ORDINANCE

WHEREAS, Sections 4-60-022 and 4-60-023 of the Municipal Code set forth restrictions on liquor sales for, respectively, consumption on premises and packaged goods; and

WHEREAS, For organizational efficiency and for ease of reference, sections 4-60-022 and 4-60-023 set out affected areas using a ward-based numbering system; and

WHEREAS, As a result of the 2010 National Decennial Census, ward boundaries in the City of Chicago were re-drawn; and

WHEREAS, The ordinance which re-drew the ward boundaries was passed by the City Council on January 19, 2012 and is found in the Journal of the Proceedings of that date at pages 19792 through 19849. This ordinance is numbered by the City Clerk's office as SO2012-582; and

This ordinance is numbered by the City Clerk's office as O2012-5439; and

WHEREAS, It is necessary and appropriate to correct these numbering inaccuracies so that the liquor sale restrictions shown in sections 4-60-022 and 4-60-023 are numbered according to the wards in which they are located; now, therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

reasonable satisfaction of the Commissioner, the following conditions precedent for City's disbursement of the TIF Assistance to the Authority:

2.3.1. the Authority has satisfactory title to the Site, which may be evidenced by an acceptable title insurance policy, subject only to those title exceptions acceptable to the City and the Authority; and

2.3.2. the Authority has satisfied the conditions stated in this Section 2.3 within the Satisfaction Period. If the Authority is unable to satisfy said conditions, either Party may terminate this Agreement by providing written notice to the other Party.

2.4. The Authority may request payment from the City by submitting a Request for Disbursement in the form of Exhibit D hereto ("Request for Disbursement") be processed and executed upon completion of the Project as determined in the City's sole discretion. The City shall not approve the Request for Disbursement in the aggregate in excess of the actual costs of the Project that are TIF-Funded Improvements (as defined in Section 2.7), and in no event in an amount greater than the TIF Assistance. Prior to the approval of the Request for Disbursement by the City, the Authority shall submit documentation regarding the applicable expenditures to DPD. Delivery by the Authority to the City of the Request for Disbursement hereunder shall, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of the Request for Disbursement, that:

2.4.1. the total amount of the Request for Disbursement represents the actual amount payable to (or paid to) the general contractor, subcontractors, and other parties who have performed work on or otherwise provided goods or services in connection with the Project, and/or their payees;

2.4.2. all amounts shown as previous payments on the Request for Disbursement have been paid to the parties entitled to such payment;

2.4.3 the Authority has approved all work and materials for the Request for Disbursement, and such work and materials conform to the Plans and Specifications; and

2.4.4. the Authority is in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the Authority as related thereto.

2.5. The City shall have the right, in its discretion, to require the Authority to submit further documentation as the City may require in order to verify that the matters certified to in Section 2.4 are true and correct, and the approval of the Request for Disbursement by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by the Authority.

2.6. The current estimated cost of the entire Project (including acquisition of the Site) is $7,000,000, with $2,000,000 in TIF Assistance for construction of the Park. The Authority has delivered to the Commissioner a budget for the Project attached as Exhibit C. The Authority certifies that it has identified sources of funds, including the TIF Assistance, sufficient to complete its budgeted portion of the Project. The Authority agrees that the City will reimburse the Authority

with the TIF Assistance for the costs of the Project and that all costs of completing the Project over the TIF Assistance shall be the sole responsibility of the Authority. If the Authority at any point learns upon reasonable duty of inquiry that it does not have sufficient funds to complete the Project, the Authority shall so notify the City immediately in writing and cease all work on the Project until the City and the Authority agree on how to proceed; the Authority may narrow the scope of the Project (the "Revised Project") as agreed to by the City prior to the restart of any work in order to complete the Revised Project with the approved funds or TIF Assistance. The City has the right, at its election, to withhold and refuse all reimbursement in the event that the Authority fails to so notify the City and/or the Authority and the City fail to reach agreement on a Revised Project as described above.

