**REPORTS AND COMMUNICATIONS
FROM CITY OFFICERS.**

Rules Suspended -- DEPUTY CHIEF PARAMEDIC FRED KIMMEL
HONORED FOR COURAGE, PROFESSIONALISM AND
HEROIC INITIATIVE IN LIFE-SAVING RESCUE.

The Honorable Richard M. Daley, Mayor, presented the following communication:

OFFICE OF THE MAYOR
CITY OF CHICAGO

February 27, 2002.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN -- I transmit herewith a congratulatory resolution concerning the Chicago Fire Department.

Your favorable consideration of this resolution will be appreciated.

Very truly yours,

(Signed) RICHARD M. DALEY,
Mayor.

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the said proposed resolution. The motion *Prevailed*.

The following is said proposed resolution:

WHEREAS, On the morning of Monday, January 14, 2002, after just completing a twenty-four hour tour of duty, Deputy Chief Paramedic Fred Kimmel of the City of Chicago Fire Department left the north side Emergency Medical Office Headquarters, taking the C.T.A. Brown Line train for a downtown jury duty appearance; and

WHEREAS, As the train stopped at the Merchandise Mart station, an announcement was made over the intercom system that there would be a delay due to a medical emergency on one of the train cars; and

WHEREAS, Hearing this announcement, Chief Kimmel felt he must respond to the emergency and offer his assistance, and he walked along the platform attempting to locate the victim; and

WHEREAS, Chief Kimmel approached a car with several C.T.A. employees at the doorway, and after identifying himself to them, he saw a citizen performing chest compressions on an unconscious man who had collapsed in the center aisle of the train; and

WHEREAS, Realizing that the victim's survival depended on rescue breathing, Chief Kimmel quickly checked the victim's pulse and respiration, then directed the continued resuscitation efforts, now supplying breaths of air using the only available method, mouth-to-mouth; and

WHEREAS, Despite the risk of contamination from performing mouth-to-mouth without protective equipment, Chief Kimmel took the necessary risk without hesitation, in order to save a life; and

WHEREAS, Upon the arrival of a fire department ambulance, Chief Kimmel remained on the scene to help provide advanced life-support care, including placement of an endotracheal breathing tube into the patient's airway and introduction of intravenous medications as ordered by the hospital emergency room physician, all before the patient was taken to the nearest approved hospital; and

WHEREAS, Chief Kimmel acted in the highest tradition of the Chicago Fire Department, ignoring the risk to himself as he administered specialized lifesaving skills; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this twenty-seventh day of February, 2002, do hereby honor Deputy Chief Paramedic Fred Kimmel for his courage, professionalism and heroic initiative; and

Be It Further Resolved, That a suitable copy of this resolution be presented to Deputy Chief Paramedic Fred Kimmel and placed on permanent record in his personnel file, as a token of our esteem.

On motion of Alderman Burke, seconded by Alderman Carothers, the foregoing proposed resolution was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Beavers, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Carothers, Wojcik, Suarez, Matlak, Mell, Austin, Colom, Banks, Mitts, Allen, Laurino, O'Connor, Doherty, Natarus, Daley, Hansen, Levar, Shiller, M. Smith, Moore, Stone -- 48.

Nays -- None.

Alderman Natarus moved to reconsider the foregoing vote. The motion was lost.

At this point in the proceedings, The Honorable Richard M. Daley, Mayor, rose and on behalf of the people of Chicago, expressed gratitude and appreciation to Deputy Chief Paramedic Fred Kimmel for his heroic, life-saving rescue. Lauding Deputy Chief Kimmel for his bravery and dedicated professionalism, Mayor Daley also reflected upon the efficacy of the Fire Department's cross-training program and hailed the Department for its leadership in that area. After calling the City Council's attention to the presence in the visitor's gallery of Deputy Chief Kimmel's family, Mayor Daley invited Deputy Chief Paramedic Fred Kimmel to the Mayor's rostrum where he conveyed his personal thanks to Deputy Chief Kimmel and presented him with a parchment copy of the congratulatory resolution.

Rules Suspended -- POLICE OFFICERS DONNA WALSH
AND CLINTON SEBASTIAN HONORED FOR
ACTS OF BRAVERY AND HEROISM.

The Honorable Richard M. Daley, Mayor, presented the following communication:

OFFICE OF THE MAYOR
CITY OF CHICAGO

February 27, 2002.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN -- I transmit herewith a congratulatory resolution concerning the Chicago Police Department.

Your favorable consideration of this resolution will be appreciated.

Very truly yours,

(Signed) RICHARD M. DALEY,
Mayor.

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the said proposed resolution. The motion *Prevailed*.

The following is said proposed resolution:

WHEREAS, On May 16, 2002 at 1:00 A.M., 8th District Chicago Police Officers Donna Walsh (Star Number 5273) and Clinton Sebastian (Star Number 10342), while in uniform and in a marked squad car, were on patrol eastbound on West 63rd Street, approaching South Campbell Avenue, when they saw two young men in a dispute on the sidewalk; and

WHEREAS, One of the young men suddenly fired a semi-automatic handgun three times at the other man at close range, striking the victim in the leg, then the offender fled; and

WHEREAS, Acting immediately, the officers gave chase; and

WHEREAS, During the chase, the offender fired two shots at the officers, but they continued their pursuit undeterred; and

WHEREAS, When the offender ran down an alley, the officers, without concern for their own personal safety, jumped from their vehicle and continued the chase on foot; and

WHEREAS, The officers, without firing a shot, quickly apprehended the offender, who was subsequently charged with attempted murder, aggravated battery and unlawful use of a weapon; and

WHEREAS, This valiant team effort by Officers Walsh and Sebastian, acting swiftly, decisively and courageously, resulted in the removal from the streets of an armed and dangerous gang member; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this twenty-seventh day of February, 2002, do hereby honor Officer Donna Walsh and Officer Clinton Sebastian for their outstanding acts of bravery and heroism; and

Be It Further Resolved, That a suitable copy of this resolution be presented to these members of the City of Chicago Department of Police and placed on permanent record in their personnel files, as a token of our esteem.

On motion of Alderman Burke, seconded by Aldermen Murphy, Zalewski, E. Smith and Carothers, the foregoing proposed resolution was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Beavers, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Carothers, Wojcik, Suarez, Matlak, Mell, Austin, Colom, Banks, Mitts, Allen, Laurino, O'Connor, Doherty, Natarus, Daley, Hansen, Levar, Shiller, M. Smith, Moore, Stone -- 48.

Nays -- None.

Alderman Natarus moved to reconsider the foregoing vote. The motion was lost.

At this point in the proceedings, The Honorable Richard M. Daley, Mayor, rose and on behalf of the people of Chicago, extended congratulations and appreciation to Police Officers Donna Walsh and Clinton Sebastian for their swift arrest of an armed and dangerous gang member. Not only did the officers apprehend the offender, Mayor Daley noted, but they did so without firing a shot despite having been fired upon by the offender. Hailing the officers for their personal courage, Mayor Daley cited their actions as representative of the daily, though too often unrecognized, acts of heroism by members of the city's uniformed services. After calling the City Council's attention to the presence in the visitor's gallery of the officer's family and friends, Mayor Daley invited Police Officer Donna Walsh and Police Officer Clinton Sebastian to the Mayor's rostrum where he conveyed his personal thanks to the officers and presented each with a parchment copy of the congratulatory resolution.

2/27/2002

COMMUNICATIONS, ETC.

79635

Rules Suspended -- CONGRATULATIONS EXTENDED TO
MS. NORA FLANAGAN ON RECEIPT OF 2001
DISNEY'S AMERICAN TEACHER AWARD.

The Honorable Richard M. Daley, Mayor, presented the following communication:

OFFICE OF THE MAYOR
CITY OF CHICAGO

February 27, 2002.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN -- I transmit herewith a congratulatory resolution for Nora Flanagan.

Your favorable consideration of this resolution will be appreciated.

Very truly yours,

(Signed) RICHARD M. DALEY,
Mayor.

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the said proposed resolution. The motion *Prevailed*.

The following is said proposed resolution:

WHEREAS, In 1989, the Walt Disney Company established the Disney's American Teacher Award to honor outstanding members of the teaching profession whose talent, commitment and creativity have a profound impact on students and society; and

WHEREAS, More than one hundred eleven thousand teachers from across the United States were nominated for the 2001 Award by students, parents, educators and community members, and a national committee of distinguished educators selected the final thirty-five honorees; and

WHEREAS, On November 10, 2001, Nora Flanagan, a teacher at Lane Technical High School, was one of thirty-five teachers selected to receive the 2001 Disney's American Teacher Award; and

WHEREAS, Ms. Flanagan, the only teacher selected from Chicago, was chosen for her dedication and commitment to the teaching profession and her ability to build a rapport with her students based on respect, trust and compassion; and

WHEREAS, Ms. Flanagan's accomplishments as an educator and faculty member at Lane Technical High School include teaching English; director of Lane Tech Swing Club; co-director of Lane Tech Writing Center; Lane Technical High School Soccer Coach, Fall 1998; co-sponsor of Lane Tech Irish Club; and directing and producing numerous drama productions; and

WHEREAS, Ms. Flanagan believes that the real "three R's" of education are respect, rapport and relationships and develops in her students a heightened belief in their own abilities and desire to achieve; and

WHEREAS, We join with all the people of the City of Chicago and the State of Illinois in saluting Disney's American Teacher Award honoree, Nora Flanagan; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this twenty-seventh day of February, 2002, do hereby congratulate Nora Flanagan as a honoree of the 2001 Disney's American Teacher Award and applaud her for her impressive dedication to teaching and leadership in the classroom; and

Be It Further Resolved, That suitable copies of this resolution be presented to Nora Flanagan as an expression of our esteem and gratitude.

On motion of Alderman Burke, seconded by Aldermen Preckwinkle, Coleman, E. Smith, Wojcik, Mell, Banks, Doherty, Natarus and M. Smith, the foregoing proposed resolution was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Beavers, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Carothers, Wojcik, Suarez, Matlak, Mell, Austin, Colom, Banks, Mitts, Allen, Laurino, O'Connor, Doherty, Natarus, Daley, Hansen, Levar, Shiller, M. Smith, Moore, Stone -- 48.

Nays -- None.

Alderman Natarus moved to reconsider the foregoing vote. The motion was lost.

At this point in the proceedings, The Honorable Richard M. Daley, Mayor, rose and on behalf of the people of Chicago, extended congratulations to Ms. Nora Flanagan. Mayor Daley praised her commitment to and success in establishing a foundation of respect and rapport with each of her students and noted that Ms. Flanagan shared his belief in the potential that exists in every young person. Nora Flanagan is a role model not only for teachers in the Chicago Public Schools system but for educators throughout the nation, the Mayor declared. After calling the City Council's attention to the presence in the visitor's gallery of Ms. Flanagan's family and friends, Mayor Daley invited Ms. Nora Flanagan to the Mayor's rostrum where he offered his personal congratulations and presented her with a parchment copy of the congratulatory resolution.

Rules Suspended -- CONGRATULATIONS EXTENDED TO
MR. JOHN DRURY ON RETIREMENT FROM
BROADCAST JOURNALISM.

The Honorable Richard M. Daley, Mayor, presented the following communication:

OFFICE OF THE MAYOR
CITY OF CHICAGO

February 27, 2002.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN -- I transmit herewith a congratulatory resolution for John Drury.

Your favorable consideration of this resolution will be appreciated.

Very truly yours,

(Signed) RICHARD M. DALEY,
Mayor.

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the said proposed resolution. The motion *Prevailed*.

The following is said proposed resolution:

WHEREAS, For forty years, Chicagoans have depended on John Drury to provide fair, accurate, solid television news; and

WHEREAS, Chicago greets the news of John Drury's decision to retire on March 1, 2002 with a mixture of pride in one of this City's most illustrious citizens, gratitude at his years of superb journalism and sadness at the absence of his comforting presence in our living rooms; and

WHEREAS, John Drury, a native of Peoria, grew up in Aurora, Illinois; and

WHEREAS, In 1962, John Drury began his Chicago career, leaving Milwaukee's WTMJ-TV and joining WBBM-Channel 2, then serving two stints as a top anchor at WGN-Channel 9, then moving to WLS-Channel 7; and

WHEREAS, Upon returning to a second stint at WLS-TV in 1984, Mr. Drury restored the 10:00 P.M. newscast to number one in the ratings, an honor it has held ever since; and

WHEREAS, Using his keen intelligence and determined perseverance to consistently break big stories, John Drury achieved excellence in all aspects of his work; and

WHEREAS, Among the many well-deserved accolades he has received for his journalism, John Drury has been called "the most-watched television anchorman in Chicago television history" by the Museum of Broadcast Communications; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this twenty-seventh day of February, 2002, do hereby congratulate John Drury on his decades of excellent reporting, thank him for making the City of Chicago a better place as a result of his work, and wish him and his wife, Ann, all the best in the years to come; and

Be It Further Resolved, That a suitable copy of this resolution be presented to John Drury as a sign of our esteem and good wishes.

On motion of Alderman Burke, seconded by Aldermen Coleman, E. Smith, Suarez, Mell, Natarus and Stone, the foregoing proposed resolution was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Beavers, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Carothers, Wojcik, Suarez, Matlak, Mell, Austin, Colom, Banks, Mitts, Allen, Laurino, O'Connor, Doherty, Natarus, Daley, Hansen, Levar, Shiller, M. Smith, Moore, Stone -- 48.

Nays -- None.

Alderman Natarus moved to reconsider the foregoing vote. The motion was lost.

At this point in the proceedings, The Honorable Richard M. Daley, Mayor, rose and on behalf of the people of Chicago and his own family, conveyed congratulations to Mr. John Drury for forty years of what the Mayor declared can only be regarded as public service. After lauding Mr. Drury for his unwavering dedication to fairness throughout his career, Mayor Daley called the City Council's attention to the presence in the visitor's gallery of Mr. Drury's family and his colleagues from ABC/Channel 7. Mayor Daley then invited Mr. John Drury to the Mayor's rostrum where he extended his personal congratulations and presented him with a parchment copy of the congratulatory resolution.

Rules Suspended -- DEPARTMENT OF VETERANS AFFAIRS
URGED TO RECONSIDER DECISION TO ELIMINATE
INPATIENT CARE SERVICES FOR VETERANS
AT LAKESIDE MEDICAL CENTER.

Alderman Balcer moved to *Suspend the Rules Temporarily* for the purpose of going out of the regular order of business for immediate consideration of and action upon a proposed resolution presented by Aldermen Balcer, Pope, Burnett, E. Smith and Natarus. The motion *Prevailed*.

The following is said proposed resolution:

WHEREAS, All Americans owe a debt of gratitude to the brave men and women who have honorably served in our nation's armed forces; and

WHEREAS, Among our ways of acknowledging and honoring this debt is the system of Veterans Administration hospitals established throughout the country to provide necessary medical care for the veterans of our armed forces; and

WHEREAS, Chicago is currently home to more than two hundred thousand veterans who depend on the Lakeside and West Side Divisions of the United States Department of Veterans Affairs Health Care System for their health care services; and

WHEREAS, The United States Department of Veterans Affairs has announced plans to eliminate inpatient services for veterans at Lakeside Medical Center; and

WHEREAS, The planned closure of inpatient care at Lakeside will reduce access and choice in health care for Chicago veterans; and

WHEREAS, Eliminating inpatient care at Lakeside also threatens to disrupt Lakeside's affiliation with Northwestern University and the high quality, specialized care which this relationship affords veterans; and

WHEREAS, The City of Chicago strongly opposes any reduction in health care services for veterans; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this twenty-seventh day of February, 2002, do hereby urge the Department of Veterans Affairs to reconsider its decision and maintain inpatient and outpatient programs at both Lakeside and West Side Medical Centers; and

Be It Further Resolved, That we urge the members of the Illinois Congressional Delegation to seek ways to prevent the proposed elimination of inpatient care at Lakeside Medical Center and ensure that the medical care needs of Chicago's veterans are met; and

Be It Further Resolved, That suitable copies of this resolution be presented to Department of Veterans Affairs Secretary Anthony Principi and the members of the Illinois Congressional Delegation.

On motion of Alderman Balcer, seconded by Aldermen Tillman, Pope, Coleman, Burnett, E. Smith, Suarez, Colom, Natarus, M. Smith and Stone, the foregoing proposed resolution was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Beavers, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Carothers, Wojcik, Suarez, Matlak, Mell, Austin, Colom, Banks, Mitts, Allen, Laurino, O'Connor, Doherty, Natarus, Daley, Hansen, Levar, Shiller, M. Smith, Moore, Stone -- 48.

Nays -- None.

Alderman Natarus moved to reconsider the foregoing vote. The motion was lost.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

Alderman Burke invoked Rule 14 of the City Council's Rules of Order and Procedure, disclosing that he had represented parties to this ordinance in previous and unrelated matters.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The ordinance adopted by the City Council on October 31, 2001 (*Journal of the Proceedings of the City Council*, pages 69675 -- 69681), approving the conveyance of City-owned land and the issuance of a loan to Artspace Chicago Limited Partnership, a Minnesota limited partnership, is hereby amended by inserting the language in italics and deleting the language in brackets, as follows:

Whereas, The City of Chicago (the "City"), a home rule unit of government under Section 6(a), Article VII of the 1970 Constitution of the State of Illinois, has heretofore found and does hereby find that there exists within the City a serious shortage of decent, safe and sanitary rental housing available to persons of low- and moderate-income; and

Whereas, The City has determined that the continuance of a shortage of affordable rental housing is harmful to the health, prosperity, economic stability and general welfare of the City; and

Whereas, The City has programmed certain funds (the "Multi-Program Funds") for its Multi-Family Loan Program (the "Multi-Program") under the Community Development Block Grant Program, wherein acquisition and rehabilitation loans are made available to owners of rental properties containing five (5) or more dwelling units located in low- and moderate-income areas, and the Multi-Program is administered by the City's Department of Housing ("D.O.H."); and

Whereas, D.O.H. has preliminarily reviewed and approved the making of a loan to Artspace Chicago Limited Partnership, a Minnesota limited partnership (the "Borrower") of which Artspace Chicago, L.L.C., a Minnesota limited liability company, is the sole general partner and Artspace Projects, Inc., a Minnesota not-for-profit corporation, is the sole member of the general partner, in an amount not to exceed One Million Seven Thousand Nine Hundred Nineteen Dollars (\$1,007,919) (the "Loan"), to be funded from Multi-Program Funds pursuant to the terms and conditions set forth in Exhibit A attached hereto and made a part hereof; and

Whereas, The Board of Education of the City of Chicago (the "Board") is the owner of the [property located at 15 South] *former school and vacant land located in the vicinity of Madison Street and Homan Avenue, Chicago, Illinois 60624 (Property Index Numbers 16-14-202-022, [and] 16-14-202-023, a part of 16-14-202-045, and a part of 16-14-202-053) [(the "Building Site")]* (the "Board Parcels"); and

Whereas, The Board desires to convey the [Building Site] *Board Parcels* to the City, and the City desires to acquire the [Building Site and then to convey the Building Site to the Borrower, for use in connection with the Project (as defined in Exhibit A hereto)] *Board Parcels* from the Board; and

Whereas, The City is the owner of the vacant [lot] *parcels of property* located adjacent to the [Building Site] *Board Parcels consisting of the north 10 feet of Lots 8 through 12 (part of Property Index Number 16-14-202-045) and the north 10 feet of the west nine feet of Lot 7 (part of Property Index Number 16-14-202-053 [(the "Parking Site")]* (the "City Parcels"), and desires to convey the [Parking Site] *Board Parcels and City Parcels (the Board Parcels and the City Parcels are collectively referred to as the "Property")* to the Borrower for use in connection with the Project (as defined in Exhibit A hereto); and

Whereas, [The City intends to vacate (subject to further City Council approval) an alley, portions of which are adjacent to the Building Site and portions of which are adjacent to the Parking Site, for use by the Borrower in connection with the

Project (if and when such alley is vacated, the terms "Building Site" and "Parking Site" shall be deemed to also include those portions of said alley abutting such sites, respectively)] *In furtherance of the Project, the City Council adopted an ordinance on January 16, 2002, vacating a portion of the public alley which is adjacent to, and upon the recordation of the vacating ordinance, will become part of the Property for use by the Borrower, and*

Whereas, The Property is located within the Midwest Tax Increment Financing Redevelopment Project Area which was approved by the City Council on October 12, 1999, and

Whereas, A public notice advertising the Department's intent to enter into a negotiated sale with the Borrower and requesting alternative proposals appeared in the Chicago Sun-Times on January 24, 2002 through February 7, 2002; and

Whereas, No alternative proposals were received by the deadline indicated in the aforesaid notice; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

Section 1. The above recitals are expressly incorporated in and made a part of this ordinance as though fully set forth herein.

Section 2. Upon the approval and availability of the Additional Financing as shown in Exhibit A hereto, the Commissioner of D.O.H. (the "Commissioner") and a designee of the Commissioner are each hereby authorized, subject to approval by the Corporation Counsel, to enter into and execute such agreements and instruments, and perform any and all acts as shall be necessary or advisable in connection with the implementation of the Loan and the terms and program objectives of the Multi-Program. The Commissioner is hereby authorized, subject to the approval of the Corporation Counsel, to negotiate any and all terms and provisions in connection with the Loan which do not substantially modify the terms described in Exhibit A hereto. Upon the execution and receipt of proper documentation, the Commissioner is hereby authorized to disburse the proceeds of the Loan to the Borrower.

Section 3. The City hereby approves the purchase of the [Building Site] *Board Parcels* from the Board for the purchase price of one dollar. The Commissioner, on behalf of the City, is hereby authorized to accept a deed from the Board (or legal title holder of the [Building Site] *Board Parcels*) conveying good title to the City, subject to the approval of the Corporation Counsel.

Section 4. The City hereby approves the sale of the [Building Site and the Parking Site] *Property* to the Borrower for the purchase price of one dollar.

Section 5. The Mayor or his proxy is authorized to execute, and the City Clerk is authorized to attest, a quitclaim deed or deeds conveying the [Building Site and the Parking Site] *Property* to the Borrower.

Section 6. In connection with the Loan by the City to the Borrower, the City shall waive those certain fees, if applicable, imposed by the City with respect to the Project (as described in Exhibit A hereto) and as more fully described in Exhibit B attached hereto and made a part hereof. The Project shall be deemed to qualify as "Affordable Housing" for purposes of Chapter 16-18 of the Municipal Code of Chicago.

Section 7. To the extent that any ordinance, resolution, rule, order or provision of the Municipal Code of Chicago, or part thereof, is in conflict with the provisions of this ordinance, the provisions of this ordinance shall control. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

Section 8. This ordinance shall be effective as of the date of its passage.

SECTION 2. This ordinance shall be effective as of the date of its passage.

Exhibits "A" and "B" referred to in this ordinance read as follows:

Exhibit "A".

Borrower: Artspace Chicago Limited Partnership, a Minnesota limited partnership, of which Artspace Chicago, L.L.C., a Minnesota limited liability company, is the sole general partner (the "General Partner") and Artspace Projects, Inc., a Minnesota not-for-profit corporation, is the sole member of the General Partner.

Project: Acquisition [and] *of the Property*, rehabilitation of a building located [at the Building Site and of] *thereon into* twenty-four dwelling units contained therein as one, two and three bedroom units for low- and moderate-income households (which are intended to be primarily for artists and their families), and [acquisition of the Parking Site and] *the construction thereon of related parking facilities. [(collectively, the Building Site and Parking Site are referred to herein as the "Property")]*.

APPROVAL OF REDEVELOPMENT PLAN FOR LAWRENCE/PULASKI
AVENUE TAX INCREMENT FINANCING REDEVELOPMENT
PROJECT AREA.

The Committee on Finance submitted the following report:

CHICAGO, February 27, 2002.

To the President and Members of the City Council:

Your Committee on Finance, having had under consideration an ordinance approving a redevelopment plan for the Lawrence/Pulaski Avenue Tax Increment Financing Redevelopment Project Area, having had the same under advisement, begs leave to report and recommend that Your Honorable Body *Pass* the proposed ordinance transmitted herewith.

This recommendation was concurred in by a viva voce vote of the members of the Committee.

Respectfully submitted,

(Signed) EDWARD M. BURKE,
Chairman.

On motion of Alderman Burke, the said proposed ordinance transmitted with the foregoing committee report was *Passed* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Carothers, Wojcik, Suarez, Matlak, Mell, Austin, Colom, Banks, Mitts, Allen, Laurino, O'Connor, Doherty, Natarus, Daley, Hansen, Levar, Shiller, M. Smith, Moore, Stone -- 47.

Nays -- None.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, It is desirable and in the best interest of the citizens of the City of Chicago, Illinois (the "City") for the City to implement tax increment allocation financing ("Tax Increment Allocation Financing") pursuant to the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended (the "Act"), for a proposed redevelopment project area to be known as the Lawrence/Pulaski Tax Increment Financing Redevelopment Project Area (the "Area") described in Section 2 of this ordinance, to be redeveloped pursuant to a proposed redevelopment plan and project attached hereto as Exhibit A (the "Plan"); and

WHEREAS, By authority of the Mayor and the City Council of the City (the "City Council", referred to herein collectively with the Mayor as the "Corporate Authorities") and pursuant to Section 5/11-74.4-5(a) of the Act, the City's Department of Planning and Development established an interested parties registry and, on July 31, 2001, published in a newspaper of general circulation within the City a notice that interested parties may register in order to receive information on the proposed designation of the Area or the approval of the Plan; and

WHEREAS, Notice of a public meeting (the "Public Meeting") was made pursuant to notices from the City's Commissioner of the Department of Planning and Development, given on dates not less than fifteen (15) days before the date of the Public Meeting: (i) on September 7, 2001 by certified mail to all taxing districts having real property in the proposed Area and to all entities requesting that information that have taken the steps necessary to register to be included on the interested parties registry for the proposed Area in accordance with Section 5/11-74.4-4.2 of the Act, and (ii) with a good faith effort, on September 8, 2001 by regular mail to all residents and the last known persons who paid property taxes on real estate in the proposed Area (which good faith effort was satisfied by such notice being mailed to each residential address and the person or persons in whose name property taxes were paid on real property for the last preceding year located in the proposed Area), which to the extent necessary to effectively communicate such notice, was given in English and in other languages; and

WHEREAS, The Public Meeting was held in compliance with the requirements of Section 5/11-74.4-6(e) of the Act on September 24, 2001 at 6:30 P.M. at North Park Village, 5801 North Pulaski Road, Chicago, Illinois; and

WHEREAS, The Plan (including the related eligibility report attached thereto as an exhibit and, if applicable, the feasibility study and the housing impact study) was made available for public inspection and review pursuant to Section 5/11-74.4-5(a) of the Act beginning September 28, 2001, being a date not less than ten (10) days before the meeting of the Community Development Commission of the City ("Commission") at which the Commission adopted Resolution 01-CDC-80 on October 9, 2001 accepting the Plan for review and fixing the time and place for a public hearing ("Hearing"), at the offices of the City Clerk and the City's Department of Planning and Development; and

WHEREAS, Pursuant to Section 5/11-74.4-5(a) of the Act, notice of the availability of the Plan (including the related eligibility report attached thereto as an exhibit and, if applicable, the feasibility study and the housing impact study) was sent by mail on October 16, 2001, which is within a reasonable time after the adoption by the Commission of Resolution 01-CDC-80 to: (a) all residential addresses that, after a good faith effort, were determined to be (i) located within the Area and (ii) located within seven hundred fifty (750) feet of the boundaries of the Area (or, if applicable, were determined to be the seven hundred fifty (750) residential addresses that were closest to the boundaries of the Area); and (b) organizations and residents that were registered interested parties for such Area; and

WHEREAS, Due notice of the Hearing was given pursuant to Section 5/11-74.4-6 of the Act, said notice being given to all taxing districts having property within the Area and to the Department of Commerce and Community Affairs of the State of Illinois by certified mail on October 24, 2001, by publication in the *Chicago Sun-Times* or *Chicago Tribune* on November 13, 2001, and November 20, 2001, by certified mail to taxpayers within the Area on November 20, 2001; and

WHEREAS, A meeting of the joint review board established pursuant to Section 5/11-74.4-5(b) of the Act (the "Board") was convened upon the provision of due notice on November 9, 2001 at 10:00 A.M., to review the matters properly coming before the Board and to allow it to provide its advisory recommendation regarding the approval of the Plan, designation of the Area as a redevelopment project area pursuant to the Act and adoption of Tax Increment Allocation Financing within the Area, and other matters, if any, properly before it; and

WHEREAS, Pursuant to Sections 5/11-74.4-4 and 5/11-74.4-5 of the Act, the Commission held the Hearing concerning approval of the Plan, designation of the Area as a redevelopment project area pursuant to the Act and adoption of Tax Increment Allocation Financing within the Area pursuant to the Act on December 11, 2001; and

WHEREAS, The Commission has forwarded to the City Council a copy of its Resolution 01-CDC-108 attached hereto as Exhibit B, adopted on December 11, 2001, recommending to the City Council approval of the Plan, among other related matters; and

WHEREAS, The Corporate Authorities have reviewed the Plan (including the related eligibility report attached thereto as an exhibit and, if applicable, the feasibility study and the housing impact study), testimony from the Public Meeting and the Hearing, if any, the recommendation of the Board, if any, the recommendation of the Commission and such other matters or studies as the Corporate Authorities have deemed necessary or appropriate to make the findings set forth herein, and are generally informed of the conditions existing in the Area; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Recitals. The above recitals are incorporated herein and made a part hereof.

SECTION 2. The Area. The Area is legally described in Exhibit C attached hereto and incorporated herein. The street location (as near as practicable) for the Area is described in Exhibit D attached hereto and incorporated herein. The map of the Area is depicted on Exhibit E attached hereto and incorporated herein.

SECTION 3. Findings. The Corporate Authorities hereby make the following findings as required pursuant to Section 5/11-74.4-3(n) of the Act:

a. the Area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be expected to be developed without the adoption of the Plan;

b. the Plan:

(i) conforms to the comprehensive plan for the development of the City as a whole; or

(ii) either (A) conforms to the strategic economic development or redevelopment plan issued by the Chicago Plan Commission or (B) includes land uses that have been approved by the Chicago Plan Commission;

c. the Plan meets all of the requirements of a redevelopment plan as defined in the Act and, as set forth in the Plan, the estimated date of completion of the projects described therein and retirement of all obligations issued to finance redevelopment project costs is not later than December 31st of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of the Act is to be made with respect to ad valorem taxes levied in the twenty-third (23rd) calendar year after the year in which the ordinance approving the redevelopment project area is adopted, and, as required pursuant to Section 5/11-74.4-7 of the Act, no such obligation shall have a maturity date greater than twenty (20) years;

d. within the Plan:

the Plan will not result in displacement of residents from inhabited units.

SECTION 4. Approval Of The Plan. The City hereby approves the Plan pursuant to Section 5/11-74.4-4 of the Act.

SECTION 5. Powers Of Eminent Domain. In compliance with Section 5/11-74.4-4(c) of the Act and with the Plan, the Corporation Counsel is authorized to negotiate for the acquisition by the City of parcels contained within the Area. In the event the Corporation Counsel is unable to acquire any of said parcels through negotiation, the Corporation Counsel is authorized to institute eminent domain proceedings to acquire such parcels. Nothing herein shall be in derogation of any proper authority.

SECTION 6. Invalidity Of Any Section. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this ordinance.

SECTION 7. Superseder. All ordinances, resolutions, motions or orders in conflict with this ordinance are hereby repealed to the extent of such conflict.

SECTION 8. Effective Date. This ordinance shall be in full force and effect immediately upon its passage.

[Exhibit "E" referred to in this ordinance printed
on page 79771 of this Journal.]

Exhibits "A", "B", "C" and "D" referred to in this ordinance read as follows:

Exhibit "A".
(To Ordinance)

*Lawrence/Pulaski Tax Increment Financing
Redevelopment Plan And Project.*

1.

Introduction.

This document presents a Tax Increment Financing Redevelopment Plan and Project (hereinafter referred to as the "Plan") pursuant to the Tax Increment Allocation Redevelopment Act (65 ILCS 5/11-74.4-1, et seq.), as amended (the "Act") for the Lawrence/Pulaski Redevelopment Project Area in the City of Chicago, Illinois (the "City"). The Lawrence/Pulaski Redevelopment Project Area (the "Area") includes land located along West Foster Avenue, North Pulaski Road, West

Lawrence Avenue, North Elston Avenue and West Montrose Avenue. The Area consists of a mix of commercial, residential, industrial, institutional and vacant properties. The Plan responds to problem conditions within the Area and reflects a commitment by the City to revitalize the Area.

This Plan presents research and analysis undertaken to document the eligibility of the Area for designation as a "conservation area" tax increment financing ("T.I.F.") district. The need for public intervention, goals and objectives, land-use policies, and other policy materials are presented in this Plan. The results of a study documenting the eligibility of the Area as a conservation area are presented in Appendix C, Eligibility Study (the "Study").

Tax Increment Financing.

In adopting the Act, the Illinois State Legislature found at 5/11-74.4-2(a) that:

. . . there exist in many municipalities within this State blighted, conservation and industrial park conservation areas as defined herein; that the conservation areas are rapidly deteriorating and declining and may soon become blighted areas if their decline is not checked . . .

and at 5/11-74.4-2(b) that:

. . . in order to promote and protect the health, safety, morals and welfare of the public, that blighted conditions need to be eradicated and conservation measures instituted, and that redevelopment of such areas be undertaken. . . The eradication of blighted areas and treatment and improvement of conservation areas and industrial park conservation areas by redevelopment projects is hereby declared to be essential to the public interest.

In order to use the tax increment financing technique, a municipality must first establish that the proposed redevelopment project area meets the statutory criteria for designation as a "blighted area", a "conservation area" or an "industrial park conservation area". A redevelopment plan must then be prepared which describes the development or redevelopment program intended to be undertaken to reduce or eliminate those conditions which qualified the redevelopment project area as a "blighted area", "conservation area", or combination thereof, or "industrial park conservation area", and thereby enhance the tax bases of the taxing districts which extend into the redevelopment project area. The statutory requirements are set out at 65 ILCS 5/11-74.4-3, et seq.

The Act provides that, in order to be adopted, a Plan must meet the following conditions under 5/11-74.4-3(n):

(1) the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not be reasonably anticipated to be developed without the adoption of the redevelopment plan, (2) the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of one hundred thousand (100,000) or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality, (3) the redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs (which dates shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in Section 8(b) of the Act is to be made with respect to ad valorem taxes levied in the twenty-third (23rd) calendar year after the year in which the ordinance approving the redevelopment project area is adopted), (4) in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area, and (5) if any incremental revenues are being utilized under Section 8a(1) or 8a(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986 the municipality finds (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

Redevelopment projects are defined as any public or private development projects undertaken in furtherance of the objectives of the redevelopment plan.

The City authorized an evaluation to determine whether a portion of the City, to be known as the Lawrence/Pulaski Redevelopment Project Area, qualifies for designation as a "conservation area", pursuant to the provisions contained in the Act. If the Area so qualified, the City requested the preparation of a redevelopment plan for the Area in accordance with the requirements of the Act.

Redevelopment Project Area Overview.

The Area is irregularly shaped and centered on the Pulaski Road/Lawrence Avenue intersection. The Area consists primarily of a mix of commercial, residential and institutional properties, is approximately one hundred six (106) acres in size

and includes four hundred thirty-five (435) contiguous parcels and public rights-of-way. The Area contains two hundred sixty (260) buildings.

The Area has suffered from a lack of private investment in property improvement as evidenced by deterioration, stagnant or declining equalized assessed valuation (E.A.V.) and by functionally obsolete residential and commercial buildings. This obsolescence is evidenced by buildings and lots that are unsuitable for modern commercial uses, an inadequate supply and configuration of parking, and poor loading access.

The Area, as a whole, has not been subject to growth and development by private enterprise and is not reasonably anticipated to be developed without the adoption of the Plan. The Study, attached hereto as Appendix C, concluded that property in the Area suffers from deterioration, excessive land coverage and overcrowding of structures and community facilities, obsolescence, lack of community planning, stagnant or declining E.A.V., structures below minimum code standards and other negative conditions.

The purpose of this Plan is to provide the stimulus needed to revitalize the Area. To accomplish that, the Plan will create a mechanism to:

1. Promote the development of new retail, office and mixed-use developments and the expansion and rehabilitation of existing commercial facilities on underutilized land along the existing commercial corridors.
2. Promote land-use compatibility and synergy with emerging development trends in neighborhoods surrounding the Area.
3. Encourage the provision of adequate parking.
4. Improve the Area's physical environment and infrastructure.

Summary Of Findings.

The Area is appropriate for designation as a "conservation area" in accordance with the Act, based on the following summary of findings:

1. The Area has not been subject to growth and development through private enterprise.
2. A continuing lack of growth and development will exacerbate conditions of obsolescence, causing further disinvestment and, eventually, blight.
3. The Area is not reasonably anticipated to be redeveloped by private enterprise without public intervention and the adoption of this Plan.

4. The Area meets the requirements for designation as a "conservation area" because more than fifty percent (50%) of the buildings in the Area are over thirty-five (35) years old and three (3) or more of the required eligibility criteria are meaningfully present and reasonably distributed in the Area. The Area contains two hundred four (204) buildings (seventy-eight percent (78%) of all buildings) that are more than thirty-five (35) years old above the fifty percent (50%) threshold for designation as a "conservation area". Five (5) eligibility factors are present to a major extent within the Area. These conditions are:

- Obsolescence.
- Deterioration.
- Presence of structures below minimum code standards.
- Deleterious land-use and layout.
- Stagnant or declining E.A.V.

In addition, the following five (5) factors are present to a minor extent:

- Dilapidation.
- Excessive land coverage and overcrowding of structures and community facilities.
- Excessive vacancies.
- Lack of community planning.
- Environmental contamination.

5. The conditions outlined above are meaningfully present and reasonably distributed throughout the Area.

This Plan summarizes the analyses and findings of the consultant's work, which unless otherwise noted, is the responsibility of Camiros, Ltd. and its subconsultants (the "Consultant"). The City is entitled to rely on the findings and conclusions of this Plan in designating the Area as a redevelopment project area under the Act. The Consultant has prepared this Plan, and the related eligibility study (the "Study") with the understanding that the City would rely on (1) the findings and conclusions of the Plan and the related Study in proceeding with the

designation of the Area and the adoption and implementation of the Plan, and (2) on the fact that the Consultant has obtained the necessary information so that the Plan and the related Study will comply with the Act.

The Plan has been formulated in accordance with the provisions of the Act. This document is a guide to all proposed public and City-assisted private actions in the Area.

2.

Project Area Description.

The Lawrence/Pulaski Redevelopment Project Area is approximately one hundred six (106) acres in size, including public rights-of-way. The land to be designated as the Area is shown in Figure 1, Boundary Map in Appendix A. A legal description of the Area is included as Appendix B of this document. The proposed Area includes only those contiguous parcels which are anticipated to be substantially benefited by the proposed redevelopment project improvements and qualifies for designation as a "conservation area".

The boundaries of the Area were drawn to include deteriorating commercial and residential property centered on the intersection of North Pulaski Road and West Lawrence Avenue. The Area includes commercial frontage along portions of North Pulaski Road, West Lawrence Avenue, West Montrose Avenue and North Elston Avenue. Property owned by the Bohemian National Cemetery along West Foster Avenue is also included within the Area.

The property included within the Area is primarily located within the Albany Park and Irving Park Community Areas. Albany Park, initially developed as a middle-class Jewish neighborhood with its most rapid period of growth occurring between 1915 and 1922. It has become a port of entry for many immigrants, evidenced by the many languages spoken within its boundaries. Many recent residents live among neighbors who have lived there all their lives. The history of the Irving Park Community Area is similar to that of Albany Park's with German and Swedish immigrants settling in large numbers between 1900 and 1920. Rapid business development occurred in the 1920s along commercial corridors and the German and Swedish population was replaced by an influx of Poles, Russians and Czechoslovakians.

The portion of the Bohemian National Cemetery property located north of West Foster Avenue and the north branch of the Chicago River is located within the North Park Community Area. However, because this part of the North Park Community

Area is dominated by several cemeteries, the development pattern of this community area really does not influence the Area.

Development of the commercial corridors, which define the Area, was largely complete by the 1920s and many of the existing commercial buildings date from the early part of the 20th century. Some of the residential structures in the Area are of even earlier vintage. While the residential neighborhoods served by the commercial streets (Pulaski, Lawrence, Montrose and Elston) that make up the Area are stable and well-maintained, the commercial streets suffer from obsolete buildings with inadequate parking and deteriorated infrastructure.

Previous Redevelopment Efforts.

In 1982, the City adopted the Lawrence/Pulaski Redevelopment Plan, which was intended to revitalize the area as a "major economic force within the neighborhood". The location of the designated Lawrence/Pulaski Blighted Commercial Area within the Area is shown in Figure 2, Redevelopment Area Designations (Appendix A). The land-use plan for this redevelopment area called for the redevelopment of the area for commercial uses. The major project to result from this redevelopment plan was construction of the Dominick's grocery store at the northwest corner of the West Lawrence Avenue and North Pulaski Road intersection.

The Area is also contiguous to the Lawrence/Kedzie Redevelopment Project Area, which was designated as a tax increment financing district in 2000. The relationship of the Lawrence/Kedzie Redevelopment Project Area to the Area is also shown in Figure 2, Redevelopment Area Designations.

Current Area Land-Use.

Existing land-use within the Area consists of a mix of commercial, residential, institutional, industrial and vacant property, as shown in Figure 3, Existing Land-Use (Appendix A) and presented in Table 1, Existing Land-Use Composition. During the building condition and land-use survey of the Area, five hundred ninety-three (593) residential units were identified, five hundred seventy-seven (577) of which were occupied.

Current zoning, shown in Figure 4, Existing Zoning (Appendix A), is generally consistent with the existing land-use pattern. The frontages along Elston Avenue and Pulaski Road south of Montrose Avenue are zoned for commercial use (C1-1 and C1-2). Most of the remainder of the Area is zoned for business use (B2-1, B2-2, B4-1 and B4-2). The nursing home located at the north end of the Area along North Pulaski Road is zoned R4 General Residence District. The cemetery property and a vacant parcel adjacent to the nursing home are zoned R2 Single-Family Residence District.

The public facilities within the Area are shown in Figure 5, Public Facilities Map (Appendix A). There is a Chicago Police Department police station (the Albany Park station) located within the Area. Also, Spiking Farm Park is located on Pulaski Road and contains a small-scale playlot and seating areas. A new police station is scheduled to be built across the street from the current site, which may result in the elimination of the existing park site.

Buildings within the Area that have been identified in the Chicago Historic Resources Survey (C.H.R.S.) include the Fairmont Care Center located at 5061 North Pulaski Road, a mixed-use building located at 4001 -- 4009 West Lawrence Avenue, a utility building located at 4833 North Pulaski Road and a mixed-use building at

4373 North Elston Avenue. The buildings at 4373 North Elston Avenue and 4001 -- 4009 West Lawrence Avenue were categorized in the Chicago Historic Resources Survey as being too altered or lacking individual significance to be included in the C.H.R.S. database; these buildings were included only because they had been previously identified by the Illinois Historic Structures Survey. The other properties identified by the C.H.R.S. were classified as possessing potentially significant architectural or historic features within the context of the surrounding community. The Chicago Historic Resources Survey also includes a property identified as 4429 -- 4447 North Pulaski Road. This building was demolished and a commercial strip center now is located on the site.

Access.

The Area, centered along North Pulaski Road, is approximately one (1) mile east of the Edens and Kennedy Expressways. There are three (3) C.T.A. bus routes that serve the Area. These are the Number 81 Lawrence route, which connects to the blue Line's Jefferson Park C.T.A. station and the Brown Line's Kimball station, the Number 78 Montrose route, which connects with the Blue Line's Montrose station, and the Number 53 Pulaski route, which connects to the Blue Line's Irving Park station.

3.

Eligibility Of The Redevelopment Project Area For Designation As A Conservation Area.

The Area has declined significantly over the past decade and will not regain long-term viability without the adoption of this Plan.

Between April and June, 2001, a study was undertaken by Camiros, Ltd. and its subconsultants to determine whether the proposed Area is eligible for designation as a conservation area in accordance with the requirements of the Act. This analysis concluded that the Area so qualifies. The Act first requires that at least fifty percent (50%) of the buildings within the Area be at least thirty-five (35) years old. Seventy-eight percent (78%) of the buildings within the Area are more than thirty-five (35) years old.

Once the age requirement has been met, the presence of three (3) of the thirteen (13) conditions set forth in the Act is required for designation of improved property as a conservation area. These factors must be meaningfully present and reasonably distributed within the Area. Of the thirteen (13) factors cited in the Act for improved property, ten (10) factors are present within the Area.

The following five (5) factors were found to be present to a major extent:

- Obsolescence.
- Deterioration.
- Presence of structures below minimum code standards.
- Deleterious land-use and layout.
- Stagnant or declining E.A.V.

Five (5) additional factors are present to a minor extent within the Area. These are:

- Dilapidation.
- Excessive land coverage and overcrowding of structures and community facilities.
- Excessive vacancies.
- Lack of community planning.

For more detail on the basis for eligibility, refer to the eligibility study in Appendix C.

Need For Public Intervention.

The Area, as a whole, has not been subject to significant growth and development through investment by private enterprise. Based on present conditions, the Area is not likely to be developed without the adoption of the Plan. Further decline in the Area will occur in the absence of private-sector investment, and conditions within the Area will eventually have a blighting effect on adjacent residential areas.

As part of the determination of the eligibility of the Area for designation as a "conservation area", the changes in the equalized assessed value (E.A.V.) of the Area over the last five (5) years were documented. The E.A.V. of the Area has grown at a slower rate than Chicago overall for three (3) of the past five (5) years.

An analysis of E.A.V. data by block shows that twenty-six (26) of thirty-nine (39) tax blocks have exhibited stagnant or declining E.A.V. for three (3) of the last five (5) years. These tax blocks are located throughout the Area as shown in Figure 6,

Tax Blocks with Stagnant or Declining E.A.V.

Redevelopment of property within the Area is not expected to occur without public intervention. The analysis of conditions within the Area includes an evaluation of construction activity between January, 1996 and February, 2001. Table 2, Building Permit Activity summarizes construction activity within the Area by year and project type.

Table 2.

Source: Chicago Building Department & Camiros, Ltd.

During this five (5) year period, a total of fifty-one (51) building permits were issued for property within the Area. A certain level of building permit activity occurs merely to address basic maintenance needs, which appears to account for most of the construction activity within the Area. Between 1996 and 2001, only five (5) projects were undertaken in the Area that had a construction value of One Hundred Thousand Dollars (\$100,000) or more. Only four (4) permits were issued for new construction. The remaining building permits were issued for general repairs or the correction of building code violations.

The Four Million Five Hundred Eleven Thousand Two Hundred Fifty Dollars (\$4,511,250) in construction spending that has occurred in the Area over the past five (5) years, affects a relatively small number of buildings. This minimal level of investment illustrates the fundamental problem of economic and functional obsolescence of commercial property within the Area. This problem is not being resolved through private-sector investment, and a continuation of this minimal level of private investment may eventually lead to blight. Addressing the obsolescence of the Area can only be accomplished through a combination of new building

Construction activity in the Area averaged approximately Nine Hundred Thousand Dollars (\$900,000) over each of the past five (5) years. This average annual value represents approximately two percent (2%) of the total equalized assessed value of property within the Area. This investment in property is very small for commercial or mixed-use development.

4.

Redevelopment Plan Goals And Objectives.

The following goals and redevelopment objectives serve as the policy framework for this Plan.

Redevelopment Plan Goals:

- Reduce or eliminate those conditions that qualify the Area as a conservation area.
- Outline a framework for future land-use and development that will enhance economic activity in the Area.
- Revitalize the Area to strengthen its role as a commercial activity center.
- Assemble or encourage the assembly of land into parcels of appropriate shape and sufficient size for redevelopment in accordance with this Plan and contemporary development needs and standards.
- Encourage the retention and enhancement of sound and viable businesses.
- Promote job creation and local employment.
- Strengthen the economic well-being of the Area and the City by increasing the value of property.
- Encourage job training and job readiness programs that provide residents of the City with the skills necessary to secure jobs in the Area.
- Provide opportunities for women- and minority-owned businesses to participate in the redevelopment of the Area.

- Improve public infrastructure within the Area.
- Enhance the visual character of the Area.

Redevelopment Objectives:

- Promote comprehensive, area-wide redevelopment of the Area as a planned, cohesive commercial corridor in accordance with the land-use plan and land-use strategies.
- Encourage the rehabilitation, conversion or replacement of obsolete facilities.
- Encourage maintenance and expansion of viable commercial uses.
- Encourage public infrastructure improvements that attract quality private development.
- Improve parking to support business activity.
- Provide distinctive design features, including landscaping and signage, at major entryways into the Area.

5.

Redevelopment Plan.

The City proposes to achieve the Plan's goals through the use of public financing techniques, including tax increment financing, and by undertaking some or all of the following actions:

Property Assembly, Site Preparation And Environmental Remediation.

To meet the goals and objectives of this Plan, the City may acquire and assemble property throughout the Area. Land assemblage by the City may be by purchase, exchange, donation, lease, eminent domain or through the Tax Reactivation Program and may be for the purpose of (a) sale, lease or conveyance to private developers, or (b) sale, lease, conveyance or dedication for the construction of public improvements or facilities. Furthermore, the City may require written redevelopment agreements with developers before acquiring any properties. As appropriate, the City may devote acquired property to temporary uses until such

property is scheduled for disposition and development.

In connection with the City exercising its power to acquire real property, including the exercise of the power of eminent domain, under the Act in implementing the Plan, the City will follow its customary procedures of having each such acquisition recommended by the Community Development Commission (or any successor commission) and authorized by the City Council of the City. Acquisition of such real property as may be authorized by the City Council does not constitute a change in the nature of this Plan.

Intergovernmental And Redevelopment Agreements.

The City may enter into redevelopment agreements or intergovernmental agreements with private entities or public entities to construct, rehabilitate, renovate or restore private or public improvements on one (1) or several parcels (collectively referred to as "Redevelopment Projects"). Such redevelopment agreements may be needed to support the rehabilitation or construction of allowable private improvements, in accordance with the Plan; incur costs or reimburse developers for other eligible redevelopment project costs as provided in the Act in implementing the Plan; and provide public improvements and facilities which may include, but are not limited to utilities, street closures, streetscape enhancements, signalization, parking and surface right-of-way improvements.

Terms of redevelopment as part of this redevelopment project may be incorporated in appropriate redevelopment agreements. For example, the City may agree to reimburse a redeveloper for incurring certain eligible redevelopment project costs under the Act. Such agreements may contain specific development controls as allowed by the Act.

The City requires that developers who receive T.I.F. assistance for market rate housing set aside twenty percent (20%) of the units to meet affordability criteria established by the City's Department of Housing. Generally, this means the affordable for-sale units should be priced at a level that is affordable to persons earning no more than one hundred twenty percent (120%) of the area median income, and affordable rental units should be affordable to persons earning no more than eighty percent (80%) of the area median income.

Job Training.

To the extent allowable under the Act, job training costs may be directed toward training activities designed to enhance the competitive advantages of the Area and to attract additional employers to the Area. Working with employers and local community organizations, job training and job readiness programs may be provided that meet employers' hiring needs, as allowed under the Act. Such

programs are intended to provide residents with opportunities to develop the skills necessary to secure jobs in the Area.

Relocation.

Relocation assistance may be provided in order to facilitate redevelopment of portions of the Area, and to meet other City objectives. Businesses or households legally occupying properties to be acquired by the City may be provided with relocation advisory and financial assistance as determined by the City.

Analysis, Professional Services And Administrative Activities.

The City may undertake or engage professional consultants, engineers, architects, attorneys and others to conduct various analyses, studies, administrative or legal services to establish, implement and manage this Plan.

Provision Of Public Improvements And Facilities.

Adequate public improvements and facilities may be provided to service the Area. Public improvements and facilities may include, but are not limited to, street closures to facilitate assembly of development sites, upgrading streets, signalization improvements, provision of streetscape amenities, river walk/open space improvements, parking improvements and utility improvements.

Financing Costs Pursuant To The Act.

Interest on any obligations issued under the Act accruing during the estimated period of construction of the redevelopment project and other financing' costs may be paid from the incremental tax revenues pursuant to the provisions of the Act.

Interest Costs Pursuant To The Act.

Pursuant to the Act, the City may allocate a portion of the incremental tax revenues to pay or reimburse redevelopers for interest costs incurred in connection with redevelopment activities in order to enhance the redevelopment potential of the Area.

6.

Redevelopment Project Description.

The Plan seeks to create a strong, active and diverse business and commercial district. Physical improvements to the Area are seen as a critical component of its overall improvement.

This Plan recognizes that new investment in commercial property is needed to achieve revitalization. In certain cases, attracting new private investment may require the redevelopment of existing properties. Proposals for infrastructure improvements will stress projects that will serve and benefit the surrounding residential, commercial and institutional areas. A comprehensive program of aesthetic enhancements will include streetscape improvements, facade renovations and aesthetically compatible new development. The components will create the quality environment required to sustain the revitalization of the Area.

Based on this assessment, goals of the redevelopment projects to be undertaken in the Area are: 1) to improve the function of the Area in terms of the mix of uses, parking, and traffic flow; and 2) to make the Area more appealing to business by improving its character and ambiance. The major physical improvement elements anticipated as a result of implementing the proposed Plan are outlined below.

Renovation Of Existing Commercial Facades And Spaces.

Existing commercial space within the commercial corridors requires significant exterior and interior renovation to accommodate new businesses or to upgrade existing businesses. This might include expanding into space in adjacent buildings to create spaces to accommodate larger retailers or commercial uses.

Public Improvements.

Improvements to public infrastructure and facilities are needed to complement and attract private sector investment. Infrastructure improvements may include:

- Expansion of park and open space resources.
- Construction of public facilities that meet the needs of the community.
- Intersection improvements to improve traffic flow.
- Expansion of the parking supply.

-- Streetscape enhancement.

Commercial Development.

Commercial redevelopment is expected to occur along North Pulaski Road, West Lawrence Avenue, North Elston Avenue and West Montrose Avenue. New development is a typical element in any business district revitalization effort and will be needed at key locations in the Area to allow for development of retail focal points. Streetscape improvements will be another aspect of such development. New development will be required to incorporate an adequate supply of parking to serve new uses.

Locations of specific uses or public infrastructure improvements will be established on the basis of more detailed land planning and site design activities. Such adjustments are permitted without amendment of this Plan, as long as they are consistent with the goals and objectives of the Plan and the land uses approved by the Chicago Plan Commission.

7.

General Land-Use Plan.

The land uses proposed in the Area are consistent with current zoning and are subject to the approval of the Chicago Plan Commission. Figure 7, General Land-Use Plan, in Appendix A, identifies land uses expected to result from implementation of the Plan in the Area. The land-use categories planned for the Area are: commercial/residential/institutional mixed-use, residential, and open space. The General Land-Use Plan is intended to provide a guide for future land-use improvements and developments within the Area.

A more specific discussion of these proposed uses within the Area is outlined below.

Commercial/Residential/Institutional Mixed-Use.

