Jahnke Dale, an attorney with the law firm of DLA Piper LLP (US), which firm represents Navy Pier, Inc., the applicant for an amendment to the Chicago Zoning Ordinance and approval under The Lake Michigan and Chicago Lakefront Protection Ordinance with respect to the property generally located at 600 East Grand Avenue, certifies that she has complied with the requirements for Section 17-13-0107 of the Chicago Zoning Ordinance and Section 16-4-100 of The Lake Michigan and Chicago Lakefront Protection Ordinance by sending written notice to such property owners who appear to be the owners of the property within the subject area not solely owned by the applicant, and to the owners of all property within 250 feet of each direction of the lot line of the subject property, exclusive of public roads, streets, alleys and other public ways, said owners being such persons or entities which appear from the authentic tax records of Cook County. Said written notice was sent by First Class U.S. Mail, no more than 30 days before filing the application.

FIRST CLASS MAIL

Dear Sir or Madam:

In accordance with the requirements of Section 17-13-0107 and Section 16-4-100 of the Municipal Code of the City of Chicago, please be informed that on or about July 18, 2014, the undersigned, on behalf of Navy Pier, Inc. (the "Applicant"), intends to file applications for a change of zoning and for approval under The Lake Michigan and Chicago Lakefront Protection Ordinance relating to the property generally located at 600 East Grand Avenue (the "Property"). A map of the Property is printed on the reverse side of this letter.

Specifically, the Applicant seeks an amendment to the Chicago Zoning Ordinance to rezone the Property from Institutional Planned Development No. 527, as amended, to Institutional Planned Development No. 527, as amended. The requested rezoning pertains to the Navy Pier Subarea (Tract A) and the Headlands Subarea (Tracts B, C, E.2 and F, and the area adjacent to Ogden Slip) of Institutional Planned Development No. 527, as amended. These areas currently consist of pedestrian promenades; public open spaces; public, cultural and recreational uses; cultural exhibits; and business and retail uses. The application seeks approval of plans in accordance with the Applicant's *Centennial Vision*, including development of a hotel with up to 225 keys, expansion of the Shakespeare Theater, and modifications to on-site roadways, vehicular areas and pedestrian areas.

The Applicant is also seeking approval of the project under The Lake Michigan and Chicago Lakefront Protection Ordinance.

The proposed change of zoning does *not* apply to your property. You are receiving this notice as required by the Chicago Municipal Code because the assessor's tax records indicate that you own property within 250 feet of the proposed amended Planned Development.

I am an authorized representative of the Applicant and my address is 203 North LaSalle Street, Suite 1900, Chicago, IL 60601. The Applicant's address is 600 East Grand Avenue, Chicago, Illinois 60611. The Metropolitan Pier and Exposition Authority and City of Chicago are the owners of the property that is the subject of the applications and their addresses are 301 E. Cermak Rd., Chicago, Illinois 60616 (MPEA) and 121 N. LaSalle St, Chicago, Illinois 60602 (City).

Please contact me at 312-368-4037 with questions or to obtain additional information.

Single designated control is defined in Section 17-8-0400 of the Zoning Ordinance.

4. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation on behalf of the Applicant or its successors, assign or grantees.

   Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the Plans.

   Ingress or egress shall be pursuant to the Plans and may be subject to the review and approval of the Departments of Planning and Development and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

   All work proposed in the public way must be designed and constructed in accordance with the Department of Transportation Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Prior to the issuance of any Part II approval, the submitted plans must be approved by the Department of Transportation.

In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development Ordinance and the Zoning Ordinance, this Planned Development Ordinance shall control.

6. The following uses shall be permitted in the Navy Pier Subarea: pedestrian promenades; public open spaces; public, cultural, and recreational uses; cultural exhibits; participant sports and recreation uses; all business and commercial uses allowed in the DX or DC zoning districts, except as set forth below; enclosed public spaces; hotel/motel; multi-purpose exhibition, meeting and reception facilities; shops and restaurants, including without

limitation general and limited restaurants, taverns, outdoor patios located at grade and outdoor patios located on a rooftop; boat and ship docking, passenger embarking and disembarking; movable commercial vendors' facilities; kiosks and other similar structures; on-pier accessory and non-accessory parking; roadway ingress and egress; walkways, bicycle paths and ramps; and related and accessory uses and support facilities.

The following uses shall be prohibited within the Navy Pier Subarea: residential; adult uses; hookah bar; shooting range facilities; funeral and internment service; pawn shop; inter-track wagering facility; battery, tire and auto service station; motor vehicle repair; warehouse establishments; railroad related uses; stadiums, forums or arenas with capacity of over two thousand (2,000) seats; hospital and convalescence related uses; penal and correctional facilities; electric substations; water filtration and pumping stations; recycling facilities; drive-through facilities; business and professional offices (except as ancillary uses); and transitional shelters.

The following uses shall be permitted in the Dime Pier Subarea: marina, harbor facilities, restaurants; kiosks; and other related and accessory uses pursuant to Section 17-6-0203-D of the Chicago Zoning Ordinance.

With the exception of any hotel/motel uses, all of the Property shall remain public places for the use and enjoyment of the public. Any limitations on the public use and any private uses shall be subordinate and ancillary as well as complementary to the predominantly public character of the Property. For purposes of this Planned Development, the term "operating hours" shall have the following meanings:

(i) during the period from May through September, it shall mean, for the interior public spaces of the structures, from at least 9:00 A.M. to 9:00 P.M.;

(ii) during the period from October through April, it shall mean, for the interior public spaces of the structures, from at least 10:00 A.M. to 5:00 P.M.; and

(iii) during all periods, it shall mean, for the exterior spaces, from at least 6:00 A.M. to 11:00 P.M.

All uses of the Property shall be located, designed, constructed, maintained and operated in accordance with the provisions of this Planned Development.

7. Off-street parking and off-street loading shall be provided upon the Navy Pier Subarea in accordance with the Bulk Regulations and Data Table described in Statement 5 and attached hereto.

