[R2011-1393]

The Honorable Rahm Emanuel, Mayor, presented the following communication:

OFFICE OF THE MAYOR
CITY OF CHICAGO

December 14, 2011.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN -- I transmit herewith a congratulatory resolution regarding "Operation Scorpion".

Your favorable consideration of this resolution will be appreciated.

Very truly yours,

(Signed) RAHM EMANUEL,
Mayor.

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the said proposed resolution. The motion *Prevailed.*

The following is said proposed resolution:

WHEREAS, Following a number of narcotics-related homicides, a joint task force was created on September 10, 2010 between the Chicago Police Department; the Federal Bureau of Investigation; and the high intensity drug trafficking area to apprehend the killer or killers. It was code named "Operation Scorpion"; and

WHEREAS, The 11 homicides that spurred the creation of this task force had occurred between August 5, 2009 and September 2, 2010; and

WHEREAS, The Task Force began its investigation by gathering evidence regarding these homicides. Much of the evidence pointed toward one member of a particularly vicious drug cartel operating in the Chicagoland area. Later two other cartel members became suspects given their close association with the primary suspect; and

WHEREAS, On February 26, 2011, law enforcement officers in the Gang Investigations Unit and the Narcotics Unit conducted surveillance on these three cartel suspects. The suspects were followed to the 5800 block of North Winthrop Avenue, where they were observed entering a building; and

WHEREAS, Minutes later the suspects were seen fleeing the building, jumping in their car and speeding away. Task Force members entered the building and found three victims in an apartment with their throats slashed as a result of a narcotics-related robbery. The Task Force immediately called for an ambulance and one of the three victims was saved. The Task Force members following the fleeing vehicle were notified about the gruesome events in the building; and

WHEREAS, Two members in the Gang Investigations Unit attempted to stop and arrest the offenders near the intersection of Thorndale Avenue and Broadway; and

WHEREAS, The driver immediately opened fire on the officers with a semi-automatic handgun, striking one police officer in the right thigh and narrowly missing another police officer. The officers returned fire and struck the driver once, but all three suspects fled in their vehicle northbound on Broadway then westbound on Devon Avenue. The vehicle crashed near the intersection of Devon Avenue and Greenview Avenue. Task Force officers approached the now disabled vehicle, yelling for the suspects to surrender. The driver pointed his weapon at yet another officer, who in fear of his life fired at the suspect, killing him. His two accomplices attempted to flee on foot, but one suspect was captured after being tasered and the other suspect was taken into custody without incident; and

WHEREAS, The offenders' two semi-automatic handguns were recovered from the scene, and a subsequent search of their car revealed two butcher knives and the proceeds taken from the home; and

WHEREAS, As a result of Operation Scorpion, a total of 12 homicides have been solved, and the two surviving members of this drug cartel have been charged with numerous counts of first degree murder; attempted first degree murder of a police officer; home invasion; and armed robbery. All of the officers involved in Operation Scorpion demonstrated extraordinary bravery as they placed themselves in harm's way in order to protect the residents of Chicago; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this 14th day of December 2011, do hereby honor the following units of the

Chicago Police Department for their tireless efforts in combating narcotics crimes in Chicago: the Gang Investigations Unit; Area one Detectives; the Narcotics Unit and the 24th Police District; and

Be It Further Resolved, That suitable copies of this resolution be presented to representatives of these units of the Chicago Police Department as a sign of our respect and admiration for the work they do every day to keep Chicagoans safe.

Incorporation Of Recitals.

The recitals set forth above are incorporated herein by reference and made a part hereof.

Article Two.

The Project.

1. The plans and specifications for the Project shall: (a) at a minimum meet the general requirements for the Facility as set forth in (Sub)Exhibit B hereof, (b) be provided to the City by the Board, and (c) approved by the City in the City's discretion. The Board shall comply

with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, as well as all policies, programs and procedures of the Board, all as may be in effect from time to time, pertaining to or affecting the Project or the Board as related thereto. The Board shall include a certification of such compliance with each request for City Funds hereunder and at the time the Project is completed. The City shall be entitled to rely on this certification without further inquiry. Upon the City's request, the Board shall provide evidence satisfactory to the City of such compliance.

2. In all contracts relating to the Project, the Board agrees to require the contractor to name the City as an additional insured on insurance coverages and to require the contractor to indemnify the City from all claims, damages, demands, losses, suits, actions, judgments and expenses including but not limited to attorney's fees arising out of or resulting from work on the Project by the contractor or contractor's suppliers, employees, or agents.

Article Three.

Funding.

1. (a) Upon completion of the Project (or, subject to the availability of City Funds and in the City's discretion, at intervals during the Project acceptable to the City), the Board shall provide the Department with a Requisition Form, in the form of (Sub)Exhibit E hereto, along with: (i) a cost itemization of the applicable portions of the budget attached as (Sub)Exhibit G hereto; (ii) evidence of the expenditures upon TIF-Funded Improvements which the Board has paid; and (iii) all other documentation described in (Sub)Exhibit E. The City shall review and, in the City's discretion, approve the Requisition Form and make the requested and approved disbursement of City Funds. The availability of the City Funds is subject to the City's compliance with all applicable requirements regarding the use of such funds and the timing of such use. Subject to the foregoing, the parties anticipate that the City Funds shall be disbursed pursuant to the schedule attached hereto as (Sub)Exhibit I, subject in all events to the availability of Redevelopment Area Increment.

(b) Delivery by the Board to the Department of a Requisition Form hereunder shall, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of such Requisition Form, that:

(i) the total amount of the City Funds previously disbursed (if any) represents the actual amount paid to the general contractor, subcontractors, and other parties who have performed work on or otherwise provided goods or services in connection with the Project, and/or their payees;

(ii) all amounts shown as previous payments on the current Requisition Form have been paid to the parties entitled to such payment;

(iii) the Board has approved all work and materials for the Requisition Form, and such work and materials conform to the plans and specifications for the Project; and

(iv) the Board is in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, as well as all policies, programs and procedures of the Board, all as may be in effect from time to time, pertaining to or affecting the Project or the Board as related thereto.

The City shall have the right, in its discretion, to require the Board to submit further documentation as the City may require in order to verify that the matters certified to above are true and correct, and the approval of the Requisition Form by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by the Board.

(c) [Intentionally omitted]

(d) Payments of City Increment Funds will be subject to the availability of Redevelopment Area Increment in the Tax Increment Financing Redevelopment Project Area Special Tax Allocation Fund created pursuant to the Adoption Ordinance (the "Special Tax Allocation Fund"), subject to all applicable restrictions on and obligations of the City contained in all City ordinances relating to the Redevelopment Area Increment and all agreements and other documents entered into by the City pursuant thereto.

(e) (i) [Intentionally omitted]

(ii) The City, subject to the terms of this subsection 1 (e)(ii), may, until the earlier to occur of (1) the expiration of the Term of this Agreement or (2) the date that the City has paid directly or the Board has been reimbursed in the full amount of the City Funds under this Agreement, exclude up to 90 percent of the Increment generated from the construction value of a new assisted development project and pledge that Increment to a developer on a basis superior to that of the Board. For purposes of this subsection, "a new assisted development project" shall not include any development project that is or will be exempt from the payment of ad valorem property taxes. Further, for purposes of this subsection, "Increment generated from the construction value of a new assisted development project" shall be the amount of Increment generated by the equalized assessed value ("EAV") of such affected parcels over and above the EAV of such affected parcels for the year immediately preceding the year in which the new assisted development project commences (the "Base Year"). Except for the foregoing, the Board shall retain its initial lien status relative to Redevelopment Area Increment.

In the event that the City elects to avail itself of the provisions of this subsection, it shall, at least seven (7) days prior to executing a binding commitment pledging the Increment described above, certify, in a letter to the Board, the affected parcels and the EAV thereof for the Base Year.

(f) [Intentionally omitted]

(g) The availability of City Increment Funds is subject to the City's compliance with all applicable requirements regarding the use of the Redevelopment Area Increment deposited annually into the Special Tax Allocation Fund and the timing of such use.

(h) The Board shall, at the request of the City, agree to any reasonable amendments to this Agreement that are necessary or desirable in order for the City to issue (in its sole discretion) any bonds in connection with the Redevelopment Area, the proceeds of which may be used to reimburse the City for expenditures made in connection with, or provide a source of funds for the payment for, the TIF-Funded Improvements ("Bonds"); provided, however, that any such amendments shall not have a material adverse effect on the Board or the Project. The Board shall, at the Board's expense, cooperate and provide reasonable assistance in connection with the marketing of any such Bonds, including but not limited to providing written descriptions of the Project, making representations, providing information regarding its financial condition and assisting the City in preparing an offering statement with respect thereto. The City may, in its sole discretion, use all or a portion of/the proceeds of such Bonds if issued to pay for all or a portion of the TIF-Funded Improvements.

2. The current estimate of the cost of the Project is $3,427,074.38. The Board has delivered to the Commissioner, and the Commissioner hereby approves, a detailed project budget for the Project, attached hereto and incorporated herein as (Sub)Exhibit G. The Board certifies that it has identified sources of funds (including the City Funds) sufficient to complete the Project. The Board agrees that the City will only contribute the City Funds to the Project and that all costs of completing the Project over the City Funds shall be the sole responsibility of the Board. If the Board at any point does not have sufficient funds to complete the Project, the Board shall so notify the City in writing, and the Board may narrow the scope of the Project as agreed with the City in order to construct and rehabilitate the Facility with the available funds.

3. Attached as (Sub)Exhibit H and incorporated herein is a preliminary list of capital improvements, land assembly costs, relocation costs and other costs, if any, recognized by the City as being eligible redevelopment project costs under the Act with respect to the Project, to be paid for out of City Funds ("TIF-Funded Improvements"); and to the extent the TIF-Funded Improvements are included as taxing districts' capital costs under the Act, the Board acknowledges that the TIF-Funded Improvements are costs for capital improvements and the City acknowledges it has determined that these TIF-Funded Improvements are necessary and directly result from the Redevelopment Plan. Prior to the expenditure of City Funds on the Project, the Commissioner, based upon the detailed project budget, shall make such modifications to (Sub)Exhibit H as he or she wishes in his or her discretion to account for all of the City Funds to be expended under this Agreement; provided, however, that all TIF-Funded Improvements shall (i) qualify as redevelopment project costs under the Act, (ii) qualify as eligible costs under the Redevelopment Plan; and (iii) be improvements that the

Commissioner has agreed to pay for out of City Funds, subject to the terms of this Agreement.

4. If the aggregate cost of the Project is less than the amount of the City Funds contemplated by this Agreement, the Board shall have no claim to the difference between the amount of the City Funds contemplated by this Agreement and the amount of the City Funds actually paid by the City to the Board and expended by the Board on the Project.

5. If requested by the City, the Board shall provide to the City quarterly reports on the progress of the Project and reasonable access to its books and records relating to the Project.

Article Four.

Term.

The Term of the Agreement shall be deemed to have commenced as of the Agreement Date set forth above and shall expire on the date on which the Redevelopment Area is no longer in effect (through and including December 31, 2025).

Article Five.

Indemnity; Default.

1. The Board agrees to indemnify, defend and hold the City, its officers, officials, members, employees and agents harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, reasonable attorneys' fees and court costs) suffered or incurred by the City arising from or in connection with (i) the Board's failure to comply with any of the terms, covenants and conditions contained within this Agreement, or (ii) the Board's or any contractor's failure to pay general contractors, subcontractors or materialmen in connection with the Project.

2. The failure of the Board to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Board under this Agreement or any related agreement shall constitute an "Event of Default" by the Board hereunder. Upon the occurrence of an Event of Default, the City may terminate this Agreement and all related agreements, and may suspend disbursement of the City Funds. The City may, in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy, including but not limited to injunctive relief or the specific performance of the agreements contained herein.

In the event the Board shall fail to perform a covenant which the Board is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless the Board has failed to cure such default within thirty (30) days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with respect to those defaults which are not capable of being cured within such thirty (30) day period, the Board shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such thirty (30) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

3. The failure of the City to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the City under this Agreement or any other agreement directly related to this Agreement shall constitute an "Event of Default" by the City hereunder. Upon the occurrence of an Event of Default, the Board may terminate this Agreement and any other agreement directly related to this Agreement. The Board may, in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy, including but not limited to injunctive relief or the specific performance of the agreements contained herein.

In the event the City shall fail to perform a covenant which the City is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless the City has failed to cure such default within thirty (30) days of its receipt of a written notice from the Board specifying the nature of the default; provided, however, with respect to those defaults which are not capable of being cured within such thirty (30) day period, the City shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such thirty (30) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

Eligibility Study, Redevelopment

Plan And Project.

1.

Executive Summary.

In June 1997, S. B. Friedman & Company was engaged by the City of Chicago to conduct a Tax Increment Financing Eligibility Study and prepare a Redevelopment Plan and Project for a Redevelopment Project Area (Woodlawn R.P.A.) in the Woodlawn community. This report details the eligibility factors found at the time of designation as a "blighted area" within the proposed Woodlawn Redevelopment Project Area Tax Increment Financing (T.I.F.) District under the definitions set forth in the Illinois Tax Increment Allocation Redevelopment Act (Act). This report also contains the Redevelopment Plan and Project for the proposed Woodlawn R.P.A.

The proposed Woodlawn R.P.A. has been found to be eligible for Tax Increment Financing designation under the "blighted area" definition. The improved parcels within the Woodlawn R.P.A. as a whole were deemed eligible under requisite eligibility factors to be a blighted area under the Act. In addition, three sub-areas within the proposed Woodlawn R.P.A. were found eligible under requisite eligibility factors as "vacant blighted" under the Act. These areas predominately contain large, contiguous parcels of vacant land.

Eligibility Factors.

Improved Parcels.

The improved parcels within the Woodlawn R.P.A. as a whole qualify under the

provisions of the Act as a "blighted area", based upon the following eligibility factors:

-- Age.

-- Deterioration.

-- Excessive vacancies.

-- Depreciation of physical maintenance.

-- Dilapidation.

-- Obsolescence.

-- Deleterious land-use or layout.

-- Structures below minimum code.

-- Lack of community planning.

Our research has revealed that of the fourteen (14) possible eligibility factors found within the Act under "blighted area" eligibility, six (6) factors are present to a major extent and three (3) factors are present to a lesser extent.

Vacant Subareas.

Three sub-areas within the Woodlawn R.P.A. qualify under the provisions of the Act as "vacant blighted" based upon eligibility factors. Each subarea was evaluated individually based upon criteria set forth in the Act. A combination of two (2) out of five (5) possible eligibility factors must be present for an area to qualify as vacant blighted.

Subarea 1 qualifies as vacant blighted based on the following eligibility factors:

-- Deterioration of structures or site improvements in adjacent areas.

-- Diversity of ownership.

-- Tax delinquencies.

Subarea 2 qualifies based on the following factors:

-- Deterioration of structures or site improvements in adjacent areas.

-- Diversity of ownership.

-- Tax delinquencies.

Subarea 3 qualifies based on the following factors:

-- Obsolete planing.

-- Diversity of ownership.

Objectives.

The amelioration of these factors and prevention of any further decline will be addressed through the following objectives:

-- Revitalize 63rd Street, between Stony Island Avenue and University Avenue as a residential district with neighborhood-oriented retail and service uses in conjunction with residential development.

-- Enhance the sense of a neighborhood identity in Woodlawn with streetscaping, urban design projects and other public improvements.

-- Support the existing residential community through rehabilitation efforts and other programs to help mitigate blighting conditions and conditions that could lead to blight.

-- Rehabilitate and upgrade existing commercial development as well as develop new commercial uses near the intersection of 63rd Street and Cottage Grove Avenue.

The strategies to be employed include targeting opportunity sites for rehabilitation, new development and open space; investing in public infrastructure improvements; acquiring land to support private sector efforts; and leveraging private funds through the use of public revenues.

Required Findings.

The following conditions are sufficient to allow findings in favor of the adoption of this Redevelopment Plan:

First, the proposed Woodlawn R.P.A. has not been subject to growth and development. The R.P.A. experienced a three and sixty-seven hundredths percent (3.67%) compound annual increase in the Equalized Assessed Value (E.A.V.) in real property as a whole between 1993 and 1997. This growth is attributable to eleven (11) parcels which have experienced significant value increases. The E.A.V. for the other one thousand five hundred thirteen (1,513) parcels in the Woodlawn R.P.A. only experienced a one and four-tenths percent (1.4%) compound annual increase between 1993 and 1997. This is less than the Consumer Price Index during those years, which experienced a compound annual increase of two and sixty-six hundredths percent (2.66%). Also, development which has occurred within the vicinity of the Woodlawn R.P.A. has been subsidized significantly with public resources other than T.I.F.. Therefore, it can reasonably be concluded that the Woodlawn R.P.A. has not been subject to growth and investment by private parties and would not reasonably be anticipated to be developed without the adoption of the Redevelopment Plan.

Second, but for adoption of the T.I.F., redevelopment is not likely to occur. Publicly supported investments are crucial to leverage private investment and sustain the redevelopment activities occurring in the vicinity of the Woodlawn R.P.A.. These redevelopment efforts are anticipated to bring substantial benefits to the Woodlawn R.P.A.. However, if public assistance cannot be given, these redevelopment efforts are not likely to continue. Consequently, the Woodlawn R.P.A. is not likely to be redeveloped through private market efforts. Therefore, but for the adoption of T.I.F., critical public resources will be lacking that would be required to support the sustained redevelopment of the Woodlawn R.P.A.

Third, the Woodlawn R.P.A includes only those contiguous parcels of real property which are expected to be benefitted substantially by the proposed plan improvements.

Finally, the land uses in the Woodlawn Redevelopment Plan will be approved by the Chicago Plan Commission and the City Council and will conform to the plans for the development of the municipality as a whole. The Woodlawn community has been the focus of substantial public and private planning and development efforts over a number of years. This Redevelopment Plan must be approved by the Chicago Plan Commission prior to being submitted to the City Council for final approval. Also, the proposed redevelopment activities and

anticipated future land-use pattern for the Woodlawn R.P.A. need to conform to the strategies and desired future land-use outlined in the Woodlawn Redevelopment Plan. Therefore, the Tax Increment Financing Redevelopment Plan -- based on Plan Commission review -- conforms to plans for the development of the municipality as a whole, as well as the Woodlawn community specifically.

2.

Introduction.

The Study Area.

The tax increment financing district known as the "Woodlawn Redevelopment Project Area" ("Woodlawn R.P.A." or "R.P.A.") is located within the Woodlawn community of the City of Chicago (the "City"), in Cook County (the "County"). In June 1997, S. B. Friedman & Company (the consultant) was engaged to conduct a study of certain properties in this neighborhood to determine whether the area containing these properties would qualify for status as a "blighted area" and/or "conservation area" under the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11 -74.4-1, et seq. (the "Act").

The Woodlawn R.P.A. is generally bounded by 62nd Street to the north, the IC railroad tracks to the east, Marquette Road to the south, and Cottage Grove to the west. It contains approximately three hundred thirty (330) acres of land. The predominant land-use within the Woodlawn R.P.A. is residential. 63rd Street is the main commercial thoroughfare in the Woodlawn R.P.A.. Institutional uses are scattered throughout the area. Certain parcels were excluded from the district because they have experienced recent development activity or are generally stable and do not need major rehabilitation or improvement. Map 1 details the general location of the Woodlawn community and Map 2 details the boundaries of the Woodlawn R.P.A., which includes only those contiguous parcels of real property that are expected to be benefitted substantially by the improvements discussed within this report.

The report covers events and conditions that exist and were determined to be relevant at the completion of our research in August, 1998 and not thereafter. These events or conditions include, without limitation, governmental actions and additional developments.

This Eligibility Study and Redevelopment Project and Plan ("Redevelopment

Plan") summarizes the analysis and findings of the consultant's work which, unless otherwise noted, are solely the responsibility of S. B. Friedman & Company. The City of Chicago is entitled to rely on the findings and conclusions of the Redevelopment Plan in designating the Woodlawn Redevelopment Project Area as a redevelopment project area under the Act. S. B. Friedman & Company has prepared this Redevelopment Plan with the understanding that the City would rely (1) on the findings and conclusions of the Redevelopment Plan in proceeding with the designation of the Redevelopment Project Area and the adoption and implementation of the Redevelopment Plan, and (2) on the fact that S. B. Friedman & Company has obtained the necessary information so that the Redevelopment Plan will comply with the Act and that the Redevelopment Project Area can be designated as a redevelopment project area in compliance with the Act.

History Of The Study Area[1].

The growth of the study area was stimulated by two (2) major events at the end of the 19th Century. One was the 1889 annexation of the communities now known as Woodlawn to the City of Chicago, which brought municipal services such as sewers, streets and lighting. The other, the World's Fair (Columbian Exposition), which was held in Jackson Park located on Woodlawn's eastern boundary in 1893, prompted new construction of hotels, apartment buildings and stores. By the time of the World's Fair, Woodlawn had a population of twenty thousand (20,000). Interest in development there also was instigated, in part, by the opening of the Washington Park Club in 1884.

By 1915, Woodlawn had reached residential maturity with the neighborhoods consisting of a mix of single-family homes and two (2), three (3) and four (4) story buildings. The population of the Woodlawn community continued to grow until reaching an all-time high of eighty-one thousand (81,000) in 1960 (a twenty-three percent (23%) increase from 1930 to 1960). This growth occurred during a period of little new construction and was accommodated by the subdivision of existing structures to create additional dwelling units. The housing stock increased from nineteen thousand (19,000) units in 1930 to twenty-nine thousand (29,000) units in 1960. These and later conversions initiated an era of substandard housing in the study area. Eventually, the neglect of older buildings led to extensive residential decay. As early as 1940, the commercial area along 63rd Street also started to show signs of deterioration.

High unemployment, which led to widespread poverty, combined with a decrease in city services, contributed to deteriorating buildings and streets. Furthermore, during the 1970s, a large number of arson fires destroyed several apartment and business buildings in Woodlawn. Many of the once-busy and well-kept buildings that housed stores along 63rd Street either were destroyed, abandoned, burned-out, or boarded-up. Between 1960 and 1990, Woodlawn's population had declined from eighty-one thousand (81,000) to twenty-seven thousand (27,000).

The 1990 census data for the Woodlawn community reveal that the remaining population is among the poorest in the City. Approximately thirty-two percent (32%) of the area population in Woodlawn lived below the poverty level. The 1990 census placed the median family income in the Woodlawn area at Seventeen Thousand Seven Hundred Fourteen Dollars ($17,714), or fifty-nine percent (59%) of the median family income for the City as a whole Twenty-nine Thousand Eight Hundred Five Dollars ($29,805).

The economic decline of the population resulted in a corresponding decline in area housing stock and many housing units were abandoned. Between 1960 and 1990 over sixteen thousand five hundred (16,500) units of housing were lost in Woodlawn. Most of the decline in the housing stock was the result of the demolition of dangerous and abandoned buildings.

Current Conditions In The Study Area.

