REPORTS AND COMMUNICATIONS FROM CITY OFFICERS.

Rules Suspended -- TRIBUTE TO LATE UNITED STATES SECRETARY OF COMMERCE RONALD H. BROWN.

The Honorable Richard M. Daley, Mayor, presented the following communication:

OFFICE OF THE MAYOR
CITY OF CHICAGO

April 16, 1996.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN -- I transmit herewith a resolution honoring the life and memory of Ronald Brown.

Your favorable consideration of this resolution will be appreciated.

Very truly yours,

(Signed) RICHARD M. DALEY,
Mayor.

Alderman Burke moved to *Suspend the Rules Temporarily* for the immediate consideration of and action upon the said proposed resolution. The motion *Prevailed.*

The following is said proposed resolution:

WHEREAS, It was with great shock and sadness that members of this chamber learned of the death of United States Secretary of Commerce Ronald H. Brown and thirty-four other individuals in a plane crash in Croatia on April 3, 1996; and

WHEREAS, Secretary Brown was one of America's most effective Secretaries of Commerce, and was known throughout the world for his tireless promotion of American technology, industry and exports; and

WHEREAS, Never losing sight of the United States Commerce Department's mission to ensure economic opportunity for all Americans, Ron Brown continuously worked to bring economic development to distressed communities across the nation; and

WHEREAS, A skilled attorney and negotiator, Ron Brown worked throughout his career to build bridges between people of differing backgrounds and interests; and

WHEREAS, Prior to his being sworn in as the 30th United States Secretary of Commerce on January 22, 1993, thereby becoming the first African-American to hold that office, Ron Brown enjoyed tremendous success as the chairman of the Democratic National Committee; and

WHEREAS, Secretary Brown, who was born in Washington, D.C. and raised in New York City, was graduated from Middlebury College in Vermont and, after serving four years in the army in Germany and Korea, earned his law degree from St. John's University; and

WHEREAS, Secretary Brown is survived by his wife, Alma, their son Michael, and their daughter, Tracy; and

WHEREAS, Secretary Brown's death represents a loss to this country of one of its most competent and dynamic leaders, and a loss to the City of Chicago of a valued friend; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this sixteenth day of April, 1996, do hereby mourn the passing of United States Secretary of Commerce Ronald H. Brown, and extend our heartfelt sympathy to his family; and

Be It Further Resolved, That suitable copies of this resolution be presented to his family as a sign of our esteem.

On motion of Alderman Burke, seconded by Alderman Shaw, the foregoing proposed resolution was *Adopted* by a rising vote.

At this point in the proceedings, the Honorable Richard M. Daley, Mayor, rose to express his personal condolences to the family of Ronald H. Brown. Remembering him as one whose life was characterized by achievement and

excellence in all endeavors, Mayor Daley reflected upon the complete realization of a long-ago covenant between young Ron and his father who, in return for the provision of an exemplary education, expected his son to "make a difference". Whether taking a personal stand against those who would use race to inflame and foster division during the Chicago mayoral election of 1989, or using his personal diplomacy as Secretary of Commerce to ensure economic opportunity for all Americans, Ronald H. Brown was a bridge builder who cared not about race, color or creed but who saw the best in all people. Ronald H. Brown was not only an outstanding public official, Mayor Daley continued, but a uniquely talented human being who will be acutely missed.

Rules Suspended -- GRATITUDE EXTENDED TO PARAMEDIC MICHAEL MC QUERRY FOR HEROIC ACTION DURING FIRE AT 4155 WEST ROSCOE STREET.

Alderman Wojcik moved to *Suspend the Rules Temporarily* to go out of the regular order of business for the immediate consideration of and action upon a proposed resolution. The motion *Prevailed.*

The following is said proposed resolution:

WHEREAS, On February 20, 1996, a residential fire broke out at 4155 West Roscoe Street; and

WHEREAS, Michael McQuerry, a paramedic who was off-duty at the time, saw the flames and smoke coming from the second floor; and

WHEREAS, Knowing that an elderly handicapped woman lived alone in the building, Michael McQuerry was on the scene well before fire fighters arrived; and

WHEREAS, Michael McQuerry entered the burning building and carried the woman out to safety; and

WHEREAS, Local fire fighters arrived and were able to contain and extinguish the blaze before it spread to neighboring buildings; now, therefore,

Be It Resolved, That we, the Mayor and the members of the City Council of the City of Chicago, do hereby, on this the sixteenth day of April, 1996, A.D., express our great appreciation to Michael McQuerry for his brave and heroic act in risking his life to save the life of a fellow human being; and

Any discovery or invention (37 C.F.R., Part 401) arising out of, or developed in conjunction with this Agreement shall be promptly and fully reported to H.U.D. for a determination as to whether patent protection on such invention or discovery should be sought. In addition to the conflict of interest requirements in 24 C.F.R., Part 85, no person who is an employee, agent, consultant, officer or elected or appointed official of the City and who exercises or has exercised any functions or responsibilities with respect to assisted activities, or who is in a position to

The Trust Fund shall perform under this Agreement as an independent contractor to the City and not as a representative, employee, agent or partner of the City.

Section 9.

Events Of Default And Remedies; Termination.

9.1

The following, subject to the notice and cure provisions of Section 9.2 hereof, shall constitute events of default ("Events of Default") hereunder:

(a) any misrepresentation, whether negligent or willful and whether in the inducement or in the performance, made by the Trust Fund to the City;

(b) the Trust Fund's failure to perform any of its obligations under this Agreement including, but not limited to, the following:

(e) the rendering against the Trust Fund by a court of record of a final judgment for the payment of money in excess of One Hundred Thousand Dollars ($100,000), which the Trust Fund has not discharged or provided for its discharge in accordance with the terms of the judgment, or has not procured a stay of execution thereof, within sixty (60) days from the date of entry thereof; or

(f) default by the Trust Fund under any other agreement which the Trust Fund may currently have or may enter into with the City.

9.2

If any event referred to in Section 9.1 hereof cannot reasonably be cured within thirty (30) days after receipt of notice given in accordance with the terms of this Agreement, or if the Trust Fund has failed, in the sole opinion of the City, to commence and continue diligent efforts to cure such event, the City may, at its sole option, declare an Event of Default hereunder. Whether to declare an Event of Default hereunder is within the sole discretion of the City and neither that decision nor the factual basis for it is subject to review or challenge under this Agreement. Written notification of, or that results in, an Event of Default, and any intention of the City to terminate this

Agreement, shall be provided to the Trust Fund and such decision shall be final and effective upon receipt of such notice pursuant to Section 12.7 hereof and failure to cure within the stated applicable cure period. Upon the giving of such notice, the City may invoke any or all of the following remedies:

(a) the right to terminate this Agreement effective at a time specified by the City;

(b) the right of specific performance, an injunction or any other appropriate equitable remedy;

(c) the right to money damages;

(d) the right to withhold all or any part of the remaining Grant Funds;

(e) the right to deem the Trust Fund nonresponsible in future contracts to be awarded by the City; and

(f) the right to demand that the Trust Fund repay the Grant Funds in whole or in part.

9.3

If the City considers it to be in its best interests, it may elect not to declare an Event of Default hereunder or to terminate this Agreement. The parties acknowledge that this provision is solely for the benefit of the City and that the Trust Fund shall in no way be relieved of any of its responsibilities, duties or obligations under this Agreement nor shall the City waive or relinquish any of its rights thereby.

9.4

The remedies under the terms of this Agreement are not intended to be exclusive of any other remedies provided, but each and every such remedy shall be cumulative and shall be in addition to any other remedies, existing now or hereafter, at law, in equity or by statute. No delay or failure to exercise any right or power accruing upon any Event of Default shall impair any such right or power nor shall it be construed as a waiver of any Event of Default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

9.5

The Trust Fund acknowledges and agrees that upon the occurrence of an Event of Default under this Agreement the City may also declare a default under any such other agreements described in Section 9.1(f) hereof.

9.6

In the event the Trust Fund should default under any of the provisions of this Agreement and the City should employ attorneys or incur other expenses for the collection of the payments due under this Agreement or the enforcement of performance or observance of any obligation or agreement on the part of the Trust Fund herein contained, the Trust Fund agrees that it will, on demand therefor, pay to the City the reasonable fees of such attorneys and such other expenses so incurred by the City.

9.7

In addition to termination pursuant to Section 9.2 hereof, the City may terminate this Agreement, or all or any portion of hereunder, at any time by a notice in writing from the City to the Trust Fund when this Agreement may be deemed to be no longer in the best interests of the City. If the City elects to terminate this Agreement in full, all services to be provided hereunder shall cease effective ten (10) days after the date of receipt of the notice in accordance with Section 13.7 of this Agreement if no date is given or upon the effective date stated in the notice.

During the final ten (10) days the Trust Fund shall restrict its activities, and those of its subcontractors, to completing any reports, analyses or other activities previously begun. No costs incurred after the effective date of the termination shall be allowed.

If the City's election to terminate this Agreement for default pursuant to Sections 9.1 and 9.2 hereof is determined in a court of competent jurisdiction to have been wrongful, then in that case the termination shall be deemed to be a termination for convenience pursuant to this Section 9.7.

Section 10.

Inspection And Review.

The Trust Fund shall maintain and make available to the City such information necessary to assist the City in its compliance with all applicable laws including, but not limited to, dates and reports regarding the Trust Fund's activities. The Trust Fund shall maintain all documents pertaining to this Agreement, including, but not limited to all financial, statistical, property and participant information documentation.

applicable), inspection, copying, abstracting and transcriptions and shall make these records available to, and cooperate fully with, the City, the United States Comptroller General or the Auditor General of the State at reasonable times during the performance of its Services. In addition, the Contractor shall retain them in a safe place and make them available for audit, inspection, copying, abstracting and transcriptions for at least five (5) years after the D.O.H. and H.U.D. determine that the Trust Fund has met all closeout requirements for this Agreement.

To the extent that the Trust Fund conducts any business operations separate and apart from this Agreement using, for example, personnel, equipment, supplies or facilities also used in connection with this Agreement, then the Trust Fund shall maintain and make similarly available to the City, the United States Comptroller General and the Auditor General of the State detailed records supporting the Trust Fund's allocation to this Agreement of the costs and expenses attributable to any such shared usages.

The Trust Fund shall maintain its books, records, documents, and other evidence and shall adopt accounting procedures and practices sufficient to reflect properly all costs of whatever nature claimed to have been incurred and anticipated to be incurred for or in connection with the performance of this Agreement. This system of accounting shall be in accordance with generally accepted federal accounting principles and practices, as set forth in the applicable United States Office of Management and Budget ("O.M.B.") Circulars A-87, A-110 and A-122, as amended, succeeded or revised, and 24 C.F.R., Part 85.

No provision in this Agreement granting the City the right of access to records and documents is intended to impair, limit or affect any right of access to such records and documents which the City would have had in the absence of such provisions.

Section 11.

Indemnification.

The Trust Fund shall defend, indemnify and hold harmless the City, its employees, agents and officials against all claims, suits, judgments, costs or expenses arising out of, resulting from or in any way connected with this Agreement, the Trust Fund Grant or the Trust Fund/S.H. Program, excluding however any claims, suits, judgments, costs or expenses occasioned by the gross negligence or willful misconduct of the City unless such act is taken in response to (i) any negligent act or omission of the Trust Fund or (ii) any breach by the Trust Fund of this Agreement or any other document executed in connection with the Trust Fund Grant.

To induce the City to execute the Lease and perform the obligations of the City hereunder, the Tenant hereby represents, covenants and warrants to the City as follows:

(a) Tenant is a duly organized and existing Illinois not-for-profit corporation in good standing under the laws of the State of Illinois.

(b) No litigation or proceedings are pending, or to the best of Tenant's knowledge, are threatened against Tenant or any party affiliated with Tenant which could: (i) affect the ability of Tenant to perform its obligations pursuant to and as contemplated by the terms and provisions of the Lease; or (ii) materially affect the operation or financial condition of Tenant.

(c) To the best of Tenant's knowledge, the execution, delivery and performance by Tenant of the Lease have not constituted or will not, upon the giving of notice or lapse of time, or both, constitute a breach or default under any other agreement to which Tenant or any party affiliated with Tenant is a party or may be bound or affected, or a violation of any law or court order which may affect the Facility, the Site, any part thereof, any interest therein or the use thereof.

(d) The parties executing the Lease on behalf of Tenant have been duly authorized by all appropriate action to enter into, execute and deliver the Lease and perform the terms and obligations contained herein.

(e) To the best of its knowledge, the use of the Facility and the Site by Tenant shall not violate: (i) any statute, law, regulation, rule, ordinance or executive or judicial order of any kind

(including, without limitation, zoning and building laws, ordinances, codes or approvals and environment protection laws or regulations); or (ii) any building permit, restriction of record or any agreement affecting the Facility, the Site or any part thereof.

(f) Except as otherwise provided in the Lease, and specifically as described in Section 4.11 below and Section N of the Work Letter, Tenant shall not, without the prior written consent of the D.G.S., which the D.G.S. may withhold in its sole discretion: (i) grant, suffer or permit any lien, claim or encumbrance upon the Site or any portion thereof; (ii) permit or suffer any levy, attachment, claim or restraint to be made affecting the Site or any portion thereof; provided, however, that Tenant shall be entitled to contest any lien placed on the Site, provided Tenant establishes with a title insurance company a title indemnity account enabling such insurer to insure over the lien on a policy in favor of the City; or (iii) enter into any transaction not in the ordinary course of business of Tenant, which materially or adversely affects Tenant's ability to pay its debts as such may then exist or mature.

(g) Tenant shall utilize the Facility and the Parking Lot solely for those uses permitted by the terms of the Lease.

(h) Tenant has agreed to comply with the terms of: (1) the affidavits; (2) the Public Benefits Agreement; (3) the Agreement to Provide Assistance to the Chicago Board of Education; and (4) those certain public policy covenants described in Section 5.1 below.

2.2 Representations And Warranties Of The City.

To induce Tenant to execute the Lease and perform the obligations of Tenant hereunder, the City hereby represents and warrants to Tenant that the City has authority under its home rule powers granted in the Constitution of the State of Illinois to enter into, execute, and deliver the lease and perform the terms and obligations contained herein.

2.3 Survival Of Representations And Warranties.

Tenant agrees that all of its representations and warranties, and the City agrees that all of its representations and warranties, set forth in this Section II or elsewhere in the Lease are true as of the execution date of the Lease and will be true at all times hereafter, except with respect to matters which have been disclosed in writing to and approved by the other party.

