Company Narrative

Columbia Metal Spinning Company was founded in Chicago in 1952 by Harold J. Haberkamp and currently employs approximately 40 people. Our company specializes in the production of high precision metal components for customers in the oil seal, automotive, aerospace and cryogenics industries. Through extensive training and considerable investments in automated and computerized equipment, we have transformed our business from an old style metal forming company into a high technology leader in our industry.

In 1989, Columbia Metal Spinning acquired Craft Metal Spinning located in East Dundee, Illinois, which had been in business for over 75 years. Craft Metal Spinning specializes in the production of large diameter (up to 80 inches) parts such as feed grain dryer inlets and tank heads. We introduced PNC equipment to Craft's manufacturing process and trained the employees. Craft currently employs approximately 11 people.

By 2000, we had out grown our 13,500 square foot building in the Paulina Industrial Corridor. We worked closely with Mayor Daley's staff to find a new Chicago location. In April of 2002, Columbia Metal Spinning and Craft Metal Spinning consolidated their operations when they moved into their current state-of-the-art 75,000 square foot building located on the north side of the city adding a dozen jobs to our Chicago payroll. This allowed us to improve the efficiencies of both companies and gave us the ability to expand our business by adding several new CNC lathes, a CNC milling department and CAD design. Immerging technologies in Rapid Prototyping will require strategic planning and significant new investments. Local prototyping and short-run services are a vital resource for start-up technology/engineering businesses.

In April of 2006, Columbia Metal Spinning completed the registration audit for the International Organization for Standards / Technical Specifications (ISO/TS) 16949:2002 through NSF International Strategic Registrations, LTD. This was accomplished with the assistance of Wilbur Wright College and the City of Chicago's TIFWorks Program. We have since recertified to the higher (ISO/TS) 16949:2009 standard. We are the only spinning company in the nation to be TS certified therefore being in a class by ourselves.

Our reputation as a premier metal spinning supplier is national and our customers include a wide range of industries. We have now extended our customer base to include Mexico. It is our companies' reputation for quality and skilled labor that attracts the majority of our customers. We do not compete for large volume (usually inexpensive) work but instead focus on lower quantity (under 50,000 pieces) custom fabrications which entail especially high quality and special handling requirements by highly skilled craftsmen. This strategy helped us avoid the race to the bottom when many manufacturing jobs were moved overseas. Amongst the spinning and prototyping companies that have survived the last economic down turn, competition is fierce. We believe that our combination of technology, skill and quality gives us an advantage, but are are frequently bidding against companies in Iowa, Indiana and right-to-work states in the South where the overhead

costs are substantially lower. In order to support our higher wages, we need to find innovative ways to reduce other costs. Both of our companies specialize in "Quick Response" and short run production by complimenting our highly skilled metal spinners with stamping presses, hydraulic presses, multiple CNC machining centers and a full in-house tool and die department. This allows our customers options in choosing the lowest cost and fastest production that fits their needs while still maintaining a superior quality.

Unlike so many of the jobs being created in our economy today, the jobs that we provide are largely skilled, high paying jobs. Our industry requires a large percentage of highly trained skilled craftsmen. Our companies have made significant investments in technology and many of our jobs require computer skills. We do almost all of the training of our employees in-house and often hire directly from local technical high school trade programs. Our companies offer a great deal of opportunity to young people with only a high school education. In addition to competitive, high salaries, we offer our employees a very inclusive benefits package which includes full health/medical insurance, life insurance, disability insurance, 401(k) plan with a 25% employer match contribution, and Aflac supplemental insurance. Because we invest so much in our employees, we have earned their loyalty. Our average employee has been with us for 18 years and our plant manager started here in 1980 before he finished high school. Nearly 60% of our employees are current residents of the City of Chicago. The vast majority of new hires come from within the City and many of our employees utilize public transportation.

