At this point in the proceedings, the Honorable Rahm Emanuel, Mayor, rose to offer the condolences and support of the people of Chicago to the family of the late Nancy Franco-Maldonado. Reflecting on the life and legacy of Nancy Franco-Maldonado, Mayor Emanuel spoke of her selfless service on behalf of others and "the passion and purpose she brought to all of her endeavors, the change she influenced and the lives she changed". We must all enjoy the moments that we share together for life is fragile, the Mayor observed, and as we mourn the passing of this extraordinary woman may her family find comfort and strength in the love they shared and "always hold onto the passion that she brought, the memories she gave you and the purpose she wanted for all of you". Mayor Emanuel then left the rostrum and strode to the commissioners' gallery where he expressed his personal condolences to the family of Nancy-Franco-Maldonado.

Remarks Of The Honorable Robert Maldonado, Alderman, 26th Ward.

Mr. President and members of the Chicago City Council, today is my wife Nancy's 46th birthday. While she is now in heaven, we both mourn and celebrate her life, especially on this day, her birthday. Although she had great humility, she would have been proud of this special recognition, so I thank you from the bottom of my heart.

Nancy was gentle in her spirit and soft in her voice, but she did not take life lightly. She approached each and every day with a serious resolve to make the lives of her children, her family, her friends, her neighbors, and her community the best that they could be.

Nancy was a natural born leader and a perfectionist who demanded no less from those around her. Which is why I am a better man and politician; which is why our son Rene is a state champion swimmer who excels academically at Jones College Prep; which is why our son Roberto II is a talented piano player and straight-A student; and which is why our daughter Raquel, like her mom, is a natural leader who works hard to become the best ballerina and a champion swimmer in the making.

Nancy's commitment to social justice pervaded every aspect of her life -- which is no surprise as the daughter of a leading community activist, Hector Franco. Whether it was guiding me to clear a path against community opposition to help veterans in the ward gain new affordable housing, urging me to propose legislation to require banks to pay their fair share of real estate transfer taxes on foreclosed properties, or helping struggling families through her community activism and charitable efforts -- Nancy cared deeply about making the world a better place by giving everyone an opportunity to be their best.

Nancy was not one to shy away from human rights struggles that affected her community -- even the most controversial. She was deeply devoted to her Puerto Rican heritage and wanted future generations to remember the historical challenges the community faced. Which is why she proudly advocated for the naming of the Hispanic Housing Senior building located at 3949 West North Avenue after the Puerto Rican political prisoner Oscar Lopez Rivera, formerly a decorated Vietnam War veteran and respected community activist and now the longest-held political prisoner by the U.S. government.

Nancy was beautiful and intelligent, but despite those God-given gifts and talents, what she taught us was that with love you could accomplish anything.

I -- we -- were fortunate to be part of her spectacular journey on this earth.

She left us far too soon. But we will never forget her because she continues to change our lives and guide us to the best that we can be.

SECTION 1. The City Council, after a public meeting heretofore held on this ordinance by the Committee on Finance of the City Council, pursuant to proper notice having been given thereof, and in accordance with the findings and recommendations of such committee, hereby incorporates the recitals contained in the preambles to this ordinance into this ordinance by this reference.

SECTION 2. (a) There shall be authorized the borrowing on the credit of and for and on behalf of the City the aggregate principal amount of not to exceed Two Hundred Million Dollars ($200,000,000) plus an amount equal to the amount of any net original issue discount used in the marketing of the Series 2016 Bonds (not to exceed 15 percent of the principal amount thereof) for the purposes aforesaid; and the Series 2016 Bonds may be issued from time to time in one or more series for Project purposes and/or Refunding purposes in an aggregate principal amount not exceeding the amount specified above, or such lesser aggregate principal amount, as may be determined either by the Chief Financial Officer or the City Comptroller (each such officer is referred to as an "Authorized Officer"). Whether any Series 2016 Bonds are sold as Current Interest Bonds, Capital Appreciation Bonds or Capital Appreciation and Income Bonds (each as defined in the Original Indenture), the details of such bonds as set forth in the notification of sale of the Series 2016 Bonds delivered by an Authorized Officer pursuant to Section 3(c) hereof and all provisions relating to (i) the calculation and provision for payment of interest on or (ii) the registration, transfer and redemption of such Current Interest Bonds, Capital Appreciation Bonds or Capital Appreciation and Income Bonds, within the limitations contained herein and in the Original Indenture, shall be set forth in the Seventh Supplemental Indenture. All capitalized terms used in this ordinance without definition shall have the meanings assigned to such terms in the Indenture. The Mayor and each Authorized Officer, or their proxy, are each hereby authorized to act as an Authorized Officer for the purposes provided in the Seventh Supplemental Indenture.

(b) The Series 2016 Bonds shall be issued under and secured by the Indenture and shall have the terms and provisions set forth in the Indenture, within the limitations prescribed in

this ordinance. In order to secure the payment of the principal of, premium (if any) and interest on the Outstanding Sales Tax Revenue Bonds, the Series 2016 Bonds authorized hereby and such Additional Bonds and Refunding Bonds as may be issued on a parity therewith in the future pursuant to the Indenture, the Pledged Sales Tax Revenues are hereby pledged to the extent and for the purposes as provided in the Indenture and are hereby appropriated for the purposes set forth in the Indenture. The principal of, premium (if any) and interest on the Series 2016 Bonds are payable from and secured by the pledge of and lien on the Pledged Sales Tax Revenues and amounts on deposit in certain Funds, Accounts and Subaccounts established pursuant to the Indenture. The Indenture shall set forth such covenants with respect to the imposition and application of the Pledged Sales Tax Revenues as shall be deemed necessary by an Authorized Officer in connection with the sale of the Series 2016 Bonds.

(c) All or any portion of the Series 2016 Bonds may be issued as Current Interest Bonds, Capital Appreciation Bonds or Capital Appreciation and Income Bonds, all as provided in the Indenture. The principal of the Series 2016 Bonds shall become due and payable on or before the earlier of (i) January 1, 2057, or (ii) 40 years after the date of issuance of such Series 2016 Bonds.

Any Series 2016 Bonds issued as Capital Appreciation Bonds shall be dated the date of issuance thereof and shall also bear the date of authentication, shall be in fully registered form, shall be numbered as determined by the Trustee and shall be in denominations equal to the original principal amounts of such Capital Appreciation Bonds or any integral multiple thereof, each such Original Principal Amount representing Accreted Amount (as defined in the Indenture) at maturity (the "Maturity Amount") of Five Thousand Dollars ($5,000) or any integral multiple thereof (but no single Series 2016 Bond shall represent Accreted Amount maturing on more than one (1) date).

Any Series 2016 Bonds issued as Current Interest Bonds shall be dated such date as shall be determined by an Authorized Officer at the time of sale thereof, shall be in fully registered form, shall be in denominations of Five Thousand Dollars ($5,000) each and any integral multiple thereof (but no single Series 2016 Bond shall represent installments of principal maturing on more than one (1) date), and shall be numbered as provided in the Indenture.

While in the form of Capital Appreciation Bonds, any Series 2016 Bonds issued and sold as Capital Appreciation and Income Bonds shall be subject to all of the provisions and limitations of this ordinance and the Indenture relating to Capital Appreciation Bonds and while in the form of Current Interest Bonds, any Series 2016 Bonds issued and sold as Capital Appreciation and Income Bonds shall be subject to all of the provisions and limitations of this ordinance and the Indenture relating to Current Interest Bonds.

The Current Interest Bonds shall bear interest at a rate or rates and the Capital Appreciation Bonds shall have Yields to Maturity (as defined below) not to exceed 18 percent per annum.

Each Capital Appreciation Bond shall bear interest from its date at the rate per annum compounded semiannually on each January 1 and July 1, commencing on such

January 1 or July 1 as determined by an Authorized Officer at the time of sale of such Capital Appreciation Bonds, which will produce the yield to maturity identified therein until the maturity date thereof (the "Yield to Maturity"). Interest on the Capital Appreciation Bonds shall be payable only at the respective maturity dates thereof.

Each Current Interest Bond shall bear interest (computed upon the basis of a three hundred sixty (360) day year of twelve (12) thirty (30) day months) payable on the first (1^{st}) days of January and July of each year, commencing on such January 1 or July 1 as determined by an Authorized Officer at the time of the sale of any of the Current Interest Bonds.

Each of the Series 2016 Bonds shall be designated a "Sales Tax Revenue Bond, Series 2016__" or "Sales Tax Revenue Refunding Bond, Series 2016__" with such additions, modifications or revisions as shall be determined to be necessary by an Authorized Officer at the time of the sale of the Series 2016 Bonds to reflect the purpose of the issue, the time or order of sale of the Series 2016 Bonds, whether the Series 2016 Bonds are Current Interest Bonds, Capital Appreciation Bonds or Capital Appreciation and Income Bonds and any other authorized features of the Series 2016 Bonds determined by an Authorized Officer as desirable to be reflected in the title of the Series 2016 Bonds being issued and sold.

(d) The Series 2016 Bonds may be made subject to redemption prior to maturity at the option of the City, in whole or in part on any date, at such times and at such redemption prices (to be expressed as a percentage of the principal amount of Current Interest Bonds being redeemed or as a formula as described below and expressed as a percentage of the Compound Accreted Value of Capital Appreciation Bonds to be redeemed or as a formula as described below) not to exceed 120 percent, plus, in the case of Current Interest Bonds, accrued interest to the date of redemption, as determined by an Authorized Officer at the time of the sale thereof.

Notwithstanding the foregoing, such 120 percent limitation on the redemption price of Series 2016 Bonds shall not apply where the redemption price is based upon a formula designed to compensate the owner of the Series 2016 Bonds to be redeemed based upon prevailing market conditions on the date fixed for redemption, commonly known as a "make-whole" redemption price (the "Make-Whole Redemption Price"). At the time of sale of the Series 2016 Bonds, an Authorized Officer shall determine the provisions of the formula to be used to establish any Make-Whole Redemption Price, which may vary depending on whether the Series 2016 Bonds are issued on a taxable or tax-exempt basis, and such provisions shall be specified in the Seventh Supplemental Indenture.

An Authorized Officer shall confirm and transmit the applicable Make-Whole Redemption Price on such dates and to such parties as shall be necessary to effectuate such redemption.

Certain of the Series 2016 Bonds may be made subject to mandatory redemption, at par and accrued interest to the date fixed for redemption, as determined by an Authorized Officer at the time of the sale thereof; provided, that the Series 2016 Bonds shall reach final maturity not later than the date set forth in Section 2(c) hereof.

(e) The Series 2016 Bonds may be issued in either certificated or book-entry only form as determined by an Authorized Officer. In connection with the issuance of Series 2016 Bonds in book-entry only form, each Authorized Officer is authorized to execute and deliver a representation letter to the book-entry depository selected by an Authorized Officer in substantially the form previously used in connection with obligations issued by the City in book-entry form.

(f) The Series 2016 Bonds shall be executed by the officers of the City and prepared substantially in the form as provided in the Seventh Supplemental Indenture with such revisions as shall be approved by the officers of the City executing the Series 2016 Bonds.

(g) All or any portion of the Series 2016 Bonds may be issued as bonds, the interest on which is exempt from federal income taxation or as bonds, the interest on which is not exempt from federal income taxation as set forth in the notification of sale of the Series 2016 Bonds delivered by an Authorized Officer pursuant to Section 3(c) hereof.

SECTION 3. (a) The Series 2016 Bonds shall be sold and delivered to or at the direction of an underwriter or group of underwriters to be selected by an Authorized Officer (the "Underwriters"), subject to the terms and conditions of one (1) or more contracts of purchase related thereto; provided, that the aggregate purchase price of the Series 2016 Bonds shall be not less than 85 percent of the principal amount (or Original Principal Amount in the case of Capital Appreciation Bonds) thereof to be issued (less any net original issue discount used in the marketing thereof) plus accrued interest, if any, from their date to the date of delivery thereof. The compensation paid to the Underwriters in connection with any sale of Bonds shall not exceed five percent of the principal amount of the Bonds being sold. Nothing contained in this ordinance shall limit the sale of the Bonds or any maturity or maturities thereof at a price or prices in excess of the principal amount thereof.

The Mayor and each Authorized Officer are each hereby authorized to execute on behalf of the City, with the concurrence of the chairman of the Committee on Finance of the City Council, one (1) or more contracts of purchase in substantially the form previously used in connection with the issuance and sale of the Outstanding Sales Tax Revenue Bonds with appropriate revisions to reflect the terms and provisions of the Series 2016 Bonds and such other revisions in text as an Authorized Officer shall determine are necessary or desirable in connection with the sale of the Series 2016 Bonds.

(b) In connection with the sale of any Series 2016 Bonds, each Authorized Officer is hereby authorized to obtain (i) a Bond Insurance Policy (as defined in the Original Indenture) from a Bond Insurer (as defined in the Original Indenture) and (ii) a surety bond, an insurance policy, a letter of credit or other credit facility assuring the availability of cash to fund any applicable debt service reserve requirement (a "Debt Reserve Credit Facility") from such provider as an Authorized Officer shall determine, if said Authorized Officer determines such Bond Insurance Policy or Debt Reserve Credit Facility to be desirable in connection with such sale of the Series 2016 Bonds. Each Authorized Officer is also authorized to enter into such agreements and make such covenants with any Bond Insurer or provider of a Debt Reserve Credit Facility that an Authorized Officer deems necessary that are not inconsistent with the provisions of this ordinance; provided, however, that any agreement to reimburse such provider shall be payable solely and only from the Pledged Sales Tax Revenues.

(c) Subsequent to the sale of any Series 2016 Bonds, an Authorized Officer shall file in the Office of the City Clerk a notification of sale directed to the City Council setting forth (i) the aggregate principal amount of, maturity schedule and redemption provisions for the Series 2016 Bonds sold, (ii) the principal amounts of the Series 2016 Bonds sold as Current Interest Bonds, Capital Appreciation Bonds and Capital Appreciation and Income Bonds, respectively, (iii) in the case of Series 2016 Bonds sold as Capital Appreciation Bonds, (A) the original principal amounts of and Yields to Maturity on the Capital Appreciation Bonds being sold and (B) a table of Accreted Amounts per Five Thousand Dollar ($5,000) Accreted Amount at maturity for any Capital Appreciation Bonds being sold, setting forth the Accreted Amount of each such Capital Appreciation Bonds on each semiannual compounding date, (iv) the interest rates on the Current Interest Bonds sold, (v) the amount of proceeds of the Series 2016 Bonds to be used for each of the respective purposes authorized herein, (vi) the identity of the Bond Insurer issuing the Bond Insurance Policy, if any, for the Series 2016 Bonds and the identity of the provider of a Debt Reserve Credit Facility, if any, for the Series 2016 Bonds, (vii) the specific Series designations, maturities and amounts of the Outstanding Sales Tax Revenue Bonds to be refunded (the "Refunded Bonds"), which Refunded Bonds shall be selected by an Authorized Officer so as to restructure the City's debt service obligations or to provide debt service savings to the City, as determined by an Authorized Officer, (viii) the dates on and prices at which the Refunded Bonds shall be redeemed, (ix) the identities of the Underwriters selected by an Authorized Officer, (x) the compensation paid to the Underwriters in connection with such sale, and (xi) any other matter authorized by this ordinance to be determined by an Authorized Officer at the time of the sale of the Series 2016 Bonds. A copy of the Seventh Supplemental Indenture in the form to be executed by the City shall be attached thereto.

(d) In connection with any sale of the Series 2016 Bonds, the Mayor and each Authorized Officer are each hereby authorized to execute and deliver, and the Underwriters are hereby authorized to use and distribute, such disclosure documents including without limitation, a preliminary official statement and an official statement, as they shall deem appropriate on behalf of the City, which disclosure documents shall be in substantially the form previously used in connection with the issuance and sale of the Outstanding Sales Tax Revenue Bonds, with such revisions as shall be necessary to reflect the terms and provisions of the Series 2016 Bonds determined by an Authorized Officer as provided herein, and any of such actions heretofore taken with respect to any such disclosure document are hereby ratified, approved and confirmed.

(e) Each Authorized Officer is hereby authorized to execute and deliver a Continuing Disclosure Undertaking (the "Continuing Disclosure Undertaking") evidencing the City's agreement to comply with the provisions of Section (b)(5) of Rule 15(c)2-12, adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934 in a form approved by the Corporation Counsel. Upon its execution and delivery on behalf of the City as herein provided, the Continuing Disclosure Undertaking will be binding on the City and the officers, employees and agents of the City are hereby authorized to do all such acts and things and to execute all such documents as may be necessary to carry out and comply with the provisions of the Continuing Disclosure Undertaking as executed. Each Authorized Officer is hereby further authorized to amend the Continuing Disclosure Undertaking in accordance with its terms from time to time following its execution and delivery as said officer

shall deem necessary. Notwithstanding any other provision of this ordinance, the sole remedies for any failure by the City to comply with the Continuing Disclosure Undertaking shall be the ability of the beneficial owner of any Series 2016 Bond to seek mandamus or specific performance by court order to cause the City to comply with its obligations under the Continuing Disclosure Undertaking.

(f) The proceeds from the sale of any of the Series 2016 Bonds shall be applied to (i) the payment of the costs of the Series 2016 Capital Program and the Refunding, (ii) provision of funded interest for the Series 2016 Bonds in such amount as shall be deemed necessary by an Authorized Officer in connection with the sale of the Series 2016 Bonds, (iii) the funding of a Debt Service Reserve Account with money and securities or a Debt Reserve Credit Facility, in such amount as shall be deemed necessary by an Authorized Officer in connection with the sale of the Series 2016 Bonds, and (iv) the payment of the expenses related to the issuance of the Series 2016 Bonds, all as shall be set forth in the Seventh Supplemental Indenture executed and delivered by the City as provided herein, and such proceeds are hereby appropriated for said purposes. From the sale proceeds of the Series 2016 Bonds and such other funds of the City as shall be deemed by an Authorized Officer to be necessary and appropriate, the sum determined by an Authorized Officer to be sufficient to effect the Refunding shall be applied in accordance with the provisions of the Seventh Supplemental Indenture and deposited into the respective debt service funds established for the Refunded Bonds or into one (1) or more escrow accounts held by an Escrow Agent pursuant to the terms of the Seventh Supplemental Indenture or one (1) or more separate Escrow Agreement(s) (collectively, the "Escrow Agreement"), and the Mayor and each Authorized Officer are each hereby authorized to execute and deliver the Seventh Supplemental Indenture containing such provisions or any such Escrow Agreement(s) in such form as the officers so executing shall deem appropriate to effect the Refunding. The funds held by the City pursuant to the Seventh Supplemental Indenture and any such Escrow Agreement(s) are hereby authorized to be applied as determined by an Authorized Officer and as set forth in the Indenture and any such Escrow Agreement(s).

Nothing in this ordinance shall prohibit a defeasance deposit with respect to the Refunded Bonds held pursuant to the Seventh Supplemental Indenture or any Escrow Agreement from being subject to a subsequent sale of such escrow securities and reinvestment of all or a portion of the proceeds of that sale in escrow securities which, together with money to remain so held in trust, shall be sufficient to provide for payment of principal, redemption premium, if any, and interest on any of the Refunded Bonds. Amounts held by an Escrow Agent in excess of the amounts needed to provide for payment of the Refunded Bonds may be subject to withdrawal by the City. The Mayor or each Authorized Officer is hereby authorized to execute and deliver from time to time one (1) or more agreements with counterparties selected by an Authorized Officer, with respect to the investment and use of such excess amounts held by the Escrow Agent.

(g) Nothing in this ordinance shall prohibit any defeasance deposit made pursuant to the Indenture with respect to the Series 2016 Bonds from being subject to a subsequent sale of such escrow securities and reinvestment of all or a portion of the proceeds of that sale in escrow securities which, together with money to remain so held in trust, shall be sufficient to provide for payment of principal, redemption premium, if any, and interest on any of the

defeased Series 2016 Bonds. Amounts held by a defeasance escrow agent or the Trustee in excess of the amounts needed so to provide for payment of the defeased Series 2016 Bonds may be subject to withdrawal by the City. The Mayor and each Authorized Officer is hereby authorized to execute and deliver from time to time one (1) or more agreements with counter parties selected by an Authorized Officer, with respect to the investment and use of such excess amounts held by an escrow agent or the Trustee.

Each Authorized Officer is hereby authorized to execute any such agreement as shall be deemed by said officer to be in the best interests of the City.

SECTION 4. The Mayor, each Authorized Officer, the City Treasurer, the Corporation Counsel, the City Clerk and the Deputy City Clerk are each hereby authorized to execute and deliver such other documents and agreements and perform such other acts prior to or following the issuance of the Series 2016 Bonds (including, without limitation, effecting amendments, modifications or supplements to any of the documents or agreements authorized hereunder as may be deemed necessary or desirable by an Authorized Officer in order to implement the transactions or other purposes authorized hereunder) as may be necessary or desirable in connection with the Series 2016 Bonds, and the transactions or other purposes authorized hereunder, including, but not limited to, the exercise following the delivery date of the Series 2016 Bonds of any power or authority delegated to such official under this ordinance with respect to the Series 2016 Bonds upon original issuance, but subject to any limitations on or restrictions of such power or authority as herein set forth. In such case, each shall send to the City Council written notice of the person so designated by each, such notice stating the name of the person so selected and identifying the instruments, certificates and documents which such person shall be authorized to sign as proxy for the Mayor and each Authorized Officer, respectively. A written signature of the Mayor or of an Authorized Officer, respectively, executed by the person so designated underneath, shall be attached to each notice. Each notice, with the signatures attached, shall be recorded in the *Journal of the Proceedings of the City Council of the City of Chicago* for such date and filed in the office of the City Clerk. When the signature of the Mayor is placed on an instrument, certificate or document at the direction of the Mayor in the specified manner, the same, in all respects, shall be as binding on the City as if signed by the Mayor

in person. When the signature of an Authorized Officer is so affixed to an instrument, certificate or document at the direction of such Authorized Officer, the same, in all respects, shall be as binding on the City as if signed by such Authorized Officer in person.

SECTION 6. The Seventh Supplemental Indenture may also provide for amendments to the Original Indenture in order to enhance the security for the Series 2016 Bonds, the Outstanding Sales Tax Revenue Bonds, any Additional Bonds and any Refunding Bonds, by (i) imposing additional covenants or agreements to be observed by the City or (ii) confirming, as further assurance, any pledge of or lien upon the Pledged Sales Tax Revenues or any other moneys, securities or funds, pursuant to Section 1001 of the Original Indenture.

SECTION 7. To the extent that any ordinance, resolution, rule, order or provision of the Municipal Code, or part thereof, is in conflict with the provisions of this ordinance, the provisions of this ordinance shall be controlling. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance. No provision of the Municipal Code or violation of any provision of the Municipal Code shall be deemed to render voidable at the option of the City any document, instrument or agreement authorized hereunder or to impair the validity of this ordinance or the instruments authorized by this ordinance or to impair the rights of the owners of the Series 2016 Bonds to receive payment of the principal of or interest on the Series 2016 Bonds or to impair the security for the Series 2016 Bonds; provided further that the foregoing shall not be deemed to affect the availability of any other remedy or penalty for any violation of any provision of the Municipal Code. The documents, agreements and instruments authorized hereunder shall not be deemed to be "city contracts" for the purposes of Section 11-4-1600(e) of the Municipal Code.

There shall be borrowed on the credit of and for and on behalf of the City in one or more series and at one or more times for Refunding Purposes, the sum of not to exceed $650,000,000 plus an amount equal to the amount of any net original issue discount used in the marketing of such Bonds (not to exceed 15 percent of the principal amount of any such series of Bonds). The Bonds shall be issued from time to time in one or more series for Refunding Purposes in an aggregate principal amount not exceeding the amount specified above, or such lesser amounts as may be determined by the City's Chief Financial Officer or the City Comptroller (each such officer is referred to as an *"Authorized Officer"*).

The Bonds of each series may be issued pursuant to, and have such terms and provisions as are set forth in, a Trust Indenture from the City to a Bond Trustee substantially in the form attached as *Exhibit A*, which is incorporated in this Ordinance by this reference, but with such revisions in text as the Mayor or the Authorized Officer executing the same shall determine are necessary or desirable, the execution thereof, and any amendment thereto, by the Mayor or such Authorized Officer to evidence the City Council's approval of all such revisions. Such revisions may include, among other things, revisions required (i) to reflect the

issuance of the Bonds as Capital Appreciation Bonds, Convertible Bonds or Direct Purchase Bonds (each as hereinafter defined) and (ii) in the case of the issuance of a series of Bonds the interest on which is includable in the gross income of their owners for federal income tax purposes. With respect to any series of Bonds issued pursuant to a Trust Indenture, in the event of any conflict between the provisions of this Ordinance and such Trust Indenture (including in the form of Bond attached thereto as an exhibit), the terms of such Trust Indenture shall be deemed to control. The Mayor or an Authorized Officer is authorized to enter into one or more of such Trust Indentures from time to time on behalf of the City.

All or any portion of the Bonds may be issued as Bonds payable in one payment on a fixed date (*"Capital Appreciation Bonds"*). Each series of Capital Appreciation Bonds shall be dated the date of issuance thereof and shall also bear the date of authentication, shall be in fully registered form, shall be numbered as determined by the applicable Bond Registrar (as defined in Section 3), and shall be in denominations equal to the original principal amounts of such Capital Appreciation Bonds or any integral multiple thereof, each such original principal amount representing Compound Accreted Value (as hereinafter defined) at maturity (the *"Maturity Amount"*) of such minimum amounts and integral multiples thereof as shall be agreed upon by an Authorized Officer and the purchasers of such Capital Appreciation Bonds (but no single Bond shall represent Compound Accreted Value maturing on more than one date). As used herein, the *"Compound Accreted Value"* of a Capital Appreciation Bond on any date of determination shall be an amount equal to the original principal amount (or integral multiple thereof) plus an investment return accrued to the date of such determination at a semiannual compounding rate which is necessary to produce the yield to maturity borne by such Capital Appreciation Bond (the *"Yield to Maturity"*).

All or any portion of the Bonds may be issued as Bonds bearing interest at fixed rates and paying interest semiannually as described below (the *"Current Interest Bonds"*). Each series of Current Interest Bonds shall be dated such date as shall be agreed upon by an Authorized Officer and the purchasers of such Current Interest Bonds, shall be in fully registered form, shall be in such minimum denominations and integral multiples thereof as shall be agreed upon by an Authorized Officer and the purchasers of such Current Interest Bonds (but no single Current Interest Bond shall represent installments of principal maturing on more than one date), and shall be numbered as determined by the applicable Bond Registrar.

The Bonds may be initially issued as Capital Appreciation Bonds containing provisions for the conversion of the Compound Accreted Value of such Bonds into Current Interest Bonds (the *"Convertible Bonds"*) at such time following the initial issuance as shall be approved by an Authorized Officer. While in the form of Capital Appreciation Bonds, such Convertible Bonds shall be subject to all of the provisions and limitations of this Ordinance relating to Capital Appreciation Bonds, and while in the form of Current Interest Bonds, such Convertible Bonds shall be subject to all of the provisions and limitations of this Ordinance relating to Current Interest Bonds. In particular, when Convertible Bonds are in the form of Capital Appreciation Bonds prior to their conversion to Current Interest Bonds, the transfer, exchange and replacement provisions of this Ordinance with respect to Capital Appreciation Bonds shall apply to such Convertible Bonds; *provided* that the Convertible Bonds delivered in the form of Capital Appreciation Bonds in connection with any such transfer, exchange or replacement shall have identical provisions for conversion to Current Interest Bonds as set forth in the Convertible Bonds being transferred, exchanged or replaced. In connection with the issuance and sale of any Convertible Bonds, the terms and provisions relating to the conversion of the Compound

Accreted Value of such Convertible Bonds into Current Interest Bonds shall be as approved by an Authorized Officer at the time of sale of such Convertible Bonds. Notwithstanding any other provision hereof, any series of Bonds may be issued as Capital Appreciation Bonds, Current Interest Bonds, Convertible Bonds, or any combination thereof.

All or any portion of the Bonds may be issued and sold from time to time as a direct purchase to holders (the *"Direct Purchase Bonds"*). The Direct Purchase Bonds shall be sold as provided in Section 12 hereof.

The principal of the Bonds of each series shall become due and payable on or before the earlier of (i) January 1, 2057, or (ii) 40 years after the date of issuance of such series. Each series of Current Interest Bonds shall bear interest at a rate or rates and each series of Capital Appreciation Bonds shall have Yields to Maturity not to exceed 18 percent per annum. Any portion of the Bonds may be issued as bonds the interest on which is not excludable from the gross income of their owners for federal income tax purposes if doing so is determined by an Authorized Officer to be beneficial to the City.

Each Capital Appreciation Bond shall accrue interest from its date at the rate per annum compounded semiannually on each January 1 and July 1, commencing on such January 1 or July 1 as determined by an Authorized Officer at the time of sale of such Capital Appreciation Bonds, which will produce the Yield to Maturity identified therein until the maturity date thereof. Interest on the Capital Appreciation Bonds shall be payable only at the respective maturity dates thereof.

Each Current Interest Bond shall bear interest from the later of its date or the most recent interest payment date to which interest has been paid or duly provided for, until the principal amount of such Bond is paid, such interest (computed upon the basis of a 360-day period of twelve 30-day months) being payable on January 1 and July 1 of each year, commencing on such January 1 or July 1 as shall be determined by an Authorized Officer at the time of the sale of each series of Current Interest Bonds. Interest on each Current Interest Bond shall be paid to the person in whose name such Current Interest Bond is registered at the close of business on the 15th day of the month next preceding the interest payment date, by check or draft of the applicable Bond Registrar, or, at the option of any registered owner of $1,000,000 or more in aggregate principal amount of Current Interest Bonds of a series, by wire transfer of immediately available funds to such bank in the continental United States of America as the registered owner of such Current Interest Bonds shall request in writing to the applicable Bond Registrar.

The Compound Accreted Value of the Capital Appreciation Bonds, the principal of the Current Interest Bonds and any redemption premium shall be payable in lawful money of the United States of America upon presentation and surrender thereof at the designated corporate trust office of the applicable Bond Registrar.

Each of the Bonds shall be designated "General Obligation Bonds, Series ____," with such additions, modifications or revisions as shall be determined to be necessary by an Authorized Officer at the time of the sale of such Bonds to reflect the calendar year of issuance of the Bonds, the order of sale of the Bonds, the specific series of the Bonds, whether the Bonds are being issued on a taxable basis, whether the Bonds are Capital Appreciation Bonds, Current Interest Bonds, Convertible Bonds, or Direct Purchase Bonds, whether the Bonds are being

issued and sold for the purpose of paying costs of the Refunding Purposes and any other authorized features of the Bonds determined by an Authorized Officer as desirable to be reflected in the title of the Bonds being issued and sold.

The seal of the City or a facsimile thereof shall be affixed to or printed on each of the Bonds, and the Bonds shall be executed by the manual or facsimile signature of the Mayor and attested by the manual or facsimile signature of the City Clerk, and in case any officer whose signature shall appear on any Bond shall cease to be such officer before the delivery of such Bond, such signature shall nevertheless be valid and sufficient for all proposes, the same as if such officer had remained in office until delivery. As used in this Ordinance, *"City Clerk"* shall mean the duly qualified and acting City Clerk of the City or any Deputy City Clerk or other person who may lawfully take a specific action or perform a specific duty prescribed for the City Clerk pursuant to this Ordinance.

All Bonds shall have thereon a certificate of authentication substantially in the form hereinafter set forth duly executed by the applicable Bond Registrar or Bond Trustee as authenticating agent of the City and showing the date of authentication. No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Ordinance unless and until such certificate of authentication shall have been duly executed by the applicable Bond Registrar or Bond Trustee by manual signature, and such certificate of authentication upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this Ordinance. The certificate of authentication on any Bond shall be deemed to have been executed by the applicable Bond Registrar or Bond Trustee if signed by an authorized officer of such Bond Registrar or Bond Trustee, but it shall not be necessary that the same officer sign the certificate of authentication on all of the Bonds issued hereunder.

Section 3. (a) *Registration and Transfer.* The City shall cause books (the *"Bond Register"*) for the registration and for the transfer of each series of Bonds as provided in this Ordinance to be kept at the designated corporate trust office of a bank or trust company designated by an Authorized Officer, which shall, with respect to a series of Bonds issued pursuant to a Trust Indenture, be the Bond Trustee for such series of Bonds (the *"Bond Registrar"*), as the registrar for the City in connection with such series of Bonds. The City is authorized to prepare multiple Bond blanks executed by the City for use in the transfer and exchange of Bonds.

Upon surrender for transfer of any Bond at the designated corporate trust office of the applicable Bond Registrar, duly endorsed by, or accompanied by a written instrument or instruments of transfer in form satisfactory to such Bond Registrar and duly executed by the registered owner or its attorney duly authorized in writing, the City shall execute and such Bond Registrar shall authenticate, date and deliver in the name of the transferee or transferees (a) in the case of any Capital Appreciation Bond, a new fully registered Capital Appreciation Bond or Bonds of the same series, maturity and Yield to Maturity of authorized denominations, for a like aggregate original principal amount of Capital Appreciation Bond or Bonds of the same series, maturity and Yield to Maturity of other authorized denominations, or (b) in the case of Current Interest Bonds, one or more fully registered Bonds of the same series, interest rate and maturity of authorized denominations, for a like principal amount. Any Capital Appreciation Bond or Bonds may be exchanged at said office of the applicable Bond Registrar for a like aggregate original principal amount of Capital Appreciation Bond or Bonds of the same series, maturity and

Yield to Maturity of other authorized denominations. Any Current Interest Bond or Bonds may be exchanged at said office of the applicable Bond Registrar for a like aggregate principal amount of Bonds of the same series, type, interest rate and maturity of other authorized denominations. The execution by the City of any fully registered Bond shall constitute full and due authorization of such Bond, and the applicable Bond Registrar shall thereby be authorized to authenticate, date and deliver such Bond; *provided* that (a) the aggregate original principal amount of outstanding Capital Appreciation Bonds of each series, maturity and Yield to Maturity authenticated by the applicable Bond Registrar shall not exceed the authorized aggregate original principal amount of Capital Appreciation Bonds of such series, maturity and Yield to Maturity less previous retirements and (b) the principal amount of Current Interest Bonds of each series, maturity and interest rate authenticated by the applicable Bond Registrar or Bond Trustee shall not exceed the authorized principal amount of Current Interest Bonds for such series, maturity and interest rate (or interest rate determination method) less previous retirements.

The applicable Bond Registrar shall not be required to transfer or exchange (a) any Bond after notice calling such Bond for redemption has been mailed, or (b) any Bond during a period of 15 days next preceding mailing of a notice of redemption of such Bond; *provided, however,* that provisions relating to the transfer or exchange of Bonds of a series shall be as determined by an Authorized Officer at the time of the sale of such series and may be set forth in a notification of sale as described in Section 12 hereof or in the Trust Indenture as authorized in Section 2 hereof.

The person in whose name any Bond is registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of the Compound Accreted Value of, principal of, redemption premium, if any, or interest on any Bond, as appropriate, shall be made only to or upon the order of the registered owner thereof or its legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

No service charge shall be made for any transfer or exchange of Bonds, but the City or the applicable Bond Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Bonds, except that no such payment may be required in the case of the issuance of a Bond or Bonds for the unredeemed portion of a Bond surrendered for redemption.

(b) *Book-Entry Only System.* If so determined and directed by an Authorized Officer in connection with the sale of any of the Bonds, such Bonds may be issued in book-entry only form. In connection with the issuance of Bonds in book-entry only form, an Authorized Officer is authorized to execute and deliver to the book-entry depository selected by such Authorized Officer such depository's standard form of representation letter. If any of the Bonds are registered in the name of a securities depository which uses a book-entry system, the standing of the beneficial owner to enforce any of the covenants herein may be established through the books and records of such securities depository or a participant therein.

(c) *Bonds Lost, Destroyed, etc.* If any Bond, whether in temporary or definitive form, is lost (whether by reason of theft or otherwise), destroyed (whether by mutilation, damage, in whole or in part, or otherwise) or improperly cancelled, the applicable Bond Registrar may authenticate a new Bond of like series, date, maturity date, interest rate (or, in the case of

Capital Appreciation Bonds, Yield to Maturity), denomination and original principal amount (in the case of Capital Appreciation Bonds) or principal amount (in the case of Current Interest Bonds) and bearing a number not contemporaneously outstanding; *provided* that (i) in the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the applicable Bond Registrar, and (ii) in the case of any lost Bond or Bond destroyed in whole, there shall be first furnished to the applicable Bond Registrar evidence of such loss or destruction, together with indemnification of the City and such Bond Registrar, satisfactory to such Bond Registrar. If any lost, destroyed or improperly cancelled Bond shall have matured or is about to mature, or has been called for redemption, instead of issuing a duplicate Bond, the applicable Bond Registrar shall pay the same without surrender thereof if there shall be first furnished to such Bond Registrar evidence of such loss, destruction or cancellation, together with indemnity, satisfactory to it. Upon the issuance of any substitute Bond, the applicable Bond Registrar may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto.

(d) *Redemption and Repurchase.* The Bonds may be made subject to redemption prior to maturity at the option of the City, in whole or in part on any date, at such times and at such redemption prices (to be expressed as a percentage of the principal amount of Current Interest Bonds being redeemed or as a formula as described below and expressed as a percentage of the Compound Accreted Value of Capital Appreciation Bonds to be redeemed or as a formula as described below) not to exceed 120 percent, plus, in the case of Current Interest Bonds, accrued interest to the date of redemption, as determined by an Authorized Officer at the time of the sale thereof.

Notwithstanding the foregoing, such 120 percent limitation on the redemption price of Bonds shall not apply where the redemption price is based upon a formula designed to compensate the owner of the Bonds to be redeemed based upon prevailing market conditions on the date fixed for redemption, commonly known as a "make-whole" redemption price (the *"Make-Whole Redemption Price"*). At the time of sale of the Bonds, an Authorized Officer shall determine the provisions of the formula to be used to establish any Make-Whole Redemption Price, which may vary depending on whether the Bonds are issued on a taxable or tax-exempt basis. An Authorized Officer shall confirm and transmit the applicable Make-Whole Redemption Price on such dates and to such parties as shall be necessary to effectuate such redemption.

If fewer than all of the outstanding Bonds of a series are to be optionally redeemed, the Bonds to be called shall be called from such maturities and interest rates of such series as may be determined by an Authorized Officer.

Certain of the Bonds of a series may be made subject to mandatory redemption, at par and accrued interest to the date fixed for redemption, as determined by an Authorized Officer at the time of the sale thereof.

An Authorized Officer is authorized to sell (at a price determined by such Authorized Officer to be in the best interests of the City) or waive any right the City may have to call any of the Bonds or Outstanding Indebtedness for optional redemption, in whole or in part, and is further authorized to expend the proceeds of any such sales for any purpose for which the proceeds of the Bonds are authorized to be expended and for the payment or prepayment of any City debt obligations whether issued before or after the date of adoption of this Ordinance, all as determined by an Authorized Officer; *provided however,* to the extent that interest on such

Bonds or Outstanding Indebtedness is excluded from gross income for federal income tax purposes, such expenditures shall not adversely affect such exclusion. If determined to be necessary or appropriate, an Authorized Officer is authorized to solicit the consent of holders of outstanding Bonds or Outstanding Indebtedness to any such sale or waiver.

At the time of sale of Bonds of a series, an Authorized Officer is authorized to determine the manner of redeeming such Bonds, either by lot in the manner hereinafter provided or pro-rata in the manner determined by an Authorized Officer at the time of sale, if less than all of the Bonds of the same series, maturity and interest rate are to be redeemed.

The Current Interest Bonds shall be redeemed only in amounts equal to the respective minimum authorized denominations and integral multiples thereof and the Capital Appreciation Bonds shall be redeemed only in amounts representing the respective minimum authorized Maturity Amounts and integral multiples thereof. In the event of the redemption of fewer than all the Bonds of the same series, maturity and interest rate by lot, the aggregate principal amount or Maturity Amount (as appropriate) thereof to be redeemed shall be the minimum authorized denomination or Maturity Amount (as appropriate) for such series or an integral multiple thereof, and the applicable Bond Registrar shall assign to each Bond of such series, maturity and interest rate, a distinctive number for each minimum authorized denomination or Maturity Amount (as appropriate) of such Bond and shall select by lot from the numbers so assigned as many numbers as, at such minimum authorized denomination or Maturity Amount (as appropriate) for each number, shall equal the principal amount or Maturity Amount (as appropriate) of such Bonds to be redeemed. In such case, the Bonds to be redeemed shall be those to which were assigned numbers so selected; *provided* that only so much of the principal amount or Maturity Amount (as appropriate) of each Bond shall be redeemed as shall equal such minimum authorized denomination or Maturity Amount (as appropriate) for each number assigned to it and so selected. In the event of the redemption of fewer than all Bonds of the same series, maturity and interest rate on a pro-rata basis, if the Bonds are held in book-entry form at the time of redemption, at the time of sale of the Bonds, an Authorized Officer is authorized to direct the Bond Registrar to instruct the book-entry depository to select the specific Bonds within such maturity and interest rate for redemption pro-rata among such Bonds. The City shall have no responsibility or obligation to ensure that the book-entry depository properly selects such Bonds for redemption.

The City shall, at least 45 days prior to any optional redemption date (unless a shorter time period shall be satisfactory to the applicable Bond Registrar), notify the applicable Bond Registrar of such redemption date and of the principal amount or Maturity Amount (as appropriate) of Bonds of such series to be redeemed.

In connection with any mandatory redemption of Bonds of a series as authorized above, the principal amounts of Bonds (or the Compound Accreted Value of the Capital Appreciation Bonds) of such series to be mandatorily redeemed in each year may be reduced through the earlier optional redemption thereof, with any partial optional redemptions of such Bonds of such series credited against future mandatory redemption requirements in such order of the mandatory redemption dates as an Authorized Officer may determine. In addition, on or prior to the 60th day preceding any mandatory redemption date of Bonds of a series, the applicable Bond Registrar may, and if directed by an Authorized Officer shall, purchase Bonds of such series required to be retired on such mandatory redemption date at such prices as an Authorized Officer shall determine. Any such Bonds so purchased shall be cancelled and the

principal amount (or Compound Accreted Value, as appropriate) thereof shall be credited against the payment required on such next mandatory redemption date with respect to such series of Bonds.

The applicable Bond Registrar shall promptly notify the City in writing of the Bonds, or portions thereof, selected for redemption and, in the case of any Bond selected for partial redemption, the principal amount, Compound Accreted Value or Maturity Amount (as appropriate) thereof, and the interest rate thereof to be redeemed.

Subject to the limitation on redemption price set forth above, the terms of such redemption shall be determined by an Authorized Officer at the time of sale of the Bonds of each series and may be set forth in a notification of sale as described in Section 12 hereof or in the Trust Indenture as authorized in Section 2 hereof.

Section 4. Unless waived by any owner of Bonds to be redeemed, notice of the call for any such redemption shall be given by the applicable Bond Registrar on behalf of the City by mailing the redemption notice by first class mail at least 30 days and not more than 60 days prior to the date fixed for redemption to the registered owner of the Bond or Bonds to be redeemed at the address shown on the applicable Bond Register or at such other address as is furnished in writing by such registered owner to such Bond Registrar, but the failure to mail any such notice or any defect therein as to any Bond shall not affect the validity of the proceedings for the redemption of any other Bond. Any notice of redemption mailed as provided in this Section shall be conclusively presumed to have been given whether or not actually received by the addressee.

All notices of redemption shall state:

(1) the series designation of the Bonds to be redeemed,

(2) the redemption date,

(3) the redemption price, or in the case of a redemption of Bonds at a Make-Whole Redemption Price, a description of the formula by which the redemption price shall be determined,

(4) if less than all outstanding Bonds of a series are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts and interest rates, Compound Accreted Values or Maturity Amounts) of the Bonds to be redeemed,

(5) that on the redemption date the redemption price will become due and payable upon each such Bond or portion thereof called for redemption, and that interest thereon shall cease to accrue or compound from and after said date,

(6) the place where such Bonds are to be surrendered for payment of the redemption price, which place of payment shall be the designated corporate trust office of the applicable Bond Registrar, and

(7) such other information as shall be deemed necessary by the applicable Bond Registrar at the time such notice is given to comply with law, regulation or industry standard.

With respect to an optional redemption of any series of Bonds, such notice may state that said redemption is conditioned upon the receipt by the applicable Bond Registrar on or prior to the date fixed for redemption of moneys sufficient to pay the redemption price of the Bonds of such series. If such moneys are not so received, such redemption notice shall be of no force and effect, the City shall not redeem such Bonds and the applicable Bond Registrar shall give notice, in the same manner in which the notice of redemption was given, that such moneys were not so received and that such Bonds will not be redeemed. Unless the notice of redemption shall be made conditional as provided above, on or prior to any redemption date for a series of Bonds, the City shall deposit with the applicable Bond Registrar an amount of money sufficient to pay the redemption price of all the Bonds or portions thereof of such series which are to be redeemed on that date.

Notice of redemption having been given as aforesaid, the Bonds, or portions thereof, so to be redeemed shall, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the City defaults in the payment of the redemption price or unless, in the event of a conditional notice as described above, the necessary moneys were not deposited) such Bonds, or portions thereof, shall cease to bear, accrue or compound interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds shall be paid by the applicable Bond Registrar at the redemption price. Installments of interest due on or prior to the redemption date shall be payable as herein provided for payment of interest. Upon surrender for any partial redemption (i) of any Current Interest Bond, there shall be prepared for the registered owner a new Current Interest Bond or Bonds of the same series, interest rate and maturity in the amount of the unpaid principal or (ii) of any Capital Appreciation Bond, there shall be prepared for the registered owner a new Capital Appreciation Bond or Bonds of the same series, Yield to Maturity and maturity date in the amount of the unpaid Maturity Amount.

If any Current Interest Bond or portion thereof called for redemption shall not be so paid upon surrender thereof for redemption, the principal shall, until paid, bear interest from the redemption date at the rate borne by such Bond, or portion thereof, so called for redemption. If any Capital Appreciation Bond, or portion thereof, called for redemption shall not be so paid upon surrender thereof for redemption, the Compound Accreted Value at such redemption date shall continue to accrue interest from such redemption date at the Yield to Maturity borne by such Capital Appreciation Bond, or portion thereof, so called for redemption. All Bonds which have been redeemed shall be cancelled and destroyed by the applicable Bond Registrar and shall not be reissued.

If any Bond is not presented for payment when the principal amount, Compound Accreted Value or Maturity Amount thereof becomes due, either at maturity or at a date fixed for redemption thereof or otherwise, and if moneys sufficient to pay such Bond are held by the applicable Bond Registrar for the benefit of the registered owner of such Bond, such Bond Registrar shall hold such moneys for the benefit of the registered owner of such Bond without liability to the registered owner for interest. The registered owner of such Bond thereafter shall be restricted exclusively to such funds for satisfaction of any claims relating to such Bond.

Section 5. The Capital Appreciation Bonds and the Current Interest Bonds of each series shall be prepared in substantially the following forms with such insertions and revisions as shall be necessary to reflect the terms and provisions of the sale of the Bonds of such series pursuant to Section 12 hereof; *provided* that if the text of any Bond is to be printed in its entirety on the front side of such Bond, then the text shown or appearing on the reverse side of such Bond shall replace paragraph [2] and the legend, "See Reverse Side for Additional Provisions," shall be omitted. The Convertible Bonds shall be prepared incorporating the provisions of the forms of Capital Appreciation Bonds and Current Interest Bonds set forth below as necessary to reflect the terms and provisions of the sale of the Convertible Bonds pursuant to Section 12 hereof.

All Bonds may be prepared with such insertions and revisions as shall be necessary in connection with the issuance of such Bonds as Direct Purchase Bonds.

; provided that collections of such levy for any year in an amount in excess of that necessary to make the payments described in clauses (i) and (ii), above (a) may be used for any lawful public purpose designated by the City Council or (b) may be reduced and abated by an Authorized Officer if such reduction is deemed desirable by an Authorized Officer in connection with the sale or sales of the Bonds, in each case as determined from time to time by an Authorized Officer as provided in Section 12 hereof.

The tax levy made in this Section is not subject to the *"Aggregate Levy"* limitation contained in the Chicago Property Tax Limitation Ordinance contained in Chapter 3-92 of the Municipal Code of Chicago (the *"Municipal Code"*), and Section 3-92-020 of the Municipal Code is superseded to exclude the tax levy herein from the definition of "Aggregate Levy" contained therein.

The term *"Pledged Taxes"* means (a) the taxes hereinabove levied for collection for the purpose of providing the funds necessary to make the payments described in clauses (i) and (ii) of the first paragraph of this Section 7, and (b) subject to the provisions of Section 14 hereof, the proceeds of taxes levied for the years from and after 2015 in connection with the issuance of the Outstanding Indebtedness to the extent such tax collections are not necessary for the payment of the Outstanding Indebtedness due to the refunding thereof as authorized herein or pursuant to any other authorization, and the term *"Pledged Taxes"* shall also include any amounts deposited into the hereinafter-defined Bond Fund or deposited with the Ad Valorem Tax Escrow Agent (as defined in Section 9 below) by an Authorized Officer for the purpose of paying principal of and interest on the Bonds and any accrued interest received and deposited in the Bond Fund or the Ad Valorem Tax Escrow Account, if established pursuant to Section 9 below.

As provided in Section 12 or otherwise, the City reserves the right to abate all or a portion of the Pledged Taxes required to be levied in any year if and to the extent on or before March 31 of the next succeeding calendar year (or such earlier date as may be required by law), the City has on hand amounts dedicated to the payments described in clause (i) of the first paragraph of this Section 7 due during the one-year period commencing on January 2 of such succeeding calendar year. The City may, but shall not be required to, cause the extension and collection of the Pledged Taxes for the payment when due of any Line of Credit Indebtedness or the principal of and interest on General Obligation Commercial Paper Notes or cause the levy or extension in any year of taxes for the payment of the costs of Ongoing Financing Services.

Section 8. The City shall appropriate or otherwise provide amounts sufficient to pay principal of and interest on the Bonds (including the Compound Accreted Value of any Capital Appreciation Bonds) for the years such amounts are due, and the City covenants to take timely action as required by law to carry out the provisions of this Section, but, if for any such year it fails to do so, this Ordinance shall constitute a continuing appropriation ordinance of such amounts without any further action on the part of the City Council.

Section 9. Each Authorized Officer is authorized to establish one or more special accounts, if determined to be necessary in connection with the sale of any of the Bonds, separate and segregated from all other funds and accounts of the City (each a "*Bond Fund*"), which shall be (i) held by an Authorized Officer, or (ii) maintained by a Bond Trustee pursuant to a Trust Indenture, or (iii) maintained with a bank or trust company to be designated by an Authorized Officer (each an *"Ad Valorem Tax Escrow Account"*) pursuant to an escrow agreement (each an *"Ad Valorem Tax Escrow Agreement"*), between the City and the applicable Escrow Agent named therein (each an *"Ad Valorem Tax Escrow Agent"*), and one or more of the Mayor or an Authorized Officer are authorized to execute and deliver one or more Ad Valorem Tax Escrow Agreements in connection with the sale of the Bonds in such form as the officers so executing such agreement may deem appropriate in accordance with the provisions of this Ordinance.

In lieu of the proceeds of such taxes being deposited with the City Treasurer, each Authorized Officer is authorized to direct the County Collectors of Cook and DuPage Counties, Illinois (the "*County Collectors*"), to deposit the proceeds of such taxes directly into the Bond Fund held pursuant to the applicable Trust Indenture or the applicable Ad Valorem Tax Escrow Account, if such Trust Indenture has been executed and delivered or such Ad Valorem Tax Escrow Account has been created.

Section 10. If the Pledged Taxes to be applied to the payment of the Bonds are not available in time to make any payments of principal of or interest on the Bonds when due, then the appropriate fiscal officers of the City are directed to make such payments from any other moneys, revenues, receipts, income, assets or funds of the City that are legally available for that purpose in advancement of the collection of such Pledged Taxes, and when the proceeds thereof are received, such other funds shall be replenished, all to the end that the credit of the City may be preserved by the prompt payment of the principal of and interest on the Bonds as the same become due.

Section 11. A copy of this Ordinance, duly certified by the City Clerk, shall be filed in the respective offices of the County Clerks of Cook and DuPage Counties, Illinois (the "County Clerks"), and such filing shall constitute the authority or and it shall be the duty of the County

Clerks, in each year beginning in 2017, to and including 2056, to extend the taxes levied pursuant to Section 7 hereof for collection in such year, such taxes to be in addition to and in excess of all other taxes heretofore or hereafter authorized to be levied by the City on its behalf.

A copy of this Ordinance, duly certified by the City Clerk, shall also be filed with each applicable Bond Trustee, each applicable Ad Valorem Tax Escrow Agent, if any, each applicable Bond Registrar, and if the County Collectors of Cook and DuPage Counties are authorized to deposit the proceeds of the taxes levied pursuant to Section 7 hereof directly with a Bond Trustee or an Ad Valorem Tax Escrow Agent pursuant to Section 9 hereof, with such County Collectors.

Section 12. Each Authorized Officer is authorized to sell all or any portion of the Bonds, other than the Direct Purchase Bonds which shall be sold as provided in the following paragraph, from time to time to or at the direction of an underwriter or group of underwriters to be selected by such Authorized Officer (the *"Underwriters"*), with the concurrence of the Chairman of the Committee on Finance of the City Council (the *"Chairman"*), on such terms as such Authorized Officer may deem to be in the best interests of the City within the limitations set forth in this Ordinance.

The Bonds may be sold as Direct Purchase Bonds in a manner and containing such terms authorized by an Authorized Officer, including pursuant to a placement agent arrangement, to a purchaser or purchasers other than the Underwriters (the *"Direct Purchasers"*), such Direct Purchasers to be selected by an Authorized Officer and such sale being permitted at a price of not less than 85 percent of the principal amount of the Direct Purchase Bonds being sold. The Mayor or an Authorized Officer is authorized to do all such things and to execute and deliver such additional documents, agreements and certificates as shall be necessary in connection with the sale of Direct Purchase Bonds.

The principal amount of and the interest on the Bonds (including the Compound Accreted Value of any Capital Appreciation Bonds) sold of each series and maturity in the aggregate (after taking into account (i) interest on the Bonds of such series to be paid from proceeds of such series and (ii) mandatory redemptions) shall not exceed the amount levied therefor as specified in Section 7 hereof. The Bonds may be sold from time to time as an Authorized Officer shall determine that the proceeds of such sales are needed.

Either Authorized Officer is authorized and directed to cause all necessary notices of redemption of the Outstanding Indebtedness selected for refunding as provided above to be given in accordance with the terms of the respective ordinances or indentures, as applicable, authorizing the Outstanding Indebtedness.

The Mayor or an Authorized Officer is authorized to execute and deliver a contract of purchase with respect to each sale of the Bonds (i) to, or at the direction of, the Underwriters or (ii) to the Direct Purchasers, in substantially the form previously used for similar general obligation bonds of the City (the *"Contract of Purchase"*), with appropriate revisions to reflect the terms and provisions of the Bonds and such other revisions in text as the Mayor or an Authorized Officer shall determine are necessary or desirable in connection with the sale of the Bonds. Bonds sold pursuant to a Contract of Purchase shall be sold at a price of not less than 85 percent of the principal amount of the Bonds being sold. The compensation paid to the Underwriters in connection with any sale of Bonds shall not exceed five percent of the principal

amount of the Bonds being sold. Nothing contained in this Ordinance shall limit the sale of the Bonds or any maturity or maturities thereof at a price or prices in excess of the principal amount thereof.

In connection with any sale of the Bonds, an Authorized Officer is authorized to obtain one or more policies of bond insurance from recognized bond insurers selected by an Authorized Officer, if such Authorized Officer determines such bond insurance to be desirable in connection with such sale of the Bonds. Either Authorized Officer may, on behalf of the City, make covenants with such bond insurer that are not inconsistent with the provisions of this Ordinance and are necessary to carry out the purposes of this Ordinance.

If Bonds are sold so as to require the levy of taxes for any year specified in Section 7 hereof for the purpose of making the payments described in clause (i) of the first paragraph of Section 7 hereof in an amount less than the amount specified for such year in the first paragraph of Section 7 hereof, then an Authorized Officer shall, on or prior to March 31 (or such earlier date as may be required by law) of the calendar year next succeeding such year, notify the City Council of the determination made pursuant to clauses (a) and (b) of the first paragraph of Section 7 hereof regarding the application of any resulting excess levy collections, and, in addition, in connection with a determination made pursuant to clause (b) of the first paragraph of Section 7 hereof, an Authorized Officer shall file in the respective offices of the County Clerks certificates of tax abatement for such year. In the event that upon the final sale of the Bonds of all series, such Bonds have been sold so as to require the levy of taxes in any year specified in Section 7 hereof for the purpose of making the payments described in clause (i) of the first paragraph of Section 7 hereof in an amount less than the amount specified for such year in Section 7 hereof, then there shall be included, in the final notification of sale to the City Council described below in this Section 12, the determination made pursuant to clauses (a) and (b) of the first paragraph of Section 7 hereof regarding the application of any resulting excess levy collections for such year and any succeeding year and, in addition, in connection with a determination made pursuant to clause (b) of the first paragraph of Section 7 hereof, an Authorized Officer shall file in the respective offices of the County Clerks certificates of tax abatement for such year or years. If any of the Bonds are not to be sold and issued as provided herein and no levy collections are to be applied for the purposes of paying the costs of Ongoing Financing Services as determined by an Authorized Officer, the corresponding taxes herein levied to pay debt service thereon shall be abated in full. Any certificate of abatement delivered pursuant to this paragraph shall refer to the amount of taxes levied pursuant to Section 7 hereof, shall indicate the amount of reduction in the amount of taxes levied by the City resulting from the sale or sales of the Bonds or the non-issuance thereof, which reduced amount is to be abated from such taxes, and shall further indicate the remainder of such taxes which is to be extended for collection by the County Clerks.

The preparation, use and distribution of a preliminary official statement, an official statement, a private placement memorandum, or any other disclosure document relating to each sale and issuance of the Bonds are ratified and approved. The Mayor and each Authorized Officer are each authorized to execute and deliver an official statement or other disclosure document relating to each sale and issuance of the Bonds on behalf of the City. The preliminary official statement, official statement, private placement memorandum, and other disclosure documents herein authorized shall be substantially similar to those previously used for general obligation bonds of the City, and shall contain the terms and provisions of and security for the Bonds, the manner in which the Bonds shall be sold, the use of proceeds of the Bonds, financial

information for the City, and such other information as the Mayor or any Authorized Officer determines to be advisable under the circumstances.

Subsequent to the sale of any series of Bonds, an Authorized Officer shall file in the office of the City Clerk a notification of sale directed to the City Council setting forth (i) the series designation, the aggregate principal amount and authorized denominations of, maturity schedule and redemption provisions for the Bonds sold, (ii) the principal amounts of the Bonds sold as Current Interest Bonds, Capital Appreciation Bonds, and Convertible Bonds, respectively, (iii) in the case of Direct Purchase Bonds, the principal amounts of such Bonds sold as Current Interest Bonds, Capital Appreciation Bonds and Convertible Bonds, respectively, (iv) in the case of Bonds sold as Capital Appreciation Bonds, (A) the Original Principal Amounts of and Yields to Maturity on the Capital Appreciation Bonds being sold and (B) a table of Compound Accreted Values per minimum authorized Compound Accreted Value at maturity for any Capital Appreciation Bonds being sold, setting forth the Compound Accreted Value of each such Capital Appreciation Bond on each semiannual compounding date, (v) the interest rates on the Current Interest Bonds sold, (vi) the specific maturities, series and amounts of the Outstanding Indebtedness to be refunded with proceeds of Bonds, (vii) the date on and price at which the Outstanding Indebtedness selected for refunding shall be redeemed (if such redemption shall occur prior to stated maturity or pursuant to mandatory sinking fund redemption), (viii) the disposition of the taxes levied for the years from and after 2015 for the payment of the Outstanding Indebtedness as authorized by Section 14 hereof, (ix) the identity of the insurer or insurers issuing the bond insurance policy or policies, if any, referred to below, (x) the identity of the Underwriters (or, in the case of Direct Purchase Bonds, the Direct Purchasers) selected for such Bonds, (xi) the identity of the applicable Bond Registrar or of the Bond Trustee, if any, selected by an Authorized Officer for such Bonds, (xii) the compensation paid to the Underwriters in connection with such sale, (xiii) the identity of any Refunding Escrow Agent (as defined in Section 13(b) hereof) appointed by an Authorized Officer in connection with the refunding of Outstanding Indebtedness, and (xiv) any other matter authorized by this Ordinance to be determined by an Authorized Officer at the time of the sale of the Bonds of each series.

In connection with any sale of the Bonds, an Authorized Officer is authorized to execute and deliver one or more continuing disclosure agreements evidencing the City's agreement to comply with the requirements of Section (b)(5) of Rule 15c2-12, adopted by the Securities and Exchange Commission (the "*SEC*") under the Securities Exchange Act of 1934, as amended, in a form approved by the Corporation Counsel. Upon its execution and delivery on behalf of the City as herein provided, each continuing disclosure agreement will be binding on the City, and the officers, employees and agents of the City are authorized to do all such acts and things and to execute all such documents as may be necessary to carry out and comply with the provisions of each continuing disclosure agreement as executed. Either Authorized Officer is further authorized to amend each continuing disclosure agreement in accordance with its respective terms from time to time following its execution and delivery as that Authorized Officer shall deem necessary. In addition, an Authorized Officer is authorized to make all future filings with the Electronic Municipal Market Access system operated by the Municipal Securities Rulemaking Board or such other municipal securities information repository as shall be designated by the SEC, all in accordance with the provisions of SEC Rule 15c2-12(b)(5). Notwithstanding any other provision of this Ordinance, the sole remedies for any failure by the City to comply with any continuing disclosure agreement shall be the ability of the beneficial owner of any applicable

Bond to seek mandamus or specific performance by court order to cause the City to comply with its obligations under such continuing disclosure agreement.

The Bonds shall be duly prepared and executed in the form and manner provided herein and delivered to the purchasers in accordance with the applicable terms of sale.

The Mayor, each Authorized Officer, the City Treasurer and the City Clerk are each authorized to execute and deliver such other documents and agreements (including such contracts, such intergovernmental agreements or such grant agreements with not-for-profit organizations, educational or cultural institutions or for-profit organizations or to assist the State of Illinois or other municipal corporations, units of local government or school districts in the State of Illinois, receiving proceeds of the Bonds as an Authorized Officer shall deem necessary and appropriate) and perform such other acts prior to or following the issuance of the Bonds as may be necessary or desirable in connection with the issuance of the Bonds and any transactions contemplated herein related to the application of the proceeds of the Bonds or collections or application of taxes levied for the payment of the Bonds or the Outstanding Indebtedness or other purposes hereunder, but subject to any limitations on or restrictions of such power or authority as herein set forth. Any such actions heretofore taken by the Mayor, an Authorized Officer, the City Treasurer or the City Clerk in accordance with the provisions hereof are ratified and approved. With respect to each grant of Bond proceeds, each Authorized Officer is authorized to designate in writing, with the written concurrence of the Budget Director of the City (the "*Budget Director*"), (i) one or more City departments or agencies to administer such grant, and (ii) the head of the City department or agency who shall be authorized to execute a grant agreement and such other documents, agreements or instruments as shall be deemed necessary or desirable by such City department or agency head. Upon any such written designation by an Authorized Officer with respect to a grant of Bond proceeds, such City department or agency shall be authorized to administer such grant and the head of such City department or agency shall be authorized to execute a grant agreement and such other documents, agreements or instruments as such official shall deem necessary or desirable.

Section 13. The proceeds from the sale of any series of the Bonds shall be used as follows:

(a) The sum representing the accrued interest received, if any, shall be used to pay the first interest becoming due on the Bonds sold, and to that end, shall be deposited in the applicable Bond Fund or the applicable Ad Valorem Tax Escrow Account, if established.

(b) From the sale proceeds derived from any such sale of a series of the Bonds, (i) the sum determined by an Authorized Officer to capitalize or fund interest on Outstanding Indebtedness shall be deposited into the respective debt service funds established for the Outstanding Indebtedness; and (ii) the sum determined by an Authorized Officer to be sufficient to pay the Outstanding Indebtedness being refunded at or prior to their respective maturities, at a price of par, the applicable redemption premium and accrued interest thereon up to and including said redemption or maturity dates shall be deposited into the respective debt service funds established for the Outstanding Indebtedness or into one or more "Refunded Bonds Escrow Accounts" to be held by one or more banks or trust companies to be designated by an Authorized Officer (each a *"Refunding Escrow Agent"*), each pursuant to the terms of an escrow agreement (each a *"Refunding Escrow Agreement"*), and the Mayor, an Authorized Officer and the City Clerk, or any of them, are authorized to execute and deliver each Refunding Escrow

Agreement, and any amendment thereto, in such form as the officer so executing shall deem appropriate to effect the refunding or refundings described in this paragraph. Notwithstanding any provision of the Municipal Code, investments acquired with proceeds of the Bonds or investment income thereon may mature beyond ten years from the date of acquisition, and may include but are not limited to agreements entered into between the City and providers of securities under which agreements such providers agree to purchase from or sell to the City specified securities on specific dates at predetermined prices, all as established at the time of execution of any such agreement and as set forth in such agreement, and guaranteed investment contracts, forward purchase agreements and other similar investment vehicles. Such guaranteed investment contracts, forward purchase agreements and other similar investment vehicles may, to the extent permitted by operative authorizing documents and by applicable law, be assigned or transferred from one bond transaction to another or apply to the proceeds of more than one bond transaction on a commingled or non-commingled basis, as determined by an Authorized Officer. The Mayor or an Authorized Officer is authorized to enter into any amendments to or restatements of existing documents or to execute new documents, to consent to actions being taken by others or to obtain the consent of other parties, as may be necessary or desirable in this respect. Investment income derived from Bond proceeds may be (w) expended for the same purposes for which Bond proceeds may be expended, (x) used for the payment or prepayment of City debt obligations, (y) deposited in the Corporate Fund of the City or (z) rebated to the United States of America as provided in Section 15 hereof, all as determined by an Authorized Officer or the Budget Director. Any commingled investment income from guaranteed investment contracts, forward purchase agreements and other similar investment vehicles shall be apportioned among bond transactions as determined by an Authorized Officer or as otherwise required by operative authorizing documents and applicable law.

(c) From the sale proceeds of a series of the Bonds not applied as provided in paragraphs (a) and (b), above, the amount deemed necessary by an Authorized Officer shall be applied to the payment of the costs of issuance of such Bonds, including the premium or fee for bond insurance, if any, and any unexpended portion of the sale proceeds shall be paid to the City.

Section 14. Any taxes levied for the years from and after 2015 for the payment of the Outstanding Indebtedness, to the extent the collection of such taxes is not necessary for the payment of all or a portion of the Outstanding Indebtedness due to the refunding thereof may, at the direction of an Authorized Officer, be applied (A) as set forth in the next paragraph or (B) to any other lawful public purpose of the City designated by the City Council including (i) the purposes set forth in clauses (i) and (ii) of the first paragraph of Section 7 of this Ordinance, (ii) the payment of the costs of any capital projects for which funds have been lawfully appropriated, or (iii) the abatement of such taxes. There shall be prepared by an Authorized Officer and filed with the County Clerks a certificate of reduction of taxes heretofore levied for the payment of the Outstanding Indebtedness selected for refunding by an Authorized Officer as provided in Sections 12 and 13 hereof and directing the abatement of the taxes heretofore levied to pay the Outstanding Indebtedness being refunded, including the taxes levied for the years from and after 2015, if so determined by an Authorized Officer as provided in the preceding sentence. In addition, any proceeds of the Outstanding Indebtedness being held for the payment of the Outstanding Indebtedness, to the extent such proceeds are not necessary for the payment of the Outstanding Indebtedness due to the refunding thereof as authorized herein or pursuant to any other authorization, may, at the direction of an Authorized Officer,

be applied to any lawful public purpose of the City designated by the City Council, including the payment of the Bonds (but in the case of Bonds the interest on which is excluded from gross income for federal income tax purposes, only upon receipt by the City of an opinion of nationally recognized bond counsel to the effect that such will not adversely affect the tax-exempt status of the Bonds).

Section 15. The City covenants that it will take no action in the investment of the proceeds of the Bonds (other than Bonds issued as bonds the interest on which is not excludable from the gross income of their owners for federal income tax purposes) which would result in making the interest payable on any of such Bonds subject to federal income taxes by reason of such Bonds being classified as *"arbitrage bonds"* within the meaning of Section 148 of the Code.

The City further covenants that it will act with respect to the proceeds of Bonds (other than Bonds issued as bonds the interest on which is not excludable from the gross income of their owners for federal income tax purposes), the earnings on the proceeds of such Bonds and any other moneys on deposit in any fund or account maintained in respect of such Bonds, including, if necessary, a rebate of such earnings to the United States of America, in a manner which would cause the interest on such Bonds to continue to be exempt from federal income taxation under Section 103(a) of the Code.

Each Authorized Officer is authorized to execute such certifications, tax returns, covenants and agreements as shall be necessary, in the opinion of nationally recognized bond counsel, or in the best interest of the City, as determined by an Authorized Officer, to evidence the City's compliance with the covenants contained in this section.

Section 16. This Ordinance is prepared in accordance with the powers of the City as a home rule unit under Article VII of the 1970 Illinois Constitution. The appropriate officers of the City are authorized to take such actions and do such things as shall be necessary to perform, carry out, give effect to and consummate the transactions contemplated by this Ordinance and the Bonds, including, but not limited to, the exercise following the delivery date of any of the Bonds of any power or authority delegated to such official of the City under this Ordinance with respect to the Bonds upon the initial issuance thereof, but subject to any limitations on or restrictions of such power or authority as herein set forth, and any actions heretofore taken by such officers of the City in accordance with the provisions of this Ordinance are ratified and approved.

Section 17. The Mayor and each Authorized Officer may each designate another to act as their respective proxy and, as applicable, to affix their respective signatures to the Bonds whether in temporary or definitive form, and any other instrument, certificate or document required to be signed by the Mayor or an Authorized Officer pursuant to this Ordinance and any instrument, certificate or document required thereby. In such case, each shall send to the City Council written notice of the person so designated by each, such notice stating the name of the person so selected and identifying the instruments, certificates and documents which such person shall be authorized to sign as proxy for the Mayor and each Authorized Officer, respectively. A written signature of the Mayor or of an Authorized Officer, respectively, executed by the person so designated underneath, shall be attached to each notice. Each notice, with the signatures attached, shall be recorded in the Journal of Proceedings of the City Council for such date and filed in the office of the City Clerk. When the signature of the Mayor is placed on an instrument, certificate or document at the direction of the Mayor in the specified manner, the same, in all respects, shall be as binding on the City as if signed by the Mayor in person. When

the signature of an Authorized Officer is so affixed to an instrument, certificate or document at the direction of such Authorized Officer, the same, in all respects, shall be as binding on the City as if signed by such Authorized Officer in person.

Section 18. If requested by the Bond Registrar, the Mayor, each Authorized Officer and the City Clerk are each authorized to execute the standard form of agreement between the City and the Bond Registrar with respect to the obligations and duties thereof.

Section 19. If payment or provision for payment is made, to or for the registered owners of all or a portion of the Bonds, of the Compound Accreted Value of any Capital Appreciation Bond and the principal of and interest due and to become due on any Current Interest Bond at the times and in the manner stipulated therein, and there is paid or caused to be paid to the applicable Bond Registrar or Bond Trustee, the applicable Ad Valorem Tax Escrow Agent as provided in Section 9 hereof, or such bank or trust company as shall be designated by an Authorized Officer (such bank or trust company hereinafter referred to as a *"Defeasance Escrow Agent"*), all sums of money due and to become due according to the provisions of this Ordinance, then these presents and the estate and rights granted by this Ordinance shall cease, terminate and be void as to those Bonds or portions thereof except for purposes of registration, transfer and exchange of Bonds and any such payment from such moneys or obligations. Any Bond shall be deemed to be paid within the meaning of this section when payment of the Compound Accreted Value of any such Capital Appreciation Bond or the principal of any such Current Interest Bond, plus interest thereon to the due date thereof (whether such due date be by reason of maturity or upon redemption as provided in this Ordinance or otherwise), either (a) shall have been made or caused to have been made in accordance with the terms thereof, or (b) shall have been provided for by irrevocably depositing with the applicable Bond Registrar or Bond Trustee, the applicable Ad Valorem Tax Escrow Agent as provided in Section 9 hereof, or a Defeasance Escrow Agent, in trust and exclusively for such payment, (1) moneys sufficient to make such payment or (2)(A) direct obligations of the United States of America; (B) obligations of agencies of the United States of America, the timely payment of principal of and interest on which are guaranteed by the United States of America; (C) obligations of the following agencies: Federal Home Loan Mortgage Corp. (FICO) debt obligations, Resolution Funding Corp. (REFCORP) debt obligations, and U.S. Agency for International Development (U.S. A.I.D.) Guaranteed notes; (D) pre-refunded municipal obligations defined as follows: any bonds or other obligations of any state of the United States of America or of any agency, instrumentality or local governmental unit of any such state which are not callable at the option of the obligor prior to maturity or as to which irrevocable instructions have been given by the obligor to call on the date specified in the notice; or (E) instruments evidencing an ownership interest in obligations described in the preceding clauses (A), (B) and (C), or (3) a combination of the investments described in clauses (1) and (2) above, such amounts so deposited being available or maturing as to principal and interest in such amounts and at such times, without consideration of any reinvestment thereof, as will insure the availability of sufficient moneys to make such payment (all as confirmed by a nationally recognized firm of independent public accountants). At such times as a Bond shall be deemed to be paid hereunder, as aforesaid, it shall no longer be secured by or entitled to the benefits of this Ordinance, except for the purposes of registration, transfer and exchange of Bonds and any such payment from such

moneys or obligations. The defeasance of Bonds under this Ordinance shall also be subject to and additional terms and conditions in the applicable Trust Indenture, if any.

No such deposit under this section shall be made or accepted hereunder and no use made of any such deposit unless, in the case of Bonds (other than Bonds issued as bonds the interest on which is not excludable from the gross income of their owners for federal income tax purposes), the applicable Bond Registrar or Bond Trustee, the applicable Ad Valorem Tax Escrow Agent, or the applicable Defeasance Escrow Agent, as the case may be, shall have received an opinion of nationally recognized municipal bond counsel to the effect that such deposit and use would not cause any of such Bonds to be treated as "*arbitrage bonds*" within the meaning of Section 148 of the Code or any successor provision thereto.

Nothing in this Ordinance shall prohibit a defeasance deposit of escrow securities as provided in this section or a defeasance deposit with respect to the Outstanding Indebtedness pursuant to any Refunding Escrow Agreement authorized by Section 13(b) hereof, from being subject to a subsequent sale of such escrow securities and reinvestment of all or a portion of the proceeds of that sale in escrow securities which, together with money to remain so held in trust, shall be sufficient to provide for payment of principal, redemption premium, if any, and interest on any of the defeased Bonds or Outstanding Indebtedness, as appropriate. Amounts held by the applicable Bond Registrar or Bond Trustee, the applicable Ad Valorem Tax Escrow Agent, any Defeasance Escrow Agent, or any Refunding Escrow Agent in excess of the amounts needed so to provide for payment of the defeased Bonds or Outstanding Indebtedness, as appropriate, may be subject to withdrawal by the City. The Mayor or an Authorized Officer is authorized to execute and deliver from time to time one or more agreements (and amendments thereto) with counterparties selected by an Authorized Officer, with respect to the investment and use of such excess amounts held by the applicable Bond Registrar or Bond Trustee, the applicable Ad Valorem Tax Escrow Agent, a Defeasance Escrow Agent, or a Refunding Escrow Agent.

Section 20. With respect to the Direct Purchase Bonds, an Authorized Officer is authorized to negotiate the terms and provisions of such Direct Purchase Bonds in addition to or as an alternative to the terms and provisions of the Trust Indenture securing the applicable series of Bonds.

Interest on each Bond shall be paid to the person in whose name such Bond is registered at the close of business on the Record Date next preceding the applicable Interest Payment Date, by check or draft of the Trustee, or, at the option of any registered owner of $1,000,000 or more in aggregate principal amount of Bonds of a series, by

wire transfer of immediately available funds to such bank in the continental United States of America as the registered owner of such Bonds shall request in writing to the Trustee.

(c) The principal of the Bonds and any redemption premium shall be payable in lawful money of the United States of America which, at the respective dates of payment thereof, is legal tender for the payment of public and private debts, upon presentation and surrender thereof at the Designated Corporate Trust Office of the Trustee.

Section 2.02. General Terms of Bonds. The Bonds shall mature on January 1 in each year shown in the following table in the respective principal amount set forth opposite each such year. The Bonds shall bear interest from and including the Date of Issuance as shown in the table below until payment of the principal or Redemption Price thereof shall have been made or provided for in accordance with the provisions hereof, whether at the applicable Maturity Date, upon redemption or acceleration, or otherwise. Interest accrued on the Bonds shall be paid in arrears on each Interest Payment Date. Interest on the Bonds shall be computed upon the basis of a 360 day year consisting of twelve 30 day months.

YEAR (JANUARY 1)	PRINCIPAL AMOUNT	INTEREST RATE	YEAR (JANUARY 1)	PRINCIPAL AMOUNT	INTEREST RATE

Section 2.03. Execution. The seal of the City or a facsimile thereof shall be affixed to or printed on each of the Bonds, and the Bonds shall be executed by the manual or facsimile signature of the Mayor and attested by the manual or facsimile signature of the City Clerk, and in case any officer whose signature shall appear on any Bond shall cease to be such officer before the delivery of such Bond, such signature shall nevertheless be valid and sufficient for all proposes, the same as if such officer had remained in office until delivery.

Section 2.04. Authentication. All Bonds shall have thereon a certificate of authentication substantially in the form attached hereto as part of *Exhibit A* duly executed by the Trustee as authenticating agent of the City and showing the date of authentication. No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Indenture unless and until such certificate of authentication shall have been duly executed by the Trustee by manual signature, and such certificate of authentication upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under the Bond Ordinance and this Indenture. The certificate of authentication on any Bond shall be deemed to have been executed

by the Trustee if signed by an authorized officer of such Trustee, but it shall not be necessary that the same officer sign the certificate of authentication on all of the Bonds issued hereunder.

Section 2.05. Form of Bonds; Temporary Bonds. The Bonds issued under this Indenture shall be substantially in the form attached hereto as *Exhibit A*, with such appropriate variations, omissions and insertions as are permitted or required by the Bond Ordinance and this Indenture.

Pending preparation of definitive Bonds, or by agreement with the purchasers of the Bonds, the City may issue and, upon its request, the Trustee shall authenticate, in lieu of definitive Bonds, one or more temporary printed or typewritten Bonds in Authorized Denominations of substantially the tenor recited above. Upon request of the City, the Trustee shall authenticate definitive Bonds in exchange for and upon surrender of an equal principal amount of temporary Bonds. Until so exchanged, temporary Bonds shall have the same rights, remedies and security hereunder as definitive Bonds.

Section 2.06. Delivery of Bonds. Upon the execution and delivery of this Indenture, the City shall execute and deliver to the Trustee, and the Trustee shall authenticate, the Bonds and deliver them to the purchasers as may be directed by the City as hereinafter in this Section provided.

Prior to the delivery by the Trustee of any of the Bonds there shall be filed with the Trustee:

(1) copies, duly certified by the City Clerk of the City, of the Bond Ordinance;

(2) original executed counterparts of this Indenture;

(3) an Opinion of Bond Counsel to the effect that this Indenture (i) has been duly and lawfully authorized by the City Council of the City and executed by the City in accordance with the provisions of the Bond Ordinance and (ii) will, when executed and delivered by the Trustee, be valid and binding upon the City and enforceable in accordance with its terms; and

(4) a Certificate executed by the City Comptroller stating that all conditions precedent with respect to the execution of all documents by the City relating to the Bonds have been satisfied.

Section 2.07. Mutilated, Lost, Stolen or Destroyed Bonds. If any Bond, whether in temporary or definitive form, is lost (whether by reason of theft or otherwise), destroyed (whether by mutilation, damage, in whole or in part, or otherwise) or improperly cancelled, the Trustee may authenticate a new Bond of like date, maturity date, interest rate, denomination and principal amount and bearing a number not contemporaneously outstanding; *provided* that (i) in the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the Trustee, and (ii) in the case of any lost Bond or Bond destroyed in whole, there shall be first furnished to the Trustee evidence of such loss, theft, or destruction satisfactory to the City and the Trustee,

together with indemnification of the City and the Trustee, satisfactory to the Trustee. If any lost, destroyed or improperly cancelled Bond shall have matured or is about to mature, or has been called for redemption, instead of issuing a duplicate Bond, the Trustee shall pay the same without surrender thereof if there shall be first furnished to the Trustee evidence of such loss, destruction or cancellation, together with indemnity, satisfactory to it. Upon the issuance of any substitute Bond, the Trustee may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto.

All Bonds shall be owned upon the express condition that the foregoing provisions, to the extent permitted by law, are exclusive with respect to the replacement or payment of mutilated, destroyed, lost, stolen or purchased Bonds, and shall preclude any and all other rights or remedies.

Section 2.08. Transfer and Exchange of Bonds; Persons Treated as Owners. (a) Subject to the limitations contained in subsection (c) of this Section, upon surrender for registration of transfer of any Bond at the Designated Corporate Trust Office of the Trustee, duly endorsed by, or accompanied by a written instrument or instruments of transfer in form satisfactory to the Trustee and duly executed by the Bondholder or such Bondholder's attorney duly authorized in writing in such form and with guarantee of signature as shall be satisfactory to the Trustee, the City shall execute, and the Trustee shall authenticate and deliver, in the name of the transferee or transferees, one or more fully registered Bonds of the same interest rate and Maturity Date of Authorized Denominations, for a like principal amount bearing numbers not contemporaneously outstanding. Subject to the limitations contained in subsection (c) of this Section, Bonds may be exchanged at the Designated Corporate Trust Office of the Trustee for a like aggregate principal amount of Bonds of the same interest rate and Maturity Date of other Authorized Denominations bearing numbers not contemporaneously outstanding.

(b) No service charge shall be made for any transfer or exchange of Bonds, but the City or the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Bonds, except that no such payment may be required in the case of the issuance of a Bond or Bonds for the unredeemed portion of a Bond surrendered for redemption.

(c) The Trustee shall not be required to transfer or exchange any Bond during the period commencing on the Record Date next preceding any Interest Payment Date of such Bond and ending on such Interest Payment Date, or to transfer or exchange such Bond after the mailing of notice calling such Bond for redemption has been made as herein provided or during the period of 15 days next preceding the giving of notice of redemption of Bonds of the same Maturity Date and interest rate.

(d) Bonds delivered upon any registration of transfer or exchange as provided herein or as provided in Section 2.07 hereof shall be valid general obligations of the City, evidencing the same debt as the Bonds surrendered, shall be secured by this Indenture and shall be entitled to all of the security and benefits hereof and of the Bond Ordinance to the same extent as the Bond surrendered. The City, the Trustee and any Paying Agent may treat the Registered Owner of any Bond as the absolute owner thereof for all purposes, whether or not such Bond shall be overdue,

and shall not be bound by any notice to the contrary. All payments of or on account of the principal of, premium, if any, and interest on any such Bond as herein provided shall be made only to or upon the written order of the Registered Owner thereof or such Registered Owner's legal representative, but such registration may be changed as herein provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Section 2.09. Required Information in Bond Form. On each date on which the Trustee authenticates and delivers a Bond, it shall complete the information required to be inserted by the Bond form and shall keep a record of such information.

Section 2.10. Cancellation. Any Bond surrendered for the purpose of payment or retirement, or for exchange, transfer or replacement, shall be canceled upon surrender thereof to the Trustee or any Paying Agent. If the City shall acquire any of the Bonds, the City shall deliver such Bonds to the Trustee for cancellation and the Trustee shall cancel the same. Any such Bonds canceled by any Paying Agent other than the Trustee shall be promptly transmitted by such Paying Agent to the Trustee. Certification of Bonds canceled by the Trustee and Bonds canceled by a Paying Agent other than the Trustee which are transmitted to the Trustee shall be made to the City. Canceled Bonds may be destroyed by the Trustee unless instructions to the contrary are received from the City.

Section 2.11. Book Entry Provisions. The provisions of this Section shall apply as long as the Bonds are maintained in book entry form with DTC or another Securities Depository, any provisions of this Indenture to the contrary notwithstanding. Notwithstanding anything else to the contrary herein, so long as DTC is the Securities Depository, the Bonds shall be subject to the operational arrangements of DTC in effect from time to time.

(a) The Bonds shall be payable to the Securities Depository, or its nominee, as the Registered Owner of the Bonds, in same day funds on each date on which the principal of, premium, if any, and interest on the Bonds is due as set forth in this Indenture and the Bonds. Such payments shall be made to the offices of the Securities Depository specified by the Securities Depository to the City and the Trustee in writing. Without notice to or the consent of the Beneficial Owners of the Bonds, the City and the Securities Depository may agree in writing to make payments of principal and interest in a manner different from that set forth herein. If such different manner of payment is agreed upon, the City shall give the Trustee notice thereof, and the Trustee shall make payments with respect to the Bonds in the manner specified in such notice. Neither the City nor the Trustee shall have any obligation with respect to the transfer or crediting of the principal of, premium, if any, and interest on the Bonds to Participants or the Beneficial Owners of the Bonds or their nominees.

(b) If (i) the City determines, or (ii) the City receives notice that the Securities Depository has received notice from its Participants having interests in at least 50 percent in principal amount of the Bonds, that the Securities Depository or its successor is incapable of discharging its responsibilities as a securities depository, or that it is in the best interests of the Beneficial Owners that they obtain certificated Bonds, the City may

(or, in the case of clause (ii) above, the City shall) cause the Trustee to authenticate and deliver Bond certificates. The City shall have no obligation to make any investigation to determine the occurrence of any events that would permit the City to make any determination described in this paragraph.

(c) If, following a determination or event specified in paragraph (b) above, the City discontinues the maintenance of the Bonds in book entry form with the then current Securities Depository, the City will issue replacement Bonds to the replacement Securities Depository, if any, or, if no replacement Securities Depository is selected for the Bonds, directly to the Participants as shown on the records of the former Securities Depository or, to the extent requested by any Participant, to the Beneficial Owners of the Bonds shown on the records of such Participant. Any such Bonds so issued in replacement shall be in fully registered form and in Authorized Denominations, be payable as to interest on the Interest Payment Dates of the Bonds by check mailed to each Registered Owner at the address of such Registered Owner as it appears on the Bond Register or, at the option of any Registered Owner of not less than $1,000,000 principal amount of Bonds, by wire transfer to any address in the United States of America on such Interest Payment Date to such Registered Owner as of such Record Date, if such Registered Owner provides the Trustee with written notice of such wire transfer address not later than the Record Date (which notice may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked by subsequent notice). Principal and premium, if any, on the replacement Bonds are payable only upon presentation and surrender of such replacement Bond or Bonds at the Designated Corporate Trust Office of the Trustee.

(d) The Securities Depository and its Participants, and the Beneficial Owners of the Bonds, by their acceptance of the Bonds, agree that the City and the Trustee shall not have liability for the failure of such Securities Depository to perform its obligations to the Participants and the Beneficial Owners of the Bonds, nor shall the City or the Trustee be liable for the failure of any Participant or other nominee of the Beneficial Owners to perform any obligation of the Participant to a Beneficial Owner of the Bonds.

(e) As long as Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the Registered Owner of the Bonds, as nominee of DTC, references herein to the Registered Owners of the Bonds shall mean Cede & Co. and shall not mean the Beneficial Owners of the Bonds.

(f) As long as Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the Registered Owner of the Bonds:

(i) selection of Bonds to be redeemed upon partial redemption or presentation of Bonds to the Trustee upon partial redemption, shall be deemed made when the right to exercise ownership rights in such Bonds through DTC or DTC's Participants is transferred by DTC on its books;

(ii) any notices of the interest rate on the Bonds to be provided by the Trustee shall be provided to anyone identifying itself to the Trustee as a person entitled to exercise ownership rights with respect to such Bonds through DTC or its Participants; and

(iii) DTC may present notices, approvals, waivers or other communications required or permitted to be made by Registered Owners under this Indenture on a fractionalized basis on behalf of some or all of those persons entitled to exercise ownership rights in the Bonds through DTC or its Participants.

ARTICLE III

REDEMPTION OF BONDS

Section 3.01. Redemption Terms, Dates and Prices. The Bonds shall be subject to redemption prior to their Maturity Date in the amounts, at the times and in the manner provided in this Section.

(a) *Optional Redemption.* The Bonds are subject to optional redemption, on any date occurring or after _____ 1, 20__, in such principal amounts and from such maturities and interest rates as the City shall determine and by lot within a single maturity and interest rate, at a Redemption Price of 100% of the principal amount thereof being redeemed plus accrued interest, if any, to the date of redemption.

[*Insert make-whole redemption provisions authorized by Bond Ordinance if applicable*]

The City is authorized to sell or waive any right the City may have to call any of the Bonds for optional redemption, in whole or in part; *provided,* that such sale or waiver will not adversely affect the excludability of interest on the Bonds from gross income for federal income tax purposes.

(b) *General Provisions Regarding Redemptions.*

(i) No redemption of less than all of the Bonds Outstanding shall be made pursuant to Section 3.01(a) hereof unless the aggregate principal amount of Bonds to be redeemed is equal to $5,000 multiples. Any redemption of less than all of the Bonds Outstanding shall be made in such a manner that all Bonds Outstanding after such redemption are in Authorized Denominations. If fewer than all Bonds Outstanding are to be optionally redeemed, the Bonds to be called shall be called from such maturities and interest rates as may be determined by an Authorized Officer.

(ii) Bonds may be called for redemption by the Trustee pursuant to Sections 3.01(a) and 3.01(c) hereof upon receipt by the Trustee at least 45 days prior to the redemption date (unless a shorter time period shall be satisfactory to the Trustee) of, in the case of a redemption pursuant to Section 3.01(a) of a written request of the City

requesting such redemption, or in the case of a redemption pursuant to Section 3.01(c) in accordance with the mandatory schedule provided herein.

(iii) In lieu of redeeming Bonds pursuant to Section 3.01(a) hereof, the Trustee may, at the request of the City, use such funds available hereunder for redemption of Bonds to purchase Bonds in the open market at a price not exceeding the Redemption Price then applicable hereunder. Any Bond so purchased in lieu of redemption shall be delivered to the Trustee for cancellation and shall be canceled, all as provided in Section 2.10 hereof.

(c) *Mandatory Redemption of Bonds.*

The Bonds maturing on January 1, 20__ are subject to mandatory redemption prior to maturity on January 1 of the years and in the amounts set forth below, at a Redemption Price equal to 100 percent of the principal amount thereof plus accrued interest to the date fixed for redemption:

YEAR PRINCIPAL AMOUNT

*Final Maturity

The Bonds maturing on January 1, 20__ are subject to mandatory redemption prior to maturity at a Redemption Price on January 1 of the years and in the amounts set forth below, at a Redemption Price equal to 100 percent of the principal amount thereof plus accrued interest to the date fixed for redemption:

YEAR PRINCIPAL AMOUNT

*Final Maturity

The principal amount of the Bonds to be mandatorily redeemed in each year may be reduced through the earlier optional redemption thereof, with any partial optional redemption of such Bonds credited against future mandatory redemption requirements in such order of the mandatory redemption dates as the City may determine. In addition, on or prior to the sixtieth (60th) day preceding any mandatory redemption date, the Trustee may, and if directed by the City shall, purchase Bonds required to be retired on such mandatory redemption date at such prices as the City shall determine. Any such Bond so purchased shall be canceled and the principal amount thereof shall be credited against the payment required on such next mandatory redemption date.

Section 3.02. Notice of Redemption. (a) Unless waived by any owner of Bonds to be redeemed, notice of the call for any such redemption shall be given by the Trustee on behalf of the City by mailing the redemption notice by first class mail at least 30 days and not more than 60 days prior to the date fixed for redemption to the Registered Owner of the Bond or Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such Registered Owner to the Trustee, but the failure to mail any such notice or any defect therein as to any Bond shall not affect the validity of the proceedings for the redemption of any other Bond. Any notice of redemption mailed as provided in this Section 3.02 hereof shall be conclusively presumed to have been given whether or not actually received by the addressee.

All notices of redemption shall state:

(1) the Series designation of the Bonds to be redeemed,

(2) the redemption date,

(3) the Redemption Price,

(4) if less than all outstanding Bonds are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts and interest rates) of the Bonds to be redeemed,

(5) that on the redemption date the Redemption Price will become due and payable upon each such Bond or portion thereof called for redemption, and that interest thereon shall cease to accrue or compound from and after said date,

(6) the place where such Bonds are to be surrendered for payment of the Redemption Price, and

(7) such other information as shall be deemed necessary by the Trustee at the time such notice is given to comply with law, regulation or industry standard.

(b) With respect to an optional redemption of Bonds, such notice may state that said redemption is conditioned upon the receipt by the Trustee on or prior to the date fixed for redemption of moneys sufficient to pay the Redemption Price of the Bonds. If such moneys are

not so received, such redemption notice shall be of no force and effect, the City shall not redeem such Bonds and such failure to deposit such funds shall not constitute an Event of Default under this Indenture. The Trustee shall give notice, in the same manner in which the notice of redemption was given, that such moneys were not so received and that such Bonds will not be redeemed. Unless the notice of redemption shall be made conditional as provided above, on or prior to any redemption date for the Bonds, the City shall deposit with the Trustee an amount of money sufficient to pay the Redemption Price of all the Bonds or portions thereof which are to be redeemed on that date.

(c) Notice of redemption having been given as aforesaid, the Bonds, or portions thereof, so to be redeemed shall, on the redemption date, become due and payable at the Redemption Price therein specified, and from and after such date (unless the City shall default in the payment of the Redemption Price or unless, in the event of a conditional notice as described above, the necessary moneys were not deposited) such Bonds, or portions thereof, shall cease to bear interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds shall be paid by the Trustee at the Redemption Price. Installments of interest due on or prior to the redemption date shall be payable as herein provided for payment of interest. Upon surrender for any partial redemption of any Bond, there shall be prepared for the Registered Owner a new Bond or Bonds of the same interest rate and maturity in the amount of the unpaid principal.

(d) If any Bond, or portion thereof, called for redemption shall not be so paid upon surrender thereof for redemption, the principal shall, until paid, bear interest from the redemption date at the rate borne by such Bond, or portion thereof, so called for redemption. All Bonds which have been redeemed shall be cancelled and destroyed by the Trustee and shall not be reissued.

(e) Failure to give notice in the manner prescribed hereunder with respect to any Bond, or any defect in such notice, shall not affect the validity of the proceedings for redemption for any Bond with respect to which notice was properly given. Upon the happening of the above conditions and if sufficient moneys are on deposit with the Trustee on the applicable redemption date to redeem the Bonds to be redeemed and to pay interest due thereon and premium, if any, the Bonds thus called shall not, after the applicable redemption date, bear interest, be protected by this Indenture or the Bond Ordinance or be deemed to be Outstanding under the provisions of this Indenture.

(f) If any Bond is transferred or exchanged on the Bond Register after notice has been given calling such Bond for redemption, the Trustee will attach a copy of such notice to the Bond issued in connection with such transfer or exchange.

(g) If any Bond is not presented for payment when the principal amount thereof becomes due, either at maturity or at a date fixed for redemption thereof or otherwise, and if moneys sufficient to pay such Bond are held by the Trustee for the benefit of the Registered Owner of such Bond, the Trustee shall hold such moneys for the benefit of the Registered Owner of such Bond without liability to the Registered Owner for interest. The Registered Owner of

such Bond thereafter shall be restricted exclusively to such funds for satisfaction of any claims relating to such Bond.

Section 3.03. Selection of Bonds for Redemption. If less than all the Bonds shall be called for redemption under any provision of this Indenture permitting such partial redemption, (i) such redemption shall be by lot in such manner as the Trustee may determine among such Bonds, and (ii) subject to other applicable provisions of this Indenture, the portion of any Bond to be redeemed shall be in a principal amount equal to an Authorized Denomination. In selecting Bonds for redemption, the Trustee shall assign to each Bond of like Maturity Date and interest rate, a distinctive number for each minimum Authorized Denomination of such Bond and shall select by lot from the numbers so assigned as many numbers as, at such minimum Authorized Denomination for each number, shall equal the principal amount of such Bonds to be redeemed. In such case, the Bonds to be redeemed shall be those to which were assigned numbers so selected; provided that only so much of the principal amount of each Bond shall be redeemed as shall equal such minimum authorized denomination for each number assigned to it and so selected. If it is determined that one or more, but not all, of the integral multiples of the Authorized Denomination of principal amount represented by any Bond is to be called for redemption, then, upon notice of intention to redeem such integral multiple of an Authorized Denomination, the Registered Owner of such Bond shall forthwith surrender such Bond to the Trustee for (a) payment to such Registered Owner of the Redemption Price of the integral multiple of the Authorized Denomination of principal amount called for redemption, and (b) delivery to such Registered Owner of a new Bond or Bonds in the aggregate principal amount of the unredeemed balance of the principal amount of such Bond. New Bonds representing the unredeemed balance of the principal amount of such Bond shall be issued to the Registered Owner thereof without charge therefor.

The Trustee shall promptly notify the City in writing of the Bonds, or portions thereof, selected for redemption and, in the case of any Bond selected for partial redemption, the principal amount thereof, and the interest rate thereof to be redeemed.

Section 3.04. Deposit of Funds. For the redemption of any of the Bonds, the City shall cause to be deposited in the Principal and Interest Account moneys sufficient to pay when due the principal of, and premium, if any, and interest on, the Bonds to be redeemed on the redemption date to be applied in accordance with the provisions hereof.

ARTICLE IV

APPLICATION OF BOND PROCEEDS; CREATION OF FUNDS AND SECURITY FOR BONDS

Section 4.01. Source of Payment of Bonds. Pursuant to the Bond Ordinance, the Bonds constitute direct and general obligations of the City for the payment of which the City pledges its full faith and credit.

Section 4.02. Application of Bond Proceeds. The proceeds of the sale of the Bonds, consisting of the principal amount of the Bonds [plus/minus] [net] original issue

[premium/discount] of $_____ used in the marketing of the Bonds and less an Underwriters' discount of $_____, shall be applied simultaneously with their delivery as follows:

(i) [*To come based on use of proceeds of Series*]

(ii)

Section 4.03. Creation of Accounts in Bond Fund. (a) There is established with the Trustee a trust fund designated "City of Chicago General Obligation Bonds, Series 2015_ Bond Fund."

(i) At each such time as is required under this Indenture, the City shall deposit into the Bond Fund, from funds of the City legally available therefor, an amount sufficient to satisfy the Principal and Interest Account Requirement.

(ii) Money on deposit in the Bond Fund shall be applied by the Trustee to pay the principal of (whether due at maturity or by mandatory redemption) and interest on the Bonds as the same become due.

(iii) Pending the use of moneys held in the Bond Fund, the Trustee shall invest such moneys in Permitted Investments upon the direction of the Chief Financial Officer or any person designated by the Chief Financial Officer. Income from such investments shall be credited to the Bond Fund.

(b) *Creation of Principal and Interest Account.* There is established with the Trustee an account within the Bond Fund, designated as the "Series 2015_ Principal and Interest Account" (the *"Principal and Interest Account"*).

[*Section 4.04. City Reimbursement Account.* There is established with the Trustee a trust account designated "City Reimbursement Account." The Trustee shall deposit into the City Reimbursement Account such amounts as are set forth in the closing memorandum in connection with the conversion of the Bonds. The Trustee shall release funds, from time to time, from such account in accordance with written directions from an Authorized Officer of the City. Such funds shall be held by the Trustee uninvested in cash, without liability for interest. Upon the disbursement of all amounts from the City Reimbursement Account the Trustee shall close such account without further direction.]

Section 4.05. Deposits into Bond Fund and Account Therein. Not later than the Business Day prior to each Interest Payment Date, commencing _____ 1, 201_ (each such date referred to herein as the *"Deposit Date"*) there shall be on deposit in the Bond Fund an amount equal to the Principal and Interest Account Requirement (such amount with respect to any Deposit Date being referred to herein as the *"Series 2015_ Deposit Requirement"*).

In addition to the Series 2015_ Deposit Requirement, there shall be deposited into the Bond Fund any other moneys received by the Trustee under and pursuant to this Indenture, when

accompanied by directions from the person depositing such moneys that such moneys are to be paid into the Bond Fund and to one or more accounts therein.

Upon calculation by the Trustee of each Series 2015_ Deposit Requirement under this Section, the Trustee shall notify the City of the Series 2015_ Deposit Requirement and the Deposit Date to which it relates, and shall provide the City with such supporting documentation and calculations as the City may reasonably request.

Section 4.06. Tax Covenants. (a) The City covenants that it will take no action in the investment of the proceeds of the Bonds which would result in making the interest payable on any of such Bonds subject to federal income taxes by reason of such Bonds being classified as "arbitrage bonds" within the meaning of Section 148 of the Code.

(b) The City further covenants that it will act with respect to the proceeds of the Bonds, the earnings on the proceeds of such Bonds and any other moneys on deposit in any fund or account maintained in respect of such Bonds, including, if necessary, a rebate of such earnings to the United States of America, in a manner which would cause the interest on such Bonds to continue to be exempt from federal income taxation under Section 103(a) of the Code.

Section 4.07. Non-presentment of Bonds. In the event any Bond shall not be presented for payment when the principal thereof becomes due, whether at maturity, at the date fixed for redemption or otherwise, if moneys sufficient to pay such Bond shall have been made available to the Trustee for the benefit of the Registered Owner thereof, subject to the provisions of the immediately following paragraph, all liability of the City to the Registered Owner thereof for the payment of such Bond shall forthwith cease, determine and be completely discharged, and thereupon it shall be the duty of the Trustee to hold such moneys, without liability for interest thereon, for the benefit of the Registered Owner of such Bond who shall thereafter be restricted exclusively to such moneys, for any claim of whatever nature on his or her part under this Indenture or on, or with respect to, such Bond.

Any moneys so deposited with and held by the Trustee not so applied to the payment of Bonds within two years after the date on which the same shall have become due shall be repaid by the Trustee to the City, and thereafter the Registered Owners of such Bonds shall be entitled to look only to the City for payment, and then only to the extent of the amount so repaid, and all liability of the Trustee with respect to such moneys shall thereupon cease, and the City shall not be liable for any interest thereon and shall not be regarded as a trustee of such moneys. The obligation of the Trustee under this Section to pay any such funds to the City shall be subject, however, to any provisions of law applicable to the Trustee or to such funds providing other requirements for disposition of unclaimed property.

Section 4.08. Moneys Held in Trust. All moneys required to be deposited with or paid to the Trustee for the account of any fund or account referred to in any provision of this Indenture shall be held by the Trustee in trust as provided in Section 8.08 of this Indenture, and shall, while held by the Trustee, constitute part of the Trust Estate and be subject to the lien or security interest created hereby.

ARTICLE V

INVESTMENT OF MONEYS

Section 5.01. Investment of Moneys. Moneys held in the funds, accounts and subaccounts established hereunder shall be invested and reinvested in accordance with the provisions governing investments contained in this Indenture. All such investments shall be held by or under the control of the Trustee and shall be deemed at all times a part of the fund, account or subaccount for which they were made.

Section 5.02. Investment Income. The interest earned on any investment of moneys held hereunder, any profit realized from such investment and any loss resulting from such investment shall be credited or charged to the fund, account or subaccount for which such investment was made.

ARTICLE VI

DISCHARGE OF LIEN

Section 6.01. Defeasance. (a) If the City shall pay to the Registered Owners of the Bonds, or provide for the payment of, the principal, premium, if any, and interest to become due on the Bonds, then this Indenture and the Bond Ordinance shall be fully discharged and satisfied with respect to the Bonds. Upon the satisfaction and discharge of this Indenture, the Trustee shall, upon the request of the City, execute and deliver to the City all such instruments as may be desirable to evidence such discharge and satisfaction, and all fiduciaries shall pay over or deliver to the City all funds, accounts and other moneys or securities held by them pursuant to this Indenture which are not required for the payment or redemption of the Bonds. If payment or provision for payment is made, to or for the Registered Owners of all or a portion of the Bonds, of the principal of and interest due and to become due on any Bond at the times and in the manner stipulated therein, and there is paid or caused to be paid to the Trustee all sums of money due and to become due according to the provisions of this Indenture, then these presents and the estate and rights hereby and by the Bond Ordinance granted shall cease, terminate and be void as to those Bonds or portions thereof except for purposes of registration, transfer and exchange of Bonds and any such payment from such moneys or obligations. Any Bond shall be deemed to be paid within the meaning of this Section when payment of the principal of any such Bond, plus interest thereon to the due date thereof (whether such due date be by reason of maturity or upon redemption as provided in this Indenture or otherwise), either (a) shall have been made or caused to have been made in accordance with the terms thereof, or (b) shall have been provided for by irrevocably depositing with the Trustee, in trust and exclusively for such payment, (1) moneys sufficient to make such payment or (2) Defeasance Obligations, or (3) a combination of the investments described in clauses (1) and (2) above, such amounts so deposited being available or maturing as to principal and interest in such amounts and at such times, without consideration of any reinvestment thereof, as will insure the availability of sufficient moneys to make such payment (all as confirmed by a nationally recognized firm of independent public accountants). If the City shall pay and discharge a portion of the Bonds as aforesaid, such portion shall cease to be entitled to any lien, benefit or security under this Indenture and the Bond Ordinance. The

liability of the City with respect to such Bonds shall continue, but the Registered Owners thereof shall thereafter be entitled to payment (to the exclusion of all other Bondholders) only out of the Defeasance Obligations deposited with the Trustee under Article VIII of this Indenture.

(b) No such deposit under this Section shall be made or accepted hereunder and no use made of any such deposit unless the Trustee shall have received an opinion of nationally recognized municipal bond counsel to the effect that such deposit and use would not cause any of such Bonds to be treated as "arbitrage bonds" within the meaning of Section 148 of the Code or any successor provision thereto.

(c) Nothing in this Indenture shall prohibit a defeasance deposit of escrow securities as provided in this section from being subject to a subsequent sale of such escrow securities and reinvestment of all or a portion of the proceeds of that sale in escrow securities which, together with money to remain so held in trust, shall be sufficient to provide for payment of principal, redemption premium, if any, and interest on any of the defeased Bonds. Amounts held by the Trustee in excess of the amounts needed so to provide for payment of the defeased Bonds may be subject to withdrawal by the City.

ARTICLE VII

DEFAULT PROVISIONS; REMEDIES

Section 7.01. Defaults. Each of the following events is hereby declared to be an "Event of Default":

(a) payment of the principal or Redemption Price, if any, of any Bonds shall not be made when and as the same shall become due, whether at maturity or upon call for redemption or otherwise;

(b) payment of any installment of interest on any Bonds shall not be made when and as the same shall become due; or

(c) the City shall fail or refuse to comply with the provisions of this Indenture, or shall default in the performance or observance of any of the covenants, agreements or conditions on its part contained herein or in the Bonds, which materially affects the rights of the owners of the Bonds and such failure, refusal or default shall continue for a period of 45 days after written notice thereof by the Trustee or the owners of not less than 25 percent in principal amount of the Outstanding Bonds; *provided, however,* that in the case of any such default which can be cured by due diligence but which cannot be cured within the 45-day period, the time to cure shall be extended for such period as may be necessary to remedy the default with all diligence.

Section 7.02. Remedies. (a) Upon the happening and continuance of any Event of Default specified in paragraph (a) or (b) of Section 7.01 hereof, the Trustee shall proceed, or upon the happening and continuance of any Event of Default (beyond the time periods specified therein) specified in paragraph (c) of Section 7.01 hereof, the Trustee may proceed, and upon the written

request of the owners of not less than 25 percent in principal amount of the Outstanding Bonds, shall proceed, in its own name, subject to the provisions of this Section, to protect and enforce its rights and the rights of the owners of the Bonds by such of the following remedies as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights:

(i) by mandamus or other suit, action or proceeding at law or in equity, to enforce all rights of the owners of the Bonds including the right to require the City to receive and collect taxes adequate to carry out the covenants and agreements as to such taxes and to require the City to carry out any other covenant or agreement with the owners of the Bonds and to perform its duties under this Indenture;

(ii) by bringing suit upon the Bonds;

(iii) by action or suit in equity, require the City to account as if it were the trustee of an express trust for the owners of the Bonds; and/or

(iv) by action or suit in equity, enjoin any acts or things which may be unlawful or in violation of the rights of the owners of the Bonds.

(b) In the enforcement of any rights and remedies under this Indenture, the Trustee shall be entitled to sue for, enforce payment of and receive any and all amounts then or during any default becoming, and at any time remaining, due from the City but only out of moneys pledged as security for the Bonds for principal, Redemption Price, interest or otherwise, under any provision of this Indenture or of the Bonds, and unpaid, with interest on overdue payments at the rate or rates of interest specified in such Bonds, together with any and all costs and expenses of collection and of all proceedings hereunder and under such Bonds without prejudice to any other right or remedy of the Trustee or of the owners of the Bonds, and to recover and enforce a judgment or decree against the City for any portion of such amounts remaining unpaid, with interest, costs and expenses, and to collect from any moneys available under this Indenture for such purpose, in any manner provided by law, the moneys adjudged or decreed to be payable.

(c) Under no circumstance may the Trustee declare the principal of or interest on any Bond to be due and payable prior to its Maturity Date following the occurrence of an Event of Default under this Indenture.

ARTICLE VIII

TRUSTEE AND PAYING AGENT

Section 8.01. Acceptance of Trusts. The Trustee hereby accepts the trusts imposed upon it by this Indenture, and agrees to perform said trusts, but only upon and subject to the express terms and conditions set forth herein. Except as otherwise expressly set forth in this Indenture, the Trustee assumes no duties, responsibilities or liabilities by reason of its execution of this Indenture other than as set forth in this Indenture, and this Indenture is executed and accepted by the Trustee subject to all the terms and conditions of its acceptance of the trust under this

Indenture. The Trustee shall make payments to Bondholders and effect optional and mandatory redemptions when required, whether or not its fees and expenses have been fully paid.

Section 8.02. Dealing in Bonds. The Trustee, in its individual capacity, may buy, sell, own, hold and deal in any of the Bonds, and may join in any action which the Registered Owner of any Bond may be entitled to take with like effect as if it did not act in any capacity hereunder. The Trustee, in its individual capacity, either as principal or agent, may also engage in or be interested in any financial or other function with the City, and may act as depositary, trustee or agent for any committee or body of the Registered Owners of Bonds secured hereby or other obligations of the City as freely as if it did not act in any capacity hereunder.

Section 8.03. Compensation of Trustee. The City shall pay to the Trustee from time to time reasonable compensation for all services rendered under this Indenture and also all reasonable expenses, charges, counsel fees and other disbursements, including those of their attorneys, agents and employees incurred in and about the performance of their powers and duties under this Indenture and, except as provided in Section 8.01 hereof the Trustee shall have a lien therefor on any and all moneys at any time held by it under this Indenture. The City further agrees to indemnify and save the Trustee harmless against any liabilities which it may incur in the exercise and performance of its powers and duties hereunder, which are not due to its negligence or default.

Section 8.04. Paying Agent. ***[Consider whether you want this provision in a fixed rate transaction.]*** The Trustee may appoint a Paying Agent with power to act on its behalf and subject to its direction (i) in the authentication, registration and delivery of Bonds in connection with transfers and exchanges hereunder, as fully to all intents and purposes as though such Paying Agent had been expressly authorized by this Indenture to authenticate, register and deliver Bonds, and (ii) for effecting purchases and sales of Bonds pursuant hereto and accepting deliveries of Bonds, making deliveries of Bonds and holding Bonds pursuant hereto. The foregoing notwithstanding, the Trustee need not appoint a Paying Agent hereunder as long as the Bonds are held in book-entry form pursuant to Section 2.11 hereof; at any time the Bonds are not held in book-entry form pursuant to Section 2.11 hereof, the Trustee shall either maintain an office in New York, New York capable of handling the duties of Paying Agent hereunder, or shall appoint a Paying Agent with an office in New York, New York hereunder. Any Paying Agent appointed pursuant to this Section shall evidence its acceptance by a certificate filed with the Trustee, the Bank and the City. For all purposes of this Indenture, the authentication, registration and delivery of Bonds by or to any Paying Agent pursuant to this Section 8.04 shall be deemed to be the authentication, registration and delivery of Bonds "by or to the Trustee." Such Paying Agent shall at all times be a commercial bank or trust company having an office in New York, New York, and shall at all times be a corporation organized and doing business under the laws of the United States of America or of any state with combined capital and surplus of at least $50,000,000 and in each case authorized under such laws to exercise corporate trust powers and subject to supervision or examination by Federal or state authority. If such corporation publishes reports of condition at least annually pursuant to law or the requirements of such authority, then for the purposes of this Section the combined capital and surplus of such corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published.

Any corporation into which such Paying Agent may be merged or converted, or with which it may be consolidated, or any corporation resulting from any merger, consolidation or conversion to which such Paying Agent shall be a party, or any corporation succeeding to the corporate trust business of such Paying Agent, shall be a successor of such Paying Agent hereunder, if such successor corporation is otherwise eligible under this Section, without the execution or filing or any further act on the part of the parties hereto or such Paying Agent or such successor corporation.

Any Paying Agent may at any time resign by giving written notice of resignation to the Trustee and the City, and such resignation shall take effect at the appointment by the Trustee of a successor Paying Agent pursuant to the succeeding provisions of this Section and the acceptance by the successor Paying Agent of such appointment. The Trustee may at any time terminate the agency of any Paying Agent by giving written notice of termination to such Paying Agent and the City, which termination shall not take effect until the acceptance by the successor Paying Agent of such appointment. Upon receiving such a notice of resignation or upon such a termination, or in case at any time such Paying Agent shall cease to be eligible under this Section, the Trustee shall promptly appoint a successor Paying Agent, shall give written notice of such appointment to the City and shall mail notice of such appointment to all Registered Owners of Bonds.

Notwithstanding anything herein to the contrary, any Paying Agent shall be entitled to rely on information furnished to it orally or in writing by the Trustee and shall be protected hereunder in relying thereon. The Trustee agrees to pay to any Paying Agent from time to time its fees and expenses for its services, and the Trustee shall be entitled to be reimbursed for such payments pursuant to Section 8.03 hereof.

Section 8.05. Notice to Rating Agencies. The Trustee hereby agrees that if at any time (a) the City redeems any portion of the Bonds Outstanding hereunder prior to their Maturity Date, (b) the City provides for the payment of any portion of the Bonds pursuant to Section 6.01, (c) a successor Trustee is appointed, (d) any supplement to this Indenture shall become effective, or any party thereto shall waive any provision of this Indenture, or (e) any other information that a Rating Agency may reasonably request in order to maintain the ratings on the Bonds, then, in each case, the Trustee shall give notice thereof to each Rating Agency then maintaining a rating on the Bonds.

Any notice given to a Rating Agency hereunder shall be mailed by first class mail as follows:

[*Insert addresses of Rating Agencies rating the Bonds*]

Section 8.06. Qualification of Trustee. The Trustee hereunder shall be a bank, trust company or national banking association having the powers of a trust company doing business and having a corporate trust office in the City of Chicago, Illinois.

Section 8.07. Responsibilities of Trustee. (a) The recitals of fact herein and in the Bonds shall be taken as the statements of the City and the Trustee assumes no responsibility for the correctness of the same. The Trustee makes no representations as to the validity or sufficiency of this Indenture or any Supplemental Indenture or of any Bonds issued hereunder or thereunder or in respect of the security afforded by this Indenture or any Supplemental Indenture and the Trustee shall not incur any responsibility in respect thereof. The Trustee shall, however, be responsible for its representation contained in its certificate of authentication on the Bonds. The Trustee shall not be under any responsibility or duty with respect to the issuance of the Bonds for value or the application of the proceeds thereof except to the extent such proceeds are paid to the Trustee in its capacity as Trustee, or the application of any moneys paid to the City or others in accordance with this Indenture or any Supplemental Indenture. The Trustee shall not be under any obligation or duty to perform any act that would involve it in expense or liability or to institute or defend any action or suit in respect hereof, or to advance any of its own moneys, unless properly indemnified. Subject to the provisions of paragraph (b) of this Section, the Trustee shall not be liable in connection with the performance of its duties hereunder except for its own negligence or willful misconduct or that of its agents.

(b) The Trustee, prior to the occurrence of an Event of Default and after the remedy of all Events of Default that may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and each Supplemental Indenture. In case an Event of Default has occurred and has not been remedied, the Trustee shall exercise such of the rights and powers vested in it by law, this Indenture and each Supplemental Indenture and shall use the same degree of care and skill in their exercise as a prudent person would exercise or use under the circumstances in the conduct of his or her own affairs. Any provision of this Indenture and any Supplemental Indenture and any Supplemental Indenture relating to action taken or so to be taken by the Trustee or to evidence upon which the Trustee may rely shall be subject to the provisions of this Section.

Section 8.08. Funds Held in Trust and Security Therefor. Any moneys held by the Trustee, as such, at any time pursuant to the terms of this Indenture or any Supplemental Indenture shall be and hereby are assigned, transferred and set over unto the Trustee in trust for the purposes and upon the terms and conditions of this Indenture or any Supplemental Indenture. Subject to the terms of this Indenture concerning Permitted Investments, all moneys (not including securities) held by the Trustee, as such, may be deposited by the Trustee in its banking department, or with such other banks, trust companies, or national banking associations, each having a place of business in the City of Chicago, Illinois, as may be designated by the City and approved by the Trustee. No such funds shall be deposited with any bank, trust company or national banking association, other than the Trustee, in an amount exceeding 25 percent of the amount which an officer of such bank, trust company or national banking association shall certify to the Trustee and the City as the combined capital, surplus and undivided profits of such bank, trust company or national banking association. No such funds shall be deposited or remain on deposit with any bank, trust company or national banking association in excess of the amount

insured by the Federal Deposit Insurance Corporation, unless (a) such bank, trust company or national banking association shall have deposited in trust with the trust department of the Trustee or with a Federal Reserve Bank or branch or, with the written approval of the Trustee and the City, pledged to some other bank, trust company or national banking association, for the benefit of the City and the appropriate fund, account, subfund or subaccount, as collateral security for the moneys deposited, Qualified Collateral having a current market value (exclusive of accrued interest) at least equal to 110 percent of the amount of such moneys, or (b) in lieu of such collateral security as to all or any part of such moneys, there shall have been deposited in trust with the trust department of the Trustee, for the benefit of the City and the appropriate fund, account, subfund or subaccount, and remain in full force and effect as security for such moneys or part thereof, the indemnifying bond or bonds of a surety company or companies qualified as surety for deposits of funds of the United States of America and qualified to transact business in the State in a sum at least equal to the amount of such moneys or part thereof. The Trustee shall allow and credit interest on any such moneys held by it at such rate as it customarily allows upon similar moneys of similar size and under similar conditions or as required by law. Interest in respect of moneys or on securities in any fund, account, subfund or subaccount shall be credited in each case to the fund, account, subfund or subaccount in which such moneys or securities are held.

Section 8.09. Evidence on which Trustee May Act. The Trustee shall be protected in acting upon any notice, resolution, request, consent, order, certificate, report, opinion, bond or other paper or document believed by it to be genuine, and to have been signed or presented by the proper party or parties. The Trustee may consult with counsel, who may or may not be counsel to the City, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance therewith. Whenever the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, including payment of moneys out of any fund or account, such matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a Certificate, and such Certificate shall be full warrant for any action taken or suffered in good faith under the provisions of this Indenture upon the faith thereof, but in its discretion the Trustee may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as to it may seem reasonable. Except as otherwise expressly provided herein or therein, any request, order, notice or other direction required or permitted to be furnished pursuant to any provision hereof or thereof by the City to the Trustee shall be sufficiently executed if executed in the name of the City by an Authorized Officer.

Section 8.10. Permitted Acts and Functions. The Trustee may become the Owner of any Bonds, with the same rights it would have if it were not the Trustee. To the extent permitted by law, the Trustee may act as depositary for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of the Owners of Bonds or to effect or aid in any reorganization growing out of the enforcement of the Bonds or this Indenture, whether or not any such committee shall represent the Owners of a majority in principal amount of the Bonds then Outstanding.

Section 8.11. Resignation. The Trustee may at any time resign and be discharged of its duties and obligations created by this Indenture by giving not fewer than 60 days' written notice to the City and mailing notice thereof, to the owners of Bonds at their addresses shown on the registration books kept by the Trustee within 20 days after the giving of such written notice. Such resignation shall take effect upon the appointment and acceptance of appointment of a successor by the City or the Owners of Bonds as herein provided.

Section 8.12. Removal. The Trustee may be removed at any time by the Owners of a majority in principal amount of the Bonds then Outstanding, excluding any Bonds held by or for the account of the City, by an instrument or concurrent instruments in writing signed and duly acknowledged by such Owners of Bonds or by their attorneys duly authorized in writing and delivered to the City. Copies of each such instrument shall be delivered by the City to the Trustee and any successor. The City may remove the Trustee at any time, except during the existence of an Event of Default, for such cause (or upon 30 days' notice for any reason) as shall be determined in the sole discretion of the City by filing with the Trustee an instrument signed by an Authorized Officer and by mailing notice thereof to the Bank and to the Owners of Bonds at their addresses shown on the registration books kept by the Trustee. Any removal of the Trustee shall take effect upon the appointment and acceptance of appointment of a successor Trustee.

Section 8.13. Appointment of Successor. In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee or of its property shall be appointed, or if any public officer shall take charge or control of the Trustee or of its property or affairs, a successor may be appointed by the Owners of a majority in principal amount of the Bonds then Outstanding, excluding any Bonds held by or for the account of the City, by an instrument or concurrent instruments in writing signed by such Owners or their attorneys duly authorized in writing and delivered to such successor Trustee, notification thereof being given to the City and the predecessor Trustee. Pending such appointment, the City shall forthwith appoint a Trustee to fill such vacancy until a successor Trustee (if any) shall be appointed by the Owners of Bonds as herein authorized. The City shall mail notice to Owners of Bonds of any such appointment within 20 days after such appointment. Any successor Trustee appointed by the City shall, immediately and without further act, be superseded by a Trustee appointed by the Owners of Bonds. If in a proper case no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section within 45 days after the Trustee shall have given to the City written notice of resignation as provided in Section 8.11 hereof or after the occurrence of any other event requiring or authorizing such appointment, the Trustee, any Owner of Bonds may apply to any court of competent jurisdiction to appoint a successor. Said court may thereupon, after such notice, if any, as said court may deem proper and prescribe, appoint such successor Trustee. Any Trustee appointed under the provisions of this Section shall be a bank, trust company or national banking association, in any such case having corporate trust powers, doing business and having a corporate trust office in the City.

Section 8.14. Transfer of Rights and Property to Successor. Any successor Trustee appointed under this Indenture shall execute, acknowledge and deliver to its predecessor Trustee, and also to the City, a written instrument of acceptance respecting such appointment, and

thereupon such successor Trustee, without any further act, deed or conveyance, shall become fully vested with all moneys, estates, properties, rights, powers, duties and obligations of such predecessor Trustee, with like effect as if originally named as Trustee; but the Trustee ceasing to act shall nevertheless, on the request of the City, or of the successor Trustee, execute, acknowledge and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor Trustee all the right, title and interest of the predecessor Trustee in and to any property held by it under this Indenture, and shall pay over, assign and deliver to the successor Trustee any money or other property subject to the trusts and conditions herein set forth. Should any deed, conveyance or instrument in writing from the City be required by such successor Trustee for more fully and certainly vesting in and confirming to such successor Trustee any such estates, rights, powers and duties, any and all such deeds, conveyances and instruments in writing shall, on request, and so far as may be authorized by law, be executed, acknowledged and delivered by the City.

Section 8.15. Merger or Consolidation. Any company into which the Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a bank, trust company or national banking association which is qualified to be a successor to the Trustee under Section 8.13 hereof and shall be authorized by law to perform all the duties imposed upon it by this Indenture, shall be the successor to the Trustee without the execution or filing of any paper or the performance of any further act.

Section 8.16. Adoption of Authentication. In case any of the Bonds contemplated to be issued under this Indenture shall have been authenticated but not delivered, any successor Trustee may adopt the certificate of authentication of any predecessor Trustee so authenticating such Bonds and deliver such Bonds so authenticated, and in case any of the said Bonds shall not have been authenticated, any successor Trustee may authenticate such Bonds in the name of the predecessor Trustee, or in the name of the successor Trustee, and in all such cases such certificate shall have the full force which it is anywhere in the Bonds or in this Indenture *provided* that the certificate of the Trustee shall have.

Section 8.17. Evidence of Signatures of Owners and Ownership of Bonds. (a) Any request, consent or other instrument which this Indenture may require or permit to be signed and executed by the Owners of Bonds may be in one or more instruments of similar tenor, and shall be signed or executed by such Owners in person or by their attorneys appointed in writing. Proof of (i) the execution of any such instrument, or of an instrument appointing any such attorney, or (ii) the ownership by any person of the Bonds, shall be sufficient for any purpose of this Indenture (except as otherwise herein expressly provided) if made in the following manner, but the Trustee may nevertheless in its discretion require further or other proof in cases where it deems the same desirable:

(1) The fact and date of the execution by any Owner or his attorney of such instrument may be proved by the certificate, which need not be acknowledged or verified, of an officer of a bank or trust company satisfactory to the Trustee or of any notary public

or other officer authorized to take acknowledgments of deeds to be recorded in the jurisdiction in which he purports to act, that the person signing such request or other instrument acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer.

(2) The authority of the person or persons executing any such instrument on behalf of a corporate Owner of Bonds may be established without further proof if such instrument is signed by a person purporting to be the president or vice president of such corporation with a corporate seal affixed and attested by a person purporting to be its secretary or an assistant secretary.

(b) The ownership of Bonds and the amount, numbers and other identification, and date of ownership of the same shall be proved by the Bond Register. Any request, consent or vote of the Owner of any Bond shall bind all future Owners of such Bond in respect of anything done or suffered to be done by the City or the Trustee in accordance therewith.

Section 8.18. Preservation and Inspection of Documents. All documents received by the Trustee under the provisions of this Indenture shall be retained in its possession and shall be subject at all reasonable times to the inspection of the City and any Owner of Bonds and their agents and their representatives, any of whom may make copies thereof.

ARTICLE IX

SUPPLEMENTAL INDENTURE

Section 9.01. Supplemental Indenture Effective Upon Execution by the Trustee. For any one or more of the following purposes and the purposes enumerated in Section 9.04 hereof, and at any time or from time to time, a Supplemental Indenture may be authorized by an ordinance adopted by the City Council of the City, which, upon the filing with the Trustee of a copy of such ordinance certified by the City Clerk and the execution and delivery of such Supplemental Indenture by the City and the Trustee, shall be fully effective in accordance with its terms and not subject to consent by the Registered Owners of the Bonds:

(a) to add to the covenants and agreements of the City in this Indenture other covenants and agreements to be observed by the City which are not contrary to or inconsistent with this Indenture as theretofore in effect;

(b) to add to the limitations and restrictions in this Indenture other limitations and restrictions to be observed by the City which are not contrary to or inconsistent with this Indenture as theretofore in effect;

(c) to surrender any right, power or privilege reserved to or conferred upon the City by the terms of this Indenture, but only if the surrender of such right, power or privilege is not contrary to or inconsistent with the covenants and agreements of the City contained in this Indenture;

(d) to confirm, as further assurance, the pledge herein, and the subjection of, additional properties, taxes or other collateral to any lien, claim or pledge created or to be created by, this Indenture;

(e) to cure any ambiguity, supply any omission, or cure or correct any defect or inconsistent provision in this Indenture;

(f) to insert such provisions clarifying matters or questions arising under this Indenture as are necessary or desirable and are not contrary to or inconsistent with this Indenture as theretofore in effect; or

(g) to provide additional duties of the Trustee under this Indenture.

Section 9.02. Supplemental Indentures Effective With Consent of Owners of Bonds. At any time or from time to time, a Supplemental Indenture may be authorized by an ordinance adopted by the City Council of the City, subject to consent by the Owners of Bonds in accordance with and subject to the provisions of this Article, which Supplemental Indenture, upon the filing with the Trustee of a copy of such ordinance certified by the City Clerk, upon compliance with the provisions of this Article, and upon execution and delivery of such Supplemental Indenture by the City and the Trustee, shall become fully effective in accordance with its terms.

Section 9.03. General Provisions. (a) This Indenture shall not be modified or amended in any respect except as provided in and in accordance with and subject to the provisions of this Article. Nothing in this Article shall affect or limit the right or obligation of the City to adopt, make, do, execute, acknowledge or deliver any ordinance, resolution, act or other instrument pursuant to the provisions of this Article or the right or obligation of the City to execute and deliver to the Trustee any instrument which elsewhere in this Indenture it is provided shall be delivered to the Trustee.

(b) Any ordinance authorizing a Supplemental Indenture referred to and permitted or authorized by Section 9.01 or 9.04 hereof may be adopted by the City Council of the City without the consent of any of the Owners of Bonds, but such Supplemental Indenture shall be executed and delivered by the City and the Trustee and shall become effective only on the conditions, to the extent and at the time provided in this Article. Every Supplemental Indenture delivered to the Trustee for execution shall be accompanied by an opinion of counsel stating that such Supplemental Indenture has been duly and lawfully authorized by the City Council of the City and executed by the City in accordance with the provisions of this Indenture, is authorized or permitted by this Indenture, and will, when executed and delivered by the Trustee, be valid and binding upon the City and enforceable in accordance with its terms.

(c) The Trustee is hereby authorized to enter into, execute and deliver any Supplemental Indenture referred to and permitted or authorized by this Article and to make all further agreements and stipulations which may be therein contained, and the Trustee, in taking such action, shall be fully protected in relying on an opinion of counsel that such Supplemental Indenture is authorized or permitted by the provisions of this Indenture.

(d) No Supplemental Indenture shall change or modify any of the rights or obligations of the Trustee without its written assent thereto.

(e) No Supplemental Indenture shall take effect unless and until there has been delivered to the Trustee an Opinion of Bond Counsel to the effect that such Supplemental Indenture does not adversely affect the exclusion from gross income for federal income tax purposes to which interest on the Bonds would otherwise be entitled.

Section 9.04. Additional Matters. Additionally, this Indenture may, without the consent of, or notice to, any of the Bondholders, be supplemented and amended, in such manner as shall not be inconsistent with the terms and provisions hereof, for any one or more of the following purposes:

(a) to provide for certificated Bonds; and

(b) to secure or maintain ratings from any Rating Agency in the highest long term debt rating category, of such Rating Agency which are available for the Bonds, which changes will not restrict, limit or reduce the obligation of the City to pay the principal of, premium, if any, and interest on the Bonds as provided in this Indenture or otherwise adversely affect the Registered Owners of the Bonds under this Indenture.

Section 9.05. Mailing of Notice of Amendment. Any provision in this Article for the mailing of a notice or other paper to owners of Bonds shall be fully complied with if it is mailed postage prepaid only (i) to each Registered Owner of then Outstanding Bonds at his address, if any, appearing upon the registration books maintained by the City at the Designated Corporate Trust Office of the Trustee, and (ii) to the Trustee.

Section 9.06. Powers of Amendment. Any modification or amendment of this Indenture or of the rights and obligations of the City and of the Owners of the Bonds, in particular, which requires the consent of the Bondholders, may be made by a Supplemental Indenture, with the written consent given as provided in Section 9.07, (a) of the Owners of a majority in principal amount of the Bonds Outstanding at the time such consent is given, or (b) in case less than all of the then Outstanding Bonds are affected by the modification or amendment, of the Owners of a majority in principal amount of the then Outstanding Bonds so affected. No such modification or amendment shall permit a change in the terms of redemption or maturity of the principal of any Outstanding Bonds or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon, or in terms of purchase or the purchase price thereof, without the consent of the owner of such Bonds, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the owners of which is required to effect any such modification or amendment, or shall change or modify any of the rights or obligations of the Trustee without its written assent thereto. For the purposes of this Section, a Bond shall be deemed to be affected by a modification or amendment of this Indenture if the same adversely affects or diminishes the rights of the owners of such Bond.

Section 9.07. Consent of Owners of Bonds. (a) The City may at any time authorize a Supplemental Indenture making a modification or amendment permitted by the provisions of

Section 9.06, to take effect when and as provided in this Section. A copy of such Supplemental Indenture (or brief summary thereof or reference thereto in form approved by the Trustee), together with a request to the Owners of the Bonds for their consent thereto in form satisfactory to the Trustee, shall be mailed by the City to the Owners of the Bonds (but failure to mail such copy and request shall not affect the validity of the Supplemental Indenture when consented to as in this Section provided). Such Supplemental Indenture shall not be effective unless and until, and shall take effect in accordance with its terms when, (i) there shall have been filed with the Trustee (1) the written consents of Owners of the percentages of Outstanding Bonds specified in Section 9.06 and (2) an opinion of counsel stating that such Supplemental Indenture has been duly and lawfully executed and delivered by the City and the Trustee in accordance with the provisions of this Indenture, is authorized or permitted hereby and is valid and binding upon the City and enforceable in accordance with its terms upon its becoming effective as in this Section provided, and (ii) a notice shall have been mailed as hereinafter in this Section provided.

(b) The consent of an Owner of Bonds to any modification or amendment shall be effective only if accompanied by proof of the Ownership, at the date of such consent, of the Bonds with respect to which such consent is given, which proof shall be such as is permitted by Section 8.17. A certificate or certificates signed by the Trustee that it has examined such proof and that such proof is sufficient in accordance with Section 8.17 shall be conclusive that the consents have been given by the Owners of the Bonds described in such certificate or certificates. Any such consent shall be binding upon the Owner of the Bonds giving such consent and upon any subsequent Owner of such Bonds and of any Bonds issued in exchange therefor (whether or not such subsequent Owner thereof has notice thereof) unless such consent is revoked in writing by the Owner of such Bonds giving such consent or a subsequent Owner thereof by filing such revocation with the Trustee, prior to the time when the written statement of the Trustee hereinafter provided for in this Section is filed. The fact that a consent has not been revoked may likewise be proved by a certificate of the Trustee to the effect that no revocation thereof is on file with the Trustee.

(c) At any time after the Owners of the required percentages of Bonds shall have filed their consents to the Supplemental Indenture, the Trustee shall make and file with the City a written statement that the Owners of such required percentages of Bonds have filed such consents. Such written statement shall be conclusive that such consents have been so filed. At any time thereafter notice, stating in substance that the Supplemental Indenture (which may be referred to as a Supplemental Indenture entered into by the City and the Trustee as of a stated date, a copy of which is on file with the Trustee) has been consented to by the Owners of the required percentages of Bonds and will be effective as provided in this Section, shall be given to Owners by the Trustee by mailing such notice to the Owners of the Bonds and the Bank (but failure to mail such notice shall not prevent such Supplemental Indenture from becoming effective and binding as provided in this Section). The Trustee shall file with the City proof of

the mailing of such notice. A record, consisting of the papers required or permitted by this Section to be filed with the Trustee, shall be proof of the matters therein stated. Such Supplemental Indenture making such amendment or modification shall be deemed conclusively binding upon the Trustee and the Owners of all Bonds at the expiration of 40 days after the filing with the Trustee of proof of the mailing of such last mentioned notice, except in the event of a final decree of a court of competent jurisdiction setting aside such Supplemental Indenture in a legal action or equitable proceeding for such purpose commenced within such 40-day period; except that the Trustee and the City, during such 40-day period and any such further period during which any such action or proceeding may be pending, shall be entitled in their absolute discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Indenture as they may deem expedient.

Section 9.08. Modifications by Unanimous Consent. The terms and provisions of this Indenture and the rights and obligations of the City and of the Owners of the Bonds hereunder may be modified or amended in any respect upon the consent of the Owners of all the then Outstanding Bonds to the execution and delivery of such Supplemental Indenture, such consent to be given as provided in Section 9.07 except that no notice to the Owners of the Bonds shall be required; but no such modification or amendment shall change or modify any of the rights or obligations of the Trustee without its written assent thereto.

Section 9.09. Exclusion of Bonds. Bonds owned by or for the account of the City shall not be deemed Outstanding for the purpose of consent or other action or any calculation of Outstanding Bonds provided for in this Article, and the City shall not be entitled with respect to such Bonds to give any consent or take any other action provided for in this Article. At the time of any consent or other action taken under this Article, the City shall furnish the Trustee with a Certificate upon which the Trustee may rely, describing all Bonds so to be excluded.

Section 9.10. Notation on Bonds. Bonds authenticated and delivered after the effective date of any action taken as in this Article provided may, and, if the Trustee so determines, shall, bear a notation by endorsement or otherwise in form approved by the City and the Trustee as to such action, and in that case upon demand of the Owner of any Bond Outstanding at such effective date and presentation of his Bond for that purpose at the Designated Corporate Trust Office of the Trustee or upon any exchange or registration of transfer of any Bond Outstanding at such effective date, suitable notation shall be made on such Bond or upon any Bond issued upon any such exchange or registration of transfer by the Trustee as to any such action. If the City or the Trustee shall so determine, new Bonds so modified as in the opinion of the Trustee and the City to conform to such action shall be prepared, authenticated and delivered, and upon demand of the Owner of any Bond then Outstanding shall be exchanged, without cost to such Owner, for Bonds of the same maturity upon surrender of such Bond.

WHEREAS, It is necessary and desirable at this time to authorize the issuance by the City of its Chicago Midway Airport Revenue Refunding Bonds and/or its Chicago Midway Airport Second Lien Revenue Refunding Bonds (the "Refunding Midway Bonds") in one or more series from time to time to refund Outstanding Airport Obligations and for the other purposes described herein; and

WHEREAS, The City has determined to authorize the issuance by the City of its Chicago Midway Airport Revenue Bonds and/or its Chicago Midway Airport Second Lien Revenue Bonds (the "New Money Midway Bonds" and together with the Refunding Midway Bonds, the "Midway Revenue Bonds") in one or more series from time to time to pay the costs of certain projects for the Airport that constitute Airport Projects as defined in the First Lien Master Indenture and the Second Lien Master Indenture ("Airport Projects") as herein described; and

WHEREAS, The City has heretofore issued its Chicago Midway Airport Second Lien Revenue Bonds, Series, 2010C (Taxable) (the "Outstanding CFC-Backed Midway Bonds"), which are additionally secured by Customer Facility Charges (as defined herein); and

WHEREAS, The City has determined that it may be in the best interest of the City and the Airport to establish a new master indenture (the "CFC Master Indenture") to govern the terms of the issuance of revenue bonds secured by Customer Facility Charges (the "CFC Revenue Bonds" and together with the Midway Revenue Bonds, the "Bonds") separate from either the First Lien Master Indenture or the Second Lien Master Indenture for the Airport; and

WHEREAS, It is desirable at this time to authorize the issuance by the City of CFC Revenue Bonds in one or more series to refund the Outstanding CFC-Backed Midway Bonds and for the purposes described herein; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Authorization. This ordinance is adopted pursuant to Section 6(a) of Article VII of the Constitution. This ordinance authorizes the issuance of (i) New Money Midway Bonds in an aggregate principal amount not to exceed $500,000,000 (ii) Refunding Midway Bonds in an aggregate principal amount not to exceed $200,000,000 and (iii) CFC Revenue Bonds in an aggregate principal amount not to exceed $200,000,000, in any case, in one or more series at one or more times, in such principal amounts and with such terms and provisions as set forth therein and in the First Lien Master Indenture, the Second Lien Master Indenture and/or the CFC Master Indenture, as appropriate, and in the related Supplemental Indentures therein approved and such other matters and actions as are described in this ordinance.

SECTION 2. Findings And Determinations. The City hereby finds and determines as follows:

(a) that the issuance of the Refunding Midway Bonds and the refunding of certain Outstanding Airport Obligations of such series and maturities and in such amounts as shall be determined by the Mayor or Authorized Officer (as defined below in Section 2(f)) without further action by this City Council will result in debt service savings or provide other benefits to the City and the Airport;

(b) that the Airport Projects to be financed by the City with the proceeds of the New Money Midway Bonds are necessary and essential to the efficient operation of the Airport;

(c) that the City's ability to issue Bonds from time to time without further action by this City Council at various times, in various principal amounts as First Lien Bonds, Second Lien Bonds and/or CFC Revenue Bonds and with various interest rates, maturities, redemption provisions and other terms will enhance the City's opportunities to obtain financing for the Airport upon the most favorable terms available;

(d) that the transfer, modification and/or termination of any swap agreement previously executed and currently in effect with respect to the Outstanding Airport Obligations to be refunded by the Refunding Midway Bonds (or with respect to any other Outstanding Airport Obligations) and the payment of such amounts in respect of such transfer, modification and/or termination of such swap agreement without further action of this City Council will provide benefits to the Airport and is in the best financial interest of the City and the Airport;

(e) that the execution of the CFC Master Indenture and the issuance of the CFC Revenue Bonds to refund, and the refunding of, the Outstanding CFC-Backed Midway Bonds of such maturities and in such amounts as shall be determined by the Mayor or Authorized Officer without further action by this City Council will result in debt service savings or provide other benefits to the City and the Airport; and

(f) that the delegations of authority that are contained in this ordinance, including, without limitation, the authority to make the specific determinations described in clauses (a) through (e) above, are necessary and desirable because this City Council cannot itself as advantageously, expeditiously or conveniently exercise such authority and make such specific determinations. Thus, authority is granted to the Mayor or the Chief Financial Officer, or if there is not a Chief Financial Officer, the City Comptroller (such officer being referred to herein as the "Authorized Officer") to (i) determine to sell one or more series of Bonds at one or more times, as and to the extent the Authorized Officer determines that such sale or sales is desirable and in the best financial interest of the City and the Airport, (ii) determine which Outstanding Airport Obligations will be refunded by the Refunding Midway Bonds, and (iii) determine to transfer, modify and/or terminate such swap agreement as provided in Section 2(d) above and to pay such amounts in respect of such transfer, modification and/or termination, all as and to the extent that such officer determines is desirable and in the best financial interest of the City and the Airport.

SECTION 3. Forms Of Documents. There have been presented to this City Council forms of the following documents:

(a) form of First Lien Supplemental Indenture (Exhibit A); and

(b) form of Second Lien Supplemental Indenture (Exhibit B).

Bonds may be transferred on the books of registration kept by the Bond Registrar by the registered owner in person or by his or her duly authorized attorney, upon surrender thereof, together with a written instrument of transfer executed by the registered owner or his or her duly authorized attorney. Upon surrender for registration of transfer of any Bond with all partial redemptions endorsed thereon at the principal office of the Bond Registrar, the City shall execute and the Trustee shall authenticate and deliver in the name of the transferee or transferees a new Bond or Bonds of the same maturity and interest rate, aggregate principal amount and tenor and of any authorized denomination or denominations and bearing numbers not outstanding under the Indenture.

Bonds may be exchanged at the principal office of the Bond Registrar for an equal aggregate principal amount of Bonds in the appropriate form and in the same maturity and

interest rate, aggregate principal amount and tenor and of any authorized denomination or denominations. The City shall execute and the Trustee shall authenticate and deliver Bonds which the registered owner making the exchange is entitled to receive. Such registration of transfer or exchange of Bonds shall be without charge to the registered owners of such Bonds, but any taxes or other governmental charges required to be paid with respect to the same shall be paid by the registered owners of the Bond requesting such transfer or exchange as a condition precedent to the exercise of such privilege.

The Bond Registrar shall not be required to register for transfer or exchange any undelivered Bond or Bonds after the giving of notice calling such Bond for redemption or partial redemption has been made.

The person in whose name any Bond is registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of principal, premium, if any, or interest shall be made only to or upon the order of the registered owner thereof or his or her duly authorized attorney, but such registration may be changed as hereinabove provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

The Bonds maturing on January 1, [20__], are subject to mandatory redemption, in part by lot as provided in the Indenture from mandatory Sinking Fund Payments, on January 1 in each of the years and in the respective principal amounts set forth below, at a redemption price equal to the principal amount thereof to be redeemed plus accrued interest to the date of redemption:

Notice of any such redemption shall be given by the Trustee by first class mail not fewer than 30 nor more than 60 days prior thereto to the registered owners of the Bonds. Failure to mail any such notice to the registered owner of any Bond or any defect therein shall not affect the validity of the proceedings for such redemption of Bonds.

No recourse shall be had for the payment of the principal of, premium, if any, or interest on any of the Bonds or for any claim based thereon or upon any obligation, covenant or agreement in the Indenture contained, against any past, present or future officer, employee or agent, or member of the City Council, of the City, or any successor to the City, as such, either directly or through the City, or any successor to the City, under any rule of law or equity, statute or constitution or by the enforcement of any assessment or penalty or otherwise, and all such liability of any such officer, employee or agent, or member of the City Council, as such, is hereby expressly waived and released as a condition of and in consideration for the execution of the Indenture and the issuance of any of the Bonds.

The owner of this Bond shall have no right to enforce the provisions of the Indenture or to institute action to enforce the covenants therein, or to take any action with respect to any event of default under the Indenture, or to institute, appear in or defend any suit or other proceedings with respect thereto except as provided in the Indenture.

The Indenture prescribes the manner in which it may be discharged and after which the Bonds shall no longer be secured by or entitled to the benefits of the Indenture, except as provided in the Indenture and for the purposes of registration and exchange of Bonds and of such payment, including a provision that the Bonds shall be deemed to be paid if Defeasance Obligations, as defined therein, maturing as to principal and interest in such amounts and at such times as to insure the availability of sufficient moneys to pay the principal of, premium, if any, and interest on the Bonds and all necessary and proper fees, compensation and expenses of the Trustee shall have been deposited with the Trustee.

Modifications or alterations of the Indenture, or of any supplement thereto, may be made only to the extent and in the circumstances permitted by the Indenture.

[FORM OF REVERSE BOND]

This Bond is one of an authorized series of bonds limited in aggregate principal amount to $[_____] (the *"Bonds"*) issued pursuant to, under authority of and in full compliance with the Constitution and laws of the State of Illinois, particularly Article VII, Section 6(a) of the 1970 Constitution of the State of Illinois and an ordinance of the City Council of the City, and executed under a Master Indenture of Trust Securing Chicago Midway Airport Second Lien Obligations, dated as of September 1, 1998, as amended, from the City to The Bank of New York Mellon Trust Company, N.A. (as successor in trust to American National Bank and Trust Company of Chicago), Chicago, Illinois (the *"Trustee"*), as supplemented by a [Twenty-Third] Supplemental Indenture Securing Chicago Midway Airport Second Lien Revenue Bonds, Series 201[_]A, dated as of [_____ __], 201[_], from the City to the Trustee (collectively, the *"Indenture"*), to finance the costs of certain Airport Projects (as defined in the Indenture), to refund prior to maturity or pay at maturity certain Prior Airport Obligations (as defined in the Indenture), to fund certain Swap Agreement Payments (as defined in the Indenture), funding a debt service reserve account, and paying costs and expenses incidental thereto and to the issuance of the Bonds.

The Bonds and the interest thereon are payable from Second Lien Revenues (as defined in the Indenture) deposited into the Series 201[_]A Dedicated Sub-Fund and pledged to the payment thereof under the Indenture and certain other moneys held by or on behalf of the Trustee.

As provided in the Indenture, additional bonds may be issued from time to time pursuant to supplemental indentures in one or more series, in various principal amounts, may mature at different times, may bear interest at different rates and may otherwise vary as provided in the Indenture. The aggregate principal amount of bonds that may be issued pursuant to the Indenture is not limited and all bonds issued and to be issued pursuant to the Indenture, including the Bonds, are and will be equally secured by the pledges and covenants made therein, except as otherwise provided or permitted in the Indenture.

Copies of the Indenture are on file at the corporate trust office of the Trustee, and reference to the Indenture and any and all supplements thereto and modifications and amendments thereof is made for a description of the pledge and covenants securing the Bonds, the nature, extent and manner of enforcement of such pledge, the rights and remedies of the registered owners of the Bonds, and the limitations on such rights and remedies.

The Bonds are issuable only as fully registered Bonds in the authorized denominations described in the Indenture. Bonds may be transferred on the books of registration kept by the Bond Registrar by the registered owner in person or by his or her duly authorized attorney, upon

surrender thereof, together with a written instrument of transfer executed by the registered owner or his or her duly authorized attorney. Upon surrender for registration of transfer of any Bond with all partial redemptions endorsed thereon at the principal office of the Bond Registrar, the City shall execute and the Trustee shall authenticate and deliver in the name of the transferee or transferees a new Bond or Bonds of the same maturity and interest rate, aggregate principal amount and tenor and of any authorized denomination or denominations and bearing numbers not outstanding under the Indenture.

Bonds may be exchanged at the principal office of the Bond Registrar for an equal aggregate principal amount of Bonds in the appropriate form and in the same maturity and interest rate, aggregate principal amount and tenor and of any authorized denomination or denominations. The City shall execute and the Trustee shall authenticate and deliver Bonds which the registered owner making the exchange is entitled to receive. Such registration of transfer or exchange of Bonds shall be without charge to the registered owners of such Bonds, but any taxes or other governmental charges required to be paid with respect to the same shall be paid by the registered owners of the Bond requesting such transfer or exchange as a condition precedent to the exercise of such privilege.

The person in whose name any Bond is registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of principal, premium, if any, or interest shall be made only to or upon the order of the registered owner thereof or his or her duly authorized attorney, but such registration may be changed as hereinabove provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

The Bonds maturing on January 1, [_____], are subject to mandatory redemption, in part by lot as provided in the Indenture from mandatory Sinking Fund Payments, on January 1 in each of the years and in the respective principal amounts set forth below, at a redemption price equal to the principal amount thereof to be redeemed plus accrued interest to the date of redemption:

YEAR	PRINCIPAL AMOUNT
	$

unsatisfied balance of the applicable Sinking Fund Payments in inverse order of their payment dates.

Amounts accumulated in the Series 201[_]A Dedicated Sub-Fund or other amounts delivered to the Trustee for such purpose may, and if so directed by the City shall, be applied by the Trustee, on or prior to the 45th day before the payment date of a Sinking Fund Payment, to the purchase of the Bonds maturing January 1, [_____] for which such Sinking Fund Payment is to be made in an amount not exceeding that necessary to complete the retirement of the unsatisfied balance of the Bonds maturing January 1, [_____] payable from such Sinking Fund Payment on such payment date. The purchase price paid by the Trustee (excluding accrued interest but including any brokerage and other charges) for any Bond so purchased shall not exceed the Sinking Fund redemption price of such Bond applicable upon its redemption on such payment date. Any Bonds so purchased shall be canceled and the applicable Sinking Fund redemption price thereof shall be credited against the applicable Sinking Fund Payment due on the next payment date.

The Bonds maturing on or after January 1, [____] are subject to redemption, otherwise than from mandatory Sinking Fund Payments, at the option of the City, on or after January 1, [____], as a whole or in part at any time, and if in part, in such order of maturity as the City shall determine and within any maturity by lot, at the Redemption Price of 100% of the principal amount of Bonds or portions thereof to be redeemed, together with accrued interest to the redemption date.

Notice of any such redemption shall be given by the Trustee by first class mail not fewer than 30 nor more than 60 days prior thereto to the registered owners of the Bonds. Failure to mail any such notice to the registered owner of any Bond or any defect therein shall not affect the validity of the proceedings for such redemption of Bonds.

No recourse shall be had for the payment of the principal of, premium, if any, or interest on any of the Bonds or for any claim based thereon or upon any obligation, covenant or agreement in the Indenture contained, against any past, present or future officer, employee or agent, or member of the City Council, of the City, or any successor to the City, as such, either directly or through the City, or any successor to the City, under any rule of law or equity, statute or constitution or by the enforcement of any assessment or penalty or otherwise, and all such liability of any such officer, employee or agent, or member of the City Council, as such, is hereby expressly waived and released as a condition of and in consideration for the execution of the Indenture and the issuance of any of the Bonds.

The owner of this Bond shall have no right to enforce the provisions of the Indenture or to institute action to enforce the covenants therein, or to take any action with respect to any event of default under the Indenture, or to institute, appear in or defend any suit or other proceedings with respect thereto, except as provided in the Indenture.

The Indenture prescribes the manner in which it may be discharged and after which the Bonds shall no longer be secured by or entitled to the benefits of the Indenture, except as provided in the Indenture and for the purposes of registration and exchange of Bonds and of such

payment, including a provision that the Bonds shall be deemed to be paid if Defeasance Obligations, as defined therein, maturing as to principal and interest in such amounts and at such times as to insure the availability of sufficient moneys to pay the principal of, premium, if any, and interest on the Bonds and all necessary and proper fees, compensation and expenses of the Trustee shall have been deposited with the Trustee.

Except as provided in Section 2.07 hereof, the total principal amount of Bonds that may be issued hereunder is expressly limited to $[_____].

Section 2.02. Issuance of Bonds; Denominations; Numbers. The Bonds shall be designated "City of Chicago, Chicago Midway Airport Second Lien Revenue Bonds, Series 201[_]A."

The Bonds shall be dated as of the Interest Payment Date next preceding their date of authentication, unless such date of authentication is an Interest Payment Date, in which case the Bonds shall be dated as of such Interest Payment Date, or unless such Bonds are authenticated prior to the first Interest Payment Date, in which event the Bonds shall be dated as of the Date of Issuance.

The Bonds shall be issued as registered bonds without coupons. The Bonds shall be issued only in Authorized Denominations. The Bonds shall be numbered consecutively from R-1 upwards bearing numbers not then outstanding (in order of issuance) according to the records of the Trustee.

The Bonds shall mature on January 1 of each of the following years and bear interest at the following interest rates per annum:

YEAR	PRINCIPAL AMOUNT	INTEREST RATE
	$	%

Interest on the Bonds shall be payable on January 1 and July 1 of each year, commencing [July 1, 201[_]]. The Bonds shall bear interest from the date thereof or from and including the most recent Interest Payment Date with respect to which interest has been paid or duly provided for. Interest shall be calculated on the basis of a 360-day year consisting of twelve 30-day months.

Section 2.03. Execution; Limited Obligations. The Bonds shall be executed on behalf of the City with the official manual or facsimile signature of the Mayor of the City and attested with the official manual or facsimile signature of its City Clerk, and shall have affixed, impressed, imprinted or otherwise reproduced thereon the corporate seal of the City or a facsimile thereof. The Bonds are issued pursuant to and in full compliance with the Constitution and laws of the State, and pursuant to the Ordinance. The Bonds, the Section 208 Obligations and the Section 209 Obligations are not general obligations of the City, but are limited obligations payable solely from Second Lien Revenues (except to the extent paid out of moneys attributable to the proceeds derived from the sale of the Bonds or to income from the temporary investment thereof) [and from moneys provided under the Policy,] and shall be a valid claim of the respective Registered Owners of the Bonds and the Insurer only against the Series 201[_]A Dedicated Sub-Fund and other moneys held by the Trustee or otherwise pledged therefor, which amounts are hereby pledged, assigned and otherwise held as security for the equal and ratable payment of the Bonds, and shall be used for no other purpose than to pay the principal of, premium, if any, and interest on the Bonds except as may be otherwise expressly authorized in the Indenture or in this [Twenty-Third] Supplemental Indenture. Neither the Bonds, the

Section 208 Obligations nor the Section 209 Obligations shall constitute an indebtedness of the City or a loan of credit thereof within the meaning of any constitutional or statutory limitation, and neither the faith and credit nor the taxing power of the City, the State or any political subdivision thereof is pledged to the payment of the principal of, premium, if any, or the interest on the Bonds, the Section 208 Obligations or the Section 209 Obligations, or other costs incident thereto. In case any officer whose signature or a facsimile of whose signature shall appear on the Bonds shall cease to be such officer before the delivery of such Bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, as if he or she had remained in office until delivery.

Section 2.04. Authentication. No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this [Twenty-Third] Supplemental Indenture unless and until such certificate of authentication in substantially the form set forth in the form of Bond herein shall have been duly executed by the Trustee, and such executed certificate of the Trustee, upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this [Twenty-Third] Supplemental Indenture. The Trustee's certificate of authentication on any Bond shall be deemed to have been executed by it if signed by an authorized signatory of the Trustee, but it shall not be necessary that the same signatory sign the certificates of authentication on all of the Bonds issued hereunder.

Section 2.05. Form of Bonds; Temporary Bonds. The Bonds shall be substantially in the form set forth in the form of Bond herein, with such appropriate variations, omissions and insertions as are permitted or required by this [Twenty-Third] Supplemental Indenture.

Pending preparation of definitive Bonds, or by agreement with the purchasers of the Bonds, the City may issue and, upon its request, the Trustee shall authenticate, in lieu of definitive Bonds, one or more temporary printed or typewritten Bonds of substantially the tenor recited above. Upon request of the City, the Trustee shall authenticate definitive Bonds in exchange for and upon surrender of an equal principal amount of temporary Bonds. Until so exchanged, temporary Bonds shall have the same rights, remedies and security hereunder as definitive Bonds.

Section 2.06. Delivery of Bonds. Upon the execution and delivery of this [Twenty-Third] Supplemental Indenture, the City shall execute and deliver to the Trustee, and the Trustee shall authenticate, the Bonds and deliver them to the purchasers as may be directed by the City as hereinafter in this Section provided.

Prior to the delivery by the Trustee of any of the Bonds there shall be filed with the Trustee:

(1) a copy, duly certified by the City Clerk of the City, of the Ordinance;

(2) original executed counterparts of the Indenture, this [Twenty-Third] Supplemental Indenture, the Policy and the Surety Bond;

(3) a Counsel's Opinion to the effect set forth in Section 206(b) of the Indenture;

(4) a Certificate stating that any required approval for the issuance of the Bonds has been obtained;

(5) a written order as to the delivery of the Bonds, signed by an Authorized Officer and stating (i) the identity of the purchasers, the aggregate purchase price and the date and place of delivery, and (ii) that no Event of Default has occurred and is continuing under the Indenture or this [Twenty-Third] Supplemental Indenture;

(6) [(i) a Certificate of the Independent Airport Consultant stating that, based upon the reasonable assumptions set forth therein, Revenues and Other Available Moneys are projected to be not less than that required to satisfy the rate covenant set forth in Section 404 of the Indenture (disregarding any First Lien Bonds or Second Lien Obligations that have been paid or discharged or that will be paid or discharged immediately after the issuance of the Bonds) for each of the next three Fiscal Years immediately following completion of the project or projects financed by the Bonds; *provided* that for purposes of such certificate, Other Available Moneys shall be projected only to the extent that such Other Available Moneys have been (x) paid over to the Trustee and deposited into the First Lien Revenue Fund, First Lien Debt Service Fund or a debt service fund for the Bonds or (y) irrevocably pledged to the payment of debt service on the First Lien Bonds or Second Lien Obligations; or (ii) a Certificate stating that Revenues and Other Available Moneys in the most recently completed Fiscal Year for which audited financial statements have been prepared satisfied the rate covenant set forth in Section 404 of the Indenture, assuming for such purpose that Aggregate Second Lien Debt Service for the Bond Year commencing during such Fiscal Year includes the maximum Annual Second Lien Debt Service on the Bonds [and the other Common Reserve Fund Bonds] proposed to be issued; and]

(7) a verification report of an Independent Accountant stating the amount of either (i) moneys in an amount sufficient to pay the Prior Airport Obligations to be refunded at the applicable Redemption Price of the Prior Airport Obligations together with accrued interest on such Prior Airport Obligations to the redemption date or dates; or (ii) Defeasance Obligations the principal of, and interest on, which when due (without reinvestment thereof), together with the moneys (including a portion of the proceeds of the Bonds to be issued), if any, are sufficient to pay when due the applicable Redemption Price of the Prior Airport Obligations to be refunded, together with accrued interest on such Prior Airport Obligations to the redemption date or dates or the dates or dates of maturity thereof.

Section 2.07. Mutilated, Lost, Stolen or Destroyed Bonds. In the event any Bond is mutilated, lost, stolen or destroyed, the City may execute and the Trustee may authenticate a new Bond of like date, maturity, interest rate and denomination as the Bond mutilated, lost, stolen or destroyed; *provided* that, in the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the Trustee, and in the case of any lost, stolen or destroyed Bond, there shall be

first furnished to the City and the Trustee evidence of such loss, theft or destruction satisfactory to the City and the Trustee, together with indemnity satisfactory to them. In the event any such Bond shall have matured, instead of issuing a substitute Bond the City may pay the same without surrender thereof. The City and the Trustee may charge the Registered Owner of such Bond with their reasonable fees and expenses in this connection. All Bonds so surrendered to the Trustee shall be cancelled and destroyed, and evidence of such destruction shall be given to the City. Upon the date of final maturity or redemption of all of the Bonds, the Trustee shall destroy any inventory of unissued certificates.

All duplicate Bonds issued and authenticated pursuant to this Section shall constitute original, contractual obligations of the City (whether or not, in the case of the first paragraph of this Section, lost, stolen or destroyed Bonds be at any time found by anyone), and shall be entitled to equal and proportionate rights and benefits hereunder as all other outstanding Bonds issued hereunder.

All Bonds shall be owned upon the express condition that the foregoing provisions, to the extent permitted by law, are exclusive with respect to the replacement or payment of mutilated, destroyed, lost, stolen or purchased Bonds, and shall preclude any and all other rights or remedies.

Section 2.08. Transfer and Exchange of Bonds; Persons Treated as Owners. (a) Subject to the limitations contained in subsection (c) of this Section, upon surrender for registration of transfer of any Bond at the corporate trust office of the Trustee, duly endorsed by, or accompanied by a written instrument or instruments of transfer in form satisfactory to the Trustee and duly executed by the Bondholder or such Bondholder's attorney duly authorized in writing, the City shall execute, and the Trustee shall authenticate and deliver, in the name of the transferee or transferees a new Bond or Bonds of like date and tenor in Authorized Denominations of the same Maturity Date for the aggregate principal amount which the Registered Owner is entitled to receive bearing numbers not contemporaneously Outstanding. Subject to the limitations contained in subsection (c) of this Section, Bonds may be exchanged at such times at such corporate trust office of the Trustee upon surrender thereof together with an assignment duly executed by the Registered Owner thereof or such Registered Owner's attorney in such form and with guarantee of signature as shall be satisfactory to the Trustee for an equal aggregate principal amount of Bonds of like date and tenor of any Authorized Denomination as the Bonds surrendered for exchange bearing numbers not contemporaneously Outstanding. The execution by the City of any Bond of any Authorized Denomination shall constitute full and due authorization of such Authorized Denomination, and the Trustee shall thereby be authorized to authenticate and deliver such registered Bond.

(b) No service charge shall be imposed upon the Registered Owners for any exchange or transfer of Bonds. The City and the Trustee may, however, require payment by the person requesting an exchange or transfer of Bonds of a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto, except in the case of the issuance of a Bond or Bonds for the unredeemed portion of a Bond surrendered for redemption in part.

(c) The Trustee shall not be required to transfer or exchange such Bond during the period commencing on the Record Date next preceding any Interest Payment Date of such Bond and ending on such Interest Payment Date, or to transfer or exchange such Bond after the mailing of notice calling such Bond for redemption has been made as herein provided or during the period of 15 days next preceding the giving of notice of redemption of Bonds of the same Maturity Date and interest rate which were converted on the same date. The Trustee shall not be required to exchange or register the transfer of such Bond after the mailing of notice calling such Bond for redemption has been made as herein provided, except that the City and the Trustee shall be required to issue or register the transfer of Tendered Bonds after such date of mailing of notice of redemption.

(d) Bonds delivered upon any registration of transfer or exchange as provided herein or as provided in Section 2.07 hereof shall be valid limited obligations of the City, evidencing the same debt as the Bonds surrendered, shall be secured by the Indenture and shall be entitled to all of the security and benefits hereof to the same extent as the Bond surrendered.

(e) The City[,] [and] the Trustee [and the Insurer] may treat the Registered Owner of any Bond as the absolute owner thereof for all purposes, whether or not such Bond shall be overdue, and shall not be bound by any notice to the contrary. All payments of or on account of the principal of, premium, if any, and interest on any such Bond as herein provided shall be made only to or upon the written order of the Registered Owner thereof or such Registered Owner's legal representative, but such registration may be changed as herein provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Section 2.09. Cancellation. Any Bond surrendered for the purpose of payment or retirement, or for exchange, transfer or replacement, shall be cancelled upon surrender thereof to the Trustee or any Paying Agent. If the City shall acquire any of the Bonds, the City shall deliver such Bonds to the Trustee for cancellation and the Trustee shall cancel the same. Any such Bonds cancelled by any Paying Agent other than the Trustee shall be promptly transmitted by such Paying Agent to the Trustee. Certification of Bonds cancelled by the Trustee and Bonds cancelled by a Paying Agent other than the Trustee which are transmitted to the Trustee shall be made to the City. Cancelled Bonds may be destroyed by the Trustee unless instructions to the contrary are received from the City. Upon the date of final maturity or redemption of all Bonds, the Trustee shall destroy any inventory of unissued certificates.

Section 2.10. Book-Entry Provisions. The provisions of this Section shall apply so long as the Bonds are maintained in book-entry form with The Depository Trust Company or another Securities Depository, any provisions of this [Twenty-Third] Supplemental Indenture to the contrary notwithstanding.

(a) *Payments.* The Bonds shall be payable to the Securities Depository, or its nominee, as the registered owner of the Bonds, on each date on which the principal of, interest on, and premium, if any, on the Bonds is due as set forth in this [Twenty-Third] Supplemental Indenture and in the Bonds. Such payments shall be made to the offices of the Securities Depository specified by the Securities Depository to the City and the

Trustee in writing. Without notice to or the consent of the beneficial owners of the Bonds, the City and the Securities Depository may agree in writing to make payments of principal and interest in a manner different from that set forth herein. In such different manner of payment is agreed upon, the City shall give the Trustee notice thereof, and the Trustee shall make payments with respect to the Bonds in the manner specified in such notice as set forth herein. Neither the City nor the Trustee shall have any obligation with respect to the transfer or crediting of the principal of, interest on, and premium, if any, on the Bonds to Participants or the beneficial owners of the Bonds or their nominees.

(b) *Replacement of the Securities Depository.* The City may discontinue use of a Securities Depository as the depository of the Bonds if (i) the City, in its sole discretion, determines that (A) such Securities Depository is incapable of discharging its duties with respect to the Bonds, or (B) the interest of the beneficial owners of the Bonds might be adversely affected by the continuation of the book-entry system with such Securities Depository as the depository for the Bonds, or (ii) such Securities Depository determines not to continue to act as a depository for the Bonds or is no longer permitted to act as such depository. Notice of any determination pursuant to clause (i) shall be given to such Securities Depository at least 30 days prior to any such determination (or such fewer number of days as shall be acceptable to such Securities Depository). The City shall have no obligation to make any investigation to determine the occurrence of any events that would permit the City to make any determination described in this paragraph.

(c) *Discontinuance of Book-Entry or Change of Securities Depository.* If, following a determination or event specified in paragraph (b) above, the City discontinues the maintenance of the Bonds in book-entry form with the then current Securities Depository, the City will issue replacement Bonds to the successor Securities Depository, if any, or, if no replacement Securities Depository is selected for the Bonds, directly to the Participants as shown on the records of the former Securities Depository or, to the extent requested by any Participant, to the beneficial owners of the Bonds shown on the records of such Participant. Replacement Bonds shall be in fully registered form and in Authorized Denominations, be payable as to interest on the Interest Payment Dates of the Bonds by check or draft mailed to each registered owner at the address of such owner as it appears on the bond registration books maintained by the City for such purpose at the corporate trust office of the Trustee or at the option of any registered owner of not less than $1,000,000 principal amount of Bonds, by wire transfer to any address in the continental United States of America on such Interest Payment Date to such registered owner as of such Record Date, if such registered owner provides the Trustee with written notice of such wire transfer address not later than the Record Date (which notice may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked by subsequent notice). Principal and redemption premium, if any, on the replacement Bonds are payable only upon presentation and surrender of such replacement Bond or Bonds at the corporate trust office of the Trustee.

(d) *Effect of Book-Entry System.* The Securities Depository and its Participants and the beneficial owners of the Bonds, by their acceptance of the Bonds, agree that the City and the Trustee shall not have liability for the failure of such Securities Depository to perform its obligations to the Participants and the beneficial owners of the Bonds, nor shall the City or the Trustee be liable for the failure of any Participant or other nominee of the beneficial owners to perform any obligation of the Participant to a beneficial owner of the Bonds.

Section 2.11. Tax Covenant. The City covenants to take any action required by the provisions of the Code and within its power to take in order to preserve the exemption from federal income taxation of interest on the Bonds (other than with respect to an alternative minimum tax imposed on interest on the Bonds), including, but not limited to, the provisions of Section 148 of the Code relating to "arbitrage bonds."

The City covenants to comply with the provisions of the Tax Agreement governing the use of Bond proceeds.

ARTICLE III

REDEMPTION OF BONDS BEFORE MATURITY

Section 3.01. Redemption Dates and Prices. The Bonds shall be subject to redemption prior to maturity in the amounts, at the times and in the manner provided in this Article III.

(a) *Optional Redemption.* The Bonds maturing on or after January 1, [____] are subject to redemption, otherwise than from mandatory Sinking Fund Payments, at the option of the City, on or after January 1, [____], as a whole or in part at any time, and if in part, in such order of maturity as the City shall determine and within any maturity by lot, at the Redemption Price of 100% of the principal amount of such Bonds or portions thereof to be redeemed, together with accrued interest to the redemption date.

(b) *Mandatory Sinking Fund Redemption.* The Bonds maturing on January 1, [____], are subject to mandatory redemption, in part by lot as provided in the Indenture from mandatory Sinking Fund Payments, on January 1 in each of the years and in the respective principal amounts set forth below, at a redemption price equal to the principal amount thereof to be redeemed plus accrued interest to the date of redemption:

YEAR	PRINCIPAL AMOUNT
	$

If the City redeems Bonds maturing on January 1, [____] pursuant to optional redemption or purchases (other than from amounts held in the Series 201[_]A Dedicated Sub-Fund) such

Bonds and cancels the same, then an amount equal to the principal amount of Bonds of such maturity so redeemed or purchased shall be credited against the unsatisfied balance of future Sinking Fund Payments or the final maturity amount in such amount and against such Sinking Fund Payments or final maturity amount as shall be determined by the City in a Certificate of an Authorized Officer filed with the Trustee prior to the mailing of the notice of redemption of such Bonds or, in the absence of such determination, shall be credited against the unsatisfied balance of the applicable Sinking Fund Payments in inverse order of their payment dates.

Amounts accumulated in the Series 201[ ]A Dedicated Sub-Fund or other amounts delivered to the Trustee for such purpose may, and if so directed by the City shall, be applied by the Trustee, on or prior to the 45th day before the payment date of a Sinking Fund Payment, to the purchase of the Bonds maturing January 1, [____] for which such Sinking Fund Payment is to be made in an amount not exceeding that necessary to complete the retirement of the unsatisfied balance of the Bonds maturing January 1, [____] payable from such Sinking Fund Payment on such payment date. The purchase price paid by the Trustee (excluding accrued interest but including any brokerage and other charges) for any Bond so purchased shall not exceed the Sinking Fund redemption price of such Bond applicable upon its redemption on such payment date. Any Bonds so purchased shall be canceled and the applicable Sinking Fund redemption price thereof shall be credited against the applicable Sinking Fund Payment due on the next payment date.

Section 3.02. Notice of Redemption. (a) Except as hereinafter provided, a copy of the notice of the call for any redemption identifying the Bonds to be redeemed shall be given by first class mail, postage prepaid, not less than 30 or more than 60 days prior to the date fixed for redemption, to [the Insurer and] the Registered Owners of the Bonds to be redeemed at their addresses as shown on the Bond Register. Such notice shall specify the redemption date, the redemption price, the place and manner of payment, and that from the redemption date interest will cease to accrue on the Bonds which are the subject of such notice, and shall include such other information as the Trustee shall deem appropriate or necessary at the time such notice is given to comply with any applicable law, regulation or industry standard. Prior to the date that the redemption notice is first given as aforesaid, funds shall be placed with the Trustee to pay such Bonds, any premium thereon, and accrued interest thereon to the redemption date, or such notice shall state that any redemption is conditional on such funds being deposited on the redemption date, and that failure to deposit such funds shall not constitute an Event of Default under the Indenture; any funds so deposited with the Trustee shall be invested solely in Federal Obligations maturing no later than the earlier of (i) 30 days after the date of placement with the Trustee, or (ii) the redemption date.

(b) In addition to the requirements of subsection (a), notice of the redemption of Bonds or any portion thereof identifying the Bonds or portions thereof to be redeemed shall specify (i) the series name and designation and certificate numbers of Bonds being redeemed, (ii) the CUSIP numbers of the Bonds being redeemed, (iii) the principal amount of Bonds being redeemed and the redeemed amount for each certificate (for partial calls), (iv) the redemption date, (v) the Redemption Price, (vi) the Date of Issuance, (vii) the interest rate and Maturity Date of the Bonds being redeemed, (viii) the date of mailing of notices to Registered Owners and

information services, and (ix) the name of the employee of the Trustee which may be contacted with regard to such notice.

(c) Redemption notices shall also be forwarded by registered mail, telecopier or overnight delivery service to the Securities Depository with the intention that they be received at least two days prior to the date of mailing of notices to Registered Owners.

(d) Failure to give notice in the manner prescribed hereunder with respect to any Bond, or any defect in such notice, shall not affect the validity of the proceedings for redemption for any Bond with respect to which notice was properly given. Upon the happening of the above conditions and if sufficient moneys are on deposit with the Trustee on the applicable redemption date to redeem the Bonds to be redeemed and to pay interest due thereon and premium, if any, the Bonds thus called shall not, after the applicable redemption date, bear interest, be protected by the Indenture or be deemed to be outstanding under the provisions of the Indenture.

(e) If any Bond is transferred or exchanged on the Bond Register after notice has been given calling such Bond for redemption, the Trustee will attach a copy of such notice to the Bond issued in connection with such transfer or exchange.

Section 3.03. No Partial Optional Redemption After Default. Anything in this [Twenty-Third] Supplemental Indenture to the contrary notwithstanding, if there shall have occurred and be continuing an Event of Default of which an officer of the Trustee has actual knowledge, there shall be no optional redemption of less than all of the Bonds at the time outstanding.

Section 3.04. Selection of Bonds for Redemption. If less than all the Bonds shall be called for redemption under any provision of this [Twenty-Third] Supplemental Indenture permitting such partial redemption, the particular Bonds or portions thereof to be redeemed shall be selected in such order of maturity as the City shall determine and within any maturity by lot. In selecting Bonds for redemption, the Trustee shall treat each Bond as representing that number of Bonds which is obtained by dividing the principal amount of such Bond by the minimum Authorized Denomination. If it is determined that one or more, but not all, of the integral multiples of the Authorized Denomination of principal amount represented by any Bond is to be called for redemption, then, upon notice of intention to redeem such integral multiple of an Authorized Denomination, the Registered Owner of such Bond shall forthwith surrender such Bond to the Trustee for (a) payment to such Registered Owner of the redemption price of the integral multiple of the Authorized Denomination of principal amount called for redemption, and (b) delivery to such Registered Owner of a new Bond or Bonds in the aggregate principal amount of the unredeemed balance of the principal amount of such Bond. New Bonds representing the unredeemed balance of the principal amount of such Bond shall be issued to the Registered Owner thereof without charge therefor.

Section 3.05. Deposit of Funds. For the redemption of any of the Bonds, the City shall cause to be deposited in the Principal and Interest Account moneys sufficient to pay when due the principal of, and premium, if any, and interest on, the Bonds to be redeemed on the redemption date to be applied in accordance with the provisions hereof.

Upon calculation by the Trustee of each Series 201[_]A Deposit Requirement under this Section, the Trustee shall notify the City of the Series 201[_]A Deposit Requirement and the Deposit Date to which it relates, and shall provide the City with such supporting documentation and calculations as the City may reasonably request.

[If by the third Business Day preceding any Interest Payment Date the Trustee determines that there is not enough money in the Principal and Interest Account to make the payments of principal or interest due on the Bonds then the Trustee agrees to give notice of that fact to the Insurer as provided in Section 6.02 of this [Twenty-Third] Supplemental Indenture and to the Surety as provided in the Surety Bond. Amounts paid under the Policy shall only be used to pay scheduled principal and interest on the Bonds. The Trustee will take all necessary action to make a claim first on the Surety Bond and then, to the extent necessary, on the Policy.]

Moneys in the Capitalized Interest Account, the Principal and Interest Account and the Debt Service Reserve Account shall be used solely for the payment of the principal of, premium, if any, and interest on the Bonds, for the redemption of the Bonds [(and the Common Reserve Bonds with respect to moneys in the Debt Service Reserve Account as provided in Section 5.08 hereof)] prior to their Maturity Date and for the payment of Section 208 Obligations and Section 209 Obligations, but only to the extent that the Section 208 Obligations and the Section 209 Obligations relate to the Bonds. Funds for such payments shall be derived from the following source or sources but only in the following order of priority:

(a) for payment of interest on the Bonds on each Interest Payment Date with respect to the Bonds, from moneys held in the Capitalized Interest Account;

(b) for payment of interest on or principal of the Bonds on each Interest Payment Date, from moneys transferred from the Project Account and held in the Principal and Interest Account;

(c) for payment of principal of, premium, if any, and interest due on each Payment Date with respect to the Bonds and not otherwise provided for, and with respect

to Section 208 Obligations and Section 209 Obligations, but only to the extent that the Section 208 Obligations and the Section 209 Obligations relate to the Bonds, from moneys held in the Principal and Interest Account, ratably, without preference or priority of any kind; and

(d) for payment of principal of, premium, if any, and interest due on each Payment Date with respect to the [Common Reserve] Bonds and not otherwise provided for, from amounts held in the Debt Service Reserve Account, ratably, without preference or priority of any kind.

In connection with any partial redemption or defeasance prior to maturity of any [Common Reserve] Bonds, the Trustee may, at the request of the City, use any amounts to be on deposit in the Debt Service Reserve Account in excess of the Reserve Requirement after giving effect to such redemption or defeasance to pay principal of, or the principal portion of the redemption price of, the [Common Reserve] Bonds to be redeemed or defeased.

Section 5.06. Use of Moneys in Costs of Issuance Account and Program Fee Account. Moneys deposited into the Costs of Issuance Account shall be used solely for the payment of Costs of Issuance of the Bonds as directed in a certificate of the City filed with the Trustee. Any Qualified Investments held to the credit of the Debt Service Reserve Account shall be valued in accordance with Section 305 of the Indenture.

(b) The moneys in the Debt Service Reserve Account are held for the benefit of all Bonds [and the other Common Reserve Bonds]. Anything herein to the contrary notwithstanding, moneys in the Debt Service Reserve Account shall be held and disbursed for the benefit of [the Bonds] [all Common Reserve Bonds] and such moneys are hereby pledged and assigned for that purpose. So long as any Bonds remain outstanding the City covenants that the Trustee shall hold and disburse the Debt Service Reserve Account for the benefit of Bonds [and the other Common Reserve Bonds].

Section 5.09. Non-presentment of Bonds. In the event any Bond shall not be presented for payment when the principal thereof becomes due, whether at maturity, at the date fixed for redemption or otherwise, if moneys sufficient to pay such Bond shall have been made available to the Trustee for the benefit of the Registered Owner thereof, subject to the provisions of the immediately following paragraph, all liability of the City to the Registered Owner thereof for the payment of such Bond shall forthwith cease, determine and be completely discharged, and thereupon it shall be the duty of the Trustee to hold such moneys, without liability for interest thereon, for the benefit of the Registered Owner of such Bond who shall thereafter be restricted exclusively to such moneys, for any claim of whatever nature on his or her part under the Indenture or on, or with respect to, such Bond.

Any moneys so deposited with and held by the Trustee not so applied to the payment of Bonds within two years after the date on which the same shall have become due shall be repaid by the Trustee to the City, and thereafter the Registered Owners of such Bonds shall be entitled to look only to the City for payment, and then only to the extent of the amount so repaid, and all liability of the Trustee with respect to such moneys shall thereupon cease, and the City shall not be liable for any interest thereon and shall not be regarded as a trustee of such moneys. The obligation of the Trustee under this Section to pay any such funds to the City shall be subject, however, to any provisions of law applicable to the Trustee or to such funds providing other requirements for disposition of unclaimed property.

Section 5.10. Moneys Held in Trust. All moneys required to be deposited with or paid to the Trustee for the account of any Fund or Account referred to in any provision of this [Twenty-Third] Supplemental Indenture shall be held by the Trustee in trust as provided in Section 1003 of the Indenture, and shall, while held by the Trustee, constitute part of the Trust Estate and be subject to the lien or security interest created hereby. Payments under and the Policy shall be used solely and only to pay scheduled principal and interest on the Bonds as provided in the Policy.

Section 5.11. Investment of Moneys. Moneys held in the funds, accounts and sub-accounts established hereunder shall be invested and reinvested in accordance with the provisions governing investments contained in the Indenture[; *provided, however,* that proceeds of the Policy shall only be invested in Federal Obligations maturing no later than the date upon which such moneys will be required to be used in accordance herewith]. Section 5.12. Investment Income. The interest earned on any investment of moneys held hereunder, any profit realized from such investment and any loss resulting from such investment shall be credited or charged to the fund, account or sub-account for which such investment was made; *provided, however,* that any interest earned on, and any profit resulting from, the investment of moneys on deposit in the Debt Service Reserve Account shall be transferred by the Trustee to the Second Lien Revenue Fund.

BOND INSURANCE

Section 6.01. General Provisions. The following covenants shall apply only to the Bonds and shall only be applicable during the period in which any Bonds are Outstanding or any amounts are due to the Insurer under the Policy, and the Insurer has not lost its rights pursuant to Section 1104 of the Indenture. The covenants contained in this Article VI may only be enforced by the Insurer and may be modified, amended or waived at any time with the prior written consent of the Insurer and without the consent of the Trustee (so long as such modification or amendment imposes no additional duties on the Trustee) or any holder of the Bonds.

The City hereby covenants with the Insurer as follows:

(a) Any provision of the Indenture expressly recognizing or granting rights in or to the Insurer may not be amended in any manner which affects the rights of the Insurer without the prior written consent of the Insurer. The Insurer reserves the right to charge the City a fee for any consent or amendment to the Indenture while the Policy is outstanding.

(b) As long as the Policy is in effect and the Insurer shall have satisfied its obligations thereunder, the Insurer shall be entitled to exercise all of the rights to direct proceedings granted to the Owners of Bonds under the Indenture and in such event shall be further entitled to direct the Trustee with respect to the use and disposition of moneys on deposit in the Principal and Interest Account of the Series 201[_]A Dedicated Sub-Fund (including, without limitation, the right to direct the Trustee to pay over all or any part of such moneys to the Insurer) until all of the obligations to the Insurer under the Indenture shall have been satisfied in full. As long as the Policy shall be in effect, and

the Insurer shall have satisfied its obligations thereunder, the Owners of the Bonds shall not exercise any remedies without the consent of the Insurer.

(c) Anything in the Indenture to the contrary notwithstanding, in determining whether the rights of the Owners of the Bonds will be adversely affected by any action taken pursuant to the terms and provisions of the Indenture, the Trustee shall consider the effect on the Owners of the Bonds as if there were no Policy.

Section 6.02. Payment Procedure Pursuant to the Policy. As long as the Policy shall be in full force and effect, the City and the Trustee agree to comply with the following provisions:

(a) At least one business day prior to all Interest Payment Dates, the Trustee will determine whether there will be sufficient funds in the funds and accounts to pay the principal of or interest on the Bonds on such Interest Payment Date. If the Trustee determines that there will be insufficient funds in such funds or accounts, the Trustee shall so notify the Insurer. Such notice shall specify the amount of the anticipated deficiency, the Bonds to which such deficiency is applicable and whether such Bonds will be deficient as to principal or interest, or both. If the Trustee has not so notified the Insurer at least one business day prior to an Interest Payment Date, the Insurer will make payments of principal or interest due on the Bonds on or before the first business day next following the date on which the Insurer shall have received notice of nonpayment from the Trustee.

(b) The Trustee shall, after giving notice to the Insurer as provided in (a) above, make available to the Insurer and, at the Insurer's direction, to The Bank of New York Mellon in New York, New York, as insurance trustee for the Insurer or any successor insurance trustee (the *"Insurance Trustee"*), the registration books of the City maintained by the Trustee and all records relating to the funds and accounts maintained under this [Twenty-Third] Supplemental Indenture.

(c) The Trustee shall provide the Insurer and the Insurance Trustee with a list of registered owners of Bonds entitled to receive principal or interest payments from the Insurer under the terms of the Policy, and shall make arrangements with the Insurance Trustee (i) to mail checks or drafts to the registered owners of the Bonds entitled to receive full or partial interest payments from the Insurer and (ii) to pay principal upon the Bonds surrendered to the Insurance Trustee by the registered owners of the Bonds entitled to receive full or partial principal payments from the Insurer.

(d) The Trustee shall, at the time it provides notice to the Insurer pursuant to (a) above, notify registered owners of Bonds entitled to receive the payment of principal or interest thereon from the Insurer (i) as to the fact of such entitlement, (ii) that the Insurer will remit to them all or a part of the interest payments next coming due upon proof of Bondholder entitlement to interest payments and delivery to the Insurance Trustee, in form satisfactory to the Insurance Trustee, of an appropriate assignment of the registered owner's right to payment, (iii) that should they be entitled to receive full payment of principal from the Insurer, they must surrender their Bonds (along with an

appropriate instrument of assignment in form satisfactory to the Insurance Trustee, to permit ownership of such Bonds to be registered in the name of the Insurer) for payment to the Insurance Trustee, and not the Trustee, and (iv) that should they be entitled to receive partial payment of principal from the Insurer, they must surrender their Bonds for payment thereon first to the Trustee, who shall note on such Bonds the portion of the principal paid by the Trustee, and then, along with an appropriate instrument of assignment in form satisfactory to the Insurance Trustee, to the Insurance Trustee, which will then pay the unpaid portion of principal.

(e) In the event that the Trustee has notice that any payment of principal of or interest on a Bond which has become Due for Payment and which is made to a Bondholder by or on behalf of the City has been deemed a preferential transfer and theretofore recovered from its registered owner pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with the final, non-appealable order of a court having competent jurisdiction, the Trustee shall, at the time the Insurer is notified pursuant to (a) above, notify all registered owners that in the event that any registered owner's payment is so recovered, such registered owner will be entitled to payment from the Insurer to the extent of such recovery if sufficient funds are not otherwise available, and the Trustee shall furnish to the Insurer its records evidencing the payments of principal of and interest on the Bonds which have been made by the Trustee and subsequently recovered from registered owners and the dates on which such payments were made.

(f) In addition to those rights granted the Insurer under this [Twenty-Third] Supplemental Indenture, the Insurer shall, to the extent it makes payment of principal of or interest on Bonds, become subrogated to the rights of the recipients of such payments in accordance with the terms of the Policy, and to evidence such subrogation (i) in the case of subrogation as to claims for past due interest, the Trustee shall note the Insurer's rights as subrogee on the registration books of the City maintained by the Trustee, upon receipt from the Insurer of proof of the payment of interest thereon to the registered owners of the Bonds, and (ii) in the case of subrogation as to claims for past due principal, the Trustee shall note the Insurer's rights as subrogee on the registration books of the City maintained by the Trustee upon surrender of the Bonds by the registered owners thereof together with proof of the payment of principal thereof.

Section 6.03. The Insurer as Third Party Beneficiary. To the extent that the Indenture confers upon or gives or grants to the Insurer, any right, remedy or claim under or by reason of the Indenture, the Insurer is hereby explicitly recognized as being a third-party beneficiary under the Indenture and may enforce any such right, remedy or claim conferred, given or granted under the Indenture.

Section 6.04. Notices and Other Information to Be Given to the Insurer. (a) While the Policy is in effect, the City shall furnish upon request the following to the Insurer (to the attention of the Surveillance Department):

(i) as soon as practicable after the filing thereof, a copy of any financial statement of the City and a copy of any audit and annual report of the City;

(ii) a copy of any notice to be given to the Owners of the Bonds, including, without limitation, notice of any redemption of or defeasance of the Bonds, and any certificate rendered pursuant to the Indenture relating to the security for the Bonds, at no cost to the Insurer;

(iii) the Insurer will receive written notice of the resignation of the Trustee;

(iv) such additional information it may reasonably request; and

(v) all information delivered pursuant to the Continuing Disclosure Undertaking executed in connection with the issuance of the Bonds.

(b) The City shall notify the Insurer (to the attention of the General Counsel Office) of the following:

(i) any failure of the City to provide relevant notices, certificates, etc.; and

(ii) notwithstanding any other provision of the Indenture, immediately if at any time there are insufficient moneys to make any payments of principal and/or interest as required and immediately upon the occurrence of any event of default under the Indenture.

(c) The City will permit the Insurer to discuss the affairs, finances and accounts of the City or any information the Insurer may reasonably request regarding the security for the Bonds with appropriate officers of the City. The City will permit the Insurer to have access to and to make copies of all books and records relating to the Bonds at any reasonable time.

Section 6.05. Payment of Bonds by Insurer. Notwithstanding anything in the Indenture to the contrary, in the event that the principal and/or interest due on the Bonds shall be paid by the Insurer pursuant to the Policy, the Bonds shall remain Outstanding for all purposes, not be defeased or otherwise satisfied and not be considered paid by the City, and the assignment and pledge described in Granting Clauses of the Indenture and all covenants, agreements and other obligations of the City to the registered owners of the Bonds shall continue to exist and shall run to the benefit of the Insurer, and shall be subrogated to the rights of the registered owners of the Bonds.]

Capitalized terms used but not defined in this Ordinance have the meanings set forth in Section 1.3 below.

Section 1.2. Findings. It is found and declared as follows:

(a) The City is a duly constituted and existing municipality within the meaning of Section 1 of Article VII of the Constitution, and is a "home rule unit" under Section 6(a) of Article VII of the Constitution.

(b) The City has constructed and is maintaining and operating the Sewer System to meet the needs of the City's inhabitants and other users of the Sewer System. The Sewer System is operated under the supervision and control of the Department of Water Management of the City. The City has undertaken a program to improve, extend and rehabilitate the Sewer System by acquiring, constructing, improving and equipping the Projects.

(g) The aggregate estimated amount of Project Costs and/or Refunding Purposes exceeds $400,000,000. The City does not have available funds sufficient to pay such Project Costs or to refund such portion of the Outstanding Bonds.

(h) The City has determined to authorize the issuance of its 2016 Subordinate Lien Obligations, subject to the authorization limits specified in this Ordinance, and has previously authorized the issuance of its other Subordinate Lien Obligations, subject to the applicable authorization limits specified in such ordinances, for one or more of the purposes of (i) paying Project Costs, (ii) paying costs related to issuance of the Subordinate Lien Obligations, (iii) making a deposit in the respective Subordinate Lien Obligations Sub-subaccount of the respective Subordinate Lien Debt Service Reserve Subaccount, if and as required under any I.E.P.A. The Sewer Revenue Fund shall continue as a separate fund of the City. The Sewer Revenue Fund shall constitute a trust fund and has been and is irrevocably pledged to the owners of the Senior Lien Bonds, the Second Lien Bonds (but solely with respect to amounts on deposit in the Second Lien Bonds Account), the Subordinate Lien Obligations (but solely with respect to amounts on deposit in the Subordinate Lien Obligations Account), and the Short Term Obligations (but solely with respect to amounts on deposit in the Commercial Paper and Line of Credit Account), from time to time Outstanding for the sole purpose of carrying out the covenants, terms and conditions of this Ordinance and the ordinances authorizing the issuance of Senior Lien Bonds, the Second Lien Bonds (but solely with respect to amounts on deposit in the Second Lien Bonds Account), the Subordinate Lien Obligations (but solely with respect to amounts on deposit in the Subordinate Lien Obligations Account), and the Short Term Obligations (but solely with respect to amounts on deposit in the Commercial Paper and Line of Credit Account).

No lien or security interest in the Senior Lien Construction Accounts is granted to any owner of any Second Lien Bond, Subordinate Lien Obligation or Short Term Obligation. Nothing in this Ordinance shall prevent the City from commingling money in the Sewer Revenue Fund (except the Accounts to which reference is made in paragraphs (a) through (f) of Section 2.2 of this Ordinance and the Senior Lien Construction Accounts) with other money, funds and accounts of the City. Any advance by the City to the Sewer Revenue Fund from other funds of the City shall have a claim for reimbursement only from amounts in the Sewer Revenue Fund not required for deposit in the various Accounts specified in paragraphs (a) through (f) of Section 2.2 of this Ordinance.

Section 2.2. Application of Net Revenues Available For Bonds. There have been created and there exist in the Sewer Revenue Fund the following separate accounts: the Bond Principal and Interest Account, the Bond Debt Service Reserve Account, the Sewer Rate Stabilization Account and the Senior Lien Rebate Accounts. There also have been created and shall be maintained in the Sewer Revenue Fund (i) the Second Lien Bonds Account and its various Subaccounts for each series of Second Lien Bonds; (ii) the Subordinate Lien Obligations Account and its various Subaccounts for each series of Subordinate Lien Obligations; and (iii) the Commercial Paper and Line of Credit Account and its various Subaccounts. The Net Revenues Available for Bonds shall be transferred, without any further official action or direction, to the Bond Principal and Interest Account, the Bond Debt Service Reserve Account, the Senior Lien Rebate Accounts, the Second Lien Bonds Account, the Subordinate Lien Obligations Account, the Commercial Paper and Line of Credit Account and the Sewer Rate Stabilization Account in the order in which those accounts are listed below, for use in accordance with the provisions of paragraphs (a), (b), (c), (d), (e), (f) and (g) of this Section 2.2.

(a) **Bond Principal and Interest Account.** Not later than 10 days prior to each principal or interest payment date for the Senior Lien Bonds, there shall be transferred to the Bond Principal and Interest Account sufficient funds to pay the amount of the principal, redemption premium, if any, and interest becoming due, whether upon maturity, redemption or otherwise, and amounts owed on Interest Rate Hedge Agreements for any Outstanding Senior Lien Bonds on such payment date on all Outstanding Senior Lien Bonds.

Funds in the Bond Principal and Interest Account shall be used only for the purpose of paying principal of, redemption premium, if any, and interest on Outstanding Senior Lien Bonds and amounts owed on Interest Rate Hedge Agreements for any Outstanding Senior Lien Bonds as the same become due.

(b) **Bond Debt Service Reserve Account.**

(i) Amounts in the Bond Debt Service Reserve Account shall be deposited in a separate account with a Depository designated by the Authorized Officer. Whenever the balance in the Bond Debt Service Reserve Account is less than the Bond Debt Service Reserve Requirement for the Senior Lien Bonds, except as permitted pursuant to the provisions of any ordinance authorizing the issuance of any Senior Lien Bonds,

there shall be transferred to the Bond Debt Service Reserve Account within the next 12 months sufficient funds to maintain balances in the Bond Debt Service Reserve Account at least equal to the Bond Debt Service Reserve Requirement for the Senior Lien Bonds.

Except as may be required to be credited to the Senior Lien Rebate Accounts and except for amounts in excess of the Bond Debt Service Reserve Requirement (which excess amounts may be transferred to any account of the Sewer Revenue Fund), funds in the Bond Debt Service Reserve Account and any Bond Debt Service Reserve Account Credit Instruments in that Account shall be used to pay principal of, redemption premium, if any, and interest on the Senior Lien Bonds as the same become due at any time when there are insufficient funds available for such purpose in the Bond Principal and Interest Account (after any available amounts in the Sewer Rate Stabilization Account have first been applied to that purpose).

(ii) All or any part of the Bond Debt Service Reserve Requirement may be met by deposit in the Bond Debt Service Reserve Account of one or more Bond Debt Service Reserve Account Credit Instruments. A Bond Debt Service Reserve Account Credit Instrument shall, for purposes of determining the value of the amounts on deposit in the Bond Debt Service Reserve Account, be valued at the Bond Debt Service Reserve Account Credit Instrument Coverage for the Bond Debt Service Reserve Account Credit Instrument except as provided in the next sentence. If a Bond Debt Service Reserve Account Credit Instrument is to terminate (or is subject to termination) prior to the last principal payment date on any Outstanding Senior Lien Bond, then the Bond Debt Service Reserve Account Credit Instrument Coverage of that Bond Debt Service Reserve Account Credit Instrument shall be reduced each year, beginning on the date that is four years prior to the first date on which the Bond Debt Service Reserve Account Credit Instrument is to terminate (or is subject to termination), by 25 percent of the coverage in each of the years remaining prior to such date, provided that if by the terms of the Bond Debt Service Reserve Account Credit Instrument and the terms of the related ordinance, the City has the right and duty to draw upon the Bond Debt Service Reserve Account Credit Instrument prior to its termination for deposit in the Bond Debt Service Reserve Account (if and to the extent a substitute Bond Debt Service Reserve Account Credit Instrument is not deposited in the Bond Debt Service Reserve Account) all or part of its Bond Debt Service Reserve Account Credit Instrument Coverage, then the reduction shall be in an amount equal to the difference between (A) the Bond Debt Service Reserve Requirement and (B) the sum of the amounts on deposit in the Bond Debt Service Reserve Account and the amount that the City may draw under the Bond Debt Service Reserve Account Credit Instrument prior to its termination for deposit in the Bond Debt Service Reserve Account. Any amounts in the Bond Debt Service Reserve Account that are not required to be transferred to the Bond Principal and Interest Account may, from time to time, be used to pay costs of acquiring a Bond Debt Service Reserve Account Credit Instrument or to make payments due under a Bond Debt Service Reserve Reimbursement Agreement, but only if after such payment, the value of the Bond Debt Service Reserve Account shall not be less than the Bond Debt Service Reserve Requirement. The City pledges and grants a lien on and security interest in the amounts on deposit in the Bond Debt Service Reserve Account to any Bond Debt Service Reserve Provider with respect to such Bond Debt Service Reserve Provider's Bond Debt Service Reserve Account Credit Instrument, provided that the pledge, lien and security interest shall be junior to any claim for the benefit of the owners of the Outstanding Senior Lien Bonds or any party to an Interest Rate Hedge Agreement related thereto.

After the deposit of a Bond Debt Service Reserve Account Credit Instrument into the Bond Debt Service Reserve Account and after the City has received notice of the value of the Bond Debt Service Reserve Account after such deposit, the Authorized Officer may then direct the transfer from the Bond Debt Service Reserve Account to any account of the Sewer Revenue Fund of any amounts in the Bond Debt Service Reserve Account in excess of the Bond Debt Service Reserve Requirement.

(c) **Senior Lien Rebate Accounts**. There shall be transferred from the Sewer Revenue Fund from Net Revenues Available for Bonds and deposited to the credit of the Senior Lien Rebate Accounts the amounts as shall be required to be held available for rebate to the United States of America with respect to each series of Senior Lien Bonds as required by the provisions of any ordinance authorizing the issuance of Senior Lien Bonds. The amount to be so deposited shall be specified in a certificate of the Authorized Officer. The moneys in the various Subaccounts of the Second Lien Bonds Account shall be transferred by the Authorized Officer on the date so deposited in such various Subaccounts to the appropriate paying agents or trustees for the related series of Second Lien Bonds for the purpose of paying such amounts as may be required to be paid by the ordinances and related indentures authorizing such Second Lien Bonds, including amounts owed with respect to any Interest Rate Hedge Agreements for such Second Lien Bonds.

The monies in the various Subaccounts of the Subordinate Lien Obligations Account shall be used to pay such amounts as may be required to be paid by the ordinances authorizing such Subordinate Lien Obligations.

There shall be transferred to the Commercial Paper and Line of Credit Account and to the Subaccounts in the Commercial Paper and Line of Credit Account such amounts on such dates as are required to be so transferred by the applicable CP Indenture governing the terms of such Commercial Paper Notes and the applicable Line of Credit Agreement governing the terms of such Line of Credit Notes. The moneys in the various Subaccounts of the Commercial Paper and Line of Credit Account shall be transferred by the Authorized Officer on the date so deposited in such various Subaccounts to the appropriate paying agents or trustees for the related Commercial Paper Notes for the purpose of paying such amounts as may be required to be paid by the ordinances and related CP Indenture governing such Commercial Paper Notes and for the related Line of Credit Notes for the purpose of paying such amounts as may be required to be paid by the ordinances and related Line of Credit Agreement governing such Line of Credit Notes.

At the time of sale of a series of the 2016 Bonds, the Authorized Officer is authorized to determine

the manner of redeeming such 2016 Bonds, either pro rata and/or by lot, if less than all of such 2016 Bonds of a single maturity and the same interest rate are to be redeemed.

(e) Each 2016 Bond shall be issued in fully registered form and in the denominations set forth in the 2016 Bonds Indenture; and shall be dated and numbered and further designated and identified as provided in the 2016 Bonds Indenture.

(f) Principal of, redemption premium, if any, and interest on the 2016 Bonds shall be payable as provided in the 2016 Bonds Indenture.

(g) Subject to the limitations set forth in Section 3.1 of this Ordinance and in this Section 3.3, authority is delegated to the Authorized Officer to determine the purpose or purposes (specified in Section 3.2 of this Ordinance) for which the 2016 Bonds are to be issued, the aggregate principal amount of 2016 Bonds to be issued, the date thereof, the maturities thereof, any provisions for optional redemption thereof (which optional redemption shall (except as provided in subsection (h) below) be at redemption prices not exceeding 120 percent of the principal amount of the 2016 Bonds to be so redeemed), the schedule of sinking fund payments to be applied to the mandatory redemption thereof (which mandatory redemption shall be at a redemption price equal to the principal amount of each 2016 Bond to be redeemed, without premium, plus accrued interest), the rate or rates of interest payable thereon, and the first interest payment date thereof.

(h) Notwithstanding the foregoing, the 120 percent limitation on the redemption price of 2016 Bonds shall not apply where the redemption price is based upon a formula designed to compensate the Registered Owners of 2016 Bonds to be redeemed based upon prevailing market conditions on the date fixed for redemption, commonly known as a "make-whole" redemption price (the *"Make-Whole Redemption Price"*). At the time of sale of the 2016 Bonds, the Authorized Officer shall determine the provisions of the formula to be used to establish any Make-Whole Redemption Price, which may vary depending on whether 2016 Bonds are issued on a taxable or tax-exempt basis. The Authorized Officer shall confirm and transmit the applicable Make-Whole Redemption Price on such dates and to such parties as shall be necessary to effectuate such redemption.

Section 3.4. Determination by Authorized Officer as to Borrowing for the Projects and the Refunding of Outstanding Bonds. Upon the sale of the 2016 Bonds, the Authorized Officer shall determine the amount to be borrowed for each of the purposes identified in Section 3.2 of this Ordinance, which may not exceed the amounts authorized by this Ordinance for each such purpose and such determinations shall be set forth in the Determination Certificate.

Section 3.5. Sale of 2016 Bonds.

(a) The Authorized Officer is authorized to execute on behalf of the City, with the concurrence of the Chairman of the Committee on Finance of the City Council, one or more Bond Purchase Agreements for the sale by the City of the 2016 Bonds to the Initial Purchasers selected by the Authorized Officer pursuant to a negotiated sale on such terms as the Authorized Officer may deem to be in the best interests of the City, as provided in this Ordinance. Such terms include, without limitation, the aggregate principal amount of the 2016 Bonds of such series, the amount of any original issue discount, the maturity or maturities of the 2016 Bonds of such series, the issuance of such 2016 Bonds as serial bonds or as term bonds subject to mandatory sinking fund redemption or as any combination of serial bonds and term bonds, the numbering of such 2016 Bonds, the interest rate or rates or interest rate

determination method or methods for such 2016 Bonds and the redemption terms applicable to such 2016 Bonds, all as provided in and subject to the limitations expressed in this Article III. The purchase price of the 2016 Bonds of a series shall not be less than 85 percent of the original principal amount of such 2016 Bonds plus any accrued interest on such 2016 Bonds from their date to the date of their delivery and less any original issue discount on the 2016 Bonds. Each Bond Purchase Agreement shall be in substantially the form previously used for similar financings of the City with appropriate revisions to reflect the terms and provisions of the 2016 Bonds and such other revisions in text as the Authorized Officer shall determine are desirable or necessary in connection with the sale of the 2016 Bonds. The Authorized Officer may in the applicable Determination Certificate make such changes to the terms of the 2016 Bonds of each series from those provided in this Ordinance as he or she shall determine but that shall result in the 2016 Bonds having substantially the terms and being in substantially the form provided by this Ordinance. The compensation paid to the Initial Purchasers in connection with any sale of 2016 Bonds shall not exceed five percent of the principal amount of the 2016 Bonds being sold. Nothing contained in this Ordinance shall limit the sale of the 2016 Bonds or any maturity or maturities thereof at a price or prices in excess of the principal amount thereof.

(b) The Authorized Officer also is authorized to select the 2016 Bonds Trustee. The Authorized Officer is further authorized to take the actions and execute and deliver the documents and instruments specified in this Ordinance. The 2016 Bonds shall be then duly prepared and executed in the form and manner provided in this Ordinance and delivered to the Initial Purchasers upon payment for them in accordance with the terms of sale.

(c) The Authorized Officer is authorized to cause to be prepared and delivered to prospective purchasers of the 2016 Bonds of a series one or more Preliminary Official Statements or other disclosure documents as shall be approved by the Authorized Officer, that shall be in substantially the forms previously used for similar financings of the City with appropriate revisions to reflect the terms and provisions of the 2016 Bonds of such series and to describe accurately the current condition of the Sewer System and the parties to the financing. Upon the sale of the 2016 Bonds of a series, the Authorized Officer is authorized to cause a final Official Statement or other disclosure document to be prepared, executed and (i) delivered to the Initial Purchasers and (ii) filed with the Office of the Clerk directed to the City Council.

(d) Upon a finding by the Authorized Officer that the purchase of municipal bond insurance for all or any part of the 2016 Bonds is likely to facilitate the marketing and sale of the 2016 Bonds and permit completion of such sale in a timely fashion, and that such insurance is available at an acceptable premium, the Authorized Officer is authorized to cause the City to purchase a policy of municipal bond insurance for such 2016 Bonds, payable from amounts received upon the sale of such 2016 Bonds or from available funds in the Sewer Revenue Fund, and to execute any related agreements with the provider of such municipal bond insurance. Such policy shall be provided by a bond insurance company or association approved by the Authorized Officer. In addition, upon a finding by the Authorized Officer that the purchase of a Debt Service Reserve Account Credit Instrument is appropriate, and that such Debt Service Reserve Account Credit Instrument is available at an acceptable cost, the Authorized Officer is authorized to cause the City to obtain a Debt Service Reserve Account Credit Instrument to satisfy the Debt Service Reserve Requirement for the 2016 Bonds of a series, the cost of which shall be payable from amounts received upon the sale of such 2016 Bonds or from available funds in the Sewer Revenue Fund, and to execute a Debt Service Reserve Reimbursement Agreement and any related agreements with the Debt Service Reserve Provider of such Debt Service Reserve Account Credit Instrument. The Authorized Officer may on behalf of the City

make necessary covenants with respect to any municipal bond insurance or Debt Service Reserve Account Credit Instrument consistent with this Ordinance.

(e) Subsequent to each such sale, the Authorized Officer shall file in the Office of the Clerk, directed to the City Council (i) a Determination Certificate setting forth, or referring to the 2016 Bonds Indenture filed pursuant to clause (iv), below, to evidence (A) the designation and the terms of sale of the 2016 Bonds of a series, (B) the interest rate or rates or interest rate determination method or methods for such 2016 Bonds, (C) the identities of the 2016 Bonds Trustee and the Initial Purchasers, (D) the specific amounts and maturities of the Outstanding Bonds to be refunded with proceeds of the 2016 Bonds of such series (the *"Refunded Bonds"*), (E) the date or dates on and price or prices at which the Refunded Bonds are to be redeemed, (F) the amount of any original issue discount, (G) any arrangements made for municipal bond insurance or Debt Service Reserve Account Credit Instrument, including any covenants made by the City with respect thereto, and (H) the determinations made pursuant to Section 3.4 of this Ordinance with respect to the purpose or purposes specified in Section 3.2 of this Ordinance for which the 2016 Bonds are being issued, the amount or amounts being borrowed for each such purpose, (ii) an executed copy of the Bond Purchase Agreement reflecting concurrence of the Chairman of the Committee on Finance of the City Council in the determinations made by the Authorized Officer as to the terms of sale of the 2016 Bonds of such series; (iii) the final Official Statement of the City or other disclosure document as provided in Section 3.5(c) above with respect to the 2016 Bonds; and (iv) the 2016 Bonds Indenture authorizing such series in the form to be executed and delivered by the City.

(f) The 2016 Bonds may be issued in either certificated or book-entry form as determined by the Authorized Officer. In connection with the issuance of any 2016 Bonds issued in book-entry form, the Authorized Officer is authorized to select the book-entry depository and to execute and deliver a representation letter to the book-entry depository.

(g) The Mayor or the Authorized Officer is authorized to execute and deliver a Continuing Disclosure Undertaking with respect to each series of the 2016 Bonds (the *"Continuing Disclosure Undertaking"*) evidencing the City's agreement to enable the Initial Purchasers to comply with the requirements of Section (b)(5) of Rule 15c2-12 (the *"Rule"*) adopted by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934 in a form approved by the Corporation Counsel if required by the Rule. Upon its execution and delivery on behalf of the City as herein provided, each Continuing Disclosure Undertaking shall be binding upon the City. The officers, employees and agents of the City including, without limitation, the Authorized Officer, are authorized to do all such acts and things and to execute all such documents as may be necessary to carry out and comply with the provisions of each Continuing Disclosure Undertaking as executed. The Authorized Officer is further authorized to amend the Continuing Disclosure Undertaking in accordance with its terms from time to time following its execution and delivery as said officer shall deem necessary. Notwithstanding any other provision of this Ordinance, the sole remedies for failure to comply with any Continuing Disclosure Undertaking shall be the ability of the beneficial owner of any 2016 Bond to seek mandamus or specific performance by court order to cause the City to comply with its obligations under any Continuing Disclosure Undertaking. No failure by the City to comply with the Continuing Disclosure Undertaking shall constitute a default under this Ordinance, the 2016 Bonds Indenture, or the 2016 Bonds.

ARTICLE IV.

Section 4.1. Construction Account; Establishment; Deposit of Funds; Uses.

(b) The proceeds of sale of the 2016 Bonds of a series described in the Determination Certificate as being issued for the purposes set forth in paragraph (c), below, and as required by the 2016 Bonds Indenture, shall be deposited to the credit of the Construction Account: 2016 Second Lien Bonds. This account shall be held in a separate account by a Depository. Funds in the Construction Account: 2016 Second Lien Bonds shall be invested by the Depository at the direction of the Authorized Officer in Permitted Investments, provided that such investments shall be scheduled to mature before the moneys invested are needed to pay Project Costs, including Costs of Issuance and any capitalized interest. All interest received on or profits derived from such investments shall remain in the Construction Account: 2016 Second Lien Bonds until disbursed as provided in paragraph (c) below.

(c) Disbursements shall be made from the Construction Account: 2016 Second Lien Bonds from time to time for the purpose of paying Project Costs, including Costs of Issuance and paying capitalized interest on the 2016 Bonds. The money received from the 2016 Bonds and deposited in the Construction Account: 2016 Second Lien Bonds shall be used to provide funds for all or any part of the Projects. The Projects for which disbursements may be made from the Construction Account: 2016 Second Lien Bonds may be amended from time to time by the Budget Director or an Authorized Officer to provide for the efficient operation of the Sewer System.

Within 60 days after completion of the Projects and the payment of all Project Costs, any funds remaining in the Construction Account: 2016 Second Lien Bonds shall be transmitted by the Depository to the City for transfer to any Debt Service Reserve Account established under any 2016 Bonds Indenture for a series of 2016 Bonds of the same lien status, or, if such account is not required to be funded, to the Sewer Revenue Fund, provided that no such transfer shall be made to any Debt Service Reserve Account if the sum of (i) the proceeds of the 2016 Bonds of such series previously deposited in such Debt Service Reserve Account, other than from the Construction Account: 2016 Second Lien Bonds and (ii) the total amount of funds previously transferred and to be transferred from the Construction Account: 2016 Second Lien Bonds to such Debt Service Reserve Account exceeds 10 percent of the proceeds of such series of 2016 Bonds.

If the Authorized Officer determines to proceed with the refunding of a portion of the Outstanding Bonds as authorized by this Ordinance, the City shall establish one or more escrow accounts (each, an *"Escrow Account"*) for the defeasance of the respective series of the Refunded Bonds with an escrow agent selected by the Authorized Officer or, if deemed necessary by the Authorized Officer, the paying agents for the Refunded Bonds of each such series, as escrow agent (each, an *"Escrow Agent"*). From the amounts received upon the sale of the 2016 Bonds, as set forth in the Determination Certificate, the City shall make an irrevocable deposit into each Escrow Account

of an amount sufficient to purchase investment obligations and to deposit cash that shall be sufficient to defease the Refunded Bonds to be so refunded, as provided in the ordinances or trust indentures authorizing each series of Refunded Bonds to be so refunded. The City shall enter into an escrow agreement with each such Escrow Agent (each, an *"Escrow Agreement"*) in a form as shall be determined by the Authorized Officer. The Authorized Officer is authorized to execute and deliver each Escrow Agreement on behalf of the City. The City, by entering into the Escrow Agreement, shall irrevocably determine to call for redemption each such Refunded Bond to be refunded at its earliest optional redemption date, to the extent deemed by the Authorized Officer to be in the best financial interests of the City. In connection with the execution of each Escrow Agreement, the Authorized Officer is authorized to execute and deliver, or to direct the Escrow Agent to execute and deliver, agreements providing for the investment or reinvestment of funds held in the Escrow Account.

From and after such time as no Senior Lien Bonds are Outstanding, the following Accounts of the Sewer Revenue Fund shall cease to exist: the Bond Principal and Interest Account, the Bond Debt Service Reserve Account, the Senior Lien Bonds Construction Accounts and any Accounts established in respect of Senior Lien Parity Bonds in the Sewer Revenue Fund; amounts in such Accounts shall remain part of the Sewer Revenue Fund. The City will establish, maintain and collect at all times fees, charges and rates for the use and service of the Sewer System sufficient at all times to (a) pay Operation and Maintenance Costs, (b) produce Net Revenues Available for Bonds sufficient to pay the principal (at maturity or pursuant to mandatory sinking fund redemption) of and interest on all Senior Lien Bonds then Outstanding from time to time and to establish and maintain the Bond Principal and Interest Account and the Bond Debt Service Reserve Account as may be covenanted in ordinances authorizing the issuance of Senior Lien Bonds, which Net Revenues Available for Bonds shall each Fiscal Year at least equal one hundred fifteen percent of the sum required to pay promptly when due the Bond Debt Service Requirement for the Fiscal Year on all Senior Lien Bonds then Outstanding, (c) produce Second Lien Bond Revenues sufficient to pay the principal (at maturity or pursuant to mandatory sinking fund redemption) of and interest on all Second Lien Bonds then Outstanding from time to time and to establish and maintain the Second Lien Bonds Account as may be covenanted in the ordinances authorizing the issuance of Second Lien Bonds, (d) produce Subordinate Lien Obligation Revenues sufficient to pay the principal (at maturity or pursuant to mandatory sinking fund redemption) of and interest on all Subordinate Lien Obligations then Outstanding from time

to time and to establish and maintain the Subordinate Lien Obligations Account as may be covenanted in the ordinances authorizing the issuance of Subordinate Lien Obligations, which Subordinate Lien Obligation Revenues shall each Fiscal Year at least equal one hundred fifteen percent of the sum required to pay promptly when due the Subordinate Lien Debt Service Requirement for the Fiscal Year on all Subordinate Lien Obligations Outstanding, and (e) produce CP/Line of Credit Notes Revenues sufficient to pay the principal (at maturity or pursuant to mandatory sinking fund redemption) of and interest on all Line of Credit Notes and all Commercial Paper Notes then Outstanding from time to time and to establish and maintain the Commercial Paper and Line of Credit Account as may be covenanted in the contracts governing the issuance of Line of Credit Notes and/or Commercial Paper Notes. These fees, charges and rates shall not be reduced, while any Subordinate Lien Obligations are Outstanding, below the level necessary to ensure compliance with the covenants of this Article V. The City will, prior to the end of each Fiscal Year, conduct a review to determine if it has been and will be in compliance with the rate covenant set forth above. Whenever the annual review indicates that projected Gross Revenues will not be sufficient to comply with such rate covenant, the City shall have prepared a rate study for the Sewer System identifying the rate changes necessary to comply with the rate covenant and the Budget Director and the Authorized Officer shall recommend appropriate action to the City Council to comply with this rate covenant.

Section 5.2. Investment of Proceeds. The City covenants that it will take no action in the investment of the proceeds of the 2016 Bonds (other than 2016 Bonds issued as Taxable Bonds), which would result in making the interest payable on any of the 2016 Bonds subject to federal income taxes by reason of such 2016 Bonds being classified as *"arbitrage bonds"* within the meaning of Section 148 of the Code. The City further covenants that it will act with respect to the proceeds of the 2016 Bonds (other than 2016 Bonds issued as Taxable Bonds), the earnings on the proceeds of such 2016 Bonds and any other moneys on deposit in any fund or account maintained in respect of such 2016 Bonds, including, if necessary, a rebate of such earnings to the United States of America, in a manner which would cause the interest on such 2016 Bonds to continue to be exempt from federal income taxation under Section 103(a) of the Code, or any successor Code of the United States of America.

(c) Whenever the balance in any Sub-subaccount of the Subordinate Lien Debt Service Reserve Subaccount exceeds the amount required to be on deposit in that Sub-subaccount, such excess may be transferred to the Sewer Revenue Fund, provided that no

such transfers shall be made when any debt service payments on outstanding obligations of the City that are payable by their terms from the revenues of the Sewer Revenue System are past due. Any funds that remain in the Sewer Revenue Fund at the end of any Fiscal Year shall be retained in the Sewer Revenue Fund and shall be available for appropriation for any proper purpose of the Sewer System.

Section 1.01. Authority. This Ordinance is adopted pursuant to Section 6(a) of Article VII of the Constitution. This Ordinance authorizes the issuance of Second Lien Water Revenue Project and Refunding Bonds, Series 2016B (the "2016B Second Lien Bonds") as follows: (i) Part B of this Ordinance authorizes the issuance, from time to time, of 2016B Second Lien Bonds in one or more series, in such principal amounts and with such terms and provisions as are set forth in Part B, in the Second Lien Bonds Master Indenture previously approved by the City and in the Tenth Supplemental Indenture approved in Part B; and (iii) Part C of this Ordinance sets forth provisions generally applicable to the 2016B Second Lien Bonds.

Section 1.02. Findings. It is found and declared as follows:

(a) The City is a duly constituted and existing municipality within the meaning of Section 1 of Article VII of the Constitution, and is a "home rule unit" under Section 6(a) of Article VII of the Constitution.

(b) The City has constructed and is maintaining and operating the Water System to meet the needs of the City's inhabitants and other users of the Water System and for fire protection. The Water System is operated under the supervision and control of the Department of Water Management of the City.

(c) The City has determined to improve and expand the Water System, and to issue bonds and other obligations to pay the costs of such improvement and expansion.

(d) The estimated useful life of the Projects is no longer than the final maturity of the Project Bonds. It is advisable and necessary and in the best interests of the City that the City undertake and complete the Projects.

(e) The City does not have available funds sufficient to pay 2016B Costs (as defined in clause (i) below).

(f) The City has issued and has outstanding its Outstanding Senior Lien Bonds, Outstanding Second Lien Bonds and Outstanding Subordinate Lien Obligations.

(g) The City has determined to ascertain whether the refunding of all or a portion of the outstanding Second Lien Bonds will reduce the aggregate debt service payable by the City with respect to the Bonds or restructure such debt service in a manner deemed to be in the best interests of the Water System and the City.

(h) The City has determined that it is advisable and in the best interests of the City to authorize the issuance from time to time of its Second Lien Water Revenue Project and Refunding Bonds, Series 2016B (the "2016B Second Lien Bonds"), subject to the authorization limits specified in this Ordinance, in one or more series for any one or more of the purposes of (1) refunding the Refunded Bonds, (2) paying Project Costs, (3) funding capitalized interest on the 2016B Second Lien Bonds, (4) paying Costs of Issuance of the 2016B Second Lien Bonds, (5) paying the costs of acquiring a Qualified Reserve Account Credit Instrument for the 2016B Second Lien Bonds or making a deposit to the 2016B Second Lien Bonds Dedicated Subaccount in the amount required by the Tenth Supplemental Indenture or a Supplemental Indenture, and (6) providing for any discount on the 2016B Second Lien Bonds.

(i) The proceeds of the 2016B Second Lien Bonds incurred for the costs described in clause (h), (1) – (6) above (the "2016B Costs") will not exceed the amount required to pay such costs.

(j) In accordance with the covenants of the City in the Second Lien Bonds Master Indenture, concurrent with the issuance, sale and delivery of the 2016B Second Lien Bonds, all the conditions and requirements in Section 4.06 of the Second Lien Bonds Master Indenture shall have been fully satisfied and complied with and, based upon such satisfaction and compliance, if the City shall issue 2016B Second Lien Bonds pursuant to this Ordinance, such 2016B Second Lien Bonds will have a claim for payment from Second Lien Bond Revenues on an equal and ratable basis with the 2000 Second Lien Bonds, the 2001 Second Lien Bonds, the 2004 Second Lien Bonds, the 2006 Second Lien Bonds, the Series 2008 Second Lien Bonds, the Series 2010 Second Lien Bonds, the 2012 Second Lien Bonds and the 2014 Second Lien Bonds.

(k) The City proposes to issue and sell the 2016B Second Lien Bonds for one or more of the purposes described in subsection (i) above in the manner authorized in this Ordinance in an aggregate principal amount not to exceed $200,000,000 plus an amount equal to the amount of any original issue discount used in marketing the 2016B Second Lien Bonds, as determined by the Chief Financial Officer in accordance with the terms of this Ordinance. The limit on the authorized amount of 2016B Second Lien Bonds under this Ordinance shall be exclusive of any premium received upon the issuance of the 2016B Second Lien Bonds.

(l) The borrowing authorized by this Ordinance and the issuance of the 2016B Second Lien Bonds are for proper public purposes and are in the public interest. The City has the power to borrow for the purposes set forth in this Ordinance and to issue the 2016B Second Lien Bonds.

(m) The City's ability to issue 2016B Second Lien Bonds, from time to time without further action by the City Council at various times, in various principal amounts and with various interest rates and interest rate determination methods, maturities, redemption provisions and other terms will enhance the City's opportunities to obtain financing upon the most favorable terms available at such time of issuance.

(n) Authority is granted to the Chief Financial Officer to determine to sell from time to time the 2016B Second Lien Bonds in one or more series, at such time as the Chief Financial Officer determines that such sale or sales is desirable and in the best financial interest of the Water System.

(o) This Ordinance is adopted pursuant to the City's constitutional home rule powers.

(c) The Chief Financial Officer is authorized to cause to be prepared and delivered to prospective purchasers of the 2016B Second Lien Bonds of a series a Preliminary Official Statement or other disclosure document, as shall be approved by the Chief Financial Officer that shall be in substantially the form previously used for similar financings of the City with appropriate revisions to reflect the terms and provisions of the 2016B Second Lien Bonds of such series and to describe accurately the current condition of the Water System and the parties to the financing. Upon sale of the 2016B Second Lien Bonds of a series, the Chief Financial Officer is authorized to cause a final Official Statement or other disclosure document to be prepared, executed and (i) delivered to the Second Lien Bond Initial Purchasers and (ii) filed with the Office of the City Clerk or the Deputy City Clerk directed to the City Council.

(d) Upon a finding by the Chief Financial Officer that the purchase of municipal bond insurance for the 2016B Second Lien Bonds of a series is likely to facilitate the marketing and sale of such 2016B Second Lien Bonds and permit completion of such sale in a timely fashion, and that such insurance is available at an acceptable premium, the Chief Financial Officer is authorized to cause the City to purchase a Section 2.08 Obligation consisting of a policy of municipal bond insurance for the 2016B Second Lien Bonds of such series, payable from amounts received upon the sale of such 2016B Second Lien Bonds or from available funds in the Water Fund. Such policy shall be provided by a bond insurance company or association approved by the Chief Financial Officer. In addition, upon a finding by the Chief Financial Officer that the purchase of a Qualified Reserve Account Credit Instrument is appropriate, and that such Qualified Reserve Account Credit Instrument is available at an acceptable cost, the Chief Financial Officer is authorized to cause the City to obtain a Qualified Reserve Account Credit Instrument to satisfy the Debt Service Reserve Requirement for the 2016B Second Lien Bonds of a series, the cost of which shall be payable from amounts received upon the sale of such 2016B Second Lien Bonds or from available funds in the Water Fund, and to execute an agreement relating to such Qualified Reserve Account Credit Instrument and any related agreements with the Second Lien Bond Provider of such Qualified Reserve Account Credit Instrument. The Chief Financial Officer may on behalf of the City make necessary covenants with respect to any policy of municipal bond insurance or Qualified Reserve Account Credit Instrument consistent with this Ordinance, including, without limitation, granting the provider of a policy of municipal bond insurance or the Second Lien Bond Provider the right to consent to amendments to this Ordinance on behalf of the Registered Owners of the 2016B Second Lien Bonds of a series so long as such provider is not in default and is observing its obligations under such policy or Qualified Reserve Account Credit Instrument.

(e) Subsequent to each such sale, the Chief Financial Officer shall file in the Office of the City Clerk or the Deputy City Clerk directed to the City Council (i) a Second Lien Bond Determination Certificate setting forth the terms of sale of the 2016B Second Lien Bonds of such series consistent with Section 2.04(a) and (f) of this Part B and, if appropriate, the designations described in Section 2.04(b) of this Part B, (ii) an executed copy of the Second Lien Bond Purchase Agreement, reflecting concurrence of the Chairman of the Committee on Finance of the City Council in the determinations made by the Chief Financial Officer as to the terms of sale of such 2016B Second Lien Bonds, (iii) the Preliminary Official Statement, the final Official Statement and/or other disclosure document of the City as provided in Section 2.04(c) of this Part B, (iv) the Tenth Supplemental Indenture or Supplemental Indenture, as appropriate, (v) an executed copy of the remarketing agreement, if any and (vi) if applicable, an executed copy of the agreement relating to such Section 2.08 Obligation and promissory note.

If so determined and directed by the Chief Financial Officer in the Second Lien Bond Determination Certificate in connection with the sale of any of the 2016B Second Lien Bonds, the 2016B Second Lien Bonds shall be issued in book-entry only form. In connection with the issuance of 2016B Second Lien Bonds in book-entry only form, the Chief Financial Officer is authorized to execute and deliver to the book-entry depository selected by the Chief Financial Officer such depository's standard form of representation letter.

Section 2.05. Additional Authorization. The Mayor or the Chief Financial Officer is hereby also authorized to convert the interest rate on any Outstanding Second Lien Bonds from a variable to a fixed interest rate, and in connection therewith to enter into any agreements determined by such officer to be necessary or appropriate.

ARTICLE III
WATER FUND AND ACCOUNTS

Section 3.01. Revenue Obligation. Any Outstanding Senior Lien Bonds shall have a claim, solely from the Net Revenues Available for Bonds, and the Accounts of the Water Fund established as provided in Section 3.03 of this Part B (except as provided in the immediately succeeding sentence), but with a claim with respect to each series of Outstanding Senior Lien Bonds the Subaccount of the Senior Lien Debt Service Reserve Account to which such series relates. The Senior Lien Bonds shall have no claim for payment from amounts on deposit in the Second Lien Bonds Account or from Second Lien Bond Revenues, or from amounts on deposit in the Subordinate Lien Obligations Account or from Subordinate Lien Obligation Revenues. The claim for payment of the Senior Lien Bonds from accounts of the Water Fund and from Net Revenues Available for Bonds shall be senior to the claim of bonds issued on a subordinate basis to the Senior Lien Bonds, including Second Lien Bonds and Subordinate Lien Obligations.

Section 3.02. Water Fund. There has been created and there exists a separate fund of the City designated the Water Fund into which the Gross Revenues of the Water System are and shall be deposited as collected. The Water Fund shall continue as a separate fund of the City. The Water Fund shall constitute a trust fund and has been and is irrevocably pledged to the owners of the Senior Lien Bonds, Second Lien Bonds (but solely with respect to amounts on deposit in the Second Lien Bonds Account), Subordinate Lien Obligations (but solely with respect to amounts on deposit in the Subordinate Lien Obligations Account), CP Notes (but solely with respect to amounts on deposit in the Commercial Paper Account) and Water System

Line of Credit Notes (but solely with respect to amounts on deposit in the Line of Credit Notes Account) from time to time Outstanding for the sole purpose of carrying out the covenants, terms and conditions of the ordinances authorizing the Senior Lien Bonds, Second Lien Bonds (but solely with respect to amounts on deposit in the Second Lien Bonds Account), Subordinate Lien Obligations (but solely with respect to amounts on deposit in the Subordinate Lien Obligations Account), CP Notes (but solely with respect to amounts on deposit in the Commercial Paper Account) and Water System Line of Credit Notes (but solely with respect to amounts on deposit in the Line of Credit Notes Account).

The Water Fund shall be used only as provided in this Part B and in the ordinances authorizing Bonds for (a) paying Operation and Maintenance Costs, (b) paying the principal of, redemption premium, if any, and interest on Senior Lien Bonds (or purchasing Senior Lien Bonds), and (c) establishing and maintaining (for the purposes specified in those ordinances) the Senior Lien Bonds Construction Accounts and the Accounts in the Water Fund described in Section 3.03 of this Part B and all other reserve funds or accounts which are required to be established and maintained in the ordinances authorizing the issuance of Senior Lien Bonds, Second Lien Bonds, Subordinate Lien Obligations, CP Notes and Water System Line of Credit Notes; provided that any funds available after these requirements have been satisfied or which are not necessary to satisfy these requirements may be used for any lawful purpose of the Water System.

A lien on and security interest in the Net Revenues Available for Bonds and the various Accounts of the Water Fund established as provided in Section 3.03 of this Part B (other than the Second Lien Bonds Account, the Subordinate Lien Obligations Account, the Commercial Paper Account and the Line of Credit Notes Account) are granted to the Registered Owners of the Senior Lien Bonds Outstanding from time to time, subject to amounts in the various Accounts being deposited, credited and expended as provided in this Ordinance, and with amounts in various Subaccounts of the Senior Lien Debt Service Reserve Account securing only the series or set of series of Senior Lien Bonds to which such Subaccounts relate. Nothing in this Ordinance shall prevent the City from commingling money in the Water Fund (except the Accounts to which reference is made in paragraphs (a) through (g) of Section 3.03 of this Part B) with other money, funds and accounts of the City. Any advance by the City to the Water Fund from other funds of the City shall have a claim for reimbursement only from amounts in the Water Fund not required for deposit in the various Accounts specified in paragraphs (a) through (g) of Section 3.03 of this Part B.

Section 3.03. Application of Net Revenues Available for Bonds. There have been created and there exist and shall be maintained in the Water Fund, the following separate accounts: the Senior Lien Principal and Interest Account, the Senior Lien Debt Service Reserve Account and its various Subaccounts, the Water Rate Stabilization Account and the Senior Lien Rebate Accounts. There have also been created and shall be maintained in the Water Fund, (i) the Second Lien Bonds Account and its various Subaccounts for each series of Second Lien Bonds, (ii) the Subordinate Lien Obligations Account and its various Subaccounts for each series of Subordinate Lien Obligations, (iii) the Commercial Paper Account and its various Subaccounts and (iv) the Line of Credit Notes Account and its various Subaccounts. The Net Revenues Available for Bonds shall be transferred, without any further official action or direction, to the Senior Lien Principal and Interest Account, the Senior Lien Debt Service Reserve Account, the Senior Lien Rebate Accounts, the Second Lien Bonds Account, the

Subordinate Lien Obligations Account, the Commercial Paper Account, the Line of Credit Notes Account and the Water Rate Stabilization Account in the order in which those accounts are listed below, for use in accordance with the provisions of paragraphs (a), (b), (c), (d), (e), (f), (g) and (h) of this Section 3.03.

(a) Senior Lien Principal and Interest Account. Not later than 10 days prior to each principal or interest payment date for the Senior Lien Bonds, there shall be transferred to the Senior Lien Principal and Interest Account sufficient funds to pay the amount of the principal, redemption premium, if any, and interest becoming due, whether upon maturity, redemption or otherwise, on such payment date on all Outstanding Senior Lien Bonds.

Funds in the Senior Lien Principal and Interest Account shall be used only for the purpose of paying principal of, redemption premium, if any, and interest on Outstanding Senior Lien Bonds as the same become due.

(b) Senior Lien Debt Service Reserve Account.

(i) There may be established by any ordinances authorizing the issuance of any series of Senior Lien Parity Bonds one or more other Subaccounts in the Senior Lien Debt Service Reserve Account with respect to one or more series of Senior Lien Parity Bonds.

(ii) Whenever the balance in the various Subaccounts of the Senior Lien Debt Service Reserve Account is less than the Senior Lien Debt Service Reserve Requirement for the various series of Senior Lien Bonds, except as permitted pursuant to Section 6.01(b) of this Part B, there shall be transferred to the Senior Lien Debt Service Reserve Account within the next 12 months sufficient funds to maintain balances in the various Subaccounts of the Senior Lien Debt Service Reserve Account at least equal to the Senior Lien Debt Service Reserve Requirement for the various series of Senior Lien Bonds.

Funds in any Subaccount of the Senior Lien Debt Service Reserve Account and any Senior Lien Debt Service Reserve Account Credit Instruments in that Subaccount shall be used to pay principal of, redemption premium, if any, and interest on the Senior Lien Bonds of the series to which the Subaccount relates (or when series of Senior Lien Bonds are secured on a parity basis by Subaccounts relating to those various series, then funds in each such Subaccount shall be so used on a parity basis to pay principal of, redemption premium, if any, and interest on the Senior Lien Bonds to which those various Subaccounts relate) as the same become due at any time when there are insufficient funds available for such purpose in the Senior Lien Principal and Interest Account (after any available amounts in the Water Rate Stabilization Account have first been applied to that purpose).

(iii) All or any part of the Senior Lien Debt Service Reserve Requirement for any series of Senior Lien Bonds may be met by deposit with the City of one or more Senior Lien Debt Service Reserve Account Credit Instruments. A Senior Lien Debt Service Reserve Account Credit Instrument shall, for purposes of determining the value of the amounts on deposit in the Senior Lien Debt Service Reserve Account and the Subaccount or Subaccounts to which it relates, be valued at the Senior Lien Debt Service Reserve Account Credit Instrument Coverage for such Senior Lien Debt Service

Reserve Account Credit Instrument except as provided in the next sentence. If a Senior Lien Debt Service Reserve Account Credit Instrument is to terminate (or is subject to termination) prior to the last principal payment date on any Outstanding Senior Lien Bond of the series of Senior Lien Bonds to which it relates, then the Senior Lien Debt Service Reserve Account Credit Instrument Coverage of that Senior Lien Debt Service Reserve Account Credit Instrument shall be reduced each year, beginning on the date which is four years prior to the first date on which the Senior Lien Debt Service Reserve Account Credit Instrument is to terminate (or is subject to termination), by 25 percent of the coverage in each of the years remaining prior to such date, provided that if by the terms of the Senior Lien Debt Service Reserve Account Credit Instrument and the terms of the related Senior Lien Bond ordinance, the City has the right and duty to draw upon such Senior Lien Debt Service Reserve Account Credit Instrument prior to its termination for deposit in the related Subaccount of the Senior Lien Debt Service Reserve Account (if and to the extent a substitute Senior Lien Debt Service Reserve Account Credit Instrument is not deposited in that related Subaccount) all or part of its Senior Lien Debt Service Reserve Account Credit Instrument Coverage, then the reduction shall be in an amount equal to the difference between (A) the Senior Lien Debt Service Reserve Requirement for that series of Senior Lien Bonds and (B) the sum of the amounts on deposit in the related Subaccount of the Senior Lien Debt Service Reserve Account and the amount which the City may draw under the Senior Lien Debt Service Reserve Account Credit Instrument prior to its termination for deposit in the related Subaccount of the Senior Lien Debt Service Reserve Account. Any amounts in any Subaccount of the Senior Lien Debt Service Reserve Account which are not required to be transferred to the Senior Lien Principal and Interest Account may, from time to time, be used to pay costs of acquiring a Senior Lien Debt Service Reserve Account Credit Instrument for that Subaccount or to make payments due under a Senior Lien Bond Reimbursement Agreement with respect to such Senior Lien Debt Service Reserve Account Credit Instrument, but only if after such payment, the value of the amounts on deposit in such Subaccount of the Senior Lien Debt Service Reserve Account shall not be less than the Senior Lien Debt Service Reserve Requirement for that series of Senior Lien Bonds. The City pledges and grants a lien on and security interest in the amounts on deposit in the Subaccounts of the Senior Lien Debt Service Reserve Account to any Senior Lien Bond Provider with respect to the particular Subaccount corresponding to such Senior Lien Bond Provider's Senior Lien Debt Service Reserve Account Credit Instrument, provided that the pledge, lien and security interest shall be junior to any claim for the benefit of the Registered Owners of Senior Lien Bonds of that series.

After the deposit of a Senior Lien Debt Service Reserve Account Credit Instrument into any Subaccount of the Senior Lien Debt Service Reserve Account and after the City has received notice of the value of the amounts on deposit in such Subaccount of the Senior Lien Debt Service Reserve Account after such deposit, the Chief Financial Officer may then direct the transfer from such Subaccount of the Senior Lien Debt Service Reserve Account to any account of the Water Fund of any amounts in such Subaccount of the Senior Lien Debt Service Reserve Account in excess of the Senior Lien Debt Service Reserve Requirement for that series of Senior Lien Bonds for use in accordance with Section 3.07 of this Part B.

(c) Senior Lien Rebate Accounts. There shall be transferred from the Water Fund from Net Revenues Available for Bonds and deposited to the credit of the various Senior Lien Rebate Accounts the amounts as shall be required to be held available for rebate to the United States of America with respect to each series of Bonds as required by Section 3.06 of this Part B. Each such Senior Lien Rebate Account shall be deposited in a separate bank account in a bank or banks designated by the Chief Financial Officer pursuant to a depository agreement. The amount so to be held available shall be determined from time to time by the City pursuant to the ordinances authorizing the various series of Senior Lien Bonds.

Amounts in such Senior Lien Rebate Accounts shall be used at the direction of the City to make rebate payments to the United States of America and to the extent not needed for such purpose shall be transferred to the Water Fund.

(d) Second Lien Bonds Account. There is established in the Second Lien Bonds Account with respect to the 2016B Second Lien Bonds a separate and segregated 2016B Second Lien Bonds Subaccount. There may be established by any ordinances or related indentures authorizing the issuance of any series of Second Lien Parity Bonds one or more other Subaccounts in the Second Lien Bonds Account with respect to such Second Lien Parity Bonds including a Debt Service Reserve Account for such series of Second Lien Parity Bonds, and such ordinance or indenture may also authorize the establishment of a Series Reserve Account Requirement (as defined in the Second Lien Bonds Master Indenture) for such series of Second Lien Parity Bonds and the purchase of a Qualified Reserve Account Credit Instrument (as defined in the Second Lien Bonds Mater Indenture) for purposes of fulfilling such requirement. There shall be transferred to the Second Lien Bonds Account and to the Subaccounts in the Second Lien Bonds Account such amounts on such dates as are required to be so transferred by the Tenth Supplemental Indenture and each other Supplemental Indenture without priority of one Subaccount over any other Subaccount. The moneys in the various Subaccounts of the Second Lien Bonds Account shall be transferred by the Chief Financial Officer on the date so deposited in such various Subaccounts to the appropriate paying agents or trustees for the related series of Second Lien Bonds for the purpose of paying such amounts as may be required to be paid by the ordinances and related indentures authorizing such Second Lien Bonds.

(e) Subordinate Lien Obligations Account. There have been established and there shall exist and be maintained in the Subordinate Lien Obligations Account the following separate and segregated Subaccounts: the Subordinate Lien Principal and Interest Subaccount and the Subordinate Lien Debt Service Reserve Subaccount. There may be established by any ordinances authorizing the issuance of any series of Subordinate Lien Parity Obligations one or more Sub-subaccounts in the Subordinate Lien Principal and Interest Subaccount and Subordinate Lien Debt Service Reserve Subaccount with respect to such Subordinate Lien Parity Obligations. On the business day immediately preceding each May 1 and November 1, there shall be transferred to the Subordinate Lien Obligations Account, the amount required by any ordinance authorizing the issuance of Subordinate Lien Obligations to be deposited in the Subordinate Lien Obligations Account on such date without priority, one over the other, to any Subaccounts within the Subordinate Lien Obligations Account, the amount to be so deposited specified in a certificate of the Chief Financial Officer. The moneys in the various Subaccounts of the Subordinate Lien Obligations Account and Sub-subaccounts described in this paragraph (e) shall be used to pay such amounts as may be required to be paid by this Ordinance and any ordinance authorizing Subordinate Lien Parity Obligations.

(f) Commercial Paper Account. There has been established and there shall exist and be maintained in the Water Fund a separate and segregated Commercial Paper Account. There may be established by any ordinances or related indentures authorizing the issuance of any CP Notes one or more other Subaccounts in the Commercial Paper Account with respect to such CP Notes. There shall be transferred to the Commercial Paper Account and to the Subaccounts in the Commercial Paper Account such amounts on such dates as are required to be so transferred by the indenture pursuant to which the CP Notes are issued. The moneys in the various Subaccounts of the Commercial Paper Account shall be transferred by the Chief Financial Officer on the date so deposited in such various Subaccounts to the appropriate paying agents or trustees for the related CP Notes for the purpose of paying such amounts as may be required to be paid by the ordinances and related indentures authorizing such CP Notes.

(g) Line of Credit Notes Account. There has been established and there shall exist and be maintained in the Water Fund a separate and segregated Line of Credit Notes Account. There may be established by any ordinances or related Water System Line of Credit Agreements authorizing the issuance of any Water System Line of Credit Notes one or more other Subaccounts in the Line of Credit Notes Account with respect to such Water System Line of Credit Notes. There shall be transferred to the Line of Credit Notes Account and to the Subaccounts in the Line of Credit Notes Account such amounts on such dates as are required to be so transferred by the Water System Line of Credit Agreements pursuant to which the Water System Line of Credit Notes are issued. The moneys in the various Subaccounts of the Line of Credit Notes Account shall be transferred by the Chief Financial Officer on the date so deposited in such various Subaccounts to the appropriate owners of or paying agents or trustees for the related Water System Line of Credit Notes for the purpose of paying such amounts as may be required to be paid by the ordinances and related Water System Line of Credit Agreements authorizing such Water System Line of Credit Notes.

(h) Water Rate Stabilization Account. The City has caused amounts to be credited to the Water Rate Stabilization Account. In any year the City may withdraw any amounts from the Water Rate Stabilization Account and use those amounts for (i) paying any expenses or obligations of the Water System, including, without limitation, any Operation and Maintenance Costs, (ii) making deposits in the Senior Lien Principal and Interest Account, (iii) making deposits in the various Subaccounts of the Senior Lien Debt Service Reserve Account, (iv) making deposits when due in the Second Lien Bonds Account (but only if and to the extent no amounts are required to be deposited in the Senior Lien Principal and Interest Account and in the various Subaccounts of the Senior Lien Debt Service Reserve Account as provided in the immediately succeeding sentence), (v) making deposits when due in the Subordinate Lien Obligations Account (but only if and to the extent no amounts are required to be deposited in the Senior Lien Principal and Interest Account, the various Subaccounts of the Senior Lien Debt Service Reserve Account as provided in the immediately succeeding sentence or in the Second Lien Bonds Account), (vi) making deposits when due in the Commercial Paper Account (but only if and to the extent no amounts are required to be deposited in the Senior Lien Principal and Interest Account, the various Subaccounts of the Senior Lien Debt Service Reserve Account, in the Second Lien Bond Accounts or the Subordinate Lien Obligations Account), (vii) making deposits when due in the Line of Credit Notes Account (but only if and to the extent no amounts are required to be deposited in the Senior Lien Principal and Interest Account, the various Subaccounts of the Senior Lien Debt Service Reserve Account, in the Second Lien Bond Accounts, in the Subordinate Lien Obligations Account or in the Commercial Paper Account), (viii) any cost of repairs, replacements, renewals, improvements, equipment or

extensions to the Water System or (ix) any other cost or expense relating to the Water System or the financing or refinancing of the Water System. The Water Rate Stabilization Account shall be used to make all required deposits in the Senior Lien Principal and Interest Account and the various Subaccounts of the Senior Lien Debt Service Reserve Account when no other funds are available for that purpose. Any Net Revenues remaining in any period not required for transfer to the Senior Lien Principal and Interest Account, the various Subaccounts of the Senior Lien Debt Service Reserve Account, any Senior Lien Rebate Account, the Second Lien Bonds Account, the Subordinate Lien Obligations Account, the Commercial Paper Account or the Line of Credit Notes Account may be transferred to the Water Rate Stabilization Account at any time upon the direction of the Chief Financial Officer.

Section 3.04. Deficiencies, Excess. In the event of a deficiency in any Fiscal Year in the Senior Lien Principal and Interest Account, any Subaccount of the Senior Lien Debt Service Reserve Account, any Senior Lien Rebate Account, the Second Lien Bonds Account, or the Subordinate Lien Obligations Account, the Commercial Paper Account or the Line of Credit Notes Account, the amount of such deficiency shall be included in the amount to be transferred from the Water Fund and deposited into such Account or Subaccount during the next 12-month period or succeeding Fiscal Year, as required by this Part B.

Whenever the balance in any Subaccount of the Senior Lien Debt Service Reserve Account exceeds the amount required to be on deposit in that Account or Subaccount, such excess may be transferred to the Senior Lien Principal and Interest Account, and whenever the balance in any Subaccount of any Senior Lien Rebate Account exceeds the amount required to be on deposit in that Account or Subaccount, such excess may be transferred to the Water Fund, provided in each case that no such transfers shall be made when any debt service payments on outstanding obligations of the City that are payable by their terms from the revenues of the Water System are past due. Any funds which remain in the Water Fund at the end of any Fiscal Year shall be retained in the Water Fund and shall be available for appropriation for any proper purpose of the Water System.

All Investment Earnings on any such Accounts so invested as provided in this Section 3.05 shall be credited to the Water Fund and shall be considered Gross Revenues; provided, however, that earnings on the investment of amounts on deposit in the Senior Lien Rebate Accounts shall not be Investment Earnings, shall not be considered Gross Revenues and shall be retained in the respective Senior Lien Rebate Accounts except to the extent no longer required for rebate purposes.

For purposes of determining whether sufficient cash and investments are on deposit in such Accounts under the terms and requirements of this Ordinance, investments shall be valued at cost or market price, whichever is lower, on or about December 31 in each year.

(g) The principal of the Series 2016B Bonds shall be payable at the designated corporate trust office of the Trustee or, at the option of the Registered Owners, at the designated corporate trust office of any Paying Agent named in such Series 2016B Bonds, upon presentation and surrender of such Series 2016B Bonds.

(h) Payment of interest on Series 2016B Bonds shall be paid by check mailed on the Interest Payment Date to the persons appearing on the Bond Register as the Registered Owners of such Series 2016B Bonds as of the close of business of the Trustee on the Record Date at the addresses of such Registered Owners as they appear on the Bond Register, or at such other addresses as are furnished to the Trustee in writing by the Registered Owners not later than the Record Date. Payment of interest on any Series 2016B Bond shall be made to the Registered Owner of $1,000,000 or more in aggregate principal amount of Series 2016B Bonds as of the close of business of the Trustee on the Record Date for a particular Interest Payment Date by wire transfer to such Registered Owner on such Interest Payment Date upon written notice from such Registered Owner containing the wire transfer address within the United States to which such Registered Owner wishes to have such wire directed, which written notice is received not later than the Business Day next preceding the Record Date.

(i) The Series 2016B Bonds shall bear interest from and including the Date of Issuance, until payment of the principal or redemption price of such Series 2016B Bonds shall have been made or provided for in accordance with the provisions of this Tenth Supplemental Indenture, whether at the Maturity Date or otherwise.

Section 2.02. Execution; Limited Obligations. The Series 2016B Bonds shall be executed on behalf of the City with the official manual or facsimile signature of the Mayor of the City and attested with the official manual or facsimile signature of its City Clerk or Deputy City Clerk, and shall have affixed, impressed, imprinted or otherwise reproduced on such Series 2016B Bonds the corporate seal of the City or a facsimile of such seal. The Series 2016B Bonds are issued pursuant to and in full compliance with the Constitution and laws of the State, and pursuant to the Series 2016B Bond Ordinance. The Series 2016B Bonds, the Section 2.08 Obligations and the Section 2.09 Obligations are not general obligations of the City, but are limited obligations payable solely from the Trust Estate, including Second Lien Bond Revenues, amounts on deposit in the Second Lien Bonds Account and the 2016B Construction Account,

and shall be a valid claim of the respective Registered Owners of the Series 2016B Bonds only against the Trust Estate, including amounts on deposit in the Second Lien Bonds Account (other than monies, instruments and securities or any Qualified Reserve Account Credit Instrument on deposit in a Debt Service Reserve Account for any other Series of Second Lien Bonds issued or to be issued) and the 2016B Construction Account and other moneys held by the Trustee or otherwise pledged therefor, which amounts are by this Tenth Supplemental Indenture pledged, assigned and otherwise held as security for the equal and ratable payment of the Series 2016B Bonds, the Section 2.08 Obligations and the Section 2.09 Obligations, and shall be used for no other purpose than to pay the principal of, premium, if any, and interest on the Series 2016B Bonds, the Section 2.08 Obligations and the Section 2.09 Obligations, except as may be otherwise expressly authorized in the Indenture or in this Tenth Supplemental Indenture. Neither the Series 2016B Bonds, the Section 2.08 Obligations nor the Section 2.09 Obligations shall constitute an indebtedness of the City or a loan of credit of the City within the meaning of any constitutional or statutory limitation, and neither the faith and credit nor the taxing power of the City, the State or any political subdivision of the State is pledged to the payment of the principal of premium, if any, or the interest on the Series 2016B Bonds, the Section 2.08 Obligations or the Section 2.09 Obligations, or other costs incident to the Series 2016B Bonds, the Section 2.08 Obligations or the Section 2.09 Obligations. In case any officer whose signature or a facsimile of whose signature shall appear on the Series 2016B Bonds shall cease to be such officer before the delivery of such Series 2016B Bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, as if such officer had remained in office until delivery.

Section 2.03. Authentication. No Series 2016B Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Tenth Supplemental Indenture unless and until such certificate of authentication in substantially the form attached to this Indenture as part of *Exhibit A* shall have been duly executed by the Trustee, and such executed certificate of the Trustee, upon any such Series 2016B Bond shall be conclusive evidence that such Series 2016B Bond has been authenticated and delivered under this Tenth Supplemental Indenture. The Trustee's certificate of authentication on any Series 2016B Bond shall be deemed to have been executed by it if (i) signed by an authorized signatory of the Trustee, but it shall not be necessary that the same signatory sign the certificates of authentication on all of the Series 2016B Bonds issued under this Tenth Supplemental Indenture and (ii) the date of authentication on such Series 2016B Bond is inserted in the place provided for such date in the certificate of authentication.

Section 2.04. Form of Series 2016B Bonds; Temporary Series 2016B Bonds. The Series 2016B Bonds issued under this Tenth Supplemental Indenture shall be substantially in the form attached to this Indenture as *Exhibit A*, with such appropriate variations, omissions and insertions as are permitted of required by this Tenth Supplemental Indenture.

Pending preparation of definitive Series 2016B Bonds, or by agreement with the purchasers of such Series 2016B Bonds, the City may issue and, upon its request, the Trustee shall authenticate, in lieu of definitive Series 2016B Bonds, one or more temporary printed or typewritten Bonds in Authorized Denominations of substantially the tenor recited above. Upon request of the City, the Trustee shall authenticate definitive Series 2016B Bonds in exchange for and upon surrender of an equal principal amount of temporary Series 2016B Bonds. Until so exchanged, temporary Series 2016B Bonds shall have the same rights, remedies and security under this Tenth Supplemental Indenture as definitive Series 2016B Bonds.

Section 2.05. Delivery of Series 2016B Bonds. Upon the execution and delivery of this Tenth Supplemental Indenture, the City shall execute and deliver to the Trustee, and the Trustee shall authenticate, the Series 2016B Bonds and deliver them to the purchasers as may be directed by the City as provided in this Section.

Prior to the delivery by the Trustee of the Series 2016B Bonds there shall be filed with the Trustee:

(i) a copy, duly certified by the City Clerk or Deputy City Clerk of the City, of the Series 2016B Bond Ordinance;

(ii) original executed counterparts of the Indenture and this Tenth Supplemental Indenture;

(iii) a Counsel's Opinion or Opinions to the effect that (A) the City had the right and power to adopt the Series 2016B Bond Ordinance; (B) the Series 2016B Bond Ordinance has been duly and lawfully adopted by the City Council, is in full force and effect and is valid and binding upon the City and enforceable in accordance with its terms (except as limited by any applicable bankruptcy liquidation, reorganization, insolvency or other similar laws and by general principles of equity in the event equitable remedies are sought); (C) the Indenture and this Tenth Supplemental Indenture have been duly and lawfully authorized by all necessary action on the part of the City, have been duly and lawfully executed by authorized officers of the City, are in full force and effect and are valid and binding upon the City and enforceable in accordance with their terms (except as limited by any applicable bankruptcy, liquidation, reorganization, insolvency or other similar laws and by general principles of equity in the event equitable remedies are sought); (D) the Series 2016B Bond Ordinance, the Indenture and this Tenth Supplemental Indenture create the valid pledge of the Trust Estate, including Second Lien Bond Revenues and moneys and securities held in the Second Lien Bonds Account (other than monies, instruments and securities or any Qualified Reserve Account Credit Instrument on deposit in a Debt Service Reserve Account for any other Series of Second Lien Bonds issued or to be issued) under the Series 2016B Bond Ordinance, the Indenture and this Tenth Supplemental Indenture for the benefit and security of the Series 2016B Bonds; subject to application of such moneys and securities in the manner provided in the Indenture and this Tenth Supplemental Indenture; (E) upon the execution, authentication and delivery of the Indenture and this Tenth Supplemental Indenture, the Series 2016B Bonds will have been, duly and validly authorized and issued in accordance with the Constitution and laws of the State, the Series 2016B Bond Ordinance, the Indenture and this Tenth Supplemental Indenture and (F) any required approval for the issuance of the Series 2016B Bonds has been obtained;

(iv) a written order as to the delivery of the Series 2016B Bonds, signed by the Chief Financial Officer and stating (A) the identity of the purchasers, the aggregate purchase price and the date and place of delivery; and (B) that no Event of Default has occurred and is continuing under the Indenture or this Tenth Supplemental Indenture; and

(v) a Certificate of the Chief Financial Officer stating that the conditions of Section 2.06 of the Master Indenture have been met.

Section 2.06. Mutilated, Lost, Stolen or Destroyed Series 2016B Bonds. In the event a Series 2016B Bond is mutilated, lost, stolen or destroyed, the City may execute and the Trustee may authenticate a new Series 2016B Bond of like date, maturity, interest rate and denomination as the Series 2016B Bond mutilated, lost, stolen or destroyed; provided that, in the case of any mutilated Series 2016B Bond, such mutilated Series 2016B Bond shall first be surrendered to the Trustee, and in the case of any lost, stolen or destroyed Series 2016B Bond, there shall be first furnished to the City and the Trustee evidence of such loss, theft or destruction satisfactory to the City and the Trustee, together with indemnity satisfactory to them. In the event any such Series 2016B Bond has matured, instead of issuing a substitute Series 2016B Bond the City may pay the same without surrender of such Series 2016B Bond. The City and the Trustee may charge the Registered Owner of such Series 2016B Bond with their reasonable fees and expenses in this connection. All Series 2016B Bonds so surrendered to the Trustee shall be canceled and destroyed, and evidence of such destruction shall be given to the City. Upon the date of final maturity or redemption of all of the Series 2016B Bonds, the Trustee shall destroy any inventory of unissued certificates.

All duplicate Series 2016B Bonds issued and authenticated pursuant to this Section shall constitute original, contractual obligations of the City (whether or not, in the case of the first paragraph of this Section, lost, stolen or destroyed Series 2016B Bonds be at any time found by anyone), and shall be entitled to equal and proportionate rights and benefits under this Tenth Supplemental Indenture as all other Outstanding Series 2016B Bonds issued under this Tenth Supplemental Indenture.

All Series 2016B Bonds shall be owned upon the express condition that the foregoing provisions, to the extent permitted by law, are exclusive with respect to the replacement or payment of mutilated, destroyed, lost, stolen or purchased Series 2016B Bonds, and shall preclude any and all other rights or remedies.

Section 2.07. Transfer and Exchange of Series 2016B Bonds; Persons Treated as Owners. (a)Subject to the limitations contained in subsection (c) of this Section, upon surrender for registration of transfer of any Series 2016B Bond at the principal corporate trust office of the Trustee, duly endorsed by, or accompanied by a written instrument or instruments of transfer in form satisfactory to the Trustee and duly executed by the Bondholder or such Bondholder's attorney duly authorized in writing, the City shall execute, and the Trustee shall authenticate and deliver, in the name of the transferee or transferees a new Series 2016B Bond or Bonds of like date and tenor in Authorized Denominations of the same Maturity Date and interest rate for the aggregate principal amount which the Registered Owner is entitled to receive bearing numbers not contemporaneously Outstanding. Subject to the limitations contained in subsection (c) of this Section, Series 2016B Bonds may be exchanged at such times at such designated corporate trust office of the Trustee upon surrender of such Series 2016B Bond together with an assignment duly executed by the Registered Owner of such Series 2016B Bonds or such Registered Owner's attorney in such form and with guarantee of signature as shall be satisfactory to the Trustee for an equal aggregate principal amount of Series 2016B Bonds of like date and tenor of any Authorized Denomination as the Series 2016B Bonds surrendered for exchange bearing numbers not contemporaneously Outstanding. The execution by the City of any Series 2016B Bond of any Authorized Denomination shall

constitute full and due authorization of such Authorized Denomination, and the Trustee shall thereby be authorized to authenticate and deliver such registered Series 2016B Bond.

(b) No service charge shall be imposed upon the Registered Owners for any exchange or transfer of Series 2016B Bonds. The City and the Trustee may, however, require payment by the person requesting an exchange or transfer of Series 2016B Bonds of a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation to such exchange or transfer, except in the case of the issuance of one or more Series 2016B Bonds for the unredeemed portion of a Series 2016B Bond surrendered for redemption in part.

(c) The Trustee shall not be required to transfer or exchange any Series 2016B Bond during the period commencing on the Record Date next preceding any Interest Payment Date of such Series 2016B Bond and ending on such Interest Payment Date, or to transfer or exchange such Series 2016B Bond after the mailing of notice calling such Series 2016B Bond for redemption has been made as provided in this Tenth Supplemental Indenture or during the period of 15 days next preceding the giving of notice of redemption of Series 2016B Bonds of the same Maturity Date and interest rate.

(d) Series 2016B Bonds delivered upon any registration of transfer or exchange as provided in this Section 2.07 or as provided in Section 2.08 hereof shall be valid limited obligations of the City, evidencing the same debt as the Series 2016B Bonds surrendered, shall be secured by the Indenture and shall be entitled to all of the security and benefits of this Tenth Supplemental Indenture to the same extent as the Series 2016B Bond surrendered.

(e) The City, the Trustee and any Paying Agent may treat the Registered Owner of any Series 2016B Bond as the absolute owner of such Series 2016B Bond for all purposes, whether or not such Series 2016B Bond shall be overdue, and shall not be bound by any notice to the contrary. All payments of or on account of the principal of, premium, if any, and interest on any such Series 2016B Bond as provided in this Tenth Supplemental Indenture shall be made only to or upon the written order of the Registered Owner of such Series 2016B Bond or such Registered Owner's legal representative, but such registration may be changed as provided in this Tenth Supplemental Indenture. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Series 2016B Bond to the extent of the sum or sums so paid.

Section 2.08. Cancellation. Any Series 2016B Bond surrendered for the purpose of payment or retirement, or for exchange, transfer or replacement, shall be canceled upon surrender of such Series 2016B Bond to the Trustee or any Paying Agent. If the City shall acquire any of the Series 2016B Bonds, the City shall deliver such Series 2016B Bonds to the Trustee for cancellation and the Trustee shall cancel the same. Any such Series 2016B Bonds canceled by any Paying Agent other than the Trustee shall be promptly transmitted by such Paying Agent to the Trustee. Certification of Series 2016B Bonds canceled by the Trustee and Series 2016B Bonds canceled by a Paying Agent other than the Trustee which are transmitted to the Trustee shall be made to the City. Canceled Series 2016B Bonds may be destroyed by the Trustee unless instructions to the contrary are received from the City. Upon the date of final maturity or redemption of all Series 2016B Bonds, the Trustee shall destroy any inventory of unissued certificates.

Section 2.09. Book-Entry Provisions. The provisions of this Section shall apply as long as the Series 2016B Bonds are maintained in book-entry form with DTC or another Securities Depository, any provisions of this Tenth Supplemental Indenture to the contrary notwithstanding.

(a) Payments of the principal of and interest on the Series 2016B Bonds shall be made to the Securities Depository, or its nominee, as the Registered Owner of the Series 2016B Bonds, in same day funds on each date on which the principal of, premium; if any, and interest on the Series 2016B Bonds is due as set forth in this Tenth Supplemental Indenture and the Series 2016B Bonds. Such payments shall be made to the offices of the Securities Depository specified by the Securities Depository to the City and the Trustee in writing. Without notice to or the consent of the beneficial owners of the Series 2016B Bonds, the City and the Securities Depository may agree in writing to make payments of principal and interest in a manner different from that set forth herein. If such different manner of payment is agreed upon, the City shall give the Trustee written notice thereof, and the Trustee shall make payments with respect to the Series 2016B Bonds in the manner specified in such notice as set forth herein. Neither the City nor the Trustee shall have any obligation with respect to the transfer or crediting of the principal of, premium, if any, and interest on the Series 2016B Bonds to Participants or the beneficial owners of the Series 2016B Bonds or their nominees.

(b) The Registered Owners of the Series 2016B Bonds have no right to the appointment or retention of a Securities Depository for the Series 2016B Bonds. If (i) the City determines, or (ii) the City receives notice that the Securities Depository has received notice from its Participants having interests in at least 50 percent in principal amount of the Series 2016B Bonds that the Securities Depository or its successor is incapable of discharging its responsibilities as a securities depository, or that it is in the best interests of the beneficial owners that they obtain certificated Series 2016B Bonds, the City may (or, in the case of clause (ii) above, the City shall) cause the Trustee to authenticate and deliver Series 2016B Bond certificates. The City shall have no obligation to make any investigation to determine the occurrence of any events that would permit the City to make any determination described in this paragraph.

(c) If, following a determination or event specified in paragraph (b) above, the City discontinues the maintenance of the Series 2016B Bonds in book-entry form with the then current Securities Depository, the City will issue replacement Series 2016B Bonds to the replacement Securities Depository, if any, or, if no replacement Securities Depository is selected for the Series 2016B Bonds, directly to the Participants as shown on the records of the former Securities Depository or, to the extent requested by any Participant, to the beneficial owners of the Series 2016B Bonds shown on the records of such Participant. Replacement Series 2016B Bonds shall be in fully registered form and in Authorized Denominations, be payable as to interest on the Interest Payment Dates of such Series 2016B Bonds by check mailed to each Registered Owner at the address of such Registered Owner as it appears on the Bond Register or, at the option of any Registered Owner of not less than $1,000,000 principal amount of Series 2016B Bonds, by wire transfer to any address in the United States of America on such Interest Payment Date to such Registered Owner as of such Record Date, if such Registered Owner provides the Trustee with written notice of such wire transfer address not later than the Record Date (which notice may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked by subsequent notice). Principal and premium, if any, on the replacement Series 2016B Bonds are payable

only upon presentation and surrender of such replacement Series 2016B Bond or Bonds at the principal corporate trust office of the Trustee.

(d) The Securities Depository and its Participants, and the beneficial owners of the Series 2016B Bonds, by their acceptance of the Series 2016B Bonds, agree that the City and the Trustee shall not have liability for the failure of such Securities Depository to perform its obligations to the Participants and the beneficial owners of the Series 2016B Bonds, nor shall the City or the Trustee be liable for the failure of any Participant or other nominee of the beneficial owners to perform any obligation of the Participant to a beneficial owner of the Series 2016B Bonds.

(e) As long as Cede & Co. is the Registered Owner of the Series 2016B Bonds, as nominee of DTC, references herein to the Registered Owners of the Series 2016B Bonds shall mean Cede & Co. and shall not mean the beneficial owners of the Series 2016B Bonds.

(f) As long as Cede & Co. is the Registered Owner of the Series 2016B Bonds:

(i) selection of Series 2016B Bonds to be redeemed upon partial redemption or presentation of such Series 2016B Bonds to the Trustee upon partial redemption shall be deemed made when the right to exercise ownership rights in such Series 2016B Bonds through DTC or DTC's Participants is transferred by DTC on its books; and

(ii) DTC may present notices, approvals, waivers or other communications required or permitted to be made by Registered Owners under this Tenth Supplemental Indenture on a fractionalized basis on behalf of some or all of those persons entitled to exercise ownership rights in the Series 2016B Bonds through DTC or its Participants.

ARTICLE III

REDEMPTION OF SERIES 2016B BONDS

Section 3.01. Optional Redemption. [The Series 2016B Bonds maturing on or after [_____ 1, 20___] are subject to redemption prior to maturity at the option of the City, in whole or in part, on any date on or after [_____ 1, 20___], and if in part, in such order of maturity as the City shall determine and within any maturity and interest rate by lot, at a Redemption Price equal to the outstanding principal amount of such Series 2016B Bond, together with accrued interest to the date fixed for redemption.]

Section 3.02. Mandatory Sinking Fund Redemption.

(a) [The Series 2016B Bonds due on [_____ 1, 20___] and [_____ 1, 20___] (collectively, the *"Term Bonds"*) are subject to mandatory sinking fund redemption prior to maturity in part, selected as provided in Section 3.05, at a redemption price of [100 percent] of the outstanding principal amount of such Series 2016B Bonds to be so

redeemed, on [_____1] of the years and in the amounts shown below, plus accrued interest to the redemption date, as set forth below:

Series 2016B Bonds due [1, 20]		Series 2016B Bonds due [1, 20]	
Year	Principal Amount	Year	Principal Amount

*Stated maturity

*Stated maturity

(b) In lieu of redeeming the Term Bonds pursuant to the mandatory sinking fund redemption provisions described above, on or before the 60th day next preceding any mandatory sinking fund redemption date for such Term Bonds, the Trustee may, at the written direction of the Chief Financial Officer, use such funds available under the Indenture to purchase Term Bonds in the open market at a price not exceeding par plus accrued interest.

On or before the 60th day next preceding any mandatory sinking fund redemption date for the Term Bonds (or such shorter period as may be acceptable to the Trustee), the City may, at its option, (i) deliver to the Trustee for cancellation, Term Bonds or portions thereof in Authorized Denominations subject to mandatory sinking fund redemption or (ii) receive a credit in respect of its mandatory sinking fund redemption obligation for Term Bonds or portions thereof in Authorized Denominations which prior to said date have been redeemed (otherwise than through the operation of such mandatory sinking fund redemption) and canceled by the Trustee and not theretofore applied as a credit against any mandatory sinking fund redemption obligation. Each Term Bond or portion thereof subject to mandatory sinking fund redemption so delivered or previously redeemed will be credited against future mandatory sinking fund redemption obligations on Term Bonds in such order as the City designates, or if no such designation is made, in chronological order, the principal amount of such Term Bonds to be redeemed by operation of such mandatory redemption to be accordingly reduced.]

Section 3.03. Make-Whole Optional Redemption.

[Series 2016B Bonds of each maturity are subject to redemption at the option of the City in whole or in part at any time at the redemption price that is the greater of (A) 100% of the principal amount of the Series 2016B Bonds to be redeemed and (B) the sum of the present value of the remaining scheduled payments of principal and interest to the maturity date of the Series 2016B Bonds to be redeemed, not including any portion of those payments of interest accrued and unpaid as of the date on which the Series 2016B Bonds are to be redeemed, discounted to the date on which the Series 2016B Bonds are to be redeemed on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate (as defined below) plus [____] basis points plus accrued and unpaid interest on the Series 2016B Bonds to be redeemed on the redemption date.

"Treasury Rate" means, as of any redemption date, the yield to maturity as of such redemption date of United States Treasury Securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical H.15 (519)) that has become publicly available not more than 45 days and not less than four Business Days prior to the redemption date (excluding inflation-indexed securities) (or, if such Statistical Release is no longer published, any publicly available source of similar market data) most nearly equal to the period from the redemption date to the maturity date of the Series 2016B Bonds to be redeemed; provided however, that if the period from the redemption date to such maturity date is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

The redemption price of the Series 2016B Bonds to be redeemed pursuant to the Make-Whole Optional Redemption provision described above will be determined by an independent accounting firm, investment banking form or financial advisor retained by the City at the City's expense to calculate such redemption price. The Trustee and the City may conclusively rely on such determination of redemption price by such independent accounting firm, investment banking firm or financial advisor and will not be liable for such reliance.]

Section 3.04. Redemption Terms; Notice of Redemption.

(a) Series 2016B Bonds may be called for redemption by the Trustee pursuant to Section 3.01 hereof upon receipt by the Trustee at least 45 days prior to the redemption date (or such shorter period as shall be acceptable to the Trustee) of a written request of the City requesting such redemption. [Term Bonds shall be called for redemption by the Trustee pursuant to Section 3.02 hereof without further request or direction from the City or any other party.] [Series 2016B Bonds may be called for redemption by the Trustee pursuant to Section 3.03 hereof upon receipt by the Trustee at least 45 days prior to the redemption date (or such shorter period as shall be acceptable to the Trustee) of a written request of the City requesting such redemption.]

(b) Unless waived by any owner of Series 2016B Bonds to be redeemed, notice of the call for any [optional, mandatory redemption or optional make-whole redemption pursuant to Section 3.01, 3.02 or Section 3.03 hereof] shall be given by the Trustee on behalf of the City by mailing the redemption notice by first class mail at least 30 days and not more than 45 days prior to the date fixed for redemption to the Registered Owner of the Series 2016B Bond or Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such Registered Owner to the Trustee, but the failure to mail any such notice or any defect therein as to any Series 2016B Bond to be redeemed shall not affect the validity of the proceedings for the redemption of any other Series 2016B Bond to be redeemed. Any notice of redemption mailed as provided in this Section shall be conclusively presumed to have been given whether or not actually received by the addressee.

(c) All notices of redemption shall specify, at a minimum: (i) the series name and designation and certificate numbers of Series 2016B Bonds being redeemed, (ii) the CUSIP numbers of the Series 2016B Bonds being redeemed, (iii) the principal amount of Series 2016B Bonds being redeemed and the redeemed amount for each certificate (for partial calls), (iv) the redemption date, (v) the redemption price, (vi) the Date of Issuance of the Series 2016B Bonds being redeemed, (vii) the interest rate and maturity date of the Series 2016B Bonds being redeemed, (viii) the date of mailing of notices to Registered Owners and information services (if

required), and (ix) the name of the employee of the Trustee which may be contacted with regard to such notice. With respect to an optional redemption of any Series 2016B Bonds, such notice may state that said redemption is conditioned upon the receipt by the Trustee on or prior to the date fixed for redemption of moneys sufficient to pay the redemption price of the Series 2016B Bonds being redeemed. If such moneys are not so received, such redemption notice shall be of no force and effect, the City shall not redeem such Series 2016B Bonds and the Trustee shall give notice, in the same manner in which the notice of redemption was given, that such moneys were not so received and that such Series 2016B Bonds will not be redeemed. Unless the notice of redemption shall be made conditional as provided above, on or prior to any redemption date for Series 2016B Bonds, the City shall deposit with the Trustee an amount of money sufficient to pay the redemption price of all Series 2016B Bonds or portions thereof which are to be redeemed on that date.

(d) Notice of redemption having been given as aforesaid, the Series 2016B Bonds, or portions thereof, so to be redeemed shall, on the redemption date (unless the redemption has been canceled as described in Section 3.04(c) hereof), become due and payable at the redemption price therein specified, and from and after such date (unless the City shall default in the payment of the redemption price) such Series 2016B Bonds, or portions thereof, shall cease to bear interest. Upon surrender of such Series 2016B Bonds for redemption in accordance with said notice, such Series 2016B Bonds shall be paid by the Trustee at the redemption price. Installments of interest due on or prior to the redemption date shall be payable as herein provided for payment of interest. Upon surrender for any partial redemption of any Series 2016B Bond, there shall be prepared for the Registered Owner a new Series 2016B Bond or Bonds of the same interest rate and maturity in the amount of the unpaid principal. If any Series 2016B Bond, or portion thereof, called for redemption shall not be so paid upon surrender thereof for redemption, the principal shall, until paid, bear interest from the redemption date at the rate borne by such Bond, or portion thereof, so called for redemption.

Section 3.05. Selection of Series 2016B Bonds for Redemption. In the event of the redemption of fewer than all the Series 2016B Bonds of the same interest rate and maturity, the aggregate principal amount thereof to be redeemed shall be in an Authorized Denomination, and the Trustee shall assign to each Series 2016B Bond of such interest rate and maturity a distinctive number for each minimum Authorized Denomination of such Bond and shall select by lot from the numbers so assigned as many numbers as, at such minimum Authorized Denomination for each number, shall equal the principal amount of such Series 2016B Bonds to be redeemed. The Series 2016B Bonds to be redeemed shall be those to which were assigned numbers so selected; provided that only so much of the principal amount of each Series 2016B Bond shall be redeemed as shall equal such minimum Authorized Denomination for each number assigned to it and so selected. For purposes of any redemption of fewer than all of the outstanding Series 2016B Bonds of a single interest rate and maturity, the particular Series 2016B Bonds or portions thereof to be redeemed shall be selected not more than 60 days prior to the redemption date by the Trustee.

The Trustee may at any time terminate the agency of any Paying Agent appointed by it by giving written notice of such termination to such Paying Agent and the City. Upon receiving such a notice of resignation or upon such a termination, or in case at any time such Paying Agent shall cease to be eligible under this Section, the Trustee shall promptly appoint a successor Paying Agent shall give written notice of such appointment to the City and shall mail notice of such appointment to all Owners of Series 2016B Bonds. (To Ordinance)

Memorandum Of Understanding With Amtrack, Metra And RTA For Joint Planing And Design Effort.

This Memorandum of Understanding ("Memorandum") is entered into as of _____, 2015 ("Effective Date") by and among National Railroad Passenger Corporation, a corporation of the District of Columbia ("Amtrak"); the City of Chicago, an Illinois municipal corporation and home rule unit of government under Article VII, Section 6(a) of the 1970 Constitution of the State of Illinois, by and through its Department of Transportation ("City"); Commuter Rail Division of the Illinois Regional Transportation Authority, a division of an Illinois municipal corporation ("Metra"); and Regional Transportation Authority, an Illinois municipal corporation ("RTA").

For and in consideration of the covenants set forth in this Memorandum, the parties hereby agree as follows:

Background.

A. Amtrak, the City, Metra and RTA continue to collaborate on the improvement and development of Chicago Union Station ("CUS") in Chicago, Illinois.

B. Amtrak is the sole shareholder of Chicago Union Station Company ("CUSCo") which owns CUS, including the concourse, mezzanine, headhouse, tracks and platforms. Amtrak also owns the parking garage and associated air rights at 310 South Canal Street, and the platform canopies and associated air rights to the west of 300 South Riverside Plaza ("Related Properties").

C. The City, in collaboration with Amtrak, Metra, RTA and other stakeholders, managed and developed a conceptual master plan for CUS and Related Properties ("CUS Master Plan") from 2009 to 2012 ("Stage 1"), and further developed master plan concepts from 2012 to 2015 ("Stage 2").

D. Amtrak, the City, Metra and RTA desire to undertake planning, historic review and preliminary engineering work, up to 30 percent design, for a predetermined number of projects that are derived from the CUS Master Plan. This predetermined number of projects is called "Phase 1". The first phase of planning and design for Phase 1 projects is called "Phase 1A" and the work that is the subject of Phase 1A is more clearly identified on Exhibit A attached hereto and hereby made a part hereof.

E. Amtrak, the City, Metra and RTA desire to establish a funding and payment mechanism for the undertaking of Phase 1A. Amtrak assumes management responsibilities for Phase 1A, in collaboration with the City, Metra, RTA, and in coordination with other stakeholders.

F. The "Parties" (as defined in Section 1) acknowledge that each of Amtrak, the City, Metra and RTA has allocated funds for the undertaking of Phase 1A, and each desires for such funds to be combined and utilized for the benefit of the joint planning and design effort.

G. The purpose of this Memorandum is to outline the Parties' financial commitments and intent to cooperate with one another and work together in good faith to develop Phase 1A.

H. The City is authorized, under the provisions of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended (the "Act"), to finance projects that eradicate blight conditions and conservation factors that could lead to blight through the use of tax increment allocation financing for redevelopment projects.

I. In accordance with the provisions of the Act, and pursuant to the ordinance adopted on November, 12, 1998 and published at page 81982 of the *Journal of the Proceedings of the City Council of the City of Chicago* (the "*Journal*") of such date, the City Council of the City: (i) approved a certain redevelopment plan and project (together with all amendments thereto, the "City Redevelopment Plan") for the Canal/Congress Tax Increment Financing Redevelopment Project Area (the "Area") within the City; (ii) designated the Area as a redevelopment project area; and (iii) adopted tax increment allocation financing (the "TIF Adoption Ordinance") for the Area.

J. Under the Act and the TIF Adoption Ordinance, certain taxes are allocated and, when collected, are paid to the Treasurer of the City for deposit by the Treasurer into the Canal/Congress TIF Fund established to pay redevelopment project costs incurred in the Area, which taxes may be used to pay all or a portion of the costs of construction of public improvements within the Area that are incurred or that are to be incurred in furtherance of the objectives of the City Redevelopment Plan, to the extent the municipality by written agreement accepts and approves such costs.

K. Pursuant to the Plan, certain TIF-funded City programs and redevelopment agreements have been established by the City Council of the City as of the Effective Date, which programs and agreements pledge portions of the Canal/Congress TIF Fund (collectively, the "Prior Obligations").

L. The City and Amtrak have agreed that the City will pay up to but no more than $500,000 toward Phase 1A from Available Incremental Taxes (as defined below) or from any other source of funds available to and selected by the City ("City Funds").

M. Phase 1 is the type of public improvement that is contemplated by the City Redevelopment Plan, and therefore the costs incurred for Phase 1A ("Project Costs") qualify as "Redevelopment Project Costs" under the Plan, as defined in Section 5/11-74.4-3(q) of the Act.

5. Obligations Of Parties.

5.1 Funding And Costs

(a) The Parties agree to be responsible in the following proportions for the costs incurred by Amtrak in connection with Phase 1A, up to the applicable Maximum Funding Obligation set forth below for each Party.

Party	Max. Funding Obligation	Percentage of Total Project
Amtrak	$3,000,000	50.00 percent
RTA	$1,500,000	25.00 percent
Metra	$1,000,000	16.67 percent
City	$ 500.000	8.33 percent
Total	$6,000,000	100.0 percent

An estimate of the costs anticipated for the duration of Phase 1A is attached hereto as (Sub)Exhibit A (the "Cost Estimate"). Such estimate does not, however/limit each Party's obligation to reimburse Amtrak for all costs actually incurred by Amtrak in connection with Phase 1A, up to the amount of such Party's Maximum Funding Obligation set forth above. In the event that Amtrak determines that the total funding required for Phase 1A is projected to exceed Six Million Dollars ($6,000,000), Amtrak shall give each of the Parties notice of the revised budget based on the then approved scope of work for Phase 1A. Unless and until the Parties hereto can agree in writing on revising the scope of work or on how to fund the shortfall, Amtrak may not incur expenses in excess of the approved budget of Six Million Dollars ($6,000,000).

(b) The Parties acknowledge that RTA and Metra would need to receive the prior approval of their respective Boards of Directors in order to agree to pay more than the Maximum Funding Obligation set forth above for RTA or Metra, as applicable.

(c) The Parties agree that during Phase 1A they will each waive the right to be reimbursed for overhead expenses incurred in connection with the management of the Project.

5.2 Invoicing And Payment

(a) For the monthly costs incurred pursuant to this Memorandum, Amtrak shall pay its Funding Obligation on a monthly basis.

(b) Amtrak shall invoice and the other Parties shall pay Amtrak in accordance with Invoices issued by Amtrak which shall include an identification of the total monthly costs incurred by Amtrak and reviewed by the parties pursuant to 5.2(d) below and the individual proportional share of those total costs for each Party shall be in accordance with this Memorandum, as follows:

Party	Proportional Share of Costs
RTA	25.00 percent
Metra	16.67 percent
City	8.33 percent

(c) Payments of any Amtrak invoices are due within thirty (30) calendar days of receipt of Amtrak's invoice by the Parties.

(d) Prior to submitting a monthly invoice for payment by the Parties, Amtrak will forward to each Party for their review and comment documentation supporting costs incurred by Amtrak including, but not limited to labor cost reports, copies of material invoices, third party contractor/consultant invoices, a report of materials issued from inventory, Amtrak owned equipment utilization pricing statement (other than incidental or minor usage, which shall not

be reimbursable), management labor detail, and a statement of other reimbursable costs and charges for the Project. If any Party objects to any charges identified in such documentation, it shall notify Amtrak, in writing, of its objection to any charges within ten (10) business days of receipt of such documentation. Any such objection must specify the reason for the objection and provide the basis for such objection. Within ten (10) business days following receipt of any objections, Amtrak will provide the Parties with additional documentation and/or explanation as required, to address the objections that have been raised. A Party's objection to a charge shall be considered resolved unless the objecting Party provides an additional written objection to Amtrak within five (5) business days of receipt of such additional documentation and/or explanation from Amtrak, detailing the basis for its continued objection. If the objection is still not resolved, any Party may pursue any right or remedy as specified in this Memorandum, including non-payment of disputed charges (but must pay all non-disputed charges). Amtrak reserves the right to invoice the Parties for any costs not objected to during the invoice review process or which remains disputed at the end of the review process outlined above, and may at this time or anytime thereafter submit its monthly invoice for reimbursement from the Parties, as set forth in 5.2(b) above.

Any submitted cost not objected to within the ten (10) business day period following receipt of such documentation shall be deemed approved and subject to payment by the parties as described in 5.2(c).

In the event that Amtrak is not paid in full the proportional sums billed to the Parties within sixty (60) calendar days following the Parties' receipt of the Amtrak invoices, Amtrak at its option, and in addition to any other rights it may have under this Memorandum, may suspend all of the Phase 1A work until such time as Amtrak is assured of adequate funding by the Parties for such work.

5.3 Intentionally Deleted.

5.4 TIF Eligible Improvements.

(a) City Funds shall be used to pay Amtrak for its incurred costs of TIF-Eligible Improvements, in accordance with the terms of this Memorandum. "TIF-Eligible Improvements" means those improvements of the Project which (i) qualify as Redevelopment Project Costs as defined in the Act, (ii) are eligible costs under the Plan, and (iii) the City has agreed to pay for out of the City Funds, subject to the terms of this Memorandum. The City represents that all of the work described in (Sub)Exhibit A hereto represents TIF-Eligible Improvements. Amtrak may implement changes to the Project that cause variations in the improvements described in (Sub)Exhibit A, provided that all the changes qualify as TIF-Eligible Improvements.

(b) The City intends to pay its share of Phase 1A Project Costs out of "Available Incremental Taxes", which means such taxes which, pursuant to the TIF Adoption Ordinance and Section 5/11-74.4-8(b) of the Act, are allocated to and when collected are paid to the Treasurer

of the City of Chicago for deposit by the Treasurer into the Canal/Congress TIF Fund established to pay Redevelopment Project Costs and obligations incurred in the payment thereof, and which are not encumbered or pledged for the payment of Prior Obligations.

(c) The City warrants that it has available and has segregated on the books of the City an amount of City funds sufficient to pay the Project Costs, and covenants that the City funds will not be used for any purpose other than the Project Costs during the Term of this Memorandum.

(d) Amtrak shall provide the City with reasonable access to its books and records relating to the Project as shall be required by the City and necessary to reflect and disclose fully the amount and disposition of the Project Costs. The rights of access and inspection provided in this paragraph shall continue for one year from the later of the expiration or the termination of this Memorandum.

(e) Should the City determine that City Funds were not disbursed for TIF-Eligible Improvements; the City shall provide such findings to Amtrak for review and comment. Should Amtrak agree with the City's findings, it shall make reimbursement to the City for of any City Funds paid for such disallowed Project Costs. Should Amtrak disagree with the City's findings, it shall provide the City with its rationale supporting its position. Amtrak and the City shall promptly confer to discuss and resolve such disagreement.

5.5 Funding Subject To Appropriation

The Parties hereto acknowledge and agree that each Party is reliant on public funding for its obligations under this Memorandum. Each Party's obligation for payment of funds under this Memorandum for future fiscal years is contingent upon the availability of appropriated funds from which payment can be made.

6. Designated Representatives. Each Party shall designate up to two representatives who shall represent such Party in any discussions or other matters relating to the performance of the Project. Until further notice, Amtrak's designated representatives are Anthony DeDominicis. Senior Manager of Infrastructure Planning, and Peter Gariepy, Manager of Infrastructure Planning. While the Parties intend to jointly develop Phase 1A, nothing in this Memorandum shall be interpreted as providing exclusive rights to any Party related to the planning, design, improvement or development of any property which a Party does not own or control. Each Party reserves the right to enter into discussions with other Parties and persons and dispose of any property which such Party owns whether or not the property is part of the Project.

8. Right Of Entry. The City, Metra and RTA may only enter onto Amtrak's property (including CUS) if Amtrak has granted a Right of Entry to those Parties. Amtrak may grant the City, Metra and RTA, their agents and contractors, a Right of Entry onto Amtrak property, and such entry shall be subject to terms and conditions as Amtrak, from time to time, deems appropriate, in its sole discretion, including without limitation, satisfaction of required insurance and indemnity provisions and security clearances.

9. Confidentiality. Subject to applicable state or federal Freedom of Information Act ("FOIA") requests and any other applicable State laws, the Parties agree to maintain all information which they disclose to each other regarding the physical condition of the CUS property, including any environmental or engineering reports or any other information that relates to portions of CUS that need to be renovated or replaced, as the confidential information of the Parties (such information being referred to collectively as the "Confidential Information". The Parties further agree:

(i) Not to make any use whatsoever of another's Confidential Information, except in connection with formulating revised proposals and, accordingly, without limiting the generality of the foregoing, not to use such Confidential Information in connection with any work performed by the Parties for any third party;

(ii) Not to reveal, disseminate or disclose to any third party any Confidential Information except with the written approval of the disclosing Party to a person or entity that signs a confidentiality agreement substantially in accordance with the terms of this Section 9; and

(iii) That any Confidential Information submitted to the receiving Party in tangible form shall be returned to Amtrak upon the request of the disclosing Party and all copies of such tangible information shall be destroyed.

Confidential Information does not include disclosure of information or data which can be conclusively proven is in the public domain at the time of disclosure.

The Parties understand that failure to comply with the foregoing confidentiality provisions may result in the non-breaching Party suffering irreparable harm, which may not be adequately compensated for by monetary damages alone. The Parties, therefore, agree that in the event of a breach or threatened breach of such provisions, the non-breaching Party or Parties shall be entitled to injunctive and/or other preliminary or equitable relief, in addition to any other remedies available at law for actual damages, but not for consequential or punitive damages.

Notwithstanding the foregoing, when required by FOIA or any other applicable federal or state law, regulation or court order, disclosure of Confidential Information shall be permitted, provided that the disclosing Party shall, to the extent permitted by law, give the other Parties advance notice of the disclosure in order to permit such Parties to obtain a restraining order or other relief against the third party seeking to compel disclosure of the Confidential Information.

10. Intellectual Property Rights. The Parties acknowledge and agree that all intellectual property (patents, trademarks, service marks, trade names, domain names, rights in designs, database rights, copyrights including rights in computer software, standards), rights in know-how and other intellectual or industrial property rights (whether registered or unregistered and including applications for the registration of any of the foregoing) and all rights or forms of protection having equivalent or similar effect to any of the foregoing which may subsist anywhere in the world, required to be used in the framework of the relationships contemplated by this Memorandum but owned or provided by a Party or one of a member of its affiliates/subsidiaries shall, unless specifically otherwise agreed in writing, remain the property of that Party or its affiliate/subsidiary (as the case may be). The Parties will consider and discuss the terms and conditions on which any such intellectual property may be used by any Party in its operations unrelated to the Project, but in any event the Parties shall each have an irrevocable, nonexclusive, royalty free right and license to use the jointly developed intellectual property with respect to the improvement and development of CUS, at no consideration to any of the parties hereto, and shall solely own in its own name any derivative works derived therefrom, which right and license shall be perpetual and shall survive the termination or expiration of the Term.

Each party executing this Memorandum agrees to use reasonable efforts to coordinate any and all public statements through Amtrak's, the City's, Metra's and RTA's public relations departments. Notwithstanding the foregoing, this section shall not apply with respect to information shared during a public hearing meeting held by a Party in the normal course of business of such Party, or with respect to responses to reporter inquires made in the immediate aftermath of such a public hearing.

12. Notices. All notices and other communications given pursuant to this Memorandum, with the exception of invoices and supporting documentation which may be delivered by electronic mail, must be in writing and are deemed to be properly served if delivered in person to the party to whom it is addressed or on the third day after deposit in the United States registered or certified mail, return receipt requested, postage prepaid, as follows:

The Board shall comply with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, as well as all policies, programs and procedures of the Board, all as may be in effect from time to time, pertaining to or affecting the Project or the Board as related thereto. The Board shall include a certification of such compliance with each request for City Funds hereunder and at the time the Project is completed. 2. In all contracts relating to the Project, the Board agrees to require the contractor (including the Commission, if applicable) to name the City as an additional insured on insurance coverages and to require the contractor to indemnify the City from all claims, damages, demands, losses, suits, actions, judgments and expenses including but not limited to attorney's fees arising out of or resulting from work on the Project by the contractor or contractor's suppliers, employees, or agents.

Article Three:

Funding.

1. (i) the total amount of the City Funds disbursed in the previously made Disbursement (if any) represents the actual amount paid to the general contractor, subcontractors, and other parties who have performed work on or otherwise provided goods or services in connection with the Project, and/or their payees;

(ii) all amounts shown as previous payments on the current Requisition Form have been paid to the parties entitled to such payment;

(ii) The City, subject to the terms of this subsection 1(e)(ii), may, until the earlier to occur of (1) the expiration of the Term of this Agreement or (2) the date that the City has paid directly or the Board has been reimbursed in the full amount of the City Funds under this Agreement, exclude up to 90 percent of the Increment generated from the construction value of a new assisted development project and pledge that Increment to a developer on a basis superior to that of the Board. For purposes of this subsection, "a new assisted development project" shall not include any development project that is or will be exempt from the payment of ad valorem property taxes. Further, for purposes of this subsection, "Increment generated from the construction value of a new assisted development project" shall be the amount of Increment generated by the equalized

In the event that the City elects to avail itself of the provisions of this subsection, it shall, at least seven days prior to executing a binding commitment pledging the Increment described above, certify, in a letter to the Board, the affected parcels and the EAV thereof for the Base Year.

(f) [Intentionally omitted.]

(g) The availability of City Funds is subject to: (i) the City's annual retention of Michigan/Cermak Increment in an amount necessary for the payment of expenses incurred by the City in the administration of the Michigan/Cermak Redevelopment Area; and (ii) the City's compliance with all applicable requirements regarding the use of such funds and the timing of such use.

(h) The Board shall, at the request of the City, agree to any reasonable amendments to this Agreement that are necessary or desirable in order for the City to issue (in its sole discretion) any additional bonds in connection with the 24th/Michigan and/or Michigan/Cermak Redevelopment Areas, the proceeds of which may be used to reimburse the City for expenditures made in connection with, or provide a source of funds for the payment for, the TIF-Funded Improvements ("Other Bonds"); provided, however, that any such amendments shall not have a material adverse effect on the Board or the Project. The Board shall, at the Board's expense, cooperate and provide reasonable assistance in connection with the marketing of any such Other Bonds, including but not limited to providing written descriptions of the Project, making representations, providing information regarding its financial condition and assisting the City in preparing an offering statement with respect thereto. The City may, in its sole discretion, use all or a portion of the proceeds of such Other Bonds if issued to pay for all or a portion of the TIF-Funded Improvements.

2. The current estimate of the cost of the Project is $4,600,000. The Board has delivered to the Commissioner, and the Commissioner hereby approves, a detailed project budget for the Project, attached hereto and incorporated herein as (Sub)Exhibit G. The Board certifies that it has identified sources of funds (including the City Funds) sufficient to complete the Project. The Board agrees that the City will only contribute the City Funds to the Project and that all costs of completing the Project over the City Funds shall be the sole responsibility of the Board. If the Board at any point does not have sufficient funds to complete the Project, the Board shall so notify the City in writing, and the Board may narrow the scope of the Project as agreed with the City in order to construct the New Facility with the available funds.

3. Attached as (Sub)Exhibit H and incorporated herein is a preliminary list of capital improvements, land assembly costs, relocation costs and other costs, if any, recognized by the City as being eligible redevelopment project costs under the Act with respect to the Project, to be paid

for out of City Funds ("TIF-Funded Improvements"); and to the extent the TIF-Funded Improvements are included as taxing district capital costs under the Act, the Board acknowledges that the TIF-Funded Improvements are costs for capital improvements and the City acknowledges it has determined that these TIF-Funded Improvements are necessary and directly result from the 24th/Michigan Redevelopment Plan. Prior to the expenditure of City Funds on the Project, the Commissioner, based upon the detailed project budget, shall make such modifications to (Sub)Exhibit H as he or she wishes in his or her discretion to account for all of the City Funds to be expended under this Agreement; provided, however, that all TIF-Funded Improvements shall (i) qualify as redevelopment project costs under the Act, (ii) qualify as eligible costs under the 24th/Michigan Redevelopment Plan; and (iii) be improvements that the Commissioner has agreed to pay for out of City Funds, subject to the terms of this Agreement.

4. If the aggregate cost of the Project is less than the amount of the City Funds contemplated by this Agreement, the Board shall have no claim to the difference between the amount of the City Funds contemplated by this Agreement and the amount of the City Funds actually paid by the City to the Board and expended by the Board on the Project.

5. If requested by the City, the Board shall provide to the City quarterly reports on the progress of the Project and reasonable access to its books and records relating to the Project.

6. [Intentionally omitted.]

7. During the Term hereof the Board shall not sell, transfer, convey or otherwise dispose of all or any portion of the Property or any interest therein to a party other than the City (a "Transfer"), or otherwise effect or consent to a Transfer to a party other than the City, without the prior written consent of the City. The City's consent to any Transfer may, in the City's sole discretion, be conditioned upon (among other things) whether such a Transfer would conflict with the statutory basis for the grant of the City Funds hereunder pursuant to the Act.

8. If in future (including after the expiration or termination hereof) the Board transfers (or causes to be transferred) the Property (or any portion thereof) to the City (or to a third party approved by the City and the Board) for public use, then the City Funds provided hereunder shall constitute consideration and/or compensation from the City to the Board for such transfer.

Article Four:

2. The failure of the Board to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Board under this Agreement or any agreement directly related to this Agreement shall constitute an "Event of Default" by the Board hereunder. The City may, in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy, including but not limited to injunctive relief or the specific performance of the agreements contained herein.

In the event the Board shall fail to perform a covenant which the Board is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless the Board has failed to cure such default within 30 days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with respect to those defaults which are not capable of being cured within such 30-day period, the Board shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such 30-day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

3. The failure of the City to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the City under this Agreement or any other agreement directly related to this Agreement shall constitute an "Event of Default" by the City hereunder. Upon the occurrence of an Event of Default, the Board may terminate this Agreement and any other agreement directly related to this Agreement. The Board may, in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy, including but not limited to injunctive relief or the specific performance of the agreements contained herein.

In the event the City shall fail to perform a covenant which the City is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless the City has failed to cure such default

within 30 days of its receipt of a written notice from the Board specifying the nature of the default; provided, however, with respect to those defaults which are not capable of being cured within such 30-day period, the City shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such 30-day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

November 17, 2015

Dear Mayor Emanuel,

We, the members of the Procurement Reform Task Force, are pleased to submit this report detailing our findings and recommendations for reforming the procurement policies and practices of the City of Chicago and six of its sister agencies—Chicago Public Schools, Chicago Transit Authority, Chicago Housing Authority, City Colleges of Chicago, Chicago Park District, and Public Building Commission. This report represents months of research, discussion, analysis, and outreach in furtherance of our mandate to identify opportunities to improve efficiency, increase accountability, and economize public funds in government procurement.

To achieve our mandate, the Task Force issued a comprehensive survey to all member agencies, reviewed policies and procedures, held meetings with procurement staff, researched statutory obligations and comparative practices, and solicited feedback from agency Inspectors General. Through this work, the Task Force gained an understanding of the current status of procurement across the City and its sister agencies and identified opportunities for improvement through a series of findings. Based on the findings, the Task Force developed the enclosed set of recommendations to be accomplished in the immediate, intermediate, and long term.

The Task Force's recommendations continue reforms started by your administration and build on the ongoing work of the Government Procurement Compliance Forum. The recommendations are intended to further current efforts to ensure that the policies and practices of the City and sister agencies support competition, efficiency, transparency, integrity, and uniformity in procurement. They outline actions to streamline operations, reduce redundancies, and enhance resource management across the City and its sister agencies. The recommendations also identify steps to limit the risks for fraud and conflicts of interests through implementation of uniform best practices and improved information-sharing and oversight. These improvements will not only increase transparency for the public and reduce administrative burden, they will also lower barriers to entry for vendors and increase competition.

To ensure the public's trust and fulfill our obligations as stewards of public funds, the Task Force believes government procurement must be fair, open, and built to maximize value for taxpayers. We know you share these priorities and look forward to the City's and sister agencies' continued collaboration to implement these reforms, which will result in lasting benefits for the City and its residents.

EXECUTIVE SUMMARY

The City of Chicago and its sister agencies—Chicago Public Schools, Chicago Transit Authority, Chicago Housing Authority, City Colleges of Chicago, Chicago Park District, and Public Building Commission—spent over $6 billion on goods and services in Fiscal Year 2014. From constructing buildings to buying office supplies and from implementing technology systems to purchasing road salt, these organizations rely on their procurement processes, contract terms, and compliance efforts to ensure receipt of the highest quality goods and services at the lowest possible cost for the taxpayers in and around Chicago. To achieve those results, the City and sister agencies are constantly seeking to employ best practices, operational efficiencies, and transparent procurement processes that maintain the public's trust. In recent years, the City and its sister agencies have made individual efforts toward streamlined operations and process improvements and have begun cooperative efforts through the Government Procurement Compliance Forum (GPCF), which is organized and led by the City's Chief Procurement Officer, Jamie Rhee. The GPCF brings together procurement staff from the City and sister agencies, as well as representatives from other government entities and non-profit organizations that assist vendors, to collaborate on best practices and achieve the goals of making local municipal procurement more efficient and transparent.

While the GPCF's work continues, Mayor Rahm Emanuel identified an opportunity to achieve broader and more impactful results through collaboration among the City and its sister agencies, and on May 27, 2015, he convened the Procurement Reform Task Force. The Task Force is composed of the Chief Procurement Officer (CPO) for the City of Chicago and the Chief Executive Officer, Executive Director, or Chancellor of the six participating sister agencies: Chicago Public Schools, Chicago Transit Authority, Chicago Housing Authority, City Colleges of Chicago, Chicago Park District, and Public Building Commission.

The Mayor charged the Task Force with a mandate to identify opportunities for the City of Chicago and its sister agencies (referred to herein as "Participating Members") to implement uniform best practices governing the award, management, and oversight of contracts in an effort to improve efficiency, increase accountability, and economize public funds. He appointed the City's CPO, Jamie Rhee, and its Inspector General, Joe Ferguson, as co-chairs, to lead the Task Force's efforts. The Task Force Co-Chairs formed a Working Group, which was composed of staff from the City of Chicago's Department of Procurement Services and its Office of Inspector General and was supported by the Mayor's Office, the Department of Innovation and Technology, and two private sector entities providing *pro bono* services, the Civic Consulting Alliance and Mayer Brown LLP.

The Task Force divided its work into two phases—findings and recommendations. In its first phase, the Working Group sought information and analyzed data regarding the current status of procurement at the City and its sister agencies. Based on a comprehensive survey of procurement and related topics, reviews of agency documents and other materials, as well as in-person meetings with each Participating Member, the Task Force drafted and adopted a set of 43 findings. The findings are grouped into five categories that represent essential principles of government procurement:

ACKNOWLEDGMENTS

The Task Force is thankful for the efforts and assistance of many individuals whose contributions were essential to this report. The success of this project depended on the full commitment of the City of Chicago and the participating sister agencies—Chicago Public Schools, Chicago Transit Authority, Chicago Housing Authority, City Colleges of Chicago, Chicago Park District, and Public Building Commission. We thank all the officials and staff, especially those from the procurement departments, who spent many hours responding to questionnaires, answering emails, and talking with the Task Force about their policies, practices, and systems. Their ideas and suggestions inspired many of the Task Force's recommendations.

The Task Force also acknowledges our *pro bono* partners, Civic Consulting Alliance and Mayer Brown LLP. In particular, we thank Antonio Benecchi and Alfonso de Hoyos y Acosta for their consultation on process, David Narefsky for his assistance with research, and Lori Lightfoot for moderating a successful discussion session to finalize the recommendations.

Finally, we would like to thank the Mayor's Office, the City of Chicago's Department of Procurement Services, and the Office of Inspector General for their contributions throughout this project.

Competition – Through maximizing competition, governments can ensure they are getting the best value with taxpayer dollars. When the procurement process is fair, standardized, and accessible, it invites greater vendor participation which can drive down cost while improving quality. While competitive procurements are resource-intensive endeavors, the front-end costs are far outweighed by the benefits to the City and its sister agencies in the form of savings, better value, and enhanced public trust in government.

Efficiency – Like many governments across the country, the City and its sister agencies face tremendous fiscal challenges as they continue to provide essential services to Chicagoans. Within the area of procurement, there are significant opportunities to identify overlapping processes that could be consolidated, conducted jointly, or made compatible. Because the Participating Members work with many of the same vendors, such changes would not only decrease internal administrative costs but would also encourage competition by reducing barriers to entry.

Transparency – Taxpayers have a right to know how their dollars are being spent. In procurement, transparency encompasses information about what goods and services are purchased, from whom they are purchased, and through what processes. Transparency means not only sharing these basic facts with the public, but also providing clear, effective notice and access to information in a manner that is consistent and user-friendly. A procurement system that is fully transparent strengthens the government's relationship with the public, and increases competition by making the system more accessible.

Integrity – Procurement departments are entrusted with purchasing goods and services that are vital to the health, safety, and wellbeing of the public in the most economical and effective manner possible. As such, procurement processes must be consistently and thoroughly regulated, which requires transparent processes that are routinely audited and reviewed. This also includes safeguards that ensure impartiality and clear mechanisms for reporting irregular and illegal activity.

Uniformity – The Participating Members provide many distinct services to Chicagoans and are governed by unique sets of laws and regulations. Despite these differences, they regularly procure similar goods and services from an overlapping pool of vendors. Creating greater uniformity and compatibility in policies, procedures, and documents would conserve limited government resources in this strained fiscal climate, and reduce needless obstacles that inhibit competition.

The findings in these areas revealed opportunities for reform that broadly include: strengthening processes and controls and adopting best practices; ensuring greater consistency and coordination between the Participating Members both to improve internal processes and the vendor experience; and reducing administrative burden and cost through greater collaboration and shared services. These findings made clear that collective action by the City and its sister agencies must be taken in order to address certain inefficiencies, disparities, and gaps in standards, processes, and compliance.

In its second phase of work, the Task Force developed a series of recommendations to build a better procurement system exemplified by increased efficiency, maximum competition, reduced burden on

vendors, leveraged buying power, and robust oversight. The recommendations are categorized in groups based on whether they can be implemented on an immediate, intermediate, or long-term basis – classifications representing the amount of work and resources required for implementation, not the recommendations' priority.

The Task Force recognizes that the procurement staff at the City and sister agencies take their responsibilities seriously, and they work diligently and honestly to improve the procurement processes at their respective agencies. The Task Force also understands the fiscal situation that its Participating Members face, with some experiencing unprecedented financial pressures that require City and agency leaders to identify and pursue spending reductions, significant program cuts, and new revenue streams. The Task Force views the current financial climate as both an opportunity to advance changes that might not otherwise be considered, and a potential obstacle to improvements that require an outlay of resources.

Despite financial constraints and the daily demands of their workloads, the Participating Members' enthusiastic participation in this process has led to the discovery of opportunities for positive change. Such cooperation and active participation will be integral to the implementation of the Task Force's recommendations. The Task Force is confident that the commitment demonstrated by each Participating Member will be the driving force behind the implementation of the following Task Force recommendations:

Immediate Recommendations (end of Q1 2016)

1. Create a Committee of the Participating Members' CPOs to rule on certain administrative decisions, address obstacles to coordination, and ensure best practices across the City and its sister agencies.

2. Charge the CPO Committee with addressing the Task Force recommendations, tracking their implementation, and issuing quarterly progress reports.

3. Establish minimum standards by which all Participating Members will publish their anticipated sole source awards, receive public and vendor feedback, and make decisions about whether a solicitation is necessary.

4. Hire or secure *pro bono* services from a law firm to:

    a. Identify contract provisions that could be subject to standardization across Participating Members' templates, and draft uniform contract templates incorporating the required terms of the Participating Members, including contract duration and number of renewals.

    b. Where appropriate, standardize solicitation documents issued by Participating Members and the documents required in response.

5. Charge the Chicago Government IT Coordination Committee, which consists of the CIOs of the Participating Members, with identifying the procurement-related systems that can be shared and developed jointly and developing a schedule for implementation.

6. Post all contracts, vendors, and subcontractors on agency websites in a user-friendly and searchable format.

7. Create an easily accessible website for vendors and the public that provides a single location for: all of the Participating Members' current procurement opportunity listings and other procurement-related information such as the buying plan, notices of award, and prequalified pools; a list of all debarred vendors; and all current contract and vendor databases.

8. Establish minimum disclosure requirements for subcontractors and require posting subcontractor information online.

9. Establish minimum standards for conducting due diligence of vendors before entering into a contract.

10. Establish uniform rules governing resolicitation of contracts due to significant changes in scope or value.

11. Evaluate the consistency of MBE/WBE/DBE certifications accepted by Participating Members.

12. Implement the uniform criteria and processes for evaluating Good Faith Efforts regarding requests for waivers for MBE/WBE/DBE goals that are currently being developed and will be recommended by the Government Procurement Compliance Forum.

13. Require a written, publicly posted protest process for each Participating Member.

14. Examine whether Participating Members should support a change in state law to eliminate the newspaper notice requirement for contract solicitations.

15. Establish a process for information-sharing and collaboration among Participating Members on personnel matters such as professional development efforts and recruitment.

Mid-Term Recommendations (end of Q4 2016)

16. Establish uniform standards based on best practices for approval of noncompetitive awards, including small purchase, emergency, and sole source.

17. Develop a common electronic Economic Disclosure Statement system that: allows for the submission of uniform information for all Participating Members' vendors and subcontractors; integrates disclosures and certifications into Participating Members' procurement databases; automates conflict checks and due diligence; and can be updated in real time.

18. Establish a process for the use of joint pre-qualified vendor pools that recognizes the different statutory requirements applicable to Participating Members.

19. Develop best practices for routine audits of procurement functions and contract awards, and evaluate use of shared services to perform this function.

20. Require each Participating Member to create a comprehensive procurement manual for its staff that is user-friendly and available to the public.

21. Codify and provide training to Participating Members' employees on procurement rules and regulations, including appropriate authority, prohibited communications, and reporting obligations.

22. Develop universal programming for vendor outreach and training.

23. Develop uniform, minimum contract close-out procedures for use by all Participating Members.

24. Develop minimum standards for project managers and other on-site review personnel to ensure vendor compliance.

25. Establish a process for information-sharing among Participating Members regarding poor performance, noncompliance, or wrongdoing of a vendor.

26. Seek to establish reciprocal debarment among Participating Members through the use of a debarment review board or another mechanism as permitted by law.

27. Establish uniform practices, where permitted by law, to expand preferences for local vendors and support a workforce development or similar contract award preference.

Long-Term Recommendations (2017 and beyond)

28. Implement a universal procurement system that serves as a single point of entry for posting and responding to all Participating Members' procurement opportunities, and as a central repository for all contract and vendor information.

29. Identify compliance functions that can be shared among Participating Members, including MBE/WBE compliance activities, and establish a joint compliance field team.

30. Secure a *pro bono* study regarding the financial impact of the City's risk shifting contractual provisions.

31. Evaluate the benefits of center-led or consolidated procurement among the Participating Members.

On May 27, 2015, Mayor Emanuel convened the Procurement Reform Task Force to review the procurement policies and procedures of the City of Chicago and its sister agencies—Chicago Public Schools, Chicago Transit Authority, Chicago Housing Authority, City Colleges of Chicago, Chicago Park District, and Public Building Commission—and develop recommendations to enhance oversight, streamline processes, and implement best practices. As stewards of public funds entrusted with delivering the goods and services that Chicago residents depend on, the Task Force member agencies are continually engaged in self-examination and system improvements. The creation of this Task Force is recognition that, although each of these entities provides distinct functions and is governed by separate laws and regulations, there are fundamental similarities among them that require significant coordination and collaboration in order to achieve meaningful reform.

This report presents the Task Force's findings and recommendations for procurement at the City of Chicago and its sister agencies. The report includes background on the Task Force's membership, process, and context. It then discusses the Task Force's findings regarding the current state of procurement at the City and its sister agencies and provides actionable recommendations to create a system grounded in the principles of competition, efficiency, transparency, integrity, and uniformity.

MEMBERS

The participating members of the Task Force are seven separate governmental units (referred to herein as "Participating Members"). These public bodies have unique missions and operate under a diverse array of state, federal, and local laws and regulations. A brief summary of each organization and the name of its Task Force representative follow:

City of Chicago
Jamie L. Rhee, Chief Procurement Officer
Joseph Ferguson, Inspector General

The City of Chicago, a home rule unit of local government under Section 6 of Article VII of the Illinois Constitution, is composed of 27 departments under the executive authority of the Mayor. City government includes two other City-wide elected officials—Treasurer and Clerk—and 50 Aldermen, who compose the City Council. City departments serve approximately 2.7 million City residents and 9.5 million Chicagoland residents, and maintain the facilities, services, roads, and alleys throughout the City's 237 square miles. Some of the notable departments include the Departments of Aviation, Buildings, Family and Support Services, Fire, Fleet and Facility Management, Planning and Development, Police, Public Health, Public Library, Streets and Sanitation, Transportation, and Water Management. As it plans for the next fiscal year, the City has identified a $754 million shortfall that it must address. While the Mayor does not direct the operations of the sister agencies, he does play a role in their management and oversight by appointing board members and the heads of the organizations.

Chicago Public Schools (CPS)
Forrest Claypool, Chief Executive Officer

CPS is subject to the Illinois School Code, 105 ILCS 5/1 et seq., and governed by the Chicago Board of Education, whose seven members are appointed by the Mayor. The Mayor also appoints CPS' Chief Executive Officer, who is responsible for the management of the school system. CPS educates about 400,000 children in over 600 schools, making it the third largest school district in the country. It is currently in the middle of a five-year action plan that prioritizes raising classroom standards, building systems of support, engaging families, and implementing sound fiscal and operational systems. See cps.edu/pages/actionplan.aspx.

Chicago Transit Authority (CTA)
Dorval Carter, President

Created by the Metropolitan Transit Authority Act, 70 ILCS 3605/1 et seq., CTA is the second largest public transportation system in the country, operating bus and rail service throughout the City and to 35 surrounding suburbs. It provides approximately 1.64 million rides per weekday. CTA's system consists of 140 bus routes and eight train routes that run over 224 miles of track. CTA is governed by the Chicago Transit Board. Four of its seven members are appointed by the Mayor of Chicago with the advice and consent of the City Council and the remaining three by the Governor of Illinois with the advice and consent of the State Senate. The transit system is led and managed by a President, who is appointed by the Mayor subject to the approval of the Board.

Chicago Housing Authority (CHA)
Eugene Jones, Jr., Acting Chief Executive Officer

Authorized by the Illinois Housing Authorities Act, 310 ILCS 10/1 et seq., and subject to the regulations of the U.S. Department of Housing and Urban Development, CHA develops and manages housing for low-income Chicago residents. It currently provides homes to more than 50,000 families and individuals. Since 2000, CHA has been implementing its Plan for Transformation, redeveloping and rehabilitating its public housing inventory and shifting the focus from high rises to mixed-income developments. See www.thecha.org/about/plans-reports-and-policies. CHA is overseen by a ten-member board appointed by the Mayor and confirmed by the City Council. Its day-to-day operations are performed under the direction of a Chief Executive Officer appointed by the Mayor subject to the approval of the Board.

City Colleges of Chicago (CCC)
Cheryl Hyman, Chancellor

Established by the Illinois Public Community College Act, 110 ILCS 805/1 et seq., CCC is a community college system composed of seven schools across the City—Richard J. Daley College, Kennedy-King College, Malcolm X College, Olive-Harvey College, Harry S. Truman College, Harold Washington College and Wilbur Wright College—as well as culinary and communications facilities, and five child development centers. CCC enrolls 115,000 students annually at its colleges and satellite sites and employs 5,700 faculty and staff. The CCC Board of Trustees is composed of seven voting members, appointed by the Mayor with approval by the City Council, and one student trustee elected by the student body. The Chancellor, who oversees the CCC, is appointed by the Mayor subject to the approval of the Board.

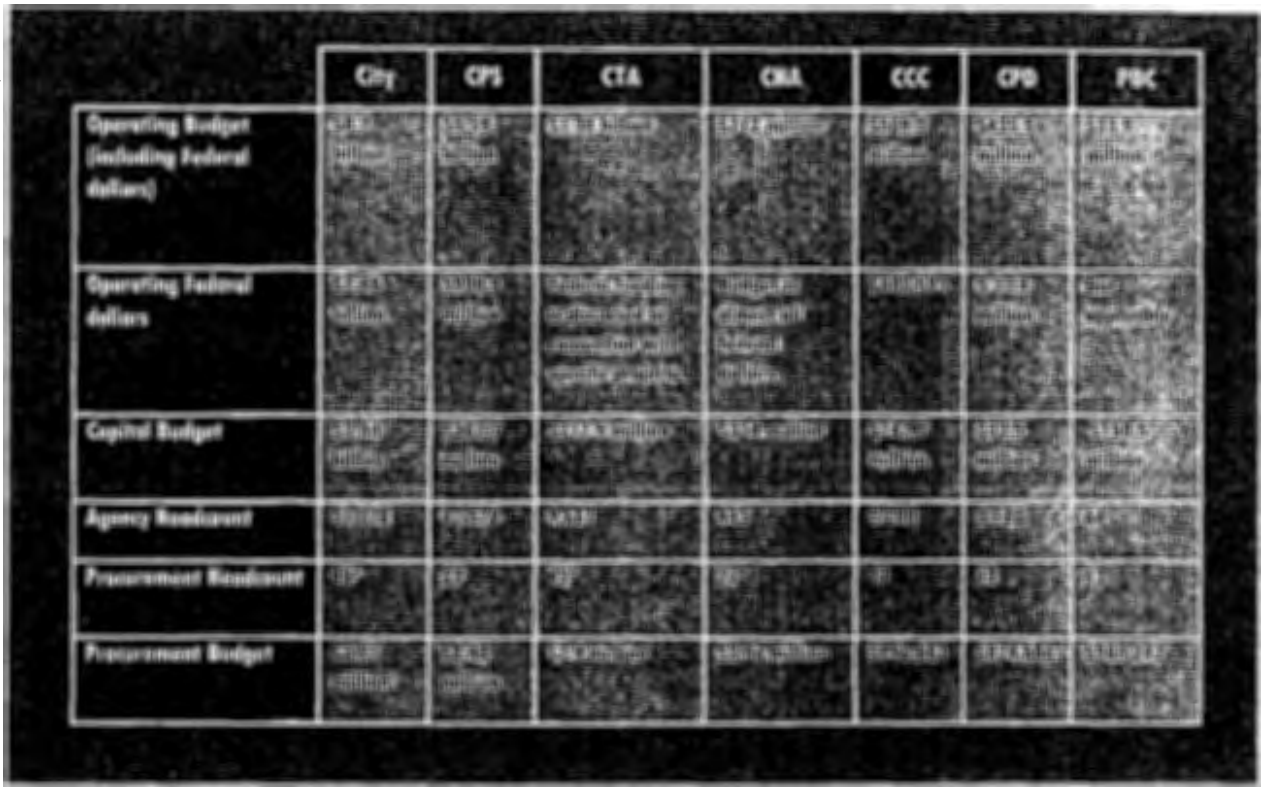
Chicago Park District (CPD)
Michael Kelly, General Superintendent and Chief Executive Officer

Created by the Chicago Park District Act, 70 ILCS 1505/.01 et seq., CPD owns and manages one of the largest municipal park systems in the country, with 580 parks, 77 pools, 23 beaches, and 2 conservatories on 8,100 acres of land, including 26 miles of lakefront. CPD offers sports, environmental, and cultural programming for all ages at its facilities. CPD land also houses ten museums and hundreds of concessionaire vendors who provide dining and recreational opportunities. CPD is governed by its Board of Commissioners, composed of seven members appointed by the Mayor and approved by the City Council. The General Superintendent for CPD, who leads the operations for the District, is appointed by the Mayor subject to the approval of the Board of Commissioners.

Public Building Commission of Chicago (PBC)
Felicia Davis, Executive Director

Authorized by the Public Building Commission Act, 50 ILCS 20/1 et seq., and § 2-140-010 of the Municipal Code of Chicago, PBC formed in 1956 to develop the Chicago Civic Center, now the Richard J. Daley Center. PBC centralizes functions of various branches of government to ease the acquisition, improvement, and construction of buildings and facilities. With clients that include the City of Chicago and each sister agency on this Task Force, as well as Cook County, PBC has built and renovated schools, colleges, libraries, parks, fire houses, and police stations. PBC also continues to serve as property manager for the Daley Center. PBC is governed by an eleven-member Board of Commissioners that includes six Mayoral appointees and is comprised of representatives of its government clients and other civic and business leaders. Currently, the Mayor is the Chairman of the Board of Commissioners. Subject to the Board's approval, the Chairman appoints the Executive Director of the PBC, who runs the agency's operations.

The Participating Members vary not only in their mission and regulation, but also in their size and resources. These differences provide context for the findings across the organizations. The chart below compares agency headcount and budgets for Fiscal Year 2014.



Relevant to the Task Force's review, the Participating Members issue differing numbers of competitive and noncompetitive procurements, have varying numbers of contracted vendors, and expend significantly different amounts of money through their procurements. The following chart compares those numbers for 2014.

[1] This only includes the capital budget for improvements at the Richard J. Daley Center, which is part of PBC's annual budget. Costs for capital projects developed by the PBC on behalf of its clients (City of Chicago, Cook County, and sister agencies) are included in the respective clients' capital budgets. In 2014, the PBC had a total of $151 million in work-in-place for projects in development on behalf of its clients.

[2] 23% (9) of the City's procurement headcount is attributable to compliance and oversight staff.

[3] CTA has separate Purchasing and Diversity departments with separate budgets. The CTA's Purchasing department was $5.71 million for 36 individuals. The CTA's Diversity department budget was $2.19 million for 14 individuals, 6 of whom had job duties solely dedicated to procurement compliance.

[4] 37% (10) of the CHA's procurement headcount is attributable to compliance staff.

[5] 20% ($640,000) of the City's procurement budget is attributable to compliance and oversight.

Despite the legal independence, distinct statutory obligations, separate funding authority and revenue streams, and varying resources of the Participating Members, the public commonly views these entities as one City government providing City services. The public's perception stems from the fact that the Participating Members serve the same constituents, operate in the same region, often use the same resources and vendors to accomplish their mission, and are led by individuals appointed by the Mayor. These circumstances highlight the importance and urgency of the Task Force's efforts as it seeks to break down barriers to coordination and make each Participating Member more accountable for the expenditure of its public funds.

PROCESS

After the May 27, 2015 launch meeting, the Task Force Co-Chairs formed a Working Group composed of staff from the City of Chicago's Department of Procurement Services and its Office of Inspector General. The Working Group was supported by staff from the Mayor's Office and the Department of Innovation and Technology, and two private sector entities providing *pro bono* services, the Civic Consulting Alliance and Mayer Brown LLP.

The Working Group led the first phase of the Task Force's efforts, summarizing the current status of procurement through key findings. The Working Group developed a comprehensive survey that was circulated to each Participating Member. The survey sought information on six topics: Procurements, Contracts, Grants, MBE/WBE/DBE Programs, Systems and Technology, and Oversight.

[6] This represents the number of CPS vendors with purchase orders in Fiscal Year 2014. CPS had 8,955 vendors in its system that year.
[7] Total spend represents CHA's spend for 2014 contracts only. CHA's 2014 spend through purchase orders was $355,100,868.
[8] Total spend represents CCC's Fiscal Year 2014 from 7/1/13 to 6/30/14.

- The **Procurement** section addressed the competitive and noncompetitive processes used to award contracts, including Invitations to Bid, Requests for Proposals, Requests for Qualifications, and emergency and sole source awards. It also inquired about vendor communications and conflict of interest controls.
- The **Contract** section included questions regarding agreement templates, terms and conditions, contracting authority and process, vendor verification and training, and contract close-out procedures.
- The **Grants** section requested similar information related to any grants that the Participating Members award.[9]
- The **Minority-Owned Business Enterprise/Women-Owned Business Enterprise/Disadvantaged Business Enterprise (MBE/WBE/DBE) Programs** section requested information on Participating Members' Supplier Diversity programs. The MBE and WBE programs are municipal programs that support equal access to contracting opportunities for minority- and women-owned businesses by establishing participation goals for contracts funded with public dollars. The DBE program is a federal program, which applies to contracts procured with federally sourced funds, and enables small businesses owned by socially and economically disadvantaged individuals to compete for federally-funded contracts procured by State and local agencies. In order to participate in these programs, the businesses must be certified by an appropriate agency or organization as an MBE, WBE, or DBE. Generally, in order for the MBE, WBE, or DBE's involvement with the contract to satisfy the requisite goal, it must be performing a commercially useful function related to the contract in an area of specialty in which it is certified. With regard to these programs, the survey inquired about program certifications accepted, due diligence performed, agency participation goals, and the process for determining good faith efforts for the utilization of certified firms on government contracts.
- The **Systems and Technology** section addressed internal and outward facing systems related to procurement and contracting, including costs and any recent or planned improvements or implementations.
- The **Oversight** section requested information on all entities involved in monitoring procurements and contracts, any recent or routine audits performed, processes for handling contract breaches and violations of law, and the debarment process.

Participating Members were also invited to share their highest priorities, most significant risks, and areas of interest related to the Task Force's mandate. The Participating Members provided a wealth of responsive information through their narrative answers and supporting documents.

The Working Group solicited additional input regarding procurement oversight and integrity from the Offices of Inspectors General for the Participating Members through a brief questionnaire. Mayer Brown conducted research on the Participating Members' statutory requirements related to procurement and on comparative practices in similarly situated municipalities. Mayoral Fellows compared the Participating Members' procurement websites and the Civic Consulting Alliance

[9] Based on the information received from the survey responses and in-person meetings, the Task Force determined that the majority of Participating Members do not award grants. The Task Force's findings and recommendations therefore do not address grant awards or administration. Those City Departments and sister agencies that do award grants would still benefit from a review for potential efficiencies in grant administration which in critical respects should be conducted in accordance with the same principles that apply to procurement.

provided best practices for a Procure-to-Pay process as well as ongoing strategic guidance regarding data collection and analysis.

After studying the submitted materials and legal research, the Working Group held meetings with representatives from each of the Participating Members. During the meetings, each agency contributed insights regarding its procurement and contracting practices, potential process improvements, and opportunities for collaboration.

Once the Task Force reached consensus on its findings, it then began work on the recommendations. Representatives from each Participating Member took part in a facilitated discussion session to identify actionable solutions to the issues and deficiencies highlighted by the findings. Some recommendations are achievable in the very near term and have been identified for immediate implementation. Other recommendations require additional study and decision-making, or planning and an outlay of resources. In those cases, they contain some explanation of the needed steps and have been identified for mid-term or long-term implementation. Regardless of when the recommendation can be deemed fully implemented, all of the recommendations require immediate action in order to ensure that the deficiencies and inefficiencies identified by the Task Force are addressed and that the urgency behind the Task Force's creation is not lost.

ENVIRONMENT

The Task Force's review has not been undertaken in a vacuum. Its analysis has been informed by positive, ongoing efforts to improve procurement and address public criticism of and controversy surrounding certain procurement processes. The Task Force is also aware of the tremendous constraint on public funds in the current budget cycle and for the foreseeable future.

In a number of respects, the Task Force's efforts are an extension of the work of the Government Procurement Compliance Forum (GPCF). First convened in January 2014, under the leadership of the City, this forum of city, county, state, and federal government procurement and compliance officials, as well as non-profit organizations representing the vendor community, was created to discuss best practices in procurement and MBE/WBE/DBE compliance. Through this forum, representatives of various public bodies have shared lessons learned and engaged in joint outreach efforts, culminating in a unified Buying Plan and an annual Vendor Fair. The Task Force is similarly focused on best practices, but limited to the City and its sister agencies, which have a greater ability to coordinate and establish uniformity where appropriate.

The positive trends in efforts like the GPCF are at times overshadowed by negative media coverage of high-profile procurements. Such coverage involving public bodies serves as a reminder of the risk all government entities face in public purchasing if they do not remain vigilant. Similarly, public misperception of the procurement process creates distrust by the public of government agencies.

The Task Force focused on five key traits essential to successful public sector procurement and contracting: competition, efficiency, transparency, integrity, and uniformity. Findings regarding the Participating Members' current policies and practices are listed under the trait most relevant to the issue identified. Where findings relate to multiple traits, such as both efficiency and transparency, it is noted in the finding discussion.

The findings across all five traits serve as a call to action for the City and its sister agencies. They highlight recurring opportunities for Participating Members to enact meaningful reforms. While some improvements may be achieved on a limited basis by an individual agency implementing a best practice or a modified process, the most impactful reforms require collective action by the Participating Members in order to effect meaningful structural change across Chicago's procurement systems. These opportunities for reform include: 1) building stronger processes and controls, 2) ensuring greater consistency and coordination, and 3) reducing administrative burden and cost.

First, there are a number of findings where one or more Participating Members may be employing a practice or standard that provides greater competition, transparency, or oversight than those of other Participating Members. This review allows all Participating Members to take note of better practices that others may be using and lays the foundation for recommendations on how all Members can employ more uniform best practices.

Second, the findings reveal opportunities for Participating Members to achieve greater standardization in their documentation and policies, eliminating needless disparity when dealing with many of the same vendors performing similar work or services for multiple Participating Members. Lack of coordination among the Participating Members has a direct impact on the vendor community. The complication and confusion created by varying processes and forms can create barriers to entry and frustration among businesses resulting in a less competitive vendor pool and fueling the perception that Chicago is a challenging city with which to do business.

Finally, findings across all five categories demonstrate opportunities for Participating Members to reduce burden and cost through collaboration, joint purchasing, and shared services. None of the Participating Members can afford to remain within the silo of its own operations. Opportunities to save money and resources are lost when agencies award parallel procurements that could have been issued jointly, duplicate the establishment of vendor pools, and implement inconsistent compliance efforts.

Realizing savings by addressing these findings is not a mere hope. Governments that have already tackled these issues have demonstrated success in saving significant sums.[10] While the City and its sister agencies cannot resolve the issues identified below on their own, together through collective action, the Participating Members can address these issues and can achieve similar results for Chicagoans.

[10] For example, the State of Virginia, which spends approximately the same amount annually through procurements as the Participating Members, implemented a comprehensive electronic procurement system that established a single-contact, government-to-business network that reduced paperwork, increased transparency, and streamlined operations. As a result, Virginia estimates that it saves $30 million per year through leveraged buying power and $11 million per year in administrative efficiency, while also significantly increasing competition, access to opportunities by disadvantaged businesses, and the speed of processing procurements and the delivery of goods and services. *See* https://eva.virginia.gov/cd/files/evafact1benefits-savings.pdf.

COMPETITION

Robust competition is the best way Participating Members can assure that they secure the greatest value when purchasing goods and services with taxpayer money. Public agencies should strive for free and open competition through well-publicized procurement opportunities that follow standardized solicitation processes.

While developing and executing competitive procurements requires significant time and effort, it is justified by the resulting optimized value and public trust. Moreover, efficiency and competitive procurement are not an either/or proposition. Increased use of joint procurements, piggybacking, and consortium purchasing can further competition with less administrative burden. Even in small value procurements, abbreviated public processes that encourage open competition can and should be developed. Entities that do not employ these practices often cite the burden and inconvenience, but in doing so they overweigh the front-end costs, underestimate associated risks and the compliance and enforcement costs that ensue from those risks, and relatedly underestimate the benefits. Of course, the frequency of using these methods of procurement must be balanced with providing opportunities to MBE/WBE/DBEs and new businesses by issuing more solicitations.

Inevitably, there will arise unexpected circumstances in which it is not possible or economical to run even an abbreviated solicitation process, such as in emergency situations where life or public safety are at risk. However, instances in which noncompetitive awards are made for goods and services should be rare, and controls should be in place to confirm that the use of a noncompetitive process is justified.

Without processes that maximize competition, public bodies open themselves up to criticism from the public and vendors that they are running an unfair procurement system that benefits some at the expense of others, while wasting public funds on higher cost goods and services. Only by ensuring a holistically competitive procurement system can Participating Members transform the public's perceptions, rooted in Chicago's past, that give rise to suspicions of insider dealings, graft, and waste.

The findings on competition in procurement are:

1. Participating Members use a variety of common competitive processes, including Invitations for Bids, Requests for Proposals, and Requests for Qualifications; however, their solicitation documents and award procedures vary.

Participating Members generally use the same competitive procurement mechanisms. All use:

- Invitations for Bids (IFB). IFB is a competitive process in which the award is based solely on the lowest price. In an IFB, bidders are first determined to be responsible bidders based on relevant criteria and whoever submits the lowest bid among the responsive, responsible bidders is awarded the contract.
- Requests for Proposals (RFP). RFP is a competitive process in which price is not the sole criteria. Often used for professional services, responses to the RFP are scored on a variety of criteria, a winning respondent is selected, and a contract is then negotiated. If agreement cannot be reached with the contractor, another high scoring respondent may be chosen.

- Requests for Qualifications (RFQ). RFQ is a competitive process often used for procurements involving technical skills and knowledge. The solicitation focuses on the applicants' demonstration of their professional qualifications and ability to provide the services in the specified area of expertise. This process is substantially similar to Letters of Interest and Qualifications (LIQ), which are used by some Participating Members.

Some Participating Members use additional procurement options such as:

- Reverse auctions. A reverse auction is a competitive process which first requires the determination that bidders are responsible based on their experience and capabilities, and then is followed by a live, public auction in which the responsible bidders attempt to win the award by offering the lowest bid before the end of the auction.

- Requests for Information (RFI). An RFI is a solicitation used to gather information about vendors' capabilities in a certain field. The process can be used to learn about how vendors would handle a specific project and to qualify vendors for a subsequent solicitation.

These common (and in some cases overlapping) building blocks provide a foundation on which the Participating Members can build more collaboration in purchasing.

While the processes are generally standard, there is variation in the Participating Members' solicitation documentation, requirements, and terminology. Certain solicitation provisions may be required by statute for a Participating Member; however, much of the variation among the agencies is within their discretion and could be made uniform to ease consolidation and reduce burden on the vendor community. Variation that exists in the Participating Members' solicitation documents then runs throughout the procurement process into their contracts and dispute resolution procedures, serving as an obstacle to consolidation across agencies. This variation also increases the administrative burden on vendors requiring them to deal with different processes and documents when they respond to solicitations from multiple Participating Members.

2. While all of the Participating Members use the same forms of noncompetitive procurements—emergency, sole source, and, in some cases, small purchase—the standards and controls governing those procurements vary in content and efficacy, and expose the agency and taxpayer to risk of abuse and fraud.

As with competitive procurements, Participating Members utilize most of the same noncompetitive procurements. However, the circumstances under which those processes may be used and the controls over those processes vary. For example, in the case of emergency procurements, the determination that the noncompetitive purchase is justified due to risk to health, safety, or public exigency must be verbally approved by the CCC Board Chairman when over $25,000, approved by the CPD Board when over $100,000, and approved by CHA's Board when over $1,000,000. While different organizations may rightfully tolerate different degrees of risk, a threshold range of $975,000 for board approval among the various Participating Members does not make much sense given the similar environment in which they operate.

This variation in standards and controls for noncompetitive processes highlights areas where some Participating Members are further from a best practice than others. It also suggests that if certain

agencies can successfully employ more competitive practices in their procurements, then the other Participating Members can do the same. Several of the ensuing findings address some of the more significant variations among the Participating Members' noncompetitive procurement processes.

3. Through a small purchase process, contracts up to differing thresholds are awarded with varying degrees of rigor in competition, transparency, and oversight.

The threshold for what defines a small purchase varies greatly among the Participating Members—from under $2,500 at CCC to under $100,000 at CHA and the City. While most Participating Members require some level of competition for small purchases, the rigor of these processes varies from a formal bid solicitation process to awards with no competition.

The City advertises all small orders, and bids are submitted to its bid and bond room and posted online. Other Participating Members most commonly procure small purchases by the user department directly soliciting multiple quotes. One Participating Member noted that its procurement department does not know how the user department goes about soliciting its quotes, and as a result the procurement department instituted a practice of also posting small purchase opportunities on its website. At CPS, where they do not use the term "small purchase," directly solicited quotes are used to procure services valued up to $250,000 for categories identified as "non-biddable." Non-biddable purchases are defined by Board Rule 7-2 (b) as all items exempted from competitive bidding requirements under 105 ILCS 5/10-20.21, such as contracts requiring professional skills, contracts for perishable foods and beverages, contracts for data processing equipment, and contracts for duplicating machines and supplies.

The varying thresholds for small purchases and the varying degrees of competition in the processes means that significantly different sums of public funds are awarded with little competition at the City and its sister agencies. Moreover, the process of directly soliciting three or more bids from vendors often involves little oversight by the agency's procurement office, and may not provide much competition in the process, as acknowledged by the Participating Member who now posts small purchase awards as well. This disparity among the Participating Members is difficult to justify.

4. While some of the Participating Members have a competitive process for emergency contracts, only one imposes a limit on the contract's duration and only one has an open solicitation process.

Even in the exigent circumstances of an emergency, some Participating Members have taken steps to support a competitive procurement. The City announces all emergency contracting opportunities through its alert system and posts all outstanding emergency contracting opportunities on its website for bidding. CPS solicits a contracted pool of qualified vendors to provide emergency facility restoration and assigns the emergency work as it arises based on the services needed and capacity. PBC requires that the user department make diligent efforts to solicit proposals from multiple vendors and document those efforts.

One method to ensure that this noncompetitive process is not abused is to limit the duration of emergency contracts. An operating principle for such a limitation period would be that the term of an emergency contract should be no longer than minimally necessary to competitively procure the goods or services. Only one agency operates with such a limit currently—the CTA. CTA limits the duration

of emergency contracts to the approximate amount of time it will take to complete a new competitive procurement.

In practice, emergency procurements are at times used for needs that should have been anticipated and would normally require a competitive procurement but, due to delay or poor planning, have developed into an emergency. The incidence of such inappropriate use of emergency contracts undermines perception of the fairness and integrity of the competitive procurement system from which it deviates. The impact of this inappropriate use of emergency contracts would be lessened by limits on their duration.

5. Participating Members use varying criteria to justify sole source awards, and most do not distinguish between sole source and disadvantageous or single source justifications.[11]

Participating Members all allow sole source awards; however, their justification criteria differ significantly. Some do not enumerate specific criteria but require simply that the good or service be unique or only available from one source. Others have forms that seek specific information about the exclusive capabilities of the prospective contractor.

Most Participating Members allow a sole source award when a determination is made that although multiple vendors are available, a particular vendor is the only financially or operationally viable option for the agency. Only CTA has a separate justification process for awards where there may be more than one source, but it is deemed to be disadvantageous to the agency to competitively procure, and instead the award is directed to a specific vendor. Other Participating Members either do not distinguish between these justifications in their sole source process or lack written procedures for either sole source or disadvantageous awards.

The practice of applying the same criteria, whether formally or informally, to both sole source and disadvantageous procurements is problematic because the two inquiries are quite different. A disadvantageous justification is often a more subjective determination of whether such a contract is in the best interests of the governmental unit, while a sole source justification is often a more objective determination about exclusive capacity or availability. The blending of these two categories allows an otherwise objective determination to become a discretionary decision.

6. For sole source procurements, most Participating Members do not require public posting to confirm the user department's justification.

Most Participating Members base a sole source procurement on the justification of the user department. At certain agencies, the justification requires that the requester solicit other bids before awarding a sole source contract. CCC researches other potential vendors and sometimes conducts a public bid. PBC requires the user department to make diligent efforts to solicit proposals from multiple vendors and to document those efforts.

[11] Sole source contracts are generally awarded after a determination that the needed good or service can only be provided by the contracted vendor. Disadvantageous or single source contracts are generally awarded after a determination that it would be financially disadvantageous or otherwise not in the public interest to award the contract to anyone other than the contracted vendor.

Until recently, the City was the only Participating Member that posted sole source notices on its website in order to ensure that there is no other vendor that can provide the relevant good or service. After the public has an opportunity to comment and raise objections to the proposed award, the City's Non-Competitive Review Board holds a hearing and votes on a recommendation to the CPO, who has final approval authority. Following a recent audit of its sole source process by Accenture, CPS now joins the City in posting sole source notices online. CPS also has a review committee, which was in place prior to the audit, that makes a recommendation to its CPO regarding sole source awards.

By posting the proposed sole source awards and allowing a meaningful opportunity for the public and vendor community to comment on whether other entities can provide the goods or services sought, the City and CPS establish a strong control on the improper use of sole source. However, the full benefit of the process is only realized if the posting can be easily accessed on the agencies' websites with clear instruction on how to respond. By establishing a committee that reviews and recommends whether a sole source award is appropriate, the City and CPS achieve a separation of duties that mitigates any potential bias in the user department's request for a sole source award.

7. With regard to contract modification, only one Participating Member has a written policy requiring resolicitation when a significant change from the contract's original purpose is sought.

The CTA Policy and Procedures manual provides that all change orders and contract amendments must be within the general scope of the contract, and any cardinal changes require rebidding. In certain circumstances PBC requires board approval for change orders and CPS requires board approval for contract modifications. The City requires that all amendments have the same approvals as the original contract. While Participating Members, as a matter of practice, limit contract amendments that would significantly deviate from the originally posted solicitation, most do not have written policies that limit this use of amendments or provide guidance on acceptable and unacceptable revisions.

A lack of written rules prohibiting significant modification of a contract after an award without a new solicitation allows the potential for an end run around the procurement process. It may also allow for award of a contract based upon a design or other criteria that are not appropriate or fully developed for the project, only to be amended at a later point in time with a resulting increase in cost. This can undermine public confidence in the efficacy and integrity of the agency's procurement and contract management system. Regardless of how entrenched appropriate practices may be, written regulations are necessary to hold individuals accountable in those instances in which agency staff deviates from those practices.

8. While Participating Members have general practices as to contract duration and renewals, and a few have firm limits for certain types of contracts, for the majority of contracts there are no established rules limiting contract duration or the number of renewals.

Contract duration limits can serve as a control ensuring that, despite the administrative burden of competitive procurements, goods and services are periodically rebid to achieve the best pricing on the current market. While Participating Members have requirements regarding specific contract types, such as leases, and some have developed common practices regarding a contract term, none, including

the City, have established duration or renewal limits on their contracts beyond those required by state and federal law.

Pursuant to HUD regulations, CHA contracts are generally limited to five years, inclusive of the initial term and renewals. Several other Participating Members often limit contract terms and renewals to five years as a matter of practice, although they are not required to by law or policy, and thus the application may not be consistent. CCC generally limits contracts to two- or three-year initial terms and two one-year renewals, while CTA and PBC typically limit contracts to three-year base terms and limit renewals to two years.

The development of common practices regarding contract terms and renewals indicates a general recognition that contracts shouldn't run for an excessive number of years without being rebid, yet the lack of established standards allows for Participating Members to enter into long-term contracts based on the determinations of individual employees. It also allows for contracts to be repeatedly renewed when user departments fail to appropriately plan for a new solicitation.

9. Only one Participating Member has a firm limit on increasing the contract value without a new procurement.

The Participating Members are subject to the Public Works Contract Change Order Act, 50 ILCS 525/1 et seq., which requires units of local government and school districts to complete a new competitive bid on a public works contract when a single change order would increase the price of the original contract by 50 percent or more. However, outside of construction contracts, only CCC has a firm limit—10 percent—requiring a new procurement if an amendment seeks to increase the value of the original contract by more than that amount. CPS cannot increase the value of a contract over the threshold that would trigger a different procurement process than the one used initially. The other Participating Members do not have a limitation on increasing contract value for non-construction work.

The lack of limitations on increasing contract value can open the door to gamesmanship when submitting bids. Reasonable limitations would foreclose the possibility of thwarting the procurement process by underbidding only to later push price increases, while at the same time recognizing that legitimate situations arise that require cost increases when rebidding is not feasible.

10. The majority of Participating Members do not provide any workshops or training to potential vendors.

The complex regulations and requirements involved in government procurement can serve as barriers to entry for many potential vendors. Outreach through training seminars, workshops, and written guidance can remove those barriers for companies of all sizes. CHA, PBC, and the City hold vendor trainings. The City has the most extensive offerings with 15 different workshops offered multiple times per year on topics such as "Doing Business with the City of Chicago," "Contracting 101: How to Respond to a Request for Proposal," "How to Navigate the DPS Website," and "Compliance Documentation 101." Other Participating Members have expressed a desire to offer more training, or join in with the City. This therefore constitutes a clear opportunity for joint programming, particularly as greater uniformity of standards and processes is achieved.

EFFICIENCY

The strained fiscal environment mandates that public entities maximize efficiency. Fiscal demands require the need for assessment and reform of how municipal government operates, including how it procures. Participating Members run comparable procurement processes for similar goods and services from an overlapping set of vendors and contractors. Opportunities to streamline and consolidate are evident.

Greater efficiency benefits the public bodies, the vendor community, and the public at large. For agencies, consolidated efforts can reduce administrative burden, allowing staff to redirect efforts to other aspects of their mission or reduce overhead. For vendors, coordinated solicitations, contracts, and information requests can reduce the cost of responding to solicitations, create more uniform expectations, and incentivize increased participation and therefore competition in the process. For citizens, strategically planned joint procurements can leverage buying power, lowering costs and saving tax dollars.

The findings on efficiency in procurement are:

11. In 2014, the Participating Members spent over $18 million cumulatively on procurement administration, a portion of which was spent on duplication of effort.

Given the varying sizes of the Participating Members, procurement staffing numbers vary from 11 to 42, and procurement budgets vary from $874,000 to $7.9 million. The cumulative expense of the Participating Members' procurement operations is a relatively insignificant sum of their overall budgets in light of the vital services they provide. Nonetheless, it is clear that certain funding is paying for a duplication of efforts in some areas while potentially directing resources away from other vital functions that, as identified elsewhere in this report, could benefit from additional attention. As the ensuing findings will highlight, there are opportunities for greater efficiency around pre-qualified vendor pools, vendors' economic disclosure statements, IT systems, debarment processes, and MBE/WBE compliance, which could reduce redundancy, improve results, and allow for a more effective allocation of resources.

12. All Participating Members use their own pre-qualified pools of vendors, a potential area of inefficiency for government and inconvenience for vendors.

All Participating Members have pre-qualified pools of vendors for certain service types. These service categories include construction management, planning, IT, surveying, and environmental consultation, among others. Use of vendor pools among the Participating Members is common and growing, with the CTA recently completing its first RFP for a professional services vendor pool. Such vendor pools bring a greater degree of competition to the purchase of services.

Yet, many of the Participating Members' service pools overlap. For example, the City, CTA, CHA, and CPD each have a pre-qualified vendor pool for engineering services. Each governmental unit conducted its own solicitation, evaluation, and selection process to establish that pool. In other words, there were four processes to generate four overlapping lists. This is a redundant expenditure of scarce public resources. On the other side of the equation, in order for an engineering firm to be eligible for

contracts from each Participating Member, it would have to respond to each solicitation and gather all required documentation for four separate entities.

Given that the specific task orders define the nature of the engineering services needed for any particular project, it is feasible and economically advantageous for Participating Members to draw from one vendor pool for these services. While some Participating Members are subject to federal regulations that will need to be considered prior to coordination, these requirements should not be presumed to be insurmountable obstacles to consolidated vendor pools. While any consolidation must ensure that it isn't creating new barriers of entry for firms seeking an opportunity to participate in vendor pools, generally this collaboration would make doing business with the Participating Members more attractive and streamlined.

13. As all of the Participating Members collect some form of economic disclosure information from vendors, there is an opportunity for efficiency and more transparency for both government and vendors in a centralized online system.

All Participating Members perform some degree of due diligence on their vendors prior to entering into a contract with them. One common element of that due diligence is to require vendors to complete some type of Economic Disclosure Statement (EDS), in which they attest to certain self-reported information about their ownership, affiliations, and past practices. An EDS is critical to knowing the vendor and assuring it is of appropriate character, fitness, and financial soundness and is free of conflicts that would impact its ability to perform work for the relevant public entity.

Currently there is no centralized online database for submitting or storing this information. Although Participating Members generally require similar information from vendors, their EDS forms vary. Despite overlap among the Participating Members' vendors, they must complete these statements for each contract opportunity. If a vendor has a single reportable change of information, it must make multiple repetitive amendments across all of the agencies. This creates an unnecessary administrative burden for all parties involved in the process.

14. Most Participating Members do not integrate disclosures and certifications into their procurement databases in a manner that allows for conflict checks and due diligence.

As mentioned above, the lack of a centralized, online system for EDS's creates inefficiency across the Participating Members, but it also misses an opportunity for efficiency and stronger oversight within each agency. Each Participating Member is collecting a significant amount of information through certifications and disclosures that remains in hardcopy files or on scanned pages. These documents must be manually reviewed to determine whether there are any issues or concerns. Thus, agencies are making efforts to collect information that is not used to its fullest potential.

An online EDS system, such as the City's, can perform requisite checks automatically, flagging problematic responses and debarred vendors. Once the information is entered electronically it can be readily searched and analyzed by both government officials and the public. Additionally, information can be imported from one procurement to another, saving vendors time and effort.

15. Participating Members' IT procurement systems are not standardized or interoperable.

Each Participating Member uses a number of different systems to support its procurement and contracting processes. They all process their procurements electronically to varying degrees. In some cases, the Participating Members are using the same, or similar, technology products to support their systems. Also, the Participating Members are using similar systems to support similar processes, even where they might be using different products. These commonalities indicate that the Participating Members are very likely to benefit from a coordinated strategy for technology implementation. The areas showing the most commonality include the management and publication of procurement-related information, online submission of Economic Disclosure Statements, compliance monitoring, and end-to-end procurement processing.

Further, where the Participating Members are using the same products, there does not appear to be any coordination or interoperability. For example, the majority of Participating Members use the same software, B2G Now, to track MBE/WBE compliance, an area identified previously as possibly benefiting from shared services. Despite the common use of this product to track compliance among the same vendors, the Participating Members' systems are generally not interoperable.[12] Participating Members' current practices for purchasing and implementing procurement-related systems represents a lost opportunity to reduce administrative and purchasing costs as well as to improve coordination among Participating Members and service to vendors.

16. All Participating Members are engaged in uncoordinated systems improvements related to procurement.

Every investment that a Participating Member makes in procurement technology without coordination with its sister agencies is a potential lost opportunity to build more efficient systems and to support more effective and transparent processes. For example, one Participating Member reported implementing a product to handle the submission, evaluation, and storage of RFPs within a few weeks and at a cost of approximately $6,000 per year, a timeline and budget that stands in sharp contrast to most other Participating Members' procurement-related software implementations. While this may not be the best solution for the group, a coordinated technology strategy will ensure that all Participating Members are benefiting from best practices and achieving the best solution at the best price for Chicago.

17. Participating Members have an interest in more coordination in areas including compliance monitoring, joint procurement, debarment, and hiring.

While differing statutes and cost restrictions play a role, the greatest obstacle to achieving efficiency in procurement is a comfort with the status quo and a resistance to change. For this reason, the Participating Members' interest and willingness to seek greater coordination is significant.

[12] This stands in contrast to the integration of the City of Chicago's and Cook County's MBE/WBE database, which allows certification and compliance personnel from each agency to view details about the certification status of vendors, regardless of agency. The linked databases also provide greater transparency to the public in that a vendor's certification status and host agency is visible and consistent on both agencies' websites.

Participating Members expressed an interest in more coordination through joint procurement, uniform contracting, shared compliance monitoring, debarment reciprocity, and staff recruitment and hiring.

Participating Members acknowledged the potential benefits to their agencies and the vendor community if certain aspects of the process could be streamlined and more uniform across City agencies. For example, several Participating Members reported having limited field resources to dedicate to verifying MBE/WBE compliance. Under a shared services model, a dedicated team devoted solely to MBE/WBE compliance could eliminate duplication of effort and provide increased monitoring for all Participating Members. While opinions may vary on the priority of projects and the details of implementation will require negotiation, the value of these efforts is not in question.

TRANSPARENCY

The importance of transparency in procurement and contracting flows from the simple premise that the public has the right to know how its tax dollars are being spent. This knowledge includes what is being purchased, who is being paid and how much, and how contracts are being awarded. The degree to which an agency's procurement process is transparent is dependent not just on what information is made available, but also how easily accessible and user-friendly it is.

In addition to informing the public, transparency has a direct impact on the two principles already discussed above—competition and efficiency. Participating Members acknowledge that in their day-to-day work they continually battle Chicago's reputation, rooted in past practice and anecdote, that there is a culture of cronyism and insider-dealing. One of the best weapons against that perception is transparency. Sunshine is the best disinfectant. When the integrity of the process is fully exposed to public and media scrutiny, there is little need to guess at motive and little opportunity to infer improper intent. A procurement process that is perceived as open and fair encourages competition and increases the Participating Members' ability to achieve their mission of securing the best value for taxpayers. Greater access to information also creates efficiencies by reducing the public's and media's need to prepare Freedom of Information Act (FOIA) requests and the agencies' need to respond to them.

The findings on transparency in procurement are:

18. Participating Members' information regarding procurement opportunities is dispersed and decentralized.

All Participating Members post competitive procurement opportunities on their own websites and in at least one newspaper. Some agencies use other digital tools as well, such as e-mail notifications and social media. Vendors wishing to learn about all contracting opportunities with the City and sister agencies need to check seven different web pages or consult two newspapers[13] regularly, or sign up for multiple email alerts and notifications from the agencies that offer these services. The decentralized state of information reduces transparency, presents a barrier to entry for vendors, and hinders effective procurement planning across agencies.

19. Some Participating Members publish notices related to the procurement process beyond the original bid opportunity (and its extension or cancellation), while others limit their procurement announcements to the bid opportunity.

All Participating Members provide information about open procurement solicitations and any changes to those solicitations, such as extensions or cancellations, and two Participating Members publish information on their websites regarding noncompetitive procurements. The City, CHA, CPD, and PBC also post bid tabulations. All Participating Members post award or contract information, although one only includes this information in monthly board reports. The City also posts the subcontractors on bids, change orders, contract amendments, and vendor payment information, and has developed a Bid

[13] All participating members post in the Chicago Sun-Times, except CPS, which posts in the Chicago Tribune.

Tracker application, which shows where each bid is in the contracting process, from advertisement to award. For the other Participating Members, little else is published during the procurement process and engagement of a vendor.

This stands in contrast to the information made available by governmental bodies that more closely comport with best practices. The State of Illinois is an instructive reference point of comparison. In order to inform the public and vendor community of ongoing procurements, State agencies must post on the State's Procurement Bulletin not only open solicitations but also notices of award, notices of contract renewal, notices of renegotiated contracts and change orders that increase the cost by more than $10,000 or extend the term by 30 days or more, information regarding emergency contracts within three days of award, notices of emergency contract extensions, and notices of anticipated sole source awards. Providing this additional information engenders public trust in the little-understood procurement process, reduces the internal resources spent on FOIA responses, and encourages competition by equalizing the playing field among vendors.

20. Only the City and, as of August 2015, CPS notify the public before awarding contracts through noncompetitive processes.

With the exception of the City and CPS, no Participating Member publicly posts advance notice of the anticipated award of a sole source contract to confirm that there are no other appropriate vendors.

The procurement process relies on the competition of the marketplace to ensure that taxpayers receive the best value for their dollars. Decisions to exempt government purchases from this process should be rare and thoroughly vetted as a general practice, especially in a strained fiscal environment. While internal justification procedures are an important part of the process, there is no substitute for the information provided by the marketplace. The determination that a product or service can only be procured from one source is ultimately a judgment about available competition, and that cannot be made in a vacuum. By providing an opportunity for the public and vendor community to supply additional, relevant information, agencies can become more informed about the state of the market and make better decisions about whether a procurement should be sole source.

The City is the only Participating Member to post solicitations for emergency contracts, which are typically noncompetitive awards. When possible the City will post these opportunities on a very abbreviated scheduled in an effort to trigger competition despite the exigent circumstances. All Participating Members have the ability to reach the vendor community rapidly and directly through internet postings and electronic messaging tools. Many procurements that have historically been noncompetitive due to their urgency and short turnaround times can now involve some degree of competition through better utilization of existing technologies.

21. Four of the Participating Members make their contracts available to the public, but the others do not.

The City, CPS, CHA, and CPD make their contracts available to the public on their websites. CHA just recently began posting contracts online. PBC posts all Design Build and General Contractor contracts on individual project pages on the PBC website, and CTA and CCC do not post contracts. CCC, CTA, and PBC post basic information about their awarded contracts, but the contract documents are not

available. The inaccessibility of contracts provides an advantage to incumbent vendors, thus driving down competition, fosters suspicion in the procurement process, thus feeding into the narrative of a corrupt Chicago government, and has no countervailing operational rationale or justification.

22. Most Participating Members make their list of vendors available to the public; however, the degree of accessibility varies.

CPS, CHA, and CPD post contract award information online, which includes vendor information, in a relatively accessible format. The CTA and PBC also post contract award information in an online database which includes vendor information, but the results are more difficult to browse. The CTA vendor database offers search fields such as award amount, vendor name, and contract date; however, this presumes that the user has some baseline information with which to search. PBC and CCC also include vendor information in the context of monthly board reports. The City maintains a comprehensive vendor list on its website that is searchable by name, user department, or other criteria. CCC does not provide vendor information online. Posting vendor information not only encourages competition through openness, it also provides an important public check on government.

23. The City's online Economic Disclosure Statement system provides access to information on contractors, retained parties, and ownership interests which is relevant to conflict checks.

All Participating Members, except the City which has an online system, receive Economic Disclosure Statements (EDS) or a similar document, as in the case of CHA which receives a Contractor's Affidavit, in hard copy. While some Participating Members scan and electronically store the EDS's, and at least two Participating Members post the scanned EDS's with their contracts online, the information can only be searched manually, which takes time, leaves the process vulnerable to human error, and hinders transparency.

The continued collection of this requisite information on hardcopy forms impedes accessibility and the use of automated analysis and compliance tools, making it harder and more resource-intensive to perform due diligence and ensure adherence to Ethics rules. This puts everyone, from procurement staff to Board members to vendors, at risk of a conflict of interest or the appearance of one. Given the high stakes and limited resources, it is difficult to justify procurement staff spending countless hours of their time flipping through paper forms that are less effective than available electronic tools.

24. Participating Members' purchasing plans or other types of forward-looking contract lists are not all readily accessible online.

All Participating Members create purchasing plans that identify anticipated contract opportunities. Most agencies' plans project 12 to 18 months into the future—CCC and CHA look ahead 12 months, CPS looks ahead 15 months, City and CTA look ahead 18 months, and CPD generally looks ahead 12 to18 months. PBC issues a monthly forecast of upcoming opportunities because its ability to plan ahead is limited by its clients' development plans. The City, CTA, and CPD currently post their plans on their respective websites. The other Participating Members stated an intention to post their plans online or currently share their plans through outreach. Posting these plans online in a user-friendly format is a relatively simple task that would provide the public and the vendor community with a wealth of information about anticipated expenditures of taxpayer dollars.

Recent efforts by the Government Procurement Compliance Forum involving a joint Buying Plan serve as a model for collaboration among the Participating Members to create a more unified and focused approach to procurement. All Participating Members, as well as several non-City entities, including Cook County and the State of Illinois, contributed to a Buying Plan for the second half of 2015 through 2016. This Buying Plan is posted on the City's website and is distributed at vendor fairs.

25. All Participating Members either do or will soon put debarred vendors online.

All Participating Members that have debarred vendors post their debarred vendor list online, except for one agency, which has plans to post its debarred vendors online soon. One agency that reports its debarred vendors online does so only in the searchable text of its monthly Board Reports, rather than as a separate list.

In addition to promoting transparency generally, the public availability of these lists allows the Participating Members to review each other's debarred vendors as part of their due diligence. Debarment by one agency can be grounds for debarment by another agency. Debarment lists must be public and readily accessible for this information sharing to occur. Inconsistent debarment postings needlessly put all of the Participating Members at risk for spending precious public resources on contracts with vendors known to be irresponsible.

26. The accessibility and comprehensiveness of Participating Members' procurement websites vary significantly.

Participating Members provide critical information to vendors and the public on their websites, yet the types of information provided are not standard and have varying degrees of comprehensiveness, and the ease of access varies greatly. All Participating Members provide current procurement opportunities, MBE/WBE/DBE plan information, and basic forms for download. As mentioned above, most agencies post active contracts, which include vendor information, but some do not. Several also post information about rules, regulations, procedures and bid tabulations. The City, CPS, CHA, CPD, and PBC post their pre-qualified vendor pools.

The organization of the information varies widely, impacting accessibility and ease of use. For example, the City's procurement website contains a wealth of information; however, the nonintuitive interface makes it challenging to find the information sought. CTA has an online database that houses its vendor and contract information; however, once in the vendor information database, for example, the user must either search for a particular result or browse over 4,000 results that are shown 15 per page.

CPD's purchasing website, on the other hand, provides a model for other Participating Members to emulate. The website functions entirely from one menu which is easy to navigate. Its contract database displays 100 results at a time for easy browsing and provides a keyword search for the vendor name and contract title fields.

INTEGRITY

Maintaining public trust and serving the public interest are vital to the success of any governmental activity. In order to accomplish those goals in procurement, an agency must ensure the integrity of the process from the drafting of the solicitation to the close-out of the contract. This requires clear, consistent policies and strong due diligence and oversight.

Integrity of process has many facets. Policies and regulations should be established in writing and staff must be trained to ensure appropriate and impartial application of the rules. Checks and controls should be built into the processes to maintain consistent standards. Compliance and auditing staff should be reviewing the procurements and contracts to identify any anomalies and issues. Finally, employees and vendors should be well-informed of the resources available for reporting any concerns or information about corruption, wrongdoing, or illegality in the process. As responsible stewards of public funds, the Participating Members must maintain systems with high levels of accountability and due diligence.

The findings on integrity in procurement are:

27. The comprehensiveness and specificity of the Participating Members' procurement policies vary significantly.

A Participating Member's procurement requirements may be composed of an array of federal and state statutes, ordinances, board resolutions, regulations, and agency policies. In addition, some agencies have established certain practices over time that are not strictly required by written policy. With unwritten rules or decentralized information, it is much more challenging for an agency to maintain a consistent, uniform process, for vendors to navigate the process, and for the public to trust the process. Furthermore, it is challenging to audit and evaluate systems that are not well-codified, depriving these processes of crucial oversight.

Certain Participating Members have addressed this issue by creating comprehensive procurement policy manuals that cover all aspects of the process and clearly lay out the requirements. For example, the CTA has a 113-page manual that serves both as a primer on the process and a resource guide for anyone inside and outside of the organization with a question about how an aspect of the process works. The City also offers a primer on procurement, Procurement Fundamentals, which is intended for use by the public and is available on its website; a Toolkit for internal staff; and the Vendor Compliance Resource Guide, which addresses the roles and responsibilities of primes and subcontractors during each stage of the contracting process and is also available online.

28. All Participating Members stated that communications regarding active procurements are to be limited and generally flow through the procurement office; however, these rules are not clearly codified and disseminated at every agency.

To ensure that the procurement process is fair and no vendor has the advantage of undisclosed information, communications regarding an upcoming or ongoing procurement solicitation are generally regulated. All Participating Members stated that communications regarding planned or open procurements are to flow through their procurement office. They also stated that procurement staff

and individuals directly involved in reviewing proposals are informed of their obligations. However, it is unclear whether user department staff, especially those not close to the procurement process but who interact with many vendors as part of their day-to-day job duties, are well informed regarding what is an acceptable communication and what is prohibited prior to, during, and after a solicitation.

Participating Members require employees to report procurement communications they believe to be violations of the law or Ethics rules, but there is little guidance regarding what communications fall into those categories. Also, it is unclear if Participating Members know to what extent vendor communications during open procurements are occurring in user departments because there is no reporting mechanism for such communications, except for those which agency staff believe rise to the level of a criminal or ethical violation. This incomplete and reactive approach to procurement communications at best puts well-meaning employees at risk for inadvertently breaking the rules and at worst allows for insider-dealing at taxpayer expense.

At least two Participating Members do address these issues to some degree. In its manual and Ethics Ordinance, CTA has a policy on inappropriate types of procurement communications. CTA has also implemented an internal training for all CTA staff members called "Purchasing 101" that addresses, among other things, inappropriate communications as well as the potential criminal consequences of engaging in said communications. CPS provides a unique example of a procurement office providing training to its user departments. In 2014, CPS trained approximately 2,500 people in department leadership about the procurement process and rules, including rules on communications.

29. All Participating Members perform some due diligence on their vendors before entering into a contract, but the level of scrutiny widely varies and often over-relies on a vendor's self-certification.

As discussed above, one element of Participating Members' due diligence for vendors is the self-reported economic disclosures and certifications. The additional steps that Participating Members take to verify the good standing of their vendors prior to contracting varies. One Participating Member performs a debt check, campaign contribution check, business registration check, debarment check on state and federal levels, and criminal background check where warranted. Another calls the vendors' provided references and checks any required licenses. Another Participating Member mentioned only debarment checks. This varied landscape allows an unscrupulous vendor who cannot contract with one Participating Member, because of its stringent verification procedure, to potentially get a contract with another whose process is less thorough. There is little reason that the level of scrutiny or verification should vary among the Participating Members. Additionally, establishing a set of comprehensive and uniform vendor verification processes could create an efficiency by eliminating duplicative efforts.

30. Participating Members' due diligence regarding subcontractors varies from requiring no information about them to requiring that all subcontractors be reported and submit all the same disclosures as the prime contractor.

Ethics rules and regulations often require consideration of subcontractors. For example, the City's Ethics Ordinance establishes that no City official or employee with contract management authority over a contract can have a financial interest in a subcontractor to that contract. Also, Mayor Emanuel's

Executive Order 2011-4 prohibits any subcontractor to a City contract from making a campaign donation to the Mayor. In order to oversee and enforce provisions such as these, and protect against other conflicts of interest, there must be available information regarding subcontractors.

Nonetheless, the information reported regarding subcontractors varies. All Participating Members collect subcontractor information to the extent it is necessary for specific contracts to satisfy MBE/WBE/DBE reporting. However, outside of MBE/WBE compliance, one Participating Member requires no information regarding subcontractors, while another requires all subcontractors to be identified and complete the same disclosure forms as the prime contractor. At least one Participating Member was revamping its handling of subcontractor information at the request of its board. In order to ensure that board members do not have a conflict with regard to contract approvals, that agency is starting to require subcontractors to complete the EDS.

The Task Force is mindful of the impact further administrative requirements may have on small subcontractors. However, a uniform, consolidated disclosure system managed by a shared compliance office could minimize the burden on individual Participating Members and free up critical resources for providing guidance and assistance to vendors.

31. Participating Members' contract close-out processes vary, ranging from some with no established process to others that have significant requirements.

Not all Participating Members have a formal process at the end of a contract term to verify that all requirements of the contract have been fulfilled. Some Participating Members indicated that they address compliance issues as they arise over the course of the contract, a practice that surely all agencies employ.

Participating Members cannot afford to tie up public dollars in contracts that are not fully or properly performed. A close-out procedure is an added control that confirms the vendor provided all contracted goods and services and met MBE/WBE obligations, wage requirements, Equal Employment Opportunity requirements, and local preferences, if any. Through this process, one Participating Member secures a completed Certification and Release of Claims from the vendor and completes a Final Performance Evaluation. The lack of a robust close-out process increases the risk that a Participating Member does not receive full performance or compliance under the terms of the contract.

32. The majority of Participating Members lack a coordinated and comprehensive process for ensuring vendors' compliance with their obligations during the term of the contract.

Following the award of a contract, vendors should be held accountable for meeting the terms and conditions agreed to in the contract. A clear and robust contract compliance process serves multiple functions for taxpayers by verifying that vendors deliver the contracted goods and services, carry out their obligations in a safe and legal manner, and are adequately meeting the needs of the user department.

Most Participating Members either rely on the user department or a construction manager to oversee the performance of the contract, or they rely on disparate departments, such as Purchasing, Audit, Law, the user department, and the Inspector General, to serve this function together. Some Participating Members do have dedicated compliance teams, however these are primarily focused on

ensuring vendor compliance with MBE/WBE obligations and prevailing wage obligations rather than compliance with the contract overall. Without a coordinated approach to contract compliance that follows the contract from award to close-out, Participating Members expose themselves to several risks including incomplete delivery of goods and services, fragmented oversight over third-party project managers, and insufficient information sharing between user departments and the procurement staff about contractor performance, which deprives procurement staff of feedback that should inform future decisions about solicitations and awards.

33. There is inconsistency among Participating Members regarding the performance of internal audits of procurement functions and contract compliance.

Most Participating Members do not perform routine audits of a representative sample of procurements or contracts to ensure compliance with requirements or obligations. However, many agencies do have an Office of Internal Audit that will occasionally include procurement and contract audits on their annual plans. For example, CTA's Office of Internal Audit has established an annual audit plan that is presented and accepted by the Chicago Transit Board and typically includes an annual or biannual procurement-related audit in which the aim is to assess compliance with policies and regulations. CTA's Office of Internal Audit has successfully executed this plan, however CTA's Purchasing Department is not privy to when an audit will take place as this information is confidential. Some Participating Members reported that reviews are conducted after an issue is identified in the course of business. This ad hoc or reactive approach to audits by some Participating Members results in missed opportunities for improving effectiveness and efficiency.

Other Participating Members review the process more regularly, and report finding valuable insights as a result. For example, CCC has performed several audits of procurement and contracts over the past few years. In 2013, there was a broad review of procurement practices and that audit is scheduled again for 2016. An audit of purchase orders reviewed whether all required paperwork was completed and a recent audit involving CCC's vendors identified vendors with multiple identification numbers.

CPS has two programs for reviewing contract performance and compliance. With its Supplier Relationship Management Program, CPS meets with 40 key vendors on a quarterly basis to review their performance. In addition, since 2013 CPS has used an outside firm to audit CPS contracts for vendor compliance, and this firm has recovered significant sums for CPS from a number of vendors.

34. Not all employees and contractors of Participating Members have a clear obligation to report violations of law in procurement and contracting to their respective Offices of Inspector General.

Participating Members' Offices of Inspector General play an integral role in providing oversight of the procurement process and contract compliance through investigations and audits. These efforts are strengthened by clear obligations by employees and vendors to report corrupt and illegal activity related to government procurement and contracting. They are further bolstered by vendor outreach and training that certain OIGs conduct.

The majority, but not all, of Participating Members have policies requiring employees to report illegal or unethical activities in procurement and contracting to their respective OIGs. Similarly, not all

contracts of Participating Members require their vendors to report knowledge of corrupt or illegal activity.

35. Most Participating Members use external contract/project managers but hold them accountable to varying degrees.

When a Participating Member outsources the management and oversight of a contract to a third-party project manager, it is essential that the public entity have the structure and systems in place to ensure that it is receiving all necessary reporting from the external project manager and that there is accountability. Additionally, though contractors may appear to stand in the place of the governmental entity, the government remains the party that is ultimately responsible and therefore liable for the result.

As some Participating Members note, there will be variability in monitoring and reporting depending on the project; however, certain controls ensuring oversight of the external managers should be constant. One Participating Member is currently in the process of defining core project management requirements for its external managers and standardizing monitoring and oversight.

36. Outside of placement on a debarment list, Participating Members have no formal mechanism to share documented information regarding a vendor's poor performance, noncompliance, or wrongdoing.

Despite the fact that Participating Members often evaluate the performance of the same vendors when considering the award of public funds, they lack any formal mechanism for sharing documented information regarding vendors that have failed to comply with their contracts or have been deemed to be non-responsible. The only established mechanism for one Participating Member to learn about the poor performance or wrongdoing of another agency's vendor is through the debarment process. Information regarding a vendor's documented problems with contract performance, noncompliance, or wrongdoing may not necessitate debarment, but is still highly relevant to an agency's consideration of a contract award.

The absence of an official mechanism for information sharing among public bodies allows subpar vendors with a record of poor performance at one agency to be awarded contracts at sister agencies without consideration of their past record. Participating Members should have the best information possible in order to make informed decisions regarding the award of public funds.

UNIFORMITY

Some differences among Participating Members' procurement documents and process are the result of unique conditions, statutory requirements, or regulations; other variations are simply the result of a lack of coordination. Needless disparity among local government agencies can create confusion, increase costs, and leave some out of step with best practices. Greater uniformity creates a consistency of process that reduces burden, supports efficiency, and pushes all toward best practices.

The most common example of potential standardization that Participating Members cited in their survey responses and subsequent meetings was the creation of uniform contract templates. Agencies see the benefit in speaking with one voice in contracts, rather than issuing documents that generally cover similar terms in varied ways. The Task Force identified various other discrete tasks, forms, and processes that could benefit from greater uniformity, as discussed in this section.

The findings on uniformity in procurement are:

37. All Participating Members, except one, use contract templates for their agreements; however, the templates are not standardized among agencies despite similar terms and conditions.

Participating Members share many of the same vendors and have many of the same concerns in contracting. Yet, they all use different language in their contracts often to express similar terms and conditions. This creates needless complication and increases legal costs for vendors. This also increases the duration of contract negotiations, as vendors may view all contract provisions as negotiable when in fact there are certain nonnegotiable provisions across agencies. Participating Members have an opportunity to strengthen their position in contract negotiations by presenting uniform terms. Of course, there are certain regulations or requirements that may only apply to certain Participating Members. Most Participating Members acknowledged that accommodation for this variation could be built into the contract templates.

38. Participating Members accept from two to ten different MBE/WBE/DBE certifications.

All Participating Members have an MBE/WBE program, except CTA, which exclusively utilizes a DBE program. The City is the only Participating Member that is a certifying agency for MBE/WBE/DBE vendors.

Participating Members recognize multiple MBE/WBE/DBE certification programs, ranging from as few as two different certifications, in the cases of the City and PBC, to as many as ten, in the case of CHA, which accepts certifications from MBE, WBE, and DBE certifying agencies in support of its program. All Participating Members with MBE/WBE programs accept certification from the City, and all except CPD recognize Cook County's MBE/WBE certification. The City is statutorily restricted to the certifications it accepts. Other certifications accepted by Participating Members include those from the State of Illinois, Women's Business Development Center, Chicago Minority Supplier Development Council, and the Small Business Association. Participating Members verify that MBEs and WBEs have a current certification, but they rely on the certifying agency to determine the initial and ongoing validity of that certification.

It is unclear why Participating Members accept different certifications. One Participating Member told the Task Force that the variety of certifications allows it to meet its MBE/WBE goals, while another stated that it finds the City's list of certified MBE/WBE vendors to be more than sufficient. Representatives of one Participating Member were surprised to learn that all agencies did not accept the same certifications. PBC, which at one time accepted six certifications, limited its accepted certifications to two—City and Cook County—after concerns were raised about the due diligence applied to ensuring that the MBE/WBE subcontractors on its contracts were legitimate enterprises providing a commercially useful function on their projects.

39. Participating Members' written criteria for good faith efforts differ, as does the person or committee with authority to determine whether good faith efforts have been made.

Through their MBE/WBE programs, Participating Members seek to further the same broad policy goals. In doing so, they ask vendors to comply with requirements and verification procedures which overlap in spirit and function, but not in form.

Each Participating Member relies on its own list of criteria for determining whether a vendor has made sufficient good faith efforts to meet the MBE/WBE goals of the contract. There are many similarities among the different lists of criteria. For example, several Participating Members consider whether the vendor attended the pre-bid meeting, how the vendor advertised, and the vendor's outreach to and negotiations with subcontractors. While Participating Members seek much of the same information, some Members' criteria are very open-ended while others are highly specific: CPD asks "[t]o what extent did the contractor attempt to find a MBE and/or WBE?" while the City requires a "[d]escription of direct negotiations with certified MBE and WBE firms for specific sub-bids/proposals."

Most Participating Members charge one individual with making the recommendation regarding whether good faith efforts have been met, however multiple people may then be required to sign off on the decision including ultimately the CPO or Director of Purchasing. In contrast, CPS recently established a waiver committee that reviews all good faith efforts documentation and then votes to either grant or deny the waiver request. As with the variations in certification, the justification for these differences in the application and approval of good faith efforts is not apparent. The GPCF has a Certification and Compliance Committee that is in the process of developing uniform guidelines for good faith efforts.

40. Only the City and PBC apply preference for local vendors and labor in their procurements, and no Participating Member provides credit for employing graduates of workforce development programs.

The City and PBC offer preferences and/or incentives for local businesses and labor in their procurements. Other Participating Members do not. Some Participating Members, such as CHA, are precluded from applying local preferences due to federal law or have determined that they lack the statutory authority to offer local preferences. The lack of uniformity on this policy matter will need to be considered and addressed when considering joint procurement opportunities.

Workforce development programs throughout the City train unemployed and underemployed Chicagoans for jobs in industries ranging from culinary arts to advanced manufacturing. Many of these programs are funded or operated by the Participating Members, such as the City and CCC. Others are run by academic institutions and area non-profits, often through the use of government grant funds. While governmental entities have committed substantial resources to training individuals with useful skills for today's economy, they are missing a crucial opportunity to ensure the success of these efforts. Other than CCC's inclusion of hiring goals for apprentices and student interns on specific contracts (e.g., construction of the new Malcolm X College) and an underutilized City incentive for employment of apprentices that have graduated from City Colleges, there are no incentives directing the over $6 billion spent last year by Participating Members on goods and services toward workforce development program graduates who would benefit tremendously from quality employment experiences. Better alignment of training programs and employment incentive programs would provide greater value for taxpayers.

41. Protest processes for procurement awards vary from very informal to well-defined.

Protest processes are a tool of accountability in government procurement. They provide the opportunity for a stakeholder in the procurement to raise allegations of irregularities or violations that may have tainted the process, and they give agencies another avenue to ensure integrity and transparency in their purchasing.

The majority of Participating Members have an established protest process, but three Participating Members have no written process, handling concerns on a case-by-case basis. For those Participating Members with written processes, there is considerable overlap, but details involving filing deadlines, the information required, and the adjudicator of the protest vary. For example, the City and CPD require that a protest involving evaluations be filed within 10 days of the bid opening or due date, while CTA allows 20 days. CHA does not distinguish between protests over evaluations and contract award, and requires the protest for both to be filed within 10 days of the notice of award. Some Participating Members rely on the same person to authorize the contract and rule on the protest, and some provide an internal reconsideration or appeal process. For example, CPD allows a request for reconsideration, and CHA allows an appeal of a contracting officer's protest decision to the Chief Operating Officer.

42. Participating Members generally maintain their own debarment lists but consult each other's lists during a verification process.

Debarred vendor lists provide critical information about problematic firms, thereby helping to prevent governments from entrusting bad actors with public dollars and the provision of public services. When the City or a sister agency goes through the process of debarring a vendor, this information should be readily available to all Participating Members and routinely incorporated into the procurement process. At present, it is nearly impossible to verify that no vendors debarred by one Participating Member are actively working as contractors or subcontractors for another Participating Member given the gaps and disparities in data collection, transparency, and information-sharing.

Currently, all Participating Members maintain their own debarment lists, although some had no debarred vendors at the time they responded to the Task Force's survey. As part of the procurement

process, Participating Members consult their own debarment lists and most also check the lists of other governmental entities. There is wide variation among Participating Members with regard to which lists they consult. Most Participating Members check the City's list of debarred vendors, and some, such as CTA and CHA, check federal and other government lists, too. Only PBC stated that it checks lists that are available from other sister agencies.

In addition to the differences in protocol, there are differences among Participating Members in how they store their lists which make it challenging for agencies to consult one another's lists. For example, CTA posts a blank document on its website indicating that it has a debarred vendor list and no vendors are debarred at the present time. Yet other agencies have no information posted online about debarred vendors, making it unclear whether they have debarred vendors but do not post them online, or they have no debarred vendors at all. Another Participating Member includes the names of debarred vendors in its Board Reports, which are posted online but must be searched by keyword in order to identify debarred firms.

43. Participating members check debarment lists of other government entities but generally do not have automatic reciprocity.

The lack of reciprocity among the debarment lists of the Participating Members presents an inefficiency in the procurement process and also raises the possibility that firms debarred by one Participating Member can continue to contract with others. Most Participating Members consult debarment lists of other government entities, but they cannot debar a vendor that appears on another entity's list without first going through their own debarment procedures. Only PBC stated that it can automatically rely on another agency's list without going through its own debarment process.

The obligation to repeat the debarment process for a vendor that has been found to be unsuitable to contract with another Participating Member is a waste of resources. Once a Participating Member has deemed a vendor ineligible to receive a contract award funded by taxpayer dollars, there is no justification for their receipt of tax dollars from another Participating Member.

The findings detailed above serve as clear guideposts for the Participating Members' needed reforms. Based on the opportunities identified through the analysis of the Participating Members' current procurement policies and practices, the Task Force established the following set of recommendations. The Participating Members arrived at these recommendations after representatives from the City and sister agencies gathered for a moderated session to discuss how to address the findings.

In crafting the recommendations, the Participating Members employed certain criteria. The recommendations had to address a finding, be actionable by the Participating Members, allow for their success/completion to be measured/determined, and serve the public interest. Participating Members also grouped the recommendations based on the timing of their likely implementation: immediate, by the end of Q1 2016; mid-term, by the end of Q4 2016; and long-term, in 2017 and beyond. While there is always a risk that unforeseen events will impact implementation, Participating Members agreed that the time frame for each recommendation is reasonable.

To help ensure that these recommendations serve not just as a call to action, but as a true catalyst of change, Participating Members have identified the mechanisms for implementation in the recommendations. By tasking committees of Chief Procurement Officers and Chief Information Officers with responsibility for certain recommendations, collaborating with the Government Procurement Compliance Forum, and requiring regular status reports, Participating Members have established a framework for implementation of the recommendations.

The recommendations and their associated findings are:

IMMEDIATE RECOMMENDATIONS (END OF Q1 2016)

1. Create a Committee of the Participating Members' CPOs to rule on certain administrative decisions, address obstacles to coordination, and ensure best practices across the City and its sister agencies.

All Findings Addressed

2. Charge the CPO Committee with addressing the Task Force recommendations, tracking their implementation, and issuing quarterly progress reports.

All Findings Addressed

3. Establish minimum standards by which all Participating Members will publish their anticipated sole source awards, receive public and vendor feedback, and make decisions about whether a solicitation is necessary.

Findings Addressed:

5. Participating Members use varying criteria to justify sole source awards, and most do not distinguish between sole source and disadvantageous or single source justifications.

6. For sole source procurements, most Participating Members do not require public posting to confirm the user department's justification.

20. Only the City and, as of August 2015, CPS notify the public before awarding contracts through noncompetitive processes.

4. Hire or secure *pro bono* services from a law firm to:

a. Identify contract provisions that could be subject to standardization across Participating Members' templates, and draft uniform contract templates incorporating the required terms of the Participating Members, including contract duration and number of renewals.

b. Where appropriate, standardize solicitation documents issued by Participating Members and the documents required in response.

Findings Addressed:

1. Participating Members use a variety of common competitive processes, including Invitations for Bids, Requests for Proposals, and Requests for Qualifications; however, their solicitation documents and award procedures vary.

8. While Participating Members have general practices as to contract duration and renewals, and a few have firm limits for certain types of contracts, for the majority of contracts there are no established rules limiting contract duration or the number of renewals.

37. All Participating Members, except one, use contract templates for their agreements; however, the templates are not standardized among agencies despite similar terms and conditions.

5. Charge the Chicago Government IT Coordination Committee, which consists of the CIOs of the Participating Members, with identifying the procurement-related systems that can be shared and developed jointly and developing a schedule for implementation.

Findings Addressed:

15. Participating Members' IT procurement systems are not standardized or interoperable.

16. All Participating Members are engaged in uncoordinated systems improvements related to procurement.

6. Post all contracts, vendors, and subcontractors on agency websites in a user-friendly and searchable format.

Findings Addressed:

21. Four of the Participating Members make their contracts available to the public, but the others do not.

22. Most Participating Members make their list of vendors available to the public; however, the degree of accessibility varies.

30. Participating Members' due diligence regarding subcontractors varies from requiring no information about them to requiring that all subcontractors be reported and submit all the same disclosures as the prime contractor.

7. Create an easily accessible website for vendors and the public that provides a single location for: all of the Participating Members' current procurement opportunity listings and other procurement-related information such as the buying plan, notices of award, and prequalified pools; a list of all debarred vendors; and all current contract and vendor databases.

Findings Addressed:

18. Participating Members' information regarding procurement opportunities is dispersed and decentralized.

19. Some Participating Members publish notices related to the procurement process beyond the original bid opportunity (and its extension or cancellation), while others limit their procurement announcements to the bid opportunity.

24. Participating Members' purchasing plans or other types of forward-looking contract lists are not all readily accessible online.

25. All Participating Members either do or will soon put debarred vendors online.

26. The accessibility and comprehensiveness of Participating Members' procurement websites vary significantly.

42. Participating Members generally maintain their own debarment lists but consult each other's lists during a verification process.

8. Establish minimum disclosure requirements for subcontractors and require posting subcontractor information online.

Finding Addressed:

30. Participating Members' due diligence regarding subcontractors varies from requiring no information about them to requiring that all subcontractors be reported and submit all the same disclosures as the prime contractor.

9. Establish minimum standards for conducting due diligence of vendors before entering into a contract.

Finding Addressed:

29. All Participating Members perform some due diligence on their vendors before entering into a contract, but the level of scrutiny widely varies and often over-relies on a vendor's self-certification.

10. Establish uniform rules governing resolicitation of contracts due to significant changes in scope or value.

Findings Addressed:

7. With regard to contract modification, only one Participating Member has a written policy requiring resolicitation when a significant change from the contract's original purpose is sought.

9. Only one Participating Member has a firm limit on increasing the contract value without a new procurement.

11. Evaluate the consistency of MBE/WBE/DBE certifications accepted by Participating Members.

Finding Addressed:

38. Participating Members accept from two to ten different MBE/WBE/DBE certifications.

12. Implement the uniform criteria and processes for evaluating Good Faith Efforts regarding requests for waivers of MBE/WBE/DBE goals that are currently being developed and will be recommended by the Government Procurement Compliance Forum.

Finding Addressed:

39. Participating Members' written criteria for good faith efforts differ, as does the person or committee with authority to determine whether good faith efforts have been made.

13. Require a written, publicly posted protest process for each Participating Member.

Finding Addressed:

41. Protest processes for procurement awards vary from very informal to well-defined.

14. Examine whether Participating Members should support a change in state law to eliminate the newspaper notice requirement for contract solicitations.

Findings Addressed:

18. Participating Members' information regarding procurement opportunities is dispersed and decentralized.

19. Some Participating Members publish notices related to the procurement process beyond the original bid opportunity (and its extension or cancellation), while others limit their procurement announcements to the bid opportunity.

15. Establish a process for information-sharing and collaboration among Participating Members on personnel matters such as professional development efforts and recruitment.

Finding Addressed:

17. Participating Members have an interest in more coordination in areas including compliance monitoring, joint procurement, debarment, and hiring.

MID-TERM RECOMMENDATIONS (end of Q4 2016)

16. Establish uniform standards based on best practices for approval of noncompetitive awards, including small purchase, emergency, and sole source.

Findings Addressed:

2. While all of the Participating Members use the same forms of noncompetitive procurements—emergency, sole source, and, in some cases, small purchase—the standards and controls governing those procurements vary in content and efficacy, and expose the agency and taxpayer to risk of abuse and fraud.

3. Through a small purchase process, contracts up to differing thresholds are awarded with varying degrees of rigor in competition, transparency, and oversight.

4. While some of the Participating Members have a competitive process for emergency contracts, only one imposes a limit on the contract's duration and only one has an open solicitation process.

5. Participating Members use varying criteria to justify sole source awards, and most do not distinguish between sole source and disadvantageous or single source justifications.

17. Develop a common electronic Economic Disclosure Statement system that: allows for the submission of uniform information for all Participating Members' vendors and subcontractors; integrates disclosures and certifications into Participating Members' procurement databases; automates conflict checks and due diligence; and can be updated in real time.

Findings Addressed:

13. As all of the Participating Members collect some form of economic disclosure information from vendors, there is an opportunity for efficiency and more transparency for both government and vendors in a centralized online system.

14. Most Participating Members do not integrate disclosures and certifications into their procurement databases in a manner that allows for conflict checks and due diligence.

23. The City's online Economic Disclosure Statement system provides access to information on contractors, retained parties, and ownership interests which is relevant to conflict checks.

18. Establish a process for the use of joint pre-qualified vendor pools that recognizes the different statutory requirements applicable to Participating Members.

Findings Addressed:

11. In 2014, the Participating Members spent over $18 million cumulatively on procurement administration, a portion of which was spent on duplication of effort.

12. All Participating Members use their own pre-qualified pools of vendors, a potential area of inefficiency for government and inconvenience for vendors.

19. Develop best practices for routine audits of procurement functions and contract awards, and evaluate use of shared services to perform this function.

Finding Addressed:

33. There is inconsistency among Participating Members regarding the performance of internal audits of procurement functions and contract compliance.

20. Require each Participating Member to create a comprehensive procurement manual for its staff that is user-friendly and available to the public.

Finding Addressed:

27. The comprehensiveness and specificity of the Participating Members' procurement policies vary significantly.

21. Codify and provide training to Participating Members' employees on procurement rules and regulations, including appropriate authority, prohibited communications, and reporting obligations.

Findings Addressed:

28. All Participating Members stated that communications regarding active procurements are to be limited and generally flow through the procurement office; however, these rules are not clearly codified and disseminated at every agency.

34. Not all employees and contractors of Participating Members have a clear obligation to report violations of law in procurement and contracting to their respective Offices of Inspector General.

22. Develop universal programming for vendor outreach and training.

Finding Addressed:

10. The majority of Participating Members do not provide any workshops or training to potential vendors.

23. Develop uniform, minimum contract close-out procedures for use by all Participating Members.

Finding Addressed:

31. Participating Members' contract close-out processes vary, ranging from some with no established process to others that have significant requirements.

24. Develop minimum standards for project managers and other on-site review personnel to ensure vendor compliance.

Findings Addressed:

32. The majority of Participating Members lack a coordinated and comprehensive process for ensuring vendors' compliance with their obligations during the term of the contract.

35. Most Participating Members use external contract/project managers but hold them accountable to varying degrees.

25. Establish a process for information-sharing among Participating Members regarding poor performance, noncompliance, or wrongdoing of a vendor.

Finding Addressed:

36. Outside of placement on a debarment list, Participating Members have no formal mechanism to share documented information regarding a vendor's poor performance, noncompliance, or wrongdoing.

26. Seek to establish reciprocal debarment among Participating Members through the use of a debarment review board or another mechanism as permitted by law.

Findings Addressed:

17. Participating Members have an interest in more coordination in areas including compliance monitoring, joint procurement, debarment, and hiring.

42. Participating Members generally maintain their own debarment lists but consult each other's lists during a verification process.

43. Participating members check debarment lists of other government entities but generally do not have automatic reciprocity.

27. Establish uniform practices, where permitted by law, to expand preferences for local vendors and support a workforce development or similar contract award preference.

Finding Addressed:

40. Only the City and PBC apply preference for local vendors and labor in their procurements, and no Participating Member provides credit for employing graduates of workforce development programs.

LONG-TERM RECOMMENDATIONS (2017 and beyond)

28. Implement a universal procurement system that serves as a single point of entry for posting and responding to all Participating Members' procurement opportunities, and as a central repository for all contract and vendor information.

Findings Addressed:

1. Participating Members use a variety of common competitive processes, including Invitations for Bids, Requests for Proposals, and Requests for Qualifications; however, their solicitation documents and award procedures vary.

18. Participating Members' information regarding procurement opportunities is dispersed and decentralized.

26. The accessibility and comprehensiveness of Participating Members' procurement websites vary significantly.

29. Identify compliance functions that can be shared among Participating Members, including MBE/WBE compliance activities, and establish a joint compliance field team.

Findings Addressed:

11. In 2014, the Participating Members spent over $18 million cumulatively on procurement administration, a portion of which was spent on duplication of effort.

17. Participating Members have an interest in more coordination in areas including compliance monitoring, joint procurement, debarment, and hiring.

32. The majority of Participating Members lack a coordinated and comprehensive process for ensuring vendors' compliance with their obligations during the term of the contract.

30. Secure a *pro bono* study regarding the financial impact of the City's risk shifting contractual provisions.

Finding Addressed:

37. All Participating Members, except one, use contract templates for their agreements; however, the templates are not standardized among agencies despite similar terms and conditions.

31. Evaluate the benefits of center-led or consolidated procurement among the Participating Members.

Findings Addressed:

11. In 2014, the Participating Members spent over $18 million cumulatively on procurement administration, a portion of which was spent on duplication of effort.

12. All Participating Members use their own pre-qualified pools of vendors, a potential area of inefficiency for government and inconvenience for vendors.

15. Participating Members' IT procurement systems are not standardized or interoperable.

16. All Participating Members are engaged in uncoordinated systems improvements related to procurement.

32. The majority of Participating Members lack a coordinated and comprehensive process for ensuring vendors' compliance with their obligations during the term of the contract.

Also, underground conduit(s) providing electricity has been installed by the City under CDOT Project Number B-6-157, U.S. 41 Relocation. The City will continue to provide water for Triangle Park and maintenance of the water valve assembly and supply lines to the point of connection to the irrigation system at Triangle Park, including the annual spring start up and fall shutdown of the water service to the irrigation system, as long as the City is responsible for maintaining the landscaped medians in South Lake Shore Drive to the east of Triangle Park. CLD shall also be responsible for maintenance of the irrigation system serving Triangle Park, as previously noted herein. CLD and City agree that a local community group may be engaged to perform certain maintenance and gardening obligations at Triangle Park, as determined by CLD. Maintenance of Triangle Park shall also include replacement of plants and other landscaping, if perished. CDOT agrees to enforce any replacement warranty against landscaping companies and nurseries installing plants and other landscaping at Triangle Park which have perished during the warranty period due to contractor negligence or bad material. Any failures which are caused or attributed to work by others in Triangle Park will not be covered. The City and CLD shall confer and establish in good faith a mutually acceptable maintenance program implementing the foregoing requirements.

Section 4.

A. Time Is Of The Essence.

The parties agree that time is of the essence in the performance of their obligations under this Agreement and every provision hereof in which time is an element. No extension of time for the performance of any obligation or act shall be deemed an extension of time for performance of any other obligation or act. If any date for performance falls on a Saturday, Sunday or legal holiday, then the time of such performance shall be extended to the next business day thereafter.

B. Breach.

In the event of a default by a party in the performance of its obligations under this Agreement, such party upon written notice from the other shall immediately proceed to cure or remedy such default. In the event that the default has not been cured within a reasonable time, the non-defaulting party may terminate this Agreement by written notice thereof to the other, which shall be the non-defaulting party's sole and exclusive remedy under this Agreement.

C. Waiver And Estoppel.

Any delay by either party in instituting or prosecuting any actions or proceedings or otherwise asserting its rights shall not operate as a waiver of such rights or operate to deprive said party of or limit such rights in any way. No waiver made by either party with respect to any specific default by the other party shall be construed, considered or treated as a waiver of the rights of said party with respect to any other defaults of the other party.

The continued accuracy of the representations

and warranties shall be a condition precedent to the obligation of the parties to close the transaction contemplated by this Agreement.

Section 6.

CLD agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

CLD agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order Number 2011-4 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order Number 2011-4.

CLD agrees that a violation of, noncompliance with, misrepresentation with respect to, or breach of any covenant or warranty under this provision or violation of Mayoral Executive Order Number 2011-4 constitutes a breach and default under this Agreement, and under any Other Contract unless cured within 30 days after written notice of default from the City, and, if not cured within such cure period (which may be by return of any contribution which violates said Executive Order) shall entitle the City to all remedies under this Agreement, and under any Other Contract, at law and in equity.

If CLD intentionally violates this provision or Mayoral Executive Order Number 2011-4 prior to the closing of this Agreement, the City may elect to decline to close the transaction contemplated by this Agreement.

For purposes of this provision:

"Bundle" means to collect contributions from more than one source, which is then delivered by one person to the Mayor or to his political fundraising committee.

"Other Contract" means any other agreement with the City of Chicago to which CLD is a party that is (i) formed under the authority of Chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council of the City of Chicago.

"Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

Individuals are "Domestic Partners" if they satisfy the following criteria:

(A) they are each other's sole domestic partner, responsible for each other's common welfare; and

(B) neither party is married; and

(C) the partners are not related by blood closer than would bar marriage in the State of Illinois; and

(D) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and

(E) two of the following four conditions exist for the partners:

1. The partners have been residing together for at least 12 months.

2. The partners have common or joint ownership of a residence.

3. The partners have at least two of the following arrangements:

   a. joint ownership of a motor vehicle;

   b. a joint credit account;

   c. a joint checking account;

   d. a lease for a residence identifying both domestic partners as tenants.

4. Each partner identifies the other partner as a primary beneficiary in a will.

"Political fundraising committee" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

Section 10.

Cooperation With Office Of Compliance.

In accordance with Section 2-26-010, et seq. of the Municipal Code, CLD acknowledges that every officer, employee, department and agency of the City shall be obligated to cooperate with the Executive Director of the Office of Compliance in connection with any activities undertaken by such office with respect to this Agreement, including, without limitation, making available to the Executive Director the department's premises, equipment, personnel, books, records and papers. CLD agrees to abide by the provisions of Section 2-26-010, et seq.

Section 11.

Failure To Maintain Eligibility To Do Business With The City.

Prior to Closing, Failure by CLD or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code of Chicago shall be grounds for termination of this Agreement and the transactions contemplated herein. CLD shall at all times comply with Section 2-154-020 of the Municipal Code of Chicago.

Section 12.

Inspector General And Legislative Inspector General.

It is the duty of CLD and the duty of any bidder, proposer, contractor, subcontractor, and every applicant for certification of eligibility for a City contract or program, and all of CLD's officers, directors, agents, partners, and employees and any such bidder, proposer, contractor, subcontractor or such applicant: (a) to cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code and (b) to cooperate with the Legislative Inspector General in any investigation undertaken pursuant to Chapter 2-55 of the Municipal Code. CLD represents that it understands and will abide by all provisions of Chapters 2-56 and 2-55 of the Municipal Code and that it will inform subcontractors of this provision and require their compliance.

Section 13.

Waste Ordinance Provisions.

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, CLD warrants and represents that it, and to the best of its knowledge, its contractors and subcontractors, have not violated and are not in violation of any provisions of Chapter 7-28 or Chapter 11-4 of the Municipal Code (the "Waste Sections"). During the period while this amendment is executory, CLD's, any general contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Agreement, constitutes a breach of and an event of default under this Agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Chief Procurement Officer. Such breach and default entitles the City to all remedies under the amendment, at law or in equity. This section does not limit CLD's, general contractor's and its subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this amendment. Noncompliance with these terms and conditions may be used by the City as grounds for the termination of this amendment, and may further affect CLD's eligibility for future contract awards.

Section 14.

Shakman Accord.

(a) The City is subject to the May 31, 2007 Order entitled "Agreed Settlement Order and Accord" (the "Shakman Accord") and the June 24, 2011 "City of Chicago Hiring Plan" (the

"City Hiring Plan") entered in *Shakman v. Democratic Organization of Cook County*, Case Number 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the Shakman Accord and the City Hiring Plan prohibit the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(b) CLD is aware that City policy prohibits City employees from directing any individual to apply for a position with CLD, either as an employee or as a subcontractor, and from directing CLD to hire an individual as an employee or as a subcontractor. Accordingly, CLD must follow its own hiring and contracting procedures, without being influenced by City employees. Any and all personnel provided by CLD under this Agreement are employees or subcontractors of CLD, not employees of the City of Chicago. This Agreement is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by CLD.

(c) CLD will not condition, base, or knowingly prejudice or affect any term or aspect of the employment of any personnel provided under this Agreement, or offer employment to any individual to provide services under this Agreement, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Agreement, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(d) In the event of any communication to CLD by a City employee or City official in violation of paragraph (b) above, or advocating a violation of paragraph (c) above, CLD will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General ("IGO Hiring Oversight"), and also to the Commissioner of HED. CLD will also cooperate with any inquiries by IGO Hiring Oversight or the Shakman Monitor's Office related to this Agreement. The City is subject to the May 31, 2007 Order entitled "Agreed Settlement Order and Accord" (the "Shakman Accord") and the August 16, 2007 "City of Chicago Hiring Plan" (the "City Hiring Plan") entered in *Shakman v. Democratic Organization of Cook County*, Case Number 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the Shakman Accord and the City Hiring Plan prohibit the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

Section 15.

FOIA And Local Records Act Compliance.

(a) FOIA.

CLD acknowledges that the City is subject to the Illinois Freedom of Information Act, 5 ILCS 140/1, et seq., as amended ("FOIA"). The FOIA requires the City, to produce records (very broadly defined in the FOIA) in response to a FOIA request in a very short period of time, unless the records requested are exempt under the FOIA. If CLD receives a request from the City to produce records within the scope of FOIA, that would be otherwise required under this Agreement then CLD covenants to comply with such request within two Business Days of the date of such request. Failure by CLD to timely comply with such request will be a breach of this Agreement.

(b) Exempt Information.

Documents that CLD submits to the City under Section 8.20, (Annual Compliance Report) or otherwise during the Term of the Agreement that contain trade secrets and commercial or financial information may be exempt if disclosure would result in competitive harm. However, for documents submitted by CLD to be treated as a trade secret or information that would cause competitive harm, FOIA requires that CLD mark any such documents as "proprietary, privileged or confidential". If CLD marks a document as "proprietary, privileged and confidential", then HED will evaluate whether such document may be withheld under the FOIA. HED, in its discretion, will determine whether a document will be exempted from disclosure, and that determination is subject to review by the Illinois Attorney General's Office and/or the courts.

(c) Local Records Act.

CLD acknowledges that the City is subject to the Local Records Act, 50 ILCS 205/1, et seq., as amended (the "Local Records Act"). The Local Records Act provides that public records may only be disposed of as provided in the Local Records Act. If requested by the City, CLD covenants to use its best efforts consistently applied to assist the City in its compliance with the Local Records Act concerning records arising under or in connection with this Agreement and the transactions contemplated in the Agreement.

Section 16.

Headings And Governing Law.

The headings of the various sections of this Agreement have been inserted for convenient reference only and shall not in any manner be construed as modifying, amending or affecting in any way the express terms and provisions thereof. Entire Agreement.

This Agreement constitutes the entire agreement between the parties and supersedes and replaces any prior agreements between the parties with respect to the subject matter hereof. This Agreement shall not be modified or amended in any manner other than by supplemental written agreement executed by the parties.

Section 18.

Severability.

If any provision of this Agreement, or any paragraph, sentence, clause, phrase or word, or the application thereof, is held invalid, the remainder of this Agreement shall be construed as if such invalid part were never included herein and this Agreement shall be and remain valid and enforceable to the fullest extent permitted by law.

WHEREAS, The City of Chicago ("City") is a home rule unit of government by virtue of the provisions of the Constitution of the State of Illinois of 1970 and, as such, may exercise any power and perform any function pertaining to its government and affairs; and

WHEREAS, The City, through the foreclosure of demolition liens, tax sales and other methods of acquisition, has acquired title to numerous parcels of real property which are of minimal value and costly to clean up and maintain, and because title to such properties was vested in the City, the properties were exempted from real estate taxes, thus depriving the City of revenue; and

WHEREAS, The Developer is still interested in converting the former police station into a theater building and has proposed a revised, scaled-down project; and

Section 28 of the Original Agreement is hereby amended by deleting the section in its entirety and replacing it with the following:

Section 28.

Prohibition On Certain Contributions Pursuant To
Mayoral Executive Order No. 2011-4.

28.1 The Developer agrees that the Developer, any person or entity who directly or indirectly has an ownership or beneficial interest in the Developer of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, the Developer's contractors (i.e., any person or entity in direct contractual privity with the Developer regarding the subject matter of this Agreement) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Subowners") and spouses and domestic partners of such Subowners (such Owners and all other preceding classes of persons and entities, collectively the "Identified

Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago or to his political fundraising committee (a) after execution of this Agreement by the Developer, (b) while this Agreement or any Other Contract (as hereinafter defined) is executory, (c) during the term of this Agreement or any Other Contract, or (d) during any period while an extension of this Agreement or any Other Contract is being sought or negotiated. This provision shall not apply to contributions made prior to May 16, 2011, the effective date of Executive Order 2011-4.

28.2 The Developer represents and warrants that from the later of (a) May 16, 2011, or (b) the date the City approached the Developer, or the date the Developer approached the City, as applicable, regarding the formulation of this Agreement, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

28.3 The Developer agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

28.4 The Developer agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order Number 2011-4 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order Number 05-1.

28.5 Notwithstanding anything to the contrary contained herein, the Developer agrees that a violation of, noncompliance with, misrepresentation with respect to, or breach of any covenant or warranty under this Section 28 or violation of Mayoral Executive Order Number 2011-4 constitutes a breach and default under this Agreement, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this Agreement, and under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

28.6 If the Developer intentionally violates this provision or Mayoral Executive Order Number 2011-4 prior to the Closing, the City may elect to decline to close the transaction contemplated by this Agreement.

28.7 For purposes of this provision:

(c) "Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code, as amended.

(d) Individuals are "domestic partners" if they satisfy the following criteria:

(i) they are each other's sole domestic partner, responsible for each other's common welfare; and

(ii) neither party is married; and

(iii) the partners are not related by blood closer than would bar marriage in the State of Illinois; and

(iv) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and

(v) two of the following four conditions exist for the partners:

14. Shakman Accord.

The Original Agreement is hereby amended by adding a new Section 32, as follows:

Section 32.

Shakman.

32.1 The City is subject to the May 31, 2007 Order entitled "Agreed Settlement Order and Accord" (the "Shakman Accord") and the August 16, 2007 "City of Chicago Hiring Plan" (the "City Hiring Plan") entered in *Shakman v. Democratic Organization of Cook County*, Case Number 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the Shakman Accord and the City Hiring Plan prohibit the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

32.2 The Developer is aware that City policy prohibits City employees from directing any individual to apply for a position with the Developer, either as an employee or as a subcontractor, and from directing the Developer to hire an individual as an employee or as a subcontractor. Accordingly, the Developer must follow its own hiring and contracting procedures, without being influenced by City employees. Any and all personnel provided by the Developer under this Agreement are employees or subcontractors of the Developer, not employees of the City of Chicago. This Agreement is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by the Developer.

32.3 The Developer will not condition, base, or knowingly prejudice or affect any term or aspect of the employment of any personnel provided under this Agreement, or offer employment to any individual to provide services under this Agreement, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Agreement, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

32.4 In the event of any communication to the Developer by a City employee or City official in violation of Section 32.2 above, or advocating a violation of Section 32.3 above, the Developer will, as soon as is reasonably practicable, report such

communication to the Hiring Oversight Section of the City's Office of the Inspector General ("IGO Hiring Oversight"), and also to the head of the relevant City department utilizing services provided under this Agreement. The Developer will also cooperate with any inquiries by IGO Hiring Oversight or the Shakman Monitor's Office related to the contract.

15. Shakman Accord.

The Original Agreement is hereby amended by adding a new Section 33, as follows:

Section 33.

Failure To Maintain Eligibility To Do Business With City.

Failure by the Developer or any controlling person (as defined in Section 1-23-010 of the Municipal Code) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code shall be grounds for termination of this Agreement and the transactions contemplated hereby. The Developer shall at all times comply with Section 2-154-020 of the Municipal Code.

16. Business Relationships.

The Original Agreement is hereby amended by adding a new Section 34, as follows:

Section 34.

Business Relationships.

The Developer acknowledges (a) receipt of a copy of Section 2-156-030(b) of the Municipal Code, (b) that it has read such provision and understands that pursuant to such Section 2-156-030(b) it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected City official or employee has a "Business Relationship" (as defined in Section 2-156-080 of the Municipal Code), or to participate in any discussion in any City Council committee

hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship, and (c) notwithstanding anything to the contrary contained in this Agreement, that a violation of Section 2-156-030(b) by an elected official, or any person acting at the direction of such official, with respect to any transaction contemplated by this Agreement shall be grounds for termination of this Agreement and the transactions contemplated hereby. The Developer hereby represents and warrants that no violation of Section 2-145-030(b) has occurred with respect to this Agreement or the transactions contemplated hereby.

17. Ratification.

Except as provided in this First Amendment, the terms of the Original Agreement are hereby ratified and confirmed and the parties agree that the provisions contained therein are in full force and effect, as amended hereby, as of the date hereof. Any reference to the "Agreement" shall mean the Original Agreement, as modified by this First Amendment.

18. Conflict.

In case of a conflict between the terms and conditions of the Original Agreement and this First Amendment, the terms and conditions of this First Amendment shall govern and control.

19. Counterparts.

This First Amendment may be executed in two or more counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

In Witness Whereof, The parties have executed this First Amendment effective as of the day and year first set forth above.

This Lease ("Lease"), is made and entered into this _____ day of _____, 2015 (the "Commencement Date") by and between, the City of Chicago, an Illinois municipal corporation and home rule unit of government (hereinafter referred to as "Landlord" or "City"), and True to Life Foundation, an Illinois not-for-profit corporation (hereinafter referred to as "Tenant").

Whereas, The Landlord is the owner of the former Chicago Public Library Avalon Branch, located at 8828 South Stony Island Avenue, Chicago, Cook County, Illinois, Permanent Index Numbers 25-02-215-028, -029, -030, -031 (the "Premises"), as legally described in Exhibit A attached hereto; and

Whereas, The Premises consists of an approximately 13,300 square foot lot, improved with a single-story building containing approximately 8,000 square feet of floor area; and

Whereas, The building is currently vacant and Premises have no present municipal use; and

Whereas, Licensee wishes to operate a social services organization at the Premises to provide youth services;

Now, Therefore, In consideration of the covenants, terms and conditions set forth herein, the parties hereto agree and covenant as follows:

Section 1.

Grant.

1.1 Grant.

Landlord hereby leases to Tenant, and Tenant hereby leases from Landlord, the following described premises situated in the City of Chicago, County of Cook, State of Illinois, to wit:

the building located at 8828 South Stony Island Avenue comprised of approximately 8,000 square feet of building space and the small rear parking lot (Permanent Index Numbers 25-02-215-028; -029; -030; -031), all situated on the approximately 13,300 square foot lot (the "Premises").

Section 2.

Term.

2.1 Term.

The term of this Lease ("Term") shall begin on the Commencement Date and shall terminate on December 31, 2020, unless sooner terminated as set forth in this Lease.

Section 3.

Rent, Taxes, And Utilities.

3.1 Rent.

Tenant shall pay to Landlord rent for the Premises in the amount of:

One and no/100 Dollars ($1.00) per year, the sufficiency of said sum being acknowledged by both parties.

3.2 Utilities.

Tenant shall be responsible for supplying and paying for all utility services to the Premises. Tenant shall pay when due all charges for gas, electricity, light, heat, water, sewer, power, telephone or other communication service, and all other utility services used in, or supplied to, the Premises. Landlord shall not have any responsibility for providing, delivering, or paying for any utilities supplied to the Premises.

3.3 Taxes.

Tenant acknowledges that Premises are exempt from leasehold, real estate, and other property taxes. Tenant shall pay when due any leasehold taxes, real estate taxes, penalties, and interest assessed or levied on the subject Premises as a result of Tenant's occupancy of the Premises. Tenant shall notify the appropriate taxing body that Tenant is occupying the Premises. The appropriate taxing body shall determine the appropriate taxes, if any, that are to be assessed on the Premises as a result of Tenant's occupancy. Tenant shall thereafter contact the appropriate taxing body to ascertain the tax amount, if any, assessed on the subject Premises. Tenant shall pay such amounts and Tenant shall provide Landlord with proof of such payment within 10 days of such payment. Tenant further acknowledges that real estate taxes are one year in arrears in Cook County and that as a result Tenant shall be responsible for satisfaction of leasehold taxes, real estate taxes, penalties and interest assessed or levied on the subject Premises on account of Tenant's use of the Premises for at least one year after Tenant vacates the Premises. Tenant's failure to pay any such taxes, penalties, and interest shall constitute a default under this Lease. Notwithstanding the foregoing, nothing herein shall preclude Tenant from contesting any charge or tax levied against the Premises. The failure of Tenant to pay such taxes during the pendency of the contest shall not constitute a default under this Lease. Tenant's tax responsibilities under this section shall survive the expiration, cancellation, or termination of this Lease.

3.4 Accord And Satisfaction.

No payment by Tenant or receipt of such by Landlord of a lesser amount than any payment due hereunder shall be deemed to be other than on account of the amount due, and no endorsement of statement or any check or any letter accompanying any check or payment of rent shall be deemed an accord and satisfaction. Landlord may accept such check or payment without prejudice as to Landlord's right to recover the balance of such payments or to pursue any other remedies available to Landlord.

Section 4.

Condition And Enjoyment Of Premises, Alterations, Additions, And Surrender.

4.1 Covenant Of Quiet Enjoyment.

Landlord covenants and agrees that Tenant, upon paying the rent and upon observing and keeping the covenants, agreements, and conditions of this Lease on its part to be kept, observed, and performed, shall lawfully and quietly hold, occupy, and enjoy the Premises (subject to the provisions of this Lease) during the Term without hindrance or molestation by Landlord or by any person or persons claiming under Landlord.

4.2 Tenant's Duty To Maintain Premises.

Tenant shall, at Tenant's expense, keep the Premises in a condition of thorough repair and good order and in compliance with all applicable provisions of the Municipal Code of Chicago, including but not limited to those provisions in Title 13 ("Building and Construction") and Title 17 ("Landscape Ordinance"). Tenant acknowledges that Landlord has no repair or maintenance responsibilities with respect to the Premises. If Tenant shall refuse or neglect to make needed repairs within 30 days after written notice thereof sent by Landlord (including, but not limited to, Landlord's Department of Buildings), unless such repair cannot be remedied by 30 days, and Tenant shall have commenced and is diligently pursuing all necessary action to remedy such repair, Landlord, at Landlord's option, is authorized, but not required, to either make such repairs on Tenant's behalf and Tenant will promptly and within 30 business days of demand reimburse Landlord for the reasonable cost thereof, or Landlord can terminate this Lease by providing Tenant with 30 days written notice. Landlord shall have the right of access to the Premises for the purpose of inspecting and making repairs to the Premises and to ensure that all activities within the Premises are compliant with the Lease. Except in the case of emergencies, Landlord shall first give notice to Tenant of Landlord's desire to enter the Premises and Landlord will schedule Landlord's entry so as to minimize any interference with Tenant's use of Premises.

4.3 Use Of The Premises.

The Premises shall only be used as office space and for programming space associated with the Tenant's not-for-profit activities. All such activities must be consistent with Tenant's not-for-profit purposes and so as to lessen the burdens of government.

Tenant shall not use the Premises in a manner that would violate any law. The Premises shall not be used as a residence. The Premises shall not be used overnight. The Premises shall not be used as a homeless or other shelter. Tenant shall not use the Premises for any religious activities.

Tenant further covenants not to do or suffer any waste or damage and to comply in all respects with the laws, ordinances, orders, rules, regulations, and requirements of all federal, state, and municipal governmental departments which may be applicable to the Premises or to the use or manner of use of the Premises. Tenant shall not cause disfigurement or injury to any building or improvement on the Premises, or to fixtures and equipment thereof.

4.4 Alterations And Additions.

Tenant may not make any alterations, additions, or improvements to the Premises without the prior written approval of the Commissioner of the Department of Fleet and Facility Management. Any such alteration, addition or improvement shall be in full compliance with all applicable laws, permit requirements, and codes. In addition, Tenant will comply with all insurance requirements under this Lease. Any additions and improvements shall be without cost to Landlord. All permanent improvements shall become Landlord's property at the

termination of this Lease. Tenant acknowledges that any consent pursuant to this section shall not act as a substitute for any other perrrnit obligations that may be required to undertake any alterations, additions, and improvements to the Premises.

Section 5.

Assignment, Sublease, And Liens.

5.1 Assignment And Sublease.

Tenant may not sublease or license the Premises in whole or in part without Landlord's prior written consent. Tenant agrees that any subleases or licenses shall require that all sublessees and licensees indemnify and hold harmless Landlord with respect to all liabilities and that the Landlord shall be listed as an additional insured on any certificates of insurance.

5.2 Tenant's Covenant Against Liens.

Tenant shall not cause or permit any lien or encumbrance, whether created by act of Tenant, operation of law or otherwise, to attach to or be placed upon Landlord's title or interest in the Premises. All liens and encumbrances created by Tenant shall attach to Tenant's interest only. In case of any such lien attaching, Tenant shall immediately pay and remove such lien or furnish security or indemnify Landlord in a manner satisfactory to Landlord in its sole discretion to protect Landlord against any defense or expense arising from such lien. Except during any period in which Tenant appeals any judgment or obtains a rehearing of any such lien, or in the event judgment is stayed, Tenant shall immediately pay any judgment rendered against Tenant, with all proper costs and charges, and shall have the lien released and any judgment satisfied. If Tenant fails to pay and remove any lien or contest such lien in accordance herewith, Landlord, at its election, may, but is not obligated to, pay and satisfy same, and all sums so paid by Landlord shall become immediately due and payable by Tenant with interest from the date of payment at the rate set at 12 percent per annum, provided that such rate shall not be deemed usurious by any Laws.

Section 6.

Insurance And Indemnification.

6.1 Insurance.

Tenant shall procure and maintain at all times, at Tenant's own expense, during the Term, the insurance coverages and requirements specified below, insuring all operations related to the Lease. The kind and amounts of insurance required are as follows:

(a) Worker's Compensation And Employer's Liability.

Worker's Compensation as prescribed by applicable law, covering all employees who are to provide a service under this Lease, and Employer's Liability Insurance with limits of not less than $500,000 each accident, illness or disease.

(b) Commercial General Liability (Primary And Umbrella).

Commercial General Liability Insurance or equivalent, with limits of not less than $1,000,000 per occurrence, for bodily injury, personal injury, and property damage liability. Coverage shall include the following: all premises and operations, products/completed operations, defense, separation of insureds, and contractual liability (not to include Endorsement CG 21 39 or equivalent).

