[R2012-164]

The Honorable Rahm Emanuel, Mayor, presented the following communication:

OFFICE OF THE MAYOR

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the said proposed resolution. The motion *Prevailed*.

The following is said proposed resolution:

WHEREAS, On October 1, 2011, Squad 5 was dispatched, along with several other units of the Chicago Fire Department's Fifth District, to a fire on the 1300 block of West 76<sup>th</sup> Street. Upon arrival, firefighters discovered a senior citizens apartment building ablaze; and

WHEREAS, Chief Kevin Ryan of the 17<sup>th</sup> Battalion ordered Squad 5 to search the building for victims. Thick black smoke and tremendous heat emanating from a second-floor apartment made the crucial task very difficult; and

WHEREAS, Meanwhile, other companies quickly attached hoses to a nearby fire hydrant in order to get water up to the fire on the second floor; and

WHEREAS, Squad 5 swiftly carried out searches of the building, protecting the hallway and stairwell to ensure the safety of the residents in the event of an evacuation. Chief Ryan determined that the residents would be safest by remaining in their apartments, coupled with continual monitoring of their well-being; and

WHEREAS, Firefighter Robert A. Popjoy III of Squad 5 entered the apartment where the fire had begun, to search for possible victims. While his comrades worked to extinguish the fire in the bedroom, Firefighter Popjoy and other members of Squad 5 ventilated the heavy smoke from the living room by breaking out windows. As the air cleared, Firefighter Popjoy once again began searching for victims and discovered an elderly man on a couch covered by fallen debris; and

WHEREAS, Firefighter Popjoy called for assistance for the victim, who was barely conscious and had difficulty breathing. Initial care was dispensed in the hallway, including assisted breathing. Once the man was stabilized, he was carried downstairs to a Fire Department ambulance; and

WHEREAS, The Chicago Fire Department personnel on the scene of this fire executed a well-coordinated plan to save lives, prevent injuries and minimize damage to the apartment building; and

WHEREAS, Firefighter Popjoy acted in the finest traditions of the Chicago Fire Department. His heroic actions in battling his way through horrific conditions to save a man's life once again demonstrate the professionalism and dedication which is ingrained in every member of the Chicago Fire Department; now, therefore,

*Be It Resolved*, That we, the Mayor and members of the City Council of the City of Chicago, assembled this 15<sup>th</sup> day of February 2012, do hereby honor Firefighter Robert Popjoy for his valiant efforts in rescuing a senior citizen from almost certain death; and

*Be It Further Resolved*, That a suitable copy of this resolution be presented to Firefighter Robert A. Popjoy III of the Chicago Fire Department, and placed on permanent record in his personnel file, as a token of our appreciation and esteem.

On motion of Alderman Burke, seconded by Aldermen Balcer, Thomas and M. O'Connor, the foregoing proposed resolution was *Adopted* by yeas and nays as follows:

*Yeas* -- Aldermen Moreno, Fioretti, Dowell, Burns, Hairston, Sawyer, Harris, Beale, Pope, Balcer, Cárdenas, Quinn, Burke, Foulkes, Thompson, Thomas, Lane, O'Shea, Cochran, Brookins, Muñoz, Zalewski, Chandler, Solis, Maldonado, Burnett, Ervin, Graham, Reboyras, Suarez, Waguespack, Mell, Austin, Colón, Sposato, Mitts, Cullerton, Laurino, P. O'Connor, M. O'Connor, Reilly, Smith, Tunney, Arena, Capplemann, Pawar, Osterman, Moore, Silverstein -- 49.

*Nays* -- None.

Alderman Pope moved to reconsider the foregoing vote. The motion was lost.

- (1) This category may also include paying for or reimbursing (i) an elementary, secondary, or unit school district's increased costs attributed to assisted housing units, and (ii) capital costs of taxing districts impacted by the redevelopment of the Project Area. As permitted by the Act, to the extent the City by written agreement accepts and approves the same, the City may pay, or reimburse all, of a portion of a taxing district's capital costs resulting from a redevelopment project necessarily incurred within a taxing district in furtherance of the objectives of the Redevelopment Plan.
- (2) Public improvements may also include capital costs of a taxing district. Specifically, public improvements as identified in the Redevelopment Plan and as allowable under the Act may be made to property and facilities owned or operated by the City or other public entities, as provided in the Act, to the extent the City by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Redevelopment Plan.
- (3) The total Estimated Redevelopment Project Costs provides an upper limit on expenditures, and adjustments may be made in line items without amendments to this Redevelopment Plan.
- (4) Total Redevelopment Project Costs exclude any additional financing costs, including any interest expense, capitalized interest and costs associated with optional redemptions. These costs are subject to prevailing market conditions and are in addition to Total Redevelopment Project Costs.
- (5) The amount of Total Redevelopment Project Costs that can be incurred in the Project Area will be reduced by the amount of redevelopment project costs incurred in contiguous redevelopment project areas, or those separated from the Project Area only by a public right-of-way, that are permitted under the Act to be paid, from incremental property taxes generated in the Project Area, but will not be reduced by the amount of redevelopment project costs incurred in the Project Area which are paid from incremental property taxes generated in contiguous redevelopment project areas or those separated from the Project Area only by a public right-of-way.
- (6) Increases in estimated Total Redevelopment Project Costs of more than five percent, after adjustment for inflation reflected in the Consumer Price Index (CPI) for All Urban Consumers for All Items for the Chicago-Gary-Kenosha, IL-IN-WI CMSA, published by the U. S. Department of Labor from the date of the Redevelopment Plan adoption, are subject to the Redevelopment Plan amendment procedures as provided in under the Act.

Additional funding from other sources such as federal, state, county, or local grant funds may be utilized to supplement the City's ability to finance Redevelopment Project Costs identified above.

(March 9, 2011)

To induce redevelopment pursuant to the Tax Increment Allocation Redevelopment Act, 65 ILCD 5/11-74.4-1 *et seq.*, as amended from time to time (the "Act"), the City Council of the City of Chicago, (the "City") adopted three ordinances on March 27, 2002, approving the 47<sup>th</sup>/Ashland Redevelopment Project Area (the "RPA") as a redevelopment project area under the Act, and adopting tax increment allocation financing for the RPA.

The 47<sup>th</sup>/Ashland Tax Increment Financing Redevelopment Plan and Project was originally completed on September 26, 2001 and properly revised on January 30, 2002 (the initial plan and the revision being referred to as the "Original Plan"). The Original Plan is being amended solely to increase the budget. The amendment to the Original Plan is outlined below following the format of the Original Plan.

47<sup>th</sup>/Ashland Redevelopment Area  
Generalized Land-Use Plan.

*The 47<sup>th</sup>/Ashland Tax Increment Financing  
Redevelopment Plan And Project.*

Revision No. 1  
September 26, 2001.  
(Revised: January 30, 2002)

**SECTION I - EXECUTIVE SUMMARY**

**A. Area Location**

The 47<sup>th</sup>/Ashland Redevelopment Project Area (hereafter referred to as the "Area") is located on the southwest side of the City of Chicago ("City"), approximately six miles southwest of downtown Chicago and approximately two miles west of the Dan Ryan Expressway. A location map is provided on the following page indicating the general location of the Area within the City.

The Area is irregularly shaped and is adjacent or in close proximity to several existing redevelopment areas located to the north and east (see Exhibit I, Adjacent Redevelopment Areas Map in Attachment Two of the Appendix). The Area encompasses approximately 325 acres and includes 100 (full and partial) city blocks. The core of the Area generally follows three corridors along Ashland Avenue, 47<sup>th</sup> and 51<sup>st</sup> Streets. On the north, along Ashland Avenue, the Area begins at a railroad right-of-way north of 42<sup>nd</sup> Street and continues southward to 53<sup>rd</sup> Street. Along 47<sup>th</sup> Street the Area begins at Racine Avenue on the east and continues westward to a railroad right-of-way west of Hoyne Avenue. Along 51<sup>st</sup> Street the Area begins at Loomis Boulevard on the east and continues west to the alley west of Damen Avenue. In addition, the Area includes several pockets that extend off of the main spines formed by Ashland Avenue, 47<sup>th</sup> and 51<sup>st</sup> Streets. A boundary map of the Area is provided in Appendix, Attachment Two, Exhibit A, Boundary Map of TIF Area and the legal description of the Area is provided in Appendix, Attachment Three, Legal Description.

**B. Existing Conditions**

The core of the Area consists primarily of older industrial properties and commercial properties located along Ashland Avenue, 47<sup>th</sup> and 51<sup>st</sup> Streets (see Appendix, Attachment Two, Exhibit B, Generalized Existing Land Use Assessment Map). Residential uses are scattered along these commercial corridors and constitute the majority of uses within the sections of the Area located adjacent to these commercial corridors. Zoning classifications in the Area include varying industrial, commercial and residential categories as shown on Exhibit D, Generalized Existing Zoning Map of Attachment Two of the Appendix.

Many of the structures and site improvements in the Area are in need of repair as documented in the Eligibility Study included as Appendix, Attachment One. Lack of widespread public and private investment is evidenced by significant needs in the public infrastructure and deterioration of private properties. The Area is further characterized by the following conditions:

- the predominance (92%) of structures that are 35 years or older;
- dilapidation (22%);
- obsolescence (66%);
- deterioration of buildings and site improvements (95%);

<sup>1</sup> This is 42% greater than the statutory requirement. Under the Tax Increment Allocation Redevelopment Act, for designation of an area as a Conservation Area, 50% or more of the buildings must be 35 years old or older.

- illegal use of individual structures (less than 1%);
- presence of structures below minimum code standards (21%);
- excessive vacancies (20%);
- lack of ventilation, light or sanitary facilities (3%);
- excessive land coverage and overcrowding of structures (65%);
- deleterious land use and layout (53% of sub-areas<sup>2</sup>);
- lack of community planning (93% of sub-areas<sup>2</sup>); and
- declining or sub-par Area EAV growth.

In addition, streets contain potholes and cracked surfaces. Sidewalks and curbs exhibited cracked and broken sections. Streetlights were leaning, rusted and broken. Several viaducts exhibited spalling material on wing walls and other concrete surfaces, and several viaducts had inadequate clearances. All of these conditions further hinder efficient industrial and commercial operations of the Area. The conditions and locations of these conditions are further detailed in the Eligibility Study.

### C. Area Decline

During the past several decades, the Area has experienced significant decline. In some instances, vacant lots exist that once were occupied with commercial and residential buildings. The building stock is declining and some structures are vacant. The visual character of the Area suffers greatly from vacant storefronts and deteriorated buildings.

Three redevelopment areas have been established to the north and east of the Area: The Stockyards Industrial-Commercial Redevelopment Area, the Stockyards Southeast Quadrant Industrial Redevelopment Area, and the Stockyards Annex Redevelopment Project Area (see Exhibit I, Adjacent Redevelopment Areas Map in Attachment Two of the Appendix). The establishment of these three areas has resulted in an increase in development activity north and east of the Area. The City and the State of Illinois ("State") have also included much of the Area in Enterprise Zone 2 (see Exhibit G, Enterprise Zone Map in Attachment Two of the Appendix) and the U. S. Department of Housing and Urban Development (HUD) have included a significant portion of the Area in the Federal Empowerment Zone Program (see Exhibit F, Empowerment Zone Map in Attachment Two of the Appendix). However, these initiatives have not resulted in significant redevelopment activity in the commercial corridors and residential neighborhoods surrounding the former stockyards.

In addition, a portion of the 47th/Ashland Area is located in the southern portion of the Stockyards Industrial Corridor (one of 22 industrial corridors in the City). Predominant industry types include: food and kindling and warehousing, fabricated metals, and chemical products.

Over the decades that the stockyards area was in decline a decline was occurring in the commercial and residential areas that

<sup>2</sup> Sub-Area refers to the Sub-Area key map contained in the Appendix.

yards. This negative secondary effect was a result of the lost jobs and secondary economic impacts that occurred as the stockyards gradually became less of an economic engine. As residents moved elsewhere to find employment the market for businesses and demand for housing also declined. The rebirth of the stockyards over a decade ago (as an economic engine for the south side of Chicago) has not created wide spread positive economic benefits in terms of regenerating the business and housing market that once existed in the Area.

Within the Area, there are conditions that affect the viability of Area businesses. These conditions are:

- poor street conditions;
- lack of parking for commercial areas;
- lack of appropriate transportation facilities and services;
- blighted conditions; and
- local resources not meeting training needs of Area businesses.

In addition, the following conditions impact the viability of Area residential properties and residential properties adjacent to the area:

- heavy truck traffic from industrial uses;
- employees of industrial and commercial uses utilizing residential streets for parking;
- noise from industrial uses;
- deteriorated housing stock; and
- unscreened industrial yard areas.

The survey and field investigation undertaken for this Plan shows that there is a need to eliminate blighting conditions, address problems associated with vacant buildings and vacant sites, and provide for improved public infrastructure.

#### **D. Redevelopment Plan Purpose**

Tax increment financing ("TIF") is permitted by the *Illinois Tax Increment Allocation Redevelopment Act*, 65 ILCS 5/11-74.4-1 *et seq.*, as amended (the "Act"). The Act sets forth the requirements and procedures for establishing a redevelopment project area and a redevelopment plan. This 47th/Ashland Tax Increment Financing Redevelopment Plan and Project (hereafter referred to as the "Plan") includes the documentation as to the qualifications of the Area. The purposes of this Plan are to provide an instrument that can be used to guide the correction of Area blighting influences, attract new private development that will produce new employment and tax increment revenues and to stabilize existing development in the Area. This Plan identifies those activities, sources of funds, procedures and various other necessary requirements in order to implement tax increment financing pursuant to the Act.

### E. Plan Goals & Objectives

The Plan represents an opportunity for the City to implement a program to expand the tax base of the Area, increase employment, and revive commercial and residential areas. This can be accomplished by utilizing TIF as described in Section III. Initiatives that are part of this TIF program are designed to arrest the spread of blight and decline of the Area. In doing so, the TIF program will help to preserve, retain, redevelop and expand industry and business within an area that has traditionally been industrial and commercial in nature. In addition, the opportunity exists to revive and enhance declining residential areas that were once vibrant neighborhoods but have not reaped the benefits of nearby development activity.

The primary goals of this Plan are to:

1. Creation of new commercial development and rehabilitation of existing commercial uses, especially on the facade.
2. Creation of new residential uses on vacant land that includes affordable housing units.
3. Rehabilitation of existing mixed-use residential/commercial uses.
4. Public improvements along major commercial corridors, including beautification efforts.
5. Creation of an environment within the Area that will contribute to the health, safety and general welfare of the City and that will generate revenue for the Area.

This Plan will create the mechanism to revitalize this important industrial area and adjacent commercial corridors through the improvement of the physical environment and infrastructure. The City proposes to use TIF, as well as other economic development resources, when available, to address needs in the Area and induce the investment of private capital. The primary corridors of the Area should be maintained as commercial cores that serve adjacent industrial uses and residential neighborhoods. Industrial opportunities also exist within the area to provide additional jobs and an improved tax base for taxing jurisdictions. Revitalization of residential pockets within the Area will help to provide additional housing opportunities for Area residents.

The City recognizes that blighting influences will continue to weaken the Area unless the City itself becomes a leader and a partner with the private sector in the revitalization process. Consequently, the City wishes to encourage private development activity by using TIF as a prime implementation tool to complete various public projects.

**F. Redevelopment Plan and Project Activities and Costs**

The projects anticipated for the Area may include, but are not limited to:

- land acquisition;
- street, alley and sidewalk construction;
- transportation improvements;
- utility work;
- property rehabilitation and improvements to various existing properties and streetscapes;
- private developer assistance;
- site clean-up and preparation;
- marketing and promotion; and
- job training.

The anticipated activities and associated costs are shown in Table 6-1, Estimated Redevelopment Project Costs, included in Section 6. The total estimated cost for the activities listed in Table 6-1 are \$25,000,000.

**G. Summary & Conclusions**

This Plan summarizes the analyses and findings of the consultant's work, which, unless otherwise noted, is the responsibility of PGAV-Urban Consulting ("Consultant"). The City is entitled to rely on the findings and conclusions of this Plan in designating the Area as a redevelopment project area under the Act. The Consultant has prepared this Plan and the related Eligibility Study with the understanding that the City would rely: 1) on the findings and conclusions of the Plan and the related Eligibility Study in proceeding with the designation of the Area and the adoption and implementation of the Plan, and 2) on the fact that the Consultant compiled the necessary information so that the Plan and the related Eligibility Study will comply with the Act.

The study and survey of the Area indicate that the requirements necessary for designation of the Area as a "conservation area" under the Act are present. Therefore, the Area is qualified under the terms of these definitions in the Act. This Plan and the supporting documentation contained in the Eligibility Study indicates that the Area on the whole has not been subject to growth and development through investment by private enterprise, and would not reasonably be anticipated to be developed without the adoption of the Plan.

**SECTION II - AREA LOCATION, LEGAL DESCRIPTION AND  
PROJECT BOUNDARY**

The Area is located six miles southwest of downtown Chicago and approximately two miles west of the Dan Ryan Expressway (I-90/94). The Area contains approximately 325 acres and consists of 100 (full and partial) blocks and 1,208 tax parcels.

The Area is irregularly shaped and is adjacent or in close proximity to several existing redevelopment areas located to the north and east. The core of the Area generally follows three corridors along Ashland Avenue, 47<sup>th</sup> and 51<sup>st</sup> Streets. On the north, along Ashland Avenue, the Area begins at a railroad right-of-way north of 42<sup>nd</sup> Street and continues southward to 53<sup>rd</sup> Street. Along 47<sup>th</sup> Street the Area begins at Racine Avenue on the east and continues westward to a railroad right-of-way west of Hoyne Avenue. Along 51<sup>st</sup> Street the Area begins at Loomis Boulevard on the east and continues west to the alley west of Damen Avenue. In addition, the Area includes several pockets that extend off of the main spines formed by Ashland Avenue and 47<sup>th</sup> and 51<sup>st</sup> Streets. The northern portion of the Area includes properties along 43<sup>rd</sup> Street west of Ashland Avenue to Wolcott Avenue. The eastern portion of the Area includes properties located between the Stockyards Redevelopment Area's to the east, Ashland Avenue and 47<sup>th</sup> Street. The Southern portion of the Area includes residential uses located east of Ashland Avenue in an area located between Loomis Street, Ashland Avenue, 49<sup>th</sup> Street and 51<sup>st</sup> Street.

The boundaries of the Area include only those contiguous parcels of real property and improvements substantially benefited by the activities to be undertaken as a part of the Plan. Since the boundaries of the Area include approximately 325 acres of land, the statutory minimum of 1.5 acres is exceeded. The boundaries of the Area are shown on Appendix, Attachment Two, Exhibit A, Boundary Map of TIF Area and the boundaries are described in Appendix, Attachment Three, Legal Description. A listing of the permanent index numbers and the 2000 equalized assessed value for all properties in the Area is included in Appendix, Attachment Four, 2000 Estimated EAV by Tax Parcel.

As indicated on Appendix, Attachment Two, Exhibit A, Boundary Map of TIF Area, the boundaries of the Area cover a large geographic area. These properties represent areas that have failed to benefit from the on-going redevelopment activities associated with the Stockyards area to the north.

Where appropriate, institutional uses have been included in the Area. These uses are adjacent to the declining areas discussed above and in some cases also contain deteriorating conditions. All properties within the Area will benefit from a program that will address the blighted conditions of the Area.

### **SECTION III - STATUTORY BASIS FOR TAX INCREMENT FINANCING**

#### **A. Introduction**

In January 1977, Tax Increment Financing (TIF) was made possible by the Illinois General Assembly through passage of the *Tax Increment Allocation Redevelopment Act*, 65 ILCS 5/11-74.4-1 et seq., as amended (the "Act"). The Act provides a

means for municipalities, after the approval of a redevelopment plan and project, to redevelop blighted, conservation, or industrial park conservation areas and to finance eligible "redevelopment project costs" with incremental property tax revenues. "Incremental property tax" or "incremental property taxes" are derived from the increase in the current EAV of real property within the redevelopment project area over and above the "certified initial EAV" of such real property. Any increase in EAV is then multiplied by the current tax rate, which results in incremental property taxes. A decline in current EAV does not result in a negative incremental property tax.

To finance redevelopment project costs, a municipality may issue obligations secured by incremental property taxes to be generated within the Area. In addition, a municipality may pledge towards payment of such obligations any part or any combination of the following:

- (a) net revenues of all or part of any redevelopment project;
- (b) taxes levied and collected on any or all property in the municipality;
- (c) the full faith and credit of the municipality;
- (d) a mortgage on part or all of the redevelopment project; or
- (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

TIF does not generate tax revenues by increasing tax rates. It generates revenues by allowing the municipality to capture, for a specified period, the new revenues produced by the enhanced valuation of properties resulting from the municipality's redevelopment program, improvements and activities, various redevelopment projects, and the reassessment of properties. This increase or "increment" can be used to finance "redevelopment project costs" such as land acquisition, site clearance, building rehabilitation, interest subsidy, construction of public infrastructure, etc. as permitted by the Act.

Under the Act, all taxing districts continue to receive property taxes levied on the initial valuation of properties within the redevelopment project area. Additionally, taxing districts can receive distributions of excess incremental property taxes when annual incremental property taxes received exceed principal and interest obligations for that year and redevelopment project costs necessary to implement the Plan have been paid. Taxing districts also benefit from the increased property tax base after redevelopment project costs and obligations are paid.

As used herein and in the Act, the term "Redevelopment Project" ("Project") means any public and private development project in furtherance of the objectives of a redevelopment plan. The term "Area" means an area designated by the municipality, which is not less in the aggregate than 1-1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted area and a conservation area. Plan means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area for utilization of tax increment financing, and thereby to enhance the tax base of the taxing districts which extend into the redevelopment project area.

The Illinois General Assembly made various findings in adopting the Act:

1. That there exists in many municipalities within the State blighted and conservation areas; and
2. That the eradication of blighted areas and the treatment and improvement of conservation areas by redevelopment projects are essential to the public interest and welfare.

These findings were made on the basis that the presence of blight, or conditions which lead to blight, are detrimental to the safety, health, welfare and morals of the public.

To ensure that the exercise of these powers is proper and in the public interest, the Act specifies certain requirements that must be met before a municipality can proceed with implementing a redevelopment plan. One of these requirements is that the municipality must demonstrate that a redevelopment project area qualifies for designation. With certain exceptions, an area must qualify generally either as:

- a blighted area (both "improved" and "vacant" or a combination of both); or
- a conservation area; or
- a combination of both blighted areas and conservation areas within the definitions for each set forth in the Act.

The Act offers detailed definitions of the blighting factors used to qualify areas. These definitions were used as the basis for preparing the Eligibility Study.

**B. The Redevelopment Plan for the 47th/Ashland Tax Increment Financing Redevelopment Project Area.**

As evidenced in the Eligibility Study and summarized herein, the Area as a whole has not been subject to growth and development through private investment. Furthermore, it is not reasonable to expect that the Area as a whole will be redeveloped without the use of TIF.

This Plan has been formulated in accordance with the provisions of the Act and is intended to guide improvements and activities within the Area in order to stimulate private investment in the Area. The goal of the City, through implementation of this Plan, is that the entire Area be revitalized on a comprehensive and planned basis to ensure that private investment in rehabilitation and new development occurs in the following manner:

1. On a coordinated rather than piecemeal basis to insure that land use, access and circulation, parking, public services and urban design are functionally integrated and meet present-day principles and standards;
2. On a reasonable, comprehensive and integrated basis to ensure that blighting factors are eliminated; and
3. Within a reasonable and defined period so that the Area may contribute productively to the economic vitality of the City.

This Plan sets forth the overall Project which are those public and private activities to be undertaken to accomplish the City's above-stated goal. During implementation of the Project, the City may, from time to time: (i) undertake or cause to be undertaken public improvements and activities; and (ii) enter into redevelopment agreements with private entities to construct, rehabilitate, renovate or restore private improvements on one or several parcels (collectively referred to as "Redevelopment Projects").

Successful implementation of this Plan requires that the City utilize incremental property taxes and other resources in accordance with the Act to stimulate the comprehensive and coordinated development of the Area. Only through the utilization of tax increment financing will the Area develop on a comprehensive and coordinated basis, thereby reducing or eliminating the conditions that have precluded development of the Area by the private sector. The use of incremental property taxes will permit the City to direct, implement and coordinate public improvements and activities to stimulate private investment within the Area.

#### SECTION IV - REDEVELOPMENT GOALS AND OBJECTIVES

In preparing this document, the Consultant utilized prior planning studies such as, *A Plan for Industry in Chicago's South Side*, prepared by the City of Chicago, Department of Planning and Development. In addition, data was obtained from

the Back of the Yards Neighborhood Council, comments expressed at neighborhood meetings and field investigations by the Consultant. The intent of these efforts was to determine and document information regarding the needs of the Area and proposals for the future.

The Area's boundaries were established after investigation of existing conditions and input by the City of Chicago, Department of Planning and Development, to maximize utilization of development tools created by the Act and its ability to address Area problems.

As a result of these efforts, various goals and objectives have been established for the Area as noted in this section.

**A. Goals of the 47th/Ashland Redevelopment Area**

Listed below are the general goals adopted by the City for redevelopment of the Area. These goals provide overall focus and direction for this Plan as follows:

1. Creation of new commercial development and rehabilitation of existing commercial uses, especially on the facades.
2. Creation of new residential uses on vacant land that includes affordable housing units.
3. Rehabilitation of existing mixed-use residential/commercial uses.
4. Public improvements along major commercial corridors, including beautification efforts.
5. Creation of an environment within the Area that will contribute to the health, safety and general welfare of the City and that will generate revenue for the Area.

In addition to these general goals, several items originally identified during the "model industrial corridor" planning process developed by the City are included. These characteristics are stated below as additional goals of this Plan to address industrial uses in the Area and reflect a continuation of the process developed for the "model industrial corridor" program that named a portion of the Area as one of 22 industrial corridors:

- Improve safety and security;
- Improve accessibility and functionality;
  - Develop a management entity;
- Improve the appearance and establish an identity; and
- Increase the Area's marketability and competitiveness.

**B. Redevelopment Objectives**

Listed below are the redevelopment objectives that will guide planning decisions regarding redevelopment within the Area:

1. Remove structurally substandard buildings, obsolete building types, deleterious uses, and other blighting influences through acquisition and demolition, or through private and public rehabilitation.
2. Assemble current City-owned vacant lots and other land into parcels of appropriate shape and sufficient size to meet contemporary development needs and standards for residential, commercial, institutional, and industrial uses, and street and traffic improvements.
3. Create a coherent overall urban design and character, especially along the commercial corridors.
4. Provide necessary public improvements and facilities in proper relationship to the projected demand for such facilities and in accordance with modern design standards for such facilities.
5. Establish job training, job readiness and other programs permitted in the Act to provide residents from within, and surrounding the Area with the skills and other needs necessary to secure jobs within the Area and adjacent redevelopment project areas.
6. Secure commitments from employers located in the Area and any current or future adjacent redevelopment project areas to interview graduates of the Area's job readiness and job training programs.
7. Provide opportunities for women-owned and minority-owned businesses.
8. Maximize the existing accessibility features of the Area and ensure that it is served by a street system and public transportation facilities that provide safe and convenient access to, and circulation within, the Area.
9. Enhance and strengthen the viability of the Area and surrounding neighborhoods through provision of TIF funding for capital improvement projects in the Area and through the use of other redevelopment mechanisms to promote development.

**C. Development and Design Objectives**

Listed below are the specific development and design objectives which will assist the City in directing and coordinating public and private improvement and investment throughout the Area in order to achieve the general goals and redevelopment objectives for the Area identified previously in this Plan.

The following guidelines are intended to help attract desirable new businesses and employment opportunities, foster a consistent and coordinated development pattern and create an attractive and quality image and identity for the Area.

1. Land Use

- Promote comprehensive, redevelopment of the Area as a planned and cohesive mix of rehabilitated residential neighborhoods, industrial uses, and supporting commercial corridors.
- Provide sites for a range of land uses with primary emphasis on residential uses in residential neighborhoods, retail and commercial service uses along commercial corridors and industrial uses where appropriate. However, the plan recognizes the need for and existence of institutional uses and parks where appropriate.

2. Building and Site Development

- Repair and rehabilitate existing buildings in poor condition, when feasible, and demolish buildings where rehabilitation is not feasible.
- Reuse vacant buildings in serviceable condition for new business, industry or residential uses.
- Preserve and promote buildings with historic and architectural value, where appropriate.
- Ensure that the design of new buildings is compatible with the surrounding building context.
- Promote the use of themed architectural treatments (including lighting, signage and landscaping) around buildings to add visual interest.
- Locate building service and loading areas away from front entrances and major streets where possible.
- Require sufficient space for off street parking for area businesses and industrial uses.

3. Transportation and Infrastructure

- Provide safe and convenient access to and within the Area for trucks, autos, pedestrians and public transportation.
- Improve the street surface conditions, street lighting, curbs, sidewalks and traffic signalization.

- Discourage or eliminate truck traffic through residential areas.
- Consider closing selected street segments to create larger building sites and enhance opportunities for new development.
- Improve viaduct clearances and the condition of viaduct structures.
- Promote commercial and industrial developments that incorporate transit facilities into their design.
- Upgrade public utilities and infrastructure throughout the Area as required.

#### 4. Urban Design

- Establish a comprehensive streetscape system to guide the design and location of light fixtures, sidewalks, paving materials, landscaping, street furniture and signage throughout the Area.
- Enhance the appearance of the Area by landscaping the major street corridors and repaving deteriorating sidewalks and curbs.
- Provide distinctive design features, including landscaping and signage, at the major entryways into the Area to create a unified identity.
- Clean-up and maintain vacant land, particularly in highly visible locations; where feasible, use vacant lots for permanent, attractive open space, off-street parking or new residential construction where appropriate.
- Eliminate illegal dumping, abandoned vehicles, overgrown weeds and graffiti.
- Discourage proliferation of building and site signage and restrict off-premises advertising to the extent permitted by law.

#### 5. Landscaping and Open Space

- Provide landscaped buffer areas around the periphery of, and within the Area to secure areas and reduce the negative visual impact of commercial and industrial activities on residential neighborhoods.
- Screen active rail tracks with landscaping.
- Ensure that all landscaping and design materials comply with the City of Chicago Landscape Ordinance.
- Design, landscape and light open spaces to promote a high level of security.

## SECTION V - BASIS FOR ELIGIBILITY OF THE AREA & FINDINGS

### A. Introduction

To designate a redevelopment project area, according to the requirements of the Act a municipality must find that there exist conditions which cause such project area to be classified as a blighted area, conservation area, combination of blighted and conservation areas, or an industrial park conservation area. The Eligibility Study included as Attachment One of the Appendix provides a comprehensive report documenting all factors required by the Act to make a determination that the Area is eligible under the Act. Following the background information provided below, a summary of the information provided in the Eligibility Study is presented.

### B. Area Background Information

#### 1. Existing Land Use and Zoning

A tabulation of the existing land use within the Area is provided below:

<sup>1</sup>Net Land Area does not include public right-of-way

Note: Percentage and acreage figures are approximated due to rounding

The existing land uses itemized in Table 5-1 show the predominantly industrial nature of the Area (49% of the net land area is industrial). In addition to industry, the Area is home to numerous commercial uses along 47<sup>th</sup> Street, Ashland Avenue and 51<sup>st</sup> Street. Commercial uses comprise 29% of the net land area. Residential use comprise 8% of the net land area and are primarily located east of Ashland Avenue between 49<sup>th</sup> and 51<sup>st</sup> Street although residential uses are scattered throughout the Area. Several schools (institutional uses) are also located in the Area.

Adequate parking is not provided in the commercial corridors along Ashland Avenue, 47<sup>th</sup> and 51<sup>st</sup> Streets. These older commercial corridors along major transportation routes were constructed with little off-street parking for businesses or upper floor residential uses. In addition, most of the commercial development along these corridors backs up to densely populated residential neighborhoods. Parking is limited because of narrow street frontages for individual businesses, dense commercial development, and nearby densely populated residential side streets.

There are no significant multi-tenant retail shopping centers in the Area; although immediately to the north in the Stockyards Commercial/Industrial Redevelopment Area several commercial "big box" retail uses are present.

Along the flanks of the Area and within some residential pockets, residential uses are in close proximity to industries and businesses. The boundary separating residential and industrial uses is often a local access road or alley. These situations often create conflicts related to traffic generation and use of on-street parking by Area employees and customers. The pockets of residential uses along the major corridors are isolated from surrounding residential neighborhoods by industrial or commercial land uses.

The majority of property within the Area is zoned for industrial and commercial/business uses. Residential zoning primarily covers the portion of the Area east of Ashland and south of 49<sup>th</sup> Street. (see Exhibit D, Generalized Existing Zoning Map in Attachment Two of the Appendix).

## 2. Prior Efforts

Prior efforts by the City, Area leaders, residents, businesses and groups have met with limited success and have been limited to minor street and alley improvements, on-going maintenance of public improvements and business retention and development programs. Three redevelopment areas have been established north and east of the Area. However, these efforts and the proximity to adjacent redevelopment activity has not prevented further decline in the Area because of the age, condition and obsolete nature of the commercial and residential building stock of the Area. The City is developing this Plan and Program in an attempt to attract new growth and development.

The City and the State of Illinois ("State") have designated 80% of the Area as a part of Enterprise Zone 2 (see Exhibit G, Enterprise Zone Map in Attachment Two of the Appendix). In addition, the City and the U.S. department of Housing and Urban Development have included 48% of the Area in the Federal Empowerment Zone Program (see Exhibit F, Empowerment Zone Map in Attachment Two of the Appendix). However, these initiatives have not reversed decline in the area. It is anticipated that, in the future, the Enterprise Zone and Empowerment Zone efforts in conjunction with the components of this Plan will greatly assist in addressing Area problems.