2.7. Exhibit C contains a preliminary list of capital improvements, equipment costs, general construction costs, and other costs, if any, recognized by the City as being eligible redevelopment project costs under the Act with respect to the Project, to be paid for out of the TIF Assistance ("TIF-Funded Improvements"). To the extent the TIF-Funded Improvements are included as taxing district capital costs under the Act, the Authority acknowledges that the TIF-Funded Improvements are costs for capital improvements and the City acknowledges it has determined that these TIF-Funded Improvements are necessary and directly result from the Plan. Prior to the expenditure of TIF Assistance funds on the Project, the Commissioner, based upon the Project budget, may make such modifications to Exhibit C as he or she wishes in his or her discretion to account for all of the TIF Assistance funds to be expended under this Agreement; provided, however, that all TIF-Funded Improvements shall (i) qualify as redevelopment project costs under the Act, (ii) qualify as eligible costs under the Plan; and (iii) be improvements that the Commissioner has agreed to pay for out of TIF Assistance funds, subject to the terms of this Agreement.

2.8. The Authority hereby acknowledges and agrees that the City's obligations hereunder with respect to the TIF Assistance are subject in every respect to the availability of funds as described in and limited by this Section 2. If no funds or insufficient funds are appropriated and budgeted in any fiscal period of the City for disbursements of the TIF Assistance, then the City will notify the Authority in writing of that occurrence, and the City may terminate this Agreement on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for disbursement under this Agreement are exhausted.

2.9. If the aggregate cost of the Project is less than the amount of the TIF Assistance contemplated by this Agreement, the Authority shall have no claim to the difference between the amount of the TIF Assistance contemplated by this Agreement and the amount of the TIF Assistance actually paid by the City to the Authority and expended by the Authority on the Project.

SECTION 3. TERM.

The term of this Agreement shall commence on the Closing Date and shall expire on the date on which the Calumet/Cermak Redevelopment Area is no longer in effect, or on the date of termination of this Agreement according to its terms, whichever occurs first.

SECTION 4. ENVIRONMENTAL MATTERS.

4.1. It shall be the responsibility of the Authority to investigate and determine the soil and environmental condition of the Site, including obtaining phase I and, if applicable, phase II

environmental audits for the Site and (b) to determine if any environmental remediation beyond that contemplated Exhibits B and C hereto is necessary with respect to the Site or the Project, and any such work that the Authority determines is required shall be performed . The parties understand and agree that the City's financial obligation shall be limited to an amount not to exceed the TIF Assistance which is provided solely for the items set forth on Exhibit C. The Authority shall ensure that the environmental condition of the Site is suitable as a public park upon completion of the Project.

4.2. The Authority agrees to carefully inspect the Site prior to commencement of any activity related to the Project to ensure that such activity shall not damage surrounding property, structures, utility lines or any subsurface lines or cables. The Authority shall be solely responsible for the safety and protection of the public. The City reserves the right to inspect the work being done on the Site. The Authority agrees to keep the Site free from all liens and encumbrances arising out of any work performed, materials supplied or obligations incurred by or for the Authority.

SECTION 5. INSURANCE.

5.1. The Authority shall provide and maintain at the Authority's own expense, or cause to be provided during the term of this Agreement, the insurance coverages and requirements specified below, insuring all operations related to this Agreement.

5.1.1. Workers Compensation and Employers Liability. Workers Compensation as prescribed by applicable law covering all employees who are to provide a service under this Agreement and Employers Liability coverage with limits of not less than $100,000 each accident or illness.

5.1.2. Commercial General Liability (Primary and Umbrella). Commercial General Liability Insurance or equivalent with limits of not less than $1,000,000 per occurrence for bodily injury, personal injury, and property damage liability. Coverages shall include the following: All premises and operations, products/completed operations, explosion, collapse, underground, separation of insureds, defense, and contractual liability (with no limitation endorsement). The City of Chicago is to be named as an additional insured on a primary, non-contributory basis for any liability arising directly or indirectly from the work.

5.1.3. Automobile Liability (Primary and Umbrella). When any motor vehicles (owned, non-owned and hired) are used in connection with work to be performed, the Authority shall provide or cause to be provided, Automobile Liability Insurance with limits of not less than $1,000,000 per occurrence for bodily injury and property damage.

5.1.4. Professional Liability. When any architects, engineers or professional consultants perform work in connection with this Agreement, the Authority shall cause to be provided, Professional Liability Insurance covering acts, errors, or omissions shall be maintained with limits of not less than $1,000,000.

5.1.5. Self Insurance. To the extent permitted by applicable Law, the Authority may self insure for the insurance requirements specified above, it being expressly understood and agreed that, if the Authority does self insure for any such insurance

requirements, the Authority must bear all risk of loss for any loss which would otherwise be covered by insurance policies, and the self insurance program must comply with at least such insurance requirements as stipulated above.