8. On-Premise and off-premise signs are permitted within the enclosed facilities on the Navy Pier Subarea; provided, however, these signs shall be of a limited size, and be appropriate and consistent with the character of the Navy Pier and Headlands Subarea development. On-premise and off-premise signs of no more than one hundred (100) square feet in dimension are permitted outside of the facilities on the Navy Pier Subarea, provided that they are appropriate and consistent with the character of the Navy Pier Subarea and relate to the Navy Pier Subarea uses. All exterior signs, including flashing, animated or moving signs, and all signs inside or out facing and visible from the Headlands Subarea are subject to the prior approval of the Department of Planning and Development (the "Department"). All exterior signs located within the Dime Pier Subarea, including signs on the kiosks, are subject to the prior approval of the Commissioner of the Department (the "Commissioner"), and are limited to on-premise messages. Illuminated, flashing, changing image signs and video display signs are expressly prohibited within the Dime Pier Subarea.

9. The maximum allowable height of any structure within the Planned Development shall conform to the attached Bulk Regulations Table. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

10. The following additional principles shall govern development of the Property:

    (i) The improvements on the Property shall be designed, constructed and maintained in general conformance with all of the Exhibits described in Statement 5 of this Planned Development. Landscaping shall be installed and maintained in general conformance with all of the Site/Landscape Plan exhibits described in Statement 5of this Planned Development. All landscaping shall be properly maintained, at all times, by M.P.E.A.

    (ii) Vehicular movement on the Navy Pier Subarea shall be limited to those areas designated on all of the Site Plans, Exhibits 8 through 15, described in Statement 5 and shall be in general conformance with the provisions of the Traffic Management Plan, Exhibit 28, described in Statement 5 of this Planned Development.

    Public pedestrian and bicycle passage during operating hours over all exterior areas depicted on the exhibits as pedestrian walks or pathways, including the south dock and the north dock, shall not be unreasonably restricted. Public pedestrian passage during operating hours over all interior areas depicted on the Pedestrian Circulation Plan, Exhibit 24, described in Statement 5 of this Planned Development shall not be unreasonably restricted.

    The south dock shall be divided into east/west zones that are in general conformance with all of the section exhibits, Exhibits 20 through 23, described in Statement 5 of this Planned Development and attached hereto. These zones shall be reasonably sized to accommodate the predominantly public pedestrian and bike

path character of the south dock. The edge of the south dock shall consist of an approximate fifteen (15) foot zone in which various boat and ship docking accessories are permitted. To the north and adjacent to this fifteen (15) foot zone, there shall be a furniture/planter zone of approximately eight (8) feet. Notwithstanding the foregoing, within the approximately twenty-three (23) foot width of these two (2) zones, there shall be an approximate ten (10) foot clear zone, free and clear of all obstructions for easy pedestrian passage.

The edge of the north dock shall consist of an approximately seven (7) foot zone in which various boat and ship dock accessories are permitted provided that public pedestrian passage is feasible. To the south and immediately adjacent to this seven (7) foot zone, there shall be an approximate eight (8) foot clear zone, free and clear of all obstructions appropriate for easy pedestrian passage.

The boat and ship docking accessories described above include, but are not limited to, gangplanks, stairs and accessory structures, and kiosks. These accessories shall be appropriate and consistent with the character of the Navy Pier and Headlands Subareas development. They shall be sized and located to avoid unreasonable interference with public pedestrian passage or with public access to the water or lake front vistas. The location of the accessories of each boat or ship shall be limited to the boat dock areas set forth in Statement 11 hereof. They shall be limited to movable or semi-permanent structures.

Movable or semi-permanent kiosks are also permitted in the Headlands Subarea and elsewhere along the south dock of the Navy Pier Subarea, except in the clear zones. The kiosks shall be sized and located appropriately and consistently with the character of this Planned Development. Moreover, they shall not unreasonably interfere with public pedestrian passage or with public access to the water or the lake front vista.

Permanent kiosks or other permanent buildings or structures located anywhere on the Property are subject to the approval of the Commissioner.

(iii) The areas depicted on the Conceptual Site/Landscape Plan – On-Pier Park, Exhibit 9, described by Statement 5 of this Planned Development, west of the area depicted as Future Development Zone 1, commonly known as the Crystal Garden and On-Pier Park, shall be designed, constructed and maintained as public spaces to provide areas for passive activities and public gathering and, except as provided herein, at no charge or cost to public users; provided, however, that the restaurant/café and catered dining areas depicted in the Conceptual Site/Landscape Plan – On-Pier Park, Exhibit 9, described in Statement 5 of this Planned Development, may charge customers for their use of said restaurant/café and catered dining areas. Each of these areas shall be (a) handicapped accessible, (b) designed to function as a public space, (c) improved with seating and tables appropriately located and arranged and in reasonable and sufficient quantities to encourage public use, (d) provided with appropriate interior and exterior landscaping, (e) reasonably accessible to restroom facilities and to food and

beverage facilities, and (f) except as provided herein, shall be open to the public during all operating hours. Regular musical entertainment and live performances within these areas are encouraged. The areas shall be maintained in a clean and litter free condition. The Crystal Garden shall have largely unobstructed views from within the space out to the lake and City.

Limited private uses of the Crystal Garden during operating hours are permitted; provided, however, these uses, except for the restaurant/café and catered dining areas, may occur only very occasionally (from time to time), must be more limited in the summer months than otherwise, and, during the period of May through September, may occur only after 6:00 P.M., and must be preceded by reasonable advance and posted notice.

It may be necessary in connection with live music, live performances or other events in the Crystal Garden and On-Pier Park to charge a fee to cover the cost of the entertainment. Also, the applicant may charge a reasonable fee to ride the carousel, ferris wheel, or swing ride, to use the miniature golf facilities or other rides or attractions, or for special entertainment in the tent on the On-Pier Park.

(iv) Appropriate and decorative lighting of all exterior public pedestrian areas and budget permitting, of appropriate Navy Pier Subarea building features, shall be provided and maintained. In no circumstances should lighting on the Property be directed at Lake Point Tower.

(v) The applicant acknowledges that the draft Navy Pier/Turning Basin Development Guidelines, issued by the Department in December 1990 was, in large part, a result of the joint efforts of the M.P.E.A., the City, the Chicago Park District and others to determine the appropriate guidelines for the development of the Navy Pier and Headlands Subareas. The City acknowledges that this development, as described by the provisions and exhibits of this Planned Development, satisfies the intent and purpose of those guidelines and of appropriate planning principles.

(vi) The Navy Pier Subarea, Headlands Subarea and Dime Pier Subarea development contemplated herein are intended to be a single, integrated project; provided, however, that the work described in Exhibits 8 through 27, and the Dime Pier Subarea development may be conducted in stages and phases, as designated by the Applicant or, with respect to the Dime Pier Subarea, the Chicago Park District.

(vii) The M.P.E.A., with respect to the Headlands and Navy Pier Subareas, and the Chicago Park District, with respect to the Jane Addams Park Subarea and Dime Pier Subarea, shall make appropriate arrangements to ensure public safety and public access to such subareas, to the extent feasible, during construction. If requested by any appropriate department of the City, the M.P.E.A. or the Chicago Park District, as applicable, shall provide and follow a reasonably acceptable plan and schedule of such arrangements; which plan shall be coordinated with the Department.

11. The perimeter of the north and south dock areas of the Navy Pier and Headlands Subareas may be used to dock boats and ships, and passengers may embark and disembark from such boats and ships along the docks of the Navy Pier and Headlands Subareas, provided that the following principles are followed:

    (i) Pedestrian circulation along, and public access to, the dock's edge and views from the pedestrian areas of the Navy Pier and Headlands Subareas shall not be unreasonably impaired. In the Headlands Subarea and the south dock of the Navy Pier Subarea no more than fifty percent (50%) of each of the dock's length may be occupied by docked boats or ships at any one time, and each docked boat or ship shall be separated from every other docked boat or ship by fifty (50) feet, or if separated by a lesser distance, the total length of any portion of the dock which is occupied by boats or ship at any one time shall not exceed two hundred (200) feet (unless occupied by a single boat longer than two hundred (200) feet in which case said boat shall be separated from every other boat by fifty (50) feet).

    (ii) The operation of docked boats and ships shall be regulated by the M.P.E.A. to avoid unreasonable adverse impacts of such uses on the surrounding neighborhood. These impacts include, but are not limited to, noise created by passengers and litter.

    No boats or ships shall be permanently docked on the north, south or east side of the Navy Pier Subarea adjacent to the Auditorium. Embarking and disembarking of boat passengers along any portion of the Headlands (except the easternmost docks) of the Headlands Subarea shall not be permitted after 11:00 P.M. on weekdays and 12:00 A.M. on weekends.

12. The maximum permitted Floor Area Ratio ("FAR") for the site shall be in accordance with the attached Bulk Regulations Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. For purposes of grade, the definition in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations Table has been determined using a Net Site Area of 4,718,841 square feet.

13. The M.P.E.A., with respect to the Navy Pier and Headlands Subareas, acknowledges that the development of such subareas will have unique traffic-generation and parking characteristics which will require diligent and ongoing operational control to assure that the impact of the development on the surrounding traffic network, park uses, pedestrian flow and parking supply will not be unreasonably adverse. The M.P.E.A. further acknowledges that, although the streets on the Headlands Subarea will be City-owned streets over which the City shall maintain legal jurisdiction, the generation of traffic activity and the traffic activity itself on these streets will largely be within the control of the M.P.E.A.

    Accordingly, the M.P.E.A. shall be responsible for implementing certain operational controls over parking and traffic activity expected to occur on the Navy Pier and Headlands Subareas.

These operational controls are set forth in the "Traffic Management Plan" ("T.M.P.") Exhibit 28 described in Statement 5 in this Planned Development. The T.M.P., as it may be amended or otherwise modified from time to time, shall be effective upon passage and approval of this Planned Development, or in accordance with such amendment or modification from time to time, and shall be deemed an integral part of this Planned Development. The M.P.E.A.'s compliance with the T.M.P. shall be a requirement of this Planned Development.

In order to assure the T.M.P.'s effectiveness, the Commissioner may request, not more than once every two years after the effective date of this Planned Development, M.P.E.A. to submit, and M.P.E.A. shall so submit, reports describing traffic and parking activity and assessing the effectiveness of the various provisions of the T.M.P. as they relate to the Navy Pier and Headlands Subareas, and any recommended modifications thereto. Additionally, the M.P.E.A., or its designated representative, shall cooperate with the City and with applicable transit agencies in the on-going review and updating of the T.M.P., as it relates to the Navy Pier and Headlands Subareas.

Modifications may be made to the T.M.P. at any time with the approval of the Commissioner. Such modifications and approvals shall be kept on file with the Department.

In order to assure that the provisions of the T.M.P. are properly carried out and that proper and prompt coordination exists among the M.P.E.A. and the various departments of the City and the applicable transit departments of the City and the applicable transit agencies and the public, the M.P.E.A. shall designate and maintain a Transportation Coordinator ("T.C."). The T.C. may consist of one (1) or more individuals, but in any event, a single person, entity or division of the M.P.E.A. shall be readily available and apparent for inquiry by any parties concerned. The T.C. shall be charged with the responsibility, on behalf of the M.P.E.A., to (a) oversee and coordinate the day-to-day implementation of the T.M.P., (b) act as a formal point of communication between the M.P.E.A. and any other agencies or individuals inquiring or concerned about traffic, or parking-related issues, and (c) coordinate traffic loading and parking management activity with representatives of the City and the appropriate transit agencies.

14. The M.P.E.A. acknowledges that with the development of the "River East Corridor," there is a need for a comprehensive traffic management plan for a larger area than that contemplated by the T.M.P., Exhibit 28. In order to serve this need the creation of a Traffic Management Authority ("T.M.A.") covering that broader area may be necessary. In the event a T.M.A. is created, the M.P.E.A. agrees to join the T.M.A.; to be an active and participating member of its board; and to cooperate and participate in the creation of such a comprehensive plan, and in the preparation of a funding structure which implements the plan and which at a minimum advances the goal of providing regular, frequent shuttle service to remote parking. The M.P.E.A. further agrees to continue to run its remote parking shuttle service at its current level of service. The M.P.E.A. shall pay its pro rata share of the funding plan, which shall include its agreement to run its remote parking shuttle service at its current level of service.

