Rules Suspended -- CONGRATULATIONS EXTENDED TO MS. EARTHA KITT ON HER MANY ACHIEVEMENTS IN ENTERTAINMENT INDUSTRY.

Alderman Burke moved to *Suspend the Rules Temporarily to* go out out of the regular order of business for the immediate consideration of and action upon a proposed resolution. The motion *Prevailed.*

The following is said proposed resolution:

WHEREAS, While Ms. Eartha Kitt is best known for her portrayal as "Catwoman" on the *Batman* television series, she has been a consistent, consummate performer since her singing debut in the "New Faces 1952 Review". She went on to carry her amazing talents into the realm of stage (*Timbuktu*), screen (*St. Louis Blues*) and television. Because of her gift to please fans and critics alike, she has enjoyed an international celebrity and stardom of mythic proportions; and

WHEREAS, Ms. Kitt has demonstrated pride and strength of character in the images she has presented on the screen and stage. She set an example for the people of all races to stand up for what they believe in, even if the cost is high, when she voiced her criticism of the Vietnam Conflict at the White House, which all but ended her career. Despite the tribulations and forces that stymied her ability to perform, she still donated her time and energy in support of many humanitarian cases; now, therefore,

Be It Resolved, That this body takes note of her achievements and acknowledges that she is one of the many significant women who have graced the entertainment industry; and

Be It Further Resolved, That the Chicago City Council wishes her a successful run in her one-woman show, *Lady Day*, at Emerson's Bar & Grill, spotlighting the songs of the late, great Billie Holiday.

On motion of Alderman Burke, seconded by Alderman Holt and Alderman Stone, the foregoing proposed resolution was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Granato, Haithcock, Tillman, Preckwinkle, Holt, Steele, Beavers, Dixon, Shaw, Buchanan, Huels, Frias, Olivo, Burke, Jones, Coleman, Murphy, Rugai, Troutman, Evans, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Burrell, Wojcik, Suarez, Gabinski, Colom, Banks, Giles, Allen, Laurino, O'Connor, Doherty, Natarus, Bernardini, Hansen, Levar, Shiller, Schulter, M. Smith, Moore, Stone -- 47.

Nays -- None.

Alderman Natarus moved to reconsider the foregoing vote. The motion was lost.

At this point in the proceedings, The Honorable Richard M. Daley, Mayor, rose to state that he and the members of the City Council were honored by the presence of Ms. Eartha Kitt. After lauding her contributions to the entertainment industry and popular culture, Mayor Daley expressed his appreciation for Ms. Kitt's abiding courage in matters of social change and for the salutary impact upon young people of her unwaivering convictions.

Speaking from the Mayor's rostrum, Ms. Kitt thanked Mayor Daley, Alderman Coleman and the members of the City Council for the honor accorded her. The opening of her show in Chicago was a particular pleasure, Ms. Kitt stated, in that this city has been consistently appreciative and supportive of her since her 1952 debut. Noting that "I see more seats filled here than I see in the House when I'm watching C-Span", Ms. Kitt then praised Chicago for a government that works and thanked the Mayor and the City Council for having afforded her the opportunity to meet them.

(f) The Issuer has not sold, assigned, pledged or otherwise transferred the Mortgage Loans, the Mortgage Notes or the Mortgages or any interest therein to any person other than the Trustee under the Indenture.

Any certificate signed by an authorized officer of the Issuer and delivered to the Purchaser shall be deemed a representation and warranty by the Issuer to the Purchasers as to the statements made therein.

(c) A copy of all proceedings of the City Council of the Issuer relating to the authorization of the sale of the Mortgage Loans certified by an officer of the Issuer.

(d) Originally executed Mortgages (recorded with the Recorder of Deeds, in Cook County, Illinois), originally executed Mortgage Notes and other items required by the Indenture to be held by the Trustee in the Mortgage Files (as defined in the Indenture), all in form and substance satisfactory to the Purchaser.

(e) Assignments of all of the Mortgage Notes from the Trustee, on behalf of the Issuer, in blank.

(f) Endorsements of all of the Mortgage Notes from the Trustee, on behalf of the Issuer, in blank.

(g) Such additional documents, certificates, proceedings or opinions as the Purchaser may reasonably request in connection with the transactions contemplated by this Purchase Contract.

All the opinions, certificates, instruments and other documents mentioned above or elsewhere in this Purchase Contract shall be deemed to be in compliance with the provisions hereof if, but only if, they are in form and substance satisfactory to the Purchaser.

60th And Western

Redevelopment Project Area

Tax Increment Allocation Finance Program

Redevelopment Plan And Project.

January 8, 1996.

Introduction.

The 60th and Western Redevelopment Project Area (hereafter referred to as the "Redevelopment Project Area") is located in the southwest side of the City of Chicago, Illinois approximately eleven (11) miles southwest of the City's central business district. The Redevelopment Project Area contains approximately one hundred forty-six and four-tenths (146.4) acres and consists of two areas of vacant land and two improved areas. The first area of vacant land is owned by American National Can Company (A.N.C.C.), hereafter referred to as the A.N.C.C. portion, and contains approximately twenty and six-tenths (20.6) acres of land located at 6017 South Western Avenue, Chicago, Illinois and is generally bounded by the former Western Union building on the north, the Baltimore & Ohio Grand Trunk Railroad Line on the east, 62nd Street on the south and Western Avenue on the west. The second area of vacant land is owned by Consolidated Rail Corporation (C.R.C.) and the Baltimore & Ohio Railroad (B. & O.), hereafter referred to as the C.R.C./B. & O. portion, and contains approximately one hundred ten (110) acres of land located generally in the railroads' rights-of-way bounded by Garfield Boulevard on the north, 63rd Street on the south, the Baltimore & Ohio Grand Trunk Railroad Line on the west and Hamilton and Hoyne Avenues on the east. The third area of land, an improved area, is operated by the Baltimore & Ohio Railroad (B. & O.), hereafter referred to as the B. & O. portion, and contains approximately eight and eight-tenths (8.8) acres of land which is the Grand Trunk Railroad Line separating the A.N.C.C. portion, and the C.R.C./B. & O. portion. The fourth area, also an improved area, contains approximately seven acres and is owned by Sears, Roebuck & Co., hereafter referred to as the Sears portion, and is located between 62nd Street on the north, Oakley Avenue on the west, 63rd Street on the south and the railroad line on the east. The majority of the Redevelopment Project Area will be considered as vacant land since the former railyard is abandoned and the buildings on the A.N.C.C. portion have been completely demolished. The B. & O. portion will be considered as improved since it contains an active railroad line; the Sears portion will also be considered as improved since it contains a single building. The boundaries of the Redevelopment Project Area are shown on Map 1, Boundary Map; the A.N.C.C. portion, the C.R.C./B. & O. portion, the B. & O. portion and the Sears portion are shown on Map 2, Existing Land Uses.

The Redevelopment Project Area is located in the southwest side of the City of Chicago and has excellent transportation access, particularly to surrounding communities. The major access to the Redevelopment Project Area is provided by 63rd Street, 59th Street and Western Avenue. Public transportation is available via C.T.A. surface buses along those major arterial streets. The Dan Ryan Expressway (I-90/94) is available via the Garfield Boulevard and 63rd Street interchanges which are located approximately two miles east of the Project Area.

The 60th and Western Redevelopment Project Area is located within an area of the City of Chicago which contains service, retail and industrial uses. The Redevelopment Project Area is located adjacent to commercial/retail uses on the south and west which are along the major arterial streets, Western Avenue and 63rd Street.

The purpose of the Redevelopment Plan is to create a mechanism to allow for the redevelopment of vacant and improved land with new commercial/retail and industrial facilities. The redevelopment of this vacant and underutilized land and the improved land with the single structure is expected to encourage economic revitalization within the community and surrounding area.

Tax Increment Allocation Redevelopment Act.

An analysis of conditions within this area indicates that it is appropriate for designation as a redevelopment project area, utilizing the State of Illinois tax increment financing legislation. The Redevelopment Project Area is characterized by conditions which warrant its designation as a vacant "blighted area" and an improved "Conservation Area" within the definitions set forth in the Tax Increment Allocation Redevelopment Act (hereafter referred to as the "Act"). The Act is found in 65 ILCS 5/11-74.4-1, et seq., as amended.

The Act provides a means for municipalities, after the approval of a "Redevelopment Plan and Project" to redevelop blighted and conservation areas by pledging the increase in tax revenues generated by public and private redevelopment. This increase in tax revenues is used to pay for up-front public costs which are required to stimulate the private investment in new redevelopment and rehabilitation. Municipalities may issue obligations to be repaid from the stream of real property tax increments that occur within the tax increment financing district.

The property tax increment revenue is calculated by determining the difference between the initial equalized assessed value (E.A.V.), the Certified E.A.V. Base for all real estate located within the district and the current year E.A.V.. The E.A.V. is the assessed value of the property multiplied by the state multiplier. Any increase in E.A.V. is then multiplied by the current tax rate, which determines the incremental real property tax.

The 60th and Western Redevelopment Area Tax Increment Allocation Redevelopment Plan and Project has been formulated in accordance with the provisions of the Act. It is a guide to all proposed public and private action in the Redevelopment Project Area. In addition to describing the objectives of redevelopment, the Redevelopment Plan sets forth the overall program to be undertaken to accomplish these objectives. This program is the "Redevelopment Plan and Project".

This Redevelopment Plan also specifically describes the 60th and Western Tax Increment Redevelopment Project Area. This area meets the eligibility requirements of the Act. The Redevelopment Project Area boundaries are described in Section II of the Redevelopment Plan and shown in Map 1, Boundary Map.

After its approval of the Redevelopment Plan, the City Council then formally designates the Redevelopment Project Area.

The purpose of this Redevelopment Plan is to ensure that new development occurs:

1. on a coordinated rather than a piecemeal basis to ensure that the land-use, vehicular access, parking, service and urban design systems will meet modern-day principles and standards;

2. on a reasonable, comprehensive and integrated basis to ensure that blighting factors are eliminated; and

3. within a reasonable and defined time period.

Revitalization of the Redevelopment Project Area is a large and complex undertaking and presents challenges and opportunities commensurate to its scale. The success of this effort will depend to a large extent on the cooperation between the private sector and agencies of local government.

Since there has been no investment in the Redevelopment Project Area other than the removal of buildings and railroad trackage for at least the last five (5) years, the adoption of the Redevelopment Plan will make possible the implementation of a logical program to stimulate redevelopment in the Redevelopment Project Area, an area which cannot reasonably be anticipated to be developed without the adoption of this Redevelopment Plan. Public investments will create the appropriate environment to attract the investment required for the rebuilding of the area. But for the investment of seed funds by the City, the proposed developments would not be financially feasible and would not go forward.

Successful implementation of the Redevelopment Plan and Project requires that the City of Chicago take full advantage of the real estate tax increments attributed to the Redevelopment Project as provided in accordance with the Act.

Redevelopment Project Area And Legal Description.

The 60th and Western Redevelopment Project Area is located on the southwest side of the City of Chicago, Illinois approximately eleven (11)

miles southwest of the City's central business district. The Redevelopment Project Area contains approximately one hundred forty-six and four-tenths (146.4) acres and consists of two areas of vacant land and two improved areas. The first area of vacant land is owned by American National Can Company (A.N.C.C.) and contains approximately twenty and six-tenths (20.6) acres of land located at 6017 South Western Avenue, Chicago, Illinois and is generally bounded by the Western Union building on the north, the Baltimore & Ohio Grand Trunk Railroad Line on the east, 62nd Street on the south and Western Avenue on the west. The second area of vacant land is owned by Consolidated Rail Corporation (C.R.C.) and the Baltimore & Ohio Railroad (B. & O.), hereafter referred to as the C.R.C./B. & O. portion and contains approximately one hundred ten (110) acres of land located generally in the railroads' rights-of-way bounded by Garfield Boulevard on the north, 63rd Street on the south, the Baltimore & Ohio Grand Trunk Railroad Line on the west and Hamilton and Hoyne Avenues on the east. The third area of land, an improved area, is operated by the Baltimore & Ohio Railroad (B. & O.), hereafter referred to as the B. & O. portion, and contains approximately eight and eight-tenths (8.8) acres of land which is the Grand Trunk Railroad Line separating the A.N.C.C. portion and the C.R.C./B. & O. portion. The fourth area, also an improved area, contains approximately seven acres and is owned by Sears, Roebuck & Co. and is located between 62nd Street on the north, Oakley Avenue on the west, 63rd Street on the south and the railroad line on the east. The majority of the Redevelopment Project Area will be considered as vacant land since the former railyard is abandoned and the buildings on the A.N.C.C. portion have been completely demolished. The B. & O. portion will be considered as improved since it con ains an active railroad line; the Sears portion will also be considered as improved since it contains a single building. The boundaries of the Redevelopment Project Area are shown on Map 1, Boundary Map; the A.N.C.C. portion, the C.R.C./B. & O. portion, the B. & O. portion and the Sears portion are shown on Map 2, Existing Land Use.

The legal description of the 60th and Western Redevelopment Project Area is attached to this plan as (Sub)Exhibit A.

Blighted Area Conditions Existing In The Redevelopment Project Area.

Based upon surveys, site inspections, research and analysis -- in particular of the Loewenberg + Associates December 1994 Report on the A.N.C.C. area by -- Louik/Schneider & Associates, Inc., the vacant area of the Redevelopment Project Area qualifies as a blighted area and the improved area qualifies as a conservation area as defined by the Act. A separate report entitled "Eligibility Study Of A Proposed Redevelopment Project Area For Tax Increment Financing In The 60th And Western Study Area", Chicago, Illinois, dated January 8, 1996 describes in detail the surveys and analyses undertaken and the basis for the finding that the Redevelopment Project Area qualifies as a vacant blighted area and as a conservation area as defined by the Act. The majority of the Redevelopment Project Area is characterized by the presence of two of the blighting factors as listed in the Act for vacant land; the improved area is characterized by structures more than thirty-five (35) years of age and the presence of six (6) factors listed in the Act for a conservation area. Summarized below are the findings of the Eligibility Report.

Vacant Area Factors.

The factors described below are present within the vacant area.

1. The area immediately prior to becoming vacant qualified as a blighted improved area.

The A.N.C.C. portion of the Redevelopment Project Area, prior to becoming vacant land, had been utilized by A.N.C.C. for a manufacturing facility, at one time the world's largest can plant employing more than five thousand (5,000) individuals. According to the Loewenberg + Associates December 1994 Report, attached to the Eligibility Study as (Sub)Exhibit C, the A.N.C.C. portion of the Redevelopment Project Area, prior to the current demolition of the improvements, exhibited the following factors qualifying it as a blighted improved area under the Act: (1) age; (2) dilapidation; (3) obsolescence; (4) deterioration; (5) presence of structures below minimum code standards; (6) excessive vacancies; (7) lack of ventilation, light, or sanitary facilities; (8) excessive land coverage; (9) deleterious land-use or lay out; and (10) depreciation of physical maintenance. The Loewenberg + Associates December 1994 Report provides considerable detail and photographic evidence of the conditions that relate to each of these blighting factors. According to the Loewenberg + Associates December 1994 Report, each of the buildings on this site exhibited at least nine (9) of these ten (10) blighting factors.

2. The area consists of unused rail yards, rail tracks or railroad rights-of-way.

The C.R.C./B. & O. portion of the Redevelopment Project Area is a former railyard which has not been utilized by the railroad since approximately 1982. Originally constructed in the early 1900s, the area was a "humpyard" which is used by railroads to switch cars onto particular trains headed for different destinations. In addition, this rail facility was used to serve A.N.C.C., the world's largest can manufacturing facility. In 1992, the trackage was removed from the area by the railroad and has remained vacant land since that time.

Improved Area Factors.

The factors described below are present within the improved area.

1. Obsolescence.

Obsolescence is present in the single structure of the Sears portion as manifested by functional and economic obsolescence of the existing single-purpose building and the inadequate provision for access.

2. Deterioration.

Deterioration is present in the Sears portion to a major extent and includes deterioration of building components, parking areas and loading surface areas on the remainder of the site.

3. Excessive Vancancies.

The single building on the Sears portion is vacant and has been for over three (3) years.

4. Lack Of Ventilation, Light Or Sanitary Facilities.

The building on the Sears portion lacks light and ventilation since all entrances, windows and other openings are sealed off from the outside with boards.

5. Deleterious Land-Use Or Layout.

The Sears parcel is long and narrow in layout and has one structure poorly located on the southeast corner of the site, severely limiting redevelopment options.

6. Depreciation Of Physical Maintenance.

Depreciation of physical maintenance is manifested by substantial deferred maintenance on the entire building complex, parking and related loading surface areas, and perimeter fencing on the entire Sears portion. This factor is also present in the B. & O. portion of the improved area.

Conclusion.

The conclusion of the consultant team engaged to conduct the study is that the number, degree and distribution of factors as documented in this report warrant the designation of all of the Redevelopment Project Area as either a vacant Blighted Area or as an improved Conservation Area as set forth in the Act.

The vacant area of the Redevelopment Project Area is found to be eligible for designation as a vacant Blighted Area within the definition set forth in the legislation. Specifically:

-- Of the seven (7) factors set forth in the law for vacant land, two (2) are present in vacant portions of the Redevelopment Project Area.

-- All portions of the vacant area of the Redevelopment Project Area are impacted by one or the other of the two (2) blighting factors for vacant land.

The improved area of the Redevelopment Project Area is found to be eligible for designation as a Conservation Area within the definition set forth in the legislation. Specifically:

-- The building and improvements meet the statutory criteria that requires fifty (50) percent or more of the structures to be thirty-five (35) years of age or older.

-- Of the fourteen (14) factors for a Conservation Area set forth in the law, six (6) are present in the improved area of the Redevelopment Project Area and only three (3) are necessary for designation as a Conservation Area.

-- The conservation area factors which are present are reasonably distributed throughout the improved portion of the Redevelopment Project Area.

-- All areas within the improved area of the Redevelopment Project Area show the presence of conservation area factors.

The analysis above was based upon data assembled by Louik/Schneider & Associates, Inc.. The surveys, research and analysis conducted include:

1. Exterior surveys of the condition and use of the Redevelopment Project Area;

2. Field surveys of environmental conditions covering streets, sidewalks, curbs and gutters, lighting, traffic, parking facilities, landscaping, fences and walls and general property maintenance;

3. Comparison of current land-use to current zoning ordinance and the current zoning maps;

4. Historical analysis of site uses and users;

5. Analysis of original and current platting and building size layout; and

6. Review of previously prepared plans, studies and data in particular the Loewenberg + Associates Report of December 1994.

Based upon the findings of the Eligibility Study for the 60th and Western Study Area, the Redevelopment Area on the whole has not been subject to growth and development through investment by private enterprise and

would not reasonably be anticipated to be developed without the adoption of this Redevelopment Plan. But for the investment of seed funds by the City, the proposed developments would not be financially feasible and would not go forward.

60th And Western Redevelopment Plan And Project.

A. Redevelopment Project Area Goals And Objectives.

The City proposes to realize its goals and objectives of redevelopment through public finance techniques, including but not limited to tax increment financing, and by undertaking some or all of the following actions:

1. Assemblage of Sites. To achieve the renewal of the Redevelopment Project Area, property identified in Map 4, Redevelopment Plan, attached hereto and made a part hereof, may be acquired by the City of Chicago and cleared of all improvements if any and either (a) sold, leased or conveyed for private redevelopment, or (b) sold, leased or dedicated for construction of public improvements or facilities. The City may pay for a private developer's cost of acquisition. The City may determine that to meet the renewal objectives of this Redevelopment Plan, other properties in the Redevelopment Project Area not scheduled for acquisition should be acquired or certain property currently listed for acquisition should not be acquired. Acquisition of land for public rights-of-way will also be necessary for the portions of said rights-of-way that the City does not own.

   As a necessary part of the redevelopment process, the City may hold and secure property which it has acquired and place it in temporary use until such property is scheduled for disposition and redevelopment. Such uses may include, but are not limited to, project office facilities, parking or other uses the City may deem appropriate.

2. Provision of Public Improvements and Facilities. Adequate public improvements and facilities may be provided to service the entire Redevelopment Project Area. Public improvements and facilities may include, but are not limited to:

a. provision for streets and public rights-of-way;

b. provision of utilities necessary to serve the redevelopment;

c. public landscaping;

d. public landscape/buffer improvements, street lighting and general beautification improvements in connection with public improvements.

3. Provision for Soil and Site Improvements. Funds may be made available for improvements to properties for the purpose of making land suitable for development. These improvements may include, but are not limited to:

a. Environmental remediation necessary for redevelopment of the Redevelopment Project Area.

4. Job Training and Related Educational Programs. Funds may be made available for programs to be created for future employees so that they may take advantage of the employment opportunities.

5. Analysis, Administration, Studies, Legal, et al.. Funds may be provided for activities including the long-term management of the T.I.F. Program as well as the costs of establishing the program and designing its components.

6. Interest Subsidies. Funds may be provided to developers or user for a portion of interest costs incurred in the construction of a redevelopment project.

7. Redevelopment Agreements. The City may enter into redevelopment agreements with private developers which may include, but not be limited to, terms of sale, lease or conveyance of land, requirements for site improvements, public improvements, job training and interest subsidies.

In the event that the City determines that construction of certain improvements is not financially feasible, the City may reduce the scope of the proposed improvements.

B. Redevelopment Plan.

The Redevelopment Plan proposes the redevelopment of the 60th and Western Area, to stimulate or stabilize not only the Redevelopment Project Area but also the properties within the surrounding area.

The Redevelopment Project Area consists of four (4) parcels of land. The first parcel of vacant land is the American National Can Company (A.N.C.C.) portion and contains approximately twenty and six-tenths (20.6) acres of land located at 6017 South Western Avenue, Chicago, Illinois and is generally bounded by the Western Union building on the north, the Baltimore & Ohio Grand Trunk Railroad Line on the east, 62nd Street on the south and Western Avenue on the west. The second parcel of vacant land is owned by Consolidated Rail Corporation (C.R.C.) and the Baltimore & Ohio Railroad (B. & O.), the C.R.C./B. & O. portion, and contains approximately one hundred ten (110) acres of land located generally in the railroads' rights-of-way bounded by Garfield Boulevard on the north, 63rd Street on the south, the Baltimore & Ohio Grand Trunk Railroad Line on the west and Hamilton and Hoyne Avenues on the east. The third parcel of land, an improved parcel, is the Baltimore & Ohio Railroad (B. & O.) portion containing approximately eight and eight tenths (8.8) acres of land which is the Grand Trunk Railroad Line separating the A.N.C.C. portion, and the C.R.C./B. & O. portion. The fourth parcel, also an improved area, contains approximately seven acres and is owned by Sears, Roebuck & Co. (Sears) and is located between 62nd Street on the north, Oakley Avenue on the west, 63rd Street on the south and the railroad line on the east. The four areas are collectively the Redevelopment Project Area.

The Retail Project.

The Retail Project, as defined herein, is composed of the A.N.C.C. portion bounded on the north by the Western Union Property, 62nd Street on the south, Western Avenue and properties occupied by a Jewel/Osco Store and a Sears Store on the west and the Baltimore & Ohio Grand Trunk Railroad Line on the east, and the Sears portion, located between 62nd Street on the north, Oakley Avenue on the west, 63rd Street on the south and the railroad line on the east. A multi-story complex of buildings of approximately one million three hundred thousand (1,300,000) square feet built between 1919 and 1953 formerly occupied a majority of the A.N.C.C. portion. A.N.C.C. discontinued manufacturing operations in April 1993 and the facility had been vacant since that date. Despite A.N.C.C.'s efforts to secure the property from trespassers, a substantial amount of vandalism and pilferage has occurred to the buildings. The resulting damage compounded the existing problems of age and economic and functional obsolescence; the complex was completely demolished as a field inspection in mid-November 1995. The Sears portion includes a vacant building and mostly unused parking areas. These factors, plus the incompatibility of a continued

manufacturing use with the dominant commercial character of Western Avenue, support the construction of a shopping center (the "Retail Project").

The Retail Project will be constructed in a manner which will allow the adjacent and functioning Jewel/Osco and Sears retail stores to be visually incorporated via shared and/or adjacent parking lots and landscaping.

The Retail Project will serve the consumer needs of a community which has little first-class shopping. That community consists of lower to middle income wage earners who have been under served by retailers. In addition, approximately one million three hundred thousand (1,300,000) square feet of abandoned buildings which blighted the appearance of Western Avenue and threatened to undermine the progress that the Greater Southwest Development Corporation has achieved in attracting retailers to the corridor has already been demolished to make way for the Retail Project. The development of this A.N.C.C. portion will also promote the health and safety of the community by removing the blighting influence of vacant land on the surrounding area.

The Greater Southwest Development Corporation's efforts on Western Avenue have begun that street's recovery from a condition which as recently as ten (10) years ago was pockmarked with abandoned, burned-out buildings and vacant lots and was at risk of losing the Sears retail store. At this time, it is essential to secure that progress and advance it. The creation of the Retail Project will establish the Western Avenue corridor between 59th and 63rd Streets as one of the major community shopping areas of the City.

The Retail Project will replace vacant land and a former vacant building which has already been demolished. It will also become the anchor of the Western Avenue retail corridor and generate an increase in retail sales. It will create a critical mass in the Western Avenue corridor that will draw more customers to the area who will patronize the existing retailers. That activity should provide a general lift to the sales tax revenue derived from existing retailers. The final economic benefit is the employment which will be created in a community which has one of the highest levels of unemployment in the City. The creation of construction jobs and permanent full-time positions is anticipated at the location where two hundred eighty (280) jobs were terminated after A.N.C.C. closed its plant. This retail development will require new private investment in the area which has been totally lacking for years with the exception of funding for demolition of the A.N.C.C. buildings. Information provided by A.N.C.C. and the Greater Southwest Development Corporation indicates that there has been no private investment in the retail project area within the last five (5) years with the exception of this demolition.

Although the initiatives of Greater Southwest Development Corporation, as a delegate agency of the City, have stimulated private development in proximity to the retail project area, its size, deteriorated condition and the need for demolition and environmental remediation have impaired the

development of that area through private enterprise. It is not reasonably expected to be developed without the efforts and leadership of the City, including the adoption of the Tax Increment Financing Redevelopment Project and Plan and the substantial investment of public funds.Industrial Park Project.

The C.R.C./B. & O. portion of the Redevelopment Project Area generally comprises the areas which were occupied by C.R.C.'s and B. & O.'s yards located between Garfield Boulevard on the north and 63rd Street on the south. Following removal of the tracks and other improvements on the C.R.C./B. & O. portion, it is vacant. The former railyard area is relatively flat in topography and is largely above street grade with existing street access available at only three locations (56th Street, Hoyne Avenue, between 58th and 59th Streets and 63rd Street). The C.R.C./B. & O. portion lacks all infrastructure, including roads, sanitary and storm sewers, telecommunications, gas, water and electrical services and may require environmental remediation. The C.R.C./B. & O. portion is appropriate for development for industrial purposes (the "Industrial Park Project"); however, all infrastructure improvements must be in place or arrangements which provide for their installation simultaneously with such development must exist before such activity can proceed. The active railroad line on the B. & O. portion, forming the western edge of the C.R.C./B. & O. portion, enhances this area's appropriateness for industrial development and will provide rail access for suppliers and customers of industrial firms once other improvements have been made that will attract development.

Manufacturing is an important economic engine for any community. It sustains neighborhoods, providing well-paying jobs and enhances the quality of life for residents. Moreover, industrial activity is important because it supports a number of other sectors of the local economy, bringing increases in employment and revenue to the City. This Industrial Park Project contemplates the construction of over one million seven hundred fifty thousand (1,750,000) square feet of new industrial space in this area of the City of Chicago.

The size and strategic location of the C.R.C./B. & O. portion of the Redevelopment Project Area make it unique in the City. It represents a significant opportunity for the City to advance its industrial jobs policy, but the absence of infrastructure, the extreme limitation of street grade access, its size and the potential presence of environmental hazards present a dilemma for public planning and create significant obstacles to development. Unless a reasonable commitment to or plan for the construction of infrastructure and site improvements can be made by the City, it is unlikely that a serious level of interest in the development of the C.R.C./B. & O. portion of the Redevelopment Project Area can be created. In the absence of "real" tenants or owner/users, there will be no construction to create the real estate tax increment with which to fund the required infrastructure. The use of excess real estate tax increment created from the Retail Project may provide the "seed" money necessary to plan and begin

infrastructure installation for the Industrial Park Project. This industrial development will require new private investment in an area which the Greater Southwest Development Corporation indicates has not seen any private investment for a decade with the exception of funds for the removal of trackage from the area.

Existing site and development constraints must be overcome before achievement of the City's objectives for the maintenance and enhancement of its industrial base through private investment in new construction, modernization and expansion can be achieved. Although City initiatives and expenditures have stimulated private investment in other industrial areas, this area has not been subject to growth and development since there has been no investment of private funds with the exception of the trackage removal in the last decade, and is not reasonably expected to be developed without the efforts and leadership of the City, including the adoption of the Tax Increment Financing Redevelopment Project and Plan and the substantial investment of public funds.

C. General Land-Use Plan.

The Redevelopment Plan and the proposed projects described herein will be approved by the Chicago Plan Commission prior to the adoption of the Plan.

The Land-Use Plan, Map 3, identifies proposed land-uses and public rights-of-way to be in effect upon adoption of this Plan. The major land-use category for the A.N.C.C. portion and the Sears portion will be commercial/retail development. The major land-use category within the C.R.C./B. & O. portion and the B. & O. portion of the Redevelopment Project Area will be industrial development. The location of all major thoroughfares and major street rights-of-way are subject to change and modification.

Recommendations for specific land-use areas are presented below.

Commercial/Retail Project.

The Commercial/Retail Area is intended to serve as a location for a community-related general merchandise and convenience retail center to cater to the City and greater southwest area. Permitted uses would include:

-- general and specialty retail uses including men's, women's and children's fashion and casual shops; shoe stores; jewelry stores; gift shops; greeting card shops; toy stores; electronic and video shops; appliance, television, and record shops; and other similar and compatible general and specialty retail uses;

-- convenience retail and service uses which cater to the daily convenience needs of employees, visitors and residents in the

area, including such uses as photographic and reproduction shops; computer services; travel services; newspaper, candy, ice cream shops; notions and sundries shops; and other similar and compatible convenience retail uses;

-- supermarkets, delicatessens, bakeries and other similar and compatible retail food uses;

-- theaters;

-- restaurants and eating and drinking establishments;

-- offices and financial institutions;

-- off-street parking;

-- private and public open spaces; and

-- similar and compatible uses.

Industrial Park Project.

The Industrial Park Project is intended to:

-- foster the City's industrial base and maintain a diversified economy;

-- strengthen existing manufacturing areas;

-- encourage industrial investment, modernization and expansion; and

-- designate districts of five (5) or more contiguous acres in order for the City to plan and direct programs and promote growth and development.

D. Estimated Redevelopment Project Costs.

Redevelopment Project costs mean the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to this Redevelopment Plan and Project pursuant to the State of Illinois Tax Increment Allocation Redevelopment Act. Such costs may include, without limitation, the following:

1. costs of studies, surveys, development of plans and specifications, implementation and administration of the

redevelopment plan, including but not limited to staff and professional service costs for architectural, engineering, legal, marketing, financial, planning or other services, provided, however, that no charges for professional services may be based on a percentage of the tax increment collected;

2. property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, and the clearing and grading of land;

3. costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings and fixtures;

4. costs of the construction of public works or improvements;

5. costs of job training and retraining projects;

6. financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding thirty-six (36) months thereafter and including reasonable reserves related thereto;

7. all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

8. relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal of state law;

9. payment in lieu of taxes;

10. costs of job training, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district

or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of the School Code;

11. interest costs incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

    a. such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

    b. such payments in any one year may not exceed thirty percent (30%) of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

    c. if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amount so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund; and

    d. the total of such interest payments paid pursuant to this Act may not exceed thirty percent (30%) of the total of (i) costs paid or incurred by the redeveloper for the redevelopment project plus (ii) Redevelopment Project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act.

12. unless explicitly stated in the Act, the cost of construction of new privately-owned buildings shall not be an eligible Redevelopment Project cost.

The estimated Redevelopment Project costs are shown in Table 1. To the extent that municipal obligations have been issued to pay for such Redevelopment Project costs incurred prior to, but in anticipation of, the adoption of tax increment financing, the City shall be reimbursed for such Redevelopment Project costs. The total Redevelopment Project costs provide

an upper limit on expenditures (exclusive of capitalized interest, issuance costs, interest and other financing costs). Within this limit, adjustments may be made in line items without amendment to this Redevelopment Plan.

E. Sources Of Funds To Pay Redevelopment Project Costs.

Funds necessary to pay for Redevelopment Project costs are to be derived principally from tax increment revenues, proceeds of municipal obligations which are secured principally by tax increment revenue and/or tax increment revenue from an adjacent tax increment financing district. There may be other sources of funds which the City may elect to use to pay for Redevelopment Project costs or obligations issued, the proceeds of which are used to pay for such costs, including but not limited to state and federal grants and land disposition proceeds generated from the district.

The tax increment revenue which will be used to secure municipal obligations or pay for eligible Redevelopment Project costs shall be the incremental real property tax revenues. Incremental real property tax revenue is attributable to the increase in the current equalized assessed value of each taxable lot, block, tract or parcel of real property in the Redevelopment Project Area over and above the initial equalized assessed value of each such property in the Redevelopment Project Area. Without the use of such tax incremental revenues, the Redevelopment Project Area would not reasonably be anticipated to be developed. All incremental revenues utilized by the City of Chicago will be utilized exclusively for the development of the Redevelopment Project Area.

Issuance Of Obligations.

To finance Redevelopment Project costs a municipality may issue general obligation bonds or obligations secured by the anticipated tax increment revenue generated within the Redevelopment Project Area or the City may permit the utilization of guarantees, deposits and other forms of security made available by private sector developers to secure such obligations. In addition, a municipality may pledge towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the Redevelopment Project Area; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

All obligations issued by the City pursuant to this Redevelopment Plan and the Act shall be retired within twenty-three (23) years (by the year 2019) from the adoption of the ordinance approving the Redevelopment Project Area. Also, the final maturity date of any such obligations which are issued may not be later than twenty (20) years from their respective dates of issue. One or more series of obligations may be sold at one or more times in order to implement this Redevelopment Plan. The amounts payable in any year as principal and interest on all obligations issued by the City pursuant to the Redevelopment Plan and the Act shall not exceed the amounts available, or projected to be available, from tax increment revenues and

from such bond sinking funds or other sources of funds (including ad valorem taxes) as may be provided by ordinance. Obligations may be of a parity or senior/junior lien natures. Obligations issued may be serial or term maturities, and may or may not be subject to mandatory, sinking fund, or optional redemptions.

Tax increment revenues shall be used for the scheduled and/or early retirement of obligations, and for reserves, bond sinking funds and Redevelopment Project costs, and, to the extent that real property tax increment is not used for such purposes, shall be declared surplus and shall then become available for distribution annually to taxing districts in the Redevelopment Project Area in the manner provided by the Act.

Most Recent Equalized Assessed Valuation Of Properties In The Redevelopment Project Area.

The total 1994 equalized assessed valuation for the entire Redevelopment Project Area is One Million Five Hundred Ninety-seven Thousand One Hundred Sixty-five Dollars ($1,597,165). After verification by the County Clerk of Cook County, Illinois, this amount will serve as the "Initial Equalized Assessed Valuation".

Anticipated Equalized Assessed Valuation.

By the year 1998, when it is estimated that commercial development will be completed and fully assessed, the estimated equalized assessed valuation of real property within the Redevelopment Project Area is estimated at between Ten Million Dollars ($10,000,000) and Twelve Million Dollars ($12,000,000). By the year 2000, when it is estimated that initial phase of industrial development will be completed and fully assessed, the estimated equalized assessed valuation of real property within the Redevelopment Project Area is estimated at between Fifteen Million Dollars ($15,000,000) and Seventeen Million Five Hundred Thousand Dollars ($17,500,000). By the year 2010, when it is estimated that all industrial development will be completed and fully assessed, the equalized assessed valuation of real property within the Redevelopment Project Area is estimated to be between Thirty-six Million Dollars ($36,000,000) and Forty Million Dollars ($40,000,000). These estimates are based on several key assumptions, including: (1) all commercial redevelopment will be completed in 1996; (2) all industrial development will be completed by the year 2010; (3) the market value of the anticipated developments will increase following completion of the redevelopment activities described in the Redevelopment Project and Plan; (3) the most recent State Multiplier of 2.1135 as applied to 1994 assessed values will remain unchanged; and (5) for the duration of the project the tax rate for the entire Redevelopment Project Area is assumed to be the same and will remain unchanged from the 1994 level.

F. Lack Of Growth And Development Through Investment By Private Enterprise.

As described in the Blighted and Conservation Area Conditions section of this Redevelopment Project and Plan Report, the Redevelopment Project Area as a whole is adversely impacted by the presence of numerous blighting factors, and these factors are reasonably distributed throughout the Redevelopment Project Area. The Redevelopment Project Area on the whole has not been subject to growth and development through investment by private enterprise. The lack of private investment is evidenced by continued existence of blight, large tracts of vacant land and the lack of any new development projects initiated or completed within the Redevelopment Project Area. In fact there has not been any private investment in the Redevelopment Project Area with the exception of funds for demolition of buildings and removal of trackage for more than five (5) years. The Greater Southwest Development Corporation has indicated that there has been no economic activity and investment of private funds in the area with the exception of the trackage removal and demolition of buildings.

It is clear from the study of this area that private investment in revitalization and redevelopment has not occurred to overcome the blighting conditions that currently exist. The Redevelopment Project Area is not reasonably expected to be developed without the efforts and leadership of the City, including the adoption of this Redevelopment Project and Plan.

G. Financial Impact Of The Redevelopment Project.

Without the adoption of this Redevelopment Project and Plan, and tax increment financing, the Redevelopment Project Area is not reasonably expected to be redeveloped by private enterprise. There is a real prospect that the blighted conditions will continue and are likely to spread and the surrounding area will become less attractive for the maintenance and improvement of existing buildings and sites. The possibility of the erosion of the assessed value of property which would result from the lack of a concerted effort by the City to stimulate revitalization and redevelopment could lead to a reduction of real estate tax revenue to all taxing districts.

Sections A, B and C of this Redevelopment Project and Plan describe the comprehensive redevelopment program proposed to be undertaken by the City to create an environment in which private investment can occur. The Redevelopment Project will be staged with various developments taking place over a period of years. If the Redevelopment Project is successful, various new private projects will be undertaken that will assist in alleviating blighted conditions, creating new jobs and promoting development in the Redevelopment Project Area.

The Redevelopment Project is expected to have short- and long-term financial impacts on the taxing districts affected by the Redevelopment

Plan. During the period when tax increment financing is utilized, real estate tax increment revenues (from the increases in Equal Assessed Valuation [E.A.V.] over and above the certified initial E.A.V. established at the time of adoption of this Project and Plan) will be used to pay eligible Redevelopment Project costs for the Tax Increment Financing District. At the end of the T.I.F. time period, the real estate tax revenues will be distributed to all taxing districts levying taxes against property located in the Redevelopment Project Area.

H. Demand On Taxing District Services.

The following major taxing districts presently levy taxes on properties located within the Redevelopment Project Area: City of Chicago; Chicago Board of Education; Chicago School Finance Authority; Chicago Park District; Chicago Community College District; Metropolitan Water Reclamation District of Greater Chicago; County of Cook; and Cook County Forest Preserve District.

