Dear Chairman Solis and Chairman Cabrera:

The undersigned, Jesse W. Dodson, an attorney with the law firm of DLA Piper LLP (US), which firm represents AP UF 830 N Milwaukee LLC, the applicant for an amendment to the Chicago Zoning Ordinance and proposed planned development, certifies that he has complied with the requirements for Section 17-13-0107 of the Chicago Zoning Ordinance by sending written notice to such property owners who appear to be the owners of the property within the subject area not solely owned by the applicant, and to the owners of all property within 250 feet of each direction of the lot line of the subject property, exclusive of public roads, streets, alleys and other public ways. Said written notice was sent by First Class U.S. Mail, no more than 30 days before filing the application.

The undersigned certifies that the notice contained the address of the property sought to be rezoned; a statement of the intended use of the property; the name and address of the applicant; the name and address of the owner; a statement that the applicant intends to file the application for change in zoning on approximately April 2, 2014, and a source for additional information on the application.

The undersigned certifies that he has made a bona fide effort to determine the addresses of the parties to be notified under Section 17-13-0107 of the Chicago Zoning Ordinance, and that the accompanying list of names and addresses of surrounding property owners within 250 feet of the subject site is a complete list containing the names and addresses of the people required to be served.

FIRST CLASS MAIL

Dear Sir or Madam:

As required by Section 17-13-0107 of the Municipal Code of the City of Chicago, please be informed that on or about April 2, 2014, the undersigned, on behalf of AP UF 830 N Milwaukee LLC (the "Applicant"), intends to file an application to rezone the property located at 822-834 N. Milwaukee Avenue, Chicago, Illinois from the C1-2 Neighborhood Commercial District to the C1-3 Neighborhood Commercial District and then to a Residential-Business Planned Development. A map of the development site is printed on the reverse side of this letter.

The development site is currently improved with a one-story commercial building. The Applicant seeks approval of plans for a new 6-story building containing up to 45 dwelling units, ground floor commercial uses, on-site parking and accessory uses.

The proposed change of zoning does *not* apply to your property. You are receiving this notice as required by the Chicago Municipal Code because the Cook County Assessor's records indicate that you own property within 250 feet of the development site.

I am an authorized representative of the Applicant and my address is 203 North LaSalle Street, Suite 1900, Chicago, IL 60601. The Applicant's address is 640 N. LaSalle Street, Suite 275, Chicago, Illinois 60654. The development site is currently owned by Yazoo City R/E Corp., whose address is 264 Hunt Club Drive, Valparaiso, Indiana 46385.

Please contact me at 312-368-8164 with questions or to obtain additional information.

Very truly yours,

DLA Piper LLP (US)

Jesse W. Dodson

Dear Chairman Solis and Chairman Cabrera:

The undersigned, Katherine C. Jahnke Dale, an attorney with the law firm of DLA Piper LLP (US), which firm represents 171 Partners LLC, the applicant for an amendment to the Chicago Zoning Ordinance and proposed planned development, certifies that she has complied with the requirements for Section 17-13-0107 of the Chicago Zoning Ordinance by sending written notice to such property owners who appear to be the owners of the property within the subject area not solely owned by the applicant, and to the owners of all property within 250 feet of each direction of the lot line of the subject property, exclusive of public roads, streets, alleys and other public ways. Said written notice was sent by First Class U.S. Mail, no more than 30 days before filing the application.

The undersigned certifies that the notice contained the address of the property sought to be rezoned; a statement of the intended use of the property; the name and address of the applicant; the name and address of the owner; a statement that the applicant intends to file the application for change in zoning on approximately March 26, 2014, and a source for additional information on the application.

The undersigned certifies that she has made a bona fide effort to determine the addresses of the parties to be notified under Section 17-13-0107 of the Chicago Zoning Ordinance, and that the accompanying list of names and addresses of surrounding property owners within 250 feet of the subject site is a complete list containing the names and addresses of the people required to be served.

Very truly yours,

FIRST CLASS MAIL

Dear Sir or Madam:

As required by Section 17-13-0107 of the Municipal Code of the City of Chicago, please be informed that on or about March 26, 2014, the undersigned, on behalf of 171 Partners LLC (the "Applicant"), intends to file an application to rezone the property located at 171-185 North Halsted Street; 729-741 West Lake Street and 728-740 West Couch Place, Chicago, Illinois from the DX-7 Downtown Mixed-Use District to a Residential-Business Planned Development. A map of the development site is printed on the reverse side of this letter.

The development site currently consists of a one-story commercial building. The application seeks approval of plans for a new 28-story building consisting of approximately 227 dwelling units, ground floor retail/commercial uses, on-site parking and accessory uses.

The proposed change of zoning does *not* apply to your property. You are receiving this notice as required by the Chicago Municipal Code because the assessor's tax records indicate that you own property within 250 feet of the proposed Planned Development.

I am an authorized representative of the Applicant and my address is 203 North LaSalle Street, Suite 1900, Chicago, IL 60601. The Applicant is the owner of the Property. The Applicant's address is 120 North Green, Chicago, Illinois 60607.

Please contact me at 312-368-7243 with questions or to obtain additional information.