The majority of the Area is designated for mixed-use development, consistent with the Area's existing zoning. New residential development is expected to be generally limited to the upper floors of new mixed-use buildings.

Residential.

This land-use category is limited to the existing nursing home facility located at the northern end of the Area, north on Pulaski Road.

Open Space.

Land included in this land-use category is generally located along the north branch of the Chicago River, an area that is prone to flooding and adjacent to Gompers Park and Eugene Field Park.

These land-use strategies are intended to direct development toward the most appropriate land-use pattern in each area and enhance the overall development of the Area in accordance with the goals and objectives of the Plan. Locations of specific uses, or public infrastructure improvements, may vary from the General Land-Use Plan as a result of more detailed planning and site design activities. Such variations are permitted without amendment to this Plan as long as they are consistent with the Plan's goals and objectives and the land uses and zoning approved by the Chicago Plan Commission.

8.

Housing Impact And Related Matters.

As set forth in the Act, the preparation of a housing impact study is required if the redevelopment plan for a redevelopment project area would result in the displacement of residents from ten (10) or more inhabited residential units or the redevelopment project area contains seventy-five (75) or more inhabited residential units unless the City certifies in the Plan that displacement will not result from implementation of the Plan or the Plan would not result in the displacement of ten (10) or more inhabited residential units.

As of June 21, 2001, which is a date not less than forty-five (45) days prior to the date that the resolution required by Section 11-74.4-5(a) is or will be passed (the resolution setting the public hearing and Joint Review Board meeting dates). An analysis was undertaken to identify the number and location of inhabited dwelling units that may be removed as a result of the implementation of the Plan. As a result of this analysis, the City has determined that the displacement of ten (10) or more inhabited residential units will not occur, and hereby certifies that residential displacement will not result from the Plan. Consequently, a housing impact study

is not a required element of this Plan.

9.

Redevelopment Plan Financing.

Tax increment financing is an economic development tool designed to facilitate the redevelopment of blighted areas and to arrest decline in areas that may become blighted without public intervention. It is expected that tax increment financing will be an important means, although not necessarily the only means, of financing improvements and providing development incentives in the area throughout its twenty-three (23) year life.

Tax increment financing can only be used when private investment would not reasonably be expected to occur without public assistance. The Act sets forth the range of public assistance that may be provided.

It is anticipated that expenditures for redevelopment project costs will be carefully staged in a reasonable and proportional basis to coincide with expenditures for redevelopment by private developers and the projected availability of tax increment revenues.

The various redevelopment expenditures that are eligible for payment or reimbursement under the Act are reviewed below. Following this review is a list of estimated redevelopment project costs that are deemed to be necessary to implement this Plan (the "Redevelopment Project Costs").

In the event the Act is amended after the date of the approval of this Plan by the City Council of Chicago to (a) include new eligible redevelopment project costs, or (b) expand the scope or increase the amount of existing eligible redevelopment project costs (such as, for example, by increasing the amount of incurred interest costs that may be paid under 65 ILCS 5/1-74.4-3(q)(11)), this Plan shall be deemed to incorporate such additional, expanded or increased eligible costs as Redevelopment Project Costs under the Plan, to the extent permitted by the Act. In the event of such amendment(s) to the Act, the City may add any new eligible redevelopment project costs as a line item in Table 3 or otherwise adjust the line items in Table 3 without amendment to this Plan, to the extent permitted by the Act. In no instance, however, shall such additions or adjustments result in any increase in the total Redevelopment Project Costs without a further amendment to this Plan.

Eligible Redevelopment Project Costs.

Redevelopment project costs include the sum total of all reasonable, or necessary, costs incurred, or estimated to be incurred, or incidental to this Plan pursuant to the Act. Such costs may include, without limitation, the following:

1. Costs of studies and surveys, development of plans and specifications, implementation and administration of the Plan including, but not limited to, staff and professional service costs for architectural, engineering, legal, financial, planning or other services (excluding lobbying expenses), provided that no charges for professional services are based on a percentage of the tax increment collected;
2. The cost of marketing sites within the Area to prospective businesses, developers and investors;
3. Property assembly costs, including, but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;
4. Costs of rehabilitation, reconstruction, repair or remodeling of existing public or private buildings, fixtures and leasehold improvements; and the cost of replacing an existing public building, if pursuant to the implementation of a redevelopment project, the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;
5. Costs of the construction of public works or improvements, subject to the limitations in Section 11-74.4-3(q)(4) of the Act;
6. Costs of job training and retraining projects including the cost of "welfare-to-work" programs implemented by businesses located within the Area, and such proposals feature a community-based training program which ensures maximum reasonable opportunities for residents of the Albany Park and Irving Park Community Areas with particular attention to the needs of those residents who have previously experienced inadequate employment opportunities and development of job-related skills including residents of public and other subsidized housing and people with disabilities;

7. Financing costs, including, but not limited to, all necessary and incidental expenses related to the issuance of obligations and, which may include payment of interest on any obligations issued thereunder, including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for a period not exceeding thirty-six (36) months following completion and including reasonable reserves related thereto;
8. To the extent the City by written agreement accepts and approves the same, all, or a portion, of a taxing district's capital costs resulting from the Redevelopment Project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Plan accepts and approves such costs;
9. Relocation costs, to the extent that the City determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or state law or by Section 74.4-3(n)(7) of the Act (see "Relocation" section);
10. Payment in lieu of taxes, as defined in the Act;
11. Costs of job training, retraining, advanced vocational education or career education, including but not limited to, courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one (1) or more taxing districts, provided that such costs; (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in the Project Area; and (ii) when incurred by a taxing district or taxing districts other than the City, are set forth in a written agreement by or among the City and the taxing district or taxing districts, which agreement describes the program to be undertaken including but not limited to, the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40, and 3-40.1 of the Public Community College Act, 110 ILCS 805/3-37, 805/3-38, 805/3-40 and 805/3-40.1, and by school districts of costs pursuant to Sections 10-22.20a and 5/10-23.3a;
12. Interest costs incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

- such costs are to be paid directly from the special tax allocation fund established pursuant to the Act;
 - such payments in any one (1) year may not exceed thirty percent (30%) of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;
 - if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this provision, then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;
 - the total of such interest payments paid pursuant to the Act may not exceed thirty percent (30%) of the total: (i) cost paid or incurred by the redeveloper for such redevelopment project, (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by the City pursuant to the Act; and
 - up to seventy-five percent (75%) of the interest cost incurred by a redeveloper for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act;
13. An elementary, secondary or unit school district's increased costs attributable to assisted housing units will be reimbursed as provided for in the Act;
 14. Up to fifty percent (50%) of the cost of construction, renovation and/or rehabilitation of all low-income and very low-income housing units (for ownership or rental) as defined in Section 3 of the Illinois Affordable Housing Act. If the units are part of a residential redevelopment project that includes units not affordable to low-income and very low-income households, only the low-income and very low-income households shall be eligible for benefits under the Act; and
 15. The cost of day care services for children of employees from low-income families working for businesses located within the Area and all or a portion of the cost of operation of day care centers established by Area businesses to serve employees from low-income families working in businesses located

in the Area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed eighty percent (80%) of the City, county or regional median income as determined from time to time by the United States Department of Housing and Urban Development.

Unless explicitly provided in the Act, the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

If a special service area has been established pursuant to the Special Service Area Tax Act, 35 ILCS 235/0.01, et seq., then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act imposed pursuant to the Special Service Area Tax Act may be used within the redevelopment project area for the purposes permitted by the Special Service Area Tax Act as well as the purposes permitted by the Act.

Estimated Project Costs.

A range of activities and improvements may be required to implement the Plan. The proposed eligible activities and their estimated costs over the life of the Area are briefly described below and also shown in Table 3, Estimated Redevelopment Project Costs.

1. Professional services including planning, legal, surveys, fees and other related development costs. This budget element provides for studies and survey costs for planning and implementation of the project, including planning and legal fees, architectural and engineering, development site marketing, financial and special service costs. (Estimated cost: Four Hundred Thousand Dollars (\$400,000))
2. The cost of marketing sites within the Area to prospective businesses, developers and investors. (Estimated cost: Four Hundred Thousand Dollars (\$400,000))
3. Property assembly costs, including acquisition of land and other property, real or personal, or rights or interests therein, and other appropriate and eligible costs needed to prepare the property for redevelopment. These costs may include the reimbursement of acquisition costs incurred by private developers. Land acquisition may include acquisition of both

improved and vacant property in order to create development sites, accommodate public rights-of-way or to provide other public facilities needed to achieve the goals and objectives of this Plan. Property assembly costs also include: demolition of existing improvements, including clearance of blighted properties or clearance required to prepare sites for new development, site preparation, including grading, and other appropriate and eligible site activities needed to facilitate new construction, and environmental remediation costs associated with property assembly which are required to render the property suitable for redevelopment. (Estimated cost: Five Million Dollars (\$5,000,000))

4. Rehabilitation, reconstruction, repair or remodeling of existing public or private buildings and fixtures; and up to fifty percent (50%) of the cost of construction of low-income and very low-income housing units. (Estimated cost: Five Million Dollars (\$5,000,000))
5. Construction of public improvements, infrastructure and facilities, including streets and utilities, parks and open space, and other public facilities. These improvements are intended to improve access within the Area, stimulate private investment and address other identified public improvement needs, and may include all or a portion of a taxing district's eligible costs, including increased costs of the Chicago Public Schools attributable to assisted housing units within the Area in accordance with the requirements of the Act. (Estimated cost: Five Million Dollars (\$5,000,000))
6. Costs of job training and retraining projects, advanced vocational education or career education, as provided for in the Act. (Estimated cost: One Million Dollars (\$1,000,000))
7. Relocation costs, as judged by the City to be appropriate or required to further implementation of the Plan. (Estimated cost: Four Hundred Thousand Dollars (\$400,000))
8. Interest subsidy and financing costs associated with redevelopment project financing, pursuant to the provisions of the Act. (Estimated cost: Two Million Dollars (\$2,000,000))
9. Provision of day care services as provided in the Act. (Estimated cost: Four Hundred Thousand Dollars (\$400,000))

10. All or part of a taxing district's capital costs resulting from or incurred in furtherance of the Plan, to the extent that the City, by written agreement accepts and approves such costs. (Estimated cost: Four Hundred Thousand Dollars (\$400,000))

The estimated gross eligible project cost over the life of the Area is Twenty Million Dollars (\$20,000,000). All project cost estimates are in 2001 dollars. Any bonds issued to finance portions of the redevelopment project may include an amount of proceeds sufficient to pay customary and reasonable charges associated with issuance of such obligations, as well as to provide for capitalized interest and reasonably required reserves. The total project cost figure excludes any costs for the issuance of bonds. Adjustments to estimated line items, which are upper estimates for these costs, are expected and may be made without amendment to this Plan.

TOTAL REDEVELOPMENT COSTS ^{(2) (3):}	\$20,000,000 ⁽⁴⁾

-
- (1) This category may also include paying for or reimbursing (i) an elementary, secondary or unit school district's increased costs attributed to assisted housing units, and (ii) capital costs of taxing districts impacted by the redevelopment of the Area. As permitted by the Act, to the extent the City by written agreement accepts and approves the same, the City may pay, or reimburse all, or a portion of a taxing district's capital costs resulting from a redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Plan.
- (2) The total Estimated Redevelopment Project Costs exclude any additional financing costs, including any interest expense, capitalized interest and costs associated with optional redemptions. These costs are subject to prevailing market conditions and are in addition to total Redevelopment Project Costs.
- (3) The amount of the total Redevelopment Project Costs that can be incurred in the Area will be reduced by the amount of redevelopment project costs incurred in contiguous redevelopment project areas, or those separated from the Area only by a public right-of way, that are permitted under the Act to be paid, and are paid, from incremental property taxes generated in the Area, but will not be reduced by the amount of redevelopment project costs incurred in the Area which are paid from incremental taxes generated in contiguous redevelopment project areas or those separated from the Area only by a public right-of way.
- (4) Increases in estimated Total Redevelopment Project Costs of more than five percent (5%) after adjustment for inflation from the date of the Plan adoption, are subject to the Plan amendment procedures as provided under the Act.

Additional funding from other sources such as federal, state, county, or local grant funds may be utilized to supplement the City's ability to finance Redevelopment Project Costs identified above.

Sources Of Funds.

Funds necessary to pay for Redevelopment Project Costs and secure municipal obligations issued for such costs are to be derived primarily from Incremental Property Taxes. Other sources of funds which may be used to pay for Redevelopment Project Costs or secure municipal obligations are land disposition proceeds, state and federal grants, investment income, private financing and other legally permissible funds the City may deem appropriate. The City may incur redevelopment project costs which are paid for from funds of the City other than incremental taxes, and the City may then be reimbursed from such costs from incremental taxes. Also, the City may permit the utilization of guarantees, deposits and other forms of security made available by private sector developers.

The Area is contiguous to the Lawrence/Kedzie Tax Increment Financing Redevelopment Project Area and may be contiguous to or separated only by a public right-of-way from other redevelopment project areas created under the Act. The City may utilize net incremental property taxes received from the Area to pay eligible project costs, or obligations issued to pay such costs, in other contiguous redevelopment project areas or project areas separated only by a public right-of-way, and vice versa. The amount of revenue from the Area, made available to support such contiguous redevelopment project areas, or those separated only by a public right-of-way, when added to all amounts used to pay eligible Redevelopment Project Costs within the Area, shall not at any time exceed the total Redevelopment Project Costs described in this Plan.

The Area may become contiguous to, or be separated only by a public right-of-way from, redevelopment project areas created under the Industrial Jobs Recovery Law (65 ILCS 5/11-74.61-1, et seq.). If the City finds that the goals, objectives and financial success of such contiguous redevelopment project areas or those separated only by a public right-of-way are interdependent with those of the Area, the City may determine that it is in the best interests of the City and in the furtherance of the purposes of the Plan that net revenues from the Area be made available to support any such redevelopment project areas, and vice versa. The City, therefore, proposes to utilize net incremental revenues received from the Area to pay eligible redevelopment project costs (which are eligible under the Industrial Jobs Recovery Law referred to above) in any such areas, and vice versa. Such revenues may be transferred or loaned between the Area and such areas. The amount of revenue from the Area made available, when added to all amounts used to pay eligible Redevelopment Project Costs within the Area, or other areas described in the preceding paragraph, shall not at any time exceed the total Redevelopment Project Costs described in Table 3 of this Plan.

Development of the Area would not be reasonably expected to occur without the use of the incremental revenues provided by the Act. Redevelopment project costs include those eligible project costs set forth in the Act. Tax increment financing or other public sources will be used only to the extent needed to secure commitments for private redevelopment activity.

Nature And Term Of Obligations To Be Issued.

The City may issue obligations secured by Incremental Property Taxes pursuant to Section 11-74.4-7 of the Act. To enhance the security of a municipal obligation, the City may pledge its full faith and credit through the issuance of general obligation bonds. Additionally, the City may provide other legally permissible credit enhancements to any obligation issued pursuant to the Act.

The redevelopment project shall be completed, and all obligations issued to finance redevelopment costs shall be retired, no later than December 31 of the year in which the payment to the City treasurer as provided in the Act is to be made with respect to ad valorem taxes levied in the twenty-third (23rd) calendar year following the year in which the ordinance approving the Area is adopted i.e. (assuming City Council approval of the Area and Plan in 2002), by December 31, 2026. Also, the final maturity date of any such obligations which are issued may not be later than twenty (20) years from their respective dates of issue. One (1) or more series of obligations may be sold at one (1) or more times in order to implement this Plan. Obligations may be issued on a parity or subordinated basis.

In addition to paying Redevelopment Project Costs, Incremental Property Taxes may be used for scheduled retirement of obligations, mandatory or optional redemptions, establishment of debt service reserves and bond sinking funds. To the extent that Incremental Property Taxes are not needed for these purposes, and are not otherwise required, pledged, earmarked or otherwise designated for the payment of Redevelopment Project Costs, and excess Incremental Property Taxes shall then become available for distribution annually to taxing districts having jurisdiction over the Area in the manner provided by the Act.

Most Recent Equalized Assessed Valuation.

The purpose of identifying the most recent equalized assessed valuation ("E.A.V.") of the Area is to provide an estimate of the initial E.A.V., which the Cook County Clerk will certify for the purpose of annually calculating the incremental E.A.V. and incremental property taxes of the Area. The 2000 E.A.V. of all taxable parcels in the Area is approximately Forty-four Million Sixty-one Thousand Seven Hundred Sixty-one Dollars (\$44,061,761). This total E.A.V. amount by Permanent Index Number is summarized in Appendix D. The E.A.V. is subject to verification by the Cook County Clerk. After verification, the final figure shall be certified by the Cook

County Clerk, and shall become the Certified Initial E.A.V. from which all incremental property taxes in the Area will be calculated by Cook County.

This Plan has utilized E.A.V. values for the 2000 tax year. If the 2001 E.A.V. shall become available prior to the date of the adoption of this Plan by the City Council, the City may update the Plan by replacing the 2000 E.A.V. with the 2001 E.A.V.

Anticipated Equalized Assessed Valuation.

Once the redevelopment project has been completed and the property is fully assessed, the E.A.V. of real property within the Area is estimated at Sixty-six Million Dollars (\$66,000,000). This estimate has been calculated assuming that the Area will be developed in accordance with Figure 7: General Land-Use Plan, of this Plan.

The estimated E.A.V. assumes that the assessed value of property within the Area will increase substantially as a result of new development and public improvements within the Area.

Calculation of the estimated E.A.V. is based on several assumptions, including: 1) redevelopment of the Area will occur in a timely manner; 2) the application of a State Multiplier of 2.1909 to the projected assessed value of property within the Redevelopment Project Area; and 3) an annual inflation factor of two and zero-tenths percent (2.0%). The projected State Multiplier was calculated by averaging the State Multipliers for Cook County for the most recent five (5) year period (1996 -- 2000).

Financial Impact On Taxing Districts.

The Act requires an assessment of any financial impact of the Area on, or any increased demand for services from, any taxing district affected by the Plan and a description of any program to address such financial impacts or increased demand. The City intends to monitor development in the Area and with the cooperation of the other affected taxing districts will attempt to ensure that any increased needs are addressed in connection with any particular development.

The following taxing districts presently levy taxes on properties located within the Area:

Cook County. The County has principal responsibility for the protection of persons and property, the provision of public health services and the maintenance of County highways.

Cook County Forest Preserve District. The Forest Preserve District is responsible for acquisition, restoration and management of lands for the purpose

of protecting and preserving open space in the City and County for the education, pleasure and recreation of the public.

Metropolitan Water Reclamation District Of Greater Chicago. The Water Reclamation District provides the main trunk lines for the collection of waste water from cities, villages and towns, and for the treatment and disposal thereof.

Chicago Community College District 508. The Community College District is a unit of the State of Illinois' system of public community colleges, whose objective is to meet the educational needs of residents of the City and other students seeking higher education programs and services.

Board Of Education Of The City Of Chicago. General responsibilities of the Board of Education include the provision, maintenance and operations of educational facilities and the provision of educational services for children from kindergarten through twelfth (12th) grade.

Chicago Park District. The Park District is responsible for the provision, maintenance and operation of park and recreational facilities throughout the City and for the provision of recreation programs.

Chicago School Finance Authority. The Authority was created in 1980 to exercise oversight and control over the financial affairs of the Board of Education of the City of Chicago.

City Of Chicago. The City is responsible for the provision of a wide range of municipal services, including: police and fire protection; capital improvements and maintenance; water supply and distribution; sanitation service; building, housing and zoning codes, et cetera. The City also administers the City of Chicago Library Fund, formerly a separate taxing district from the City.

The proposed revitalization of Area is not expected to create significant new residential development that would increase demand for schools, parks and other population-based services. Similarly, commercial and industrial redevelopment is expected to result in the replacement of obsolete buildings rather than an increase in commercial floor area. Thus, no new demand on services provided by the City or the Metropolitan Water Reclamation District is anticipated.

Redevelopment of the Area may result in changes to the level of required public services. The required level of these public services will depend upon the uses that are ultimately included within the Area. Although the specific nature and timing of the private investment expected to be attracted to the Area cannot be precisely quantified at this time, a general assessment of financial impact can be made based upon the level of development and timing anticipated by the proposed Plan.

When completed, developments in the Area will generate property tax revenues for all taxing districts. Other revenues may also accrue to the City in the form of sales tax, business fees and licenses, and utility user fees. The costs of some services such as water and sewer service, building inspections, et cetera are typically covered by user charges. However, others are not and should be subtracted from the estimate of property tax revenues to assess the net financial impact of the Plan on the affected taxing districts.

For the taxing districts levying taxes on property within the Area, increased service demands are expected to be negligible because they are already serving the Area. Upon completion of the Plan, all taxing districts are expected to share the benefits of a substantially improved tax base. However, prior to the completion of the Plan, certain taxing districts may experience an increased demand for services.

It is expected that any increase in demand for the services and programs of the aforementioned taxing districts, associated with the Area, can be adequately handled by the existing services and programs maintained by these taxing districts. Therefore, at this time, no special programs are proposed for these taxing districts. Should demand increase so that it exceeds existing service and program capabilities, the City will work with the affected taxing districts to determine what, if any, program is necessary to provide adequate services.

Real estate tax revenues resulting from increases in the E.A.V., over and above the certified initial E.A.V. established with the adoption of this Plan, will be used to pay eligible redevelopment costs in the Area. Following termination of the Area, the real estate tax revenues, attributable to the increase in the E.A.V. over the certified initial E.A.V., will be distributed to all taxing districts levying taxes against property located in the Area. Successful implementation of this Plan is expected to result in new development and private investment on a scale sufficient to overcome blighted conditions and substantially improve the long-term economic value of the Area.

Completion Of The Redevelopment Project And Retirement Of Obligations To Finance Redevelopment Project Costs.

This Plan will be completed, and all obligations issued to finance redevelopment costs shall be retired, no later than December 31st of the year in which the payment to the City treasurer as provided in the Act is to be made with respect to ad valorem taxes levied in the twenty-third (23rd) calendar year following the year in which the ordinance approving this Plan is adopted (assuming the Plan is approved in 2002, by December 31, 2026).

10.

Provisions For Amending The Redevelopment Plan.

This Plan may be amended pursuant to the provisions of the Act.

11.

*City Of Chicago Commitment To Fair Employment Practices,
Affordable Housing And Affirmative Action.*

The City is committed to and will affirmatively implement the following principles with respect to this Plan.

1. The assurance of equal opportunity in all personnel and employment actions, with respect to the Redevelopment Project, including, but not limited to hiring, training, transfer, promotion, discipline, fringe benefits, salary, employment working conditions, termination, et cetera, without regard to race, color, sex, age, religion, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status, source of income or housing status.
2. Redevelopers must meet the City's standards for participation of twenty-five percent (25%) Minority Business Enterprises and five percent (5%) Woman Business Enterprises and the City Resident Construction Worker Employment Requirement as required in redevelopment agreements.
3. This commitment to affirmative action and nondiscrimination will ensure that all members of the protected groups are sought out to compete for all job openings and promotional opportunities.
4. Redevelopers will meet City standards for any applicable prevailing wage rate as ascertained by the Illinois Department of Labor to protect all employees.

The City requires that developers who receive T.I.F. assistance for market rate housing set aside twenty percent (20%) of the units to meet affordability criteria established by the City's Department of Housing. Generally, this means the affordable for sale units should be priced at a level that is affordable to persons earning no more than one hundred twenty percent (120%) of the area median income, and affordable rental units should be affordable to persons earning no more

than eighty percent (80%) of the area median income.

In order to implement these principles, the City shall require and promote equal employment practices and affirmative action on the part of itself and its contractors and vendors. In particular, parties engaged by the City shall be required to agree to the principles set forth in this section.

The City shall have the right in its sole discretion to exempt certain small businesses, residential property owners and developers from the above.

(To Lawrence/Pulaski Tax Increment Financing
Redevelopment Plan And Project)

Eligibility Study.

The purpose of this analysis is to determine whether a portion of the City

identified as the Lawrence/Pulaski Redevelopment Project Area qualifies for designation as a tax increment financing district pursuant to the "Tax Increment Allocation Redevelopment Act" (65 ILCS 5/11-74.4-1, et seq.), as amended (the "Act"). This legislation focuses on the elimination of blight or rapid deterioration through the implementation of a redevelopment plan. The Act authorizes the use of tax increment revenues derived in a redevelopment project area for the payment or reimbursement of eligible redevelopment project costs.

The area proposed for designation as the Lawrence/Pulaski Redevelopment Project Area is hereinafter referred to as the "Study Area" and is shown in Figure A.

The Study Area is approximately one hundred six (106) acres in size, with approximately twenty-five (25) acres in street/alley rights-of-way and eighty-one (81) acres in net usable property. The Study Area consists of four hundred thirty-five (435) tax parcels located on thirty-nine (39) tax blocks. Eighty (80) parcels are improved with parking or other surface improvements, but do not have buildings. Twelve (12) parcels are classified as vacant land. The largest concentration of vacant tax parcels is found along the Chicago River at the north end of the Area. The remaining three hundred forty-four (344) parcels contain two hundred sixty (260) buildings. The Study Area includes only contiguous parcels and street rights-of-way.

This report summarizes the analyses and findings of the Consultant's work, which is the responsibility of the Consultant. The Consultant has prepared this report with the understanding that the City would rely (1) on the findings and conclusions of this report in proceeding with the designation of the Study Area as a redevelopment project area under the Act, and (2) on the fact that the Consultant has obtained the necessary information to conclude that the Study Area can be designated as a redevelopment project area in compliance with the Act.

1.

Introduction.

The Tax Increment Allocation Redevelopment Act permits municipalities to induce redevelopment of eligible "blighted", "conservation" or "industrial park conservation areas" in accordance with an adopted redevelopment plan. The Act stipulates specific procedures that must be adhered to in designating a redevelopment project area. One (1) of those procedures is the determination that the area meets the statutory eligibility requirements. At 65 ILCS 5/11-74.4-3(p), the Act defines a "redevelopment project area" as:

. . . an area designated by the municipality, which is not less in the aggregate than one and one-half (1½) acres, and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or combination of both blighted areas and conservation areas.

In adopting the Act, the Illinois General Assembly found:

1. (at 65 ILCS 5/11-74.4-2(a)) That there exists in many municipalities within the State blighted and conservation areas . . . ; and
2. (at 65 ILCS 5/11-74.4-2(b)) That the eradication of blighted areas and the treatment and improvement of conservation areas by redevelopment projects is hereby declared to be essential to the public interest.

The legislative findings were made on the basis that the presence of blight, or conditions which lead to blight, is detrimental to the safety, health, welfare and morals of the public. The Act specifies certain requirements, which must be met before a municipality may proceed with implementing a redevelopment project in order to ensure that the exercise of these powers is proper and in the public interest.

Before the tax increment financing technique can be used, the municipality must first determine that the proposed redevelopment area qualifies for designation as a "blighted area", "conservation area" or an "industrial park conservation area". Based on the conditions present, this eligibility report finds that the Study Area qualifies for designation as a conservation area.

Conservation Areas.

Conservation areas are areas that are rapidly deteriorating and declining. Such areas are not yet blighted, but may soon become blighted areas if their decline is not checked. Establishing an area as a "conservation area" under the Act requires that fifty percent (50%) or more of the structures in the area must be thirty-five (35) years of age or older, and the presence of three (3) or more of the following thirteen (13) factors:

- Dilapidation.
- Obsolescence.
- Deterioration.

- Presence of structures below minimum code standards.
- Illegal use of individual structures.
- Excessive vacancies.
- Lack of ventilation, light or sanitary facilities.
- Inadequate utilities.
- Excessive land coverage and overcrowding of structures and community facilities.
- Deleterious land-use or layout.
- Lack of community planning.
- Environmental contamination.
- Declining or stagnant equalized assessed value.

The Act defines conservation areas and also provides guidance as to when the factors present qualify an area for such designation. Where any of the factors identified above are found to be present in a Study Area, they must be 1) documented to be present to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and 2) reasonably distributed throughout the Study Area.

The test of eligibility of the Study Area is based on the conditions of the area as a whole. The Act does not require that eligibility be established for each and every property in the Study Area.

2.

Eligibility Studies And Analysis.

An analysis was undertaken to determine whether any or all of the blighting factors listed in the Act are present in the Study Area and, if so, to what extent and in which locations.

In order to accomplish this evaluation the following tasks were undertaken:

1. Exterior survey of the condition and use of each building.
2. Field survey of environmental conditions involving parking facilities, public infrastructure, site access, fences and general property maintenance.
3. Analysis of existing land uses and their relationships.
4. Comparison of surveyed buildings to zoning regulations.
5. Analysis of the current platting, building size and layout.
6. Analysis of building floor area and site coverage.
7. Review of previously prepared plans, studies, inspection reports and other data.
8. Analysis of real estate assessment data.
9. Review of available building permit records to determine the level of development activity in the area.
10. Review of building code violations.

An exterior building conditions survey and a site conditions survey of the area were undertaken between April and June, 2001. The analysis of conditions is organized by tax block. The Study Area contains thirty-nine (39) tax blocks, as shown in Figure B, with the corresponding current land-use in Figure C.

Where a factor is described as being present to a major extent, the factor is present throughout significant portions of the Study Area. The presence of such conditions have a major adverse impact or influence on adjacent and nearby property. A factor described as being present to a minor extent indicates that the factor is present, but that the distribution or impact of the condition is more limited. A statement that a factor is not present indicates that either no information was available or that no evidence was documented as a result of the various surveys and analyses. Factors whose presence could not be determined with certainty were not considered in establishing eligibility.

Each factor identified in the Act for determining whether an area qualifies as a conservation area is discussed below and a conclusion is presented as to whether or not the factor is present in the Study Area to a degree sufficient to warrant its inclusion in establishing the eligibility of the area as a "conservation area" under the Act. These findings describe the conditions that exist and the extent to which each factor is present.

Presence And Distribution Of Eligibility Factors.

The Act establishes different eligibility factors for improved property versus vacant land. Property within the Study Area consists primarily of developed property. Consequently, the character of property within the Study Area is predominantly improved. For this reason, the analysis of eligibility was based on factors for improved property. Improved property includes parcels that contain buildings, structures, parking or other physical improvements. Improved property may include single parcels or multiple parcels under single or common ownership. Landscaped yards, open space or other ancillary functions may also be classified as improved property for the purposes of the eligibility analysis if they are obviously accessory to an adjacent building/primary use.

In order to establish the eligibility of a redevelopment project area under the "conservation area" criteria established in the Act, at least fifty percent (50%) of buildings within the Study Area must be thirty-five (35) years of age or older. In addition, three (3) of thirteen (13) eligibility factors must be meaningfully present and reasonably distributed throughout the Study Area. This eligibility study finds that the Study Area qualifies for designation as a "conservation area".

Seventy-eight percent (78%) of all buildings within the Study Area are at least thirty-five (35) years of age. This is substantially more than the minimum of fifty percent (50%) required by the Act for designation. Additionally, ten (10) of the conditions cited in the Act are meaningfully present within the Study Area. The five (5) conditions present to a major extent are: obsolescence, deterioration, presence of structures below minimum code standards, deleterious land-use or layout, and stagnant or declining E.A.V.. The five (5) conditions present to a minor extent are: dilapidation, excessive land coverage and overcrowding of structures and community facilities, excessive vacancies, lack of community planning and environmental contamination. All of these factors are well distributed throughout the Study Area.

The presence and distribution of all eligibility factors are discussed below. Following the discussion of age, the thirteen (13) additional conditions that were analyzed are presented in three (3) sections: factors present to a major extent; factors present to a minor extent; and factors not found to be present or whose presence could not be determined.

Age.

The age of a structure is often a key indicator of the relative usefulness of a piece of property. Older structures frequently require extensive maintenance in order to maintain mechanical systems or structural integrity. The costs involved in maintaining and upgrading aging buildings often create adverse impacts on existing users and create impediments to the marketability and reuse of industrial or commercial structures.

In establishing a conservation area under the Act, thirty-five (35) years is used as an indication of the point at which age becomes a potentially blighting factor with respect to structures within a study area. For buildings intended for long-term occupancy, this is the point at which building systems can be expected to begin to fail and building types may become obsolete as a result of changing technology or use requirements. For buildings that are designed for a shorter life span, age can become a blighting factor even in relatively new buildings.

Within the Study Area, two hundred four (204) of two hundred sixty (260) buildings, or seventy-eight percent (78%), are more than thirty-five (35) years old, substantially more than the fifty percent (50%) required under the Act for designation of a conservation area. Of the thirty-nine (39) tax blocks in the Study Area, older buildings represent a majority of buildings on thirty-three (33) of the thirty-nine (39) tax blocks.

The following discussion describes the extent to which each of the thirteen (13) eligibility factors for designation of a conservation area are present within the Study Area.

Factors Present To A Major Extent.

Obsolescence.

Obsolescence refers to the condition, or process, of falling into disuse as evidenced by structures that have become ill-suited for their original use. Functional obsolescence is characterized by buildings designed for a single, or specific, purpose or use, buildings of inadequate size to accommodate alternative uses, or buildings using a type of construction which limits long-term use and marketability. Site improvements such as water and sewer lines, public utility lines, roadways, parking areas, parking structures, sidewalks, curbs and gutters, and lighting may be inadequate or obsolete in relation to contemporary standards for such improvements. Functional obsolescence includes poor design or layout, improper orientation of the building on the site, inadequate loading facilities, height or other factors which detract from the overall usefulness or desirability of the property. As an inherent deficiency, functional obsolescence results in a loss of property value.

Economic obsolescence may be evidenced by a variety of factors including deterioration of the physical environment, streets of inadequate width, or parcels of inadequate size or irregular shape which prevent reasonable development. This condition is often a result of adverse conditions, which cause some degree of market rejection and, therefore, a depreciation of market values. One of the key indicators of economic obsolescence is stagnant or declining property values, which are reflected in the values established by the Cook County Assessor for assessment purposes.

Obsolescence was found to be present to a major extent within the Study Area, affecting twenty-six (26) of thirty-nine (39) tax blocks (sixty-seven percent (67%)) to a major extent and thirteen (13) blocks to a minor extent (thirty-three percent (33%)). Economic obsolescence as reflected by stagnant or declining equalized assessed valuation (E.A.V.) was found throughout the Study Area. This factor was considered to be present to a major extent with respect to tax blocks with stagnant or declining E.A.V. in three (3) of the last five (5) years. This condition was considered to be present to a minor extent on blocks where stagnant or declining E.A.V. had occurred in two (2) of the last five (5) years.

Many of the commercial buildings within the Study Area are quite old and development standards have changed significantly since the buildings in the Study Area were constructed. Within the Study Area, obsolescence was evidenced by buildings falling into disuse and buildings that were no longer well suited to their original use. Most obsolete buildings were outdated residential and commercial buildings in which the size and shape of the building, along with a lack of adequate parking and loading space, have resulted in obsolescence.

Deterioration.

This condition is present when there are physical deficiencies in buildings or surface improvements requiring treatment or repair. Any deficiency beyond normal maintenance qualifies as deterioration. Moderate levels of deterioration may be present in basically sound buildings that contain defects that can be corrected. More advanced deterioration that is not easily correctable and cannot be accomplished during the course of normal maintenance may also be evident. Advanced deterioration is clearly a greater blighting influence. Consequently, the incidence of advanced deterioration need not be widespread to qualify this condition as being present to a major extent. Examples of conditions that indicate deterioration include buildings that are not weather-tight, loose or missing materials, defects in exterior walls, rusted support beams and columns, and deteriorated roofs requiring replacement or major repair. Such defects may involve either primary building components (foundations, walls, roofs) or major defects in secondary building components (doors, windows, porches, fascia materials, gutters and downspouts). In terms of surface improvements, including sidewalks, off-street parking and surface storage areas, deterioration may take the

form of surface cracking, loose paving material, depressions, streets with pitted pavement/potholes, crumbling curbs, crumbled or heaved sidewalks and pavement, and weeds protruding through paved surfaces.

Deterioration was found to be present within the Study Area to a major extent. In considering whether or not a tax parcel could be considered "deteriorated", both the condition of the building surveyed, as well as the site conditions, were taken into account. Of the thirty-nine (39) tax blocks in the Study Area, this factor was present to a major extent on thirty-four (34) blocks (eighty-seven percent (87%)) and to a minor extent on three (3) blocks (eight percent (8%)).

Building deterioration is considered to be present to a major extent if deteriorated buildings and site conditions account for at least twenty percent (20%) of the total number of buildings on the block. Because, by definition, conservation areas are areas which are not yet blighted but which may soon become blighted if their decline is not checked, buildings which exhibit relatively minor deterioration were classified as deteriorated for the purposes of this analysis.

In regard to each individual tax parcel surveyed, the results of how many were considered deteriorated are as follows. With respect to building deterioration, of four hundred thirty-five (435) tax parcels, two hundred thirty-one (231) (fifty-three percent (53%)) were found to contain buildings with minor deterioration and sixty (60) (fourteen percent (14%)) had major deterioration. Evidence of deterioration included major cracks in masonry walls, window frames, doors and door frames requiring major repair or replacement, missing mortar requiring tuckpointing, and rusted gutters and downspouts.

With respect to deterioration of surface improvements, two hundred thirty-five (235) tax parcels of four hundred thirty-five (435) (fifty-four percent (54%)) demonstrated minor deterioration in site conditions and forty-four (44) (ten percent (10%)) tax parcels demonstrated major deterioration. In terms of surface improvements, which included sidewalks, off-street parking and surface storage areas, deterioration took the form of surface cracking, loose paving material, depressions, crumbling curbs, crumbled or heaved sidewalks and pavement, as well as weeds protruding through paved surfaces.

Presence Of Structures Below Minimum Code Standards.

This factor is present when structures do not conform with local standards of building, fire, zoning, subdivision or other applicable governmental codes, but not including housing and property maintenance codes. Structures below minimum code standards include all buildings which do not meet the standards of zoning, subdivision, building, housing, fire, property maintenance or other governmental codes applicable to the property. The principal purposes of such codes are to

require that buildings be constructed in such a way that they can sustain the loads expected from the type of occupancy and are safe for occupancy against fire and similar hazards, and/or to establish minimum standards for safe and sanitary habitation. Buildings below minimum code are characterized by defects or deficiencies that threaten health and safety.

Presence of structures below minimum code standards was found to be present within the Study Area to a major extent. Between 1996 and 2001 there were one hundred one (101) code violations issued to property owners within the Study Area. Of the thirty-nine (39) tax blocks in the Study Area, this factor was present to major extent on twenty-five (25) blocks (sixty-four percent (64%)) and to a minor extent on nine (9) blocks (twenty-three percent (23%)). This factor was considered present to a major extent if more than twenty-five percent (25%) of the buildings on the block were below minimum code standards.

Deleterious Land-Use Or Layout.

This factor is characterized by inappropriate or incompatible land-use relationship, inappropriate mixed-uses within buildings or uses which are considered to be noxious, offensive, or unsuitable for the surrounding area.

Deleterious land-use or layout was found to be present within the Study Area to a major extent. This factor was found to be present to a major extent on ten (10) of the thirty-nine (39) tax blocks (twenty-six percent (26%)) and to a minor extent on eleven (11) of thirty-nine (39) tax blocks (twenty-eight percent (28%)). For example, the building located at 4723 -- 4725 North Pulaski Road, has combined the use of auto body repair with that of non-auto related retail. The retail portion of the building -- a clothing store -- has converted a driveway into the store entrance.

Declining Or Stagnant Equalized Assessed Value.

This factor is present when one (1) of three (3) conditions is met within the study area: 1) the total equalized assessed value (E.A.V.) has declined in three (3) of the last five (5) years; 2) the total E.A.V. is increasing at an annual rate that is less than the balance of the municipality for three (3) of the last five (5) years; or 3) the total E.A.V. is increasing at an annual rate that is less than the Consumer Price Index for all Urban Consumers for three (3) of the last five (5) years.

Declining or stagnant equalized assessed values are indicative of economic and functional obsolescence. This condition relates to the lack of growth and private investment in an area resulting in economic and physical decline. Table A shows that the E.A.V. for the Study Area has grown at a lower rate than Chicago as a whole in three (3) of the last five (5) years.

Factors Present To A Minor Extent.

Dilapidation.

Dilapidation exists when buildings are in an advanced state of disrepair and neglect of necessary repairs to the primary structural components of buildings result in the necessity of major repairs or demolition. Due to the blighting nature of dilapidation, this factor was considered present to a major extent if it represents ten percent (10%) or more of the buildings on the block.

Only one (1) building was found to be dilapidated during the exterior building survey, showing an advanced state of disrepair and neglect in both the structure and the site conditions. This condition is therefore present to a minor extent within the Study Area.

Excessive Land Coverage And Overcrowding Of Structures And Community Facilities.

This factor refers to the over-intensive use of property and the crowding of buildings and accessory facilities onto a site. This condition is present when buildings occupy all, or most, of the lot, leaving little or no space for off-street

parking, off-street loading and open space amenities. Problem conditions include buildings that are improperly situated on the parcel, the presence of multiple buildings on a single parcel, or buildings that are located on parcels of inadequate size and shape in relation to contemporary standards of development for health or safety. For there to be a finding of excessive land coverage, parcels must exhibit one (1) or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of the spread of fires due to the close proximity of nearby buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service. Excessive land coverage frequently has an adverse or blighting influence on nearby development.

This condition is present to a minor extent throughout the Study Area. Overall, ninety-one (91) parcels (twenty-one percent (21%)) of the four hundred thirty-five (435) that make up the Study Area proved to meet the conditions of excessive land coverage and overcrowding of structures and community facilities. Of the thirty-nine (39) tax blocks in the Study Area, this factor was present to a major extent on seven (7) blocks (eighteen percent (18%)), affecting at least fifty percent (50%) of the buildings on the block, and to a minor extent on nine (9) blocks (twenty-three percent (23%)). Many commercial buildings on those blocks affected to a major extent occupy all, or most, of their sites, leaving little opportunity to provide on-site parking and/or loading facilities. In a few locations within the Study Area, it was also observed that trucks clogged public streets because area businesses lacked adequate on-site loading facilities to accommodate waiting trucks. Also, some buildings have been built from lot line to lot line and lack necessary separations to minimize the threat of the spread of fire. These characteristics clearly indicate the presence of excessive land coverage.

Excessive Vacancies.

This condition is present when buildings are vacant, or partially vacant, such that they are underutilized and represent an adverse influence on the Study Area because of the frequency, extent or duration of the vacancies. Excessive vacancies can also be evidenced by vacant lots. The presence of buildings or sites which are unoccupied or underutilized generally signifies a lack of economic viability of the property and, by extension, of the surrounding area. Excessive vacancies include abandoned properties which evidence no apparent effort directed toward their occupancy or utilization. A relatively small amount of vacant/abandoned property can affect the value and perceived viability of the surrounding area. Consequently, the presence of this condition would represent a significant blighting influence.

Excessive vacancies were found to be present within the Study Area to a minor extent. Of the thirty-nine (39) tax blocks in the Study Area, this factor was present to major extent on seven (7) blocks (eighteen percent (18%)) and to a minor extent

on seven (7) blocks (eighteen percent (18%)). Ten (10) vacant buildings (or four percent (4%) of all buildings) were identified. For this factor to be present to a major extent on a tax block, evidence of vacant, partially vacant or underutilized buildings needed to be evident on twenty-five percent (25%) or more of the total parcels on the block.

Lack Of Community Planning.

This factor is present if the proposed redevelopment project area developed prior to, or without the benefit and guidance of, a community plan. This means that the area was developed prior to the adoption of a comprehensive or other community plan by the municipality or that the plan was not followed at the time of the area's development. The presence of this condition must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet modern development standards, or other evidence demonstrating an absence of effective community planning.

This factor is also indicated when there are inadequate public utilities, or plans for utility improvements, that would allow the property to be developed in accordance with the intensity of use identified in the municipality's comprehensive plan or zoning ordinance, or other economic development plans for the area. This factor is also present if public improvements serving the site, including streets, streetlights and other utility systems, do not meet current municipal standards. Similarly, lack of community planning is indicated if private improvements, including parking lots, screening and organization of buildings within the site, do not meet accepted community development standards.

This factor is present to a minor extent within the Study Area. This factor affects four (4) of thirty-nine (39) (ten percent (10%)) tax blocks to a major extent and twelve (12) tax blocks (thirty-one percent (31%)) to a minor extent. The only adopted plan for the Study Area is the Lawrence/Pulaski Redevelopment Plan, adopted in 1982, which covers a portion of the Study Area located along North Pulaski Road between West Ainslie Street and West Eastwood Avenue, and West Lawrence Avenue between North Keystone Avenue and North Harding Avenue. The zoning for the Study Area is almost exclusively business and commercial and prohibits ground floor residential use. Nevertheless, there are numerous residential uses with retail as well as auto-oriented commercial uses, such as

repair shops, interspersed throughout the Study Area. In some cases, these residential buildings were originally built as single-family houses, dating from the 1890s when the area was just beginning to develop. There are also apartment buildings built in the 1920s that reflect development trends at that time. Finally, there are also newer apartment buildings built in the 1950s through the early 1970s that are generally inconsistent with the current zoning.

Environmental Contamination.

This factor is considered present when property has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for the clean-up of hazardous waste, hazardous substances or underground storage tanks required by state or federal law, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for such clean-up. In order for this eligibility factor to apply, the remediation costs must constitute a material impediment to the development, or redevelopment, of the redevelopment project area.

This factor is present to a minor extent within the Study Area. There are several former gas stations, and other commercial sites, which may warrant environmental remediation. For example, one (1) such site on North Pulaski Road is considered contaminated with pits on the site that were backfilled with contaminated soil. Other gas station sites no longer in use still have dispenser islands located on their properties and other contaminating factors, such as the site at 4258 North Elston Avenue, which has waste and gas tanks in deteriorated condition.

Factors Found Not To Be Present Or Whose Presence Could Not Be Determined.

Illegal Use Of Individual Structures.

This factor is present when structures are used in violation of federal, state or local laws. Exterior building and land-use surveys of the Study Area revealed no illegal land uses, with the existing ground floor residential uses generally being nonconforming uses under current zoning.

Lack Of Ventilation, Light Or Sanitary Facilities.

Conditions, such as lack of indoor plumbing or lack of adequate windows or other means of providing ventilation or light, can negatively influence the health and welfare of a building's residents or users. Typical requirements for ventilation, light and sanitary facilities include:

- Adequate mechanical ventilation for air circulation in rooms without windows, such as bathrooms, and dust, odor, or smoke producing activity areas.
- Adequate natural light and ventilation by means of skylights or windows for interior rooms with proper window sizes and amounts by room area to window area ratios.
- Adequate sanitary facilities, including garbage storage, bathroom facilities, hot water and kitchens.

The presence of this factor could not be assessed through the exterior building condition survey and other available information to a degree sufficient to warrant its inclusion as a blighting factor present within the Study Area.

Inadequate Utilities.

This factor exists in the absence of one (1) or more of the following utilities serving the site: gas, electricity, telephone, water, sanitary sewer, storm sewer or storm drainage. This factor is also present when the existing utilities are inadequate to accommodate the level of development permitted under current zoning or envisioned under the comprehensive plan, or adopted redevelopment plan, for the area.

This factor does not appear to be present within the Study Area since all property is presently served by the appropriate utilities, and nearly all properties are in active use. As it could not be determined with certainty, it is not considered to be a blighting factor present within the Study Area.

4.

Determination Of Study Area Eligibility.

The Study Area qualifies for designation as a "conservation area". Seventy-eight percent (78%) of all buildings within the Study Area are at least thirty-five (35) years of age. This is substantially more than the minimum of fifty percent (50%) required by the Act for designation.

Once the age requirement has been met, the meaningful presence of three (3) of thirteen (13) conditions is required for designation of improved property as a "conservation area". Of the conditions cited in the Act, ten (10) are present to a meaningful extent, with that presence documented and reasonably distributed within the Study Area.

The conditions present to a major extent are:

- Obsolescence.
- Deterioration.
- Presence of structures below minimum code standards.
- Deleterious land-use or layout.
- Stagnant or declining E.A.V.

The conditions present to a minor extent are:

- Dilapidation.
- Excessive vacancies.
- Excessive land coverage and overcrowding of structures and community facilities.
- Lack of community planning.
- Environmental contamination.

Based on the conditions present, the area is not likely to be effectively developed without the designation of all or part of the Study Area as a "conservation area" and the adoption of a tax increment redevelopment plan and project. The distribution of factors within the Study Area is presented in Table B.

Certificate.

I, Jennifer Rampke, the duly authorized, qualified and Executive Secretary of the Community Development Commission of the City of Chicago, and the custodian of the records thereof, do hereby certify that I have compared the attached copy of a resolution adopted by the Community Development Commission of the City of Chicago at a regular meeting held on the eleventh (11th) day of December, 2001 with the original resolution adopted at said meeting and recorded in the minutes of the Commission, and do hereby certify that said copy is a true, correct and complete transcript of said resolution.

Dated this eleventh (11th) day of December, 2001.

(Signed) Jennifer Rampke
Assistant Secretary

Resolution 01-CDC-108 referred to in this Certificate reads as follows:

*Community Development Commission
Of The City Of Chicago*

Resolution 01-CDC-108

*Recommending To The City Council Of The
City Of Chicago For The Proposed
Lawrence/Pulaski Redevelopment
Project Area:*

*Approval Of A Redevelopment Plan,
Designation Of A Redevelopment Project Area
And
Adoption Of Tax Increment Allocation Financing.*

Whereas, The Community Development Commission (the "Commission") of the City of Chicago (the "City") has heretofore been appointed by the Mayor of the City with the approval of its City Council ("City Council", referred to herein collectively with the Mayor as the "Corporate Authorities") (as codified in Section 2-124 of the City's Municipal Code) pursuant to Section 5/11-74.4-4(k) of the Illinois Tax Increment Allocation Redevelopment Act, as amended (65 ILCS 5/11-74.4-1, et seq.) (the "Act"); and

Whereas, The Commission is empowered by the Corporate Authorities to exercise certain powers enumerated in Section 5/11-74.4-4(k) of the Act, including the holding of certain public hearings required by the Act; and

Whereas, Staff of the City's Department of Planning and Development has conducted or caused to be conducted certain investigations, studies and surveys of the Lawrence/Pulaski Tax Increment Financing Redevelopment Project Area, the street boundaries of which are described on (Sub)Exhibit A hereto (the "Area"), to determine the eligibility of the Area as a redevelopment project area as defined in the Act (a "Redevelopment Project Area") and for tax increment allocation financing pursuant to the Act ("Tax Increment Allocation Financing"), and previously has presented the following documents to the Commission for its review:

The Lawrence/Pulaski Redevelopment Project Area Redevelopment Plan and Project (the "Plan") attached hereto as (Sub)Exhibit B (which has attached as an appendix to the Lawrence/Pulaski Redevelopment Project Area Eligibility Report (the "Report")); and

Whereas, The Commission has heretofore passed Resolution 01-CDC-66 on August 14, 2001 that contains the information required by Section 5/11-74.4-4.1(a) of the Act to be included therein and that provides for the preparation of a feasibility study on designation of the Area as a Redevelopment Project Area and requires that such feasibility study include the preparation of the housing impact study set forth in Section 5/11-74.4-3(n)(5) of the Act, all as required by Section 5/11-74.4-4.1(b) of the Act, which has resulted in the preparation of the Plan, the Housing Impact Study and the Report being presented to the Commission; and

Whereas, A public meeting (the "Public Meeting") was held in accordance and in compliance with the requirements of Section 5/11-74.4-6(e) of the Act on September 24, 2001 at 6:30 P.M. at North Park Village, 5801 North Pulaski Road, Chicago, Illinois, being a date not less than fourteen (14) business days before the mailing of the notice of the Hearing (hereafter defined), pursuant to the notice from the City's Commissioner of the Department of Planning and Development given on September 7, 2001, being a date not less than fifteen (15) days before the date of the Public Meeting, by certified mail to all taxing districts having real property in the proposed Area and to all entities requesting that information that have taken the steps necessary to register to be included on the interested parties registry for the proposed Area in accordance with Section 5/11-74.4-4.2 of the Act and, with a good faith effort, given on September 8, 2001 by regular mail to all residents and the last known persons who paid property taxes on real estate in the proposed Area (which good faith effort was satisfied by such notice being mailed to each residential address and the person or persons in whose name property taxes were paid on real property for the last preceding year located in the proposed Area), which to the extent necessary to effectively communicate such notice, was given in English and in other languages; and

Whereas, Prior to the adoption by the Corporate Authorities of ordinances approving a redevelopment plan, designating an area as a Redevelopment Project Area or adopting Tax Increment Allocation Financing for an area, it is necessary that the Commission hold a public hearing (the "Hearing") pursuant to Section 5/11-74.4-5(a) of the Act, convene a meeting of a joint review board (the "Board") pursuant to Section 5/11-74.4-5(b) of the Act, set the dates of such Hearing and Board meeting and give notice thereof pursuant to Section 5/11-74.4-6 of the Act; and

Whereas, The Plan (including the related eligibility report attached thereto as an exhibit and, if applicable, the feasibility study and the housing impact study) was made available for public inspection and review pursuant to Section 5/11-74.4-5(a) of the Act since July 9, 2001, being a date not less than ten (10) days before the meeting on September 24, 2001 of the Community Development Commission of the City ("Commission") at which the Commission adopted Resolution 01-CDC-80 fixing the time and place for a public hearing ("Hearing"), at the offices of the City Clerk and the City's Department of Planning and Development; and

Whereas, Notice of the Hearing by publication was given at least twice, the first publication being on November 13, 2001, a date which is not more than thirty (30) nor less than ten (10) days prior to the Hearing, and the second publication being on November 20, 2001, both in the *Chicago Sun-Times* or the *Chicago Tribune*, being newspapers of general circulation within the taxing districts having property in the Area; and

Whereas, Notice of the Hearing was given by mail to taxpayers by depositing such notice in the United States mail by certified mail addressed to the persons in whose names the general taxes for the last preceding year were paid on each lot, block, tract or parcel of land lying within the Area, on November 21, 2001, being a date not less than ten (10) days prior to the date set for the Hearing; and where taxes for the last preceding year were not paid, notice was also mailed to the persons last listed on the tax rolls as the owners of such property within the preceding three (3) years; and

Whereas, A good faith effort was made to give notice of the Hearing by mail to all residents of the Area by, at a minimum, giving notice by mail to each residential address located in the Area, which to the extent necessary to effectively communicate such notice was given in English and in the predominant language of residents of the Area other than English on November 21, 2001, being a date not less than ten (10) days prior to the date set for the Hearing; and

Whereas, Notice of the Hearing was given by mail to the Illinois Department of Commerce and Community Affairs ("D.C.C.A.") and members of the Board (including notice of the convening of the Board), by depositing such notice in the United States mail by certified mail addressed to D.C.C.A. and all Board members, on October 24, 2001, being a date not less than forty-five (45) days prior to the date set for the Hearing; and

Whereas, Notice of the Hearing and copies of the Plan (including the Report) were sent by mail to taxing districts having taxable property in the Area, by depositing such notice and documents in the United States mail by certified mail addressed to all taxing districts having taxable property within the Area, on October 24, 2001, being a date not less than forty-five (45) days prior to the date set for the Hearing; and

Whereas, Notice of the availability of the Plan (including the Report) was sent by mail on September 28, 2001, which is within a reasonable time after the adoption by the Commission of Resolution 01-CDC-80 to: (a) all residential addresses that, after a good faith effort, were determined to be (i) located within the Area and (ii) located within seven hundred fifty (750) feet of the boundaries of the Area (or, if applicable, were determined to be the seven hundred fifty (750) residential addresses that were closest to the boundaries of the Area); and (b) organizations and residents that were registered interested parties for such Area; and

Whereas, The Hearing was held on December 11, 2001 at 2:00 P.M. at City Hall, City Council Chambers, 121 North LaSalle Street, Chicago, Illinois, as the official public hearing, and testimony was heard from all interested persons or representatives of any affected taxing district present at the Hearing and wishing to testify, concerning the Commission's recommendation to City Council regarding approval of the Plan (including the Report), designation of the Area as a Redevelopment Project Area and adoption of Tax Increment Allocation Financing

within the Area; and

Whereas, The Board meeting (a) was convened on November 9, 2001 at 10:00 A.M. (being a date no less than fourteen (14) days following the mailing of the notice to all taxing districts on October 24, 2001) in Room 1003A, City Hall, 121 North LaSalle Street, Chicago, Illinois, to review the matters properly coming before the Board to allow it to provide its advisory recommendation regarding the approval of the Plan (including the Report), designation of the Area as a Redevelopment Project Area, adoption of Tax Increment Allocation Financing within the Area and other matters, if any, properly before it, all in accordance with Section 5/11-74.4-5(b) of the Act, and the Board issued its report finding that the Plan meets one (1) or more of the objectives of the Act and both the Plan requirements and the eligibility criteria defined in Section 11-74.4-3; and

Whereas, The Commission has reviewed the Plan, considered testimony from the Hearing, if any, the recommendation of the Board, if any, and such other matters or studies as the Commission deemed necessary or appropriate in making the findings set forth herein and formulating its decision whether to recommend to City Council approval of the Plan, designation of the Area as a Redevelopment Project Area and adoption of Tax Increment Allocation Financing within the Area; now, therefore,

Be It Resolved by the Community Development Commission of the City of Chicago:

Section 1. The above recitals are incorporated herein and made a part hereof.

Section 2. The Commission hereby makes the following findings pursuant to Section 5/11-74.4-3(n) of the Act or such other section as is referenced herein:

a. the Area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be expected to be developed without the adoption of the Plan;

b. the Plan:

(i) conforms to the comprehensive plan for the development of the City as a whole; or

(ii) either (A) conforms to the strategic economic development or redevelopment plan issued by the Chicago Plan Commission or (B) includes land uses that are expected to be approved by the Chicago Plan Commission;

c. the Plan meets all of the requirements of a redevelopment plan as defined in the Act and, as set forth in the Plan, the estimated date of completion of the projects described therein and retirement of all obligations issued to finance redevelopment project costs is not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 5/11-74.4-8 of the Act is to be made with respect to ad valorem taxes levied in the twenty-third (23rd) calendar year after the year in which the ordinance approving the Area as a redevelopment project area is adopted, and, as required pursuant to Section 5/11-74.4-7 of the Act, no such obligation shall have a maturity date greater than twenty (20) years;

d. to the extent required by Section 5/11-74.4-3(n) (6) of the Act, the Plan incorporates the housing impact study, if such study is required by Section 5/11-74.4-3(n)(5) of the Act;

e. the Area includes only those contiguous parcels of real property and improvements thereon that are to be substantially benefitted by proposed Plan improvements, as required pursuant to Section 5/11-74.4-4(a) of the Act;

f. as required pursuant to Section 5/11-74.4-3(p) of the Act:

(i) the Area is not less, in the aggregate, than one and one-half (1½) acres in size; and

(ii) conditions exist in the Area that cause the Area to qualify for designation as a redevelopment project area and a conservation area, as defined in the Act.

Section 3. The Commission recommends that the City Council approve the Plan pursuant to Section 5/11-74.4-4 of the Act.

Section 4. The Commission recommends that the City Council designate the Area as a Redevelopment Project Area pursuant to Section 5/11-74.4-4 of the Act.

Section 5. The Commission recommends that the City Council adopt Tax Increment Allocation Financing within the Area.

Section 6. If any provision of this resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this resolution.

Section 7. All resolutions, motions or orders in conflict with this resolution are hereby repealed to the extent of such conflict.

Section 8. This resolution shall be effective as of the date of its adoption.

Section 9. A certified copy of this resolution shall be transmitted to the City Council.

Adopted: December 11, 2001.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, It is desirable and in the best interest of the citizens of the City of Chicago, Illinois (the "City") for the City to implement tax increment allocation financing ("Tax Increment Allocation Financing") pursuant to the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended (the "Act"), for a proposed redevelopment project area to be known as the Lawrence/Pulaski Avenue Tax Increment Financing Redevelopment Project Area (the "Area") described in Section 2 of this ordinance, to be redeveloped pursuant to a proposed redevelopment plan and project (the "Plan"); and

WHEREAS, A public meeting ("Public Meeting") was held in compliance with the requirements of Section 5/11-74.4-6(e) of the Act on September 24, 2001 at 6:30 P.M. at North Park Village, 5801 North Pulaski Road, Chicago, Illinois; and

WHEREAS, The Plan (including the related eligibility report attached thereto as an exhibit and, if applicable, the feasibility study and the housing impact study) was made available for public inspection and review pursuant to Section 5/11-74.4-5(a) of the Act beginning September 28, 2001, being a date not less than ten (10) days before the meeting of the Community Development Commission of the City ("Commission") at which the Commission adopted Resolution 01-CDC-80 on October 9, 2001 accepting the Plan for review and fixing the time and place for a public hearing ("Hearing"), at the offices of the City Clerk and the City's Department of Planning and Development; and

WHEREAS, Pursuant to Section 5/11-74.4-5(a) of the Act, notice of the availability of the Plan (including the related eligibility report attached thereto as an exhibit and, if applicable, the feasibility study and the housing impact study) was sent by mail on October 16, 2001, which is within a reasonable time after the adoption by the Commission of Resolution 01-CDC-80 to: (a) all residential addresses that, after a good faith effort, were determined to be (i) located within the Area and (ii) located within seven hundred fifty (750) feet of the boundaries of the Area (or, if applicable, were determined to be the seven hundred fifty (750) residential addresses that were closest to the boundaries of the Area); and (b) organizations and residents that were registered interested parties for such Area; and

WHEREAS, A meeting of the joint review board established pursuant to Section 5/11-74.4-5(b) of the Act (the "Board") was convened upon the provision of due notice on November 9, 2001 at 10:00 A.M., to review the matters properly coming before the Board and to allow it to provide its advisory recommendation regarding the approval of the Plan, designation of the Area as a redevelopment project area pursuant to the Act and adoption of Tax Increment Allocation Financing within the Area, and other matters, if any, properly before it; and

WHEREAS, Pursuant to Sections 5/11-74.4-4 and 5/11-74.4-5 of the Act, the Commission held the Hearing concerning approval of the Plan, designation of the Area as a Redevelopment project area pursuant to the Act and adoption of Tax Increment Allocation Financing within the Area pursuant to the Act on December 11, 2001; and

WHEREAS, The Commission has forwarded to the City Council a copy of its Resolution 01-CDC-108, recommending to the City Council approval of the Plan, among other related matters; and

WHEREAS, The City Council has heretofore approved the Plan, which was identified in An Ordinance Of The City Of Chicago, Illinois, Approving A Redevelopment Plan For The Lawrence/Pulaski Avenue Tax Increment Financing Redevelopment Project Area; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Recitals. The above recitals are incorporated herein and made a part hereof.

SECTION 2. The Area. The Area is legally described in Exhibit A attached hereto and incorporated herein. The street location (as near as practicable) for the Area is described in Exhibit B attached hereto and incorporated herein. The map of the Area is depicted on Exhibit C attached hereto and incorporated herein.

SECTION 3. Findings. The Corporate Authorities hereby make the following findings:

a. the Area includes only those contiguous parcels of real property and improvements thereon that are to be substantially benefitted by proposed Plan improvements, as required pursuant to Section 5/11-74.4-4(a) of the Act;

b. as required pursuant to Section 5/11-74.4-3(p) of the Act:

(i) the Area is not less, in the aggregate, than one and one-half (1½) acres in size; and

(ii) conditions exist in the Area that cause the Area to qualify for designation as a redevelopment project area and a conservation area as defined in the Act;

c. if the Area is qualified as a "blighted area", whether improved or vacant, each of the factors necessary to qualify the Area as a redevelopment project area on that basis is (i) clearly present within the intent of the Act and with that presence documented to a meaningful extent, and (ii) reasonably distributed throughout the improved part or vacant part, as applicable, of the Area as required pursuant to

Section 5/11-74.4-3(a) of the Act;

d. if the Area is qualified as a "conservation area", the combination of the factors necessary to qualify the Area as a redevelopment project area on that basis is detrimental to the public health, safety, morals or welfare, and the Area may become a blighted area.

SECTION 4. Area Designated. The Area is hereby designated as a redevelopment project area pursuant to Section 5/11-74.4-4 of the Act.

SECTION 5. Invalidity Of Any Section. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this ordinance.

SECTION 6. Superseder. All ordinances, resolutions, motions or orders in conflict with this ordinance are hereby repealed to the extent of such conflict.

SECTION 7. Effective Date. This ordinance shall be in full force and effect immediately upon its passage.

ADOPTION OF TAX INCREMENT ALLOCATION FINANCING
FOR LAWRENCE/PULASKI AVENUE REDEVELOPMENT
PROJECT AREA.

The Committee on Finance submitted the following report:

CHICAGO, February 27, 2002.

To the President and Members of the City Council:

Your Committee on Finance, having had under consideration an ordinance adopting tax increment financing for the Lawrence/Pulaski Avenue Tax Increment Financing Redevelopment Project Area, having had the same under advisement, begs leave to report and recommend that Your Honorable Body *Pass* the proposed ordinance transmitted herewith.

This recommendation was concurred in by a viva voce vote of the members of the Committee.

Respectfully submitted,

(Signed) EDWARD M. BURKE,
Chairman.

On motion of Alderman Burke, the said proposed ordinance transmitted with the foregoing committee report was *Passed* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Carothers, Wojcik, Suarez, Matlak, Mell, Austin, Colom, Banks, Mitts, Allen, Laurino, O'Connor, Doherty, Natarus, Daley, Hansen, Levar, Shiller, M. Smith, Moore, Stone -- 47.

Nays -- None.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, It is desirable and in the best interest of the citizens of the City of Chicago, Illinois (the "City") for the City to implement tax increment allocation financing ("Tax Increment Allocation Financing") pursuant to the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended (the "Act"), for a proposed redevelopment project area to be known as the Lawrence/Pulaski Avenue Tax Increment Financing Redevelopment Project (the "Area") described in Section 2 of this ordinance, to be redeveloped pursuant to a proposed redevelopment plan and project (the "Plan"); and

WHEREAS, The Community Development Commission of the City has forwarded to the City Council of the City ("City Council") a copy of its Resolution 01-CDC-108, recommending the City Council the adoption of Tax Increment Allocation Financing for the Area, among other things; and

WHEREAS, As required by the Act, the City has heretofore approved the Plan, which was identified in An Ordinance Of The City Of Chicago, Illinois, Approving A Redevelopment Plan For The Lawrence/Pulaski Avenue Tax Increment Financing Redevelopment Project Area and has heretofore designated the Area as a redevelopment project area by passage of An Ordinance Of The City Of Chicago, Illinois, Designating The Lawrence/Pulaski Avenue Tax Increment Financing Redevelopment Project Area A Redevelopment Project Area Pursuant To The Tax Increment Allocation Redevelopment Act and has otherwise complied with all other conditions precedent required by the Act; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Recitals. The above recitals are incorporated herein and made a part hereof.

SECTION 2. Tax Increment Allocation Financing Adopted. Tax Increment Allocation is hereby adopted pursuant to Section 5/11-74.4-8 of the Act to finance redevelopment project costs as defined in the act and as set forth in the Plan within the Area legally described in Exhibit A attached hereto and incorporated herein. The street location (as near as practicable) for the Area is described in Exhibit B attached hereto and incorporated herein. The map of the Area is depicted in Exhibit C attached hereto and incorporated herein.

SECTION 3. Allocation Of Ad Valorem Taxes. Pursuant to the Act, the ad valorem taxes, if any, arising from the levies upon taxable real property in the Area by taxing districts and tax rates determined in the manner provided in Section 5/11-74.4-9(c) of the Act each year after the effective date of this ordinance until redevelopment project costs and all municipal obligations financing redevelopment project costs incurred under the Act have been paid, shall be divided as follows:

a. that portion of taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each such taxable lot, block, tract or parcel of real property in the Area shall be allocated to, and when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of Tax Increment Allocation Financing; and

b. that portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract or parcel of real property in the Area over and above the initial equalized assessed value of each property in the Area shall be allocated to, and when collected, shall be paid to the City Treasurer who shall deposit said taxes into a special fund, hereby created, and designated the "Lawrence/ Pulaski Avenue Tax Increment Financing Redevelopment Project Area Special Tax Allocation Fund" of the City for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof.

SECTION 4. Invalidity Of Any Section. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this ordinance.

SECTION 5. Superseder. All ordinances, resolutions, motions or orders in conflict with this ordinance are hereby repealed to the extent of such conflict.

SECTION 6. Effective Date. This ordinance shall be in full force and effect immediately upon its passage.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, It is desirable and in the best interest of the citizens of the City of Chicago, Illinois (the "City") for the City to implement tax increment allocation financing ("Tax Increment Allocation Financing") pursuant to the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended (the "Act"), for a proposed redevelopment project area to be known as the Chicago/Central Park Redevelopment Project Area (the "Area") described in Section 2 of this ordinance, to be redeveloped pursuant to a proposed redevelopment plan and project attached hereto as Exhibit A (the "Plan"); and

WHEREAS, By authority of the Mayor and the City Council of the City (the "City Council", referred to herein collectively with the Mayor as the "Corporate Authorities") and pursuant to Section 5/11-74.4-5(a) of the Act, the City's Department of Planning and Development established an interested parties registry and, on April 25, 2001, published in a newspaper of general circulation within the City a notice that interested persons may register in order to receive information on the proposed designation of the Area or the approval of the Plan; and

WHEREAS, Notice of a public meeting (the "Public Meeting") was made pursuant to notices from the City's Commissioner of the Department of Planning and Development, given on dates not less than fifteen (15) days before the date of the Public Meeting: (i) on June 5, 2001 by certified mail to all taxing districts having real property in the proposed Area and to all entities requesting that information that have taken the steps necessary to register to be included on the interested parties registry for the proposed Area in accordance with Section 5/11-74.4-4.2 of the Act, and (ii) with a good faith effort, on June 5, 2001 by regular mail to all residents and the last known persons who paid property taxes on real estate in the proposed Area (which good faith effort was satisfied by such notice being mailed to each residential address and the person or persons in whose name property taxes were paid on real property for the last preceding year located in the proposed Area), which to the extent necessary to effectively communicate such notice, was given in English and in other languages; and

WHEREAS, The Public Meeting was held in compliance with the requirements of Section 5/11-74.4-6(e) of the Act on June 21, 2001 at 6:00 P.M. at The Chicago Commons Center, 3645 West Chicago Avenue, Chicago, Illinois 60651; and

WHEREAS, The Plan (including the related eligibility report attached thereto as an exhibit and, if applicable, the feasibility study and the housing impact study) was made available for public inspection and review pursuant to Section 5/11-74.4-5(a) of the Act since September 28, 2001, being a date not less than ten (10) days before the meeting of the Community Development Commission of the City ("Commission") at which the Commission adopted Resolution 01-CDC-82 on October 9, 2001 accepting the Plan for review and fixing the time and place for a public hearing ("Hearing"), at the offices of the City Clerk and the City's Department of Planning and Development; and

WHEREAS, Pursuant to Section 5/11-74.4-5(a) of the Act, notice of the availability of the Plan (including the related eligibility report attached thereto as an exhibit and, if applicable, the feasibility study and the housing impact study) was sent by mail on October 17, 2001, which is within a reasonable time after the adoption by the Commission of Resolution 01-CDC-82 to: (a) all residential addresses that, after a good faith effort, were determined to be (i) located within the Area and (ii) located within seven hundred fifty (750) feet of the boundaries of the Area (or, if applicable, were determined to be the seven hundred fifty (750) residential addresses that were closest to the boundaries of the Area); and (b) organizations and residents that were registered interested parties for such Area; and

WHEREAS, Due notice of the Hearing was given pursuant to Section 5/11-74.4-6 of the Act, said notice being given to all taxing districts having property within the Area and to the Department of Commerce and Community Affairs of the State of Illinois by certified mail on November 20, 2001, by publication in the *Chicago Sun-Times* or *Chicago Tribune* on November 20, 2001 and November 27, 2001, by certified mail to taxpayers within the Area on November 20, 2001; and

WHEREAS, A meeting of the joint review board established pursuant to Section 5/11-74.4-5(b) of the Act (the "Board") was convened upon the provision of due notice on November 9, 2001 at 10:00 A.M. to review the matters properly coming before the Board and to allow it to provide its advisory recommendation regarding the approval of the Plan, designation of the Area as a redevelopment project area pursuant to the Act and adoption of Tax Increment Allocation Financing within the Area, and other matters, if any, properly before it; and

WHEREAS, Pursuant to Sections 5/11-74.4-4 and 5/11-74.4-5 of the Act, the Commission held the Hearing concerning approval of the Plan, designation of the Area as a redevelopment project area pursuant to the Act and adoption of Tax Increment Allocation Financing within the Area pursuant to the Act on December 18, 2001; and

WHEREAS, The Commission has forwarded to the City Council a copy of its Resolution 01-CDC-113 attached hereto as Exhibit B, adopted on December 18, 2001, recommending to the City Council approval of the Plan, among other related matters; and

WHEREAS, The Corporate Authorities have reviewed the Plan (including the related eligibility report attached thereto as an exhibit and, if applicable, the feasibility study and the housing impact study), testimony from the Public Meeting and the Hearing, if any, the recommendation of the Board, if any, the recommendation of the Commission and such other matters or studies as the Corporate Authorities have deemed necessary or appropriate to make the findings set forth herein, and are generally informed of the conditions existing in the Area; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Recitals. The above recitals are incorporated herein and made a part hereof.

SECTION 2. The Area. The Area is legally described in Exhibit C attached hereto and incorporated herein. The street location (as near as practicable) for the Area is described in Exhibit D attached hereto and incorporated herein. The map of the Area is depicted on Exhibit E attached hereto and incorporated herein.

SECTION 3. Findings. The Corporate Authorities hereby make the following findings as required pursuant to Section 5/11-74.4-3(n) of the Act:

a. the Area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be expected to be developed without the adoption of the Plan;

b. the Plan:

(i) conforms to the comprehensive plan for the development of the City as a whole; or

(ii) either: (A) conforms to the strategic economic development or redevelopment plan issued by the Chicago Plan Commission; or (B) includes land uses that have been approved by the Chicago Plan Commission;

c. the Plan meets all of the requirements of a redevelopment plan as defined in the Act and, as set forth in the Plan, the estimated date of completion of the projects described therein and retirement of all obligations issued to finance redevelopment project costs is not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of the Act is to be made with respect to ad valorem taxes levied in the twenty-third (23rd) calendar year after the year in which the ordinance approving the redevelopment project area is adopted, and, as required pursuant to Section 5/11-74.4-7 of the Act, no such obligation shall have a maturity date greater than twenty (20) years;

d. within the Plan:

(i) as provided in Section 5/11-74.4-3(n)(5) of the Act, the housing impact study: a) includes data on residential unit type, room type, unit occupancy, and racial and ethnic composition of the residents; and b) identifies the number and location of inhabited residential units in the Area that are to be or may be removed, if any, the City's plans for relocation assistance for those residents in the Area whose residences are to be removed, the availability of replacement

housing for such residents and the type, location, and cost of the replacement housing, and the type and extent of relocation assistance to be provided;

(ii) as provided in Section 5/11-74.4-3(n)(7) of the Act, there is a statement that households of low-income and very low-income persons living in residential units that are to be removed from the Area shall be provided affordable housing and relocation assistance not less than that which would be provided under the Federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria.

SECTION 4. Approval Of The Plan. The City hereby approves the Plan pursuant to Section 5/11-74.4-4 of the Act.

SECTION 5. Powers Of Eminent Domain. In compliance with Section 5/11-74.4-4(c) of the Act and with the Plan, the Corporation Counsel is authorized to negotiate for the acquisition by the City of parcels contained within the Area. In the event the Corporation Counsel is unable to acquire any of said parcels through negotiation, the Corporation Counsel is authorized to institute eminent domain proceedings to acquire such parcels. Nothing herein shall be in derogation of any proper authority.

SECTION 6. Invalidity Of Any Section. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this ordinance.

SECTION 7. Superseder. All ordinances, resolutions, motions or orders in conflict with this ordinance are hereby repealed to the extent of such conflict.

SECTION 8. Effective Date. This ordinance shall be in full force and effect immediately upon its passage.

Executive Summary.

A. Area Location.

The Chicago/Central Park Redevelopment Project Area (hereafter referred to as the "Area") is located on the west side of the City of Chicago ("City"), approximately four (4) miles west of downtown Chicago. A location map indicating the general location of the Area within the City is attached hereto.

The Area is irregularly shaped and is generally bordered by existing redevelopment areas on each side. A map indicating the location and name of the existing adjacent redevelopment areas is provided in the Appendix, Attachment Two -- (Sub)Exhibit G, Adjacent Redevelopment Areas Map.

The Area encompasses approximately six hundred seventy-eight (678) acres and includes one hundred forty-nine (149) (full and partial) city blocks. The boundaries of the Area are generally described as the alley southwest of Grand Avenue on the north, Kedzie Avenue on the east, Lake Street on the south and Pulaski Road on the west. In addition, a western arm of the Area extends several blocks west of Pulaski Road along Division Street. A boundary map of the Area is provided in the Appendix, Attachment Two -- (Sub) Exhibit A, Boundary Map of T.I.F. Area, and the legal description of the Area is provided in the Appendix, Attachment Three, Legal Description.

B. Existing Conditions.

The core of the Area consists primarily of older residential properties and commercial properties located along Chicago Avenue, Pulaski Road, and Division Street (see Appendix, Attachment Two -- (Sub)Exhibit B, Generalized Existing Land-Use Assessment Map). Zoning classifications in the Area include varying industrial, commercial and residential categories as shown on (Sub)Exhibit D, Existing Zoning Map of Attachment Two of the Appendix.

Many of the structures and site improvements in the Area are in need of repair, as documented in the Eligibility Study included as Appendix, Attachment One. Lack of widespread public and private investment is evidenced by significant needs in the public infrastructure and deterioration of private properties. The Area is further characterized by the following conditions for the improved portion of the Area:

- the predominance (ninety-six percent (96%)) of structures that are thirty-five (35) years or older⁽¹⁾;
- dilapidation (twenty-three percent (23%) of buildings and forty-nine percent (49%) of improved parcels);
- obsolescence (ten percent (10%) of buildings);
- deterioration of buildings and site improvements (ninety-eight percent (98%) of structures and ninety-seven percent (97%) of improved parcels);
- illegal use of individual structures (less than one percent (1%) of buildings);
- presence of structures below minimum code standards (twenty-three percent (23%) of buildings);
- excessive vacancies (eight percent (8%) of buildings);
- lack of ventilation, light or sanitary facilities (less than one percent (1%) of buildings);
- excessive land coverage and overcrowding of structures (forty-seven percent (47%) of parcels);
- inadequate utilities (ninety-seven percent (97%) of subareas⁽²⁾);
- deleterious land-use and layout (ninety-five percent (95%) of subareas⁽²⁾); and
- lack of community planning (ninety-seven percent (97%) of subareas⁽²⁾).

(1) This is forty-six percent (46%) greater than the statutory requirement. Under the Tax Increment Allocation Redevelopment Act, for designation of an area as a Conservation Area, fifty percent (50%) or more of the buildings must be thirty-five (35) years old or older.

(2) Subarea refers to (Sub)Exhibit E, Subarea Key Map, contained in Appendix, Attachment Two.

In addition, many streets contain potholes and cracked surfaces, and sidewalks and curbs exhibit cracked and broken sections. The conditions and locations of these conditions are further detailed in the Eligibility Study.

The vacant portion of the Area is characterized by the following conditions:

- obsolete platting (forty percent (40%) of vacant parcels);
- diversity of ownership (fifty-six percent (56%) of vacant parcels);
- tax and special assessment delinquencies (nineteen percent (19%) of vacant parcels); and
- deterioration of structures in neighboring areas (one hundred percent (100%) of vacant parcels).

C. Business And Residential Trends.

During the past several decades, the Area has experienced decline. This is most evident from the high number of vacant lots that once were occupied by commercial and residential buildings. The building stock is declining and many structures are vacant. The visual character of the Area suffers greatly from vacant storefronts and deteriorated buildings, a condition that is especially evident along the commercial corridors. In many instances, commercial buildings have been converted to storefront churches or have been vacated. This condition reflects the lack of interest in these corridors by the retail commercial market.

Within the Area, there are conditions that affect the viability of Area businesses. These conditions are:

- poor street and streetscape conditions including deteriorated curbs, sidewalks, street surfaces and other infrastructure;
- lack of parking;
- blighted conditions including deteriorated and obsolete buildings.

In addition, the following conditions impact the viability of Area residential properties and adjacent residential properties:

- age and deterioration of the housing stock and secondary structures (garages);
- overcrowding of residential units in portions of the Area;

- poor soil conditions that affect the stability of foundations in certain sections of the Area;
- adjacent declining commercial and industrial corridors and incompatible land-use relationships (isolated industrial and institutional uses within the Area); and
- the presence of trash, debris and abandoned vehicles in many yards and alleys throughout the Area.

D. Redevelopment Plan Purpose.

Tax increment financing ("T.I.F.") is permitted by the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended (the "Act"). The Act sets forth the requirements and procedures for establishing a redevelopment project area and a redevelopment plan. This Chicago/Central Park Tax Increment Financing Redevelopment Plan and Project (hereafter referred to as the "Plan") includes documentation as to the qualifications of the Area. The purpose of this Plan is to create a mechanism that can mitigate blighting influences, encourage local growth and development, and attract new private development to the Area. In doing so, new housing opportunities, new employment opportunities, and stabilization of existing developed areas can occur. This Plan identifies those activities, sources of funds, procedures, and various other necessary requirements in order to implement tax increment financing pursuant to the Act.

E. Plan Goals And Actions.

The T.I.F. program will help to retain, redevelop and expand residential housing opportunities within the Area, and retain, rehabilitate and attract new commercial opportunities. It represents an opportunity for the City to implement a program to expand the tax base of the Area and its initiatives are designed to arrest the spread of blight and decline throughout the Area. Listed below are the general goals of the Area. These goals were derived from a combination of sources such as previous planning studies prepared for portions of the Area, analyses of specific conditions within the Area, community meetings, input by the City's Department of Planning and discussions with elected officials.

Plan Goals.

- eliminate the blighting conditions that cause the Area to qualify for T.I.F.;
- establish a program of planned improvements designed to retain existing residential uses and promote the Area for new residential development;

- design or encourage improvements to revitalize the commercial corridors of the Area and promote the Area as a place to do business;
- provide for expansion of institutional uses and recreational opportunities, where appropriate, to better serve Area residents.

The City proposes to use T.I.F., as well as other economic development resources, when available, to address needs in the Area and induce the investment of private capital through various actions. The City recognizes that blighting influences will continue to weaken the Area unless the City itself becomes a leader and a partner with the private sector in the revitalization process. Consequently, the City wishes to encourage private development activity by using T.I.F. as an implementation tool to facilitate the following actions:

Actions.

1. Encourage infill residential and commercial projects.
2. Encourage rehabilitation of commercial and residential buildings through the use of T.I.F. and other redevelopment mechanisms.
3. Provide assistance to private developers and property owners to facilitate residential and commercial redevelopment projects.
4. Market and promote the Area as a place to live and do business.
5. Improve the appearance of streetscapes throughout the Area, through infrastructure improvements.
6. Provide assistance for job training, day care, and other services permitted under the Act.
7. Improve public transportation services.
8. Improve or upgrade sewer, water and other utility lines.

F. Redevelopment Plan And Project Costs.

The anticipated activities and associated costs are shown in Table 6-1, Estimated Redevelopment Project Costs, included herein. The total estimated costs for the activities listed in Table 6-1 are Sixteen Million Dollars (\$16,000,000).

G. Summary And Conclusions.

This Plan summarizes the analyses and findings of the consultant's work, which, unless otherwise noted, is the responsibility of PGAV -- Urban Consulting ("Consultant"). The City is entitled to rely on the findings and conclusions of this Plan in designating the Area as a redevelopment project area under the Act. The Consultant has prepared this Plan and the related Eligibility Study with the understanding that the City would rely: 1) on the findings and conclusions of the Plan and the related Eligibility Study in proceeding with the designation of the Area and the adoption and implementation of the Plan, and 2) on the fact that the Consultant compiled the necessary information so that the Plan and the related Eligibility Study will comply with the Act.

The study and survey of the Area indicate that the factors required to qualify the Area as a combination Conservation Area and Vacant Blighted Area are present and that these factors are present throughout the Area. Therefore, the Area qualifies as a redevelopment area under the terms of these definitions in the Act. This Plan, and the supporting documentation contained in the Eligibility Study, indicates that the Area on the whole has not been subject to growth and development through investment by private enterprise, and would not reasonably be anticipated to be developed without the adoption of the Plan.

Section II.

Area Location, Legal Description And Project Boundary.

The Area is located four (4) miles west of downtown. The Area contains approximately six hundred seventy-eight (678) acres and consists of one hundred forty-nine (149) (full and partial) blocks and four thousand nine hundred seven (4,907) tax parcels. The Area is irregularly shaped and is generally bordered by existing redevelopment areas on each side. A map indicating the location and name of the existing adjacent redevelopment areas is provided in the Appendix as Attachment Two -- (Sub)Exhibit G, Adjacent Redevelopment Areas Map.

On the north, the Area follows portions of the southern boundaries of the Division/Homan and Pulaski Industrial Corridor Redevelopment Areas. This boundary generally follows the alley located to the southwest of Grand Avenue. On the east, the boundary is the western right-of-way of Kedzie Avenue, which is also the boundary for a portion of the Kinzie Industrial Corridor Redevelopment Area. On the south, the boundary generally follows two railroad rights-of-way and the northern limits of Garfield Park, parts of which serve as the northern boundary of the Midwest Redevelopment Area. To the west the boundary generally follows the

existing boundary of the Northwest Industrial Corridor redevelopment area. South of Chicago Avenue this western boundary follows an irregular line that generally parallels Harding Avenue. North of Chicago Avenue the boundary follows the alley west of Pulaski Road. In addition, an arm of the Area extends several blocks west of Pulaski Road along Division Street and ends at Kostner Avenue, which is the boundary for the Northwest Industrial Corridor Redevelopment Area.

The boundaries of the Area include only those contiguous parcels of real property and improvements substantially benefited by the activities to be undertaken as a part of the Plan. Since the boundaries of the Area include approximately six hundred seventy-eight (678) acres of land, the statutory minimum of one and five-tenths (1.5) acres is exceeded. The boundaries of the Area are shown on Appendix, Attachment Two -- (Sub)Exhibit A, Boundary Map of T.I.F. Area, and the boundaries are described in Appendix, Attachment Three, Legal Description. A listing of the permanent index numbers and the 2000 equalized assessed value for all properties in the Area is included in the Appendix, Attachment Four, 2000 Estimated E.A.V. by Tax Parcel.

As shown on Appendix, Attachment Two -- (Sub)Exhibit A, Boundary Map of T.I.F. Area, the boundaries of the Area encompasses many residential properties.

The commercial corridors that border these residential areas (Chicago Avenue, Pulaski Road and Division Street) once served the workers and residents of the Area. However, vacant properties and declining and deleterious commercial and institutional uses are present along these corridors. These declining conditions have resulted in further disinvestment in the commercial corridors and negatively impact the adjacent residential neighborhoods. In general, the decline in the viability of the residential properties of the Area and in adjacent residential areas is due in part to proximity to the blight occurring along the commercial corridors.

Where possible, institutional uses have been included in the Area. These uses are adjacent to the declining areas discussed above, and in some cases also contain deteriorating conditions. All properties within the Area will benefit from a program that will address the blighted conditions of the Area.

Section III.

Statutory Basis For Tax Increment Financing.

A. Introduction.

In January 1977, Tax Increment Financing (T.I.F.) was made possible by the

Illinois General Assembly through passage of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended (the "Act"). The Act provides a means for municipalities, after the approval of a redevelopment plan and project, to redevelop blighted, conservation, or industrial park conservation areas and to finance eligible "redevelopment project costs" with incremental property tax revenues. "Incremental property tax" or "incremental property taxes" are derived from the increase in the current equalized assessed value (E.A.V.) of real property within the redevelopment project area over and above the "certified initial E.A.V." of such real property. Any increase in E.A.V. is then multiplied by the current tax rate, which results in incremental property taxes.

To finance redevelopment project costs, a municipality may issue obligations secured by incremental property taxes to be generated within the project area. In addition, a municipality may pledge towards payment of such obligations any part or any combination of the following:

- (a) net revenues of all or part of any redevelopment project;
- (b) taxes levied and collected on any or all property in the municipality;
- (c) the full faith and credit of the municipality;
- (d) a mortgage on part or all of the redevelopment project; or
- (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

T.I.F. does not generate tax revenues by increasing tax rates. It generates revenues by allowing the municipality to capture, for a specified period, the new revenues produced by the enhanced valuation of properties resulting from the municipality's redevelopment program, improvements and activities, various redevelopment projects, and the reassessment of properties. This increase or "increment" can be used to finance "redevelopment project costs" such as land acquisition, site clearance, building rehabilitation, interest subsidy, construction of public infrastructure, et cetera, as permitted by the Act.

Under the Act, all taxing districts continue to receive property taxes levied on the initial valuation of properties within the redevelopment project area. Additionally, taxing districts can receive distributions of excess incremental property taxes when annual incremental property taxes received exceed principal and interest obligations for that year and redevelopment project costs necessary to implement the plan have been paid. Taxing districts also benefit from the increased property tax base after redevelopment project costs and obligations are paid.

As used herein and in the Act, the term "Redevelopment Project" ("Project") means

any public and private development project in furtherance of the objectives of a redevelopment plan. The term "Area" means an area designated by the municipality, which is not less in the aggregate than one and one-half (1½) acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area a blighted area or a conservation area, or a combination of both blighted area and conservation area. The term "Plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment project area for utilization of tax increment financing.

The Illinois General Assembly made various findings in adopting the Act:

1. that there exists in many municipalities within the State blighted and conservation areas; and
2. that the eradication of blighted areas and the treatment and improvement of conservation areas by redevelopment projects are essential to the public interest and welfare.

These findings were made on the basis that the presence of blight, or conditions which lead to blight, are detrimental to the safety, health, welfare and morals of the public.

To ensure that the exercise of these powers is proper and in the public interest, the Act specifies certain requirements that must be met before a municipality can proceed with implementing a redevelopment plan. One of these requirements is that the municipality must demonstrate that a redevelopment project area qualifies for designation. With certain exceptions, an area must qualify generally either as:

- a blighted area (both "improved" and "vacant" or a combination of both); or
- a conservation area; or
- a combination of both blighted areas and conservation areas within the definitions for each set forth in the Act.

The Act offers detailed definitions of the blighting factors used to qualify areas. These definitions were used as the basis for preparing the Eligibility Study.

B. Redevelopment Plan For The Chicago/Central Park Tax Increment Financing Redevelopment Project Area.

This Plan has been formulated in accordance with the provisions of the Act and is intended to guide improvements and activities within the Area in order to stimulate private investment in the Area. The goal of the City, through implementation of this Plan, is that the entire Area be revitalized on a comprehensive and planned basis to ensure that private investment in rehabilitation and new development occurs in the following manner:

1. on a coordinated rather than piecemeal basis to ensure that land-use, access and circulation, parking, public services and urban design are functionally integrated and meet present-day urban planning principles and standards;
2. on a reasonable, comprehensive and integrated basis to ensure that blighting factors are eliminated; and
3. within a reasonable and defined period so that the Area may contribute productively to the economic vitality of the City.

This Plan sets forth the overall Project which are those public and private activities to be undertaken to accomplish the City's above-stated goal. During implementation of the Project, the City may, from time to time: (i) undertake or cause to be undertaken public improvements and activities; and (ii) enter into redevelopment agreements with private entities to construct, rehabilitate, renovate or restore private improvements on one (1) or several parcels (collectively referred to as "Redevelopment Projects").

Successful implementation of this Plan requires that the City utilize incremental property taxes and other resources in accordance with the Act to stimulate the comprehensive and coordinated development of the Area. Tax increment financing will be one (1) of the tools that will help the Area develop on a comprehensive and coordinated basis, thereby reducing or eliminating the conditions that have precluded development of the Area by the private sector. The use of incremental property taxes will permit the City to direct, implement and coordinate public improvements and activities to stimulate private investment within the Area.

Section IV.

Redevelopment Goals And Actions.

In preparing portions of this document, the Consultant utilized the West

Humboldt Park/Chicago Avenue Redevelopment Plan ("Humboldt Plan") dated March, 1998, as well as the Humboldt Park Land-Use Plan as a basis for developing the goals and objectives and other information presented herein. Additionally, sources include input and feedback from community leaders and stakeholders in the communities that are located in the Area. The Humboldt Plan was prepared by the City of Chicago, Department of Planning and Development (D.P.D.) under Chapter 2-124-010(d) of the Chicago Municipal Code and adopted in 1998. In this chapter of the municipal code, a Redevelopment Plan is defined as a "comprehensive program for the clearing or rehabilitation and the physical development of a redevelopment area". A Redevelopment Area is defined in said ordinance as:

. . . a slum, blighted, deteriorated or deteriorating area in the aggregate of not less than two (2) acres located within the territorial limits of the city where buildings, improvements or vacant lots are detrimental to the public safety, health, morals, welfare or economic stability because of age, dilapidation, obsolescence, overcrowding, lack of light, ventilation or adequate sanitary facilities, inadequate utilities, excessive land coverage, deleterious land-use or layout, inadequate or ineffective use, or failure to generate a proper share of tax revenues, housing opportunities or employment commensurate with the capacity of the area, or any combination of such factors.

The recommendations contained in the Humboldt Plan were based on the analysis of the Area by D.P.D. staff, comments from the community, and a review of City guidelines and other area plans. The boundaries of the Humboldt Plan area are provided in the Appendix as Attachment Two -- (Sub)Exhibit G, Adjacent Redevelopment Areas Map. The Humboldt area generally covers both sides of the Chicago Avenue street frontage up to the alley from Kedzie Avenue on the east to Pulaski Road on the west.

The boundaries of the Area as described in the Appendix as Attachment Two -- (Sub)Exhibit A, Boundary Map of T.I.F. Area were established after investigation of existing conditions, a review of the Humboldt Plan and other adjacent Redevelopment Plans, and input by the City of Chicago, Department of Planning and Development, to maximize utilization of development tools created by the Act and its ability to address Area problems.

As a result of these efforts and reviews, the boundaries and various goals and objectives have been established for the Area as noted in this section.

A. Goals For Chicago/Central Park Redevelopment Area.

Listed below are the goals for redevelopment of the Area. These goals provide overall focus and direction for this Plan as follows:

1. Eliminate the blighting conditions that cause the Area to qualify for T.I.F.
2. Establish a program of planned improvements designed to retain existing residential uses and promote the Area for new residential development.
3. Design or encourage improvements to revitalize the commercial corridors of the Area and promote the Area as a place to do business.
4. Provide for expansion of institutional uses and recreational opportunities, where appropriate, to better serve Area residents.

In addition to these goals, several items originally identified during the planning process for the development of the Humboldt Plan are included. These goals are stated below and reflect a continuation of the process developed during the creation of the Humboldt Plan:

- to revitalize and restore the physical and economic conditions in this once thriving commercial district (with primary attention being focused on reviving Chicago Avenue as the principal commercial corridor for the Area);
- to repair and replace the infrastructure whenever needed, such as but not limited to public utilities and public way improvements;
- to improve the transportation and traffic flow as required.

B. Redevelopment Actions.

Listed below are the redevelopment actions that will be implemented to meet the goals outlined above. Several of these actions were derived from objectives outlined in the Humboldt Park Plan.

1. Encourage infill residential and commercial development.
 - Promote development opportunities on current City-owned vacant lots and any vacant land acquired under this Plan to assembly appropriately shaped and sized lots sufficient to meet contemporary development needs and standards.

2. Encourage rehabilitation of commercial and residential buildings through the use of T.I.F. and other redevelopment mechanisms.
 - Promote reuse of underutilized commercial and residential buildings and preserve and promote use of buildings with historic and architectural value where appropriate.
3. Provide assistance to private developers and property owners to facilitate residential and commercial redevelopment projects.
4. Market and promote the Area as a place to live and do business.
 - Encourage local businesses, local real estate and housing groups and organizations, and developers to invest in the Area and promote housing opportunities.
 - Promote retail and commercial uses in nodes to create a critical mass of uses that will be mutually beneficial to individual businesses.
5. Improve the appearance of streetscapes throughout the Area.
 - Create a coherent overall urban design that gives deference to the character of the community and encourages a streetscape system that supports commercial and residential redevelopment. Design new buildings so they are compatible with the surrounding architectural and neighborhood context.
6. Provide assistance for job training, day care and other services permitted under the Act.
 - Encourage job training and job readiness programs through projects within the Area that focus on Area residents and women-owned and minority-owned businesses.

7. Improve public transportation services.
 - Provide for needed public transportation projects and promote developments that incorporate public transit facilities in their design.
8. Improve or upgrade sewer, water and other utility lines.
 - Provide necessary public improvements and facilities in accordance with modern design standards.

Section V.

Basis For Eligibility Of The Area And Findings.

A. Introduction.

To designate a redevelopment project area, according to the requirements of the Act, a municipality must find that there exist conditions which cause such project area to be classified as a blighted area, conservation area, combination of blighted and conservation areas, or an industrial park conservation area. The Eligibility Study included as Attachment One of the Appendix provides a comprehensive report documenting all factors required by the Act to make a determination that the Area is eligible under the Act. Following the background information provided below, a summary of the information provided in the Eligibility Study is presented.

B. Area Background Information.

1. Existing Land-Use And Zoning.

A tabulation of the existing land-use within the Area is provided below:

Table 5-1.
Tabulation Of Existing Land-Use.

Land-Use	Land Area Acres	Percent Of Net Land Area ⁽¹⁾	Percent Of Gross Land Area
Industrial	15	3%	2%
Commercial	35	8%	5%
Institutional	40	9%	6%
Vacant Land	74	17%	11%
Residential	279	62%	41%
Park/Playground	4	1%	1%
Public Right-of-Way	231	N/A	34%
TOTAL:	678 acres	100%	100%

The existing land uses itemized in Table 5-1 show the predominantly residential nature of the Area (sixty-two percent (62%) of the net land area is residential). In addition to residential uses, the Area is home to numerous commercial uses along Chicago Avenue, Pulaski Road, and Division Street. Commercial uses comprise eight percent (8%) of the net land area. Several schools and hospitals are also scattered throughout the Area. These uses (identified as Institutional above) comprise nine percent (9%) of the net land area. A limited number of industrial uses, three percent (3%) of the net land area, are located in the Area. Parks and playgrounds comprise approximately one percent (1%) of the net land area. Existing

(1) Net Land Area does not include public right-of-way.

Note: Percentage and acreage figures are approximated due to rounding.

zoning is shown on (Sub)Exhibit D, Generalized Existing Zoning Map in Attachment Two of the Appendix.

2. Other Redevelopment Efforts.

Five (5) T.I.F. Redevelopment Areas have been established adjacent to the Area, and a portion of a redevelopment area (Humboldt Plan) established under Chapter 2-124-010(d) of the Chicago Municipal Code exist along the Chicago Avenue corridor. The City and the State of Illinois ("State") have designated sixty-four percent (64%) of the Area as a part of Enterprise Zone 5 (see (Sub)Exhibit F, Empowerment and Enterprise Zones Map in Attachment Two of the Appendix). In addition, the City and the United States Department of Housing and Urban Development have included fifty-nine percent (59%) of the Area in the Federal Empowerment Zone Program (see (Sub)Exhibit F, Empowerment and Enterprise Zones Map in Attachment Two of the Appendix).

However, these efforts have not prevented further decline in the Area because the majority of these efforts have been directed to revitalize commercial and industrial areas and have not been able to address the needs in residential areas. The City is developing this Plan and Program in an attempt to promote growth of existing and new residential development, as well as to enhance commercial development opportunities.

It is anticipated that, in the future, the Enterprise Zone, Empowerment Zone and other redevelopment efforts in conjunction with the components of this Plan will greatly assist in addressing Area problems.

3. Area Decline.

As indicated in the Eligibility Study contained in the Appendix as Attachment One the population of the three (3) neighborhood areas that comprise the Area declined during the last census period. This trend has been continuous since 1960. However, the impact on the number of housing units was even more dramatic. From 1960 to 1990 the number of housing units dropped by fifteen percent (15%) in Humboldt Park, forty-six percent (46%) in West Garfield Park, and fifty-eight percent (58%) in East Garfield Park. Vacant lots, particularly in the south portion of the Area, West and East Garfield Park, are a visible reminder of the housing abandonment that has occurred.

Demolition of housing units starting in the 1960s has continued through to the present time. In the 1980s alone, fourteen percent (14%) of available housing units were demolished (housing data for the 2000 census was not available at the time of this writing). The highest number of lost units is found in the census tracts located east of Pulaski Road and north and south of Chicago Avenue. These tracts comprise the majority of the Area.

While demolition of housing units has continued to the present time, a total of only ninety (90) building permits were issued between January, 1996 and May, 2001. Of these ninety (90) permits, only twenty (20) were for the construction of new buildings (three (3) commercial buildings, fourteen (14) residential buildings and three (3) institutional buildings). Of the remaining seventy (70) permits issued, twelve (12) were for reconstruction of buildings damaged by fire, six (6) were for improvements to existing institutional uses, and the remaining fifty-two (52) permits were for renovation of existing commercial and residential buildings.

The permits issued between January, 1996 and May, 2001 represent an average of eighteen (18) permits per year for the past five (5) years in an Area that contains four thousand nine hundred seven (4,907) parcels of property. When the permits issued for institutional uses and permits issued for repairs due to fire are removed from the data set, seventy-two (72) permits were issued for four thousand eight hundred eighty-nine (4,889) parcels. This means that only approximately one and five-tenths percent (1.5%) of the property in the Area has experienced some type of reinvestment in the last five (5) years.

Historic Equalized Assessed Values (E.A.V.s) for the Area, the rate of growth for the City of Chicago, and the Consumer Price Index (C.P.I.) for All Urban Consumers for the period between 1995 and 2000 are shown below on Table 5-2 -- Equalized Assessed Value Trends. Between 1995 and 2000, the City of Chicago E.A.V. increased from Thirty Billion Four Hundred Million Dollars (\$30,400,000,000) to Forty Billion Five Hundred Million Dollars (\$40,500,000,000). The annual percent change in E.A.V. is indicated on Table 5-2 provided below. In 1995, the E.A.V. of the Area was approximately Fifty-five Million Five Hundred Thousand Dollars (\$55,500,000). In 2000, the E.A.V. of the Area was approximately Ninety-four Million Four Hundred Thousand Dollars (\$94,400,000). Further, five hundred fifty-three (553) parcels or eleven and two-tenths percent (11.2%) of the properties in the Area are delinquent in the payment of 1999 real estate taxes.

Table 5-2.

Equalized Assessed Value Trends
1995 -- 2000.

Year	Area E.A.V.	Area Percent Change Over Previous Year	City Of Chicago Percent Change Over Previous Year	C.P.I. Percent Change Over Previous Year ⁽¹⁾	Area E.A.V. Growth Rate Below City	Area E.A.V. Rate Below C.P.I.
1995	\$55,510,901				N/A	N/A
1996	\$54,814,433	-1.3%	1.3%	2.7%	Yes	Yes
1997	\$66,427,790	21.2%	8.4%	2.7%	No	No
1998	\$66,177,987	-0.3%	1.8%	2.0%	Yes	Yes
1999	\$79,851,985	20.7%	4.2%	2.1%	No	No
2000	\$94,413,414	18.2%	14.5%	3.2%	No	No

While there has been growth in the E.A.V. of the Area since 1995, most of this growth is the result of an anomaly in the way the Assessor calculated equalization factors in this portion of the City and is not the result of increased development activity. This is clear from the age of most of the buildings in the Area and the lack of building permits for new construction.

The principal commercial corridors are where most signs of disinvestments are evident. Vacant buildings and vacant lots reflect deteriorating and dilapidated conditions that affect the viability of numerous commercial structures. Lack of rehabilitation activity along Chicago Avenue, Pulaski Road and other sections of the Area have resulted in numerous commercial buildings being converted into storefront churches. The commercial streetscapes of the Area are also deteriorated. Sidewalks, curbs and gutters, and street and alley paving are in need of repair throughout the Area.

(1) Consumer Price Index for All Urban Consumers (C.P.I.-U) -- Chicago-Gary-Kenosha, Illinois, Indiana, Wisconsin, United States Bureau of Labor Statistics, January, 2002.

Residential portions of the Area reflect losses in population, and the housing stock shows evidence of physical decline and deferred maintenance. The northern portion of the Area exhibits numerous residential structures that are leaning and that exhibit deferred maintenance. The southern portion of the Area exhibits the most severe instances of deteriorated housing and contains numerous vacant lots. Throughout the Area, secondary structures (primarily garages associated with residential uses) are deteriorated, and many residential lots contain junk vehicles, trash and debris.

Industrial development is limited in the Area. There is only one (1) large-scale industrial use in the Area and several smaller industrial buildings are scattered throughout the Area.

Deteriorated building conditions and vacant land has contributed to long-term (more than one (1) year) vacancies in Area buildings. Approximately ten percent (10%) of the gross land area within the Area is vacant, and the presence of approximately five hundred thousand (500,000) square feet of vacant floor area (in two hundred ninety-one (291) of the three thousand six hundred twenty-two (3,622) buildings) in the Area, add significantly to the view that the Area experiences additional evidence of blight and that market acceptance of portions of the Area and building stock is not favorable. The vacant floor space is generally equally distributed between commercial and residential structures in the Area.

In addition, one thousand two hundred twenty-five (1,225) violations have been issued on buildings and properties in the Area between January, 1993 and May, 2001 by the City Department of Buildings. Since January 1993, approximately twenty-five percent (25%) of the four thousand nine hundred seven (4,907) properties in the Area have been cited for having some type of code violation by the City Department of Buildings.

C. Investigation And Analysis Of Conservation And Blighting Factors.

The investigation and analysis of the Area indicates that the conditions necessary to qualify the Area as a combination Conservation Area and Vacant Blighted Area are present. In making this determination of eligibility, it is not required that each and every property or building in the Area be blighted or otherwise qualify. It is the Area as a whole that must be determined to be eligible. However, the factors must be reasonably distributed throughout the Area. In addition, if vacant land is present in the Area, the vacant portion of the Area can qualify as a vacant blighted area and the overall area can be adopted as a combination of improved conservation area and vacant blighted area.

The Act sets forth thirteen (13) separate blighting factors that are to be used to determine if an area qualifies as a "conservation area". If a combination of three (3) or more is found to exist, the Redevelopment Area can be found to qualify as a "conservation area". In addition, a numerical threshold must be met for an area to qualify as a conservation area; fifty percent (50%) or more of the structures in the area must have an age of thirty-five (35) years or more. For vacant areas to qualify, the Act sets forth two (2) sets of criteria that must be met. The Eligibility Study, included as Attachment One in the Appendix, defines all of the terms and the methodology employed by the Consultant in arriving at the conclusions as to eligibility.

In terms of the condition of the improved portion of the Area, much of the Area is in need of redevelopment, rehabilitation and revitalization and is characterized by:

- the predominance (ninety-six percent (96%)) of structures that are thirty-five (35) years or older⁽³⁾;
- dilapidation (twenty-three percent (23%) of buildings and forty-nine percent (49%) of improved parcels);
- obsolescence (ten percent (10%) of buildings);
- deterioration of buildings and site improvements (ninety-eight percent (98%) of buildings and ninety-seven percent (97%) of improved parcels);
- illegal use of individual structures (less than one percent (1%) of buildings);
- presence of structures below minimum code standards (twenty-three percent (23%) of buildings);
- excessive vacancies (eight percent (8%) of buildings);
- lack of ventilation, light or sanitary facilities (less than one percent (1%) of buildings);
- excessive land coverage and overcrowding of structures (forty-seven percent (47%) of improved parcels);
- inadequate utilities (ninety-seven percent (97%) of subareas⁽⁴⁾);

(3) This is forty-six percent (46%) greater than the statutory requirement. Under the statute, for designation of an area as a Conservation Area, fifty percent (50%) or more of the buildings must be thirty-five (35) years old or older.

(4) Subarea refers to the Subarea Key Map contained in the Appendix.

- deleterious land-use and layout (ninety-five percent (95%) of subareas⁽⁴⁾); and
- lack of community planning (ninety-seven percent (97%) of subareas⁽⁴⁾).

The vacant portion of the Area is characterized by the following conditions:

- obsolete platting (forty percent (40%) of vacant parcels);
- diversity of ownership (fifty-six percent (56%) of vacant parcels);
- tax and special assessment delinquencies (nineteen percent (19%) of vacant parcels); and
- deterioration of structures in neighboring areas (one hundred percent (100%) of vacant parcels).

Table 5-3, Conservation Factors Matrix of Improved Area and Table 5-4, Blighting Factors Matrix of Vacant Area, provided hereto, tabulates the conditions of the buildings and vacant land in the Area. These tables indicate that the factors required to qualify the Area as a combination Conservation Area and Vacant Blighted Area are present and that these factors are present throughout the Area.

D. Summary Of Findings.

It was determined in the investigation and analysis of blighting factors that the Area qualifies as both a conservation area and a vacant blighted area. The Plan includes measures designed to reduce or eliminate the deficiencies that cause the Area to qualify as a redevelopment area, and an area consistent with the strategy of the City for revitalizing other redevelopment project areas.

The factors noted in the Eligibility Study and summarized above are reasonably distributed throughout the Area. Building code violations, delinquent taxes, demolished housing units, deteriorated conditions, vacant buildings, and vacant lots, are evidence that the Area on the whole has not been subject to growth and development through investment by private enterprise and is not reasonably anticipated to be developed without the adoption of this Plan. Age and the requirements of contemporary commercial tenants have caused portions of the Area and its building stock to become obsolete and may result in further disinvestment

(4) Subarea refers to the Subarea Key Map contained in the Appendix.

in the Area. The loss of businesses from this Area, mirroring the experience of other large urban centers, further documents the trend line and deteriorating conditions of the neighborhood.

Abandonment of various properties, demolition of housing units, and acquisition by the City under the tax reactivation program of numerous parcels, are further evidence of declining conditions in the Area, lack of private investment, and little interest in the Area by the private market. There is in excess of five hundred thousand (500,000) square feet of vacant floor space (generally equally distributed between commercial and residential structures) and over seventy-four (74) acres of vacant land throughout the Area. Many of these properties have been available for several years, with little interest being expressed by private sector businesses.

The city and state have designated significant portions of the Area as a State of Illinois Enterprise Zone and a Federal Empowerment Zone. These designations, along with the urban renewal and adjacent redevelopment areas, are in response to the deteriorating conditions in the area, recognition of the significant needs of the Area, and realization that financial incentives are required to attract private investment.

The summary tables contained on the following pages highlight the factors found to exist in the Area that cause the Area to qualify. The summaries provided in this section were based upon data assembled by the Consultant. The conclusions presented in this report are those of the Consultant (see full text of the Eligibility Study in Attachment One of the Appendix).

The conclusion of the Consultant is that the number, degree and distribution of eligibility factors as documented in this report warrant the designation of the improved portion of the Area as a conservation area and the vacant portion of the Area as a blighted area as set forth in the Act. Although it may be concluded that the mere presence of the stated eligibility factors noted herein may be sufficient to make a finding of qualification as a conservation area, this evaluation was made on the basis that the factors must be present to an extent that would lead reasonable persons to conclude that public intervention is appropriate or necessary. Secondly, the distribution of conservation area eligibility factors throughout the Area must be reasonable so that a sound area is not arbitrarily qualified simply because of proximity to an area that exhibits blighting factors.

Therefore, it is the conclusion of the Consultant that the improved portion of the Area qualifies as a conservation area, and the vacant portion of the Area qualifies as a blighted area to be designated as a redevelopment project area and eligible for Tax Increment Financing under the Act. The local governing body should review this report and, if satisfied with the summary of findings contained herein, adopt a resolution making a finding of a conservation area for the improved portion of the Area and a finding of a blighted area for the vacant portion of the Area, and making this report a part of the public record.

A. Conservation Area Statutory Factors.

Factor ⁽¹⁾	Existing In Area ⁽²⁾
Age ⁽³⁾	96% of Buildings exceed 35 years of age
1. Dilapidation	Minor Extent
2. Obsolescence	Minor Extent
3. Deterioration	Major Extent
4. Illegal use of individual structures	Minor Extent
5. Presence of structures below minimum code standards	Minor Extent
6. Excessive vacancies	Minor Extent
7. Lack of ventilation, light or sanitary facilities	Minor Extent
8. Inadequate utilities	Major Extent
9. Excess land coverage	Minor Extent
10. Deleterious land-use or layout	Major Extent
11. Environmental clean-up	Not Present
12. Lack of Community Planning	Major Extent
13. Declining or sub-par E.A.V. growth	Not Present

Notes:

- (1) Only three (3) factors are required by the Act for eligibility. Eleven (11) factors are present in the Area.
- (2) Factors found to exist on more than fifty percent (50%) of the structures or subareas in the Area were identified as being found to a major extent. Factors found to exist on less than fifty percent (50%) of the structures or subareas in the Area were identified as being found to a minor extent. Four (4) factors were found to exist to a major extent, seven (7) were found to exist to a minor extent.
- (3) Age, although not a blighting factor for designation, is a threshold that must be met before an Area can qualify as a Conservation Area.

B. Blighted Area Statutory Factors.

Factor	Existing In Vacant/ Unimproved Portion Of Area
1. Two (2) or more of the following factors:	Yes
i. Obsolete platting (present on forty percent (40%) of vacant parcels);	
ii. Diversity of ownership (present on fifty-six percent (56%) of vacant parcels).	
iii. Tax and assessment delinquencies (present on nineteen percent (19%) of vacant parcels);	
iv. Deterioration of structures in neighboring areas (present on one hundred percent (100%) of vacant parcels);	
v. Environmental remediation (not present);	
vi. Declining or sub-par E.A.V. growth (not present);	
Or	
2. Area immediately prior to becoming vacant qualified as a blighted improved area;	Not Applicable
Or	
3. Area consists of unused quarry or quarries;	Not Applicable
Or	
4. Area consists of unused railyards, rail tracks or railroad right-of-way;	Not Applicable

Or

5. Area prior to designation is subject to chronic flooding caused by improvements; Not Applicable

Or

6. Area consists of unused disposal site containing earth, stone, building debris, et cetera; Not Applicable

Or

7. Area is not less than fifty (50) nor more than one hundred (100) acres and seventy-five percent (75%) is vacant;

Note: Area qualifies per statutory requirements. Only one (1) factor is required by the Act.

Section VI.

Redevelopment Plan And Project.

A. Introduction.

This section presents the Plan and Project for the Area. Pursuant to the Act, when the finding is made that an area qualifies as a conservation, blighted, combination of conservation and blighted areas, or industrial park conservation area, a redevelopment plan must be prepared. A redevelopment plan is defined in the Act at 65 ILCS 5/11-74.4-3(n) as:

the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area", and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area.

B. Generalized Land-Use Plan.

The generalized land-use plan for the Area is presented on (Sub)Exhibit C, Generalized Land-Use Plan, included as Attachment Two of the Appendix.

The generalized land-use plan for the Area will be in effect upon adoption of this Plan. This land-use plan is a generalized plan in that it states land-use categories and alternative land uses that apply to each block in the Area. Existing land uses that are not consistent with these categories may be permitted to remain. However, T.I.F. assistance will only be provided for those properties in conformity with this generalized land-use plan.

The Area is anticipated to be redeveloped as a mix of residential neighborhoods and adjacent commercial corridors. Sites for a wide range of land uses, including limited industrial, open space and public and institutional uses are also included. The various land uses are arranged and located to minimize conflicts between neighboring land-use activities. The intent of this redevelopment program is also to enhance and support the existing, viable commercial businesses and residential uses in the Area through providing opportunities for financial assistance for expansion and growth where appropriate.

The generalized land-use plan is focused on maintaining and enhancing sound and viable existing businesses and promoting new business development and residential development at selected locations. The generalized land-use plan designates six (6) land-use categories within the Area as follows:

- i. Residential
- ii. Mixed (Residential/Commercial/Institutional)
- iii. Mixed (Industrial/Institutional/Commercial)
- iv. Institutional
- v. Park Space
- vi. Transportation

These six (6) categories, and their location on (Sub)Exhibit C, Generalized Land-Use Plan, included in Attachment Two of the Appendix were developed from several factors: existing land-use, the existing underlying zoning district, and the land-use anticipated in the future. For the purposes of this report, several subareas are identified below. The purpose of discussing these sub-areas is an attempt to reflect the predominant existing land uses that are present in these areas and the

homogeneous nature of the uses in these areas. However, for specific locations within the Area reference should be made to (Sub)Exhibit C.

Division Street, Pulaski Road, Lake Street And Chicago Avenue.

Along the main corridors of the Area, commercial and widely scattered ground floor residential uses currently exist. Underlying zoning designations along these corridors are generally commercial or business in nature. The Generalized Land-Use Plan calls for continued commercial and residential uses along these main corridors and allows for the inclusion of institutional uses where appropriate.

Residential Neighborhoods.

Residential uses are proposed to be the dominant land-use in much of the Area. The Generalized Land-Use Plan indicates that the property in the residential neighborhoods that make up the majority of the Area should continue to be used for residential purposes. In-fill construction of residential uses, and rehabilitation of existing residential structures, are anticipated to be the major activities in these areas. Existing institutional uses such as schools, hospitals, fire houses, et cetera are anticipated to remain.

It is not the intent of the Generalized Land-Use Plan to eliminate non-conforming existing uses. The intent is to prohibit the expansion of certain uses where inappropriate, promote changes in use where appropriate, and allow the various subareas to remain intact so that defined commercial corridors, industrial districts and residential neighborhoods can be maintained. Existing non-conforming uses may remain until such time that they are no longer viable for their current use as determined under other City ordinances governing non-conforming uses or become redeveloped in a manner consistent with this Plan.

C. Redevelopment Projects.

To achieve the objectives proposed in the Plan, a number of projects and activities will need to be undertaken. An essential element of the Plan is a combination of private projects, as well as public projects and infrastructure improvements. All redevelopment project activities will be subject to the provisions of the City's ordinances and applicable codes, as may be in existence and may be amended from time-to-time. Projects and activities necessary to implement the Plan may include the following:

1. Private Redevelopment Projects:

Rehabilitation of existing properties including adaptive reuse of certain existing buildings built for one (1) use but proposed for another use. New construction or reconstruction of private buildings at various locations as permitted by the Plan.

2. Public Redevelopment Projects:

Public projects and support activities will be used to induce and complement private investment. These may include, but are not limited to: street improvements; building rehabilitation; land assembly and site preparation; street work; transportation improvement programs and facilities; public utilities (water, sanitary and storm sewer facilities); environmental clean up; park improvements; school improvements; landscaping; traffic signalization; promotional and improvement programs; signage and lighting, as well as other programs as may be provided by the City and permitted by the Act.

The estimated costs associated with the eligible public redevelopment projects are presented in Table 6-1, Estimated Redevelopment Project Costs shown on the following page. These projects are necessary to address the needs of the Area identified in this Plan. This estimate includes reasonable or necessary costs incurred or estimated to be incurred in the implementation of this Plan. A description of eligible redevelopment project costs pursuant to the Act is contained in Section VII of this Plan.

The City proposes to achieve its redevelopment goals and objectives for the Area through the use of public financing techniques including, but not limited to, tax increment financing. The City also reserves the right to undertake additional activities and improvements authorized under the Act.

3. Property Assembly:

Property acquisition and land assembly by the private sector in accordance with this Plan will be encouraged by the City. Additionally, the City may encourage the preservation of buildings that are structurally sound and compatible with this Plan for redevelopment of the Area.

To meet the goals and objectives of this Plan, the City may acquire and assemble property throughout the Area. Land assemblage by the City may be by purchase, exchange, donation, lease, eminent domain or through the Tax Reactivation Program, and may be for the purpose of: (a) sale, lease or conveyance to private developers; or (b) sale, lease, conveyance or dedication for the construction of public improvements or facilities. Furthermore, the City may require written redevelopment agreements with developers before acquiring any properties. As appropriate, the City may devote acquired property to temporary uses until such property is scheduled for disposition and redevelopment.

Table 6-1.

Estimated Redevelopment Project Costs.

Eligible Expense	Estimated Costs
1. Analysis, Administration, Studies, Surveys, Legal, Marketing, et cetera	\$ 750,000
2. Property Assembly including Acquisition, Site Prep and Demolition, Environmental Remediation	3,500,000
3. Rehabilitation of Existing Buildings, Fixtures and Leasehold Improvements, Affordable Housing Construction and Rehabilitation Costs	4,000,000

Eligible Expense	Estimated Costs
4. Public Works and Improvements, including streets and utilities, parks and open space, public facilities (schools and other public facilities) ⁽¹⁾	\$4,000,000
5. Relocation Costs	500,000
6. Job Training, Retraining, Welfare-to-Work	1,000,000
7. Day Care Services	1,000,000
8. Interest Subsidy	1,250,000
TOTAL REDEVELOPMENT COSTS ⁽²⁾⁽³⁾ :	\$16,000,000 ⁽⁴⁾

-
- (1) This category may also include paying for or reimbursing (i) an elementary, secondary or unit school district's increased costs attributed to assisted housing units, and (ii) capital costs of taxing districts impacted by the redevelopment of the Area. As permitted by the Act, to the extent the City by written agreement accepts and approves the same, the City may pay, or reimburse all, or a portion of a taxing district's capital costs resulting from a redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of this Plan.
- (2) Total Redevelopment Project Costs exclude any additional financing costs, including any interest expense, capitalized interest and costs associated with optional redemptions. These costs are subject to prevailing market conditions and are in addition to Total Redevelopment Project Costs.
- (3) The amount of the Total Redevelopment Project Costs that can be incurred in the Area will be reduced by the amount of redevelopment project costs incurred in contiguous redevelopment project areas, or those separated from the Area only by a public right-of-way, that are permitted under the Act to be paid, and are paid from incremental property taxes generated in the Area, but will not be reduced by the amount of redevelopment project costs incurred in the Area which are paid from incremental property taxes generated in contiguous redevelopment project areas or those separated from the Area only by a public right-of-way.
- (4) Increases in estimated Total Redevelopment Project Costs of more than five percent (5%), after adjustment for inflation from the date of the Plan adoption, are subject to the Plan amendment procedures as provided under the Act.

Additional funding from other sources such as federal, state, county or local grant funds may be utilized to supplement the City's ability to finance Redevelopment Project Costs identified above.

In connection with the City exercising its power to acquire real property, including the exercise of the power of eminent domain, under the Act in implementing the Plan, the City will follow its customary procedures of having each such acquisition recommended by the Community Development Commission (or successor commission) and authorized by the City Council of the City. Acquisition of such real property as may be authorized by the City Council does not constitute a change in the nature of this Plan.

The West Humboldt Park/Chicago Avenue Redevelopment Area established City authority to acquire and assemble property (see Appendix Attachment Five, Housing Impact Study, (Sub)Exhibit H-1, Units That May Be Removed and (Sub)Exhibit H-2, West Humboldt Underlying Acquisition Map for properties identified for acquisition in the West Humboldt Park-Chicago Avenue Redevelopment Area). Such acquisition and assembly under the authority is consistent with this Plan. Nothing in this Plan shall be deemed to limit or adversely affect the authority of the City under the Humboldt Park Redevelopment Area plan to acquire and assemble property. Accordingly, incremental property taxes from the Area may be used to fund the acquisition and assembly of property by the City under the authority of the West Humboldt Park/Chicago Avenue Redevelopment Area.

The City may demolish improvements, remove and grade soils, and prepare sites with soils and materials suitable for new construction. Acquisition, clearance, and demolition will, to the greatest extent possible, be timed to coincide with redevelopment activities so that tax-producing redevelopment closely follows site clearance.

The City may: (a) acquire any historic structure (whether a designated City or State landmark or on, or eligible for, nomination to the National Register of Historic Places); (b) demolish any non-historic feature of such structure; and (c) incorporate any historic structure or historic feature into a development on the subject property or adjoining property. However, no historic buildings were identified within the Area at this time.

Relocation assistance may be provided in order to facilitate redevelopment of portions of the area and to meet the other City objectives. Businesses or households legally occupying properties to be acquired by the City may be provided with relocation advisory and/or financial assistance as determined by the City. The Housing Impact Study, included as Appendix, Attachment Five contains further details with respect to location and number of residential units that may require relocation and the relocation plan for any residents displaced as a result of this Plan.

In the event that the implementation of the Plan results in the removal of residential housing units in the Area occupied by low-income households or very low-income households, or the displacement of low-income households or very low-income households from such residential housing units, such households shall be provided affordable housing and relocation assistance not less than that which would be provided under the Federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations thereunder, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. The City shall make a good faith effort to ensure that this affordable housing is located in or near the Area.

As used in the above paragraph "low-income households", "very low-income households" and "affordable housing" shall have the meanings as set forth in Section 3 of the Illinois Affordable Housing Act, 310 ILCS 64/3. As of the date of this Plan, these statutory terms are defined as follows: (i) "low-income household" means a single person, family or unrelated persons living together whose adjusted income is more than fifty percent (50%) but less than eighty percent (80%) of the median income of the area of residence, adjusted for family size, as such adjusted income and median income are determined from time to time by the United States Department of Housing and Urban Development ("H.U.D.") for purposes of Section 8 of the United States Housing Act of 1937; (ii) "very low-income household" means a single person, family or unrelated persons living together whose adjusted income is not more than fifty percent (50%) of the median income of the area of residence, adjusted for family size, as so determined by H.U.D.; and (iii) "affordable housing" means residential housing that, so long as the same is occupied by low-income households or very low-income households, requires payment of monthly housing costs, including utilities other than telephone, of no more than thirty percent (30%) of the maximum allowable income for such households, as applicable.

As set forth in the Act, if the redevelopment plan for a redevelopment project area would result in the displacement of residents from ten (10) or more inhabited residential units, or if the redevelopment project area contains seventy-five (75) or more inhabited residential units and a municipality is unable to certify that no displacement will occur, the municipality must prepare a housing impact study and incorporate the study in the redevelopment project plan.

The Area contains four thousand six hundred twenty-two (4,622) inhabited residential units. The Plan provides the development or redevelopment of several portions of the Area that may contain occupied residential units. As a result, it is possible that by implementation of this Plan, the displacement of residents from ten (10) or more inhabited residential units could occur.

The results of the housing impact study section are described in a separate report which presents certain factual information required by the Act. The report, prepared by the Consultant, is entitled The Chicago/Central Park Tax Increment Financing Redevelopment Plan and Project Housing Impact Study and is attached as Appendix, Attachment Five of this Plan.

D. Assessment Of Financial Impact On Taxing Districts.

The Act was amended to require an assessment of any financial impact of the Area on, or any increased demand for services from, any taxing district affected by the Plan and a description of any program to address such financial impacts or increased demand. The City intends to monitor development in the areas and, with the cooperation of the other affected taxing districts, will attempt to ensure that any increased needs are addressed in connection with any particular development.

The following taxing districts presently levy taxes against all properties located within the Area:

Cook County. The County has principal responsibility for the protection of persons and property, the provision of public health services, and the maintenance of County highways.

Cook County Forest Preserve District. The Forest Preserve District is responsible for acquisition, restoration and management of lands for the purpose of protecting and preserving open space in the City and County for the education, pleasure and recreation of the public.

Metropolitan Water Reclamation District Of Greater Chicago. This district provides the main trunk lines for the collection of wastewater from cities, villages and towns, and for the treatment and disposal thereof.

Chicago Community College District 508. This district is a unit of the State of Illinois' system of public community colleges, whose objective is to meet the educational needs of residents of the City and other students seeking higher education programs and services.

Board Of Education Of The City Of Chicago. General responsibilities of the Board of Education include the provision, maintenance and operations of educational facilities and the provision of educational services for kindergarten through twelfth (12th) grade. Morse School, Ryerson School, Ward School and Westinghouse and Flower High Schools are located within the Area. These school are identified on (Sub)Exhibit A, Boundary Map of T.I.F. Area included in Attachment Two of the Appendix.

Chicago Park District. The Park District is responsible for the provision, maintenance and operation of park and recreational facilities throughout the City and for the provision of recreation programs. Frederick Harding Park, Linden Park, Bolling Park, St. Louis Park, Central Park and Kells Park are located in the Area. (Sub)Exhibit A, Boundary Map of T.I.F. Area included in Attachment Two of the Appendix.

Chicago School Finance Authority. The Authority was created in 1980 to exercise oversight and control over the financial affairs of the Board of Education.

City Of Chicago. The City is responsible for the provision of a wide range of municipal services, including: police and fire protection; capital improvements and maintenance; water supply and distribution; sanitation service; building, housing and zoning codes, et cetera.

City Of Chicago Library Fund. There are no public libraries located within the boundaries of the Area.

The City finds that the financial impact of the Plan and the Area on the taxing districts listed above is not significant. The replacement of vacant and underutilized properties with new development may cause some increased demand for services and/or capital improvements provided by the Metropolitan Water Reclamation District (M.W.R.D.), and fire and police protection, as well as sanitary collection, recycling, et cetera by the City. It is expected that any increase in demand for sanitary and storm sewage facilities can be adequately handled by existing treatment facilities of the M.W.R.D. Likewise, facilities of the City of Chicago are adequate to handle any increased demands that may occur.

The major goals of this Plan are to: (i) revitalize and restore existing business and residential areas; (ii) assemble tracts of land for new private development; (iii) accomplish the planned program of public improvements; (iv) achieve new business in-fill development where possible; and (v) develop vacant portions of residential neighborhoods that have lost residential units in the recent past. In addition, the needs identified herein that cause the Area to qualify for T.I.F. under the Act are to be addressed. This will not result in a need for new facilities or expanded services from area taxing bodies given that the vacant land currently present in the Area was once occupied by structures that generated property taxes but have since had structures demolished. In some cases these properties have been removed from the tax rolls because the City under various City programs acquired them. In addition, the costs presented in Table 6-1, include costs for capital improvements associated with taxing district facilities located within the Area. T.I.F. funds may be used to improve the taxing district facilities listed previously.

The Area represents a very small portion (zero and two-tenths percent (0.2%)) of the total tax base of the City. E.A.V. in the Area has been growing at a rate below that of the remainder of the City of Chicago and C.P.I. in two (2) of the last four (4) years as previously noted. Hence, the taxing bodies will benefit from a program designed to stabilize the tax base in the Area, check the declining tax revenues that are the result of deteriorated conditions in the Area, and attract new growth and development in the future.

It is expected that benefits from new public and private investment in the Area will result in spillover of new development and investment in property, and therefore increased property values in adjoining neighborhoods of the community. The potential for the realization of this trend is borne out by data that was compiled by the Illinois Department of Revenue (D.O.R.). In a report from December 10, 1997, the D.O.R. notes that E.A.V. grows at a faster rate six and seven-tenths percent (6.7%) in areas outside of T.I.F. boundaries, in communities where T.I.F.s have been created, than it does in communities that have not created T.I.F.s, where the E.A.V. grew by only three and five-tenths percent (3.5%). Therefore, D.O.R.'s research suggests that establishment of the Area and Plan is likely to also have this spillover effect and will generate additional tax revenue for the City and other local taxing bodies from investment outside its borders.

E. Prior Efforts.

A description has been previously given regarding prior plans, studies and activities initiated by the City and others designed to guide the revitalization of the Area. Each of these prior efforts involved area residents, elected officials, businesses and other neighborhood groups. Meetings held in the Area have elicited comments and input from those residing in or doing business in the Area.

Each of the efforts outlined previously have documented the need for continued and broader efforts to address the very significant needs of the Area. The community leaders and businesses point to the need for expanded concerted efforts to:

- eliminate the blighting factors;
- redevelop abandoned sites;
- improve transportation services, including provision of centralized parking areas, incorporation of vehicular traffic, safety measures and viaduct improvements;
- initiate employment training programs so as to better prepare the labor force in the Area for employment opportunities;

- undertake physical improvements to improve the appearance, image and marketability of the Area; and
- encourage other proposals that can create long-term economic life and stability.

Section VII.

Statutory Compliance And Implementation Strategy.

A. Implementation Strategy.

The development and follow-through of an implementation strategy is an essential element in achieving the success of this Plan. In order to maximize program efficiency and to take advantage of current developer interest in the Area, and with full consideration of available funds, a phased implementation strategy will be employed.

The City may enter into agreements with public entities or private developers, where deemed appropriate by the City, to facilitate public or private projects. The City may also contract with others to accomplish certain public projects and activities as contained in this Plan.

Costs that may be incurred by the City in implementing this Plan may include, without limitation, project costs and expenses that may be eligible under the Act, as amended from time to time, including those costs that are necessary and related or incidental to those listed below as currently permitted by the Act.

The various redevelopment expenditures that are eligible for payment or reimbursement under the Act are reviewed below. A list of estimated redevelopment project costs that are deemed to be necessary to implement this Plan were previously provided in Section 6, Table 6-1, Estimated Redevelopment Project Costs.

1. Eligible Redevelopment Costs.

Redevelopment project costs include the sum total of all reasonable or necessary costs incurred, estimated to be incurred, or incidental to this Plan pursuant to the Act. Such costs may include, without limitation, the following:

- a) costs of studies, surveys, development of plans and specifications, implementation and administration of the Plan, including but not limited to, staff and professional service costs for architectural, engineering, legal, financial, planning, or other services (excluding lobbying expenses), provided that no charges for professional services are based on a percentage of the tax increment collected;
- b) costs of marketing sites within the Area to prospective businesses, developers and investors;
- c) property assembly costs, including but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to, parking lots and other concrete or asphalt barriers, and the clearing and grading of land;
- d) costs of rehabilitation, reconstruction, or repair or remodeling of existing public or private buildings, fixtures and leasehold improvements; the costs of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment, or devoted to a different use requiring private investment and the costs of the construction of public works or improvements subject to the limitations in Section 74.4-3(q)(4) of the Act;
- e) costs of job training and retraining projects, including the costs of "welfare-to-work" programs implemented by businesses located within the Area and such proposals feature a community-based training program which ensures maximum reasonable opportunities for residents of the Humboldt Park, West Garfield Park, and East Garfield Park Community Areas with particular attention to the needs of those residents who have previously experienced inadequate employment opportunities and development of job-related skills including residents of public and other subsidized housing and people with disabilities;
- f) financing costs, including but not limited to, all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued thereunder, including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding thirty-six (36) months following completion and including reasonable reserves related thereto;

- g) to the extent the City, by written agreement, accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred (consistent with statutory requirements) within the taxing district in furtherance of the objectives of the Plan and Project;
- h) relocation costs, to the extent that the City determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or state law or by Section 74.4-3(n)(7) of the Act (see "Relocation" section);
- i) payments in lieu of taxes, as defined in the Act;
- j) costs of job training, retraining, advanced vocational education or career education, including but not limited to, courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one (1) or more taxing districts, provided that such costs: (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in the Area; (ii) when incurred by a taxing district or taxing districts other than the City, are set forth in a written agreement by or among the City and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to, the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to the Public Community College Act 110 ILCS 805/3-37, 805/3-38, 805/3-40 and 805/3-40.1 and by school districts of costs pursuant to 105 ILCS 5/10-22.20a and 5/10-23.3a;
- k) interest costs incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:
 - (i) such costs are to be paid directly from the special tax allocation fund established pursuant to the Act;
 - (ii) such payments in any one year may not exceed thirty percent (30%) of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;
 - (iii) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this provision then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

- (iv) the total of such interest payments paid pursuant to the Act may not exceed thirty percent (30%) of the total: (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by the City pursuant to the Act; and
 - (v) the thirty percent (30%) limitation in (B) and (D) above may be increased to up to seventy-five percent (75%) of the interest cost incurred by a redeveloper for the financing of rehabilitated or new housing for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act.
-
- l) an elementary, secondary, or unit school district's increased costs attributable to assisted housing units as provided in the Act;
 - m) up to fifty percent (50%) of the cost of construction, renovation and/or rehabilitation of all low- and very low-income housing units (for ownership or rental) as defined in Section 3 of the Illinois Affordable Housing Act. If the units are part of a residential redevelopment project that includes units not affordable to low- and very low-income households, only the low- and very low-income units shall be eligible for this benefit under the Act;
 - n) the cost of day care services for children of employees from low-income families working for businesses located within the Area and all or a portion of the cost of operation of day care centers established by Area businesses to serve employees from low-income families working in businesses located in the Area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed eighty percent (80%) of the City, county or regional median income as determined from time to time by the United States Department of Housing and Urban Development; if a special service area has been established pursuant to the Special Service Area Tax Act, 35 ILCS 235/0.01, et seq., then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act may be used within the Area for the purposes permitted by the Special Service Area Tax Act as well as the purposes permitted by the Act;
 - o) unless explicitly provided in the Act, the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project costs.

In the event the Act is amended after the date of approval of this Plan by the City Council of Chicago to (a) include new eligible redevelopment project costs, or (b) expand the scope or increase the amount of existing eligible redevelopment project

costs (such as, for example, by increasing the amount of incurred interest costs that may be paid under 65 ILCS 5/1-74.4-3(q)(11)), this Plan shall be deemed to incorporate such additional, expanded or increased eligible costs as eligible costs under the Plan, to the extent permitted by the Act. In the event of such amendment(s), the City may add any new eligible redevelopment project costs as a line item in Table 6-1 or otherwise adjust the line items in Table 6-1 without amendment to this Plan, to the extent permitted by the Act. In no instance, however, shall such additions or adjustments result in any increase in the total redevelopment project costs without a further amendment to this Plan.

B. Most Recent Equalized Assessed Valuation.

The purpose of identifying the most recent equalized assessed valuation ("E.A.V.") of the Area is to provide an estimate of the initial E.A.V. which the Cook County Clerk will certify for the purpose of annually calculating the incremental E.A.V. and incremental property taxes of the Area. The 2000 E.A.V. of all taxable parcels in the Area is approximately Ninety-four Million Four Hundred Thousand Dollars (\$94,400,000). This total E.A.V. amount by permanent index number is summarized in the 2000 Estimated E.A.V. by Tax Parcel included as Attachment Four in the Appendix. The E.A.V. is subject to verification by the Cook County Clerk. After verification, the final figure shall be certified by the Cook County Clerk, and shall become the Certified Initial E.A.V. from which all incremental property taxes in the Redevelopment Project Area will be calculated by Cook County.

C. Redevelopment Valuation.

Contingent on the adoption of this Plan, it is anticipated that several major private developments and/or improvements may occur within the Area.

The private redevelopment investment and anticipated growth that will result from redevelopment and rehab activity in this Area is expected to increase the equalized assessed valuation by approximately Twenty Million Dollars (\$20,000,000) to Twenty-five Million Dollars (\$25,000,000) over the twenty-three (23) year period in which the Plan is in place. This is based, in part, upon an assumption that the undeveloped land will be built with new development and that the vacant buildings will be improved and increase in assessed value. These actions will stabilize values in the remainder of the Area and further stimulate rehab and expansion of existing viable businesses.

D. Sources Of Funds.

Funds necessary to pay for Redevelopment Project Costs and secure municipal obligations issued for such costs are to be derived primarily from Incremental

Property Taxes. Other sources of funds which may be used to pay for Redevelopment Project Costs or secure municipal obligations are land disposition proceeds, state and federal grants, investment income, private financing and other legally permissible funds the City may deem appropriate. The City may incur redevelopment project costs which are paid for from funds of the City other than incremental taxes, and the City may then be reimbursed from such costs from incremental taxes. Also, the City may permit the utilization of guarantees, deposits and other forms of security made available by private sector developers. Additionally, the City may utilize revenues, other than State sales tax increment revenues, received under the Act from one (1) redevelopment project area for eligible costs in another redevelopment project area that is either contiguous to, or is separated only by a public right-of-way from, the redevelopment project area from which revenue is received.

The Area is presently contiguous to five (5) Redevelopment Project Areas:

- the Pulaski Industrial Corridor Redevelopment Project Area;
- the Northwest Industrial Corridor Redevelopment Project Area;
- the Midwest Redevelopment Area;
- the Kinzie Industrial Corridor Redevelopment Area; and
- the Division/Homan Redevelopment Area.

The Area is currently, and may in the future, be contiguous to, or be separated only by a public right-of-way from, other redevelopment project areas created under the Act. The City may utilize net incremental property taxes received from the Area to pay eligible Redevelopment Project Costs, or obligations issued to pay such costs, in other contiguous redevelopment project areas, or those separated only by a public right-of-way, and vice versa. The amount of revenue from the Area, made available to support such contiguous redevelopment project areas, or those separated only by a public right-of-way, when added to all amounts used to pay eligible Redevelopment Project Costs within the Area, shall not at any time exceed the total Redevelopment Project Costs described in this Plan.

The Area may become contiguous to, or be separated only by a public right-of-way from, redevelopment project areas created under the Industrial Jobs Recovery Law (65 ILCS 5/11-74.61-1, et seq.). If the City finds that the goals, objectives and financial success of such contiguous redevelopment project areas, or those separated only by a public right-of-way, are interdependent with those of the Area, the City may determine that it is in the best interests of the City and in furtherance of the purposes of the Plan that net revenues from the Area be made available to support any such redevelopment project areas, and vice versa. The City therefore

proposes to utilize net incremental revenues received from the Area to pay eligible Redevelopment Project Costs (which are eligible under the Industrial Jobs Recovery Law referred to above) in any such areas, and vice versa. Such revenues may be transferred or loaned between the Area and such areas. The amount of revenue from the Area so made available, when added to all amounts used to pay eligible Redevelopment Project Costs within the Area or other areas as described in the preceding paragraph, shall not at any time exceed the total Redevelopment Project Costs described in Table 6-1 of this Plan.

E. Nature And Term Of Obligation And Completion Of The Redevelopment Plan.

The City may issue obligations secured by Incremental Property Taxes pursuant to Section 11-74.4-7 of the Act. To enhance the security of a municipal obligation, the City may pledge its full faith and credit through the issuance of general obligations bonds. Additionally, the City may provide other legally permissible credit enhancements to any obligations issued pursuant to the Act.

The redevelopment project shall be completed, and all obligations issued to finance redevelopment costs shall be retired, no later than December 31st of the year in which the payment to the City treasurer as provided in the Act is to be made with respect to ad valorem taxes levied in the twenty-third (23rd) calendar year following the year in which the ordinance approving the Area is adopted (i.e., assuming City Council approval of the Area and Plan in February, 2002 by February, 2025). Also the final maturity date of any such obligations which are issued may not be later than twenty (20) years from their respective dates of issue. One (1) or more series of obligations may be sold at one (1) or more times in order to implement this Plan. Obligations may be issued on a parity or subordinated basis.

In addition to paying Redevelopment Project Costs, Incremental Property Taxes may be used for the scheduled retirement of obligations, mandatory or optional redemptions, establishment of debt service reserves and bond sinking funds. To the extent that Incremental Property Taxes are not needed for these purposes, and are not otherwise required, pledged, earmarked or otherwise designated for the payment of Redevelopment Project Costs, any excess Incremental Property Taxes shall then become available for distribution annually to taxing districts having jurisdiction over the Area in the manner provided by the Act.

F. Commitment To Fair Employment Practices And Affirmative Action Plan.

The City is committed to and will affirmatively implement the following principles with respect to this Plan:

1. The assurance of equal opportunity in all personnel and employment

actions with respect to the Redevelopment Project, including but not limited to hiring, training, transfer, promotion, discipline, fringe benefits, salary, employment working conditions, termination, et cetera, without regard to race, color, religion, sex, age, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status, source of income or housing status.

2. Redevelopers will meet City of Chicago standards for participation of twenty-five percent (25%) Minority Business Enterprises and five percent (5%) Woman Business Enterprises and the City Resident Construction Worker Employment Requirement as required in redevelopment agreements.
3. This commitment to affirmative action and nondiscrimination will ensure that all members of the protected groups are sought out to compete for all job openings and promotional opportunities.
4. Redevelopers will meet City standards for any applicable prevailing wage rate as ascertained by the Illinois Department of Labor to all project employees.

The City shall have the right in its sole discretion to exempt certain small businesses, residential property owners and developers from the above. In order to implement these principles, the City will require and promote equal employment practices and affirmative action on the part of itself and its contractors and vendors. In particular, parties engaged by the City will be required to agree to the principles set forth in this section.

G. Amending The Redevelopment Plan.

This Plan may be amended in accordance with the provisions of the Act.

H. Conformity Of The Plan For The Area To Land Uses Approved By The Planning Commission Of The City.

This Plan and the Project described herein include the generalized land uses set forth on the Generalized Land-Use Plan, as approved by the Chicago Plan Commission prior to the adoption of the Plan by the City of Chicago.

I. City Policies.

1. The City may incur redevelopment project costs which are paid for from funds of the City other than incremental taxes and the City may then be reimbursed for such costs from incremental taxes.
2. The City requires that developers who receive T.I.F. assistance for market rate housing set aside twenty percent (20%) of the units to meet affordability criteria established by the City's Department of Housing. Generally, this means the affordable for-sale units should be priced at a level that is affordable to persons earning no more than one hundred twenty percent (120%) of the area median income, and affordable rental units should be affordable to persons earning no more than eighty percent (80%) of the area median income.
3. The City may enter into redevelopment agreements or intergovernmental agreements with private entities or public entities to construct, rehabilitate, renovate or restore private or public improvements on one (1) or several parcels (collectively referred to as "Redevelopment Projects").
4. The City will pursue their overall goal of employment of residents within and surrounding the Area in jobs in the Area and in adjacent redevelopment project areas. In this regard, the following objectives are established to meet the goals of the Plan and Project:
 - i. Establish job readiness and job training programs to provide residents within and surrounding the Area with the skills necessary to secure entry level and permanent jobs in the Area and in adjoining Areas.
 - ii. Secure commitments from employers in the Area and adjacent Areas to interview graduates of the Area's job readiness and job training programs.

The above includes taking appropriate actions to work with Area employers, local community organizations, and residents to provide job readiness and job training programs that meet employers hiring needs.

Eligibility Study.

I.

Introduction.

PGAV -- Urban Consulting (the "Consultant") has been retained by the City of Chicago (the "City") to prepare a Tax Increment Redevelopment Plan for the proposed redevelopment project area known as the Chicago/Central Park Redevelopment Area (the "Area"). Prior to preparation of the Redevelopment Plan, the Consultant undertook various surveys and investigations of the Area to determine whether the Area qualifies for designation as a tax increment financing district, pursuant to the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended ("the Act").

This report summarizes the analyses and findings of the Consultant's work, which is the responsibility of the Consultant. This assignment is the responsibility of P.G.A.V. Urban Consulting who has prepared this Eligibility Study with the understanding that the City would rely: 1) on the findings and conclusions of this Eligibility Study in proceeding with the designation of the Area as a redevelopment project area under the Act, and 2) on the fact that P.G.A.V. Urban Consulting has obtained the necessary information to conclude that the Area can be designated as a redevelopment project area in compliance with the Act.

Following this introduction, Section II presents background information of the Area including the geographic location, description of current conditions and area data; Section III documents the building condition assessment and qualifications of the Area as a combination conservation area and vacant blighted area under the Act; and Section IV, Summary and Conclusions, documents the findings of the Eligibility Study.

This Eligibility Study is a part of the overall tax increment redevelopment plan (the "Plan") for the Area. Other portions of the Plan contain information and documentation as required by the Act for a redevelopment plan.

II.

Background Information.

A. Location And Size Of Area.

The Area is located approximately four miles west of downtown Chicago. The Area contains approximately six hundred seventy-eight (678) acres and consists of one hundred forty-nine (149) (full and partial) blocks and four thousand nine hundred seven (4,907) tax parcels. The area is generally bound by Kedzie Avenue on the east, Lake Street on the south, Pulaski Road on the west and the rear property lines of properties that front Grand Avenue on the north.

The boundaries of the Area are described in the Plan, Appendix, Attachment Three -- Legal Description and are geographically shown on Plan, Appendix, Attachment Two -- (Sub)Exhibit A, Boundary Map of T.I.F. Area. The existing land uses are identified on Plan, Appendix, Attachment Two -- (Sub)Exhibit B, Generalized Existing Land-Use Assessment Map.

B. Description Of Current Conditions.

Population Characteristics.

Most of the Area is located in the southwest portion of Humboldt Park (community area 23). The portion of the Area located south of Kinzie Avenue (400 north) is within West Garfield Park (community area 26) and East Garfield Park (community area 27). Community Area Maps indicating census tracts and other data are provided in the Appendix of the Housing Impact Study. Table 2-1 below presents selected census characteristics for the three (3) communities that contain portions of the Study Area.

Development Activity And Assessed Value Trends.

The population of the three (3) neighborhood areas that comprise the Area declined during the last census period. This trend has been continuous since 1960. The population of Humboldt Park declined by six percent (6%) between 1960 and 1990. The population of West Garfield Park fell by forty-seven percent (47%) between 1960 and 1990. The most dramatic change occurred in East Garfield Park, where the population declined by sixty-four percent (64%) between 1960 and 1990. However, the impact on the number of housing units in these areas was even more dramatic. During the 1960 to 1990 time period, the number of housing units dropped by fifteen percent (15%) in Humboldt Park, forty-six percent (46%) in West Garfield Park, and fifty-eight percent (58%) in East Garfield Park. The many vacant lots, particularly in the south portion of the Area, which is in West and East Garfield Park, are a visible reminder of the housing abandonment that has occurred.

The demolition of housing units started in the 1960s and continued through the end of the decade. Table 2-2 below shows the units lost in just the decade of the 1980s when fourteen percent (14%) of the units in the community areas that contain a portion of the Area were demolished (housing data for the 2000 census was not available at the time of this writing). The highest numbers of lost units were in the census tracts that comprise the majority of the Area.

While the decline in housing units was occurring, a total of ninety (90) building permits were issued between January, 1996 and May, 2001. Of these ninety (90) permits, only twenty (20) were for the construction of new buildings (three (3) commercial buildings, fourteen (14) residential buildings, and three (3) institutional buildings). Of the remaining seventy (70) permits issued, twelve (12) were for reconstruction of buildings damaged by fire and six (6) were for institutional uses. The remaining fifty-two (52) permits for renovations to existing buildings.

The permits issued between January, 1996 and May, 2001 represent an average of eighteen (18) permits per year for the past five (5) years in an Area that contains four thousand nine hundred seven (4,907) parcels of property. When the permits issued for institutional uses, and permits issued for repairs due to fire, are removed from the data set, seventy-two (72) permits issued for four thousand eight hundred eighty-nine (4,889) parcels. This means that only approximately one and five-tenths percent (1.5%) of the property in the Area has experienced some type of reinvestment in the last five (5) years. This lack of investment in the Area is reflected by the Assessed Value trends realized over the past five (5) years.

Historic Equalized Assessed Values (E.A.V.s) for the Area and the rate of growth for the City of Chicago and the Consumer Price Index (C.P.I.) for All Urban Consumers for the period between 1995 and 2000 are shown below on Table 2-3, Equalized Assessed Value Trends. Between 1995 and 2000 the City of Chicago E.A.V. increased from Thirty Billion Four Hundred Million Dollars (\$30,400,000,000) to Forty Billion Five Hundred Million Dollars (\$40,500,000,000). The annual percent change in E.A.V. is indicated on Table 2-3 provided below. In 1995, the E.A.V. of the Area was approximately Fifty-five Million Five Hundred Thousand Dollars (\$55,500,000). In 2000 the E.A.V. of the Area was approximately Ninety-four Million Four Hundred Thousand Dollars (\$94,400,000). Further, five hundred fifty-three (553) parcels or eleven and two-tenths percent (11.2%) of the properties in the Area are delinquent in the payment of 1999 real estate taxes.

(1) Consumer Price Index for All Urban Consumers (C.P.I.-U) -- Chicago-Gary-Kenosha, Illinois-Indiana-Wisconsin, United States Bureau of Labor Statistics, January, 2002.

While there has been growth in the E.A.V. of the Area since 1995, most of this growth is the result of an anomaly in the way the Assessor calculated equalization factors in this portion of the City and is not the result of increased development activity. This is clear from the age of most of the buildings in the Area and the lack of building permits for new construction. Much of the Area is in need of redevelopment, rehabilitation, and revitalization. Vacant buildings and vacant lots reflect deteriorating and dilapidated conditions that affect the viability of numerous commercial structures. Along Chicago Avenue and a portion of Pulaski Road, numerous commercial buildings have been converted into storefront churches. In addition, other older commercial structures exhibit deteriorated conditions and are in need of upgrade and improvement. The commercial streetscapes of the Area are also deteriorated. Sidewalks, curbs and gutters, and street paving are in need of repair throughout the Area.

Residential portions of the Area reflect losses in population, and the housing stock shows evidence of decline. The northern portion of the Area exhibits numerous residential structures that are leaning (this may be related to suggestions by some residents that this portion of the Area was used as a landfill in the early part of the 20th century) and deteriorated. The southern portion of the Area exhibits the most severe instances of deteriorated housing. The southern portion of the Area also exhibits numerous vacant lots that once contained residential units. In many instances, the City, under the tax reactivation program, acquired the property associated with these vacant lots or the structures on these properties were demolished under the demolition/lien program. In these instances the City was reacting to declining conditions of Area properties in an attempt to remove abandoned or derelict properties. Throughout the Area, secondary structures (primarily garages associated with residential uses) are deteriorated, and many residential lots contain junk vehicles, trash and debris.

Industrial development is limited in the Area. There is only one (1) large-scale industrial use in the Area, although several small industrial buildings scattered throughout the Area have been converted to churches or are vacant.

Long-term (more than one (1) year) vacancies exist in some buildings, and sections of the Area are vacant and have not generated private development interest. Approximately ten percent (10%) of the gross land area within the Area is vacant, and the presence of approximately five hundred thousand (500,000) square feet of vacant floor area in two hundred ninety-one (291) of the three thousand six hundred twenty-two (3,622) buildings in the Area add significantly to the view that the Area experiences additional evidence of blight and that market acceptance of portions of the Area and building stock is not favorable. Generally the vacant floor space is evenly distributed between commercial and residential structures. In addition, one thousand two hundred twenty-five (1,225) violations have been issued on buildings and properties in the Area between January, 1993 and May, 2001 by the City Department of Buildings. In other words, since January, 1993 approximately twenty-five percent (25%) of the four thousand nine

hundred seven (4,907) properties in the Area have been cited for having some type of code violation by the City Department of Buildings.

Transportation.

Public Transportation. Several C.T.A. bus routes serve the Chicago/Central Park Redevelopment Area. These routes include:

North/South Routes.

- Route 53: Pulaski
- Route 82: Homan
- Route 52: Kedzie

East/West Routes.

- Route 65: Grand
- Route 70: Division
- Route 66: Chicago

A major asset of the Area that could be further exploited is its location on the west side of Chicago. Although C.T.A. buses serve the Area well, C.T.A. train service is limited to the southern portion of the Area. The Green Line, an east/west line that runs along Lake Street, has a newly renovated station at Kedzie (3200 west). In March, 2001, the Pulaski Station had an average of one thousand five hundred seventy-eight (1,578) weekday riders, and the Kedzie Station had one thousand two hundred eighty-six (1,286). These figures are among the lowest of the C.T.A. rail stations, suggesting limited opportunities for spin-off commercial development at this time. The lower totals reported at the stations near the Area are likely a result of fewer job opportunities in the Area because industrial uses are generally not concentrated in this portion of the City. It is likely, that fewer workers are commuting to the Area from other sections of the City because there are limited industrial uses and therefore limited industrial jobs in the Area.

Recently a new Green Line station was constructed at Central Park and Lake Street. This station will provide greater access to the Garfield Park Conservatory for all residents once it is completed. The Metra Union Pacific West Line to Geneva also passes through the southern portion of the Area between Franklin Boulevard and Lake Street. The nearest Metra station is located at Kedzie Avenue immediately east of the Area.

Street System.

Regional -- Downtown Chicago is four (4) miles east of the Area and readily accessible via the Eisenhower Expressway (I-290). The Eisenhower also provides access to the substantial employment base in suburban DuPage County communities to the west. Access to the Eisenhower is provided via major streets (Pulaski, Homan and Kedzie) approximately one (1) mile south of the Area.

Local -- Arterial streets in the Area generally have one (1) or two (2) travel lanes and curbside parking lanes. Arterial class streets are signalized at intersections with other arterial and collector streets. East/west arterial streets in the Area are Chicago Avenue, Division Avenue and Lake Street. North/south arterial streets are Pulaski Road, Homan Avenue and Kedzie Avenue. Pulaski Road and Chicago Avenue experience the largest traffic volume in the Area. East/west arterial streets also provide alternative routes to the City's central area.

Viaducts And Railroads -- The Green Line and the rail line utilized by Metra, noted above, have viaducts at the crossings associated with the north/south arterial streets of the Area. In addition, several retaining walls and berms associated with rail operations are located in the Area. All the viaducts and most of the retaining walls associated with rail operations exhibit deteriorated conditions and are in need of repair due to spalling concrete surfaces, damaged columns, cracked, spalling, and crumbling pavement, and broken or damaged lighting.

Pedestrian Traffic.

Pedestrian traffic in the Area is concentrated along the major arterial streets in the Area. Chicago Avenue has the largest concentration of pedestrian traffic. The higher concentration of pedestrian traffic in these areas is associated with commuters utilizing the C.T.A. bus lines along this route and concentrations of commercial uses.

Existing Land-Use.

A tabulation of land area by land-use category is provided on the following page. At the present time, the existing land uses itemized in Table 2-4, provided on the following page, are predominantly residential in nature, as sixty-two percent (62%) of the net area (exclusive of public right-of-way) is residential. Residential uses in the Area generally consist of three (3) types of structures. Isolated residential structures (single-family and multi-family) located along commercial corridors, upper-floor residential units in commercial buildings along commercial corridors, and single-family and multi-family structures located in residential neighborhoods. Throughout the residential neighborhoods of the Area the housing stock is in poor condition. This is reflected by a large number of residential units having been vacated and torn down, especially in the southern portion of the Area.

There are a total of four thousand six hundred twenty-two (4,622) inhabited residential units in the Area as determined during the field survey of area properties. As set forth in the Act, if a redevelopment plan for the Area results in the displacement of residents from ten (10) or more inhabited residential units, or if the Area contains seventy-five (75) or more inhabited residential units and the City is unable to certify that no displacement of residents will occur, the municipality shall prepare a housing impact study and incorporate the study in the feasibility report required by subsection (a) of Section 11-74.4-5 (sic) [Section 11.74-4-4.1] of the Act. Because seventy-five (75) or more inhabited residential units are located in the Area, a housing impact study has been prepared and is included as an attachment to the Plan as Appendix, Attachment Five -- Housing Impact Study.

Industrial uses in the Area are limited in the Area and only one (1) large industrial use is located in the Area (3300 block of Franklin Boulevard). Industrial uses comprise three percent (3%) of the net land area.

Commercial uses are predominately located along Chicago Avenue, Pulaski Road and Division Street. Commercial uses account for eight percent (8%) of the net land area. There is one (1) multi-tenant retail shopping center in the Area (Chicago/Kedzie Plaza). This center is located on Chicago Avenue immediately west of Kedzie Avenue.

TOTAL:	678	100%	100%

Institutional and recreational uses are located throughout the Area. The location of major institutional and recreational uses can be found on Plan (Sub)Exhibit A, Boundary Map of T.I.F. Area, contained in the Plan Appendix as Attachment Two. The Area is served well by park, school and hospital facilities. However, no public libraries are located in the Area. Institutional and recreational uses account for ten percent (10%) of the net land area.

⁽¹⁾ Net Land Area does not include public right-of-way.

Note: Percentage and acreage figures are approximated due to rounding.

Major institutional uses and parks within and near the Area are listed below:

Parks.

- Linden -- 1139 North Pulaski Road
- Harding -- 3921 West Division Street
- Bolling Park -- 800 block of North Harding Avenue
- St. Louis -- 347 North St. Louis Avenue
- Kells -- 3201 West Chicago Avenue
- Central Park -- 721 North Central Park Avenue
- Garfield Park -- 100 North Central Park Avenue (not located in the Area)
- Ohio and Harding Park -- 607 North Harding Avenue (not located in the Area)

Hospitals.

- Hartgrove -- 520 North Ridgeway Avenue
- Sacred Heart -- 3240 West Franklin Street

Libraries⁽¹⁾.

- Humboldt Park Branch -- 1604 North Troy Street (not located in the Area)
- Midwest Branch -- 2335 West Chicago Avenue (not located in the Area)

(1) Both of these libraries are located well outside the Area and are not identified on (Sub)Exhibit A. They are being listed because they are the nearest facilities operated by the Chicago Library District.

Schools.

- Lucy Flower Academy -- 3545 West Fulton Boulevard
- Samuel Morse Elementary -- 620 North Sawyer Avenue
- Wright School -- 615 North Harding Avenue (not located in the Area)
- Ward School -- 410 North Monticello Avenue
- Ryerson School -- 646 North Lawndale Avenue
- Westinghouse High School -- 3301 West Franklin Street

Zoning Characteristics.

The property within the Area is zoned in several categories. Manufacturing zones cover a limited number of industrial uses located in the Area. Commercial and business zoning districts are predominant along West Chicago Avenue, North Pulaski Road and portions of West Division Street. Residential zoning is predominant in the remainder of the Area, reflecting the residential nature of much of the Area (see Plan Appendix, Attachment Two -- (Sub)Exhibit D, Existing Zoning Map).

Historic Structures.

No buildings identified as landmarks by the City of Chicago or listed on the National Register of Historic Buildings were documented in the Area. However, forty-one (41) buildings listed in the Chicago Landmarks, Historic Resources Survey as possessing potentially significant architectural or historical features were identified. Seven (7) of these structures have been demolished. Many of the buildings listed are concentrated in the southern portion of the Area along West Lake and West Walnut Streets and West Fulton Boulevard. A listing of the structures identified is presented on Table 2-5.

Prior Redevelopment Efforts.

Prior redevelopment efforts by the City, Area leaders and residents, businesses and business groups have been associated with on-going business retention efforts, education efforts and scattered street improvements in the Area. In addition, numerous properties associated with the tax reactivation program and on-going City acquisition under the demolition-lien program are located in the Area. The majority of the properties acquired under these programs are

associated with deteriorated residential properties, and the structures on those properties have been removed.

Five (5) redevelopment areas have been established adjacent to the Area. The Northwest Industrial Corridor Redevelopment Area, the Pulaski Industrial Corridor Redevelopment Area, the Division/Homan Redevelopment Area, the Kinzie Industrial Corridor Redevelopment Area, and the Midwest Redevelopment Area. The establishment of these five (5) areas has resulted in an increase in development activity in adjacent areas. However, these initiatives have not resulted in significant redevelopment activity in the Area and decline continues. The City has also established the West Humbolt Park/Chicago Avenue Redevelopment Area along West Chicago Avenue. These areas are identified on (Sub)Exhibit G, Adjacent Redevelopment Areas Map, contained in the Plan Appendix as Attachment Two.

The City and the State of Illinois ("State") have also included a portion of the Area in Enterprise Zone 5 (approximately sixty-four percent (64%)), and the City and the United States Department of Housing and Urban Development have included a portion of the Area (approximately fifty-nine percent (59%)) in the Federal Empowerment Zone Program (Sub)Exhibit F, Empowerment and Enterprise Zones Map, contained in the Plan Appendix as Attachment Two).

However, these initiatives have not reversed decline throughout the Area. For the most part, these existing initiatives are directed at industrial or commercial uses in neighboring industrial or commercial corridors. As noted above, the majority of the Area is comprised of residential uses and therefore not the direct subject of these existing mechanisms. It is anticipated that in the future, the underlying Enterprise Zone, Empowerment Zone, and Redevelopment Area, in conjunction with components of this tax increment finance strategy, and other City programs, will greatly assist in addressing Area problems in the Area. Conditions that affect efficient business operations for Area business and industries to include:

- deteriorating infrastructure;
- blighting conditions; and
- need for improved training programs for area employees and residents.

Obstacles to providing safe and convenient housing include:

- deteriorating infrastructure;
- incompatible land uses in adjacent areas; and
- deteriorating housing stock.

III.

Qualification Of The Area.

A. Illinois Tax Increment Allocation Redevelopment Act.

The Act authorizes Illinois municipalities to redevelop locally designated deteriorated areas through tax increment financing. In order for an area to qualify as a tax increment financing district, it must first be designated as a blighted area, a conservation area (or a combination of the two (2), or an industrial park conservation area as defined at 5/11-74.4-3(a) of the Act. Based on the criteria set forth in the Act, the improved portion of the Area was determined to qualify as a conservation area, and the vacant portion of the Area was determined to qualify as a blighted area. As set forth in the Act a conservation area is:

“conservation area means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which fifty percent (50%) or more of the structures in the area have an age of thirty-five (35) years or more. Such an area is not yet a blighted area but because of a combination of three (3) or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area.

- (1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.
- (2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.
- (3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

- (4) **Presence Of Structures Below Minimum Code Standards.** All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.
- (5) **Illegal Use Of Individual Structures.** The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.
- (6) **Excessive Vacancies.** The presence of buildings that are unoccupied or underutilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.
- (7) **Lack Of Ventilation, Light Or Sanitary Facilities.** The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.
- (8) **Inadequate Utilities.** Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.
- (9) **Excessive Land Coverage And The Overcrowding Of Structures And Community Facilities.** The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one (1) or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

- (10) Deleterious Land-Use Or Layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.
- (11) Lack Of Community Planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.
- (12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment project area.
- (13) The total equalized assessed value of the proposed redevelopment project area has declined for three (3) of the last five (5) calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for three (3) of the last five (5) calendar years for which information is available or is increasing at an annual rate that is less than the *Consumer Price Index For All Urban Consumers* published by the United States Department of Labor or successor agency for three (3) of the last five (5) calendar years for which information is available."

As set forth in the Act a blighted area is:

"any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

- (2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of two (2) or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the

vacant part of the redevelopment project area to which it pertains:

- (A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-way for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easement for public utilities.
- (B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.
- (C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last five (5) years.
- (D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.
- (E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean up of hazardous waste, hazardous substances, or underground storage tanks required by state or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.
- (F) The total equalized assessed value of the proposed redevelopment project area has declined for three (3) of the last five (5) calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for three (3) of the last five (5) calendar years for which information is available or is increasing at an annual rate that is less than the *Consumer Price Index For All Urban Consumers* published by the United States Department of Labor or successor agency for three (3) of the last five (5) calendar years prior to the year in which the redevelopment project area is designated.

- (3) If vacant, the sound growth of the redevelopment project area is impaired by one (1) of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:
- (A) The area consists of one (1) or more unused quarries, mines or strip mine ponds.
 - (B) The area consists of unused railyards, rail tracks or railroad rights-of-way.
 - (C) The area, prior to its designation, is subject to chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency.
 - (D) The area consist of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation or dredge sites.
 - (E) Prior to the effective date of this amendatory Act of the 91st General Assembly, the area is not less than fifty (50) nor more than one hundred (100) acres and seventy-five percent (75%) of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within five (5) years prior to the designation of the redevelopment project area), and the area meets at least one (1) of the factors itemized in paragraph one (1) of this subsection, that area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.
 - (F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area."

B. Survey, Analysis And Distribution Of Eligibility Factors.

A parcel-by-parcel analysis of the Area was conducted to identify the presence of eligibility factors (see Conservation Factors Matrix of Improved Area, Table 3-1, and Blighting Factors Matrix of Vacant Area, Table 3-2, contained later in this section). A form similar to Table 3-1 and Table 3-2 was used to document the conditions of Area buildings and properties during field surveys. The data from the field survey

was consolidated by sub-area for each of the factors relevant to making a finding of eligibility.

The Area is characterized by the following conditions for the improved portion of the Area:

- the predominance (ninety-six percent (96%)) of structures that are thirty-five (35) years or older; ⁽²⁾
- dilapidation (twenty-three percent (23%) of buildings and forty-nine percent (49%) of improved parcels); obsolescence (ten percent (10%) of buildings);
- deterioration of buildings and site improvements (ninety-eight percent (98%) of structures and ninety-seven percent (97%) of improved parcels);
- illegal use of individual structures (less than one percent (1%) of buildings);
- presence of structures below minimum code standards (twenty-three percent (23%) of buildings);
- excessive vacancies (eight percent (8%) of buildings);
- lack of ventilation, light or sanitary facilities (less than one percent (1%) of buildings);
- excessive land coverage and overcrowding of structures (forty-seven percent (47%) of parcels);
- inadequate utilities (ninety-seven percent (97%) of subareas ⁽³⁾);
- deleterious land-use and layout (ninety-five percent (95%) of subareas ⁽³⁾);
- lack of community planning (ninety-seven percent (97%) of subareas ⁽³⁾).

(2) This is forty-six percent (46%) greater than the statutory requirement. Under the Tax Increment Allocation Redevelopment Act, for designation of an area as a Conservation Area, thirty percent (30%) or more of the buildings must be thirty-five (35) years old or older.

(3) Subarea refers to (Sub)Exhibit E, Subarea Key Map, contained in the Plan Appendix as Attachment Two.

In addition, many streets contain potholes and cracked surfaces, and sidewalks and curbs exhibit cracked and broken sections. The conditions and locations of these conditions are further detailed later in this section.

The vacant portion of the Area is characterized by the following conditions:

- obsolete platting (forty percent (40%) of vacant parcels);
- diversity of ownership (fifty-six percent (56%) of vacant parcels);
- tax and special assessment delinquencies (nineteen percent (19%) of vacant parcels); and
- deterioration of structures in neighboring areas (one hundred percent (100%) of vacant parcels).

C. Evaluation Procedure.

Professional senior planners and a registered architect from the staff of PGAV -- Urban Consulting conducted exterior surveys of observable conditions on all properties, buildings, and public and private improvements located in the Area. These inspectors have been trained in T.I.F. survey techniques and have extensive experience in similar undertakings.

The surveys examined not only the condition and use of buildings, but also included surveys of streets, sidewalks, curbs, gutters, lighting, vacant land, underutilized land, parking facilities, landscaping, fences and walls, and general maintenance. In addition, an analysis was conducted on existing site coverage, parking and land uses, and their relationship to the surrounding Area. Investigators also researched historic photos and were assisted by information obtained from the City of Chicago. The boundary and qualification of the Area was determined by the field investigations, eligibility requirements described in the Act, and the needs and deficiencies of the Area.

D. Investigation And Analysis Of Factors.

In determining whether or not the proposed Area meets the eligibility requirements of the Act, various methods of research were used in addition to the field surveys. The data includes information assembled from the sources below:

1. Contacts with local individuals knowledgeable as to Area conditions and history, age of buildings and site improvements, methods of construction, real estate records and related items, and other information related to the Area was used. In addition, aerial photographs, Sidwell block sheets, et cetera, were also utilized.

2. Inspection and research as to the condition of local buildings, streets, utilities et cetera.

3. On-site field inspection of the proposed Area conditions by experienced property inspectors of the Consultant and others as previously noted. Personnel of the Consultant are trained in techniques and procedures of determining conditions of properties, utilities, streets, et cetera, and determination of eligibility of designated areas for tax increment financing.

4. Use of accepted definitions as provided for in the Act.

5. Adherence to basic findings of need as established by the Illinois General Assembly in establishing tax increment financing which became effective on January 10, 1977. These are:

i. There exists in many Illinois municipalities areas that are conservation or blighted areas, within the meaning of the T.I.F. statute.

ii. The eradication of blighted areas and the treatment of conservation areas by redevelopment projects are essential to the public interest.

iii. These findings are made on the basis that the presence of blight or conditions which lead to blight, is detrimental to the safety, health, welfare and morals of the public.

Table 3-1, Conservation Factors Matrix of Improved Area provided herein documents the conditions in the Area.

E. Eligibility Factors -- Improved Area.

In making the determination of eligibility, each and every property or building in the Area is not required to be blighted or otherwise qualify. It is the Area as a whole that must be determined to be eligible.

The report stated below details conditions that cause the Area to qualify under the Act as a conservation area, per surveys and research undertaken by the Consultant between March and May, 2001:

Age Of Structures.

Age, although not one (1) of the thirteen (13) factors used to establish a conservation area under the Act, is used as a threshold that an area must meet in order to qualify.

Age presumes the existence of problems or limiting conditions resulting from normal and continuous use of structures and exposure to the elements over a period of many years. As a rule, older buildings typically exhibit more problems than buildings constructed in later years because of longer periods of active usage (wear and tear) and the impact of time, temperature and moisture. Additionally, older buildings tend not to be ideally suited for meeting modern-day space and development standards. These typical problematic conditions in older buildings can be the initial indicators that the factors used to qualify the Area may be present.

Summary Of Findings Regarding Age:

The Area contains a total of three thousand six hundred twenty-two (3,622) buildings, of which ninety-six percent (96%), or three thousand four hundred sixty-one (3,461) buildings are thirty-five (35) years of age or older as determined by field surveys and local research. In many instances buildings are significantly older than thirty-five (35) years of age and were constructed in the latter part of the 19th century. Therefore, the Area meets the threshold requirement for a conservation area in that fifty percent (50%) or more of the structures in the Area exceed thirty five (35) years of age.

1. Dilapidation.

Dilapidation as a factor is based upon the documented presence and reasonable distribution of buildings and improvements in an advanced state of disrepair. The field survey of main buildings in the Area found structures with leaning or bowing bearing walls and parapet walls, critical defects in primary structural components such as severely sagging roofs, damaged floor structures and foundations exhibiting major cracks or displacement. In addition, numerous surface parking lots and sections of fencing associated with commercial and industrial uses throughout the Area exhibited paved surfaces in need of reconstruction and site fencing that was damaged or missing.

Summary Of Findings Regarding Dilapidation:

Of the three thousand six hundred twenty-two (3,622) buildings in the Area, eight hundred twenty-eight (828) buildings, or twenty-three percent (23%), were

found to exhibit buildings in an advanced state of disrepair. In addition, dilapidated site improvements were found on one thousand nine hundred fifty-eight (1,958), or forty-nine percent (49%) of the four thousand twenty-four (4,024) improved parcels in the Area. In addition, it should be noted that it was observed that on many of the properties discussed later in this report with respect to acquisition by the City, it was obvious that structures had been recently demolished as part of on-going City efforts to remove dilapidated structures where possible.

2. Obsolescence.

An obsolete building or improvement is one which no longer serves its intended use. Thus, obsolescence is the condition or process of falling into disuse. Obsolescence, as a factor, is based upon the documented presence and reasonable distribution of buildings and other site improvements evidencing such obsolescence. Examples include:

- a. **Functional Obsolescence:** Structures are typically built for specific uses or purposes, and their design, location, height and space arrangement are each intended for a specific occupancy at a given time. Buildings are obsolete when they contain characteristics or deficiencies, which limit the use and marketability of such buildings. The characteristics may include loss in value to a property resulting from an inherent deficiency existing from poor design or layout, improper orientation of building on site, et cetera, which detracts from the overall usefulness or desirability of a property. Obsolescence in such buildings is typically difficult and expensive to correct.
- b. **Economic Obsolescence:** Economic obsolescence is normally a result of adverse conditions that cause some degree of market rejection, and hence, depreciation in market values. Typically, buildings classified as dilapidated and buildings that contain vacant space are characterized by problem conditions, which may not be economically curable, resulting in net rental losses and/or depreciation in market value.
- c. **Obsolete Site Improvements:** Site improvements, including sewer and water lines, public utility lines (gas, electric and telephone), roadways, parking areas, parking structures, sidewalks, curbs and gutters, lighting, et cetera, may also evidence obsolescence in terms of their relationship to contemporary development standards for such improvements. Factors of this obsolescence may include inadequate utility capacities, outdated designs, et cetera.

Throughout the Area, the lack of on-site parking, vacant storefronts, vacant

second (2nd) and third (3rd) floor uses, and dilapidated or deteriorated building conditions indicate that many of the structures in the Area exhibit some form of obsolescence.

Summary Of Findings Regarding Obsolescence:

The field survey of buildings in the Area found that certain buildings exhibit characteristics of obsolescence. Obsolete buildings comprised approximately ten percent (10%) or three hundred fifty-four (354) of the three thousand six hundred twenty-two (3,622) buildings in the Area. The majority of these obsolete buildings are located in the commercial portions of the Area. Obsolete site improvements also exist in the Area and are generally associated with the buildings identified above. In addition, narrow streets or driveways, irregular widths, poor or inadequate turning radii or sight lines and lack of paved surfaces on driveways and service areas exist throughout the Area and are examples of obsolete site improvements.

3. Deterioration.

Deterioration refers to physical deficiencies or disrepair in buildings or site improvements requiring treatment or repair. Conditions, which are not easily correctable in the course of normal maintenance, were classified as deteriorated. Such buildings may be classified as deteriorating or in an advanced stage of deterioration, depending upon the degree or extent of defects.

Buildings with major defects in the secondary building components (i.e., damaged doors and door frames, broken windows, window frames and mullins, porches in need of material replacement, gutters and downspouts damaged or missing, weathered fascia materials, cracks in masonry walls, spalling masonry surfaces, et cetera) were observed in the Area. Many of the structures located in the Area exhibited these conditions. In addition, roadways, alleys, curbs, gutters, sidewalks, off-street parking and surface storage areas also evidenced deterioration such as; surface cracking, crumbling, potholes, depressions, loose paving materials, weeds protruding through the surface, et cetera. Site fencing on many larger commercial and industrial lots was rusting and required repair to individual posts or sections of fencing. In some instances, parking areas for vacant properties was being used for trailer storage. In these instances, it was evident that the lots, and in some cases adjacent streets, were not designed for such use and were exhibiting cracks and other deteriorated conditions as a result of heavy truck traffic.

Summary Of Findings Regarding Deterioration:

Throughout the Area, deteriorating conditions were recorded on ninety-eight percent (98%) or three thousand five hundred forty-six (3,546) of the three thousand six hundred twenty-two (3,622) buildings in the Area. The exterior field survey of main buildings in the Area found structures with major defects in the secondary components, including windows, doors, gutters, downspouts, porches, chimneys, fascia materials, parapet walls, et cetera. Deterioration of site improvements and public improvements was also observed. Deteriorated site improvements were observed on three thousand eight hundred ninety-two (3,892) or ninety-seven percent (97%) of the four thousand twenty-four (4,024) improved parcels in the Area.

4. Presence Of Structures Below Minimum Code Standards.

Structures below minimum code standards include all structures that do not meet the standards of zoning, subdivision, state building laws and regulations. The principal purposes of such codes are to require buildings to be constructed in such a way as to sustain safety of loads expected from various types of occupancy, to be safe for occupancy against fire and similar hazards, and/or establish minimum standards essential for safe and sanitary habitation. Structures below minimum code are characterized by defects or deficiencies that presume to threaten health and safety.

Summary Of Findings Regarding Presence Of Structures Below Minimum Code Standards:

Considering the age of buildings in the Area, it is certain that many of the buildings are below the minimum code standards currently in force by the City of Chicago. However, in order to substantiate these conditions both interior and exterior inspections of the properties would be required. Based on clearly observable conditions evident from exterior inspection throughout the Area, structures below minimum code were recorded in twenty-three percent (23%) or eight hundred fifty (850) of the three thousand six hundred twenty-two (3,622) buildings in the Area. The exterior field survey of buildings in the Area found structures not in conformance with local zoning codes and structures not safe for occupancy because of fire and similar hazards.

In addition, on many Area properties, garbage, trash, discarded tires and abandoned vehicles were observed. Trash and debris from drive-by dumping is illegal and promotes unsanitary and/or unhealthy conditions. Old tires can collect water and promote mosquito breeding. The presence of open air dumping of trash creates conditions that promote the presence of disease carrying insects and vermin.

5. Illegal Use Of Individual Structures.

This factor applies to the use of structures in violation of applicable national, State or local laws. Examples of illegal uses may include, but not be limited to, the following:

- a. illegal home occupations;
- b. conduct of any illegal vice activities such as gambling or drug manufacture;
- c. uses not in conformance with local zoning codes and not previously grandfathered in as legal nonconforming uses; and
- d. uses involving manufacture, sale, storage or use of dangerous explosives and firearms.

Summary Of Findings Regarding Illegal Use Of Individual Structures:

This factor was documented in less than one percent (1%) or four (4) of the three thousand six hundred twenty-two (3,622) buildings in the Area.

6. Excessive Vacancies.

Establishing the presence of this factor requires the documenting of the presence of vacant buildings which are unoccupied or underutilized and which represent an adverse influence on the Area because of the frequency, extent or duration of such vacancies. It includes properties which evidence no apparent effort directed toward occupancy or utilization and partial vacancies.

During the field investigation of the Area, a total of two hundred ninety-one (291) buildings were observed to contain vacant floor space. Based on City of Chicago maps that indicate building footprints, it was estimated that approximately five hundred thousand (500,000) square feet of floor space was vacant. The vacant floor space is generally distributed evenly between commercial and residential structures. Based on the condition of some of the vacant floor space (boarded up windows, deteriorated interior finishes, lack of lighting, outdated signage, et cetera), it is evident that much of this floor space has been vacant for an extended period of time.

Summary Of Findings Regarding Excessive Vacancies:

The field investigation indicates that two hundred ninety-one (291) buildings, eight percent (8%) of the total three thousand six hundred twenty-two (3,622) buildings, have vacancy of floor space. There is in excess of five hundred thousand (500,000) square feet of vacant floor space (ground floor and upper floors) in the Area. This vacant floor space is generally distributed equally among commercial and residential structures.

7. Lack Of Ventilation, Light Or Sanitary Facilities.

Many older structures fail to provide adequate ventilation, light or sanitary facilities. This is also a characteristic often found in illegal or improper building conversions and in commercial buildings converted to residential usage. Lack of ventilation, light or sanitary facilities is presumed to adversely affect the health of building occupants (i.e., residents, employees or visitors).

Summary Of Findings Regarding Lack Of Ventilation, Light Or Sanitary Facilities:

The exterior field survey of main buildings in the Area found structures without adequate mechanical ventilation, natural light and proper window area ratios in the Area. Structures exhibiting a lack of ventilation, light or sanitary facilities were recorded in less than one percent (1%), or thirty (30) of the three thousand six hundred twenty-two (3,622) buildings.

8. Inadequate Utilities.

Inadequate utilities refers to deficiencies in the capacity or condition of utilities which service a property or area, including, but not limited to, storm drainage, water supply, electrical power, sanitary sewers, gas and electricity.

Summary Of Findings Regarding Inadequate Utilities:

According to the City Department of Water, most of the water mains in the Area are over one hundred (100) years old. The Department projects the service life of an underground water main to be one hundred (100) years, and any water main with three (3) or more breaks in a block is a candidate for replacement regardless of age. Based on data provided by the City of Chicago Department of Water, water mains in need of replacement were located within ninety-seven percent (97%), or thirty-six (36) of the thirty-seven (37) subareas identified on (Sub)Exhibit E, Subarea Key Map, included in Plan Appendix, Attachment Two.

9. Excessive Land Coverage And Overcrowding Of Structures And Community Facilities.

This factor may be documented by showing instances where building coverage is excessive. Excessive coverage refers to the over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Problem conditions include buildings either improperly situated on the parcel or located on parcels of inadequate size and/or shape in relation to present-day standards of development for health and safety; and multiple buildings on a single parcel. The resulting inadequate conditions include such factors as insufficient provision for light and air, increased threat of fire due to close proximity to nearby buildings, lack of adequate or proper access to a public right-of-way, lack of required off-street parking and inadequate provision for loading or service. Excessive land coverage has an adverse or blighting effect on nearby development because problems associated with lack of parking or loading areas impact adjoining properties.

Summary Of Findings Regarding Excessive Land Coverage And Overcrowding Of Structures And Community Facilities:

Structures exhibiting one hundred percent (100%) lot coverage with party or fire walls separating one structure from the next is a historical fact of high-density urban development. This situation is common throughout the commercial portions of the Area.

Numerous businesses are located in structures that cover one hundred percent (100%) of their respective lots. In other cases where the business's building may not cover the entire lot, the business is utilizing one hundred percent (100%) of their lot for activities associated with their operations (storage, work areas, et cetera). These conditions typically do not allow for off-street loading facilities for shipping operations, do not provide parking for patrons and employees and do not allow for adequate setbacks. This has prompted overflow parking and truck traffic associated with normal business operations to utilize surrounding residential areas for parking and access. This condition is common along Chicago Avenue and Pulaski Road.

In addition, numerous residential buildings exhibit excessive land coverage and overcrowding of structures. In many cases residential structures have been reconfigured to include one (1) or two (2) additional units within the structure than the original design intended. While there is still generally only one (1) structure on a given lot, there are now three (3) or four (4) units within that structure compared to only one (1) or two (2) when the structure was originally constructed. This has resulted in increased parking demand on residential streets. The improvements associated with forty-seven percent (47%), or one thousand eight hundred sixty-nine (1,869) of the four thousand twenty-four

(4,024) improved parcels in the Area, revealed some evidence of excessive land coverage or overcrowding of structures and community facilities.

10. Deleterious Land-Use Or Layout.

Deleterious land uses include all instances of incompatible land-use relationships, buildings occupied by inappropriate mixed uses, or uses which may be considered noxious, offensive or environmentally unsuitable.

Summary Of Findings Regarding Deleterious Land-Use Or Layout:

In an area such as the Chicago/Central Park Redevelopment Area where its character has evolved over the years, industrial, commercial and residential uses are often in close proximity to one another. It is not unusual to find residential structures in small pockets or isolated within a predominantly industrial area or an isolated industrial use in a residential area. Although these areas may be excepted by virtue of age and continuous occupancy as legal nonconforming uses (whose existence and use is thereby "grandfathered"), they are, nonetheless, incompatible land uses inasmuch as the predominant character of the Area is influenced by these differing uses. In addition, the presence of abandoned vehicles, billboards, junkyards, and boarded-up vacant buildings are deleterious land uses that contribute to decline. Deleterious land uses and land-use relationships were located within ninety-five percent (95%), or thirty-five (35) of the thirty-seven (37) subareas identified on (Sub)Exhibit E, Subarea Key Map, included in Plan Appendix, Attachment Two.

11. Lack Of Community Planning.

This may be counted as a factor if the Area was developed prior to, or without the benefit or guidance of, a community plan. This means that no community plan existed, was considered inadequate, and/or was virtually ignored during the time of the area's development. Indications of a lack of community planning include:

1. Streets, alleys and intersections that are too narrow or awkwardly configured to accommodate traffic movements.
2. Viaducts lower than the minimum height requirements creating truck clearance problems.
3. Tracts of land that are too small or that have awkward configurations and/or unusual dimensions.

4. Some properties in the Area do not enjoy good access to public streets.
5. Industrial land-use and zoning adjacent to or within heavily developed residential areas without ample buffer areas.
6. Numerous commercial and limited industrial properties exist that are too small to adequately accommodate appropriate off-street parking and loading requirements.
7. The presence of deteriorated structures and other physical conditions that are further evidence of an absence of effective community planning.

Summary Of Findings Regarding Lack Of Community Planning:

Lack of Community Planning was observed in thirty-six (36), or ninety-seven percent (97%), of the thirty-seven (37) subareas identified on (Sub)Exhibit E, Subarea Key Map included in Plan Appendix, Attachment Two. Examples of this factor observed in the Area include: conversions of residential structures into commercial businesses, conversion of single-family and two-family residential structures into multi-family residential units; industrial and commercial uses located in predominately residential areas; streets and alleys that are too narrow; commercial, industrial, institutional, multi-family conversions properties that do not provide adequate off-street parking; and the presence of deteriorated structures and other conditions that indicate the absence of effective community planning.

12. Environmental Remediation Costs.

If an Area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by state or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment project area, then this factor may be counted.

Summary Of Findings Regarding Environmental Remediation Costs:

This factor was not identified in the Area. However, research by the City Department of Environment indicated that numerous properties in the Area are listed in the Department's databases as having potential environmental issues. It was noted by the Department that prior to any demolition or rehabilitation

activity, formal asbestos and lead-based paint surveys should be conducted. It was also noted by the Department that all demolition or rehabilitation activities should be performed in accordance with all applicable permits and regulations.

13. Declining Or Lagging Rate Of Growth Of Total Equalized Assessed Valuation.

If the total equalized assessed value of the proposed redevelopment project area has declined for three (3) of the last five (5) calendar years for which information is available, or is increasing at an annual rate that is less than the balance of the municipality for three (3) of the last five (5) calendar years for which information is available, or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for three (3) of the last five (5) calendar years for which information is available then this factor may be counted.

Summary Of Findings Regarding Declining Or Lagging Rate Of Growth Of Total Equalized Assessed Valuation:

Investigation of historic E.A.V. indicated the presence of this factor did not exist. However, the E.A.V. of the Area has declined in two (2) of the last five (5) calendar years and grew slower than the balance of the City and C.P.I. in those years as well.

F. Conclusion Of Investigation Of Eligibility Factors For The Improved Portion Of The Redevelopment Project Area.

The presence of vacancies in area buildings, deteriorated, dilapidated and obsolete structures and site improvements, deleterious land-use relationships, and lack of community planning are evidence of the declining conditions in the Area. In addition, these conditions are present to a meaningful extent throughout the Area and their presence underscores the lack of private investment and rejection of the Area by the private market.

The City and the State of Illinois have designated sixty-four percent (64%) of the Area as a State of Illinois Enterprise Zone and fifty-nine percent (59%) of the Area as a Federal Empowerment Zone. In addition, a portion of the Area is included in a recently created Urban Renewal Area and is adjacent to several previously created Redevelopment Areas designated under the T.I.F. mechanism. These designations are in further response to the deteriorating conditions in and adjacent to the Area, recognition of the significant needs, and realization that financial incentives are required to attract private investment to this section of the City.

The tax increment program and redevelopment plan include measures designed to reduce or eliminate the deficiencies which cause the improved portion of the Area to qualify as a conservation area consistent with the strategy of the City of Chicago for revitalizing other designated redevelopment areas and industrial corridors. As documented in this investigation and analysis, it is clear that the Area is impacted by a number of eligibility factors. The presence of these factors qualifies the improved portion of the Area as a conservation area.

G. Analysis Of Undeveloped Or Vacant Property.

The Area contains eight hundred eighty-three (883) vacant parcels of land, or eighteen percent (18%) of the total parcels (approximately seventy-four (74) acres of land, or seventeen percent (17%) of the net land area exclusive of public rights-of-way) in the Area. A number of these properties are residential properties that were acquired by the City under the tax reactivation program. In many instances the properties contained improvements that were in such a deteriorated and dilapidated condition that the property was cleared. Vacant land is identified in the Plan Appendix as Attachment Two -- (Sub)Exhibit B, Generalized Existing Land-Use Assessment Map. The blighting factors present on vacant parcels are summarized on Blighting Factors Matrix of Vacant Area, Table 3-2, contained on the following pages. A form similar to Table 3-2 was used to document the conditions of vacant Area properties during field surveys and subsequent analyses. The data was consolidated by subarea for each of the factors relevant to making a finding of eligibility.

1. Obsolete Platting, Diversity Of Ownership, Tax Delinquencies, Deterioration Of Structures In Neighboring Areas, Environmental Remediation, Declining Or Sub-Par E.A.V. (Two (2) Or More).

As indicated in the Act, two (2) or more of the factors listed above must be present in order for vacant land to qualify as blighted under these factors.

Summary Of Findings Regarding Obsolete Platting:

The result of obsolete platting of vacant land is parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-way for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easement for public utilities.

The vacant land located along the commercial corridors of the Area is obsolete in terms of current requirements for commercial development. The majority of these former commercial properties are platted as lots that range from twenty-four

(24) feet to fifty (50) feet wide by one hundred twenty-five (125) feet deep. These extremely narrow lots are obsolete in terms of contemporary commercial development standards. Lots of this size do not provide for adequate off-street parking and are limited in terms of reuse for commercial purposes. In most instances, for redevelopment to occur, multiple lots would have to be acquired to provide the minimal parking and setback requirements. In addition, many of the vacant residential portions of the Area also exhibit obsolete platting. The proximity to public rights-of-way and resubdivision has created parcels with unusual configurations that would be difficult to redevelop. The investigation of this factor indicated that obsolete platting was present on forty percent (40%), or three hundred fifty-seven (357) of the eight hundred eighty-three (883) vacant parcels in the Area.

Summary Of Findings Regarding Diversity Of Ownership:

Diversity of ownership refers to parcels of vacant land owned by so large a number of individuals or entities that the ability to assemble the land for development is retarded or impeded. Individual landowners own the majority of vacant lots in the Area. In other words, very few areas exist where multiple vacant lots in a block have been acquired and consolidated into single ownership. The primary exception to this condition is the property acquired by the City under the demolition-lien program (see discussion below). This is particularly the case in the residential portions of the vacant area. In all likelihood, redevelopment of the vacant portions of the Area will be difficult given the scattered nature and multiplicity of owners of the vacant lots on a given block. The investigation of this factor indicated that diversity of ownership was present on fifty-six percent (56%), or four hundred ninety-five (495) of the eight hundred eighty-three (883) vacant parcels in the Area.

Summary Of Findings Regarding Tax Delinquencies:

A majority of the City owned property in the Area was acquired under the tax reactivation program or demolition-lien program. In addition, as indicated in the Plan Appendix, Attachment Four, 2000 Estimated E.A.V. by Tax Parcel, five hundred fifty-three (553) parcels were delinquent in the payment of 1999 real estate taxes. Most of the parcels acquired under the demolition-lien or tax reactivation program were acquired within the last five (5) years. The investigation of this factor indicated that this factor was present on nineteen percent (19%), or one hundred seventy-one (171) of the eight hundred eighty-three (883) vacant parcels in the Area.

Summary Of Findings Regarding Deterioration Of Structures Or Site Improvements In Neighboring Areas Adjacent To The Vacant Land:

As indicated in the analysis of conservation area factors, approximately ninety-eight percent (98%) of buildings and ninety-seven percent (97%) of improved parcels exhibited deteriorated conditions. It was found that all of the vacant land is located on blocks that exhibited deterioration of improved parcels or buildings. Therefore, deterioration of structures or site improvements in neighboring areas adjacent to the vacant land was found to exist for all of the vacant land present in the Area.

Summary Of Findings Regarding Environmental Remediation:

Investigation did not document the presence of this factor.

Summary Of Findings Regarding Declining Or Sub-Par E.A.V. Growth:

As noted earlier in this section investigation of historic E.A.V. indicated that the presence of this factor did not exist.

With respect to this second set of factors for vacant land, only one (1) factor is required.

Summary Of Findings Regarding Blighted Improved Area Immediately Prior To Becoming Vacant:

As discussed previously, many of the properties indicated as vacant on (Sub)Exhibit B, Generalized Existing Land-Use Assessment Map contained in Attachment Two of the Plan Appendix, were acquired under the tax reaction program. It is evident from historic plats and photos that buildings once existed on many of these sites and demolition of these structures has occurred over time. Documentation of the conditions of many of the vacant parcels prior to becoming vacant is not available. Given the City's aggressive demolition and acquisition of dilapidated structures in the Area, it can be concluded that the demolished buildings were removed due to various factors that would have qualified the buildings as blighted. These conditions would have included:

- deterioration;
- dilapidation;
- obsolescence;

- presence of structures below minimum code standards;
- abandonment; and
- excessive vacancy.

However, for the purposes of this analysis, because the conditions of these properties could not be documented, this factor was not shown as present within the Area on Table 3-2.

H. Conclusion Of Investigation Of Eligibility Factors For The Vacant Portion Of The Redevelopment Project Area.

As indicated in the discussion above, and on Table 3-2, the factors required to qualify the vacant portion of the Area as a blighted area exist, that the presence of those factors were documented to a meaningful extent so that the City may reasonably find that the factors are clearly present within the intent of the Act, and that the factors were reasonably distributed throughout the vacant portion of the Area. A total of six hundred twenty-eight (628) vacant parcels, or seventy-one percent (71%) of the eight hundred eighty-three (883) vacant parcels, contained two (2) or more of the first set of factors for vacant land.

The tax increment program and redevelopment plan include measures designed to reduce or eliminate the deficiencies which cause the Area to qualify consistent with the strategy of the City of Chicago for revitalizing other designated redevelopment areas and industrial corridors. As documented in this investigation and analysis, it is clear that the vacant portion of the Area is impacted by a number of eligibility factors. The presence of these factors qualifies the vacant portion of the Area as a blighted area.

IV.

Summary And Conclusions.

The conclusions of PGAV -- Urban Consulting are that the number, degree and distribution of eligibility factors in the Area as documented in this Eligibility Study warrant: i) the designation of the improved portion of the Area as a conservation area, and ii) the designation of the vacant portion of the Area as a blighted area as set forth in the Act. Below is a summary table highlighting the factors found to exist in the Area that causes it to qualify.

A. Conservation Area Statutory Factors.

Factor ⁽¹⁾	Existing In Area ⁽²⁾
Age ⁽³⁾	96% of Buildings exceed 35 Years of Age
1. Dilapidation	Minor Extent
2. Obsolescence	Minor Extent
3. Deterioration	Major Extent
4. Illegal use of individual structures	Minor Extent
5. Presence of structures below minimum code standards	Minor Extent
6. Excessive vacancies	Minor Extent
7. Lack of ventilation, light or sanitary facilities	Minor Extent
8. Inadequate utilities	Major Extent
9. Excessive land coverage	Minor Extent
10. Deleterious land-use or layout	Major Extent
11. Environmental Clean-up	Not Present
12. Lack of community planning	Major Extent
13. Declining or sub-par E.A.V growth	Not Present

Notes:

-
- (1) Only three (3) factors are required by the Act for eligibility. Eleven (11) factors are present in the Area.
- (2) Factors found to exist on more than fifty percent (50%) of the structures or subareas in the Area were identified as being found to a major extent. Factors found to exist on less than fifty percent (50%) of the structures or subareas in the Area were identified as being found to a minor extent. Four (4) factors were found to exist to a major extent and seven (7) were found to exist to a minor extent.
- (3) Age, although not a blighting factor for designation, is a threshold that must be met before an Area can qualify as a conservation area.

B. Blighted Area Statutory Factors.

Factor	Existing In Vacant/ Unimproved Portion Of Area
1. Two (2) or more of the following factors:	Yes
i. Obsolete platting (present on forty percent (40%) of vacant parcels);	
ii. Diversity of ownership (present on fifty-six percent (56%) of vacant parcels);	
iii. Tax and assessment delinquencies (present on nineteen percent (19%) of vacant parcels);	
iv. Deterioration of structures in neighboring areas (present on one hundred percent (100%) of vacant parcels);	
v. Environmental remediation (not present);	
vi. Declining or subpar E.A.V. growth (not present);	
Or	
2. Area immediately prior to becoming vacant qualified as a blighted improved area;	Not Applicable
Or	
3. Area consists of unused quarry or quarries;	Not Applicable

Factor	Existing In Vacant/ Unimproved Portion Of Area
Or	
4. Area consists of unused railyards, rail tracks or railroad right-of-way;	Not Applicable
Or	
5. Area prior to designation is subject to chronic flooding caused by improvements;	Not Applicable
Or	
6. Area consists of unused disposal site containing earth, stone, building debris, et cetera;	Not Applicable
Or	
7. Area is not less than fifty (50) nor more than one hundred (100) acres and seventy-five percent (75%) is vacant;	Not Applicable

Note: Area qualifies per statutory requirements. Only one (1) factor is required by the Act.

Although it may be concluded that the mere presence of the stated eligibility factors noted above may be sufficient to make a finding of qualification as a conservation area or a vacant blighted area, this evaluation was made on the basis that the factors must be present to an extent that would lead reasonable persons to conclude that public intervention is appropriate or necessary. From the data presented in this report it is clear that the eligibility factors are reasonably distributed throughout the Area.

In addition, the Area on the whole has not been subject to growth and investment by private enterprise and is not expected to do so without the adoption of the Plan. Age and the requirements of contemporary commercial tenants and decline of residential areas have caused portions of the Area and its building stock to become obsolete and deteriorated and may result in further disinvestments that will not be overcome without action by the City. These conditions have been previously documented in this report. All properties within the Area will benefit from the T.I.F. program.

The conclusions presented in this Eligibility Study are those of the Consultant. The local governing body should review this Eligibility Study and, if satisfied with the summary of findings contained herein, adopt a resolution making a finding of a conservation area for the improved portion of the Area and a finding of a blighted area for the vacant portion of the Area and making this Eligibility Study a part of the public record.

The analysis contained herein was based upon data assembled by PGAV -- Urban Consulting. The study and survey of the Area indicate the requirements necessary for designation as a combination conservation area and a blighted area are present. Therefore, the Area qualifies as a combination conservation area and a vacant blighted area to be designated as a redevelopment project area and eligible for Tax Increment Financing under the Act.

Housing Impact Study

I.

Introduction.

The purpose of this study is to conduct a housing impact study for the Chicago/Central Park Redevelopment Project Area (Area) pursuant to the Illinois Tax Increment Allocation Redevelopment Act 65 ILCS 5/11-74.4-1, et seq., as amended (the "Act"). The approximately one hundred forty-nine (149) block Area is located in portions of three (3) communities (Humboldt Park, West Garfield Park and East Garfield Park) of the City of Chicago (City) and is located four (4) miles west of downtown Chicago. The Area contains approximately six hundred seventy-eight (678) acres and four thousand seven hundred thirty (4,730) total residential units.

As set forth in the Act, if a redevelopment plan for the Area results in the displacement of residents from ten (10) or more inhabited residential units, or if the Area contains seventy-five (75) or more inhabited residential units and the City is unable to certify that no displacement of residents will occur, the municipality shall prepare a housing impact study and incorporate the study in the feasibility report required by subsection (a) of Section 11-74.4-5 (sic) [Section 11.74-4-4.1], which for the purposes herein shall also be the "Chicago/Central Park Tax Increment Financing Redevelopment Plan and Project" (the "Plan").

Because the Area includes more than seventy-five (75) residential units and the City is unable to certify that no displacement of residents will occur, information regarding the potential impact on such residents and residential units is being provided in this Housing Impact Study. Appendix, (Sub)Exhibit H-1, Units That May Be Removed, of this Housing Impact Study, indicates the parcels of real property on which there are buildings containing residential units that may be removed and that, to the extent those units are inhabited, the residents thereof may be displaced. The number and type of residential buildings in the Area potentially affected by the Plan were identified during the building condition and land-use survey conducted as part of the Eligibility Study for the Area. A good faith estimate and determination of the number of residential units and rooms within each such building and whether such residential units were inhabited were based on a number of research and analytical tools including, where appropriate, physical building surveys, data received from building owners and managers, Cook County

tax assessment records and census data.

The survey of residential units was undertaken between March 1, 2001 and April 1, 2001. The Area contained four thousand six hundred twenty-two (4,622) inhabited residential units. The residential units are a combination of single-family and multi-family units. Because the Plan is intended to foster economic development activities which may result in the acquisition, renovation, and/or demolition of property, which may include residential units, the housing impact study is being prepared under the assumption that more than ten (10) occupied residential units may be displaced. However, it should be noted that at this time no proposals for the removal of such units has been presented and that one of the primary goals of the Plan is to provide mechanisms to aide in the construction and rehabilitation of new affordable residential housing.

As set forth in the Act:

Part I of the housing impact study shall include:

- (i) data as to whether the residential units are single-family or multi-family units;
- (ii) the number and type of rooms within the units, if that information is available;
- (iii) whether the units are inhabited or uninhabited, as determined not less than forty-five (45) days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 of the Act is passed; and
- (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units, which data requirement shall be deemed to be fully satisfied if based on data from the most recent federal census.

Part II of the housing impact study identifies the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify:

- (i) the number and location of those units that will or may be removed;
- (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed;

- (iii) the availability of replacement housing for those residents whose residences are to be removed, and identify the type, location and cost of the replacement housing; and
- (iv) the type and extent of relocation assistance to be provided.

II.

Housing Impact Study – Part I.

A. Number And Type Of Residential Units.

The Area contains one thousand forty-one (1,041) single-family residential units and three thousand six hundred eighty-nine (3,689) multi-family (buildings with two (2) or more units) units for a total of four thousand seven hundred thirty (4,730) residential units. Table H-1 below indicates the number and type of residential units and a breakdown by type of the number of units that were inhabited. This data was derived from field surveys of the Area conducted between March 1, 2001 and April 1, 2001:

Table H-1.

Number Of Housing Units By Type And Occupancy.

Unit Type	Vacant	Occupied	Total
Single-Family	17	1,024	1,041
Multi-Family	91	3,598	3,689
TOTAL:	108	4,622	4,730

B. Number And Type Of Rooms Within Units.

The majority of the Area is developed and limited new residential construction has occurred over the last decade. Data from the 1990 Census was used as the source for estimating the number of rooms and bedrooms contained within the residential units that are located in the Area. Table H-2, provided on the following page provides housing data for the census tracts within the Area (census tracts are identified on maps provided in the Appendix of this study).

Consistent with the field survey of residential units, the census data indicates that the majority of residential units in and surrounding the Area are multi-family units. In addition, the data suggest the following:

- about sixty-six percent (66%) of the units are renter occupied and thirty-four percent (34%) are owner occupied;
- about thirty-eight percent (38%) of the units are in duplex structures and about fourteen percent (14%) are single-family detached homes. Units in multi-family buildings with more than four (4) units represent about twenty-one percent (21%) of all units;
- about twenty-nine percent (29%) of the housing units contain six (6) rooms; five (5) room units are the second (2nd) most frequent size, representing twenty-three percent (23%) of all units, and nineteen percent (19%) of units contain four (4) rooms;
- about thirty-seven percent (37%) of all units have three (3) bedrooms, thirty-four percent (34%) have two (2) bedrooms, and twenty percent (20%) have one (1) bedroom.

Table H-3 provides household data for the census tracts that comprise portions of the Area.

Source: 1990 Census

In summary, the typical housing unit in the Area contains five (5) to six (6) rooms with two (2) to three (3) bedrooms and is likely to be located in a duplex or three (3) to four (4) unit building. The occupants are likely to be renters with family sizes generally consisting of four (4) persons. Household incomes are noticeably lower in the southern portion of the Area with the lowest household incomes found in census track 2601, which is located in the southwest portion of the Area.

C. Number Of Inhabited Units.

The Area contained one thousand twenty-four (1,024) occupied single-family units and three thousand five hundred ninety-eight (3,598) occupied multi-family units (including duplexes). There are a total of four thousand six hundred twenty-two (4,622) inhabited residential units in the Area. The distribution of inhabited residential units is indicated in Table H-1 above. The survey of residential units was undertaken between March 1, 2001 through April 1, 2001 and are dates not less than forty-five (45) days prior to the date that the resolution required by subsection (a) of Section 11-74.4-5 of the Act was or will be passed (the resolution setting the public hearing and Joint Review Board meeting dates).

D. Race And Ethnicity Of Residents.

Census data from 1990 and 2000 were used to track the change in population in the Area over the last decade and to determine the race and ethnicity of Area residents.

Table H-4, provided below, presents population data on the neighborhoods that the Area is located in.

Table H-4.

Chicago/Central Park Redevelopment Plan

1990 -- 2000.

Population	Humboldt Park	West Garfield Park	East Garfield Park
1990	67,573	24,095	24,030
2000	65,836	23,019	20,881
Percent Change 1990 -- 2000	-2.6%	-4.5%	-13.1%

Population By Race --

White	19.4%	0.7%	1.2%
Black	48.5%	98.4%	97.5%
American Indian, Eskimo, or Aleut	0.4%	0.0%	0.0%
Asian or Pacific Islander	0.5%	0.0%	0.1%
Other	28.5%	0.3%	0.3%
Multiple Race	2.4%	0.3%	0.5%
Hispanic Origin ⁽¹⁾	48.0%	0.8%	0.9%

(1) Persons of Hispanic Origin may be of any race.

The data presented in Table H-4 above reveals the following:

- All the neighborhoods that make up the Area lost population between 1990 and 2000.
- The racial composition of West and East Garfield Park (the southern portion of the Area) is almost entirely black and non-Hispanic. Humboldt Park is a more racially diverse area with approximately forty-nine percent (49%) black residents, nineteen percent (19%) white residents and twenty-nine percent (29%) reported as other. Approximately forty-eight percent (48%) of Humboldt Park residents are of Hispanic origin.

III.

Housing Impact Study -- Part 2.

A. Number And Location Of Units That Could Potentially Be Removed.

One of the primary goals of the Plan is to encourage maintenance, restoration and reuse of existing structures, to the maximum extent feasible. The establishment of the Area is intended to foster growth in existing communities. Although the Plan does not anticipate the removal of large numbers of residential units, the Area does contain a number of dilapidated buildings that contain residential uses. Dilapidation can gravely affect a building's safety and desirability and is the most severe of blighting factors. Accordingly, it is reasonable to conclude that dilapidated buildings may be targeted for redevelopment by developers, which may result in the removal of inhabited residential units.

Since no development proposals for the Area have been submitted to the City, it is impossible to determine whether the redevelopment or demolition of these buildings and the removal of any of their inhabited residential units would stem from projects that receive tax increment assistance (or other public projects that are implemented in furtherance of this Plan).

Hence, there is a possibility that over the twenty-three (23) year life of the Area, some inhabited residential units may be removed as a result of implementing the Plan. In order to meet the statutory requirement of defining the number and location of inhabited residential units that may be removed, a methodology was derived that would provide a reasonable estimate. The methodology used to fulfill the statutory requirements of defining the number and location of inhabited residential units that may be removed involved three (3) steps.

1. Step one counted all inhabited residential units previously identified on any underlying acquisition maps. For this purpose, the West Humboldt Park Chicago Avenue Redevelopment Plan was reviewed. However, the majority of the parcels identified for acquisition were vacant lots, vacant buildings or parcels that had been improved since the West Humboldt Park Chicago Avenue Redevelopment Area Acquisition Map was adopted. Therefore, the number of inhabited residential units that may be removed in this step is four (4). All of the Parcels within the Area identified for acquisition in the West Humboldt Park Chicago Avenue Redevelopment Plan are shown on (Sub)Exhibits H-1 and H-2 in the Appendix of this Study.
2. Step two counted the number of inhabited residential units contained on parcels that are dilapidated as defined by the Act. From field surveys conducted in preparation of the Plan, the parcels identified which:
1) dilapidation is present so that, within twenty-three (23) years, existing structures may be demolished or rehabilitated, and therefore may result in the removal of inhabited residential units; and 2) there also exists six (6) or more eligibility factors in addition to age and dilapidation (representing the highest number of eligibility factors on blocks in the Area). Therefore, the number of inhabited residential units that may be removed in this step is six hundred eighty-three (683).
3. Step three counted the number of inhabited residential units that exist where the future land-use indicated by the Plan will not include residential uses. Therefore, the number of inhabited residential units that may be removed from this step is fifty-three (53). All of the parcels within the Area identified in this step are identified on (Sub)Exhibit H-1 in the Appendix of this Study.

In summary, a total of seven hundred forty (740) occupied residential units were identified as units that may be removed in the Area. (Sub)Exhibit H-1, located in the Appendix of this Study, contains references to identify the units discussed above.

B. Relocation Plan.

The City's plans for relocation assistance for those qualified residents in the Area whose residences are to be removed shall be consistent with the requirements set forth in Section 11-74.4-3(n)(7) of the Act. The terms and conditions of such assistance are described in E. Relocation Assistance below. No specific relocation plan has been prepared by the City as of the date of this report because no redevelopment project has been approved by the City. Until such a redevelopment project is approved, there is no certainty that any removal of residences will actually

occur.

C. Replacement Housing.

In accordance with Section 11-74.4-3(n)(7) of the Act, the City shall make a good faith effort to ensure that affordable replacement housing for any qualified displaced residents whose residence is removed is located in or near the Area.

One of the primary purposes of this Plan is to redevelop portions of the Area (with emphasis on the vacant lots in residential areas) for residential uses. In addition, redevelopment of commercial buildings that may provide upper floor residential units could result from individual redevelopment projects. Many of the residential units identified above that may be removed are units in vacant or dilapidated buildings that need substantial upgrade. It is anticipated that if these units are removed, the majority of them will be replaced with residential units in the Area.

The development of affordable housing is provided for in the Plan. Developers who receive tax increment financing assistance for market-rate housing are to set aside, to the greatest extent possible, up to twenty percent (20%) of the units to meet affordability criteria established by the City's Department of Housing. Generally, this means that affordable for-sale units should be priced at a level that is affordable to households earning no more than one hundred twenty percent (120%) of the area median income (adjusted for family size), and affordable rental units should be affordable to households earning no more than eighty percent (80%) of the area median income (adjusted for family size).

Although two (2) types of residential buildings are represented in the Area (single-family and multi-family), residents can be categorized as either renters or owners. It is logical to use tenure, rather than building type, as the basis for discussing replacement housing, since a displaced renter would presumably seek a suitable replacement apartment without particular concern for the type of structure. Overall, renters make up approximately sixty-six percent (66%) and owner occupied housing represents thirty-four percent (34%) of the households in the Area.

Replacement Rental Housing.

A recent comprehensive study of the rental housing market in the Chicago metropolitan area concluded that, overall, there is a limited supply of quality affordable housing in the city and suburbs. *For Rent: Housing Options In The Chicago Region*, published by the Metropolitan Planning Council (M.P.C.), includes a current estimate of the number and types of rental units on the West Side of the City, which the study defines as the area north and west of the Chicago Sanitary and Ship Canal. According to the study, the West Side of Chicago has a total of one

hundred twenty thousand nine hundred (120,900) rental units, ninety-five and zero tenths percent (95.0%) of which were occupied. Table H-5 provided below provides information on this West Side inventory by unit type. The data are also broken out for small buildings, those that contain between two (2) and nine (9) units. Most of the rental inventory in the Area would fall in the category of small buildings.

Table H-5.

Chicago/Central Park Redevelopment Plan And Project
Housing Impact Study.

Supply Of Rental Housing On The West Side Of Chicago.

Unit Type	All Buildings		Small Buildings*	
	Vacancy	Average Rent	Vacancy	Average Rent
Studios	2.4%	\$499	N/A	N/A
One (1) bedroom	7.5%	625	4.8%	\$555
Two (2) bedrooms	4.7%	622	4.9%	592
Three (3) or more bedrooms	3.9%	639	3.8%	617
All units	5.0%	\$618	5.5%	\$693

* Small buildings have two (2) to nine (9) units.

Source: *For Rent: Housing Options In The Chicago Region*, published by Metropolitan Planning Council, November, 1999.

The following conclusions can be drawn from the M.P.C. study:

- The average monthly rent for all West Side apartments is Six Hundred Eighteen Dollars (\$618) per month. The rent is higher (Six Hundred Ninety-three Dollars (\$693)) for units in small buildings.
- Vacancy rates are generally consistent for all unit types in both small buildings and the overall market. The exception is one (1) bedroom units in the overall market that have a vacancy rate of seven and five tenths percent (7.5%).
- The vacancy rates for all unit types (with the exception of one (1) bedroom units) are below six percent (6%), the threshold set by the United States Department of Housing and Urban Development (H.U.D.) for a tight market. Within the Area the rental market is tight. Although, the rental market on the West Side is not as tight as in the overall Chicago region.

To get a snapshot picture of the available apartments within this general area, Goodman Williams Group examined advertisements listed on the *Chicago Sun-Times* web site on February 19, 2001. On that day, forty-six (46) apartments were advertised in the western sectors of the city. The locations of these apartments are listed on Table H-6.

The information obtained from the *Chicago Sun-Times* listings indicate that average monthly rents for the properties listed were below the averages revealed in the M.P.C. study for studio, one (1) bedroom, and two (2) bedroom units on the West Side of Chicago. Units with three (3) or more bedrooms in the *Chicago Sun-Times* listings were higher than the M.P.C. study. These data would indicate that renters in units with less than three (3) bedrooms would likely be able to find a replacement unit at or near the price that they are currently paying. However, renters of units with three (3) or more bedrooms may expect to pay prices closer to or above the West Side averages found in the M.P.C. Study.

Replacement For-Sale Housing.

Table H-7 presents data from the Chicago Association of Realtors showing trends in the number of home sales and sales prices in the three (3) community areas in which the Area is located. The data revealed the following:

- Sales activity has increased over the last three (3) years in Humboldt Park but remained relatively stable in East and West Garfield Park.
- Sales of multi-family buildings with two (2), three (3) or four (4) units are predominant in all three (3) community areas and show particularly strong numbers in Humboldt Park (this is also the prevalent residential building type).

- Attached units such as condominiums and lofts represent a very small share of home sales in the three (3) community areas.

The data suggest that likely sales of existing homes in all three (3) community areas, but particularly in Humboldt Park, have been driven by buyers' interest in attractively priced multi-family buildings. A Humboldt Park multi-family building sells for roughly three-quarters ($\frac{3}{4}$) of the citywide price. The numbers of sales and transaction prices are steadily rising for small-scale multi-family buildings -- the mainstay of the housing stock in the Area. However, this sales activity is not widespread throughout all of Humboldt Park.

Residential Development Pressures.

Much of the sales and development activity occurring near the Area is located in a portion of Humboldt Park that brokers refer to as West Bucktown in an attempt to draw upon the proven desirability of the Bucktown neighborhood. A January 27, 2001, feature story in the *Chicago Tribune* described the new construction and loft development occurring in an area bounded by Armitage Avenue (2000 north), Western Avenue (2400 west), North Avenue (1600 north) and California Avenue (2800 west). The staff writer states:

"There was general agreement [among the interviewees] that Armitage and Western are the north and east boundaries. Though there were some quibbles about whether North or Division (1200 north) was the south boundary, North won. California won over Kedzie for west".

Residential activity that is occurring near the Area is occurring in the northeast quadrant of the Humboldt Park community. The Chicago/Central Park Redevelopment Area is in the southwest portion of the Humboldt Park community and includes portions of west and east Garfield Park. Reinvestment similar to that occurring in other parts of the Humboldt Park community has not been realized in that portion of Humboldt Park located within the Area.

D. Replacement Housing Summary.

In general, the intent of the Plan is to facilitate development of affordable residential housing in areas that have lost population or where the condition of the housing stock is declining. Residential portions of the Area are designated for infill housing in the Plan. There are a significant number of vacant lots, which, if developed with housing, would enhance neighborhood stability and provide housing opportunities to help revive the Area. While certain units have been identified that "may be removed", in general, the majority of these units are being listed as such per requirements of the Act that relate to requirements of the Plan preparation. In reality, it is unlikely that many units would be removed.

The typical building type in the Area is a two (2) or three (3) flat structure with two (2) or three (3) bedrooms. Many of the vacant lots in the Area once contained similar structures. Development of two (2) and three (3) flat buildings may allow current residents to become homeowners, as well as create quality rental housing. In addition, many programs are available to assist in the development of replacement housing. These same programs are also available to assist in facilitating the construction of the new residential development envisioned by the Plan. Use of mechanisms that provide assistance to developers and residents including: conveyance of vacant lots; rehabilitation programs; new construction programs; and the use of T.I.F., may make such development more economically viable.

E. Relocation Assistance.

In the event that the implementation of the Plan results in the removal of residential housing units in the Area occupied by low-income households or very low-income households, or the permanent displacement of low-income households or very low-income households from such residential housing units, such households shall be provided affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations thereunder, including the eligibility criteria. The City shall make a good faith effort to ensure that affordable replacement housing for the aforementioned households is located in or near the Area.

As used in the above paragraph, "low-income households", "very low-income households" and "affordable housing" have the meanings set forth in Section 3 of the Illinois Affordable Housing Act, 310 ILCS 65/3. As of the date of this report, these statutory terms have the following meaning: (i) "low-income households" means a single person, family or unrelated persons living together whose adjusted income is more than fifty percent (50%) but less than eighty percent (80%) of the median income of the area of residence, adjusted for family size, as such adjusted income and median income are determined from time to time by the United States Department of Housing and Urban Development (H.U.D.) for purposes of Section 8 of the United States Housing Act of 1937; (ii) "very low-income household" means a single person, family or unrelated persons living together whose adjusted income is not more than fifty percent (50%) of the median income of the area of residence, adjusted for family size, as so determined by H.U.D.; and (iii) "affordable housing" means residential housing that, so long as the same is occupied by low-income households or very low-income households, requires payment of monthly housing costs, including utilities other than telephone, of no more than thirty percent (30%) of the maximum allowable income for such households, as applicable.

I, Jennifer Rampke, the duly authorized, qualified and executive secretary of the Community Development Commission of the City of Chicago, and the custodian of the records thereof, do hereby certify that I have compared the attached copy of a resolution adopted by the Community Development Commission of the City of Chicago at a regular meeting held on the eighteenth (18th) day of December, 2001 with the original resolution adopted at said meeting and recorded in the minutes of the Commission, and do hereby certify that said copy is a true, correct and complete transcript of said resolution.