We have recently won contracts for new jobs that have the potential to increase our employment base by at least 10% over the next couple years. Our industry is very specialized and our customer base is distributed throughout the United States and parts of Mexico. Therefore, most of our competition is spread out across the country and, increasingly, Mexico and Asia. The Class 6(b) tax incentive renewal is necessary for our company mainly because the industry is very competitive and many of our competitors are located in low wage/low cost of living states. We need to hire new employees to handle our new jobs. Without the tax incentive not only does this potentially threaten the loss of jobs to our company and sales but could go to the extent that there can be losses to our local and state economies, if we are forced to move out of state where we can afford the overhead and wages.

Our interest in remaining in Chicago is influenced by our companies' strong ties to the Chicago community. We support many of the local high schools and city colleges, including the Austin Polytechnical Academy, Vaughn Occupational High School and Wilbur Wright College, financially as well as with time and expertise. We have invested a great deal of time supporting their technical and community programs by volunteering the skills of our employees, participating in work-study and job shadowing programs, and hiring many students full time upon graduation. In addition, Fred Haberkamp, our CEO, is now the President of the Board at the New Horizon Center for the Developmentally Disabled and we support The Happiness Club and the Austin-Irving Community Council. All of this would not have happened if we would not have stayed in the City of Chicago.

Resolution to ensure Illinois's future by insuring all Illinoisans

WHEREAS, 21.8% of all business owners in Illinois are immigrants generating $5.4 billion in total net business income each year and that Latinos and Asians in Illinois have annual purchasing power of $77.5 billion and that undocumented immigrants in Illinois pay state and local taxes and make full contribution to the Social Security Trust Fund.

WHEREAS, Illinois, California, Massachusetts, Washington, New York, and Washington D.C. all provide health insurance to children regardless of immigration status.

WHEREAS, Representative Luis Gutiérrez of the 4th Congressional District of Illinois, introduced H.R. 3659, The Exchange Inclusion for a Healthy America Act of 2015, in the 114th Congress, which if enacted would give individuals, regardless of their immigration status, access to the private health insurance marketplaces created under the Patient Protection and Affordable Care Act.

WHEREAS, Hillary Clinton, Martin O'Malley, Bernie Sanders - candidates for the office of President of the United States in 2016 have publicly endorsed state and federal policies that provide access to health insurance for immigrants, including undocumented children and their families.

WHEREAS, Illinois welcomes people of all races, ethnicities, religions and nationalities.

WHEREAS, there are more than 1.1 million uninsured Illinois residents, including more than 300,000 immigrants who currently do not have a pathway to affordable health insurance coverage.

WHEREAS, Illinois ensures that low-income children and pregnant women regardless of immigration status have access to quality health insurance through its All Kids and Moms & Babies health insurance programs.

WHEREAS, Illinois ensures that all eligible drivers in Illinois are able to obtain a driver's license regardless of immigration status and the Illinois General Assembly enacted the Illinois DREAM Act, a historic law opening educational opportunities for Illinois children.

WHEREAS, in cities across Illinois, especially in Chicago, immigrant family-owned small businesses contribute to the vitality of their communities, with restaurants, markets, shops, and other goods and services representing diverse nationalities and ethnicities.

WHEREAS, Chicago aspires to be the world's most immigrant-friendly city and the Chicago New Americans Plan aims to "welcome immigrants and maximize the contribution they make" to Chicago.

WHEREAS, an estimated half million undocumented immigrants reside in Illinois, and they are a vital part of the cultural and economic fabric of our community, participating in our state's workforce and paying more than half a billion dollars in state and local taxes annually.

WHEREAS, undocumented adult residents are currently ineligible for Illinois' Medicaid program, even if living in extreme poverty, and undocumented residents are not allowed to purchase private health insurance -- even at fullprice -- in the Get Covered Illinois health insurance marketplace.

WHEREAS, uninsured residents who, by age, illness or accident, must resort to emergency care in hospitals or rely on over-burdened federally qualified health care providers and/or charity care as their main sources of health care.

WHEREAS, this lack of access to health insurance often results in forgoing or delaying necessary health care, which in turn, delays detection of disease, worsens chronic conditions, and results in irregular and uncoordinated primary health care and no true medical home.