## REPORTS OF COMMITTEES

19941

The northern portion of the 47th/Ashland Area is located in the southern portion of the Stockyards Industrial Corridor. This corridor is one of the 22 industrial corridors identified by the City. The Stockyards Industrial Corridor is home to 218 firms employing more than 17,000 workers. The Stockyards Industrial Corridor employs more workers than any other industrial corridor in the City. The portion of the corridor within the Area contains in excess of 20 major industrial firms that employ more than 1,500 workers. The limits of the Area within the Stockyards Industrial Corridor are shown on Exhibit I, Adjacent Redevelopment Areas Map, contained in Attachment Two of the Appendix. Industry types represented in the Area include food and kindred products, trucking and warehousing, fabricated metal products and chemical products. In addition, the commercial corridors along 47<sup>th</sup> Street, Ashland Avenue and 51<sup>st</sup> Street are home to approximately 250 commercial businesses that support the adjacent industrial areas and provide employment opportunities and services to residents in surrounding neighborhoods. Business groups such as the Back of the Yards Neighborhood Council and others have continued to work to retain businesses and industries.

However, the commercial corridors and residential sections of the Area still contain many vacant and deteriorated buildings. Over the decades that the stockyards area was in decline a corresponding decline was occurring in the commercial and residential areas that bordered the stockyards. This negative secondary effect was a result of the jobs and secondary economic impacts that were lost as the stockyards gradually became less of an economic engine before its rebirth. As residents moved elsewhere to find employment the market for businesses and demand for housing also declined. The rebirth of the stockyards over a decade ago (as an economic engine for the south side of Chicago) has not created wide spread positive economic benefits in terms of regenerating the business and housing market that once existed in the Area.

The primary reason for this lack of spin off effect is that most of the redevelopment activity that has occurred near the Area in the last several decades was focused on the rebuilding the stockyards as an industrial area. The decline in the housing and commercial market was not addressed. Little was done to address the aging and obsolete commercial buildings (small narrow commercial buildings on narrow lots) within the commercial corridors because the market was not strong enough to attract new retail users due to the loss of population from residential areas. Likewise, as residents moved away, maintenance and upkeep of the aging housing stock also declined. The result of these effects is a commercial building stock that is obsolete in terms of contemporary development requirements and residential neighborhoods that have seen their viability reduced as deteriorated houses and vacant lots appeared in the once vibrant residential neighborhoods of the Area.

### 3. Historic EAV and Area Decline

Historic Equalized Assessed Values (EAV's) for the Area and the rate of growth for the City of Chicago and the Consumer Price Index (CPI) for All Urban Consumers for the period between 1995 and 2000 were identified in the Eligibility Study. In 1995 the EAV of the Area was approximately \$46.8 million. In 2000 the EAV of the Area was approximately \$63.7 million. These figures represent a \$6.8 million increase in EAV since 1995. However, in four of the last five years the Area experienced rates of growth below the remainder of the City. In addition, in one of the last five years the EAV of the Area grew slower than the Consumer Price Index (CPI) for All Urban Consumers published by the United States Department of Labor. Further, approximately twelve (12) percent of the properties in the Area are delinquent in the payment of 1999 real estate taxes. In addition, 360 building code violations (30% of properties) have been issued on properties since January 1993.

Between January 1996 and June 2001, the building department issued 282 permits. Of this total, 37 were issued for new construction, 88 were issued for demolition, 33 were issued for rehabs to existing buildings, and 124 were issued for repairs.

Of the 37 permits issued for new construction only 8 were issued for construction of new buildings. Of these eight permits, one permit was issued for construction of a single-family residence, five permits for commercial buildings, one permit for an industrial building, and one permit for a school building. The remaining 29 permits for new construction were issued for a variety of site improvements including, garages, fences, etc. Approximately 31% of the permits issued in the last five and one-half years were issued for demolition.

Vacancies of longer than one year exist in some buildings. There is approximately 400,000 square feet of vacant industrial and commercial floor space in the Area. These conditions add significantly to the view that the Area has experienced additional blight and that private market acceptance of portions of the Area is not favorable.

#### C. Investigation and Analysis of Conservation Factors

In making the determination of eligibility, it is not required that each and every property or building in the Area be blighted or otherwise qualify. It is the Area as a whole that must be determined to be eligible. However, the factors must be reasonably distributed throughout the Area.

The Act sets forth 13 separate blighting factors that are to be used to determine if an area qualifies as a "conservation area". If a combination of 3 or more is found to exist, the Redevelopment Area can be found to qualify as a "conservation area".

In addition, there is a threshold that must be met in order for an area to be established as a conservation area. For an area to qualify as a conservation area 50% or more of the structures in the area must have an age of 35 years or more. The Eligibility Study, included as Attachment One in the Appendix, defines all of the terms and the methodology employed by the Consultant in arriving at the conclusions as to eligibility.

In terms of the condition of the Area, much of the Area is in need of redevelopment, rehabilitation and revitalization and is characterized by:

- the predominance (92%) of structures that are 35 years or older;<sup>3</sup>
- dilapidation (22%);
- obsolescence (66%);
- deterioration of buildings and site improvements (95%);
- illegal use of individual structures (less than 1%);
- presence of structures below minimum code standards (21%);
- excessive vacancies (20%);
- lack of ventilation, light or sanitary facilities (3%);
- excessive land coverage and overcrowding of structures (65%);
- deleterious land use and layout (53% of sub-areas<sup>4</sup>);
- lack of community planning (93% of sub-areas<sup>4</sup>); and
- declining or sub-par Area EAV growth.

In addition, street surfaces, sidewalks, curbs and site improvements were observed to be in need of reconstruction or replacement and are documented further in the Eligibility Study.

Table 5-2, Conservation Factors Matrix, provided on the following pages, tabulates the condition of buildings in Area. This table indicates that five factors associated with the Area are present to a major extent, five factors are present to a minor extent, and declining or sub-par EAV growth for the entire Area is present and that these factors are present throughout the Area.

#### **D. Summary of Findings**

It was determined in the investigation and analysis of blighting factors that the Area qualifies as a conservation area. The Plan includes measures designed to reduce or eliminate the deficiencies that cause the Area to qualify consistent with the strategy of the City for revitalizing other redevelopment project areas and the 22 designated industrial corridors.

The factors noted in the Eligibility Study and summarized above are reasonably distributed throughout the Area. Building code violations, EAV growth rates below those of the City as a whole, delinquent taxes, and vacancies, are evidence that the Area on the whole has not been subject to growth and development through investment by private enterprise and is not reasonably anticipated to be

<sup>3</sup> This is 42% greater than the statutory requirement. Under the Statute, for designation of an area as a Conservation Area 50% or more of the buildings must be 35 years old or older.

<sup>4</sup> Sub-Area refers to the Sub-Area key map contained in the Appendix.

developed without the adoption of this Plan. Age and the requirements of contemporary commercial and industrial tenants have caused portions of the Area and its building stock to become obsolete and may result in further disinvestment in the Area. The loss of businesses from this Area, mirroring the experience of other large urban centers, further documents the trend line and deteriorating conditions of the neighborhood. Closures, abandonment of various properties and demolition of structures are further evidence of declining conditions in the Area, lack of private investment, and little interest in the Area by the private market.

There is approximately 400,000 square feet of vacant floor space throughout the Area. This vacant floor space is primarily located in commercial buildings located along the commercial corridors of the Area. Many of these properties have been available for several years with little interest being expressed by private sector businesses. In addition, some residential structures in the Area exhibit deteriorated conditions and are evidence of the need to improve residential housing stock in the Area.

The City and State have designated a significant portion of the Area as State of Illinois Enterprise Zone and a Federal Empowerment Zone. These designations are in response to the deteriorating conditions in the area, recognition of the significant needs of the Area, and realization that financial incentives are required to attract private investment. In addition, as previously noted, a portion of the Area is included within one of the 22 industrial corridors identified by the City.

The summary table contained on the following page highlights the factors found to exist in the Area that causes the Area to qualify. The summaries provided in this section were based upon data assembled by the Consultant. The conclusions presented in this report are those of the Consultant (see full text of the Eligibility Study in Attachment One of the Appendix).

The conclusion of the Consultant is that the number, degree and distribution of eligibility factors as documented in this report warrant the designation of the Area as a conservation area as set forth in the Act. Although it may be concluded that the mere presence of the stated eligibility factors noted herein may be sufficient to make a finding of qualification as a conservation area, this evaluation was made on the basis that the factors must be present to an extent that would lead reasonable persons to conclude that public intervention is appropriate or necessary. Secondly, the distribution of conservation area eligibility factors throughout the Area must be reasonable so that a sound area is not arbitrarily qualified simply because of proximity to an area that exhibits conservation area factors.

Therefore, it is the conclusion of the Consultant that the Area qualifies as a conservation area to be designated as a redevelopment project area and eligible for Tax Increment Financing under the Act. The local governing body should review this report and, if satisfied with the summary of findings contained herein, adopt a resolution making a finding of a conservation area for the Area, and making this report a part of the public record.

**Notes:**

- Only three factors are required by the Act for eligibility. Eleven factors are present in the Area.
- Factors found to exist on more than 50% of the structures or sub-areas in the Area were identified as being found to a major extent. Factors found to exist on less than 50% of the structures or sub-areas in the Area were identified as being found to a minor extent. Five factors were found to exist to a major extent, five were found to exist to a minor extent and declining or sub-par EAV growth for the entire Area was present.
- Age, although not a blighting factor for designation, is a threshold that must be met before an Area can qualify as a Conservation Area.

## SECTION VI - REDEVELOPMENT PLAN AND PROJECT

### A. Introduction

This section presents the Plan and Project for the Area. Pursuant to the Act, when the finding is made that an area qualifies as a conservation, blighted, combination of conservation and blighted area, or industrial park conservation area, a redevelopment plan must be prepared. A redevelopment plan is defined in the Act at 65 ILCS 5/11-74.4-3 (n) as:

*the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area"; and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area.*

### B. Generalized Land Use Plan

The generalized land use plan for the Area is presented as Exhibit C, Generalized Land Use Plan included in Attachment Two of the Appendix.

The generalized land use plan for the Area will be in effect upon adoption of this Plan. This land use plan is a generalized plan in that it states land use categories and alternative land uses that apply to each block in the Area. Existing land uses that are not consistent with these categories may be permitted to remain. However, TIF assistance will only be provided for those properties in conformity with this generalized land use plan.

The Area should be redeveloped primarily as a planned and cohesive industrial, business and employment center providing sites for a wide range of land uses, including industrial, office, commercial, residential, and institutional uses. The various land uses should be arranged and located to minimize conflicts between neighboring land use activities. The intent of this redevelopment program is also to enhance and support the existing, viable commercial businesses and residential uses in the Area through providing opportunities for financial assistance for expansion and growth where appropriate.

The generalized land use plan highlights opportunities for industrial and business improvement, enhancement and new development within the Area. The generalized land use plan is focused on maintaining and enhancing sound and viable existing businesses, promoting new business development and residential development at selected locations. The generalized land use plan designates six (6) land use categories within the Area as follows:

- i. Residential
- ii. Mixed Use (Residential, Commercial, Industrial, Institutional)
- iii. Commercial
- iv. Industrial
- v. Institutional
- vi. Transportation

These six categories, and their location on Exhibit C, Generalized Land Use Plan, included in Attachment Two of the Appendix were developed from several factors: existing land use, the existing underlying zoning district and the land use anticipated in the future. For the purposes of this report, several sub-areas are identified below. The purpose of discussing these sub-areas is an attempt to reflect the predominant existing land uses that are present in these areas and the homogeneous nature of the uses in these areas. However, for specific locations within the Area reference should be made to Exhibit C.

#### Industrial Core

This sub-area represents the core of the industrial portion of the Area. This sub-area encompasses the majority of the northern and northeastern portion of the Area and generally includes the area north of 47<sup>th</sup> Street and east of Ashland Avenue and north of 43<sup>rd</sup> Street west of Ashland Avenue. Existing land uses in this sub-area are predominately industrial with a limited number of scattered commercial and residential uses. The underlying zoning for this sub-area is predominately industrial.

The Generalized Land Use Plan calls for a continuation of industrial uses in this area and attempts to reflect existing land uses and underlying zoning where possible. In addition, mixed use has been included in a portion of this sub-area should expansion of other uses be necessary. However, it is the intent in this sub-area to mainly provide for large-scale industrial uses that can be developed or redeveloped on the larger lots that currently exist. Development is intended to mirror development in adjacent industrial areas.

#### 47<sup>th</sup> Street, 51<sup>st</sup> Street and Ashland Avenue

Along Ashland Avenue, 47<sup>th</sup> Street and 51<sup>st</sup> Street, commercial and widely scattered ground floor residential uses currently exist. Underlying zoning designations along these corridors are generally commercial or business in nature. The Generalized Land Use Plan calls for continued commercial uses along these corridors and allows for the inclusion of mixed use where appropriate. Residential uses are not anticipated to be the dominant land use at the ground level in areas identified as commercial. However, in those instances where upper floor residential uses can be appropriately developed above ground floor commercial uses, they should be supported.

Residential (Justine, Laflin, Bishop and Loomis)

This sub-area generally consists of existing residential uses along Justine, Laflin, and Bishop Streets and Loomis Boulevard. The Generalized Land Use Plan indicates that the property in this sub-area should continue to be used for residential purposes (with the exception of Richards High School which is identified as institutional). The Generalized Land Use Plan reflects underlying zoning that also calls for the sub-area to continue to serve as a residential area. The Generalized Land Use Plan adds the residential component to provide for in-fill residential construction and rehabilitation of residential uses within the Area where they are most appropriate.

It is not the intent of the Generalized Land Use Plan to eliminate non-conforming existing uses. The intent is to prohibit the expansion of certain uses where inappropriate, promote changes in use where appropriate and allow the various sub-areas to remain intact so that defined commercial corridors, industrial districts and residential neighborhoods can be maintained. Existing non-conforming uses may remain until such time that they are no longer viable for their current use as determined under other City ordinances governing non-conforming uses or become redeveloped in a manner consistent with this Plan.

C. Redevelopment Projects

To achieve the objectives proposed in the Plan, a number of projects and activities will need to be undertaken. An essential element of the Plan is a combination of private projects, as well as public projects and infrastructure improvements. All redevelopment project activities will be subject to the provisions of the City's ordinances and applicable codes as may be in existence and may be amended from time-to-time. Projects and activities necessary to implement the Plan may include the following:

1. Private Redevelopment Projects:

Rehabilitation of existing properties including adaptive reuse of certain existing buildings built for one use but proposed for another use. New construction or reconstruction of private buildings at various locations as permitted by the Plan.

2. Public Redevelopment Projects:

Public projects and support activities will be used to induce and complement private investment. These may include, but are not limited to: street improvements, building rehabilitation, land assembly and site preparation; street work; transportation improvement programs and facilities; public utilities (water, sanitary and storm sewer facilities); environmental clean-up; park

1. The first of these is the fact that the *in vitro* and *in vivo* data are in good agreement. This is a very important point, as it shows that the results obtained from the *in vitro* studies are not artefacts of the experimental conditions.

| 8. Interest Subsidy                                                                                                                                       | \$ 2,200,000                     |
| <b>Total Redevelopment Costs<sup>2,3</sup></b>                                                                                                            | <b>\$ 25,000,000<sup>4</sup></b> |

<sup>1</sup>This category may also include paying for or reimbursing (i) an elementary, secondary or unit school district's increased costs attributed to assisted housing units, and (ii) capital costs of taxing districts impacted by the redevelopment of the Project Area. As permitted by the Act, to the extent the City by written agreement accepts and approves the same, the City may pay, or reimburse all, or a portion of a taxing district's capital costs resulting from a redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of this Plan.

<sup>2</sup>Total Redevelopment Project Costs exclude any additional financing costs, including any interest expense, capitalized interest and costs associated with optional redemptions. These costs are subject to prevailing market conditions and are in addition to Total Redevelopment Project Costs.

<sup>3</sup>The amount of the Total Redevelopment Project Costs that can be incurred in the Project Area will be reduced by the amount of redevelopment project costs incurred in contiguous redevelopment project areas, or those separated from the Project Area only by a public right-of-way, that are permitted under the Act to be paid, and are paid, from incremental property taxes generated in the Project Area, but will not be reduced by the amount of redevelopment project costs incurred in the Project Area which are paid from incremental property taxes generated in contiguous redevelopment project areas or those separated from the Project Area only by a public right-of-way.

<sup>4</sup>Increases in estimated Total Redevelopment Project Costs of more than five percent, after adjustment for inflation from the date of the Plan adoption, are subject to the Plan amendment procedures as provided under the Act.

Additional funding from other sources such as federal, state, county, or local grant funds may be utilized to supplement the City's ability to finance Redevelopment Project Costs identified above.

For properties described on Exhibit H-1 and H-2, the acquisition of occupied properties by the City shall commence within four (4) years from the date of the publication of the ordinance approving the Plan. Acquisition

shall be deemed to have commenced with the sending of an offer letter. After the expiration of this four-year period, the City may acquire such property pursuant to this Plan under the Act according to its customary procedures as described in the preceding paragraph.

The City may demolish improvements, remove and grade soils and prepare sites with soils and materials suitable for new construction. Acquisition, clearance and demolition will, to the greatest extent possible, be timed to coincide with redevelopment activities so that tax-producing redevelopment closely follows site clearance.

The City may (a) acquire any historic structure (whether a designated City or State landmark or on, or eligible for, nomination to the National Register of Historic Places); (b) demolish any non-historic feature of such structure; and (c) incorporate any historic structure or historic feature into a development on the subject property or adjoining property.

There were two buildings identified in the Chicago Historic Resources Survey (CHRS) as being significant. The Peoples Theater at 1616 W. 47<sup>th</sup> Street and Goldblatt's Brothers Store at 4700 S. Ashland Avenue may be eligible for listing on the National Register of Historic Places. At the time of this writing, the Goldblatt's Brothers Store had recently reopened and is occupied. However, the Peoples Theater is currently vacant and dilapidated. In addition, several commercial building facades were identified during field investigation as being significant. These building facades are located along Ashland Avenue near the intersection of Ashland and 47<sup>th</sup> Street.

Relocation assistance may be provided in order to facilitate redevelopment of portions of the Area, and to meet the other City objectives. Businesses or households legally occupying properties to be acquired by the City may be provided with relocation advisory and/or financial assistance as determined by the City. The Housing Impact Study, included as Appendix, Attachment Five contains further details with respect to location and number of residential units that may require relocation and the relocation plan for any residents displaced as a result of this Plan.

In the event that the implementation of the Plan results in the removal of residential housing units in the Project Area occupied by low-income households or very low-income households, or the displacement of low-income households or very low-income households from such residential housing units, such households shall be provided affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations thereunder, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. The City shall make a good faith effort to ensure that this affordable housing is located in or near the Project Area.

As used in the above paragraph "low-income households", "very low-income households" and "affordable housing" shall have the meanings as set forth in Section 3 of the Illinois Affordable Housing Act, 310 ILCS 64/3. As of the date of this Plan, these statutory terms are defined as follows: (i) "low-income household" means a single person, family or unrelated persons living together whose adjusted income is more than 50 percent but less than 80 percent of the median income of the area of residence, adjusted for family size, as such adjusted income and median income are determined from time to time by the United States Department of Housing and Urban Development ("HUD") for purposes of Section 8 of the United States Housing Act of 1937; (ii) "very low-income household" means a single person, family or unrelated persons living together whose adjusted income is not more than 50 percent of the median income of the area of residence, adjusted for family size, as so determined by HUD; and (iii) "affordable housing" means residential housing that, so long as the same is occupied by low-income households or very low-income households, requires payment of monthly housing costs, including utilities other than telephone, of no more than 30 percent of the maximum allowable income for such households, as applicable.

As set forth in the Act, if the redevelopment plan for a redevelopment project area would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and a municipality is unable to certify that no displacement will occur, the municipality must prepare a housing impact study and incorporate the study in the redevelopment project plan.

The Area contains 716 inhabited residential units. The Plan provides the development or redevelopment of several portions of the Area the may contain occupied residential units. As a result, it is possible that by implementation of this Plan, the displacement of residents from 10 or more inhabited residential units could occur.

The results of the housing impact study section are described in a separate report which presents certain factual information required by the Act. The report, prepared by the Consultant, is entitled "*The 47th/Ashland Tax Increment Financing Redevelopment Plan and Project Housing Impact Study*" and is attached as Appendix, Attachment Five of this Plan.

#### **D. Assessment of Financial Impact on Taxing Districts**

In 1994, the Act was amended to require an assessment of any financial impact of the Redevelopment Project Area on, or any increased demand for services from, any taxing district affected by the Redevelopment Plan and a description of any program to address such financial impacts or increased demand. The City intends to moni-

tor development in the Area and with the cooperation of the other affected taxing districts will attempt to ensure that any increased needs are addressed in connection with any particular development.

The following taxing districts presently levy taxes against all properties located within the Area:

Cook County. The County has principal responsibility for the protection of persons and property, the provision of public health services and the maintenance of County highways.

Cook County Forest Preserve District. The Forest Preserve District is responsible for acquisition, restoration and management of lands for the purpose of protecting and preserving open space in the City and County for the education, pleasure and recreation of the public.

Metropolitan Water Reclamation District of Greater Chicago. This district provides the main trunk lines for the collection of wastewater from cities, villages and towns, and for the treatment and disposal thereof.

Chicago Community College District 508. This district is a unit of the State of Illinois' system of public community colleges, whose objective is to meet the educational needs of residents of the City and other students seeking higher education programs and services.

Board of Education of the City of Chicago. General responsibilities of the Board of Education include the provision, maintenance and operations of educational facilities and the provision of educational services for kindergarten through twelfth grade. Hamline School, Chavez Center, Seward School and Richards High School are located within the Area. These schools are identified on Exhibit A, Boundary Map of TIF Area included in Attachment Two of the Appendix.

Chicago Park District. The Park District is responsible for the provision, maintenance and operation of park and recreational facilities throughout the City and for the provision of recreation programs. No public parks are located within the Area.

Chicago School Finance Authority. The Authority was created in 1980 to exercise oversight and control over the financial affairs of the Board of Education.

City of Chicago. The City is responsible for the provision of a wide range of municipal services, including: police and fire protection; capital improvements and maintenance; water supply and distribution; sanitation service; building, housing and zoning codes, etc.

City of Chicago Library Fund. There are no public libraries located within the boundaries of the Area.

In addition, the following entities have taxing jurisdiction over a portion of the Area:

Southwest Home Equity Assurance Program.

Bridgeport Home Equity Assurance Program (the Bridgeport Home Equity Assurance program is not a functioning agency at this time).

City of Chicago Special Service Area No. 10.

City of Chicago Special Service Area No. 13

The City finds that the financial impact of the Plan and the Area on the taxing districts listed above is not significant. The replacement of vacant and underutilized properties with new development may cause some increased demand for services and/or capital improvements provided by the Metropolitan Water Reclamation District (M.W.R.D.), and fire and police protection as well as sanitary collection, recycling, etc. by the City. It is expected that any increase in demand for sanitary and storm sewage facilities can be adequately handled by existing treatment facilities of the M.W.R.D. Likewise, facilities of the City of Chicago are adequate to handle any increased demands that may occur. In addition, some existing residential development may be replaced by new or expanded commercial or industrial uses and therefore will have an offsetting effect to any new residential development.

The purpose of this Plan is to: (i) revitalize and restore existing industrial, business and residential areas; (ii) assemble tracts of land for new private development; (iii) accomplish a planned program of public improvements to achieve new business and residential in-fill development wherever possible and (iv) address the needs identified herein which cause the Area to qualify for TIF under the Act. Existing built-up areas are proposed to be revitalized and stabilized. This will not result in a need for new facilities or expanded services from area taxing bodies. In addition, the costs presented in Table 6-1 - Estimated Redevelopment Project Costs, include capital improvement costs for capital improvements associated with taxing district facilities located within the Area. TIF funds may be used to improve the taxing district facilities listed previously.

The Area represents a very small portion (0.13%) of the total tax base of the City. The EAV of the Area has been growing at a rate below that of the balance of the City of Chicago and CPI in recent years, as previously noted. Hence, the taxing bodies will benefit from a program designed to stabilize the tax base in the Area, check the declining tax revenues that are the result of deteriorated conditions in the Area and attract new growth and development in the future.

It is expected that benefits from new public and private investment in the Area will result in spillover of new development and investment in property, and therefore increased property values, in adjoining neighborhoods of the community. The potential for the realization of this trend is borne out by data that was compiled by

the Illinois Department of Revenue (DOR). In a report from December 10, 1997, the DOR notes that E.A.V. grows at a faster rate (6.7%) in areas outside of TIF boundaries, in communities where TIF's have been created than it does in communities that have not created TIF's, where the E.A.V. grew by only 3.5%. Therefore, DOR's research suggests that establishment of the Area and Plan is likely to also have this spillover effect and will generate additional tax revenue for the City and other local taxing bodies from investment outside its borders.

#### **E. Prior Efforts**

A description has been previously given regarding prior plans, studies and activities initiated by the City and others designed to guide the revitalization of the Area. Each of these prior efforts involved area residents, elected officials, businesses and groups such as the Back of the Yards Neighborhood Council. Meetings held in the Area have elicited comments and input from those residing in or doing business in the Area.

Each of the efforts outlined previously have documented the need for continued and broader efforts to address the very significant needs of the Area. The community leaders and businesses point to the need for expanded concerted efforts to:

- Eliminate the blighting factors;
- Redevelop abandoned sites;
- Reduce crime;
- Improve transportation services, including provision of centralized parking areas, incorporation of vehicular traffic and safety measures and viaduct improvements;
- Initiate employment training programs so as to better prepare the labor force in the Area for employment opportunities;
- Undertake physical improvements to improve the appearance, image and marketability of the Area; and
- Encourage other proposals that can create long-term economic life and stability.

### **SECTION VII - STATUTORY COMPLIANCE AND IMPLEMENTATION STRATEGY**

#### **A. Implementation Strategy**

The development and follow through of an implementation strategy is an essential element in achieving the success of this Plan. In order to maximize program eff-

ciency and to take advantage of current developer interest in the Area, and with full consideration of available funds, a phased implementation strategy will be employed.

The City may enter into agreements with public entities or private developers, where deemed appropriate by the City, to facilitate public or private projects. The City may also contract with others to accomplish certain public projects and activities as contained in this Plan.

Costs that may be incurred by the City in implementing this Plan may include, without limitation, project costs and expenses that may be eligible under the Act, as amended from time to time, including those costs that are necessary and related or incidental to those listed below as currently permitted by the Act.

The various redevelopment expenditures that are eligible for payment or reimbursement under the Act are reviewed below. A list of estimated redevelopment project costs that are deemed to be necessary to implement this Plan were previously provided in Section 6, Table 6-1, Estimate Redevelopment Project Costs.

#### 1. Eligible Redevelopment Costs

Redevelopment project costs include the sum total of all reasonable or necessary costs incurred, estimated to be incurred, or incidental to this Plan pursuant to the Act. Such costs may include, without limitation, the following:

- a) Costs of studies, surveys, development of plans and specifications, implementation and administration of the Plan, including but not limited to, staff and professional service costs for architectural, engineering, legal, financial, planning, or other services (excluding lobbying expenses), provided that no charges for professional services are based on a percentage of the tax increment collected;
- b) Costs of marketing sites within the Area to prospective businesses, developers, and investors;
- c) Property assembly costs, including but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to, parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

- d) Costs of rehabilitation, reconstruction, or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the costs of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment and the costs of the construction of public works or improvements subject to the limitations in Section 74.4-3(q)(4) of the Act;
- e) Costs of job training and retraining projects, including the costs of "welfare to work" programs implemented by businesses located within the Area and such proposals that feature a community-based training program which ensures maximum reasonable opportunities for residents of the New City Community Area with particular attention to the needs of those residents who have previously experienced inadequate employment opportunities and development of job-related skills including residents of public and other subsidized housing and people with disabilities;
- f) Financing costs, including but not limited to, all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued thereunder, including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding thirty-six (36) months following completion and including reasonable reserves related thereto;
- g) To the extent the City, by written agreement, accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred (consistent with statutory requirements) within the taxing district in furtherance of the objectives of the Plan and Project.
- h) Relocation costs, to the extent that the City determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or state law or by Section 74.4-3(n)(7) of the Act (see "Relocation" section);
- i) Payments in lieu of taxes, as defined in the Act;
- j) Costs of job training, retraining, advanced vocational education or career education, including but not limited to, courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs: (i) are related to the establishment and maintenance of additional job training,

advanced vocational education or career education programs for persons employed or to be employed by employers located in a Redevelopment Project Area; (ii) when incurred by a taxing district or taxing districts other than the City, are set forth in a written agreement by or among the City and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to, the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to the Public Community College Act 110 ILCS 805/3-37, 805/3-38, 805/3-40 and 805/3-40.1 and by school districts of costs pursuant to 105 ILCS 5/10-22.20a and 5/10-23.3a;

- k) Interest costs incurred by a redeveloper related to the construction, renovation, or rehabilitation of a redevelopment project provided that:
  - (i) such costs are to be paid directly from the special tax allocation fund established pursuant to the Act;
  - (ii) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;
  - (iii) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this provision then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;
  - (iv) the total of such interest payments paid pursuant to the Act may not exceed 30% of the total: (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by the City pursuant to the Act; and
  - (v) the 30% limitation in (ii) and (iv) above may be increased to up to 75% of the interest cost incurred by a redeveloper for the financing of rehabilitated or new housing for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act.
- l) An elementary, secondary, or unit school district's increased costs attributable to assisted housing units as provided in the Act;
- m) Up to 50% of the cost of construction, renovation and/or rehabilitation of all low- and very low-income housing units (for ownership or rental) as defined in Section 3 of the Illinois Affordable Housing Act. If the units are part of a residential redevelopment project that includes units not affordable to low- and very low-income households, only the low- and very low-income units shall be eligible for this benefit under the Act;

- n) The cost of daycare services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the City, county or regional median income as determined from time to time by the United States Department of Housing and Urban Development.

If a special service area has been established pursuant to the Special Service Area Tax Act, 35 ILCS 235/0.01 et seq., then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act may be used within the redevelopment project area for the purposes permitted by the Special Service Area Tax Act as well as the purposes permitted by the Act;

- o) Unless explicitly provided in the Act, the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project costs;

In the event the Act is amended after the date of approval of this Plan by the City Council of Chicago to (a) include new eligible redevelopment project costs, or (b) expand the scope or increase the amount of existing eligible redevelopment project costs (such as, for example, by increasing the amount of incurred interests costs that may be paid under 65 ILCS 5/1-74.4-3(q)(11)), this Plan shall be deemed to incorporate such additional, expanded or increased eligible costs as eligible costs under the Plan, to the extent permitted by the Act. In the event of such amendment(s), the City may add any new eligible redevelopment project costs as a line item in Table 6-1 or otherwise adjust the line items in Table 6-1 without amendment to this Plan, to the extent permitted by the Act. In no instance, however, shall such additions or adjustments result in any increase in the total redevelopment project costs without a further amendment to this Plan.

#### **B. Most Recent Equalized Assessed Valuation**

The purpose of identifying the most recent equalized assessed valuation ("EAV") of the Area is to provide an estimate of the initial EAV which the Cook County Clerk will certify for the purpose of annually calculating the incremental EAV and incremental property taxes of the Redevelopment Project Area. The 2000 EAV of all taxable parcels in the Redevelopment Project Area is approximately \$53.7 million. This total EAV amount by PIN is summarized in, 2000 Estimated E.A.V. by Tax Parcel included as Attachment Four in the Appendix. The EAV is subject to verification by the Cook County Clerk. After verification, the final figure shall be certified by the Cook County Clerk, and shall become the Certified Initial EAV from which all incremental property taxes in the Redevelopment Project Area will be calculated.

culated by Cook County. If the 2001 EAV shall become available prior to the date of the adoption of this Plan by the City Council, the City may update the Redevelopment Plan by replacing the 2000 EAV with the 2001 EAV without further City Council action.

**C. Redevelopment Valuation**

Contingent on the adoption of this Plan, it is anticipated that several major private developments and/or improvements may occur within the Area. The private redevelopment investment and anticipated growth that will result from redevelopment and rehab activity in this Area is expected to increase the equalized assessed valuation by approximately \$25 million to \$30 million over the 23-year period in which the Plan is in place. This is based, in part, upon an assumption that the undeveloped land will be built upon with new development and that the vacant buildings will be improved and increase in assessed value. These actions will stabilize values in the remainder of the Area and further stimulate rehab and expansion of existing viable businesses.

**D. Sources of Funds**

Funds necessary to pay for Redevelopment Project Costs and secure municipal obligations issued for such costs are to be derived primarily from Incremental Property Taxes. Other sources of funds which may be used to pay for Redevelopment Project Costs or secure municipal obligations are land disposition proceeds, state and federal grants, investment income, private financing and other legally permissible funds the City may deem appropriate. The City may incur redevelopment project costs which are paid for from funds of the City other than incremental taxes, and the City may then be reimbursed for such costs from incremental taxes. Also, the City may permit the utilization of guarantees, deposits and other forms of security made available by private sector developers. Additionally, the City may utilize revenues, other than State sales tax increment revenues, received under the Act from one redevelopment project area for eligible costs in another redevelopment project area that is either contiguous to, or is separated only by a public right-of-way from, the redevelopment project area from which revenue is received.

The Area is adjacent to two Redevelopment Project Areas and one industrial corridor (see Exhibit I, Adjacent Redevelopment Areas Map, contained in Attachment Two of the Appendix):

- the Stockyards Industrial Corridor;
- the Stockyards Southeast Quadrant Industrial Redevelopment Project Area; and
- Stockyards-Industrial-Commercial Redevelopment Area.