Very truly yours,

Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance ("Residential Project") must: (i) develop affordable housing units as part of the Residential Project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). Pursuant to Section 2-45-110(b)(4)(iii), the developer may elect to satisfy the AHO requirements by complying with the affordable housing floor area bonus provided for in Section 17-4-1004. Applicant has elected to comply with Section 17-4-1004. Pursuant to Section 17-4-1004-B of the Zoning Ordinance, the Applicant has requested an increase in the floor area ratio, as set forth in the bonus worksheet required under Section 17-4-1003-D and described above in Statement 4 ("Bonus Worksheet"). In accordance with the formulas set forth in Section 17-4-1004-C and the Bonus Worksheet, the Applicant acknowledges and agrees that it must provide either affordable units in the building receiving the affordable housing floor area bonus ("Eligible Building") consisting of at least 9,846 square feet of floor area (the "Affordable Units"), or make a cash payment in lieu of providing affordable housing in the amount of $913,703 ("Cash Payment"). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Eligible Building and will constitute a lien against each Affordable Unit in an amount equal to the Pro Rata Amount. The City shall execute a full release of the Affordable Housing Agreement upon the City's receipt of the Cash Payment and partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. In addition to the Affordable Housing Agreement, the Applicant acknowledges and agrees that, pursuant to Section 17-4-1003-D3, the Bonus Worksheet will serve as an official record of bonuses and amenities. The Applicant must comply with the applicable affordable housing standards and requirements set forth in Section 17-4-1004, the terms of which are incorporated herein by this reference. Notwithstanding anything to the contrary contained in Section 17-4-1004-E, the Commissioner of the Department of Planning and Development may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

On _____, the Landmarks Commission approved a Scope of Work and Budget for the Landmark Project, providing for the expenditure of $730,963 in project costs, of which $730,963 corresponds to a floor area bonus of 1.40. The agreement shall be in a form approved by the Corporation Counsel and shall be executed and submitted to DPD prior to the issuance of any approvals pursuant to Section 17-13-0610 of the Chicago Municipal Code. The terms and conditions of the Landmark Project Scope of Work and Budget may be modified administratively by the Commissioner in accordance with the provisions of Statement 12 of this Planned Development and as described in the Landmark Project Scope of Work and Budget. Upon completion of the work related to the Landmark Project, the Applicant shall apply to the

Landmarks Commission for the issuance of a Certificate of Completion of the Landmark Project. The Applicant shall provide written notice of said application to the Landmarks Commission, the Office of the Zoning Administrator, the Department of Law, and DPD. The work described on the Landmark Project Scope of Work and Budget must be completed and a Certificate of Completion of the Landmark Project must be obtained from the Commission on Chicago Landmarks prior to the issuance of any certificate of occupancy for the Property.

18. FIRST CLASS MAIL

Dear Sir or Madam:

As required by Section 17-13-0107 of the Municipal Code of the City of Chicago, please be informed that on or about March 26, 2014, the undersigned, on behalf of Chicago Title Land Trust Company, as Trustee under Trust Agreement dated December 12, 2012 and known as Trust No. 8002360838 (the "Applicant"), intends to file an application to rezone the property located at 1212-1236 W. Madison Street, 1-9 N. Elizabeth Street, Chicago, IL 60607, from the C1-3 Neighborhood Commercial District and C2-3 Motor Vehicle-Related District to a Residential-Business Planned Development. A map of the subject property is printed on the reverse side of this letter.

The subject property contains an existing 5-story building located at 1222 W. Madison Street containing up to 59 dwelling units. The subject property also includes a vacant parcel of land consisting of approximately 15,262 square feet. The Applicant seeks approval to construct an addition to the existing building on the vacant parcel, including 46 dwelling units, ground floor retail/commercial uses, on-site parking and accessory uses. The proposed addition, at 5 stories, will be similar in scale to the existing building. The combined building will contain a maximum of 105 dwelling units.

The proposed change of zoning does *not* apply to your property. You are receiving this notice as required by the Chicago Municipal Code because the assessor's tax records indicate that you own property within 250 feet of the proposed Planned Development.

I am an authorized representative of the Applicant and my address is 203 North LaSalle Street, Suite 1900, Chicago, IL 60601. The Applicant is the owner of the Property. The Applicant's address is c/o Fifield Companies, 222 S. Riverside Plaza, Suite 600.

Please contact me at 312-368-7243 with questions or to obtain additional information.

Very truly yours,

DLA Piper LLP (US)

Dear Chairman Solis and Chairman Cabrera:

The undersigned, Katherine C. Jahnke Dale, an attorney with the law firm of DLA Piper LLP (US), which firm represents 4K Diversey Partners, LLC, the applicant for an amendment to the Chicago Zoning Ordinance and proposed planned development, certifies that she has complied with the requirements for Section 17-13-0107 of the Chicago Zoning Ordinance by sending written notice to such property owners who appear to be the owners of the property within the subject area not solely owned by the applicant, and to the owners of all property within 250 feet of each direction of the lot line of the subject property, exclusive of public roads, streets, alleys and other public ways. Said written notice was sent by First Class U.S. Mail, no more than 30 days before filing the application.

The undersigned certifies that the notice contained the address of the property sought to be rezoned; a statement of the intended use of the property; the name and address of the applicant; the name and address of the owner; a statement that the applicant intends to file the application for change in zoning on approximately March 13, 2014, and a source for additional information on the application.

The undersigned certifies that she has made a bona fide effort to determine the addresses of the parties to be notified under Section 17-13-0107 of the Chicago Zoning Ordinance, and that the accompanying list of names and addresses of surrounding property owners within 250 feet of the subject site is a complete list containing the names and addresses of the people required to be served.

Very truly yours,

FIRST CLASS MAIL

Dear Sir or Madam:

As required by Section 17-13-0107 of the Municipal Code of the City of Chicago, please be informed that on or about March 13, 2014, the undersigned, on behalf of 4K Diversey Partners, LLC (the "Applicant"), intends to file an application to (1) rezone the property located at 4000-4180 West Diversey Avenue and 4029-4153 West George Street, Chicago, Illinois (collectively, "Sub-Area A") from the M1-1 Limited Manufacturing/Business Park District to the C2-2 Neighborhood Commercial District and then to Residential - Business Planned Development and (2) rezone the property located at 4001-4145 West Diversey Avenue; 2716-26 North Pulaski Road; 4018-36 West Parker Avenue and 4100-34 West Parker Avenue, Chicago, Illinois (collectively, "Sub-Area B") from M1-1 Limited Manufacturing/Business Park District to Residential-Business Planned Development.

