and adding for each component a prorata portion of the costs incurred in connection with (A) the issuance of obligations issued to fund the cost of such project or component prior to the date of completion, (B) the amounts withdrawn from any capitalized interest account and used to pay interest accruing on such obligations during the construction period, and (C) the amounts withdrawn from any capitalized interest account and used to pay interest accruing on such obligations following the completion of construction. Following the depletion of all amounts in any capitalized interest account held to pay interest on such obligations, City shall amend the Cost Allocation Certificate as necessary to reflect any amounts withdrawn from such capitalized interest account and used to pay interest on such obligations subsequent to the initial preparation, execution and delivery of the Cost Allocation Certificate. In addition, City shall amend the Cost Allocation Certificate to give effect to the application to such Capital Project or component thereof of the proceeds of any obligations issued to fund such project or component after the preparation, execution and delivery of the Cost Allocation Certificate as theretofore amended."

Section 8. This Amendment No. 2 may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

IN WITNESS WHEREOF, City has caused this Amendment No. 2 to be executed on its behalf by its Mayor, pursuant to due authorization of the City Council of City, and its seal to be hereunto affixed and attested by the City Clerk of City, and Airline has caused this Amendment No. 2 to be executed on its behalf by its _____ President and its _____ Secretary, pursuant to due authorization of its Board of Directors, all as of the day and year first above written.

THE CREDIT

Section 2.1 The Commitment. Subject to the terms and conditions of this Agreement, the Bank agrees to lend to the City, not more frequently than twice in each calendar year, during the period from the date of the execution of this Agreement up to, but not including, July 1, 1984 such amounts

(the "Loans") as the City may from time to time request, but not exceeding the amount of Twenty-Five Million Dollars (\$25,000,000.00) (or such reduced amount as may be fixed pursuant to Sections 2.8 and 2.9 hereof) in the aggregate at any one time outstanding (the "Credit") (the Bank's obligation to make such Loans being herein called the "Commitment").

Section 2.2 Making of Loans; Notice. Each Loan shall be in integral multiples of \$5,000.00 and in a principal amount of not less than \$4,000,000.00. The City shall give the Bank at least two Business Days' prior written notice of each Loan, specifying the total amount and the date thereof (the "Drawing Date"). Not later than 12:00 noon, Chicago time, on the Drawing Date specified in the City's notice, the Bank shall make the proceeds of the Loan available to the City, in immediately available funds, at the Bank's main office in Chicago, Illinois.

Section 2.3 The Note. (a) All Loans made by the Bank shall be evidenced by a single Airport Junior Lien Obligation Revenue Note of the City (the "Note") in substantially the form attached hereto as Exhibit A. The Note shall be dated the date of the first Loan to the City hereunder and shall mature on June 30, 1985. The Bank shall, and is hereby authorized by the City to, record on the schedule attached to the Note, or to otherwise record in accordance with its usual practice, the

date and amount of each Loan and of each principal payment. The aggregate unpaid principal amount shown on the schedule attached to the Note shall be rebuttably presumptive evidence of the principal amount owing and unpaid on the Note, absent manifest error.

(b) The Note shall be executed in the name of the City by the Mayor of the City and by the City Comptroller by their manual signatures, shall be attested by the manual signature of the City Clerk and shall be sealed with the corporate seal of the City.

(c) Whenever any payment which is to be made under the Note shall become due and payable on a Saturday, Sunday or other day on which the Bank is closed, such payment shall be made on the next succeeding Business Day and such extension of time shall in such case be included in computing interest in connection with such payment.

Section 2.4 Limited Obligation of City; Pledge of Junior Lien Obligation Debt Service Fund. The Note and the interest thereon shall be limited obligations of the City payable solely from, and secured by, amounts on deposit from time to time in the Junior Lien Obligation Debt Service Fund, which amounts are hereby pledged in accordance with the provisions of Section 705 of GARBO to the payment of principal

of and interest on the Note, subject and subordinate, however, to the prior pledge made by the City of Revenues and other moneys pursuant to GARBO for the benefit and security of the holders of Bonds heretofore or hereafter issued under and pursuant to GARBO. Notwithstanding any other provision of this Agreement, the City may issue Junior Lien Obligations in addition to the Note payable from, and secured by, a pledge of, amounts on deposit in the Junior Lien Obligation Debt Service Fund on a parity with the Note. The Note and the interest thereon do not constitute an indebtedness or a loan of credit of the City within the meaning of any constitutional or statutory limitation, and neither the faith and credit nor the taxing power of the City, the State of Illinois or any political subdivision of the State of Illinois is pledged for payment of the principal of or interest on the Note.