WHEREAS, Illinois has a moral and economic interest in providing coordinated primary and preventive care early, rather than more expensive and intrusive care when it is too late.

WHEREAS, expanding health insurance coverage to undocumented adult immigrants would contribute to better access to care, increased use of preventive services, better management of chronic illness and, eventually, longer and healthier lives.

WHEREAS, expanding health insurance coverage to undocumented adult immigrants would prevent major financial crisis for individuals and families by reducing consumer bankruptcies due to medical debt.

WHEREAS, more than two out of five of undocumented adults live in families with children, providing access to health coverage for parents provides children with better care from healthier parents and boosts children's financial security.

WHEREAS, expanding health insurance coverage to undocumented adult immigrants would allow the government to recoup a portion of any health insurance investment in the form of higher future tax payments.

WHEREAS, expanding health insurance coverage to undocumented adult immigrants would create a healthier pool of employees, who take fewer sick days and are more productive.

WHEREAS, expanding health insurance coverage to undocumented adult immigrants would reduce the number of uninsured patients seen in hospitals and by other medical providers and therefore reduce uncompensated care costs.

WHEREAS, expanding health insurance coverage to undocumented adult immigrants would reduce the burden on local governments, such as the City of Chicago, that currently pay for a portion of health care for the uninsured.

WHEREAS, expanding health insurance coverage to undocumented adult immigrants would help fill the gap Illinois hospitals face by reductions in Medicare Disproportionate Share Hospital (DSH) payments over the next few years. Federal and state governments spend billions of dollars to offset the cost of uncompensated care in the form of DSH payments.

WHEREAS, the Healthy Illinois Campaign is a growing state-wide campaign representing civic, community, faith, business, education, and health care leaders, institutions, and organizations working to make affordable, comprehensive health insurance accessible to all Illinois residents.

NOW THEREFORE BE IT RESOLVED, by the Chicago City Council that we urge the Illinois General Assembly to pass legislation ensuring that every Illinois resident has access to affordable, comprehensive health insurance.

BE IT FURTHER RESOLVED, by the Chicago City Council that we urge the Governor to sign such legislation.

BE IT FURTHER RESOLVED, that the Illinois Congressional delegation vote in favor of federal legislation, such as Congressman Gutierrez's, H.R. 3659, The Exchange Inclusion for Healthy America Act of 2015, which would give individuals regardless of their immigration status, access to health insurance market places created under the Patient Protection and Affordable Care Act.

WHEREAS, the Chicago Public Schools are funded by taxpayers, with 53.76% of the average taxpayer's dollars in 2014 being paid to the Chicago Board of Education; and

WHEREAS, despite taxpayers' investment in schools, recent figures show that the Chicago Board of Education has cut special education funding to Chicago Public Schools (CPS) by approximately $32 Million to date; and

WHEREAS, there has been no documentation produced by the Board of Education to illustrate the decision making process of these cuts; and

WHEREAS, these cuts cause significant harm to the educational progress and access to education of disabled students; and

local maintenance of effort spending pursuant to 34 C.F.R § 300.203(d) and the Supplement Not Supplant Provision of Title II of the ESEA § 3115(g);

WHEREAS, these violations may give rise to liability that could cost taxpayers millions in not only penalties from the federal government, but also court-related costs upon the commencement of legal actions against Chicago Public Schools; and

WHEREAS, the recent failure and instability of leadership of the City's Board of Education has left the operations of Chicago Public Schools inconsistent and undependable; and

WHEREAS, the current financial health of both the Chicago Public Schools and the City of Chicago is such that risking additional monetary liability would be financially irresponsible;

NOW THEREFORE, BE IT RESOLVED that the Mayor and the members of City Council call for hearings before the Committee on Education to determine:

the impacts of these cuts on students, teachers and families;

the extent to which the Chicago Public Schools are or are not in compliance with the Americans with Disabilities Act; and

Title:	Amendment of Municipal Code Chapter 1-23 concerning pre-dispute arbitration agreements
Committee(s) Assignment:	Committee on Finance

