[SO2015-6420]

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, is hereby amended by changing all the RS3 Residential Single-Unit (Detached House) District symbols and indications as shown on Map Number 13-H in the area bounded by:

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

Type 1 Narrative Rezoning Analysis attached to this ordinance reads as follows:

17-13-0303-C(1) Narrative Zoning Analysis.

Substitute Narrative And Plans For 5200 N. Ashland Ave., Chicago, Illinois.

Proposed Zoning:	B3-3 Community Shopping District
Lot Area:	71,165 square feet (Total Lot Area)
Proposed Land Use:	The applicant is seeking to amend the zoning at the subject property in order to permit the conversion of the existing four-story (school) building into a mixed-use building. There will be no physical expansion of the existing four-story school building, rather all of the proposed work will be performed to and within the interior of the building. The newly converted building will contain a community theatre (auditorium) -- located on and between a portion of the 1st through 2nd floors (30,991 square feet) and 49 dwelling units -- located on and between the 2nd through 4th floors. The plan also calls for the establishment of 93 standard parking spaces and five (5) "accessible" parking spaces -- located onsite (but, outside of the building). The existing building is and will remain masonry in construction and measures approximately 57 feet, 6 inches in height.
(a) The Project's Floor Area Ratio:	72,090 square feet (1.01 FAR)

(b) The Project's Density (Lot Area per Dwelling Unit): 49 dwelling units

(c) The Amount of Off-Street Parking: 98 parking spaces

(d) Setbacks:

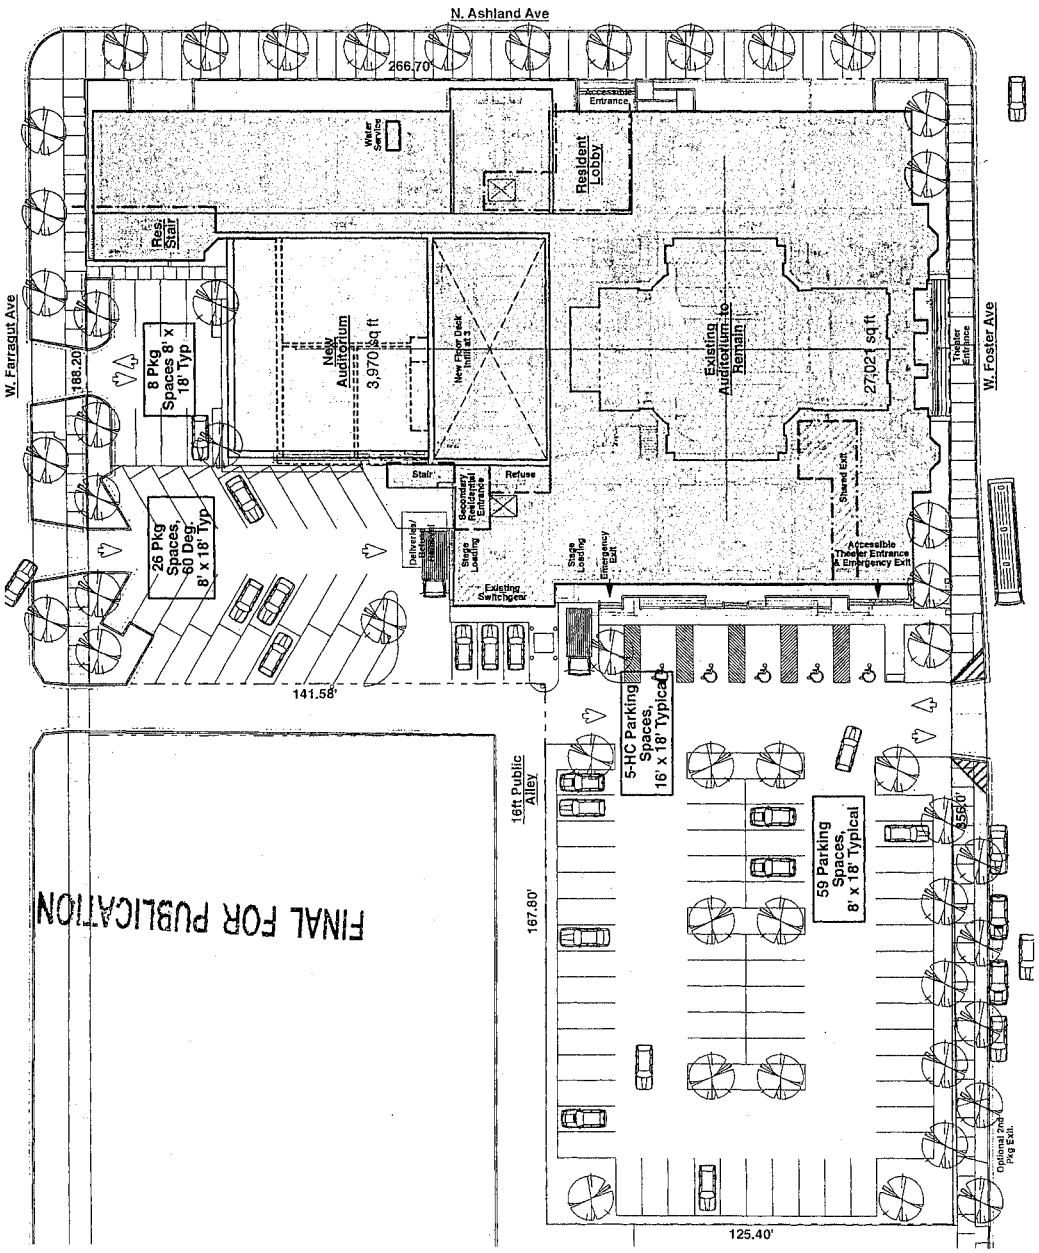
a. Front Setback: 2 feet, 9 inches

b. Rear Setback: 24 feet, 6 inches

c. Side Setbacks:

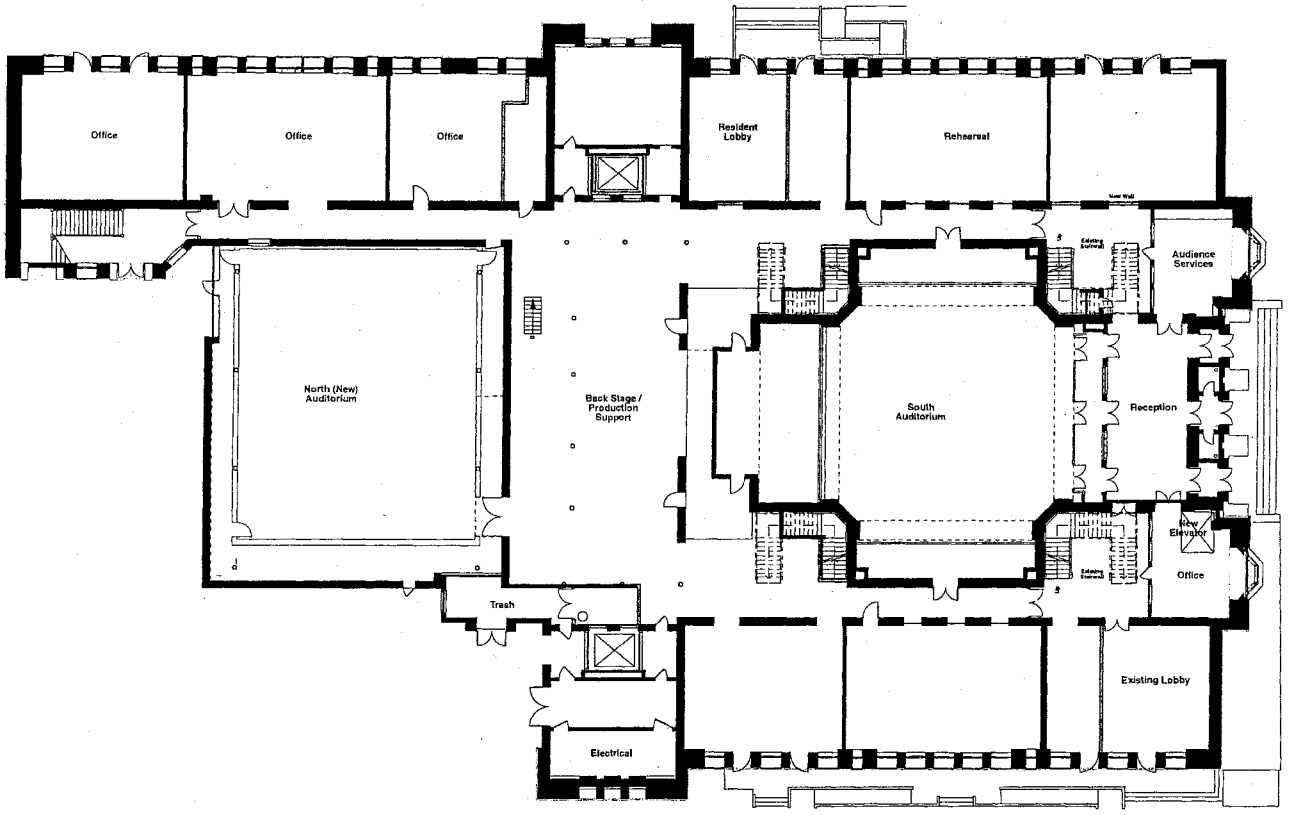
North: 2 feet, 7 inches

South: 3 feet, 2 inches



d. Rear Yard Open Space: 0 square feet

* The Applicant will be seeking Variations with the Zoning Board of Appeals to bring the existing setbacks into compliance under the Zoning Code.