The Area is currently, and may in the future, be contiguous to, or be separated only by a public right-of-way from, other redevelopment project areas created under the Act. The City may utilize net incremental property taxes received from the Area to pay eligible Redevelopment Project Costs, or obligations issued to pay

such costs, in other contiguous redevelopment project areas, or those separated only by a public right-of-way, and vice versa. The amount of revenue from the Area, made available to support such contiguous redevelopment project areas, or those separated only by a public right-of-way, when added to all amounts used to pay eligible Redevelopment Project Costs within the Area, shall not at any time exceed the total Redevelopment Project Costs described in this Plan.

The Area may become contiguous to, or be separated only by a public right-of-way from, redevelopment project areas created under the Industrial Jobs Recovery Law (65 ILCS 5/11-74.61-1, et seq.). If the City finds that the goals, objectives, and financial success of such contiguous redevelopment project areas, or those separated only by a public right-of-way, are interdependent with those of the Area, the City may determine that it is in the best interests of the City and in furtherance of the purposes of the Plan that net revenues from the Area be made available to support any such redevelopment project areas, and vice versa. The City therefore proposes to utilize net incremental revenues received from the Area to pay eligible Redevelopment Project Costs (which are eligible under the Industrial Jobs Recovery Law referred to above) in any such areas, and vice versa. Such revenues may be transferred or loaned between the Area and such areas. The amount of revenue from the Area so made available, when added to all amounts used to pay eligible Redevelopment Project Costs within the Area or other areas as described in the preceding paragraph, shall not at any time exceed the total Redevelopment Project Costs described in Table 6-1 of this Plan.

**E. Nature and Term of Obligation and Completion of the Redevelopment Plan**

The City may issue obligations secured by Incremental Property Taxes pursuant to Section 11-74.4-7 of the Act. To enhance the security of a municipal obligation, the City may pledge its full faith and credit through the issuance of general obligations bonds. Additionally, the City may provide other legally permissible credit enhancements to any obligations issued pursuant to the Act.

The redevelopment project shall be completed, and all obligations issued to finance redevelopment costs shall be retired, no later than December 31 of the year in which the payment to the City treasurer as provided in the Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year following the year in which the ordinance approving the Area is adopted (i.e., assuming City Council approval of the Area and Plan in 2002), by 2025. Also the final maturity date of any such obligations which are issued may not be later than 20 years from their respective dates of issue. One or more series of obligations may be sold at one or more times in order to implement this Plan. Obligations may be issued on a parity or subordinated basis.

In addition to paying Redevelopment Project Costs, Incremental Property Taxes may be used for the scheduled retirement of obligations, mandatory or optional redemptions, establishment of debt service reserves and bond sinking funds. To the extent that Incremental Property Taxes are not needed for these purposes, and are not otherwise required, pledged, earmarked or otherwise designated for

the payment of Redevelopment Project Costs, any excess Incremental Property Taxes shall then become available for distribution annually to taxing districts having jurisdiction over the Area in the manner provided by the Act.

**F. Commitment To Fair Employment Practices and Affirmative Action Plan**

The City is committed to and will affirmatively implement the following principles with respect to this Plan:

1. The assurance of equal opportunity in all personnel and employment actions with respect to the Redevelopment Project, including but not limited to hiring, training, transfer, promotion, discipline, fringe benefits, salary, employment working conditions, termination, etc., without regard to race, color, religion, sex, age, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status, source of income, or housing status.
2. Redevelopers will meet City of Chicago standards for participation of 25 percent Minority Business Enterprises and 5 percent Woman Business Enterprises and the City Resident Construction Worker Employment Requirement as required in redevelopment agreements.
3. This commitment to affirmative action and nondiscrimination will ensure that all members of the protected groups are sought out to compete for all job openings and promotional opportunities.
4. Redevelopers will meet City standards for any applicable prevailing wage rate as ascertained by the Illinois Department of Labor to all project employees.

The City shall have the right in its sole discretion to exempt certain small businesses, residential property owners and developers from the above. In order to implement these principles, the City will require and promote equal employment practices and affirmative action on the part of itself and its contractors and vendors. In particular, parties engaged by the City will be required to agree to the principles set forth in this section.

**G. Amending the Redevelopment Plan**

This Plan may be amended in accordance with the provisions of the Act.

**H. Conformity of the Plan for the Area To Land Uses Approved by the Planning Commission of the City**

This Plan and the Project described herein include the generalized land uses set forth on the Generalized Land Use Plan, as approved by the Chicago Plan Commission prior to the adoption of the Plan by the City of Chicago.

I. City Policies

1. The City may incur redevelopment project costs which are paid for from funds of the City other than incremental taxes and the City may then be reimbursed for such costs from incremental taxes.
2. The City requires that developers who receive TIF assistance for market rate housing set aside 20% of the units to meet affordability criteria established by the City's Department of Housing. Generally, this means the affordable for-sale units should be priced at a level that is affordable to persons earning no more than 120% of the area median income, and affordable rental units should be affordable to persons earning no more than 80% of the area median income.
3. The City may enter into redevelopment agreements or intergovernmental agreements with private entities or public entities to construct, rehabilitate, renovate or restore private or public improvements on one or several parcels (collectively referred to as "Redevelopment Projects").
4. The City will pursue their overall goal of employment of residents within and surrounding the Area in jobs in the Area and in adjacent redevelopment project areas. In this regard, the following objectives are established to meet the goals of the Plan and Project:
  - i. Establish job readiness and job training programs to provide residents within and surrounding the Area with the skills necessary to secure entry level and permanent jobs in the Area and in adjoining Areas.
  - ii. Secure commitments from employers in the Area and adjacent Areas to interview graduates of the Area's job readiness and job training programs.

The above includes taking appropriate actions to work with Area employers, local community organizations, and residents to provide job readiness and job training programs that meet employers hiring needs.

*Eligibility Study.*

### I. Introduction

PGAV Urban Consulting (the "Consultant") has been retained by the City of Chicago (the "City") to prepare a Tax Increment Redevelopment Plan for the proposed redevelopment project area known as the 47th/Ashland Redevelopment Area (the "Area"). Prior to preparation of the Redevelopment Plan, the Consultant undertook various surveys and investigations of the Area to determine whether the Area qualifies for designation as a tax increment financing district, pursuant to the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq., as amended ("Act").

This report summarizes the analyses and findings of the Consultant's work, which is the responsibility of the Consultant. This assignment is the responsibility of PGAV Urban Consulting who has prepared this Eligibility Study with the understanding that the City would rely: 1) on the findings and conclusions of this Eligibility Study in proceeding with the designation of the Area as a redevelopment project area under the Act, and 2) on the fact that PGAV Urban Consulting has obtained the necessary information to conclude that the Area can be designated as a redevelopment project area in compliance with the Act.

Following this introduction, Section II presents background information of the Area including the geographic location, description of current conditions and area data; Section III documents the building condition assessment and qualifications of the Area as a conservation area under the Act. Section IV, Summary and Conclusions, documents the findings of the Eligibility Study.

This Eligibility Study is a part of the overall tax increment redevelopment plan (the "Plan") for the Area. Other portions of the Plan contain information and documentation as required by the Act for a redevelopment plan.

### II. BACKGROUND INFORMATION

#### **A. Location and Size of Area**

The Area is located six miles southwest of downtown Chicago and approximately two miles west of the Dan Ryan Expressway (I-90/94). The Area contains approximately 325 acres and consists of 100 (full and partial) blocks and 1,208 tax parcels.

The Area is irregularly shaped and is adjacent or in close proximity to several existing redevelopment areas located to the north and east (see Exhibit I, Adjacent Redevelopment Areas Map in Attachment Two of the Appendix of the Plan). The core of the Area generally follows three corridors along Ashland Avenue, 47<sup>th</sup> and 51<sup>st</sup> Streets. On the north, along Ashland Avenue, the Area begins at a railroad right-of-way north of 42<sup>nd</sup> Street and continues southward to 53<sup>rd</sup> Street. Along 47<sup>th</sup> Street the Area begins at Racine Avenue on the east and continues westward to a railroad right-of-way west of Hoyne Avenue. Along 51<sup>st</sup> Street the Area begins at Loomis Boulevard on the east and continues west to the alley west of Damen Avenue. In addition, the Area includes several pockets that extend off of the main spines formed by Ashland Avenue, 47<sup>th</sup> and 51<sup>st</sup> Streets.

The boundaries of the Area are described in the Plan, Appendix, Attachment Three - Legal Description and are geographically shown on Plan, Appendix, Attachment Two, Exhibit A - Boundary Map of TIF Area. The existing land uses are identified on Plan, Appendix, Attachment Two, Exhibit B - Generalized Existing Land Use Assessment Map.

#### *B. Description of Current Conditions*

##### Area Decline

Much of the Area is in need of redevelopment, rehabilitation and revitalization. Along Ashland Avenue, 47<sup>th</sup> and 51<sup>st</sup> Streets vacant buildings reflect that deteriorating, and in some instances dilapidated, conditions have resulted in numerous commercial and industrial structures being underutilized. In other sections of the Area older structures exhibit deteriorated conditions and are in need of upgrade and improvement. Several other sites in the Area contain trailer storage yards or junkyards that present a highly negative image and are incompatible with surrounding land uses. Commercial uses and streetscapes are deteriorated and in need of upgrade. Several residential pockets also exhibit deteriorated housing stock. These conditions inhibit the ability of Area properties to maintain commercial, industrial, and residential value.

Long-term (more than one year) vacancies exist in some buildings and sections of the Area are vacant and have not generated private development interest. Approximately 8% of the net land area within the Area is vacant and the presence of approximately 400,000 sq. ft. of vacant floor area add significantly to the view that the Area may experience additional evidence of blight and that market acceptance of portions of the Area is not favorable.

### Assessed Value and Development Activity

Historic Equalized Assessed Values (EAV's) for the Area and the rate of growth for the City of Chicago and the Consumer Price Index (CPI) for All Urban Consumers for the period between 1995 and 2000 are shown below on Table 2-1 - Equalized Assessed Value Trends. Between 1995 and 2000 the City of Chicago EAV increased from \$30.4 billion to \$40.5 billion. The annual percent change in EAV is indicated below on Table 2-1. In 1995 the EAV of the Area was approximately \$46.8 million. In 2000 the EAV of the Area was approximately \$53.7 million. In four of the last 5 years the Area experienced rates of growth below the remainder of the City. In addition, in one of the last 5 years the EAV of the Area grew slower than the Consumer Price Index (CPI) for All Urban Consumers published by the United States Department of Labor. Further, approximately 12% of the properties in the Area are delinquent in the payment of 1999 real estate taxes and 360 violations have been issued on properties since January 1993 by the City Department of Buildings.

In addition, Between January 1996 and June 2001, the building department issued 282 permits. Of this total, 37 were issued for new construction, 88 were issued for demolition, 33 were issued for rehabs to existing buildings, and 124 were issued for repairs.

<sup>1</sup> Consumer Price Index for All Urban Consumers (CPI-U) - Chicago-Gary-Kenosha, IL-IN-WI, United States Bureau of Labor Statistics, January 2002

Of the 37 permits issued for new construction only 8 were issued for construction of new buildings. Of these eight permits, one permit was issued for construction of a single-family residence, five permits for commercial buildings, one permit for an industrial building, and one permit for a school building. The remaining 29 permits for new construction were issued for a variety of site improvements including; garages, fences, etc. Approximately 31% of the permits issued in the last five and one-half years were issued for demolition. Of the 668 buildings and approximately 325 acres in the Area, approximately 92% of the buildings in the Area exceed 35 years of age.

### Transportation

#### Public Transportation

The 47th/Ashland Redevelopment Area is served by several CTA bus routes. These routes include:

##### *North-South Routes*

- Route 9: Ashland Avenue
- Route 44: Racine/Wallace
- Route 48: Damen

##### *East-West Routes*

- Route 43: Root Street
- Route 47: 47<sup>th</sup> Street
- Route 51: 51<sup>st</sup> Street

All of the east/west bus routes intersect the CTA Red Line at the Dan Ryan Expressway approximately two miles to the east. Route 47-47<sup>th</sup> Street and Route 51-51<sup>st</sup> Street also connect to the CTA Orange Line to the west. The east/west lines also provide a direct connection to the CTA Green Line further east. The north/south bus routes intersect the CTA Orange Line approximately two miles north of 47<sup>th</sup> Street at Archer Avenue. No Metra commuter stations are located in the Area. The frequent spacing of CTA bus lines and direct connection service to various CTA train station locations, provides all sections of the Area with reasonable commuter transit alternatives.

#### Street System

**Regional** - Access to the regional street system is primarily provided via the Dan Ryan South Expressway (I-90/94). The Stevenson Expressway (I-55) is located approximately two miles to the north. Access to the Dan Ryan South Expressway is provided via interchanges at 51<sup>st</sup> Street, 43<sup>rd</sup> Street, and Pershing Avenue.

**Local** - Arterial streets in the Area generally have one or two travel lanes in each direction and curbside parking lanes. Arterial class streets are signalized at intersections with other arterial and collector streets. Ashland Avenue and 47<sup>th</sup> Street experience significant volumes of truck traffic and vehicular traffic during all periods of the day.

ods of the day. Access to Area industrial uses east of Ashland Avenue and north of 47<sup>th</sup> Street is gained primarily along the aforementioned streets via 43<sup>rd</sup> Street and Racine Avenue. Much of the truck traffic accessing the "Stockyards" Redevelopment Areas to the north and east also utilize these streets.

*Viaducts* - Several viaducts are located along the I.H.B./G.T.W. Railroad lines that cross the southern portion of the Area. The Ashland Avenue viaduct is marked with a clearance of 14'-6" and is in need of minor repairs due to deteriorated surfaces and walls. The Justine, Laflin, and Loomis viaducts were not marked and appeared to be less than 13'-6" (the minimum standard for use by larger vehicles). All of these viaducts were dilapidated and exhibited spalling, cracked, and damaged surfaces on walls. In addition, the retaining wall that runs along the northern right-of-way line of the I.H.B./G.T.W. rail line between the Ashland Avenue viaduct and the Loomis Avenue viaduct is in need of repair. There are large cracks along the wall and the structure exhibits spalling sections of wall surface.

#### Internal Traffic Patterns and Parking

Several large users in the northern portion of the Area generate the majority of the industrial traffic. The "Stockyards" complex located north of 47<sup>th</sup> Street and east of Ashland Avenue generates significant amounts of truck traffic.

Arterial streets have peak-period parking restrictions, which can increase street capacity and improve efficiency. The commercial areas located along 51<sup>st</sup> Street, 47<sup>th</sup> Street, and Ashland Avenue have limited on-street parking for patrons and employees. Individual businesses along these streets have narrow street frontage and many buildings cover 100% of the lot thereby preventing any on-site parking. In addition, several sites in the northern portion of the Area are hindered by inadequate access via the existing local streets that often are also utilized for parking by adjacent businesses. In one instance vehicles were being repaired by a local vehicle repair business on Marshfield Avenue in the northern portion of the Area. Along South Packers Avenue the lack of parking for area employees creates a unsafe mix of employee vehicles and large semi-trailer trucks trying to access area industry.

#### Pedestrian Traffic

Pedestrian traffic in the Area is concentrated along the major arterial streets in the Area. The 47<sup>th</sup>/Ashland and 51<sup>st</sup>/Ashland intersections have the largest concentration of pedestrian traffic. Numerous street vendors were observed in these sections of the Area. The higher concentration of pedestrian traffic in these areas is associated with commuters utilizing the CTA bus lines along this route and concentrations of commercial uses. Pedestrian traffic is also associated with schools in the Area. Pedestrian traffic in the vicinity of Area schools is present during the peak periods before and after school hours.

Existing Land Use

A tabulation of land area by land use category is provided below:

Table 2-2  
Tabulation of Existing Land Use

| Land Use                           | Land Area Acres | % of Net Land Area <sup>1</sup> | % of Gross Land Area |
|------------------------------------|-----------------|---------------------------------|----------------------|
| Industrial                         | 113             | 49%                             | 35%                  |
| Commercial                         | 68              | 29%                             | 21%                  |
| Institutional, Public, Semi-Public | 14              | 6%                              | 4%                   |

1. Net Land Area does not include public right-of-way.

Note: Percentage and acreage figures are approximated due to rounding.

At the present time, the existing land uses itemized in Table 2-2 are predominantly industrial in nature, as 49% of the net area (exclusive of public right-of-way) is industrial. The Area is also home to commercial uses along Ashland Avenue, 47<sup>th</sup> and 51<sup>st</sup> Streets. The section of the Area along Ashland Avenue contains predominately commercial land uses with some buildings containing upper floor residential and office uses. Commercial uses account for 29% of the net land area. There are no significant multi-tenant retail shopping centers in the Area.

Residential uses in the Area generally consist of three types of structures:

- Isolated residential structures (single-family and multi-family) located along commercial corridors;
- Upper floor residential units in commercial buildings along commercial corridors; and
- Single-family and multi-family structures located in residential neighborhoods.

There are a total of 716 inhabited residential units in the Area as determined during the field survey of area properties. As set forth in the Act, if a redevelopment plan for the Area results in the displacement of residents from 10 or more inhabited residential units, or if the Area contains 75 or more inhabited residential units and the City is unable to certify that no displacement of residents will occur, the municipality shall prepare a housing impact study and incorporate the study in the feasibility report required by subsection (a) of Section 11.74.4-5 (sic) [Section 11.74.4-4.1] of the

Act. Because 75 or more inhabited residential units are located in the Area, a housing impact study has been prepared and is included as an attachment to the Plan as **Appendix, Attachment Five, Housing Impact Study**.

Along the main corridors of Ashland Avenue, 47<sup>th</sup> and 51<sup>st</sup> Streets the residential uses consist of widely scattered residential structures and upper floor residential units in commercial buildings. The southern portion of the Area contains the largest concentration of residential structures along Loomis Boulevard, Justine and Laflin Avenues. 6% of the gross land area and 8% of the net land area is residential in the Area. Along the boundaries of the Area residential uses are in close proximity to the commercial corridors of 51<sup>st</sup>, 47<sup>th</sup> and 43<sup>rd</sup> Streets and Ashland Avenue. The boundary separating residential and commercial uses is often a local access road or alley. These situations often create conflicts between residential and commercial traffic and noise from industrial operations. Institutional and recreational uses such as public schools and playgrounds are also located in the Area. A more detailed description of residential uses in the Area is provided in the Housing Impact Study prepared for the 47th/Ashland Redevelopment Area Plan.

Inadequate parking is present along the commercial corridors of Ashland Avenue, 51<sup>st</sup> and 47<sup>th</sup> Streets. These older commercial corridors along major transportation routes were constructed with little off-street parking for businesses or second floor residential uses. In addition, nearly all the commercial development along these corridors backs up to densely populated residential neighborhoods. These parking arrangements cause competition for parking between residents, employees and patrons of area businesses who must park on adjacent streets to access the Area. These conditions create a negative shopping environment and can lead to property crime to vehicles and inhibit public safety and security for residents, employees and patrons that must park their vehicles on adjacent streets and walk to their destination.

#### **Zoning Characteristics**

The majority of property within the Area is zoned for manufacturing uses. Commercial and business zoning is predominant along 51<sup>st</sup> and 47<sup>th</sup> Streets and Ashland Avenue. Several pockets of residential zoning exist in the Area. These zones are primarily associated with institutional uses and the residential uses located in the southern portion of the Area (see Plan, Appendix, Attachment Two, Exhibit E, Generalized Existing Zoning Map).

#### **Historic Structures**

There are two structures in the Area listed in the Chicago Historic Resources Survey (CHRS). The Peoples Theater, 1616 W. 47<sup>th</sup> Street, is a Classical Revival building designed by Rapp and Rapp. The theater was built in 1917. The Goldblatt's Brothers Store, 4700 S. Ashland is a neighborhood department store built in the "Chicago School" style. Both of these structures would be eligible for listing on the National

Register of Historic Places but currently are not listed on the National Register. At the time of this writing, the Goldblatt's Brothers Store had recently reopened and is occupied. However, the Peoples Theater is currently vacant and dilapidated. In addition, several commercial building facades were identified during field investigation as being significant. These building facades are located along Ashland Avenue near the intersection of Ashland and 47<sup>th</sup> Street. However, many of these buildings and the existing streetscape are in need of repair and improvement.

### Prior Redevelopment Efforts

Prior redevelopment efforts by the City, Area leaders and residents, businesses and business groups have been associated with on-going business retention efforts, education efforts and scattered street improvements in the Area. To the north and east of the Area three redevelopment areas have been established (See Exhibit I, Adjacent Redevelopment Areas Map, contained in Attachment Two of the Appendix of the Plan). These Areas are: the Stockyards Industrial-Commercial Redevelopment Area; the Stockyards Southeast Quadrant Industrial Redevelopment Area; and the Stockyards Annex Redevelopment Project Area. The establishment of these three areas has resulted in an increase in development activity north of the Area. However, these initiatives have not resulted in significant redevelopment activity in the Area and decline continues. The City has begun to implement capital improvements for street and alley repair and repaving of some streets near the Area. However, these activities have been limited to residential streets.

The City and the State of Illinois ("State") have also included much of the Area in an Enterprise Zone (See Exhibit G, Enterprise Zone Map, contained in Attachment Two of the Appendix of the Plan). As noted on the map, a significant portion of the Area (approximately 80%) is located in Enterprise Zone 2. In addition, the City and the U. S. Department of Housing and Urban Development have included a significant portion of the Area (approximately 48%) in the Federal Empowerment Zone Program (See Exhibit F, Empowerment Zone Map, contained in Attachment Two of the Appendix of the Plan).

However, these initiatives have not reversed decline throughout much of the Area. It is anticipated that in the future, the Enterprise Zone and Empowerment Zone in conjunction with components of this tax increment finance strategy, will greatly assist in addressing Area problems. Obstacles to efficient business operations for existing Area businesses and industries continue to include:

- poor street maintenance;
- limited street access to some portions of the Area;
- awkward traffic arrangements and limited parking;
- a need to improve transportation facilities and services;
- elimination of blighted conditions; and
- a need to provide improved training programs for area employees and residents.

### III. QUALIFICATION OF THE AREA

#### A. *Illinois Tax Increment Allocation Redevelopment Act*

The Act authorizes Illinois municipalities to redevelop locally designated deteriorated areas through tax increment financing. In order for an area to qualify as a tax increment financing district, it must first be designated as a blighted area, a conservation area (or a combination of the two) or an industrial park conservation area as defined at 5/11-74.4-3(a) of the Act. Based on the criteria set forth in the Act the Area was determined to qualify as a conservation area. As set forth in the Act a conservation area is:

*"conservation area means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area.*

- (1) *Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.*
- (2) *Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.*
- (3) *Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.*
- (4) *Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.*
- (5) *Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.*
- (6) *Excessive vacancies. The presence of buildings that are unoccupied or underutilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.*
- (7) *Lack of ventilation, light or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. In-*

adequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

- (8) **Inadequate utilities.** Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.
- (9) **Excessive land coverage and the overcrowding of structures and community facilities.** The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.
- (10) **Deleterious land use or layout.** The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.
- (11) **Lack of community planning.** The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.
- (12) **The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment project area.**
- (13) **The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.**

### ***B. Survey, Analysis and Distribution of Eligibility Factors***

A parcel-by-parcel analysis of the Area was conducted to identify the presence of eligibility factors (see **Conservation Factors Matrix, Table 3-1**, contained on the following pages). A form similar to Table 3-1 was used to document the conditions of Area buildings and properties during field surveys. The data from the field survey was consolidated by block area for each of the factors relevant to making a finding of eligibility is present as stated in the tabulations presented in Table 3-1.

### ***C. Evaluation Procedure***

Professional senior planners and a registered architect from the staff of PGAV Urban Consulting conducted exterior surveys of observable conditions on all properties, buildings and public and private improvements located in the Area. These inspectors have been trained in TIF survey techniques and have extensive experience in similar undertakings.

The surveys examined not only the condition and use of buildings but also included surveys of streets, sidewalks, curbs, gutters, lighting, vacant land, underutilized land, parking facilities, landscaping, fences and walls, and general maintenance. In addition, an analysis was conducted on existing site coverage, parking and land uses, and their relationship to the surrounding Area. Investigators also researched historic photos and were assisted by information obtained from the City of Chicago and the Back of the Yards Neighborhood Council. The boundary and qualification of the Area was determined by the field investigations, eligibility requirements described in the Act and the needs and deficiencies of the Area.

### ***D. Investigation and Analysis of Factors***

In determining whether or not the proposed Area meets the eligibility requirements of the Act, various methods of research were used in addition to the field surveys. The data includes information assembled from the sources below:

1. Contacts with local individuals knowledgeable as to Area conditions and history, age of buildings and site improvements, methods of construction, real estate records and related items, and other information related to the Area was used. In addition, aerial photographs, Sidwell block sheets, etc. were also utilized.
2. Inspection and research as to the condition of local buildings, streets, utilities, etc.

tions in older buildings can be the initial indicators that the factors used to qualify the Area may be present.

#### Summary of Findings Regarding Age:

*The Area contains a total of 668 buildings, of which 92%, or 617 buildings are 35 years of age or older as determined by field surveys and local research. In many instances buildings are significantly older than 35 years of age and were constructed late in the 19<sup>th</sup> century or early in the 20<sup>th</sup> century. Therefore, the Area meets the threshold requirement for a conservation area in that 50% or more of the structures in the Area exceed 35 years of age.*

#### 1. Dilapidation

Dilapidation as a factor is based upon the documented presence and reasonable distribution of buildings and improvements in an advanced state of disrepair. The field survey of buildings in the Area found structures with severely leaning or bowing bearing walls and parapet walls, critical defects in primary structural components such as severely sagging roofs, damaged floor structures and foundations exhibiting major cracks or displacement. 42<sup>nd</sup> Street, 43<sup>rd</sup> Street, 49<sup>th</sup> Street, Marshfield Avenue, Bishop Street, Hoyne Avenue, and Loomis Boulevard all exhibited damaged driving surfaces. In addition, several surface parking lots, sections of fencing associated with commercial and industrial uses, sidewalks, curbs and gutters, and alleyways throughout the Area exhibited paved surfaces in need of reconstruction and site fencing that was damaged or missing.

#### Summary of Findings Regarding Dilapidation:

*Of the 668 buildings in the Area, 150 buildings, or 22%, were found to exhibit buildings in an advanced state of disrepair. In addition, street surfaces, sidewalks, curbs and site improvements were observed to be in need of reconstruction or replacement. They are:*

- *Street and sidewalk - Marshfield Avenue between 43<sup>rd</sup> Street and 42<sup>nd</sup> Street;*
- *Street and sidewalk - 42<sup>nd</sup> Street between Ashland Avenue and Marshfield Avenue;*
- *Street - Loomis between 46<sup>th</sup> Street and 45<sup>th</sup> Street;*
- *Street - Bishop Street between 47<sup>th</sup> Street and 46<sup>th</sup> Street;*
- *Street - 49<sup>th</sup> Street between Loomis Boulevard and Ashland Avenue;*
- *Street - 49<sup>th</sup> Street west of Hoyne Avenue;*
- *Street - Hoyne Avenue between 48<sup>th</sup> Street and 49<sup>th</sup> Street;*
- *Sidewalk and curb - 43<sup>rd</sup> Street between Ashland and Hermitage;*
- *Alleys - Alleyways throughout the Area are in need of repavement;*
- *Site fencing - properties along 43<sup>rd</sup> Street west of Paulina Street; and*
- *Site fencing - properties along 47<sup>th</sup> Street west of Laflin Street;*

## 2. Obsolescence

An obsolete building or improvement is one, which is becoming obsolete or going out of use -- not entirely disused, but gradually becoming so. Thus, obsolescence is the condition or process of falling into disuse. Obsolescence, as a factor, is based upon the documented presence and reasonable distribution of buildings and other site improvements evidencing such obsolescence. Examples include:

- a. **Functional Obsolescence:** Structures are typically built for specific uses or purposes and their design, location, height and space arrangement are each intended for a specific occupancy at a given time. Buildings are obsolete when they contain characteristics or deficiencies, which limit the use and marketability of such buildings. The characteristics may include loss in value to a property resulting from an inherent deficiency existing from poor design or layout, improper orientation of building on site, etc., which detracts from the overall usefulness or desirability of a property. Obsolescence in such buildings is typically difficult and expensive to correct.
- b. **Economic Obsolescence:** Economic obsolescence is normally a result of adverse conditions that cause some degree of market rejection, and hence, depreciation in market values. Typically, buildings classified as dilapidated and buildings that contain vacant space are characterized by problem conditions, which may not be economically curable, resulting in net rental losses and/or depreciation in market value.
- c. **Obsolete platting:** Obsolete platting would include parcels of limited or narrow size and configuration or parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements. Plats that created inadequate right-of-way widths for streets, alleys and other public right-of-ways or which omitted easements for public utilities, should also be considered obsolete.
- d. **Obsolete site improvements:** Site improvements, including sewer and water lines, public utility lines (gas, electric and telephone), roadways, parking areas, parking structures, sidewalks, curbs and gutters, lighting, etc., may also evidence obsolescence in terms of their relationship to contemporary development standards for such improvements. Factors of this obsolescence may include inadequate utility capacities, outdated designs, etc.

Obsolescence was observed in multiple structures. Economically obsolete buildings prominent in the Area include the vacant grocery store located at S. Bishop and 47<sup>th</sup> Street and the vacant theatre located on 47<sup>th</sup> Street. Throughout the Area the lack of on-site parking, vacant storefronts, vacant second and third floor uses and dilapidated or deteriorated building conditions indicate that many of the structures in the Area exhibit some form of obsolescence.

#### Summary of Findings Regarding Obsolescence:

The field survey of buildings in the Area found that certain buildings exhibit characteristics of obsolescence. Obsolete buildings comprised approximately 66% or 440 of the 668 buildings in the Area. Obsolete site improvements also exist in the Area and also include conditions caused by obsolete construction of streets. Narrow streets or driveways, irregular widths, poor or inadequate turning radii or sight lines and lack of paved surfaces on driveways and service areas exist throughout the Area. Inadequate street widths are evident on Marshfield Avenue north of 43<sup>rd</sup> Street and 42<sup>nd</sup> Street west of Ashland Avenue. During certain periods, the activities associated with several commercial and industrial uses in this portion of the Area contribute to periodic traffic congestion that limits access. During these periods, the street system in the vicinity of these operations is so congested that it represents a significant access impediment to fire, ambulance and other emergency vehicles.

### 3. Deterioration

Deterioration refers to physical deficiencies or disrepair in buildings or site improvements requiring treatment or repair. Conditions, which are not easily correctable in the course of normal maintenance, were classified as deteriorated. Such buildings may be classified as deteriorating or in an advanced stage of deterioration, depending upon the degree or extent of defects.

Buildings with major defects in the secondary building components (i.e., damaged doors and door frames, broken windows, window frames and mul-lins, porches in need of material replacement, gutters and downspouts damaged or missing, weathered fascia materials, cracks in masonry walls, spalling masonry surfaces, etc.) were observed in the Area. Many of the commercial structures located along the major streets of the Area exhibited these conditions. In addition, roadways, alleys, curbs, gutters, sidewalks, off-street parking and surface storage areas also evidenced deterioration such as; surface cracking, crumbling, potholes, depressions, loose paving materials, weeds protruding through the surface, etc. Sidewalks and curbs along Ashland Avenue, 43<sup>rd</sup>, 47<sup>th</sup>, and 49<sup>th</sup> Streets exhibited deterioration. Site fencing on many larger commercial and industrial lots was rusting and required repair to individual posts or sections of fencing. In some instances parking areas for vacant properties were being used for trailer storage. In these instances it was evident that the lots and in some cases adjacent streets were

not designed for such use and were exhibiting cracks and other deteriorated conditions as a result of heavy truck traffic.

#### **Summary of Findings Regarding Deterioration:**

*Throughout the Area, deteriorating conditions were recorded on approximately 95% or 633 of the 668 buildings in the Area. The exterior field survey of main buildings in the Area found structures with major defects in the secondary structural components, including windows, doors, gutters, downspouts, porches, chimneys, fascia materials, parapet walls, etc. Deterioration of site improvements and public improvements was also observed. Therefore, deterioration was found to be present in the Area.*

#### **4. Presence of Structures Below Minimum Code Standards**

Structures below minimum code standards include all structures that do not meet the standards of zoning, subdivision, State building laws and regulations. The principal purposes of such codes are to require buildings to be constructed in such a way as to sustain safety of loads expected from various types of occupancy, to be safe for occupancy against fire and similar hazards, and/or establish minimum standards essential for safe and sanitary habitation. Structures below minimum code are characterized by defects or deficiencies that presume to threaten health and safety.

#### **Summary of Findings Regarding Presence of Structures Below Minimum Code Standards:**

*Considering the age of buildings in the Area, it is certain that many of the buildings are below the minimum code standards currently in force by the City of Chicago. However, in order to substantiate these conditions both interior and exterior inspections of the properties would be required. Based on clearly observable conditions evident from exterior inspection, throughout the Area, structures below minimum code were recorded in 21% or 137 of the 668 buildings in the Area. The exterior field survey of main buildings in the Area found structures not in conformance with local zoning codes and structures not safe for occupancy because of fire and similar hazards.*

*In addition, on several Area properties, garbage, trash, discarded tires and abandoned vehicles were observed. Trash and debris from drive-by dumping is illegal and promotes unsanitary or unhealthy conditions. Old tires can collect water and promote mosquito breeding. The presence of open air dumping of trash creates conditions that promote the presence of disease carrying insects and vermin.*

### 5. Illegal Use of Individual Structures

This factor applies to the use of structures in violation of applicable national, state or local laws. Examples of illegal uses may include, but not be limited to, the following:

- a. illegal home occupations;
- b. conduct of any illegal vice activities such as gambling or drug manufacture;
- c. uses not in conformance with local zoning codes and not previously grand fathered in as legal nonconforming uses;
- d. uses involving manufacture, sale, storage or use of dangerous explosives and firearms.

