Thereupon, Alderman Frost moved that the City Council *Do Recess* for the purpose of holding a public hearing on a transfer of property to the City.

The motion *Prevailed* and the City Council *Stood in Recess*.

PUBLIC HEARING ON TRANSFER OF PROPERTY TO CITY.

Alderman Frost read the following statement:

This hearing is held pursuant to a Notice placed in the Chicago Tribune newspaper of general circulation on February 22, 1983, as provided by Statute.

This exchange of property is necessary for the realignment of Damen Avenue in the vicinity of Damen, Pratt and Ridge. It will allow Damen Avenue to access into Ridge at a location south of its present location. Ridge, Pratt and Damen now merge at the same location causing traffic and safety problems.

Alderman Frost then introduced Mr. Keller from the Department of Public Works who answered questions from the aldermen.

Alderman Frost then asked for public comment and there was none. Thereupon Alderman Frost moved that the public hearing be *Adjourned* and that the regular meeting of the City Council resume. The motion *Prevailed*.

WHEREAS, The City has entered into negotiations with the Owner and the Mortgagor with respect to the terms of the hereinafter defined Agreement, Mortgage and Assignment pursuant to which such loan will be disbursed and secured; and

WHEREAS, The City is now prepared to proceed to issue and sell its Multi-Family Housing Revenue Bonds, Series 1983 (Section 8 Assisted - Michigan Boulevard Garden Apartments, Moderate Rehabilitation Project) in an aggregate principal amount not to exceed \$11,000,000 (the "Bond"), such Bonds to be secured by the Indenture (hereinafter defined), and to be payable solely out of Bond proceeds, revenues and other amounts derived by the City from the mortgage loan for the Project funded with the Bond proceeds and certain funds and accounts established under the Indenture (including earnings thereon); and

The following is said ordinance as passed:

WHEREAS, The City of Chicago, Cook County, Illinois (the "City"), is a home rule unit of government under Section 6(a) of Article VII of the 1970 Constitution of the State of Illinois; and

WHEREAS, As a home rule unit of government, the City has the power to adopt ordinances related to its government and affairs; and

WHEREAS, The City Council of the City has heretofore found and does hereby find that there exists within the City a serious shortage of decent, safe and sanitary housing which persons, including those of low and moderate income, can afford and that such housing shortage is harmful to the health, prosperity, economic stability and general welfare of the City and adversely affects the tax base; and

WHEREAS, Cobble Square Development, Inc. (the "Corporation"), on behalf of itself and an Illinois limited partnership to be formed of which it will be the general partner, wishes to secure financing for the acquisition, rehabilitation and equipping of a residential rental housing facility located in the City and currently known as the Dr. Scholl property and currently expected to be known as CobbleSquare Place (the "Project"), and has requested the City to issue its revenue bonds to provide funds for the acquisition, rehabilitation and equipping of such Project; and

WHEREAS, It is considered desirable in order to increase the supply of decent, safe and sanitary housing within the corporate limits of the City and for the enhancement of the tax base and the general welfare of the City and its inhabitants to finance the acquisition, rehabilitation and equipping of the Project located within the City; and

WHEREAS, Such revenue bonds, when issued, shall not be a charge against the general revenues nor the taxing powers of the City, but shall be payable solely and only from the proceeds of such revenue bonds and the earnings thereon and revenues derived from the Project and/or the financing thereof; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. This City Council hereby determines that the assistance of the Corporation through the issuance of revenue bonds, the proceeds of which will be used for the acquisition, rehabilitation and equipping of the Project, is an appropriate exercise of the home rule powers of the City and the appropriate officials of the City are authorized and directed to conduct a public hearing concerning the proposed issuance of such revenue bonds and to give reasonable public notice of such hearing.

SECTION 2. It is hereby determined that the execution of a Memorandum of Agreement in substantially the form attached hereto is proper and its execution by the Mayor or the City Comptroller is hereby authorized. Upon the fulfillment of conditions stated in the Memorandum of Agreement, as executed, the City will take such actions as may be necessary and will adopt such further proceedings as may be necessary to issue its revenue bonds in an amount not to exceed \$14,000,000 for the aforementioned purpose.

SECTION 3. This ordinance shall be in full force and effect from and after its passage.

Agreement attached to this ordinance reads as follows:

This Memorandum of Agreement (the "Agreement") is by and between the City of Chicago (the "City") and Cobble Square Development, Inc., an Illinois corporation (the "Corporation") on behalf of itself and an Illinois limited partnership to be formed of which it will be the general partner (the "Partnership").

1. Preliminary Statement. Among the matters of mutual inducement which have resulted in this Agreement are the following:

(a) The City of Chicago is a home rule unit of government under Section 6(a) of Article VII of the 1970 Constitution of the State of Illinois with power to adopt ordinances and take actions relating to its government and affairs and it has been determined that assisting in the acquisition, rehabilitation and equipping of the hereinafter described Project is a proper exercise of the home rule powers of the City.

(b) It is proposed that the Partnership acquire the real estate bounded by Schiller Street on the north, Wells Street on the east, West Evergreen Street on the south and North Park Avenue on the west, currently known as the Dr. Scholl property, and rehabilitate (including certain demolition and new construction) and equip the Dr. Scholl property into a residential rental housing complex currently expected to be known as CobbleSquare Place, consisting of approximately 257 loft dwelling units, at least 15% of which will be occupied by persons of low or moderate income (the "Project"). It is presently contemplated that the Project will be owned by the trustee of an Illinois land trust (the "Owner") under which the Partnership will be sole beneficiary. The Corporation on behalf of itself and the Partnership wishes to obtain satisfactory assurance from the City that the proceeds from the sale of the revenue bonds of the City will be made available to finance the cost of the Project.

(c) Subject to due compliance with all requirements of law, the City will proceed to take such action as may be necessary to cause to be prepared such agreements, indentures or such other documents as may be required to permit the City, by virtue of its authority as a home rule unit of government, to sell and issue its revenue bonds in an amount not to exceed \$14,000,000 (the "Bonds") to pay costs of the Project and costs incidental to the issuance of the Bonds.

(d) The City considers that its financing of the cost of the Project on behalf of the Corporation and the Partnership will promote and further the affairs and welfare of the City and its inhabitants.

2. Undertaking on the Part of the City. Subject to the conditions above stated, the City agrees as follows:

(a) That it will begin the proceedings necessary on its part to cause the City Council to authorize the issuance and sale of the Bonds, pursuant to terms mutually acceptable to the City, the Corporation and potential purchasers of the Bonds.

(b) That it will cooperate with the Corporation in finding a purchaser or purchasers for the Bonds, and if satisfactory purchase arrangements can be made, the City will adopt such proceedings authorizing the execution of such documents as may be necessary or advisable for the authorization, issuance and sale of the Bonds and the financing of the Project, all as shall be authorized in an ordinance of the City Council and mutually satisfactory to the City, the Corporation and potential purchasers of the Bonds.

(c) That, if the City issues and sells the Bonds, the financing instruments will provide (i) that the City will lend the proceeds of the Bonds (A) to the Corporation or the Partnership, (B) to the Owner for the benefit of the Partnership, or (C) to a lending institution acceptable to the City and the Corporation (the "Project Lender") to relend to the Corporation or the Partnership, to be used to finance the Project and (ii) that the aggregate amounts (i.e., the repayments to be made by the Corporation, the Partnership or the Project Lender upon such loan and used by the City to pay the principal of, interest and redemption premium, if any, on the Bonds) payable under the instruments whereby the Project shall be financed, shall be such sums as shall be sufficient to pay the principal of, interest and redemption premium, if any, on the Bonds as and when the same shall become due and payable.

(d) That it will take or cause to be taken such other acts and adopt such further proceedings as may be required to implement the aforesaid undertakings or as it may deem appropriate in pursuance thereof.

3. Undertakings on the Part of the Corporation. Subject to the conditions above stated, the Corporation agrees as follows:

(a) That it will use all reasonable efforts to find one or more purchasers for the Bonds.

(b) That it will cause the Partnership and the Owner to be duly formed.

(c) That contemporaneously with the issuance of the Bonds, it will enter into or will cause the Partnership, the Owner and/or the Project Lender to enter into, a financing agreement with the City under the terms of which the Corporation, the Partnership, the Owner or the Project Lender will be obligated to pay to the City sums sufficient in the aggregate to pay the principal of, interest and redemption premium, if any, on the Bonds as and when the same shall become due and payable, such financing agreement to be in form and substance and secured in a manner satisfactory to the City, the Corporation and the purchasers of the Bonds.

(d) That during the period beginning on the date of the sale and delivery of the Bonds by the City to the purchasers thereof and continuing for the period required by Section 103(b)(4)(A) of the Internal Revenue Code of 1954, as amended (i) the Project will be maintained and operated as a "residential rental property" as defined in said Section of the Code, and (ii) any duly authorized agent of the City will be permitted to enter upon and inspect the Project during regular business hours, and to examine and copy at the principal office of the Corporation located within the City of Chicago, Illinois, during regular business hours all books, records and other documents of the Corporation or the Partnership relating to the expenditures from the Bond proceeds of the Project, the rental of the units within the Project and the revenues therefrom.

(e) That it will take and cause the Partnership to take such further action and adopt such further proceedings as may be required to implement the aforesaid undertakings or as it may deem appropriate in pursuance thereof.

4. General Provisions.

(a) All commitments of the City under paragraph 2 hereof and of the Corporation under paragraph 3 hereof are subject to the conditions that on or before one (1) year from the date hereof (or such other date as shall be mutually satisfactory to the City and the Corporation), the City and the Corporation shall have agreed to mutually acceptable terms for the Bonds and of the sale and delivery thereof, and mutually acceptable terms and conditions of the agreements and instruments referred to in paragraphs 2 and 3 hereof and the proceedings referred to in paragraphs 2 and 3 hereof.

(b) All costs and expenses in connection with the financing and completion of the Project, including the fees and expenses of Sidley & Austin, as bond counsel, and the agent or underwriter for the sale of the Bonds, shall be paid from the proceeds of the Bonds or by the Corporation.

If the events set forth in (a) of this paragraph do not take place within the time set forth or any extension thereof and the Bonds are not sold within such time, the Corporation agrees that it will reimburse the City for all reasonable and necessary direct out-of-pocket administrative expenses which the City may incur from the execution of this Agreement in connection with the public hearing concerning the proposed issuance of the Bonds, and will pay upon demand the accrued fees and out-of-pocket expenses of bond counsel, and this Agreement shall thereupon terminate.

In Witness Whereof, the parties hereto have entered into this Agreement by their officers thereunto duly authorized as of March ____, 1983.

Said privilege shall be maintained and used in accordance with the ordinances of the City of Chicago and the directions of the Commissioner of Streets and Sanitation and the Commissioner of Inspectional Services. The grantee shall keep that portion of the public way over or under said privileges in good condition and repair, safe for public travel, free from snow, ice and debris to the satisfaction of the Commissioner of Streets and Sanitation.

The grantee agrees to furnish the City of Chicago a surety bond in the sum of \$10,000.00 said bond to be used to defray cost of removal of said structures and appliances at any time the City of Chicago determines the need for removal or to be used for any liability suits, judgments, damages or any costs resulting prior to or after expiration of the authority herein granted.

SECTION 2. The grantee agrees to pay to the City of Chicago as compensation for the privilege herein granted the sum of One Hundred Fifty and no/100 Dollars (\$150.00) per annum, in advance, the first payment to be made as of October 10, 1982, and each succeeding payment on the same day and month annually thereafter. Further, renewal authority for the continued maintenance and use of the public ways as herein described shall be obtained prior to the date of expiration of this ordinance.

SECTION 3. This ordinance is subject to amendment, modification or repeal, and permission and authority herein granted may be revoked by the Mayor and the City Comptroller in their discretion, at any time without the consent of said grantee. Upon termination of the privilege herein granted, by lapse of time or otherwise, the grantee, without cost or expense to the City of Chicago, shall remove the structures and appliances herein authorized and restore the public way where disturbed by said structures or appliances or by the removal thereof, to a proper condition under the supervision and to the satisfaction of the Commissioner of Streets and Sanitation and in accordance to the City Municipal Code. The structures constituting the bridge shall comply with all City Code and Building ordinances; the design shall be architecturally satisfactory to the City, and shall be subject to all Municipal Code requirements. In the event of the failure, neglect or refusal of said grantee so to do, the City of Chicago will have the choice of either performing said work and charging the cost thereof to said grantee or determining what the cost of said work shall be and billing the grantee for said cost.

SECTION 4. The Insurance Company and the grantee, as provided in Section 5, will hold and save the City of Chicago harmless from any and all liability and expense, including judgments, costs and damages, for removal, relocation, alteration, repair, maintenance and restoration of the structures or appliances herein authorized and from any and all damages thereto on account of the location, construction, alteration, repair or maintenance of any public ways, bridges, subways, tunnels, vaults, sewers, water mains, conduits, pipes, poles and other utilities. For the City of Chicago to recover from the Bonding Company and grantee under this Section, it is not necessary that the City of Chicago first make said removal, relocation, alteration, repair, maintenance or restoration. The Commissioner of Streets and Sanitation is hereby authorized to determine what cost would be involved to perform said removal, relocation, alteration, repair, maintenance or restoration and his decision as to the amount shall be final and binding. The grantee and the Bonding Company, upon receiving written notification from the Commissioner of Streets and Sanitation of the cost of said removal and restoration shall pay immediately said amount upon demand. It shall be the responsibility of the grantee to furnish the City of Chicago, prior to issuance of permit for this privilege, a copy of proof of insurance (Certificate of Insurance) in an amount not less than \$1,000,000.00 Combined Single Limit with said insurance covering all liability, both Public Liability and Property Damage, that may result from the granting of said privilege. Certificates renewing insurance must be furnished to the Department of Finance, Real Estate Division, no later than 30 days prior to expiration of policy. If the grantee fails to maintain, repair, replace or otherwise keep said bridge in good condition, or fails to provide yearly Public Liability and Property Damage Insurance, or fails to keep the abutting premises in good condition, the grantor, upon one hundred twenty (120) days

notice, may remove and demolish said bridge at the sole cost of the grantee. The aforementioned insurance coverage shall be maintained at all times by the grantee until the structures or appliances described in this ordinance are removed and the public way is restored as herein required.

SECTION 5. The permission and authority herein granted shall not be exercised until a permit authorizing same shall have been issued by the City Comptroller and upon the faithful observance and performance of all and singular the conditions and provisions of this ordinance, and conditioned further to indemnify, keep and save harmless the City of Chicago against all liabilities, judgments, costs, damages and expenses which may in any way come against said City in consequence of the permission given by this ordinance, or which may accrue against, be charged to, or recovered from said City from, or by reason, or on account of, any act or thing done, or omitted, or neglected to be done by the grantee in and about the construction, reconstruction, maintenance, use and removal of said structures or appliances and the restoration of the public way as herein required. Said insurance coverage and Bond shall be continuing in effect until the structures or appliances herein authorized are removed and the public way is restored as herein required.