(e) Building Height: 57 feet, 6 inches

*17-13-0303-C(2) Plans attached.

(Application No. 18509)

[SO2015-6399]

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, be amended by changing all the Residential Business Planned Development Number 1116 symbols and indications as shown on Map Number 1-E in the area bounded by:

East Lake Street; North Garland Court; East Benton Place; North Wabash Avenue; a line 64.85 feet north of and parallel to East Benton Place; and a line 100.48 feet west of and parallel to North Garland Court,

to the designation of Residential Business Planned Development Number 1116, as amended, which is hereby established in the area above described, subject to such use and bulk regulations as are set forth in the Plan of Development attached herewith and made a part thereof and to no others.

SECTION 2. This ordinance shall take effect upon its passage and due publication.

Plan of Development Statements referred to in this ordinance read as follows:

Residential-Business Planned Development No. 1116, As Amended.

Plan Of Development Statements.

1. The area delineated herein as a Residential Business Planned Development Number 1116, as amended, consists of property commonly known as 73 East Lake Street and 171 North Wabash Avenue, Chicago Illinois ("the Property"). The Property consists of Subarea A of approximately 17,120 square feet and Subarea B of approximately 7,795 square feet for a total net site area of 24,915 square feet (0.5719 acre). The property in Subarea B is owned, controlled or zoning consent has

been received by the applicant, RZRLLC Wabash. This amendment only makes changes with respect to Subarea B.

2. All applicable official reviews, approvals or permits are required to be obtained by the applicant or its successors, assignees, or grantees. Any dedication or vacation of streets or alleys, or easements, or adjustments of right-of-way, or consolidation or resubdivision of parcels, shall require a separate submittal on behalf of the applicant or its successors, assignees, or grantees and approval by the City Council.

3. The requirements, obligations and conditions contained within this planned development shall be binding upon the applicant, its successors and assigns and, if different than the applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the applicant shall inure to the benefit of the applicant's successors and assigns and, if different then to the owners of record title to all of the Property and to any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to this planned development are made, shall be under single ownership or under single designated control. Single designated control for purposes of this paragraph shall mean that any application to the city for any amendment to this planned development or any other modification or change thereto (administrative, legislative or otherwise) shall be made or authorized by all the owners of the Property and any ground lessors. An agreement among Property owners or a covenant binding property owners may designate the authorized party for any future amendment, modification or change. Provided, however, that after the adoption of an ordinance wherein the Property is divided into specifically delineated subareas, each having its own bulk and density standards, or similar subarea specific development controls or requirements, the owners of or designated controlling party for each subarea may seek amendments, changes, or modifications for that subarea without the consent of the owners or designated controlling party of the other subareas.

4. This plan of development consists of 16 Statements; a Bulk Regulations and Data Table; an Existing Zoning Map; Existing Land-Use Map; a Planned Development Boundary and Property Line and Subarea Map; a Site Plan/Landscape Plan, a Roof Plan, Building Section Plan and Building Elevations prepared by William Warman dated May 19, 2016. Full-size sets of the Site Plan, Landscape Plan, Roof Plan and Building Elevations are on file with the Department of Planning and Development. The planned development is applicable to the area delineated hereto and these and no other zoning controls shall apply.

5. The following uses shall be permitted within the area herein delineated as Subarea A of the Residential Business Planned Development Number 1116, as amended: residential, commercial, retail, accessory parking, and related uses and services, and all uses permitted in the Commercial use group of the DX Downtown Mixed-Use District. The following uses shall be prohibited in Subarea A: hotel, animal services, undertaking, entertainment cabaret, uses permitted under the vehicle sales and service,

and industrial uses. The following uses shall be permitted within the area herein delineated as Subarea B of the Residential Business Planned Development Number 1116, as amended: residential, business support services (excluding day labor employment agency), financial services (excluding payday/title secured loan stores and pawn shops), general retail sales, eating and drinking establishments, food and beverage retail sales (excluding package liquor stores), office, medical service, personal service, religious assembly and related facilities and accessory uses. The following uses shall be prohibited in Subarea B: hotel, animal services, undertaking, entertainment cabaret, and uses permitted under the vehicle sales and service, and industrial uses.

6. On-premises Business Identification signs shall be permitted within the planned development subject to the review and approval of the Department of Planning and Development. Temporary signs, such as construction and marketing signs shall be permitted, subject to the review and approval of the Department of Planning and Development. No off-premises signs shall be permitted.

7. Ingress and egress shall be subject to the review and approval of the Department of Transportation Bureau of Traffic and the Department of Planning and Development. All work proposed in the public way must be designed and constructed in accordance with the Chicago Department of Transportation Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Closure of all or part of any public streets or alleys during demolition or construction shall be subject to the review and approval of the Chicago Department of Transportation. The Subarea A applicant will reimburse the City for the cost to retrofit existing traffic signals with up to four pedestrian countdown signals at the intersection of Lake Street and Michigan Avenue.

8. For the purposes of measuring height, the definition in the Chicago Zoning Ordinance shall apply. In addition to the maximum height of the building and any appurtenance thereto prescribed in this planned development, the height of any improvement shall also be subject to height limitations approved by the Federal Aviation Administration.

9. For purposes of Floor Area Ratio ("FAR") calculations, the definitions in the Chicago Zoning Ordinance shall apply. The maximum permitted floor area ratio (FAR) shall be in accordance with the attached Bulk Regulations and Data Table. The permitted FAR identified in the Bulk Regulations and Data Table has been determined using a Net Site Area of 24,915 square feet, a base FAR of 16.0 and an additional Floor Area Bonus, as follows:

Description	FAR
Base FAR	16.00
Affordable Housing Bonus	2.40
Total FAR:	18.40

The calculation of the additional floor area ratio ("FAR") obtained through the proposed Affordable Housing Bonus is as follows:

FAR = 16 x 0.15 = 2.40 FAR.

2.40 x 24,915 square feet = 59,796 square feet.

59,796 square feet x $31.00 per square foot x .80 = a $1,482,941.00 contribution.

10. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.

11. The improvements shall be designed, installed and maintained in substantial conformance with the Site Plan, Landscape Plan and Building Elevations and in accordance with the parkway tree provisions of the Chicago Zoning Ordinance and corresponding regulations and guidelines. Notwithstanding any statement to the contrary, this planned development shall be subject to the provisions of Chapter 17-11 of the Chicago Zoning Ordinance governing landscaping and screening. In any instance where a provision of this planned development conflicts with landscape and screening provisions of the Chicago Zoning Ordinance, the Chicago Zoning Ordinance shall control. Nothing in this planned development is intended to waive the applicability of the landscape and screening provisions of the Chicago Zoning Ordinance.

12. The terms, conditions and exhibits of this planned development ordinance may be modified administratively pursuant to Section 17-13-0611 of the Chicago Zoning Ordinance by the Zoning Administrator of the Department of Planning and Development, upon the application for such a modification by the applicant and after a determination by the Zoning Administrator that such a modification is minor, appropriate and consistent with the nature of the improvements contemplated in this planned development and the purposes underlying the provisions hereof. Any such modification of the requirements of this statement by the Commissioner of the Department of Planning and Development shall be deemed to be a minor change in the planned development as contemplated by Section 17-13-0611 of the Chicago Zoning Ordinance.

13. The applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner that promotes and maximizes the conservation of natural resources. The buildings to be constructed on each of Subarea A and Subarea B shall be constructed under the Leadership in Energy and Environmental Design (LEED) Green Building Rating System. With respect to the buildings on each of Subarea A and Subarea B, the applicant shall provide a vegetated ("green") roof on at least fifty percent (50%) of the building's net roof area. Subarea A will provide a green roof with (5,522) square feet. Subarea B will provide a green roof with

(3,150) square feet. "Net roof area" is defined as total roof area minus any required perimeter setbacks, roof top structures, and roof-mounted equipment.

