| Title: | Ordinance concerning illegal drug use by transportation network drivers |
| Committee(s) Assignment: | Committee on Transportation and Public Way |

ORDINANCE

WHEREAS, transportation network providers operating in the City of Chicago have no obligation to test their drivers for the use of illegal drugs;

WHEREAS, the Chicago City Council recognizes that illegal drug use by transportation network drivers poses a threat to public safety and endangers City residents and visitors by allowing impaired drivers to operate transportation network vehicles on the City's streets;

WHEREAS, the City of Chicago must protect the safety of its residents and visitors by ensuring that transportation network drivers – and, in fact, all drivers operating for-hire transportation -- on the City's streets are not using illegal drugs;

WHEREAS, a cost efficient and common sense approach to preventing drivers using illegal drugs from engaging in for-hire passenger transportation of any kind is to require such drivers to undergo an annual test for illegal drug use;

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

SECTION 1: The above recitals are incorporated herein and made a part hereof and represent the findings of the City Council with respect to the matters described therein.

SECTION 2: No transportation network provider licensee shall engage any person as a transportation network driver unless the licensee ascertains, in a process approved by the commissioner, that the person has taken and passed a test, conducted by authorities approved by the commissioner, for the presence of illegal drugs in the body.

SECTION 3: For purposes of this section, illegal drugs means controlled substances, as defined by 720 ILCS 570/201, et seq., or cannabis, as defined by 720 ILCS 550/3.

SECTION 4: As a prerequisite to the renewal of a transportation network provider license, the licensee must certify that each transportation network driver with whom the licensee is affiliated has passed a test for the presence of illegal drugs in the body within the time that the driver has been affiliated with the licensee.

SECTION 5: In the event that a transportation network driver tests positive for the presence of illegal drugs in the body, the driver shall be barred from operating a transportation network vehicle for a period of no less than twelve months from the time of the positive test. After the passage of twelve months, the driver must submit to and pass a test for the presence of illegal drugs in the body before driving a transportation network vehicle.

SECTION 6: A transportation network provider licensee who affiliates with a transportation network driver who has tested positive for the presence of illegal drugs in the body within the previous twelve months shall be subject to a penalty of not less than \$500 and not to exceed

\$1,000 for each instance. Each day of such an affiliation is a separate offense. A transportation network provider licensee who is found guilty of two offenses under this section shall be subject to license suspension proceedings.

Title: Call for hearing(s) on electronic monitoring program to track location of criminal offenders

Committee(s) Assignment: Committee on Public Safety

Police + Fire

RESOLUTION

WHEREAS, Over the past decade, the use of electronic monitoring programs to track the location of criminal offenders, both in the pre-adjudication and post-commitment stages, has increased; and

WHEREAS, The electronic monitoring program, used as an alternative to incarceration, allows offenders to remain in communities and attend school or look for work, which also results in savings to taxpayers and reduction in over-crowding of penal institutions; and

WHEREAS, Currently, multiple agencies, including the Cook County Sheriff's Office, the Circuit Court of Cook County Probation Department, the Circuit Court of Cook County Juvenile Justice and Child Protection Department-Juvenile Justice Division, and the Illinois Department of Corrections, are responsible for the electronic monitoring of offenders returned to communities within the City of Chicago ("City"); and,

WHEREAS, Due to a lack of any statutorily mandated uniform standards for monitoring these offenders, each agency has its own policies and guidelines, with some of the programs not requiring their monitoring system to be staffed for 24 hours per day, seven days per week; and

WHEREAS, Tragically, there has been a recent case of a juvenile suspect being charged with raping a pregnant college student, while free on home monitoring, but not being monitored at the time; and

WHEREAS, In order to protect our communities, prevent further violence against innocent citizens, and provide for more effective administration of electronic monitoring programs, the Illinois General Assembly should establish uniform procedures and policies for all agencies that administer electronic monitoring programs; now, therefore,

BE IT RESOLVED, That we, the Mayor and Members of the City Council of the City of Chicago, assembled this eighth day of October, 2014, do hereby request that the City Council Committee on Public Safety hold a hearing on the electronic monitoring programs utilized by different county and state agencies for offenders released within the City, and request the presence of representatives from the Cook County Sheriff's Office, the Circuit Court of Cook County Probation Department, the Circuit Court of Cook County Juvenile Justice and Child Protection Department-Juvenile Justice Division, the Illinois Department of Corrections, and the Chicago Police Department, to give recommendations on the establishment of uniform procedures and protocols for the effective administration of electronic monitoring of offenders; and

BE IT FURTHER RESOLVED, That copies of this resolution be sent to the Committee on Public Safety, and representatives from the Cook County Sheriff's Office, the Circuit Court of Cook County Probation Department, the Circuit Court of Cook County Juvenile Justice and Child Protection Department-Juvenile Justice Division, the Illinois Department of Corrections, and the Chicago Police Department.