The proposed Redevelopment Project involves the acquisition of vacant and underutilized land, and the construction of commercial/retail and industrial buildings. Therefore, the financial burden of the Redevelopment Project on taxing districts is expected to be negligible.

Non-residential development, such as retail, commercial and industrial uses, should not cause increased demand for services or capital improvements on any of the taxing districts named above except for the Metropolitan Water Reclamation District. Replacement of vacant and underutilized land with active and more intensive uses will result in additional demands on services and facilities provided by the Metropolitan Water Reclamation District. However, it is expected that any increase in demand for treatment of sanitary and storm sewage associated with the Redevelopment Project Area can be adequately handled by existing treatment facilities maintained and operated by the Metropolitan Water Reclamation District. Additionally, any additional cost to the City of Chicago for police, fire protection and sanitation services will be minimal since the commercial/retail and industrial developments will privately pay for the majority of the costs of these services (i.e., sanitation services).

Without the adoption of this Redevelopment Project and Plan, and tax increment financing, the Redevelopment Project Area is not reasonably expected to be redeveloped by private enterprise. There is a real prospect that blighted conditions will continue to exist and spread, and the area as a whole will become less attractive for the maintenance and improvement of existing buildings and sites. The possibility of the erosion of the assessed value of property which would result for the lack of a concerted effort by the City to stimulate revitalization and redevelopment could lead to a reduction of real estate tax revenue to all taxing districts.

If successful, the implementation of the Redevelopment Project may enhance the values of properties within and adjacent to the Redevelopment Project Area.

I. Program To Address Financial And Service Impacts.

As described in detail in prior sections of this report, the complete scale and amount of development in the Redevelopment Area cannot be predicted with complete certainty at this time and the demand for services provided by those affected taxing districts cannot be quantified at this time.

As indicated in Section D, Estimated Redevelopment Project Costs of the Redevelopment Project and Plan, the City plans to provide public improvements and facilities to service the Redevelopment Project Area. It is likely that any potential improvements may mitigate some of the additional service and capital demands placed on taxing districts as a result of the implementation of this Redevelopment Project and Plan.

Provisions For Amending Action Plan.

The 60th and Western Redevelopment Project Area Tax Increment Redevelopment Plan and Project may be amended pursuant to the provisions of the Act.

Affirmative Action Plan.

The City is committed to and will affirmatively implement the following principles with respect to the 60th and Western Redevelopment Project Area.

A. The assurance of equal opportunity in all personnel and employment actions with respect to the Plan and Project, including but not limited to hiring, training, transfer, promotion, discipline, fringe benefits, salary, employment working conditions, termination, et cetera, without regard to race, color, religion, sex, age, handicapped status, national origin, creed, or ancestry.

B. Redeveloper will meet City of Chicago standards for participation of Minority Business Enterprises and Woman Business Enterprises as required in Redevelopment Agreements.

C. This commitment to affirmative action and nondiscrimination will ensure that all members of the protected groups are sought out to compete for all job openings and promotional opportunities.

Phasing And Scheduling Of Redevelopment.

A phased implementation strategy will be utilized to achieve a timely and orderly redevelopment of the Redevelopment Project Area. The implementation will begin with the demolition of the improvements within the Project Area with construction to follow as soon thereafter as is practical. Development within the Project Area intended to be used for industrial purposes will be staged consistent with the funding and construction of infrastructure improvements, and private sector interest in new industrial facilities. City expenditures for Redevelopment Project costs will be carefully staged on a reasonable and proportional basis to coincide with expenditures in redevelopment by private developers.

Eligibility Study

Of

A Proposed Redevelopment Project Area

For

Tax Increment Financing

In

The 60th And Western Study Area

Chicago, Illinois.

Executive Summary.

The purpose of this study is to determine whether the 60th and Western Study Area qualifies for designation as a "Blighted Area" and a "Conservation Area" within the definitions set forth in the Tax Increment Allocation Redevelopment Act (the "Act"). The Act is found in 65 ILCS 5/11-74.4-1, et seq. (1992), as amended.

The "Study Area" contains approximately one hundred forty-six and four-tenths (146.4) acres and consists of two (2) areas of vacant land and two (2) improved areas. The first area of vacant land is owned by American National Can Company (A.N.C.C.), hereafter referred to as the A.N.C.C. portion, and contains approximately twenty and six-tenths (20.6) acres of land located at 6017 South Western Avenue, Chicago, Illinois and is generally bounded by the Western Union building on the north, the Baltimore & Ohio Grand Trunk Railroad Line on the east, 62nd Street on

the south and Western Avenue on the west. The second area of vacant land is owned by Consolidated Rail Corporation (C.R.C.) and the Baltimore & Ohio Railroad (B. & O.), hereafter referred to as the C.R.C./B. & O. portion, and contains approximately one hundred ten (110) acres of land located generally in the railroads' rights-of-way bounded by Garfield Boulevard on the north, 63rd Street on the south, the Baltimore & Ohio Grand Trunk Railroad Line on the west and Hamilton and Hoyne Avenues on the east. The third area of land, an improved area, is operated by the Baltimore & Ohio Railroad (B. & O.), hereafter referred to as the B. & O. portion, and contains approximately eight and eight-tenths (8.8) acres of land which is the Grand Trunk Railroad Line separating the A.N.C.C. portion, and the C.R.C./B. & O. portion. The fourth area, also an improved area, contains approximately seven acres and is owned by Sears, Roebuck & Co., hereafter referred to as the Sears portion, and is located between 62nd Street on the north, Oakley Avenue on the west, 63rd Street on the south and the railroad line on the east.

The majority of the Study Area will be considered as vacant land since the former railyard is abandoned and the buildings on the A.N.C.C. portion have been completely demolished. The B. & O. portion will be considered as improved since it contains an active railroad line; the Sears portion will also be considered as improved since it contains a single building. The boundaries of the Study Area are shown on Map 1, Boundary Map; the A.N.C.C. portion is shown on Map 2; the C.R.C./B. & O. portion is shown on Map 3; and the B. & O. portion and the Sears portion, the improved areas, are shown on Map 4.

A Blighted Area may be either improved or vacant. If the area is improved (e.g. with industrial, commercial and residential buildings or improvements), a finding may be made that the area is blighted because of the presence of a combination of five (5) or more of the following fourteen (14) factors:

-- Age.

-- Dilapidation.

-- Obsolescence.

-- Deterioration.

-- Illegal use of individual structures.

-- Presence of structures below minimum code standards.

-- Excessive vacancies.

-- Overcrowding of structures and community facilities.

-- Lack of ventilation, light or sanitary facilities.

-- Inadequate utilities.

-- Excessive land coverage.

-- Deleterious land-use or layout.

-- Depreciation of physical maintenance.

-- Lack of community planning.

If the area is vacant, it may be found to be eligible as a Blighted Area based on the finding that the sound growth of the taxing districts is impaired by one of the following criteria:

-- A combination of two (2) or more of the following factors: obsolete platting of the vacant land; diversity of ownership of such land; tax and special assessment delinquencies on such land; flooding on all or part of such vacant land; deterioration of structures or site improvements in neighboring areas adjacent to the vacant land, or

-- The area immediately prior to becoming vacant qualified as a blighted improved area, or

-- The area consists of an unused quarry or unused quarries, or

-- The area consists of unused rail tracks or railroad right-of-way, or

-- The area, prior to the area's designation, is subject to chronic flooding which adversely impacts real property in the area and such flooding is substantially caused by one or more improvements in or in proximity to the area which improvements have been in existence for at least five (5) years, or

-- The area consists of an unused disposal site, containing earth, stone, building debris or similar material, which were removed from construction, demolition, excavation or dredge sites, or

-- The area is not less than fifty (50) nor more than one hundred (100) acres and seventy-five percent (75%) of which is vacant, notwithstanding the fact that such area has been used for commercial agricultural purposes within five (5) years prior to the designation of the redevelopment project area, and which

area meets at least one (1) of the factors itemized in the first (1st) provision for vacant land above, and the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

A Conservation Area is defined in the Act as an improved area in which fifty (50) percent or more of the structures are more than thirty-five (35) years of age and exhibit the presence of three (3) additional factors as described below:

-- Dilapidation.

-- Obsolescence.

-- Deterioration.

-- Illegal use of individual structures.

-- Presence of structures below minimum code standards.

-- Abandonment.

-- Excessive vacancies.

-- Overcrowding of structures and community facilities.

-- Lack of ventilation, light or sanitary facilities.

-- Inadequate utilities.

-- Excessive land coverage.

-- Deleterious land-use or layout.

-- Depreciation of physical maintenance.

-- Lack of community planning.

A Conservation Area is not yet blighted, but, because of a combination of three (3) or more of the above-stated factors, is detrimental to public safety, health, morals or welfare and may become a Blighted Area.

Vacant Area Factors.

The factors described below are present within the vacant area.

1. The area immediately prior to becoming vacant qualified as a blighted Improved area.

The A.N.C.C. portion of the Study Area, prior to becoming vacant land, had been utilized by A.N.C.C. for a manufacturing facility. Prior to the demolition of the improvements, the A.N.C.C. portion of the Study Area exhibited the following factors: age of structures, obsolescence, deterioration, presence of structures below minimum code standards, excessive vacancies, lack of ventilation, light, or sanitary facilities, excessive land coverage, deleterious land-use or layout, depreciation of physical maintenance and lack of community planning. This is documented in the Loewenberg + Associates December 1994 Report, a copy of which is attached as (Sub)Exhibit 3.

2. The area consists of unused rail yards, rail tracks or railroad rights-of-way.

The C.R.C./B. & O. portion of the Study Area is a former railyard which has not been utilized since approximately 1982. Originally constructed in the early part of this century, the tracks for this large railyard were removed in 1992.

The Study Area contains a former railyard and an area in which there were improvements which were recently demolished. Given this set of circumstances, the A.N.C.C. portion and the C.R.C./B. & O. portion of the Study Area will be studied as a vacant area. In order for it to qualify as a vacant Blighted Area, it must be demonstrated that the area exhibits at least one (1) of the seven (7) factors described in the Act for vacant land. On the basis of this approach, the A.N.C.C. portion and the C.R.C./B. & O. of the study area are found to be eligible to be designated as a Blighted Area within the definition set forth in the legislation. Specifically:

-- Of the seven (7) blighting factors set forth in the law for vacant land, two (2) are present in the vacant portions of the Study Area and all vacant portions are impacted by one or the other of the two (2) blighting factors. Only one (1) factor is necessary for a determination of blight.

Improved Area Factors.

The factors described below are present within the improved area.

1. Obsolescence.

Obsolescence is present in the single structure of the Sears portion as manifested by functional and economic obsolescence of the existing single-purpose building and the inadequate provision for access.

2. Deterioration.

Deterioration is present in the Sears portion to a major extent and includes deterioration of building components, parking areas and loading surface areas on the remainder of the site.

3. Excessive Vacancies.

The single building on the Sears portion is vacant and has been for over three (3) years.

4. Lack Of Ventilation, Light Or Sanitary Facilities.

The building on the Sears portion lacks light and ventilation since all entrances, windows and other openings are sealed off from the outside with boards.

5. Deleterious Land-Use Or Layout.

The Sears portion is long and narrow in layout and has one structure poorly located on the southeast corner of the site severely limiting redevelopment options.

6. Depreciation Of Physical Maintenance.

Depreciation of physical maintenance is manifested by substantial deferred maintenance on the entire building complex, parking and related loading surface areas, and perimeter fencing on the entire Sears portion. This factor is also present in the B. & O. portion of the improved area.

The Sears portion and the B. & O. portion of the Study Area are improved. The Sears portion is located between 62nd Street on the north, Oakley Avenue on the west, 63rd Street on the south and the railroad line on the east. The B. & O. portion is generally located between Garfield Boulevard on the north, 63rd Street on the south, the alley east of Oakley Avenue (including the A.N.C.C. portion) on the west and the C.R.C./B. & O. portion on the east. In this improved area, all structures are more than thirty-five (35) years of age. In order for it to qualify as a Conservation Area, it must be demonstrated that the area exhibits at least three (3) of the fourteen (14) factors described in the Act for a Conservation Area. On the basis of this approach, the improved area of the Study Area is eligible to be designated as a Conservation Area within the requirements of the Act.

Conclusion.

The conclusion of the consultant team engaged to conduct the study is that the number, degree and distribution of factors as documented in this report warrant the designation of the Study Area as a vacant Blighted Area and as an improved Conservation Area as set forth in the Act.

The vacant area of the Study Area is found to be eligible to be designated as a Blighted Area within the definition set forth in the legislation. Specifically:

-- Of the seven (7) factors set forth in the law for vacant land, two (2) are present in the vacant portions of the Study Area.

-- All portions of the vacant area of the Study Area are impacted by one (1) or the other of the two (2) blighting factors for vacant land.

The improved area of the Study Area is found to be eligible to be designated as a Conservation Area within the definition set forth in the legislation. Specifically:

-- The buildings and improvements meet the statutory criteria that requires fifty percent (50%) or more of the structures to be thirty-five (35) years of age or older.

-- Of the fourteen (14) factors for a Conservation Area set forth in the law, six (6) are present in the improved area of the Study Area and only three (3) are necessary for designation as a Conservation Area.

-- The conservation area factors which are present are reasonably distributed throughout the improved portion of the Study Area.

-- All areas within the improved area of the Study Area show the presence of conservation area factors.

While it may be concluded that the mere presence of one (1) or more of the stated blighted area factors may be sufficient to make a finding of qualification as a Blighted Area, and that three (3) or more of the stated conservation area factors may be sufficient to make a finding of qualification as a Conservation Area, this evaluation was made on the basis that the factors must be present to an extent which would lead reasonable persons to conclude that public intervention is appropriate or necessary. Secondly, the distribution of factors throughout the Study Area must be reasonable so that basically good areas are not arbitrarily found to be a Blighted Area or a Conservation Area simply because of proximity to blighted and conservation areas. The consultant believes that blighting conditions for vacant land and conservation area factors are present to a significant extent and that they are distributed throughout the Study Area.

The conclusions presented in this report are those of the consulting team engaged to analyze the area and to examine whether conditions exist to permit the designation of a vacant Blighted Area and an improved Conservation Area. The local governing body should review this report and, if satisfied with the summary of findings contained herein, adopt a resolution making appropriate findings and making this report a part of the public record.

Section I.

Introduction.

Louik/Schneider and Associates, Inc. has been retained by Marquette National Bank, Trust Number 13045, the beneficiaries of which are the Greater Southwest Development Corporation, F. Clifford DiLorenzo and Glenn M. Azuma, to conduct an independent initial study and survey of the proposed redevelopment area known as the 60th and Western Study Area, Chicago, Illinois. The purpose of the study is to determine whether the area qualifies for designation as a Blighted Area and a Conservation Area for the purpose of a tax increment financing district, pursuant to 65 ILCS 5/11-74.4-1, as amended. This report summarizes the analyses and findings of the consultants' work, which unless otherwise noted, is solely the responsibility of Louik/Schneider and Associates, Inc., and does not necessarily reflect the views and opinions of potential developers, or the City of Chicago.

Following this introduction, Section II presents the area location, description of current conditions and site history. Section III documents qualifications of the Study Area as a vacant Blighted Area and an improved

Conservation Area, pursuant to 65 ILCS 5/11-74.4-3(a) and (b), as amended. Section IV, Summary and Conclusions, presents findings related to the designation of the Study Area as a Blighted Area and a Conservation Area. The Executive Summary give a brief synopsis of the survey, study and findings.

This report was jointly prepared by Myron D. Louik, John P. Schneider and Lori T. Healey of Louik/Schneider and Associates, Inc..

Section II.

Background Information.

Location.

The 60th and Western Redevelopment Study Area is located in the southwest side of the City of Chicago, Illinois approximately eleven (11) miles southwest of the City's central business district. The Study Area contains approximately one hundred forty-six and four-tenths (146.4) acres and consists of two (2) areas of vacant land and two (2) improved areas. The first area of vacant land is owned by American National Can Company (A.N.C.C.), hereafter referred to as the A.N.C.C. portion, and contains approximately twenty and six-tenths (20.6) acres of land located at 6017 South Western Avenue, Chicago, Illinois and is generally bounded by the former Western Union building on the north, the Baltimore & Ohio Grand Trunk Railroad Line on the east, 62nd Street on the south and Western Avenue on the west. The second area of vacant land is owned by Consolidated Rail Corporation (C.R.C.) and the Baltimore & Ohio Railroad (B. & O.), hereafter referred to as the C.R.C./B. & O. portion, and contains approximately one hundred ten (110) acres of land located generally in the railroads' rights-of-way bounded by Garfield Boulevard on the north, 63rd Street on the south, the Baltimore & Ohio Grand Trunk Railroad Line on the west and Hamilton and Hoyne Avenues on the east. The third area of land, an improved area, is operated by the Baltimore & Ohio Railroad (B. & O.), hereafter referred to as the B. & O. portion, and contains approximately eight and eight-tenths (8.8) acres of land which is the Grand Trunk Railroad Line separating the A.N.C.C. portion, and the C.R.C. portion. The fourth area, also an improved area, contains approximately seven (7) acres and is owned by Sears, Roebuck & Co., hereafter referred to as the Sears portion, and is located between 62nd Street on the north, Oakley Avenue on the west, 63rd Street on the south and the railroad line on the east. The majority of the Study Area will be considered as vacant land since the former railyard is abandoned and the buildings on the A.N.C.C. portion have been completely demolished. The B. & O. portion will be considered as improved since it contains an active railroad line; the Sears portion will also be considered as improved since it contains a single building. The boundaries of the Study

Area are shown on Map 1, Boundary Map; the A.N.C.C. portion is shown on Map 2, the C.R.C./B. & O. portion is shown on Map 3 and the B. & O. portion and the Sears portion are shown on Map 4.

Description Of Current Conditions.

The Study Area consists of a vacant railyard, an active railroad line, a small improved area with a single structure, and a vacant area in which buildings were recently demolished. Field surveys as of the middle of November 1995 indicated that all of the structures on the A.N.C.C. portion have been removed. Most of this vacant or underutilized land is overgrown with either grass, weeds or trees or cleared of building debris. The Sears portion of the Study Area contains a single vacant structure and parking lot which is almost completely unused with the exception of a small parking area for Sears employees. Most of the parking area is overgrown with weeds and is cracked and broken.

Area History.

The Study Area is located on the southwest side of the City of Chicago. The major access to the Study Area is provided by Garfield Boulevard, 63rd Street and Western Avenue. Public transportation is available via C.T.A. surface buses along these major arterial streets. The Green Line C.T.A. rapid transit lines (located less that one-half ($\frac{1}{2}$) mile to the south of the A.N.C.C. portion) services the Study Area. The Dan Ryan Expressway (1-90/94) is available via Garfield Boulevard and 63rd Street interchanges which are located approximately two (2) miles east of the Study Area. The location and boundaries of the Study Area are shown on Map 1, Boundary Map.

The 60th and Western Study Area is located with an area which contains primarily industrial uses. The Study Area contains areas which are vacant land or have a single improvement. The Study Area also includes an abandoned railyard and an active railroad line. The Study Area is adjacent to commercial/retail uses to the south and west which are along the two major arterial streets, 63rd Street and Western Avenue.

Section III.

Qualification As A Blighted And Conservation Area.

As set forth in the Act, Blighted Area means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where, if improved, industrial,

commercial and residential buildings or improvements, because of a combination of five (5) or more of the following factors: age; dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; or lack of community planning, are detrimental to the public safety, health, morals or welfare; or, if vacant, the sound growth of the taxing districts is impaired by (1) a combination of two (2) or more of the following factors: obsolete platting of the vacant land; diversity of ownership of such land; tax and special assessment delinquencies on such land; deterioration of structures or site improvements in neighboring areas adjacent to the vacant land, or (2) the area immediately prior to becoming vacant qualified as a blighted improved area, or (3) the area consists of an unused quarry or unused quarries, or (4) the area consists of unused rail yards, rail tracks or railroad rights-of-way, or (5) the area, prior to its designation, is subject to chronic flooding which adversely impacts on real property in the area and such flooding is substantially caused by one (1) or more improvements in or in proximity to the area which improvements have been in existence for at least five years, or (6) the area consists of an unused disposal site, containing earth, stone, building debris or similar material, which was removed from construction, demolition, excavation or dredge sites, or (7) the area is not less than fifty (50) nor more than one hundred (100) acres and seventy-five percent (75%) of which is vacant, notwithstanding the fact that such area has been used for commercial agricultural purposes within five (5) years prior to the designation of the redevelopment project area, and which area meets at least one (1) of the factors itemized in provision (1) above, and the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose. A Conservation Area is defined in the Act as an improved area in which fifty percent (50%) or more of the structures are more than thirty-five (35) years of age and exhibit the presence of three (3) additional factors as described above (substituting abandonment for age). A Conservation Area is not yet blighted, but, because of its age and the combination of three (3) or more of the above-stated factors, is detrimental to public safety, health, morals or welfare and may become a Blighted Area.

Since the C.R.C./B. & O. portion is vacant and the buildings on the A.N.C.C. portion have been demolished, these portions of the Study Area were considered to be vacant land as defined in the Act. American National Can Company (A.N.C.C.) previously provided a letter indicating the extent of the demolition contract and the expected date for the demolition to be completed; the structures were in fact completely demolished as scheduled.

Vacant Area Factors.

The factors described below are present within the vacant area.

1. The area immediately prior to becoming vacant qualified as a blighted improved area.

The A.N.C.C. portion of the Study Area, prior to becoming vacant land, had been utilized by A.N.C.C. as a manufacturing facility, at one time the world's largest can plant employing more than five thousand (5,000) individuals. According to the Loewenberg+Associates December 1994 Report, attached as (Sub)Exhibit C and incorporated herein by reference in its entirety, the A.N.C.C. portion of the Study Area, prior to the current demolition of the improvements, exhibited the following factors qualifying it as a blighted improved area under the Act: (1) age; (2) dilapidation; (3) obsolescence; (4) deterioration; (5) presence of structures below minimum code standards; (6) excessive vacancies; (7) lack of ventilation, light or sanitary facilities; (8) excessive land coverage; (9) deleterious land-use or lay out; and (10) depreciation of physical maintenance. The Loewenberg+Associates December 1994 Report provides considerable detail and photographic evidence of the conditions that relate to each of these blighting factors. According to the Loewenberg+Associates December 1994 Report, all of the buildings on the site exhibit at least nine (9) of the ten (10) blighting factors.

2. The area consists of unused rail yards, rail tracks or railroad rights-of-way.

The C.R.C./B. & O. portion of the Study Area is a former rail yard which has not been utilized by the railroad since approximately 1982. Originally constructed in the early 1900s, the area was a "humpyard" which is used by railroads to switch cars onto particular trains headed for different destinations. In addition, this rail facility was used to serve A.N.C.C., the world's largest can manufacturing facility. In 1992, the trackage was removed from the area by the railroad and has remained vacant land since that time.

These two (2) areas and specific findings are shown on Map 2 and Map 3 attached to this document.

Improved Area Factors.

The improved area contains the Sears portion and the B. & O. portion of the Study Area. The Sears portion, situated between 62nd Street on the north, Oakley Avenue on the west, 63rd Street on the south and the railroad line on the east, is an improved area since it contains a single structure which is more than thirty-five (35) years of age. The building, which was previously used as a garage repair facility, and surrounding parking improvements are located diagonally across two (2) streets from an existing Sears store on Western Avenue. The B. & O. portion of the Study Area contains the three-track Grand Trunk Railroad Line and is a long, narrow strip of land approximately seventy (70) feet in width separating the A.N.C.C. portion and the C.R.C./B. & O. portion, and serving as the eastern boundary of the Sears portion. This active track was elevated to its current level above street grade in the second decade of this century.

In order for this improved area to qualify as a Conservation Area, it must be demonstrated that the area exhibits at least three (3) of the fourteen (14) factors for Conservation Area. On the basis of this approach, improved area of the Study Area is eligible to be designated as a Conservation Area within the requirements of the Act.

Age is a prerequisite factor for a Conservation Area and presumes the existence of problems or limiting conditions resulting from normal and continuous use of structures over a period of years. Since building deterioration and related structural problems are a function of time, temperature and moisture, structures which are thirty-five (35) years or older typically exhibit more problems than more recently constructed buildings. According to Sears, the single building in this Study Area is thirty-five (35) years of age or older. The railroad lines on the B. & O. portion are also thirty-five (35) years of age or older.

Conclusion.

The building in the Sears portion of the Study Area and the railroad tracks on the B. &. O. portion are more than thirty-five (35) years of age as required for designation as a Conservation Area.

How Building Components And Improvements Are Evaluated.

During the field survey, each component of and improvement to the subject building were examined to determine whether they were in sound condition or had minor, major or critical defects. These examinations were completed to determine whether conditions existed to evidence the existence of any of the following related factors: dilapidation, deterioration or depreciation of physical maintenance.

Building components and improvements examined were of two (2) types:

-- Primary Structural.

These include the basic elements of any building or improvement including foundation walls, load bearing walls and columns, roof and roof structure.

-- Secondary Components.

These are components generally added to the primary structural components and are necessary parts of the building and improvements, including porches and steps, windows and window units, door and doors units, chimneys, and gutters and downspouts.

-- Criteria for Classifying Defects for Building Components and Improvements.

Each primary and secondary component and improvement was evaluated separately as a basis for determining the overall condition of the building and surrounding area. This evaluation considered the relative importance of specific components within the building and the effect that deficiencies in components and improvements have on the remainder of the building.

Building Component And Improvement Classifications.

The four (4) categories used in classifying building components and improvements and the criteria used in evaluating structural deficiencies are described below.

-- Sound.

Building components and improvements which contain no defects, are adequately maintained and require no treatment outside of normal ongoing maintenance.

-- Requiring Minor Repair -- Depreciation Of Physical Maintenance.

Building components and improvements which contain defects (loose or missing material or holes and cracks over a limited area) which often may be corrected through the course of normal maintenance. Minor defects have no real effect on either

primary or secondary components and improvements and the correction of such defects may be accomplished by the owner or occupants, such as pointing masonry joints over a limited area or replacement of less complicated components and improvements. Minor defects are not considered in rating a building as structurally substandard.

-- Requiring Major Repair -- Deterioration.

Building components and improvements which contain major defects over a widespread area and would be difficult to correct through normal maintenance. Buildings and improvements in this category would require replacement or rebuilding of components and improvements by people skilled in the building trades.

-- Critical -- Dilapidated.

Building components and improvements which contain major defects (bowing, sagging, or settling to any or all exterior components, for example) causing the structure to be out-of-plumb, or broken, loose or missing material and deterioration over a widespread area so extensive that the cost of repair would be excessive.

Final Building Or Improvement Rating.

After completion of the exterior condition survey, the improvement was placed in one of the four (4) categories based on the combination of defects found in various primary and secondary building components. Each final rating is described below.

-- Sound.

Sound buildings and improvements can be kept in a standard condition with normal maintenance. Buildings so classified have no minor or major defects.

-- Requiring Minor Repair -- Depreciation Of Physical Maintenance.

Buildings and improvements in this classification -- requiring minor repairs -- have more than one (1) minor defect, but do not have a major defect.

-- Requiring Major Repair -- Deterioration.

Buildings and improvements in this classification -- requiring major repairs -- have at least one major defect in one of the primary components or in the combined secondary components, but do not have a critical defect.

-- Dilapidated.

Structurally substandard buildings and improvements contain defects which are so serious and so extensive that the building and/or improvement must be removed. Buildings and improvements classified as structurally substandard have two (2) or more major defects.

1. Dilapidation.

Dilapidation refers to an advanced state of disrepair of buildings and improvements. The condition of the single building in the Sears portion of the Study Area was determined based on findings of an exterior survey of the building. The single building was found to be classified as requiring major repairs (see description below). The railroad tracks on the B. & O. portion were found to be classified as requiring minor repairs.

Conclusion.

There is no presence of dilapidation in the improved area of the Study Area.

2. Obsolescence.

Webster's New Collegiate Dictionary defines "obsolescence" as "being out of use; obsolete". "Obsolete" is further defined as "no longer in use; disused" or "of a type or fashion no longer current". These definitions are helpful in describing the general obsolescence of buildings or site improvements in a proposed redevelopment project area. In making findings with respect to buildings and improvements, it is important to distinguish between functional obsolescence, which relates to the physical utility of a structure, and economic obsolescence, which relates to a property's ability to compete in the marketplace.

-- Functional Obsolescence.

Structures historically have been built for specific uses or purposes. The design, location, height and space arrangement are intended for a specific occupancy at a given time. Buildings and improvements become obsolete when they contain characteristics or deficiencies which limit the use and marketability of such buildings and improvements after the original use ceases. The characteristics may include loss in value to a property resulting from an inherent deficiency existing from poor design or layout, the improper orientation of the building on its site, etc., which detracts from the overall usefulness or desirability of a property.

-- Economic Obsolescence.

Economic obsolescence is normally a result of adverse conditions which cause some degree of market rejection and, hence, depreciation in market values. Typically, buildings classified as dilapidated and buildings which contain vacant space are characterized by problem conditions which may not be economically curable, resulting in net rental losses and/or depreciation in market value.

Site improvements, including sewer and water lines, public utility lines (gas, electric and telephone), roadways, parking areas, parking structures, sidewalks, curbs and gutters, lighting, etc., may also evidence obsolescence in terms of their relationship to contemporary development standards for such improvements. Factors of obsolescence may include inadequate utility capacities, outdated designs, etc..

Obsolescence, as a factor, should be based upon the documented presence and reasonable distribution of buildings and site improvements evidencing such obsolescence.

Obsolete Building And Improvement Types.

Obsolete building and improvements contain characteristics or deficiencies which limit their long-term sound use or reuse. Obsolescence in such buildings and improvements is typically difficult and expensive to correct. Obsolete building types and improvements have an adverse effect on nearby and surrounding development and detract from the physical, functional and economic vitality of the area.

The single building and related improvements within the Sears portion of the Study Area are characterized by functional and economic

obsolescence. The building is boarded up and does not conform to contemporary requirements for functional use as a garage facility. Additionally, its physical proximity to the actual Sears store (located on the far side of a parcel diagonal from the Study Area parcel) would not allow for an economic use of the building or its improvements outside of remote employee parking. The railroad track on the B. & O. portion of the Study Area does not exhibit functional or economic obsolescence.

Conclusion.

The results of the analysis of obsolescence are shown in Map 5. The analysis indicates that obsolescence is present in the Sears portion of the Study Area and is not present in the B. & O. portion of the Study Area.

3. Deterioration.

Deterioration refers to any physical deficiencies or disrepair in buildings or site improvements requiring major treatment or repair.

-- Deterioration which is not easily correctable and cannot be accomplished in the course of normal maintenance may be evident in buildings. Such buildings and improvements may be classified as requiring major or many minor repairs, depending upon the degree or extent of defects. This would include buildings with defects in the secondary building components (e.g., doors, windows, porches, gutters and downpours, fascia materials, etc.), and defects in primary building components (e.g., foundations, frames, roofs, etc.), respectively.

-- All buildings and site improvements classified as dilapidated are also deteriorated.

Deterioration Of Buildings.

The analysis of building deterioration is based on the survey methodology and criteria described in the preceding section on "How Building Components And Improvements Are Evaluated" and indicates that deterioration of the single building on the Sears portion is present as a qualifying factor. A wall of the structure is out-of-plumb, gutters are missing, the chimney is crumbling and much of the facility would require major efforts to restore the masonry. The railroad tracks on the B. & O. portion do not exhibit defects to allow the structure to be classified as deteriorated.

Deterioration Of Parking And Surface Areas.

Surface areas of the Sears portion include cracked and rolling asphalt with waist-high weeds growing throughout the parking area. These parcels contains depressions, allowing water ponding and are covered with broken bottles and other debris.

Conclusion.

The results of the analysis of deterioration are shown in Map 6. Deterioration is present in the Sears portion of the Study Area and is not present in the B. & O. portion of the Study Area.

4. Illegal Use Of Individual Structures.

Illegal use of individual structures refers to the presence of uses or activities which are not permitted by law.

Conclusion.

A review of the Chicago Zoning Ordinance indicates that there was no illegal use of the structures or improvements in the improved area of the Study Area.

5. Presence Of Structures Below Minimum Code Standards.

Structures below minimum code standards include all structures which do not meet the standards of zoning, subdivision, building, housing, property maintenance, fire, or other governmental codes applicable to the property. The principal purposes of such codes are to require buildings to be constructed in such a way as to sustain safety of loads expected from the type of occupancy, to be safe for occupancy against fire and similar hazards, and/or to establish minimum standards essential for safe and sanitary habitation. Structures below minimum code are characterized by defects or deficiencies which threaten health and safety.

Conclusion.

The structures within the improved area of the Study Area do not show evidence of being below minimum code based upon the exterior survey.

6. Abandonment.

Abandoned buildings and improvements are usually dilapidated and show visible signs of long-term vacancy and non-use. While the single structure in the Sears portion is vacant and boarded, there is no evidence that Sears has abandoned the property in that a few employees utilize a small portion of the surface area as remote parking. The railroad track on the B. & O. portion is also an active rail line.

Conclusion.

There is no evidence of abandonment of the structures in the improved area of the Study Area.

7. Excessive Vacancies.

Excessive vacancy refers to buildings or sites, a large portion of which are unoccupied or underutilized and which exert an adverse influence on the area because of the frequency; duration or extent of vacancy. Excessive vacancies include properties which evidence no apparent effort directed toward their occupancy or underutilization.

Within the improved area of the Study Area, the single structure on the Sears portion is vacant and has been vacant in excess of three (3) years and the paved area is significantly underutilized in that only a very small portion of it is used for remote employee parking. The B. & O. portion is not vacant since the railroad track is currently utilized.

Conclusion.

The analysis finds that excessive vacancies impact the Sears portion of the Study Area but do not impact the B. & O. portion. The results of the analysis of excessive vacancy are shown in Map 7.

8. Overcrowding Of Structures And Community Facilities.

Overcrowding of structures and community facilities refers to utilization of public or private buildings, facilities, or properties beyond their reasonable or legally permitted capacity. Overcrowding is frequently found in buildings and improvements originally designed for a specific use and later converted to accommodate a more intensive use of activities without adequate provision for minimum floor area requirements, privacy, ingress and egress, loading and services, capacity of building systems, etc..

Conclusion.

No conditions of overcrowding of structures and community facilities have been documented as part of the exterior surveys and analyses undertaken within the improved area of the Study Area.

9. Lack Of Ventilation, Light Or Sanitary Facilities.

Lack of ventilation, light or sanitary facilities refers to substandard conditions which adversely affect the health and welfare of building occupants, e.g., residents, employees or visitors. Typical requirements for ventilation, light and sanitary facilities include:

-- adequate mechanical ventilation for air circulation in spaces/rooms without windows, i.e., bathrooms, and dust, odor or smoke producing activity areas;

-- adequate natural light and ventilation by means of skylights or windows or interior rooms/spaces, and proper window sizes and amounts by room area to window area ratios; and

-- adequate sanitary facilities, i.e., garbage storage/enclosure, bathroom facilities, hot water, and kitchens.

In conducting the exterior survey of the structure on the Sears portion, it was determined that every opening into the building was boarded up temporarily or permanently. No windows, doors or ventilation openings in the walls or on the roof of the structure were open to let light or air into the building itself. This criteria was not found to be present in the B. & O. portion of the Study Area.

Conclusion.

The single building within the Sears portion of the Study Area was found to exhibit a lack of ventilation and light. The B. & O. portion does not exhibit this factor. The results of the analysis are shown in Map 8.

10. Inadequate Utilities.

Inadequate utilities refers to deficiencies in the capacity or condition of infrastructure which services a property or area, including, but not limited to, storm drainage, water supply, electrical power, streets, sanitary sewers, gas and electricity.

Conclusion.

There is no evidence of inadequate utilities in the improved area of the Study Area.

11. Excessive Land Coverage.

Excessive land coverage refers to the over-intensive use of property and the crowding of building and accessory facilities onto a site. Problem conditions include buildings either improperly situated on the parcel or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety. The resulting inadequate conditions include such factors as insufficient provision for light and air, increased threat of spread of fires due to close proximity to nearby buildings, lack of adequate or proper access to a public right-of-way, lack of required off-street parking, and inadequate provision for loading and service. Excessive land coverage conditions have an adverse or blighting effect on nearby development.

Conclusion.

No conditions of excessive land coverage have been documented as part of the surveys and analysis within the improved area of the Study Area.

12. Deleterious Land-Use Or Layout.

Deleterious land-uses include all instances of incompatible land-use relationships, buildings occupied by inappropriate mixed uses, or uses which may be considered noxious, offensive or environmentally unsuitable. Deleterious layout includes evidence of improper or obsolete platting of the land, inadequate street layout, and parcels of inadequate size or shape to meet contemporary development standards. It also includes evidence of poor layout of buildings on parcels and in relation to other buildings.

Within the Study Area, the Sears portion is a parcel of irregular shape (long and narrow). Additionally, the single structure on the parcel is situated on the southeast corner, severely limiting the ability to initiate new development. The parcel is also located in an area which is somewhat remote from those parcels of compatible use further restricting its development potential. Within the B. & O. portion, this factor was not found to be present since the railroad track is appropriate for the configuration of the parcel.

Conclusion.

The results of the analysis of deleterious land-use or layout are shown in Map 9. This factor exists in the Sears portion of the Study Area and is not present in the B. & O. portion of the Study Area.

13. Depreciation Of Physical Maintenance.

Depreciation of physical maintenance refers to the effects of deferred maintenance and the lack of maintenance of buildings, parking areas and public improvements, including alleys, walks, streets and utility structures. The analysis of depreciation of physical maintenance is based on survey methodology and criteria described in the preceding section "How Building Components and Improvements are Evaluated".

The presence of this factor within the Sears portion of the Study Area includes:

-- Buildings. The building exhibits evidence of depreciation of physical maintenance and related deferred maintenance of windows, doors, downspouts and gutters, exterior walls, roofs, fascias and loading bays.

-- Parking areas. The parking area is poorly maintained, and contains debris and high weeds, and is generally unsightly in appearance. Most of the parking area is severely cracked and deteriorating.

The presence of this factor within the B. & O. portion of the Study Area includes overgrown weeds in and around the track area and occasional missing railroad ties.

Conclusion.

The results of the survey and analysis of depreciation of physical maintenance are shown in Map 10. This factor exists in the Sears portion and the B. & O. portion of the Study Area.

14. Lack Of Community Planning.

Lack of community planning was not found in the improved area of the Study Area.

Conclusion.

The conclusion of the consultant team engaged to conduct the study is that the number, degree and distribution of factors as documented in this report warrant the designation of the Study Area as either a vacant Blighted Area or as an improved Conservation Area as set forth in the Act.

While it may be concluded that the mere presence of one (1) or more of the stated vacant area factors may be sufficient to make a finding of qualification as a Blighted Area, and that three (3) or more of the stated improved area factors may be sufficient to make a finding of qualification as a Conservation Area, this evaluation was made on the basis that the factors must be present to an extent which would lead reasonable persons to conclude that public intervention is appropriate or necessary. Secondly, the distribution of factors throughout the Study Area must be reasonable so that basically good areas are not arbitrarily found to be Blighted Areas or Conservation Areas simply because of proximity to blighted and conservation areas.

The vacant area of the Study Area is found to be eligible to be designated as a Blighted Area within the definition set forth in the legislation. Specifically:

-- Of the seven (7) factors set forth in the law for vacant land, two (2) are present in the vacant portions of the Study Area.

-- All portions of the vacant area of the Study Area are impacted by one (1) or the other of the two (2) blighting factors for vacant land.

