(As Amended).*

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Chicago Zoning Ordinance be amended by changing all the B7-7, General Central Business District symbols and indications as shown on Map No. 1-F in the area bounded by

West Lake Street; a line 221.44 feet east of North Clark Street; West Couch Place; a line 160.98 feet east of North Clark Street; West Randolph Street; and North Clark Street,

to the designation of a Business Planned Development which is hereby established in the area described above, subject to such use and bulk regulations as are set forth in the Plan of Development herewith attached and made a part hereof and to no others.

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication and after execution of a redevelopment agreement between the City and Linpro Chicago Land, Limited Partnership.

Plan of Development attached to this ordinance reads as follows:

Business Planned Development No. _____

Plan Of Development

Statements.

1. The area delineated herein as a phased Business Planned Development (the "Planned Development") consists of approximately 69,038 square feet or 1.58 acres of real property. It is bounded on the north generally by West Lake Street; on the east by North Dearborn Street; on the south by West Randolph Street and on the west by North Clark Street (the "Property"), as shown on the attached "Property Line and Planned Development Boundary Map". The property is currently owned by the Linpro Chicago Land, Limited Partnership.

2. This Plan of Development expires 10 years from the effective date of City Council approval unless construction on Phase 1 has substantially commenced. This Plan of Development consists of thirteen (13) Statements; an Existing Zoning Map, a Property Line and Planned Development Boundary Map, a Generalized Land Use Map, and a Table of Use and Bulk Regulations and Related Controls. The Plan of Development and the North Loop Guidelines are applicable to the area delineated herein and these and no other controls shall apply to the delineated area. This Plan of Development conforms to the intent and purpose of the Chicago Zoning Ordinance and North Loop Guidelines and all requirements thereof, and satisfies the established criteria for approval as a planned development.
3. The applicant or its successors, assignees, grantees or such other person or entity as may then own or control the subject property shall obtain all required reviews, approvals, licenses and permits in connection with this Planned Development and the North Loop Guidelines.
4. The uses permitted in the Planned Development shall be those shown as Permitted and Special Uses in the B7-7 General Central Business District Classification. Earth station receiving dishes shall also be permitted. A bus terminal and non-accessory parking of private passenger automobiles shall be permitted as interim uses. All new interim uses shall be subject to the review and approval of the Commissioner of Planning. Landscaping and barricades, where required for interim uses, shall be subject to the review and approval of the Department of Planning and the Bureau of Traffic Engineering and Operations. All other controls and regulations set forth herein apply within the general application of this statement.
5. Any service drive or other ingress or egress for motor vehicles shall be adequately designed and paved in accordance with the now published regulations of the Bureau of Traffic Engineering and Operations and in compliance with the Municipal Code of the City of Chicago.
6. The height restrictions of any building or appurtenance attached thereto shall be subject to:
 - (a) Height limitations as certified on F.A.A. Form 7460-1 or successor forms involving the same subject matter and approved by the Federal Aviation Administration; and
 - (b) Airport zoning regulations now in effect as established by the Departments of Planning, Aviation, and Law, and approved by the City Council.
7. All required off-street parking and loading facilities, except interim uses, will be provided below grade. The applicant shall also make its Garvey Court tunnel under Lake Street available for service vehicles and limited parking access for the remainder of Block 35; provided, however, that all access including a limited

number of automobiles shall be subject to the agreement of the applicant and the adjacent owner concerning access fees, or in the alternative, subject to the determination of an arbitration proceeding conducted by a three person panel consisting of M.A.I. appraisers selected in accordance with the procedures of the American Arbitration Association which shall determine the terms and compensation based upon the value of the parking spaces and loading to the entire adjacent project to be paid to Developer in the absence of such agreements.