Call for hearing(s) concerning costs for sealing or expunging
criminal records

Committee(s) Assignment:

Committee on Human Relations

RESOLUTION

WHEREAS, Section 5.2 of the Illinois Criminal Investigation Act ("the Act"), codified at 20 ILCS 2630/5.2, establishes a legal process to enable persons to seal or expunge their criminal record; and

WHEREAS, In Illinois, a person's criminal record contains his or her full arrest record; and

WHEREAS, As a result, in Illinois, even in cases where a person who was arrested is not prosecuted for the underlying criminal offense, or is prosecuted but is found "not guilty" of the underlying criminal offense, the person must take affirmative steps to have his or her criminal record sealed or expunged; and

WHEREAS, Despite good faith efforts by The Office of the State Appellate Defender to improve its website to help persons clear their criminal records on their own and without the need for an attorney, the process of getting one's criminal record sealed or expunged in such cases remains daunting and is widely perceived as difficult and overwhelming; and

WHEREAS, It is costly to get one's criminal record sealed or expunged. Filing fees, which vary from county to county, must be paid at the courthouse. A \$60 processing fee is payable to the Illinois State Police. In addition, some local law enforcement assess their own processing fees. And, even though it is not necessary to enlist the aid of an attorney to seal or expunge a criminal record, many people nevertheless feel compelled to do so, thereby adding significantly to the overall cost of this process; and

WHEREAS, Many individuals, who were arrested but never prosecuted for the underlying criminal offense, or who were arrested but were found "not guilty" of the underlying criminal offense, will benefit if the Criminal Investigation Act is amended to make it easier and less costly for persons in this situation to have their criminal record sealed or expunged; now, therefore,

BE IT RESOLVED, That we, the Mayor and Members of the City Council of the City of Chicago, assembled this 8th day of October, 2014, do hereby direct the Chicago City Council Committee on Human Relations to hold an informational hearing on this matter; and

BE IT FURTHER RESOLVED, That suitable copies of this resolution be presented to Governor Patrick Quinn; Illinois Senate President John J. Cullerton; Illinois Senate Minority Leader Christine Radogno; Speaker of the House Michael J. Madigan; and Illinois House Minority Leader Jim Durkin, as a sign of our concern with this important issue.

WHEREAS, it is estimated that nationwide domestic violence helplines receive over 20,000 telephone calls per day; and

WHEREAS, it is also estimated that every year in this country there are over 10 million incidents of domestic violence; and

WHEREAS, despite its prevalence, domestic violence remains the most under-reported crime in America; and

WHEREAS, October is national Domestic Violence Awareness Month, during which all Americans are asked to overcome their reluctance to deal with the problem of domestic violence by becoming more informed about the extent of domestic violence and appropriate societal responses to it; and

WHEREAS, numerous advocacy organizations have been established to provide legal services, emergency shelter and social services to victims of domestic violence in and around Chicago; and

WHEREAS, one of the services available to a victim of domestic violence is an order of protection, issued by the local court, to confer legal protection on the victim and to impose limits on actions of the abuser; and

WHEREAS, the Circuit Court of Cook County has acted admirably, opening a courthouse devoted to domestic violence cases, and also dedicating courtrooms at various other locations to domestic violence cases; and

WHEREAS, in spite of the resources now available, there is currently no assured way for a victim of domestic violence to obtain an order of protection during overnight hours and on weekends, when most courtrooms are closed; and

WHEREAS, the publicized and sure availability of relief in the Circuit Court would be of great assistance to victims of domestic violence; now, therefore,

BE IT RESOLVED, that the City Council, through its Committee on Finance, conduct hearings into the extent of domestic violence in the City of Chicago, and the availability of resources to address the problem; and

BE IT FURTHER RESOLVED, that the hearings also explore ways in which City resources and the services of the Circuit Court can be better coordinated in order to address the problem of domestic violence more effectively;

BE IT FURTHER RESOLVED, that social service agencies, advocacy groups, representatives of the Circuit Court of Cook County, representatives of the Cook County government, the State's Attorney of Cook County and appropriate City departments be invited to provide informed testimony on the use of available resources and the need for additional resources to deal with the problem of domestic violence in Chicago; and

Title: Call for City Council support of CrossRail Chicago and premium express train service between O'Hare International Airport and McCormick Place

Committee(s) Assignment: Committee on Transportation and Public Way

R E S O L U T I O N

**A RESOLUTION SUPPORTING CROSSRAIL CHICAGO AND PREMIUM EXPRESS
TRAIN SERVICE BETWEEN O'HARE AIRPORT AND MCCORMICK PLACE**

WHEREAS, Chicago is the financial, business and culture capital of the Midwest, bringing in millions of tourists and visitors every year; and

WHEREAS, improved and expanded passenger train service is essential to maintain Chicago's economic vitality and allow for increased growth and prosperity; and

WHEREAS, a new initiative for first-class passenger rail service called CrossRail Chicago has emerged which would, for the first time, connect Metra route lines together, knitting together the Chicagoland region; and

WHEREAS, Chicago residents of high unemployment areas do not have easy transportation access to areas with job surplus, such as between the south side and the area around O'Hare Airport; and

WHEREAS, the Chicago Department of Transportation has been diligently working for months on creating the city's only through-station for Metra and Amtrak trains at Union Station, developing plans to use two existing tracks along the river that travel through the station, allowing for connected northbound and southbound service; and

WHEREAS, if connecting ramps were built and tracks rights were secured from the freight railroad owners, an elevated freight line along 16th Street from the Lakefront to Halsted (also known as the St. Charles Airline) could connect South Side Metra Electric and Rock Island Metra trains with Union Station and northbound Metra routes allowing for crosstown Metra and Amtrak service for the first time; and

WHEREAS, Metra currently serves O'Hare Airport along the North Central Line from Union Station to the O'Hare Transfer Station on the far eastern part of the airport; these tracks are owned by Metra from Union Station to Franklin Park and then owned by the Canadian National Railroad for the final three miles to the airport; and

WHEREAS, Metra service to O'Hare is less than once an hour during the week and not at all on weekends; passengers must take a shuttle bus from the O'Hare Transfer Station to the end of the people-mover to access the terminals, making service uncompetitive; and

WHEREAS, the CTA Blue Line currently serves O'Hare Airport but express trains are not feasible, given the limited capacity of the tunnels; and

WHEREAS, a Department of Aviation blue ribbon study in the last year of the Daley Administration considered whether a privately financed express train could be built along CTA right-of-way, recognizing the high unmet demand for premium train service from O'Hare and that our competitor cities around the world offer premium train service from their airports to their downtowns, but capacity constraints in the tunnels make such express service unfeasible; and

WHEREAS, the Chicago Department of Aviation is extending the people-mover all the way to the edge of the Metra O'Hare Transfer Station as part of a new consolidated rental car facility directly adjacent to the Metra O'Hare Transfer State, allowing for the first time in the history of O'Hare Airport convenient access to the terminals for Metra passengers; and

WHEREAS, current plans for the Department of Aviation's consolidated rental car facility, however, do not include a multi-modal train station as part of the O'Hare Transfer Station to take advantage of this once-in-a-generation opportunity to connect Metra passengers with the jobs and flights of O'Hare and instead only construct a parking lot; and

WHEREAS, Chicago is currently undergoing a nationwide search for the next Commissioner of the Department of Aviation who will have the opportunity to create a new direction, making the timing excellent for a study of premium Metra/Amtrak service from O'Hare to Union Station and McCormick Place; and

WHEREAS, London's Heathrow Express premium train service could serve as a model for Chicago as the premium trade operator is a profitable enterprise wholly owned by Heathrow Airport that runs an express train every 15 minutes along tracks owned by another public agency for a price between \$34 and \$45; and

WHEREAS, the Department of Aviation is one of the country's most innovative contracting public agencies, regularly procuring design-build-maintain-operate-finance contracts and many variations thereof, providing an opportunity to leverage the city's intellectual capital in innovative service delivery and concession models in procuring premium train service to the airport; and

WHEREAS, traffic congestion on the Kennedy and Dan Ryan Expressways is a permanent source of frustration and economic waste, with airport traffic a significant factor in increasing that congestion; increasing and improving train service can draw drivers and taxi passengers off the expressway, reducing traffic congestion and its corresponding high cost of wasted time from those who do drive and ; and

WHEREAS, Amtrak service from the entire Midwest to Chicago terminates in Union Station, but with the use of through tracks and a multi-modal train station built at O'Hare, Amtrak service could also serve O'Hare airport, diverting even more cars from our expressways and making O'Hare a more competitive airport; and

WHEREAS, the Illinois Senate, Illinois House and Cook County Board of Commissioners have all passed resolutions in favor of CrossRail Chicago; and

NOW, THEREFORE, BE IT RESOLVED, that the Chicago City Council supports CrossRail Chicago and its inclusion in the region's capital plans including those of the Chicago Metropolitan Agency for Planning, the Illinois Department of Transportation, the Regional Transportation Authority and Metra; and

BE IT FURTHER RESOLVED, that the Chicago City Council urges the Chicago Department of Aviation to strongly consider building the consolidated rental car facility as a multi-modal train station directly connected to the Metra station and not just as a stand-alone parking lot in order to take full advantage of this new asset at O'Hare Airport and seek federal, state and transit funds if necessary to cover any incremental costs associated with building the rental car facility as a multi-modal train station; and

BE IT FURTHER RESOLVED, that the Chicago City Council urges the Chicago Infrastructure Trust to fully study innovative mechanisms to finance an O'Hare-McCormick Place premium express train service, including the necessary infrastructure upgrades that would permit South Side Metra direct service to O'Hare and share the findings of that study to the Chicago City Council by March 1, 2015; and

BE IT FURTHER RESOLVED, the Chicago City Council urges the Chicago Department of Aviation to consider conducting a Request for Information to global train operators and financiers on the feasibility of establishing premium airport express train service to McCormick Place running along Metra- and CN-owned tracks; and

BE IT FURTHER RESOLVED, that the Chicago City Council calls on McCormick Place to study and consider their capacity and ability to upgrade their existing Metra station as part of a premium Metra service to O'Hare Airport as well as consider the extent to which premium O'Hare train service fits in with their strategic plan to attract convention business and share those findings with the Chicago City Council by March 1, 2015.

September 12, 2014

Dear Alderman Carrie Austin:

It is with great pleasure that we write to you. You are doing such an excellent job in the 34th Ward. My name is Apostle Bridget C. Outlaw and I am a product of the Roseland Community and a product of the Chicago Public School System in that area. My members and I take great pleasure to thank you for your hard work and your strong stance on promoting Community Partnerships for the last 20 years.

Thank you for allowing us to help strengthen the 34th ward where I was born and raised. I count it as a privilege and honor to work in this community to help empower the community that I grew to love. I am the Senior Pastor of New Global Destiny Int'l World Vision Ministries, Inc. and I have been instrumental in church planting 173 churches all across the Globe.

I have been a strong advocate in the Roseland Area for the past 25 years. I am the Executive Director of Daughters of Destiny Enterprises which is a 501c3 Not for Profit Hub that helps empower low income families, those who live below the poverty line, seniors with disabilities, as well as at-risk youth in the Cook County area.

I lived in the 34th Ward for over 20 years and I have been a strong Social Advocate in the 34th Ward. I was instrumental in bringing many resources to the 34th Ward when the late Alderman Lemuel Austin Sr. was over the ward. When he was in office we would feed the homeless and low income families in that area in West Pullman Park between the years 1988-1993.

During that era we hosted numerous toy drives for the people in the 34th ward at Starlight St James Missionary Baptist Church, 11300 South State, under Pastor I. Barrett. The members of the church opened the church and allowed us to host numerous toy drives which over 500 people came out to the toy drives to receive toys for their kids during Christmas. We have still been Instrumental in providing toys, food and clothes through the Starlight St James Missionary Baptist Church with the help of the Deacon Board and Deacon Christopher Milton from 1998 to the present. Many of the residents in the 34th Ward come to get food from the DOD Hunger Relief "Client Choice" Food Pantry. We have hosted the Food Pantry every Wednesday for the last five years. We will be hosting the Toy Drive this year, as well, in the 34th Ward. We have been instrumental passing out over 20,000 toys to date and we will continue to advocate making the Roseland Community Stronger and Empowered.

Please advise us any additional information that may be needed.

Yours sincerely,

Apostle Bridget C. Outlaw and the

“Domicile” means an individual's one and only true, fixed and permanent home and principal establishment.

“Eligible residents” means city residents and project area residents.

(a) For any construction project advertised, or if not advertised, awarded, by the city that has an estimated contract value of \$100,000.00 or more, and where not otherwise prohibited by federal, state or local law, the total hours worked by persons on the site of the construction project by employees of the contractor and subcontractors shall be performed (i) at least 50 percent by city residents; and (ii) at least 7.5 percent by project area residents. Work hours performed by project area residents shall be considered to be work hours performed by city residents for purposes of calculating the minimum work hour percentage required to be performed by city residents.

These minimum percentages of work hours for eligible residents shall not be understood as limiting or deterring the fuller utilization of eligible residents beyond these levels, but are intended instead as minimum requirements. Contractors shall make good faith efforts to utilize qualified eligible residents in unskilled and skilled labor positions. The chief procurement officer shall separately monitor the utilization of eligible residents in skilled and unskilled positions, and shall report his findings to the city council committee on the budget and government operations when substantially all of the construction contracts for each construction season have been closed. The chief procurement officer shall also report whether he has determined that separate minimum percentages of eligible residents are warranted for skilled and unskilled labor positions.

The chief procurement officer shall develop standards and procedures for reducing or waiving these minimum percentages of work hours for eligible residents when a bidder or contractor can

demonstrate the impracticality or excessive cost of complying with these percentage levels for particular contracts or classes of employees. Except as otherwise provided in the chief procurement officer's standards and procedures, a waiver or reduction shall be deemed appropriate if a contractor or subcontractor has unsuccessfully solicited a sufficient number of eligible residents to perform the work identified in the bid solicitation and has documented such effort to the satisfaction of the chief procurement officer. In addition, such standards and procedures shall require that a contractor seeking a waiver or reduction shall have provided timely notice of the need for qualified eligible residents to an appropriate source of referrals, which source shall be entitled to comment on any waiver or reduction application. If the chief procurement officer determines that lesser percentage standards are appropriate with respect to a particular contract subject to competitive bidding prior to the bid solicitations for such contract, such bid solicitations shall include a statement of such revised standards. The chief procurement officer shall file quarterly reports of his determinations on all reduction or waiver requests made pursuant to this paragraph with the city council committee on the budget and government operations.

(b) Implementation of the requirements established in subsection (a) of this section will be achieved by including in contracts and subcontracts described therein the following language:

The contractor and all subcontractors that perform work on the site on the construction project undertaken pursuant to this contract shall comply with the minimum percentages of total work hours performed by eligible residents as specified in Section 2-92-330 of the Municipal Code of Chicago.

Project's MBE/WBE/Chicago & Project Area Residency Requirements should be evaluated several times while the project is still active.

The contractor shall provide for the maintenance of adequate employee residency records to ensure that eligible residents are employed on the project. The contractor and subcontractors shall maintain copies of personal documents supportive of every eligible resident employee's actual record of residence.

Weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) submitted to the commissioner of the supervising department in triplicate, shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the company hired the employee should be written in after the employee's name.

Full access to the contractor's and subcontractors' employment record shall be granted to the chief procurement officer, the commissioner of the supervising department, the Superintendent of the Chicago Police Department, the inspector general, or any duly authorized representative thereof. The contractor and subcontractors shall maintain all relevant personnel data in records for a period of at least three years after final acceptance of the work.

At the direction of the supervising department, affidavits and other supporting documentation will be required of the contractor to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of the contractor to provide utilization of eligible residents shall not suffice to replace the actual, verified achievement of the requirements of this section concerning the work hours performed by eligible residents. Nothing provided in this paragraph shall be construed to prevent the chief procurement officer from considering such good faith efforts as appropriate for reducing or waiving the minimum percentages of work hours for eligible residents requirement, pursuant to Section 2-92-330(a) of the Municipal Code of Chicago.

CDOT ^{shall} ~~should~~ initiate a rating system, similar to IDOT, which would rank companies according to their overall performance including their effort to increase MBE/WBE percentages and other hiring goals.