15. The area designated as the Future Development Zone 1, as shown on Exhibit 9 (Conceptual Site/Landscape Plan – On-Pier Park) and Exhibit 16 (South Elevation – Wave Wall), may be improved with a new multi-story performing arts center, consisting of a theater with approximately nine hundred fifty (900) seats and other related facilities. In addition, new retail and pedestrian circulation space will be included in the proposed facility or a separate structure within the Future Development Zone 1. The new construction shall not exceed the height of the parking garage and shall be constructed in accordance with the height limitation contained in Exhibit 16 (South Elevation – Wave Wall).

A new hotel, consisting of up to 225 keys, including accessory meeting, restaurant, entertainment space and related facilities, may be developed within the Navy Pier Subarea, and may include the construction of additions or modifications to the existing building in the area designated as Future Development Zone 2, as shown on Exhibit 17 (South Elevation – Festival Hall + Terminal Building). The new construction shall not exceed the height of the existing Festival Hall, and shall be constructed in accordance with the height limitation contained in Exhibit 17 (South Elevation – Festival Hall + Terminal Building).

Prior to Part II Approval (per Section 17-13-0610) for Future Development Zone 1 and Future Development Zone 2, the Applicant shall submit, for Site Plan Approval (per Section 17-13-0800), the corresponding Bulk Table, Site Plan, Sustainable Development Plan and Building Elevations, for review and approval by the Department of Planning and Development (DPD). Future Development Zone Site Plan Approval Submittals need only include that portion of the Property for which approval is being sought. Review and approval by DPD is intended to assure that specific development components substantially conform with the Planned Development and to assist the City in monitoring ongoing development.

Any submittal for Site Plan Approval of a Future Development Zone shall, at a minimum, include the following information:

- fully-dimensioned site plan for the specific Future Development Zone (including a footprint of the proposed improvements, and any upper level setbacks);
- fully-dimensioned building elevations;
- fully-dimensioned landscape plan(s), if applicable; and,
- statistical information applicable to the subject Subarea, including floor area, uses (and associated quantities of such) to be established, the applicable FAR, building heights and setbacks.

All Site Plan Approval Submittals shall include all other information necessary to illustrate substantial conformance to this Planned Development.

In addition, the Applicant shall coordinate with for their respective reviews of the Future Development Zone for which Site Plan Approval is sought. The proposed Site Plan shall also be presented to the Chicago Plan Commission as part of the Chicago Plan Commission's review of such new development under the Lake Michigan and Chicago Lakefront Protection

Ordinance (the "Lakefront Protection Ordinance"). The Site Plan shall be subject to approval by the Chicago Plan Commission, as may be required under the Lakefront Protection Ordinance, and such other bureaus, departments or agencies as the Commissioner deems appropriate (which may include, but are not limited to DPD may the Fire Prevent Bureau and the Mayor's Office for Persons with Disabilities) (the "Affected Departments"). If, after review by the Plan Commission, as applicable, and the Affected Departments, the Commissioner determines that the Site Plan is in substantial compliance with the Planned Development, the Site Plan shall be approved by the Commissioner. Following approval by DPD, the approved Future Development Zone Site Plan, supporting data and materials shall be made part of the main file and shall be deemed to be an integral part of this Planned Development.

After approval of the Future Development Zone Site Plan, changes or modifications may be made pursuant to the provisions of Statement 22 and Section 17-16-0611-A of the Chicago Zoning Ordinance. In the event of any inconsistency between approved plans and the terms of this Planned Development, the terms of this Planned Development shall govern.

16. The design of the roadway network located on the Headlands Subarea as depicted on the Roadway Network Map, Exhibit 5, described in Statement 5 of this Planned Development has been determined by the City to be necessary and appropriate to handle the expected uses of the Navy Pier and Headlands Subareas in a safe and efficient manner, while maximizing the availability of open space and park land on the Headlands Subarea. The City acknowledges, however, that the actual uses of the Navy Pier and Headlands Subareas may vary from that expected. Accordingly, the Commissioner may request, and M.P.E.A. shall submit, not more than once prior to the expiration of the fifth anniversary following issuance of the first Certificate of Occupancy for the Navy Pier Subarea, and not more than once prior to the expiration of the fifth anniversary following issuance of a Certificate of Occupancy for any hotel constructed within the Navy Pier Subarea, a traffic study prepared by a traffic engineer assessing the adequacy and sufficiency of the Headlands Subarea's roadway network to handle the actual traffic demand experienced during said period. Following receipt of said study or studies, the Commissioner shall consult with the Commissioner of the Department of Transportation. If the Commissioner of the Department of Planning and Development and the Commissioner of the Department of Transportation determine that changes to said roadway network are necessary or appropriate to accommodate the actual uses of the Navy Pier and Headlands Subareas, while maximizing the availability of open space and park land, said Commissioners shall so notify the M.P.E.A. Such changes shall be limited to modifications or changes to the roadway network. Said Commissioners shall make such determination and send such notice within ninety (90) days following receipt of said study. The City shall, at its own expense and within one (1) year thereafter, make such changes to the roadway network as are required. The M.P.E.A. shall, at its own expense and within one (1) year thereafter, make such changes to the landscaping on the Headlands Subarea as are reasonably required as a result of the changes to the roadway network undertaken by the City.

17. The parcel depicted on the Subarea Map, Exhibit 7, as Tract E.1, Existing Federal Parcels, is outside the boundaries of this Planned Development. The M.P.E.A. acknowledges, however, that such parcel shall be served by access ways over and across the Headlands Subareas. In the event that the M.P.E.A. or the City acquire control of this parcel sufficient to allow redevelopment as park land, then the Headlands Subarea shall be reconfigured and relandscaped to create a park area which is coordinated with the parcel. Such reconfiguration and relandscaping shall be designed, constructed and maintained in general conformance with the Site/Landscape Plan – Headlands Sub-Area (Gateway Park), Exhibit 8, described in Statement Number 5 and attached hereto. Such reconfiguration and relandscaping shall be completed by the M.P.E.A. within a reasonable time following the aforesaid acquisition of the necessary rights to the parcel or following substantial completion of the redevelopment of the parcel as park land, whichever is earlier. This statement shall be deemed satisfied when the Headlands Subarea park area has been reconfigured and relandscaped to create a coordinated park area with the redevelopment parcel and the Turning Basin Park.