The improved area of the Study Area is found to be eligible to be designated as a Conservation Area within the definition set forth in the legislation. Specifically:

-- The buildings and improvements meet the statutory criteria that requires fifty percent (50%) or more of the structures to be thirty-five (35) years of age or older.

-- Of the fourteen (14) factors for a Conservation Area set forth in the law, six (6) are present in the improved area of the Study Area and only three (3) are necessary for designation as a Conservation Area.

-- The conservation area factors which are present are reasonably distributed throughout the improved area of the Study Area.

-- All areas within the improved area of the Study Area show the presence of conservation area factors.

The conclusions presented in this report are those of the consulting team engaged to analyze the area and to examine whether conditions exist to permit the designation of a Blighted Area and a Conservation Area. The local governing body should review this report and, if satisfied with the summary of findings contained herein, adopt a resolution making a finding of blight and of a conservation area and making this report a part of the public record. The analysis above was based upon data assembled by Louik/Schneider & Associates, Inc.. The surveys, research and analysis conducted include:

1. exterior surveys of the condition and use of the Study Area;

2. field surveys of environmental conditions covering streets, sidewalks, curbs and gutters, lighting, traffic, parking facilities, landscaping, fences and walls, and general property maintenance;

3. comparison of current land-use to current zoning ordinance and the current zoning maps;

4. historical analysis of site uses and users;

Section IV.

Summary And Conclusion.

The study and survey of the vacant area of the Study Area indicate that the requirements necessary for designation as a vacant Blighted Area are present. In order to qualify as a vacant Blighted Area, that portion of the Study Area must exhibit one (1) or more of the factors for vacant land set forth in the Act. The vacant area of the Study Area exhibits two (2) of the criteria for designation.

The study and survey of the improved area of the Study Area indicate that requirements necessary for designation as a Conservation Area are present. In order to qualify as a Conservation Area, fifty percent (50%) or more of the structures in the Study Area must be thirty-five (35) years of age or older and must exhibit three (3) or more of the factors set forth in the Act. The improved area of the Study Area exhibits six (6) of the criteria for designation.

Therefore, the 60th and Western Study Area is qualified to be designated as a Redevelopment Project Area eligible for Tax Increment Financing under the Act. See Distribution of Criteria Matrix -- Exhibit 2.

Loewenberg + Associates December 1994 Report.

American National Can Company

Physical Condition.

Date:

December 6, 1994.

Study Area:

American National Can Company Facility.

Location:

Site bounded by Western Avenue on the west; B. & O. Railroad on the east; vacated Western Union building on the north; and 62nd Street on the south.

Survey Dates:

November 4, 1994 and December 6, 1994.

Weather:

Showers, overcast skies, both days.

Participating:

Mr. David Lencioni, V.P., Loewenberg + Associates, Inc.

Mr. Joseph Levy, V.P., Loewenberg + Associates, Inc.

Description Of The Study Area:

The Study Area contains twenty and sixty-four one hundreds (20.64) acres. The building coverage is approximately sixty-eight percent (68%). The site is fenced off from adjacent facilities. There are parking areas generally to the south of the existing structures. There is a small green strip area along Western Avenue at the front of the offices of the building. The Study Area was served by rail facilities and truck and/or trailer services. Please reference attached copy of aerial photo for orientation purposes.

Description Of Structures:

The Study Area contains approximately one million three hundred forty-four thousand (1,344,000) square feet of building. The Study Area contains a complex of fourteen (14) interconnected buildings of which thirteen (13) form one complex with one structure separate from the complex known as the Chemical Storage Building. The oldest building dates to 1919 while the newest dates to 1961. Please reference the attached site plan indicating the overall complex, and the attached survey indicating the overall orientation.

Photos:

Please review attached photographs of existing conditions which relate to the overall condition of the property. These photographs appear at the conclusion of this Report.

Format:

The purpose of the Report is to evaluate the physical condition of the American National Can Company facility in the context of the factors set forth in the Tax Increment Allocation Redevelopment Act, Illinois Revised Statutes, Chapter 24, Section 11-74-1, et seq. (1979) (the "Act"). This assessment of the physical conditions does not make a conclusion of the eligibility of the Study Area under the requirements of the Act. It does, however, identify and quantify the conditions which are necessary in making such a determination of eligibility.

The factors identified under the Act are as follows:

1. Age.
2. Dilapidation.
3. Obsolescence.
4. Deterioration.
5. Illegal use of individual structures.
6. Presence of structures below minimum code standards.
7. Excessive vacancies.
8. Overcrowding of structures and community facilities.
9. Lack of ventilation, light or sanitary facilities.
10. Inadequate utilities.
11. Excessive land coverage.
12. Deleterious land-use or layout.
13. Depreciation of physical maintenance.
14. Lack of community planning.

Results Of Inspection.

The attached matrix lists the fourteen (14) factors and the effect of these factors on each of the fourteen (14) buildings that are part of the project. Buildings that are impacted by the respective factors identified in the Act are indicated with a mark in the appropriate square.

1. Age:

Building deterioration and related structural problems can be a function of time, climate and usage. Similar structures of this age typically exhibit more problems and require greater maintenance than more recently constructed buildings. In addition to the age of the structures, the size, layout and column spacing do not lead to an efficient layout for manufacturing purposes. The age of the mechanical, electrical and ventilation systems make the upgrading that is necessary to comply with local codes and ordinances unfeasible.

2. Dilapidation:

Evaluation -- Dilapidation.

Building Component Classification.

Four (4) categories were used in classifying the building components and systems of the buildings which comprise the Study Area to evaluate the deficiencies:

Sound.

Building components which contain no defects, are adequately maintained and require no treatment outside of normal ongoing maintenance.

Deficient -- Requiring Minor Repair.

Building components which contain defects (loose or missing material or holes and cracks over a limited area) which may be corrected through the course of normal maintenance. Minor defects have no real effect on either primary or secondary components. Minor defects are not considered in rating a building as structurally substandard.

Deficient -- Requiring Major Repair.

Building components which contain major defects over a widespread area and would be difficult to correct through normal maintenance. Buildings in the major deficient category would require replacement or rebuilding of components.

Critical.

Building components which contain major defects (bowing, sagging or settling to any or all exterior components causing the structure to be out of plumb, or broken, loose or missing material and deterioration over a widespread area) so extensive that the cost of repair would be excessive.

Comment:

Based upon our interior and exterior evaluation of the Study Area, we find a greater portion of the area is dilapidated. While the primary structure components such as columns, exterior walls and foundations appear sound, the roof has failed, and the floor system has failed in many significant parts of the Study Area. The secondary components, including windows, doors, window wall systems, skylights, clerestory lights, and some interior walls are missing, and if existing would be rated deficient to critical. The buildings will continue to degrade due to the current conditions and vandalism.

3. Obsolescence:

The Study Area has both functional obsolescence and economic obsolescence.

Comment:

In regards to functional obsolescence, the buildings were designed for a single use. Today, manufacturing techniques have changed and so many of the functional design elements would not be practical for a manufacturing use, or even adaptive reuse. Interior circulation, site access, antiquated and expensive operating systems, and a non-energy efficient building envelop are factors leading us to our opinion. In regards to economic obsolescence, the value of such a development would be significantly low based upon the potential for adaptive reuse. Not only does the interior deterioration prohibit reuse due to cost and layout, the site plays a large role as well. There is no logical flow of entry for employees, guests, materials or products. Ingress and egress is severely

restricted. Parking is too remote. Also, site amenities seem to be nonexistent or substandard.

4. Deterioration:

The following major defects exist in all buildings within the Study Area:

-- Standing water.

-- Roofing failures causing major water damage to ceiling, walls and floors.

-- Missing windows, both sash and/or glazing.

-- Missing exterior doors, or damaged exterior doors.

-- Cracked and/or missing masonry.

-- Missing interior doors.

-- Damaged wood block flooring which also may be an environmental hazard.

-- Presence of asbestos containing materials.

-- Infestation of pigeons and rodents.

-- Flooded basement and subbasement which has destroyed vital equipment.

-- Completely non-functional H.V.A.C. systems.

-- Completely non-functional electrical system, including power and lighting.

-- Completely non-functional fire protection system.

-- Elevators do not function, and even if powered up, probably would not operate due to water damage, corrosion and lack of maintenance.

-- Dock area does not accommodate present day vehicles.

Comment:

Our field survey of the Study Area indicates that deterioration is present to a major extent and the Study Area will continue to degrade because the buildings are open to the elements.

5. Illegal Use Of Individual Structures:

Comment:

There does not appear to be any illegal use by the Owner of the Study Area. There is, however, continued vandalism, vagrancy, theft and gang activity within the vacant structures.

6. Presence Of Structures Below Minimum Code Standards:

Please reference Item No. 3, Deterioration, for a list of the major deficiencies of the Study Area.

Comment:

The present condition of the Study Area is well below the minimum code standards as set by the City of Chicago Department of Buildings, the Health Department and the Bureau of Fire Prevention.

7. Excessive Vacancies:

One hundred percent (100%) of the Study Area which includes one million three hundred forty-four thousand (1,344,000) square feet on a twenty and sixty-four one-hundredths (20.64) acre area site has been vacant since April, 1993.

8. Overcrowding Of Structures And Community Facilities:

Comment:

We are unable to comment on this factor due to lack of knowledge of the production and work population of the facility.

9. Lack Of Ventilation, Light Or Sanitary Facilities:

The Study Area does not have any operable ventilation system, and in fact, has areas which do not meet current ventilation requirements even if such systems were operable. The existing windows do not function or are missing, parts are not available, and some have missing glass. The skylights are broken and the clerestory lights do not function or are deteriorated. The men's and women's toilet facilities do not function and do not meet the requirements of the Americans with Disabilities Act. There are no apparent mechanical services to these toilets, as all have been vandalized.

10. Inadequate Utilities:

No H.V.A.C., electric or fire protection systems were operational in the Study Area. No systems for communication were operational as well.

Comment:

We do not have enough information regarding the utility services which may be available to the Study Area.

11. Excessive Land Coverage:

The Study Area contains structures covering approximately sixty-eight percent (68%) of the site area. The facility does not meet the current requirements for zoning as they relate to front yards, side yards, parking and loading. Accessibility to the site is difficult.

12. Deleterious Land-Use Or Layout:

The major complex does not seem to be compatible with other uses of property currently along Western Avenue which are primarily commercial or business in nature.

Comment:

The entire Study Area lacks any screening or buffering from the surrounding areas. The site planning for this industrial use is very poor with regard to location of structures, circulation, and ingress and egress.

13. Depreciation Of Physical Maintenance:

Our survey indicates widespread deterioration of the roofs, exterior walls, windows, interior spaces, H.V.A.C., electrical and fire protection systems. Our survey also indicated sitework deficiencies in the landscaped areas, walks, loading dock areas, paved areas, and fenced areas.

14. Lack Of Community Planning:

Our survey indicates that the Study Area was developed without the benefit of a community plan with set policies and standards. As additional infrastructure was required, it seems buildings were added and services were added to meet the immediate needs. It appears that a comprehensive

plan was not used to develop the site as it relates to itself or its surrounding area which has significantly changed since the 1920s.

Conclusion:

We conclude that all of the structures that are part of the Study Area are in an advanced state of deterioration that is irreversible.

Our survey was based upon a two (2) day inspection of the physical conditions. No destructive investigations were made. No environmental analyses were performed.

Very truly yours,

(g) the City-Funded Project is in balance. The City-Funded Project shall be deemed to be in balance ("In Balance") only if the total of the available Project funds equals or exceeds the aggregate of the amount necessary to pay all unpaid City-Funded Project costs incurred or to be incurred in the completion of the City-Funded Project. "Available Project Funds" as used herein shall mean: (i) the undisbursed City Funds; (ii) the undisbursed Equity; and (iii) any other amounts deposited by the Developer pursuant to this Agreement. The Developer hereby agrees that, if the City-Funded Project is not In Balance, the Developer shall, within ten (10) days after a written request by the City, deposit with the City or the escrow agent, cash in an amount that will place the City-Funded Project In Balance, which deposit shall first be exhausted before any further disbursement of the City Funds shall be made.

The Developer shall have satisfied all other preconditions of disbursement of City Funds for each disbursement, including but not limited to requirements set forth in this Agreement and/or the Escrow Agreement.

Section 6.

Agreements With Contractors.

6.01 General Contractor And Subcontractors.

The Developer shall submit copies of the Construction Contract to D.P.D. in accordance with Section 6.02 below. Photocopies of all subcontracts entered or to be entered into in connection with the T.I.F.-Funded Improvements shall be provided to D.P.D. within five (5) business days of the execution thereof. The Developer shall ensure that the General Contractor shall not (and shall cause the General Contractor to ensure that the subcontractors shall not) begin work on the City-Funded Project until the City Plans and specifications have been approved by D.P.D. and all requisite permits have been obtained.

6.02 Construction Contract.

Prior to the execution of this Agreement, the Developer shall have delivered to D.P.D. a copy of the Construction Contract with the General Contractor selected to handle the City-Funded Project in accordance with Section 6.01 above. Within ten (10) business days after execution of any contract relating to the construction of the City-Funded Project by the Developer, the General Contractor and any other parties thereto, the Developer shall deliver to D.P.D. and the Corporation Counsel a certified copy of such contract. The Developer shall deliver to D.P.D. copies of any modifications, amendments or supplements to any contracts referenced in this section within ten (10) days after the execution thereof.

6.03 Performance And Payment Bonds.

Prior to commencement of construction, the Developer shall require that the General Contractor be bonded for its performance and payment for sureties having an AA rating or better using American Institute of Architects' Form No. A311 or its equivalent. The City shall be named as obligee or co-obligee on such bond.

6.04 Employment Opportunity.

The Developer shall contractually obligate and cause the General Contractor and each subcontractor to agree to the provisions of Section 10 hereof.

6.05 Local Contractors And Vendors.

The Developer shall use its best efforts to ensure that all contracts entered into in connection with the T.I.F.-Funded Improvements for work done, services provided or materials supplied shall be let (by the Developer, the General Contractor or any subcontractor) to persons or entities whose main office and place of business is located within the City of Chicago. The Construction Contract and each contract between the General Contractor and any subcontractor shall contain a provision to this effect.

6.06 Other Provisions.

In addition to the requirements of this Section 6, the Construction Contract and each contract with any subcontractor shall contain provisions required pursuant to Section 3.04 (Change Orders), Section 8.09 (Prevailing Wage), Section 10.1(e) (Employment Opportunity), Section 10.02 (City Resident Employment Requirement), Section 12 (Insurance) and Section 14.01 (Books and Records) hereof. Photocopies of all contracts or subcontracts entered or to be entered into in connection with the T.I.F.-Funded Improvements shall be provided to D.P.D. within five (5) business days of the execution thereof.

Section 7.

Completion Of Project.

7.01 Certificate Of Completion Of Construction.

Upon completion of the construction of the City-Funded Project in accordance with the terms of this Agreement and after the final disbursement from the Escrow, and upon the Developer's written request, D.P.D. shall issue to the Developer a City-Funded Project Certificate in recordable form certifying that the Developer has fulfilled its obligation to complete the City-Funded Project in accordance with the terms of this Agreement. D.P.D. shall respond to the Developer's written request for a City-Funded Project Certificate within thirty (30) days by issuing either a City-Funded Project Certificate or a written statement detailing the ways in which the City-Funded Project does not conform to this Agreement or has not been satisfactorily completed, and the measures which must be taken by the Developer in order to obtain the City-Funded Project Certificate. The Developer may resubmit a written request for a City-Funded Project Certificate upon completion of such measures.

7.02 Effect Of Issuance Of Certificate; Continuing Obligations.

The City-Funded Project Certificate relates only to the construction of the City-Funded Project, and upon any issuance of such a certificate, the City will certify that the terms of the Agreement specifically related to the Developer's obligation to complete such activities have been satisfied. After the issuance of a City-Funded Project Certificate, however, all executory terms and conditions of this Agreement and all representations and covenants contained herein will continue to remain in full force and effect throughout the Term of the Agreement as to the parties described in the following paragraph, and the issuance of the City-Funded Project Certificate shall not be construed as a waiver by the City of any of its rights and remedies pursuant to such executory terms.

The other executory terms of this Agreement that remain after the issuance of a City-Funded Project Certificate shall be binding only upon the Developer or a permitted assignee of the Developer who, pursuant to Section 18.15 of this Agreement, has contracted to take an assignment of the Developer's rights under this Agreement and assume the Developer's liabilities hereunder.

7.03 Failure To Complete.

If the Developer fails to complete the City-Funded Project in accordance with the terms of the Agreement, then the City shall have, but shall not be limited to, any of the following rights and remedies:

(a) the right to terminate this Agreement and cease all disbursement of City Funds not yet disbursed pursuant hereto;

(b) the right (but not the obligation) to complete those T.I.F.-Funded Improvements that are public improvements and to pay for the costs of T.I.F.-Funded Improvements (including interest costs) out of City Funds or other City monies. In the event that the aggregate cost of completing the T.I.F.-Funded Improvements exceeds the amount of City Funds available pursuant to Section 4.01, the Developer shall reimburse the City for all reasonable costs and expenses incurred by the City in completing such T.I.F.-Funded Improvements in excess of the available City Funds; and

(c) the right to seek reimbursement of the City Funds from the Developer.

7.04 Notice Of Expiration Of Term Of Agreement.

Upon the expiration of the Term of the Agreement, D.P.D. shall provide the Developer, at the Developer's written request, with a written notice in recordable form stating that the Term of the Agreement has expired.

Section 8.

Covenants/Representations/Warranties Of The Developer.

8.01 General.

The Developer represents, warrants and covenants, as of the date of this Agreement and as of the date of each disbursement of City Funds hereunder, that:

(a) the Developer and the General Partner are each an Illinois limited partnership duly organized, validly existing, qualified to do business in Illinois, and each is licensed to do business in any other state where, due to the nature of its activities or properties, such qualification or license is required;

(b) the Developer and the General Partner each have the right, power and authority to enter into, execute, deliver and perform this Agreement;

(c) the execution, delivery and performance by the Developer of this Agreement has been duly authorized by all necessary action and does not and will not violate its Articles of Limited Partnership as amended and supplemented, any applicable provision of law, or constitute a breach of, default under or require any consent under any agreement, instrument or document to which the Developer is now a party or by which the Developer is now or may become bound;

(d) unless otherwise permitted pursuant to the terms of this Agreement, the Developer shall acquire and shall maintain good, indefeasible and merchantable fee simple title to the Property free and clear of all liens (except for the Permitted Liens and non-governmental charges that the Developer is contesting in good faith pursuant to Section 8.15 hereof);

(e) the Developer is now and for the Term of the Agreement, shall remain solvent and able to pay its debts as they mature;

(f) there are no actions or proceedings by or before any court, governmental commission, board, bureau or any other administrative agency pending, threatened or affecting the Developer which would impair its ability to perform under this Agreement;

(g) the Developer has and shall maintain all government permits, certificates and consents (including, without limitation, appropriate environmental approvals) necessary to conduct its business and to construct, complete and operate the City-Funded Project;

(h) the Developer is not in default with respect to any indenture, loan agreement, mortgage, deed, note or any other agreement or instrument

related to the borrowing of money to which the Developer is a party or by which the Developer is bound;

(i) prior to the issuance of a City-Funded Project Certificate, the Developer shall not do any of the following without the prior written consent of D.P.D.: (1) be a party to any merger, liquidation or consolidation; (2) sell, transfer, convey, lease or otherwise dispose of all or substantially all of its assets or any portion of the Property (including but not limited to any fixtures or equipment now or hereafter attached thereto) except in the ordinary course of business; (3) enter into any transaction outside the ordinary course of Developer's business; (4) assume, guarantee, endorse, or otherwise become liable in connection with the obligations of any other person or entity; or (5) enter into any transaction that would cause a material and detrimental change to the Developer's financial condition; and

(j) the Developer has not incurred, and, prior to the issuance of a Certificate, shall not, without the prior written consent of the Commissioner of D.P.D., allow the existence of any liens against the Property other than the Permitted Liens or incur any indebtedness, secured or to be secured by the Property or any fixtures now or hereafter attached thereto.

8.02 Covenant To Redevelop.

Upon D.P.D.'s approval of the City-Funded Project Budget, the Scope Drawings and City Plans and Specifications as provided in Sections 3.02 and 3.03 hereof, and the Developer's receipt of all required building permits and governmental approvals, the Developer shall complete the Project and shall redevelop the Property, and the Developer shall complete the City-Funded Project in accordance with this Agreement and all (sub)exhibits attached hereto, the T.I.F. Ordinances, the City Scope Drawings, City Plans and Specifications, City-Funded Project Budget and all amendments thereto, and all federal, state and local laws, ordinances, rules, regulations, executive orders and codes applicable to the City-Funded Project, the Property and/or the Developer.

8.03 Redevelopment Plan.

The Developer represents that the City-Funded Project is and shall be in compliance with all of the terms of the Redevelopment Plan.

8.04 Use Of City Funds.

City Funds disbursed to the Developer shall be used by the Developer solely to pay for (or to reimburse the Developer for its payment for) the T.I.F.-Funded Improvements as provided in this Agreement.

8.05 Other Bonds.

The Developer shall, at the request of the City, agree to any reasonable amendments to this Agreement that are necessary or desirable in order for City to issue (in its sole discretion) any additional bonds in connection with the Project, the proceeds of which are to be used to reimburse the City for expenditures made in connection with the T.I.F.-Funded Improvements; provided, however, that any such amendments shall not have a material adverse effect on the Developer or the Project. The Developer shall, at the Developer's expense, cooperate and provide reasonable assistance in connection with the marketing of any such bonds, including but not limited to providing written descriptions of the Project, making representatives, providing information regarding its financial condition and assisting the City in preparing an offering statement with respect thereto.

8.06 [Intentionally Omitted.]

8.07 Employment Opportunity.

The Developer covenants and agrees to abide by, and contractually obligate and use reasonable efforts to cause the General Contractor and each subcontractor to abide by the terms set forth in Section 10 hereof.

8.08 Employment Profile.

The Developer shall submit, and contractually obligate and cause the General Contractor or any subcontractor to submit, to D.P.D., from time to time, statements of its employment profile upon D.P.D.'s request.

8.09 Prevailing Wage.

The Developer covenants and agrees to pay, and to contractually obligate and cause the General Contractor and each subcontractor to pay, the prevailing wage rate as ascertained by the Illinois Department of Labor (the "Department") to all Project employees. All such contracts shall list the specified rates to be paid to all laborers, workers and mechanics for each craft or type of worker or mechanic employed pursuant to such contract. If the Department revises such prevailing wage rates, the revised rates shall apply to all such contracts. Upon the City's request, the Developer shall provide the City with copies of all such contracts entered into by the Developer or the General Contractor to evidence compliance with this Section 8.09.

8.10 Arms-Length Transactions.

Unless D.P.D. shall have given its prior written consent with respect thereto, no Affiliate of the Developer may receive any portion of City Funds, directly or indirectly, in payment for work done, services provided or materials supplied in connection with any T.I.F.-Funded Improvement. The Developer shall provide information with respect to any entity to receive City Funds directly or indirectly (whether through payment to the Affiliate by the Developer and reimbursement to the Developer for such costs using City Funds, or otherwise), upon D.P.D.'s request, prior to any such disbursement.

8.11 Conflict Of Interest.

Pursuant to Section 5/11-74.4-4(n) of the Act, the Developer represents, warrants and covenants that, to the best of its knowledge, no member, official, or employee of the City, or of any commission or committee exercising authority over the City-Funded Project, the Redevelopment Area or the Redevelopment Plan, or any consultant hired by the City or the Developer with respect thereto, owns or controls, has owned or controlled or will own or control any interest, and no such person shall represent any person, as agent or otherwise, who owns or controls, has owned or controlled, or will own or control any interest, direct or indirect, in the Developer's business, the Property or any other property in the Redevelopment Area.

8.12 Disclosure Of Interest.

The Developer's counsel has no direct or indirect financial ownership interest in the Developer, the Property or any other aspect of the City-Funded Project.

8.13 Financial Statements.

Within one hundred twenty (120) days following the end of each calendar year during the Term of the Agreement, the Developer shall furnish the City with a complete annual financial report based upon an examination of the books and records of the Developer, prepared in accordance with the requirements of I.H.D.A., certified by the Developer and certified by an Illinois licensed independent certified public accountant, or other person acceptable to the City, and/or any other financial reports which are furnished by the Developer to I.H.D.A. pursuant to the Regulatory Agreement dated as of December 1, 1995 between the Developer and I.H.D.A. with respect to the Project.

8.14 Insurance.

The Developer, at its own expense, shall comply with all provisions of Section 12 hereof.

8.15 Non-Governmental Charges.

(a) Payment of Non-Governmental Charges. Except for the Permitted Liens, the Developer agrees to pay or cause to be paid when due any Non-Governmental Charge assessed or imposed upon the City-Funded Project, the Property or any fixtures that are or may become attached thereto, which creates, may create, or appears to create a lien upon all or any portion of the Property or City-Funded Project; provided however, that if such Non-Governmental Charge may be paid in installments, the Developer may pay the same together with any accrued interest thereon in installments as they become due and before any fine, penalty, interest, or cost may be added thereto for nonpayment. The Developer shall furnish to D.P.D., within thirty (30) days of D.P.D.'s request, official receipts from the appropriate entity, or other proof satisfactory to D.P.D., evidencing payment of the Non-Governmental Charge in question.

(b) Right to Contest. The Developer shall have the right, before any delinquency occurs:

(i) to contest or object in good faith to the amount or validity of any Non-Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted, in such manner as shall stay the collection of the contested Non-Governmental Charge, prevent the imposition of a lien or remove such lien, or prevent the sale or forfeiture of the Property (so long as no such contest or objection shall be deemed or construed to relieve, modify or extend the Developer's covenants to pay any such Non-Governmental Charge at the time and in the manner provided in this Section 8.15); or

(ii) at D.P.D.'s sole option, to furnish a good and sufficient bond or other security satisfactory to D.P.D. in such form and amounts as D.P.D. shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property or any portion thereof or any fixtures that are or may be attached thereto, during the pendency of such contest, adequate to pay fully any such contested Non-Governmental Charge and all interest and penalties upon the adverse determination of such contest.

8.16 Developer's Liabilities.

The Developer shall not enter into any transaction that would materially and adversely affect its ability to perform its obligations hereunder or to

repay any material liabilities or perform any material obligations of the Developer to any other person or entity. The Developer shall immediately notify D.P.D. of any and all events or actions which may materially affect the Developer's ability to carry on its business operations or perform its obligations under this Agreement or any other documents and agreements.

8.17 Compliance With Laws.

To the best of the Developer's knowledge, after diligent inquiry, the Property and the City-Funded Project are and shall be in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, executive orders and codes pertaining to or affecting the City-Funded Project and the Property. Upon the City's request, the Developer shall provide evidence satisfactory to the City of such compliance.

8.18 [Intentionally Omitted.]

8.19 Conditional Provisions.

The covenants set forth in (Sub)Exhibit K hereto, in their entirety or selectively, will become effective at the sole option of the City and upon the City's receipt of an opinion from a nationally recognized bond counsel that the effectiveness of those provisions will not adversely affect the tax-exempt status of the Five Million Five Hundred Ninety-one Thousand One Hundred Fifteen Dollars ($5,591,115) of Chinatown Tax Increment Allocation Bonds, Series 1990A issued by the City. In the event that the City exercises its option to make any covenant(s) in (Sub)Exhibit K effective, it shall so notify the Developer in accordance with Section 17 hereof. Such notice (the "Conditional Provisions Notice") shall be in recordable form.

8.20 Affordable Housing Covenant.

The Developer agrees and covenants to the City that, so long as the Use Agreement (defined below) is in effect, the provisions of that certain Extended Use Agreement dated as of December 1, 1995 between the Developer and I.H.D.A. with respect to the Project (the "Use Agreement") shall govern the terms of the Developer's obligation to provide affordable housing. Following the termination of the restrictions of the Use Agreement pursuant to the terms thereof (including by foreclosure), and from the date of such termination through the Term of the Agreement, the following provisions shall govern the terms of the obligation of the Developer to provide affordable housing under this Agreement:

(a) All of the units in the Facility shall be available for occupancy to and be occupied solely by individuals or families whose income is less than or

equal to sixty percent (60%) of area median gross income (including adjustments to family size) ("Low-Income Individuals or Families"), as determined in accordance with Section 42 of the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder, upon initial occupancy; and

(b) All of the units in the Facility shall have monthly rents not in excess of thirty percent (30%) of the maximum allowable income for Low-Income Individuals or Families (with the applicable Family size for such units determined in accordance with the rules promulgated under the Illinois Affordable Housing Act); and

(c) The City and the Developer may enter into a separate agreement to implement the provisions of this Section 8.20.

8.21 Survival Of Covenants.

All warranties, representations, and covenants and agreements of the Developer contained in this Section 8 or elsewhere in this Agreement shall be true, accurate, and complete at the time of the Developer's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and (except as provided in Section 7 hereof upon the issuance of a Certificate) shall be in effect throughout the Term of the Agreement.

8.22 Plat Of Subdivision; Improvement And Dedication Of Street.

The Developer has recorded a Plat of Subdivision regarding the Property, which reflects the Street Parcel, with the Recorder of Deeds of Cook County on December 6, 1995 as Document Number 95849665. Prior to October 31, 1996, the Developer shall cause the improvement and dedication to the City of the Street Parcel and the Street Improvements in accordance with the City Plans and Specifications. Upon substantial completion of all Street Improvements, the Developer shall make an application to D.P.D. for such dedication. The Developer shall take appropriate action, including making deposits for inspections and for work not completed by Developer, to cause the approval of the Street Improvements by all affected Board of Underground agencies in accordance with standard City standards and procedures for such dedication. Upon receipt of all such approvals, the City shall cause the dedication to be submitted for approval by the City Council. Upon approval by the City Council, the Developer shall cause the Plat of Dedication to be recorded with the Cook County Recorder of Deeds. Upon dedication, the Street Improvements shall become the property of the City.

Section 9.

Covenants/Representations/Warranties Of City.

9.01 General Covenants.

The City represents that it has the authority as a home rule unit of local government to execute and deliver this Agreement and to perform its obligations hereunder and that City Funds are available as of the date hereof to perform such obligations in accordance with the terms of this Agreement, and shall remain available to fund the City's obligations hereunder as same become due.

9.02 Survival Of Covenants.

All warranties, representations, and covenants of the City contained in this Section 9 or elsewhere in this Agreement shall be true, accurate, and complete at the time of the City's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and be in effect throughout the Term of the Agreement.

Section 10.

Developer's Employment Obligations.

10.01 Employment Opportunity.

The Developer, on behalf of itself and its successors and assigns, hereby agrees, and shall contractually obligate its or their various contractors, subcontractors or any Affiliate of the Developer operating on the Property (collectively, with the Developer, the "Employers" and individually, an "Employer") to agree, that for the Term of this Agreement with respect to the Developer and during the period of any other such party's provision of services in connection with the construction of the City-Funded Project or occupation of the Property:

(a) No Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Chapter 2-160, Section 2-160-010, et seq., Municipal Code of Chicago, except as otherwise provided by said ordinance and as amended from time to time (the

"Human Rights Ordinance"). Each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a nondiscriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Employers, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.

(b) To the greatest extent feasible, each Employer is required to present opportunities for training and employment of low- and moderate-income residents of the City and preferably of the Redevelopment Area; and to provide that contracts for work in connection with the construction of the City-Funded Project be awarded to business concerns that are located in, or owned in substantial part by persons residing in, the City and preferably in the Redevelopment Area.

(c) Each Employer shall comply with federal, state and local equal employment and affirmative action statutes, rules and regulations, including but not limited to the City's Human Rights Ordinance and the Illinois Human Rights Act, 775 ILCS 5/1-101, et seq. (1993), and any subsequent amendments and regulations promulgated thereto.

(d) Each Employer, in order to demonstrate compliance with the terms of this section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.

(e) Each Employer shall include the foregoing provisions of subparagraphs (a) through (d) in every contract entered into in connection with the City-Funded Project, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any Affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or Affiliate, as the case may be.

(f) Failure to comply with the employment obligations described in this Section 10.01 shall be a basis for the City to pursue remedies under the provisions of Section 15.02 hereof.

10.02 City Resident Construction Worker Employment Requirement.

The Developer agrees for itself and its successors and assigns, and shall contractually obligate the other General Contractor and shall cause the General Contractor to contractually obligate its subcontractors, as applicable, to agree, that during the construction of the City-Funded Project they shall comply with the minimum percentage of total worker hours performed by actual residents of the City as specified in Section 2-92-330 of the Municipal Code of Chicago (at least fifty percent (50%) of the total worker hours worked by persons on the site of the City-Funded Project shall be performed by actual residents of the City); provided, however, that in addition to complying with this percentage, the Developer, its General Contractor and each subcontractor shall be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions.

The Developer may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Purchasing Agent of the City.

"Actual residents of the City" shall mean persons domiciled within the City. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

The Developer, the General Contractor and each subcontractor shall provide for the maintenance of adequate employee residency records to show that actual Chicago residents are employed on the City-Funded Project. Each Employer shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

Weekly certified payroll reports (United States Department of Labor Form WH-347 or equivalent) shall be submitted to the Commissioner of D.P.D. in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date the Employer hired the employee should be written in after the employee's name.

The Developer, the General Contractor and each subcontractor shall provide full access to their employment records to the Purchasing Agent, the Commissioner of D.P.D., the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative of any of them. The Developer, the General Contractor and each subcontractor shall maintain all relevant personnel data and records for a period of at least

three (3) years after final acceptance of the work constituting the City-Funded Project.

At the direction of D.P.D., affidavits and other supporting documentation will be required of the Developer, the General Contractor and each subcontractor to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of the Developer, the General Contractor and each subcontractor to provide utilization of actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Purchasing Agent) shall not suffice to replace the actual, verified achievement of the requirements of this section concerning the worker hours performed by actual Chicago residents.

When work at the City-Funded Project is completed, in the event that the City has determined that the Developer has failed to ensure the fulfillment of the requirement of this section concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this section. Therefore, in such a case of non-compliance, it is agreed that 1/20 of 1 percent (0.0005) of the aggregate hard construction costs set forth in the City-Funded Project Budget (the product of .0005 x such aggregate hard construction costs) as the same shall be evidenced by approved contract value for the actual contracts) shall be surrendered by the Developer to the City in payment for each percentage of shortfall toward the stipulated residency requirement . Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject the Developer, the General Contractor and/or the subcontractors to prosecution. Any retainage to cover contract performance that may become due to the Developer pursuant to Section 2-92-250 of the Municipal Code of Chicago may be withheld by the City pending the Purchasing Agent's determination as to whether the Developer must surrender damages as provided in this paragraph.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246", or other affirmative action required for equal opportunity under the provisions of this Agreement or related documents.

The Developer shall cause or require the provisions of this Section 2.04 to be included in all construction contracts and subcontracts related to the City-Funded Project.

10.03 The Developer's M.B.E./W.B.E. Commitment.

The Developer agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, shall contractually obligate the General Contractor to agree that, during the City-Funded Project:

a. Consistent with the findings which support the Minority-Owned and Women-Owned Business Enterprise Procurement Program (the "M.B.E./W.B.E. Program"), Section 2-92-420, et seq., Municipal Code of Chicago, and in reliance upon the provisions of the M.B.E./W.B.E. Program to the extent contained in, and as qualified by, the provisions of this Section 10.03, during the course of the City-Funded Project, at least the following percentages of the total City-Funded Project Budget (less the acquisition price of the Property or any portion thereof, if any) shall be expended for contract participation by M.B.E.s or W.B.E.s:

i. At least twenty-five percent (25%) by M.B.E.s.

ii. At least five percent (5%) by W.B.E.s.

b. For purposes of this Section 10.03 only, the Developer (and any party to whom a contract is let by the Developer in connection with the City-Funded Project) shall be deemed a "contractor" and this Agreement (and any contract let by the Developer in connection with the City-Funded Project) shall be deemed a "contract" as such terms are defined in Section 2-92-420, Municipal Code of Chicago.

c. Consistent with Section 2-92-440, Municipal Code of Chicago, the Developer's M.B.E./W.B.E. commitment may be achieved in part by the Developer's status as an M.B.E. or W.B.E. (but only to the extent of any actual work performed on the City-Funded Project by the Developer), or by a joint venture with one or more M.B.E.s or W.B.E.s (but only to the extent of the lesser of (i) the M.B.E. or W.B.E. participation in such joint venture or (ii) the amount of any actual work performed on the City-Funded Project by the M.B.E. or W.B.E.), by the Developer utilizing a M.B.E. or a W.B.E. as a General Contractor (but only to the extent of any actual work performed on the City-Funded Project by the General Contractor), by subcontracting or causing the General Contractor to subcontract a portion of the City-Funded Project to one or more M.B.E.s or W.B.E.s, or by the purchase of materials used in the City-Funded Project from one or more M.B.E.s or W.B.E.s, or by any combination of the foregoing. Those entities which constitute both a M.B.E. and a W.B.E. shall not be credited more than once with regard to the Developer's M.B.E./W.B.E. commitment as described in this Section 10.03. The Developer or the General Contractor may meet all or part of this commitment through credits received pursuant to Section 2-92-530 of the Municipal Code of Chicago for the

voluntary use of M.B.E.s or W.B.E.s in its activities and operations other than the City-Funded Project.

d. The Developer shall deliver quarterly reports to D.P.D. during the City-Funded Project describing its efforts to achieve compliance with this M.B.E./W.B.E. commitment. Such reports shall include inter alia the name and business address of each M.B.E. and W.B.E. solicited by the Developer or the General Contractor to work on the City-Funded Project, and the responses received from such solicitation, the name and business address of each M.B.E. or W.B.E. actually involved in the City-Funded Project, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist D.P.D. in determining the Developer's compliance with this M.B.E./W.B.E. commitment. D.P.D. shall have access to the Developer's books and records, including, without limitation, payroll records, books of account and tax returns, and records and books of account in accordance with Section 14 of this Agreement, on five (5) business days notice, to allow the City to review the Developer's compliance with its commitment to M.B.E./W.B.E. participation and the status of any M.B.E. or W.B.E. performing any portion of the City-Funded Project.

Failure to submit such documentation on a timely basis, or a determination by D.P.D., upon analysis of the documentation, that the Developer is not complying with its obligations hereunder shall, upon the delivery of written notice to the Developer, be deemed an Event of Default hereunder. Upon the occurrence of any such Event of Default, in addition to any other remedies provided in this Agreement, the City may: (1) issue a written demand to the Developer to halt the City-Funded Project, (2) withhold any further payment of any City Funds to the Developer or the General Contractor, or (3) seek any other remedies against the Developer available at law or in equity.

Without limiting any other provisions hereof, the Developer agrees to indemnify, defend and hold the City harmless from and against any and all losses, liabilities, damages, injuries, costs, expenses or claims of any kind whatsoever including, without limitation, any losses, liabilities, damages, injuries, costs, expenses or claims asserted or arising under any Environmental Laws incurred, suffered by or asserted against the City as a direct or indirect result of any of the following, regardless of whether or not caused by, or within the control of the Developer: (i) the presence of any Hazardous Material on or under, or the escape, seepage, leakage, spillage, emission, discharge or release of any Hazardous Material from (A) all or any portion of the Property or (B) any other real property in which the Developer, or any person directly or indirectly controlling, controlled by or under common control with the Developer, holds any estate or interest whatsoever (including, without limitation, any property owned by a land trust in which the beneficial interest is owned, in whole or in part, by the Developer), or (ii) any liens against the Property permitted or imposed by any Environmental Laws, or any actual or asserted liability or obligation of the City or the Developer or any of its Affiliates under any Environmental Laws relating to the Property.