The development site currently consists of various one and multi-story brick and metal buildings and surface parking lots. The application seeks approval of plans for adaptive reuse of the existing buildings for industrial, self-storage, commercial, office and business live/work (approximately 82 units) uses and new construction on the surface parking lots south of Diversey with similar uses.

The proposed change of zoning does *not* apply to your property. You are receiving this notice as required by the Chicago Municipal Code because the assessor's tax records indicate that you own property within 250 feet of the proposed Planned Development.

I am an authorized representative of the Applicant and my address is 203 North LaSalle Street, Suite 1900, Chicago, IL 60601. The Applicant owns the subject property and its address is 4000 West Diversey, Chicago, Illinois 60639.

Please contact me at 312-368-7243 with questions or to obtain additional information.

Very truly yours,

Dear Property Owner or Resident:

In accordance with the requirements of the Chicago Zoning Ordinance, specifically Section 17-13-0107, please be informed that on or about March 26, 2014, I, the undersigned attorney, will file an application on behalf of the Applicant, Mercy Hospital and Medical Center, for a change in zoning from Residential Planned Development No. 986 to Residential-Institutional Planned Development No. 986, as amended, for the property generally located at 300-368 E. 26th St.; 2500-2558 S. The Applicant seeks an amendment to an existing Planned Development to allow vacant land and areas that are currently used as temporary parking lots to be used as a permanent parking lot serving Mercy Hospital, with approximately 511 parking spaces; realign an internal, private drive; and revise the boundary lines of Subareas 2 and 3.

The Applicant is Mercy Hospital and Medical Center, a not-for-profit corporation, whose address is 2525 S. Michigan Ave., Chicago, IL 60616-2477.

The Owner of the property is Mercy Hospital and Medical Center, a not-for-profit corporation, whose address is 2525 S. Michigan Ave., Chicago, IL 60616-2477; additional owners in Subarea 2 are Eastgate Village Homeowner's Association and Eastgate Condominium Association, both with addresses c/o FirstService Residential, 325 W. Huron St., Suite 600, Chicago, IL 60654.

I am the attorney for the Applicant and can provide additional information on the application. My address is 20 S. Clark St., Suite 400, Chicago, Illinois 60603.

Sincerely,

Richard A. Toth

All rights granted hereunder to the Applicant shall inure to the benefit of the applicant's successors and assigns and, if different than the applicant, the legal title holder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development (or any subarea of this Planned Development, as applicable) are made, shall be under single ownership or designated control. Single designated control is defined section 17-8-0400 of the Zoning Ordinance.

3. All applicable official reviews, approvals or permits are required to be obtained by the applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation on behalf of the Applicant or its successors, assign or grantees.

   Ingress or egress shall be pursuant to the plans and may be subject to the review and approval of the Departments of Planning and Development and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

   All work proposed in the public way must be designed and constructed in accordance with the Department of Transportation Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Prior to the issuance of any Part II approval, the submitted plans must be approved by the Department of Transportation.

4. This Plan of Development consists of these 17 Statements and the following items:

- Bulk Regulations and Data Table;
- Existing Zoning Map
- Surrounding Land Use Map
- Planned Development Boundary and Property Line Map
- Sub-Area Map
- Site Plan
- Site Plan (Subareas 3 and 4 only)
- Landscape Plan
- Landscape Plan (Schematic – Subareas 3 and 4 only)
- Landscape Plan (Partial #1 – Subarea 3)
- Landscape Plan (Partial #2 – Subareas 3 and 4)
- Building Elevations
- Green Roof Plan
- Sections

In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development Ordinance and the Zoning Ordinance, this Planned Development Ordinance shall control.

5. The property is divided into five (5) subareas as described on the Subarea Map:

- Subarea 1
- Subarea 1A
- Subarea 2
- Subarea 3
- Subarea 4

No Part II approval shall be granted for an individual building or buildings within a Subarea until the Commissioner of the Department of Planning and Development shall issue written approval of a Site Plan for the entire Subarea in which the proposed improvement is located. Site Plan approval is intended to assure that specific development proposals conform with this Planned Development and to assist the City in monitoring on-going development.

A Site Plan shall, at a minimum, provide the following information:

- Boundaries of development parcel or parcels;
- Building footprint or footprints;
- Building Façade Elevations and Heights;
- Dimensions of all setbacks;
- Location and depiction of all parking spaces (including relevant dimensions);
- Location and depiction of all loading berths (including relevant dimensions);
- All drives, roadways and vehicular routes;
- All landscaping (including species and size);
- All pedestrian circulation routes and points of ingress/egress (including sidewalks);
- All site statistics applicable to the development parcel or parcels including:
    - Floor area and floor area ratio as represented on submitted drawings;
    - Lot coverage as represented on submitted drawings;
    - Number of parking spaces provided;
    - Number of loading berths provided;
    - Uses of development parcel;

Changes or modifications to approved Site Plans may be made after approval of the Commissioner, so long as the Site Plan, as so changed or modified, substantially conforms with this Planned Development.

6. The following uses are permitted in the area delineated herein as a Residential-Institutional Planned Development:

Residential uses including attached townhouses, multi-unit three (+3) units residential buildings; assisted living (elderly custodial care), and accessory uses. Residential use is expressly permitted below the second (2^{nd}) floor.

Parking, Accessory

Parking, Non-Accessory (for hospital and medical center uses), including but not limited to small, manned and unmanned facilities and structures to control access to parking areas.