    Any development of the Headlands Subarea, and particularly of Tract E.2, shall be coordinated with and shall be designed and constructed to accommodate the then existing or known plans for the Turning Basin Park. When and if the Turning Basin Park is developed, the M.P.E.A. will permit third parties reasonable access to Tract E.2 in order to coordinate said development with Tract E.2.

18. The M.P.E.A. shall manage the uses of the Headlands and Navy Pier Subareas to avoid unreasonably adverse impacts on the surrounding residents. On the Headlands Subarea, no neighborhood festivals shall be permitted.

19. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review Fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.

20. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department. Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II approval.

21. The M.P.E.A., with respect to the Headlands and Navy Pier Subareas, and the Chicago Park District, with respect to the Jane Addams Park Subarea and Dime Pier Subarea, shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Environment and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

22. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to section 17-13-0611-A of the Zoning Ordinance by the

Zoning Administrator upon the application for such a modification by the M.P.E.A., its successors and assigns and, if different than the M.P.E.A., the legal title holders and any ground lessors.

23. The M.P.E.A. and the Chicago Park District acknowledge that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

24. The M.P.E.A. and Chicago Park District acknowledge that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The proposed structures on the Dime Pier Subarea shall be designed and constructed in an energy efficient manner generally consistent with the Leadership in Energy and Environmental Design ("L.E.E.D.") Green Building Rating System. The roof of the proposed structures will consist of twenty-five percent (25%) of the net roof area covered with photovoltaic panels and the remaining seventy-five percent (75%) covered with high albedo roof materials. In addition, the project will incorporate FSC certified wood products, native plantings, and the heating and cooling system will incorporate natural ventilation that will reduce energy demand through a geothermal system located beneath the floating docks in the harbor.

25. The M.P.E.A. acknowledges that, although the City's Percent for Public Art ordinance is not applicable to the proposed development, the Navy Pier and Headlands Subareas development project is a public project and that the location and placement of art work in appropriate places on the Headlands and Navy Pier Subareas is a worthy public goal. Accordingly the M.P.E.A. shall, in its planning for the design and construction of the proposed development, take into consideration the installation of art work as an integral part of interior and exterior spaces. In connection with this requirement, the M.P.E.A. shall work with the appropriate representatives of the Public Art Program of the City's Department of Cultural Affairs and Special Events.

26. Unless substantial construction of the improvements depicted in On-Pier Park, as shown on Exhibit 9 attached hereto, has commenced within four (4) years following adoption of this Planned Development, then this Planned Development shall expire by separately introduced ordinance, if any, in which event the zoning of the Property shall revert to Planned Development 527, as amended, on January 13, 2010.

(As Amended)

Traffic Management Plan

(1) Purpose

It is the intent of this plan to help assure that the Navy Pier and Headlands Subareas will be operated in a manner which avoids unreasonable adverse impacts on existing traffic on nearby streets and expressways; assures reasonable safe and efficient traffic operations on the Headlands Subarea and reasonably safe and efficient parking and traffic operations on the Navy Pier Subarea and, as related to the Navy Pier and Headlands Subareas development, parking and traffic operation of the Property; assures reasonably safe and efficient pedestrian and bicycle movements on and about the Navy Pier and Headlands Subareas; and avoids unreasonable interference with the continuous flow of traffic to, through and from the Navy Pier and Headlands Subareas.

(2) General Principles.

(i) Traffic movement on the Navy Pier Subarea should be subordinate to traffic movements on the Headlands Subarea. Every reasonable effort should be made to assure that traffic flow into or out of the Navy Pier Subarea is managed to assure that the Headlands Subarea street network operates at a reasonably acceptable level, is reasonably safe for pedestrians and bicyclists and is reasonably efficient for vehicles.

(ii) Private automobile traffic to the Navy Pier Subarea should be minimized to avoid unreasonable adverse impact on the surrounding neighborhood. Every reasonable effort should be made to encourage use of public transit, walking, and biking as modes to access Navy Pier. During Design Days and Peak-Peak Days, remote parking options should be promoted to limit impacts of private automobile use on the Navy Pier and Headlands Subareas.

(iii) The Headlands Subarea should be maintained as a place of arrival and departure, not as a parking area. Every reasonable effort should be made to assure the continuous flow of traffic on the Headlands Subarea and to prohibit stopping for lengthy periods of time, parking or vehicle staging, including restriction on vehicle lane movements and patterns of circulation on and about the Headlands Subarea. Emphasize the safety of pedestrians accessing and crossing through the Headlands

Subarea, particularly in front of the Head House and entrances to South Dock and North Dock.

(iv) The South Dock of the Navy Pier Subarea is intended to be a pedestrian/bicycle-oriented public way. All vehicles (other than emergency vehicles and small service vehicles, as necessary and appropriate) should be prohibited from using the South Dock during operating hours.

(3) Specific Conditions.

(i) Headlands Subarea

(a) Staging/Parking

- No vehicle of any kind is permitted to park at any time.

- CTA buses: Allowed to stage within the designated bus terminal area only.

- School/Charter buses: Allowed to unload/load passengers in designated space within one of the following areas (in order of each location's priority) as directed by signs and/or traffic management personnel:

  (1) North Gateway Park
  (2) Head House Drive (South Loop)
  (3) Head House Drive (Head House) – *Drop-Off Only*
  (4) Recirculation Lane – *Temporary, as needed*

  Passengers must be waiting for pick-up or the bus will be turned away and not allowed to stage.

- Trolleys/Sightseeing Tour Buses: Allowed in designated space along the north side of Grand Avenue between Head House Drive and Streeter Drive.

- Taxis: Allowed in designated space in the outside lane along Head House Drive south of the South Dock only. Taxi queues should not extend into the traffic lanes of Head House Drive.

- Other motor vehicles: No staging or parking is allowed along roadways within the Headlands Subarea at any time. Passenger drop-offs and pick-ups are permitted along Head House Drive; however,

vehicles may not stage or wait for passengers that are not waiting curbside.

(b) Circulation.