Original certificates of insurance evidencing the required coverage, showing the City as a Certificate holder and, if applicable, loss payee or additional insured, to be in force on the date of execution of this Agreement, and renewal certificates of insurance or other evidence of renewal, if the coverages have an expiration or renewal date occurring during the Term of the Agreement. Each certificate of insurance shall provide that the City is to be given sixty (60) days prior written notice in the event coverage is substantially changed, cancelled or not renewed; and

Original City of Chicago Insurance Certificate of Coverage Form (blank form to be obtained from D.P.D.).

The receipt of the required certificates by D.P.D. does not constitute an agreement by the City that the insurance requirements of this Agreement have been fully met or that the insurance policies indicated on the certificates are in compliance with all requirements hereunder. The failure of the City to

receive such certificates or to receive certificates that fully conform to the requirements of this Agreement shall not be deemed to be a waiver by the City of any of the insurance requirements set forth herein.

(ii) Receipt by the Developer of policies or certificates: The Developer shall advise all insurers of the insurance requirements set forth in this Agreement, and the receipt by the Developer of policies or certificates that do not conform to these requirements shall not relieve the Developer of its obligation to provide the insurance as set forth in this Agreement or required by law. Failure to comply with the insurance provisions of this Agreement constitutes an Event of Default hereunder, and the City is entitled to exercise all remedies with respect thereto. The Developer expressly understands and agrees that any coverages and limits furnished by Developer shall in no way limit the Developer's liability and responsibilities specified within this Agreement or as required by law.

(iii) The Developer shall require the General Contractor and all subcontractors to carry the insurance required herein, or alternatively, the Developer may provide the coverage on behalf of the General Contractor or any subcontractor, and if so, the evidence of insurance submitted shall so stipulate.

(iv) The Developer agrees, and shall cause its insurers and the insurers of its General Contractor and each subcontractor engaged after the date hereof in connection with the City-Funded Project to agree, that all such insurers shall waive their rights of subrogation against the City.

(v) The limitations set forth in the indemnification provisions in Section 13 hereof, or any limitations on indemnities that may apply as a matter of law, shall in no way limit, reduce or otherwise affect the amounts or types of insurance required under this Agreement.

(vi) The Developer and not the City is responsible for meeting all of the insurance requirements under this Agreement and for the City-Funded Project. Any insurance or self insurance programs maintained by the City shall apply in excess of and not contribute with insurance required to be provided by the Developer, General Contractor or any subcontractor under this Agreement.

Any and all deductibles or self-insured retentions on the required insurance coverages shall be borne by the Developer, General Contractor or subcontractor who is the insured under such policy, and shall not be borne by the City.

If the Developer, the General Contractor or any subcontractor desires additional coverage, higher limits of liability or other modifications for its own protection, such person or entity shall be responsible for the acquisition and cost of such additional protection.

(vii) The City of Chicago Risk Management Department maintains the right to modify or delete the insurance requirements set forth in this Agreement so long as such action does not, without the Developer's prior written consent, increase such requirements beyond that which is reasonably customary at such time.

Section 13.

Indemnification.

The Developer agrees to indemnify, defend and hold the City harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, reasonable attorneys' fees and court costs) suffered or incurred by the City arising from or in connection with (i) the Developer's failure to comply with any of the terms, covenants and conditions contained within this Agreement; or (ii) the Developer's or any contractor's failure to pay General Contractors, subcontractors or materialmen in connection with the T.I.F.-Funded Improvements or any other City-Funded Project improvement; or (iii) the existence of any material misrepresentation or omission in this Agreement or the Redevelopment Plan or any other document related to this Agreement that is the result of information supplied or omitted by the Developer or its agents, employees, contractors or persons acting under the control or at the request of the Developer; or (iv) the Developer's failure to cure any misrepresentation in this Agreement or any other agreement relating hereto.

Section 14.

Maintaining Records/Right To Inspect.

14.01 Books And Records.

The Developer shall keep and maintain separate, complete, accurate and detailed books and records necessary to reflect and fully disclose the total

actual cost of the City-Funded Project and the disposition of all funds from whatever source allocated thereto, and to monitor the City-Funded Project. All such books, records and other documents, including but not limited to the Developer's loan statements, General Contractors' and contractors' sworn statements, general contracts, subcontracts, purchase orders, waivers of lien, paid receipts and invoices, shall be available at the Developer's offices for inspection, copying, audit and examination by an authorized representative of the City, at the Developer's expense. The Developer shall incorporate this right to inspect, copy, audit and examine all books and records into all contracts entered into by the Developer with respect to the City-Funded Project.

14.02 Inspection Rights.

Upon three (3) business days notice, any authorized representative of the City shall have access to all portions of the City-Funded Project and the Property during normal business hours for the Term of the Agreement.

Section 15.

Default And Remedies.

15.01 Events Of Default.

The occurrence of any one or more of the following events, subject to the provisions of Section 15.03, shall constitute an "Event of Default" by the Developer hereunder:

(a) the failure of Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under this Agreement or any related agreement;

(b) the failure of the Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under any other agreement with any person or entity if such failure in the reasonable opinion of the City would have a material adverse effect on the Developer's business, property, assets, operations or condition, financial or otherwise;

(c) the making or furnishing by the Developer to the City of any representation, warranty, certificate, schedule, report or other communication within or in connection with this Agreement or any related agreement which is untrue or misleading in any material respect;

(d) except as otherwise permitted hereunder, the creation (whether voluntary or involuntary) of, or any attempt to create, any lien or other

encumbrance upon the Property, including any fixtures now or hereafter attached thereto, other than the Permitted Liens, or the making or any attempt to make any levy, seizure or attachment thereof;

(e) the commencement of any proceedings in bankruptcy by or against the Developer or for the liquidation or reorganization of the Developer, or alleging that the Developer is insolvent or unable to pay its debts as they mature, or for the readjustment or arrangement of the Developer's debts, whether under the United States Bankruptcy Code or under any other state or federal law, now or hereafter existing for the relief of debtors, or the commencement of any analogous statutory or non-statutory proceedings involving the Developer; provided, however, that if such commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such proceedings are not dismissed within sixty (60) days after the commencement of such proceedings;

(f) the appointment of a receiver or trustee for the Developer, for any substantial part of the Developer's assets or the institution of any proceedings for the dissolution, or the full or partial liquidation, or the merger or consolidation, of the Developer; provided, however, that if such appointment or commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such appointment is not revoked or such proceedings are not dismissed within sixty (60) days after the commencement thereof;

(g) the entry of any judgment or order against the Developer which remains unsatisfied or undischarged and in effect for sixty (60) days after such entry without a stay of enforcement or execution;

(h) the dissolution of the Developer or the death of any natural person who owns a material interest in the Developer; or

(i) the institution in any court of a criminal proceeding (other than a misdemeanor) against the Developer or any natural person who owns a material interest in the Developer, which is not dismissed within thirty (30) days, or the indictment of the Developer or any natural person who owns a material interest in the Developer, for any crime (other than a misdemeanor).

For purposes of Sections 15.01 (h) and 15.01 (i) hereof, a person with a material interest in the Developer shall be one owning in excess of thirty-three percent (33%) of the Developer's general and/or limited partnership interests.

15.02 Remedies.

Upon the occurrence of an Event of Default, the City may terminate this Agreement and all related agreements, and may suspend disbursement of City Funds. The City may, in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy, including but not limited to injunctive relief or the specific performance of the agreements contained herein.

15.03 Curative Period.

In the event the Developer shall fail to perform a monetary covenant which the Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless the Developer shall have failed to perform such monetary covenant within ten (10) days of its receipt of a written notice from the City specifying that it has failed to perform such monetary covenant. In the event the Developer shall fail to perform a non-monetary covenant which the Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless the Developer shall have failed to cure such default within thirty (30) days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with respect to those non-monetary defaults which are not capable of being cured within such thirty (30) day period, the Developer shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such thirty (30) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

It is hereby agreed by and between the City and the Developer, as follows:

(a) Acceptance of Assignment. In the event that any Mortgagee or any other party shall succeed to the Developer's interest in the Property or any portion thereof pursuant to the exercise of remedies under a Mortgage, whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of the Developer's interest hereunder in accordance with Section 18.16 hereof, the City hereby agrees to attorn to and recognize such party as the successor in interest to the Developer for all purposes under this Agreement so long as such party accepts all of the obligations and liabilities of "the Developer" hereunder; provided, however, that, notwithstanding any other provision of this Agreement to the contrary, it is understood and agreed that if such party accepts an assignment of the Developer's interest under this Agreement, such party shall have no liability under this Agreement for any Event of Default of the Developer which accrued prior to the time such party succeeded to the interest of the Developer under this Agreement, in which case the Developer shall be solely responsible.

(b) New Mortgages. Prior to the issuance by the City to the Developer of a City-Funded Certificate pursuant to Section 7 hereof, no New Mortgage shall be executed with respect to the Property or any portion thereof without the prior written consent of the Commissioner of D.P.D..

limited partnership (the "Developer"), in connection with the purchase of certain land and the construction of certain facilities thereon located in the Chinatown Redevelopment Project Area (the "Project"). In that capacity, we have examined, among other things, the following agreements, instruments and documents of even date herewith, hereinafter referred to as the "Documents":

(a) Jade Garden Redevelopment Agreement (the "Agreement") of even date herewith, executed by the Developer and the City of Chicago (the "City");

[(b) the Escrow Agreement of even date herewith executed by the Developer and the City;]

(c) [insert other documents including but not limited to documents related to purchase and financing of the Property and all lender financing related to the Project]; and

(d) all other agreements, instruments and documents executed in connection with the foregoing.

In addition to the foregoing, we have examined:

(a) the original or certified, conformed or photostatic copies of the Developer's (i) Articles of Incorporation, as amended to date, (ii) qualifications to do business and certificates of good standing in all states in which the Developer is qualified to do business, (iii) Bylaws, as amended to date, and (iv) records of all corporate proceedings relating to the Project; and

(b) such other documents, records and legal matters as we have deemed necessary or relevant for purposes of issuing the opinions hereinafter expressed.

In all such examinations, we have assumed the genuineness of all signatures (other than those of the Developer), the authenticity of documents submitted to us as originals and conformity to the originals of all documents submitted to us as certified, conformed or photostatic copies.

Based on the foregoing, it is our opinion that:

1. The Developer is a corporation duly organized, validly existing and in good standing under the laws of its state of incorporation, has full power

and authority to own and lease its properties and to carry on its business as presently conducted, and is in good standing and duly qualified to do business as a foreign corporation under the laws of every state in which the conduct of its affairs or the ownership of its assets requires such qualification, except for those states in which its failure to qualify to do business would not have a material adverse effect on it or its business.

2. The Developer has full right, power and authority to execute and deliver the Documents to which it is a party and to perform its obligations thereunder. Such execution, delivery and performance will not conflict with, or result in a breach of, the Developer's Articles of Incorporation or Bylaws or result in a breach or other violation of any of the terms, conditions or provisions of any law or regulation, order, writ, injunction or decree of any court, government or regulatory authority, or, to the best of our knowledge after diligent inquiry, any of the terms, conditions or provisions of any agreement, instrument or document to which the Developer is a party or by which the Developer or its properties is bound. To the best of our knowledge after diligent inquiry, such execution, delivery and performance will not constitute grounds for acceleration of the maturity of any agreement, indenture, undertaking or other instrument to which the Developer is a party or by which it or any of its property may be bound, or result in the creation or imposition of (or the obligation to create or impose) any lien, charge or encumbrance on, or security interest in, any of its property pursuant to the provisions of any of the foregoing.

3. The execution and delivery of each Document and the performance of the transaction contemplated thereby have been duly authorized and approved by all requisite action on the part of the Developer.

4. Each of the Documents to which the Developer is a party has been duly executed and delivered by a duly authorized officer of the Developer, and each such Document constitutes the legal, valid and binding obligation of the Developer, enforceable in accordance with its terms, except as limited by applicable bankruptcy, reorganization, insolvency or similar laws affecting the enforcement of creditors' rights generally.

5. (Sub)Exhibit A attached hereto (a) identifies each class capital stock of the Developer, (b) sets forth the number of issued and authorized shares of each such class, and (c) identifies the record owners of shares of each class of capital stock of the Developer and the number of shares held of record by each such holder. To the best of our knowledge after diligent inquiry, except as set forth on (Sub)Exhibit A, there are no warrants, options, rights or commitments of purchase, conversion, call or exchange or other rights or restrictions with respect to any of the capital stock of the Developer. Each outstanding share of the capital stock of the Developer is duly authorized, validly issued, fully paid and nonassessable.

6. To the best of our knowledge after diligent inquiry, no judgments are outstanding against the Developer, nor is there now pending or threatened, any litigation, contested claim or governmental proceeding by or against the Developer or affecting the Developer or its property, or seeking to restrain or enjoin the performance by the Developer of the Agreement or the transactions contemplated by the Agreement, or contesting the validity thereof. To the best of our knowledge after diligent inquiry, the Developer is not in default with respect to any order, writ, injunction or decree of any court, government or regulatory authority or in default in any respect under any law, order, regulation or demand of any governmental agency or instrumentality, a default under which would have a material adverse effect on the Developer or its business.

7. To the best of our knowledge after diligent inquiry, there is no default by the Developer or any other party under any material contract, lease, agreement, instrument or commitment to which the Developer is a party or by which the company or its properties is bound.

8. To the best of our knowledge after diligent inquiry, all of the assets of the Developer are free and clear of mortgages, liens, pledges, security interests and encumbrances except for those specifically set forth in the Documents.

9. The execution, delivery and performance of the Documents by the Developer have not and will not require the consent of any person or the giving of notice to, any exemption by, any registration, declaration or filing with or any taking of any other actions in respect of, any person, including without limitation any court, government or regulatory authority.

10. To the best of our knowledge after diligent inquiry, the Developer owns or possesses or is licensed or otherwise has the right to use all licenses, permits and other governmental approvals and authorizations, operating authorities, certificates of public convenience, goods carrier permits, authorizations and other rights that are necessary for the operation of its business.

11. A federal or state court sitting in the State of Illinois and applying the choice of law provisions of the State of Illinois would enforce the choice of law contained in the Documents and apply the law of the State of Illinois to the transactions evidenced thereby.

We are attorneys admitted to practice in the State of Illinois and we express no opinion as to any laws other than federal laws of the United States of America and the laws of the State of Illinois.

This opinion is issued at the Developer's request for the benefit of the City, its counsel and may not be disclosed to or relied upon by any other person.

Very truly yours,

Conditional Provisions.

Real Estate Provisions.

(a) Governmental Charges. (i) Payment of Governmental Charges. The Developer agrees to pay or cause to be paid when due all Governmental Charges (as defined below) which are assessed or imposed upon the Developer, the Property or the City-Funded Project, or become due and payable, and which create, may create, or appear to create a lien upon the Developer or all or any portion of the Property or the City-Funded Project. "Governmental Charge" shall mean all federal, state, county, city, or other governmental (or any instrumentality, division, agency, body, or department thereof) taxes, levies, assessments, charges, liens, claims or encumbrances relating to the Developer, the Property or the City-Funded Project including but not limited to real estate taxes.

(ii) Right to Contest. The Developer shall have the right before any delinquency occurs to contest or object in good faith to the amount or validity of any Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted in such manner as shall stay the collection of the contested Governmental Charge and prevent the imposition

of a lien or the sale or forfeiture of the Property. The Developer shall have the right to challenge real estate taxes applicable to the Property; provided, that such real estate taxes must be paid in full when due and may be disputed only after such payment is made. No such contest or objection shall be deemed or construed in any way as relieving, modifying or extending the Developer's covenants to pay any such Governmental Charge at the time and in the manner provided in this Agreement unless the Developer has given prior written notice to D.P.D. of the Developer's intent to contest or object to a Governmental Charge and, unless, at D.P.D.'s sole option,

i) the Developer shall demonstrate to D.P.D.'s satisfaction that legal proceedings instituted by the Developer contesting or objecting to a Governmental Charge shall conclusively operate to prevent a lien against or the sale or forfeiture of, all or any part of the Property to satisfy such Governmental Charge prior to final determination of such proceedings; and/or

ii) the Developer shall furnish a good and sufficient bond or other security satisfactory to D.P.D. in such form and amounts as D.P.D. shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property during the pendency of such contest, adequate to pay fully any such contested Governmental Charge and all interest and penalties upon the adverse determination of such contest.

(b) Developer's failure to pay or discharge lien. If the Developer fails to pay any Governmental Charge or to obtain discharge of the same, the Developer shall advise D.P.D. thereof in writing, at which time D.P.D. may, but shall not be obligated to, and without waiving or releasing any obligation or liability of the Developer under this Agreement, in D.P.D.'s sole discretion, make such payment, or any part thereof, or obtain such discharge and take any other action with respect thereto which D.P.D. deems advisable. All sums so paid by D.P.D., if any, and any expenses, if any, including reasonable attorneys' fees, court costs, expenses and other charges relating thereto, shall be promptly disbursed to D.P.D. by the Developer. Notwithstanding anything contained herein to the contrary, this paragraph shall not be construed to obligate the City to pay any such Governmental Charge. Additionally, if the Developer fails to pay any Governmental Charge, the City, in its sole discretion, may require the Developer to submit to the City audited Financial Statements at the Developer's own expense.

(c) Insurance. In addition to the insurance required pursuant to Section 12 hereof, the Developer shall procure and maintain the following insurance:

i) Prior to the execution and delivery of this Agreement and during construction of the Project, All Risk Property Insurance in the amount of this full replacement value of the Property.

ii) Post-construction, throughout the Term of the Agreement, All Risk Property Insurance, including improvements and betterments in the amount of full replacement value of the Property. Coverage extensions shall include business interruption/loss of rents, flood and boiler and machinery, if applicable.

The following is said ordinance as passed:

WHEREAS, Pursuant to Chapter 2-120, Section 2-120-690 of the Municipal Code of Chicago, the City of Chicago through its Commission on Chicago Landmarks ("Commission") has determined that the Carbide and Carbon Building, located at 230 North Michigan Avenue, in Chicago, Illinois, is worthy of designation as a Chicago landmark; and

WHEREAS, The Commission has found that the Carbide and Carbon Building meets certain criteria for landmark designation as set forth in Section 2-210-620 (1), (3), (4) and (7) of the Municipal Code of Chicago; and

WHEREAS, The Carbide and Carbon Building has value as an example of the economic and historic heritage of the City of Chicago for its part in the real estate development of North Michigan Avenue during the 1920s which transformed this new thoroughfare into a unique urban asset and, further, the Carbide and Carbon Building has value as an example of the architectural heritage of the City of Chicago as Union Carbide, along with companies such as the Wrigley and Tribune companies, contributed significant new commercial architecture to North Michigan Avenue also during the 1920s; and

WHEREAS, The Carbide and Carbon Building is identified foremost with the Union Carbide Corporation, one of the oldest chemical operations in the United States and one which, since its founding in 1886, has significantly contributed to the economic and social development of the City of Chicago, the State of Illinois, and the United States and, further, the Carbide and Carbon Building is identified with its architects, the Burnham Brothers, the sons of the internationally recognized architect and city planner, Daniel Hudson Burnham, and who through their own practice and involvement in civic affairs significantly contributed to the architectural and cultural development of the City of Chicago; and

WHEREAS, With its strong vertical lines, setback composition, dramatic chiseled tower with a concentration of crowning ornament, and lavishly decorated interior public spaces, the Carbide and Carbon Building is a textbook example of the Art Deco style and, further, it is unique in Chicago for its palette of green, gold and black as most Chicago Art Deco skyscrapers were a neutral gray limestone and, further, as the Carbide and Carbon Building was built by one of the country's largest and most profitable corporations who spared no expense in its execution, the structure exemplifies the use of architecture as an advertising vehicle by big business, a trend which continues today and was first started in the 1920s and 1930s in America; and

WHEREAS, Although no longer owned by Union Carbide, the building still bears its original name, making it an established and familiar visual feature of North Michigan Avenue for over sixty (60) years; and

WHEREAS, The Commission on Chicago Landmarks has concluded that the Carbide and Carbon Building is truly important to Chicago and deserves to be preserved, protected, enhanced, rehabilitated, and perpetuated, and the Commissioner of Planning and Development of the City of Chicago and the City Council Committee on Historical Landmark Preservation have concurred in the Commission's recommendation that the Carbide and Carbon Building be designated as a Chicago landmark; now, therefore,

WHEREAS, While sports such as boxing and wrestling are licensed and intensely regulated in virtually every state where they are presented, Ultimate Fighting is not regulated by authorities of any state; and

WHEREAS, In legitimate contact sport, the risk of injuries is reduced through the use of protective equipment, rules against the deliberate infliction of unnecessary harm on one's opponent, the emphasis of skills needed for the proper performance of a player's role, and the possibility of victory through achievement of some goal other than punishment of one's opponent; and

WHEREAS, In Ultimate Fighting no protective equipment is used, the only "rule" is a ban on gouging an opponent's eyes, and the only goal of Ultimate Fighting is to inflict as much pain and injury on one's opponent as possible, in order to force his submission; and

WHEREAS, Medical experts who have observed Ultimate Fighting have stated that combatants are subjected to an intolerable risk of severe injuries, including broken bones, concussion, spinal cord injury and permanent damage to internal organs, and that these injuries may cause paralysis, permanent disabilities, and even death; and

WHEREAS, Because of the medical risks associated with Ultimate Fighting, as well as because of its barbaric nature, several states have prohibited that spectacle from taking place within their borders; and

WHEREAS, This dangerous, demeaning and vile spectacle is still offered by some cable television systems and, although presented on a pay-per-view basis, Ultimate Fighting can still be seen by impressionable children who do

not comprehend the true dangers of Ultimate Fighting and cannot appreciate the severity of injuries that may befall participants; and

WHEREAS, By presenting the injury and pain of participants as entertainment, the producers and promoters of Ultimate Fighting deliberately pander to the most base elements of human nature; and

WHEREAS, One of the traditional and proper roles of government is the protection of the public health, safety and welfare; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this ninth day of May, 1996, do hereby call on all Chicago cable franchisees to refrain from presenting the combat known as "Ultimate Fighting" or "Blood Sport" on any cable station, in any form, at any time in the City of Chicago; and

Be It Further Resolved, That suitable copies of this resolution be presented to all Chicago cable franchisees.

WHEREAS, Many of the customers of these illegal activities are not residents of the communities on which they impose their illicit conduct, and would not encourage or tolerate such activities in their communities; and

WHEREAS, It is appropriate that persons who disrupt a community by their illegal conduct should make reparations to that community, in the form of community service as part of the disposition of their cases; now, therefore,

authorized by law, community service or the Sheriff's Work Alternative Program for any person convicted of soliciting for a prostitute or patronizing a prostitute, as those offenses are defined in the Illinois Criminal Code of 1961; or possession or attempted possession of a controlled substance, as defined in the Illinois Controlled Substances Act; and

Be It Further Resolved, That in such cases the Cook County State's Attorney should also recommend that the community service or Work Alternative be performed in the same community where the offense occurred; and

The Location(s) are described in the attached (Sub)Exhibit A.

B. This License Agreement will not limit the ability of the City to grant any other person or other party the right to use the Chicago River or the Location(s) specified in Article 11 of this License Agreement or any other Location, with the sole exception that the City may not issue a license to another party to operate a Tour Boat service from the Location specified in Article 11 if the issuance of such license would materially interfere with the license hereby issued.

C. The City makes no representations regarding the surface or the subsurface condition of the Locations and the land adjacent to the Locations. The City makes no guaranties, either expressed or implied, and the City assumes no responsibility with respect to the sufficiency or accuracy of any information conveyed, pertaining to the condition of the Locations and adjacent land.

D. Nothing in this license is intended, or will be deemed, to give rise to a lease of real estate by the City to the licensee. This license constitutes a

License Agreement which permits the Licensee to operate its business at the Location herein specified. No leasehold interest of any kind is hereby conveyed to the Licensee by the City. Neither the Licensee nor anyone acting for the Licensee will file this License Agreement or any copy hereof, or any statement, paper or affidavit which in any manner refers to this License Agreement, in the Office of the Recorder of Deeds of Cook County, Illinois, or in any other public office: if any such document is so filed, this License Agreement and every provision hereof may, in the sole discretion of the City, be declared absolutely null and void, and additionally, the City may in such circumstance declare such filing to be an event of default under this License Agreement.

However, regardless of the number of Tour Boats which the City licenses for use at any Location, the Licensee may not dock more than one (1) Tour Boat at any Location for any period of time. "Docking" will be deemed to take place when a Tour Boat is attached, affixed or tied to a Location for any period of time in any manner, for any purpose. Docking more than one (1) Tour Boat at a Location at one time will be an event of default under this License Agreement, and the City may elect to invoke any of the remedies afforded to the City by Section 8.02 of this License Agreement.

Section 3.02 Rights Retained By The City In Granting License.

The Licensee acknowledges and agrees that this License Agreement is subject to and subordinate to any existing or future agreement(s) of any kind between the City and any other person or party pertaining to the use, development, construction, operation and/or maintenance of the Chicago River, the Location(s), or the adjoining dockwalls and wharf areas. Conditions Governing Licensee's Activities.

Section 4.01 Restrictions And Obligations Related To Operation At The Locations.

A. City Access to Locations: The City, its representatives and employees, will at all times have free access to the Location(s) for purposes necessary, incidental to or connected with the performance or exercise of the City's governmental functions.

B. Locations and Facilities: The location, size and Service Facilities available at each of the Locations are set forth in (Sub)Exhibit A to this License Agreement. The Locations are divided into three (3)categories, "A" and "B" and "D" according to the uses for which each Location will be licensed.

"A" Locations have been designated as "Tour/Charter" Locations. Subject to the restrictions found in this License Agreement, Licensees will be allowed to operate either a Tour Service or a Charter Service, or both, from the "A" Locations. For all such Tour Boat and Charter Services, Licensees will be prohibited from loading and/or unloading passengers at any public property (including other Locations) other than the Location(s) licensed to the Licensee.

"B" Locations have been designated as "Charter/Staging" Locations. Subject to the restrictions found in this License Agreement, Licensees will be allowed to operate a Charter Service and/or to undertake the staging activities, as are defined hereafter, at the "B" Locations. Licensees will be allowed to dock Tour Boats and to undertake such maintenance of Tour Boats as are allowed for in this License Agreement at the "B" Locations. No other activities are licensed or allowed at the "B" Locations.

"D" Locations have been designated as "Docking" Locations. Subject to the restrictions found in this License Agreement, at the "D" Locations, Tour Boat operators will be able to dock Tour Boats and will be allowed to load and unload passengers. At the "D" Locations Licensees will be allowed to perform only minor cleaning tasks, as defined in Section 4.01 of the License Agreement. No other activities will be licensed or allowed at the "D" Locations.

C. No Maintenance: No non-minor Tour Boat maintenance activities of any kind will be allowed at the "A" and "D" Locations. Maintenance activities so disallowed will include all engine maintenance, all cleaning of Tour Boats, all preventive maintenance, all painting and any and all other maintenance of Tour Boats.

At the "B" Locations Licensees will be allowed to perform routine maintenance, including small painting tasks, cleaning, and preventive maintenance of the mechanical systems, provided such maintenance does not generate disruptive noise or any kind of pollution of the Chicago River or the Location.

Notwithstanding anything expressed to the contrary in the R.F.P. or the License Agreement, however, Licensees will be allowed to perform minor cleaning of the decks and public portions of the Tour Boat(s) at the Location(s), provided that Licensees may only use biodegradable detergent and water to clean the Tour Boat(s). Notwithstanding anything expressed to the contrary in the R.F.P. or this License Agreement, emergency maintenance and/or unforeseeable minor maintenance of the Tour Boat(s), which is or becomes necessary in order to assure the safety of the public, or in order to prevent the Tour Boat from becoming a hazard to navigation or otherwise from constituting a burden on the Chicago River, may be conducted at the Location(s).

Licensees will be allowed to fuel Tour Boats at the "A" and "B" Locations only in the manner and at the times allowed by the City. Unless otherwise specified by the City in writing, Tour Boat operators receiving a license may fuel Tour Boats at the Locations between the hours of 12:00 P.M. and 7:30 A.M.. Fueling at other times, whether from land or water, may be deemed an event of default, and the City may elect to invoke any of the remedies provided for in Section 8.02 of the License Agreement.

Notwithstanding anything expressed to the contrary herein, the City will not install any Service Facilities at Location 11. The sole improvements that the City will make to Location 11 will be stairway access and river wall/dock protection. In addition, at Location 11, Licensees will not be allowed to sell tickets from the Location itself or from Tour Boat(s) docked thereto.

D. Parking: The Licensee, and all of the Licensee's employees, invitees, passengers, and all other persons coming on to the Location(s), may park only in such areas near the Location(s) as are designated by the City.

E. No Habitation on Tour Boat: No person may use any Tour Boat as a residence for any period of time while such Tour Boat is docked at any Location. However, this provision is not intended to prevent Tour Boat operators from posting individuals on Tour Boat(s) as required to ensure the security of such Tour Boat(s).

F. No Music, Announcements or Disruptive Noise: Licensees may not broadcast music, announcements or any other disruptive sounds from any Tour Boat or the Location(s). Such restrictions, however, will not prevent the Licensee from making any announcements or broadcasts required by U.S.C.G or other regulations, nor will the restrictions set forth above prevent the Licensee from using a Tour Boat's public address system to convey information to passengers while the Tour Boat is not docked at the Location(s).

G. No Additions to the Location(s): The Licensee may not attach, affix, or permit to be attached or affixed upon the Location any flags, placards, signs, poles, wires, aerials, antennae, improvements or fixtures of any kind. If, however, any such flags, placards, signs poles, wires, aerials, antennae, improvements or fixtures are already so attached or affixed prior to the commencement of the license term under this License Agreement, the Licensee may not relocate, replace, alter or modify such features without the consent in writing in each instance of the Director and the Commissioner of the Department of Transportation.

H. Sanitary Conditions: The Licensee, at its own expense, must maintain and keep the Location(s), as well as the surrounding area, in a safe, clean, and sanitary condition. If such areas are not so maintained by the Licensee, then the City reserves the right to terminate this License Agreement, or to enter upon the Location(s) and take all actions necessary to restore the Location(s) to the condition required herein. The cost and expense to the City for any measures taken pursuant to this section will be charged to and paid by the Licensee.

The Licensee must clean up and properly dispose of all refuse, waste and surplus materials on or about the Locations on a daily basis during the term of this License Agreement. If the Licensee fails to commence performance of the tasks described in this paragraph within five (5) business days after receiving written notice from the City to do so, the City may arrange to have such work performed by City employees or third parties and may charge the Licensee the actual, direct cost thereof.

I. Suspension or Revocation of Permit: If the Licensee violates the terms of any permit required by this License Agreement or which is otherwise required for the operation of the Tour Boat service, the Commissioner of the permit-issuing Department may suspend or revoke such permit, or may take any action the Commissioner deems necessary, including ordering the Licensee to cease operation of the Tour Boat service until the violation has been corrected to the Commissioner's satisfaction.

J. Utilities: The City will provide all access to utilities, including but not limited to all electricity, telephone and water supply, through a utility center that may be installed by the City at each Location at no expense to the Licensee. The Licensee will be solely responsible for all utility charges incurred during the term of this License Agreement and any extension periods hereto.

The Licensee will not construct, install or otherwise modify any utility access facilities, or any other facilities, without the prior written consent of the Director. In the event that the Director issues such consent, then the Licensee will comply with all conditions and/or requirements contained in such consent as to the construction or installation of such facilities. The construction, installation or modification of any utility or other facilities without the express written consent of the Director may be deemed an event of default under Article 8 of this License Agreement, and the City may choose to exercise any remedies available to it under the terms of said Article 8. In addition, the Licensee will bear the full burden and expense of removing or replacing to original condition the facility added to or modified.

K. Season: Tour Boats will not be allowed to dock at the licensed Locations before March 1 or after January 15 of any year. Before March 1 and/or after January 15 of any year any Tour Boat docked at a Location will be subject to removal by the City at the Licensee's sole expense.

L. Any idling for a longer period of time may constitute an event of default under the License Agreement.

Further, each Tour Boat and all equipment associated therewith shall comply with applicable laws, including without limitation U.S.C.G. and Illinois Commerce Commission regulations and other requirements, including but not limited to, U.S.C.G. certification and registration, if applicable, of the Tour Boat. The Licensee will furnish on request, copies of U.S.C.G. certifications of all Tour Boats. The City reserves the right to inspect any Tour Boat and all Service Facilities, as well as maintenance procedures and facilities related to the docking, operation and maintenance of such Tour Boat. If such inspection discloses that the Tour Boat does not comply with the terms of this License Agreement, the City will give written notice to the Licensee of its noncompliance and require the Licensee to come into compliance with the terms and conditions of this License Agreement or any applicable law or regulation. The City may declare a default and pursue the remedies set forth under Section 8.02 hereof if the Licensee fails to satisfy the City's compliance request within a reasonable time, as determined by the Purchasing Agent. Any dispute as to matters covered in this section will be submitted for dispute resolution pursuant to Section 9.06 of this License Agreement.

C. Size of Tour Boats and Drawbridge Access: (1) All Tour Boats to be operated on the Chicago River should be less than fifteen (15) feet in height, as measured from the water line to the highest point of the vessel when the vessel is fully unloaded. Tour Boats over fifteen (15) feet in height, as measured from the waterline when unloaded, may be allowed to operate on a limited basis, as determined by the Director; if the City allows the use of such vessels, which decision is solely within the discretion of the City, then such vessels must be operated so as to comply with all current Chicago Department of Transportation approved regulations governing the operation of City-owned drawbridges for the benefit of recreational vessels.

In the event that the water level of the Chicago River rises and the higher water level prevents a Tour Boat from passing under any bridge crossing the Chicago River, then the City shall neither be

required to either add to nor modify the City's previously established schedule for the operation of City-owned drawbridges.

Further, all Tour Boats must be limited to a length reasonably commensurate with the dock footage of the Location at which each Tour Boat is to be operated. The Director, in the Director's sole discretion, will determine whether the length of the proposed Tour Boat is appropriate for the proposed Location.

(2) The City expressly reserves the right to determine and to limit the times and frequencies of the raising of the City's bridges.

D. Safety Considerations: The Licensee will at all times exercise all reasonable care and will comply with all applicable provisions of federal, state and local laws, to prevent accidents and/or injuries, and to avoid damage to and/or loss affecting City facilities, the Chicago River, the Location(s), the Service Facilities, and the property of third parties in connection with the docking, operation and maintenance of the Tour Boat and the Location(s). The Licensee will erect and properly maintain at all times all necessary safeguard barriers, flags and lights for the protection of the Licensee's and its Subcontractors' employees, City employees, and the public, which become necessary due to a later occurring defect in the structure of the Location or any of the Service Facilities. In the event that any such defect develops, the Licensee will notify the City immediately, and will maintain all necessary safety precautions until such time as the City rectifies the defect.

The Licensee will report to the City's Department of Transportation any damage on, about, under or adjacent to the Chicago River, the Location(s), City property or the property of third persons, whether such damage is a result of the Licensee's operation of the Tour Boat or is unrelated thereto.

E. Restoration of Damaged Property: In the event of damage to public or private property along the river or the lakefront, the Location(s), City facilities, or other property in connection with the activities contemplated by this License Agreement, the Licensee will, at its own expense and in a manner approved by the City and/or the owner of such private property, rebuild, restore and repair the Chicago River, City property or facilities or private property to a condition equal to the condition of the property before the work that caused such disturbance. In the event Licensee fails to perform such rebuilding, replacement or restoration within five (5) business days of the disturbance (unless public safety is affected in which case such shorter time as the City shall request), the City or the owner, after written notice to Licensee, will have the right to do so at the sole expense of Licensee.

F. Tour Boat Documentation: The Licensee shall provide the Director with a full description of the appearance and features of each Tour Boat. The specific requirements for such descriptions are further set forth in Section 12 of the R.F.P..

G. Seaworthiness: The Licensee will at all times take all actions necessary to assure the seaworthiness of all Tour Boat(s). This shall include compliance with all applicable U.S.C.G. and U.S. Corps of Engineers' rules and regulations. The Licensee hereby represents and warrants that all Tour Boat(s) to be used to provide any Tour Boat service of any kind shall be seaworthy and safe at at all times.

H. Director's Right to Order Removal of Tour Boat: The Licensee enters into this License Agreement with full knowledge and acceptance that the Director may at any time determine that a particular Tour Boat is non-compliant with the terms and requirements of this License Agreement. The Director can, at any time, identify a particular Tour Boat and either (1) order its removal from the Location, the Chicago River, and the lakefront area of Lake Michigan, or (2) order the Licensee to cease operating such Tour Boat. In the event that the Director exercises such right, any Tour Boat that is not removed within fourteen (14) days from the date on which the removal of that vessel is ordered by the Director shall be subject to immediate removal by the City at the owner's expense. Any Tour Boat removed from a Location, the Chicago River or lakefront by the City may be reclaimed by its owner within thirty (30) days after its removal. The Licensee agrees to reimburse the City for the cost of such removal and for storage costs before any such removed Tour Boat may be reclaimed. All removed equipment that is not reclaimed may be disposed of by the City as unclaimed property.

I. Tour Boat Enhancements: The Licensee shall notify the Department of any proposed enhancements to or upgrades of any Tour Boat at least sixty (60) days before making any enhancement. For the purpose of this section "enhancements" shall include any modifications to the appearance or function of the Tour Boat, without limitation. If approved by the City, enhancements shall be made at no cost to the City. The Licensee will provide the City with written notice indicating the specific Tour Boats on which it would like to make a particular enhancement or upgrade. No enhancement of any kind shall be made without the prior written consent of the Director. Enhancements should comply with all applicable laws. Any dispute under this section will be resolved pursuant to the dispute resolution provisions set forth in Section 9.06 of this License Agreement.

Section 4.03 Licenses And Permits.

The Licensee shall bear responsibility for and, in a timely manner consistent with its obligations under this License Agreement, should secure and maintain at its sole expense such permits, licenses, authorizations and approvals as are necessary for the Licensee to operate the Tour Boat(s) on the public water ways in accordance with this License Agreement.

Section 4.04 In The Event Of Fire Or Other Destruction Of Location(s).

In the event that the Location(s), or any portion thereof, are destroyed or damaged by fire or other disaster so as to prevent the use of such Location for the purposes and during the periods specified in this License Agreement, the City will not be obligated to repair or rebuild the Location(s). The City may, however, in the City's sole discretion, elect to repair the Location(s). If the City elects not to repair the Location(s), then this License Agreement shall terminate, and the Licensee hereby waives any claim against the City for damages by reason of such termination. If the City elects to repair the Location(s), this License Agreement will not terminate, but will be suspended until such time as the Director issues written notice to the Licensee that the Licensee may resume Tour Boat tour, charter or staging activities.

If it becomes necessary for any reason in the judgment of the City to remove or modify any part of the Location's Service Facilities and the Licensee incurs any loss as a result thereof, no claim or charge shall be made by Licensee against the City for restoration or replacement of such Service Facilities.

Section 4.05 Restrictions On Solicitations And Sales.

A. Central Location for the Dissemination of Information about Tour Boat Services: The Licensee is allowed to hand out or otherwise disseminate information about Tour Boat services only at two sites on each Location: (1) from inside the service building provided by the City at each Location, (2) on the Tour Boat(s) themselves. In addition, Licensee is allowed to disseminate information from a City-designated site (the "Information Site"). The Information Site is located at the southwest corner of Michigan Avenue and Wacker Drive. The Licensee is not be allowed to hand out or otherwise disseminate information about Tour Boat services on the public way along upper and lower Wacker Drive, from Lake Shore Drive to the intersection of Wacker Drive and Washington Street. The City reserves the right to change the location of the Information Site at any time.