Section III.

General Conditions Of The Lease.

3.1 Assemblage Of The Site.

The City presently owns in fee simple the Property. Subsequent to the execution date of the Lease, the City shall use its best efforts to acquire (by eminent domain proceedings if necessary) the Parking Lot.

In the event that the City is unsuccessful in acquiring the Parking Lot as described in this Section 3.1 by _____, 1996, then the City shall deliver written notice of such to Tenant. Within thirty (30) days of the receipt of said notice, Tenant, at its option, may choose to terminate the Lease by written notice to the City. At such point, the City and Tenant shall be under no further obligation to the other party. If, however, the City does not receive written notice from Tenant by the expiration of said thirty (30) day period, the Lease shall be deemed to remain in full force and effect, and thereafter, the term "Site" shall refer solely to the Property.

3.2 Construction Of The Project.

Upon the execution of the Lease by the parties, the City and Tenant shall proceed to construct the Project at the Facility in accordance with the terms and conditions described in the Work Letter, which is attached hereto as (Sub)Exhibit B.

3.3 Granting Of Lease; Term.

In consideration of the obligation of the Tenant to pay such fees and maintain the Facility and the Parking Lot as herein provided and in consideration of the other terms, covenants, and conditions contained in the Lease, the City shall lease to Tenant the Property, the Facility, and in conjunction with Section 3.1 above, the Parking Lot, to have and to hold for the Term of the Lease, subject to the terms, covenants and conditions of the Lease. The term of the Lease ("Term") shall be for a period of five (5) years beginning with the Commencement Date. For purposes of the Lease, the term "Commencement Date" shall be the date upon which the D.G.S. issues the Certificate with regard to the completion of the Project, or the City's Department of Buildings issues a Certificate of Occupancy, whichever is earlier.

3.4 Acceptance Of The Facility.

The City shall deliver possession of the Facility and the Property, and if

and when it has been acquired, the Parking Lot, to Tenant in accordance with paragraph C of the Work Letter, Tenant agrees to accept the Facility and the Property in its condition as of the execution date of the Lease subject to all applicable laws, ordinances, rules and regulations governing the use of the Facility. Tenant shall accept the condition of the Parking Lot upon its acquisition by the City (and the subsequent demolition of the existing structures located on the Parking Lot by the City and the completion of any environmental remediation work) and thereafter delivery of possession thereto by the City to Tenant, subject to all applicable laws, ordinances, rules and regulations governing the use of the Parking Lot. Tenant acknowledges that the City has made no representation or warranty as to the suitability of the Facility for the conduct of Tenant's activities as provided herein and Tenant acknowledges that there is not express or implied warranty that the Facility is suitable for Tenant's intended purposes. The taking of possession of the Facility or the Parking Lot shall be conclusive evidence that Tenant accepts the Facility or Parking Lot, as the case may be. In no event shall the City be liable to Tenant for any defects in the Facility or for any limitation on its use.

3.5 Use Of The Facility.

Tenant covenants to the City that its headquarters and main stage theater shall be, upon completion of the Project and the commencement of the Term, and for the duration of the Term, located at the Facility. Tenant shall use the Facility solely as a music school and for the presentation of theatrical, cultural and entertainment activities. Tenant shall operate the theater located at the Facility in accordance with the standards of a first class live theatrical or performing arts organization. In addition to the uses permitted by the terms and conditions of Sections 3.12 and 3.13 below, Tenant shall use the Facility solely for a music school, the presentation of music and cultural activities, a conference center, a retail music store, a restaurant and accessory uses thereto. Tenant shall be responsible for obtaining any and all necessary licenses and permits relating to the operation of any uses of the Facility or the Site as may be required, and for paying any franchise tax, excise, transaction, sales or privilege tax, assessment, levy or charge measured by or based, in whole or in part, upon Tenant's operations at the Facility. The Tenant shall also be liable for all taxes levied or assessed against any personal property or fixtures placed in the Facility.

Tenant agrees that the Parking Lot shall be utilized solely by its employees, the patrons of the Facility and other invitees of Tenant. The City, however, may utilize the Parking Lot for use by patrons of the Sulzer Regional Library upon the receipt of written permission from Tenant, which permission shall not be unreasonably withheld. Tenant shall be solely responsible for obtaining a special use permit and all other necessary permits and approvals with regard to its use of the Parking Lot.

Tenant, at its sole expense, shall comply with all laws (including, without limitation, Environmental Laws, as defined in Section 6.4 below, and laws regarding accessibility for handicapped or disabled persons, as described in Section 5.1 below), ordinances and regulations and all declarations, covenants and restrictions applicable to Tenant's use or occupation of the Facility and the Parking Lot, as the case may be, and with all governmental orders and directives of public officers which impose any duty or restriction upon Tenant with respect to the use or occupation of the Facility or the Parking Lot now existing or hereafter arising. Such obligation shall specifically include any changes or alterations to the Facility or the Parking Lot which may be required under the Americans with Disabilities Act as a result of the use of the Facility or the Parking Lot by Tenant as hereby provided.

Tenant shall not permit any objectionable or unpleasant odors, smoke, dust, gas or noise (at such levels as to violate the City's Noise Ordinance, Chapter 11-4-1100, et seq., Municipal Code of Chicago) to emanate from the Facility or the Parking Lot, nor take any other action that would constitute a nuisance or would disturb, unreasonably interfere with, or endanger the public. Tenant shall not receive, store, or otherwise handle any product, material, or merchandise which is dangerous, explosive or highly inflammable. Tenant shall not permit the Facility or the Parking Lot to be used for any purpose or in any manner that would void the insurance thereof, increase the insurance risk, or cause the disallowance of any sprinkler credits.

3.6 Utilities.

Upon the acceptance of possession of the Facility by Tenant, Tenant shall be solely responsible for all water, gas, heat, light, power, telephone, sewer, sprinkler charges, refuse and trash collection, and other utilities and services used at the Facility or in conjunction with the operation of the Parking Lot, together with any taxes, penalties, surcharges or the like pertaining thereto, and any installation or maintenance charges for utilities, and any storm sewer charges or other similar charges for utilities imposed by any governmental entity or utility provider. Said utility charges shall be directly billed to Tenant. The City shall not be liable for any interruption or failure of utility or any other service to the Facility or the Parking Lot.

In addition, Tenant shall deliver to the City copies of any and all maintenance service contracts obtained by Tenant for hot water, heating and air-conditioning systems, or for elevators and equipment within or serving the Facility. Such service contracts must meet the prior written approval of the City, utilizing contractor(s) approved by the City.

3.7 Real Estate Taxes.

From the execution date of the Lease and for the duration of the Term, the City shall take all appropriate steps to ensure that the fee of the Property, and if acquired by the City, the Parking Lot, shall be exempt from real estate taxation. Tenant shall be responsible for the payment of real estate leasehold taxes which may be assessed upon Tenant's interest in the Property and the Parking Lot.

3.8 Deposit.

Tenant shall deposit with the City on the execution date the amount of Twenty-five Thousand Dollars ($25,000) to be invested pursuant to a joint escrow maintained by an institutional escrowee mutually acceptable to the parties ("Deposit"). The Deposit shall be increased by Tenant within six (6) months of the initial deposit until the maximum amount of One Hundred Thousand Dollars ($100,000) is achieved. The Deposit may be in the form of a letter of credit in favor of the City, the form of said letter meeting the prior approval of the City. The Deposit shall serve as security for the performance of Tenant's obligations under the Lease, it being expressly understood and agreed that such Deposit is not a measure of the City's damages in case of Tenant's default of such obligations. Upon each occurrence of an Event of Default (as hereinafter defined), the City may use all or part of the Deposit to pay any past due payments due the City, and the cost of any other damage, injury, expense or liability caused by such Event of Default without prejudice to any other remedy provided herein or provided by law. On demand, Tenant shall pay the City the amount that will restore the Deposit to its original amount. The Deposit shall be deemed the property of the City, but Ninety Thousand Dollars ($90,000) of such Deposit shall be returned by the City to Tenant upon the issuance of the Certificate by the D.G.S. pursuant to the Work Letter, while the remaining sums shall be retained by the City until the expiration of the Term, as extended by any Option Periods.

3.9 Insurance.

Prior to the delivery of possession of the Facility and the Property to the Tenant by the City, Tenant shall obtain and deliver to the City at Tenant's sole expense, a policy or policies of comprehensive liability and fire insurance in an amount not less than its full insurable value, insuring the Facility against any damage or destruction by reason of fire, hazard, catastrophe, vandalism or malicious mischief. The City shall be named as an additional insured. Said policy shall be issued in such form, in such amount and by such companies as have been approved by the D.G.S. and the Risk Manager of the City in their discretion. Each such policy shall contain an affirmative statement by the insurer to deliver written notice to the City at least thirty (30) days prior to any cancellation or amendment of its policy. Said insurance shall remain in effect until the expiration of the Term.

In addition, Tenant, at its own expense, shall maintain a policy or policies of: (i) workers' compensation insurance no less than the minimum limits required by statute, as amended from time to time; (ii) employer's liability insurance with a minimum limit of One Million Dollars ($1,000,000); (iii) commercial general liability, bodily injury, and property damage insurance, with coverages for premises, operations, independent contractors, broad form contractual in support of Tenant's indemnities under the Lease, and personal injury liability with liability limits not less than One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) in the general aggregate for property damage, personal injuries, or deaths of persons occurring in or about the Facility or the Parking Lot; and (iv) automobile liability insurance with a minimum limit of One Hundred Thousand Dollars ($100,000); provided, however, that the City may from time to time require an increase in any such limits if, in the City's reasonable judgment, higher limits are then appropriate. Tenant, at its own expense also shall maintain fire and extended coverage insurance covering the replacement cost of all of the City's personal property, if any, contained within the Facility or at the Parking Lot. The commercial general liability policy shall name the City as an additional insured (and the other policies shall include waivers of subrogation in favor of the City), insure on an occurrence and not a claims-made basis, be issued by an insurance company which is reasonably acceptable to the City, not be cancelable unless thirty (30) days prior written notice shall have been given to the City, and provide primary coverage to the City (when any policy issued to the City provides duplicate or is similar in coverage, the City's policy will be in excess of Tenant's policies). Said policy or policies or certificates thereof shall be delivered to the City by Tenant prior to any occupancy by Tenant and upon each renewal of said insurance.

Anything in the Lease to the contrary notwithstanding, the Tenant hereby waives and releases the City from all rights of recovery, claim, action or cause of action against the City, its agents, officers and employees, for any loss or damage that may occur to the Facility or the Parking Lot, or personal property within the Facility or at the Parking Lot, for any reason regardless of cause or origin to the extent of any amount recoverable as a result of any such claim, action or cause of action. The Tenant waives any right of subrogation which might otherwise exist, provided that such waiver shall not be operative to the extent that it invalidates any insurance coverage or increases the cost thereof.

If, at any time until the expiration of the Term, or as extended by any Option Period, the Facility is damaged or destroyed by fire or other casualty to an extent of less than fifty percent (50%) of the replacement cost of the building, Tenant shall, within sixty (60) days of the date of such loss or damage, utilize the insurance proceeds described in this Section to: (i) repair and reconstruct the damaged improvements to substantially the same condition in which they existed immediately before the damage or destruction; or (ii) purchase the Site (utilizing the formula for valuing the

Site established in Section 3.15 below) from the City and thereafter reconstruct a new facility to be utilized by Tenant solely for those uses permitted under Section 3.5 of the Lease. If the Facility is to be restored and thereafter operated in accordance with the Lease, such restoration or repair work shall be completed by Tenant within six (6) months of commencement (or such additional time as can be agreed to by the parties in writing), subject to delays arising from adjustments of losses with insurance carriers or conditions beyond Tenant's reasonable control, and the Lease shall remain in full force and effect; provided, however, that the Term shall be extended for a time equal to the period beginning on the date the loss or damage was suffered until the repairs and replacement are completed. Thereafter, Tenant shall operate the Facility in accordance with the terms and conditions of the Lease. If, however, Tenant chooses to purchase the Site from the City, the commencement of construction of the new facility shall be undertaken in conjunction with the terms of a redevelopment agreement to be executed by the City and Tenant.

If, however, the Facility is damaged to the extent greater than fifty percent (50%) of the replacement cost of the building, Tenant, upon notice to the City delivered within sixty (60) days of the date of such loss: (i) may seek to repair and reconstruct the damaged improvements to substantially the same condition in which they existed immediately before the damage or destruction, utilizing the insurance proceeds in the manner described in the preceding paragraph, and thereafter continue to operate the Facility in accordance with the terms and conditions of the Lease; or (ii) to terminate the Lease. If Tenant chooses to terminate the Lease, the City would be entitled to all of the insurance proceeds, less the unamortized value of the capital improvements as of the date of damage expended by Tenant based on a fifteen (15) year amortization schedule.

3.10 Maintenance Of The Facility And The Parking Lot.

Upon the delivery of possession of the Facility by the City to Tenant and acceptance of same by Tenant, and upon the delivery of possession of the Parking Lot by the City to Tenant and acceptance of same by Tenant, Tenant shall be solely responsible to maintain the Facility and the Parking Lot, as the case may be, in its condition as of the execution date of the Lease. Once the Project has been completed and the Term has commenced, the Tenant shall be solely responsible to maintain the structural soundness of the roof, foundation, and exterior walls, as well as the interior of the structure, including the lighting, elevators and mechanical systems, of the Facility in good repair, reasonable wear and tear and casualty losses and damages caused by the City excluded. Tenant shall immediately notify the City of any structural, mechanical or elevator repairs it undertakes. Pursuant to Section 4.14 below, the City shall periodically inspect the Facility and the Parking Lot, inter alia, to determine

Tenant's compliance with the terms and conditions of this Section 3.10. If the City delivers written notice to Tenant of Tenant's need to undertake maintenance or repair work in accordance with this paragraph, the Tenant shall immediately proceed to undertake the necessary repairs. Notwithstanding the foregoing, if Tenant disputes the City's claim that maintenance or repair work is necessary, the City's architect and Tenant's architect shall meet to resolve the dispute. If the dispute is thereafter not resolved, the Commissioner of the City's Department of General Services shall evaluate the dispute and make a decision, which shall be binding on the parties.

In addition, Tenant, at its sole expense, shall provide for all janitorial and housekeeping services for the Facility and for the landscaping and maintenance of the grounds of the Site.