5.2. The Authority will furnish the City at the address stated in Section 8.13, original Certificates of Insurance evidencing the required coverage to be in force on the Closing Date, and renewal Certificates of Insurance, promptly as any requisite insurance is renewed. The Authority shall submit evidence of insurance on the City's Insurance Certificate Form or equivalent prior to the Closing Date. The receipt of any certificate does not constitute agreement by the City that the insurance requirements in this Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the City to obtain certificates or other insurance evidence shall not be deemed to be a waiver by the City.

5.3. The Authority shall advise all insurers of the provisions of this Agreement regarding insurance. Non-conforming insurance shall not relieve the Authority of the obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of this Agreement, and the City retains the right to stop work until proper evidence of insurance is provided, or this Agreement may be terminated.

5.4. The required insurance shall provide for sixty (60) days prior written notice to be given to the City in the event coverage is substantially changed, canceled, or non-renewed.

5.5. Any and all deductibles or self insured retentions on referenced insurance coverages shall be borne by the Authority and its contractors.

5.6. The Authority agrees that insurers shall waive their rights of subrogation against the City, its employees, elected officials, agents, or representatives.

5.7. The Authority expressly understands and agrees that any coverage and limits furnished by the Authority shall in no way limit the Authority's liabilities and responsibilities specified by this Agreement or by law.

5.8. The Authority expressly understands and agrees that any insurance or self insurance programs maintained by the City shall not contribute with insurance provided by the Authority under this Agreement.

5.9. The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

5.10. The Authority shall require all subcontractors to provide the insurance required herein and insurance customarily required by the Authority or the Authority may provide the coverages for subcontractors. All subcontractors shall be subject to the same insurance requirements of the Authority unless otherwise specified herein. In all contracts relating to the Project, the Authority agrees to require the contractor to name the City as an additional insured on insurance coverages and to require the contractor to indemnify the City from all claims, damages, demands, losses, suits, actions, judgments and expenses including but not limited to attorney's fees arising out of or resulting from work on the Project by the contractor or contractor's suppliers,

employees, or agents.

5.11. The City's Risk Management Department maintains the right to modify, delete, alter or change these requirements.

SECTION 6. INDEMNITY / NO PERSONAL LIABILITY.

6.1. The Authority agrees to indemnify and hold the City, its officers and employees, harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses, including, without limitation, reasonable attorney's fees and court costs suffered or incurred by the City arising from or in connection with (i) the Authority's failure to comply with any of the terms, covenants and conditions contained in this Agreement; or (ii) the Authority's or any contractor's failure to pay general contractors, subcontractors or materialmen in connection with the Project. The defense and indemnification obligations in this Section 6.1 shall survive any termination or expiration of this Agreement.

6.2. No elected or appointed official or member or employee or agent of the City or the Authority shall be individually or personally liable in connection with this Agreement.

SECTION 7. DEFAULT.

7.1. If the Authority, without the City's written consent, fails to complete the Project by December 31, 2018, then the City may terminate this Agreement by providing written notice to the Authority.

7.2. In the event the Authority fails to perform, keep or observe any of its covenants, conditions, promises, agreements or obligations under this Agreement not identified in Section 7.1 and such default is not cured as described in Section 7.3 hereof, the City may terminate this Agreement.

7.3. Prior to termination, the City shall give its notice of intent to terminate 30 days prior to termination at the address specified in Section 8.13 hereof, and shall state the nature of the default. In the event Authority does not cure such default within the 30-day notice period, such termination shall become effective at the end of such period; provided, however, with respect to those defaults which are not capable of being cured within such 30-day period, the Authority shall not be deemed to have committed such default and no termination shall occur if the Authority has commenced to cure the alleged default within such 30-day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

7.4. The City may, in any court of competent jurisdiction, by any proceeding at law or in equity, secure the specific performance of the agreements contained herein, or may be awarded damages for failure of performance, or both.

A RESOLUTION

To call on the United States Department of Justice to strengthen state regulations of gun dealers.

