Committee(s) Assignment:	Committee on Committees, Rules and Ethics

Committee on Finance

ORDINANCE

WHEREAS, on November 19, 2013, affiliates of JPMorgan Chase & Co. and the U.S. Justice Department reached a record $13 billion civil settlement related to JPMorgan's mortgage security business activities; and

WHEREAS, between 2005 and 2007, JPMorgan purchased loans for the purpose of packaging and selling residential mortgage-backed securities; and

WHEREAS, before purchasing loans from third parties, employees at JPMorgan conducted due diligence to confirm, among other things, that the loans complied with the originator's underwriting guidelines; and

WHEREAS, through that due diligence process, JPMorgan employees were informed by due diligence vendors that a number of the loans included in at least some of the loan pools that it purchased, and subsequently securitized, did not comply with the originators' underwriting guidelines, and, in the vendor's judgment, did not have sufficient compensating factors, and that a number of the properties securing the loans had appraised values that were higher than the values derived in due diligence testing from automated valuation models, broker price opinions or other valuation due diligence methods; and

WHEREAS, JPMorgan represented to investors in various offering documents that loans in the securitized pools were originated generally in conformity with the loan originator's underwriting guidelines, and that exceptions were made based on compensating factors determined after careful consideration on a case-by-case basis; and

WHEREAS, the offering documents further represented, with respect to representations and warranties made to JPMorgan by sellers and originators of the loans, that JPMorgan would not include any loan in a pool being securitized if anything has come to JPMorgan's attention that would cause it to believe that the representations and warranties of a seller or originator would not be accurate and complete in all material respects; and

WHEREAS, notwithstanding these representations, in certain instances, at the time these representations were made to investors, the loan pools being securitized contained loans that did not comply with the originators' underwriting guidelines; and

WHEREAS, in January of 2014, JPMorgan agreed to pay $1.7 billion to the U.S. Justice Department as part of a deferred-prosecution stemming from two felony violations of the Bank Secrecy Act, a federal law that requires banks to alert authorities to suspicious activity; and

WHEREAS, the settlement stems from charges that JPMorgan turned a blind eye to the Ponzi scheme run by Bernard L. Madoff; and

WHEREAS, pursuant to the agreement, JPMorgan consented to the filing of a two-count Information in the United States District Court for the Southern District of New York, charging JPMorgan with failure to maintain an effective anti-money laundering program, in violation of Title 31, United States Code, Sections 5318(h) and 5322(a) and Title 12, Code of Federal Regulations, Section 21.21, and failure to file a suspicious activity report, in violation of Title 31, United States Code, Sections 5318(g) and 5322(a) and Title 12, Code of Federal Regulations, Section 21.11; and

WHEREAS, pursuant to the agreement, JPMorgan admitted and stipulated to certain facts related to its banking relationship with Madoff and its conduct relevant to the aforementioned criminal charges; and

WHEREAS, according to reports, U.S. prosecutors and regulators are also examining whether JPMorgan violated the Foreign Corrupt Practices Act by hiring children and other relatives of well-connected politicians in hopes of steering business to the firm in the Asia Pacific region, including China; and

WHEREAS, Section 1-23-020(a) of the Municipal Code of Chicago provides that no business entity shall be eligible to do business with the city if it or any controlling person of such business entity has been convicted of a felony or of a criminal offense of whatever degree, involving bribery, theft, fraud, forgery, perjury, dishonesty or deceit, or attempts thereof; and

WHEREAS, pursuant to an ordinance adopted by the City Council of the City of Chicago on May 12, 2010, and published in the *Journal of Proceedings of the City Council of the City of Chicago* for such date at pages 89665 through 89667 inclusive, the City Council of the City of Chicago adopted an ordinance designating financial institutions as legal depositories for the monies of the City of Chicago and the Board of Education of the City of Chicago; now therefore

RESOLUTION

WHEREAS, Veterans of the United States Armed Forces have served our Country with distinction and courage, and it is incumbent upon the government to assist these loyal Americans as they return from their tours of duty by making their transitions back to civilian life as smooth as possible; and

