INDEPENDENT AUDITORS' REPORT

To the Shareholders of Morguard Corporation

We have audited the accompanying consolidated financial statements of Morguard Corporation, which comprise the consolidated balance sheets as at December 31, 2013 and 2012, and January 1, 2012 and the consolidated statements of income, comprehensive income, shareholders' equity and cash flows for the years ended December 31, 2013 and 2012, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with International Financial Reporting Standards and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Morguard Corporation as at December 31, 2013 and 2012, and January 1, 2012 and its financial performance and its cash flows for the years ended December 31, 2013 and 2012, in accordance with International Financial Reporting Standards.

Note 1
Nature and Description of Company

Morguard Corporation (the "Company" or "Morguard") is a real estate investment and management corporation formed under the laws of Canada. Morguard's principal activities include property ownership, development and investment advisory services. Property ownership encompasses interests in multi-unit residential, commercial and hotel properties. The Company owns a diverse portfolio of properties in Canada and the United States. The Company's head office is located at 55 City Centre Drive, Suite 1000, Mississauga, Ontario, L5B 1M3.

Note 2
Significant Accounting Policies
Statement of Compliance

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB").

The consolidated financial statements were approved and authorized for issue by the Board of Directors on March 4, 2014.

Basis of Presentation

The Company's consolidated financial statements are prepared on a going concern basis and have been presented in Canadian dollars rounded to the nearest thousand unless otherwise indicated. The consolidated financial statements are prepared on a historical cost basis, except for real estate properties and certain financial instruments that are measured at fair value. The accounting policies set out below have been applied consistently to all periods presented in these consolidated financial statements, unless otherwise indicated.

Basis of Consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries, all of which are controlled by the Company. Control is achieved when the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Company controls an investee if and only if the Company has power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee), exposure, or rights, to variable returns from its involvement with the investee, and the ability to use its power over the investee to affect its returns. The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Subsidiaries are fully consolidated from the date on which control is obtained by the Company. Subsidiaries are deconsolidated from the date that control ceases.

Although the Company owns less than 50% of Morguard North American Residential Real Estate Investment Trust ("Morguard Residential REIT"), it continues to consolidate its investment in Morguard Residential REIT on the basis of de facto control. See Note 5 for further discussion of this matter.

Non-controlling interests in the equity and the results of these subsidiaries are shown separately in equity in the consolidated balance sheets.

Investment in Morguard Real Estate Investment Trust ("Morguard REIT")

Entities that are not controlled but over which the Company has the ability to exercise significant influence are accounted for using the equity method. The Company accounts for its investment in Morguard REIT using the equity method.

The Company's investment in the convertible debentures issued by Morguard REIT has been presented as equity-accounted and other investments in the consolidated balance sheets.

Interests in Joint Arrangements

The Company reviews its interests in joint arrangements and accounts for those in which the Company is entitled only to the net assets as joint ventures using the equity method of accounting and for those joint arrangements in which the Company is entitled to its share of the assets and liabilities as joint operations and recognizes its rights to and obligations of the assets, liabilities, revenue and expenses of the joint operation.

Real Estate Properties

Real estate properties include residential, retail and commercial properties held to earn rental income and for capital appreciation (income producing properties), hotel properties and properties or land that are being constructed or developed for future use as income producing properties.

Income Producing Properties

Income producing property that is acquired as an asset purchase and not as a business combination is recorded initially at cost, including transaction costs. Transaction costs include transfer taxes, professional fees for legal services and initial leasing commissions, of which transfer tax and legal fees represent the majority of the costs.

Subsequent to initial recognition, income producing properties are recorded at fair value. The changes in fair value each reporting period will be recorded in the consolidated statements of income. In order to avoid double counting, the carrying value of income producing properties includes straight-line rent receivable, tenant improvements, tenant incentives, capital expenditures and direct leasing costs since these amounts are incorporated in the appraised values of the real estate properties. Fair value is based on external and internal valuations using recognized valuation techniques, including the direct capitalization of income and discounted cash flow methods. Recent real estate transactions with characteristics and location similar to the Company's assets are also considered.

Tenant improvements include costs incurred to meet the Company's lease obligations and are classified as either tenant improvements owned by the landlord or tenant incentives. When the obligation is determined to be an improvement that benefits the landlord and is owned by the landlord, the improvement is accounted for as a capital expenditure and included in the carrying amount of income producing properties in the consolidated balance sheets.

Leasing costs include initial direct costs associated with leasing activities such as commissions. These costs are included in the carrying amount of income producing properties in the consolidated balance sheets.

Hotel Properties

The land and building components of the hotel properties are classified as real estate properties in the consolidated balance sheets to reflect their nature, which is to be held to earn cash flows and earn capital appreciation. Six of the Company's seven hotel properties are stated at cost and are amortized using the straight-line method over their estimated useful lives of 40 years, while the seventh hotel is classified as a property under development accounted for at fair value. The revenue and operating expenses of the seven hotel properties are included within net operating income in the consolidated statements of income.

Properties Under Development

The cost of properties under development includes all expenditures incurred in connection with the acquisition, including all direct development costs, realty taxes and other costs to prepare it for its productive use and borrowing costs directly attributable to the development. Borrowing costs associated with direct expenditures on properties under development or redevelopment are capitalized. Borrowing costs are also capitalized on the purchase cost of a site or property acquired specifically for redevelopment in the short term if the activities necessary to prepare the asset for development or redevelopment are in progress. The amount of borrowing costs capitalized is determined by reference to interest incurred on debt specific to the development project. Borrowing costs are capitalized from the commencement of the development until the date of practical completion. The capitalization of borrowing costs is suspended if there are prolonged periods when development activity is interrupted. The Company considers practical completion to have occurred when the property is capable of operating in the manner intended by management. Generally this consideration occurs on completion of construction and receipt of all necessary occupancy and other material permits. Where the Company has pre-leased space as of or prior to the start of the development and the lease requires the Company to construct tenant improvements that enhance the value of the property, practical completion is considered to occur on completion of such improvements.

Properties under development are measured at fair value with changes in fair value being recognized in the consolidated statements of income when fair value can be reliably determined.

Financial Instruments

Recognition and Measurement of Financial Instruments

Financial instruments must be classified into one of the following specified categories: at fair value through profit or loss ("FVTPL"), held-to-maturity investments, available-for-sale ("AFS") financial assets, loans and receivables and other

liabilities. Initially, all financial assets and financial liabilities are recorded in the consolidated balance sheet at fair value. After initial recognition, financial instruments are measured at their fair values, except for held-to-maturity investments, loans and receivables and other financial liabilities, which are measured at amortized cost. The effective interest related to financial assets and liabilities measured at amortized cost and the gain or loss arising from the change in the fair value of financial assets or liabilities classified as FVTPL are included in net income for the period in which they arise. AFS financial instruments are measured at fair value with gains and losses recognized in other comprehensive income ("OCI") until the financial asset is derecognized, and all cumulative gains or losses are then recognized in net income.

The following summarizes the Company's classification and measurement of financial assets and liabilities:

Financial assets	**Classification**	**Measurement**
Mortgages and loans receivable	Loans and receivable	Amortized cost
Amounts receivable	Loans and receivable	Amortized cost
Investment in convertible debentures	FVTPL	Fair value
Investment in publicly traded securities	AFS	Fair value
Investment in real estate funds	AFS	Fair value
Restricted cash	Loans and receivable	Amortized cost
Cash	Loans and receivable	Amortized cost
Financial liabilities		
Mortgages payable	Other financial liabilities	Amortized cost
Senior unsecured debentures	Other financial liabilities	Amortized cost
Convertible debentures, excluding conversion option	Other financial liabilities	Amortized cost
Conversion option of convertible debentures	FVTPL	Fair value
Construction financing on properties under development	Other financial liabilities	Amortized cost
Morguard Residential REIT Units	FVTPL	Fair value
Accounts payable and accrued liabilities	Other financial liabilities	Amortized cost
Bank indebtedness	Other financial liabilities	Amortized cost

Transaction Costs

Transaction costs are incremental costs directly related to the acquisition of a financial asset or the issuance of a financial liability.

Direct and indirect financing costs that are attributable to the issue of financial liabilities not at FVTPL are presented as a reduction from the carrying amount of the related debt and are amortized using the effective interest rate method over the terms of the related debt. These costs include interest, amortization of discounts or premiums relating to borrowings, fees and commissions paid to agents, brokers and advisers, and transfer taxes and duties that are incurred in connection with the arrangement of borrowings.

Transaction costs associated with asset acquisitions are capitalized, and those associated with business acquisitions are expensed as incurred.

Derivatives and Embedded Derivatives

All derivative instruments, including embedded derivatives, are recorded in the consolidated balance sheets at fair value unless exempted from derivative treatment as a normal purchase and sale.

The Company enters into interest rate swaps to hedge its risk associated with interest rates. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative. Hedge accounting is discontinued prospectively when the hedging relationship is terminated, when the instrument no longer qualifies as a hedge or when the hedging item is sold or terminated. In cash flow hedging relationships, the portion of the change in the fair value of the hedging derivative that is considered to be effective is recognized in OCI, while the portion considered to be ineffective is recognized in net income. Unrealized hedging gains and losses in accumulated other comprehensive income ("AOCI")

are reclassified to net income in the periods when the hedged item affects net income. Gains and losses on derivatives are immediately reclassified to net income when the hedged item is sold or terminated.

Fair Value

The fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either (i) in the principal market for the asset or liability or (ii) in the absence of a principal market, in the most advantageous market for the asset or liability.

Fair value measurements recognized in the consolidated balance sheets are categorized using a fair value hierarchy that reflects the significance of inputs used in determining the fair values:

Level 1:	Quoted prices in active markets for identical assets or liabilities.
Level 2:	Quoted prices in active markets for similar assets or liabilities or valuation techniques where significant inputs are based on observable market data.
Level 3:	Valuation techniques for which any significant input is not based on observable market data.

Each type of fair value is categorized based on the lowest-level input that is significant to the fair value measurement in its entirety.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, balances with banks and short-term deposits with remaining maturities at the time of acquisition of three months or less. Bank borrowings are considered to be financing activities.

Goodwill

On acquisition of a business, the underlying fair value of net identifiable tangible and intangible assets is determined, and goodwill is recognized as the excess of the purchase price over this amount. Goodwill is not amortized. Goodwill is tested for impairment on an annual basis to determine whether the fair value of the reporting unit to which goodwill has been attributed is less than the carrying value of the reporting unit's net assets including goodwill, thus indicating impairment. Any impairment is then recorded as a separate charge against income and a reduction of the carrying value of goodwill.

Capital Assets

Capital assets include the following assets, which are stated at cost and amortized over their estimated useful lives using the following rates and methods:

Building (owner-occupied property and hotels)	Straight-line over 40 years
Furniture, fixtures, office and computer equipment	10-20% straight-line
Leasehold improvements	Straight-line over the term of the lease
Condominium	Straight-line over 40 years

Inventory Properties - Land for Residential Developments

Land for residential development properties that is acquired or improved for sale in the ordinary course of business is recorded at the lower of cost or estimated net realizable value and is classified in the consolidated balance sheets as residential inventory properties, which are included as part of "other assets." Costs are allocated to the saleable acreage of each project or subdivision in proportion to the anticipated revenue and include borrowing costs directly attributable to projects under active development. Residential developments are reviewed for impairment whenever events or changes in circumstances indicate the carrying value may exceed net realizable value. An impairment loss is recognized in income when the carrying value of the land exceeds its net realizable value. Net realizable value represents the amount of estimated net sales proceeds, taking into account management's assumptions and projections for the development of the property and market conditions.

Convertible Debentures

Convertible debentures issued by Morguard Residential REIT are convertible at the option of the holder into trust units of Morguard Residential REIT ("Units") that trade on the Toronto Stock Exchange (the "TSX") under the symbol "MRG.UN." The number of Units to be issued does not vary with changes in their fair value.

The Units are redeemable at the option of the holder and therefore are considered puttable instruments that meet the definition of a financial liability under IAS 32 "Financing Instruments - Presentation" ("IAS 32").

Upon issuance, convertible debentures are separated into their debt and conversion feature components. The debt component of the convertible debentures is recognized initially at the fair value of a similar debt instrument without a conversion feature. Subsequent to initial recognition, the debt component of a compound financial instrument is measured at amortized cost using the effective interest method.

Since under IAS 32 the Units meet the definition of a liability, the conversion feature component of the convertible debentures is recorded in the consolidated balance sheet as a liability, measured at fair value, with changes in fair value recognized in the consolidated statements of income and comprehensive income.

Any directly attributable transaction costs were allocated to the debt and conversion components of the convertible debentures in proportion to their initial carrying amounts with the portion allocated to the conversion component expensed immediately.

Morguard Residential REIT Units

The Units of Morguard Residential REIT meet the definition of a financial liability under IAS 32. Whereas certain exceptions in IAS 32 allow Morguard Residential REIT to classify the Units as equity in its own balance sheet, this exception is not available to the Company, and therefore the non-controlling interest that these Units represent is classified as a liability in the consolidated financial statements of the Company and measured at fair value, which is based on the Units' redemption amount with changes in the redemption amount recorded in income in the period of the change.

Provisions

A provision is a liability of uncertain timing or amount. Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are measured at the present value for the expenditures expected to be required to settle the obligation using a discount rate that reflects current market assessment of the time value of money and the risks specific to the obligation. Provisions are remeasured at each consolidated balance sheet date using the current discount rate. The increase in the provision due to the passage of time is recognized as interest expense.

Income Taxes

The Company uses the liability method of accounting for income taxes. Under the liability method of tax allocation, current income tax assets and liabilities are based on the amount expected to be paid to tax authorities, net of recoveries, based on the tax rates and laws enacted or substantively enacted at the consolidated balance sheet dates. Deferred income tax assets and liabilities are determined based on differences between the financial reporting and tax bases of assets and liabilities and are measured using enacted or substantively enacted tax rates and laws that will be in effect when the differences are expected to reverse. Deferred income tax assets are recognized for all deductible temporary differences, carryforward of unused tax credits and unused tax losses to the extent that it is probable that deductions, tax credits and tax losses can be utilized. The carrying amount of deferred income tax assets is reviewed at each consolidated balance sheet date and reduced to the extent it is no longer probable that the income tax asset will be recovered.

In accordance with IAS 12, "Income Taxes" ("IAS 12"), the Company measures deferred tax assets and liabilities on its real estate properties based on the rebuttable presumption that the carrying amount of the real estate property is recovered through sale, as opposed to presuming that the economic benefits of the real estate property will be substantially consumed through use over time. This presumption is rebutted if the real estate property is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the real estate property over time, rather than through sale, which is not the case for the Company.

Revenue Recognition

The Company has not transferred substantially all of the risks and benefits of ownership of its real estate properties and therefore accounts for leases with its tenants as operating leases. Revenue from properties includes rents from tenants under leases, percentage participation rents, property tax and operating cost recoveries, lease cancellation fees, leasing concessions, parking income and incidental income. Percentage participation rents are accrued based on sales estimates submitted by tenants if the tenant anticipates attaining the minimum sales level stipulated in the tenant lease. All other rental revenue is recognized in accordance with each lease.

Revenue from real estate properties recorded in the consolidated statements of income during free rent periods represents future cash receipts and is reflected in the consolidated balance sheets in carrying value of real estate properties and recognized in the consolidated statements of income on a straight-line basis over the initial term of the lease. The Company accounts for stepped rents on a straight-line basis. Rents recorded in advance of cash received are included in amounts receivable. Tenant incentives are deducted from rental revenue on a straight-line basis over the term of the tenant's lease.

Revenue from land sales and gains from the sale of real estate properties are recognized when all material conditions of the related agreement of purchase and sale have been met, the risks of ownership have passed to the purchaser and at least 15% of the total purchase price has been received.

Management and advisory fees and sales of product are recognized when the service is performed or goods are shipped and ownership is legally transferred.

Business Combinations

The purchase method of accounting is used for acquisitions meeting the definition of a business combination. A business combination is an acquisition where an integrated set of activities is acquired in addition to the property. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition date fair values of the assets transferred to the acquirer and the liabilities incurred by the acquirer. Any transaction costs incurred with respect to the business combination are expensed in the period incurred.

Employee Future Benefits

The Company provides pensions to certain of its employees under two defined benefit arrangements and recognizes the cost of the defined benefit plans in the period in which the employee has rendered services. The cost of benefits earned by employees is actuarially determined using the projected benefit method pro-rated on service, compensation increases, retirement ages of employees and future termination levels. No past service costs have been incurred under these plans. Actuarial gains and losses are recognized in full in the period in which they occur and are presented in the consolidated statements of comprehensive income. The current service cost and gains and losses on settlement and curtailments are charged to operating income. The discount rate used to calculate net pension obligations or assets is determined on the basis of current market rates for high-quality corporate bonds and is re-evaluated at each year-end.

Stock-Based Compensation

The Company has a stock appreciation rights ("SARs") plan, which entitles specified officers of Morguard and affiliated entities and directors to receive a cash payment equal to the excess of the market price of Morguard's common shares at the time of exercise over the grant-date price of the right. The Company accounts for the SARs plan using the fair value method. Under this method, compensation expense for the SARs plan is measured at the fair value of the vested portion using the Black-Scholes option pricing model at each balance sheet date. The liability is measured at each reporting date at fair value with changes in the liability recorded in the consolidated statements of income.

Foreign Exchange

The operations of the Company's United States-based subsidiaries are conducted in U.S. dollars, which represent the functional currency of the subsidiaries. Accordingly, the assets and liabilities of these foreign subsidiaries are translated into Canadian dollars at the rates on the consolidated balance sheet dates. Revenues and expenses are translated at the average rate of exchange for the period. The resulting gains and losses are recorded in OCI. Monetary assets and liabilities denominated in foreign currencies are translated into Canadian dollars at the exchange rate in effect at the reporting date. Exchange differences are recognized in profit or loss except for exchange differences arising from a monetary item receivable from or payable to a foreign subsidiary, the settlement of which is neither planned nor likely to occur in the foreseeable future and which in substance is considered to form part of the net investment in the foreign

subsidiary. These exchange differences are recognized in other comprehensive income or loss until the disposal of the net investment, at which time they are reclassified to profit or loss.

Income Per Share
Basic income per share is calculated by dividing net income by the weighted average number of common shares outstanding in each respective period. Diluted income per share is calculated by dividing net income, adjusted for the effect of dilutive securities, by the weighted average number of diluted shares outstanding.

Operating Segments
Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker is the person or group that allocates resources to and assesses the performance of the operating segments of an entity. The Company has determined that its chief operating decision-maker is the Chairman and Chief Executive Officer.

Critical Judgments in Applying Accounting Policies
The following are the critical judgments that have been made in applying the Company's accounting policies and that have the most significant effect on the amounts in the consolidated financial statements:

De Facto Control
The Company's basis of consolidation is described above in the "Basis of Consolidation" section. Judgment is applied in determining when the Company controls an investment even if the Company holds less than a majority of the investee's voting rights (the existence of de facto control). The key assumptions are further defined in Note 5.

Real Estate Properties
The Company's accounting policies relating to real estate properties are described above. In applying these policies, judgment has been applied in determining whether certain costs are additions to the carrying amount of the property, in distinguishing between tenant incentives and tenant improvements, and, for properties under development, identifying the point at which practical completion of the property occurs and identifying the directly attributable borrowing costs to be included in the carrying value of the development property. Judgment is also applied in determining the extent and frequency of independent appraisals. The key assumptions are further defined in Note 6.

Income Taxes
The Company applies judgment in determining the tax rate applicable to its investment in Morguard REIT and identifying the temporary differences related to its investment with respect to which deferred income taxes are recognized.

Business Combinations ("IFRS 3")
Accounting for business combinations under IFRS 3, "Business Combinations," applies only if it is considered that a business has been acquired. Under IFRS 3, a business is defined as an integrated set of activities and assets conducted and managed for the purposes of providing a return to investors or lower costs or other economic benefits directly and proportionately to the Company. A business generally consists of inputs, processes applied to those inputs, and resulting outputs that are, or will be, used to generate revenues. Judgment is used by management in determining if the acquisition of an individual property qualifies as a business combination in accordance with IFRS 3 or as an asset acquisition.

When determining whether the acquisition of a real estate property or a portfolio of properties is a business combination or an asset acquisition, the Company applies judgment when considering whether the real estate property or properties are capable of producing outputs, whether the market participant could produce outputs if missing elements exist and whether significant processes were acquired.

Critical Accounting Estimates and Assumptions

The preparation of the consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenue and expenses during the reporting periods.

In determining estimates of fair market value and net realizable values for the Company's real estate properties, the assumptions underlying estimated values are limited by the availability of comparable data and the uncertainty of predictions concerning future events. Should the underlying assumptions change, actual results could differ from the estimated amounts. The critical estimates and assumptions underlying the valuation of real estate properties are outlined in Note 6.

In addition, the computation of cost reimbursements from tenants for realty taxes, insurance and common area maintenance charges is complex and involves a number of estimates, including the interpretation of terms and other tenant lease provisions. Tenant leases are not consistent in dealing with such cost reimbursements, and variations in computations can exist. Adjustments are made throughout the year to these cost recovery revenues based upon the Company's best estimate of the final amounts to be billed and collected.

The fair value of financial instruments approximates amounts at which these instruments could be exchanged between market participants at the measurement date. The estimated fair value may differ in amount from that which could be realized on an immediate settlement of the instruments. The Company estimates the fair value of mortgages payable by discounting the cash flows of these financial obligations using market rates for debts of similar terms.

Note 3
Adoption of Accounting Standards

Each of the standards below is effective for annual periods beginning on January 1, 2013, and has been adopted in the preparation of these consolidated financial statements.

(a) Consolidated Financial Statements and Joint Arrangements

IFRS 10, "Consolidated Financial Statements" ("IFRS 10"), establishes principles for the preparation of the Company's consolidated financial statements when it controls one or more other entities. The standard defines the principle of control and establishes control as the basis for determining which entities are consolidated in the consolidated financial statements of the Company. IFRS 10 does not prescribe changes to the consolidation procedures but rather modifies the definition of control and prescribes that an investor may have control even if it holds less than a majority of the investee's voting rights (de facto control). The standard is required to be applied retrospectively to prior periods presented.

IFRS 11, "Joint Arrangements" ("IFRS 11"), replaced IAS 31, "Interests in Joint Ventures." IFRS 11 requires that reporting issuers consider whether a joint arrangement is structured through a separate vehicle, as well as the terms of the contractual arrangement and other relevant facts and circumstances, to assess whether the entity is entitled to only the net assets of the joint arrangement ("joint venture") or to its share of the assets and liabilities of the joint arrangement ("a joint operation"). The standard is required to be applied retrospectively to prior periods presented.

See Note 29 for the impact of the Company's adoption of IFRS 10 and IFRS 11 on the consolidated financial statements.

(b) Disclosure of Interests in Other Entities

IFRS 12, "Disclosure of Interests in Other Entities," applies to entities that have an interest in a subsidiary, a joint arrangement, an associate or an unconsolidated structured entity. The standard requires the Company to disclose information that enables users of the financial statements to evaluate (i) the nature of, and risks associated with, the Company's interests in other entities and (ii) the effects of those interests on the Company's financial position, financial performance and cash flows. See Notes 5 and 7 for additional disclosures related to Morguard Residential REIT, Morguard REIT and other investments.

(c) Fair Value Measurement

IFRS 13,"Fair Value Measurement" ("IFRS 13"), establishes a single source of guidance for all fair value measurements. IFRS 13 does not change when an entity is required to use fair value rather provides guidance on how to measure fair value under IFRS when fair value is required or permitted. IFRS 13 also requires specific disclosures about fair value measurements and disclosures of fair values, some of which replace existing disclosure requirements in other standards, including IFRS 7, "Financial instruments: Disclosures" ("IFRS 7").

The Company adopted IFRS 13 prospectively from January 1, 2013, and the adoption of this standard did not materially affect the consolidated financial statements. Additional disclosures required by this standard have been added to Note 6 and Note 30.

(d) Employee Benefits

IAS 19R, "Employee Benefits," has been amended to eliminate the option to defer the recognition of gains and losses, streamlining the presentation of changes to assets and liabilities with all changes from remeasurement to be recognized in other comprehensive income and enhancing the disclosure of the characteristics of defined benefit plans and the risks that companies are exposed to through participation in those plans. Adoption of this standard had minimal impact on the Company's consolidated financial statements since the Company had been recognizing through retained earnings all cumulative unamortized actuarial gains and transitional obligations relating to its defined benefit pension plans.

Note 4
Future Accounting Policy Change

(a) Levies

IFRIC Interpretation 21, "Levies" ("IFRIC 21"), clarifies that an entity recognizes a liability for a levy when the activity that triggers payment, as identified by the relevant legislation, occurs. For a levy that is triggered upon reaching a minimum threshold, the interpretation clarifies that no liability should be anticipated before the specified minimum threshold is reached. The IFRIC does not apply to accounting for income taxes, for fines and penalties or for acquisition of assets from services under contractual agreements with governments. IFRIC 21 is effective for annual periods beginning on or after January 1, 2014. The Company is in the process of assessing the impact of the adoption of this interpretation on its consolidated financial statements.

(b) Financial Instruments

IFRS 9, "Financial Instruments" ("IFRS 9"), will replace IAS 39, "Financial Instruments: Recognition and Measurement" ("IAS 39"), and addresses the classification and measurement of all financial assets and financial liabilities within the scope of the current IAS 39. Included in IFRS 9 are the requirements to measure debt-based financial assets at either amortized cost or FVTPL and to measure equity-based financial assets either as held for trading or as fair value through other comprehensive income ("FVTOCI"). No amounts are reclassified out of other comprehensive income if the FVTOCI option is elected. Additionally, embedded derivatives in financial assets would no longer be bifurcated and accounted for separately under IFRS 9.

A new general hedge accounting standard, part of IFRS 9, was issued in November 2013. The new standard does not change the types of hedging relationships (i.e., cash flow or fair value hedges) or the requirement to measure and recognize ineffectiveness fundamentally; however, more hedging strategies that are used for risk management will qualify for hedge accounting.

IFRS 9 is not expected to be effective until at least 2017; however, earlier adoption is permitted. The Company is in the process of assessing the impact of the adoption of this interpretation on its consolidated financial statements.

Note 5
Morguard North American Residential Real Estate Investment Trust

On April 18, 2012, the Company completed an initial public offering ("IPO") of trust units of Morguard Residential REIT. A total of 8,250,000 trust units were sold at a price of $10.00 per trust unit for gross proceeds of $82,500. The total proceeds received, net of underwriters' commission, was $77,550. Since Morguard retained control of Morguard Residential REIT, the transaction was accounted for as a reorganization and recapitalization of its existing operations.

On March 15, 2013, Morguard Residential REIT completed an offering of 8,270,000 units at a price of $11.50 per unit, representing gross proceeds of $95,105 and $60,000 aggregate principal amount of 4.65% convertible unsecured subordinated debentures (the "Convertible Debentures") due on March 30, 2018. The Convertible Debentures are convertible at the option of the holder into Units of Morguard Residential REIT at $15.50 per trust unit. Morguard acquired 870,000 of the Units and $5,000 aggregate principal amount of the Convertible Debentures. As at December 31, 2013, the Company owned a 48.7% effective interest in Morguard Residential REIT through its ownership of 5,445,166 Units and 17,223,090 Class B LP units.

Although the Company's effective ownership interest in Morguard Residential REIT has declined from 57.1% as at December 31, 2012, to 48.7% as at December 31, 2013, the Company continues to consolidate its investment in Morguard Residential REIT on the basis of de facto control in accordance with IFRS 10. The basis for concluding that the Company continues to control Morguard Residential REIT is as follows: (i) the Company holds a significant interest in Morguard Residential REIT's voting rights as at December 31, 2013; (ii) the wide dispersion of the public holdings of Morguard Residential REIT's remaining Units; (iii) the Company's ability to nominate a minimum number of Morguard Residential REIT's trustees based on the Company's ownership interest; (iv) all of Morguard Residential REIT's senior management are employees of the Company; and (v) Morguard Residential REIT's significant dependency on the Company as a result of the property management, asset management, financing and acquisition services that the Company provides to Morguard Residential REIT in accordance with the agreements that were entered into between the Company and Morguard Residential REIT on completion of Morguard Residential REIT's IPO.

The following summarizes Morguard Residential REIT's aggregate assets and liabilities, results of operations and cash flows for the following periods as presented in Morguard Residential REIT's financial statements. As discussed above, the Units issued by Morguard Residential REIT that are not held by the Company are classified as equity on Morguard Residential REIT's balance sheet but are classified as a liability on the Company's balance sheet.

Capitalization Rates

For the financial reporting periods ended December 31, 2013, and December 31, 2012, the Company's Canadian portfolio was predominantly appraised internally by its appraisal division, and the U.S. portfolio was predominantly externally appraised by national U.S. real estate appraisal firms. Approximately 43% of the Company's portfolio was externally appraised at December 31, 2013 (December 31, 2012 - 35%).

The Company determined the fair value of each real estate property based upon, among other things, rental income from current leases and assumptions about rental income from future leases reflecting market conditions at the applicable consolidated balance sheet dates, less future cash outflow pertaining to the respective leases. The Company's multi-unit residential properties are appraised using the direct capitalization of income method. The retail, office and industrial properties are appraised using a number of approaches that typically include a discounted cash flow analysis, a direct capitalization of income method and a direct comparison approach. The discounted cash flow analysis is primarily based on discounting the expected future cash flows, generally over a term of 10 years including a terminal value based on the application of a capitalization rate to estimated year 11 cash flows.

Using the direct capitalization income approach, the residential, retail, office and industrial properties were valued using capitalization rates in the range of 4.5% to 9.3% applied to a stabilized net operating income of $226,866 (December 31, 2012 – 4.5% to 9.5% and $168,035), resulting in an overall weighted average capitalization rate of 5.3% (December 31, 2012 - 5.8%). The stabilized occupancy and capitalization rates by product type are set out in the following table:

	December 31, 2013					December 31, 2012

Employee Future Benefits

The Company maintains a non-contributory defined benefit pension plan covering certain employees under the Morguard Corporation Employee Retirement Plan (the "Morguard Plan"). This plan provides benefits based on length of service and final average earnings. There is only one active member since the majority of members were employed in the Company's industrial products distribution business, which was sold in 1996. The pension obligations and related assets for the former employees remain part of the Company's defined benefit pension plan. The most recent actuarial valuation was as of December 31, 2012.

Effective January 1, 2008, the Morguard Plan was amended and restated in its entirety to consist of the existing defined benefit provisions and new defined contribution provisions. Employees who accrued benefits under the Morguard Plan on December 31, 2007, will continue to participate in the defined benefit provisions of the Morguard Plan on and after January 1, 2008, and are not eligible to participate in the new defined contribution provisions. Employees of the Company who were formerly employees of Morguard Residential Inc. and new employees of the Company participate under the defined contribution provisions upon completion of the applicable waiting period effective January 1, 2008.

Morguard Investments Limited Employees' Retirement Plan (the "MIL Plan") is a defined benefit plan that provides benefits based on years of service, years of contributions and annual earnings.

Effective January 1, 2008, all members of the MIL Plan ceased to accrue future benefits under the MIL Plan and commenced participation under the new defined contribution provisions of the Morguard Plan. No assets or liabilities

will transfer from the MIL Plan to the new Morguard Plan with respect to benefits accrued to December 31, 2007, with respect to MIL Plan members. Accrued benefits under the MIL Plan will be determined using credited service and benefit entitlement as of December 31, 2007.

Membership is a requirement after a defined term of employment and age. Funding of the MIL Plan is provided by contributions from Morguard Investments Limited. Certain employees who commenced employment prior to January 1, 1997, elected to contribute to the MIL Plan and receive a higher benefit. The most recent actuarial valuation was as of December 31, 2012.

Later than one year and not longer than five years	323,005	304,693
Later than five years	296,361	251,883
	$795,125	$702,014

Future minimum annual rental payments for land leases, office premises and equipment operating leases that expire at various dates ending in 2069 are payable over the next five years and thereafter as follows:

2014	$13,548
2015	13,384
2016	13,360
2017	13,215
2018	13,064
Thereafter	470,513

The Company is a lessee under three ground leases that expire at various dates ending in 2060. Annual rental expenses for each of the ground leases are as follows:

Ground Lease #1	
From July 1, 1990, to June 30, 2010	$2,779
From July 1, 2010, to June 30, 2030	$10,962 (see Note 26 (b))
From July 1, 2030, to June 30, 2050	Fair market value of land at June 2030 multiplied by 6%
From July 1, 2050, to June 30, 2060	Fair market value of land at June 2050 multiplied by 6%

Ground Lease #1 represents the lease associated with the land underlying a mixed-use property located in Toronto, Ontario (the "Land Lease Property"). Since the lessor and the Company were not able to reach an agreement on the fair market value of the land on the last scheduled reset date of July 1, 2010, the matter was appointed to an arbitration tribunal (the "Arbitrators"). On June 21, 2013, a majority of the Arbitrators awarded their decision and concluded on a land value that resulted in the annual land rent increasing from $2,779 to $10,962. In accordance with the decision rendered by the majority of the Arbitrators, the Company has recorded the land rent based on the increased annual rent of $10,962 and, during the three months ended June 30, 2013, recorded the increase in the land rent retroactive to July 1, 2010, in the amount of $20,158. The Company has classified the increase in the annual land rent from $2,779 to $10,962 as land rent arbitration expense in the consolidated statements of income. As a result of the increase in the annual land rent, the fair market value of the Land Lease Property decreased by $55,000 for the year ended December 31, 2013.

The Company has two other ground leases that expire between June 30, 2022, and July 21, 2069. The Company is required to pay an annual base rent totalling $319. In addition, the Company has a commitment to purchase the land of one of the ground leases that expires on May 31, 2022. The purchase price of the land will be based on the market value of the land at the end of the lease term.

The Company has entered into various leasing agreements and agreements for the development of properties. As at December 31, 2013, committed leasing costs and capital expenditures are estimated to be $4,979 and $1,868, respectively.

(b) Contingencies

As indicated above, a majority of the Arbitrators awarded their decision that the annual land rent for Ground Lease #1 should be $10,962. The decision delivered by the minority of the Arbitrators would have resulted in an annual land rent of $3,600. The Company has appealed the Arbitrators' decision.

The Company has issued irrevocable letters of credit relating to normal course development activity amounting to $17,821 as at December 31, 2013 (2012 - $12,082).

In addition, the Company is contingently liable with respect to litigation, claims and environmental matters that arise from time to time, including those that could result in mandatory damages or other relief, which could result in significant expenditures. While the final outcome of these matters cannot be predicted with certainty, in the opinion of management, any uninsured liability that may arise from such contingencies would not have a material adverse effect on the financial position or results of operations of the Company. Any settlement of claims in excess of amounts recorded will be charged to operations as and when such determination is made.

Note 27
Management of Capital

The Company defines capital that it manages as the aggregate of its shareholders' equity, Morguard Residential REIT Units and interest-bearing debt less mortgages and loans receivable and cash and cash equivalents. The Company's objective when managing capital is to ensure that the Company will continue as a going concern so that it can sustain daily operations and provide adequate returns to its shareholders.

The Company is subject to risks associated with debt financing, including the possibility that existing mortgages may not be refinanced or may not be refinanced on as favourable terms or with interest rates as favourable as those of the existing debt. The Company mitigates these risks by its continued efforts to stagger the maturity profile of its long-term debt, enhance the value of its real estate properties, maintain high occupancy levels and foster excellent relations with its lenders. The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets.

The total managed capital for the Company as at December 31, 2013, and December 31, 2012, is summarized below:

As at December 31	2013	2012
Mortgages payable	**$1,968,356**	$1,555,111
Unsecured Debentures	**133,993**	—
Convertible Debentures	**52,875**	—
Construction financing on properties under development	**103,866**	17,334
Morguard Residential REIT units	**201,929**	165,390
Loans payable	**2,128**	11,985
Bank indebtedness	**110,615**	144,921
Cash and cash equivalents	**(129,361)**	(79,116)
Shareholders' equity	**2,329,972**	2,048,288
	$4,774,373	$3,863,913

The Company monitors its capital structure based on an interest coverage ratio and a debt to gross book value ratio. These ratios are used by the Company to manage an acceptable level of leverage and are calculated in accordance with the terms of the specific agreements with creditors and are not considered measures in accordance with IFRS; nor is there an equivalent IFRS measure.

The Company's Unsecured Debentures contain covenants that are calculated on a non-consolidated basis, which represents the Company's consolidated results prepared in accordance with IFRS as shown on the Company's most recently published financial statements, adjusted, as required, to account for the Company's investment in Morguard North American Residential REIT using the equity method. The covenants that the Company must maintain are a non-consolidated interest coverage ratio above 1.65 times, a non-consolidated debt to gross book value ratio not to exceed 65% and a minimum non-consolidated equity requirement of at least $300,000. If the Company does not meet these covenants, the Unsecured Debentures will become immediately due and payable unless the Company is able to remedy the default or obtain a waiver from lenders. The Company is in compliance with the covenants at December 31, 2013.

Note 28
Financial Instruments and Risk Management

The Company's financial assets and financial liabilities comprise cash and cash equivalents, amounts receivable, mortgages and loans receivable, accounts payable and accrued liabilities, bank indebtedness, mortgages payable and loan payable. Fair values of financial assets and financial liabilities and discussion of risks associated with financial assets and liabilities are presented as follows.

Fair Value of Financial Assets and Financial Liabilities

The fair values of cash and cash equivalents, amounts receivable, accounts payable and accrued liabilities and bank indebtedness approximate their carrying values due to the short-term maturity of those instruments. The fair value of construction financing and mortgages and loans receivable is based on the current market conditions for financing loans with similar terms and risks. The loans payable are reflected at fair value since it is based on a floating interest rate and reflects the terms of current market conditions.

Mortgages payable, convertible debentures and unsecured debentures are carried at amortized cost using the effective interest method of amortization. The estimated fair values of long-term borrowings have been determined based on market information, where available, or by discounting future payments of interest and principal at estimated interest rates expected to be available to the Company at year-end.

The fair value of the mortgages payable has been determined by discounting the cash flows of these financial obligations using December 31, 2013, market rates for debts of similar terms (category Level 2). Based on these assumptions, the fair value as at December 31, 2013, of the mortgages payable before deferred financing costs is estimated at $1,969,977 (December 31, 2012 - $1,611,984), compared with the carrying value of $1,983,135 (December 31, 2012 - $1,566,180). The fair value of the mortgages payable varies from the carrying value due to fluctuations in interest rates since their issue.

The fair value of the Convertible Debentures has been determined by discounting the cash flows of these financial obligations using December 31, 2013, market rates for debts of similar terms (category Level 2). Based on these assumptions, the fair value as at December 31, 2013, of the Convertible Debentures before deferred financing costs has been estimated at $53,668 (December 31, 2012 - $nil) compared with the carrying value of $54,806 (December 31, 2012 - $nil). The fair value of the Convertible Debentures varies from the carrying value due to fluctuations in interest rates since their issue.

The fair value of the Unsecured Debentures is approximately $134,240 as at December 31, 2013, and is based on its closing bid price (category Level 1).

The Company entered into four interest rate swap transactions to mitigate the interest rate risk on four floating rate mortgages. Three of the swap transactions matured on December 31, 2013. The fourth swap transaction matures on June 14, 2018, and the outstanding balance of the floating rate mortgage is $46,000 as at December 31, 2013.

The fair value hierarchy of financial instruments, income producing properties, properties under development and the hotel property measured at fair value in the condensed consolidated balance sheets is as follows:

Risks Associated With Financial Assets and Financial Liabilities

The Company is exposed to financial risks arising from its financial assets and financial liabilities. The financial risks

include market risk relating to interest rates and foreign exchange rates, credit risk and liquidity risk. The Company's overall risk management program focuses on establishing policies to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company aims to develop a disciplined control environment in which all employees understand their roles and obligations.

(a) Market Risk

Market risk, the risk that the fair value or future cash flows of financial assets or financial liabilities will fluctuate due to movements in market prices, comprises the following:

Interest Rate Risk

The Company is subject to the risks associated with debt financing, including the risk that mortgages and credit facilities will not be refinanced on terms as favourable as those of the existing indebtedness. Interest on the Company's bank indebtedness and certain mortgages is subject to floating interest rates. For the year ended December 31, 2013, the increase or decrease in annual net income for each one percent change in interest rates on floating rate debt amounts to $1,696.

The Company's objective in managing interest rate risk is to minimize the volatility of the Company's income. As at December 31, 2013, interest rate risk has been minimized as the majority of long-term debt is financed at fixed interest rates with maturities scheduled over a number of years. Mortgages totalling $179,793 are subject to floating interest rates; however, the Company's risk has been minimized as the Company entered into four interest rate swap transactions to acquire a fixed rate in substitution for the floating rate. Three of the swap agreements expired on December 31, 2013, and the corresponding floating interest rate mortgages will be refinanced during the year ended December 31, 2014.

Foreign Exchange Risk

The Company is exposed to foreign exchange risk as it relates to its U.S. investments due to fluctuations in the exchange rate between Canadian and U.S. dollars. Changes in the exchange rate may result in a reduction or an increase of reported earnings and other comprehensive income. For the year ended December 31, 2013, a $0.05 change in the U.S. to Canadian dollar exchange rate would have resulted in a $2,344 change to net income or loss and a $23,036 change to comprehensive income or loss.

The Company's objective in managing foreign exchange risk is to mitigate the exposure from fluctuations in the exchange rate by maintaining U.S.-denominated debt against its U.S. assets. The Company currently does not hedge translation exposures.

(b) Credit Risk

Credit risk is the risk that the counterparty to a financial asset will default, resulting in the Company incurring a financial loss. A substantial portion of the Company's amounts receivable is with retail tenants and individuals and is subject to normal industry credit risks.

The objective in managing credit risk is to mitigate exposure through the use of approved credit policies governing the Company's credit practices that limit transactions according to counterparties' credit quality.

The carrying amount of amounts receivable is reduced through the use of an allowance account, and the amount of the loss is recognized in the consolidated statements of income within property operating expenses. When a receivable balance is considered uncollectible, it is written off against the allowance for doubtful accounts. Subsequent recoveries of amounts previously written off are credited against operating expenses in the consolidated statements of income.

The following table sets forth details of trade receivables and the related allowance for doubtful accounts:

As at	**December 31 2013**	December 31 2012
Trade receivables	**$5,990**	$2,911
Less: Allowance for doubtful accounts	**(927)**	(873)
Trade receivable, net	**$5,063**	$2,038

(c) Liquidity Risk

Liquidity risk is the risk the Company will encounter difficulties in meeting its financial liability obligations. The Company will be subject to the risks associated with debt financing, including the risk that mortgages and credit facilities will not be able to be refinanced. The Company's objectives in minimizing liquidity risk are to maintain appropriate levels of leverage on its real estate assets and to stagger the debt maturity profile. At December 31, 2013, the Company was holding cash and cash equivalents of $129,361 and had undrawn lines of credit available to it of $143,611.

The fair value of the interest rate swap for the year ended December 31, 2013, is a loss position of $499 (2012 - $2,264), which is included in accounts payable and accrued liabilities in the consolidated balance sheets. Included in other comprehensive income for the year ended December 31, 2013, is a gain net of deferred taxes of $354 (2012 - a gain of $992); deferred taxes amount to $1,412 (2012 - $1,460), which relates to the effective portion of the net change in fair value of the interest rate swaps.

Note 29
Impact of IFRS 10 and IFRS 11

The adoption of IFRS 10 affected five properties that previously were accounted for using proportionate consolidation. Under the control model of IFRS 10, it was determined the properties should be accounted for using the consolidation method. The following summarizes the impact of the adoption of IFRS 10 and IFRS 11 on the Company's consolidated financial statements:

Cyclops Welding Corporation,* 146 Ill. 2d 155 (1991)). The City, however, does not waive any limitations it may have on its liability under the Worker's Compensation Act or under the Illinois Pension Code.

D. The City has the right, at its option and at its own expense, to participate in the defense of any suit without relieving Contractor of any of its obligations under this indemnity provision. The requirements set forth in this indemnity provision are separate from and not limited by the amount of insurance Contractor is required to obtain under this Agreement or by its bonds pursuant to other provisions in this Agreement. Further, the indemnitees contained in this provision survive the expiration or termination of this Agreement.

3.07 Records and Audits

The Contractor shall deliver or cause to be delivered all documents, data, studies, reports, findings or information to the SSAC promptly in accordance with the time limits prescribed herein and if no time limit is specified, then upon reasonable demand therefore, or upon termination or completion of the Services hereunder.

The Contractor agrees to adopt at its own expense such financial controls, including, without limitation, the employment of a fiscal agent approved by the Commissioner, as determined by the Commissioner in his sole discretion and communicated in writing to the Contractor after the date of execution of this Agreement, to ensure that the Contractor is fulfilling the terms of this Agreement.

The Contractor and any Subcontractors shall furnish the SSAC with semi-annual reports or provide such information as may be requested relative to the performance and cost of the Services. The Contractor shall maintain records showing actual time devoted and costs incurred. The Contractor shall keep books, documents, paper, records and accounts in connection with the Services open to inspection, copying, abstracting, transcription, and an independent audit by City employees or agents or third parties, and shall make these records available to the City and any other interested governmental agency at reasonable times during the performance of its Services.

Contractor must maintain any such records including Deliverables not delivered to the City or demanded by the City for a period that is the longer of (A) 5 years after the final payment made in connection with this Agreement (or, 6 years after the final payment made in connection with this Agreement, with respect to any records that are required to be maintained pursuant to the Contractor's obligations under the regulations implementing the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the Health Information Technology for Economic and Clinical Health Act (HITECH), which was part of the American Recovery and Reinvestment Act of 2009, specifically 45 C.F.R. § 164.530(j)), or (B) as directed by the Local Records Act (50 ILCS 205) and relevant records retention schedule. Contractor must not dispose of such records following the expiration of the relevant period without notification of and written approval from the City in accordance with Article 10.

In addition to the records to be stored by Contractor, all records that are possessed by Contractor in its service to the City to perform a governmental function are public records of the City pursuant to the Illinois Freedom of Information Act ("FOIA"), unless the records are exempt under the Act. FOIA requires that the City produce records in a very short period of time. If the Contractor receives a request from the City to produce records, the Contractor shall do so within 72 hours of the notice.

THE CONTRACTOR SHALL NOT COMMINGLE SERVICE TAX FUNDS WITH FUNDS FROM OTHER SOURCES, and to the extent that the Contractor conducts any business operations separate and apart from the Services hereunder using, for example, personnel, equipment, supplies or facilities also used in connection with this Agreement, then the Contractor shall maintain and make similarly available to the City detailed records supporting the Contractor's allocation to this Agreement of the costs and expenses attributable to any such shared usages.

The Contractor shall provide an annual audited financial statement (a "Third Party Audit") to the Department and the SSAC within 120 calendar days after the end of the calendar year, and the system of accounting shall be in accordance with generally accepted accounting principles and practices, consistently applied throughout. Contractor must comply with the requirements in Exhibit 8 with respect to any Third Party Audit. If any Third Party Audit shows that Contractor or any of its Subcontractors has overcharged the City in any period, the City will notify Contractor, and Contractor must then promptly reimburse the City for any amounts the City has paid Contractor due to the overcharges. Any failure to comply with the audit requirements set forth in Exhibit 8 of the Agreement shall constitute an event of default under the Agreement. If such event of default is not corrected to the City's satisfaction within the cure period identified by the City, the City may incur costs to conduct any supplementary audit it deems necessary, and Contractor must then promptly reimburse the City for any such costs. No provision in this Agreement granting the City a right of access to records and documents is intended to impair, limit or affect any right of access to such records and documents that the City would have had in the absence of such provisions.

The City may in its sole discretion audit the records of Contractor or its Subcontractors,

or both, at any time during the term of this Agreement or within five years after the Agreement ends, in connection with the goods, work, or services provided under this Agreement. Each calendar year or partial calendar year is considered an "audited period." If, as a result of such an audit, it is determined that Contractor or any of its Subcontractors has overcharged the City in the audited period, the City will notify Contractor. Contractor must then promptly reimburse the City for any amounts the City has paid Contractor due to the overcharges and also some or all of the cost of the audit, as follows:

A. If the audit has revealed overcharges to the City representing less than 5% of the total value, based on the Agreement prices, of the goods, work, or services provided in the audited period, then the Contractor must reimburse the City for 50% of the cost of the audit and 50% of the cost of each subsequent audit that the City conducts;

B. If, however, the audit has revealed overcharges to the City representing 5% or more of the total value, based on the Agreement prices, of the goods, work, or services provided in the audited period, then Contractor must reimburse the City for the full cost of the audit and of each subsequent audit.

If the City is unable to make a determination regarding overcharges to City as a result of Contractor's not having maintained records as required under this Agreement, Contractor must promptly reimburse the City for some or all of the cost of the audit, as determined in the sole discretion of the City. Failure of Contractor to promptly reimburse the City in accordance with this Section 3.07 is an event of default under Section 7.01 of this Agreement, and Contractor will be liable for all of the City's costs of collection, including any court costs and attorneys' fees.

3.08 Subcontracts and Assignments

The Contractor shall not assign, delegate, subcontract or otherwise transfer all or any part of its rights or obligations under this Agreement or any part hereof, unless otherwise provided for herein or without the express written consent of the SSAC. The absence of such provision or written consent shall void the attempted assignment, delegation or transfer and shall be of no effect as to the Services or this Agreement.

All subcontracts, all approvals of Subcontractors and any assignment to which the SSAC consents are, regardless of their form, deemed conditioned upon performance by the Subcontractor or assignee in accordance with the terms and conditions of this Agreement.

If the Contractor subcontracts for security services, the Subcontractor shall be a Security Firm certified by the State of Illinois and the Security Firm's employees shall be licensed by the State of Illinois. The Contractor, upon entering into any subcontract with a Security Firm, shall furnish the SSAC and the Department with a copy of the subcontract for their approval. The City expressly reserves the right to approve all Security Firm subcontracts.

3.09 License, Permits and Safety Considerations

A. Licenses and Permits

If the Contractor engages in Construction, it is responsible for and, in a timely manner consistent with its obligations hereunder, shall secure and maintain at its expense such permits, licenses, authorizations and approvals as are necessary for it to engage Construction under this Agreement

B. Safety Considerations

If the Contractor engages in Construction, it shall at all times exercise reasonable care, shall comply with all applicable provisions of federal, state and local laws to prevent accidents or injuries, and shall take all appropriate precautions to avoid damage to and loss of City property and the property of third parties in connection with the Construction. The Contractor shall erect and properly maintain at all times all necessary safeguards, barriers, flags and lights for the protection of its and its Subcontractors' employees, City employees and the public.

If the Contractor engages in Construction, it shall report to the Department any damage on, about, under or adjacent to City property or the property of third persons resulting from its performance under this Agreement. The Contractor is responsible for any damage to City property and the property of third parties due, in whole or in part, to the Contractor's Construction activities under this Agreement, and the Contractor shall repair such damage to a reasonably acceptable standard.

3.10 Performance Bond

If the Contractor engages in Construction work where expenditures exceed $100,000, it shall, not later than the date the Contractor begins such work or executes a subcontract for such work, provide or cause to be provided to the Department a performance and payment bond in the amount allocated for the Construction work (but not including the amount allocated for design and preparation of specifications), by a surety or sureties acceptable to the City. The performance bond shall be in the form and to the effect of Exhibit 6 hereto, which is incorporated by reference as if fully set forth here.

If any of the sureties on such bond at any time fail financially, or are deemed to be insufficient security for the penalty of the bond, then the City may, on giving 10 days notice thereof in writing, require the Contractor to furnish a new and additional bond with sureties satisfactory to the City, and, if so required, Contractor must promptly provide such bond.

ARTICLE 4 TERM OF SERVICES

This Agreement shall take effect as of January 1, 2015 ("Effective Date") and shall continue through December 31, 2015, or until the Agreement is terminated earlier in accordance with its terms.

ARTICLE 5 COMPENSATION

5.01 Basis of Payment

The maximum compensation that the Contractor may be paid under this Agreement between January 1, 2015 and December 31, 2015 is the sum of (a) $243,705 or the total amount of Service Tax Funds actually collected, plus interest earned on those funds, for tax year 2014, whichever is less; (b) the total amount of Surplus Funds in the amount of $30,000 which are being carried over from previous program years and which contractor hereby acknowledges are in its possession; and (c) Late Collections in an amount not to exceed $12,185; the maximum compensation that the Contractor may be paid under this Agreement between January 1, 2015 and December 31, 2015, therefore, shall not exceed $285,890.

5.02 Budget for Services

The Contractor in conjunction with the SSAC has prepared a Budget through December 31, 2015, attached hereto as Exhibit 1 and incorporated by reference as if fully set forth here, covering all services described in the Scope of Services. Subject to the restriction that the maximum amount that may be spent in calendar year 2015 may not exceed $285,890, the SSAC reserves the right to transfer funds between line items or make Budget revisions that do not affect the maximum compensation set forth in Section 5.01. The SSAC shall revise the Budget if any part of the Contractor's Services is terminated.

5.03 Method of Payment

Pursuant to a schedule to be determined by the Commissioner, after the performance of Services pursuant to the terms of this Agreement, Contractor may submit invoices to the City to request reimbursement for such expenses. The Contractor must provide, along with the invoices, such additional documentation as the Commissioner requests to substantiate the Services. Upon the Commissioner's determination that the invoices are accurate, the City will process payment of the invoices.

The Contractor shall establish a separate checking account ("Account") in a bank authorized to do business in the State of Illinois that is insured by the Federal Deposit Insurance Corporation. All Service Tax Funds that the Comptroller transfers to the Contractor shall be deposited in the Account and disbursements from the Account shall be pursuant to this Agreement. THE CONTRACTOR IS RESPONSIBLE FOR RECONCILING THE ACCOUNT MONTHLY AND ACCOUNTING FOR ALL SERVICE TAX FUNDS. THE CONTRACTOR MUST REQUIRE ITS AUDITOR TO REPORT ON THE ACTIVITIES THAT ARE SUPPORTED BY THESE FUNDS IN A SEPARATE AUDIT TO ACCOUNT FOR CURRENT AND PRIOR YEARS' SERVICE TAX FUNDS.

The Contractor shall provide to the SSAC the signature card and sample check from the

bank which shows the signature(s) of the Contractor's authorized representative(s). The SSAC reserves the right to audit the account and require the Contractor to refund any funds that were not spent pursuant to the Budget or that were not approved by the SSAC. The name and address of the bank is _____ and the wire transfer and the Account numbers are _____.

All funds remaining in the Account at the expiration or early termination of this Agreement, including any interest earned, belong to the City for the benefit of the Area and shall be returned to the City to be used only for Special Services.

5.04 Criteria for Payment

The SSAC shall determine the reasonableness, allocability and allowability of any rates, costs and expenses charged or incurred by the Contractor.

5.05 Funding

Payments under this Agreement shall be made from Service Tax Funds in fund number _____ and are subject to the availability of funds therein.

5.06 Non-Appropriation

In the event that no funds or insufficient funds are appropriated and budgeted in any City fiscal period for payments to be made under this Agreement, then the City will notify the Contractor of such occurrence and this Agreement shall terminate on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for payment under this Agreement are exhausted. No payments shall be made or due to the Contractor under this Agreement beyond those amounts appropriated and budgeted by the City to fund payments hereunder.

ARTICLE 6 SPECIAL CONDITIONS

6.01 Warranties and Representations

In connection with the execution of this Agreement, the Contractor warrants and represents:

F. That, except only for those representations, statements or promises expressly contained in this Agreement and any exhibits attached hereto, no representation, statement or promise, oral or written, or of any kind whatsoever, by the City, its officials, agents or employees, has induced the Contractor to enter into this Agreement.

G. That the Contractor understands and agrees that any certification, affidavit or acknowledgment made under oath in connection with this Agreement is made under penalty of perjury and, if false, is also cause for termination for default.

H. That neither Contractor nor an Affiliate of Contractor (as defined below) appears on the Specially Designated Nationals List, the Denied Persons List, the unverified List, the Entity List or the Debarred List as maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury or by the Bureau of Industry and Security of the U.S. Department of Commerce (or their successors), or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment. "Affiliate of Contractor" means a person or entity that directly (or indirectly through one or more intermediaries) controls, is controlled by or is under common control with Contractor. A person or entity will be deemed to be controlled by another person or entity if it is controlled in any manner whatsoever that results in control in fact by that other person or entity (either acting individually or acting jointly or in concert with others) whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

I. Contractor will abide by any policies promulgated by the Department or other City departments.

J. Contractor understands and will abide by, and will cause Subcontractors to abide by, the terms of Chapter 2-55 of the Municipal Code of Chicago pertaining to cooperation with the Office of the Legislative Inspector General. Contractor understands and will abide by the

Failure by the Contractor or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code of Chicago shall be a default for which no cure is available and grounds for termination of this Agreement.

6.02 Economic Disclosure Statement and Affidavit

The Contractor has provided the City with an Economic Disclosure Statement (EDS) and Affidavit, "Familial Relationships with Elected City Officials and Department Heads," which is attached hereto as Exhibit 2 and incorporated by reference as if fully set forth herein. Contractor shall apprise the Department promptly of any changes in the information provided in the EDS by completing and submitting a revised EDS.

In addition, the Contractor shall provide the City with copies of its latest articles of incorporation, by-laws and resolutions, or partnership or joint venture agreement, as applicable, and evidence of its authority to do business in the State of Illinois, including without limitation, registrations of assumed names or limited partnerships and certifications of good standing with the Office of the Secretary of State of Illinois.

6.03 Conflict of Interest

Pursuant to Chapter 2-156 of the Municipal Code of Chicago, and 65 ILCS 5/3.1-55-10, no member of the governing body of the City or other unit of government, no other officer, employee, SSAC member, or agent of the City or other unit of government who exercises any functions or responsibilities in connection with the Services to which this Agreement or any related subcontract pertain, and no relative of any SSAC member shall have any personal economic or financial interest, directly or indirectly, in this Agreement or any such subcontract except to the extent that such benefits are provided equally to all residents and/or business owners in the Area. Furthermore, no SSAC member, relative of any SSAC member, City official, agent or employee shall be a Subcontractor or have any financial interest in any Subcontractor, employee or shareholder of the Contractor or receive anything of value from the Contractor.

No member of or delegate to the Congress of the United States or the Illinois General Assembly and no alderman of the City or City employee shall be admitted to any share or part of this Agreement or to any financial benefit to arise from it. The Contractor acknowledges that any agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 shall be voidable by the City.

The Contractor covenants that it, its officers, directors and employees, and the officers, directors and employees of each of its members if a joint venture, and Subcontractors presently have no financial interest and shall acquire no interest, direct or indirect, in the Services undertaken by the Contractor pursuant to the Agreement that would conflict in any manner or

degree with the performance of the Services. The Contractor further covenants that in the performance of this Agreement no person having any such interest shall be employed. The Contractor agrees that if the Commissioner in his reasonable judgment determines that any of the Contractor's services for others conflict with the Services the Contractor is to provide for the City under this Agreement, the Contractor shall terminate such other services immediately upon request of the City.

6.04 Non-liability of Public Officials

No official, employee or agent of the City shall be charged personally by the Contractor, or by any assignee or Subcontractor of the Contractor, with any liability or expenses of defense or be held personally liable to them under any term or provision hereof, because of the City's execution or attempted execution hereof, or because of any breach hereof.

6.05 Independent Contractor

(a) The Contractor shall perform under this Agreement as an independent contractor to the City and not as a representative, employee, agent or partner of the City.

(b) (i) The City is subject to June 24, 2011 the "City of Chicago Hiring Plan" (the "City Hiring Plan") entered in Shakman v. Democratic Organization of Cook County, Case No 69 C 2145 (United State District Court for the Northern District of Illinois). Among other things, the City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(ii) Contractor is aware that City policy prohibits City employees from directing any individual to apply for a position with Contractor, either as an employee or as a subcontractor, and from directing Contractor to hire an individual as an employee or as a subcontractor. Accordingly, Contractor must follow its own hiring and contracting procedures, without being influenced by City employees. Any and all personnel provided by Contractor under this Agreement are employees or subcontractors of Contractor, not employees of the City of Chicago. This Agreement is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by Contractor.

(iii) Contractor will not condition, base, or knowingly prejudice or affect any term or aspect of the employment of any personnel provided under this Agreement, or offer employment to any individual to provide services under this Agreement, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Agreement, a political organization or party is an identifiable group or

entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(iv) In the event of any communication to Contractor by a City employee or City official in violation of Section (ii) above, or advocating a violation of Section (iii) above, Contractor will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General, and also to the head of the relevant City Department utilizing services provided under this Agreement. Contractor will also cooperate with any inquiries by OIG Hiring Oversight related to the contract.

(c) The parties agree that this Contract is solely for the benefit of the parties and nothing herein is intended to create any third party beneficiary rights for subcontractors or other third parties.

6.06 Business Relationships with Elected Officials

Pursuant to MCC Sect. 2-156-030(b), it is illegal for any elected official, or any person acting at the direction of such official, to contact either orally or in writing any other City official or employee with respect to any matter involving any person with whom the elected official has any business relationship that creates a financial interest on the part of the official, or the domestic partner or spouse of the official, or from whom or which he has derived any income or compensation during the preceding twelve months or from whom or which he reasonably expects to derive any income or compensation in the following twelve months. In addition, no elected official may participate in any discussion in any City Council committee hearing or in any City Council meeting or vote on any matter involving the person with whom the elected official has any business relationship that creates a financial interest on the part of the official, or the domestic partner or spouse of the official, or from whom or which he has derived any income or compensation during the preceding twelve months or from whom or which he reasonably expects to derive any income or compensation in the following twelve months.

Violation of MCC Sect. 2-156-030 by any elected official with respect to this contract will be grounds for termination of this contract. The term financial interest is defined as set forth in MCC Chapter 2-156.

6.07 Chicago "Living Wage" Ordinance

(a) Section 2-92-610 of the Municipal Code of Chicago provides for a living wage for certain categories of workers employed in the performance of City contracts, specifically non-City employed security guards, parking attendants, day laborers, home and health care workers, cashiers, elevator operators, custodial workers and clerical workers ("**Covered Employees**"). Accordingly, pursuant to Section 2-92-610 and regulations

promulgated under it:

(i) If Contractor has 25 or more full-time employees, and

(ii) If at any time during the performance of this Agreement, Contractor and/or any Subcontractor or any other entity that provides any portion of the Services (collectively "**Performing Parties**") uses 25 or more full-time security guards, or any number of other full-time Covered Employees, then

(iii) Contractor must pay its Covered Employees, and must assure that all other Performing Parties pay their Covered Employees, not less than the minimum hourly rate as determined in accordance with this provision (the "**Base Wage**") for all Services performed under this Agreement.

(b) Contractor's obligation to pay, and to assure payment of, the Base Wage will begin at any time during the term of this Agreement when the conditions set forth in (a)(i) and (a)(ii) above are met, and will continue until the end of the term of this Agreement.

(c) As of July 1, 2014, the Base Wage is $11.93 per hour, and each July 1 thereafter, the Base Wage will be adjusted, using the most recent federal poverty guidelines for a family of four as published annually by the U.S. Department of Health and Human Services, to constitute the following: the poverty guidelines for a family of four divided by 2000 hours or the current base wage, whichever is higher. At all times during the term of this Agreement, Contractor and all other Performing Parties must pay the Base Wage (as adjusted in accordance with the above). If the payment of prevailing wages is required for Services done under this Agreement, and the prevailing wages for Covered Employees are higher than the Base Wage, then Contractor and all other Performing Parties must pay the prevailing wage rates.

(d) Contractor must include provisions in all subcontracts requiring its Subcontractors to pay the Base Wage to Covered Employees. Contractor agrees to provide the City with documentation acceptable to the Chief Procurement Officer demonstrating that all Covered Employees, whether employed by Contractor or by a Subcontractor, have been paid the Base Wage, upon the City's request for such documentation. The City may independently audit Contractor and/or Subcontractors to verify compliance with this section. Failure to comply with the requirements of this section will be an event of default under this Agreement, and further, failure to comply may result in ineligibility for any award of a City contract or subcontract for up to 3 years.

(e) Not-for-Profit Corporations: If Contractor is a corporation having federal tax-exempt status under Section 501(c)(3) of the Internal Revenue Code and is recognized under Illinois not-for-profit law, then the provisions of Sections (a) through (d) above do not apply.

6.08 Deemed Inclusion

Provisions required by law, ordinances, rules, regulations or executive orders to be inserted in this Agreement are deemed inserted in this Agreement whether or not they appear in this Agreement or, upon application by either party, this Agreement will be amended to make the insertion; however, in no event will the failure to insert the provisions before or after this Agreement is signed prevent its enforcement.

6.09 Environmental Warranties and Representations

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Contractor warrants and represents that it, and to the best of its knowledge, its subcontractors have not violated and are not in violation of the following sections of the Code (collectively, the Waste Sections):

7-28-390 Dumping on public way;
7-28-440 Dumping on real estate without permit;
11-4-1410 Disposal in waters prohibited;
11-4-1420 Ballast tank, bilge tank or other discharge;
11-4-1450 Gas manufacturing residue;
11-4-1500 Treatment and disposal of solid or liquid waste;
11-4-1530 Compliance with rules and regulations required;
11-4-1550 Operational requirements; and
11-4-1560 Screening requirements.

During the period while this Agreement is executory, Contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Agreement, constitutes a breach of and an event of default under this Agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Commissioner. Such breach and default entitles the City to all remedies under the Agreement, at law or in equity.

This section does not limit Contractor's and its subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Agreement.

Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Agreement, and may further affect Contractor's eligibility for future contract awards.

6.10 EDS / Certification Regarding Suspension and Debarment

Contractor certifies, as further evidenced in the EDS attached as Exhibit 2, by its acceptance of this Agreement that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this

transaction by any federal department or agency. Contractor further agrees by executing this Agreement that it will include this clause without modification in all lower tier transactions, solicitations, proposals, contracts and subcontracts. If Contractor or any lower tier participant is unable to certify to this statement, it must attach an explanation to the Agreement.

6.11 Ethics

(a) In addition to other warranties and representations, Contractor warrants:

(i) no officer, agent or employee of the City is employed by Contractor or has a financial interest directly or indirectly in this Agreement or the compensation to be paid under this Agreement except as may be permitted in writing by the Board of Ethics established under Chapter 2-156 of the Municipal Code .

(ii) no payment, gratuity or offer of employment will be made in connection with this Agreement by or on behalf of any Subcontractors to Contractor or higher tier Subcontractors or anyone associated with them, as an inducement for the award of a subcontract or order.

(b) Contractor must comply with Chapter 2-156 of the Municipal Code. Contractor acknowledges that any Agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156, including any contract entered into with any person who has retained or employed a non-registered lobbyist in violation of Section 2-156-305 of the Municipal Code is voidable as to the City.

6.12 MacBride Ordinance

The City of Chicago through the passage of the MacBride Principles Ordinance seeks to promote fair and equal employment opportunities and labor practices for religious minorities in Northern Ireland and provide a better working environment for all citizens in Northern Ireland.

In accordance with Section 2-92-580 of the Municipal Code of the City of Chicago, if Contractor conducts any business operations in Northern Ireland, the Contractor must make all reasonable and good faith efforts to conduct any business operations in Northern Ireland in accordance with the MacBride Principles for Northern Ireland as defined in Illinois Public Act 85-1390 (1988 Ill. Laws 3220).

The provisions of this Section 6.12 do not apply to contracts for which the City receives funds administered by the United States Department of Transportation, except to the extent Congress has directed that the Department of Transportation not withhold funds from states and localities that choose to implement selective purchasing policies based on agreement to comply with the MacBride Principles for Northern Ireland, or to the extent that such funds are not otherwise withheld by the Department of Transportation.

6.13 Duty to Report Corrupt or Unlawful Activity

Pursuant to §2-156-018 of the Municipal Code, it is the duty of the Contractor to report to the Inspector General, directly and without undue delay, any and all information concerning conduct which it knows to involve corrupt activity. "Corrupt Activity" means any conduct set forth in Subparagraph (a)(1), (2) or (3) of §1-23-020 of the Municipal Code. Knowing failure to make such a report will be an event of default under this Agreement. Reports may be made to the Inspector General's toll free hotline, 866-IG-TIPLINE (866-448-4754).

ARTICLE 7 EVENTS OF DEFAULT, REMEDIES, TERMINATION, RIGHT TO OFFSET, SUSPENSION

7.01 Events of Default Defined

The following constitute events of default:

A. Any material misrepresentation, whether negligent or willful and whether in the inducement or in the performance, made by Contractor to the City.

B. Contractor's material failure to perform any of its obligations under the Agreement including, but not limited to, the following:

(1) failure to commence or ensure timely completion of the Services due to a reason or circumstance within Contractor's reasonable control;

(2) failure to perform the Services in a manner satisfactory to the City;

(3) failure to promptly re-perform within a reasonable time Services that were rejected as erroneous or unsatisfactory;

(4) discontinuance of the Services for reasons within the Contractor's reasonable control;

(6) any other acts specifically and expressly stated in this Agreement as constituting an event of default.

C. The Contractor's default under any other agreement it may presently have or may enter into with the City during the life of this Agreement. The Contractor acknowledges and agrees that in the event of a default under this Agreement the City may also declare a default under any such other agreements.

7.02 Remedies

The occurrence of any event of default which the Contractor fails to cure within 14 calendar days after receipt of notice specifying such default or which, if such event of default cannot reasonably be cured within 14 calendar days after notice, the Contractor fails, in the sole opinion of the Commissioner, to commence and continue diligent efforts to cure, permits the City to declare the Contractor in default. Whether to declare the Contractor in default is within the sole discretion of the Commissioner. Written notification of the default, and any intention of the City to terminate the Agreement, shall be provided to Contractor and such decision is final and effective upon Contractor's receipt of such notice. Upon receipt of such notice, the Contractor must discontinue any services, unless otherwise directed in the notice, and deliver all materials accumulated in the performance of this Agreement, whether completed or in the process of completion, to the City. At such time the City may invoke any legal or equitable remedy available to it including, but not limited to, the following:

A. The right to take over and complete the Services or any part thereof as agent for and at the cost of the Contractor, either directly or through others. The Contractor shall have, in such event, the right to offset from such cost the amount it would have cost the City under the terms and conditions herein had the Contractor completed the Services.

B. The right to terminate this Agreement as to any or all of the Services yet to be performed, effective at a time specified by the City.

C. The right of specific performance, an injunction or any other appropriate equitable remedy.

D. The right to money damages.

E. The right to withhold all or any part of Contractor's compensation hereunder.

F. The right to deem Contractor non-responsible in future contracts to be awarded by the City.

If the City considers it to be in its best interest, it may elect not to declare default or to terminate this Agreement. The parties acknowledge that this provision is solely for the benefit of the City and that if the City permits the Contractor to continue to provide the Services despite one or more events of default, the Contractor is in no way relieved of any of its responsibilities, duties or obligations under this Agreement nor does the City waive or relinquish any of its rights. No delay or omission to exercise any right accruing upon any event of default impairs any such right nor shall it be construed as a waiver of any event of default or acquiescence therein, and every such right may be exercised from time to time and as often as may be deemed expedient.

7.03 Right to Offset

The City reserves its rights under § 2-92-380 of the Municipal Code of Chicago and the Commissioner shall consult with the SSAC before exercising such rights.

7.04 Suspension

The City may at any time request that the Contractor suspend its Services, or any part thereof, by giving 15 days prior written notice to the Contractor or upon no notice in the event of emergency. No costs incurred after the effective date of such suspension shall be allowed. The Contractor shall promptly resume its performance upon written notice by the Department. The Budget may be revised pursuant to Section 5.02 to account for any additional costs or expenses actually incurred by the Contractor as a result of recommencing the Services.

7.05 No Damages for Delay

The Contractor agrees that it, its members, if a partnership or joint venture and its Subcontractors shall make no claims against the City for damages, charges, additional costs or hourly fees for costs incurred by reason of delays or hindrances by the City in the performance of its obligations under this Agreement.

7.06 Early Termination

In addition to termination for default, the City may, at any time, elect to terminate this Agreement or any portion of the Services to be performed under it at the sole discretion of the Commissioner by a written notice to the Contractor. If the City elects to terminate the Agreement in full, all Services shall cease and all materials accumulated in performing this Agreement, whether completed or in the process of completion, shall be delivered to the Department within 10 days after receipt of the notice or by the date stated in the notice.

During the final ten days or other time period stated in the notice, the Contractor shall restrict its activities, and those of its Subcontractors, to winding down any reports, analyses, or other activities previously begun. No costs incurred after the effective date of the termination are allowed. Payment for any Services actually and satisfactorily performed before the effective date of the termination shall be on the same basis as set forth in Article 5 hereof, but if any compensation is described or provided for on the basis of a period longer than ten days, then the compensation shall be prorated accordingly.

If a court of competent jurisdiction determines that the City's election to terminate this Agreement for default has been wrongful, then such termination shall be deemed to be an early termination.

Whenever under this Agreement the City by a proper authority waives the Contractor's

performance in any respect or waives a requirement or condition to the Contractor's performance, the waiver, whether express or implied, applies only to that particular instance and is not a waiver forever or for subsequent instances of the performance, requirement or condition. COOK COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

Special Service Area - Additional Audit Requirements

Accounting System

The Department requires that the Contractor maintain its accounting system in a manner which allows the Contractor's expenditures to be categorized in its statement of activities according to the categories listed in the budget approved by the City for each Area.

Guidance for the Contractor's Selection of a CPA Firm (Independent Auditor)

The Contractor must use the following guidelines for engaging a qualified CPA Firm:

1. Issue a Request for Proposal ("RFP") that sets forth all of the terms and conditions of the engagement, evaluation criteria, and scope of the work required. Audit firm evaluations can replace an annual RFP process; an RFP process every three years is preferred.
2. Distribute and publicize the RFP sufficiently to ensure full and open competition.
3. Request in the RFP that bidders provide detail on:
    a. How the CPA Firm will conduct the audit.
    b. Qualifications of the CPA Firm, management, and staff, including experience in auditing like entities.
    c. Policies on notification of changes in key personnel.
    d. Whether the proposed staff has received continuing professional education that is relevant to the performance of this engagement during the previous 2 years,
    e. Whether the CPA Firm has received a positive peer review within the last 3 years.

CITY OF CHICAGO

MULTI- PROJECT LABOR AGREEMENT

This Model Multi-Project Labor Agreement ("Agreement") is entered into by and between City of Chicago, an Illinois municipal corporation, as Owner, on behalf of itself and each of its contractors, subcontractors of whatsoever tier performing construction work on any project to which this Agreement shall be applicable, and each of the undersigned labor organizations signatory hereto.

Whereas, Owner is responsible for construction, demolition, rehabilitation, maintenance, and/or renovation of real property located in Chicago, Illinois; Due to the size, scope, cost and duration of the multitude of Projects traditionally performed by the City of Chicago, the parties to this Agreement have determined that it is in their interest to have these Projects completed in the most timely, productive, economical and orderly manner possible, and without labor disruptions of any kind that might interfere with, or delay, any of these Projects;

Whereas, the parties have determined that it is desirable to eliminate the potential for friction and disruption of these Projects by using their best efforts and ensuring that all work is performed by the trade unions that are signatory hereto and which have traditionally performed and have trade and geographic jurisdiction over such work. Experience has proven the value of such cooperation, and that such mutual undertakings should be maintained, and if possible, strengthened, and that the ultimate beneficiaries remain the Owner of the project; and,

Whereas, the Owner acknowledges that it has a serious and ongoing concern regarding labor relations associated with the Projects and through its completion irrespective of the existence of a collective bargaining relationship with any of the signatory labor organizations.

NOW THEREFORE, in order to further these goals and objectives and to maintain the spirit of harmony, labor-management cooperation and stability, the parties agree as follows:

1. During the term of this Agreement, Owner its representatives and agents shall not contract or subcontract, nor permit any other person, firm, company, or entity to contract or subcontract, any construction, demolition, rehabilitation or renovation work for the Project work covered under this Agreement or within the trade jurisdiction of the signatory labor organization, to be performed at the Site of construction or off-site solely for installation at the Site (including all tenant improvements, if applicable), unless such work is performed only by a person, firm or company signatory, or willing to become signatory, to the applicable area-wide collective bargaining agreement(s) with the union(s) or the appropriate trade/craft union(s) or subordinate body or affiliate of the Chicago & Cook County Building & Construction Trades Council ("Council") or the Teamsters' Joint Council No. 25. Copies of all such current collective bargaining agreements constitute Appendix "A" of this Agreement, attached hereto and made an integral part hereof, and as may be modified from time to time during the term of this Agreement. Said provisions of this Agreement shall be included in all Requests for Bids and/or Proposals and shall be explicitly included in all contracts or subcontracts of whatsoever tier by all contractors and subcontractors; provided that the total Project value exceeds $25,000.00. In no event shall contracts be "split" so as to avoid the applicability of this Agreement. In the event a dispute arises with respect to the applicability of this Multi-Project Labor Agreement to a particular project, the parties agree to submit said dispute to final and binding arbitration before a Permanent Umpire who shall be mutually agreed to by the parties.

2. With respect to a contractor or subcontractor who is the successful bidder, but is not signatory to the applicable collective bargaining agreement, the collective bargaining agreement(s) executed by said bidder shall be the relevant area-wide agreement(s) regulating or governing wages, hours and other terms and conditions of employment.

3. During the term of this Agreement, the Owner or any Project contractor and subcontractor shall engage in no lockout.

4. During the term of this Agreement, no labor organization signatory hereto, or any of its members, officers, stewards, agents, representatives, or employees shall instigate, authorize, support, sanction, maintain, or participate in any strike, walkout, work stoppage, work slowdown, work curtailment, cessation or interruption of production, or in any picketing of any Site covered under this Agreement for any reason whatsoever, including but not limited to the expiration of any of the collective bargaining agreements referred to on Appendix A. In the event of an economic strike or other job action upon the termination of an existing collective bargaining agreement, in no event shall any adverse job action be directed against any covered Project. All provisions of the subsequently negotiated collective bargaining agreement shall be retroactive for all employees working at a Project Site, provided such a provision for retroactivity is contained in the newly negotiated collective bargaining agreement.

5. Each Union signatory hereto agrees that it will use its best efforts to prevent any of the acts forbidden in Paragraph 4, and that in the event any such act takes place or is engaged in by any employee or group of employees, each Union signatory hereto further agrees that it will use its best efforts (including its full disciplinary power under its Constitution and/or By-Laws) to cause an immediate cessation thereof.

6. Any contractor of subcontractor signatory or otherwise bound stipulated or required to abide by and to any provisions of this Agreement shall have the right to discharge or discipline any employee who violates the provisions of this Agreement. Such discharge or discipline by a contractor or subcontractor shall be subject to the Grievance/Arbitration procedure of the applicable collective bargaining agreement only as to the fact of such employee's violation of this Agreement. If such fact is established, the penalty imposed shall not be disturbed. Work at any Site covered under this Agreement shall continue without disruption or hindrance of any kind during any Grievance/ Arbitration procedure.

7. The parties expressly authorize a court of competent jurisdiction to order appropriate injunctive relief to restrain any violation of this Agreement, any form of self-help remedy is expressly forbidden. Nothing in the foregoing shall restrict any party to otherwise judicially enforce any provision of its collective bargaining agreement between any labor organization and a contractor with whom it has a collective bargaining relationship.

8. This Agreement shall become effective, and shall be included in all Requests for Proposals and/or Bids, all Purchase Orders, Contracts or other arrangements issued by the City of Chicago for work described in Paragraph 1 above immediately subsequent to the ratification of the Ordinance authorizing this Multi-Project Labor Agreement by the City Council.

9. This Agreement shall expire on December 31, 2016 and shall be automatically extended for an additional five (5) year term unless the parties issue a notice to terminate between sixty (60) and (30) days prior to the initial expiration date.

10. In the event a dispute shall arise between any contractor or subcontractor of the Project and any signatory labor organization and/or fringe benefit fund established under any of the appropriate collective bargaining agreements as to the obligation and/or payment of fringe benefit contributions provided under the collective bargaining agreement, upon proper notice to the contractor(s) or subcontractor(s) by the applicable labor organization or fringe benefit fund and to the contractor or subcontractor, an amount sufficient to satisfy the amount claimed shall be withheld from the contractor's or subcontractor's regularly scheduled periodic payment from the contractor or subcontractor, or their agents until such time as said claim is resolved.

11. In the event of a jurisdictional dispute by and between any labor organizations signatory hereto, such labor organizations shall take all steps necessary to promptly resolve the dispute. In the event of a dispute relating to trade or work jurisdiction, all parties, including the employers, contractors or subcontractors, agree that a final and binding resolution of the dispute shall be resolved as follows:

a.) Representatives of the affected trades shall meet on the job site within forty-eight (48) hours after receiving notice in an effort to resolve the dispute. (In the event there is a dispute between local unions affiliated with the same International Union, the decision of the General President, or his/her designee, as the internal jurisdictional authority of that International Union, shall consfitute a find and binding decision and determination as to the jurisdiction of work.)

b.) If no settlement is achieved subsequent to the preceding Paragraph, the matter shall be referred to the Chicago & Cook County Building & Construction Trades Council, which shall meet with the affected trades within forty-eight (48) hours subsequent to receiving notice. An agreement reached at this Step shall be final and binding.

c.) If no settlement agreements is reached during the proceedings contemplated by Paragraph "a" or "b" above, the matter shall be immediately referred to the Joint Conference Board, established by the Standard Agreement between the Construction Employers' Association and the Chicago & Cook County Building & Construction Trades Council, which may be amended from time to time, for final and binding resolution of said dispute. Said Standard Agreement is attached hereto as Appendix "B" and specifically incorporated into this Agreement.

12. This Agreement shall be incorporated into and become part of the collective bargaining agreements between the Unions signatory hereto and contractors and subcontractors. In the event of any inconsistency between this Agreement and any collective bargaining agreement, the terms of this Agreement shall supersede and prevail except for all work performed under the NT Articles of Agreement, the National Stack/Chimney Agreement, the National Cooling Tower Agreement, all instrument calibrafion work and loop checking shall be performed under the terms of the UA/IBEW Joint National Agreement for instrument and Control Systems Technicians, and the National Agreement of the International Union of Elevator Constructors with the exception of the content and subject matter of Articles V, VI and VII of the AFL-CIO's Building & Construction Trades Department model Project Labor Agreement.

13. The parties agree that in the implementation and administration of this Agreement, it is vitally necessary to maintain effective and immediate communication so as to minimize the potential of labor relations disputes arising out of this Agreement. To that end, each party hereto agrees to designate, in writing, a representative to whom problems can be

directed which may arise during the term of this Agreement. Within forty-eight (48) hours after notice of the existence of any problem, representatives of each party shall meet to discuss and, where possible, resolve such problems. The representative of the signatory unions shall be Thomas Villanova, or his designee, President of the Chicago & Cook County Building & Construction Trades Council. The representative of Owner shall be the Corporation Counsel or his/her designee.

14. If any provision, section, subsection or other portion of this Agreement shall be determined by any court of competent jurisdiction to be invalid, illegal, or unenforceable in whole or in part, and such determination shall become final, such provision or portion shall be deemed to be severed or limited, but only to the extent required to render the remaining provisions and portions of this Agreement enforceable. This Agreement, as thus amended, shall be enforced so as to give effect to the intention of the parties insofar as that is possible. In addition, the parties hereby expressly empower a court of competent jurisdiction to modify any term or provision of this Agreement to the extent necessary to comply with existing law and to enforce this Agreement as modified.

15. Owner and General Contractor, on behalf of themselves and their contractors and subcontractors agree that the applicable substance abuse policy (i.e., drug, alcohol, etc.) applicable to the employees working on any covered Project shall be that as contained, or otherwise provided for, in the area-wide collective bargaining agreements attached at Appendix "A" to this Agreement. Nothing in the foregoing shall limit the Owners and/or General Contractor, its contractors or subcontractors from instituting its own substance abuse policy governing other employees performing work on a Project not otherwise covered under this Agreement. In the event there is no substance abuse policy in the applicable collective bargaining agreement, the policy adopted by the Owners and/or General Contractor may apply.

16. The parties recognize a desire to facilitate the entry into the building and construction trades of veterans who are interested in careers in the building and construction industry. The parties agree to utilize the services of the Center for Military Recruitment, Assessment and Veterans Employment (hereinafter referred to as the "Center") and the Center's Helmets to Hardhats" program to service as a resource for preliminary orientation, assessment of construction aptitude, referral to apprenticeship programs or hiring halls, counseling and mentoring, support network, employment opportunities and other needs as identified by the parties. The parties also agree to coordinate with the Center to create and maintain an integrated database of veterans interested in working on this project and of apprenticeship and employment opportunities for these Projects. To the extent permitted by law, the parties will give appropriate credit to such veterans for bona fide, provable past experience, in the building and construction industry.

The parties recognize the importance of facilitating the goals and objectives of the Apprenticeship & Training Initiative agreed to by the parties in separate collective bargaining agreements applicable to employees of the Owner. Additionally, parties agree to incorporate the duties and responsibilities associated with the Supplemental Addendum to the Multi-Project Labor Agreement between the signatory labor organizations and the Chicago Public Schools attached hereto in Appendix "C" and incorporated herein. Towards these ends, the undersigned labor organizations will assist and cooperate with the Owner, the Chicago Public Schools, City Colleges and contractors in monitoring and enforcing the foregoing commitments, including providing relevant information requested by the Owner for the purpose of such monitoring and enforcement, including

the information provided for in Paragraph 3(E) of the Supplemental Addendum with CPS. Upon execution of this Agreement, representatives of the Owner and the Chicago Building Trades Council will immediately meet for the purpose of establishing the specific mechanism by which this information will be gathered, processed and reported.

The parties hereto agree and acknowledge that the commitments set forth herein, including those in the attached Appendix "C" are interdependent. In the event the goals and commitments set forth in Appendix "C" are not realized, the City shall bring this to the attention of the Chicago Building Trades Council ("Council"), and the parties shall immediately meet for the purpose of identifying the cause(s) of said failure and implement necessary measures to remedy the failure. Should the Council's affiliate members refuse to implement measures reasonably necessary to realize these goals and commitments, the City may terminate this Agreement subsequent to January 13, 2013. If, as of June 1, 2012, the City believes that the Council's affiliate members have failed to implement measures reasonably necessary to realize these goals and commitments, the City may at that time deliver to the Council formal written notice of intent to terminate this Agreement on January 1, 2013. Upon deliverance of such notice, the parties shall immediately meet to craft and implement additional measures to remedy such failure. If the parties are unsuccessful in implementing satisfactory measures, the City may implement said notice of termination on January 1, 2013.

The parties acknowledge the Residency requirement for employees of contractors and subcontractors in the standard City of Chicago construction contract. The parties also agree to cooperatively work and monitor compliance with these requirements and to work cooperatively to facilitate and work in good faith to the achievement of said required Residency provision including union attendance at pre-bid conferences with prospective contractors and subcontractors as well as other reasonable undertakings to demonstrate progress in this regard.

17. The parties agree that contractors and subcontractors working under the provisions of this Agreement shall be required to strive to utilize the maximum number of apprentices on said Project as permitted under the applicable collective bargaining agreement as contained in Appendix "A".

18. This document, with each of the Attachments, constitutes the entire agreement of the parties and may not be modified or changed except by the subsequent written agreement of the parties.

19. All parties represent that they have the full legal authority to enter into this Agreement.

The undersigned, as the Owner and Labor Organizations on the Project, agree to all of the terms and conditions contained in this Agreement.

ORDINANCE

WHEREAS, special service areas may be established pursuant to Article VII, Sections 6(l) and 7(6) of the Constitution of the State of Illinois, and pursuant to the provisions of the Special Service Area Tax Law, 35 ILCS 200/27-5 et seq., as amended from time to time (the "Act") and pursuant to the Property Tax Code, 35 ILCS 200/1-1 et seq., as amended from time to time (the "Code"); and

WHEREAS, the City Council of the City of Chicago (the "City Council") determines that it is in the best interests of the City of Chicago (the "City") to establish a special service area to be known and designated as Special Service Area Number 69 (the "Area") to provide certain special governmental services in addition to services provided generally by the City, all as further provided in this ordinance (the "Special Services"), and further determines to authorize the levy of an annual ad valorem real property tax in the Area for a period of ten (10) years sufficient to produce revenues required to provide those Special Services (the "Services Tax"); and

WHEREAS, the City Council desires to authorize the execution of an agreement with a service provider for the provision of the Special Services in and for the Area in fiscal year 2015; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Incorporation of Preambles. The preambles of this ordinance are hereby incorporated into this text as if set out herein in full.

SECTION 2. Findings. The City Council finds and declares as follows:

(a) The Area, as established by this ordinance, consists of contiguous territory in the City;

(b) The City Council adopted an ordinance on October 8, 2014 (the "Public Hearing Ordinance") authorizing a public hearing (the "Public Hearing") to consider the establishment of the Area and the levy of the Services Tax on the taxable property located in the Area to provide the Special Services;

(c) Notice of the Public Hearing was given by publication at least once not less than fifteen days prior to the hearing in the *Chicago Sun-Times*, a newspaper published in and of general circulation within the City, and notice of the Public Hearing was also given by depositing said notice in the United States mail addressed to the person or persons in whose name the general taxes for the last preceding year were paid on each property lying within the Area, not less than ten days prior to the time set for the Public Hearing. For any properties for which

taxes for the last preceding year were not paid, the notice was sent to the person last listed on the tax rolls prior to that year as the owner of the property;

(d) The notice complied with all of the applicable provisions of the Act;

(e) The Public Hearing was held on November 7, 2014 by the Committee on Finance of the City Council. All interested persons, including all persons owning real property located within the Area, were given an opportunity to be heard at the Public Hearing regarding any issues embodied in the notice and have had an opportunity to file with the City Clerk of the City of Chicago (the "City Clerk") written objections on such issues;

(f) The Committee on Finance of the City Council has heard and considered all of the comments, objections, protests and statements made at the Public Hearing with regard to the issues embodied in the notice and has determined to recommend (with certain property included in the Public Hearing Ordinance being deleted from the Area as referenced below) to the City Council that it is in the public interest and in the interest of the City and the Area to establish the Area and to authorize the levy of the Services Tax, all as provided in this ordinance;

(g) Based on testimony made at the Public Hearing by the City's Department of Planning and Development, and in accordance with Section 27-35 of the Act, the Committee on Finance of the City Council has determined to recommend to the City Council that certain property be deleted from the Area, leaving the remaining Area contiguous;

(h) The Public Hearing was finally adjourned on November 7, 2014;

(i) The sixty day period as described in Section 27-55 of the Act, in which an objection petition to this ordinance may be filed, commenced on November 7, 2014; and

The defense, indemnification and hold harmless obligations of the Contractor toward City Indemnitees remain an affirmative obligation of Contractor following the City's notice of Losses the City believes are Losses Arising under this Agreement, unless and until a court of competent jurisdiction finally determines otherwise and all opportunities for appeal have been exhausted or have lapsed.

B. For purposes of this Section 3.06,

"City Indemnitees" means, individually and collectively, the City of Chicago, its officials, agents, employees and SSAC members.

"Losses" means, individually and collectively, all kinds of liabilities, losses, suits, claims, damages, judgments, fines, and demands, including all reasonable costs for investigation,

The City, however, does not waive any limitations it may have on its liability under the Worker's Compensation Act or under the Illinois Pension Code.

D. The City has the right, at its option and at its own expense, to participate in the defense of any suit without relieving Contractor of any of its obligations under this indemnity provision. The requirements set forth in this indemnity provision are separate from and not limited by the amount of insurance Contractor is required to obtain under this Agreement or by its bonds pursuant to other provisions in this Agreement. Further, the indemnitees contained in this provision survive the expiration or termination of this Agreement.

3.07 Records and Audits

The Contractor shall deliver or cause to be delivered all documents, data, studies, reports, findings or information to the SSAC promptly in accordance with the time limits prescribed herein and if no time limit is specified, then upon reasonable demand therefore, or upon termination or completion of the Services hereunder.

The Contractor agrees to adopt at its own expense such financial controls, including, without limitation, the employment of a fiscal agent approved by the Commissioner, as determined by the Commissioner in his sole discretion and communicated in writing to the Contractor after the date of execution of this Agreement, to ensure that the Contractor is fulfilling the terms of this Agreement.

The Contractor and any Subcontractors shall furnish the SSAC with semi-annual reports or provide such information as may be requested relative to the performance and cost of the Services. Contractor must not dispose of such records following the expiration of the relevant period without notification of and written approval from the City in accordance with Article 10.

In addition to the records to be stored by Contractor, all records that are possessed by Contractor in its service to the City to perform a governmental function are public records of the City pursuant to the Illinois Freedom of Information Act ("FOIA"), unless the records are exempt under the Act. FOIA requires that the City produce records in a very short period of time. If the Contractor receives a request from the City to produce records, the Contractor shall do so within 72 hours of the notice.

THE CONTRACTOR SHALL NOT COMMINGLE SERVICE TAX FUNDS WITH FUNDS FROM OTHER SOURCES, and to the extent that the Contractor conducts any business operations separate and apart from the Services hereunder using, for example, personnel, equipment, supplies or facilities also used in connection with this Agreement, then the Contractor shall maintain and make similarly available to the City detailed records supporting the Contractor's allocation to this Agreement of the costs and expenses attributable to any such shared usages.

The Contractor shall provide an annual audited financial statement (a "Third Party Audit") to the Department and the SSAC within 120 calendar days after the end of the calendar year, and the system of accounting shall be in accordance with generally accepted accounting principles and practices, consistently applied throughout. Contractor must comply with the requirements in Exhibit 8 with respect to any Third Party Audit. If any Third Party Audit shows that Contractor or any of its Subcontractors has overcharged the City in any period, the City will notify Contractor, and Contractor must then promptly reimburse the City for any amounts the City has paid Contractor due to the overcharges. Any failure to comply with the audit requirements set forth in Exhibit 8 of the Agreement shall constitute an event of default under the Agreement. If such event of default is not corrected to the City's satisfaction within the cure period identified by the City, the City may incur costs to conduct any supplementary audit it deems necessary, and Contractor must then promptly reimburse the City for any such costs. No provision in this Agreement granting the City a right of access to records and documents is intended to impair, limit or affect any right of access to such records and documents that the City would have had in the absence of such provisions.

The City may in its sole discretion audit the records of Contractor or its Subcontractors,

or both, at any time during the term of this Agreement or within five years after the Agreement ends, in connection with the goods, work, or services provided under this Agreement. Each calendar year or partial calendar year is considered an "audited period." If, as a result of such an audit, it is determined that Contractor or any of its Subcontractors has overcharged the City in the audited period, the City will notify Contractor. Contractor must then promptly reimburse the City for any amounts the City has paid Contractor due to the overcharges and also some or all of the cost of the audit, as follows:

A. If the audit has revealed overcharges to the City representing less than 5% of the total value, based on the Agreement prices, of the goods, work, or services provided in the audited period, then the Contractor must reimburse the City for 50% of the cost of the audit and 50% of the cost of each subsequent audit that the City conducts;

B. If, however, the audit has revealed overcharges to the City representing 5% or more of the total value, based on the Agreement prices, of the goods, work, or services provided in the audited period, then Contractor must reimburse the City for the full cost of the audit and of each subsequent audit.

If the City is unable to make a determination regarding overcharges to City as a result of Contractor's not having maintained records as required under this Agreement, Contractor must promptly reimburse the City for some or all of the cost of the audit, as determined in the sole discretion of the City. Failure of Contractor to promptly reimburse the City in accordance with this Section 3.07 is an event of default under Section 7.01 of this Agreement, and Contractor will be liable for all of the City's costs of collection, including any court costs and attorneys' fees.

3.08 Subcontracts and Assignments

The Contractor shall not assign, delegate, subcontract or otherwise transfer all or any part of its rights or obligations under this Agreement or any part hereof, unless otherwise provided for herein or without the express written consent of the SSAC. The absence of such provision or written consent shall void the attempted assignment, delegation or transfer and shall be of no effect as to the Services or this Agreement.

All subcontracts, all approvals of Subcontractors and any assignment to which the SSAC consents are, regardless of their form, deemed conditioned upon performance by the Subcontractor or assignee in accordance with the terms and conditions of this Agreement.

If the Contractor subcontracts for security services, the Subcontractor shall be a Security Firm certified by the State of Illinois and the Security Firm's employees shall be licensed by the State of Illinois. The Contractor, upon entering into any subcontract with a Security Firm, shall furnish the SSAC and the Department with a copy of the subcontract for their approval. The City expressly reserves the right to approve all Security Firm subcontracts.

3.09 License, Permits and Safety Considerations

A. Licenses and Permits

If the Contractor engages in Construction, it is responsible for and, in a timely manner consistent with its obligations hereunder, shall secure and maintain at its expense such permits, licenses, authorizations and approvals as are necessary for it to engage Construction under this Agreement

B. Safety Considerations

If the Contractor engages in Construction, it shall at all times exercise reasonable care, shall comply with all applicable provisions of federal, state and local laws to prevent accidents or injuries, and shall take all appropriate precautions to avoid damage to and loss of City property and the property of third parties in connection with the Construction. The Contractor shall erect and properly maintain at all times all necessary safeguards, barriers, flags and lights for the protection of its and its Subcontractors' employees, City employees and the public.

If the Contractor engages in Construction, it shall report to the Department any damage on, about, under or adjacent to City property or the property of third persons resulting from its performance under this Agreement. The Contractor is responsible for any damage to City property and the property of third parties due, in whole or in part, to the Contractor's Construction activities under this Agreement, and the Contractor shall repair such damage to a reasonably acceptable standard.

3.10 Performance Bond

If the Contractor engages in Construction work where expenditures exceed $100,000, it shall, not later than the date the Contractor begins such work or executes a subcontract for such work, provide or cause to be provided to the Department a performance and payment bond in the amount allocated for the Construction work (but not including the amount allocated for design and preparation of specifications), by a surety or sureties acceptable to the City. The performance bond shall be in the form and to the effect of Exhibit 6 hereto, which is incorporated by reference as if fully set forth here.

If any of the sureties on such bond at any time fail financially, or are deemed to be insufficient security for the penalty of the bond, then the City may, on giving 10 days notice thereof in writing, require the Contractor to furnish a new and additional bond with sureties satisfactory to the City, and, if so required, Contractor must promptly provide such bond.

ARTICLE 4 TERM OF SERVICES

This Agreement shall take effect as of January 1, 2015 ("Effective Date") and shall continue through December 31, 2015, or until the Agreement is terminated earlier in accordance with its terms.

ARTICLE 5 COMPENSATION

5.01 Basis of Payment

The maximum compensation that the Contractor may be paid under this Agreement between January 1, 2015 and December 31, 2015 is the sum of (a) $415,843 or the total amount of Service Tax Funds actually collected, plus interest earned on those funds, for tax year 2014, whichever is less; (b) the total amount of Surplus Funds in the amount of $0 which are being carried over from previous program years and which contractor hereby acknowledges are in its possession; and (c) Late Collections in an amount not to exceed $0; the maximum compensation that the Contractor may be paid under this Agreement between January 1, 2015 and December 31, 2015, therefore, shall not exceed $415,843.

5.02 Budget for Services

The Contractor in conjunction with the SSAC has prepared a Budget through December 31, 2015, attached hereto as Exhibit 1 and incorporated by reference as if fully set forth here, covering all services described in the Scope of Services. Subject to the restriction that the maximum amount that may be spent in calendar year 2015 may not exceed $415,843, the SSAC reserves the right to transfer funds between line items or make Budget revisions that do not affect the maximum compensation set forth in Section 5.01. The SSAC shall revise the Budget if any part of the Contractor's Services is terminated.

5.03 Method of Payment

Pursuant to a schedule to be determined by the Commissioner, after the performance of Services pursuant to the terms of this Agreement, Contractor may submit invoices to the City to request reimbursement for such expenses. The Contractor must provide, along with the invoices, such additional documentation as the Commissioner requests to substantiate the Services. Upon the Commissioner's determination that the invoices are accurate, the City will process payment of the invoices.

The Contractor shall establish a separate checking account ("Account") in a bank authorized to do business in the State of Illinois that is insured by the Federal Deposit Insurance Corporation. All Service Tax Funds that the Comptroller transfers to the Contractor shall be deposited in the Account and disbursements from the Account shall be pursuant to this Agreement. THE CONTRACTOR IS RESPONSIBLE FOR RECONCILING THE ACCOUNT MONTHLY AND ACCOUNTING FOR ALL SERVICE TAX FUNDS. THE CONTRACTOR MUST REQUIRE ITS AUDITOR TO REPORT ON THE ACTIVITIES THAT ARE SUPPORTED BY THESE FUNDS IN A SEPARATE AUDIT TO ACCOUNT FOR CURRENT AND PRIOR YEARS' SERVICE TAX FUNDS.

The Contractor shall provide to the SSAC the signature card and sample check from the

bank which shows the signature(s) of the Contractor's authorized representative(s). The SSAC reserves the right to audit the account and require the Contractor to refund any funds that were not spent pursuant to the Budget or that were not approved by the SSAC. The name and address of the bank is _____ and the wire transfer and the Account numbers are _____.

All funds remaining in the Account at the expiration or early termination of this Agreement, including any interest earned, belong to the City for the benefit of the Area and shall be returned to the City to be used only for Special Services.

5.04 Criteria for Payment

The SSAC shall determine the reasonableness, allocability and allowability of any rates, costs and expenses charged or incurred by the Contractor.

5.05 Funding

Payments under this Agreement shall be made from Service Tax Funds in fund number _____ and are subject to the availability of funds therein.

5.06 Non-Appropriation

In the event that no funds or insufficient funds are appropriated and budgeted in any City fiscal period for payments to be made under this Agreement, then the City will notify the Contractor of such occurrence and this Agreement shall terminate on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for payment under this Agreement are exhausted. No payments shall be made or due to the Contractor under this Agreement beyond those amounts appropriated and budgeted by the City to fund payments hereunder.

ARTICLE 6 SPECIAL CONDITIONS

6.01 Warranties and Representations

In connection with the execution of this Agreement, the Contractor warrants and represents:

A. That it is financially solvent; that it and each of its employees, agents, and Subcontractors are competent to perform the Services required; that it is legally authorized to execute and perform or cause to be performed this Agreement under the terms and conditions stated herein.

B. That it shall not knowingly use the services of any ineligible Subcontractor for any purpose in the performance of the Services.

C. That it and its Subcontractors are not in default at the time of the execution of this Agreement, or deemed by the Department to have, within five years immediately preceding the date of this Agreement, been found to be in default on any contract awarded by the City.

D. That it and, to the best of its knowledge, its Subcontractors are not in violation of the provisions of § 2-92-320 of the Municipal Code of Chicago, 720 ILCS 5/33E-1 et seq. of the Criminal Code of 1961, and 65 ILCS 5/11-42.1-1 of the Illinois Municipal Code.

E. That it, all Subcontractors and their respective officers, directors, agents, partners, and employees shall cooperate with the Inspector General or Board of Ethics in any investigation or hearing undertaken pursuant to Chapters 2-56 or 2-156 of the Municipal Code of Chicago; that it understands and will abide by all provisions of Chapter 2-56 and 2-156 of the Municipal Code of Chicago and all subcontracts shall inform Subcontractors of such provision and require understanding and compliance therewith.

F. That, except only for those representations, statements or promises expressly contained in this Agreement and any exhibits attached hereto, no representation, statement or promise, oral or written, or of any kind whatsoever, by the City, its officials, agents or employees, has induced the Contractor to enter into this Agreement.

G. That the Contractor understands and agrees that any certification, affidavit or acknowledgment made under oath in connection with this Agreement is made under penalty of perjury and, if false, is also cause for termination for default.

H. That neither Contractor nor an Affiliate of Contractor (as defined below) appears on the Specially Designated Nationals List, the Denied Persons List, the unverified List, the Entity List or the Debarred List as maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury or by the Bureau of Industry and Security of the U.S. Department of Commerce (or their successors), or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment. "Affiliate of Contractor" means a person or entity that directly (or indirectly through one or more intermediaries) controls, is controlled by or is under common control with Contractor. A person or entity will be deemed to be controlled by another person or entity if it is controlled in any manner whatsoever that results in control in fact by that other person or entity (either acting individually or acting jointly or in concert with others) whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

I. Contractor will abide by any policies promulgated by the Department or other City departments.

J. Contractor understands and will abide by, and will cause Subcontractors to abide by, the terms of Chapter 2-55 of the Municipal Code of Chicago pertaining to cooperation with the Office of the Legislative Inspector General. Contractor understands and will abide by the

terms of Section 2-154-020 of the Municipal Code of Chicago. Failure by the Contractor or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code of Chicago shall be a default for which no cure is available and grounds for termination of this Agreement.

6.02 Economic Disclosure Statement and Affidavit

The Contractor has provided the City with an Economic Disclosure Statement (EDS) and Affidavit, "Familial Relationships with Elected City Officials and Department Heads," which is attached hereto as Exhibit 2 and incorporated by reference as if fully set forth herein. Contractor shall apprise the Department promptly of any changes in the information provided in the EDS by completing and submitting a revised EDS.

In addition, the Contractor shall provide the City with copies of its latest articles of incorporation, by-laws and resolutions, or partnership or joint venture agreement, as applicable, and evidence of its authority to do business in the State of Illinois, including without limitation, registrations of assumed names or limited partnerships and certifications of good standing with the Office of the Secretary of State of Illinois.

6.03 Conflict of Interest

Pursuant to Chapter 2-156 of the Municipal Code of Chicago, and 65 ILCS 5/3.1-55-10, no member of the governing body of the City or other unit of government, no other officer, employee, SSAC member, or agent of the City or other unit of government who exercises any functions or responsibilities in connection with the Services to which this Agreement or any related subcontract pertain, and no relative of any SSAC member shall have any personal economic or financial interest, directly or indirectly, in this Agreement or any such subcontract except to the extent that such benefits are provided equally to all residents and/or business owners in the Area. Furthermore, no SSAC member, relative of any SSAC member, City official, agent or employee shall be a Subcontractor or have any financial interest in any Subcontractor, employee or shareholder of the Contractor or receive anything of value from the Contractor.

No member of or delegate to the Congress of the United States or the Illinois General Assembly and no alderman of the City or City employee shall be admitted to any share or part of this Agreement or to any financial benefit to arise from it. The Contractor acknowledges that any agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 shall be voidable by the City.

The Contractor covenants that it, its officers, directors and employees, and the officers, directors and employees of each of its members if a joint venture, and Subcontractors presently have no financial interest and shall acquire no interest, direct or indirect, in the Services undertaken by the Contractor pursuant to the Agreement that would conflict in any manner or

degree with the performance of the Services. The Contractor further covenants that in the performance of this Agreement no person having any such interest shall be employed. The Contractor agrees that if the Commissioner in his reasonable judgment determines that any of the Contractor's services for others conflict with the Services the Contractor is to provide for the City under this Agreement, the Contractor shall terminate such other services immediately upon request of the City.

6.04 Non-liability of Public Officials

No official, employee or agent of the City shall be charged personally by the Contractor, or by any assignee or Subcontractor of the Contractor, with any liability or expenses of defense or be held personally liable to them under any term or provision hereof, because of the City's execution or attempted execution hereof, or because of any breach hereof.

6.05 Independent Contractor

(a) The Contractor shall perform under this Agreement as an independent contractor to the City and not as a representative, employee, agent or partner of the City.

(b) (i) The City is subject to June 24, 2011 the "City of Chicago Hiring Plan" (the "City Hiring Plan") entered in Shakman v. Democratic Organization of Cook County, Case No 69 C 2145 (United State District Court for the Northern District of Illinois). Among other things, the City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(ii) Contractor is aware that City policy prohibits City employees from directing any individual to apply for a position with Contractor, either as an employee or as a subcontractor, and from directing Contractor to hire an individual as an employee or as a subcontractor. Accordingly, Contractor must follow its own hiring and contracting procedures, without being influenced by City employees. Any and all personnel provided by Contractor under this Agreement are employees or subcontractors of Contractor, not employees of the City of Chicago. This Agreement is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by Contractor.

(iii) Contractor will not condition, base, or knowingly prejudice or affect any term or aspect of the employment of any personnel provided under this Agreement, or offer employment to any individual to provide services under this Agreement, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Agreement, a political organization or party is an identifiable group or

entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(iv) In the event of any communication to Contractor by a City employee or City official in violation of Section (ii) above, or advocating a violation of Section (iii) above, Contractor will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General, and also to the head of the relevant City Department utilizing services provided under this Agreement. Contractor will also cooperate with any inquiries by OIG Hiring Oversight related to the contract.

(c) The parties agree that this Contract is solely for the benefit of the parties and nothing herein is intended to create any third party beneficiary rights for subcontractors or other third parties.

6.06 Business Relationships with Elected Officials

Pursuant to MCC Sect. 2-156-030(b), it is illegal for any elected official, or any person acting at the direction of such official, to contact either orally or in writing any other City official or employee with respect to any matter involving any person with whom the elected official has any business relationship that creates a financial interest on the part of the official, or the domestic partner or spouse of the official, or from whom or which he has derived any income or compensation during the preceding twelve months or from whom or which he reasonably expects to derive any income or compensation in the following twelve months. In addition, no elected official may participate in any discussion in any City Council committee hearing or in any City Council meeting or vote on any matter involving the person with whom the elected official has any business relationship that creates a financial interest on the part of the official, or the domestic partner or spouse of the official, or from whom or which he has derived any income or compensation during the preceding twelve months or from whom or which he reasonably expects to derive any income or compensation in the following twelve months.

Violation of MCC Sect. 2-156-030 by any elected official with respect to this contract will be grounds for termination of this contract. The term financial interest is defined as set forth in MCC Chapter 2-156.

6.07 Chicago "Living Wage" Ordinance

(a) Section 2-92-610 of the Municipal Code of Chicago provides for a living wage for certain categories of workers employed in the performance of City contracts, specifically non-City employed security guards, parking attendants, day laborers, home and health care workers, cashiers, elevator operators, custodial workers and clerical workers ("**Covered Employees**"). Accordingly, pursuant to Section 2-92-610 and regulations

promulgated under it:

(i) If Contractor has 25 or more full-time employees, and

(ii) If at any time during the performance of this Agreement, Contractor and/or any Subcontractor or any other entity that provides any portion of the Services (collectively "**Performing Parties**") uses 25 or more full-time security guards, or any number of other full-time Covered Employees, then

(iii) Contractor must pay its Covered Employees, and must assure that all other Performing Parties pay their Covered Employees, not less than the minimum hourly rate as determined in accordance with this provision (the "**Base Wage**") for all Services performed under this Agreement.

(b) Contractor's obligation to pay, and to assure payment of, the Base Wage will begin at any time during the term of this Agreement when the conditions set forth in (a)(i) and (a)(ii) above are met, and will continue until the end of the term of this Agreement.

(c) As of July 1, 2014, the Base Wage is $11.93 per hour, and each July 1 thereafter, the Base Wage will be adjusted, using the most recent federal poverty guidelines for a family of four as published annually by the U.S. Department of Health and Human Services, to constitute the following: the poverty guidelines for a family of four divided by 2000 hours or the current base wage, whichever is higher. At all times during the term of this Agreement, Contractor and all other Performing Parties must pay the Base Wage (as adjusted in accordance with the above). If the payment of prevailing wages is required for Services done under this Agreement, and the prevailing wages for Covered Employees are higher than the Base Wage, then Contractor and all other Performing Parties must pay the prevailing wage rates.

(d) Contractor must include provisions in all subcontracts requiring its Subcontractors to pay the Base Wage to Covered Employees. Contractor agrees to provide the City with documentation acceptable to the Chief Procurement Officer demonstrating that all Covered Employees, whether employed by Contractor or by a Subcontractor, have been paid the Base Wage, upon the City's request for such documentation. The City may independently audit Contractor and/or Subcontractors to verify compliance with this section. Failure to comply with the requirements of this section will be an event of default under this Agreement, and further, failure to comply may result in ineligibility for any award of a City contract or subcontract for up to 3 years.

(e) Not-for-Profit Corporations: If Contractor is a corporation having federal tax-exempt status under Section 501(c)(3) of the Internal Revenue Code and is recognized under Illinois not-for-profit law, then the provisions of Sections (a) through (d) above do not apply.

6.08 Deemed Inclusion

Provisions required by law, ordinances, rules, regulations or executive orders to be inserted in this Agreement are deemed inserted in this Agreement whether or not they appear in this Agreement or, upon application by either party, this Agreement will be amended to make the insertion; however, in no event will the failure to insert the provisions before or after this Agreement is signed prevent its enforcement.

6.09 Environmental Warranties and Representations

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Contractor warrants and represents that it, and to the best of its knowledge, its subcontractors have not violated and are not in violation of the following sections of the Code (collectively, the Waste Sections):

7-28-390 Dumping on public way;
7-28-440 Dumping on real estate without permit;
11-4-1410 Disposal in waters prohibited;
11-4-1420 Ballast tank, bilge tank or other discharge;
11-4-1450 Gas manufacturing residue;
11-4-1500 Treatment and disposal of solid or liquid waste;
11-4-1530 Compliance with rules and regulations required;
11-4-1550 Operational requirements; and
11-4-1560 Screening requirements.

During the period while this Agreement is executory, Contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Agreement, constitutes a breach of and an event of default under this Agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Commissioner. Such breach and default entitles the City to all remedies under the Agreement, at law or in equity.

This section does not limit Contractor's and its subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Agreement.

Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Agreement, and may further affect Contractor's eligibility for future contract awards.

6.10 EDS / Certification Regarding Suspension and Debarment

Contractor certifies, as further evidenced in the EDS attached as Exhibit 2, by its acceptance of this Agreement that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this

transaction by any federal department or agency. Contractor further agrees by executing this Agreement that it will include this clause without modification in all lower tier transactions, solicitations, proposals, contracts and subcontracts. If Contractor or any lower tier participant is unable to certify to this statement, it must attach an explanation to the Agreement.

6.11 Ethics

(a) In addition to other warranties and representations, Contractor warrants:

(i) no officer, agent or employee of the City is employed by Contractor or has a financial interest directly or indirectly in this Agreement or the compensation to be paid under this Agreement except as may be permitted in writing by the Board of Ethics established under Chapter 2-156 of the Municipal Code .

(ii) no payment, gratuity or offer of employment will be made in connection with this Agreement by or on behalf of any Subcontractors to Contractor or higher tier Subcontractors or anyone associated with them, as an inducement for the award of a subcontract or order.

(b) Contractor must comply with Chapter 2-156 of the Municipal Code. Contractor acknowledges that any Agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156, including any contract entered into with any person who has retained or employed a non-registered lobbyist in violation of Section 2-156-305 of the Municipal Code is voidable as to the City.

6.12 MacBride Ordinance

The City of Chicago through the passage of the MacBride Principles Ordinance seeks to promote fair and equal employment opportunities and labor practices for religious minorities in Northern Ireland and provide a better working environment for all citizens in Northern Ireland.

In accordance with Section 2-92-580 of the Municipal Code of the City of Chicago, if Contractor conducts any business operations in Northern Ireland, the Contractor must make all reasonable and good faith efforts to conduct any business operations in Northern Ireland in accordance with the MacBride Principles for Northern Ireland as defined in Illinois Public Act 85-1390 (1988 Ill. Laws 3220).

The provisions of this Section 6.12 do not apply to contracts for which the City receives funds administered by the United States Department of Transportation, except to the extent Congress has directed that the Department of Transportation not withhold funds from states and localities that choose to implement selective purchasing policies based on agreement to comply with the MacBride Principles for Northern Ireland, or to the extent that such funds are not otherwise withheld by the Department of Transportation.

6.13 Duty to Report Corrupt or Unlawful Activity

Pursuant to §2-156-018 of the Municipal Code, it is the duty of the Contractor to report to the Inspector General, directly and without undue delay, any and all information concerning conduct which it knows to involve corrupt activity. "Corrupt Activity" means any conduct set forth in Subparagraph (a)(1), (2) or (3) of §1-23-020 of the Municipal Code. Knowing failure to make such a report will be an event of default under this Agreement. Reports may be made to the Inspector General's toll free hotline, 866-IG-TIPLINE (866-448-4754).

ARTICLE 7 EVENTS OF DEFAULT, REMEDIES, TERMINATION, RIGHT TO OFFSET, SUSPENSION

7.01 Events of Default Defined

The following constitute events of default:

A. Any material misrepresentation, whether negligent or willful and whether in the inducement or in the performance, made by Contractor to the City.

B. Contractor's material failure to perform any of its obligations under the Agreement including, but not limited to, the following:

(1) failure to commence or ensure timely completion of the Services due to a reason or circumstance within Contractor's reasonable control;

(2) failure to perform the Services in a manner satisfactory to the City;

(3) failure to promptly re-perform within a reasonable time Services that were rejected as erroneous or unsatisfactory;

(4) discontinuance of the Services for reasons within the Contractor's reasonable control;

(5) failure to comply with a material term of this Agreement, including but not limited to the provisions concerning insurance and nondiscrimination; and

(6) any other acts specifically and expressly stated in this Agreement as constituting an event of default.

C. The Contractor's default under any other agreement it may presently have or may enter into with the City during the life of this Agreement. The Contractor acknowledges and agrees that in the event of a default under this Agreement the City may also declare a default under any such other agreements.

7.02 Remedies

The occurrence of any event of default which the Contractor fails to cure within 14 calendar days after receipt of notice specifying such default or which, if such event of default cannot reasonably be cured within 14 calendar days after notice, the Contractor fails, in the sole opinion of the Commissioner, to commence and continue diligent efforts to cure, permits the City to declare the Contractor in default. Whether to declare the Contractor in default is within the sole discretion of the Commissioner. Written notification of the default, and any intention of the City to terminate the Agreement, shall be provided to Contractor and such decision is final and effective upon Contractor's receipt of such notice. Upon receipt of such notice, the Contractor must discontinue any services, unless otherwise directed in the notice, and deliver all materials accumulated in the performance of this Agreement, whether completed or in the process of completion, to the City. At such time the City may invoke any legal or equitable remedy available to it including, but not limited to, the following:

A. The right to take over and complete the Services or any part thereof as agent for and at the cost of the Contractor, either directly or through others. The Contractor shall have, in such event, the right to offset from such cost the amount it would have cost the City under the terms and conditions herein had the Contractor completed the Services.

B. The right to terminate this Agreement as to any or all of the Services yet to be performed, effective at a time specified by the City.

C. The right of specific performance, an injunction or any other appropriate equitable remedy.

D. The right to money damages.

E. The right to withhold all or any part of Contractor's compensation hereunder.

F. The right to deem Contractor non-responsible in future contracts to be awarded by the City.

If the City considers it to be in its best interest, it may elect not to declare default or to terminate this Agreement. The parties acknowledge that this provision is solely for the benefit of the City and that if the City permits the Contractor to continue to provide the Services despite one or more events of default, the Contractor is in no way relieved of any of its responsibilities, duties or obligations under this Agreement nor does the City waive or relinquish any of its rights. No delay or omission to exercise any right accruing upon any event of default impairs any such right nor shall it be construed as a waiver of any event of default or acquiescence therein, and every such right may be exercised from time to time and as often as may be deemed expedient.

7.03 Right to Offset

The City reserves its rights under § 2-92-380 of the Municipal Code of Chicago and the Commissioner shall consult with the SSAC before exercising such rights.

7.04 Suspension

The City may at any time request that the Contractor suspend its Services, or any part thereof, by giving 15 days prior written notice to the Contractor or upon no notice in the event of emergency. No costs incurred after the effective date of such suspension shall be allowed. The Contractor shall promptly resume its performance upon written notice by the Department. The Budget may be revised pursuant to Section 5.02 to account for any additional costs or expenses actually incurred by the Contractor as a result of recommencing the Services.

7.05 No Damages for Delay

The Contractor agrees that it, its members, if a partnership or joint venture and its Subcontractors shall make no claims against the City for damages, charges, additional costs or hourly fees for costs incurred by reason of delays or hindrances by the City in the performance of its obligations under this Agreement.

7.06 Early Termination

In addition to termination for default, the City may, at any time, elect to terminate this Agreement or any portion of the Services to be performed under it at the sole discretion of the Commissioner by a written notice to the Contractor. Explanations

COOK COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.

EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date.

RIDER TO CONTRACTOR'S PERFORMANCE AND PAYMENT BOND

This Rider supplements Contractor's Performance and Payment Bond ("Bond") on that certain contract with the City of Chicago ("City") bearing Contract No._____ and Specification No._____ ("Contract"). Surety acknowledges that the Contract requires Contractor to obtain from each of its subcontractors consent to a collateral assignment of their contracts with Contractor to the City. Special Service Area - Additional Audit Requirements

Accounting System

The Department requires that the Contractor maintain its accounting system in a manner which allows the Contractor's expenditures to be categorized in its statement of activities according to the categories listed in the budget approved by the City for each Area.

Guidance for the Contractor's Selection of a CPA Firm (Independent Auditor)

The Contractor must use the following guidelines for engaging a qualified CPA Firm:

1. Issue a Request for Proposal ("RFP") that sets forth all of the terms and conditions of the engagement, evaluation criteria, and scope of the work required. Audit firm evaluations can replace an annual RFP process; an RFP process every three years is preferred.
2. Distribute and publicize the RFP sufficiently to ensure full and open competition.
3. Request in the RFP that bidders provide detail on:
    a. How the CPA Firm will conduct the audit.
    b. Qualifications of the CPA Firm, management, and staff, including experience in auditing like entities.
    c. Policies on notification of changes in key personnel.
    d. Whether the proposed staff has received continuing professional education that is relevant to the performance of this engagement during the previous 2 years,
    e. Whether the CPA Firm has received a positive peer review within the last 3 years.
    f. Whether the CPA Firm is independent, as defined by applicable auditing standards.
    g. Whether the CPA Firm has been the object of any disciplinary action during the past 3 years.
    h. Confirmation the CPA Firm and key personnel assigned to this engagement maintains an active license in the State of Illinois and attached a copy of a current license with the RFP response or annually.
    i. Confirmation the CPA Firm is not on the City's debarred vendor list.
    j. The audit fee.

