RULE 24. When the previous question is moved on the main question, it shall be put in this form: "Shall the main question now be put?" If such motion is carried by a majority of all the members authorized by law to be elected, no further amendment, motion or debate shall be allowed and the question shall be put without delay upon the pending amendments or motion in inverse order of presentation, and then upon the main question.

RULE 26. A motion to lay any particular motion or proposition on the table shall apply to that motion or proposition only. RULE 27. Subject to the provisions of Rule 25, consideration of a motion or other proposition may not be postponed indefinitely. RULE 34. A vote or question may be reconsidered at any time during the same meeting, or at the first regular meeting held thereafter. A motion for reconsideration, having been once made and decided in the negative, shall not be renewed, nor shall a motion to reconsider be reconsidered.

A motion to reconsider must be made by a member who voted on the prevailing side of the question to be reconsidered, unless otherwise provided by law; provided however, that where a motion has received a majority vote in the affirmative, but is declared lost solely on the ground that a greater number of affirmative votes is required by statute for the passage or adoption of such motion, then in such case a motion to reconsider may be made only by a member who voted in the affirmative on such question to be reconsidered.

RULE 39. Except in cases of emergency, not less than three (3) days, exclusive of Sundays and holidays, shall intervene between the issuance of a call for a committee meeting and the date set in the call for that meeting, and each member shall attend promptly at the hour stated in the notice.

The Chairman of a committee shall have the authority to call meetings of such committee.

If a majority of the members of any standing committee make written request to the Chairman of such committee to call a meeting of the committee, and if such Chairman fails to act on such request for a period of three (3) days, the said majority members shall have authority to call a meeting of such committee by filing a written notice or call to that effect with the City Clerk. A copy of the request made by said Aldermen to the Chairman of the committee shall be attached to such written notice or call.

One-half ($\frac{1}{2}$) of the total number of members of each standing committee (excepting from such total the President Pro Tempore) shall constitute a quorum; a majority of the members appointed to each special committee and subcommittee which may be created shall constitute a quorum of such special committee or subcommittee. However, a quorum of the Committee on Finance and the Committee on the Budget and Government Operations shall be fifteen (15) members.

Whenever any committee shall find itself unable to proceed with the business before it at any meeting because of the lack of a quorum, the remaining members of the committee shall be competent to adjourn or recess to a date certain.

Requirements For Written Notice
And Agenda.

RULE 40. Notice of all committee meetings shall be in written form to all members of the Council, all other persons who have filed with the committee a request for notice of its meetings, all departments of the city government which may be affected by the matters to be considered at the meeting, and to the general public by posting in the Office of the City Clerk, the Legislative Reference Bureau, the Municipal Reference Library and on the bulletin board in the Council Chamber. The notice shall state the day and hour of the meeting and shall contain a statement of the subject matter to be considered, or a statement that an agenda of the matters to be considered is available in

the office of the committee, which agenda shall be prepared and distributed to all Aldermen by the Chairman not less than three (3) days prior to the meeting. Notice of all subcommittee meetings shall be given to all members of the City Council. Every ordinance, order, resolution, petition, appointment or other matter referred to a standing committee of the City Council (excepting claims) shall appear on the agenda of the committee at the meeting of the committee next following its introduction, submission or referral to the committee.

Referring Of New Business To Committees;
Report To Council When Committee
Fails To Act.

RULE 41. All ordinances, orders, petitions, resolutions, motions, communications or other propositions shall be referred, without debate, to the appropriate committees and only acted upon by the City Council at a subsequent meeting, on the report of the committee having the same in charge; provided, however, that the following shall not be subject to this rule:

- (a) Ordinances fixing the time for the next succeeding regular meeting of the City Council.
- (b) Motions listed in Rule 21 and purely procedural motions.
- (c) Resolutions determining the membership, Chairman or Vice-Chairman of Council committees, Vice Mayor or President Pro Tempore.

In addition to those matters listed in Rule 41 which are not subject to referral to committee, all resolutions concerning deaths, congratulations, ceremonial and noncontroversial matters may be considered by the whole City Council without the suspension of the Rules of Order and Procedure and adopted as a group by a single motion to "Do Pass" at any regular meeting of the City Council upon recommendation of the Chairman of the Committee on Finance or the Chairman of the Committee on Committees, Rules and Ethics herein so designated for the purpose of recommending passage of such agreed resolutions. Resolutions calling for the expenditure of funds or directing investigations shall not be subject to the agreed resolution procedures. Each matter so recommended shall be briefly described by subject and sponsor by the member(s) reporting agreed resolutions. Any matter on the Agreed Calendar shall be removed on the motion of any Alderman and shall then be subject to the Rules of Order and Procedure of the City Council as provided in this Rule 41. For the purpose of facilitating the review of such resolutions, all matters to be considered shall be filed with

the City Clerk twenty-four (24) hours in advance of the Council meeting at which they will be considered and made available to the Aldermen selected to review such matters.