3.11 Alterations To The Facility; Trade Fixtures.

Once the D.G.S. has issued the Certificate with regard to the completion of the Project, Tenant shall not make any material alterations, additions or improvements to the Facility affecting its structural integrity, the base building systems, or the Historic Elements (as defined in (Sub)Exhibit E below), without the prior written consent of the D.G.S., which consent shall not be unreasonably withheld or delayed. In connection with Tenant's request for such consent, Tenant shall furnish the City with Plans and specifications, necessary permits, indemnification and security for the payment of all costs to be incurred in connection with the work, in form and amount reasonably satisfactory to the City. Whether Tenant furnishes the City the foregoing or not, Tenant shall hold the City harmless from all liabilities of every kind and description which may arise out of or be connected in any way with said alterations or additions. Before commencing any work in connection with alterations or additions that have been approved by the City, Tenant shall furnish the City with permits and certificates of insurance from all contractors performing labor or furnishing materials insuring the City against all liabilities which may rise out of or be connected in any way with said additions or alterations and otherwise in form, substance and amount reasonably satisfactory to the City. All such work for which City approval is required shall be done only by contractors approved in writing in advance by the City, which consent shall not be unreasonably withheld or delayed. Upon completion of such alterations or additions, Tenant shall furnish the City with a contractors' sworn statement and, if to the extent available, a final set of "as-built" drawings. All alterations and additions shall comply with insurance requirements and with applicable laws, ordinances, and regulations, including, without limitation and to the extent applicable, laws and regulations regarding removal or alteration of structural or architectural barriers to handicapped or disabled persons in the Facility (and Tenant shall construct at its expense any alteration required by such laws or regulations, as they may be

amended). All alterations and additions shall be constructed in a good and workmanlike manner and only good grades of materials shall be used. The City may require that it monitor construction operations in connection with alterations or additions, including, if necessary, the hiring of an independent inspector, and Tenant shall reimburse the City for its reasonable out-of-pocket costs in reviewing plans and documents and in monitoring construction; reasonable cost being defined as no more than five percent (5%) of the cost of the alterations or additions. The City's right to review plans and specifications and monitor construction operations shall be solely for its own benefit and the City shall have no duty or liability to Tenant or any other person to see that such plans and specifications or construction complies with laws, codes, rules or regulations or to advise Tenant or any other person with respect to its review or monitoring.

Tenant, at its own cost and expense, may erect such shelves, work stations, theatrical equipment and trade fixtures (collectively "Trade Fixtures") as Tenant desires, provided that such items do not overload or damage the Facility, and may be removed without injury to the Facility, and the construction, erection or installation thereof complies with all applicable governmental laws, ordinances, regulations and with the City's requirements. All Trade Fixtures and equipment installed by Tenant in the Facility shall be new or completely reconditioned and shall be considered personal property of Tenant and not permanent fixtures.

3.12 Signs.

Any signage that Tenant desires for the Facility at any time during the Term shall be in compliance with the City's sign ordinance (as codified in the Municipal Code of Chicago). Upon expiration of the Term, or the removal or alteration of the signage, Tenant shall repair, paint, and/or replace the building surface to which its signs are attached to the satisfaction of the City. Tenant shall not make any changes to the exterior of the Facility, install any exterior lights, or erect or install any signs, windows or door lettering, placards, decorations, or advertising media of any type which can be viewed from the exterior of the Facility which would violate the City's sign ordinance. Tenant shall obtain all applicable governmental permits and approvals for signage and exterior treatments. All signs, decorations, advertising media, blinds, draperies and other window treatment or bars or other security installations visible from outside the Facility shall conform in all respects to the City's requirements.

3.13 Sublease.

Tenant shall be permitted to sublease up to ten thousand (10,000) square feet of the first floor of the Facility on a long term basis, upon the express written consent of the Commissioner. The Commissioner shall have thirty (30) days from the receipt of the proposed lease within which to give or deny

its consent. Notwithstanding the foregoing, Tenant shall be permitted to rent concert space and meeting rooms for musical, cultural and other community events on a short-term basis anywhere in the Facility for less than thirty (30) days duration without obtaining the City's prior approval. Tenant shall be responsible to ensure that any subtenant permitted by the terms of the Lease obtains any and all necessary licenses, approvals and permits as are required by applicable law. In accordance with 235 ILCS 5/1-15 (1994), no liquor or alcoholic beverages shall be made available to the public by Tenant or any subtenant at the Facility unless Tenant obtains an ordinance from the City Council of the City authorizing the sale or provision of liquor and alcoholic beverages at the Facility, and Tenant obtains the appropriate "dram shop" insurance.

3.14 Option.

Provided that Tenant shall not then be in default under the Lease, the City hereby grants to Tenant the option to extend the Term of the Lease for three (3) additional periods of five (5) years each ("Option Period"), generally upon the same terms and conditions as are herein set forth. Tenant may exercise these respective options to extend the Term by delivering written notice of such exercise to the City not less than twelve (12) months prior to the expiration of the initial Term, or the Term of the first Option Period, as the case may be. This option shall at all times be subject to the City's rights under the Lease.

3.15 Purchase Option.

At the expiration of the Term of the Lease, or upon the expiration of the Term of any Option Period described in Section 3.14 above, the Tenant shall have the option to purchase the Property and the Parking Lot (including any improvements thereon) based on the appraised fair market value of the Property and the Parking Lot at the date of the expiration of the applicable Term. Tenant may exercise these respective options to purchase the Property and the Parking Lot from the City by delivering written notice of such exercise to the City not less than twelve (12) months prior to the expiration of the initial Term, or the Term of the first or second Option Period, as the case may be. This purchase option shall at all times be subject to the City's rights under the Lease.

In the event that Tenant chooses to exercise any Option, Tenant's obligation to close shall be subject to the following matters being satisfied at or prior to closing:

(a) Title Insurance. At least ten (10) days prior to closing, the City shall deliver to Tenant, at the City's expense, a commitment for title insurance from the Chicago Title Insurance Company or other title company mutually agreeable to the parties, with an effective date on or after the

date of Tenant's exercise of the Option, showing title in the Site vested with the City, subject only to those exceptions reasonably approved by Tenant, real estate taxes for the year in question, and the standard or general exceptions contained therein.

(b) Survey. Tenant shall obtain prior to closing, at its sole cost, an ALTA standard survey of the Site, showing no encroachments onto the Site from adjacent property, no encroachments of the improvements on the Site onto adjacent property, except as may have been created by Tenant, and otherwise in form and in substance reasonably satisfactory to Tenant.

(c) Deed. The City shall deliver to Tenant at closing a quitclaim deed conveying to Tenant title to the Site, subject only to those matters described in paragraph (a) above.

(d) General. The parties may agree to such other terms and conditions in conjunction with the closing.

In determining the value of the Property and Parking Lot, each party shall obtain at its sole expense a separate real estate appraisal concerning each parcel of land. Each real estate appraiser shall be an independent M.A.I. appraiser with at least ten (10) years experience in real estate appraisal. The Property shall be appraised at market value as if unencumbered and unimproved. The Parking Lot shall be appraised "as is" in its use as a parking lot. The appraiser shall assume that the quitclaim deed from the City to Tenant affecting the conveyance of the Parking Lot shall contain a deed restriction that the Parking Lot shall be used solely as a parking lot.

With regard to the valuation of the Property and the Parking Lot, as the case may be, if the higher estimate of fair market value is within ten percent (10%) of the lower estimate, then the fair market value for the Property or the Parking Lot, as the case may be, shall be calculated as the average of the two. Otherwise, the parties shall select a mutually acceptable third party M.A.I. appraiser which shall select one of the two estimates of fair market value submitted by the City and Tenant as the one most approximate to the fair market value for the Property or the Parking Lot.

Section IV.

Default.

4.1 Time Is Of The Essence.

Time is of the essence of the agreement.

4.2 Permitted Delays.

Neither the City nor Tenant shall be held responsible for delays in the performance of its obligations hereunder when caused by strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the City or Tenant, as the case may be, provided, however, that unavailability of funds shall not constitute an event beyond such party's control.

4.3 Event Of Default.

Each of the following events shall be an event of default ("Event of Default") by Tenant under the Lease:

(i) If, at any time, any warranty, representation or statement made or furnished by Tenant (including the representations and warranties of Tenant described in Section 2.1 above) is not true and correct in any material respect, and Tenant does not remedy the condition within thirty (30) days after notice from the City.

(ii) Tenant shall fail to make any payment to the City when due, and such failure shall continue for a period of ten (10) days from the date such payment was due.

(iii) Tenant shall become insolvent, admit in writing its inability to pay its debts; make a general assignment for the benefit of creditors; commence any case, proceeding or other action seeking to have an order for relief entered on its behalf as a debtor or to adjudicate it as a bankrupt or insolvent, or seek reorganization, arrangement, adjustment, liquidation, dissolution or composition of it or its debts under any law relating to bankruptcy, insolvency, reorganization or relief of debtors or seek appointment of a receiver, trustee, custodian or other similar official for it or for all or of any substantial part of its property; or take any action to authorize or in contemplation of any of the actions set forth above in this subsection.

(iv) Any case, proceeding or other action against Tenant shall be commenced seeking: (a) to have an order for relief entered against it as debtor or to adjudicate it a bankrupt or insolvent; (b) reorganization, arrangement, adjustment, liquidation, dissolution or composition of it or its debts under any law relating to bankruptcy, insolvency, reorganization or relief of

debtors; (c) appointment of a receiver, trustee, custodian or other similar official for it or for all or any substantial part of its property, and such case, proceeding or other action results in the entry of an order for relief against it which is not dismissed within ninety (90) days of its filing or entry.

(v) Any insurance required to be maintained by Tenant pursuant to Section 3.9 above shall be cancelled or terminated or shall expire (and if replacement or increased insurance complying with the provisions of Section 3.9 has not been effected prior to such cancellation, termination or expiration), or shall be reduced or materially changed, except, in each case, as permitted by Section 3.9.

(vi) Tenant shall vacate or at any time after the Commencement Date fail to continuously operate its business at the Facility for the permitted uses set forth herein for sixty (60) consecutive days, whether or not Tenant is in monetary or other default under the Lease; excepting, however, Tenant shall not be obligated to operate the Facility during the construction of the Project (as described in the Work Letter) or in the event of a casualty or other cause beyond the reasonable control of Tenant which may prevent occupancy of the Facility.

(vii) Failure of Tenant, consistent with the terms of this Lease, to devote and use the Facility solely for the permitted uses described in Recital D and Section 3.5 above.

(viii) Failure of Tenant to pay any leasehold real estate taxes or assessments affecting the Site or any part thereof when due a and such taxes or assessments shall not have been paid within thirty (30) days after written demand by the City to do so.

(ix) Tenant fails to discharge or bond over any lien placed upon the Site or any part thereof in violation of Section 4.11 below within thirty (30) days after Tenant receives written notice of any such lien or encumbrance which is filed against the Site or any part thereof.

(x) Tenant fails to comply with any term, provision or covenant of the Lease (other than those specifically referred to in this Section 4.3), or fails to comply with the public policy agreements and covenants described in Section V below, and such default continues for more than thirty (30) days after the City has given Tenant written notice of such default, provided such thirty (30) day period will be extended for such time as is reasonably required to effect a cure up to a maximum of two hundred ten (210) days if Tenant has promptly commenced and is diligently seeking to cure such failure to comply.

(xi) Any assignment, pledge, encumbrance, transfer, hypothecation or other disposition is made in violation of Section 4.8 below.

4.4 City's Remedies.

Upon each occurrence of an Event of Default and so long as such Event of Default shall be continuing, the City may at any time thereafter at its election: (i) give a written termination notice to Tenant specifying a date, not less than twenty-five (25) days from the date of giving such notice, on which the Lease or Tenant's right of possession shall terminate and, on such date, Tenant's right of possession shall terminate and all rights of Tenant under the Lease shall cease, but Tenant shall remain liable as hereinafter provided; and/or (ii) pursue any remedies provided for under the Lease or at law or in equity.

Upon the termination of the Lease or termination of Tenant's right of possession, it shall be lawful for the City, without formal demand or notice of any kind, to re-enter the Facility and/or the Parking Lot by summary dispossess proceedings or any other action or proceeding authorized by law and to remove Tenant and all persons and property therefrom. If the City re-enters the Facility or the Parking Lot, as the case may be, the City shall have the right to keep in place and use or remove and store all of the furniture, fixtures and equipment at the Facility, including that which is owned by or leased to Tenant at all times prior to any foreclosure thereon by the City or repossession thereof by the City or any third party having a lien thereon. The rights of the City herein stated shall be in addition to all other rights that the City has or may hereafter have at law or in equity; and Tenant stipulates and agrees that the rights herein granted the City are commercially reasonable.

If the City terminates the Lease, the City may recover from Tenant the sum of: (i) any and all amounts accrued and owed to the City hereunder to the date of such termination; and (ii) the reasonable cost of letting the whole or any part of the Facility, the Parking Lot, or any part thereof, including without limitation, customary brokerage fees and/or commissions incurred by the City, removing and storing Tenant's or any other occupant's property, repairing, or otherwise putting the Facility into condition reasonably acceptable for reletting, and all reasonable expenses incurred by the City in pursuing its remedies, including reasonable attorneys' fees and court costs.

If the City terminates Tenant's right of possession (but not the Lease), the City may, but shall be under no obligation to let the same for the account of Tenant for such rent and upon such terms as shall be satisfactory to the City without thereby releasing Tenant from any liability hereunder and without demand or notice of any kind to Tenant and without terminating the Lease. For the purpose of such letting, the City is authorized to make any repairs to the Facility or the Parking Lot as may be reasonably necessary. If the

Facility or the Parking Lot is not so leased, then Tenant shall pay to the City as damages a sum equal to the amount of rent that the City was entitled to receive hereunder, if any, for such period or periods, plus the reasonable cost of recovering possession of the Facility and the Parking Lot (including reasonable attorneys' fees and costs of suit), the unpaid fees owed to the City and other amounts accrued hereunder to the City at the time of repossession, and the reasonable costs incurred in any attempt by the City to let the Facility and/or the Parking Lot. If the Facility or the Parking Lot is so leased and a sufficient sum shall not be realized from such letting to satisfy the sums provided for in the Lease, then Tenant shall satisfy and pay any such deficiency. Any such payments due the City shall be made upon demand therefor from time to time and Tenant agrees that the City may file suit to recover any sums falling due from time to time. Notwithstanding any such letting without termination, the City may at any time thereafter elect to terminate the Lease for such previous breach.