8. For purposes of floor area ratio (F.A.R.) calculations, the definitions in the Chicago Zoning Ordinance shall apply, provided, however, the floor area devoted to mechanical uses in excess of 5,000 square feet per floor shall not be included as floor area in the F.A.R. calculations.
9. Business and business identification signs shall be permitted within the Planned Development subject to the review and approval of the Departments of Planning, Zoning and Inspectional Services. If applicable, pursuant to the provisions of Chapter 86, Section 86.1-11 of the Municipal Code, City Council approval shall also be required. Temporary signs, such as construction and marketing signs, may be permitted subject to the approval of the Zoning Administrator.
10. This Business Planned Development shall not be effective until such time as the City and applicant have executed a redevelopment agreement.
11. The applicant and the City agree to participate in certain aspects of the preservation and reutilization program of the North Loop Redevelopment Plan. The applicant shall purchase the land and buildings comprising the Harris and Selwyn Theaters and shall thereafter convey title to the City of Chicago retaining a reversionary interest. The City of Chicago will lease back only the buildings to the applicant for the purpose of entering into a long term sublease at a nominal rental to a not-for-profit theater group. The City of Chicago will exercise its best efforts to accumulate up to \$6 Million Dollars to renovate these Chicago landmarks for theater use. In the event the City is successful in this effort, it will have a major role with the applicant in the selection of the not-for-profit operator. The inability of the City of Chicago to cause this accumulation by December 31, 1989 shall allow the applicant the option of developing a direct program with a not-for-profit theater group. If no not-for-profit theater operator is identified by the applicant or the City of Chicago after seven (7) years from the date of this ordinance, the applicant can exercise its reversion and develop a program with a for profit cultural and/or entertainment activity.

If the applicant cannot complete the acquisition of the theater buildings and land because of some act beyond its control, the applicant shall provide funds in the amount of its offer to purchase for a City of Chicago acquisition fund for the Harris and Selwyn. The funds could be drawn down at such time as the City of Chicago advises the applicant that acquisition monies are due and owing to the Harris and Selwyn owners. The City of Chicago and the applicant will thereafter proceed according to the provisions of paragraph 1 of this Section.

This Section shall be superseded by any redevelopment agreement between the City of Chicago and the applicant containing substantially the same terms upon its approval by the City Council. The City of Chicago and the applicant shall negotiate in good faith toward the preparation of a redevelopment agreement which substantially conforms to the provisions of this ordinance; provided however, the parties must execute a redevelopment agreement no later than September 30, 1988 or such extended date as agreed to in writing by the applicant and the Department of Planning.

12. The following program elements are specifically incorporated in these statements as evidence of compliance with the North Loop Redevelopment Guidelines:

- (a) Upgrade the north one-half of the Couch Place improvement program related to that portion west of North Dearborn Street, including contribution of one-half of the cost of installation of ground surfaces, lighting elements, retail knockout panel like those situated on Block 36 of Couch Place, if feasible, or alternative use or design as approved by the Commissioner of Planning, such costs to be offset by net income from the retail shops, and accessory street elements consistent with the elements generally found in similar high quality public spaces in the community. Such upgrade shall be coordinated with owners of property adjacent to south half of Couch Place. The design of these improvements are subject to the review and approval of the Commissioner of Planning;
- (b) Construction of a north-south pedestrian arcade at grade level generally located at or near the eastern property line running from Lake Street to Randolph Street to accommodate double loaded retail shops. The applicant, consistent with the planning objectives of the City of Chicago, will cooperate, without obligation, in efforts toward joint development of said arcade with the adjacent owner. Width of the open aisle shall be not less than 12 feet. An atrium entrance of not less than 1,500 square feet in floor area with opportunities for natural light at the intersection of Couch Place and the arcade shall be provided. Said atrium shall be consistent with the scale of surrounding retail uses and pedestrian corridors and shall provide a sense of arrival appropriate to the pedestrian terminus of Couch Place; however, said atrium shall not encroach into the adjacent tenant lobby space. Public accessibility shall be consistent with custom and practice of other North Loop privately owned pedways and arcades. Completion of the arcade shall be substantially consistent with each of the adjoining phases of office development;
- (c) The applicant at its sole expense will construct a publicly accessible pedestrian tunnel under Clark Street to join the State of Illinois Center. Public accessibility from Couch Place and the north-south pedestrian arcade shall be consistent with the custom and practices of other North Loop privately owned pedways and arcades. The City of Chicago will waive any fees in connection therewith; and

- (d) Retail opportunities at the property lines will be maximized along Clark, Lake and Randolph Streets.
13. The Plan of Development hereby attached shall be subject to the "Rules, Regulations and Procedures in Relation to Planned Development Amendments" as promulgated by the Commissioner of the Department of Planning and in force on the date of this application.

EXECUTION OF DEVELOPMENT/LOAN AGREEMENT WITH
PARK TOWERS APARTMENTS, LIMITED FOR
CONSTRUCTION OF CERTAIN RENTAL
APARTMENTS.