Section 2.5 Interest on Note. (a) The Note shall bear interest for each day on the unpaid principal amount thereof from time to time outstanding until maturity, whether by acceleration or otherwise, as follows:

- (i) From the date of the first Loan hereunder up to and including June 30, 1984 (the "First Period"), at a rate per annum equal to the sum (A) the Floating CD Rate plus (B) one per cent

(1 $\frac{1}{2}$) per annum, such rate to change when and as the Floating CD Rate changes; provided, however, that such rate shall not change during the period two (2) Business Days prior to any Interest Payment Date during the First Period, and in no event shall the amount of interest payable on any Interest Payment Date during the First Period exceed the amount of interest that would have been payable if interest had been calculated for the First Period based on the lower of the Corporate Base Rate and the average of the then-current "prime interest rates" of the three largest domestic banking institutions (based on the amount of combined capital and surplus) headquartered in Chicago (the "Average Prime Rate"). In addition, the City agrees to pay to the Bank as additional interest such amounts as will compensate the Bank for any increase in the cost to the Bank of making or maintaining any Loan during the First

Period hereunder, by reason of a change in any reserve (except reserve requirements taken into account in calculating the Floating CD Rate), special deposit, or similar requirement with respect to assets of, deposits with or for the account of, or credit extended by, the Bank which are imposed on, or deemed applicable by, the Bank, under any law, treaty, rule, regulation (including, without limitation, Regulation of the Board of Governors of the Federal Reserve System), any interpretation thereof by any governmental, fiscal, monetary or other authority charged with the administration thereof or having jurisdiction over such Loan or the Bank, or any requirement imposed by any such authority, whether or not having the force of law, provided, however, that in no event shall the additional amount when added to the interest payable on any Interest Payment Date during the First Period exceed the

amount of interest that would have been payable if interest had been calculated for the First Period based on the lower of the Corporate Base Rate and the Average Prime Rate. Such additional amounts shall be payable on demand; and

- (ii) From July 1, 1984 until the Note is paid in full (the "Second Period"), at a rate per annum equal to the Corporate Base Rate, such rate to change when and as the Corporate Base Rate changes; provided, however, that such rate shall not change during the period two (2) Business Days prior to any Interest Payment Date during the Second Period, and in no event shall the amount of interest payable on any Interest Payment Date during the Second Period exceed the amount of interest that would have been payable if interest had been calculated for the Second Period based on the Average Prime Rate.

(b) Interest shall be computed based on a year of 365 or 366 days, as the case may be, and paid for actual days elapsed. Interest on the Note shall be payable semi-annually on the first day of January and July in each year (the "Interest Payment Dates") commencing January 1, 1984 and continuing until maturity. Interest after maturity shall be payable on demand.

(c) Upon the request of the City made not more than two (2) Business Days prior to an Interest Payment Date, the Bank shall give to the City notice of the amount of interest payable by the City on such Interest Payment Date. The Bank shall promptly notify the City of any and all changes in the Floating CD Rate and the Corporate Base Rate. Failure by the Bank to give either of such notices shall not limit or otherwise affect any of the obligations of the City hereunder or under the Note.

Section 2.6 Prepayments. The City shall have the right, at its option, to prepay the Note in whole or in part without premium or penalty, provided that the City shall give not less than two Business Days' prior notice to the Bank specifying the prepayment date and the aggregate principal amount of the prepayment.

Any partial prepayment shall be in integral multiples of \$5,000.00 and in an aggregate principal amount of not less than \$500,000.00. Notice of prepayment having been given to the Bank as aforesaid, the aggregate principal amount of the

Note specified in such notice, together with accrued and unpaid interest on the amount of such prepayment to the prepayment date specified in such notice, shall be due and payable on such prepayment date.

Section 2.7 Place of Payment. All payments with respect to the Note shall be made by 12:00 noon, Chicago time, in immediately available funds to the Bank at its main office in Chicago, Illinois, or at such other place in Illinois as may be designated by the Bank to the City in writing.

Section 2.8 Reduction or Termination of the Credit. The City may, without penalty, from time to time on at least ten Business Days' prior notice to the Bank permanently reduce the amount of the Credit, but only upon payment of the aggregate principal of the Note in excess of the then-reduced amount of the Credit, together with accrued and unpaid interest on such principal amount. Any such reduction shall be in integral multiples of \$5,000.00 and in a principal amount of not less than \$500,000.00. The City may at any time terminate the Credit upon at least ten Business Days' prior notice to the Bank and payment in full of the Note.

Section 2.9 Bond Issuance. (a) In the event that the first issuance of Bonds by the City subsequent to the date of this Agreement shall occur prior to July 1, 1984, then, in that event, the Credit shall be permanently and automatically

reduced to Fifteen Million Dollars (\$15,000,000.00) (the "Reduced Amount") on such date of issuance, and, thereupon, the City shall be obligated to pay to the Bank the aggregate principal amount of the Note in excess of the Reduced Amount, together with accrued and unpaid interest on such principal amount.