If the Event of Default is the failure of Tenant to pay any sums due the City and Tenant's vacation or failure to occupy the Facility and/or the Parking Lot as provided herein, the City may elect to receive liquidated damages in an amount equal to the annual amount that the City may reasonably expect to receive in rent for the use of the Facility and the Parking Lot times ____, which amount shall be in lieu of the payment of damages the City may suffer by reason of such termination, but which shall not be in lieu of or reduce in any way any amount due from Tenant or damages incurred by the City due to breach by Tenant of any other covenant or other obligation (whether or not liquidated) which occurred prior to the termination of the Lease. Nothing contained in the Lease shall limit or prejudice the right of the City to provide for and obtain in any proceedings to enforce the City's rights hereunder, including without limitation, any proceedings for bankruptcy or insolvency by reason of the termination of the Lease, an amount equal to the maximum allowed by any statute or rule of law in effect at the time when, and governing the proceedings in which, the damages are to be proved, whether or not the amount be greater, equal to, or less than the amount of the loss or damages referred to above.

Exercise by the City of any one or more remedies hereunder granted or otherwise available shall not be deemed to be an acceptance of surrender of the Facility and/or the Parking Lot by the City, whether by agreement or by operation of law, it being understood that such surrender can be effected only by the written agreement of the City and Tenant. Tenant and the City further agree that forbearance or waiver by the City to enforce its rights pursuant to the Lease, at law or in equity, shall not be a waiver of the City's right to enforce one or more of its rights in connection with any subsequent default. A receipt by the City of any payment with knowledge of the breach of any covenant hereof shall not be deemed a waiver of such breach, and no waiver by the City of any provision of the Lease shall be deemed to have been made unless expressed in writing and signed by the City. The terms "enter", "re-enter", "entry" or "re-entry", as used in the Lease, are not restricted to their technical legal meanings. Any leasing of the Facility

and/or the Parking Lot shall be on such terms and conditions as the City in its sole discretion may determine (including without limitation a term different than the remaining Term, concessions, alterations and repair of the Facility). The City shall not be liable, nor shall Tenant's obligations hereunder be diminished because of, the City's failure to lease the Facility and/or the Parking Lot or collect sums due in respect of such letting.

All sums past due under the Lease from Tenant to the City shall bear interest from and after such due date at the rate of ten percent (10%) per annum.

4.5 Tenant's Remedies.

Except as otherwise provided in Section 4.2 above, if the City fails to perform any of its obligations hereunder within thirty (30) days after written notice from Tenant specifying such failure, Tenant's exclusive remedy shall be an action for damages, except that Tenant may pursue injunctive and other equitable remedies if the City is no longer owner of the Facility or the Parking Lot. Unless and until the City fails to so cure during the aforesaid thirty (30) day period any default after such notice, Tenant shall not have any remedy or cause of action by reason thereof. All obligations of the City hereunder shall be construed as covenants, not conditions; and all such obligations will be binding upon the City only during the period of its ownership of the Facility (and the Parking Lot, if so required by the City) and not thereafter. The term "the City" shall mean only the owner for the time being of the Facility and if so acquired, the Parking Lot, and in the event of the transfer by such owner of its interest in the Facility, such owner shall thereupon be released and discharged from all covenants and obligations of the City thereafter accruing, but such covenants and obligations shall be binding during the Term upon each new owner for the duration of such owner's ownership.

4.6 Waiver of Jury Trial.

Tenant and the City waive any right to have a jury participate in resolving any dispute, whether arising in contract, tort, or otherwise, between the City and Tenant arising out of the Lease or any other instrument, document, or agreement executed or delivered in connection herewith or the transactions related hereto.

4.7 Condemnation.

If the Facility, and after conveyance to Tenant, the Parking Lot, is taken for any public purpose as permitted by law by the exercise of the power of eminent domain by a competent authority, or by purchase in lieu thereof,

the Lease shall terminate upon the payment of just compensation as a result of such taking or delivery of the purchase price.

If the entire Site, or in the event that only a portion of the Site is taken but Tenant has elected to terminate the Lease as provided above, then the City and Tenant shall share in the price or award from any such sale, taking or condemnation in the following order: First, the City shall be entitled to receive an amount equal to the unamortized value of the improvements to the Site paid for by the City plus the value of the underlying fee for the Site; Second, the Tenant shall be entitled to receive an amount equal to the unamortized value of the improvements to the Site paid for by Tenant. The City shall have full power and authority to negotiate with any public authority and to direct and control any legal proceedings involving or related to any taking; provided, however, the City shall give notice to Tenant of such negotiations and shall consult with Tenant during the same. Notwithstanding the foregoing, Tenant shall be entitled to file a separate suit to recover the cost of its trade fixtures.

If a portion of the Facility or if applicable, the Parking Lot, is taken for any public purpose as permitted by law by the exercise of the power of eminent domain by a competent authority, or by purchase in lieu thereof, and the taking does not prevent or materially interfere with the use of the Site by Tenant (as determined solely by Tenant), the Lease shall not be terminated and the parties shall continue to perform their respective obligations under the Lease.

In the event, however, that Tenant determines that such partial taking or purchase in lieu thereof materially interferes with its use of the Site, the award or purchase price shall first be applied to undertake any repairs or corrective work necessary to permit the Site to continue to be used by Tenant in accordance with Section 3.5 of the Lease, and that any excess monies shall be delivered to the City.

4.8 Assignment And Transfer.

From the execution date of the Lease until the expiration of the Term, Tenant shall not, without the prior written consent of the City, assign the Lease or allow any other person to occupy, other than pursuant to a permitted use as further described in Section 3.13 above, the Facility, the Parking Lot or any part thereof, or mortgage, pledge, or hypothecate its interest or grant any concession or license within the Facility or the Parking Lot, as the case may be, and any attempt to do any of the foregoing shall be void and of no effect. In the event that the Tenant permits or attempts to permit anyone to occupy the Facility, the Parking Lot or any portion thereof, for a use other than the uses expressly permitted in the Lease, the City shall have the right and option (but no obligation) to cancel and terminate the Lease effective upon fifteen (15) days written notice to Tenant given by the City at any time thereafter. This prohibition shall be construed to include a

prohibition against any assignment, subletting or other occupancy right by operation of law.

Tenant shall advise the City in writing of any transfer of the Lease from Tenant by merger or consolidation, and any change of more than twenty-five percent (25%) of Tenant's Board of Trustees or Board of Directors in any twelve (12) month period from the execution date of the Lease. The dissolution of Tenant shall constitute an assignment for purposes of the Lease.

Notwithstanding any assignment or transfer, Tenant shall at all times remain fully responsible and liable for compliance with all of its other obligations under the Lease.

4.9 Indemnification.

The City shall not be liable to Tenant or to Tenant's employees, agents, licensees, invitees, customers, or visitors, or to any other person whomsoever, for any injury to person or damage to property on or about the Facility and the Parking Lot caused by the negligence or misconduct of Tenant, its employees, subtenants, licensees or concessionaires or of any other person entering the Facility or the Parking Lot under express or implied invitation of Tenant, or arising out of the use of the Facility or the Parking Lot by Tenant and the conduct of its business therein, or arising out of any breach or default by Tenant in the performance of its obligations hereunder; and Tenant hereby agrees to indemnify the City and its agents, directors, officers and employees, and hold each of them harmless from any loss, expense or claim arising out of such damage or injury, except for that which is caused by the negligence of the City, and its agents or employees. The City hereby agrees to indemnify and hold harmless Tenant from any loss, expense or claim arising out of damage or injury which is caused by the negligence of the City, or its agents or employees. The furnishing of any insurance herein required to be furnished by Tenant shall not be deemed to limit Tenant's obligations under the provisions of this section. The obligations of Tenant hereunder shall survive the termination of the Lease.

4.10 Limitation On Claims.

Except to the extent prohibited by law or with regard to damages arising out of actions by the City its agents or its independent contractors from the execution date of the Lease until the termination or expiration of the Term, the City and its agents and employees shall not be liable for, and Tenant hereby waives all claims for, injury to persons or damage to property sustained by Tenant or any person claiming through Tenant resulting from any accident or occurrence in or upon the Facility or the Parking Lot, including, but not limited to, all claims for damage resulting from: (i) any equipment or appurtenances falling into a state of disrepair; (ii) any failure

to keep the Facility or the Parking Lot in good repair; (iii) injury or damage done or occasioned by theft, wind, water, flooding, freezing, fire, act of God, explosion, earthquake, excessive heat or cold, vandalism, riot or disorder, or other casualty; (iv) any defect in or failure of plumbing, heating or air-conditioning equipment, electrical wiring or the installation thereof, gas, water, steam pipes, stairs, railings, or walks; (v) broken glass, the backing up of any sewer pipe or downspouts, the bursting, leaking or running of any tank tub, washstand, water closet, waste pipe, drain or any other pipe or tank in, upon or about the Facility or the Parking Lot, the escape of steam or hot water; (vi) water, snow or ice being upon or coming through the roof, skylight, trapdoor, stairs, walks, or any other place upon or near the Facility or the Parking Lot; (vii) the falling of any fixture, plaster or stucco; and (viii) any act, omission or negligence of adjoining or contiguous buildings or owners of adjacent or contiguous property. To the extent permitted by law, the foregoing waivers shall apply to claims for injury to persons or damage to property caused by the simple negligence (but not gross negligence or willful misconduct) of the City or its agents or employees.

4.11 Mechanic's Liens.

Except as set forth in the Work Letter attached hereto, Tenant has no authority, express or implied, to create or place any lien or encumbrance of any kind or nature whatsoever upon, or in any manner to bind the interest of the City or Tenant in the Facility, the Property or the Parking Lot to charge the sums payable hereunder for any claim in favor of any person dealing with Tenant, including those who may furnish materials or perform labor for any construction or repairs. Tenant covenants and agrees that it will pay or cause to be paid all sums legally due and payable by it on account of any labor performed or materials furnished in connection with any work performed on the Facility, the Property or the Parking Lot and that it will save and hold the City harmless from all loss, cost or expense based on or arising out of asserted claims or liens against the right, title and interest of the City in the Facility, the Property and the Parking Lot, or under the terms of the Lease. Tenant agrees to give the City immediate written notice of the placing of any lien or encumbrance against the Facility, the Property or the Parking Lot.

4.12 Estoppel Certificate.

Tenant agrees, from time to time, within ten (10) business days after request of the City, to deliver to the City, an estoppel certificate stating that the Lease is in full force and effect, the unexpired Term and such other factual matters pertaining to the Lease as may be reasonably requested by the City. It is understood and agreed that Tenant's obligation to furnish each estoppel certificate in a timely fashion is a material inducement for the City's execution of the Lease. No cure or grace period provided in the Lease

shall apply to the Tenant's obligations to timely deliver an estoppel certificate.

4.13 Access To The Site.

The City and the City's agents and representatives shall have the right, upon reasonable prior notice and in such a non-disruptive manner as is possible (and except in an emergency, during normal business hours) to enter the Site at any reasonable time to inspect the Facility and the Parking Lot to determine Tenant's compliance with the terms and conditions of the Lease. During the period that is nine (9) months prior to the expiration of the Term, upon twenty-four (24) hours telephonic notice to Tenant, the City and the City's representatives may enter the Facility or the Parking Lot during business hours for the purpose of showing the Facility to prospective future tenants or purchasers. Tenant shall use reasonable efforts to notify the City in writing at least thirty (30) days prior to vacating the Facility or the Parking Lot, and shall arrange to meet with the City for a joint inspection of the Facility and/or the Parking Lot prior to vacating. If Tenant fails to arrange for such inspection, then the City's inspection of the Facility and/or the Parking Lot shall be deemed correct for the purpose of determining Tenant's responsibility for repairs and restoration of the Facility prior to the expiration of the Term.

Section V.

Tenant's Public Policy Covenants

And Public Benefits Program.

5.1 Tenant's Public Policy Covenants.

Tenant shall not discriminate based upon race, color, religion, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military status, parental status or source of income in the use of occupancy of the Facility, the Property, the Parking Lot or any part thereof. In addition, Tenant agrees that it shall comply with any and all federal, state and local laws, rules and regulations with regard to accessibility standards for the physically disabled, including, without limitation, the Americans with Disabilities Act of 1990, 42 U.S.C. 12101, et seq. (1990) and 47 U.S.C. 152, 221, 225 and 611 (1990), the Illinois Environmental Barriers Act, 410 ILCS 25/1, et seq. (1992), and the Illinois Accessibility Code, 71 Ill. Admin. Code Ch. 1, subch. B, Sec. 400.100, et seq. (1988).

5.2 Public Benefits Program.

Tenant has entered into an agreement with City, through the D.C.A., dated as of _____, 1996, a copy of which is attached hereto as (Sub)Exhibit C, to cause the development and implementation of a public benefits program affecting the operation of a teaching facility and the theater at the Facility.

5.3 Agreement To Provide Assistance To The Chicago Board Of Education.

Tenant has entered into an agreement with the City dated _____, 1996, a copy of which is attached hereto as (Sub)Exhibit D, whereby Tenant shall, inter alia, make its educational and theatrical resources available to the Chicago Board of Education.

5.4 Status Reports.

Tenant shall provide the D.C.A. with biannual status reports describing in sufficient detail Tenant's compliance with Tenant's Public Policy Covenants, the Public Benefits Program, and the Agreement to Provide Assistance to the Chicago Board of Education.

Section VI.

General Provisions.

6.1 Quiet Enjoyment.

If Tenant shall perform all of the covenants and agreements herein required to be performed by Tenant, Tenant shall, subject to the terms of the Lease, at all times during the continuance of the Lease, have peaceful and quiet enjoyment of the Facility and the Parking Lot.

6.2 Surrender.

At the expiration of the Term or termination of the Lease, whether by lapse of time or otherwise, Tenant shall surrender the Facility and the Parking Lot to the City in a broom clean condition, reasonable wear and tear excepted, and also except in instances of a casualty as further described in Section 3.9 above or damage arising from any cause required under the Lease to be repaired or restored at the City's expense. Tenant shall deliver all keys for the Facility to the City at the expiration of the Lease (but no such

delivery shall be deemed to be an acceptance by the City of surrender of the Facility) and shall inform the City of all combinations on locks, safes and vaults, if any, in the Facility.