Should a Licensee disseminate information in the proscribed area of Wacker Drive, as described above, or, should a Licensee disseminate information at the Information Site or service building in a disruptive manner, which determination will be made by the Director in the Director's sole discretion, then the Director will notify the Licensee to cease such activity. If the Licensee continues to disseminate information in the proscribed area or to disseminate information in a disruptive manner, then the Director may elect to terminate that Licensee's license or pursue any other remedy afforded to the City by the terms of Article 8 of the License Agreement.

At the Information Site, the City shall provide a booth for the dissemination of information to the public (the "Information Booth"). The design of the Information Booth shall be determined by the Director in the Director's sole discretion. The City will not staff the Information Booth. The Licensee may elect to have a (single) representative present at the Information Booth. Each License company will be allowed to post only one (1) employee per company (not per Tour Boat) at the Information Booth at any one time. The City will determine the daily hours during which Licensees may hand out information at the Information Booth. No ticket sales are allowed at the Information Booth.

B. Ticket Sales: Unless otherwise agreed in writing by the City, the Licensee is allowed to sell tickets at only two (2) areas on each Location. Tickets may be sold at the service buildings provided at each Location by the City, or tickets may be sold on the Tour Boats themselves. Licensees are not allowed to sell tickets on the public way along the upper and lower Wacker Drive, from Lake Shore Drive to the intersection of Wacker Drive and Washington Street. The Licensee is also not allowed to sell tickets at the Information Booth or the Information Site. Should the Licensee sell tickets at other sites on the Locations, on the public way on Wacker Drive, or at the Information Booth or the Information Site, then the Director will notify the Licensee to cease such ticket sales. If, after receiving such notice, the Licensee continues to sell tickets in such area, the Director may elect to terminate that Licensee's license or pursue any other remedy afforded to the City by the terms of Article 8 of the License Agreement.

Notwithstanding anything expressed to the contrary, however, Tour Boat operators will not be allowed to sell tickets from any portion of Location 11 or from any Tour Boat docked at Location 11.

C. Hawking: In addition to the restrictions set forth above in paragraphs A and B of this section, ticket sales or solicitations of business of any description along any public way in the City are

subject to all applicable restrictions of such activities contained in the Municipal Code of the City.

In addition to any penalties that the Licensee may incur for violations of any ordinance, if the Director determines that the Licensee has engaged in ticket sales, solicitation of business or dissemination of information in any of the areas set forth above, then, upon the third (3rd) such occurrence, and upon any subsequent occurrence, the Director may elect to terminate that Licensee's license or pursue any other remedy afforded to the City by the terms of Article 8 of this License Agreement.

Section 4.06 Minority-owned Business Enterprise (M.B.E.) And Women-owned Business Enterprise (W.B.E.) Participation.

The Licensee agrees that, at all times that this License Agreement is in effect, all M.B.E./W.B.E. participation will be conducted in accordance with the Special Conditions Regarding Minority Business Enterprise Commitment and Women's Business Enterprise Commitment ("M.B.E./W.B.E. Special Conditions") attached hereto as (Sub)Exhibit F. The Licensee's completed schedules evidencing M.B.E./W.B.E. participation will become a part of this agreement, and will be attached hereto as a part of (Sub)Exhibit F, upon acceptance by the Purchasing Agent. Upon such acceptance, the Licensee should utilize M.B.E.s and W.B.E.s at the levels of participation listed in Schedules C-1 and D-1 as approved by the Purchasing Agent. The percentage of participation of M.B.E.s and W.B.E.s should be based on the yearly license fee proposed by the Licensee. The participation percentage should be calculated by dividing the monetary participation of each M.B.E./W.B.E. participant by the proposed yearly license fee.

Every year that this License Agreement is in effect, prior to the first (1st) day of March, the Licensee shall submit to the City a revised summary of the M.B.E./W.B.E. participation for the year, including revised Schedules C-1 and D-1. In addition, within twenty (20) days of the end of each season of operation, the Licensee should provide a statement to the City showing (i) a calculation of the proposed M.B.E./W.B.E. participation for the prior year, based on the Licensee's proposed yearly license fee, and (ii) a calculation of the actual M.B.E./W.B.E. utilization that Licensee achieved in the prior year. If the Licensee fails to meet the participation goals accepted by the Purchasing Agent in any year, then the City may, in its sole discretion, treat such failure as an event of default or may allow the Licensee to increase its proposed M.B.E./W.B.E. participation levels in the year immediately succeeding the year of deficiency in order to compensate fully for the deficiency.

Article 5.

Term Of License Agreement.

Section 5.01 Initial Term.

Unless earlier terminated pursuant to any provision of this License Agreement, this License Agreement will be effective for three (3) years after execution by the City.

Section 5.02 License Agreement Extension Option.

The Director may elect to extend the term of this License Agreement for two (2) additional periods of one (1) year each, exercisable no later than thirty (30) days prior to expiration of this License Agreement.

Article 6.

Compensation.

Section 6.01 Compensation.

In consideration of and in exchange for the license herein granted the Licensee hereby agrees to pay to the City the fees set forth in the proposal section, Article 11, Section 11.01 of this License Agreement.

The Licensee will pay the City a yearly license fee for each year that this License Agreement will be in effect. The yearly license fee set forth for the first (1st) year (1996) should be at least ninety percent (90%) of the yearly license fee proposed for all subsequent years. All proposed yearly license fees should be clearly indicated on the appropriate lines of Article 11 of this License Agreement.

Yearly license fees and all other fees that are payable on a yearly basis will be due and payable in two (2) installments by the Licensee. For 1996 the first payment of thirty percent (30%) of the total proposed yearly license fee will be due on or before June 1, 1996, and the second payment of seventy percent (70%) of the total proposed yearly license fee will be due on or before the October 1, 1996.

For each subsequent year in which a License Agreement is in effect, the first payment of thirty percent (30%) of the total proposed yearly license fee will be due on or before April 1 of each year, and the remaining seventy percent (70%) of the yearly license fee will be due on or before September 1 of each year, including extension years, if any.

Section 6.02 Taxes And Other Licensee Costs.

The Licensee shall be responsible for and agrees to pay any assessments and taxes of every kind which arise as a result of or in connection with this License Agreement and the uses of the Location provided for herein.

The Licensee shall obtain, and shall pay any and all fees necessary to obtain federal, state and local licenses, permits and authorizations required for docking and operating each Tour Boat including, but not limited to, inspection fees required in connection with obtaining electrical wiring permits from the City. This requirement shall include, without limitation, each of the following as may be required or may become applicable to the Licensee or the Licensed Tour Boat: a certificate of inspection, a certificate of documentation, and any and all other licenses or certifications required by the U.S.C.G.; a great lakes radiotelephone license certificate of the Federal Communications Commission; a State of Illinois registration or title; and all other vessel and operation licenses required by the State of Illinois or the City.

Notwithstanding the foregoing, it is agreed that the Licensee may claim a credit against any amounts due pursuant to this License Agreement equal to the amount of the Chicago Boat Mooring Tax paid by the Licensee pursuant to Section 3-16-030 of the Municipal Code of Chicago.

Section 6.03 Late Payment, Material Underpayment Or Nonpayment.

In the event Licensee fails to make its yearly payments when due, or makes an underpayment in any annual payment period of more than five percent (5%) of the amount due for such annual payment period, then the City may charge the Licensee interest on the amount due of one and one-quarter percent (1.25%) for each month said amount remains due and owing. Interest on the amount of the underpayment due will accrue from the date on which the original payment should have been made. In the event any payment owed pursuant to this License Agreement remains past due for more than thirty (30) business days, the Director may declare a material breach of this License Agreement and terminate the License Agreement upon thirty (30) days written notice to the Licensee.

Article 7.

Insurance And Indemnification.

Section 7.01 Insurance.

(1) The Licensee will procure and maintain at the Licensee's sole expense

at all times during the term of this License Agreement the types of insurance specified below, with insurance companies authorized to do business in the State of Illinois, covering all operations under this License Agreement, whether performed by the Licensee or by its Subcontractors or concessionaires:

The kinds and amounts of insurance required are as follows:

(a) Workers' Compensation And Occupational Disease Insurance.

Workers' Compensation and Occupational Disease Insurance, in statutory amounts, covering all employees of the Licensee and any Subcontractors or concessionaires who are to provide a service under this License Agreement, including Jones Act and United States Harbor Workers' and Longshoremen. Employer's liability coverage with limits of not less than One Hundred Thousand Dollars ($100,000) for each accident or illness will be included.

(b) Commercial Liability Insurance (Primary And Umbrella).

Commercial Liability Insurance or equivalent with limits of not less than One Million Dollars ($1,000,000) per occurrence, combined single limit, for bodily injury, personal injury, and property damage liability. Products/completed operation, independent licensees, broad form property damage and contractual liability coverages are to be included. The City is to be named as an additional insured.

(c) Automobile Liability Insurance.

When any motor vehicles are used in connection with activities to be conducted under this License Agreement, the Licensee will provide Automobile Liability Insurance with limits of not less than One Million Dollars ($1,000,000) per occurrence, combined single limit, for bodily injury and property damage. The City is to be named as an additional insured.

(d) Marine Protection And Indemnity Insurance.

The Licensee will provide Marine Protection and Indemnity Insurance in an amount of not less than Five Million Dollars ($5,000,000) which will include the City of Chicago as an additional named insured party. Such insurance will include

but not be limited to liability for property damage, loss of life, bodily injury or illness of any crew or volunteer crew or third party, collision towers liability, property damage to docks, wharves, piers, buoys, bridges, cables and other fixed or movable property and loss or damage to their vessels not caused by collision.

Note: Failure to procure and maintain the insurance set forth above constitutes a violation of this License Agreement and the City reserves the right to stop any operations or activities granted by this License Agreement until proper evidence of insurance is provided.

(2) The Licensee will furnish to the City's Risk Manager, original Certificates of Insurance evidencing the required coverages to be in force on the date of this License Agreement, and renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the term of this License Agreement. All such insurance will be written on the City's Insurance Certificate of Coverage form attached hereto as (Sub)Exhibit B and incorporated by reference as if fully set forth herein.

Failure to carry or keep such insurance in force will constitute a default of this License Agreement, and the City maintains the right to suspend the Licensee's operations and rights under this License Agreement until proper evidence of insurance is provided. The insurance will provide for sixty (60) days prior written notice to be given to the Department and the Department of Finance in the event that coverage is substantially changed, canceled, or non-renewed.

The Licensee will require all Subcontractors to carry the insurance required herein, or the Licensee may provide the coverage for any or all Subcontractors, and, if so, the evidence of insurance submitted will so stipulate.

The Licensee and Subcontractors agree that insurers will waive their rights of subrogation against the City, including its appointed and elected officials, representatives, agents and employees.

The Licensee expressly understands and agrees that any insurance maintained by the City will apply in excess of and not contribute to insurance provided by the Licensee under the License Agreement.

The Licensee expressly understands and agrees that any insurance protection furnished by the Licensee will in no way limit its responsibility to indemnify and save harmless the City under the indemnity provisions of this License Agreement.

The City maintains the right to modify, delete or add to these insurance requirements.

Section 7.02 Indemnification.

A. The Licensee agrees to protect, defend, indemnify, keep, save and hold the City, its officers, officials, employees and agents free and harmless from and against any and all liabilities, losses, penalties, damages, settlements, costs, charges, professional fees or other expenses or liabilities of every kind, nature and character arising out of or relating to any and all claims, liens, demands, obligations, actions, suits, judgments or settlements, proceedings or causes of action of every kind, nature and character (collectively, "Claims") in connection with or arising directly or indirectly out of the Licensee's acts or omissions under this License Agreement and/or the performance hereunder by the Licensee, its officials, agents, employees, and subcontractors, including the enforcement of this indemnification provision. The Licensee further agrees to investigate, handle, respond to, provide defense for and defend against all Claims, at its sole expense, and agrees to bear all other costs and expenses related thereto, even if the Claims are considered groundless, false or fraudulent.

The City will have the right, at its option and at the Licensee's expense, to participate in the defense of any suit, without relieving the Licensee of any of its obligations under this indemnity provision. The Licensee expressly understands and agrees that the requirements set forth in this Section 7.02 to protect, defend, indemnify, keep, save, and hold the City free and harmless are separate from and not limited by the Licensee's responsibility to obtain and maintain insurance pursuant to Section 7.01 or to provide a Letter of Credit pursuant to Section 7.03 of this License Agreement. The indemnities contained in this section will survive the expiration or termination of this License Agreement.

B. The Licensee further specifically agrees to pay any and all sums in respect of any Claims or other costs arising from or occasioned by the use of any Tour Boats or other vessels on the Chicago River or on Lake Michigan; this indemnification will include but is not limited to the following:

1. loss or damage to any other ship, vessel or boat caused proximately or otherwise by the Licensee's vessel, or loss of the cargo of such other vessel;

2. loss of life or personal injury, or for any cost of life salvage;

3. loss or damage to any harbor, dock, graving or otherwise, slipway, pontoon, pier, quay, tunnel, jetty, stage, buoy, cables of any kind, or other fixed or movable object or property whatsoever;

4. the cost of the removal, raising or destruction of the wreck of any vessel employed by the Licensee in performing the Services;

5. in the event that a vessel is disabled or otherwise, the cost of towage or other salvage of any vessel employed by the Licensee in performing the Services;

6. loss or damage to the Location(s) as defined in this License Agreement; and

7. loss or damage to the bottom or banks of the Chicago River, or to the shoreline of Lake Michigan.

Section 7.03 Letter Of Credit.

A. Terms Of The Letter Of Credit.

Within fifteen (15) days of notice from the Director that the Licensee has been preliminarily selected for a Location, and prior to the commencement of the operation of any Tour Boat pursuant to this License Agreement, the Licensee will provide the Director with a Letter of Credit in a principal amount of Thirty Thousand Dollars ($30,000) per Tour Boat. Requirements as to the letter of credit are further set forth in Section 16 of the Request for Proposals and Instructions to Tour Boat Operators.

The letter of credit will be in the form set forth in (Sub)Exhibit C to this License Agreement or as otherwise approved by the Corporation Counsel. The letter of credit will be used to ensure the faithful performance by the Licensee of all provisions of this License Agreement and compliance with all orders, permits and directions of any agency, commission, board, department, division or office of the City having jurisdiction over the Licensee's acts or defaults under this License Agreement and for payment by the Licensee of any penalties, liens, claims and taxes due the City which arise by reason of the Licensee's acts pursuant to this License Agreement.

The City will be entitled to draw on said letter of credit if the Licensee: (i) has failed to pay the City in whole or in part any of the fees or other charges set forth in this License Agreement within the time fixed in this License Agreement; (ii) has failed to repay the City in whole or in part within ten (10) days for any damages, expenses or costs which the City has suffered or is compelled to pay by reason of the Licensee's acts or omissions under this License Agreement; or (iii) has failed, after five (5) days notice to the Licensee of such failure, to comply with any provision of this License Agreement which the Director has reasonably determined can be remedied by a draw on the letter of credit. The City will also be entitled to draw on any such letter of credit which expires (either by its terms or because of nonrenewal) on a date prior to the termination date of this License

Agreement unless proof of renewal of such letter of credit or a replacement letter of credit in form and substance satisfactory to the City's Corporation Counsel has been furnished to the City's Corporation Counsel at least thirty (30) days prior to the expiration date thereof. Upon the sole condition of delivery by the City to the issuer of said letter of credit of a demand for payment, purportedly signed by the Director or the Comptroller, whether acting or actual, the City can immediately draw up to the amount outstanding. Upon such draw, the City will notify the Licensee of the amount and date of the draw and will include in the notice the basis pursuant to which the City's right to draw has been exercised. If amounts are drawn under the letter of credit, the Licensee will take such actions as may be necessary to maintain such letter of credit at full amount within five (5) days of the City's notice of draw. The rights reserved to the City under such letter of credit will be in addition to any rights it may have pursuant to this License Agreement, at law or in equity.

B. Qualified Issuers.

The letter of credit called for in this License Agreement will be issued by companies or financial institutions which are authorized to do business in the State of Illinois, and which have an office in the City of Chicago where the City may draw on the letter of credit. The City also reserves the right to stop the Licensee from operating as provided for in this License Agreement unless a satisfactory letter of credit is in place and effective.

C. Right To Require Replacement Letter Of Credit.

If the financial condition of the issuer of a letter of credit materially and adversely changes, the City may, at any time, require that such letter of credit be replaced with a letter of credit consistent with the requirements set forth in this section.

D. No Excuse From Performance.

None of the provisions contained in this Section 7.03 nor the letter of credit required by this section will be construed to excuse the faithful performance by Licensee of the terms and conditions of this License Agreement or limit the liability of the Licensee under this License Agreement for any and all damages in excess of the amounts of such letter of credit.

Section 7.04 Waiver Of Maritime Liability Limitations.

The Licensee hereby expressly waives the right to receive the benefits of or to invoke the protection afforded by any and all maritime statutory limitations of liability that could act to diminish the liability of the Licensee for any harm or damage arising from the operation of any Tour Boats under

this License Agreement in any manner, or for any and all Claims or other costs arising from or occasioned by the operation by the Licensee of any Tour Boats on the Chicago River or on Lake Michigan, which waiver expressly includes, but is not limited to, the Limitation of Vessel Owner's Liability Act, 48 U.S.C. §183, et seq.. Nothing herein is intended to avoid or waive federal jurisdiction under applicable admiralty laws. It is understood by and between the parties, however, that such waiver extends only to the City, and no waiver of the Licensee's ability to invoke the protection afforded to Tour Boat owners by statutory limitations of liability against claims brought by third parties seeking recovery against the Licensee is intended or hereby created.

Section 7.05 No Damages For Delay.

The Licensee agrees that it will make no claims against the City for damages, charges, additional costs or fees or any lost profits or costs incurred by reason of delays or hindrances by the City in the operation of the Tour Boat service pursuant to this License Agreement.

Section 7.06 Non-Liability Of Public Officials.

No official, employee or agent of the City will be charged personally by the Licensee, or by any assignee or Subcontractor of the Licensee, with any liability or expense under any term or provision of this License Agreement, or because of the City's execution or attempted execution of any term of this License Agreement, or because of any breach hereof.

Article 8.

Default, Remedies And Termination.

Section 8.01 Events Of Default.

The following will constitute events of default under this License Agreement:

A. any material misrepresentation made by the Licensee to the City in connection with this License Agreement;

B. adding or removing any Tour Boat from service without the express written approval of the Director, or replacing a Tour Boat with another Tour Boat without the express written approval of the Director;

C. failure to adhere to a material term of this License Agreement; and

D. failure to pay yearly license fees, or any other fees or charges, when such charges are due and payable according to the terms of this License Agreement.

Section 8.02 Remedies.

The occurrence of any event of default which the Licensee has failed to cure within thirty (30) business days after receipt of written notice and specifying the event of default or which, if such event of default cannot be reasonably cured within thirty (30) calendar days after notice, the Licensee has failed, in the sole opinion of the Director, to commence and continue diligent efforts to cure, may, at the sole option of the Director, permit the Director to declare the Licensee in default. Whether to declare the Licensee in default is within the sole discretion of the Director and neither that decision nor the factual basis for it is subject to review or challenge under Section 9.06 of this License Agreement. Written notice of the default, and any intention of the Director to terminate this License Agreement, will be provided to the Licensee, and such decision will be final and effective upon the Licensee's receipt of such notice. Upon the giving of notice, the Department may invoke any or all of the following remedies:

A. the right to terminate this License Agreement, in whole or in part;

B. the right of specific performance, an injunction or any other appropriate equitable remedy;

C. the right to money damages, including special and consequential damages;

D. the right to deem the Licensee non-responsive in future contracts to be awarded by the City; and

E. the right to draw on the letter of credit.

Upon the occurrence of an event of default, the Director may elect not to terminate this License Agreement or, alternatively, elect not to declare a default. The parties acknowledge that this provision is solely for the benefit of the City and that if the Director, on behalf of the City, permits the Licensee to continue to operate under this License Agreement despite one or more events of default, the Licensee will in no way be relieved of any of its responsibilities, duties or obligations under this License Agreement nor will the City waive or relinquish any of its rights.

The remedies under the terms of this License Agreement are not intended to be exclusive of any other remedies, but each and every such remedy will be cumulative and will be in addition to any other remedies, existing now or hereafter, at law, in equity or by statute. No delay or omission to exercise any right or power accruing upon any event of default will impair any such right or power nor will it be construed as a waiver of any event of default or acquiescence thereto, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

Any waiver of any breach of this License Agreement will not be deemed or considered as a continuing waiver and will not operate to bar or prevent the City from proceeding under the provisions of this agreement.

Section 8.03 Early Termination.

In addition to the City's right to terminate contained in Section 8.02 of this License Agreement, the Director may terminate this License Agreement, at any time by giving thirty (30) days prior written notice to the Licensee, if, in the sole discretion of the Director, the Director determines that such termination is in the best interest of the City. If the Director elects to terminate this entire License Agreement, the Licensee will terminate all Tour Boat services within twenty (20) business days after the issuance of such notice.

Payment to the Department of any sums remaining to be paid under this License Agreement will be made by the Licensee on a pro rata basis: calculation of the pro rata share will be predicated upon the season during which the Licensee is licensed to operate on the Chicago River, as specified in Section 6.01 of this License Agreement.

A. That it is financially solvent; that it and each of its employees, agents, and Subcontractors of any tier are competent to perform as required under this License Agreement; and that the Licensee is legally authorized to execute and perform, or cause to be performed, this License Agreement under the terms and conditions stated herein; and

B. That no officer, agent or employee of the City is employed by the Licensee or has a financial interest directly or indirectly in this License Agreement or the compensation to be paid hereunder except as may be permitted in writing by the Board of Ethics established pursuant to Chapter 2-156 of the Code; that no payment, gratuity or offer of employment will be made by or on behalf of any Subcontractors to the Licensee in connection with this License Agreement or to higher tier Subcontractors or anyone associated therewith, as an inducement for the award of a subcontract or order; and the Licensee further acknowledges that any agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 of the Code will be voidable as to the City; and

C. That the Licensee will not knowingly use the service of any ineligible Subcontractor or consultant for any purpose in its performance under this License Agreement; and

D. That the Licensee and its Subcontractors are not in default at the time of the execution of this License Agreement, or deemed by the City's Purchasing Agent to have, within five (5) years immediately preceding the date of this License Agreement, been found to be in default under any contract awarded by the City; and

E. That the Licensee has carefully examined and analyzed the provisions and requirements of this License Agreement; that it understands the nature of its obligations hereunder; that, from its own analysis, it has satisfied itself as to the nature of all things needed for the performance of this License Agreement, and all matters which in any way may affect this License Agreement or its performance; and that the time available to it for such examination and analysis was adequate; and that it was permitted access to any person or information controlled by the City in connection with its examination and analysis of this License Agreement.

Before submitting a proposal, each Tour Boat operator will carefully examine the Request for Proposals and Instructions to Tour Boat Operators, the License Agreement and all other contract documents and bond forms. The Tour Boat operator will inspect in detail the designated Locations and will familiarize itself with all of the local conditions of the docking areas and adjacent land affecting the provision of services at the Locations. The Licensee will be solely responsible for all errors in the Licensee's proposal or losses subsequently incurred by the Licensee as a result of the Licensee's failure to adequately inspect the Locations, the License Agreement or other contract documents; and

F. That this License Agreement is feasible of performance in accordance with all of its provisions and requirements and that the Licensee can and will perform, or cause to be performed, such obligations in strict accordance with the provisions and requirements of this License Agreement; and

G. That, except only for those representations, statements, or promises expressly contained in this License Agreement, including any (sub)exhibits attached hereto and incorporated by reference herein, no representation, statement or promise, oral or in writing, of any kind whatsoever, by the City, its officials, agents, or employees, has induced the Licensee to enter into this License Agreement or has been relied upon by the Licensee, including any with reference to: (i) the meaning, correctness, suitability or completeness of any provisions or requirements of this License Agreement; (ii) the nature of the services to be performed; (iii) the nature, quantity, quality or volume of any materials, equipment, labor and other facilities, needed for the performance of this License Agreement; (iv) the compensation provisions of this License Agreement; or (v) any other matters, whether similar to or different from those referred to in clauses (i) through (iv) immediately above, affecting or having any connection with this License Agreement, the negotiation hereof, any discussions related hereto, the performance hereof or those employed in connection herewith; and

H. That the Licensee was given ample opportunity and time and was requested by the City to review thoroughly all documents forming this License Agreement prior to execution of this License Agreement in order that it might request inclusion in this License Agreement of any statement, representation, promise or provision which it desired or on which it wished to place reliance; that it did so review those documents, and that either every such statement, representation, promise or provision has been included in this License Agreement or else, if omitted, that the Licensee expressly hereby relinquishes the benefit of any such omitted statement, representation, promise or provision and is willing to perform this License Agreement in its entirety without claiming reliance thereon or making any other claim on account of such omission; and

I. That the Licensee and, to the best of its knowledge, its Subcontractors are not in violation of the provisions of Section 2-92-320 of the Code. Section 2-92-320 of the Code states, in pertinent part, that, except as provided for therein, no person or business entity will be awarded a contract or subcontract if that person or business entity or an affiliated entity thereof (as defined in Chapter 2-92 of the Code): (i) has been convicted of bribery or attempting to bribe a public officer or employee of the City, the State of Illinois, or any other public entity, in that officer's or employee's official capacity; or (ii) has been convicted of agreement or collusion among bidders or prospective bidders in restraint of freedom of competition by agreement to bid a fixed price, or otherwise; or (iii) has made an admission of guilt to such conduct described in clause (i) or (ii) above which is a matter of record but has not been prosecuted for such conduct. Ineligibility under Section 2-92-320 of the Code will continue for three (3) years following such conviction or admission. For purposes of Section 2-92-320 of the Code, when an official or employee of a business entity has committed any offense under such section on behalf of such an entity and pursuant to the direction or authorization of a responsible official thereof, the business entity will be chargeable with the conduct.

In connection herewith the Licensee has executed a certification as required under the Illinois Criminal Code, 720 ILCS 5/33E-11 (1989), as amended, and under the Illinois Municipal Code, 65 ILCS 5/11-42-H (1989) (1990 Supp.), as amended. Prior to entering into any contractual relationship with any third party in order to perform under this License Agreement, the Licensee will conduct a diligent investigation in order to determine compliance with this section. If after the Licensee enters into such a contractual relationship with a third party, it is determined that such contractual relationship is in violation of this subsection, the Licensee will immediately cease to use such third party in performing under this License Agreement. In all cases in which the Licensee enters into a contractual relationship with such third parties, the terms of such contract will provide that the Licensee will be entitled to recover all payments made by the Licensee to such third party if prior to or subsequent to the beginning of such contractual relationship, the use of such third party in order to perform under this License Agreement would be in violation of this subsection; and

J. That the Licensee acknowledges that the City, in its selection of the Licensee to perform hereunder, materially relied upon Licensee's representations, oral and written; that the aforesaid representations were accurate at the time made; that except as affected by this License Agreement, no material changes in Licensee's representations have been or will be made without the express knowledge and consent of the City; and that the City relied, among other things during negotiations for this License Agreement on the Licensee's representations that the Licensee holds itself to very high standards of quality and professionalism as an operator Tour Boat; and

K. That it will be the duty of the Licensee and all Subcontractors and all officers, directors, agents, partners, and employees of the Licensee and all Subcontractors to cooperate with the Inspector General of the City in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Code. The Licensee understands and will abide by all provisions of Chapter 2-56 of the Code. Further, the Licensee agrees to inform all its Subcontractors (if any) of this provision and to require understanding and compliance herewith; and

L. That Licensee has in effect a valid certificate of service authority to operate Tour Boat service granted by the U.S.C.G., a copy of which is attached hereto; and

M. In accordance with Section 2-92-580 of the Municipal Code of the City of Chicago, if the Licensee conducts any business operations in Northern Ireland, it is hereby required that the Licensee will make all reasonable and good faith efforts to conduct any business operations in Northern Ireland in accordance with the MacBride Principles for Northern Ireland as defined in Illinois Public Act 85-1390 (1988 Ill. Laws 3220); and

N. The Licensee agrees that it has examined the Location(s) and appurtenant land prior to the submission of Licensee's proposal, and further, the Licensee agrees that the Location(s) are in a safe condition and in good repair.

Section 9.02 Business Documents And Contractor's Affidavit.

The Licensee will further cause its Subcontractors or, if any Subcontractor is a partnership or joint venture, all members of the partnership or joint venture, to submit all such documents to the City.

Section 9.03 Conflict Of Interest.

This License Agreement is subject to, and the Licensee will comply with and avoid engaging in any acts or conduct which would result in or entice any third party to commit a violation of, Chapter 2-156 of the Code.

No member of the governing body of the City or other unit of its government and no other official, officer, employee or agent of the City or other unit of its government shall have any personal, financial, or economic interest, direct or indirect, in this License Agreement, or any subcontract resulting herefrom.

Section 9.04 Independent Contractor.

This License Agreement is not intended to and will not constitute, create, give rise to, or otherwise recognize a joint venture, partnership, corporation or other formal business association or organization of any kind between the parties, and the rights, and the obligations of the parties shall be only those expressly set forth in this License Agreement.

Section 9.05 Nondiscrimination.

A. Federal Requirements.

It will be an unlawful employment practice for the Contractor (1) to fail or refuse to hire or to discharge any individual, or otherwise to discriminate against any individual with respect to his compensation, or the terms, conditions, or privileges of his employment, because of such individual's race, color, religion, sex, age, handicap or national origin; or (2) to limit, segregate, or classify his employees or applicants for employment in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect his status as an employee, because of such individual's race, color, religion, sex, age, handicap or national origin.

Contractor shall comply with The Civil Rights Act of 1964, 42 U.S.C. Sec. 2000, et seq. (1988), as amended. Attention is called to: Exec. Order No. 11,246, 30 Fed. Reg. 12,319 (1965), reprinted in 42 U.S.C. 2000(e) note, as amended by Exec. Order No. 11,375, 32 Fed. Reg. 14,303 (1967) and by Exec. Order No. 12,086, 43 Fed. Reg. 46,501 (1978); Age Discrimination Act, 42 U.S.C. Sec. 6101 -- 6106 (1988); Rehabilitation Act of 1973, 29 U.S.C. Sec. 793 -- 794 (1988); Americans with Disabilities Act, 42 U.S.C. §12101, et seq.; and 41 C.F.R. Part 60, et seq. (1990).

B. State Requirements.

Contractor will comply with the Illinois Human Rights Act, 775 ILCS 5/1-101, et seq., as amended, and any rules and regulations promulgated in accordance therewith, including, but not limited to the Equal Employment Opportunity Clause, 5 Ill. Admin. Code §750 Appendix A.

Furthermore, the Contractor shall comply with the discrimination in Public Contracts Act, 775 ILCS 10/0.01, et seq., as amended.

C. City Requirements.

Contractor shall comply with the Chicago Human Rights Ordinance, Chapter 2-160, Section 2-160-010, et seq., of the Municipal Code of Chicago, as amended. Further, Contractor will furnish or will cause each of its Subcontractor(s) to furnish such reports and information as requested by the Chicago Commission on Human Relations.

D. Subcontractors.

Contractor agrees that all of the above provisions (A), (B) and (C) will be incorporated in all agreements entered into with any suppliers of materials, furnishers of services, subcontractors of any tier, and labor organizations which furnish skilled, unskilled and craft union skilled labor, or which may provide any such materials, labor or services in connection with this agreement.

Section 9.06 Disputes.

In the event of any dispute between the City and the Licensee which the City and the Licensee have attempted, but been unable, to resolve relating to any question of fact arising under this License Agreement, a request for resolution will be submitted to the Purchasing Agent for final determination. The Purchasing Agent may consider issues of contract interpretation in connection with decisions to be made in resolving disputes. This clause excludes disputes concerning breach of contract, default or termination of the License Agreement.

Requests for determination of disputes shall be made by the Licensee in writing specifically referencing this section, and will include: 1) the issue(s) presented for resolution; 2) a statement of the respective positions of the Licensee and the City; 3) the facts underlying the dispute; 4) reference to the applicable provisions of this License Agreement by page and section; 5) identity of any other persons believed to be necessary to the resolution; and 6) all documentation which describes and relates to the request. Copies of the request for determination of the dispute shall promptly be provided to the Purchasing Agent. The City shall have thirty (30) business days to respond in writing to the dispute by supplementing the submission or providing its own submission to the Purchasing Agent. Failure by the City to respond will not be deemed to be an admission of any allegations made in the request for dispute resolution, but will be deemed to constitute a waiver of the opportunity to respond to such allegation(s). The Purchasing Agent's decision may thereafter be reached in accordance with such other

information or assistance as he may deem reasonable, necessary or desirable.

The Purchasing Agent's final decision will be rendered in writing no more than forty-five (45) business days after the response of the City was filed or was due unless the Licensee and the City consent to an extension of time for the decision. The Purchasing Agent's decision shall be conclusive, final, and binding on all parties.

The Licensee will not withhold performance as required pursuant to this License Agreement during the dispute resolution period. However, Licensee's participation in dispute resolution under this clause will not act as a waiver of the Licensee's rights to contest the Purchasing Agent's decision by pursuing any remedies available at law or in equity except if this License Agreement is terminated pursuant to Section 8.03 hereof.

Section 9.07 Subcontracts And Assignments.

The Licensee will not assign, subcontract, subconcede, lease, delegate or otherwise transfer ("Transfer") all or any part of its rights or obligations under this License Agreement or any part hereof without the express written consent of the Director. Such written consent will not be unreasonably withheld. The absence of such provision or written consent will void the attempted Transfer which will be of no effect as to this License Agreement. The City expressly reserves the right to assign or otherwise Transfer all or any part of its interests hereunder.

All Transfers to which the Director consents will, regardless of form, be deemed conditioned upon performance by the transferee in accordance with the terms and conditions of this License Agreement. If any transferee fails to observe or perform the terms and conditions of this License Agreement to the satisfaction of the Director, the Department will have the absolute right, upon thirty (30) days written notice, to rescind its approval and to require the performance of this License Agreement by the Licensee itself or by a City-approved transferee as the Director may appoint. Any approval for use of a transferee in the performance of any service under this License Agreement will under no circumstances operate to relieve the Licensee of any of its obligations or liabilities hereunder.

The Licensee, upon entering into any Transfer, will furnish the Director with five (5) copies of all documentation thereof. All documents of Transfer will contain provisions that require the service to be performed in strict accordance with the requirements of this License Agreement and will provide that the transferee is subject to all the terms of this License Agreement and is subject to the additional approval of the Purchasing Agent.

Section 9.08 Confidentiality.

All reports, information or data assembled by or provided under this License Agreement to one party by the other party are confidential and both parties agree that, except as specifically authorized herein or as may be required by law, neither party will make available said reports, information or data to any other individual or organization without the prior approval of the other party. In the event the Licensee is presented with a request for documents by any administrative agency or with a subpoena duces tecum regarding any documents which may be in its possession by reason of this License Agreement, the Licensee shall immediately give notice to the Department and Corporation Counsel. The City may contest such process by any means available to it before such records or documents are submitted to a court or to any person, provided, however, that the Licensee will not be obligated to withhold delivery beyond the time as may be ordered by the court or administrative agency, unless the subpoena or request is quashed or the time to produce is otherwise extended.

Section 9.09 Waiver Of Forcible Entry And Detainer Act.

Notwithstanding any interpretation that may be imposed upon this License Agreement, the Licensee understands and hereby agrees to forego and waive all provisions of the Forcible Entry and Detainer Act, 735 ILCS 5/9-101, et seq. as it might apply to the Location(s), and the Service Facilities.

Section 10.05 Severability.

If any provision of this License Agreement or the application of any provision is held, deemed to be, or becomes in fact inoperative or unenforceable as applied in any particular case in any jurisdiction or in all cases because it conflicts with any other provision or provisions hereof or of any constitution, statute, ordinance, rule of law or public policy (including, but not limited to, provisions in the United States Constitution and statutes

of the United States affecting regulation of interstate commerce by municipal entities), or for any other reason, such circumstances will not have the effect of rendering the provision in question wholly inoperative or unenforceable but only to the extent that such enforcement is precluded, in any other case or circumstance, or of rendering any other provision or provisions herein contained invalid, inoperative, or unenforceable to any extent whatever. The invalidity of any one or more phrases, sentences, clauses or sections contained in this License Agreement will not affect the remaining portions of this License Agreement or any part hereof. Each unconstitutional or invalid provision or the application of such provision, is severable, unless otherwise provided.

Based on such certification(s) and any other information known or obtained by the Contractor, the Contractor is not aware of any such subcontractor, subcontractor's affiliated entity[1], or any agent, partner, employee or officer of such subcontractor or subcontractor's affiliated entity[1] having engaged in or been convicted of: (a) any of the conduct described in Section III A (1) (a) or (b) of this certification, (b) bid-rigging[3], bid-rotating[4], or any similar offense of any state or the United States which contains the same elements as bid-rigging and bid-rotating, or having made an admission of guilt of the conduct described in Section III A (1) (a) or (b) which is a matter of record but has/have not been prosecuted for such conduct.

2. The Contractor will, prior to using them as subcontractors, obtain from all subcontractors to be used in the performance of this contract, but not yet known by the Contractor at this time certifications in form and substance equal to this certification. The Contractor shall not, without the prior written permission of the City, use any of such subcontractors in the performance of this contract if the Contractor, based on such certifications or any other information known or obtained by Contractor, becomes aware of such subcontractor, subcontractor's affiliated entity[1] or any agent, employee or officer of such subcontractor or subcontractor's affiliated entity[1] having engaged in or been convicted of: (a) any of the conduct described in Section III A (1) (a) or (b) of this certification; or (b) of bid-rigging[3], bid-rotating[4] or any similar offense of any state or the United States which contains the same elements as bid-rigging or bid-rotating or having made an admission of guilt of the conduct described in Section III A (1) (a) or (b) which is a matter of record but has/have not been prosecuted for such conduct.

3. The Contractor will maintain on file for the duration of the contract all certifications required by Section III B (1) and (2) above, for all subcontractors to be used in the performance of this contract and will make such certifications promptly available to the City of Chicago upon request.

4. The Contractor will not, without the prior written consent of the City, use as subcontractors any individual, firm, partnership, corporation, joint venture or other entity from whom the

Contractor is unable to obtain a certification in form and substance equal to this certification.

5. The Contractor hereby agrees, if the City so demands, to terminate its subcontract with any subcontractor, if such Contractor or subcontractor was ineligible at the time that the subcontract was entered into for award of such subcontract under Chapter 2-92, Section 2-92-320 of the Chicago Municipal Code or if applicable, under Section 33-E of Article 33 of the State of Illinois Criminal Code of 1961, as amended. D. Certification Regarding Suspension And Debarment.

1. The Contractor certifies to the best of its knowledge and belief, that it and its principals:

   a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal, state or local department or agency;

   b. Have not within a three (3) year period preceding this proposal been convicted of or had a civil judgment

rendered against them for: the commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, local) transaction or contract under a public transaction; a violation of federal or state antitrust statutes; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

2. If the Contractor is unable to certify to any of the statements in this certification, Contractor shall attach an explanation to this certification.

3. If any subcontractors are to be used in the performance of this Agreement, Contractor shall cause such subcontractors to certify as to paragraph D (1) of this certification. In the event that any subcontractor is unable to certify to any of the statements in this certification, such subcontractor shall attach an explanation to this certification.

E. Anti-Collusion.

The Contractor, its agents, officers or employees have not directly or indirectly entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with this proposal. Failure to submit this statement as part of the bid proposal will make the bid nonresponsive and not eligible for award consideration.