#### **Summary of Findings Regarding Illegal Use of Individual Structures:**

*This factor was documented in one instance in the Area with respect to structures. However, several vagrants were observed in one of the yard areas used for trailer storage. The individuals were using a semi-trailer for shelter and habitation. This condition is extremely unhealthy, unsafe and illegal.*

### 6. Excessive Vacancies

Establishing the presence of this factor requires the documenting of the presence of vacant buildings which are unoccupied or underutilized and which represent an adverse influence on the Area because of the frequency, extent, or duration of such vacancies. It includes properties which evidence no apparent effort directed toward occupancy or utilization and partial vacancies.

During the field investigation of the Area a total of 130 buildings were observed to contain vacant floor space. Based on City of Chicago maps that indicate building footprints it was estimated that approximately 400,000 square feet of floor space was vacant. Based on the condition of some of the vacant floor space (boarded up windows, deteriorated interior finishes, lack of lighting, outdated signage, etc.) it is evident that much of this floor space has been vacant for an extended period of time.

#### **Summary of Findings Regarding Excessive Vacancies:**

*The field investigation indicates that 136 buildings, approximately 20% of the total 668 buildings, have vacant floor space. There is approximately 400,000 sq. ft. of vacant floor space (ground floor and upper floors) in the Area. This space is primarily located in commercial buildings along the primary corridors of the Area.*

*During the field investigation of the Area, the following buildings were observed to contain vacant floor space. Based on City of Chicago maps that indicate building footprints it was estimated that approximately 400,000 square feet of floor space was vacant. Based on the condition of some of the vacant floor space (boarded up windows, deteriorated interior finishes, lack of lighting, outdated signage, etc.) it is evident that much of this floor space has been vacant for an extended period of time.*

*During the field investigation of the Area, the following buildings were observed to contain vacant floor space. Based on City of Chicago maps that indicate building footprints it was estimated that approximately 400,000 square feet of floor space was vacant. Based on the condition of some of the vacant floor space (boarded up windows, deteriorated interior finishes, lack of lighting, outdated signage, etc.) it is evident that much of this floor space has been vacant for an extended period of time.*

## **7. Lack of Ventilation, Light or Sanitary Facilities**

Many older structures fail to provide adequate ventilation, light or sanitary facilities. This is also a characteristic often found in illegal or improper building conversions and in commercial buildings converted to residential usage. Lack of ventilation, light or sanitary facilities is presumed to adversely affect the health and building occupants (i.e., residents, employees or visitors).

### ***Summary of Findings Regarding Lack of Ventilation, Light or Sanitary Facilities:***

*The exterior field survey of main buildings in the Area found structures without adequate mechanical ventilation, natural light and proper window area ratios in the Area. Structures exhibiting a lack of ventilation, light or sanitary facilities were recorded in approximately 3% or 19 of the 668 main buildings.*

## **8. Inadequate Utilities**

Inadequate utilities refers to deficiencies in the capacity or condition of utilities which service a property or area, including, but not limited to, storm drainage, water supply, electrical power, sanitary sewers, gas and electricity.

### ***Summary of Findings Regarding Inadequate Utilities:***

*No evidence of this factor was documented in the Area.*

## **9. Excessive Land Coverage and Overcrowding of Structures and Community Facilities**

This factor may be documented by showing instances where building coverage is excessive. Excessive coverage refers to the over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Problem conditions include buildings either improperly situated on the parcel or located on parcels of inadequate size and/or shape in relation to present-day standards of development for health and safety; and multiple buildings on a single parcel. The resulting inadequate conditions include such factors as insufficient provision for light and air, increased threat of fire due to close proximity to nearby buildings, lack of adequate or proper access to a public right-of-way, lack of required off-street parking, and inadequate provision for loading or service. Excessive land coverage has an adverse or blighting effect on nearby development because problems associated with lack of parking or loading areas impact adjoining properties.

***Summary of Findings Regarding Excessive Land Coverage and Overcrowding of Structures and Community Facilities:***

Structures exhibiting 100% lot coverage with party or fire walls separating one structure from the next is a historical fact of high-density urban development. This situation is common throughout the 47th/Ashland Redevelopment Area.

Numerous commercial and industrial businesses are located in structures that cover 100% of their respective lots. Other businesses are utilizing 100% of their lots for business operations. These conditions typically do not allow for off-street loading facilities for shipping operations or do not provide parking for patrons and employees. This has prompted overflow parking and truck traffic associated with normal business operations to utilize surrounding residential areas for parking and access. In some instances cars were illegally parked across sidewalks and on top of curbs along the narrow local streets that flank industrial portions of the Area. In addition, delivery trucks were observed to be blocking alleys and streets while performing normal delivery operations or accessing shipping facilities. Excessive land coverage and overcrowding of structures and community facilities was exhibited on 65% or 435 of the 668 structures in the Area.

**10. Deleterious Land Use or Layout**

Deleterious land uses include all instances of incompatible land-use relationships, buildings occupied by inappropriate mixed uses, or uses which may be considered noxious, offensive or environmentally unsuitable.

***Summary of Findings Regarding Deleterious Land Use or Layout:***

In an area such as the 47th/Ashland Redevelopment Area where its character has evolved over the years, industrial, commercial and residential uses are often in close proximity to one another. It is not unusual to find small pockets or isolated residential buildings within a predominantly industrial area or an industrial use in a residential area. Although these areas may be excepted by virtue of age and continuous occupancy as legal non-conforming uses (whose existence and use is thereby "grandfathered"), they are, nonetheless, incompatible land uses inasmuch as the character of the Area is negatively influenced by these differing uses. As noted previously, 49% of the net acreage of the Area (minus streets and public right-of-way) is used for industrial purposes and 29% is used for commercial purposes. The combination of limited on-site parking and high density industrial, commercial and residential development in close proximity causes conflicts in traffic, parking and environmental conditions that has promoted deleterious use of land in some portions of the Area. Twenty-nine instances of deleterious land use and layout were observed in the Area. Deleterious land uses and land use relationships were located within, approximately 53% or 16 of the 30 sub-areas identified on Ex-

#### **11. Lack of Community Planning**

This may be counted as a factor if the Area developed prior to or without the benefit or guidance of a community plan. This means that no community plan existed, was considered inadequate, and/or was virtually ignored during the time of the area's development. Indications of a lack of community planning include:

1. Streets in the industrial and commercial areas that are too narrow to accommodate truck movements.
2. Street intersections that do not conform to modern traffic engineering standards and practices.
3. One-way street systems that exist with little regard for overall systematic traffic planning.
4. Street parking existing on streets that are too narrow to accommodate two-way traffic and street parking.
5. Viaducts that are lower than minimum height requirements creating truck clearance problems.
6. Some larger tracts of land suffer from improper platting that has led to some parcels having awkward configuration and/or unusual dimensions for their use.
7. Some properties in the Area do not enjoy good access to public streets.
8. Some pockets of residential land use and residential zoning exist that present incompatible relationships in areas with a heavy industrial environment.
9. Numerous commercial/industrial properties exist that are too small to adequately accommodate appropriate off-street parking and loading requirements.

#### ***Summary of Findings Regarding Lack of Community Planning:***

*The field investigation indicates that 96 instances of a lack of community planning were observed in the Area with respect to improved property. Lack of*

*Community Planning was observed within 93% or 28 of the 30 sub-areas identified on Exhibit E - Sub-Area Key Map. In addition, conditions exist that indicate community planning has been inadequate with respect to public improvements:*

- *Along the IHB Railroad right-of-way that bisects the southern portion of the Area several viaducts are not posted with clearance heights. In most cases these viaducts do not meet the minimum clearance standards of 13' 6". Viaducts that do not meet the minimum clearance of 13' 6" are located at the Justines, Laflin, and Loomis Avenue crossings in the southern portion of the Area.*

#### **12. Environmental Remediation Costs**

If an Area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment project area then this factor may be counted.

*Summary of Findings Regarding Environmental Remediation Costs: Investigation did not indicate the presence of this factor.*

#### **13. Declining or Lagging Rate of Growth of Total Equalized Assessed Valuation**

If the total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available then this factor may be counted.

*Summary of Findings Regarding Declining or Lagging Rate of Growth of Total Equalized Assessed Valuation:*

*Investigation of historic EAV indicated the presence of this factor. The EAV of the Area has grown slower than the balance of the City of Chicago in 4 of the*

last 5 calendar years. In addition, the EAV of the Area has grown slower than the Consumer Price Index (CPI) for All Urban Consumers in 1 of the last 5 calendar years.

**F. Conclusion of Investigation of Eligibility Factors for the Redevelopment Project Area**

Vacancies, deteriorated, dilapidated and obsolete structures and site improvements are evidence of the declining conditions in the Area. These conditions also underscore the lack of private investment and rejection of the Area by the private market.

The City and the State of Illinois have designated 80% of the Area as a State of Illinois Enterprise Zone (Zone No. 2) and 48% of the Area as a Federal Empowerment Zone. In addition, a portion of the Area is also included in one of the 22 industrial corridors (Stockyards) identified in a previously prepared study by the City ("A Plan For Industry in Chicago's South Side"). These designations are in further response to the deteriorating conditions in the area, recognition of the significant needs, and realization that financial incentives are required to attract private investment to this section of the City.

The tax increment program and redevelopment plan include measures designed to reduce or eliminate the deficiencies which cause the Area to qualify as a conservation area consistent with the strategy of the City of Chicago for revitalizing other designated redevelopment areas and industrial corridors. As documented in this investigation and analysis it is clear that the Area is impacted by a number of eligibility factors. The presence of these factors qualifies the Area as a conservation area.

IV. SUMMARY AND CONCLUSIONS

The conclusions of PGAV Urban Consulting is that the number, degree and distribution of eligibility factors in the Area as documented in this Eligibility Study warrant the designation of the Area as a conservation area as set forth in the Act. Below is a summary table highlighting the factors found to exist in the Area which cause it to qualify as a conservation area.

A. Conservation Area Statutory Factors

| 13                  | Declining or sub-par EAV growth                     | Present                               |

## Notes:

- 1 Only three factors are required by the Act for eligibility. Eleven factors are present in the Area.
- 2 Factors found to exist on more than 50% of the structures or sub-areas in the Area were identified as being found to a major extent. Factors found to exist on less than 50% of the structures or sub-areas in the Area were identified as being found to a minor extent. Five factors were found to exist to a major extent, five were found to exist to a minor extent, and declining or sub-par EAV growth for the entire Area was present.
- 3 Age, although not a blighting factor for designation, is a threshold that must be met before an Area can qualify as a Conservation Area.

Although it may be concluded that the mere presence of the stated eligibility factors noted above may be sufficient to make a finding of qualification as a conservation area, this evaluation was made on the basis that the factors must be present to an extent that would lead reasonable persons to conclude that public intervention is appropriate or necessary. From the data presented in this report it is clear that the eligibility factors are reasonably distributed throughout the Area.

The Area on the whole has not been subject to growth and investment by private enterprise and is not expected to do so without the adoption of the Plan. Few new buildings have been built in the recent past and 20% of the buildings in the Area contain vacancy of floor space. Age and the requirements of contemporary commercial and industrial tenants have caused portions of the Area and its building stock to become obsolete and may result in further disinvestments that will not be overcome without action by the City. These conditions have been previously documented in this report.

The conclusions presented in this Eligibility Study are those of the Consultant. The local governing body should review this Eligibility Study and, if satisfied with the summary of findings contained herein, adopt a resolution making a finding of a conservation area and making this Eligibility Study a part of the public record.

The analysis contained herein was based upon data assembled by PGAV Urban Consulting. The study and survey of the Area indicate that requirements necessary for designation as a conservation area are present. Therefore, the Area qualifies as a conservation area to be designated as a redevelopment project area and eligible for Tax Increment Financing under the Act.

I. Introduction

The purpose of this study is to conduct a housing impact study (Study) for the 47th/Ashland Redevelopment Project Area (Area) pursuant to the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq., as amended ("the Act"). All of the approximately 100-block Area is located in the New City Community Area of the City of Chicago (City) and is located six miles southwest of downtown Chicago and approximately two miles west of the Dan Ryan Expressway. The Area contains approximately 325 acres.

As set forth in the Act, if a redevelopment plan for the Area results in the displacement of residents from 10 or more inhabited residential units, or if the Area contains 75 or more inhabited residential units and the City is unable to certify that no displacement of residents will occur, the municipality shall prepare a housing impact study and incorporate the study in the feasibility report required by subsection (a) of Section 11-74.4-5 (sic) [Section 11.74-4-4.1], which for the purposes herein shall also be the "47th/Ashland Tax Increment Financing Redevelopment Plan and Project" ("the Plan").

Because the Area includes more than 75 residential units whose occupants may be displaced as a result of the Plan, information regarding the potential impact on such residents and residential units is being provided in this Housing Impact Study. Included in the Plan as Appendix, Attachment Two, are Exhibit C, Generalized Land Use Plan, Exhibit H-1, Land Acquisition Overview Map, Exhibit H-2, Land Acquisition By Block And Parcel Identification Number and Attachment Four -- 2000 Estimated EAV By Tax Parcel. These exhibits and attachment indicate the parcels of real property on which there are buildings containing residential units that may be removed and that, to the extent those units are inhabited, the residents thereof may be displaced. The number and type of residential buildings in the Area potentially affected by the Plan were identified during the building condition and land use survey conducted as part of the Eligibility Study included in the Plan as Appendix, Attachment One, for the Area. A good faith estimate and determination of the number of residential units and rooms within each such building and whether such residential units were inhabited were based on a number of research and analytical tools including, where appropriate, physical building surveys, data received from building owners and managers, Cook County tax assessment records and census data.

As of August 2001, the Area contained 716 inhabited residential units. The residential units are a combination of single-family and multi-family units. The majority of single-family units are located in the southern portion of the Area and are not subject to acquisition or subject to displacement as a result of the Plan. Because the focus of the Area is principally on commercial and industrial uses, many of the multi-family units are located on the upper floors of buildings with commercial uses at the ground level. Because the Plan is intended to foster economic development activities which may result in the acquisition, renovation, and or demolition of property, which may include residential units, the housing impact study is being prepared under the assumption that more than 10 occupied residential units may be displaced. However, it should be noted that at this time no proposals for the removal of such units has been presented.

As set forth in the Act:

Part I of the housing impact study shall include:

- (i) data as to whether the residential units are single-family or multi-family units;
- (ii) the number and type of rooms within the units, if that information is available;
- (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 of the Act is passed; and
- (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units, which data requirement shall be deemed to be fully satisfied if based on data from the most recent federal census.

Part II of the housing impact study identifies the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify:

- (i) the number and location of those units that will or may be removed;
- (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed;

- (iii) the availability of replacement housing for those residents whose residences are to be removed, and identify the type, location, and cost of the replacement housing; and
- (iv) the type and extent of relocation assistance to be provided.

## II. Housing Impact Study - Part I

### A. Number and Type of Residential Units

The Area contains 79 single-family residential buildings, 171 multi-family buildings (buildings with 2 or more units) containing a total of 422 residential units, and 159 mixed-use buildings (buildings that are primarily used for commercial purposes but also contain residential units) containing a total of 327 residential units. Table H-1 below indicates the number and type of residential units and a breakdown by type of the number of units that were inhabited as of August 31, 2001.

**Number of Housing Units By Type and Occupancy**

| Unit Type     | Vacant | Occupied | Total |
|---------------|--------|----------|-------|
| Single-Family | 3      | 76       | 79    |
| Multi-Family  | 13     | 409      | 422   |
| Mixed-Use     | 96     | 231      | 327   |
| Total         | 112    | 716      | 828   |

### B. Number and Type of Rooms Within Units

Detailed information on housing characteristics is not yet available from the 2000 Census. However, the 1990 Census is still a good source for estimating the number of rooms and bedrooms contained within residential units located in the Area since the majority of the Area is developed and limited new construction has occurred. Table H-2 on the following page provides room distribution information for the following geographic entities:

- Census Tract 6112 is one of 22 Census Tracts in the New City Community Area. This Census Tract is bounded by 47<sup>th</sup> Street on the north, Ashland on the west, Loomis on the east, and 51<sup>st</sup> Street on the south. As shown on Plan, Appendix, Attachment Two, Exhibit B - Generalized Existing Land Use Assessment Map, most of the residential units in the Area fall within this Census Tract.
- The New City Community Area is generally bound by Pershing Road on the north, Western on the West, Stewart on the east, and Garfield Boulevard (55<sup>th</sup> Street) on the south. The 47<sup>th</sup>/Ashland Area is located within the New City Community Area.

The boundaries of the New City Community Area and Census Tract 6112 are shown on Map H1, Community Area and Census Tract Boundary Map located in the Appendix of this Study.

Census Tract 6112 had 1,055 housing units in 1990. 51% of these units contained four or five rooms. Another 23% of the units contained six rooms, and 10% had seven or more rooms.

An analysis of the number of bedrooms per unit in Census Tract 6112 confirms that there is a sizable inventory of larger units. Overall, 35% of the units had three bedrooms, and an additional 11% had four or more bedrooms, as shown on Table H-2 below.

<sup>1</sup> The boundaries of Census Tract 6112 and the New City Community Area extend beyond the boundaries of the Area. Area residential unit counts identified in this Study will differ from these totals.

### C. Number of Inhabited Units

As of August 31, 2001, the Area contained 76 occupied single-family units, 409 occupied multi-family units, and 23 occupied mixed-use units. There are a total of 716 inhabited residential units in the Area. The distribution of inhabited residential units is indicated in Table H-1 above. The survey of residential units was concluded on August 31, 2001 and is a date not less than 45 days prior to the date that the resolution required by subsection (a) of Section 11-74.4-5 of the Act was or will be passed (the resolution setting the public hearing and Joint Review Board meeting dates).

### D. Race and Ethnicity of Residents

Table H-3 presented on the following page presents selected 1990 Census data on population and housing characteristics. For comparison purposes, data for the New City Community Area and the City of Chicago are included along with information for Census Tract 6112.

As of the 1990 Census, the population of the New City Community Area was 32% White and 42% Black. Hispanics comprised 38% of the population in the Area. Census Tract 6112 has a lower percentage of Blacks (19%) and more Hispanics (63%) than that of the New City Community Area. The retail uses along Ashland Avenue near 47<sup>th</sup> Street appear to cater to a predominantly Hispanic clientele.

Select Demographic Data from the 2000 Census is now available. As shown in Table H-3A (page 2-5), the population of the New City Community Area dropped by 2.8% during the past decade, while the number of Hispanic residents increased by 5,552 persons. Despite the slight population loss, the number of renter households in the Community Area remained virtually unchanged. Within Census Tract 6112, the population increased by 4.0% despite a loss of housing units during the decade.

### III. Housing Impact Study - Part 2

#### *A. Number and Location of Units That Could Potentially be Removed*

One of the primary goals of the Plan is to encourage maintenance, restoration and reuse of existing structures, to the maximum extent feasible. The establishment of the Area is intended to foster growth in existing communities. Although the Plan does not anticipate the removal of large numbers of residential units, the Area does contain a number of dilapidated buildings that contain residential uses. Dilapidation can gravely affect a buildings safety and desirability and is the most sever of blighting factors. Accordingly, it is reasonable to conclude that dilapidated buildings may be targeted for redevelopment by developers, which may result in the removal of inhabited residential units.

Since no development proposals for the Area have been submitted to the City, it is impossible to determine whether the redevelopment or demolition of these buildings and the removal of any of their inhabited residential units would stem from projects that receive tax increment assistance (or other public projects that are implemented in furtherance of this Plan).

Hence, there is a possibility that over the 23-year life of the Area, some inhabited residential units may be removed as a result of implementing the Plan. In order to meet the statutory requirement of defining the number and location of inhabited residential units that may be removed, a methodology was derived that would provide a reasonable estimate. The methodology used to fulfill the statutory requirements of defining the number and location of inhabited residential units that may be removed involved three steps:

- i. Step one counted all inhabited residential units previously identified on any underlying acquisition maps and Exhibit H-1, Land Acquisition Overview Map and Exhibit H-2, Land Acquisition By Block And Parcel Identification Number of the Plan. No previous underlying acquisition map exists. The majority of the parcels identified for acquisition were vacant lots or vacant buildings. Therefore, the number of inhabited residential units that may be removed in this step is 2.
- ii. Step two counted the number of inhabited residential units contained on parcels that are dilapidated as defined by the Act. From field surveys conducted in preparation of the Plan, the parcels identified which: 1) dilapidation is present so that, within 23 years, existing structures may be demolished or rehabilitated, and therefore may result in the removal of inhabited residential units; and 2) there also exists six or more eligibility factors in addition to age and dilapidation (representing the highest number of eligibility factors on blocks in the Area). Therefore, the number of inhabited residential units that may be removed in this step is 23.

- iii. Step three counted the number of inhabited residential units that exist where the future land use indicated by the Plan will not include residential uses. Therefore, the number of inhabited residential units that may be removed from this step is zero (0).

In summary, a total of 25 occupied residential units were identified as units that may be removed in the Area. Attachment Four, 2000 Estimated EAV By Tax Parcel, located in the Appendix of the Plan, contains references to identify the units discussed above.

### ***B. Relocation Plan***

The City's plans for relocation assistance for those qualified residents in the Area whose residences are to be removed shall be consistent with the requirements set forth in Section 11-74.4-3(n)(7) of the Act. The terms and conditions of such assistance are described in D. Relocation Assistance below. No specific relocation plan has been prepared by the City as of the date of this report because no redevelopment project has been approved by the City. Until such a redevelopment project is approved, there is no certainty that any removal of residences will actually occur.

### ***C. Replacement Housing***

In accordance with Section 11-74.4-3(n)(7) of the Act, the City shall make a good faith effort to ensure that affordable replacement housing for any qualified displaced residents whose residence is removed is located in or near the Area.

Redevelopment of commercial buildings with upper floor residential units may result in new mixed-use buildings being constructed that would include residential units that may offset the displacements resulting from redevelopment activity. In addition, the development of affordable housing is provided for in the Plan. Developers who receive tax increment financing assistance for market-rate housing are to set aside 20-percent of the units to meet affordability criteria established by the City's Department of Housing. Generally, this means that affordable for-sale units should be priced at a level that is affordable to households earning no more than 120-percent of the area median income (adjusted for family size), and affordable rental units should be affordable to households earning no more than 80 percent of the area median income (adjusted for family size).

Although three types of residential buildings are represented in The Area (single-family, multifamily, and mixed-use), residents can be categorized as either renters or owners. It is logical to use tenure (rental vs. ownership housing), rather than building type, as the basis for discussing replacement housing, since a displaced renter would presumably seek a suitable replacement apartment without particular concern for the type of structure. Overall, renters make up 61% of the households residing in Census Tract 6112.

**Replacement Rental Housing.** A recent comprehensive study of the rental housing market in the Chicago metropolitan area concluded that, overall, there is a limited supply of quality affordable housing in the city and suburbs. *For Rent: Housing Options in the Chicago Region*, published by the Metropolitan Planning Council (MPC), includes a current estimate of the number and types of rental units on the South Side of the City, which they define to include the area south and east of the Chicago Sanitary and Ship Canal. According to the study, the South Side of Chicago has a total of 239,500 rental units, 93.7% of which were occupied. Table H-4 provided below provides information on this South Side inventory by unit type. The data are also broken out for small buildings, those that contain between two and nine units. Most of the rental inventory in the 47th/Ashland Redevelopment Area would fall in the category of small buildings.

The following conclusions can be drawn from the MPC study:

- The average monthly rent for all South Side apartments is \$619 per month. The rent is lower (\$558) for units in small buildings.
- The market is extremely tight for one- and two-bedroom units in small buildings, with vacancy rates of 1.6% and 4.4%, respectively.
- The vacancy rates for all buildings are slightly higher, although the rates for one- and two-bedroom units are both below 6%, the threshold set by the U.S. Department of Housing and Urban Development (HUD) for a tight market.

Source: *For Rent: Housing Options in the Chicago Region*, published by Metropolitan Planning Council, November 1999

Within the 47th/Ashland Redevelopment Area, the rental market is extremely tight, fueled by strong demand from new immigrants and comparatively low rents. Frequently, rental units in a building are leased to relatives or friends of the building owner and are not advertised.

To get a snapshot picture of the available apartments within this general area, Goodman Williams Group examined advertisements that appeared in the Thursday, July 5, 2001 edition of the *Chicago Sun-Times*. On that day, 205 apartments were advertised in the South and Southwest sectors of the city. Most of those were located in communities further south and east of 47th/Ashland.

Of that total, eleven available apartments were either in, or close to, the New City Community Area (all are located south of 51<sup>st</sup> Street). The locations of these apartments are listed on the following page as Table H-5 and identified by number on Map H2, Replacement Rental Housing Map contained in the Appendix of this Study.

Rents for the advertised apartments ranged from \$400 for a one-bedroom apartment to \$1,400 for a six-bedroom house. The average rent for the five one-bedroom apartments included in this group was \$516. The average rent for the five two-bedroom apartments is \$575, with most, but not all, of the units including heat in the rent.

As mentioned previously, the current market for replacement apartments within the 47th/Ashland Area is tight. A projection as to the number of apartments that will ultimately be required cannot accurately be made until such time that a developer comes forward with a proposal to redevelop a specific portion of the Area. Because specific proposals will likely be presented to the City throughout the life of the 47th/Ashland Redevelopment Area the changing nature of the housing market will likely result in different conditions than presented herein with respect to the availability of replacement housing. In addition, redevelopment projects within the Area may result in new housing units that are not currently counted in the housing inventory of the Area. At the time when specific redevelopment projects for the Area are presented, all provisions regarding relocation, availability, and affordable housing should be considered and detailed. The City should also encourage, where appropriate, redevelopment projects that include residential units within the Area.

**Replacement For-Sale Housing.** As is the case with rental housing, for-sale housing in the New City Community Area is relatively affordable. Table H-6 provided on the following page compares prices for homes sold by Realtors in the New City Community Area with comparable citywide figures. The median price of a single-family detached house in New City was \$39,000 in 2000 as compared to \$139,000 for the city as a whole. Multifamily units (condos and townhouses) are more expensive because they tend to be newer structures. The median price in New City in 2000 was \$71,500, as compared with \$182,000 citywide.

These data from the Chicago Association of Realtors also suggest that the New City Community Area has a reasonably active housing market, with 74 homes being sold by Realtors during 2000.

Another measure of the availability of replacement for-sale housing is the number of current listings. Table H-7 provided on the following page presents information from the *Chicago Tribune* and Realtor.com on 37 homes that were listed as available for purchase during the month of July 2001. Prices ranged from \$19,900 to \$159,900 with a median price of \$75,000. Most of the units had three or four bedrooms. The locations of these homes are further identified by number on Map H3, Replacement For-Sale Housing Map contained in the Appendix of this Study.

#### *D. Relocation Assistance*

In the event that the implementation of the Plan results in the removal of residential housing units in the Area occupied by low-income households or very low-income households, or the permanent displacement of low-income households or very low-income households from such residential housing units, such households shall be provided affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations thereunder, including the eligibility criteria. The City shall make a good faith effort to ensure that affordable replacement housing for the aforementioned households is located in or near the Area.

As used in the above paragraph, "low-income households," "very low-income households" and "affordable housing" have the meanings set forth in Section 3 of the Illinois Affordable Housing Act, 310 ILCS 55/3. As of the date of this report, these statutory terms have the following meaning: (i) "low-income households" means a single person, family or unrelated persons living together whose adjusted income is more than 50 percent but less than 80 percent of the median income of the area of residence, adjusted for family size, as such adjusted income and median income are determined from time to time by the United States Department of Housing and Urban Development (HUD) for purposes of Section 8 of the United States Housing Act of 1937; (ii) "very low-income household" means a single person, family or unrelated persons living together whose adjusted income is not more than 50 percent of the median income of the area of residence, adjusted for family size, as so determined by HUD; and (iii) "affordable housing" means residential housing that, so long as the same is occupied by low-income households or very low-income households, requires payment of monthly housing costs, including utilities other than telephone, of no more than 30 percent of the maximum allowable income for such households, as applicable.

*Be It Ordained by the City Council of the City of Chicago:*

SECTION 1. The above recitals are incorporated herein and made a part hereof.

SECTION 2. The Company is hereby designated as the developer for the Project pursuant to Section 5/11-74.4-4 of the Act.

SECTION 3. The Commissioner of HED (the "Commissioner") or a designee of the Commissioner are each hereby authorized, with the approval of the City's Corporation Counsel as to form and legality, to negotiate, execute and deliver a redevelopment agreement between the Company and the City in substantially the form attached hereto as Exhibit A and made a part hereof (the "Redevelopment Agreement"), and such other supporting documents as may be necessary to carry out and comply with the provisions of the Redevelopment Agreement, with such changes, deletions and insertions as shall be approved by the persons executing the Redevelopment Agreement.

SECTION 4. The City Council hereby authorizes the City to issue tax increment allocation revenue obligations in an amount not to exceed \$2,000,000 for the purpose of paying a portion of the Redevelopment Project Costs included within the Project.

SECTION 5. There shall be borrowed for and on behalf of the City an aggregate principal amount not to exceed \$2,000,000 for the payment of a portion of the eligible Redevelopment Project Costs included within the Project, and a revenue note of the City shall be issued up to said amount and shall be designated Tax Increment Allocation Revenue Note (Coyote Logistics, LLC), Taxable Series 2012, for a principal amount not to exceed \$2,000,000 ("Note"). The Note shall be dated the date of delivery thereof, and shall also bear the date of authentication, shall be in fully registered form, shall be in the denomination of the outstanding principal amount thereof and shall become due and payable as provided therein.

The Note shall be taxable and shall bear interest at an annual rate that is the median value of the 20-year Corporate BBB Bond Index Rate rate as published by Bloomberg for 15 business days prior to the issuance date plus 150 basis points, not to exceed 7 percent, and shall not provide for accrued, but unpaid, interest to bear interest at the same annual rate.

The principal of and interest on the Note shall be paid by check or draft of the Comptroller of the City, as registrar and paying agent (the "Registrar"), payable in lawful money of the United States of America to the person(s) in whose name(s) the Note is registered at the close of business on the 15<sup>th</sup> day of the month immediately prior to the applicable payment date, unless the City has been directed to make such payment in another manner by written notice given to the Registrar by the registered owner(s) at least 30 days prior to the applicable payment date; provided, that the final installment of the principal and accrued but unpaid interest of the Note shall be payable in lawful money of the United States of America at the principal office of the Registrar or as otherwise directed by the City.

The seal of the City shall be affixed to or a facsimile thereof printed on the Note, and the Note shall be signed by the manual or facsimile signature of the Mayor of the City, or the Mayor may designate another to act as his proxy and to affix his signature to the Note, and the Note shall be attested by the manual or facsimile signature of the City Clerk of the City, and the Note shall be authenticated by the manual or facsimile signature of the Comptroller, or the Comptroller may designate another to act as his proxy and to affix his signature to the Note, and in case any officer whose signature shall appear on any such Note shall cease to be such officer before the delivery of the Note, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery.

The Note shall have thereon a certificate of authentication substantially in the form hereinafter set forth duly executed by the Registrar, as authenticating agent of the City for the Note, and showing the date of authentication. The Note shall not be valid or obligatory for any purpose or be entitled to any security or benefit under this ordinance unless and until such certificate of authentication shall have been duly executed by the Registrar by manual signature, and such certificate of authentication upon the Note shall be conclusive evidence that the Note has been authenticated and delivered under this ordinance.

SECTION 6. The City shall cause books (the "Register") for the registration and for the transfer of the Note as provided in this ordinance to be kept at the principal office of the Registrar, which is hereby constituted and appointed the registrar of the City for the Note. The City is authorized to prepare, and the Registrar shall keep custody of, multiple Note blanks executed by the City for use in the transfer of the Note.

Upon surrender for transfer of the Note at the principal office of the Registrar, duly endorsed by, or accompanied by (i) a written instrument or instruments of transfer in form satisfactory to the Registrar, (ii) an investment representation in form satisfactory to the City and duly executed by the registered owner or its attorney duly authorized in writing, and (iii) the written consent of the City evidenced by the signature of the Commissioner (or his or her designee) on the instrument of transfer, the City shall execute and the Registrar shall authenticate, date and deliver in the name of the transferee or transferees a new fully registered Note of the same maturity, of authorized denomination, for a like aggregate principal amount. The execution by the City of the fully registered Note shall constitute full and due authorization of the Note and the Registrar shall thereby be authorized to authenticate, date and deliver the Note; provided, however, that the principal amount of the Note authenticated by the Registrar shall not exceed the authorized principal amount of the Note less previous retirements. The Registrar shall not be required to transfer or exchange the Note during the period beginning at the close of business on the 15<sup>th</sup> day of the month immediately prior to the maturity date of the Note nor to transfer or exchange the Note after notice calling the Note for redemption has been made, nor during a period of five (5) days next preceding mailing of a notice of redemption of principal of the Note. No beneficial interests in the Note shall be assigned, except in accordance with the procedures for transferring the Note described above.

The entity(ies) in whose name(s) the Note shall be registered shall be deemed and regarded as the absolute owner(s) thereof for all purposes, and payment of the principal of the Note shall be made only to or upon the order of the registered owner(s) thereof or its (their) legal representative(s). All such payments shall be valid and effectual to satisfy and discharge the liability upon the Note to the extent of the sum or sums so paid.

No service charge shall be made for any transfer of the Note, but the City or the Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer of the Note.

SECTION 7. The principal of the Note shall be subject to redemption as provided in the form of Note attached hereto as Exhibit B. As directed by the Commissioner, the Registrar shall proceed with redemptions without further notice or direction from the City.

SECTION 8. The Registrar shall state on the Payment Record attached to the Note the amount of any payment of principal or interest on the Note, including the amount of any redemption, and the amount of any reduction in principal pursuant to the Redevelopment Agreement.

SECTION 9. The Note shall be prepared in substantially the form attached hereto as Exhibit B.

SECTION 10. The Note hereby authorized shall be executed and delivered as provided in this ordinance and the Redevelopment Agreement.

SECTION 11. Pursuant to the Redevelopment Agreement, the Company has performed and continues to perform construction and redevelopment work on the Property as necessary for the Project. The eligible costs of the performance of such construction and redevelopment up to the amount not to exceed \$2,000,000 shall be deemed to be a disbursement of the proceeds of the Note. The principal amount of the Note shall be the amount of principal indicated in the Note on its date of issuance, minus any principal amount paid on the Note and other reductions in principal, if any, as provided in the Redevelopment Agreement.

SECTION 12. The City hereby assigns, pledges and dedicates to the payment of the principal of and interest, if any, on the Note, when due, in accordance with, and subject to, the terms and conditions of the Redevelopment Agreement and the Note, a portion of each of the Available Incremental Taxes (as such terms are defined in and determined pursuant to the Redevelopment Agreement). Subject to the terms and conditions of the Note and the Redevelopment Agreement, portions of the Available Incremental Taxes shall be used to pay the principal of and interest on the Note, from time to time, at maturity or upon payment or redemption prior to maturity, which payments are hereby authorized and appropriated by the City. Upon payment of all amounts due under the Note in accordance with the terms and conditions of the Note and the Redevelopment Agreement, the City's assignment, pledge and

dedication of such portions of the Available Incremental Taxes shall terminate and neither the Company nor the registered owner(s) of the Note shall have any right, title, interest or claim whatsoever in such portion of them.

SECTION 13. The Note is a special limited obligation of the City, and is payable solely from a portion of the Available Incremental Taxes pursuant to the Redevelopment Agreement (or such other funds as the City, in its sole discretion, may determine), and shall be valid claims of the registered owner thereof only against said sources. None of the Note shall be deemed to constitute an indebtedness or a loan against the general taxing powers or credit of the City, within the meaning of any constitutional or statutory provision. The registered owner(s) of the Note shall not have the right to compel any exercise of the taxing power of the City, the State of Illinois or any political subdivision thereof to pay the principal of or interest on the Note.

SECTION 14. Available Incremental Taxes may be invested as allowed under Section 2-32-520 of the Municipal Code of the City of Chicago. Each such investment shall mature on a date prior to the date on which said amounts are needed to pay the principal of or interest on any of the Note.

SECTION 15. The Registrar shall maintain a list of the name and address of the registered owner(s) from time to time of the Note and upon any transfer shall add the name(s) and address(es) of the new registered owner(s) and eliminate the name(s) and address(es) of the transferor(s).

SECTION 16. The provisions of this ordinance shall constitute a contract between the City and the registered owner(s) of the Note. All covenants relating to the Note are enforceable by the registered owner(s) of the Note.

SECTION 17. This Coyote Logistics, LLC Redevelopment Agreement (this "**Agreement**") is made as of this \_\_\_\_\_ day of \_\_\_\_\_, 2012, by and between the City of Chicago, an Illinois municipal corporation (the "**City**"), through its Department of Housing and Economic Development ("**HED**"), and Coyote Logistics, LLC, a Delaware limited liability company (the "**Developer**").

**RECITALS**

**A. Constitutional Authority:** As a home rule unit of government under Section 6(a), Article VII of the 1970 Constitution of the State of Illinois (the "**State**"), the City has the power to regulate for the protection of the public health, safety, morals and welfare of its inhabitants, and pursuant thereto, has the power to encourage private development in order to enhance the local tax base, create employment opportunities and to enter into contractual agreements with private parties in order to achieve these goals.

**B. Statutory Authority:** The City is authorized under the provisions of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq., as amended from time to time (the "**Act**"), to finance projects that eradicate blighted conditions and conservation area factors through the use of tax increment allocation financing for redevelopment projects.

**C. City Council Authority:** To induce redevelopment pursuant to the Act, the City Council of the City (the "**City Council**") adopted the following ordinances on May 9, 2007: (1) "An Ordinance of the City of Chicago, Illinois Approving a Redevelopment Plan for the Addison South Redevelopment Project Area"; (2) "An Ordinance of the City of Chicago, Illinois Designating the Addison South Redevelopment Project Area as a Redevelopment Project Area Pursuant to the Tax Increment Allocation Redevelopment Act"; and (3) "An Ordinance of the City of Chicago, Illinois Adopting Tax Increment Allocation Financing for Addison South Redevelopment Project Area" (the "**TIF Adoption Ordinance**"). (Items (1)-(3) collectively referred to herein as the "**TIF Ordinances**"). The redevelopment project area referred to above (the "**Redevelopment Area**") is legally described in Exhibit A hereto.

**D. The Project:** The Developer is a third-party logistics company that uses proprietary software to manage and coordinate client needs and transportation provider capacity. Developer leverages this technology to create truck load, intermodal, ocean, and air-based solutions intended to navigate shipping supply chains. The Developer intends to consolidate two corporate headquarters facilities and relocate to the real property located within the Redevelopment Area and commonly known as 2545 West Diversey Avenue, Chicago, Illinois and legally described on Exhibit B hereto (the "**Property**"). The Property is an existing, historically significant building commonly known as the Green Exchange. In connection with its relocation to the Property, Developer has executed that certain Office Lease Agreement executed \_\_\_\_\_, 20\_\_\_\_ by and between Gx Chicago Master Tenant, LLC, as landlord, and Developer, as tenant (as amended from time to time, the "**Lease**"), pursuant to which Developer shall, among other matters, lease approximately 64,656 [90,460] rentable square feet of space on floors three and four (the "**Developer Space**") of the building located on the Property (the "**Building**") for an initial period of ten (10) years and ten (10) months.

Upon such relocation, and during the Term of this Agreement (as hereinafter defined), the portion of the Building leased and occupied by the Developer, which shall consist of a minimum of 64,656 square feet throughout the Term of this Agreement, will be the principal office of the Developer's business and the site which the Developer's principal executive officers have designated as their principal offices (the "Headquarters"). In connection with its occupancy of the Building, Developer shall construct substantial tenant improvements necessary to permit Developer to take possession in accordance with the terms of the Lease. Such relocation will create a substantial public benefit through its creation of approximately 300 FTE jobs (as hereinafter defined) in the City of Chicago by relocating 140 existing FTEs to the Property and creating (i) an additional 80 new FTEs in Developer's first year of occupancy and (ii) an additional 80 new FTEs in Developer's second year of occupancy, for a total of 160 new FTEs in Developer's first two years of occupancy. Approximately 30 additional temporary FTE construction jobs are expected to be created during the construction of the Project. The construction of tenant improvements in the Developer Space (including but not limited to those TIF-Funded Improvements as defined below and set forth on Exhibit C) is referred to herein as the "Rehabilitation Project." The Rehabilitation Project and the use of the Developer Space as the Developer's corporate headquarters are collectively referred to herein as the "Project." The completion of the Project would not reasonably be anticipated without the financing contemplated in this Agreement.

**E. Redevelopment Plan:** The Project will be carried out in accordance with this Agreement and the City of Chicago Addison South Redevelopment Project Area Tax Increment Financing Program Redevelopment Plan (the "Redevelopment Plan") attached hereto as Exhibit D.

**F. City Financing:** The City agrees to use, in the amounts set forth in Section 4.03 hereof, (i) the proceeds of the City Note (defined below) and/or (ii) Available Incremental Taxes (as defined below), to pay for or reimburse the Developer for the costs of TIF-Funded Improvements pursuant to the terms and conditions of this Agreement and the City Note.

In addition, the City may, in its discretion, issue tax increment allocation bonds ("TIF Bonds") secured by Incremental Taxes pursuant to a TIF bond ordinance (the "TIF Bond Ordinance") at a later date as described in Section 4.03(c) hereof; the proceeds of which (the "TIF Bond Proceeds") may be used to pay for the costs of the TIF-Funded Improvements not previously paid for from Available Incremental Taxes (including any such payment made pursuant to any City Note provided to the Developer pursuant to this Agreement), to make payments of principal and interest on the City Note, or in order to reimburse the City for the costs of TIF-Funded Improvements.

Now, therefore, in consideration of the mutual covenants and agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

Subject to the terms and conditions of this Agreement, including but not limited to this Section 4.03 and Section 5 hereof, the City hereby agrees to issue the City Note to the Developer on the Completion Date. However, issuance of the City Note is subject to certification of at least \$2 million in TIF-eligible costs by Developer to, and approved by, the City prior to the Completion Date. The principal amount of the City Note shall be in an amount equal to the costs of the TIF-Funded Improvements which have been incurred by the Developer and are to be reimbursed by the City through payments of principal and interest on the City Note, subject to the provisions hereof; provided, however, that the maximum principal amount of the City Note shall be an amount not to exceed the lesser of \$2,000,000 or 30.1% of the actual total Project costs; and provided, however, that payments under the City Note are subject to the amount of Available Incremental Taxes deposited into the Addison South TIF Fund being sufficient for such payments. Payments under the City Note shall commence upon the later of the issuance of the Certificate or March 1, 2012.

Developer shall not sell or assign the City Note without prior written approval by the City.

(c) TIF Bonds

(i) The Commissioner of HED and the Comptroller, in their sole discretion, may agree upon the request of the Developer to recommend that the City Council approve an

ordinance or ordinances authorizing the issuance of TIF Bonds in an amount which, in the opinion of the Comptroller, is marketable under the then current market conditions; provided, however, that if, in the opinion of the Comptroller, there is an insufficient market for such TIF Bonds or if the issuance of such TIF Bonds would adversely affect the City's credit rating or in any other way adversely affect City finances, such officials will not be required to recommend approval of such ordinance(s). The Developer will cooperate with the City in the issuance of TIF Bonds, as provided in Section 8.05 hereof.

(ii) Prior to the submission of any such ordinance for approval by the City Council, the Developer shall agree to pay the costs of issuing such TIF Bonds including but not limited to bond counsel fees, underwriters' fees and consultants' fees, and shall identify its source of funding with respect thereto.

**4.04 Requisition Form.** On the Closing Date and when the Developer submits documentation to the City in connection with a request for the payment of the City Funds as described in Section 4.03(a), beginning on the first request for payment and continuing through the earlier of (i) the Term of the Agreement or (ii) the date that the Developer has been reimbursed in full under this Agreement, the Developer shall provide HED with a Requisition Form, along with the documentation described therein. Requisition for reimbursement of TIF-Funded Improvements shall be made not more than one time per calendar year (or as otherwise permitted by HED). The Developer shall meet with HED at the request of HED to discuss the Requisition Form(s) previously delivered.

**4.05 Treatment of Prior Expenditures and Subsequent Disbursements**

(a) Prior Expenditures. Only those expenditures made by the Developer with respect to the Rehabilitation Project prior to the Closing Date, evidenced by documentation satisfactory to HED and approved by HED as satisfying costs covered in the Project Budget, shall be considered previously contributed Equity or Lender Financing hereunder (the "Prior Expenditures"). HED shall have the right, in its sole discretion, to disallow any such expenditure as a Prior Expenditure. Exhibit I hereto sets forth the prior expenditures approved by HED as Prior Expenditures. Prior Expenditures made for items other than TIF-Funded Improvements shall not be reimbursed to the Developer, but shall reduce the amount of Equity and/or Lender Financing required to be contributed by the Developer pursuant to Section 4.01 hereof.

(b) Allocation Among Line Items. Disbursements for expenditures related to TIF-Funded Improvements may be allocated to and charged against the appropriate line only, with transfers of costs and expenses from one line item to another, without the prior written consent of HED, being prohibited; provided, however, that such transfers among line items, in an amount not to exceed \$25,000 or \$100,000 in the aggregate, may be made without the prior written consent of HED.

(c) City Fee. Annually, the City may allocate an amount not to exceed ten percent (10%) of the Incremental Taxes for payment of costs incurred by the City for the administration and monitoring of the Redevelopment Area, including the Project. Such fee shall be in addition to and shall not be deducted from or considered a part of the City Funds, and the City shall have the right to receive such funds prior to any payment of City Funds hereunder.

**4.06 Cost Overruns.** If the aggregate cost of the TIF-Funded Improvements exceeds City Funds available pursuant to Section 4.03 hereof, or if the cost of completing the Rehabilitation Project exceeds the Project Budget, the Developer shall be solely responsible for such excess cost,

and shall hold the City harmless from any and all costs and expenses of completing the TIF-Funded Improvements in excess of City Funds and of completing the Rehabilitation Project.

**4.07 Execution of Certificate of Expenditure.** Prior to each execution of a Certificate of Expenditure by the City, the Developer shall submit documentation regarding the applicable expenditures to HED, which shall be satisfactory to HED in its sole discretion. Delivery by the Developer to HED of any request for execution by the City of a Certificate of Expenditure hereunder shall, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of such request for execution of a Certificate of Expenditure, that:

(a) the total amount of the request for Certificate of Expenditure represents the actual cost of the Acquisition or the actual amount paid to the General Contractor and/or subcontractors who have performed work on the Project, and/or their payees;

(b) all amounts shown as previous payments on the current request for Certificate of Expenditure have been paid to the parties entitled to such payment;

(c) the Developer has approved all work and materials for the current request for Certificate of Expenditure, and such work and materials conform to the Plans and Specifications;

(d) the representations and warranties contained in this Redevelopment Agreement are true and correct and the Developer is in compliance with all covenants contained herein;

(e) the Developer has received no notice and has no knowledge of any liens or claim of lien either filed or threatened against the Property except for the Permitted Liens;

(f) no Event of Default or condition or event which, with the giving of notice or passage of time or both, would constitute an Event of Default exists or has occurred; and

(g) the Project is In Balance. The Project shall be deemed to be in balance ("**In Balance**") only if the total of the available Project funds equals or exceeds the aggregate of the amount necessary to pay all unpaid Project costs incurred or to be incurred in the completion of the Project. "**Available Project Funds**" as used herein shall mean: (i) the undisbursed City Funds; (ii) the undisbursed Lender Financing, if any; (iii) the undisbursed Equity and (iv) any other amounts deposited by the Developer pursuant to this Agreement.

The City shall have the right, in its discretion, to require the Developer to submit further documentation as the City may require in order to verify that the matters certified to above are true and correct, and any execution of a Certificate of Expenditure by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by the Developer. In addition, the Developer shall have satisfied all other preconditions of execution of a Certificate of Expenditure, including but not limited to requirements set forth in the Bond Ordinance, if any, TIF Bond Ordinance, if any, the Bonds, if any, the TIF Bonds, if any, the TIF Ordinances, and/or this Agreement.

**4.08 Conditional Grant.** The City Funds being provided hereunder are being granted on a conditional basis, subject to the Developer's compliance with the provisions of this Agreement. The City Funds are subject to being reimbursed as provided in **Section 15.02** hereof.

## SECTION 5. CONDITIONS PRECEDENT

**5.01 Project Budget.** The Developer has submitted to HED, and HED has approved, a Project Budget in accordance with the provisions of Section 3.03 hereof.

**5.02 Scope Drawings and Plans and Specifications.** The Developer has submitted to HED, and HED has approved, the Scope Drawings and Plans and Specifications in accordance with the provisions of Section 3.02 hereof.

**5.03 Other Governmental Approvals.** The Developer has secured all other necessary approvals and permits required by any state, federal, or local statute, ordinance or regulation and has submitted evidence thereof to HED.

**5.04 Financing.** The Developer has furnished proof reasonably acceptable to the City that the Developer has Equity and Lender Financing in the amounts set forth in Section 4.01 hereof to complete the Rehabilitation Project and satisfy its obligations under this Agreement. If a portion of such funds consists of Lender Financing, the Developer has furnished proof as of the Closing Date that the proceeds thereof are available to be drawn upon by the Developer as needed and are sufficient (along with the Equity set forth in Section 4.01) to complete the Rehabilitation Project. The Developer has delivered to HED a copy of the construction escrow agreement, if any, entered into by the Developer regarding the Lender Financing. Any liens against the Developer Space related to Lender Financing in existence at the Closing Date have been subordinated to certain encumbrances of the City set forth herein in Sections 8.02, 8.06 and 8.19(c) pursuant to a subordination agreement, in a form acceptable to the City, executed on or prior to the Closing Date, which is to be recorded, at the expense of the Developer, with the Office of the Recorder of Deeds of Cook County.

**5.05 Lease and Title.** On the Closing Date, the Developer has furnished the City with a copy of the Title Policy for the Developer Space or a binding, signed, marked-up commitment to issue such Title Policy, certified by the Title Company, showing the Developer as the named insured. The Title Policy is dated as of the Closing Date and contains only those title exceptions listed as Permitted Liens on Exhibit G hereto and evidences the recording of this Agreement pursuant to the provisions of Section 8.18 hereof. The Title Policy also contains such endorsements as shall be required by Corporation Counsel, including but not limited to, an owner's comprehensive endorsement and satisfactory endorsements regarding zoning (3.1 with parking), contiguity, location, and access. The Developer has provided to HED, on or prior to the Closing Date, documentation related to the lease of the Developer Space and copies of all easements and encumbrances of record with respect to the Property not addressed, to HED's satisfaction, by the Title Policy and any endorsements thereto.

#### **5.07 [INTENTIONALLY OMITTED]**

**5.08 Insurance.** The Developer, at its own expense, has insured the Developer Space in accordance with **Section 12** hereof, and has delivered certificates required pursuant to **Section 12** hereof evidencing the required coverages to HED.

**5.09 Opinion of the Developer's Counsel.** On the Closing Date, the Developer has furnished the City with an opinion of counsel, substantially in the form attached hereto as **Exhibit J**, with such changes as required by or acceptable to Corporation Counsel. If the Developer has engaged special counsel in connection with the Project, and such special counsel is unwilling or unable to give some of the opinions set forth in **Exhibit J** hereto, such opinions were obtained by the Developer from its general corporate counsel.

**5.10 Evidence of Prior Expenditures.** The Developer has provided evidence satisfactory to HED in its sole discretion of the Prior Expenditures in accordance with the provisions of **Section 4.05(a)** hereof.

**5.11 Financial Statements.** The Developer has provided Financial Statements to HED for its most recent fiscal year, and audited or unaudited interim financial statements.

**5.12 Documentation.** The Developer has provided documentation to HED, satisfactory in form and substance to HED, with respect to current employment matters.

**5.13 Environmental.** The Developer has provided HED with copies of all environmental reports or audits, if any, obtained by the Developer or Landlord with respect to the Property, together with notices addressed to the Developer or provided by Landlord to the Developer from any agency regarding environmental issues at the Property. The Developer has provided the City with a letter from the environmental engineer(s) who completed audit(s) for the Developer, authorizing the City to rely on such audits.

**5.14 Corporate Documents; Economic Disclosure Statement.** The Developer has provided a copy of its Articles of Organization containing the original certification of the Secretary of State of its state organization; certificates of good standing from the Secretary of State of its state of organization and all other states in which the Developer is qualified to do business; a secretary's certificate in such form and substance as the Corporation Counsel may require; operating agreement of the Developer, and such other corporate or organizational documentation as the City has requested. The Developer has provided to the City an Economic Disclosure Statement, in the City's then current form, dated as of the Closing Date.

**5.15 Litigation.** The Developer has provided to Corporation Counsel and HED, a description of all pending or threatened litigation or administrative proceedings involving the Developer, specifying, in each case, the amount of each claim, an estimate of probable liability, the amount of any reserves taken in connection therewith and whether (and to what extent) such potential liability is covered by insurance.

**5.16 Lease.** A complete copy of the Lease, and all other written agreements setting forth the parties' understandings relating to the Developer's relocation to or occupancy of the Developer Space and any financial agreements between the parties in any way relating to the Property, the Developer Space or the Lease, certified by the Developer, shall have been delivered to the City.

## SECTION 6. AGREEMENTS WITH CONTRACTORS

**6.01 Bid Requirement for General Contractor and Subcontractors.** (a) Except as set forth in **Section 6.01(b)** below, prior to entering into an agreement with a General Contractor or any subcontractor for construction of the Rehabilitation Project, the Developer shall solicit, or shall cause the General Contractor to solicit, bids from qualified contractors eligible to do business with, and having an office located in, the City of Chicago, and shall submit all bids received to HED for its inspection and written approval. For the TIF-Funded Improvements, the Developer shall select the General Contractor (or shall cause the General Contractor to select the subcontractor) submitting the lowest responsible bid who can complete the Rehabilitation Project in a timely manner. If the Developer selects a General Contractor (or the General Contractor selects any subcontractor) submitting other than the lowest responsible bid for the TIF-Funded Improvements, the difference between the lowest responsible bid and the bid selected may not be paid out of City Funds. The Developer shall submit copies of the Construction Contract to HED in accordance with **Section 6.02** below. Photocopies of all subcontracts entered or to be entered into in connection with the TIF-Funded Improvements shall be provided to HED within five (5) business days of the execution thereof. The Developer shall ensure that the General Contractor shall not (and shall cause the General Contractor to ensure that the subcontractors shall not) begin work on the Rehabilitation Project until the Plans and Specifications have been approved by HED and all requisite permits have been obtained.

(b) If, prior to entering into an agreement with a General Contractor for construction of the Rehabilitation Project, the Developer does not solicit bids pursuant to **Section 6.01(a)** hereof, then the fee of the General Contractor proposed to be paid out of City Funds shall not exceed 10% of the total amount of the Construction Contract. Except as explicitly stated in this paragraph, all other provisions of **Section 6.01(a)** shall apply, including but not limited to the requirement that the General Contractor shall solicit competitive bids from all subcontractors.

**6.02 Construction Contract.** Prior to the execution thereof, the Developer shall deliver to HED a copy of the proposed Construction Contract with the General Contractor selected to handle the Project in accordance with **Section 6.01** above, for HED's review. Within ten (10) business days after execution of such contract by the Developer, the General Contractor and any other parties thereto, the Developer shall deliver to HED and Corporation Counsel a certified copy of such contract together with any modifications, amendments or supplements thereto.

**6.03 Performance and Payment Bonds.** Prior to the commencement of any portion of the Rehabilitation Project which includes work on the public way, the Developer shall require that the General Contractor be bonded for its payment by sureties having an AA rating or better using a bond in the form attached as **Exhibit N** hereto. The City shall be named as obligee or co-obligee on any such bonds.

**6.04 Employment Opportunity.** The Developer shall contractually obligate and cause the General Contractor and each subcontractor to agree to the provisions of **Section 10** hereof.

**6.05 Other Provisions.** In addition to the requirements of this **Section 6**, the Construction Contract and each contract with any subcontractor shall contain provisions required pursuant to **Section 3.04** (Change Orders), **Section 8.09** (Prevailing Wage), **Section 10.01(e)** (Employment Opportunity), **Section 10.02** (City Resident Employment Requirement), **Section 10.03** (MBE/WBE Requirements, as applicable), **Section 12** (Insurance) and **Section 14.01** (Books and Records) hereof. Photocopies of all contracts or subcontracts entered or to be entered into in connection with the TIF-Funded Improvements shall be provided to HED within five (5) business days of the execution thereof.

## SECTION 7. COMPLETION OF CONSTRUCTION OR REHABILITATION

**7.01 Certificate of Completion of Construction or Rehabilitation.** Upon completion of the Rehabilitation Project in accordance with the terms of this Agreement, and upon the Developer's written request, which shall include a final Project budget detailing the total actual cost of the construction of the Rehabilitation Project (the "**Final Project Cost**"), HED shall issue to the Developer a Certificate in recordable form certifying that the Developer has fulfilled its obligation to complete the Rehabilitation Project in accordance with the terms of this Agreement. The Certificate will not be issued until the following requirements have been met, as supported by such evidence as the City may require in its sole discretion:

- (i) The Developer has completed construction of the Interior Build-out according to the Plans and Specifications;
- (ii) The Final Project Cost incurred by the Developer is at least \$6,649,745; provided, however, that in the event that the Final Project Cost is less than \$6,649,745, the total amount of City Funds shall not be greater than 30.1% of the Final Project Cost, as described in **Section 4.03(b)**;
- (iii) 140 FTEs have been relocated to the Developer Space, as evidenced by the Jobs Certificate;
- (iv) The Officers have relocated their principal offices to the Developer Space;
- (v) Receipt of a Certificate of Occupancy or other evidence acceptable to HED that the Developer has complied with building permit requirements for the Rehabilitation Project;
- (vi) The City's Monitoring and Compliance Unit has verified that the Developer is in full compliance with City requirements set forth in **Section 10 (including, without limitation, Sections 10.02 and 10.03)**, **Section 8.06** and **Section 8.09** (M/WBE, City Residency and Prevailing Wage) with respect to construction of the Rehabilitation Project, and that 100% of the Developer's MBE/WBE Commitment in **Section 10.03** has been fulfilled;
- (vii) The Developer has incurred costs for TIF-Funded Improvements in an amount equal to or higher than \$2,000,000;

- (viii) The Developer has provided an affidavit from its project architect certifying that the Developer Space would likely achieve the minimum points required for LEED Certification for Commercial Interiors ("LEED CI"); provided, however, that if Developer fails to provide such affidavit the City shall still issue the Certificate, but the total amount of City Funds shall be reduced by \$250,000, as described in Section 4.03(b); and
- (ix) There exists neither an Event of Default (after any applicable cure period) which is continuing nor a condition or event which, with the giving of notice or passage of time or both, would constitute an Event of Default.

HED shall respond to the Developer's written request for a Certificate within forty-five (45) days by issuing either a Certificate or a written statement detailing the ways in which the Rehabilitation Project does not conform to this Agreement or has not been satisfactorily completed, and the measures which must be taken by the Developer in order to obtain the Certificate. The Developer may resubmit a written request for a Certificate upon completion of such measures.

**7.02 Effect of Issuance of Certificate; Continuing Obligations** The Certificate relates only to the activities comprising the Rehabilitation Project, and upon its issuance, the City will certify that the terms of the Agreement specifically related to the Developer's obligation to complete such activities have been satisfied. After the issuance of a Certificate, however, all executory terms and conditions of this Agreement and all representations and covenants contained herein will continue to remain in full force and effect throughout the Term of the Agreement as to the parties described in the following paragraph, and the issuance of the Certificate shall not be construed as a waiver by the City of any of its rights and remedies pursuant to such executory terms.

Those covenants specifically described in Section 8.19 as covenants that run with the leasehold interest in the Developer Space are the only covenants in this Agreement intended to be binding upon any transferee of the Developer Space (including an assignee as described in the following sentence) throughout the Term of the Agreement notwithstanding the issuance of a Certificate. The other executory terms of this Agreement that remain after the issuance of a Certificate shall be binding only upon the Developer or a permitted assignee of the Developer who, pursuant to Section 18.15 of this Agreement, has contracted to take an assignment of the Developer's rights under this Agreement and assume the Developer's liabilities hereunder.

**7.03 Failure to Complete** If the Developer fails to complete the Project in accordance with the terms of this Agreement, then the City has, but shall not be limited to, any of the following rights and remedies:

(a) the right to terminate this Agreement and any other related agreements to which the City and the Developer are or shall be parties and/or cease all disbursement of City Funds not yet disbursed pursuant hereto;

(b) the right (but not the obligation) to complete those TIF-Funded Improvements that are public improvements and to pay for the costs of TIF-Funded Improvements (including interest costs) out of City Funds or other City monies. In the event that the aggregate cost of completing the TIF-Funded Improvements exceeds the amount of City Funds available pursuant to Section 4.01, the

Developer shall reimburse the City for all reasonable costs and expenses incurred by the City in completing such TIF-Funded Improvements in excess of the available City Funds; and

(c) the right to seek reimbursement of the City Funds from the Developer.

**7.04 Notice of Expiration of Term of Agreement.** Upon the expiration of the Term of the Agreement, HED shall provide the Developer, at the Developer's written request, with a written notice in recordable form stating that the Term of the Agreement has expired.

**SECTION 8. COVENANTS/REPRESENTATIONS/WARRANTIES OF THE DEVELOPER.**

**8.01 General.** The Developer represents, warrants and covenants, as of the date of this Agreement, and as of the date of each disbursement of City Funds hereunder and throughout the Compliance Period, that:

(a) the Developer is a Delaware limited liability company duly organized, validly existing, qualified to do business in its state of organization and in Illinois, and licensed to do business in any other state where, due to the nature of its activities or properties, such qualification or license is required;

(b) the Developer has the right, power and authority to enter into, execute, deliver and perform this Agreement;

(c) the execution, delivery and performance by the Developer of this Agreement has been duly authorized by all necessary corporate action, and does not and will not violate its Articles of Organization or operating agreement as amended and supplemented, any applicable provision of law, or constitute a breach of, default under or require any consent under any agreement, instrument or document to which the Developer is now a party or by which the Developer is now or may become bound;

(d) unless otherwise permitted or not prohibited pursuant to or under the terms of this Agreement, the Developer shall maintain good, indefeasible and merchantable leasehold title to the Developer Space free and clear of all liens (except for the Permitted Liens, Lender Financing as disclosed in the Project Budget and non-governmental charges that the Developer is contesting in good faith pursuant to Section 8.15 hereof);

(e) the Developer is now and for the Term of the Agreement shall remain solvent and able to pay its debts as they mature;

(f) there are no actions or proceedings by or before any court, governmental commission, board, bureau or any other administrative agency pending, threatened or affecting the Developer which would impair its ability to perform under this Agreement;

(g) the Developer has and shall maintain all government permits, certificates and consents (including, without limitation, appropriate environmental approvals) necessary to conduct its business and to construct, complete and operate the Project;

(h) the Developer is not in default with respect to any indenture, loan agreement, mortgage, deed, note or any other agreement or instrument related to the borrowing of money to which the Developer is a party or by which the Developer is bound;

(i) the Financial Statements are, and when hereafter required to be submitted will be, complete, correct in all material respects and accurately present the assets, liabilities, results of operations and financial condition of the Developer, and there has been no material adverse change in the assets, liabilities, results of operations or financial condition of the Developer since the date of the Developer's most recent Financial Statements;

(j) during the Term of the Agreement, the Developer shall not do any of the following without the prior written consent of HED: (1) be a party to any merger, liquidation or consolidation; (2) sell, transfer, convey, lease or otherwise dispose of all or substantially all of its assets or any portion of the Property in which it has an interest (including but not limited to any fixtures or equipment now or hereafter attached thereto) except in the ordinary course of business; (3) enter into any transaction outside the ordinary course of the Developer's business; (4) assume, guarantee, endorse, or otherwise become liable in connection with the obligations of any other person or entity; or (5) enter into any transaction that would cause a material and detrimental change to the Developer's financial condition;

(k) the Developer has not incurred, and, prior to the issuance of a Certificate, shall not, without the prior written consent of the Commissioner of HED, allow the existence of any liens against the Developer Space (or improvements thereon) other than the Permitted Liens, or incur any indebtedness, secured or to be secured by the Property (or improvements thereon) or any fixtures now or hereafter attached thereto, except Lender Financing disclosed in the Project Budget; and

(l) has not made or caused to be made, directly or indirectly, any payment, gratuity or offer of employment in connection with the Agreement or any contract paid from the City treasury or pursuant to City ordinance, for services to any City agency ("City Contract") as an inducement for the City to enter into the Agreement or any City Contract with the Developer in violation of Chapter 2-156-120 of the Municipal Code of the City; and

(m) neither the Developer nor any affiliate of the Developer is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. For purposes of this subparagraph (m) only, the term "affiliate," when used to indicate a relationship with a specified person or entity, means a person or entity that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with such specified person or entity, and a person or entity shall be deemed to be controlled by another person or entity, if that other person or entity shall be deemed to be controlled by another person or entity (or jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

**8.02 Covenant to Redevelop.** Upon HED's approval of the Project Budget, the Scope Drawings and Plans and Specifications as provided in **Sections 3.02** and **3.03** hereof, and the Developer's receipt of all required building permits and governmental approvals, the Developer shall redevelop the Property in accordance with this Agreement and all Exhibits attached hereto, the TIF

The covenants set forth in this Section shall be deemed satisfied upon issuance by the City of a Certificate with respect thereto.

**8.03 Redevelopment Plan.** The Developer represents that the Project is and shall be in compliance with all of the terms of the Redevelopment Plan and the Planned Development.

**8.04 Use of City Funds.** City Funds disbursed to the Developer shall be used by the Developer solely to pay for (or to reimburse the Developer for its payment for) the TIF-Funded Improvements as provided in this Agreement.

**8.05 Other Bonds.** The Developer shall, at the request of the City, agree to any reasonable amendments to this Agreement that are necessary or desirable in order for the City to issue (in its sole discretion) any bonds in connection with the Redevelopment Area, the proceeds of which may be used to reimburse the City for expenditures made in connection with, or provide a source of funds for the payment for, the TIF-Funded Improvements (the "Bonds"); provided, however, that any such amendments shall not have a material adverse effect on the Developer or the Project. The Developer shall, at the Developer's expense, cooperate and provide reasonable assistance in connection with the marketing of any such Bonds, including but not limited to providing written descriptions of the Project, making representations, providing information regarding its financial condition and assisting the City in preparing an offering statement with respect thereto.

**8.06 Job Creation and Retention; Covenant to Remain in the City.**

(a) **Operating Covenant.** The Developer hereby covenants and agrees to maintain its Headquarters at the Building and to lease and occupy a minimum of 64,656 square feet at the Building (collectively, the "Operating Covenant") throughout the Compliance Period defined below. A default under the Operating Covenant shall constitute an Event of Default without notice or opportunity to cure.

- (i) Prior to the date the Developer requests the City to issue the Certificate under **Section 7.01**, at least 140 FTE jobs shall be relocated to the Headquarters; and

Throughout the Compliance Period, the Developer shall submit annual certified Jobs Certificates (attached hereto as Exhibit F) disclosing compliance with the Jobs Covenant to HED. These Jobs Certificates shall be submitted to HED by March 1 for the prior calendar year. The Developer agrees that it shall act in good faith and, among other things, shall not hire temporary workers or relocate workers for short periods of time for the primary purpose of avoiding a breach of the Jobs Covenant. The Jobs Certificates shall include the names and titles of FTEs employed at the Headquarters as of the end of the prior calendar year.

(c) Jobs Covenant Default and Cure Period. If the Developer defaults under the Jobs Covenant described in Section 8.06 above, an Event of Default shall not be declared with respect to such default if the Developer, upon irrevocable written notice (the "Extension Notice") accompanying the certified employment report, elects to extend the Compliance Period by one year to the eleventh (11<sup>th</sup>) anniversary of the date the Certificate is issued. The one-year period during which the Extension Notice is given shall be the only cure period allowed for a default by Developer of the Jobs Covenant as described in this paragraph; no other notice or cure periods shall apply thereto and if such default is not cured within such one-year period then the Compliance Period shall not be extended and an Event of Default shall exist without notice or opportunity to cure. If the Developer has not delivered a permitted Extension Notice then any default by the Developer under the Jobs Covenant shall constitute an Event of Default without notice or opportunity to cure. The Developer shall be entitled to deliver one Extension Notice. If the Developer has delivered an Extension Notice, then any subsequent default by the Developer of the Jobs Covenant as described in this paragraph shall constitute an Event of Default without notice or opportunity to cure.

(d) Remedy. In the event of a default for any of the covenants in this Section 8.06, the City shall have the right to recapture the full amount of all City Funds previously paid or disbursed to the Developer for the Project if such default(s) is/are not cured during the applicable cure period, if any, and to exercise any other remedies described or referred to in this Agreement.

(e) Default by Landlord under Lease. A default by the Landlord under the Lease shall not (a) relieve Developer from its obligations under this Agreement or (b) constitute any defense, excuse of performance, release, discharge or similar form of equitable or other relief that would prevent or limit the City's enforcement of its remedies under this Agreement.

**8.07 Employment Opportunity; Progress Reports.** The Developer covenants and agrees to abide by, and contractually obligate and use reasonable efforts to cause the General Contractor and each subcontractor to abide by the terms set forth in Section 10 hereof. The Developer shall deliver to the City written progress reports detailing compliance with the requirements of Sections 8.09, 10.02 and 10.03 of this Agreement. Such reports shall be delivered to the City when the Rehabilitation Project is 25%, 50%, 70% and 100% completed (based on the amount of

expenditures incurred in relation to the Project Budget). Notwithstanding the foregoing, if the Rehabilitation Project is begun before the Closing occurs, then at Closing the Developer shall deliver to the City a written progress report detailing compliance with the requirements of **Sections 8.09, 10.02 and 10.03** of this Agreement based on the portion of the Rehabilitation Project completed prior to Closing. If any such reports indicate a shortfall in compliance, the Developer shall also deliver a plan to HED which shall outline, to HED's satisfaction, the manner in which the Developer shall correct any shortfall.

**8.08 Employment Profile.** The Developer shall submit, and contractually obligate and cause the General Contractor or any subcontractor to submit, to HED, from time to time, statements of its employment profile upon HED's request.

**8.09 Prevailing Wage.** The Developer covenants and agrees to pay, and to contractually obligate and cause the General Contractor and each subcontractor to pay, the prevailing wage rate as ascertained by the Illinois Department of Labor (the "Department"), to all Rehabilitation Project employees. All such contracts shall list the specified rates to be paid to all laborers, workers and mechanics for each craft or type of worker or mechanic employed pursuant to such contract. If the Department revises such prevailing wage rates, the revised rates shall apply to all such contracts. Upon the City's request, the Developer shall provide the City with copies of all such contracts entered into by the Developer or the General Contractor to evidence compliance with this **Section 8.09**.

**8.10 Arms-Length Transactions.** Unless HED has given its prior written consent with respect thereto, no Affiliate of the Developer may receive any portion of City Funds, directly or indirectly, in payment for work done, services provided or materials supplied in connection with any TIF-Funded Improvement. The Developer shall provide information with respect to any entity to receive City Funds directly or indirectly (whether through payment to the Affiliate by the Developer and reimbursement to the Developer for such costs using City Funds, or otherwise), upon HED's request, prior to any such disbursement.

**8.11 Conflict of Interest.** Pursuant to Section 5/11-74.4-4(n) of the Act, the Developer represents, warrants and covenants that, to the best of its knowledge, no member, official, or employee of the City, or of any commission or committee exercising authority over the Project, the Redevelopment Area or the Redevelopment Plan, or any consultant hired by the City or the Developer with respect thereto, owns or controls, has owned or controlled or will own or control any interest, and no such person shall represent any person, as agent or otherwise, who owns or controls, has owned or controlled, or will own or control any interest, direct or indirect, in the Developer's business, the Property or any other property in the Redevelopment Area.

**8.12 Disclosure of Interest.** The Developer's counsel has no direct or indirect financial ownership interest in the Developer, the Property or any other aspect of the Project exceeding 7.5%.

**8.13 Financial Statements.** The Developer shall obtain and provide to HED Financial Statements for the Developer's fiscal year ended 2009 and each year thereafter for the Term of the Agreement. In addition, the Developer shall submit unaudited financial statements as soon as reasonably practical following the close of each fiscal year and for such other periods as HED may request.

**8.14 Insurance.** The Developer, at its own expense, shall comply with all provisions of **Section 12** hereof.

**8.15 Non-Governmental Charges.** (a) Payment of Non-Governmental Charges. Except for the Permitted Liens, the Developer agrees to pay or cause to be paid when due any Non-Governmental Charge assessed or imposed upon the Project, the Developer Space or any fixtures that are or may become attached thereto, which creates, may create, or appears to create a lien upon all or any portion of the Developer Space or Project; provided however, that if such Non-Governmental Charge may be paid in installments, the Developer may pay the same together with any accrued interest thereon in installments as they become due and before any fine, penalty, interest, or cost may be added thereto for nonpayment; and provided further that Developer shall not be responsible for a Non-Governmental Charges assessed or imposed on the landlord, Gx Chicago, LLC, or its successors, affiliates or assignees. The Developer shall furnish to HED, within thirty (30) days of HED's request, official receipts from the appropriate entity, or other proof satisfactory to HED, evidencing payment of the Non-Governmental Charge in question.

(b) Right to Contest. The Developer has the right, before any delinquency occurs:

(i) to contest or object in good faith to the amount or validity of any Non-Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted, in such manner as shall stay the collection of the contested Non-Governmental Charge, prevent the imposition of a lien or remove such lien, or prevent the sale or forfeiture of the Property (so long as no such contest or objection shall be deemed or construed to relieve, modify or extend the Developer's covenants to pay any such Non-Governmental Charge at the time and in the manner provided in this Section 8.15); or

(ii) if required by a court or other applicable judicial or administrative body, to furnish a good and sufficient bond or other security or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property or any portion thereof or any fixtures that are or may be attached thereto, during the pendency of such contest, adequate to pay fully any such contested Non-Governmental Charge and all interest and penalties upon the adverse determination of such contest.

**8.16 Developer's Liabilities.** The Developer shall not enter into any transaction that would materially and adversely affect its ability to perform its obligations hereunder or to repay any material liabilities or perform any material obligations of the Developer to any other person or entity. The Developer shall immediately notify HED of any and all events or actions which may materially affect the Developer's ability to carry on its business operations or perform its obligations under this Agreement or any other documents and agreements.

**8.17 Compliance with Laws.** To the best of the Developer's knowledge, after diligent inquiry, the Developer Space and the Project are and shall be in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, executive orders and codes pertaining to or affecting the Project and the Developer Space. Upon the City's request, the Developer shall provide evidence reasonably satisfactory to the City of such compliance, to the extent that such evidence is in the possession or control of the Developer.

**8.18 Recording and Filing.** The Developer shall cause this Agreement, certain exhibits (as specified by Corporation Counsel), all amendments and supplements hereto to be recorded and filed against the Developer Space on the date hereof in the conveyance and real property records of the county in which the Project is located. This Agreement shall be recorded prior to any mortgage made in connection with Lender Financing. The Developer shall pay all fees and charges incurred in

connection with any such recording. Upon recording, the Developer shall immediately transmit to the City an executed original of this Agreement showing the date and recording number of record. It shall be Developer's responsibility to obtain written consent from the landlord, Gx Chicago Master Tenant, LLC, for recording of the Agreement against the Developer Space.

#### **8.19 Real Estate Provisions.**

##### **(a) Governmental Charges.**

(i) Payment of Governmental Charges. The Developer agrees to pay or cause to be paid when due all Governmental Charges (as defined below) which are assessed or imposed upon the Developer, the Developer Space or the Project, or become due and payable, and which create, may create, or appear to create a lien upon the Developer or all or any portion of the Developer Space or the Project. "Governmental Charge" shall mean all federal, State, county, the City, or other governmental (or any instrumentality, division, agency, body, or department thereof) taxes, levies, assessments, charges, liens, claims or encumbrances (except for those assessed by foreign nations, states other than the State of Illinois, counties of the State other than Cook County, and municipalities other than the City) relating to the Developer, the Developer Space or the Project including but not limited to real estate taxes.

(ii) Right to Contest. The Developer has the right before any delinquency occurs to contest or object in good faith to the amount or validity of any Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted in such manner as shall stay the collection of the contested Governmental Charge and prevent the imposition of a lien or the sale or forfeiture of the Property. The Developer's right to challenge real estate taxes applicable to the Developer Space is limited as provided for in **Section 8.19(c)** below, provided, that such real estate taxes must be paid in full when due and may be disputed only after such payment is made. No such contest or objection shall be deemed or construed in any way as relieving, modifying or extending the Developer's covenants to pay any such Governmental Charge at the time and in the manner provided in this Agreement unless the Developer has given prior written notice to HED of the Developer's intent to contest or object to a Governmental Charge and, unless, at HED's sole option,

(i) the Developer shall demonstrate to HED's satisfaction that legal proceedings instituted by the Developer contesting or objecting to a Governmental Charge shall conclusively operate to prevent or remove a lien against, or the sale or forfeiture of, all or any part of the Developer Space to satisfy such Governmental Charge prior to final determination of such proceedings; and/or

(ii) the Developer shall furnish a good and sufficient bond or other security satisfactory to HED in such form and amounts as HED shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property during the pendency of such contest, adequate to pay fully any such contested Governmental Charge and all interest and penalties upon the adverse determination of such contest.

(b) Developer's Failure To Pay Or Discharge Lien. If the Developer fails to pay any Governmental Charge or to obtain discharge of the same, the Developer shall advise HED thereof in

writing, at which time HED may, but shall not be obligated to, and without waiving or releasing any obligation or liability of the Developer under this Agreement, in HED's sole discretion, make such payment, or any part thereof, or obtain such discharge and take any other action with respect thereto which HED deems advisable. All sums so paid by HED, if any, and any expenses, if any, including reasonable attorneys' fees, court costs, expenses and other charges relating thereto, shall be promptly disbursed to HED by the Developer. Notwithstanding anything contained herein to the contrary, this paragraph shall not be construed to obligate the City to pay any such Governmental Charge. Additionally, if the Developer fails to pay any Governmental Charge, the City, in its sole discretion, may require the Developer to submit to the City audited Financial Statements at the Developer's own expense.

(c) Real Estate Taxes.

(i) Real Estate Tax Exemption. With respect to the Developer Space or the Project, neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer shall, during the Term of the Agreement, seek, or authorize any exemption (as such term is used and defined in the Illinois Constitution, Article IX, Section 6 (1970)) for any year that the Redevelopment Plan is in effect.

(ii) No Reduction in Real Estate Taxes. Neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer shall, during the Term of the Agreement, directly or indirectly, initiate, seek or apply for proceedings in order to lower the assessed value of all or any portion of the Developer Space or the Project.

(iii) No Objections. Neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer, shall object to or in any way seek to interfere with, on procedural or any other grounds, the filing of any underassessment complaint or subsequent proceedings related thereto with the Cook County Assessor or with the Cook County Board of Appeals, by either the City or any taxpayer.

(iv) Covenants Running with the Land. The parties agree that the restrictions contained in this Section 8.19(c) are covenants running with the land and this Agreement shall be recorded by the Developer as a memorandum thereof, at the Developer's expense, with the Cook County Recorder of Deeds on the Closing Date. These restrictions shall be binding upon the Developer and its agents, representatives, lessees, successors, assigns and transferees from and after the date hereof, provided however, that the covenants shall be released when the Redevelopment Area is no longer in effect. The Developer agrees that any sale, lease, conveyance, or transfer of title to all or any portion of the Property, Developer Space or Redevelopment Area from and after the date hereof shall be made explicitly subject to such covenants and restrictions. Notwithstanding anything contained in this Section 8.19(c) to the contrary, the City, in its sole discretion and by its sole action, without the joinder or concurrence of the Developer, its successors or assigns, may waive and terminate the Developer's covenants and agreements set forth in this Section 8.19(c).

**8.20 [Intentionally Omitted]**

**8.21 Leasehold Title Policy.** On the Closing Date, the Developer shall furnish the City with a copy of the Title Policy for the Developer Space or a binding, signed, marked-up commitment to issue such Title Policy, certified by the Title Company, showing fee simple title to the Property in the Landlord under the Lease, subject to the leasehold interest of the Developer under the Lease, with

the Developer as the insured with respect to the leasehold interest in the Developer Space. The Leasehold Title Policy shall be dated as of the date the Lease or a memorandum thereof is recorded and shall contain only those title exceptions listed as Permitted Liens on Exhibit G hereto and shall evidence the recording of this Agreement pursuant to the provisions of Section 8.18 hereof. The Leasehold Title Policy also shall contain such endorsements as may be required by Corporation Counsel, including but not limited to an owner's comprehensive endorsement and satisfactory endorsements regarding zoning (3.1 with parking), contiguity, location, and access. The Developer shall provide to HED, prior to the Closing Date, a copy of the executed Lease and certified copies of all easements and encumbrances of record with respect to the Property not addressed, to HED's satisfaction, by the Leasehold Title Policy and any endorsements thereto.

**8.22 [Intentionally Omitted]**

**8.23 Lease.** Throughout the Compliance Period the Developer shall not execute or consent to a Material Amendment without the prior written consent of HED, which consent shall not be unreasonably withheld, conditioned or delayed.

**8.24 LEED Certification.** Prior to issuance of the Certificate, the Developer shall have provided an affidavit from its project architect certifying that the Developer Space would likely achieve the minimum points required for LEED Certification for Commercial Interiors ("LEED CI"). The affidavit shall be in substantially in the form attached hereto as Exhibit N.

**8.25 Annual Compliance Report.** Beginning with the issuance of the Certificate and continuing throughout the Term of the Agreement, the Developer shall submit to HED the Annual Compliance Report on or before March 1 after the end of the calendar year to which the Annual Compliance Report relates. The Annual Compliance Report, Jobs Certificate and Requisition Form should be submitted together, if possible.

**8.26 Survival of Covenants.** All warranties, representations, covenants and agreements of the Developer contained in this Section 8 and elsewhere in this Agreement shall be true, accurate and complete at the time of the Developer's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and (except as provided in Section 7 hereof upon the issuance of a Certificate) shall be in effect throughout the Term of the Agreement.

**SECTION 9. COVENANTS/REPRESENTATIONS/WARRANTIES OF CITY**

**9.01 General Covenants.** The City represents that it has the authority as a home rule unit of local government to execute and deliver this Agreement and to perform its obligations hereunder.

**9.02 Survival of Covenants.** All warranties, representations, and covenants of the City contained in this Section 9 or elsewhere in this Agreement shall be true, accurate, and complete at the time of the City's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and be in effect throughout the Term of the Agreement.

**SECTION 10. DEVELOPER'S EMPLOYMENT OBLIGATIONS**

**10.01 Employment Opportunity.** The Developer, on behalf of itself and its successors and assigns, hereby agrees, and shall contractually obligate its or their various contractors,

subcontractors or any Affiliate of the Developer operating on the Property (collectively, with the Developer, the "Employers" and individually an "Employer") to agree, that for the Term of this Agreement with respect to the Developer and during the period of any other party's provision of services in connection with the construction of the Rehabilitation Project or occupation of the Property:

(a) No Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Chapter 2-160, Section 2-160-010 et seq., Municipal Code, except as otherwise provided by said ordinance and as amended from time to time (the "Human Rights Ordinance"). Each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a non-discriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Employers, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.

(b) To the greatest extent feasible, each Employer is required to present opportunities for training and employment of low- and moderate-income residents of the City and preferably of the Redevelopment Area, and to provide that contracts for work in connection with the construction of the Rehabilitation Project be awarded to business concerns that are located in, or owned in substantial part by persons residing in, the City and preferably in the Redevelopment Area.

(c) Each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including but not limited to the City's Human Rights Ordinance and the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. (1993), and any subsequent amendments and regulations promulgated thereto.

(d) Each Employer, in order to demonstrate compliance with the terms of this Section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.

(e) Each Employer shall include the foregoing provisions of subparagraphs (a) through (d) in every contract entered into in connection with the Rehabilitation Project, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any Affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or Affiliate, as the case may be.

(f) Failure to comply with the employment obligations described in this **Section 10.01** shall be a basis for the City to pursue remedies under the provisions of **Section 15.02** hereof.

**10.02 City Resident Construction Worker Employment Requirement.** The Developer agrees for itself and its successors and assigns, and shall contractually obligate its General Contractor and shall cause the General Contractor to contractually obligate its subcontractors, as applicable, to agree, that during the construction of the Rehabilitation Project they shall comply with the minimum percentage of total worker hours performed by actual residents of the City as specified in Section 2-92-330 of the Municipal Code of Chicago (at least 50 percent of the total worker hours worked by persons on the site of the Rehabilitation Project shall be performed by actual residents of the City); provided, however, that in addition to complying with this percentage, the Developer, its General Contractor and each subcontractor shall be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions.

The Developer may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Chief Procurement Officer of the City.

**"Actual residents of the City"** shall mean persons domiciled within the City. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

The Developer, the General Contractor and each subcontractor shall provide for the maintenance of adequate employee residency records to show that actual Chicago residents are employed on the Rehabilitation Project. Each Employer shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

Weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) shall be submitted to the Commissioner of HED in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the Employer hired the employee should be written in after the employee's name.

The Developer, the General Contractor and each subcontractor shall provide full access to their employment records to the Chief Procurement Officer, the Commissioner of HED, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative of any of them. The Developer, the General Contractor and each subcontractor shall maintain all relevant personnel data and records for a period of at least three (3) years after final acceptance of the work constituting the Rehabilitation Project.

At the direction of HED, affidavits and other supporting documentation will be required of the Developer, the General Contractor and each subcontractor to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of the Developer, the General Contractor and each subcontractor to provide utilization of actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Chief Procurement Officer) shall not suffice to replace the actual, verified achievement of the requirements of this Section concerning the worker hours performed by actual Chicago residents.

When work at the Rehabilitation Project is completed, in the event that the City has determined that the Developer has failed to ensure the fulfillment of the requirement of this Section concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Section. Therefore, in such a case of non-compliance, it is agreed that 1/20 of 1 percent (0.0005) of the aggregate hard construction costs set forth in the Project budget (the product of 0.0005 x such aggregate hard construction costs) (as the same shall be evidenced by approved contract value for the actual contracts) shall be surrendered by the Developer to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject the Developer, the General Contractor and/or the subcontractors to prosecution. The City may obtain payment of the liquidated damages hereunder, in the amount the appropriate City or official determines are due. Any retainage to cover contract performance that may become due to the Developer pursuant to Section 2-92-250 of the Municipal Code of Chicago may be withheld by the City pending the Chief Procurement Officer's determination as to whether the Developer must surrender damages as provided in this paragraph.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Agreement or related documents.

The Developer shall cause or require the provisions of this Section 10.02 to be included in all construction contracts and subcontracts related to the Rehabilitation Project.

**10.03. MBE/WBE Commitment** The Developer agrees for itself and its successors and assigns, and; if necessary to meet the requirements set forth herein, shall contractually obligate the General Contractor to agree that during the Rehabilitation Project:

(a) Consistent with the findings which support, as applicable, (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420 et seq. Municipal Code of Chicago (the "Procurement Program"), and (ii) the Minority and Women-Owned Business Enterprise Construction Program, Section 2-92-650 et seq. Municipal Code of Chicago (the "Construction Program," and collectively with the Procurement Program, the "MBE/WBE Program"), and in reliance upon the provisions of the MBE/WBE Program to the extent contained in, and as qualified by, the provisions of this Section 10.03, during the course of the Rehabilitation Project, at least the following percentages of the MBE/WBE Budget (as set forth in Exhibit H-2 hereto) shall be expended for contract participation by MBEs and by WBEs:

- (1) At least 24 percent by MBEs.
- (2) At least four percent by WBEs.

(b) For purposes of this Section 10.03 only, the Developer (and any party to whom a contract is let by the Developer in connection with the Rehabilitation Project) shall be deemed a "contractor" and this Agreement (and any contract let by the Developer in connection with the Rehabilitation Project) shall be deemed a "contract" or a "construction contract" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code of Chicago, as applicable.

(c) Consistent with Sections 2-92-440 and 2-92-720, Municipal Code of Chicago, the Developer's MBE/WBE commitment may be achieved in part by the Developer's status as an MBE or WBE (but only to the extent of any actual work performed on the Rehabilitation Project by the Developer) or by a joint venture with one or more MBEs or WBEs (but only to the extent of the lesser of (i) the MBE or WBE participation in such joint venture or (ii) the amount of any actual work performed on the Rehabilitation Project by the MBE or WBE), by the Developer utilizing a MBE or a WBE as the General Contractor (but only to the extent of any actual work performed on the Rehabilitation Project by the General Contractor), by subcontracting or causing the General Contractor to subcontract a portion of the Rehabilitation Project to one or more MBEs or WBEs, or by the purchase of materials or services used in the Rehabilitation Project from one or more MBEs or WBEs, or by any combination of the foregoing. Those entities which constitute both a MBE and a WBE shall not be credited more than once with regard to the Developer's MBE/WBE commitment as described in this **Section 10.03**. In accordance with Section 2-92-730, Municipal Code of Chicago, the Developer shall not substitute any MBE or WBE General Contractor or subcontractor without the prior written approval of HED.

(d) The Developer shall deliver quarterly reports to the City's monitoring staff during the Rehabilitation Project describing its efforts to achieve compliance with this MBE/WBE commitment. Such reports shall include, *inter alia*, the name and business address of each MBE and WBE solicited by the Developer or the General Contractor to work on the Rehabilitation Project, and the responses received from such solicitation, the name and business address of each MBE or WBE actually involved in the Rehabilitation Project, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the City's monitoring staff in determining the Developer's compliance with this MBE/WBE commitment. The Developer shall maintain records of all relevant data with respect to the utilization of MBEs and WBEs in connection with the Rehabilitation Project for at least five years after completion of the Rehabilitation Project, and the City's monitoring staff shall have access to all such records maintained by the Developer, on five Business Days' notice, to allow the City to review the Developer's compliance with its commitment to MBE/WBE participation and the status of any MBE or WBE performing any portion of the Rehabilitation Project.

(e) Upon the disqualification of any MBE or WBE General Contractor or subcontractor, if such status was misrepresented by the disqualified party, the Developer shall be obligated to discharge or cause to be discharged the disqualified General Contractor or subcontractor, and, if possible, identify and engage a qualified MBE or WBE as a replacement. For purposes of this subsection (e), the disqualification procedures are further described in Sections 2-92-540 and 2-92-730, Municipal Code of Chicago, as applicable.

(f) Any reduction or waiver of the Developer's MBE/WBE commitment as described in this **Section 10.03** shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code of Chicago, as applicable.

(g) Prior to the commencement of the Rehabilitation Project, the Developer shall be required to meet with the City's monitoring staff with regard to the Developer's compliance with its obligations under this **Section 10.03**. The General Contractor and all major subcontractors shall be required to attend this pre-construction meeting. During said meeting, the Developer shall demonstrate to the City's monitoring staff its plan to achieve its obligations under this **Section 10.03**, the sufficiency of

which shall be approved by the City's monitoring staff. During the Rehabilitation Project, the Developer shall submit the documentation required by this **Section 10.03** to the City's monitoring staff, including the following: (i) subcontractor's activity report; (ii) contractor's certification concerning labor standards and prevailing wage requirements; (iii) contractor letter of understanding; (iv) monthly utilization report; (v) authorization for payroll agent; (vi) certified payroll; (vii) evidence that MBE/WBE contractor associations have been informed of the Rehabilitation Project via written notice and hearings; and (viii) evidence of compliance with job creation/job retention requirements. Failure to submit such documentation on a timely basis, or a determination by the City's monitoring staff, upon analysis of the documentation, that the Developer is not complying with its obligations under this **Section 10.03**, shall, upon the delivery of written notice to the Developer, be deemed an Event of Default. Upon the occurrence of any such Event of Default, in addition to any other remedies provided in this Agreement, the City may: (1) issue a written demand to the Developer to halt the Rehabilitation Project, (2) withhold any further payment of any City Funds to the Developer or the General Contractor, and/or (3) seek any other remedies against the Developer available at law or in equity.

#### **SECTION 11. ENVIRONMENTAL MATTERS**

The Developer hereby represents and warrants to the City that the Project may be constructed, completed and operated in accordance with all Environmental Laws and this Agreement and all Exhibits attached hereto, the Scope Drawings, Plans and Specifications and all amendments thereto, the Bond Ordinance and the Redevelopment Plan.

Without limiting any other provisions hereof, the Developer agrees to indemnify, defend and hold the City harmless from and against any and all losses, liabilities, damages, injuries, costs, expenses or claims of any kind whatsoever including, without limitation, any losses, liabilities, damages, injuries, costs, expenses or claims asserted or arising under any Environmental Laws incurred, suffered by or asserted against the City as a direct or indirect result of any of the following, to the extent caused by, or within the control of the Developer: (i) the presence of any Hazardous Material on or under, or the escape, seepage, leakage, spillage, emission, discharge or release of any Hazardous Material from (A) all or any portion of the Developer Space or (B) any other real property in which the Developer, or any person directly or indirectly controlling, controlled by or under common control with the Developer, holds any estate or interest whatsoever (including, without limitation, any property owned by a land trust in which the beneficial interest is owned, in whole or in part, by the Developer), or (ii) any liens against the Developer Space permitted or imposed by any Environmental Laws, or any actual or asserted liability or obligation of the City or the Developer or any of its Affiliates under any Environmental Laws relating to the Developer Space.

#### **SECTION 12. INSURANCE**

The Developer must provide and maintain, at Developer's own expense, or cause to be provided and maintained during the term of this Agreement, the insurance coverage and requirements specified below, insuring all operations related to the Agreement.

The receipt of any certificate does not constitute agreement by the City that the insurance requirements in the Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the City to obtain certificates or other insurance evidence from Developer is not a waiver by the City of any requirements for the Developer to obtain and maintain the specified coverages. The Developer shall advise all insurers of the Agreement provisions regarding insurance. Non-conforming insurance does not relieve Developer of the obligation to provide insurance as specified herein. The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Agreement or any limitation placed on the indemnity in this Agreement given as a matter of law.

The Developer must require Contractor and subcontractors to provide the insurance required herein, or Developer may provide the coverages for Contractor and subcontractors. All Contractors and subcontractors are subject to the same insurance requirements of Developer unless otherwise specified in this Agreement.

(i) the Developer's failure to comply with any of the terms, covenants and conditions contained within this Agreement; or

(ii) the Developer's or any contractor's failure to pay General Contractors, subcontractors or materialmen in connection with the TIF-Funded Improvements or any other Rehabilitation Project improvement; or

The provisions of the undertakings and indemnification set out in this **Section 13.01** shall survive the termination of this Agreement.

### SECTION 14. MAINTAINING RECORDS/RIGHT TO INSPECT

**14.01 Books and Records.** The Developer shall keep and maintain separate, complete, accurate and detailed books and records necessary to reflect and fully disclose the total actual cost of the Project and the disposition of all funds from whatever source allocated thereto, and to monitor

the Project. (a) the failure of the Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under this Agreement or any related agreement;

(b) the failure of the Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under any other agreement with any person or entity if such failure may have a material adverse effect on the Developer's business, property, assets, operations or condition, financial or otherwise;

(c) the making or furnishing by the Developer to the City of any representation, warranty, certificate, schedule, report or other communication within or in connection with this Agreement or any related agreement which is untrue or misleading in any material respect;

(d) except as otherwise permitted hereunder, the creation (whether voluntary or involuntary) of, or any attempt to create, any lien or other encumbrance upon the Property, including any fixtures now or hereafter attached thereto, other than the Permitted Liens, or the making or any attempt to make any levy, seizure or attachment thereof;

(e) the commencement of any proceedings in bankruptcy by or against the Developer or for the liquidation or reorganization of the Developer, or alleging that the Developer is insolvent or unable to pay its debts as they mature, or for the readjustment or arrangement of the Developer's debts, whether under the United States Bankruptcy Code or under any other state or federal law, now or hereafter existing for the relief of debtors, or the commencement of any analogous statutory or non-statutory proceedings involving the Developer; provided, however, that if such commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such proceedings are not dismissed within sixty (60) days after the commencement of such proceedings;

(f) the appointment of a receiver or trustee for the Developer, for any substantial part of the Developer's assets or the institution of any proceedings for the dissolution, or the full or partial liquidation, or the merger or consolidation, of the Developer; provided, however, that if such appointment or commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such appointment is not revoked or such proceedings are not dismissed within sixty (60) days after the commencement thereof;

(g) the entry of any judgment or order against the Developer that remains unsatisfied or undischarged and in effect for sixty (60) days after such entry without a stay of enforcement or execution and that materially impairs the Developer's ability to perform under this Agreement;

(h) the occurrence of an event of default under the Lender Financing, which default is not cured within any applicable cure period;

(i) the dissolution of the Developer;

(j) the institution in any court of a criminal proceeding (other than a misdemeanor) against the Developer or any natural person who has more than a 7.5% ownership interest in the Developer, which is not dismissed within thirty (30) days, or the indictment of the Developer or any natural person who has more than a 7.5% ownership interest in the Developer, for any crime (other than a misdemeanor);

(k) the sale or transfer of any of the ownership interests of the Developer to a party that is objectionable to the City because of any one or more existing uncured violations of the City's protocols or policies, and/or because the City is prohibited from entering into an agreement or business relationship with such party by the Municipal Code of Chicago, or state or federal law, as shall be solely determined by the City;

(l) the assignment or other direct or indirect transfer of the Lease to a party that is objectionable to the City because of any one or more existing uncured violations of the City's protocols or policies, and/or because the City is prohibited from entering into an agreement or business relationship with such party by the Municipal Code of Chicago, or state or federal law, as shall be solely determined by the City;

(m) a Default (as defined in the Lease) by the Developer under the Lease that is not cured within the cure period, if any, granted under the Lease, or the Developer's execution of a Material Amendment without the prior written approval of the City under Section 8.23.

For purposes of Section 15.01(j) hereof, a person with a material interest in the Developer shall be one owning in excess of 7.5% of the Developer's issued and outstanding shares of stock.

**15.02 Remedies.** Upon the occurrence of an Event of Default, the City may terminate this Agreement and any other agreements to which the City and the Developer are or shall be parties, suspend disbursement of City Funds, place a lien on the Developer Space in the amount of City Funds paid, and/or seek reimbursement of any City Funds paid. The City may, in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy, including but not limited to damages, injunctive relief or the specific performance of the agreements contained herein. Upon the occurrence of an Event of Default under Section 8.06, the Developer shall be obligated to repay to the City all previously disbursed City Funds.

Upon the occurrence of an Event of Default because of failure to comply with Section 8.24, LEED Certification, the City's remedy shall be the right to seek reimbursement of \$250,000 in City Funds. Notwithstanding the foregoing, if the City Funds paid upon Certificate issuance were reduced by \$250,000 due to failure of Developer to provide an affidavit from its project architect certifying that the Project would likely achieve LEED Certification as described in Section 4.03(b), then the City shall not have the right to seek reimbursement of an additional \$250,000.

**15.03 Curative Period.** In the event the Developer shall fail to perform a monetary covenant which the Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless the Developer has failed to perform such monetary covenant within ten (10) days of its receipt of a written notice from the City specifying that it has failed to perform such monetary covenant. In the event the Developer shall fail to perform a non-monetary covenant which the Developer is required to perform under this Agreement, except as described in the following paragraph, an Event of Default shall not be deemed to have occurred unless the Developer has failed to cure such default within thirty (30) days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with respect to those non-monetary defaults which are not capable of being cured within such thirty (30) day period, the Developer shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such thirty (30) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

Notwithstanding any other provision of this Agreement to the contrary:

(a) the only cure periods, if any, applicable to the Developer's failure to comply with the Jobs Covenant are those set forth in Section 8.06;

(b) there shall be no notice requirement or cure period with respect to an Event of Default arising from the Developer's failure to comply with the Operating Covenant.

## SECTION 16. MORTGAGING OF THE PROJECT

All mortgages or deeds of trust in place as of the date hereof with respect to the Developer Space or any portion thereof are listed on Exhibit G hereto (including but not limited to mortgages made prior to or on the date hereof in connection with Lender Financing) and are referred to herein as the "Existing Mortgages." Any mortgage or deed of trust that the Developer may hereafter elect to execute and record or permit to be recorded against the Developer Space or any portion thereof is referred to herein as a "New Mortgage." Any New Mortgage that the Developer may hereafter elect to execute and record or permit to be recorded against the Developer Space or any portion thereof with the prior written consent of the City is referred to herein as a "Permitted Mortgage." It is hereby agreed by and between the City and the Developer as follows:

(a) In the event that a mortgagee or any other party shall succeed to the Developer's interest in the Developer Space or any portion thereof pursuant to the exercise of remedies under a New Mortgage (other than a Permitted Mortgage), whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of the Developer's interest

hereunder in accordance with Section 18.15 hereof, the City may, but shall not be obligated to, attorn to and recognize such party as the successor in interest to the Developer for all purposes under this Agreement and, unless so recognized by the City as the successor in interest, such party shall be entitled to no rights or benefits under this Agreement, but such party shall be bound by those provisions of this Agreement that are covenants expressly running with the land.

(b) In the event that any mortgagee shall succeed to the Developer's interest in the Developer Space or any portion thereof pursuant to the exercise of remedies under an Existing Mortgage or a Permitted Mortgage, whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of the Developer's interest hereunder in accordance with Section 18.15 hereof, the City hereby agrees to attorn to and recognize such party as the successor in interest to the Developer for all purposes under this Agreement so long as such party accepts all of the obligations and liabilities of the Developer hereunder; provided, however, that, notwithstanding any other provision of this Agreement to the contrary, it is understood and agreed that if such party accepts an assignment of the Developer's interest under this Agreement, such party has no liability under this Agreement for any Event of Default of the Developer which accrued prior to the time such party succeeded to the interest of the Developer under this Agreement, in which case the Developer shall be solely responsible. However, if such mortgagee under a Permitted Mortgage or an Existing Mortgage does not expressly accept an assignment of the Developer's interest hereunder, such party shall be entitled to no rights and benefits under this Agreement, and such party shall be bound only by those provisions of this Agreement, if any, which are covenants expressly running with the land.

(c) Prior to the issuance by the City to the Developer of a Certificate pursuant to Section 7 hereof, no New Mortgage shall be executed with respect to the Developer Space or any portion thereof without the prior written consent of the Commissioner of HED.

No delay or omission on the part of a party in exercising any right shall operate as a waiver of such right or any other right unless pursuant to the specific terms hereof. A waiver by a party of a provision of this Agreement shall not prejudice or constitute a waiver of such party's right otherwise to demand strict compliance with that provision or any other provision of this Agreement. *Opinion Of Developer's Counsel.*

[To Be Retyped On The Developer's Counsel's Letterhead]

\_\_\_\_\_  
City of Chicago  
City Hall, Room 600

Chicago, Illinois 60602

Attention: Corporation Counsel

Ladies and Gentlemen:

We have acted as counsel to Coyote Logistics, LLC, a Delaware limited liability company (the "Developer"), in connection with the construction of certain facilities thereon located in the Addison South Redevelopment Project Area (the "Project"). In that capacity, we have examined, among other things, the following agreements, instruments and documents of even date herewith, hereinafter referred to as the "Documents":

(a) Coyote Logistics, LLC Redevelopment Agreement (the "Agreement") of even date herewith, executed by the Developer and the City of Chicago (the "City");

(b) [insert other documents including but not limited to documents related to purchase and financing of the Property and all lender financing related to the Project]; and

(c) all other agreements, instruments and documents executed in connection with the foregoing.

In addition to the foregoing, we have examined:

(a) the original or certified, conformed or photostatic copies of the Developer's (i) Articles of Incorporation, as amended to date, (ii) qualifications to do business and certificates of

good standing in all states in which the Developer is qualified to do business, (iii) Bylaws, as amended to date, and (iv) records of all corporate proceedings relating to the Project [revise if the Developer is not a corporation]; and

(b) such other documents, records and legal matters as we have deemed necessary or relevant for purposes of issuing the opinions hereinafter expressed.

In all such examinations, I have assumed the genuineness of all signatures (other than those of the Developer, the authenticity of documents submitted to us as originals and conformity to the originals of all documents submitted to us as certified, conformed or photostatic copies.

Based on the foregoing, it is our opinion that:

1. The Developer is a corporation duly organized, validly existing and in good standing under the laws of its state of organization, has full power and authority to own and lease its properties and to carry on its business as presently conducted, and is in good standing and duly qualified to do business as a foreign entity under the laws of every state in which the conduct of its affairs or the ownership of its assets requires such qualification, except for those states in which its failure to qualify to do business would not have a material adverse effect on it or its business.

2. The Developer has full right, power and authority to execute and deliver the Documents to which it is a party and to perform its obligations thereunder. Such execution, delivery and performance will not conflict with, or result in a breach of, the Developer's [Articles of Incorporation or bylaws] [describe any formation documents if the Developer is not a corporation] or result in a breach or other violation of any of the terms, conditions or provisions of any law or regulation, order, writ, injunction or decree of any court, government or regulatory authority, or, to the best of our knowledge after diligent inquiry, any of the terms, conditions or provisions of any agreement, instrument or document to which the Developer is a party or by which the Developer or its properties is bound. To the best of our knowledge after diligent inquiry, such execution, delivery and performance will not constitute grounds for acceleration of the maturity of any agreement, indenture, undertaking or other instrument to which the Developer is a party or by which it or any of its property may be bound, or result in the creation or imposition of (or the obligation to create or impose) any lien, charge or encumbrance on, or security interest in, any of its property pursuant to the provisions of any of the foregoing, other than liens or security interests in favor of the lender providing Lender Financing (as defined in the Agreement).

3. The execution and delivery of each Document and the performance of the transactions contemplated thereby have been duly authorized and approved by all requisite action on the part of the Developer.

4. Each of the Documents to which the Developer is a party has been duly executed and delivered by a duly authorized officer of the Developer, and each such Document constitutes the legal, valid and binding obligation of the Developer, enforceable in accordance with its terms, except as limited by applicable bankruptcy, reorganization, insolvency or similar laws affecting the enforcement of creditors' rights generally.

5. (Sub)Exhibit A attached hereto (a) identifies each class of capital stock of the Developer, (b) sets forth the number of issued and authorized shares of each such class, and (c) identifies the record owners of shares of each class of capital stock of the Developer and the number of shares held of record by each such holder. To the best of our knowledge after diligent inquiry, except as set forth on (Sub)Exhibit A, there are no warrants, options, rights or commitments of purchase, conversion, call or exchange or other rights or restrictions with respect to any of the capital stock of the Developer. Each outstanding share of the capital stock of the Developer is duly authorized, validly issued, fully paid and nonassessable.

6. To the best of our knowledge after diligent inquiry, no judgments are outstanding against the Developer, nor is there now pending or threatened, any litigation, contested claim or governmental proceeding by or against the Developer or affecting the Developer or its property, or seeking to restrain or enjoin the performance by the Developer of the Agreement or the transactions contemplated by the Agreement, or contesting the validity thereof. To the best of our knowledge after diligent inquiry, the Developer is not in default with respect to any order, writ, injunction or decree of any court, government or regulatory authority or in default in any respect under any law, order, regulation or demand of any governmental agency or instrumentality, a default under which would have a material adverse effect on the Developer or its business.

7. To the best of our knowledge after diligent inquiry, there is no default by the Developer or any other party under any material contract, lease, agreement, instrument or commitment to which the Developer is a party or by which the company or its properties is bound.

8. To the best of our knowledge after diligent inquiry, all of the assets of the Developer are free and clear of mortgages, liens, pledges, security interests and encumbrances except for those specifically set forth in the Documents.

9. The execution, delivery and performance of the Documents by the Developer have not and will not require the consent of any person or the giving of notice to, any exemption by, any registration, declaration or filing with or any taking of any other actions in respect of, any person, including without limitation any court, government or regulatory authority.

10. To the best of our knowledge after diligent inquiry, the Developer owns or possesses or is licensed or otherwise has the right to use all licenses, permits and other governmental approvals and authorizations, operating authorities, certificates of public convenience, goods carriers permits, authorizations and other rights that are necessary for the operation of its business.

11. A federal or state court sitting in the State of Illinois and applying the choice of law provisions of the State of Illinois would enforce the choice of law contained in the Documents and apply the law of the State of Illinois to the transactions evidenced thereby.

We are attorneys admitted to practice in the State of Illinois and we express no opinion as to any laws other than federal laws of the United States of America and the laws of the State of Illinois. [Note: include a reference to the laws of the state of incorporation/organization of the Developer, if other than Illinois.]

This opinion is issued at the Developer's request for the benefit of the City and its counsel, and may not be disclosed to or relied upon by any other person.

Very truly yours,

RECITALS

A. Constitutional Authority: As a home rule unit of government under Section 6(a), Article VII of the 1970 Constitution of the State of Illinois (the "State"), the City has the power to regulate for the protection of the public health, safety, morals and welfare of its inhabitants, and pursuant thereto, has the power to encourage private development in order to enhance the local tax base, create employment opportunities and to enter into contractual agreements with private parties in order to achieve these goals.

B. Statutory Authority: The City is authorized under the provisions of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq., as amended from time to time (the "Act"), to finance projects that eradicate blighted conditions and conservation area factors through the use of tax increment allocation financing for redevelopment projects.

C. City Council Authority: To induce redevelopment pursuant to the Act, the City Council of the City (the "City Council") adopted the following ordinances on December 11, 1996: (1) "An Ordinance of the City of Chicago, Illinois Approving a Redevelopment Plan for the Stockyards Annex Redevelopment Project Area" (as amended pursuant to an ordinance adopted by the City Council on October 6, 2005); (2) "An Ordinance of the City of Chicago, Illinois Designating the Stockyards Annex Redevelopment Project Area as a Redevelopment Project Area Pursuant to the Tax Increment Allocation Redevelopment Act"; and (3) "An Ordinance of the City of Chicago, Illinois Adopting Tax Increment Allocation Financing for the Stockyards Annex Redevelopment Project Area" (the "TIF Adoption Ordinance") (items (1)-(3) collectively referred to herein as the "TIF Ordinances"). The redevelopment project area referred to above (the "Redevelopment Area") is legally described in Exhibit A hereto.

D. The Project: The Owner has purchased (the "Acquisition") certain property located within the Redevelopment Area at 4045 South Morgan Street, Chicago, Illinois 60609 and legally described on Exhibit B hereto (the "Property"). The Owner has completed the first phase ("Phase 1") of the rehabilitation of approximately 54,000 square feet of an approximately 72,000 square foot building thereon for use as a pharmaceutical testing facility (the "Facility"). The Owner anticipates,

within the time frames set forth in Section 3.01 hereof, commencing and completing the second phase ("Phase 2") of the rehabilitation of the remaining approximately 18,000 square feet of the Facility. The rehabilitation of the Facility (including both Phase 1 and Phase 2) and related improvements (including but not limited to those TIF-Funded Improvements as defined below and set forth on Exhibit C) is referred to herein as the "Project." The completion of the Project would not reasonably be anticipated without the financing contemplated in this Agreement. The Operator occupies the Facility pursuant to a lease between the Owner and the Operator dated August 1, 2009 (the "Lease").

E. Redevelopment Plan: The Project has been and will be carried out in accordance with this Agreement and the City of Chicago Stockyards Annex Redevelopment Project Area Tax Increment Financing Program Redevelopment Plan, as amended (the "Redevelopment Plan"), a copy of which is attached to "An Ordinance of the City of Chicago, Illinois Approving Amendment Number 1 to the Redevelopment Plan for the Stockyards Annex Redevelopment Project Area" adopted by the City Council on October 6, 2005 and published in the Journal of Proceedings of the City Council for such date at pages 56906 to 57163.

F. City Financing: The City agrees to use, in the amounts set forth in Section 4.03 hereof, Incremental Taxes (as defined below), to pay for or reimburse the Developer for the costs of TIF-Funded Improvements pursuant to the terms and conditions of this Agreement.

Now, therefore, in consideration of the mutual covenants and agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

4.07 Preconditions of Disbursement. Prior to each disbursement of City Funds hereunder, the Developer shall submit documentation regarding the applicable expenditures to HED, which shall be satisfactory to HED in its sole discretion. Delivery by the Developer to HED of any request for disbursement of City Funds hereunder shall, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of such request for disbursement, that:

(a) the total amount of the disbursement request represents the actual cost of the Acquisition or the actual amount payable to (or paid to) the General Contractor and/or subcontractors who have performed work on the Project, and/or their payees;

(b) all amounts shown as previous payments on the current disbursement request have been paid to the parties entitled to such payment;

(c) the Developer has approved all work and materials for the current disbursement request; and, with respect to Phase 2, such work and materials conform to the Phase 2 Plans and Specifications;

(d) the representations and warranties contained in this Agreement are true and correct and the Developer is in compliance with all covenants contained herein;

(e) the Developer has received no notice and has no knowledge of any liens or claim of lien either filed or threatened against the Property except for the Permitted Liens;

(f) no Event of Default or condition or event which, with the giving of notice or passage of time or both, would constitute an Event of Default exists or has occurred; and

(g) with respect to Phase 2, Phase 2 is In Balance. Phase 2 shall be deemed to be in balance ("In Balance") only if the total of the available Phase 2 funds equals or exceeds the aggregate of the amount necessary to pay all unpaid Phase 2 costs incurred or to be incurred in the completion of Phase 2. "Available Phase 2 Funds" as used herein shall mean: (i) the undisbursed Phase 2 City Funds; (ii) the undisbursed Phase 2 Lender Financing, if any; (iii) the undisbursed Phase 2 Equity and (iv) any other amounts deposited by the Developer pursuant to this Agreement. The Developer hereby agrees that, if Phase 2 is not In Balance, the Developer shall, within 10 days after a written request by the City, deposit with the escrow agent or will make available (in a manner acceptable to the City), cash in an amount that will place Phase 2 In Balance, which deposit shall first be exhausted before any further disbursement of the Phase 2 City Funds shall be made.

The City shall have the right, in its discretion, to require the Developer to submit further documentation as the City may require in order to verify that the matters certified to above are true and correct, and any disbursement by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by the Developer. In addition, the Developer shall have satisfied all other preconditions of disbursement of City Funds for each disbursement, including but not limited to requirements set forth in the TIF Ordinances and/or this Agreement.

4.08 Conditional Grant. The City Funds being provided hereunder are being granted on a conditional basis, subject to the Developer's compliance with the provisions of this Agreement.

4.09 Capital Event.

In the event of a sale of the Operator that also results in Drs. Nabil Hatoorn and Bernadette Ryan singly or collectively, directly or indirectly owning or controlling less than a majority of the membership interests of the Operator, the City will share 10% of the net gain on the sale as set forth below. Typically firms are sold at a multiple of their cash flow, with Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA") used as a proxy for the cash flow. During normal economic times Contract Research Organizations such as Experimur can be sold for as high as a 15 times multiple.

Below are 2 tables that illustrate the foregoing. The Operator projects that for 2012 it will generate \$1,546,007 in EBITDA. If the Operator were to sell during the 1<sup>st</sup> year at 15 times this EBITDA, the proceeds would be \$23,190,100. The Operator's current debt is approximately \$13.5 million and it is assumed that the Operator has entered into long-term financing with an amortizing loan. The outstanding debt after one year would be \$13,117,636 which would be netted from the sales amount leaving a net profit of \$10,072,464. Taxes would then be subtracted to arrive at the after-tax profit. For 2012, the City's 10% share would net the City a return of \$654,710. The actual dollar amount is not guaranteed but the 10% sharing is guaranteed.

The tables assume that EBITDA will continue to grow at the long-term rate of inflation estimated to be 3%, debt will amortize each year and taxes are held constant at 35%. After eight years the City's 10% share will be eliminated.

| Year | EBITDA    | Multiple | Value      | Debt       | Net Profit | After Tax  | City Return | City Return in \$ |
|------|-----------|----------|------------|------------|------------|------------|-------------|-------------------|
| 2012 | 1,546,007 | 15       | 23,190,100 | 13,117,636 | 10,072,464 | 6,547,102  | 10.0%       | 654,710           |

#### 4.10 Above Average Profits

In those years where the Operator's net profit margin exceeds 25% the City will share 10% of the net profits as set forth below. The Operator, as a Subchapter S Corporation, is not taxed at the Corporate Rate but net profits are passed through to its owners (or members) who are then taxed at their respective personal rates. In years of profitability the Operator returns 20% of its net profits to its workforce. The Operator retains 35% of all profits to reinvest in the future and support additional growth. The remaining 45% is then distributed to the Operator's owners. The after-tax profits distributed to the Operator's owners shall be the base for the sharing agreement with the City. After eight years the City's 10% share will be eliminated.

For example, assuming that earnings during the first year of the agreement are \$7 million and that the Operator achieves a net profit margin of 30%, the following table indicates the City's 10% share of that profitability. The table also assumes that the Operator achieves growth that mirrors the long-term inflation rate of 3%.

| Year | Income    | 30%          | 20% Performance Based Compensation | 35% Retention in Firm | 45% Distribution to Owners | After-Tax Owner's Distribution | City's % Share | City's Dollar Share |

(i) For the TIF-Funded Improvements, the Developer shall select the Phase 2 General Contractor (or shall cause the Phase 2 General Contractor to select the subcontractor) submitting the lowest responsible bid who can complete Phase 2 in a timely manner. If the Developer selects a Phase 2 General Contractor (or the Phase 2 General Contractor selects any subcontractor) submitting other than the lowest responsible bid for the TIF-Funded Improvements, the difference between the lowest responsible bid and the bid selected may not be paid out of Phase 2 City Funds. (ii) For Phase 2 work other than the TIF-Funded Improvements, if the Developer selects a Phase 2 General Contractor (or the Phase 2 General Contractor selects any subcontractor) who has not submitted the lowest responsible bid, the difference between the lowest responsible bid and the higher bid selected shall be subtracted from the actual total Phase 2 costs for purposes of the calculation of the amount of Phase 2 City Funds to be contributed to Phase 2 pursuant to Section 4.03(b) hereof.

The Developer shall submit copies of the Phase 2 Construction Contract to HED in accordance with Section 6.02 below. Photocopies of all subcontracts entered or to be entered into in connection with the Phase 2 TIF-Funded Improvements shall be provided to HED within five (5) business days of the execution thereof. The Developer shall ensure that the Phase 2 General Contractor shall not (and shall cause the Phase 2 General Contractor to ensure that the subcontractors shall not) begin work on Phase 2 until the Phase 2 Plans and Specifications have been approved by HED and all requisite permits have been obtained.

(b) If, prior to entering into an agreement with a Phase 2 General Contractor for construction of Phase 2, the Developer does not solicit bids pursuant to Section 6.01(a) hereof, then the fee of the Phase 2 General Contractor proposed to be paid out of Phase 2 City Funds shall not exceed [tbd]% of the total amount of the Phase 2 Construction Contract. Except as explicitly stated in this paragraph, all other provisions of Section 6.01(a) shall apply, including but not limited to the requirement that the Phase 2 General Contractor shall solicit competitive bids from all subcontractors.

**6.02 Phase 2 Construction Contract.** Prior to the execution thereof, the Developer shall deliver to HED a copy of the proposed Phase 2 Construction Contract with the Phase 2 General Contractor selected to handle Phase 2 in accordance with Section 6.01 above, for HED's prior written approval, which shall be granted or denied within ten (10) business days after delivery thereof. **6.03 Performance and Payment Bonds.** Prior to the commencement of any portion of Phase 2 which includes work on the public way, the Developer shall require that the Phase 2 General Contractor be bonded for its payment by sureties having an AA rating or better using a bond in a form acceptable to the City. Photocopies of all contracts or subcontracts entered or to be entered into in connection with the Phase 2 TIF-Funded Improvements shall be provided to HED within five (5) business days of the execution thereof.

## SECTION 7. COMPLETION OF CONSTRUCTION OR REHABILITATION

7.01 Certificate of Completion of Construction or Rehabilitation. (a) Subject to the terms of this Agreement (including but not limited to Sections 3.01 and 8.06), on the Closing Date HED shall issue to the Developer a Certificate for Phase 1 (the "Phase 1 Certificate") in recordable form certifying that the Developer has fulfilled its obligation to complete Phase 1 in accordance with the terms of this Agreement.

(b) Upon completion of the rehabilitation of Phase 2 in accordance with the terms of this Agreement (including but not limited to Sections 3.01, 8.06 and 10), and after the final disbursement from the Phase 2 Escrow, and upon the Developer's written request, HED shall issue to the Developer a Certificate for Phase 2 (the "Phase 2 Certificate," and, together with the Phase 1 Certificate, the "Certificate") in recordable form certifying that the Developer has fulfilled its obligation to complete Phase 2 in accordance with the terms of this Agreement. HED shall respond to the Developer's written request for a Phase 2 Certificate within forty-five (45) days by issuing either a Phase 2 Certificate or a written statement detailing the ways in which the Project does not conform to this Agreement or has not been satisfactorily completed, and the measures which must be taken by the Developer in order to obtain the Phase 2 Certificate. The Developer may resubmit a written request for a Phase 2 Certificate upon completion of such measures.

7.02 Effect of Issuance of Certificate; Continuing Obligations. The Certificate relates only to the rehabilitation of the Project, and upon its issuance, the City will certify that the terms of the Agreement specifically related to the Developer's obligation to complete such activities has been satisfied. After the issuance of a Phase 2 Certificate, however, all executory terms and conditions of this Agreement and all representations and covenants contained herein will continue to remain in full force and effect throughout the Term of the Agreement as to the parties described in the following paragraph, and the issuance of the Phase 2 Certificate shall not be construed as a waiver by the City of any of its rights and remedies pursuant to such executory terms.

Those covenants specifically described at Sections 8.06, 8.19(c) and 8.20 as covenants that run with the land are the only covenants in this Agreement intended to be binding upon any transferee of the Property (including an assignee as described in the following sentence) throughout the Term of the Agreement notwithstanding the issuance of a Phase 2 Certificate; provided, that (1) upon the issuance of a Phase 2 Certificate, the covenants set forth in Section 8.02 shall be deemed to have been fulfilled, and (2) notwithstanding any other term or provision of this Agreement, the same (expressly including without limitation those covenants specifically described at Sections 8.06, 8.19(c) and 8.20 as covenants that run with the land) are and shall in all respects remain subject and subordinate to the Phase 1 Mortgage, including, subject to the City's right to consent to a New Mortgage pursuant to Section 16(c) hereof, (i) any modification, amendment, restructuring, replacement financing or equivalent undertaking of whatever type or description, and (ii) such Small

Business Administration-supported funding as may be or become available to the Developer to pay down or partially reduce the outstanding indebtedness upon the Phase 1 Mortgage. The other executory terms of this Agreement that remain after the issuance of a Phase 2 Certificate shall be binding only upon the Developer or a permitted assignee of the Developer who, pursuant to Section 18.15 of this Agreement, has contracted to take an assignment of the Developer's rights under this Agreement and assume the Developer's liabilities hereunder.

**7.03 Failure to Complete.** If the Developer fails to complete the Project in accordance with the terms of this Agreement, then the City has, but shall not be limited to, any of the following rights and remedies:

(a) the right to terminate this Agreement and cease all disbursement of City Funds not yet disbursed pursuant hereto;

(b) the right (but not the obligation) to complete those TIF-Funded Improvements that are public improvements and to pay for the costs of TIF-Funded Improvements (including interest costs) out of City Funds or other City monies. In the event that the aggregate cost of completing the TIF-Funded Improvements exceeds the amount of City Funds available pursuant to Section 4.01, the Developer shall reimburse the City for all reasonable costs and expenses incurred by the City in completing such TIF-Funded Improvements in excess of the available City Funds; and

(c) the right to seek reimbursement of the City Funds from the Developer.

Provided, however, that the Developer shall not be obligated to undertake the Phase 2 Project during the Term of the Agreement.

**7.04 Notice of Expiration of Term of Agreement.** Upon the expiration of the Term of the Agreement, HED shall provide the Developer, at the Developer's written request, with a written notice in recordable form stating that the Term of the Agreement has expired.

#### SECTION 8. COVENANTS/REPRESENTATIONS/WARRANTIES OF THE DEVELOPER.

**8.01 General.** The Developer represents, warrants and covenants, as of the date of this Agreement, as of the Phase 2 Approval Date, and as of the date of each disbursement of City Funds hereunder, that:

(a) the Developer is an Illinois limited liability company duly organized, validly existing, qualified to do business in Illinois, and licensed to do business in any other state where, due to the nature of its activities or properties, such qualification or license is required;

(b) the Developer has the right, power and authority to enter into, execute, deliver and perform this Agreement;

(c) the execution, delivery and performance by the Developer of this Agreement has been duly authorized by all necessary company action, and does not and will not violate its Articles of Organization or operating agreement as amended and supplemented, any applicable provision of law, or constitute a breach of, default under or require any consent under any agreement, instrument or document to which the Developer is now a party or by which the Developer is now or may become bound;

(d) unless otherwise permitted or not prohibited pursuant to or under the terms of this Agreement, the Owner shall acquire and shall maintain good, indefeasible and merchantable fee simple title to the Property (and all improvements thereon) free and clear of all liens (except for the Permitted Liens, Lender Financing as disclosed in the Project Budget and non-governmental charges that the Developer is contesting in good faith pursuant to Section 8.15 hereof)

(e) the Developer is now and for the Term of the Agreement shall remain solvent and able to pay its debts as they mature;

(f) there are no actions or proceedings by or before any court, governmental commission, board, bureau or any other administrative agency pending, threatened or affecting the Developer which would impair its ability to perform under this Agreement;

(g) the Developer has and shall maintain all government permits, certificates and consents (including, without limitation, appropriate environmental approvals) necessary to conduct its business and to construct, complete and operate the Project; including but not limited to such certifications from the United States Department of Agriculture, accreditations from the Association for the Assessment and Accreditation of Laboratory Animal Care International, and compliance inspection approvals from the United States Food and Drug Administration as are necessary;

(h) the Developer is not in default with respect to any indenture, loan agreement, mortgage, deed, note or any other agreement or instrument related to the borrowing of money (including but not limited to the Phase 1 Lender Financing) to which the Developer is a party or by which the Developer is bound, including but not limited to the Forbearance Agreement;

(i) the Financial Statements are, and when hereafter required to be submitted will be, complete, correct in all material respects and accurately present the assets, liabilities, results of operations and financial condition of the Developer, and there has been no material adverse change in the assets, liabilities, results of operations or financial condition of the Developer since the date of the Developer's most recent Financial Statements;

(j) prior to the issuance of a Phase 2 Certificate, the Developer shall not do any of the following without the prior written consent of HED: (1) be a party to any merger, liquidation or consolidation; (2) sell, transfer, convey, lease or otherwise dispose of all or substantially all of its assets or any portion of the Property (including but not limited to any fixtures or equipment now or hereafter attached thereto) except in the ordinary course of business; (3) enter into any transaction outside the ordinary course of the Developer's business; (4) assume, guarantee, endorse, or otherwise become liable in connection with the obligations of any other person or entity; or (5) enter into any transaction that would cause a material and detrimental change to the Developer's financial condition;

(k) the Developer has not incurred, and, prior to the issuance of a Phase 2 Certificate, shall not, without the prior written consent of the Commissioner of HED, allow the existence of any liens against the Property (or improvements thereon) other than the Permitted Liens; or incur any indebtedness, secured or to be secured by the Property (or improvements thereon) or any fixtures now or hereafter attached thereto, except Lender Financing disclosed in the Project Budget;

(l) the Developer has not made or caused to be made, directly or indirectly, any payment, gratuity or offer of employment in connection with the Agreement or any contract paid from the City treasury or pursuant to City ordinance, for services to any City agency ("City Contract") as an inducement for the City to enter into the Agreement or any City Contract with the Developer in violation of Chapter 2-156-120 of the Municipal Code of the City;

(m) neither the Developer nor any affiliate of the Developer is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. For purposes of this subparagraph (m) only, the term "affiliate," when used to indicate a relationship with a specified person or entity, means a person or entity that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with such specified person or entity, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise, and

(n) the Lease is in full force and effect, with no defaults or moneys owed thereunder.

**8.02 Covenant to Redevelop.** If the Developer undertakes to commence and complete the Phase 2 Project during the Term of the Agreement, upon HED's approval of the Phase 2 Project Budget, the MBE/WBE Budget, the Phase 2 Scope Drawings and Phase 2 Plans and Specifications as provided in Sections 3.02 and 3.03 hereof, and the Developer's receipt of all required building permits and governmental approvals, including but not limited to the Phase 2 Approval, the Developer shall redevelop the Property in accordance with this Agreement and all exhibits attached hereto, the TIF Ordinances, the Phase 2 Scope Drawings, Phase 2 Plans and Specifications, the Phase 2 Project Budget and all amendments thereto, the MBE/WBE Budget, and all federal, state and local laws, ordinances, rules, regulations, executive orders and codes applicable to the Project, the Property and/or the Developer. The covenants set forth in this Section shall be deemed satisfied upon issuance by the City of a Phase 2 Certificate with respect thereto.

**8.03 Redevelopment Plan.** The Developer represents that the Project is and shall be in compliance with all of the terms of the Redevelopment Plan.

**8.04 Use of City Funds.** City Funds disbursed to the Developer shall be used by the Developer solely to pay for (or to reimburse the Developer for its payment for) the TIF-Funded Improvements as provided in this Agreement.

**8.05 Bonds.** The Developer shall, at the request of the City, agree to any reasonable amendments to this Agreement that are necessary or desirable in order for the City to issue (in its sole discretion) any bonds in connection with the Redevelopment Area (the "Bonds"), the proceeds of which may be used to reimburse the City for expenditures made in connection with, or provide a source of funds for the payment for, the TIF-Funded Improvements, provided, however, that any such amendments shall not have a material adverse effect on the Developer or the Project. The Developer shall, at the Developer's expense, cooperate and provide reasonable assistance in connection with the marketing of any such Bonds, including but not limited to providing written

descriptions of the Project, making representations, providing information regarding its financial condition and assisting the City in preparing an offering statement with respect thereto.

**8.06 Job Creation and Retention.** (a) Not less than 26 full-time equivalent, permanent jobs ("FTEs") shall be retained by the Operator at the Facility through the Term hereof, and not less than 19 additional FTEs shall be created and retained by the Operator at the Facility upon completion of Phase 2, for a total of 45 full-time equivalent, permanent jobs to be retained or created by the Operator at the Facility through the Term hereof (assuming the completion of Phase 2).

(b) The City has the right to discontinue disbursements of City Funds if the Developer fails to comply with Section 8.06(a). In order to receive the disbursements of Phase 1 City Funds the Developer must provide evidence to HED that at least 26 FTEs are employed at the Facility. In order to receive the Phase 2 Certificate the Developer must provide evidence to HED that at least 45 FTEs are employed at the Facility. For 10 years after the Phase 2 Certificate Year the Developer shall submit an annual report showing that at least 45 FTEs are employed at the Facility. If no Phase 2 Certificate is issued then for 12 years after the Phase 1 Certificate Year the Developer shall submit an annual report showing that at least 26 FTEs are employed at the Facility. Such annual reports shall be part of the Annual Compliance Reports defined in Section 2 hereof.

(c) In the first year after the Phase 1 Certificate Year that the Developer is not in compliance with Section 8.06(a), there shall be no disbursement of City Funds. In any second year after the Phase 1 Certificate Year that the Developer is not in compliance with Section 8.06(a), the City may declare the Developer in default and elect to terminate the Redevelopment Agreement and any subsequent anticipated disbursements of City Funds.

(d) Years in which the Developer is not in compliance with Section 8.06(a) shall not count towards the 10- or 12-year compliance period required by Section 8.06(b).

(e) The covenant set forth in this Section 8.06 shall run with the land and be binding upon any transferee.

**8.07 Employment Opportunity Progress Reports.** The Developer covenants and agrees to abide by, and contractually obligate and use reasonable efforts to cause the Phase 2 General Contractor and each subcontractor to abide by the terms set forth in Section 10 hereof. The Developer shall deliver to the City written progress reports detailing compliance with the requirements of Sections 8.09, 10.02 and 10.03 of this Agreement. Such reports shall be delivered to the City when Phase 2 is 25%, 50%, 70% and 100% completed (based on the amount of expenditures incurred in relation to the Phase 2 Project Budget). If any such reports indicate a shortfall in compliance, the Developer shall also deliver a plan to HED which shall outline, to HED's satisfaction, the manner in which the Developer shall correct any shortfall.

**8.08 Employment Profile.** The Developer shall submit, and contractually obligate and cause the Phase 2 General Contractor or any subcontractor to submit, to HED, from time to time, statements of its employment profile upon HED's request.

**8.09 Prevailing Wage.** (a) The Developer covenants that the prevailing wage rate as ascertained by the Illinois Department of Labor (the "Department") was paid to all Phase 1 Project employees. (b) The Developer covenants and agrees to pay, and to contractually obligate and cause the Phase 2 General Contractor and each subcontractor to pay, the prevailing wage rate as ascertained by the Illinois Department of Labor (the "Department"), to all Phase 2 Project

employees. All such contracts shall list the specified rates to be paid to all laborers, workers and mechanics for each craft or type of worker or mechanic employed pursuant to such contract. If the Department revises such prevailing wage rates, the revised rates shall apply to all such contracts. (c) Upon the City's request, the Developer shall provide the City with copies of all contracts entered into by the Developer or the General Contractor to evidence compliance with this Section 8.09(a-b).

**8.10 Arms-Length Transactions.** Unless HED has given its prior written consent with respect thereto, no Affiliate of the Developer may receive any portion of City Funds, directly or indirectly, in payment for work done, services provided or materials supplied in connection with any TIF-Funded Improvement. The Developer shall provide information with respect to any entity to receive City Funds directly or indirectly (whether through payment to the Affiliate by the Developer and reimbursement to the Developer for such costs using City Funds, or otherwise), upon HED's request, prior to any such disbursement.

**8.11 Conflict of Interest.** Pursuant to Section 5/11-74.4-4(n) of the Act, the Developer represents, warrants and covenants that, to the best of its knowledge, no member, official, or employee of the City, or of any commission or committee exercising authority over the Project, the Redevelopment Area or the Redevelopment Plan, or any consultant hired by the City or the Developer with respect thereto, owns or controls, has owned or controlled or will own or control any interest, and no such person shall represent any person, as agent or otherwise, who owns or controls, has owned or controlled, or will own or control any interest, direct or indirect, in the Developer's business, the Property or any other property in the Redevelopment Area.