ORDINANCE

WHEREAS, The City of Chicago is a home rule unit of government pursuant to the 1970 Illinois Constitution, Article VII, Section 6 (a); and

WHEREAS, Pursuant to its home rule power, the City of Chicago may exercise any power and perform any function relating to its government and affairs including the power to regulate for the protection of the public health, safety, morals, and welfare; and

WHEREAS, Over the last 10 years, thousands of businesses across the country have used mandatory arbitration to create an alternative system of justice; and

WHEREAS, Mandatory arbitration clauses are terms included in contractions of adhesion that often require a consumer or employee to give up his constitutional right to assert claims against the merchant or employer in a court of law as a condition of obtaining or keeping his job or using the consumer good or service; and

WHEREAS, By inserting mandatory arbitration clauses into consumer and employment contracts, companies bar individuals from having their day in court and joining together in class-action lawsuits; and

WHEREAS, Forced mandatory arbitration clauses are destroying a core American principle; and

WHEREAS, The Federal Arbitration Act was intended to apply to disputes between commercial entities of generally similar sophistication and bargaining power; and

WHEREAS, The Supreme Court of the United States has held that the Federal Arbitration Act prevents state laws from invalidating class action waivers in arbitration agreements, thus permitting arbitration agreements to extend to consumer disputes and employment disputes; and

WHEREAS, A recent series in *The New York Times* found that by banning class actions, companies have essentially disabled consumer challenges to practices like predatory lending, wage theft, and discrimination; and

WHEREAS, Companies have also shielded themselves from being taken to court over alleged discrimination, elder abuse, fraud, hate crimes, medical malpractice, and wrongful death; and

WHEREAS, The secretive nature of the arbitration process makes it difficult to evaluate the fairness of the proceedings; and

WHEREAS, A 2007 Public Citizen report claimed that arbitrators working for the National Arbitration Forum, at the time one of the largest U.S. administrators of consumer arbitrations, had ruled against consumers 94 percent of the time; and

WHEREAS, In 2014 Illinois Attorney General Lisa Madigan joined attorneys general from 15 other states in warning the Consumer Financial Protection Bureau that "unlawful business practices" could flourish with the proliferation of class action bans; and

WHEREAS, The City of Chicago intends to spend its funds in the most efficient manner possible; and

WHEREAS, The secret nature of mandatory arbitration agreements between entities doing business with the city and their consumers or employees undermines the efficient management of the city; and

WHEREAS, Doing business with entities that impose mandatory arbitration agreements in consumer and employment contracts prevents the city from knowing whether the goods or services provided by said entities are the subject of consumer grievances concerning the quality of the goods or services or whether the entities' employees have claims of unfair and illegal treatment that might affect the quality of the goods or services; and

WHEREAS, The City Council of the City of Chicago intends to protect the city's procurement process by ensuring that it has access to accurate information about any legal claims asserted by employees or consumers against entities seeking to do business with the city; NOW THEREFORE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

SECTION 1. The above recitals are expressly incorporated herein and made part hereof as though fully set forth herein.

Title:	Amendment of Municipal Code Chapter 4-156 concerning regulation of video gaming terminals
Committee(s) Assignment:	Committee on Finance

ORDINANCE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

SECTION 1. Chapter 4-156 of the Municipal Code of Chicago is hereby amended by deleting the language struck through and by inserting the language underscored, as follows,

4-156-010 Definitions.

For purposes of this chapter:

"Amusement" means: (1) any exhibition, performance, presentation or show for entertainment purposes, including, but not limited to, any theatrical, dramatic, musical or spectacular performance, promotional show, motion picture show, flower, poultry or animal show, animal act, circus, rodeo, athletic contest, sport, game or similar exhibition such as boxing, wrestling, skating, dancing, swimming, racing, or riding on animals or vehicles, baseball, basketball, softball, football, tennis, golf, hockey, track and field games, bowling or billiard or pool games; (2) any entertainment or recreational activity offered for public participation or on a membership or other basis including, but not limited to, carnivals, amusement park rides and games, bowling, billiards and pool games, dancing, tennis, racquetball, swimming, weightlifting, bodybuilding or similar activities; or (3) any paid television programming, whether transmitted by wire, cable, fiber optics, laser, microwave, radio, satellite or similar means.