F. Punishment.

A Contractor who makes a false statement, material to Section III A (2) of this certification commits a Class 3 felony, 720 ILCS 5/33E-11(b). Making a false statement concerning Section III of this certification is a Class A misdemeanor, voids the contract and allows the municipality to recover all amounts paid to the Contractor under the contract in a civil action, 65 ILCS 5/11-42.1-1.

Notes 1 -- 5 For Section III, Contractor Certification.

1. In accordance with Chapter 2-92, Section 2-92-320 of the Municipal Code of Chicago, the Contractor or a subcontractor shall be chargeable with the conduct of an affiliated entity. Business entities are affiliated if, directly or indirectly, one controls or has the power to control the other, or if a third person controls or has the power to control both entities. Indicia of control include without limitation: interlocking management or ownership identity of interests among family members; shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity under Chapter 2-92, Section 2-92-320 of the Chicago Municipal Code, using substantially the same management, ownership or principals as the ineligible entity.

2. No corporation shall be barred from contracting with any unit of state or local government as a result of a conviction, under either Section 33E-3 or Section 33E-4 of Article 33 of the State of Illinois Criminal Code of 1961, as amended, or any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty, or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent on behalf of the corporation as provided in paragraph (2) of Subsection (a) of Section 5-4 of the State of Illinois Criminal Code.

3. For purposes of Section III A of this certification, a person commits the offense of and engages in bid-rigging when he knowingly agrees with any person who is, or but for such agreement should be, a competitor of such person concerning any bid submitted or not submitted by such person or another to a unit of state or local government when with the intent that the bid submitted or not submitted will result in the award of a contract to such person or another and he either (1) provides such person or receives from another information concerning the price or other material term or terms of the bid which would otherwise not be disclosed to a competitor in an independent noncollusive submission of bids or (2) submits a bid that is of such a price or other material term or terms that he does not intend the bid to be accepted, 720 ILCS 5/33E-3.

4. For purposes of Section IIIA of this certification, a person commits the offense of and engages in bid-rotating when, pursuant to any collusive scheme or agreement with another, he engages in a pattern over time (which, for the purposes hereof, shall include at least three (3) contract bids within a period of ten (10) years, the most recent of which occurs after January 1, 1989) of submitting sealed bids to units of state or local government with the intent that the award of such bid rotates, or is

distributed among, persons or business entities which submit bids on a substantial number of the same contract, 720 ILCS 5/33-E-4.

5. 65 ILCS 5/11-42.1-1 provides that a municipality may not enter into a contract or agreement with an individual or other entity that is delinquent in the payment of any tax administered by the Illinois Department of Revenue unless the contracting party is contesting, in accordance with the procedures established by the appropriate Revenue Act, its liability for the tax or the amount of the tax or unless the contracting party has entered into an agreement to pay the tax and is in compliance with the Agreement. Notwithstanding the above, the municipality may enter into the contract if the contracting authority for the municipality determines that:

(1) the contract is for goods or services vital to the public health, safety, or welfare; and

(2) the municipality is unable to acquire the goods or services at a comparable price and of comparable quality from other sources.

IV.

Incorporation Into Contract And Compliance.

The above certifications shall become part of any contract awarded to the Contractor set forth on page 1 of this Contractor's Affidavit. Further, Contractor shall comply with these certifications during the term of the Contract.

V.

License Agreement)

Special Conditions Regarding Minority Business Enterprise Commitment And Women Business Enterprise Commitment For Tour Boat Licensees.

I. Policies, Goals And Terms.

A. In accordance with Section 2-92-420, et seq. of the Municipal Code of Chicago, it is the policy of the City of Chicago that Local Businesses certified as Minority Business Enterprises ("M.B.E.s") and Women Business Enterprises ("W.B.E.s") shall have the maximum opportunity possible to participate in the performance of all contracts, including this License Agreement. The Purchasing Agent has established a goal of awarding not less than twenty-five percent (25%) of the annual dollar value of all contracts to certified M.B.E.s and five percent (5%) of the annual dollar value of all contracts to certified W.B.E.s.

B. These goals may be met by (1) the Licensee's status as an M.B.E. or W.B.E., (2) by a joint venture with one or more M.B.E.s or W.B.E.s as Licensee (to the extent of the M.B.E. or W.B.E. participation in such joint venture), (3) by subcontracting a portion of the licensed activities to one or more M.B.E.s or W.B.E.s, (4) by the purchase of goods and services used in the course of the activities provided for in the License Agreement from one or more M.B.E.s or W.B.E.s, (5) by the indirect participation of an M.B.E. or W.B.E. ("Indirect Participants") in other aspects of the Licensee's business (but no dollar value of such indirect M.B.E. or W.B.E. participation shall be credited more than once against a Licensee's M.B.E. or W.B.E. commitment with respect to all subcontractors of Licensee), or (6) by any combination of the foregoing. Note: M.B.E./W.B.E. participation goals are separate and those businesses certified with the City of Chicago as both an M.B.E. and W.B.E. shall not be credited more than once against a Licensee's M.B.E. or W.B.E. commitment in the performance of the License Agreement.

C. As noted above, the Licensee may meet all or part of these goals by contracting with M.B.E.s or W.B.E.s for the provision of goods or services not directly related to the activities undertaken under this License Agreement. However, in determining the manner of M.B.E./W.B.E. participation, the Licensee shall first consider involvement of M.B.E.s/W.B.E.s as joint venture partners, subcontractors, and suppliers of goods and services directly related to the activities undertaken under this License Agreement. In appropriate cases, the Purchasing Agent may require the Licensee to demonstrate the specific efforts undertaken by it to involve M.B.E.s and

W.B.E.s directly in the activities undertaken under this Licensee Agreement.

D. The Licensee also may meet all or part of this commitment through credits received pursuant to Section 2-92-530 of the Municipal Code of Chicago for the voluntary use of M.B.E.s or W.B.E.s in private sector projects.

II. Definitions.

A. "Minority Business Enterprise" or "M.B.E." means a firm awarded certification as a minority-owned and controlled business in accordance with City Ordinances and Regulations.

B. "Women Business Enterprise" or "W.B.E." means a firm awarded certification as a women-owned and controlled business in accordance with City Ordinances and Regulations.

C. "Directory" means the Directory of Certified "Disadvantaged Business Enterprises", "Minority Business Enterprises" and "Women Business Enterprises" maintained and published by the Purchasing Agent. The Directory identifies firms that have been certified as M.B.E.s and W.B.E.s, and includes both the date of their last certification and the area of specialty in which they have been certified. Licensees are responsible for verifying the current certification status of all proposed M.B.E. and W.B.E. firms.

D. "Area of Specialty" means the description of an M.B.E. or W.B.E. firm's business which has been determined by the Purchasing Agent to be most reflective of the M.B.E. or W.B.E. firm's claimed specialty or expertise. Each M.B.E./W.B.E. letter of certification contains a description of the firm's Area of Specialty. This information is also contained in the Directory. Credit toward this License Agreement's M.B.E. and W.B.E. participation goals shall be limited to the participation of firms performing within their Area of Specialty.

Notice: The City does not make any representation concerning the ability of any M.B.E./W.B.E. to perform work within their Area of Specialty. It is the responsibility of all Licensees to determine the capability and capacity of M.B.E.s/W.B.E.s to satisfactorily perform the work proposed.

E. "Joint Venture" means an association of two (2) or more businesses to carry out a single business enterprise for profit, and for which purpose they combine their expertise, property, capital, efforts, skill and knowledge. Licensees may develop joint venture agreements as an instrument to provide participation by M.B.E.s and W.B.E.s in contract work. A Joint Venture seeking to be credited for M.B.E./W.B.E. participation may be formed among certified M.B.E./W.B.E. firm(s) or between certified M.B.E./W.B.E. firm(s) and non-M.B.E./W.B.E. firm(s).

A Joint Venture is eligible for M.B.E./W.B.E. credit if the M.B.E./W.B.E. partner(s) share in the ownership, control, management responsibilities, risks and profits of the Joint Venture, and are responsible for a clearly defined portion of work to be performed, in proportion with the M.B.E./W.B.E. ownership percentage.

III. Counting M.B.E./W.B.E. Participation Toward The License Agreement Goals.

A. The inclusion of any M.B.E. or W.B.E. in the Licensee's M.B.E./W.B.E. Utilization Plan shall not conclusively establish the Licensee's right to full M.B.E./W.B.E. credit for that firm's participation in the License Agreement.

B. The Purchasing Agent reserves the right to deny or limit M.B.E./W.B.E. credit to the Licensee where any M.B.E. or W.B.E. is found to be engaged in substantial subcontracting or pass-through activities with others. In this regard, a Licensee may count toward its M.B.E. and W.B.E. goals only expenditures to firms that perform a commercially useful function. A firm is considered to perform a commercially useful function when it is responsible for the performance of a clearly defined and distinct element of work and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To determine whether a firm is performing a commercially useful function, the Purchasing Agent shall evaluate the amount of work subcontracted, industry practices, and other relevant factors. The amount of M.B.E./W.B.E. participation credit shall be based upon an analysis by the Purchasing Agent of the specific duties that will be performed by the M.B.E. or W.B.E.. Each M.B.E./W.B.E. shall be expected to actually perform a substantial (i.e., more than eighty-five percent (85%)) portion of the work contemplated for it by any subcontract or agreement through the use of its own employees and equipment.

Information requested by the Purchasing Agent may include, without limitation: (1) specific information concerning brokers' fees and/or commissions; (2) intended sub-suppliers or other sources of goods and/or services; and (3) specific financial or other risks to be assumed by the M.B.E./W.B.E..

C. Credit for the participation of M.B.E.s/W.B.E.s as Joint Venture partners shall be based upon an analysis of the duties, responsibilities and risks undertaken by the M.B.E./W.B.E. as specified by the Joint Venture's executed Joint Venture agreement. The Purchasing Agent reserves the right to deny or limit M.B.E./W.B.E. credit to the Licensee where any M.B.E./W.B.E. Joint Venture partner is found to have duties, responsibilities, risks or loss and management control over the Joint Venture that is not commensurate with or in proportion to its Joint Venture ownership.

IV. Regulations Governing Fulfillment Of M.B.E./W.B.E Goals.

A. Direct/Indirect Participation.

The terms of either Subsection 1 or Subsection 2 below should be present in order to allow the Purchasing Agent to determine whether or not the level of M.B.E./W.B.E. participation proposed by the Licensee is appropriate and acceptable to the City, which decision shall be made by the Purchasing Agent in the sole discretion of the Purchasing Agent:

1. If the M.B.E./W.B.E. participation levels are lower than the twenty-five percent (25%) and five percent (5%) goals, the party submitting the proposal should document the unsuccessful solicitation for either subcontractors or Joint Venture partners of at least fifty percent (50%) (or at least five (5) when there are more than eleven (11) certified firms in the commodity area) of the appropriate certified M.B.E./W.B.E. firms to perform any direct or indirect work identified or related to the advertised license. Direct participation involves subcontracting a portion of the goods/services specifically set forth in the License Agreement as directly licensed thereunder. Indirect participation is the subcontracting of goods/services not specifically related to the Licensee's activities under the License Agreement. Documentation should include but is not necessarily limited to:

   a. A detailed statement of efforts to identify and select portions of activities related to the Licensee's operations under the License Agreement for subcontracting to certified M.B.E./W.B.E. firms;

   b. A listing of all M.B.E./W.B.E. firms contacted that includes:

      i) names, address and telephone numbers of M.B.E./W.B.E. firms solicited;

      ii) date and time of contact;

      iii) method of contact (written, telephone, transmittal of facsimile documents, et cetera); and

   c. Copies of letters or any other evidence of mailing that substantiates outreach to M.B.E./W.B.E. vendors that includes:

i) project identification and location;

ii) classification/commodity of items for which quotations were sought;

iii) date, item and location for acceptance of subcontractor proposals;

iv) detailed statement which summarizes direct negotiations with appropriate M.B.E./W.B.E. firms for specific portions of the licensed activities and indicates why negotiations were unsuccessful;

v) affirmation that good faith efforts have been demonstrated by choosing subcontracting opportunities likely to achieve M.B.E./W.B.E. goals by not imposing any limiting conditions which were not mandatory for all subcontractors; or denying the benefits ordinarily conferred on M.B.E./W.B.E. subcontractors for the type of contract that was solicited,

Or

2. Subcontractor participation may be deemed excessively costly when the M.B.E./W.B.E. subcontractor proposal exceeds the average price quoted by more than twenty percent (20%). In order to establish that a subcontract's quote is excessively costly, the party submitting the proposal should provide the following information:

a. A detailed statement of the work identified for M.B.E./W.B.E. participation, for which work the party submitting the proposal asserts that the M.B.E./W.B.E. participation levels quoted were excessively costly (in excess of twenty percent (20%) higher than expected), which shall include:

i) a listing of all potential subcontractors contacted for a quotation on that work item;

ii) prices quoted for the subcontract in question by all such potential subcontractors for that work item.

b. Other documentation which demonstrates to the satisfaction of the Purchasing Agent that the M.B.E./W.B.E. participation levels quoted are excessively costly, even though not in excess of twenty percent (20%) higher than the average price quoted. This determination will be based on factors that include, but are not limited to, the following:

i) the City's estimate for the work under a specific subcontract;

ii) the estimate of the party submitting the proposal of the dollar amount of the subcontracted services or supplies;

iii) an average of the bona fide prices quoted for the subcontract;

iv) demonstrated increase in other contract costs as a result of subcontracting to the M.B.E./W.B.E. or other firm.

B. Assist Agency Participation.

Every proposal should include evidence that the prospective Licensee has provided timely notice of the need for subcontractors to an appropriate association/assist agency representative of the M.B.E./W.B.E. business community.

The notice requirement of this section may be satisfied if a party submitting a proposal contacts at least one of the associations on Attachment A to these Regulations at a reasonable time prior to the submission of the proposal. Attachment B to these Regulations provides the letter format that a Licensee may use. Proof of notification (e.g. certified mail receipt or facsimile transmittal receipt) may be required for all proposals in order for such proposal to be deemed responsive on the date of proposal opening. If deemed appropriate, the Purchasing Agent may contact the assist agency for verification of notification.

C. Impracticability.

1. If the Purchasing Agent determines that a lesser M.B.E. and/or W.B.E. percentage standard is appropriate with respect to a particular requirement, the License Agreement shall contain a statement of the revised standard.

2. The goals set forth in these Regulations shall not apply where the Purchasing Agent determines prior to the proposal solicitations that M.B.E./W.B.E. subcontractor participation is impracticable. This may occur whenever the Purchasing Agent determines that for reasons of time, need, industry practices or standards not previously known by the Purchasing Department administrator, or such other extreme circumstances as may be deemed appropriate, a lessor participation level is in the best interests of the City. This determination may be made in connection with a particular License Agreement during the selection process, or during the performance of the License Agreement.

For all notifications required to be made by parties submitting proposals, in situations where the Purchasing Agent has determined that time is of the essence, documented telephone contact may be substituted for letter contact.

V. Procedure To Determine Proposal Compliance.

The following schedules and described documents constitute the M.B.E./W.B.E. proposal of the party submitting the proposal, and the schedules and documents should be submitted in accordance with the guidelines stated:

A. Schedule C-1: Letter Of Intent From M.B.E./W.B.E. To Perform As Subcontractor, Supplier And/Or Consultant.

A Schedule C-1 executed by the M.B.E./W.B.E. (or Schedule B for Joint Venture Subcontractor) should be submitted by the party submitting the proposal for each M.B.E./W.B.E. included on their Schedule D-1 and should accurately detail the work to be performed by the M.B.E./W.B.E. and the agreed rates and prices to be paid.

If any fully completed and executed Schedule C-1 is not submitted with the proposal, it should be received by the Purchasing Agent within ten (10) days of the proposal opening. (All post proposal-opening submissions should be in triplicate with original signatures on all documents). Failure to submit a completed Schedule C-1 in accordance with this section shall entitle the City to deem the proposal non-responsive, and, upon such determination, the City may reject the proposal.

B. Letters Of Certification.

A copy of each proposed M.B.E./W.B.E. firm's current Letter of Certification from the City of Chicago should be submitted with the proposal.

All Letters of Certification issued by the City of Chicago include a statement of the M.B.E./W.B.E. firm's Area of Speciality. The M.B.E./W.B.E. firm's scope of work, as detailed by their Schedule C-1, should conform to their stated Area of Specialty.

C. Joint Venture Agreements.

If the M.B.E./W.B.E. proposal includes the participation of a M.B.E./W.B.E. as Joint Venture on any tier (either as the proposer or as a subcontractor), the party submitting the proposal should provide a copy of the Joint Venture agreement and a Schedule B.

In order to demonstrate the M.B.E./W.B.E. partner's share in the ownership, control, management responsibilities, risks and profits of the Joint Venture, the proposed Joint Venture agreement should include specific details related to: (1) contributions of capital and equipment; (2) work responsibilities or other performance to be undertaken by the M.B.E./W.B.E.; and (3) the commitment of management, supervisory and operative personnel employed by the M.B.E./W.B.E. to be dedicated to the performance of the License Agreement. The Joint Venture agreement should also clearly define each partner's authority to contractually obligate the Joint Venture and each partner's authority to expend Joint Venture funds (e.g., check signing authority).

D. Required Schedules Regarding M.B.E./W.B.E. Utilization.

Parties submitting proposals should submit, together with the proposal, a completed Schedule D-1 committing them to the utilization of each listed M.B.E./W.B.E. firm.

Each party submitting a proposal should commit to the expenditure of a specific dollar amount of participation by each M.B.E./W.B.E. firm included on their Schedule D-1. The total dollar commitment to proposed M.B.E.s should at least equal the M.B.E. goal, and the total dollar commitment to proposed W.B.E.s should at least equal the W.B.E. goal. Parties submitting proposals are responsible for calculating the dollar equivalent of the M.B.E. and W.B.E. goals as percentages of their total proposed yearly license fee.

All commitments made by the party submitting a proposal on such party's Schedule D-1 should conform to those presented in the submitted Schedule C-1. If Schedule C-1 is submitted after the proposal opening (See Section V(A) above), the party submitting the proposal may submit a revised Schedule D-1 (executed and notarized in triplicate to conform with the Schedule C-1). Except in cases where substantial and documented justification is provided, parties submitting proposals will not be allowed to reduce the dollar commitment made to any M.B.E. or W.B.E. in order to achieve conformity between the Schedules C-1 and D-1.

All commitments for Joint Venture agreements should be delineated on a Schedule B form.

VI. Reporting Requirements During The Term Of The License Agreement.

A. Not later than fifteen (15) days from the execution by the City of a License Agreement by the City, the Licensee shall execute formal agreements or purchase orders with the M.B.E.s and W.B.E.s included in their approved M.B.E./W.B.E. Utilization Plan. These written agreements should be submitted, complete, within said fifteen (15) days, unless the Purchasing Agent allows for a longer period of time.

B. During the term of the License Agreement, the Licensee shall submit regular "M.B.E./W.B.E. Utilization Reports", a copy of which is attached. The frequency with which these reports are to be submitted will be determined by the Purchasing Agent, but in no case will reports be required less often than on a yearly basis. In the absence of written notice from the Purchasing Agent, the Licensee's first "M.B.E./W.B.E. Utilization Report" will be due ninety (90) days after the effective date of the License Agreement, and reports will be due yearly thereafter.

C. "M.B.E./W.B.E. Utilization Reports" are to be submitted directly to: Department of Purchases, Contracts and Supplies, Division of Contract Monitoring and Compliance, City Hall, Room 400, 121 North LaSalle Street, Chicago, Illinois 60602.

D. The Purchasing Agent shall be entitled to examine, on five (5) business days notice, the Licensee's books and records including without limitation payroll records, tax returns and records, and books of account, to determine whether the Licensee is in compliance with its commitment to M.B.E./W.B.E. participation and the status of any M.B.E. or W.B.E. performing any portion of the contract. Such rights are in addition to any other audit inspection rights contained in the contract.

VII. M.B.E./W.B.E. Substitutions.

Changes by the Licensee of the commitments earlier certified in the Schedule D-1 are prohibited. In some cases, however, it may become necessary to substitute a new M.B.E. or W.B.E. in order to actually fulfill the accepted M.B.E./W.B.E. participation levels.

The Licensee should notify the Purchasing Agent immediately in writing of the necessity to reduce or terminate a M.B.E./W.B.E. subcontract and to utilize a substitute firm for some phase of work. The Licensee's notification should include the name, address and principal official of the substitute M.B.E./W.B.E. and the dollar value and scope of work of the subcontract. Attached should be all the requisite M.B.E./W.B.E. affidavits and documents, as enumerated above in Section V, "Procedure to Determine Proposal Compliance". The Licensee shall not substitute any City-approved M.B.E. or W.B.E. subcontractor for another, however, without in each instance first receiving the express consent to do so from the Purchasing Agent.

The City will not approve extra payment for escalated costs incurred by the Licensee when a substitution of subcontractors becomes necessary for the Licensee in order to comply with the M.B.E./W.B.E. goals accepted by the Purchasing Agent.

After the License Agreement is executed by the City, no relief from the M.B.E./W.B.E. goals accepted by the City will be granted by the City except in exceptional circumstances. After the execution of this License Agreement, requests for complete or partial waiver of the accepted M.B.E./W.B.E. participation levels for a License Agreement should be made in writing, stating all details of the request, the circumstances, and any additional relevant information. Such requests should be accompanied by a record of all efforts taken by the Licensee to locate specific firms, solicit M.B.E./W.B.E. proposals, seek assistance from technical assistance agencies, et cetera, as outlined above.

VIII. Noncompliance And Remedies.

The following events constitute a material breach of this License Agreement and shall entitle the City to declare a default, terminate the License Agreement and/or exercise those remedies provided for in the License Agreement, at law or in equity:

(1) failure to satisfy the M.B.E./W.B.E. percentages set forth in the executed License Agreement; and

(2) disqualification of the Licensee or a subcontractor as an M.B.E. or W.B.E., when such status was a factor in selection of the Licensee to receive a license, and the Licensee's qualifications for M.B.E./W.B.E. status were misrepresented by the Licensee.

In the event that the Licensee is determined not to have been involved in any misrepresentation of the status of a disqualified subcontractor or supplier, the Licensee shall seek to discharge the disqualified subcontractor or supplier, upon proper notification to the Purchasing Agent and shall make every effort to identify and engage a qualified M.B.E. or W.B.E. as its replacement. Continued eligibility to enter into future contracting arrangements with the City may be jeopardized as a result of noncompliance. Payments due to the Licensee may be withheld until corrective action is taken.

IX. Arbitration.

A. In the event a Licensee does not comply with the contractual M.B.E./W.B.E. percentages in its Schedule D, such underutilization shall entitle the affected M.B.E./W.B.E. to recover from the Licensee damages suffered by such entity as a result of being underutilized; provided, however, that this provision shall not apply to the extent such underutilization occurs pursuant to a substitution approved by the City. The ordinance provides that any disputes between the Licensee and such affected M.B.E.s/W.B.E.s regarding damages shall be resolved by binding arbitration before an independent arbitrator other than the City, with reasonable expenses, including attorney's fees, being recoverable by a prevailing M.B.E./W.B.E. in accordance with these regulations. This provision is intended for the benefit of any M.B.E./W.B.E. affected by underutilization and grants such entity specific third party beneficiary rights. Any rights conferred by this regulation are non-waivable and take precedence over any agreement to the contrary, including but not limited to those contained in a subcontract, suborder, or communicated orally between a Licensee and an M.B.E./ W.B.E..

B. An M.B.E./W.B.E. desiring to arbitrate shall contact the Licensee in writing to initiate the arbitrative process. Except as otherwise agreed to in writing by the affected parties subject to the limitation contained in the last sentence of the previous paragraph, within ten (10) days of the Licensee receiving notification of the intent to arbitrate from the M.B.E./W.B.E., the above-described disputes shall be arbitrated in accordance with the Commercial Arbitration Rules of the American Arbitration Association

("A.A.A."), a not-for-profit agency, with an office at 225 North Michigan Avenue, Suite 2527, Chicago, Illinois 60601-7601 (Telephone/facsimile numbers omitted for printing purposes). All such arbitrations shall be initiated by the M.B.E./W.B.E. filing a demand for arbitration with the A.A.A.; shall be conducted by the A.A.A.; and held in Chicago, Illinois.

C. All fees of the arbitrator are the initial responsibility of the M.B.E./W.B.E.; provided, however, that the arbitrator is authorized to award reasonable expenses, including attorney's and arbitrator's fees, as damages to a prevailing M.B.E./W.B.E..

D. The M.B.E./W.B.E. should send the City a copy of the "Demand for Arbitration" within ten (10) days after it is filed with the A.A.A.. The M.B.E./W.B.E. also should send the City a copy of the decision of the arbitrator within ten (10) days of receiving such decision. Judgment upon the award rendered by the arbitrator may be entered in any court of competent jurisdiction.

X. Record Keeping.

The Licensee shall maintain records of all relevant data with respect to the utilization of M.B.E.s/W.B.E.s, and shall continue to retain such records for a period of at least three (3) years after end of the License Agreement. Full access to these records shall be granted to the City of Chicago, federal or state authorities in this project, the United States Department of Justice, or any duly authorized representatives thereof.

XI. Additional Participation.

The City reserves the right to seek additional M.B.E./W.B.E. participation for any proposal and/or to waive any proposal's noncompliance with these Special Conditions.

[Attachments "A" and "B" and Schedules "C-1" and "D-1" referred to in these Special Conditions Regarding Minority Business Enterprise and Women Business Enterprise Commitment unavailable at time of printing.]

Article 3.

Scope Of The License Agreement.

Section 3.01 License Granted.

A. Upon the execution of this License Agreement by the City, the City shall grant to Licensee the permission to dock and operate a Tour Boat service on the Chicago River at the Location(s) specified in Article 11 of this License Agreement. The Location(s) are described in the attached (Sub)Exhibit A.

B. This License Agreement will not limit the ability of the City to grant any other person or other party the right to use the Chicago River or the Location(s) specified in Article 11 of this License Agreement or any other Location, with the sole exception that the City may not issue a license to another party to operate a Tour Boat service from the Location specified in Article 11 if the issuance of such license would materially interfere with the license hereby issued.

C. The City makes no representations regarding the surface or the subsurface condition of the Locations and the land adjacent to the Locations. The City makes no guaranties, either expressed or implied, and the City assumes no responsibility with respect to the sufficiency or accuracy of any information conveyed, pertaining to the condition of the Locations and adjacent land.

D. Nothing in this license is intended, or will be deemed, to give rise to a lease of real estate by the City to the Licensee. This license constitutes a License Agreement which permits the Licensee to operate its business at the Location herein specified. No leasehold interest of any kind is hereby conveyed to the Licensee by the City. Neither the Licensee nor anyone acting for the Licensee shall file this License Agreement or any copy hereof, or any statement, paper or affidavit which in any manner refers to this License Agreement, in the Office of the Recorder of Deeds of Cook County, Illinois, or in any other public office: if any such document is so filed, this License Agreement and every provision hereof may, in the sole discretion of the City, be declared absolutely null and void, and additionally, the City may in such circumstance declare such filing to be an event of default under this License Agreement.

E. The Licensee may operate the number of Tour Boats licensed for use by the City at the licensed Location(s). The City will not license more than three (3) Tour Boats for use at any Location. However, regardless of the number of Tour Boats which the City licenses for use at any Location, the Licensee may not dock more than one (1) Tour Boat at any Location for any period of time. "Docking" will be deemed to take place when a Tour Boat is attached, affixed or tied to a Location for any period of time in any manner, for any purpose. Docking more than one (1) Tour Boat at a Location at one time will be an event of default under this License Agreement, and the City may elect to invoke any of the remedies afforded to the City by Section 8.02 of this License Agreement.

Section 3.02 Rights Retained By The City In Granting License.

The Licensee acknowledges and agrees that this License Agreement is subject to and subordinate to any existing or future agreement(s) of any kind between the City and any other person or party pertaining to the use, development, construction, operation and/or maintenance of the Chicago River, the Location(s), or the adjoining dockwalls and wharf areas. The City reserves the right to further develop, improve, maintain, modify and repair the dockwalls, wharf areas, roadways and walkways connected thereto at any time without interference or hindrance by the Licensee.

The City reserves the right to relocate or cause the Licensee to relocate the Tour Boat and/or the Tour Boat service to another Location, or to another site not currently designated as a Location, either on a temporary basis or permanently, as may be necessitated by any work, development or other public purpose pertaining to any part of the Chicago River, the Location(s), or the adjoining dockwalls or wharf area.

The Director will provide written notice to the Licensee that the City is exercising its rights under this Section 3.02. Upon such notice, Licensee will remove, modify, replace or relocate its facilities, as directed by the Director,

at its expense, no later then thirty (30) days from the receipt of such notice. If the Licensee fails to comply within the time period provided, the City may relocate such Tour Boat and any appurtenances at the Licensee's expense. In an emergency, as determined by the Director, the City may order the Licensee to remove or relocate its Tour Boat(s) and/or any appurtenances immediately.

Article 4.

Conditions Governing Licensee's Activities.

Section 4.01 Restriction And Obligations Related To Operation At The Locations.

A. City Access to Locations: The City, its representatives and employees will at all times have free access to the Location(s) for purposes necessary, incidental to or connected with the performance or exercise of the City's governmental functions.

B. Locations and Facilities: The location, size and Service Facilities available at each of the Locations are set forth in (Sub)Exhibit A to this License Agreement. The Locations are divided into three (3) categories, "A" and "B" and "D" according to the uses for which each Location will be licensed.

"A" Locations have been designated as "Tour/Charter" Locations. Subject to the restrictions found in this License Agreement, Licensees will be allowed to operate either a Tour Service or a Charter Service, or both, from the "A" Locations. For all such Tour and Charter Services, Licensees will be prohibited from loading and/or unloading passengers at any public property (including other Locations) other than the Location(s) licensed to the Licensee.

"B" Locations have been designated as "Charter/Staging" Locations. Subject to the restrictions found in this License Agreement, Licensees will be allowed to operate a Charter Service and/or to undertake the staging activities, as are defined hereafter, at the "B" Locations. Licensees will be allowed to dock Tour Boats and to undertake such maintenance of Tour Boats as is allowed for in this License Agreement at the "B" Locations. No other activities are licensed or allowed at the "B" Locations.

"D" Locations have been designated as "Docking" Locations. Subject to the restrictions found in this License Agreement, at "D" Locations Tour Boat operators will be able to dock Tour Boats, and will be allowed to load and unload passengers. At the "D" Locations Licensees will be allowed to perform only minor cleaning tasks, as defined in Section 4.01 of the License Agreement. No other activities will be licensed or allowed at the "D" Locations.

C. No Maintenance: No non-minor Tour Boat maintenance activities of any kind will be allowed at the "A" and "D" Locations. Maintenance activities so disallowed will include all engine maintenance, all cleaning of Tour Boats, all preventive maintenance, all painting and any and all other maintenance of Tour Boats.

At the "B" Locations Licensees will be allowed to perform routine maintenance, including small painting tasks, cleaning, and preventive maintenance of the mechanical systems, provided such maintenance does not generate disruptive noise or any kind of pollution of the Chicago River or the Location.

Notwithstanding anything expressed to the contrary in the R.F.P. or the License Agreement, however, Licensees will be allowed to perform minor cleaning of the decks and public portions of the Tour Boat(s) at the Location(s), provided that Licensees may only use biodegradable detergent and water to clean the Tour Boat(s). Notwithstanding anything expressed to the contrary in the R.F.P. or this License Agreement, emergency maintenance and/or unforeseeable minor maintenance of the Tour Boat(s), which is or becomes necessary in order to assure the safety of the public, or in order to prevent the Tour Boat from becoming a hazard to navigation or otherwise from constituting a burden on the Chicago River, may be conducted at the Location(s).

Licensees will be allowed to fuel Tour Boats at "A" and "B" Locations only in the manner and at the times allowed by the City. Unless otherwise specified by the City in writing, Tour Boat operators receiving a license may fuel Tour Boats at the Locations between the hours of 12:00 and 7:30 A.M.. Fueling at other times, whether from land or water, may be deemed an event of default, and the City may elect to invoke any of the remedies provided for in Section 8.02 of the License Agreement.

Notwithstanding anything expressed to the contrary herein, the City will not install any Service Facilities at Location 11. The sole improvements that the City will make to Location 11 will be stairway access and river wall/dock protection. In addition, at Location 11, Licensees will not be allowed to sell tickets from the Location itself or from Tour Boat(s) docked thereto.

D. Parking: The Licensee, and all of the Licensee's employees, invitees, passengers, and all other persons coming on to the Location(s), may park only in such areas near the Location(s) as are designated by the City.

E. No Habitation on Tour Boat: No person may use any Tour Boat as a residence for any period of time while such Tour Boat is docked at any Location. However, this provision is not intended to prevent Tour Boat operators from posting individuals on Tour Boat(s) as required to ensure the security of such Tour Boat(s).

F. No Music, Announcements or Disruptive Noise: Licensee may not broadcast music, announcements or any other disruptive sounds from any Tour Boat or the Location(s). Such restrictions, however, will not prevent the Licensee from making any announcements or broadcasts required by U.S.C.G or other regulations, nor will the restrictions set forth above prevent the Licensee from using a Tour Boat's public address system to convey information to passengers while the Tour Boat is not docked at the Location(s).

G. No Additions to the Location(s): The Licensee may not attach, affix, or permit to be attached or affixed upon the Location any flags, placards, signs, poles, wires, aerials, antennae, improvements or fixtures of any kind. If, however, any such flags, placards, signs poles, wires, aerials, antennae, improvements or fixtures are already so attached or affixed prior to the commencement of the license term under this License Agreement, the Licensee may not relocate, replace, alter or modify such features without the consent in writing in each instance of the Director and the Commissioner of the Department of Transportation.

H. Sanitary Conditions: The Licensee, at its own expense, shall maintain and keep the Location(s), as well as the surrounding area, in a safe, clean, and sanitary condition. If such areas are not so maintained by the Licensee, then the City reserves the right to terminate this License Agreement, or to enter upon the Location(s) and take all actions necessary to restore the Location(s) to the condition required herein. The cost and expense to the City for any measures taken pursuant to this section will be charged to and paid by the Licensee.

The Licensee must clean up and properly dispose of all refuse, waste and surplus materials on or about the Locations on a daily basis during the term of this License Agreement. If Licensee fails to commence performance of the tasks described in this paragraph within five (5) business days after receiving written notice from the City to do so, the City may arrange to have such work performed by

City employees or third parties and may charge Licensee the actual, direct cost thereof.

I. Suspension or Revocation of Permit: If the Licensee violates the terms of any permit required by this License Agreement or which is otherwise required for the operation of the Tour Boat service, the Commissioner of the permit-issuing Department may suspend or revoke such permit, or may take any action the Commissioner deems necessary, including ordering the Licensee to cease operation of the Tour Boat service until the violation has been corrected to the Commissioner's satisfaction.

J. Utilities: The City shall provide all access to utilities, including but not limited to all electricity, telephone and water supply, through a utility center that may be installed by the City at each Location at no expense to the Licensee. The Licensee will be solely responsible for all utility charges incurred during the term of this License Agreement and any extension periods hereto.

The Licensee will not construct, install or otherwise modify any utility access facilities, or any other facilities, without the prior written consent of the Director. In the event that the Director issues such consent, then the Licensee will comply with all conditions and/or requirements contained in such consent as to the construction or installation of such facilities. The construction, installation or modification of any utility or other facilities without the express written consent of the Director may be deemed an event of default under Article 8 of this License Agreement, and the City may choose to exercise any remedies available to it under the terms of said Article 8. In addition, the Licensee will bear the full burden and expense of removing or replacing to original condition the facility added to or modified.

K. Season: Tour Boats will not be allowed to dock at the licensed Locations before March 1 or after January 15 of any year. Before March 1 and/or after January 15 of any year any Tour Boat docked at a Location shall be subject to removal by the City at the Licensee's sole expense.

L. Idling: Notwithstanding anything expressed to the contrary in this Request for Proposals and Instructions to Tour Boat Operators or the License Agreement, at Location 11 Tout Boat operators will not be allowed to idle the engine of any Tour Boat for longer than fifteen (15) minutes. Any idling for a longer period of time may constitute an event of default under the License Agreement.

Section 4.02 Licensee's Tour Boat Operation And Maintenance Obligations.

A. Compliance with Law and Industry Standards: The Licensee will comply with all applicable federal and state laws, rules, regulations, decrees, orders and judgments; applicable requirements of the Code; applicable written standards of the City's Departments of Transportation and Building; manufacturers' specifications; standards set forth in the National Electric Code.

B. Tour Boat Compliance with Maritime and Other Regulations: The Licensee will comply with all U.S.C.G. regulations. Further, each Tour Boat and all equipment associated therewith shall comply with applicable laws, including without limitation U.S.C.G. and Illinois Commerce Commission regulations and other requirements, including but not limited to, U.S.C.G. certification and registration, if applicable, of the Tour Boat. The Licensee will furnish on request, copies of U.S.C.G. certifications of all Tour Boats. The City reserves the right to inspect any Tour Boat and all Service Facilities, as well as maintenance procedures and facilities related to the docking, operation and maintenance of such Tour Boat. If such inspection discloses that the Tour Boat does not comply with the terms of this License Agreement, the City will give written notice to the Licensee of its noncompliance and require the Licensee to come into compliance with the terms and conditions of this License Agreement or any applicable law or regulation. The City may declare a default and pursue the remedies set forth under Section 8.02 hereof if the Licensee fails to satisfy the City's compliance request within a reasonable time, as determined by the Purchasing Agent. Any dispute as to matters covered in this section will be submitted for dispute resolution pursuant to Section 9.06 of this License Agreement.

C. Size of Tour Boats and Drawbridge Access: (1) All Tour Boats to be operated on the Chicago River should be less than fifteen (15) feet in height, as measured from the water line to the highest point of the vessel when the vessel is fully unloaded. Tour Boats over fifteen (15) feet in height, as measured from the waterline when unloaded, may be allowed to operate on a limited basis, as determined by the Director; if the City allows the use of such vessels, which decision is solely within the discretion of the City, then such vessels must be operated so as to comply with all current Chicago Department of Transportation approved regulations governing the operation of City-owned drawbridges for the benefit of recreational vessels.

In the event that the water level of the Chicago River rises and the higher water level prevents a Tour Boat from passing under any bridge crossing the Chicago River, then the City will neither be

required to either add to nor modify the City's previously established schedule for the operation of City-owned drawbridges.

Further, all Tour Boats must be limited to a length reasonably commensurate with the dock footage of the Location at which each Tour Boat is to be operated. The Director, in the Director's sole discretion, will determine whether the length of the proposed Tour Boat is appropriate for the proposed Location.

(2) The City expressly reserves the right to determine and to limit the times and frequencies of the raising of the City's bridges.

D. Safety Considerations: The Licensee will at all times exercise all reasonable care and will comply with all applicable provisions of federal, state and local laws, to prevent accidents and/or injuries, and to avoid damage to and/or loss affecting City facilities, the Chicago River, the Location(s), the Service Facilities, and the property of third parties in connection with the docking, operation and maintenance of the Tour Boat and the Location(s). The Licensee will erect and properly maintain at all times all necessary safeguard barriers, flags and lights for the protection of the Licensee's and its Subcontractors' employees, City employees, and the public, which become necessary due to a later occurring defect in the structure of the Location or any of the Service Facilities. In the event that any such defect develops, the Licensee will notify the City immediately, and will maintain all necessary safety precautions until such time as the City rectifies the defect.