Dated this eighteenth (18th) day of December, 2001.

(Signed) Jennifer Rampke
Assistant Secretary

Resolution Number 01-CDC-113 referred to in this Certificate reads as follows:

*Community Development Commission
Of The City Of Chicago*

Resolution 01-CDC-113

*Recommending To The City Council Of The
City Of Chicago For The Proposed
Chicago/Central Park
Redevelopment
Project Area:*

*Approval Of A Redevelopment Plan**Designation Of A Redevelopment Project Area**And**Adoption Of Tax Increment Allocation Financing.*

Whereas, The Community Development Commission (the "Commission") of the City of Chicago (the "City") has heretofore been appointed by the Mayor of the City with the approval of its City Council ("City Council", referred to herein collectively with the Mayor as the "Corporate Authorities") (as codified in Section 2-124 of the City's Municipal Code) pursuant to Section 5/11-74.4-4(k) of the Illinois Tax Increment Allocation Redevelopment Act, as amended (65 ILCS 5/11-74.4-1, et seq.) (the "Act"); and

Whereas, The Commission is empowered by the Corporate Authorities to exercise certain powers enumerated in Section 5/11-74.4-4(k) of the Act including the holding of certain public hearings required by the Act; and

Whereas, Staff of the City's Department of Planning and Development has conducted or caused to be conducted certain investigations, studies and surveys of the Chicago/Central Park Redevelopment Project Area, the street boundaries of which are described on (Sub)Exhibit A hereto (the "Area"), to determine the eligibility of the Area as a redevelopment project area as defined in the Act (a "Redevelopment Project Area") and for tax increment allocation financing pursuant to the Act ("Tax Increment Allocation Financing"), and previously has presented the following documents to the Commission for its review:

Chicago/Central Park Redevelopment Project Area Tax Increment Finance Program Redevelopment Plan and Project (including the eligibility Study and Housing Impact Study) (the "Plan"); and

Whereas, The Commission has heretofore passed Resolution 01-CDC-34 on May 8, 2001 that contains the information required by Section 5/11-74.4-4.16(a) of the Act to be included therein and that provides for the preparation of a feasibility study on designation of the Area as a Redevelopment Project Area and requires that such feasibility study include the preparation of the housing impact study set forth in Section 5/11-74.4-3(n)(5) of the Act, all as required by Section 5/11-74.4-4. 1(b) of the Act, which has resulted in the preparation of the Plan being presented to the Commission; and

Whereas, A public meeting (the "Public Meeting") was held in accordance and in compliance with the requirements of Section 5/11-74.4-6(e) of the Act on June 21, 2001 at 6:00 P.M. at The Chicago Commons Center, 3645 West Chicago Avenue, Chicago, Illinois, 60655 being a date not less than fourteen (14) business days before the mailing of the notice of the Hearing (hereinafter defined), pursuant to notice from the City's Commissioner of the Department of Planning and Development given on June 5, 2001, being a date not less than fifteen (15) days before the date of the Public Meeting, by certified mail to all taxing districts having real property in the proposed Area and to all entities requesting that information that have taken the steps necessary to register to be included on the interested parties registry for the proposed Area in accordance with Section 5/11-74.4.2 of the Act and, with a good faith effort, by regular mail to all residents and the last known persons who paid property taxes on real estate in the proposed Area (which good faith effort was satisfied by such notice being mailed to each residential address and the person or persons in whose name property taxes were paid on real property for the last preceding year located in the proposed Area), which to the extent necessary to effectively communicate such notice, was given in English and in other languages; and

Whereas, Prior to the adoption by the Corporate Authorities of ordinances approving a redevelopment plan, designating an area as a Redevelopment Project Area or adopting Tax Increment Allocation Financing for an area, it is necessary that the Commission hold a public hearing (the "Hearing") pursuant to Section 5/11-74.4-5(a) of the Act, convene a meeting of a joint review board (the "Board") pursuant to Section 5/11-74.4-5(b) of the Act, set the dates of such Hearing and Board meeting and give notice thereof pursuant to Section 5/11-74.4-6 of the Act; and

Whereas, The Plan was made available for public inspection and review since September 28, 2001, being a date not less than ten (10) days before the Commission meeting at which the Commission adopted Resolution 01-CDC-82 on October 9, 2001 fixing the time and place for the Hearing, at City Hall, 121 North LaSalle Street, Chicago, Illinois, in the following offices: City Clerk, Room 107 and Department of Planning and Development, Room 1000; and

Whereas, Notice of the availability of the Plan, including how to obtain this information, was sent by mail on October 17, 2001, which is within a reasonable time after the adoption by the Commission of Resolution 01-CDC-82 to: (a) all residential addresses that, after a good faith effort, were determined to be: (i) located within the Area and (ii) located within seven hundred fifty (750) feet of the boundaries of the Area (or, if applicable, were determined to be the seven hundred fifty (750) residential addresses that were closest to the boundaries of the Area); and (b) organizations and residents that were registered interested parties for such Area; and

Whereas, Notice of the Hearing by publication was given at least twice, the first publication being on November 20, 2001, a date which is not more than thirty (30) nor less than ten (10) days prior to the Hearing, and the second publication being on November 27, 2001, both in the *Chicago Sun-Times* or the *Chicago Tribune*, being newspapers of general circulation within the taxing districts having property in the Area; and

Whereas, Notice of the Hearing was given by mail to taxpayers by depositing such notice in the United States mail by certified mail addressed to the persons in whose names the general taxes for the last preceding year were paid on each lot, block, tract or parcel of land lying within the Area, on November 20, 2001, being a date not less than ten (10) days prior to the date set for the Hearing; and where taxes for the last preceding year were not paid, notice was also mailed to the persons last listed on the tax rolls as the owners of such property within the preceding three (3) years; and

Whereas, A good faith effort was made to give notice of the Hearing by mail to all residents of the Area by, at a minimum, giving notice by mail to each residential address located in the Area, which to the extent necessary to effectively communicate such notice was given in English and in the predominant language of residents of the Area other than English on November 20, 2001, being a date not less than ten (10) days prior to the date set for the Hearing; and

Whereas, Notice of the Hearing was given by mail to the Illinois Department of Commerce and Community Affairs ("D.C.C.A.") and members of the Board (including notice of the convening of the Board), by depositing such notice in the United States mail by certified mail addressed to D.C.C.A. and all Board members, on October 24, 2001, being a date not less than forty-five (45) days prior to the date set for the Hearing; and

Whereas, Notice of the Hearing and a copy of the Plan were sent by mail to taxing districts having taxable property in the Area, by depositing such notice and documents in the United States mail by certified mail addressed to all taxing districts having taxable property within the Area, on October 24, 2001, being a date not less than forty-five (45) days prior to the date set for the Hearing; and

Whereas, The Hearing was held on December 18, 2001 at 2:00 P.M. at City Hall, Room 201, 121 North LaSalle Street, Chicago, Illinois, as the official public hearing, and testimony was heard from all interested persons or representatives of any affected taxing district present at the Hearing and wishing to testify, concerning the Commission's recommendation to City Council regarding approval of the Plan, designation of the Area as a Redevelopment Project Area and adoption of Tax Increment Allocation Financing within the Area; and

Whereas, The Board meeting was convened on November 9, 2001 at 10:00 A.M. (being a date at least fourteen (14) days but not more than twenty-eight (28) days after the date of the mailing of the notice to the taxing districts on October 24, 2001) in Room 1003A, City Hall, 121 North LaSalle Street, Chicago, Illinois, to review the matters properly coming before the Board to allow it to provide its advisory recommendation regarding the approval of the Plan, designation of the Area as a Redevelopment Project Area, adoption of Tax Increment Allocation Financing within the Area and other matters, if any, properly before it, all in accordance with Section 5/11-74.4-5(b) of the Act; and

Whereas, The Commission has reviewed the Plan, considered testimony from the Hearing, if any, the recommendation of the Board, if any, and such other matters or studies as the Commission deemed necessary or appropriate in making the findings set forth herein and formulating its decision whether to recommend to City Council approval of the Plan, designation of the Area as a Redevelopment Project Area and adoption of Tax Increment Allocation Financing within the Area; now, therefore,

Be It Resolved by the Community Development Commission of the City of Chicago:

Section 1. The above recitals are incorporated herein and made a part hereof.

Section 2. The Commission hereby makes the following findings pursuant to Section 5/11-74.4-3(n) of the Act or such other section as is referenced herein:

a. the Area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be expected to be developed without the adoption of the Plan;

b. the Plan:

(i) conforms to the comprehensive plan for the development of the City as a whole; or

(ii) either: (A) conforms to the strategic economic development or redevelopment plan issued by the Chicago Plan Commission, or (B) includes land uses that have been approved by the Chicago Plan Commission;

c. the Plan meets all of the requirements of a redevelopment plan as defined in the Act and, as set forth in the Plan, the estimated date of completion of the projects described therein and retirement of all obligations issued to finance redevelopment project costs is not later than December 31st of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 5/11-74.4-8 of the Act is to be made with respect to ad valorem taxes

levied in the twenty-third (23rd) calendar year following the year of the adoption of the ordinance approving the designation of the Area as a redevelopment project area and, as required pursuant to Section 5/11-74.4-7 of the Act, no such obligation shall have a maturity date greater than twenty (20) years;

d. to the extent required by Section 5/11-74.4-3(n)(6) of the Act, the Plan incorporates the housing impact study, if such study is required by Section 5/11-74.4-3(n)(5) of the Act;

e. the Area includes only those contiguous parcels of real property and improvements thereon that are to be substantially benefitted by proposed Plan improvements, as required pursuant to Section 5/11-74.4-4(a) of the Act;

f. as required pursuant to Section 5/11-74.4-3(p) of the Act:

(i) the Area is not less, in the aggregate, than one and one-half (1½) acres in size; and

(ii) conditions exist in the Area that cause the Area to qualify for designation as a redevelopment project area and a conservation area as defined in the Act;

g. if the Area is qualified as a "blighted area", whether improved or vacant, each of the factors necessary to qualify the Area as a Redevelopment Project Area on that basis is: (i) present, with that presence documented to a meaningful extent so that it may be reasonably found that the factor is clearly present within the intent of the Act, and (ii) reasonably distributed throughout the improved part or vacant part, as applicable, of the Area as required pursuant to Section 5/11-74.4-3(a) of the Act.

Section 3. The Commission recommends that the City Council approve the Plan pursuant to Section 5/11-74.4-4 of the Act.

Section 4. The Commission recommends that the City Council designate the Area as a Redevelopment Project Area pursuant to Section 5/11-74.4-4 of the Act.

Section 5. The Commission recommends that the City Council adopt Tax Increment Allocation Financing within the Area.

Section 6. If any provision of this resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this resolution.

Section 7. All resolutions, motions or orders in conflict with this resolution are hereby repealed to the extent of such conflict.

Section 8. This resolution shall be effective as of the date of its adoption.

Section 9. A certified copy of this resolution shall be transmitted to the City Council.

Adopted: December 18, 2001.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, It is desirable and in the best interest of the citizens of the City of Chicago, Illinois (the "City") for the City to implement tax increment allocation financing ("Tax Increment Allocation Financing") pursuant to the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended (the "Act"), for a proposed redevelopment project area to be known as the Chicago/Central Park Redevelopment Project Area (the "Area") described in Section 2 of this ordinance, to be redeveloped pursuant to a proposed redevelopment plan and project (the "Plan"); and

WHEREAS, A public meeting ("Public Meeting") was held in compliance with the requirements of Section 5/11-7404-6(e) of the Act on June 21, 2001 at 6:00 P.M. at The Chicago Commons Center, 3645 West Chicago Avenue, Chicago, Illinois 60651; and

WHEREAS, The Plan (including the related eligibility report attached thereto as an exhibit and, if applicable, the feasibility study and the housing impact study) was made available for public inspection and review pursuant to Section 5/11-74.4-5(a) of the Act since September 28, 2001, being a date not less than ten (10) days before the meeting of the Community Development Commission of the City ("Commission") at which the Commission adopted Resolution 01-CDC-82 on October 9, 2001, accepting the Plan for review and fixing the time and place for a public hearing ("Hearing"), at the offices of the City Clerk and the City's Department of Planning and Development; and

WHEREAS, Pursuant to Section 5/11-74.4-5(a) of the Act, notice of the availability of the Plan (including the related eligibility report attached thereto as an exhibit and, if applicable, the feasibility study and the housing impact study) was sent by mail on October 17, 2001, which is within a reasonable time after the adoption by the Commission of Resolution 01-CDC-82 to: (a) all residential addresses that, after a good faith effort, were determined to be (i) located within the Area and (ii) located within seven hundred fifty (750) feet of the boundaries of the Area (or, if applicable, were determined to be the seven hundred fifty (750) residential addresses that were closest to the boundaries of the Area); and (b) organizations and residents that were registered interested parties for such Area; and

WHEREAS, A meeting of the joint review board established pursuant to Section 5/11-74.4-5(b) of the Act (the "Board") was convened upon the provision of due notice on November 9, 2001 at 10:00 A.M. to review the matters properly coming before the Board and to allow it to provide its advisory recommendation regarding the approval of the Plan, designation of the Area as a redevelopment project area pursuant to the Act and adoption of Tax Increment Allocation Financing within the Area, and other matters, if any, properly before it; and

WHEREAS, Pursuant to Sections 5/11-74.4-5 of the Act, the Commission held the Hearing concerning approval of the Plan, designation of the Area as a redevelopment project area pursuant to the Act and adoption of Tax Increment Allocation Financing within the Area pursuant to the Act on December 18, 2001; and

WHEREAS, The Commission has forwarded to the City Council a copy of its Resolution 01-CDC-113, recommending to the City Council approval of the Plan, among other related matters; and

WHEREAS, The City Council has heretofore approved the Plan, which was identified in An Ordinance Of The City Of Chicago, Illinois, Approving A Redevelopment Plan For The Chicago/Central Park Redevelopment Project Area; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Recitals. The above recitals are incorporated herein and made a part hereof.

SECTION 2. The Area. The Area is legally described in Exhibit A attached hereto and incorporated herein. The street location (as near as practicable) for the Area is described in Exhibit B attached hereto and incorporated herein. The map of the Area is depicted on Exhibit C attached hereto and incorporated herein.

SECTION 3. Findings. The Corporate Authorities hereby make the following findings:

a. the Area includes only those contiguous parcels of real property improvements thereon that are to be substantially benefitted by proposed Plan improvements, as required pursuant to Section 5/11-74.4-4(a) of the Act;

b. as required pursuant to Section 5/11-74.4-3(p) of the Act:

(i) the Area is not less, in the aggregate, than one and one-half (1½) acres in size; and

(ii) conditions exist in the Area that cause the Area to qualify for designation as a redevelopment project area and a combination conservation area and vacant blighted area as defined in the Act;

c. if the Area is qualified as a "blighted area", whether improved or vacant, each of the factors necessary to qualify the Area as a redevelopment project area on that basis is (i) clearly present within the intent of the Act and with that presence documented to a meaningful extent, and (ii) reasonably distributed throughout the improved part or vacant part, as applicable, of the Area as required pursuant to

Section 5/11-74.4-3(a) of the Act;

d. if the Area is qualified as a "conservation area", the combination of the factors necessary to qualify the Area as a redevelopment project area on that basis is detrimental to the public health, safety, morals or welfare, and the Area may become a blighted area.

SECTION 4. Area Designated. The Area is hereby designated as a redevelopment project area pursuant to Section 5/11-74.4-4 of the Act.

SECTION 5. Invalidity Of Any Section. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this ordinance.

SECTION 6. Superseder. All ordinances, resolutions, motions or orders in conflict with this ordinance are hereby repealed to the extent of such conflict.

SECTION 7. Effective Date. This ordinance shall be in full force and effect immediately upon its passage.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, It is desirable and in the best interest of the citizens of the city of Chicago, Illinois (the "City") for the City to implement tax increment allocation financing ("Tax Increment Allocation Financing") pursuant to the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended (the "Act"), for a proposed redevelopment project area to be known as the Chicago/Central Park Redevelopment Project Area (the "Area") described in Section 2 of this ordinance, to be redeveloped pursuant to a proposed redevelopment plan and project (the "Plan"); and

WHEREAS, The Community Development Commission of the City has forwarded to the City Council of the City ("City Council") a copy of its Resolution 01-CDC-113, recommending to the City Council the adoption of Tax Increment Allocation Financing for the Area, among other things; and

WHEREAS, As required by the Act, the City has heretofore approved the Plan, which was identified in An Ordinance Of The City Of Chicago, Illinois, Approving A Redevelopment Plan For The Chicago/ Central Park Redevelopment Project Area and has heretofore designated the Area as a redevelopment project area by passage of An Ordinance Of The City Of Chicago, Illinois, Designating The Chicago/ Central Park Redevelopment Project Area A Redevelopment Project Area Pursuant To The Tax Increment Allocation Redevelopment Act and has otherwise complied with all other conditions precedent required by the Act; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Recitals. The above recitals are incorporated herein and made a part hereof.

SECTION 2. Tax Increment Allocation Financing Adopted. Tax Increment Allocation Financing is hereby adopted pursuant to Section 5/11-74.4-8 of the Act to finance redevelopment project costs as defined in the Act and as set forth in the Plan within the Area legally described in Exhibit A attached hereto and incorporated herein. The street location (as near as practicable) for the Area is described in Exhibit B attached hereto and incorporated herein. The map of the Area is depicted in Exhibit C attached hereto and incorporated herein.

SECTION 3. Allocation Of Ad Valorem Taxes. Pursuant to the Act, the ad valorem taxes, if any, arising from the levies upon taxable real property in the Area by taxing districts and tax rates determined in the manner provided in Section 5/11-74.4-9(c) of the Act each year after the effective date of this ordinance

until redevelopment project costs and all municipal obligations financing redevelopment project costs incurred under the Act have been paid, shall be divided as follows:

a. that portion of taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each such taxable lot, block, tract or parcel of real property in the Area shall be allocated to, and when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of Tax Increment Allocation Financing; and

b. that portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract or parcel of real property in the Area over and above the initial equalized assessed value of each property in the Area shall be allocated to, and when collected, shall be paid to the City Treasurer who shall deposit said taxes into a special fund, hereby created, and designed the "Chicago/Central Park Redevelopment Project Area Special Tax Allocation Fund" of the City for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof.

SECTION 4. Invalidity Of Any Section. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this ordinance.

SECTION 5. Superseder. All ordinances, resolutions, motions or orders in conflict with this ordinance are hereby repealed to the extent of such conflict.

SECTION 6. Effective Date. This ordinance shall be in full force and effect immediately upon its passage.

AUTHORIZATION FOR PAYMENT OF HOSPITAL, MEDICAL AND
NURSING SERVICES RENDERED CERTAIN INJURED
MEMBERS OF POLICE AND FIRE
DEPARTMENTS.

The Committee on Finance submitted the following report:

CHICAGO, February 27, 2002.

To the President and Members of the City Council:

Your Committee on Finance, having had under consideration an order authorizing the payment of hospital and medical expenses of police officers and fire fighters injured in the line of duty, having had the same under advisement, begs leave to report and recommend that Your Honorable Body *Pass* the proposed order transmitted herewith.

This recommendation was concurred in by a viva voce vote of the members of the Committee.

Respectfully submitted,

(Signed) EDWARD M. BURKE,
Chairman.

On motion of Alderman Burke, the said proposed order transmitted with the foregoing committee report was *Passed* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Beavers, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Nays -- None.

Alderman Natarus moved to reconsider the foregoing vote. The motion was lost.

The following is said order as passed:

Ordered, That the City Comptroller is authorized and directed to issue vouchers, in conformity with the schedule herein set forth, to physicians, hospitals, nurses or other individuals, in settlement for hospital, medical and nursing services rendered to the injured members of the Police Department and/or the Fire Department herein named. The payment of any of these bills shall not be construed as an approval of any previous claims pending future claims for expenses or benefits on account of any alleged injury to the individuals named. The total amount of said claims is set opposite the names of the injured members of the Police Department and/or the Fire Department, and vouchers are to be drawn in favor of the proper claimants and charged to Account Number 100.9112.937:

Be It Further Ordered, That the City Comptroller is authorized and directed to issue warrants, in conformity with the schedule herein set forth, to physicians, hospitals, nurses or other individuals, in settlement for hospital, medical and nursing services rendered to the injured members of the Police Department and/or Fire Department herein named, provided such members of the Police Department and/or Fire Department shall enter into an agreement in writing with the City of Chicago to the effect that, should it appear that any of said members of the Police Department and/or Fire Department have received any sum of money from the party whose negligence caused such injury, or have instituted proceedings against such party for the recovery of damage on account of such injury or medical expenses, then in that event the City shall be reimbursed by such member of the Police Department and/or Fire Department out of any sum that such member of the Police Department and/or Fire Department has received or may hereafter receive from such third party on account of such injury or medical expenses, not to exceed the expense in accordance with Opinion Number 1422 of the Corporation Counsel of said City, dated March 19, 1926. The payment of any of these bills shall not be construed as approval of any previous claims pending or future claims for expenses or benefits on account of any alleged injury to the individuals named. The total amount of such claims, as allowed, is set opposite the names of the injured members of the Police Department and/or Fire Department and warrants are to be drawn in favor of the proper claimants and charged to Account Number 100.9112.937:

COMMITTEE ON AVIATION.

AUTHORIZATION FOR MODIFICATION OF GROUND LEASE AND
EXECUTION OF SUBLEASE AGREEMENT WITH O'HARE
TECH CENTER II, L.L.C. FOR WILLOW CREEK SITE
AT CHICAGO O'HARE INTERNATIONAL AIRPORT.

The Committee on Aviation submitted the following report:

CHICAGO, February 27, 2002.

To the President and Members of the City Council:

Your Committee on Aviation, having under consideration a communication from The Honorable Richard M. Daley, Mayor (which was referred on February 6, 2002) at the request of the Commissioner of Aviation, transmits an ordinance authorizing the execution of a sublease between the City of Chicago and O'Hare Tech Center II, L.L.C., begs leave to recommend that Your Honorable Body *Pass* the proposed ordinance which is transmitted herewith.

This recommendation was concurred in by a viva voce vote of the members of the Committee, with no dissenting vote.

Respectfully submitted,

(Signed) PATRICK J. LEVAR,
Chairman.

On motion of Alderman Levar, the said proposed ordinance transmitted with the foregoing committee report was *Passed* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Beavers, Stroger, Beale, Pope, Balcer, Frias, Olivo, T. Thomas, Coleman, L. Nays -- None.

Alderman Natarus moved to reconsider the foregoing vote. The motion was lost.

Alderman Burke invoked Rule 14 of the City Council's Rules of Order and Procedure, disclosing that he had represented parties to this ordinance in previous and unrelated matters.

The following is said ordinance as passed:

WHEREAS, The City of Chicago (the "City") is a duly constituted and existing municipality within the meaning of Section 1, Article VII of the 1970 Constitution of the State of Illinois (the "Constitution") and is a home rule unit of local government under Section 6(a), Article VII of the Constitution; and

WHEREAS, The City owns and operates an airport known as Chicago O'Hare International Airport (the "Airport") and possesses the power and authority to lease premises and facilities and to grant rights and privileges with respect thereto; and

WHEREAS, The City intends to lease to O'Hare Tech Center II, L.L.C. (the "Company"), an approximately forty-nine (49) acre parcel of land on the Airport, known as the "Willow Creek Site" (the "Leased Premises"), for development by the Company of commercial air cargo facilities pursuant to a lease (the "Ground Lease") as authorized by an ordinance approved by this City Council on July 25, 2001 (the "Original Ordinance"); and

WHEREAS, The City has approved the Company's plan to construct and lease four (4) buildings on the Leased Premises, and the City desires to sublease from the Company one (1) of the four (4) buildings for Airport purposes; and

WHEREAS, The City and the Company desire to modify certain provisions of the Ground Lease approved by the Original Ordinance; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are hereby incorporated by reference as if fully set forth herein.

SECTION 2. The Commissioner of the Department of Aviation (the "Commissioner") is hereby authorized (i) to negotiate and execute a sublease and (ii) to execute the Ground Lease modified from the form of Ground Lease attached to and approved by the Original Ordinance, all in substantial accordance with the term sheet attached hereto as "Exhibit 1" and incorporated in this ordinance by this reference.

SECTION 3. The Commissioner and other City officers are authorized to take any and all actions and to execute any and all documents, certificates and instruments as may be necessary or desirable to implement the objectives of this ordinance.

SECTION 4. This ordinance shall be in full force and effect as of the date of its passage and approval.

Exhibit 1 referred to in this ordinance reads as follows:

*Exhibit 1.**Term Sheet For Sublease From O'Hare Tech
Center II L.L.C. To City Of Chicago.*

Parties: City of Chicago (the "City"), as sublessee, and O'Hare Tech Center II L.L.C. (the "Company"), as sublessor.

Subleased Premises: Approximately nine and seventy-nine hundredths (9.79) acres at Chicago O'Hare International Airport (the "Airport") at the "Willow Creek Site" bounded by Touhy Avenue on the north and Lee Street on the east, together with improvements consisting of a building (the "Building") to be constructed by the Company containing not more than one hundred thirty thousand (130,000) square feet of warehouse and office space, loading dock, outdoor screened storage area, parking and landscaping (the "Related Improvements"). Subleased Premises are part of larger forty-nine (49) acre parcel of land (the "Development") to be leased to the Company by the City under a long-term ground lease (the "Ground Lease"). Depiction of the Subleased Premises and the Development is attached as Attachment 1.

Use: Subleased Premises will be used for warehouse and skilled trades and any other lawful use, subject only to restrictions in use which may be imposed relating to tax-exempt bonds proposed to be issued by the City to finance implementation of the Development.

Commencement Date: The Sublease term will commence thirty (30) days after substantial completion of the building and Related Improvements. Completion is anticipated for July, 2003, and Sublease commencement for August, 2003.

- Term:** The initial Sublease term is approximately fifteen (15) years and will extend from the commencement date of the Sublease to May 11, 2018. The Sublease provides for four (4) ten (10) year extensions at the option of the City, and a final extension option of the City coterminous with the final expiration of the Ground Lease.
- Rent:** Ten and 03/100 Dollars (\$10.03) per square foot per year, subject to three percent (3%) increase each lease year after the first year during initial term. Rent during extension terms shall be the fair rental value of Premises for warehouse space (without custom features) based on agreement or appraisal, taking into consideration the age of the facility (less deductions for ground rent under the Ground Lease).
- Expenses:** City to pay its pro rata share of common expenses for operating and maintaining the Development and certain expenses for operating and maintaining the Subleased Premises, the total estimated at approximately One and no/100 Dollars (\$1.00) per square foot of the building (subject to an annual increase for inflation).
- Real Estate Taxes:** Parties anticipate that the leasehold under the Ground Lease will be tax exempt as the fee parcel is exempt and the Subleased Premises will be used and occupied by the City. If there are taxes on the leasehold, City will pay such taxes.
- Utilities:** City will pay for utilities used at the Subleased Premises.
- Design:** Company will design improvements in accordance with outline specifications and drawings provided by City. Plans will be subject to City's approval. Company will meet approved design schedule.
- Construction:** Company will construct improvements in accordance with approved plans. Company will meet approved construction schedule.

Schedule:	Design and construction schedule will be approved by City. There will be mutually agreed economic consequences for Company's failure to meet schedules.
Subletting and Assignment:	No consent for Sublease or assignment of subleasehold by the City will be required so long as City remains an obligor for payment of rent. City may include additional requirements in the Sublease which City agrees would be binding on an assignee or subtenant other than the City.
Maintenance:	City to maintain interior of Subleased Premises. Company to maintain and replace roof and structural components of building, and common areas, such as roads, utilities and landscaping.
Authorized Modifications Of Ground Lease Provisions:	The Ground Lease may be modified as described below. The City is authorized to permit the company to deduct fifty-seven cents (57¢) per square foot of the base rent, plus any escalations under the Ground Lease, payable by the Company with respect to the land included in the Subleased Premises while the Sublease to the City is in effect, because such amounts have not been included in the rent payable under the Sublease. City may elect to suspend or waive requirement of the Ground Lease as they relate to the Subleased Premises.

**COMMITTEE ON THE BUDGET AND
GOVERNMENT OPERATIONS.**

**AUTHORIZATION FOR AMENDMENT OF GRANT AGREEMENT
WITH CHICAGO CHRISTIAN INDUSTRIAL LEAGUE.**

The Committee on the Budget and Government Operations submitted the following report:

CHICAGO, February 27, 2002.

To the President and Members of the City Council:

Your Committee on the Budget and Government Operations, having had under consideration a proposed ordinance authorizing an amendment to an ordinance previously passed (August 30, 2000, *Journal of the Proceedings of the City Council*, page 39626) concerning the execution of an amendment to a grant agreement between the City of Chicago and the Chicago Christian Industrial League necessary to increase the allocation of Empowerment Zone/Enterprise Community Grant Funds, having had the same under advisement, begs leave to report and recommend that Your Honorable Body *Pass* the proposed ordinance transmitted herewith.

This recommendation was concurred in by a viva voce vote of the members of the Committee.

Respectfully submitted,

(Signed) WILLIAM M. BEAVERS,
Chairman.

On motion of Alderman Wojcik, the said proposed ordinance transmitted with the foregoing committee report was *Passed* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Carothers, Wojcik, Suarez, Matlak, Mell, Austin, Colom, Banks, Mitts, Allen, Laurino, O'Connor, Doherty, Natarus, Daley, Hansen, Levar, Shiller, M. Smith, Moore, Stone -- 47.

Nays -- None.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, The City of Chicago ("City") is a home rule unit of government under Section 6(a), Article VII of the 1970 Constitution of the State of Illinois, and may exercise any power related to its local governmental affairs; and

WHEREAS, In Title XIII of the Omnibus Budget Reconciliation Act of 1993 (Public Law 103-66) the Congress of the United States authorized the United States Department of Housing and Urban Development ("H.U.D.") to designate no more than six (6) Empowerment Zones ("E.Z.s") and not more than sixty-five (65) Enterprise Communities ("E.C.s") in urban areas of the United States; and

WHEREAS, E.Z.s and E.C.s are authorized for economically disadvantaged areas, and are intended to be areas of concentrated economic development activity, development through implementation of strategic plans involving economic opportunity, sustainable community development, community-based partnership and strategic vision for change of the affected community; and

WHEREAS, Pursuant to ordinances passed by the City Council of the City of Chicago ("City Council") on April 13, 1994 (published at pages 48383 -- 48392 of the *Journal of the Proceedings of the City Council* of that date) and on May 18, 1994 (published at pages 50685 -- 50708 of the *Journal of the Proceedings of the City Council* of that date), the City's Commissioner of Planning and Development submitted the City's application for designation of one (1) E.Z. and/or one (1) or more E.C.s within eligible areas in the City; and

WHEREAS, H.U.D. approved the City's application for designation of certain portions of the City as E.Z. areas on December 21, 1994 (such portions of the City being hereinafter referred to as the "E.Z. Area"), making the City eligible to receive One Hundred Million Dollars (\$100,000,000) in E.Z. funds from the United States Department of Health and Human Services ("H.H.S."); and

WHEREAS, H.H.S. has awarded One Hundred Million Dollars (\$ 100,000,000) of Title XX Social Security Block Grant funds ("E.Z. Funds") to the State of Illinois, Department of Public Aid ("I.D.P.A.") for use by the City for projects benefitting residents of the E.Z. Area ("E.Z. Eligible Projects"); and

WHEREAS, The I.D.P.A. and the City have entered into a grant agreement with an effective date of July 1, 1995 (the "E.Z. Grant Agreement"), pursuant to which I.D.P.A. has granted the E.Z. Funds to the City for E.Z. Eligible Projects; and

WHEREAS, The State of Illinois approved the City's application for designation of certain portions of the City as a non-federally designated Enterprise Community ("E.C.")(such portions of the City being hereinafter referred to as the "E.C. Area", and the E.Z. Area and E.C. Area collectively referred to as the "E.Z./E.C. Areas"), making the City eligible for State funds ("E.C. Funds", and the E.Z. Funds and E.C. Funds collectively referred to as the "E.Z./E.C. Funds") to support the federally designated empowerment zone and non-federally designated enterprise communities ("E.C. Eligible Projects"); and

WHEREAS, The I.D.P.A. and the City have entered into a grant agreement with an effective date of July 1, 1995 (the "E.C. Grant Agreement"), pursuant to which I.D.P.A. has granted the E.C. Funds to the City for E.C. Eligible Projects; and

WHEREAS, Pursuant to Chapter 2-151 of the Municipal Code of Chicago, an Empowerment Zone/Enterprise Community Coordinating Council (the "Coordinating Council") was created for various purposes related to the E.Z.s and the E.C.s, including: (a) to coordinate the implementation and periodic revision of E.Z./E.C. strategic plans; (b) to advise the City and other participating governmental units on all aspects of strategic plan implementation, including allocation of E.Z./E.C. Funds awarded to the City for the E.Z./E.C. Areas in accordance with the strategic plan; and (c) to receive, review and make recommendations on all applications for allocations of E.Z./E.C. funds, including the E.Z./E.C. Funds; and

WHEREAS, Chapter 2-151 also provides that the Coordinating Council shall submit its recommendations for the use of E.Z./E.C. funds to the City Council through the City's Budget Director; and

WHEREAS, The Coordinating Council has issued requests for proposals for the use of the E.Z./E.C. Funds, has considered various proposals, and has recommended approval of several proposals for the use of E.Z./E.C. Funds to further assist and benefit E.Z./E.C. Area residents to the City Council; and

WHEREAS, The City Council acknowledges the value of the proposals for the use of E.Z./E.C. Funds in the E.Z./E.C. Areas for which the Coordinating Council has recommended approval and that the proposals will serve numerous social and economic policy objectives, including, but not specifically limited to, one (1) or more of the goals and/or program options set forth in those parts of the H.U.D. E.Z.

regulations found at 24 C.F.R. §§ 597.200(d)(12)(ii) through 597.200(d)(12)(v), 24 C.F.R. §§ 597.200(g), and/or in the United Code, Title 42, Chapter 7 -- Social Security, Subchapter XX -- Block Grants to States for Social Services found at 42 U.S.C. § 1397f; and

WHEREAS, The Coordinating Council has approved revisions to the E.Z./E.C. Projects contained in Sections 2 and 3, hereinafter, to increase the amount of E.Z./E.C. Funds which may be allocated to these projects; and

WHEREAS, The City Council acknowledges the value of the proposals for the use of E.Z./E.C. Funds in the E.Z./E.C. Areas for which the Coordinating Council has recommended approval and that the proposals will serve numerous social and economic policy objectives, including, but not specifically limited to, one (1) or more of the goals and/or program options set forth in those parts of the H.U.D. E.Z. regulations found at 24 C.F.R. §§ 597.200(d)(12)(ii) through 597.200(d)(12)(v), 24 C.F.R. §§ 597.200(g), and/or in the United Code, Title 42, Chapter 7-- Social Security, subchapter XX -- Block Grants to States for Social Services found at 42 U.S.C. § 1397f; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. All of the above recitals are expressly adopted herein as the legislative findings of the City Council and incorporated herein and made a part of this ordinance.

SECTION 2. The grant award contained in the ordinance identified below shall be revised as follows:

The project description of the Chicago Christian Industrial League, which appears in an ordinance passed by the City Council on August 30, 2000, and was published in the *Journal of the Proceedings of the City Council* on page 39626 of that date, shall be revised to increase the amount of E.Z./E.C. Funds by an additional One Million and no/100 Dollars (\$1,000,000.00), from Two Million and no/100 Dollars (\$2,000,000.00) to Three Million and no/100 Dollars (\$3,000,000.00).

Subject to the approval of the Corporation Counsel, as to form and legality, the Office of Budget and Management, and its Budget Director, or a designee of the Director ("Director"), are hereby authorized (A) to use such monies for the purposes of the programs, and (B) to execute other agreements and instruments, and to perform any and all acts as shall be necessary or advisable in connection with the implementation of the programs. Upon receipt of such proper documentation the Director is hereby authorized to disburse the E.Z./E.C. Funds to the grantees for the programs described in paragraph 2, above, subject to the terms and conditions

acceptable to the Director and in accordance with the goals and purposes of the federal E.Z. legislation and regulations, and the State legislation and regulations.

SECTION 3. The E.Z. Funds shall be governed by the terms and conditions, and meet the statutory requirements set forth in the United States Code, Title 42, Chapter 7 -- Social Security, Subchapter XX -- Block Grants to States for Social Services found at 42 U.S.C. § 1397f, the H.U.D. E.Z. regulations found at 24 C.F.R. §§ 597.200(d)(12)(ii) through 597.200(d)(12)(v) 24 C.F.R. §§ 597.200(g), the Illinois Grant Funds Recovery Act, 30 ILCS 705/1, et seq., and in accordance with all other laws, rules and regulations which pertain to or govern the use of the E.Z. Funds.

SECTION 4. The E.C. Funds shall be governed by the terms and conditions, and meet the statutory requirements set forth in the Illinois Grant Funds Recovery Act, 30 ILCS 705/1, et seq., and in accordance with all other laws, rules and regulations which pertain to or govern the use of the E.C. Funds.

SECTION 5. Pursuant to recommendations received from the Coordinating Council, the Director may make such non-material revisions to the project descriptions of the projects described in Sections 2 and 3, above, as he deems reasonably necessary to implement such recommendations, provided that the revisions on any project do not involve an increase in the amount of the E.Z./E.C. Funds to be expended on such project.

SECTION 6. To the extent that any ordinance, resolution, rule, order or provision of the Municipal Code of Chicago, or any parts thereof, is in conflict with the provisions of this ordinance, the provisions of this ordinance shall control. If any section, paragraph or clause of this ordinance shall be held invalid, the invalidity of such section, paragraph or clause shall not affect any other provisions of this ordinance.

SECTION 7. This ordinance shall be effective from and after its passage and approval.

WHEREAS, H.U.D. approved the City's application for designation of certain portions of the City as E.Z. areas on December 21, 1994 (such portions of the City being hereinafter referred to as the "E.Z. Area"), making the City eligible to receive One Hundred Million Dollars (\$100,000,000) in E.Z. funds from the United States Department of Health and Human Services ("H.H.S."); and

WHEREAS, H.H.S. has awarded One Hundred Million Dollars (\$100,000,000) of Title XX Social Security Block Grant funds ("E.Z. Funds") to the State of Illinois, Department of Public Aid ("I.D.P.A.") for use by the City for projects benefitting residents of the E.Z. Area ("E.Z. Eligible Projects"); and

WHEREAS, The I.D.P.A. and the City have entered into a grant agreement with an effective date of July 1, 1995 (the "E.Z. Grant Agreement"), pursuant to which I.D.P.A. has granted the E.Z. Funds to the City for E.Z. Eligible Projects; and

WHEREAS, The State of Illinois approved the City's application for designation of certain portions of the City as a non-federally designated Enterprise Community ("E.C.") (such portions of the City being hereinafter referred to as the "E.C. Area", and the E.Z. Area and E.C. Area collectively referred to as the "E.Z./E.C. Areas"), making the City eligible for State funds ("E.C. Funds", and the E.Z. Funds and E.C. Funds collectively referred to as the "E.Z./E.C. Funds") to support the federally designated empowerment zone and non-federally designated enterprise communities ("E.C. Eligible Projects"); and

WHEREAS, The I.D.P.A. and the City have entered into a grant agreement with an effective date of July 1, 1995 (the "E.C. Grant Agreement"), pursuant to which I.D.P.A. has granted the E.C. Funds to the City for E.C. Eligible Projects; and

WHEREAS, Pursuant to Chapter 2-151 of the Municipal Code of Chicago, an Empowerment Zone/Enterprise Community Coordinating Council (the "Coordinating Council") was created for various purposes related to the E.Z.s and the E.C.s, including: (a) to coordinate the implementation and periodic revision of E.Z./E.C. strategic plans; (b) to advise the City and other participating governmental units on all aspects of strategic plan implementation, including allocation of E.Z./E.C. Funds awarded to the City for the E.Z./E.C. Areas in accordance with the strategic plan; and (c) to receive, review and make recommendations on all applications for allocations of E.Z./E.C. funds, including the E.Z./E.C. Funds; and

WHEREAS, Chapter 2-151 also provides that the Coordinating Council shall submit its recommendations for the use of E.Z./E.C. funds to the City Council through the City's Budget Director; and

WHEREAS, The Coordinating Council has issued requests for proposals for the use of the E.Z./E.C. Funds, has considered various proposals, and has recommended approval of several proposals for the use of E.Z./E.C. Funds to further assist and benefit E.Z./E.C. Area residents to the City Council; and

WHEREAS, The City Council acknowledges the value of the proposals for the use of E.Z./E.C. Funds in the E.Z./E.C. Areas for which the Coordinating Council has recommended approval and that the proposals will serve numerous social and economic policy objectives, including, but not specifically limited to, one (1) or more of the goals and/or program options set forth in those parts of the H.U.D. E.Z. regulations found at 24 C.F.R. §§ 597.200(d)(12)(ii) through 597.200(d)(12)(v), 24 C.F.R. §§ 597.200(g), and/or in the United Code, Title 42, Chapter 7 -- Social Security, Subchapter XX -- Block Grants to States for Social Services found at 42 U.S.C. § 1397f; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Findings. The City Council hereby adopts as its findings the statements contained in the preamble hereof, as if fully set forth.

SECTION 2. Property Described. Subject to the terms and conditions set forth in this ordinance, the Department of Planning and Development is authorized to negotiate for the acquisition of the following parcels of property (hereinafter referred to as "the Property"):

Property located at 901 -- 961 West 69th Street, consisting of one and thirty-two hundredths (1.32) acres, more or less, with boundaries on the north by 69th Street, on the south by 70th Street, on the east by South Sangamon Street, and on the west by Morgan Drive, and identified by City of Chicago Parcel Numbers as follows:

SECTION 3. Insertion Of Legal Descriptions Authorized. The Corporation Counsel of the City of Chicago is authorized to insert, at any time, the legal descriptions of the Property into this ordinance or into any document whose execution is authorized in this ordinance or necessary to fulfill the purposes of this ordinance.

SECTION 4. Terms And Conditions. The following terms and conditions shall apply to the transaction authorized by this ordinance:

A. Empowerment Zone funds may be used for the acquisition of the Property, as well as for pre-development costs including, without limitation, environmental remediation and clean-up, infrastructure replacement and upgrading and leveling.

B. The purpose of acquiring the Property is to prepare it for sale and redevelopment for the benefit of the empowerment zone/enterprise communities

and their residents. In no event shall the total expenditure of empowerment funds to accomplish the purposes of this ordinance exceed One Million Dollars (\$1,000,000). The Corporation Counsel shall insert in any agreement for subsequent disposition of the Property a purchaser's commitment to use its best efforts to hire as its employees residents of the empowerment zone/enterprise communities. All proceeds from subsequent disposition of the Property shall be deposited by the City Comptroller into a segregated fund for reinvestment within the empowerment zone/enterprise communities. No officer or employee of the City of Chicago may contract for, execute or deliver any document for the disposition of all or any portion of the Property without specific authorization by the City Council.

SECTION 5. Supplemental Agreement And Documentation Authorized. Subject to approval of the Corporation Counsel as to form and legality, the City's Budget Director or his designee and the Department of Planning and Development are authorized to execute and deliver any and all documents necessary to accomplish the purposes of this ordinance.

SECTION 6. The E.Z. Funds shall be governed by the terms and conditions, and meet the statutory requirements set forth in the United States Code, Title 42, Chapter 7 -- Social Security, Subchapter XX -- Block Grants to States for Social Services found at 42 U.S.C. § 1397f, the H.U.D. E.Z. regulations found at 24 C.F.R. §§ 597.200(d)(12)(ii) through 597.200(d)(12)(v), 24 C.F.R. §§ 597.200(g), the Illinois Grant Funds Recovery Act, 30 ILCS 705/1, et seq., and in accordance with all other laws, rules and regulations which pertain to or govern the use of the E.Z. Funds.

SECTION 7. The E.C. Funds shall be governed by the terms and conditions, and meet the statutory requirements set forth in the Illinois Grant Funds Recovery Act, 30 ILCS 705/1, et seq., and in accordance with all other laws, rules and regulations which pertain to or govern the use of the E.C. Funds.

SECTION 8. To the extent that any ordinance, resolution, rule, order or provision of the Municipal Code of Chicago, or any parts thereof, is in conflict with the provisions of this ordinance, the provisions of this ordinance shall control. If any section, paragraph or clause of this ordinance shall be held invalid, the invalidity of such section, paragraph or clause shall not affect any other provisions of this ordinance.

SECTION 9. This ordinance shall be effective from and after its passage and approval.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, The City of Chicago (the "City") is a municipal corporation, organized and existing pursuant to laws of the State of Illinois; and

WHEREAS, The City wished to create a children's advocacy center (the "Center") in order to provide a centralized location for the prevention of child abuse, the treatment of child abuse victims and their families, and the investigation and prosecution of child abuse cases (the "Purpose"); and

WHEREAS, The State of Illinois Medical District Commission (the "M.D.C.") is a body politic and corporate created under the Illinois Medical District Act; and

WHEREAS, Pursuant to the provisions of an act to authorize the creation of public building commissions and to define their rights, powers and duties under the Illinois Public Building Commission Act, the City Council of the City (the "City Council") created the Public Building Commission of Chicago (the "P.B.C.") to facilitate the acquisition and construction of public buildings and facilities; and

WHEREAS, Pursuant to ordinances adopted by the City Council on November 3, 1999 and published at pages 13955 through 13960 of the *Journal of the Proceedings of the City Council* (the "*Journal*") of such date, and on September 27, 2000 and published at pages 41783 through 41787 of the *Journal* of such date (together, the "Transfer Ordinances"), the City entered into certain intergovernmental agreements with the M.D.C. dated December 13, 1999 and January 31, 2001 (together, the "Transfer Agreements") to acquire land on which the Center was to be located; and

WHEREAS, Pursuant to certain deeds executed by the M.D.C. pursuant to the Transfer Agreements, the City received from the M.D.C. legal title to parcels of property located at 2009 West Washburne Avenue, 2011 West Washburne Avenue, 2017 West Washburne Avenue, 2019 West Washburne Avenue, 2023 West Washburne Avenue, 2027 West Washburne Avenue, 2031 West Washburne Avenue, 2035 West Washburne Avenue, 2037 West Washburne Avenue, 2039 West Washburne Avenue, 2041 West Washburne Avenue, 2006 West 13th Street, 2010 West 13th Street, 2012 West 13th Street, 2014 West 13th Street, 2020 West 13th Street, 2022 West 13th Street, 2024 West 13th Street, 2028 West 13th Street, 2030 West 13th Street, 2034 West 13th Street, 2038 West 13th Street and 2040 West 13th Street, all in Chicago, Illinois (the "Property"); and

WHEREAS, Pursuant to an ordinance adopted by the City Council on December 15, 1999 and published at pages 21378 through 21403 of the *Journal* of

such date, the City entered into a certain intergovernmental agreement with the P.B.C. dated February 1, 2000 (the "Construction Agreement"), whereby the P.B.C. undertook the design, development, improvement, construction and equipping of the Center (including without limitation certain buildings and related improvements and facilities) on the Property and other real property owned by the City at 1240 South Damen Avenue (together with the Property, the "Site"); and

WHEREAS, The City desires to engage the Chicago Children's Advocacy Center, an Illinois not-for-profit corporation ("C.C.A.C.") to manage and/or operate the Center on the Site; and

WHEREAS, The City desires that City departments, offices and agencies, including but not limited to the Department of Police, and other governmental entities, including but not limited to Cook County, the Cook County State's Attorney's Office and the Illinois Department of Children and Family Services (collectively, the "Authorized Users"), be able to use the Center for the Purpose; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitations are incorporated herein by this reference.

SECTION 2. The Budget Director or his designee is hereby authorized to execute, subject to the approval of the Corporation Counsel, an agreement (the "Agreement") between the City and C.C.A.C., and such other documents as may be necessary in connection with the management and/or operation of the Center. The Agreement shall contain such terms and conditions as are necessary or appropriate in the judgment of the Budget Director. The Agreement may provide, among other things, that C.C.A.C. may enter into written agreements with one (1) or more Authorized Users, as approved by the Budget Director, for the use of the Center for the Purpose (the "Use Agreements"). The terms and conditions of the Use Agreements and the identity of the Authorized Users shall be subject to the approval of the Budget Director. The commissioners and other executive heads of the City departments, offices and agencies which may be Authorized Users are hereby authorized to execute such Use Agreements.

SECTION 3. To the extent that any ordinance, resolution, rule, order or provision of the Municipal Code of Chicago, or part thereof, is in conflict with the provisions of this ordinance, the provisions of this ordinance shall control. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

SECTION 4. This ordinance shall be effective immediately upon its passage.

Nays -- None.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, The City of Chicago is a home rule municipality pursuant to Article VII, Section 6 of the Illinois Constitution of 1970 and, as such, may exercise any power and perform any function related to its government and affairs; and

WHEREAS, The Department of Water has proposed to construct a water main at South Exchange Avenue between East 127th Street and East 128th Street ("Project"); and

WHEREAS, The Department of Water proposes to construct the Project under Indiana Harbor Belt Railroad Company ("I.H.B.R.") facilities; and

WHEREAS, I.H.B.R. desires to grant and the Department of Water desires to accept a license agreement to facilitate the construction and maintenance of the Project for a one-time license fee of Four Thousand and no/ 100 Dollars (\$4,000.00); now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Commissioner of Water is hereby authorized to execute a license agreement between the City of Chicago and the Indiana Harbor Belt Railroad Company in substantially the form which is attached to and incorporated in this ordinance as Exhibit A, subject to the approval of the Corporation Counsel as to form and legality.

SECTION 2. This ordinance shall be in effect upon its passage and approval in accordance with law.

Exhibit "A" referred to in this ordinance reads as follows:

*Exhibit "A".**FM 8-1-91.**Contract Number: _____*

*License Agreement For Wire, Pipe And Cable
Transverse Crossings And Longitudinal
Occupations.*

This agreement, made this ____ day of _____, 200 __, between Indiana Harbor Belt Railroad Company party of the first part (hereinafter called "Railroad" and, City of Chicago Department of Water as party of the second part (hereinafter called "Licensee").

Witnesseth, That the said Railroad (which when used herein shall include any lessor, successor or assignees of or operator over its railroad) insofar as it has the legal right and its present title permits, and in consideration of the covenants and conditions hereinafter stated on the part of the Licensee to be kept and performed, hereby permits, as a temporary license, the Licensee to construct, maintain, repair, alter, renew, relocate and ultimately remove one (1) eight (8) inch diameter ductile iron restrained joint water pipe encased in a twenty (20) inch diameter steel casing pipe, crossing I.H.B.'s of the right-of-way and track at 127th Street and South Exchange Avenue as located in the northeast quarter of the northwest quarter of Section 30, Township 37 North, Range 9 West in the City of Chicago, County of Lake, State of Illinois and in accordance with constructions plans, Drawing Number 04-01:116 submitted by Licensee to and approved by the Chief Engineer of Railroad marked (Sub)Exhibit "A" incorporated herein by reference; also in accordance with current issues of Railroad Specifications Numbers CE 4 and/or CE 8; attached hereto and made a part of this agreement, all and any part thereof being hereafter referred to as the "Facilities", said license, however, shall be under and subject to the following terms, covenants and conditions hereinafter recited, which are hereby accepted and agreed to, by the Licensee, to wit:

1. The Licensee shall pay to the Railroad upon the execution hereof, the sum of Four Thousand and no/ 100 Dollars (\$4,000.00) as reimbursement for the costs and expenses incident to the preparation of this agreement and as a lump sum License fee, which said sum shall be able in advance.

2. (a) The Facilities shall be located, constructed and maintained in exact accordance with said construction plans and for the purpose as outlined on page 1. No departure shall be made at any time therefrom except upon permission in writing granted by Chief Engineer of Railroad, or his designee provided, however, that if any commission or other regulatory body duly

constituted and appointed in compliance with the laws of the State in which the crossing or occupancy herein provided is situated, and having jurisdiction in the premises, has by ruling or other general order determined and fixed the manner and means of construction, maintenance, repair, alteration, renewal, relocation or removal thereof, then said ruling or general order shall prevail for the crossing or occupancy herein mentioned.

(b) The work of constructing, maintaining, repairing, altering, renewing, relocating or removing the said Facilities shall be done under such general conditions as will be satisfactory to and approved by the Chief Engineer of Railroad, or his designee, and as will not interfere with the proper and safe use, operation and enjoyment of the property of the Railroad. Licensee, at its own cost and expense, shall when performing any work in connection with the Facilities furnish any necessary watchmen to see that men, equipment and materials are kept a safe distance away from the tracks of the railroad.

(c) In addition to, but not in limitation of any of the foregoing provisions, if at any time the Railroad should deem flagmen or watchmen desirable or necessary to protect its operations or property, or its employees, patrons or Licensees during the work of construction, maintenance, repair, alteration, renewal, relocation or removal of said Facilities of Licensee, the Railroad shall have the right to place such flagmen or watchmen at the sole risk, cost and expense of Licensee, which covenants and agrees to bear the full cost and expense thereof and to promptly reimburse the Railroad upon demand. The furnishing or failure to furnish flagmen or watchmen by the Railroad, however, shall not release the Licensee from any and all other liabilities assumed by the Licensee under the terms of this Agreement.

3. If the Licensee desires or is required, as herein provided, to revise, renew, add to or alter in any manner whatsoever the aforementioned Facilities it shall submit plans to Railroad and obtain the written approval of the Chief Engineer of Railroad thereto before any work or alteration of the structure is performed and the terms and conditions of this Agreement with respect to the original construction shall apply thereto. Railroad reserves the right to make adjustments in the rental charges.

4. (a) The Licensee shall at all times be obligated to promptly maintain, repair and renew said Facilities; and shall, upon notice in writing from Railroad and requiring itso to do, promptly make such repairs and renewals thereto as may be required by Railroad; or the Railroad, for the purpose of protecting an safeguarding its property, traffic, patrons or employees from damage or injury, may with or without notice to the Licensee at any time make such repairs and renewals thereto and furnish such material therefor as it deems adequate and necessary, all at the sole cost and expense of Licensee.

(b) In the event of any emergency, Licensee will take immediate steps to perform any necessary repairs, and in the event Licensee fails so to do, Railroad will perform said necessary repairs at the sole cost and expense of Licensee.

5. (a) The supervision over the location of the construction work and inspection of the Facilities and the approval of the material used in construction, maintenance, repair, alteration, renewal, relocation and removal of the aforesaid Facilities covered by the agreement shall be within the jurisdictional rights of the Railroad.

(b) The right of supervision over the location of the construction work and inspection of the Facilities from time to time thereafter by the Railroad, shall extend for an appropriate distance on each side of the property of the Railroad as the method of construction and materials used may have an important bearing upon the strength and stability of the Facilities over, under, upon or in the property of the Railroad.

6. Licensee shall comply with all federal, state and local laws, and assume all cost and expense and responsibility in connection therewith, without any liability, whatsoever on the part of the Railroad.

7. (a) It is understood between the parties hereto that the operations of the Railroad at or near said Facilities involve some risk, and the Licensee as part of the consideration for this license hereby releases and waives any right to ask for or demand damages for or account of loss of or injury to the Facilities (and contents thereof) of the Licensee that are over, under, upon, or in the property and facilities of the Railroad including the loss of or interference with service or use thereof and whether attributable to the fault, failure or negligence of the Railroad or otherwise.

(b) And the Licensee also covenants and agrees to and shall at all times indemnify, protect, save harmless and defend the Railroad from and against all cost or expense resulting from any and all losses, damages, detriments, suits, claims, demands, costs and charges which the said Railroad may directly or indirectly suffer, sustain or be subjected to by reason or on account of the construction, placement, attachment, presence, use, maintenance, repair, alteration, renewal, relocation or removal of said Facilities in, on, about or from the premises of Railroad whether such losses and damages be suffered or sustained by the Railroad directly or by its employees, patrons or licensees, or be suffered or sustained by other persons or corporations, including the Licensee, its employees and agents who may seek to hold the Railroad liable therefor, and whether attributable to the fault, failure or negligence of the Railroad or otherwise, except when proved by Licensee to be due directly to the sole negligence of the Railroad.

(c) If a claim or action is made or brought against either party and for which the other party may be responsible hereunder in whole or in part, such other party shall be notified and permitted to participate in the handling or defense of such matter.

8. All cost and expenses in connection with the construction, maintenance, repair, alteration, renewal, relocation and removal of said Facilities shall be borne by the Licensee, and in the event of work being performed or material furnished by Railroad under the stipulated right to perform such work of construction, maintenance, repair, alteration, renewal, relocation or removal under any section hereof, Licensee agrees to pay to the Railroad the actual cost of material plus the current applicable overhead percentages for storage, handling, transportation, purchasing and other related material management expenses and the actual cost of labor plus the current applicable overhead percentages as developed and published by the accounting department of Railroad for fringe benefits, payroll taxes, administration, supervision, use of tools, machinery and other equipment, supplies, employers liability insurance, public liability insurance, and other insurance, taxes and all other indirect expenses. It is to be understood that the aforementioned material and labor overhead charges are to be applied at the rates which are effective at the time of the performance of any work by employees of the Railroad on the said Facilities Licensee agrees to pay such bills within thirty (30) days of the presentation thereof by Railroad.

9. The Licensee shall, at its sole cost and expense, upon request in writing of the Railroad, promptly change the location of said Facilities covered by this agreement, where located over, upon or in the property and Facilities of the Railroad, to another location, to permit and accommodate changes of grade or alignment and improvement in or additions to the facilities of the Railroad upon land now or hereafter owned or used by the Railroad to the intent that said construction shall at all times comply with the terms and conditions of this Agreement with respect to the original construction; or in the event of the lease, sale or disposal of the premises or any part thereof encumbered by this license, then the said Licensee shall make such adjustments or relocations in its facilities as are over, upon or in the property and facilities of the Railroad as may be required by the said Railroad or its grantee; and if the Licensee shall fail or refuse to comply therewith, then the duly authorized agents of the Railroad may make such repairs or adjustments or changes in location and provide necessary material therefor.

10. Upon termination of this Agreement or upon the removal of abandonment of the Facilities covered hereby, all the rights, title and interest of the Licensee hereunder shall cease and determine, and this instrument shall thereupon become and be null and void, without any liability on the part of either party to the other party except only as to any rentals and liability accrued prior thereto, and the Licensee shall remove its said Facilities and appurtenances from Railroad property, and right-of-way and all property of the Railroad shall be restored in

good condition and to the satisfaction of the Railroad. If the Licensee fails or refuses to remove its Facilities and appurtenances under the foregoing conditions, the Railroad shall be privileged to do so at the cost and expense of the Licensee, and the Railroad shall not be liable in any manner to the Licensee for said removal.

11. In the event the Facilities consist of an underground occupation, Licensee will be responsible for any settlement caused to the roadbed, right-of-way and/or tracks, facilities, and appurtenances of the Railroad arising from or as a result of the installation of the said Facilities for a period of one (1) year subsequent to the date of completion of the installation, and Licensee agrees to pay to the Railroad on demand the full cost and expense therefor.

12. In the event the said Facilities consist of electrical power or communication wires and/or appurtenances, the Licensee shall at all times be obligated promptly to remedy any inductive interference growing out of or resulting from the presence of its Facilities; and if the Licensee should fail so to do, then Railroad may do so, and the Licensee agrees to pay to Railroad on demand the full cost and expense therefor.

13. As part of the consideration of the within Agreement, Licensee covenants and agrees that no assessments, taxes or charges of any kind shall be made against Railroad or its property by reason of the construction of said Facilities of Licensee, and Licensee further covenants and agrees to pay to Railroad promptly upon bills rendered therefor the full amount of any assessments, taxes or charges of any kind which may be levied, charged, assessed or imposed against the Railroad or its property by reason of the construction and maintenance of said Facilities of Licensee.

14. The rights conferred hereby shall be the privilege of the Licensee only, and no assignment or transfer hereof shall be made, or other use be permitted than for the purpose stated on page one without the consent and agreement in writing of the Railroad being first had and obtained.

15. This Agreement with the rights granted may be terminated at any time by either party hereto upon not less than thirty (30) days written notice to the other; and upon the expiration of the said thirty (30) days after service of such notice, this agreement and the permission and privilege hereby granted shall absolutely cease and terminate.

16. This Agreement shall take effect as of the ____ day of _____ A.D. 20__.

The terms of this Agreement shall be binding and effective upon all the parties hereto, and unless and until terminated, as herein before provided, this Agreement shall inure to the benefit of and be binding upon the parties hereto, their successors and assigns, subject, however, to the provisions of Article 14 of this Agreement.

In Witness Whereof, The parties hereto have caused this Agreement to be duly executed and delivered as of the day and year first above written.

APPROVAL OF CLASS 6(b) TAX INCENTIVE BENEFITS FOR
PROPERTY AT 2500 WEST BRADLEY PLACE
PURSUANT TO COOK COUNTY REAL
PROPERTY CLASSIFICATION
ORDINANCE.

The Committee on Economic and Capital Development submitted the following report:

CHICAGO, February 27, 2002.

To the President and Members of the City Council:

Your Committee on Economic and Capital Development, having had under consideration a proposed resolution introduced by Alderman Eugene Schuler (47th Ward) authorizing Class 6(b) tax incentives for the property located at 2500 West Bradley Place, pursuant to the Cook County Real Property Classification Ordinance, begs leave to recommend that Your Honorable Body *Adopt* said resolution which is transmitted herewith.

This recommendation was concurred in by all members of the Committee present, with no dissenting votes.

Respectfully submitted,

(Signed) BERNARD J. HANSEN,
Chairman.

On motion of Alderman Hansen, the said proposed resolution transmitted with the foregoing committee report was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Beavers, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Nays -- None.

Alderman Natarus moved to reconsider the foregoing vote. The motion was lost.

The following is said resolution as adopted:

WHEREAS, The Cook County Board of Commissioners has enacted the Cook County Real Property Assessment Classification Ordinance, as amended from time to time (the "Ordinance"), which provides for, among other things, real estate tax incentives to property owners who build, rehabilitate, enhance and occupy property which is located within Cook County and which is used primarily for industrial purposes; and

WHEREAS, The City of Chicago (the "City"), consistent with the Ordinance, wishes to induce industry to locate and expand in the City by supporting financial incentives in the form of property tax relief; and

WHEREAS, Alstyle Apparel, Inc., an Illinois corporation (the "Applicant"), purchased certain improved real estate located generally at 2500 West Bradley Place, Chicago, Illinois 60618, as further described on Exhibit A hereto (the "Subject Property"); and

WHEREAS, The Applicant intends to substantially rehabilitate a three hundred sixty-seven thousand fifty-five (367,055) square foot industrial facility located on the Subject Property; and

WHEREAS, The Applicant intends to file with the Office of the Assessor of Cook County (the "Assessor") an eligibility application for a Class 6(b) tax incentive under the Ordinance; and

WHEREAS, The Subject Property is located within (i) the City of Chicago Enterprise Zone Number 4 (created pursuant to the Illinois Enterprise Zone Act, 20 ILCS 665/1, et seq., as amended, and pursuant to an ordinance enacted by the City Council of the City), and (ii) the Western Avenue South Redevelopment Project

Area (created pursuant to the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended, and pursuant to an ordinance enacted by the City Council of the City), all in the City of Chicago, and one (1) of the purposes of enterprise zones and redevelopment project areas is also to provide certain incentives in order to stimulate economic activity and to revitalize depressed areas; and

WHEREAS, The Subject Property qualifies for Class 6(b) classification pursuant to the Ordinance; and

WHEREAS, The Ordinance requires that, in connection with the filing of a Class 6(b) eligibility application with the Assessor, the applicant must obtain from the municipality in which such real estate that is proposed for Class 6(b) designation is located a resolution expressly stating that the municipality has determined that the incentive provided by Class 6(b) is necessary for development to occur on such real estate and that the municipality supports and consents to the Class 6(b) classification by the Assessor; and

WHEREAS, The intended use of the Subject Property will provide significant present and future employment; and

WHEREAS Notwithstanding the Class 6(b) status of the Subject Property, the redevelopment and utilization thereof will generate significant new revenues to the City in the form of additional real estate taxes and other tax revenues; now, therefore,

Be It Resolved by the City Council of the City of Chicago:

SECTION 1. That the City determines that the incentive provided by Class 6(b) is necessary for the development to occur on the Subject Property.

SECTION 2. That the City supports and consents to the Class 6(b) classification by the Assessor with respect to the Subject Property.

SECTION 3. That the Clerk of the City of Chicago is authorized to and shall send a certified copy of this resolution to the Office of the Cook County Assessor, Room 312, County Building, Chicago, Illinois 60602 and a certified copy of this resolution shall be included with the Class 6(b) eligibility application filed with the Assessor by the Applicant, as applicant, in accordance with the Ordinance.

SECTION 4. That this resolution shall be effective immediately upon its passage and approval, or as otherwise provided by law.

Exhibit "A" referred to in this resolution reads as follows:

**AUTHORIZATION FOR EXECUTION OF INTERGOVERNMENTAL
AGREEMENT WITH UNITED STATES ARMY CORPS OF
ENGINEERS FOR FLOOD EMERGENCY
PREPARATION ALONG LAKE
SHORE DRIVE.**

The Committee on Energy, Environmental Protection and Public Utilities submitted the following report:

CHICAGO, February 27, 2002.

To the President and Members of the City Council:

Your Committee on Energy, Environmental Protection and Public Utilities, having held a meeting on Thursday, February 21, 2002 and having had under consideration an ordinance introduced by Mayor Richard M. Daley concerning an intergovernmental agreement with the Army Corp of Engineers, begs leave to report and recommend that Your Honorable Body *Pass* the proposed ordinance transmitted herewith.

This recommendation was concurred in by a viva voce vote of the members of the Committee.

Respectfully submitted,

(Signed) VIRGINIA A. RUGAI,
Chairman.

On motion of Alderman Rugai, the said proposed ordinance transmitted with the foregoing committee report was *Passed* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Nays -- None.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, The waters of Lake Michigan may represent a serious and imminent threat of flooding to Lake Shore Drive; and

WHEREAS, The City of Chicago (the "City") acting by and through its Department of Environment ("D.O.E.") and the Department of the Army of the United States of America (the "Government") desire to prepare for flood fighting activities at Lake Shore Drive (the "Project"); and

WHEREAS, Pursuant to the terms of an agreement between the City and the Government substantially in the form attached hereto as Exhibit A and made a part hereof (the "Agreement"), the Government will provide certain equipment to the City to be used by the City for a certain period of time for the purposes of the Project; and

WHEREAS, The parties wish to enter into the Agreement in connection with the Project; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are expressly incorporated in and made a part of this ordinance as if fully set forth herein.

SECTION 2. The Mayor of the City (the "Mayor") or the Commissioner of D.O.E. or the Acting Commissioner of D.O.E. is authorized to enter into the Agreement for the Project with the Government in substantially the form attached hereto as Exhibit A, subject to the approval of the Corporation Counsel, to negotiate such changes or revisions as shall be approved by the Mayor, the Commissioner or the Acting Commissioner with such official's execution of the Agreement constituting conclusive evidence of such official's approval and this City Council's approval of any such changes or revisions therein from the form of the Agreement attached hereto, provided that no such change or revision shall substantially modify the terms and provisions set forth in Exhibit A, subject to the approval of the Corporation Counsel, to execute such other documents as are necessary and appropriate to effectuate the Agreement and to implement the Project, including, but not limited to, donation agreements, leases, grants of easement, reciprocal easement agreements, rights of entry and maintenance agreements, and intergovernmental agreements; and to enter into all ancillary documents, if any, in connection with the Agreement.

SECTION 3. To the extent that any ordinance, resolution, rule, order or provision of the Municipal Code of Chicago, or part thereof, is in conflict with the provisions of this ordinance, the provisions of this ordinance shall control. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

SECTION 4. This ordinance shall be effective as of the date of its passage.

Exhibit "A" referred to in this ordinance reads as follows:

Exhibit "A".

Memorandum Of Agreement

Between

The United States Of America

And

The City Of Chicago, Illinois

For

*Flood Emergency Preparation
(Lakeshore Drive).*

This Agreement, entered into this _____ day of _____, 2002 by and between the Department of the Army (hereinafter referred to as the "Government") acting by and through the District Engineer, Chicago District, United States Army Corps of Engineers (hereinafter the "District Engineer") and the City of Chicago (hereinafter referred to as the "City"), acting by and through the Commissioner, Department of the Environment, City of Chicago.

Witnesseth That:

Whereas, The waters of Lake Michigan may represent a serious and imminent threat of flooding to Lake Shore Drive, Highway 41 in Chicago, Illinois; and

Whereas, The Mayor of the City of Chicago acting through the Governor of the State of Illinois has requested, in writing, the Government to undertake flood fighting and flood emergency preparations in accordance with established policies of the United States Army Corps of Engineers; and

Whereas, The Government is authorized by the Category Emergency Operations, Code 910-240, Acquisition of Supplies and Equipment, CWIS Number 05480, to purchase flood fighting equipment and provide same to the City in anticipation of emergency flood fighting activities at Lake Shore Drive; and

Whereas, The City hereby represents that it has the authority and legal capability to enter into this Agreement and abide by the terms thereof.

Now, Therefore, The Government and the City agree as follows:

1.

Nature Of The Agreement.

The Agreement shall set forth the responsibilities of the City and the Government pertaining to the providing, staging, operation, maintenance and return of pumps and appurtenances to be owned by the Government and provided to the City for use in controlling flooding due to the waters of Lake Michigan at Lake Shore Drive, Chicago, Illinois.

2.

Definitions And General Provisions.

A. The term "Equipment" shall include but not be limited to: thirty-nine (39) water pumps, hoses, fittings, power cords, spare parts, manuals and transport devices associated with the proper transportation, operation and function of the aforesaid water pumps. Attached hereto as Appendix A and incorporated into this Agreement is a listing of the thirty-nine (39) pumps.

B. The term "good working order" shall mean the condition of the equipment upon return to the Government based on industry and manufacturer standards, taking into account the operational conditions the pumps were subjected to.

C. The term "normal wear" shall mean the amount of allowable deterioration of the equipment, based on industry and manufacturer standards, due to use by the City, taking into account the operational conditions the pumps were subjected to.

3.

Responsibilities Of The Government.

A. The Government within sixty (60) calendar days of the effective date of this Agreement shall ensure that the Equipment shall be delivered to the City for

storage.

B. The Government has provided the City with Operation and Maintenance manuals (hereinafter referred to as the "Manual") for the Equipment.

C. As of 30 September 2005, or sooner at the Government's request, the Government shall accept the return of the Equipment from the City, at no cost to the Government, subject to the terms of Section 4(D) below.

4.

Responsibilities Of The City.

A. The City agrees that the use of the Equipment shall be restricted to flood fighting activities located at Lake Shore Drive, Chicago, Illinois.

B. The City, while in possession of the Equipment, shall securely store the Equipment at the City's expense and in close proximity to the most likely potential flood problem area in a facility acceptable to the Government. The City shall provide the following:

- I. Enclosed storage facilities within a secured fenced yard.
- II. Proper maintenance facilities.
- III. Proper and safe fueling facilities.
- IV. Sufficient parking space (approximately six thousand (6,000) square feet).
- V. Sufficient space for the pump accessories.
- VI. Personnel on twenty-four (24) hour standby at the storage locations to facilitate flood fighting efforts.

C. If changing conditions require a relocation of the storage facility the City shall give the Government seven (7) days written notice when possible of the proposed change. The Government shall, except in an emergency, have one (1) week to inspect the proposed new storage facility and give either its written approval or rejection. In the event of a rejection the Government shall state, in writing, the reasons for rejection. The City shall have one (1) week from the date of the Government's rejection to cure the objections or propose an alternative site for

Government approval.

D. The City, while in possession of the Equipment, shall incur, entirely at its own expense, all costs associated with full operational and maintenance responsibility in accord with the guidelines as set forth in the Manual and shall:

- I. designate qualified people to operate and maintain the Equipment;
- II. provide training in the operation and maintenance of the Equipment as set forth in the manual;
- III. conduct testing of the Equipment and allow fluid lubrication of internal moving parts, quarterly;
- IV. monitor the performance of the Equipment during flood fighting activities;
- V. clean the Equipment after flood fighting activities;
- VI. keep sufficient spare parts and lubricant at the storage location for the proper maintenance of the Equipment; and
- VII. keep proper maintenance records which includes, but is not limited to, maintaining a log of power plant start-stop times of the specific equipment, including maintenance testing.

E. The City shall provide Chicago District, United States Army Corps of Engineers (hereinafter referred to as the "Corps") personnel reasonable and periodic access to the pumps for inspections while in storage or in operation. During the inspections the pumps shall be inventoried, maintenance logs for each pump inspected and, if deemed necessary by the inspecting Corps personnel, the pumps shall be test operated.

F. The City shall return, at no cost to the Government, the Equipment in good working order, except for normal wear (according to industry standards), to a local site chosen by the Corps as soon as the Government determines in its sole and absolute discretion that the imminent flood threat no longer exists or by 30 September 2005. The Government's determination that the imminent flood threat no longer exists may not be challenged under any terms of this Agreement or in any other administrative or judicial forum. If any of the pumps experience abnormal wear, the City shall obtain the necessary repairs or replace the affected units in kind at no cost to the Government. The City recognizes that the extreme operating conditions may result in abnormal wear and require the City to repair or replace some or all of the furnished pumps at no cost to the Government.

G. The City shall hold and save the Government free from all damages arising from the operation and maintenance of the Equipment, except for damages due to the fault or negligence of the Government or the Government's contractors.

H. The City agrees that it shall look to traditional flood control and shore protection programs for more permanent protection of the area.

5.

Temporary Recall.

The Government shall have the right at any time during the term of this Agreement to request the return of some or all of the pumps, if the Government determines there is a need for the pumps elsewhere. The City shall, as expeditiously as possible, but not later than sixty (60) calendar days of receipt of notice to return said pumps, return said pumps subject to the terms of section 4(D) above. When the pumps are no longer needed by the Government they shall be returned, as expeditiously as possible, to the City in full operational condition as set forth in the manual for the balance of the term of this Agreement.

6.

Federal And State Laws.

In the exercise of the City's rights and obligations hereunder, the City agrees to comply with all applicable federal and state laws and regulations.

7.

Relationship Of Parties.

The Government and the City act in an independent capacity in the performance of their respective functions under this Agreement and neither party is to be considered the officer, agent, nor employee of the other.

8.

Official Not To Benefit.

No member of or delegate to the Congress, or resident commissioner, shall be entitled to any share or part of this Agreement, or to any benefit that may arise therefrom.

9.

Covenant Against Contingent Fees.

The City warrants that no person or selling agency has been employed or retained to solicit or secure this Agreement upon agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the City for the purpose of securing business. For breach or violation of this warranty, the Government shall have the right to annul this Agreement without liability, or, in the Government's discretion, to add to the Agreement or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.

10.

Termination Or Suspension.

A. If at any time the City fails to carry out its obligations under this Agreement, the District Engineer shall terminate this Agreement, unless the District Engineer determines that continuation of the Agreement is in the interest of the United States or is necessary in order to satisfy agreements with any other non-federal interests in connection with this Agreement. However, deferral of future performance under this Agreement shall not affect existing obligations or relieve the parties of liability for any obligation previously incurred. In the event that either party elects to terminate this Agreement pursuant to this Article, both parties shall conclude their activities relating to the Agreement. In the event that either party elects to defer future performance under this Agreement pursuant to this Article, such deferral shall remain in effect until such time as either the Government or the City elects to

proceed with this Agreement.

B. Upon the determination by the Government that the imminent threat of flood to Lake Shore Drive does not exist, the Government shall request the return of the Equipment. The Government shall use as the basis for its decision: the actual water level of Lake Michigan at the time of the evaluation, the forecasted water level of Lake Michigan for the ensuing six (6) months, and the rate of change of water level of Lake Michigan over the last six (6) months and any other factors deemed appropriate by the Government. Lake level data to be used in the determination is that published in the Monthly Bulletin of Lake Levels for the Great Lakes, Detroit District, United States Army Corps of Engineers.

11.

Notices.

A. All notices, requests, demands and other communications required or permitted to be given under this Agreement shall be deemed to have been duly given if in writing and delivered personally, given by prepaid telegram, or mailed by first-class (postage prepaid), registered or certified mail, as follows:

If To The City:

Commissioner
City of Chicago
Department of Environment
30 North LaSalle Street, 25th Floor
Chicago, Illinois 60602

If To The Government:

District Engineer
United States Army Corps of Engineers,
Chicago District
111 North Canal Street, Suite 600
Chicago, Illinois 60606

B. A party may change the address to which such communications are to be directed by giving written notice to the other party in the manner provided in this Article.

C. Any notice, request, demand or other communication made pursuant to this Article shall be deemed to have been received by the addressee at such time as it is either personally delivered, or, seven (7) calendar days after it is mailed, as the case may be.

12.

Dispute Resolution.

As a condition precedent to a party bringing any suit or breach of this Agreement, that party must first notify the other party in writing of the nature of the purported breach and seek in good faith to resolve the dispute through negotiation. If the parties cannot resolve the dispute through negotiation, they may agree to a mutually acceptable method of non-binding alternative dispute resolution with a qualified third party acceptable to both parties. The parties shall each pay fifty percent (50%) of any costs for the services provided by such a third party as such costs are incurred. The existence of a dispute shall not excuse the parties from performance pursuant to this Agreement.

In Witness Hereof, The parties hereto have executed this Agreement, which shall become effective upon the date it is signed by the District Engineer.

AUTHORIZATION FOR EXECUTION OF INTERGOVERNMENTAL
AGREEMENT WITH NORTHEASTERN ILLINOIS PLANNING
COMMISSION FOR FUNDING AND PREPARATION OF
REPORT ON ALTERNATIVES TO
CONVENTIONAL DRAINAGE
IN CITY.

The Committee on Energy, Environmental Protection and Public Utilities submitted the following report:

CHICAGO, February 27, 2002.

To the President and Members of the City Council:

Your Committee on Energy, Environmental Protection and Public Utilities, having held a meeting on Thursday, February 21, 2002 and having had under consideration an ordinance introduced by Mayor Richard M. Daley concerning an intergovernmental agreement with the Northeastern Illinois Planning Commission, begs leave to report and recommend that Your Honorable Body *Pass* the proposed ordinance transmitted herewith.

This recommendation was concurred in by a viva voce vote of members of the Committee.

Respectfully submitted,

(Signed) VIRGINIA A. RUGAI,
Chairman.

On motion of Alderman Rugai, the said proposed ordinance transmitted with the foregoing committee report was *Passed* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Carothers, Wojcik, Suarez, Matlak, Mell, Austin, Colom, Banks, Mitts, Allen, Laurino, O'Connor, Doherty, Natarus, Daley, Hansen, Levar, Shiller, M. Smith, Moore, Stone -- 47.

Nays -- None.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, The City of Chicago (the "City") is a home rule municipality as described in Section 6(a), Article VII of the 1970 Constitution of the State of Illinois and, as such, may exercise any power and perform any function pertaining to its government and affairs; and

WHEREAS, The Northeastern Illinois Planning Commission ("N.I.P.C.") was created by the Illinois General Assembly in 1957 under the Northeastern Illinois Planning Act, 70 ILCS 1705/1, et seq., to conduct research and prepare comprehensive plans and policies to guide the development of the six (6) county Chicago metropolitan area, and to advise and assist local governments in the region; and

WHEREAS, The City through its Department of Environment ("D.O.E.") has determined that it is necessary, essential and appropriate to identify and assess: (i) practical design alternatives to conventional drainage, and (ii) site designs that can substantially reduce surface water runoff quantities and the resultant pollutant loadings from water runoff in the developed land portions of the City; and

WHEREAS, D.O.E. wishes to make available to N.I.P.C. proceeds from corporate funds in an amount not to exceed Ten Thousand Dollars (\$10,000) (the "Grant") for the purpose of funding the preparation of a report to D.O.E., on design alternatives for urban development applications (the "Report"); and

WHEREAS, Each of D.O.E. and N.I.P.C. desires to enter into an intergovernmental agreement to provide for the terms and conditions for the Grant and the Report; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Recitals. The above recitals are incorporated by reference as if fully set forth herein.

SECTION 2. Authority. Subject to the approval of the Corporation Counsel, the Commissioner of D.O.E. or the Acting Commissioner of D.O.E., if any, or a designee of the Commissioner or a designee of any Acting Commissioner are each hereby authorized to execute and deliver the intergovernmental agreement in substantially the form attached hereto as Exhibit A (the "Agreement") with such changes, deletions and insertions thereto as the Commissioner or the Acting Commissioner, if any, or the Commissioner's designee or the designee of any Acting Commissioner

shall each approve (execution of the Agreement by the Commissioner or the Commissioner's designee or by the Acting Commissioner, if any, or the Acting Commissioner's designee constituting conclusive evidence of such approval), and to enter into and execute all such other agreements and instruments, and to perform any and all acts as shall be necessary or advisable in connection with implementation of the Agreement.

SECTION 3. Invalidity Of Any Section. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, then the invalidity or unenforceability of such provision will not affect any of the remaining provisions of this ordinance.

SECTION 4. Superceder. All ordinances, resolutions, motions or orders in conflict with this ordinance are hereby repealed to the extent of such conflict.

SECTION 5. Effective Date. This ordinance shall be in full force and effect immediately upon its passage and approval.

Exhibit "A" referred to in this ordinance reads as follows:

Exhibit "A".

Intergovernmental Agreement

Between

*The City Of Chicago,
Department Of Environment*

And

The Northeastern Illinois Planning Commission.

This intergovernmental agreement (this "Agreement") is entered into and executed as of _____, 2002 (the "Effective Date"), by and between the City of Chicago (the "City"), acting through its Department of Environment ("D.O.E."), and the Northeastern Illinois Planning Commission, a body politic and corporate ("N.I.P.C."). N.I.P.C. and the City are sometimes referred to herein individually as a "Party" and collectively as the "Parties".

Recitals.

Whereas, The City is a municipal corporation and home rule unit of local government under Section 6(a), Article VII of the 1970 Constitution of the State of Illinois; and

Whereas, N.I.P.C. was created by the Illinois General Assembly in 1957 under the Northeastern Illinois Planning Act, 70 ILCS 1705/1, et seq., to conduct research and prepare comprehensive plans and policies to guide the development of the six (6) county Chicago metropolitan area, and to advise and assist local governments in the region; and

Whereas, D.O.E. has determined that it is necessary, essential and appropriate to identify and assess: (i) practical design alternatives to conventional drainage, and (ii) site designs that can substantially reduce surface water runoff quantities and the resultant pollutant loadings from water runoff in the developed land portions of the City; and

Whereas, D.O.E. wishes to make available to N.I.P.C. proceeds from corporate funds in an amount not to exceed Ten Thousand Dollars (\$10,000) (the "Grant") for the purpose of funding the preparation of a report to D.O.E. on design alternatives for urban development applications (the "Report"); and

Whereas, On _____, 2002, the City Council of the City adopted an ordinance published in the *Journal of the Proceedings of the City Council* for said date at pages _____ authorizing the Grant subject to certain terms and conditions (the "Authorizing Ordinance"); and

Whereas, On _____, 2002, the Executive Committee of the Board of Commissioners of N.I.P.C. adopted a resolution authorizing the acceptance of the Grant and the undertaking of the duties contained in this Agreement (the "Authorizing Resolution"); and

Whereas, Under the terms and conditions hereof, the City agrees to make the Grant available to N.I.P.C.; and

Whereas, The City and N.I.P.C. have among their powers the authority to contract with each other to perform the undertakings described herein;

Now, Therefore, In consideration of the mutual covenants contained herein and of the above recitals which are made a contractual part of this Agreement, and for other good and valuable consideration, the receipt of which is hereby acknowledged, the Parties hereto hereby agree as follows:

Agreement.

Section 1.

Grant.

1.1

The scope of work for the Report (the "Scope of Work") is (Sub)Exhibit A, hereto. N.I.P.C. will submit invoices to the City covering work performed under this Agreement in June, 2002 and December, 2002, together with such supporting documentation as the City may require. Subject to the provisions of this Agreement, the City will disburse the Grant funds in the amount of each respective invoice, but in total amount not to exceed Ten Thousand Dollars (\$10,000), within thirty (30) days after receipt of an invoice. The nature, control and amount of the Grant funds to be provided to N.I.P.C. shall remain in the sole discretion of the Commissioner of D.O.E. (the "Commissioner") at all times.

1.2

If the Grant funds should exceed the cost of the Report, N.I.P.C. must repay any such excess funds to the City. N.I.P.C. is solely responsible for any fees, costs and expenses in excess of the amount of the Grant incurred in the preparation of the Report and will hold the City harmless from all such excess fees, costs and expenses.

1.3

The source of funds for disbursements under this Agreement is Fund Number 00-648-72-2005-9005. If no funds or insufficient funds are appropriated and budgeted in any fiscal period of the City for disbursements, then the City will notify N.I.P.C. in writing of that occurrence, and this Agreement will terminate on the earlier of: (i) the last day of the fiscal period for which sufficient appropriation was made, or (ii) whenever the funds appropriated for disbursement under this Agreement are exhausted.

Section 2.

[Reserved]

Section 3.

N.I.P.C. Covenants, Representations And Warranties.

3.1 Authority.

Execution of this Agreement by the City and N.I.P.C. is authorized by the Authorizing Ordinance and the Authorizing Resolution respectively. Each Party represents and warrants to the other Party that it has the authority to enter into and perform its obligations under this Agreement, and the signing and delivery of this Agreement and the performance of its obligations under this Agreement have been duly authorized by all requisite corporate action.

3.2

N.I.P.C. represents:

(a) N.I.P.C. will use the Grant solely for the preparation of the Report as described in this Agreement.

(b) N.I.P.C. will comply with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders that are in effect from time to time that pertain to or affect the Report, N.I.P.C. or the Grant. Upon the City's request, N.I.P.C. shall provide evidence satisfactory to the City of such compliance.

(c) N.I.P.C. agrees that provisions required to be inserted in this Agreement by laws, ordinances, rules, regulations or executive orders are deemed inserted whether or not they appear in this Agreement and that in no event will the failure to insert such provisions prevent the enforcement of this Agreement.

(d) N.I.P.C. understands and agrees that it is required to and will comply with the provisions of Chapter 2-56 and 2-156 of the Municipal Code of Chicago (the "Municipal Code"). Pursuant to Section 2-156-030(b) of the Municipal Code, it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected official has a business relationship, or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a business relationship. Violation of Section 2-156-030(b) by any elected official with respect to this

Agreement shall be grounds for termination of this Agreement. The term "business relationship" shall be defined as set forth in Section 2-156-080 of the Municipal Code.

(e) N.I.P.C. shall at all times perform its duties under this Agreement with the utmost care, skill and diligence in accordance with the applicable standards currently recognized in the community.

(f) N.I.P.C. shall maintain and keep in force, at its sole cost and expense, at all times during its existence, insurance in such amounts and of such type as shall be determined by the City's Office of Risk Management in its sole discretion.

3.3

N.I.P.C. warrants:

(a) Signing, delivery and performance by N.I.P.C. of this Agreement does not violate its resolutions or any applicable provision of law, or constitute a material breach of, default under or require any consent under, any agreement, instrument or document, including any related to borrowing monies, to which N.I.P.C. is party or by which it is bound.

(b) There are no actions or proceedings by or before any court, governmental commission, board, bureau or any other administrative agency pending, threatened or affecting N.I.P.C. that would materially impair its ability to perform under this Agreement.

(c) N.I.P.C. is not in default on any loan or borrowing that may materially affect its ability to perform under this Agreement.

Section 4.

Term.

The term of this Agreement begins on the Effective Date. Subject to Sections 1.3, 5.2, 6 and 7 hereof, this Agreement shall terminate on December 31, 2002.

*Section 5.**Reports, Audit, Inspection And Retention Of Records.*

5.1

N.I.P.C. shall maintain separate, complete, accurate and detailed books and records necessary to monitor its use of the Grant. All such books, records and other related documents shall be available at N.I.P.C.'s principal office at reasonable times for inspection, copying, audit and examination by an authorized representative of the City, at N.I.P.C.'s expense.

5.2

Rights of inspection and review provided in this Section 5 shall continue for five (5) years from the Effective Date or until final settlement and conclusion of all issues arising out of the acceptance of the Grant.

*Section 6.**Indemnification.*

N.I.P.C. will indemnify and defend the City, its officials, agents and employees (the "City Indemnitees") against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, attorneys' and expert witnesses' fees and court costs) the City Indemnitees suffer or incur arising from or in connection with the actions or omissions of N.I.P.C., any consultants, or any subcontractors to N.I.P.C. in implementing and preparing the Report, or N.I.P.C.'s breach of this Agreement. This defense and indemnification obligations survive any termination or expiration of this Agreement.

*Section 7.**Default And Remedies.*

7.1

If N.I.P.C. fails to perform, keep or observe any of its covenants, conditions,

promises, agreements or obligations under this Agreement, and the same is not cured as described in Section 7.2 hereof, the City may terminate this Agreement.

7.2

Prior to termination, the City shall give its notice of intent to terminate thirty (30) days prior to termination at the address specified in Section 8.11 hereof, and shall state the nature of the default. In the event N.I.P.C. does not cure such default within the thirty (30) day notice period, such termination shall become effective at the end of such period; provided, however, with respect to those defaults which are not capable of being cured within such thirty (30) day period, N.I.P.C. shall not be deemed to have committed such default and no termination shall occur if N.I.P.C. has commenced to cure the alleged default within such thirty (30) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

7.3

Consistent with the requirements of Section 8.5, the City may, in any court of competent jurisdiction, by any proceeding at law or in equity, secure the specific performance of the agreements contained herein, or may be awarded damages for failure of performance, or both.

Section 8.

General Provisions.

8.1 Assignment.

This Agreement, or any portion thereof, shall not be assigned by N.I.P.C. without the prior written consent of the City.

8.2 Construction Of Words.

As used in this Agreement, the singular of any word shall include the plural, and vice versa. Masculine, feminine and neuter pronouns shall be fully interchangeable, where the context so requires.

8.3 Counterparts.

This Agreement may be executed in several counterparts and by a different party in separate counterparts, with the same effect as if all Parties had signed the same document. All such counterparts shall be deemed an original, shall be construed together and shall constitute one and the same instrument.

8.4 Further Assurance.

The Parties shall perform such acts, execute and deliver such instruments and documents, and do all such other things as may be reasonably necessary to accomplish the transactions contemplated in this Agreement.

8.5 Governing Law And Venue.

This Agreement will be governed by and construed in accordance with the internal laws of the State of Illinois, without regard to the principles of conflicts of law thereof. If there is a lawsuit under this Agreement, each Party hereto agrees to submit to the jurisdiction of the courts of Cook County, the State of Illinois.

8.6 Integration.

This Agreement constitutes the entire agreement between the City and N.I.P.C. concerning the Grant and the Report, merges all discussions between them and supersedes and replaces any and every other prior or contemporaneous agreement, negotiation, understanding, commitments and writing with respect to such subject matter hereof.

8.7 Parties' Interest/No Third Party Beneficiaries.

This Agreement shall be binding upon the Parties, and their respective successors and permitted assigns (as provided herein) and shall inure to the benefit of the Parties, and their respective successors and permitted assigns (as provided herein). This Agreement shall not run to the benefit of, or be enforceable by, any person or entity other than a Party and its successors and permitted assigns. This Agreement should not be deemed or construed to confer upon third parties any remedy, claim, right of reimbursement or other right. Nothing contained in this Agreement, nor any act of the Parties shall be deemed or construed by any of the Parties hereto or by third parties, to create any relationship of third party beneficiary, principal, agent, limited or general partnership, joint venture, or any association or relationship involving any of the Parties.

8.8 Modification Or Amendment.

This Agreement may not be altered, modified or amended except by a written instrument signed by all the Parties hereto.

8.9 No Implied Waivers.

No waiver by either Party of any breach of any provision of this Agreement will be a waiver of any continuing or succeeding breach of the breached provision, a waiver of the breached provision itself, or a waiver of any right, power or remedy under this Agreement. No notice to, or demand on, either Party in any case will, of itself, entitle that Party to any further notice or demand in similar or other circumstances.

8.10 No Personal Liability.

No official, employee or agent of the City shall be charged personally by N.I.P.C. or by an assignee or subcontractor, with any liability or expenses of defense or be held personally liable under any term or provision of this Agreement because of their execution or attempted execution or because of any breach hereof.

8.11 Notices.

Unless otherwise specified, any notice, demand or request required hereunder shall be given in writing at the addresses set forth below, by any of the following means: (a) personal service; (b) electronic communications, whether by telex, telegram, facsimile (fax); (c) overnight courier; or (d) registered or certified first class mail, return receipt requested.

COMMITTEE ON HISTORICAL LANDMARK PRESERVATION.

**PROVISIONAL GRANT OF LANDMARK STATUS FOR PROPOSED
HISTORIC MICHIGAN BOULEVARD DISTRICT.**

The Committee on Historical Landmark Preservation submitted the following report:

CHICAGO, February 27, 2002.

To the President and Members of the City Council:

Your Committee on Historical Landmark Preservation held its meeting on February 26, 2002 to consider one proposed ordinance for the Historical Michigan Boulevard District which encompasses the west side of Michigan Avenue from Randolph Street to 11th Street and certain other adjacent buildings, including the Art Institute of Chicago, having had the same under advisement, begs leave to report and recommend that Your Honorable Body *Pass* the proposed ordinance transmitted herewith.

This recommendation was concurred in by all members of the Committee present, with no dissenting votes.

Respectfully submitted,

(Signed) ARENDA TROUTMAN,
Chairman.

On motion of Alderman Troutman, the said proposed ordinance transmitted with the foregoing committee report was *Passed* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Carothers, Wojcik, Suarez, Matlak, Mell, Austin, Colom, Banks, Mitts, Allen, Laurino, O'Connor, Doherty, Natarus, Daley, Hansen, Levar, Shiller, M. Smith, Moore, Stone -- 47.

Nays -- None.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, The Commission on Chicago Landmarks has recommended to the City Council that the landmark designation be accorded to the proposed Historic Michigan Boulevard District which encompasses the west side of Michigan Avenue from Randolph Street to 11th Street and certain other adjacent buildings, including the Art Institute of Chicago; and

WHEREAS, It is the intent of the Commission and the City Council to enhance the economic viability of the area and the buildings within the proposed district; and

WHEREAS, The economic viability of the district requires that Cook County Class L property relief be available to owners of property within the district, including owners of residential property; and

WHEREAS, The Department of Planning and Development, in cooperation with the development community, continues to work toward the establishment of development guidelines; and

WHEREAS, The Department of Planning and Development continues to work with the Assessor of Cook County and the Cook County Board toward amendment of the Class L designation to provide for property tax relief for buildings within landmark districts and for residential developments within such districts; and

WHEREAS, Pursuant to Section 2-120-705 of the City of Chicago Landmark Ordinance, the Commission's landmark designation would come into full force and effect without further action by the City Council on March 7, 2002; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That, notwithstanding Section 2-120-705 of the City of Chicago Landmark Ordinance, if the City Council does not take final action upon the proposed Historic Michigan Boulevard District before March 7, 2003, landmark designation based upon the recommendation of the Commission shall be granted.

SECTION 2. This ordinance shall take effect and be in force from and after its passage.

AUTHORIZATION FOR ISSUANCE OF ALL NECESSARY PERMITS,

AMENDMENT OF TITLE 17 OF MUNICIPAL CODE OF CHICAGO
(CHICAGO ZONING ORDINANCE) BY RECLASSIFICATION
OF AREA SHOWN ON MAP NUMBER 1-H.
(Application Number 13547)

(Committee Meeting Held February 20, 2002)

The Committee on Zoning submitted the following report:

CHICAGO, February 27, 2002.

To the President and Members of the City Council:

Reporting for your Committee on Zoning, for which a meeting was held on February 20, 2002, I beg leave to recommend that Your Honorable Body Pass various ordinances transmitted herewith for the purpose of reclassifying particular areas.

I beg leave to recommend the passage of five ordinances which were corrected and amended in their amended form. They are Application Numbers 13409, 13350, 13535, 13385 and A-4799.

Please let the record reflect that I, William J. P. Banks, abstained from voting and recused myself on Application Numbers 13547 and 13548 under the provisions of Rule 14 of the City Council's Rules of Order and Procedure.

At this time, I move for passage of the ordinance transmitted herewith.

Again, please let the record reflect that I abstain from voting on Application Numbers 13547 and 13548 under the provisions of Rule 14 of the City Council's Rules of Order and Procedure.

Respectfully submitted,

(Signed) WILLIAM J. P. BANKS,
Chairman.

On motion of Alderman Banks, the said proposed ordinance transmitted with the foregoing committee report was *Passed* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Carothers, Wojcik, Suarez, Matlak, Mell, Austin, Colom, Mitts, Allen, Laurino, O'Connor, Doherty, Natarus, Daley, Hansen, Levar, Shiller, M. Smith, Moore, Stone -- 46.

Nays -- None.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

Alderman Banks invoked Rule 14 of the City Council's Rules of Order and Procedure, disclosing that while he had no personal or financial interest in the ordinance, he had a familial relationship with the applicant's attorney.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

Alderman Burke invoked Rule 14 of the City Council's Rules of Order and Procedure, disclosing that he had represented parties to these ordinances in previous and unrelated matters.

The following are said ordinances as passed (the italic heading in each case not being a part of the ordinance):

Reclassification Of Area Shown On Map Number 1-G.
(Application Number 13558)

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Chicago Zoning Ordinance be amended by changing all the R5 General Residence District symbols and indications as shown on Map Number 1-G in the area bounded by:

on the east by North Peoria Street; on the north by West Ohio Street; on the west by a line having a northern terminus of 117.02 feet west of the west line of North Peoria Street and a southern terminus of 116.71 feet west of the west line of North Peoria Street; and on the south by West Grand Avenue,

to those of an R4 General Residence District and a corresponding use district is hereby established in the area above-described.

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

Reclassification Of Area Shown On Map Number 2-E.
(As Amended)
(Application Number 13409)

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Chicago Zoning Ordinance be amended by changing all the B7-7 General Central Business District, B7-6 General Central Business District and B6-7 Restricted Central Business District symbols and indications as shown on Map Number 2-E in the area bounded by:

a line 179.0 feet north of and parallel to East Roosevelt Road; the alley next east of and parallel to South Wabash Avenue; a line 100.50 feet north of and parallel to East Roosevelt Road; South Michigan Avenue; East Roosevelt Road; and South Wabash Avenue,

to those of a Residential-Business Planned Development which is hereby established in the area described above, subject to such use and bulk regulations as are set forth in the Plan of Development herewith attached and made a part hereof and to no others.

SECTION 2. This ordinance shall be in full force and effect from and after its passage and due publication.

Plan of Development Statements referred to in this ordinance read as follows:

Residential-Business Planned Development Number ____.

Plan Of Development Statements.

1. The area delineated herein as a residential-business planned development consists of approximately forty-seven thousand one hundred thirty-seven (47,137) square feet (one and eight hundredths (1.08) acres) and is owned or controlled by the co-applicants, Neighborhood Rejuvenation Partners, L.P. and Wabash/Roosevelt, L.L.C.
2. All applicable official reviews, approvals or permits are required to be obtained by the co-applicants or their successors, assignees or grantees. Any dedication or vacation of streets or alleys, or easements, or adjustments of right-of-way, or consolidation or resubdivision of parcels, shall require a separate submittal on behalf of the co-applicants or their successors, assignees, or grantees and approval by the City Council.
3. The requirements, obligations and conditions contained within this planned development shall be binding upon the co-applicants, their successors and assigns and, if different than the co-applicants, the legal title holder and any ground lessors. All rights granted hereunder to the co-applicants shall inure to the benefit of the co-applicants' successors and assigns and if different than the co-applicants, then to the owners of record title to all of the property and any ground lessors. Furthermore, pursuant to the requirements of Section 11.11-1 of the Chicago Zoning Ordinance, the property, at the time any applications for amendments, modifications or changes (administrative, legislative or otherwise) to this planned development are made shall be under single ownership or under single designated control. Single designated control for purposes of this paragraph shall mean that any application to the City for any amendment to this planned development or any other modification or change thereto (administrative, legislative or otherwise) shall be made or authorized by all the owners of the property and any ground lessors. An agreement among property owners, the board of directors or any property owners association, or a covenant binding property owners, may designate the authorized party for any future amendment, modification or change.

4. This plan of development consists of these fourteen (14) statements; a Bulk Regulations and Data Table; an Existing Zoning Map; an Existing Land-Use Map; a Vicinity/Context Map; a Planned Development Property Line and Boundary Map; a Site Plan; a Roof/Landscape Plan; Building Sections and Building Elevations dated February 14, 2002 prepared by DeStefano and Partners as to Subarea A and Vinci/Hamp Architects, Inc. as to Subarea B. Full size sets of the Site Plan, Roof/Landscape Plan and Building Elevations are on file with the Department of Planning and Development. The planned development is applicable to the area delineated hereto and these and no other zoning controls shall apply.
5. The following uses shall be permitted within the area delineated herein as "Residential Planned Development":

Subarea A: multi-family dwelling units, retail uses and parking.
Subarea B: multi-family dwelling units, art galleries, "Art Related Uses" as defined in the redevelopment agreement by and between the co-applicants and the City, business uses as permitted in the B7-6 General Central Business District, dormitory rooms and parking, accessory and non-accessory.
6. Business identifications and identification signs shall be permitted within the planned development subject to the review and approval of the Department of Planning and Development. Temporary signs, such as construction and marketing signs shall be permitted, subject to the review and approval of the Department of Planning and Development.
7. Ingress and egress shall be subject to the review and approval of the Department of Transportation and the Department of Planning and Development. Closure of all or part of any public streets or alleys during demolition or construction shall be subject to the review and approval of the Chicago Department of Transportation.
8. In addition to the maximum height of the buildings and any appurtenance thereto prescribed in this Planned Development, the height of any improvement shall also be subject to height limitations approved by the Federal Aviation Administration.
9. For purposes of Floor Area Ratio ("F.A.R.") calculations, the definitions in the Chicago Zoning Ordinance shall apply.

10. The improvements on the property shall be designed, installed and maintained in substantial conformance with the site plan, Roof/Landscape Plan and Building Elevations or otherwise in accordance with the terms of the Redevelopment Agreement, and in accordance with the parkway tree provisions of the Chicago Zoning Ordinance and corresponding regulations and guidelines.
11. The terms, conditions and exhibits of this planned development ordinance may be modified administratively by the Commissioner of the Department of Planning and Development upon the application for such a modification by Neighborhood Rejuvenation Partnership, L.P. as it relates to Subarea A and Wabash/Roosevelt, L.L.C. as it relates to Subarea B and after a determination by the Commissioner of the Department of Planning and Development that such a modification is minor, appropriate and consistent with the nature of the improvements contemplated in this planned development and the purposes underlying the provisions hereof. Any such modification of the requirements of this statement by the Commissioner of the Department of Planning and Development shall be deemed to be a minor change in the planned development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance.
12. The co-applicants acknowledge that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. The co-applicants shall use best and reasonable efforts to design, construct and maintain all buildings located within this planned development in an energy efficient manner, generally consistent with most current energy efficiency standards published by the American Society of Heating, Refrigerating and Air-Conditioning Engineers ("A.S.H.R.A.E.") and the Illuminating Engineering Society ("I.E.S."). Copies of these standards may be obtained from the Department of Planning and Development.
13. The co-applicants acknowledge that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the property. Plans for all buildings and improvements on the property shall be reviewed and approved by the Mayor's Office for People with Disabilities ("M.O.P.D.") to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility. No approvals shall be granted pursuant to Section 11-11-3(b) of the Chicago Zoning Ordinance until the Director of M.O.P.D. has approved detailed construction drawings for each building or improvement.

14. Unless substantial construction of the improvements contemplated in this planned development has commenced within six (6) years following adoption of this planned development, and unless completion is thereafter diligently pursued, then this planned development shall expire and the zoning of Subarea A shall automatically revert to the pre-existing B7-7 General Central Business District and B6-7 Restricted Central Business District classifications and the zoning of Subarea B shall automatically revert to the pre-existing B7-6 General Central Business District classification.

(Application Number 13551)

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Chicago Zoning Ordinance be amended by changing all the B4-5 Restricted Service District symbols and indications as shown on Map Number 4-E in the area bounded by:

East Cullerton Street; the alley next east of and parallel to South Prairie Avenue; a line 125.0 feet south of and parallel to East Cullerton Street; and South Prairie Avenue,

to those of an R5 General Residence District and a corresponding use district is hereby established in the area above described.

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

AMENDMENT OF TITLE 17 OF MUNICIPAL CODE OF CHICAGO
(CHICAGO ZONING ORDINANCE) BY RECLASSIFICATION
OF PARTICULAR AREAS.

(Committee Meeting Held February 20, 2002)

The Committee on Zoning submitted the following report:

CHICAGO, February 27, 2002.

To the President and Members of the City Council:

Reporting for your Committee on Zoning, for which a meeting was held on February 20, 2002, I beg leave to recommend that Your Honorable Body *Pass* various ordinances transmitted herewith for the purpose of reclassifying particular areas.

I beg leave to recommend the passage of five ordinances which were corrected and amended in their amended form. They are Application Numbers 13409, 13350, 13535, 13385 and A-4799.

Please let the record reflect that I, William J. P. Banks, abstained from voting and recused myself on Application Numbers 13547 and 13548 under the provisions of Rule 14 of the City Council's Rules of Order and Procedure.

At this time, I move for passage of the ordinances transmitted herewith.

Again, please let the record reflect that I abstain from voting on Application Numbers 13547 and 13548 under the provisions of Rule 14 of the City Council's Rules of Order and Procedure.

Respectfully submitted,

(Signed) WILLIAM J. P. BANKS,
Chairman.

On motion of Alderman Banks, the said proposed ordinances transmitted with the foregoing committee report were *Passed* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Carothers, Wojcik, Suarez, Matlak, Mell, Austin, Colom, Banks, Mitts, Allen, Laurino, O'Connor, Doherty, Natarus, Daley, Hansen, Levar, Shiller, M. Smith, Moore, Stone -- 47.

Nays -- None.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following are said ordinances as passed (the italic heading in each case not being a part of the ordinance):

Reclassification Of Area Shown On Map Number 1-E.
(As Amended)
(Application Number A-4799)

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Chicago Zoning Ordinance be amended by changing all the C3-6 Commercial-Manufacturing District and Residential-Business Planned Development Number 368 symbols and indications as shown on Map Number 1-E in the area bounded by:

a line 150 feet east of and parallel to North St. Clair Street; East Grand Avenue; North Lake Shore Drive; the centerline of Odgen Slip to a point 439.74 feet east of North Lake Shore Drive; the centerline of the turning basin; the north bank of the Chicago River and the line thereof extended eastward where said bank does not exist; North Michigan Avenue; East North Water Street; North St. Clair Street (as now located); East Illinois Street; North St. Clair Street; and the alley next south of East Grand Avenue,

to the designation of a Residential-Business Planned Development Number 368, as amended, which is hereby established in the area above described, subject to the provisions of the Plan of Development herewith attached and made a part thereof and to no others.

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development Statements referred to in this ordinance read as follows:

*Residential-Business Planned Development
Number 368, As Amended.*

Plan Of Development Statements.

1. The area delineated herein as "Residential-Business Planned Development Number 368", as amended, consists of approximately one million four hundred seventy-six thousand sixty-four (1,476,064) square feet or thirty-three and eighty-nine hundredths (33.89) acres (exclusive of public rights-of-way and dedicated public open space) of real property as shown on the attached Planned Development Boundary Map (the "Property").

2. This plan of development consists of these statements and the following exhibits: Bulk Regulations and Data Table; an Existing Zoning Map; a Planned Development Boundary and Subareas Map; Development Parcels Map; Maximum Height Zones; Existing and Planned Open Spaces; Pattern of Vehicular Roadways; and Recommended Traffic Improvements. These and no other zoning controls shall apply to the area delineated herein. This plan of development is in conformity with the intent and purpose of the Chicago Zoning Ordinance and all requirements hereof, and satisfies the established criteria for approval as a planned development.
3. The current Property owner or an authorized agent shall obtain all required reviews, approvals, licenses and permits in connection with this plan of development. The dedication or vacation of any streets or alleys shall require a separate submittal and approval by the City Council.
4. The requirements, obligations and conditions contained within this planned development shall be binding upon the applicant, its successors and assigns (including any condominium association which is formed) and, if different than the applicant, the legal title holders and any ground lessors. All rights granted hereunder to the applicant shall inure to the benefit of the applicant's successors and assigns (including any condominium association which is formed) and, if different than the applicant, the legal title holder and any ground lessors. Furthermore, pursuant to the requirements of Section 11.11-1 of the Chicago Zoning Ordinance, the Property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to this planned development are made, shall be under single ownership or under single designated control. Single designated control for purposes of this paragraph shall mean that any application to the City for any amendment to this planned development or any other modification or change thereto (administrative, legislative or otherwise) shall be made or authorized by the Equitable Life Assurance Society of the United States or all its successors and assigns as zoning control party for Property located west of Columbus Drive, and by all the successors and assigns to the Chicago Dock and Canal Trust, as zoning control parties for the Property located east of Columbus Drive. The board of directors of any condominium association shall represent individual condominium owners.
5. Several subareas are delineated on the attached Planned Development Subarea Map for the purposes of establishing use and density controls in connection with this plan of development. Uses permitted below plus thirty-five (35) feet Chicago City Datum, plus or minus six (6) feet in respect of design conditions ("Plaza Level"), shall be in general conformity with the Permitted and Special Uses of the C-6, Commercial-Manufacturing District classification; uses permitted at and above the Plaza Level in the area hereinbefore defined shall be in general conformity

with the Permitted and Special Uses of the B7-6, General Central Business District classification, except that in that part of the subject area lying within 200 feet of North Michigan Avenue uses shall be in general conformity with the Permitted and Special Uses of the B6-7, Restricted Central Business District classification; uses permitted where no Plaza Level exists shall be in general conformity with the Permitted and Special Uses of the B7-6, General Central Business District classification. Earth station receiving and transmitting dishes, microwave relay dishes and transmitting or receiving dishes shall be permitted. Non-accessory parking shall be a permitted use in Subarea F only. All other controls and regulations set forth herein are made applicable within the general application of this statement. Uses permitted in DuSable Park (Subarea E) shall be recreational and related uses including but not limited to marinas; tennis courts; and similar facilities. Day care and other community-oriented uses are expressly permitted and strongly encouraged in all areas of the planned development. Agreement on how space for a minimum of one (1) new day care center shall be provided within Subarea B or D to service new residents and employees of those subareas must be submitted and approved by the Department of Planning and Development prior to the issuance of any Part II approval for any Phase 2 building within these subareas (see Statement 17 hereof for description of Phase 2 development parcels).

6. For purposes of floor area ratio ("F.A.R.") calculations, the definitions in the Chicago Zoning Ordinance shall apply, with the following exceptions: (1) In Subarea A, grade is herein established at plus thirty-five (35) feet Chicago City Datum, plus or minus six (6) feet in respect of design conditions ("Plaza Level"). (2) In Subarea B, grade is herein established as the curb level of Columbus Drive plus or minus six (6) feet in respect of design conditions. (3) Space devoted to heating, ventilation and air-conditioning equipment shall not be included in F.A.R. regardless of location.
7. Any service drives or other ingress or egress lanes shall be adequately designed and paved in accordance with the regulations of the Bureau of Traffic and in compliance with the Municipal Code of the City of Chicago to provide ingress and egress for motor vehicles, including emergency vehicles. Fire lanes shall be adequately designed and paved in compliance with the Municipal Code of the City of Chicago and shall have a minimum of twenty (20) feet to provide ingress and egress for emergency vehicles. There shall be no parking within established fire lanes.

8. Off-street parking and loading facilities shall be provided in compliance with this plan of development, subject to the review of the Chicago Department of Transportation and approval by the Department of Planning and Development. All parking spaces required to serve buildings or uses shall be located on the same parcel as the building or use served, or (i) if a residential use, within six hundred (600) feet walking distance, or (ii) if a nonresidential use, within one thousand two hundred (1,200) feet walking distance. Parking to serve uses in Subarea E may be located underneath or west of Lake Shore Drive.
9. Business and business identification signs shall be permitted within the planned development subject to the review and approval of the Department of Planning and Development and to the conditions of Statement 11(e). Temporary signs such as construction and marketing signs may be permitted subject to the aforesaid approvals. Signage for retail and movie theater uses is a special concern. A general signage plan indicating the locations and dimensions of signage for these uses, including all interior signage which is visible from public streets, shall be submitted prior to part II approval in accord with Statement 16 hereof (Site Plan Review).
10. The height of buildings within the planned development and any appurtenance attached thereto shall be subject to the limitations on the attached exhibit labeled "Maximum Height Zones". Where Maximum Height Zones have been established, building height shall be defined as follows:

"Building height" is the vertical distance from the curb level, or its equivalent, opposite the center of the front of a building to the highest point of the under side of the ceiling beams of the highest habitable floor; in the case of a flat roof, to the deck line of a mansard roof and to the mean level of the under side of the rafters between the eaves and the ridge of a gable, hip or gambrel roof. (For the purpose of determining height, building tops of the other configurations may be considered to be the type described herein which most closely approximates the shape of the proposed design). However, in no case shall the "actual" height of a building exceed the "maximum height" by more than sixty-five (65) feet.
11. The improvements on individual development sites shall be designed, constructed and maintained in accordance with the exhibits attached hereto and the following general design standards:

- (a) Buildings along Lake Shore Drive shall be designed to minimize building mass directly facing the Drive. The base along Lake Shore Drive of any such structure shall be limited to the height of Lake Shore Drive. The tower of such structures shall be set back a minimum of forty (40) feet from Lake Shore Drive although encroachments into such setback area for design reasons may be allowed by the Commissioner of Planning and Development as a minor change pursuant to Section 11.11-3(c) of the Chicago Zoning Ordinance. This forty (40) foot setback area shall be heavily landscaped with trees and other greenery so as to be visible from the Drive.
- (b) Landscaping of buildings at terraces, rooftops, and balconies shall be provided wherever possible and appropriate. Buildings shall be designed with upper level architectural features that are lit at night wherever possible. Mechanical equipment on rooftops shall be screened with quality materials, and made a feature of the building design, where appropriate.
- (c) Buildings shall be setback from the Property line, if necessary, to achieve a minimum of twelve (12) feet by six (6) inches in sidewalk width to accommodate street trees. No awnings, canopies or other building projections shall be allowed that would interfere with street tree canopies except at entrances to hotels or movie theaters.
- (d) Building designs that reflect divisions into base, middle and top, that have setbacks, cornice lines, changes in plane or materials, articulated surfaces, or other methods of reducing the scale and mass are encouraged. Preferred building materials shall be stone, manufactured stone, brick, finished metal such as stainless steel or articulated pre-cast concrete in combination with glass at the base. Exposed structural concrete, dryvit or other stucco-like material, or reflective glass shall not be allowed. Materials of upper stories shall be similar to those of the lower, however, the level of detailing may be simplified.
- (e) Buildings shall be designed with clearly delineated signage bands. The quality and amount of signage shall be strictly controlled. The total square footage displayed on any building shall be limited to no more than six (6) times the street frontage on any given street. Preference shall be given to pin-mounted back lit signs with individual letters that are externally lit. Signs behind glass that are visible from the sidewalk shall count toward the permitted sign area. The area of a sign that consists of individual letters shall be measured by drawing a box around the letters. Graphic images which depict tenant logos or products or which may otherwise be

construed as advertising shall count as signage in their entirety. Signage on awnings shall be allowed on the valance only, with a maximum of five (5) inch high letters limited to tenant identification or logos only. No electronic moving message board signs shall be allowed. Rooftop signs shall be prohibited.

- (f) No new surface parking lots except interim lots approved by the Commissioner of Planning and Development shall be allowed. The maximum effort shall be made to contain parking in below-ground structures. Above-grade parking structures shall be enclosed, fronted by habitable space, or otherwise designed so as to have a similar appearance to habitable spaces in terms of finish materials, the shape and scale of openings, and the screening of ramps, car lights and ceiling fixtures. Any parking structures facing the Chicago River must be fronted by habitable space or completely enclosed and well articulated at all levels. The first (1st) floor of all structures facing Illinois Street, Grand Avenue, McClurg Court, Park Drive, or Columbus Drive shall maximize space with active uses such as retail, day care, restaurants, et cetera. Parking structures shall also contain provisions for planting at the base, the roof, or at mid-height ledges.
- (g) Loading docks shall be concealed from public view through screening or landscaping. Curb cuts for loading docks shall be minimized.
- (h) The new roadway structure at upper level Illinois Street shall be finished in highly articulated stone, pre-cast concrete, or other quality material, with particular attention given to views of the structure from Columbus Drive. Terraced planting, pedestrian lighting, decorative railings, banners and other features shall be used to create a major pedestrian amenity. A major water feature shall be installed at the intersection of upper-level Illinois Street and the NBC Plaza. The underside of upper Illinois shall be appropriately lit, structural columns shall be covered, and other elements shall be added to create a safe, well-lit connection to Michigan Avenue.
- (i) The completion of the riveredge esplanade shall be required of the developers of Parcels 14 and 16, and Parcel 18. Such public spaces shall be developed with the same quality and character of amenities as the existing esplanade adjacent to these areas. In addition, the developer of Parcel 18 shall be responsible for the development of pedestrian access to DuSable Park under Lake Shore Drive. Such access shall be well-lit, suitably paved, and finished so as to provide safe, attractive, and convenient access to the park from the river

esplanade. All plans shall be subject to detailed review and approval by the Department before the issuance of any Part II approval letters.

12. Publicly dedicated improvements, including streets, sidewalks, transit and open space amenities shall be designed, constructed and maintained in accordance with the exhibits described in Statement 2 hereof and the "Cityfront Center Internal Design Standards":

Section 1: dated September 12, 1986. These standards shall be updated within ninety (90) days of the effective date of this amendment to be consistent with this amendment and to include new standards for a new seventy thousand (70,000) square foot public open space at Peshtigo Court between Illinois Street and Grand Avenue and updated standards for sidewalks, vehicular access from the intermediate level of Lake Shore Drive, pedestrian circulation, transit and open space. No Part II approval shall be issued for any phase or development except Phase 1 described in Statement 17 until the Standards have been updated.

13. The property owner(s) adjacent to the Chicago River shall develop a continuous pedestrian esplanade along the Chicago River's edge. Completion of the esplanade will occur as follows:

- (a) The east right-of-way line of McClurg Court to the west right-of-way line of Lake Shore Drive shall be improved concurrently with development of adjacent parcels south of east North Water Street (Parcels 14, 16 and 18); and
- (b) The west right-of-way line of Lake Shore Drive to DuSable Park shall be constructed concurrently with the construction of DuSable Park. The Chicago Park District and the owner(s) of development parcels immediately west of Lake Shore Drive shall jointly share the cost and responsibility of improvements underneath Lake Shore Drive, subject to approval of the State of Illinois to make such improvements.

14. The Open Space Plan attached hereto (Exhibit 6) calls for a new seventy thousand (70,000) square foot park on Peshtigo Court, between Illinois Street and Grand Avenue. The owners of the adjacent development parcel (Parcel P21) shall be responsible for developing this new publicly-accessible park concurrently with the first (1st) new building within Subarea F. The park shall conform with general design standards

included in the updated "Cityfront Center Internal Design Standards: Section 1" (see Statement 12). Permanent development of this park shall take place on top of an underground parking garage; however, should such development not be immediately feasible, a fully-appointed interim park shall be installed on the site until such time as the permanent park is constructed. The Commissioner of Planning and Development must approve the site plan for either a permanent or a interim park before Part II approval is granted for Parcels P18, P19, or P24. The Commissioner of Planning and Development must approve the site plan for a permanent park before Part II approval is granted for Parcel P21. The City will not issue final certificates of occupancy on Parcels P18, P19, or P24 unless either a permanent or interim park has been constructed in accord with an approved site plan. The City will not issue a final certificate of occupancy for Parcel P21 unless construction has started on the permanent park in accord with an approved site plan. Within thirty (30) days after demolition of the Kraft Building and remediation of the site, if any, the site of the Kraft Building will be screened from public view by a decorative barrier, the design of which shall be approved by the Commissioner of Planning and Development. This screening requirement applies unless or until the site is developed as a landscaped surface parking lot, interim or permanent park. After June 1, 2003, all surface parking lots in Subarea F shall be landscaped in accord with the Landscape Ordinance. All sidewalks in Subarea F shall remain open and be maintained in good condition.

15. Traffic studies completed by developers and the City of Chicago project significant peak hour traffic volume increases on Illinois Street and Grand Avenue in particular as a result of new development. Some excess roadway capacity is available to handle this increased traffic, but a number of geometric, signal timing and parking control measures are recommended in addition to active transportation management in the Illinois-Grand Corridor. Accordingly, no Part II submittal shall be approved without a firm agreement between the developer and the Chicago Department of Transportation regarding the timing and responsibility for any recommended traffic improvements described in Exhibit 8 hereof for streets adjoining the development site. Membership and participation in the Illinois/Grand Corridor Transportation Management Association shall also be required prior to the issuance of any Part II development approval.
16. Prior to the issuance by the Department of Planning and Development of a determination pursuant to Section 11.11-3(b) of the Chicago Zoning Ordinance ("Part II approval") for development or redevelopment of any development parcels within the planned development, other than alterations to existing buildings which do not increase their height or alter their footprint, a site plan for the proposed development, including parking areas, shall be submitted to the Commissioner of the Department of

Planning and Development for approval. Review and approval of the site plan by the Commissioner is intended to assure that specific development proposals conform with the general design standards in Statement 11 and to ensure coordination of public improvements described in Statements 12 through 15 at an early stage. No Part II approval for work for which a Site Plan must be submitted to the Commissioner shall be granted until the Site Plan has been approved by the Commissioner. Further, all Part II submittals shall be in compliance with the Chicago Landscape Ordinance.

Following approval of a Site Plan by the Commissioner, the approved plan shall be kept on permanent file with the Department of Planning and Development and shall be deemed to be an integral part of this planned development. The approved Site Plan may be changed or modified pursuant to the minor change provisions of Section 11.11-3(c) of the Chicago Zoning Ordinance.

A Site Plan shall, at a minimum, provide the following information with respect to the proposed improvements:

- (1) the boundaries of the Property;
- (2) the footprint of the improvements;
- (3) location and dimensions of all loading berths;
- (4) preliminary landscaping plan prepared by a landscape architect with final landscaping plan to be approved at Part II stage;
- (5) all pedestrian circulation routes;
- (6) the location of any adjacent public improvements;
- (7) a signage plan for any building where retail or theater uses would be present above the ground level;
- (8) preliminary elevations of the improvements; and
- (9) statistical information applicable to the Property limited to the following:
 - (a) floor area and floor area ratio;
 - (b) uses to be established;

- (c) building heights; and
- (d) all setbacks, required and provided.

A Site Plan shall include such other information as may be necessary to illustrate conformance with the applicable provisions of this Planned Development.

17. The Property within the planned development has and is expected to continue to be developed in phases over a period of years. The next phase of development, development of parcels P4, P5, P9, P13, P14 and P16, shall be deemed for purposes of this statement as "Phase 1". Development of Parcels P1, P3, P7, P7A, P8, P18 and P19 shall be deemed Phase 2. Development of the Kraft Building site and Parcels P21 and P24 shall be deemed Phase 3. Unless substantial construction has commenced on the majority of Phase 1 parcels within six (6) years of July 8, 1998, and is diligently pursued, this planned development shall automatically expire and revert to the C3-6 and Residential-Business Planned Development Number 368 zoning classifications in effect prior to the effective date of this amendment. Unless substantial construction has commenced on all Phase 2 parcels within ten (10) years of July 8, 1998, and Phase 3 parcels within fifteen (15) years of July 8, 1998, and is diligently pursued, the Property owners shall submit a report to the Commissioner of Planning and Development on the status of the development proposals for those parcels. Following the submission of such status reports, the Commissioner shall determine whether changed circumstances since the effective date of this amendment warrant any further modifications to this planned development.
18. If any provision of this planned development amendment shall, to any extent, be invalid or unenforceable, the remainder of this planned development amendment shall not be affected thereby, and each provision of the planned development amendment shall be valid and enforceable to the fullest extent of the law.

-
- Note (1): For the purpose of this planned development "Net Site Area" shall equal the entire land area (at Plaza Level where such is established, and otherwise at grade) within the boundaries of the planned development, less the area now dedicated or proposed to be dedicated to public use.
- Note (2): Dwelling units shall be permitted in Subarea A of this planned development subject to the provisions of the B7-7 General Central Business District classification. Any such units so built will not affect the total of four thousand three hundred eighty (4,380) dwelling units permitted in Subareas B, C, D and F. Dwelling units are permitted below the second (2nd) floor in all subareas except Subarea E.
- Note (3): For purposes of exchange of uses, a hotel room shall be equal to zero and five-tenths (0.5) dwelling units. The permissible number of hotel rooms within the planned development shall not exceed four thousand three hundred forty (4,340) rooms. Ballrooms, meeting rooms, exhibition space, restaurant facilities and hotel-associated retail shall be deemed "accessory hotel uses" and shall be charged against commercial uses.
- Note (4): Although Subarea E (DuSable Park) has been dedicated to public park use, it is included in Net Site Area because a maximum of five thousand (5,000) square feet of park and recreation-related floor area may be constructed within its boundaries.
- Note (5): Assumes four hundred ten thousand (410,000) square feet allocated to development parcels P4 and P5 and the remaining one hundred thirty thousand (130,000) square feet allocated to remaining development parcels within Subarea A.
- Note (6): Assumes floor area allocated to existing buildings as follows: 401 North Michigan (seven hundred sixty thousand two hundred forty-one 760,241 square feet), University of Chicago Gleacher Center (two hundred forty thousand (240,000) square feet), NBC Tower (nine hundred twelve thousand (912,000) square feet) and to future development parcels as follows: P1 (seven hundred seventy-six thousand two hundred fifty (776,250) square feet); P3 (nine hundred seventy thousand (970,000) square feet) and P4/P5 (one million six hundred thousand (1,600,000) square feet).
- Note (7): Assumes floor area allocated to existing Sheraton Hotel at eight hundred sixty thousand three hundred seventy-nine (860,379) square feet and future development parcels P7, P7A and P8 at one million six hundred twenty-one thousand two hundred ninety (1,621,290) square feet.
- Note (8): For purposes of exchange of uses, a hotel room shall be equal to zero and five-tenths (0.5) dwelling units above the four hundred (400) permitted. The permissible number of hotel rooms within the planned development shall not exceed four thousand three hundred forty (4,340) rooms. Ballrooms, meeting rooms, exhibition space, restaurant facilities and hotel-associated retail shall be deemed "accessory hotel uses" and shall be charged against commercial uses. Accessory hotel uses on Parcels P7, P7A and P8 combined shall not exceed fifty thousand square feet (50,000) square feet.

Gross Site Area = Net Site Area, 1,476,064 square feet (33.89 acres) plus Area in or Proposed to be in Public Rights-of-Way, 940,843 square feet (21.60 acres) plus Area in or Proposed to be in Public Parks or Open Space, 387,319 square feet (8.89 acres) = 2,804,226 square feet (64.38 acres).

	Minimum	Maximum
Off-Street Parking:		
Business Uses	1:5,000 square feet	As determined by D.P.D. in consultation with C.D.O.T.
Hotel Uses	1:4 rooms	
Residential Uses	55%/dwelling units	
Non-Accessory Parking (Allowed in Subarea F only)	200 spaces	500 spaces
Off-Street Loading:	Per B7-6 requirements.	
Minimum Peripheral Setbacks:	Sufficient to allow for street trees and pedestrian walkways (minimum 12 feet, 6 inches from building to curb face).	
Minimum Upper Level Setbacks:	40 feet from Lake Shore Drive at level of Upper Lake Shore Drive.	

Exhibit 8.
(To Plan Of Developments Statements)

Recommended Traffic Improvements.

The following is a summary prepared by the Chicago Department of Transportation of the traffic impacts and proposed mitigation efforts for the River East, Grand Pier and North Bridge developments along the Illinois/Grand corridor,

as described in traffic studies prepared by traffic consultants for the developers and the City (KLOA and Barton-Aschman, respectively):

General Impacts:

The three (3) developments will generate roughly three thousand (3,000) trips (one thousand six hundred (1,600) inbound and one thousand four hundred (1,400) outbound) during the P.M. peak hour. About one thousand three hundred fifty (1,350) trips (seven hundred fifty (750) inbound, six hundred (600) outbound) will be generated during A.M. peak hour.

There will be traffic volume increases on Illinois and Grand, between State Street and Lake Shore Drive, of roughly five hundred (500) to seven hundred (700) vehicles per hour during the P.M. peak hour. During the A.M. peak hour, traffic volume will increase on Illinois and Grand by roughly two hundred (200) to three (300) vehicles per hour. Existing peak volumes on Illinois and Grand range between one thousand (1,000) and one thousand five hundred (1,500) vehicles per hour; with these developments, volumes would range between one thousand five hundred (1,500) and two thousand (2,000) vehicles per hour.

Some excess capacity is available to handle this increased demand, but a number of geometric, signal timing and parking control measures are recommended to further accommodate this increase in traffic.

Geometric And Signal Operations Improvements:

In order to increase overall intersection capacity and address heavy traffic circulation demand, it is proposed to widen McClurg Court between Illinois and Grand to provide double left turn lanes northbound at Grand and southbound at Illinois. McClurg would be further widened on the west side to provide a drop-off lane at the proposed residential building.

It is also proposed to widen McClurg between Ohio and Grand to provide separate southbound right turn and through traffic lanes, and to provide a smoother northbound alignment through the Grand Avenue intersection. The right-of-way for this widening would need to be obtained from the adjacent property owners.

The traffic signals at McClurg/Grand and at McClurg/Illinois would be modified to accommodate the street widening and to provide left turn arrow signal indications for northbound traffic at Grand and southbound traffic at Illinois.

On Grand Avenue at State Street, the C.T.A. subway entrances at the northeast and northwest corners will be relocated out of the Grand Avenue right-of-way. This will allow the widening of Grand Avenue at this intersection to provide four (4) westbound lanes compared with the three (3) lanes currently available at this "bottleneck" location.

Restriping of various street segments is proposed in an effort to make more efficient use of pavement space and increase traffic capacity. Striping of left turn lanes, where appropriate, would be done on State, Wabash and Rush at their intersections with Illinois, Grand, Ohio and Ontario. Illinois would be restriped at Columbus to provide three (3) through lanes, and separate left turn and right turn lanes.

Parking Controls:

Metered on-street parking generally will need to be eliminated on Illinois and Grand from State Street to Lake Shore Drive in order to provide additional traffic capacity or to make the curb lane available for various pickup/dropoff activities. Sufficient off-street parking, provided as part of these developments, is intended to satisfy the demand for parking in the corridor.

It is proposed to eliminate parking on Illinois Street from State Street to Michigan Avenue in order to provide three (3) eastbound traffic lanes, compared with the two (2) existing lanes. This increase in traffic capacity is needed to handle the increased demand on this segment of Illinois Street.

It is proposed to eliminate parking on the south side of Grand Avenue east of Columbus Drive to provide a separate left turn lane on Grand at the approach to the Columbus Drive signal. This would increase the through traffic capacity by removing the turning movements from the adjacent through traffic lane.

Parking would also be eliminated on both sides of Grand Avenue east of McClurg Court, in order to provide separate left turn and right turn lanes on the approach to the traffic signal. Again, traffic capacity would be increased by segregating the through and turning traffic movements.

The elimination of parking is also proposed on the south side of Ontario at Fairbanks in order to provide a westbound left turn lane on Ontario. The striping of an optional through left lane was also recommended as a further capacity improvement, although conflicts between turning vehicles and pedestrians in the south crosswalk will require further analysis.

Transportation Management:

Active traffic management in the corridor will be undertaken by the Transportation Management Association which has been established. The T.M.A. will meet to exchange information on traffic operations needs and problems, changing development conditions, construction activities, special events and other factors which may affect transportation in the corridor. Various City agencies, including C.D.O.T., Planning, Police, Streets and Sanitation, and the C.T.A., will coordinate efforts with corridor property managers to address evolving transportation demands.

Strict enforcement of existing and proposed parking restrictions will be necessary to ensure that street space needed for traffic capacity is available. Of particular concern is the need to keep Illinois Street clear, east of Columbus; Grand Avenue, west of Michigan; Ohio Street, west of Michigan; and Ontario Street, west of St. Clair.

Improved public transit service as appropriate to serve the needs of the corridor will be developed. C.D.O.T. and the T.M.A. will be reviewing service needs and developing strategies for best providing public transportation, whether through modifications of C.T.A. service or additional shuttle bus operations.

Site Specific Improvements:

Parcels 4 And 5:

The proposed lower level loading dock layout requires a number of traffic control measures in order to mitigate the potential effect on Illinois Street traffic. These measures include prohibition of on-street loading, provision of a dock master during loading dock hours, limitation on loading dock hours to prohibit backing maneuvers between 7:00 A.M. and 9:00 A.M. and between 4:00 P.M. and 7:00 P.M., Monday through Friday, and implementation of loading dock control as part of an overall Traffic Management Plan to be implemented by the Illinois/Grand Corridor Transportation Management Association.

Parcels P7, P7A And P8:

There should be no curb cuts on Illinois Street. Curb cuts providing access to loading docks should be located only on Lower North Water Street or New Street.

Parcels P9 And P13:

The increase in hotel development along Columbus Drive between Grand Avenue and Illinois Street and along Park Drive between Illinois and North Water Streets will concentrate taxi and other traffic movement in this area. Signing and striping is needed to prevent traffic from driving across Illinois Street in order to access Park Drive rather than turning left onto eastbound Illinois Street. Vaulted sidewalks are also indicated in the public way on both Grand and Illinois. Although vaulted sidewalks are not generally recommended, they are acceptable in this instance to allow for the placement of parking underground.

Parcels P14 And P16:

The vacation of River Drive east of McClurg may result in hundreds of residential units being accessed from a single cul-de-sac street, North Water Street east of McClurg. The sewer on North Water is seven (7) to eight (8) feet below the pavement, and its reconstruction at some time in the future, or any other significant utility maintenance, could severely restrict access to these residences. Widening of North Water to forty-four (44) feet from its existing forty (40) foot width is recommended in order to provide more flexibility to maintain two (2) way traffic in the event of any future construction activities.

The Kraft Building Site:

There is no objection to vacating Peshtigo Court in the future. If Peshtigo Court is eliminated and another north/south street is added, its location must be checked with respect to the location of the drop-off lanes on Illinois at North Pier terminal. If Peshtigo Court is retained, adding another north/south street between Peshtigo and McClurg is not recommended.

Parcels P18 And P19:

Although it is physically feasible to add signalized access to these sites from intermediate level Lake Shore Drive, access from this roadway is not recommended. Also, the A.D.A. accessibility of any pedestrian bridge built across Ogden Slip should be reviewed.

Reclassification Of Area Shown On Map Number 2-J.
(Application Number 13566)

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, is hereby amended by changing all the M1-2 Restricted Manufacturing District symbols and indications as shown on Map Number 2-J in the area bounded by:

West Fillmore Street; the public alley next east of and parallel to South St. Louis Avenue; the public alley next south of and parallel to West Fillmore Street; and South St. Louis Avenue,

to those of an R4 General Residence District and a corresponding use district is hereby established in the area described above.

SECTION 2. This ordinance shall be in full force and effect after its passage and publication.

Reclassification Of Area Shown On Map Number 3-E.
(As Amended)
(Application Number 13385)

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Chicago Zoning Ordinance be amended by changing all the current B6-6 Restricted Central Business District symbols and indications as shown on Map Number 3-E in the area bounded by:

East Walton Street; a line 231 feet east of North Michigan Avenue; a line 107.85 feet south of East Walton Street; and North Michigan Avenue,

to those of a Residential-Business Planned Development which is hereby established in the area described above subject to such use and bulk regulations as are set forth in the Plan of Development attached hereto and to no others.

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development Statements referred to in this ordinance read as follows:

*Residential Business Planned Development
Number ____.*

Plan Of Development Statements.

1. The area delineated herein as a residential-business planned development (the "Planned Development") consists of approximately twenty-four thousand eight hundred eighty-one (24,881) square feet (zero and fifty-seven hundredths (0.57) acres) of property which is depicted on the attached Planned Development Boundary and Property Line Map (the "Property") and is owned or controlled by the applicant, Palmolive Building Base, L.L.C.
2. The applicant shall obtain all necessary official reviews, approvals or permits. Any dedication or vacation of streets, alleys or easements or any adjustments of rights-of-way shall require a separate submittal on behalf of the applicant and approval by the City Council.
3. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the applicant, its successors and assigns and, if different than the applicant, the legal title holders and any ground lessors. All rights granted hereunder to the applicant shall inure to the benefit of the applicant's successors and assigns and, if different than the applicant, the legal title holder and any ground lessors. Furthermore, pursuant to the requirements of Section 11.11-1 of the Chicago Zoning Ordinance, the Property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or under single designated control. Single designated control for purposes of this paragraph shall mean that any application to the City for any amendment to this Planned Development or any other modification or change thereto (administrative, legislative or otherwise) shall be made or authorized by the applicant.
4. This Plan of Development consists of fourteen (14) statements; a Bulk Regulations and Data Table; an Existing Zoning Map; a Planned Development Boundary and Property Line Map; an Existing Land-Use Map; a Site/Landscape Plan; Landscape Details; and Building Elevations prepared by Booth Hansen Associates, dated February 14, 2002. These and no other zoning controls shall apply to the Property. This Planned

Development conforms to the intent and purpose of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, and all requirements thereof, and satisfies the established criteria for approval as a planned development.

5. The following uses are permitted in the Planned Development:

residential, retail, office and related uses, including restaurants which may serve liquor in conjunction with the serving of food as the principal activity and may include live entertainment and dancing; taverns; telecommunications and broadcast equipment, structures and installations including parabolic dishes; provided that such equipment, structures or installations are appropriately screened and approved by the Commission on Chicago Landmarks; and accessory and non-accessory off-street parking facilities.
6. Business identification signs shall be permitted within the Planned Development subject to the review and approval of the Department of Planning and Development. Temporary signs such as construction and marketing signs also shall be permitted subject to the review and approval of the Department of Planning and Development. No advertising signs shall be permitted within the Planned Development.
7. Off-street parking and loading facilities shall be provided in accordance with the provisions of this Planned Development subject to the review and approval of the Departments of Transportation and Planning and Development. Any service drive or other ingress or egress shall be adequately designed and paved, in accordance with the regulations of the Department of Transportation in effect at the time of construction and in compliance with the Municipal Code of the City of Chicago, to provide ingress and egress for motor vehicles, including emergency vehicles. Off-street parking facilities will be provided in the below-grade levels of the existing thirty-seven (37) story building within the Planned Development and will be accessed via vehicular elevators and/or other mechanical parking devices within the building to be reached via an entrance from East Walton Street. Off-street loading facilities will be provided within the building at grade and will also be accessed via the East Walton Street entrance. Off-street parking facilities may be operated as valet parking facilities, wherein patrons enter the building and turn custody of their vehicles over to a valet to be parked. Sections 5.8-3, 8.10(2), (3), (4), (6) and (9) of the Chicago Zoning Ordinance shall not apply to the off-street loading facilities and Sections 5.8-3, 8.11(4), (5), (6) and (7) of the Chicago Zoning Ordinance shall not apply to the off-street parking facilities within the Planned Development. Non-accessory parking shall be limited to a maximum number of thirty (30) parking spaces, which shall be leased or

otherwise offered to non-accessory users on a monthly, contractual basis only. No signage shall be permitted in the Planned Development regarding such non-accessory parking use, and in no event shall the number of non-accessory parking spaces exceed the difference between the actual number of dwelling units and the garage capacity. The non-accessory parking function shall be subject to review by the Commissioner of the Department of Planning and Development on or about the first (1st) anniversary of the commencement of operation of the parking garage. The specific design and configuration of the off-street parking and loading facilities within the Planned Development and ingress and egress thereto shall be subject to the review and approval of the Departments of Transportation and Planning and Development.

8. In addition to the maximum height of the building and any appurtenance attached thereto prescribed in this Planned Development, the height of any improvements shall also be subject to height limitations as approved by the Federal Aviation Administration.
9. The improvements on the Property shall be designed, constructed and maintained in substantial conformance with this Planned Development. Landscaping shall be installed in accordance with the Landscape Plan and maintained in accordance with the parkway tree planting provisions of the Chicago Zoning Ordinance.
10. The terms, conditions and exhibits of this Planned Development may be modified administratively by the Commissioner of the Department of Planning and Development upon the request of the applicant and after a determination by the Commissioner that such a modification is minor, appropriate and consistent with the nature of the development of the Property contemplated herein and will not result in increasing the maximum floor area ratio for the total net site area or the maximum number of units for the total net site area established in this Planned Development. Any such modification shall be deemed a minor change in the Planned Development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance.
11. The applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. The applicant shall use best and reasonable efforts to design, construct and maintain all buildings located within this Planned Development in an energy efficient manner, generally consistent with the most current energy efficiency standards published by the American Society of Heating, Refrigeration and Air-Conditioning Engineers ("A.S.H.R.A.E.") and the Illuminating Engineering Society ("I.E.S.").

12. For purposes of maximum floor area ratio ("F.A.R.") calculations, the definitions in the Chicago Zoning Ordinance shall apply; provided, however, that in addition to the other exclusions from floor area for purposes of determining F.A.R. permitted by the Chicago Zoning Ordinance, all floor area devoted to mechanical equipment in excess of five thousand (5,000) square feet in a single location, regardless of placement in the building, shall be excluded when determining F.A.R.
13. The Palmolive Building within the Planned Development has been designated a Chicago landmark by the City Council. In order to protect the historic and architectural character of this building, any proposed work on the building is subject to the review of the Commission on Chicago Landmarks, in accordance with the Chicago Landmarks Ordinance. In the event the historic beacon atop the Palmolive Building is restored, its operation shall be prohibited unless and until approval is granted by the Commissioner of the Department of Planning and Development.
14. Unless substantial construction of the improvements contemplated for the Property by this Planned Development has commenced within six (6) years of the effective date hereof and unless the completion of those improvements is thereafter diligently pursued, then this Planned Development shall expire and the zoning of the Property shall automatically revert to the B6-6 Restricted Central Business District classification. The six (6) year period may be extended for up to one (1) additional year if, before expiration, the Commissioner of the Department of Planning and Development determines that good cause for an extension is shown.

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development Statements referred to in this ordinance read as follows:

*Residential Planned Development
Number _____, As Amended.*

Plan Of Development Statements.

1. The area delineated herein as a residential planned development (the "Planned Development") consists of approximately four hundred thirty-one thousand seven hundred seventy-eight (431,778) net square feet (nine thousand nine hundred twelve (9,912) acres) (the "Property"). Subject to areas to be vacated or dedicated by separate ordinance, the Property is owned or controlled by the applicant, Lake Park Crescent L.L.C.
2. All applicable official reviews, approvals or permits are required to be obtained by the applicant or its successors, assignees or grantees (collectively, "Affiliates"). Any dedication or vacation of streets or alleys, or easements or adjustments of rights-of-way, or consolidation or resubdivision or parcels, shall require separate submittal on behalf of the applicant or its Affiliates and approval by the City Council. Property designated "Terrace Park" in the maps and plans described below in Statement 4 which is not already owned by the Chicago Park District shall be offered in dedication to the Chicago Park District in conjunction with the closing of developer's transactions with current ownership. The design, construction, landscaping and maintenance of the entirety of all property areas designated "Terrace Park" in the maps and plans described below in Statement 4 shall be the responsibility of the Chicago Park District and are not prerequisites for Part II approvals or other City permits or certifications for construction of the development. Property designated for street right-of-way in the maps and plans described below in Statement 4 shall be offered in dedication to the City of Chicago in a timely manner to enable the City to proceed at the City's expense with the street and related accessory street facilities which serve the portion of the development in which residential units are at that time being constructed.

3. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the applicant, its Affiliates and, if different than the applicant, the legal title holder and any ground lessors. All rights granted hereunder to the applicant shall inure to the benefit of the Affiliates and, if different than the applicant, the legal title holder or any ground lessors. Furthermore, pursuant to the requirements of Section 11.11-1 of the Chicago Zoning Ordinance, the Property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or under single designated control. An agreement among property owners, the board of directors of any property owners association, or a covenant binding property owners, may designate the authorized party for any future amendment, modification or change.
4. This Plan of Development consists of these fourteen (14) statements; plus a Bulk Regulations and Data Table; an Existing Zoning Map; a Planned Development Boundary and Property Line Map; a Right-of-Way Adjustment Map (Streets and Alleys to be Vacated); a Right-of-Way Adjustment Map (Streets, Alleys and Park to be Dedicated); a Site Plan; a Partial Site Plan (Blocks A and B); a Partial Site Plan (Blocks C and D); a Landscape Plan; and Building Elevations each last dated February 14, 2002, prepared by Campbell Tiu Campbell. Full size sets of the aforesaid Site Plan, Landscape Plan, and Building Elevations and Floor Plans are on file with the Department of Planning and Development ("D.P.D."). The aforesaid plans create an approximately two and eighty-five hundredths (2.85) acre landscaped public park. The Planned Development is applicable to the area delineated hereto and no other zoning controls shall apply to the Property.
5. The following uses shall be permitted within the area delineated herein as "Residential Planned Development":

rowhouses, townhouses, six (6) flats, multi-family buildings with accessory retail sales and services; landscaped open space and park; a community center; a day care center; office space; and accessory parking and accessory uses. The area designated "Private Area" on the Site Plan shall be preserved as a privately maintained landscaped and/or lawn conservation area. A dog run may be provided in the Terrace Park; the provision of such a dog run is not a prerequisite for issuance of Part II approvals or other City permits or certifications for construction of the development.

6. Identification signs, business identification signs in the elevator buildings and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development subject to the review and approval of D.P.D.
7. Any service drives or other ingress or egress shall be adequately designed and paved in accordance with the regulations of the City of Chicago Department of Transportation ("C.D.O.T.") in effect at the time of construction and in compliance with the Municipal Code, to provide ingress and egress for motor vehicles, including emergency vehicles. There shall be no parking within such emergency areas. Ingress and egress shall be subject to the review and approval of C.D.O.T. and D.P.D.. C.D.O.T. is responsible for any extension of the existing retaining wall along the east boundary of the Property; such an extension is not a prerequisite for issuance of Part II approvals or other City permits or certifications for construction of the development.
8. In addition to the maximum height of any building or any appurtenance thereto prescribed in this Planned Development, the height of any improvements shall also be subject to limitations as approved by the Federal Aviation Administration.
9. For the purposes of floor area ratio ("F.A.R.") calculations, the definitions in the Chicago Zoning Ordinance shall apply.
10. The improvements to the Property shall be designed, installed and maintained in substantial conformance with the Plans described above in Statement 4. Trash receptacles for those dwelling units with their own garage shall be stored in their garages except for pick-up day.
11. The terms, conditions and exhibits of this Planned Development may be modified administratively by the Commissioner of the Department of Planning and Development (the "Commissioner"), upon the application for such a modification by the applicant and after a determination by the Commissioner that such a modification is minor, appropriate and consistent with the nature of the improvements contemplated by this Planned Development and the purposes underlying the provisions hereof. Any such modification of the requirements of this statement by the Commissioner of the D.P.D. shall be deemed to be a minor change in the Planned Development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance.

12. The applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. The applicant shall use best and reasonable efforts to design, construct and maintain all buildings located within this Planned Development in an energy efficient manner, generally consistent with the most current energy efficiency standards published by the American Society of Heating, Refrigerating and Air-Conditioning Engineers ("A.S.H.R.A.E.") and the Illuminating Engineering Society ("I.E.S."). Copies of these standards may be obtained from the D.P.D.
13. The applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes and enables universal access through the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities ("M.O.P.D.") to ensure compliance with all applicable laws and regulations related to access for persons with disabilities. No approvals shall be granted pursuant to Section 11.11-3(b) of the Chicago Zoning Ordinance until the Director of M.O.P.D. has approved detailed construction drawings for each building or improvement.
14. Unless substantial construction of the project contemplated by this Planned Development has commenced within six (6) years following adoption of this Planned Development, then this Planned Development shall expire and thereafter the zoning of the Property shall automatically revert to that of the pre-existing R-5 General Residence District.

SECTION 2. That the Chicago Zoning Ordinance be amended by changing all the R6 General Residence District symbols and indications as shown on Map Number 7-F in the area bounded by:

West 48th Place; the public alley immediately east of and parallel to South Western Avenue; West 49th Street; and South Western Avenue,

to those of a Residential Planned Development which is hereby established in the area described above, subject to such use and bulk regulations as are set forth in the Plan of Development attached hereto and to no others.

SECTION 3. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development Statements referred to in this ordinance reads as follows:

Residential Planned Development.

Plan Of Development Statements.

1. The area delineated herein as a residential planned development consists of approximately thirty-one thousand seven hundred twenty-four (31,724) square feet, zero and seventy-three hundredths (0.73) of an acre, of property which is depicted on the attached Planned Development Boundary and Property Line Map and is owned or controlled by the applicant, Senior Living Little-Village, L.P.
2. All applicable official reviews, approvals or permits which are necessary to implement this plan of development shall be obtained by the applicant or its successors, assignees or grantees. Any dedication or vacation of streets, alleys or easements or any adjustment of rights-of-way shall require a separate submittal on behalf of the applicant or its successors, assignees or grantees and approval by the City Council.

3. The requirements, obligations and conditions contained within this planned development shall be binding upon the applicant, its successors and assigns and, if different than the applicant, the legal title holders and any ground lessors. All rights granted hereunder to the applicant shall insure to the benefit of the applicant's successors and assigns and, if different than the applicant, the legal title holder and any ground lessors. Furthermore, pursuant to the requirements of Section 11.11-1 of the Chicago Zoning Ordinance, the property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to this planned development are made, shall be under single ownership or under single designated control. Single designated control for purposes of this paragraph shall mean that any application to the City for any amendment to this planned development or any other modification or change thereto (administrative, legislative or otherwise) shall be made or authorized by all the owners of the property, including any condominium association which may be formed to represent all or some of the owners for zoning purposes and any ground lessors.
4. This plan of development consists of fifteen (15) statements; a Bulk Regulations and Data Table; an Existing Zoning Map; a Planned Development Boundary and Property Line Map; an Existing Land-Use Map; a Landscape Plan prepared by Jack DiClementi, dated February 14, 2002; and Site Plan and Building Elevations prepared by Haylock Design, Inc., dated February 14, 2002. Full-sized copies of the Site Plan, Landscape Plan and the Building Elevations are on file with the Department of Planning and Development. These and no other zoning controls shall apply to the property. This planned development conforms to the intent and purpose of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, and all requirements thereof, and satisfied the established criteria for approval as a planned development.
5. The following uses shall be permitted in the area delineated herein as a residential planned development:
 - multi-family dwelling units for the elderly, accessory parking and accessory uses.
6. Identification signs and temporary signs such as construction and marketing signs shall be permitted within the planned development subject to the review and approval of the Department of Planning and Development.

7. Off-street parking and loading facilities shall be provided in compliance with this planned development subject to the review and approval of the Departments of Transportation and Planning and Development. A minimum of two percent (2%) of all parking spaces provided within the planned development shall be designated and designed for parking for the handicapped.
8. Additional parking with a minimum of fourteen (14) spaces shall be provided on a parcel of real estate commonly known as 2312 West 48th Place, Chicago, Illinois land which is outside the boundaries of the planned development (the "Additional Parking Area"). A minimum of two percent (2%) of all parking spaces provided within the Additional Parking Area shall be designated and designed for parking for the handicapped.
9. Any service drive or other ingress or egress shall be adequately designed and paved, in accordance with the regulations of the Department of Transportation in effect at the time of construction and in compliance with the Municipal Code of the City of Chicago, to provide ingress and egress for motor vehicles, including emergency vehicles. There shall be no parking within such paved areas. Ingress and egress shall be subject to the review and approval of the Departments of Transportation and Planning and Development.
10. In addition to the maximum height of the improvements and any appurtenance depicted on the Building Elevations attached hereto, the height of the improvements shall also be subject to limitations approved by the Federal Aviation Administration.
11. The improvements on the property, including the on-site exterior landscaping and all entrances and exits to and from the loading area, shall be designed, constructed and maintained in substantial conformance with the Site and Landscape Plans and the Building Elevations. New sidewalks adjacent to the property will be installed.
12. The applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the property. Plans for all buildings and improvements on the property shall be reviewed and approved by the Mayor's Office for People with Disabilities ("M.O.P.D.") to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility. No approvals shall be granted pursuant to Section 11.11-3(b) of the Chicago Zoning Ordinance, until the Director of M.O.P.D. has approved detailed construction drawings for each building or improvement.

13. The requirements of the planned development may be modified, administratively, by the Commissioner of Planning and Development upon the application for such modification by applicant and a determination by the Commissioner of Planning Development that such modification is minor, appropriate and consistent with the nature of the improvements contemplated by this planned development and the purposes underlying the provisions hereof. Any such modification of the requirements of the planned development by the Commissioner of Planning and Development shall be deemed to be a minor change in the planned development as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance.
14. The applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. The applicant shall use its best and reasonable efforts to design, construct and maintain all buildings located within this planned development in conformance with energy efficiency standards published by the American Society of Heating, Refrigerating and Air-Conditioning Engineers ("A.S.H.R.A.E.") and the Illumination Engineering Society ("I.E.S.").
15. Unless substantial construction of the building has commenced within six (6) years following adoption of this planned development, and unless completion thereof is diligently pursued, then this planned development shall expire and the zoning of the property shall automatically revert to the pre-existing M2-2 General Manufacturing District.

JOINT COMMITTEE.

COMMITTEE ON AVIATION

AND

**COMMITTEE ON THE BUDGET AND
GOVERNMENT OPERATIONS.**

UNITED STATES CONGRESS URGED TO ADOPT LEGISLATION FOR
IMPLEMENTATION OF COMPREHENSIVE AVIATION AGREEMENT
REGARDING O'HARE INTERNATIONAL AIRPORT,
MERRILL C. MEIGS FIELD AND
PEOTONE AIRPORT.

A Joint Committee, composed of the members of the Committee on Aviation and the members of the Committee on the Budget and Government Operations, submitted the following report:

CHICAGO, February 27, 2002.

To the President and Members of the City Council:

Your Joint Committee on Aviation and the Committee on the Budget and Government Operations, having had under consideration a resolution urging the Congress of the United States to pass, and the President to approve, legislation

concerning the necessary expansion of the Chicago area air traffic capacity, having had the same under advisement, begs leave to report and recommend that Your Honorable Body *Adopt* the proposed resolution transmitted herewith.

This recommendation was concurred in by a viva voce vote of the members of the Committee.

Respectfully submitted,

(Signed) PATRICK J. LEVAR,
*Committee on Aviation,
Chairman.*

(Signed) WILLIAM M. BEAVERS,
*Committee on the Budget
and Government Operations,
Chairman.*

On motion of Alderman Levar, the said proposed resolution transmitted with the foregoing committee report was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Carothers, Wojcik, Suarez, Matlak, Mell, Austin, Colom, Banks, Mitts, Allen, Laurino, O'Connor, Doherty, Natarus, Daley, Hansen, Levar, Shiller, M. Smith, Moore, Stone -- 47.

Nays -- None.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

The following is said resolution as adopted:

WHEREAS, Chicago O'Hare International Airport is an important economic engine for the City of Chicago, the State of Illinois and the entire Midwest region; and

WHEREAS, On December 5, 2001, the Governor of the State of Illinois and the Mayor of the City of Chicago announced their comprehensive aviation agreement for the modernization of Chicago O'Hare International Airport; priority consideration

of federal funding for the Peotone Airport; and the continued operation of Merrill C. Meigs Field; and

WHEREAS, The proposal will maintain O'Hare as an essential economic asset to our region's economy by creating an estimated one hundred ninety-five thousand (195,000) jobs in addition to the approximately five hundred thousand (500,000) jobs currently supported by the region's airport system; and

WHEREAS, The annual economic benefits from the proposed plan will be between Sixteen Billion Four Hundred Million Dollars (\$16,400,000,000) and Nineteen Billion Nine Hundred Million Dollars (\$19,900,000,000); and

WHEREAS, By adding one (1) runway, reconfiguring three (3) others and improving ground access, the proposal will reduce delays and congestion at O'Hare, both on the ground and in the air; and

WHEREAS, Specifically, delays would be reduced by ninety-five percent (95%) in bad weather and by seventy-nine percent (79%) overall, resulting in a savings of hundreds of millions of dollars annually; and

WHEREAS, Based upon projections of the Federal Aviation Administration, the proposal would serve demand in the region for air travel at least through the year 2030; and

WHEREAS, The proposal does not require the expenditure of any local or state tax dollars for airport improvements; and

WHEREAS, The Governor Ryan -- Mayor Daley O'Hare modernization agreement enjoys widespread support among large and small businesses and chambers of commerce, labor organizations, the tourism industry, aviation professionals and travelers from all fifty (50) states, the District of Columbia and many foreign nations; and

WHEREAS, Legislation implementing the proposal may soon be brought to a vote in the United States Congress; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this twenty-seventh day of February, 2002, do hereby urge the United States Senate and the United States House of Representatives promptly to pass legislation to implement the comprehensive aviation agreement reached between Governor Ryan and Mayor Daley, and do hereby urge the President of the United States to approve such legislation; and

Be It Further Resolved, That copies of this resolution be delivered to the President of the United States, the President Pro Tempore of the United States

Senate, the Speaker of the United States House of Representatives and each member of the Illinois congressional delegation.

AGREED CALENDAR.

Alderman Burke moved to *Suspend the Rules Temporarily* for the purpose of including in the Agreed Calendar a series of resolutions presented by The Honorable Richard M. Daley, Mayor, and Aldermen Lyle, Frias, Rugai, Troutman, Carothers, Austin, O'Connor and Natarus. The motion *Prevailed*.

Presented By

ALDERMAN TROUTMAN (20th Ward):

TRIBUTE TO LATE MRS. GAYLE TROUTMAN RAMEY-JEFFERS.

WHEREAS, God in His infinite wisdom and judgement has called to her eternal reward the much beloved Gayle Troutman Ramey-Jeffers on Wednesday, February 20, 2002; and

WHEREAS, The Chicago City Council has been informed of her transition by her sister, The Honorable Arenda Troutman, Alderman of the 20th Ward; and

WHEREAS, She was born September 30, 1953 to Iris Mae and the late Benjamin Lee Troutman, the second of their ten children and the eldest of seven daughters. She mentored her brothers Benjamin, Jr., James and Phillip and sisters Audrey, Faye, Arenda, Diana, Lois and Iris; and was a worthy role model who shared her natural leadership, intrinsic strength and warm, compassionate nature within her loving family and beyond. Raised in our great city, Gayle Troutman Ramey-Jeffers attended Calumet High School. She received her Associate of Arts degree from John A. Logan College in Carbondale, Illinois, and attended Taylor Business School where she became certified as an executive secretary; and

WHEREAS, Gayle Troutman Ramey-Jeffers was wed to Gene Ramey, and of that union, her beautiful daughter Delmara Sharice Ramey was born. She later became the cherished wife of Donald Jeffers and that union bore three precious daughters, Dawn LeShay, Gayle Shantrell and Amaris Arenda; two dear sons, Donald Walker and David Wayne Williams; and two adored grandchildren, Mercedes Gayle and Nikolas Andrew Williams; and

WHEREAS, Gayle Troutman Ramey-Jeffers spent the early years of her illustrious career as a medical secretary at the Cook County Hospital, executive secretary to a vice president of CNA Insurance and head secretary to a director of the Department of Defense. In 1992, Alderman Troutman prevailed upon Gayle to help in her fight to clean up the 20th Ward. As 20th Ward superintendent for Chicago's Department of Streets and Sanitation, her fairness and respect for her co-workers, coupled with her own tireless efforts, accomplished awesome improvements throughout the 20th Ward, garnering the appreciative admiration of residents and businesspeople. Through her perseverance and her skillful direction of resources, she made the 20th Ward one of the cleanest wards in the City, and her workers and constituents were inspired to visually improve areas in the neighborhood which had often, in leaner times, stood in neglect; and

WHEREAS, Gayle Troutman Ramey-Jeffers was somewhat of a Renaissance woman who inspired her loved ones to succeed and prosper. She had been an enthusiastic athlete -- an avid roller skater, among many sports. She loved children and was a founder of the 20th Ward Sports Program. Her baseball team received requests from the Mayor's Office to compete with other City sports teams. She was also an accomplished musician, not only as a singer, but also as a clarinet player and as a pianist. She was a member of the Israelite Bible Class and made a lifelong study of the Bible, teaching it to family and friends and often quoting it in her daily encounters; and

WHEREAS, Gayle Troutman Ramey-Jeffers demonstrated her commitment to her community through her dedicated efforts on behalf of senior citizens and the disadvantaged, and her many years of voluntary service as an area coordinator and precinct captain for the 20th Ward Regular Democratic Organization where her friendship was valued and her guidance benefitted both new and longtime members; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, gathered here this twenty-seventh day of February, 2002 A.D., do hereby express our sorrow on the passing of Gayle Troutman Ramey-Jeffers and extend to her family, colleagues and many friends our sincere condolences; and

Be It Further Resolved, That a suitable copy of this resolution be prepared and presented to the family of Gayle Troutman Ramey-Jeffers.

On motion of Alderman Burke, the foregoing proposed resolution was *Adopted* by a rising vote.

Thereupon, on motion of Alderman Burke, the remaining proposed resolutions presented through the Agreed Calendar were *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Beavers, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L. Thomas, Murphy, Rugai, Troutman, DeVille, Munoz, Zalewski, Chandler, Solis, Ocasio, Burnett, E. Smith, Carothers, Wojcik, Suarez, Matlak, Mell, Austin, Colom, Banks, Mitts, Allen, Laurino, O'Connor, Doherty, Natarus, Daley, Hansen, Levar, Shiller, M. Smith, Moore, Stone -- 48.

Nays -- None.

Alderman Natarus moved to reconsider the foregoing vote. The motion was lost.

Sponsored by the elected city officials named below, respectively, said Agreed Calendar resolutions, as adopted, read as follows (the italic heading in each case not being a part of the resolution):

**APPROVAL OF JOURNAL
OF PROCEEDINGS.**

JOURNAL (February 6, 2002)

The City Clerk submitted the printed *Official Journal of the Proceedings of the City Council of the City of Chicago, Illinois* for the regular meeting held on Wednesday, February 6, 2002, at 10:00 A.M., signed by him as such City Clerk.

Alderman Burke moved to *Approve* said printed Official Journal and to dispense with the reading thereof. The question being put, the motion *Prevailed*.

UNFINISHED BUSINESS.

None.

MISCELLANEOUS BUSINESS.

PRESENCE OF VISITORS NOTED.

The Honorable Richard M. Daley, Mayor, called the City Council's attention to the presence of the following visitors:

Chicago Fire Department Deputy Chief Paramedic Fred Kimmel, accompanied by his wife, Carol, his mother, Marie, and his sons, Nick and Joe;

Chicago Police Officer Donna Walsh, accompanied by her husband, James, her sister, Karen, and her aunt, Donna; Chicago Police Officer Clinton Sebastian, accompanied by his wife, Michelle, his mother, Sharon, his daughter, Miranda, and his grandparents, Carl and Virginia;

recipient of the Disney's American Teacher Award and teacher at Lane Tech High School, Mrs. Nora Flanagan, accompanied by her husband, Matthew (C.F.D.), her father, Don, her brother, Don, Jr., her father-in-law and mother-in-law, Barney and Mary, her brother-in-law, Kevin, and her friend, Kathy;

television news journalist and anchorman Mr. John Drury, accompanied by his wife, Ann, his daughter, Joanne, his son-in-law, David, his grandson, Dominic, and his granddaughters, Maria Francesca and Grace Ann, along with several colleagues from ABC Channel 7;

members of the Veterans Advisory Council: Mr. Larry Palmer, Mr. Joe Bazil, Mr. Rick Murray, Mr. William Luna; United States Military veteran Mr. Leroy Colston, accompanied by representatives of several veterans organizations; and

Mr. Albert Blanchard, United States Army veteran.

Time Fixed For Next Succeeding Regular Meeting.

By unanimous consent, Alderman Burke presented a proposed ordinance which reads as follows:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the next succeeding regular meeting of the City Council of the City of Chicago to be held after the meeting held on Wednesday, the twenty-seventh (27th) day of February, 2002, at 10:00 A.M., be and the same is hereby fixed to be held on Wednesday, the twenty-seventh (27th) day of March, 2002, at 10:00 A.M., in the Council Chambers in City Hall.

SECTION 2. This ordinance shall take effect and be in force from and after its passage.

On motion of Alderman Burke, the foregoing proposed ordinance was *Passed* by yeas and nays as follows:

Yeas -- Aldermen Granato, Tillman, Preckwinkle, Hairston, Lyle, Beavers, Stroger, Beale, Pope, Balcer, Frias, Olivo, Burke, T. Thomas, Coleman, L.
