SECTION 1. The acquisition and construction of the Project and the payment of necessary expenses incidental thereto and to the issuance of the Bonds are hereby authorized and determined to be in the public interest and in furtherance of the public purposes contemplated by the Enabling Ordinance.

SECTION 2. In order to provide funds to carry out the public purposes set forth in Section 1 hereof, there are hereby authorized to be issued the industrial development revenue bonds of the Issuer in the maximum, aggregate principal sum of \$4,000,000, which bonds shall be designated Insured Industrial Development Bonds (*InDeBonds-Tm), Washington/Halsted Associates - 1983 Project (the "Bonds").

The Bonds shall be issuable as fully registered bonds without coupons in the denomination of \$5,000 or any integral multiple thereof; shall be dated, authenticated and executed in the manner set forth in the Indenture; shall bear interest at the variable rate per annum set forth in the form of the Bonds contained in the Indenture; shall be stated to mature on April 1, 1994; and shall be subject to redemption prior to maturity at the times, under the circumstances, in the manner and at the redemption prices set forth in Section 301 of the Indenture.

The Bonds and the interest thereon shall be limited obligations of the Issuer, payable from the revenues and receipts derived by the Issuer pursuant to the Loan Agreement and the Note (except as may be derived by the Issuer pursuant to the Unassigned Rights). The Bonds and the interest thereon shall never constitute an obligation or commitment by the Issuer to expend any of its funds other than (i) the proceeds of the sale of the Bonds, (ii) the revenues and receipts derived by the Issuer pursuant to the Loan Agreement and the Note, (iii) any insurance or condemnation award proceeds with respect to the Project, and (iv) any money arising out of the investment or reinvestment of said proceeds, income, revenues or receipts.

SECTION 3. The Bonds shall be issued in compliance with and under authority of the provisions of the Enabling Ordinance, this Ordinance and the Indenture and the foregoing shall be stated on the face of the Bonds.

SECTION 4. The forms, terms and provisions of the proposed Loan Agreement, Indenture, the Guaranty and Bond Purchase Agreement (collectively, the "Instruments") are hereby in all respects approved, and the Mayor and City Clerk are hereby authorized, empowered and directed to execute and deliver the Instruments in the name and on behalf of the Issuer. The Instruments, as executed and delivered, shall be in substantially the forms now before this meeting and hereby approved, or with such changes therein as shall be approved by the officers of the Issuer executing the same, their execution thereof to constitute conclusive evidence of their approval of any and all changes or revisions therein from the forms of the Instruments now before this meeting; and from and after the execution and delivery of the Instruments the officers, agents and employees of the Issuer are hereby authorized, empowered and directed to do all such acts and things and to execute all such documents as may be necessary to carry out the intent and accomplish the purposes of this Ordinance and to comply with and make effective the provisions of the Instruments as executed.

SECTION 5. The sale of the Bonds to the Purchaser at a price of 99-1/4% of the principal amount thereof plus accrued interest to the date of delivery is hereby approved.

SECTION 6. The Issuer hereby elects to have the provisions as to the \$10,000,000 limit in Section 103(b)(6)(d) of the Internal Revenue Code of 1954, as amended, applied to the Bonds; and the Mayor and City Clerk of the Issuer are hereby authorized, empowered and directed to take any and all further action which may be required to implement and effectuate such election, including, without limitation, the preparation and filing of such statement or statements or other document or documents as may be deemed by them to be necessary or advisable in order to comply with the procedure set forth in Section 1.103-10(b)(2)(vi) of the Income Tax Regulations (26 CFR Part 1) under Section 103 of the Internal Revenue Code of 1954, as amended; and all acts heretofore taken by them in this connection are hereby ratified and confirmed.

SECTION 7. Pursuant to Section 103(k) of the Internal Revenue Code, as amended, this City Council, as an "applicable elected representative" of the Issuer within the meaning of said Section, hereby approves the issuance of the Bonds.

SECTION 8. This City Council understands that on April 11, 1984 the United States House of Representatives reported H.R. 4170, the Tax Reform Act of 1984; that such bill, if it becomes law, would limit the amount of "private activity bonds" that could be issued by the Issuer during the current year; that the Bonds constitute "private activity bonds" within the meaning of such bill; and that if such bill becomes law, because of such limit the issuance of the Bonds could prevent the Issuer from subsequently issuing other private activity bonds which it might otherwise want to issue.

SECTION 9. The provisions of this Ordinance are hereby declared to be separable and if any section, phrase or provision shall for any reason be declared by a court of competent jurisdiction to be invalid or unenforceable, such declaration shall not affect the validity or enforceability of the remainder of the sections, phrases and provisions hereof.

SECTION 10. All ordinances, orders and resolutions and parts thereof in conflict herewith are to the extent of such conflict hereby repealed; and this Ordinance shall take effect and be in full force immediately upon its adoption.