Today, the Woodlawn community is in transition. There is substantial abandonment and disinvestment throughout the area, but at the same time several area projects point toward the beginning of neighborhood revitalization. There have been new homes built under the New Homes for Chicago program, new community institutions built, including the South Side Y.M.C.A., the Apostolic Church of God, and a new Social Security facility. This transition is due, in part, to citywide revitalization efforts in Chicago's neighborhoods. In the past five (5) to ten (10) years, several major projects have advanced investment southward from the Loop: the relocation of Lake Shore Drive; the redevelopment of the Illinois Central Railroad property into Central Station; the southward continuation of Dearborn Park; and the development of North Kenwood/Oakland. Woodlawn's close proximity to the University of Chicago, the park system, and the Lakefront traditionally have contributed to its strength as a community. These attributes are helping to generate redevelopment interest in the area within the Woodlawn R.P.A. and its surrounding area. A great deal of investment has occurred in the Woodlawn community on behalf of community

groups and institutions, but not the private sector.

However, despite this interest, the Woodlawn R.P.A. as a whole is not thriving. The area still contains vast amounts of vacant land, abandoned buildings, and vacant retail space that have had a detrimental effect on the surrounding neighborhood. The City of Chicago has committed resources to the area in terms of focused planning, redevelopment strategies and housing assistance. If approved, tax increment financing will serve as one more tool which would aid in the revitalization of the Woodlawn R.P.A.

Eligibility Analysis.

Provisions Of The Illinois Tax Increment Allocation Redevelopment Act.

Under the Act, an area can be eligible for the use of tax increment financing for area redevelopment if the area meets the qualifications of the Act for being designated, among other things, a "blighted area" or a "conservation area".

"Blighted areas" are those areas with blighting influences impacting the public safety, health, morals or welfare of the community and substantially impairing the growth of the tax base in the area. "Blighted areas" either may be improved or vacant. "Conservation areas" are those improved areas which are deteriorating and declining, and are in danger of becoming blighted if the deterioration is not abated. An area that is vacant cannot be qualified as a "conservation area".

The statutory provisions of the Act specify how a district can be designated as a "conservation" and/or "blighted" redevelopment project area based upon an evidentiary finding of certain eligibility factors listed in the Act. These factors are identical for both blighted improved areas and conservation areas with the exception that under the "conservation area" designation, "abandonment" is an added eligibility factor, and "age" is a prerequisite and defined factor. The factors are listed at 65 ILCS 5/11-74.4-3(a) and (b) and are as follows:

-- Age of structure.

-- Abandonment.

-- Deleterious land-use or lay-out.

-- Depreciation of physical maintenance.

-- Deterioration.

-- Dilapidation.

-- Excessive land coverage.

-- Excessive vacancies.

-- Illegal use.

-- Inadequate utilities.

-- Lack of community planning.

-- Lack of ventilation, light and sanitary facilities.

-- Obsolescence.

-- Overcrowding of structures and community facilities.

-- Structure below minimum code.

According to the Act, "blighted improved areas" must have a combination of five (5) or more of these eligibility factors acting in concert which threaten the health, safety, morals, or welfare of the proposed district. "Conservation areas" must have a minimum of fifty percent (50%) of the total structures aged thirty-five (35) years or older within the area, plus a combination of three (3) or more additional eligibility factors which are detrimental to the public safety, health, morals, or welfare and which could result in such an area becoming blighted.

If an area is vacant, it may be found to be eligible under the provisions of the "blighted area" section of the Act. Vacant land includes any parcel or combination of parcels of real properties without industrial, commercial, and residential buildings which has not been used for commercial agricultural uses

within five (5) years prior to the designation of the R.P.A., unless such parcels are included in an Industrial Park Conservation Area or such parcels have been subdivided.

Vacant property may qualify as a blighted area based on a combination of two (2) or more of the following factors:

-- Obsolete platting.

-- Deterioration of structures or site improvements in neighboring areas.

-- Diversity of ownership.

-- Flooding on all or part of such vacant land.

-- Tax and special assessment delinquencies.

The "blighted area" section of the Act includes six (6) other avenues for establishing eligibility in a vacant area, but none of these are relevant to the conditions within the Woodlawn R.P.A.

Methodology Overview.

All properties in the Woodlawn R.P.A. were examined for qualification factors consistent with either "blighted area" or "conservation area" requirements of the Act. Analysis of eligibility factors was conducted through an extensive exterior survey of the condition and use of each property. Specific analysis of each property within the Woodlawn R.P.A., and for the Woodlawn R.P.A. as a whole, included:

-- Field surveys of the condition of all streets, sidewalks, curbs and gutters, lighting, traffic, parking facilities, landscaping, fences and walls, and other property, public and private, within the area.

-- Observation of the proximity and use of abutting and adjacent properties.

-- Examination of original and current platting, building size and lay-out.

-- Inventory of the presence of vacant property and currently vacant buildings.

-- Infrastructure and utilities currently serving the Woodlawn R.P.A.

-- Current and historical zoning standards within the Woodlawn R.P.A.

-- Historical investment and real estate growth patterns of the Woodlawn R.P.A.

-- County data regarding historical and current assessed valuation for the Woodlawn R.P.A.

-- Discussions of the Woodlawn R.P.A. with City officials, property owners, employees and community representatives.

-- Building Department records on demolition and construction activity.

-- Information regarding owners of record and tax delinquencies.

In addition, a review of previously prepared data was conducted, including but not limited to, the following items:

-- The City's Zoning Ordinance: Municipal Code of Chicago, Title 17, 1995.

-- Current and historical plat maps.

-- Aerial photographs of the Woodlawn R.P.A.

-- Previously approved redevelopment plans concerning property within the Woodlawn R.P.A.

An assessment of building conditions was completed for each building within the Woodlawn R.P.A.. The building condition analysis is based on an exterior inspection of each building within the Woodlawn R.P.A. conducted between June 1997 and August 1998. Any observable structural deficiencies in individual buildings and surrounding environs within the Woodlawn R.P.A. were noted. The components of the visible exterior of each building were examined to determine whether they were in sound condition or had minor, major or critical defects. Exterior primary building components, which include the basic elements of any building, foundation walls, exterior load-bearing walls and columns, and observable roof and roof structures were examined. Exterior secondary building

components, including porches and steps, windows and window units, exterior doors and door units, chimneys, gutters and down spouts also were examined.

Each observable primary and secondary building component was evaluated separately as a basis for determining the overall condition of each building. This evaluation considered the relative importance of specific components within a building and the effect that deficiencies in components will have on the remainder of the building. Buildings which contained minor defects such as lack of painting and loose or missing materials, that could be corrected through normal maintenance, were considered to exhibit depreciation of physical maintenance as referenced in the Act. Deterioration refers to physical deficiencies or disrepair in buildings that would be difficult to correct through normal maintenance. Dilapidation was reserved for those buildings with critical defects in primary and secondary structural components in such combination and to such extent that major repair would be required or that the building must be removed.

4.

Summary Of Eligibility Factors.

Application Of Methodology.

Based upon the provisions of the Act and neighborhood conditions currently found in the Woodlawn R.P.A., we have concluded that a "blighted area" designation for both improved and vacant land would reflect and characterize the conditions and factors that exist within the Woodlawn R.P.A.. The "blighted area" designation was applied to improved properties in the R.P.A. as a whole and the "blighted vacant area" designation was applied to three (3) subareas of vacant land.

The three (3) subareas contain predominately vacant land and are shown in Map 3. Subarea 1 encompasses the vacant land to the immediate north and south of 63rd Street between Drexel to the west and Kimbark to the east. Subarea 2 contains vacant land on the north and south sides of 65th Street roughly bordered by Drexel to the west and Kimbark to the east. Subarea 3 is adjacent to the Illinois Central Railroad on the eastern edge of the R.P.A. bounded by 63rd Street to the north, Blackstone to the east, 64th to the south, and Dorchester to the west. 63rd and 65th Streets are major east/west

thoroughfares in the Woodlawn R.P.A.. The presence of vacant land on these corridors has a detrimental effect on the Woodlawn Community as a whole.

The following section describes the eligibility factors and details the presence of these factors as distributed throughout the Woodlawn R.P.A.. Maps 4 and 5 demonstrate the presence and distribution of the eligibility factors for the improved parcels and vacant subareas, respectively.

Improved Property.

The fourteen (14) factors listed under the "blighted area" designation for improved properties were evaluated to establish the area's eligibility. If an area is improved, a combination of five (5) or more eligibility factors must be present for designation as a blighted area.

Eligibility Factors.

Each of the fourteen (14) eligibility factors was assigned a benchmark value which, when present, could be considered meaningful. The benchmark values were applied to the improved properties in each block of the R.P.A.. The benchmark values vary for each of the fourteen (14) factors in order to reflect the degree of impact each present factor has on the surrounding properties. In addition, the distribution of each factor was analyzed on a block-by-block basis to ensure its reasonable distribution throughout the Woodlawn R.P.A.. Where these factors are not defined in the Act, they are defined as for the purposes of this Plan as follows:

1. Age.

Age of a structure serves as an indicator of existing problems or limiting conditions resulting from normal and continuous use. Older structures frequently require extensive maintenance to uphold their mechanical systems, structural integrity and functionality. The costs involved in maintaining and upgrading older structures can be extensive, often creating adverse impacts on existing users and impediments to the marketability and reuse of these structures.

No criteria are set forth in the Act to define age for a "blighted area". However, the "conservation area" definition establishes thirty-five (35) years as an indication of the point at which age becomes a potentially blighting factor.

This is the point at which building systems can be expected to fail and building types may become obsolete as a result of changing technology and/or needs.

As indicated earlier, the Woodlawn R.P.A. was first developed in the early part of the 20th century. The vast majority of the existing structures in the Woodlawn R.P.A. were constructed prior to 1962, and are in excess of thirty-five (35) years old. This conclusion is supported by County assessment records, Sidwell maps, Sanbom maps, aerial photographs taken between 1992 and 1995 and testimony of neighborhood residents. This factor is present to a major extent and is prevalent throughout the Woodlawn R.P.A.. The benchmark value was set at fifty percent (50%) of improved parcels within each block. Of the nine hundred twenty-nine (929) improved parcels within the Woodlawn R.P.A., seven hundred forty-four (744) have structures thirty-five (35) years or older. This factor is present on fifty-eight (58) of the sixty-three (63) blocks (ninety-two percent (92%)) with improved property. This factor is present at or above the benchmark value on seventy-nine percent (79%) of the blocks with improved property.

2. Deleterious Land-Use Or Lay-Out.

Deleterious land-use or lay-out includes conditions which have a harmful effect on an area including inappropriate land use, inadequate lot frontage, irregular lot shape, insufficient vehicular access, fragmentation of ownership and other blighting conditions which discourage development and redevelopment. Deleterious land-use or lay-out has a negative impact on surrounding properties. Therefore, its benchmark value was set at fifteen percent (15%). This factor is present to a minor extent. It was found to be present on forty-eight percent (48%) of the improved blocks, but only at the benchmark value on seventeen percent (17%) of the blocks with improved property in the Woodlawn R.P.A.

3. Depreciation Of Physical Maintenance.

Depreciation of physical maintenance refers to a condition that frequently is seen in older residential areas and is treatable. Therefore, it must be present on at least fifty percent (50%) of improved parcels to be a major factor. This factor is present to a major extent and is prevalent throughout the entire Woodlawn R.P.A.. It can be found on fifty-eight (58) of the sixty-three (63) blocks (ninety-two percent (92%)) with improved property in the Woodlawn R.P.A.. Furthermore, on seventy-eight percent (78%) of these blocks, this

factor is present at or above the benchmark value.

4. Deterioration.

Deterioration is the process of basically sound structures becoming worse in quality due to deficiencies in primary and secondary building components. (Primary components include exterior walls, foundations and roof structure and secondary components include window and door units, porches and exterior surfaces.) Buildings in this category generally contain defects which seriously impair the usefulness of the structure. Deterioration is a more serious level of deferred maintenance and refers to structural deficiencies; therefore, its benchmark value was set at twenty-five percent (25%). This factor is present in the Woodlawn R.P.A. to a major extent. Of the sixty-three (63) blocks with improved property in the Woodlawn R.P.A., fifty (50) blocks (or seventy-nine percent (79%)) exhibit the presence of this factor. Deterioration was found above the benchmark value on sixty-eight percent (68%) of the improved blocks.

5. Dilapidation.

Dilapidation is an advanced stage of deterioration. Structures or improvements in this category contain critical deficiencies in structural components which are virtually non-correctable and present a safety hazard for the occupants of the building. Dilapidation is an advanced stage of building deterioration, and dilapidated buildings have a negative impact on neighboring properties. Thus, the benchmark value for this factor is set at fifteen percent (15%). Of the sixty-three (63) blocks with improved property in the Woodlawn R.P.A., thirty-two (32) (or fifty-one percent (51%)) exhibit the presence of this factor. This factor is present in the Woodlawn R.P.A. to a major extent. It was found above the benchmark value on twenty-seven percent (27%) of the improved blocks.

6. Excessive Land Coverage.

Excessive land coverage is the over-intensive use of property evidenced by inadequate yards, setbacks, open space and the crowding of buildings and accessory facilities onto a site which are out of character with the neighborhood and community as a whole and could have an adverse effect on use of a building. This factor is not reasonably distributed and is not present

even to a minor extent. It is present on only five (5) of the sixty-three (63) (eight percent (8%)) improved blocks within the Woodlawn R.P.A.. This factor is not reasonably distributed and is not present even to a minor extent.

7. Excessive Vacancies.

Excessive vacancies refers to the presence of buildings which are unoccupied or underutilized and which represent an adverse influence on the area because of the frequency, extent or duration of such vacancies. The benchmark value is set at fifteen percent (15%) to account for the serious impact that any building with excessive vacancies has on surrounding properties. A building was considered to have excessive vacancies if it appeared to be at least thirty-three percent (33%) vacant. This factor is present in the Woodlawn R.P.A. to a major extent. Seventy percent (70%) of the blocks with improved properties have this factor present and forty-four percent (44%) of these blocks have this factor at or above the benchmark value. Furthermore, historical Census information indicates that excessive vacancies have been a problem in the Woodlawn community for the last three (3) decades as the population has dropped by more than sixty percent (60%) in that time period. The 1990 Census indicates that the vacancy rate in Woodlawn is twenty percent (20%).

8. Illegal Use.

Illegal use refers to the presence of uses or activities which are contrary to law and/or not permitted by municipal ordinances. This factor is not present in the Woodlawn R.P.A. as a whole. The current land uses were reviewed for compliance with the current zoning code and no significant number of violations were observed. Other illegal uses were not detected from the physical survey of the real property in the Woodlawn R.P.A.. Therefore, it was concluded that this factor is not present even to a minor extent.

9. Inadequate Utilities.

Inadequate utilities refers to deficiencies and inadequacies in the capacity of utilities which service a property or area. This factor is not reasonably distributed and is not present even to a minor extent. This factor is not present on any of the improved blocks within the Woodlawn R.P.A.

10. Lack Of Community Planning.

Lack of community planning refers to the absence of an effective planning program in place at the time the area was developed originally which results in physical obstacles to redevelopment and/or failure to implement approved plans for the community. The City of Chicago has approved various plans for the area over the past thirty (30) years, including the Woodlawn Redevelopment Plan, the Marquette-Stony Island Redevelopment Plan, and the 63rd/Dorchester Redevelopment Plan, which together encompass some or all of the properties within the Woodlawn R.P.A.. However, funding sources and other economic and market forces have hindered the development which may have occurred as a result of these plans. Also, certain areas within the Woodlawn R.P.A. were developed prior to or without the benefit of a community plan. This factor is deemed to be present in the Woodlawn R.P.A. as a whole to a minor extent.

11. Lack Of Ventilation, Light And Sanitary Facilities.

Substandard conditions which are below minimum code standards that adversely affect the health, safety and welfare of building occupants. This factor is not reasonably distributed and is not present even to a minor extent. This factor is present on only one (1) of the sixty-three (63) (two percent (2%)) improved blocks within the Woodlawn R.P.A.

12. Obsolescence.

Obsolescence is the condition or process of becoming out-of-date or non-functional for the use or uses for which the structure or improvement was originally designed. This is evidenced by such factors as insufficient width and size, irregular shape and random additions. Buildings are obsolete when conditions limit the use and marketability of such buildings. Site improvements are obsolete in terms of their relationship to contemporary development standards. The majority of the buildings in the Woodlawn R.P.A. are residential and, although many of the buildings are in poor condition, they are not obsolete for that use. A building is considered obsolete if it is not functional or has limited potential for adaptive re-use. The benchmark value is set at fifteen percent (15%). Of the sixty-three (63) blocks with improved property in the Woodlawn R.P.A., sixteen (16) (or twenty-five percent (25%)) exhibit the presence of this factor. This factor was found above the benchmark value on eight percent (8%) of the improved properties; therefore, it is present

to a minor extent.

13. Overcrowding Of Structures And Community Facilities.

Over-intensive use of buildings, facilities and properties beyond that permitted by ordinance or capacity. This factor was not found on any of the improved blocks within the Woodlawn R.P.A. and therefore is not present even to a minor extent.

14. Structures Below Minimum Code.

Structures below minimum code refers to buildings requiring serious repairs or renovation. Thus, the benchmark value for the factor was set at fifteen percent (15%). This factor was documented by records kept by the City of Chicago Department of Buildings of buildings with violations from 1994 to the present. This factor is present to a major extent. Of the sixty-three (63) blocks with improved property in the Woodlawn R.P.A., thirty-eight (38) (or sixty percent (60%)) exhibit the presence of this factor. This factor was found above the benchmark value on forty-four percent (44%) of the improved properties.

Vacant Subareas.

The vacant land within three (3) subareas was examined under the vacant blighted provision in the Act. In order for each subarea to qualify as vacant blighted, a combination of two (2) or more of five (5) possible factors must be present in each subarea.

Eligibility Factors.

The five (5) factors listed under the "blighted vacant" designation were evaluated to establish each subarea's eligibility. In order to qualify as blighted vacant, the vacant property in each subarea must exhibit a combination of two (2) or more of the following criteria:

1. Deterioration Of Structures Or Site Improvements In Neighboring Areas.

The condition of improved property can have a significant impact on the

development potential of vacant land. This condition exists if vacant land area is adjacent to an improved area which evidences deterioration, depreciation of physical maintenance or other blighting conditions that apply to improved areas.

2. Diversity Of Ownership Of Vacant Land.

Diversity of ownership refers to a situation where different ownerships and interests in the land are sufficient in number to impede the ability to assemble the land for development meeting contemporary development standards. The costs of land assembly can also be a significant issue where there is a combination of vacant and improved property with multiple owners.

There are scattered groupings of vacant tax parcels throughout the R.P.A. that represent a variety of development opportunities, particularly in the three (3) vacant subareas. Some sites could be used for single-family units, while others may be more appropriate for townhouses or other types of multifamily residential or non-residential development. In these instances, multiple owners can have a detrimental effect on the development potential of the area.

3. Flooding On All Or Part Of Such Vacant Land.

Evidence to support this finding may be derived from municipal engineering records, United States Army Corps of Engineers or other federal or State agency documents, and other secondary source information which satisfactorily documents the condition of flooding.

4. Obsolete Platting Of Vacant Land.

Obsolete platting of vacant land would include: parcels of limited or narrow size and configuration; parcels of irregular size or shape that would be difficult to develop on planned basis and in a manner compatible with contemporary standards and requirements; and parcels that must be subdivided to accommodate appropriate land uses and development densities.

5. Tax And Special Assessment Delinquencies.

Evidence of nonpayment of real estate property taxes and/or special assessments for an unreasonable period of time must be shown to document the presence of this factor. This could also include evidence of forfeiture. The presence of this factor indicates a significant lack of market interest in the development potential of the area.

Findings.

Subarea 1.

Three (3) of the five (5) possible factors were found present to a major extent in Subarea 1, therefore qualifying it as a blighted vacant area under provisions of the Act. These factors are:

-- Diversity of Ownership: This factor is present to a major extent. The subarea contains one hundred forty-three (143) vacant parcels with approximately sixty (60) different ownership interests. Of the one hundred forty-three (143) vacant parcels, approximately seventy-five (75) are City-owned parcels, fifty-four (54) are privately-owned parcels (with forty-eight (48) different owners) and fourteen (14) parcels are in eleven (11) different trusts. Almost every block or portion thereof within the subarea has at least three (3) different owners, indicating that the diversity of ownership factor is largely distributed throughout the subarea.

-- The significant presence and widespread distribution of different ownership interests in the subarea can impede the ability to assemble the land for development meeting contemporary development standards.

-- Deterioration of Structures or Site Improvements in Adjacent Areas: This factor is present to a major extent. All adjacent blocks to the subarea exhibit blighting factors as defined under the "blighted area" section of the Act for improved property. Eighty percent (80%) of the neighboring blocks exhibit at least five (5) blighting factors, including deterioration of structures and depreciation of physical maintenance. The remaining adjacent blocks exhibit deterioration of structures and depreciation of physical maintenance. The presence of the adjacent deterioration is described in the Improved Area section of this report

and is shown on Map 4.

-- Tax Delinquencies: This factor is present to a major extent. Approximately thirty percent (30%) of the vacant parcels in the subarea are tax delinquent. The presence of this factor indicates lack of interest in the development potential of the area.

Subarea 2.

Two(2) of the five (5) possible factors were found present to a meaningful extent in this subarea, therefore qualifying it as a blighted vacant area under provisions of the Act. In addition, one (1) factor was found present to a minor extent. These factors are:

-- Diversity of Ownership: This factor is present to a major extent. Subarea 2 contains ninety-one (91) vacant parcels with approximately thirty-four (34) different ownership interests. Of the ninety-one (91) vacant parcels, approximately forty-five (45) are City-owned parcels, forty-five (45) are privately-owned parcels (with thirty-two (32) different owners) and one (1) parcel is in a trust.

-- The significant presence and widespread distribution of different ownership interests in the subarea can impede the ability to assemble the land for development meeting contemporary development standards.

-- Deterioration of Structures or Site Improvements in Adjacent Areas: This factor is present to a major extent. All blocks adjacent to the subarea exhibit blighting factors as defined under the "blighted area" section of the Act for improved property. Fifty percent (50%) of the neighboring blocks exhibit at least five (5) blighting factors, including deterioration of structures and depreciation of physical maintenance. The remaining adjacent blocks exhibit deterioration of structures and depreciation of physical maintenance. The presence of the adjacent deterioration is described in the Improved Area section of this report and is shown on Map 4.

-- Tax Delinquencies: This factor is present to a minor extent. Approximately sixteen percent (16%) of the vacant parcels in the subarea are tax delinquent. The presence of this factor indicates lack

of interest in the development potential of the area.

Subarea 3.

Two (2) of the five (5) possible factors were found present to a major extent in this subarea, therefore qualifying it as a blighted vacant area under provisions of the Act. These factors are:

-- Diversity of Ownership: This factor is present to a major extent. The subarea contains thirty-four (34) vacant parcels with approximately nine (9) different ownership interests. Of the thirty-four (34) vacant parcels, approximately ten (10) are City-owned parcels, twenty-two (22) are privately-owned parcels (with six (6) different owners) and two (2) parcels are in separate trusts. Almost every block or portion thereof within the subarea has three (3) different owners, indicating that the diversity of ownership factor is largely distributed throughout the subarea.

