The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

WHEREAS, Section 12 of "An Act in relation to State revenue sharing with local governmental entities" was amended, effective June 26, 1980, which amendment authorizes an increase in real property taxes extended for collection in 1980 and subsequent years for providing revenue for the Public School Teachers' Pension and Retirement Fund of Chicago; and

WHEREAS, At said regular meeting and by said resolution the Board of Education of the City of Chicago duly adopted a demand and direction upon the City Council of the City of Chicago to levy an additional school tax for providing revenue for the Public School Teachers' Pension and Retirement Fund of Chicago, which resolution is in words and figures as follows:

**RESOLUTION PROVIDING FOR THE LEVY
OF ADDITIONAL TAXES FOR PROVIDING
REVENUE FOR THE PUBLIC SCHOOL
TEACHERS' PENSION AND
RETIREMENT FUND OF
CHICAGO**

WHEREAS, Pursuant to Section 17-128 of the Pension Code, as amended, [Ch. 108-½, Section 17-128, Ill. Rev. Stat.] the City Council of the City of Chicago has, pursuant to the demand and direction of the Board of Education of the City of Chicago (the "Board"), levied direct annual taxes for fiscal year 1980 on the taxable property within the City, being the School District named Board of Education of the City of Chicago, to produce amounts for the purpose of providing revenue for the Public School Teachers' Pension and Retirement Fund of Chicago;

WHEREAS, Pursuant to Ch. 122, Sec. 34-54.1 of the School Code, as amended, the Controller of the Board certified to the County Clerks of Cook and DuPage Counties, Illinois, the portion of the tax levied for fiscal year 1980 which was to be extended for collection in 1981 for the purpose of providing revenue to the Public School Teachers' Pension and Retirement Fund of Chicago in 1981;

WHEREAS, Section 12 of "An Act in relation to State revenue sharing with local governmental entities", approved August 1, 1969, as amended ("Section 12"), [Ch. 85, Sec. 616, Ill. Rev. Stat., 1979 ed.] provided a formula setting forth the proportionate amount of the pension or retirement obligations of the Board which were to be paid from real property taxes to be extended in 1981 and subsequent years, the remaining proportion of such obligations to be paid from receipts from the State of Illinois personal property replacement tax;

WHEREAS, Section 12 was amended by Public Act 81-1255 which was approved and effective June 26, 1980, the amendment changing the formula to increase the proportion of the pension or retirement obligations to be paid from real property taxes and consequently increasing the amount of the real property taxes to be extended in 1980 and subsequent years for that purpose;

WHEREAS, Under the formula set forth in Section 12, as amended, the amount of direct annual taxes which were to be levied for fiscal year 1980 and extended for collection in 1981 upon the taxable real property of the City for the providing of revenues for the Public School Teachers' Pension and Retirement Fund of Chicago, was \$25,701,649;

WHEREAS, The total amount of direct annual taxes which was, in fact, levied for fiscal year 1980 and extended for collection in 1981 for the purpose of providing for revenues for the Public School Teachers' Pension and Retirement Funds, was \$21,462,570 (the amount which would have resulted from the formula in Section 12 prior to the June 26, 1980, amendment);

WHEREAS, The Board is in need of the \$4,239,142 of direct annual taxes for the purpose of providing revenues for the Public School Teachers' Pension and Retirement Fund of Chicago which was not extended for collection in 1981 but which would have been levied and extended had the formula in Section 12, as amended, been applied;

WHEREAS, It is in the best interest of the Board that \$4,239,142 of direct annual taxes which was not extended for collection 1981 now be levied for collection in 1982 to be used for the purpose of providing revenues for the Public School Teachers' Pension and Retirement Fund of Chicago, now, therefore,

Be It Resolved by the Board of Education of the City of Chicago:

Section 1. That for the purpose of providing revenues for the Public School Teachers' Pension and Retirement Fund of Chicago, there shall be levied by the City Council and there shall be extended for collection in 1982 a direct annual tax upon all the taxable property within the City being the School District named Board of Education of the City of Chicago, in the sum of \$4,239,142.

Section 2. Demand is made upon the City Council and the City Council is directed to provide by ordinance for the levy and collection of the direct annual tax upon all the taxable property in the City, being the School District named the Board of Education of the City of Chicago, without limitation as to rate or amount, in the amount set forth in Section 1 of this Resolution.

Section 3. After the adoption of this Resolution providing for levy and collection of the tax set forth in Section 1, the City Clerk of the City of Chicago is directed to file a copy of the Ordinance levying the tax, which ordinance includes a copy of this Resolution, duly certified by the City Clerk, in the office of the County Clerk of Cook County, Illinois and in the office of the County Clerk of DuPage County, Illinois, whereupon it shall be the duty of such clerks to extend the taxes in this Resolution and the Ordinance provided for. It shall be the duty of those respective County Clerks to extend in 1982 such tax against all the taxable property contained in this School District designated as the Board of Education of the City of Chicago, being a School District in the City of Chicago. The Bond shall bear interest on any overdue principal, to the maximum extent permitted by law at a rate equal to the Bond Interest Rate plus one percent (1%) per annum at the due date of such principal, whether upon maturity, acceleration, redemption, prepayment or otherwise, for the period after such maturity until paid.

Whenever any payment to be made on the Bond shall otherwise be due on a day which is a Saturday, Sunday or a legal holiday or a day on which the Fiscal Agent authorized by law to close, such payment shall be made on or before the next business day and additional interest shall accrue and be payable for the period of such extension.

The Bond and the obligation to pay interest thereon do not now and shall never constitute an indebtedness or a loan of credit of the Issuer, the State of Illinois or any political subdivision of either thereof, or a charge against the general taxing powers of either thereof, within the meaning of any constitutional or statutory provision of the State of Illinois, but shall be payable, solely from the revenues and receipts derived by the Issuer pursuant to the Agreement.

SECTION 4. *Redemption and Prepayment of Bond.*

- (a) The Bond shall be subject to redemption on or after the date five (5) years after the date of issuance thereof, at the option of the Bank, upon ninety (90) days prior notice by the Bank to the Issuer and the Company. At the date specified in the notice and the date of redemption, the entire unpaid principal balance of the Bond, together with accrued interest thereon, but without premium, shall become due and payable.
- (b) The Bond may be redeemed for an amount equal to the entire unpaid principal balance of the Bond, together with accrued interest thereon, but without premium, at the option of the Issuer at the direction of the Company upon written notice given by the Company on behalf of the Issuer to the Fiscal Agent (with copy to the Issuer) at least fifteen (15) business days prior to the date fixed in such notice for such redemption (1) if title to or the permanent use or use for a period in excess of six (6) consecutive months of the Mortgaged Property or any portion thereof with a value in excess of \$100,000 shall be condemned by any authority having the power of eminent domain and the Company determines that it is not practical or desirable to replace the Mortgaged Property; (2) if the Mortgaged Property be damaged or destroyed by fire or other casualty to the extent of \$100,000 worth of damage or destruction and the Company determines that it is not practical to rebuild, repair or replace the Mortgaged Property or (3) if as a result of any changes in the constitution of any state or legislative or administrative action by any state or any political subdivision thereof, or by the United States, or by reason of action instituted in any court, the Company is required to cease the operation of the Mortgaged Property such that, in the opinion of an independent engineer or architect chosen by the Bank, the Company will be prevented from carrying on its normal operations at the Mortgaged Property for a period of six (6) or more consecutive months.
- (c) The principal installments of the Bond are subject to prepayment at the option of the Company at any time and from time to time on or after the date five (5) years after the date of issuance of the Bond, in whole or in part, and if in part in the inverse order of principal installments thereof, upon at least fifteen (15) days prior written notice given by the Company on behalf of the Issuer to the Fiscal Agent (with copy to the Issuer) specifying the date for such prepayment, at a prepayment price of par plus accrued interest to the prepayment date, without premium. Upon receipt by the Fiscal Agent of any such notice, the Fiscal Agent shall, on the date specified in such notice and to the extent that amounts are or become available therefore in the Bond Fund, prepay principal, together with accrued interest on the portion prepaid, on the Bond in accordance with such notice; provided, however, that no partial prepayment of less than \$50,000 shall be permitted. In addition, if other funds in an amount in excess of \$50,000 shall become available in the Bond Fund, and are not otherwise required to be applied to the payment of the Bond, the Fiscal Agent shall, without notice from the Company or the Issuer, promptly, but in any event within fifteen business days from the receipt of such funds, apply such funds to the prepayment of the Bond at the prepayment price set forth above, and shall give notice to the Company of such prepayment.
- (d) All principal installments of the Bond or portion thereof designated for prepayment or redemption will cease to bear interest on the specified prepayment or redemption date, provided funds for their prepayment or redemption are on deposit at the place of payment at that time.