4. Evaluate the proposals based on:
    a. The CPA Firm's understanding of the audit requirements, including the needs of the Area and the final products to be delivered.
    b. Soundness of technical approach to the audit, including the meeting of the Contractor's specific deadlines and other requirements.
    c. Qualifications of the CPA Firm.
    d. Qualifications of the audit team.
    e. The information provided by respondents in response to the RFP, including cost

and independence.

5. Rate the proposals as follows:
   a. Proposals should be evaluated as submitted.
   b. Make a list of strengths and weaknesses for each to support its technical rating.
   c. Review the proposed fees offered by the bidders after completion of the technical evaluation.
   d. Ask questions of the bidders to eliminate any ambiguities.
   e. Select a proposal that is most advantageous to the Area based on the evaluation criteria set forth in the RFP.

6. Once a CPA Firm is chosen based upon the foregoing criteria, require a written engagement letter to avoid misunderstandings that specifies:
   a. Audit scope, objectives, and purposes.
   b. Deadlines for the work to be performed.
   c. Audit fees.
   d. Report format, including providing a PDF digital version of the final audit.
   e. Type and timing of support to be provided to the CPA Firm by the Special Service Area Commission ("SSAC").
   f. Professional auditing standards to be followed in performing the audit.
   g. Independence of the CPA Firm to the SSAC.
   h. Terms of making changes to the scope of the agreement.
   i. CPA Firm's ownership of the work papers, retention period, and requirement for availability to the City upon request.

Summary Schedule of Findings.

In order to properly conduct the certified audit of the books and records of the Contractor, it is necessary for the CPA Firm to read and understand the requirements contained in the Agreement. Particular attention should be given to Sections 3 and 5 of the Agreement.

The CPA Firm must test the Contractor's compliance with the requirements contained in the Agreement. Should the CPA Firm find exception to the requirements of the Agreement, it must disclose all exceptions in a separate schedule, which shall be entitled "Summary Schedule of Findings". Each finding shall be listed separately. The schedule shall be incorporated with the other required financial statements.

If the CPA Firm finds no exceptions to the Agreement requirements, it shall still include a "Summary Schedule of Findings". On that schedule the CPA Firm shall make an affirmative statement indicating it has read the Agreement and, after conducting the audit, has determined that no exceptions were noted.

Subsections to note in Section 5 include:
   a. *Section 5.01, Basis of Payment*, describes "carry over" as the amount of Service

Tax Funds collected for prior tax years which remain previously unspent.

b. *Section 5.02, Budget for Services*, restricts the maximum amount that may be spent in a calendar year to the amount stated in the Agreement.

c. *Section 5.03, Method of Payment*, states that the Contractor shall establish a separate checking account and that Area funds shall not be commingled with other sources.

Audit of Financial Statements

As discussed in Section 3.07, "Records and Audits", the Contractor shall provide an annual audited financial statement to the Department and SSAC within 120 calendar days after the end of the calendar year and the system of accounting shall be in accordance with generally accepted accounting principles and practices, consistently applied throughout.

Audit Documents

The City requires an audit conducted in accordance with generally accepted accounting principles to include the following documents:

1. Statement of Financial Position.
2. Statement of Activities: Budget and Actual (period being audited compared to the previous year, e.g. columns should be 2015 Budget, 2015 Actual, Variance, 2014 Budget, 2014 Actual, Variance).
3. Statement of Cash Flows.
4. Notes to the Financial Statements.
5. Summary Schedule of Findings that also includes the management response to any audit findings and any subsequent CPA Firm and/or City's and/or management responses until the CPA Firm and/or the City consider the findings sufficiently remedied.

Expense descriptions included in the Statement of Activities must correspond to the expense descriptions in the budget submitted to the City.

CPA Firm License

The CPA Firm shall attach as an exhibit to the audit the firm's active license and key personnel to this engagement in the State of Illinois.

CITY OF CHICAGO

MULTI- PROJECT LABOR AGREEMENT

This Model Multi-Project Labor Agreement ("Agreement") is entered into by and between City of Chicago, an Illinois municipal corporation, as Owner, on behalf of itself and each of its contractors, subcontractors of whatsoever tier performing construction work on any project to which this Agreement shall be applicable, and each of the undersigned labor organizations signatory hereto.

Whereas, Owner is responsible for construction, demolition, rehabilitation, maintenance, and/or renovation of real property located in Chicago, Illinois; Due to the size, scope, cost and duration of the multitude of Projects traditionally performed by the City of Chicago, the parties to this Agreement have determined that it is in their interest to have these Projects completed in the most timely, productive, economical and orderly manner possible, and without labor disruptions of any kind that might interfere with, or delay, any of these Projects;

Whereas, the parties have determined that it is desirable to eliminate the potential for friction and disruption of these Projects by using their best efforts and ensuring that all work is performed by the trade unions that are signatory hereto and which have traditionally performed and have trade and geographic jurisdiction over such work. Experience has proven the value of such cooperation, and that such mutual undertakings should be maintained, and if possible, strengthened, and that the ultimate beneficiaries remain the Owner of the project; and,

Whereas, the Owner acknowledges that it has a serious and ongoing concern regarding labor relations associated with the Projects and through its completion irrespective of the existence of a collective bargaining relationship with any of the signatory labor organizations.

NOW THEREFORE, in order to further these goals and objectives and to maintain the spirit of harmony, labor-management cooperation and stability, the parties agree as follows:

1. During the term of this Agreement, Owner its representatives and agents shall not contract or subcontract, nor permit any other person, firm, company, or entity to contract or subcontract, any construction, demolition, rehabilitation or renovation work for the Project work covered under this Agreement or within the trade jurisdiction of the signatory labor organization, to be performed at the Site of construction or off-site solely for installation at the Site (including all tenant improvements, if applicable), unless such work is performed only by a person, firm or company signatory, or willing to become signatory, to the applicable area-wide collective bargaining agreement(s) with the union(s) or the appropriate trade/craft union(s) or subordinate body or affiliate of the Chicago & Cook County Building & Construction Trades Council ("Council") or the Teamsters' Joint Council No. 25. Copies of all such current collective bargaining agreements constitute Appendix "A" of this Agreement, attached hereto and made an integral part hereof, and as may be modified from time to time during the term of this Agreement. Said provisions of this Agreement shall be included in all Requests for Bids and/or Proposals and shall be explicitly included in all contracts or subcontracts of whatsoever tier by all contractors and subcontractors; provided that the total Project value exceeds $25,000.00. In no event shall contracts be "split" so as to avoid the applicability of this Agreement. In the event a dispute arises with respect to the applicability of this Multi-Project Labor Agreement to a particular project, the parties agree to submit said dispute to final and binding arbitration before a Permanent Umpire who shall be mutually agreed to by the parties.

2. With respect to a contractor or subcontractor who is the successful bidder, but is not signatory to the applicable collective bargaining agreement, the collective bargaining agreement(s) executed by said bidder shall be the relevant area-wide agreement(s) regulating or governing wages, hours and other terms and conditions of employment.

3. During the term of this Agreement, the Owner or any Project contractor and subcontractor shall engage in no lockout.

4. During the term of this Agreement, no labor organization signatory hereto, or any of its members, officers, stewards, agents, representatives, or employees shall instigate, authorize, support, sanction, maintain, or participate in any strike, walkout, work stoppage, work slowdown, work curtailment, cessation or interruption of production, or in any picketing of any Site covered under this Agreement for any reason whatsoever, including but not limited to the expiration of any of the collective bargaining agreements referred to on Appendix A. In the event of an economic strike or other job action upon the termination of an existing collective bargaining agreement, in no event shall any adverse job action be directed against any covered Project. All provisions of the subsequently negotiated collective bargaining agreement shall be retroactive for all employees working at a Project Site, provided such a provision for retroactivity is contained in the newly negotiated collective bargaining agreement.

5. Each Union signatory hereto agrees that it will use its best efforts to prevent any of the acts forbidden in Paragraph 4, and that in the event any such act takes place or is engaged in by any employee or group of employees, each Union signatory hereto further agrees that it will use its best efforts (including its full disciplinary power under its Constitution and/or By-Laws) to cause an immediate cessation thereof.

6. Any contractor of subcontractor signatory or otherwise bound stipulated or required to abide by and to any provisions of this Agreement shall have the right to discharge or discipline any employee who violates the provisions of this Agreement. Such discharge or discipline by a contractor or subcontractor shall be subject to the Grievance/Arbitration procedure of the applicable collective bargaining agreement only as to the fact of such employee's violation of this Agreement. If such fact is established, the penalty imposed shall not be disturbed. Work at any Site covered under this Agreement shall continue without disruption or hindrance of any kind during any Grievance/Arbitration procedure.

7. The parties expressly authorize a court of competent jurisdiction to order appropriate injunctive relief to restrain any violation of this Agreement, any form of self-help remedy is expressly forbidden. Nothing in the foregoing shall restrict any party to otherwise judicially enforce any provision of its collective bargaining agreement between any labor organization and a contractor with whom it has a collective bargaining relationship.

8. This Agreement shall become effective, and shall be included in all Requests for Proposals and/or Bids, all Purchase Orders, Contracts or other arrangements issued by the City of Chicago for work described in Paragraph 1 above immediately subsequent to the ratification of the Ordinance authorizing this Multi-Project Labor Agreement by the City Council.

9. This Agreement shall expire on December 31, 2016 and shall be automatically extended for an additional five (5) year term unless the parties issue a notice to terminate between sixty (60) and (30) days prior to the initial expiration date.

10. In the event a dispute shall arise between any contractor or subcontractor of the Project and any signatory labor organization and/or fringe benefit fund established under any of the appropriate collective bargaining agreements as to the obligation and/or payment of fringe benefit contributions provided under the collective bargaining agreement, upon proper notice to the contractor(s) or subcontractor(s) by the applicable labor organization or fringe benefit fund and to the contractor or subcontractor, an amount sufficient to satisfy the amount claimed shall be withheld from the contractor's or subcontractor's regularly scheduled periodic payment from the contractor or subcontractor, or their agents until such time as said claim is resolved.

11. In the event of a jurisdictional dispute by and between any labor organizations signatory hereto, such labor organizations shall take all steps necessary to promptly resolve the dispute. In the event of a dispute relating to trade or work jurisdiction, all parties, including the employers, contractors or subcontractors, agree that a final and binding resolution of the dispute shall be resolved as follows:

a.) Representatives of the affected trades shall meet on the job site within forty-eight (48) hours after receiving notice in an effort to resolve the dispute. (In the event there is a dispute between local unions affiliated with the same International Union, the decision of the General President, or his/her designee, as the internal jurisdictional authority of that International Union, shall consfitute a find and binding decision and determination as to the jurisdiction of work.)

b.) If no settlement is achieved subsequent to the preceding Paragraph, the matter shall be referred to the Chicago & Cook County Building & Construction Trades Council, which shall meet with the affected trades within forty-eight (48) hours subsequent to receiving notice. An agreement reached at this Step shall be final and binding.

c.) If no settlement agreements is reached during the proceedings contemplated by Paragraph "a" or "b" above, the matter shall be immediately referred to the Joint Conference Board, established by the Standard Agreement between the Construction Employers' Association and the Chicago & Cook County Building & Construction Trades Council, which may be amended from time to time, for final and binding resolution of said dispute. Said Standard Agreement is attached hereto as Appendix "B" and specifically incorporated into this Agreement.

12. This Agreement shall be incorporated into and become part of the collective bargaining agreements between the Unions signatory hereto and contractors and subcontractors. In the event of any inconsistency between this Agreement and any collective bargaining agreement, the terms of this Agreement shall supersede and prevail except for all work performed under the NT Articles of Agreement, the National Stack/Chimney Agreement, the National Cooling Tower Agreement, all instrument calibration work and loop checking shall be performed under the terms of the UA/IBEW Joint National Agreement for instrument and Control Systems Technicians, and the National Agreement of the International Union of Elevator Constructors with the exception of the content and subject matter of Articles V, VI and VII of the AFL-CIO's Building & Construction Trades Department model Project Labor Agreement.

13. The parties agree that in the implementation and administration of this Agreement, it is vitally necessary to maintain effective and immediate communication so as to minimize the potential of labor relations disputes arising out of this Agreement. To that end, each party hereto agrees to designate, in writing, a representative to whom problems can be

directed which may arise during the term of this Agreement. Within forty-eight (48) hours after notice of the existence of any problem, representatives of each party shall meet to discuss and, where possible, resolve such problems. The representative of the signatory unions shall be Thomas Villanova, or his designee, President of the Chicago & Cook County Building & Construction Trades Council. The representative of Owner shall be the Corporation Counsel or his/her designee.

14. If any provision, section, subsection or other portion of this Agreement shall be determined by any court of competent jurisdiction to be invalid, illegal, or unenforceable in whole or in part, and such determination shall become final, such provision or portion shall be deemed to be severed or limited, but only to the extent required to render the remaining provisions and portions of this Agreement enforceable. This Agreement, as thus amended, shall be enforced so as to give effect to the intention of the parties insofar as that is possible. In addition, the parties hereby expressly empower a court of competent jurisdiction to modify any term or provision of this Agreement to the extent necessary to comply with existing law and to enforce this Agreement as modified.

15. Owner and General Contractor, on behalf of themselves and their contractors and subcontractors agree that the applicable substance abuse policy (i.e., drug, alcohol, etc.) applicable to the employees working on any covered Project shall be that as contained, or otherwise provided for, in the area-wide collective bargaining agreements attached at Appendix "A" to this Agreement. Nothing in the foregoing shall limit the Owners and/or General Contractor, its contractors or subcontractors from instituting its own substance abuse policy governing other employees performing work on a Project not otherwise covered under this Agreement. In the event there is no substance abuse policy in the applicable collective bargaining agreement, the policy adopted by the Owners and/or General Contractor may apply.

16. The parties recognize a desire to facilitate the entry into the building and construction trades of veterans who are interested in careers in the building and construction industry. The parties agree to utilize the services of the Center for Military Recruitment, Assessment and Veterans Employment (hereinafter referred to as the "Center") and the Center's Helmets to Hardhats" program to service as a resource for preliminary orientation, assessment of construction aptitude, referral to apprenticeship programs or hiring halls, counseling and mentoring, support network, employment opportunities and other needs as identified by the parties. The parties also agree to coordinate with the Center to create and maintain an integrated database of veterans interested in working on this project and of apprenticeship and employment opportunities for these Projects. To the extent permitted by law, the parties will give appropriate credit to such veterans for bona fide, provable past experience, in the building and construction industry.

The parties recognize the importance of facilitating the goals and objectives of the Apprenticeship & Training Initiative agreed to by the parties in separate collective bargaining agreements applicable to employees of the Owner. Additionally, parties agree to incorporate the duties and responsibilities associated with the Supplemental Addendum to the Multi-Project Labor Agreement between the signatory labor organizations and the Chicago Public Schools attached hereto in Appendix "C" and incorporated herein. Towards these ends, the undersigned labor organizations will assist and cooperate with the Owner, the Chicago Public Schools, City Colleges and contractors in monitoring and enforcing the foregoing commitments, including providing relevant information requested by the Owner for the purpose of such monitoring and enforcement, including

the information provided for in Paragraph 3(E) of the Supplemental Addendum with CPS. Upon execution of this Agreement, representatives of the Owner and the Chicago Building Trades Council will immediately meet for the purpose of establishing the specific mechanism by which this information will be gathered, processed and reported.

The parties hereto agree and acknowledge that the commitments set forth herein, including those in the attached Appendix "C" are interdependent. In the event the goals and commitments set forth in Appendix "C" are not realized, the City shall bring this to the attention of the Chicago Building Trades Council ("Council"), and the parties shall immediately meet for the purpose of identifying the cause(s) of said failure and implement necessary measures to remedy the failure. Should the Council's affiliate members refuse to implement measures reasonably necessary to realize these goals and commitments, the City may terminate this Agreement subsequent to January 13, 2013. If, as of June 1, 2012, the City believes that the Council's affiliate members have failed to implement measures reasonably necessary to realize these goals and commitments, the City may at that time deliver to the Council formal written notice of intent to terminate this Agreement on January 1, 2013. Upon deliverance of such notice, the parties shall immediately meet to craft and implement additional measures to remedy such failure. If the parties are unsuccessful in implementing satisfactory measures, the City may implement said notice of termination on January 1, 2013.

The parties acknowledge the Residency requirement for employees of contractors and subcontractors in the standard City of Chicago construction contract. The parties also agree to cooperatively work and monitor compliance with these requirements and to work cooperatively to facilitate and work in good faith to the achievement of said required Residency provision including union attendance at pre-bid conferences with prospective contractors and subcontractors as well as other reasonable undertakings to demonstrate progress in this regard.

17. The parties agree that contractors and subcontractors working under the provisions of this Agreement shall be required to strive to utilize the maximum number of apprentices on said Project as permitted under the applicable collective bargaining agreement as contained in Appendix "A".

18. This document, with each of the Attachments, constitutes the entire agreement of the parties and may not be modified or changed except by the subsequent written agreement of the parties.

19. All parties represent that they have the full legal authority to enter into this Agreement.

The undersigned, as the Owner and Labor Organizations on the Project, agree to all of the terms and conditions contained in this Agreement.
