11. Current Use of the Property: The property is improved with a 2 story commercial building.

12. Reason for rezoning the property: To establish a uniform underling zoning district and permit additional floor area and height.

13. Describe the proposed use of the property after the rezoning. Indicate the number of dwelling units; number of parking spaces; approximate square footage of any commercial space; and height of the proposed building. (BE SPECIFIC)
The Applicant seeks a zoning amendment in order to permit the adaptive reuse and conversion of the existing two-story commercial building into a four-story mixed-use building. The resulting building will contain one (1) retail unit at grade and six (6) residential units above. The resulting building will measure 45' in height. On-site parking for seven (7) vehicles will be provided at the rear of the lot.

14. On May 14, 2007, the Chicago City Council passed the Affordable Requirements Ordinance (ARO) that requires on-site affordable housing units or a financial contribution if residential housing projects receive a zoning change under certain circumstances. Based on the lot size of the project in question and the proposed zoning classification, is this project subject to the Affordable Requirements Ordinance? (See Fact Sheet for more information)

Re: Application to Amend Residential-Business Planned Development 282

Dear Chairman Solis:

The undersigned, Danielle Meltzer Cassel, being first duly sworn on oath deposes and states the following:

The undersigned certifies that she has complied with the requirements of Section 17-13-0107 of the Chicago Zoning Ordinance, by sending written notice to such property owners who appear to be the owners of the property within the subject area not solely owned by the applicants, and to the owners of all property within 250 feet in each direction of the lot line of the subject property, exclusive of public roads, streets, alleys and other public ways. Said "written notice" was sent by First Class U.S. Mail, no more than 30 days before filing the application.

The undersigned certifies that the notice contained the addresses of the property sought to be rezoned; a statement of the intended uses of the property; the names and address of the applicants; the names and address of the owners; and a statement that the undersigned intended to file the application on behalf of the applicants for a change in zoning on approximately March 11, 2015.

The undersigned certifies that the applicants have made a bona fide effort to determine the addresses of the parties to be notified under Section 17-13-0107 of the Chicago Zoning Ordinance, and that the accompanying list of names and addresses of surrounding property owners within 250 feet of the subject site is a complete list containing the names and addresses of the people required to be served as provided by Property Insight, together with tax-exempt parcel and condominium association contact information obtained from Cook County or State of Illinois sources.

March 11, 2015

Dear Neighbor,

On or about March 11, 2015, I, the undersigned attorney, filed two applications on behalf of the Applicants listed below (the "Applicants"): an application to the City of Chicago for a change in zoning to further amend Residential-Business Planned Development 282 ("RBPD 282") and a corresponding application with the Chicago Plan Commission under the Lake Michigan and Chicago Lakefront Protection Ordinance (the "LPO"). Further details about the Applicants, Subject Property, and intended development are provided below.

PLEASE NOTE THE APPLICANTS ARE NOT SEEKING TO REZONE OR PURCHASE YOUR PROPERTY. The Applicants are required to send this notice under applicable law (including Section 16-4-100(c) of the LPO and Section 17-13-0107 of the Chicago Zoning Ordinance) to persons listed in the records of Cook County as taxpayers or owners of a property within 250 feet, more or less, of the Subject Property.

Subject Property and Owners/Applicants:

The Subject Property has three "Subareas," and the following table lists addresses for each Subarea and each Subarea's corresponding owner and Applicant.

Subarea	Addresses	Owner/Applicant
A	5543-59 S. Cornell Avenue/1634-64 E. 56th Street	Windermere House, LLC
B	5534-58 S. Cornell Avenue/1604-1624 E. 56th Street	Solstice on the Park, LLC
C	5528-32 S. Cornell Avenue	5528 S. Cornell Avenue Owner, LLC

The business address for each Applicant is: 32 N. Dean Street, Englewood, NJ 07631. The attorney for each Applicant and contact person for both applications is Danielle Meltzer Cassel, Vedder Price, 222 N. LaSalle Street, Suite 2600, Chicago, IL 60601, (312) 609-7962, dcassel@vedderprice.com.

Present Zoning District: Residential-Business Planned Development 282, as amended.

Proposed Zoning District: Residential-Business Planned Development 282, as amended.

Intended Uses by Subarea:

Subarea A: No physical changes are currently proposed for the existing Windermere House building, which has 220 dwelling units, approximately 30,000 s.f. of commercial uses and no on-site parking.

Subarea B is proposed to be improved with a building designed by Jeanne Gang (Studio/Gang/Architects) and known as "Solstice on the Park," or "Solstice." As proposed, the zoning amendment would modify RBPD 282 as approved in 2008 to allow a revised program of uses within Solstice and Studio Gang's related design modifications. The amendment would not change RBPD 282's overall floor area ratio (6.6) or Solstice's maximum height (299', per the Zoning Ordinance definition). The primary elements proposed for Solstice's interior include: (i) no fewer than 423 parking spaces; (ii) 250 dwelling units, or, 200 dwelling units and a hotel with banquet facilities and no more than 160 guest rooms; and (iii) one General Restaurant with catering (not to exceed 5,000 s.f.). The proposed accessory uses/amenities include a fitness center; pool, meeting/office space to function as a business center for hotel guests (if any) and for residents engaged in school or home occupations; convenience retail not to exceed 1,500 s.f.; and a drop-off dry cleaners.

Subarea C: No physical changes are currently proposed for the existing 3- and 4-story building, which has 53 dwelling units and no commercial uses or parking. Per an earlier commitment to the community, Applicants are proposing to reserve this building for affordable housing.

This letter provides only a limited description of the proposed amendment, and the project will certainly continue to evolve with input from City Departments, City officials and community members during the coming months. Please do not hesitate to contact me if you would like to receive additional or updated information, and thank you very much for your time and consideration.

Very truly yours,

on the Property have been submitted to the Illinois Condominium Property Act, the term "owner" shall be deemed to refer solely to the condominium association of the owners of such portions of the improvements and not to the individual unit owners therein.

Nothing herein shall prohibit or in any way restrict the alienation, sale or other transfer of all or any portion of the Property or any rights, interests or obligations therein. Upon any alienation, sale or any other transfer of all or any portion of the Property or the rights therein, other than an assignment or transfer of rights pursuant to a mortgage or otherwise as collateral for any indebtedness, and solely with respect to the portion of the Property so transferred, the term Applicant shall be deemed amended to apply to the transferee thereof (and its beneficiaries if such transferee is a land trust), and the seller or transferor thereof (and its beneficiaries if such seller or transferor is a land trust) shall thereafter be released from any and all obligations or liability hereunder with respect to the portion of the Property so transferred.

The Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, and all requirements thereof, and satisfies the established criteria for approval as a planned development. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control.

Any change to off-street parking ingress and egress as depicted in the Approved Plans shall be subject to the review and approval of CDOT and the Department.

All work in the public way must be designed and constructed in accordance with CDOT Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Closure of all or part of any public streets or alleys during demolition or construction shall be subject to the review and approval of CDOT.

The Applicants specified in Statement 3 shall obtain the applicable official reviews, approvals and permits from the various City Departments and or Committees regarding the use of the public way for any encroachments of public way space including encroachments on, over or under the street, sidewalk, parkway or alley. Such approval and permits shall require a separate submittal on behalf of such Applicants or their respective successors, assignees or grantees and approval by the City Council.

10. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. In addition to the maximum height of the building and any appurtenance thereto prescribed in this Planned Development, the height of any improvement shall also be subject to height limitations as approved by the Federal Aviation Administration.

11. For purposes of F.A.R. calculations and floor area measurements, the definitions in the Chicago Zoning Ordinance shall apply, provided, however, no floor area used for parking and loading will count as floor area for F.A.R. purposes. It is also hereby acknowledged that: (i) any existing non-conformities with respect to F.A.R. and minimum lot area ("M.L.A.") within Subarea A are legal non-conformities; and (ii) in accordance with the attached Bulk Regulations and Data Table, F.A.R. and M.L.A. for Subarea B and Subarea C are permitted to be calculated on an aggregate basis, and F.A.R. and M.L.A. from Subarea C are being incorporated into Subarea B to permit the construction of the improvements to be located within Subarea B.

12. The terms, conditions and exhibits of this Planned Development ordinance may be modified administratively by the Commissioner upon the application for such a modification by the Applicants specified in Statement 3 and after a determination is made by the Commissioner that such a modification is minor, appropriate and consistent with the nature of the improvements contemplated in this Planned Development and the purposes underlying the provisions hereof. Any such modification of the requirements of this Planned Development by the Commissioner shall be deemed to be a minor change in the Planned Development as contemplated by Section 17-13-0611 of the Chicago Zoning Ordinance. It is acknowledged that interior parking layouts and demising walls for the rooms and other interior spaces as shown on the Approved Plans are illustrative only and that the reconfiguration of such interior spaces shall not be deemed to require any further approvals pursuant hereto.

13. The Applicants acknowledge that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. Development within Subarea B shall be in substantial compliance with the current City of Chicago Sustainable Development Policy set forth by the Department. The Applicant for Subarea B shall provide a vegetated ("green") roof on at least fifty percent (50%) of the Net Roof Area of the Subarea B building. "Net Roof Area" is defined as "Total Roof Area" minus any required perimeter setbacks; pool surface area (if any); and rooftop structures and roof-mounted equipment, including structure and equipment house within any top-floor mechanical penthouse. "Total Roof Area" will be comprised of only: (i) the exposed, upper building surface above the parking structure (and ballroom, if any); and (ii) the exposed upper building surface above the top residential floor, excluding the upper surface of the mechanical penthouse. Any square footage of the Terrace/Pool Area that is improved with vegetation will qualify towards the 50% requirement. In compliance with the Sustainable Development Policy, development shall exceed the ASHRAE 90.1-2004 standards by at least 14%.

14. The Applicants acknowledge that it is in the public interest to design, construct and maintain the building and other improvements within Subarea B in a manner that promotes, enables, and maximizes universal access throughout Subarea B. Plans for all buildings and improvements within Subarea B shall be reviewed and approved by the Mayor's Office for People with Disability ("M.O.P.D.") to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote a high standard of accessibility.

15. Upon Part II Review for any improvements within Subarea B, a Part II Review Fee shall be assessed by the Department pursuant to Section 17-13-0610 of the Chicago Zoning Ordinance. The fee as determined by staff at the time is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval for Subarea B.

16. All further development within the Planned Development shall comply with the Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings under Section 13-32-125 of the Municipal Code of Chicago or any other provision of that Code.

17. Unless substantial construction has commenced within six (6) years following adoption of this amendment to the Planned Development, and unless completion is thereafter diligently pursued, the Zoning Administrator shall initiate a Zoning Map Amendment to rezone the Property to the pre-existing classifications of Residential, Business Planned Development Number 282 and RM6 Residential Multi-Unit District. Said six (6)years may be extended for up to one (1) additional year, if before expiration, the Commissioner determines that a good cause for such an extension is shown.