If Tenant is not in default hereunder, Tenant shall have the right, at the termination of the Lease, to remove Trade Fixtures, equipment and other items of personal property not constituting a part of the freehold which it may have stored or installed in the Facility, including but not limited to shelving, and movable machinery purchased or provided by Tenant and which are susceptible of being moved without damage to the Facility, provided this right is exercised before the Lease is terminated and provided that Tenant shall repair any damage to the Facility caused thereby. Tenant shall not have the right to remove any plumbing or electrical fixtures or equipment, heating or air-conditioning equipment (but Tenant shall have the right to remove window air-conditioning units), floor coverings (including wall-to-wall carpeting) glued or fastened to the floors or any paneling, tile, or other materials fastened or attached to the walls or ceilings, all of which shall be deemed to constitute a part of the freehold. If Tenant shall fail to remove its Trade Fixtures, equipment, or other personal property at the termination of the Lease, such fixtures and other property not removed by Tenant shall be deemed abandoned by Tenant and, at the option of the City, shall become the property of the City. The City can elect to retain or dispose of in any manner any property that is not removable by Tenant as provided above by giving at least thirty (30) days notice to Tenant if Tenant has a right to remove such property and has failed to remove such property in such thirty (30) day period, and may require Tenant, at its cost and expense, to remove any or all alterations, improvements and fixtures installed by Tenant (if at the time of its approval of the installation thereof the City advised Tenant in writing that the City would require such removal or if Tenant constructed the alteration, improvement or fixture without having to obtain the City's consent) and to repair any damage caused by such removal. Title to any such alterations or other property that the City elects to retain or dispose of shall vest in the City. Tenant waives all claims against the City for any damages resulting from the City's retention or disposition of any such personal property. Tenant shall be liable to the City for the City's costs for storing, removing and disposing of any personal property.

All obligations of Tenant hereunder not fully performed as of the expiration or earlier termination of the Term shall survive the expiration or earlier termination of the Term hereof, including without limitation, all payment obligations with respect to operating expenses incurred prior to expiration or termination of the Lease as set forth in Section III above and all obligations concerning the condition and repair of the Facility and the Parking Lot. Tenant shall also, prior to vacating the Facility and the Parking Lot, pay to the City the amount as reasonably estimated by the City, of Tenant's obligation hereunder for operating expenses for the year in which the Lease expires or terminates. All such amounts shall be used and held by the City for payment of such obligations of Tenant hereunder, with

Tenant being liable for any additional reasonable costs therefor upon demand by the City, or with any excess to be returned to Tenant for all such obligations that have been determined and satisfied as the case may be.

6.3 Holding Over.

If, for any reason, Tenant retains possession of the Facility after the expiration of the Term or termination of the Lease, unless the parties hereto otherwise agree in writing, such possession shall be subject to termination by either the City or Tenant at any time upon not less than thirty (30) days advance written notice, and all of the other terms and provisions of the Lease (excluding any renewal option or other similar right or option) shall be applicable during such period, except that Tenant shall pay the City from time to time, upon demand, for the period of such possession, the sum of _____, computed on a daily basis for each day of such period. No holding over by tenant, whether with or without consent of the City, shall operate to extend the Lease except as otherwise expressly provided. The preceding provisions of this Section 6.3 shall not be construed as consent for Tenant to retain possession of the Facility and/or the Parking Lot in the absence of written consent thereto by the City.

Anything herein to the contrary notwithstanding, each and all of the representations, warranties, covenants, undertakings and agreements herein made on the part of the City while in form purporting to be the representations, warranties, covenants, undertakings, and agreements of the City are nevertheless each and every one of them made and intended, not as personal representations, warranties, covenants, undertakings, and agreements by the City or for the purpose or with the intention of binding the City personally, but are made and intended for the purpose only of subjecting the City's interest in the Project to the terms of the Lease and for no other purpose whatsoever, and in case of default hereunder by the City, Tenant shall look solely to the interest of the City in the Site; the City shall have no personal liability to pay any indebtedness accruing hereunder or to perform any covenant, either express or implied, herein contained. This paragraph shall inure to the benefit of the City's successors and assigns.

6.4 Environmental Laws.

During Tenant's possession and control, Tenant, at its sole cost and expense, shall cause the Facility and upon acquisition from the City, the Parking Lot, to comply with all Environmental Laws, and will obtain, comply with, and properly maintain all permits and licenses required for its operations by Environmental Laws. The term "Environmental Laws" shall include, without limitation, the Clean Air Act, 42 U.S.C., Section 7401, et seq.; the Clean Water Act, 33 U.S.C., Section 1251, et seq.; and the Water Quality Act of 1987; the Federal Insecticide, Fungicide, and Rodenticide Act ("F.I.F.R.A."), 7 U.S.C., Section 136, et seq.; the National Environmental

Policy Act, 42 U.S.C., Section 4321, et seq.; the Noise Control Act, 42 U.S.C., Section 4901, et seq.; the Occupational Safety and Health Act, 29 U.S.C., Section 651, et seq.; the Resource Conservation and Recovery Act, 42 U.S.C., Section 6901, et seq., as amended by the Hazardous and Solid Waste Amendments of 1984; the Safe Drinking Water Act, 42 U.S.C., Section 300f, et seq.; the Comprehensive Environmental Response, Compensation and Liability Act ("C.E.R.C.L.A."), 42 U.S.C., Section 9601, et seq., as amended by the Superfund Amendments and Reauthorization Act, and the Emergency Planning and Community Right-to-Know Act; the Toxic Substance Control Act ("T.S.C.A."), 15 U.S.C., Section 2601, et seq.; and the Atomic Energy Act, 42 U.S.C., Section 2011, et seq.; as may be amended, with implementing regulations and guidelines. Environmental Laws shall also include all state, regional, county, municipal and other local laws, regulations and ordinances that are equivalent or similar to the federal laws recited above or purport to regulate Hazardous Materials. The term "Hazardous Materials" shall include, without limitation, any hazardous substance, pollutant, or contaminant regulated under C.E.R.C.L.A.; oil and petroleum products and natural gas, natural gas liquids, liquified natural gas, and synthetic gas usable for fuel; pesticides regulated under F.I.F.R.A.; asbestos, polychlorinated biphenyls, and other substances regulated under T.S.C.A.; source material, special nuclear material, and by-product materials regulated under the Atomic Energy Act; and industrial process and pollution control wastes to the extent regulated under applicable Environmental Laws.

Tenant represents that it presently does not intend to use any "Hazardous Material" as hereinabove defined in its operations at the Facility or the Parking Lot. Tenant shall not cause or permit any Hazardous Material to be brought upon, released, stored, transferred, or used in or about the Facility or the Parking Lot by Tenant, its agents, employees, contractors, or invitees without the prior written consent of the City, which consent the City may unreasonably withhold. Any Hazardous Material permitted on the Facility or the Parking Lot will be used, kept or stored in a manner consistent with good engineering practice and in compliance with all laws and regulations relating to any such Hazardous Material so brought upon or used or kept in or about the Facility or the Parking Lot.

Except to the extent prohibited by law, Tenant shall indemnify, defend, and hold the City harmless from all claims, judgments, damages, penalties, fines, remediation costs, liabilities, or losses (including without limitation, diminution in value of the Facility or the Parking Lot, as the case may be, and sums paid in settlement of claims, actual attorneys' fees, consultant fees and expert fees to the extent such settlement costs or fees are reasonable) which arise during or after the Term as a result of any breach by Tenant of its obligations under this Section 6.4, and regardless as to whether the acts, omissions, facts, or circumstances giving rise to such indemnification were caused in whole or in part by the City's negligence. Tenant shall bear the burden of proof by a preponderance of the evidence that the foregoing indemnification is inapplicable to any claim for indemnification by the City.

This indemnification of the City by Tenant includes, without limitation, costs incurred in connection with any investigation of site conditions on any cleanup, remedial, removal, or restoration work required by any federal, state, or local governmental agency or political subdivision because of Hazardous Material, caused or permitted by Tenant as aforesaid, with or without the City's consent, present in the soil or ground water on or under the Facility or the Parking Lot. These indemnifications and hold harmless obligations of Tenant shall survive any termination of the Lease.

If the presence of any Hazardous Material on the Facility or the Parking Lot caused or permitted by Tenant, with or without the City's consent, results in any contamination of the Facility or the Parking Lot, Tenant shall promptly take all actions at its sole expense as are necessary to return the Facility or the Parking Lot, as the case may be, to the condition existing prior to the introduction of any such Hazardous Material to the Facility or the Parking Lot; provided that the City's approval of such actions shall first be obtained and not unreasonably withheld or delayed. Actual threatened action by governmental authority is not a condition prerequisite to Tenant's obligations under this Section 6.4. Within ten (10) days after notification from the City supported by reasonable documentation setting forth the breach of Tenant's obligations under this Section 6.4, Tenant, at no cost or expense to the City, shall diligently commence to cure such breach in a manner consistent with that of a prudent person conducting its business in compliance with Environmental Law, as reasonably determined by the City.

The City shall have access to, and a right to perform (at its sole cost) inspections and tests of the Facility or the Parking Lot as it may require to determine Tenant's compliance with Environmental Laws and its obligations under this Section 6.4. Access shall be granted to the City upon the City's prior notice to Tenant and at such times so as to minimize, so far as may be reasonable under the circumstances, any disturbance to Tenant's operations.

It shall not be unreasonable for the City to withhold its consent to any proposed assignment or transfer pursuant to the Lease if: (i) the proposed transferee's anticipated use of the Facility involves the generation, storage, use, treatment, or disposal of Hazardous Material; (ii) the proposed transferee has been required by any prior landlord, lender, or governmental authority to take remedial action in connection with Hazardous Material contaminating a property if the contamination resulted from such transferee's action or use of the property in question; or (iii) the proposed transferee is subject to an enforcement order issued by any governmental authority in connection with the use, disposal, or storage of a Hazardous Material.

Any increase in the premiums for necessary insurance on the Facility or the Parking Lot which arises from Tenant's use and/or storage of these materials shall be solely at Tenant's expense. Tenant shall procure and maintain at its expense such additional insurance as may be necessary to

comply with any requirements of any federal, state, or local government agency or jurisdiction.

6.5 Security.

Tenant agrees to provide, at its sole expense, security services and/or monitoring, repair and maintenance of any burglar alarm systems, water flow detection systems and other protective security equipment that is on or may be installed on the Facility, and reasonable security for the Parking Lot (as determined solely by Tenant), including the cost of any license or permit or user charge required for any such security systems. The City shall not be liable to Tenant for, and Tenant waives any claim against the City with respect to, any loss by theft or any other damage suffered or incurred by Tenant in connection with any unauthorized entry into the Facility and any other liability arising in connection with such security service or the furnishing of such security service.

6.6 Terms.

Words of any gender used in the Lease shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, unless the context otherwise requires. The captions inserted in the Lease are for convenience only and in no way define, limit or otherwise describe the scope or intent of the Lease, or any provision hereof, or in any way affect the interpretation of the Lease.

6.7 Covenants.

The terms, provisions, covenants and conditions contained in the Lease shall apply to, inure to the benefit of, and be binding upon, the parties hereto and upon their respective heirs, executors, personal representatives, legal representatives, successors and assigns, except as otherwise herein expressly provided.

6.8 Entire Agreement.

The Lease (and the attached (sub)exhibits) constitutes the entire understanding and agreement of the City and Tenant with respect to the subject matter of the Lease, and contains all of the covenants and agreements of the City and Tenant with respect thereto. The City and Tenant each acknowledge that no representations, inducements, promises or agreements, oral or written, have been made by the City or Tenant or anyone acting on behalf of the City of Tenant, which are not contained herein, and any prior agreements, promises, negotiations, or representations not expressly set forth in the Lease are of no force or effect. The Lease may

not be altered, changed or amended except by an instrument in writing signed by both parties hereto.

6.9 Severability.

If any clause or provision of the Lease is illegal, invalid or unenforceable under present or future laws effective during the Term, then and in that event, it is the intention of the parties hereto that the remainder of the Lease shall not be affected thereby, and it is also the intention of parties to the Lease that in lieu of each clause or provision of the Lease that is illegal, invalid or unenforceable, there be added, as a part of the Lease, a clause or provision as similar in terms to such illegal, invalid or unenforceable clause or provision as may be possible and be legal, valid and enforceable.

6.10 No Broker.

Tenant represents and warrants that it has dealt with no broker, agent or other person in connection with this transaction or that no broker, agent or other person brought about this transaction, and Tenant agrees to indemnify and hold the City harmless from and against any claims by any other broker, agent or other person claiming a commission or other form of compensation by virtue of having dealt with Tenant with regard to this transaction.

6.11 Multiple Parties.

If and when included within the term "Tenant", as used in this instrument, there is more than one person, firm or corporation, each shall be jointly and severally liable for the obligations of the Tenant.

Work Letter.

Construction Of The Project.

The terms and provisions of this Work Letter shall describe the construction of the Project by Tenant affecting the Facility, and are expressly incorporated and made a part of that certain "Lease between the City of Chicago and the Old Town School of Folk Music Affecting 4544 North Lincoln Avenue, Chicago" dated as of _____, 1996.

A. Scope of the Project. The City and Tenant acknowledge that a major renovation of the Facility (hereafter referred to as the "Project") will be necessitated in order to facilitate the proposed utilization of the Facility by Tenant (as more fully described in Section 3.5 of the Lease). Upon completion of the Project and during the Term of the Lease and Option Periods, if any, the Facility shall become and be utilized as the headquarters for Tenant and shall consist of the following: (a) a _____ seat theater, (b) rehearsal and costume storage rooms, (c) administrative offices, (d) a box office, (e) _____ classrooms, and (f) such other facilities as are permitted under the terms of Section 3.5 of the Lease. The Facility may also include the operation by Tenant of a concession stand or gift shop for the sale of merchandise relating to Tenant's program and it operations.

B. Phase I Report; Description of City Improvements and Tenant Improvements. The City and Tenant have reviewed the Phase I assessment report of the Facility prepared by Consoler, Townsend and Associates, dated as of April 13, 1995, the Underground Storage Tank Investigation affecting the Facility, dated as of September, 1995, and the Phase I Environmental Site Assessment for the Parking Lot, dated as of September, 1995. Tenant shall utilize the results of the Phase I report in preparation for the construction of the Project. In addition, the City shall make available to Tenant all drawings of the Facility that it currently possesses.