WHEREAS, Our veterans face myriad challenges, including Post Traumatic Stress Disorder, a lack of job opportunities, barriers to reintegrating themselves into their families and communities, and a high incidence of substance abuse; and

WHEREAS, Tragically, many returning servicemen and women find themselves incapable of coping with these challenges – a 2012 study by the Veterans Health Administration revealed that veterans accounted for a shocking 22 percent of suicides in the United States between 1999 and 2010; and

WHEREAS, Expressed another way, the 2012 study revealed that more than 20 veterans were committing suicide every day; and

WHEREAS, In January 2014, the Veterans Health Administration released a follow-up study revealing that, in 2011, the suicide rate actually increased for all female veterans and for male veterans under 30, especially those between the ages of 18 and 24; and

WHEREAS, Since 2007, the United States Department of Veterans Affairs has taken numerous steps to reduce suicides, including the creation of the Veterans Crisis Line, a 24-hour hotline dedicated to assisting veterans on a wide range of issues; and

WHEREAS, These efforts, while important, are not enough – the men and women of the United States Armed Forces deserve far more vigorous support in gratitude for their valiant efforts in defense of our security; and

WHEREAS, Americans, operating through every level of government, should prioritize the welfare of our veterans by, among other things, allowing them ample job opportunities upon their return to civilian life, and providing any and all other forms of support necessary to make their post-military lives as rewarding and meaningful for them as their military service has been for all of us; now, therefore,

BE IT RESOLVED, That we, the Mayor and Members of the City Council of the City of Chicago, assembled this fifteenth day of January, 2014, do hereby call upon the City Council's Committee on Human Relations to hold a hearing to explore what can be done to better identify the root causes of suicide among veterans, to implement strategies to reduce such suicides, and to promote education and other efforts to assist the federal government in this cause; and

BE IT FURTHER RESOLVED, That representatives of the United States Department of Veterans Affairs be invited to attend the hearing and present testimony on this important and heart-rending issue.

Committee(s) Assignment:	Committee on Health and Environmental Protection

WHEREAS, the Great Lakes comprise almost 20% of the world's surface fresh water and 95% of North America's fresh surface water, and supply drinking water to more than 40 million U.S. and Canadian residents; and

WHEREAS, Lake Michigan alone contains 4.3% of the world's fresh surface water, less than 1% of which is renewed annually; and

WHEREAS, Lake Michigan supplies drinking water to more than 8 million Illinoisans and to all of the people of the city of Chicago; and

WHEREAS, Chicago's Lake Michigan shoreline parks and beaches provide unrivaled and vital recreational, quality of life and economic benefits to the city of Chicago, its residents and its visitors;

WHEREAS, Chicago's Lake Michigan marinas comprise the largest municipal harbor system in the Great Lakes and the nation;

WHEREAS, Lake Michigan is threatened by pathogens that close beaches; sewage overflows that cloud the Chicago River and the lake; invasive species that disrupt infrastructure, damage boating and fishing and cost the region hundreds of millions of dollars each year; and toxic contamination of sediments that threatens the health of people and wildlife; and

WHEREAS, the Great Lakes region has recognized the cost of addressing these threats at more than $20 billion and joined together in an unprecedented collaborative effort of governors, mayors, tribes, businesses, non-governmental organizations and federal leaders to protect and restore the Great Lakes under the Great Lakes Restoration Initiative; and

WHEREAS, economists have found that every $1 invested to restore the Great Lakes leads to at least $2 in economic benefit; and

WHEREAS, since 2010 the White House and a strong bipartisan coalition in Congress have provided more than $1.3 billion for this Initiative; and

WHEREAS, the Great Lakes Restoration Initiative has been highly successful and is producing results on the ground around the region and in Chicago, such as the restoration of Northerly Island and the Calumet region, cleanup and protection of Chicago's beaches, the restoration of the Chicago River and the engagement of thousands of Chicago youth and adults in this work; and

WHEREAS, much work remains to be carried out under the Initiative, and this work will only get more expensive and challenging if delayed; and

WHEREAS, in 2013 Members of Congress proposed severe cutbacks to the Initiative; and

WHEREAS, a strong bipartisan coalition of Members of Congress and the President remain fully committed to the implementation of the Initiative; therefore

Be It Resolved, we call upon Congress to restore funding for the Great Lakes Restoration Initiative at $300 million to protect our lakes, our drinking water, our quality of life, our economic vitality and the health of our families and children.