The vehicular circulation plan for the Headlands and Navy Pier Subareas are planned to separate traffic patterns by mode of transportation, reduce volumes and congestion along Head House Drive, improve access to visitor parking, and increase pedestrian and bicycle safety via fewer vehicle conflicts at crossings, and facilitate a safer and more comfortable environment for visitors between Navy Pier and Gateway Park.

- CTA Buses (and CTA Service Vehicles): Buses enter via Illinois Street to Streeter Drive to Jardine Drive and the CTA bus terminal. Buses exit via Jardine Drive to westbound Grand Avenue. No vehicular traffic should be allowed in CTA terminal area at any time, other than CTA buses, CTA service vehicles, and school/charter buses exiting the North Gateway Park passenger loading/unloading area.

- School/Charter Buses: Buses enter in one of two locations to access the three passenger loading/unloading areas; north on Streeter Drive to Jardine Drive to access the North Gateway Park area; and east into Head House Drive to access the South Loop area or the passenger area in front of the Head House. All buses shall exit to westbound Grand Avenue.

- Trolley/Sightseeing Tour Buses: Buses enter via Illinois Street east into Head House Drive and circulate north to turn westbound on Grand Avenue to the designated passenger loading/unloading area. Some trolleys will instead turn east on North Dock before returning to westbound Grand Avenue. All buses exit to the west on Grand Avenue.

- Taxis and Limousines: Taxis and limousines primarily enter east into Head House Drive and circulate through the South Loop to drop-off/pick-up passenger in the designated areas. Some taxis and limousines may continue east along North Dock to the Riva/Shakespeare Theater turnaround. To pick-up, taxis may use the designated taxi stand south of South Dock. Limousine passengers must be waiting curbside for pick-up or they will be turned away. All vehicles will exit to westbound Grand Avenue. To return to the taxi

stand after dropping off a passenger, taxis may use the recirculation road from Grand Avenue.

- Private Automobiles:

  (1) All autos destined for parking on Navy Pier will travel north on Streeter Driver to eastbound Grand Avenue and North Dock to the West or East Parking Garage.

  (2) Autos dropping off/picking up passengers will enter east into Head House Drive and circulate through the South Loop to drop-off/pick-up passenger in front of the Head House.

  (3) All vehicles will exit to westbound Grand Avenue.

- Private automobiles, taxis, and limousines may use the recirculation lane.

(ii) Navy Pier Subarea.

(a) South Dock.

- No motor vehicles, other than emergency vehicles and small service vehicles (as necessary and appropriate) should be permitted on the South Dock during operating hours. Provided, however, service and maintenance vehicles may be permitted after non-operating hours.

(b) North Dock.

- Loading activity at the Family Pavilion loading docks should be scheduled to avoid conflicts on the North Dock roadway.

- Every reasonable effort should be taken to avoid unreasonable noise disturbance to the surrounding residential area due to loading activity after 11:00 PM and before 8:00 AM. This includes to the extent reasonable and practical discouraging semi-truck activity at the Festival Hall loading docks during this time.

- Parking for visitors arriving via private automobile may park in the West and East Garages which are accessible from the North Dock. Valet parking access is available for special events on a case-by-case basis in a way that minimizes conflicts along the North Dock.

(iii) Design Days-Peak Hours; Special Considerations.

Design Days-Peak Hours is defined as peak hour periods on days when daily attendance in excess of thirty-five thousand (35,000) is anticipated. During Design Days, the following provisions shall apply, as appropriate:

(a) Advance Wayfinding Signs *(if provided)*

- Overhead signs (digital and static) may be provided at two locations; Illinois Street between Lake Shore Drive and Streeter Drive and Streeter Drive south of Grand Avenue. A sign over each lane would designate the appropriate lane assignment for each vehicle type (i.e., buses, taxis, school/charter buses, cars) and/or destination (i.e., Navy Pier parking, alternate parking, Grand Avenue). Some signs would be digital and allow for variable messages and traffic circulation depending upon conditions.

- Digital signs would be controlled by Navy Pier to be most responsive to ongoing traffic conditions. However, the City of Chicago would maintain the ability to access the variable message content via a wireless connection for emergency messages or other appropriate uses.

(b) Remote Parking System.

- Remote parking locations will be identified to supplement on-pier parking, as needed.

- Signs on appropriate roadways direct motorists to off-site parking for the Navy Pier Subarea. Electronic early warning signs should be installed on Lake Shore Drive, the exit ramp at Grand Avenue and Illinois Street west of Lake Shore Drive. In addition, the occupancy of the Navy Pier Subarea parking lots should be monitored. When the on-pier lots are substantially full, the electronic early warning signs should be activated so that motorists seeking parking are discouraged from entering the Headlands Subarea, other than to drop-off passengers.

- Parking shuttles will continue to pick-up and drop-off passengers at designated and clearly marked points in front of the Head House and at the east and west drop-off areas reached from the north dock

roadway. Regular and frequent shuttle intervals are recommended to enhance the attractiveness of off-site parking.

(c) Grand Avenue Reversible Lane.

- Grand Avenue, between Streeter Drive and Head House Drive, will maintain four (4) travel lanes, including one (1) permanent eastbound travel lane, one (1) reversible travel lane and two (2) permanent westbound travel lanes.

- In its typical configuration, the reversible lane will provide eastbound travel to the North Dock and the on-pier parking garages to limit potential impacts of entering traffic on nearby streets. During peak periods when the on-pier garages are full and/or periods of peak exiting traffic from the on-pier garages (such as early weekend afternoons, after special events or performances, and after fireworks displays), the reversible lane will transition to westbound traffic flow.

- Traffic signals and in-pavement lighting on this segment of Grand Avenue will indicate the directional flow of traffic for the reversible lane and the two adjacent lanes.

(d) North Dock.

- The reversible middle lane of the North Dock roadway, normally an eastbound lane, may be used as a westbound lane, but only when the reduced eastbound capacity does not impede the Headlands Subarea traffic flow.

(e) Intersection Control.

- Trained private traffic personal, City Traffic Control Aides (TCA), or City Police may be located at the Illinois Street/Streeter Drive intersection, in front of the Head House, the Grand Avenue/Head House intersection, and the Grand Avenue/Streeter Avenue intersection to direct and assist the flow of traffic.