The City shall be responsible for all costs associated with the following Project improvements ("City Improvements"): (a) the selective demolition of the interior of the Facility, including the removal of asbestos, lead paint and other hazardous materials from the Facility; (b) the construction of base building mechanical systems to facilitate the use of the Facility by Tenant, including the H.V.A.C. system, the elevators, the plumbing, electrical, and the sprinkler system; (c) the repair of the windows; (d) the demolition of all structures located on the Parking Lot and the environmental remediation of the real estate thereunder; and (e) the costs associated with restoration of the W.P.A. murals and other historical features (collectively, the "Historic

Elements"), as said Historic Elements are further described on (Sub)Exhibit E attached to the Lease. The City's Improvements shall be undertaken in conjunction with the Working Drawings and Specifications (as defined in Section D below). Notwithstanding the foregoing, the parties expressly agree that in no event shall the City's Financial Contribution (as defined in Section F(2) below) be utilized to pay for the City Improvements which exceed the sum of One Million Six Hundred Thousand Dollars ($1,600,000). All costs for the City Improvements in excess of said sum shall be paid for exclusively by Tenant.

The Tenant shall be responsible for all costs associated with the undertaking of certain of the Project improvements ("Tenant Improvements"), which shall include the following: (a) the construction of the interior improvements, including the theater, rehearsal and costume storage rooms, administrative offices, the box office, classrooms, and other support facilities; (b) the paving and lighting of the Parking Lot and striping for the parking spaces; and (c) the completion of any of the items listed as City Improvements after the exhaustion of City's Financial Contribution. The Tenant Improvements shall be constructed in accordance with the Working Drawings and Specifications.

C. Delivery of Possession. Within seven (7) days of the execution date of the Lease, the City shall deliver possession of the Facility and the property to Tenant. Tenant's architects and engineers shall commence to inspect the Facility and to investigate the current condition of the Facility. From such inspections, Tenant shall prepare Schematics and the Working Drawings and Specifications (as defined in Section D below) for both the City Improvements and the Tenant Improvements, as well as the Budget described in Section F below. From the commencement date of possession of the Facility, Tenant shall comply with all applicable terms and provisions of the Lease relating to its possession and occupancy of the Facility and the Property, including, without limitation, Sections 3.6, 3.9, 3.10 and 4.9 of the Lease.

D. Submission of Construction Documents. Within _____ (___) months from the execution date of the Lease, Tenant shall deliver to the City schematic design documents and drawings ("Schematics") for review and approval by the D.G.S. describing the completion of the City Improvements and the Tenant Improvements to be constructed at the Facility, which approval shall not be unreasonably withheld or delayed. Such Schematics shall include the development of specifications for the restoration or renovation of the Historic Elements. The D.G.S. shall have thirty (30) days in which to approve or reject the Schematics, which approval shall not be unreasonably withheld. If the D.G.S. rejects the Schematics, Tenant shall have sixty (60) days in order to prepare plans consistent with the requirements of the D.G.S. and resubmit them to the D.G.S. for approval.

Within sixty (60) days of the date from which the D.G.S. approves the Schematics, Tenant shall submit to the D.G.S. its final design development

drawings and specifications consistent with the Schematics. The design development drawings and specifications shall conform to the terms of the Lease, and all applicable state and local laws, ordinances and regulations, including, without limitation, those listed in Section 5.1 of the Lease concerning accessibility requirements.

The D.G.S. shall have thirty (30) days in which to approve or reject such drawings and specifications, which approval shall not be unreasonably withheld or delayed. If the D.G.S. rejects the drawings and specifications, Tenant shall have sixty (60) days in order to prepare plans consistent with the requirements of the D.G.S. and resubmit them to the D.G.S. for approval.

Tenant's design development drawings and specifications which have been approved by the D.G.S. shall be considered as "Working Drawings and Specifications" for purposes of the Lease and the construction of the Project.

The costs of developing the Schematics and the Working Drawings and Specifications shall be the sole expense of Tenant, including, without limitation, in the event that the Lease is terminated prior to the completion of the Project, as described in Section F(3) or G below.

Any material amendment to the Working Drawings and Specifications must be submitted to the D.G.S. for its approval, which approval shall not be unreasonably withheld or delayed.

E. Limited Applicability of D.G.S.'s Approval. Any approvals of the Schematics and the Working Drawings and Specifications made by the D.G.S. are for the purposes of the Lease only and do not affect or constitute approvals required for building permits or approvals required pursuant to any other ordinance of the City, nor does any approval by the D.G.S. pursuant to the Lease constitute approval of the quality, structural soundness or the safety of the improvements constituting the Project. Tenant agrees to notify the D.G.S. within five (5) days of the issuance of the building permit by the City's Department of Buildings.

F. Financing the Project.

(1) Budget; Tenant's Financial Contribution. Upon the approval of the Schematics by the D.G.S., Tenant shall begin in earnest its fundraising activities with regard to acquiring sufficient funds with which to pay for the construction and development of the Tenant Improvements. Within three (3) months after the D.G.S. approves the Working Drawings and Specifications, Tenant shall deliver to the City for its approval a written budget ("Budget") setting forth the projected and anticipated development costs with regard to the construction of the City Improvements and the Tenant Improvements. The Budget shall also contain a description disclosing in sufficient detail the sources of funds that Tenant shall contribute to pay for the construction and development of the Tenant

Improvements, including fundraising efforts and other financial contributions ("Tenant's Financial Contribution").

If the parties determine that Tenant lacks sufficient funds with regard to financing the completion of the Tenant Improvements, Tenant shall be permitted to obtain a construction loan from a reputable financial institution or other lender which is in good standing with the State of Illinois, and satisfactory to the City in its sole discretion ("Construction Lender"). Tenant shall deliver to the City evidence of a commitment for adequate financing ("Commitment"), specifying the amount of the loan, length of the term and the applicable interest rate. The terms of the Commitment shall be subject to the approval of the City. Once the Commitment has been approved by the City and executed by the parties, the City shall also review and approve the terms of the construction loan agreement ("Construction Loan Agreement") to be executed by Tenant and the Construction Lender. The Construction Lender shall be permitted to secure its loan by a mortgage ("Mortgage") encumbering the Site and evidenced by that certain mortgage note ("Mortgage Note"). The Mortgage shall be subordinate to the terms and conditions of the Lease.

Notwithstanding the provisions of this Section F(1), Tenant shall not be permitted to create or suffer any lien affecting the Facility other than the lien created by the Mortgage.

(2) City's Financial Contribution. The City shall finance the construction of the City Improvements, and the acquisition of the Parking Lot (as described in Section 3.1 of the Lease), in an amount not to exceed One Million Three Hundred Nineteen Thousand Six Hundred Fifty-two and no/100 Dollars ($1,319,652.00) in the aggregate ("City's Financial Contribution").

The City's Financial Contribution shall be allocated in the following manner: (a) an amount not to exceed the sum of One Hundred Fifty Thousand and no/100 Dollars ($150,000.00) shall be utilized by the City in the acquisition of the Parking Lot, the demolition of the existing structures located at the Parking Lot; and (b) an amount not to exceed the sum of One Million One Hundred Fifty Thousand and no/100 Dollars ($1,150,000.00) shall be utilized to fund the construction and development of the City Improvements. Any sums of the City's Financial Contribution (described in (a) or (b) of this paragraph) not utilized for the stated use shall remain with the City.

(3) Termination of Obligations. If the financial costs (as evidenced in the Budget) above the City's Financial Contribution to be assumed by Tenant cause the construction of the Project based on the Working Drawings and Specifications to be excessive as determined by Tenant, or if Tenant in its judgment has not or will not raise sufficient funds to pay for the cost of the Project above the City's Financial Contribution, then the Lease shall become

null and void by the delivery of written notice by one party to the other. In such event, all obligations of the parties shall cease, excepting, however, that Tenant shall remove any material or equipment which it has stored at the Facility. In addition, if Tenant, or its architects and engineers, have caused any physical damage to the Facility, including damage caused as a result of any testing undertaken in conjunction with the development of the Working Drawings and Specifications, Tenant shall undertake all reasonable efforts to restore the Facility to a condition prior to such damage or testing.

In the alternative, the parties may agree to reduce the scope of the development of the Project. Any resulting changes to the Working Drawings and Specifications must be approved by the D.G.S. in accordance with Section D above. Once the Working Drawings and Specifications are revised, Tenant shall develop a revised Budget. If Tenant, in its judgment, either possesses or will possess sufficient funds to cause the construction of the Project, then the Lease shall remain in effect; otherwise, the Lease may be terminated in accordance with the terms described in the preceding paragraph.

(G) Selection of General Contractor and Subcontractors. Tenant shall hire a construction contractor ("General Contractor") to undertake the construction of the City Improvements and the Tenant Improvements. With regard to the selection of the General Contractor, Tenant shall solicit bids from at least three (3) qualified contractors to undertake the construction of the Project. Tenant shall seek to hire a contractor at the lowest cost practicable, in light of the objectives for the construction of the Project as expressed in this Work Letter and the Lease.

With regard to the hiring of subcontractors by the General Contractor to undertake the construction of any of the City Improvements, the General Contractor shall solicit bids from at least three (3) qualified subcontractors to undertake the pertinent work. The General Contractor shall seek to hire such subcontractors, and to acquire materials to be utilized for the construction of the City Improvements, at the lowest cost practicable in light of the objectives for the construction of the Project as expressed in this Work Letter and the Lease.

In all solicitation of bids by the Tenant for a General Contractor, and by the selected General Contractor for the hiring of subcontractors to undertake the construction of the City Improvements, Tenant or the General Contractor, as the case may be, shall require that such Contractor or subcontractor comply with: (i) the "Special Conditions regarding Equal Employment Opportunity and Affirmative Action Commitment" in accordance with the terms and conditions described on Attachment ____ to this (sub)exhibit; (ii) the terms and provisions of the Chicago Resident Employment Ordinance, Section 2-92-330, et seq., Municipal Code of Chicago; (iii) the Veteran Preference Act, 330 ILCS 55/11, et seq.; the terms and conditions of the Chicago Human Rights Ordinance, Section 2-160-010,

et seq., Municipal Code of Chicago; and (v) the Prevailing Wage Act of Illinois, 820 ILCS 1130/1, et seq. (1992).

The D.G.S. shall evaluate the prospective bids within seven (7) days from their submission by Tenant. The D.G.S. shall notify Tenant immediately of those bidders who are deemed "not qualified" due to the prior experience of the City or in light of the terms and provisions of the Lease and the Work Letter. Tenant shall thereafter select the General Contractor, and the selected General Contractor shall thereafter select pertinent subcontractors, submitting the lowest responsible bid, which selection must be approved by the D.G.S. prior to the execution of the contract between the Tenant and the selected General Contractor ("Construction Contract"), or any subcontract between the General Contractor and a respective subcontractor ("Subcontract"), as the case may be.

The Construction Contract, and each and every Subcontract, must contain specific provisions: (i) regarding compliance with the laws and regulations described in this Section G and elsewhere in this Work Letter and the Lease; (ii) naming the City as a third party beneficiary; (iii) containing a clause providing for the assignment of said Construction Contract and any Subcontract to the City in the event of the expiration or termination of the Lease; and (iv) containing a clause obligating the General Contractor, or any subcontractor, to furnish such reports and information as requested by the Chicago Commission of Human Relations to determine compliance with the Chicago Human Rights Ordinance.

No modifications, change orders or amendments to the Construction Contract or any Subcontract shall be binding with respect to the City unless the D.G.S. has approved such modifications, change order or amendment in writing.

The Construction Contract shall be a "guaranteed maximum price contract", in an amount not to exceed the aggregate costs of the City Improvements and the Tenant Improvements as described in the Budget. If Tenant is unable to identify a contractor willing to undertake the construction of the Tenant Improvements and the City Improvements on such a "G.M.P." basis, then the parties may agree to terminate the Lease in accordance with the terms and provisions described in Section F(3) above, or agree on a reduced scope of the Project, also as described in said section.

With regard to the construction of the City Improvements, Tenant shall itself, and also required its General Contractor: (i) to comply with certain M.B.E./W.B.E. requirements and goals in accordance with Section 2-92-420, et seq., Municipal Code of Chicago; (ii) to not hire or otherwise utilize the services of any ineligible contractor or subcontractor; and (iii) to comply with the terms and provisions of the State and City "Anti-Bribery Laws", Illinois Criminal Code, 720 ILCS 5/33E-1, et seq. (1992), the Illinois Municipal Code of Chicago, the Illinois Human Rights Act, 775 ILCS 5/101, et seq. (1992), the Equal Employment Opportunity Clause, 56 Ill. Admin. Code Sec. 2520,

App. A (1992); the Discrimination in Public Contracts Act, 775 ILCS 10/0.01, et seq. (1992); and the Chicago Human Rights Ordinance, 2-160-010, et seq., Municipal Code of Chicago. In addition, in the conduct of any business operations in Northern Ireland, Tenant covenants that it shall make all reasonable and good faith efforts to conduct any business operations in Northern Ireland in accordance with the "MacBride Principles for Northern Ireland" as defined in Illinois Public Act 85-1390 (1988 Ill. L. 3220), and in accordance with Section 2-92-580, Municipal Code of Chicago.

(H) Purchase of Materials for the City Improvements. All materials purchased directly by Tenant or the General Contractor as a result of the Construction Contract or any Subcontract concerning the construction of the City Improvements shall be high quality materials acquired at the lowest practical cost. The D.G.S. reserves the right to review and approve all such contracts and invoices to determine if the prices to be paid for such materials are reasonable. In addition, the terms of the Construction Contract and any Subcontract shall be subject to the provisions of the "Steel Products Procurement Act", 30 ILCS 565/1, et seq. (1992), as amended. Any steel products utilized or supplied in the construction of the City Improvements shall be manufactured or produced in the United States. For purposes of this Section H, "steel products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated, or otherwise similarly processed or processed by a combination of two or more such operations, from steel made in the United States by the open hearth, basic oxygen, electric furnace, Bessemer or other steel making process.

Tenant or the General Contractor, as the case may be, shall pay all existing and future applicable federal, state and local sales, consumer, use and similar taxes, whether direct or indirect. Sales of materials to Tenant or the General Contractor which are utilized in the construction of the City Improvements are exempt from the State of Illinois Retailers' Occupation Tax and Use Tax. For purposes of this paragraph, the term "material" means all the tangible personal property, including fixtures, which enter into a structure or otherwise become incorporated into the property. To obtain this exemption, Tenant or the General Contractor must present a certification (with the City tax exemption number) to the supplier stating: (i) the purchase is for conversion into real estate under contract with the City; and (2) the date that the contract with the City was executed. The supplier must retain the certification and exemption number in its records in order to claim the purchase as an exemption. The excise tax may not apply to materials purchased pursuant to the Lease and this Work Letter by virtue of Exemption Certificate No. 36-6005820. State of Illinois sales tax may not apply to such materials by virtue of Exemption Certificate No. E9998-1874-01.

