Licensee agrees to maintain an adequate and reasonable system of internal control to insure that revenues are properly reported to the Licensor. The internal control procedure must be described by the Licensee in writing and submitted to the City Comptroller prior to the start of any or all operations as described herein. Any changes to the internal controls must be reported to the City Comptroller in writing thirty (30) days prior to the effective date of change. The City Comptroller has the authority to require additional internal controls or procedures as he deems appropriate.

Licensee shall maintain at its office in Chicago its books, ledgers, journals, accounts and records wherein are kept all entries reflecting its operations carried out under this Agreement. Such books, ledgers, journals, accounts and records shall be available for inspection and examination by the Comptroller of the City of Chicago, the Commissioner of the Department of Public Works and/or the Purchasing Agent of the City of Chicago, or their duly authorized representatives, at reasonable times during business hours, and to make copies and any excerpts therefrom as may be necessary to make a full, proper and complete audit of all business transacted by Licensee in connection with its operation hereunder.

Within 120 days of the signing of this Agreement, Licensee shall furnish Licensor with a written statement indicating Licensee's election to report either on a calendar year or fiscal year basis; such letter shall explain the Licensee's fiscal year, if elected. The Licensee must inform the Licensor of the identity of the

independent certified public accountant prior to the close of such calendar or fiscal year and such independent certified public accountant must be acceptable to the Licensor.

If the opinion of the independent certified public accountant is qualified or conditional in any manner, the City Comptroller has the right to cause an audit to be performed at the Licensee's expense.

The Mayor and City Comptroller are hereby authorized to execute and deliver such disclosure documents with respect to the Project Bonds as they shall deem appropriate on behalf of the City.

SECTION 9. The Mayor, City Clerk or Comptroller are hereby authorized to execute and deliver on behalf of the City a remarketing agreement pertaining to the Project Bonds with a remarketing agent to be designated therein.

SECTION 12. The Comptroller is hereby authorized to obtain a contract with an insurance company or bank in connection with the marketing of the Project Bonds to limit the net interest to be paid by the City on the Project Bonds, if it is determined by him to be desirable in connection with the marketing and remarketing of the Bonds.

SECTION 13. The City covenants that it will take no action in the investment of the proceeds of the Project Bonds which would result in making the interest payable on any of the Project Bonds subject to federal income taxes by reason of the Project Bonds being classified as "arbitrage bonds" within the meaning of Section 103(c) of the Internal Revenue Code of 1954, as amended.

SECTION 14. This Ordinance is prepared in accordance with the powers of the City as a home rule unit under Article VII of the 1970 Illinois Constitution. The appropriate officers of the City are hereby authorized to take such actions and do such things as shall be necessary to perform, carry out, give effect to and consummate the transactions contemplated by this Ordinance and the Project Bonds.

The Mayor and the City Comptroller may each designate another to act as their respective proxy and to affix their respective signatures to the Project Bonds whether in temporary or definitive form, and any other instrument, certificate or document required to be signed by the Mayor or the City Comptroller pursuant to this Ordinance and any instrument, certificate or document required thereby. In such case, each shall send to the City Council written notice of the person so designated by each, such notice stating the name of the person so selected and identifying the instruments, certificates and documents which such person shall be authorized to sign as proxy for the Mayor and the City Comptroller, respectively. A written signature of the Mayor or of the City Comptroller, respectively, executed by the person so designated underneath, shall be attached to each notice. Each notice, with the signatures attached, shall be recorded in the Journal of the Proceedings of the City Council and filed with the City Clerk. When the signature of the Mayor is placed on an instrument, certificate or document at the direction of the Mayor in the specified manner, the same, in all respects, shall be as binding on the City as if signed by the Mayor in person. When the signature of the City Comptroller is so affixed to an instrument, certificate or document at the direction of the City Comptroller, the same, in all respects, shall be binding on the City as if signed by the City Comptroller in person.

SECTION 16. If requested by a bond registrar, paying agent or trustee in connection with the Project Bonds, the Mayor, City Comptroller and City Clerk are authorized to execute the standard form of agreement between the City and such bond registrar, paying agent or trustee with respect to the obligations and duties thereof.

SECTION 17. To the extent that any ordinance, resolution, rule, order or provision of the Municipal Code of the City of Chicago, or part thereof, is in conflict with the provisions of this Ordinance, the provisions of this Ordinance shall be controlling. If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

This Ordinance shall be published by the City Clerk, by causing to be printed in pamphlet form at least 100 copies hereof, which copies are to be made available in his office for public inspection and distribution to members of the public who may wish to avail themselves of a copy of this Ordinance, and this Ordinance shall be in full force and effect from and after its adoption, approval by the Mayor and publication as provided by law.

Interest Payments on the Bonds.

(a) Interest Rate During Weekly Mode. For a Weekly Mode the interest rate for the Bonds shall be determined in the following manner. At or before 1:00 P.M., New York City time, on each Rate Determination Date for such Weekly Mode, the Comptroller shall determine the interest rate which the Bonds should bear during such Weekly Mode. The interest rate so determined shall be effective on the next Rate Adjustment Date or, if the Rate Determination Date and the Rate Adjustment Date shall be the same day, then on such day. Within seven (7) Business Days after each Interest Payment Date for such Weekly Mode, the Comptroller or his agent shall mail to each Bondholder a written statement showing the interest rate(s) during the Interest Period relating to such Interest Payment Date.

(b) Interest Rates During Other Interest Modes. For each Interest Mode other than a Weekly Mode, the interest rate for the Bonds shall be determined in the following manner. Not less than twenty (20) days before each Rate Adjustment Date, the Indexing Agent shall determine the minimum interest rate which the Bonds would bear if such Rate Adjustment Date were the next day. The interest rate so determined shall be the Minimum Rate for such Rate Adjustment Date. The Comptroller or his agent shall promptly mail to each Bondholder written notice stating (i) the Interest Mode that will be in effect on the next Rate Adjustment Date, (ii) the Minimum Rate for such Rate Adjustment Date, (iii) the Rate Determination Date and Rate Adjustment Date, (iv) that the interest rate on the Bonds beginning on such Rate Adjustment Date will not be less than the Minimum Rate, and (v) that within seven (7) Business Days after the Rate Determination Date notice of the interest rate determined on that date will be mailed to each Bondholder. On the Rate Determination Date the Comptroller shall determine the interest rate which the Bonds shall bear for such Interest Mode, in no event less than the Minimum Rate, effective on the Rate Adjustment Date. Within seven (7) Business Days after such Rate Determination Date, the Comptroller or his agent shall mail to all Bondholders written notice of the interest rate so determined. At any time following a Rate Adjustment Date, the Comptroller may increase, but not decrease, the interest rate on the Bonds to such rate (but not above such rate) as, in the opinion of the Comptroller is necessary to remarket at par any unremarketed Bonds. Within seven (7) Business Days after such increase, the Comptroller or his agent shall mail to each Bondholder written notice of the increased interest rate.

(c) Determination of Interest Rate By Comptroller. The interest rate to be determined by the Comptroller on each Rate Determination Date shall be that interest rate which, if borne by the Bonds throughout the following Interest Mode, would result in the market value of the Bonds on the Rate Adjustment Date being equal to 100% of their principal amount if the Bonds were subject to the tender provisions applicable to the Bonds on and after such Rate Adjustment Date. In determining such interest rate, the Comptroller shall have due regard for general financial conditions and such other conditions as, in the judgment of the Comptroller, have a bearing on the interest rate on the Bonds.

Changes in Interest Modes.

(a) Initial Use of Weekly Mode. The Bonds shall initially be deemed to be in a Weekly Mode. The Comptroller may, from time to time, except during a Fixed Mode, designate for the Bonds a different Interest Mode than the Interest Mode then in effect.

(b) Designation of a New Interest Mode. In order to designate a new Interest Mode for the Bonds, the Comptroller shall provide written notice (an "Interest Mode Adjustment Notice") to all interested parties stating: (i) the date of the Interest Mode Adjustment Date, which date shall be at least forty-five (45) days, in the case of a change to a Semiannual Mode, Annual Mode or Fixed Mode, and forty-five (45) days, in the case of a change to a Weekly Mode or Monthly Mode, after the date on which the Interest Mode Adjustment Notice is delivered to or received by such parties and shall be the first day of an Interest Period; (ii) the type of Interest Mode that will be effective on such Interest Mode Adjustment Date and, if an Annual Mode, the length thereof.

(c) The Bonds shall be subject to Conversion to a Fixed Mode in whole or in part.

Redemption Terms for the Bonds.

(a) Optional Redemptions of Bonds other than during Annual or Fixed Mode. Bonds are subject to redemption in whole or in part, during any Interest Mode other than an Annual Mode or Fixed Mode, on any Rate Adjustment Date or any Interest Payment Date, at the direction of the Comptroller at a redemption price equal to 100% of the principal amount of such Bonds. Such written notice must be delivered by the Comptroller, or the agent thereof, to all interested parties not less than forty-five days prior to the date on which such Bonds are to be redeemed.

(b) Optional Redemption of Bonds during Annual Mode. Bonds are subject to redemption in whole or in part during any Annual Mode at the direction of the Comptroller, on any Rate Adjustment Date after a period of one (1) year at a redemption price of 100% of the principal amount of such Bonds upon delivery by the Comptroller, or the agent thereof, to all interested parties not less than forty-five days prior to the date on which such Bonds are to be redeemed.

(c) Optional Redemptions of Bonds during Fixed Mode. Bonds are subject to redemption in whole or in part during any Fixed Mode at the direction of the Comptroller, on any Rate Adjustment Date or any Interest Payment Date after the period referred to below under the heading "Call Protection" upon delivery by the Comptroller, or the agent thereof, to all interested parties not less than forty-five days prior to such redemption date of a written direction from the City stating that the City intends to exercise its option to effect redemption of such Bonds as follows:

<u>Length of Period from Conversion Date to Maturity Date Expressed in Years</u>	<u>Redemption Prices as a Percentage of Principal Amount (measured from and including first day of such Interest Period)</u>	<u>Call Protection**</u>
greater than 15	after 10 years at 103%, declining 1/3% per 6 months	10 years
less than or equal to 15 and greater than 10	after 5 years at 103%, declining 1/3% per 6 months	5 years
less than or equal to 10 and greater than 7	after 3 years at 101-1/2%, declining 1/2% per 6 months	3 years
less than or equal to 7 and greater than 4	after 2 years at 101%, declining 1/2% per 6 months	2 years
less than or equal to 4 and greater than 3	after 2 years at 100-1/2%, declining 1/2% per 6 months	2 years
less than or equal to 3 and greater than 2	after 1 year at 100-1/2%, declining 1/2% per 6 months	1 year
less than or equal to 2 and greater than 1	after 1 year at 100%	1 year

* Periods measured from the applicable Rate Adjustment Date and ending on the day prior to each semi-annual anniversary thereof.

** Length of time (measured from the applicable Rate Adjustment Date) before Bonds may be called for redemption.

(d) Mandatory Sinking Fund Redemption of Bonds. Mandatory Sinking Fund redemption terms for the Bonds will be furnished by the Comptroller at the time of the bond issuance.

(e) Other Redemption Provisions. Provision will be made in the Indenture pertaining to the Bonds for Bondholders to receive notice of redemptions other than sinking fund redemptions. Interest on the Bonds will cease to accrue on the redemption date of each Bond to be redeemed.

Mandatory Tender of Bonds on Interest Mode Adjustment Dates.

The Bonds are subject to mandatory tender and purchase in whole on each Interest Mode Adjustment Date.

Undelivered Bonds will be deemed to have been tendered to and purchased by the Tender Agent, and interest accruing on the Bonds after such Purchase Date shall no longer be payable to the former Owners of the Bonds. Amounts payable on such Interest Mode Adjustment Date shall be paid to the Owners of such Bonds as of the Interest Mode Adjustment Date in the same manner as if such Bonds had not been purchased by the Tender Agent or the Trustee.

Payment for Tendered Bonds.

Each Owner of any Bonds which are to be tendered on the Interest Payment Date immediately preceding the expiration of the Letter of Credit or on Interest Mode Adjustment Dates shall be entitled to receive the proceeds of such tender by delivering such Bonds (with an appropriate transfer of registration form executed in blank) to the principal office of the Tender Agent (Attention: _____); provided that in order to receive payment on the date on which such Bonds are to be tendered, such delivery must be made at any time prior to 1:00 p.m., New York City time, on the date scheduled for tender. Owners of Bonds that are delivered to such Principal Office of Tender Agent at any time after 1:00 p.m., New York City time, on such date scheduled for redemption shall not be entitled to receive payment from the Trustee or the Tender Agent of the Purchase Price until the Business Day next following the date of delivery of such Bonds.

Optional Tender of Bonds During Weekly or Monthly Mode.

During any Weekly or Monthly Mode, Bonds are subject to tender, on the demand of the Owner thereof, if such Owner delivers to the Tender Agent at its principal office on any Business Day at least seven (7) days prior to the Business Day on which such Bond is to be tendered and purchased, a properly completed Bondholder Election Notice. Such Bondholder Election Notice, once transmitted shall be irrevocable with respect to tender for which such Bondholder Election Notice was delivered and such tender shall occur on the Business Day specified in such Bondholder Election Notice. Each Owner of any Bonds which are to be so tendered shall be entitled to receive the Purchase Price by delivering such Bonds (with an appropriate transfer of registration form executed in blank) to the Principal Office of the Tender Agent (Attention: _____); provided that in order to receive payment on the date on which such Bonds are to be tendered, such delivery must be made at any time prior to 1:00 p.m., New York City time, on the date scheduled for tender. Owners of Bonds that are delivered to such Principal Office of the Tender Agent at any time after 1:00 p.m., New York City time, on such date scheduled for tender shall not be entitled to receive payment from the Tender Agent of the proceeds of such tender until the Business Day next following the date of delivery of such Bonds.

Optional Tender with respect to Other Interest Modes.

Bonds are subject to tender, on the demand of the Owner thereof, on any Rate Adjustment Date which is not an Interest Mode Adjustment Date, upon delivery to the Tender Agent at its principal office (Attention: _____) not later than the close of business on the fifteenth day next preceding any such Rate Adjustment Date, of a Bondholder Election Notice, and such Bond (with an appropriate transfer of registration form executed in blank). Any such notice delivered in accordance with the foregoing sentence shall be irrevocable with respect to the tender for which such notice was delivered and such tender shall occur on the Rate Adjustment Date specified in such notice. This provision shall not apply if the Bonds are in a Weekly Mode, a Monthly Mode or a Fixed Mode.

Investment Companies.

Any Owner which identifies itself as an Investment Company, in lieu of delivering any notice pertaining to a tender to the Tender Agent as described above, may elect to deliver such notice to the Trustee. In addition, in order to receive payment of the Purchase Price on the Purchase Date, an Investment Company may, in lieu of delivering Bonds to the Tender Agent, deliver such Bonds to the Trustee. An Investment Company may deliver its Bonds to the Tender Agent on the Purchase Date if it irrevocably notifies the Tender Agent during the period ending fifteen (15) days prior to such Purchase Date that it will deliver such Bonds on such Purchase Date. Any such notice delivered in accordance with the foregoing sentence shall be irrevocable with respect to the purchase for which such notice was delivered and such purchase shall occur on the Purchase Date.

In respect of any Bonds in any Semiannual Mode or Annual Mode, the Remarketing Agent will, at the request of any Owner which identifies itself as an Investment Company, give notice to the Trustee and the Tender Agent on the day of the sale of such Bonds to such Investment Company which describes such Bonds and which notifies the Trustee and the Tender Agent that such Bonds shall be tendered on the next succeeding Purchase Date without the requirement for any additional notice. Such notice shall be irrevocable and shall be accompanied by an appropriate transfer of registration form executed in blank to the Tender Agent, or at the election of such Investment Company, to the Trustee.