SECTION 5. *Determination of Taxability.* Should there occur a Determination of Taxability (as defined below), the Company shall pay to the Fiscal Agent on the first day of the month following such Determination an amount equal to the unpaid principal balance of the Bond together with interest accrued thereon to the date of such payment, plus a premium equal to interest on the principal amount of the Bond outstanding from the effective date of the Determination of Taxability to the date of such payment at the rate per annum equal, during each six (6) month period referred to in the definition of "Bond Interest Rate" in

Section 1 hereof, to sixty-five percent (65%) of the Prime Rate in effect on the first day of the then current six (6) month period (or the date of issuance of the Bond in the case of the first such six (6) month period). As and when any amount invested pursuant to this Section may be needed for disbursement, the Company may direct the Fiscal Agent to cause a sufficient amount of the investments to be sold and reduced to cash to the credit of such funds regardless of the loss on such liquidation.

With respect to Section 103(c) of the Code, the Company has made certain certifications and representations to the Issuer pursuant to Section 3.6 of the Agreement, which certifications and representations by this reference are incorporated herein and made a part hereof, and the City Council, acting in reliance on such certifications and representations, adopts and ratifies such certifications and representations and hereby covenants with the Bank as holder of the Bond that so long as any principal of the Bond remains unpaid, the governing body of the Issuer will not take or authorize the taking of any action which will cause the Bond to be classified as an "arbitrage bond" within the meaning of Section 103(c) of the Code and any lawful regulations promulgated or proposed thereunder, including Section 1.103-13 and Section 1.103-14 of the Income Tax Regulations (26 CFR Part 1) as the same presently exist, or may from time to time hereafter be amended, supplemented or revised.

All moneys received pursuant to any right given or action taken under the provisions of this Section or under the provisions of Article VI of the Agreement or under the Note (after payment of the reasonable costs and expenses of the proceedings resulting in the collection of such moneys and of the reasonable expenses, liabilities and advances incurred or made by the Issuer, the Fiscal Agent or the Bank) and all moneys in the Construction Fund at the time of the occurrence of an event of default shall be deposited in the Bond Fund and all such moneys in the Bond Fund shall be applied to the payment of the principal of and interest then due and unpaid on the Bond to the person entitled thereto.

It is hereby found and declared that the financing of the Project and the use thereof by the Company as hereinafter provided is necessary to accomplish the public purposes described in the preamble hereto, and that in order to secure the Bond, the assignment and pledge to the Trustee and the Bank of all right, title and interest of the Issuer in and to the Agreement are necessary and proper.

Authorization and Payment of Bond

SECTION 3. That for the purpose of financing a portion of the cost of the Project there shall be and there is hereby authorized to be issued by the Issuer its Industrial Development Revenue Bond (National Can Corporation Project), in the principal amount of \$9,000,000 dated the date of its delivery. After the Bond has been issued, for convenience, it shall be separated into two parts, the Trust Portion, which shall be delivered to the Trustee, and the Commercial Portion, which shall be delivered to the Bank, all upon the terms and conditions set forth herein. Notwithstanding such separation, for all purposes of Illinois municipal law with respect to consideration and payment of said two parts shall be considered one obligation. The Bond, the Commercial Portion and the Trust Portion, shall be in substantially the forms set out in Section 4 hereof.

The Bond shall be issued as one Bond in the name of the Trustee to finance the cost of the Project. When the Bond for convenience is separated into the Commercial Portion and the Trust Portion, the principal amount evidenced by the Commercial Portion shall from time to time be the amount of commercial loan funds then invested in the Bond and the principal amount evidenced by the Trust Portion shall from time to time be the amount of trust funds then invested in the Bond as noted, respectively, in the Disbursement and Payment Record attached to the Commercial Portion and the Trust Portion. At the option of the Company, the Bank shall invest in the Commercial Portion to provide funds when the Trustee exercises its put option pursuant to the Bond Purchase Agreement. The respective principal amounts of the Trust Portion and the Commercial Portion shall each be equal to the aggregate principal amount of advances then outstanding thereunder. The sum of the outstanding principal amounts of both the Trust Portion and the Commercial Portion shall at no time exceed Nine Million Dollars (\$9,000,000). The outstanding principal amounts of the Trust Portion and the Commercial Portion may vary from time to time pursuant to the terms of this Agreement.

The Bond shall be payable (i) to the Trustee, on June 30, 1986, or on demand, in an amount equal to the face amount of the aggregate principal amount of advances made under the Bond which remain outstanding from time to time as reflected on the Trust Disbursement and Payment Record attached to the Bond, and (ii) to the Bank, on July 31, 1986, in an amount equal to the face amount of the aggregate principal amount of advances made under the Bond which remain outstanding from time to time as reflected on the Commercial Disbursement and Payment Record attached to the Bond. At no time, however, shall the sum of the outstanding principal amounts reflected on both of the Disbursement and Payment Records exceed \$9,000,000.

The advances made under the Bond Purchase Agreement shall bear interest as follows: (i) if made under the Trust Portion, at a rate per annum equal to 70% of the reported average discount rate at which 26 week Treasury Bills of the United States of America are sold at auction each week, which shall be adjusted from time to time from and after each reported change in such average discount rate; and (ii) if made under the Commercial Portion, at a rate per annum equal to 65% of the Corporate Base Rate, which shall be adjusted from time to time from and after each reported change in the Corporate Base Rate. Interest shall be computed for the actual number of days elapsed on the basis of a year of 365 or 366 days, as may be appropriate, from the date of delivery of the Bond until maturity, and shall be payable on the first day of each month on each date on which the principal is paid in whole or in part.

Advances under the Bond shall be subject to an increased rate of interest, in the event that the Bank or Trustee or any other person on whose behalf the Trustee has held or is holding the bond or any portion thereof (a) shall notify the Issuer and the Company that such holder or other person has received a statutory notice of deficiency from the Internal Revenue Service stating, in effect, that any payment of interest on the Bond, as a whole or in part, is includable in the gross income for Federal income tax purposes of any such holder or other person, (b) such holder or other person shall have taken such action as the Company shall have reasonably requested (including appeals) to contest such inclusion, as provided in the Bond Purchase Agreement, and (c) a final determination (after appeals requested by the Company) shall have been made by any court or administrative agency of competent jurisdiction to the effect that any payment of interest on the Bond, as a whole or in part, is includable in such holder's or other person's gross income for Federal income tax purposes other than because such holder or other person is a "substantial user" of the Project or a "related person" as those terms are used in Section 103(b)(10), of the Code. If such inclusion in gross income occurs, then from the date as of which interest on the Bond or such portion thereof became includable in the gross income of such holder or other person (other than a person who is a "substantial user" or "related person" as those terms are used in said Section 103(b)(10), advances under the Bond Purchase Agreement shall bear increased interest as follows: (i) if reflected on the Trust Disbursement and Payment Record attached to the Bond, at a rate per annum equal to 120% of the reported average discount rate at which 26 week Treasury Bills of the United States of America are sold at auction in each week, adjusted for each change in such rate; and (ii) if reflected on Commercial Disbursement and Payment Record attached to the Bond, at a rate per annum equal to the Corporate Base Rate. If such inclusion in gross income occurs, the Company shall also pay to the Bank or the Trustee, as the case may be, an amount equal to the amount of interest and penalties and additions to tax, as described in Subchapter A of Chapter 68 of the Code, payable to the United States of America as a consequence of the failure to include the interest or any amount in respect of interest in the gross income for Federal income tax purposes of such holder or other person.

To the extent permitted by law, the Bond shall bear interest on any overdue installment of principal at a rate per annum equal to one percent (1%) in excess of the interest rate which the respective portions of the Bond would otherwise have borne for the period from such maturity until such installment is paid.

Payments of principal and interest on the Bond shall be payable to the Bank or the Trustee, as the case may be, or at such other place as the Bank or Trustee may direct in writing. The Bank shall note on the appropriate Disbursement and Payment Record attached to the Bond the date and amount of each payment of principal (whether at maturity or upon redemption or acceleration) and interest then being paid and of principal (whether at maturity or upon redemption or acceleration) and interest theretofore paid and not yet noted thereon and, upon request of the Company or the Issuer, the Bond shall be made available by the holder for inspection by the Company or the Issuer at the principal office of the Bank in the City of Chicago, Illinois. At least annually, the Bank and the Trustee shall notify the Issuer and the Company of the payment of the principal installments of the Bond (whether at maturity or upon redemption or acceleration) and shall include in such notification a statement of the unpaid balance of the Bond.

The Bond, together with interest thereon, shall be a limited obligation of the Issuer secured by the Agreement and the Deed of Trust and Security Agreement, and shall be payable solely from the revenues and receipts derived from the Agreement (except to the extent paid out of moneys attributable to the Bond proceeds or the income from the temporary investment thereof), and shall be a valid claim of the owner thereof only against the property described as security for the Bond in the Deed of Trust and Security Agreement, and the rents and receipts derived from the Agreement, which rents and receipts shall be used for no other purpose than to pay the principal installments of and interest on the Bond, except as may be expressly authorized otherwise in this Ordinance and in the Agreement. The Bond and the obligation to pay interest thereon does not now and shall never constitute an indebtedness or a loan of credit of the Issuer, the State of Illinois or any political subdivision thereof, or a charge against their general taxing powers, within the meaning of any constitutional or statutory provision, but shall be secured as aforesaid, and is payable solely from the rents and receipts from the Agreement (except as stated aforesaid).

The Bond shall be subject to optional redemption in whole or in part prior to maturity if the Company (1) exercises its option to purchase the Project upon payment in full of all rents due the Bank or the Trustee, as the case may be, pursuant to Section 8.1 of the Agreement or (2) prepare rentals pursuant to Section 3.2 of the Agreement, in either case, at any time at a purchase price equal to the sum of an amount of money which, when added to the amount of rent previously paid pursuant to the Agreement, will be sufficient to pay principal of and premium, if any, and interest on the Bond or portion thereof so redeemed as set forth therein, including any supplemental payments and other payments required by the Bond, plus in the case of redemption in whole, the sum of one dollar.

The Bond shall be subject to mandatory redemption prior to maturity if the Project is subject to mandatory purchase by the Company in the event that, at any time prior to the payment in full of the Bond, the Shareholder's Equity of the Company and its consolidated subsidiaries, determined in accordance with generally accepted accounting principals (shown as "Non-Redeemable Preferred Stock, Common Stock and other Shareholder's Equity" on the balance sheet as of December 31, 1979), shall be less than \$300,000,000 at a purchase price equal to an amount of money which, when added to the moneys previously paid as rent pursuant to the Agreement, will be sufficient to pay and discharge principal of and premium, if any, and interest on the Bond as set forth therein, including any additional amounts due in the event that interest on the Bond becomes subject, in whole or in part, to Federal income taxation as provided in the Bond.

The Trustee may at any time exercise a "put" to require payment by the Issuer (but only with funds provided by or on behalf of the Company) of any advances which remain outstanding from time to time under the Trust Portion. In the event of the exercise of such put, the funds to make such payment may be provided from advances to be made under the Commercial Portion for the payment of the Issuer's obligations under the Trust Portion. Subsequent advances may be made under the Trust Portion as provided in the Bond Purchase Agreement, to effect the payment of the Issuer's obligations under the Commercial Portion.

The Bond may be prepared in typewritten, printed or engraved form.

The Bond shall be signed by the Mayor by her manual or facsimile signature, attested by the manual signature of the City Clerk of the Issuer, and countersigned by the manual or facsimile signature of the City Comptroller of the Issuer, and the corporate seal of the Issuer shall be affixed thereto. In case any official whose signature shall appear on the Bond shall cease to be such official before the delivery of the Bond, such signature shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until delivery.

In the event the Bond is mutilated, lost, stolen, or destroyed, the Issuer may execute a new Bond of like date, tenor and maturity as the Bond mutilated, lost, stolen or destroyed; provided that, in the case the Bond is mutilated, such mutilated Bond shall first be surrendered to the Issuer, and in the case the Bond is lost, stolen or destroyed, there shall be first furnished to the Issuer evidence of such loss, theft or destruction satisfactory to the Issuer, together with indemnity satisfactory to the Issuer. The Issuer shall duplicate on the Payment Record of the new Bond replacing the mutilated, lost, stolen or destroyed Bond all payments of principal (whether at maturity or upon redemption or acceleration) and interest which the Issuer's records indicate as having appeared on the mutilated, lost, stolen, or destroyed Bond. In the event all the principal installments of the Bond shall have matured, instead of issuing a duplicate Bond the Issuer may pay the same without surrender thereof. The Issuer may charge the holder or owner of the Bond with reasonable fees and expenses in this connection.

In any case where the date of maturity of principal or interest on the Bond or the date fixed for redemption of the Bond shall be a Saturday or Sunday or a day on which banking institutions in the City in which the principal office of the Bank is located are authorized or obligated by law to remain closed, then the payment of principal installments or interest need not be made on such date but may be made on the next succeeding business day with the same force and effect as if made on the date of maturity or the date fixed for redemption, but interest on the Bond shall accrue until paid.

Bond Form

SECTION 4. That the Bond, the Trust Portion and the Commercial Portion, and the respective Disbursement and Payment Records, shall be in substantially the following form:

United States of America
State of Illinois

City of Chicago, Illinois

Industrial Development Revenue Bond

(National Can Corporation Project)

[1] The City of Chicago, Illinois, a municipality of the State of Illinois (the "Issuer") for value received, promises to pay, but solely from the sources and in the manner set forth herein, to The First National Bank of Chicago, Chicago, Illinois, in its capacity as trustee, agent, depository, executor, conservator or guardian, as the case may be (the "Trustee"), on June 30, 1986, or on demand, the face amount of the aggregate principal amount of advances made under this paragraph which remain outstanding from time to time as reflected on the Trust Disbursement and Payment Record attached hereto, but not to exceed the maximum principal amount of \$9,000,000 less the principal amount outstanding under paragraph [2] hereof, all in accordance with the Bond Purchase and Assignment Agreement, dated as of September 1, 1981 (the "Bond Purchase Agreement"), among the Issuer, the Trustee, The First National Bank of Chicago (the "Bank") and National Can Corporation, a Delaware corporation (the "Company"). Advances made under this paragraph shall bear interest (computed for the actual number of days elapsed on the basis of a year of 365 or 366 days, as may be appropriate) from the date hereof until maturity on the outstanding principal amount hereof at a rate per annum to 70% of the reported average discount rate at which 26 week Treasury Bills of the United States of America are sold at auction in each week, and the interest rate under this paragraph shall change from time to time from and after each reported change in such average discount rate. Interest shall be payable on the first day of each month and on each date on which principal is paid in whole or in part. Principal and interest under this paragraph are payable in Federal or other immediately available funds at the principal office or the Trustee in Chicago, Illinois.

[2] The Issuer for value received, further promises to pay, but solely from the sources and in the manner set forth herein, to the order of the Bank on July 31, 1986, the face amount of the aggregate principal amount of advances made under this paragraph which remain outstanding from time to time as reflected on the Commercial Disbursement and Payment record attached hereto, but not to exceed the principal amount of \$9,000,000 less the principal amount outstanding under paragraph [1] hereof, all in accordance with the Bond Purchase Agreement.

Advances made under this paragraph shall bear interest (computed for the actual number of days elapsed on the basis of a year of 365 or 366 days, as may be appropriate) from the date hereof until maturity on the outstanding principal amount hereof at a rate per annum equal to 65% of the corporate base rate of interest announced by the Bank from time to time at its principal office in Chicago, Illinois, and the rate on such advances will change from time to time and after each reported change in the said corporate base rate. Interest shall be payable on the first day of each month and on each date on which the principal is paid in whole or in part. Principal and interest under this paragraph are payable in Federal or other immediately available funds at the principal office of the Bank in Chicago, Illinois.

[3] Advances and payments of principal shall be noted in the appropriate Disbursement and Payment Record attached to this Bond in the manner provided in the Bond Purchase Agreement. The sum of the outstanding principal amounts reflected on both of the Disbursement and Payment Records shall at no time exceed \$9,000,000.

[4] To the extent permitted by law, this Bond shall bear interest on any overdue installment of principal at a rate per annum equal to one percent (1%) in excess of the interest rate which this Bond would otherwise have borne (determined as set forth in the preceding paragraphs) for the period from such maturity until such installment is paid.

[5] This Bond is issued for the purpose of providing funds to finance the cost of a manufacturing plant (the "Project") for the Company in the City of Chicago, Illinois. The Project has been leased to the Company pursuant to a Lease Agreement dated as of September 1, 1981, between the Issuer and the Company. All of the rights of the Issuer under the Lease Agreement (except for certain rights to indemnification of, and payment of expenses to, the Issuer) have been assigned to the Bank and the Trustee pursuant to the Bond Purchase Agreement.

[6] Reference is hereby made to the Lease Agreement, the Bond Purchase Agreement, a Deed of Trust and Security Agreement dated as of September 1, 1981, among the Issuer, the Company, the Trustee and the Bank and to all amendments and supplements thereto for a description of the property pledged and assigned and the provisions, among others, with respect to the extent of such security, the rights, duties and obligations of the Issuer and the right of the holders of the Bond with respect thereto.

[7] The Trustee may at any time exercise a "put" to require payment by the Issuer (but only with funds provided by or on behalf of the Company) of any advances which remain outstanding from time to time under paragraph [1] hereof. In the event of the exercise of such put, the funds to make such payment may be provided from advances to be made under paragraph [2] hereof for the payment of the Issuer's obligations under paragraph [1] hereof. Subsequent advances may be made under paragraph [1] hereof, as provided in the Bond Purchase Agreement, to effect the payment of the Issuer's obligations under paragraph [2] hereof.

[8] This Bond shall be subject to an increased rate of interest, as hereinafter provided, in the event that the Bank or the Trustee or any other person on whose behalf the Trustee has held or is holding the Bond or any portion thereof (a) shall give notice to the Issuer and the Company that such holder or other person, as the case may be, has received a statutory notice of deficiency from the Internal Revenue Service stating, in effect, that any payment of interest on the Bond, as a whole or in part, is includable in the gross income for Federal income tax purposes of any such holder or other person (which notice shall be given promptly after the receipt by such holder or other person, as the case may be, of such notice of deficiency), (b) such holder or other person, as the case may be, shall have taken such action, through Independent Counsel, as defined in the Bond Purchase Agreement, selected by such holder or other person after consulting with the Company, as the Company shall have reasonably requested (including

appeals) to contest such inclusion, which shall be at the expense of the Company, and (c) a final determination (after appeals requested by the Company) shall have been made by any court or administrative agency of competent jurisdiction to the effect that any payment of interest on the Bond, as a whole or in part, is includable in such holder's or other person's gross income for Federal income tax purposes other than because such holder or other person is a "substantial user" of the Project or a "related person" as those terms are used in Section 103(b) of the Internal Revenue Code of 1954, as amended (the "Code"). Any notice given to the Issuer and the Company pursuant to this paragraph shall set forth the date as of which interest may have first become includable in the gross income for Federal income tax purposes of the recipient thereof. If such notice occurs, then from the date as of which interest on the Bond first became includable in the gross income of the Bank or the Trustee or any other person on whose behalf the Trustee has held or is holding the Bond or a portion thereof, other than a person who is a "substantial user" of the Project or a "related person" as those terms are used in Section 103 (b) of the Code, the Company shall pay to the Bank or the Trustee, as the case may be: (A) interest on the principal amount of the Bond, (i) if held by the Trustee, at a rate per annum equal to 120% of the reported average discount rate at which 26 week Treasury Bills of the United States of America are sold at auction in each week, adjusted for each change in such rate, and (ii) if held by the Bank, at a rate per annum equal to the corporate base rate of interest announced by the Bank from time to time at its principal office in Chicago, Illinois; and (B) an amount equal to the amount of interest and any penalties and additions to tax, as described in Subchapter A of Chapter 68 of the Code, payable to the United States of America as a consequence of the failure to include the interest or any amount in respect of interest on the Bond in the gross income for Federal income tax purposes of such holder or other person.

[9] This Bond shall be subject to mandatory redemption by the Issuer (but only upon the request of and with funds provided by or on behalf of the Company) in whole at a redemption price equal to an amount of money which, when added to the amount of rent previously paid under the provisions of the Lease, will be sufficient to pay and discharge the Bond at a redemption price of 100% of the principal amount thereof plus accrued interest to the redemption date pursuant to provisions of the Lease, (1) if at any time prior to the payment in full of the Bond the sum of (i) Shareholder's Equity of the Company and its consolidated subsidiaries and (ii) Redeemable Preferred Stock - Series C, both determined in accordance with generally accepted accounting principles (shown respectively as "Non-Redeemable Preferred Stock, Common Stock and other Shareholder's Equity" and "Redeemable Preferred Stock - Series C" on the consolidated balance sheet of the Company as of December 31, 1980) shall be less than \$300,000,000 or (2) not more than thirty (30) days after the date on which the Lease Agreement, the Bond Purchase Agreement or the Deed of Trust and Security Agreement shall have become void or unenforceable or impossible of performance in accordance with the intent and purpose of the parties as expressed therein by reason of any changes in the Constitution of the State of Illinois or the Constitution of the United States of America or by reason of legislative or administrative action (whether state or federal) or any final decree, judgment or order of any court or administrative body (whether state or federal) to the effect that the Bond and the obligations evidenced thereby are no longer enforceable by the holder or holders hereof.

[10] The outstanding principal amount of the Bond is subject to optional redemption by the Issuer, at the request of the Company, in whole or in part at any time at a redemption price of 100% of the principal amount to be redeemed plus accrued interest to the redemption date, except that redemption of any principal amount at any time outstanding under paragraph [1] hereof shall be in integral multiples of \$100,000. The right of optional redemption shall be exercised by notice, specifying the principal amount of the Bond outstanding under paragraph [2] hereof to be redeemed, the redemption price to be paid and the date fixed for redemption, given by the Company on behalf of the Issuer to the Trustee by telephone, confirmed in writing, at least ten Business Days, as defined in the Bond Purchase Agreement, prior to the date fixed for redemption. In the event of any optional redemption hereof the Trustee or the Bank, as the case may be, shall record on the Disbursement and Payment Record attached hereto the principal amount redeemed and the date of receipt of the redemption price.

[11] This Bond, the premium, if any, and interest hereon are limited obligations of the Issuer payable solely from the revenues and receipts derived by the Issuer from the leasing of the Project, which revenues and receipts have been pledged and assigned to secure payment hereof. The Bond and the interest hereon shall not be deemed to constitute a debt or a pledge of the faith and credit of the State of Illinois or any political subdivision thereof, including the City of Chicago, Illinois. No holder of this Bond, or any

portion hereof, has the right to compel any exercise of taxing power of the State of Illinois or any political subdivision thereof, including the Issuer, to pay the Bond, the interest or premium, if any, thereon, or other costs incident thereto. This Bond or any portion hereof, does not constitute an indebtedness of the State of Illinois or any of its political subdivisions thereof, including the Issuer, or a loan of credit of any thereof within the meaning of any constitutional or statutory provision. No covenant, condition or agreement contained herein shall be deemed to be covenant, agreement or obligation of a present or future mayor, councilman, officer, employee or agent of the Issuer in his individual capacity, and neither the mayor and councilmen of the Issuer nor any officer thereof executing the Bond shall be liable personally on the Bond or be subject to any personal liability or accountability by reason of the issuance hereof.

[12] If an Event of Default, as defined in the Bond Purchase Agreement, shall occur, the principal of this Bond may be declared due and payable in the manner and with the effect provided by the Bond Purchase Agreement, but subject to waiver of such Event of Default as provided in the Bond Purchase Agreement.

[13] This Bond shall be enforceable by the Trustee, jointly on behalf of all accounts having an investment represented hereby and jointly or severally, on behalf of any one or more of such accounts, to the amounts of their respective investments.

[14] This Bond for convenience may be separated into two parts, one evidencing that portion of this Bond in which investments of trust funds will be made (paragraph [1] hereof) and the other evidencing that portion of the Bond in which investments of commercial loan funds or other funds will be made (paragraph 2 hereof) but nonetheless for all purposes of Illinois Municipal law said two portions shall at all times constitute one bond, viz., this Bond. The principal amount of this Bond may be reflected on either the trust portion of this Bond which will be held by the Trustee or the Commercial portion of this Bond which will be held by the Bank but in no event shall the principal amount of this Bond exceed \$9,000,000. In the event that there is a conflict between the provisions of this Bond and the provisions of the trust portion or the commercial portion, the provisions of this Bond shall prevail.

15. All acts, conditions and things necessary to be done by the Issuer precedent to and in the issuing of this Bond in order to make it a legal, valid and binding special obligation of the Issuer in accordance with its terms, and in the execution and delivery of the Bond Purchase Agreement and the Lease Agreement, have been done and performed and have happened in regular and due form as required by law; the Issuer has, on its own behalf, received payment in full for this Bond; and this Bond does not exceed or violate any constitutional or statutory limitation. This Bond has been issued under the provisions of Chapter 15.2 of the Municipal Code of the Issuer, as amended, and does not constitute an indebtedness of the Issuer or a loan of credit thereof within the meaning of any constitutional provisions.

In Witness Whereof, the City of Chicago, Illinois has caused this Bond to be executed in its name by its Mayor, countersigned by the manual or facsimile signature of its City Comptroller, and its seal to be impressed hereon and attested by its City Clerk, all as of the ____ day of ____, 1981.