Accessory uses, as defined in Chicago Zoning Ordinance § 17-17-0206

7. The improvements on the property shall be designed, installed and maintained in substantial conformance with the Site Plan, Landscape and Building Elevations and in accordance with the parkway tree provisions of the Chicago Zoning Ordinance and corresponding regulations and guidelines. Garbage cans shall be stored indoors in garages and said requirement shall be expressly stated in the condominium documents for each dwelling unit.

Low-rise residential structures (townhouses three (3) unit, three (3), six (6) and nine (9) flat buildings, sixty (60) feet or less in height), shall substantially conform to the standards for the case of interior drives where garage doors face garage doors, the minimum separation shall be twenty (20) feet including all upper-story living spaces, Section 17-9-0117-E5 of the Zoning Code notwithstanding. All deviations from the requirements of Section 17-9-0117 of the Zoning Code approved in this Planned Development, Statements, Bulk Regulations and Data Table and exhibits, are unique to this Planned Development and shall not provide precedent for any other application, whether planned development or not.

Because South Dr. Martin Luther King, Jr. Drive ("King Drive") is a significant part of the City's boulevard system, the facades of the buildings along King Drive should be richly articulated and constructed with quality materials. It is preferred that all facades along King Drive include the front unit/building entrance. In cases where the entrance does not face King Drive, windows, including bays, and doors must comprise at least seventeen and five-tenths percent (17.5%) of the King Drive façade.

8. On-Premise signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-Premise signs are prohibited within the boundary of the Planned Development.

9. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations established by the Federal Aviation Administration.

10. The maximum permitted Floor Area Ratio ("FAR") for the site shall be in accordance with the attached Bulk Regulations Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply.

11. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review Fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.

12. The Site and Landscape plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department of Planning and Development.

Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II approval.

13. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Department of Streets and Sanitation, and the Department of Fleet and Facility Management, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

14. The terms and conditions of development under this the Planned Development ordinance may be modified administratively, pursuant to section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors.

15. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

16. The applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. At the time of a hearing before the Chicago Plan Commission, all developments must be in substantial compliance with the current City of Chicago Sustainable Development Policy set forth by the Housing and Economic Development. Aspects of the proposed Planned Development that bring it into compliance with the Sustainable Development Policy include the following: Buildings already completed at the time of the approval of this amended Planned Development shall continue to comply with Green Roof Plans previously approved by the Department of Planning and Development, including but not limited to Site Plan, 'Minor Change' and Part II approvals. Any newly constructed buildings shall comply with the Department of Planning and Development Sustainable Development Policy.

17. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse for failure to construct the parking lot improvements in Subareas 3 and 4, the Commissioner of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone the Property to back to Residential Planned Development No. 986 as approved by ordinance enacted on February 11, 2004, and as subsequently modified by letters approving minor changes or other administrative relief.

The new property to be located in IPD#122 is currently classified as B3-2, Community Shopping District and RT-4, Residential Two-Flat, Townhouse and Multi-Unit District. The new property will be rezoned to RM5, Residential Multi-Unit District and then to IPD#122, as amended. SUBJECT: Traffic Impact Study
Fellowship Ministry Baptist Church
Chicago, Illinois