Notwithstanding any of the provisions of this Agreement, the holder of any mortgage authorized by this Agreement (including any holder who obtains title to the Property or any part thereof as a result of foreclosure proceedings, or action in lieu thereof, but not including (a) any other party who thereafter obtains title to the Property or such part from or through such holder, or (b) any other purchaser at foreclosure sale other than the holder of the mortgage itself) shall not be obligated by the provisions of this Agreement to construct or complete the construction of the improvements set forth in Section III or to guarantee such construction or completion; nor shall any covenant or other provision be construed to so obligate such holder. Nothing in this Section or any other section or provision of this Agreement shall be deemed or construed to permit or authorize any such holder to devote the Property or any part thereof to any uses, or to construct any improvements thereon, other than those uses or improvements provided or permitted in this Agreement.

SECTION XIII

Enforced Delay in Performance

Neither the City nor Purchaser nor any successor in interest shall be considered in breach or default of its obligations with respect to the preparation of the Property for rehabilitation, or the commencement or completion of construction of the improvements, in the event of enforced delay in the performance of such obligations due to causes beyond its control or without its fault or negligence. The time for the performance of the obligations shall be extended for the period of the enforced delay, as determined by the City, if the party seeking the extension shall request it in writing of the other party.

SECTION XIV

Maintaining Records and Right to Inspect/Access to Project

(a) All books, records and other documents relating to this Agreement shall be subject to the right of access during business hours by any duly authorized representatives of the City for purposes of inspection, copy, audit or examination upon 24 hours written notice.

(b) Any duly authorized representative of the City shall, during business hours, have access to any portion of the Property upon 24 hours written notice.

(c) The rights to inspect and access shall extend until the completion of Purchaser's obligations under this Agreement, and until final settlement and conclusion of all issues arising hereunder.

SECTION XV

Conflict of Interest; City's Representatives Not Individually Liable

No member, official or employee of the City shall have any personal interest, direct or indirect, in this Agreement; nor shall any such member, official or employee participate in any decision relating to this Agreement which affects his personal interests or the interests of any corporation, partnership or association in which he is directly or indirectly interested. No member, official or employee of the City shall be personally liable to Purchaser or any successor in interest in the event of any default or breach by the City or for any amount which may become due to Purchaser or its successors or on any obligations under the terms of this Agreement.

SECTION XVI

Survival of Agreement

This Agreement shall survive any transfer of title to the Property to the Purchaser or any successor in interest to the Purchaser, and shall not be merged with any deed or other instrument given pursuant to such a transfer.

SECTION XVII

Default

A default shall have existed and be continuing under this Agreement if the obligations set forth in Sections III, IV, VII, X, XI, XIX and XX are not met in the time and manner set forth therein.

SECTION XVIII

Remedies

(a) Upon the occurrence of a default of this Agreement, the defaulting party shall upon written notice thereof immediately proceed to cure or remedy such default within 60 days after receipt of such notice.

(b) If the default shall exist and be continuing under any Section of this Agreement except Section X hereof, after all applicable cure periods have passed, the City may in its sole

discretion institute proceedings to obtain specific performance, or in the alternative obtain return of all funds advanced plus interest at the rate charged from time to time by Continental Illinois National Bank and Trust Company of Chicago to its most credit worthy customers on 90 day unsecured loans ("Prime Rate").

(c) Upon default under Section X only, in which the defaulting party realizes a profit (defined as sale proceeds less payoff of all then existing permitted encumbrances as set forth in Section XI, if any, plus Purchaser's cash contribution to the original acquisition; plus reasonable and customary costs of sale), the City may at its sole option demand Purchaser immediately remit to the City an amount equal to the funds advanced by the City pursuant to Section II of this Agreement, plus interest from the date of such sale, assignment, conveyance or transfer at the Prime Rate..

SECTION XIX

Non-discrimination

Purchaser agrees that, while it shall have any interest in the Property, it shall not discriminate on the basis of race, color, religion, sex or national origin in the sale, lease, use or occupancy of the Property or any improvement located or to be erected thereon, or any part thereof. Discrimination as used herein shall be interpreted in accordance with federal law, as construed by court decisions. This covenant may be enforced solely by the City against those parties who from time to time have an interest in the Property in accordance with administrative or legal proceedings applicable thereto.

SECTION XX

Equal Employment Opportunity

Purchaser for itself and its successors and assigns agrees that, during the construction of the improvements provided in Section III of this Agreement:

(a) Developer will not discriminate against any employee or applicant for employment because of race, religion, color, sex or national origin. Purchaser will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such non-discrimination shall include but not be limited to the following areas: recruitment or recruitment advertising, employment upgrading, demotion or transfer, layoff or termination, rates of pay, or other forms of compensation, and selection for training, including apprenticeship. Purchaser agrees to post in conspicuous places,

available to employees and applicants for employment, notices setting forth its nondiscrimination policy.