(b) In the event that the first issuance of Bonds by the City subsequent to the date of this Agreement shall occur on or after July 1, 1984 and the Note shall be outstanding on such date of issuance, then, in that event, the principal amount of the Note in excess of the Reduced Amount shall immediately become due and payable, and, thereupon, the City shall be obligated to pay to the Bank the aggregate principal amount of the Note in excess of the Reduced Amount, together with accrued and unpaid interest on such principal amount.

ARTICLE III

When duly executed and delivered by the City, this Agreement, the Note, and the pledge of amounts on deposit in the Junior Lien Obligation Debt Service Fund will constitute legal, valid and

binding obligations of the City enforceable in accordance with their respective terms subject to all applicable bankruptcy, insolvency, moratorium, or other similar laws affecting enforcement of creditors' rights generally and the application of usual principles of equity if the remedy of specific performance is sought.

Section 3.3 Litigation. Except as may be stated in the opinion of the Corporation Counsel of the City delivered to the Bank pursuant to Section 5.2 hereof, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, public board or body, pending against or, to the best knowledge of the City, threatened against the City which in any way questions the validity of the Ordinance, the powers of the City referred to in Section 3.1 above, or the validity of any proceeding taken or to be taken by the City in connection with the execution and delivery of this Agreement and the Note and the performance of the City's obligations hereunder and thereunder.

Section 3.4 Legislation. Except as may be stated in a certificate of the City Comptroller delivered to the Bank pursuant to Section 5.2 hereof, to the best knowledge of the City, there is no legislation pending before the Illinois General Assembly (or adopted by it and awaiting action by the Governor) or the Congress of the United States or ordinance

pending before the Council which would affect or limit the right, power or authority of the City to enter into this Agreement, to issue the Note or to perform its obligations under the Ordinance, this Agreement or the Note or which in any way would materially and adversely affect the validity of the Ordinance, this Agreement or the Note.

Section 3.5 Permits and Approvals. No approval, permit, consent, or authorization of, or registration or filing with, any governmental or public agency, authority or body, or any party to the Airport Use Agreements not already obtained or made is required on the part of the City in connection with the execution and delivery by the City of this Agreement and the Note or, except as contemplated herein and in the Ordinance, the performance of its obligations under the Ordinance, this Agreement and the Note.

Section 3.6 No Conflicts. EXHIBIT B

[Form of Corporation Counsel Opinion]

_____, 1983

The First National Bank of Chicago

Gentlemen:

Re: \$25,000,000.00 City of Chicago,
Illinois, Airport Junior Lien
Obligation Revenue Note

I am counsel for the City of Chicago, Illinois (the "City"). In connection with the execution and delivery by the City of the Note described above (the "Note") and a Credit Agreement (the "Agreement") by and between the City and The First National Bank of Chicago (the "Bank"), I have examined, among other things, the following:

- I. Public records, proceedings and documents in connection with the organization and establishment of the City;
- II. The proceedings of the City Council of the City pertaining to the adoption of the ordinance on June 28, 1983 (the "Ordinance") authorizing the execution and delivery of the Agreement and the Note and authorizing City officers to do all things necessary to implement the terms of the Ordinance, the Agreement and the Note; and
- III. The executed Note.

Based on the foregoing, it is my opinion that as of the date of this letter:

1. The City is a duly constituted and existing municipality within the meaning of Section 1 of Article VII of the 1970 Constitution of the State of Illinois (the "Constitution") and a home rule unit within the meaning of Section 6(a) of Article VII of the Constitution.

2. The City has full legal right, power and authority to adopt the Ordinance, to enter into the Agreement, to borrow money from the Bank for the purposes set forth in the Ordinance and the Agreement, to execute and deliver the Note and to perform its obligations contemplated under the Ordinance, the Agreement and the Note.

3. The Ordinance has been duly adopted by the City Council of the City, has not been amended or repealed and remains in full force and effect.

4. The Note and the Agreement have been fully authorized, executed and delivered by the City.

5. The Note, the Ordinance, the Agreement and the pledge of amounts on deposit in the Junior Lien Obligation Debt Service Fund, as such term is defined in the Agreement, constitute valid and binding obligations of the City enforceable in accordance with their respective terms, subject to all applicable bankruptcy, insolvency, moratorium, or other similar laws affecting enforcement of creditors' rights generally and the application of usual principles of equity if the remedy of specific performance is sought.

6. No approval, permit, consent, or authorization of, or registration or filing with, any governmental or public agency, authority or body, or any party to the Airport Use Agreements, as such term is defined in the Agreement, not already obtained or made is required on the part of the City in connection with the execution and delivery by the City of the Agreement and the Note or, except as contemplated in the Agreement and the Ordinance, the performance of its obligations under the Ordinance, the Agreement and the Note.

