment obligations set forth in the Regulatory Agreement.

Section 5.16. No Warranty of Condition or Suitability by the Governmental Funding Lender. Neither the Governmental Lender nor the Funding Lender makes any warranty, either express or implied, as to the condition of the Project or that it will be suitable for the Borrower's purposes or needs.

Section 5.17. Right of Access to the Project. The Borrower agrees that the Governmental Lender, the Funding Lender, the Servicer and the Construction Consultant, and their duly authorized agents, attorneys, experts, engineers, accountants and representatives shall have the right, but no obligation at all reasonable times during business hours and upon reasonable notice, to enter onto the Land (a) to examine, test and inspect the Project without material interference or prejudice to the

Borrower's operations and (b) to perform such work in and about the Project made necessary by reason of the Borrower's default under any of the provisions of this Borrower Loan Agreement. The Governmental Lender, the Funding Lender, the Servicer, and their duly authorized agents, attorneys, accountants and representatives shall also be permitted, without any obligation to do so, at all reasonable times and upon reasonable notice during business hours, to examine the books and records of the Borrower with respect to the Project.

Section 5.18. Notice of Default. The Borrower will advise the Governmental Lender, the Funding Lender and the Servicer promptly in writing of the occurrence of any Potential Default or Event of Default hereunder, specifying the nature and period of existence of such event and the actions being taken or proposed to be taken with respect thereto.

Section 5.19. Covenant with Governmental Lender and Funding Lender. The Borrower agrees that this Borrower Loan Agreement is executed and delivered in part to induce the purchase by others of the Governmental Lender Note and, accordingly, all covenants and agreements of the Borrower contained in this Borrower Loan Agreement are hereby declared to be for the benefit of the Governmental Lender, the Funding Lender and any lawful owner, holder or pledgee of the Borrower Note or the Governmental Lender Note from time to time.

Section 5.20. Obligation of the Borrower to Construct or Rehabilitate the Project. The Borrower shall proceed with reasonable dispatch to construct or rehabilitate, as appropriate, and equip the Project. If the proceeds of the Borrower Loan, together with the Other Borrower Moneys, available to be disbursed to the Borrower are not sufficient to pay the costs of such construction or rehabilitation, as appropriate, and equipping, the Borrower shall pay such additional costs from its own funds. The Borrower shall not be entitled to any reimbursement from the Governmental Lender, the Funding Lender or the Servicer in respect of any such costs or to any diminution or abatement in the repayment of the Borrower Loan. The Governmental Lender and the Funding Lender shall not be liable to the Borrower or any other person if for any reason the Project is not completed or if the proceeds of the Borrower Loan are insufficient to pay all costs of the Project. The Governmental Lender and the Funding Lender do not make any representation or warranty, either express or implied, that moneys, if any, which will be made available to the Borrower will be sufficient to complete the Project, and the Governmental Lender and the Funding Lender shall not be liable to the Borrower or any other person if for any reason the Project is not completed.

Section 5.21. Maintenance of Insurance. Borrower will maintain the insurance required by the Security Instrument.

Section 5.22. Information; Statements and Reports. Borrower shall furnish or cause to be furnished to Governmental Lender and Funding Lender:

(a) Notice of Default. As soon as possible, and in any event not later than five (5) Business Days after the occurrence of any Event of Default or Potential Default, a statement of an Authorized Representative of Borrower describing the details of such Event of Default or Potential Default and any curative action Borrower proposes to take;

(b) Financial Statements; Rent Rolls. In the manner and to the extent required under the Security Instrument, such financial statements, expenses statements, rent rolls, reports and other financial documents and information as required by the Security Instrument and the other Borrower Loan Documents and Funding Loan Documents, in the form and within the time periods required therein;

(c) General Partner. As soon as available and in any event within one hundred twenty (120) days after the end of each fiscal year of General Partner, copies of the financial statements of General Partner as of such date, prepared in substantially the form previously delivered to the Governmental Lender and Funding Lender and in a manner consistent therewith, or in such form (which may include a form prepared in accordance with GAAP) as Funding Lender may reasonably request;

(d) Leasing Reports. On a monthly basis (and in any event within fifteen (15) days after the end of each Calendar Month), a report of all efforts made by Borrower, if any, to lease all or any portion of the Project during such Calendar Month and on a cumulative basis since Project inception, which report shall be prepared and delivered by Borrower, shall be in form and substance satisfactory to Funding Lender, and shall, if requested by Funding Lender, be supported by copies of letters of intent, leases or occupancy agreements, as applicable;

(e) Audit Reports. Promptly upon receipt thereof, copies of all reports, if any, submitted to Borrower by independent public accountants in connection with each annual, interim or special audit of the financial statements of Borrower made by such accountants, including the comment letter submitted by such accountants to management in connection with their annual audit;

(f) Notices; Certificates or Communications. Immediately upon giving or receipt thereof, copies of any notices, certificates or other communications delivered at the Project or to Borrower or General Partner naming Governmental Lender or Funding Lender as addressee or which could reasonably be deemed to affect the structural integrity of the Project or the ability of Borrower to perform its obligations under the Borrower Loan Documents and the Funding Loan Documents;

(g) Certification of Non-Foreign Status. Promptly upon request of Funding Lender from time to time, a Certification of Non-Foreign Status, executed on or after the date of such request by Funding Lender;

(h) Compliance Certificates. Together with each of the documents required pursuant to Section 5.22(b) hereof submitted by or on behalf of Borrower, a statement, in form and substance satisfactory to Funding Lender and certified by an Authorized Borrower Representative, to the effect that Borrower is in compliance with all covenants, terms and conditions applicable to Borrower, under or pursuant to the Borrower Loan Documents and the Funding Loan Documents and under or pursuant to any other Debt owing by Borrower to any Person, and disclosing any noncompliance therewith, and any Event of Default or Potential Default, and describing the status of Borrower's actions to correct such noncompliance, Event of Default or Potential Default, as applicable; and

(i) Other Items and Information. Such other information concerning the assets, business, financial condition, operations, property, prospects and results of operations of Borrower, General Partner, Guarantor or the Project, as Funding Lender or Governmental Lender reasonably requests from time to time.

Section 5.23. Additional Notices. Borrower will, promptly after becoming aware thereof, give notice to Funding Lender and the Governmental Lender of:

(a) any Lien affecting the Project, or any part thereof, other than Liens expressly permitted under this Borrower Loan Agreement;

(b) any Legal Action which is instituted by or against Borrower, General Partner or Guarantor, or any Legal Action which is threatened against Borrower, General Partner or Guarantor which, in any case, if adversely determined, could have a material adverse effect upon the business, operations, properties, prospects, assets, management, ownership or condition (financial or otherwise) of Borrower, General Partner Guarantor or the Project;

(c) any Legal Action which constitutes an Event of Default or a Potential Default or a default under any other Contractual Obligation to which Borrower, General Partner or Guarantor is a party or by or to which Borrower, General Partner or Guarantor, or any of their respective properties or assets, may be bound or subject, which default would have a material adverse effect on the business, operations, assets (including the Project), condition (financial or otherwise) or prospects of Borrower, General Partner or Guarantor, as applicable;

(d) any default, alleged default or potential default on the part of Borrower under any of the CC&R's (together with a copy of each notice of default, alleged default or potential default received from any other party thereto);

(e) any notice of default, alleged default or potential default on the part of Borrower received from any tenant or occupant of the Project under or relating to its lease or occupancy agreement (together with a copy of any such notice), if, in the aggregate, notices from at least fifteen percent (15%) of the tenants at the Project have been received by Borrower with respect to, or alleging, the same default, alleged default or potential default;

(f) any change or contemplated change in (i) the location of Borrower's or General Partner's executive headquarters or principal place of business; (ii) the legal, trade, or fictitious business names used by Borrower or General Partner; or (iii) the nature of the trade or business of Borrower; and

(g) any default, alleged default or potential default on the part of any general or limited partner (including, without limitation, General Partner and the Equity Investor) under the Partnership Agreement.

Section 5.24. Compliance with Other Agreements; Legal Requirements.

(a) Borrower shall timely perform and comply with, and shall cause General Partner to timely perform and comply with the covenants, agreements, obligations and restrictions imposed on them under the Partnership Agreement, and Borrower shall not do or permit to be done anything to impair any such party's rights or interests under any of the foregoing.

(b) Borrower will comply and, to the extent it is able, will require others to comply with, all Legal Requirements of all Governmental Authorities having jurisdiction over the Project or construction and/or rehabilitation of the Improvements, and will furnish Funding Lender with reports of any official searches for or notices of violation of any requirements established by such Governmental Authorities. Borrower will comply and, to the extent it is able, will require others to comply, with applicable CC&R's and all restrictive covenants and all obligations created by private contracts and leases which affect ownership, construction, rehabilitation, equipping, fixturing, use or operation of the Project, and all other agreements requiring a certain percentage of the Units to be rented to persons of low or moderate income. The Improvements, when completed, shall comply with all applicable building, zoning and other Legal Requirements, and will not violate any restrictions of record against the Project or the terms of any other lease of all or any portion of the Project. Funding Lender shall at all times have the right to audit, at

Borrower's expense, Borrower's compliance with any agreement requiring a certain percentage of the Units to be rented to persons of low or moderate income, and Borrower shall supply all such information with respect thereto as Funding Lender may request and otherwise cooperate with Funding Lender in any such audit. Without limiting the generality of the foregoing, Borrower shall properly obtain, comply with and keep in effect (and promptly deliver copies to Funding Lender of) all permits, licenses and approvals which are required to be obtained from Governmental Authorities in order to construct, occupy, operate, market and lease the Project.

Section 5.25. Completion and Maintenance of Project. Borrower shall cause the construction or rehabilitation, as the case may be, of the Improvements, to be prosecuted with diligence and continuity and completed substantially in accordance with the Plans and Specifications, and in accordance with the Construction Funding Agreement, free and clear of any liens or claims for liens (but without prejudice to Borrower's rights of contest under Section 10.16 hereof) ("Completion") on or before the Completion Date. Borrower shall thereafter maintain the Project and the related and appurtenant uses as a residential apartment complex in good order and condition, ordinary wear and tear excepted. A maintenance program shall be in place at all times to assure the continuation of first class maintenance, which shall mean and be no less than the highest quality of maintenance provided by the Manager for similarly situated properties managed by the Manager.

Section 5.26. Fixtures. Borrower shall deliver to Funding Lender, on demand, any contracts, bills of sale, statements, receipted vouchers or agreements under which Borrower or any other Person claims title to any materials, fixtures or articles incorporated into the Improvements.

Section 5.27. Income from Project. Borrower shall first apply all Gross Income to Expenses of the Project, including all amounts then required to be paid under the Borrower Loan Documents and the Funding Loan Documents and the funding of all sums necessary to meet the Replacement Reserve Fund Requirement, before using or applying such Gross Income for any other purpose. Borrower shall not make or permit any distributions or other payments of Net Operating Income to its partners, shareholders or members, as applicable, in each case, without the prior Written Consent of Funding Lender.

Section 5.28. Leases and Occupancy Agreements.

(a) Lease Approval.

(i) Borrower has submitted to Funding Lender, and Funding Lender has approved, Borrower's standard form of tenant lease (the "Tenant Lease Form") for use in the Project. Borrower shall not materially modify the Tenant Lease Form without Funding Lender's prior Written Consent in each instance, which consent shall not be unreasonably withheld or delayed. Borrower may enter into leases of space within the Improvements (and amendments to such leases) in the ordinary course of business with bona fide third party tenants without Funding Lender's prior Written Consent if:

(A) The Tenant Lease Form is a Permitted Lease, and is executed in the form attached as an exhibit to the Construction Funding Agreement without material modification;

(B) Borrower, acting in good faith following the exercise of due diligence, has determined that the tenant meets requirements imposed under any applicable CC&R and is financially capable of performing all of its obligations under the Tenant Lease Form; and

(C) The Tenant Lease Form conforms to the Rent Schedule attached as an exhibit to the Construction Funding Agreement and reflects an arm's-length transaction, subject to the requirement that the Borrower comply with any applicable CC&R.

(ii) If any Event of Default has occurred and is continuing, Funding Lender may make written demand on Borrower to submit all future leases for Funding Lender's approval prior to execution. Borrower shall comply with any such demand by Funding Lender.

(iii) No approval of any lease by Funding Lender shall be for any purpose other than to protect Funding Lender's security for the Borrower Loan and to preserve Funding Lender's rights under the Borrower Loan Documents and the Funding Loan Documents. No approval by Funding Lender shall result in a waiver of any default of Borrower. In no event shall any approval by Funding Lender of a lease be a representation of any kind with regard to the lease or its enforceability, or the financial capacity of any tenant or guarantor.

(b) Landlord's Obligations. Borrower shall perform all obligations required to be performed by it as landlord under any lease affecting any part of the Project or any space within the Improvements.

(c) Leasing and Marketing Agreements. Except as may be contemplated in the Management Agreement with Borrower's Manager, Borrower shall not without the approval of Funding Lender enter into any leasing or marketing agreement and Funding Lender reserves the right to approve the qualifications of any marketing or leasing agent.

Section 5.29. Project Agreements and Licenses. To the extent not heretofore delivered to Funding Lender, Borrower will furnish to Funding Lender, as soon as available, true and correct copies of all Project Agreements and Licenses and the Plans and Specifications, together with assignments thereof to Funding Lender and consents to such assignments where required by Funding Lender, all in form and substance acceptable to Funding Lender. Neither Borrower nor General Partner has assigned or granted, or will assign or grant, a security interest in any of the Project Agreements and Licenses, other than to Funding Lender.

Section 5.30. Payment of Debt Payments. In addition to its obligations under the Borrower Note, Borrower will (i) duly and punctually pay or cause to be paid all principal of and interest on any Debt of Borrower as and when the same become due on or before the due date; (ii) comply with and perform all conditions, terms and obligations of other instruments or agreements evidencing or securing such Debt; (iii) promptly inform Funding Lender of any default, or anticipated default, under any such note, agreement, instrument; and (iv) forward to Funding Lender a copy of any notice of default or notice of any event that might result in default under any such note, agreement, instrument, including Liens encumbering the Project, or any portion thereof, which have been subordinated to the Security Instrument (regardless of whether or not permitted under this Borrower Loan Agreement).

Section 5.31. ERISA. Borrower will comply, and will cause each of its ERISA Affiliates to comply, in all respects with the provisions of ERISA.

Section 5.32. Patriot Act Compliance. Borrower shall use its good faith and commercially reasonable efforts to comply with the Patriot Act and all applicable requirements of Governmental Authorities having jurisdiction over Borrower and/or the Project, including those relating to money

laundering and terrorism. Funding Lender shall have the right to audit Borrower's compliance with the Patriot Act and all applicable requirements of Governmental Authorities having jurisdiction over Borrower and/or the Project, including those relating to money laundering and terrorism. In the event that Borrower fails to comply with the Patriot Act or any such requirements of Governmental Authorities, then Funding Lender may, at its option, cause Borrower to comply therewith and any and all costs and expenses incurred by Funding Lender in connection therewith shall be secured by the Security Instrument and shall be immediately due and payable.

Section 5.33. Funds from Equity Investor. Borrower shall cause the Equity Investor to fund all installments of the Equity Contributions in the amounts and at the times subject and according to the terms of the Partnership Agreement.

Section 5.34. Tax Covenants. The Borrower further represents, warrants and covenants as follows:

(a) General. The Borrower shall not take any action or omit to take any action which, if taken or omitted, respectively, would adversely affect the exclusion of interest on the Governmental Lender Note from gross income (as defined in Section 61 of the Code), for federal income tax purposes and, if it should take or permit any such action, the Borrower will take all lawful actions that it can take to rescind such action promptly upon having knowledge thereof and that the Borrower will take such action or actions, including amendment of this Borrower Loan Agreement, the Security Instrument and the Regulatory Agreement, as may be necessary, in the opinion of Tax Counsel, to comply fully with all applicable rules, rulings, policies, procedures, regulations or other official statements promulgated or proposed by the Department of the Treasury or the Internal Revenue Service applicable to the Governmental Lender Note, the Funding Loan or affecting the Project. Capitalized terms used in this Section 5.34 shall have the respective meanings assigned to them in the Regulatory Agreement or, if not defined therein, in the Funding Loan Agreement. With the intent not to limit the generality of the foregoing, the Borrower covenants and agrees that, prior to the final maturity of the Governmental Lender Note, unless it has received and filed with the Governmental Lender and the Funding Lender a Tax Counsel No Adverse Effect Opinion (other than with respect to interest on any portion of the Governmental Lender Note for a period during which such portion of the Governmental Lender Note is held by a "substantial user" of any facility financed with the proceeds of the Governmental Lender Note or a "related person," as such terms are used in Section 147(a) of the Code), the Borrower will comply with this Section 5.34.

(b) Use of Proceeds. The use of the net proceeds of the Funding Loan at all times will satisfy the following requirements:

(i) Limitation on Net Proceeds. At least 95% of the net proceeds of the Funding Loan (within the meaning of the Code) actually expended shall be used to pay Qualified Project Costs that are costs of a "qualified residential rental project" (within the meaning of Sections 142(a)(7) and 142(d) of the Code) and property that is "functionally related and subordinate" thereto (within the meaning of Sections 1.103-8(a)(3) and 1.103-8(b)(4)(iii) of the Regulations).

(ii) Limit on Costs of Funding. The proceeds of the Funding Loan will be expended for the purposes set forth in this Borrower Loan Agreement and in the Funding Loan Agreement and no portion thereof in excess of two percent of the proceeds of the Funding Loan, within the meaning of Section 147(g) of the Code, will be expended to pay Costs of Funding of the Funding Loan.

(iii) Prohibited Facilities. The Borrower shall not use or permit the use of any proceeds of the Funding Loan or any income from the investment thereof to provide any airplane, skybox, or other private luxury box, health club facility, any facility primarily used for gambling, or any store the principal business of which is the sale of alcoholic beverages for consumption off premises.

(iv) Limitation on Land. Less than 25 percent of the net proceeds of the Funding Loan actually expended will be used, directly or indirectly, for the acquisition of land or an interest therein, nor will any portion of the net proceeds of the Funding Loan be used, directly or indirectly, for the acquisition of land or an interest therein to be used for farming purposes.

(v) Limitation on Existing Facilities. No portion of the net proceeds of the Funding Loan will be used for the acquisition of any existing property or an interest therein unless (A) the first use of such property is pursuant to such acquisition or (B) the rehabilitation expenditures with respect to any building and the equipment therefor equal or exceed 15 percent of the cost of acquiring such building financed with the proceeds of the Funding Loan (with respect to structures other than buildings, this clause shall be applied by substituting 100 percent for 15 percent). For purposes of the preceding sentence, the term "rehabilitation expenditures" shall have the meaning set forth in Section 147(d)(3) of the Code.

(vi) Accuracy of Information. The information furnished by the Borrower and used by the Governmental Lender in preparing its certifications with respect to Section 148 of the Code and the Borrower's information statement pursuant to Section 149(e) of the Code is accurate and complete as of the date of origination of the Funding Loan.

(vii) Limitation of Project Expenditures. The acquisition, construction and equipping of the Project were not commenced (within the meaning of Section 144(a) of the Code) prior to the 60th day preceding the adoption of the resolution of the Governmental Lender with respect to the Project on January ___, 2013, and no obligation for which reimbursement will be sought from proceeds of the Funding Loan relating to the acquisition, construction or equipping of the Project was paid or incurred prior to 60 days prior to such date, except for permissible "preliminary expenditures", which include architectural, engineering surveying, soil testing, reimbursement bond issuance and similar costs incurred prior to the commencement of construction, rehabilitation or acquisition of the Project, and which do not exceed 20% of the aggregate issue price of the Governmental Lender Note.

(viii) Qualified Costs. The Borrower hereby represents, covenants and warrants that the proceeds of the Funding Loan shall be used or deemed used exclusively to pay costs which are (A) capital expenditures (as defined in Section 1.150-1(b) of the Code's regulations) and (B) not made for the acquisition of existing property, to the extent prohibited in Section 147(d) of the Code and that for the greatest number of buildings the proceeds of the Governmental Lender Note shall be deemed allocated on a pro rata basis to each building in the Project and the land on which it is located so that each building and the land on which it is located will have been financed fifty percent (50%) or more by the proceeds of the Governmental Lender Note for the purpose of complying with Section 42(h)(4)(B) of the Code; provided however, the foregoing representation, covenant and warranty is made for the benefit of the Borrower and its

partners and neither the Funding Lender nor the Governmental Lender shall have any obligation to enforce this statement nor shall they incur any liability to any person, including without limitation, the Borrower, the partners of the Borrower, any other affiliate of the Borrower or the holders or payees of the Governmental Lender Note and the Borrower Note for any failure to meet the intent expressed in the foregoing representation, covenant and warranty; and provided further, failure to comply with this representation, covenant and warranty shall not constitute a default or event of default under this Borrower Loan Agreement or the Funding Loan Agreement.

(c) Limitation on Maturity. The average maturity of the Governmental Lender Note does not exceed 120 percent of the average reasonably expected economic life of the Project to be financed by the Funding Loan, weighted in proportion to the respective cost of each item comprising the property the cost of which has been or will be financed, directly or indirectly, with the Net Proceeds of the Funding Loan. For purposes of the preceding sentence, the reasonably expected economic life of property shall be determined as of the later of (A) the Closing Date for the Funding Loan or (B) the date on which such property is placed in service (or expected to be placed in service). In addition, land shall not be taken into account in determining the reasonably expected economic life of property.

(d) No Arbitrage. The Borrower shall not take any action or omit to take any action with respect to the Gross Proceeds of the Governmental Lender Note or of any amounts expected to be used to pay the principal thereof or the interest thereon which, if taken or omitted, respectively, would cause the Governmental Lender Note to be classified as an "arbitrage bond" within the meaning of Section 148 of the Code. Except as provided in the Funding Loan Agreement and this Borrower Loan Agreement, the Borrower shall not pledge or otherwise encumber, or permit the pledge or encumbrance of, any money, investment, or investment property as security for payment of any amounts due under this Agreement or the Borrower Note relating to the Governmental Lender Note, shall not establish any segregated reserve or similar fund for such purpose and shall not prepay any such amounts in advance of the redemption date of an equal principal amount of the Governmental Lender Note, unless the Borrower has obtained in each case a Tax Counsel No Adverse Effect Opinion with respect to such action, a copy of which shall be provided to the Governmental Lender and the Funding Lender. The Borrower shall not, at any time prior to the final maturity of the Governmental Lender Note, invest or cause any Gross Proceeds to be invested in any investment (or to use Gross Proceeds to replace money so invested), if, as a result of such investment the Yield of all investments acquired with Gross Proceeds (or with money replaced thereby) on or prior to the date of such investment exceeds the Yield of the Governmental Lender Note to the Maturity Date, except as permitted by Section 148 of the Code and Regulations thereunder or as provided in the Regulatory Agreement. The Borrower further covenants and agrees that it will comply with all applicable requirements of said Section 148 and the rules and Regulations thereunder relating to the Governmental Lender Note and the interest thereon, including the employment of a Rebate Analyst acceptable to the Governmental Lender and Funding Lender at all times from and after the Closing Date for the calculation of rebatable amounts to the United States Treasury Department. The Borrower agrees that it will cause the Rebate Analyst to calculate the rebatable amounts prior to the Computation Date, annually not later than forty-five days after the anniversary of the Closing Date and subsequent to the Computation Date, not later than forty-five days after the fifth anniversary of the Closing Date and each five years thereafter and agrees that the Borrower will pay all costs associated therewith. The Borrower agrees to provide evidence of the employment of the Rebate Analyst satisfactory to the Governmental Lender and Funding Lender.

(e) No Federal Guarantee. Except to the extent permitted by Section 149(b) of the Code and the Regulations and rulings thereunder, the Borrower shall not take or omit to take any action which would cause the Governmental Lender Note to be "federally guaranteed" within the meaning of Section 149(b) of the Code and the Regulations and rulings thereunder.

(f) Representations. The Borrower has supplied or caused to be supplied to Tax Counsel all documents, instruments and written information requested by Tax Counsel, and all such documents, instruments and written information supplied by or on behalf of the Borrower at the request of Tax Counsel, which have been reasonably relied upon by Tax Counsel in rendering its opinion with respect to the exclusion from gross income of the interest on the Governmental Lender Note for federal income tax purposes, are true and correct in all material respects, do not contain any untrue statement of a material fact and do not omit to state any material fact necessary to be stated therein in order to make the information provided therein, in light of the circumstances under which such information was provided, not misleading, and the Borrower is not aware of any other pertinent information which Tax Counsel has not requested.

(g) Qualified Residential Rental Project. The Borrower hereby covenants and agrees that the Project will be operated as a "qualified residential rental project" within the meaning of Section 142(d) of the Code, on a continuous basis during the longer of the Qualified Project Period (as defined in the Regulatory Agreement) or any period during which any portion of the Governmental Lender Note remains outstanding, to the end that the interest on the Governmental Lender Note shall be excluded from gross income for federal income tax purposes. The Borrower hereby covenants and agrees, continuously during the Qualified Project Period, to comply with all the provisions of the Regulatory Agreement.

(h) Information Reporting Requirements. The Borrower will comply with the information reporting requirements of Section 149(e)(2) of the Code requiring certain information regarding the Governmental Lender Note to be filed with the Internal Revenue Service within prescribed time limits.

(i) Governmental Lender Note Not a Hedge Bond. The Borrower covenants and agrees that not more than 50% of the proceeds of the Governmental Lender Note will be invested in Nonpurpose Investments having a substantially guaranteed Yield for four years or more within the meaning of Section 149(f)(3)(A)(ii) of the Code, and the Borrower reasonably expects that at least 85% of the spendable proceeds of the Governmental Lender Note will be used to carry out the governmental purposes of the Governmental Lender Note within the three-year period beginning on the Closing Date.

(j) Termination of Restrictions. Although the parties hereto recognize that, subject to the provisions of the Regulatory Agreement, the provisions of this Borrower Loan Agreement shall terminate in accordance with Section 10.14 hereof, the parties hereto recognize that pursuant to the Regulatory Agreement, certain requirements, including the requirements incorporated by reference in this Section, may continue in effect beyond the term hereof.

(k) Public Approval. The Borrower covenants and agrees that the proceeds of the Governmental Lender Note will not be used in a manner that deviates in any substantial degree from the Project described in the written notice of a public hearing regarding the Governmental Lender Note.

(l) 40/60 Test Election. The Borrower and the Governmental Lender hereby elect to apply the requirements of Section 142(d)(1)(B) to the Project. The Borrower hereby represents,

covenants and agrees, continuously during the Qualified Project Period, to comply with all the provisions of the Regulatory Agreement.

(m) Modification of Tax Covenants. Subsequent to the origination of the Funding Loan and prior to its payment in full (or provision for the payment thereof having been made in accordance with the provisions of the Funding Loan Agreement), this Section 5.34 hereof may not be amended, changed, modified, altered or terminated except as permitted herein and by the Funding Loan Agreement and with the Written Consent of the Governmental Lender and the Funding Lender. Anything contained in this Agreement or the Funding Loan Agreement to the contrary notwithstanding, the Governmental Lender, the Funding Lender and the Borrower hereby agree to amend this Borrower Loan Agreement and, if appropriate, the Funding Loan Agreement and the Regulatory Agreement, to the extent required, in the opinion of Tax Counsel, in order for interest on the Governmental Lender Note to remain excludable from gross income for federal income tax purposes. The party requesting such amendment, which may include the Funding Lender, shall notify the other parties to this Borrower Loan Agreement of the proposed amendment and send a copy of such requested amendment to Tax Counsel. After review of such proposed amendment, Tax Counsel shall render to the Funding Lender and the Governmental Lender an opinion as to the effect of such proposed amendment upon the includability of interest on the Governmental Lender Note in the gross income of the recipient thereof for federal income tax purposes. The Borrower shall pay all necessary fees and expenses incurred with respect to such amendment. The Borrower, the Governmental Lender and, where applicable, the Funding Lender per written instructions from the Governmental Lender shall execute, deliver and, if applicable, the Borrower shall file of record, any and all documents and instruments, including without limitation, an amendment to the Regulatory Agreement, with a file-stamped copy to the Funding Lender, necessary to effectuate the intent of this Section 5.34, and the Borrower and the Governmental Lender hereby appoint the Funding Lender as their true and lawful attorney-in-fact to execute, deliver and, if applicable, file of record on behalf of the Borrower or the Governmental Lender, as is applicable, any such document or instrument (in such form as may be approved by and upon instruction of Tax Counsel) if either the Borrower or the Governmental Lender defaults in the performance of its obligation under this Section 5.34; provided, however, that the Funding Lender shall take no action under this Section 5.34 without first notifying the Borrower or the Governmental Lender, as is applicable, of its intention to take such action and providing the Borrower or the Governmental Lender, as is applicable, a reasonable opportunity to comply with the requirements of this Section 5.34.

The Borrower irrevocably authorizes and directs the Funding Lender and any other agent designated by the Governmental Lender to make payment of such amounts from funds of the Borrower, if any, held by the Funding Lender, or any agent of the Governmental Lender or the Funding Lender. The Borrower further covenants and agrees that, pursuant to the requirements of Treasury Regulation Section 1.148-1(b), it (or any related person contemplated by such regulations) will not purchase interests in the Governmental Lender Note in an amount related to the amount of the Borrower Loan.

Section 5.35. Payment of Rebate.

(a) Arbitrage Rebate. The Borrower agrees to take all steps necessary to compute and pay any rebatable arbitrage relating to the Funding Loan or the Governmental Lender Note in accordance with Section 148(f) of the Code including:

(i) Delivery of Documents and Money on Computation Dates. The Borrower will deliver to the Servicer, within 55 days after each Computation Date:

(A) a statement, signed by the Borrower, stating the Rebate Amount as of such Computation Date;

(B) if such Computation Date is an Installment Computation Date, an amount that, together with any amount then held for the credit of the Rebate Fund, is equal to at least 90% of the Rebate Amount as of such Installment Computation Date, less any "previous rebate payments" made to the United States (as that term is used in Section 1.148-3(f)(1) of the Regulations), or (2) if such Computation Date is the final Computation Date, an amount that, together with any amount then held for the credit of the Rebate Fund, is equal to the Rebate Amount as of such final Computation Date, less any "previous rebate payments" made to the United States (as that term is used in Section 1.148-3(f)(1) of the Regulations); and

(C) an Internal Revenue Service Form 8038-T properly signed and completed as of such Computation Date.

(ii) Correction of Underpayments. If the Borrower shall discover or be notified as of any date that any payment paid to the United States Treasury pursuant to this Section 5.35 of an amount described in Section 5.35(a)(i)(A) or (B) above shall have failed to satisfy any requirement of Section 1.148-3 of the Regulations (whether or not such failure shall be due to any default by the Borrower, the Governmental Lender or the Funding Lender), the Borrower shall (1) pay to the Servicer (for deposit to the Rebate Fund) and cause the Servicer to pay to the United States Treasury from the Rebate Fund the underpayment of the Rebate Amount, together with any penalty and/or interest due, as specified in Section 1.148-3(h) of the Regulations, within 175 days after any discovery or notice and (2) deliver to the Servicer an Internal Revenue Service Form 8038-T completed as of such date. If such underpayment of the Rebate Amount, together with any penalty and/or interest due, is not paid to the United States Treasury in the amount and manner and by the time specified in the Regulations, the Borrower shall take such steps as are necessary to prevent the Governmental Lender Note from becoming an arbitrage bond within the meaning of Section 148 of the Code.

(iii) Records. The Borrower shall retain all of its accounting records relating to the funds established under this Borrower Loan Agreement and all calculations made in preparing the statements described in this Section 5.35 for at least six years after the later of the final maturity of the Governmental Lender Note or the date the Funding Loan is retired in full.

(iv) Costs. The Borrower agrees to pay all of the fees and expenses of a nationally recognized Tax Counsel, the Rebate Analyst, a certified public accountant and any other necessary consultant employed by the Borrower or the Funding Lender in connection with computing the Rebate Amount.

(v) No Diversion of Rebatable Arbitrage. The Borrower will not indirectly pay any amount otherwise payable to the federal government pursuant to the foregoing requirements to any person other than the federal government by entering into any investment arrangement with respect to the Gross Proceeds of the Funding Loan which is not purchased at Fair Market Value or includes terms that the Borrower would not have included if the Funding Loan were not subject to Section 148(f) of the Code.

(vi) Modification of Requirements. If at any time during the term of this Agreement, the Governmental Lender, the Funding Lender or the Borrower desires to take any action which would otherwise be prohibited by the terms of this Section 5.35, such Person shall be permitted to take such action if it shall first obtain and provide to the other Persons named herein a Tax Counsel No Adverse Effect Opinion with respect to such action.

(b) Rebate Fund. The Servicer shall establish and hold a separate fund designated as the "Rebate Fund." The Servicer shall deposit or transfer to the credit of the Rebate Fund each amount delivered to the Servicer by the Borrower for deposit thereto and each amount directed by the Borrower to be transferred thereto.

(c) Within 15 days after each receipt or transfer of funds to the Rebate Fund, the Servicer shall withdraw from the Rebate Fund and pay to the United States of America the entire balance of the Rebate Fund.

(d) All payments to the United States of America pursuant to this Section 5.35 shall be made by the Servicer for the account and in the name of the Governmental Lender and shall be paid through the United States Mail (return receipt requested or overnight delivery), addressed to the appropriate Internal Revenue Service Center and accompanied by the appropriate Internal Revenue Service forms (such forms to be provided to the Servicer by the Borrower or the Rebate Analyst as set forth in this Section 5.35).

(e) The Borrower shall preserve all statements, forms and explanations received delivered pursuant this Section 5.35 and all records of transactions in the Rebate Fund until six years after the retirement of the Funding Loan.

(f) Moneys and securities held in the Rebate Fund shall not be deemed funds of the Funding Lender or of the Governmental Lender and are not pledged or otherwise subject to any security interest in favor of the Funding Lender to secure the Funding Loan or any other obligations.

(g) Notwithstanding anything to the contrary in this Borrower Loan Agreement, no payment shall be made to the United States if the Borrower shall furnish to the Governmental Lender and the Funding Lender an opinion of Tax Counsel to the effect that such payment is not required under Section 148(d) and (f) of the Code in order to maintain the exclusion from gross income for federal income tax purposes of interest on the Governmental Lender Note. In such event, the Borrower shall be entitled to withdraw funds from the Rebate Fund to the extent the Borrower shall provide a Tax Counsel No Adverse Effect Opinion to the Governmental Lender and the Funding Lender with respect to such withdrawal.

(h) Notwithstanding the foregoing, the computations and payments of rebate amounts referred to in this Section 5.35 need not be made to the extent that neither the Governmental Lender nor the Borrower will thereby fail to comply with any requirements of Section 148(f) of the Code based on a Tax Counsel No Adverse Effect Opinion, a copy of which shall be provided to the Funding Lender.

Section 5.36. Covenants under Funding Loan Agreement. The Borrower will fully and faithfully perform all the duties and obligations which the Governmental Lender has covenanted and agreed in the Funding Loan Agreement to cause the Borrower to perform and any duties and obligations which the Borrower is required in the Funding Loan Agreement to perform. The foregoing will not apply

to any duty or undertaking of the Governmental Lender which by its nature cannot be delegated or assigned.

Section 5.37. Notice of Default. The Borrower will advise the Governmental Lender, the Funding Lender and the Servicer promptly in writing of the occurrence of any Potential Default or Event of Default hereunder, specifying the nature and period of existence of such event and the actions being taken or proposed to be taken with respect thereto.

Section 5.38. Continuing Disclosure Agreement. The Borrower and the Funding Lender shall enter into the Continuing Disclosure Agreement to provide for the continuing disclosure of information about the Governmental Lender Note, the Borrower and other matters as specifically provided for in such agreement.

ARTICLE VI
NEGATIVE COVENANTS

Borrower hereby covenants and agrees as follows, which covenants shall remain in effect so long as any Payment Obligation or other obligation of Borrower under any of the other Borrower Loan Documents or the Funding Loan Documents remains outstanding or unperformed. Borrower covenants and agrees that it will not, directly or indirectly:

Section 6.1. Management Agreement. Without first obtaining the Funding Lender's prior Written Consent, enter into the Management Agreement, and thereafter the Borrower shall not, without the Funding Lender's prior Written Consent (which consent shall not be unreasonably withheld) and subject to the Regulatory Agreement: (i) surrender, terminate or cancel the Management Agreement or otherwise replace the Manager or enter into any other management agreement; (ii) reduce or consent to the reduction of the term of the Management Agreement; (iii) increase or consent to the increase of the amount of any charges under the Management Agreement; (iv) otherwise modify, change, supplement, alter or amend in any material respect, or waive or release in any material respect any of its rights and remedies under, the Management Agreement; or (v) suffer or permit the occurrence and continuance of a default beyond any applicable cure period under the Management Agreement (or any successor management agreement) if such default permits the Manager to terminate the Management Agreement (or such successor management agreement); provided, the Borrower may annually renew the Management Agreement on the same terms and conditions without the Funding Lender's prior written consent. [INDICATE THAT INITIAL MANAGEMENT AGREEMENT WITH [MERCY HOUSING] HAS BEEN APPROVED.]

Section 6.2. Dissolution. Dissolve or liquidate, in whole or in part, merge with or consolidate into another Person.

Section 6.3. Change in Business or Operation of Property. Enter into any line of business other than the ownership and operation of the Project, or make any material change in the scope or nature of its business objectives, purposes or operations, or undertake or participate in activities other than the continuance of its present business and activities incidental or related thereto or otherwise cease to operate the Project as a multi-family property or terminate such business for any reason whatsoever (other than temporary cessation in connection with construction or rehabilitation, as appropriate, of the Project).

Section 6.4. Debt Cancellation. Cancel or otherwise forgive or release any claim or debt owed to the Borrower by a Person, except for adequate consideration or in the ordinary course of the Borrower's business in its reasonable judgment.

Section 6.5. Assets. Purchase or own any real property or personal property incidental thereto other than the Project.

Section 6.6. Transfers. Make, suffer or permit the occurrence of any Transfer other than a transfer permitted under the Security Instrument, nor transfer any material License required for the operation of the Project.

Section 6.7. Debt. Other than as expressly approved in writing by the Funding Lender, create, incur or assume any indebtedness for borrowed money (including subordinate debt) whether unsecured or secured by all or any portion of the Project or interest therein or in the Borrower or any partner thereof (including subordinate debt) other than (i) the Borrower Payment Obligations, (ii) the Subordinate Debt, (iii) secured indebtedness incurred pursuant to or permitted by the Borrower Loan Documents and the Funding Loan Documents, and (iv) trade payables incurred in the ordinary course of business.

Section 6.8. Assignment of Rights. Without the Funding Lender's prior Written Consent, attempt to assign the Borrower's rights or interest under any Borrower Loan Document or Funding Loan Document in contravention of any Borrower Loan Document or Funding Loan Document.

Section 6.9. Principal Place of Business. Change its principal place of business without providing 30 days' prior Written Notice of the change to the Funding Lender and the Servicer.

Section 6.10. Partnership Agreement. Without the Funding Lender's prior Written Consent (which consent shall not be unreasonably withheld) surrender, terminate, cancel, modify, change, supplement, alter or amend in any material respect, or waive or release in any material respect, any of its rights or remedies under the Partnership Agreement; provided, however, the consent of Funding Lender is not required for an amendment of the Partnership Agreement resulting solely from the "Permitted Transfer" of partnership interests of Borrower as defined in and permitted by the Security Instrument.

Section 6.11. ERISA. Maintain, sponsor, contribute to or become obligated to contribute to, or suffer or permit any ERISA Affiliate of the Borrower to, maintain, sponsor, contribute to or become obligated to contribute to, any Plan, or permit the assets of the Borrower to become "plan assets," whether by operation of law or under regulations promulgated under ERISA.

Section 6.12. No Hedging Arrangements. Without the prior Written Consent of the Funding Lender or unless otherwise required by this Borrower Loan Agreement, the Borrower will not enter into or guarantee, provide security for or otherwise undertake any form of contractual obligation with respect to any interest rate swap, interest rate cap or other arrangement that has the effect of an interest rate swap or interest rate cap or that otherwise (directly or indirectly, derivatively or synthetically) hedges interest rate risk associated with being a debtor of variable rate debt or any agreement or other arrangement to enter into any of the above on a future date or after the occurrence of one or more events in the future.

Section 6.13. Loans and Investments; Distributions; Related Party Payments.

(a) Without the prior Written Consent of Funding Lender in each instance, Borrower shall not (i) lend money, make investments, or extend credit, other than in the ordinary course of its business as presently conducted; or (ii) repurchase, redeem or otherwise acquire any interest in Borrower, any Affiliate or any other Person owning an interest, directly or indirectly, in Borrower, or make any distribution, in cash or in kind, in respect of interests in Borrower, any Affiliate or any other Person owning an interest, directly or indirectly, in Borrower (except to the

extent permitted by the Security Instrument and subject to the limitations set forth in Section 5.27 hereof).

(b) Disbursements for fees and expenses of any Affiliate of Borrower and developer fees (however characterized) will only be paid to the extent that such fee or expense bears a proportionate relationship to the percentage of completion of the construction or rehabilitation, as the case may be, of the Improvements, as determined by the Construction Consultant, and only after deducting the applicable Retainage. Except as otherwise permitted hereunder or by the Funding Lender, no Disbursements for the Developer Fee or any "deferred developer fees" shall be made.

Section 6.14. Amendment of Related Documents or CC&R's. Without the prior Written Consent of Funding Lender in each instance, except as provided herein, Borrower shall not enter into or consent to any amendment, termination, modification, or other alteration of any of the Related Documents or any of the CC&R's (including, without limitation, those contained in the Borrower Loan Agreement, any Architect's Agreement or Engineer's Contract, any Construction Contract, and any Management Agreement, but excluding the Partnership Agreement, which is covered by Section 6.10), or any assignment, transfer, pledge or hypothecation of any of its rights thereunder, if any.

Section 6.15. Personal Property. Borrower shall not install materials, personal property, equipment or fixtures subject to any security agreement or other agreement or contract wherein the right is reserved to any Person other than Borrower to remove or repossess any such materials, equipment or fixtures, or whereby title to any of the same is not completely vested in Borrower at the time of installation, without Funding Lender's prior Written Consent; provided, however, that this Section 6.15 shall not apply to laundry equipment or other equipment that is owned by a third-party vendor and commercial tenants.

Section 6.16. Fiscal Year. Without Funding Lender's Written Consent, which shall not be unreasonably withheld, neither Borrower nor General Partner shall change the times of commencement or termination of its fiscal year or other accounting periods, or change its methods of accounting, other than to conform to GAAP.

Section 6.17. Publicity. Neither Borrower nor General Partner shall issue any publicity release or other communication to any print, broadcast or on-line media, post any sign or in any other way identify Funding Lender or any of its Affiliates as the source of the financing provided for herein, without the prior written approval of Funding Lender in each instance (provided that nothing herein shall prevent Borrower or General Partner from identifying Funding Lender or its Affiliates as the source of such financing to the extent that Borrower or General Partner are required to do so by disclosure requirements applicable to publicly held companies). Borrower and General Partner agree that no sign shall be posted on the Project in connection with the construction or rehabilitation of the Improvements unless such sign identifies Citigroup and its affiliates as the source of the financing provided for herein or Funding Lender consents to not being identified on any such sign.

Section 6.18. Subordinate Loan Documents. Without Funding Lender's prior written consent, Borrower will not surrender, terminate, cancel, modify, change, supplement, alter, amend, waive, release, assign, transfer, pledge or hypothecate any of its rights or remedies under the Subordinate Loan Documents.

DEFAULTS

Section 8.1. Events of Default. Each of the following events shall constitute an "Event of Default" under the Borrower Loan Agreement:

(a) failure by the Borrower to pay any Borrower Loan Payment in the manner and on the date such payment is due in accordance with the terms and provisions of the Borrower Note, or the failure by the Borrower to pay any Additional Payment on the date such payment is due in accordance with the terms and provisions of the Borrower Note, the Security Instrument, this Borrower Loan Agreement or any other Borrower Loan Document;

(b) failure by or on behalf of the Borrower to pay when due any amount (other than as provided in subsection (a) above or elsewhere in this Section 8.1) required to be paid by the Borrower under this Borrower Loan Agreement, the Borrower Note, the Security Instrument or any of the other Borrower Loan Documents or Funding Loan Documents, including a failure to repay any amounts that have been previously paid but are recovered, attached or enjoined pursuant to any insolvency, receivership, liquidation or similar proceedings, which default remains uncured for a period of five (5) days after Written Notice thereof shall have been given to the Borrower;

(c) an Event of Default, as defined by the Borrower Note, the Security Instrument or any other Borrower Loan Document, occurs (or to the extent an "Event of Default" is not defined in any other Borrower Loan Document, any default or breach by the Borrower or any Guarantor of its obligations, covenants, representations or warranties under such Borrower Loan Document occurs and any applicable notice and/or cure period has expired);

(d) any representation or warranty made by any of the Borrower, the Guarantor or the General Partner in any Borrower Loan Document or Funding Loan Document to which it is a party, or in any report, certificate, financial statement or other instrument, agreement or document furnished by the Borrower, the Guarantor or the General Partner in connection with any Borrower Loan Document or Funding Loan Document, shall be false or misleading in any material respect as of the Closing Date;

(h) the failure by Borrower or any ERISA Affiliate of Borrower to comply in all respects with ERISA, or the occurrence of any other event (with respect to the failure of Borrower or any ERISA Affiliate to pay any amount required to be paid under ERISA or with respect to the termination of, or withdrawal of Borrower or any ERISA Affiliate from, any employee benefit or welfare plan subject to ERISA) the effect of which is to impose upon Borrower (after giving effect to the tax consequences thereof) for the payment of any amount in excess of Fifty Thousand Dollars ($50,000);

(i) a Bankruptcy Event shall occur with respect to Borrower, any General Partner or Guarantor, or there shall be a change in the assets, liabilities or financial position of any such Person which has a material adverse effect upon the ability of such Person to perform such Person's obligations under this Borrower Loan Agreement, any other Borrower Loan Document or any Related Document, provided that any such Bankruptcy Event with respect to a Guarantor shall not constitute an Event of Default: (i) if such Bankruptcy Event occurs on or after the date upon which the Guaranty terminates in accordance with its terms (or the date upon which all of the Guaranties have terminated in accordance with their terms, if more than one Guaranty was executed by such Guarantor), or (ii) if such Bankruptcy Event occurs prior to the date upon which the Guaranty terminates in accordance with its terms (or the date upon which all of the Guaranties have terminated in accordance with their terms, if more than one Guaranty was executed by such Guarantor) and the Borrower replaces such Guarantor with a person or entity satisfying the Funding Lender's mortgage credit standards for principals and acceptable to the Funding Lender in its sole and absolute discretion within thirty (30) days after notice thereof from the Funding Lender;

(k) subject to Section 10.16 hereof, Borrower fails to pay when due any monetary obligation (other than pursuant to this Borrower Loan Agreement) to any Person in excess of $100,000, and such failure continues beyond the expiration of any applicable cure or grace periods;

(l) any material litigation or proceeding is commenced before any Governmental Authority against or affecting Borrower, any General Partner or Guarantor, or property of Borrower, any General Partner or Guarantor, or any part thereof, and such litigation or proceeding is not defended diligently and in good faith by Borrower, any General Partner or Guarantor, as applicable, provided that any such material litigation or proceeding against a Guarantor shall not constitute an Event of Default: (i) if such material litigation is commenced on or after the date upon which the Guaranty terminates in accordance with its terms (or the date upon which all of the Guaranties have terminated in accordance with their terms, if more than one Guaranty was executed by such Guarantor), or (ii) if such material litigation or proceeding is commenced prior to the date upon which the Guaranty terminates in accordance with its terms (or

(n) a final, un-appealable and uninsured money judgment or judgments, in favor of any Person other than a Governmental Authority, in the aggregate sum of $50,000 (if against Borrower or General Partner) or $100,000 (if against Guarantor) or more shall be rendered against Borrower, any General Partner or Guarantor, or against any of their respective assets, that is not paid, superseded or stayed (i) prior to completion of the construction or rehabilitation, as the case may be, of the Improvements, within ten (10) days after entry thereof or (ii) after completion of the construction or rehabilitation, as the case may be, of the Improvements, within thirty (30) days after entry thereof (or such longer period as may be permitted for payment by the terms of such judgment); or any levy of execution, writ or warrant of attachment, or similar process, is entered or filed against Borrower, any General Partner or Guarantor, or against any of their respective assets (that is likely to have a material adverse effect upon the ability of Borrower, any General Partner or Guarantor to perform their respective obligations under this Borrower Loan Agreement, any other Borrower Loan Document or any Related Document), and such judgment, writ, warrant or process shall remain unsatisfied, unsettled, unvacated, unhanded and unstayed (i) prior to completion of the construction or rehabilitation, as the case may be, of the Improvements, for a period of ten (10) days or (ii) after completion of the construction or rehabilitation, as the case may be, of the Improvements, for a period of thirty (30) days, or in any event later than five (5) Business Days prior to the date of any proposed sale thereunder, provided that any such judgment, levy, writ, warrant, attachment or similar process against a Guarantor shall not constitute an Event of Default: (i) if such judgment, levy, writ, warrant, attachment or similar process is entered on or after the date upon which the Guaranty terminates in accordance with its terms (or the date upon which all of the Guaranties have terminated in accordance with their terms, if more than one Guaranty was executed by such Guarantor), or (ii) if such judgment, levy, writ, warrant, attachment or similar process is entered prior to the date upon which the

Guaranty terminates in accordance with its terms (or the date upon which all of the Guaranties have terminated in accordance with their terms, if more than one Guaranty was executed by such Guarantor) and the Borrower replaces such Guarantor with a person or entity satisfying the Funding Lender's mortgage credit standards for principals and acceptable to the Funding Lender in its sole and absolute discretion within thirty (30) days after notice thereof from the Funding Lender;

(o) the inability of Borrower to satisfy any condition for the receipt of a Disbursement hereunder (other than an Event of Default specifically addressed in this Section 8.1) and failure to resolve the situation to the satisfaction of Funding Lender for a period in excess of thirty (30) days after Written Notice from Funding Lender unless (i) such inability shall have been caused by conditions beyond the control of Borrower, including, without limitation, acts of God or the elements, fire, strikes and disruption of shipping; (ii) Borrower shall have made adequate provision, acceptable to Funding Lender, for the protection of materials stored on-site or off-site and for the protection of the Improvements to the extent then constructed against deterioration and against other loss or damage or theft; (iii) Borrower shall furnish to Funding Lender satisfactory evidence that such cessation of construction or rehabilitation will not adversely affect or interfere with the rights of Borrower under labor and materials contracts or subcontracts relating to the construction or operation of the Improvements; and (iv) Borrower shall furnish to Funding Lender satisfactory evidence that the completion of the construction or rehabilitation of the Improvements can be accomplished by the Completion Date;

(p) the construction or rehabilitation of the Improvements is abandoned or halted prior to completion for any period of thirty (30) consecutive days, [unless Borrower has furnished to Funding Lender satisfactory evidence that the completion of the construction or rehabilitation of the Improvements can be accomplished by the Completion Date];

(q) Borrower shall fail to keep in force and effect any material permit, license, consent or approval required under this Borrower Loan Agreement, or any Governmental Authority with jurisdiction over the Mortgaged Property or the Project orders or requires that construction or rehabilitation of the Improvements be stopped, in whole or in part, or that any required approval, license or permit be withdrawn or suspended, and the order, requirement, withdrawal or suspension remains in effect for a period of thirty (30) days [unless Borrower has furnished to Funding Lender satisfactory evidence that the completion of the construction or rehabilitation of the Improvements can be accomplished by the Completion Date];

(v) an "Event of Default" or "Default" (as defined in the applicable agreement) shall occur under any of the Subordinate Loan Documents or the Redevelopment Agreement, after the expiration of all applicable notice and cure periods; or

(w) Borrower fails to obtain all grading, foundation, building and all other construction permits, licenses and authorizations from all applicable Government Authorities or third parties necessary for the completion of the construction or rehabilitation, as the case may be, of the Improvements, and the operation of, and access to, the Project, within [___] days after the Closing Date; or

(x) any failure by the Borrower to perform or comply with any of its obligations under this Borrower Loan Agreement (other than those specified in this Section 9.1), as and when required, which continues for a period of thirty (30) days after written notice of such failure by Funding Lender or the Servicer on its behalf to the Borrower; provided, however, if such failure is susceptible of cure but cannot reasonably be cured within such thirty (30) day period, and the Borrower shall have commenced to cure such failure within such thirty (30) day period and thereafter diligently and expeditiously proceeds to cure the same, such thirty (30) day period shall be extended for an additional period of time as is reasonably necessary for the Borrower in the exercise of due diligence to cure such failure, such additional period not to exceed sixty (60) days. However, no such notice or grace period shall apply to the extent such failure could, in the Funding Lender's judgment, absent immediate exercise by the Funding Lender of a right or remedy under this Borrower Loan Agreement, result in harm to the Funding Lender, impairment of the Borrower Note or this Borrower Loan Agreement or any security given under any other Borrower Loan Document.

(y) additionally, except with respect to any payment due on the Borrower Note and Additional Borrower Payments, (a) any Potential Default or Event of Default that occurs by reason of acts or omissions of a general partner of Borrower shall be deemed cured if such general partner of Borrower is replaced, within thirty (30) days after notice to Borrower of such Potential Default or Event of Default by Funding Lender, by a substitute general partner approved by Funding Lender in its sole discretion, except if such replacement is an affiliate of the Equity Investor, no such approval by Funding Lender shall be required, provided in either case such [replacement is approved by the Governmental Lender in the manner and to the extent provided in the Regulatory Agreement (as defined in the Funding Loan Agreement) and such] substitute general partner timely cures such Potential Default or Event of Default; and (b) any Potential Default or Event of Default that occurs which can be cured by replacement of any guarantor of the Borrower Loan shall be deemed cured if such guarantor is replaced by a substitute guarantor approved by Funding Lender in its sole discretion, which substitute guarantor executes such guaranty agreements requested by Funding Lender within thirty (30) days after notice to Borrower of such Potential Default or Event of Default by Funding Lender.

Section 8.2. Remedies.

Section 8.2.1 Acceleration. Upon the occurrence of an Event of Default (other than an Event of Default described in paragraph (e), (f) or (i) of Section 8.1) and at any time and from time to time thereafter, as long as such Event of Default continues to exist, in addition to any other rights or remedies available to the Governmental Lender pursuant to the Borrower Loan Documents or at law or in equity, the Funding Lender may, take such action, without notice or demand, as the Funding Lender deems advisable to protect and enforce its rights against the Borrower and in and to the Project, including declaring the Borrower Payment Obligations to be immediately due and payable (including, without limitation, the principal of, Prepayment Premium, if any, and interest on and all other amounts due on the

Borrower Note to be immediately due and payable), without notice or demand, and apply such payment of the Borrower Payment Obligations in any manner and in any order determined by Funding Lender, in Funding Lender's sole and absolute discretion; and upon any Event of Default described in paragraph (e), (f) or (i) of Section 8.1, the Borrower Payment Obligations shall become immediately due and payable, without notice or demand, and the Borrower hereby expressly waives any such notice or demand, anything contained in any Borrower Loan Document to the contrary notwithstanding. Notwithstanding anything herein to the contrary, enforcement of remedies hereunder and under the Funding Loan Agreement shall be controlled by the Funding Lender.

Section 8.2.2 Remedies Cumulative. Upon the occurrence of an Event of Default, all or any one or more of the rights, powers, privileges and other remedies available to the Funding Lender against the Borrower under the Borrower Loan Documents or at law or in equity may be exercised by the Funding Lender, at any time and from time to time, whether or not all or any of the Borrower Payment Obligations shall be declared due and payable, and whether or not the Funding Lender shall have commenced any foreclosure proceeding or other action for the enforcement of its rights and remedies under any of the Borrower Loan Documents. Any such actions taken by the Funding Lender shall be cumulative and concurrent and may be pursued independently, singly, successively, together or otherwise, at such time and in such order as the Funding Lender may determine in its sole discretion, to the fullest extent permitted by law, without impairing or otherwise affecting the other rights and remedies of the Funding Lender permitted by law, equity or contract or as set forth in the Borrower Loan Documents. Without limiting the generality of the foregoing, the Borrower agrees that if an Event of Default is continuing, all Liens and other rights, remedies or privileges provided to the Funding Lender shall remain in full force and effect until they have exhausted all of its remedies, the Security Instrument has been foreclosed, the Project has been sold and/or otherwise realized upon satisfaction of the Borrower Payment Obligations or the Borrower Payment Obligations has been paid in full. To the extent permitted by applicable law, nothing contained in any Borrower Loan Document shall be construed as requiring the Funding Lender to resort to any portion of the Project for the satisfaction of any of the Borrower Payment Obligations in preference or priority to any other portion, and the Funding Lender may seek satisfaction out of the entire Project or any part thereof, in its absolute discretion.

Notwithstanding any provision herein to the contrary, the Governmental Lender and the Funding Lender agrees that any cure of any default made or tendered by the Equity Investor shall be deemed to be a cure by the Borrower and shall be accepted or rejected on the same basis as if made or tendered by the Borrower.

Section 8.2.3 Delay. No delay or omission to exercise any remedy, right, power accruing upon an Event of Default, or the granting of any indulgence or compromise by the Funding Lender shall impair any such remedy, right or power hereunder or be construed as a waiver thereof, but any such remedy, right or power may be exercised from time to time and as often as may be deemed expedient. A waiver of one Potential Default or Event of Default shall not be construed to be a waiver of any subsequent Potential Default or Event of Default or to impair any remedy, right or power consequent thereon. Notwithstanding any other provision of this Borrower Loan Agreement, the Funding Lender reserves the right to seek a deficiency judgment or preserve a deficiency claim, in connection with the foreclosure of the Security Instrument to the extent necessary to foreclose on the Project, the Rents, the funds or any other collateral.

Section 8.2.4 Set Off; Waiver of Set Off. Upon the occurrence of an Event of Default, Funding Lender may, at any time and from time to time, without notice to Borrower or any other Person (any such notice being expressly waived), set off and appropriate and apply (against and on account of any obligations and liabilities of Borrower to Funding Lender arising under or connected with this Borrower Loan Agreement and the other Borrower Loan Documents and the Funding Loan

Documents, irrespective of whether or not Funding Lender shall have made any demand therefor, and although such obligations and liabilities may be contingent or unmatured), and Borrower hereby grants to Funding Lender, as security for the Payment Obligations, a security interest in, any and all deposits (general or special, including but not limited to Debt evidenced by certificates of deposit, whether matured or unmatured, but not including trust accounts) and any other Debt at any time held or owing by Funding Lender to or for the credit or the account of Borrower.

Section 8.2.5 Assumption of Obligations. In the event that the Funding Lender or its assignee or designee shall become the legal or beneficial owner of the Project by foreclosure or deed in lieu of foreclosure, such party shall succeed to the rights and the obligations of the Borrower under this Borrower Loan Agreement, the Borrower Note, the Regulatory Agreement, and any other Borrower Loan Documents and Funding Loan Documents to which the Borrower is a party. Such assumption shall be effective from and after the effective date of such acquisition and shall be made with the benefit of the limitations of liability set forth therein and without any liability for the prior acts of the Borrower.

Section 8.2.6 Accounts Receivable. Upon the occurrence and continuation of an Event of Default, Funding Lender shall have the right, to the extent permitted by law, to impound and take possession of books, records, notes and other documents evidencing Borrower's accounts, accounts receivable and other claims for payment of money, arising in connection with the Project, and to make direct collections on such accounts, accounts receivable and claims for the benefit of Funding Lender.

Section 8.2.7 Defaults under Other Documents. Funding Lender shall have the right to cure any default under any of the Related Documents [_and the Subordinate Loan Documents_], but shall have no obligation to do so.

Section 8.2.8 Abatement of Disbursements. Notwithstanding any provision to the contrary herein or any of the other Borrower Loan Documents or the Funding Loan Documents, Funding Lender's obligation to make further Disbursements shall abate (i) during the continuance of any Potential Default (unless the funding of the Disbursement would result in the cure of such Potential Default), (ii) after any disclosure to Funding Lender of any fact or circumstance that, absent such disclosure, would cause any representation or warranty of Borrower to fail to be true and correct in all material respects, unless and until Funding Lender elects to permit further Disbursements notwithstanding such event or circumstance; and (iii) upon the occurrence and continuation of any Event of Default.

Section 8.2.9 Completion of Improvements. Upon the occurrence and continuation of any Event of Default, Funding Lender shall have the right to cause an independent contractor selected by Funding Lender to enter into possession of the Project and to perform any and all work and labor necessary for the completion of the Project substantially in accordance with the Plans and Specifications, if any, and to perform Borrower's obligations under this Borrower Loan Agreement. All sums expended by Funding Lender for such purposes shall be deemed to have been disbursed to and borrowed by Borrower and shall be secured by the Security Documents.

Section 8.2.10 Right to Directly Enforce. Notwithstanding any other provision hereof to the contrary, the Funding Lender shall have the right to directly enforce all rights and remedies hereunder with or without involvement of the Governmental Lender, provided that only the Governmental Lender may enforce the Unassigned Rights and Funding Lender shall not impair Governmental Lender's enforcement of Unassigned Rights. In the event that any of the provisions set forth in this Section 8.2.10 are inconsistent with the covenants, terms and conditions of the Security Instrument, the covenants, terms and conditions of the Security Instrument shall prevail.

Section 8.2.11 Power of Attorney. Effective upon the occurrence of an Event of Default, and continuing until and unless such Event of Default is cured or waived, Borrower hereby constitutes and appoints Funding Lender, or an independent contractor selected by Funding Lender, as its true and lawful attorney-in-fact with full power of substitution, for the purposes of completion of the Project and performance of Borrower's obligations under this Borrower Loan Agreement in the name of Borrower, and hereby empowers said attorney-in-fact to do any or all of the following upon the occurrence and continuation of an Event of Default (it being understood and agreed that said power of attorney shall be deemed to be a power coupled with an interest which cannot be revoked until full payment and performance of all obligations under this Borrower Loan Agreement and the other Borrower Loan Documents and the Funding Loan Documents):

(a) to use any of the funds of Borrower or General Partner, including any balance of the Borrower Loan, as applicable, and any funds which may be held by Funding Lender for Borrower (including all funds in all deposit accounts in which Borrower has granted to Funding Lender a security interest), for the purpose of effecting completion of the construction or rehabilitation, as the case may be, of the Improvements, in the manner called for by the Plans and Specifications;

(b) to make such additions, changes and corrections in the Plans and Specifications as shall be necessary or desirable to complete the Project in substantially the manner contemplated by the Plans and Specifications;

(c) to employ any contractors, subcontractors, agents, architects and inspectors required for said purposes;

(d) to employ attorneys to defend against attempts to interfere with the exercise of power granted hereby;

(e) to pay, settle or compromise all existing bills and claims which are or may be liens against the Project, the Improvements or the Project, or may be necessary or desirable for the completion of the construction or rehabilitation, as the case may be, of the Improvements, or clearance of objections to or encumbrances on title;

(f) to execute all applications and certificates in the name of Borrower, which may be required by any other construction contract;

(g) to prosecute and defend all actions or proceedings in connection with the Project and to take such action, require such performance and do any and every other act as is deemed necessary with respect to the completion of the construction or rehabilitation, as the case may be, of the Improvements, which Borrower might do on its own behalf;

(h) to let new or additional contracts to the extent not prohibited by their existing contracts;

(i) to employ watchmen and erect security fences to protect the Project from injury; and

(j) to take such action and require such performance as it deems necessary under any of the bonds or insurance policies to be furnished hereunder, to make settlements and compromises with the sureties or insurers thereunder, and in connection therewith to execute instruments of release and satisfaction.

It is the intention of the parties hereto that upon the occurrence and continuance of an Event of Default, rights and remedies may be pursued pursuant to the terms of the Borrower Loan Documents and the Funding Loan Documents. The parties hereto acknowledge that, among the possible outcomes to the pursuit of such remedies, is the situation where the Funding Lender assignees or designees become the owner of the Project and assume the obligations identified above, and the Borrower Note, the Borrower Loan and the other Borrower Loan Documents and Funding Loan Documents remain outstanding.

ARTICLE IX
SPECIAL PROVISIONS

Section 9.1. Sale of Note and Secondary Market Transaction.

Section 9.1.1 Cooperation. Subject to the restrictions of Section 2.4(b) of the Funding Loan Agreement, at the Funding Lender's or the Servicer's request (to the extent not already required to be provided by the Borrower under this Borrower Loan Agreement), the Borrower shall use reasonable efforts to satisfy the market standards to which the Funding Lender or the Servicer customarily adheres or which may be reasonably required in the marketplace or by the Funding Lender or the Servicer in connection with one or more sales or assignments of all or a portion of the Governmental Lender Note or participations therein or securitizations of single or multi-class securities (the "Securities") secured by or evidencing ownership interests in all or a portion of the Borrower Loan (each such sale, assignment and/or securitization, a "Secondary Market Transaction"); provided that neither the Borrower nor the Governmental Lender shall incur any third party or other out-of-pocket costs and expenses in connection with a Secondary Market Transaction, including the costs associated with the delivery of any Provided Information or any opinion required in connection therewith, and all such costs shall be paid by the Funding Lender or the Servicer, and shall not materially modify Borrower's rights or obligations. Without limiting the generality of the foregoing, the Borrower shall, so long as the Borrower Loan is still outstanding:

(a) (i) provide such financial and other information with respect to the Borrower Loan, and with respect to the Project, the Borrower, the Manager, the contractor of the Project or the Borrower Controlling Entity, (ii) provide financial statements, audited, if available, relating to the Project with customary disclaimers for any forward looking statements or lack of audit, and (iii), at the expense of the Funding Lender or the Servicer, perform or permit or cause to be performed or permitted such site inspection, appraisals, surveys, market studies, environmental reviews and reports (Phase I's and, if appropriate, Phase II's), engineering reports and other due diligence investigations of the Project, as may be reasonably requested from time to time by the Funding Lender or the Servicer or the Rating Agencies or as may be necessary or appropriate in connection with a Secondary Market Transaction or Exchange Act requirements (the items provided to the Funding Lender or the Servicer pursuant to this paragraph (a) being called the "Provided Information"), together, if customary, with appropriate verification of and/or consents to the Provided Information through letters of auditors or opinions of counsel of independent attorneys acceptable to the Funding Lender or the Servicer and the Rating Agencies;

(b) make such representations and warranties as of the closing date of any Secondary Market Transaction with respect to the Project, the Borrower, the Borrower Loan Documents and the Funding Loan Documents reasonably acceptable to the Funding Lender or the Servicer, consistent with the facts covered by such representations and warranties as they exist on the date thereof; and

(c) execute such amendments to the Borrower Loan Documents and the Funding Loan Documents to accommodate such Secondary Market Transaction so long as such

amendment does not affect the material economic terms of the Borrower Loan Documents and the Funding Loan Documents and is not otherwise adverse to the Borrower in its reasonable discretion.

Section 9.1.2 Use of Information. The Borrower understands that certain of the Provided Information and the required records may be included in disclosure documents in connection with a Secondary Market Transaction, including a prospectus or private placement memorandum (each, a "Secondary Market Disclosure Document"), or provided or made available to investors or prospective investors in the Securities, the Rating Agencies and service providers or other parties relating to the Secondary Market Transaction. In the event that the Secondary Market Disclosure Document is required to be revised, the Borrower shall cooperate, subject to Section 9.1.1(c) hereof, with the Funding Lender and the Servicer in updating the Provided Information or required records for inclusion or summary in the Secondary Market Disclosure Document or for other use reasonably required in connection with a Secondary Market Transaction by providing all reasonably requested current information pertaining to the Borrower and the Project necessary to keep the Secondary Market Disclosure Document accurate and complete in all material respects with respect to such matters. The Borrower hereby consents to any and all such disclosures of such information.

Section 9.1.3 Borrower Obligations Regarding Secondary Market Disclosure Documents. In connection with a Secondary Market Disclosure Document, the Borrower shall provide, or in the case of a Borrower-engaged third party such as the Manager, cause it to provide, information reasonably requested by the Funding Lender pertaining to the Borrower, the Project or such third party (and portions of any other sections reasonably requested by the Funding Lender pertaining to the Borrower, the Project or the third party). The Borrower shall, if requested by the Funding Lender and the Servicer, certify in writing that the Borrower has carefully examined those portions of such Secondary Market Disclosure Document, pertaining to the Borrower, the Project or the Manager, and such portions (and portions of any other sections reasonably requested and pertaining to the Borrower, the Project or the Manager) do not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading; provided that the Borrower shall not be required to make any representations or warranties regarding any Provided Information obtained from a third party except with respect to information it provided to such parties. Furthermore, the Borrower hereby indemnifies the Funding Lender, the Governmental Lender and the Servicer for any Liabilities to which any such parties may become subject to the extent such Liabilities arise out of or are based upon the use of the Provided Information in a Secondary Market Disclosure Document; provided that the Borrower shall not provide any indemnification regarding any Provided Information obtained from unrelated third parties except with respect to information it provided to such parties.

Section 9.1.4 Borrower Indemnity Regarding Filings. In connection with filings under the Exchange Act or the Securities Act, the Borrower shall (i) indemnify Funding Lender, the Governmental Lender and the underwriter group for any securities (the "Underwriter Group") and all officials, employees and agents of any of them for any Liabilities to which Funding Lender, the Servicer or the Underwriter Group may become subject insofar as the Liabilities arise out of or are based upon the omission or alleged omission to state in the Provided Information of a material fact required to be stated in the Provided Information in order to make the statements in the Provided Information, in the light of the circumstances under which they were made not misleading and (ii) reimburse the Funding Lender, the Servicer, the Underwriter Group and other indemnified parties listed above for any legal or other expenses reasonably incurred by the Funding Lender, the Servicer or the Underwriter Group in connection with defending or investigating such Liabilities; provided that the Borrower shall not provide any indemnification regarding any Provided Information obtained from unrelated third parties except with respect to information it provided to such parties.

Section 9.1.5 Indemnification Procedure. Promptly after receipt by an indemnified party under Sections 9.1.3 and 9.1.4 hereof of notice of the commencement of any action for which a claim for indemnification is to be made against the Borrower, such indemnified party shall notify the Borrower in writing of such commencement, but the omission to so notify the Borrower will not relieve the Borrower from any liability that it may have to any indemnified party hereunder except to the extent that failure to notify causes prejudice to the Borrower. In the event that any action is brought against any indemnified party, and it notifies the Borrower of the commencement thereof, the Borrower will be entitled, jointly with any other indemnifying party, to participate therein and, to the extent that it (or they) may elect by Written Notice delivered to the indemnified party promptly after receiving the aforesaid notice of commencement, to assume the defense thereof with counsel selected by the Borrower and reasonably satisfactory to such indemnified party in its sole discretion. After notice from the Borrower to such indemnified party under this Section 9.1.5, the Borrower shall not be responsible for any legal or other expenses subsequently incurred by such indemnified party in connection with the defense thereof other than reasonable costs of investigation. No indemnified party shall settle or compromise any claim for which the Borrower may be liable hereunder without the prior Written Consent of the Borrower.

Section 9.1.6 Contribution. In order to provide for just and equitable contribution in circumstances in which the indemnity agreement provided for in Section 9.1.4 hereof is for any reason held to be unenforceable by an indemnified party in respect of any Liabilities (or action in respect thereof) referred to therein which would otherwise be indemnifiable under Section 9.1.4 hereof, the Borrower shall contribute to the amount paid or payable by the indemnified party as a result of such Liabilities (or action in respect thereof); provided, however, that no Person guilty of fraudulent misrepresentation (within the meaning of Section 10(f) of the Securities Act) shall be entitled to contribution from any Person not guilty of such fraudulent misrepresentation. In determining the amount of contribution to which the respective parties are entitled, the following factors shall be considered: (i) the indemnified parties and the Borrower's relative knowledge and access to information concerning the matter with respect to which the claim was asserted; (ii) the opportunity to correct and prevent any statement or omission; and (iii) any other equitable considerations appropriate in the circumstances. The parties hereto hereby agree that it may not be equitable if the amount of such contribution were determined by pro rata or per capita allocation.

Any party may change such party's address for the notice or demands required under this Borrower Loan Agreement by providing written notice of such change of address to the other parties by written notice as provided herein.

Section 10.2. Brokers and Financial Advisors. The Borrower hereby represents that it has dealt with no financial advisors, brokers, underwriters, placement agents, agents or finders in connection with the Borrower Loan, other than those disclosed to the Funding Lender and whose fees shall be paid by the Borrower pursuant to separate agreements. The Borrower and the Funding Lender shall indemnify and hold the other harmless from and against any and all claims, liabilities, costs and expenses of any kind in any way relating to or arising from a claim by any Person that such Person acted on behalf of the indemnifying party in connection with the transactions contemplated herein. The provisions of this Section 10.2 shall survive the expiration and termination of this Borrower Loan Agreement and the repayment of the Borrower Payment Obligations.

Section 10.3. Survival. This Borrower Loan Agreement and all covenants, agreements, representations and warranties made herein and in the certificates delivered pursuant hereto shall survive the making by the Governmental Lender of the Borrower Loan and the execution and delivery to the Governmental Lender of the Borrower Note and the assignment of the Borrower Note to the Funding Lender, and shall continue in full force and effect so long as all or any of the Borrower Payment Obligations is unpaid. All the Borrower's covenants and agreements in this Borrower Loan Agreement shall inure to the benefit of the respective legal representatives, successors and assigns of the Governmental Lender, the Funding Lender and the Servicer.

Section 10.4. Preferences. The Governmental Lender shall have the continuing and exclusive right to apply or reverse and reapply any and all payments by the Borrower to any portion of the Borrower Payment Obligations. To the extent the Borrower makes a payment to the Governmental Lender or the Servicer, or the Governmental Lender or the Servicer receives proceeds of any collateral,

which is in whole or part subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be repaid to a trustee, receiver or any other party under any bankruptcy law, state or federal law, common law or equitable cause, then, to the extent of such payment or proceeds received, the Borrower Payment Obligations or part thereof intended to be satisfied shall be revived and continue in full force and effect, as if such payment or proceeds had not been received by the Governmental Lender or the Servicer.

Section 10.5. Waiver of Notice. The Borrower shall not be entitled to any notices of any nature whatsoever from the Funding Lender or the Servicer except with respect to matters for which this Borrower Loan Agreement or any other Borrower Loan Document specifically and expressly provides for the giving of notice by the Funding Lender or the Servicer, as the case may be, to the Borrower and except with respect to matters for which the Borrower is not, pursuant to applicable Legal Requirements, permitted to waive the giving of notice. The Borrower hereby expressly waives the right to receive any notice from the Funding Lender or the Servicer, as the case may be, with respect to any matter for which no Borrower Loan Document specifically and expressly provides for the giving of notice by the Funding Lender or the Servicer to the Borrower.

Section 10.6. Offsets, Counterclaims and Defenses. The Borrower hereby waives the right to assert a counterclaim, other than a compulsory counterclaim, in any action or proceeding brought against it by the Funding Lender or the Servicer with respect to a Borrower Loan Payment. Any assignee of Funding Lender's interest in and to the Borrower Loan Documents or the Funding Loan Documents shall take the same free and clear of all offsets, counterclaims or defenses that are unrelated to the Borrower Loan Documents or the Funding Loan Documents which the Borrower may otherwise have against any assignor of such documents, and no such unrelated offset, counterclaim or defense shall be interposed or asserted by the Borrower in any action or proceeding brought by any such assignee upon such documents, and any such right to interpose or assert any such unrelated offset, counterclaim or defense in any such action or proceeding is hereby expressly waived by the Borrower.

Section 10.7. Publicity. The Funding Lender and the Servicer (and any Affiliates of either party) shall have the right to issue press releases, advertisements and other promotional materials describing the Funding Lender's or the Servicer's participation in the making of the Borrower Loan or the Borrower Loan's inclusion in any Secondary Market Transaction effectuated by the Funding Lender or the Servicer or one of its or their Affiliates. All news releases, publicity or advertising by the Borrower or its Affiliates through any media intended to reach the general public, which refers to the Borrower Loan Documents or the Funding Loan Documents, the Borrower Loan, the Funding Lender or the Servicer in a Secondary Market Transaction, shall be subject to the prior Written Consent of the Funding Lender or the Servicer, as applicable.

Section 10.8. Construction of Documents. The parties hereto acknowledge that they were represented by counsel in connection with the negotiation and drafting of the Borrower Loan Documents and the Funding Loan Documents and that the Borrower Loan Documents and the Funding Loan Documents shall not be subject to the principle of construing their meaning against the party that drafted them.

Section 10.9. No Third Party Beneficiaries. The Borrower Loan Documents and the Funding Loan Documents are solely for the benefit of the Governmental Lender, the Funding Lender, the Servicer and the Borrower and, with respect to Sections 9.1.3 and 9.1.4 hereof, the Underwriter Group, and nothing contained in any Borrower Loan Document shall be deemed to confer upon anyone other than the Governmental Lender, the Funding Lender, the Servicer, and the Borrower any right to insist upon or to enforce the performance or observance of any of the obligations contained therein.

Section 10.10. Assignment. The Borrower Loan, the Security Instrument, the Borrower Loan Documents and the Funding Loan Documents and all Funding Lender's rights, title, obligations and interests therein may be assigned by the Funding Lender, at any time in its sole discretion, whether by operation of law (pursuant to a merger or other successor in interest) or otherwise. Upon such assignment, all references to Funding Lender in this Borrower Loan Agreement and in any Borrower Loan Document shall be deemed to refer to such assignee or successor in interest and such assignee or successor in interest shall thereafter stand in the place of the Funding Lender. Borrower shall accord full recognition to any such assignment, and all rights and remedies of Funding Lender in connection with the interest so assigned shall be as fully enforceable by such assignee as they were by Funding Lender before such assignment. In connection with any proposed assignment, Funding Lender may disclose to the proposed assignee any information that Borrower has delivered, or caused to be delivered, to Funding Lender with reference to Borrower, General Partner Guarantor or any Affiliate, or the Project, including information that Borrower is required to deliver to Funding Lender pursuant to this Borrower Loan Agreement, provided that such proposed assignee agrees to treat such information as confidential. The Borrower may not assign its rights, interests or obligations under this Borrower Loan Agreement or under any of the Borrower Loan Documents or Funding Loan Documents, or Borrower's interest in any moneys to be disbursed or advanced hereunder, except only as may be expressly permitted hereby.

Section 10.11. [Intentionally Omitted].

Section 10.12. Governmental Lender, Funding Lender and Servicer Not in Control; No Partnership. None of the covenants or other provisions contained in this Borrower Loan Agreement shall, or shall be deemed to, give the Governmental Lender, the Funding Lender or the Servicer the right or power to exercise control over the affairs or management of the Borrower, the power of the Governmental Lender, the Funding Lender and the Servicer being limited to the rights to exercise the remedies referred to in the Borrower Loan Documents and the Funding Loan Documents. The relationship between the Borrower and the Governmental Lender, the Funding Lender and the Servicer is, and at all times shall remain, solely that of debtor and creditor. No covenant or provision of the Borrower Loan Documents or the Funding Loan Documents is intended, nor shall it be deemed or construed, to create a partnership, joint venture, agency or common interest in profits or income between the Borrower and the Governmental Lender, the Funding Lender or the Servicer or to create an equity in the Project in the Governmental Lender, the Funding Lender or the Servicer. Neither the Governmental Lender, the Funding Lender nor the Servicer undertakes or assumes any responsibility or duty to the Borrower or to any other person with respect to the Project or the Borrower Loan, except as expressly provided in the Borrower Loan Documents or the Funding Loan Documents; and notwithstanding any other provision of the Borrower Loan Documents and the Funding Loan Documents: (1) the Governmental Lender, the Funding Lender and the Servicer are not, and shall not be construed as, a partner, joint venturer, alter ego, manager, controlling person or other business associate or participant of any kind of the Borrower or its stockholders, members, or partners and the Governmental Lender, the Funding Lender and the Servicer do not intend to ever assume such status; (2) the Governmental Lender, the Funding Lender and the Servicer shall in no event be liable for any the Borrower Payment Obligations, expenses or losses incurred or sustained by the Borrower; and (3) the Governmental Lender, the Funding Lender and the Servicer shall not be deemed responsible for or a participant in any acts, omissions or decisions of the Borrower, the Borrower Controlling Entities or its stockholders, members, or partners. The Governmental Lender, the Funding Lender and the Servicer and the Borrower disclaim any intention to create any partnership, joint venture, agency or common interest in profits or income between the Governmental Lender, the Funding Lender, the Servicer and the Borrower, or to create an equity in the Project in the Funding Lender or the Servicer, or any sharing of liabilities, losses, costs or expenses.

Section 10.13. Release. The Borrower hereby acknowledges that it is executing this Borrower Loan Agreement and each of the Borrower Loan Documents and the Funding Loan Documents to which it is a party as its own voluntary act free from duress and undue influence.

Section 10.14. Term of Borrower Loan Agreement. This Borrower Loan Agreement shall be in full force and effect until all payment obligations of the Borrower hereunder have been paid in full and the Borrower Loan and the Funding Loan have been retired or the payment thereof has been provided for; except that on and after payment in full of the Borrower Note, this Borrower Loan Agreement shall be terminated, without further action by the parties hereto; provided, however, that the obligations of the Borrower under Sections 5.11 (Governmental Lender's Fees), 5.14 (Expenses), 5.15 (Indemnity), 9.1.3, 9.1.4, 9.1.5, 9.1.6 and 10.15 (Reimbursement of Expenses) hereof, as well as under Section 5.7 of the Construction Funding Agreement, shall survive the termination of this Borrower Loan Agreement.

Section 10.15. Reimbursement of Expenses. If, upon or after the occurrence of any Event of Default or Potential Default, the Governmental Lender, the Funding Lender or the Servicer shall employ attorneys or incur other expenses for the enforcement of performance or observance of any obligation or agreement on the part of the Borrower contained herein, the Borrower will on demand therefor reimburse the Governmental Lender, the Funding Lender and the Servicer for fees of such attorneys and such other expenses so incurred.

The Borrower's obligation to pay the amounts required to be paid under this Section 10.15 shall be subordinate to its obligations to make payments under the Borrower Note.

Section 10.16. Permitted Contests. Notwithstanding anything to the contrary contained in this Borrower Loan Agreement, Borrower shall have the right to contest or object in good faith to any claim, demand, levy or assessment (other than in respect of Debt or Contractual Obligations of Borrower under any Borrower Loan Document or Related Document) by appropriate legal proceedings that are not prejudicial to Funding Lender's rights, but this shall not be deemed or construed as in any way relieving, modifying or providing any extension of time with respect to Borrower's covenant to pay and comply with any such claim, demand, levy or assessment, unless Borrower shall have given prior Written Notice to the Governmental Lender and the Funding Lender of Borrower's intent to so contest or object thereto, and unless (i) Borrower has, in the Governmental Lender's and the Funding Lender's judgment, a reasonable basis for such contest, (ii) Borrower pays when due any portion of the claim, demand, levy or assessment to which Borrower does not object, (iii) Borrower demonstrates to Funding Lender's satisfaction that such legal proceedings shall conclusively operate to prevent enforcement prior to final determination of such proceedings, (iv) Borrower furnishes such bond, surety, undertaking or other security in connection therewith as required by law, or as requested by and satisfactory to Funding Lender, to stay such proceeding, which bond, surety, undertaking or other security shall be issued by a bonding company, insurer or surety company reasonably satisfactory to Funding Lender and shall be sufficient to cause the claim, demand, levy or assessment to be insured against by the Title Company or removed as a lien against the Project, (v) Borrower at all times prosecutes the contest with due diligence, and (vi) Borrower pays, promptly following a determination of the amount of such claim, demand, levy or assessment due and owing by Borrower, the amount so determined to be due and owing by Borrower. In the event that Borrower does not make, promptly following a determination of the amount of such claim, demand, levy or assessment due and owing by Borrower, any payment required to be made pursuant to clause (vi) of the preceding sentence, an Event of Default shall have occurred, and Funding Lender may draw or realize upon any bond or other security delivered to Funding Lender in connection with the contest by Borrower, in order to make such payment.

Section 10.17. Funding Lender Approval of Instruments and Parties. All proceedings taken in accordance with transactions provided for herein, and all surveys, appraisals and documents required or

contemplated by this Borrower Loan Agreement and the persons responsible for the execution and preparation thereof, shall be satisfactory to and subject to approval by Funding Lender. Funding Lender's approval of any matter in connection with the Project shall be for the sole purpose of protecting the security and rights of Funding Lender. No such approval shall result in a waiver of any default of Borrower. In no event shall Funding Lender's approval be a representation of any kind with regard to the matter being approved.

Section 10.18. Funding Lender Determination of Facts. Funding Lender shall at all times be free to establish independently, to its reasonable satisfaction, the existence or nonexistence of any fact or facts, the existence or nonexistence of which is a condition of this Borrower Loan Agreement.

Section 10.19. Calendar Months. With respect to any payment or obligation that is due or required to be performed within a specified number of Calendar Months after a specified date, such payment or obligation shall become due on the day in the last of such specified number of Calendar Months that corresponds numerically to the date so specified; provided, however, that with respect to any obligation as to which such specified date is the 29th, 30th or 31st day of any Calendar Month: if the Calendar Month in which such payment or obligation would otherwise become due does not have a numerically corresponding date, such obligation shall become due on the first day of the next succeeding Calendar Month.

Section 10.20. Determinations by Lender. Except to the extent expressly set forth in this Borrower Loan Agreement to the contrary, in any instance where the consent or approval of the Governmental Lender and the Funding Lender may be given or is required, or where any determination, judgment or decision is to be rendered by the Governmental Lender and the Funding Lender under this Borrower Loan Agreement, the granting, withholding or denial of such consent or approval and the rendering of such determination, judgment or decision shall be made or exercised by the Governmental Lender and the Funding Lender, as applicable (or its designated representative) at its sole and exclusive option and in its sole and absolute discretion.

Section 10.21. Governing Law. This Borrower Loan Agreement shall be governed by and enforced in accordance with the laws of the State, without giving effect to the choice of law principles of the State that would require the application of the laws of a jurisdiction other than the State.

Section 10.22. Consent to Jurisdiction and Venue. Borrower agrees that any controversy arising under or in relation to this Borrower Loan Agreement shall be litigated exclusively in the State. The state and federal courts and authorities with jurisdiction in the State shall have exclusive jurisdiction over all controversies which shall arise under or in relation to this Borrower Loan Agreement. Borrower irrevocably consents to service, jurisdiction, and venue of such courts for any such litigation and waives any other venue to which it might be entitled by virtue of domicile, habitual residence or otherwise. However, nothing herein is intended to limit Beneficiary Parties' right to bring any suit, action or proceeding relating to matters arising under this Borrower Loan Agreement against Borrower or any of Borrower's assets in any court of any other jurisdiction.

Section 10.23. Successors and Assigns. This Borrower Loan Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, legal representatives, successors, successors-in-interest and assigns, as appropriate. The terms used to designate any of the parties herein shall be deemed to include the heirs, legal representatives, successors, successors-in-interest and assigns, as appropriate, of such parties. References to a "person" or "persons" shall be deemed to include individuals and entities.

Section 10.24. Severability. The invalidity, illegality or unenforceability of any provision of this Borrower Loan Agreement shall not affect the validity, legality or enforceability of any other provision, and all other provisions shall remain in full force and effect.

Section 10.25. Entire Agreement; Amendment and Waiver. This Borrower Loan Agreement contains the complete and entire understanding of the parties with respect to the matters covered. This Borrower Loan Agreement may not be amended, modified or changed, nor shall any waiver of any provision hereof be effective, except by a written instrument signed by the party against whom enforcement of the waiver, amendment, change, or modification is sought, and then only to the extent set forth in that instrument. No specific waiver of any of the terms of this Borrower Loan Agreement shall be considered as a general waiver. Without limiting the generality of the foregoing, no Disbursement shall constitute a waiver of any conditions to the Governmental Lender's or the Funding Lender's obligation to make further Disbursements nor, in the event Borrower is unable to satisfy any such conditions, shall any such waiver have the effect of precluding the Governmental Lender or the Funding Lender from thereafter declaring such inability to constitute a Potential Default or Event of Default under this Borrower Loan Agreement.

Section 10.26. Counterparts. This Borrower Loan Agreement may be executed in multiple counterparts, each of which shall constitute an original document and all of which together shall constitute one agreement.

Section 10.27. Captions. The captions of the sections of this Borrower Loan Agreement are for convenience only and shall be disregarded in construing this Borrower Loan Agreement.

Section 10.28. Servicer. Borrower hereby acknowledges and agrees that, pursuant to the terms of Section 39 of the Security Instrument: (a) from time to time, the Governmental Lender or the Funding Lender may appoint a servicer to collect payments, escrows and deposits, to give and to receive notices under the Borrower Note, this Borrower Loan Agreement or the other Borrower Loan Documents, and to otherwise service the Borrower Loan and (b) unless Borrower receives Written Notice from the Governmental Lender or the Funding Lender to the contrary, any action or right which shall or may be taken or exercised by the Governmental Lender or the Funding Lender may be taken or exercised by such servicer with the same force and effect.

Section 10.29. Beneficiary Parties as Third Party Beneficiary. Each of the Beneficiary Parties shall be a third party beneficiary of this Borrower Loan Agreement for all purposes.

Section 10.30. Waiver of Trial by Jury. TO THE MAXIMUM EXTENT PERMITTED UNDER APPLICABLE LAW, EACH OF BORROWER AND THE BENEFICIARY PARTIES (A) COVENANTS AND AGREES NOT TO ELECT A TRIAL BY JURY WITH RESPECT TO ANY ISSUE ARISING OUT OF THIS BORROWER LOAN AGREEMENT OR THE RELATIONSHIP BETWEEN THE PARTIES THAT IS TRIABLE OF RIGHT BY A JURY AND (B) WAIVES ANY RIGHT TO TRIAL BY JURY WITH RESPECT TO SUCH ISSUE TO THE EXTENT THAT ANY SUCH RIGHT EXISTS NOW OR IN THE FUTURE. THIS WAIVER OF RIGHT TO TRIAL BY JURY IS SEPARATELY GIVEN BY EACH PARTY, KNOWINGLY AND VOLUNTARILY WITH THE BENEFIT OF COMPETENT LEGAL COUNSEL.

Section 10.31. Time of the Essence. Time is of the essence with respect to this Borrower Loan Agreement.

Section 10.32. Modifications. Modifications (if any) to this Borrower Loan Agreement ("Modifications") are set forth on Exhibit __ attached to this Borrower Loan Agreement. In the event of a

Transfer under the terms of the Security Instrument, some or all of the Modifications to this Borrower Loan Agreement may be modified or rendered void by the Governmental Lender or the Funding Lender at its option by notice to Borrower or such transferee.

Section 10.33. Reference Date. This Borrower Loan Agreement is dated for reference purposes only as of the first day of _____, 2013, and will not be effective and binding on the parties hereto unless and until the Closing Date (as defined herein) occurs.

ARTICLE XI
LIMITATIONS ON LIABILITY

Section 11.1. Limitation on Liability. Notwithstanding anything to the contrary herein, the liability of the Borrower hereunder and under the other Borrower Loan Documents and the Funding Loan Documents shall be limited to the extent set forth in the Borrower Note.

Section 11.2. Limitation on Liability of Governmental Lender. The Funding Loan, and interest thereon, are special, limited obligations of the Governmental Lender, payable solely from the Security pledged under the Funding Loan Agreement. The Funding Loan is not a general indebtedness of the Governmental Lender or a charge against its general credit or the general credit taxing powers of the State, the Governmental Lender, or any other political subdivision thereof, and shall never give rise to any pecuniary liability of the Governmental Lender, and neither the Governmental Lender, the State nor any other political subdivision thereof shall be liable for the payments of principal and interest on the Funding Loan, and the Funding Loan is payable from no other source, but are special, limited obligations of the Governmental Lender, payable solely out of the security pledged hereunder and receipts of the Governmental Lender derived pursuant to this Funding Loan Agreement (and not against any money due or to become due to the Governmental Lender pursuant to Unassigned Rights). No holder of the Funding Loan or any interest therein has the right to compel any exercise of the taxing power of the State, the Governmental Lender or any other political subdivision thereof to pay the Funding Loan or the interest thereon.

No recourse shall be had for the payment of the principal of, premium, if any, or the interest on the Funding Loan or for any claim based thereon or any obligation, covenant or agreement in this Funding Loan Agreement against any official of the Governmental Lender, or any official, officer, agent, employee or independent contractor of the Governmental Lender or any person executing this Borrower Loan Agreement. No covenant, stipulation, promise, agreement or obligation contained in this Borrower Loan Agreement or any other document executed in connection herewith shall be deemed to be the covenant, stipulation, promise, agreement or obligation of any present or future official, officer, agent or employee of the Governmental Lender in his or her individual capacity and neither any official of the Governmental Lender nor any officers executing this Borrower Loan Agreement shall be liable personally or be subject to any personal liability or accountability by reason of this Borrower Loan Agreement.

Section 11.3. Waiver of Personal Liability. No member, officer, agent or employee of the Governmental Lender or any director, officer, agent or employee of the Governmental Lender shall be individually or personally liable for the payment of any principal (or prepayment price) of or interest on the Governmental Lender Note or any other sum hereunder or be subject to any personal liability or accountability by reason of the execution and delivery of this Borrower Loan Agreement; but nothing herein contained shall relieve any such member, director, officer, agent or employee from the performance of any official duty provided by law or by this Borrower Loan Agreement.

Section 11.4. Limitation on Liability of Funding Lender's Officers, Employees, Etc.

(a) Borrower assumes all risks of the acts or omissions of the Governmental Lender and the Funding Lender (except to the extent that such acts or omissions constitute gross negligence or wilful misconduct), provided, however, this assumption is not intended to, and shall not, preclude Borrower from pursuing such rights and remedies as it may have against the Governmental Lender and the Funding Lender at law or under any other agreement. None of Governmental Lender and the Funding Lender, nor the other Beneficiary Parties or their respective officers, directors, employees or agents shall be liable or responsible for (i) for any acts or omissions of the Governmental Lender and the Funding Lender; or (ii) the validity, sufficiency or genuineness of any documents, or endorsements, even if such documents should in fact prove to be in any or all respects invalid, insufficient, fraudulent or forged. In furtherance and not in limitation of the foregoing, the Governmental Lender and the Funding Lender may accept documents that appear on their face to be in order, without responsibility for further investigation, regardless of any notice or information to the contrary, unless acceptance in light of such notice or information constitutes gross negligence or willful misconduct on the part of the Governmental Lender and the Funding Lender.

(b) None of the Governmental Lender the Funding Lender, the other Beneficiary Parties or any of their respective officers, directors, employees or agents shall be liable to any contractor, subcontractor, supplier, laborer, architect, engineer or any other party for services performed or materials supplied in connection with the Project. The Governmental Lender and the Funding Lender shall not be liable for any debts or claims accruing in favor of any such parties against Borrower or others or against the Project. Borrower is not and shall not be an agent of the Governmental Lender and the Funding Lender for any purpose. Neither the Governmental Lender nor the Funding Lender is a joint venture partner with Borrower in any manner whatsoever. Prior to default by Borrower under this Borrower Loan Agreement and the exercise of remedies granted herein, the Governmental Lender and the Funding Lender shall not be deemed to be in privity of contract with any contractor or provider of services to the Project, nor shall any payment of funds directly to a contractor, subcontractor or provider of services be deemed to create any third party beneficiary status or recognition of same by the Governmental Lender and the Funding Lender. Approvals granted by the Governmental Lender and the Funding Lender for any matters covered under this Borrower Loan Agreement shall be narrowly construed to cover only the parties and facts identified in any written approval or, if not in writing, such approvals shall be solely for the benefit of Borrower.

(c) Any obligation or liability whatsoever of the Governmental Lender and the Funding Lender that may arise at any time under this Borrower Loan Agreement or any other Borrower Loan Document shall be satisfied, if at all, out of the Funding Lender's assets only. No such obligation or liability shall be personally binding upon, nor shall resort for the enforcement thereof be had to, the Project or any of the Governmental Lender's or the Funding Lender's shareholders (if any), directors, officers, employees or agents, regardless of whether such obligation or liability is in the nature of contract, tort or otherwise.

Section 11.5. Delivery of Reports, Etc. The delivery of reports, information and documents to the Governmental Lender and the Funding Lender as provided herein is for informational purposes only and the Governmental Lender's and the Funding Lender's receipt of such shall not constitute constructive knowledge of any information contained therein or determinable from information contained therein. The Governmental Lender and the Funding Lender shall have no duties or responsibilities except those that are specifically set forth herein, and no other duties or obligations shall be implied in this Borrower Loan Agreement against the Governmental Lender and the Funding Lender.

LAND USE RESTRICTION AGREEMENT

THIS LAND USE RESTRICTION AGREEMENT (this "Agreement"), entered into as of _____ 1, 2013, by and between the CITY OF CHICAGO, a municipality and home rule unit of local government duly organized and validly existing under the Constitution and laws of the State of Illinois (the "Issuer"), and Rosenwald Courts Apartments, LP, an Illinois limited partnership (the "Borrower").

WITNESSETH:

WHEREAS, pursuant to a Funding Loan Agreement, dated as of _____ 1, 2013 (the "Funding Loan Agreement") between the Issuer, the Borrower and Citibank, N.A. (the "Funding Lender") and an ordinance adopted by the Issuer on _____, 2013 (the "Note Ordinance"), the Funding Lender will advance funds (the "Funding Loan") in an aggregate principal amount not to exceed Fifty-Eight Million Six Hundred Thousand and 00/100 Dollars ($58,600,000) and the Issuer will execute and deliver a promissory note (the "Governmental Lender Note") evidencing the obligation to repay the Funding Loan.

WHEREAS, the Funding Loan and the Governmental Lender Note, together with interest thereon (the "Obligations"), shall be limited obligations of the City secured under the Funding Loan Agreement for the benefit of the Funding Lender, and will be payable from the loan payments received by the City pursuant to a loan agreement (the "Borrower Loan Agreement") between the City and the Borrower, pursuant to which the City will loan the proceeds of the Funding Loan to the Borrower (the "Borrower Loan") the proceeds of which will be used by the Borrower to finance the acquisition, construction and equipping of a "qualified residential rental project" within the meaning of Section 142 of the Internal Revenue Code of 1986, as amended (the "Code") located in Chicago, Illinois (the "Residential Project") on the real property described on Exhibit A attached hereto.

WHEREAS, in order to assure the Issuer and the owners of the Obligations that interest on the Obligations will be excluded from gross income for federal income tax purposes under the Code, and to further the public purposes of the Issuer, certain restrictions on the use and occupancy of the Residential Project under the Code must be established;

NOW, THEREFORE, in consideration of the mutual promises and covenants hereinafter set forth, and of other valuable consideration, the Borrower and the Issuer agree as follows:

Section 1. Term of Restrictions. (a) Occupancy Restrictions: With respect to the Residential Project, the term of the Occupancy Restrictions set forth in **Section 3** hereof shall commence on the later of the first day on which at least ten percent (10%) of the units in the Residential Project are first occupied or the issue date of the Obligations, and shall end on the latest of (i) the date which is fifteen (15) years after the date on which at least fifty percent (50%) of the units in the Residential Project are first occupied; (ii) the first date on which no tax-exempt obligation (including any refunding obligation) issued and / or executed and delivered with respect to the Residential Project is outstanding; or (iii) the date on which any project-based housing assistance provided with respect to the Residential Project under Section 8 of the United States Housing Act of 1937, as amended, terminates (which period is hereinafter referred to, with respect to the Residential Project, as the "Qualified Project Period" for the Residential Project).

(b) Rental Restrictions: The Rental Restrictions set forth in **Section 4** hereof shall remain in effect during the Qualified Project Period set forth in paragraph (a) of this **Section 1**.

(c) Involuntary Loss or Substantial Destruction: The Occupancy Restrictions set forth in **Section 3** hereof, and the Rental Restrictions set forth in **Section 4** hereof, shall cease to apply to the Residential Project in the event of involuntary noncompliance caused by fire, seizure, requisition, foreclosure, transfer of title by deed in lieu of foreclosure, change in federal law or an action of a federal agency after the date of delivery of the Obligations, which prevents the Issuer from enforcing the Occupancy Restrictions and the Rental Restrictions, or condemnation or similar event, but only if, within a reasonable time period, (i) the portion of the Obligations allocable to the Residential Project (as determined by a firm of nationally recognized bond counsel acceptable to the Issuer) is promptly retired, or amounts received as a consequence of such event are used to provide a new project which meets all of the requirements of this Agreement, which new project is subject to new restrictions substantially equivalent to those contained in this Agreement, and which is substituted in place of the Residential Project by amendment of this Agreement; and (ii) an opinion from nationally recognized bond counsel (acceptable to the Issuer) is received to the effect that noncompliance with the Occupancy Restrictions and the Rental Restrictions as a result of such involuntary loss or substantial destruction resulting from an unforeseen event will not adversely affect the exclusion from the gross income of the owners thereof for purposes of federal income taxation of the interest on the Obligations; provided, however, that the preceding provisions of this paragraph shall cease to apply in the case of such involuntary noncompliance caused by foreclosure, transfer of title by deed in lieu of foreclosure or similar event if at any time during the Qualified Project Period subsequent to such event the Borrower or any Related Party (as defined in Section 147(a)(2) of the Code) obtains an ownership interest in the Residential Project for federal income tax purposes.

(d) Termination: This Agreement shall terminate upon the earliest of (i) termination of the Occupancy Restrictions and the Rental Restrictions, as provided in paragraphs (a) and (b) of this **Section 1**; or (ii) delivery to the Issuer and the Borrower of an opinion of nationally recognized bond counsel (acceptable to the Issuer) to the effect that continued compliance with the Rental Restrictions and Occupancy Restrictions on the Residential Project is not required in order for interest on the Obligations to remain excludible from gross income of the owners thereof for federal income tax purposes.

(e) Certification: Upon termination of this Agreement, in whole or in part, the Borrower and the Issuer shall execute and the parties shall cause to be recorded (at the Borrower's expense), in all offices in which this Agreement was recorded, a certificate of termination, specifying which of the restrictions contained herein has terminated, and the portion of the Residential Project to which such termination relates.

Section 2. Project Restrictions. The Borrower represents, warrants and covenants as follows:

(a) The Borrower has reviewed the provisions of the Code, the Treasury Regulations thereunder (the "Regulations") and Internal Revenue Service rulings, procedures and pronouncements applicable to this Agreement (including, without limitation, Section 142(d) of the Code, Section 1.103-8(b) of the Regulations and IRS Revenue Procedure 2004-39, 2004-29 IRB 49) with its counsel and understands said provisions.

(b) The Project is being constructed, acquired, rehabilitated and equipped for the purpose of providing a "qualified residential rental project" (within the meaning of Section 142(d) of the Code) and will, during the term of the Rental Restrictions and Occupancy Restrictions hereunder, continue to constitute a "qualified residential rental project" under Section 142(d) of the Code and any Regulations heretofore or hereafter promulgated thereunder and applicable thereto.

(c) At least 95% of the Residential Project will consist of a "building or structure" (as defined in Section 1.103-8(b)(8)(iv) of the Regulations), or several proximate buildings or structures of similar construction, each containing one or more similarly constructed residential units (as defined in Section 1.103-8(b)(8)(i) of the Regulations) located on a single tract of land or contiguous tracts of land (as defined in Section 1.103-8(b)(4)(ii)(b) of the Regulations), which will be owned, for federal tax purposes, at all times by the same person, and financed pursuant to a common plan (within the meaning of Section 1.103-8(b)(4)(ii) of the Regulations), together with functionally related and subordinate facilities (within the meaning of Section 1.103-8(b)(4)(iii) of the Regulations). Each such building or structure (or several proximate buildings or structures comprising the Residential Project) shall contain five (5) or more similarly constructed units.

(d) None of the residential units in the Residential Project will at any time be used on a transient basis, nor will the Residential Project itself be used as a hotel, motel, dormitory, fraternity or sorority house, rooming house, hospital, nursing home, sanitarium, rest home or trailer park or court for use on a transient basis.

(e) In no event will continual or frequent nursing, medical or psychiatric services be made available at the Residential Project, within the meaning of Revenue Ruling 98-47, 1998-2 CB 399, or any successor thereto.

(f) All of the residential units in the Residential Project will be leased, rented, or available for lease or rental on a continuous basis to members of the general public (other than (i) units for a resident manager or maintenance personnel, (ii) units which may be rented under the Section 8 assistance program, which units (subject to the Section 8 assistance program) shall be leased to eligible tenants in accordance with Section 8 requirements), and (iii) units which may be rented as "public housing" pursuant to Section 3(b) and Section 9 of the United States Housing Act of 1937, as amended, which units (subject to the Public Housing Program) shall be leased to eligible tenants in accordance with "public housing" requirements subject, however, to the requirements of **Section 3(a)** hereof. Each Qualifying Tenant (as hereinafter defined) occupying a residential unit in the Residential Project shall be required to execute a written Lease Agreement with a stated term of not less than six (6) months nor more than two (2) years.

(g) Any functionally related and subordinate facilities (e.g., parking areas, swimming pools, tennis courts, etc.) which are financed by the Obligations and are included as part of the Residential Project will be of a character and size commensurate with the character and size of the Residential Project, and will be made available to all tenants on an equal basis. Fees will only be charged with respect to the use thereof if the charging of fees is customary for the use of such facilities at similar residential rental properties in the surrounding area and then only in amounts commensurate with the fees being charged at similar residential rental properties within such area. In any event, any fees charged will not be discriminatory or exclusionary as to the Qualifying Tenants (as defined in **Section 3** hereof). No functionally

related and subordinate facilities will be made available to persons other than tenants or their guests.

(h) Each residential unit in the Residential Project will contain separate and complete facilities for living, sleeping, eating, cooking (including a refrigerator, sink, oven and range top) and sanitation for a single person or family.

(i) No portion of the Residential Project will be used to provide any health club facility, any facility primarily used for gambling, or any store, the principal business of which is the sale of alcoholic beverages for consumption off premises, in violation of Section 147(e) of the Code.

Section 3. Occupancy Restrictions. The Borrower represents, warrants and covenants as follows:

(a) Pursuant to the election of the Issuer and the Borrower in accordance with the provisions of Section 142(d)(1)(B) of the Code, at all times during the Qualified Project Period at least forty percent (40%) of the completed residential units in the Residential Project shall be continuously occupied (or treated as occupied as provided herein) or held available for occupancy by Qualifying Tenants as herein defined. For purposes of this Agreement, "Qualifying Tenants" means, subject to **Section 3(d)** hereof, individuals or families whose aggregate adjusted incomes do not exceed sixty percent (60% of the applicable median gross income (adjusted for family size) for the area in which the Residential Project is located, as such income and area median gross income are determined by the Secretary of the United States Treasury in a manner consistent with determinations of income and area median gross income under Section 8 of the United States Housing Act of 1937, as amended (or, if such program is terminated, under such program as in effect immediately before such termination).

(b) Prior to the commencement of occupancy of any unit to be occupied by a Qualifying Tenant, the prospective tenant's eligibility shall be established by execution and delivery by such prospective tenant of an Income Computation and Certification in the form attached hereto as Exhibit B (the "Income Certification") evidencing that the aggregate adjusted income of such prospective tenant does not exceed the applicable income limit. In addition, such prospective tenant shall be required to provide whatever other information, documents or certifications are reasonably deemed necessary by the Borrower or the Issuer to substantiate the Income Certification.

(c) Not less frequently than annually, the Borrower shall determine whether the current aggregate adjusted income of the tenant(s) occupying any unit being treated by the Borrower as occupied by a Qualifying Tenant exceeds the applicable income limit. For such purpose the Borrower shall require each such tenant to execute and deliver to the Borrower the Income Certification attached hereto as Exhibit B.

(d) Any unit vacated by a Qualifying Tenant shall be treated as continuing to be occupied by such Qualifying Tenant until reoccupied. Upon such unit being reoccupied, the Borrower shall have thirty-one (31) days from such date to determine whether such unit is being occupied by a Qualifying Tenant.

(e) If an individual's or family's income exceeds the applicable income limit as of any date of determination, the income of such individual or family shall be treated as continuing not to exceed the applicable limit; provided that the income of such individual or

family did not exceed the applicable income limit upon commencement of such tenant's occupancy or as of any prior income determination; and provided, further, that if any individual's or family's income as of the most recent income determination exceeds one hundred and forty percent (140%) of the applicable income limit, such individual or family shall cease to qualify as a Qualifying Tenant if, prior to the next income determination of such individual or family, any unit in the Residential Project of comparable or smaller size to such individual's or family's unit is occupied by any tenant other than a Qualifying Tenant.

(f) For purposes of satisfying the requirement that 40% of the completed residential units be occupied by Qualifying Tenants, the following principles shall apply: (i) upon the later of the first day on which at least 10% of all of the residential units in the Residential Project are occupied or the issue date of the Obligations, 40% of such units must be occupied by Qualifying Tenants; and (ii) after 10% of the residential units in the Residential Project are occupied, Qualifying Tenants must occupy residential units in the Residential Project in the number set forth in Exhibit D hereto, and the Qualifying Tenants' occupancies must predate the non-Qualifying Tenants' occupancies.

(g) The lease agreement to be utilized by the Borrower in renting any residential units in the Residential Project to a prospective Qualifying Tenant shall provide for termination of the lease agreement and consent by such person to eviction following thirty (30) days' notice, subject to applicable provisions of Illinois law (including for such purpose all applicable home rule ordinances), for any material misrepresentation made by such person with respect to the Income Certification with the effect that such tenant is not a Qualifying Tenant.

(h) All Income Certifications will be maintained on file at the Residential Project (or at an off-site storage location) so long as any Obligations are outstanding and for five (5) years thereafter with respect to each Qualifying Tenant who occupied a residential unit in the Residential Project during the period the restrictions hereunder are applicable, and the Borrower will, promptly upon receipt, file a copy thereof with the Issuer.

(i) On the first day of the Qualified Project Period, on the fifteenth day of January, April, July and October of each year during the Qualified Project Period, and within thirty (30) days after the final day of each month in which there occurs any change in the occupancy of a residential unit in the Residential Project, the Borrower will submit to the Issuer the "Certificate of Continuing Program Compliance," in the form attached hereto as Exhibit C, executed by the Borrower.

(j) The Borrower shall submit to the Secretary of the United States Treasury (at such time and in such manner as the Secretary shall prescribe) an annual certification as to whether the Residential Project continues to meet the requirements of Section 142(d) of the Code. Failure to comply with such requirement may subject the Borrower to the penalty provided in Section 6652(j) of the Code. The Borrower shall submit a copy of each such annual certification to the Issuer.

Section 4. Rental Restrictions. The Borrower represents, warrants and covenants that once available for occupancy, each residential unit in the Residential Project will be rented or available for rental on a continuous basis to members of the general public (other than (a) units for a resident manager or maintenance personnel and (b) units for Qualifying Tenants as provided for in **Section 3** hereof).

Section 5. Transfer Restrictions. The Borrower covenants and agrees that no conveyance, transfer, assignment or any other disposition of title to the Residential Project (a "Transfer"), shall be made prior to the termination of the Rental Restrictions and Occupancy Restrictions hereunder, unless the transferee pursuant to the Transfer assumes in writing, in a form reasonably acceptable to the Issuer, all of the executory duties and obligations hereunder of the Borrower, including this **Section 5**, and agrees to cause any subsequent transferee to assume such duties and obligations in the event of a subsequent Transfer by the transferee prior to the termination of the Rental Restrictions and Occupancy Restrictions hereunder (the "Assumption Agreement"). The Borrower shall deliver the Assumption Agreement to the Issuer at least thirty (30) days prior to a proposed Transfer.

Section 6. Enforcement. (a) The Borrower shall, upon at least 48 hours prior written notice and during regular business hours, permit all duly authorized representatives of the Issuer to inspect any books and records of the Borrower regarding the Residential Project and the incomes of Qualifying Tenants which pertain to compliance with the provisions of this Agreement and Section 142(d) of the Code and any Regulations heretofore or hereafter promulgated thereunder and applicable thereto.

(b) In addition to the information provided for in **Section 3(h)** hereof, the Borrower shall submit any other information, documents or certifications reasonably requested by the Issuer which the Issuer deems reasonably necessary to substantiate continuing compliance with the provisions of this Agreement and Section 142(d) of the Code and any Regulations heretofore or hereafter promulgated thereunder and applicable thereto.

(c) The Issuer and the Borrower each covenants that it will not take or permit to be taken any action within its control that it knows would adversely affect the exclusion of interest on the Obligations from the gross income of the owners thereof for purposes of federal income taxation pursuant to Section 103 of the Code. Moreover, the Issuer and the Borrower covenant to take any lawful action within their control and as may be necessary, (in the opinion of nationally recognized bond counsel acceptable to the Issuer) to comply fully with all applicable rules, rulings, policies, procedures, regulations or other official statements promulgated or proposed by the Department of the Treasury or the Internal Revenue Service from time to time pertaining to obligations issued and / or executed and delivered under Section 142(d) of the Code and affecting the Residential Project.

(d) The Borrower covenants and agrees to inform the Issuer by written notice of any violation of its obligations hereunder within five (5) days of first discovering any such violation. If any such violation is not corrected to the satisfaction of the Issuer within the period of time specified by the Issuer, which shall be (A) the lesser of (i) forty-five (45) days after the effective date of any notice to or from the Borrower, or (ii) sixty (60) days from the date such violation would have been discovered by the Borrower by the exercise of reasonable diligence, or (B) such longer period as is specified in an opinion of nationally recognized bond counsel (acceptable to the Issuer) as will not result in the loss of such exclusion of interest on the Obligations, without further notice, the Issuer shall declare a default under this Agreement effective on the date of such declaration of default, and the Issuer shall apply to any court, state or federal, for specific performance of this Agreement or an injunction against any violation of this Agreement, or any other remedies at law or in equity or any such other actions as shall be necessary or desirable so as to correct noncompliance with this Agreement.

(e) The Borrower and the Issuer each acknowledges that the primary purpose for requiring compliance with the restrictions provided in this Agreement is to preserve

the exclusion of interest on the Obligations from gross income for purposes of federal income taxation, and that the Issuer, on behalf of the owners of the Obligations, who are declared to be third-party beneficiaries of this Agreement, shall be entitled for any breach of the provisions hereof, to all remedies both at law and in equity in the event of any default hereunder, which in the opinion of the Issuer and nationally recognized bond counsel could adversely affect the exclusion of interest on the Obligations from gross income for purposes of federal income taxation.

(f) In the enforcement of this Agreement, the Issuer may rely on any certificate delivered by or on behalf of the Borrower or any tenant with respect to the Residential Project.

(g) Nothing in this Section shall preclude the Issuer from exercising any remedies they might otherwise have, by contract, statute or otherwise, upon the occurrence of any violation hereunder, which in the opinion of the Issuer and nationally recognized bond counsel could adversely affect the exclusion of interest on the Obligations from gross income for purposes of federal income taxation.

Section 7. Covenants to Run With the Land. The Borrower hereby subjects the Residential Project to the covenants, reservations and restrictions set forth in this Agreement. The Issuer and the Borrower hereby declare their express intent that the covenants, reservations and restrictions set forth herein shall be deemed covenants, reservations and restrictions running with the land to the extent permitted by law, and shall pass to and be binding upon the Borrower's successors in title to the Residential Project throughout the term of this Agreement. Each and every contract, deed, mortgage, lease or other instrument hereafter executed covering or conveying the Residential Project or any portion thereof or interest therein shall conclusively be held to have been executed, delivered and accepted subject to such covenants, reservations and restrictions, regardless of whether such covenants, reservations and restrictions are set forth in such contract, deed, mortgage, lease or other instrument.

Section 8. Recording. The Borrower shall cause this Agreement and all amendments and supplements hereto to be recorded in the conveyance and real property records of Cook County, Illinois, and in such other places as the Issuer may reasonably request. The Borrower shall pay all fees and charges incurred in connection with any such recording.

Section 9. Reserved.

Section 10. No Conflict With Other Documents. The Borrower warrants and covenants that it has not and will not execute any other agreement with provisions inconsistent or in conflict with the provisions hereof (except documents that are subordinate to the provisions hereof), and the Borrower agrees that the requirements of this Agreement are paramount and controlling as to the rights and obligations herein set forth, which supersede any other requirements in conflict herewith.

Section 11. Interpretation. Any terms not defined in this Agreement shall have the same meaning as terms defined in the Indenture, the Borrower Loan Agreement, or Section 142(d) of the Code and any Regulations heretofore or hereafter promulgated thereunder and applicable thereto.

Section 12. Amendment. This Agreement may be amended by the parties hereto, among other things, to reflect changes in Section 142(d) of the Code, the Regulations and any

revenue rulings or procedures promulgated thereunder, or in the interpretation thereof, subject to an opinion of nationally recognized bond counsel that such amendment will not adversely affect the exclusion of the interest on the Obligations from the gross income of the owners thereof for purposes of federal income taxation.

Section 13. Severability. The invalidity of any clause, part or provision of this Agreement shall not affect the validity of the remaining portions thereof.

Section 14. Notices. Any notice, demand or other communication required or permitted hereunder shall be in writing and shall be deemed to have been given if and when personally delivered and receipted for, or, if sent by private courier service or sent by overnight mail service, shall be deemed to have been given if and when received (unless the addressee refuses to accept delivery, in which case it shall be deemed to have been given when first presented to the addressee for acceptance), or on the first day after being sent by telegram, or on the third day after being deposited in United States registered or certified mail, postage prepaid. Any such notice, demand or other communication shall be addressed to a party at its address set forth below or to such other address the party to receive such notice may have designated to all other parties by notice in accordance herewith:

RECITALS

A. Constitutional Authority: As a home rule unit of government under Section 6(a), Article VII of the 1970 Constitution of the State of Illinois (the "State"), the City has the power to regulate for the protection of the public health, safety, morals and welfare of its inhabitants, and pursuant thereto, has the power to encourage private development in order to enhance the local tax base, create employment opportunities and to enter into contractual agreements with private parties in order to achieve these goals.

B. Statutory Authority: The City is authorized under the provisions of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq., as amended from time to time (the "Act"), to finance projects that eradicate blighted conditions and conservation area factors through the use of tax increment allocation financing for redevelopment projects.

C. City Council Authority: To induce redevelopment pursuant to the Act, the City Council of the City (the "City Council") adopted the following ordinances on March 27, 2002, published at pages 81231 through 81472 of the Journal of Proceedings of the City Council of the City for said date: (1) approving a redevelopment plan (the "Redevelopment Plan") for the 47th and King Drive Redevelopment Project Area (the "Area"); (2) designating the Area as a Redevelopment Project Area pursuant to the Act; and (3) adopting tax increment allocation financing for the Area (the "TIF Adoption Ordinance") (items(1)-(3) collectively referred to herein as the "TIF Ordinances"). The redevelopment project area referred to above (the "Redevelopment Area") is legally described in Exhibit A hereto.

D. The Project: The Owner has purchased certain property and improvements located within the Redevelopment Area located at 4600 South Michigan Avenue, Chicago, Illinois 60653, and legally described on Exhibit B-1 hereto (the "Apartment Property"). The Apartment Property is currently the site of the historic Michigan Boulevard Garden Apartments (also known as the Rosenwald Apartments), and is bounded by East 46th Street on the north, East 47th Street on the south, South Wabash Avenue on the west, and South Michigan Avenue on the east. In addition to the Apartment Property, the Owner intends to purchase five (5) vacant, City-owned parcels of land located within the Redevelopment Area, and legally described on Exhibit B-2 hereto (the "City Parking Property"), and three (3) vacant, privately-owned parcels of land located within the Redevelopment Area, and legally described on Exhibit B-3 hereto (the "Private Parking Property"). A portion of the City Parking Property is located on Michigan Avenue across the street from the Apartment Property, and the other portion is located on Wabash Avenue across the street from the Apartment Property. The Private Parking Property is located on Wabash Avenue adjacent to the City Parking Property located on Wabash Avenue. After the Owner purchases the City Parking Property and the Private Parking Property (collectively the "Parking Property," and together with the Apartment Property, the "Property"), the Developer, within the time frames set forth in Section 3.01 hereof, shall commence and complete rehabilitation of a mixed-use building on the Apartment Property, including approximately 239 rental residential units therein and an area to be utilized as a community service facility and general commercial and retail space, and construction of parking facilities on the Parking Property (together, the "Facility"). The Facility and related improvements (including but not limited to those TIF-Funded Improvements as defined below and set forth on Exhibit C) are collectively referred to herein as the "Project." The Project shall consist of two phases: first, façade restoration, interior demolition, environmental remediation, and site work ("Phase I"); and second, build-out of the units , the community service facility and the "white box" of the commercial and retail space ("Phase II").The completion of the Project would not reasonably be anticipated without the financing contemplated in this Agreement. It is contemplated that the Owner

may lease all or a portion of the Facility pursuant to a written lease (the "Master Lease") between the Owner and an affiliate thereof (the "Master Tenant"). The Owner shall provide the City with a certified copy of the Master Lease upon the execution thereof.

E. Redevelopment Plan: The Project will be carried out in accordance with this Agreement and the Redevelopment Plan.

F. City Financing: The City agrees to use, in the amounts set forth in Section 4.03 hereof, (i) [intentionally omitted], (ii) the proceeds of the TIF Note (defined below) and/or (iii) Incremental Taxes (as defined below), to pay for or reimburse the Sponsor for the costs of TIF-Funded Improvements pursuant to the terms and conditions of this Agreement and the TIF Note.

In addition, the City may, in its discretion, issue tax increment allocation bonds ("TIF Bonds") secured by Incremental Taxes pursuant to a TIF bond ordinance (the "TIF Bond Ordinance") at a later date as described in Section 4.03(d) hereof, the proceeds of which (the "TIF Bond Proceeds") may be used to pay for the costs of the TIF-Funded Improvements not previously paid for from Incremental Taxes (including any such payment made pursuant to any TIF Note provided to the Sponsor pursuant to this Agreement), to make payments of principal on the TIF Note, or in order to reimburse the City for the costs of TIF-Funded Improvements.

3.01 The Project. With respect to the Facility, the Developer shall, pursuant to the Plans and Specifications and subject to the provisions of Section 18.17 hereof: (i) commence rehabilitation/construction no later than [60] days after the Closing Date (the "Commencement Date"); and (ii) complete rehabilitation/construction and conduct residential rental business operations therein no later than [36] months following the Commencement Date, as such date may be extended pursuant to Section 15.04 and/or Section 18.17 (the "Completion Date," which the Commissioner of HED may also extend in his or her discretion to accommodate a foreclosure or deed in lieu of foreclosure process under Section 16).

3.02 Scope Drawings and Plans and Specifications. The Developer has delivered the Scope Drawings and Plans and Specifications to HED and HED has approved same. After such initial approval, subsequent proposed changes to the Scope Drawings or Plans and Specifications shall be submitted to HED as a Change Order pursuant to Section 3.04 hereof. The Scope Drawings and Plans and Specifications shall at all times conform to the Redevelopment Plan and all applicable federal, state and local laws, ordinances and regulations. The Developer shall submit all necessary documents to the City's Department of Buildings, Department of Transportation and such other City departments or governmental authorities as may be necessary to acquire building permits and other required approvals for the Project.

3.03 Project Budget. The Developer has furnished to HED, and HED has approved, a Project Budget showing total costs for the Project in an approximate amount not less than $109,000,000. The Developer hereby certifies to the City that (a) it has Lender Financing and Equity in an amount sufficient to pay for all Project costs; and (b) the Project Budget is true, correct and complete in all material respects. The Developer shall promptly deliver to HED certified copies of any Change Orders with respect to the Project Budget for approval pursuant to Section 3.04 hereof.

3.04 Change Orders. Except as provided below, all Change Orders (and documentation substantiating the need and identifying the source of funding therefor) relating to material changes to the Project must be submitted by the Developer to HED for HED's prior written approval. The

Developer shall not authorize or permit the performance of any work relating to any Change Order or the furnishing of materials in connection therewith prior to the receipt by the Developer of HED's written approval. The Construction Contract, and each contract between the General Contractor and any subcontractor, shall contain a provision to this effect. An approved Change Order shall not be deemed to imply any obligation on the part of the City to increase the amount of City Funds which the City has pledged pursuant to this Agreement or provide any other additional assistance to the Developer. If the Developer authorizes or permits the performance of any work relating to any Change Order or the furnishing of materials in connection therewith prior to the receipt by the Developer of HED's written approval the Developer must promptly notify HED of any such Change Orders in writing; if HED does not ratify such Change Order then the cost of such Change Order may not be paid for out of any contingency or similar use or line item in the Project Budget.

3.05 HED Approval. Any approval granted by HED of the Scope Drawings, Plans and Specifications and the Change Orders is for the purposes of this Agreement only and does not affect or constitute any approval required by any other City department or pursuant to any City ordinance, code, regulation or any other governmental approval, nor does any approval by HED pursuant to this Agreement constitute approval of the quality, structural soundness or safety of the Property or the Project.

3.06 Other Approvals. Any HED approval under this Agreement shall have no effect upon, nor shall it operate as a waiver of, the Developer's obligations to comply with the provisions of Section 5.03 (Other Governmental Approvals) hereof. The Developer shall not commence construction of the Project until the Developer has obtained all necessary permits and approvals and proof of the General Contractor's and each subcontractor's bonding as required hereunder; provided, however, the Developer may perform demolition work prior to the issuance of a Draft NFR Letter with 2FM's prior written approval, which approval may be subject to conditions.

3.07 Progress Reports and Survey Updates. The Developer shall provide HED with written monthly progress reports detailing the status of the Project, including a revised Completion Date, if necessary (with any change in Completion Date being considered a Change Order, requiring HED's written approval pursuant to Section 3.04). 3.08 Inspecting Agent or Architect. The developer's architect shall be act as the City's inspecting agent or architect, at the Developer's expense, for the Project. The inspecting agent or architect shall perform periodic inspections with respect to the Project, providing certifications with respect thereto to HED, prior to requests for disbursement for costs related to the Project hereunder.

3.09 Barricades. Prior to commencing any construction requiring barricades, the Developer shall install a construction barricade of a type and appearance satisfactory to the City and constructed in compliance with all applicable federal, state or City laws, ordinances and regulations. HED retains the right to approve the maintenance, appearance, color scheme, painting, nature, type, content and design of all barricades.

3.10 Signs and Public Relations. The Developer shall erect a sign of size and style approved by the City in a conspicuous location on the Property during the Project, indicating that financing has been provided by the City. The City reserves the right to include the name, photograph, artistic rendering of the Project and other pertinent information regarding the Developer, the Property and the Project in the City's promotional literature and communications.

3.11 Utility Connections. The Developer may connect all on-site water, sanitary, storm and sewer lines constructed on the Property to City utility lines existing on or near the perimeter of the Property, provided the Developer first complies with all City requirements governing such connections, including the payment of customary fees and costs related thereto.

3.12 Permit Fees. In connection with the Project, the Developer shall be obligated to pay only those building, permit, engineering, tap on and inspection fees that are assessed on a uniform basis throughout the City of Chicago and are of general applicability to other property within the City of Chicago.

3.13 Conveyance of the City Parking Property. The following provisions shall govern the City's conveyance of the City Parking Property to the Owner:

(a) Purchase Price. The City hereby agrees to sell, and the Owner hereby agrees to purchase, upon and subject to the terms and conditions of this Agreement, the City Parking Property, for One Dollar ($1.00) per parcel (the "Purchase Price"), which is to be paid to the City on or before the Closing Date in cash or by certified or cashier's check or wire transfer of immediately available funds. The Owner shall pay all escrow fees and other title insurance fees, premiums and closing costs. The Owner acknowledges and agrees that (i) the appraised fair market value of the City Parking Property is approximately $155,000 based on an appraisal prepared in [_____], and (ii) the City has only agreed to sell the City Parking Property to the Owner for the Purchase Price because the Owner has agreed to execute this Agreement and comply with its terms and conditions.

(b) Form of Deed. The City shall convey the City Parking Property to the Owner by quitclaim deed (the "Deed"), subject to the terms of this Agreement and, without limiting the quitclaim nature of the deed, the following:

(i) the Redevelopment Plan;

(ii) the standard exceptions in an ALTA title insurance policy;

(iii) all general real estate taxes and any special assessments or other taxes;

(iv) all easements, encroachments, covenants and restrictions of record and not shown of record;

(v) such other title defects as may exist; and

(vi) any and all exceptions caused by the acts of the Owner, its Affiliates and their agents.

(c) Title and Survey. The Developer acknowledges that it has received commitments for an owner's policy of title insurance for the City Parking Property, issued August 12, 2013 (Commitment Nos. N01131119, N01131120 and N0112117) by Near North National Title LLC, as issuing agent for Chicago Title Insurance Company (the "City Title Commitments"), showing the City in title to the City Parking Property. The Developer shall be solely responsible for and shall pay all costs associated with updating the City Title Commitments (including all search, continuation and later-date fees), and obtaining the Title Policy. The City shall have no obligation to cure title defects; provided, however, if there are exceptions for general real estate taxes due or unpaid prior to the Closing Date with respect to the City Parking Property or liens for such unpaid property taxes, the City shall, as applicable, request that the County void the unpaid taxes as provided in Section 21-

100 of the Property Tax Code, 35 ILCS 200/21-100, or file an application for a Certificate of Error with the Cook County Assessor, or file a tax injunction suit or petition to vacate a tax sale in the Circuit Court of Cook County. If, after taking the foregoing actions and diligently pursuing same, the City Parking Property remains subject to any tax liens, or if the City Parking Property is encumbered with any other exceptions that would adversely affect the use and insurability of the City Parking Property for the development of the Project, the Owner shall have the option to do one of the following: (i) accept title to the City Parking Property subject to the exceptions; or (ii) with the Sponsor as the Developer, terminate this Agreement. If the Developer elects not to terminate this Agreement as aforesaid, the Owner agrees to accept title subject to all exceptions.

(d) The Land Closing. The conveyance of the City Parking Property shall take place on the Closing Date at the downtown offices of the Title Company or such other place as the parties may mutually agree upon in writing; provided, however, in no event shall the closing of the land sale occur unless the Developer has satisfied all conditions precedent set forth in this Agreement, unless HED, in its sole discretion, waives such conditions. On or before the Closing Date, the City shall deliver to the Title Company the Deed, all necessary state, county and municipal real estate transfer tax declarations, and an ALTA statement. The City will not provide a gap undertaking.

(e) Recording Costs. The Developer shall pay to record the Deed, this Agreement, and any other documents incident to the conveyance of the City Parking Property to the Owner.

(f) **"AS IS" SALE**. THE OWNER ACKNOWLEDGES THAT IT HAS HAD ADEQUATE OPPORTUNITY TO INSPECT AND EVALUATE THE STRUCTURAL, PHYSICAL AND ENVIRONMENTAL CONDITION AND RISKS OF THE CITY PARKING PROPERTY AND ACCEPTS THE RISK THAT ANY INSPECTION MAY NOT DISCLOSE ALL MATERIAL MATTERS AFFECTING THE CITY PARKING PROPERTY. THE OWNER AGREES TO ACCEPT THE CITY PARKING PROPERTY IN ITS "AS IS," "WHERE IS" AND "WITH ALL FAULTS" CONDITION AT CLOSING WITHOUT ANY COVENANT, REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, OF ANY KIND, AS TO THE STRUCTURAL, PHYSICAL OR ENVIRONMENTAL CONDITION OF THE CITY PARKING PROPERTY OR THE SUITABILITY OF THE CITY PARKING PROPERTY FOR ANY PURPOSE WHATSOEVER. THE OWNER ACKNOWLEDGES THAT IT IS RELYING SOLELY UPON ITS OWN INSPECTION AND OTHER DUE DILIGENCE ACTIVITIES AND NOT UPON ANY INFORMATION (INCLUDING, WITHOUT LIMITATION, ENVIRONMENTAL STUDIES OR REPORTS OF ANY KIND) PROVIDED BY OR ON BEHALF OF THE CITY OR ITS AGENTS OR EMPLOYEES WITH RESPECT THERETO. THE DEVELOPER AGREES THAT IT IS ITS SOLE RESPONSIBILITY AND OBLIGATION TO PERFORM ANY REMEDIATION WORK AND TAKE SUCH OTHER ACTION AS IS NECESSARY TO PUT THE CITY PARKING PROPERTY IN A CONDITION WHICH IS SUITABLE FOR ITS INTENDED USE.

(g) Release and Indemnification. The Developer, on behalf of itself and its officers, directors, employees, successors, assigns and anyone claiming by, through or under them (collectively, "Developer Parties"), hereby release, relinquish and forever discharge the City, its officers, agents and employees, from and against any and all Losses which the Developer or any of the Developer Parties ever had, now have, or hereafter may have, whether grounded in tort or contract or otherwise, in any and all courts or other forums, of whatever kind or nature, whether known or unknown, foreseen or unforeseen, now existing or occurring after the Closing Date, based upon, arising out of or in any way connected with, directly or indirectly (i) any environmental contamination, pollution or hazards associated with the City Parking Property or any improvements, facilities or operations located or formerly located thereon, including, without limitation, any release, emission, discharge, generation, transportation, treatment, storage or disposal of Hazardous Materials, or threatened release, emission or discharge of Hazardous Materials; (ii) the structural,

physical or environmental condition of the City Parking Property, including, without limitation, the presence or suspected presence of Hazardous Materials in, on, under or about the City Parking Property or the migration of Hazardous Materials from or to other City Parking Property; (iii) any violation of, compliance with, enforcement of or liability under any Environmental Laws, including, without limitation, any governmental or regulatory body response costs, natural resource damages or Losses arising under CERCLA; and (iv) any investigation, cleanup, monitoring, remedial, removal or restoration work required by any federal, state or local governmental agency or political subdivision or other third party in connection or associated with the City Parking Property or any improvements, facilities or operations located or formerly located thereon (collectively, "Released Claims"); provided, however, the foregoing release shall not apply to the extent such Losses are proximately caused by the gross negligence or willful misconduct of the City following the Closing Date. Furthermore, the Developer shall indemnify, defend (through an attorney reasonably acceptable to the City) and hold the City and its officers, agents and employees harmless from and against any and all Losses which may be made or asserted by any third parties (including, without limitation, any of the Developer Parties) arising out of or in any way connected with, directly or indirectly, any of the Released Claims, except as provided in the immediately preceding sentence for the City's gross negligence or willful misconduct following the Closing Date.

(h) Release Runs with the Land. The covenant of release in Section 3.13(g) above shall run with the City Parking Property, and shall be binding upon all successors and assigns of the Owner with respect to the City Parking Property, including, without limitation, each and every person, firm, corporation, limited liability company, trust or other entity owning, leasing, occupying, using or possessing any portion of the City Parking Property under or through the Developer following the date of the Deed. The Developer acknowledges and agrees that the foregoing covenant of release constitutes a material inducement to the City to enter into this Agreement, and that, but for such release, the City would not have agreed to convey the City Parking Property to the Owner. It is expressly agreed and understood by and between the Developer and the City that, should any future obligation of the Developer or any of the Developer Parties arise or be alleged to arise in connection with any environmental, soil or other condition of the City Parking Property, neither the Developer nor any of the Developer Parties will assert that those obligations must be satisfied in whole or in part by the City because Section 3.13(g) contains a full, complete and final release of all such claims, except as provided in such section for the City's gross negligence or willful misconduct following the Closing Date.

(i) Survival. This Section 3.13 shall survive the Closing Date or any termination of this Agreement (regardless of the reason for such termination).

SECTION 4. FINANCING

4.01 Total Project Cost and Sources of Funds. The cost of the Project is estimated to be $[109,013,853], to be applied in the manner set forth in the Project Budget. Such costs shall be funded from the following sources:

4.03 City Funds.

(a) Uses of City Funds. City Funds may only be used to pay directly or reimburse the Developer for costs of TIF-Funded Improvements that constitute Redevelopment Project Costs. Exhibit C sets forth, by line item, the TIF-Funded Improvements for the Project, and the maximum amount of costs that may be paid by or reimbursed from City Funds for each line item therein (subject to Sections 4.03(b) and 4.05(d)), contingent upon receipt by the City of documentation satisfactory in form and substance to HED evidencing such cost and its eligibility as a Redevelopment Project Cost.

(b) Sources of City Funds. Subject to the terms and conditions of this Agreement, including but not limited to this Section 4.03 and Section 5 hereof, the City hereby agrees to issue the TIF Note to the Sponsor on the Closing Date. The principal amount of the TIF Note shall be in an amount equal to the costs of the TIF-Funded Improvements which have been incurred by the Sponsor and are to be reimbursed by the City through payments of principal on the TIF Note, subject to the provisions hereof; provided, however, that the maximum principal amount of the TIF Note shall be an amount not to exceed $25,000,000; and provided, however, that payments under the TIF Note are subject to the amount of Incremental Taxes deposited into the 47th and King Drive TIF Fund being sufficient for such payments, including but not limited to after the City makes required payments on the following prior obligations of the 47th and King Drive TIF Fund:

(c) Notwithstanding any provision contained herein or in any agreement related hereto to the contrary, any obligations, pledges or commitments of Incremental Taxes in the 47th and King Drive TIF Fund approved by the City Council or otherwise executed or entered into by the City subsequent to [the date on which the City Council approved the ordinance authorizing the execution of this Agreement and the issuance of the TIF Note] shall be junior and subject to the City's obligation and commitment under this Agreement and the TIF Note.

(d) [intentionally omitted]

4.04 Construction Escrow; Requisition Form. (a) The City must receive copies of any draw requests and related documents submitted to the Title Company for disbursements under the Escrow Agreement.

4.05 Treatment of Prior Expenditures and Subsequent Disbursements.

(a) Prior Expenditures. Only those expenditures made by the Developer with respect to the Project prior to the Closing Date, evidenced by documentation satisfactory to HED and approved by HED as satisfying costs covered in the Project Budget, shall be considered previously contributed Equity or Lender Financing hereunder (the "Prior Expenditures"). HED shall have the right, in its sole discretion, to disallow any such expenditure as a Prior Expenditure. Exhibit I hereto sets forth the prior expenditures approved by HED as of the date hereof as Prior Expenditures. Prior Expenditures made for items other than TIF-Funded Improvements shall not be reimbursed to the Developer, but shall reduce the amount of Equity and/or Lender Financing required to be contributed by the Developer pursuant to Section 4.01 hereof.

(b) [intentionally omitted]

(c) [intentionally omitted]

(d) Allocation Among Line Items. Disbursements for expenditures related to TIF-Funded Improvements may be allocated to and charged against the appropriate line only, with transfers of costs and expenses from one line item to another, without the prior written consent of HED, being prohibited; provided, however, that such transfers among line items, in an amount not to exceed $100,000 or $500,000 in the aggregate, may be made without the prior written consent of HED.

(e) [intentionally omitted]

4.06 Cost Overruns. If the aggregate cost of the TIF-Funded Improvements exceeds City Funds available pursuant to Section 4.03 hereof, or if the cost of completing the Project exceeds the Project Budget, the Developer shall be solely responsible for such excess cost, and shall hold the City harmless from any and all costs and expenses of completing the TIF-Funded Improvements in excess of City Funds and of completing the Project.

4.07 Preconditions of Execution of Certificate of Expenditure. Prior to each execution of a Certificate of Expenditure by the City, the Developer shall submit a Requisition Form and documentation regarding the applicable expenditures to HED, which shall be satisfactory to HED in its sole discretion. Delivery by the Developer to HED of any request for execution by the City of a Certificate of Expenditure hereunder shall, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of such request for execution of a Certificate of Expenditure, that:

(a) the total amount of the request for Certificate of Expenditure represents the actual amount paid to the applicable General Contractor and/or subcontractors who have performed work on the Project, and/or their payees;

(b) all amounts shown as previous payments on the current request for Certificate of Expenditure have been paid to the parties entitled to such payment;

(c) the Developer has approved all work and materials for the current request for Certificate of Expenditure, and such work and materials conform to the Plans and Specifications;

(d) the representations and warranties contained in this Redevelopment Agreement are true and correct and the Developer is in compliance with all covenants contained herein;

(e) the Developer has received no notice and has no knowledge of any liens or claim of lien either filed or threatened against the Property except for the Permitted Liens and those liens or claims of lien which have been bonded or insured over to the City's satisfaction;

(f) no Event of Default or condition or event which, with the giving of notice or passage of time or both, would constitute an Event of Default exists or has occurred; and

(g) the Project is In Balance. The Project shall be deemed to be in balance ("In Balance") only if the total of the available Project funds equals or exceeds the aggregate of the amount necessary to pay all unpaid Project costs incurred or to be incurred in the completion of the Project. "Available Project Funds" as used herein shall mean: (i) the undisbursed City Funds; (ii) the undisbursed Lender Financing, if any; (iii) the undisbursed Equity and (iv) any other amounts deposited by the Developer pursuant to this Agreement. The Developer hereby agrees that, if the Project is not In Balance, the Developer shall, within 10 days after a written request by the City, deposit with the escrow agent or will make available (in a manner acceptable to the City), cash in an amount that will place the Project In Balance, which deposit shall first be exhausted before any further disbursement of the City Funds shall be made.

The City shall have the right, in its discretion, to require the Developer to submit further documentation as the City may require in order to verify that the matters certified to above are true and correct, and any execution of a Certificate of Expenditure by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by the Developer. In addition, the Developer shall have satisfied all other preconditions of execution of a Certificate of Expenditure, including but not limited to requirements set forth in the TIF Ordinances and this Agreement.

4.08 Conditional Grant. The City Funds being provided hereunder are being granted on a conditional basis, subject to the Developer's compliance with the provisions of this Agreement. The City Funds are subject to being reimbursed as provided in Section 15.02 hereof.

The Developer has provided to the City an Economic Disclosure Statement, in the City's then current form, dated as of the Closing Date.

5.15 Litigation. The Developer has provided to Corporation Counsel and HED, a description of all pending or threatened litigation or administrative proceedings involving the Developer, specifying, in each case, the amount of each claim, an estimate of probable liability, the amount of any reserves taken in connection therewith and whether (and to what extent) such potential liability is covered by insurance.

SECTION 6. AGREEMENTS WITH CONTRACTORS

6.01 [intentionally omitted]

6.02 Construction Contract. Prior to the execution thereof, the Developer shall deliver to HED a copy of the proposed Construction Contract with the General Contractor selected to handle the Project, for HED's prior written approval, which shall be granted or denied within ten (10) business days after delivery thereof. Within ten (10) business days after execution of such contract by the Developer, the General Contractor and any other parties thereto, the Developer shall deliver to HED and Corporation Counsel a certified copy of such contract together with any modifications, amendments or supplements thereto.

6.03 Performance and Payment Bonds. Prior to the commencement of any portion of the Project which includes work on the public way, the Developer shall require that the General Contractor be bonded for its payment by sureties having an AA rating or better using a bond in the form attached as Exhibit P hereto. The City shall be named as obligee or co-obligee on any such bonds.

6.04 Employment Opportunity. The Developer shall contractually obligate and cause the General Contractor and each subcontractor to agree to the provisions of Section 10 hereof.

6.05 Other Provisions. In addition to the requirements of this Section 6, the Construction Contract and each contract with any subcontractor shall contain provisions required pursuant to Section 3.04 (Change Orders), Section 8.09 (Prevailing Wage), Section 10.01(e) (Employment Opportunity), Section 10.02 (City Resident Employment Requirement), Section 10.03 (MBE/WBE Requirements, as applicable), Section 10.04 (Multi-Project Labor Agreement), Section 12 (Insurance) and Section 14.01 (Books and Records) hereof. Photocopies of all contracts or subcontracts entered or to be entered into in connection with the TIF-Funded Improvements shall be provided to HED within five (5) business days of the execution thereof.

SECTION 7. COMPLETION OF CONSTRUCTION OR REHABILITATION

7.01 Certificate of Completion of Construction or Rehabilitation. Upon completion of the rehabilitation and construction of the Project in accordance with the terms of this Agreement (including Section 10 hereof), and upon the Developer's written request [(which shall include evidence, reasonably satisfactory to the Corporation Counsel, of compliance with orders issued in the Building Court Case)], HED shall issue to the Developer a Certificate in recordable form certifying that the Developer has fulfilled its obligation to complete the Project in accordance with the terms of this Agreement. HED shall respond to the Developer's written request for a Certificate within forty-five (45) days by issuing either a Certificate or a written statement detailing the ways in which the Project does not conform to this Agreement or has not been satisfactorily completed, and the measures which must be taken by the Developer in order to obtain the Certificate. The Developer may resubmit a written request for a Certificate upon completion of such measures. Notwithstanding any of the foregoing, HED shall not issue the Certificate until HED is satisfied that the Developer's Part Three application has been approved by the Illinois Historic Preservation Agency; in the event the Developer's Part Three application has not been approved by the Illinois Historic Preservation Agency and lack of such approval is (A) the only matter preventing issuance of the Certificate, and (B) will not result in a reduction of the funds available to complete the Project, then HED may consider extending the date for approval of the Developer's Part Three application.

HED may also, in its discretion, condition the issuance of the Certificate upon the Developer's consent to the landmark designation of the Facility.

7.02 Effect of Issuance of Certificate; Continuing Obligations. The Certificate relates only to the rehabilitation of the Project, and upon its issuance, the City will certify that the terms of the Agreement specifically related to the Developer's obligation to complete such activities have been satisfied. After the issuance of a Certificate, however, all executory terms and conditions of this Agreement and all representations and covenants contained herein will continue to remain in full force and effect throughout the Term of the Agreement as to the parties described in the following paragraph, and the issuance of the Certificate shall not be construed as a waiver by the City of any of its rights and remedies pursuant to such executory terms.

Those covenants specifically described at Sections 8.02, 8.19 and 8.20 as covenants that run with the land are the only covenants in this Agreement intended to be binding upon any transferee of the Property (including an assignee as described in the following sentence) throughout the Term of the Agreement notwithstanding the issuance of a Certificate; provided, that upon the issuance of a Certificate, the covenants set forth in Section 8.02 shall be deemed to have been fulfilled. The other executory terms of this Agreement that remain after the issuance of a Certificate shall be binding only upon the Developer or a permitted assignee of the Developer who, pursuant to Sections 15.04, 16 and/or 18.15 of this Agreement, has contracted to take an assignment of the Developer's rights under this Agreement and assume the Developer's liabilities hereunder.

7.03 Failure to Complete. Subject to Section 15.04 with respect to Citibank and Limited Partner cure rights and Section 18.17 with respect to delays caused by Force Majeure, if the Developer fails to complete the Project in accordance with the terms of this Agreement, then the City has, but shall not be limited to, any of the following rights and remedies:

(a) the right to terminate this Agreement and cease all disbursement of City Funds not yet disbursed pursuant hereto;

(b) the right (but not the obligation) to complete those TIF-Funded Improvements that are public improvements and to pay for the costs of TIF-Funded Improvements (including interest costs) out of City Funds or other City monies. In the event that the aggregate cost of completing the TIF-Funded Improvements exceeds the amount of City Funds available pursuant to Section 4.01, the Developer shall reimburse the City for all reasonable costs and expenses incurred by the City in completing such TIF-Funded Improvements in excess of the available City Funds;

(c) the right to seek reimbursement of the City Funds from the Developer; and

(d) the right to re-enter and take possession of the City Parking Property, terminate the estate conveyed to the Owner, and revest title to the City Parking Property in the City; provided, however, the City's foregoing right of reverter shall be subordinate to the payment in full of Citibank's mortgage on the Project.

7.04 Notice of Expiration of Term of Agreement. Upon the expiration of the Term of the Agreement, HED shall provide the Developer, at the Developer's written request, with a written notice in recordable form stating that the Term of the Agreement has expired; provided, however, that the City may at such time require the Developer to enter into a separate agreement to implement the provisions of Section 8.20 hereof (as contemplated in Section 8.20(f)).

SECTION 8. COVENANTS/REPRESENTATIONS/WARRANTIES OF THE DEVELOPER.

8.01 General. The Developer represents, warrants and covenants, as of the date of this Agreement and as of the date of each disbursement of City Funds hereunder, that:

(a) the Developer is duly organized, validly existing, qualified to do business in its state of incorporation or organization and in Illinois, and licensed to do business in any other state where, due to the nature of its activities or properties, such qualification or license is required;

(b) the Developer has the right, power and authority to enter into, execute, deliver and perform this Agreement;

(c) the execution, delivery and performance by the Developer of this Agreement has been duly authorized by all necessary corporate or other action, and does not and will not violate its Articles of Incorporation or Articles of Organization or by-laws, partnership agreement or operating agreement as amended and supplemented, any applicable provision of law, or constitute a breach of, default under or require any consent under any agreement, instrument or document to which the Developer is now a party or by which the Developer is now or may become bound;

(d) unless otherwise permitted or not prohibited pursuant to or under the terms of this Agreement, the Owner shall acquire and shall maintain good, indefeasible and merchantable fee simple title to the Property (and all improvements thereon) free and clear of all liens (except for the Permitted Liens, liens and claims of lien which the City agrees may be bonded or insured over pursuant to Section 4.07(e) hereof, Lender Financing as disclosed in the Project Budget and non-governmental charges that the Developer is contesting in good faith pursuant to Section 8.15 hereof);

(e) the Developer is now and for the Term of the Agreement shall remain solvent and able to pay its debts as they mature;

(f) except as otherwise disclosed to the City by the Developer in writing to the satisfaction of the City, there are no actions or proceedings by or before any court, governmental commission, board, bureau or any other administrative agency pending, threatened or affecting the Developer which would impair its ability to perform under this Agreement;

(g) the Developer has and shall maintain all government permits, certificates and consents (including, without limitation, appropriate environmental approvals) necessary to conduct its business and to construct, complete and operate the Project;

(h) the Developer is not in default with respect to any indenture, loan agreement, mortgage, deed, note or any other agreement or instrument related to the borrowing of money to which the Developer is a party or by which the Developer is bound;

(i) the Financial Statements are, and when hereafter required to be submitted will be, complete, correct in all material respects and accurately present the assets, liabilities, results of operations and financial condition of the Developer, and there has been no material adverse change in the assets, liabilities, results of operations or financial condition of the Developer since the date of the Developer's most recent Financial Statements;

(j) prior to the issuance of a Certificate, the Developer shall not do any of the following without the prior written consent of HED: (1) be a party to any merger, liquidation or consolidation;

(2) sell, transfer, convey, lease or otherwise dispose of all or substantially all of its assets or any portion of the Property (including but not limited to any fixtures or equipment now or hereafter attached thereto) except in the ordinary course of business and as otherwise provided in the Master Lease; (3) enter into any transaction outside the ordinary course of the Developer's business; (4) assume, guarantee, endorse, or otherwise become liable in connection with the obligations of any other person or entity; or (5) enter into any transaction that would cause a material and detrimental change to the Developer's financial condition;

(k) the Developer has not incurred, and, prior to the issuance of a Certificate, shall not, without the prior written consent of the Commissioner of HED, allow the existence of any liens against the Property (or improvements thereon) other than the Permitted Liens and liens and claims of lien which the City agrees may be bonded or insured over pursuant to Section 4.07(e) hereof; or incur any indebtedness, secured or to be secured by the Property (or improvements thereon) or any fixtures now or hereafter attached thereto, except Lender Financing disclosed in the Project Budget; and

(l) the Developer has not made or caused to be made, directly or indirectly, any payment, gratuity or offer of employment in connection with the Agreement or any contract paid from the City treasury or pursuant to City ordinance, for services to any City agency ("City Contract") as an inducement for the City to enter into the Agreement or any City Contract with the Developer in violation of Chapter 2-156-120 of the Municipal Code of the City;

(m) neither the Developer nor any affiliate of the Developer is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. For purposes of this subparagraph (m) only, the term "affiliate," when used to indicate a relationship with a specified person or entity, means a person or entity that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with such specified person or entity, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise; and

(n) the Developer will not withhold consent to landmark designation of the Facility in the future if requested by the City. The Foregoing covenant shall survive the issuance of the Certificate of Completion.

8.02 Covenant to Redevelop. Upon HED's approval of the Project Budget, the Scope Drawings and Plans and Specifications as provided in Sections 3.02 and 3.03 hereof, and the Developer's receipt of all required building permits and governmental approvals, including, without limitation, a Draft NFR Letter under Section 11.02 below (provided, however, the Developer may perform demolition work prior to the issuance of a Draft NFR Letter with 2FM's prior written approval, which approval may be subject to conditions), the Developer shall redevelop the Property in accordance with this Agreement and all Exhibits attached hereto, the TIF Ordinances, the Scope Drawings, Plans and Specifications, Project Budget and all amendments thereto, the Draft NFR Letter and all federal, state and local laws, ordinances, rules, regulations, executive orders and codes applicable to the Project, the Property and/or the Developer, including, without limitation, all Environmental Laws. The covenants set forth in this Section shall run with the land and be binding

upon any transferee, but shall be deemed satisfied upon issuance by the City of a Certificate with respect thereto.

8.03 Redevelopment Plan. The Developer represents that the Project is and shall be in compliance with all of the terms of the Redevelopment Plan.

8.04 Use of City Funds. City Funds disbursed to the Developer shall be used by the Developer solely to pay for (or to reimburse the Developer for its payment for) the TIF-Funded Improvements as provided in this Agreement.

8.05 TIF Bonds. The Developer shall, at the request of the City, agree to any reasonable amendments to this Agreement that are necessary or desirable in order for the City to issue (in its sole discretion) any bonds in connection with the Redevelopment Area, the proceeds of which may be used to reimburse the City for expenditures made in connection with, or provide a source of funds for the payment for, the TIF-Funded Improvements (the "TIF Bonds"); provided, however, that any such amendments shall not have a material adverse effect on the Developer or the Project. The Developer shall, at the Developer's expense, cooperate and provide reasonable assistance in connection with the marketing of any such TIF Bonds, including but not limited to providing written descriptions of the Project, making representations, providing information regarding its financial condition and assisting the City in preparing an offering statement with respect thereto.

8.06 [intentionally omitted]

8.07 Employment Opportunity; Progress Reports. The Developer covenants and agrees to abide by, and contractually obligate and use reasonable efforts to cause the General Contractor and each subcontractor to abide by the terms set forth in Section 10 hereof. The Developer shall deliver to the City written progress reports detailing compliance with the requirements of Sections 8.09, 10.02, 10.03 and 10.04 of this Agreement. Such reports shall be delivered to the City when the Project is 25%, 50%, 75% and 100% completed (based on the amount of expenditures incurred in relation to the Project Budget). If any such reports indicate a shortfall in compliance, the Developer shall also deliver a plan to HED which shall outline, to HED's satisfaction, the manner in which the Developer shall correct any shortfall.

8.08 Employment Profile. The Developer shall submit, and contractually obligate and cause the General Contractor or any subcontractor to submit, to HED, from time to time, statements of its employment profile upon HED's request.

8.09 Prevailing Wage. The Developer covenants and agrees to pay, and to contractually obligate and cause the General Contractor and each subcontractor to pay, the prevailing wage rate as ascertained by the Illinois Department of Labor (the "Department"), to all Project employees. All such contracts shall list the specified rates to be paid to all laborers, workers and mechanics for each craft or type of worker or mechanic employed pursuant to such contract. If the Department revises such prevailing wage rates, the revised rates shall apply to all such contracts. Upon the City's request, the Developer shall provide the City with copies of all such contracts entered into by the Developer or the General Contractor to evidence compliance with this Section 8.09. This Section 8.09 shall be inapplicable if and to the extent the federal Davis-Bacon Act applies to the Project.

8.10 Arms-Length Transactions. Unless HED has given its prior written consent with respect thereto, no Affiliate of the Developer may receive any portion of City Funds, directly or indirectly, in payment for work done, services provided or materials supplied in connection with any TIF-Funded Improvement. The Developer shall provide information with respect to any entity to

receive City Funds directly or indirectly (whether through payment to the Affiliate by the Developer and reimbursement to the Developer for such costs using City Funds, or otherwise), upon HED's request, prior to any such disbursement.

8.11 Conflict of Interest. Pursuant to Section 5/11-74.4-4(n) of the Act, the Developer represents, warrants and covenants that, to the best of its knowledge, no member, official, or employee of the City, or of any commission or committee exercising authority over the Project, the Redevelopment Area or the Redevelopment Plan, or any consultant hired by the City or the Developer with respect thereto, owns or controls, has owned or controlled or will own or control any interest, and no such person shall represent any person, as agent or otherwise, who owns or controls, has owned or controlled, or will own or control any interest, direct or indirect, in the Developer's business, the Property or any other property in the Redevelopment Area.

8.12 Disclosure of Interest. The Developer's counsel has no direct or indirect financial ownership interest in the Developer, the Property or any other aspect of the Project.

8.13 Financial Statements. The Owner and the Sponsor shall each obtain and provide to HED Financial Statements for their respective fiscal years ending December 31, 2013 and each December 31st thereafter by April 1st of the following year for the Term of the Agreement. In addition, the Owner and the Sponsor shall each submit their respective unaudited financial statements as soon as reasonably practical following the close of each fiscal year and for such other periods as HED may request.

8.14 Insurance. The Developer, at its own expense, shall comply with all provisions of Section 12 hereof.

8.15 Non-Governmental Charges. (a) Payment of Non-Governmental Charges. Except for the Permitted Liens and liens and claims of lien which the City agrees may be bonded or insured over pursuant to Section 4.07(e) hereof, the Developer agrees to pay or cause to be paid when due any Non-Governmental Charge assessed or imposed upon the Project, the Property or any fixtures that are or may become attached thereto, which creates, may create, or appears to create a lien upon all or any portion of the Property or Project; provided however, that if such Non-Governmental Charge may be paid in installments, the Developer may pay the same together with any accrued interest thereon in installments as they become due and before any fine, penalty, interest, or cost may be added thereto for nonpayment. The Developer shall furnish to HED, within thirty (30) days of HED's request, official receipts from the appropriate entity, or other proof satisfactory to HED, evidencing payment of the Non-Governmental Charge in question.

(b) Right to Contest. The Developer has the right, before any delinquency occurs:

(i) to contest or object in good faith to the amount or validity of any Non-Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted, in such manner as shall stay the collection of the contested Non-Governmental Charge, prevent the imposition of a lien or remove such lien, or prevent the sale or forfeiture of the Property (so long as no such contest or objection shall be deemed or construed to relieve, modify or extend the Developer's covenants to pay any such Non-Governmental Charge at the time and in the manner provided in this Section 8.15); or

(ii) at HED's sole option, to furnish a good and sufficient bond or other security satisfactory to HED in such form and amounts as HED shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or

forfeiture of the Property or any portion thereof or any fixtures that are or may be attached thereto, during the pendency of such contest, adequate to pay fully any such contested Non-Governmental Charge and all interest and penalties upon the adverse determination of such contest.

8.16 Developer's Liabilities. The Developer shall not enter into any transaction that would materially and adversely affect its ability to perform its obligations hereunder or to repay any material liabilities or perform any material obligations of the Developer to any other person or entity. The Developer shall immediately notify HED of any and all events or actions which may materially affect the Developer's ability to carry on its business operations or perform its obligations under this Agreement or any other documents and agreements.

8.17 Compliance with Laws. To the best of the Developer's knowledge, after diligent inquiry, the Property and the Project are and shall be in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, executive orders and codes pertaining to or affecting the Project and the Property. Upon the City's request, the Developer shall provide evidence satisfactory to the City of such compliance.

8.18 Recording and Filing. The Developer shall cause this Agreement, certain exhibits (as specified by Corporation Counsel), all amendments and supplements hereto to be recorded and filed against the Property on the date hereof in the conveyance and real property records of the county in which the Project is located. This Agreement shall be recorded prior to any mortgage made in connection with Lender Financing. The Developer shall pay all fees and charges incurred in connection with any such recording. Upon recording, the Developer shall immediately transmit to the City an executed original of this Agreement showing the date and recording number of record.

8.19 Real Estate Provisions.

(a) Governmental Charges.

(i) Payment of Governmental Charges. The Developer agrees to pay or cause to be paid when due all Governmental Charges (as defined below) which are assessed or imposed upon the Developer, the Property or the Project, or become due and payable, and which create, may create, or appear to create a lien upon the Developer or all or any portion of the Property or the Project. "Governmental Charge" shall mean all federal, State, county, the City, or other governmental (or any instrumentality, division, agency, body, or department thereof) taxes, levies, assessments, charges, liens, claims or encumbrances (except for those assessed by foreign nations, states other than the State of Illinois, counties of the State other than Cook County, and municipalities other than the City) relating to the Developer, the Property or the Project including but not limited to real estate taxes.

(ii) Right to Contest. The Developer has the right before any delinquency occurs to contest or object in good faith to the amount or validity of any Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted in such manner as shall stay the collection of the contested Governmental Charge and prevent the imposition of a lien or the sale or forfeiture of the Property. The Developer's right to challenge real estate taxes applicable to the Property is limited as provided for in Section 8.19(c) below; provided, that such real estate taxes must be paid in full when due and may be disputed only after such payment is made. No such contest or objection shall be deemed or construed in any way as relieving, modifying or extending the Developer's covenants to pay any such Governmental Charge at the time and in the manner provided in this

Agreement unless the Developer has given prior written notice to HED of the Developer's intent to contest or object to a Governmental Charge and, unless, at HED's sole option,

(i) the Developer shall demonstrate to HED's satisfaction that legal proceedings instituted by the Developer contesting or objecting to a Governmental Charge shall conclusively operate to prevent or remove a lien against, or the sale or forfeiture of, all or any part of the Property to satisfy such Governmental Charge prior to final determination of such proceedings; and/or

(ii) the Developer shall furnish a good and sufficient bond or other security satisfactory to HED in such form and amounts as HED shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property during the pendency of such contest, adequate to pay fully any such contested Governmental Charge and all interest and penalties upon the adverse determination of such contest.

(b) Developer's Failure To Pay Or Discharge Lien. If the Developer fails to pay any Governmental Charge or to obtain discharge of the same, the Developer shall advise HED thereof in writing, at which time HED may, but shall not be obligated to, and without waiving or releasing any obligation or liability of the Developer under this Agreement, in HED's sole discretion, make such payment, or any part thereof, or obtain such discharge and take any other action with respect thereto which HED deems advisable. All sums so paid by HED, if any, and any expenses, if any, including reasonable attorneys' fees, court costs, expenses and other charges relating thereto, shall be promptly disbursed to HED by the Developer. Notwithstanding anything contained herein to the contrary, this paragraph shall not be construed to obligate the City to pay any such Governmental Charge. Additionally, if the Developer fails to pay any Governmental Charge, the City, in its sole discretion, may require the Developer to submit to the City audited Financial Statements at the Developer's own expense.

(c) Real Estate Taxes.

(i) Acknowledgment of Real Estate Taxes. The Developer agrees that (A) for the purpose of this Agreement, the total projected minimum assessed value of the Property ("Minimum Assessed Value") is shown on Exhibit K attached hereto and incorporated herein by reference for the years noted on Exhibit K; (B) Exhibit K sets forth the specific improvements which will generate the fair market values, assessments, equalized assessed values and taxes shown thereon; and (C) the real estate taxes anticipated to be generated and derived from the respective portions of the Property and the Project for the years shown are fairly and accurately indicated in Exhibit K.

(ii) Real Estate Tax Exemption. Except as otherwise provided in Section 8.19(c)(v) below, with respect to the Property or the Project, neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer shall, during the Term of this Agreement, seek, or authorize any exemption (as such term is used and defined in the Illinois Constitution, Article IX, Section 6 (1970)) for any year that the Redevelopment Plan is in effect.

(iii) No Reduction in Real Estate Taxes. Neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer shall, during the Term of this Agreement, directly or indirectly, initiate, seek or apply for proceedings in order to lower the assessed value of all or any portion of the Property or the

Project below the amount of the Minimum Assessed Value as shown in Exhibit K for the applicable year[; provided, however, (1) the Developer is permitted to apply for a Class 9 designation from Cook County even if such designation with respect to the Property would result in a Minimum Assessed Value below than shown in Exhibit K, and (2) the Property may be subject to 35 ILCS 200/10-235].

(iv) No Objections. Neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer, shall object to or in any way seek to interfere with, on procedural or any other grounds, the filing of any Underassessment Complaint or subsequent proceedings related thereto with the Cook County Assessor or with the Cook County Board of Appeals, by either the City or any taxpayer. The term "Underassessment Complaint" as used in this Agreement shall mean any complaint seeking to increase the assessed value of the Property up to (but not above) the Minimum Assessed Value as shown in Exhibit K.

(v) Covenants Running with the Land. The parties agree that the restrictions contained in this Section 8.19(c) are covenants running with the land and this Agreement shall be recorded by the Developer as a memorandum thereof, at the Developer's expense, with the Cook County Recorder of Deeds on the Closing Date. These restrictions shall be binding upon the Developer and its agents, representatives, lessees, successors, assigns and transferees from and after the date hereof, provided however, that the covenants shall be released when the Redevelopment Area is no longer in effect. The Developer agrees that any sale, lease, conveyance, or transfer of title to all or any portion of the Property or Redevelopment Area from and after the date hereof shall be made explicitly subject to such covenants and restrictions. Notwithstanding anything contained in this Section 8.19(c) to the contrary: (1) the City, in its sole discretion and by its sole action, without the joinder or concurrence of the Developer, its successors or assigns, may waive and terminate the Developer's covenants and agreements set forth in this Section 8.19(c); and (2) the Developer may pursue any property tax assessment reduction or exemption the Developer is required to so pursue in writing by the Chicago Housing Authority.

(d) Notification to the Cook County Assessor of Change in Use and Ownership. Prior to the Closing Date, the Developer shall complete a letter of notification, in accordance with 35 ILCS 200/15-20, notifying the Cook County Assessor that there has been a change in use and ownership of the Property. On the Closing Date, the Developer shall pay to the Title Company the cost of sending the notification to the Cook County Assessor via certified mail, return receipt requested. After delivery of the notification, the Developer shall forward a copy of the return receipt to HED, with a copy to the City's Corporation Counsel's office.

8.20 Affordable Housing Covenant. The Developer agrees and covenants to the City that, prior to any foreclosure of the Property by a lender providing Lender Financing, the provisions of (1) the NSP Regulatory Agreement, (2) that certain Land Use Restriction Agreement executed by the Owner and the City as of the date hereof, (3) that certain Low-Income Housing Tax Credit Regulatory Agreement executed by the Owner and the City as of the date hereof, and (4) the DTC Regulatory Agreement shall all govern the terms of the Developer's obligation to provide affordable housing. Following foreclosure, if any, and from the date of such foreclosure through the thirtieth anniversary of the issuance of a certificate of occupancy for the Project by the City (as required by Section 2-45-110(f) of the Municipal Code), the following provisions shall govern the terms of the obligation to provide affordable housing under this Agreement:

(a) Except for the community service facility and the commercial and retail space located in the parcel described in Exhibit B hereof, the Facility shall be operated and maintained solely as residential rental housing;

(b) Twenty percent of the units in the Facility shall be available for occupancy to and be occupied solely by one or more persons qualifying as Low Income Families (as defined below) upon initial occupancy; and

(c) All of the Low Income Units in the Facility shall have monthly rents not in excess of thirty percent (30%) of the maximum allowable income for a Low Income Family (with the applicable Family size for such units determined in accordance with the rules specified in Section 42(g)(2) of the Internal Revenue Code of 1986, as amended); provided, however, that for any unit occupied by a Family (as defined below) that no longer qualifies as a Low Income Family due to an increase in such Family's income since the date of its initial occupancy of such unit, the maximum monthly rent for such unit shall not exceed thirty percent (30%) of such Family's monthly income.

(d) As used in this Section 8.20, the following terms has the following meanings:

(i) "Family" shall mean one or more individuals, whether or not related by blood or marriage;

(ii) "Low Income Families" shall mean Families whose annual income does not exceed sixty percent (60%) of the Chicago-area median income, adjusted for Family size, as such annual income and Chicago-area median income are determined from time to time by the United States Department of Housing and Urban Development, and thereafter such income limits shall apply to this definition; and

(iii) "Low Income Units" shall mean residential units reserved for Low Income Families pursuant hereto.

(e) The covenants set forth in this Section 8.20 shall run with the land and be binding upon any transferee. [Such covenants shall be in addition to the covenants and restrictions set forth in the Chicago Housing Authority Regulatory and Operating Agreement with respect to public housing units in the Project.]

(f) The City and the Developer may enter into a separate agreement to implement the provisions of this Section 8.20, including upon expiration of the Term of this Agreement.

8.23 Survival of Covenants. All warranties, representations, covenants and agreements of the Developer contained in this Section 8 and elsewhere in this Agreement shall be true, accurate and complete at the time of the Developer's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and (except as provided in Section 7.02 hereof upon the issuance of a Certificate) shall be in effect throughout the Term of the Agreement or longer as indicated with respect to Section 8.20 hereof.

8.24 Annual Compliance Report. Beginning with the issuance of the Certificate and continuing throughout the Term of the Agreement, the Developer shall submit to HED the Annual

Compliance Report within 30 days after the end of the calendar year to which the Annual Compliance Report relates.

8.25 Delegation of Obligations to Tenant. If the Developer delegates the performance any of its obligations hereunder to the Master Tenant pursuant to the Master Lease such delegation shall not relieve the Developer of such obligations.

SECTION 9. COVENANTS/REPRESENTATIONS/WARRANTIES OF CITY

9.02 Survival of Covenants. All warranties, representations, and covenants of the City contained in this Section 9 or elsewhere in this Agreement shall be true, accurate, and complete at the time of the City's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and be in effect throughout the Term of the Agreement.

SECTION 10. DEVELOPER'S EMPLOYMENT OBLIGATIONS

10.01 Employment Opportunity. The Developer, on behalf of itself and its successors and assigns, hereby agrees, and shall contractually obligate its or their various contractors, subcontractors or any Affiliate of the Developer operating on the Property (collectively, with the Developer, the "Employers" and individually an "Employer") to agree, that for the Term of this Agreement with respect to Developer and during the period of any other party's provision of services in connection with the rehabilitation/construction of the Project or occupation of the Property:

(c) Each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including but not limited to the City's Human Rights Ordinance and the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. (1993), and any subsequent amendments and regulations promulgated thereto.

(d) Each Employer, in order to demonstrate compliance with the terms of this Section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.

(e) Each Employer shall include the foregoing provisions of subparagraphs (a) through (d) in every contract entered into in connection with the Project, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any Affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or Affiliate, as the case may be.

The Developer acknowledges and agrees that it may not commence construction on the Apartment Property, and that the City will not make any payments to the Developer of City Funds, until the IEPA issues, and 2FM approves, a Draft NFR Letter for the Apartment Property; provided, however, the Developer may perform demolition work with 2FM's prior written approval, which approval may be subject to conditions.

(b) [The Developer acknowledges and agrees that it has started but not completed its environmental investigation of the Parking Property. To the extent not delivered to and approved by 2FM prior to the date hereof, the Developer agrees to perform a Phase I environmental site assessment of all parcels comprising the Parking Property in accordance with the requirements of the ASTM E1527-05 standard. 2FM shall have the right to review and approve the sufficiency of such Phase I report(s) and any other reports prepared for the Parking Property. Upon 2FM's request, the Developer shall perform additional studies and tests for the purpose of determining whether any environmental or health risks would be associated with the development of parking facilities on the Parking Property, including, without limitation, updating or expanding the Phase I report(s) and performing initial or additional Phase II testing. If the environmental reports for the Parking Property disclose the presence of contaminants exceeding commercial remediation objectives for areas to be paved or residential remediation objectives for areas to be landscaped, the Developer shall enroll the Parking Property (or the applicable portion thereof) in the IEPA's SRP Program and take all necessary and proper steps to obtain a Draft NFR Letter for the Parking Property. Unless DOE determines that it is not necessary to enroll the Parking Property in the SRP, the Developer acknowledges and agrees that it may not commence construction on the Parking Property, and that the City will not make any payments to the Developer of City Funds, until the IEPA issues, and 2FM approves, a Draft NFR Letter for the Parking Property.]

(c) After 2FM approves the Draft NFR Letter for the Apartment Property (and the Parking Property to the extent required under Section 11.02(b) above), the Developer covenants and agrees to complete the Remediation Work and diligently pursue the Final NFR Letter for the Apartment Property (and the Parking Property to the extent required under Section 11.02(b) above) using all reasonable means. The City shall have the right to review in advance and approve all SRP Documents and any changes thereto, and the Developer's estimate of the cost to perform the Remediation Work. The Developer shall cooperate and consult with the City at all relevant times (and in all cases upon the City's request) with respect to environmental matters. The Developer shall bear sole responsibility for all aspects of the Remediation Work and any other investigative and cleanup costs associated with the Property and any improvements, facilities or operations located or

formerly located thereon, including, without limitation, the removal and disposal of all Hazardous Materials, debris and other materials excavated during the performance of the Remediation Work. The Developer shall promptly transmit to the City copies of all Environmental Documents prepared or received after the date hereof, including, without limitation, any written communications delivered to or received from the IEPA or other regulatory agencies with respect to the Remediation Work. The Developer acknowledges and agrees that the City will not issue a Certificate until the IEPA has issued, and the City has approved, a Final NFR Letter for the Apartment Property (and the Parking Property to the extent required under Section 11.02(b) above), which approval shall not be unreasonably withheld.

(g) the entry of any judgment or order against the Developer which remains unsatisfied or undischarged and in effect for sixty (60) days after such entry without a stay of enforcement or execution;

(h) the occurrence of an event of default under the Lender Financing, which default is not cured within any applicable cure period;

(i) the dissolution of the Developer;

(j) the institution in any court of a criminal proceeding (other than a misdemeanor) against the Developer or any natural person who owns a material interest in the Developer, which is not dismissed within thirty (30) days, or the indictment of the Developer or any natural person who owns a material interest in the Developer, for any crime (other than a misdemeanor); or

(k) prior to the issuance of the Certificate, the sale or transfer of a majority of the ownership interests of the Developer (other than a transfer, pursuant to the Owner's limited partnership agreement, of some or all of the limited partnership interest in the Owner from the Limited Partner of the Owner to an affiliate(s) thereof, so long as such transferee is bound by the terms of the Owner's limited partnership agreement, including but not limited to any obligations to contribute Equity) without the prior written consent of the City.

For purposes of Sections 15.01(i) and 15.01(j) hereof, a person with a material interest in the Developer shall be one owning in excess of 10% of the Developer's membership or partnership interests.

15.02 Remedies. Subject to Section 15.04, upon the occurrence of an Event of Default, which is not cured after the expiration of all applicable notice and cure periods, the City may terminate this Agreement and any other agreements to which the City and the Developer are or shall be parties, suspend disbursement of City Funds, place a lien on the Project in the amount of City Funds paid and the value of the City Parking Property write-down, and/or seek reimbursement of any City Funds paid. Any Incremental Taxes that would have been used to make payments hereunder during any such notice and cure period shall, however, be reserved by the City pending the possible cure of such default. If such default is cured, any reserved payments of Incremental Taxes shall be released by the City and used to make payments as contemplated hereunder. The City may, in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy, including but not limited to damages, injunctive relief or the specific performance of the agreements contained herein.

15.03 Curative Period. In the event the Developer shall fail to perform a monetary covenant which the Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless the Developer has failed to perform such monetary covenant within ten (10) days of its receipt of a written notice from the City specifying that it has failed to perform such monetary covenant. In the event the Developer shall fail to perform a non-monetary covenant which the Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless the Developer has failed to cure such default within thirty (30) days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with respect to those non-monetary defaults which are not capable of being cured within such thirty (30) day period, the Developer shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such thirty (30) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

Upon the expiration of the cure periods specified in this Section 15.03, without the default being cured, then the cure periods specified under Section 15.04 shall apply.

15.04 Right to Cure by the Limited Partner and/or Citibank. If a default occurs under this Agreement and as a result thereof, the City intends to exercise any right or remedy available to it

that could result in termination of this Agreement and all related agreements, or the suspension, cancellation, reduction or reimbursement of City Funds disbursed hereunder, or any other remedy under this Agreement, the City shall prior to exercising such right or remedy, send notice of such intended exercise to the Limited Partner and Citibank, and the Limited Partner (including, without limitation, by exercise of management take over rights of the Owner under its partnership agreement) and Citibank shall have the right (but not the obligation) to cure such Event of Default as follows:

(a) if a monetary default exists, the Limited Partner may cause to be cured such monetary default within 90 days after the later of (and [Citibank, except as provided in Section 15.04(h) below, and] the City shall take no action during such 90 day period): (i) the expiration of the cure period, if any, granted under Section 15.03 to Developer with respect to such monetary default; or (ii) receipt by the Limited Partner and Citibank of notice of default from the City. If the Limited Partner does not cause such monetary default to be cured within such 90-day time period set forth in the preceding sentence, then Citibank may cure such monetary default in the manner set forth in Section 15.04(c); and

(b) if a non-monetary default exists (except for a Personal Developer Default, as later defined), the Limited Partner may cause to be cured such non-monetary default within 90 days after the later of (and [Citibank, except as provided in Section 15.04(h) below, and] the City shall take no action during such 90 day period): (i) the expiration of the cure period, if any, granted under Section 15.03 to Developer with respect to such non-monetary default; or (ii) receipt by the Limited Partner and Citibank of notice of default from the City. If the Limited Partner does not cause such non-monetary default to be cured within such 90-day time period set forth in the preceding sentence, then Citibank may cure such monetary default in the manner set forth in Section 15.04(d); and

(c) if a monetary default exists, Citibank may cure such monetary default within 60 days after the later of (and the non-electing party and the City shall take no action during such 60-day period): (i) the expiration of the Limited Partner's 90-day cure period; or (ii) receipt by Citibank of notice from the City that the Limited Partner has failed to cure the default within the timeframe set forth in Section 15.04(a) above; and

(d) if a non-monetary default exists (except for a Personal Developer Default), Citibank may cure such non-monetary default within 90 days after the later of (and the non-electing party and the City shall take no action during such 90-day period): (i) the expiration of the Limited Partner's 90-day cure period; or (ii) receipt by Citibank of notice from the City that the Limited Partner has failed to cure the default within the timeframe set forth in Section 15.04(b) above; provided, however, if such non-monetary default is of a nature that is not subject to cure in 90 days, the cure period will be extended for the time period needed to cure such default (including any time period required by Citibank to take control of the Project by initiating foreclosure of its mortgage and/or appointing a receiver) and the City shall forbear from exercising its remedies hereunder so long as diligent and continuous efforts are being pursued to cure such default; and

(e)(1) If such non-monetary default would be an Event of Default set forth in Section 15.01(e), (f), (g), (i) or (j) hereof (each such default being a "Personal Developer Default"), the Limited Partner or Citibank (as applicable and in that strict order as more fully provided in this Section 15.04(e) below and not otherwise, the "Electing Party"), shall provide written notice (the "Assumption Notice") to the City and the Limited Partner or Citibank (as applicable, the "Non-Electing Parties") within 30 days of receipt of notice from the City of such Personal Developer Default, as more fully provided in Section 15.04(e)(2) below. If notice is delivered within said 30-day period, the Electing Party shall, in accordance with Section 15.04(e)(2) below, either cure or cause

to be cured such Personal Developer Default by the assignment pursuant to Section 18.15 hereof of all of the Owner's rights, obligations and interests in this Agreement to the Electing Party or any other party agreed to in writing by Citibank and the City, which assumption shall be deemed to cure the Personal Developer Default.

(2) Upon receipt by the City and Citibank of an Assumption Notice from the Limited Partner pursuant to subsection (e)(1) above, the cure period shall be extended for such reasonable period of time as may be necessary to complete such assignment and assumption of the Owner's rights, obligations and interests in this Agreement (but in no event longer than 90 days without the written consent of the City and Citibank). If the Limited Partner does not (i) provide such Assumption Notice within the 30-day period specified in subsection (e)(1), or (ii) identify to the City and the Non-Electing Parties any other party (which may be an affiliate of the Limited Partner other than the Owner) to assume the Owner's rights, obligations and interests in this Agreement within 30 days from the date of the Assumption Notice, then Citibank shall have 30 days to cure such Personal Developer Default by the assignment, in accordance with the provisions of Section 18.15 hereof, of all of the Owner's rights, obligations and interests in this Agreement to Citibank, or an affiliate thereof, or any other party agreed to in writing by Citibank and the City.

(f) If such Personal Developer Default is not cured by the Limited Partner or Citibank within the timeframes set forth in Section 15.04(e), then the City shall have available all remedies set forth in this Agreement, including those in Sections 15.02.

(g) During all such times as a Personal Developer Default exists and remains uncured after the expiration of all cure periods, no payments of City Funds shall occur until such time as such Personal Developer Default is thereafter cured.

(h) The City agrees that at any time during which an Event of Default has occurred under the Lender Financing Documents, during the period that Citibank is diligently and continuously pursuing actions or remedies under the Lender Financing, with or without the Owner, which are intended to cause substantial completion of the Project, and, as part of such actions or remedies, continues to fund or make advances to pay Project costs, the City shall likewise forbear from exercising its remedies under Section 15.02.

(i) Notwithstanding anything to the contrary contained in this Agreement, including, without limitation, the continuation of any cure periods under Section 15.03 and Section 15.04, in the event Citibank initiates a foreclosure proceeding, or the Limited Partner and Citibank provide a joint notice of discontinuance of actions or remedies intending to achieve substantial completion, the City may immediately commence to exercise any and all of the remedies specified in Section 15.02 above.

SECTION 16. MORTGAGING OF THE PROJECT

All mortgages or deeds of trust in place as of the date hereof with respect to the Property or any portion thereof are listed on Exhibit G hereto (including but not limited to mortgages made prior to or on the date hereof in connection with Lender Financing) and are referred to herein as the "Existing Mortgages." Any mortgage or deed of trust that the Owner may hereafter elect to execute and record or permit to be recorded against the Property or any portion thereof is referred to herein as a "New Mortgage." Any New Mortgage that the Owner may hereafter elect to execute and record or permit to be recorded against the Property or any portion thereof with the prior written consent of the City is referred to herein as a "Permitted Mortgage." It is hereby agreed by and between the City and the Developer as follows:

(a) Subject to Section 16(b) hereof, In the event that a mortgagee or any other party shall succeed to the Owner's interest in the Property or any portion thereof pursuant to the exercise of remedies under a New Mortgage (other than a Permitted Mortgage), whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of the Developer's interest hereunder in accordance with Section 18.15 hereof, the City may, but shall not be obligated to, attorn to and recognize such party as the successor in interest to the Developer for all purposes under this Agreement and, unless so recognized by the City as the successor in interest, such party shall be entitled to no rights or benefits under this Agreement, but such party shall be bound by those provisions of this Agreement that are covenants expressly running with the land.

(b) In the event that any mortgagee or an affiliate thereof shall succeed to the Owner's interest in the Property or any portion thereof pursuant to the exercise of remedies under an Existing Mortgage or a Permitted Mortgage, whether by whether by foreclosure or deed in lieu of foreclosure, or as a result of any transfer to an affiliate of a mortgagee as aforesaid which occurs within twelve (12) months following any such foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of the Developer's interest hereunder in accordance with Section 18.15 hereof, the City hereby agrees to attorn to and recognize such party as the successor in interest to the Developer for all purposes under this Agreement so long as such party accepts all of the obligations and liabilities of "the Developer" hereunder; provided, however, that, notwithstanding any other provision of this Agreement to the contrary, it is understood and agreed that if such party accepts an assignment of the Developer's interest under this Agreement, such party has no liability under this Agreement for any Event of Default of the Developer which accrued prior to the time such party succeeded to the interest of the Developer under this Agreement, nor shall the City have the right to record a lien against or otherwise enforce any remedies hereunder against the Project, in which case the Developer shall be solely responsible. If the City placed a lien on the Project pursuant to Section 15.02 hereof in connection with an Event of Default of the Developer which accrued prior to the time such party succeeded to the interest of the Developer under this Agreement, the City shall release such lien upon written request to do so by such succeeding mortagee. However, if such mortgagee under a Permitted Mortgage or an Existing Mortgage or an affiliate thereof does not expressly accept an assignment of the Developer's interest hereunder, such party shall be entitled to no rights and benefits under this Agreement, and such party shall be bound only by those provisions of this Agreement, if any, which are covenants expressly running with the land.

(c) Prior to the issuance by the City to the Developer of a Certificate pursuant to Section 7.01 hereof, no New Mortgage shall be executed with respect to the Property or any portion thereof without the prior written consent of the Commissioner of HED.

SECTION 18. MISCELLANEOUS

18.01 Amendment. This Agreement and the Exhibits attached hereto may not be amended or modified without the prior written consent of the parties hereto. It is agreed that no material amendment or change to this Agreement shall be made or be effective unless ratified or authorized by an ordinance duly adopted by the City Council. The term "material" for the purpose of this Section 18.01 shall be defined as any deviation from the terms of the Agreement which operates to cancel or otherwise reduce any developmental, construction or job-creating obligations of Developer (including those set forth in Sections 10.02, 10.03 and 10.04 hereof) by more than five percent (5%) or materially changes the Project site or character of the Project or any activities undertaken by Developer affecting the Project site, the Project, or both, or increases any time agreed for performance by the Developer by more than 90 days, except as may otherwise be permitted pursuant to Section 15.04 hereof.

18.02 Entire Agreement. This Agreement (including each Exhibit attached hereto, which is hereby incorporated herein by reference) constitutes the entire Agreement between the parties hereto and it supersedes all prior agreements, negotiations and discussions between the parties relative to the subject matter hereof.

18.03 Limitation of Liability. No member, official or employee of the City shall be personally liable to the Developer or any successor in interest in the event of any default or breach by the City or for any amount which may become due to the Developer from the City or any successor in interest or on any obligation under the terms of this Agreement.

18.04 Further Assurances. The Developer agrees to take such actions, including the execution and delivery of such documents, instruments, petitions and certifications as may become necessary or appropriate to carry out the terms, provisions and intent of this Agreement.

18.05 Waiver. Waiver by the City or the Developer with respect to any breach of this Agreement shall not be considered or treated as a waiver of the rights of the respective party with respect to any other default or with respect to any particular default, except to the extent specifically waived by the City or the Developer in writing. No delay or omission on the part of a party in exercising any right shall operate as a waiver of such right or any other right unless pursuant to the specific terms hereof. A waiver by a party of a provision of this Agreement shall not prejudice or constitute a waiver of such party's right otherwise to demand strict compliance with that provision or any other provision of this Agreement. No prior waiver by a party, nor any course of dealing between the parties hereto, shall constitute a waiver of any such parties' rights or of any obligations of any other party hereto as to any future transactions.

18.06 Remedies Cumulative. The remedies of a party hereunder are cumulative and the exercise of any one or more of the remedies provided for herein shall not be construed as a waiver of any other remedies of such party unless specifically so provided herein.

18.07 Disclaimer. Nothing contained in this Agreement nor any act of the City shall be deemed or construed by any of the parties, or by any third person, to create or imply any relationship of third-party beneficiary, principal or agent, limited or general partnership or joint venture, or to create or imply any association or relationship involving the City.

18.09 Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed an original and all of which shall constitute one and the same agreement.

18.10 Severability. If any provision in this Agreement, or any paragraph, sentence, clause, phrase, word or the application thereof, in any circumstance, is held invalid, this Agreement shall be construed as if such invalid part were never included herein and the remainder of this Agreement shall be and remain valid and enforceable to the fullest extent permitted by law.

18.11 Conflict. In the event of a conflict between any provisions of this Agreement and the provisions of the TIF Ordinances, such ordinances shall prevail and control.

18.12 Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws of the State of Illinois, without regard to its conflicts of law principles.

The Commissioner or other person designated by the Mayor of the City shall act for the City or HED in making all approvals, consents and determinations of satisfaction, granting the Certificate or otherwise administering this Agreement for the City.

18.15 Assignment. Except as otherwise provided in Sections 15.04 and 16 hereof, the Developer may not sell, assign or otherwise transfer its interest in this Agreement in whole or in part without the written consent of the City. Notwithstanding the foregoing, the Developer may collaterally assign its interest in this Agreement to (a) Citibank as security for the repayment of the Lender Financing provided thereby, and/or (b) the Limited Partner pursuant to the Owner's limited partnership agreement, but the City must review and approve the written form of any such collateral assignment prior to the execution thereof. Any successor in interest to the Developer under this Agreement shall certify in writing to the City its agreement to abide by all remaining executory terms of this Agreement, including but not limited to Sections 8.19 (Real Estate Provisions) and 8.23 (Survival of Covenants) hereof, for the Term of the Agreement. [(b) the Escrow Agreement of even date herewith executed by the Developer and the City;]

(c) [insert other documents including but not limited to documents related to purchase and financing of the Property and all lender financing related to the Project]; and

(d) all other agreements, instruments and documents executed in connection with the foregoing.

In addition to the foregoing, we have examined

(a) the original or certified, conformed or photostatic copies of the Developer's (i) Articles of Incorporation, as amended to date, (ii) qualifications to do business and certificates of good standing in all states in which the Developer is qualified to do business, (iii) By-Laws, as amended to date, and (iv) records of all corporate proceedings relating to the Project [revise if the Developer is not a corporation]; and

(b) such other documents, records and legal matters as we have deemed necessary or relevant for purposes of issuing the opinions hereinafter expressed.

In all such examinations, we have assumed the genuineness of all signatures (other than those of the Developer), the authenticity of documents submitted to us as originals and conformity to the originals of all documents submitted to us as certified, conformed or photostatic copies.

Based on the foregoing, it is our opinion that:

1. The Developer is a corporation duly organized, validly existing and in good standing under the laws of its state of [incorporation] [organization], has full power and authority to own and lease its properties and to carry on its business as presently conducted, and is in good standing and duly qualified to do business as a foreign [corporation] [entity] under the laws of every state in which the conduct of its affairs or the ownership of its assets requires such qualification, except for those states in which its failure to qualify to do business would not have a material adverse effect on it or its business.

2. The Developer has full right, power and authority to execute and deliver the Documents to which it is a party and to perform its obligations thereunder. Such execution, delivery and performance will not conflict with, or result in a breach of, the Developer's [Articles of Incorporation or By-Laws] [describe any formation documents if the Developer is not a corporation] or result in a breach or other violation of any of the terms, conditions or provisions of any law or regulation, order, writ, injunction or decree of any court, government or regulatory authority, or, to the best of our knowledge after diligent inquiry, any of the terms, conditions or provisions of any agreement, instrument or document to which the Developer is a party or by which the Developer or its properties is bound. To the best of our knowledge after diligent inquiry, such execution, delivery and performance will not constitute grounds for acceleration of the maturity of any agreement, indenture, undertaking or other instrument to which the Developer is a party or by which it or any of its property may be bound, or result in the creation or imposition of (or the obligation to create or impose) any lien, charge or encumbrance on, or security interest in, any of its property pursuant to the provisions of any of the foregoing, other than liens or security interests in favor of the lender providing Lender Financing (as defined in the Agreement).

3. The execution and delivery of each Document and the performance of the transactions contemplated thereby have been duly authorized and approved by all requisite action on the part of the Developer.

4. Each of the Documents to which the Developer is a party has been duly executed and delivered by a duly authorized officer of the Developer, and each such Document constitutes the legal, valid and binding obligation of the Developer, enforceable in accordance with its terms, except as limited by applicable bankruptcy, reorganization, insolvency or similar laws affecting the enforcement of creditors' rights generally.

5. Exhibit A attached hereto (a) identifies each class of capital stock of the Developer, (b) sets forth the number of issued and authorized shares of each such class, and (c) identifies the record owners of shares of each class of capital stock of the Developer and the number of shares held of record by each such holder. To the best of our knowledge after diligent inquiry, except as set forth on Exhibit A, there are no warrants, options, rights or commitments of purchase, conversion, call or exchange or other rights or restrictions with respect to any of the capital stock of the Developer. Each outstanding share of the capital stock of the Developer is duly authorized, validly issued, fully paid and nonassessable.

6. To the best of our knowledge after diligent inquiry, no judgments are outstanding against the Developer, nor is there now pending or threatened, any litigation, contested claim or governmental proceeding by or against the Developer or affecting the Developer or its property, or seeking to restrain or enjoin the performance by the Developer of the Agreement or the transactions contemplated by the Agreement, or contesting the validity thereof. To the best of our knowledge after diligent inquiry, the Developer is not in default with respect to any order, writ,

injunction or decree of any court, government or regulatory authority or in default in any respect under any law, order, regulation or demand of any governmental agency or instrumentality, a default under which would have a material adverse effect on the Developer or its business.

7. To the best of our knowledge after diligent inquiry, there is no default by the Developer or any other party under any material contract, lease, agreement, instrument or commitment to which the Developer is a party or by which the company or its properties is bound.

8. To the best of our knowledge after diligent inquiry, all of the assets of the Developer are free and clear of mortgages, liens, pledges, security interests and encumbrances except for those specifically set forth in the Documents.

9. The execution, delivery and performance of the Documents by the Developer have not and will not require the consent of any person or the giving of notice to, any exemption by, any registration, declaration or filing with or any taking of any other actions in respect of, any person, including without limitation any court, government or regulatory authority.

10. To the best of our knowledge after diligent inquiry, the Developer owns or possesses or is licensed or otherwise has the right to use all licenses, permits and other governmental approvals and authorizations, operating authorities, certificates of public convenience, goods carriers permits, authorizations and other rights that are necessary for the operation of its business.

11. A federal or state court sitting in the State of Illinois and applying the choice of law provisions of the State of Illinois would enforce the choice of law contained in the Documents and apply the law of the State of Illinois to the transactions evidenced thereby.

We are attorneys admitted to practice in the State of Illinois and we express no opinion as to any laws other than federal laws of the United States of America and the laws of the State of Illinois.

[Note: include a reference to the laws of the state of incorporation/organization of the Developer, if other than Illinois.]

This opinion is issued at the Developer's request for the benefit of the City and its counsel, and may not be disclosed to or relied upon by any other person.

Very truly yours,

In the ordinary course of business, Citigroup Inc. ("Citigroup") and its subsidiaries and affiliates are defendants or co-defendants in various litigation matters incidental to and typical of the broad range of businesses in which they are engaged. For example, typical actions in broker-dealer subsidiaries are civil suits, arbitration proceedings, and other matters related to activities occurring in the normal course of business as a broker and dealer in securities, as an underwriter of securities, as an investment banker or otherwise. From time to time Citigroup, and certain affiliated entities, are the subjects of inquiries and investigations conducted by federal or state regulatory agencies. Citigroup and its affiliated entities routinely cooperate with such investigations.

Citigroup is a public company, and as such files periodic and current reports with the U.S. Securities and Exchange Commission as required by the Securities Exchange Act of 1934 that include current descriptions of material regulatory proceedings, investigations and litigation. The City, the Developer and Method (but only with respect to Sections 8.16(c), 8.17 and 18.27 hereof) shall be known herein as the "Parties."

RECITALS:

A. Constitutional Authority: As a home rule unit of government under Section 6(a), Article VII of the 1970 Constitution of the State of Illinois (the "State"), the City has the power to regulate for the protection of the public health, safety, morals, and welfare of its inhabitants and, pursuant thereto, has the power to encourage private development in order to enhance the local tax base and create employment opportunities, and to enter into contractual agreements with private parties in order to achieve these goals.

B. Statutory Authority: The City is authorized under the provisions of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq., as amended from time-to-time (the "Act"), to finance projects that eradicate blighted conditions through the use of tax increment allocation financing for redevelopment projects.

C. City Council Authority: (i) To induce certain redevelopment pursuant to the Act, in accordance with the provisions of the Act, pursuant to ordinances adopted on June 30, 2009, and published at pages 65068 through 65179 of the Journal of Proceedings of the City Council (the

"Journal") for such date (the "North Pullman TIF Ordinances"), the City Council of the City (the "City Council"): (1) approved and adopted a redevelopment plan (the "North Pullman Redevelopment Plan") for the North Pullman Redevelopment Project Area (the "North Pullman Redevelopment Area") of the City; (2) designated the North Pullman Redevelopment Area as a "redevelopment project area" pursuant to the Act; and (3) adopted tax increment allocation financing for the North Pullman Redevelopment Area (the "North Pullman TIF Adoption Ordinance"). (ii) To induce certain redevelopment pursuant to the Act, in accordance with the provisions of the Act, pursuant to ordinances adopted on December 13, 2000 and published at pages _____ through _____ of the Journal for such date, the City Council: (1) approved and adopted a redevelopment plan (as amended pursuant to ordinances adopted on November 13, 2002 and November 19, 2008, the "Lake Calumet Redevelopment Plan") for the Lake Calumet Area Industrial Redevelopment Project Area (the "Lake Calumet Redevelopment Area") of the City; (2) designated the Lake Calumet Redevelopment Area as a "redevelopment project area" pursuant to the Act; and (3) adopted tax increment allocation financing for the Lake Calumet Redevelopment Area. (iii) The North Pullman and Lake Calumet Redevelopment Project Areas (collectively, the "Redevelopment Areas") are legally described in Exhibit A.

D. The Project: The Developer will purchase (the "Acquisition") certain property located mostly within the North Pullman Redevelopment Area but also partially within the Lake Calumet Redevelopment Area in the vicinity of 111th and Ellis Avenue, as legally described on Exhibit B (the "Property"), together with certain adjacent property (also legally described on Exhibit B) to be used as a private drive serving the Property and other land, and the Developer shall, within the time frames set forth in Section 3.01, commence and complete the preparation of the Property for construction of a manufacturing and distribution facility, as more particularly described on Exhibit B-2 attached hereto, and shall convey the Property to Method (the Acquisition, site preparation and work and conveyance to Method shall be known herein as the "Project"). The Parties acknowledge that the Project expressly excludes construction of such manufacturing and distribution facility itself, which work is to be performed by Method as set forth in Section 18.27. The completion of the Project would not reasonably be anticipated without the financing contemplated in this Agreement.

E. Redevelopment Plans: The Project will be carried out in accordance with: (i) this Agreement, and (ii) the North Pullman and Lake Calumet Redevelopment Plans (collectively, the "Redevelopment Plans").

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements contained in this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

AGREEMENT:

ARTICLE ONE: INCORPORATION OF RECITALS

The recitals stated above are an integral part of this Agreement and are hereby incorporated into this Agreement by reference and made a part of this Agreement.

ARTICLE TWO: DEFINITIONS

The definitions stated in Schedule A and those definitions stated in the recitals and preamble are hereby incorporated into this Agreement by reference and made a part of this Agreement.

ARTICLE THREE: THE PROJECT

3.01 The Project. Developer has commenced construction of the Project and will complete construction of the Project no later than September 1, 2014, subject to: (a) Section 18.17 (Force Majeure); (b) applicable Change Orders, if any, issued under Section 3.04; (c) the receipt of all applicable permits and Project approvals; and (d) installation of environmental barriers and issuance of a "No Further Remediation" letter, which shall not be required to be completed by September 1, 2014, but which shall be diligently pursued to completion.

3.02 Scope Drawings and Plans and Specifications. Developer has delivered the Scope Drawings and Plans and Specifications to HED, and HED has approved them. Subsequent proposed changes to the Scope Drawings or Plans and Specifications within the scope of Section 3.04 will be submitted to HED as a Change Order under Section 3.04. The Scope Drawings and Plans and Specifications will at all times conform to the Redevelopment Plans as in effect on the date of this Agreement, and to all applicable Federal, State and local laws, ordinances and regulations. Developer will submit all necessary documents to the City's Department of Buildings, Department of Transportation, and to such other City departments or governmental authorities as may be necessary to acquire building permits and other required approvals for the Project.

3.03 Project Budget. Developer has furnished to HED, and HED has approved, a Project Budget which is Exhibit D-1, showing total costs for the Project in an amount not less than $9,910,736. Developer hereby certifies to the City that: (a) it has Lender Financing and/or Equity in an aggregate amount sufficient to pay for all Project costs; and (b) the Project Budget is true, correct and complete in all material respects. Developer will promptly deliver to HED copies of any Change Orders with respect to the Project Budget as provided in Section 3.04.

3.04 Change Orders.

(a) Except as provided in subparagraph (b) below, all Change Orders (and documentation substantiating the need and identifying the source of funding therefor) relating to changes to the Project must be submitted by Developer to HED concurrently with the progress reports described in Section 3.07; provided, however, that any Change Orders relating to any of the following must be submitted by Developer to HED for HED's prior written approval: (i) a reduction by more than five percent (5%) in the square footage of the Project from the square footage approved by HED under Section 3.02, or (ii) a change in the primary use of the Project, or (iii) a delay in the Project completion date by more than 30 days, or (iv) change orders resulting in an aggregate increase to the Project Budget of 10% or more. Developer will not authorize or permit the performance of any work relating to any Change Order requiring HED's prior written approval or the furnishing of materials in connection therewith prior to the receipt by Developer of HED's written approval. The Construction Contract, and each contract between the General Contractor and any subcontractor, will contain a provision to this effect or for compliance with this Agreement generally. An approved Change Order will not be deemed to imply any obligation on the part of the City to increase the amount of City Funds or to provide any other additional assistance to Developer.

(b) Notwithstanding anything to the contrary in this Section 3.04, Change Orders other than those stated in subsection (a) above do not require HED's prior written approval as stated in

this Section 3.04, but HED must be notified in writing of all such Change Orders within 10 Business Days after the execution of such change order, and Developer, in connection with such notice, must identify to HED the source of funding therefor in the progress reports described in Section 3.07.

3.05 HED Approval. Any approval granted by HED under this Agreement of the Scope Drawings, Plans and Specifications and the Change Orders is for the purposes of this Agreement only, and any such approval does not affect or constitute any approval required by any other City department or under any City ordinance, code, regulation, or any other governmental approval, nor does any such approval by HED under this Agreement constitute approval of the utility, quality, structural soundness, safety, habitability, merchantability or investment quality of the Project. Developer will not make any verbal or written representation to anyone to the contrary. Developer shall not undertake construction of the Project unless Developer has obtained all necessary permits and approvals (including but not limited to HED's approval of the Scope Drawings and Plans and Specifications) and proof of the General Contractor's and each subcontractor's bonding as required under this Agreement.

3.06 Other Approvals. Any HED approval under this Agreement will have no effect upon, nor will it operate as a waiver of, Developer's obligations to comply with the provisions of Section 5.03 (Other Governmental Approvals).

3.07 Progress Reports and Survey Updates. After the Closing Date, on or before the 15th day of each reporting month, Developer will provide HED with written quarterly construction progress reports detailing the status of the Project, including a revised completion date, if necessary (with any delay in completion date being considered a Change Order, requiring HED's written approval under Section 3.04). Developer must also deliver to the City written monthly progress reports detailing compliance with the requirements of Section 8.08 (Prevailing Wage), Section 10.02 (City Resident Construction Worker Employment Requirement) and Section 10.03 (Developer's MBE/WBE Commitment) (collectively, the "City Requirements"). If the reports reflect a shortfall in compliance with the requirements of Sections 8.08, 10.02 and 10.03, then there must also be included a written plan from Developer acceptable to HED to address and cure such shortfall.

3.08 Inspecting Agent or Architect. An independent agent or architect, if any (other than Developer's architect), will also act as the inspecting agent or architect for HED for the Project, and any fees and expenses connected with its work or incurred by such independent agent or architect will be solely for Developer's account and will be promptly paid by Developer. The inspecting agent or architect shall perform periodic inspections with respect to the Project, providing certifications with respect thereto to HED, prior to requests for disbursement for costs related to the Project.

3.09 Barricades. Prior to commencing any construction requiring barricades, Developer will install a construction barricade of a type and appearance satisfactory to the City and constructed in compliance with all applicable Federal, State or City laws, ordinances, rules and regulations. HED retains the right to approve the maintenance, appearance, color scheme, painting, nature, type, content, and design of all barricades (other than the name and logo of Developer or the Project).

3.10 Signs and Public Relations. (vii) Reserved.

(viii) Other City Funds Matters. The Developer acknowledges and agrees that the City's obligation to pay any amount is contingent upon satisfaction of all applicable terms and conditions of this Agreement, including without limitation, compliance with the covenants in Section 8 (Covenants/Representations/ Warranties of the Developer). In the event that such conditions are not fulfilled, the amount of Lender Financing and/or Equity to be contributed pursuant to Section 4.01 hereof shall be increased, as necessary, to complete the Project.

4.04 Reserved.

4.05 Treatment of Prior Expenditures/Administration Fee.

(a) Prior Expenditures. Only those expenditures made by Developer with respect to the Project prior to the Closing Date, evidenced by documentation satisfactory to HED and approved by HED as satisfying costs covered in the Project Budget, will be considered previously contributed Equity or Lender Financing, if any, hereunder (the "Prior Expenditure(s)"). HED has the right, in its sole discretion, to disallow any such expenditure (not listed on Exhibit H) as a Prior Expenditure as of the date of this Agreement. Exhibit H identifies the prior expenditures approved by HED as Prior Expenditures. Prior Expenditures made for items other than TIF-Funded Improvements will not be reimbursed to Developer but will reduce the amount of Equity and/or Lender Financing, if any, required to be contributed by Developer under Section 4.01.

(b) TIF District Administration Fee. The City may annually allocate an amount not to exceed ten percent (10%) of the Incremental Taxes for payment of costs incurred by the City for the administration and monitoring of the North Pullman Redevelopment Area, including the Project. The foregoing fee shall be in addition to and shall not be deducted from or considered a part of the City Funds, and, to the extent Incremental Taxes are disbursed to the Developer pursuant to Section 4.03(d)(iii)(2), the City shall have the right to receive such funds only after payment to Developer of such Incremental Taxes.

4.06 Cost Overruns. If the aggregate cost of the TIF-Funded Improvements exceeds City Funds available under Section 4.03, Developer will be solely responsible for such excess costs, and will hold the City harmless from any and all costs and expenses of completing the TIF-Funded Improvements in excess of City Funds and from any and all costs and expenses of completing the Project in excess of the Project Budget.

4.07 Reserved.

4.08 Preconditions of Disbursement. Prior to each disbursement of City Funds hereunder, Developer shall submit documentation regarding the applicable expenditures to HED, which shall be satisfactory to HED in its sole discretion. Delivery by Developer to HED of any request for disbursement of City Funds hereunder shall, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of such request for disbursement, that:

(a) the representations and warranties contained in this Agreement are true and correct and Developer is in compliance with all covenants contained herein (including but not limited to Sections 8.08, 10.02 and 10.03 hereof);

(b) Developer has received no notice and has no knowledge of any lien or claim of lien either filed or threatened against the Property or the Project except for the Permitted Liens;

(c) no Event of Default or condition or event which, with the giving of notice or passage time or both, would constitute an Event of Default exists or has occurred; and

The City shall have the right, in its discretion, to require Developer to submit further documentation as the City may require in order to verify that the matters certified to above are true and correct, and any disbursement by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such

certifications by Developer. In addition, Developer shall have satisfied all other preconditions of disbursement of City Funds for each disbursement, including not limited to the requirements set forth in the TIF Ordinances and this Agreement.

ARTICLE FIVE: CONDITIONS PRECEDENT TO CLOSING

The following conditions precedent to closing must be complied with to the City's satisfaction within the time periods set forth below or, if no time period is specified, prior to the Closing Date:

5.08 Insurance. Developer, at its own expense, will have insured the Property as required under Article Twelve. At least 5 Business Days prior to the Closing Date, certificates required under Article Twelve evidencing the required coverages will have been delivered to HED.

5.09 Opinion of Developer's Counsel. On the Closing Date, Developer will furnish the City with an opinion of counsel, substantially in the form of Exhibit J, with such changes as may be required by or acceptable to Corporation Counsel. If Developer has engaged special counsel in connection with the Project, and such special counsel is unwilling or unable to give some of the opinions stated in Exhibit J, such opinions shall be obtained by Developer from its general corporate counsel.

5.12 Additional Documentation. Developer will have provided documentation to HED, satisfactory in form and substance to HED, with respect to current employment profile, if requested by HED, and copies of any ground leases or operating leases and other tenant leases executed by Developer for leaseholds on the Property, if any.

5.13 Environmental Reports. Not less than 30 days prior to the Closing Date, Developer will provide HED with copies of all environmental reports or audits, if any, obtained by Developer with respect to the Property, together with any notices addressed to Developer from any agency regarding environmental issues at the Property. audit(s), authorizing the City to rely on such report(s) or audit(s).

5.14 Entity Documents; Economic Disclosure Statement.

(a) Entity Documents. Developer will provide a copy of its current Articles of Incorporation, with all amendments, containing the original certification of the Secretary of State of its state of organization; certificates of good standing from the Secretary of State of Illinois and all other states, if any, in which Developer is registered to do business; its bylaws; a secretary's certificate in such form and substance as the Corporation Counsel may require; and such other organizational documentation as the City may request.

(b) Economic Disclosure Statement. Developer will provide the City an EDS, in the City's then current form, dated as of the Closing Date, which is incorporated by reference and Developer further will provide any other affidavits or certifications as may be required by Federal, State or local law in the award of public contracts, all of which affidavits or certifications are incorporated by reference. Notwithstanding acceptance by the City of the EDS, failure of the EDS to include all information required under the Municipal Code renders this Agreement voidable at the option of the City. Developer and any other parties required by this Section 5.14 to complete an EDS must promptly update their EDS(s) on file with the City whenever any information or response provided in the EDS(s) is no longer complete and accurate, including changes in ownership and changes in disclosures and information pertaining to ineligibility to do business with the City under Chapter 1-23 of the Municipal Code, as such is required under Sec. 2-154-020, and failure to promptly provide the updated EDS(s) to the City will constitute an event of default under this Agreement.

5.15 Litigation. Developer has provided to Corporation Counsel and HED in writing, a description of all pending or threatened litigation or administrative proceedings: (a) involving Developer's property located in the City, (b) that Developer is otherwise required to publicly disclose or that may affect the ability of Developer to perform its duties and obligations under this Agreement, or (c) involving the City or involving the payment of franchise, income, sales or other taxes by such party to the State of Illinois or the City. In each case, the description shall specify the amount of each claim, an estimate of probable liability, the amount of any reserves taken in connection therewith, and whether (and to what extent) such potential liability is covered by insurance.

5.16 Method Contract. Developer has provided the City with a certified copy of the contract to sell the Property to Method (the "Method Contract"), and such contract complies with Sections 8.16(c), 8.17 and 18.27 hereof.

ARTICLE SIX: AGREEMENTS WITH CONTRACTORS

6.01 Bid Requirement for General Contractor and Subcontractors.

(a) HED acknowledges that Developer may act as general contractor for all or a portion of the Project. To the extent Developer elects to engage a third party to provide general contractor or construction oversight services, the Developer's selection of such third party shall be subject to the City's approval (the "General Contractor"). Developer must solicit, or must cause the General Contractor to solicit, bids from qualified contractors eligible to do business with the City.

(b) For the TIF-Funded Improvements, Developer must select or cause the General Contractor to select the subcontractor submitting the lowest responsible and responsive bid who can complete the Project (or phase thereof) in a timely and good and workmanlike manner; provided, however, that Developer may consider a bidder's ability to meet the unique challenges of the Project

in evaluating the "lowest responsible and responsive bid" rather than the lowest bid. If the General Contractor selects any subcontractor submitting other than the lowest responsible and responsive bid for the TIF-Funded Improvements, the difference between the lowest responsible and responsive bid and the bid selected may not be paid out of City Funds.

(c) Developer must submit copies of the Construction Contract to HED as required under Section 6.02 below. Photocopies of all subcontracts entered or to be entered into in connection with the TIF-Funded Improvements must be provided to HED within 20 Business Days of the execution thereof. Developer must ensure that the General Contractor will not (and must cause the General Contractor to ensure that the subcontractors will not) begin work on the Project (or any phase thereof) until the applicable Plans and Specifications for that phase have been approved by HED and all requisite permits have been obtained.

6.02 Construction Contract. Prior to the execution thereof, Developer must deliver to HED a copy of the proposed Construction Contract with the General Contractor selected to work on the TIF-Funded Improvements under Section 6.01 above, for HED's prior written approval. Within 10 Business Days after execution of such contract by Developer, the General Contractor and any other parties thereto, Developer must deliver to HED and Corporation Counsel a certified copy of such contract together with any modifications, amendments or supplements thereto.

6.03 Performance and Payment Bonds. Prior to commencement of construction of any work in the public way, if any, Developer will require that the General Contractor and any applicable subcontractor(s) be bonded (as to such work in the public way) for their respective payment and performance by sureties having an AA rating or better using the form of payment and performance bond form attached as Exhibit L. The City will be named as obligee or co-obligee on such bond.

6.04 Employment Opportunity. Developer will contractually obligate and cause the General Contractor to agree and contractually obligate each subcontractor to agree to the provisions of Article Ten. The Parties acknowledge that the contracting, hiring and testing requirements for the MBE/WBE and City Residency obligations in Article Ten are applied by the City's monitoring staff on an aggregate basis, and that it shall not be an event of default under this Agreement, nor shall the payment of the City resident hiring shortfall amount be required, if the Developer or, as applicable, the General Contractor do not impose such obligations on each subcontractor, or if any one subcontractor does not satisfy such obligations, so long as such obligations are satisfied on an aggregate basis; provided, however, that City Funds shall not be disbursed hereunder unless compliance with Article Ten is evidenced on such an aggregate basis..

6.05 Other Provisions. In addition to the requirements of this Article Six, the Construction Contract and each contract with any subcontractor working on the Project must contain provisions required under Section 3.04 (Change Orders), Section 8.08 (Prevailing Wage), Section 10.01(e) (Employment Opportunity), Section 10.02 (City Resident Construction Worker Employment Requirement), Section 10.03 (Developer's MBE/WBE Commitment), Article Twelve (Insurance) and Section 14.01 (Books and Records).

ARTICLE SEVEN: COMPLETION OF CONSTRUCTION

7.01 Certificate of Completion of Construction. Upon completion of the construction of the Project in compliance with the terms and conditions of this Agreement, and upon Developer's written request (including (a) a final owner's sworn statement for the Project, and (b) Method's written approval or acceptance of the completed Project), HED will issue to Developer a certificate of

completion of construction in recordable form (the "Certificate of Completion") certifying that Developer has fulfilled its obligation to complete the Project in compliance with the terms and conditions of this Agreement. HED will respond to Developer's written request for a Certificate of Completion within 30 days by issuing either a Certificate of Completion or a written statement detailing the ways in which the Project does not conform to this Agreement or has not been satisfactorily completed and the measures which must be taken by Developer in order to obtain the Certificate of Completion. Developer may resubmit a written request for a Certificate of Completion upon completion of such measures, and the City will respond within 30 days in the same way as the procedure for the initial request. Such process may repeat until the City issues a Certificate of Completion.

7.02 Effect of Issuance of Certificate of Completion; Continuing Obligations.

(a) The Certificate of Completion relates only to the construction of the Project, and upon its issuance, the City will certify that the terms of the Agreement specifically related to Developer's obligation to complete such activities have been satisfied. After the issuance of a Certificate of Completion, however, all executory terms and conditions of this Agreement and all representations and covenants contained herein will continue to remain in full force and effect throughout the Term of the Agreement as to the parties described in the following paragraph, and the issuance of the Certificate of Completion must not be construed as a waiver by the City of any of its rights and remedies under such executory terms.

(b) Those covenants specifically described at Section 8.16(c) (Real Estate Taxes) as covenants that run with the land comprising the Property are the only covenants in this Agreement intended to be binding throughout the Term of the Agreement upon any transferee of the Developer holding title to the Property or any portion thereof, regardless of whether or to what extent that owner is also an assignee of Developer as described in this paragraph and regardless of whether or not a Certificate of Completion has been issued. Unless a Certificate of Completion has been issued, those covenants specifically described at Section 8.02 (Covenant to Redevelop) as covenants that run with the land comprising the Property are the only other covenants in this Agreement intended to be binding throughout the Term of the Agreement upon any transferee of the Developer holding title to the Property or any portion thereof, regardless of whether or to what extent that owner is also an assignee of Developer as described in this paragraph. The other executory terms of this Agreement that remain after the issuance of a Certificate of Completion, specifically Sections 8.16(c), 8.17 and 18.27, will be binding only upon Method or a permitted assignee of Method.

7.03 Failure to Complete. If Developer fails to timely complete the Project in compliance with the terms of this Agreement, then the City will have, but will not be limited to, any of the following rights and remedies, in addition to those stated in Section 15.02.

(a) the right to terminate this Agreement and cease all disbursement of City Funds not yet disbursed under this Agreement; and

(b) the right (but not the obligation) to complete those TIF-Funded Improvements that are public improvements and to pay for the costs of such TIF-Funded Improvements (including interest costs) out of the payment and performance bond form attached as Exhibit L, and, if such funds are insufficient, then from City Funds or other City monies. If the aggregate costs incurred by the City to complete the TIF-Funded Improvements exceeds the amount of funds described in the preceding sentence, Developer will reimburse the City for all reasonable costs and expenses incurred by the

City in completing such TIF-Funded Improvements in excess of those funds.

7.04 Notice of Expiration or Termination. Upon the expiration of the Term of the Agreement, HED will provide Developer, at Developer's written request, with a written notice in recordable form stating that the Term of the Agreement has expired.

ARTICLE EIGHT: REPRESENTATIONS, WARRANTIES AND COVENANTS OF DEVELOPER.

8.01 General. Developer represents, warrants, and covenants, as of the date of this Agreement and as of the date of each disbursement of City Funds hereunder, that:

(a) Developer is an Illinois not-for-profit corporation, duly organized, validly existing, qualified to do business in Illinois, and licensed to do business in any other state where, due to the nature of its activities or properties, such qualification or license is required;

(b) Developer has the right, power and authority to enter into, execute, deliver and perform this Agreement;

(c) the execution, delivery and performance by Developer of this Agreement has been duly authorized by all necessary corporate action, and does not and will not violate its Articles of Incorporation as amended and supplemented, its bylaws, any applicable provision of law, or constitute a breach of, default under or require any consent under any agreement, instrument or document to which Developer is now a party or by which Developer or any of its assets is now or may become bound;

(d) Developer has acquired and will maintain good, indefeasible and merchantable fee simple title to the Property (and improvements located thereon) free and clear of all liens (except for the Permitted Liens or Lender Financing, if any, as disclosed in the Project Budget, and those liens otherwise bonded or insured over in accordance with the terms of this Agreement).

(e) Developer is now, and for the Term of the Agreement, will remain solvent and able to pay its debts as they mature;

(f) there are no actions or proceedings by or before any court, governmental commission, board, bureau or any other administrative agency pending or, to Developer's actual knowledge threatened or affecting Developer which would impair its ability to perform under this Agreement;

(g) Developer has and will maintain all government permits, certificates and consents (including, without limitation, appropriate environmental approvals) necessary to construct and complete the Project;

(h) Developer is not in default with respect to any indenture, loan agreement, mortgage, deed, note or any other agreement or instrument related to the borrowing of money to which Developer is a party or by which Developer or any of its assets is bound beyond applicable notice and cure periods;

(i) the Financial Statements are, and when hereafter required to be submitted will be, complete, correct in all material respects and accurately present the assets, liabilities, results of operations and financial condition of Developer; and there has been no material adverse change in

the assets, liabilities, results of operations or financial condition of Developer since the date of Developer's most recent Financial Statements;

(j) prior to the issuance of a Certificate of Completion, if it would adversely affect Developer's ability to perform its obligations under this Agreement, Developer will not do any of the following without the prior written consent of HED: (1) be a party to any merger, liquidation or consolidation; (2) sell, transfer, convey, lease or otherwise dispose (directly or indirectly) of all or substantially all of its assets or any portion of the Property or the Project (including but not limited to any fixtures or equipment now or hereafter attached thereto) except in the ordinary course of business, and except with respect to the sale of the Property to Method; (3) enter into any transaction outside the ordinary course of Developer's business; (4) assume, guarantee, endorse, or otherwise become liable in connection with the obligations of any other person or entity to the extent that such action would have an adverse effect on Developer's ability to perform its obligations under this Agreement; or (5) enter into any transaction that would cause a material and detrimental change to Developer's financial condition.

(k) Developer has not incurred and, prior to the issuance of a Certificate of Completion, will not, without the prior written consent of the Commissioner of HED, allow the existence of any liens against the Property other than the Permitted Liens; or incur any indebtedness secured or to be secured by the Property or the Project or any fixtures now or hereafter attached thereto;

(l) Developer has not made or caused to be made, directly or indirectly, any payment, gratuity or offer of employment in connection with the Agreement or any contract paid from the City treasury or under City ordinance, for services to any City agency ("City Contract") as an inducement for the City to enter into the Agreement or any City Contract with Developer in violation of Chapter 2-156-120 of the Municipal Code of the City, as amended; and

(m) neither Developer nor any Affiliate thereof is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment: the Specially Designated Nationals List, the Denied Persons Lists, the Unverified List, the Entity List and the Debarred List.

8.02 Covenant to Redevelop. Upon HED's approval of the Scope Drawings and Plans and Specifications, and the Project Budget as provided in Sections 3.02 and 3.03, and Developer's receipt of all required building permits and governmental approvals, Developer will redevelop the Property and the Project in compliance with this Agreement and all exhibits attached hereto, the TIF Ordinances, the Scope Drawings, the Plans and Specifications, the Project Budget and all amendments thereto, and all Federal, State and local laws, ordinances, rules, regulations, executive orders and codes applicable to the Property, the Project and/or Developer. The covenants set forth in this Section 8.02 will run with the land comprising the Property (as defined herein) and will be binding upon any transferee, until fulfilled as evidenced by the issuance of a Certificate of Completion.

8.03 Redevelopment Plans. Developer represents that the Project is and will be in compliance with all applicable terms of the Redevelopment Plans, as in effect on the date of this Agreement.

8.04 Use of City Funds. City Funds disbursed to Developer will be used by Developer

solely to reimburse Developer for its payment for the TIF-Funded Improvements as provided in this Agreement.

8.05 Other Bonds. At the request of the City, Developer will agree to any reasonable amendments to this Agreement that are necessary or desirable in order for the City to issue (in its sole and absolute discretion) any Bonds in connection with the Redevelopment Areas, the proceeds of which may be used to reimburse the City for expenditures made in connection with or provided a source of funds for the payment for the TIF-Funded Improvements (the "Bonds"); provided, however, that any such amendments will not have a material adverse effect on Developer or the Project. Developer will, at Developer's expense, cooperate and provide reasonable assistance in connection with the marketing of any such Bonds, including but not limited to providing written descriptions of the Project, making representations, providing information regarding its financial condition (but not including proprietary sales and operating information), and assisting the City in its preparation of an offering statement with respect thereto. Developer will not have any liability with respect to any disclosures made in connection with any such issuance that are actionable under applicable securities laws unless such disclosures are based on factual information provided by Developer that is determined to be false and misleading.

8.06 Employment Opportunity.

(a) Developer covenants and agrees to abide by, and contractually obligate and use reasonable efforts to cause the General Contractor and, as applicable, to cause the General Contractor to contractually obligate each subcontractor to abide by the terms set forth in Section 8.08 (Prevailing Wage) and Article Ten (Developer's Employment Obligations). Developer will submit a plan to HED describing its compliance program prior to the Closing Date.

(b) Developer will deliver to the City written quarterly progress reports detailing compliance with the requirements of Sections 8.08, (Prevailing Wage) 10.02 (City Resident Construction Worker Employment Requirement) and 10.03 (Developer's MBE/WBE Commitment) of this Agreement. If any such reports indicate a shortfall in compliance, Developer will also deliver a plan to HED which will outline, to HED's satisfaction, the manner in which Developer will correct any shortfall.

8.07 Employment Profile. Developer will submit, and contractually obligate and cause the General Contractor to submit and contractually obligate any subcontractor to submit, to HED, from time to time, statements of its employment profile upon HED's request.

8.08 Prevailing Wage. Developer covenants and agrees to pay, and to contractually obligate and cause the General Contractor to pay and to contractually cause each subcontractor to pay, the prevailing wage rate as ascertained by the State Department of Labor (the "Labor Department"), to all of their respective employees working on constructing the Project or otherwise completing the TIF-Funded Improvements. All such contracts will list the specified rates to be paid to all laborers, workers and mechanics for each craft or type of worker or mechanic employed under such contract, or alternatively Developer will provide applicable schedules evidencing wage rates paid. If the Labor Department revises such prevailing wage rates, the revised rates will apply to all such contracts. Upon the City's request, Developer will provide the City with copies of all such contracts entered into by Developer or the General Contractor to evidence compliance with this Section 8.08.

8.09 Arms-Length Transactions. Unless HED shall have given its prior written consent

with respect thereto, no Affiliate of Developer may receive any portion of City Funds, directly or indirectly, in payment for work done, services provided or materials supplied in connection with any TIF-Funded Improvement. Developer will provide information with respect to any entity to receive City Funds directly or indirectly (whether through payment to an Affiliate by Developer and reimbursement to Developer for such costs using City Funds, or otherwise), upon HED's request, prior to any such disbursement.

8.10 Financial Statements. Developer will obtain and provide to HED Financial Statements for 2011 and 2012, if available, and each year thereafter for the Term of the Agreement.

8.11 Insurance. Solely at its own expense, Developer will comply with all applicable provisions of Article Twelve (Insurance) hereof.

8.12 Non-Governmental Charges.

(a) Payment of Non-Governmental Charges. Except for the Permitted Liens, and subject to subsection (b) below, Developer agrees to pay or cause to be paid when due any Non-Governmental Charges assessed or imposed upon the Property or the Project or the or any fixtures that are or may become attached thereto and which are owned by Developer, which creates, may create, or appears to create a lien upon all or any portion of the Property; provided however, that if such Non-Governmental Charges may be paid in installments, Developer may pay the same together with any accrued interest thereon in installments as they become due and before any fine, penalty, interest, or cost may be added thereto for nonpayment. Developer will furnish to HED, within thirty (30) days of HED's request, official receipts from the appropriate entity, or other evidence satisfactory to HED, evidencing payment of the Non-Governmental Charges in question.

(b) Right to Contest. Developer will have the right, before any delinquency occurs:

(i) to contest or object in good faith to the amount or validity of any Non-Governmental Charges by appropriate legal proceedings properly and diligently instituted and prosecuted, in such manner as shall stay the collection of the contested Non-Governmental Charges, prevent the imposition of a lien or remove such lien, or prevent the transfer or forfeiture of the Property (so long as no such contest or objection shall be deemed or construed to relieve, modify or extend Developer's covenants to pay any such Non-Governmental Charges at the time and in the manner provided in this Section 8.12); or

(ii) at HED's sole option, to furnish a good and sufficient bond or other security satisfactory to HED in such form and amounts as HED will require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such transfer or forfeiture of the Property or any portion thereof or any fixtures that are or may be attached thereto, during the pendency of such contest, adequate to pay fully any such contested Non-Governmental Charges and all interest and penalties upon the adverse determination of such contest.

8.13 Developer's Liabilities. Developer will not enter into any transaction that would materially and adversely affect its ability to: (i) perform its obligations under this Agreement or (ii) repay any material liabilities or perform any material obligations of Developer to any other person or entity. Developer will immediately notify HED of any and all events or actions which may materially affect Developer's ability to carry on its business operations or perform its obligations under this Agreement or under any other documents and agreements.

8.14 Compliance with Laws.

(a) Representation. To Developer's knowledge, after diligent inquiry, the Property and the Project are in compliance with all applicable Federal, State and local laws, statutes, ordinances, rules, regulations, executive orders and codes pertaining to or affecting the Property and the Project. Upon the City's request, Developer will provide evidence reasonably satisfactory to the City of such current compliance.

(b) Covenant. Developer covenants that the Property and the Project will be operated and managed in compliance with all applicable Federal, State and local laws, statutes, ordinances, rules, regulations, executive orders and codes pertaining to or affecting the Property or the Project, including the following Municipal Code Sections: 7-28-390, 7-28-440, 11-4-1410, 11-4-1420, 11-4-1450, 11-4-1500, 11-4-1530, 11-4-1550 or 11-4-1560, whether or not in performance of this Agreement. Upon the City's request, Developer will provide evidence to the City of its compliance with this covenant.

8.15 Recording and Filing. Developer will cause this Agreement, certain exhibits (as specified by Corporation Counsel) and all amendments and supplements hereto to be recorded and filed on the date hereof in the conveyance and real property records of Cook County, Illinois against the Property. Such recordings shall be recorded prior to any mortgage made in connection with Lender Financing, if any. Developer will pay all fees and charges incurred in connection with any such recording. Upon recording, Developer will immediately transmit to the City an executed original of this Agreement showing the date and recording number of record.

8.16 Real Estate Provisions.

(a) Governmental Charges.

(i) Payment of Governmental Charges. Subject to subsection (ii) below, Developer agrees to pay or cause to be paid when due all Governmental Charges (as defined below) which are assessed or imposed upon Developer, the Property or the Project, or become due and payable, and which create, may create, or appear to create a lien upon Developer or all or any portion of the Property or the Project. "Governmental Charge" means all Federal, State, county, the City, or other governmental (or any instrumentality, division, agency, body, or department thereof) taxes, levies, assessments, charges, liens, claims or encumbrances relating to Developer, the Property or the Project, including but not limited to real estate taxes.

(ii) Right to Contest. Developer has the right before any delinquency occurs to contest or object in good faith to the amount or validity of any Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted in such manner as shall stay the collection of the contested Governmental Charge and prevent the imposition of a lien or the sale or transfer or forfeiture of the Property or the Project. Developer's right to challenge real estate taxes applicable to the Property or the Project is limited as provided for in Section 8.16(c) below; provided, that such real estate taxes must be paid in full when due. No such contest or objection will be deemed or construed in any way as relieving, modifying or extending Developer's covenants to pay any such Governmental Charge at the time and in the manner provided in this Agreement unless Developer has given prior written notice to HED of Developer's intent to contest or object to a Governmental Charge and, unless, at HED's sole option:

(x) Developer will demonstrate to HED's satisfaction that legal proceedings instituted by Developer contesting or objecting to a Governmental Charge will conclusively operate to prevent or remove a lien against, or the sale or transfer or forfeiture of, all or any part of the Property or the Project to satisfy such Governmental Charge prior to final determination of such proceedings, and/or;

(y) Developer will furnish a good and sufficient bond or other security satisfactory to HED in such form and amounts as HED may require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or transfer or forfeiture of the Property or the Project during the pendency of such contest, adequate to pay fully any such contested Governmental Charge and all interest and penalties upon the adverse determination of such contest.

(b) Developer's Failure To Pay Or Discharge Lien. If Developer fails to pay or contest any Governmental Charge or to obtain discharge of the same, Developer will advise HED thereof in writing, at which time HED may, but will not be obligated to, and without waiving or releasing any obligation or liability of Developer under this Agreement, in HED's sole discretion, make such payment, or any part thereof, or obtain such discharge and take any other action with respect thereto which HED deems advisable. All sums so paid by HED, if any, and any expenses, if any, including reasonable attorneys' fees, court costs, expenses and other charges relating thereto, will be promptly disbursed to HED by Developer. Notwithstanding anything contained herein to the contrary, this paragraph must not be construed to obligate the City to pay any such Governmental Charge. Additionally, if Developer fails to pay any Governmental Charge, the City, in its sole discretion, may require Developer to submit to the City audited Financial Statements at Developer's own expense.

(c) Real Estate Taxes.

(i) Real Estate Tax Exemption. With respect to the Property or the Project (and related improvements) or the Project, neither Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to Developer will, during the Term of this Agreement, seek or authorize any exemption (as such term is used and defined in the Illinois Constitution, Article IX, Section 6 (1970)) for any year that the North Pullman Redevelopment Plan is in effect.

(ii) No Reduction in Real Estate Taxes.

(A) Neither Developer, nor any person acting on behalf of Developer, will, during the Term of this Agreement, directly or indirectly, initiate, seek or apply for proceedings in order to lower the assessed value of all or any portion of the Property or the Project [to an assessed value which would result in an amount of real estate taxes being due and payable ("Actual Amount") lower than those projected amounts of real estate taxes listed on Exhibit K hereto ("Projected Amount"). If the Developer or Method or any successor thereto violates this Section 8.16(c)(ii)(A) then the City shall be entitled to recover as a remedy two times the difference between the Projected Amount and the Actual Amount for each and every year of the Term of the Agreement that any such difference results from such violation hereof].

(B) After diligent inquiry, Developer knows of no pending application,

appeal or request for reduction of the assessed value of all or any portion of the Property or the Project filed by Developer for any tax year prior to or including the tax year in which this Agreement is executed.

(iii) No Objections. Neither Developer, nor any person acting by, through or on behalf of Developer, will object to or in any way seek to interfere with, on procedural or any other grounds, the filing of any Under Assessment Complaint (as defined below) or subsequent proceedings related thereto with the Cook County Assessor or with the Cook County Board of Appeals, by either the City or any taxpayer. The term "Under Assessment Complaint" as used in this Agreement means any complaint seeking to increase the assessed value of the Property or the Project.

(iv) Covenants Running with the Land Comprising the Property. The parties agree that the restrictions contained in this Section 8.16(c) are covenants running with the land comprising the Property (as defined herein). This Agreement will be recorded by Developer against the Property as a memorandum thereof, at Developer's expense, with the Cook County Recorder of Deeds on the Closing Date. These restrictions will be binding upon any owner of the Property, from and after the date hereof, provided however, that the covenants will be released upon the earlier of when the North Pullman Redevelopment Area is no longer in effect, or upon expiration of the Term of Agreement. Developer agrees that any sale, transfer, lease, conveyance, or transfer of title to all or any portion of the Property or the Project from and after the date hereof shall be made explicitly subject to such covenants and restrictions. Notwithstanding anything contained in this Section 8.16(c) to the contrary, the City, in its sole discretion and by its sole action, without the joinder or concurrence of Developer, its successors or assigns, may waive and terminate Developer's covenants and agreements set forth in this Section 8.16(c).

8.17 Annual Compliance Report. Developer, through the tenth anniversary of the issuance of the Certificate of Completion, and Method, through the Job Creation Period, shall submit to HED the Annual Compliance Report within 30 days after the end of the calendar year to which the Annual Compliance Report relates.

8.18 Reserved.

8.19 Broker's Fees. Developer has no liability or obligation to pay any fees or commissions to any broker, finder, or agent with respect to any of the transactions contemplated by this Agreement for which the City could become liable or obligated.

8.20 No Conflict of Interest. Under Section 5/11-74.4-4(n) of the Act, Developer represents, warrants and covenants that to the best of its knowledge, no member, official, or employee of the City, or of any commission or committee exercising authority over the Project, the Redevelopment Areas or the Redevelopment Plans, or any consultant hired by the City, (a "City Group Member") owns or controls, has owned or controlled or will own or control any interest, and no such City Group Member will represent any person, as agent or otherwise, who owns or controls, has owned or controlled, or will own or control any interest, direct or indirect, in Developer, the Property, the Property, the Project, or to Developer's actual knowledge, any other property in the Redevelopment Areas.

8.21 Disclosure of Interest. Developer's counsel has no direct or indirect financial ownership interest in Developer, the Property or any other feature of the Project.

8.22 No Business Relationship with City Elected Officials. Developer acknowledges receipt of a copy of Section 2-156-030(b) of the Municipal Code and that Developer has read and understands such provision. Under Section 2-156-030(b) of the Municipal Code of Chicago, it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected official has a "Business Relationship" (as defined in Section 2-156-080(b)(2) of the Municipal Code), or to participate in any discussion of any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship. Violation of Section 2-156-030(b) by any elected official, or any person acting at the direction of such official, with respect to this Agreement, or in connection with the transactions contemplated thereby, will be grounds for termination of this Agreement and the transactions contemplated thereby. Developer hereby represents and warrants that, to the best of its knowledge after due inquiry, no violation of Section 2-156-030(b) has occurred with respect to this Agreement or the transactions contemplated thereby.

8.23 Inspector General. It is the duty of Developer and the duty of any bidder, proposer, contractor, subcontractor, and every applicant for certification of eligibility for a City contract or program, and all of Developer's officers, directors, agents, partners, and employees and any such bidder, proposer, contractor, subcontractor or such applicant: (a) to cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code and (b) to cooperate with the Legislative Inspector General in any investigation undertaken pursuant to Chapter 2-55 of the Municipal Code. Developer represents that it understands and will abide by all provisions of Chapters 2-56 and 2-55 of the Municipal Code and that it will inform subcontractors of this provision and require their compliance.

8.24 Prohibition on Certain Contributions – Mayoral Executive Order No. 2011-4. Neither Developer or any person or entity who directly or indirectly has an ownership or beneficial interest in Developer of more than 7.5% ("Owners"), spouses and domestic partners of such Owners, Developer's Subcontractors, any person or entity who directly or indirectly has an ownership or beneficial interest in any Subcontractor of more than 7.5% ("Sub-owners") and spouses and domestic partners of such Sub-owners (Developer and all the other preceding classes of persons and entities are together, the "Identified Parties"), shall make a contribution of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fundraising committee during: (i) the bid or other solicitation process for this Agreement or Other Agreement, including while this Agreement or Other Agreement is executory, (ii) the term of this Agreement or any Other Agreement between City and Developer, and/or (iii) any period in which an extension of this Agreement or Other Agreement with the City is being sought or negotiated.

Developer represents and warrants that since the date of public advertisement of the specification, request for qualifications, request for proposals or request for information (or any combination of those requests) or, if not competitively procured, from the date the City approached the Developer or the date the Developer approached the City, as applicable, regarding the formulation of this Agreement, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

Developer shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

The Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 2011-4 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 2011-4.

Violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this provision or violation of Mayoral Executive Order No. 2011-4 constitutes a breach and default under this Agreement, and under any Other Agreement for which no opportunity to cure will be granted. Such breach and default entitles the City to all remedies (including without limitation termination for default) under this Agreement, under any Other Agreement, at law and in equity. This provision amends any Other Agreement and supersedes any inconsistent provision contained therein.

If applicable, if Developer violates this provision or Mayoral Executive Order No. 2011-4 prior to award of the Agreement resulting from this specification, then HED may reject Developer's bid.

For purposes of this provision:

"Other Agreement" means any agreement entered into between the Developer and the City that is (i) formed under the authority of MCC Ch. 2-92; (ii) for the purchase, sale or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved and/or authorized by the City Council.

"Contribution" means a "political contribution" as defined in MCC Ch. 2-156, as amended.

"Political fundraising committee" means a "political fundraising committee" as defined in MCC Ch. 2-156, as amended.

8.25 Shakman Accord.

(a) The City is subject to the May 31, 2007 Order entitled "Agreed Settlement Order and Accord" (the "Shakman Accord") and the June 24, 2011 "City of Chicago Hiring Plan" (the "City Hiring Plan") entered in Shakman v. Democratic Organization of Cook County, Case No 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the Shakman Accord and the City Hiring Plan prohibit the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(b) Developer is aware that City policy prohibits City employees from directing any individual to apply for a position with Developer, either as an employee or as a subcontractor, and from directing Developer to hire an individual as an employee or as a subcontractor. Accordingly, Developer must follow its own hiring and contracting procedures, without being influenced by City employees. Any and all personnel provided by Developer under this Agreement are employees or subcontractors of Developer, not employees of the City of Chicago. This Agreement is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by Developer.

(c) Developer will not condition, base, or knowingly prejudice or affect any term or aspect of the employment of any personnel provided under this Agreement, or offer employment to any individual to provide services under this Agreement, based upon or because of any political

reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Agreement, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(d) In the event of any communication to Developer by a City employee or City official in violation of paragraph (b) above, or advocating a violation of paragraph (c) above, Developer will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General ("IGO Hiring Oversight"), and also to the Commissioner of HED. Developer will also cooperate with any inquiries by IGO Hiring Oversight or the Shakman Monitor's Office related to this Agreement.

8.26 FOIA and Local Records Act Compliance.

(a) FOIA. Developer acknowledges that the City is subject to the Illinois Freedom of Information Act, 5 ILCS 140/1 et. seq., as amended ("FOIA"). The FOIA requires the City to produce records (very broadly defined in the FOIA) in response to a FOIA request in a very short period of time, unless the records requested are exempt under the FOIA. If Developer receives a request from the City to produce records within the scope of FOIA, that would be otherwise required under this Agreement then Developer covenants to comply with such request within two (2) Business Days of the date of such request. Failure by Developer to timely comply with such request will be a breach of this Agreement.

(b) Exempt Information. Documents that Developer submits to the City under Section 8.20, (Annual Compliance Report) or otherwise during the Term of the Agreement that contain trade secrets and commercial or financial information may be exempt if disclosure would result in competitive harm. However, for documents submitted by Developer to be treated as a trade secret or information that would cause competitive harm, FOIA requires that Developer mark any such documents as "proprietary, privileged or confidential." If Developer marks a document as "proprietary, privileged and confidential", then HED will evaluate whether such document may be withheld under the FOIA. HED, in its discretion, will determine whether a document will be exempted from disclosure, and that determination is subject to review by the Illinois Attorney General's Office and/or the courts.

(c) Local Records Act. Developer acknowledges that the City is subject to the Local Records Act, 50 ILCS 205/1 et. seq, as amended (the "Local Records Act"). The Local Records Act provides that public records may only be disposed of as provided in the Local Records Act. If requested by the City, Developer covenants to use its best efforts consistently applied to assist the City in its compliance with the Local Records Act concerning records arising under or in connection with this Agreement and the transactions contemplated in the Agreement.

8.27 Survival of Covenants. All warranties, representations, covenants and agreements of Developer contained in this Article Eight and elsewhere in this Agreement are true, accurate and complete at the time of Developer's execution of this Agreement, and will survive the execution,

delivery and acceptance by the parties and (except as provided in Article Seven upon the issuance of a Certificate of Completion) will be in effect throughout the Term of the Agreement.

ARTICLE NINE: REPRESENTATIONS, WARRANTIES AND COVENANTS OF CITY

9.01 General Covenants. The City represents that it has the authority as a home rule unit of local government to execute and deliver this Agreement and to perform its obligations hereunder.

9.02 Survival of Covenants. All warranties, representations, and covenants of the City contained in this Article Nine or elsewhere in this Agreement shall be true, accurate, and complete at the time of the City's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and be in effect throughout the Term of the Agreement.

ARTICLE TEN: DEVELOPER'S EMPLOYMENT OBLIGATIONS

10.01 Employment Opportunity. Developer, on behalf of itself and its successors and assigns, hereby agrees, and will contractually obligate its or their various contractors, subcontractors or any Affiliate of Developer on the Project (collectively, with Developer, such parties are defined herein as the "Employers", and individually defined herein as an "Employer") to agree, that for the Term of this Agreement with respect to Developer and during the period of any other party's provision of services in connection with the construction of the Project:

(a) No Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Chapter 2-160, Section 2-160-010 et seq., Municipal Code, except as otherwise provided by said ordinance and as amended from time-to-time (the "Human Rights Ordinance"). Each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a non-discriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Employers, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.

(b) To the greatest extent feasible, each Employer is required to present opportunities for training and employment of low- and moderate-income residents of the City and preferably of the Redevelopment Areas; and to provide that contracts for work in connection with the construction of the Project be awarded to business concerns that are located in, or owned in substantial part by persons residing in, the City and preferably in the Redevelopment Areas.

(c) Each Employer will comply with all applicable Federal, State and local equal employment and affirmative action statutes, rules and regulations, including but not limited to the City's Human Rights Ordinance and the State Human Rights Act, 775 ILCS 5/1-101 et. seq. (2006

State Bar Edition), as amended, and any subsequent amendments and regulations promulgated thereto.

(d) Each Employer, in order to demonstrate compliance with the terms of this Section, will cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of Federal, State and municipal agencies.

(e) Each Employer will include the foregoing provisions of subparagraphs (a) through (d) in every construction contract entered into in connection with the Project, after the Closing Date, and will require inclusion of these provisions in every subcontract entered into by any subcontractors, after the Closing Date, and every agreement with any Affiliate operating on the Property or at the Project, after the Closing Date, so that each such provision will be binding upon each contractor, subcontractor or Affiliate, as the case may be.

(f) Failure to comply with the employment obligations described in this Section 10.01 will be a basis for the City to pursue remedies under the provisions of Section 15.02 hereof, subject to the cure rights under Section 15.03.

10.02 City Resident Construction Worker Employment Requirement.

(a) Developer agrees for itself and its successors and assigns, and will contractually obligate its General Contractor and will cause the General Contractor to contractually obligate its subcontractors, as applicable, to agree, that during the construction of the Project they will comply with the minimum percentage of total worker hours performed by actual residents of the City as specified in Section 2-92-330 of the Municipal Code of Chicago (at least 50 percent of the total worker hours worked by persons on the site of the Project will be performed by actual residents of the City); provided, however, that in addition to complying with this percentage, Developer, its General Contractor and each subcontractor will be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions. Developer, the General Contractor and each subcontractor will use their respective best efforts to exceed the minimum percentage of hours stated above, and to employ neighborhood residents in connection with the Project.

(b) Developer may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Chief Procurement Officer of the City.

(c) "Actual residents of the City" means persons domiciled within the City. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

(d) Developer, the General Contractor and each subcontractor will provide for the maintenance of adequate employee residency records to show that actual Chicago residents are employed on the Project. Each Employer will maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

(e) Weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) will be submitted to the Commissioner of HED in triplicate, which will identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the Employer hired the employee should be

written in after the employee's name.

(f) Upon 2 Business Days prior written notice, Developer, the General Contractor and each subcontractor will provide full access to their employment records related to the construction of the Project to the Chief Procurement Officer, the Commissioner of HED, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative of any of them. Developer, the General Contractor and each subcontractor will maintain all relevant personnel data and records related to the construction of the Project for a period of at least 3 years after final acceptance of the work constituting the Project.

(g) At the direction of HED, affidavits and other supporting documentation will be required of Developer, the General Contractor and each subcontractor to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

(h) Good faith efforts on the part of Developer, the General Contractor and each subcontractor to provide utilization of actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Chief Procurement Officer) will not suffice to replace the actual, verified achievement of the requirements of this Section concerning the worker hours performed by actual Chicago residents.

(i) When work at the Project is completed, in the event that the City has determined that Developer has failed to ensure the fulfillment of the requirement of this Article concerning the worker hours performed by actual residents of the City or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Article. Therefore, in such a case of non-compliance, it is agreed that 1/20 of 1 percent (0.0005) of the aggregate hard construction costs set forth in the Project Budget (the product of .0005 x such aggregate hard construction costs) (as the same will be evidenced by approved contract value for the actual contracts) will be surrendered by Developer to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly will result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject Developer, the General Contractor and/or the subcontractors to prosecution. Any retainage to cover contract performance that may become due to Developer pursuant to Section 2-92-250 of the Municipal Code of Chicago may be withheld by the City pending the Chief Procurement Officer's determination as to whether Developer must surrender damages as provided in this paragraph.

(j) Nothing herein provided will be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Agreement or related documents.

(k) Developer will cause or require the provisions of this Section 10.02 to be included in all construction contracts and subcontracts related to the Project, entered into after the Closing Date.

10.03 Developer's MBE/WBE Commitment. Developer agrees for itself and its successors and assigns, and, if necessary to meet the requirements stated in this section, will contractually obligate the General Contractor to agree that during the construction of the Project:

(a) Consistent with the findings which support, as applicable: (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420 et seq., Municipal Code of Chicago (the "Procurement Program"), and (ii) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650 et seq., Municipal Code of Chicago (the "Construction Program", and collectively with the Procurement Program, the "MBE/WBE Program"), and in reliance upon the provisions of the MBE/WBE Program to the extent contained in, and as qualified by, the provisions of this Section 10.03, during the course of the Project, at least the following percentages of the MBE/WBE Budget (as stated in Exhibit D-2) must be expended for contract participation by Minority-Owned Businesses ("MBEs") and by Women-Owned Businesses ("WBEs"):

(1) At least 24 percent by MBEs.
(2) At least four percent by WBEs.

(b) For purposes of this Section 10.03 only:

(i) Developer (and any party to whom a contract is let by Developer in connection with the Project) is deemed a "contractor" and this Agreement (and any contract let by Developer in connection with the Project) is deemed a "contract" or a "construction contract" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code of Chicago, as applicable.

(ii) The term "minority-owned business" or "MBE" shall mean a business identified in the Directory of Certified Minority Business Enterprises published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a minority-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.

(iii) The term "women-owned business" or "WBE" shall mean a business identified in the Directory of Certified Women Business Enterprises published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a women-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.

(c) Consistent with Sections 2-92-440 and 2-92-720, Municipal Code of Chicago, Developer's MBE/WBE commitment may be achieved in part by Developer's status as an MBE or WBE (but only to the extent of any actual work performed on the Project by Developer) or by a joint venture with one or more MBEs or WBEs (but only to the extent of the lesser of: (i) the MBE or WBE participation in such joint venture or (ii) the amount of any actual work performed on the Project by the MBE or WBE), by Developer utilizing a MBE or a WBE as the General Contractor (but only to the extent of any actual work performed on the Project by the General Contractor), by subcontracting or causing the General Contractor to subcontract a portion of the Project to one or more MBEs or WBEs, or by the purchase of materials or services used in the Project from one or more MBEs or WBEs, or by any combination of the foregoing. Those entities which constitute both a MBE and a WBE shall not be credited more than once with regard to Developer's MBE/WBE commitment as described in this Section 10.03. In compliance with Section 2-92-730, Municipal Code of Chicago, Developer will not substitute any MBE or WBE General Contractor or subcontractor without the prior written approval of HED.

(d) Developer must deliver monthly reports to the City's monitoring staff during the

Project describing its efforts to achieve compliance with this MBE/WBE commitment. Such reports will include, inter alia: the name and business address of each MBE and WBE solicited by Developer or the General Contractor to work on the Project, and the responses received from such solicitation; the name and business address of each MBE or WBE actually involved in the Project; a description of the work performed or products or services supplied; the date and amount of such work, product or service; and such other information as may assist the City's monitoring staff in determining Developer's compliance with this MBE/WBE commitment. Developer will maintain records of all relevant data with respect to the utilization of MBEs and WBEs in connection with the Project for at least 5 years after completion of the Project, and the City's monitoring staff will have access to all such records maintained by Developer, on 5 Business Days' notice, to allow the City to review Developer's compliance with its commitment to MBE/WBE participation and the status of any MBE or WBE performing any portion of the Project.

(e) Upon the disqualification of any MBE or WBE General Contractor or subcontractor, if such status was misrepresented by the disqualified party, Developer is obligated to discharge or cause to be discharged the disqualified General Contractor or subcontractor, and, if possible, identify and engage a qualified MBE or WBE as a replacement. For purposes of this subsection (e), the disqualification procedures are further described in Sections 2-92-540 and 2-92-730, Municipal Code of Chicago, as applicable.

(f) Any reduction or waiver of Developer's MBE/WBE commitment as described in this Section 10.03 shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code of Chicago, as applicable.

(g) Prior to the commencement of the Project, Developer shall be required to meet with the City's monitoring staff with regard to Developer's compliance with its obligations under this Section 10.03. The General Contractor and all major subcontractors are required to attend this pre-construction meeting. During said meeting, Developer will demonstrate to the City's monitoring staff its plan to achieve its obligations under this Section 10.03, the sufficiency of which will be approved by the City's monitoring staff. During the Project, Developer shall submit the documentation required by this Section 10.03 to the City's monitoring staff, including the following: (i) subcontractor's activity report; (ii) contractor's certification concerning labor standards and prevailing wage requirements; (iii) contractor letter of understanding; (iv) monthly utilization report; (v) authorization for payroll agent; (vi) certified payroll; (vii) evidence that MBE/WBE contractor associations have been informed of the Project via written notice and hearings; and (viii) evidence of compliance with job creation/job retention requirements. Failure to submit such documentation on a timely basis, or a determination by the City's monitoring staff, upon analysis of the documentation, that Developer is not complying with its obligations under this Section 10.03, will, upon the delivery of written notice to Developer, be deemed an Event of Default. Upon the occurrence of any such Event of Default, in addition to any other remedies provided in this Agreement, the City may: (1) issue a written demand to Developer to halt the Project, (2) withhold any further payment of any City Funds to Developer or the General Contractor, or (3) seek any other remedies against Developer available at law or in equity.

ARTICLE ELEVEN: ENVIRONMENTAL MATTERS

11.01 Environmental Matters. Developer hereby represents and warrants to the City that Developer has conducted environmental studies sufficient to conclude that the Project may be constructed, completed and operated in accordance with all Environmental Laws.

Without limiting any other provisions hereof, Developer agrees to indemnify, defend and hold the City harmless from and against any and all losses, liabilities, damages, injuries, costs, expenses or claims of any kind whatsoever including, without limitation, any losses, liabilities, damages, injuries, costs, expenses or claims asserted or arising under any Environmental Laws incurred, suffered by or asserted against the City as a direct or indirect result of any of the following, regardless of whether or not caused by, or within the control of Developer: (i) the presence of any Hazardous Materials on or under, or the escape, seepage, leakage, spillage, emission, discharge or release of any Hazardous Materials from: (A) all or any portion of the Property, or (B) any other real property in which Developer, or any person directly or indirectly controlling, controlled by or under common control with Developer, holds any estate or interest whatsoever (including, without limitation, any property owned by a land trust in which the beneficial interest is owned, in whole or in part, by Developer), or (ii) any liens against the Property permitted or imposed by any Environmental Laws, or any actual or asserted liability or obligation of the City or Developer or any of its Affiliates under any Environmental Laws relating to the Property.

ARTICLE TWELVE: INSURANCE

12.01 Insurance Requirements. Developer's insurance requirements are stated in Schedule B which is hereby incorporated into this Agreement by reference and made a part of this Agreement.

ARTICLE THIRTEEN: INDEMNIFICATION

13.01 General Indemnity. Developer agrees to indemnify, pay and hold the City, and its elected and appointed officials, employees, agents and affiliates (individually an "Indemnitee," and collectively the "Indemnitees") harmless from and against, any and all liabilities, obligations, losses, damages (arising out of a third party action against the City), penalties, actions, judgments, suits, claims, costs, expenses and disbursements of any kind or nature whatsoever, (and including, without limitation, the reasonable fees and disbursements of counsel for such Indemnitees in connection with any investigative, administrative or judicial proceeding commenced or threatened, whether or not such Indemnitees shall be designated a party thereto), that may be imposed on, suffered, incurred by or asserted against the Indemnitees by a third party in any manner relating to or arising out of:

(i) Any cost overruns as described in Section 4.06; or

(ii) Developer's failure to comply with any of the terms, covenants and conditions contained within this Agreement; or

(iii) Developer's or any contractor's failure to pay General Contractors, subcontractors or materialmen in connection with the TIF-Funded Improvements or any other Project improvement; or

(iv) the existence of any material misrepresentation or omission in this Agreement, any offering memorandum or information statement or the Redevelopment Plans or any other document related to this Agreement that is the result of information supplied or omitted by Developer or its agents, employees, contractors or persons acting under the control or at the request of Developer or any affiliate of Developer; or

(v) Developer's failure to cure any misrepresentation in this Agreement or any

other document or agreement relating hereto; or

(vi) any act or omission by Developer or any Affiliate of Developer;

provided, however, that Developer shall have no obligation to an Indemnitee arising from the wanton or willful misconduct of that Indemnitee. To the extent that the preceding sentence may be unenforceable because it is violative of any law or public policy, Developer will contribute the maximum portion that it is permitted to pay and satisfy under applicable law, to the payment and satisfaction of all indemnified liabilities incurred by the Indemnitees or any of them. The provisions of the undertakings and indemnification set out in this Section 13.01 will survive the termination of this Agreement.

ARTICLE FOURTEEN: MAINTAINING RECORDS/RIGHT TO INSPECT

14.01 Books and Records. Developer will keep and maintain separate, complete, accurate and detailed books and records necessary to reflect and fully disclose the total actual costs of the Project and the disposition of all funds from whatever source allocated thereto, and to monitor the Project. All such books, records and other documents, including but not limited to Developer's loan statements, if any, General Contractors' and contractors' sworn statements, general contracts, subcontracts, purchase orders, waivers of lien, paid receipts and invoices, will be available at Developer's offices for inspection, copying, audit and examination by an authorized representative of the City, at Developer's expense. Developer will not pay for salaries or fringe benefits of auditors or examiners. Developer must incorporate this right to inspect, copy, audit and examine all books and records into all contracts entered into by Developer with respect to the Project. The City shall provide three (3) Business Days' prior written notice to Developer in accordance with Section 17. The notice shall indicate the date and time of the inspection. All inspections shall be conducted between the hours of 9:00 a.m. and 5:00 p.m., Monday through Friday.

14.02 Inspection Rights. Upon three (3) Business Days' notice, any authorized representative of the City shall have access to all portions of the Property or the Project during normal business hours for the Term of the Agreement. The City shall provide three (3) Business Days' prior written notice to Developer in accordance with Section 17. The notice shall indicate the date and time of the inspection. All inspections shall be conducted between the hours 9:00 a.m. and 5:00 p.m., Monday through Friday.

ARTICLE FIFTEEN: DEFAULT AND REMEDIES

15.01 Events of Default. Subject to the terms of Section 15.04 below, the occurrence of any one or more of the following events, subject to the provisions of Section 15.03, will constitute an "Event of Default" by Developer hereunder:

(a) the failure of Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of Developer under this Agreement or any related agreement;

(b) the failure of Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of Developer under any other agreement with any person or entity if such failure may have a material adverse effect on Developer's business, property (including the Property or the Project), assets (including the Property or the Project), operations or condition, financial or otherwise;

(c) the making or furnishing by Developer to the City of any representation, warranty,

certificate, schedule, report or other communication within or in connection with this Agreement or any related agreement which is untrue or misleading in any material respect;

(d) except as otherwise permitted hereunder, the creation (whether voluntary or involuntary) of, or any attempt by Developer to create, any lien or other encumbrance upon the Property or the Project, including any fixtures now or hereafter attached thereto, other than the Permitted Liens or any Permitted Mortgage, or the making or any attempt to make any levy, seizure or attachment thereof;

(e) the commencement of any proceedings in bankruptcy by or against Developer or Developer's ultimate parent entity, if any, or for the liquidation or reorganization of Developer or Developer's ultimate parent entity, if any, or alleging that Developer or Developer's ultimate parent entity, if any, is insolvent or unable to pay its debts as they mature, or for the readjustment or arrangement of Developer's or Developer's ultimate parent entity's, if any, debts, whether under the United States Bankruptcy Code or under any other state or Federal law, now or hereafter existing for the relief of debtors, or the commencement of any analogous statutory or non-statutory proceedings involving Developer or Developer's ultimate parent entity, if any; provided, however, that if such commencement of proceedings is involuntary, such action will not constitute an Event of Default unless such proceedings are not dismissed within 60 days after the commencement of such proceedings;

(f) the appointment of a receiver or trustee for Developer or Developer's ultimate parent entity, if any, for any substantial part of Developer's or Developer's ultimate parent entity's, if any, assets or the institution of any proceedings for the dissolution, or the full or partial liquidation, or the merger or consolidation, of Developer or Developer's ultimate parent entity, if any; provided, however, that if such appointment or commencement of proceedings is involuntary, such action will not constitute an Event of Default unless such appointment is not revoked or such proceedings are not dismissed within 60 days after the commencement thereof;

(g) the entry of any judgment or order against Developer, not covered by insurance for an amount in excess of $1.0 million which remains unsatisfied or undischarged and in effect for 60 days after such entry without a stay of enforcement or execution;

(h) [reserved];

(i) the dissolution of Developer or Developer's ultimate parent entity, if any;

(j) the institution in any court of a criminal proceeding (other than a misdemeanor) against Developer or any natural person who owns a material interest in Developer, which is not dismissed within 30 days, or the indictment of Developer or any natural person who owns a material interest in Developer, for any crime (other than a misdemeanor);

(k) [reserved]; or

(l) The failure of Developer, or the failure by any party that is a Controlling Person (defined in Section 1-23-010 of the Municipal Code) with respect to Developer, to maintain eligibility to do business with the City in violation of Section 1-23-030 of the Municipal Code; such failure shall render this Agreement voidable or subject to termination, at the option of the Chief Procurement Officer.

For purposes of Section 15.01(j), hereof, a natural person with a material interest in

Developer is one owning in excess of seven and a half percent (7.5%) of Developer's or Developer's ultimate parent entity, if any, issued and outstanding ownership shares or interests. For purposes of Section 15.01, "ultimate parent entity" does not mean a person or entity that is a Member of Developer.

15.02 Remedies. Upon the occurrence of an Event of Default by Developer, the City may terminate this Agreement and all related agreements, may suspend disbursement of City Funds and, subject to the terms of Section 15.04 below, recover City Funds. The City may, in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy, including, but not limited to, injunctive relief or the specific performance of the agreements contained herein. To the extent permitted by law, the City may also lien the Property.

15.03 Curative Period.

(a) In the event Developer fails to perform a monetary covenant which Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default will not be deemed to have occurred unless Developer or a Lender has failed to perform such monetary covenant within 10 days of its receipt of a written notice from the City specifying that it has failed to perform such monetary covenant.

(b) In the event Developer fails to perform a non-monetary covenant which Developer is required to perform under this Agreement, an Event of Default will not be deemed to have occurred unless Developer or Lender has failed to cure such default within 30 days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with respect to those non-monetary defaults which are not capable of being cured within such 30 day period, Developer will not be deemed to have committed an Event of Default under this Agreement if the Developer or a Lender has commenced to cure the alleged default within such 30 day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

15.04 Defaults by Method. Notwithstanding anything to the contrary contained herein, the occurrence of any of the events described in Section 15.01 by Method with respect to the matters contained in Section 8.16(c), Section 8.17, and Section 18.27 shall apply solely to Method and not to Developer, and Developer shall not be deemed in default with respect to such matters nor have responsibility or liability hereunder in connection with such defaults, nor shall the City seek any remedies against the Developer, including termination hereof, suspension of disbursement of City Funds to the Developer, or recovery of City Funds from the Developer, and the City shall, with respect to such defaults, seek any remedies pursuant to Section 15.02 and Section 18.27 or otherwise from and against Method only and not from and against Developer.

ARTICLE SIXTEEN: MORTGAGING OF THE PROJECT

16.01 Mortgaging of the Project. Any and all mortgages or deeds of trust in place as of the date hereof with respect to the Property or Project or any portion thereof are listed on Exhibit I hereto (including but not limited to mortgages made prior to or on the date hereof in connection with Lender Financing, if any) and are referred to herein as the "Existing Mortgages." Any mortgage or deed of trust that Developer may hereafter elect to execute and record or execute and permit to be recorded against the Property or Project or any portion thereof without obtaining the prior written consent of the City is referred to herein as a "New Mortgage." Any mortgage or deed of trust that Developer may hereafter elect to execute and record or execute and permit to be recorded against the Property or Project or any portion thereof with the prior written consent of the City is referred to

herein as a "Permitted Mortgage." It is hereby agreed by and between the City and Developer as follows:

(a) If a mortgagee or any other party shall succeed to Developer's interest in the Property or any portion thereof by the exercise of remedies under a mortgage or deed of trust (other than an Existing Mortgage or a Permitted Mortgage) whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of Developer's interest hereunder in accordance with Section 18.15 hereof, the City may, but will not be obligated to, attorn to and recognize such party as the successor in interest to Developer for all purposes under this Agreement and, unless so recognized by the City as the successor in interest, such party will be entitled to no rights or benefits under this Agreement, but such party will be bound by those provisions of this Agreement that are covenants expressly running with the land comprising the Property (as defined herein).

(b) Notwithstanding any provision of this Agreement to the contrary, the exercise of the remedies of foreclosure of a mortgage or any sale of Developer's interest in the Property in connection with a foreclosure, whether by judicial proceedings or by virtue of any power of sale contained in the mortgage, or any conveyance of Developer's interest in the Property to the mortgagee or its nominee or designee by virtue of or in lieu of foreclosure or other appropriate proceedings, or any conveyance of Developer's interest in the Property by the mortgagee or its nominee or designee, or any other exercise of remedies under the documents evidencing Lender Financing shall not require the consent or approval of the City or constitute a breach of any provision of or a default under this Agreement.

(c) If any mortgagee or any other party shall succeed to Developer's interest in the Property or any portion thereof by the exercise of remedies under an Existing Mortgage or a Permitted Mortgage, whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of Developer's interest hereunder in accordance with Section 18.15 hereof, then the City hereby agrees to attorn to and recognize such party as the successor in interest to Developer for all purposes under this Agreement so long as such party accepts all of the executory obligations and liabilities of "Developer" hereunder. Notwithstanding any other provision of this Agreement to the contrary, it is understood and agreed that if such party accepts an assignment of Developer's interest under this Agreement, such party will have no liability under this Agreement for any Event of Default of Developer which occurred prior to the time such party succeeded to the interest of Developer under this Agreement, in which case Developer will be solely responsible. However, if such mortgagee under a Permitted Mortgage or an Existing Mortgage does not expressly accept an assignment of Developer's interest hereunder, such party will be entitled to no rights and benefits under this Agreement, and such party will be bound only by those provisions of this Agreement, if any, which are covenants expressly running with the land.

(d) Prior to the issuance by the City to Developer of a Certificate of Completion under Article Seven hereof, no New Mortgage will be executed with respect to the Property or the Project or any portion thereof without the prior written consent of the Commissioner of HED. A feature of such consent will be that any New Mortgage will subordinate its mortgage lien to the covenants in favor of the City that run with the land. After the issuance of a Certificate of Completion, consent of the Commissioner of HED is not required for any such New Mortgage.

(b) expressly state the particular document and section thereof relied on by Developer to request City or HED approval;

(d) if applicable, state the outside date for the City's or HED's response; and

(e) be supplemented by a delivery receipt or time/date stamped notice or other documentary evidence showing the date of delivery of Developer's request.

ARTICLE EIGHTEEN: ADDITIONAL PROVISIONS

18.01 Amendments. This Agreement and the Schedules and Exhibits attached hereto may not be modified or amended except by an agreement in writing signed by the parties; provided, however, that the City in its sole discretion, may amend, modify or supplement the Redevelopment Plans. For purposes of this Agreement, Developer is only obligated to comply with the Redevelopment Plans as in effect on the date of this Agreement. It is agreed that no material amendment or change to this Agreement shall be made or be effective unless ratified or authorized by an ordinance duly adopted by the City Council. The term "material" for the purpose of this Section 18.01 shall be defined as any deviation from the terms of the Agreement which operates to cancel or otherwise reduce any developmental, construction or job-creating obligations of Developer (including those set forth in Sections 10.02 and 10.03 hereof) by more than five percent (5%) or materially changes the Project site or character of the Project or any activities undertaken by Developer affecting the Project site, the Project, or both, or increases any time agreed for performance by Developer by more than 90 days.

18.02 Complete Agreement, Construction, Modification. This Agreement, including any exhibits and the other agreements, documents and instruments referred to herein or contemplated hereby, constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes all previous negotiations, commitments and writings with respect to such subject matter. This Agreement and the Schedules and Exhibits attached hereto may not be contradicted by evidence of prior, contemporaneous, or subsequent verbal agreements of the parties. There are no unwritten verbal agreements between the parties.

18.03 Limitation of Liability. No member, elected or appointed official or employee or agent of the City shall be individually, collectively or personally liable to Developer or any successor in interest to Developer in the event of any default or breach by the City or for any amount which may become due to Developer or any successor in interest, from the City or on any obligation under the terms of this Agreement.

18.04 Further Assurances. Developer agrees to take such actions, including the execution and delivery of such documents, instruments, petitions and certifications as may become necessary or appropriate to carry out the terms, provisions and intent of this Agreement, and to accomplish the transactions contemplated in this Agreement.

18.05 Waivers. No party hereto will be deemed to have waived any rights under this Agreement unless such waiver is given in writing and signed by such party. No delay or omission on

the part of a party in exercising any right will operate as a waiver of such right or any other right unless pursuant to the specific terms hereof. A waiver by a party of a provision of this Agreement will not prejudice or constitute a waiver of such party's right otherwise to demand strict compliance with that provision or any other provision of this Agreement. No prior waiver by a party, nor any course of dealing between the parties hereto, will constitute a waiver of any of such parties' rights or of any obligations of any other party hereto as to any future transactions.

18.06 Remedies Cumulative. The remedies of a party hereunder are cumulative and the exercise of any one or more of the remedies provided for herein must not be construed as a waiver of any other remedies of such party unless specifically so provided herein.

18.07 Parties in Interest/No Third Party Beneficiaries. The terms and provisions of this Agreement are binding upon and inure to the benefit of, and are enforceable by, the respective successors and permitted assigns of the parties hereto, including, with respect to Sections 8.17 and 18.27, Method. This Agreement will not run to the benefit of, or be enforceable by, any person or entity other than a party to this Agreement and its successors and permitted assigns. This Agreement should not be deemed to confer upon third parties any remedy, claim, right of reimbursement or other right. Nothing contained in this Agreement, nor any act of the City, Developer or Method, will be deemed or construed by any of the parties hereto or by third persons, to create any relationship of third party beneficiary, principal, agent, limited or general partnership, joint venture, or any association or relationship involving the City or Developer.

18.08 Titles and Headings. The Article, section and paragraph headings contained herein are for convenience of reference only and are not intended to limit, vary, define or expand the content thereof.

18.09 Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, with the same effect as if all parties had signed the same document. All such counterparts shall be deemed an original, must be construed together and will constitute one and the same instrument.

18.10 Counterpart Facsimile Execution. For purposes of executing this Agreement, a document signed and transmitted by facsimile machine will be treated as an original document. The signature of any party thereon will be considered as an original signature, and the document transmitted will be considered to have the same binding legal effect as an original signature on an original document. At the request of either party, any facsimile document will be re-executed by other parties in original form. No party hereto may raise the use of a facsimile machine as a defense to the enforcement of this Agreement or any amendment executed in compliance with this section. This section does not supersede the requirements of Article Seventeen: Notices.

18.11 Severability. If any provision of this Agreement, or the application thereof, to any person, place or circumstance, is be held by a court of competent jurisdiction to be invalid, unenforceable or void, the remainder of this Agreement and such provisions as applied to other persons, places and circumstances will remain in full force and effect only if, after excluding the portion deemed to be unenforceable, the remaining terms will provide for the consummation of the transactions contemplated hereby in substantially the same manner as originally set forth herein. In such event, the parties will negotiate, in good faith, a substitute, valid and enforceable provision or agreement which most nearly affects the parties' intent in entering into this Agreement.

18.12 Conflict. In the event of a conflict between any provisions of this Agreement and the

provisions of the TIF Ordinances in effect as of the date of this Agreement, such ordinance(s) will prevail and control.

18.13 Governing Law. This Agreement is governed by and construed in accordance with the internal laws of the State, without regard to its conflicts of law principles.

18.14 Form of Documents. All documents required by this Agreement to be submitted, delivered or furnished to the City will be in form and content satisfactory to the City.

18.15 Assignment. Prior to the issuance by the City to Developer of a Certificate of Completion, Developer may not sell, assign or otherwise transfer its interest in this Agreement in whole or in part without the written consent of the City; provided, however, that Developer may assign, on a collateral basis, the right to receive City Funds to a lender providing Lender Financing, if any, which has been identified to the City as of the Closing Date. Any successor in interest to Developer under this Agreement (excluding any Lender that has been assigned only the right to received City Funds on a collateral basis) will certify in writing to the City its agreement to abide by all remaining executory terms of this Agreement, including but not limited to Section 8.16(c) (Real Estate Taxes) and Section 8.25 (Survival of Covenants) hereof, for the Term of the Agreement. Developer hereby consents to the City's assignment or other transfer of this Agreement at any time in whole or in part.

18.17 Force Majeure. Neither the City nor Developer nor any successor in interest to either of them will be considered in breach of or in default of its obligations under this Agreement in the event of any delay caused by damage or destruction by fire or other casualty, war, acts of terrorism, imposition of martial law, plague or other illness, bank holidays or stock or commodity exchange closures or wire transfer interruptions, capital controls, civil disorders, rebellions or revolutions, strike, shortage of material, power interruptions or blackouts, cyber-attacks, electromagnetic pulse ("EMP") attacks, fuel shortages or rationing, adverse weather conditions such as, by way of illustration and not limitation, severe rain storms or below freezing temperatures of abnormal degree or for an abnormal duration, tornadoes or cyclones, and other events or conditions beyond the reasonable control of the party affected which in fact interferes with the ability of such party to discharge its obligations hereunder, except to the extent that, the non-performing party is at fault in failing to prevent or causing such default or delay; and provided that such default or delay cannot reasonably be circumvented by the non-performing party through the use of alternative sources, work around plans or other means. The individual or entity relying on this section with respect to any such delay will, upon the occurrence of the event causing such delay, immediately give written notice to the other parties to this Agreement. The individual or entity relying on this section with respect to any such delay may rely on this section only to the extent of the actual number of days of delay affected by any such events described above.

18.18 Exhibits and Schedules. All of the exhibits and schedules to this Agreement are incorporated herein by reference. Any exhibits and schedules to this Agreement will be construed to be an integral part of this Agreement to the same extent as if the same has been set forth verbatim herein.

18.19 Business Economic Support Act. Under the Business Economic Support Act (30

ILCS 760/1 et seq. (2006 State Bar Edition), as amended), if Developer is required to provide notice under the WARN Act, Developer will, in addition to the notice required under the WARN Act, provide at the same time a copy of the WARN Act notice to the Governor of the State, the Speaker and Minority Leader of the House of Representatives of the State, the President and Minority Leader of the Senate of State, and the Mayor of each municipality where Developer has locations in the State. Failure by Developer to provide such notice as described above may result in the termination of all or a part of the payment or reimbursement obligations of the City set forth herein.

Wherever this Agreement provides for the approval or consent of the City, HED or the Commissioner, or any matter is to be to the City's, HED's or the Commissioner's satisfaction, unless specifically stated to the contrary, such approval, consent or satisfaction shall be made, given or determined by the City, HED or the Commissioner in writing and in the reasonable discretion thereof. FORM OF OPINION OF DEVELOPER'S COUNSEL

[To be retyped on Developer's Counsel's letterhead]

_____, 2013

City of Chicago
City Hall, Room 600
121 North LaSalle Street
Chicago, IL 60602

ATTENTION: Corporation Counsel

Ladies and Gentlemen:

We have acted as counsel to Chicago Neighborhood Initiatives, Inc., an Illinois not-for-profit corporation ("Developer"), in connection with the construction of certain improvements in the North Pullman Redevelopment Project Area and the Lake Calumet Industrial Redevelopment Project Area (the "Project"). In that capacity, we have examined, among other things, the following agreements, instruments and documents of even date herewith, hereinafter referred to as the "Documents":

(a) Chicago Neighborhood Initiatives, Inc. Redevelopment Agreement (the "Agreement") of even date herewith, executed by Developer and the City of Chicago (the "City"); and

(b) all other agreements, instruments and documents executed in connection with the foregoing.

In addition to the foregoing, we have examined

(a) the original or certified, conformed or photostatic copies of each of Developer's (i) Articles of Incorporation, as amended to date, (ii) bylaws, (iii) qualifications to do business and certificates of good standing in all states in which Developer is qualified to do business, and (iv) records of all corporate proceedings relating to the Project; and

(b) such other documents, records and legal matters as we have deemed necessary or relevant for purposes of issuing the opinions hereinafter expressed.

In all such examinations, we have assumed the genuineness of all signatures (other than those of Developer), the authenticity of documents submitted to us as originals and conformity to the

originals of all documents submitted to us as certified, conformed or photostatic copies.

Based on the foregoing, it is our opinion that:

1. Developer is a not-for-profit corporation duly incorporated, validly existing and in good standing under the laws of its state of incorporation, has full power and authority to own and lease its properties and to carry on its business as presently conducted, and is in good standing and duly qualified to do business as a foreign organization under the laws of every state in which the conduct of its affairs or the ownership of its assets requires such qualification, except for those states in which its failure to qualify to do business would not have a material adverse effect on it or its business.

2. Developer has full right, power and authority to execute and deliver the Documents to which it is a party and to perform its obligations thereunder. Such execution, delivery and performance will not conflict with, or result in a breach of, Developer's Articles of Incorporation or bylaws or result in a breach or other violation of any of the terms, conditions or provisions of any law or regulation, order, writ, injunction or decree of any court, government or regulatory authority, or, to the best of our knowledge after diligent inquiry, any of the terms, conditions or provisions of any agreement, instrument or document to which Developer is a party or by which Developer or its properties is bound. To the best of our knowledge after diligent inquiry, such execution, delivery and performance will not constitute grounds for acceleration of the maturity of any agreement, indenture, undertaking or other instrument to which Developer is a party or by which it or any of its property may be bound, or result in the creation or imposition of (or the obligation to create or impose) any lien, charge or encumbrance on, or security interest in, any of its property pursuant to the provisions of any of the foregoing, other than in favor of any lender providing lender financing.

3. The execution and delivery of each Document and the performance of the transactions contemplated thereby have been duly authorized and approved by all requisite action on the part of Developer.

4. Each of the Documents to which Developer is a party has been duly executed and delivered by a duly authorized officer of Developer, and each such Document constitutes the legal, valid and binding obligation of Developer, enforceable in accordance with its terms, except as limited by applicable bankruptcy, reorganization, insolvency or similar laws affecting the enforcement of creditors' rights generally.

5. Exhibit A attached hereto (a) identifies the officers and directors of the Developer. To the best of our knowledge after diligent inquiry, except as set forth on Exhibit A, there are no warrants, options, rights or commitments of purchase, conversion, call or exchange or other rights or restrictions with respect to any of the equity of Developer.

6. To the best of our knowledge after diligent inquiry, no judgments are outstanding against Developer, nor is there now pending or threatened, any litigation, contested claim or governmental proceeding by or against Developer or affecting Developer or its property, or seeking to restrain or enjoin the performance by Developer of the Agreement or the transactions contemplated by the Agreement, or contesting the validity thereof. To the best of our knowledge after diligent inquiry, Developer is not in default with respect to any order, writ, injunction or decree of any court, government or regulatory authority or in default in any respect under any law, order, regulation or demand of any governmental agency or instrumentality, a default under which would have a material adverse effect on Developer or its business.

7. To the best of our knowledge after diligent inquiry, there is no default by Developer or any other party under any material contract, lease, agreement, instrument or commitment to which Developer is a party or by which the company or its properties is bound.

8. To the best of our knowledge after diligent inquiry, all of the assets of Developer are free and clear of mortgages, liens, pledges, security interests and encumbrances except for those specifically set forth in the Documents.

9. The execution, delivery and performance of the Documents by Developer have not and will not require the consent of any person or the giving of notice to, any exemption by, any registration, declaration or filing with or any taking of any other actions in respect of, any person, including without limitation any court, government or regulatory authority.

10. To the best of our knowledge after diligent inquiry, Developer owns or possesses or is licensed or otherwise has the right to use all licenses, permits and other governmental approvals and authorizations, operating authorities, certificates of public convenience, goods carriers permits, authorizations and other rights that are necessary for the operation of its business.

11. A federal or state court sitting in the State of Illinois and applying the choice of law provisions of the State of Illinois would enforce the choice of law contained in the Documents and apply the law of the State of Illinois to the transactions evidenced thereby.

We are attorneys admitted to practice in the State of Illinois and we express no opinion as to any laws other than federal laws of the United States of America or the laws of the State of Illinois.

This opinion is issued at Developer's request for the benefit of the City and its counsel, and may not be disclosed to or relied upon by any other person.

Very truly yours,

By:

3. Waivers. No waiver shall be deemed to be made by the City or the Lender of any of their respective rights hereunder, unless the same shall be in writing, and each waiver, if any, shall be a waiver only with respect to the specific instance involved and shall in no way impair the rights of the City or the Lender in any other respect at any other time.

EXHIBIT A

AMENDMENT TO REDEVELOPMENT AGREEMENT

THIS AMENDMENT (this "Amendment") is made and entered into as of the_____ day of _____, 20__ between the City of Chicago by and through its Department of Housing and Economic Development (the "**City**") and Rosa Parks Limited Partnership, an Illinois limited partnership (the **"Partnership"**) and Bickerdike Redevelopment Corporation, an Illinois not-for-profit corporation **("Bickerdike," and the Partnership shall be collectively referred to herein as the "Developer"**), and is consented to by BMO Harris Bank N.A., a national banking association, successor in interest to Harris N.A. (the "**Senior Lender**").

RECITALS

A. On August 28, 2008, the Developer and the City entered into that certain Rosa Parks Apartment Redevelopment Agreement concerning the property legally described on Exhibit A attached hereto and dated and recorded on August 28, 2008 in the Office of the Recorder of Deeds of Cook County, IL as Document No. 0824145128, as authorized by the City Council of City on July 9, 2008 (the "**RDA**").

B. In connection with the Loan, HED and the Partnership executed a certain Housing Loan Agreement, dated August 8, 2007 and the Partnership executed a certain Note in the principal amount of $7,152,474 in favor of the City, which is secured by, among other things, that certain Junior Mortgage, Security Agreement and Financing Statement dated August 28, 2008 and recorded on August 28, 2008 as Document Number 0824145131 in the Recorder's Office (the "**City Mortgage**).

C. The City Mortgage is to that certain Mortgage dated as of August 28, 2008 made by the Partnership as mortgagor in favor of the Senior Lender, as mortgagee, recorded on August 28, 2008 in the Recorder's Office as Document No. 0824145130, securing (i) a certain Construction Loan that would convert into a Permanent Loan (the "**Construction Convertible Loan**", under certain circumstances pursuant to the certain Construction Loan and Reimbursement Agreement between the Senior Lender and the Partnership, dated as of August 28, 2008 (the "**Senior Loan Agreement**") in the aggregate principal amount of $712,974, (ii) and a certain Harris Bank TIF Loan (the "**HB TIF Loan**") to bridge the receipt of the City TIF Note, as defined in the RDA (the "**City TIF Note**") in the aggregate principal amount of $2,778,017.47, as evidenced by the Senior Lender's HBTIF Note in the aggregate principal amount of $2,781,624 (the "**HBTIF Note**").

D. The Partnership and the Senior Lender, with the consent of the City entered into a certain Collateral Assignment of Redevelopment Agreement (the "**Collateral Assignment**") on August 28, 2008 (the "**Closing Date**"), which collaterally assigned the RDA and the City TIF Note, when issued, to the Senior Lender as security for the HBTIF Note.

E. On the Closing Date, the Partnership funded an Interest Reserve Fund in the amount of $373,907 which was used to pay the accrued interest on the HBTIF Note to the Senior Lender during the construction of the Project (the "**Interest Reserve Account**"); and

F. The Partnership and the Senior Lender anticipated that the Certificate of Completion, as defined in the RDA, and the City TIF Note would be issued by HED in the second quarter of 2011.

G. On March 1, 2012 HED issued to the Partnership the Certificate of Completion and the City TIF Note, the latter of which was assigned to the Senior Lender pursuant to the Collateral Assignment.

H. The delay in the issuance of the Certificate of Completion and the City TIF Note was due to the delay (i) by the Partnership in providing adequate initial verification of the Partnership's construction compliance with the RDA and (ii) by HED in verifying the Partnership's compliance with the requirements for the issuance of the Certificate of Completion and the City TIF Note, pursuant to the RDA.

I. Once the funds in the Interest Reserve Account were depleted to pay the accrued monthly interest, the Partnership was obligated to make interest payments on the HBTIF Note from June 1, 2011 until the City TIF Note was issued on March 1, 2012 and collaterally assigned to the Senior Lender (the "**Partnership Interest Payment Period**"); and

J. Consequently, the Partnership paid interest in the aggregate amount of $150,889.18 (the "**Interest Payment**") on the HBTIF Note during the Partnership Interest Payment Period.

K. The Partnership is requesting that HED reimburse the Partnership for the Interest Payment it made to the Senior Lender during the Partnership Interest Payment Period because the Partnership was harmed by the delay and it cannot otherwise recover the loss because the Senior Lender receives all proceeds from the City TIF Note that was issued and collaterally assigned to the Senior Lender on March 1, 2012.

L. HED is willing to reimburse the Partnership for a portion of the Interest Payment in the amount of $75,246 from Available Incremental Taxes and the Senior Lender is willing to consent to the amendment of the RDA, as required by the Collateral Assignment.

NOW, THEREFORE, for good and valuable consideration, the receipt, adequacy and sufficiency of which are hereby acknowledged, the Developer and the City agree as hereinafter set forth:

(1) The efficiency ratio is noninterest expense divided by total revenue (net interest income and noninterest income).
(2) Pre-tax pre-provision profit (PTPP) is total revenue less noninterest expense. Management believes that PTPP is a useful financial measure because it enables investors and others to assess the Company's ability to generate capital to cover credit losses through a credit cycle.
(3) Core deposits are noninterest-bearing deposits, interest-bearing checking, savings certificates, certain market rate and other savings, and certain foreign deposits (Eurodollar sweep balances).
(4) Retail core deposits are total core deposits excluding Wholesale Banking core deposits and retail mortgage escrow deposits.

Financial Review

Overview

Wells Fargo & Company is a nationwide, diversified, community-based financial services company with $1.4 trillion in assets. Founded in 1852 and headquartered in San Francisco, we provide banking, insurance, investments, mortgage, and consumer and commercial finance through more than 9,000 stores, 12,000 ATMs and the Internet (wellsfargo.com), and we have offices in more than 35 countries to support our customers who conduct business in the global economy. With more than 274,000 active, full-time equivalent team members, we serve one in three households in the United States and rank No. 25 on *Fortune's* 2013 rankings of America's largest corporations. We ranked fourth in assets and first in the market value of our common stock among all U.S. banks at June 30, 2013.

Our vision is to satisfy all our customers' financial needs, help them succeed financially, be recognized as the premier financial services company in our markets and be one of America's great companies. Our primary strategy to achieve this vision is to increase the number of our products our customers utilize and to offer them all of the financial products that fulfill their needs. Our cross-sell strategy, diversified business model and the breadth of our geographic reach facilitate growth in both strong and weak economic cycles, as we can grow by expanding the number of products our current customers have with us, gain new customers in our extended markets, and increase market share in many businesses.

Financial Performance

Wells Fargo net income was $5.5 billion in second quarter 2013, the highest quarterly profit in our history, with record diluted earnings per share of $0.98. Net income and diluted earnings per share (EPS) increased at double-digit rates (19% and 20%, respectively), compared with second quarter 2012. This was our 14th consecutive quarter of earnings per share growth and 9th consecutive quarter of record earnings per share. Achieving this consistent, strong performance, during a dynamic economic and interest rate environment, demonstrates the benefit of our diversified business model. We are not dependent on any one business to generate growth. We have over 90 different businesses that are all focused on meeting our customer's financial needs. Our results this quarter demonstrate the momentum we have throughout our businesses. Compared with a year ago:

- we grew pre-tax pre-provision profit by 3%;
- we reduced our expenses and improved our efficiency ratio by 90 basis points to 57.3%;
- our loans grew by $26.8 billion, up 3%, and our core loan portfolio grew by $42.3 billion, up 6%;
- our credit performance continued to improve, benefiting from our conservative underwriting and improving economic conditions, especially in housing, with net charge-offs down to 58 basis points and our total net charge-offs down 48% from a year ago;
- our strong deposit franchise continued to grow, with total deposits up 10% from a year ago, while we reduced total deposit costs by 5 basis points to 14 basis points;
- we achieved record retail banking cross-sell of 6.14 products per household (May 2013); Wholesale Banking grew to 6.9 products (March 2013) and Wealth, Brokerage and Retirement cross-sell increased to 10.35 products (May 2013);
- we grew return on assets (ROA) by 14 basis points to 1.55% and return on equity (ROE) increased by 116 basis points to 14.02%; and
- our capital levels continued to grow with our estimated Tier I common equity ratio under Basel III increasing to 8.62%.

Our balance sheet continued to strengthen in second quarter 2013 with further core loan and deposit growth and an increase in our securities portfolio. Our non-strategic/liquidating loan portfolios decreased $3.3 billion during the quarter and, excluding the planned runoff of these loans, our core loan portfolios increased $5.3 billion from the prior quarter. Total average loans were $800.2 billion, up $2.2 billion from the prior quarter. Our short-term investments and federal funds sold balances increased by $4.9 billion during the quarter on continued strong deposit growth. We grew our securities available for sale portfolio by $1.3 billion as new investments were largely offset by run-off and a $6.1 billion reduction in the net unrealized gain on securities available for sale. Deposit

growth remained strong with period-end deposits up $10.9 billion from first quarter 2013. We have successfully grown deposits while reducing our deposit costs for 10 consecutive quarters. Our ROA grew to 1.55%, within our targeted range of 1.3% to 1.6%, and our ROE increased to 14.02%, also within our targeted range of 12% to 15%.

Credit Quality

Credit quality continued to improve in second quarter 2013, with solid performance in several of our commercial and consumer loan portfolios. Net charge-offs of $1.2 billion were 0.58% (annualized) of average loans, down 57 basis points from a year ago, and the lowest rate since second quarter 2006. Net losses in our commercial portfolio were $44 million, or 5 basis points of average loans. Net consumer losses declined to 101 basis points from 176 basis points in second quarter 2012.

Commercial losses for second quarter 2013 were favorably affected by our commercial real estate portfolios reporting a net recovery position due to resolutions of problem loans. The consumer loss levels have improved due to lower severity reflecting the positive momentum in the residential real estate market, with home values improving significantly in many markets, as well as lower frequency.

Nonperforming assets decreased to $21.1 billion at June 30, 2013, from $24.5 billion at December 31, 2012, with declines in both nonaccrual loans and foreclosed assets.

Reflecting these improvements in our loan portfolios, our $652 million provision for credit losses this quarter was $1.1 billion less than a year ago. This provision included a release of $500 million from the allowance for credit losses (the amount by which net charge-offs exceeded the provision), compared with a release of $400 million a year ago. We continue to expect future allowance releases absent a significant deterioration in the economy.

Capital

We continued to build capital in second quarter 2013, increasing total equity to $163.8 billion at June 30, 2013. Our Tier 1 common equity ratio grew 32 basis points during the quarter to 10.71% of risk-weighted assets (RWA) under Basel I, reflecting strong internal capital generation. Our estimated Tier I common equity ratio under Basel III which reflects our interpretation of the Basel III capital rules adopted July 2, 2013, increased to 8.62% in the second quarter. Other comprehensive income (OCI) negatively impacted the ratio by 24 basis points in the quarter due primarily to a reduction in net unrealized securities gains as a result of the increase in interest rates. Because of our strong earnings growth, we grew capital even with the impact from the increase in rates. We expect reductions to net unrealized securities gains when rates rise and this is one reason why we target an internal capital buffer of approximately 100 basis points.

Our strong earnings growth has enabled us to grow our capital levels while returning more capital to our shareholders. We increased our second quarter 2013 dividend to $0.30 per share, a 20% increase over our first quarter dividend, purchased 26.7 million shares in the quarter and executed a $500 million forward contract that is expected to settle in third quarter 2013 for approximately 13 million shares.

Our other regulatory capital ratios remained strong with an increase in the Tier 1 capital ratio to 12.12% and Tier 1 leverage ratio to 9.63% at June 30, 2013, from 11.80% and 9.53%, respectively, at March 31, 2013. In July 2013, U.S. banking regulatory agencies issued a supplemental leverage ratio proposal. Based on our initial review, we believe our current leverage levels would meet the applicable proposed requirements at the holding company and each of its insured depository institution subsidiaries. See the "Capital Management" section in this Report for more information regarding our capital, including Tier 1 common equity.

Earnings Performance

Wells Fargo net income for second quarter 2013 was $5.5 billion ($0.98 diluted earnings per common share) compared with $4.6 billion ($0.82 diluted earnings per common share) for second quarter 2012. Net income for the first half of 2013 was $10.7 billion compared with $8.9 billion for the same period a year ago. Our second quarter 2013 quarterly and six-month earnings reflected the strength of our diversified business model with growth in many of our businesses. The key drivers of our financial performance in the second quarter and first half of 2013 were balanced net interest and fee income, diversified sources of fee income, a diversified loan portfolio and strong underlying credit performance.

Revenue, the sum of net interest income and noninterest income, was $21.4 billion in second quarter 2013, compared with $21.3 billion in second quarter 2012. Revenue for the first half of 2013 was $42.6 billion, down 1% from a year ago. The increase in revenue for second quarter 2013 was predominantly due to an increase in noninterest income, resulting from higher fee income in many of the Company's core businesses. The decrease in revenue for the first half of 2013 was predominantly due to a decrease in net interest income, resulting from continued repricing of the balance sheet in a low interest rate environment. Net interest income was $10.8 billion in second quarter 2013, representing 50% of revenue, compared with $11.0 billion (52%) in second quarter 2012. Continued success in generating low-cost deposits enabled us to grow assets by funding loans and securities growth while reducing higher cost long-term debt.

Noninterest income was $10.6 billion in second quarter 2013, representing 50% of revenue, compared with $10.3 billion (48%) in second quarter 2012. Noninterest income was $21.4 billion for the first half of 2013 compared with $21.0 billion for the same period a year ago. The increase in noninterest income for the second quarter and first half of 2013 was driven predominantly by solid performance in many of our businesses. Those fee sources generating double-digit year-over-year revenue growth in the second quarter and first half of 2013 included deposit service charges, brokerage advisory, commission and other fees, investment banking fees and card fees.

Noninterest expense was $12.3 billion in second quarter 2013, compared with $12.4 billion in second quarter 2012. Noninterest expense was $24.7 billion for the first half of 2013 compared with $25.4 billion for the same period a year ago. The decrease in noninterest expense in the second quarter and first half of 2013 from the same periods a year ago was primarily due to lower operating losses and a reduction in foreclosed assets expense reflecting improvement in the real estate market. Our efficiency ratio was 57.3% in second quarter 2013, compared with 58.2% in second quarter 2012, reflecting our continued focus on expense management efforts.

Net Interest Income

Net interest income is the interest earned on debt securities, loans (including yield-related loan fees) and other interest-earning assets minus the interest paid on deposits, short-term borrowings and long-term debt. The net interest margin is the average yield on earning assets minus the average interest rate paid for deposits and our other sources of funding. Net interest income and the net interest margin are presented on a taxable-equivalent basis in Table 1 to consistently reflect income from taxable and tax-exempt loans and securities based on a 35% federal statutory tax rate.

While the Company believes that it has the ability to increase net interest income over time, net interest income and the net interest margin in any one period can be significantly affected by a variety of factors including the mix and overall size of our earning asset portfolio and the cost of funding those assets. In addition, some sources of interest income, such as resolutions from purchased credit-impaired (PCI) loans, loan prepayment fees and collection of interest on nonaccrual loans, can vary from period to period.

Net interest income on a taxable-equivalent basis was $10.9 billion and $21.6 billion in the second quarter and first half of 2013, down from $11.2 billion and $22.3 billion, respectively, a year ago. The net interest margin was 3.46% and 3.47% in the second quarter and first half of 2013, down from 3.91% in the same periods a year ago. The decrease in net interest income in both the second quarter and first half of 2013 from the same periods a year ago was largely driven by the impact of higher yielding loan and available-for-sale (AFS) securities runoff, partially offset by the benefits of AFS securities purchases and the retention of $23.1 billion in high-quality, conforming real estate 1-4 family first mortgages in the second half of 2012 and first half of 2013. In addition, reductions in deposit and long-term debt costs also helped offset lower asset income. The decline in net interest margin in the second quarter and first half of 2013, compared with the same periods a year ago, was primarily driven by deposit growth which caused short-term investment balances to increase. These balances, which are dilutive to net interest margin, are essentially neutral to net interest income. In addition, net interest margin for the second quarter and first half of 2013 experienced significant pressure related to growth and repricing of the balance sheet. We expect continued pressure on our net interest margin as the balance sheet continues to reprice in the current low interest rate environment.

Average earning assets increased $114.6 billion and $107.2 billion in the second quarter and first half of 2013 from a year ago, as average securities available for sale increased $20.5 billion and $15.9 billion for the same periods, respectively. Average short-term investments increased $65.2 billion for both the second quarter and first half of 2013. In addition, an increase in commercial and industrial loans contributed to $32.0 billion and $30.8 billion higher average loans in the second quarter and first half of 2013, compared with a year ago.

Core deposits are an important low-cost source of funding and affect both net interest income and the net interest margin. Core deposits include noninterest-bearing deposits, interest-bearing checking, savings certificates, market rate and other savings, and certain foreign deposits (Eurodollar sweep balances). Average core deposits rose to $936.1 billion in second quarter 2013 ($931.0 billion in the first half of 2013), compared with $880.6 billion in second quarter 2012 ($875.6 billion in the first half of 2012) and funded 117% of average loans in second quarter 2013 (116% for the first half of 2013), compared with 115% a year ago (114% for the first half of 2012). Average core deposits decreased to 74% of average earning assets in both the second quarter and first half of 2013, compared with 76% a year ago. The cost of these deposits has continued to decline due to a sustained low interest rate environment and a shift in our deposit mix from higher cost certificates of deposit to lower yielding checking and savings products. About 94% of our average core deposits are in checking and savings deposits, one of the highest industry percentages.

(1) Prior year periods have been revised to reflect all fund distribution fees as brokerage related income.

Noninterest income was $10.6 billion and $10.3 billion for second quarter 2013 and 2012, respectively, and $21.4 billion and $21.0 billion for the first half of 2013 and 2012, respectively. Noninterest income represented 50% of revenue for both the second quarter and first half of 2013 compared with 48% and 49%, respectively, for the same periods a year ago. The increase in noninterest income in the second quarter and first half of 2013 from the same periods a year ago was driven by solid performance in many of our businesses including retail deposits, credit card, merchant card processing, government and institutional banking, corporate banking, capital markets, asset-backed finance, commercial real estate, corporate trust, wealth management, retail brokerage, and retirement services.

Our service charges on deposit accounts increased in second quarter 2013 by $109 million, or 10% from second quarter 2012, and $239 million in the first half of 2013, or 11% from the first half of 2012, due to primary consumer checking customer growth, product changes and continued customer adoption of overdraft services.

We receive brokerage advisory, commissions and other fees for providing services to full-service and discount brokerage customers. Brokerage advisory, commissions and other fees include transactional commissions based on the number of transactions executed at the customer's direction, and asset-based fees, which are based on the market value of the customer's assets. These fees increased to $2.1 billion and $4.2 billion in the second quarter and first half of 2013, respectively, from $1.8 billion and $3.7 billion for the same periods in 2012. The growth was predominantly due to higher asset-based fees from improved market performance and growing market share, as well as higher brokerage transactional revenue driven by increased client activity. Brokerage client assets totaled $1.3 trillion at June 30, 2013, a 9% increase from $1.2 trillion at June 30, 2012, due to higher market values and customer growth in assets under management.

We earn trust and investment management fees from managing and administering assets, including mutual funds, corporate trust, personal trust, employee benefit trust and agency assets. At June 30, 2013, these assets totaled $2.3 trillion, up 4% from $2.2 trillion at June 30, 2012, driven by higher market values. Trust and investment management fees are largely based on a tiered scale relative to the market value of the assets under management or administration. These fees increased to $829 million and $1.6 billion in the second quarter

and first half of 2013, respectively, from $762 million and $1.5 billion for the same periods in 2012, primarily due to growth in assets under management and higher market values.

We earn investment banking fees from underwriting debt and equity securities, loan syndications, and performing other related advisory services. Investment banking fees increased to $538 million and $891 million in the second quarter and first half of 2013, respectively, from $291 million and $548 million for the same periods a year ago, due primarily to increased loan syndication volume and equity originations.

Card fees were $813 million in second quarter 2013, compared with $704 million in second quarter 2012 and $1.6 billion and $1.4 billion for the first half of 2013 and 2012, respectively. Card fees increased primarily due to active account growth and increased purchase activity.

Mortgage banking noninterest income, consisting of net servicing income and net gains on loan origination/sales activities, totaled $2.8 billion in second quarter 2013, compared with $2.9 billion in second quarter 2012 and totaled $5.6 billion for the first half of 2013, compared with $5.8 billion for the same period a year ago.

Net mortgage loan servicing income includes amortization of commercial mortgage servicing rights (MSRs), changes in the fair value of residential MSRs during the period, as well as changes in the value of derivatives (economic hedges) used to hedge the residential MSRs. Net servicing income for second quarter 2013 included a $68 million net MSR valuation gain ($1.87 billion increase in the fair value of the MSRs offset by a $1.80 billion hedge loss) and for second quarter 2012 included a $377 million net MSR valuation gain ($1.63 billion decrease in the fair value of MSRs offset by a $2.01 billion hedge gain). For the first half of 2013, net servicing income included a $197 million net MSR valuation gain ($2.63 billion increase in the fair value of the MSRs offset by a $2.43 billion hedge loss) and for the same period of 2012, included a $319 million net MSR valuation gain ($1.79 billion decrease in the fair value of MSRs offset by a $2.11 billion hedge gain). Our portfolio of loans serviced for others was $1.90 trillion at June 30, 2013, and $1.91 trillion at December 31, 2012. At June 30, 2013, the ratio of MSRs to related loans serviced for others was 0.81%, compared with 0.67% at December 31, 2012. See the "Risk Management – Mortgage Banking Interest Rate and Market Risk" section of this Report for additional information regarding our MSRs risks and hedging approach.

Net gains on mortgage loan origination/sale activities were $2.4 billion and $4.9 billion in the second quarter and first half of 2013, respectively, compared with $2.2 billion and $4.8 billion for the same periods a year ago. The year over year increases for both periods were driven by higher margins, partially offset by lower origination volumes. Mortgage loan originations were $112 billion for second quarter 2013, of which 44% were for home purchases, compared with $131 billion and 38% for the same period a year ago. During the first half of 2013, we retained for investment $3.6 billion of 1-4 family conforming first mortgage loans, forgoing approximately $120 million of revenue that could have been generated had the loans been originated for sale along with other agency conforming loan production. While retaining these mortgage loans on our balance sheet reduced mortgage revenue, we expect to generate greater spread income in future quarters from mortgage loans with higher yields than mortgage-backed securities we could have purchased in the market. While we do not currently plan to hold additional conforming mortgages on balance sheet, we have a large mortgage business and strong capital that provides us with the flexibility to make such choices in the future to benefit our long-term results. Mortgage applications were $146 billion and $286 billion in the second quarter and first half of 2013, compared with $208 billion and $396 billion for the same periods a year ago. The 1-4 family first mortgage unclosed pipeline was $63 billion at June 30, 2013, and $102 billion at June 30, 2012. For additional information about our mortgage banking activities and results, see the "Risk Management – Mortgage Banking Interest Rate and Market Risk" section and Note 8 (Mortgage Banking Activities) and Note 13 (Fair Values of Assets and Liabilities) to Financial Statements in this Report.

Net gains on mortgage loan origination/sales activities include the cost of additions to the mortgage repurchase liability. Mortgage loans are repurchased from third parties based on standard representations and warranties, and early payment default clauses in mortgage sale contracts. Additions to the mortgage repurchase liability that were charged against net gains on mortgage loan origination/sales activities during second quarter 2013 totaled $65 million (compared with $669 million for second quarter 2012), of which $25 million ($597 million for second quarter 2012) was for subsequent increases in estimated losses on prior period loan sales. Additions to the mortgage repurchase liability for the first half of 2013 and 2012 were $374 million and $1.1 billion, respectively, of which $275 million and $965 million, respectively, were for subsequent increase in estimated losses on prior period loan sales. For additional information about mortgage loan repurchases, see the "Risk Management – Credit Risk Management – Liability for Mortgage Loan Repurchase Losses" section and Note 8 (Mortgage Banking Activities) to Financial Statements in this Report.

We engage in trading activities primarily to accommodate the investment activities of our customers, execute economic hedging to manage certain of our balance sheet risks and for a very limited amount of proprietary trading for our own account. Net gains (losses) from trading activities, which reflect unrealized changes in fair value of our trading positions and realized gains and losses, were $331 million and $901 million in the second quarter and first half of 2013, respectively, and $263 million and $903 million in the second quarter and first half of 2012. The year-over-year increase for the quarter was driven in part by higher gains on deferred compensation plan investments (offset in employee benefits expense). Net gains (losses) from trading activities do not include interest and dividend income and expense on trading securities. Those amounts are reported within interest income from trading assets and other interest expense from trading liabilities. Proprietary trading generated $4 million of net gains in second quarter 2013 and $8 million of net gains in the first half of 2013 compared with $1 million of net loss and $14 million of net gains for the same periods, respectively, in 2012. Proprietary trading results also included interest and fees reported in their corresponding

income statement line items. Proprietary trading activities are not significant to our client-focused business model. For additional information about proprietary and other trading, see Risk Management – "Asset and Liability Management – Market Risk – Trading Activities" section in this Report.

Net gains on debt and equity securities totaled $149 million for second quarter 2013 and $181 million for second quarter 2012 ($307 million and $538 million for the first half of 2013 and 2012, respectively), after other-than-temporary impairment (OTTI) write-downs of $111 million and $120 million for second quarter 2013 and 2012, respectively, and $189 million and $185 million for the first half of 2013 and 2012, respectively.

All other income includes ineffectiveness recognized on derivatives that qualify for hedge accounting, losses on low income housing tax credit investments, foreign currency adjustments, and income from investments accounted for under the equity accounting method, any of which can cause other income losses. Lower other income for the second quarter and first half of 2013 primarily reflected an increase in ineffectiveness losses on derivatives that qualify for hedge accounting.

Noninterest expense was $12.3 billion in second quarter 2013, down 1% from $12.4 billion a year ago, primarily due to lower operating losses ($288 million, down from $524 million a year ago) and lower foreclosed assets expense ($146 million, down from $289 million a year ago), partially offset by higher personnel expenses ($7.5 billion, up from $7.1 billion a year ago). For the first half of 2013, noninterest expense was down 3% from the same period a year ago predominantly due to lower operating losses ($445 million, down from $1.0 billion in first half of 2012), the completion of Wachovia merger integration activities in the prior year ($218 million in first half of 2012), and lower foreclosed assets expense reflecting an improvement in the real estate market ($341 million, down from $593 million in first half of 2012), partially offset by higher personnel expenses ($15.3 billion, up from $14.7 billion a year ago).

Personnel expenses were up $404 million, or 6%, in second quarter 2013 compared with the same quarter last year, largely due to higher revenue-based compensation, increased staffing primarily in our mortgage business, and annual salary increases and related employment taxes. Included in personnel expense was a $69 million increase in employee benefits partly due to higher deferred compensation expense (offset in trading income). Personnel expenses were up $601 million, or 4%, for the first half of 2013 compared with the same period in 2012, mostly due to higher revenue-based compensation, and annual salary increases and related salary taxes.

The completion of Wachovia integration activities, which totaled $218 million in first quarter 2012, contributed to year-over-year reductions in the first half of 2013, mainly in outside professional services and contract services.

Operating losses were down 45% and 56% in the second quarter and first half of 2013, respectively, compared with the same periods a year ago. The decrease for both periods is primarily due to lower mortgage-related litigation charges.

Foreclosed assets expense was down 49% in second quarter 2013 compared with the same quarter last year and down 42% in the first half of 2013 compared with the same period in 2012, reflecting lower write-downs and higher gains on sale of foreclosed properties, primarily due to the improvement in the real estate market.

The Company continued to operate within its targeted efficiency ratio range of 55 to 59%, with a ratio of 57.3% in second quarter 2013, compared with 58.2% in the prior year.

Income Tax Expense

Our effective tax rate was 34.2% and 33.9% for second quarter 2013 and 2012, respectively. Our effective tax rate was 33.1% in the first half of 2013, down from 34.6% in the first half of 2012. The lower tax rate in the first half of 2013 reflected a tax benefit from the realization for tax purposes of a previously written down investment and a reduction in accruals for uncertain tax positions.

Operating Segment Results

We are organized for management reporting purposes into three operating segments: Community Banking; Wholesale Banking; and Wealth, Brokerage and Retirement. These segments are defined by product type and customer segment and their results are based on our management accounting process, for which there is no comprehensive, authoritative financial accounting guidance equivalent to generally accepted accounting principles (GAAP). In first quarter 2012, we modified internal funds transfer rates and the allocation of funding. Table 4 and the following discussion present our results by operating segment. For a more complete description of our operating segments, including additional financial information and the underlying management accounting process, see Note 18 (Operating Segments) to Financial Statements in this Report.

(1) Includes corporate items not specific to a business segment and the elimination of certain items that are included in more than one business segment, substantially all of which represents products and services for wealth management customers provided in Community Banking stores.

Community Banking offers a complete line of diversified financial products and services for consumers and small businesses. These products include investment, insurance and trust services in 39 states and D.C., and mortgage and home equity loans in all 50 states and D.C. through its Regional Banking and Wells Fargo Home Lending business units. Cross-sell of our products is an important part of our strategy to achieve our vision to satisfy all our customers' financial needs. Our retail bank household cross-sell was 6.14 products per household in May 2013, up from 6.00 in May 2012. We believe there is more opportunity for cross-sell as we continue to earn more business from our customers. Our goal is eight products per household, which is approximately half of our estimate of potential demand for an average U.S. household. In May 2013, one of every four of our retail banking households had eight or more of our products.

Community Banking had net income of $3.2 billion, up $710 million, or 28%, from second quarter 2012, and $6.2 billion for the first six months of 2013, up $1.3 billion, or 26%, compared with the same period a year ago. Revenue of $12.9 billion, decreased $150 million, or 1%, from second quarter 2012, and was $25.8 billion for the first six months of 2013, a decrease of $672 million, or 3%, compared with the same period last year. The decrease in revenue was due to lower net interest income, lower mortgage banking revenue, and lower other noninterest income, mostly offset by growth in deposit service charges, higher trust and investment fees, and higher debit, credit and merchant card processing volumes. Average core deposits increased $37 billion, or 6%, from second quarter 2012 and $40 billion, or 7%, from the first six months of 2012. The number of primary consumer checking customers grew 3.5% from second quarter 2012 (May 2013 compared with May 2012). Noninterest expense declined 5% from second quarter 2012 and for the first six months of 2012, largely driven by lower operating losses and Federal Deposit Insurance Corporation (FDIC) deposit insurance assessments. The provision for credit losses was $810 million, or 51% lower than second quarter 2012, and $1.4 billion, or 41% lower than the first six months of 2012,

as net-charge offs declined and portfolio credit performance improved, largely in the residential real estate portfolios.

Wholesale Banking provides financial solutions to businesses across the United States and globally with annual sales generally in excess of $20 million. Products and business segments include Middle Market Commercial Banking, Government and Institutional Banking, Corporate Banking, Commercial Real Estate, Treasury Management, Wells Fargo Capital Finance, Insurance, International, Real Estate Capital Markets, Commercial Mortgage Servicing, Corporate Trust, Equipment Finance, Wells Fargo Securities, Principal Investments, Asset Backed Finance, and Asset Management.

Wholesale Banking had net income of $2.0 billion in second quarter 2013, up $123 million, or 7%, from second quarter 2012. In the first half of the year, net income increased $300 million or 8% from a year ago to $4.0 billion. Results for the first six months of 2013 benefited from strong noninterest income growth and improvement in provision for loan losses. Revenue in second quarter 2013 increased $18 million, or 0.3%, from second quarter 2012 and revenue in the first half of 2013 increased $71 million, or 1%, from the first half of 2012 as strong noninterest income growth in capital markets, asset backed finance and real estate capital markets was partially offset by lower net interest income primarily related to lower purchased credit impaired (PCI) resolutions. Average loans of $286.9 billion in second quarter 2013 increased 6% from second quarter 2012 driven by strong customer demand. Average core deposits of $230.5 billion in second quarter 2013 increased 4% from second quarter 2012, reflecting continued customer liquidity. Noninterest expense in second quarter and for the first half of 2013 increased 2%, from the comparable periods last year, due to higher personnel expense related to growing the business and higher non-personnel expenses related to growth initiatives. The provision for credit losses improved $306 million from second quarter 2012 and $459 million from first half of 2012 driven by net recoveries in 2013 compared with net charge-offs in 2012 and other improved credit performance.

Brokerage serves customers' advisory, brokerage and financial needs as part of one of the largest full-service brokerage firms in the United States. Retirement is a national leader in providing institutional retirement and trust services (including 401(k) and pension plan record keeping) for businesses, retail retirement solutions for individuals, and reinsurance services for the life insurance industry.

Wealth, Brokerage and Retirement reported net income of $434 million in second quarter 2013, up 27% from second quarter 2012. Net income for the first half of 2013 was $771 million, up 21% compared with the same period a year ago. Net income growth was driven by higher noninterest income and an improved efficiency ratio. Second quarter 2013 total revenue was up 10% from second quarter 2012 and up 7% for the first six months of 2013 from the same period in 2012, predominantly due to growth in asset-based fees from improved market performance and growing market share, as well as higher brokerage transaction revenue, partially offset by reduced securities gains in the brokerage business. Average core deposits in second quarter 2013 of $146.4 billion were up 9% from second quarter 2012. First half 2013 average core deposits increased 10% from the same period a year ago. Noninterest expense for the second quarter 2013 was up 7% from second quarter 2012 and up 5% from the first six months of 2012 largely due to higher personnel expenses, primarily broker commissions. Total provision for credit losses decreased $18 million and $47 million from the second quarter and first half of 2012, respectively, driven by lower net charge-offs and continued improvement in credit.

Balance Sheet Analysis

At June 30, 2013, our assets totaled $1.4 trillion, up $17.6 billion from December 31, 2012. The predominant areas of asset growth were in securities available for sale, which increased $14.2 billion, and federal funds sold and short-term investments, which increased $11.4 billion, partially offset by a $3.9 billion decrease in cash and due from banks. Deposit growth of $18.8 billion and total equity growth of $4.9 billion from December 31, 2012, were the predominant sources of funding our asset growth for the first half of 2013. The deposit growth resulted in an increase in the proportion of interest-bearing deposits while equity growth benefited from $7.3 billion in earnings, net of dividends paid, as well as from the repurchase of common stock and the issuance of preferred stock. The strength of our business model produced record earnings and continued internal capital generation as reflected in our capital ratios, all of which improved from December 31, 2012. Tier 1 capital as a percentage of total risk-weighted assets increased to 12.12%, total capital increased to 15.03%, Tier 1 leverage increased to 9.63%, and Tier 1 common equity increased to 10.71% at June 30, 2013, compared with 11.75%, 14.63%, 9.47%, and 10.12%, respectively, at December 31, 2012.

The following discussion provides additional information about the major components of our balance sheet. Information regarding our capital and changes in our asset mix is included in the "Earnings Performance – Net Interest Income" and "Capital Management" sections and Note 19 (Regulatory and Agency Capital Requirements) to Financial Statements in this Report.

Securities Available for Sale

Table 5: Securities Available for Sale – Summary

(in millions)	June 30, 2013 Cost	Net unrealized gain	Fair value	December 31, 2012 Cost	Net unrealized gain	Fair value
Debt securities available for sale	$ 242,158	4,524	246,682	220,946	11,468	232,414
Marketable equity securities	2,210	547	2,757	2,337	448	2,785
Total securities available for sale	$ 244,368	5,071	249,439	223,283	11,916	235,199

Table 5 presents a summary of our securities available-for-sale portfolio, which consists of both debt and marketable equity securities. The total net unrealized gains on securities available for sale were $5.1 billion at June 30, 2013, down from net unrealized gains of $11.9 billion at December 31, 2012, due primarily to an increase in long-term interest rates.

The size and composition of the available-for-sale portfolio is largely dependent upon the Company's liquidity and interest rate risk management objectives. Our business generates assets and liabilities, such as loans, deposits and long-term debt, which have different maturities, yields, re-pricing, prepayment characteristics and other provisions that expose us to interest rate and liquidity risk. The available-for-sale securities portfolio consists primarily of liquid, high quality federal agency debt, privately issued mortgage-backed securities (MBS), securities issued by U.S. states and political subdivisions and corporate debt securities. Due to its highly liquid nature, the available-for-sale portfolio can be used to meet funding needs that arise in the normal course of business or due to market stress. Changes in our interest rate risk profile may occur due to changes in overall economic or market conditions that could influence drivers such as loan origination demand, prepayment speeds, or deposit balances and mix. In response, the available-for-sale securities portfolio can be rebalanced to meet the Company's interest rate risk management objectives. In addition to meeting liquidity and interest rate risk management objectives, the available-for-sale securities portfolio may provide yield enhancement over other short-term assets. See the "Risk Management - Asset/Liability Management" section of this Report for more information on liquidity and interest rate risk.

We analyze securities for OTTI quarterly or more often if a potential loss-triggering event occurs. Of the $189 million in OTTI write-downs recognized in the first half of 2013, $105 million related to debt securities. There was $9 million in OTTI write-downs for marketable equity securities and $75 million in OTTI write-downs related to nonmarketable equity investments. For a discussion of our OTTI accounting policies and underlying considerations and analysis see Note 1 (Summary of Significant Accounting Policies – Investments) in our 2012 Form 10-K and Note 4 (Securities Available for Sale) to Financial Statements in this Report.

At June 30, 2013, debt securities available for sale included $40.9 billion of municipal bonds, of which 83% were rated "A-" or better based predominantly on external and, in some cases, internal ratings. Additionally, some of the securities in our total municipal bond portfolio are guaranteed against loss by bond insurers. These guaranteed bonds are predominantly investment grade and were generally underwritten in accordance with our own investment standards prior to the determination to purchase, without relying on the bond insurer's guarantee in making the investment decision. Our municipal bond holdings are monitored as part of our ongoing impairment analysis of our securities available for sale.

The weighted-average expected maturity of debt securities available for sale was 6.7 years at June 30, 2013. Because 58% of this portfolio is MBS, the expected remaining maturity is shorter than the remaining contractual maturity because borrowers generally have the right to prepay obligations before the underlying mortgages mature. The estimated effects of a 200 basis point increase or decrease in interest rates on the fair value and the expected remaining maturity of the MBS available for sale are shown in Table 6.

Table 6: Mortgage-Backed Securities

(in billions)	Fair value	Net unrealized gain (loss)	Expected remaining maturity (in years)

Actual	$ 144.0	2.6	5.7
Assuming a 200 basis point:

Decrease in interest rates	151.2	9.8	3.2

See Note 4 (Securities Available for Sale) to Financial Statements in this Report for securities available for sale by security type.

Loan Portfolio

Total loans were $802.0 billion at June 30, 2013, up $2.4 billion from December 31, 2012. Table 7 provides a summary of total outstanding loans for our commercial and consumer loan portfolios. The runoff in the non-strategic/liquidating portfolios was $7.0 billion, while loans in the core portfolio grew $9.4 billion from December 31, 2012. Our core loan growth in 2013 included:

- a $2.9 billion increase in the commercial segment from growth in the commercial and industrial and foreign loans portfolios; and
- a $6.5 billion increase in consumer loans with growth of $11.0 billion of 1-4 family non-conforming first mortgages, partially offset by runoff in the core portfolio.

In July 2013, we signed an agreement to acquire an institutional loan portfolio from Commerzbank's Hypothekenbank Frankfurt involving £3.5 billion ($5.4 billion) of commercial real estate loans throughout the United Kingdom. A portion of the portfolio, consisting of approximately £1.0 billion ($1.5 billion) of non-performing assets, was acquired by a third party, for which we provided financing. The transaction closed on August 2, 2013.

Additional information on the non-strategic and liquidating loan portfolios is included in Table 12 in the "Risk Management – Credit Risk Management" section of this Report.

Additional information on total loans outstanding by portfolio segment and class of financing receivable is included in the "Risk Management – Credit Risk Management" section in this Report. Period-end balances and other loan related information are in Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report.

Deposits

Deposits totaled $1.0 trillion at June 30, 2013, and December 31, 2012. Table 9 provides additional information regarding deposits. Information regarding the impact of deposits on net interest income and a comparison of average deposit balances is provided in "Earnings Performance – Net Interest Income" and Table 1 earlier in this Report. Total core deposits were $941.2 billion at June 30, 2013, down $4.5 billion from $945.7 billion at December 31, 2012.

Fair Valuation of Financial Instruments

We use fair value measurements to record fair value adjustments to certain financial instruments and to determine fair value disclosures. See our 2012 Form 10-K for a description of our critical accounting policy related to fair valuation of financial instruments and a discussion of our fair value measurement techniques.

Table 10 presents the summary of the fair value of financial instruments recorded at fair value on a recurring basis, and the amounts measured using significant Level 3 inputs (before derivative netting adjustments). The fair value of the remaining assets and liabilities were measured using valuation methodologies involving market-based or market-derived information (collectively Level 1 and 2 measurements).

See Note 13 (Fair Values of Assets and Liabilities) to Financial Statements in this Report for additional information regarding our use of fair valuation of financial instruments, our related measurement techniques and the impact to our financial statements.

Equity

Total equity was $163.8 billion at June 30, 2013 compared with $158.9 billion at December 31, 2012. The increase was predominantly driven by a $7.2 billion increase in retained earnings, partially offset by a $3.9 billion decline in cumulative other comprehensive income (OCI). The decline in OCI was due to a $6.8 billion ($4.2 billion after tax) reduction in net unrealized gains on our securities available for sale portfolio resulting from an increase in long-term interest rates. This decline was partially offset by our recognition of settlement losses and the related re-measurement of our Cash Balance Plan liability, which increased cumulative other comprehensive income by $840 million ($524 million after tax). See Note 15 (Employee Benefits) to Financial Statements in this Report for additional information.

Off-Balance Sheet Arrangements

In the ordinary course of business, we engage in financial transactions that are not recorded in the balance sheet, or may be recorded in the balance sheet in amounts that are different from the full contract or notional amount of the transaction. Our off-balance sheet arrangements include commitments to lend, transactions with unconsolidated entities, guarantees, derivatives, and other commitments. These transactions are designed to (1) meet the financial needs of customers, (2) manage our credit, market or liquidity risks, and/or (3) diversify our funding sources.

Commitments to Lend

We enter into commitments to lend funds to customers, which are usually at a stated interest rate, if funded, and for specific purposes and time periods. When we make commitments, we are exposed to credit risk. However, the maximum credit risk for these commitments will generally be lower than the contractual amount because a significant portion of these commitments are not expected to be fully utilized or will expire without being used by the customer. For more information on lending commitments, see Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report.

Transactions with Unconsolidated Entities

We routinely enter into various types of on- and off-balance sheet transactions with special purpose entities (SPEs), which are corporations, trusts or partnerships that are established for a limited purpose. Generally, SPEs are formed in connection with securitization transactions. For more information on securitizations, including sales proceeds and cash flows from securitizations, see Note 7 (Securitizations and Variable Interest Entities) to Financial Statements in this Report.

Guarantees and Certain Contingent Arrangements

Guarantees are contracts that contingently require us to make payments to a guaranteed party based on an event or a change in an underlying asset, liability, rate or index. Guarantees are generally in the form of standby letters of credit, securities lending and other indemnifications, liquidity agreements, written put options, recourse obligations, residual value guarantees and contingent consideration.

For more information on guarantees and certain contingent arrangements, see Note 10 (Guarantees, Pledged Assets and Collateral) to Financial Statements in this Report.

Derivatives

We primarily use derivatives to manage exposure to market risk, including interest rate risk, credit risk and foreign currency risk, and to assist customers with their risk management objectives. Derivative transactions can be measured in terms of the notional amount, which is generally not exchanged but is used only as the basis on which interest and other payments are determined. The notional amount is not recorded on the balance sheet and is not, when viewed in isolation, a meaningful measure of the risk profile of the instruments.

For more information on derivatives, see Note 12 (Derivatives) to Financial Statements in this Report.

Other Commitments

We also have other off-balance sheet transactions, including obligations to make rental payments under noncancelable operating leases and commitments to purchase certain debt securities available for sale and private equity investments. Our operating lease obligations are discussed in Note 7 (Premises, Equipment, Lease Commitments and Other Assets) to Financial Statements in our 2012 Form 10-K. For more information on commitments to purchase debt securities available for sale, see the "Off-Balance Sheet Arrangements" section in our 2012 Form 10-K. Commitments to purchase private equity investments are further described in Note 13 (Fair Values of Assets and Liabilities) to Financial Statements in this Report.

Risk Management

As a financial institution we must manage and control a variety of business risks that can significantly affect our financial performance. Among the key risks that we must manage are credit risks, asset/liability interest rate and market risks, and operational risks. For more information about how we managed credit, asset/liability interest rate and market risks, see the "Risk Management" section in our 2012 Form 10-K. The discussion that follows provides an update regarding these risks.

Operational Risk Management

Effective management of operational risks, which include risks relating to management information systems, security systems, and information security, is also an important focus for financial institutions such as Wells Fargo. Wells Fargo and reportedly other financial institutions continue to be the target of various evolving and adaptive denial-of-service or other cyber attacks as part of what appears to be a coordinated effort to disrupt the operations of financial institutions and potentially test their cybersecurity capabilities. Wells Fargo has not experienced any material losses relating to these or other cyber attacks. Cybersecurity and the continued development and enhancement of our controls, processes and systems to protect our networks, computers, software, and data from attack, damage or unauthorized access remain a priority for Wells Fargo. See the "Risk Factors" section in our 2012 Form 10-K for additional information regarding the risks associated with a failure or breach of our operational or security systems or infrastructure, including as a result of cyber attacks.

Credit Risk Management

Loans represent the largest component of assets on our balance sheet and their related credit risk is a significant risk we manage. We define credit risk as the risk of loss associated with a borrower or counterparty default (failure to meet obligations in accordance with agreed upon terms). Table 11 presents our total loans outstanding by portfolio segment and class of financing receivable.

Non-Strategic and Liquidating Loan Portfolios We continually evaluate and modify our credit policies to address appropriate levels of risk. We may designate certain portfolios and loan products as non-strategic or liquidating after we cease their continued origination and actively work to limit losses and reduce our exposures.

Table 12 identifies our non-strategic and liquidating loan portfolios. They consist primarily of the Pick-a-Pay mortgage portfolio and PCI loans acquired from Wachovia, certain portfolios from legacy Wells Fargo Home Equity and Wells Fargo Financial, and our education finance government guaranteed loan portfolio. The total balance of our non-strategic and liquidating loan portfolios has decreased 54% since the merger with Wachovia at December 31, 2008, and decreased 7% from the end of 2012.

The home equity portfolio of loans generated through third party channels is designated as liquidating. Additional information regarding this portfolio, as well as the liquidating PCI and Pick-a-Pay loan portfolios, is provided in the discussion of loan portfolios that follows.

PURCHASED CREDIT-IMPAIRED (PCI) LOANS Loans acquired with evidence of credit deterioration since their origination and where it is probable that we will not collect all contractually required principal and interest payments are PCI loans. Substantially all of our PCI loans were acquired in the Wachovia acquisition on December 31, 2008. PCI loans are recorded at fair value at the date of acquisition, and the historical allowance for credit losses related to these loans is not carried over. The carrying value of PCI loans totaled $28.8 billion at June 30, 2013, down from $31.0 billion and $58.8 billion at December 31, 2012 and 2008, respectively. Such loans are considered to be accruing due to the existence of the accretable yield and not based on consideration given to contractual interest payments. For additional information on PCI loans, see the "Risk Management – Credit Risk Management – Purchased Credit-Impaired Loans" section in our 2012 Form 10-K and Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report.

During the first half of 2013, we recognized as income $52 million released from the nonaccretable difference related to commercial PCI loans due to payoffs and other resolutions. We also transferred $907 million from the nonaccretable difference to the accretable yield for PCI loans with improving credit-related cash flows and absorbed $564 million of losses in the nonaccretable difference from loan resolutions and write-downs. Our cash flows expected to be collected have been favorably affected by lower than expected defaults and losses as a result of observed economic strengthening, particularly in housing prices, and by our loan modification efforts. See the "Real Estate 1-4 Family First and Junior Lien Mortgage Loans" section in this Report for additional information. Table 13 provides an analysis of changes in the nonaccretable difference.

(1) Release of the nonaccretable difference for settlement with borrower, on individually accounted PCI loans, increases interest income in the period of settlement. Pick-a-Pay and Other consumer PCI loans do not reflect nonaccretable difference releases for settlements with borrowers due to pool accounting for those loans, which assumes that the amount received approximates the pool performance expectations.
(2) Release of the nonaccretable difference as a result of sales to third parties increases noninterest income in the period of the sale.
(3) Reclassification of nonaccretable difference to accretable yield for loans with increased cash flow estimates will result in increased interest income as a prospective yield adjustment over the remaining life of the loan or pool of loans.
(4) Write-downs to net realizable value of PCI loans are absorbed by the nonaccretable difference when severe delinquency (normally 180 days) or other indications of severe borrower financial stress exist that indicate there will be a loss of contractually due amounts upon final resolution of the loan. Also includes foreign exchange adjustments related to underlying principal for which the nonaccretable difference was established.

Since December 31, 2008, we have released $8.1 billion in nonaccretable difference, including $6.3 billion transferred from the nonaccretable difference to the accretable yield and $1.8 billion released to income through loan resolutions. Also, we have provided $1.8 billion for losses on certain PCI loans or pools of PCI loans that have had credit-related decreases to cash flows expected to be collected. The net result is a $6.3 billion reduction from December 31, 2008, through June 30, 2013, in our initial projected losses of $41.0 billion on all PCI loans.

At June 30, 2013, the allowance for credit losses on certain PCI loans was $71 million. The allowance is to absorb credit-related decreases in cash flows expected to be collected and primarily relates to individual PCI commercial loans. Table 14 analyzes the actual and projected loss results on PCI loans since acquisition through June 30, 2013.

For additional information on PCI loans, see Note 1 (Summary of Significant Accounting Policies – Loans) in our 2012 Form 10-K and Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report.

(1) Release of the nonaccretable difference for settlement with borrower, on individually accounted PCI loans, increases interest income in the period of settlement. Pick-a-Pay and Other consumer PCI loans do not reflect nonaccretable difference releases for settlements with borrowers due to pool accounting for those loans, which assumes that the amount received approximates the pool performance expectations.

(3) Reclassification of nonaccretable difference to accretable yield for loans with increased cash flow estimates will result in increased interest income as a prospective yield adjustment over the remaining life of the loan or pool of loans.
(4) Provision for additional losses is recorded as a charge to income when it is estimated that the cash flows expected to be collected for a PCI loan or pool of loans may not support full realization of the carrying value.

Significant Portfolio Reviews Measuring and monitoring our credit risk is an ongoing process that tracks delinquencies, collateral values, FICO scores, economic trends by geographic areas, loan-level risk grading for certain portfolios (typically commercial) and other indications of credit risk. Our credit risk monitoring process is designed to enable early identification of developing risk and to support our determination of an appropriate allowance for credit losses. The following discussion provides additional characteristics and analysis of our significant portfolios. See Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report for more analysis and credit metric information.

COMMERCIAL AND INDUSTRIAL LOANS AND LEASE FINANCING For purposes of portfolio risk management, we aggregate commercial and industrial loans and lease financing according to market segmentation and standard industry codes. Table 15 summarizes commercial and industrial loans and lease financing by industry with the related nonaccrual totals. We generally subject commercial and industrial loans and lease financing to individual risk assessment using our internal borrower and collateral quality ratings. Our ratings are aligned to regulatory definitions of pass and criticized categories with criticized divided between special mention, substandard and doubtful categories.

The commercial and industrial loans and lease financing portfolio, which totaled $200.5 billion or 25% of total loans at June 30, 2013, experienced credit improvement in second quarter 2013. The annualized net charge-off rate for this portfolio was 0.19% for both first and second quarter 2013, and 0.46% for the full year of 2012. At June 30, 2013, 0.52% of this portfolio was nonaccruing compared with 0.72% at December 31, 2012. In addition, $17.2 billion of this portfolio was criticized at June 30, 2013, down from $19.0 billion at December 31, 2012.

A majority of our commercial and industrial loans and lease financing portfolio is secured by short-term assets, such as accounts receivable, inventory and securities, as well as long-lived assets, such as equipment and other business assets. Generally, the collateral securing this portfolio represents a secondary source of repayment. See Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report for additional credit metric information.

(2) No other single category had loans in excess of $4.9 billion.

At the time of any modification of terms or extensions of maturity, we evaluate whether the loan should be classified as a TDR, and account for it accordingly. For more information on TDRs, see "Troubled Debt Restructurings" later in this section and Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report.

COMMERCIAL REAL ESTATE (CRE) The CRE portfolio totaled $121.1 billion, or 15%, of total loans at June 30, 2013, and consisted of $16.4 billion of construction loans and $104.7 billion of mortgage loans. Table 16 summarizes CRE loans by state and property type with the related nonaccrual totals. The portfolio is diversified both geographically and by property type. The largest geographic concentrations of combined CRE loans are in California and Florida, which

represented 27% and 8% of the total CRE portfolio, respectively. By property type, the largest concentrations are office buildings at 27% and apartments at 12% of the portfolio. CRE nonaccrual loans totaled 2.8% of the CRE outstanding balance at June 30, 2013, compared with 3.5% at December 31, 2012. At June 30, 2013, we had $15.4 billion of criticized CRE mortgage loans, down from $18.8 billion at December 31, 2012, and $2.8 billion of criticized CRE construction loans, down from $4.5 billion at December 31, 2012. See Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report for additional information on criticized loans.

At June 30, 2013, the recorded investment in PCI CRE loans totaled $2.3 billion, down from $12.3 billion when acquired at December 31, 2008, reflecting the reduction resulting from principal payments, loan resolutions and write-downs.

(1) Includes a total of $2.3 billion PCI loans, consisting of $1.7 billion of real estate mortgage and $602 million of real estate construction, which are considered to be accruing due to the existence of the accretable yield and not based on consideration given to contractual interest payments.

(2) Includes 40 states; no state had loans in excess of $2.7 billion.

FOREIGN LOANS AND COUNTRY RISK EXPOSURE We classify loans for financial statement and certain regulatory purposes as foreign if the borrower's primary address is outside of the United States. At June 30, 2013, foreign loans totaled $41.8 billion, representing approximately 5% of our total consolidated loans outstanding and approximately 3% of our consolidated total assets.

Our foreign country risk monitoring process incorporates frequent dialogue with our financial institution customers, counterparties and regulatory agencies, enhanced by centralized monitoring of macroeconomic and capital markets conditions in the respective countries. We establish exposure limits for each country through a centralized oversight process based on customer needs, and in consideration of relevant economic, political, social, legal, and transfer risks. We monitor exposures closely and adjust our country limits in response to changing conditions.

We evaluate our individual country risk exposure on an ultimate country of risk basis, which is normally based on the country of residence of the guarantor or collateral location, and is different from the reporting based on the borrower's primary address. Our largest single foreign country exposure on an ultimate risk basis at June 30, 2013, was the United Kingdom, which totaled $15.7 billion, or 1% of our total assets, and included $2.0 billion of sovereign claims. Our United Kingdom sovereign claims arise primarily from deposits we have placed with the Bank of England pursuant to regulatory requirements in support of our London branch.

At June 30, 2013, our Eurozone exposure, including cross-border claims on an ultimate risk basis, and foreign exchange and derivative products, aggregated approximately

$10.4 billion, including $200 million of sovereign claims, compared with approximately $10.5 billion at December 31, 2012, which included $232 million of sovereign claims. Our Eurozone exposure is relatively small compared to our overall credit risk exposure and is diverse by country, type, and counterparty.

We conduct periodic stress tests of our significant country risk exposures, analyzing the direct and indirect impacts on the risk of loss from various macroeconomic and capital markets scenarios. We do not have significant exposure to foreign country risks because our foreign portfolio is relatively small. However, we have identified exposure to increased loss from U.S. borrowers associated with the potential impact of a European downturn on the U.S. economy. We mitigate these potential impacts on the risk of loss through our normal risk management processes which include active monitoring and, if necessary, the application of aggressive loss mitigation strategies.

Table 17 provides information regarding our top 20 exposures on an ultimate risk basis by country (excluding the U.S.) and our Eurozone exposure. The selection of the top 20 countries is based solely on our largest total exposure by country.

(1) Lending exposure includes funded loans and unfunded commitments, leveraged leases, and money market placements presented on a gross basis prior to the deduction of impairment allowance and collateral received under the terms of the credit agreements. For the countries listed above, includes $472 million in PCI loans, predominantly to customers in Germany and the United Kingdom, and $2.3 billion in defeased leases secured predominantly by U.S. Treasury and government agency securities, or government guaranteed.

(2) Represents issuer exposure on cross-border debt and equity securities, held in trading or available-for-sale portfolio, at fair value.

(3) Represents counterparty exposure on foreign exchange and derivative contracts, and securities resale and lending agreements. This exposure is presented net of counterparty netting adjustments and reduced by the amount of cash collateral. It includes credit default swaps (CDS) predominantly used to manage our U.S. and London-based cash credit trading businesses, which sometimes results in selling and purchasing protection on the identical reference entity. Generally, we do not use market instruments such as CDS to hedge the credit risk of our investment or loan positions, although we do use them to manage risk in our trading businesses. At June 30, 2013, the gross notional amount of our CDS sold that reference assets in the Top 20 or Eurozone countries was $6.0 billion, which was offset by the notional amount of CDS purchased of $6.2 billion. We did not have any CDS purchased or sold that reference pools of assets that contain sovereign debt or where the reference asset was solely the sovereign debt of a foreign country.

(4) For countries presented in the table, total non-sovereign exposure comprises $29.0 billion exposure to financial institutions and $27.1 billion to non-financial corporations at June 30, 2013.

(5) Consists of exposure to Netherlands, Germany, France, Spain, Luxembourg and Ireland included in Top 20.

(6) Includes non-sovereign exposure to Greece, Cyprus and Portugal in the amount of $5 million, $6 million and $23 million, respectively. Sovereign debt exposure to these countries was insignificant at June 30, 2013.

REAL ESTATE 1-4 FAMILY FIRST AND JUNIOR LIEN MORTGAGE LOANS Our real estate 1-4 family first and junior lien mortgage loans primarily include loans we have made to customers and retained as part of our asset liability management strategy. These loans include the Pick-a-Pay portfolio acquired from Wachovia and the home equity portfolio, which are discussed later in this Report. These loans also include other purchased loans and loans included on our balance sheet due to the adoption of consolidation accounting guidance related to variable interest entities (VIEs).

Our underwriting and periodic review of loans collateralized by residential real property includes appraisals or estimates from automated valuation models (AVMs) to support property values. Additional information about AVMs and our policy for their use can be found in the "Risk Management – Credit Risk Management – Real Estate 1-4 Family Mortgage Loans" section in our 2012 Form 10-K.

Some of our real estate 1-4 family first and junior lien mortgage loans include an interest-only feature as part of the loan terms. These interest-only loans were approximately 17% of total loans at June 30, 2013, compared with 18% at December 31, 2012.

We believe we have manageable adjustable-rate mortgage (ARM) reset risk across our owned mortgage loan portfolios. We do not offer option ARM products, nor do we offer variable-rate mortgage products with fixed payment amounts, commonly referred to within the financial services industry as negative amortizing mortgage loans. Our liquidating option ARM portfolio was acquired from Wachovia. Since our acquisition of the Pick-a-Pay loan portfolio at the end of 2008, we have reduced the option payment portion of the portfolio, from 86% to 46% of the portfolio at June 30, 2013. For more information, see the "Pick-a-Pay Portfolio" section in this Report.

We continue to modify real estate 1-4 family mortgage loans to assist homeowners and other borrowers experiencing financial difficulties. For more information on our participation in the U.S. Treasury's Making Home Affordable (MHA) programs, see the "Risk Management – Credit Risk Management – Real Estate 1-4 Family Mortgage Loans" section in our 2012 Form 10-K.

Real estate 1-4 family first and junior lien mortgage loans by state are presented in Table 18. Our real estate 1-4 family mortgage loans to borrowers in California represented approximately 13% of total loans at June 30, 2013, located mostly within the larger metropolitan areas, with no single California metropolitan area consisting of more than 3% of total loans. We monitor changes in real estate values and underlying economic or market conditions for all geographic areas of our real estate 1-4 family mortgage portfolio as part of our credit risk management process.

We monitor the credit performance of our junior lien mortgage portfolio for trends and factors that influence the frequency and severity of loss. In third quarter 2012 we aligned our nonaccrual and troubled debt reclassification policies in accordance with guidance in the Office of the Comptroller of the Currency (OCC) update to the Bank Accounting Advisory Series (OCC guidance), which requires consumer loans discharged in bankruptcy to be written down to net realizable collateral value and classified as nonaccrual TDRs, regardless of their delinquency status.

Part of our credit monitoring includes tracking delinquency, FICO scores and collateral values (LTV/CLTV) on the entire real estate 1-4 family mortgage loan portfolio. These credit risk indicators, which exclude government insured/guaranteed loans, continued to improve in second quarter 2013 on the non-PCI mortgage portfolio. Loans 30 days or more delinquent at June 30, 2013, totaled $13.3 billion, or 4%, of total non-PCI mortgages, compared with $15.5 billion, or 5%, at December 31, 2012. Loans with FICO scores lower than 640 totaled $34.2 billion at June 30, 2013, or 12% of total non-PCI mortgages, compared with $37.7 billion, or 13%, at December 31, 2012. Mortgages with a LTV/CLTV greater than 100% totaled $48.7 billion at June 30, 2013, or 16% of total non-PCI mortgages, compared with $58.7 billion, or 20%, at December 31, 2012. Information regarding credit risk indicators can be found in Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report.

Pick-a-Pay Portfolio The Pick-a-Pay portfolio was one of the consumer residential first mortgage portfolios we acquired from Wachovia and a majority of the portfolio was identified as PCI loans.

The Pick-a-Pay portfolio includes loans that offer payment options (Pick-a-Pay option payment loans), and also includes loans that were originated without the option payment feature, loans that no longer offer the option feature as a result of our modification efforts since the acquisition, and loans where the customer voluntarily converted to a fixed-rate product. The Pick-a-Pay portfolio is included in the consumer real estate 1-4 family first mortgage class of loans throughout this Report. Real estate 1-4 family junior lien mortgages and lines of credit associated with Pick-a-Pay loans are reported in the home equity portfolio. Table 19 provides balances by types of loans as of June 30, 2013, as a result of modification efforts, compared to the types of loans included in the portfolio at acquisition. Total adjusted unpaid principal balance of PCI Pick-a-Pay loans was $30.3 billion at June 30, 2013, compared with $61.0 billion at acquisition. Modification efforts have largely involved option payment PCI loans, which have declined to 18% of the total Pick-a-Pay portfolio at June 30, 2013, compared with 51% at acquisition.

(1) Adjusted unpaid principal balance includes write-downs taken on loans where severe delinquency (normally 180 days) or other indications of severe borrower financial stress exist that indicate there will be a loss of contractually due amounts upon final resolution of the loan.
(2) Includes loans refinanced under the Refinance Program discussed in the "Risk Management – Credit Risk Management – Risks Relating to Servicing Activities" section in this Report.

Pick-a-Pay loans may have fixed or adjustable rates with payment options that include a minimum payment, an interest-only payment or fully amortizing payment (both 15 and 30 year options). Total interest deferred due to negative amortization on Pick-a-Pay loans was $1.1 billion at June 30, 2013, and $1.4 billion at December 31, 2012. Approximately 91% of the Pick-a-Pay customers making a minimum payment in June 2013 did not defer interest, consistent with December 2012.

Deferral of interest on a Pick-a-Pay loan may continue as long as the loan balance remains below a pre-defined principal cap, which is based on the percentage that the current loan balance represents to the original loan balance. The majority of the Pick-a-Pay portfolio has a cap of 125% of the original loan balance. Most of the Pick-a-Pay loans on which there is a deferred interest balance re-amortize (the monthly payment amount is reset or "recast") on the earlier of the date when the loan balance reaches its principal cap, or generally the 10-year anniversary of the loan. After a recast, the customers' new payment terms are reset to the amount necessary to repay the balance over the remainder of the original loan term.

Due to the terms of the Pick-a-Pay portfolio, there is little recast risk in the near term. Based on assumptions of a flat rate environment, if all eligible customers elect the minimum payment option 100% of the time and no balances prepay, we would expect the following balances of loans to recast based on reaching the principal cap: $16 million for the remainder of 2013, $41 million in 2014 and $72 million in 2015. In addition, in a flat rate environment, we would expect the following balances of loans to start fully amortizing due to reaching their recast anniversary date: $54 million for the remainder of 2013, $274 million in 2014 and $716 million in 2015. In second quarter 2013, the amount of loans reaching their recast anniversary date and also having a payment change over the annual 7.5% reset was $6 million.

Table 20 reflects the geographic distribution of the Pick-a-Pay portfolio broken out between PCI loans and all other loans. The LTV ratio is a useful metric in predicting future real estate 1-4 family first mortgage loan performance, including potential charge-offs. Because PCI loans were initially recorded at fair value, including write-downs for expected credit losses, the ratio of the carrying value to the current collateral value will be lower compared with the LTV based on the adjusted unpaid principal balance. For informational purposes, we have included both ratios for PCI loans in the following table.

Table 20: Pick-a-Pay Portfolio (1)

(1) The individual states shown in this table represent the top five states based on the total net carrying value of the Pick-a-Pay loans at the beginning of 2013.
(2) Adjusted unpaid principal balance includes write-downs taken on loans where severe delinquency (normally 180 days) or other indications of severe borrower financial stress exist that indicate there will be a loss of contractually due amounts upon final resolution of the loan.
(3) The current LTV ratio is calculated as the adjusted unpaid principal balance divided by the collateral value. Collateral values are generally determined using automated valuation models (AVM) and are updated quarterly. AVMs are computer-based tools used to estimate market values of homes based on processing large volumes of market data including market comparables and price trends for local market areas.
(4) Carrying value, which does not reflect the allowance for loan losses, includes remaining purchase accounting adjustments, which, for PCI loans may include the nonaccretable difference and the accretable yield and, for all other loans, an adjustment to mark the loans to a market yield at date of merger less any subsequent charge-offs.
(5) The ratio of carrying value to current value is calculated as the carrying value divided by the collateral value.

To maximize return and allow flexibility for customers to avoid foreclosure, we have in place several loss mitigation strategies for our Pick-a-Pay loan portfolio. We contact customers who are experiencing financial difficulty and may in certain cases modify the terms of a loan based on a customer's documented income and other circumstances.

We also have taken steps to work with customers to refinance or restructure their Pick-a-Pay loans into other loan products. For customers at risk, we offer combinations of term extensions of up to 40 years (from 30 years), interest rate reductions, forbearance of principal, and, in geographies with substantial property value declines, we may offer permanent principal forgiveness.

In second quarter 2013, we completed more than 2,400 proprietary and Home Affordability Modification Program (HAMP) Pick-a-Pay loan modifications. We have completed more than 117,000 modifications since the Wachovia acquisition, resulting in $5.5 billion of principal forgiveness to our Pick-a-Pay customers as well as an additional $331 million of conditional forgiveness that can be earned by borrowers through performance over the next three years.

Due to better than expected performance observed on the Pick-a-Pay PCI portfolio compared with the original acquisition estimates, we have reclassified $3.9 billion from the nonaccretable difference to the accretable yield since acquisition. Our cash flows expected to be collected have been favorably affected by lower expected defaults and losses as a result of observed and forecasted economic strengthening, particularly in housing prices, and our loan modification efforts. These factors are expected to reduce the frequency and severity of defaults and keep these loans performing for a longer period, thus increasing future principal and interest cash flows. The resulting increase in the accretable yield will be realized over the remaining life of the portfolio, which is estimated to have a weighted-average remaining life of approximately 14.5 years at June 30, 2013. The weighted-average remaining life increased from fourth quarter 2012 due to the positive housing market, credit trends and economic outlook. The accretable yield percentage during second quarter 2013 was 4.70%, unchanged from the end of 2012. The accretable yield balance increased by $2.1 billion to $20.0 billion during second quarter 2013 as a result of a reclassification from the nonaccretable difference and an increase in cash flows expected to be collected. Due to this increase in the accretable yield balance, the accretable yield percentage is expected to be 4.98% for third quarter 2013. Fluctuations in the accretable yield are driven by changes in interest rate indices for variable rate PCI loans, prepayment assumptions, and expected principal and interest payments over the estimated life of the portfolio, which will be affected by the pace and degree of improvements in the U.S. economy and housing markets and projected lifetime performance resulting from loan modification activity. Changes in the projected timing of cash flow events, including loan liquidations, modifications and short sales, can also affect the accretable yield rate and the estimated weighted-average life of the portfolio.

The Pick-a-Pay portfolio includes a significant portion of our PCI loans. For further information on the judgment involved in estimating expected cash flows for PCI loans, see "Critical Accounting Policies – Purchased Credit-Impaired Loans" in our 2012 Form 10-K.

HOME EQUITY PORTFOLIOS Our home equity portfolios consist of real estate 1-4 family junior lien mortgages and first and junior lien lines of credit secured by real estate. Our first lien lines of credit represent 21% of our home equity portfolio and are included in real estate 1-4 family first mortgages. The majority of our junior lien loan products are amortizing payment loans with fixed interest rates and repayment periods between five to 30 years.

Our first and junior lien lines of credit products generally have a draw period of 10 years (with some up to 15 or 20 years) with variable interest rate and payment options during the draw period of (1) interest only or (2) 1.5% of outstanding principal balance plus accrued interest. During the draw period, the borrower has the option of converting all or a portion of the line from a variable interest rate to a fixed rate with terms including interest-only payments for a fixed period between three to seven years or a fully amortizing payment with a fixed period between five to 30 years. At the end of the draw period, a line of credit generally converts to an amortizing payment schedule with repayment terms of up to 30 years based on the balance at time of conversion. Certain lines and loans have been structured with a balloon payment, which requires full repayment of the outstanding balance at the end of the term period. The conversion of lines or loans to fully amortizing or balloon payoff may result in a significant payment increase, which can affect some borrowers' ability to repay the outstanding balance.

The lines that enter their amortization period may experience higher delinquencies and higher loss rates than the ones in their draw or term period. In anticipation of our borrowers reaching the end of their contractual commitment, we have created a program to inform, educate and help these borrowers transition from interest-only to fully-amortizing payments or full repayment. We monitor the performance of the borrowers moving through the program in an effort to refine our ongoing program strategy.

Table 21 reflects the outstanding balance of our home equity portfolio segregated into scheduled end of draw or end of term periods and products that are currently amortizing, or in balloon repayment status. It excludes real estate 1-4 family first lien line reverse mortgages, which total $2.4 billion, because they are predominantly insured by the FHA, and it excludes PCI loans, which total $170 million, because their losses were generally reflected in our nonaccretable difference established at the date of acquisition.

(1) Products in their draw period are predominantly interest-only.

(2) Includes scheduled end-of-term balloon payments totaling $354 million, $1.1 billion, $573 million, $375 million, $483 million and $2.0 billion for the remainder of 2013, 2014, 2015, 2016, 2017, 2018 and thereafter, respectively, and $109 million reported as "Amortizing" in the table. At June 30, 2013, $235 million, or 9% of outstanding lines of credit that are amortizing are 30 or more days past due compared to $1.6 billion, or 2% for lines in their draw period. The portfolio also has unfunded credit commitments of $75.5 billion.

(3) Loans within the term period predominantly represent principal and interest products that require a balloon payment upon the end of the loan term. Amortizing junior loans include $85 million of balloon loans that have reached end of term and are now past due.

(4) The annual scheduled end of draw or term ranges from $2.2 billion to $6.6 billion per year for 2018 through 2023, except for $11.4 billion in 2022. The remaining $12.4 billion of loans that convert in 2024 and thereafter have draw periods that generally extend to 15 or 20 years.

Table 22 summarizes delinquency and loss rates for our junior lien mortgages and lines by the holder of the first lien. For additional information regarding current junior liens behind delinquent first lien loans, see the "Risk Management – Credit Risk Management – Real Estate 1-4 Family First and Junior Lien Mortgage Loans" section in this Report.

(1) Excludes real estate 1-4 family first lien line reverse mortgages predominantly insured by the FHA, and PCI loans.
(2) Includes $1.3 billion at June 30, 2013 and December 31, 2012, associated with the Pick-a-Pay portfolio.
(3) Reflects the impact of the OCC guidance issued in third quarter 2012, which requires consumer loans discharged in bankruptcy to be written down to net realizable collateral value, regardless of their delinquency status The junior lien loss rates for third quarter 2012 reflect losses based on estimates of collateral value to implement the OCC guidance, which were then adjusted in the fourth quarter to reflect actual appraisals. Fourth quarter 2012 losses on the junior liens where Wells Fargo owns or services the first lien were elevated primarily due to the OCC guidance.

We monitor the number of borrowers paying the minimum amount due on a monthly basis. In June 2013, approximately 44% of our borrowers with a home equity outstanding balance paid only the minimum amount due; 93% paid the minimum or more.

The home equity liquidating portfolio includes home equity loans generated through third party channels, including correspondent loans. This liquidating portfolio represents less than 1% of our total loans outstanding at June 30, 2013, and contains some of the highest risk in our home equity portfolio, with an annualized loss rate of 5.05% compared with 1.56% for the core (non-liquidating) home equity portfolio for the quarter ended June 30, 2013.

Table 23 shows the credit attributes of the core and liquidating home equity portfolios and lists the top five states by outstanding balance for the core portfolio. Loans to California borrowers represent the largest state concentration in each of these portfolios. The decrease in outstanding balances since December 31, 2012, primarily reflects loan paydowns and charge-offs. As of June 30, 2013, 30% of the outstanding balance of the core home equity portfolio was associated with loans that had a combined loan to value (CLTV) ratio in excess of 100%. CLTV means the ratio of the total loan balance of first mortgages and junior lien mortgages (including unused line amounts for credit line products) to property collateral value. The unsecured portion of the outstanding balances of these loans (the outstanding amount that was in excess of the most recent property collateral value) totaled 13% of the core home equity portfolio at June 30, 2013.

(1) Consists predominantly of real estate 1-4 family junior lien mortgages and first and junior lines of credit secured by real estate, but excludes PCI loans because their losses were generally reflected in PCI accounting adjustments at the date of acquisition, and excludes real estate 1-4 family first lien open-ended line reverse mortgages because they do not have scheduled payments. These reverse mortgage loans are predominantly insured by the FHA.
(2) Reflects the impact of the OCC guidance issued in third quarter 2012, which requires consumer loans discharged in bankruptcy to be written down to net realizable collateral value, regardless of their delinquency status.
(3) Includes $1.3 billion at June 30, 2013 and December 31, 2012, associated with the Pick-a-Pay portfolio.

CREDIT CARDS Our credit card portfolio totaled $24.8 billion at June 30, 2013, which represented 3% of our total outstanding loans. The quarterly net charge-off rate (annualized) for our credit card loans was 3.90% for second quarter 2013, compared with 4.37% for second quarter 2012 and 3.93% and 4.39% for the six months ended June 30, 2013 and 2012, respectively.

AUTOMOBILE Our automobile portfolio, predominantly composed of indirect loans, totaled $48.6 billion at June 30, 2013. The quarterly net charge-off rate (annualized) for our automobile portfolio for second quarter 2013 was 0.35%, compared with 0.25% for second quarter 2012 and 0.50% and 0.46% for the six months ended June 30, 2013 and 2012, respectively.

OTHER REVOLVING CREDIT AND INSTALLMENT Other revolving credit and installment loans totaled $42.1 billion at June 30, 2013, and primarily include student and security-based margin loans. The quarterly net charge-off rate (annualized) for other revolving credit and installment loans was 1.38% for second quarter 2013, compared with 1.35% for second quarter 2012 and 1.38% and 1.34% for the six months ended June 30, 2013 and 2012, respectively. Excluding government guaranteed student loans, the quarterly net charge-off rates (annualized) were 1.84% and 1.93% for second quarter 2013 and 2012, respectively, and 1.83% and 1.94% for the first half of 2013 and 2012, respectively.

NONPERFORMING ASSETS (NONACCRUAL LOANS AND FORECLOSED ASSETS) Table 24 summarizes nonperforming assets (NPAs) for each of the last four quarters. We generally place loans on nonaccrual status when:

- the full and timely collection of interest or principal becomes uncertain (generally based on an assessment of the borrower's financial condition and the adequacy of collateral, if any);
- they are 90 days (120 days with respect to real estate 1-4 family first and junior lien mortgages) past due for interest or principal, unless both well-secured and in the process of collection;
- part of the principal balance has been charged off;
- for junior lien mortgages, we have evidence that the related first lien mortgage may be 120 days past due or in the process of foreclosure regardless of the junior lien delinquency status; or
- performing consumer loans are discharged in bankruptcy, regardless of their delinquency status.

(4) Real estate 1-4 family mortgage loans predominantly insured by the FHA or guaranteed by the VA and student loans predominantly guaranteed by agencies on behalf of the U.S. Department of Education under the Federal Family Education Loan Program are not placed on nonaccrual status because they are insured or guaranteed.
(5) See Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report for further information on impaired loans.
(6) Consistent with regulatory reporting requirements, foreclosed real estate securing government insured/guaranteed loans are classified as nonperforming. Both principal and interest for government insured/guaranteed loans secured by the foreclosed real estate are collectible because the loans are predominantly insured by the FHA or guaranteed by the VA.

(1) Other outflows include the effects of VIE deconsolidations and adjustments for loans carried at fair value.
(2) Quarter ended September 30, 2012, includes $1.4 billion of performing loans moved to nonaccrual status as a result of OCC guidance issued in third quarter 2012, which requires consumer loans discharged in bankruptcy to be placed on nonaccrual status and written down to net realizable collateral value, regardless of their delinquency status.

Typically, changes to nonaccrual loans period-over-period represent inflows for loans that are placed on nonaccrual status in accordance with our policy, offset by reductions for loans that are paid down, charged off, sold, transferred to foreclosed properties, or are no longer classified as nonaccrual as a result of continued performance and an improvement in the borrower's financial condition and loan repayment capabilities. Also, reductions can come from borrower repayments even if the loan remains on nonaccrual.

While nonaccrual loans are not free of loss content, we believe exposure to loss is significantly mitigated by the following factors at June 30, 2013:

- 97% of total commercial nonaccrual loans and 99% of total consumer nonaccrual loans are secured. Of the consumer nonaccrual loans, 98% are secured by real estate and 51% have a combined LTV (CLTV) ratio of 80% or below.
- losses of $1.2 billion and $4.2 billion have already been recognized on 37% of commercial nonaccrual loans and 51% of consumer nonaccrual loans, respectively. Generally, when a consumer real estate loan is 120 days past due (except when required earlier by the Interagency or OCC guidance), we transfer it to nonaccrual status. When the loan reaches 180 days past due, or is discharged in bankruptcy, it is our policy to write these loans down to net realizable value (fair value of collateral less estimated costs to sell), except for modifications in their trial period that are not written down as long as trial payments are made on time. Thereafter, we reevaluate each loan regularly and record additional write-downs if needed.
- 65% of commercial nonaccrual loans were current on interest.
- the risk of loss of all nonaccrual loans has been considered and we believe is adequately covered by the allowance for loan losses.
- $2.4 billion of consumer loans discharged in bankruptcy and classified as nonaccrual were less than 60 days past due, of which $2.2 billion were current.

Under both our proprietary modification programs and the MHA programs, customers may be required to provide updated documentation, and some programs require completion of payment during trial periods to demonstrate sustained performance before the loan can be removed from nonaccrual status. In addition, for loans in foreclosure, some states, including California and New Jersey, have enacted legislation or the courts have changed the foreclosure process in a manner that significantly increases the time to complete the foreclosure process; therefore loans remain in nonaccrual status for longer periods. In certain other states, including New York and Florida, the foreclosure timeline has significantly increased due to backlogs in an already complex process.

Table 26 provides a summary of foreclosed assets and an analysis of changes in foreclosed assets.

(1) Consistent with regulatory reporting requirements, foreclosed real estate securing government insured/guaranteed loans are classified as nonperforming. Both principal and interest for government insured/guaranteed loans secured by the foreclosed real estate are collectible because the loans are predominantly insured by the FHA or guaranteed by the VA.

(2) Foreclosed government insured/guaranteed loans are temporarily transferred to and held by us as servicer, until reimbursement is received from FHA or VA. The net change in government insured/guaranteed foreclosed assets is made up of inflows from mortgages held for investment and MHFS, and outflows when we are reimbursed by FHA/VA. Transfers from government insured/guaranteed loans to foreclosed assets amounted to $1.4 billion, $803 million, $1.6 billion, $1.7 billion and $1.7 billion for the quarters ended June 30 and March 2013, and December 31, September 30, and June 30, 2012, respectively.

(3) Predominantly include loans moved into foreclosure from nonaccrual status, PCI loans transitioned directly to foreclosed assets and repossessed automobiles.

Foreclosed assets at June 30, 2013, included $1.0 billion of foreclosed real estate that is predominantly FHA insured or VA guaranteed and expected to have minimal or no loss content. The remaining balance of $2.1 billion of foreclosed assets has been written down to estimated net realizable value. Foreclosed assets were down $883 million, or 22%, at June 30, 2013, compared with December 31, 2012. At June 30, 2013, 59% of foreclosed assets of $3.1 billion have been in the foreclosed assets portfolio one year or less.

Given our real estate-secured loan concentrations and current economic conditions, we anticipate continuing to hold an elevated level of foreclosed assets on our balance sheet.

(1) Includes loans discharged in bankruptcy of $6.2 billion, $6.2 billion, $5.2 billion and $4.3 billion at June 30 and March 31, 2013 and December 31 and September 30, 2012, respectively. The OCC guidance issued in third quarter 2012 requires consumer loans discharged in bankruptcy to be classified as TDRs, as well as written down to net realizable collateral value.

Table 27 provides information regarding the recorded investment of loans modified in TDRs. The allowance for loan losses for TDRs was $5.2 billion and $5.0 billion at June 30, 2013 and December 31, 2012, respectively. See Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report for additional information regarding TDRs. In those situations where principal is forgiven, the entire amount of such forgiveness is immediately charged off to the extent not done so prior to the modification. We sometimes delay the timing on the repayment of a portion of principal (principal forbearance) and charge off the amount of forbearance if that amount is not considered fully collectible.

Our nonaccrual policies are generally the same for all loan types when a restructuring is involved. We re-underwrite loans at the time of restructuring to determine whether there is sufficient evidence of sustained repayment capacity based on the borrower's documented income, debt to income ratios, and other factors. Loans lacking sufficient evidence of sustained repayment capacity at the time of modification are charged down to the fair value of the collateral, if applicable. For an accruing loan that has been modified, if the borrower has demonstrated performance under the previous terms and the underwriting process shows the capacity to continue to perform under the restructured terms, the loan will generally remain in accruing status. Otherwise, the loan will be placed in nonaccrual status until the borrower demonstrates a sustained period of performance, generally six consecutive months of payments, or equivalent, inclusive of consecutive payments made prior to modification. Loans will also be placed on nonaccrual, and a corresponding charge-off is recorded to the loan balance, when we believe that principal and interest contractually due under the modified agreement will not be collectible.

Table 28 provides an analysis of the changes in TDRs. Loans that may be modified more than once are reported as TDRs inflows only in the period they are first modified. We may remove loans from TDR classification, but only if they have been refinanced or restructured at market terms and qualify as a new loan.

(1) Payments, sales and other outflows reflect pay downs, sales, normal amortization/accretion of loan basis adjustments and loans transferred to held-for-sale. It also included $40 million and $15 million of loans refinanced or restructured as new loans and removed from TDR classification for the quarters ended June 30 and March 31, 2013, respectively. No loans were removed from TDR classification for the quarters ended December 31, September 30 and June 30, 2012, as a result of being refinanced or restructured as new loans.

(2) Includes loans discharged in bankruptcy of $586 million, $1.3 billion, $316 million and $4.3 billion for the quarters ended June 30 and March 31, 2013, and December 31 and September 30, 2012, respectively. The OCC guidance issued in third quarter 2012 requires consumer loans discharged in bankruptcy to be classified as TDRs, as well as written down to net realizable collateral value.

(3) Fourth quarter 2012 charge-offs and foreclosures outflows reflect the resolution of certain loans discharged in bankruptcy that were initially reported as TDRs in accordance with the OCC guidance starting in third quarter 2012.

(4) Net change in trial modifications includes: inflows of new TDRs entering the trial payment period, net of outflows for modifications that either (i) successfully perform and enter into a permanent modification, or (ii) did not successfully perform according to the terms of the trial period plan and are subsequently charged-off, foreclosed upon or otherwise resolved. Our recent experience is that most of the mortgages that enter a trial payment period program are successful in completing the program requirements.

LOANS 90 DAYS OR MORE PAST DUE AND STILL ACCRUING

Loans 90 days or more past due as to interest or principal are still accruing if they are (1) well-secured and in the process of collection or (2) real estate 1-4 family mortgage loans or consumer loans exempt under regulatory rules from being classified as nonaccrual until later delinquency, usually 120 days past due. PCI loans are not included in past due and still accruing loans even though they are 90 days or more contractually past due. These PCI loans are considered to be accruing because they continue to earn interest from accretable yield, independent of performance in accordance with their contractual terms.

Excluding insured/guaranteed loans, loans 90 days or more past due and still accruing at June 30, 2013, were down $281 million, or 20%, from December 31, 2012, due to loss mitigation activities including modifications, seasonality, decline in non-strategic and liquidating portfolios, and credit stabilization.

Loans 90 days or more past due and still accruing whose repayments are predominantly insured by the Federal Housing Administration (FHA) or guaranteed by the Department of Veterans Affairs (VA) for mortgages and the U.S. Department of Education for student loans under the Federal Family Education Loan Program (FFELP) were $21.0 billion at June 30, 2013, down from $21.8 billion at December 31, 2012.

Table 29 reflects non-PCI loans 90 days or more past due and still accruing by class for loans not government insured/guaranteed. For additional information on delinquencies by loan class, see Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report.

(1) Quarterly net charge-offs (recoveries) as a percentage of average respective loans are annualized.
(2) The quarters ended December 31, 2012 and September 30, 2012 include $321 million and $567 million respectively, resulting from the implementation of OCC guidance issued in third quarter 2012, which requires consumer loans discharged in bankruptcy to be placed on nonaccrual status and written down to net realizable collateral value, regardless of their delinquency status.

Table 30 presents net charge-offs for second quarter 2013 and the previous four quarters. Net charge-offs in second quarter 2013 were $1.2 billion (0.58% of average total loans outstanding) compared with $2.2 billion (1.15%) in second quarter 2012.

Due to higher dollar amounts associated with individual commercial and industrial and CRE loans, loss recognition tends to be irregular and varies more, compared with consumer loan portfolios.

ALLOWANCE FOR CREDIT LOSSES The allowance for credit losses, which consists of the allowance for loan losses and the allowance for unfunded credit commitments, is management's estimate of credit losses inherent in the loan portfolio and unfunded credit commitments at the balance sheet date, excluding loans carried at fair value. The detail of the changes in the allowance for credit losses by portfolio segment (including charge-offs and recoveries by loan class) is in Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report.

We employ a disciplined process and methodology to establish our allowance for credit losses each quarter. This process takes into consideration many factors, including historical and forecasted loss trends, loan-level credit quality ratings and loan grade-specific loss factors. The process involves subjective and complex judgments. In addition, we review a variety of credit metrics and trends. These credit metrics and trends, however, do not solely determine the amount of the allowance as we use several analytical tools. For additional information on our allowance for credit losses, see the "Critical Accounting Policies – Allowance for Credit Losses" section in our 2012 Form 10-K and Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report.

Table 31 presents the allocation of the allowance for credit losses by loan segment and class for the current quarter and last four years.

Allowance for credit losses as a percentage of total nonaccrual loans	93	85	92	89	103

(1) Total net charge-offs are annualized for quarter ended June 30, 2013.

In addition to the allowance for credit losses, there was $5.4 billion at June 30, 2013, and $7.0 billion at December 31, 2012, of nonaccretable difference to absorb losses for PCI loans. The allowance for credit losses is lower than otherwise would have been required without PCI loan accounting. As a result of PCI loans, certain ratios of the Company may not be directly comparable with credit-related metrics for other financial institutions. For additional information on PCI loans, see the "Risk Management – Credit Risk Management – Purchased Credit-Impaired Loans" section and Note 5 (Loans and Allowance for Credit Losses) to Financial Statements in this Report.

The ratio of the allowance for credit losses to total nonaccrual loans may fluctuate significantly from period to period due to such factors as the mix of loan types in the portfolio, borrower credit strength and the value and marketability of collateral. Over half of nonaccrual loans were home mortgages at June 30, 2013.

The decline in the allowance for loan losses in second quarter 2013 reflected continued improvement in consumer loss severity, delinquency trends and improved portfolio performance, particularly in residential real estate. The reduction included a $500 million allowance release due to strong underlying credit. Total provision for credit losses was $0.7 billion in second quarter 2013, compared with $1.8 billion a year ago.

We believe the allowance for credit losses of $16.6 billion at June 30, 2013, was appropriate to cover credit losses inherent in the loan portfolio, including unfunded credit commitments, at that date. The allowance for credit losses is subject to change and reflects existing factors as of the date of determination, including economic or market conditions and ongoing internal and external examination processes. Due to the sensitivity of the allowance for credit losses to changes in the economic and business environment, it is possible that we will incur incremental credit losses not anticipated as of the balance sheet date. Absent significant deterioration in the economy, we continue to expect future allowance releases. Our process for determining the allowance for credit losses is discussed in the "Critical Accounting Policies – Allowance for Credit Losses" section and Note 1 (Summary of Significant Accounting Policies) to Financial Statements in our 2012 Form 10-K.

LIABILITY FOR MORTGAGE LOAN REPURCHASE LOSSES We sell residential mortgage loans to various parties, including (1) government-sponsored entities Freddie Mac and Fannie Mae (GSEs) who include the mortgage loans in GSE-guaranteed mortgage securitizations, (2) SPEs that issue private label MBS, and (3) other financial institutions that purchase mortgage loans for investment or private label securitization. In addition, we pool FHA-insured and VA-guaranteed mortgage loans that back securities guaranteed by the Government National Mortgage Association (GNMA). We may be required to repurchase these mortgage loans, indemnify the securitization trust, investor or insurer, or reimburse the securitization trust, investor or insurer for credit losses incurred on loans (collectively, repurchase) in the event of a breach of contractual representations or warranties that is not remedied within a period (usually 90 days or less) after we receive notice of the breach.

We have established a mortgage repurchase liability related to various representations and warranties that reflect management's estimate of probable losses for loans for which we have a repurchase obligation, whether or not we currently service those loans, based on a combination of factors. Our mortgage repurchase liability estimation process also incorporates a forecast of repurchase demands associated with mortgage insurance rescission activity. Our mortgage repurchase liability considers all vintages; however, repurchase demands have predominantly related to 2006 through 2008 vintages and to GSE-guaranteed MBS.

During the first half of 2013, we experienced some leveling off in repurchase activity as measured by outstanding repurchase demands. We repurchased or reimbursed investors for incurred losses on mortgage loans with original balances of $457 million in second quarter 2013, compared with $847 million a year ago. We incurred net losses on repurchased loans and investor reimbursements totalling $160 million in second quarter 2013, compared with $349 million a year ago.

Table 32 provides the number of unresolved repurchase demands and mortgage insurance rescissions. We do not typically receive repurchase requests from GNMA, FHA and the Department of Housing and Urban Development (HUD) or VA. As an originator of an FHA-insured or VA-guaranteed loan, we are responsible for obtaining the insurance with FHA or the guarantee with the VA. To the extent we are not able to obtain the insurance or the guarantee we must request permission to repurchase the loan from the GNMA pool. Such repurchases from GNMA pools typically represent a self-initiated process upon discovery of the uninsurable loan (usually within 180 days from funding of the loan). Alternatively, in lieu of repurchasing loans from GNMA pools, we may be asked by FHA/HUD or the VA to indemnify them (as applicable) for defects found in the Post Endorsement Technical Review process or audits performed by FHA/HUD or the VA. The Post Endorsement Technical Review is a process whereby HUD performs underwriting audits of closed/insured FHA loans for potential deficiencies. Our liability for mortgage loan repurchase losses incorporates probable losses associated with such indemnification.

(1) Includes unresolved repurchase demands of 942 and $190 million, 674 and $147 million, 661 and $132 million, 534 and $111 million, 526 and $103 million and 694 and $131 million at June 30 and March 31, 2013, and December 31, September 30, June 30 and March 31, 2012, respectively, received from investors on mortgage servicing rights acquired from other originators. We generally have the right of recourse against the seller and may be able to recover losses related to such repurchase demands subject to counterparty risk associated with the seller. The number of repurchase demands from GSEs that are from mortgage loans originated in 2006 through 2008 totaled 89% at June 30, 2013.

(2) As part of our representations and warranties in our loan sales contracts, we typically represent to GSEs and private investors that certain loans have mortgage insurance to the extent there are loans that have loan to value ratios in excess of 80% that require mortgage insurance. To the extent the mortgage insurance is rescinded by the mortgage insurer due to a claim of breach of a contractual representation or warranty, the lack of insurance may result in a repurchase demand from an investor. Similar to repurchase demands, we evaluate mortgage insurance rescission notices for validity and appeal for reinstatement if the rescission was not based on a contractual breach. When investor demands are received due to lack of mortgage insurance, they are reported as unresolved repurchase demands based on the applicable investor category for the loan (GSE or private). Over the last year, approximately 15% of our repurchase demands from GSEs had mortgage insurance rescission as one of the reasons for the repurchase demand. Of all the mortgage insurance rescission notices received in 2012, approximately 75% have resulted in repurchase demands through June 2013. Not all mortgage insurance rescissions received in 2012 have been completed through the appeals process with the mortgage insurer and, upon successful appeal, we work with the investor to rescind the repurchase demand.

(3) While the original loan balances related to these demands are presented above, the establishment of the repurchase liability is based on a combination of factors, such as our appeals success rates, reimbursement by correspondent and other third party originators, and projected loss severity, which is driven by the difference between the current loan balance and the estimated collateral value less costs to sell the property.

The overall level of unresolved repurchase demands and mortgage insurance rescissions outstanding at June 30, 2013, was up from a year ago in both number of outstanding loans and in total dollar balances as we continued to work through the new demands and mortgage insurance rescissions. Customary with industry practice, we have the right of recourse against correspondent lenders from whom we have purchased loans with respect to representations and warranties. Of total repurchase demands and mortgage insurance recissions outstanding as of June 30, 2013, presented in Table 32, approximately 25% relate to loans purchased from correspondent lenders. Due primarily to the financial difficulties of some correspondent lenders, we are currently recovering on average approximately 45% of losses from these lenders. Historical recovery rates as well as projected lender performance are incorporated in the establishment of our mortgage repurchase liability.

We believe we have a high quality residential mortgage loan servicing portfolio. Of the $1.9 trillion in the residential mortgage loan servicing portfolio at June 30, 2013, 93% was current, less than 2% was subprime at origination, and less than 1% was related to home equity loan securitizations. Our combined delinquency and foreclosure rate on this portfolio was 6.65% at June 30, 2013, compared with 7.04% at December 31, 2012. Four percent of this portfolio is private label securitizations for which we originated the loans and therefore have some repurchase risk. We have observed a decrease in outstanding demands, compared with December 31, 2012, associated with our private label securitizations. Investors continue to review defaulted loans for potential breaches of our loan sale representations and warranties, and we continue to believe the risk of repurchase in our private label securitizations is substantially reduced, relative to third-party issued private label securitizations, because approximately one-half of this portfolio of private label securitizations does not contain representations and warranties regarding borrower or other third party misrepresentations related to the mortgage loan, general compliance with underwriting guidelines, or property valuation, which are commonly asserted bases for repurchase. For the 4% private label securitization segment of our residential mortgage loan servicing portfolio (weighted average age of 92 months), 57% are loans from 2005 vintages or earlier; 77% were prime at origination; and approximately 62% are jumbo loans. The weighted-average LTV as of June 30, 2013 for this private securitization segment was 69%. We believe the highest risk segment of these private label securitizations is the subprime loans originated in 2006 and 2007. These subprime loans have seller representations and warranties and currently have LTVs close to or exceeding 100%, and represent 10% of the private label securitization portion of the residential mortgage servicing portfolio. We had $12 million of repurchases related to private label securitizations in the quarter ended June 30, 2013.

Of the servicing portfolio, 3% is non-agency acquired servicing and 1% is private whole loan sales. We did not underwrite and securitize the non-agency acquired servicing and therefore we have no obligation on that portion of our servicing portfolio to the investor for any repurchase demands arising from origination practices. For the private whole loan segment, while we do have repurchase risk on these loans, less than 2% were subprime at origination and loans that were sold and subsequently securitized are included in the private label securitization segment discussed above.

(1) Results from changes in investor demand and mortgage insurer practices, credit deterioration and changes in the financial stability of correspondent lenders.

Our liability for mortgage repurchases, included in "Accrued expenses and other liabilities" in our consolidated balance sheet, was $2.2 billion at June 30, 2013 and December 31, 2012. In the quarter ended June 30, 2013, we provided $65 million, which reduced net gains on mortgage loan origination/sales activities, compared with a provision of $669 million a year ago. Our provision in second quarter 2013 reflected an increase for indemnifications and specific private investor demands (comprising approximately 55% of the second quarter 2013 provision) and new loan sales (approximately 45%).

The mortgage repurchase liability of $2.2 billion at June 30, 2013, represents our best estimate of the probable loss that we expect to incur for various representations and warranties in the contractual provisions of our sales of mortgage loans. The mortgage repurchase liability estimation process requires management to make difficult, subjective and complex judgments about matters that are inherently uncertain, including demand expectations, economic factors, and the specific characteristics of the loans subject to repurchase. Our evaluation considers all vintages and the collective actions of the GSEs and their regulator, the Federal Housing Finance Agency (FHFA), mortgage insurers and our correspondent lenders. We maintain regular contact with the GSEs, the FHFA, and other significant investors to monitor their repurchase demand practices and issues as part of our process to update our repurchase liability estimate as new information becomes available.

Because of the uncertainty in the various estimates underlying the mortgage repurchase liability, there is a range of losses in excess of the recorded mortgage repurchase liability that are reasonably possible. The estimate of the range of possible loss for representations and warranties does not represent a probable loss, and is based on currently available information, significant judgment, and a number of assumptions that are subject to change. The high end of this range of reasonably possible losses in excess of our recorded liability was $2.2 billion at June 30, 2013, and was determined based upon modifying the assumptions (particularly to assume significant changes in investor repurchase demand practices) utilized in our best estimate of probable loss to reflect what we believe to be the high end of reasonably possible adverse assumptions. For additional information on our repurchase liability, see the "Critical Accounting Policies – Liability for Mortgage Loan Repurchase Losses" section in our 2012 Form 10-K and Note 8 (Mortgage Banking Activities) to Financial Statements in this Report.

To the extent that economic conditions and the housing market do not recover or future investor repurchase demands and appeals success rates differ from past experience, we could continue to have increased demands and increased loss severity on repurchases, causing future additions to the repurchase liability. However, some of the underwriting standards that were permitted by the GSEs for conforming loans in the 2006 through 2008 vintages, which significantly contributed to recent levels of repurchase demands, were tightened starting in mid to late 2008. Accordingly, we do not expect a similar rate of repurchase requests from the 2009 and prospective vintages, absent deterioration in economic conditions or changes in investor behavior.

RISKS RELATING TO SERVICING ACTIVITIES In addition to servicing loans in our portfolio, we act as servicer and/or master servicer of residential mortgage loans included in GSE-guaranteed mortgage securitizations, GNMA-guaranteed mortgage securitizations of FHA-insured/VA-guaranteed mortgages and private label mortgage securitizations, as well as for unsecuritized loans owned by institutional investors. For additional information regarding risks related to our servicing activities, see pages 77-79 in our 2012 Form 10-K.

In April 2011, the FRB and the Office of the Comptroller of the Currency (OCC) issued Consent Orders that require us to correct deficiencies in our residential mortgage loan servicing and foreclosure practices that were identified by federal banking regulators in their fourth quarter 2010 review. The Consent Orders also require that we improve our servicing and foreclosure practices. We believe that we have implemented all of the operational changes that resulted from the expanded servicing responsibilities outlined in the Consent Orders.

On February 9, 2012, a federal/state settlement was announced among the DOJ, HUD, the Department of the Treasury, the Department of Veterans Affairs, the Federal Trade Commission (FTC), the Executive Office of the U.S. Trustee, the Consumer Financial Protection Bureau, a task force of Attorneys General representing 49 states, Wells Fargo, and four other servicers related to investigations of mortgage industry servicing and foreclosure practices. While Oklahoma did not participate in the larger settlement, it settled separately with the five servicers under a simplified agreement. Under the terms of the larger settlement, which will remain in effect for three and a half years (subject to a trailing review period) we have agreed to the following programmatic commitments, consisting of three components totaling approximately $5.3 billion:

- Consumer Relief Program commitment of $3.4 billion
- Refinance Program commitment of $900 million
- Foreclosure Assistance Program of $1 billion

Additionally and simultaneously, the OCC and FRB announced the imposition of civil money penalties of $83 million and $87 million, respectively, pursuant to the Consent Orders. While still subject to FRB confirmation, Wells Fargo believes the civil money obligations were satisfied through payments made under the Foreclosure Assistance Program to the federal government and participating states for their use to address the impact of foreclosure challenges as they determine and which may include direct payments to consumers.

As of June 30, 2013, we believe we have successfully executed activities required under both the Consumer Relief (and state-level sub-commitments) and the Refinance Programs in accordance with the terms of our commitments. In our May 14, 2013, submission to the Monitor of the National Mortgage Settlement, we reported $2.5 billion of earned credits toward our Consumer Relief commitment and $1.7 billion of earned credits toward our Refinance Program commitment. We expect our August 14, 2013 submission to the Monitor will include sufficient credits to satisfy the requirements of both

programs. Our earned credits are subject to review and approval by the Monitor.

Under the Refinance Program, we refinanced approximately 31,000 borrowers with an unpaid principal balance of approximately $6.7 billion. Based on the mix of loans we have refinanced, the weighted average note rate was reduced by approximately 260 basis points and the weighted average estimated remaining life is approximately 10 years. The impact of fulfilling our commitment under the Refinance Program will be recognized over a period of years in the form of lower interest income as qualified borrowers benefit from reduced interest rates on loans refinanced under the Refinance Program. We expect the future reduction in interest income to be approximately $1.8 billion, or $180 million annually. As a result of refinancings under the Refinance Program, we will be forgoing interest that we may not otherwise have agreed to forgo. No loss was recognized in our consolidated financial statements for this estimated forgone interest income at the time of the settlement as the impact will be recognized over a period of years in the form of lower interest income as qualified borrowers benefit from reduced interest rates on loans refinanced under the Refinance Program. The impact of this forgone interest income on our future net interest margin is anticipated to be modestly adverse and will be influenced by the overall mortgage interest rate environment. The Refinance Program also affects our fair value for these loans. The estimated reduction of the fair value of our loans for the Refinance Program is approximately $1.1 billion.

Although the Refinance Program related to borrowers in good standing as to their payment history who were not experiencing financial difficulty, we evaluated each borrower to confirm their ability to repay their mortgage obligation. This evaluation included reviewing key credit and underwriting policy metrics to validate that these borrowers were not experiencing financial difficulty and therefore, actions taken under the Refinance Program were not generally considered a TDR. To the extent we determined that an eligible borrower was experiencing financial difficulty, we generally considered alternative modification programs that were intended for loans that may be classified and accounted for as a TDR.

On February 28, 2013, we entered into amendments to the April 2011 Interagency Consent Order with both the OCC and the FRB, which effectively ceased the Independent Foreclosure Review (IFR) program created by such Interagency Consent Order and replaced it with an accelerated remediation process to be administered by the OCC and the FRB.

In aggregate, the servicers have agreed to make cash payments into a qualified settlement fund to be administered by the OCC and the FRB and to provide additional assistance, such as loan modifications, to consumers. Our portion of the cash settlement is $766 million, which is based on the proportionate share of Wells Fargo-serviced loans in the overall IFR population. We accrued the cash portion of the settlement in 2012, along with our estimate of other remediation-related costs, and we paid this settlement in the first quarter of 2013. We also committed to foreclosure prevention actions which include first and second lien modifications and short sales/deeds-in-lieu of foreclosure on $1.2 billion of loans. We anticipate meeting this commitment primarily through first lien modification and short sale activities. We are required to meet this commitment by January 7, 2015, and we anticipate that we will be able to meet our commitment within the required timeline. This commitment did not result in any charge as we believe that this commitment is covered through the existing allowance for credit losses and the nonaccretable difference relating to the purchased credit-impaired loan portfolios. With this settlement, beginning in second quarter 2013, we no longer incur significant costs associated with the independent foreclosure reviews, which approximated $125 million per quarter during 2012 for external consultants and additional staffing.

Asset/Liability Management

Asset/liability management involves evaluating, monitoring and managing of interest rate risk, market risk, liquidity and funding. Primary Board oversight of these risks resides with its Finance Committee, which oversees the administration and effectiveness of financial risk management policies and processes used to assess and manage these risks. At the management level we utilize a Corporate Asset/Liability Management Committee (Corporate ALCO), which consists of senior financial and business executives, to oversee these risks and report on them periodically to the Board's Finance Committee. Each of our principal lines of business has its own asset/liability management committee and process linked to the Corporate ALCO process. As discussed in more detail for trading activities below, we employ separate management level oversight specific to the market risks related to our trading activities. Market risk, in its broadest sense, refers to the possibility that losses will result from the impact of adverse changes in market rates and prices on our trading and non-trading portfolios and financial instruments. Interest rates are a key driver of market values and a primary driver of potentially significant impact on our earnings.

INTEREST RATE RISK Interest rate risk, which potentially can have a significant earnings impact, is an integral part of being a financial intermediary. We are subject to interest rate risk because:

- assets and liabilities may mature or reprice at different times (for example, if assets reprice faster than liabilities and interest rates are generally falling, earnings will initially decline);
- assets and liabilities may reprice at the same time but by different amounts (for example, when the general level of interest rates is falling, we may reduce rates paid on checking and savings deposit accounts by an amount that is less than the general decline in market interest rates);
- short-term and long-term market interest rates may change by different amounts (for example, the shape of the yield curve may affect new loan yields and funding costs differently);
- the remaining maturity of various assets or liabilities may shorten or lengthen as interest rates change (for example, if long-term mortgage interest rates decline sharply, MBS held in the securities available-for-sale portfolio may prepay significantly earlier than anticipated, which could reduce portfolio income); or
- interest rates may also have a direct or indirect effect on loan demand, collateral values, credit losses, mortgage origination volume, the fair value of MSRs and other financial instruments, the value of the pension liability and other items affecting earnings.

We assess interest rate risk by comparing outcomes under various earnings simulations using many interest rate scenarios that differ in the direction of interest rate changes, the degree of change over time, the speed of change and the projected shape of the yield curve. These simulations require assumptions regarding how changes in interest rates and related market conditions could influence drivers of earnings and balance sheet composition such as loan origination demand, prepayment speeds, deposit balances and mix, as well as pricing strategies.

Our risk measures include both net interest income sensitivity and interest rate sensitive noninterest income and expense impacts. We refer to the combination of these exposures as interest rate sensitive earnings. In general, the Company is positioned to benefit from higher interest rates. Currently, our profile is such that net interest income will benefit from higher interest rates as our assets reprice faster and to a greater degree than our liabilities, and, in response to lower market rates, our assets will reprice downward and to a greater degree than our liabilities. Our interest rate sensitive noninterest income and expense is largely driven by mortgage activity, and tends to move in the opposite direction of our net interest income. So, in response to higher interest rates, mortgage activity, primarily refinancing activity, generally declines. And in response to lower rates, mortgage activity generally increases. Mortgage results are also impacted by the valuation of MSRs and related hedge positions. See the "Risk Management – Mortgage Banking Interest Rate and Market Risk" section in this Report for more information.

The degree to which these sensitivities offset each other is dependent upon the timing and magnitude of changes in interest rates, and the slope of the yield curve. During a transition to a higher or lower interest rate environment, a reduction or increase in interest sensitive earnings from the mortgage banking business could occur quickly, while the benefit or detriment from balance sheet repricing could take more time to develop. For example, our lower rate scenarios (scenario 1 and scenario 2) in the following table primarily measure a decline in long-term interest rates versus our most likely scenario. Although the performance in both lower rate scenarios contains initial benefit from increased mortgage banking activity, each results in lower earnings relative to the most likely scenario over time given pressure on net interest income. The higher rate scenarios (scenario 3 and scenario 4) measure the impact of varying degrees of rising short-term and long-term interest rates over the course of the forecast horizon relative to the most likely scenario, both resulting in positive earnings sensitivity.

As of June 30, 2013, our most recent simulations estimate earnings at risk over the next 24 months under a range of both lower and higher interest rates. The results of the simulations are summarized in Table 34, indicating cumulative net income after tax earnings sensitivity relative to the most likely earnings plan over the 24 month horizon (a positive range indicates a beneficial earnings sensitivity measurement relative to the most likely earnings plan).

We use the available-for-sale securities portfolio and exchange-traded and over-the-counter (OTC) interest rate derivatives to hedge our interest rate exposures. See the "Balance Sheet Analysis – Securities Available for Sale" section of this Report for more information on the use of the available-for-sale securities portfolio. The notional or contractual amount, credit risk amount and fair value of the derivatives used to hedge our interest rate risk exposures as of June 30, 2013, and December 31, 2012, are presented in Note 12 (Derivatives) to Financial Statements in this Report. We use derivatives for asset/liability management in three main ways:

- to convert a major portion of our long-term fixed-rate debt, which we issue to finance the Company, from fixed-rate payments to floating-rate payments by entering into receive-fixed swaps;
- to convert the cash flows from selected asset and/or liability instruments/portfolios from fixed-rate payments to floating-rate payments or vice versa; and
- to economically hedge our mortgage origination pipeline, funded mortgage loans and MSRs using interest rate swaps, swaptions, futures, forwards and options.

MORTGAGE BANKING INTEREST RATE AND MARKET RISK We originate, fund and service mortgage loans, which subjects us to various risks, including credit, liquidity and interest rate risks. For a discussion of mortgage banking interest rate and market risk, see pages 81-83 of our 2012 Form 10-K.

While our hedging activities are designed to balance our mortgage banking interest rate risks, the financial instruments we use may not perfectly correlate with the values and income being hedged. For example, the change in the value of ARM production held for sale from changes in mortgage interest rates may or may not be fully offset by Treasury and LIBOR index-based financial instruments used as economic hedges for such ARMs. Additionally, hedge-carry income on our economic hedges for the MSRs may not continue if the spread between short-term and long-term rates decreases, we shift composition of the hedge to more interest rate swaps, or there are other changes in the market for mortgage forwards that affect the implied carry.

The total carrying value of our residential and commercial MSRs was $15.4 billion at June 30, 2013, and $12.7 billion at December 31, 2012. The weighted-average note rate on our portfolio of loans serviced for others was 4.59% at June 30, 2013, and 4.77% at December 31, 2012. The carrying value of our total MSRs represented 0.81% of mortgage loans serviced for others at June 30, 2013, and 0.67% at December 31, 2012.

MARKET RISK – TRADING ACTIVITIES We engage in trading activities primarily to accommodate the investment and risk management activities of our customers, execute economic hedging to manage certain balance sheet risks and for a very limited amount of proprietary trading for our own account. These activities primarily occur within our trading businesses and include entering into transactions with our customers that are recorded as trading assets and liabilities on our balance sheet. All of our trading assets and liabilities, including securities, foreign exchange transactions, commodity transactions and derivatives are carried at fair value. Income earned related to these trading activities include net interest income and changes in fair value related to trading assets and liabilities. Net interest income earned on trading assets and liabilities is reflected in the interest income and interest expense components of our income statement. Changes in fair value of trading assets and liabilities are reflected in net gains (losses) on trading activities, a component of noninterest income in our income statement.

Table 35 presents total revenue from trading activities.

(1) Represents interest and dividend income earned on trading securities.
(2) Represents interest and dividend expense incurred on trading securities we have sold but have not yet purchased.
(3) Represents realized gains (losses) from our trading activity and unrealized gains (losses) due to changes in fair value of our trading positions, attributable to the type of business activity.
(4) Excludes economic hedging of mortgage banking activities and asset/liability management.

For further information regarding the fair value of our trading assets and liabilities, refer to Note 12 (Derivatives) and Note 13 (Fair Values of Assets and Liabilities) to Financial Statements in this Report.

Customer accommodation Customer accommodation activities are conducted to help customers manage their investment needs and risk management and hedging activities. We engage in market-making activities or act as an intermediary to purchase or sell financial instruments in anticipation or in response to customer needs. This category also includes positions we use to manage our exposure to such transactions.

For the majority of our customer accommodation trading, we serve as intermediary between buyer and seller. For example, we may purchase or sell a derivative to a customer who wants to

manage interest rate risk exposure. We typically enter into offsetting derivative(s) or security positions with a separate counterparty or exchange to manage our exposure to the derivative with our customer. We earn income on this activity based on the transaction price difference between the customer and offsetting derivative or security positions, which is reflected in the fair value changes of the positions recorded in net gains (losses) on trading activities.

Customer accommodation trading also includes net gains related to market-making activities in which we take positions to facilitate customer order flow. For example, we may own securities recorded as trading assets (long positions) or sold securities we have not yet purchased, recorded as trading liabilities (short positions), typically on a short-term basis, to facilitate anticipated buying and selling demand from our customers. As market-maker in these securities, we earn income due (1) to the difference between the price paid or received for the purchase and sale of the security (bid-ask spread) and (2) the net interest income and change in fair value of the long or short positions during the short-term period held on our balance sheet. Additionally, we may enter into separate derivative or security positions to manage our exposure related to our long or short security positions. Collectively, income earned on this type of market-making activity is reflected in the fair value changes of these positions recorded in net gain (losses) on trading activities.

Economic hedges and other Economic hedges in trading are not designated in a hedge accounting relationship and exclude economic hedging related to our asset/liability risk management and substantially all mortgage banking risk management activities. Economic hedging activities include the use of trading securities to economically hedge risk exposures related to non-trading activities or derivatives to hedge risk exposures related to trading assets or trading liabilities. Economic hedges are unrelated to our customer accommodation activities. Other activities include financial assets held for investment purposes that we elected to carry at fair value with changes in fair value recorded to earnings in order to mitigate accounting measurement mismatches or avoid embedded derivative accounting complexities.

Proprietary trading Proprietary trading consists of security or derivative positions executed for our own account based upon market expectations or to benefit from price differences between financial instruments and markets. Proprietary trading activity is expected to be restricted by the Dodd-Frank Act provisions known as the "Volcker Rule," which has not yet been finalized. On October 11, 2011, federal banking agencies and the SEC issued proposed regulations to implement the Volcker Rule. We believe our definition of proprietary trading is consistent with the proposed regulations. However, given that final rule-making is required by various governmental regulatory agencies to define proprietary trading within the context of the final Volcker Rule, our definition of proprietary trading may change. We have reduced or exited certain business activities in anticipation of the final Volcker Rule. As discussed within this section and the noninterest income section of our financial results, proprietary trading activity is not significant to our business or financial results.

Table 36 and Table 37 provide information on daily trading-related revenues for the Company's trading portfolio. This trading-related revenue is defined as the change in value of the trading assets and trading liabilities, trading-related net interest income and trading-related intra-day gains and losses. Net trading-related revenue does not include activity related to long-term positions held for economic hedging purposes, period-end adjustments and other activity not representative of daily price changes driven by market factors.

Market Risk Governance The Board of Directors reviews and approves the acceptable level of market risk for the Company and delegates authority to Corporate ALCO to establish corporate level Value-at-Risk (VaR) and other risk limits. Corporate ALCO, through its Market Risk Committee, provides governance and oversight over market risk-taking activities across the Company and establishes and monitors risk tolerances and line of business VaR limits. The Corporate Market Risk group, which is part of the independent Corporate Risk Group, administers and monitors compliance with the requirements of the Market Risk Committee. The Corporate Market Risk group has oversight in identifying and managing the Company's market risk. The group is responsible for quantitative model development, calculation and analysis of market risk capital, and reporting aggregated and line of business market risk information. Each line of business that exposes the Company to market risk has direct responsibility for managing market risk in accordance with defined risk tolerances and approved market risk mandates and hedging strategies. As described below, we measure and monitor market risk for both management and regulatory capital purposes.

Market Risk Measurement We use VaR metrics complemented with sensitivity analysis and stress testing in measuring and managing market risk. These market risk measures are monitored at both the business unit level and at an aggregated level on a daily basis. Our corporate market risk management function aggregates all Company exposures to monitor whether risk measures are within established tolerances. Changes to the Company's market risk profile are analyzed and reported on a daily basis. The Company monitors risk exposure from a variety of perspectives, which include line of business, product, risk type and legal entity.

Value-at-Risk Overview VaR is a statistical risk measure used to estimate the potential loss from adverse market moves on trading and other positions carried at fair value. We utilize VaR models to measure market risk on an aggregate basis as well as on a disaggregated basis for individual lines of business. The VaR measures assume that historical changes in market values (historical simulation analysis) are representative of the potential future outcomes and measure the worst expected loss over a given time interval (for example, 1 day or 10 days) within a given confidence level. The historical simulation analysis approach uses historical scenarios of the risk factors from each trading day in the previous 12 months and is used to identify the critical risk driver of each trading position with respect to interest rates, credit spreads, foreign exchange rates, and equity and commodity prices. The risk drivers for each position are updated on a daily basis. We measure and report VaR for a 1-day holding period and a 10-day holding period at a 99% confidence level. This means that we would expect to incur single day losses greater than predicted by VaR estimates for the measured trading positions one time in every 100 trading days. We treat data from all historical periods as equally relevant and consider utilizing data for the previous 12 months as appropriate for determining VaR. We believe using a 12 month look back period helps ensure the Company's VaR is responsive to current market conditions.

VaR measurement between institutions is not readily comparable due to modeling and assumption differences. VaR measures are more useful when interpreted as an indication of trends rather than an absolute measure to be compared across institutions.

Sensitivity Analysis Sensitivity analysis is the measure of exposure to a single risk factor, such as a one basis point increase in rates or a 1% increase in equity prices. We conduct and monitor sensitivity on interest rates, credit spreads, volatility, equity, commodity, and foreign exchange exposure. Since VaR is based upon previous moves in market risk factors over recent periods, it may not provide accurate predictions of future market moves. Sensitivity analysis complements VaR as it provides an indication of risk relative to each factor irrespective of historical market moves.

Stress Testing While VaR captures the risk of loss due to adverse changes in markets using recent historical data, stress testing captures the Company's exposure to extreme, but low probability market movements. Stress scenarios estimate the risk of losses based on management's assumptions of abnormal but severe market movements such as severe credit spread widening or a large decline in equity prices. These scenarios also assume that the market moves happen instantaneously and no repositioning or hedging activity takes place to mitigate losses as events unfold (although experience demonstrates otherwise). We update and review the stress scenarios with recent market trends on a daily basis.

Market Risk Management Trading VaR is the VaR measure used to provide insight into the market risk exhibited by the Company's trading positions. The Company calculates Trading VaR for risk management purposes to establish line of business risk limits. Trading VaR is calculated based on all trading positions classified as trading assets or trading liabilities on our balance sheet. In addition, the Company monitors and manages a variety of sensitivity exposures and stress testing estimates.

Table 38 shows the results of the Company's Trading VaR by risk category. As presented in the table, average Trading VaR was $15 million for the quarter ended June 30, 2013, compared with $24 million for the quarter ended March 31, 2013. The decrease was primarily driven by several volatile days rolling off of the 1-year historical time series used in the VaR calculation.

Total VaR	18	15			23	24		

(1) The period-end VaR was less than the sum of the VaR components described above, which is due to portfolio diversification. The diversification effect arises because the risks are not perfectly correlated causing a portfolio of positions to usually be less risky than the sum of the risks of the positions alone. The diversification benefit is not meaningful for low and high metrics since they may occur on different days.

Market Risk – Regulatory Capital Effective January 1, 2013, the U.S banking regulators adopted "Risk-Based Capital Guidelines: Market Risk" as the regulations covering the calculation of market risk capital. The market risk capital rule, commonly known as Basel 2.5, substantially modified the determination of market risk-weighted assets, and implements a more risk sensitive methodology for the risks inherent in certain "covered" trading positions. The positions that are "covered" by the market risk rule are generally a subset of our trading assets and trading liabilities, specifically those held by the Company for the purpose of short-term resale or with the intent of benefiting from actual or expected short-term price movements, or to lock in arbitrage profits.

The material portfolio of the Company's "covered" positions are predominantly concentrated in the trading assets managed within Wholesale Banking, which is the predominant contributor to the Company's overall VaR and manages the areas traditionally considered as trading lines of business. Wholesale Banking engages in fixed income, foreign exchange, equities, and commodities markets and those positions comprise predominantly all of our "covered" positions.

Basel 2.5 prescribes various VaR calculations (e.g. Regulatory VaR) in the determination of regulatory capital and risk-weighted assets.

Regulatory VaR The VaR measurements use the previous rolling 12 months of historical market data and include:

- Total VaR – is composed of General and Specific Risk VaR and uses the previous 12 months of historical market data to comply with regulatory requirements.
  - General VaR
    - Measures the risk of broad market movements such as changes in the level of interest rates, credit spreads, equity prices, foreign exchange rates, and commodity prices.
    - Uses historical simulation analysis based on 99% confidence level and a 10-day time horizon.
  - Specific Risk VaR
    - Measures the risk of loss that could result from factors other than broad market movement.
    - Uses historical simulation analysis based on a 99% confidence level and a 10-day time horizon.
- Total Stressed VaR – uses a historical period of significant financial stress over a continuous 12 month period using historically available market data and is composed of General and Specific Risk Stressed VaR. Stressed VaR uses the same methodology and models as General VaR.
- Incremental Risk Charge
  - Measures the potential loss in value of non-securitized credit products from both default and credit migration events.
  - Analysis is based on 99.9% confidence level and a 12 month time horizon.

The Company's regulatory capital models have all been approved for use by the Company's regulators. The Company uses the same VaR models for both market risk management (i.e. Trading VaR) purposes as well as regulatory capital calculations.

Table 39 shows the results of the Company's modeled measures for regulatory capital calculations. As presented in the table, average total Wells Fargo VaR was $38 million for the quarter ended June 30, 2013, compared with $50 million for the quarter ended March 31, 2013. The decrease was primarily driven by several volatile days rolling off of the 1-year historical time series used in the VaR calculation.

(1) The period-end VaR and average VaR were less than the sum of the VaR components described above, which is due to portfolio diversification. The diversification effect arises because the risks are not perfectly correlated causing a portfolio of positions to usually be less risky than the sum of the risks of the positions alone.
(2) The Low and High metrics may have occurred during different days for the individual components. As such, the low and high for the overall portfolio will not equal the sum of the individual components.
(3) The material portfolio of the Company's "covered" positions is predominantly concentrated in the trading assets managed within Wholesale Banking.
(4) General VaR and Specific Risk VaR are combined in accordance with regulator prescribed methodology.

VaR Backtesting The Basel 2.5 market risk capital rule requires conducting backtesting as one form of validation of the VaR model. Backtesting is a comparison of the daily VaR estimate with the actual "clean" profit and loss as defined by the market risk capital rule. "Clean P&L" is the change in the value of the Company's covered trading positions that would have occurred had previous end-of-day covered trading positions remained unchanged (therefore, excluding fees, commissions, net interest income, and intraday trading). The backtesting analysis compares the daily VaR estimate for each of the trading days in the preceding 12 months with the net "clean P&L". "Clean P&L" does not include credit adjustments and other activity not representative of daily price changes driven by market risk factors. The "clean P&L" measure of revenue is used to evaluate the performance of the Regulatory VaR model and is not comparable to our actual daily trading net revenues, as reported elsewhere in this Report.

Any observed "clean P&L" loss in excess of the VaR estimate is considered an exception. There were backtesting exceptions which occurred in the last part of second quarter 2013. The exceptions were driven by increased volatility in the fixed income markets from uncertainty about the Federal Reserve's intentions regarding their quantitative easing efforts. The number of actual backtesting exceptions is dependent on current market performance relative to historic market volatility. Table 40 shows daily Total Regulatory VaR (1-day, 99%) for the previous 12 months ended June 30, 2013. The Wells Fargo average Total Regulatory VaR for second quarter 2013 was $16 million with a low of $13 million and a high of $21 million. The decline in Total Regulatory VaR for the previous 12 months is due to the overall risk reduction in the trading portfolio as well as low volatile markets.

Table 40: Daily Total Regulatory Value-at-Risk (VaR)

There is a separate market risk capital charge required for covered trading securitization products in the Basel 2.5 market risk capital rule. Table 41 shows the aggregate net fair market value of securities and derivative securitization positions by exposure type that meet the regulatory definition of a covered trading securitization position for the quarter ended June 30, 2013. Covered trading securitizations positions under Basel 2.5 include asset-backed securities (ABS), commercial mortgage-backed securities (CMBS), residential mortgage-backed securities (RMBS), and collateralized loan and other debt obligations (CLO/CDO) positions.

Derivatives	-	(755)	37	(75)

Furthermore, the regulatory market risk capital rule requires capital for correlation trading positions. The net market value of correlation trading positions that meet the definition of a covered position for the quarter ended June 30, 2013, was $30 million. Correlation trading is a discontinued business in which the Company is no longer active, with current positions hedged and maturing over time.

MARKET RISK – EQUITY INVESTMENTS We are directly and indirectly affected by changes in the equity markets. We make and manage direct equity investments in start-up businesses, emerging growth companies, management buy-outs, acquisitions and corporate recapitalizations. We also invest in non-affiliated funds that make similar private equity investments. These private equity investments are made within capital allocations approved by management and the Board. The Board's policy is to review business developments, key risks and historical returns for the private equity investment portfolio at least annually. Management reviews the valuations of these investments at least quarterly and assesses them for possible OTTI. For nonmarketable investments, the analysis is based on facts and circumstances of each individual investment and the expectations for that investment's cash flows and capital needs, the viability of its business model and our exit strategy. Nonmarketable investments include private equity investments accounted for under the cost method and equity method. Private equity investments are subject to OTTI.

As part of our business to support our customers, we trade public equities, listed/OTC equity derivatives and convertible bonds. We have parameters that govern these activities. We also have marketable equity securities in the securities available-for-sale portfolio, including securities relating to our venture capital activities. We manage these investments within capital risk limits approved by management and the Board and monitored by Corporate ALCO. Gains and losses on these securities are recognized in net income when realized and periodically include OTTI charges.

Changes in equity market prices may also indirectly affect our net income by (1) the value of third party assets under management and, hence, fee income, (2) particular borrowers, whose ability to repay principal and/or interest may be affected by the stock market, or (3) brokerage activity, related commission income and other business activities. Each business line monitors and manages these indirect risks.

Table 42 provides information regarding our marketable and nonmarketable equity investments.

LIQUIDITY AND FUNDING The objective of effective liquidity management is to ensure that we can meet customer loan requests, customer deposit maturities/withdrawals and other cash commitments efficiently under both normal operating conditions and under unpredictable circumstances of industry or market stress. To achieve this objective, the Corporate ALCO establishes and monitors liquidity guidelines that require sufficient asset-based liquidity to cover potential funding requirements and to avoid over-dependence on volatile, less reliable funding markets. We set these guidelines for both the consolidated balance sheet and for the Parent to ensure that the Parent is a source of strength for its regulated, deposit-taking banking subsidiaries.

Unencumbered debt and equity securities in the securities available-for-sale portfolio provide asset liquidity, in addition to the immediately liquid resources of cash and due from banks and federal funds sold, securities purchased under resale agreements and other short-term investments. Asset liquidity is further enhanced by our ability to sell or securitize loans in secondary markets and to pledge loans to access secured borrowing facilities through the Federal Home Loan Banks (FHLB) and the FRB.

Core customer deposits have historically provided a sizeable source of relatively stable and low-cost funds. At June 30, 2013, core deposits were 117% of total loans, compared with 114% a year ago. Additional funding is provided by long-term debt, other foreign deposits, and short-term borrowings.

Table 43 shows selected information for short-term borrowings, which generally mature in less than 30 days.

We access domestic and international capital markets for long-term funding (generally greater than one year) through issuances of registered debt securities, private placements and asset-backed secured funding. Investors in the long-term capital markets, as well as other market participants, generally will consider, among other factors, a company's debt rating in making investment decisions. Rating agencies base their ratings on many quantitative and qualitative factors, including capital adequacy, liquidity, asset quality, business mix, the level and quality of earnings, and rating agency assumptions regarding the probability and extent of federal financial assistance or support for certain large financial institutions. Adverse changes in these factors could result in a reduction of our credit rating; however, a reduction in credit rating would not cause us to violate any of our debt covenants. This year, both Moody's Investors Service (Moody's) and Standard and Poor's (S&P) have announced that they intend to reassess their assumptions regarding the probability and extent of federal support for certain bank holding companies, including the Parent, in light of recent regulatory developments related to the Title II Orderly Liquidation Authority of the Dodd-Frank Act that could make federal support less certain and predictable. Moody's expects to complete their review by year-end; S&P has not provided a timeframe for their review. Generally, rating agencies review a firm's ratings at least annually. There were no changes to our credit ratings in second quarter 2013. See the "Risk Management – Asset/Liability Management" and "Risk Factors" sections in our 2012 Form 10-K for additional information regarding our credit ratings as of December 31, 2012, and the potential impact a credit rating downgrade would have on our liquidity and operations, as well as Note 12 (Derivatives) to Financial Statements in this Report for information regarding additional collateral and funding obligations required for certain derivative instruments in the event our credit ratings were to fall below investment grade.

On December 20, 2011, the FRB proposed enhanced liquidity risk management rules. On January 6, 2013, the Basel Committee on Bank Supervision (BCBS) endorsed a revised liquidity framework for banks. These rules have not yet been finalized and adopted by the FRB. The proposed rules would require modifications to our existing liquidity risk management processes. This includes increased frequency of liquidity reporting and stress testing, maintenance of a 30-day liquidity buffer comprised of highly-liquid assets and additional corporate governance requirements. We will continue to analyze the proposed rules and other regulatory proposals that may affect

liquidity risk management to determine the level of operational or compliance impact to Wells Fargo. For additional information see the "Capital Management" and "Regulatory Reform" sections in this Report and in our 2012 Form 10-K.

Parent Under SEC rules, our Parent is classified as a "well-known seasoned issuer," which allows it to file a registration statement that does not have a limit on issuance capacity. In April 2012, the Parent filed a registration statement with the SEC for the issuance of senior and subordinated notes, preferred stock and other securities. The Parent's ability to issue debt and other securities under this registration statement is limited by the debt issuance authority granted by the Board. The Parent is currently authorized by the Board to issue $60 billion in outstanding short-term debt and $170 billion in outstanding long-term debt. During the first half of 2013, the Parent issued $7.1 billion of senior notes, of which $2.7 million were registered with the SEC. In addition, during the first half of 2013, the Parent issued $2.0 billion of registered subordinated notes. In July 2013, the Parent issued an additional $2.5 billion of registered senior notes.

The Parent's proceeds from securities issued in the first half of 2013 were used for general corporate purposes, and, unless otherwise specified in the applicable prospectus or prospectus supplement, we expect the proceeds from securities issued in the future will be used for the same purposes. Depending on market conditions, we may purchase our outstanding debt securities from time to time in privately negotiated or open market transactions, by tender offer, or otherwise.

Table 44 provides information regarding the Parent's medium-term note (MTN) programs. The Parent may issue senior and subordinated debt securities under Series L & M, and the European and Australian programmes. Under Series K, the Parent may issue senior debt securities linked to one or more indices or bearing interest at a fixed or floating rate.

Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is authorized by its board of directors to issue $100 billion in outstanding short-term debt and $125 billion in outstanding long-term debt. At June 30, 2013, Wells Fargo Bank, N.A. had available $100 billion in short-term debt issuance authority and $100.4 billion in long-term debt issuance authority. In March 2012, Wells Fargo Bank, N.A. established a $100 billion bank note program under which, subject to any other debt outstanding under the limits described above, it may issue $50 billion in outstanding short-term senior notes and $50 billion in outstanding long-term senior or subordinated notes. During the first half of 2013, Wells Fargo Bank, N.A. issued $5.6 billion of senior notes. At June 30, 2013, Wells Fargo Bank, N.A. had remaining issuance capacity under the bank note program of $50 billion in short-term senior notes and $39.9 billion in long-term senior or subordinated notes. In July 2013, Wells Fargo Bank, N.A. issued $2.6 billion of senior notes. In addition, since June 30, 2013, Wells Fargo Bank N.A. has executed advances of $1.0 billion with the Federal Home Loan Bank of Des Moines.

Wells Fargo Canada Corporation In January 2012, Wells Fargo Canada Corporation (WFCC, formerly known as Wells Fargo Financial Canada Corporation), an indirect wholly owned Canadian subsidiary of the Parent, qualified with the Canadian provincial securities commissions a base shelf prospectus for the distribution from time to time in Canada of up to CAD $7.0 billion in medium-term notes. During the first half of 2013, WFCC issued CAD $500 million in medium-term notes. At June 30, 2013, CAD $3.5 billion remained available for future issuance. All medium-term notes issued by WFCC are unconditionally guaranteed by the Parent.

FEDERAL HOME LOAN BANK MEMBERSHIP We are a member of the Federal Home Loan Banks based in Dallas, Des Moines and San Francisco (collectively, the FHLBs). Each member of the FHLBs is required to maintain a minimum investment in capital stock of the applicable FHLB. The board of directors of each FHLB can increase the minimum investment requirements in the event it has concluded that additional capital is required to allow it to meet its own regulatory capital requirements. Any increase in the minimum investment requirements outside of specified ranges requires the approval of the Federal Housing Finance Board. Because the extent of any obligation to increase our investment in any of the FHLBs depends entirely upon the occurrence of a future event, potential future payments to the FHLBs are not determinable.

The FHLBs are a group of cooperatives that lending institutions use to finance housing and economic development in local communities. About 80% of U.S. lending institutions, including Wells Fargo, rely on the FHLBs for low-cost funds. We use the funds to support home mortgage lending and other community investments.

Capital Management

We have an active program for managing stockholders' equity and regulatory capital, and maintain a comprehensive process for assessing the Company's overall capital adequacy. We generate capital primarily through the retention of earnings net of dividends. Our objective is to maintain capital at an amount commensurate with our risk profile and risk tolerance objectives, and to meet both regulatory and market expectations. Our potential sources of stockholders' equity include retained earnings and issuances of common and preferred stock. Retained earnings increased $7.2 billion from December 31, 2012, predominantly from Wells Fargo net income of $10.7 billion, less common and preferred stock dividends of $3.4 billion. During second quarter 2013, we issued approximately 40 million shares of common stock (approximately 79 million for the first half of 2013), substantially all of which related to employee benefit plans. In July 2013, we issued 69 million Depository Shares, each representing 1/1,000th interest in a share of the Company's newly issued 5.85% Fixed-to-Floating Rate Non-Cumulative Perpetual Class A Preferred Stock, Series Q, for an aggregate public offering price of $1.7 billion. During second quarter 2013, we also repurchased approximately 27 million shares of common stock in open market transactions and from employee benefit plans, at a net cost of $1.1 billion. In addition, the Company entered into forward purchase contracts in April 2013 and July 2013 and paid $500 million for each contract to an unrelated third party. Both of these contracts expire in third quarter 2013; however, the counterparty has the right to accelerate settlement. For additional information about our forward repurchase agreements see Note 1 (Summary of Significant Accounting Policies) to Financial Statements in this Report.

Table 45 and Table 46, which appear at the end of this Capital Management section, provide information regarding our Tier 1 common equity calculations under Basel I and as estimated under Basel III, respectively.

Regulatory Capital Guidelines

The Company and each of our subsidiary banks are subject to various regulatory capital adequacy requirements administered by the FRB and the OCC. Risk-based capital (RBC) guidelines establish a risk-adjusted ratio relating capital to different categories of assets and off-balance sheet exposures. At June 30, 2013, the Company and each of our subsidiary banks were "well-capitalized" under applicable regulatory capital adequacy guidelines. See Note 19 (Regulatory and Agency Capital Requirements) to Financial Statements in this Report for additional information.

Current regulatory RBC rules are based primarily on broad credit-risk considerations and market-related risks, but do not take into account other types of risk facing a financial services company. Our capital adequacy assessment process contemplates a wide range of risks that the Company is exposed to and also takes into consideration our performance under a variety of stressed economic conditions, as well as regulatory expectations and guidance, rating agency viewpoints and the view of capital markets participants.

Effective January 1, 2013, the Company implemented changes to the market risk capital rule, commonly referred to as Basel 2.5, as required by U.S. banking regulators. Basel 2.5 requires banking organizations with significant trading activities to adjust their capital requirements to better account for the market risks of those activities. The market risk capital rule is reflected in the Company's calculation of risk-weighted assets and, upon initial adoption in first quarter 2013, negatively impacted capital ratios under Basel I by approximately 25 basis points, but did not impact our ratio under Basel III, as its impact has historically been included in our calculations. For additional information see the "Risk Management – Asset/Liability Management" section in this Report.

In 2007, U.S. banking regulators approved a final rule adopting international guidelines for determining regulatory capital known as "Basel II." Basel II incorporates three pillars that address (a) capital adequacy, (b) supervisory review, which relates to the computation of capital and internal assessment processes, and (c) market discipline, through increased disclosure requirements. We entered the "parallel run phase" of Basel II in July 2012. During the "parallel run phase," banks must successfully complete at least a four quarter evaluation period under supervision from regulatory agencies in order to be compliant with the Basel II final rule.

In December 2010, the BCBS finalized a set of international guidelines for determining regulatory capital known as "Basel III." These guidelines were developed in response to the financial crisis of 2008 and 2009 and were intended to address many of the weaknesses identified in the banking sector as contributing to the crisis including excessive leverage, inadequate and low quality capital and insufficient liquidity buffers.

In July 2013, U.S. banking regulators approved final and interim final rules to implement the BCBS Basel III capital guidelines for U.S. banks. These final capital rules, among other things:

- implement in the United States the Basel III regulatory capital reforms including those that revise the definition of capital, increase minimum capital ratios, and introduce a minimum Tier 1 common equity ratio of 4.5% and a capital conservation buffer of 2.5% (for a total minimum Tier 1 common equity ratio of 7.0%) and a potential countercyclical buffer of up to 2.5%, which would be imposed by regulators at their discretion if it is determined that a period of excessive credit growth is contributing to an increase in systemic risk;
- require a Tier 1 capital to average total consolidated assets ratio of 4% and introduce, for large and internationally active bank holding companies (BHCs), a Tier 1 supplemental leverage ratio of 3% that incorporates off-balance sheet exposures;
- revise "Basel I" rules for calculating risk-weighted assets to enhance risk sensitivity;
- modify the existing Basel II advanced approaches rules for calculating risk-weighted assets to implement Basel III; and

- comply with the Dodd-Frank Act provision prohibiting the reliance on external credit ratings.

We will be required to comply with the final Basel III capital rules beginning January 2014. Based on our interpretation of the final capital rules, we estimate that our Tier 1 common equity ratio under the final Basel III capital rules exceeded the fully phased-in minimum of 7.0% by 162 basis points at June 30, 2013. Because the rules were only recently finalized, the interpretations and assumptions we use in estimating our calculations are subject to change depending on our ongoing review of the final capital rules.

The final Basel III capital rules did not address the proposed Basel III liquidity standards and also did not address additional capital and leverage requirements that are currently under consideration by the BCBS and U.S. banking regulators. For example, in July 2013, U.S. banking regulators introduced proposals that would enhance the recently finalized supplemental leverage ratio requirements for large BHCs like Wells Fargo and their insured depository institution subsidiaries. Under the proposals, a covered BHC would be required to maintain a supplemental leverage ratio of at least 5% to avoid restrictions on capital distributions and discretionary bonus payments. The proposals would also require that all of our insured depository institution subsidiaries maintain a supplemental leverage ratio of 6% in order to be considered well capitalized. Based on our initial review, we believe our current leverage levels would meet the applicable proposed requirements at the holding company and each of its insured depository institution subsidiaries. U.S. banking regulators, however, have indicated they may make further changes to the U.S. supplemental leverage ratio requirements based on revisions to the Basel III leverage framework recently proposed by the BCBS.

The FRB has also indicated that it is in the process of considering new rules to address the amount of equity and long-term debt a company must hold to facilitate its orderly liquidation and to address risks related to banking organizations that are substantially reliant on short-term wholesale funding. In addition, the FRB is developing rules to implement an additional BCBS Tier 1 common equity capital surcharge on those U.S. banking organizations that have been designated by the Financial Stability Board (FSB) as global systemically important banks (G-SIBs). The G-SIB surcharge would be in addition to the minimum Basel III 7.0% Tier 1 common equity requirement and ranges from 1.0% to 3.5% of risk-weighted assets, depending on the bank's systemic importance, which would be determined under an indicator-based approach that considers five broad categories: cross-jurisdictional activity; size; inter-connectedness; substitutability/financial institution infrastructure; and complexity. The G-SIB surcharge is expected to be phased in beginning in January 2016 and become fully effective on January 1, 2019. The FSB, in an updated listing published in November 2012 based on year-end 2011 data, identified the Company as one of the 28 G-SIBs and provisionally determined that the Company's surcharge would be 1.0%. The FSB is expected to update the list of G-SIBs and their required surcharges prior to implementation based on additional or future data.

Capital Planning and Stress Testing

Under the FRB's capital plan rule, large BHCs are required to submit capital plans annually for review to determine if the FRB had any objections before making any capital distributions. The rule requires updates to capital plans in the event of material changes in a BHC's risk profile, including as a result of any significant acquisitions.

Our 2013 CCAR included a comprehensive capital plan supported by an assessment of expected uses and sources of capital over a given planning horizon under a range of expected and stress scenarios, similar to the process the FRB used to conduct a CCAR in 2012. As part of the 2013 CCAR, the FRB also generated a supervisory stress test, which assumed a sharp decline in the economy and significant decline in asset pricing using the information provided by the Company to estimate performance. The FRB reviewed the supervisory stress results both as required under the Dodd-Frank Act using a common set of capital actions for all large BHCs and by taking into account the Company's proposed capital actions. The FRB published its supervisory stress test results as required under the Dodd-Frank Act on March 7, 2013. On March 14, 2013, the FRB notified us that it did not object to our capital plan included in the 2013 CCAR. The capital plan included an increase in our second quarter 2013 common stock dividend rate to $0.30 per share, which was approved by the Board on April 23, 2013.

In addition to CCAR, banking regulators also require stress tests to evaluate whether an institution has sufficient capital to continue to operate during periods of adverse economic and financial conditions. In October 2012, the FRB issued final rules regarding stress testing requirements as required under the Dodd-Frank Act provision imposing enhanced prudential standards on large BHCs such as Wells Fargo. The OCC issued and finalized similar rules during 2012 for stress testing of large national banks. These stress testing rules, which became effective for Wells Fargo on November 15, 2012, set forth the timing and type of stress test activities large BHCs and banks must undertake as well as rules governing stress testing controls, oversight and disclosure requirements. As required under the FRB's stress testing rule, we completed a mid-cycle stress test based on March 31, 2013 data and scenarios developed by the Company. We submitted the results of the mid-cycle stress test to the FRB in July 2013 and expect to disclose a summary of the results in September 2013.

Securities Repurchases

From time to time the Board authorizes the Company to repurchase shares of our common stock. Although we announce when the Board authorizes share repurchases, we typically do not give any public notice before we repurchase our shares. Future stock repurchases may be private or open-market repurchases, including block transactions, accelerated or delayed block transactions, forward transactions, and similar transactions. Additionally, we may enter into plans to purchase stock that satisfy the conditions of Rule 10b5-1 of the Securities Exchange Act of 1934. Various factors determine the amount

and timing of our share repurchases, including our capital requirements, the number of shares we expect to issue for employee benefit plans and acquisitions, market conditions (including the trading price of our stock), and regulatory and legal considerations, including the FRB's response to our capital plan and to changes in our risk profile.

In October 2012, the Board authorized the repurchase of 200 million shares. At June 30, 2013, we had remaining authority under this authorization to purchase approximately 154 million shares, subject to regulatory and legal conditions. For more information about share repurchases during 2013, see Part II, Item 2 of this Report.

Historically, our policy has been to repurchase shares under the "safe harbor" conditions of Rule 10b-18 of the Securities Exchange Act of 1934 including a limitation on the daily volume of repurchases. Rule 10b-18 imposes an additional daily volume limitation on share repurchases during a pending merger or acquisition in which shares of our stock will constitute some or all of the consideration. Our management may determine that during a pending stock merger or acquisition when the safe harbor would otherwise be available, it is in our best interest to repurchase shares in excess of this additional daily volume limitation. In such cases, we intend to repurchase shares in compliance with the other conditions of the safe harbor, including the standing daily volume limitation that applies whether or not there is a pending stock merger or acquisition.

In connection with our participation in the Capital Purchase Program (CPP), a part of the Troubled Asset Relief Program (TARP), we issued to the U.S. Treasury Department warrants to purchase 110,261,688 shares of our common stock with an exercise price of $34.01 per share expiring on October 28, 2018. The Board authorized the repurchase by the Company of up to $1 billion of the warrants. On May 26, 2010, in an auction by the U.S. Treasury, we purchased 70,165,963 of the warrants at a price of $7.70 per warrant. We have purchased an additional 986,426 warrants, all on the open market, since the U.S. Treasury auction. At June 30, 2013, there were 39,109,299 warrants outstanding and exercisable and $452 million of unused warrant repurchase authority. Depending on market conditions, we may purchase from time to time additional warrants in privately negotiated or open market transactions, by tender offer or otherwise.

(1) Tier 1 common equity is a non-generally accepted accounting principle (GAAP) financial measure that is used by investors, analysts and bank regulatory agencies to assess the capital position of financial services companies. Management reviews Tier 1 common equity along with other measures of capital as part of its financial analyses and has included this non-GAAP financial information, and the corresponding reconciliation to total equity, because of current interest in such information on the part of market participants.

(2) Under the regulatory guidelines for risk-based capital, on-balance sheet assets and credit equivalent amounts of derivatives and off-balance sheet items are assigned to one of several broad risk categories according to the obligor, or, if relevant, the guarantor or the nature of any collateral. The aggregate dollar amount in each risk category is then multiplied by the risk weight associated with that category. The resulting weighted values from each of the risk categories are aggregated for determining total risk-weighted assets.

(1) Tier 1 common equity is a non-generally accepted accounting principle (GAAP) financial measure that is used by investors, analysts and bank regulatory agencies to assess the capital position of financial services companies. Management reviews Tier 1 common equity along with other measures of capital as part of its financial analyses and has included this non-GAAP financial information, and the corresponding reconciliation to total equity, because of current interest in such information on the part of market participants.

(2) The Basel III Tier 1 common equity and risk-weighted assets are estimated based on management's interpretation of the Basel III capital rules adopted July 2, 2013, by the Federal Reserve Board. The rules establish a new comprehensive capital framework for U.S. banking organizations that implement the Basel III capital framework and certain provisions of the Dodd-Frank Act.

(3) Adjustments from Basel I to Basel III represent reconciling adjustments, primarily certain components of cumulative other comprehensive income deducted for Basel I purposes, to derive Tier 1 common equity under Basel III.

(4) Threshold deductions, as defined under Basel III, include individual and aggregate limitations, as a percentage of Tier 1 common equity, with respect to MSRs (net of related deferred tax liability, which approximates the MSR book value times the applicable statutory tax rates), deferred tax assets and investments in unconsolidated financial companies.

(5) Volatility in interest rates can have a significant impact on the valuation of cumulative other comprehensive income and MSRs and therefore, may impact adjustments from Basel I to Basel III, and MSRs subject to threshold deductions, as defined under Basel III, in future reporting periods.

(6) The estimate of RWA reflects management's interpretation of RWA determined under Basel III capital rules adopted by the Federal Reserve Board that incorporates different classifications of assets, with certain risk weights based on a borrower's credit rating or Wells Fargo's own models, along with adjustments to address a combination of credit/counterparty, operational and market risks, and other Basel III elements.

Regulatory Reform

The financial services industry is experiencing a significant increase in regulation and regulatory oversight initiatives that may substantially change how most U.S. financial services companies conduct business. Regulation mandated by the Dodd-Frank Act is the source of most current U.S. regulatory reform, and many aspects of the Dodd-Frank Act remain subject to final rulemaking, guidance, and interpretation by regulatory authorities.

The following supplements our discussion of the significant regulations and regulatory oversight initiatives that have affected or may affect our business contained in the "Regulatory Reform" and "Risk Factors" sections of our 2012 Form 10-K.

REGULATION OF SWAPS AND OTHER DERIVATIVE ACTIVITIES The Dodd-Frank Act established a comprehensive framework for regulating over-the-counter derivatives. Included in this framework were certain "push-out" provisions affecting U.S. banks acting as dealers in commodity swaps, equity swaps and certain credit default swaps, which will require that these activities be conducted through an affiliate. The "push-out" provisions in the Dodd-Frank Act provided for an effective date in July 2013, but the provisions granted the OCC the discretion to provide a transition period of up to two years for banks to come into compliance with the requirements. On January 3, 2013, the OCC issued guidance that it would consider transition period requests and favorably act on such requests subject to the requesting bank meeting specified requirements. Wells Fargo Bank, N.A. prepared and filed a transition period request with the OCC on January 31, 2013. On June 11, 2013, the OCC granted the request and provided a twenty-four month transition period beginning on July 16, 2013.

ENHANCED REGULATION OF MONEY MARKET MUTUAL FUNDS In November 2012, the Financial Stability Oversight Council (FSOC) proposed new regulations to address the perceived risks that money market mutual funds may pose to the financial stability of the United States. These proposals included implementation of floating net asset value requirements, redemption holdback provisions, and capital buffer requirements and would be in addition to regulatory changes made by the SEC to the market in January 2010. The proposals were subject to public comment; however, the FSOC has not yet adopted final recommendations. In addition to the proposals under consideration by the FSOC, the SEC proposed rules for public comment on June 5, 2013, that would require a floating net asset value for prime institutional money market funds, allow for the use of liquidity fees and redemption gates during periods of stress, and impose diversification and disclosure requirements.

REGULATORY CAPITAL AND LEVERAGE REQUIREMENTS In July 2013, U.S. banking regulators issued final and interim final rules that substantially amend the risk-based capital rules for banking organizations. The rules implement the Basel III regulatory capital reforms in the U.S., comply with changes required by the Dodd-Frank Act, and replace the existing Basel I-based capital requirements. Wells Fargo will be required to comply with the rules beginning January 1, 2014. U.S. banking regulators are also considering proposals that would impose enhanced supplemental leverage ratio requirements on large bank holding companies like Wells Fargo and our insured depository institution subsidiaries. For more information on the revised capital rules, the proposed leverage requirements and additional capital requirements under consideration by the FRB, see the "Capital Management" section of this Report.

"LIVING WILL" REQUIREMENTS On June 29, 2013, Wells Fargo submitted its resolution plan to the FRB and FDIC. Resolution planning is mandated by the Dodd-Frank Act and requires large financial institutions, including Wells Fargo, to prepare and periodically revise plans that would facilitate their resolution in the event of material distress or failure. Resolution plans are to provide for a rapid and orderly resolution under the Bankruptcy Code and other insolvency regimes applicable to particular types of entities. Under the regulations, resolution plans must contain strategic analyses of how a distressed or failing institution could be resolved in a way that does not pose systemic risks to the U.S. financial system.

REGULATION OF INTERCHANGE TRANSACTION FEES (THE DURBIN AMENDMENT) On October 1, 2011, the FRB rule enacted to implement the Durbin Amendment to the Dodd-Frank Act that limits debit card interchange transaction fees to those "reasonable" and "proportional" to the cost of the transaction became effective. The rule generally established that the maximum allowable interchange fee that an issuer may receive or charge for an electronic debit transaction is the sum of 21 cents per transaction and 5 basis points multiplied by the value of the transaction. On July 31, 2013, the U.S. District Court for the District of Columbia ruled that the approach used by the FRB in setting the maximum allowable interchange transaction fee impermissibly included costs that were specifically excluded from consideration under the Durbin Amendment. The decision, which may be appealed, keeps in place the current interchange transaction fee standards until the FRB drafts new regulations or interim standards. If the ruling results in the FRB implementing a lower maximum allowable interchange transaction fee, it will have an adverse impact on our debit card interchange fee revenue.

Critical Accounting Policies

Our significant accounting policies (see Note 1 (Summary of Significant Accounting Policies) to Financial Statements in our 2012 Form 10-K) are fundamental to understanding our results of operations and financial condition because they require that we use estimates and assumptions that may affect the value of our assets or liabilities and financial results. Six of these policies are critical because they require management to make difficult, subjective and complex judgments about matters that are inherently uncertain and because it is likely that materially different amounts would be reported under different conditions or using different assumptions. These policies govern:

- the allowance for credit losses;
- PCI loans;
- the valuation of residential MSRs;
- liability for mortgage loan repurchase losses;
- the fair valuation of financial instruments; and
- income taxes.

Management has reviewed and approved these critical accounting policies and has discussed these policies with the Board's Audit and Examination Committee. These policies are described further in the "Financial Review – Critical Accounting Policies" section and Note 1 (Summary of Significant Accounting Policies) to Financial Statements in our 2012 Form 10-K.

Current Accounting Developments

The following accounting pronouncements have been issued by the FASB but are not yet effective:

- Accounting Standards Update (ASU or Update) 2013-11, *Income Taxes (Topic 740): Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists*;
- ASU 2013-10, *Derivatives and Hedging (Topic 815): Inclusion of the Fed Funds Effective Swap Rate (or Overnight Index Swap Rate) as a Benchmark Interest Rate for Hedge Accounting Purposes;* and
- ASU 2013-08, *Financial Services – Investment Companies (Topic 946): Amendments to the Scope, Measurement and Disclosure Requirements.*

ASU 2013-11 is expected to eliminate diversity in practice as it provides guidance on financial statement presentation of an unrecognized tax benefit when a net operating loss (NOL) carryforward, a similar tax loss, or a tax credit carryforward exists. These changes are effective for us in first quarter 2014 with prospective application applied to all unrecognized tax benefits that exist at the effective date. Early adoption and retrospective application are permitted. We are evaluating the impact this Update will have on our consolidated financial statements.

ASU 2013-10 permits the Fed Funds Effective Swap Rate (Overnight Index Swap Rate) to be used as a U.S. benchmark interest rate for hedge accounting purposes, in addition to LIBOR and U.S. Treasury. The Update also removes the restriction on using different benchmark rates for similar hedges. These changes are effective for us in third quarter 2013 with prospective application for qualifying new or redesignated hedging relationships we enter into on or after July 17, 2013. We do not expect this Update will have a material effect on our consolidated financial statements.

ASU 2013-08 amends the scope, measurement and disclosure requirements for investment companies. The Update changes criteria companies use to assess whether an entity is an investment company. In addition, investment companies must measure noncontrolling ownership interests in other investment companies at fair value rather than using the equity method of accounting. This Update also requires new disclosures, including information about changes, if any, in an entity's status as an investment company and information about financial support provided or contractually required to be provided by an investment company to any of its investees. These changes are effective for us in first quarter 2014 with prospective application. Early adoption is not permitted. We are evaluating the impact this Update will have on our consolidated financial statements.

Forward-Looking Statements

This document contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. In addition, we may make forward-looking statements in our other documents filed or furnished with the SEC, and our management may make forward-looking statements orally to analysts, investors, representatives of the media and others. Forward-looking statements can be identified by words such as "anticipates," "intends," "plans," "seeks," "believes," "estimates," "expects," "target," "projects," "outlook," "forecast," "will," "may," "could," "should," "can" and similar references to future periods. Forward-looking statements are not based on historical facts but instead represent our current expectations regarding future events, circumstances or results. In particular, these include, but are not limited to, statements we make about: (i) the future operating or financial performance of the Company, including our outlook for future growth; (ii) our noninterest expense and efficiency ratio; (iii) future credit quality and performance, including our expectations regarding future loan losses and allowance releases; (iv) the appropriateness of the allowance for credit losses; (v) our expectations regarding net interest income and net interest margin; (vi) loan growth or the reduction or mitigation of risk in our loan portfolios; (vii) future capital levels and our estimated Tier 1 common equity ratio under Basel III capital standards; (viii) the performance of our mortgage business and any related exposures; (ix) the expected outcome and impact of legal, regulatory and legislative developments, as well as our expectations regarding compliance therewith; (x) future common stock dividends, common share repurchases and other uses of capital; (xi) our targeted range for return on assets and return on equity; (xii) the outcome of contingencies, such as legal proceedings; and (xiii) the Company's plans, objectives and strategies.

Forward-looking statements are based on our current expectations and assumptions regarding our business, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. Our actual results may differ materially from those contemplated by the forward-looking statements. We caution you, therefore, against relying on any of these forward-looking statements. They are neither statements of historical fact nor guarantees or assurances of future performance. While there is no assurance that any list of risks and uncertainties or risk factors is complete, important factors that could cause actual results to differ materially from those in the forward-looking statements include the following, without limitation:

- current and future economic and market conditions, including the effects of declines in housing prices, high unemployment rates, U.S. fiscal debt, budget and tax matters, the sovereign debt crisis and economic difficulties in Europe, and the overall slowdown in global economic growth;
- our capital and liquidity requirements (including under regulatory capital standards, such as the Basel III capital standards) and our ability to generate capital internally or raise capital on favorable terms;
- financial services reform and other current, pending or future legislation or regulation that could have a negative effect on our revenue and businesses, including the Dodd-Frank Act and other legislation and regulation relating to bank products and services;
- the extent of our success in our loan modification efforts, as well as the effects of regulatory requirements or guidance regarding loan modifications;
- the amount of mortgage loan repurchase demands that we receive and our ability to satisfy any such demands without having to repurchase loans related thereto or otherwise indemnify or reimburse third parties, and the credit quality of or losses on such repurchased mortgage loans;
- negative effects relating to our mortgage servicing and foreclosure practices, including our obligations under the settlement with the Department of Justice and other federal and state government entities, as well as changes in industry standards or practices, regulatory or judicial requirements, penalties or fines, increased servicing and other costs or obligations, including loan modification requirements, or delays or moratoriums on foreclosures;
- our ability to realize our efficiency ratio target as part of our expense management initiatives, including as a result of business and economic cyclicality, seasonality, changes in our business composition and operating environment, growth in our businesses and/or acquisitions, and unexpected expenses relating to, among other things, litigation and regulatory matters;
- the effect of the current low interest rate environment or changes in interest rates on our net interest income, net interest margin and our mortgage originations, mortgage servicing rights and mortgages held for sale;
- a recurrence of significant turbulence or disruption in the capital or financial markets, which could result in, among other things, reduced investor demand for mortgage loans, a reduction in the availability of funding or increased funding costs, and declines in asset values and/or recognition of other-than-temporary impairment on securities held in our available-for-sale portfolio;
- the effect of a fall in stock market prices on our investment banking business and our fee income from our brokerage, asset and wealth management businesses;
- reputational damage from negative publicity, protests, fines, penalties and other negative consequences from regulatory violations and legal actions;
- a failure in or breach of our operational or security systems or infrastructure, or those of our third party vendors or other service providers, including as a result of cyber attacks;
- the effect of changes in the level of checking or savings account deposits on our funding costs and net interest margin;
- fiscal and monetary policies of the Federal Reserve Board; and

- the other risk factors and uncertainties described under "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2012.

In addition to the above factors, we also caution that the amount and timing of any future common stock dividends or repurchases will depend on the earnings, cash requirements and financial condition of the Company, market conditions, capital requirements (including under Basel capital standards), common stock issuance requirements, applicable law and regulations (including federal securities laws and federal banking regulations), and other factors deemed relevant by the Company's Board of Directors, and may be subject to regulatory approval or conditions.

For more information about factors that could cause actual results to differ materially from our expectations, refer to our reports filed with the Securities and Exchange Commission, including the discussion under "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2012, as filed with the Securities and Exchange Commission and available on its website at www.sec.gov.

Any forward-looking statement made by us speaks only as of the date on which it is made. Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by law.

Risk Factors

An investment in the Company involves risk, including the possibility that the value of the investment could fall substantially and that dividends or other distributions on the investment could be reduced or eliminated. For a discussion of risk factors that could adversely affect our financial results and condition, and the value of, and return on, an investment in the Company, we refer you to the "Risk Factors" section of our 2012 Form 10-K.

Controls and Procedures

Disclosure Controls and Procedures

The Company's management evaluated the effectiveness, as of June 30, 2013, of the Company's disclosure controls and procedures. The Company's chief executive officer and chief financial officer participated in the evaluation. Based on this evaluation, the Company's chief executive officer and chief financial officer concluded that the Company's disclosure controls and procedures were effective as of June 30, 2013.

Internal Control Over Financial Reporting

Internal control over financial reporting is defined in Rule 13a-15(f) promulgated under the Securities Exchange Act of 1934 as a process designed by, or under the supervision of, the Company's principal executive and principal financial officers and effected by the Company's Board, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with U.S. generally accepted accounting principles (GAAP) and includes those policies and procedures that:

- pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of assets of the Company;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. No change occurred during second quarter 2013 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.