"Arcade" means a place of amusement that includes four or more automatic amusement devices; provided, however, that when calculating the number of automatic amusement devices, jukeboxes and video gaming terminals shall not be counted.

4-156-150 Definitions.

As used in this chapter:

"Automatic amusement device" means any machine, which, upon the insertion of a coin, slug, token, card or similar object, or upon any other payment method, may be operated by the public generally for use as a game, entertainment or amusement, whether or not registering a score, and includes but is not limited to such devices as jukeboxes, video gaming terminals, marble machines, pinball machines, movie and video booths or stands and all games, operations or transactions similar thereto under whatever name by which they may be indicated. Bingo devices are deemed gambling devices and are therefore prohibited for use except as provided by state law. If a machine consists of more than one game monitor which permits individuals to play separate games simultaneously, each separate game monitor shall be deemed an automatic amusement device.

"Illegal amusement device" means an automatic amusement device that: includes a knock-off circuit; or allows more than ten replays or free games, or maintains a count of payoffs or the number of times a person has won a game played on the device; or maintains a tally of players' scores other than the tally displayed to players; or fails to display in the required

manner a tax emblem required by chapter; or has been used for illegal gambling. "Illegal amusement device" does not include a device that properly displays a required tax emblem, that is not used for illegal gambling and that qualifies either as a crane game as defined in the Illinois Criminal Code of 1961 or as a redemption machine as defined in the Illinois Criminal Code. An automatic amusement device shall not be deemed an illegal automatic amusement device because of internal diagnostic devices or capabilities that are able to record and maintain statistical data such as the number of coins or tokens deposited, the number of games played or the number of games won, if such diagnostic devices or capabilities are intended and used exclusively for auditing of game performance. Notwithstanding any other provision of this section, a video gaming terminal licensed and lawfully maintained and operated under the Video Gaming Act, 230 ILCS 40, shall not be deemed an illegal amusement device.

"Knock-off circuit" means any mechanical or electrical device, circuitry or modification on an automatic amusement device, whereby free games shown on an externally visible indicator are released, while a record of games so released is maintained on a second indicator, meter or counter, either inside or outside the device. A reset button installed by the manufacturer of the automatic amusement device shall not, without more, constitute a knock-off circuit.

The phrase "more than ten replays or free games" means more than ten replays or free games at one time. "Free game or replay" does not include an extension of a game awarded as a result of the player's skill, such as an extra ball in a pinball game or extended playing time in a video game.

"Payoff" means the giving of money or other thing of value in exchange for a player's accumulated points or free games or replays.

The phrase "a count of payoffs or the number of times a player has won a game played on the device" means a tally, whether on paper, mechanical or electronic, and regardless of whether maintained inside, on or outside the automatic amusement device. The phrase is not intended to include a record of scores, accessible to players of the device, and linked to previous players' names, nicknames, initials or other identifiers, for purposes of comparison and competition.

The phrase "tally of players' scores other than the tally displayed to players" does not include a record of scores, accessible to players of the device, and linked to previous players' names, nicknames, initials or other identifiers, for purposes of comparison and competition.

"Video gaming terminal" has the definition given to the term in Section 5 of the Video Gaming Act, 230 ILCS 40/5.

4-156-160 Tax imposed.

An annual tax in the amount of $150.00 for each calendar year is imposed upon all automatic amusement devices that are not video gaming terminals operated for gain or profit per device; and an annual tax in the amount of $1,000.00 for each calendar year is imposed

upon all automatic amusement devices that are video gaming terminals operated for gain or profit per device.

4-156-170 Tax emblem.