(b) Purchaser will include language indicating that it is an equal opportunity employer in every contract executed in connection with the Project, and will request the inclusion of these provisions in every subcontract entered into by any of its contractors, so that such provisions will be binding upon each such contractor or subcontractor, as the case may be.

(c) Discrimination as used herein shall be interpreted in accordance with federal law as construed by the court decisions. This covenant may be enforced solely by the City and solely against the party which breaches this covenant.

This payment shall be referred to as the monthly payment.

1. The Group shall pay the following monthly payment to the Plan on the first business day of each month:

For January, February, March, April and May, 1984:

\$4,800,000

For June, 1984:

The "prime rate" shall mean the prime rate of interest applicable to ninety (90) day commercial loans to large corporate borrowers at Continental Illinois National Bank & Trust Company of Chicago, Illinois from time to time in effect from the date such interest commences until the date of payment in full by the Group to the Plan.

4. If the Plan suspends Claim Payments under this Agreement pursuant to paragraph B.3. hereof and/or terminates this Agreement pursuant to Section E. hereof, the Group shall indemnify and hold the Plan harmless from any and all claims, costs and expenses, including reasonable attorney's fees in connection therewith, including, but not limited to, any and all claims, demands and causes of action by individuals entitled to health care benefits under this Agreement.

C. CLAIMS AND CLAIM PAYMENTS

1.a. For purposes of this Agreement, "Claim" means notification in a form acceptable to the Plan that service has been rendered or furnished a Member. This notification must set forth in full the details of such service including, but not limited to, the specific service rendered or furnished, the date of service, applicable diagnosis, and the Claim Charge for such service. "Claim Charge" means the amount which appears on such notification as the provider's charge billed to the patient, or billed to the Plan in lieu of a bill to the patient, and without further adjustment or reduction. "Claim Payment" means the benefit payment calculated by the Plan, upon submission of a Claim, in accordance with the benefits specified in the Group Master Contract.

b. The Plan has informed the Group that it has contracts with providers in Illinois for the provision of, and payment for, health care services to all persons entitled to health care benefits under individual Plan certificates and group contracts to which the Plan is a party, including the Members of the Group, and that pursuant to the Plan's contracts with providers, it may receive payments from the providers under certain circumstances described therein. The Group acknowledges that in negotiating the administration charges set forth in this Agreement, it has taken into consideration that the Plan will receive such payments during the term of this

DRAFT

Agreement. The Group is not entitled to receive any portion of any such payments as part of any Claim Settlements (see Section D) or otherwise.

2. Upon receipt of a Claim, the Plan shall make a Claim Payment provided that all payments due to the Plan under the terms of this Agreement from the Group are paid when due, and provided further, that the Group performs all of its other obligations under this Agreement.
3. Any reasonable determination by the Plan in adjudicating a Claim under this Agreement that a Member is entitled to a Claim Payment is conclusive evidence of the liability of the Group to the Plan for such Claim Payment pursuant to the Section below entitled "Claim Settlements".
4. If, and only if, the Group and the Plan mutually and reasonably agree that particular Claim Payments in a specific Claim have been made in error, the Plan will equitably adjust the Group's account, provided that no adjustment shall be made to the Group's account, and the Plan shall have no liability, for any payment errors, alleged, projected or calculated to exist in a population of claims on the basis of a sample drawn from that population.

D. CLAIM SETTLEMENTS

1. A claim settlement shall be determined at the end of each three (3) month period. (Such period shall be referred to as the "claim settlement period".) This claim settlement shall compare the total monthly payments received from the Group during the claim settlement period and not included in a prior claim settlement, to the following:
 - a. All Claim Payments made by the Plan in the claim settlement period.
 - b. All Claim Payments made by the Plan in prior claim settlement periods that have not been included in a prior claim settlement.
 - c. The applicable administration charge(s) (positive or negative, as the case may be) computed on the Claim Payments included in 1.a. and 1.b. above.

The sum of 1.a., 1.b., and 1.c. above shall be referred to as the "claim settlement total."

- 7 -

DRAFT

2. If within the claim settlement period, the claim settlement total exceeds the sum of the monthly payments for the Group, the difference shall be added to, and be deemed a part of, the next monthly payment due from the Group to the Plan pursuant to Section B of this Agreement. The claim settlement shall be determined no later than forty-five (45) days after the last day of the claim settlement period.
3. If the monthly payments for the Group exceed the claim settlement total, the Plan shall pay the difference to the Group within fifteen (15) days after the Plan's furnishing notice of the claim settlement to the Group, or authorize a reduction equal to that difference from the next monthly payment due the Plan from the Group, at the Group's option, provided that there are no amounts due the Plan pursuant to this Agreement. If such sums are due, the Plan shall first apply the above difference to reduce the amount due the Plan and any balance shall be treated according to the preceding sentence.

E. LATE PAYMENTS AND REMEDIES

1. At the Plan's option, if any monthly payment is not paid by the end of the month next succeeding the month for which it is due, or if any other sum due the Plan from the Group is not paid when due, the Plan may terminate the entire Agreement to be effective upon written notice to the Group. No termination by the Group or the Plan shall be effective to deprive a Member, who requires and is receiving Inpatient Hospital Service on the termination date of the Agreement, of Inpatient Hospital Service benefits for the then current Hospital stay to which a Member would otherwise be entitled.
2. If the Plan terminates the Group because of failure to make any payment due the Plan, the Group hereby agrees to notify all affected Subscribers. The Group and the Plan hereby agree that the Group shall give such notice because the Group maintains or has access to direct and ongoing communications with the Subscribers. The Group shall indemnify and hold the Plan harmless from any and all claims, costs and expenses, including reasonable attorney fees in connection therewith, arising from the Plan's termination of the Agreement or denial of Claim Payments pursuant to this Agreement.

- 8 - D R A F T

3. The foregoing remedies of the Plan shall not be deemed exclusive, but shall be cumulative and shall be in addition to all other remedies in the Plan's favor existing at law or in equity. Any waiver by the Plan of any right in regard to any overdue payment shall extend only to that particular default and shall not operate as a waiver of any future default or of the terms for payment due the Plan.

F. TERM OF AGREEMENT AND TERMINATION OF THE AGREEMENT

1. This Agreement shall continue in full force and effect from January 1, 1984 through and including December 31, 1984, but may be terminated by the Plan pursuant to the Section above entitled "Late Payments and Remedies". The term of this Agreement with respect to sworn fire and police personnel contained in Sections 101 and 122 of Group Number 16600 shall be subject to the labor negotiations in process for such Group Numbers as of the date of execution of this Agreement. The City shall have an option to extend this Agreement for an additional three (3) month period during which time negotiations for a new contract may take place. Such option shall be exercised by written notice to HCSC at least sixty (60) days prior to December 31, 1984. If the City and HCSC agree upon a new agreement, such agreement shall be retroactive to January 1, 1985. If the City and HCSC do not agree upon a new agreement, the extension shall be subject to all the terms and conditions of this Agreement, and this Agreement shall terminate March 31, 1985.
2. In the event that any legislation, administrative rule or regulation, case law, court decision or other event or occurrence prohibits, restricts, limits or otherwise affects the terms and provisions of the Plan's contracts with providers, as described in Paragraph C.l.b. hereof, or the Plan's ability to enter into such contracts with providers or a provider's ability to enter into such contracts with the Plan, the Plan may terminate this Agreement upon sixty (60) days prior written notice to the Group.
3. The Group hereby acknowledges that on the date of termination there will be an undetermined but substantial number of claims for services rendered or furnished prior to that date which have not been submitted to the Plan for reimbursement and also an undetermined but substantial number of claims submitted for reimbursement which have not been paid by the Plan. The Group shall be responsible for the payment of all Claim Payments for services

rendered or furnished to a Member prior to the date of termination, whether or not Claims for such services have been submitted or Claim Payments for such services have been made by the Plan as of the date of termination.

4. If the Agreement terminates or is terminated, the Group shall continue to make the monthly payments for a period of three (3) months after the effective date of such termination.
5. A settlement shall be made with respect to the three (3) month period following the effective date of such termination. This period shall be referred to as the "tentative final settlement period". This settlement shall be made no later than forty-five (45) days after the last day of the tentative final settlement period. This settlement shall compare the monthly payments received from the Group against the claim settlement totals for the tentative final settlement period. The difference shall be paid or applied as set forth in paragraphs 2 and 3 of the Section above entitled "Claim Settlements". Provided, however, if the provisions of paragraph 2 of the Section above entitled "Claim Settlements" apply, then any sum due shall be paid no later than fifteen (15) days after the Plan furnishes the settlement to the Group.
6. The Group further acknowledges that the Plan may make Claim Payments after the tentative final settlement is computed for services rendered or furnished prior to the termination date. The Group shall pay to the Plan the total of those Claim Payments adjusted by the applicable administration charge(s) in effect on the date of termination, within fifteen (15) days after receipt of an invoice for such payment submitted by the Plan to the Group.

- 10 -

DRAFT**G. MAXIMUM AMOUNT**

The maximum amount due hereunder shall be limited to the amount appropriated in the Group's annual budget(s). However, if the Plan incurs liability on behalf of the Group in excess of the Group's annual budget appropriation, the Plan may cancel this Agreement pursuant to Section F hereof, "Late Payments and Remedies", in the absence of an additional appropriation. Further, in such event, the Group agrees that it will, in good faith, take all action required by the applicable statutes and/or ordinances to obtain such additional appropriation.

Be It Further Ordered, That the City Comptroller is authorized and directed to issue warrants, in conformity with the schedule herein set forth, to physicians, hospitals, nurses or other individuals, in settlement for hospital, medical, and nursing services rendered to the injured members of the Police Department and/or the Fire Department herein named, provided such members of the Police Department and/or Fire Department shall enter into an agreement in writing with the City of Chicago to the effect that, should it appear that any of said members of the Police Department and/or Fire Department have received any sum of money from the party whose negligence caused such injury, or have instituted proceedings against such party for the recovery of damage on account of such injury or medical expenses, then in that event the City shall be reimbursed by such member of the Police Department and/or Fire Department out of any sum that such member of the Police Department and/or Fire Department has received or may hereafter receive from such third party on account of such injury or medical expense, not to exceed the amount that the City may, or shall, have paid on account of such medical expense, in accordance with Opinion No. 1422 of the Corporation Counsel of said City, dated March 19, 1926. The payment of any of these bills shall not be construed as approval of any previous claims pending or future claims for expenses or benefits on account of any alleged injury to the individuals named. The total amount of such claims, as allowed, is set opposite the names of the injured members of the Police Department and/or Fire Department and warrants are to be drawn in favor of the proper claimants and charged to Account No. 100.9112.937.

(b) The Company proposes to acquire, construct and equip, on land presently owned by an entity affiliated therewith, certain facilities, to comprise the Company's corporate headquarters and construction management offices, in the City of Chicago, Illinois (the "Project"). (c) The Department is authorized pursuant to the Ordinance to enter into agreements with respect to industrial development projects and the financing thereof and to make recommendations to the City with respect to the issuance of revenue bonds.

(d) Subject to due compliance with all requirements of law, the Department will proceed to take such action, and recommend that the City take such action, as may be necessary to cause to be prepared such agreements, leases, mortgages, indentures or such other documents as may be necessary to cause the City, by virtue of such authority as may now or hereafter be conferred by the Ordinance, to issue and sell its revenue bonds in an aggregate principal amount not to exceed \$5,000,000 (the "Bonds") to pay costs of the Project and costs incidental to the issuance of the Bonds.

(e) Pursuant to the Ordinance, the Economic Development Commission of the City of Chicago (the "Commission") has identified the Project as an "industrial development project" which may be undertaken to strengthen and promote the economic vitality of the City of Chicago, Illinois, has approved the form of this Agreement, and has advised the Commissioner of Economic Development of the City of Chicago to recommend to the City Council of the City that the City issue and sell the Bonds to finance the cost of the Project.

2. Undertakings on the Part of the Department.
Subject to the conditions above stated and to the limits of the authority of the Department, the Department agrees as follows:

(a) That it will begin the proceedings necessary on its part to cause the City Council of the City to authorize the issuance and sale of the Bonds, pursuant to the terms of the Ordinance as then in force.

(b) That, if necessary, it will cooperate with the Company in finding a purchaser or purchasers for the Bonds, and if satisfactory purchase arrangements can be or are made, the Department will recommend that the City adopt such proceedings authorizing the execution of such documents as may be necessary or advisable for the authorization, issuance and sale of the Bonds and the financing of the Project, all as shall be authorized by law and mutually satisfactory to the Department, the City and the Company.

(c) That, if the City issues and sells the Bonds, the financing instruments will provide that the City will use the proceeds of the Bonds to finance the Project and the aggregate payments to be made by the Company and used by the City to pay the principal of, interest and redemption premium, if any, on the Bonds payable under the instruments whereby the Project shall be financed, shall be such sums sufficient to pay the principal of, interest and redemption premium, if any, on the Bonds as and when the same shall become due and payable.

(d) That it will take or cause to be taken such other acts and adopt such further proceedings as may be required to implement the aforesaid undertakings or as it may deem appropriate in pursuance thereof.

3. Undertakings on the Part of the Company.
Subject to the conditions above stated, the Company agrees as follows:

(a) That it will use all reasonable efforts to find one or more purchasers for the Bonds.

(b) That contemporaneously with the issuance of the Bonds, the Company will enter into a revenue agreement, as defined in the Ordinance, with the City under the terms of which the Company will obligate itself to pay to the City sums sufficient in the aggregate to pay the principal of, and interest and redemption premium, if any, on the Bonds as and when the same shall become due and payable, such revenue agreement to be in form and substance satisfactory to the Department, the City and the Company, such approval by the Department to be evidenced by the execution of such agreement by the City.

(c) That during the period beginning on the date of the sale and delivery of the Bonds by the City to the purchaser thereof and ending three years after the date of completion of the acquisition, construction and equipping of the Project or after payment of all costs of acquisition, construction and equipping of the Project, whichever is later, the Company (1) will furnish upon request of the Department a report in a form satisfactory to the Department, containing information relating to the Project, including but not limited to, the numbers and types of jobs and employment opportunities which have been created or maintained within the City as a result of the acquisition, construction and equipping of the Project, and (2) will permit any duly authorized agent of the Department to enter upon and inspect the Project during regular business hours, and to examine and copy at the principal office of the Company located within the City of Chicago, Illinois, during regular business hours, all books, records and other documents of the Company relating to expenditures from the Bond proceeds for the Project and the numbers and types of jobs at the Project.

(d) That it will take such further action and adopt such further proceedings as may be required to implement its aforesaid undertakings or as it may deem appropriate in pursuance thereof.

4. General Provisions.

(a) All commitments of the Department under paragraph 2 hereof and of the Company under paragraph 3 hereof are subject to the conditions that on or before one (1) year from the date hereof (or such other date as shall be mutually satisfactory to the Department and the Company), the Department, the City and the Company shall have agreed to mutually acceptable terms and conditions of the agreements and instruments referred to in paragraphs 2 and 3 hereof and the proceedings referred to in paragraphs 2 and 3 hereof.

WHEREAS, the recitals set forth in the Plaza Agreement are incorporated in this agreement by reference to the same extent as if set forth at length;

NOW, THEREFORE, in consideration of the recitals above, the mutual covenants and conditions contained in this agreement, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties to this agreement agree as follows:

1. The parties acknowledge that the west boundary of the Plaza created pursuant to Paragraph 1 of the Plaza Agreement shall be a line which is twenty-two feet (22') east of the west curb of Relocated South Sherman Street.

2. The grant of the Trust 57320 Easement set forth in Paragraph 1(B)(iii) of the Plaza Agreement is hereby superseded by the following more extensive grant:

"The City, as to the property owned by it, and Trust 23278, as to the Corner Parcel, do hereby give, grant and convey to Trust 57320, its successors and assigns, as an easement appurtenant to Parcel 2 and Parcel 3, a perpetual easement for the benefit of Parcel 2 and Parcel 3 over, across, on, under, in, along and upon all that portion of the City Parcel, Original South Sherman Street and Vacated Original South Sherman Street lying below the Plaza, that portion of the Corner Parcel lying below the surface and that subsurface portion of Relocated South Sherman Street lying west of the City Parcel and the Corner Parcel, all as shown on Exhibit D-1 and legally described in Exhibit G-1 attached hereto for the purpose of the construction, opera-

3. The Ordinance of the City of Chicago authorizing execution of the Plaza Agreement, which Ordinance was recorded April 20, 1983, in the Office of the Recorder of Deeds of Cook County, Illinois as Document No. 26576436, is conditioned upon the provision set forth hereafter in this paragraph, which Trust No. 57320 hereby expressly accepts. Trust No. 57320 agrees to pay to the City annually, beginning in calendar year 2000, an amount equal to the sum of five dollars per week for each stall in the underground parking facilities located on property owned by the City, the seventeen-year interim being the amortization period of the debt portion of the UDAG to be paid to the City by Trust No. 57320.

4. The provisions of Paragraph 1(B)(i) of the Plaza Agreement expressing the permanent closing of (y) Original South

Sherman Street and (z) the extension of Original South Sherman Street southwesterly across the City Parcel are revised to eliminate the exception for police, fire and any other emergency vehicles.

5. The obligations of Trust 57320 under Paragraph 2 of the Plaza Agreement are modified by substituting for the schematic diagrams of the Plaza and the underground parking garage attached as Exhibit D to the Plaza Agreement that attached as Exhibit D-1 to this agreement.

6. Paragraph 4(A) of the Plaza Agreement is deleted and the following paragraph is substituted in its place:

"(A) The City does hereby give, grant and convey unto Trust 57320, its successors and assigns, as an easement appurtenant to Parcel 2 and Parcel 3, an exclusive perpetual easement for the benefit of Parcel 2 and Parcel 3, over, across, and under the property legally described in Exhibit H-1, for the purpose of access, ingress and egress (vehicular, pedestrian and otherwise) by the owners, employees, business invitees and tenants of improvements constructed from time to time on Parcel 2 and Parcel 3 and for the location, construction, maintenance and repair of sewer, water lines and other utility services servicing Parcel 2 and Parcel 3, on, over and through the south twenty-eight (28) feet of the City Parcel and the south twenty-eight (28) feet of Vacated Original South Sherman Street as shown on Exhibit E-1 (the "Trust 57320 Easement Parcel"). To the extent permitted by law, Trust 57320 shall indemnify, defend and save the City and Trust 54793 harmless from and

against any and all claims and liability for injury to persons and damage to property arising out of the use of the Trust 57320 Easement Parcel as aforesaid."

7. Paragraph 4(B) of the Plaza Agreement is deleted and the following paragraph is substituted in its place:

"(B) The City, as to the property owned by it, and Trust 23278, as to the Corner Parcel, do hereby give, grant and convey to Trust 54793, its successors and assigns as perpetual subsurface easements appurtenant to Parcel 1, for the benefit of Parcel 1, (i) an easement for the location, construction, maintenance and repair of a sewer line constructed under Relocated South Sherman Street, which Sewer Line shall be located as shown on Exhibit D-1 hereto, (ii) an easement for the location, construction, maintenance and repair of emergency generators within the property legally described in Exhibit I-1 and comprising a volume measuring no more than twenty-one feet (21') in width, no more than ninety-four feet (94') in length and no more than sixteen feet (16') in depth, which volume will be walled in by Trust 54793 and, as shown on Exhibit D-1 hereto, located so that its length is parallel to a portion of the north wall of the underground parking garage and its width contiguous with the west line of Parcel 1, together with the right of ingress and egress through the underground parking garage for access to the emergency generator space, (iii) the right and easement for the location, construction, maintenance and repair of areas for ventilation for the emergency generators of the sizes and in the locations shown on Exhibit D-1 in connection with

the installation of the emergency generators, (iv) an easement for the location, construction, maintenance and repair of oil storage tanks underneath the underground parking garage in the property legally described in Exhibit I-1 and as shown on Exhibit D-1 in connection with the installation of the emergency generators and (v) an easement for the location, construction, maintenance and repair of exhaust stacks for the emergency generators of the size and in the location shown on Exhibit D-1 in connection with the installation of the emergency generators (collectively the "Trust 54793 Easement Parcels"). The easements granted hereunder are subject to the limitations that in exercising its right of access to the emergency generator space, Trust 54793, its successors and assigns, will interfere to the least extent reasonably practicable with the operation of the underground parking garage and that, if it is necessary to install equipment in the emergency generator space which cannot be brought through the underground parking garage or to remove such equipment from the emergency generator space, Trust 54793, its successors and assigns, may move such equipment through the roof of the underground parking garage, but only in the location shown as "Access Panels" on Exhibit D-1, and Trust 54793 shall bear all costs of obtaining such access and restoring the roof of the underground parking garage and the plaza improvements which are disturbed in connection with such access and shall perform such work so as to disrupt the operation of the underground parking garage and the plaza as little as reasonably practicable. Trust 54793 shall bear all costs associated with

the use of the Trust 54793 Easement Parcels, including the cost of reconstruction, repair and replacement of the Plaza and the underground parking garage, but Trust 54793 shall have no obligation to make any payment on account of a reduction in the number of parking spaces in the underground parking garage resulting from its use of the Trust 54793 Easement Parcels. To the extent permitted by law, Trust 54793 shall indemnify, defend and save the City harmless from and against any and all claims and liability for injury to persons and damage to property arising out of the use of the Trust 54793 Easement Parcel as aforesaid."

8. The parties agree that the Plaza described in Paragraph 1(A) of the Plaza Agreement, as amended in Paragraph 1 of this agreement, shall be named "Financial Place Plaza."

9. (A) This agreement shall be binding upon and inure to the benefit of the respective successors and assigns of the City, Trust 23278, Trust 57320 and Trust 54793. Covenants made herein shall be deemed covenants running with the land. Upon any transfer of ownership of Parcel 1, Parcel 2 and Parcel 3, or the Corner Parcel, the prior owner shall be relieved of its obligations, if any, under this agreement accruing subsequent to such transfer, and the subsequent owner or owners shall be obligated to perform and shall be bound by these covenants which run with the land.

Authority Granted for Sale of Land in Project North-LaSalle,
Parcel D, Located at Corner of N. Clark and W.
Division Sts.

On motion of Alderman Burke the City Council took up for consideration the report of the Committee on Finance deferred and published in the Journal of the Proceedings of May 9, 1984, pages 6320-6321, recommending that the City Council pass a proposed ordinance authorizing the sale of land in

(Continued on page 7024)

This agreement is entered into on March 6, 1984, by and between THE CITY OF CHICAGO, an Illinois municipal corporation (hereinafter called "Employer"), and each of the Unions listed in Schedule I, attached hereto, and their members, who are the majority of employees of the Employer in the appropriate units who historically have been paid what is commonly known and referred to herein as "prevailing" or "flat" or "union" rates (hereinafter, for descriptive purposes only, called "Coalition.")

WHEREAS, there has existed an historic relationship between the Employer and the Unions of the Coalition who have represented a majority of employees in units appropriate for collective bargaining, and

WHEREAS, the Coalition Unions claimed that the Employer was and is obligated to pay certain unpaid retroactive wage increases negotiated by the individual Union members of the Coalition Unions in collective bargaining agreements in the applicable private sector industries, effective from various effective dates, starting on or about June 1, through December 31, starting with the year 1982 through 1984 (herein called "retroactivity"). The Coalition Unions further claimed that the Employer was and is obligated to continue to pay the Union's private sector industry negotiated prevailing and flat rates to employees who historically had received them, effective January 1 of each year, starting with the year 1984 (hereinafter called "prevailing rates"), and

WHEREAS, the Employer denied it had any such obligation and, therefore, denied all of the Coalition Unions' claims,

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the parties hereto agree to fully settle the outstanding dispute between them, as follows:

1. The Employer hereby recognizes each Union listed in Schedule 1 as the sole and exclusive bargaining agent or representative of all employees in the applicable historical appropriate units set out opposite its respective name in Schedule 1. Said recognition is intended by the parties to formalize the existing historical relationship between the parties and, further, to establish, agree and stipulate to appropriate bargaining units within the meaning of, and prior to the July 1, 1984, effective date of, the Illinois Public Labor Relations Act. Said recognition shall not affect the rights of the Coalition Unions or the obligations of the Employer prior to July 1, 1984, from what they previously have been with regard to the Coalition Unions' historical representation of employees, except as is specifically provided for herein.

2. The Coalition Unions hereby waive any and all claims for retroactivity and forever release and discharge the Employer from obligations, if any, the Employer had or has for retroactivity prior to this date.

3. The Employer shall, effective January 1, 1984, pay said prevailing rate employees the hourly wage rate paid to crafts or job classifications doing similar kinds of work in Cook County pursuant to the formula used by the U.S. Department of Labor in administering the Davis-Bacon Act.

4. The Employer shall grant prevailing rate employees three additional days' sick pay for the year 1984, provided the prevailing rate employees properly notify the Employer and comply with the Employer's reasonable policies and practices covering sick pay.

5. The following seniority protections will be granted non-seasonal and non-temporary employees represented by the Coalition Unions to

the extent that any Union member of the Coalition elects, in writing (to the Commissioner of Personnel), to accept the provisions of Subparagraphs a and/or d below:

a. Employees to be laid off by departmental seniority may bump out the lowest senior employee in the same job title in another department represented by the same Union (provided that the employee has less city-wide seniority), where the job can be performed to the Employer's satisfaction without further training, unless doing so will violate any court order or consent decree.

b. Employees covered by this Agreement and hired on and after December 28, 1983, will be given career service status after a one-year probationary period. Employees covered by this Agreement and hired on or before December 27, 1983, shall have, effective January 1, 1984, a six-month probationary period, and, upon successful conclusion of such probationary period, will be given career service status.

c. O'Hare Airport and the Streets and Sanitation Departments will follow the practice of winter 1983-1984 in hiring extra employees for winter snow removal.

d. An employee laid off from a collective bargaining unit in one department of the Employer may bid on or fill a job opening in the same unit of another department of the Employer represented by the same Union, provided the employee can perform the job to the Employer's satisfaction without further training.

6. Upon written request to or by the Corporation Counsel of the City of Chicago, representatives of the parties will enter into collective bargaining negotiations on July 1, 1984, or any other date mutually agreed to by the parties, with respect to wages, hours and other terms and conditions of employment

of employees covered by this Agreement, provided that any agreements reached pursuant to said negotiations shall be effective January 1, 1985, unless the parties mutually agree to a different effective date. The parties agree that the Unions listed in Schedule 1, through a Coalition, shall bargain jointly concerning common collective bargaining provisions covering subjects which are common to the employees represented by the Unions listed in Schedule 1, which are Union security/fair share issues, management right issues, no-strike issues, grievance/arbitration issues, fringe benefit issues (pension, health care, vacations and insurance), and any other subject mutually agreed to, and the Employer agrees, as to all other issues, to enter into separate negotiations and collective bargaining agreements with the individual Unions set out in Schedule 1.

7. Even though covered in Paragraph 6 above, effective upon the execution of this Agreement, the parties agree that they will also, upon request, confer in good faith relating to all matters of mutual concern, including, but not limited to, those set forth in the City's proposed final offer of December 16, 1983.

8. The above agreements are in full settlement of all outstanding issues covered by this settlement between the parties.

9. The Employer further agrees that in the event of a dispute between Union members of the Coalition in defining the bargaining units described in Schedule 2, such disputes shall be finally resolved by and between the Coalition Union members in such manner and in such form as determined by the Coalition.

10. This Agreement shall be subject to and effective upon the application of the City Council of the City of Chicago.