[Form of Trust Portion]

United States of America

State of Illinois

City of Chicago, Illinois

Industrial Development Revenue Bond

(National Can Corporation Project)

The City of Chicago, Illinois, a municipality of the State of Illinois (the "Issuer") for value received, promises to pay, but solely from the sources and in the manner set forth herein to The First National Bank of Chicago, Chicago, Illinois, in its capacity as trustee, agent depositary, executor, conservator, or guardian, as the case may be (the "Trustee"), on June 30, 1986, or on demand, the face amount of the aggregate principal amount of advances made hereunder which remain outstanding from time to time as reflected on the Trust Disbursement and Payment Record attached hereto, but not to exceed the maximum principal amount of \$9,000,000 less the principal amount outstanding under the Commercial Portion of the Bond, all in accordance with the Bond Purchase and Assignment Agreement, dated as of September 1, 1981 (the "Bond Purchase Agreement"), among the Issuer, the Trustee, The First National Bank of Chicago (the "Bank") and National Can Corporation, a Delaware corporation (the "Company"). Advances made under this Portion of the Bond shall bear interest (computed for the actual number of days elapsed on the basis of a year of 365 or 366 days, as may be appropriate) from the date hereof until maturity on the outstanding principal amount hereof at a rate per annum equal to 70% of the reported average discount rate at which 26 week Treasury Bills of the United States of America are sold at auction in each week, and the interest rate hereon shall change from time to time from and after each reported change in such average discount rate. Interest hereon shall be payable on the first day of each month and on each date on which the principal of this Portion of the Bond is paid in whole or in part. Principal and interest are payable in Federal or other immediately available funds at the principal office of the Trustee in Chicago, Illinois.

This Portion of the Bond is issued to provide, from time to time, for the refunding of the Issuer's obligations under its Industrial Development Revenue Bond (National Can Corporation Project) (the "Bond"). Subsequent advances may be made under the Bond as provided in the Bond Purchase Agreement to effect the refunding of the Issuer's obligations under this Portion of the Bond. Advances and payments of principal shall be noted in the Disbursement and Payment Record attached hereto in the manner provided in the Bond Purchase Agreement. The sum of the outstanding principal amounts of both Portions of the Bond shall at no time exceed \$9,000,000.

To the extent permitted by law, this Portion of the Bond shall bear interest on any overdue installment of principal at a rate per annum equal to one percent (1%) in excess of the interest rate which this Portion of the Bond would otherwise have borne (determined as set forth in the preceeding paragraph) for the period from such maturity until such installment is paid.

This Portion is one of two portions of a Bond issuable under the Bond Purchase Agreement pursuant to Chapter 15.2 of the Municipal Code of the Issuer, as amended, for the purpose of providing funds to finance the cost of a manufacturing plant (the "Project") for the Company in the City of Chicago, Illinois. The Project has been leased to the Company pursuant to a Lease Agreement dated as of September 1, 1981, between the Issuer and the Company. All of the rights of the Issuer under the Lease Agreement (except of certain rights to indemnification of, and payment of expenses to, the Issuer) have been assigned to the Bank and the Trustee pursuant to the Bond Purchase Agreement.

Reference is hereby made to the Lease Agreement, the Bond Purchase Agreement, a Deed of Trust and Security Agreement dated as of September 1, 1981, among the Issuer, the Company, the Trustee and the Bank, and to all amendments and supplements thereto for a description of the property pledged and assigned and the provisions, among others, with respect to the extent of such security, the rights, duties and obligations of the Issuer and the right of the holder of this Portion of the Bond with respect thereto.

The Trustee may at any time exercise a "put" to require payment by the Issuer (but only with funds provided by or on behalf of the Company) of any advances which remain outstanding from time to time on this Portion of the Bond. In the event of the exercise of such put, the funds to make such payment may be provided from advances to be made under the Commercial Portion of the Bond for the payment of the Issuer's obligations under this Portion of the Bond. Subsequent advances may be made under this Portion of the Bond, as provided in the Bond Purchase Agreement, to effect the payment of the Issuer's obligations under the Commercial Portion of the Bond. Advances and payments of principal shall be noted in the appropriate Disbursement and Payment Record attached to this Portion of the Bond and in the Commercial Portion of the Bond in the manner provided in the Bond Purchase Agreement. The sum of the outstanding principal amounts reflected on both Disbursement and Payment Records shall at no time exceed \$9,000,000.

This Portion of the Bond shall be subject to an increased rate of interest, as hereinafter provided, in the event that the Bank or the Trustee or any other person on whose behalf the Trustee has held or is holding the Bond or either Portion thereof (a) shall give notice to the Issuer and the Company that such holder or other person, as the case may be, has received a statutory notice of deficiency from the Internal Revenue Service stating, in effect, that any payment on interest on this Portion of the Bond, or the Commercial Portion of the Bond, as a whole or in part, is includable in the gross income for Federal income tax purposes of any such holder or other person (which notice shall be given promptly after receipt by such holder or other person, as the case may be, of such notice of deficiency), (b) such holder or other person, as the case may be, shall have taken such action, through Independent Counsel, as defined in the Bond Purchase Agreement, selected by such holder or other person after consulting with the Company, as the Company shall have reasonably request (including appeals) to contest such inclusion, which shall be at the expense of the Company, and (c) a final determination (after appeals requested by the Company) shall have been made by any court or administrative agency of competent jurisdiction to the effect that any payment of interest on the Bond, as a whole or in part, is includable in such holder's or other person's gross income for Federal income tax purposes other than because such holder or other person is a "substantial user" of the Project or a "related person" as those terms are used in Section 103(b) of the Internal Revenue Code of 1954, as amended, (the "Code"). Any notice given to the Issuer and the Company pursuant to this paragraph shall set forth the date as of which interest may have first become includable in the gross income for Federal income tax purposes of the recipient thereof. If such notice occurs, then from the date as of which interest on the Bond first became includable in the gross income of the Bank or the Trustee or any other person on whose behalf the Trustee has held or is holding the Bond or a portion thereof, other than a person who is a "substantial user" of the Project or a "related person" as those terms are used in Section 103(b) of the Code, the Company shall pay to the Bank or Trustee, as the case may be: (A) interest

on the principal amount of this Portion of the Bond at a rate per annum equal to 120% of the reported average discount rate during such Payment Period at which 26 week Treasury Bills of the United States of America are sold at auction in each week, adjusted for each change in such rate during such Payment Period; and (B) an amount equal to the amount of interest and any penalties and additions to tax as described in Subchapter A of Chapter 68 of the Code ("Additional to Tax") payable to the United States of America as a consequence of the failure to include the interest or any amount in respect of interest on this Portion of the Bond in the gross income for Federal income tax purposes of such holder or other person.

This Portion of the Bond shall be subject to mandatory redemption by the Issuer (but only upon the request of and with funds provided by or on behalf of the Company) in whole at a redemption price equal to an amount of money which, when added to the amount of rent previously paid under the provisions of the Lease, will be sufficient to pay and discharge the Bond pursuant to provisions of the Lease, (1) if at any time prior to the payment in full of the Bond the sum of (i) Shareholder's Equity of the Company and its consolidated subsidiaries and (ii) Redeemable Preferred Stock - Series C, both determined in accordance with generally accepted accounting principals (shown respectively as "Non-Redeemable Preferred Stock, Common Stock and other Shareholder's Equity" and "Redeemable Preferred Stock - Series C" on the consolidated balance sheet of the Company as of December 31, 1980) shall be less than \$300,000,000 or (2) not more than thirty (30) days after the date on which the Lease Agreement, the Bond Purchase Agreement, or the Deed or Trust and Security Agreement shall have become void or unenforceable or impossible of performance in accordance with the intent and purpose of the parties as expressed therein by reason of any changes in the Constitution of the United States of America or by reason of legislative or administrative action (whether state or Federal) or any final decree, judgment or order of any court or administrative body (whether state or Federal) to the effect that the Bond and the obligations evidenced thereby are no longer enforced by the holder or holders hereof.

The outstanding principal amount of this Portion of the Bond is subject to optional redemption by the Issuer, at the request of the Company, in whole or in part, in integral multiples of \$100,000, at any time at a redemption price of 100% of the principal amount to be redeemed plus accrued interest to the redemption date. The right of optional redemption shall be exercised by notice, specifying the principal amount of this Portion of the Bond to be redeemed, the redemption price to be paid and the date fixed for redemption, given by the Company on behalf of the Issuer to the Trustee by telephone, confirmed in writing, at least ten Business Days, as defined in the Bond Purchase Agreement, prior to the date fixed for redemption. In the event of any optional redemption hereof the Trustee shall record on the Disbursement and Payment Record attached hereto the principal amount redeemed and the date of receipt of the redemption price.

This Portion of the Bond, the premium, if any, and the interest hereon are limited obligations of the Issuer payable solely from the revenues and receipts derived by the Issuer from the leasing of the Project, which revenues and receipts have been pledged and assigned to secure payment hereof. This Portion of the Bond and the interest hereon shall not be deemed to constitute a debt or a pledge of the faith and credit of the State of Illinois or any political subdivision thereof, including the City of Chicago, Illinois. No holder of this Portion of the Bond has the right to compel any exercise of taxing power of the State of Illinois or any political subdivision thereof, including the Issuer, to pay the Bond, the interest or premium, if any, thereon, or other costs incident thereto. This Portion of the Bond does not constitute an indebtedness of the State of Illinois or any of its political subdivisions, including the Issuer, or a loan of credit of any thereof within the meaning of any constitutional or statutory provision. No covenant, condition or agreement contained herein shall be deemed to be a covenant, agreement, or obligation of a present or future mayor, councilman, officer, employee or agent of the Issuer in his individual capacity, and neither the mayor and councilmen of the Issuer nor any officer thereof executing the Bond shall be liable personally for the Bond or be subject to any personal liability or accountability by reason of the issuance hereof.

If an Event of Default, as defined in the Bond Purchase Agreement, shall occur, the principal of the Bond may be declared due and payable in the manner and with the effect provided by the Bond Purchase Agreement, but subject to waiver of such Event of Default as provided in the Bond Purchase Agreement.

This Portion of the Bond shall be enforceable by the Trustee, jointly on behalf of all accounts having an investment represented hereby and jointly, or severally, on behalf of any one or more of such accounts, to the amounts of their respective investments.

All acts, conditions and things necessary to be done by the Issuer precedent to and in the issuing of the Bond in order to make it a legal, valid and binding special obligation of the Issuer in accordance with its terms, and in the execution and delivery on the Bond Purchase Agreement and the Lease Agreement, have been done and performed and have happened in regular and due form as required by law; the Issuer has, on its own behalf, received payment in full for the Bond; and the Bond does not exceed or violate any constitutional or statutory limitation. The Bond has been issued under the provisions of Chapter 15.2 of the Municipal Code of the Issuer, as amended, and does not constitute an indebtedness of the Issuer or a loan of credit thereof within the meaning of any constitutional provisions.

In Witness Whereof, the City of Chicago, Illinois, has caused this portion of the Bond to be executed in its name by its Mayor, countersigned by the manual or facsimile signature of its City Comptroller and its seal to be impressed hereon and attached by its City Clerk, all as of the ____ day of ____, 1981.

Industrial Development Revenue Bond

(National Can Corporation Project).

The City of Chicago, Illinois, a municipality of the State of Illinois (the "Issuer") for value received, promises to pay, but solely from the sources and in the manner set forth herein, to the order of The First National Bank of Chicago, Chicago, Illinois (the "Bank"), on July 31, 1986, the face amount of the aggregate principal amount of advances made hereunder which remain outstanding from time to time as reflected on the Commercial Disbursement and Payment Record attached hereto, not to exceed the maximum principal amount of \$9,000,000 less the principal amount outstanding of the Trust Portion of the Bond, all in accordance with the Bond Purchase and Assignment Agreement, dated as of September 1, 1981 (the "Bond Purchase Agreement"), among the Issuer, the Bank, The First National Bank of Chicago in its capacity as trustee, agent depository, executor, conservator, or guardian, as the case may be (the "Trustee") and National Can Corporation, a Delaware corporation (the "Company"). Advances made under this portion of the Bond shall bear interest (computed for actual number of days elapsed on the basis of a year of 365 or 366

days, as may be appropriate) from the date on which entered on the Commercial Disbursement and Payment Record attached hereto until maturity (or until paid, if paid prior to the maturity thereof) on the outstanding principal amount hereof at a rate per annum equal to 65% of the corporate base rate of interest announced by the Bank from time to time at its principal office in Chicago, Illinois (the "Bank's Base Rate"), and the rate hereon will change from time to time from and after each reported change in the corporate base rate. Interest hereon shall be payable on the first day of each month and on each date on which principal of this Portion of the Bond is paid in whole or in part. Principal and interest hereof are payable in Federal or other immediately available funds at the principal office of the Bank in Chicago, Illinois.

This Portion of the Bond is issued to provide from time to time, for the refunding of the Issuer's obligations under its Industrial Development Revenue Bond (National Can Corporation Project) (the "Bond"). Subsequent advance may be made under the Bond as provided in the Bond Purchase Agreement to effect the refunding of the Issuer's obligations under this Portion of the Bond. Advances and payments of principal shall be noted in the Disbursement and Payment Record attached hereto in the manner provided in the Bond Purchase Agreement. The sum of the outstanding principal amounts of both Portions of the Bond shall at no time exceed \$9,000,000.

To the extent permitted by law, this Portion of the Bond shall bear interest on any overdue installment of principal at a rate per annum equal to one percent (1%) in excess of the interest rate which this Portion of the Bond would otherwise have borne (determined as set forth in the preceding paragraph) for the period from such maturity until such installment is paid.

This Portion is one of two portions of a Bond issuable under the Bond Purchase Agreement pursuant to Chapter 15.2 of the Municipal Code of the Issuer, as amended, for the purpose of providing funds to finance the cost of a manufacturing plant (the "Project") for the Company in the City of Chicago, Illinois. The Project has been leased to the Company pursuant to a Lease Agreement dated as of September 1, 1981, between the Issuer and the Company. All of the rights of the Issuer under the Lease Agreement (except for certain rights to indemnification of, and payment of expenses to, the Issuer) have been assigned to the Bank and the Trustee pursuant to the Bond Purchase Agreement.

Reference is hereby made to the Lease Agreement, the Bond Purchase Agreement, a Deed of Trust and Security Agreement dated as of September 1, 1981, among the Issuer, the Company, the Trustee and the Bank, and to all amendments and supplements thereto for a description of the property pledged and assigned and the provisions, among others, with respect to the value and extent of such security, the rights, duties and obligations of the Issuer and the right of the holder of this Portion of the Bond with respect thereto.

This Portion of the Bond shall be subject to an increased rate of interest, as hereinafter provided, in the event that the Bank or the Trustee or any other person on whose behalf the Trustee has held or is holding the Bond or either Portion thereof (a) shall give notice to the Issuer and the Company that such holder or other person, as the case may be, has received a statutory notice of deficiency from the Internal Revenue Service stating, in effect, that any payment on interest on this Portion of the Bond, or the Trust Portion of the Bond, as a whole or in part, is includable in the gross income for Federal income tax purposes of any such holder or other person (which notice shall be given promptly after receipt by such holder or other person, as the case may be, of such notice of deficiency), (b) such holder or other person, as the case may be, shall have taken such action, through Independent Counsel, as defined in the Bond Purchase Agreement, selected by such holder or other person after consulting with the Company, as the Company shall have reasonably requested (including appeals) to contest such inclusion, which shall be at the expense of the Company, and (c) a final determination (after appeals requested by the Company) shall have been made by any court or administrative agency of competent jurisdiction to the effect that any payment of interest on the Bond, as a whole or in part, is includable in such holder's or other person's gross income for Federal income tax purposes other than because such holder or other person is a "substantial user" of the Project of a "related person" as those terms are used in Section 103(b) of the Internal Revenue Code of 1954, as amended (the "Code"). Any notice given to the Issuer and the Company pursuant to this paragraph shall set forth the date as of which interest may have first become includable in the gross income

for Federal income tax purposes of the recipient thereof. If such notice occurs, then from the date as of which interest on the Bond first became includable in the gross income of the Bank or the Trustee or any other person on whose behalf the Trustee has held or is holding the Bond or a portion thereof, other than a "substantial user" of the Project or a "related person" as those terms are used in Section 103(b) of the Code, the Company shall pay to the Bank or Trustee, as the case may be: (A) interest on the principal amount of this Portion of the Bond at a rate per annum equal to the corporate base rate of interest announced by the Bank from time to time at its principal office in Chicago, Illinois; (B) an amount equal to the amount of interest and any penalties and additions to tax as described in Subchapter A of Chapter 68 of the Code ("Additional to Tax") payable to the United States of America as a consequence of the failure to include the interest or any amount in respect of interest on this Portion of the Bond in the gross income for Federal income tax purposes of such holder or other person.

This Portion of the Bond shall be subject to mandatory redemption by the Issuer (but only upon the request of and with funds provided by or on behalf of the Company) in whole at a redemption price equal to an amount of money which, when added to the amount of rent previously paid under the provisions of the Lease, will be sufficient to pay and discharge the Bond pursuant to provisions of the Lease, (1) if at any time prior to the payment in full of the Bond the sum of (i) Shareholder's Equity of the Company and its consolidated subsidiaries and (ii) Redeemable Preferred Stock - Series C, both determined in accordance with generally accepted accounting principals (shown respectively as "Non-Redeemable Preferred Stock, Common Stock and other Shareholder's Equity" and "Redeemable Preferred Stock - Series C" on the consolidated balance sheet of the Company as of December 31, 1980) shall be less than \$300,000,000 or (2) not more than thirty (30) days after the date on which the Lease Agreement, the Bond Purchase Agreement, or the Deed of Trust and Security Agreement shall have become void or unenforceable or impossible of performance in accordance with the intent and purpose of the parties as expressed therein by reason of any changes in the Constitution of the State of Illinois or the constitution of United States of America or by reason of legislative or administrative action (whether State or Federal) or any final decree, judgment or order of any court or administrative body (whether state or Federal) to the effect that the Bond and the obligations evidenced thereby are no longer enforced by the holder or holders hereof.

The outstanding principal amount of this Portion of the Bond is subject to optional redemption by the Issuer, at the request of the Company, in whole or in part, at any time at a redemption price of 100% of the principal amount to be redeemed plus accrued interest to the redemption date. The right of optional redemption shall be exercised by notice, specifying the principal amount of this Portion of the Bond to be redeemed, the redemption price to be paid and the date fixed for redemption, given by the Company on behalf of the Issuer to the Bank by telephone, confirmed in writing, at least ten Business Days, as defined in the Bond Purchase Agreement, prior to the date fixed for redemption. In the event of any optional redemption hereof the Bank shall record on the Disbursement and Payment Record attached hereto the principal amount redeemed and the date of receipt of the redemption price. Such prepayment may not be made, directly or indirectly, with proceeds of the bond without the consent of the Bank as provided in the Bond Purchase Agreement.

This Portion of the Bond, the premium, if any, and the interest hereon are limited obligations of the Issuer payable solely from the revenues and receipts derived by the Issuer from the leasing of the Project, which revenues and receipts have been pledged and assigned to secure payment hereof. This Portion of the Bond and the interest hereon shall not be deemed to constitute a debt or a pledge of the faith and credit of the State of Illinois or any political subdivision thereof, including the City of Chicago, Illinois. No holder of this Portion of the Bond has the right to compel any exercise of taxing power of the State of Illinois or any political subdivision thereof, including the Issuer, to pay the Bond, the interest or premium, if any, thereon, or other costs incident thereto. This Portion of the Bond does not constitute an indebtedness of the State of Illinois or any of its political subdivisions, including the Issuer, or a loan of credit of any thereof within the meaning of any constitutional or statutory provision. No covenant, condition or agreement

contained herein shall be deemed to be a covenant, agreement, or obligation of a present or future mayor, councilman, officer, employee or agent of the Issuer in his individual capacity, and neither the mayor and councilmen of the Issuer nor any officer thereof executing the Bond shall be liable personally on the bond or be subject to any personal liability or accountability by reason of the issuance hereof.

If an Event of Default, as defined in the Bond Purchase Agreement, shall occur, the principal of the Bond may be declared due and payable in the manner and with the effect provided by the Bond Purchase Agreement, but subject to waiver of such Event of Default as provided in the Bond Purchase Agreement.

All acts, conditions and things necessary to be done by the Issuer precedent to and in the issuing of the Bond in order to make it a legal, valid and binding special obligation of the Issuer in accordance with its terms, and in the execution and delivery of the Bond Purchase Agreement and the Lease Agreement, have been done and performed and have happened in regular and due form as required by law; the Issuer has, on its own behalf, received payment in full for the Bond; and the Bond does not exceed or violate any constitutional or statutory limitation. The Bond has been issued under the provisions of Chapter 15.2 of the Municipal Code of the Issuer, as amended, and does not constitute an indebtedness of the Issuer or a loan of credit thereof within the meaning of any constitutional provisions.

In Witness Whereof, the City of Chicago, Illinois, has caused this Portion of the Bond to be executed in its name by its Mayor, countersigned by the manual or facsimile signature of its City Comptroller and its seal to be impressed hereon and attached by its City Clerk, all as of the ____ day of ____, 1981.

Section I. *Consideration*

The City of Chicago hereby agrees, in consideration of COEBC, executing this Redevelopment Agreement and agreeing to be bound by its terms, to loan funds received pursuant to the above-mentioned UDAG Grant in accordance with the terms of the UDAG Grant Agreement between the City of Chicago and the Assistant Secretary of the United States Department of Housing and Development and the terms of the following agreement with COEBC. The City of Chicago further agrees to use \$150,000 of the funds made available pursuant to the above-mentioned UDAG grant for site improvements and relocation expenses directly related to the redevelopment project described in Section II of this agreement.

- (2) Interest only during construction at the rate of 3% per annum shall be payable semi-annually on the loan proceeds drawn down from time to time.
- (3) Disbursements--After COEBC has certified to EDC and to HUD that COEBC has sufficient funds on hand or irrevocably available to it to complete its obligations per the UDAG Agreement and has identified the sources of said funds, then the loan of the Action Grant funds can be drawn as follows:

(i) Draw request for said loan proceeds shall be made only on a monthly draw basis on A.I.A. Forms, certified to and approved by both the COEBC Architect and/or Engineer, and the Private Lender's representative and/or such other certifying official as may be approved by COEBC and EDC.

(ii) Monthly draw requests for loan proceeds shall be made on the basis of 90% of work completed and in place with a 10% holdback. One-half of the 10% holdback shall be released when 50% of the project is completed and in place and certified and approved as to same by the approving official referred to in (i) above, COEBC and EDC. Thereafter monthly draw requests shall be based on 95% of work completed and in place and all holdback shall be released upon a final inspection by said approving official, COEBC and EDC which indicates the Development and/or Project is substantially complete, a certificate of occupancy has been issued by the City of Chicago, and that contractor and/or COEBC has supplied said approving official with a full release of liens from all primary contractors, subcontractors, materialmen, and suppliers.

(iii) All loan disbursements shall be paid out of Grant Funds by EDC in an amount proportionate to the total cost of the project including debt and equity financing of the new Exchange facility, but in no event greater than a pro-rata basis of \$1.00 UDAG funds for every \$4.00 of Non-UDAG funds.

(iv) No disbursement of the loan of Grant Funds shall be made unless and until COEBC shall have furnished to EDC an ALTA policy for mortgage title insurance, in the full amount of the loan, insuring that EDC is the holder of a mortgage lien on the Exchange facility, free of encumbrances and other exceptions to title other than those approved in advance by EDC, and not subordinated to any interest except the aforesaid Private Lender.

(v) No disbursement of the loan of Grant Funds shall be made unless and until COEBC shall have furnished to EDC a Builders Risk and Fire Insurance policy or policies duly endorsed to indicate EDC has insured mortgage in an amount or amounts satisfactory to Private Lender, EDC and HUD.

(vi) No disbursement of the loan of Grant Funds shall be required until the COEBC has certified to EDC that the building on the site referred to III (1) below has been demolished and cleared.

(vii) Proceeds of these interest and principal payments shall be used by the City of Chicago for eligible Title I activities.

(4) The construction phase of the loan shall be for a period not to exceed 36 months from the first disbursement of Grant Funds and shall mature in any event no later than August 31, 1984.

(5) Permanent loan amount--\$9,490,000.

(i) Term of loan is 30 years commencing on the date construction is completed, but in no event later than August 31, 1984.

(ii) Interest only at the rate of 3% per annum shall be paid annually over years 1 through 5.

(iii) Repayment is to be paid in semi-annual installments of principal and interest according to the following schedule:

1) No principal payments in years 1 through 5. The principal balance shall be fully amortized over the remaining 25-year term of the permanent loan with interest and principal payments as follows:

3) Years 16 through 30 - interest at the rate of 12% per annum plus principal.

(6) The entire balance of the outstanding principal of the loan and all unpaid accrued interest on the loan shall become immediately due and payable upon the bankruptcy, reorganization (unless approved by EDC and HUD), dissolution, refinancing, or sale under foreclosure of the property. Should the title or the equity of redemption in the property be acquired in whole or in part, voluntarily or involuntarily by grant, lease or assignment, the entire balance of the loan and all unpaid interest and accrued interest thereon shall be immediately due and payable.

(7) The loan shall be secured by a mortgage in favor of EDC upon all land, building, plants, fixtures, equipment, and other assets of the COEBC.

The security position of the EDC may be subordinated only to the security interest of the Private Lender provided that the aggregate principal amount of the Private Lender's loan does not exceed \$24,000,000 or such larger amount as may be agreed upon by COEBC, EDC and HUD. The mortgage shall also contain standard provisions to protect the interest of a subordinated mortgagee, including a provision that a default under the first mortgage which could permit a foreclosure by the first mortgagee shall constitute a default under the EDC's mortgage from COEBC and the unpaid principal balance and interest shall be due and payable. The mortgage shall not contain an exculpation clause in favor of COEBC.

(8) The repayment shall be unconditionally and irrevocably guaranteed by CBOE.

(9) Prepayment of the loan may not occur during the first 15 years of the mortgage.

(10) In the event COEBC does not commence or complete construction in accordance with Exhibit F of the grant agreement all funds disbursed by EDC for relocation, street and site improvements, and other costs directly related to the project shall be reimbursed to EDC by COEBC.

Section III. *Redevelopment Plan*

(ii) Approximately 150 permanent jobs for CETA-eligible persons;

(iii) Approximately 150 permanent jobs for minorities.

(5) COEBC shall use its best efforts to complete the creation of the above additional employment opportunities within 48 months after the final approval of evidentiary materials by HUD.

(6) The obligations of COEBC under this redevelopment plan shall be guaranteed by COEBC.

Section IV. Evidence of Financing

No later than December 1, 1981, COEBC shall furnish City of Chicago with documents satisfactory to the City of Chicago which evidence that COEBC has available private financing in an amount of at least \$41,113,000 for implementation of the Redevelopment Plan.

Section V. Maintaining Records and Rights to Inspect

Section VIII. Housing and Urban Development

COEBC agrees that after approval and acceptance and during the term of this Agreement it shall not be amended in any material respect, without the prior written approval of the Secretary of Housing and Urban Development and that an amendment shall be deemed "material" within the meaning of said provision, if it cancels or reduces any developmental, construction, job creating, or financial obligation of COEBC by more than ten (10%) percent, or if it changes the situs or character of any development activity, or if it increases any time for performance by COEBC by more than ten (10%) percent; provided, that an increase in any time for performance which does not exceed thirty (30) days, shall not be deemed "material."

Section IX. Disclaimer of Relationship

COEBC agrees that nothing contained in this Agreement or in the UDAG Agreement nor any act of the Secretary of Housing and Urban Development or of the City of Chicago, or of any of the parties, shall be deemed or construed by any of the parties or by third parties to create any relationship of third-party beneficiary, or of principal or agent, or of limited or general partnership, or of joint venture, or of any association or relationship involving the Secretary of Housing and Urban Development.

Section X. Time of the Essence

Time is of the essence to this Agreement.

Section XI. Certificate of Completion

Promptly after completion by COEBC of the Redevelopment Plan described above, the City of Chicago will furnish COEBC with an appropriate instrument so certifying. The certification by the City of Chicago shall be a conclusive determination of satisfaction and termination of the covenants in this Agreement with the obligations of COEBC and its successors and assigns to undertake the Redevelopment Plan in accordance with the dates for the beginning and completion thereof. The certification shall be in such form as will enable it to be recorded. If the City of Chicago shall refuse or fail to provide the certification, the City of Chicago shall, within 30 days after written request by COEBC provide COEBC with a written statement indicating in adequate detail how COEBC has failed to complete the construction of the improvements in conformity with this Agreement, or otherwise in default and what measures or acts will be necessary in the option of the City of Chicago for COEBC to make or perform in order to obtain the certification.

Section XII. Restrictions on Use

COEBC during the term of this loan from the City of Chicago to COEBC may not make or create or suffer to be made any sale, assignment, conveyance, or transfer in any other form with respect to the property described at Section II (2), or any interest therein, or contract or agree to do any of the same without the prior written approval of the City of Chicago. Such approval by the City of Chicago shall not be unreasonably withheld.

Section XIV. Limitation Upon Encumbrance of Property

During the term of the loan of grant funds from the City of Chicago to COEBC, as provided in Section II of this Agreement, COEBC shall not engage in any additional financing or any other transaction creating any lien or other encumbrance upon the property described at Section II(2) which would result in the loan of the City of Chicago to COEBC constituting less than a secured second lien position on the above described property.

Section XV. Mortgagees Not Obligated to Construct

Notwithstanding any of the provisions of this Agreement, the holder of any mortgage authorized by this Agreement (including any holder who obtains title to the above premises or any part thereof as a result of foreclosure proceedings, or action in lieu thereof, but not including (a) any other party who thereafter obtains title to the premises or such part from or through such holder, or (b) any other purchaser at foreclosure sale other than the holder of the mortgage itself), shall not be obligated by the provisions of this Agreement to complete the improvements set forth in Section III or to guarantee such completion; nor shall any covenant or any other provision be construed to so obligate such holder to devote the premises or any part thereof to any uses, or to construct any improvements thereon, other than those uses or improvements provided or permitted in this Agreement.

Section XVI. Enforced Delay in Performance

Neither the City of Chicago nor COEBC nor any successor in interest shall be considered in breach or default of its obligations with respect to the preparation of the Redevelopment Parcels for redevelopment, or the completion of construction of the improvements, in the event of enforced delay in the performance of such obligations due to causes beyond its control and without its fault or negligence. The time for the performance of the obligations shall be extended for the period of the enforced delay, as determined by the City of Chicago, if the party seeking the extension shall request it in writing of the other party.

In case such action is not taken or not diligently pursued, or if the default or breach shall not be cured or remedied within a reasonable time, the aggrieved party may institute such proceedings as may be necessary or desirable in its opinion to cure and remedy such default or breach.

B. No Waiver By Delay. Except as otherwise set forth herein, any delay by the City of Chicago in instituting or prosecuting any action or proceedings or otherwise asserting its rights shall not, so long as the breach of default by another party shall be continuing, operate as a waiver of such rights or to deprive it of or limit such rights in any way (it being the intent of this provision that the City of Chicago should not be constrained, so as to avoid the risk of being deprived of or limited in the exercise of the remedy provided in this Section because of concepts of waiver, laches, or otherwise to exercise such remedy at a time when it may still hope otherwise to resolve the problems created by the default involved); nor shall any waiver in fact made by the City of Chicago with respect to any specific default by COEBC, under this Section be considered or treated as a waiver of the rights of the City of Chicago with respect to any other defaults by COEBC, under this Section or with respect to the particular default except to the extent specifically waived in writing.

**Action Deferred—ON PROPOSED RESOLUTION TO MEMORIALIZE BOARD OF
EDUCATION TO RECONSIDER NEW BOUNDARY CHANGES, ETC.**

The Committee on Education submitted the following report, which was, on motion of Alderman Streeter and Alderman Kellam, *Deferred* and ordered published.

CHICAGO, October 6, 1981.

To the President and Members of the City Council:

Your Committee on Education, having had under consideration a resolution memorializing the Chicago Board of Education to:

- 1) reconsider its new boundary changes.
- 2) hold public hearings so that the parents may provide input into boundaries.

begs leave to recommend that Your Honorable Body *Adopt* said resolution as presented to the Committee on Education.

This recommendation was concurred in by all present members of the committee.

Respectfully submitted,
(Signed) WILLIAM O. LIPINSKI,
Chairman.

The proposed resolution transmitted with the foregoing committee report reads as follows:

Whereas, The primary concerns of the Chicago Board of Education should be the education and safety of students; and,

Whereas, Since recent boundary changes contravene both of these primary concerns by requiring students to make lengthy and tiring trips through Forest Preserves, across railroad tracks, and across main thoroughfares; and,

Whereas, Parents should have a voice in the schooling of their children, but the Board of Education for the first time in recent history has made boundary changes without public hearings; and,

Whereas, The Board of Education should be requiring quality education in all of its schools, thereby reducing the desire of parents to see their children transferred to another school; and,

Whereas, Since the Chicago Board of Education has been capricious and arbitrary in setting new boundaries and since the Board refused to hold public hearings and since the Board is jeopardizing the health and safety of students and since the Board has failed to address its primary problem of quality education at all schools; and,

Whereas, Since the Board is using boundary changes to hide the inequality of education rather than truly improving the quality; now, therefore,

BE IT RESOLVED, That the Chicago City Council memorializes the Chicago Board of Education to:

- 1) reconsider its new boundary changes.
- 2) hold public hearings so that parents may provide input into boundaries
- 3) begin improving schools so that we have quality education in all our schools to reduce the need of long trips that some students make in search of a decent education.

A proposed resolution reading as follows:

WHEREAS, During World War II, Japanese-Americans were the victims of intense racial discrimination; and

WHEREAS, Wartime hysteria led to the unfounded assumption that Japanese-Americans were not "loyal" to the U.S. Government; and