The City of Chicago shall be named as an additional insured under the policy. Such additional insured coverage shall be provided on CG 20 10 or on a similar additional insured form acceptable to the City. The additional insured coverage shall not have any limiting endorsements or language under the policy such as, but not limited to, Tenant's sole negligence or the Additional Insured's vicarious liability. Tenant's liability insurance shall be primary without right of contribution by any other insurance or self-insurance maintained by or available to the City.

(c) Automobile Liability Insurance (Primary And Umbrella).

When any motor vehicles (owned, non-owned and hired) are used in connection with the Lease, Tenant shall provide and maintain Automobile Liability Insurance with limits of not less than $1,000,000 per occurrence for bodily injury and property damage. The City of Chicago shall be named as an additional insured on a primary, noncontributory basis.

The Tenant shall be responsible for all loss or damage to personal property (including, but not limited to materials, equipment, tools and supplies), owned, rented or used by Tenant.

6.2 Other Terms Of Insurance.

Tenant will furnish the City of Chicago, Department of Fleet and Facility Management, Office of Real Estate Management, 30 North LaSalle Street, Suite 300, Chicago, Illinois 60602, original Certificates of Insurance evidencing the required coverage to be in force on the date of this Lease, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the Term. Tenant shall submit evidence of insurance prior to execution of the Lease. The receipt of any certificate does not constitute agreement by Landlord that the insurance requirements in this Lease have been

fully met or that the insurance policies indicated on the certificate are in compliance with all requirements in the Lease. The failure of Landlord to obtain certificates or other insurance evidence from Tenant shall not be deemed to be a waiver by Landlord. Tenant shall advise all insurers of the Lease provisions regarding insurance. Nonconforming insurance shall not relieve Tenant of the obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Lease and the Landlord retains the right to terminate or suspend the Lease until proper evidence of insurance is provided.

The Tenant shall provide for 60 days prior written notice to be given to the Landlord in the event coverage is substantially changed, cancelled, or non-renewed.

Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by Tenant.

Tenant hereby grants to the Landlord a waiver of any right of subrogation which any insurer of Tenant may acquire against the Landlord by virtue of the payment of any loss under the insurance. Tenant agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the Landlord has received a waiver of subrogation endorsement from the insurer(s).

Tenant expressly understands and agrees that any coverages and limits furnished by Tenant shall in no way limit the Tenant's liabilities and responsibilities specified in this Lease or by law.

Tenant expressly understands and agrees that its insurance is primary and any insurance or self-insurance programs maintained by the Landlord shall not contribute with insurance provided by Tenant.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Lease or any limitation placed on the indemnity in this Lease given as a matter of law.

If Tenant is a joint venture or limited liability company, the insurance policies shall name the joint venture or limited liability company as a named insured.

If Tenant maintains higher limits than the minimums shown above, Landlord shall be entitled to coverage for the higher limits maintained by Tenant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the Landlord.

Notwithstanding any provision to the contrary, the City of Chicago, Department of Finance, Office of Risk Management, maintains the rights to modify, delete, alter or change these requirements at any time during the Term of Lease.

6.3 Tenant's Indemnification.

Tenant shall indemnify, defend (through an attorney reasonably acceptable to the City), and hold Landlord (its officers, agents, agencies, departments and employees) harmless against all liabilities, judgments, actions, and amounts paid in settlement, arbitration or mediation awards, costs, damages, and expenses (including reasonable attorney's fees, expenses, and court costs) (together the "Claims"), and loss or damage to personal property as set forth in Section 6.1 herein, whether such Claims are related to or arise from personal injury, property damage, or property loss which may be expended by or accrue against, be charged to, or be recovered from Landlord or Tenant by reason of Tenant's performance of, or failure to perform, any of Tenant's obligations under this Lease, or Tenant's negligent acts or failure to act, or resulting from the acts or failure to act of Tenant's or any of Tenant's contractors, respective officers, directors, agents, employees, licensees or invitees. Tenant shall indemnify, defend and hold Landlord harmless against any and all Claims, including but not limited to, Claims that may arise in relation to the use of the Premises by the general public. The foregoing indemnity shall survive any termination of this Lease.

Section 7.

Damage Or Destruction.

7.1 Damage Or Destruction.

If the Premises are damaged or destroyed or sustain a casualty to such extent that Tenant cannot continue to occupy or conduct its normal business therein, or if, in Tenant's opinion or Landlord's opinion, the Premises are rendered untenantable, either Landlord or Tenant shall have the option to declare the Lease terminated as of the date of such damage or destruction by giving the other party written notice to such effect.

Section 8.

Conflict Of Interest And Governmental Ethics.

8.1 Conflict Of Interest.

No official or employee of the City of Chicago, nor any member of any board, commission or agency of the City of Chicago, shall have any financial interest (as defined in Chapter 2-156 of the Municipal Code), either direct or indirect, in the Premises. Nor shall any such official, employee, or member participate in making or in any way attempt to use his or her position to influence any City governmental decision or action with respect to this Lease.

8.2 Duty To Comply With Governmental Ethics Ordinance.

Landlord and Tenant shall comply with Chapter 2-156 of the Municipal Code of Chicago, "Governmental Ethics", including but not limited to Section 2-156-120, which states that no payment, gratuity, or offer of employment shall be made in connection with any City of Chicago contract as an inducement for the award of that contract or order. Any contract or lease negotiated, entered into, or performed in violation of any of the provisions of Chapter 2-156 shall be voidable in the sole discretion of the City.

Section 9.

The Department of Fleet and Facility Management must be notified of any such license or permit. Failure to obtain a required license or permit shall constitute a breach of the terms of this Lease and Landlord can terminate the Lease with 15 days' notice. Tenant understands that this Lease shall in no way act as a substitute for any other permitting or approvals that may be required to undertake any activities on the Premises.

10.13 Full Liability.

Tenant assumes full legal and financial responsibility and liability for any and all use of the Premises by Tenant, Tenant's staff, Tenant's agents, Tenant's invitees, third parties, and any other person or persons entering the Premises.

Tenant shall assume all responsibility for any repairs to the Premises necessitated by the negligence, vandalism, or misuse of the Premises or equipment therein by Tenant's employees, invitees, agents, third parties, contractors, or subcontractors.

In the alternative, Landlord may treat such property as being conveyed to Landlord with this Lease as a bill of sale, without further payment or credit by Landlord to Tenant.

10.18 Signage.

Tenant may place exterior signage on the Premises, provided, however, that such signage and placement comply with all applicable laws and are approved in writing by the Commissioner of the Department of Fleet and Facility Management.

11.13 Amendments.

From time to time, the parties hereto may amend this Lease without City Council approval with respect to any provisions reasonably related to Tenant's use of the Premises and/or Landlord's administration of this Lease. Provided, however, that such amendment(s) shall not serve to extend the Lease Term hereof nor serve to otherwise materially alter the essential provisions contained herein, in the sole opinion of Landlord. Such amendment(s) shall be in writing, shall establish the factual background necessitating such alteration, shall set forth the terms and conditions of such modification, and shall be duly executed by both Landlord and Tenant. Such amendment(s) shall only take effect upon execution by both parties. Upon execution, such amendment(s) shall become a part of this Lease and all other provisions of this Lease shall otherwise remain in full force and effect.

Section 12.

Tenant Disclosures And Affirmations.

12.1 Business Relationships.

Tenant acknowledges (A) receipt of a copy of Section 2-156-030(b) of the Municipal Code of Chicago, (B) that it has read such provision and understands that pursuant to such Section 2-156-030(b) it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected City official or employee has a "Business Relationship" (as defined in Section 2-156-080 of the Municipal Code of Chicago), or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship, and (C) notwithstanding anything to the contrary contained in this Lease, that a violation of Section 2-156-030(b) by an elected official, or any person acting at the direction of such official, with respect to this Lease shall be grounds for termination of this Lease. Tenant hereby represents and warrants that no violation of Section 2-156-030(b) has occurred with respect to this Lease.

12.2 Patriot Act Certification.

Tenant represents and warrants that neither Tenant nor any Affiliate (as hereafter defined) thereof is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable Laws: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. As used in this Section, an "Affiliate" shall be deemed to be a person or entity related to Tenant that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with Tenant, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

12.3 Prohibition On Certain Contributions -- Mayoral Executive Order No. 2011-4.

Tenant agrees that Tenant, any person or entity who directly or indirectly has an ownership or beneficial interest in Tenant of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, Tenant's contractors (i.e., any person or entity in direct contractual privity with Tenant regarding the subject matter of this Lease) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Subowners") and spouses and domestic partners of such Subowners (Tenant and all the other preceding classes of persons and entities are together the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fundraising committee (a) after execution of this Lease by Tenant, (b) while this Lease or any Other Contract (as hereinafter defined) is executory, (c) during the Term of this Lease or any Other Contract, or (d) during any period while an extension of this Lease or any Other Contract is being sought or negotiated. This provision shall not apply to contributions made prior to May 16, 2011, the effective date of Executive Order 2011-4.

Tenant represents and warrants that from the later of (a) May 16, 2011, or (b) the date the City approached Tenant, or the date Tenant approached the City, as applicable, regarding the formulation of this Lease, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

Tenant agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

Tenant agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order Number 2011-4 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order Number 2011-4.

Notwithstanding anything to the contrary contained herein, Tenant agrees that a violation of, noncompliance with, misrepresentation with respect to, or breach of any covenant or warranty under this provision or violation of Mayoral Executive Order Number 2011-4 constitutes a breach and default under this Lease, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this Lease, and under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Tenant intentionally violates this provision or Mayoral Executive Order Number 2011-4 prior to the execution of this Lease, the City may elect to decline to lease the Premises to Tenant or to terminate the Lease after execution.

For purposes of this provision:

(a) "Bundle" means to collect contributions from more than one source, which contributions are then delivered by one person to the Mayor or to his political fundraising committee.

(b) "Other Contract" means any other agreement with the City of Chicago to which Tenant is a party that is (i) formed under the authority of Chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council.

(c) "Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

(d) Individuals are "domestic partners" if they satisfy the following criteria:

(i) they are each other's sole domestic partner, responsible for each other's common welfare; and

(ii) neither party is married; and

(iii) the partners are not related by blood closer than would bar marriage in the State of Illinois; and

(iv) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and

(v) two of the following four conditions exist for the partners:

(1) The partners have been residing together for at least 12 months.

(2) The partners have common or joint ownership of a residence.

(3) The partners have at least two of the following arrangements:

(A) joint ownership of a motor vehicle;

(B) joint credit account;

(C) a joint checking account;

(D) a lease for a residence identifying both domestic partners as tenants.

(4) Each partner identifies the other partner as a primary beneficiary in a will.

(e) "Political fundraising committee" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

12.4 Waste Ordinance Provisions.

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Tenant warrants and represents that it, and to the best of its knowledge, its Contractors and its subcontractors regarding the subject matter of this Lease ("Subcontractors"), have not violated and are not in violation of any provisions of Section 7-28 or Section 11-4 of the Municipal Code (the "Waste Sections"). During the period while this Lease is executory, Tenant's, any general Contractor's or any Subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Lease, constitutes a breach of and an event of default under this Lease, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Commissioner of the Department of Fleet and Facility Management. Such breach and default entitles the City to all remedies under this Lease, at law or in equity. This section does not limit Tenant's, its general Contractors' and its Subcontractors' duty to comply with all applicable federal, state, county and municipal Laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Lease. Noncompliance with these terms and conditions may be used by the City as grounds for the termination of this Lease, and may further affect the Tenant's eligibility for future contract awards.

12.5 Failure To Maintain Eligibility To Do Business With City.

Failure by Tenant or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code of Chicago shall be grounds for termination of this Lease and the transactions contemplated thereby. Tenant shall at all times comply with Section 2-154-020 of the Municipal Code of Chicago.

12.6 Cooperation With Office Of Inspector General And Legislative Inspector General.

It is the duty of Tenant and any bidder, proposer, contractor, subcontractor, and every applicant for certification of eligibility for a City contract or program, and all officers, directors, agents, partners, and employees of any such grantee, subgrantee, bidder, proposer, contractor, subcontractor or such applicant to cooperate with the Legislative Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-55 of the Municipal Code, and to cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code. Tenant represents and warrants that it understands and will abide by all provisions of Chapter 2-55 and Chapter 2-56 of the Municipal Code and that Tenant will inform its Contractors and Subcontractors of this provision and require their compliance.

12.7 2014 Hiring Plan Prohibitions.

(i) The City is subject to the June 16, 2014 "City of Chicago Hiring Plan", as amended (the "2014 City Hiring Plan") entered in *Shakman v. Democratic Organization of Cook County,* Case Number 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the 2014 City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(ii) Tenant is aware that City policy prohibits City employees from directing any individual to apply for a position with Tenant, either as an employee or as a subcontractor, and from directing Tenant to hire any individual as an employee or as a subcontractor. Accordingly, Tenant must follow its own hiring and contracting procedures, without being influenced by City or City employees. Any and all personnel provided by Tenant under this Lease are employees or subcontractors of Tenant, not employees of the City. This Lease is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by Tenant.

(iii) Tenant will not condition, base, or knowingly prejudice or affect any term or aspect of the employment of any personnel provided under this Lease, or offer employment to any individual to provide services under this Lease, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Lease, a political organization

or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(iv) In the event of any communication to Tenant by a City employee or City official in violation of paragraph (ii) above, or advocating a violation of paragraph (iii) above, Tenant will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General ("OIG Hiring Oversight"), and also to the head of the relevant City department utilizing services provided under this Lease. Tenant will also cooperate with any inquiries by OIG Hiring Oversight.

In Witness Whereof, The parties have executed this Lease as of the day and year first above written.

If such change is insubstantial and if the application, as so changed, meets the criteria for an initial application, the commissioner shall approve the change. If such change is insubstantial and if the application, as so changed, does not meet the criteria for an initial application, the commissioner shall disapprove the change. WHEREAS, the DPD has determined that the Norwood Park Community Area, Jefferson Park Community Area, and Forest Glen Community Area (together, the "**Communities**") have all suffered from significant deficits of open space as documented in the comprehensive plan entitled "**The CitySpace Plan**," adopted by the Chicago Plan Commission on September 11, 1997 and adopted by the City Council on May 20, 1998 pursuant to an ordinance published at pages 69309-69311 of the Journal of the Proceedings of the City Council of the same date; and

WHEREAS, the FPDCC is responsible for the care and maintenance of the North Branch Trail (the "**Trail**"), an eighteen (18) mile long hiking and bicycling trail which has a northernmost terminus at the Chicago Botanical Gardens, and southernmost at the forest preserve in Edgebrook, and which, for a significant length, generally follows the common borders shared by and between the Communities; and

WHEREAS, under the terms and conditions hereof, the City agrees to make the Grant available to the FPDCC; and

WHEREAS, the City and the FPDCC have among their powers the authority to contract with each other to perform the undertakings described herein.

NOW THEREFORE, in consideration of the mutual covenants and agreements contained herein, the above recitals which are made a contractual part of this Agreement, and other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the City and the FPDCC agree as follows:

SECTION 1. THE GRANT

1.1. **Budget**. Subject to the provisions set forth in this Agreement, the City will disburse the Grant to reimburse the FPDCC for part of the cost of completing the Project in accordance with the budget attached to this Agreement as Exhibit B (the "**Budget**"), which Budget is hereby approved by the DPD, and only after the FPDCC has submitted the Certificate of Expenditure to the DPD (as defined below), once the Project is complete, along with such supporting documentation as the City may reasonably require.

1.2 **Reimbursement**. The FPDCC may request that a certificate of expenditure substantially in the form attached hereto (the "**Certificate of Expenditure**") as Exhibit C be processed and executed upon Project completion. The City will not execute the Certificate of Expenditure in excess of the actual cost of the Project or in excess of the agreed upon Grant amount, whichever is the lower. Prior to the execution of the Certificate of Expenditure by the City, the FPDCC must submit documentation regarding the applicable expenditures and the completion of the Project to the DPD. Delivery by the FPDCC to the DPD of a request for execution by the City of the Certificate of Expenditure hereunder will, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of such request for execution of a Certificate of Expenditure, that,

(A) the total amount of the request for the Certificate of Expenditure represents an amount not in excess of the actual amount payable to (or paid to) the general contractor, subcontractors, and other parties who have performed work on or otherwise provided goods, property or services in connection with the Project, and/or their payees;

(B) the Project has been completed in its entirety and is ready to be opened to the public; and

(C) the FPDCC has complied and is in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, all as may be in effect from time to time, pertaining to or affecting the Project or the FPDCC as related thereto.

1.3. **Limits of Reimbursement**. The FPDCC hereby acknowledges and agrees that the Grant must be used exclusively to pay for or reimburse reimburse costs associated with Project. If the Grant amount should exceed the costs of the Project, the total amount payable to the FPDCC shall be the actual costs incurred by the FPDCC in completion of the Project.

1.4. **Cost Overruns**. The FPDCC is solely responsible for any fees, costs and expenses of the Project in excess of the amount of the Grant and the Budget and will hold the City harmless from all such excess fees, costs and expenses. In the event that either party believes that the Budget may not provide sufficient funds for the construction of the Project, such party must notify the other party and the parties must cooperate to modify the Project so that it can be completed in accordance with the Budget.

1.5. **Source of Funds**. The sources of funds for the City's obligations under this Agreement are funds identified by CAPS Codes: PS10 131 54 5010 2604; PS 11 131 54 5011 2604; PS12 131 54 5012 2604. The FPDCC hereby acknowledges and agrees that the City's obligations hereunder are subject in every respect to the availability of funds as described in and limited by this Section 1.5. If no funds or insufficient funds are appropriated and budgeted for disbursement of the Grant, then the City will notify the FPDCC in writing of that occurrence, and the FPDCC will have the right, but not the obligation to terminate this Agreement by written notice to the City.

SECTION 2. DEVELOPMENT AND CONSTRUCTION OF THE PROJECT

2.1. **Title Commitment and Insurance; Survey**. The FPDCC must be responsible for obtaining, at its own expense, any title commitment or title policy and survey with respect to the property upon which the Project improvements will be constructed (the "**Property**") that it deems necessary.

2.2. **Construction Documents and Landscape Plan**. The FPDCC has developed the construction documents and a plan for the Project (the "**Drawings**") as shown on Exhibit D. No material deviation from the Drawings will be made without the prior written approval of the DPD, which approval will not be unreasonably withheld, conditioned or delayed. The approval of the Drawings by the DPD are for the purposes of this Agreement only and other than as set forth in the Drawings, no structures or improvements are to be constructed on the Property by

the FPDCC without the prior written approval of the DPD, which approval will not be unreasonably withheld, conditioned or delayed and will not constitute any approval required by the City's Department of Buildings, or any other Department of the City.

2.3. **Schedule**. The FPDCC has prepared a preliminary schedule for the development and construction of the Project as set forth on Exhibit E (the "**Schedule**"). No material deviation from the Schedule will be made without the prior written approval of the DPD, which approval will not be unreasonably withheld, conditioned or delayed. Notwithstanding the foregoing, in no event will the approval of the DPD be required for any changes to the Schedule required in connection with any force majeure event.

2.4. **Use**. The Project must be utilized as open space for use by the public for and on behalf of the City. This Agreement does not confer any special rights upon the FPDCC or any other person or entity to use the Project for private parties or events.

2.5. **Certification.** The FPDCC must submit the Certificate of Expenditure form as attached in Exhibit C prior to any Grant funds being released.

SECTION 3. TERM OF AGREEMENT

Term of Agreement. The term of this Agreement will commence as of the Closing Date and, unless otherwise terminated as provided in this Agreement, will expire on the fifth anniversary of the Closing Date. Notwithstanding the foregoing, if the FPDCC modifies the Schedule pursuant to Section 2.3 of this Agreement and such modification extends beyond the term, the term will be adjusted accordingly.

SECTION 4. COVENANTS AND REPRESENTATIONS

The FPDCC hereby warrants, represents and/or covenants to the City that:

4.1. The FPDCC will use the Grant solely for the Project and to pay for or reimburse eligible costs as determined in the sole discretion of the City and outlined on Exhibit B.

4.2. The FPDCC will comply with all applicable federal, state, and local statutes, laws, ordinances, rules, regulations and executive orders that are in effect from time to time that pertain to or affect the Project, the FPDCC, or the Grant. Upon the City's request, the FPDCC will provide evidence of such compliance satisfactory to the City.

4.3. The FPDCC agrees that provisions required to be inserted in this Agreement by laws, ordinances, rules, regulations or executive orders are deemed inserted whether or not they appear in this Agreement and that in no event will the failure to insert such provisions prevent the enforcement of this Agreement.

4.4. The FPDCC has full power and authority to enter into and perform its obligations under this Agreement, and the signing and delivery of this Agreement and the performance of its obligations under this Agreement have been duly authorized by all requisite corporate action.

4.5. Signing, delivery and performance by the FPDCC of this Agreement does not violate its bylaws, articles of incorporation, resolutions or any applicable provision of law, or constitute a material breach of, default under or require any consent under, any agreement, instrument or document, including any related to borrowing monies, to which the FPDCC is party or by which it is bound.

4.6. There are no actions or proceedings by or before any court, governmental commission, board, bureau or any other administrative agency pending, threatened or affecting the FPDCC that would materially impair its ability to perform under this Agreement.

4.7. The FPDCC is not in default on any loan or borrowing that may materially affect its ability to perform under this Agreement.

4.8. If the Grant, or a portion thereof, is used to pay for or reimburse construction costs, the FPDCC and all its contractors and subcontractors must meet labor standards and prevailing wage standards required by federal, state and City laws, regulations and ordinances.

4.9. The FPDCC must maintain and keep in force, at its sole cost and expense, at all times during the term of this Agreement, insurance in such amounts and of such type as set forth in Section 6 below.

4.10. The FPDCC must at all times perform its work in fulfilling its corporate mission with the utmost care, skill and diligence in accordance with the applicable standards currently recognized in the community.

4.11. The Parties agree that the FPDCC will maintain the Project improvements on the Property in a condition and manner acceptable to the City.

4.12. It is the duty of the FPDCC and any bidder, proposer, subcontractor and every applicant for certification of eligibility for a City contract or program, and all officers, directors, agents, partners, and employees of the FPDCC and any such bidder, proposer, subcontractor or such applicant to cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code. The FPDCC represents that it understands and will abide by all provisions of Chapter 2-56 of the Municipal Code and that it will inform all contractors and subcontractors hired by the FPDCC in connection with this Agreement of this provision in writing and require their compliance.

It is the duty of the FPDCC and any bidder, proposer, subcontractor and every applicant for certification of eligibility for a City contract or program, and all officers, directors, agents, partners, and employees of the FPDCC and any such bidder, proposer, subcontractor or such applicant to cooperate with the Legislative Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-55 of the Municipal Code. The FPDCC represents that it understands and will abide by all provisions of Chapter 2-55 of the Municipal Code and that it will inform all contractors and subcontractors hired by the FPDCC in connection with this Agreement of this provision in writing and require their compliance.

4.13 Failure by the FPDCC or any controlling person (as defined in Section 1-23-010 of the Municipal Code) thereof to maintain eligibility to do business with the City as required by Section 1-23-030 of the Municipal Code will be grounds for termination of this Agreement and the transactions contemplated hereby.

4.14 ***Independent Contractor***

A. The FPDCC shall perform under this Agreement as an independent contractor to the City and not as a representative, employee, agent or partner of the City.

B. The City is subject to the June 24, 2011 "City of Chicago Hiring Plan" (the "**City Hiring Plan**") entered into in Shakman v. Democratic Organization of Cook County, Case No 69 C 2145 (United State District Court for the Northern District of Illinois). Among other things, the 2011 City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

C. The FPDCC is aware that City policy prohibits City employees from directing any individual to apply for a position with the FPDCC, either as an employee or as a subcontractor, and from directing the FPDCC to hire an individual as an employee or as a subcontractor. Accordingly, the FPDCC must follow its own hiring and contracting procedures, without being influenced by City employees. Any and all personnel provided by the FPDCC under this Agreement are employees or subcontractors of the FPDCC, not employees of the City of Chicago. This Agreement is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by the FPDCC.

D. The FPDCC will not condition, base, or knowingly prejudice or affect any term or aspect of the employment of any personnel provided under this Agreement, or offer employment to any individual to provide services under this Agreement, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Agreement, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

E. In the event of any communication to the FPDCC by a City employee or City official in violation of Section (C) above, or advocating a violation of Section (D) above, the FPDCC will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General ("**IGO Hiring Oversight**") and also to the head of the DPD. The FPDCC will also cooperate with any inquiries by IGO Hiring Oversight related to this Agreement.

4.15 FOIA and Local Records Act Compliance

A. FOIA. The FPDCC acknowledges that the City is subject to the Illinois Freedom of Information Act, 5ILCS 140/1 et seq., as amended ("**FOIA**"). FOIA requires the City to produce "**Records**" (very broadly defined in FOIA) in response to a FOIA request in a very short period of time, unless the Records requested are exempt under FOIA. If the FPDCC receives a request from the City to produce Records within the scope of FOIA, the FPDCC covenants to comply with such request within 48 hours of the date of such request. Failure by the FPDCC to timely comply with such request will be a breach of this Agreement.

B. Exempt Information. Documents that the FPDCC submits to the City during the term of the Agreement containing trade secrets and commercial or financial information may be exempt if disclosure would result in competitive harm. However, for documents submitted by the FPDCC to be treated as trade secrets or information that would cause competitive harm, FOIA requires that the FPDCC mark any such documents as "proprietary, privileged or confidential." If the FPDCC marks a document as "proprietary, privileged and confidential", then the DPD will evaluate whether such document may be withheld under FOIA. The DPD, in its discretion, will determine whether a document will be exempted from disclosure, such determination being subject to review by the Illinois Attorney General's Office and/or the courts.

C. Local Records Act. The FPDCC acknowledges that the City is subject to the Local Records Act, 50 ILCS 205/1 et seq., as amended (the "**Local Records Act**"). The Local Records Act provides that public records may only be disposed of as provided in the Local Records Act. If requested by the City, the FPDCC covenants to use its best efforts consistently applied to assist the City in its compliance with the Local Records Act concerning records arising under or in connection with this Agreement and the transactions contemplated in this Agreement.

SECTION 5. ENVIRONMENTAL MATTERS

5.1. It will be the responsibility of the FPDCC to investigate and determine the soil and environmental condition of the Property, if deemed necessary, including obtaining phase I and, if applicable, phase II environmental audits for the Property. The City makes no covenant, representation or warranty as to the environmental condition of the Property or the suitability of the Property for any use whatsoever.

5.2. The FPDCC agrees to carefully inspect the Property and all easements or other agreements recorded against the Property prior to commencement of any activity on the Property to ensure that such activity will not damage surrounding property, structures, utility lines or any subsurface lines or cables. The FPDCC is solely responsible for the safety and protection of the public on the portions of the Property affected by the Project, until the portion of the Project on each portion of the Property is completed. The City reserves the right to inspect the work being done on the Property. The FPDCC agrees to keep the Property free from all liens and encumbrances arising out of any work performed, materials supplied or obligations incurred by or for the FPDCC.

5.3. Prior to inspecting the Property, the FPDCC or its subcontractors, if any, must obtain insurance in accordance with Section 6 below, all necessary permits and, if applicable, a right of entry.

SECTION 6. INSURANCE

6.1. **Insurance to be Provided**. The FPDCC must provide and maintain, at the FPDCC's own expense, or cause to be provided and maintained, during the term of this Agreement, the insurance coverages and requirements specified below, as applicable, insuring all operations related to this Agreement.

A. Workers Compensation and Employers Liability. Workers Compensation Insurance, as prescribed by applicable law, covering all employees who are to provide a service under this Agreement, and Employers Liability coverage with limits of not less than $100,000 per each accident or illness.

B. Commercial General Liability (Primary and Umbrella). Commercial General Liability Insurance or equivalent with limits of not less than $1,000,000 per occurrence for bodily injury, personal injury, and property damage liability. Coverages must include the following: all premises and operations, products/completed operations, explosion, collapse, underground, separation of insureds, defense, and contractual liability (not to include Endorsement CG 21 39 or equivalent). The City is to be named as an additional insured on a primary, non-contributory basis for any liability arising directly or indirectly from the work or services. Subcontractors performing work or services for the FPDCC must maintain limits of not less than $1,000,000 with the same terms in this subsection.

C. Automobile Liability (Primary and Umbrella). When any motor vehicles (owned, non-owned and hired) are used in connection with the services to be performed, the FPDCC must provide or cause to be provided Automobile Liability Insurance with limits of not less than $1,000,000 per occurrence for bodily injury and property damage. The City is to be named as an additional insured on a primary, non-contributory basis.

D. Professional Liability. When any architects, engineers, or other professional consultants perform work in connection with this Agreement, Professional Liability Insurance covering acts, errors, or omissions must be maintained or caused to be maintained, with limits of not less than $1,000,000. When policies are renewed or replaced, the policy retroactive date must coincide with or precede start of work on the Project. A claims-made policy which is not renewed or replaced must have an extended reporting period of two (2) years.

E. Self-Insurance. To the extent permitted by applicable law, the FPDCC may self-insure for the insurance requirements specified above, it being expressly understood and agreed that, if the FPDCC does self-insure for any such insurance requirements, the FPDCC must bear all risk of loss for any loss which would otherwise be covered by insurance policies, and the self insurance program must comply with at least such insurance requirements as stipulated above.

6.2. **Additional Requirements**. The FPDCC must furnish the City of Chicago, Department of Planning and Development, 121 N. LaSalle Street, Room 905, Chicago, Illinois 60602, original Certificates of Insurance, or such similar evidence, to be in force on the date of this Agreement, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the term of this Agreement. The FPDCC must submit evidence of insurance acceptable to the City prior to execution of the Agreement. The receipt of any certificate does not constitute agreement by the City that the insurance requirements in this Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the City to obtain certificates or other insurance evidence from the FPDCC is not a waiver by the City of any requirements for the FPDCC to obtain and maintain the specified coverages. The FPDCC must advise all insurers of the provisions of this Agreement regarding insurance. Non-conforming insurance does not relieve the FPDCC of the obligation to provide insurance as specified in this Agreement. Nonfulfillment of the insurance conditions may constitute a violation of the Agreement, and the City retains the right to suspend this Agreement until proper evidence of insurance is provided, or the Agreement may be terminated.

The insurance must provide for sixty (60) days prior written notice to be given to the City in the event coverage is substantially changed, canceled, or non-renewed.

Any deductibles or self insured retentions on referenced insurance coverages must be borne by the FPDCC.

The FPDCC agrees that insurers waive their rights of subrogation against the City, its employees, elected officials, agents, or representatives.

The coverages and limits furnished by the FPDCC in no way limit the FPDCC's liabilities and responsibilities specified within the Agreement or by law.

Any insurance or self-insurance programs maintained by the City do not contribute with insurance provided by the FPDCC under this Agreement.

The required insurance to be carried out is not limited by any limitations expressed in the indemnification language in this Agreement or any limitation placed on the indemnity in this Agreement given as a matter of law.

The FPDCC must require all subcontractors to provide insurance required in this Agreement, or the FPDCC may provide the coverages for subcontractors. All subcontractors are subject to the same insurance requirements of the FPDCC unless otherwise specified in this Agreement.

If the FPDCC or its subcontractors desire additional coverages, the party desiring additional coverages is responsible for the acquisition and cost.

Notwithstanding any provision in the Agreement to the contrary, the City's Risk Management Division of the Department of Finance maintains the right to modify, delete, alter or change these requirements.

SECTION 7. INDEMNIFICATION

The FPDCC will indemnify and defend the City, its officials, agents and employees (the "**City Indemnitees**") against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, attorneys' and expert witnesses' fees and court costs) the City Indemnitees suffer or incur arising from or in connection with the actions or omissions of the FPDCC and/or any contractors or subcontractors in implementing the Project, if any, or the FPDCC's breach of this Agreement. This defense and indemnification obligation survives any termination or expiration of this Agreement.

SECTION 8. NO LIABILITY OF OFFICIALS

No elected or appointed official or member or employee or agent of the City will be charged personally by the FPDCC or by an assignee or subcontractor, with any liability or expenses of defense or be held personally liable under any term or provision of this Agreement because of their execution or attempted execution or because of any breach hereof.

SECTION 9. DEFAULT AND REMEDIES

9.1. **Default**. If the FPDCC, without the City's written consent (which consent will not be unreasonably withheld, conditioned or delayed) defaults by failing to perform any of its obligations under this Agreement then the City may terminate this Agreement if such default is not cured as provided in Section 9.2 below.

(To Ordinance)

Permit.

Route:	I-290 (Eisenhower Expressway)	Project:	Jane Byrne (Circle) Interchange @ Congress Parkway
Section:	Between Tilden and Congress Parkway	Job No.:	R-90-999-90/D-91-227-13
County:	Cook	Parcel:	0LP0159 Unit: 1

The Illinois Department of Transportation, Division of Highways ("Department") hereby grants permission to ("Permittee") a unit of local government to use property situated under an elevated highway structure or adjacent to highway facilities which property is highlighted as Bay 1 on the attached (Sub)Exhibit "A" for the following purpose(s) only:

For use by the City of Chicago Department of Transportation to assist them in their effort to improve the traffic circulation in the South Loop area.

This permit is subject to the following terms and conditions:

1. This permit is valid for a period of five (5) years from the date of issuance unless revoked or terminated under paragraph 2 or 3.

2. This permit is revocable at will by the Department upon thirty (30) days written notice to the Permittee. This permit may be revoked immediately by the Department upon written notice to the Permittee for any breach by Permittee of the terms and conditions of this permit or in the event the Permittee ceases to use or abandons the premises.

3. Permittee may terminate this permit upon written notice to the Department.

4. Upon revocation or termination or upon expiration of this permit, Permittee agrees to immediately yield possession of said premises to the Department and, at Permittee's sole cost and expense, to restore said premises to a condition satisfactory to the Department and to remove from the premises, all improvements, and appurtenances thereto, or any other property of any name or nature, utilized, owned or controlled by said Permittee or anyone claiming under it, except for surfacing and column guards. Any such property not removed from premises within thirty (30) days after revocation or termination of said permit may be removed and disposed of by the State of Illinois, its agents, employees, or contractors, in any manner it sees fit, at the sole cost and expense of the Permittee, or the Department, in its discretion, may elect to declare the same the property of the Department whereupon all rights, title and interest of the Permittee therein shall terminate immediately.

5. The Permittee shall submit to the Department, for approval, a plan of operation specifically detailing the intended development, occupation and use of said premises, including the installation and location of any improvements to be situated thereon. No work shall commence until approval is received by the Permittee. The cost of plan preparation as well as any improvements shall be the sole obligation of the Permittee. The plans shall include the installation and maintenance for the duration of the permit of protective shielding meeting Department standards for structure adequacy; and such plans shall be designed, signed and sealed by a licensed structural engineer to entirely cover the area to be occupied under this permit. All pavement, sidewalk, lighting and other items necessary to occupy the facility, including any modifications that may be needed as part of future roadway work to either the expressway or the city street shall be at the Permittee's cost signed by a licensed P.E., not by the State. The State commits to careful review of the plans to avoid or limit, if possible, any future changes due to the planned work for the upcoming Jane Byrne (Circle) Interchange reconstruction project.

6. If the premises will be used by Permittee for the purpose of parking motor vehicles, the plan of operation must give proper consideration to the need for the following:

a. Parking design or arrangement to assure orderly and functional parking.

b. Plantings or other screening measures to improve the esthetics and appearance of the area.

c. Surfacing, lighting, fencing, striping, curbs, wheel stops, pier protection devices, etc.

d. Access for fire protection and firefighting equipment.

7. The Permittee shall be responsible for ascertaining the correct location of property lines in connection with this permit.

8. The premises shall not be occupied or used by the Permittee for other than the purpose(s) specified herein and as shown in the approved plan of operation without the written approval of the Department.

9. No representations as to the condition, repair or suitability of the premises have been made to the Permittee by the Department, its agents or employees.

10. Any improvement made to the premises by Permittee shall be fire resistant in accordance with the provisions of local applicable building codes. The premises shall not be used for the manufacture or storage of flammable material, explosive or hazardous material, nor for any occupation which is deemed by the Department or the Federal Highway Administration to be a hazard to highway or non-highway users, nor for the conduct of any business or occupation causing the emission of fumes, vapors, odors, drippings, droppings, or discharges which are deemed by the Department to adversely affect the highway facility or the use thereof.

11. The premises shall be maintained by Permittee so as to assure that the structures and the area within the highway right-of-way boundaries will be kept in good condition, both as to safety and appearance. Such maintenance will be accomplished in a manner so as to cause no unreasonable interference with highway use. In the event Permittee fails to fulfill its maintenance obligations, the Department may enter the premises to perform the maintenance at the expense of the Permittee.

12. The Department and the Federal Highway Administration shall have the right to enter, inspect and view the premises at all times without advance notification, if necessary, and shall have the right to take possession thereof in case of national or other emergency.

13. This permit is a temporary use permit subject to termination when transportation needs make it necessary to terminate the permit, e.g., maintenance, reconstruction,

and emergency repairs. Termination of this permit would not create any real property rights or any relocation rights or benefits for the Permittee under the federal Uniform Relocation Assistance Act.

The user of the permitted area shall insure protection of any existing, proposed or temporary structures within or adjacent to the permitted area (such as shoring or other structures) from any damages or tampering. Planned work for the Department's Jane Byrne (Circle) Interchange project will require access to this area by contractors working for the Department. Some work may be able to be accomplished without the need for the Permittee to vacate, but other work may require full closure of the area. Every effort will be made to develop plans which will limit the amount of time allowed for the contractor to fully close permitted area to minimize disruption to its use. The contractor will be required to provide written notification twice for each closure; such notices shall be provided no less than 30 days and again no less than 14 days in advance of any planned closures. This notification will include the date and time the contractors work will begin and the estimated number of days needed to complete the work so occupancy can be adjusted as necessary.

14. This permit shall not relieve the Permittee from obtaining any license or permit as may be required by any other public body.

15. Permittee shall not transfer, assign, or convey its interests under this permit without prior written approval of the Department. If the Department approves such a transfer, assignment or conveyance, the terms and provisions of this permit shall extend to and be binding upon and inure to the benefit of any approved successor of the Permittee.

16. Permittee shall not erect or allow to be erected any signs on the premises except as approved, in writing, by the Department. Only signs pertaining to the use of the premises by the Permittee shall be approved.

17. The Permittee assumes liability for all losses, expenses, costs, actions, causes of action, demands, damages and claims in connection with or arising out of any injuries, or claimed or alleged injury (including, but not limited to, death) to any person, or any damage or claimed or alleged damage to any property of any person sustained, or claimed, or alleged to have been sustained in connection with, or to have arisen out of or to have resulted from, whether directly or indirectly, the occupation and use of the premises by Permittee, or by any one or more of its contractors, agents, servants or employees including, but not limited to, losses, costs, expenses or damages sustained by the Department itself; and Permittee agrees to indemnify and hold harmless Department, its agents, servants and employees, from any and all such losses, expenses, costs, actions, causes of action, demands, damages and claims and agrees to defend any suit or action brought against any one or more of them

based on any such alleged injury or damage, and to pay all damages, costs, losses and expenses incurred, including but not limited to, attorney's fees, in connection therewith or resulting therefrom.

18. The Permittee will bear all costs necessary to ensure that access is restored to provide reasonable public street ingress/egress to the remaining lease area for the Department's existing tenant, Protected Parking, Inc. The Department believes that the required access will be provided by Permittee's building the approved plan described and delineated in paragraph 5 above; provided, however, that if, after construction and installation of the approved plan, the Department determines that further modifications are needed to ensure the required reasonable access is provided to the remaining lease area, Permittee will cause such modifications to be constructed or installed and shall bear the cost of those modifications.

19. No fees or rentals of any kind (except for permit fees and reimbursements of City costs required thereby) shall be charged by the City to any third party that City may permit to use all, or any part, of the space covered by this Permit.

Agreement For Use Of State Highway Right-Of-Way -- Megabus.

This Agreement ("Agreement") is made and entered into as of the _____ day of _____, 20___ ("Effective Date") by and between the City of Chicago ("City"), a home rule municipality pursuant to Section 6 of Article VII of the Illinois Constitution of 1970 and Megabus USA LLC, a Delaware limited liability company ("Grantee").

Recitals.

Whereas, On _____, 2015, the Illinois Department of Transportation ("IDOT") issued to City a Permit for Use of Surface Area Under Elevated Highway Structures or Adjacent to Highway Facilities ("IDOT Permit") copy of which is attached to and incorporated into this Agreement as (Sub)Exhibit A, granting the City use of a portion of State highway right-of-way situated under an elevated highway structure at 432 -- 498 South Clinton Street, Chicago, Illinois, which property is described in the IDOT Permit ("Right-of-Way"); and

Whereas, On _____, 2015, the City Council of the City of Chicago approved the grant to Grantee of permission and authority to occupy the Right-of-Way for bus terminal purposes as provided in this Agreement pursuant to which the City agreed to pass along all rights and obligations under the IDOT Permit to Grantee to allow Grantee to utilize the Right-of-Way for a five (5) year period with four five (5) year automatic renewals (for a total of 25 years) ("City Permit"); and

Whereas, Grantee wishes to further improve the Right-of-Way with bus terminal facilities and the IDOT Permit and City Permit both authorize such improvements;

Now, Therefore, In consideration of the mutual promises and covenants contained herein, the parties hereby agree as follows:

Section 1.

Grant.

Permission and authority are hereby granted to Grantee, upon the terms and subject to the conditions of this Agreement and the IDOT Permit, to construct, install, locate, establish, use, operate, maintain, repair, replace, reconstruct, and remove bus terminal improvements ("Facility") on the Right-of-Way at its sole cost and expense in accordance with the IDOT Permit and with (Sub)Exhibit B which is attached and incorporated, together with such

accessory improvements as shall be approved by the Commissioner of Transportation. Such City Permit is hereby granted without the requirement of paying compensation for such rights.

Section 2.

Consent Of Affected Property Owners.

The Permit is subject to the condition that the Grantee will be responsible at all times for obtaining the consent of any land owner whose legal rights in the Right-of-Way, including rights of access, ingress, egress, light, air, view or reversion, have been or will be damaged by the Facility, or its use or operation, or any work to construct, install, locate, use, operate, maintain, repair, replace, reconstruct, and remove the Facility ("Work").

Section 3.

Term.

A. Expiration. The City Permit is given and granted for a period of five years from and after the date of the issue of the IDOT Permit. In addition, subject to renewal of the IDOT Permit, the City agrees that the City Permit shall be deemed automatically renewed four times for five years for each renewal subject to a) renewal of the IDOT Permit by IDOT and b) Grantee's compliance with this Agreement, all as provided in this section.

B. Renewal. Upon receipt of notice of renewal of the IDOT Permit, if the City Permit is to be renewed, the City will forward the IDOT notice to the Grantee with a notification of the renewal of the City Permit.

C. Early Termination, Non-Renewal. Promptly upon receipt of a notice of termination or of non-renewal of the IDOT Permit, or if the City determines, in its sole discretion, to terminate or not renew the City Permit, then the City will forward a notice of the termination or non-renewal of the City Permit to Grantee, stating the effective date thereof, and shall include a copy of any such IDOT notice received. If based on the termination or non-renewal of the IDOT Permit, the City Permit shall be deemed terminated or expired on the same day as the IDOT Permit. Prior to the effective date of the termination, or the expiration of the IDOT Permit that is not being renewed, the Grantee shall complete the removal of the Facility and restoration of the Right-of-Way as required by the IDOT Permit. Should the Grantee desire to terminate the Permit prior to its expiration or termination as provided herein, Grantee agrees to provide the City with not less than thirty (30) days notice and agrees to complete the removal and restoration of the Right-of-Way as is required by the IDOT Permit prior to the effective date of the termination.

Section 4.

Construction.

Prior to undertaking any Work for the construction or installation of the Facility, the Grantee shall deliver to the City's Commissioner of Transportation ("Commissioner") for review and approval proposed Plans for the Facility. Grantee shall obtain at its sole cost and expense appropriate construction-related permits (including those required for the temporary closing of any portion of the Right-of-Way) from the Commissioner, as well as the City's Commissioner of Buildings and Commissioner for the Department of Construction and Permits for any and all Work undertaken in or adjacent to the Right-of-Way. The obligations of Grantee under this Agreement will be deemed to be terms and conditions of such permits. Grantee will not permit the Facility or any Work to interfere in any way with any use of the Right-of-Way, except as provided in such permits. The City agrees to diligently cooperate in the processing of any such permit application submitted by Grantee or its Contractor.

Section 5.

Maintenance.

At all times during the term of this Agreement and until removal of the Facility and the restoration of the Right-of-Way in accordance with this Agreement, Grantee will maintain and use the Facility in accordance with all applicable laws, including the laws of the State of Illinois, the ordinances of the City of Chicago, this Agreement, and the lawful directions of IDOT and the Commissioner of Streets and Sanitation and the Commissioner of Transportation regarding the use of the Right-of-Way. Grantee will maintain the Facility in a clean and orderly condition, with lighting and other amenities in a state of good repair and operation, all surfaces free from graffiti, and all areas of the Right-of-Way free from accumulated snow, litter and refuse. Grantee shall ensure that neither the Facility nor the Grantee's use of the Right-of-Way shall interfere in any way with the lawful use of the Right-of-Way by or portions of the public rights-of-way or City or IDOT property adjacent to the Right-of-Way. In addition, Grantee will cooperate with the City and IDOT, or any other person or entity holding permission and authority to use and occupy the Right-of-Way, concerning the coordination of uses of the Right-of-Way or the public rights-of-way adjacent thereto, including prompt responses to inquiries, attending meetings and site visits, and providing complete disclosures of information concerning the Facility and its potential involvement in any proposed or existing use of the Right-of-Way. In the event of failure, neglect or refusal of the Grantee to perform any of his or her obligations, the City may, at its option, either (i) perform such work and charge the cost to said Grantee, or (ii) determine what the cost of the work shall be and bill the Grantee in advance of performing the work for the cost of the work, or combine the two methods. Immediately upon receipt of notice of such costs, the Grantee shall pay the City such amount.

Section 6.

Superior Rights Of The Public In And To The Right-Of-Way.

In addition to the terms and conditions of the IDOT Permit and in accordance with the law of public trust, in the event that the Right-of-Way is reasonably required for a lawful public purpose, the permission and authority granted in this Agreement is subject to amendment, modification or revocation pursuant to an order issued by either the Mayor or the Commissioner of Transportation of the City at his or her discretion, at any time without the consent of Grantee. Prior to issuing such an order, the City agrees to meet with the Grantee and discuss the proposed public use and its impact upon the Facility and the Work. The City agrees to exercise its discretion in a reasonable manner to minimize the impact upon the Facility and the Work and to assist the Grantee in finding an alternative location for its Facility or portion thereof, including available portions of City Property other than the Right-of-Way. In accordance with the order, Grantee will remove, relocate, shore, adjust, or alter the Facility or any portion of the Facility at its sole cost and expense, to the extent and within the time reasonably designated in the order. Grantee shall also have the option of completely removing the Facility, restoring the Right-of-Way, and terminating the permission and authority, all in accordance with this Agreement within the time set forth in the order. In the event that the Grantee fails or refuses to either comply with the order or remove and restore as provided in this Agreement, then the City may perform such work and the Grantee will reimburse the City, for all actual costs incurred in performing such work, within 10 days of receipt of an invoice describing such work and demanding payment.

Section 7.

Utilities.

Grantee will be responsible for obtaining approvals of and paying for any and all removals, relocations, alterations, additional maintenance and restorations of or to any utility or public service structures or facilities, or any City or State owned structures or facilities located in or adjacent to the Right-of-Way including pavement, bridges, subways, tunnels, vaults, sewers, water mains, conduits, pipes, poles and other facilities and utilities, which are or may be necessary or appropriate on account of the Facility or the Work. Grantee will be responsible for obtaining the consent of and making suitable arrangements with all entities owning or having an interest in such structures and facilities, including but not limited to IDOT and any department of the City.

Section 8.

Restoration.

Upon partial or complete termination of the IDOT Permit or the City Permit, by expiration

without renewal or termination, Grantee, without cost or expense to the City of Chicago, will promptly remove the Facility and any equipment, structures or facilities located in the affected portion of Right-of-Way and will restore such portion of the Right-of-Way to the extent altered or disturbed by the Work or the Facility to a proper condition under the supervision and to the satisfaction of the Commissioner of Transportation, in accordance with the IDOT Permit, and in accordance with the Municipal Code of Chicago. However, in no event will the Grantee be required to construct a street or related improvements where they did not exist prior to Grantee's occupation of the Right-of-Way.

Section 9.

Insurance.

At all times until the removal of the Facility from and the restoration of the Right-of-Way in accordance with this Agreement, Grantee shall procure and maintain, or shall cause to be procured and maintained, all of the types and coverages of insurance specified in this section with insurance companies authorized to do business in the State of Illinois, covering the Facility and its use and operation and all Work under this Agreement:

a. Worker's Compensation And Occupational Disease Insurance.

b. Commercial Liability Insurance (Primary And Umbrella).

Products/completed operations, independent contractors, explosion, collapse, underground, pollution (if commercially available), and contractual liability coverages are to be included. The City is to be named as an additional insured on a primary, noncontributory basis for any liability related directly or indirectly to this Agreement.

c. Automobile Liability Insurance.

When any motor vehicle is used in connection with Work performed, Grantee shall provide Automobile Liability Insurance with limits of not less than $2,000,000 per occurrence combined single limit, for bodily injury and property damage. The City is to be named as an additional insured.

Grantee will deliver to the City original certificates of Insurance evidencing the required coverage to be in force on the date of this Agreement, and Renewal Certificates of Insurance, or such similar evidence, in the event of expiration or cancellation occurring during the term of the permission and authority granted by this Agreement.

The insurance specified in paragraph b must be carried at all times. The insurance specified in paragraphs a and c must be carried with respect to all Work performed. The insurance must provide for 60 days prior written notice to be given to the City in the event coverage is substantially changed, canceled, or non-renewed. Grantee agrees that any insurance coverages and limits furnished by it shall in no way limit its liabilities and responsibilities under this Agreement by law, or in equity.

d. The City of Chicago shall be named as an additional insured with respect to such coverage on a primary, noncontributory basis.

Grantee shall deliver, or cause its contractors or subcontractors to deliver, to City certificates of insurance and any/all endorsements required hereunder. The receipt of any certificate does not constitute agreement by the City that the insurance requirements in this Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all requirements set forth herein. The failure of the City to obtain certificates or other evidence of insurance from Grantee (or its contractors or subcontractors as applicable) shall not be deemed to be a waiver by the City of the insurance requirements set forth herein. Grantee shall advise all insurers of the insurance requirements set forth herein. Nonconforming insurance, or failure to submit a Certificate of Insurance evidencing such coverages, shall not relieve Grantee of the obligation to provide insurance as specified herein. City may terminate this Agreement for nonfulfillment of the insurance conditions, and retains the right to stop work until proper evidence of insurance is provided.

Grantee (or its contractors or subcontractors as applicable) shall be responsible for any and all deductibles or self-insured retentions. Grantee agrees that insurers shall waive their rights of subrogation against the City, its employees, elected officials, agents, and representatives. Grantee expressly understands and agrees that any coverages and limits furnished by it (or its contractors or subcontractors as applicable) shall in no way limit Grantee's liabilities and responsibilities specified in this Agreement or by law. Grantee expressly understands and agrees that its insurance (or that of its contractors or subcontractors as applicable) is primary and any insurance or self-insurance programs maintained by the City shall not contribute with insurance provided by Grantee (or its contractors or subcontractors as applicable) under this Agreement. The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

Grantee shall require all contractors and subcontractors to maintain the above-described coverage, or Grantee may provide such coverage for its contractors and subcontractors. If Grantee or any contractor or subcontractor wants additional coverage, such party shall be responsible for the acquisition and cost of such additional protection. City shall have no

responsibility to provide insurance or security for the property, material, supplies, or equipment to be used by Grantee or any of its contractors or subcontractors in connection with the Facility.

The City of Chicago, Department of Finance, Office of Risk Management, maintains the right to modify, delete, alter or change these requirements.

Section 10.

Grantee agrees to indemnify, defend, and hold harmless the City, IDOT, and their respective elected officials, officers, agents and employees, from and against any and all liabilities, losses, suits, claims, judgments, fines or demands of every kind and nature (including all reasonable costs for investigation, reasonable attorneys' fees, court costs and expert fees) arising by reason of injury or death of any person or damage to property arising out of or incident to the permission and authority granted in the IDOT Permit or this Agreement, Grantee's use of the Right-of-Way, and the performance or nonperformance of any of Grantee's obligation under this Agreement or the enforcement thereof, including the enforcement of this indemnification provision, or the acts or omissions of Grantee's officers, agents, employees, contractors, subcontractors, licensees or invitees. Upon notice from the City or IDOT of any claim or liability which the City believes to be covered under this provision, Grantee will appear and defend all suits brought upon such claims and lawsuits and shall pay all costs and expenses incidental thereto, but the City shall have the right, at its option, to participate in the defense of any suit, without relieving Grantee of any of its obligations hereunder. This paragraph shall survive expiration or termination of the IDOT Permit, the City Permit, or this Agreement.

Section 11.

The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. Notwithstanding anything to the contrary contained in Section 17-4-1003-E, the Commissioner of the Department of Planning and Development may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the planned development ordinance.

Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote accessibility.

At the time of each Part II Review for the Residential Project, Applicant may update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval. If the Applicant subsequently reduces the number of dwelling units in the Residential Project, DPD may adjust the requirements of this Statement 15 (i.e., number of Affordable Units and/or amount of Cash Payment) accordingly without amending the

Planned Development. Prior to the issuance of any building permits for the Residential Project, including, without limitation, excavation or foundation permits, the Applicant must either make the required Cash Payment, or execute an Affordable Housing Agreement in accordance with Section 2-45-110(i)(2). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. The Subarea B Improvements shall be designed and constructed in compliance with the Municipal Code of the City of Chicago and at all times, subject to the CTA's consent, which shall be in the CTA's sole and reasonable discretion. The Applicant and the CTA have agreed to enter into a License Agreement for the maintenance of the Subarea B Improvements, which shall be executed by the parties prior to submission for Part II Approval for the Subarea B Improvements.

18. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Unless substantial construction of the proposed improvements as contemplated in this Planned Development has commenced within six years following the adoption of this Planned Development, and is diligently pursued, then this Planned Development shall expire. If this Planned Development expires under the provision of this section, then the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to C2-5, Motor Vehicle-Related Commercial District.

[SO2015-8040]

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. SECTION 2. Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, is hereby amended by changing all the current RM4.5 Residential Two-Flat, Townhouse and Multi-Unit District symbols and indications as shown on Map Number 5-I in the area bounded by:

West Homer Street; North Campbell Avenue; West Cortland Street; a line 215.50 feet west of North Campbell Avenue; the public alley next north of West Cortland Street; and a line 311.96 feet west of North Campbell Avenue,

to those of a Residential Planned Development which is hereby established in the area described above.

SECTION 3. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development Statements attached to this ordinance read as follows:

Residential Planned Development Statements.

1. The area delineated herein as Planned Development Number _____ ("Planned Development") consists of approximately 65,536 square feet of property which is depicted on the attached Planned Development Boundary and Property Line Map ("Property") and is owned or controlled by the applicant, Guardian Properties LLC.

2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the applicant, its successors and assigns and, if different than the applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the applicant shall inure to the benefit of the applicant's successors and assigns and, if different than the applicant, the legal titleholder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400 of the Zoning Ordinance.

3. All applicable official reviews, approvals or permits are required to be obtained by the applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation on behalf of the applicant or its successors, assign or grantees.

   Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the plans.

   Ingress or egress shall be pursuant to the plans and may be subject to the review and approval of the Departments of Planning and Development and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

   All work proposed in the public way must be designed and constructed in accordance with the Department of Transportation Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Prior to the issuance of any Part II Approval, the submitted plans must be approved by the Department of Transportation.

4. This plan of development consists of sixteen (16) Statements; a Bulk Regulations Table; an Existing Zoning Map; a Planned Development Boundary and Property Line Map; a Site Plan; a Landscape Plan; and Building Elevations submitted herein. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Zoning Ordinance, this Planned Development ordinance shall control.

5. The following uses are allowed/permitted in the area delineated herein as a Residential Planned Development: residential dwelling units; parking and accessory uses.

6. On-premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-premises signs are prohibited within the boundary of the Planned Development.

7. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

8. The maximum permitted Floor Area Ratio ("FAR") for the site shall be in accordance with the attached Bulk Regulations Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted Floor Area Ratio identified in the Bulk Regulations Table has been determined using a Net Site Area of 65,536 square feet and a base FAR of 1.7.

9. The applicant acknowledges and agrees that the rezoning of the Property from C1-1 and RS3 to RM4.5, and then to this Planned Development, triggers the requirements of Section 2-45-115 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project as affordable units (the "Affordable Units"), or provide the Affordable Units in an approved off-site location; (ii) pay a fee in lieu of the development of the Affordable Units; or (iii) any combination of (i) and (ii); provided, however, in higher income areas, residential housing projects with 20 or more units must provide a minimum of 25 percent of the Affordable Units on-site or off-site (the "Required Units"). If the developer elects to provide Affordable Units off-site, the off-site Affordable Units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. This Planned Development is located in a "higher income area" within the meaning of the ARO and permits the construction of 49 housing units. As a result, the number of Affordable Units is five (5) and the number of Required Units is one (1), calculated as follows: 49 housing units x 10 percent = 5 Affordable Units x 25 percent = 1.25, which is rounded down to one (1) Required Unit pursuant to Section 2-45-115(R). The applicant has submitted, and the Department of Planning and Development ("DPD") has approved, a proposal to build the Required Unit and the other four (4) Affordable Units off-site, as set forth in the Affordable Housing Profile Form attached hereto as an exhibit. The applicant agrees that the Affordable Units must be affordable to households earning no more than 60 percent of the median household income for the Chicago Primary Metropolitan Statistical Area ("AMI") in the case of rental units, and 100 percent of the AMI in the case of owner-occupied units. If the applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the applicant shall update and resubmit the Affordable Housing Profile Form to DPD for review and approval, and DPD may adjust the number of required Affordable Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the applicant must execute and record an affordable housing agreement in accordance with Section 2-45-115(K)(2). The terms of the

affordable housing agreement and any amendments thereto are incorporated herein by this reference. The applicant acknowledges and agrees that the affordable housing agreement will be recorded against the off-site location(s), or the applicable portions thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement [9], including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

10. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.

11. The Site and Landscape plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.

12. The applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Environment and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

13. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the applicant, its successors and assigns and, if different than the applicant, the legal titleholders and any ground lessors.

14. The applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. The applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The applicant has agreed to secure building certification to comply with the City of Chicago's Sustainable Development Policy.

16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to an RM4.5 Residential Multi-Unit District.

Exhibit "A".

City Of Chicago
Commission On Chicago Landmarks

November 5, 2015.

A Permit Application For Demolition Of A
Noncontributing Building In A Chicago Landmark District.

Whereas, Pursuant to Section 2-120-825 of the Municipal Code of Chicago governing review of permits for the demolition of 40 percent or more of any building or structure either designated as a "Chicago Landmark" or located in any district designated as a "Chicago Landmark", the Comrriission on Chicago Landmarks (the "Commission") has reviewed a permit application for the proposed demolition of a:

One- and two-story commercial building ("Building") located at 177 -- 185 North Morgan Street/953 -- 955 West Lake Street within the Fulton-Randolph Market District, a Chicago Landmark (the "Landmark District")

; and

Whereas, The significant historical or architectural features identified in the ordinance designating the Landmark District are identified as: (a) all exterior elevations, including rooflines and projecting canopies, of the buildings visible from the public rights-of-way; and (b) all streetscapes, including streets, alleys, extensive areas of Belgian-block paving in alleys, sidewalks, reduced-height street level sidewalks, raised sidewalk loading docks, and similar private and public rights-of-way; now, therefore,