14. The applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. Pursuant to Section 17-4-1004 of the Zoning Ordinance, the applicant has asked for an increase in the floor area ratio for Subarea A of the Property, as set forth in the bonus worksheet required under Section 17-4-1003-D ("Bonus Worksheet"). Projects receiving an affordable housing floor area bonus must either provide on-site affordable housing units or make a cash payment to the city's Affordable Housing Opportunity Fund in accordance with formulas set forth in Section 17-4-1004-D. The applicant has elected to make a cash payment in lieu of providing on-site affordable housing units. In accordance with the formulas set forth in Section 17-4-1004-D and the Bonus Worksheet, the applicant acknowledges and agrees that it must make a cash payment to the Affordable Housing Opportunity Fund in the amount of $1,482,941.00 ("Cash Payment"). The applicant must make the required Cash Payment before the issuance of building permits for the construction of the building in Subarea A and must comply with all applicable affordable housing standards and requirements set forth in Section 17-4-1004, the terms of which are incorporated herein by this reference.

16. Unless substantial construction on Subarea B has commenced within six years following adoption of this planned development and unless completion is thereafter diligently pursued, then this planned development shall expire. If this planned development expires under the provisions of this section, then the zoning of Subareas A and B of the planned development shall automatically revert to Residential Business Planned Development Number 1116, as amended on February 15, 2012.

The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. In accordance with the Chicago Sustainability Policy, the Applicant shall seek LEED certification (or equivalent alternative certification, such as Energy Star) for the building to be constructed in Subarea B; exceed ASHRAE 90.1-2004 or seek LEED certification (or equivalent alternative certification, such as Energy Star) for the rehabilitation of the existing building in Subarea A, and provide a green roof covering 50 percent of the net roof areas of both subareas, which is currently estimated to be equivalent to 8,744 square feet. In addition, pursuant to Section 17-4-1015 of the Chicago Zoning Ordinance, this project is seeking to utilize the Green Roof Bonus. The project will provide an additional 2,775 square feet of green roof, bringing the total green roof provided to approximately 66 percent of the net roof area.

15. The Applicant acknowledges and agrees that the rezoning of the Property from DX-16 Downtown Mixed-Use District to this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance" or "AHO"). Any developer of a "residential housing project" within the

meaning of the Affordable Housing Ordinance ("Residential Project") must: (i) develop affordable housing units as part of the Residential Project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). The Applicant further acknowledges and agrees that the project has received an affordable housing floor area bonus pursuant to former Section 17-4-1004-B of the Zoning Ordinance, as set forth in the attached Bonus Worksheet, and as a result is also subject to the requirements of former Section 17-4-1004-D of the Zoning Code (the "Density Bonus Provisions"). Like the ARO, the Density Bonus Provisions require on-site affordable housing or payment of a fee in lieu of providing affordable housing, but the formulas for calculating the number of required affordable units and the amount of the in lieu payment are different from the formulas in the ARO. If a planned development is subject to both the 2007 ARO and the former Density Bonus Provisions, the Applicant may elect to comply with either. In this case, the Applicant has elected to comply with the Density Bonus Provisions. In accordance with the formulas set forth in the former Section 17-4-1004-C and the Bonus Worksheet, the Applicant acknowledges and agrees that it must provide a minimum of 28,744 square feet of affordable housing floor area (the "Affordable Units") in the building receiving the affordable housing floor area bonus ("Eligible Building"), with an affordable unit mix comparable to the overall mix and approved by DPD's density bonus project manager, or make a cash payment in lieu of providing Affordable Units in the amount of $2,023,577.60 ("Cash Payment"). Prior to the issuance of any building permits for the Eligible Building, including, without limitation, excavation or foundation permits, the Applicant must either make the required Cash Payment or, if providing Affordable Units, enter into an affordable housing agreement with the City pursuant to the former Section 17-4-1004-E9 ("Affordable Housing Agreement"). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Eligible Building. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. In addition to the Affordable Housing Agreement, the Applicant acknowledges and agrees that, pursuant to the former Section 17-4-1003-D3, the Bonus Worksheet will serve as an official record of bonuses and amenities. The Applicant must comply with the applicable affordable housing standards and requirements set forth in the former Section 17-4-1004, the terms of which are incorporated herein by this reference. Notwithstanding anything to the contrary contained in the former Section 17-4-1003-E, the Commissioner of DPD may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

If this Planned Development does not receive City Council approval by July 13, 2016, the project will be subject to Section 2-45-115 of the Municipal Code (the "2015 ARO"). In such event, the Applicant shall meet with the Department of Planning and Development to determine the application of the 2015 ARO to the project, and the 2015 ARO requirements will replace and supersede the affordability requirements set forth in this Statement 15.

16. Pursuant to the Chicago Zoning Ordinance (Section 17-8-0911), planned developments are to give priority to the preservation and adaptive reuse of Chicago landmark buildings. The Planned Development includes the Essex Inn, for which the Chicago Landmarks Commission has approved a preliminary landmark recommendation. Work to designated Chicago landmarks is subject to the review and approval of the Commission on Chicago Landmarks pursuant to the Chicago Landmarks Ordinance, Section 2-120-740.

17. The Plans are hereby approved in their entirety and no further approvals shall be required under this Planned Development or the Zoning Ordinance for the improvements undertaken in accordance with the Plans, other than Part II Approval (per Section 17-13-0610 of the Zoning Ordinance). Applicant and DPD, at either party's request, may continue to evolve the design of the building elevations for the building to be located in Subarea B and changes to such elevations, if any, shall, if mutually agreed, be approved by DPD administratively as a Minor Change.

18. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of DPD shall initiate a zoning map amendment to rezone the Property to the DX-16 Downtown Mixed-Use District.

Single designated control is defined in Section 17-8-0400 of the Zoning Ordinance in effect as of the date of this Planned Development.

3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Chicago Department of Transportation ("CDOT") on behalf of the Applicant or its successors, assigns or grantees.

   Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the plans.

   Ingress or egress shall be pursuant to the plans and may be subject to the review and approval of the Chicago Department of Planning and Development ("DPD") and CDOT. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of CDOT.

   All work proposed in the public way must be designed and constructed in accordance with CDOT Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Prior to the issuance of any Part II Approval, the submitted plans must be approved by CDOT.

4. This plan of development consists of these 16 Statements; a Bulk Regulations and Data Table, and the following exhibits and plans prepared by Booth Hansen and dated May 19, 2016 (collectively, the "Plans"): an Existing Zoning Map; an Existing Land-Use Map; Planned Development Property and Boundary Line Map; Site Plan; Landscape Plan; Green Roof Plan; and Building Elevations. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereof and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Zoning Ordinance, this Planned Development ordinance shall control.

5. The following uses shall be permitted in this Planned Development: dwelling units located above the ground floor; eating and drinking establishments; retail sales, general; animal sales/service; artist work or sales space; business support services; food and beverage retail sales; vacation rental; office; personal service; indoor sports and recreation and accessory/related uses and parking.

6. On-premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of DPD. Off-premises signs are prohibited within the boundary of the Planned Development.

7. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

8. The maximum permitted Floor Area Ratio ("FAR") for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted overall FAR identified in the Bulk Regulations Table has been determined using a Net Site Area of 17,627 square feet.

9. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by DPD. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.

10. The Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by DPD. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.

12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A of the Zoning Ordinance, by the Zoning Administrator upon the application for such a modification by the Applicant, its successors or assigns and, if different than the Applicant, the legal titleholders and any ground lessees of the Property.

13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. 14 The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor

environments, reduces operating costs and conserves energy and natural resources. The Applicant shall seek building certification, and provide a green roof of not less than 50 percent of the net roof area on the new construction building equivalent to an actual total of 4,097 square feet.

15. The Applicant acknowledges and agrees that the change of zoning of the underlying zoning district of this Planned Development Number _____ from the B3-2 Community Shopping District to the B3-5 Community Shopping District for construction of this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance"). Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance ("Residential Project") must: (i) develop affordable housing units as part of the Residential Project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). In accordance with these requirements and the Affordable Housing Profile Form attached hereto as Exhibit A, the Applicant has agreed to provide 11 affordable housing units in the Residential Project for households earning up to 60 percent of the Chicago Primary Metropolitan Statistical Area median income (the "Affordable Units"), or make a cash payment to the Affordable Housing Opportunity Fund in the amount of $100,000 per required affordable unit ("Cash Payment"). At the time of each Part II Review for the Residential Project, Applicant may update and resubmit the Affordable Housing Profile Form to DPD for review and approval. If the Applicant subsequently reduces the number of dwelling units in the Residential Project, DPD may adjust the requirements of this Statement 15 (i.e., number of Affordable Units and/or amount of Cash Payment) accordingly without amending the Planned Development. Prior to the issuance of any building permits for the Residential Project, including, without limitation, excavation or foundation permits, the Applicant must either make the required Cash Payment, or execute an Affordable Housing Agreement in accordance with Section 2-45-110(i)(2). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Residential Project and will constitute a lien against each Affordable Unit. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. The Commissioner of DPD may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development. If this Planned Development does not receive City Council approval, by July 13, 2016, the project will be subject to Section 2-45-115 of the Municipal Code (the "2015 ARO"). In such event, the Applicant shall meet with the Department of Planning and Development to determine the application of the 2015 ARO to the project, and the 2015 ARO requirements will replace and supersede the affordability requirements set forth in this section.

16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of DPD shall initiate a zoning map amendment to rezone the Property to the B3-5 Community Shopping District.

(As Amended)
(Application No. 18475)
(Common Address: 1136 --1140 S. Wabash Ave./26 E. Roosevelt Rd.)
[SO2015-6353]

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Chicago Zoning Ordinance be amended by changing all the current DX-12 Downtown Mixed-Use District symbols and indications as shown on Map Number 2-E in the area bounded by:

to those of a Residential-Business Planned Development which is hereby established in the area described above.

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development Statements referred to in this ordinance read as follows:

Residential-Business Planned Development Statements.

1. The area delineated herein as Planned Development Number _____ ("Planned Development") consists of approximately 21,557 square feet of property which is depicted on the attached Planned Development Boundary Map ("Property") and is owned or controlled by the applicant, 1136 South Wabash LLC.

2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the applicant, its successors and assigns and, if different than the applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the applicant shall inure to the benefit of the applicant's successors and assigns and, if different than the applicant, the legal titleholder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400 of the Zoning Ordinance.

3. All applicable official reviews, approvals or permits are required to be obtained by the applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation on behalf of the applicant or its successors, assign or grantees. Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the plans.

   Ingress or egress shall be pursuant to the plans and may be subject to the review and approval of the Departments of Planning and Development and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

Prior to the issuance of any Part II Approval, the submitted plans must be approved by the Department of Transportation.

4. This plan of development consists of 16 Statements; a Bulk Regulations Table; an Existing Land-Use Map; an Existing Zoning Map; a Planned Development Boundary Map; a Site/Landscape Plan; a Green Roof Plan and Building Elevations submitted herein. Full-sized copies of the Site Plan, Landscape Plan and Building Elevations are on file with the Department of Planning and Development. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Zoning Ordinance, this Planned Development ordinance shall control.

5. The following uses are permitted in the area delineated herein as a Residential-Business Planned Development:

   Subarea A:

   Residential Units, day care, artist work or sales space, eating and drinking establishments, financial services (excluding payday loan stores and pawn shops), grocery and convenience stores, office, medical service, retail sales, wireless communication facility, consumer repair and laundry services, children's play center, personal service and accessory uses, including accessory parking.

   Subarea B:

   Retail, day care, artist work or sales space, eating and drinking establishments, financial services (excluding payday loan stores and pawn shops), grocery and convenience stores, office, medical service, retail sales, wireless communication facility, consumer repair and laundry services, children's play center, personal service and accessory uses.

In accord with Section 17-10-0503 of the Municipal Code, the applicant may lease to members of the public on an hourly, daily, weekly or monthly basis up to forty-five percent (45%) of the minimum required parking spaces in Subarea A.

6. On-premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-premises signs are prohibited within the boundary of the Planned Development.

7. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

8. The maximum permitted Floor Area Ratio ("FAR") for the site shall be in accordance with the attached Bulk Regulations Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted Floor Area Ratio identified in the Bulk Regulations Table has been determined using a Net Site Area of 21,557 square feet and a base FAR of 12. The improvements to be constructed in Subarea A of the Property will utilize the following series of FAR bonuses:

Description (list of all bonuses applied for and calculations)	FAR
Base FAR:	12.000
Affordable Housing Bonus:	1.484
Total FAR:	13.484

Of this total FAR the building in Subarea A is designed to an FAR of 12.84.

9. The applicant acknowledges and agrees that the rezoning of the Property to this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "2007 Affordable Requirements Ordinance" or the "2007 ARO"). The 2007 ARO provides that any developer of a "residential housing project" within the meaning of the 2007 ARO must: (i) develop affordable housing units as part of the project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). The developer further acknowledges and agrees that the project has received an affordable housing floor area bonus, as set forth in the bonus worksheet attached hereto as Exhibit D ("Bonus Worksheet"), and as a result is also subject to the requirements of the former Section 17-4-1004-D of the Zoning Code (the "Density Bonus Provisions"). Like the 2007 ARO, the Density Bonus Provisions require on-site affordable housing or payment of a fee in lieu of providing affordable housing, but the formulas for calculating the number of required affordable units and the amount of the in lieu payment are different from the formulas in the 2007 ARO. If a project is subject to both the 2007 ARO and the Density Bonus Provisions, the developer may

elect to comply with either. In this case, the developer has elected to comply with the Density Bonus Provisions. In accordance with the formulas set forth in the former Section 17-4-I004-C and the Bonus Worksheet, the developer must provide a minimum of 10,465 square feet of affordable housing floor area (the "Affordable Units") in the Planned Development, with an affordable unit mix comparable to the overall mix and approved by the Department's density bonus project manager, or make a cash payment in lieu of providing Affordable Units in the amount of $736,768.72 ("Cash Payment"). Prior to the issuance of any building permits for the Planned Development, including, without limitation, excavation or foundation permits, the developer must either make the required Cash Payment or, if providing Affordable Units, provide a performance bond or other security in the amount of the Cash Payment ensuring construction of the Affordable Units. If the developer elects to construct the Affordable Units, it must also enter into an affordable housing agreement with the City pursuant to the former Section 17-4-1004-E9 ("Affordable Housing Agreement") prior to the issuance of any building permits for the Planned Development, including, without limitation, excavation or foundation permits. The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Developer acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Property. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. In addition to the Affordable Housing Agreement, the applicant acknowledges and agrees that, pursuant to Section 17-4-1003-D3, the Bonus Worksheet will serve as an official record of bonuses and amenities. The applicant must comply with the applicable affordable housing standards and requirements set forth in former Section 17-4-1004, the terms of which are incorporated herein by this reference.

The applicant acknowledges and agrees that the sale of City-owned property at 1136 -- 1140 South Wabash Avenue also triggered the requirements of the 2007 ARO. Pursuant to an ordinance adopted on April 15, 2015, the City and the applicant entered into that certain Agreement for the Sale and Redevelopment of Land dated May 20, 2015, and recorded on June 19, 2015, as Document Number 1517044002 (the "RDA"). The RDA approves a 20-story building with 280 residential units, and requires the applicant to provide 9,513 square feet of affordable floor area, or make a cash payment in the amount of $669,715.20. The applicant is now proposing to construct a building with 320 units, which has increased the amount of affordable floor area to 10,465 square feet and the cash payment to $736,768.72, as set forth above. The applicant acknowledges and agrees that (a) the affordable floor, area and cash payment required in this Planned Development shall replace and supersede the affordability requirements in the RDA, and (b) if this Planned Development does not receive City Council approval on or before July 13, 2016, any floor area that was not approved under the RDA will be subject to Section 2-45-115 of the Municipal Code (the "2015 ARO"). In such event, the applicant shall meet with the Department of Planning and Development to determine the application of the 2015 ARO to the project, and the 2015 ARO requirements will replace and supersede the affordability requirements under the 2007 ARO with respect to the added floor area.

10. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.

11. The Site and Landscape plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.

12. The applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Environment and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

13. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the applicant, its successors and assigns and, if different than the applicant, the legal titleholders and any ground lessors.

14. The applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. The applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The applicant has agreed to provide a 50 percent green roof over the net roof area and achieve LEED Certification to comply with the City of Chicago's Sustainable Matrix.

16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to a DX-12 Downtown Mixed-Use District.

In such event, the Applicant shall meet with the Department of Planning and Development to determine the application of the 2015 ARO to the project, and the 2015 ARO requirements will replace and supersede the affordability requirements set forth in this section.

10. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by the Department of Planning and Development. 11. The Site and Landscape Plan shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II Reviews are conditional until final Part II Approval.

12. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Environment and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

14. The applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall seek LEED certification, and provide a green roof of not less than 50 percent of the net roof area equivalent to an actual total of 14,325 square feet.

15. The Applicant acknowledges and agrees that the change of zoning of the underlying zoning district of this Planned Development Number _____from the M2-3 Light Industry District to the RM5 Residential Multi-Unit District for construction of this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance"). Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance ("Residential Project") must: (i) develop affordable housing units as part of the Residential Project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). In accordance with these requirements and the Affordable Housing Profile Form attached hereto as Exhibit A, the Applicant has agreed to provide eight affordable housing units in the Residential Project for households earning up to 60 percent of the Chicago Primary Metropolitan Statistical Area median income (the "Affordable Units"),

or make a cash payment to the Affordable Housing Opportunity Fund in the amount of $100,000 per required affordable unit ("Cash Payment"). At the time of each Part II Review for the Residential Project, Applicant may update and resubmit the Affordable Housing Profile Form lo DPD for review and approval. If the Applicant subsequently reduces the number of dwelling units in the Residential Project, DPD may adjust the requirements of this Statement 15 (i.e., number of Affordable Units and/or amount of Cash Payment) accordingly without amending the Planned Development. Prior to the issuance of any building permits for the Residential Project, including, without limitation, excavation or foundation permits, the Applicant must either make the required Cash Payment, or execute an Affordable Housing Agreement in accordance with Section 2-45-110(i)(2). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Residential Project and will constitute a lien against each Affordable Unit. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. The Commissioner of DPD may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development. If this Planned Development does not receive City Council approval by July 13, 2016, the project will be subject to Section 2-45-115 of the Municipal Code (the "2015 ARO"). In such event, the Applicant shall meet with the Department of Planning and Development to determine the application of the 2015 ARO to the project, and the 2015 ARO requirements will replace and supersede the affordability requirements set forth in this Section.

16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of DPD shall initiate a zoning map amendment to rezone the Property to the RM5 Residential Multi-Unit District.

Prior to the issuance of any Part II Approval, the submitted plans must be approved by the Department of Transportation.

4. This plan of development consists of 15 Statements; a Bulk Regulations and Data Table; an Existing Zoning Map; an Existing Land-Use Map; a Planned Development Boundary and Property Line Map; a Master Plan Exhibit; a Site Plan; a Landscape Plan and a Plant List prepared by VOA Architects, Ltd. dated May 19, 2016. Full-sized copies of the Master Plan, Site Plan and Landscape Plan are on file with the Department of Planning and Development. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereof, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Zoning Ordinance, this Planned Development ordinance shall control.

5. The following uses are allowed in this Planned Development: all university uses, including, but not limited to, educational and/or student-related facilities; accessory uses; parking; and retail, office and limited restaurant uses located on property along the north side of West Foster Avenue between North Kedzie Avenue and North Sawyer Avenue and along the south side of West Foster Avenue between North Spaulding Avenue (or the line thereof extended where no street exists) and North Christiana Avenue (or the line thereof extended where no street exists) as permitted in the B2 Neighborhood Mixed-Use District.

Any interim reviews associated with site plan review or Part II Reviews are conditional until final Part II Approval.

10. A portion of the existing and proposed improvements contemplated within this Planned Development are or will be located adjacent to the north branch of the Chicago River. Should the applicant develop either of the surface parking lots located on the east side of North Kedzie Avenue adjacent to the river with a structure or structures, such structure(s) shall be setback a minimum of 30 feet from the top of the river bank at all points along the waterway. In addition, this setback area shall be landscaped with trees and vegetation which enhances the riparian environment and shall be consistent with any inland waterway design guidelines in effect at the time a permit for such construction is issued. Any structure(s) developed on the site of the parking lot adjacent to the north bank of the river shall be setback from West Foster Avenue so as to maintain the northern building line setback of Hamming Hall located on the west side of North Kedzie Avenue (See Master Plan). Likewise, any structure developed on either of the parking lots north of West Carmen Avenue and east of North Kedzie Avenue shall be setback a minimum of 16 feet from the North Kedzie Avenue property line (See Master Plan). Moreover, any new construction immediately south of the Carlson Building shall include a 16-foot setback from the river edge of the deck beginning at the western edge of the deck and extending for a distance of 90 feet measured along the edge of the deck. Notwithstanding the foregoing, the final configuration of such new construction may be modified at the time of Part II Approval as set forth in Statement 11 hereof. Additionally, the southern and western facades of any future construction immediately south of the Carlson Building shall be comprised of a minimum of 70 percent glass. Any such additions shall not exceed the height of the gymnasium which currently exists on the

west side of North Kedzie Avenue between West Foster Avenue and the river. At the time that an application for a permit for the construction of any such addition is submitted, the applicant shall improve the existing parking lot west of North Kedzie Avenue adjacent to the south bank of the river with ornamental iron fencing and shall, if agreement can be reached with the U.S. Army Corps of Engineers which has jurisdiction over this land, stabilize and install additional landscaping along the interior of the south riverbank on the west side of North Kedzie Avenue. It is specifically agreed that such stabilization shall not require reconstruction, modification or alteration of the existing sheet piling at the site.

11. Prior to the Part II Approval (per Section 17-13-0601 of the Zoning Ordinance) for development or redevelopment of any property included within this Planned Development, other than the proposed parking lot at the northeast corner of North Kedzie Avenue and West Argyle Street or alterations to existing buildings which do not increase their height or alter their footprint, the applicant shall submit a site plan, landscape plan and building elevations for review and approval by the Department of Planning and Development. Review and approval by the Department of Planning and Development is intended to assure that specific development components substantially conform with the Planned Development and to assist the City in monitoring ongoing development. Site Plan Approval Submittals (per Section 17-13-0800) need only include that portion of the Property for which approval is being sought by the applicant. The site plan provided shall include all dimensioned and planned street rights-of-way.

No Part II Approval for any portion of the Property shall be granted until Site Plan approval has been granted. Following approval by the Department of Planning and Development, the approved Site Plan Approval Submittals, supporting data and materials shall be made part of the main file and shall be deemed to be an integral part of the Planned Development. After approval of the Site Plan, changes or modifications may be made pursuant to the provisions of Statement 12. In the event of any inconsistency between approved plans and the terms of the Planned Development, the terms of the Planned Development shall govern. Any Site Plan Approval Submittals shall, at a minimum, provide the following information:

-- fully-dimensioned site plan (including a footprint of the proposed improvements);

-- fully-dimensioned building elevations;

-- fully-dimensioned landscape plan(s); and

-- statistical information applicable to the subject parcel, including floor area, the applicable FAR, uses to be established, building heights and setbacks.

Site Plan Approval Submittals shall include all other information necessary to illustrate substantial conformance with the Planned Development.

12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A of the Zoning Ordinance, by the Zoning Administrator upon the application for such a modification by the applicant, its successors and assigns and, if different than the applicant, the legal titleholders and any ground lessors.

13. The applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs, conserves energy and maximizes the preservation of natural resources. The applicant shall use best and reasonable efforts to design, construct and maintain all buildings located within this Planned Development in an energy efficient manner, generally consistent with the current City of Chicago Sustainable Development Policy set forth by the Department of Planning and Development.

14. The applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for any new buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to its previous respective designation as either an RT4 Residential Two-Flat, Townhouse and Multi-Unit District, a B1-2 Neighborhood Shopping District, a B3-2 Community Shopping District or Institutional Planned Development Number 707, as amended, and approved by the City Council on November 3, 2004.

The applicant acknowledges and agrees that the rezoning of the Property from a RT4 Residential Two-Flat, Townhouse and Multi-Unit District to a B2-2 Neighborhood Mixed-Use District to a Residential-Business Planned Development for construction of this project triggers the requirements of Section 2-45-115 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project (the "Required Units") as affordable units, or provide the Required Units in an approved off-site location; (ii) pay a fee in lieu of the development of the Required Units; or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the Required Units on-site or, with the Commissioner's approval, off-site. If the developer elects to provide affordable units off-site, the off-site affordable units must be located within a two-mile radius from the residential housing project and in a higher income area or downtown district. The Property is located in a "higher income area" within the meaning of the ARO, and the applicant has agreed to satisfy its affordable housing obligation by providing 38 affordable units in the rental building to be constructed in the Planned Development, as set forth in the Affordable Housing Profile Form attached hereto as Exhibit [A]. The applicant agrees that the affordable rental units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval, and DPD may adjust the number of required Affordable Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the applicant must execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such Property. The Commissioner of DPD may enforce remedies for any breach of this Statement 11, including any breach of any affordable housing, agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

Notwithstanding the foregoing, if the applicant receives Low-Income Housing Tax Credits, tax increment financing or other financial assistance whose affordability requirements exceed those of the Affordable Housing Ordinance from the City to develop affordable housing in any portion of the Planned Development, the regulatory, redevelopment, loan or other agreement(s) to be executed by the City and the applicant in connection with such tax credits or other financial assistance shall govern and control the applicant's obligation to provide affordable housing for such subsidized portion of the Planned Development.

12. Pursuant to the Chicago Zoning Ordinance (Section 17-8-0911), Planned Developments are to give priority to the preservation and adaptive reuse of Chicago Landmark buildings. The Planned Development includes an existing building located at 704 -- 706 East 112th Street, which is designated as a contributing building in the Pullman Historic Landmark District. The proposed development is subject to the review and approval of the Commission on Chicago Landmarks pursuant to the Chicago Landmarks Ordinance, Section 2-120-740.

13. The applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

14. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the applicant, its successors and assigns and, if different than the applicant, the legal titleholders and any ground lessors.