The Licensee will report to the City's Department of Transportation any damage on, about, under or adjacent to the Chicago River, the Location(s), City property or the property of third persons, whether such damage is a result of the Licensee's operation of the Tour Boat or is unrelated thereto.

E. Restoration of Damaged Property: In the event of damage to public or private property along the river or the lakefront, the Location(s), City facilities, or other property in connection with the activities contemplated by this License Agreement, the Licensee will, at its own expense and in a manner approved by the City and/or the owner of such private property, rebuild, restore and repair the Chicago River, City property or facilities or private property to a condition equal to the condition of the property before the work that caused such disturbance. In the event Licensee fails to perform such rebuilding, replacement or restoration within five (5) business days of the disturbance (unless public safety is affected in which case such shorter time as the City shall request), the City or the owner, after written notice to the Licensee, will have the right to do so at the sole expense of the Licensee.

F. Tour Boat Documentation: The Licensee will provide the Director with a full description of the appearance and features of each Tour Boat. The specific requirements for such descriptions are further set forth in Section 12 of the R.F.P..

G. Seaworthiness: The Licensee will at all times take all actions necessary to assure the seaworthiness of all Tour Boat(s). This will include compliance with all applicable U.S.C.G. and United States Corps of Engineers rules and regulations. The Licensee hereby represents and warrants that all Tour Boat(s) to be used to provide any Tour Boat service of any kind will be seaworthy and safe at at all times.

H. Director's Right to Order Removal of Tour Boat: The Licensee enters into this License Agreement with full knowledge and acceptance that the Director may at any time determine that a particular Tour Boat is non-compliant with the terms and requirements of this License Agreement. The Director can, at any time, identify a particular Tour Boat and either (1) order its removal from the Location, the Chicago River, and the lakefront area of Lake Michigan, or (2) order the Licensee to cease operating such Tour Boat. In the event that the Director exercises such right, any Tour Boat that is not removed within fourteen (14) days from the date on which the removal of that vessel is ordered by the Director will be subject to immediate removal by the City at the owner's expense. Any Tour Boat removed from a Location, the Chicago River or lakefront by the City may be reclaimed by its owner within thirty (30) days after its removal. The Licensee agrees to reimburse the City for the cost of such removal and for storage costs before any such removed Tour Boat may be reclaimed. All removed equipment that is not reclaimed may be disposed of by the City as unclaimed property.

I. Tour Boat Enhancements: The Licensee will notify the Department of any proposed enhancements to or upgrades of any Tour Boat at least sixty (60) days before making any such enhancement. For the purpose of this section "enhancements" will include any modifications to the appearance or function of the Tour Boat, without limitation. If approved by the City, enhancements will be made at no cost to the City. The Licensee will provide the City with written notice indicating the specific Tour Boats on which it would like to make a particular enhancement or upgrade. No enhancement of any kind shall be made without the prior written consent of the Director. Enhancements should comply with all applicable laws. Any dispute under this section will be resolved pursuant to the dispute resolution provisions set forth in Section 9.06 of this License Agreement.

Section 4.03 Licenses And Permits.

The Licensee will bear responsibility for and, in a timely manner consistent with its obligations under this License Agreement, should secure and maintain at its sole expense such permits, licenses, authorizations and approvals as are necessary for the Licensee to operate the Tour Boat(s) on the public water ways in accordance with this License Agreement.

Section 4.04 In The Event Of Fire Or Other Destruction Of Location(s).

In the event that the Location(s), or any portion thereof, are destroyed or damaged by fire or other disaster so as to prevent the use of any such Location for the purposes and during the periods specified in this License Agreement, the City will not be obligated to repair or rebuild the Location(s). The City may, however, in the City's sole discretion, elect to repair the Location(s). If the City elects not to repair the Location(s), then this License Agreement will terminate, and the Licensee hereby waives any claim against the City for damages by reason of such termination. If the City elects to repair the Location(s), this License Agreement will not terminate, but will be suspended until such time as the Director issues written notice to the Licensee that the Licensee may resume Tour Boat tour, charter or staging activities.

If it becomes necessary for any reason in the judgment of the City to remove or modify any part of the Location's Service Facilities and the Licensee incurs any loss as a result thereof, no claim or charge will be made by Licensee against the City for restoration or replacement of such Service Facilities.

Section 4.05 Restrictions On Solicitations And Sales.

A. Central Location for the Dissemination of Information about Tour Boat Services: The Licensee is allowed to hand out or otherwise disseminate information about Tour Boat services only at two sites on each Location: (1) from inside the service building provided by the City at each Location, (2) on the Tour Boat(s) themselves. In addition, the Licensee is allowed to disseminate information from a City-designated site (the "Information Site"). The Information Site is located at the southwest corner of Michigan Avenue and Wacker Drive. The Licensee is not be allowed to hand out or otherwise disseminate information about Tour Boat services on the public way along upper and lower Wacker Drive, from Lake Shore Drive to the intersection of Wacker Drive and Washington Street. The City reserves the right to change the location of the Information Site at any time.

Should the Licensee disseminate information in the proscribed area of Wacker Drive, as described above, or, should a Licensee

disseminate information at the Information Site or service building in a disruptive manner, which determination will be made by the Director in the Director's sole discretion, then the Director will notify the Licensee to cease such activity. If the Licensee continues to disseminate information in the proscribed area or to disseminate information in a disruptive manner, then the Director may elect to terminate that Licensee's license or pursue any other remedy afforded to the City by the terms of Article 8 of this License Agreement.

At the Information Site, the City will provide a booth for the dissemination of information to the public (the "Information Booth"). The design of the Information Booth will be determined by the Director in the Director's sole discretion. The City will not staff the Information Booth. The Licensee may elect to have a (single) representative present at the Information Booth. Each License company will be allowed to post only one (1) employee per company (not per Tour Boat) at the Information Booth at any one time. The City will determine the daily hours during which Licensees may hand out information at the Information Booth. No ticket sales are allowed at the Information Booth.

B. Ticket Sales: Unless otherwise agreed in writing by the City, the Licensee is allowed to sell tickets at only two (2) areas on each Location. Tickets may be sold at the service buildings provided at each Location by the City, or tickets may be sold on the Tour Boats themselves. The Licensee is not allowed to sell tickets on the public way along upper and lower Wacker Drive, from Lake Shore Drive to the intersection of Wacker Drive and Washington Street. The Licensee is also not allowed to sell tickets at the Information Booth or the Information Site. Should the Licensee sell tickets at other sites on the Locations, on the public way on Wacker Drive, or at the Information Booth or the Information Site, then the Director will notify the Licensee to cease such ticket sales. If, after receiving such notice, the Licensee continues to sell tickets in such area, the Director may elect to terminate the Licensee's license or pursue any other remedy afforded to the City by the terms of Article 8 of the License Agreement.

Notwithstanding anything expressed to the contrary, however, Tour Boat operators will not be allowed to sell tickets from any portion of Location 11 or from any Tour Boat docked at Location 11.

C. Hawking: In addition to the restrictions set forth above in paragraphs A and B of this section, ticket sales or solicitations of business of any description along any public way in the City are subject to all applicable restrictions of such activities contained in the Municipal Code of the City.

In addition to any penalties that the Licensee may incur for violations of any ordinance, if the Director determines that the Licensee has engaged in ticket sales, solicitation of business or dissemination of information in any of the areas set forth above, then, upon the third (3rd) such occurrence, and upon any subsequent occurrence, the Director may elect to terminate the Licensee's license or pursue any other remedy afforded to the City by the terms of Article 8 of this License Agreement.

Section 4.06 Minority-owned Business Enterprise (M.B.E.) And Women-owned Business Enterprise (W.B.E.) Participation.

The Licensee agrees that, at all times that this License Agreement is in effect, all M.B.E./W.B.E. participation will be conducted in accordance with the Special Conditions Regarding Minority Business Enterprise Commitment and Women's Business Enterprise Commitment ("M.B.E./W.B.E. Special Conditions") attached hereto as (Sub)Exhibit F. The Licensee's completed schedules evidencing M.B.E./W.B.E. participation will become a part of this agreement, and will be attached hereto as a part of (Sub)Exhibit F, upon acceptance by the Purchasing Agent. Upon such acceptance, the Licensee should utilize M.B.E.s and W.B.E.s at the levels of participation listed in Schedules C-1 and D-1 as approved by the Purchasing Agent. The percentage of participation of M.B.E.s and W.B.E.s should be based on the yearly license fee proposed by the Licensee. The participation percentage should be calculated by dividing the monetary participation of each M.B.E./W.B.E. participant by the proposed yearly license fee.

Every year that this License Agreement is in effect, prior to the first (1st) day of March, the Licensee shall submit to the City a revised summary of the M.B.E./W.B.E. participation for the year, including revised Schedules C-1 and D-1. In addition, within twenty (20) days of the end of each season of operation, the Licensee should provide a statement to the City showing (i) a calculation of the proposed M.B.E./W.B.E. participation for the prior year, based on the Licensee's proposed yearly license fee, and (ii) a calculation of the actual M.B.E./W.B.E. utilization that Licensee achieved in the prior year. If the Licensee fails to meet the participation goals accepted by the Purchasing Agent in any year, then the City may, in its sole discretion, treat such failure as an event of default or may allow the Licensee to increase its proposed M.B.E./W.B.E. participation levels in the year immediately succeeding the year of deficiency in order to compensate fully for the deficiency.

Article 5.

Term Of License Agreement.

Section 5.01 Initial Term.

Unless earlier terminated pursuant to any provision of this License Agreement, this License Agreement will be effective for three (3) years after execution by the City.

Section 5.02 License Agreement Extension Option.

The Director may elect to extend the term of this License Agreement for two (2) additional periods of one (1) year each, exercisable no later than thirty (30) days prior to expiration of this License Agreement.

Article 6.

Compensation.

Section 6.01 Compensation.

In consideration of and in exchange for the license herein granted the Licensee hereby agrees to pay to the City the fees set forth in the proposal section, Article 11, Section 11.01 of this License Agreement.

The Licensee will pay the City a yearly license fee for each year that this License Agreement will be in effect. The yearly license fee set forth for the first (1st) year (1996) should be at least ninety percent (90%) of the yearly license fee proposed for all subsequent years. All proposed yearly license fees should be clearly indicated on the appropriate lines of Article 11 of this License Agreement.

Yearly license fees and all other fees that are payable on a yearly basis will be due and payable in two (2) installments by the Licensee. For 1996 the first payment of thirty percent (30%) of the total proposed yearly license fee will be due on or before June 1, 1996, and the second payment of seventy percent (70%) of the total proposed yearly license fee will be due on or before October 1, 1996.

For each subsequent year in which a License Agreement is in effect, the first payment of thirty percent (30%) of the total proposed license fee will be due on or before April 1 of each year, and the remaining seventy percent (70%) of the yearly license fee will be due on or before September 1 of each year, including extension years, if any.

Section 6.02 Taxes And Other Licensee Costs.

The Licensee will be responsible for and agrees to pay any assessments and taxes of every kind which arise as a result of or in connection with this License and the uses of the Location provided for herein.

The Licensee will obtain, and will pay any and all fees necessary to obtain federal, state and local licenses, permits and authorizations required for docking and operating each Tour Boat including, but not limited to, inspection fees required in connection with obtaining electrical wiring permits from the City. This requirement will include, without limitation, each of the following as may be required or may become applicable to the Licensee or the Licensed Tour Boat: a certificate of inspection, a certificate of documentation, and any and all other licenses or certifications required by the U.S.C.G.; a great lakes radiotelephone license certificate of the Federal Communications Commission; a State of Illinois registration or title; and all other vessel and operation licenses required by the State of Illinois or the City.

Notwithstanding the foregoing, it is agreed that the Licensee may claim a credit against any amounts due pursuant to this License Agreement equal to the amount of the Chicago Boat Mooring Tax paid by the Licensee pursuant to Section 3-16-030 of the Municipal Code of Chicago.

Section 6.03 Late Payment, Material Underpayment Or Nonpayment.

In the event the Licensee fails to make its yearly payments when due, or makes an underpayment in any annual payment period of more than five percent (5%) of the amount due for such annual payment period, then the City may charge the Licensee interest on the amount due of one and one-quarter percent (1.25%) for each month said amount remains due and owing. Interest on the amount of the underpayment due will accrue from the date on which the original payment should have been made. In the event any payment owed pursuant to this License Agreement remains past due for more than thirty (30) business days, the Director may declare a material breach of this License Agreement and terminate the License Agreement upon thirty (30) days written notice to the Licensee.

Article 7.

Insurance And Indemnification.

Section 7.01 Insurance.

(1) The Licensee will procure and maintain at the Licensee's sole expense

at all times during the term of this License Agreement the types of insurance specified below, with insurance companies authorized to do business in the State of Illinois, covering all operations under this License Agreement, whether performed by the Licensee or by its Subcontractors or concessionaires:

The kinds and amounts of insurance required are as follows:

(a) Workers' Compensation And Occupational Disease Insurance.

Workers' Compensation and Occupational Disease Insurance, in statutory amounts, covering all employees of the Licensee and any Subcontractors or concessionaires who are to provide a service under this License Agreement, including Jones Act and United States Harbor Workers' and Longshoremen. Employer's liability coverage with limits of not less than One Hundred Thousand Dollars ($100,000) for each accident or illness will be included.

(b) Commercial Liability Insurance (Primary And Umbrella).

Commercial Liability Insurance or equivalent with limits of not less than One Million Dollars ($1,000,000) per occurrence, combined single limit, for bodily injury, personal injury, and property damage liability. Products/completed operations, independent licensees, broad form property damage and contractual liability coverages are to be included. The City is to be named as an additional insured.

(c) Automobile Liability Insurance.

When any motor vehicles are used in connection with activities to be conducted under this License Agreement, the Licensee will provide Automobile Liability Insurance with limits of not less than One Million Dollars ($1,000,000) per occurrence, combined single limit, for bodily injury and property damage. The City is to be named as an additional insured.

(d) Marine Protection And Indemnity Insurance.

The Licensee will provide Marine Protection and Indemnity Insurance in an amount of not less than Five Million Dollars ($5,000,000) which will include the City of Chicago as an additional named insured party. Such insurance will include but not be limited to liability for property damage, loss of life, bodily injury or illness of any crew or volunteer crew or third

party, collision towers liability, property damage to docks, wharves, piers, buoys, bridges, cables and other fixed or movable property and loss or damage to their vessels not caused by collision.

Note: Failure to procure and maintain the insurance set forth above constitutes a violation of this License Agreement and the City reserves the right to stop any operations or activities granted by this License Agreement until proper evidence of insurance is provided.

(2) The Licensee will furnish to the City's Risk Manager, original Certificates of Insurance evidencing the required coverages to be in force on the date of this License Agreement, and renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the term of this License Agreement. All such insurance will be written on the City's insurance Certificate of Coverage form attached hereto as (Sub)Exhibit B and incorporated by reference as if fully set forth herein.

Failure to carry or keep such insurance in force will constitute a default of this License Agreement, and the City maintains the right to suspend the Licensee's operations and rights under this License Agreement until proper evidence of insurance is provided. The insurance will provide for sixty (60) days prior written notice to be given to the Department and the Department of Finance in the event that coverage is substantially changed, canceled, or non-renewed.

The Licensee will require all Subcontractors to carry the insurance required herein, or the Licensee may provide the coverage for any or all Subcontractors, and, if so, the evidence of insurance submitted will so stipulate.

The Licensee and Subcontractors agree that insurers will waive their rights of subrogation against the City, including its appointed and elected officials, representatives, agents and employees.

The Licensee expressly understands and agrees that any insurance maintained by the City will apply in excess of and not contribute to insurance provided by the Licensee under the License Agreement.

The Licensee expressly understands and agrees that any insurance protection furnished by the Licensee will in no way limit its responsibility to indemnify and save harmless the City under the indemnity provisions of this License Agreement.

The City maintains the right to modify, delete or add to these insurance requirements.

Section 7.02 Indemnification.

A. The Licensee agrees to protect, defend, indemnify, keep, save and hold the City, its officers, officials, employees and agents free and harmless from and against any and all liabilities, losses, penalties, damages, settlements, costs, charges, professional fees or other expenses or liabilities of every kind, nature and character arising out of or relating to any and all claims, liens, demands, obligations, actions, suits, judgments or settlements, proceedings or causes of action of every kind, nature and character (collectively, "Claims") in connection with or arising directly or indirectly out of the Licensee's acts or omissions under this License Agreement and/or the performance hereunder by the Licensee, its officials, agents, employees, and Subcontractors, including the enforcement of this indemnification provision. The Licensee further agrees to investigate, handle, respond to, provide defense for and defend against all Claims, at its sole expense, and agrees to bear all other costs and expenses related thereto, even if the Claims are considered groundless, false or fraudulent.

The City will have the right, at its option and at the Licensee's expense, to participate in the defense of any suit, without relieving the Licensee of any of its obligations under this indemnity provision. The Licensee expressly understands and agrees that the requirements set forth in this Section 7.02 to protect, defend, indemnify, keep, save, and hold the City free and harmless are separate from and not limited by the Licensee's responsibility to obtain and maintain insurance pursuant to Section 7.01 or to provide a Letter of Credit pursuant to Section 7.03 of this License Agreement. The indemnities contained in this section will survive the expiration or termination of this License Agreement.

B. The Licensee further specifically agrees to pay any and all sums in respect of any Claims or other costs arising from or occasioned by the use of any Tour Boats or other vessels on the Chicago River or on Lake Michigan; this indemnification will include but is not limited to the following:

1. loss or damage to any other ship, vessel or boat caused proximately or otherwise by the Licensee's vessel, or loss of the cargo of such other vessel;

2. loss of life or personal injury, or for any cost of life salvage;

3. loss or damage to any harbor, dock, graving or otherwise, slipway, pontoon, pier, quay, tunnel, jetty, stage, buoy, cables of any kind, or other fixed or movable object or property whatsoever;

4. the cost of the removal, raising or destruction of the wreck of any vessel employed by the Licensee in performing the Services;

5. in the event that a vessel is disabled or otherwise, the cost of towage or other salvage of any vessel employed by the Licensee in performing the Services;

6. loss or damage to the Location(s) as defined in this License Agreement; and

7. loss or damage to the bottom or banks of the Chicago River, or to the shoreline of Lake Michigan.

Section 7.03 Letter Of Credit.

A. Terms Of The Letter Of Credit.

Within fifteen (15) days of notice from the Director that the Licensee has been preliminarily selected for a Location, and prior to the commencement of the operation of any Tour Boat pursuant to this License Agreement, the Licensee will provide the Director with a Letter of Credit in a principal amount of Thirty Thousand Dollars ($30,000) per Tour Boat. Requirements as to the letter of credit are further set forth in Section 16 of the Request for Proposals and Instructions to Tour Boat Operators.

The letter of credit will be in the form set forth in (Sub)Exhibit C to this License Agreement or as otherwise approved by the Corporation Counsel. The letter of credit will be used to ensure the faithful performance by the Licensee of all provisions of this License Agreement and compliance with all orders, permits and directions of any agency, commission, board, department, division or office of the City having jurisdiction over the Licensee's acts or
defaults under this License Agreement and for payment by the Licensee of any penalties, liens, claims and taxes due the City which arise by reason of the Licensee's acts pursuant to this License Agreement.

The City will be entitled to draw on said letter of credit if the Licensee: (i) has failed to pay the City in whole or in part any of the fees or other charges set forth in this License Agreement within the time fixed in this License Agreement; (ii) has failed to repay the City in whole or in part within ten (10) days for any damages, expenses or costs which the City has suffered or is compelled to pay by reason of the Licensee's acts or omissions under this License Agreement; or (iii) has failed, after five (5) days notice to the Licensee of such failure, to comply with any provision of this License Agreement which the Director has reasonably determined can be remedied by a draw on the letter of credit. The City will also be entitled to draw on any such letter of credit which expires (either by its terms or because of nonrenewal) on a date prior to the termination date of this License Agreement unless proof of renewal of such letter of credit or a replacement letter of credit in form and substance satisfactory to the City's Corporation

Counsel has been furnished to the City's Corporation Counsel at least thirty (30) days prior to the expiration date thereof. Upon the sole condition of delivery by the City to the issuer of said letter of credit of a demand for payment, purportedly signed by the Director or the Comptroller, whether acting or actual, the City can immediately draw up to the amount outstanding. Upon such draw, the City will notify the Licensee of the amount and date of the draw and will include in the notice the basis pursuant to which the City's right to draw has been exercised. If amounts are drawn under the letter of credit, the Licensee will take such actions as may be necessary to maintain such letter of credit at full amount within five (5) days of the City's notice of draw. The rights reserved to the City under such letter of credit will be in addition to any rights it may have pursuant to this License Agreement, at law or in equity.

B. Qualified Issuers.

The letter of credit called for in this License Agreement will be issued by companies or financial institutions which are authorized to do business in the State of Illinois, and which have an office in the City of Chicago where the City may draw on the letter of credit. The City also reserves the right to stop the Licensee from operating as provided for in this License Agreement unless a satisfactory letter of credit is in place and effective.

C. Right To Require Replacement Letter Of Credit.

If the financial condition of the issuer of a letter of credit materially and adversely changes, the City may, at any time, require that such letter of credit be replaced with a letter of credit consistent with the requirements set forth in this section.

D. No Excuse From Performance.

None of the provisions contained in this Section 7.03 nor the letter of credit required by this section will be construed to excuse the faithful performance by Licensee of the terms and conditions of this License Agreement or limit the liability of the Licensee under this License Agreement for any and all damages in excess of the amounts of such letter of credit.

Section 7.04 Waiver Of Maritime Liability Limitations.

The Licensee hereby expressly waives the right to receive the benefits of or to invoke the protection afforded by any and all maritime statutory limitations of liability that could act to diminish the liability of the Licensee

for any harm or damage arising from the operation of any Tour Boats under this License Agreement in any manner, or for any and all Claims or other costs arising from or occasioned by the operation by the Licensee of any Tour Boats on the Chicago River or on Lake Michigan, which waiver expressly includes, but is not limited to, the Limitation of Vessel Owner's Liability Act, 48 U.S.C. §183, et seq.. Nothing herein is intended to avoid or waive federal jurisdiction under applicable admiralty laws. It is understood by and between the parties, however, that such waiver extends only to the City, and no waiver of the Licensee's ability to invoke the protection afforded to Tour Boat owners by statutory limitations of liability against claims brought by third parties seeking recovery against the Licensee is intended or hereby created.

Section 7.05 No Damages For Delay.

The Licensee agrees that it will make no claims against the City for damages, charges, additional costs or fees or any lost profits or costs incurred by reason of delays or hindrances by the City in the operation of the Tour Boat service pursuant to this License Agreement.

Section 7.06 Non-Liability Of Public Officials.

No official, employee or agent of the City will be charged personally by the Licensee, or by any assignee or Subcontractor of the Licensee, with any liability or expense under any term or provision of this License Agreement, or because of the City's execution or attempted execution of any term of this License Agreement, or because of any breach hereof.

Article 8.

Default, Remedies And Termination.

Section 8.01 Events Of Default.

The following will constitute events of default under this License Agreement:

A. any material misrepresentation made by the Licensee to the City in connection with this License Agreement;

B. adding or removing any Tour Boat from service without the express written approval of the Director, or replacing a Tour

Boat with another Tour Boat without the express written approval of the Director;

C. failure to adhere to a material term of this License Agreement; and

D. failure to pay yearly license fees, or any other fees or charges, when such charges are due and payable according to the terms of this License Agreement.

Section 8.02 Remedies.

The occurrence of any event of default which the Licensee has failed to cure within thirty (30) business days after receipt of written notice and specifying the event of default or which, if such event of default cannot be reasonably cured within thirty (30) calendar days after notice, the Licensee has failed, in the sole opinion of the Director, to commence and continue diligent efforts to cure, may, at the sole option of the Director, permit the Director to declare the Licensee in default. Whether to declare the Licensee in default is within the sole discretion of the Director and neither that decision nor the factual basis for it is subject to review or challenge under Section 9.06 of this License Agreement. Written notice of the default, and any intention of the Director to terminate this License Agreement, will be provided to the Licensee, and such decision will be final and effective upon the Licensee's receipt of such notice. Upon the giving of notice, the Department may invoke any or all of the following remedies:

A. the right to terminate this License Agreement, in whole or in part;

B. the right of specific performance, an injunction or any other appropriate equitable remedy;

C. the right to money damages, including special and consequential damages;

D. the right to deem the Licensee non-responsive in future contracts to be awarded by the City; and

E. the right to draw on the letter of credit.

Upon the occurrence of an event of default, the Director may elect not to terminate this License Agreement or, alternatively, elect not to declare a default. The parties acknowledge that this provision is solely for the benefit of the City and that if the Director, on behalf of the City, permits the Licensee to continue to operate under this License Agreement despite one or more events of default, the Licensee will in no way be relieved of any of its

responsibilities, duties or obligations under this License Agreement nor will the City waive or relinquish any of its rights.

The remedies under the terms of this License Agreement are not intended to be exclusive of any other remedies, but each and every such remedy will be cumulative and will be in addition to any other remedies, existing now or hereafter, at law, in equity or by statute. No delay or omission to exercise any right or power accruing upon any event of default will impair any such right or power nor will it be construed as a waiver of any event of default or acquiescence thereto, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

Any waiver of any breach of this License Agreement will not be deemed or considered as a continuing waiver and will not operate to bar or prevent the City from proceeding under the provisions of this agreement.

Section 8.03 Early Termination.

In addition to the City's right to terminate contained in Section 8.02 of this License Agreement, the Director may terminate this License Agreement, at any time by giving thirty (30) days prior written notice to the Licensee, if, in the sole discretion of the Director, the Director determines that such termination is in the best interest of the City. If the Director elects to terminate this entire License Agreement, the Licensee will terminate all Tour Boat services within twenty (20) business days after the issuance of such notice.

Payment to the Department of any sums remaining to be paid under this License Agreement will be made by the Licensee on a pro rata basis: calculation of the pro rata share will be predicated upon the season during which the Licensee is licensed to operate on the Chicago River, as specified in Section 6.01 of this agreement.

Upon termination of this License Agreement the Licensee will at once surrender possession of the Location(s). If possession is not immediately surrendered, the City may take possession of the Location(s) and expel or remove the Licensee and those claiming by, through, or under it, by force if necessary, without civil or criminal liability.

Any license fees and compensation previously received by the City will be retained by the City.

The Licensee will pay and discharge all costs, expenses, and attorney's fees which might be incurred by the City in enforcing the covenants of this License Agreement.

Article 9.

Special Conditions.

Section 9.01 Warranties And Representations.

In connection with the execution of this License Agreement, the Licensee warrants and represents:

A. That it is financially solvent; that it and each of its employees, agents, and Subcontractors of any tier are competent to perform as required under this License Agreement; and that the Licensee is legally authorized to execute and perform, or cause to be performed, this License Agreement under the terms and conditions stated herein; and

B. That no officer, agent or employee of the City is employed by the Licensee or has a financial interest directly or indirectly in this License Agreement or the compensation to be paid hereunder except as may be permitted in writing by the Board of Ethics established pursuant to Chapter 2-156 of the Code; that no payment, gratuity or offer of employment will be made by or on behalf of any Subcontractors to the Licensee in connection with this License Agreement or to higher tier Subcontractors or anyone associated therewith, as an inducement for the award of a subcontract or order; and the Licensee further acknowledges that any agreement entered into, negotiated or performed in violation of any of the provisions of Chapter 2-156 of the Code will be voidable as to the City; and

C. That the Licensee will not knowingly use the service of any ineligible subcontractor or consultant for any purpose in its performance under this License Agreement; and

D. That the Licensee and its Subcontractors are not in default at the time of the execution of this License Agreement, or deemed by the City's Purchasing Agent to have, within five (5) years immediately preceding the date of this License Agreement, been found to be in default under any contract awarded by the City; and

E. That the Licensee has carefully examined and analyzed the provisions and requirements of this License Agreement; that it understands the nature of its obligations hereunder; that, from its own analysis, it has satisfied itself as to the nature of all things needed for the performance of this License Agreement, and all matters which in any way may affect this License Agreement or its performance; and that the time available to it for such examination and analysis was adequate; and that it was permitted access to any person or information controlled by the City in connection with its examination and analysis of this License Agreement.

Before submitting a proposal, each Tour Boat operator will carefully examine the Request for Proposals and Instructions to Tour Boat Operators, the License Agreement and all other contract documents and bond forms. The Tour Boat operator will inspect in detail the designated Locations and will familiarize itself with all of the local conditions of the docking areas and adjacent land affecting the provision of services at the Locations. The Licensee will be solely responsible for all errors in the Licensee's proposal or losses subsequently incurred by the Licensee as a result of the Licensee's failure to adequately inspect the Locations, the License Agreement or other contract documents; and

F. That this License Agreement is feasible of performance in accordance with all of its provisions and requirements and that the Licensee can and will perform, or cause to be performed, such obligations in strict accordance with the provisions and requirements of this License Agreement; and

G. That, except only for those representations, statements, or promises expressly contained in this License Agreement, including any (sub)exhibits attached hereto and incorporated by reference herein, no representation, statement or promise, oral or in writing, of any kind whatsoever, by the City, its officials, agents, or employees, has induced the Licensee to enter into this License Agreement or has been relied upon by the Licensee, including any with reference to: (i) the meaning, correctness, suitability or completeness of any provisions or requirements of this License Agreement; (ii) the nature of the services to be performed; (iii) the nature, quantity, quality or volume of any materials, equipment, labor and other facilities, needed for the performance of this License Agreement; (iv) the compensation provisions of this License Agreement; or (v) any other matters, whether similar to or different from those referred to in clauses (i) through (iv) immediately above, affecting or having any connection with this License Agreement, the negotiation hereof, any discussions related hereto, the performance hereof or those employed in connection herewith; and

H. That the Licensee was given ample opportunity and time and was requested by the City to review thoroughly all documents forming this License Agreement prior to execution of this License Agreement in order that it might request inclusion in this License Agreement of any statement, representation, promise or provision which it desired or on which it wished to place reliance; that it did so review those documents, and that either every such statement, representation, promise or provision has been included in this License Agreement or else, if omitted, that the Licensee expressly hereby relinquishes the benefit of any such omitted statement, representation, promise or provision and is willing to perform this License Agreement in its entirety without claiming reliance thereon or making any other claim on account of such omission; and

I. That the Licensee and, to the best of its knowledge, its Subcontractors are not in violation of the provisions of Section 2-92-320 of the Code. Section 2-92-320 of the Code states, in pertinent part, that, except as provided for therein, no person or business entity will be awarded a contract or subcontract if that person or business entity or an affiliated entity thereof (as defined in Chapter 2-92 of the Code): (i) has been convicted of bribery or attempting to bribe a public officer or employee of the City, the State of Illinois, or any other public entity, in that officer's or employee's official capacity; or (ii) has been convicted of agreement or collusion among bidders or prospective bidders in restraint of freedom of competition by agreement to bid a fixed price, or otherwise; or (iii) has made an admission of guilt to such conduct described in clause (i) or (ii) above which is a matter of record but has not been prosecuted for such conduct. Ineligibility under Section 2-92-320 of the Code will continue for three (3) years following such conviction or admission. For purposes of Section 2-92-320 of the Code, when an official or employee of a business entity has committed any offense under such section on behalf of such an entity and pursuant to the direction or authorization of a responsible official thereof, the business entity will be chargeable with the conduct.

In connection herewith the Licensee has executed a certification as required under the Illinois Criminal Code, 720 ILCS 5/33E-11 (1989), as amended, and under the Illinois Municipal Code, 65 ILCS 5/11-42-H (1989) (1990 Supp.), as amended. Prior to entering into any contractual relationship with any third party in order to perform under this License Agreement, the Licensee will conduct a diligent investigation in order to determine compliance with this section. If after the Licensee enters into such a contractual relationship with a third party, it is determined that such contractual relationship is in violation of this subsection, the Licensee will immediately cease to use such third party in performing under this License Agreement. In all cases in which the Licensee enters into a contractual relationship with such third parties, the terms of such contract will provide that the Licensee will be entitled to recover all payments made by the Licensee to such third party if prior to or subsequent to the beginning of such contractual relationship, the use of such third party in order to perform under this License Agreement would be in violation of this subsection; and

J. That the Licensee acknowledges that the City, in its selection of the Licensee to perform hereunder, materially relied upon Licensee's representations, oral and written; that the aforesaid representations were accurate at the time made; that except as affected by this License Agreement, no material changes in the Licensee's representations have been or will be made without the express knowledge and consent of the City; and that the City relied, among other things during negotiations for this License Agreement on the Licensee's representations that the Licensee holds itself to very high standards of quality and professionalism as a Tour Boat operator; and

K. That it will be the duty of the Licensee and all Subcontractors and all officers, directors, agents, partners, and employees of the Licensee and all Subcontractors to cooperate with the Inspector General of the City in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Code. The Licensee understands and will abide by all provisions of Chapter 2-56 of the Code. Further, the Licensee agrees to inform all its Subcontractors (if any) of this provision and to require understanding and compliance herewith; and

L. That the Licensee has in effect a valid certificate of service authority to operate Tour Boat service granted by the U.S.C.G., a copy of which is attached hereto; and

M. In accordance with Section 2-92-580 of the Municipal Code of the City of Chicago, if the Licensee conducts any business operations in Northern Ireland, it is hereby required that the Licensee will make all reasonable and good faith efforts to conduct any business operations in Northern Ireland in accordance with the MacBride Principles for Northern Ireland as defined in Illinois Public Act 85-1390 (1988 Ill. Laws 3220); and

N. The Licensee agrees that it has examined the Location(s) and appurtenant land prior to the submission of Licensee's proposal, and further, the Licensee agrees that the Location(s) are in a safe condition and in good repair.

Section 9.02 Business Documents And Contractor's Affidavit.

The Licensee will provide copies of its latest articles of incorporation, bylaws and resolutions, and evidence of its authority to do business in the State of Illinois including, without limitation, registrations of assumed names and certifications of good standing with the Office of the Secretary of State of Illinois.

The Licensee will provide the City with a Contractor's Affidavit, a completed copy of which is attached hereto and incorporated by reference herein as (Sub)Exhibit D. The Licensee will further cause its Subcontractors or, if any Subcontractor is a partnership or joint venture, all members of the partnership or joint venture, to submit all such documents to the City.

Section 9.03 Conflict Of Interest.

This License Agreement is subject to, and the Licensee will comply with and avoid engaging in any acts or conduct which would result in or entice any third party to commit a violation of, Chapter 2-156 of the Code.

No member of the governing body of the City or other unit of its government and no other official, officer, employee or agent of the City or other unit of its government will have any personal, financial, or economic interest, direct or indirect, in this License Agreement, or any subcontract resulting herefrom.

Section 9.04 Independent Contractor.

This License Agreement is not intended to and will not constitute, create, give rise to, or otherwise recognize a joint venture, partnership, corporation or other formal business association or organization of any kind between the parties, and the rights, and the obligations of the parties will be only those expressly set forth in this License Agreement.

Section 9.05 Nondiscrimination.

A. Federal Requirements.

It will be an unlawful employment practice for the Contractor (1) to fail or refuse to hire or to discharge any individual, or otherwise to discriminate against any individual with respect to his compensation, or the terms, conditions, or privileges of his employment, because of such individual's race, color, religion, sex, age, handicap or national origin; or (2) to limit, segregate, or classify his employees or applicants for employment in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect his status as an employee, because of such individual's race, color, religion, sex, age, handicap or national origin.

Contractor shall comply with The Civil Rights Act of 1964, 42 U.S.C. Sec. 2000, et seq. (1988), as amended. Attention is called to: Exec. Order No. 11,246, 30 Fed. Section 9.06 Disputes.

In the event of any dispute between the City and the Licensee which the City and the Licensee have attempted, but been unable, to resolve relating to any question of fact arising under this License Agreement, a request for resolution will be submitted to the Purchasing Agent for final determination. The Purchasing Agent may consider issues of contract interpretation in connection with decisions to be made in resolving disputes. This clause excludes disputes concerning breach of contract, default or termination of this License Agreement.

Requests for determination of disputes will be made by the Licensee in writing specifically referencing this section, and will include: 1) the issue(s) presented for resolution; 2) a statement of the respective positions of the Licensee and the City; 3) the facts underlying the dispute; 4) reference to the applicable provisions of this License Agreement by page and section; 5) identity of any other persons believed to be necessary to the resolution; 6) all documentation which describes and relates to the request. The City will have thirty (30) business days to respond in writing to the dispute by supplementing the submission or providing its own submission to the Purchasing Agent. Failure by the City to respond will not be deemed to be an admission of any allegations made in the request for dispute resolution, but will be deemed to constitute a waiver of the opportunity to respond to such allegation(s). The Purchasing Agent's decision may thereafter be reached in accordance with such other information or assistance as he may deem reasonable, necessary or desirable.

The Purchasing Agent's final decision will be rendered in writing no more than forty-five (45) business days after the response of the City was filed or was due unless the Licensee and the City consent to an extension of time for the decision. The Purchasing Agent's decision shall be conclusive, final, and binding on all parties.

The Licensee will not withhold performance as required pursuant to this License Agreement during the dispute resolution period. However, Licensee's participation in dispute resolution under this clause will not act as a waiver of the Licensee's rights to contest the Purchasing Agent's decision by pursuing any remedies available at law or in equity except if this License Agreement is terminated pursuant to Section 8.03 hereof.

Section 9.07 Subcontracts And Assignments.

The Licensee will not assign, subcontract, subconcede, lease, delegate or otherwise transfer ("Transfer") all or any part of its rights or obligations under this License Agreement or any part hereof without the express written consent of the Director. Such written consent will not be unreasonably withheld. The absence of such provision or written consent will void the attempted Transfer which will be of no effect as to this License Agreement. The City expressly reserves the right to assign or otherwise Transfer all or any part of its interests hereunder.

All Transfers to which the Director consents will, regardless of form, be deemed conditioned upon performance by the transferee in accordance with the terms and conditions of this License Agreement. If any transferee fails to observe or perform the terms and conditions of this License Agreement to the satisfaction of the Director, the Department will have the absolute right, upon thirty (30) days written notice, to rescind its approval and to require the performance of this License Agreement by the Licensee itself or by a City-approved transferee as the Director may appoint. Any approval for use of a transferee in the performance of any service under this License Agreement will under no circumstances operate to relieve the Licensee of any of its obligations or liabilities hereunder.

The Licensee, upon entering into any Transfer, will furnish the Director with five (5) copies of all documentation thereof. All documents of Transfer will contain provisions that require the service to be performed in strict accordance with the requirements of this License Agreement and will provide that the transferee is subject to all the terms of this License Agreement and is subject to the additional approval of the Purchasing Agent.

In the event the Licensee is presented with a request for documents by any administrative agency or with a subpoena duces tecum regarding any documents which may be in its possession by reason of this License Agreement, the Licensee will immediately give notice to the Department and the Corporation Counsel. The City may contest such process by any means available to it before such records or documents are submitted to a court or to any person, provided, however, that the Licensee will not be obligated to withhold delivery beyond the time as may be ordered by the court or administrative agency, unless the subpoena or request is quashed or the time to produce is otherwise extended.

Notes 1 -- 5 For Section III, Contractor Certification.

1. In accordance with Chapter 2-92, Section 2-92-320 of the Municipal Code of Chicago, the Contractor or a Subcontractor shall be chargeable with the conduct of an affiliated entity. Business entities are affiliated if, directly or indirectly, one controls or has the power to control the other, or if a third person controls or has the power to control both entities. Indicia of control include without limitation: interlocking management or ownership identity of interests among family members; shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity under Chapter 2-92, Section 2-92-320 of the Chicago Municipal Code, using substantially the same management, ownership or principals as the ineligible entity.

2. No corporation shall be barred from contracting with any unit of state or local government as a result of a conviction, under either Section 33E-3 or Section 33E-4 of Article 33 of the State of Illinois Criminal Code of 1961, as amended, or any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty, or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent on behalf of the corporation as provided in paragraph (2) of Subsection (a) of Section 5-4 of the State of Illinois Criminal Code.

3. For purposes of Section III A of this Certification, a person commits the offense of and engages in bid-rigging when he knowingly agrees with any person who is, or but for such agreement should be, a competitor of such person concerning any bid submitted or not submitted by such person or another to a unit of state or local government when with the intent that the bid submitted or not submitted will result in the award of a contract to such person or another and he either (1) provides such person or receives from another information concerning the price or other material term or terms of the bid which would otherwise not be disclosed to a competitor in an independent noncollusive submission of bids or (2) submits a bid that is of such a price or other material term or terms that he does not intend the bid to be accepted, 720 ILCS 5/33E-3.

4. For purposes of Section IIIA of this Certification, a person commits the offense of and engages in bid-rotating when, pursuant to any collusive scheme or agreement with another, he engages in a pattern over time (which, for the purposes hereof, shall include at least three (3) contract bids within a period of ten (10) years, the most recent of which occurs after January 1, 1989) of submitting sealed bids to units of state or local government with the intent that the award of such bid rotates, or is distributed among, persons or business entities which submit bids on a substantial number of the same contract, 720 ILCS 5/33-E-4.

5. 65 ILCS 5/11-42.1-1 provides that a municipality may not enter into a contract or agreement with an individual or other entity that is delinquent in the payment of any tax administered by the Illinois Department of Revenue unless the contracting party is contesting, in accordance with the procedures established by the appropriate Revenue Act, its liability for the tax or the amount of the tax or unless the contracting party has entered into an agreement to pay the tax and is in compliance with the Agreement. Notwithstanding the above, the municipality may enter into the contract if the contracting authority for the municipality determines that:

(1) the contract is for goods or services vital to the public health, safety, or welfare; and

(2) the municipality is unable to acquire the goods or services at a comparable price and of comparable quality from other sources.

IV.

(To Luxury Yachts Ltd. License Agreement)

Special Conditions Regarding Minority Business Enterprise Commitment And Women Business Enterprise Commitment For Tour Boat Licensees.

I. Policies, Goals And Terms.

A. In accordance with Section 2-92-420, et seq. of the Municipal Code of Chicago, it is the policy of the City of Chicago that Local Businesses certified as Minority Business Enterprises ("M.B.E.s") and Women Business Enterprises ("W.B.E.s") shall have the maximum opportunity possible to participate in the performance of all contracts, including this License Agreement. The Purchasing Agent has established a goal of awarding not less than twenty-five percent (25%) of the annual dollar value of all contracts to certified M.B.E.s and five percent (5%) of the annual dollar value of all contracts to certified W.B.E.s.

B. These goals may be met by (1) the Licensee's status as an M.B.E. or W.B.E., (2) by a joint venture with one or more M.B.E.s or W.B.E.s as Licensee (to the extent of the M.B.E. or W.B.E. participation in such joint venture), (3) by subcontracting a portion of the licensed activities to one or more M.B.E.s or W.B.E.s, (4) by the purchase of goods and services used in the course of the activities provided for in the License Agreement from one or more M.B.E.s or W.B.E.s, (5) by the indirect participation of an M.B.E. or W.B.E. ("Indirect Participants") in other aspects of the Licensee's business (but no dollar value of such indirect M.B.E. or W.B.E. participation shall be credited more than once against a Licensee's M.B.E. or W.B.E. commitment with respect to all subcontractors of Licensee), or (6) by any combination of the foregoing. Note: M.B.E./W.B.E. participation goals are separate and those businesses certified with the City of Chicago as both an M.B.E. and W.B.E. shall not be credited more than once against a Licensee's M.B.E. or W.B.E. commitment in the performance of the License Agreement.

C. As noted above, the Licensee may meet all or part of these goals by contracting with M.B.E.s or W.B.E.s for the provision of goods or services not directly related to the activities undertaken under this License Agreement. However, in determining the manner of M.B.E./W.B.E. participation, the Licensee shall first consider involvement of M.B.E.s/W.B.E.s as joint venture partners, subcontractors, and suppliers of goods and services directly related to the activities undertaken under this License Agreement. In appropriate cases, the Purchasing Agent may require the Licensee to demonstrate the specific efforts undertaken by it to involve M.B.E.s and

W.B.E.s directly in the activities undertaken under this Licensee Agreement.

D. The Licensee also may meet all or part of this commitment through credits received pursuant to Section 2-92-530 of the Municipal Code of Chicago for the voluntary use of M.B.E.s or W.B.E.s in private sector projects.

II. Definitions.

A. "Minority Business Enterprise" or "M.B.E." means a firm awarded certification as a minority-owned and controlled business in accordance with City Ordinances and Regulations.

B. "Women Business Enterprise" or "W.B.E." means a firm awarded certification as a women-owned and controlled business in accordance with City Ordinances and Regulations.

C. "Directory" means the Directory of Certified "Disadvantaged Business Enterprises", "Minority Business Enterprises" and "Women Business Enterprises" maintained and published by the Purchasing Agent. The Directory identifies firms that have been certified as M.B.E.s and W.B.E.s, and includes both the date of their last certification and the area of specialty in which they have been certified. Licensees are responsible for verifying the current certification status of all proposed M.B.E. and W.B.E. firms.

D. "Area of Specialty" means the description of a M.B.E. or W.B.E. firm's business which has been determined by the Purchasing Agent to be most reflective of the M.B.E. or W.B.E. firm's claimed specialty or expertise. Each M.B.E./W.B.E. letter of certification contains a description of the firm's Area of Specialty. This information is also contained in the Directory. Credit toward this License Agreement's M.B.E. and W.B.E. participation goals shall be limited to the participation of firms performing within their Area of Specialty.

Notice: The City does not make any representation concerning the ability of any M.B.E./W.B.E. to perform work within their Area of Specialty. It is the responsibility of all Licensees to determine the capability and capacity of M.B.E.s/W.B.E.s to satisfactorily perform the work proposed.

E. "Joint Venture" means an association of two (2) or more businesses to carry out a single business enterprise for profit, and for which purpose they combine their expertise, property, capital, efforts, skill and knowledge. Licensees may develop joint venture agreements as an instrument to provide participation by M.B.E.s and W.B.E.s in contract work. A Joint Venture seeking to be credited for M.B.E./W.B.E. participation may be formed among certified M.B.E./W.B.E. firm(s) or between certified M.B.E./W.B.E. firm(s) and non-M.B.E./W.B.E. firm(s).

A Joint Venture is eligible for M.B.E./W.B.E. credit if the M.B.E./W.B.E. partner(s) share in the ownership, control, management responsibilities, risks and profits of the Joint Venture, and are responsible for a clearly defined portion of work to be performed, in proportion with the M.B.E./W.B.E. ownership percentage.

III. Counting M.B.E./W.B.E. Participation Toward The License Agreement Goals.

A. The inclusion of any M.B.E. or W.B.E. in the Licensee's M.B.E./W.B.E. Utilization Plan shall not conclusively establish the Licensee's right to full M.B.E./W.B.E. credit for that firm's participation in the License Agreement.

B. The Purchasing Agent reserves the right to deny or limit M.B.E./W.B.E. credit to the Licensee where any M.B.E. or W.B.E. is found to be engaged in substantial subcontracting or pass-through activities with others. In this regard, a Licensee may count toward its M.B.E. and W.B.E. goals only expenditures to firms that perform a commercially useful function. A firm is considered to perform a commercially useful function when it is responsible for the performance of a clearly defined and distinct element of work and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To determine whether a firm is performing a commercially useful function, the Purchasing Agent shall evaluate the amount of work subcontracted, industry practices, and other relevant factors. The amount of M.B.E./W.B.E. participation credit shall be based upon an analysis by the Purchasing Agent of the specific duties that will be performed by the M.B.E. or W.B.E.. Each M.B.E./W.B.E. shall be expected to actually perform a substantial (i.e., more than eighty-five percent (85%)) portion of the work contemplated for it by any subcontract or agreement through the use of its own employees and equipment.

Information requested by the Purchasing Agent may include, without limitation: (1) specific information concerning brokers' fees and/or commissions; (2) intended sub-suppliers or other sources of goods and/or services; and (3) specific financial or other risks to be assumed by the M.B.E./W.B.E..

C. Credit for the participation of M.B.E.s/W.B.E.s as Joint Venture partners shall be based upon an analysis of the duties, responsibilities and risks undertaken by the M.B.E./W.B.E. as specified by the Joint Venture's executed Joint Venture agreement. The Purchasing Agent reserves the right to deny or limit M.B.E./W.B.E. credit to the Licensee where any M.B.E./W.B.E. Joint Venture partner is found to have duties, responsibilities, risks or loss and management control over the Joint Venture that is not commensurate with or in proportion to its Joint Venture ownership.

IV. Regulations Governing Fulfillment Of M.B.E./W.B.E Goals.

A. Direct/Indirect Participation.

The terms of either Subsection 1 or Subsection 2 below should be present in order to allow the Purchasing Agent to determine whether or not the level of M.B.E./W.B.E. participation proposed by the Licensee is appropriate and acceptable to the City, which decision shall be made by the Purchasing Agent in the sole discretion of the Purchasing Agent:

1. If the M.B.E./W.B.E. participation levels are lower than the twenty-five percent (25%) and five percent (5%) goals, the party submitting the proposal should document the unsuccessful solicitation for either subcontractors or Joint Venture partners of at least fifty percent (50%) (or at least five (5) when there are more than eleven (11) certified firms in the commodity area) of the appropriate certified M.B.E./W.B.E. firms to perform any direct or indirect work identified or related to the advertised license. Direct participation involves subcontracting a portion of the goods/services specifically set forth in the License Agreement as directly licensed thereunder. Indirect participation is the subcontracting of goods/services not specifically related to the Licensee's activities under the License Agreement. Documentation should include but is not necessarily limited to:

   a. A detailed statement of efforts to identify and select portions of activities related to the Licensee's operations under the License Agreement for subcontracting to certified M.B.E./W.B.E. firms;

   b. A listing of all M.B.E./W.B.E. firms contacted that includes:

      i) names, address and telephone numbers of M.B.E./W.B.E. firms solicited;

      ii) date and time of contact;

      iii) method of contact (written, telephone, transmittal of facsimile documents, et cetera); and

   c. Copies of letters or any other evidence of mailing that substantiates outreach to M.B.E./W.B.E. vendors that includes:

i) project identification and location;

ii) classification/commodity of items for which quotations were sought;

iii) date, item and location for acceptance of subcontractor proposals;

iv) detailed statement which summarizes direct negotiations with appropriate M.B.E./W.B.E. firms for specific portions of the licensed activities and indicates why negotiations were unsuccessful;

v) affirmation that good faith efforts have been demonstrated by choosing subcontracting opportunities likely to achieve M.B.E./W.B.E. goals by not imposing any limiting conditions which were not mandatory for all subcontractors; or denying the benefits ordinarily conferred on M.B.E./W.B.E. subcontractors for the type of contract that was solicited,

Or

2. Subcontractor participation may be deemed excessively costly when the M.B.E./W.B.E. subcontractor proposal exceeds the average price quoted by more than twenty percent (20%). In order to establish that a subcontract's quote is excessively costly, the party submitting the proposal should provide the following information:

a. A detailed statement of the work identified for M.B.E./W.B.E. participation, for which work the party submitting the proposal asserts that the M.B.E./W.B.E. participation levels quoted were excessively costly (in excess of twenty percent (20%) higher than expected), which shall include:

i) a listing of all potential subcontractors contacted for a quotation on that work item;

ii) prices quoted for the subcontract in question by all such potential subcontractors for that work item.

b. Other documentation which demonstrates to the satisfaction of the Purchasing Agent that the M.B.E./W.B.E. participation levels quoted are excessively costly, even though not in excess of twenty percent (20%) higher than the average price quoted. This determination will be based on factors that include, but are not limited to, the following:

i) the City's estimate for the work under a specific subcontract;

ii) the estimate of the party submitting the proposal of the dollar amount of the subcontracted services or supplies;

iii) an average of the bona fide prices quoted for the subcontract;

iv) demonstrated increase in other contract costs as a result of subcontracting to the M.B.E./W.B.E. or other firm.

B. Assist Agency Participation.

Every proposal should include evidence that the prospective Licensee has provided timely notice of the need for subcontractors to an appropriate association/assist agency representative of the M.B.E./W.B.E. business community.

The notice requirement of this section may be satisfied if a party submitting a proposal contacts at least one of the associations on Attachment A to these Regulations at a reasonable time prior to the submission of the proposal. Attachment B to these Regulations provides the letter format that a Licensee may use. Proof of notification (e.g. certified mail receipt or facsimile transmittal receipt) may be required for all proposals in order for such proposal to be deemed responsive on the date of proposal opening. If deemed appropriate, the Purchasing Agent may contact the assist agency for verification of notification.

C. Impracticability.

1. If the Purchasing Agent determines that a lesser M.B.E. and/or W.B.E. percentage standard is appropriate with respect to a particular requirement, the License Agreement shall contain a statement of the revised standard.

2. The goals set forth in these Regulations shall not apply where the Purchasing Agent determines prior to the proposal solicitations that M.B.E./W.B.E. subcontractor participation is impracticable. This may occur whenever the Purchasing Agent determines that for reasons of time, need, industry practices or standards not previously known by the Purchasing Department administrator, or such other extreme circumstances as may be deemed appropriate, a lessor participation level is in the best interests of the City. This determination may be made in connection with a particular License Agreement during the selection process, or during the performance of the License Agreement.

For all notifications required to be made by parties submitting proposals, in situations where the Purchasing Agent has determined that time is of the essence, documented telephone contact may be substituted for letter contact.

V. Procedure To Determine Proposal Compliance.

The following schedules and described documents constitute the M.B.E./W.B.E. proposal of the party submitting the proposal, and the schedules and documents should be submitted in accordance with the guidelines stated:

A. Schedule C-1: Letter Of Intent From M.B.E./W.B.E. To Perform As Subcontractor, Supplier And/Or Consultant.

A Schedule C-1 executed by the M.B.E./W.B.E. (or Schedule B for Joint Venture Subcontractor) should be submitted by the party submitting the proposal for each M.B.E./W.B.E. included on their Schedule D-1 and should accurately detail the work to be performed by the M.B.E./W.B.E. and the agreed rates and prices to be paid.

If any fully completed and executed Schedule C-1 is not submitted with the proposal, it should be received by the Purchasing Agent within ten (10) days of the proposal opening. (All post proposal-opening submissions should be in triplicate with original signatures on all documents). Failure to submit a completed Schedule C-1 in accordance with this section shall entitle the City to deem the proposal non-responsive, and, upon such determination, the City may reject the proposal.

B. Letters Of Certification.

A copy of each proposed M.B.E./W.B.E. firm's current Letter of Certification from the City of Chicago should be submitted with the proposal.

All Letters of Certification issued by the City of Chicago include a statement of the M.B.E./W.B.E. firm's Area of Speciality. The M.B.E./W.B.E. firm's scope of work, as detailed by their Schedule C-1, should conform to their stated Area of Specialty.

C. Joint Venture Agreements.

If the M.B.E./W.B.E. proposal includes the participation of a M.B.E./W.B.E. as Joint Venture on any tier (either as the proposer or as a subcontractor), the party submitting the proposal should provide a copy of the Joint Venture agreement and a Schedule B.

In order to demonstrate the M.B.E./W.B.E. partner's share in the ownership, control, management responsibilities, risks and profits of the Joint Venture, the proposed Joint Venture agreement should include specific details related to: (1) contributions of capital and equipment; (2) work responsibilities or other performance to be undertaken by the M.B.E./W.B.E.; and (3) the commitment of management, supervisory and operative personnel employed by the M.B.E./W.B.E. to be dedicated to the performance of the License Agreement. The Joint Venture agreement should also clearly define each partner's authority to contractually obligate the joint venture and each partner's authority to expend Joint Venture funds (e.g., check signing authority).

D. Required Schedules Regarding M.B.E./W.B.E. Utilization.

Parties submitting proposals should submit, together with the proposal, a completed Schedule D-1 committing them to the utilization of each listed M.B.E./W.B.E. firm.

Each party submitting a proposal should commit to the expenditure of a specific dollar amount of participation by each M.B.E./W.B.E. firm included on their Schedule D-1. The total dollar commitment to proposed M.B.E.s should at least equal the M.B.E. goal, and the total dollar commitment to proposed W.B.E.s should at least equal the W.B.E. goal. Parties submitting proposals are responsible for calculating the dollar equivalent of the M.B.E. and W.B.E. goals as percentages of their total proposed yearly license fee.

All commitments made by the party submitting a proposal on such party's Schedule D-1 should conform to those presented in the submitted Schedule C-1. If Schedule C-1 is submitted after the proposal opening (See Section V(A) above), the party submitting the proposal may submit a revised Schedule D-1 (executed and notarized in triplicate to conform with the Schedule C-1). Except in cases where substantial and documented justification is provided, parties submitting proposals will not be allowed to reduce the dollar commitment made to any M.B.E. or W.B.E. in order to achieve conformity between the Schedules C-1 and D-1.

All commitments for Joint Venture agreements should be delineated on a Schedule B form.

VI. Reporting Requirements During The Term Of The License Agreement.

A. Not later than fifteen (15) days from the execution by the City of a License Agreement by the City, the Licensee shall execute formal agreements or purchase orders with the M.B.E.s and W.B.E.s included in their approved M.B.E./W.B.E. Utilization Plan. These written agreements should be submitted, complete, within said fifteen (15) days, unless the Purchasing Agent allows for a longer period of time.

B. During the term of the License Agreement, the Licensee shall submit regular "M.B.E./W.B.E. Utilization Reports", a copy of which is attached. The frequency with which these reports are to be submitted will be determined by the Purchasing Agent, but in no case will reports be required less often than on a yearly basis. In the absence of written notice from the Purchasing Agent, the Licensee's first "M.B.E./W.B.E. Utilization Report" will be due ninety (90) days after the effective date of the License Agreement, and reports will be due yearly thereafter.

C. "M.B.E./W.B.E. Utilization Reports" are to be submitted directly to: Department of Purchases, Contracts and Supplies, Division of Contract Monitoring and Compliance, City Hall, Room 400, 121 North LaSalle Street, Chicago, Illinois 60602.

D. The Purchasing Agent shall be entitled to examine, on five (5) business days notice, the Licensee's books and records including without limitation payroll records, tax returns and records, and books of account, to determine whether the Licensee is in compliance with its commitment to M.B.E./W.B.E. participation and the status of any M.B.E. or W.B.E. performing any portion of the contract. Such rights are in addition to any other audit inspection rights contained in the contract.

VII. M.B.E./W.B.E. Substitutions.

Changes by the Licensee of the commitments earlier certified in the Schedule D-1 are prohibited. In some cases, however, it may become necessary to substitute a new M.B.E. or W.B.E. in order to actually fulfill the accepted M.B.E./W.B.E. participation levels.

The Licensee should notify the Purchasing Agent immediately in writing of the necessity to reduce or terminate a M.B.E./W.B.E. subcontract and to utilize a substitute firm for some phase of work. The Licensee's notification should include the name, address and principal official of the substitute M.B.E./W.B.E. and the dollar value and scope of work of the subcontract. Attached should be all the requisite M.B.E./W.B.E. affidavits and documents, as enumerated above in Section V, "Procedure to Determine Proposal Compliance". The Licensee shall not substitute any City-approved M.B.E. or W.B.E. subcontractor for another, however, without in each instance first receiving the express consent to do so from the Purchasing Agent.

The City will not approve extra payment for escalated costs incurred by the Licensee when a substitution of subcontractors becomes necessary for the Licensee in order to comply with the M.B.E./W.B.E. goals accepted by the Purchasing Agent.

After the License Agreement is executed by the City, no relief from the M.B.E./W.B.E. goals accepted by the City will be granted by the City except in exceptional circumstances. After the execution of this License Agreement, requests for complete or partial waiver of the accepted M.B.E./W.B.E. participation levels for a License Agreement should be made in writing, stating all details of the request, the circumstances, and any additional relevant information. Such requests should be accompanied by a record of all efforts taken by the Licensee to locate specific firms, solicit M.B.E./W.B.E. proposals, seek assistance from technical assistance agencies, et cetera, as outlined above.

VIII. Noncompliance And Remedies.

The following events constitute material breaches of this License Agreement and shall entitle the City to declare a default, terminate the License Agreement and/or exercise those remedies provided for in the License Agreement, at law or in equity:

(1) failure to satisfy the M.B.E./W.B.E. percentages set forth in the executed License Agreement; and

(2) disqualification of the Licensee or a subcontractor as an M.B.E. or W.B.E., when such status was a factor in selection of the Licensee to receive a license, and the Licensee's qualifications for M.B.E./W.B.E. status were misrepresented by the Licensee.

In the event that the Licensee is determined not to have been involved in any misrepresentation of the status of a disqualified subcontractor or supplier, the Licensee shall seek to discharge the disqualified subcontractor or supplier, upon proper notification to the Purchasing Agent and shall make every effort to identify and engage a qualified M.B.E. or W.B.E. as its replacement. Continued eligibility to enter into future contracting arrangements with the City may be jeopardized as a result of noncompliance. Payments due to the Licensee may be withheld until corrective action is taken.

IX. Arbitration.

A. In the event a Licensee does not comply with the contractual M.B.E./W.B.E. percentages in its Schedule D, such underutilization shall entitle the affected M.B.E./W.B.E. to recover from the Licensee damages suffered by such entity as a result of being underutilized; provided, however, that this provision shall not apply to the extent such underutilization occurs pursuant to a substitution approved by the City. The ordinance provides that any disputes between the Licensee and such affected M.B.E.s/W.B.E.s regarding damages shall be resolved by binding arbitration before an independent arbitrator other than the City, with reasonable expenses, including attorney's fees, being recoverable by a prevailing M.B.E./W.B.E. in accordance with these regulations. This provision is intended for the benefit of any M.B.E./W.B.E. affected by underutilization and grants such entity specific third party beneficiary rights. Any rights conferred by this regulation are non-waivable and take precedence over any agreement to the contrary, including but not limited to those contained in a subcontract, suborder, or communicated orally between a Licensee and an M.B.E./W.B.E..

B. An M.B.E./W.B.E. desiring to arbitrate shall contact the Licensee in writing to initiate the arbitrative process. Except as otherwise agreed to in writing by the affected parties subject to the limitation contained in the last sentence of the previous paragraph, within ten (10) days of the Licensee receiving notification of the intent to arbitrate from the M.B.E./W.B.E., the above-described disputes shall be arbitrated in accordance with the Commercial Arbitration Rules of the American Arbitration Association ("A.A.A."), a not-for-profit agency, with an office at 225 North Michigan

Avenue, Suite 2527, Chicago, Illinois 60601-7601 (Telephone/facsimile numbers omitted for printing purposes). All such arbitrations shall be initiated by the M.B.E./W.B.E. filing a demand for arbitration with the A.A.A.; shall be conducted by the A.A.A.; and held in Chicago, Illinois.

C. All fees of the arbitrator are the initial responsibility of the M.B.E./W.B.E.; provided, however, that the arbitrator is authorized to award reasonable expenses, including attorney's and arbitrator's fees, as damages to a prevailing M.B.E./W.B.E..

D. The M.B.E./W.B.E. should send the City a copy of the "Demand for Arbitration" within ten (10) days after it is filed with the A.A.A.. The M.B.E./W.B.E. also should send the City a copy of the decision of the arbitrator within ten (10) days of receiving such decision. Judgment upon the award rendered by the arbitrator may be entered in any court of competent jurisdiction.

X. Record Keeping.

The Licensee shall maintain records of all relevant data with respect to the utilization of M.B.E.s/W.B.E.s, and shall continue to retain such records for a period of at least three (3) years after end of the License Agreement. Full access to these records shall be granted to the City of Chicago, federal or state authorities in this project, the United States Department of Justice, or any duly authorized representatives thereof.

XI. Additional Participation.

The City reserves the right to seek additional M.B.E./W.B.E. participation for any proposal and/or to waive any proposal's noncompliance with these Special Conditions.

Said ordinances, as passed, read as follows (the italic heading in each case not being a part of the ordinance):

Cosmopolitan Bank & Trust, Under Trust Number 27418.

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Permission and authority are hereby given and granted to Cosmopolitan Bank & Trust, under Trust Number 27418, upon the terms and subject to the conditions of this ordinance to maintain and use an underground vault adjacent to the premises known as 800 North Clark Street. Said vault is thirteen (13) feet in length and eleven point five (11.5) feet in width for a total of one hundred fifty (150) square feet. Vault is located on West Chicago Avenue side of the premises at approximately 100 West Chicago Avenue. Vault is used for housing a sewer drain and water meter for the building. Authority for the above named privilege is herein granted for a period of five (5) years from and after passage of this ordinance.

The location of said privilege shall be as shown on print hereto attached, which by reference is hereby incorporated and made a part of this ordinance. Such privileges and the structures and appliances herein authorized shall be maintained and used in accordance with all applicable laws, including the ordinances of the City of Chicago, and the directions of the Commissioner of Streets and Sanitation, the Commissioner of Buildings, the Commissioner of Transportation and the Director of Revenue. The grantee shall keep that portion of the public way in, over, under or adjacent to said privilege in good

condition and repair, safe for public travel, free from snow, ice and debris to the satisfaction of the Commissioner of Streets and Sanitation.

SECTION 2. The grantee shall pay to the City of Chicago as compensation for the privileges herein granted the sum of Three Hundred and no/100 Dollars ($300.00) per annum, in advance. In case of termination of the privileges herein granted or the grantee transfers title or vacates its property, the grantee shall, nevertheless, remain liable to the City of Chicago for the annual compensation which shall become due and payable under the provisions hereof, until the structures and appliances herein authorized are removed and the public way is restored as herein required. Further renewal authority for the continued maintenance and use of the public ways as herein described shall be obtained prior to the date of expiration of this ordinance.

SECTION 3. This ordinance is subject to amendment, modification or repeal, and permission and authority herein granted may be revoked by the Mayor of the City of Chicago and the Director of Revenue at their discretion, at any time without the consent of said grantee. Upon termination of the privilege herein granted, by lapse of time or otherwise, the grantee, without cost or expense to the City of Chicago, shall remove the structures and appliances herein authorized and restore the public way where disturbed by said structures or appliances or by the removal thereof, to a proper condition under the supervision and to the satisfaction of the Commissioner of Streets and Sanitation and in accordance with the City Municipal Code.

SECTION 4. In the event of failure, neglect or refusal of grantee so to perform any of its obligations under this ordinance, the City may, at its option, either (a) perform such work and charge the cost thereof to said grantee, or (b) determine what the cost of said work shall be and bill the grantee for said cost, or (c) combine the two methods. Immediately upon receipt of notice of such cost, grantee shall pay the City such amount.

SECTION 5. Grantee shall be responsible and pay for the removal, relocation, alteration, repair, maintenance and restoration of City-owned structures or appliances located in or adjacent to the public way including pavement, bridges, subways, tunnels, vaults, sewers, water mains, conduits, pipes, poles and other facilities and utilities, which are necessary or appropriate on account of grantee's use of the public way. The Commissioner of Streets and Sanitation is hereby authorized, in his or her discretion and from time to time during grantee's use and occupancy of the public way until the restoration of the public way, to determine the work which is or will be necessary or appropriate and the cost involved to perform such work. The Commissioner is authorized to collect a deposit prior to commencing any work and to charge grantee all actual costs for causing all such work to be performed. The decision of such Commissioner shall be final and binding. The grantee, upon receiving written notification from the Commissioner of Streets and Sanitation of the required deposit or the cost of such work, shall immediately pay or deposit such amount as directed by the Commissioner.

SECTION 6. The grantee shall furnish to the Department of Revenue, prior to issuance of the permit for these privileges, a Certificate of Insurance evidencing coverage in an amount not less than One Million and no/100 Dollars ($1,000,000.00) Combined Single Limit with said insurance covering all liability, both Public Liability and Property Damage that may result from the granting of said privilege. The Certificate of Insurance shall name the City of Chicago and its agents and employees as Additional Insureds and shall also clearly indicate that the privileges being granted by this ordinance are covered by insurance policy. Certificates renewing such insurance coverage must be furnished to the Department of Revenue no later than thirty (30) days prior to the expiration of the policy. The aforementioned insurance coverage shall be maintained at all times by the grantee until the structures or appliances described in this ordinance are removed and the public way is restored as herein required.

SECTION 7. The Permittee(s) shall indemnify, keep and save harmless the City of Chicago, its agents and employees against all claims, liabilities, judgments, costs, damages and other expenses which may in any way arise or accrue against, be charged to or recovered from the City, its agents or employees in consequence of the permission given by this ordinance, or any act or thing done or omitted or neglected to be done by the grantee, its agents or employees in and about the construction, reconstruction, maintenance, operation, use or removal of the authorized structures or appliances or the use, operation or restoration of public way as herein required, including those arising from any personal injuries or deaths or damage or destruction of property.

SECTION 8. The permission and authority herein granted shall not be exercised unless and until a permit authorizing such shall have been issued by the Director of Revenue. Such permit shall be conditioned upon the faithful observance and performance of all of the conditions and provisions of this ordinance, including the obligations to indemnify, keep and save harmless the City of Chicago and to provide insurance coverage. Such permit shall not be issued unless and until grantee has filed with the City Clerk a written acceptance of the terms and conditions of this ordinance, and submitted to the Department of Revenue evidence of the required insurance coverage and the first year's compensation.

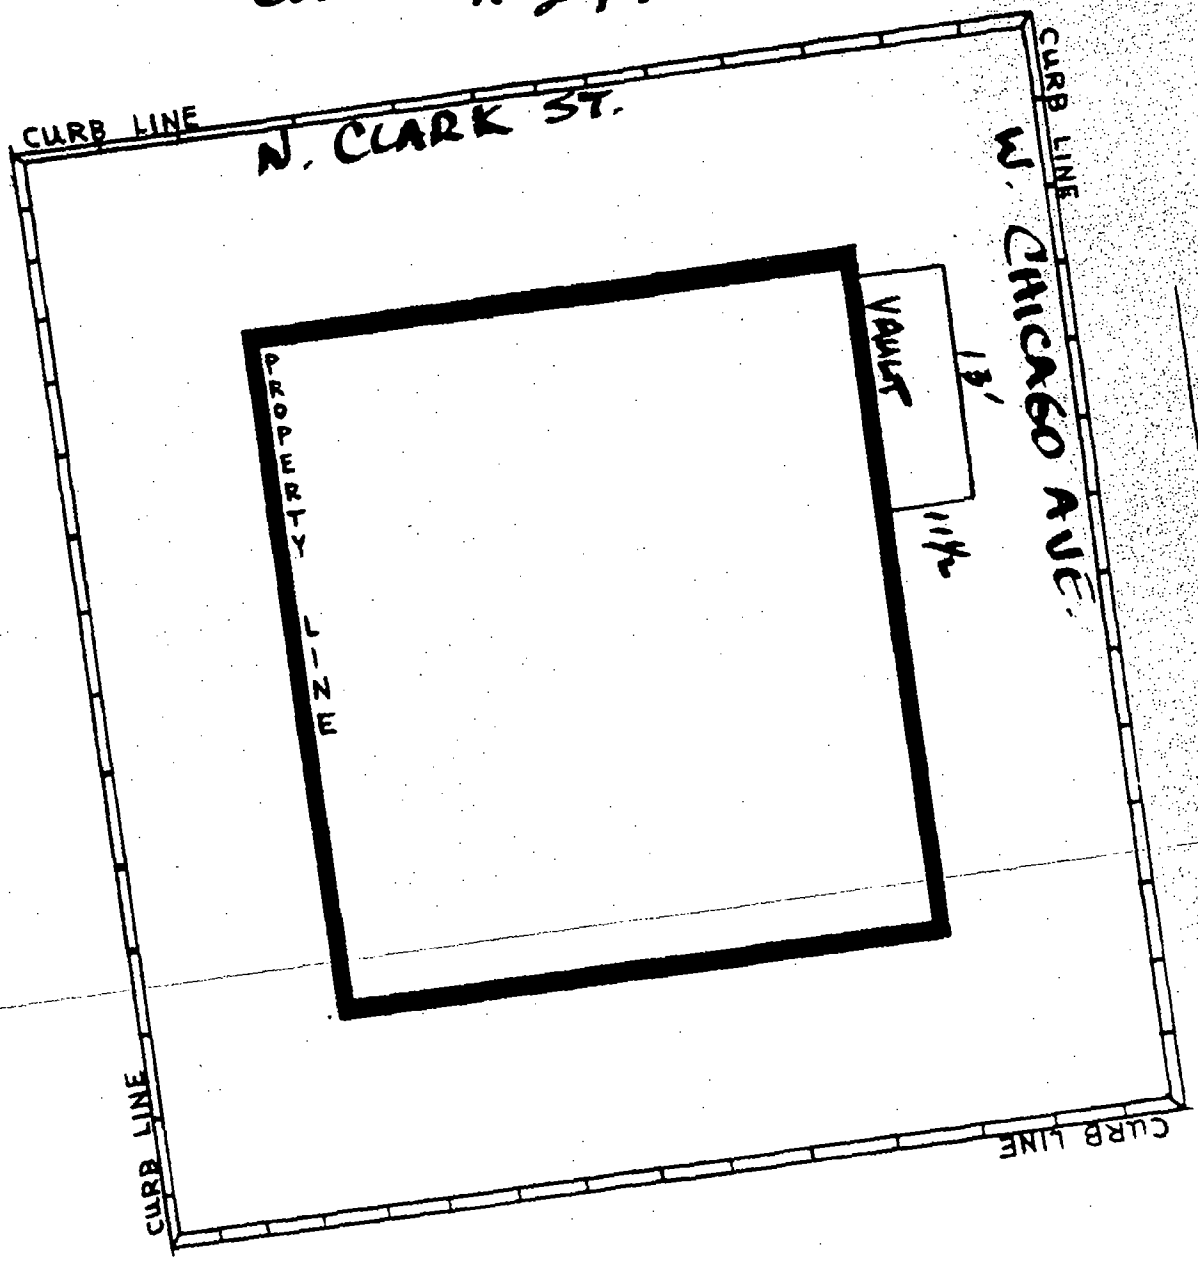

SECTION 9. The permission and authority granted by this ordinance shall not be assignable except upon the approval of the Director of Revenue after full disclosure.

SECTION 10. This ordinance shall take effect and be in force from and after its passage and approval.

ALDERMAN MOORE (49th Ward):

Referred -- BOARD OF DIRECTORS OF ILLINOIS STATE TOLL HIGHWAY AUTHORITY URGED TO HOLD PUBLIC HEARING CONCERNING PROPOSED EXTENSION TO INTERSTATE ROUTE 355.

Alderman Moore presented the following proposed resolution:

WHEREAS, The Illinois State Toll Highway Authority intends to construct an extension of Interstate Route 355 (the I-355 Extension) from its current terminus at Interstate Route 55 through Will County to Interstate Route 80 at a cost of over 650 Million Dollars; and

WHEREAS, The Illinois Department of Transportation intends to expend significant public resources on the I-355 Extension which could otherwise be spent on needed infrastructure improvements in the City of Chicago; and

WHEREAS, These public resources that I.D.O.T. intends to provide include land to be used for right-of-way which it purchased for over Three Million Dollars, project studies for which it paid at least 5.7 Million Dollars and approximately 36 Million Dollars in supporting road improvements; and

WHEREAS, The I-355 Extension, like previous toll highways at the edges of the Chicago metropolitan area, can reasonably be expected to draw residents and employers away from the City of Chicago and to the tollway corridor; and

WHEREAS, Residents of the City of Chicago have used and continue to use the original network of toll highways (the Tri-State, the Northwest and the East-West to Aurora), which have generated enough toll revenue to pay for themselves over four times; and

WHEREAS, These residents of the City of Chicago and other users of the current toll highway network will nevertheless have to continue paying tolls to help finance the I-355 Extension, even though the original roads were supposed to become freeways after they were paid for; and

WHEREAS, The I-355 Extension is the first phase of a longer proposed toll highway that would provide critical western access to a proposed third regional airport in Peotone, Illinois which is opposed by the City of Chicago; and

WHEREAS, The I-355 Extension could reasonably be expected to increase levels of harmful air pollution in Northeastern Illinois, which is already out of compliance with federal health-based air quality standards; and

WHEREAS, The Illinois State Toll Highway Authority is only required to hold a single public hearing, at which five members of its Board of Directors must be present to discuss the I-355 Extension with the public, but that hearing is to be held in Will County along the proposed toll highway; and

WHEREAS, Residents and employers in the City of Chicago have a direct economic, social and environmental interest in the decision on whether to build the I-355 Extension and deserve the opportunity to discuss the proposed toll highway with the Illinois State Toll Highway Authority Board of Directors at a hearing that is easily accessible and convenient to them; now, therefore,

Be It Resolved, That we, the Mayor and the members of the City Council of the City of Chicago, do hereby urge the Board of Directors of the Illinois State Toll Highway Authority to conduct a public hearing in the City of Chicago concerning the proposed I-355 Extension in a time, place and manner that is reasonable and convenient to the residents and employees of the City of Chicago.

Alderman Moore moved to suspend the rules temporarily to permit immediate consideration of and action upon the foregoing proposed resolution. The motion was lost by yeas and nays as follows:

Recitals:

Whereas, Declarant is the Owner and legal titleholder of a certain parcel of real estate in Cook County, Chicago, Illinois, commonly known as 2633 North Lakewood Avenue, Chicago, Illinois, legally described on (Sub)Exhibit A, attached hereto and made a part hereof ("Premises"); and

Whereas, Declarant intends that the Premises be utilized for the construction of one (1) single-family residence ("Intended Use"); and

Whereas, The present zoning for the Premises is M1-2 Restricted Manufacturing District; and

Whereas, In order to construct one (1) single-family residence on the Premises in accordance with Declarant's Intended Use, Declarant intends to effectuate a zoning change for the Premises to R4, a General Residence District; and

Whereas, The City of Chicago ("City") consents to the proposed zoning change to R4, a General Residence District, subject to a restrictive covenant being recorded against the Premises restricting the Premises to the construction of one (1) single-family residence; and

Whereas, Declarant, in consideration of the City's consent to the R4 zoning change, shall encumber the Premises with a restrictive covenant, the terms of which are hereinafter described;

Now, Therefore, For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and for the purposes stated herein, Declarant declares as follows:

1. The recitals set forth hereinabove are fully incorporated herein by this reference.

2. All of the Premises are and shall be held, sold and conveyed subject to the covenants, conditions and restrictions herein stated, all of which shall run with the land and be binding upon all parties now or hereinafter

6. Enforcement of the provisions of this Declaration shall be by any proceeding at law or in equity, brought by the Declarant, its successors or assigns, or the City against any person or persons violating or attempting to violate any covenant, restriction or other provision hereof, either to restrain or prevent such violation or attempted violation or to recover damages, or both. Failure by the Declarant, its successors or assigns, or the City to promptly enforce any covenant, restriction or other provision of this Declaration shall in no event be a bar to enforcement thereafter and shall not waive any rights by the Declarant, its successors or assigns, or the City to so enforce any covenant, restriction or other provision of this Declaration.

7. Invalidation of any covenant, restriction or other provision of this Declaration by judgment or court order shall in no way affect any of the other provisions of this Declaration and such other provisions shall remain in full force and effect.