**8.12 Disclosure of Interest.** The Developer's counsel has no direct or indirect financial ownership interest in the Developer, the Property or any other aspect of the Project.

**8.13 Financial Statements.** The Developer shall obtain and provide to HED Financial Statements for the Developer's fiscal year ended \_\_\_\_\_, 20[ ] and each [ ] thereafter for the Term of the Agreement. In addition, the Developer shall submit unaudited financial statements as soon as reasonably practical following the close of each fiscal year and for such other periods as HED may request.

**8.14 Insurance.** The Developer, at its own expense, shall comply with all provisions of Section 12 hereof.

**8.15 Non-Governmental Charges.** (a) Payment of Non-Governmental Charges. Except for the Permitted Liens, the Developer agrees to pay or cause to be paid when due any Non-Governmental Charge assessed or imposed upon the Project, the Property or any fixtures that are or may become attached thereto, which creates, may create, or appears to create a lien upon all or any portion of the Property or Project; provided however, that if such Non-Governmental Charge may be paid in installments, the Developer may pay the same together with any accrued interest thereon in installments as they become due and before any fine, penalty, interest, or cost may be added thereto for nonpayment. The Developer shall furnish to HED, within thirty (30) days of HED's request, official receipts from the appropriate entity, or other proof satisfactory to HED, evidencing payment of the Non-Governmental Charge in question.

(b) Right to Contest. The Developer has the right, before any delinquency occurs:

(i) to contest or object in good faith to the amount or validity of any Non-Governmental Charge by appropriate legal proceedings properly and diligently instituted

and prosecuted, in such manner as shall stay the collection of the contested Non-Governmental Charge, prevent the imposition of a lien or remove such lien, or prevent the sale or forfeiture of the Property (so long as no such contest or objection shall be deemed or construed to relieve, modify or extend the Developer's covenants to pay any such Non-Governmental Charge at the time and in the manner provided in this Section 8.15); or

(ii) at HED's sole option, to furnish a good and sufficient bond or other security satisfactory to HED in such form and amounts as HED shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property or any portion thereof or any fixtures that are or may be attached thereto, during the pendency of such contest, adequate to pay fully any such contested Non-Governmental Charge and all interest and penalties upon the adverse determination of such contest.

8.16 Developer's Liabilities. The Developer shall not enter into any transaction that would materially and adversely affect its ability to perform its obligations hereunder or to repay any material liabilities or perform any material obligations of the Developer to any other person or entity. The Developer shall immediately notify HED of any and all events or actions which may materially affect the Developer's ability to carry on its business operations or perform its obligations under this Agreement or any other documents and agreements.

8.17 Compliance with Laws. To the best of the Developer's knowledge, after diligent inquiry, the Property and the Project are and shall be in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, executive orders and codes pertaining to or affecting the Project and the Property. Upon the City's request, the Developer shall provide evidence satisfactory to the City of such compliance.

8.18 Recording and Filing. The Developer shall cause this Agreement, certain exhibits (as specified by Corporation Counsel), all amendments and supplements hereto to be recorded and filed against the Property on the date hereof in the conveyance and real property records of the county in which the Project is located. The Developer shall pay all fees and charges incurred in connection with any such recording. Upon recording, the Developer shall immediately transmit to the City an executed original of this Agreement showing the date and recording number of record.

### 8.19 Real Estate Provisions

#### (a) Governmental Charges

(i) Payment of Governmental Charges. The Developer agrees to pay or cause to be paid when due all Governmental Charges (as defined below) which are assessed or imposed upon the Developer, the Property or the Project, or become due and payable, and which create, may create, or appear to create a lien upon the Developer or all or any portion of the Property or the Project. "Governmental Charge" shall mean all federal, State, county, the City, or other governmental (or any instrumentality, division, agency, body, or department thereof) taxes, levies, assessments, charges, liens, claims or encumbrances (except for those assessed by foreign nations, states other than the State of Illinois, counties of the State other than Cook County, and municipalities other than the City) relating to the Developer, the Property or the Project including but not limited to real estate taxes.

(ii) Right to Contest. The Developer has the right before any delinquency occurs to contest or object in good faith to the amount or validity of any Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted in such manner as shall stay the collection of the contested Governmental Charge and prevent the imposition of a lien or the sale or forfeiture of the Property. The Developer's right to challenge real estate taxes applicable to the Property is limited as provided for in Section 8.19(c) below; provided, that such real estate taxes must be paid in full when due and may be disputed only after such payment is made. No such contest or objection shall be deemed or construed in any way as relieving, modifying or extending the Developer's covenants to pay any such Governmental Charge at the time and in the manner provided in this Agreement unless the Developer has given prior written notice to HED of the Developer's intent to contest or object to a Governmental Charge and, unless, at HED's sole option,

(i) the Developer shall demonstrate to HED's satisfaction that legal proceedings instituted by the Developer contesting or objecting to a Governmental Charge shall conclusively operate to prevent or remove a lien against, or the sale or forfeiture of, all or any part of the Property to satisfy such Governmental Charge prior to final determination of such proceedings; and/or

(ii) the Developer shall furnish a good and sufficient bond or other security satisfactory to HED in such form and amounts as HED shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property during the pendency of such contest, adequate to pay fully any such contested Governmental Charge and all interest and penalties upon the adverse determination of such contest.

(b) Developer's Failure To Pay Or Discharge Lien. If the Developer fails to pay any Governmental Charge or to obtain discharge of the same, the Developer shall advise HED thereof in writing, at which time HED may, but shall not be obligated to, and without waiving or releasing any obligation or liability of the Developer under this Agreement, in HED's sole discretion, make such payment, or any part thereof, or obtain such discharge and take any other action with respect thereto which HED deems advisable. All sums so paid by HED, if any, and any expenses, if any, including reasonable attorneys' fees, court costs, expenses and other charges relating thereto, shall be promptly disbursed to HED by the Developer. Notwithstanding anything contained herein to the contrary, this paragraph shall not be construed to obligate the City to pay any such Governmental Charge. Additionally, if the Developer fails to pay any Governmental Charge, the City, in its sole discretion, may require the Developer to submit to the City audited Financial Statements at the Developer's own expense.

(c) Real Estate Taxes.

(i) Acknowledgment of Real Estate Taxes. The Developer agrees that (A) for the purpose of this Agreement, the total projected minimum assessed value of the Property ("Minimum Assessed Value") is shown on Exhibit K attached hereto and incorporated herein by reference for the years noted on Exhibit K; (B) Exhibit K sets forth the specific improvements which will generate the fair market values, assessments, equalized assessed values and taxes shown thereon; and (C) the real estate taxes anticipated to be generated and derived from the respective portions of the Property and the Project for the years shown are fairly and accurately indicated in Exhibit K.

(ii) Real Estate Tax Exemption. With respect to the Property or the Project, neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer shall, during the Term of this Agreement, seek, or authorize any exemption (as such term is used and defined in the Illinois Constitution, Article IX, Section 6 (1970)) for any year that the Redevelopment Plan is in effect.

(iii) No Reduction in Real Estate Taxes. Neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer shall, during the Term of this Agreement, directly or indirectly, initiate, seek or apply for proceedings in order to lower the assessed value of all or any portion of the Property or the Project below the amount of the Minimum Assessed Value as shown in Exhibit K for the applicable year.

(iv) No Objections. Neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to the Developer, shall object to or in any way seek to interfere with, on procedural or any other grounds, the filing of any Underassessment Complaint or subsequent proceedings related thereto with the Cook County Assessor or with the Cook County Board of Appeals, by either the City or any taxpayer. The term "Underassessment Complaint" as used in this Agreement shall mean any complaint seeking to increase the assessed value of the Property up to (but not above) the Minimum Assessed Value as shown in Exhibit K.

(v) Covenants Running with the Land. The parties agree that the restrictions contained in this Section 8.19(c) are covenants running with the land and this Agreement shall be recorded by the Developer as a memorandum thereof, at the Developer's expense, with the Cook County Recorder of Deeds on the Closing Date. These restrictions shall be binding upon the Developer and its agents, representatives, lessees, successors, assigns and transferees from and after the date hereof, provided however, that the covenants shall be released when the Redevelopment Area is no longer in effect. The Developer agrees that any sale, lease, conveyance, or transfer of title to all or any portion of the Property or Redevelopment Area from and after the date hereof shall be made explicitly subject to such covenants and restrictions. Notwithstanding anything contained in this Section 8.19(c) to the contrary, the City, in its sole discretion and by its sole action, without the joinder or concurrence of the Developer, its successors or assigns, may waive and terminate the Developer's covenants and agreements set forth in this Section 8.19(c).

8.20 Operations. The Facility shall be operated as a pharmaceutical testing facility (or another use approved by the City) for the Term of the Agreement. The covenant set forth in this Section 8.20 shall run with the land and be binding upon any transferee.

8.21 [intentionally omitted]

8.22 Job Readiness Program. The Developer shall undertake a job readiness program to work with the City, through HED's workforce development unit, to participate in job training programs to provide job applicants for the jobs created by the Project and the operation of the Developer's business on the Property.

8.23 Survival of Covenants. All warranties, representations, covenants and agreements of the Developer contained in this Section 8 and elsewhere in this Agreement shall be true, accurate

and complete at the time of the Developer's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and (except as provided in Section 7 hereof upon the issuance of a Phase 2 Certificate) shall be in effect throughout the Term of the Agreement.

**8.24 Annual Compliance Report.** Beginning with the issuance of the Phase 1 Certificate and continuing throughout the Term of the Agreement, the Developer shall submit to HED the Annual Compliance Report within 30 days after the end of the calendar year to which the Annual Compliance Report relates.

#### SECTION 9. COVENANTS/REPRESENTATIONS/WARRANTIES OF CITY

**9.01 General Covenants.** The City represents that it has the authority as a home rule unit of local government to execute and deliver this Agreement and to perform its obligations hereunder.

**9.02 Survival of Covenants.** All warranties, representations, and covenants of the City contained in this Section 9 or elsewhere in this Agreement shall be true, accurate, and complete at the time of the City's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and be in effect throughout the Term of the Agreement.

#### SECTION 10. DEVELOPER'S EMPLOYMENT OBLIGATIONS

**10.01 Employment Opportunity.** The Developer, on behalf of itself and its successors and assigns, hereby agrees, and shall contractually obligate its or their various contractors, subcontractors or any Affiliate of the Developer operating on the Property (collectively, with the Developer, the "Employers" and individually an "Employer") to agree, that for the Term of this Agreement with respect to Developer and during the period of any other party's provision of services in connection with the construction of the Phase 2 Project or occupation of the Property:

(a) No Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Chapter 2-160, Section 2-160-010 et seq., Municipal Code, except as otherwise provided by said ordinance and as amended from time to time (the "Human Rights Ordinance"). Each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a non-discriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Employers, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.

(b) To the greatest extent feasible, each Employer is required to present opportunities for training and employment of low- and moderate-income residents of the City and preferably of the

Redevelopment Area; and to provide that contracts for work in connection with the construction of the Project be awarded to business concerns that are located in, or owned in substantial part by persons residing in, the City and preferably in the Redevelopment Area.

(c) Each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including but not limited to the City's Human Rights Ordinance and the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. (1993), and any subsequent amendments and regulations promulgated thereto.

(d) Each Employer, in order to demonstrate compliance with the terms of this Section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.

(e) Each Employer shall include the foregoing provisions of subparagraphs (a) through (d) in every contract entered into in connection with the Phase 2 Project, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any Affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or Affiliate, as the case may be.

(f) Failure to comply with the employment obligations described in this Section 10.01 shall be a basis for the City to pursue remedies under the provisions of Section 15.02 hereof.

**10.02. City Resident Construction Worker Employment Requirement.** The Developer agrees for itself and its successors and assigns, and shall contractually obligate its Phase 2 General Contractor and shall cause the Phase 2 General Contractor to contractually obligate its subcontractors, as applicable, to agree, that during the construction of the Project (Phases 1 and 2) they shall comply with the minimum percentage of total worker hours performed by actual residents of the City as specified in Section 2-92-330 of the Municipal Code of Chicago (at least 50 percent of the total worker hours worked by persons on the site of the Project (Phases 1 and 2) during the construction of the Project (Phases 1 and 2) shall be performed by actual residents of the City); provided, however, that in addition to complying with this percentage, the Developer, its Phase 2 General Contractor and each subcontractor shall be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions.

The Developer may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Chief Procurement Officer of the City.

"Actual residents of the City" shall mean persons domiciled within the City. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

The Developer, the Phase 2 General Contractor and each subcontractor shall provide for the maintenance of adequate employee residency records to show that actual Chicago residents are employed on the Phase 2 Project. Each Employer shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

Weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) shall be submitted to the Commissioner of HED in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the Employer hired the employee should be written in after the employee's name.

The Developer, the Phase 2 General Contractor and each subcontractor shall provide full access to their employment records to the Chief Procurement Officer, the Commissioner of HED, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative of any of them. The Developer, the Phase 2 General Contractor and each subcontractor shall maintain all relevant personnel data and records for a period of at least three (3) years after final acceptance of the work constituting the Phase 2 Project (as evidenced by the Phase 2 Certificate).

At the direction of HED, affidavits and other supporting documentation will be required of the Developer, the Phase 2 General Contractor and each subcontractor to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of the Developer, the Phase 2 General Contractor and each subcontractor to provide utilization of actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Chief Procurement Officer) shall not suffice to replace the actual, verified achievement of the requirements of this Section concerning the worker hours performed by actual Chicago residents.

When work at the Phase 2 Project is completed, in the event that the City has determined that the Developer has failed to ensure the fulfillment of the requirement of this Section concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Section. Therefore, in such a case of non-compliance, it is agreed that 1/20 of 1 percent (0.0005) of the aggregate hard construction costs set forth in the Project budget (the product of .0005 x such aggregate hard construction costs) (as the same shall be evidenced by approved contract value for the actual contracts) shall be surrendered by the Developer to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject the Developer, the Phase 2 General Contractor and/or the subcontractors to prosecution. Any retainage to cover contract performance that may become due to the Developer pursuant to Section 2-92-250 of the Municipal Code of Chicago may be withheld by the City pending the Chief Procurement Officer's determination as to whether the Developer must surrender damages as provided in this paragraph.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Agreement or related documents.

The Developer shall cause or require the provisions of this Section 10.02 to be included in all construction contracts and subcontracts related to the Phase 2 Project. This Section 10.02 shall apply only if the Developer, with HED's approval pursuant to Section 8.02 hereof, commences the Phase 2 Project.

10.03. MBE/WBE Commitment. The Developer agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, shall contractually obligate the Phase 2 General Contractor to agree that during the Project (Phases 1 and 2):

(a) Consistent with the findings which support, as applicable, (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420 et seq., Municipal Code of Chicago (the "Procurement Program"), and (ii) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650 et seq., Municipal Code of Chicago (the "Construction Program," and collectively with the Procurement Program, the "MBE/WBE Program"), and in reliance upon the provisions of the MBE/WBE Program to the extent contained in, and as qualified by, the provisions of this Section 10.03, during the course of the Project (Phases 1 and 2), at least the following percentages of the MBE/WBE Budget shall be expended for contract participation by MBEs and by WBEs:

- (1) At least 24 percent by MBEs.
- (2) At least four percent by WBEs.

(b) For purposes of this Section 10.03 only, the Developer (and any party to whom a contract is let by the Developer in connection with the Project) shall be deemed a "contractor" and this Agreement (and any contract let by the Developer in connection with the Project) shall be deemed a "contract" or a "construction contract" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code of Chicago, as applicable.

(c) Consistent with Sections 2-92-440 and 2-92-720, Municipal Code of Chicago, the Developer's MBE/WBE commitment may be achieved in part by the Developer's status as an MBE or WBE (but only to the extent of any actual work performed on the Project by the Developer) or by a joint venture with one or more MBEs or WBEs (but only to the extent of the lesser of (i) the MBE or WBE participation in such joint venture or (ii) the amount of any actual work performed on the Project by the MBE or WBE), by the Developer utilizing a MBE or a WBE as the Phase 2 General Contractor (but only to the extent of any actual work performed on the Phase 2 Project by the subcontract a portion of the Phase 2 Project to one or more MBEs or WBEs, or by the purchase of materials or services used in the Phase 2 Project from one or more MBEs or WBEs, or by any combination of the foregoing. Those entities which constitute both a MBE and a WBE shall not be credited more than once with regard to the Developer's MBE/WBE commitment as described in this Section 10.03. In accordance with Section 2-92-730, Municipal Code of Chicago, the Developer shall not substitute any MBE or WBE Phase 2 General Contractor or subcontractor without the prior written approval of HED.

(d) The Developer shall deliver quarterly reports to the City's monitoring staff during the Phase 2 Project describing its efforts to achieve compliance with this MBE/WBE commitment. Such reports shall include, inter alia, the name and business address of each MBE and WBE solicited by the Developer or the Phase 2 General Contractor to work on the Phase 2 Project, and the responses received from such solicitation, the name and business address of each MBE or WBE actually involved in the Phase 2 Project, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the City's monitoring staff in determining the Developer's compliance with this MBE/WBE commitment. The Developer shall maintain records of all relevant data with respect to the utilization of MBEs and WBEs in connection with the Phase 2 Project for at least five years after completion of the Phase 2 Project (as evidenced by the Phase 2 Certificate), and the City's monitoring staff shall

have access to all such records maintained by the Developer, on five Business Days' notice, to allow the City to review the Developer's compliance with its commitment to MBE/WBE participation and the status of any MBE or WBE performing any portion of the Phase 2 Project.

(e) Upon the disqualification of any MBE or WBE Phase 2 General Contractor or subcontractor, if such status was misrepresented by the disqualified party, the Developer shall be obligated to discharge or cause to be discharged the disqualified Phase 2 General Contractor or subcontractor, and, if possible, identify and engage a qualified MBE or WBE as a replacement. For purposes of this subsection (e), the disqualification procedures are further described in Sections 2-92-540 and 2-92-730, Municipal Code of Chicago, as applicable.

(f) Any reduction or waiver of the Developer's MBE/WBE commitment as described in this Section 10.03 shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code of Chicago, as applicable.

(g) Prior to the commencement of the Phase 2 Project, the Developer shall be required to meet with the City's monitoring staff with regard to the Developer's compliance with its obligations under this Section 10.03. The Phase 2 General Contractor and all major subcontractors shall be required to attend this pre-construction meeting. During said meeting, the Developer shall demonstrate to the City's monitoring staff its plan to achieve its obligations under this Section 10.03, the sufficiency of which shall be approved by the City's monitoring staff. During the Phase 2 Project, the Developer shall submit the documentation required by this Section 10.03 to the City's monitoring staff, including the following: (i) subcontractor's activity report; (ii) contractor's certification concerning labor standards and prevailing wage requirements; (iii) contractor letter of understanding; (iv) monthly utilization report; (v) authorization for payroll agent; (vi) certified payroll; (vii) evidence that MBE/WBE contractor associations have been informed of the Phase 2 Project via written notice and hearings; and (viii) evidence of compliance with job creation/job retention requirements. Failure to submit such documentation on a timely basis, or a determination by the City's monitoring staff, upon analysis of the documentation, that the Developer is not complying with its obligations under this Section 10.03, shall, upon the delivery of written notice to the Developer, be deemed an Event of Default. Upon the occurrence of any such Event of Default, in addition to any other remedies provided in this Agreement, the City may: (1) issue a written demand to the Developer to halt the Phase 2 Project, (2) withhold any further payment of any City Funds to the Developer or the General Contractor, or (3) seek any other remedies against the Developer available at law or in equity.

(h) This Section 10.03 shall apply only if the Developer, with HED's approval pursuant to Section 8.02 hereof, commences the Phase 2 Project.

## SECTION 11. ENVIRONMENTAL MATTERS

The receipt of any certificate does not constitute agreement by the City that the insurance requirements in the Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the City to obtain certificates or other insurance evidence from Developer is not a waiver by the City of any requirements for the Developer to obtain and maintain the specified coverages. The Developer shall advise all insurers of the Agreement provisions regarding insurance. the Developer or any Affiliate Developer or any agents, employees, contractors or persons acting under the control or at the request of the Developer or any Affiliate of Developer, or

(iv) the Developer's failure to cure any misrepresentation in this Agreement or any other agreement relating hereto;

provided, however, that Developer shall have no obligation to an Indemnitee arising from the wanton or willful misconduct of that Indemnitee. To the extent that the preceding sentence may be unenforceable because it is violative of any law or public policy, Developer shall contribute the maximum portion that it is permitted to pay and satisfy under the applicable law, to the payment and satisfaction of all indemnified liabilities incurred by the Indemnitees or any of them. The provisions of the undertakings and indemnification set out in this Section 13.01 shall survive the termination of this Agreement.

### SECTION 14. MAINTAINING RECORDS/RIGHT TO INSPECT

The Developer shall keep and maintain separate, complete, accurate and detailed books and records necessary to reflect and fully disclose the total actual cost of the Project and the disposition of all funds from whatever source allocated thereto, and to monitor the Project, including but not limited to compliance with Sections 4.09 and 4.10 hereof. - (a) the failure of the Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under this Agreement (including but not limited to the obligations to make payments to the City pursuant to Sections 4.09 and 4.10 hereof) or any related agreement;
- (b) the failure of the Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under any other agreement with any person or entity if such failure may have a material adverse effect on the Developer's business, property, assets, operations or condition, financial or otherwise;

(c) the making or furnishing by the Developer to the City of any representation, warranty, certificate, schedule, report or other communication within or in connection with this Agreement or any related agreement which is untrue or misleading in any material respect;

(d) except as otherwise permitted hereunder, the creation (whether voluntary or involuntary) of, or any attempt to create, any lien or other encumbrance upon the Property, including any fixtures now or hereafter attached thereto, other than the Permitted Liens, or the making or any attempt to make any levy, seizure or attachment thereof;

(f) the appointment of a receiver or trustee for the Developer, for any substantial part of the Developer's assets or the institution of any proceedings for the dissolution, or the full or partial liquidation, or the merger or consolidation, of the Developer; provided, however, that if such appointment or commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such appointment is not revoked or such proceedings are not dismissed within sixty (60) days after the commencement thereof;

(g) the entry of any judgment or order against the Developer which remains unsatisfied or undischarged and in effect for sixty (60) days after such entry without a stay of enforcement or execution;

(h) the occurrence of an event of default under the Lender Financing, which default is not cured within any applicable cure period;

(i) the dissolution of the Developer or the death of any natural person who owns a material interest in the Developer;

(j) the institution in any court of a criminal proceeding (other than a misdemeanor) against the Developer or any natural person who owns a material interest in the Developer, which is not dismissed within thirty (30) days, or the indictment of the Developer or any natural person who owns a material interest in the Developer, for any crime (other than a misdemeanor); or

(k) prior to the issuance of the Phase 2 Certificate, the sale or transfer of the ownership interests of the Developer without the prior written consent of the City.

For purposes of Sections 15.01(i) and 15.01(j) hereof, a person with a material interest in the Developer shall be one owning in excess of ten (10%) of the Developer's membership interests.

**15.02 Remedies.** Upon the occurrence of an Event of Default, the City may terminate this Agreement and any other agreements to which the City and the Developer are or shall be parties, suspend disbursement of City Funds (including but not limited to as set forth in Section 8.06

hereof), place a lien on the Project in the amount of City Funds paid, and/or seek reimbursement of any City Funds paid. The City may, in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy, including but not limited to damages, injunctive relief or the specific performance of the agreements contained herein. Upon the occurrence of an Event of Default under Section 8.06, the City may seek reimbursement from the Developer of all previously disbursed City Funds.

**15.03 Curative Period.** In the event the Developer shall fail to perform a monetary covenant which the Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless the Developer has failed to perform such monetary covenant within ten (10) days of its receipt of a written notice from the City specifying that it has failed to perform such monetary covenant. In the event the Developer shall fail to perform a non-monetary covenant which the Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless the Developer has failed to cure such default within thirty (30) days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with respect to those non-monetary defaults which are not capable of being cured within such thirty (30) day period, the Developer shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such thirty (30) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

### SECTION 16. MORTGAGING OF THE PROJECT

All mortgages or deeds of trust in place as of the date hereof with respect to the Property or any portion thereof are listed on Exhibit G hereto (including but not limited to mortgages made prior to or on the date hereof in connection with Lender Financing) and are referred to herein as the "Existing Mortgages." The Phase 1 Mortgage is an Existing Mortgage. Any mortgage or deed of trust that the Developer may hereafter elect to execute and record or permit to be recorded against the Property or any portion thereof is referred to herein as a "New Mortgage." Any New Mortgage that the Developer may hereafter elect to execute and record or permit to be recorded against the Property or any portion thereof with the prior written consent of the City is referred to herein as a "Permitted Mortgage." It is hereby agreed by and between the City and the Developer as follows:

(a) In the event that a mortgagee or any other party shall succeed to the Developer's interest in the Property or any portion thereof pursuant to the exercise of remedies under a New Mortgage (other than a Permitted Mortgage), whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of the Developer's interest hereunder in accordance with Section 18.15 hereof, the City may, but shall not be obligated to, attorn to and recognize such party as the successor in interest to the Developer for all purposes under this Agreement and, unless so recognized by the City as the successor in interest, such party shall be entitled to no rights or benefits under this Agreement; but such party shall be bound by those provisions of this Agreement that are covenants expressly running with the land.

(b) In the event that any mortgagee shall succeed to the Developer's interest in the Property or any portion thereof pursuant to the exercise of remedies under an Existing Mortgage or a Permitted Mortgage, whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith separately elects to accept an assignment of the Developer's interest hereunder in accordance with Section 18.15 hereof, the City hereby agrees to attorn to and recognize such party as the successor in interest to the Developer for all purposes under this Agreement so long as such

party accepts all of the obligations and liabilities of "the Developer" hereunder, provided, however, that, notwithstanding any other provision of this Agreement to the contrary, it is understood and agreed that if such party accepts an assignment of the Developer's interest under this Agreement, such party has no liability under this Agreement for any Event of Default of the Developer which accrued prior to the time such party succeeded to the interest of the Developer under this Agreement, in which case the Developer shall be solely responsible. However, if such mortgagee under a Permitted Mortgage or an Existing Mortgage does not expressly accept an assignment of the Developer's interest hereunder, such party shall be entitled to no rights and benefits under this Agreement, and such party shall be bound only by those provisions of this Agreement, if any, which are covenants expressly running with the land.

(c) Prior to the issuance by the City to the Developer of a Phase 2 Certificate pursuant to Section 7.01(b) hereof, no New Mortgage shall be executed with respect to the Property or any portion thereof without the prior written consent of the Commissioner of HED.

#### SECTION 18. MISCELLANEOUS

**18.01 Amendment.** This Agreement and the Exhibits attached hereto may not be amended or modified without the prior written consent of the parties hereto. It is agreed that no material amendment or change to this Agreement shall be made or be effective unless ratified or authorized by an ordinance duly adopted by the City Council. The term "material" for the purpose of this Section 18.01 shall be defined as any deviation from the terms of the Agreement which operates to cancel or otherwise reduce any developmental, construction or job-creating obligations of Developer (including those set forth in Sections 10.02 and 10.03 hereof) by more than five percent (5%) or materially changes the Project site or character of the Project or any activities undertaken by Developer affecting the Project site, the Project, or both, or increases any time agreed for performance by the Developer by more than ninety (90) days.

**18.02 Entire Agreement.** This Agreement (including each Exhibit attached hereto, which is hereby incorporated herein by reference) constitutes the entire Agreement between the parties hereto and it supersedes all prior agreements, negotiations and discussions between the parties relative to the subject matter hereof.

**18.03 Limitation of Liability.** No member, official or employee of the City shall be personally liable to the Developer or any successor in interest in the event of any default or breach by the City or for any amount which may become due to the Developer from the City or any successor in interest or on any obligation under the terms of this Agreement.

**18.04 Further Assurances.** The Developer agrees to take such actions, including the execution and delivery of such documents, instruments, petitions and certifications as may become necessary or appropriate to carry out the terms, provisions and intent of this Agreement.

**18.05 Waiver.** Waiver by the City or the Developer with respect to any breach of this Agreement shall not be considered or treated as a waiver of the rights of the respective party with respect to any other default or with respect to any particular default, except to the extent specifically waived by the City or the Developer in writing. No delay or omission on the part of a party in exercising any right shall operate as a waiver of such right or any other right unless pursuant to the specific terms hereof. A waiver by a party of a provision of this Agreement shall not prejudice or constitute a waiver of such party's right otherwise to demand strict compliance with that provision or any other provision of this Agreement. In addition to the foregoing, we have examined:

(a) the original or certified, conformed or photostatic copies of the Developer's (i) Articles of Incorporation, as amended to date, (ii) qualifications to do business and certificates of good standing in all states in which the Developer is qualified to do business, (iii) Bylaws, as amended to date, and (iv) records of all corporate proceedings relating to the Project [revise if the Developer is not a corporation]; and

(b) such other documents, records and legal matters as we have deemed necessary or relevant for purposes of issuing the opinions hereinafter expressed.

In all such examinations, we have assumed the genuineness of all signatures (other than those of the Developer), the authenticity of documents submitted to us as originals and conformity to the originals of all documents submitted to us as certified, conformed or photostatic copies.

Based on the foregoing, it is our opinion that:

1. The Developer is a corporation duly organized, validly existing and in good standing under the laws of its state of [incorporation] [organization], has full power and authority to own and lease its properties and to carry on its business as presently conducted, and is in good standing and duly qualified to do business as a foreign [corporation] [entity] under the laws of every state in which the conduct of its affairs or the ownership of its assets requires such qualification, except for those states in which its failure to qualify to do business would not have a material adverse effect on it or its business.

2. The Developer has full right, power and authority to execute and deliver the Documents to which it is a party and to perform its obligations thereunder. Such execution, delivery and performance will not conflict with, or result in a breach of, the Developer's [Articles of Incorporation or By-Laws] [describe any formation documents if the Developer is not a corporation] or result in a breach or other violation of any of the terms, conditions or provisions of any law or regulation, order, writ, injunction or decree of any court, government or regulatory authority, or, to the best of our knowledge after diligent inquiry, any of the terms, conditions or provisions of any agreement, instrument or document to which the Developer is a party or by which the Developer or its properties is bound. To the best of our knowledge after diligent inquiry, such execution, delivery and performance will not constitute grounds for acceleration of the maturity of any agreement, indenture, undertaking or other instrument to which the Developer is a party or by which it or any of its property may be bound, or result in the creation or imposition of (or the obligation to create or impose) any lien, charge or encumbrance on, or security interest in, any of its property pursuant to the provisions of any of the foregoing, other than liens or security interests in favor of the lender providing Lender Financing (as defined in the Agreement).

3. The execution and delivery of each Document and the performance of the transactions contemplated thereby have been duly authorized and approved by all requisite action on the part of the Developer.

4. Each of the Documents to which the Developer is a party has been duly executed and delivered by a duly authorized officer of the Developer, and each such Document constitutes the legal, valid and binding obligation of the Developer, enforceable in accordance with its terms, except as limited by applicable bankruptcy, reorganization, insolvency or similar laws affecting the enforcement of creditors' rights generally.

5. (Sub)Exhibit A attached hereto (a) identifies each class of capital stock of the Developer, (b) sets forth the number of issued and authorized shares of each such class, and (c) identifies the record owners of shares of each class of capital stock of the Developer and the number of shares held of record by each such holder. To the best of our knowledge after diligent inquiry, except as set forth on (Sub)Exhibit A, there are no warrants, options, rights or commitments of purchase, conversion, call or exchange or other rights or restrictions with respect to any of the capital stock of the Developer. Each outstanding share of the capital stock of the Developer is duly authorized, validly issued, fully paid and nonassessable.

6. To the best of our knowledge after diligent inquiry, no judgments are outstanding against the Developer, nor is there now pending or threatened, any litigation, contested claim or governmental proceeding by or against the Developer or affecting the Developer or its property, or seeking to restrain or enjoin the performance by the Developer of the Agreement or the transactions contemplated by the Agreement, or contesting the validity thereof. To the best of our knowledge after diligent inquiry, the Developer is not in default with respect to any order, writ, injunction or decree of any court, government or regulatory

authority or in default in any respect under any law, order, regulation or demand of any governmental agency or instrumentality, a default under which would have a material adverse effect on the Developer or its business.

7. To the best of our knowledge after diligent inquiry, there is no default by the Developer or any other party under any material contract, lease, agreement, instrument or commitment to which the Developer is a party or by which the company or its properties is bound.

8. To the best of our knowledge after diligent inquiry, all of the assets of the Developer are free and clear of mortgages, liens, pledges, security interests and encumbrances except for those specifically set forth in the Documents.

9. The execution, delivery and performance of the Documents by the Developer have not and will not require the consent of any person or the giving of notice to, any exemption by, any registration, declaration or filing with or any taking of any other actions in respect of, any person, including without limitation any court, government or regulatory authority.

10. To the best of our knowledge after diligent inquiry, the Developer owns or possesses or is licensed or otherwise has the right to use all licenses, permits and other governmental approvals and authorizations, operating authorities, certificates of public convenience, goods carriers permits, authorizations and other rights that are necessary for the operation of its business.

11. A federal or state court sitting in the State of Illinois and applying the choice of law provisions of the State of Illinois would enforce the choice of law contained in the Documents and apply the law of the State of Illinois to the transactions evidenced thereby.

We are attorneys admitted to practice in the State of Illinois and we express no opinion as to any laws other than federal laws of the United States of America and the laws of the State of Illinois.

[Note: include a reference to the laws of the state of incorporation/organization of the Developer, if other than Illinois.]

This opinion is issued at the Developer's request for the benefit of the City and its counsel, and may not be disclosed to or relied upon by any other person.

Very truly yours,