15. The applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

16. The applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs, conserves energy and maximizes the preservation of natural resources. The applicant shall achieve an Energy Star Building Certification for the Property.

17. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to a RT4 Residential Two-Flat, Townhouse and Multi-Unit District.

Moore, Silverstein -- 50.

Nays -- None.

Alderman Beale moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, Pursuant to the procedures set forth in the Municipal Code of Chicago (the "Municipal Code"), Sections 2-120-630 through -690, the Commission on Chicago Landmarks (the "Commission") has determined that West Burton Place District (the "District"), consisting of 150 -- 160 (evens) West Burton Place and 143 -- 161 (odds) West Burton Place, Chicago, Illinois, legally described in Exhibit A attached hereto and incorporated herein, satisfies five (5) criteria for landmark designation as set forth in Section 2-120-620(1), (3), (4), (5) and (6) of the Municipal Code; and

WHEREAS, The District is one of the few remaining "artist colonies" extant in the City of Chicago, which exemplifies the use of found objects, handmade carvings, stained and painted art glass, concrete and plaster reliefs and other artwork. These and various other materials were used to create works of art in internal and external contexts in artist studios in which artists and craftsmen lived and worked; and

WHEREAS, The District became the successor to the Towertown neighborhood as a cohesive geographical enclave for artists in the late 1920s and 1930s. Artists began relocating to the District after Towertown was redeveloped into a higher rent and increasingly commercial area following the completion in 1920 of the Michigan Avenue Bridge; and

WHEREAS, The artist colony that developed in the District became the home and work place of numerous prominent artists and architects of national and international stature for over eight decades, and artists, architects and patrons of the arts continue to reside and/or work in the proposed District; and

WHEREAS, The architects and artisans who built and resided in the District contributed to the unique artistic fabric of the District and the broader Old Town neighborhood and City of Chicago; and

WHEREAS, Several of these artists, architects and craftsmen achieved enduring regional, national or international stature during their lifetimes and afterwards; and

WHEREAS, Artists who lived and worked in (and worked on) the artist studios in the proposed District that achieved international fame include Boris Anisfeld and Mark Tobey. Anisfeld taught at the Art Institute for almost 30 years and his paintings and operatic set designs became and remain internationally known. Mark Tobey was an internationally famous abstract painter. The art of both artists is on display in several museum collections; and

WHEREAS, Several artists who lived and worked on the block enjoyed a national reputation, and many were involved with important WPA art projects in Chicago and elsewhere during the Great Depression. Among these were Edgar Miller, Edgar Britton, Eleanor de Laittre and Edward Millman; and

WHEREAS, Artists in the District who enjoyed regional prominence include muralist John Norton, commercial designer and painter Taylor Poore, and artists of various media Sol Kogen, Stuart Rae, Jesus Torres and Clive Rickabaugh; and

WHEREAS, Later, the District was home to television personality Dave Garroway, the first host of NBC's *Today Show*, and nationally-syndicated film critic Roger Ebert; and

WHEREAS, The buildings in the District contain a mix of high-quality "classic" Chicago residential buildings from the late 1800s, as well as original remodeled structures created by a community of artists and architects in the interwar period. These remodeled structures represent an organic merger of art and architecture that is rare and possibly unique in the United States; and

WHEREAS, Seven street-facing structures and several coach houses on the block are artist-remodeled studio complexes that reflect an eclectic mix of Art Deco, Art Moderne, Arts and Crafts and International Styles that have retained their architectural integrity since the 1930s and 1940s. These buildings feature highly distinctive and high quality architectural and artistic flourishes, including stained and painted art-glass windows with geometric and figurative motifs, sculptural reliefs of concrete, plaster and stone, detailed tile and brick work, mosaics, and carved wood doors and other architectural installments; and

WHEREAS, Five street-facing structures are high quality Victorian-era residential buildings, displaying influences of the Classic Revival, Queen Anne and Italianate styles. WHEREAS, The District features a distinctive mix of eclectic styles: from the "handmade homes" to the classic homes from the late 1800s. The unique blend of styles contribute to the overall narrative of the block -- that a group of artists and architects came together during

the Great Depression to create art from extant structures using unique materials and intricate architectural features; and

WHEREAS, Consistent with Section 2-120-630 of the Municipal Code, the District has a significant historic, community, architectural, or aesthetic interest or value, the integrity of which is preserved in light of its location, design, setting, materials, workmanship, and ability to express such historic, community, architectural, or aesthetic interest or value; and

WHEREAS, On April 7, 2016, the Commission adopted a resolution recommending to the City Council of the City of Chicago (the "City Council") that the District be designated a Chicago landmark; now, therefore,

I hereby move for passage of the proposed ordinance transmitted herewith.

(Signed) DANIEL S. SOLIS,

Yeas -- Aldermen Moreno, Hopkins, Dowell, King, Hairston, Sawyer, Mitchell, Harris, Beale, Sadlowski Garza, Thompson, Cárdenas, Quinn, Burke, Lopez, Foulkes, D. Moore, Curtis, O'Shea, Cochran, Brookins, Muñoz, Zalewski, Scott, Solis, Maldonado, Burnett, Ervin, Taliaferro, Reboyras, Santiago, Waguespack, Mell, Austin, Ramirez-Rosa, Villegas, Mitts, Sposato, Laurino, O'Connor, Napolitano, Reilly, Smith, Tunney, Arena, Cappleman, Pawar, Osterman, J. Moore, Silverstein -- 50.

Nays -- None.

Alderman Beale moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, Pursuant to the procedures set forth in the Municipal Code of Chicago (the "Municipal Code"), Sections 2-120-630 through -690, the Commission on Chicago Landmarks (the "Commission") has determined that Commercial National Bank Building (the "Building"), located at 125 South Clark Street, Chicago, Illinois, legally described in Exhibit A attached hereto and incorporated herein, satisfies two (2) criteria for landmark designation as set forth in Section 2-120-620(4) and (5) of the Municipal Code; and

WHEREAS, The Building is an early example of a Classical Revival commercial high-rise bank building in the Loop. Completed in 1907, the Building was a precursor to the monumental Classical Revival banks that would form an urban canyon along LaSalle Street by the late 1920s; and

WHEREAS, The Building epitomizes the Classical Revival architectural style utilized for large-scale commercial buildings. The Building's monumental colonnaded base, arcaded capital, and overhanging cornice are all hallmarks of the style; and

WHEREAS, The Building, with its rusticated granite base and giant-order granite columns, exhibits excellent design and craftsmanship in traditional masonry; and

WHEREAS, The Building is the oldest surviving example of a high-rise commercial bank building in Chicago designed by D. H. Burnham & Company, one of the most significant architectural firms in Chicago during the late 19th and early 20th century; and

WHEREAS, The Building epitomizes Daniel H. Burnham's design sensibility for grandly scaled commercial office buildings with Classical Revival detailing. The Building, compared to Burnham's earlier bank buildings including the First National Bank, reflects the firm's evolving ideas on the merging of the iconic temple-front bank buildings with a tripartite commercial high-rise form; and

WHEREAS, Daniel Burnham became a national figure in his role as Director of Works for the 1893 World's Columbian Exposition, where he supervised scores of architects and workmen in the construction of Chicago's first world's fair. The success of the "White City" was in no small part due to Burnham's drive and vision; and

WHEREAS, Burnham's involvement with the 1893 Expo led to a successful career as an urban planner, which culminated in his development with Edward H. Bennett of the Plan of Chicago in 1909. The plan called for, among other things, a continuous park along the Lake Michigan shoreline and inspired the creation of Grant Park, the extension northward of Michigan Avenue, and the construction of the Michigan Avenue Bridge and Wacker Drive; and

WHEREAS, Consistent with Section 2-120-630 of the Municipal Code, the Building has a significant historic, community, architectural, or aesthetic interest or value, the integrity of which is preserved in light of its location, design, setting, materials, workmanship, and ability to express such historic, community, architectural, or aesthetic interest or value; and

WHEREAS, On April 7, 2016, the Commission adopted a resolution recommending to the City Council of the City of Chicago (the "City Council") that the Building be designated a Chicago landmark; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are hereby adopted as the findings of the City Council.

SECTION 2. The Building is hereby designated a Chicago landmark in accordance with Section 2-120-700 of the Municipal Code.

SECTION 3. For purposes of Sections 2-120-740 and 2-120-770 of the Municipal Code governing permit review, the significant historical and architectural features of the Building are identified as:

a. All exterior elevations, including rooflines, of the Building.

b. The black metal soffit installed sometime between 1918 and 1947 and cantilevered just above the first floor, as well as the first floor Mid-century Modern-style polished granite entrance surrounds and their steel and glass storefronts and their revolving doors are all excluded from the significant features. These features may be removed subject to the review of the Commission. The foregoing is not intended to limit the Commission's discretion to approve other changes.