On motion of Alderman Natarus, the City Council took up for consideration the report of the Committee on Housing, deferred and published in the Journal of the Proceedings of July 29, 1988, pages 16650 through 16652, recommending that the City Council pass a proposed ordinance authorizing the execution of a Development/Loan Agreement whereby \$3,966,250.00 in Housing Development Grant funds will be loaned to Park Towers Apartments, Limited for construction of certain rental apartments.

Alderman T. Evans presented the following proposed substitute ordinance:

WHEREAS, On July 9, 1986, the City Council ("City Council") of the City of Chicago (the "City") passed an ordinance authorizing the submission of an application to the United States Department of Housing and Urban Development ("H.U.D.") for a Housing Development Action Grant ("H.D.G.") to assist in the financing of the construction of Park Towers Apartments ("Project"); and

WHEREAS, The proposed Project would consist of one hundred fifty-five (155) units of rental housing to be constructed in the Fourth Ward, at 5132 -- 5144 South Hyde Park Boulevard ("site"), only thirty-one (31) of which would be set aside for low and moderate income persons; and

WHEREAS, Said units set aside for low and moderate income persons meets only the very minimum twenty percent (20%) H.U.D. requirement as embodied in Chapter 24 of the Code of Federal Regulations Part 850.1; and

WHEREAS, Said units set aside for low and moderate income persons shall be available to those citizens of Chicago in need of affordable housing only for a period of twenty (20) years; and

WHEREAS, The Project's total estimated cost is \$14,278,319 as stated on page 72, Section J, Line 11 of the application submitted to H.U.D.; and

WHEREAS, It has been proposed that the City of Chicago and its citizens finance said Project; making available \$3,966,250 in federal H.D.G. funds and issuing up to \$14,100,000 in revenue bonds; and

WHEREAS, Said Project as presently financed would require the City of Chicago and it's citizens to finance 90 percent of said Project and receive only 20 percent (31 of the available 155 units) for low and moderate income citizens for a period of only twenty years; and

WHEREAS, After public hearings it is clear that the majority of citizens within the Fourth Ward and immediately effected by the Project, oppose it's location at 5132 -- 5144 South Hyde Park Boulevard due to the inevitable increase in congestion, traffic and parking problems; and

WHEREAS, Many residents of the Cornell Village Condominiums, 5201 S. Cornell Avenue, oppose the 21-story building Project for the above stated reasons, and because it violates a covenant prohibiting a structure taller than 26 feet above the ground from being built on the proposed site; and

WHEREAS, Said covenant was lawfully intended to protect the property values of said residents, said covenant being recorded with the Cook County Registrar of Titles as document No. 21152282 and dated May 6, 1970; and

WHEREAS, The proposed Project's site 5132 -- 5144 S. Hyde Park Boulevard is approximately two blocks from Lake Michigan and adjacent to parks, said proposed site is attractive to private investors willing to develop said site with luxury and moderate income low-rise townhouses, without government funding; and

WHEREAS, There are other sites within the Fourth Ward and the City of Chicago which are blighted with poor housing and clearly would not be developed without the usage of public funds, such as 47th and Lake Park, or West Lawndale; and

WHEREAS, The usage of the \$3,966,250 H.D.G. and the 14 million in revenue bond authority for the eradication of such blighted sites better serves the purposes of economic development and affordable housing through providing an "anchor" for additional private investors; and

WHEREAS, The proposed Project site is an inappropriate "anchor" for additional development within the Fourth Ward and the City of Chicago, in comparison with said blighted sites; and

WHEREAS, H.U.D. is authorized to waive approval of the proposed Project in favor of an alternative site which would be more conducive to stimulating development and housing needs within the City without loss of the \$3,966,250, H.D.G.; and

WHEREAS, At the time the City's H.D.G. application was submitted there were alternatives and sites listed other than the proposed Project; and

WHEREAS, To construct the proposed Project at the presently designated site would be against the best interest of the residents of the Fourth Ward and the citizens of Chicago; in that said construction would be an inefficient, and inappropriate usage of public funds resulting in unacceptable levels of congestion, traffic, and parking problems; and

WHEREAS, Said public funds are best utilized in blighted areas within the Fourth Ward of the City of Chicago in order to maximize the opportunity to meet development and housing needs; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Acting Mayor and the Commissioner of the Department of Housing ("Commissioner") are required to identify and rank a list of alternative sites within the Fourth Ward and the City of Chicago which would meet H.U.D. requirements for Housing Development Grants as defined in 24 C.F.R. Part 850. The list of alternative sites should include 47th and Lake Park, Plaisance Court, Fillmore Place, West Lawndale, along with any other desirable sites within the City. Said alternative sites shall be selected from previously considered grant applicants without additional public hearing within three (3) days of this ordinance's passage.

SECTION 2. The Commissioner and the Acting Mayor are authorized to petition H.U.D. for a waiver of its preliminary funding approval for the project; in favor of an alternative site within the Fourth Ward of the City of Chicago agreeable to H.U.D.; within three days of this ordinance's passage.

SECTION 3. The City revokes and rescinds any and all previous ordinances authorizing usage of government funds at 5132 -- 5144 South Hyde Park Boulevard; including the July 9, 1986 ordinances authorizing the H.D.G. application and revenue bond financing for said proposed Project.

SECTION 4. This ordinance shall take effect upon its passage by the City Council.

The following is said ordinance as passed:

WHEREAS, On July 9, 1986, after publication of notice and a public hearing, the City Council ("City Council") of the City of Chicago (the "City") passed an ordinance authorizing the submission of an application to the United States Department of Housing and Urban Development ("H.U.D.") for a Housing Development Action Grant ("H.D.G.") to assist in the financing of the construction of Park Towers Apartments ("Project"); (Journal of Proceedings, pp. 31455 -- 31456); and

WHEREAS, On July 9, 1986, after publication of notice and a public hearing, the City Council passed an inducement ordinance whereby the City agreed to use its best efforts to provide revenue bond financing for construction of the Project; and

WHEREAS, The proposed Project would consist of one hundred fifty-five (155) units of rental housing to be constructed in the fourth ward, at 5132 -- 5144 South Hyde Park Boulevard ("Property") of which thirty-one (31) would be set aside for low and moderate income persons pursuant to H.U.D. regulations; and

WHEREAS, On September 26, 1986, H.U.D. issued a Selection of Project for Preliminary Funding Approval to the City for a H.D.G. in an amount of \$3,966,250; and

WHEREAS, An agreement between the City and H.U.D. ("Grant Agreement") will provide that the H.D.G. funds are to be made available by the City to Park Towers Apartments, Limited the owner of the Project ("Developer"), in the form of a low-interest loan to be applied to certain construction costs, and that the loan would be repaid to the City under terms set forth in the Grant Agreement; and

WHEREAS, Pursuant to federal housing law, H.U.D. will grant H.D.G. funds only upon the condition that construction of the Project commences no later than September 26, 1988; and

WHEREAS, It would not be financially feasible to develop the Project with its proposed tenant mix without the loan of H.D.G. funds; and

WHEREAS, The Developer currently holds an option to the vacant Property and such Property is currently zoned to permit the proposed construction; and

WHEREAS, In response to concerns that the proposed site at 5132 -- 5144 South Hyde Park Boulevard was not the most desirable or appropriate for the Project, other suitable sites have been explored by the Department of Housing as alternate sites which could be substituted for the Property; and

WHEREAS, Due to a variety of factors, including the absence of required governmental approvals, in particular from H.U.D.; opposition from neighborhood residents; inappropriate zoning and/or lack of site control, none of the other sites identified provide an acceptable alternative site in that it would not be feasible to commence construction on any of such alternate sites on or before September 26, 1988, as required under the terms of the H.D.G. and federal housing law; and

WHEREAS, The City is in need of the new housing units which the Project would provide, particularly those to be set aside for low and moderate income persons; and

WHEREAS, It is in the best interests of the City that the City act to secure federal grant funds for low and moderate income housing, which funds have become increasingly scarce and difficult to obtain; and

WHEREAS, There is no assurance that a H.D.G. would be made available by H.U.D. at a future date to insure that such units could be constructed elsewhere; and

WHEREAS, Due to the delay in the implementation of the Project since the initial award of the H.D.G., there has been and continues to be the likelihood of ongoing litigation in connection with the Project, which the City wishes to avoid, if possible; now, therefore,

Be It Ordained by the City Council of the City of Chicago:
