The following is said proposed resolution:

WHEREAS, The City of Chicago is the administrative center of the Roman Catholic Archdiocese of Chicago, which has 2.3 million members in Cook and Lake Counties; and

WHEREAS, Pope John Paul II has appointed Archbishop Francis E. George to serve as Archbishop of Chicago; and

WHEREAS, Archbishop George is a native Chicagoan, raised in the Jefferson Park community and nurtured in Saint Pascal's parish; and

WHEREAS, The appointment of Archbishop George represents at the same time a new horizon for his ministry and his homecoming; and

WHEREAS, Since his ordination in 1963, Archbishop George has had a distinguished and varied ministry: he earned two master's degrees and two doctorates; he has taught at the university level; he has served in administrative positions in his religious order, the Oblates of Mary Immaculate, including as their vicar general; and he has been Bishop of Yakima and Archbishop of Portland; and

WHEREAS, Archbishop George's profound faith, his keen intellect, his devotion to social justice, his administrative experience, and his quick sense of humor have all prepared him for the joyous and challenging task of serving as shepherd of his new flock; and

WHEREAS, It is especially appropriate that we welcome our new neighbor with a showing of support; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this fourteenth day of May, 1997, do hereby join the people of the Archdiocese of Chicago in extending our heartiest congratulations to Archbishop Francis E. George on his appointment as Archbishop of Chicago; and

Alderman Natarus moved to reconsider the foregoing vote. The motion was lost.

Alderman Burke moved to *Suspend the Rules Temporarily* for the purpose of extending the privilege of the floor to Archbishop Francis E. George. The motion *Prevailed.*

Speaking from the Clerk's rostrum, Archbishop Francis E. George expressed his gratitude to Mayor Daley and the City Council for the welcome they had extended him and thanked them for their service to the people of Chicago. The Archbishop remembered his own formative years in this "city of neighborhoods" and stated that he would try to be a good neighbor. Reflecting upon the inevitable interconnectivity between the temporal and spiritual realms, Archbishop George observed that a moral foundation underpins law as well as church teachings and with both governing individual conduct, communication between each sphere of influence is a natural result. Archbishop George stated that he looked forward to joining a conversation characterized by "deep mutual respect, civility and understanding on all sides". The archbishop also declared that he would be "very clear and uncompromising in speaking out against the evil of racism, wherever it is found. . .". Racism is not, the archbishop noted, an isolated attitude but rather is derivative of a complex web of fears relating to issues such as housing, property values, personal security and jobs, all of which must be addressed. Declaring that is was impossible to completely differentiate personal from social morality, Archbishop George stated that we "must all work for a healthy moral community" which will necessarily result in a healthy civic community.

Consent, Acknowledgement And Mutual Release.

This document confirms the status of the two (2) leases between the City of Chicago (the "City") and Monarch Air Services, Inc. ("Monarch") and the remaining obligations thereunder, and is being signed in connection with

the execution of an assignment and assumption agreement (the "Assignment and Assumption Agreement") being executed in connection with the sale by Monarch to Signature Flight Support-Midway, Inc. ("Signature") of substantially all of the assets of Monarch (the "Acquisition"). This document (hereinafter referred to as the "Consent and Release") is intended for the benefit of Signature, Monarch and the City.

The leases that are the subject of this document are that certain Hangar, Hangar Site and Commercial Aviation Sales and Support Services Agreement at Chicago Midway Airport dated February 15, 1984, between the City and Monarch as amended on _____, 1997 (the "Monarch West Agreement") and that certain Hangar, Hangar Site and Commercial Aviation Sales and Support Services Agreement at Chicago Midway Airport, between the City and Central Aviation, Inc., dated February 15, 1984, which agreement was assigned by Central Aviation, Inc. to Monarch as approved by the City Council of the City on March 30, 1984 and as amended on November 14, 1984 and as further amended on _____, 1997 (the "Monarch South Agreement"); collectively, the Monarch West Agreement and the Monarch South Agreement being the "Monarch Agreements". The premises described in the Monarch Agreements are defined herein as the "Premises".

Currently, the City and Signature are parties to that certain Hangar, Hangar Site and Commercial Aviation Sales and Support Services Agreement, between the City and Butler Aviation-MDW, Inc., dated February 15, 1984 (the "Signature Agreement"), which agreement was assumed by Signature in connection with the merger of Butler Aviation-MDW, Inc. and Signature.

The parties understand that the Assignment and Assumption Agreement provides for the assignment of Monarch's right under the Monarch Agreements to, and the assumption of obligations under the Monarch Agreements by Signature. The receipt of this Consent and Release by Signature is a pre-condition to Signature's obligation to consummate the Acquisition. In connection with the Acquisition, the City and Signature have agreed to excute and deliver the Amended and Restated Lease (the "Amended and Restated Lease"), which amends and restates, and consolidates into a single document, the Monarch Agreements and the Signature Agreement.

1. The City and Monarch hereby certify, confirm, acknowledge and agree for the benefit of Signature as follows:

a. Monarch is the current tenant of the Premises under the Monarch Agreements. The City is the current lessor under the Monarch Agreements and is owner of the Premises.

b. A true and correct copy of the Monarch West Agreement is attached hereto as (Sub)Exhibit A and a true and correct copy of the Monarch South

Agreement is attached hereto as (Sub)Exhibit B. Each such agreement constitutes the entire rental agreement between the City and Monarch with respect to the Premises and has not been amended, modified, supplemented or superseded, other than as set forth in the attachments.

c. The Monarch Agreements are valid and in full force and effect and constitute the complete agreement between the City and Monarch enforceable in accordance with their terms.

2. The City hereby (i) consents to the assignment by Monarch to Signature of the Monarch Agreements, as provided for pursuant to an Assignment and Assumption Agreement attached hereto as (Sub)Exhibit C, dated as of the date hereof, between Monarch and Signature, and the assumption by Signature of Monarch's obligations under the Monarch Agreements as stated in the Amended and Restated Lease; (ii) agrees that such assumption by Signature shall not constitute a breach of, or default under, the Monarch Agreements; and (iii) consents to the continued sublease by Signature to Natural Gas Pipeline Company of America ("Natural Gas Pipeline") under that certain Hangar and Hangar Site Sublease at Chicago Midway Airport between Monarch and Natural Gas Pipeline, dated October 29, 1984 (as approved by the City Council of the City as of April 18, 1985).

3. The City represents that upon: (i) the City's receipt of full payment of Monarch's indebtedness to the City under the amended Monarch Agreements, in the amount provided for in the representations letter, (Sub)Exhibit D hereto; (ii) Signature's entering into the Amended and Restated Lease (which contains certain undertakings by Signature regarding environmental remediation of a portion of the Premises that was not required under the Monarch Agreements; and (iii) payment to the County of Cook for real estate taxes including interest and penalties as provided for in the representations letter from Monarch and Signature, attached hereto as (Sub)Exhibit D (the conditions described in subsection (i), (ii) and (iii) being collectively, the "Required Conditions") and except as waived in writing by the City, Monarch has fully performed all items of an inducement nature required to be performed by Monarch.

For purposes hereof, "full payment of Monarch's indebtedness to the City" shall mean the full amount of indebtedness of Monarch to the City under the Monarch Agreements, which sum shall be communicated to Signature on the day of the closing of the Acquisition. The City understands that Monarch has directed Signature to pay such amount directly to the City on its behalf out of the proceeds to be paid by Signature to Monarch in connection with the Acquisition. Such payment shall be tendered to the City at the closing of the Acquisition in the manner and to such account as directed in writing by the City.

4. Upon satisfaction, or waiver of the Required Condition in writing by the City:

(a) the City represents that:

(i) Monarch is not, as of the date hereof, in default under: (a) any of the terms or provisions of and has performed all of its obligations under, pursuant to, or in connection with the Monarch Agreements; or (b) any applicable ordinance, rule or regulation of the City known to the City's Department of Aviation as of the date of closing; and being conducted on the Premises; and

(ii) to the best knowledge of the City's Department of Aviation there is no event or condition in existence as of the date hereof that would, with the passage of time or the giving of notice or both, constitute a default under the Monarch Agreements, or otherwise entitle the City to terminate the Monarch Agreements;

(b) the City hereby releases Monarch from all obligations regarding any rents or fees and other economic obligations to be paid or satisfied pursuant to the Monarch Agreements and the City waives and releases all claims (other than "Third Party Claims" as defined hereinafter) against Monarch arising from facts or circumstances known to the City as of the closing of the Acquisition in connection with or arising directly or indirectly out of the Monarch Agreements; and

(c) except as set forth in the Amended and Restated Lease, the City hereby releases Signature from any and all obligations arising under, or in connection with, the Monarch Agreements, and with respect to Signature, waives any default or violation of the Monarch Agreements by Monarch.

5. Notwithstanding any other terms or conditions set forth herein, Monarch agrees to protect, defend, indemnify, keep, save and hold the City of Chicago, its officers, officials, employees and agents (collectively "Indemnified Parties") free and harmless from and against any and all liabilities, losses, penalties, damages, settlements, costs, charges, professional fees or other expenses or liabilities of every kind, nature and character arising out of or relating to any and all claims, liens, demands, obligations, actions, suits, judgments or settlements, proceeding or causes of action of every kind, nature and character brought by any party other than Monarch against the City (collectively "Third Party Claims") in connection with or arising directly or indirectly out of the Monarch Agreements for all facts, events or circumstances occurring or existing prior to the date of closing of the Acquisition and/or the performance of the Monarch Agreements by Monarch, its officials, agents, employees and subcontractors, including, but not limited to, the enforcement of this indemnification provision for all facts, events or circumstances occurring or existing prior to the closing date of the Acquisition except for Third Party Claims shown by final judgment to have been caused by or attributable to the Indemnified

Parties' negligence, in which event the Indemnified Parties shall contribute to the payment of damages decreed by judgment, and the actual costs of defense borne by Monarch not otherwise covered by insurance, to the extent the Indemnified Parties are found liable by such judgment. Without limiting the foregoing, any and all such Third Party Claims relating to personal injury, infringement of any patent, trademark, copyright or of any other tangible or intangible personal property right, actual or alleged employment discrimination or wrongful discharge, or any actual or alleged violation of any applicable statute, ordinance, order, rule or regulation, or decree of any court, shall be included in the indemnity hereunder. The foregoing indemnity provision specifically includes the negligence of the Indemnified Parties except to the extent prohibited by 740 ILCS 35/1, et seq. and/or 740 ILCS 150/0.01, et seq., respectively. Monarch further agrees to investigate, handle, respond to, provide defense for and defend all suits for any and all Third Party Claims, at its sole expense and agrees to bear all other costs and expenses related thereto, even if the Third Party Claims are considered groundless, false or fraudulent.

The Indemnified Parties shall have the right, at their respective options, to participate in the defense of any suit, without relieving Monarch of any of its obligations under this indemnity provision, provided that the Indemnified Parties and their respective attorneys shall coordinate and cooperate with Monarch's attorneys. Monarch expressly understands and agrees that this duty to indemnify shall include the payment of any reasonable attorneys' fees or other costs incurred by the Indemnified Parties should the Indemnified Parties choose to exercise its right to participate in such defense. Monarch further expressly understands and agrees that the requirements set forth in this indemnity to protect, defend, indemnify, keep, save and hold the Indemnified Parties free and harmless are separate from and not limited by Monarch's responsibility to obtain insurance pursuant to the Monarch Agreements. Further, the indemnities contained in this section shall survive the expiration or termination of the Monarch Agreements and the Amended and Restated Lease.

6. Monarch, on its own behalf and on behalf of its predecessors, successors, assigns and current and former officers, directors, agents, employees, administrators, representatives, servants and attorneys, hereby irrevocably and unconditionally waives, releases, relinquishes and forever discharges the City, its officers, officials, employees and agents from all claims, demands, rights, suits or causes of action and damages of whatever nature or source whether in law or equity, known or unknown, suspected or unsuspected, contemplated or not contemplated, based upon or arising out of the Monarch Agreements.

7. The City and Monarch have no notice of any existing or impending condemnation proceedings against the Premises.

8. Neither the City nor Monarch has assigned any of the rights under the Monarch Agreements to any party other than the assignment to Signature contemplated by the Assignment and Assumption Agreement.

9. Other than as set forth in writing, no party has made any representations to induce the execution of this document by any of the other parties.

The parties acknowledge and agree that their successors and assigns will rely on this document and that this document shall inure to the benefit of the parties and their successors and assigns and shall be binding upon the parties and their assigns.

Prior to the closing date of the Acquisition, Signature shall provide a corporate resolution indicating the full and complete authority of the individual signing this document to commit Signature to all terms and conditions of this document, including each and every representation, certification, and warranty contained herein, attached hereto and collectively incorporated by reference herein, or as may be required by the terms and conditions hereof and stating that the individual signing this document on behalf of Signature individually has complete and full authority to commit Signature to all terms and conditions of the Assignment and Assumption Agreement and the related Asset Transfer Agreement, including each and every representation, certification, and warranty contained therein, attached thereto and collectively incorporated by reference therein, or as may be required by the terms and conditions thereof.

The individual signing on behalf of Monarch individually represents that he or she has complete and full authority to commit Monarch to all terms and conditions of this document, including each and every representation, certification and warranty contained herein, attached hereto and collectively incorporated by reference herein, or as may be required by the terms and conditions hereof and the individual signing this document on behalf of Monarch individually represents that he or she has complete and full authority to commit Monarch to all terms and conditions of the Assignment and Assumption Agreement and the related Asset Transfer Agreement, including each and every representation, certification and warranty contained therein, attached thereto and collectively incorporated by reference therein, or as may be required by the terms and conditions thereof.

The City further reserves unto itself the right to relocate such service roads and taxiways from time to time, all at the City's own cost. City shall use all reasonable efforts to minimize the impact of any such relocation upon Signature's operations. In the event that such a relocation renders a portion of the Premises unusable, the City will delete the square footage of that unusable portion from the calculation of Rent for the period that such portion remains unusable. For the purposes of calculating Ground Rent, the square footage within such easements for service roads and taxiways have been and will be extended from such calculations.

D. The City hereby reserves the rights and such easements as may be necessary to enter onto the Premises for the purpose of conducting any operations related to the function of the Airport, including, without limitation, the right to service any antennas or communications facilities now or hereafter located on the roof of the Premises, and to inspect and/or conduct testing on any part of the Premises. City agrees to use reasonable efforts to not unreasonably interfere with Signature's use and possession of the Premises when exercising any of the rights granted under this Section 2.03.

Section 2.04 Use Of Facilities.

Subject to the terms and provisions contained in this Agreement, all applicable rules, regulations, laws, ordinances, codes and orders of any federal, state or local government or subdivision thereof in connection with the conduct of aeronautical activities by Signature at the Airport, Signature is hereby granted the use of the Premises for the following purposes:

b. maintain weather teletype service or similar means of conveying current weather information;

c. convey messages to arriving or departing passengers and crew using Signature's facilities;

6. provide at least one specialized area of airframe, aircraft engine, radio, avionics repair or other specific type of aircraft repair or maintenance service, which specialized area Signature may choose at its discretion, and which service Signature may provide through a subcontractor, provided that the use of a subcontractor, and the subcontractor to be so used, are subject to the prior written approval of the Commissioner, which consent shall not be unreasonably withheld. Signature shall provide prompt notice of the nature of such services, or any changes thereto, to the Commissioner;

7. subject to any restrictions on Transfers which may arise under the terms and conditions of Article XIV hereof, make available hangar and aircraft tie-down space and parking space to aircraft owners and/or operators;

9. removal of disabled general aviation aircraft from the operational areas of the Airport;

10. if requested by the Commissioner, and subject to the terms and conditions of Section 16.02 hereof, Signature shall collect landing fees on behalf of the City from any or all users of the Premises and remit such landing fees to the City for a fee of not more than thirty percent (30%) of the landing fees payable by such users to the City and collected by Signature. The City reserves the right to revoke any authority granted to Signature to collect any landing fees pursuant to this Section 2.04.A.10 at any time upon thirty (30) days written notice to Signature.

B. Secondary Commercial Support Services. Upon written approval of the Commissioner, Signature may engage in any or all of the following activities:

1. leasing or rental of aircraft or providing air charter, air freight or flight management services;

In addition to the above-described responsibilities and rights, and subject to the approval of the Commissioner, Signature shall have the right to perform and conduct such other activities and operations consistent with the rights, privileges and responsibilities granted to Signature which do not unreasonably interfere or conflict with the rights granted by the City to others on the Airport, but no flight training may be conducted in which student pilots take off or land at the Airport, or use the Airport for any flight activities whatsoever.

D. Rights to Airfield and Other Public Areas of the Airport. Signature has the right to use, in common with others, the public facilities at the Airport, including, but not limited to, landing areas, runways, taxi strips, and other aeronautical or navigational facilities, subject to the rules and regulations with respect to the use of such facilities imposed by the City or any other governmental agency.

E. Restrictions on Use. Nothing stated in this Section 2.04 shall permit the conduct by Signature of any business other than the performance of fixed base operator services, and the activities described in this Section 2.04 and those related and incidental thereto.

In the event that Signature desires to perform any ground handling services on behalf of any commercial airline, Signature shall only do so after obtaining the prior written consent of the Commissioner, such consent to be given or withheld in each case in the sole and absolute discretion of the Commissioner; provided, however, in an emergency situation, oral approval or consent of the Commissioner shall be sufficient. For the purposes of this Agreement, ground handling services include, but are not limited to, the handling of passengers of commercial or retail flights, including those situations in which traffic at the Airport may prevent the handling of such passengers at the terminal. In the event that the Commissioner approves the handling of retail passenger operations, Signature shall provide shuttle services to the terminal for such passengers. In no event shall this provision be construed as permitting retail passenger operations by Signature other than the incidental handling of passengers in irregular operation situations. Noting in this Section 2.04 shall be construed as limiting Signature's right to provide ground handling services to single entity specialty charters, including, but not limited to, sports teams and musical groups, which do not require passenger check-in, baggage, security or other facilities provided at the Airport's commercial passenger terminal.

Signature acknowledges that the City's desire to enter into this Agreement is premised, in part, upon Signature's agreement to use the new Fuel Farm that the City will construct and which will become operational in 1998. Signature acknowledges and agrees that it may continue to use those fuel storage facilities located on or beneath the Premises only until such time as the Fuel Farm becomes operational and available for Signature's use. Signature further acknowledges and agrees that upon the Fuel Farm becoming operational, and subject to the terms and conditions of Section 3.04.B hereof, Signature shall discontinue using those fuel storage facilities located on or beneath the Premises. Provided that Signature is charged reasonable fees for the use of the Fuel Farm, Signature shall not at any time during the Term of this Agreement or any extension thereof construct or install any fuel storage facilities on or beneath the Premises without the express prior written consent of the City, such consent being within the City's sole and absolute discretion. Signature hereby acknowledges and agrees that Fuel Farm usage fees

that are one hundred twenty-five percent (125%) or less of those fees charged to commercial airline signatories to the Chicago Midway Airport Fuel System Use and Operating Agreement by and between the City and those signatory airlines are reasonable fees. In the event that such usage fees for the Fuel Farm are not reasonable, and Signature desires to construct or install fuel storage facilities on or beneath the Premises, the prior written consent of the City shall nevertheless be required, such consent to not be unreasonably withheld. Nothing in this Section 2.04.E shall prohibit Signature from using existing storage facilities or constructing new facilities for ground vehicle fuel, provided that such use is in full compliance with all applicable laws. Signature shall have the right to store jet aviation fuel on the Premises for the fuel cabinet located between 5000 and 5036 West 63rd Street, provided that in no event shall Signature use such jet aviation fuel or such fuel cabinet to provide fueling services to commercial air carriers.

Section 2.05 Standards Of Performance.

A. First Class Operation. The principal purpose of the City in entering into this Agreement is to fulfill the City's obligation to make available to the public and users of the Airport the products and services which Signature is permitted to sell and render hereunder. Signature accordingly agrees to conduct a first class commercial aviation support and fixed base operation, consisting of the primary support services listed in Section 2.01.A above. Signature agrees to provide and maintain a hangar and office/terminal complex with the facilities, equipment, supplies, materials and personnel necessary to adequately provide the sales and services authorized in this Agreement, including a lounge or waiting room for passengers and crews, and accessible restrooms, all to be maintained in a clean and sanitary manner. Signature shall provide a reasonable quantity of telephones for public use.

B. Hours of Operation. Signature shall be open for and shall conduct business and furnish services on a schedule consistent with such minimum standards as may be promulgated by the Commissioner for all fixed base operators at the Airport providing the primary commercial support services set forth in Section 2.01.A above.

Section 2.06 Quiet Enjoyment.

Subject to the provisions of this Agreement, City covenants that, so long as Signature performs all of its obligations hereunder, it shall be entitled to and shall have the use and enjoyment of the Premises, and the rights and privileges granted to it hereunder. Signature shall be entitled to lawfully and quietly occupy and enjoy the Premises during the term of this Agreement, provided Signature is not in default of any of its obligations under this Agreement.

Section 2.07 Ingress And Egress.

Subject to Airport Rules and Regulations, Signature shall have the right and privilege (i) of ingress to and egress from the Premises and the public areas of the Airport, for its employees, agents, guests, patrons, and invitees, suppliers of materials, furnishers of service, and its equipment, vehicles, machinery and (ii) to provide transportation of its employees to, from, and within the Airport. Signature shall not block or otherwise obstruct the common use taxiway or service roads with aircraft or groundside vehicles, respectively, at any time or in any manner which will impair or adversely affect the use or operation of said taxiway or service road areas by City or other Airport users.

Section 2.08 Present Condition Of Premises.

Subject to those exceptions explicitly set forth in Section 7.08.A, Signature, by the execution of this Agreement, accepts the Premises "as is". Signature shall be responsible for the compliance of the Premises with all applicable federal, state, and local laws, statutes, codes, ordinances, rules, regulations, and orders, including any and all requirements set forth in Section 7.08 hereof. Other than what may be explicitly provided for herein, the City shall have no obligation or responsibility whatsoever to do any work or furnish any improvements of any kind to the Premises or perform any maintenance or repairs on the Premises. City makes no warranty as to the environmental conditions of the Premises or the airfield. City Makes No Warranty, Either Express Or Implied, As To The Condition Of The Premises Or That The Premises Shall Be Suitable For Signatures Purposes Or Needs. City Shall Not Be Responsible For Any Latent Defect And Signature Shall Not, Under Any Circumstances, Withhold Any Rent Or Other Amounts Payable To City Hereunder On Account Of Any Defect In The Premises. By Its Entry Onto The Premises, Signature Accepts The Premises As Being Free And Clear From All Defects And In Good, Safe, Clean And Orderly Condition And Repair. Signature waives any and all claims against the City regarding the condition of the Premises which may currently exist or which may arise in the future by contract, at common law, in equity, or under statute, now or then currently in effect, including those which relate to environmental conditions on, under, or near the Premises; provided, however, that such waiver does not extend to (i) Signature's right to contribution from the City as may be provided under any Environmental Law, and (ii) fines and penalties for which the City would be liable, and neither Signature or Monarch would be liable, under any Environmental Law.

Section 2.09 Accessibility.

City and Signature agree that Signature shall have the responsibility to ensure that the Premises are in compliance with the Americans with Disabilities Act. Signature shall submit a plan for achieving such compliance to the Commissioner within thirty (30) days of execution of this Agreement by Signature.

Section 2.10 Covenant Against Waste.

Signature will not do or permit or suffer any waste, damage, impairment or injury to or upon the Premises or any part thereof.

Article III.

Term.

Section 3.01 Term.

Except as provided in Section 3.01 below, the term of this Agreement shall be for the period commencing on the Effective Date and terminating on December 31, 2004 (the "Term") unless sooner terminated in accordance with the provisions set forth in this Agreement, or unless terminated at the option of Signature in the event that Signature fails to receive authorization to conduct fixed base operations or general aviation functions at the Airport by any governmental agency; provided, however, that Signature shall give the City written notice no less than thirty (30) days prior to such termination.

Section 3.02 Options To Extend.

A. In no event shall the Term of this Agreement extend beyond December 31, 2022. At the option of Signature, the term of this Agreement may be extended for no more than three (3) additional six (6) year periods, unless:

1. Signature provides the City notice of its intent to allow the Term of the Agreement to expire no less than fifteen (15) months, but not more than twenty-four (24) months, prior to the expiration date of the Term; or

2. there is a then existing an event of default or any condition with which the giving of notice and/or the passage of time could become an event of default as of the time of the giving of the notice or the first date of the extended Term.

B. The Ground Rent and Building Rent payable to the City shall increase upon the commencement of each and every extension of the Term. Such increase to the Ground Rent and Building Rent shall be to the higher of:

1. the fair market Rent for the land within the Premises, and each Improvement upon the Premises; fair market Rent to be initially determined by City as the Rent that would be paid by an unrelated, willing tenant for an extension of the Term under the otherwise same terms and conditions as this Agreement, and City shall set forth such determination in a written notice to Signature, which determination shall be provided to Signature no later than one hundred twenty (120) days after receipt of Signature's extension notice, or

2. an amount equal to fifty percent (50%) of the annual Ground Rent and Building Rent payable in the last year of the then-current Term.

C. In the event that Signature does not provide the City with notice pursuant to Section 3.02.A above and Signature disputes the fair market Rent as determined by the City pursuant to Section 3.02.B above, then at any time on or before the date occurring thirty (30) days after Signature has been notified by City of the fair market Rent, Signature may give written notice of such dispute to the City. If City and Signature are unable to reach agreement upon the fair market Rent within twenty-one (21) days after the date of such notice, then within seven (7) days, City and Signature shall each simultaneously submit to the other in a sealed envelope its good faith estimate of the fair market Rent. If the higher of such estimates is not more than one hundred five percent (105%) of the lower of such estimates, then the fair market Rent shall be the average of the two (2) estimates. Otherwise, within five (5) days of such simultaneous submittal the annual Ground Rent and Building Rent for the extension of the Term shall be set in the following manner. The parties shall select a mutually acceptable independent M.A.I. appraiser with at least ten (10) years of experience in commercial real estate appraisal of similar properties. If the parties cannot agree on an appraiser within five (5) days of the simultaneous submittal of estimates, then each party shall select an appraiser meeting the qualifications set forth above who shall in turn select a third appraiser. The third appraiser shall, within forty-five (45) days of his or her appointment by the two (2) other appraisers, select one (1) of the two (2) estimates of fair market Rent submitted by City and Signature as the one closer to the fair market Rent as determined by the third appraiser. The value so selected shall be the fair market Rent. The party whose estimate is not chosen by the third appraiser shall pay all costs and expenses of the third appraiser and any experts retained by the third appraiser. Each party shall pay the fees and expenses of the appraiser appointed by or for such party.

D. Upon its receipt of the value of the fair market Rent from the Third appraiser, Signature, by written notice to the City, may elect to rescind its extension of the Term and terminate the Agreement, in which case this

Agreement shall expire on the date it would have expired had Signature not provided the City notice of its intent to extend the Term.

E. The annual Building Rent and Ground Rent payable by Signature to City for the second and third extensions of the Term shall be determined in a manner identical in all respects to the procedure set forth in this Section 3.02 for the first such extension.

F. Except as provided herein, Signature's occupancy of the Premises during any extension of the Term shall be on the same terms and conditions as otherwise contained herein.

G. If Signature exercises its option to extend the Term of this Agreement, the word "Term" shall be construed to include, when practicable, any extension thereof.

Section 3.03 Parcel 4(a).

A. For that parcel of land commonly known as 5036 West 63rd Street and shown on (Sub)Exhibit A as Parcel 4(a) (Parcel 4(a)), Signature shall, within the first 24 (twenty-four) months of the Term, provide notice to the City of its intention to either (i) demolish the existing structure and replace it with an Improvement or (ii) substantially rehabilitate the existing structure. Such notice shall include the proposed plans and specifications for any construction or rehabilitation, which plans and specifications shall be subject to the approval of the Commissioner. In the event that Signature fails to provide such notice to the City within the period herein specified, the City or Signature may, at their respective option, remove Parcel 4(a), including the land and any Improvements on or beneath such land, from the Premises leased hereunder upon thirty (30) days written notice to the other party.

B. Subject to the provisions of Section 16.03 hereof, Signature shall complete the proposed Improvement or rehabilitation on Parcel 4(a) within thirty-six (36) months of receipt of the City's approval of the proposed plans and specifications. In the event that Signature fails to complete such work within thirty-six (36) months the City may, at its sole option, remove Parcel 4(a) from the Premises leased hereunder.

C. Provided that Signature complies with the terms and conditions of this Section 3.03, and notwithstanding any other terms or conditions of this Agreement, violations of the City's Building Code found in the existing structure on Parcel 4(a) prior to its demolition or substantial rehabilitation pursuant to this Section 3.03 shall not constitute an event of default under this Agreement.

Section 3.04 Parcel 1.

A. For that parcel of land located on 55th Street containing the Fuel Farm installed by American Airlines and currently used, in part, by Signature (Parcel 1), Signature may, prior to the Fuel Farm becoming operational and available for use by Signature, continue to use such fuel storage facilities located therein and thereon. Signature shall pay Ground Rent for Parcel 1 and Percentage Rent for any fuel sold from the Parcel 1.

B. At any time prior to the end of the twenty-fourth (24th) calendar month following the Effective Date, and provided that the new Fuel Farm described in Section 2.04(E) hereof has become operational and available for use by Signature, the City may, upon ninety (90) days written notice to Signature, terminate Signature's use and occupancy of Parcel 1 and remove Parcel 1 from the Premises leased hereunder.

C. The City's termination of Signature's use and occupancy of Parcel 1 shall in no way diminish Signature's obligations under Section 7.08 hereof with respect to the fuel storage facilities located on and beneath Parcel 1.

Section 3.05 Parcel 2(a).

For purposes of this Agreement, Parcel 2(a) shall mean that parcel of land shown on (Sub)Exhibit A as Parcel 2(a) and commonly known as 5825 South Central Avenue, which parcel contains a garage and office building formerly occupied by the Chicago Fire Department. The City may, at any time prior to the last day of the twenty-fourth (24th) calendar month following the Effective Date, terminate Signature's use and occupancy of Parcel 2(a) with respect to all or a portion of the parcel, and remove Parcel 2(a), in whole or in part, from the Premises upon ninety (90) days written notice to Signature. In the event that the City so removes Parcel 2(a), or any portion thereof, from the Premises, the Ground Rent payable by Signature shall be adjusted by deleting the square footage reclaimed by the City from Land for which payment of Ground Rent is due. In the event that the building is reclaimed by the City, Building Rent shall be reduced by Twenty-two Thousand Two Hundred Eighty-one Dollars ($22,281) per annum.

Section 3.06 Parcel A.

The Commissioner is authorized, without further action of City Council, to include Parcel A, in whole or in part, in the Premises, if ever the Commissioner deems Parcel A available and desirable for the City to lease, and Signature desires to lease Parcel A, or any portion thereof, on the same rental terms as those terms then in effect pursuant to this Agreement. The foregoing shall not impose any obligation whatsoever upon the City to include Parcel A in the Premises, or to negotiate with Signature regarding its lease to Signature, which shall only occur upon any future agreement by

the City and Signature to add Parcel A, or any portion thereof, to the Premises.

Article IV.

Rent.

Section 4.01 Rent.

In consideration of this Agreement for lease and use of the Premises, Signature shall pay City sums in such form and amount as set forth below. For the purposes of this Agreement, all such sums are Rent.

A. Ground Rent. Signature shall pay Ground Rent for the total square footage of land within the Premises according to the following schedule set forth in (Sub)Exhibit H, attached hereto and incorporated by reference herein.

B. Building Rent. In addition to the foregoing, Signature shall pay City Building Rent at the rate set forth in (Sub)Exhibit H, attached hereto and incorporated by reference herein. This rate shall be in effect from the Effective Date through December 31, 2004. For the remaining years of the Term, the Building Rent rate shall be recalculated in the same manner as Ground Rent as set forth in Section 3.02 above.

C. Percentage Rent. In addition to the Rent set forth under Sections 4.01.A and 4.01.B, Signature shall also pay City the following percentages of its gross revenues, as defined below. All revenue shall be deemed to be received by Signature at the time of determination of the amount due to Signature for each transaction, whether for cash or credit, and not at the time of payment, unless otherwise specifically stated in this Agreement, or subsequently authorized in writing by the Commissioner; provided, however, that any taxes imposed by law which are separately stated and paid by the customer and are directly payable to the taxing authority by Signature shall be excluded from the calculations set forth in this Section 4.03.

1. Two percent (2%) of the first One Million Dollars ($1,000,000) of its gross revenues from all facilities services fees of whatever nature charged its customers for the use of the Premises, and the improvements and equipment located thereon, and for such other Primary Commercial Support Services or Secondary Commercial Support Services Signature may perform, three percent (3%) of gross revenues over One Million Dollars ($1,000,000) to Four Million Dollars ($4,000,000) per year, and four percent (4%) of its gross revenues over Four Million Dollars ($4,000,000) per year; gross revenues means the aggregate amounts of all

charges, including but not limited to any usage or access fees and revenue from any Transfer, as defined herein, and any Exempt Transfers, made by Signature or any of its sublicensees, agents or wholly-owned or affiliated companies using or occupying space on the Premises and supplying any support services authorized in Article II of this Agreement, other than for the sale of fuel, whether made on, in or from the Premises for cash, or credit or otherwise, or every kind, name and nature, regardless of when or whether or not paid; and

2. Five percent (5%) of the wholesale cost to Signature of all fuel, including but not limited to automotive and aviation gas and jet fuel, sold by Signature at the Airport, or, any fuel pumped by Signature on behalf of any person in the event that Signature acts as into-plane agent for such person, and such person has bought or sold fuel at the Airport, is not in privity with the City, and has not otherwise paid a percentage fee or fuel flowage fee to the City; provided, however, that this fee shall not apply in the event that Signature serves as an into-plane agent for commercial airlines and certain charter flights that are non-retail customers of Signature. The wholesale cost for purposes of the percentage fee payable to the City shall be calculated by averaging the cost paid by Signature, for each type of fuel separately, to its suppliers at the Airport during the twelve (12) months immediately preceding the Effective Date of this Agreement. Signature is to supply this cost data to the Commissioner within thirty (30) days of the Effective Date of this Agreement. Aviation gas or jet fuel purchased by Signature for its own consumption or purchased by its parent company or any subsidiary in which Signature's parent company has a minimum fifty percent (50%) ownership shall not be subject to this fuel percentage fee.

D. Minimum Guarantee Rent. The minimum annual guarantee to be paid on the percentage of gross revenues pursuant to Section 4.02.B above shall be Six Hundred Thousand Dollars ($600,000) per year through December 31, 1999. Commencing on January 1, 2000, the Minimum Guarantee Rent shall be eighty-five percent (85%) of the Minimum Guarantee Rent for the 1999 Fiscal Year. In each subsequent year during the Term, the Minimum Guarantee Rent shall be equal to eighty-five percent (85%) of the Minimum Guarantee Rent for the immediately preceding Fiscal Year.

Section 4.02 Landing Fees.

Signature shall pay the current landing fees in effect at the Airport for each landing at the Airport of any of its own aircraft, whether such aircraft are being operated by Signature for one of the purposes authorized under this Agreement or for other purposes. Landing fees shall not be assessed for any landing of an aircraft returning to the Airport after take-off because of meteorological conditions, mechanical or operating causes, or any similar emergency or cautionary reason.

Section 4.03 Method And Manner Payment.

The Rent, including one-twelfth (1/12th) of the Minimum Guarantee Rent, shall be paid to City, without set-off, deduction or discount, in lawful money of the United States, at the Office of the City Comptroller, 333 South State Street, Room 402, Chicago, Illinois 60614, or to such other place or person as City may direct Signature by written notice, and shall be made in monthly installments, due on the first (1st) of each calendar month, commencing on the first (1st) full calendar month following the Effective Date. Payments for partial months or calendar years may be appropriately prorated.

Upon its execution of this Agreement, Signature shall pay to the City, in addition to any and all other sums due to the City under this Agreement, a sum equal to the Rent, including the Minimum Guarantee Rent, but not including any Percentage Rent, for the first (1st) month of the Term. Commencing with the second month of the Term, the Rent paid by Signature to the City shall include the Percentage Rent due for the immediately preceding month, less the Minimum Guarantee Rent previously paid for that month.

Section 4.04 Rent Credit.

Provided Signature completes the Capital Improvements (as defined in Section 5.03 hereof) in accordance with the applicable provisions of this Agreement, Signature shall receive a credit or reduction in Ground Rent and/or Building Rent, such credit to be equal to the sum of the actual out-of-pocket costs of completing the Capital Improvements, not to exceed the sum of One Million Fifty Thousand Dollars ($1,050,000), which shall be amortized on a monthly basis over the remainder of the original Term, with interest thereon at the annual rate of seven percent (7%); provided, however, that the Commissioner may grant Signature an additional credit of up to One Million Five Hundred Thousand Dollars ($1,500,000) for the actual costs incurred by Signature for the demolition of the structure on Parcel 4(a) and the construction of a new building on that Parcel (4a). Costs that are eligible for inclusion in these credits shall be actual costs of labor and materials involved in performing the repair, replacement and improvements constituting the Capital Improvements, and the costs of architectural, engineering, contractor and consulting fees, and no others. Before any credit shall be approved and effective, Signature shall have completed all the Capital Improvements to the reasonable satisfaction of City and submitted all invoices, sworn statements, lien waivers and any other appropriate documentation requested by the Commissioner to verify the costs paid in good faith by Signature with respect thereto. The Commissioner shall have the right to approve the reasonableness, allocability and allowability of those costs which are to be credited to Ground Rent and/or Building Rent by the City, such approval not to be unreasonably withheld or delayed.

Section 4.05 Late Payments.

Each and every installment of Rent accruing under the provisions of this Agreement which shall not be paid when due shall bear interest at the Default Rate, from the date when the same is due until the same shall be paid. All other sums becoming due or payable to the City under this Agreement, including, without limitation, all monies expended by the City pursuant to this Agreement or on account of any default by Signature in the performance or observance of any of the covenants and agreements contained in this Agreement shall likewise bear interest from the respective dates when the same shall be advanced or paid by City, or otherwise due to City, at the rate per annum which shall be the lower of (a) the highest rate permitted by law or (b) the Default Rate, until the same shall be paid by Signature to City. All sums so advanced or paid by City shall become so much additional Rent under the terms of this Agreement, due and payable on the date of such advance or payment.

Section 4.06 Security Deposit.

On or before the Effective Date of this Agreement, Signature shall pay to the City the security deposit set forth in (Sub)Exhibit H hereto, which is an amount equal to the Rent due for the first three (3) months of the Term, which sum shall be refunded to Signature, less any sums which may be due and owing to the City, subsequent to the expiration or termination of this Agreement. Such security deposit may be in the form of cash or a letter of credit, which letter of credit shall be acceptable in form and substance to the Commissioner. The security deposit shall increase as Rent increases, as set forth in the schedule stated in (Sub)Exhibit H.

Section 4.07 Rent Absolute.

Signature covenants and agrees that the Rent specified in this Article IV shall be absolutely net to the City, to the end that this Agreement shall yield net to City the entire Rent, and so that all costs, fees, interest, charges, expenses, real estate taxes, reimbursements and obligations relating to the Premises which may arise or become due during the Term (other than City's legal fees not otherwise covered by this Agreement) shall be paid or discharged or caused to be discharged by Signature as so much additional Rent, and Signature covenants and agrees that City shall be indemnified and saved harmless by Signature from and against all such costs, fees, interest, charges, expenses, real estate taxes, reimbursements and obligations.

Article V.

Construction, Maintenance And Repair.

Section 5.01 Construction Of Improvements.

All Work shall be accomplished in accordance with the terms and conditions of this Agreement and of (Sub)Exhibit B, attached hereto and incorporated by reference herein, and Work shall not be commenced until Signature has obtained all approvals, permits and licenses required by any governmental authority or by (Sub)Exhibit B.

Section 5.02 Title To Improvements.

City and Signature mutually agree that any and all proposed improvements constructed on the Premises shall become and remain the property of City upon their completion.

Section 5.03 Capital Improvements.

City and Signature acknowledge that the provision of improvements to the Premises by Signature is an essential condition of this Agreement and of the Rent agreed to in Article IV hereof. Therefore, Signature agrees to perform or cause to be performed the repairs, replacements and improvements to the Premises that are listed and described on (Sub)Exhibit G attached hereto ("Capital Improvements"), at Signature's sole cost and expense, subject to the provisions of Section 4.04 hereof. Signature shall submit the plans and specifications for the Capital Improvements to the City for the City's approval no later than one hundred eighty (180) days from the Effective Date. Commencement of the Capital Improvements shall occur no later than ninety (90) days after Signature's receipt of City approval for the plans and specifications (for purposes of this sentence, commencement of said work shall be deemed to have occurred when Signature executes a general contract for the performance of the work) and Signature shall thereafter diligently pursue said repairs, replacements and improvements until fully completed in a condition reasonably acceptable to City. The Capital Improvements shall become a part of the Premises and thereafter be deemed owned by the City at such time as each is completed and accepted by the City. The performance of the Capital Improvements shall be in conformance with all applicable City codes, ordinances, orders and regulations and F.A.A. regulations, whichever are more restrictive, and the conduct of performing such work shall be in accordance with the procedures and standards set forth in (Sub)Exhibit B attached hereto, and subject to the additional legal requirements of Articles VII and VIII hereof.

Section 5.04 Other Improvements To The Premises.

In addition to the Capital Improvements, Signature may from time to time construct or install in the Premises, at its own expenses, other improvements, including pavement, facilities and equipment, and any additions thereto, reasonably necessary in connection with any use permitted under the provisions of this Agreement, subject to the prior written approval of the Commissioner. Any construction or improvements shall commence only after Signature obtains any requisite building or construction licenses or permits as may be required by federal, state or local laws or regulations. A construction application together with plans and specifications of any proposed construction or installation (including any substantial alteration or addition thereto), a proposed schedule and evidence of insurance coverages required by Article X shall be submitted to and received by the City prior to the issuance of written approval from the Commissioner and before commencement of construction. Signature shall require the contractor to furnish a payment and performance bond in form and substance acceptable to the Commissioner. City's approval shall be absolute and may be withheld in its sole discretion, but City's approval of or consent to any plans and specifications shall not constitute a zoning approval or approval for other purposes or by other agencies or divisions of the City. No restriction shall be placed on Signature as to any architect, builder or contractor for such improvements to the Premises other than those requirements set forth in Articles VII and VIII hereof, and any other applicable local, state or federal law or regulation. Any professionals employed by or contracted with by Signature shall be properly licensed and insured to perform their work. City shall have the right at all times to inspect any and all such work.

Notwithstanding its right of review and inspection, the City shall in no way be deemed responsible for any such work, or the failure of such work to be completed in accordance with approved plans and specifications, or any applicable laws, codes, statutes, rules or regulations. Any work performed in connection with improvements to the Premises at the direction of Signature, even though performed by contractors, subcontractors or others of any and all tiers working through them, shall be the responsibility of Signature. All work shall be performed in accordance with the plans and specifications and other documents submitted to and approved by the Commissioner, and any applicable federal, state or local laws, codes, ordinances, statutes, rules, regulations and those requirements set forth in Articles VII and VIII hereof.

Section 5.05 Liens Prohibited.

Signature shall keep the Premises free and clear of any and all liens in any way arising out of the construction, improvement, or use thereof by Signature; provided, however, Signature may in good faith contest the

validity of any lien, provided such contest does not impair the City's rights with respect to the Premises. City's rights to the Premises and the Airport are and always shall be paramount to the interests of Signature in the Premises. Nothing herein contained empowers Signature to commit or engage in any act which can, shall, or may encumber the rights of City. In no event shall this Agreement or any rights or privileges hereunder be an asset of Signature under any bankruptcy, insolvency, or reorganization proceedings.

Section 5.06 Maintenance And Repair.

Signature shall be responsible for and shall perform or cause to be performed all maintenance and repair of the Premises and shall keep such Premises clean and free from all debris. Signature shall at all times:

A. keep the Premises and all fixtures, equipment and personal property in a clean, safe, and orderly condition and appearance;

B. maintain the same in good condition (reasonable wear and tear excepted) and perform all ordinary repairs, replacements, and painting; such repairs, replacements, and painting by Signature shall be of a quality not inferior to the standards set forth in any rules and regulations adopted by City for the Airport;

C. control all of its vehicular traffic on the Airport and take all precautions reasonably necessary to promote the safety of its passengers, customers, business visitors, and other persons, and employ such means as may be necessary to safely direct the movement of its vehicular traffic;

D. remove all snow from all ramps, hangar taxiways and paved areas on the Premises.

E. either directly or through a licensed independent contractor, dispose of its garbage, debris, and other waste materials at properly permitted facilities.

If the performance of any of the foregoing maintenance, repair, replacement, or painting obligations of Signature requires work to be performed near an active taxiway or runway or where safety of airport operations might be involved, Signature shall post guards or erect barriers or other safeguards as required and approved by the Commissioner at such locations prior to Signature's performance of any such maintenance, repair, replacement or painting.

Section 5.07 Repairs Necessitated By Casualty.

In the event any Improvement from time to time upon the Premises shall be damaged or destroyed, in whole or in part (regardless of the cause therefor) Signature covenants and agrees that Signature, at its own expense (notwithstanding insufficiency of insurance proceeds), shall repair, restore or rebuild any such building or other improvement so damaged, injured or partially destroyed, or erect, finish and complete a like new building and improvements on the Premises. Any such repair, restoration, or rebuilding or construction of a new building is herein sometimes referred to as a "Restoration".

Insurance proceeds shall be made available for Restoration on the terms and conditions set forth in this Section 5.07. In the event that the Premises, or any portion thereof, are damaged or destroyed by fire or other casualty, Signature, after consultation with City, and subject to the limitations set forth in this Section 5.07, shall repair, reconstruct or restore the damaged or destroyed premises to (i) substantially the same condition, character and utility value as existed prior to the event causing such damage or destruction, or (ii) such other condition, character and value as may be agreed upon by City and Signature; provided, however, that in the event that the damage, and the insurance proceeds therefor, are less than One Hundred Thousand Dollars ($100,000), Signature may effect such repairs, reconstruction or restoration as Signature may deem reasonably necessary. The City and Signature may agree to apply insurance proceeds to the payment of Special Facility Revenue Bonds issued by the City for the benefit of Signature.

Signature shall provide prompt written notice to the City of any event that may require a Restoration. Within sixty (60) days of the date of such notice, Signature shall provide to the City plans and specifications for such Restoration, which plans and specifications are subject to City review and approval. Upon approval of such plans and specifications, Signature shall immediately proceed to diligently perform the Restoration and complete such Restoration in a timely manner. In the event that Signature fails to diligently perform the Restoration or complete the Restoration in a timely manner, the City may exercise its rights under Section 13.06 of this Agreement.

Prior to making any Restoration of more than One Hundred Thousand Dollars ($100,000), Signature shall in good faith estimate the cost of the Restoration and furnish City supporting estimates by a reputable, experienced architect, engineer and contractor qualified to make such estimate.

Without limiting any of the other terms hereof, it is expressly understood and agreed that, except and to the extent provided herein, no loss or partial destruction of or damage to the Premises or the buildings or other improvements from whatsoever cause, shall operate to terminate this

Agreement or to relieve or discharge Signature from its liability to pay the full Rent and additional charges payable under this Lease, or to relieve Signature from any of its other obligations under this Agreement. Except and to the extent provided herein, Signature waives any right now or hereafter conferred upon it, whether by statute or otherwise, to surrender this Agreement or possession of the Premises or any part thereof, or to obtain any suspension, diminution, abandonment or reduction of Rent, on account of any such loss, damage or destruction to the buildings or any other property at the Premises.

Any insurance proceeds greater than One Hundred Thousand Dollars ($100,000) shall be made payable to both City and Signature. If Signature does not commence a Restoration promptly upon City approval of the plans and specifications for such Restoration, or if the Agreement expires or terminates at any time for any reason prior to application of all insurance proceeds, then all insurance proceeds shall be payable solely to City.

Section 5.08 Inspection.

City shall have the right to inspect the Premises and direct Signature to make ordinary repairs. City shall provide reasonable notice prior to such inspection, unless in an emergency situation, and shall notify Signature's representative on the Premises at the beginning of any such inspection.

Section 5.09 Signs.

Any signs installed by Signature on the Premises shall be limited to those which advertise the aircraft support services provided by Signature. The number, general type, size, design and location of such signs shall be subject to the prior written approval of the Commissioner.

Section 5.10 Non-Interference With Airport Operations.

The work and the operations of Signature and its officials, agents, employees, contractors, guests, patrons and invitees on the Premises shall be conducted in an orderly and proper manner and shall not otherwise annoy, disturb or be offensive to others at the Airport. In the event that Signature is not in compliance with this section, at the written request of the Commissioner, Signature shall immediately conform the demeanor or conduct of Signature or its officials, agents, employees, contractors, guests, patrons and invitees to the standard set forth in this section.

Section 5.11 Access By City.

Upon the giving of reasonable notice, which may in certain circumstances determined at the City's sole discretion be only by oral notice, Signature shall allow City, its officers, agents or employees, free access to the Premises for the purposes of examining them to ascertain if Signature is performing its obligations under this Agreement, and for conducting such other activities deemed reasonably necessary by the City.

Article VI.

Section 6.01 City's Obligations.

A. City shall operate and maintain in a manner consistent with that of a reasonably prudent operator of an Airport, and keep in good condition and repair, the runway and the taxiway, roadways, water lines, sewer lines, drainage ditches, additions, improvements, facilities, and equipment, now or hereafter provided by City, serving the Premises but located outside the Premises, including the removal of snow, ice, vegetation, stones, and other foreign matter, as reasonably as may be done, from the runway and taxiway, connections therefrom, and roadways.

B. City hereby retains the right to enter upon the Premises at any time without such entering causing or constituting a termination of this Agreement or an interference with the possession of the Premises by Signature, and do all things necessary to operate and maintain water mains and sewer mains that may exist beneath the surface of the Premises. The City shall operate and maintain only its water mains and sewer mains, and assumes no responsibility or liability for the operation or maintenance of any sewer or water laterals within the Premises that are used exclusively by Signature.

Section 6.02 Signature's Remedy.

In the event that the City fails to cure any failure in its performance of its obligations under Section 6.01(A) within a reasonable period, and provided that the Airport is not closed at the direction of the City or any other governmental authority or agency as addressed in Section 12.01 hereof, Signature's sole and exclusive remedy is to terminate this Agreement by providing notice to the City pursuant to the terms of Article XIV hereof.

Article VII.

Additional Obligations Of Signature.

Section 7.01 Taxes.

Signature shall pay such taxes or special assessments, if any, which may be levied or assessed upon the Premises. Signature shall provide the Commissioner with copies of all notices relating to such taxes within thirty (30) days of request and shall provide the Commissioner with a receipt indicating payment of such taxes. Nothing herein shall preclude Signature from contesting such charge or tax, including those taxes or charges enacted or promulgated by City.

Section 7.02 Utilities.

Signature shall be responsible for payment of all costs of utilities for the Premises, including, but not limited to, electricity and telephone service.

Section 7.03 Permits, Licenses.

Section 7.04 Compliance With All Laws.

Signature shall comply with all applicable federal, state, and local laws, codes, regulations, ordinances, rules, and orders; provided, however, that Signature may, without being considered to be in breach hereof, contest any such laws so long as such contest is diligently commenced and prosecuted by Signature and does not jeopardize the health or safety of persons at the Airport or Airport operations.

Section 7.05 Compliance With City/State Requirements.

Signature agrees to execute such certificates as may be necessary to comply with all applicable federal, state, and local laws, codes, regulations, ordinances, executive orders, rules, and orders including without limitation such certifications as are listed below. For purposes of this section, "outstanding parking violation complaint" means a parking ticket, notice of parking violation or parking violation complaint on which no payment has been made or appearance filed in the Circuit Court of Cook County within the time specified on the complaint. "Debt" means a specified sum of money owed to City for which the period granted for payment has expired.

Notwithstanding the provisions of the immediately preceding paragraph, no such debt(s) or outstanding parking violation complaints shall be offset from any amounts due Signature from City under this Agreement if one or more of the following conditions are met:

1. Signature has entered into an agreement with the Department of Revenue, or other appropriate City department, for the payment of all outstanding parking violation complaints and/or debts owed to City and Signature is in compliance with the agreement; or

2. Signature is contesting liability for or the amount of the debt in a pending administrative or judicial proceeding; or

Any contract negotiated, entered into, or performed in violation of any of the provisions of such chapter shall be voidable as to City.

D. MacBride Principles. City, through the passage of the MacBride Principles Ordinance, seeks to promote fair and equal employment opportunities and labor practices for religious minorities in Northern

Signature further covenants that (i) no member of the governing body of the City and no officer, employee or agent of the City or other unit of government exercising any functions or responsibilities in connection with this Agreement shall acquire any personal, financial or economic interest, direct or indirect, in Signature or this Agreement, and (ii) no member of or

delegate to the Congress of the United States or the Illinois General Assembly and no alderman of the City or employee of the City shall be admitted to any share or part of this lease or any financial benefit to arise from it.

It shall be an unlawful employment practice for Signature (1) to fail or refuse to hire or to discharge any individual, or otherwise to discriminate against any individual with respect to his compensation, or the terms, conditions, or privileges of his employment, because of such individual's race, color, religion, sex, age, handicap, or national origin; or (2) to limit, segregate, or classify his employees or applicants for employment in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect his status as an employee, because of such individual's race, color, religion, sex, age, handicap, or national origin. Signature shall comply with The Civil Rights Act of 1964, 42 U.S.C. Section 2000, et seq. (1981), as amended. Attention is called to: Exec. Order No. 11,246,30 Fed. Part 152, Subpart E, to insure that no person shall on the grounds of race, creed, color, religion, age, national origin or sex be excluded from participating in any employment activities covered in 14 C.F.R. Part 152,

Subpart E. Signature assures that no person shall be excluded on these grounds from participating in or receiving the services or benefits of any program or activity covered by Subpart E. Signature assures that it will require that its covered suborganizations provide assurances to Signature that they similarly will undertake an affirmative action program and that they will require assurances from their organizations, as required by 14 C.F.R., Part 152, Subpart E, to the same effect. In furtherance thereof, Signature also agrees to implement a program consistent with the provisions of (Sub)Exhibit C, attached hereto and incorporated by reference herein.

Section 7.08 Compliance With Environmental Laws.

A. Pre-Existing Conditions. For the purposes of this Section 7.08, the presence of any Hazardous Material or Special Waste on the Premises that would give rise to liability to any person on the part of Signature or Monarch or City, or violate any Environmental Law, shall be known as an Environmental Condition. Any Environmental Condition existing on any portion of the Premises prior to the Effective Date is hereby designated a Pre-Existing Condition. With respect to the Pre-Existing Condition on or beneath the area commonly known as the "West Fuel Farm" and the underground storage tanks (U.S.T.s) located beneath the surface of the area, Signature shall begin remediation of the West Farm no later than forty-five (45) days after the new Fuel Farm becomes available for use by Signature. Subject to the terms and conditions of Section 16.03 of the Agreement, Signature shall diligently proceed to complete such remediations, including the removal of the U.S.T.s and all other work requred by any applicable Environmental Law, within two hundred seventy (270) days of commencement of the Work.

Except as set forth above in this Section 7.08. A, and notwithstanding any other term or condition of the Agreement, Signature shall not be accountable to the City under this Agreement for any Pre-Existing Condition on the Premises previously leased to Monarch Air Services, Inc. except to the extent that Monarch Air Services, Inc. would be accountable to the City under the Monarch West Agreement or the Monarch South Agreement, were the Monarch West Agreement and Monarch South Agreement still in full force and effect. Without restricting the generality of the foregoing sentence, notwithstanding any other term or condition of this Agreement, Signature shall not be accountable to the City under this Agreement for those Pre-Existing Conditions set forth in (Sub)Exhibit G, attached hereto and incorporated by reference herein.

B. Compliance With Environmental Laws.

1. Signature shall comply with all laws relating to the environment, including, without limitation, those relating to fines, orders, injunctions,

penalties, damages, contribution, cost recovery, compensation, losses or injuries resulting from the release or threatened release of Hazardous Materials, Special Wastes or other contaminants into the environment and to the generation, use, storage, transportation, or disposal of solid wastes, Hazardous Materials, Special Wastes or other contaminants including, without limitation, the Comprehensive Environmental Response and Compensation Liability Act (42 U.S.C. § 9601, et seq.), the Hazardous Material Transportation Act (49 U.S.C. § 1801, et seq.), the Resource Conservation and Recovery Act of 1976 (42 U.S.C. § 6901, et seq.), the Clean Water Act (33 U.S.C. § 1251, et seq.), the Clean Air Act (42 U.S.C. § 7401, et seq.), the Toxic Substance Control Act of 1976 (15 U.S.C. § 2601, et seq.), the Safe Drinking Water Act (42 U.S.C. § 300f), the Occupational Safety and Health Act of 1970 (29 U.S.C. § 651, et seq.), the Emergency Planning and Community Right-to-Know Act (42 U.S.C. § 11001, et seq.), the Illinois Environmental Protection Act (415 ILCS 5/1, et seq.) and the Municipal Code of Chicago; additionally, any analogous future or present local, state or federal ordinance or statue, rule and regulation promulgated under or pursuant to the foregoing, and any other present or future law, ordinance, rule, regulation, permit or permit condition, order, or directive which regulates, relates to, imposes liability for or establishes standards of conduct concerning any Hazardous Materials that may be set forth by the federal government, any state or any political subdivision thereof, or any agency, court or body of the federal government, any state or any political subdivision thereof exercising executive, legislative, judicial, regulatory or administrative functions (collectively, "Environmental Laws").

2. If Signature is required pursuant to any Environmental Laws to file any notice or report of a release or threatened release of Hazardous Materials or Special Wastes on, under or about the Premises, Signature shall provide a copy of such report or notice to the City. In the event of a release or threatened release of Hazardous Materials or Special Waste into the environment, or in the event of any claim, demand, action or notice is made against Signature regarding Signature's failure or alleged failure to comply with any Environmental Law, Signature shall immediately notify the City.

3. City shall have reasonable access to the Premises to inspect the same to confirm that Signature is using the Premises in accordance with Environmental Laws. Signature, at the reasonable request of City and at Signature's expense, shall conduct such testing and analysis as is necessary to ascertain whether Signature is using the Premises in compliance with all Environmental Laws. Any such test shall be conducted by qualified independent environmental consultants chosen by Signature and subject to City's reasonable approval. Copies of any reports or test results shall be provided to City.

4. In addition to any other remedy afforded at law, in equity or by the terms of this Agreement, if Signature fails to comply with any Environmental Law which results in, or may result in, a material adverse

impact to the Premises or potential liability to the City, the City may (i) enter the Premises and take necessary measures to insure compliance with Environmental Laws, including, but not limited to, testing and soil sampling, all at Signature's expense, and/or (ii) terminate this Agreement in accordance with the default provisions of this Agreement.

5. City makes no warranty, express or implied, regarding the condition of any underground storage tanks on the Premises, the presence of Hazardous Materials and Special Wastes on the Premises, that the Premises are free of Hazardous Materials and Special Wastes, or any other environmental contaminant. Subject to the limitations set forth in Section 7.08(A), in the event that City is named in any enforcement action or lawsuit by any party in connection with the environmental condition of the Premises or Improvements thereon, Signature shall defend City and indemnify City for any costs, damages or fines that might be found against City; provided, however, that Signature shall not be held accountable by the City under this Agreement in the event that contamination is the result of a third party traversing a right-of-way on the Premises or the negligence of the City. Signature's obligation to indemnify the City pursuant to this section in no other way limits nor is limited by any other indemnification provided in this Agreement.

6. Signature's liability and obligations under this Section 7.08 shall survive the termination of this Agreement. Signature hereby waives any right of action or claim pursuant to any Environmental Law against the City, its officers, officials, agents or employees except for (i) Pre-Existing Conditions for which neither Signature nor Monarch are accountable to the City under this Agreement, and (ii) Post-Closing Conditions for which the City is the direct and proximate cause. Any Environmental Condition arising on any portion of the Premises after the Effective Date is hereby designated a Post-Closing Condition.

C. Environmental Permits.

1. Signature must show evidence of, and keep current throughout the term of this Agreement, all waste hauling, Special Waste hauling, disposal permits and insurance certificates required by federal, state, City or other local governmental body or agency pursuant to any Environmental Law.

2. When requested by the Commissioner, Signature shall submit copies of all hauling permits required by any Environmental Law. Copies of all permits and insurance certificates that require periodic renewal must be forwarded to the Commissioner throughout the duration of this Agreement. Non-compliance with this requirement may be cause for termination of this Agreement.

3. Environmental Records and Reports. Signature shall be required to prepare and maintain proper, accurate and complete records of accounts of

all transactions related to the operations of this Agreement, including, but not limited to, the following:

a. Vehicle maintenance records.

b. Safety and accident reports.

c. I.E.P.A. or O.S.H.A. manifests.

d. Disposal records, including disposal site used, date, truck number and disposal weight.

e. Permit documentation and all other documentation and transactions pertaining to all Environmental Laws.

All such records and accounts shall be subject to review by the City and shall be made available to the City upon the request of the Commissioner. The City's review of any such records and accounts shall in no way serve to limit Signature's obligations or liability under the terms and conditions of this Agreement or any Environmental Law.

D. Disposal Of Materials, Construction And Demolition Debris, Soil And Waste.

1. Signature shall be responsible for the proper disposal of all materials, construction and demolition debris, soil and other waste generated by Signature's business operations, including but not limited to the construction of capital improvements, or Signature's activities as set forth in (Sub)Exhibit G. Hauling and disposal by a subcontractor does not relieve Signature from responsibility for proper disposal. Disposal of all materials, construction debris, soil and other wastes shall be at a disposal site that is properly licensed and permitted to accept the particular materials, construction debris, soil and other wastes delivered to it in accordance with all Environmental Laws. Signature shall indemnify the disposal site(s) or transfer station(s) to which it has contractual access and for which proper, sanitary landfill permits and/or licenses have been obtained. Failure to identify disposal site(s) for materials, construction debris, soil and other wastes or to submit such information when requested by the Commissioner may be cause to terminate this Agreement.

2. Upon request by the Commissioner, Signature shall provide the Commissioner with copies of all load tickets, manifests, bills of lading, scale tickets and other pertinent documents, including copies of all permits and/or licenses for the proposed transfer station and/or landfill. In the event that the transfer station and/or landfill proposed for use by Signature does not possess the necessary permits and/or licenses to accept the materials, construction debris, soil or other wastes, Signature will replace the transfer

station and/or landfill submitted as part of their bid proposal at no additional cost to the City. If Signature disposes of materials, construction debris, soil or other wastes at a site which is not properly permitted, Signature shall be responsible for all costs associated with the removal of the waste to a properly licensed/permitted landfill or disposal site.

3. Signature shall accept full responsibility for compliance with all Environmental Laws.

4. Signature shall notify the Commissioner within twenty-four (24) hours of receipt of any environmental complaints, fines, citations, violations or notices of violation ("Claim") by any governmental body or regulatory agency against Signature or by any third party relating to the loading, hauling or disposal of materials, construction debris, soil or other wastes. Signature will provide evidence to the Commissioner that any such Claim has been addressed to the satisfaction of the issuer or initiator of such Claim.

5. Signature shall notify the City of any community meetings, media involvement or media coverage related to the loading, hauling or disposal of materials, construction debris, soil and other wastes under this Agreement in which Signature is asked to participate.

6. Signature shall verify, in writing, whenever requested by the Commissioner, that all materials, construction debris and other waste accepted by Signature from the City of Chicago, has been disposed of in compliance with all Environmental Laws.

7. Non-compliance with these terms and conditions may affect Signature's eligibility for future contracts.

E. Equipment and Environmental Control During Transport. Signature shall haul materials, including but not limited to fuel of any nature, any construction debris, soil and other wastes in vehicles and/or containers complying with all applicable Environmental Laws. All equipment used to transfer materials, construction and demolition debris, soil and other wastes shall be designed to prevent spillage during the hauling operation. Signature's equipment shall fully comply with all City, state and federal regulations, laws and ordinances pertaining to size, load weight, safety and any Environmental Law.

F. Open Dumping Prohibited. A form for identifying Signature's debris and waste disposal/handling site(s) and acknowledging terms and conditions relating thereto (the "Form") shall be executed by Signature and provided to the Commissioner before any debris or waste is removed from the Premises for disposal or handling elsewhere. A sample Form is attached to this Agreement as Appendix A. In addition to the representations and requirements contained in the Form, Signature understands and agrees that Signature, unless otherwise authorized in writing by the Commissioner of

Environment, shall not continue to use a disposal/handling site identified in the Form that (i) has been cited as being in violation of any Environmental Law or regulation or of any City ordinance or (ii) does not have a necessary permit. If only one site was identified in the Form, Signature shall arrange for a substitute disposal/handling site which meets the requirements specified in the Form and provide a revised Form to the Commissioner of Environment. Signature further understands and agrees that any such substitution shall be at no additional cost to the City, regardless of the reason necessitating such substitution.

Section 7.09 Contractors.

Signature agrees that all of the provisions set forth in Sections 7.03 through and including 7.07 of this Article 7 will be incorporated in all contracts entered into with any suppliers of materials, furnishers of services, contractors of any tier and labor organizations which furnish skilled, unskilled and craft union skilled labor, or which may provide any materials, labor or services in connection with this Agreement for amounts of Ten Thousand Dollars ($10,000) or more. Signature agrees to cause its contractors to execute such certificates as may be necessary in furtherance of these provisions. Such certifications shall be attached and incorporated by reference in the contracts. In the event that any contractor is a partnership or joint venture, Signature shall also include provisions in its contract insuring that the entities comprising such partnership or joint venture shall be jointly and severally liable for its obligations thereunder.

Section 7.10 Indemnification.

Subject to those limitations set forth in Section 7.08.A hereof, and in addition to the indemnifications set forth in Article XI hereof, Signature hereby indemnifies and agrees to defend and hold harmless the City, its agents, partners, officers, representatives and employees, from all Claims arising from or attributable to: (a) the presence due to Signature's operations of Hazardous Materials and Special Wastes on the Premises or the subsurface thereof or the violation of any Environmental Laws due to Signature's operations (including, without limiting the generality thereof, any cost, claim, liability, or defense expended in remediation required by a governmental authority, or by reason of any release of any Hazardous Material or Special Waste due to Signature's operations or violation of any Environmental Laws), or (b) any aggravation of any condition on the Premises caused, directly or indirectly, by Signature's operations, or (c) any breach by Signature of any of its warranties, representations or covenants in this Article VII. Signature's obligations hereunder shall survive the termination or expiration of this Agreement, and shall not be affected in any way by the amount of or absence in any case of covering insurance or by the failure or refusal of any insurance carrier to perform any obligation on its

part under any insurance policies affecting the Premises or Signature's operations at the Airport.

Article VIII.

Airport Matters.

Section 8.01 Airport Rules And Regulations.

Signature shall observe and obey all Airport rules and regulations governing the conduct and operations of the Airport, promulgated from time to time by City, provided, however, that such Airport rules and regulations must be neither (i) inconsistent with the exercise by Signature of any right or privilege granted to it hereunder or under any other agreement between Signature and City relating to the Airport, nor (ii) inconsistent with the rules and regulations or orders of any federal or state agency having jurisdiction over the Airport. Except in cases of emergency, no such rule or regulation shall be applicable to Signature unless it has been given fifteen (15) days prior written notice of the adoption thereof.

Section 8.02 Other Legal Requirements.

Signature shall comply, and shall cause its contractors to comply, with all applicable federal, state and local laws, codes, regulations, ordinances, rules and orders including, without limitation, those promulgated by the F.A.A., which shall include, but not be limited to, the following:

A. Prohibition Against Exclusive Rights. It is hereby specifically understood and agreed that nothing contained in this Agreement shall be construed to grant or authorize the grant to Signature of an exclusive right to use Airport facilities or to provide aeronautical services to the public as prohibited by Section 308(a) of the Federal Aviation Act of 1958, as amended, and City reserves the right to grant to others at the Airport similar privileges and rights.

B. Subordination of Agreement. Signature covenants and agrees that this Agreement shall be subordinated to the provisions of any existing or future agreement between the City and the United States government, the execution of which has been or will be required as a condition precedent to the granting of federal funds for the development of the Airport. Signature further agrees that it shall not cause the City to violate any assurances made by the City to the federal government in connection with the granting of such federal funds.

C. Non-discrimination in the Use of the Premises. This Agreement involves the use of or access to space on, over, or under real property acquired or improved under the Airport Development Aid Program of the Federal Aviation Administration, and therefore involves activity which serves the public. Signature, for itself, its personal representatives, successors in interest, and assigns, as part of the consideration hereof, does hereby covenant and agree, as a covenant running with the land, that (a) no person on the grounds of race, creed, color, religion, age, sex, or national origin shall be excluded from participation in, denied the benefits of, or otherwise to be subjected to discrimination in the use of said facilities; (b) that no person on the grounds of race, creed, color, religion, age, sex, or national origin shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination in the construction of Improvements on, over, or under such land and the furnishing of services thereon; and (c) that Signature shall use the Premises in compliance with all other requirements imposed by or pursuant to regulations of the United States Department of Transportation. In the event of a breach of the above non-discrimination covenants by Signature, City shall have the right to terminate this Agreement and to reenter and repossess the Premises and the facilities thereon, and hold the same as if this Agreement has never been executed.

D. Non-Discrimination in Furnishing Services. Signature agrees that it shall provide its services and products promptly, efficiently and adequately to meet all reasonable demands therefor, all on a fair and non-discriminatory basis to all users thereof, at charges which are fair, reasonable and non-discriminatory; provided that reasonable discounts, rebates or other similar types of price reductions may be made to volume purchasers.

Section 8.03 Airport Agreements.

Signature's use and occupancy of the Premises shall be and remain subject to (i) the provisions of any existing or future agreements between City and the United States government, F.A.A. or other governmental authority, relative to the operation or maintenance of the Airport, the execution of which has been or will be required as a condition precedent to the granting of federal or other government funds, including, without limitation, grant agreements, and (ii) any use agreement heretofore or hereafter executed by the City with airlines operating at the Airport, including, without limitation, the Midway Airport Use Agreement and Facilities Lease and any ordinance or indenture, or both, authorizing bond anticipation notes or bonds or other obligations adopted by the City Council of the City authorizing the issuance of notes, bonds or other obligations for the Airport and securing such obligations by a pledge of revenues or net revenues of the Airport and any ordinance or indenture supplemental thereto, which shall also include any master indenture.

Section 8.04 Airport Security Act.

This Agreement is expressly subject to the Airport Security Act, as amended from time to time, the provisions of which are hereby incorporated by reference, including, without limitation, Sections 105, 109 and 110, and all rules and regulations promulgated thereunder. In the event that Signature, any individual employed by Signature, or their respective contractors, subcontractors, suppliers of materials, or providers of services, in the performance of this Agreement, has: (i) unescorted access to secured areas located on or at the Airport; or (ii) capability to allow others to have unescorted access to such secured areas, Signature shall be subject to and further shall conduct with respect to its contractors, subcontractors, suppliers of materials, or providers of services and the respective employees of each, such employment investigations, including criminal history record checks, as the Commissioner or the F.A.A. may deem necessary. Further, in the event of any threat to civil aviation, as defined in the Airport Security Act, Signature shall promptly report any information in accordance with those regulations promulgated by the Secretary of the United States Department of Transportation and by City. Signature shall, notwithstanding anything contained herein to the contrary, at no additional cost to City, perform under this Agreement in compliance with those guidelines developed by City and the F.A.A. with the objective of maximum security enhancement.

Section 8.05 Airport Noise Restrictions.

Signature agrees to abide by any guidelines, rules or regulations for the Airport which result from any Part 150 study or any other restrictions imposed on noise and which are applicable to the use of the Premises as an aircraft maintenance facility or otherwise.

Section 8.06 Regulating The Airport; Airport Operation.

City reserves the right to regulate, police and further develop, improve, reconstruct, modify or otherwise alter the Airport in City's sole discretion. City reserves the right, but shall not be obligated to Signature, to maintain and keep in repair the landing area of the Airport and all publicly-owned facilities of the Airport. City shall not have any obligation to continue to operate the Airport or any part as an airport for passenger or freight air transportation or at any particular level of operation and may at any time limit or discontinue use of the Airport or any means of access to or within the Airport in whole or in part. This provision shall not be interpreted to grant a right to limit or discontinue means of access to the Premises by Signature from outside the Airport from dedicated public streets.

Article IX.

Exercise By City Of Governmental Functions.

Nothing contained herein shall impair the right of City, in the exercise of its governmental functions, to require Signature to pay any tax or inspection fees or to procure necessary permits or licenses. Nothing herein shall be construed to prevent Signature from contesting in good faith any tax or inspection fee so long as such contest is diligently commenced and prosecuted by Signature.

Nothing contained herein shall be deemed to be the grant of any franchise, license, permit or consent to Signature to operate motor coaches, buses, taxicabs or other vehicles carrying passengers or property for hire or other consideration over the public ways to and from the Airport.

Article X.

Insurance.

Section 10.01 Required Insurance Coverage.

Signature shall provide and maintain at all times, at Signature's own expense during the term of the Agreement and during any period subsequent to the expiration of the Term if Signature is required to return to perform Work or perform any activities to comply with any Environmental Law, the type of insurance specified below, with insurance companies authorized to do business in the State of Illinois, covering all operations under this Agreement, whether performed by Signature, its contractors or subcontractors. The kinds and amounts of insurance required are as follows:

A. B. Commercial Liability Insurance (Primary and Umbrella) -- Commercial Liability Insurance or equivalent coverage with limits of not less than Fifty Million Dollars ($50,000,000) per occurrence, for pollution, bodily injury, property damages liability, and personal injury. Coverages shall include the following: all premises and operations, products/completed operations, explosion, collapse, underground, pollution, independent contractors, broad form property damage,

separation of insureds, defense and contractual liability coverages (with no limitation endorsement). City shall each be named as an additional insured on a primary, non-contributory basis for any liability arising directly or indirectly from Signature's performance under this Agreement.

C. Automobile Liability Insurance -- When any motor vehicles are used in connection with work to be performed by or on behalf of Signature, Signature shall provide Automobile Liability Insurance with limits of not less than Five Million Dollars ($5,000,000), per occurrence, for bodily injury and property damage.

D. All Risk Builder's Insurance -- When Signature undertakes any work at the Airport, including improvements, betterments, or repairs, Signature shall provide All Risk Builder's Risk Insurance, at replacement cost, for the materials, supplies, equipment, machinery and fixtures that are or will be part of the permanent facilities. Coverages shall include but not be limited to the following: right to partial occupancy, material stored off-site and in-transit, boiler and machinery, earth movement, flood (including surface water back-up), collapse, water damage, faulty workmanship or materials, testing and mechanical-electrical breakdown. The City shall be named as an additional insured and loss payee.

E. All Risk Property Insurance -- Signature shall maintain All Risk Commercial Property Insurance, including improvements and betterments covering damage to buildings, machinery, equipment, supplies or other contents in the amount of full replacement value of the property. Coverage extensions shall include boiler and machinery, collapse, sprinkler leakage and flood. The City shall be named as an additional insured and loss payee.

F. Professional Liability -- When any architects, engineers, or consulting firms perform work or services in connection with this Agreement, Professional Liability Insurance covering acts, errors and omissions shall be maintained with limits of One Million Dollars ($1,000,000). Coverage shall include contractual liability. When policies are renewed or replaced, the policy retroactive date must coincide with, or precede, start of work under the contract. A claims-made policy which is not renewed or replaced must have an extended reporting period of two (2) years.

Section 10.02 Additional Obligations Of Signature Regarding Insurance.

A. Signature will furnish the Commissioner with original Certificates of Insurance evidencing the coverage required to be in force on the date of this Agreement, and renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the term of this Agreement. Signature shall submit evidence of insurance on the City of Chicago insurance certificate of coverage form prior to the

execution of the Agreement by the City. The receipt of any certificate does not constitute agreement by the City that the insurance requirements in the Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all requirements of this Agreement. The failure of the City to obtain certificates or other evidence of insurance from Signature shall not be deemed to be a waiver by the City. Signature shall advise all of its insurers of the provisions of this Agreement pertaining to insurance. Non-conforming insurance shall not relieve Signature of its obligation to provide the insurance specified herein. Nonfulfillment of the insurance conditions may constitute a material breach of the Agreement, and the City retains the right to suspend the Agreement until proper evidence of insurance is provided, or terminate the Agreement.

B. All insurance policies shall provide for sixty (60) days written notice to City prior to the effective date of any change, cancellation, or termination of such coverage.

C. Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by Signature.

D. Signature shall require all contractors to carry the insurance required herein, or Signature may provide the coverage for any or all contractors or subcontractors, and, if so, the evidence of insurance submitted shall be stipulated.

E. Signature expressly understands and agrees that any insurance coverages and limits furnished by Signature shall in no way limit Signature's liabilities and responsibilities specified within the Agreement, in equity, or at law.

F. Signature hereby waives, and shall cause each of its contractors to waive, its rights of subrogation against City, including City's appointed and elected officials, agents and employees. Inasmuch as this waiver preclude the assignment of any claim by subrogation to an insurance company, Signature agrees to do the following and cause each contractor and subcontractor to do the following: to give to each insurance company which has issued, or in the future may issue, to it policies of physical damage insurance, written notice of the terms of this waiver, and to have said insurance policies properly endorsed, to prevent the invalidation of said insurance coverage by reason of said waiver.

G. Signature expressly understands and agrees that any insurance maintained by City shall apply in excess of and not contribute with insurance provided by Signature under this Agreement.

H. Signature shall not do or permit to be done anything, either by act or failure to act, which shall cause cancellation of any policy of insurance required hereunder or any policy maintained by City.

I. The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation imposed by law upon any indemnification provided herein.

J. City maintains the right to modify, delete, alter or change the requirements set forth under this Section 9.01.

Article XI.

Indemnification By Signature.

Section 11.01 Indemnity.

Signature agrees to protect, defend, indemnify, keep, save and hold the City of Chicago, its officers, officials, employees and agents (collectively "Indemnified Parties") free and harmless from and against any and all liabilities, losses, penalties, damages, settlements, costs, charges, professional fees or other expenses or liabilities of every kind, nature and character arising out of or relating to any and all claims, liens, demands, obligations, actions, suits, judgments or settlements, proceedings or causes of action of every kind, nature and character (collectively "Claims") in connection with or arising directly or indirectly out of the performance or failure to perform hereunder by Signature, its officials, agents, employees and subcontractors, including but not limited to, the enforcement of this indemnification provision, except for Claims shown by final judgment to have been caused by or attributable to the Indemnified Parties' negligence, in which event the Indemnified Parties shall contribute to the payment of damages decreed by judgment, and the actual costs of defense borne by Signature not otherwise covered by insurance, to the extent the Indemnified Parties are found liable by such judgment. Without limiting the foregoing, any and all such Claims relating to personal injury, death, damage to property, defects in materials or workmanship, actual or alleged infringement of any patent, trademark, copyright or of any other tangible or intangible personal property right, actual or alleged employment discrimination or wrongful discharge, or any actual or alleged violation of any applicable statute, ordinance, order, rule or regulation, or decree of any court, shall be included in the indemnity hereunder. The foregoing indemnity provision excludes the negligence of the Indemnified Parties to the extent prohibited by 740 ILCS 35/1, et seq. (Construction Contract for Indemnification Act) and/ or 740 ILCS 150/0.01, et seq. (Structural Work Act), respectively. Signature further agrees to investigate, handle, respond to, provide defense for and defend all suits for any and all Claims, at its sole expense and agrees to bear all other costs and expenses related thereto, even if the Claims are considered groundless, false or fraudulent.

The Indemnified Parties shall have the right, at their respective options and cost, to participate in the defense of any suit, without relieving Signature of any of its obligations under this indemnity provision, provided that the Indemnified Parties and their respective attorneys shall coordinate and cooperate with Signature's attorneys. Signature further expressly understands and agrees that the requirements set forth in this indemnity to protect, defend, indemnify, keep, save and hold the Indemnified Parties free and harmless are separate from and not limited by Signature's responsibility to obtain insurance pursuant to other sections in this Agreement. Further, the indemnities contained in this section shall survive the expiration or termination of this Agreement.

Section 11.02 Release Of City.

A. The City shall not be liable to Signature, or to Signature's agents, representatives, contractors, subcontractors, or employees, for any injury to, or death of, any of them or of any other person, or for any damage to any Signature's property, or loss of revenue caused by any third person in the maintenance, construction, or operation of facilities at the Airport, or caused by City or any third person using the Airport or navigating any aircraft on or over the Airport, except where there has been a final determination by a court of competent jurisdiction that any injury, death, or damage is due to the negligence or willful misconduct of City, and only to the extent Signature or any of the above described parties is not covered by insurance.

B. The City shall not be liable to Signature for damage to property of Signature or any loss of revenues to Signature resulting from City's acts or omissions in the maintenance and operation of the Airport, except where there has been a final determination by court of competent jurisdiction that such damage or loss has been caused by the negligence or willful misconduct of City, and then only to the extent Signature is not reimbursed by insurance.

C. Notwithstanding any reference herein to Signature's release and indemnification being ineffective in certain instances where City or its agents, employees or representatives have been negligent, nothing herein shall be construed to make City liable in any case or instance where City would otherwise be immune from any tort liability because of its being a municipal corporation.

Section 11.03 Non-Liability Of Public Officials.

No official, employee, or agent of City shall be charged personally by Signature, or by any assignee or contractor of Signature, with any liability or expenses of defense, or be held personally liable to them under any term or provision of this Agreement, or because of City's execution or attempted execution hereof, or because of any breach hereof.

Section 11.04 City's Exculpation.

City, its officers, directors, commissioners, agents and employees, shall, to the extent permitted by law, have absolutely no personal liability with respect to any provision of this Agreement or any obligation or liability arising from this Agreement or in connection with this Agreement or the Premises in the event of a breach or default by City of any of its obligations. Signature (and any person claiming by or through Signature) shall look solely to legally available Airport discretionary funds from time to time up to the Maximum Limit. The term "Maximum Limit" means the fair market value of the City's interest in the Premises, as encumbered by this Agreement. The Maximum Limit shall be an aggregate limit over the term of this Agreement and shall be reduced by any prior payments or credits by City on account of a breach or default (or alleged breach or default) made with respect to the Premises. The Maximum Limit shall be determined as of the date of the City's liability for any breach or default is adjudicated. Such exculpation of liability shall be absolute to the full extent permitted by law and without any exception whatsoever.

Section 11.05 City Approvals.

Nothing herein is intended nor shall it be construed to provide any limitation upon Signature's obligation to comply with the terms and conditions of this Agreement. No City review or approval of any act of Signature or document provided by Signature, including, but not limited to, plans and specifications, shall in any way serve to attenuate, diminish or otherwise limit Signature's obligations hereunder, nor shall any such review or approval constitute a waiver by the City of any non-compliance with the terms and conditions of this Agreement.

Section 11.06 Survival Beyond Termination Of This Agreement.

Signature's obligations under Section 7.08 and this Article XI shall survive the termination of this Agreement.

Article XII.

Abatement Of Obligation To Pay.

Section 12.01 Abatement In The Event Of Closing.

In the event that for a period of time in excess of five (5) consecutive days

the Airport is closed by any order or direction of City or any other governmental authority or agency, or by any order or direction of any court of competent jurisdiction and not stayed by way of appeal or otherwise, then the sole and exclusive remedy of Signature shall be that the Ground Rent and/or Building Rent payable by Signature shall abate for the period of such closing.

Section 12.02 Right To Abatement Limited.

Except as otherwise expressly set forth herein, Signature shall have no right to abatement or set-off of Rent of any kind. There shall be no abatement or reduction of Rent or deletion from the Premises where the unusable condition is caused by the willful or negligent act or omission of Signature, its agents, employees, licensees, contractors, subcontractors, or invitees.

Article XIII.

Each of the following shall be an event of default under this Agreement:

(the "Code"), (or any successor statute thereto); or shall fail to pay its debts generally as they mature; or shall take the benefits of any present or future federal or state insolvency statute; or shall make a general assignment for the benefit of creditors.

B. Signature shall file a voluntary petition in bankruptcy or a petition or answer seeking an arrangement of its indebtedness under the Code or under any other law or statute of the United States or of any state thereof; or consent to the appointment of a receiver trustee, custodian, liquidator, or other similar official, of all or substantially all of its property; or an order for relief shall be entered by or against Signature under any chapter of the Code.

C. By order or decree of a court, Signature shall be adjudged a debtor or bankrupt, or an order shall be made approving a petition filed by any of its creditors or by any of its stockholders, seeking its reorganization or the restructuring of its indebtedness under the Code or under any other law or

D. A petition under any chapter of the Code or an action under any federal or state insolvency statute shall be filed against Signature and shall be dismissed or stayed within sixty (60) days after being filed thereof.

E. By or pursuant to, or under authority of any legislative act, resolution or rule, or order or decree of any court or governmental board, agency or officer, a receiver, trustee, custodian, liquidator, or other similar official shall take possession or control of all or substantially all of the property of Signature and such possession or control shall continue in effect for a period of sixty (60) days.

F. Signature shall become a corporation in dissolution.

G. The letting, license or other interest of or rights of Signature hereunder shall be transformed to, pass to, or devolve upon, by operation of law or otherwise, any other person, firm, corporation, or other entity, by, in connection with, or as a result of any bankruptcy, insolvency, trusteeship, liquidation or other proceedings or occurrence described in Subparagraphs (A) through (E) of this Section 12.01.

H. Signature shall fail to duly and punctually pay any Rent required to be paid hereunder or shall fail to make payment when due of any other sum required to be paid to City pursuant to this Agreement, for a period of five (5) business days after written notice specifying such failure and requesting that it be remedied is given to Signature by City.

I. Signature shall fail to keep, perform, and observe any promise, covenant or other provision of this Agreement, other than the obligation to pay Rent, for a period of thirty (30) days after written notice specifying such failure and requesting that it be remedied is given to Signature by City; provided, however, that any such failure which can be remedied, but which cannot with due diligence be remedied within such thirty (30) day period, shall not give rise to City's right to terminate this Agreement if corrective action is instituted by Signature within such thirty (30) day period and diligently pursued until the failure is remedied.

J. Any lien shall be filed against the Premises or any portion thereof resulting from any act or omission of Signature, and shall not be discharged within thirty (30) days, unless Signature shall within the aforesaid thirty (30) days furnish City such security as the Commissioner in his discretion determines to be adequate to protect the interests of City.

K. Signature shall cease using or abandon substantially all of the Premises for a period of ninety (90) days.

L. Signature shall make any purported Transfer without the consent of City as set forth in Article XIV.

M. Signature shall fail to maintain its corporate existence, or to remain duly qualified to do business in the State of Illinois, or Signature shall dissolve or otherwise dispose of all or substantially all of its assets, or shall consolidate with or merge into another corporation; provided, however, that it shall not be an Event of Default if Signature consolidates with or merges into an Affiliate.

N. Signature fails to receive authorization to conduct fixed base operations or general aviation functions at the Airport by any governmental entity, or the F.A.A. objects to or disapproves this Agreement.

O. Signature defaults on any Loan Agreement pertaining to Special Facility Revenue Bonds issued by the City for use and repayment by Signature.

Section 13.02 City's Remedies.

A. Whenever an Event of Default has occurred and is continuing, City may, at its option, immediately and without prior notice of such Event of Default:

1. terminate this Agreement and the licenses and other rights of Signature hereunder, without discharging any of Signature's obligations hereunder and, at City's further option, exclude Signature from the Premises; or

2. without terminating this Agreement, exclude Signature from the Premises and attempt to grant such Premises to another party for the account of Signature, holding Signature liable for all payments due hereunder up to the effective date of such grant and for the excess over the Rent and other amounts which are paid by such new party under such new agreement, if any, of other amounts payable by Signature under this Agreement for the remainder of the term of this Agreement.

B. The remedies set forth in this Article, shall be in addition to all other remedies which are or may be available to City at law or in equity. In addition, City may, from time to time, take whatever action at law or in equity appears necessary or desirable to collect Rent and any other amounts payable by Signature hereunder then due and thereafter to become due, and to enforce the performance and observance of any obligation, agreement, or covenant of Signature under this Agreement.

C. All rights and remedies hereinbefore given to City and all rights and remedies given to City by law, shall be cumulative and concurrent. No termination of this Agreement or the taking or recovering of the Premises shall deprive City of any of City's remedies or actions against Signature for Rent or for any other sum required to be paid to City pursuant to this Agreement, or for damages or for the breach of any covenant herein contained, nor shall the bringing of any action for fees or breach of covenant, or the resort to any other remedy herein provided for the recovery of fees be construed as a waiver of the right to obtain possession of the Premises.

Section 13.03 Removal Of Signature's Property.

A. The personal property financed and placed or installed by Signature in the Premises shall remain the property of Signature and must be removed on or before the expiration of the term of the expiration or any extension or renewal thereof at Signature's sole risk and expense. Any damage to the Airport, the Premises, or any fixtures located therein, resulting from such removal shall be paid for by Signature. In the event of the termination of this Agreement, by default or otherwise, Signature shall have thirty (30) days after such termination during which to remove such property; provided, however, City shall have the right to assert such liens against said property as City may by law by permitted. So long as any such property remains in the Premises, Signature's obligation to pay City Rent and any other sums which may be due the City under the Agreement shall continue.

B. If Signature's property is not removed as herein provided, City may, at its option, deem such property abandoned and keep such property, or after written notice to Signature and at Signature's sole risk and expense, remove such property to a public warehouse for deposit, or retain the same in City's possession and after the expiration of thirty (30) days sell the same, with notice and in accordance with applicable law, the proceeds of which shall be applied first to the expenses of such removal and sale, second to any sum owed by Signature to City, and any balance remaining shall be paid to Signature.

Section 13.04 Condemnation.

A. Any condemnation or taking of such a substantial part of the Premises that results in the Premises being unsuitable or incapable of being used for the purposes stated herein, is hereafter referred to as a "Total Taking". In the event of a Total Taking, this Agreement shall be terminated as of the date of the filing of the petition to condemn. Signature may thereafter petition the Court for an award of the value of its interest, which may include the amount of the unamortized construction costs under Section 4.02. Signature shall apply any such award to the defeasance of any

outstanding Special Facility Revenue Bonds issued by the City for use and repayment by Signature.

B. In the event of a taking of the Premises other than a Total Taking (a "Partial Taking"), this Agreement shall remain in effect as to the remaining portion of the Premises and, if the proceeds of any award received by City on account of such Partial Taking are sufficient to restore or replace the Premises so taken, City shall deposit the proceeds of the award with respect to the Premises in a construction fund and City shall forthwith (subject to unavoidable delays) apply such proceeds to the restoration or replacement of the Premises so taken as nearly as possible to (i) such condition, character, and utility value as existed prior to such Partial Taking or (ii) to such other condition, character, and value as may be agreed upon by City and Signature. If for any reason the proceeds of an award received by City for Partial Taking are in excess of the amount necessary to restore or replace the Premises, the amount of such excess shall be paid to City. If such proceeds are insufficient to replace or restore the Premises as provided in (i) and (ii) above, City shall not be required to restore or replace in excess of the proceeds of such awards.

Section 13.05 No Waiver By City.

Failure by City to take any action with respect to any default or violation by Signature of any of the terms, covenants, or conditions of this Agreement shall not in any respect limit, prejudice, diminish, or constitute a waiver of any rights of City to act with respect to any prior, contemporaneous, or subsequent violation or default. The acceptance by City of payment for any period or periods after a default or violation of any of the terms, conditions, and covenants of this Agreement shall not constitute a waiver or diminution of, nor create any limitation upon any right of City pursuant to this Agreement to terminate this Agreement for subsequent violation or default, or for continuation or repetition of the original violation or default.

Section 13.06 City's Right To Perform Signature's Obligations.

In the event that Signature fails to perform any of its obligations under this Agreement, the City may, but is not obligated to, and without waiving or releasing Signature from any of its obligations hereunder, make any payment or perform any other act which Signature is obligated to make or perform under this Agreement in such manner and to such extent as City may deem desirable; and in so doing City shall also have the right to enter upon the Premises, including any Building or improvement to the Premises or any Building, for any purpose reasonably necessary in connection therewith and to pay or incur any other necessary and incidental costs and expenses, including reasonable attorneys' fees. All sums so paid and all liabilities so incurred by City, together with interest thereon at the lesser of the then current prime rate charged by the largest commercial bank in the

City of Chicago plus three percent (3%), or the highest interest rate permitted by law, shall be deemed additional Rent hereunder and shall be payable to City upon demand as additional Rent. City shall use reasonable efforts to give prior notice, which may be oral, of its performance, if reasonably feasible under the circumstances.

The performance of any such obligation by City shall not constitute a waiver of Signature's default in failing to perform the same. Inaction of City shall never be considered as a waiver of any right accruing to it pursuant to this Agreement. City, in making any payment hereby authorized: (a) relating to taxes, may do so according to any bill, statement or estimate, without inquiry into the validity of any tax, assessment, sale, forfeiture, tax lien or title or claim thereof; (b) for the discharge, compromise or settlement of any lien, may do so without inquiry as to the validity or amount of any claim for lien which may be asserted; or (c) in connection with the completion of construction or improvements to the Premises or the repair, maintenance or reconstruction of the Premises or payment of operating costs thereof, may do so in such amounts and to such persons as City may reasonably deem appropriate. Nothing contained herein shall be construed to require the City to advance monies for any purpose. City shall not in any event be liable for inconvenience, annoyance, disturbance, loss of business or other damage to Signature or any other occupant of the Premises or any part thereof, by reason of making repairs or the performance of any work on the Premises or on account of bringing materials, supplies and equipment into or through the Premises during the course thereof and the obligations of Signature under this Lease shall not thereby be affected in any manner. In doing so, however, City shall use reasonable efforts not to interfere with Signature's operations.

Section 13.07 Attorneys' Fees And Expenses.

In the event Signature defaults under this Agreement and City employs attorneys or incurs other expenses for the collection of Signature fees or any other amounts due hereunder, or for the enforcement or performance or observance of any obligation or agreement on the part of Signature herein contained, Signature shall, on demand, pay to City the reasonable fees and expenses of such attorneys and any such other reasonable expenses incurred by City as a result of such default.

Article XIV.

Transfers.

Section 14.01 Signature's Right To Transfer.

A. Transfers Generally. Signature covenants that it will not assign, sublet, transfer, convey, sell, mortgage, pledge, or encumber (any of the foregoing events being referred to as a "Transfer") the Premises or any part thereof, or any rights of Signature hereunder or any interest of Signature in this Agreement, or effect any sale of Signature stock that may have the effect of a Transfer, nor will Signature allow the use of such Premises hereunder by any other person, except as otherwise provided in Article II of this Agreement, without in each instance having first obtained the prior written consent of City as set forth below, which consent the City agrees will not be withheld or delayed unreasonably. For the purposes of this Agreement, an Exempt Transfer is not a Transfer.

B. Transfer to an Affiliate. Signature may effect a Transfer under this Agreement to an Affiliate of Signature with which Signature may merge or consolidate in accordance with this Article XIV. The City will not withhold its consent to such Transfer provided that (i) the proposed transferee is in compliance with all of the legal requirements of this Agreement, (ii) the proposed transferee is sufficiently financially responsible, experienced and capable to perform Signature's obligations under this Agreement, (iii) the proposed transferee assumes all of Signature's obligations under this Agreement, (iv) in the City's sole opinion, the Transfer will not have a material adverse effect upon the Airport, (v) no event of default then exists, and (vi) the transferee executes the City's Contractor's Affidavit.

C. City Consent. In determining whether or not to consent to a Transfer, City will take into account those factors (i) through (vi) set forth in the immediately preceding paragraph and, without limitation, the promotion of a competitive environment at the Airport in light of the then-existing circumstances, the proposed use of the Premises by any transferee, the balanced utilization of the Airport facilities, operational considerations relating to the characteristics of the proposed transferee, the financial condition of the proposed transferee and the impact on City's ability to exercise control over the Airport. The consent of the City Council on behalf of City shall be required for any Transfer of (i) all of Signature's Premises, (ii) all rights of Signature hereunder, or (iii) all of Signature's interest in this Agreement. The consent of the Commissioner on behalf of City shall be required for any other Transfer. Consent by City to any type of Transfer described in this paragraph or elsewhere in this Agreement shall not in any way be construed to relieve Signature from obtaining further authorization from City for any subsequent Transfer of any nature whatsoever.

D. Signature to Remain Primarily Liable. Notwithstanding any Transfer, with or without City's consent, Signature shall remain fully liable for the payment of all of its fees and fully responsible for the performance of all of its other obligations hereunder.

E. Request for City Consent. Any and all requests by Signature for consent under Paragraph (A) of this Section 13.01 shall be made in writing by certified mail to City and shall include copies of the proposed documents of Transfer. Said documents of Transfer shall completely disclose any and all considerations made or to be made to Signature for said transfer.

F. City's Right to Collect from Transferee. If any Transfer shall occur, whether or not prohibited by this Section 13.01, City may collect fees and other sums to be paid under the Agreement from any assignee, sublessee, or other transferee of Signature, and in such event shall apply the net amount collected to the fees and other sums to be paid under the Agreement payable by Signature hereunder without such action by City releasing Signature from this Agreement or any of its obligations hereunder. If any transfer prohibited by this Section 13.01 shall occur without consent of City and City collects fees and other sums to be paid under the Agreement from any assignee, sublessee, or other transferee of Signature, and applies the net amount collected in the manner described in the preceding sentence, such actions by City shall not be deemed to be a waiver of the covenant contained in this Section 13.01, or constitute acceptance of such assignee, sublessee, or transferee by City.

G. Transfers Without City Consent Void. Any Transfer without the written consent of the City as provided for herein shall be void and of no effect.

Section 14.02 City Right To Transfer.

The City reserves the right to transfer all or any part of its interests hereunder.

Miscellaneous.

Section 16.01 City's Right Of Entry.

City, by its officers, employees, agents, representatives, contractors, and furnishers of utilities and other services, shall have the right at all reasonable times to enter Signature's Premises for the purpose of inspecting the same, for emergency repairs to utility systems, and for any other purpose necessary for, incidental to, or connected with the performance of City's obligations hereunder, or in the exercise of its governmental functions; and further, and without limiting the generality of the foregoing, City has the right to inspect Signature's records of its operations at the Airport. City shall, to the extent permitted under applicable law, preserve the confidentiality of all information obtained through such inspections, unless Signature has consented to disclosure or has publicly released such information.

Section 16.02 Signature Books And Records.

Signature shall maintain at its office in Chicago, Illinois, or at the Airport, books, records and accounts relevant to the determination of any sums owed to City under this Agreement, including, without limitation, records of its operations at the Airport. If such books, records and accounts are not maintained at such office, Signature shall in any case maintain such books, records and accounts within the United States, and Signature shall promptly furnish the Commissioner and City Comptroller with all information reasonably requested by them with respect to such books, records and accounts. The Commissioner and City Comptroller, and such persons as may be designated by them, shall have the right, at all reasonable times, subject to prior written notice to Signature, to audit, examine, make copies of, and take extracts from such books, records and accounts. In the event that (i) an audit reveals any discrepancy of greater than two and five-tenths percent (2.5%) of the gross receipts which are the subject of such audit, and (ii) such error resulted in an underpayment by Signature to the City, Signature shall reimburse the City for any and all of its expenditures for such audit. In the event that an audit reveals no irregularities, such audit shall be at the expense of the City.

Section 16.03 Force Majeure.

Neither party hereto shall be liable to the other for any failure, delay, or interruption in performing its obligations hereunder due to causes or conditions beyond its control, including, without limiting the generality

hereof, strikes, boycotts, picketing, slow-downs, work stoppages, or other labor actions affecting City or Signature, their respective contractors or subcontractors, except to the extent that such failure, delay or interruption is the result of the negligence of that party; provided that nothing in this Section 16.03 is intended or shall be construed to abate, postpone, or in any respect diminish Signature's obligations to make any payments due City pursuant to this Agreement.

City shall be under no obligation to supply any service if and to the extent and during any period that the supplying of any such service or the use of any component necessary therefor shall be prohibited or rationed by any federal, state, county, or municipal law, rule, regulation, requirement, order or directive.

Signature shall not be liable for the performance of any obligation of Signature hereunder if such performance is prohibited or materially affected by the issuance of any order, rule or regulation, or the taking of any action by the Federal Aviation Administration or other government authority substantially affecting for a period of at least sixty (60) days Signature's use of the Airport, provided, however, that none of the foregoing is due to any fault of Signature.

Section 16.04 No Partnership Or Agency.

Nothing herein contained as intended or shall be construed to in any respect create or establish any relationship other than that of lessor and lessee, and nothing herein shall be construed to establish any partnership, joint venture, or association or to make Signature the general representative or agent of City for any purpose whatsoever.

Section 16.05 Conflict Of Interest.

Signature hereby represents and warrants that it is not, and, to the best of Signature's knowledge its contractors are not in violation of Chapter 2-156 of the Municipal Code of Chicago. Any contract negotiated, entered into or performed in violation of said chapter shall be invalid and without any force whatsoever.

Section 16.06 Representatives.

City and Signature shall each designate a representative who, except as otherwise provided hereunder, shall be authorized to act for City and Signature, respectively, with respect to any actions to be taken by either of them under the terms of this Agreement. Except as specifically set forth herein, for the purposes of actions to be taken by it or by the Commissioner, City's representative shall be the Commissioner. Signature's representative

shall be designated in a written notice delivered to City. Any party hereto may change its designated representative by notice to the other party pursuant to the provisions of Section 14.01.

Section 16.07 Entire Agreement.

This Agreement, and the (sub)exhibits attached hereto and incorporated hereby, shall constitute the entire agreement between the parties and no other warranties, inducements, considerations, promises, or interpretations shall be implied or impressed upon this Agreement that are not expressly addressed herein and therein.

Section 16.08 Counterparts.

This Agreement is comprised of several identical counterparts, each to be fully executed by the parties and each to be deemed an original having identical legal effect.

Section 16.09 Amendments.

No changes, amendments, modifications, cancellation, or discharge of this Agreement, or any part thereof, shall be valid unless in writing and signed by the parties hereto, or their respective successors and assigns.

Section 16.10 Governing Law.

This Agreement shall be governed in accordance with the laws of the State of Illinois. Signature hereby irrevocably submits, and shall cause its subcontractors to submit, to the original jurisdiction of those state or federal courts located within the County of Cook, State of Illinois, with regard to any controversy arising out of, relating to, or in any way concerning the execution or performance of this Agreement. Signature agrees that service of process on Signature may be made, at the option of the City, either by registered or certified mail addressed to the applicable office as provided for, in this Agreement, by registered or certified mail addressed to the office actually maintained by Signature, or by personal delivery on any officer, director, or managing or general agent of Signature.

Section 16.11 Consent To Service Of Process And Jurisdiction.

All judicial proceedings brought by Signature with respect to this Agreement shall be brought in Cook County, Illinois, and by execution and delivery of this Agreement, Signature accepts, for itself and in connection with its properties, generally and unconditionally, the nonexclusive

jurisdiction of the aforesaid courts, and irrevocably agrees to be bound by any final judgment rendered thereby from which no appeal has been taken or is available. Signature irrevocably waives any objection (including without limitation any objection of the laying of venue or based on the grounds of forum nonconveniens) which it may now or hereafter have to the bringing of any action or proceeding with respect to this Agreement in the jurisdiction set forth above. Nothing herein shall affect the right to serve process in any other manner permitted by law or shall limit the right of City to bring proceedings against Signature in the courts of any other jurisdiction.

Section 16.12 Severability.

If any provisions of this Agreement shall be held or deemed to be or shall in fact be inoperative or unenforceable as applied in any particular case in any jurisdiction or jurisdictions or in all cases because it conflicts with any other provision or provisions hereof or of any constitution, statute, ordinance, rule of law, or public policy, or for any other reason, such circumstances shall not have the effect of rendering the provision in question inoperative or unenforceable in any other case or circumstances, or of rendering any other provision or provisions herein contained invalid, inoperative, or unenforceable to any extent whatever. The invalidity of any one or more phrases, sentences, clauses, or sections contained in this Agreement shall not affect the remaining portions of this Agreement or any part thereof.

Section 16.13 Assigns.

All of the terms and conditions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective legal representatives, successors, transferees, and assigns.

Section 16.14 Cooperation By Parties.

The parties hereby agree to use good faith in the performance of this Agreement and to cooperate with each other. City shall be expressly identified as a third party beneficiary in the contracts and granted a direct right of enforcement thereunder. If this Agreement is terminated for any reason, or if it expires by its own terms, Signature shall make every reasonable effort to assure an orderly transition to another fixed base operator or provider of general aviation services, if any; orderly demobilization of its own operation; and the uninterrupted provision of fixed base operations and general aviation services. During any transition period Signature shall otherwise comply with the reasonable requests and requirements of the Commissioner in connection with the termination or expiration of this Agreement.

Section 16.15 Consents And Approvals.

Unless otherwise expressly stated herein, any consents and approvals to be given by City shall be made by the Commissioner.

Article XVII.

Wherever this Agreement provides that an act is to be taken or performed, or approval or consent is to be given by City, such act may be taken or performed, or approval or consent may be given, by the Commissioner, without further action by the City Council of Chicago, as long as such act, approval or consent does not result in either (i) an extension of the Term (beyond any permitted renewals), (ii) a decrease in the Rent other than such decrease expressly provided for herein, or (iii) expansion of the Premises; provided, however, that non-material changes may be made to the boundaries of the Premises to conform to a survey. The Commissioner may execute an amendment to the Agreement provided that he or she is authorized to take or perform the act, or provide the consent or approval, giving rise to such amendment.

(b) The Commissioner shall designate a "Work Liaison" to represent City in all matters relating to the performance of the Work and to constitute the point of receipt for all submittals, unless expressly specified otherwise herein. In all provisions of this (sub)exhibit in which City's written approval or consent is required, such approval or consent must be that of the Work Liaison, unless Signature is notified in writing by the Commissioner otherwise. Any approval or consent by the Work Liaison hereunder shall not create any liability on City, in whole or in part, for the professional or technical accuracy of Signature's Work. The Commissioner shall be the final arbiter of any decision to be made or consent or approval to be given under this (sub)exhibit. The Work Liaison shall further assist Signature in coordinating Signature's Work with other projects and operations at the Airport and in Signature's contacts with any federal, state, or local government agencies. If requested, Signature shall provide reasonable administrative space for the Work Liaison on or contiguous to the Work site. The Work Liaison shall provide such personnel as may be needed from time to time.

3. Standard Of Performance.

Signature shall perform, or cause to be performed, all Work on the Project with that degree of skill, care and diligence normally exercised by professionals performing equivalent Work in projects of a scope and magnitude comparable to the Work hereunder.

Signature shall further perform, or cause to be performed, all Work hereunder according to those standards for Work at the Airport promulgated by D.O.A., F.A.A., and any other interested federal, state, or local governmental units, including, without limitation, any Airport Design and Construction Standards.

Signature shall further require its contractors to perform all Work required of them in accordance with the above standards and in a safe, efficient, good and workmanlike manner. Signature shall require its Project Contractors to replace all damaged or defective Work. Subject to the terms and conditions stated herein, Signature shall replace or correct such Work not so corrected or replaced by any contractor, or shall cause such Work to be replaced or corrected by another contractor, and thereafter shall prosecute, or shall assign its rights to so prosecute to City upon reasonable request therefor, any and all claims it may have against any contractor for failure by such contractor to comply with the standards of performance imposed upon them hereunder.

In the event Signature or its contractors fail to comply with the above-referenced standards, Signature shall perform again, or cause to be

performed again, at its own expense, any and all Work which is required to be re-performed as a direct or indirect result of such failure. Notwithstanding any review, approval, acceptance, or payment for any and all of the Work by City, Signature shall remain solely and exclusively responsible for the technical accuracy of all of the Work, as defined herein and furnished under this Lease. This provision shall in no way be considered as limiting the rights of City against Signature or its contractors, either under this Agreement, at law, or in equity.

4. Approval Of Contractors.

Prior to the hiring by Signature of any contractors, Signature shall submit a list of pre-qualified contractors to City for review and approval. In addition, City shall have the right (but not the obligation) to review, and approve the form of Signature's construction contract with any person or firm hired to act as a contractor in connection with the performance of Work. Signature shall include in its construction contracts all provisions required by this Agreement, such provisions as may be required by law at the time any such contract is awarded and such provisions as may be reasonably requested by City, its Risk Manager, its Purchasing Agent and its legal counsel.

5. Assignment Of Contracts.

All construction contracts shall contain provisions making them assignable to City. Upon the occurrence of an Event of Default under this Agreement, City shall have the right to require that Signature complete the assignment to City of any and all construction contracts. Such assignment shall be in writing and in a form and substance acceptable to City. Signature agrees that all such contracts shall further contain a clause which provides that in the case of any contract so assigned, the Project Contractor shall be deemed to have waived any and all claims, suits, and causes of action arising out of or relating to the performance of such contract prior to the effective date of such assignment, unless such contractor notifies City in writing of such claim, suit, or cause of action prior to the effective date of such assignment. City shall not be responsible for any claims relating to such contracts arising from or related to any fraud, misrepresentation, negligence or willful or intentionally tortious conduct by Signature, its officials, employees, agents or other Signature contractors.

6. Requirements For Work.

(a) Project Planning, Design, and Fabrication Phase: Signature shall submit, or cause to be submitted, at such levels as may be reasonably requested by the Work Liaison, proposed drawings, plans and specifications for review and comment by the Work Liaison. Such drawings, plans and

specifications, and all amendments thereto, and the cost and schedule information to be provided by Signature under this Paragraph 6(a), shall be subject to the approval of the Work Liaison, which approval shall not be unreasonably withheld or delayed. Any conditional approval or disapproval shall be accompanied by an explanation. If Signature intends to adopt fast track construction procedures, Signature must still complete each contract package to a reasonable level of detail (including alternate designs selected by Signature for major structural, mechanical, electrical and architectural elements) that will provide the Work Liaison adequate information upon which to base its review and approval. Signature shall not proceed with construction operations until all necessary approvals have been obtained.

(b) Signature to Provide Information: Prior to the commencement of any Work, and thereafter as often as may be necessary to provide the Work Liaison with current and complete information about the Work, Signature shall submit to the Work Liaison (i) initial and updated construction schedules (which shall be reviewed by the Work Liaison for their impact and relation to other projects or operations at the Airport) indicating the proposed and/or actual sequence of all Work, and the estimated date of completion of the Work under each of Signature's contracts; (ii) initial and updated site utilization plans, including limit lines, on-site storage and office areas, and proposed temporary alterations or detours and support detours intended to maintain public access and support services to, from, through or past operating facilities at the Airport; and (iii) Signature's initial and updated cost estimates for the Work, individually and aggregated.

(c) Installation, Construction, Start-Up and Testing Phase:

(i) The Work Liaison shall have the right to monitor the Work to assure that the Project is installed and constructed in conformity with the approved drawings, plans and specifications, and in accordance with the applicable standards therefor. In order to assist the Work Liaison in monitoring the installation, construction, start-up and testing, Signature shall submit, or cause to be submitted to the Work Liaison, copies of all:

-- surveys, soil borings and field test reports;

-- contracts;

-- material certificates and samples;

-- approved shop drawings;

-- lien waivers, payrolls and requests for payment by Contractors of any tier;

-- progress reports;

-- notification of substantial completion of the Work;

-- maintenance and operations manuals in connection with building systems;

-- as-built drawings;

-- warranties;

-- test and start-up results; and

-- any other documents related to the Work which may be reasonably requested by City.

(ii) No change order which materially changes the scope of the Work or the Project shall be implemented by Signature without review and approval by the Work Liaison. Any conditional approval or disapproval shall be accompanied by an explanation.

(iii) In the event the Work Liaison determines that the Work is at material variance from the approved cost, schedule, drawings, plans, and specifications or applicable standards, Signature shall use its best efforts to expeditiously resolve such variance through immediate consultation with its contractors. Until it has been determined by the Work Liaison that the Work has been performed without material variance from the approved cost, schedule, drawings, plans and specifications and applicable standards, the Work Liaison may, by written notice to Signature, (i) suggest to Signature that Signature withhold payments from any contractor which has performed, in the judgment of the Work Liaison, Work which is at material variance from the approved cost, schedule, drawings, plans and specifications, or applicable standards or (ii) suggest to Signature that it stop Work where it is directly affected by such variance from the approved cost, schedule, drawings, plans, specifications and applicable standards. If Signature's response is unacceptable in the reasonable opinion of the Work Liaison, the Work Liaison shall have the right to direct Signature to stop any other Work that is at variance with the approved cost, schedule, drawings, plans and specifications or applicable standards until the affected Work is corrected or replaced.

Any Work which is at material variance from the approved cost, schedule, drawings, plans and specifications or applicable standards shall be corrected or replaced by Signature, directly or through its contractors, provided that the Work Liaison has informed Signature of such variance within ten (10) business days following the performance of such Work, unless the variance affects the structural integrity or safety of the Work or the variance could not have been discovered with due diligence, in which case the Work Liaison shall inform Signature of such variance as soon as

reasonably practicable. If such Work is not corrected or replaced by Signature within thirty (30) days following notice from the Work Liaison to Signature, the Work Liaison may cause such Work to be corrected or replaced with City's own forces or otherwise at the expense of Signature, provided that in the event such Work cannot be corrected or replaced within said thirty (30) day period, Signature shall be afforded such additional time as the Work Liaison may determine to be reasonably necessary to correct or replace such Work.

7. Ownership.

City shall be and become the owner of the Work upon the City's acceptance thereof.

8. No Damages For Delay.

Signature agrees and shall cause its contractors to agree that claims for damages or charges for additional costs or fees shall not be made against City by Signature or its contractors, absent bad faith, fraud, or direct tortious interference, for costs incurred by reason of delays, disruptions, or hindrances in the contractors' Work. In the event that any contractor is delayed by causes beyond the reasonable control of such contractor, the Work schedule for the performance of the Work may be extended by Signature with City approval to reflect the extent of such delay, provided that Signature shall have given City written notice within ten (10) days of the commencement of such delay and shall have received City's written approval of the extension, which approval shall not be unreasonably withheld. Such notice by Signature shall include a description of the reasons for the delay and the steps to be taken by Signature and contractor to mitigate the effect of such delay on the Project schedule. City's permitting any contractor to proceed with its Work, or any part thereof, after such extension shall in no way operate as a waiver of any other rights on the part of City. City shall not be responsible to Signature or its contractors for any claims for damages or charges for additional costs or fees incurred by reason of delays, disruptions, or hindrances caused by Signature's bad faith, fraud, or direct tortious interference with its contractors.

9. Performance And Payment Bonds.

Signature shall require each of its contractors performing construction at or related to the Airport to post a performance and payment bond in the value of the construction Work to be performed under its contract. Such bonds shall comply with the provisions of 30 ILCS 550/1, as amended and Section 2-91-030 of the Chicago Municipal Code. The bond shall be in the same form and content as provided by City. The surety issuing such bond shall be acceptable to City's Risk Manager. City and Signature shall be

named as co-obligees on all bonds; provided, however, that City shall be named as the primary co-obligee.

10. Protection Of F.A.A. Facilities.

If trenching, jacking of pipe or casing, excavation for pavements or structures, site grading and vehicular traffic over earth areas will occur over, around and under F.A.A. facilities such as equipment houses, direct buried cables and duct banks, all possible steps must be taken to ensure their integrity throughout the period of construction activity.

The contractor shall notify the Commissioner at least seventy-two (72) hours prior to any excavation in the vicinity of F.A.A. cables or ducts to arrange for a joint walking tour with cable location equipment to identify precisely such cables and locations in order to assure the preservation of their vital functions during construction.

12. Protection Of Utilities.

(a) The contractor shall take suitable care to protect and prevent damage to all utilities from its operations on the Airport.

(b) When performing Work adjacent to existing sewers, drains, water and gas lines, electric or telephone or telegraph conduits or cables, pole lines or poles, or other utility equipment or structures which are to remain in operation, the contractor shall maintain such utility equipment and structures in place at its own expense and shall cooperate with the City department, utility company or other party owning or operating such utility equipment or structures in the maintenance thereof.

(c) The contractor shall be responsible for and shall repair all damage to any such utility, equipment or structures caused by its acts, whether negligent or otherwise, or its omission to act, whether negligent or otherwise and shall leave such utility, equipment or structures in as good condition as they were prior to the commencement of its operations. However, it is hereby agreed that any such utility equipment or structures damaged as a result of an act, or omission to act, of the contractor may, at the option of the City department, utility company, or other party owning or operating such utility, equipment or structures damaged, be repaired by such City department, utility company, or other party and in such event the cost of such repairs shall be borne by the contractor.

13. General Conditions.

Signature shall conduct any Work, or cause such Work to be conducted by its contractors, in accordance with those standards for construction

operations at the Airport set forth in the City's "General Conditions" dated January 1, 1997, as may be revised, including without limitation, Articles VI, XIV, XV and XIX.

14. Additional Legal Requirements.

(a) Veterans Preference:

(i) Signature shall insure that the following provision is inserted in all contracts entered into with any contractors and labor organizations which furnish skilled, unskilled and craft union skilled labor, or which may provide any material, labor, or services in connection with the improvements.

(ii) Signature shall comply with the provisions of 330 ILCS 55/0.01, et seq. which requires that a preference be given to veterans in the employment and appointment to fill positions in the construction, addition, or alteration of all Public Works. Special Conditions Regarding
Minority Business Enterprise Commitment
And Women Business Enterprise Commitment.

I. Policy And Terms.

A. It is the policy of the City of Chicago that Local Businesses

certified as Minority Business Enterprises ("M.B.E.") and Women Business Enterprises ("W.B.E.") in accordance with Section 2-92-420, et seq. of the Municipal Code of Chicago and Regulations Governing Certification of Minority and Women-owned Businesses, and all other regulations promulgated under the aforementioned sections of the Municipal Code shall have the maximum opportunity to participate fully in the performance of this Agreement. Therefore, Signature shall not discriminate against any person or business on the basis of race, color, national origin or sex, and shall take affirmative action to ensure that women and minority businesses shall have the maximum opportunity to compete for and perform subcontracts for services, supplies and work required in Signature's performance of the agreement.

B. Accordingly, Signature commits to expend at least the following percentages of its cost of completing capital improvements (including design, engineering, implementation and construction costs) for participation by M.B.E.s and W.B.E.s:

twenty-five percent (25%) M.B.E. participation.

five percent (5%) W.B.E. participation.

Signature also commits to make every good faith effort to maximize the participation by M.B.E.s and W.B.E.s in every aspect of the operations established through this agreement.

C. These commitments are met by subcontracting a portion of the services or work to one (1) or more M.B.E.s or W.B.E.s, or by the purchase of materials used in the performance of the contract from one (1) or more M.B.E.s or W.B.E.s. M.B.E./W.B.E. participation goals are separate and those businesses certified as both M.B.E. and W.B.E. may be credited toward either the M.B.E. goal or the W.B.E. goal but not both.

II. Definitions.

1. "Minority Business Enterprise" or "M.B.E." means a firm awarded certification as a minority-owned and controlled business in accordance with City ordinances and regulations.

2. "Women Business Enterprise" or "W.B.E." means a firm awarded certification as a women-owned and controlled business in accordance with City ordinances and regulations.

3. "Directory" means the Directory of Certified "Disadvantaged Business Enterprises", "Minority Business Enterprises" and "Women Business Enterprises" maintained and published by the Department of Purchases. The Directory identifies firms that have been certified as M.B.E.s and W.B.E.s, and includes both the date of their last certification and the area of specialty in which they have been certified. Signature is responsible for verifying the current certification status of all proposed M.B.E./W.B.E. firms.

4. "Area of Specialty" means the description of an M.B.E./W.B.E. firm's business which has been determined by the Purchasing Agent to be most reflective of the M.B.E./W.B.E. firm's claimed specialty or expertise. Each M.B.E./W.B.E. letter of certification contains a description of the firm's area of specialty. This information is also contained in the Directory. Credit toward this agreement's M.B.E./W.B.E. participation goal shall be limited to the participation of firms performing within their area of specialty.

   Notice: The Department of Purchases does not make any representation concerning the ability of any M.B.E./W.B.E. to perform work within its Area of Specialty. It is the responsibility of all contractors to determine the capability and capacity of M.B.E./W.B.E. firms to satisfactorily perform the work proposed.

5. "Joint Venture" means an association of two (2) or more businesses to carry out a single business enterprise for profit, and for which purpose they combine their expertise, property, capital, efforts, skill and knowledge. Contractors may develop joint venture agreements as an instrument to provide participation by M.B.E.s and W.B.E.s in contract work. A joint venture seeking to be credited for M.B.E./W.B.E. participation may be formed among certified M.B.E./W.B.E. firm(s) or between certified M.B.E./W.B.E. firm(s) and non-M.B.E./W.B.E. firm(s).

   A joint venture is eligible for M.B.E./W.B.E. credit if the M.B.E./W.B.E. venturer(s) share in the ownership, control, management responsibilities, risks and profits of the Joint Venture, and are responsible for a clearly defined portion of work to be performed, in proportion with the M.B.E./W.B.E. ownership percentage.

6. "Contract Compliance Administrator" means the officer appointed pursuant to Section 2-92-490 of the Municipal Code of Chicago.

III. Counting M.B.E./W.B.E. Participation Toward The Contract Goals.

A. The inclusion of any M.B.E. or W.B.E. in Signature's M.B.E./W.B.E. Utilization Plan shall not conclusively establish Signature's right to full M.B.E./W.B.E. credit for that firm's participation in the agreement.

B. The Purchasing Agent reserves the right to deny or limit M.B.E./W.B.E. credit to the Signature where any M.B.E. or W.B.E. is found to be engaged in substantial subcontracting or pass-through activities with others. In this regard, Signature may count toward its M.B.E. and W.B.E. goals only expenditures to firms that perform a commercially useful function. A firm is considered to perform a commercially useful function when it is responsible for the performance of a clearly defined and distinct element of work and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To determine whether a firm is performing a commercially useful function, the Purchasing Agent shall evaluate the amount of work subcontracted, industry practices, and other relevant factors. The amount of M.B.E./W.B.E. participation credit shall be used upon an analysis by the Purchasing Agent of the specific duties that will be performed by the M.B.E. or W.B.E.. Each M.B.E./W.B.E. shall be expected to actually perform a substantial (i.e. more than eighty-five percent (85%)) portion of the work contemplated for it by any subcontract or agreement through the use of its own employees and equipment.

C. Credit for the participation of M.B.E.s and W.B.E.s as joint venture partners shall be based upon an analysis of the duties, responsibilities and risks undertaken by the M.B.E./W.B.E. as specified in the joint venture agreement.

IV. Procedure To Determine Plan Compliance.

The following schedules and documents constitute Signature's M.B.E./W.B.E. Utilization Plan, and must be submitted in accordance with the guidelines stated.

1. Schedule B: Affidavit of Joint Venture (M.B.E./W.B.E.):

Where the M.B.E./W.B.E. proposal includes the participation of any M.B.E./W.B.E. as a joint venturer, Signature's M.B.E./W.B.E. Utilization Plan shall include a Schedule B: Affidavit of M.B.E./W.B.E./Non-M.B.E./W.B.E. joint venture with an attached copy of the joint venture agreement proposed among the parties.

The Schedule B, in conjunction with the joint venture agreement, must clearly evidence that the M.B.E. /W.B.E. venturer will be responsible for a clearly defined portion of the work to be performed and that the M.B.E./W.B.E. firm's responsibilities are in proportion with their ownership percentage. In order to demonstrate the M.B.E./W.B.E. venturer's share in the ownership, control, management responsibilities, risks and profits of the joint venture, the proposed joint venture agreement shall include specific details related to (i) contributions of capital and equipment; (ii) work items or responsibilities to be performed by the M.B.E./W.B.E.'s own forces; (iii) the commitment of management, supervisory and operative personnel employed by the M.B.E./W.B.E. to be dedicated to the performance of the contract.

The Schedule B, together with the joint venture agreement must, in addition, clearly evidence the commitment of the M.B.E./W.B.E. venturer to actually perform (with its own forces and equipment) work equal to at least fifty percent (50%) of the value of its ownership of the joint venture.

2. Schedule C-1: Letter of Intent from M.B.E./W.B.E. to Perform as a Subcontractor, Subconsultant, or Goods or Material Supplier:

A Schedule C-1, executed by the M.B.E./W.B.E. firm (or joint venture subcontractor) must be submitted by Signature for each M.B.E./W.B.E. included on Signature's Schedule D-1. Each Schedule C-1 must accurately detail the work to be performed by the M.B.E./W.B.E. firm and the agreed rates and prices to be paid.

3. Letters of Certification:

A copy of each proposed M.B.E./W.B.E. firm's current Letter of Certification from the City of Chicago must be included with the M.B.E./W.B.E. Utilization Plan.

All Letters of Certification issued by the City of Chicago include a statement of the M.B.E./W.B.E. firm's Area of Specialty. The M.B.E./W.B.E. firm's scope of work, as detailed by its Schedule C-1 must conform to its stated area of specialization.

4. Schedule D-1: Affidavit of M.B.E./W.B.E. Goal Implementation Plan:

Signature's M.B.E./W.B.E. Utilization Plan shall include a completed Schedule D-1 committing Signature to the utilization of each listed M.B.E./W.B.E. firm. The total dollar commitment to proposed M.B.E./W.B.E. firms must at least equal the M.B.E./W.B.E. Contract participation goals. All commitments made by Signature's Schedule D-1 must conform to those presented in the submitted Schedule C-1s.

V. Reporting.

A. A copy of each M.B.E./W.B.E.'s agreement with Signature shall be submitted to the Commissioner of Aviation.

B. Signature shall file quarterly M.B.E./W.B.E. Utilization Reports delineating the M.B.E./W.B.E. participation for the quarter and cumulatively to date. Each M.B.E./W.B.E. utilization report shall be signed by an authorized officer or representative of Signature and notarized.

C. Signature's Quarterly M.B.E./W.B.E. Utilization Reports shall be in a form approved by the Commissioner of Aviation. The report shall indicate the total commitment (in dollars) to each M.B.E. and W.B.E. firm included in the M.B.E./W.B.E. Utilization Plan and shall indicate monies earned by the M.B.E./W.B.E. and paid by Signature both during the quarter and on an agreement-to-date basis. The report shall also include a section which describes the affirmative action undertaken by Signature to ensure that M.B.E.s and W.B.E.s have a maximum opportunity to participate.

VI. M.B.E./W.B.E. Substitutions And Waivers Of Goals.

A. Arbitrary changes by Signature of the commitments earlier certified in the Schedule D are prohibited. Further, after once entering into each approved M.B.E./W.B.E. sub-agreement, Signature shall thereafter neither terminate the sub-agreement, nor reduce the scope of the work to be performed by the

M.B.E./W.B.E., nor decrease the price to or the level of participation of the M.B.E./W.B.E., without in each instance receiving the prior written approval of the Purchasing Agent. In some cases, however, it may become necessary to substitute a new M.B.E./W.B.E. in order actually to fulfill the M.B.E./W.B.E. requirements. In such cases, the Purchasing Agent must be given reasons justifying the release by the Purchasing Agent of prior specific M.B.E./W.B.E. commitments established in Signature's M.B.E./W.B.E. proposal, and will need to review the eligibility of the M.B.E./W.B.E. presented as a substitute. The substitution procedure will be as follows:

1. Signature must notify the Purchasing Agent immediately in writing of an apparent necessity to reduce or terminate a M.B.E./W.B.E. subcontract or joint venture and to propose a substitute firm for some phase of the operation or the work, goods or services, if needed in order to sustain the fulfillment of the M.B.E./W.B.E. goals.

2. Signature's notification should include the specific reasons for the proposed substitution. Stated reasons which may be acceptable include any of the following examples: a previously committed M.B.E./W.B.E. was found not to be able to perform, or not to be able to perform on time; a committed M.B.E./W.B.E. was found not to be able to produce acceptable work; a committed M.B.E./W.B.E. was discovered later to be not bona fide; a committed M.B.E./W.B.E. lost its M.B.E./W.B.E. certification; and a M.B.E./W.B.E. previously committed at a given price later demands an unreasonable escalation of price.

   Signature's position in these cases must be fully explained and supported with adequate documentation. Stated reasons which will NOT be acceptable include: a replacement firm has been recruited to perform the same work under terms more advantageous to Signature; issues about performance by the committed M.B.E./W.B.E. were disputed (unless every reasonable effort has already been taken to have the issues resolved or mediated satisfactorily); and a committed M.B.E./W.B.E. has requested reasonable price escalation which may be justified due to unforeseen circumstances.

3. Signature's notification should include the name, address and principal official of any proposed substitute M.B.E./W.B.E. and the dollar value and scope of work of the proposed subcontract. Attached should be all the

same M.B.E./W.B.E. affidavits, Schedules, documents and Letter of Intent which are required of bidders, as enumerated above in Section IV. Procedure to Determine Contract Compliance.

4. The City will evaluate the submitted documentation, and respond within fifteen (15) working days to the request for approval of a substitution. The response may be in the form of a request for more information, a request for an interview to clarify or mediate the problem or a written approval. In the case of an expressed emergency need to receive the necessary decision for the sake of job progress, the City will instead respond as soon as practicable.

5. Actual substitution of a replacement M.B.E./W.B.E. should not be made before City approval is given of the acceptability of the substitute M.B.E./W.B.E.. A subcontract with the substitute M.B.E./W.B.E. must be executed within five (5) working days, and a copy of the M.B.E./W.B.E. subcontract with signatures of both parties to the agreement should be submitted immediately to the City.

B. After award of the agreement, no relief of the M.B.E./W.B.E. requirements will be granted by the City except in exceptional circumstances. Requests for complete or partial waiver of the M.B.E./W.B.E. requirements of this agreement must be made in writing, stating all details of the request, the circumstances and any additional relevant information. The request must be accompanied by a record of all efforts undertaken by Signature including but not limited to attempts to locate specific firms, solicitation of M.B.E./W.B.E. bids, and requests for assistance from technical assistance agencies.

C. In a case where an enterprise under contract was previously considered to be an M.B.E./W.B.E. but is later found not to be, or whose work is found not to be creditable toward M.B.E./W.B.E. goals fully as planned, the City will consider the following special criteria in evaluating a waiver request:

1. Whether Signature was reasonable in believing the enterprise was a M.B.E./W.B.E. or that eligibility or "counting" standards were not being violated.

2. The adequacy of unsuccessful efforts taken to obtain a substitute M.B.E./W.B.E..

D. In a case where the M.B.E./W.B.E. Joint Venturer loses its certification, the City will consider the diligence of its efforts to remain certified and the adequacy of unsuccessful efforts undertaken to satisfy the requirements by obtaining other M.B.E./W.B.E. participation.

E. The Purchasing Agent solely will determine grants of waiver and all matters of M.B.E./W.B.E. compliance.

VII.

Non-Compliance And Damages.

The following constitute a material breach of any agreement entered into of which these Special Conditions form a part and shall entitle the City to declare a default, terminate the agreement and exercise those remedies provided for in the agreement, at law or in equity.

A. Failure to satisfy the M.B.E./W.B.E. percentages required by the agreement; and

B. Joint venturer or subcontractor is disqualified as a M.B.E./W.B.E., such status was a factor in contract award, and was misrepresented by Signature.

In the event that Signature is determined not to have been involved in any misrepresentation of the status of the disqualified joint venturer or subcontractor or supplier, Signature shall discharge the disqualified subcontractor or supplier and, if possible, identify and engage a qualified M.B.E./W.B.E. as its replacement. Furthermore, continued eligibility to enter into future contracting arrangements with the City may be jeopardized as a result of non-compliance. Payments due to Signature, if any, may be withheld until corrective action is taken.

In the event Signature has not complied with the contractual M.B.E./W.B.E. percentages, underutilization of identified M.B.E./W.B.E.s shall entitle the affected M.B.E./W.B.E.s to recover from Signature damages suffered by these M.B.E./W.B.E.s as a result of such underutilization. Therefore, Signature hereby agrees that any disputes between Signature and such affected M.B.E./W.B.E.s regarding damages shall be resolved by binding arbitration before an independent arbitrator other than the City, with reasonable expenses, including attorneys' fees, being recoverable by a prevailing M.B.E./W.B.E. in accordance with applicable City regulations. This provision is intended for the benefit of any M.B.E./W.B.E. affected by underutilization and grants them specific third party beneficiary rights. In

cases where deemed appropriate by the Purchasing Agent, notification of a dispute by the affected M.B.E./W.B.E. or Signature may lead to the withholding of sums that the City may owe Signature until the City receives a copy of the final arbitration decision, but in no event shall Signature be excused from making any payments due to the City during the pendency of a dispute.

VIII.

Record Keeping.

Signature shall maintain records of all relevant data with respect to the utilization of M.B.E./W.B.E.s, retaining these records for a period of at least three (3) years after termination or expiration of the agreement. Signature grants full access to these records to the City of Chicago, federal or state authorities, the United States Department of Justice, or any duly authorized representatives thereof.

IX.

Contractor Assistance.

Signature must itself assist M.B.E./W.B.E.s in overcoming barriers to program participation. The following instruments of assistance, for example, should be used as applicable:

A. developing solicitations of subcontract proposals so as to increase potential M.B.E./W.B.E. participation. This can take the form of breaking down large subcontracts into smaller ones, and of issuing notice of solicitations in a timely manner; and

B. providing technical assistance and guidance in the proposing, estimating, and scheduling processes; and

C. considering purchasing supplies and/or leasing the required equipment for a job, then subcontracting only for the expertise required to perform the work; and

D. providing accelerated payments or establishing prorated payment and delivery schedules so as to minimize cash flow problems faced by small firms.

X.

Equal Employment Opportunity.

Compliance with M.B.E./W.B.E. requirements will not diminish or supplant Equal Employment Opportunity and Civil Rights provisions as specified elsewhere in the agreement and as they relate to Signature and its subcontractors' obligations.

VII.

Certification Of Court-Ordered Child Support Compliance.

For purposes of this Section VII, "Substantial Owner" means any person who owns or holds a ten percent (10%) or more percentage of interest in the Contractor; where the Contractor is an individual or sole proprietorship, substantial owner means that individual or sole proprietor. Percentage of interest includes direct, indirect and beneficial interests in the Contractor. Indirect or beneficial interest means that an interest in the Contractor is held by a corporation, joint venture, trust, partnership, association, estate or other legal entity, in which the individual holds an interest, or by agent(s) or nominee(s) on behalf of an individual or entity. For example, if Corporation B holds or owns a twenty percent (20%) interest in Contractor, and an individual or entity has a fifty percent (50%) or more percentage of interest in Corporation B, then such individual or entity indirectly has a ten percent (10%) or more percentage of interest in the Contractor. In this case, the response to this section must cover such individual(s) or entity. If Corporation B is held by another entity, then this analysis similarly must be applied to that next entity.

If Contractor's expense in this Section VII, is Number 1 or Number 2, then all of Contractor's Substantial Owners must remain in compliance with any such child support obligations (1) throughout the term of the contract and any extensions thereof, or (2) until the performance of the contract is completed, as applicable. Failure of Contractor's Substantial Owners to remain in compliance with their child support obligations in the manner set forth in either Number 1 or Number 2 constitutes an event of default.

In completing this Section VII, the authorized signatory must sign on the line next to the appropriate subsection.

1. Elizabeth A. Haskins (Signed) No Substantial Owner has been declared in arrearage on his or her child support obligations by an Illinois court of competent jurisdiction.

2. _____ An Illinois court of competent jurisdiction has issued an order declaring one or more Substantial Owners in arrearage on their child support obligations, however, all such Substantial Owners have entered into court-approved agreements for the payment of all such child support owed, and all such Substantial Owners are in compliance with such agreements.

3. _____ An Illinois court of competent jurisdiction has issued an order declaring one or more Substantial Owners in arrearage on their child support obligations and: (1) at

least one such Substantial Owner has not entered into a court-approved agreement for the payment of all such child support owed or (2) at least one such Substantial Owner is not in compliance with a court-approved agreement for the payment of all such child support owed, or both (1) and (2).

4. _____ There are no Substantial Owners.

VIII.

Incorporation Into Contract And Compliance.

The above certifications shall become part of any contract awarded to the Contractor set forth on page 1 of this Contractor's Affidavit. Further, the Contractor shall comply with these certifications during the term or performance of the contract.

Notes 1--7 Grantee's Affidavit.

1. Business entities are affiliated if, directly or indirectly, one controls or has the power to control the other, or if a third person controls or has the power to control both entities. Indicia of control include without limitation: interlocking management or ownership identity of interests among family members; shared facilities and equipment; common use of employees; or organization of another business entity using substantially the same management, ownership or principals as the first entity.

2. No corporation shall be barred from contracting with any unit of state or local government as a result of a conviction, under either Section 33E-3 or Section 33E-4 of Article 33 of the State of Illinois Criminal Code of 1961, as amended, or any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation as provided in paragraph (2) of subsection (a) of Section 5-4 of the State of Illinois Criminal Code.

3. For purposes of Section II.A of this certification, a person commits the offense of and engages in bid-rigging when he knowingly agrees with any person who is, or but for such agreement should be, a competitor of such person concerning any bid submitted or not submitted by such person or

another to a unit of state or local government when with the intent that the bid submitted or not submitted will result in the award of a contract to such person or another and he either (1) provides such person or receives from another information concerning the price or other material term or terms of the bid which would otherwise not be disclosed to a competitor in an independent noncollusive submission of bids or (2) submits a bid that is of such a price or other material term or terms that he does not intend the bid to be accepted. See 720 ILCS 5/33E-3.

4. V.

Certification Of Court-Ordered Child Support Compliance.

For purposes of this Section V, "Substantial Owner" means any person who owns or holds a ten percent (10%) or more percentage of interest in the Contractor; where the Contractor is an individual or sole proprietorship, Substantial Owner means that individual or sole proprietor. Percentage of interest includes direct, indirect and beneficial interests in the Contractor. Indirect or beneficial interest means that an interest in the Contractor is held by a corporation, joint venture, trust, partnership, association, estate or other legal entity, in which the individual holds an interest, or by agent(s) or nominee(s) on behalf of an individual or entity. For example, if Corporation B holds or owns a twenty percent (20%) interest in Contractor, and an individual or entity has a fifty percent (50%) or more percentage of interest in Corporation B, then such individual or entity indirectly has a ten percent (10%) or more percentage of interest in the Contractor. In this case, the response to this Section V, must cover such individual(s) or entity. If Corporation B is held by another entity, then this analysis similarly must be applied to that next entity.

If Contractor's responce in this Section IV, is Number 1 or Number 2, then all of Contractor's Substantial Owners must remain in compliance with any such child support obligations (1) throughout the term of the contract and any extensions thereof or (2) until the performance of the contract is completed, as applicable. Failure of Contractor's Substantial Owners to remain in compliance with their child support obligations in the manner set forth in either Number 1 or Number 2 constitutes an event of default.

In completing this Section V, the authorized signatory Must Sign on the line next to the appropriate subsection.

1. Matthew J. Lynch (Signed) — No Substantial Owner has been declared in arrearage on his or her child support obligations, by an Illinois court of competent jurisdiction.

2. _____ — An Illinois court of competent jurisdiction has issued an order declaring one or more Substantial Owners in arrearage on their child support obligations, however, all such Substantial Owners have entered into court-approved agreements for the payment of all such child support owed, and all such Substantial Owners are in compliance with such agreements.

3. _____ — An Illinois court of competent jurisdiction has issued an order declaring one (1) or more Substantial Owners in arrearage on their child support obligations and: (1) at least one such Substantial Owner has not entered into a

court-approval agreement for the payment of all such child support owed, or (2) at least one (1) such Substantial Owner is not in comliance with a court-approved agreement for the payment of all such child support owed, or both (1) and (2).

4. _____ There are no Substantial Owners.

VI.

Further, Contractor shall comply with these certifications during the term or performance of the Contract.

Notes 1 -- 6 Contractor's Affidavit.

[1] Business entities are affiliated if, directly or indirectly, one controls or has the power to control the other, or if a third person controls or has the power to control both entities. Indicia of control include without limitation: interlocking management or ownership identity of interests among family members; shared facilities and equipment; common use of employees; or organization of another business entity using substantially the same management, ownership or principals as the first entity.

[2] No corporation shall be barred from contracting with any unit of state or local government as a result of a conviction, under either Section 33E-3 or Section 33E-4 of Article 33 of the State of Illinois Criminal Code of 1961, as amended, or any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation as provided in paragraph (2) of subsection (a) of Section 5-4 of the State of Illinois Criminal Code.

[3] For purposes of Section III.A. of this certification, a person commits the offense of and engages in bid-rigging when he knowingly agrees with any person who is, or but for such agreement should be, a competitor of such

person concerning any bid submitted or not submitted by such person or another to a unit of state or local government when with the intent that the bid submitted or not submitted will result in the award of a contract to such person or another and he either (1) provides such person or receives from another information concerning the price or other material term or terms of the bid which would otherwise not be disclosed to a competitor in an independent noncollusive submission of bids or (2) submits a bid that is of such a price or other material term or terms that he does not intend the bid to be accepted. See 720 ILCS 5/33E-3.

4 For purposes of Section III.A. of this certification, a person commits the offense of and engages in bid-rotating when, pursuant to any collusive scheme or agreement with another, he engages in a pattern over time (which, for the purposes hereof, shall include at least three (3) contract bids within a period of ten (10) years, the most recent of which occurs after January 1, 1989) of submitting sealed bids to units of state or local government with the intent that the award of such bids rotates, or is distributed among, persons or business entities which submit bids on a substantial number of the same contracts. See 720 ILCS 5/33E-4.

5. 65 ILCS 5/11-42.1-1 provides that a municipality may not enter into a contract or agreement with an individual or other entity that is delinquent in the payment of any tax administered by the Illinois Department of Revenue unless the contracting party is contesting, in accordance with the procedures established by the appropriate Revenue Act, its liability for the tax or the amount of the tax or unless the contracting party has entered into an agreement to pay the tax and is in compliance with the Agreement. Nothwithstanding the above, the municipality may enter into the contract if the contracting authority for the municipality determines that:

(1) the contract is for goods or services vital to the public health, safety, or welfare; and

(2) the municipality is unable to acquire the goods or services at a comparable price and of comparable quality from other sources.

6. "Environmental Restriction" means any statute, ordinance, rule, regulation, permit, permit condition, order or directive relating to or imposing liability or standards of conduct concerning the release or threatened release of hazardous materials, special wastes or other contaminants into the environment, and to the generation, use, storage, transportation, or disposal of construction debris, bulk waste, refuse, garbage, solid wastes, hazardous materials, special wastes or other contaminants, including but not limited to (1) the Comprehensive Environmental Response and Compensation and Liability Act (42 U.S.C. §9601, et seq.); (2) the Hazardous Material Transportation Act (49 U.S.C. §1801, et seq.); (3) the Resource Conservation and Recovery Act of 1976 (42 U.S.C. §7401, et seq.); (4) the Clean Water Act (33 U.S.C. §1251, et seq.); (5)

Notwithstanding any such assignment, Tenant shall remain liable for the full performance of Tenant's obligation hereunder.

5.2 Tenant's Covenant Against Liens.

Tenant shall not cause or permit any lien or encumbrance, whether created by act of Tenant, operation of Law or otherwise, to attach to or be placed upon Landlord's title or interest in the Premises. All liens and encumbrances created by Tenant shall attach to Tenant's interest only.

Insurance And Indemnification.

6.1 Insurance.

The Landlord shall procure and maintain at all times, at Landlord's own expense, during the Term of this lease, the types of insurance specified below, with insurance companies authorized to do business in the State of Illinois.

The kinds and amounts of insurance required are as follows:

a) Workers' Compensation And Occupational Disease Insurance.

Workers' Compensation and Occupational Disease Insurance, in accordance with the laws of the State of Illinois, or any other applicable jurisdiction, covering all employees and Employer's Liability coverage with limits of not less than One Hundred Thousand Dollars ($100,000) each accident or illness.

b) Commercial Liability Insurance (Primary And Umbrella).

Commercial Liability Insurance or equivalent with limits of not less than Two Million Dollars ($2,000,000) per occurrence, combined single limit, for bodily injury, personal injury, and property damage liability. Coverage extensions shall include the following: all premises and operations, products/completed operations, broad form property, separation of insureds, and contractual liability (with no limitation endorsement). The City of Chicago, its employees, elected officials, agents and representatives are to be named as additional insureds on a primary, non-contributory basis for any liability arising directly or indirectly from the lease.

c) Comprehensive Automobile Liability Insurance (Primary And Umbrella).

When any motor vehicles (owned, non-owned and hired) are used in connection with work to be performed, the Landlord shall carry Comprehensive Automobile Liability Insurance with limits of not less than Two Million Dollars ($2,000,000) per occurrence, combined single limit, for bodily injury and property damage.

d) All Risk Property Insurance.

All Risk Property Insurance coverage shall be maintained by the Landlord for full replacement value (less a reasonable deductible amount) to protect against loss, damage to or destruction of property, unless damaged by the negligence or willful acts of Tenant, its employees, agents or contractors.

The Landlord shall be responsible for all loss or damage to Landlord's personal property (including but not limited to materials, equipment, tools and supplies), owned or rented, by the Landlord, unless damaged by the negligence or willful acts of Tenant, its employees, agents or contractors. The Landlord shall submit evidence on insurance prior to lease award. The receipt of any certificates does not constitute agreement by the City that the insurance requirements in the lease have been fully met or that the insurance policies indicated on the certificate are in compliance with all lease requirements. The failure of the City to obtain certificates or other insurance evidence from Landlord shall not be deemed to be a waiver by the City. The Landlord shall advise all insurers of the lease provisions regarding insurance. Non-conforming insurance shall not relieve Landlord of its obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the lease, and the City retains the right to terminate the lease until proper evidence of insurance is provided.

The insurance shall provide for thirty (30) days prior written notice to be given to the City in the event coverage is substantially changed, canceled, or non-renewed.

Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by the insured party.

Each party agrees that it shall use reasonable efforts to cause its insurers to waive their rights of subrogation against the other party and its employees (elected officials in the case of Tenant), agents or representatives.

The Landlord expressly understands and agrees that any coverages and limits shall in no way limit the Landlord's liabilities and responsibilities specified within the lease documents or by Law.

The Landlord expressly understands and agrees that any insurance or self-insurance programs maintained by the City of Chicago shall apply in excess of and not contribute with insurance provided by the Landlord under the lease.

The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of Law.

The City of Chicago Risk Management Department maintains the right to modify, delete, alter or change these requirements, provided, however, if any requirement is increased, the cost to Landlord cannot exceed ten percent (10%) of the cost of the insurance required hereunder.

6.3 Landlord's Indemnification.

Landlord shall indemnify and hold Tenant harmless against all liabilities, judgment costs, damages, and expenses which may accrue against, be charged to, or be recovered from Tenant by reason of Landlord's negligent performance of or failure to perform any of its obligations under this lease provided that Tenant has provided Landlord with proper and timely written notice.

If the Premises shall be damaged or destroyed by fire or other casualty to such extent that Tenant cannot continue, occupy or conduct its normal

business therein for more than three (3) consecutive days, or if, in Tenant's opinion, the Premises are rendered untenantable, forcing Tenant to close the public library in the Premises for more than three (3) consecutive days and tenantability is not restored within three (3) days, then all sums due hereunder shall thereafter abate until the Premises are restored, enabling Tenant to once again operate in the Premises. If within one hundred twenty (120) days of casualty, Landlord fails to restore the Premises to a condition which will permit Tenant to operate in the Premises, Tenant shall have the option to declare this lease terminated as of the date of such damage or destruction by giving Landlord written notice to such effect. If Tenant exercises this option, the rent shall be apportioned as of the date of such damage or destruction and Landlord shall forthwith repay to Tenant all prepaid rent.

WHEREAS, The Grantee desires to amend Exhibit 1 of the Current Ordinance to include an additional single conduit adding one hundred thirty-seven (137) feet of linear cable; and

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are expressly incorporated herein and made a part of this ordinance as though fully set forth herein.

SECTION 2. The Current Ordinance is hereby amended as set forth below:

(i) Section 1.13, line 2 which reads "two thousand one hundred ninety (2,190) linear feet" is hereby amended to read as follows:

(iv) Section 5.1 is hereby amended to substitute the number "Forty-two Thousand One Hundred Sixty-two and no/100 Dollars ($42,162.00)" for "Forty-one Thousand Three Hundred Forty

and no/100 Dollars ($41,340.00)" wherever it shall appear therein.

(vi) Section 6.2 is hereby amended to add the following paragraph at the end thereof:

"The foregoing requirements are supplementary to requirements for insurance set forth in Chapter 10-20, et seq., of the Code. To the extent such requirements are not included herein, Grantee shall also meet such requirements of the Code, Chapter 10-20, et seq."

(vii) Section 7.1 shall be replaced in its entirety to read as follows and all subsequent sections shall be renumbered accordingly:

"Section 7.1 Construction and Installation Procedures; Letter of Credit.

A. Grantee shall not access the public ways to construct, install or modify its System without prior approval of the Commissioner of the Department of Transportation, the issuance of a permit therefor and the payment of applicable permit fees. Grantee shall also obtain a public work license under Chapter 10-20 of the Code if required thereunder and a letter of credit in such amounts as may be required under said Chapter 10-20 and attendant regulations. Grantee shall submit to the Commissioner of the Department of Transportation documents which set forth the project purposes, specifications, exact proposed locations, standards

and procedures for construction and installation of its System including size and depth of conduits and cables (the "Construction Documents"). Said specifications, standards and procedures shall be consistent with the applicable standards of the telecommunications industry and shall, at a minimum, establish procedures to ensure quality work and provide for the safety and protection of residents and property. Said Construction Documents shall be submitted to the Commissioner of the Department of Transportation for review and approval prior to commencement of construction, installation or modification of Grantee's System and shall be modified as said Commissioner may require in the interest of public safety or to comply with applicable provisions of the Code and City regulations or where mutually agreed on by the City and Grantee. Any application for permits shall be subject to compliance with the Board of Underground procedures and guidelines set forth in Section 19 of this ordinance and the modification, to the extent deemed necessary by the Commissioner of the Department of Transportation, of any Construction Documents to comply with such procedures and guidelines, and of any requirements for a letter of credit pursuant to Chapter 10-20 of the Code and attendant regulations.

B. Grantee shall provide the City with an irrevocable unconditional letter of credit in the form attached hereto as Exhibit 7, in the principal amount of Five Thousand Dollars ($5,000) naming the City as beneficiary. Said letter of credit (or any replacement letter of credit) shall be provided for the length of this ordinance and for such period of time thereafter as is required by Chapter 10-20 of the Code and attendant regulations. Said letter of credit shall be used to ensure the faithful performance by Grantee of all provisions of this ordinance and compliance with all orders, licenses, permits and directions of any agency, commission, board, department, division or office of the City having jurisdiction over Grantee's acts or defaults under this ordinance and for payment by Grantee of any penalties, liens, claims and taxes due the City which arise by reason of the construction, installation, operation or maintenance of Grantee's System. Such letter of credit may be drawn upon under either of or both of the following circumstances:

(i) in the event that Grantee: (i) has failed to pay the City any compensation due the City within the time fixed in this ordinance; or (ii) has failed to repay the City within ten (10) days of any damages, expenses or costs which the City is compelled to pay by reason of Grantee's act or

omission to act in connection with this ordinance (except for matters covered under Chapter 10-20 of the Code); or (iii) has failed after three (3) days notice to Grantee of such failure to comply with any provisions of this ordinance which the Director of the Department of Revenue has reasonably determined can be remedied by a draw on the letter of credit, the City can immediately draw up to the amount thereof outstanding, with interest and penalties, if any, from the letter of credit. Upon such demand for payment, the City shall notify the Grantee of the amount and date thereof; and

(ii) under such circumstances and subject to such conditions which are set forth in Chapter 10-20 of the Code, attendant regulations, and any license required thereunder for public way work.

If amounts are drawn under the letter of credit, Grantee shall take such actions as may be necessary to maintain such letter of credit at full amount within three (3) days of notification by the City of its draw against such letter of credit. The rights reserved to the City under such letter of credit shall be in addition to any rights it may have pursuant to this ordinance or under law.

C. The letter of credit called for in this ordinance shall be issued by a financial institution authorized to do business in Illinois that is an insured depository institution (as defined in 12 U.S.C. §1813) and satisfactory to the City Comptroller. The financial institution issuing the letter of credit shall be located or have a branch within the City and shall carry an investment grade rating from a major rating company. The City shall be entitled to draw on any letter of credit provided the City which expires (either by its terms or because of non-renewal) on a date prior to the termination date of this ordinance at least thirty (30) days prior to the expiry date thereof unless either (i) proof of renewal of such letter of credit satisfactory to the City's Departments of Transportation and Revenue has been furnished to the City or (ii) a replacement letter of credit has been approved by the City's Departments of Transportation and Revenue prior to such draw date. The City also reserves the right to stop any work related to the carrying out of this ordinance until the letter of credit is furnished. If the financial condition of any letter of credit issuer issuing a letter of credit pursuant hereto materially and

adversely changes, the City may, at any time, require that such letter of credit be replaced with such other letter of credit consistent with the requirements set forth in this section. Grantee shall not materially change or alter the terms or conditions of the letter of credit referred to herein or replace or cancel said letter of credit without prior approval of the City's Risk Management Office. None of the provisions contained herein nor the letter of credit required herein shall be construed to excuse the faithful performance by Grantee of the terms and conditions of this ordinance or limit the liability of the Grantee under this ordinance for any and all damages in excess of the amounts of such letter of credit."

(iii) Renumbered Section 7.6 shall be replaced in its entirety to read as follows:

"Section 7.6 Other Requirements And Approvals.

The provisions contained in this Section 7 are supplemental to and not in substitution of applicable provisions of Chapter 10-20, et seq. of the Code and attendant regulations, including the procurement of a letter of credit consistent with and pursuant to Chapter 10-20 of the Code and attendant regulations. Issuance of a permit by the Commissioner of the Department of Transportation as to the installation of any portion of Grantee's System does not waive other applicable requirements of federal or Illinois law or the Code (including said Chapter 10-20) and Grantee shall comply with such other requirements. Grantee is further responsible for obtaining approvals related to Grantee's use of the Authorized Routes contemplated in this ordinance from other applicable City departments (such as the Department of Streets and Sanitation and the Building Department) in a timely fashion when and as required by the Code."

(ix) A new Section 12.5 shall be added following Section 12.4 to read as follows:

"Section 12.5 ComplianceWith The Environmental Laws.

(a) Compliance.

Grantee shall comply with all laws relating to environmental matters including, without limitation, those relating to fines, orders, injunctions, penalties, damages, contribution, cost recovery compensation, losses or injuries

resulting from the release or threatened release of Hazardous Materials, special wastes or other contaminants including, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act (42 U.S.C. §9601, et seq.), the Hazardous Material Transportation Act (42 U.S.C. §1801, et seq.), the Resource Act (33 U.S.C. §1251, et seq.), the Clean Air Act (42 U.S.C. §7401, et seq.), the Toxic Substances Control Act of 1986 (15 U.S.C. §2601, et seq.), the Safe Drinking Water Act (42 U.S.C. §300f), the Occupational Safety and Health Act of 1970 (29 U.S.C. §651, et seq.), the Emergency Planning and Community Right-to-Know Act (42 U.S.C. §11001, et seq.), the Illinois Environmental Protection Act (415 ILCS 5/1, et seq.) and the Chicago Municipal Code, each as amended or supplemented, and any analogous future or present state or federal statutes, rules and regulations promulgated thereunder or pursuant thereto, and any other present or future law, ordinance, rule, regulation, permit or permit condition, order or directive regulating, relating to or imposing liability or standards of conduct concerning any Hazardous Materials or by the federal government, any state or any political subdivision thereof, or any agency, court or body of the federal government, any state or any political subdivision thereof, exercising executive, legislative, judicial, regulatory or administrative functions (collectively "Environmental Laws").

If any of the above Environmental Laws require the Grantee to file any notice or report of a release or threatened release of Hazardous Materials or special wastes on, under or about any premises used by Grantee to perform the services required hereunder, the Grantee shall provide a copy of such report or notice to the City. In the event of a release or threatened release of Hazardous Materials, special waste or other contaminants into the environment by Grantee or its Contractors or in the event any claim, demand, action or notice is made against the Grantee regarding the Grantee's failure or alleged failure to comply with any of the above Environmental Laws, in regard to activities related to Grantee's System, Grantee shall immediately notify the City in writing and shall provide the City with copies of any written claims, demands, notices or actions so made. Grantee shall comply with the rules and regulations stated in any applicable mandatory recycling ordinance enacted or amended by the City Council of the City of Chicago.

If Grantee fails to comply with any of the above referenced Environmental Laws, the City may terminate this ordinance in accordance with the default provisions of this ordinance.

For purposes of this provision, the following definitions shall apply:

"Hazardous Materials" means friable asbestos or asbestos-containing materials, polychlorinated biphenyls (PCB's), petroleum or crude oil or any fraction thereof, natural gas, special nuclear materials; and by product materials regulated under the Atomic Energy Act (42 U.S.C. §201-, et seq.), pesticides regulated under the federal Insecticide Fungicide and Rodenticide Act (7 U.S.C. §136, et seq.) and any hazardous waste, toxic or dangerous substance or related material, including any material defined or treated as "hazardous substance", "hazardous waste", "toxic substance" or contaminant (or comparable term) under any of the Environmental Laws.

"Special Wastes" means those substances as defined in Section 415 ILCS 5/3.45 of the Illinois Environmental Protection Act, and as further referred to in Section 809-13 of 35 Illinois Code, Subtitle G, Chapter 1.

(b) Environmental Permits.

1. To the extent required by the Environmental Laws, Grantee must keep current throughout the term of this ordinance, waste hauling, Special Waste hauling, disposal permits and insurance certificates required by federal, state, city or local government body or agency pursuant to any Environmental Law, if any, and at the request of the city, show evidence thereof.

2. When requested by the City, the Contractor shall submit copies of any hauling permits required by any Environmental Law. To the extent requested by the City, copies of all permits that require periodic renewal must be forwarded to the City throughout the duration of this ordinance. Noncompliance with this requirement may be cause for termination of this ordinance.

3. Environmental Records and Reports: Grantee shall be required to prepare and maintain proper, accurate and complete records of accounts of all transactions related to its

operation of the Public Ways, including, but not limited to, the following:

a. Vehicle maintenance records.

b. Safety and accident reports.

c. I.E.P.A. or O.S.H.A. manifests.

d. Disposal records, including disposal site used, date, truck number and disposal weight.

e. Permit documentation and all other documentation and transactions pertaining to all Environmental Laws.

(c) Disposal of Materials, Construction Debris, Soil and Waste.

1. Grantee shall be responsible for the proper disposal of all materials, construction debris, soil and other waste. Hauling and disposal by a Contractor or subcontractor does not relieve the Grantee from responsibility for proper disposal. Disposal of all materials, construction debris, soil and other wastes shall be at a disposal site that is properly licensed and permitted to accept the particular materials, construction debris, soil and other wastes delivered to it in accordance with all Environmental Laws. Failure to identify disposal site(s) for materials, construction debris, soil and other wastes or to submit such information when requested by the City may be cause to terminate the ordinance.

2. At the request of the City, the Grantee shall provide said Commissioner or his/her designated representative with copies of all load tickets, manifests, bills of lading, scale tickets and other pertinent documents. When requested by the City, Grantee shall provide copies of all permits and/or licenses for the proposed transfer station and/or landfill. In the event that the transfer station and/or landfill proposed for use by the Grantee does not possess the necessary permits and/or licenses to accept the materials, construction debris, soil and other wastes, Grantee will replace the transfer station and/or landfill. If the Grantee disposes of materials, construction debris, soil or other wastes at a site which is not properly permitted, the Grantee shall be responsible for all costs associated with the

removal of the waste to a properly licensed/permitted landfill or disposal site.

3. The Grantee shall accept full responsibility for compliance with all Environmental Laws.

4. The Grantee shall notify the City within twenty-four (24) hours of receipt of any environmental complaints, fines, citations, violations or notices of violation ("Claims") by any governmental body or regulatory agency against the Grantee by any third party relating to the loading, hauling or disposal of materials, construction debris, soil or other wastes in connection with Grantee's System. The Grantee will provide evidence to the City that any such Claim has been addressed to the satisfaction of the issuer or initiator of any such Claim.

5. Grantee shall provide the City with reasonable prior written notice of any community meetings, media involvement or media coverage related to the loading, hauling or disposal of materials, construction debris, soil or other wastes related to its System in which Grantee is asked to participate.

6. Noncompliance with these terms and conditions may be used by the City as grounds for termination of this ordinance.

(d) Equipment and Environmental Control During Transport. Grantee shall haul any materials, construction debris, soil and other wastes in vehicles and/or containers complying with all applicable Environmental Laws. All equipment used to transfer materials, construction debris, soil or other wastes shall be designed to prevent spillage during the hauling operation. Grantee's equipment shall fully comply with all city, state and federal regulations, laws and ordinances pertaining to size, load weight, safety and any Environmental Laws.

(e) Indemnification. Grantee acknowledges that Section 6.13 of this ordinance applies to any violation of Environmental Laws by Grantee or its Contractors.

(f) Environmental Controls. Grantee shall comply with all Environmental Laws with respect to the elimination of excessive noise and pollution of air and water due to its construction and other operations. Grantee shall minimize the noise of heavy construction equipment and control the

dust, smoke and fumes from construction equipment and other operations in work sites and in City streets and properties, in accordance with ordinances of the City and orders of City departments. Grantee shall not discharge oily, greasy chemical, hazardous or toxic wastes into waterways and City sewers.

(g) Hazardous Materials.

(i) In the event that Grantee while working within the Authorized Routes encounters asbestos or toxic or Hazardous Materials not caused by or introduced by Grantee or its Contractors or subcontractor, Grantee shall, before disturbing such materials, immediately notify the City and any owner of any conduit in which Grantee may be locating Grantee's System ("Owner") of the location and apparent location thereof, and as to whether it is feasible to re-route wiring or other work so as to avoid such materials. If such re-routing is feasible Grantee or the Owner shall do so at no cost to the City. To the extent that Grantee exacerbates any existing environmental condition, Grantee shall be liable for any additional cost of abatement so caused by Grantee's activities.

(ii) If such re-routing or avoidance is not feasible in the judgment of the City, and such materials must be disturbed or relocated to complete such work, then Grantee shall perform or cause one or more of its Contractors or subcontractors or the Owner (including, if necessary, a new, specialized subcontractor then retained with the consent and approval of the City for such purpose) to perform such abatement, containment, treatment or removal and disposal of such materials as may be required by law, subject to the provisions of Paragraph (c) of this section.

(iii) In the undertaking of such abatement, treatment, containment, removal or disposition, Grantee, or such person employed by Grantee:

(1) shall notify the City and the Owner at least seventy-two (72) hours prior to the start of removal and disposal of any Hazardous Materials;

(2) shall be certified as a Hazardous Materials removal firm by the Environmental Protection Agency and all state or local agencies;

(3) shall carry such insurance coverage as may be required by the City's Department of Risk

Management naming the City as an additional insured; and

(4) shall provide such indemnification and documentation as required by the City.

(x) Exhibit 1 shall be amended to add the following:

(a) the second paragraph of Exhibit 1 shall be replaced in its entirety as follows:

Grantee's System authorized by the attached ordinance, extends for two thousand three hundred twenty-seven (2,327) feet along the Authorized Routes which are described, as follows:

(b) Part V shall be added as follows:

V. Description of Use for 1000 West Belden Avenue.

One (1) four (4) inch conduit containing one (1) six hundred (600) twisted pair copper telephone cable and one (1) twenty-four (24) strand fiber optic cable will exit the northwest corner of 2318 North Sheffield Avenue, running west approximately six (6) feet from the property line into and under the north/south public alleyway located directly west of North Sheffield Avenue and directly east of North Kenmore Avenue, then turning south in said public alleyways running approximately one hundred twenty-five (125) feet under the public alleyways, then turning east for approximately six (6) feet under the public alleyway, entering the west elevation of the basement of 1000 West Belden Avenue.

(c) The Note following Part V shall be replaced in its entirety as follows:

Note: The total linear feet in the entire system equals ten thousand nine hundred twenty-seven (10,927). Of this, approximately two thousand three hundred twenty-seven (2,327) is represented by

either existing or proposed public way use (refer to Exhibit I) with the balance located within the boundaries of Grantee's property lines.

(xi) A new Exhibit 7 is added, which shall read as follows:

Be It Further Resolved, That a suitable copy of this resolution be prepared and presented to the family of Mr. Lee Miglin.

Alderman Burke submitted the following written remarks:

Mr. President, Ladies and Gentlemen:

The entire City of Chicago has been saddened by the tragic murder of real estate developer Lee Miglin. He was both a friend and ally to many in city government. And I count myself honored to have called him a friend.

But, beyond the macabre details and events which surround Lee Miglin's death, which by now have touched the conscience of the nation, his loss to the life of our city is as deep as it is regrettable and shocking.

Lee Miglin was a Chicagoan in the classic old sense of that word. Like the giants of a by-gone era -- A. Montgomery Ward,

Potter Palmer, Daniel Burnham -- Lee Miglin looked to transform the urban geography around him. He was a visionary and a dreamer, as well as an outstanding man of business. And for all the success and accomplishment that he had in his life, it is ironic that perhaps his most noble and well known endeavor was one that never came to pass, the 125-story Miglin-Bietler Building. While this fantastic project, set to be the tallest office building in the world, failed to become reality, it will, by the drama, imagination and inventiveness of its design, stand as an invisible monument to Lee Miglin's belief in Chicago.

Lee Miglin was a man of economic daring and discipline here in Chicago. His shadow reached out beyond the city to develop and strengthen the commercial corridors that bridge Chicago and its suburbs. Together with his partner, J. Paul Bietler, they fashioned a Chicago business of high resourcefulness that transformed the quality of life and commerce.

Today, our hearts go out to Lee's widow, Marilyn, herself a great Chicago success story, their children, and Lee's partner, Paul Bietler. All of Chicago mourns the loss of his genius, imagination and wise counsel. In the press, Lee Miglin has been called a "sky king", because of the height of his dreams. In the finest tradition of Chicago builders, like Burnham before him, Lee Miglin could "make no small plans". For all that he brought to us and for his ability to move all of us to see grand plans for Chicago, the city owes Lee Miglin a deep debt of gratitude. May he now, forever, rest in the peace of God.

extend to the family of the late Mike Royko our deepest condolences and most heartfelt sympathies upon their loss; and

Be It Further Resolved, That a suitable copy of this resolution be presented to the family of the late Mike Royko as a sign of our sympathy and good wishes.

Alderman Burke submitted the following written remarks:

Mr. President, Ladies and Gentlemen of the Chicago City Council:

The recent death of *Chicago Tribune* columnist Mike Royko, a pundit of extravagant measure, brought an era of Chicago political reporting to an end. Mr. Royko's career spanned a wide and turbulent era in Chicago politics. I doubt if any journalist in Chicago during this period looked at the events and personalities with the precision and detail that Royko did. His ear for the Chicago voice permitted him a clarity of reporting that had been unseen since the days of old Chicago, when Finley Peter Dunne's "Mr. Dooley" offered his brand of "cracker-barrel" political philosophy. When Royko wrote, the vitality and the nuance of Chicago neighborhoods came to life.

Chicago politics toughened Royko, sharpening his wit, his acerbic caricatures and his unrelenting skepticism for Chicago politicians. It would be an understatement to say that I often personally disagreed with Mr. Royko's assessment of Chicago elections, politics or expediencies. But I never disagreed with his passion about local politics or his eternal affection for the people of Chicago's neighborhoods and wards.

I believe I appeared too many times in Royko columns, where I was often grist for his humor and ammunition for his own political bear-baiting. But he added to the flavor and the texture of Chicago life, which today is still America's most political city. I often found Royko's journalism as unrelenting as a Chicago winter and as unforgiving as an angry in-law. But he didn't fall from outer space. He grew up on Chicago streets and rubbed shoulders with Chicago's real people, in saloons, on ball fields and street cars. He was a part of the fabric of Chicago life, known and treasured by the writers who knew Chicago best.

Royko was no dilettante. His world had little room for debutantes, posh clubs, pedigrees, fancy coffees, slackers, phonies and braggarts. He sang the praises of the real Chicago, our streets, boulevards, alleys, parks, playgrounds and sports heroes. He took a curmudgeon's delight in the idiosyncrasies and manners of the politically correct. His words were always brickbats and bullets. But his vigilant observations helped to widen the political acumen of Chicagoans from Bridgeport to Rogers Park. There was a simplicity hidden behind the humanity of Mike Royko. I think, at times, it was a window to his soul. He once wrote that "the real reason for being mayor of Chicago, despite all the headaches and thankless tasks, was that you never had to look for a place to park".

Royko's words always carried a Chicago pragmatism, cautiously leery of lofty platitudes. I suspect he would take a certain discomfort in being remembered here on the council floor. But he juiced up the contours of Chicago political reporting in a singular style. He was a part of the Chicago scene.

We extend our sympathy to his wife and family. May he rest in peace.

Thereupon, on motion of Alderman Burke, the remaining proposed resolutions presented through the Agreed Calendar were *Adopted* by yeas and nays, as follows:

Yeas -- Aldermen Granato, Haithcock, Tillman, Preckwinkle, Holt, Steele, Beavers, Dixon, Shaw, Buchanan, Huels, Frias, Olivo, Burke, Jones, Coleman, Peterson, Murphy, Rugai, Troutman, Evans, Munoz, Zalewski, Chandler, Solis, Burnett, E. Smith, Burrell, Wojcik, Suarez, Gabinski, Austin, Colom, Banks, Giles, Allen, Laurino, O'Connor, Doherty, Natarus, Bernardini, Hansen, Levar, Shiller, Schulter, M. Smith, Moore, Stone -- 48.

Nays -- None.

Alderman Burke moved to reconsider the foregoing vote. The motion was lost.

All of us will know;

Are better off than we

SECTION 2. That the Chicago Zoning Ordinance be amended in Article 10A-1 by adding the following language in its entirety:

10A-1.10 Roscoe Street Special District.

10A-1.10-1 Preamble. The SD-10 Roscoe Street Special District is intended to conserve the existing low-density, multi-use commercial and residential character of the portion of West Roscoe Street between North Damen Avenue and North Leavitt Street. The existing pattern of development is two- and three-story structures with pedestrian-oriented retail at street level and dwelling units above. The Roscoe Street District seeks to maintain the street's existing scale and to limit construction of taller four- and five-story buildings. In addition, the District regulations seek to maintain the street-front orientation of existing buildings by requiring this orientation for new construction and by encouraging conformity to the front setbacks, if any, of the prevailing street wall.

10A-1.10-2 Height Limits -- Roscoe Street Special District. All new construction shall not exceed 36 feet in height as defined in Section 3.2 of this ordinance. Chimney, heating and cooling equipment, parapets, or similar structures shall not be measured as part of the building height. Stairway enclosures shall also be exempt provided such enclosures are setback a minimum of 20 feet from the front building line, at least five feet from any side building line, and do not exceed 100 square feet in area.

10A-1.10-3 Building Orientation -- Roscoe Street Special District. All new construction in the district shall have a principal entrance or the design of a principal entrance oriented toward Roscoe Street. Such orientation or apparent orientation shall be evidenced by a principal doorway (excluding garage doors), front yard, or front porch. All parking shall be located and accessed off the alley.

10A-1.10-4 Minimum Lot Area -- Roscoe Street Special District. In the Roscoe Street Special District, there shall be provided not less than 1,400 square feet per dwelling unit.

10A-1.10-5 Underlying Zoning Requirements. Except as provided by this special district, all other regulations of the underlying B2-2, Restricted Retail District shall apply. Any pre-existing non-conforming building, structure, or use shall have the rights and privileges authorized by Article 6 of the Chicago Zoning Ordinance.

10A-1.10-6 Exceptions. In addition to the exceptions authorized by Section 11.7A-1, the Zoning Administrator is hereby authorized to consider and decide requests for exceptions from the requirements of this special district in the following instances:

1) to permit an increase of up to 10 percent in the building height;

2) to permit exceptions from the building orientation and parking access requirements for parcels lacking alley access or other circumstances demonstrating hardship conditions.

The Zoning Administrator shall make findings of fact that the granting of the exception will not be detrimental to the public welfare nor injurious to the other property or improvements in this special district.

10A-1.10-7 Variations. In addition to the variations authorized by Section 11.7-4, the Zoning Board of Appeals is hereby authorized to consider and grant variations from the requirements of this special district in the following instances:

1) to permit an increase of up to 10 percent in the building height;

2) to permit exceptions from the building orientation and parking access requirements for parcels lacking alley access or other circumstances demonstrating hardship conditions.