When work is completed, in the event that the city has determined that the contractor failed to ensure the fulfillment of the requirements of this section concerning the work hours performed by eligible residents or has failed to report in the manner as indicated above, the city will thereby be damaged in the failure to provide the benefit of demonstrable employment to eligible residents to the degree stipulated in this section. Therefore, in such a case of non-compliance it is agreed that 1/20 of 1 percent (.05%), 0.0005, of the approved contract value for this contract shall be surrendered by the contractor to the city in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no eligible residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject the contractor or subcontractors or employee to prosecution. Any retainage to cover contract performance that may become due to the contractor pursuant to Section 2-92-250 of the municipal code of Chicago may be withheld by the city pending the chief procurement officer's determination whether the contractor must surrender damages as provided in this paragraph.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246", or other affirmative action required for equal opportunity under the provisions of this contract.

(c) The monetary damages stipulated in subsection (b) hereof may be adjusted by the chief procurement officer to represent a larger fraction of the approved contract value, if the chief procurement officer determines after a review of contractors' compliance with this section that said damages are insufficient to secure compliance herewith. In no event may the damages be adjusted to a lower fraction. Any such change must be made effective for all contracts advertised as of a specific date chosen by the chief procurement officer and must be made prior to said advertisement.

In addition to assessing the monetary damages stipulated in subsection (b) hereof, the chief procurement officer may, in lieu of declaring the contractor to be a non-responsible bidder, require the contractor to post a surety bond or other appropriate security in an amount representing ten percent of the approved contract value for subsequent contracts on which the contractor bids, which the contractor shall agree to forfeit in its entirety in the event that full compliance with the requirements of this section is not achieved during the performance of any future contract that the contractor enters with the City of Chicago.

(d) Any person who is employed in a construction project subject to the provisions of this section who knowingly supplies false information concerning his or her residence shall be subject to a fine of not more than \$500.00 for each offense, and imprisonment for a period not to exceed 30 days. Any person found to have violated this section shall also be barred from employment on any construction project subject to this section for a period of five years.

(e) The monetary damages stipulated in subsection (b) hereof shall be used for establishing worker training programs.

(f) The chief procurement officer is authorized to adopt rules and regulations for the proper administration and enforcement of this section.

(Prior code § 26-27; Amend Coun. J. 5-18-94, p. 51426; Amend Coun. J. 7-19-00, p. 38206, § 1; Amend Coun. J. 4-10-13, p. 50868, § 1)

SECTION 2. This ordinance shall take effect upon passage and approval.

Mr. Thomas Buechele

The School of the Art Institute of Chicago
116 S. Michigan Ave, Suite 1600
Chicago, IL 60603

Dear Mr. Buechele,

Thank you for presenting the signage plans for The School of the Art Institute of Chicago (SAIC) to the Chicago Loop Alliance Planning & Advocacy Committee. The Committee supports the signage proposals going forward for all of the buildings that were presented. Signage proposals were presented for the following SAIC buildings: 112 S. Michigan Ave, 116 S. Michigan, 37 S. Wabash and 280 S. Columbus.

The Committee appreciates how the signage is customized to complement the architecture of each building, yet is still identifiable as SAIC's branding. Additionally, the Committee believes that the signage could be even more impactful and possibly incorporate student work.

The Chicago Loop Alliance supports the signage proposals going forward, and always looks forward to seeing the positive impact that SAIC is having in the Loop.

Sincerely,

A handwritten signature in black ink, appearing to read 'Stan Nitzberg'.

Dear Mr. Buechele,

Thank you for presenting the signage plans for The School of the Art Institute of Chicago (SAIC) to the Chicago Loop Alliance Planning & Advocacy Committee. The Committee supports the signage proposals going forward for all of the buildings that were presented. Signage proposals were presented for the following SAIC buildings: 112 S. Michigan Ave, 116 S. Michigan, 37 S. Wabash and 280 S. Columbus.

The Committee appreciates how the signage is customized to complement the architecture of each building, yet is still identifiable as SAIC's branding. Additionally, the Committee believes that the signage could be even more impactful and possibly incorporate student work.

The Chicago Loop Alliance supports the signage proposals going forward, and always looks forward to seeing the positive impact that SAIC is having in the Loop.

Sincerely,