RESOLUTION

WHEREAS, United States Senators Mark Kirk and Dick Durbin have proposed naming the U.S. Bureau of Alcohol, Tobacco, Firearms and Explosives headquarters in Washington, D.C. in honor of Chicago native and Prohibition-era crime fighter Eliot Ness, the leader of the legendary Untouchables; and

WHEREAS, The Chicago City Council has been informed of this proposal by Alderman Edward M. Burke; and

WHEREAS, Jonathan Eig, author of *Get Capone: The Secret Plot that Captured America's Most Wanted Gangster,* has voiced opposition to the proposal, saying that Ness fell short of his legendary reputation; and

WHEREAS, Jonathan Eig argues that Eliot Ness did not deserve the credit for putting mobster Al Capone behind bars and in fact played no role in the prosecution of Al Capone; and

WHEREAS, Eliot Ness reportedly suffered from bouts of heavy drinking and had a checkered career after leaving the federal government; and

WHEREAS, During the 1930s, Eliot Ness served as the Public Safety Director of Cleveland and was compelled to resign after a late-night drunken driving incident and a high-profile failure to solve a series of bloody murders; and

Title:	Call for Chicago Board of Education to suspend voting on any charter school expansion until comprehensive analysis for such expansion is available
Committee(s) Assignment:	Committee on Committees, Rules and Ethics

NEW PROCESS FOR NEW SCHOOLS RESOLUTION

WHEREAS, in August 2013, Chicago Public Schools issued a request for proposals for new charter schools to open in the 2014-2015 and 2015-2016 school years with the stated purpose of relieving overcrowding; and

WHEREAS, the Chicago Board of Education voted in May 2013 to close 50 local public schools, stating that downsizing the school district was necessary to address its budget deficit; and

WHEREAS, by CPS closing schools last year, they divested $149 million dollars away from 50 schools within 19 wards, and additionally cut $17 million from the CPS schools that remained open in those wards.

WHEREAS, having 64% (74) of all charters in the city within 19 wards – was a direct cause of the local public schools being "under-utilized" and eventually closing; and

WHEREAS, Chicago Public Schools has increased its spending citywide on charter schools by more than $143 million within the last two years, while the budgets of local public schools have been cut by $351 million; and

WHEREAS, CPS increased the funding of 74 charters by $42 million dollars within the 19 wards that had schools closed; and

WHEREAS, if Chicago's Board of Education approves the current 21 proposals for new charter schools, it will cost an additional $225 million over the next 10 years to operate these new schools; and

WHEREAS, Chicago Public Schools has not produced an analysis of the potential negative effects a charter expansion could have on existing schools and their surrounding communities; and

WHEREAS, there are more targeted and cost-effective approaches to relieving school overcrowding, such as attendance boundary shifts, mobile units, annex construction, and leasing additional space; and

WHEREAS, a significant number of the charter proposals that are being considered through the Request for Proposals are not located in the areas CPS has prioritized for new schools; and

WHEREAS, there is no clear evidence that Chicago's charter schools provide higher-quality educational opportunities than its traditional public schools; and

WHEREAS, the Chicago City Council approved the creation of an Independent Budget Office in December of 2013 tasked with providing an independent analysis of financial matters related to the City of Chicago; and

WHEREAS, the Chicago Board of Education is scheduled to vote on the proposed charter school expansion on January 22, 2014;

WHEREAS, the State of Illinois requires Chicago Public Schools to request proposals for new charter schools on an annual basis; now, therefore

BE IT RESOLVED, that we hereby urge the Chicago Board of Education to suspend voting on any proposed charter school expansion – including that which is scheduled to be considered on January 22, 2014 – until a comprehensive analysis of the proposed expansion that is available to the public and includes the following elements:

(a) A detailed analysis of the additional capacity created by each proposed new school site and the utilization rates of the surrounding schools in the area conducted by Chicago Public Schools;
(b) A cost-benefit analysis of all available options for addressing identified overcrowding conducted by the City Council's Independent Budget Office;
(c) A fiscal analysis conducted and made public by the City Council's Independent Budget Office on the impact of charter school expansion, detailing the additional public funds that would be required, the impact on Chicago Public Schools' overall budget, and the particular impact on the budgets of existing traditional public schools in the communities targeted for charter school expansion;
(d) An analysis of each proposed charter school's target population and how it compares to the overall student population in the area, taking account of race, gender, socioeconomic status, English language learners, and students with special needs conducted by Chicago Public Schools;
(e) An analysis of existing funding disparities between charter schools and traditional public schools, and the impact that has had on students' educational opportunities conducted by the City Council's Independent Budget Office; and
(f) All available evidence demonstrating why the proposed charter school will: lead to a reduction in the achievement gap of low-income students of color, adequately providing educational opportunities to English Language Learners, and students with special educational needs, demonstrate the ability to retain and graduate high school students within five-years of enrollment, and provide additional evidence of any other significantly improved educational outcomes for Chicago's students, provided by the charter applicant and reviewed by Chicago Public Schools

BE IT FURTHER RESOLVED, that we hereby urge Chicago Public Schools to collaborate with the City Council to ensure that the communities affected by any proposed charter school expansion are properly informed of the implications of these decisions and provided with meaningful opportunities to participate in the decision-making process. At a minimum, a consortium of Local School Councils and Aldermen from the communities targeted for charter school expansion should host public forums in which the analysis described above is shared and community members are given the opportunity to provide input. We suggest that the Local School Councils then hold a vote of their school communities to assess the support for the new charter school along with the support for any alternative proposals. It is our recommendation that all such input and voting results be reported to the Chicago Board of Education and weighted heavily as they finalize their decisions on any proposed charter school expansion moving forward.

RESOLUTION MEMORIALIZING THE FEDERAL TRADE COMMISSION TO REQUIRE ANTI-THEFT SOFTWARE ON ALL SMARTPHONES

WHEREAS, On March 28, 2011, a 68-year-old woman died after being shoved down the stairs at the CTA's Fullerton station by a 17-year-old who fled with an iPhone he stole on a train; and

WHEREAS, On the morning of January 13, 2014, a 17-year-old girl was waiting at a bus stop on her way to school when a man walked up and demanded her cell phone. Before the girl had a chance to respond, the robber shot her in the stomach; and

WHEREAS, 113 smartphones are stolen every minute in the United States. In New York City, those thefts account for 14 percent of all crime. The Federal Trade Commission cites one out of three robberies nationwide involves the theft of a mobile phone.

WHEREAS, Secure Our Smartphones (SOS), an initiative spearheaded by a coalition of law enforcement officials co-chaired by New York Attorney General Eric Schneiderman and San Francisco District Attorney George Gascon, is comprised of consumer groups, law enforcement agencies and elected leaders from across the country including Illinois Attorney General Lisa Madigan. SOS advocates a "kill switch", such as featured on the latest iPhone operating system, that allows the rightful owner to wipe all data from a stolen phone, thus rendering any stolen smartphone inoperable on any network, anywhere in the world. Therefore, the incentive to steal them would be eliminated; and

WHEREAS, It is incumbent upon this legislative body to add its support to such a commonsense solution, especially in the face of mounting evidence that such incidents of smartphone thefts are becoming increasingly violent; now therefore

BE IT RESOLVED That we, the undersigned members of the City of Chicago City Council, gathered together on this 15th Day of January, 2014, do hereby call upon the Federal Communications Commission to expeditiously promulgate such rules and regulations in the interest of public safety that will mandate the installation of software in smartphones that would render them inoperable if they have been stolen.

BE IT FURTHER RESOLVED That suitable copies of this resolution be prepared and presented to Chairman of the Federal Communications Commission Tom Wheeler, New York Attorney General Eric Schneiderman, San Francisco District Attorney George Gascon and Illinois Attorney General Lisa Madigan.