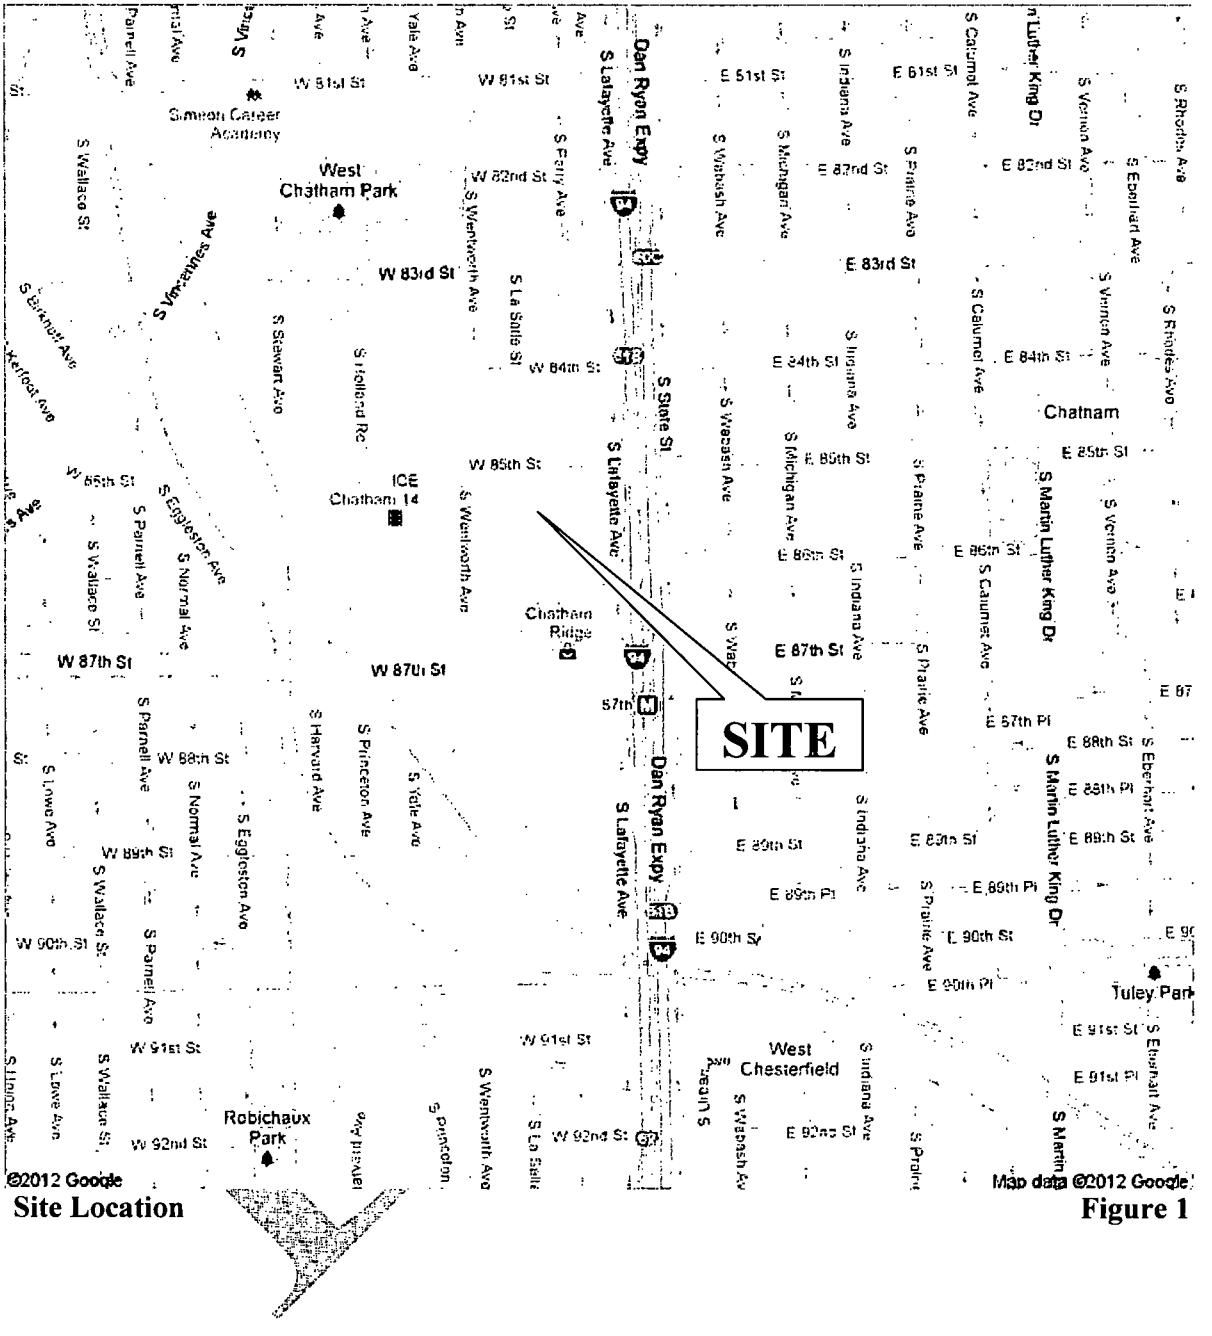
This memorandum summarizes the methodologies, results, and findings of a traffic impact study conducted by Kenig, Lindgren, O'Hara, Aboona, Inc. (KLOA, Inc.) for the proposed Fellowship Ministry Baptist Church to be located in the southwest quadrant of the intersection of Lafayette Avenue with 85th Street in Chicago, Illinois. The plans for the site, containing vacant buildings previously occupied by Soft Sheen, call for a church with five venues (3,300 seat sanctuary, 400 seat chapel, and three venues with 300 seats each), a charter high school with approximately 500 to 600 students, an approximately 6,800 square-foot health care clinic and approximately 25,200 square feet of retail. Access to site is proposed on Lafayette Avenue, 85th Street, and Wentworth Avenue.

Figure 1 shows the location of the site in relation to the area street system. **Figure 2** shows and aerial view of the site area.

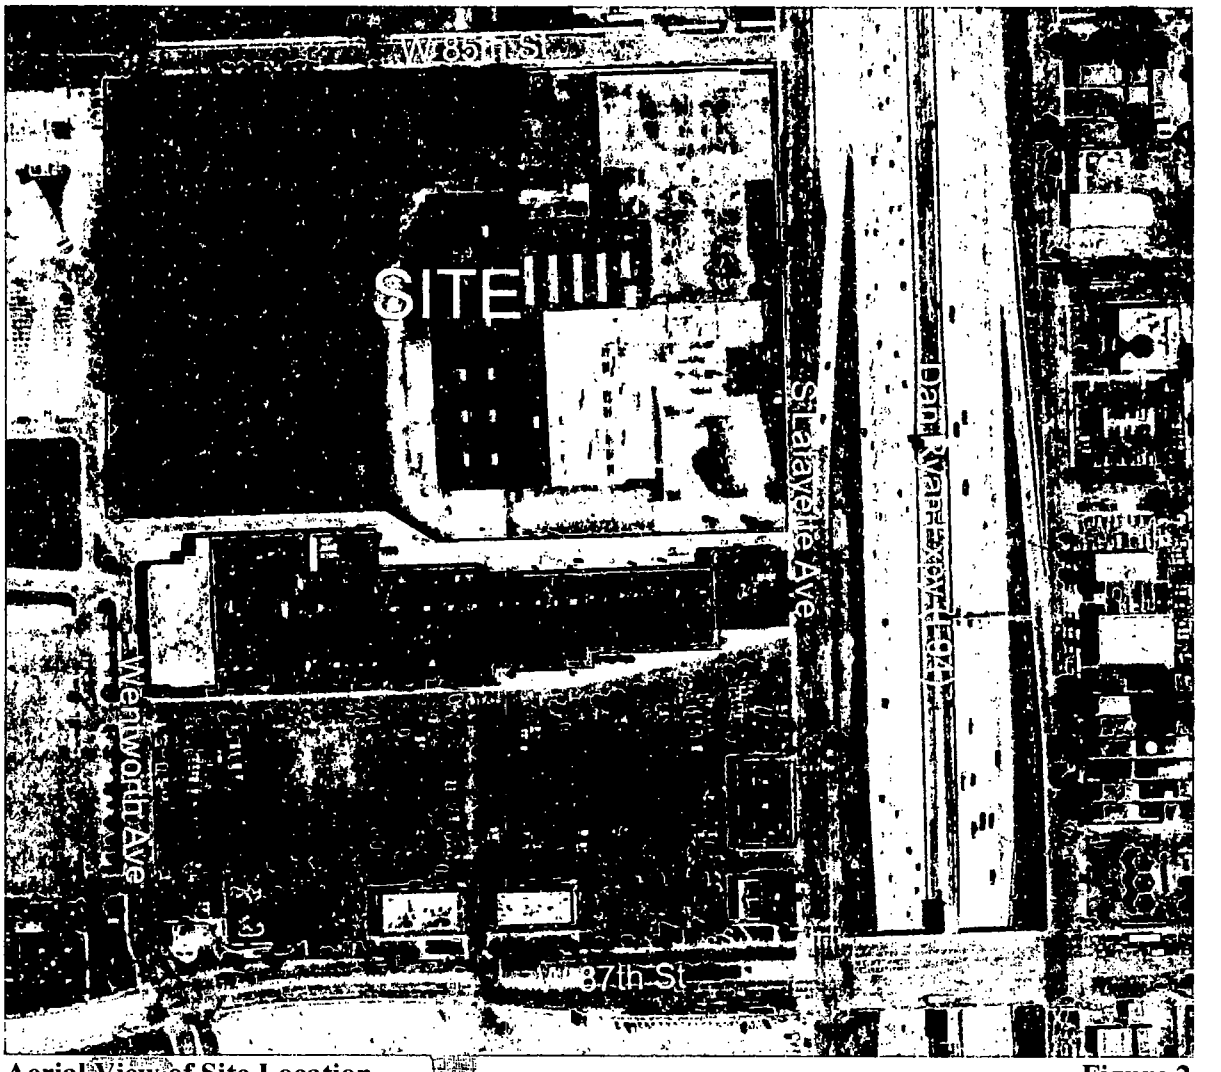
The purpose of this study was to examine background traffic conditions, assess the impact that the proposed development will have on traffic conditions in the area, and determine if any street or access improvements are necessary to accommodate traffic generated by development.

The sections of this report present the following.

- Existing street conditions
- A description of the site development
- Directional distribution of the development generated traffic
- Vehicle trip and parking generation for the development
- Future traffic conditions including access to the site
- Traffic analyses for the weekday morning and weekday evening peak hours
- Recommendations with respect to adequacy of the site access system, adjacent street network, and internal circulation



Site Location **Figure 1**



Aerial View of Site Location **Figure 2**

Existing Conditions

Existing transportation conditions in the vicinity of the site were documented based on a field visit conducted by KLOA, Inc. in order to obtain a database for projecting future conditions. The following provides a description of the geographical location of the site, physical characteristics of the area street system including lane usage and traffic control devices and existing peak hour traffic volumes.

Site Location

The site, which currently contains vacant buildings previously occupied by Soft Sheen, is located in the southwest quadrant of the intersection of Lafayette Avenue with 85th Street. Area land uses include a mixture of residential and commercial uses. Surrounding the site located to the south is Chatham Ridge Shopping Center, to the west is I.C.E. Theaters, to the southwest is The Home Depot and to the northwest are Lowes and Wal-Mart stores.

