Re: 618-22 North Ashland Avenue, Chicago, IL

Dear Property Owner:

In accordance with the requirements for an Amendment to the Chicago Zoning Ordinance, specifically Section 17-13-0107, please be informed that on or about January 21, 2015 the undersigned will file an Application for a change in zoning from B3-2, Community Shopping Zoning District to B2-3, Neighborhood Mixed-Use Zoning District on behalf of the Applicant, Ashland Condos Inc., for the property located at 618-22 North Ashland Avenue, Chicago, Illinois.

The undersigned, David L. Reifman, an attorney with the law firm of DLA Piper LLP (US), which firm represents Unilever Manufacturing (US), Inc., the applicant for an amendment to the Chicago Zoning Ordinance and proposed planned development, certifies that he has complied with the requirements for Section 17-13-0107 of the Chicago Zoning Ordinance by sending written notice to such property owners who appear to be the owners of the property within the subject area not solely owned by the applicant, and to the owners of all property within 250 feet of each direction of the lot line of the subject property, exclusive of public roads, streets, alleys and other public ways. Unilever

Dear Neighbor:

Enclosed you will find our formal legal notice regarding our plans to re-zone property that is currently owned and occupied by Unilever or vacant and generally located between West 26th Street and West 31st Street and between South Kostner Avenue and the railroad tracks to the west to a Planned Development. This property includes the existing approximately 15-acre Unilever property located on South Kilbourn Avenue between West 28th Street and West 31st Street as well as an approximately 26-acre parcel that Unilever is in the process of acquiring located at the corner of 26th and Kostner. This rezoning request only applies to property owned or to be acquired by Unilever, and does not apply to any other properties.

Unilever is in the process of procuring the 26-acre parcel to enable future expansion of the existing factory on Kilbourn Avenue. We have been and will continue working with the Alderman and community organizations to develop a plan that is also responsive to community needs. The proposed zoning change will allow Unilever to expand its current manufacturing operations and enable growth.

We look forward to continuing to work with you on this exciting project. As always, please do not hesitate to contact me at (773) 446-5210 if you have any questions regarding this proposed zoning change.

With Kindest Regards,

R Mark Carter

Summary of Clinton Proceeding

On December 5, 2013, the Applicant entered a plea agreement with the United States Attorney's Office for the District of Connecticut (USAO) and the United States Environmental Protection Agency (USEPA) related to a single incident on December 5, 2008 at its former Clinton, CT manufacturing facility. The incident involved two non-managerial wastewater operators who bypassed portions of the facility's wastewater treatment system. While the Applicant voluntarily reported the bypass, it did not notify the Connecticut Department of Energy and Environment (CT DEEP) within two hours of becoming aware of the bypass, as required by the facility's then-existing CT DEEP permit. The USEPA's investigation established that the bypass was concealed from and unknown to the Applicant's management. The Applicant is aware of no evidence that any release resulted in harm to fish, other wildlife or drinking water.

Under the terms of the agreement, the Applicant has agreed to plead guilty to two counts of violating the federal Clean Water Act and will pay a $1 million fine. The Applicant will also make a $3.5 million charitable donation to the Connecticut Statewide Supplemental Environmental Program. The donation will be used to: a) establish the Connecticut Resiliency and Climate Adaptation Center; and, b) fund various beneficial projects proposed by the Town of Clinton and approved by the CT DEEP. The Applicant also agreed to continue with its established program of conducting third-party inspections of each of its manufacturing facilities in the US at least once during the three-year probationary period and, will provide a report to the government describing the inspection results. The Applicant will also provide certain environmental training to facility personnel and those that advise the manufacturing locations.

Separately, the Applicant reached an agreement with the CT DEEP in connection with the State's civil enforcement proceeding stemming from the incident. As part of its agreement with the State, the Applicant will implement certain facility closure activities at its former Clinton factory. The State's $100,000 civil penalty will be satisfied by the Applicant's payment to the Connecticut Supplemental Environmental Program.

The government contact for the federal proceeding is: Ray Miller, Assistant US Attorney, USAO District of Connecticut, Connecticut Financial Center, 157 Church Street, 23rd Floor, New Haven, CT 06510, (203) 821-3825. The government contact for the State proceeding is: Matthew I. Levine, Assistant Attorney General, 55 Elm Street, P.O. Box 120, Hartford, CT 06141-0210, (860)808-5250.

Summary of Clinton Proceeding

On December 5, 2013, the Applicant entered a plea agreement with the United States Attorney's Office for the District of Connecticut (USAO) and the United States Environmental Protection Agency (USEPA) related to a single incident on December 5, 2008 at its former Clinton, CT manufacturing facility. The incident involved two non-managerial wastewater operators who bypassed portions of the facility's wastewater treatment system. While the Applicant voluntarily reported the bypass, it did not notify the Connecticut Department of Energy and Environment (CT DEEP) within two hours of becoming aware of the bypass, as required by the facility's then-existing CT DEEP permit. The USEPA's investigation established that the bypass was concealed from and unknown to the Applicant's management. The Applicant is aware of no evidence that any release resulted in harm to fish, other wildlife or drinking water.

Under the terms of the agreement, the Applicant has agreed to plead guilty to two counts of violating the federal Clean Water Act and will pay a $1 million fine. The Applicant will also make a $3.5 million charitable donation to the Connecticut Statewide Supplemental Environmental Program. The donation will be used to: a) establish the Connecticut Resiliency and Climate Adaptation Center; and, b) fund various beneficial projects proposed by the Town of Clinton and approved by the CT DEEP. The Applicant also agreed to continue with its established program of conducting third-party inspections of each of its manufacturing facilities in the US at least once during the three-year probationary period and, will provide a report to the government describing the inspection results. The Applicant will also provide certain environmental training to facility personnel and those that advise the manufacturing locations.

Separately, the Applicant reached an agreement with the CT DEEP in connection with the State's civil enforcement proceeding stemming from the incident. As part of its agreement with the State, the Applicant will implement certain facility closure activities at its former Clinton factory. The State's $100,000 civil penalty will be satisfied by the Applicant's payment to the Connecticut Supplemental Environmental Program.

The government contact for the federal proceeding is: Ray Miller, Assistant US Attorney, USAO District of Connecticut, Connecticut Financial Center, 157 Church Street, 23rd Floor, New Haven, CT 06510, (203) 821-3825. The government contact for the State proceeding is: Matthew I. Levine, Assistant Attorney General, 55 Elm Street, P.O. Box 120, Hartford, CT 06141-0210, (860)808-5250.

Dear Property Owner or Resident:

In accordance with the requirements for an Amendment to the Chicago Zoning Ordinance, specifically Section 17-13-0107, please be informed that on December 22, 2014, the undersigned filed an application for a change in zoning from RS-3 Residential Single-Unit (Detached House) District to RM-4.5 Residential Multi-Unit District on behalf of the applicant/owner, **Gunnison Firehouse LLC,** for the property located at 1217-1219 W. Gunnison St.

The applicant intends to adapt the vacant two-story, 3,988 square foot firehouse building on the subject property to residential use, constructing four dwelling units within the firehouse building and four parking spaces at the rear of the subject property. The one-story building on the subject property, which is located to the rear and adjacent to the firehouse building, will be razed.