The significant presence and widespread distribution of different ownerships interests in the subarea can impede the ability to assemble the land for development meeting contemporary development standards.

-- Obsolete Platting: This factor is present to a major extent. The parcels immediately adjacent to and to the east of the railroad tracks are small lots, vacated alleys and/or rights-of-way. These parcels are of limited or narrow size and configuration and/or of irregular size or shape that would be difficult to develop on planned basis and in a manner compatible with contemporary standards and requirements. Of the thirty-four (34) vacant parcels located within this subarea, eighty-eight percent (88%) exhibit obsolete platting.

Supplemental Review Of Vacant Land Conditions.

Approximately five hundred eighty-three (583) parcels of vacant land exist within the Woodlawn R.P.A. as a whole; fifty-four percent (54%) or three hundred fourteen (314) of these vacant parcels are located outside of the three (3) subareas. These parcels are scattered among the properties qualified as blighted improved. As a supplement to the analysis of the vacant subareas, we reviewed

the condition of these other vacant parcels.

The vacant parcels outside of the three (3) subareas also appear to exhibit three (3) of the qualifying factors that define vacant blighted property under the Act. These vacant parcels appear to have (1) diversity of ownership, (2) deterioration of structures and site improvements in neighboring areas adjacent to the vacant land and (3) tax and special assessment delinquencies.

-- Diversity of Ownership of Vacant Land. Analysis of Cook County's records regarding the taxpayers of record for the vacant parcels reveals a multitude of owners. This situation would make it difficult to assemble land for new development meeting contemporary development standards.

-- Deterioration of Structures or Site Improvements in Neighboring Areas. The vacant parcels are scattered throughout the Woodlawn R.P.A. and are adjacent to improved areas which evidence deterioration of structures or site improvements and which separately qualified as an blighted improved area.

-- Tax and Special Assessment Delinquencies. The Woodlawn R.P.A. as a whole has one hundred forty (140) vacant parcels with tax delinquency. Approximately sixty percent (60%)(eighty-four (84)) of these parcels are located outside of the three (3) vacant subareas.

Review of the distribution of these conditions indicates that the vacant parcels outside of the three (3) subareas evidence conditions that could potentially qualify these vacant parcels as "vacant blighted" under the Act.

Conclusion.

Based upon the qualification requirements of the Act, the Woodlawn R.P.A. meets the eligibility criteria for designation as a "blighted area". Map 4 shows that six (6) of the fourteen (14) eligibility factors cited in the Act are present to a major extent and three (3) of the factors are present to a minor extent. Under the Act, the presence of five (5) of these fourteen (14) factors is required for an area to be designated as a blighted area. All of the factors are reasonably distributed throughout the Woodlawn R.P.A.. Table 1 also summarizes the eligibility factors on a block-by-block basis for improved properties within the

R.P.A.

Three (3) subareas within the Woodlawn R.P.A. meet the eligibility criteria for designation as "vacant blighted areas" based upon the qualification requirements set forth in the Act. Map 5 shows that a combination of at least two (2) of the five (5) eligibility factors are present to a major extent in each subarea. Under the Act, a combination of two (2) or more eligibility factors must be present for designation as a vacant blighted area. All of the factors are reasonably distributed within each subarea.

The findings contained within this Plan indicate that the Woodlawn R.P.A. satisfies the statutory criteria for designation as a "blighted area" for both improved and vacant properties. Designation of this area by the City as a T.I.F. District will contribute to the long-term well being of this community, its residents and the City as a whole.

5.

Redevelopment Project And Plan.

Existing Land-Use.

The Woodlawn R.P.A. contains several land-use patterns: residential, commercial, vacant and institutional. Residential land dominates the land-use within the Woodlawn R.P.A., followed by commercial uses along 63rd Street and Cottage Grove Avenue. A great deal of vacant land is interspersed within the Woodlawn R.P.A., most of which has been divided into three (3) subareas (shown on Map 3).

Map 6 details the existing land-use patterns within the Woodlawn R.P.A.

Redevelopment Needs of the Woodlawn R.P.A.

The land-use and existing conditions suggest five (5) redevelopment needs for the Woodlawn R.P.A.:

-- land assembly;

-- new commercial and residential development;

-- rehabilitation of existing structures;

-- infrastructure improvements; and

-- demolition.

The Redevelopment Plan provides tools for the City to support the continuing redevelopment of Woodlawn, as well as other improvements that serve the redevelopment interests of the local community and the City. An integrated implementation strategy has been developed to address these needs and facilitate the sustainable redevelopment of the Woodlawn R.P.A.. To support these specific projects and encourage future investment, public resources which include tax increment financing, may be used to repair and modernize infrastructure and other improvements, create an identity for the community, prepare sites for redevelopment, and support building rehabilitation. Land assembly activity may occur to consolidate sites for future private sector redevelopment activities and/or to assist private developers with acquisition.

Goals, Objectives And Strategies.

Goals, objectives and strategies designed to address the needs of the community form the overall framework of the Redevelopment Plan for the use of anticipated tax increment funds generated by the Woodlawn R.P.A.. The overall goals of the Woodlawn R.P.A. generally outline the reasons why the Woodlawn R.P.A. is to be created. These goals are followed by more specific objectives and projects regarding what the plan is designed to accomplish.

Goals.

The overall goal of the Redevelopment Plan is to stimulate economic growth and foster rehabilitation and/or redevelopment of residential, commercial and institutional uses in the Woodlawn R.P.A.. This goal is to be achieved through an integrated and comprehensive strategy that utilizes public resources to retain existing investment and stimulate additional investment.

The two (2) major goals are to:

-- Retain and strengthen the business community within the Woodlawn R.P.A.

-- Retain and strengthen the residential community within the Woodlawn R.P.A.

Objectives.

Listed below are specific objectives which support the broader overall goal of areawide revitalization of the Woodlawn R.P.A. and the surrounding neighborhoods. These include:

-- Concentrate commercial uses near the intersection of 63rd Street and Cottage Grove Avenue to reduce the surplus of land and buildings committed to such use.

-- Provide land for adequate off-street parking, loading facilities, and open space designed to enhance the different development areas within the Woodlawn R.P.A.

-- Revitalize 63rd Street between Stony Island Avenue and University Avenue as a residential district with neighborhood-oriented retail and service uses in conjunction with new residential development.

-- Enhance the sense of a neighborhood identity in the Woodlawn R.P.A. with streetscaping and urban design projects.

-- Support the existing residential community through rehabilitation and renovation opportunities.

Strategies.

These objectives will be implemented through 6 specific strategies:

-- Public Improvements.

A streetscape program and/or gateways may be implemented on 63rd

Street to help define the Woodlawn R.P.A. as well as create an identity for anticipated private investment. Also, sewer and water improvements and new streets and sidewalks will be implemented as needed in the Woodlawn R.P.A.

-- Parks and Open Space.

A new park may be implemented along 63rd Street to support the existing community and encourage new residential development along 63rd Street. A new park may be implemented around the Wadsworth School to create a school campus environment. In addition, other parks may be supported as additional development occurs and additional open space is needed.

-- Incentives to Private Sector for Rehabilitation and Improvements.

The City and local community may provide financial and other assistance to encourage the private sector to undertake redevelopment and rehabilitation projects and other improvements that are consistent with the goals of the community and this Redevelopment Plan.

-- Incentives to Existing Homeowners for Rehabilitation and Improvements.

The City may provide financial and other assistance to owners of existing residential units to rehabilitate their properties and make other improvements that are consistent with the goals of the community and this Redevelopment Plan.

-- Selected Acquisition and Land Assembly.

To meet the goals and objectives of this Redevelopment Plan, the City may acquire and assemble property throughout the Woodlawn R.P.A.. Land assemblage by the City may be by purchase, exchange, donation, lease; eminent domain or through the Tax Reactivation Program and may be for the purpose of (a) sale, lease or conveyance to private developers, or (b) sale, lease, conveyance or dedication for the

construction of public improvements or facilities. Furthermore, the City may require written redevelopment agreements with developers before acquiring any properties. As appropriate, the City may devote acquired property to temporary uses until such property is scheduled for disposition and development.

In connection with the City exercising its power to acquire real property, including the exercise of the power of eminent domain, under the Act in implementing the Redevelopment Plan (but not including the acquisition of property pursuant to the authority conferred by the designation of the project areas described below), the City will follow its customary procedures of having each such acquisition recommended by the Community Development Commission (or any successor commission) and authorized by the City Council of the City; acquisition of such real property as may be authorized by the City Council does not constitute a change in the nature of this Redevelopment Plan.

City Council designation of the Woodlawn Redevelopment Area, the Marquette-Stony Island Redevelopment Project Area, the 63rd Dorchester Redevelopment Project Area, and the 71st and Stony Island Avenue Redevelopment Project Area (pending its approval) established the City's authority to acquire and assemble property within the Woodlawn R.P.A.

Such acquisition and assembly under that authority is consistent with this Redevelopment Plan. Nothing in this Redevelopment Plan shall be deemed to limit or adversely affect the authority of the City under the above mentioned designations and plans to acquire and assemble property. Accordingly, incremental property taxes from the Woodlawn R.P.A. may be used to fund the acquisition and assembly of property by the City under the authority of the above mentioned plans.

-- Leveraging Funds for Other Improvements.

Resources may also be used to fund appropriate physical improvements and economic development activities consistent with the Act, and to leverage additional public and private resources to continue the ongoing comprehensive redevelopment of the Woodlawn R.P.A.

Elements Of The Redevelopment Plan.

There are three (3) general categories of activities that may be supported by tax increment funds under the provisions of the Act:

Development/Redevelopment/Rehabilitation Activities, including:

Assembly and acquisition of sites, demolition and site preparation.

Interest subsidies.

Rehabilitation costs.

Relocation costs.

Environmental remediation.

Public Improvements, including:

Provision or rehabilitation of public infrastructure improvements and facilities.

Capital costs related to public infrastructure improvements and facilities.

Administrative Support and Financing, including:

Job training and related educational programs.

Analysis, administration, studies, legal.

Financing costs.

Payments in lieu of taxes.

The City may enter into redevelopment agreements with public or private entities for the furtherance of these activities. These activities are those which could be undertaken as resources become available. As community needs and market conditions change, it is likely that additional projects may be suggested throughout the life of the Woodlawn R.P.A.. To the extent that these projects are consistent with the goals of this Redevelopment Plan, and related costs are eligible under the Act, these projects may be considered for funding.

It is City policy to require that developers who receive T.I.F. assistance for market rate housing set aside twenty percent (20%) of the units to meet affordability criteria established by the City's Department of Housing. Generally, this means the affordable for-sale units should be priced at a level that is affordable to persons earning no more than one hundred twenty (120%) of the area median income, and affordable rental units should be affordable to persons earning no more than eighty percent (80%) of the area median income.

Future Land Uses.

The land uses represent the land uses that are to be encouraged in the future growth of the Woodlawn R.P.A. and may be supported by T.I.F. assisted activities. The following land uses are included:

Mixed Use: This may include residential, commercial and/or institutional uses.

Residential: This includes the renovation and/or construction of for-sale and rental housing units: single-family, townhouse and multi-family dwellings. This may include commercial and retail uses that support and complement residential uses.

Institutional: This includes the renovation and/or construction of schools, government buildings, churches and social service agencies.

The proposed future land uses are shown on Map 7.

6.

Financial Plan.

Eligible Costs.

The Act outlines several categories of expenditures that can be funded using tax increment revenues. These expenditures -- referred to as eligible redevelopment project costs -- include all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to this Redevelopment Plan pursuant to the Act. Such costs may include, without limitation, the following:

1. costs of studies, surveys, development of plans and specifications, implementation and administration of the redevelopment plan, including, but not limited to, staff and professional service costs for architectural, engineering, development advisors, development managers, legal, marketing, financial, planning or other services, related hard and soft costs, and other related expenses, provided, however, that no such charges may be based on a percentage of the tax increment collected;

2. property assembly costs, including but not limited to, acquisition of land and other property, real or personal, or rights or interest therein, demolition of buildings, and clearing and grading of land;

3. costs of rehabilitation, reconstruction, repair or remodeling of existing public or private buildings or fixtures;

4. costs of the construction of public works or improvements;

5. costs of job training and retraining projects;

6. financing costs, including but not limited to, all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding thirty-six (36) months thereafter and including reasonable reserves related thereto;

7. all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

8. relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or state law;

9. payment in lieu of taxes;

10. costs of job training, advanced vocational education or career education, including but not limited to, courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one (1) or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocation to education or career education programs for persons employed or to be employed by employers located in the redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and taxing district(s), which agreement describes the program to be undertaken, including but not limited, to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by the community college district of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-41.1 of the Public and Community College Act as cited in the Act and by the school districts of cost pursuant to Section 10-22.20a and 10-23.3a of the School Code as cited in the Act;

11. interest costs incurred by a developer or other user related to the construction, renovation or rehabilitation of a redevelopment project provided that:

a. such costs are to be paid directly from the special tax allocation fund established pursuant to the Act;

b. such payments in any one year (1) may not exceed thirty percent (30%) of the annual interest costs incurred by the developer/user with regard to the development project during that year;

c. if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amount so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund; and

d. the total of such interest payments paid pursuant to the Act may not exceed thirty percent (30%) of the total of (i) cost paid or incurred by the developer/user for the redevelopment project plus (ii) redevelopment project

costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to the Act;

12. unless explicitly stated in the Act, the cost of construction of new privately owned buildings shall not be an eligible redevelopment project cost.

Estimated Redevelopment Project Costs.

The estimated costs of this T.I.F. plan are shown in Table 2. The total cost provides an upper limit on expenditures by the City under this Redevelopment Plan (exclusive of capitalized interest, issuance costs, interest, and other financing costs). Within this limit, adjustments may be made in line items without amendment to this Redevelopment Plan. Additional funding in the form of State and Federal grants, private developers' contributions and other outside sources may be pursued by the City as a means of financing improvements and facilities which are of benefit to the general community and the Woodlawn R.P.A., but any such additional funding would not be part of the total redevelopment project costs described in Table 2 of this Redevelopment Plan.

Table 2.

Estimated T.I.F. Eligible Costs.

Projects/Improvements	Estimated Costs
Land Acquisition/Relocation	$ 10,000,000
Site Preparation/Environmental Remediation	10,000,000
Demolition	5,000,000
Rehabilitation	12,500,000
Public Improvements/Taxing Districts Capital Costs	10,000,000
Job Training	5,000,000

Projects/Improvements	Estimated Costs
Interest Subsidy	$5,000,000
Planning, Legal, Professional	2,500,000
TOTAL REDEVELOPMENT PROJECT COSTS	$60,000,000[2]

The estimated redevelopment project costs listed above do not reflect capitalized interest, issuance costs, interest, and other financing costs which may be incurred in connection with the issuance of obligations to pay redevelopment project costs.

Each individual project will be evaluated in light of projected private development and resulting incremental tax revenues as it is considered for public assistance under the provisions of the Act. Redevelopment project costs for any project do not include that portion of each project's total costs financed from private funds or non-T.I.F. public resources. The totals of line items in Table 2 above are not intended to place a total limit on the described expenditures. Adjustments may be made in line items within the total, either increasing or decreasing line item costs for redevelopment costs.

---

[2] Total redevelopment project costs are inclusive of redevelopment project costs in contiguous redevelopment project areas, or those separated only by a public right-of-way, that are permitted under the Act to be paid from incremental property taxes generated in the Woodlawn R.P.A., but are not inclusive of redevelopment project costs incurred in the Woodlawn R.P.A. which are paid from incremental taxes generated in any other contiguous redevelopment project area, or those separated only by a public right-of-way. The total redevelopment project costs are exclusive of capitalized interest, issuance costs, interest, and other financing costs and subject to prevailing market conditions.

Phasing And Scheduling Of The Redevelopment.

The initiator of each project shall be required to submit a current schedule for implementation, which shall be revised as necessary. Where tax increment funds are used to pay eligible redevelopment project costs, to the extent that funds are available for such purposes, expenditures by the City shall be coordinated to coincide on a reasonable basis with the actual redevelopment expenditures of the developer(s). The completion date for the Woodlawn Redevelopment Plan shall be no later that twenty-three (23) years from the date of adoption of the ordinance approving the Woodlawn Redevelopment Plan, unless amended pursuant to the Act, as amended from time to time.

Sources Of Funds To Pay Costs.

Funds necessary to pay for redevelopment project costs and/or municipal obligations which have been issued or incurred to pay for such costs are to be derived principally from tax increment revenues and/or proceeds from municipal obligations which have as a repayment source tax increment revenue. To secure the issuance of these obligations, the City may permit the utilization of guarantees, deposits, reserves, and/or other forms of security made available by private sector developers.

The tax increment revenue which will be used to fund tax increment obligations and eligible redevelopment project costs shall be the incremental real property tax revenues. Incremental real property tax revenue is attributable to the increase of the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the Woodlawn R.P.A. over and above the certified initial equalized assessed value of each such property.

Other sources of funds which may be used to pay for redevelopment project costs and associated obligations issued or incurred include land disposition proceeds, local programs, state and federal grants, investment income, private investor and financial institution funds, and other sources of funds and revenues as the municipality may, from time to time, deem appropriate such as municipal sales tax revenues, municipal amusement taxes, and other sources. T.I.F. funding may be used in support of other programs operated by the City for property owners and taxpayers within the Woodlawn R.P.A.. Any such use of T.I.F. funds would be subject to all of the provisions of the Act.

The Woodlawn R.P.A. may, in the future, be contiguous to, or separated by a public right-of-way from other redevelopment project areas under the Act. The

City may utilize net incremental property taxes received from the Woodlawn R.P.A. to pay eligible redevelopment project costs, or obligations issued to pay such costs, in other contiguous redevelopment project areas, or those separated only by a public right-of- way from the Woodlawn R.P.A., and vice versa. The amount of revenue from the Woodlawn R.P.A. made available to support such contiguous redevelopment project areas, or such areas separated only by a public right-of-way from the Woodlawn R.P.A., when added to all amounts used to pay eligible redevelopment project costs within the Woodlawn R.P.A., shall not at any time exceed the total redevelopment project costs described in this Redevelopment Plan.

The Woodlawn R.P.A. may become contiguous to, or be separated only by a public right-of-way from, redevelopment project areas created under the Industrial Jobs Recovery Law (65 ILCS 5/11-74.6-1, et seq.). The City may determine that it is in the best interests of the City and in furtherance of the purposes of the Redevelopment Plan that net revenues from the Woodlawn R.P.A. be made available to support any such redevelopment project areas, and vice versa. The City therefore proposes to utilize net incremental revenues received from the Woodlawn R.P.A. to pay eligible redevelopment project costs (which are eligible under the Industrial Jobs Recovery Law referred to above) in any such areas, and vice versa. Such revenues may be transferred or loaned between the Woodlawn R.P.A. and such areas. The amount of revenue from the Woodlawn R.P.A. so made available, when added to all amounts used to pay eligible redevelopment project costs within the Woodlawn R.P.A. or other areas as described in the preceding paragraph, shall not at any time exceed the total redevelopment project costs described in Table 2 of this Redevelopment Plan.

Issuance Of Obligations.

To finance redevelopment project costs, the City may issue general obligation bonds or obligations secured by the anticipated tax increment revenue generated within the Woodlawn R.P.A., or the City may permit the utilization of guarantees, deposits or other forms of security made available by private sector developers to secure such obligation. In addition, the City may pledge toward payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the City; (c) the full faith and credit of the City; (d) a mortgage on one (1) or anticipated receipts that the City may lawfully pledge.

All obligations issued by the City pursuant to this Redevelopment Plan and the Act shall be retired within twenty-three (23) years from the adoption of the

ordinance approving the Woodlawn R.P.A.. Also, the final maturity date of any such obligations which are issued may not be later than twenty (20) years from their respective dates of issue. One (1) or more of a series of obligations may be sold at one (1) or more times in order to implement this Redevelopment Plan. The amounts payable in any year as principal and interest on all obligations issued by the City shall not exceed the amounts available, or projected to be available, from tax increment revenues and from such bond sinking funds or other sources of funds (including ad valorem taxes) as may be provided by ordinance. Obligations may be of a parity or senior/junior lien nature. Obligations issued may be serial or term maturities, and may or may not be subject to mandatory, sinking fund, or optional redemptions.

Tax increment revenues shall be used for the scheduled and/or early retirement of obligations, and for reserves, bond sinking funds, and redevelopment project costs. To the extent that real property tax increment is not required for such purposes, revenues shall be declared surplus and become available for distribution annually to area taxing districts in the manner provided by the Act.

Most Recent Equalized Assessed Valuation ("E.A.V.") Of Properties In The Redevelopment Project Area.

The purpose of identifying the most recent E.A.V. of the Woodlawn R.P.A. is to provide an estimate of the initial E.A.V. which the Cook County Clerk will certify for the purpose of annually calculating the incremental E.A.V. and incremental property taxes of the Woodlawn R.P.A.. The most recent E.A.V. (based on 1997 E.A.V.) for the entire redevelopment area (based on available information) is Thirty-two Million Eight Hundred Sixty-one Thousand Three Hundred Ten Dollars ($32,861,310). This total E.A.V. amount, by P.I.N., is summarized in Appendix 2.

In the event that 1998 E.A.V. information for the Woodlawn R.P.A. is finalized prior to the time that the Woodlawn R.P.A. is designated and the Redevelopment Plan is approved pursuant to ordinances passed by the City Council of the City, this Redevelopment Plan may be supplemented, prior to or after the passage of such ordinances, to include the updated 1998 E.A.V. information, and such updated information will (if required by the Act) become the initial E.A.V. which the Cook County Clerk will certify for the Woodlawn R.P.A.

Anticipated Equalized Assessed Valuation.

By 2021, the year when the Woodlawn R.P.A. is terminated, the E.A.V. for the Woodlawn R.P.A. will be approximately Ninety-six Million Three Hundred Forty Thousand Eight Hundred Twenty Dollars ($96,340,820). In order to estimate the E.A.V. for the Woodlawn R.P.A. at that time, information on planned improvement projects within the area, including both new development and the rehabilitation of existing structures, was obtained. The estimated E.A.V. is based on several key assumptions, including: 1) anticipated phasing and completion of the planned new improvements and construction; 2) conversion of a portion of the vacant land on currently residentially-zoned parcels, for which no planned improvements exist, to housing units; 3) adjustment to the base E.A.V. for Cook County Homeowner Exemption based on an estimated number of owner-occupied housing units; 4) three percent (3%) annual inflation upon the E.A.V. of all properties within the Woodlawn R.P.A. with its cumulative impact occurring in each triennial reassessment year; 4) a multiplier of 2.1120, the average of the last six (6) years, will be applied to calculate E.A.V.; and 5) a tax rate of 9.3848%, the average of the tax rate for the past six (6) years, will be applied to the Woodlawn R.P.A.. The tax rate and multiplier are assumed to be stable throughout the life of the Woodlawn R.P.A.

7.

Required Findings And Tests.

Lack Of Growth And Private Investment.

The Woodlawn R.P.A. on the whole has not been subject to growth and development through investment by private enterprise. As described in Parts 3 and 4 of this Redevelopment Plan (Eligibility Analysis and Summary of Eligibility Factors), the Woodlawn R.P.A. as a whole is adversely impacted by the presence of numerous factors which are reasonably distributed throughout the Woodlawn R.P.A.. The lack of private investment is evidenced by the decline in E.A.V. for the R.P.A. each year between 1994 and 1996. The E.A.V. increased between 1996 and 1997 primarily due to the triennial reassessment cycle.

Between 1993 and 1997 the E.A.V. of the Woodlawn R.P.A. increased at a compound annual rate of three and sixty-seven hundredths percent (3.67%), compared to three and eighty-six hundredths percent (3.86%) for the City as a

whole between 1993 and 1997. However, an examination of the 1997 E.A.V. for the Woodlawn R.P.A. indicates that only eleven (11) of the one thousand five hundred twenty-four (1,524) P.I.N.s experienced significant value increases between 1993 and 1997. The growth in E.A.V. for these eleven (11) P.I.N.s is not due to new private investment, but appears to be a result of the triennial reassessment cycle. This was confirmed by the physical inspection of the buildings as described in Part 3. The equalized assessed value of the remaining one thousand five hundred thirteen (1,513) P.I.N.s did not experience a significant value increase and only rose at a compound annual growth rate of one and four-tenths percent (1.4%) between 1993 and 1997. The remaining one thousand five hundred thirteen (1,513) P.I.N.s, excluding the eleven (11) P.I.N.s mentioned above, increased at approximately one-third (⅓) of the rate of the City as a whole between 1993 and 1997. Furthermore, the Consumer Price Index grew at a compound annual growth rate of two and sixty-six hundredths percent (2.66%) between 1993 and 1997, which is almost twice that of the growth in the Woodlawn R.P.A., excluding the eleven (11) growth P.I.N.s. This is further evidence of the relative lack of private investment which has occurred in the Woodlawn R.P.A.

The lack of growth through investment by private enterprise is further evidenced by the lack of new development projects initiated or completed in the Woodlawn R.P.A.. There is a limited amount of private market investment occurring in areas immediately surrounding the Woodlawn R.P.A., particulary north of 61st Street. However, this investment has been assisted with significant public resources other than T.I.F.. This includes:

-- sales price subsidies from the New Homes for Chicago program (City of Chicago); and

-- loans of City of Chicago HOME dollars to facilitate the construction of low- to moderate-income rental housing.

In addition to these development programs, other public resources have been used to facilitate private market activity, including foreclosure of demolition liens, tax reactivation and public transit improvements. Building permit requests for properties within the Woodlawn R.P.A. from October 1994 to July 1998 were analyzed to determine in what areas of the Woodlawn R.P.A. permits have been issued and redevelopment has occurred. Approximately three hundred (300) permits were issued during this time, of which two hundred thirty-one (231) (seventy-nine percent (79%)) were for new construction or improvement to existing structures and sixty-nine (69) (twenty-three percent

(23%)) were for demolition of existing structures. The analysis reveals that the majority of new investment in the Woodlawn R.P.A. was concentrated in the relatively small area located north of East 63rd Street, between South Cottage Grove Avenue and the Illinois Central Railroad. Notwithstanding this concentration of recent investment, those blocks were still found to evidence sufficient eligibility factors to qualify for designation. Most of the permits issued outside of this northernmost area were mainly for minor repairs, code compliance, demolition and A.D.A. accessability, not for major renovations or new construction.

Finding: The Woodlawn R.P.A. on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the Redevelopment Plan.

"But For" Test.

The Act requires a finding that, but for the designation of the T.I.F. district and the use of tax increment financing, it is unlikely that any significant investment will occur in the Woodlawn R.P.A.

It is clear from the study of this area that sufficient private investment in revitalization and redevelopment has not occurred to overcome the Blighted Area conditions that currently exist. The Woodlawn R.P.A. is not reasonably expected to be developed without the efforts and leadership of the City, including the adoption of this Redevelopment Plan, and the adoption of tax increment financing.

Finding: But for the adoption of T.I.F. in the Woodlawn R.P.A., critical public resources will be lacking that would otherwise support the sustained redevelopment of the Woodlawn R.P.A. and such development will not therefore occur.

Conformance To The Plans Of The Municipality.

The Woodlawn R.P.A. and Redevelopment Plan must conform to the comprehensive plan for the City, conform to the strategic economic development plans, or include land uses that have been approved by the planning commission of the City.

The proposed redevelopment activities and future land use within the Woodlawn R.P.A. are consistent with the plans previously approved by the City, including the Woodlawn Redevelopment Plan, the Marquette/Stony Island Redevelopment Plan and the 63rd Dorchester Redevelopment Plan. Further, this Redevelopment Plan, including the proposed land uses described in this Redevelopment Plan, will be approved by the Chicago Plan Commission prior to its adoption by the City Council.

Finding: The Redevelopment Plan includes land uses that have been approved by the planning commission of the City.

Dates Of Completion.

The redevelopment project described in this Redevelopment Plan shall be completed and all obligations retired by 2021.

8.

Financial Impact Of The Redevelopment Project.

Without the adoption of this Redevelopment Plan and tax increment financing, the Woodlawn R.P.A. is not expected to be redeveloped by private enterprise. There is a real prospect that deteriorating conditions will continue to exist and spread, and that the entire area will become less attractive for new development as well as for the maintenance and upkeep of existing buildings and sites. The possibility of the continued erosion of the assessed value of property, which would result from the lack of a concerted effort by the City to stimulate revitalization and redevelopment, could lead to a reduction of real estate tax revenue to all taxing districts.

This Redevelopment Plan describes the comprehensive redevelopment program proposed to be undertaken by the City to create an environment in which private investment can reasonably occur. The redevelopment program will be staged with various developments taking place over a period of years. If a redevelopment project is successful, various new projects will be undertaken that will assist in alleviating blighting conditions, creating new jobs, and promoting rehabilitation and development in the Woodlawn R.P.A.

This Redevelopment Plan and the project described herein is expected to have short- and long-term financial impacts on the affected taxing districts. During the period when tax increment financing is utilized, real estate tax increment revenues (from the increases in E.A.V. over and above the certified initial E.A.V. established at the time of adoption of this Redevelopment Plan) may be used to pay eligible redevelopment project costs for the Woodlawn R.P.A.. At the time when the Woodlawn R.P.A. is no longer in place under the Act, the real estate tax revenues resulting from the redevelopment of the Woodlawn R.P.A. will be distributed to all taxing districts levying taxes against property located in the Woodlawn R.P.A.. These revenues will then be available for use by the affected taxing districts.

Demand On Taxing District Services.

The following major taxing districts presently levy taxes on properties located within the Woodlawn R.P.A.:

City of Chicago

Chicago Board of Education

Chicago School Finance Authority

Chicago Park District

Chicago Community College District

Metropolitan Water Reclamation District

County of Cook

Cook County Forest Preserve District

City of Chicago Library Fund

The role of each body is discussed below:

City of Chicago. The City is responsible for the provision of a wide range of municipal services, including: police and fire protection; capital improvements and maintenance; water supply and distribution; sanitation service; building, housing and zoning codes.

Chicago Board of Education. General responsibilities of the Board of Education include the provision, maintenance and operations of educational facilities and the provision of education services for kindergarten through twelfth (12^{th}) grade. Four (4) facilities have been included in the Woodlawn R.P.A.: Carnegie Elementary School, Wadsworth Elementary School and Wadsworth C.P.C., Fiske Elementary School and Dumas Elementary School. All Chicago public schools within the Woodlawn R.P.A. and within three (3) blocks of the Woodlawn R.P.A. have been identified and illustrated in Map 8.

Chicago School Finance Authority. The Authority was created in 1980 to exercise oversight and control over the financial affairs of the Board of Education. It currently exists to only collect taxes and pay outstanding obligations.

Chicago Park District. The Park District is responsible for the provision, maintenance and operation of park and recreational facilities through the City and for the provision of recreation programs. Six (6) park sites have been included in the Woodlawn R.P.A.. All Chicago parks within the Woodlawn R.P.A. and within three (3) blocks of the Woodlawn R.P.A. have been identified and are illustrated in Map 8.

Chicago Community College District. This district is a unit of the State of Illinois' system of public community colleges, whose objective is to meet the educational needs of residents of the City and other students seeking higher education programs and services.

Metropolitan Water Reclamation District of Greater Chicago ("M.W.R.D."). This district provides the main trunk lines for the collection of waste water from cities, villages and towns, and for the treatment and disposal thereof.

County of Cook. The County has principal responsibility for the protection of persons and property, the provision of public health services and the maintenance of County highways.

Cook County Forest Preserve District. The Forest Preserve District is responsible for acquisition, restoration and management of lands for the purpose of protecting and preserving open space in the City and County for the education, pleasure and recreation of the public.

In addition to the major taxing districts summarized above, the City of Chicago Library Fund has taxing jurisdiction over part or all of the Woodlawn R.P.A.. The City of Chicago Library Fund no longer extends taxing levies but continues to exist for the purpose of receiving delinquent taxes.

Impact Of The Redevelopment Project.

The Redevelopment Plan involves the acquisition of vacant land and existing buildings and underutilized parcels and buildings, demolition and site preparation, construction of new commercial, residential and industrial buildings, improvement/rehabilitation of existing buildings, residential developers and/or the Park District. The City of Chicago has recently included requirements for set-backs and open space provisions for residential development. Also, the Park District is eligible for T.I.F. assistance within the project boundary. As illustrated in Map 9, there are currently six (6) parks and playlots in the Woodlawn R.P.A.

-- It is expected that any increase in demand for City of Chicago services and programs associated with the Woodlawn R.P.A. can be adequately handled by existing City, police, fire protection, sanitary collection and recycling services and programs maintained and operated by the City of Chicago. Therefore, no special programs are proposed for the City of Chicago.

Should demand increase so that it exceeds existing service and program capabilities, the City will work with the affected taxing district to determine what, if any, program is necessary to provide adequate services.

9.

Provisions For Amending The Plan.

This Redevelopment Plan document may be amended pursuant to the provisions of the Act.

10.

Commitment To Fair Employment Practices And Affirmative Action Plan.

The City is committed to and will affirmatively implement the following principles with respect to this Redevelopment Plan.

A. The assurance of equal opportunity in all personnel and employment actions with respect to this redevelopment plan and project, including, but not limited to, hiring, training, transfer, promotion, discipline, fringe benefits, salary, employment working conditions, terminations, et cetera, without regard to race, color, religion, sex, age, handicapped status, national origin, sexual preference, creed or ancestry.

B. Redeveloper will meet City standards for participation of Minority Business Enterprise and Women Business Enterprise businesses as required in redevelopment agreements.

C. The commitment to affirmative action and nondiscrimination will ensure that all members of the protected groups are sought out to compete for all job openings and promotional opportunities.

The City Of Chicago

And The Chicago Park District

Park 561.

This Agreement is made this ____ day of_____, 2011 (the "Closing Date"), under authority granted by Article VII, Section 10 of the 1970 Constitution of the State of Illinois, by and between the City of Chicago (the "City"), an Illinois municipal corporation, by and through its Department of Housing and Economic Development (together with any

successor department thereto, "HED") and its Department of General Services (together with any successor department thereto, "DGS"), and the Chicago Park District (the "Park District"), an Illinois municipal corporation. The Park District and the City are sometimes referred to herein as the "Parties".

Recitals.

A. The City is a home rule unit of government under Article VII, Section 6(a) of the 1970 Constitution of the State of Illinois and, as such, may exercise any power and perform any function pertaining to its government and affairs.

B. The Park District is a unit of local government under Article VII, Section 1 of the 1970 Constitution of the State of Illinois and, as such, has the authority to exercise control over and supervise the operation of parks within the corporate limits of the City.

C. The Park District wishes to build, develop, and operate a new park, to be known as Park 561 (the "Project"), at 1611 -- 1629 South Wabash Avenue in Chicago, Illinois, legally described in (Sub)Exhibit A (the "Property").

D. The City wishes to assist the Park District with the Project by (1) conveying the Property; (2) providing tax increment financing; and (3) provide Open Space Impact Fees to the Park District (as hereinafter defined).

E. The City owns the Property, which is an approximately 1.1-acre parcel of real property.

F. The City wishes to convey the Property to the Park District for the Project.

G. All of the Property lies wholly within the boundaries of the Near South Redevelopment Area (as hereinafter defined).

H. The City is authorized under the provisions of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended from time to time (the "Act"), to finance projects that eradicate blight conditions and conservation factors that could lead to blight through the use of tax increment allocation financing for redevelopment projects.

I. To induce certain redevelopment pursuant to the Act, the City Council adopted the following ordinances on November 28, 1990, and published in the *Journal of the Proceedings of the City Council of the City of Chicago* (the "*Journal*") for such date at pages 25969 to 26047:

(1) An Ordinance of the City of Chicago, Illinois Approving a Redevelopment Plan for the Central Station Redevelopment Project Area; (2) An Ordinance of the City of Chicago, Illinois Designating the Central Station Redevelopment Project Area as a Redevelopment Project Area Pursuant to the Tax Increment Allocation Redevelopment Act; and (3) An

Ordinance of the City of Chicago, Illinois Adopting Tax Increment Allocation Financing for the Central Station Redevelopment Project Area (the "TIF Adoption Ordinances"). To expand the original redevelopment area (the "Original Project Area") by including additional contiguous areas (together with the Original Project Area, the "Expanded Project Area") pursuant to the Act and to name the Expanded Project Area the "Near South Tax Increment Financing Redevelopment Area", the City Council adopted the following ordinances on August 3, 1994, and published in the *Journal* for such date at pages 54876 to 54950: (1) An Ordinance of the City of Chicago, Illinois for Approval and Adoption of a Redevelopment Project and Plan for the Near South Redevelopment Project Area; (2) An Ordinance of the City of Chicago, Illinois for Designation of the Near South Redevelopment Project Area (the "Near South Redevelopment Area") as a Tax Increment Financing District Redevelopment Area; and (3) An Ordinance of the City of Chicago, Illinois for Adoption of Tax Increment Financing for the Near South Redevelopment Project Area (the "TIF Original Expansion Ordinances"). The TIF redevelopment project and plan were further amended by (1) An Ordinance for the Approval of Amendment Number 2 to the Expanded Near South Tax Increment Financing Redevelopment Project and Plan, on May 12, 1999 and published in the *Journal* for such date at pages 1002 to 1012; (2) An Ordinance for the Approval of Amendment Number 3 to Near South Tax Increment Financing Redevelopment Project and Plan, on March 28, 2001, and published in the *Journal* for such date at pages 55308 to 55313; (3) An Ordinance for an Amendment of Near South Tax Increment Financing Redevelopment Plan and Project, on June 9, 2010, and published in the *Journal* for such date at pages 92483 to 92567 (the "TIF Amendment Ordinances"). To further expand the Expanded Project Area pursuant to the Act, the City Council adopted the following ordinances: (1) An Ordinance of the City of Chicago, Illinois Approving Revision Number 5 to the Redevelopment Plan for the Near South Tax Increment Financing Redevelopment Area; (2) An Ordinance of the City of Chicago, Illinois Designating the 2011 Expanded Project Area Redevelopment Project Area Pursuant to the Tax Increment Allocation Redevelopment Act; and (3) An Ordinance of the City of Chicago, Illinois Adopting Tax Increment Allocation Financing for the Near South Tax Increment Financing 2011 Expanded Project Area (the "TIF Expansion Ordinances", collectively referred to herein with the TIF Adoption Ordinances, the TIF Original Expansion Ordinances, and the TIF Amendment Ordinances, as the "TIF Ordinances").

J. Under 65 ILCS 5/11-74.4-3(q)(7), such incremental ad valorem taxes which pursuant to the Act have been collected and are allocated to pay redevelopment project costs and obligations incurred in the payment thereof ("Increment") may be used to pay all or a portion of a taxing district's capital costs resulting from a redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs (Increment collected from the Near South Redevelopment Area shall be known as the "City Increment").

K. The City wishes to make available to the Park District a portion of the City Increment in an amount not to exceed $3,515,404 for the purpose of funding the Project costs (the "TIF-Funded Improvements") to the extent and in the manner provided in this Agreement.

L. The TIF Ordinances contemplate that tax increment financing assistance would be provided for public improvements, such as the Project, within the boundaries of the Near South Redevelopment Area.

M. The Park District is a taxing district under the Act.

N. In accordance with the Act, the TIF-Funded Improvements shall include such of the Park District's capital costs necessarily incurred or to be incurred in furtherance of the objectives of the TIF Ordinances, and the City has found that the TIF-Funded Improvements consist of the cost of the Park District's capital improvements that are necessary and directly result from the redevelopment project constituting the Project and, therefore, constitute "taxing districts' capital costs" as defined in Section 5/11-74.4-3(u) of the Act.

O. The Open Space Impact Fee Ordinance, Chapter 18 of Title 16 of the Municipal Code of Chicago, authorizes collection of fees as a condition of issuance of a building permit for proposed new dwelling units to ensure that adequate open space and recreational facilities are available to serve residents of new developments in the City (the "Open Space Fees").

P. The Department of Revenue has collected Open Space Fees for new dwelling units built in the Near South Side Community Area and contiguous communities (the "Open Space Proceeds") and has deposited such Open Space Proceeds in Fund Number [_____].

Q. On_____,____, the City Council of the City (the "City Council") adopted an ordinance published in the *Journal of the Proceedings of the City Council of the City of Chicago* for said date at pages _____ to _____ (the "Authorizing Ordinance"), among other things, (i) approving the TIF-Funded Improvements; (ii) finding that the open space and recreational facilities would provide a direct and material benefit to the residents of the new developments originating the Open Space Fees; (iii) authorizing the transfer of a portion of the Open Space Proceeds in an amount not to exceed Four Hundred Sixty-nine Thousand Five Hundred Ninety-six Dollars ($469,596) (the "Park 561 Proceeds") to the Park District as a contribution towards the construction of the open space and recreational facilities on the Property; and (iv) approving the conveyance of Property from the City to the Park District; and (v) authorizing the execution of this Agreement.

R. The City and the Park District wish to enter into this Agreement whereby the Park District shall undertake the Project and the City shall (1) convey the Property to the Park District; (2) reimburse the Park District for the TIF-Funded Improvements made pursuant to the Project in an amount not to exceed $3,515,404; and (3) grant Park 561 Proceeds in an amount not to exceed $469,596 (the TIF-Funded reimbursement and Park 561 Proceeds are collectively referred to as the "Project Assistance").

S. On _____, and again on _____ the Park District's Board of Commissioners passed resolutions expressing its desire to cooperate with the City in the completion of the Project and authorizing the execution of this Agreement (the "Park District Ordinance") (the date of the second resolution, the "Final Park District Ordinance Date").

Now, Therefore, In consideration of the mutual covenants and agreements contained herein, the above recitals which are made a contractual part of this Agreement, and other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

Terms And Conditions.

Section 1.

The Project.

1.1

The Park District will purchase the Property in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the Park District as related thereto, including but not limited to 70 ILCS 1505/0.01, et seq.. Upon the City's request, the Park District shall provide evidence satisfactory to the City of such compliance.

1.2

No later than ___ months from the Closing Date, or later as the Commissioner of HED (the "Commissioner") may agree in writing, the Park District shall let one or more contracts for the construction and/or development of the Project in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the Park District as related thereto.

1.3

The Project shall at a minimum meet the requirements set forth in the Project Description in (Sub)Exhibit B attached hereto and hereby made a part hereof, and comply with plans and specifications to be provided to and approved by HED prior to the commencement of the Project ("Plans and Specifications") in order for the Park District to qualify for the disbursement of City Increment funds. No material deviation from the Plans and Specifications may be made without the prior written approval of the City. The Park District shall comply with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the Park District as related thereto.

1.4

The Park District shall also provide the City with copies, if any shall apply, of all governmental licenses and permits required to construct the Project and to use, occupy and operate the Property as a public park from all appropriate governmental authorities.

1.5

The Park District shall include a certification of compliance with the requirements of Sections 1.2, 1.3 and 1.4 hereof with each request for City Increment funds hereunder and at the time the Project is completed. The City shall be entitled to rely on this certification without further inquiry. Upon the City's request, the Park District shall provide evidence satisfactory to the City of such compliance.

1.6

Open Space Development Committee Application. The Park District agrees to construct the Project on the Property in accordance with the application approved by the Open Space Development Committee (the "OSDC") and prepared by the Park District, dated _____ (the "Application"), which was approved on _____ by the City and the OSDC and which is incorporated herein by reference. No material deviation from the Application may be made without the prior written approval of the City which will not be unreasonably withheld.

Section 2.

Funding.

2.1

The City shall, subject to the Park District's satisfaction of the conditions precedent for disbursement described in this Section 2 and such other conditions contained in this Agreement, disburse the Project Assistance to the Park District.

2.2

The Park District may request that a certificate(s) of expenditure in the form of (Sub)Exhibit C attached hereto and hereby made a part hereof ("Certificates of Expenditure") be processed and executed periodically. The City shall not execute Certificates of Expenditure in the aggregate in excess of the actual costs of the Project that are either TIF-Funded or Open Space Impact Fee-Funded improvements. Prior to each

execution of a Certificate of Expenditure by the City, the Park District shall submit documentation regarding the applicable expenditures to HED. Delivery by the Park District to HED of any request for execution by the City of a Certificate of Expenditure hereunder shall, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of such request for execution of a Certificate of Expenditure, that:

(a) the total amount of the request for the Certificate of Expenditure represents the actual amount payable to (or paid to) the general contractor, subcontractors, and other parties who have performed work on or otherwise provided goods or services in connection with the Project, and/or their payees;

(b) all amounts shown as previous payments on the current request for a Certificate of Expenditure have been paid to the parties entitled to such payment;

(c) the Park District has approved all work and materials for the current request for a Certificate of Expenditure, and such work and materials conform to the Plans and Specifications previously approved by HED; and

(d) the Park District is in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the Park District as related thereto.

2.3

The City shall have the right, in its discretion, to require the Park District to submit further documentation as the City may require in order to verify that the matters certified to in Section 2.2 are true and correct, and any execution of a Certificate of Expenditure by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by the Park District.

2.4

The current estimate of the cost of the Project is $3,985,000. The Park District has delivered to the Commissioner a project budget for the Project attached as (Sub)Exhibit D attached hereto and hereby made a part hereof. The Park District certifies that it has identified sources of funds (including the Project Assistance) sufficient to complete the Project. The Park District agrees that the City will only contribute the Project Assistance to the Project and that all costs of completing the Project, including, but not limited to, costs relating to the soil and environmental condition of the Property, over the Project Assistance shall be the sole responsibility of the Park District. If the Park District at any point does not have sufficient funds to complete the Project, the Park District shall so notify the City in writing, and the Park District may narrow the scope of the Project (the "Revised Project") as agreed with the City in order to complete the Revised Project with the available funds.

2.5

(Sub)Exhibit D contains a preliminary list of capital improvements and other costs, if any, recognized by the City as being eligible redevelopment project costs under the Act with respect to the Project, to be paid for out of the Project Assistance. To the extent the TIF-Funded Improvements are included as taxing district capital costs under the Act, the Park District acknowledges that the TIF-Funded Improvements are costs for capital improvements and the City acknowledges it has determined that these TIF-Funded Improvements are necessary and directly result from the Plan. Prior to the expenditure of Project Assistance on the Project, the Commissioner, based upon the project budget, may make such modifications to (Sub)Exhibit D as he or she wishes in his or her discretion to account for all of the Project Assistance to be expended under this Agreement; provided, however, that all TIF-Funded Improvements shall (i) qualify as redevelopment project costs under the Act, (ii) qualify as eligible costs under the Plan; and (iii) be improvements that the Commissioner has agreed to pay for out of Project Assistance, subject to the terms of this Agreement.

2.6

The Park District hereby acknowledges and agrees that the City's obligations hereunder with respect to the Project Assistance are subject in every respect to the availability of funds as described in and limited by this Section 2.6 and Section 2.1. If no funds or insufficient funds are appropriated and budgeted in any fiscal period of the City for disbursements of the Project Assistance, then the City will notify the Park District in writing of that occurrence, and the City may terminate this Agreement on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for disbursement under this Agreement are exhausted.

2.7

If the aggregate cost of the Project is less than the amount of the Project Assistance contemplated by this Agreement, the Park District shall have no claim to the difference between the amount of the Project Assistance contemplated by this Agreement and the amount of the Project Assistance actually paid by the City to the Park District and expended by the Park District on the Project.

Section 3.

Term, Conveyance And Rights-Of-Entry.

3.1

The term of this Agreement shall commence on the Closing Date and shall expire on the date on which the Near South Redevelopment Area is no longer in effect, or on the date of termination of this Agreement according to its terms, whichever occurs first.

3.2

The Park District shall complete the construction and development of the Project within three (3) years following the Closing Date. Upon the later of the completion of the construction; and development of the Project and the issuance of a Final No Further Remediation Letter relating to the Property from the Illinois Environmental Protection Agency, the City shall convey the Property to the Park District by quitclaim deed for the sum of One and no/100 Dollars ($1.00). The City shall prepare all necessary transfer documents and cause the conveyance of the parcels agreed to be transferred to the Park District. The Property closing shall take place on such date and at such place as the parties may mutually agree to in writing, but in no event earlier than the Closing Date.

3.3

Without limiting the generality of the quitclaim nature of the City's deed, all such conveyances and title shall, in addition to the provisions of this Agreement, be subject to:

1. the Redevelopment Project and Plan for the Near South Redevelopment Project Area;

2. the standard exceptions in an ALTA title insurance policy;

6. any liens thereon;

7. such other title defects as may exist; and

8. any and all exceptions caused by the acts of the Park District or its agents.

3.4

Subject to the terms and conditions set forth herein, the City hereby grants to the Park District a right-of-entry to the Property for the sole purpose of allowing the Park District to commence, manage, perform, and, after completion, but before conveyance of the Property from the City to the Park District, maintain the Project pursuant to this Agreement. The right-of-entry granted hereunder extends to, and the Park District shall be responsible for, its agents, employees, contractors, subcontractors and consultants. This right-of-entry is non-assignable. The Park District agrees to notify the City at least five (5) days prior to

commencing the Project. The Park District further agrees to notify the City promptly upon completing the Project. The Park District shall require its contractor to provide the City evidence of the types and amounts of insurance as shall be determined by the City and to indemnify the City against all liabilities resulting from the commencement, management, performance, and, after completion, but before conveyance of the Property from the City to the Park District, maintenance of the Project.

3.5

The City shall use reasonable efforts to obtain the waiver or release of any delinquent real estate taxes or tax liens on the Property prior to the Closing Date, to the extent such taxes or tax liens can be waived or released through submission of an abatement letter to the Cook County Treasurer, a motion to vacate a tax sale or a petition for exemption, but shall have no further duties with respect to any such taxes. Furthermore, the Park District shall be responsible for all taxes accruing on the Property after the Closing Date.

Section 4.

Environmental Matters And "As Is, Where Is" Condition.

4.1

The Chicago Park District shall, in its sole discretion, determine if any environmental remediation is necessary, and any such work that the Park District determines is necessary shall be performed using the Project Assistance funding provided herein. The City's financial obligation shall be limited to an amount not to exceed $3,985,000 with respect to the matters contained in this Agreement, including this Section 4. The City makes no covenant, representation or warranty as to the environmental condition of the Property or the suitability of the Property as a park or for any use whatsoever.

4.2

The Park District agrees to carefully inspect the Property prior to commencement of any remediation or development on the Property to ensure that such activity shall not damage surrounding property, structures, utility lines or any subsurface lines or cables. The Park District shall be solely responsible for the safety and protection of the public. The City reserves the right to inspect the work being done on the Property. The Park District agrees to keep the Park free from all liens and encumbrances arising out of any work performed, materials supplied or obligations incurred by or for the Park District.

4.3

The Park District or its contractor must obtain all necessary permits, and applicable insurance as described in Section 5 hereof.

4.4

In addition, the Property shall be conveyed to the Park District in its "as is, where is" condition, with no warranty, express or implied, by the City as to the condition of the soil, its geology, or the presence of known or unknown faults. It shall be the sole responsibility of the Park District to investigate and determine the soil and environmental condition of the Property. If the soil conditions are not in all respects entirely suitable for the use or uses to which the Property is intended to be utilized for under this Agreement, then it shall be the sole responsibility and obligation of the Park District to take such action as may be necessary to place the soil and environmental condition of the Property in a condition entirely suitable for the intended uses under this Agreement. After the City's conveyance of the Property to the Park District, the Park District shall have no recourse whatsoever against the City under any Environmental Laws or any other laws, rules or regulations for the environmental, soil or other condition of the Property. For purposes of the foregoing, "Environmental Laws" shall mean any and all federal, state or local statutes, laws, regulations, ordinances, codes, rules, orders, licenses, judgments, decrees or requirements relating to public health and safety and the environment now or hereafter in force, as amended and hereafter amended, including, but not limited to: (i) the Comprehensive Environmental Response, Compensation and Liability Act (42 U.S.C. provided, however, that the total amount of City Funds expended for TIF-Funded Improvements shall be an amount not to exceed the lesser of $350,000 or 22.5% of the actual total Project costs, and provided further, that the $350,000 to be derived from Incremental Taxes and/or TIF Bond proceeds, if any shall be available to pay costs related to TIF-Funded Improvements and allocated by the City for that purpose only so long as:

(i) The amount of the Incremental Taxes deposited into the Western Avenue/Rock Island TIF Fund shall be sufficient to pay for such costs; and

(ii) The City has been reimbursed from Incremental Taxes for the amount previously disbursed by the City for TIF-Funded Improvements.

The Developer acknowledges and agrees that the City's obligation to pay for TIF-Funded Improvements is contingent upon the fulfillment of the conditions set forth in parts (i) and (ii) above. In the event that such conditions are not fulfilled, the amount of Equity to be contributed by the Developer pursuant to Section 4.01 hereof shall increase proportionately.

(c) Installments of Disbursements of City Funds. Subject to the terms and conditions hereof, the City Funds shall be requisitioned by the Developer and disbursed by the City in the following amounts at the following times (or in such amounts and at such times as may be otherwise approved by the City, including increasing the number of disbursements but decreasing the amounts thereof and/or extending the disbursement schedule):

Amount	Requisition Time
$175,000	Issuance of Certificate
$87,500	First Anniversary of Issuance of Certificate
$87,500	Second Anniversary of Issuance of Certificate

Provided, however, that the amount of the City Funds shall (i) be reduced by 50¢ for every $1 that the Project Budget exceeds the actual final costs of the Project, and (ii) not exceed the lesser of $350,000 or 22.5% of the actual total Project costs.

4.04 Escrow; Requisition Form. (a) The City must receive copies of any draw requests and related documents submitted to the escrow agent or disbursements under the Escrow Agreement.

(b) (i) Along with the Developer's request for a Certificate pursuant to Section 7.01 hereof and (ii) on the first and second anniversaries of the City's issuance of the Certificate, the Developer shall provide HED with a Requisition Form, along with the documentation described therein. The Developer shall meet with HED at the request of HED to discuss the Requisition Form(s) previously delivered.

4.05 Treatment of Prior Expenditures and Subsequent Disbursements.

Equity or Lender Financing hereunder (the "Prior Expenditures"). HED shall have the right, in its sole discretion, to disallow any such expenditure as a Prior Expenditure. Exhibit I hereto sets forth the prior expenditures approved by HED as of the date hereof as Prior Expenditures. Prior Expenditures made for items other than TIF-Funded Improvements shall not be reimbursed to the Developer, but shall reduce the amount of Equity and/or Lender Financing required to be contributed by the Developer pursuant to Section 4.01 hereof.

(b) Purchase of Property. A portion of the purchase price of the Property, exclusive of transaction costs, in an amount not to exceed $_____, shall be reimbursed to the Developer from City Funds pursuant to Section 4.03(c) as a TIF-Funded Improvement.

(c) City Fee. Annually, the City may allocate an amount not to exceed [_]% of the Incremental Taxes for payment of costs incurred by the City for the administration and monitoring of the Redevelopment Area, including the Project. Such fee shall be in addition to and shall not be deducted from or considered a part of the City Funds, and the City shall have the right to receive such funds prior to any payment of City Funds hereunder.

(d) Allocation Among Line Items. Disbursements for expenditures related to TIF-Funded Improvements may be allocated to and charged against the appropriate line only, with transfers of costs and expenses from one line item to another, without the prior written consent of HED, being prohibited; provided, however, that such transfers among line items, in an amount not to exceed $100,000 in the aggregate, may be made without the prior written consent of HED.

4.06 Cost Overruns. If the aggregate cost of the TIF-Funded Improvements exceeds City Funds available pursuant to Section 4.03 hereof, or if the cost of completing the Project exceeds the Project Budget, the Developer shall be solely responsible for such excess cost, and shall hold the City harmless from any and all costs and expenses of completing the TIF-Funded Improvements in excess of City Funds and of completing the Project.

4.07 Preconditions of Disbursement. Prior to each disbursement of City Funds hereunder, the Developer shall submit documentation regarding the applicable expenditures to HED, which shall be satisfactory to HED in its sole discretion. Delivery by the Developer to HED of any request for disbursement of City Funds hereunder shall, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of such request for disbursement, that:

(a) the total amount of the disbursement request represents a portion of the actual cost of the Acquisition;

(b) all amounts shown as previous payments on the current disbursement request have been paid to the parties entitled to such payment;

(f) no Event of Default or condition or event which, with the giving of notice or passage of time or both, would constitute an Event of Default exists or has occurred.

The City shall have the right, in its discretion, to require the Developer to submit further documentation as the City may require in order to verify that the matters certified to above are true and correct, and any disbursement by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by the Developer. In addition, the Developer shall have satisfied all other preconditions of disbursement of City Funds for each disbursement, including but not limited to requirements set forth in the TIF Ordinances and/or this Agreement.

4.08 Conditional Grant. The City Funds being provided hereunder are being granted on a conditional basis, subject to the Developer's compliance with the provisions of this Agreement. The City Funds are subject to being reimbursed as provided in Section 15.02 hereof.

7.03 Failure to Complete. If the Developer fails to complete the Project in accordance with the terms of this Agreement, then the City has, but shall not be limited to, any of the following rights and remedies:

(a) the right to terminate this Agreement and cease all disbursement of City Funds not yet disbursed pursuant hereto;

(b) the right (but not the obligation) to complete those TIF-Funded Improvements that are public improvements (if any) and to pay for the costs of TIF-Funded Improvements (including interest costs) out of City Funds or other City monies. In the event that the aggregate cost of completing the TIF-Funded Improvements exceeds the amount of City Funds available pursuant to Section 4.01, the Developer shall reimburse the City for all reasonable costs and expenses incurred by the City in completing such TIF-Funded Improvements in excess of the available City Funds; and

(c) the right to seek reimbursement of the City Funds from the Developer.

7.04 Notice of Expiration of Term of Agreement. Upon the expiration of the Term of the Agreement, HED shall provide the Developer, at the Developer's written request, with a written notice in recordable form stating that the Term of the Agreement has expired.

SECTION 8. COVENANTS/REPRESENTATIONS/WARRANTIES OF THE DEVELOPER.

8.01 General. The Developer represents, warrants and covenants, as of the date of this Agreement and as of the date of each disbursement of City Funds hereunder, that:

(a) the Company is an Illinois limited liability company duly organized, validly existing, qualified to do business in Illinois, and licensed to do business in any other state where, due to the nature of its activities or properties, such qualification or license is required;

(b) the Developer has the right, power and authority to enter into, execute, deliver and perform this Agreement;

(c) the execution, delivery and performance by the Developer of this Agreement has been duly authorized by all necessary corporate action, and does not and will not violate the Trust, the Plan, the Company's Articles of Organization or operating agreement as amended and supplemented, any applicable provision of law, or constitute a breach of, default under or require any consent under any agreement, instrument or document to which the Developer is now a party or by which the Developer is now or may become bound, including but not limited to the Trust, the Plan and the Lease;

(d) unless otherwise permitted or not prohibited pursuant to or under the terms of this Agreement, (i) the Trust shall maintain good, indefeasible and merchantable fee simple title to the 10900 Property (and all improvements thereon), and (ii) the Plan shall maintain good, indefeasible and merchantable fee simple title to the 10906 Property (and all improvements thereon), in both instances free and clear of all liens (except for the Permitted Liens, Lender Financing as disclosed in the Project Budget and non-governmental charges that the Developer is contesting in good faith pursuant to Section 8.15 hereof);

(e) the Developer is now and for the Term of the Agreement shall remain solvent and able to pay its debts as they mature;

(f) there are no actions or proceedings by or before any court, governmental commission, board, bureau or any other administrative agency pending, threatened or affecting the Developer which would impair its ability to perform under this Agreement;

(g) the Developer has and shall maintain all government permits, certificates and consents (including, without limitation, appropriate environmental approvals) necessary to conduct its business and to construct, complete and operate the Project;

(h) the Developer is not in default with respect to any indenture, loan agreement, mortgage, deed, note or any other agreement or instrument related to the borrowing of money to which the Developer is a party or by which the Developer is bound;

(i) the Financial Statements are, and when hereafter required to be submitted will be, complete, correct in all material respects and accurately present the assets, liabilities, results of operations and financial condition of the Developer, and there has been no material adverse change in the assets, liabilities, results of operations or financial condition of the Developer since the date of the Developer's most recent Financial Statements;

(j) prior to the issuance of a Certificate, the Developer shall not do any of the following without the prior written consent of HED: (1) be a party to any merger, liquidation or consolidation; (2) [intentionally omitted]; (3) enter into any transaction outside the ordinary course of the Developer's business; (4) assume, guarantee, endorse, or otherwise become liable in connection with the obligations of any other person or entity; or (5) enter into any transaction that would cause a material and detrimental change to the Developer's financial condition;

(k) the Developer has not incurred, and, prior to the issuance of a Certificate, shall not, without the prior written consent of the Commissioner of HED, allow the existence of any liens against the Property (or improvements thereon) other than the Permitted Liens; or incur any indebtedness, secured or to be secured by the Property (or improvements thereon) or any fixtures now or hereafter attached thereto, except Lender Financing disclosed in the Project Budget;

(l) the Developer has not made or caused to be made, directly or indirectly, any payment, gratuity or offer of employment in connection with the Agreement or any contract paid from the City treasury or pursuant to City ordinance, for services to any City agency ("City Contract") as an inducement for the City to enter into the Agreement or any City Contract with the Developer in violation of Chapter 2-156-120 of the Municipal Code of the City;

(m) neither the Developer nor any affiliate of the Developer is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. For purposes of this subparagraph (m) only, the term "affiliate," when used to indicate a relationship with a specified person or entity, means a person or entity that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with such specified person or entity, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise;

(n) prior to the tenth anniversary of the issuance of a Certificate, the Developer shall not, without the prior written consent of HED, sell, transfer, convey, lease (except for the Lease) or otherwise directly or indirectly dispose of all or substantially all of its assets or all or any portion of the Property (including but not limited to any fixtures or equipment now or hereafter attached thereto) or the beneficial or other interest in the Trust or the Plan except for (i) in the ordinary course of business, or (ii) to a wholly-owned subsidiary of the Developer. HED's consent to such a sale, transfer, conveyance, lease or other disposal is predicated on a new owner's (i) ability to demonstrate the financial capacity together with the experience needed to operate the Facility and (ii) written agreement to assume all surviving responsibilities and covenants applicable to the Developer hereunder. After the tenth anniversary of the issuance of a Certificate and prior to the expiration of the Term hereof, the Developer shall give HED 30 days advance written notice of any such intended sale, transfer, conveyance, lease or other disposal; and

(o) prior to the tenth anniversary of the issuance of a Certificate, the Developer shall provide the City with copies of all amendments to the Lease, the Trust and/or the Plan, subject to all other terms and conditions of this Agreement.

8.02 Covenant to Redevelop. Upon HED's approval of the Project Budget, the Scope Drawings and Plans and Specifications as provided in Sections 3.02 and 3.03 hereof, and the Developer's receipt of all required building permits and governmental approvals, the Developer shall redevelop the Property in accordance with this Agreement and all Exhibits attached hereto, the TIF Ordinances, the Scope Drawings, Plans and Specifications, Project Budget and all amendments thereto, and all federal, state and local laws, ordinances, rules, regulations, executive orders and codes applicable to the Project, the Property and/or the Developer. The covenants set forth in this Section 8.02 shall run with the land and be binding upon any transferee, but shall be deemed satisfied upon issuance by the City of a Certificate with respect thereto.

8.03 Redevelopment Plan. The Developer represents that the Project is and shall be in compliance with all of the terms of the Redevelopment Plan.

8.04 Use of City Funds. City Funds disbursed to the Developer shall be used by the Developer solely to pay for (or to reimburse the Developer for its payment for) the TIF-Funded Improvements as provided in this Agreement.

8.05 TIF Bonds. The Developer shall, at the request of the City, agree to any reasonable amendments to this Agreement that are necessary or desirable in order for the City to issue (in its sole discretion) any bonds in connection with the Redevelopment Area, the proceeds of which may be used to reimburse the City for expenditures made in connection with, or provide a source of funds for the payment for, the TIF-Funded Improvements (the "TIF Bonds"); provided, however, that any such amendments shall not have a material adverse effect on the Developer or the Project. The Developer shall, at the Developer's expense, cooperate and provide reasonable assistance in connection with the marketing of any such TIF Bonds, including but not limited to providing written descriptions of the Project, making representations, providing information regarding its financial condition and assisting the City in preparing an offering statement with respect thereto.

8.06 Job Creation and Retention. (a) Prior to the Closing Date, the Developer shall meet with the Workforce Solutions unit of HED ("Workforce Solutions") to discuss the Project. (b) The Developer shall send a letter (copying HED) to the Operator (and any other future tenant(s) of the Facility) describing the programs established by the City and available through Workforce Solutions

for the purpose of helping prepare individuals to work for businesses located within the Area. (c) The Developer shall use its best efforts to facilitate meetings between Workforce Solutions and the Operator (and any other future tenant(s) of the Facility approved by the City pursuant hereto).

8.07 Employment Opportunity; Progress Reports. The Developer covenants and agrees to abide by, and contractually obligate and use reasonable efforts to cause each subcontractor to abide by the terms set forth in Section 10 hereof. The Developer shall deliver to the City monthly written progress reports detailing compliance with the requirements of Sections 8.09, 10.02 and 10.03 of this Agreement. If any such reports indicate a shortfall in compliance, the Developer shall also deliver a plan to HED which shall outline, to HED's satisfaction, the manner in which the Developer shall correct any shortfall.

8.08 Employment Profile. The Developer shall submit, and contractually obligate and cause any subcontractor to submit, to HED, from time to time, statements of its employment profile upon HED's request.

8.09 Prevailing Wage. The Developer covenants and agrees to pay, and to contractually obligate and cause each subcontractor to pay, the prevailing wage rate as ascertained by the Illinois Department of Labor (the "Department"), to all Project employees. All such contracts shall list the specified rates to be paid to all laborers, workers and mechanics for each craft or type of worker or mechanic employed pursuant to such contract. If the Department revises such prevailing wage rates, the revised rates shall apply to all such contracts. Upon the City's request, the Developer shall provide the City with copies of all such contracts entered into by the Developer to evidence compliance with this Section 8.09.

8.10 Arms-Length Transactions. Unless HED has given its prior written consent with respect thereto, no Affiliate of the Developer may receive any portion of City Funds, directly or indirectly, in payment for work done, services provided or materials supplied in connection with any TIF-Funded Improvement. The Developer shall provide information with respect to any entity to receive City Funds directly or indirectly (whether through payment to the Affiliate by the Developer and reimbursement to the Developer for such costs using City Funds, or otherwise), upon HED's request, prior to any such disbursement.

8.11 Conflict of Interest. Pursuant to Section 5/11-74.4-4(n) of the Act, the Developer represents, warrants and covenants that, to the best of its knowledge, no member, official, or employee of the City, or of any commission or committee exercising authority over the Project, the Redevelopment Area or the Redevelopment Plan, or any consultant hired by the City or the Developer with respect thereto, owns or controls, has owned or controlled or will own or control any interest, and no such person shall represent any person, as agent or otherwise, who owns or controls, has owned or controlled, or will own or control any interest, direct or indirect, in the Developer's business, the Property or any other property in the Redevelopment Area.

8.12 Disclosure of Interest. The Developer's counsel has no direct or indirect financial ownership interest in the Developer, the Property or any other aspect of the Project.

8.13 Financial Statements. The Developer shall obtain and provide to HED Financial Statements for the Company's fiscal year ended _____, 201[_] and each [___] thereafter for the Term of the Agreement. In addition, the Developer shall submit unaudited financial statements for the Company as soon as reasonably practical following the close of each fiscal year and for such other periods as HED may request.

8.14 Insurance. The Developer, at its own expense, shall comply with all provisions of Section 12 hereof.

8.15 Non-Governmental Charges. (a) Payment of Non-Governmental Charges. Except for the Permitted Liens, the Developer agrees to pay or cause to be paid when due any Non-Governmental Charge assessed or imposed upon the Project, the Property or any fixtures that are or may become attached thereto, which creates, may create, or appears to create a lien upon all or any portion of the Property or Project; provided however, that if such Non-Governmental Charge may be paid in installments, the Developer may pay the same together with any accrued interest thereon in installments as they become due and before any fine, penalty, interest, or cost may be added thereto for nonpayment. The Developer shall furnish to HED, within thirty (30) days of HED's request, official receipts from the appropriate entity, or other proof satisfactory to HED, evidencing payment of the Non-Governmental Charge in question.

(b) Right to Contest. The Developer has the right, before any delinquency occurs:

(i) to contest or object in good faith to the amount or validity of any Non-Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted, in such manner as shall stay the collection of the contested Non-Governmental Charge, prevent the imposition of a lien or remove such lien, or prevent the sale or forfeiture of the Property (so long as no such contest or objection shall be deemed or construed to relieve, modify or extend the Developer's covenants to pay any such Non-Governmental Charge at the time and in the manner provided in this Section 8.15); or

(ii) at HED's sole option, to furnish a good and sufficient bond or other security satisfactory to HED in such form and amounts as HED shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property or any portion thereof or any fixtures that are or may be attached thereto, during the pendency of such contest, adequate to pay fully any such contested Non-Governmental Charge and all interest and penalties upon the adverse determination of such contest.

8.16 Developer's Liabilities. The Developer shall not enter into any transaction that would materially and adversely affect its ability to perform its obligations hereunder or to repay any material liabilities or perform any material obligations of the Developer to any other person or entity. The Developer shall immediately notify HED of any and all events or actions which may materially affect the Developer's ability to carry on its business operations or perform its obligations under this Agreement or any other documents and agreements.

8.17 Compliance with Laws. To the best of the Developer's knowledge, after diligent inquiry, the Property and the Project are and shall be in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, executive orders and codes pertaining to or affecting the Project and the Property. Upon the City's request, the Developer shall provide evidence satisfactory to the City of such compliance.

8.18 Recording and Filing. The Developer shall cause this Agreement, certain exhibits (as specified by Corporation Counsel), all amendments and supplements hereto to be recorded and filed against the Property on the date hereof in the conveyance and real property records of the county in which the Project is located. This Agreement shall be recorded prior to any mortgage made in connection with Lender Financing. The Developer shall pay all fees and charges incurred in connection with any such recording. Upon recording, the Developer shall immediately transmit to the City an executed original of this Agreement showing the date and recording number of record.

8.19 Real Estate Provisions.

(a) Governmental Charges.

(i) Payment of Governmental Charges. The Developer agrees to pay or cause to be paid when due all Governmental Charges (as defined below) which are assessed or imposed upon the Developer, the Property or the Project, or become due and payable, and which create, may create, [or appear to create -what does this mean?] a lien upon the Developer or all or any portion of the Property or the Project. "Governmental Charge" shall mean all federal, State, county, the City, or other governmental (or any instrumentality, division, agency, body, or department thereof) taxes, levies, assessments, charges, liens, claims or encumbrances (except for those assessed by foreign nations, states other than the State of Illinois, counties of the State other than Cook County, and municipalities other than the City) relating to the Developer, the Property or the Project including but not limited to real estate taxes.

(ii) Right to Contest. The Developer has the right before any delinquency occurs to contest or object in good faith to the amount or validity of any Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted in such manner as shall stay the collection of the contested Governmental Charge and prevent the imposition of a lien or the sale or forfeiture of the Property. No such contest or objection shall be deemed or construed in any way as relieving, modifying or extending the Developer's covenants to pay any such Governmental Charge at the time and in the manner provided in this Agreement unless the Developer has given prior written notice to HED of the Developer's intent to contest or object to a Governmental Charge and, unless, at HED's sole option,

(i) the Developer shall demonstrate to HED's satisfaction that legal proceedings instituted by the Developer contesting or objecting to a Governmental Charge shall conclusively operate to prevent or remove a lien against, or the sale or forfeiture of, all or any part of the Property to satisfy such Governmental Charge prior to final determination of such proceedings; and/or

(ii) the Developer shall furnish a good and sufficient bond or other security satisfactory to HED in such form and amounts as HED shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property during the pendency of such contest, adequate to pay fully any such contested Governmental Charge and all interest and penalties upon the adverse determination of such contest.

(b) Developer's Failure To Pay Or Discharge Lien. If the Developer fails to pay any Governmental Charge or to obtain discharge of the same, the Developer shall advise HED thereof in writing, at which time HED may, but shall not be obligated to, and without waiving or releasing any obligation or liability of the Developer under this Agreement, in HED's sole discretion, make such payment, or any part thereof, or obtain such discharge and take any other action with respect thereto which HED deems advisable. All sums so paid by HED, if any, and any expenses, if any, including reasonable attorneys' fees, court costs, expenses and other charges relating thereto, shall be promptly disbursed to HED by the Developer. Notwithstanding anything contained herein to the contrary, this paragraph shall not be construed to obligate the City to pay any such Governmental Charge. Additionally, if the Developer fails to pay any Governmental Charge, the City, in its sole discretion, may require the Developer to submit to the City audited Financial Statements at the Developer's own expense.

(c) Real Estate Taxes.

(i) Acknowledgment of Real Estate Taxes. The Developer agrees that (A) for the purpose of this Agreement, the minimum assessed value of the Property ("Minimum Assessed Value") is shown on Exhibit K attached hereto and incorporated herein by reference for the years noted on Exhibit K; (B) Exhibit K sets forth the specific improvements which will generate the fair market values, assessments, equalized assessed values and taxes shown thereon; and (C) the real estate taxes anticipated to be generated and derived from the respective portions of the Property and the Project for the years shown are fairly and accurately indicated in Exhibit K.

(ii) Real Estate Tax Exemption. With respect to the Property or the Project, neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer shall, during the Term of this Agreement, seek, or authorize any exemption (as such term is used and defined in the Illinois Constitution, Article IX, Section 6 (1970)) for any year that the Redevelopment Plan is in effect.

(iii) No Reduction in Real Estate Taxes. Neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer shall, during the Term of this Agreement, directly or indirectly, initiate, seek or apply for proceedings in order to lower the assessed value of all or any portion of the Property or the Project below the amount of the Minimum Assessed Value as shown in Exhibit K for the applicable year.

(iv) No Objections. Neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer, shall object to or in any way seek to interfere with, on procedural or any other grounds, the filing of any Underassessment Complaint or subsequent proceedings related thereto with the Cook County Assessor or with the Cook County Board of Appeals, by either the City or any taxpayer. The term "Underassessment Complaint" as used in this Agreement shall mean any complaint seeking to increase the assessed value of the Property up to (but not above) the Minimum Assessed Value as shown in Exhibit K.

(v) Covenants Running with the Land. The parties agree that the restrictions contained in this Section 8.19(c) are covenants running with the land and this Agreement shall be recorded by the Developer as a memorandum thereof, at the Developer's expense, with the Cook County Recorder of Deeds on the Closing Date. These restrictions shall be binding upon the Developer and its agents, representatives, lessees, successors, assigns and transferees from and after the date hereof, provided however, that the covenants shall be released when the Redevelopment Area is no longer in effect. The Developer agrees that any sale, lease, conveyance, or transfer of title to all or any portion of the Property or Redevelopment Area from and after the date hereof shall be made explicitly subject to such covenants and restrictions. Notwithstanding anything contained in this Section 8.19(c) to the contrary, the City, in its sole discretion and by its sole action, without the joinder or concurrence of the Developer, its successors or assigns, may waive and terminate the Developer's covenants and agreements set forth in this Section 8.19(c).

8.20 Occupancy. The Developer shall maintain occupancy of the Facility by a fully operational restaurant (or another use approved by the City)on an annual basis for 10 years from the date of issuance of a Certificate. The City has the right to discontinue disbursements of City Funds if the Developer fails to comply with this Section 8.20. In the first year after the issuance of a Certificate that the Developer is not in compliance with this Section 8.20, there shall be no disbursement of City Funds. In any second year after the issuance of a Certificate that the Developer is not in compliance with this Section 8.20, the City may declare the Developer in default and elect to terminate the Agreement and any subsequent anticipated disbursements of City Funds. Years in which the Developer is not in compliance with this Section 8.20 shall not count towards the 10-year compliance period required by this Section 8.20. The covenant set forth in this Section 8.20 shall run with the land and be binding upon any transferee.

8.21 [intentionally omitted]

8.22 [intentionally omitted]

8.23 Survival of Covenants. All warranties, representations, covenants and agreements of the Developer contained in this Section 8 and elsewhere in this Agreement shall be true, accurate and complete at the time of the Developer's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and (except as provided in Section 7 hereof upon the issuance of a Certificate) shall be in effect throughout the Term of the Agreement.

8.24 Annual Compliance Report. Beginning with the issuance of the Certificate and continuing throughout the Term of the Agreement, the Company and Chris shall submit to HED the Annual Compliance Report within 30 days after the end of the calendar year to which the Annual Compliance Report relates.

SECTION 9. COVENANTS/REPRESENTATIONS/WARRANTIES OF CITY

9.01 General Covenants. The City represents that it has the authority as a home rule unit of local government to execute and deliver this Agreement and to perform its obligations hereunder.

9.02 Survival of Covenants. All warranties, representations, and covenants of the City contained in this Section 9 or elsewhere in this Agreement shall be true, accurate, and complete at the time of the City's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and be in effect throughout the Term of the Agreement.

SECTION 10. DEVELOPER'S EMPLOYMENT OBLIGATIONS

10.01 Employment Opportunity. The Developer, on behalf of itself and its successors and assigns, hereby agrees, and shall contractually obligate its or their various contractors, subcontractors or any Affiliate of the Developer operating on the Property (collectively, with the Developer, the "Employers" and individually an "Employer") to agree, that for the Term of this Agreement with respect to Developer and during the period of any other party's provision of services in connection with the construction of the Project or occupation of the Property:

(a) No Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Chapter 2-160, Section 2-160-010 et seq., Municipal Code, except as otherwise provided by said ordinance and as amended from time to time

(the "Human Rights Ordinance"). Each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a non-discriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Employers, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.

(b) To the greatest extent feasible, each Employer is required to present opportunities for training and employment of low- and moderate-income residents of the City and preferably of the Redevelopment Area; and to provide that contracts for work in connection with the construction of the Project be awarded to business concerns that are located in, or owned in substantial part by persons residing in, the City and preferably in the Redevelopment Area.

(c) Each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including but not limited to the City's Human Rights Ordinance and the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. (1993), and any subsequent amendments and regulations promulgated thereto.

(d) Each Employer, in order to demonstrate compliance with the terms of this Section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.

(e) Each Employer shall include the foregoing provisions of subparagraphs (a) through (d) in every contract entered into in connection with the Project, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any Affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or Affiliate, as the case may be.

(f) Failure to comply with the employment obligations described in this Section 10.01 shall be a basis for the City to pursue remedies under the provisions of Section 15.02 hereof.

10.02 City Resident Construction Worker Employment Requirement. The Developer agrees for itself and its successors and assigns, and shall contractually obligate its General Contractor and shall cause the General Contractor to contractually obligate its subcontractors, as applicable, to agree, that during the construction of the Project they shall comply with the minimum percentage of total worker hours performed by actual residents of the City as specified in Section 2-92-330 of the Municipal Code of Chicago (at least 50 percent of the total worker hours worked by persons on the site of the Project shall be performed by actual residents of the City); provided, however, that in addition to complying with this percentage, the Developer, its General Contractor and each subcontractor shall be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions.

The Developer may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Chief Procurement Officer of the City.

"Actual residents of the City" shall mean persons domiciled within the City. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

The Developer, the General Contractor and each subcontractor shall provide for the maintenance of adequate employee residency records to show that actual Chicago residents are employed on the Project. Each Employer shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

Weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) shall be submitted to the Commissioner of HED in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the Employer hired the employee should be written in after the employee's name.

The Developer, the General Contractor and each subcontractor shall provide full access to their employment records to the Chief Procurement Officer, the Commissioner of HED, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative of any of them. The Developer, the General Contractor and each subcontractor shall maintain all relevant personnel data and records for a period of at least three (3) years after final acceptance of the work constituting the Project.

At the direction of HED, affidavits and other supporting documentation will be required of the Developer, the General Contractor and each subcontractor to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of the Developer, the General Contractor and each subcontractor to provide utilization of actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Chief Procurement Officer) shall not suffice to replace the actual, verified achievement of the requirements of this Section concerning the worker hours performed by actual Chicago residents.

When work at the Project is completed, in the event that the City has determined that the Developer has failed to ensure the fulfillment of the requirement of this Section concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Section. Therefore, in such a case of non-compliance, it is agreed that 1/20 of 1 percent (0.0005) of the aggregate hard construction costs set forth in the Project budget (the product of .0005 x such aggregate hard construction costs) (as the same shall be evidenced by approved contract value for the actual contracts) shall be surrendered by the Developer to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject the Developer, the General Contractor and/or the subcontractors to prosecution. Any retainage to cover contract performance that may become due to the Developer pursuant to Section 2-92-250 of the Municipal Code of Chicago may be withheld by the City pending the Chief Procurement Officer's determination as to whether the Developer must surrender damages as provided in this paragraph.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246 " and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Agreement or related documents.

The Developer shall cause or require the provisions of this Section 10.02 to be included in all construction contracts and subcontracts related to the Project.

10.03. MBE/WBE Commitment. The Developer agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, shall contractually obligate the General Contractor to agree that during the Project:

(a) Consistent with the findings which support, as applicable, (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420 et seq., Municipal Code of Chicago (the "Procurement Program"), and (ii) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650 et seq., Municipal Code of Chicago (the "Construction Program," and collectively with the Procurement Program, the "MBE/WBE Program"), and in reliance upon the provisions of the MBE/WBE Program to the extent contained in, [and as qualified by, the provisions of this Section 10.03, during the course of the Project, at least the following percentages of the MBE/WBE Budget (as set forth in Exhibit H-2 hereto) shall be expended for contract participation by MBEs and by WBEs:

(1) At least 24 percent by MBEs.
(2) At least four percent by WBEs.

(b) For purposes of this Section 10.03 only, the Developer (and any party to whom a contract is let by the Developer in connection with the Project) shall be deemed a "contractor" and this Agreement (and any contract let by the Developer in connection with the Project) shall be deemed a "contract" or a "construction contract" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code of Chicago, as applicable.

The General Contractor and all major subcontractors shall be required to attend this pre-construction meeting. During said meeting, the Developer shall demonstrate to the City's monitoring staff its plan to achieve its obligations under this Section 10.03, the sufficiency of which shall be approved by the City's monitoring staff. During the Project, the Developer shall submit the documentation required by this Section 10.03 to the City's monitoring staff, including the following: (i) subcontractor's activity report; (ii) contractor's certification concerning labor standards and prevailing wage requirements; (iii) contractor letter of understanding; (iv) monthly utilization report; (v) authorization for payroll agent; (vi) certified payroll; (vii) evidence that MBE/WBE contractor associations have been informed of the Project via written notice and hearings; and (viii) evidence of compliance with job creation/job retention requirements. Opinion Of Developer's Counsel.

[To Be Retyped On The Developer's Counsel's Letterhead]

_____, _____

City of Chicago
121 North LaSalle Street
Chicago, Illinois 60602

Attention: Corporation Counsel

Ladies and Gentlemen:

We have acted as counsel to Christian Pappas ("Chris") and CPMOK Properties, LLC, an Illinois limited liability company (the "Company"), in connection with the purchase of certain land and the construction of certain facilities thereon located in the Western Avenue/Rock Island Redevelopment Project Area (the "Project"). In that capacity, we have examined, among other things, the following agreements, instruments and documents of even date herewith, hereinafter referred to as the "Documents":

(a) CPMOK Properties Redevelopment Agreement (the "Agreement") of even date herewith, executed by, among others, Chris, the Company and the City of Chicago (the "City"); and

(b) all other agreements, instruments and documents executed in connection with the foregoing.

In addition to the foregoing, we have examined:

(a) the original or certified, conformed or photostatic copies of the Company's (i) Articles of Organization, as amended to date, (ii) qualifications to do business and certificates of good standing in all states in which the Company is qualified to do business, (iii) Operating Agreement, as amended to date, and (iv) records of all company proceedings relating to the Project; and

(b) such other documents, records and legal matters as we have deemed necessary or relevant for purposes of issuing the opinions hereinafter expressed.

In all such examinations, we have assumed the genuineness of all signatures (other than those of Chris and the Company), the authenticity of documents submitted to us as originals and conformity to the originals of all documents submitted to us as certified, conformed or photostatic copies.

Based on the foregoing, it is our opinion that:

1. The Company is a corporation duly organized, validly existing and in good standing under the laws of its state of organization, has full power and authority to own and lease its properties and to carry on its business as presently conducted, and is in good standing and duly qualified to do business as a foreign entity under the laws of every state in which the conduct of its affairs or the ownership of its assets requires such qualification, except for those states in which its failure to qualify to do business would not have a material adverse effect on it or its business.

2. Chris and the Company have full right, power and authority to execute and deliver the Documents to which they are parties and to perform their obligations thereunder. Such execution, delivery and performance will not conflict with, or result in a breach of, the Company's Articles of Organization or Operating Agreement or result in a breach or other violation of any of the terms, conditions or provisions of any law or regulation, order, writ, injunction or decree of any court, government or regulatory authority, or, to the best of our knowledge after diligent inquiry, any of the terms, conditions or provisions of any agreement, instrument or document to which the Company is a party or by which the Company or its properties is bound. To the best of our knowledge after diligent inquiry, such execution, delivery and performance will not constitute grounds for acceleration of the maturity of any agreement, indenture, undertaking or other instrument to which Chris or the Company is a party or by which they or any of their properties may be bound, or result in the creation or imposition of (or the obligation to create or impose) any lien, charge or encumbrance on, or security interest in, any of its property pursuant to the provisions of any of the foregoing, other than liens or security interests in favor of the lender providing Lender Financing (as defined in the Agreement).

3. The execution and delivery of each Document and the performance of the transactions contemplated thereby have been duly authorized and approved by all requisite action on the part of the Company.

4. Each of the Documents to which the Company is a party has been duly executed and delivered by a duly authorized officer of the Company, and each such Document constitutes the legal, valid and binding obligation of the Company, enforceable in accordance with its terms, except as limited by applicable bankruptcy, reorganization, insolvency or similar laws affecting the enforcement of creditors' rights generally.

5. To the best of our knowledge after diligent inquiry, no judgments are outstanding against Chris or the Company, nor is there now pending or threatened, any litigation, contested claim or governmental proceeding by or against Chris or the Company or affecting Chris or the Company or their properties, or seeking to restrain or enjoin the performance by Chris or the Company of the Agreement or the transactions contemplated by the Agreement, or contesting the validity thereof. To the best of our knowledge after diligent inquiry, neither Chris nor the Company is in default with respect to any order, writ, injunction or decree of any court, government or regulatory authority or in default in any respect under any law, order, regulation or demand of any governmental agency or instrumentality, a default under which would have a material adverse effect on Chris, the Company or its business.

6. To the best of our knowledge after diligent inquiry, there is no default by Chris or the Company or any other party under any material contract, lease, agreement, instrument or commitment to which Chris or the Company is a party or by which Chris or the Company or their properties are bound.

7. To the best of our knowledge after diligent inquiry, all of the assets of Chris and the Company are free and clear of mortgages, liens, pledges, security interests and encumbrances except for those specifically set forth in the Documents.

8. The execution, delivery and performance of the Documents by Chris and the Company have not and will not require the consent of any person or the giving of notice to, any exemption by, any registration, declaration or filing with or any taking of any other actions in respect of, any person, including without limitation any court, government or regulatory authority.

9. To the best of our knowledge after diligent inquiry, Chris and the Company own or possess or are licensed or otherwise have the right to use all licenses, permits and other governmental approvals and authorizations, operating authorities, certificates of public convenience, goods carriers permits, authorizations and other rights that are necessary for the operation of their business.

10. A federal or state court sitting in the State of Illinois and applying the choice of law provisions of the State of Illinois would enforce the choice of law contained in the Documents and apply the law of the State of Illinois to the transactions evidenced thereby.

We are attorneys admitted to practice in the State of Illinois and we express no opinion as to any laws other than federal laws of the United States of America and the laws of the State of Illinois.

This opinion is issued at Chris and the Company's request for the benefit of the City and its counsel, and may not be disclosed to or relied upon by any other person.

Very truly yours,

Tenant shall not cause or permit any lien or encumbrance, whether created by act of Tenant, operation of law or otherwise, to attach to or be placed upon Landlord's title or interest in the Premises. All liens and encumbrances created by Tenant shall attach to Tenant's interest only. In case of any such lien attaching, Tenant shall immediately pay and remove such lien or furnish security or indemnify Landlord in a manner satisfactory to Landlord in its sole discretion to protect Landlord against any defense or expense arising from such lien. Except during any period in which Tenant appeals any judgment or obtains a rehearing of any such lien, or in the event judgment is stayed, Tenant shall immediately pay any judgment rendered against Tenant, with all proper costs and charges, and shall have the lien released and any judgment satisfied. If Tenant fails to pay and remove any lien or contest such lien in accordance herewith, Landlord, at its election, may pay and satisfy same, and

all sums so paid by Landlord, with interest from the date of payment at the rate set at 12 percent per annum.

Section 7.

Insurance And Indemnification.

7.1 Insurance.

The Tenant shall procure and maintain at all times, at Tenant's own expense, during the Term of this lease, the insurance coverages and requirements specified below, insuring all operations related to the lease with insurance companies authorized to do business in the State of Illinois.

The kinds and amounts of insurance required are as follows:

a) Workers' Compensation And Employer's Liability Insurance.

Workers' Compensation and Employer's Liability Insurance and Occupational Disease Insurance, as prescribed by applicable law, covering all Landlord's employees and Employer's Liability coverage with limits of not less than $500,000 each accident or illness.

b) Commercial Liability Insurance (Primary And Umbrella).

Commercial Liability Insurance or equivalent with limits of not less than $1,000,000 per occurrence, for bodily injury, personal injury, and property damage liability. Coverage extensions shall include the following: all premises and operations, products/completed operations, defense, separation of insureds, and contractual liability (with no limitation endorsement). The City of Chicago, its employees, elected officials, agents, and representatives are to be named as additional insureds on a primary, noncontributory basis for any liability arising directly or indirectly from the lease.

c) Automobile Liability Insurance (Primary And Umbrella).

When any motor vehicles (owned, non-owned and hired) are used in connection with work to be performed, the Tenant shall provide Comprehensive Automobile Liability Insurance with limits of not less than $2,000,000 per occurrence, for bodily injury and property damage.

d) All Risk Property Insurance.

All risk property insurance coverage shall be maintained by the Tenant for full replacement value to protect against loss, damage to or destruction of property. The policy shall list the City of Chicago as loss payee.

The Tenant shall be responsible for all loss or damage to personal property (including but not limited to materials, equipment, tools and supplies), owned or rented, by the Tenant.

e) All Risk Builders Risk Insurance.

When Tenant undertakes any construction, including improvements, betterments, and/or repairs, the Tenant shall provide All Risk Builders Risk Insurance, at replacement cost, for materials, supplies, equipment, machinery and fixtures that are or will be part of the permanent facility. Coverage shall include but not limited to the following: right to partial occupancy, earth movement, flood including surface water backup and sewer backup and seepage. The City of Chicago shall be named as loss payee.

7.2 Other Terms Of Insurance.

The Tenant will furnish the City of Chicago, Department of General Services, Office of Real Estate Management, Suite 300, 30 North LaSalle Street, Chicago, Illinois 60602, original Certificates of Insurance evidencing the required coverage to be in force on the date of this lease, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the Term of this lease. The Tenant shall submit evidence on insurance prior to lease award. The receipt of any certificates does not constitute agreement by the City that the insurance requirements in the lease have been fully met or that the insurance polices indicated on the certificate are in compliance with all lease requirements.

The failure of the City to obtain certificates or other insurance evidence from Tenant shall not be deemed to be a waiver by the City. The Tenant shall advise all insurers of the lease provisions regarding insurance. Nonconforming insurance shall not relieve Tenant of its obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the lease, and the City retains the right to terminate the lease until proper evidence of insurance is provided.

The insurance shall provide for 60 days prior written notice to be given to the City in the event coverage is substantially changed, canceled, or non-renewed.

Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by Tenant.

The Tenant agrees that insurers shall waive their rights of subrogation against the City of Chicago, its employees, elected officials, agents or representatives.

The Tenant expressly understands and agrees that any coverages and limits furnished by Tenant shall in no way limit the Tenant's liabilities and responsibilities specified within the lease documents or by law.

The Tenant expressly understands and agrees that any insurance or self-insurance programs maintained by the City of Chicago shall apply in excess of and not contribute with insurance provided by the Tenant under the lease.

The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

The City of Chicago, Department of Finance, Office of Risk Management, maintains the right to modify, delete, alter or change these requirements.

7.3 Tenant's Indemnification.

Tenant shall indemnify and hold Landlord harmless against all liabilities, judgment costs, damages, and expenses which may accrue against, be charged to, or be recovered from Landlord by reason of Tenant's negligent performance of or failure to perform any of its obligations under this lease.

Section 8.

If either Landlord or Tenant exercises this option, the rent shall be apportioned as of the date of such damage or destruction and Landlord shall forthwith repay to Tenant all prepaid rent.

Section 9.

Conflict Of Interest And Governmental Ethics.

9.1 Conflict Of Interest.

No official or employee of the City of Chicago, nor any member of any board, commission or agency of the City of Chicago, shall have any financial interest (as defined in Chapter 2-156 of the Municipal Code), either direct or indirect, in the Premises; nor shall any such official, employee, or member participate in making or in any way attempt to use his or her position to influence any City governmental decision or action with respect to this lease.

Rent shall be apportioned as of the date of Tenant's vacating as the result of said termination.

From time to time, the parties hereto may amend this lease agreement with respect to any provisions reasonably related to Tenant's use of the Premises and/or Landlord's administration of said lease agreement. Provided, however, that such amendment(s) shall not serve to extend the lease Term hereof nor serve to otherwise materially alter the essential provisions contained herein. Section 13.

Tenant Disclosures And Representations.

13.1 Business Relationships.

Tenant acknowledges (A) receipt of a copy of Section 2-156-030(b) of the Municipal Code of Chicago, (B) that it has read such provision and understands that pursuant to such

Section 2-156-030(b) it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected City official or employee has a "Business Relationship" (as defined in Section 2-156-080 of the Municipal Code of Chicago), or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship, and (C) notwithstanding anything to the contrary contained in this agreement, that a violation of Section 2-156-030(b) by an elected official, or any person acting at the direction of such official, with respect to any transaction contemplated by this agreement shall be grounds for termination of this agreement and the transactions contemplated hereby. Tenant hereby represents and warrants that no violation of Section 2-156-030(b) has occurred with respect to this lease agreement or the transactions contemplated hereby.

13.2 Patriot Act Certification.

Tenant represents and warrants that neither Tenant nor any Affiliate thereof (as defined in the next paragraph) is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment, the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List.

As used in the above paragraph, an "Affiliate" shall be deemed to be a person or entity related to Tenant that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with Tenant, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

13.3 Prohibition On Certain Contributions -- Mayoral Executive Order Number 2011-4.

Tenant agrees that Tenant, any person or entity who directly or indirectly has an ownership or beneficial interest in Tenant of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, Tenant's contractors (i.e., any person or entity in direct contractual privity with Tenant regarding the subject matter of this agreement) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Subowners") and spouses and domestic partners of such Subowners (Tenant and all the other preceding classes of persons and entities are together, the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fund-raising committee (i) after execution of this

agreement by Tenant, (ii) while this agreement or any Other Contract is executory, (iii) during the Term of this agreement or any Other Contract between Tenant and the City, or (iv) during any period while an extension of this agreement or any Other Contract is being sought or negotiated. This provision shall not apply to contributions made prior to May 16, 2011, the effective date of Executive Order Number 2011-4.

Tenant represents and warrants that from the date the City approached the Tenant or the date Tenant approached the City, as applicable, regarding the formulation of this agreement, no Identified Parties have made a contribution of any amount to the Mayor or to his political fund-raising committee.

Tenant agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fund-raising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fund-raising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fund-raising committee.

Tenant agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order Number 2011-4 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order Number 2011-4.

Notwithstanding anything to the contrary contained herein, Tenant agrees that a violation of, noncompliance with, misrepresentation with respect to, or breach of any covenant or warranty under this provision or violation of Mayoral Executive Order Number 2011-4 constitutes a breach and default under this agreement, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this agreement, under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Tenant intentionally violates this provision or Mayoral Executive Order Number 2011-4 prior to the closing of this agreement, the City may elect to decline to close the transaction contemplated by this agreement.

For purposes of this provision:

"Bundle" means to collect contributions from more than one source which are then delivered by one person to the Mayor or to his political fund-raising committee.

"Other Contract" means any other agreement with the City of Chicago to which Tenant is a party that is (i) formed under the authority of Chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council of the City of Chicago.

"Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

Individuals are "Domestic Partners" if they satisfy the following criteria:

(A) they are each other's sole domestic partner, responsible for each other's common welfare; and

(B) neither party is married; and

(C) the partners are not related by blood closer than would bar marriage in the State of Illinois; and

(D) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and

(E) two of the following four conditions exist for the partners:

1. The partners have been residing together for at least 12 months.

2. The partners have common or joint ownership of a residence.

3. The partners have at least two of the following arrangements:

   a. joint ownership of a motor vehicle;

   b. a joint credit account;

   c. a joint checking account;

   d. a lease for a residence identifying both domestic partners as tenants.

4. Each partner identifies the other partner as a primary beneficiary in a will.

"Political fund-raising committee" means a "political fund-raising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

13.4 Waste Ordinance Provisions.

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Tenant warrants and represents that it, and to the best of its knowledge, its contractors and subcontractors, have not violated and are not in violation of any provisions of Section 7-28 or Section 11-4 of the Municipal Code (the "Waste Sections"). During the period while this

agreement is executory, Tenant's, any general contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this agreement, constitutes a breach of and an event of default under this agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Chief Procurement Officer. Such breach and default entitles the City to all remedies under the agreement, at law or in equity. This section does not limit Tenant's, general contractor's and its subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this agreement. Noncompliance with these terms and conditions may be used by the City as grounds for the termination of this agreement, and may further affect the Tenant's eligibility for future contract awards.

13.5 Failure To Maintain Eligibility To Do Business With City.

Failure by Tenant or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code of Chicago shall be grounds for termination of this agreement and the transactions contemplated thereby. Tenant shall at all times comply with Section 2-154-020 of the Municipal Code of Chicago.

13.6 Cooperation With Inspector General And Office Of Compliance.

In accordance with Chapter 2-26-110, et seq. of the Municipal Code, the Tenant acknowledges that every officer, employee, department and agency of the City shall be obligated to cooperate with the Office of the Inspector General and the Executive Director of the Office of Compliance in connection with any activities undertaken by such office with respect to this lease, including, without limitation, making available to the inspector General and the Office of Compliance the department's premises, equipment, personnel, books, records and papers. The Tenant agrees to abide by the provisions of Chapter 2-26-110, et seq.

On behalf of the City, DCASE may donate the amount of one percent (1%) of the total ticket sales, less service charge revenues and sales tax, generated from Taste of Chicago for the relief of malnutrition to not-for-profit organizations and/or for job training in the culinary arts industry in the City as directed by the Commissioner in consultation with the Commissioner of the Department of Family and Support Services (the "DFSS Commissioner").

SECTION 8. The Commissioner is authorized to charge festival and event organizers for costs incurred by the City in connection with a Special Event, as such term is defined in Section 10-8-335(a)(1) of the Municipal Code of Chicago, or a Parade or Athletic Event, as such terms are defined in Section 10-8-330(a), or such other events for which the City provides special services of the type described in Section 10-8-335(a)(1)(B). The Commissioner is authorized to promulgate such rules and regulations, subject to the approval of the Corporation Counsel, as he or she determines are necessary or desirable for the implementation of this section by posting these at the DCASE main offices. The Commissioner is authorized to collect payments from festival and event organizers for such costs for deposit in Fund Number 355. The funds collected by the City pursuant to this section will be used only to reimburse various funds described in the 2012 Annual Appropriation Ordinance for the costs referenced above.

SECTION 9. DCASE is authorized from time to time to sell at auction or otherwise any excess quantities of events and sports banners, posters and related memorabilia. Any

balance remaining after applying the proceeds to the costs of the sales may be used to donate to not-for-profit organizations devoted to the relief of malnutrition in the City designated by the Commissioner in consultation with the DFSS Commissioner and to purchase holiday gifts and provide holiday entertainment for needy Chicago children.

Public advertisements must consist of publishing an advertisement either in a newspaper of general circulation or on the City of Chicago website. When evaluating responses to a solicitation, the Commissioner will consider such facts as the firms' cost proposals, compliance with the requirements of the solicitation, qualifications to perform or provide the required service, experience in performing or providing the service, ability to exercise flexibility to meet the City's needs, ability to address issues relating to health, safety and sanitation, and other factors the Commissioner deems important for the successful operation of the Events. Agreements entered into under this section shall provide the City the right to terminate such agreements early, and may permit the extension of such agreements up to a maximum of two (2) years under terms and conditions consistent with the terms of the publicly advertised solicitation.

SECTION 11. (a) The Commissioner is authorized, after evaluation of qualifications and proposals submitted in response to a publicly advertised solicitation or otherwise publicly disseminated solicitation, such as the mailing of applications to qualified entities or posting on the City of Chicago website, as determined in the Commissioner's discretion, to enter into and execute agreements for one (1) year with food and beverage vendors. When evaluating responses to a solicitation, the Commissioner will consider such facts as the firm's cost proposals, compliance with the requirements of the solicitation, qualifications to perform or provide the required service, experience in performing or providing the service, ability to exercise flexibility to meet the City's needs, ability to address issues relating to health, safety and sanitation, and other factors the Commissioner deems important for the successful operation of the Events. All agreements entered into under this section shall provide the City the right to terminate such agreements early, and shall contain such terms and conditions as the Commissioner deems appropriate. Such terms may also require food and beverage vendors to tender security deposits or allow the Commissioner to collect liquidated damages to ensure compliance with rules and regulations that she may promulgate pertaining to food and beverage vendors.

(b) The Commissioner is authorized to enter into and execute agreements with (i) such persons (as that term is defined in Municipal Code Section 1-4-090) whom the Commissioner reasonably deems to be Renowned Food and Beverage Vendors (as defined below), (ii) persons who prepare and sell items at an Event based upon the recipes of and with the express written permission of a Renowned Food and Beverage Vendor, and (iii) food service

In those sponsorship agreements entered into directly with a sponsor, in which the sponsor's participation in the Event is limited solely to providing money to the City, and where the sponsor is only represented at the Event site by signage or where the sponsor is a governmental entity, the Commissioner may elect not to require the sponsor to indemnify the City. All sponsorship agreements shall provide the City the right to terminate such agreements early.

SECTION 16. The Commissioner is authorized to enter into and execute short term lease agreements with persons that are the lessors of the sites at which the Events may be held

The following is said ordinance as passed:

WHEREAS, The City of Chicago (the "City") is a home rule unit of government under Article VII, Section 6(a) of the Constitution of the State of Illinois and, as such, may exercise any power and perform any function pertaining to its government and affairs; and

WHEREAS, The City is authorized under its home rule powers to regulate the use and development of land; and

WHEREAS, It is a reasonable condition of development approval to ensure that adequate open space and recreational facilities exist within the City; and

WHEREAS, On April 1, 1998, the City Council adopted the Open Space Impact Fee Ordinance codified at Chapter 18 of Title 16 (the "Open Space Ordinance") of the Municipal Code of Chicago (the "Code") to address the need for additional public space and recreational facilities for the benefit of the residents of newly created residential developments in the City; and

WHEREAS, The Open Space Ordinance authorizes, among other things, the collection of fees from residential developments that create new dwelling units without contributing a proportionate share of open space and recreational facilities for the benefit of their residents as part of the overall development (the "Fee-Paying Developments"); and

WHEREAS, Pursuant to the Open Space Ordinance, the Department of Revenue ("DOR") has collected fees derived from the Fee-Paying Developments (the "Open Space Fees") and has deposited those fees in separate funds, each fund corresponding to the Community Area (as defined in the Open Space Ordinance), in which each of the Fee-Paying Developments is located and from which the Open Space Fees were collected; and

WHEREAS, The Open Space Ordinance requires that the Open Space Fees be used for open space acquisition or capital improvements, or both, which provide a direct and material benefit to the new development from which the fees are collected; and

WHEREAS, The Open Space Ordinance requires that the Open Space Fees be expended within the same or a contiguous Community Area from which they were collected after a legislative finding by the City Council that the expenditure of the Open Space Fees will directly and materially benefit the developments from which the Open Space Fees were collected; and

WHEREAS, The Department of Housing and Economic Development ("DHED") has determined that the certain Fee-Paying Developments built in the Community Area have deepened the already significant deficit of open space in that Community Area, which deficit was documented in the comprehensive plan entitled "The CitySpace Plan", adopted by the Chicago Plan Commission on September 11,1997 and adopted by the City Council on May 20, 1998; and

WHEREAS, NeighborSpace, an Illinois not-for-profit corporation ("NeighborSpace"), was created as a collaboration among the City, the Chicago Park District and the Forest Preserve District of Cook County, for the purposes of owning, leasing, managing, or holding easements to typically small, open spaces in the City for development and maintenance by neighborhood community and business groups since such open space projects can be more efficiently managed by local groups than by governmental agencies; and

WHEREAS, NeighborSpace has proposed the implementation of a project to create open spaces and recreational facilities as more fully described on Exhibit A (the "Project") for the benefit of the residents of the corresponding Community Area; and

WHEREAS, DHED wishes to make available to NeighborSpace proceeds from the Open Space Fees collected by DOR in the amount described on Exhibit A (the "Grant") for the purpose of partially funding the Project; and

WHEREAS, NeighborSpace has agreed to use the Grant to pay for acquisition costs or capital improvements, or both, relating to the Project subject to the terms and conditions specified in the grant agreement attached hereto as Exhibit B (the "Grant Agreement"); and

WHEREAS, DHED has determined that the use of the Open Space Fees to assist the Project will provide a direct and material benefit to each of the Fee-Paying Developments from which the Open Space Fees were collected in that the Open Space Fees used for the Project will come from the specific fund set up by DOR for the corresponding Community Area in which a Fee-Paying Development is located and from which the Open Space Fees were collected; and

WHEREAS, DHED has recommended that the City Council approve the use of the Open Space Fees for the Project; and

WHEREAS, DHED has recommended that the City Council make a finding that the expenditure of the Open Space Fees as described herein will directly and materially benefit the Fee-Paying Developments from which the Open Space Fees were collected; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are expressly incorporated in and made part of this ordinance as though fully set forth herein.

SECTION 2. The City Council hereby finds that the expenditure of the Open Space Fees as proposed on Exhibit A will directly and materially benefit the residents of those Fee-Paying Developments from which the Open Space Fees were collected and approves the use of the Open Space Fees for the Project.

SECTION 3. The Commissioner of DHED (the "Commissioner") and a designee of the Commissioner are each hereby authorized, subject to the approval of the Corporation Counsel, to enter into a Grant Agreement with NeighborSpace in connection with the Project, in substantially the form attached hereto as Exhibit B and to provide Open Space Fees proceeds to NeighborSpace in the amount listed on Exhibit A from the corresponding fund to pay for expenses permitted under the Open Space Ordinance.

SECTION 4. To the extent that any ordinance, resolution, rule, order or provision of the Code, or part thereof, is in conflict with the provisions of this ordinance, the provisions of this ordinance shall control. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any other provisions of this ordinance.

SECTION 5. This ordinance shall be in full force and effect from and after the date of its passage.

Whereas, On _____, the City Council of the City adopted an ordinance published in the *Journal of the Proceedings of the City Council of the City of Chicago* for said date at pages _____ to _____, finding, among other things, that the Project would provide a direct and material benefit to the residents of the new developments originating the Open Space Fees and authorizing the Grant subject to certain terms and conditions (the "Authorizing Ordinance"); and

Whereas, Under the terms and conditions hereof, the City agrees to make the Grant available to NeighborSpace; and

Whereas, The City and NeighborSpace have among their powers and authority to contract with each other to perform the undertakings described herein;

Now, Therefore, In consideration of the mutual covenants and agreements contained herein, the above recitals which are made a contractual part of this Agreement, and other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the City and NeighborSpace agree as follows:

Section 1.

The Grant.

1.1

Subject to the provisions set forth in this Agreement, the City will disburse the Grant to pay or reimburse NeighborSpace for all or part of the cost of completing the Project after the City

has reviewed and approved a budget for the Project, in such detail and with such supporting documentation as the City may require.

1.2

NeighborSpace hereby acknowledges and agrees that the Grant must be used exclusively for the Project. If the Grant should exceed the costs of the Project, NeighborSpace must repay any such excess Grant funds to the City.

If no funds or insufficient funds are appropriated and budgeted in any fiscal period of the City for disbursements of the Grant, then the City will notify NeighborSpace in writing of that occurrence, and this Agreement will terminate on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for disbursement under this Agreement are exhausted.

Section 2.

pertain to or affect the Project, NeighborSpace, or the Grant. Upon the City's request, NeighborSpace will provide evidence of such compliance satisfactory to the City.

2.3

NeighborSpace agrees that provisions required to be inserted in this Agreement by laws, ordinances, rules, regulations or executive orders are deemed inserted whether or not they appear in this Agreement and that in no event will the failure to insert such provisions prevent the enforcement of this Agreement.

2.4

NeighborSpace has full power and authority to enter into and perform its obligations under this Agreement, and the signing and delivery of this Agreement and the performance of its obligations under this Agreement have been duly authorized by all requisite corporate action.

2.5

2.8

If the Grant, or a portion thereof, is used for construction, NeighborSpace and all its contractors and subcontractors shall meet labor standards and prevailing wage standards required by federal, state and City laws, regulations and ordinances.

2.9

NeighborSpace shall maintain and keep in force, at its sole cost and expense, at all times during its existence, insurance in such amounts and of such type as set forth in Section 4.

2.10

NeighborSpace shall at all times perform its work in fulfilling it's corporate mission with the utmost care, skill and diligence in accordance with the applicable standards currently recognized in the community.

2.11

NeighborSpace is an Illinois not-for-profit corporation exempt from federal income taxation pursuant to Section 501(c)(3) of the Internal Revenue Code of 1986; and has provided the City a copy of the Internal Revenue Service Determination Letter evidencing such exemption. NeighborSpace shall at all times maintain such tax-exempt status.

2.12

NeighborSpace shall comply with all policies issued by the City relating to Illinois not-for-profit corporations and federal tax-exempt entities, as such policies may be modified, amended or supplemented from time to time.

2.13

NeighborSpace shall maintain title [control] to [of] the Property for no less than 50 years and shall operate it, or cause it to be operated, as a public park for such term.

The City makes no covenant, representation or warranty as to the environmental condition of the Property or the suitability of the Property as a public park or for any use whatsoever.

3.2

NeighborSpace shall be solely responsible for the safety and protection of the public. The City reserves the right to inspect the work being done on the Property. NeighborSpace agrees to restore the Property to its original condition in the event that the Property is not conveyed to NeighborSpace. NeighborSpace agrees to keep the Property free from all liens and encumbrances arising out of any work performed, materials supplied or obligations incurred by or for NeighborSpace.

3.3

Prior to inspecting the Property, NeighborSpace or its contractors must obtain insurance in accordance with Section 4 below, all necessary permits and, if applicable, a right of entry.

Section 4.

The receipt of any certificate does not constitute agreement by the City that the insurance requirements in this Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all the requirements of this Agreement. The failure of the City to obtain certificates or other insurance evidence shall not be deemed to be a waiver by the City.

4.3

(f) Traffic management and mitigation:

(1) Traffic Management Plan.

The Applicant shall be responsible for continuing implementation of certain operational controls over parking and traffic activity associated with the Planned Development. These operational controls shall be as set forth in the Traffic Management Plan ("TMP") which shall be deemed an integral part of this Planned Development. The Applicant's compliance with the TMP shall be a requirement of Institutional Planned Development Number 3, as amended (1962, 1975, 1993, 2001, 2008, 2011). The Applicant specifically agrees to review and update the TMP and submit same for review by CDOT and OEMC prior to issuance of Part II approval for the superstructure of the CMH hospital, and to finalize the TMP within six months of submission of the draft subject to approval by DPD, CDOT and OEMC. The amended TMP shall describe any new, existing or modified measures that the Applicant shall implement to exercise management and operational control over parking and traffic activity, including but not limited to:

a. private shuttle services;

b. coordination with public transit agencies concerning campus service and promotion of public transit alternatives;

c. parking operational policies to promote efficient traffic flows within the Planned Development;

d. promotion of facilities to actively encourage bicycle usage;

e. off-street loading operational policies, including restrictions on deliveries during certain hours;

f. active transportation management activities and usage of Traffic Control Aides;

g. statements of traffic-related planning principles that the Institutions commit to following in the redevelopment of institutionally-controlled properties within the Planned Development; and

h. valet parking service operational policies. In order to assure the effectiveness of the TMP, prior to March 31st of each year following occupancy of the CMH hospital within Subarea C by inpatients (the "CMH Occupancy Date"), the Applicant shall submit to the Commissioner of CDOT and the Executive Director of OEMC (with a copy to the Commissioner of DHED) a report describing the past year's traffic and parking activity and assessing the effectiveness of the various provisions of the TMP, and any recommended modifications thereto.

(2) Traffic Control Aides.

OEMC has determined that the posting of Traffic Management Authority Control Aides("Aides") would help traffic operations at key intersections within and adjacent to the planned development during the AM and PM peak hours and allow for strict enforcement of both curbside regulations and parking restrictions. Accordingly, the Applicant agrees, during the period of construction of the CMH hospital, to compensate the City, at the generally applicable part-time Aide rate, for the cost of six Aides posted within or adjacent to IPD3 as determined necessary by OEMC. The Applicant further agrees, from the date that the CMH hospital is occupied, to compensate the City for the cost of 12 Aides posted within or adjacent to the Planned Development as determined necessary by OEMC. The compensation will be based on actual Aide assignment to intersections or streets (if a roving Aide) within or adjacent to the planned development.

The payment structure by which the Applicant compensates the City will be determined by the Office of Budget and Management and OEMC. At a minimum, the Applicant agrees to enter into a Grant-based Intergovernmental Agreement ("IGA") with OEMC to provide the payment for the Aides. The first payment will be made prior to issuance of the first building permit for the CMH hospital and will be pro-rated for the remaining number of months in that year. On January 1st of the following year, the Applicant will provide the next payment, and each January 1st thereafter. The IGA will be reviewed annually to determine if the grant amount needs

to be modified based on changes in wages or staffing. The Applicant may request the City's approval of changes to this statement, including specifically the number of Aides and the amount of the Applicant's payment obligation based on evidence of changed circumstances. Such evidence shall include, as appropriate, traffic analyses and other technical data. The City agrees at a minimum, based on Applicant-supplied traffic analyses, OEMC/CDOT data and analyses and other evidence, to review the appropriateness of the Applicant's Aide payment obligation on the earlier to occur of (1) the date of the next requested comprehensive amendment of this Planned Development; or (2) the two-year anniversary of the CMH Occupancy Date.