(I) Performance Bond. The General Contractor shall be required to deliver to the City a performance and payment bond designating Tenant and the City as beneficiaries in an amount no less than the aggregate amount of the construction costs as reflected in the Construction Contract between

Tenant and the General Contractor. Said performance bond shall be issued by surety company licensed to do business in the State of Illinois and approved by the City Comptroller. If the surety on any bond at any time fails financially, or are deemed to be insufficient security for the payment of said bond, then the City, upon thirty (30) days written notice, may require the General Contractor to furnish a new and additional bond with such surety thereon and in such amounts as shall be satisfactory to the City. Nothing contained in this Section I, however, shall be construed to limit or diminish Tenant's duties, obligations or liabilities under the Lease, or any of the General Contractor's duties, obligations or liabilities under its Construction Contract with Tenant.

(J) Construction Schedule. Within seven (7) days subsequent to the execution of the Construction Contract or the City's Contract, whichever is later, Tenant shall submit for approval by the City the construction schedule describing in adequate detail the timetable for the various activities associated with the completion of the Project, including, without limitation, the selective demolition of the interior of the Facility and the commencement of the renovation of the facades of the Facility, and the anticipated month of completion of the Project.

(K) Construction Escrow. The Tenant's Financial Contribution and the City's Financial Contribution shall be deposited from time to time as necessary to fund the construction of the Project in an escrow account ("Escrow") held by an institutional escrowee ("Escrowee") mutually acceptable to the parties. The respective rights, liabilities and duties of the Escrowee, as well as the purposes for which disbursements may be made from the Escrow and the terms and conditions upon which the same can be made, are contained in the Lease. The parties agree that if any conflict exists between the terms of the Lease and any escrow instructions or other documents affecting the Escrow, the terms and provisions of the Lease shall govern.

1. Permitted Disbursements. At the request of and on behalf of Tenant, the Escrowee, pursuant to the terms of the Lease, shall through disbursements from the Escrow pay directly to the contractor or vendor of Tenant or any payee designated by Tenant (except to Tenant itself), for the following eligible costs:

(a) architectural and engineering services;

(b) the selective demolition of the interior of the Facility, including the removal of asbestos, lead paint, and other hazardous materials;

(c) the demolition of the existing structures located on the Parking Lot, including the removal of asbestos, lead paint, and other hazardous materials;

(d) the construction or replacement of the base building mechanical systems of the Facility;

(e) the repair of the windows;

(f) expenses of rehabilitating the W.P.A. murals and the other Historic Elements;

(g) hard construction costs associated with the construction of the interior Project improvements;

(h) the paving, lighting and striping of the Parking Lot; and

(i) any other bona fide development costs or services.

Of those Project-related costs and expenses described in this Section K(1), the City's Financial Contribution shall be solely utilized to pay for items (b), (c), (d), (e) and (f) described above.

2. Conditions Precedent to Disbursement. Prior to the initial disbursement of funds from the Escrow by the Escrowee, Tenant shall deliver to the Escrowee and the Inspector (as defined below) the following documents:

(a) Tenant's Budget approved by the D.G.S. as described in Section F above;

(b) a title commitment or policy showing only those permitted exceptions as approved by Tenant or the D.G.S.;

(c) a final plat of survey certified by a licensed engineer showing all easements, encroachments and containing a legal description of the Property;

(d) a building permit issued by the City;

(e) satisfactory proof that policies of insurance as referred to in Section 3.9 above have been obtained by Tenant, have been approved by the D.G.S. and the City's Risk Manager, and are in full force;

(f) Internal Revenue Service taxpayer identification numbers for Tenant; and

(g) such other documents required of Tenant by the Escrowee.

In addition, Tenant shall be required to deliver to the Inspector the following documents:

(a) the Working Drawings and Specifications approved by the D.G.S. pursuant to Section D above;

(b) the Construction Contract, as approved by the D.G.S., as well as copies of any Subcontracts, and the City's Contract; and

(c) labor, material and performance bonds affecting the General Contractor, such bonds to be issued by a company acceptable to the D.G.S. in its sole discretion.

3. Disbursements. Disbursements from the Escrow covering the Project costs described in paragraph (1) of Section I shall be made by the Escrowee, upon receipt of the prior approval of the Inspector, the City, and in applicable, the Construction Lender, in the following manner.

(a) Method. Subject to the provisions of the Lease, the Escrowee shall disburse directly to Tenant or to the General Contractor, or if directed by the General Contractor, to such contractor, subcontractor, vendor and any other persons as have actually supplied labor, materials or services in connection with the construction of the Project.

(b) Holdback Provision. The Escrowee may hold back on each request for advance for payment covering the costs described in paragraph (1) above of this Section I an amount equal to ten percent (10%) of the requested sum until the Project is completed, as evidenced by the issuance of the Certificate by the City.

(c) Final Disbursement. Subject to the provisions of the Lease, and as long as Tenant is not in default in the due, prompt and complete performance or observance of any of its covenants or obligations contained in the Lease, the Mortgage Note and the Mortgage, if applicable, the final disbursement of the Escrow constituting the holdback portion referred to above shall be made by the Escrowee when Tenant has completed the Project to the satisfaction of the Inspector (as evidenced by written notice thereof from the Inspector to the Escrowee) and the Construction Lender, if any, and received the certificate from the D.G.S., and provided that Tenant has submitted to the Escrowee, the D.G.S., the Inspector and the Construction Lender, if any, affirmative proof that no materialmen's liens or claims or liens exist affecting the Facility due to the construction of the Project improvements. Any sums thereafter remaining in the Escrow shall be disbursed pursuant to applicable provisions of the Escrow Agreement.

(d) Draw Process. Concurrently with the request for any disbursement from the Escrow, Tenant shall furnish to the Escrowee, the D.G.S., the Inspector, and the Construction Lender, if any, separately with respect to each disbursement request, a sworn statement duly signed with all blanks appropriately filled in setting forth such details concerning the costs contained therein as said parties shall require, including: (a) a detailed breakdown of percentages and costs of the construction of the Project improvements showing the amounts expended to date for such construction, and the amounts then due and unpaid, an itemized estimate of the amount necessary to complete the construction of the Project in its entirety and also containing certification by Tenant and its architect that the construction of the Project to date of such certificate complies with the Working Drawings and Specifications; and (b) if requested by the Escrowee, the Inspector, the City, or the Construction Lender, if any, a list of the names and addresses of all material dealers, laborers and subcontractors with whom agreements have been made by Tenant and the General Contractor. Also included shall be a sworn statement from the General Contractor reflecting the percentage of work done and listing the various subcontractors with the amount of payment due such subcontractor and the remaining sums to be paid to the subcontractor. Attached to the General Contractor's sworn statement shall be the pertinent partial or full releases or waivers of lien and receipted invoices from each material dealer and subcontractor who has done work or has furnished materials. If work on the Facility has begun prior to the initial disbursement, than Tenant shall provide the Escrowee, the City and the Inspector with all such items as aforesaid, and/or acknowledgement of receipt of payment for work or materials previously provided, and any additional items as the Escrowee, the City and the Inspector may require prior to such initial disbursement.

(e) Change Orders. The D.G.S. also reserves the right to review and approve any and all change orders involving costs which exceed the sum of _____ Thousand Dollars ($_____,000) per change order. The D.G.S. shall have ten (10) days from the receipt of said change orders with which to review and approve the change orders. If the D.G.S. fails to approve or otherwise respond to Tenant within said ten (10) day period, the change orders shall be deemed to be approved by the D.G.S..

(f) Compliance with Conditions Precedent. Each request for disbursement from the Escrow submitted by Tenant shall be subject to compliance to the satisfaction of the Escrowee, the City, the Construction Lender, if any, and the Inspector, in both form and substance, with the applicable conditions precedent for disbursements as set forth in this section.

(g) Time for Payment of Requisitions. Upon receipt of a draw request by the Escrowee, the Escrowee shall have five (5) business days in order to effect such advance.

(h) Inspection. During the construction of the Project, the City shall employ, for the benefit of the City and Tenant, but at the sole expense of Tenant, an inspector or architect ("Inspector") selected by the parties to review for the parties all construction and renovation with regard to the completion of the Project, which Inspector shall certify or otherwise indicate to the Escrowee and the City that the construction of the Project to the date of each draw request and certificate of Tenant is as set forth in said draw request and certificate, and that such rehabilitation or construction, as the case may be, complies with the Working Drawings and Specifications, such indication from the Inspector to be a condition precedent to the approval by the Escrowee of any submitted draw request of Tenant. A representative of the D.G.S. shall have the right, but not the obligation, to accompany the Inspector during his inspection of the Project. The Escrowee, at its option, may pay all reasonable fees for inspections submitted for payment by the Inspector from Tenant's Financial Contribution without the consent or signature of Tenant.

4. Investment of Escrow Funds. The City's Financial Contribution, upon its deposit by the City in the Escrow, shall be invested or reinvested by the Escrowee at the written direction of the City to the extent permitted by law. Any interest received upon said investment of escrow funds shall be paid to the City.

L. Relocation of Utilities. During the construction of the Project, in the event Tenant requests the relocation, repair or replacement of any existing City or private utility lines in and under the Facility, the public streets or private property adjacent to the Facility and the Property, Tenant agrees to cause such utilities to be relocated at Tenant's sole expense. The D.G.S. shall use its best efforts to assist Tenant in obtaining the cooperation of any City agency with regard to the relocation, repair or replacement of existing utility lines. Under no circumstances shall the City be financially responsible for the relocation, repair or replacement of any utility lines as a result of the Lease.

M. Commencement and Completion of the Project. Tenant shall commence with the construction of the Project within ten (10) days of the execution of the Construction Contract or the issuance of the building permit, whichever is later. Except for permitted delays (as described in Section 4.2 of the Lease), Tenant shall complete the Project within _____ (____) months after the issuance of a building permit. Tenant agrees for itself, its successors and assigns, that Tenant, its successors and assigns, shall promptly begin and diligently complete the Project within the time period specified in this Section M.

N. Construction of the Project. The construction of the Project shall be completed in accordance with all applicable federal, state and local laws, statutes, rules, ordinances, and regulations, the Working Drawings and

Specifications and in compliance with the terms and conditions of the Lease, including, without limitation, Sections 3.5 and 6.4 of the Lease, concerning nuisances and Environmental Laws. Specifically, during the construction of the Project, Tenant covenants to the City that for itself and with regard to the work undertaken on its behalf by the General Contractor, and the various subcontractors, that all such work shall adhere to all federal, state and local statutes, laws, ordinances, regulations and directives with regard to the elimination of excessive noise and pollution of air and water due or related to the construction of the Project, including the removal of any asbestos or lead paint debris from the Facility as required by law. Strict attention shall be given to the reduction of noise from heavy construction equipment and to the control of dust, smoke and fumes from such equipment or due to any of the construction activities associated with the Project, and to the reduction of dirt and noise created by heavy trucks over City streets in accordance with all ordinances and orders of the City. The discharge of oily, greasy and chemical wastes into waterways and the City sewers is strictly prohibited.

With regard to the construction of the City Improvements, Tenant shall be responsible for uncovering and remedying any work that does not conform to the terms of the Lease and this Work Letter and to the Working Drawings and Specifications. Prior to the issuance of the Certificate by the D.G.S., Tenant shall promptly correct any work or replace materials either rejected by the D.G.S. or the Inspector, or known or should have been known by Tenant to be defective or failing to conform to the terms of the Lease and this Work Letter and to the Working Drawings and Specifications. Tenant shall also promptly repair work or replace materials damaged by defective work or materials. All work and materials constituting the City Improvements shall be inspected by the Inspector and other licensed City personnel as required by applicable law or ordinance, and by representatives of the D.G.S. (at their discretion). Tenant shall be solely responsible for any costs associated with the correcting of such rejected, damaged, defective, or otherwise non-conforming work and materials, including but not limited to any additional testing and inspection required by the City in its sole discretion.

Tenant warrants to the City that any and all materials, equipment and furnishings incorporated in the City Improvements shall be new unless otherwise expressly agreed to by the D.G.S. in writing, and that any of the work constituting the Project shall be of good quality, free from faults and defects, and in conformity with the terms of the Lease and this Work Letter and to the Working Drawings and Specifications. Work and materials not conforming to these requirements shall be corrected at Tenant's sole expense.

During the Term of the Lease, or within such longer period provided by any applicable special warranty in any of the various Subcontracts, Tenant, at no cost to the City, shall promptly and efficiently correct any work or materials found to be defective or non-conforming and any damage caused

by such work and materials. Nothing contained in the Lease or the Work Letter, however, shall be construed to establish a period of limitation other than those provided by law or by special warranty with respect to other obligations of Tenant, nor shall any provisions be construed to establish a period of limitation with respect to the City's rights and remedies in the event of the discovery of latent defects in work and materials constituting the City Improvements. The provisions of this Section N refer only to the specific obligation of Tenant to correct defective work and replace defective materials, and bears no relationship to the time frame within which the Tenant's obligations to comply with the terms of the Lease may be enforced by the City against Tenant, nor to the time within which proceedings may be commenced to establish Tenant's liability with respect to Tenant's obligations other than the correction of defective work and materials. The terms of this Section N shall not be construed to establish a period of limitation with respect to any performance bond nor to limit any such period of limitation as provided by law.

If Tenant persistently fails to correct the defective work or replace defective materials as described in this Section N, the City, by written direction of the Commissioner of D.G.S., may order Tenant to halt construction of the Project in its entirety, or to halt any portion thereof, until the cause for such stop order has been eliminated; provided, however, the City's right to stop any of the construction of the Project shall not give rise to a duty on the part of the City to exercise said right for the benefit of other persons or entities.

Tenant shall have seven (7) days from the date upon which it receives written notice from the City to commence and continue with the correction of any defective or nonconforming work or materials with due diligence and promptness. If Tenant disagrees with the City's determination, it must advise the City and the Inspector in writing prior to the expiration of said seven (7) day period. In such event, the Inspector, upon prompt review of any information provided by the City and Tenant, shall advise the parties in writing of its opinion. If the Inspector determines that there exists defective or nonconforming work and materials, Tenant shall commence within seven (7) days of notice to correct such defective or nonconforming work or materials. If Tenant fails to commence its corrective work within seven (7) days of receipt from either the City or the Inspector, as the case may be, the City may give a second notice to Tenant. Without prejudice to the other remedies that the City may have, including declaring Tenant in default under the terms of the Lease, the City may thereafter proceed to correct such deficiencies and defects, and deduct from the aggregate of the City's Financial Contribution any sums made available for the Project.