7. There is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, public board or body pending against or, to the best of my knowledge, threatened against the City, in which the City is a party or participant, wherein an unfavorable decision, ruling or finding would affect the creation, organization or existence of the City or the powers of the City to adopt the Ordinance, execute and deliver the Agreement or the Note or perform its obligations under or as contemplated by the Note, the Ordinance or the Agreement or the titles of the City's officers to their respective offices.

8. The adoption of the Ordinance, the execution and delivery by the City of the Agreement and the Note, and compliance with the provisions of each of such instruments, will

not conflict with, result in a breach of any provision of, or constitute a default under, any ordinance, resolution, indenture, commitment, agreement or other instrument adopted by the City or to which the City is a party or by which it is bound, or under any provision of the Constitution or any existing law, rule, regulation, judgment, order or decree to which the City is subject.

Nothing contained herein shall be deemed to enlarge or diminish the rights or obligations of the City and its officers under applicable law.

The statements contained herein are made in an official capacity and not personally and no personal responsibility shall derive from them.

Respectfully submitted,

Acting Corporation Counsel

The Commissioner of Public Works and the Acting Commissioner of the Department of Streets are authorized and directed to jointly prepare plans and specifications, and the Purchasing Agent to prepare documents and advertise and accept bids for the projects, all in accordance with applicable local, state and federal laws, statutes, rules and regulations.

SECTION 6. This ordinance shall be in full force and effect from and after its passage.

Exhibit A attached to this ordinance reads as follows:

The following viaduct projects are a central component of Chicago's strategy to retain and attract industry. These projects are prime examples of public improvements leveraging and supporting private investment.

1. Division/Elston Viaduct Improvement

This project consists of the improvements necessary to raise the vertical clearance of the viaduct located on Division Street, west of Elston Avenue to 14'6". The existing clearance is substandard and does not allow adequate truck passage throughout the area and limits access to the Kennedy Expressway. This viaduct obstructs the heavily travelled truck route from the Kennedy Expressway to Chicago's downtown and the near north industrial corridor.

Improving this viaduct will benefit approximately 81 companies employing 4278 workers within one mile of the project.

2. Chicago/Sacramento Viaduct Improvement

This project consists of the construction necessary to raise the vertical clearance of the viaduct located on Sacramento Avenue at Chicago Avenue to 14'6". The existing clearance is substandard, 13'2", and does not allow adequate truck passage throughout the area. Due to the low clearance, truckers are forced to take detours to avoid this viaduct and often experience the vandalism of their trucks and pilferage of their merchandise.

This project will directly benefit the Lakewood Engineering and Manufacturing Company, which employs 575 workers and has its entrance on Sacramento. This improvement will also benefit 29 companies employing 1695 workers within one mile of the project.

3. Elston/Hobson Viaduct Improvement

This project consists of the necessary improvements to raise the vertical clearance of the viaduct on Elston Avenue at Hobson Avenue to at 14'6". The existing clearance is substandard, 13'2", and does not allow adequate truck passage throughout the area. In addition companies have cited the frequent flooding under the viaduct as a problem. Elston Avenue serves as an important artery through the industrial corridor on the near north side of Chicago.

Improving this viaduct will benefit approximately 110 companies employing 4715 workers within one mile of the project.

SECTION 1. Permission and authority are hereby given and granted to American National Bank & Trust, U/T No. 32205, upon the terms and subject to the conditions of this ordinance, to maintain and use as now constructed a steel chimney seven (7) feet in diameter on the south side of W. Wayman Street north of and adjoining the premises known as No. 311 N. Desplaines Street. Said privilege shall continue to exist by authority herein granted for a period of five (5) years from and after May 1, 1983.

The location of said privilege shall be as shown on prints hereto attached, which by reference is made a part of this ordinance. Said privilege shall be maintained and used in accordance with the ordinances of the City of Chicago and the directions of the Commissioner of Streets and Sanitation and the Commissioner of Inspectional Services. The grantee shall keep that portion of the public way over or under said privileges in good condition and repair, safe for public travel, free from snow, ice and debris to the satisfaction of the Commissioner of Streets and Sanitation.

The grantee agrees to furnish the City of Chicago a surety bond in the sum of \$10,000.00, said bond to be used to defray cost of removal of said structures and appliances at any time the City of Chicago determines the need for removal or to be used for any liability suits, judgments, damages or any costs resulting prior to or after expiration of the authority herein granted.

SECTION 2. The grantee agrees to pay to the City of Chicago as compensation for the privilege herein granted the sum of Two Hundred Eighty-nine and no/100 Dollars (\$289.00) per annum, in advance, the first payment to be made as of May 1, 1983, and each succeeding payment on the same day and month annually thereafter.