Nothing in this Rule 41 or the Rules of Order and Procedure of the City Council shall preclude the introduction or submission of ordinances, orders or resolutions, petitions or other propositions into a committee of the City Council by an operating department, office or agency in order to facilitate an expeditious hearing on said matter or where an emergency exists. In addition, routine or repetitive matters may also be introduced directly into a committee of the City Council for hearing. This provision shall not apply to matters described in paragraphs (a), (b) or (c) of this Rule.

Whenever any referred matter shall not have been reported back to the City Council by the committee to which referred, within a period of thirty (30) days, the chairman of the committee shall at the written request of the sponsor submit a report in writing to the Council at its next regular meeting, giving a brief summary of the proceedings had in said committee in relation to such referred matter and stating the reasons for the failure or inability of the committee to report such referred matter back to the Council together with its conclusion thereon up to such time. Such report of the committee chairman shall be presented under the order of "Reports of Committees".

At the end of each calendar quarter, each committee shall submit a summary report of its activities during such quarter, which shall identify all matters referred to the committee, all matters referred to subcommittees, hearings held on each referred matter, reports and recommendations made by the committee, and the attendance of each committee member at regularly scheduled committee meetings. Each committee shall place such report on file with the City Clerk.

Whenever any referred matter shall not have been reported back to the City Council by the committee to which referred, within a period of sixty (60) days, any Alderman may move to discharge the committee from further consideration of that matter. The motion to discharge shall be made under the order of "Miscellaneous Business", and shall require the affirmative vote of a majority of all the Aldermen entitled by law to be elected.

No deferred matter, whether deferred pursuant to these rules or pursuant to statute, may be called for a vote unless written notice, identifying each matter to be called for a vote, is delivered to, and time stamped by, the City Clerk and copies delivered to all Aldermen at least 24 hours in advance of the City Council meeting.

Procedure When Two Or More Committees
Are Called.

RULE 42. When two or more committees are called, the subject matter shall be referred, without debate, to the Committee on Committees, Rules and Ethics which shall recommend to which committee of the Council the subject matter shall go. In each instance, the Committee on Committees, Rules and Ethics shall report its recommendation to the Council at the next regular meeting succeeding the meeting at which any matter involving a conflict of jurisdiction of committees shall have been referred to it.

Deferring Of Appointments Requiring
Council Approval.

RULE 43. Communications as to appointments which require approval or concurrence by the Council shall be referred to the appropriate committee in accordance with these rules. Communications informing the Council as to appointments which do not require approval or concurrence by the Council shall be received and placed on file, unless other action is taken thereon.

Reports Of Committees.

RULE 44. All reports of committees (other than a Committee of the Whole, which may submit a verbal report through its Chairman or other member) shall be addressed in writing "To the President and Members of the City Council". They shall briefly describe the matter referred, and the conclusion shall be summed up in the form of an ordinance, order, resolution, recommendation or some other distinct proposition; and shall contain a statement showing the number of members of the committee who voted for and the number who voted against the recommendation contained in the report.

Each subject-matter considered by a committee shall be presented to the City Council in a separate report except claims, payment of hospital and medical expenses of police officers and firefighters injured in the line of duty, routine traffic matters and condominium refuse rebate claims.

Reports of all committees dealing with proposed ordinances, orders and resolutions shall recommend that such proposed ordinances, orders or resolutions "pass" or "do not pass".

Each committee report recommending action by the City Council shall be presented to the Council by the chairman of the committee or by any other member of the committee designated by the chairman. The chairman or

member presenting the report may have up to five (5) minutes for the purpose of explaining the report, notwithstanding a motion or demand to defer and publish.

If a committee report recommends that the Council adopt or pass an ordinance, resolution or order, the report may be taken up and acted upon after its presentation, subject to deferral by appropriate action.

If a committee report recommends that the Council do not adopt or do not pass an ordinance, resolution or order, at the time such report is presented, or at the next meeting of the Council if action on such report has been deferred, such ordinance, resolution, or order shall be automatically tabled and may not be further considered, unless a member of the body moves to disapprove the committee report and such motion is adopted by the affirmative vote of a majority of the Aldermen entitled by law to be elected. The motion to disapprove the committee report may be deferred only until the next regular meeting of the Council, and may not be renewed thereafter. If the motion to disapprove is adopted, the ordinance, resolution or order shall be before the Council.

A committee may report a substitute for ordinances, resolutions and orders referred to it, and such substitute shall be reported with a "do pass" recommendation. Such committee report shall identify the matters referred to it for which its recommendation substitutes, and all such matters shall be deemed recommended "do not pass".

Records Of Proceedings Of Committees; Roll Call.

RULE 45. Each committee of the City Council shall cause to be kept a record of its proceedings; and whenever a roll call is had by any committee the record shall plainly indicate the vote of each member thereon. A roll call shall be had on any matter at the request of any member of the committee. Committee records shall be filed on a monthly basis in the Office of the City Clerk and the Legislative Reference Bureau and shall be open to public inspection.