(3) Pedestrian Countdown Signal.

The Applicant has reimbursed the City for the cost to retrofit existing traffic signals with up to 44 pedestrian countdown signals at the following locations:

- Lake Shore Drive -- Chicago (2 each)
- Chicago -- Fairbanks (4 each)
- Mies Van Der Rohe -- Chicago (6 each)
- Huron -- St. Clair (8 each)
- Huron -- Fairbanks (8 each)
- Erie -- Fairbanks (8 each)
- Ontario -- Fairbanks (8 each)

The City has completed the retrofitting of the pedestrian countdown signals.

The Applicant will reimburse the City for the cost to retrofit the existing traffic signals at the intersection of East Ontario Street and North St. Clair Street with up to eight pedestrian countdown signals. The City will use reasonable efforts to complete the retrofitting of the pedestrian countdown signals at this intersection prior to the issuance of the Certificate of Occupancy for the OCP Project.

(4) Additional Traffic And Street Improvements.

(A) McClurg Court:

The Applicant has completed to the satisfaction of CDOT and OEMC a traffic engineering study of the conversion of McClurg Court between Ohio and Ontario from one-way northbound to either one-way southbound or two-way. The study assessed the traffic impacts and benefits of each alternate and included assessments of intersection operations in the area bounded by McClurg, Ontario, Fairbanks, and Illinois. The Applicant will provide a preliminary plan of the preferred alternative should such an alternative be determined by the City.

The Applicant shall compensate the City for all costs associated with the conversion of the direction of McClurg Court within its existing right-of-way, including design, traffic signal modifications, signage, pavement markings and movement, if any, of parking meters. The City will use reasonable efforts to complete the work at such time prior to the CMH Occupancy Date as mutually agreed by the Applicant and the City.

(B) Restriping Of Chicago Avenue And Superior Street:

The Applicant will implement pavement marking and signage changes in substantial conformance with the restriping plans for Chicago Avenue between Fairbanks and Lake Shore Drive as shown in a conceptual sketch previously submitted to CDOT and OEMC and attached to this planned development and for Superior Street between St. Clair and Fairbanks as shown in the CMH Site Plan no later than the CMH Occupancy Date. Prior to doing this work, the Applicant will submit permit applications with more detailed drawings as required by CDOT and OEMC.

(C) Chicago -- Fairbanks Curb Radius:

The Applicant has widened the southwest corner curb radius of the Chicago and Fairbanks intersection, including relocation or modification of traffic signal poles.

(D) Valet Parking And Car Retrieval:

If a valet parking option is offered at the CMH hospital within Subarea C, such option may only be available for emergencies and

to persons with disabilities. The Applicant agrees that in such operation, vehicles must be dropped off at the front entry to CMH in the planned internal driveway and must be retrieved by the CMH patron/visitor within the Huron-Superior garage.

(E) Traffic Signal Warrant Study:

The Applicant shall compensate the City for all costs associated with a study to be performed by OEMC one year after the CMH Occupancy Date to determine whether traffic signals are warranted at the intersection of Superior Street and St. Clair Street and at the intersection of Superior Street with the CMH and Prentice Hospitals exit drive and the entrance/exit of the Superior Parking Garage. If the OEMC study determines that traffic signals are warranted at the intersection of Superior Street and St. Clair Street, the City will use reasonable efforts to install traffic signals at said intersection and the Applicant shall compensate the City for all costs associated with the design and improvement of the intersection with traffic signals. If the OEMC study determines that traffic signals are warranted at the intersection of Superior Street with the CMH and Prentice Hospitals exit drive and the entrance/exit of the Superior Parking Garage, the Applicant will, at its sole cost, provide detailed engineering drawings, secure all necessary permits, and complete all work associated with the improvement of the intersection with traffic signals, including but not limited to, striping, signage and accessible pedestrian crosswalk and ramps within one year of the City's determination that the signals are warranted. Future traffic signals and signage within the Planned Development will be considered during review of future applications for site plan review and amendments to the planned development.

(F) Chicago -- Mies Intersection:

The Applicant will provide fully complete and detailed engineering drawings and a permit application for traffic signal, pavement marking and signage changes at the intersection of Chicago Avenue and Mies Van Der Rohe Way, including the entrance driveway to Children's Memorial Hospital -- Prentice Women's Hospital, and will complete the work prior to the CMH Occupancy Date. The design of the intersection shall conform substantially to that shown on the CMH Site Plan incorporated herein.

(g) Modal split/transit outreach report: As of the date hereof, the Applicant has submitted to the City a report describing the means of transportation used by

patrons to reach the Applicant's facilities within the Planned Development and, specifically, what percentage of patrons (identified by patron type -- e.g., students, professional employees, staff, visitors -- and transportation means -- e.g., public transit, private shuttles, taxicabs, et cetera) reach such facilities by means other than private, single-occupied passenger vehicles. Such report also identified efforts undertaken by the Applicant, including, but not limited to, promoting of the availability of campus shuttles and trolleys to employees and visitors, incentives offered to employees for public transit usage and outreach efforts -- including informational postings -- to encourage such patrons to reach the Applicant's facilities by means other than private, single-occupied passenger vehicles. Such report shall be updated by the Applicant every three (3) years and may be conducted using generally accepted statistical sampling techniques. The Applicant shall use its good faith efforts to require that owners of property within the planned development other than Applicant participate with the Applicant in the production of the report described herein.

(h) Heliport: In addition to the uses specified in Statement 6 for Subarea C, the roof of the CMH hospital may be used for an emergency medical helicopter heliport (the "Landing Pad") to receive pediatric patients and organs (organs only when the CMH patient is in a critical life-threatening condition) being transported under the following conditions:

(1) Helicopter transports will be used only for medical and surgical emergencies in cases where there is notification of a primary need for pediatric treatment of CMH patients. Any change to the use set forth in this sub-part must be approved by means of an amendment to the planned development.

(2) Helicopter transports to or from CMH will be made only during the following circumstances:

(A) when patients require immediate transport for surgery or medical care in an intensive care unit;

(B) when the patient meets the medical criteria stated above and when travel distance is more than 40 miles away; or less than 40 miles away, but ground traffic or weather conditions would delay the transport and threaten the life of the patient.

(3) The decision to transfer a patient to CMH by air or ambulance will strictly remain a decision between the referring physician, the CMH Transport Team and their Medical Control.

(4) CMH will not own or operate a helicopter transport business and will not base, store, fuel or service (except in the case of a mechanical emergency) a helicopter at its Landing Pad.

(5) CMH follows the operational criteria for its use of the Landing Pad set forth in the attached Heliport Safety Plan.

(6) The Landing Pad meets the design requirements set forth in the attached Heliport Safety Plan.

(7) CMH establishes and maintains a Heliport Review Committee consistent with the attached Heliport Review Committee guidelines.

(8) CMH will submit all required documentation to the State of Illinois Department of Transportation Division of Aeronautics in order for that agency to review and, if the appropriate regulations are met, to issue the appropriate permit for utilization of this heliport.

(i) The Applicant shall provide by the earlier of (a) the CMH Occupancy Date; or (b) December 31, 2012 (the "Parking Expansion Date"), subject to delays caused by acts of nature, labor disturbances or other causes outside of the reasonable control of the institutions, additional off-street accessory parking capacity of not less than 1,100 spaces of which not less than 800 spaces will be spaces in a newly constructed parking facility within the Campus Area (the New Parking Facility") and the balance of which may be provided by securing off-street parking rights (collectively, the "2012 Parking Commitment") potentially in the form of a long-term lease. It is acknowledged that the provision of this additional peak parking supply is in the public interest and appropriate for development within the Campus Area. The Campus Area is that area bounded by Chicago Avenue, Lake Shore Drive, Illinois Street and Michigan Avenue.

The extent to which the number of parking spaces provided in the New Parking Facility is less than 1,100 shall be described as the "Additional Spaces". The Additional Spaces shall, to the extent located in whole or in part within the area bounded by Ontario Street on the south, Lake Shore Drive on the east, Chicago Avenue on the north and Michigan Avenue on the west (the "Existing Facility Exclusion Area"), be located only in a newly constructed parking facility or facilities. Additional Spaces may be located in parking facilities existing as of the date of approval of the 2008 planned development amendment outside the Existing Facility Exclusion Area if the Applicant can reasonably demonstrate to the Commissioner of DHED that such parking spaces proposed to be used to accommodate the Additional Spaces are vacant. Any such Additional Spaces will only be occupied by parties associated with the institutions located within the Planned Development other than patients or visitors of patients.

In furtherance of the 2012 Parking Commitment, the Applicant agrees to comply with the following milestones concerning the New Parking Facility and Additional Spaces: (i) provision of written notice to the Commissioner of the Department of Planning & Development and CDOT not later than March 31, 2009 identifying

the specific sites on which the New Parking Facility will be built and where the Additional Spaces, if any, will be located, including the provision of a letter of intent or actual lease agreement that long-term rights to the Additional Spaces are feasible; (ii) submission to the City of appropriate land use approval applications (in the form of a new Planned Development application, amendment to this Planned Development or Site Plan Approval) concerning the New Parking Facility not later than June 30, 2009; and (iii) submission of an application to the Department of Construction and Permits for a building permit for the New Parking Facility not later than January 1, 2010, subject to prior receipt from the City of required land use approvals.

(j) Fairbanks Court elevation of Erie-Ontario Parking Structure: It is hereby acknowledged that the Applicant has proposed the construction of an addition to the Erie-Ontario parking structure which is to be naturally ventilated and that there shall be no requirement in this planned development that would require the Applicant to provide ventilation other than that naturally occurring. The Applicant has agreed to fully glaze the openings in the Fairbanks Court (West) Elevation of the parking structure addition. Should the proposal for full glazing of such West Elevation fail to meet the requirements of the City of Chicago for continued natural ventilation of the parking structure addition, the Applicant shall be permitted to substitute for a portion (or all of) the glazing grills, open air screening panels or other architectural elements to avoid mechanical ventilation requirements. The amount of glazing to be eliminated under such circumstances shall be the minimum necessary to provide for continued natural ventilation of the parking structure. Prior to making such substitution, the Applicant shall submit a proposed revised West Elevation to DHED for its review and approval, such approval not to be unreasonably withheld.

13. Future improvements within this planned development to which statement 15 applies shall be designed, constructed and maintained in general conformance with the design standards set forth as follows:

(a) Building Character And Scale. Buildings will be designed so that they are compatible with the existing Northwestern Campus buildings. Scale, massing, articulation, setbacks, materials, color, texture, lighting, fenestration and other architectural devices will be used to avoid a monotonous and blank appearance. Each building's mass will be designed in such a way as to distinguish its uses and constituents. Exterior walls visible from any public way shall be designed and constructed to avoid a monotonous and blank appearance through the use of texture and detail on windows, openings, projections, recesses, offsets or other architectural devices. Special attention shall be given to achieve an interesting building design at the pedestrian level through landscape elements, articulation of surface forms and texture, expression of the structural rhythm and architectural detail. Further, to the extent active uses within the building are located toward the periphery, where appropriate, windows and entrances are encouraged at grade level along the public way. Further, established circulation

and public space patterns at street level shall be respected and architectural datums such as cornices, fenestration and setbacks that are present in the immediate vicinity shall be recognized in the design of the building.

(b) Roof Tops. Each building crown shall be distinctive and designed to integrate fully and screen all mechanical systems customarily placed on rooftops within an architectural enclosure. Mechanical equipment will be concealed or integrated into the architectural design.

(c) Horizontal Projections. Horizontal projections (such as balconies, loggias or terraces) shall be permitted within required building setbacks Canopies, awnings, cornices and similar projections shall be allowed provided they do not in any way obstruct the public way.

(d) Pedestrian Overpasses And Tunnels. Pedestrian overpasses shall be designed to be as transparent and unobtrusive as possible and shall be compatible with the architectural style, color and materials of the existing Northwestern campus.

(e) Lighting. Base level lighting shall address a variety of functions. More intense, but directed, lighting shall be provided at public entries, drop-offs, pedestrian ways, et cetera, for clarity and security purposes. Base-level facade and landscape lighting will be softer in nature. The use of lighting to highlight architectural features is encouraged; however, lighting shall not beam directly into windows of other buildings.

(f) Paving. Decorative paving patterns and materials are encouraged. However, paving materials shall be compatible with existing paving materials within the Northwestern Campus. All paving design shall comply with requirements for accessibility by disabled persons.

(g) Street Furniture. Light standards, sidewalks, curbing and flagpoles proposed within public spaces shall be compatible with the Northwestern Campus standard.

(h) Circulation. Buildings and uses shall be provided with vehicular and pedestrian access to a public roadway. Private roadway vehicular circulation and private pedestrian circulation routes, if any, and the location and design of any curb-cuts at public streets shall be designed and constructed to promote a safe, efficient, appropriate and beneficial design.

(i) Private Roadways. A private roadway shall mean any private drive or way located on private property which is designed and intended for use as vehicular access to uses located therein. Private roadways shall be designed and paved in compliance with the Municipal Code of Chicago to provide ingress and egress for motor vehicles, including emergency vehicles. Fire lanes, if required within the private roadways, shall be designed arid paved to provide access and egress for emergency vehicles. No parking except for loading and unloading

of pedestrians shall be permitted within such fire lanes. All private roadways shall be reasonably accessible to private pedestrian use but need not be made available to the general public. Any private roadways shall be designed and configured to provide direct and coherent pathways to public streets.

(j) Curb Cuts. Private roadways, driveways, entrances to off-street parking and to loading docks, and all other facilities requiring curb cuts shall be located to minimize conflicts with on-street traffic and with pedestrian circulation. All such curb-cuts shall be constructed in accordance with the standards of the City of Chicago. No curb cut shall be located within ten (10) feet of any other curb cut No automobile entrances shall be permitted on St. Clair Street.

14. Notwithstanding anything to the contrary contained in Section 17-13-0611 of the Chicago Zoning Ordinance, the terms, conditions and exhibits of this planned development may be modified administratively by the Commissioner of DHED upon the request of the Applicant and after a determination by the Commissioner that such a modification is minor, appropriate and consistent with the nature of the development of the Property contemplated herein. Any such modification shall be deemed a minor change in the planned development as contemplated by Section 17-13-0611 of the Chicago Zoning Ordinance.

15. Prior to issuance by DHED of a determination pursuant to Section 17-13-0610 of the Chicago Zoning Ordinance ("Part II approval") for any future development within this planned development, except as described in the following paragraph and except for alterations to existing buildings which do not increase their height or alter their footprints, a site plan for the proposed development shall be submitted to the Commissioner of DHED for approval. Site plan approval is intended to assure that specific development proposals conform with this Institutional Planned Development Number 3, as amended (1962, 1975, 1993, 2001, 2008, 2011), and to assist the City in monitoring ongoing development. Such site plan need only include the area proposed for development or redevelopment, and immediately adjacent public rights-of-way, for which approval is being sought by the Applicant. Except as described herein, no Part II approval shall be granted until an applicable site plan has been approved.

The provisions of this statement 15 shall not apply to: (i) any structures for which building permits have been issued as of the date of passage of the 2001 amendment of this planned development; and (ii) the development or redevelopment of any unbuilt structure for which an application for Part II approval has been submitted, including a site plan for all phases of a multi-phased project, and which is still pending, or for which a building permit has not yet been issued, as of the date of passage of the 2001 amendment of the planned development. In the case of a Part II submittal that is pending which seeks a building permit for the first of a multi-phased project, an exclusion from the requirements of this statement 15 shall apply to all phases of such project, so long as a site plan for all phases of the project accompanies the Part II submittal for the first (1st) phase. Upon the issuance of a building permit for any project

for which a Part II submittal has been made, the site plan included within such approved Part II submittal shall be deemed to be an integral part of this Institutional Planned Development Number 3, as amended (1962, 1975, 1993, 2001, 2008, 2011).

After approval of a site plan by the Commissioner, the approved site plan may be changed or modified pursuant to the provisions of statement number 14 hereof. In the event of any inconsistency between an approved site plan and the terms of this Institutional Planned Development Number 3, as amended (1962, 1975, 1993,2001, 2008, 2011), in effect at the time of approval of such site plan or of the modifications thereto, the terms of this Institutional Planned Development Number 3, as amended (1962, 1975, 1993, 2001, 2008, 2011), shall govern.

A site plan shall, at a minimum, provide the following information:

(a) boundaries of the development parcel or parcels;

(b) building footprint;

(c) dimensions of all setbacks;

(d) location and depiction of all parking spaces (including relevant dimensions);

(e) location and depiction of all loading berths (including relevant dimensions);

(f) all drives, roadways and vehicular routes;

(g) all landscaping (including species and size);

(h) all pedestrian circulation routes and points of ingress/egress (including sidewalks);

(i) all site statistics applicable to the development parcel or parcels including:

(1) floor area and floor area ratio as represented on submitted drawings;

(2) number of parking spaces provided;

(3) number of loading berths provided; and

(4) uses or development of parcels.

(j) parameters of the building envelope including:

(1) maximum building height; and

(2) setbacks and vertical setbacks, required and provided.

A site plan shall include such other information as may be necessary to illustrate conformance with this Institutional Planned Development Number 3, as amended (1962, 1975, 1993, 2001, 2008, 2011), including, without limitation, building elevations.

16. The Applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of natural resources. And OTHERS:

EXPRESSION OF OPPOSITION TO FEDERAL HOUSING FINANCE AGENCY'S LAWSUIT CHALLENGING CITY OF CHICAGO'S VACANT AND ABANDONED BUILDINGS ORDINANCE.

[R2011-1391]

A proposed resolution presented by Aldermen Suarez, Dowell, Moreno, Fioretti, Burns, Sawyer, Beale, Pope, Balcer, Quinn, Burke, Foulkes, Thomas, Lane, O'Shea, Cochran, Brookins, Zalewski, Chandler, Solis, Maldonado, Burnett, Ervin, Reboyras, Waguespack, Mell, Austin, Sposato, Mitts, Cullerton, Laurino, P. O'Connor, M. O'Connor, Reilly, Smith, Tunney, Arena, Pawar, Moore and Silverstein, reading as follows:

WHEREAS, The current housing crisis facing the nation and Chicago has resulted in an alarming number of foreclosures on residential mortgages, which individually are catastrophic for the families who lose their homes, and collectively can economically destabilize an otherwise healthy neighborhood; and

WHEREAS, A report on vacant housing issued on November 4, 2011 by the United States Government Accountability Office (GAO) to the Ranking Member, Subcommittee on Regulatory Affairs, Stimulus Oversight, and Government Spending, Committee on Oversight and Government Reform, House of Representatives estimated that a foreclosed home within a neighborhood can depress the prices of nearby properties from 0.9 percent to as much as 8.7 percent; and

WHEREAS, That same GAO report found that on a single block in a Chicago neighborhood, one foreclosed, demolished property may have reduced the value of 13 adjacent properties by $17,000.00 per property compared with the median house values in

the City, and that in Columbus, Ohio, each vacant property within 250 feet of a nearby home could decrease the value of the home by as much as 3.5 percent; and

WHEREAS, When vacant properties are not maintained sufficiently to comply with local building or public safety standards, local governments are forced to expend millions of dollars to mitigate the resulting problems, including boarding up and securing the properties, mowing the lawn, and removing debris and garbage from the lot. In 2010, the City spent more than $15 Million on vacant properties, including demolishing or boarding up more than 500 buildings; and

WHEREAS, In an effort to mitigate the damage caused in situations where owners have failed to secure vacant property, preserve the City's housing stock and stabilize its neighborhoods, in July 2011 the City Council passed an ordinance which required banks and other entities that hold mortgages on vacant and abandoned buildings to take certain limited, common-sense actions to preserve those buildings and prevent the properties from becoming nuisances that attract gangs, drugs and other criminal activities, including securing the property, removing trash and mowing the lawn; and

WHEREAS, After the enactment of the ordinance, the City held numerous meetings with representatives from major lenders and mortgage holders in an attempt to address their concerns about the ordinance. The Federal Housing Finance Agency (FHFA) was invited, but declined to participate in the meetings; and

WHEREAS, As a result of the meetings, which successfully addressed the concerns of the participating parties, the City Council unanimously passed amendments to the original ordinance on November 2, 2011; and

WHEREAS, Following its decision not to participate in the meetings, on December 12, 2011, the FHFA, on behalf of the Federal National Mortgage Association (Fannie Mae) and Federal Home Loan Mortgage Corporation (Freddie Mac), filed a lawsuit that challenged the City's vacant and abandoned building ordinance; and

WHEREAS, The use of taxpayer dollars by the FHFA against the City is egregious, ill-conceived and, we believe, contrary to Fannie Mae's and Freddie Mac's congressionally-mandated purpose and mission to advance the interest of taxpayers and homeowners; and

WHEREAS, The City intends to vigorously defend the vacant and abandoned buildings ordinance and believes that the lawsuit is contrary not only to Fannie Mae's and Freddie Mac's own interests, but to good public policy; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this 14th day of December, 2011, do hereby take strong exception to the FHFA's action of challenging the City's vacant and abandoned buildings ordinance and urge the FHFA to withdraw its lawsuit; and

Be It Further Resolved, That the City Clerk be directed to send a suitable copy of this resolution to the Federal Housing Finance Agency.

On motion of Alderman Burke, seconded by Aldermen Dowell, Suarez, Mell and Mitts, the foregoing resolution was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Moreno, Fioretti, Dowell, Burns, Hairston, Sawyer, Jackson, Harris, Beale, Pope, Balcer, Cárdenas, Quinn, Burke, Foulkes, Thompson, Thomas, Lane, O'Shea, Cochran, Brookins, Muñoz, Zalewski, Chandler, Solis, Maldonado, Burnett, Ervin, Reboyras, Suarez, Waguespack, Mell, Austin, Colón, Sposato, Mitts, Cullerton, Laurino, P. O'Connor, M. O'Connor, Reilly, Smith, Tunney, Arena, Cappleman, Pawar, Osterman, Moore, Silverstein -- 49.

Nays -- None.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

At this point in the proceedings, the Honorable Rahm Emanuel, Mayor, rose and expressed congratulations to City Council in general and Alderman Suarez and Alderman Dowell in particular for their leadership on the issue of vacant and abandoned buildings in Chicago and their successful efforts to involve and reach a consensus solution supported by members of the community and the banking industry.

Thereupon, on motion of Alderman Burke, the remaining proposed resolutions presented through the Agreed Calendar were *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Moreno, Fioretti, Dowell, Burns, Hairston, Sawyer, Jackson, Harris, Beale, Pope, Balcer, Cárdenas, Quinn, Burke, Foulkes, Thompson, Thomas, Lane, O'Shea, Cochran, Brookins, Muñoz, Zalewski, Chandler, Solis, Maldonado, Burnett, Ervin, Reboyras, Suarez, Waguespack, Mell, Austin, Colón, Sposato, Mitts, Cullerton, Laurino, P. O'Connor, M. O'Connor, Reilly, Smith, Tunney, Arena, Cappleman, Pawar, Osterman, Moore, Silverstein -- 49.

Nays -- None.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.