The automatic amusement device tax shall be paid by the owner of such device to the city clerk. The city clerk shall issue as evidence of the payment of the tax a self-voiding adhesive tax emblem to be placed on each device. Such emblem shall bear the words "City of Chicago Amusement Device Tax", the names of the mayor and the city clerk, an indication as to whether or not the device is a video gaming terminal, and such other wording as may be prescribed by the mayor. It shall be unlawful for any person to mutilate said tax emblem during the year for which it was issued.

4-156-180 Installation prerequisites.

It shall be unlawful for the owner or lessee of any premises or person in control of such premises to permit the installation or use of an automatic amusement device within the City of Chicago for gain or profit unless the tax has been paid and is evidenced by a tax emblem affixed to the automatic amusement device in a conspicuous location. Each such device shall be plainly labeled with the name, address and telephone number of its owner. No person shall remove, alter or deface the tax emblem or label required by this section, or allow use of an automatic amusement machine if the tax emblem or label has been removed, altered, defaced or become illegible. The owner or lessee of the premises where the device is placed for operation by the public and every person responsible for the premises shall be jointly and severally liable for a violation of this section.

In addition, installation of a video gaming terminal shall comply with the Video Gaming Act, 230 ILCS 40/1, et seq.

4-156-270 Restrictions on use by minors.

(a) No person, firm, corporation, organization or other legal entity shall permit, and it shall be unlawful for, any person under 17 years of age, who is not accompanied by a parent or legal guardian, to operate any automatic amusement device, except upon the premises of the city airports, between the hours of 8:00 a.m. and 3:00 p.m. on days in which the city's public schools are in session.

(b) No person, firm, corporation, organization or other legal entity shall permit, and it shall be unlawful for, any person under the age of 21 to play an automatic amusement device located at an establishment which sells alcoholic liquor for consumption on the premises.

The prohibition described in this subsection (b) shall not prohibit any person or legal entity to permit any person under the age of 21 to play an automatic amusement device located at an establishment validly licensed as a restaurant which sells alcoholic liquor for consumption on the premises, if the minor is accompanied by a parent or legal guardian.

(c) No person, firm, corporation, organization or other legal entity shall permit, and it shall be unlawful for, any person under the age of 21 to play an automatic amusement device that is a video gaming terminal.

SECTION 2. Section 4-6-120 of the Municipal Code of Chicago is hereby amended by deleting the language struck through and by inserting the language underscored, as follows,

4-6-120 Automatic amusement operator.

(a) Definitions. As used in this section:

"Automatic amusement device" means any machine, which, upon the insertion of a coin, slug, token, card or similar object, or upon any other payment method, may be operated by the public generally for use as a game, entertainment or amusement, whether or not registering a score, and includes, but is not limited to, such devices as jukeboxes, video gaming terminals, marble machines, pinball machines, movie and video booths or stands and all games, operations or transactions similar thereto under whatever name by which they may be indicated. Bingo devices are deemed gambling devices and are therefore prohibited for use except as provided by state law. If a machine consists of more than one game monitor which permits individuals to play separate games simultaneously, each separate game monitor shall be deemed an automatic amusement device.

"Automatic amusement device operator" means any person who conducts or transacts the business of distributing, placing, leasing or selling automatic amusement devices with an agreement to maintain, service or supply such device(s). The term automatic amusement device operator shall include any person that owns, maintains, or places a video gaming terminal in accordance with the Video Gaming Act, 230 ILCS 40/1, et seq.

"Video gaming terminal" has the definition given to the term in Section 5 of the Video Gaming Act, 230 ILCS 40/5.

(Omitted text is unaffected by this ordinance)

(e) *Legal duties.* Each licensee engaged in the business of automatic amusement operator shall have a duty to:

(1) pay all taxes required to be paid by such licensee under Chapter 4-156 of this Code;

(2) comply with all applicable requirements set forth in Chapter 4-156 of this Code;

(3) upon request of the commissioner, the comptroller or the city clerk, make available for examination all books and records of automatic amusement device operators necessary or appropriate to ensure compliance with the requirements of this chapter.