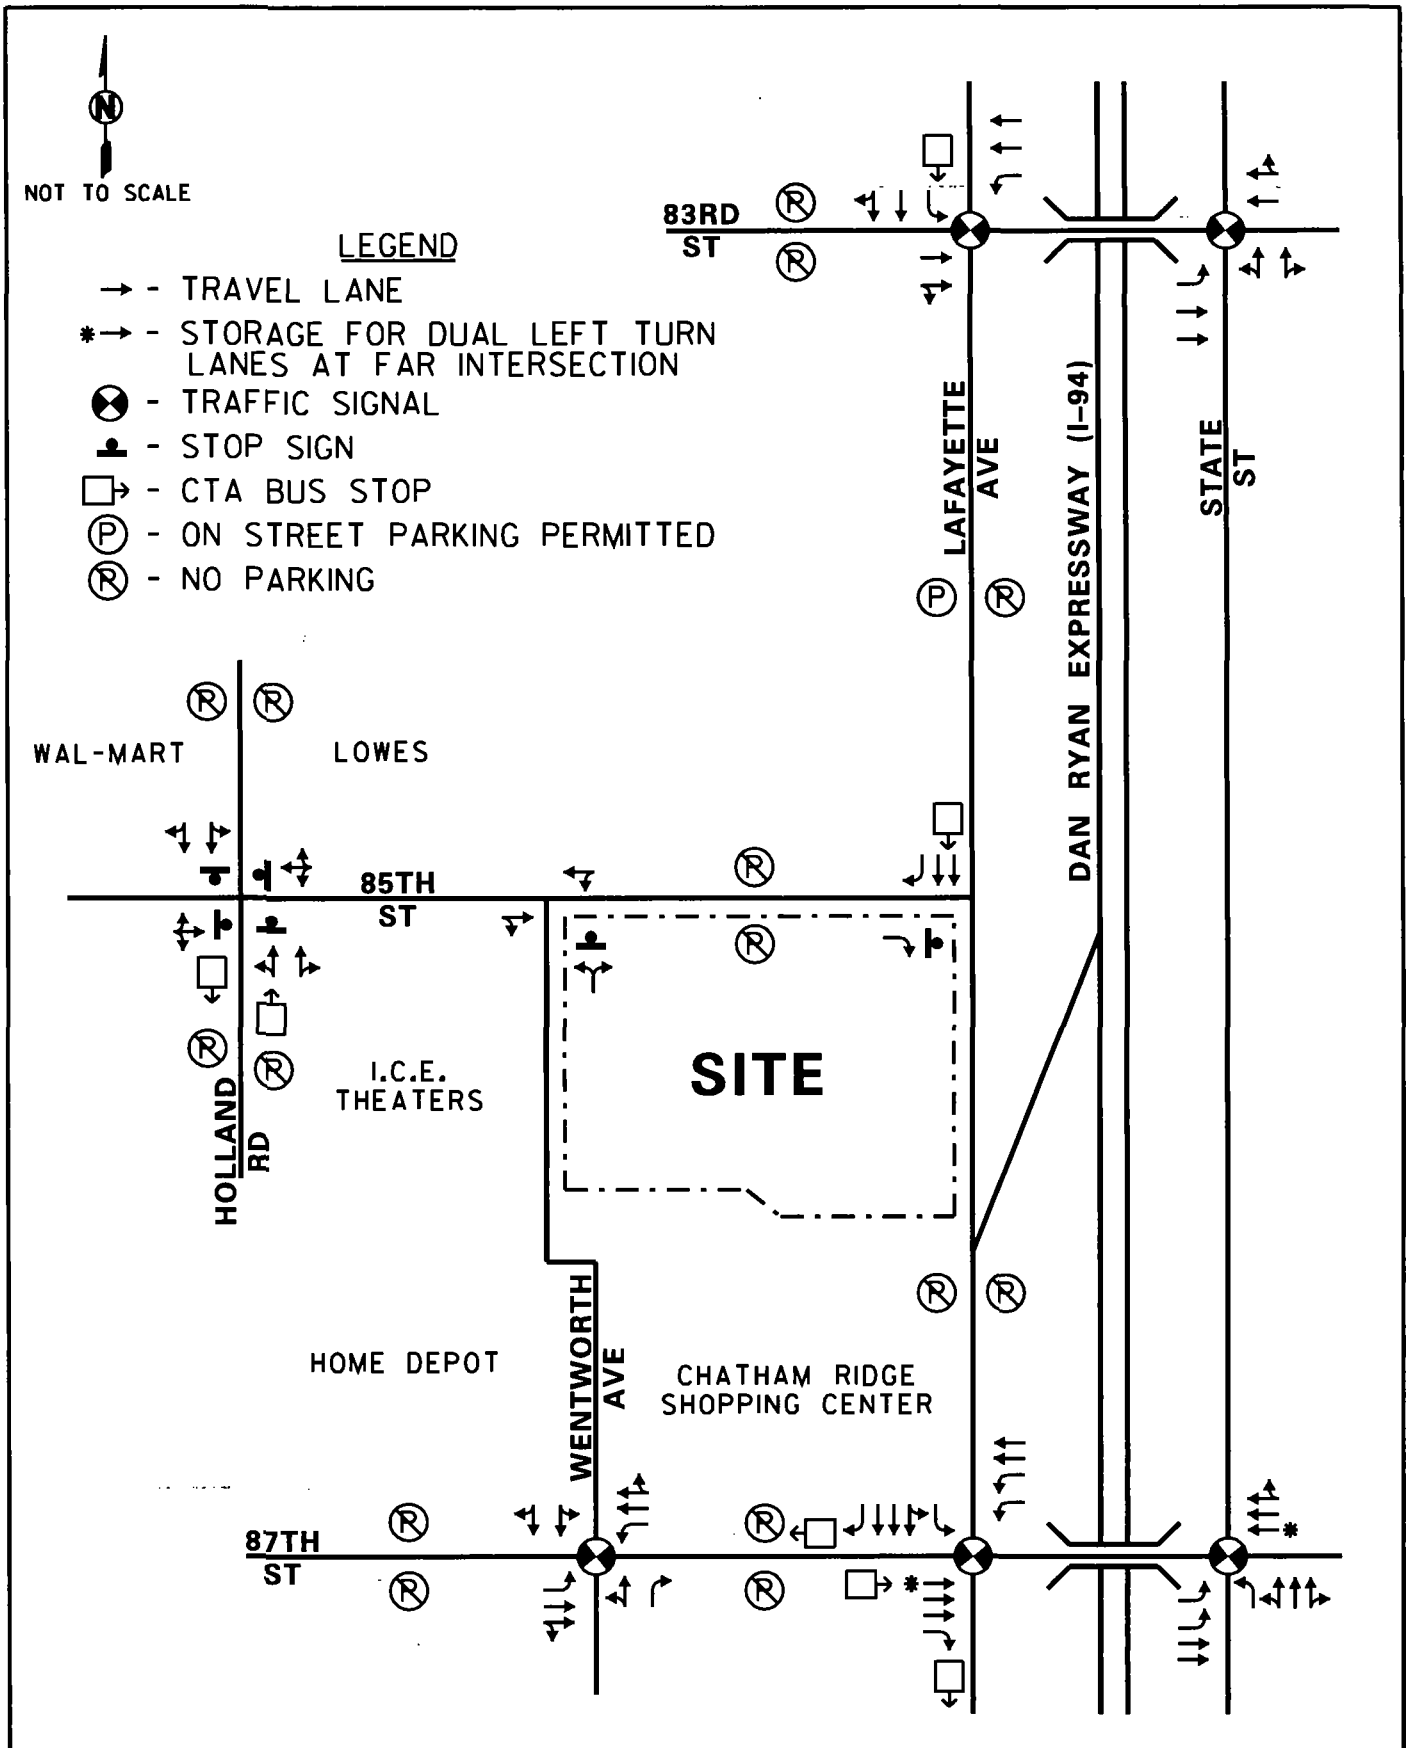
Existing Street System Characteristics

Figure 3 illustrates the existing street characteristics within the vicinity of the site. The characteristics of the existing streets near the site are described below.