O. Certificate of Completion. When the construction of the Project is completed in accordance with the approved Working Drawings and Specifications and the Lease, the D.G.S., upon written request by Tenant, shall furnish Tenant with an appropriate Certificate. The Certificate shall be a conclusive determination of satisfaction and termination of the

covenants in the Lease with respect to the obligations of Tenant and its successors and assigns to complete the Project. The Certificate, however, shall not constitute evidence that Tenant has complied with any applicable provisions of federal, state and local laws, ordinances and regulations with regard to the completion of the Project. The Certificate shall be in recordable form. Upon written request by Tenant for the Certificate, the City, within thirty (30) days after receipt of the same, shall undertake an inspection of the Site and thereafter provide Tenant either with the Certificate or a written statement indicating in adequate detail how Tenant has failed to complete the Project in conformity with the Working Drawings and Specifications and the Lease, or is otherwise in default, and what measures or acts will be necessary, in the sole opinion of the City, for Tenant to perform in order to obtain the Certificate. Tenant shall have ninety (90) days to correct any such nonconformity or default. Upon compliance with the City's requirements, Tenant shall resubmit a written request for a Certificate from the City.

P. Prohibition Against Unpermitted Encumbrances. Prior to the completion of the Project as certified by the City, neither Tenant nor any successor in interest to the Facility, the Property, the Project, or the Parking Lot, if applicable, shall engage in any financing or other transaction the effect of which creates an encumbrance or lien upon the Site; provided, however, that Tenant, after receiving the prior written consent of the City, shall be permitted to obtain financing solely to obtain the Mortgage as described in Section F(1) above to the extent necessary for completing the Tenant Improvements.

Q. Mortgagees Not Obligated to Construct. Notwithstanding any of the provisions of the Lease, the holder of any mortgage or its affiliate authorized by the Lease, including any holder who obtains title to the Site or any part thereof as a result of foreclosure proceedings, or action in lieu therefor, shall not be obligated by the provisions of the Lease to construct or complete the construction of the Project or to guarantee such construction or completion. Nothing in this Section Q or any section of the Lease shall be deemed or construed to permit or authorize any such holder or its affiliate to devote the Facility or the Site or any part thereof to any uses, or to construct any improvements thereon, other than those uses or improvements provided for or permitted in the Lease.

R. Default During Construction of the Project. In the event of default by any party or its successor in interest in the performance of its obligations to construct the improvements constituting the Project, such party or successor, upon written notice from the other, shall proceed to immediately cure or remedy such default but, in any event, not later than thirty (30) days after receipt of such notice. In the event such action is not diligently pursued or the default not cured within a reasonable time, the aggrieved party may institute such proceedings at law or in equity as may be necessary or desirable in its sole discretion to cure and remedy such default, including but

not limited to, proceedings to compel specific performance by the party in default of its obligations.

With regard to the construction of the Project, in addition to those "events of default" described in Section 4.3 of the Lease, the occurrence of any one or more of the following shall also constitute an "event of default":

(1) Failure of Tenant to develop Working Drawings and Specifications consistent with the procedures outlined in Section D above with regard to the construction of the Project.

(2) If Tenant defaults in fulfilling its obligations with respect to the completion of the Project (including the nature of and the dates of the beginning and completion thereof) or abandons or substantially suspends renovation or construction work, and such default, violation, abandonment or suspension shall not be cured, ended or remedied within thirty (30) days of the date Tenant receives written demand by the City to cure such default.

(3) Failure to comply with the terms of Section N above.

(4) The occurrence of an event of default within the context of the Mortgage.

(5) Failure to correct defective work or non-conforming materials in accordance with Section N above.

If, from the execution date of the Lease until the commencement of construction of the Project, Tenant or its successor in interest defaults in any specific manner as described in this Section R, and after the delivery of notice of default and expiration of any applicable cure period, the City may immediately terminate the Lease and institute any action or proceeding at law or in equity against Tenant.

If, subsequent to the commencement of construction of the Project until the City issues its Certificate, Tenant or its successor in interest shall default in any specific manner as described in this Section R, then the City, by written notice to Tenant, and after reasonable opportunity to cure, may immediately terminate the Lease and institute any action or proceeding at law or in equity against Tenant, including an action for damages. In addition, the City shall have the right to re-enter and take possession of the Facility and the Site, and to terminate Tenant's rights and interests in and to the Facility and the Site. The City may utilize proceeds from the performance bond described in Section I above to complete the construction of the Project, including, if necessary, the hiring of an alternative contractor.

The request for the use of such space shall be delivered in writing by the C.P.S. to the Tenant at least eight (8) weeks prior to the proposed date when the space is to be utilized. Historic Elements Of The Hild Library Building.

The City of Chicago ("City") and the Old Town School of Folk Music ("O.T.S.") have executed that certain lease ("Lease") between the parties dated _____, 1996 affecting that certain property known as 4544 North Lincoln Avenue, Chicago, Illinois and improved with that building commonly referred to as the Hild Library building. In conjunction with said Lease and the use and occupancy of the Hild Library building by the O.T.S., the parties agree that the following architectural elements of the Hild Library building are historically and architecturally significant, and as such are to be retained by the O.T.S. in conjunction with its renovation and subsequent use of the Hild Library building. No alteration, relocation or demolition may be undertaken with regard to such architectural elements, unless agreed to by the City in writing, which approval shall not be unreasonably withheld or delayed.

Architecturally Significant Elements (See attached photographs):

A. Lincoln Avenue Elevation: retain all existing masonry and metal panel wall surfaces and architectural details and components. All decorative plaques below the windows with surrounding materials, and all windows and openings are to be preserved; however, the widow section immediately to the north of and adjacent to the main entrance to the Hild Library building, upon the express approval of the City Architect of the Department of General Services, may be modified as an entrance to the building to accommodate access for commercial use and to meet the requirements of federal, state and local laws concerning accessibility, including, without limitation, the Americans with Disabilities Act and the Illinois Environmental

Barriers Act. Any signs, banners or other types of identification of the Hild Library building to be utilized by the O.T.S. are to be submitted to the City Architect for approval as well as any light fixtures, decorative elements or any other additions to the existing facade. The library signage can be removed if properly parched, and the signage returned to the Chicago Public Library.

B. Lincoln Avenue main entrance, vestibule and interior entry lobby: retain recessed entry, materials, door frame and widow mounts. The entry lobby ceiling, wall, stair, decorative grilles and any other materials and elements of said lobby are to remain.

C. Oakley Avenue Elevation: retain all existing wall surfaces, materials, openings, architectural details, exterior stairs and wrought iron fence. If any change to the Oakley Avenue elevation is proposed by the O.T.S. in order to accommodate a remodeling of the interior of the Hild Library building, any such modification is to be compatible with the design integrity of the Hild Library building as a whole.

D. Main interior staircase to the second floor: to the extent practicable, as agreed to by the parties, retain all existing materials and architectural elements and dimensions including the decorative metal railings, walls, ceiling and ornamental sky light above.

E. The WPA murals presently located on the second floor of the Hild Library building are to be retained and restored by the O.T.S.. If the murals do not remain in their existing location, the murals should be relocated to a compatible architectural context in another area of the building which is readily accessible to the public. In either case, there must be enough floor area in front of the murals to have visual appreciation of the entire mural as well as any part thereof. All restoration and relocation, if approved by the Division of Public Art of the Department of Cultural Affairs, must be undertaken by a qualified art conservator meeting professional conservation standards. Qualifications and standards shall be submitted to said Division of Public Art for approval.

F. Central well and skylight: if possible, retain central well and/or decorative railings at well and skylight above. If the well must be filled in to accommodate a new floor plan, the decorative railings should be either relocated or reutilized (a different configuration is acceptable). If this is not achievable, the railings are to be carefully removed and delivered to the Division of Public Art of the Department of Cultural Affairs.

City Review And Approval For Architecturally Significant Features:

These requirements are in addition to those requirements described in the Lease and the Work Letter attached to the Lease:

Design concept drawings for proposed changes to any architecturally significant element are to be submitted to the City Architect, or the Division of Public Art, as the case may be, for review and approval no later than sixty (60) days prior to the intended construction schedule for any said element. The City Architect, or the Division of Public Art, as the case may be, will make its best effort to approve or provide comments on the proposed change within five (5) business days, but no later than ten (10) business days from receipt of the submittal. Design concept submittals shall consist of dimensioned drawings and other documents illustrating the general scope, scale and character of the proposed changes, including but not limited to: building elevations, sections, if appropriate, site plan, if appropriate, materials, and colors, sketches, if needed, and a proposed schedule. Once any design concept is approved by the City, there is to be no substitution of materials, systems, fixtures or any other elements or change in scale or character without approval of City.

The best of friends must sometimes part
And yet we do not see,
The hand of God writing still
From eternity;
For us it is trying to understand
That our friends must go,
But in the final resurrection

That we do not see,
The ones that leave us here
Are better off than we.

Presented By

ALDERMAN PRECKWINKLE (4th Ward) And OTHERS:

Referred -- TERMINATION OF EXPENDITURES OF TAXPAYER/ CITY FUNDS FOR PAYMENT OF LEGAL FEES FOR CERTAIN ALDERMEN IN WARD REMAP CASES.

Aldermen Preckwinkle, E. Smith, Haithcock, Tillman, Holt, Steele, Shaw, Jones, Coleman, Troutman, Evans, Munoz, Chandler, Ocasio, Burrell, Giles, Shiller and Moore, presented the following proposed resolution:

WHEREAS, There is a dispute among various aldermen as to the proper boundaries of certain city wards under the 1990 federal census and the Voting Rights Act; and

WHEREAS, This dispute evolves from the fact that according to the 1990 Census the city is 38.6% African-American, 37.9% white, and 19.6% Latino,

and the current ward map provides for 19 (38%) African American wards, 7 (14%) Latino wards, and 24 (48%) white wards; and

WHEREAS, This dispute is the subject matter of three suits in federal court, *Barnett et al. v. Daley et al.* 92 C 1683, *Smith et al v. Daley, et al.* 92 C 2104, and *Bonilla et al. v. City Council of the City of Chicago, et al.* 92 C 2666 (N.D. Ill.) (consolidated) (hereinafter "remap" cases), in which some aldermen are plaintiffs seeking a declaration that existing ward boundaries violate federal law (the "opposition" aldermen), and some aldermen have voluntarily intervened into these suits seeking a declaration that the existing boundaries are not violative of federal law (the "administration" aldermen); and

WHEREAS, The City of Chicago is named as defendant and is defending the existing ward boundaries through the offices of the Corporation Counsel; and

WHEREAS, The interests of the "opposition" aldermen and the "administration" aldermen, although in conflict over particular boundaries, are identical in that all aldermen have the same interest in proper and legal ward boundaries; and

WHEREAS, The "administration" aldermen are aware that if the "opposition" aldermen succeed in their suit, the likelihood is that several existing white-majority wards will change to additional non-white majority wards; and

WHEREAS, The chairman of the City Council Committee on Finance is one of the "administration" aldermen who voluntarily intervened in the remap suits against the "opposition", seeking a declaration that existing ward boundaries are not in violation of federal law; and

WHEREAS, The chairman of the City Council Committee on Finance has voluntarily intervened in this case and his stake in the outcome is no greater than that of the City Council as a whole; and

WHEREAS, The chairman of the City Council Committee on Finance has, in combination with the Comptroller and Office of Budget and Management, agreed to spend taxpayer money out of the city budget to support outside legal fees and expenses in the remap cases on behalf of the "administration" aldermen; and

WHEREAS, The chairman of the City Council Committee on Finance has refused to support in any way the outside legal fees and expenses of the "opposition" aldermen in the same remap cases, although often requested to do so; and

WHEREAS, The purported justification by the chairman and other officials for this discriminatory refusal is that the "opposition" aldermen are

plaintiffs in the remap suits, and no authority exists to pay plaintiffs suing the city; and

WHEREAS, The chairman and "administration" aldermen were themselves plaintiffs in several prior remap and related suits, *Roti et al. v. Washington et al.* 71 Ill. Dec 30(1983), *Roti et al. v. Washington et al.* 86 Ch. 4584 (1986), in which this same chairman personally caused the city to pay for his and their own outside attorneys' fees and expenses; and

WHEREAS, By the actions of the chairman and city administration as set forth above there is the perception of a gross inequality and unfairness in the treatment of the "opposition" aldermen and the citizens of the city whom they represent, in that not only are their views discriminated against by the arbitrary denial of equal treatment, but as taxpayers, they are made to contribute to and support the views of the "administration" aldermen in the remap suits to which they are opposed; and

WHEREAS, The chairman of the City Council Committee on Finance has to date authorized over Six Million Dollars of the taxpayers' and city's funds without upward limit to support the interests of the "administration" aldermen in the remap suit while refusing to commit one cent towards the interests of the "opposition" aldermen in the same case; and

WHEREAS, All of the payments made on behalf of the "administration" aldermen in the remap suit are unnecessary given the existence and competence of the city's own Corporation Counsel representing the same point of view as the "administration" aldermen in the same case; and

WHEREAS, The "opposition" aldermen have instituted a suit in federal court, *Smith et al. v. Daley et al.*, 94 C 920 (N.D. Ill.) (Judge Plunkett), seeking a declaration of the illegality of this discrimination and redress therefor; and

WHEREAS, A simple concern for the equality and rudimentary notions of justice under the constitution requires equal treatment regarding public expenditures as between the "administration" and "opposition" aldermen, who have identical interests in a fair and legal ward districting; and

WHEREAS, The City Council has the opportunity to wipe the slate clean on its own and stop the wasteful, discriminatory and improper spending of taxpayer/city funds in support of just one group of aldermen against another by ceasing expenditures immediately; now, therefore,

Be It Resolved, By the City Council in session that all payments for outside attorneys in the remap cases be and the same are hereby immediately ordered to be terminated and the appropriate city officers are hereby ordered to cease all payments to said attorneys, so that the city can defend its existing boundaries and the respective aldermen can support their

own views equally in whatever manner they deem best without taxpayer support from hereon out; and

Be It Further Resolved That the City Council is authorized to hire such expert consultants as may be necessary to review, consider and report to the full Council on whether monies previously spent on behalf of the "administration" alderman in the remap cases were properly spent and to advise on any redress or recoupment which may be possible.

Alderman Preckwinkle moved to suspend the rules temporarily to permit immediate consideration of and action upon the foregoing proposed resolution. The motion to suspend the rules was lost by yeas and nays as follows:
