## **ORDER**

**WHEREAS**, pursuant to its home rule power, the City of Chicago may exercise any power and perform any function relating to its government and affairs, including the power to regulate for the protection of the public health, safety, morals, and welfare; and

**WHEREAS**, the National Transportation and Safety Board (NTSB) has conducted several investigations establishing that DOT-111 tank cars have a high incidence of failure during crashes; and

**WHEREAS**, according to the NTSB, DOT-111 cars have a higher rate of failure than those of pressure tank cars, such as DOT-105 or DOT-112, which have thicker shells and heads; and

**WHEREAS**, DOT-111 cars currently comprise approximately 69% of the nation's tank car fleet; and

**WHEREAS**, on June 19, 2009, 15 DOT-111 cars carrying ethanol derailed in Cherry Valley, IL; and

**WHEREAS**, after the derailment, the tank cars leaked fuel, which then ignited, causing a massive fireball which resulted in one fatality and the evacuation of 600 homes within a half-mile radius; and

**WHEREAS**, following its investigation into the Cherry Valley accident, the NTSB asked the U.S. Department of Transportation's Pipeline Hazardous Materials Safety Administration to "require that all newly manufactured and existing general service tank cars authorized for transportation of denatured fuel ethanol and crude oil in Packing Groups I and II have enhanced tank head and shell puncture resistance systems and top fittings protection that exceeds existing design requirements for DOT-111 tank cars"; and

**WHEREAS**, on July 6, 2013, a freight train with DOT-111 tank cars carrying crude oil derailed in Lac-Megantic, Quebec, causing a fiery explosion which devastated the center of town and killed three dozen people; and

**WHEREAS**, with a railroad network of approximately 7,400 miles, Illinois' rail system is the country's second largest; and

**WHEREAS**, the Chicago and St. Louis terminal switching districts are the two key points of interchange between rail systems nationwide and handle more than 40,000 rail cars on a typical weekday; and

**WHEREAS**, in 2010, railroads in Illinois handled approximately 33.712 million tons of hazardous materials; and

**WHEREAS**, the City of Chicago hereby declares DOT-111 tank cars carrying hazardous materials to be a public nuisance, which constitutes a serious threat to the public health, safety and welfare; now, therefore

**BE IT ORDERED**, that the Corporation Counsel of the City of Chicago is hereby ordered to take legal action against the operators of dangerous and defective DOT-111 tank cars to enjoin their use within the City of Chicago; and

**BE IT FURTHER ORDERED**, that the Corporation Counsel is hereby ordered to take all necessary action to formally petition the U.S. Department of Transportation's Pipelines and Hazardous Materials Safety Administration to promulgate rules that will mandate the retrofit of existing DOT-111 tank cars, which will enhance the safe transportation of hazardous materials within the City of Chicago.

## **RESOLUTION**

**WHEREAS**, by ordinance passed on September 27, 2000, and published at pages 41583-41613 of the Journal of Proceedings of the City Council of that date, the City Council awarded a concession to Hudson JRE Midway Joint Venture ("Hudson Midway") for operation of a concession at Chicago Midway Airport ("Midway"); and

**WHEREAS**, by ordinance passed on April 11, 2007, and published at pages 102507-102547 of the Journal of Proceedings of the City Council of that date, the City Council awarded a concession to Hudson News – O'Hare Joint Venture ("Hudson O'Hare") for operation of a concession at Chicago O'Hare International Airport ("O'Hare"); and

**WHEREAS**, although nominally different entities, Hudson Midway and Hudson O'Hare both include Hudson News Company, doing business as The Hudson Group ("Hudson") in their ownership; and

**WHEREAS**, on its company website, Hudson claims both Hudson Midway and Hudson O'Hare as part of Hudson; and

**WHEREAS**, Hudson O'Hare and Hudson Midway serve substantially the same purpose, offering substantially the same product lines to travelers in and out of Midway and O'Hare; and

**WHEREAS**, in spite of claimed common ownership and common product lines, Hudson does not maintain a common pay scale for workers at Midway and O'Hare; and

**WHEREAS**, workers at Hudson Midway are paid an average hourly wage of \$8.92, while Hudson O'Hare employees receive an average of \$10.05 per hour – a difference of 12.7%; and

**WHEREAS**, Hudson Midway employees have no pension program and are not guaranteed raises, while Hudson O'Hare employees have a pension program and have received two raises in the past year; and

**WHEREAS**, the injustice of such varied treatment of similarly situated employees is obvious, and must be dealt with; and

**WHEREAS**, as the entity that has legal authority to award, renew or deny renewal of concessions at O'Hare and Midway, this City Council is in a unique position to assist the cause of justice; now, therefore,

**BE IT RESOLVED** that the City Council of the City of Chicago, through its Committee on Aviation, conduct one or more hearings to examine the conduct and business practices of The Hudson Group at Chicago Midway Airport; and

**BE IT FURTHER RESOLVED** that the Commissioner of Aviation shall send one or more knowledgeable representatives of the Department of Aviation to inform the Committee regarding this matter; and

**BE IT FURTHER RESOLVED** that the Chairman of the Committee on Aviation and the Commissioner of Aviation shall invite the Hudson Group to explain its compensation system and personnel practices at Chicago Midway Airport and compare that system and those practices to their counterparts at The Hudson Group's operations at Chicago O'Hare International Airport; and

**BE IT FURTHER RESOLVED** that other interested and knowledgeable persons and entities be invite to testify in the subject hearings.
