The list shall specify the number and type of each facility's violations. A copy of the monthly list of violators shall be sent to the Director of the Illinois Department of Public Health. The Department shall notify each facility placed on the list of such placement at least 10 days prior to issuance of the list. - (4) A person who commits a Type "A", "B", or "C" violation which continues beyond the time specified in paragraphs (c) or (d) of Section 136-28 is subject to a penalty computed per resident per day under subsections (1), (2), or (3).*
- (5) For the purpose of computing a penalty under subsections (2) through (4), the number of residents per day shall be based on the average number of residents in the facility during the 30 days preceding the discovery of the violation.*
- (6) When the Commissioner finds that a provision of Section 136-19 of this Chapter has been violated with regard to a particular resident, the Commissioner shall issue an order requiring the facility to reimburse the resident for injuries incurred, or \$100.00, whichever is greater.*
- (7) If the violation or group of violations results from inadequate staffing, a penalty may be imposed equal to the total difference between the cost of the staff actually employed and the estimated cost of the staff required. The number of staff required shall be determined by the provider contract, by court order, or by the Commissioner by rule, whichever is greatest. The inadequate staff shall be presumed to exist from the date of the notice of violation.*

- (8) *A facility which violates an ordinance, statute, rule or regulation, or minimum standard and which has received notices or violation of the same ordinance, statute, rule or regulation, or minimum standard on 2 or more separate occasions within the prior 2-year period is subject to a penalty of 3 times the amount authorized by subsections (1), (2), (3), for the class of violation involved.*
- (9) *A notice of violation found to be unjustified after hearing may not be considered in determining whether to apply the penalties provided herein.*
- (b) *In determining whether a penalty is to be imposed and in fixing the amount of the fine, if any, for a violation, the Commissioner shall consider the following factors:*

 - (2) *The reasonable diligence exercised by the licensee and the efforts to correct violations;*
 - (3) *Any previous violations committed by the licensee; and*
 - (4) *The financial benefit to the facility of committing or continuing the violation.*

The notice shall specify the amount of the penalty assessed, the section, ordinance, statute, rule, regulation, or minimum standard violated and shall inform the licensee of a right to a hearing under the provisions of Section 136-12 of this Chapter.*
- (d) *In the case of a Type "A" violation, a penalty may be assessed from the date on which the violation is discovered. In the case of a Type "B" or Type "C" violation, the facility shall submit a plan of correction as provided under the provisions of Section 136-28. If a plan of correction is approved and carried out, no penalty may be assessed for the violation during the time period specified in the approved plan of correction. If a good faith plan of correction is not received within the time provided herein, a penalty may be assessed from the date of discovery of the Type "B" or "C" violation until the date of the receipt of a good faith plan or correction, or until the date the violation is corrected, whichever is earlier. If a violation is not corrected within the time specified by an approved plan of correction or any lawful extension thereof, a penalty may be assessed from the date of discovery of the violation, until the date the violation is corrected.*
- (e) *All penalties or fines shall be paid to the Department of Finance within 10 days of receipt of notice of assessment for use by the Department in enforcement of this Chapter or if the penalty or fine is contested, within 10 days of receipt of the final decision of the Commissioner unless the decision is appealed and stayed by court order.*

If the person or facility against whom a penalty has been assessed does not comply with a written demand for payment within 30 days, the Commissioner shall issue an order to do any of the following:

 - (1) *Add the amount of the penalty to the facility's licensing fee; if the licensee refuses to make the payment at the time of application for renewal of its license, the license shall not be renewed; or*

- (f) *In addition to the right to assess penalties provided herein, the Commissioner may issue a conditional license under the provisions of Section 136-31 of this Chapter.*

- (g) *The levying of a penalty of fine by the Commissioner shall not be construed to preclude the revocation or suspension of any license issued under the provisions of this Chapter.*
- 136-31.(a) *The Commissioner may direct that the Department of Finance issue a conditional license to any facility if the Commissioner finds that either a Type "A" or Type "B" violation exists in such a facility. The issuance of a conditional license shall revoke any license of the facility.*
- (b) *Prior to the Commissioner's direction to the Department of Finance that a conditional license be issued, the Commissioner shall review and approve the written plan of correction. Retention of the conditional license shall be conditional on meeting the requirements of the plan of correction.*
- (c) *The Commissioner shall notify the licensee, in writing, of the decision to issue a conditional license and such notice shall specify, in writing, the violations which prevent full licensure and shall state a time schedule for correction of deficiencies.*
- (d) *A conditional license shall be issued for a period specified by the Commissioner but in no event for more than one year. The Commissioner shall periodically inspect any facility operating under a conditional license. If the Commissioner finds substantial failure by the facility to follow the plan of correction, the conditional license may be revoked as provided under Section 136-11.*
- (e) *If the Commissioner determines that a conditional license shall expire without renewal or replacement by a regular license, the Commissioner shall notify the licensee, in writing, at least 30 days prior to the expiration of the conditional license. The notice shall inform the licensee of the right to a hearing under the provisions of Section 136-12 of this Chapter.*
- 136-32. *The operation or maintenance of a facility in violation of this Chapter, as now or hereafter amended, or any of the minimum standards, rules and regulations promulgated hereunder or the Illinois "Nursing Home Care Reform Act of 1979", as now or hereafter amended, or any of the rules and regulations promulgated thereunder, is declared a public nuisance inimical to the public welfare. The City of Chicago may, in addition to other remedies herein provided, bring action for an injunction to restrain such violation or to enjoin the future operation or maintenance of any such facility.*
- 136-33. *The remedies provided by this Chapter are cumulative and shall not be construed as restricting any party from seeking any remedy, provisional or otherwise, provided by law for the benefit of the party, or from obtaining additional relief based upon the same facts.*
- 136-34. *No part of this Chapter shall be construed to lessen any requirement, condition, or restriction regarding disclosure of a resident's clinical records imposed by the United States, the State of Illinois, or the City, whether by statute, ordinance, rule or regulation, or judicial decision.*
- 136-35. *If any provision, clause, sentence, paragraph, section, or part of this ordinance shall, for any reason, be adjudged by a court of competent jurisdiction to be unconstitutional or invalid, said judgment shall not affect, impair, or invalidate the remainder of this ordinance.*