(e-1) *Additional legal duties applicable to operators of video gaming terminals.* Each licensee engaged in the business of operating automatic amusement device which is a video gaming terminal shall comply with the Video Gaming Act, 230 ILCS 40/1, et seq.

(f) *Prohibited acts.* It shall be unlawful for any licensee engaged in the business of automatic amusement operator to:

(1) use coercive or illegal measures to promote the distribution, placement, leasing, selling or use of any automatic amusement device;

(2) install or place any automatic amusement device in any establishment or location that is ineligible under this Code or the Video Gaming Act, 230 ILCS 40/1, et seq. to have such device(s) on its premises.

(g) *Ordinance prohibiting issuance of additional automatic amusement device operator license to operate video gaming terminals – Requirements – Procedure.*

(1) For purposes of this subsection (g), the term "license" means an automatic amusement device operator license to operate video gaming terminals.

(2) Notwithstanding any other provision of this section, the city council may from time to time prohibit the issuance of additional licenses in a specified area of the city, subject only to the conditions and procedures described in this subsection.

(3) An ordinance to prohibit the issuance of additional licenses in specified area must:

(i) identify the area by boundaries; and

(ii) cover an area including no less than two contiguous city blocks; and

(iii) contain a description of the conditions requiring the prohibition on the issuance of new licenses.

Both sides of each street forming the boundary of the area will be considered as within the area unless otherwise specifically stated in the ordinance establishing the area; provided, however, that (a) if an area is described by boundaries, the boundaries shall be drawn down the center of boundary streets unless otherwise specified in the ordinance establishing the area; and (b) if a street that is a boundary of the area is also a boundary of wards of the city, the middle of that street will be the boundary of the area.

(4) No ordinance to prohibit the issuance of additional licenses in a specified area may:

(i) prohibit the issuance of a new license to allow continued operation of a licensed business within the specified area by a new licensee whose application is filed within six months after passage of the ordinance; provided, however, that no application for a

successor license under this subsection shall be approved if the application review process is not completed within one year after filing the application, unless the delay in completing the process has been occasioned by the city;

(iii) prohibit the issuance of additional licenses within the specified area to applicants whose applications were pending prior to the passage of the ordinance;

(iv) be considered to take effect within one year after the repeal of an ordinance prohibiting the issuance of additional licenses within any portion of the specified area;

(v) prohibit the issuance of a license necessary to allow the relocation of a licensed business within the same specified area, or the change of officers of a corporate licensee, where the change in officers does not also involve transfer of more than five percent of the shares of the corporation.

(5) After passage of an ordinance to prohibit the issuance of additional licenses within a specified area, no ordinance may alter the area except by addition of territory or by deletion of all territory within the area. An ordinance that divides a specified area into two or more segments shall not be considered to alter that area for purposes of this subsection (5) if all of the following conditions are met: (i) the ordinance does not change the size or boundaries of the total area covered; (ii) each portion of the area so divided complies with subsection (3) of this section; and (iii) all portions of the area affected by the ordinance remain subject to all moratoria in effect at the time of passage of the ordinance for a minimum of one year following passage of the ordinance that divides the area.

(6) Upon receiving an ordinance to prohibit the issuance of additional licenses in a specified area, the city clerk shall send one copy of the ordinance to each of the following: the commissioner of business affairs and consumer protection, the corporation counsel and the alderman of each ward in which any portion of the specified area is located. The commissioner of business affairs and consumer protection shall prepare a list identifying all current licenses issued for premises within the specified area to the sponsor of the ordinance, and all pending applications for licenses within the specified area. The commissioner shall send a copy of the list to the city council committee having jurisdiction over the ordinance and to the corporation counsel. The sponsor of the ordinance shall notify each listed licensee and applicant of the introduction of the ordinance. Notices shall be sent by first class mail, postage paid, directed to the address of each licensee or applicant, as the case may be. Copies of all notices shall be filed with the department of business affairs and consumer protection.