WHEREAS, the City of Chicago has been repeatedly ranked top three in the nation for violent crime, with disproportionately high gun-related deaths per citizen and shootings on the rise;

WHEREAS, in 2015, there have been 1,558 shooting victims in the City of Chicago, following the upward trajectory of about 2,500 shootings in the year 2014 alone;

WHEREAS, in 2014, the Chicago Police Department reported that 60 percent of guns recovered in crimes in Chicago were first sold in other states that have weaker guns laws such as Indiana, Mississippi, and Wisconsin;

WHEREAS, a disproportionate amount of these firearms are illegally brought from states with less stringent gun laws and into low-income and minority neighborhoods in the City of Chicago;

WHEREAS, Title VI of the Civil Rights Act of 1964 states that: "No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance";

WHEREAS, the Chicago Police Department in addition to most municipal police departments nationwide constitutes a 'program' as defined as "a department, agency, special purpose district, or other instrumentality of a State or of a local government";

WHEREAS, most police departments like that of the City of Chicago receive federal funding or assistance for law enforcement as a program by way of grant, loan, or contract other than a contract of insurance or guaranty;

WHEREAS, the police departments of other municipalities are charged with the licensing of gun dealers;

WHEREAS, states and local governments are charged with the regulation of firearms and holding gun dealers accountable through state monitoring, trainings, and requirements to sell firearms;

WHEREAS, careless methods of state law enforcement – a program funded in part by the federal government – regarding the selling and purchasing of firearms have the effect of discriminating on the basis of race;

NOW THEREFORE, BE IT RESOLVED, that we, the Mayor and Members of the City Council of the City of Chicago, assembled this twenty-ninth day of July 2015, do hereby call on the United States Department of Justice to implement legislation that requires states to increase regulation and accountability of gun dealers through comprehensive improvements in standards for lax firearm dealers nationwide.

RESOLUTION

WHEREAS, on December 1st, 2015 Mayor Emanuel announced the creation of a "Task Force on Police Accountability" consisting of five members directly appointed by the Mayor; and

WHEREAS, said Task Force was created in response to the volume and severity of complaints regarding excessive force and abuse of power by the Chicago Police Department, notably the subsequently uncharged shooting death of LaQuan McDonald at the hands of Jason VanDyke while on duty as a Chicago Police Officer; and

City Council
December 9, 2015

RESOLUTION

WHEREAS there are certain tests that applicants to the Chicago Police and Fire Departments must undergo in order to gain entrance to the respective academies; and

WHEREAS those tests include a psychological evaluation which asks certain questions that pertain to the use and knowledge of firearms; and

WHEREAS the purpose of the tests is to determine whether an applicant is fit and qualified to serve the citizens of the City of Chicago; and

WHEREAS not all applicants have the same experiences when it comes to the use of firearms; and

WHEREAS, there may be numerous other questions on these psychological evaluation exams that will necessarily be answered differently by former military personnel than by civilians; and

WHEREAS the portion of the population that has served in the United States military will necessarily answer the questions pertaining to firearms differently than those individuals who are members of the civilian population; and

WHEREAS the United States is engaged in past and current conflicts around the world where numerous service members have been stationed; and

WHEREAS service members have returned home to Chicago with unique and valuable skills and training which could be beneficial to the Chicago Police Department, Fire Department, and the citizens of the City of Chicago; and

WHEREAS these service members may never have the opportunity to utilize their skills as members of the Police Force or Fire Department because of their truthful answers to questions on the entrance exams involving firearms; and

WHEREAS the tests were likely not drafted with past military service in mind; and

WHEREAS residents of the City of Chicago who served our nation should not be excluded from serving the citizens of this City because of that service; and

WHEREAS it is necessary that the City of Chicago assess the purpose and nature of the entrance exams to the Police and Fire academies and determine whether those tests unnecessarily exclude veterans and if so whether a different or modified test should be administered to those applicants who served in the United States Military; now, therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CHICAGO that the City Council, through its Committee on Public Safety, conduct hearings exploring the entrance testing of the Police and Fire Departments, *as well as the training provided to entrants,* and whether there should be any modifications to these procedures for veterans; and

BE IT FURTHER RESOLVED that the Committee on Public Safety invite appropriate representatives of the Chicago Police Department and Fire Department to testify concerning the testing procedures and officer training; and

BE IT FURTHER RESOLVED that the Committee on Public Safety invite appropriate representatives of Center for Applied Psychology and Forensic Studies & Law Enforcement Psychological Services, Inc. Joint Venture, the contractor used to conduct the psychological evaluations for police, to testify concerning the testing procedures; and

BE IT FURTHER RESOLVED that invitations to testify be extended to appropriate representatives of the veteran community, in addition to such other persons as the Committee may determine to be appropriate; and

BE IT FURTHER RESOLVED that all of the foregoing be done with a view toward developing recommendations to the Police and Fire Departments with respect to their testing and training with respect to veterans.