- Panel trucks or other delivery vehicles of a similar nature may be permitted to enter the North Dock at any times.

- Private buses, taxis, or limos in any lane of the North Dock roadway should not be permitted to queue unless such queuing would lessen congestion on the Headlands Subarea at such times.

During the Design Days-Peak Hours, the following provisions shall apply:

- No semi-truck should be allowed to enter the north loading dock.
- No trucks of any kind should be allowed to stage on the North Dock.
- No private buses shall be permitted to stage on the North Dock roadway.

(iv) Peak-Peak Days-Peak Hours, Special Conditions.

Peak-Peak Days-Peak Hours are defined as days when daily attendance in excess of fifty thousand (50,000) is reasonably anticipated. During these peak hours on such days, for example the fireworks display on July 4th, it is critical that the number of vehicles allowed access to the Headlands Subarea be sharply curtailed. All vehicular traffic should be subordinate to public transit, parking shuttle operations and pedestrian and bicycle circulation. Each of the following provisions should apply to an approximately two (2) hour period immediately preceding the event giving rise to the Peak-Peak Days-Peak Hour designation:

- No vehicles should be allowed to enter the Navy Pier Subarea parking lots.
- No vehicles, except the parking shuttle, should be allowed on Head House Drive or on the recirculation lane.
- The parking shuttle may drop-off passengers in the two (2) drop-off areas reached from the North Dock roadway (via Streeter Drive and the eastbound lane on Grand Avenue, between Street and Head House Drives).
- To direct and assist with the flow of traffic, trained private traffic personnel or City Police should be located at the Illinois/Street intersection, in front of the Head House, at the Grand/Head House intersection, on the North Dock roadway, and at the Grand Avenue/Streeter Drive intersection.

- No semi-truck should be allowed to enter the north loading dock roadway.

- Panel trucks or other vehicles of a similar nature making a delivery may be permitted to enter the North Dock during approved delivery times.

- No trucks of any kind should be allowed to stage on the North Dock.

(v) Public Awareness.

Every reasonable effort shall be made to promote public awareness and understanding of the traffic management system. Additionally, directional signage for motorists should be installed where appropriate. At a minimum, brochures, pamphlets, online maps and advertising should communicate the following in a reasonably clear and easily comprehensible manner:

- Transit facility locations, schedules and routes;

- Headlands Subarea circulation routes depicted by type of vehicles permitted on each roadway and applicable conditions; and

- Location of all remote parking facilities, together with information on remote parking shuttle service (e.g. frequency and location of stops).

(4) Minor Derivations.

Minor derivations from the requirements of the TMP are permitted from time to time when and to the extent unique circumstances warrant such deviations.

Dear Ms. Scudiero:

It is the intention of the Chicago Housing Authority (CHA) to sell vacant CHA land at the former Robert Taylor Homes public housing site to XS Tennis Village LLC., as authorized by the April 16, 2014 board resolution.

As the legal titleholder of certain real property located at approximately [5250-5342 South Dearborn, 5221-5361 South Federal, 5206, 5326, 5338] South State Street in Chicago, Illinois (the "Property") CHA hereby authorizes XS Tennis Village LLC, an Illinois limited liability company, and its attorneys, DLA Piper LLP, to file such applications and take such other actions as to cause the Property to be rezoned under the Chicago Zoning Ordinance.

The proposed zoning designation is necessary and desirable to develop the Property as an athletic facility, including indoor and outdoor tennis courts, a running track, fitness center, basketball courts, classrooms, training space, parking, accessory and other related uses.

The proposed athletic facility will further the transformation of the former Robert Taylor Homes site and complement the Legends South residential redevelopment effort along State Street. It is a key Plan Forward goal to ensure the development of neighborhood amenities. This development activates CHA land that has been vacant for 16 years, creating a vibrant use that becomes a regional recreational destination.

If you have any questions, please do not hesitate to contact me at (312) 786-4022 or Anthony Alvarez, Development Manager, at (312) 913-7524. Thank you in advance.

Sincerely,

Ellen Sahli

Re: Application for Planned Development
XS Tennis Village LLC

Dear Chairman Solis and Chairman Cabrera:

The undersigned, Katherine C. Jahnke Dale, an attorney with the law firm of DLA Piper LLP (US), which firm represents XS Tennis Village LLC, the applicant for an amendment to the Chicago Zoning Ordinance and proposed planned development, certifies that she has complied with the requirements for Section 17-13-0107 of the Chicago Zoning Ordinance by sending written notice to such property owners who appear to be the owners of the property within the subject area not solely owned by the applicant, and to the owners of all property within 250 feet of each direction of the lot line of the subject property, exclusive of public roads, streets, alleys and other public ways, said owners being such persons or entities which appear from the authentic tax records of Cook County. Said written notice was sent by First Class U.S. Mail, no more than 30 days before filing the application

The undersigned certifies that the notice contained the address of the property sought to be rezoned; a statement of the intended use of the property; the name and address of the applicant; the name and address of the owners; a statement that the applicant intends to file the application for change in zoning on approximately July 23, 2014 and a source for additional information on the application.

The undersigned certifies that she has made a bona fide effort to determine the addresses of the parties to be notified under Section 17-13-0107 of the Chicago Zoning Ordinance, and that the accompanying list of names and addresses of surrounding property owners within 250 feet of the subject site is a complete list containing the names and addresses of the people required to be served.

Very truly yours,

FIRST CLASS MAIL

Dear Sir or Madam:

As required by Section 17-13-0107 of the Municipal Code of the City of Chicago, please be informed that on or about July 23, 2014, the undersigned, on behalf of XS Tennis Village LLC (the "Applicant"), intends to file an application to rezone the property located at 5218-5402 South State Street, 5219-5359 South Federal Street and 5359-5401 South Dearborn Street, Chicago, Illinois from the RT-4 Residential Two-Flat, Townhouse and Multi-Unit District to, first, the C3-2 Commercial, Manufacturing and Employment District and then to Planned Development. A map of the development site is printed on the reverse side of this letter.