Lafayette Avenue is a southbound only collector street that serves as a frontage road for the Dan Ryan Expressway (I-94). Lafayette Avenue has a posted speed limit of 30 mph and provides two southbound through lanes. Unrestricted parking is generally provided on the west side of the street north of 85th Street, while south of 85th Street parking is prohibited on both sides of the street. Bus stops for the Chicago Transit Authority (CTA) are provided at its intersections with 83rd Street, 84th Street, 85th Street, and 87th Street. Lafayette Avenue is under traffic signal control at its intersections with 83rd Street and 87th Street and under all-way stop sign control at its intersection with 84th Street. Separate right and left turn lanes are provided at its signalized intersections with 83rd Street and 87th Street.

87th Street is an east-west arterial street with a posted speed limit of 30 mph and provides two through lanes in each direction. Parking is prohibited on both sides of the street. A bus stop for Chicago Transit Authority (CTA) is provided in both directions immediately west of its signalized intersection with Lafayette Avenue. Dual left turn lanes in the westbound direction and a separate right turn lane in the eastbound direction are provided in both directions at its signalized intersection with Lafayette Avenue. In addition, the left turn storage for the eastbound left turn lane on 87th Street at its intersection with State Street extends to the west of Lafayette Avenue. 87th Street carries an average daily traffic (ADT) of 24,600 vehicles.

85th Street is an east-west local street that extends between Lafayette Avenue and Holland Road and provides one through lane in each direction. Parking is prohibited on both sides of the street. 85th Street is under stop sign control at its intersection with Lafayette Avenue and under all way stop sign control at its intersection with Holland Road with no separate turn lanes provided.



PROJECT:	TITLE:	PROJECT NO: 12-112

- *CTA Red Line* provides rapid transit rail service between Howard Street and 95th Street. The 87th Street station is located two blocks south from the site. Service is provided seven days a week and on holidays.

- *Route Number 29 - State* primarily runs along State Street between Navy Pier and 95th Street (9500 South). Bus stops are provided 83rd Street, 84th Street, 85th Street, and 87th Street. The bus route provides connections to the CTA Red, Green, and Orange rapid transit lines. Service is provided seven days a week and on holidays.

- *Route Number 87 - 87th OWL* primarily runs along 87th Street between Cicero Avenue (4800 West) and Buffalo Avenue (3300 East). All of the streets in the immediate area generally have sidewalks on both sides of the street with the exception of Lafayette Avenue which doesn't provide a sidewalk on the east side of the street. In addition, crosswalks and pedestrian traffic signals are provided at all the signalized intersections within vicinity of the site with countdown pedestrian traffic signals provided at the intersection of Lafayette Avenue and 87th Street. It should be noted that no pedestrian crossings are provided on the east leg of Lafayette Avenue intersections with 83rd Street and 87th Street.

Existing Traffic Volumes

In order to determine current traffic conditions on the existing roads, KLOA, Inc. conducted peak period traffic, bicycle, and pedestrian counts at the following intersections.

- Lafayette Avenue and 83rd Street
- Lafayette Avenue and 85th Street
- Lafayette Avenue and 87th Street
- Holland Road and 85th Street

The traffic counts were conducted on Thursday, August 2, 2012 during the morning (7:00 to 9:00 A.M.) and evening (4:00 to 6:00 P.M.) peak periods and on Sunday, July 29, 2012 during the Sunday midday peak period (10:00 A.M. to 12:00 P.M.). The days and time periods of the traffic counts were chosen to coincide with the peak activities of the proposed uses within the development. The results of the traffic counts showed that the weekday morning peak hour of traffic occurs from 8:00 to 9:00 A.M., the weekday evening peak hour of traffic occurs from 5:00 to 6:00 P.M., and the Sunday midday peak hour of traffic occurs from 11:00 A.M. to 12:00 P.M. **Figure 4** illustrates the existing peak hour traffic volumes and **Figure 5** illustrates the existing peak hour bicycle and pedestrian volumes.

Traffic Characteristics of the Proposed Development

In order to properly evaluate future traffic conditions in the surrounding area, it was necessary to determine the traffic characteristics of the proposed development, including the directional distribution and volumes of traffic that it will generate.

Proposed Development Plan

The plans for the site, containing vacant buildings previously occupied by Soft Sheen, call for a church with five venues (3,300 seat sanctuary, 400 seat chapel, and three venues with 300 seats each), a charter high school with approximately 500 to 600 students, an approximately 6,800 square-foot health care clinic and approximately 25,200 square feet of retail. Access to site is proposed on Lafayette Avenue, 85th Street, and Wentworth Avenue. The site will provide approximately 900 off street parking spaces via two parking areas which will be utilized by the church, charter high school, retail, and health care clinic. The off street parking area for the church, clinic, and retail is west of the building and provides approximately 800 spaces. The off street parking area for the charter high school is southeast of the building and provides approximately 100 spaces. These two parking areas are connected south of the building to allow cross access between the two parking areas. In addition, a shared parking agreement with the movie theater to the west of the church will allow for overflow parking to utilize the theater parking lot on Sundays during church services.

Characteristics of the Proposed Church

As mentioned previously, the proposed church will provide a facility with five venues that will accommodate regular congregational services. Below is a description of the components included in the church.

- Sanctuary/Worship area with 3,300 seats
- Chapel with 400 seats
- Three additional venues with 300 seats each (900 seats total)

Based on information provided by church officials, **Table 1** presents a breakdown of the proposed operations during a typical week.