(7) No member of the city council or other municipal officer shall introduce, and no committee of the city council shall consider or recommend, any ordinance that is contrary in any way to any of the requirements of subsections (3) through (5). No member of the city council shall propose, and no committee of the city council shall consider, any amendment to an ordinance which, if passed, would render the ordinance contrary to any of the requirements of subsections (3) through (5). No officer or employee of the city shall enforce any ordinance that is contrary to any of the requirements of subsections (3) through (5). No member of the city

council may recommend action on, and no committee of the city council shall consider, any ordinance to prohibit issuance of additional licenses within a specified area until all required notices have been given.

Committee(s) Assignment: Committee on Transportation and Public Way

ORDINANCE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

SECTION 1. Section 10-28-015 of the Municipal Code of Chicago is hereby amended by deleting the language struck through and by adding the language underscored, as follows:

If the commissioner finds that the applicant meets the applicable requirements, the commissioner shall provide the application to the alderman of the affected ward. Upon passage and publication of an ordinance approving the application, the commissioner shall issue the public way use permit to the applicant. If approval by ordinance is withheld, the commissioner shall deny the application and shall notify the unsuccessful applicant in writing of the denial within ten business days after the denial.

A public way use permit shall be denied or revoked if: (i) the granting of the public way use is not in the best interest of the public, would have a deleterious impact on the neighborhood, or would create a nuisance either on the public way or in the surrounding area; (ii) the design of, or materials used in, the public way use does not comport with the quality or character of the existing streetscape; (iii) the use interferes with or impedes the flow of pedestrian or vehicular traffic, or ingress or egress from any surrounding building, the use of any pole, traffic signs or signals, hydrants, mailboxes or other objects located near the location of the proposed use; or (iv) the applicant makes any false statements, submits any false information or misrepresents any information required under this section.

(ii) projects 12 inches or less into the public way; and
(iii) after review by the appropriate departments, the wall sign meets the applicable standards and requirements of the code, including any safety standards.

For purposes of this subsection (c)(2), a wall sign shall include any associated sign structure and appendages, including lights, cameras, flags, banners, or other items attached to or suspended from the sign or sign structure.

(B) Prior to the approval or disapproval of an application for a permit under this subsection (c)(2), the commissioner shall notify the affected alderman and solicit a recommendation based on the alderman's analysis of any relevant factors set forth in this subsection (c)(2). The alderman shall have 10 days after such notice is sent to respond in writing with his specific recommendation, if any.

(C) A permit application under this subsection (c)(2) shall be denied if the commissioner determines that:

(i) the granting of a permit would create a nuisance either on or above the public way or in the surrounding area;
(ii) the design of, or materials used in, the wall sign does not comport with the quality or character of the existing streetscape;
(iii) the wall sign interferes with or impedes the flow of pedestrian or vehicular traffic, or ingress or egress from any surrounding building, the use of any pole, traffic signs or signals, hydrants, mailboxes or other objects near the location of the proposed sign; or
(iv) the applicant makes any false statements, submits any false information or misrepresents any information required under this section.

(D) All other provisions applicable to public way use permits shall apply, including the applicable fees in section 10-28-017 and the required insurance in subsection (e)

(d) The term of a public way use permit shall be for five years; provided that if the permittee has demonstrated that the wall sign remains in accordance with the original permit and all other applicable public way use permit provisions, including the required insurance, a public way use permit issued pursuant to subsection (c)(2) shall be renewed at the beginning of the new permit period upon proper application and payment of the required fee, for an additional five-year period, and every five years thereafter.

The annual fee for the first year shall be due at the issuance of the permit and the remaining annual fees shall be paid, as provided for in rules ~~and regulations~~; provided that the proof of insurance required as a condition of the permit be submitted annually, as provided for in the rules ~~and regulations~~.

SECTION 2. The commissioner of business affairs and consumer protection is authorized to implement this ordinance in a graduated fashion, pursuant to a schedule that conforms to the operational and administrative needs of the office of the department of business affairs and consumer protection. The commissioner shall establish the graduated phase-in with full implementation of this ordinance no later than December 31, 2016.

SECTION 3. This ordinance shall be in full force and effect 120 days after passage and publication.