A portion of the development site is currently improved with a vacant church building. The remainder of the development site was formerly occupied by the Robert Taylor Homes, which have been demolished. The application seeks approval of plans to allow the development of an approximately 175,000 square foot indoor and outdoor participant sports and recreation facility, including accessory uses and approximately 147 parking spaces.

The proposed change of zoning does *not* apply to your property. You are receiving this notice as required by the Chicago Municipal Code because the assessor's tax records indicate that you own property within 250 feet of the proposed amended Planned Development.

I am an authorized representative of the Applicant and my address is 203 North LaSalle Street, Suite 1900, Chicago, IL 60601. The Chicago Housing Authority and St. Mary's AME Church are the owners of the property and their addresses are 60 E. Van Buren, 13th Floor, Chicago, Illinois 60605 (CHA) and 5251 South Dearborn Street, Chicago, Illinois 60649 (St. Mary's). The Applicant's address is 11740 South Longwood, Chicago, IL 60643.

Please contact me at 312-368-7261 with questions or to obtain additional information.

Very truly yours,

14. The Applicant acknowledges and agrees that the rezoning of the Property from the B3-2 Community Shopping District to the B3-3 Community Shopping District then to Residential-Business Planned Development for construction of this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance"). Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance ("Residential Project") must: (i) develop affordable housing units as part of the Residential Project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). In accordance with these requirements and the Affordable Housing Profile Form attached hereto as Exhibit [____], the Applicant has agreed to provide 2 affordable housing units in the Residential Project for households earning up to 60% of the Chicago Primary Metropolitan Statistical Area median income (the "Affordable Units"), and make a cash payment to the Affordable Housing Opportunity Fund in the amount of $400,000 ("Cash Payment"). At the time of each Part II review for the Residential Project, Applicant may update and resubmit the Affordable Housing Profile Form to the Department of Housing and Economic Development ("HED") for review and approval. If the Applicant subsequently reduces the number of dwelling units in the Residential Project, HED may adjust the requirements of this Statement 14 (i.e., number of Affordable Units and/or amount of Cash Payment) accordingly without amending the Planned Development. Prior to the issuance of any building permits for the Residential Project, including, without limitation, excavation or foundation permits, the Applicant must either make the required Cash Payment, or execute an Affordable Housing Agreement in accordance with Section 2-45-110(i)(2). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Residential Project and will constitute a lien against each Affordable Unit. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. The Commissioner of DPD may enforce remedies for breach of the Affordable Housing Agreement, and enter into

settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

15. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of DPD shall initiate a Zoning Map Amendment to rezone the property to the B3-3 Community Shopping District.

Dear Chairman Solis and Chairman Cabrera:

The undersigned, an attorney with the law firm of DLA Piper LLP (US), which firm represents the applicant for an amendment to the Chicago Zoning Ordinance and proposed planned development at 1822-1850 West Chicago Avenue, Chicago, IL 60622, certifies that she has complied with the requirements for Section 17-13-0107 of the Chicago Zoning Ordinance by sending written notice to such property owners who appear to be the owners of the property within the subject area not solely owned by the applicant, and to the owners of all property within 250 feet of each direction of the lot line of the subject property, exclusive of public roads, streets, alleys and other public ways. Said written notice was sent by First Class U.S. Mail, no more than 30 days before filing the application.

The Disclosing Party understands and agrees that:

A. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.

B. The City's Governmental Ethics and Campaign Financing Ordinances, Chapters 2-156 and 2-164 of the Municipal Code, impose certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. C. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded or void), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other transactions with the City. E. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires. **NOTE:** With respect to Matters subject to Article I of Chapter 1-23 of the Municipal Code (imposing **PERMANENT INELIGIBILITY** for certain specified offenses), the information provided herein regarding eligibility must be kept current for a longer period, as required by Chapter 1-23 and Section 2-154-020 of the Municipal Code.

The Disclosing Party represents and warrants that:

F.1. Dear Sir/Madam:

In accordance with the Amendment to the Zoning Code enacted by the City Council, Section 17-13-0107-A of the Chicago Zoning Ordinance please be advised that on or about July 23, 2014 I, the undersigned, filed an application for a change in zoning, for the properties located at 1816-1820 North Wells Street from B3-3 Community Shopping District to B1-3 Neighborhood Shopping District.

The applicant is A New Leaf, Inc. with an address at 1645 North Wells, Chicago, IL 60614.

If the Applicant subsequently reduces the number of dwelling units in the Residential Project, DOPD may adjust the requirements of this Statement 16 (i.e., number of Affordable Units and/or amount of Cash Payment) accordingly without amending this Planned Development. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit, or upon receipt of the per unit Cash Payment. The Commissioner of DOPD may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending this Planned Development.

17. Unless substantial construction has commenced within six (6) years following adoption of this Planned Development, and unless completion is thereafter diligently pursued, then this Planned Development shall expire. If this Planned Development expires under the provisions of this section, then the zoning of the property within the Planned Development shall automatically convert to that of the C2-5 Motor Vehicle Related Commercial District.

Question 9: RS-3 (Type 1) to RS-3 (Type 1, as amended)

Proposed Zoning District: For the area bounded by West 38th Street; South Morgan Street; a line 159.10 feet north of and parallel to the north line of West 38th Street; and South Sangamon Street, changing the zoning from **RS-3** Residential Single-Unit (Detached House) District (Type 1) to **RS-3** Residential Single-Unit (Detached House) District (Type 1, as amended). This area was rezoned from M2-3 in the City of Chicago Journal of Proceedings dated September 10, 2008 to RS-3; however, no permit was pulled prior to sunsetting of the zoning amendment. The City of Chicago has not yet revised the zoning maps back to M2-3; accordingly, this zoning amendment seeks to re-establish the prior zoning change.

Question 10: RS-3 (Type 1) to RS-3 (Type 1, as amended)

The area described above is approximately **59,604** square feet.

Question 9: RS-3 (Type 1, as amended) to RT-4 (Type 1, as amended)

The purpose of this zoning change is to accommodate the development of residential townhomes.

Question 10: RS-3 to RT-4

The area described above is approximately **34,052.46** square feet.

NOTE: The portion of the property that will remain zoned **RS-3** will have single-family homes constructed thereon and is approximately **25,551.67** square feet.