SECTION 4. The Commission is hereby directed to create a suitable plaque appropriately identifying the Building as a Chicago landmark.

SECTION 5. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the other provisions of this ordinance.

SECTION 6. All ordinances, resolutions, motions or orders in conflict with this ordinance are hereby repealed to the extent of such conflict.

SECTION 7. This ordinance shall take effect upon its passage and approval.

Alderman Beale moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

WHEREAS, Pursuant to the procedures set forth in the Municipal Code of Chicago (the "Municipal Code"), Sections 2-120-630 through -690, the Commission on Chicago Landmarks (the "Commission") has determined that the Stone Temple Baptist Church Building (the "Building"), located at 3620 -- 3624 West Douglas Boulevard, Chicago, Illinois,

legally described in Exhibit A attached hereto and incorporated herein, satisfies four (4) criteria for landmark designation as set forth in Section 2-120-620(1), (2), (3) and (4) of the Municipal Code; and

WHEREAS, The Building exemplifies the importance of houses of worship in the cultural, religious, and social history of Chicago's diverse neighborhoods; and

WHEREAS, As the First Romanian Congregation Synagogue from 1925 to 1954, the Building exemplifies the significant history of the North Lawndale neighborhood in the early 20th century when it was Chicago's most prominent Jewish neighborhood. Through its location on Douglas Boulevard, the Building reflects the importance of Douglas and Independence Boulevards as the center of Chicago's large Jewish community on the West Side from the 1910s through the 1940s; and

WHEREAS, As the First Romanian Congregation Synagogue, the Building reveals the aspirations of many Jews who came to Chicago in search of freedom, community and security and escape from anti-Semitism and violence in Romania and other Eastern European countries; and

WHEREAS, When the Building became a Baptist church in 1954, Reverend James Marcellus Stone led his congregation to support the civil rights movement and the Building provided a forum for preaching and programs led by Reverend Dr. Martin Luther King, Jr. and others in the national struggle for racial equality; and

WHEREAS, A thread of social justice binds the Jewish and African-American congregations that have worshipped in the Building. The Jews of the First Romanian Congregation provided aid to and demanded justice for the Jews of Romania and Europe from the 1920s through the 1940s, and from 1954 the African-American congregation pushed forward the civil rights movement's struggle for decent housing, quality education and economic opportunity; and

WHEREAS, The Building opens a window onto the Chicago Freedom Movement, when Reverend Dr. Martin Luther King, Jr. brought his crusade for civil rights from the South to Chicago from 1965 to 1967; and

WHEREAS, As the Stone Temple Baptist Church, the Building was one of a few houses of worship that welcomed King during the Chicago Freedom Movement. Reverend Stone, who knew King's father, welcomed King and the Building became a forum for meetings, programs and preaching during King's Chicago Freedom Movement; and

WHEREAS, The Chicago Freedom Movement prompted national debate about housing discrimination that ultimately led to the passage of the Fair Housing Act in 1968; and

WHEREAS, The Building hosted Reverend Martin Luther King, Jr., the leader of the civil rights movement in America in the 1950s and 1960s which demanded racial equality for African-Americans. His speeches and writings are studied worldwide, and he is regarded as one of the greatest advocates for social justice and peace in world history; and

WHEREAS, In 1955, King led the Montgomery Bus Boycott which demanded racial integration of the Alabama city's bus system. The year-long boycott resulted in a Supreme Court ruling that racial segregation of transportation systems was unconstitutional; and

WHEREAS, In 1963, King's nonviolent campaign for civil rights in Birmingham, Alabama, was met with brutality by the city's police. Media coverage of the violence outraged the nation and led to demands for civil rights legislation; and

WHEREAS, During the March on Washington in 1963 King delivered his "I Have a Dream" speech to a quarter-million people gathered at the national mall. The speech inspired Americans to support the civil rights movement and it established King as one of the nation's greatest orators; and

WHEREAS, In 1964, the 35-year old King became the youngest person to be awarded the Nobel Peace Prize; and

WHEREAS, King's civil rights campaigns in the South resulted in the passage of the Civil Rights Act in 1964 that eliminated legally-mandated racial segregation in the United States, and the Voting Rights Act in 1965 which eliminated barriers that African Americans faced in exercising their right to vote; and

WHEREAS, King's leadership of the Chicago Freedom Movement between 1965 and 1967 marked a significant expansion of his objectives to address the fundamental social, economic, education and housing inequalities that African Americans faced; and

WHEREAS, The Building, formerly the First Romanian Congregation Synagogue, is decorated with religious symbols of the Jewish faith that identify the Building as a historic synagogue, a distinct architectural type within Chicago's religious architecture; and

WHEREAS, The design of the Building exhibits Romanesque, Classical and Moorish styles of architecture, a combination of historic styles rarely found in Chicago; and

WHEREAS, Consistent with Section 2-120-630 of the Municipal Code, the Building has a significant historic, community, architectural, or aesthetic interest or value, the integrity of which is preserved in light of its location, design, setting, materials, workmanship, and ability to express such historic, community, architectural, or aesthetic interest or value; and

WHEREAS, On April 7, 2016, the Commission adopted a resolution recommending to the City Council of the City of Chicago (the "City Council") that the Building be designated a Chicago landmark; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

For purposes of this item (ii):

"Excessive loud noise" means any noise, generated from within or having a nexus to the rental of the shared housing unit, between 8:00 P.M. and 8:00 A.M., that is louder than average conversational level at a distance of 100 feet or more, measured from the property line of the vacation rental.

"Overcrowding" means occupancy by more persons than the maximum occupancy limit of no more than one person per 125 feet of floor area of the vacation rental or the vacation rental's actual capacity based on the applicable provisions of the building code, whichever is less.

"Exceeding design loads" means placing loads on structural elements or components of buildings, including, but not limited to, porches, balconies, and roof decks, in excess of the minimum design loads required by the building code; or

(iii) *Situs of three or more nuisance conditions.* When, in the determination of the commissioner, the rental of the vacation rental creates a nuisance because at least three separate incidents involving illegal acts, as that term is defined in Section 4-4-313(h), occurred during a 12-month period: (1) in the vacation rental; (2) in or on the premises in which the vacation rental is located; (3) in the vacation rental's parking facility, or (4) on adjacent property. For purposes

of determining whether three or more illegal acts occurred during a 12-month period, illegal acts occurring shall be limited to acts of the guests, or of invitees of the guests, or to acts otherwise involving circumstances having a nexus to the operation of the vacation rental while rented to a guest. In a proceeding to suspend or revoke the license of a vacation rental that is or creates a nuisance under this Section 4-6-300(j)(2)(iii), any evidence on which a reasonably prudent person would rely may be considered without regard to the formal or technical rules of evidence, and the commissioner may rely on police reports, official written reports, affidavits and business records submitted by authorized city officials or employees charged with inspection or enforcement responsibilities to determine whether such illegal acts or objectionable conditions occurred. If, during any 12-month period three separate incidents of illegal acts occur on the licensed premises, on or in the licensed premises' parking facility, or on adjacent property, a rebuttable presumption shall exist that the vacation rental is or creates a nuisance in violation of this Section 4-6-300(j)(2)(iii); or

(iv) *Scofflaw or problem landlord.* When a vacation rental is listed on, or is located in a building that is listed on, the city's Building Code Scofflaw List or Problem Landlord List pursuant to Section 2-92-416; or

(v) *Threat to public health, safety or welfare.* When the commissioner determines that the continued rental of a vacation rental poses a threat to the public health, safety or welfare; or

(vi) *Unlawful discrimination.* When, in connection with the listing for rental or rental of a vacation rental, the commissioner or Chicago commission on human relations has determined that a violation of Section 2-160-070 or Section 4-6-300(h)(13), as applicable, has occurred.

(~~i~~k) *Penalty.*

(1) *Fines and other applicable penalties.* ~~In~~ Except as otherwise provided in this section, and in addition to any other penalty provided by law, any person who violates ~~any provision of~~ this section or any rule ~~or regulation~~ promulgated thereunder shall be subject to a fine of not less than $1,500.00 nor more than $3,000.00 for each offense~~, or incarceration for a period not to exceed six months, or both~~. Each day that such violation exists shall constitute a separate and distinct offense.

(2) *Exceeding rental restrictions.* ~~If any building contains more than 6 licensed vacation rentals, all vacation rental licenses for dwelling units located within such building are subject to revocation.~~ If the rental restriction applicable to buildings containing more than five dwelling units imposed under Section 4-6-300(d)(1) is exceeded in any building, all vacation rental licenses and shared housing registrations for dwelling units located within such building are subject to revocation under this chapter.

(3) *Injunctive relief.* In addition to any fine or penalty imposed by this section, the corporation counsel may seek an injunction or other equitable relief in a court of competent jurisdiction to stop any violation of this section.

(4) *Duration of revocation.* If a vacation rental license under this section is revoked, such revocation shall remain in effect for a period of at least two years from the date of revocation and thereafter until such time that a new owner or tenant, as applicable, other than a family member of the person whose license was revoked, occupies the dwelling unit.

(l) *Vacation rentals – Commissioner's Adjustments – When authorized.*

(1) The commissioner is authorized to grant an adjustment to allow:

(a) issuance of a license to a vacation rental located in:

(i) a single family home that is not the applicant's primary residence; or

(ii) a building containing two to four dwelling units, inclusive, where the dwelling unit is not the applicant's primary residence;

(b) in a building containing two to four dwelling units, inclusive, an increase in the number of dwelling units that may be used as vacation rentals.

Such an adjustment may be approved only if, based on a review of relevant factors, the commissioner concludes that such an adjustment would eliminate an extraordinary burden on the applicant in light of unique or unusual circumstances and would not detrimentally impact the health, safety, or general welfare of surrounding property owners or the general public.

Factors which the commissioner may consider with regard to an application for a commissioner's adjustment include, by way of example and not limitation: (i) the relevant geography, (ii) the relevant population density, (iii) the degree to which the sought adjustment varies from the prevailing limitations, (iv) the size of the relevant building and the number of units contemplated for the proposed use, (v) the legal nature and history of the applicant, (vi) the measures the applicant proposes to implement to maintain quiet and security in conjunction with the use, (vii) any extraordinary economic hardship to the applicant, due to special circumstances, that would result from a denial, (viii) any police reports or other records of illegal activity or municipal code violations at the location, and (ix) whether the affected neighbors support or object to the proposed use.

The grant of an adjustment shall not exempt the applicant from any application requirement associated with issuance of a vacation rental license.

(2) An adjustment under subsection (l)(1)(a) may be requested by the applicant for the vacation rental license. An adjustment under subsection (l)(1)(b) may be requested by the owner, homeowners association or board of directors of the building.

(3) A person seeking an adjustment shall make a written submission to the commissioner, presenting all factors which the applicant believes to be relevant to whether an adjustment is appropriate. The applicant shall provide a copy of the written submission to the adjoining neighbors. The commissioner shall review the materials and make a written

determination within 60 days, which shall set forth the factors used in arriving at the determination. During the 60-day review period, the commissioner shall notify the affected alderman and solicit a recommendation based on the alderman's analysis of relevant factors, and may seek additional information or supplementary proof from the applicant, and may also solicit information from the community.

If the commissioner denies the application for an adjustment, the applicant, within fourteen days of receiving the denial, may request a hearing from the commissioner. Upon receiving such a request, the commissioner shall schedule and conduct a hearing expeditiously. At the hearing the commissioner may receive written submissions, witness testimony, argument and documents regarding the application. The commissioner shall, within thirty days of the conclusion of the hearing, render a decision, which shall constitute a final determination for purposes of judicial review.

(4) If the commissioner grants the application for an adjustment, those factors that were deemed by the commissioner to be relevant to the determination shall be included in a plan of conduct. If the vacation rental license is granted, the plan of conduct shall be deemed a part of the license, and compliance with the plan of conduct shall be a necessary condition to the continued validity of the license. Failure to comply with one or more elements of the plan of conduct shall subject the licensee to suspension or revocation of the vacation rental license.

(5) Throughout the commissioner's adjustment consideration process, the applicant shall bear the burden of persuasion to justify the sought adjustment.

(m) *Limit calculation.* The limits on the number of vacation rentals in a building shall be calculated as maximum limits using the method in section 17-1-0605-B.

(a) *Bulk registration – Required.* Each licensee under this Article II shall register with the department, on behalf of the owner or tenant of the applicable shared housing unit, and in accordance with this section, all shared housing units listed on the licensee's platform. The registration required under this subsection shall meet the requirements set forth in Section 4-14-020(b) and (c).

(b) *Notice to provider of bulk registration – Required.* Each licensee under this Article II shall post a notice, in a conspicuous place on its platform, informing providers of shared housing units that: (1) the intermediary will register the provider's shared housing unit with the department, as required under subsection (a) of this section; and (2) when the department assigns a registration number to the unit, the intermediary will notify the shared housing provider of such fact, as required under subsection (f) of this section; and (3) upon receipt of such notification from the intermediary, the provider, pursuant to Section 4-14-030(d),

has 30 calendar days to update the applicable listing to include the registration number assigned by the department; and (4) if no registration number is assigned to the unit by the department within 90 days of the date on which the shared housing unit was registered with the department, the listing shall be deemed to be invalid and the provider shall remove the listing from the platform; and (5) upon receipt of notification from the commissioner that a unit is ineligible under Section 4-13-260 for listing on the platform, the provider, pursuant to Section 4-14-030(c), shall remove the ineligible listing from the platform.

(c) *Registration report required – Timeline for submission.* On the 1st and 15th day of each month, each licensee under this Article II shall submit to the department a registration report, which shall be complete and accurate to the last day of the preceding reporting period under this subsection, containing all of the registration information required under Section 4-14-020(b) and (c) for each shared housing unit that the licensee is seeking to register with the department during the applicable reporting period. Provided further, that the intermediary shall facilitate the collection, and transmittal to the department, of the attestations required under Section 4-14-020(c) in a format and manner consistent with requirements prescribed by the commissioner in rules.

(e) *Duration of pending registration status – Removal of invalid listing required when.* If a shared housing unit's listing on a platform does not include a valid registration number for such unit within the meaning of Section 4-14-020(e), and such listing is accompanied or required to be accompanied by the notification required under subsection (d) of this section indicating that approval of the shared housing unit's registration is pending, such listing, without an assigned registration number, shall not be valid for more than 90 calendar days after the date on which the shared housing unit was registered with the department pursuant to subsection (a) of this section. Such invalid listing shall be removed from the platform by the host no later than 91 calendar days after the date on which the shared housing unit was registered with the department pursuant to subsection (a) of this section, unless the department notifies the shared housing host in writing that the department has authorized a continuation of the shared housing unit's pending registration status to a date certain, which shall be identified in the written notice, after which date certain the listing, without an assigned registration number, shall be invalid and shall be removed from the platform by the host.

Such departmental notification shall identify the registration number that the department has assigned to such shared housing unit. The licensee shall establish a process, which shall be approved by the commissioner, to ensure that the shared housing unit's listing on the platform is promptly updated to include the assigned registration number. The licensee's failure to comply with such approved process shall be a violation of this subsection.

(g) *Ineligible listings – Duties of the intermediary.* If the department determines that a shared housing unit listed in the registration report submitted by the intermediary pursuant to subsection (c) of this section is ineligible under Section 4-13-260(a) for listing on a platform, the department shall notify the intermediary of such fact in accordance with Section 4-13-260(b). Upon receipt of such notice from the department, the intermediary shall notify the shared housing host of the facts set forth in such notice from the department.

Section 4-13-240 Data and reports – Required.

(a) *Departmental report – Required.* Each licensee under this Article II shall have a duty to submit to the department, every two months, a report, in a form approved by the commissioner, that contains the following information about the short term residential rentals listed on the intermediary's platform during the reporting period: (i) the total number of short term residential rentals listed on the platform during the applicable reporting period; (ii) the total number of nights that each short term residential rental listed on the platform was rented to guests during the applicable reporting period; (iii) the amount of rent paid by guests in connection with the rental of each short term residential rental listed on the platform during the applicable reporting period; (iv) the total amount of tax paid by the intermediary to the city under Section 3-24-030 in connection with the rental of each short term residential rental listed on the platform during the applicable reporting period; (v) a cumulative tally to date of the number of nights that each short term residential rental listed on the platform is booked for rental during the remaining months of the applicable calendar year; and (vi) a notation indicating each short term residential rental listed on the platform that the department has determined is ineligible under Section 4-13-260(a) to be listed on the platform.

(b) *Additional departmental reports – Required when.* Upon request by the commissioner, each licensee under this Article II shall have a duty to submit to the department, in a form and manner prescribed by the commissioner, data identifying the total number of shared housing units that have been rented for more than 30 nights, or for any other period of nights during the current, previous, or subsequent calendar year, that the commissioner reasonably determines is necessary to assist the department in enforcing this Chapter 4-13 or Chapters 4-14 or 4-16 of this Code. Such submission shall include a notation indicating each shared housing unit included in the data that the department has determined is ineligible under Section 4-13-260(a) for listing on a platform.

(c) *Aldermanic report – Required.* Each licensee under this Article II shall have a duty to submit to each alderman, every two months, a report, in a form approved by the commissioner, that contains, on ward specific basis for the respective ward, the information set forth in items (i) through (vi) of subsection (a) of this section about each of the short term residential rentals listed on the intermediary's platform during the applicable reporting period.

(d) *Maintaining books and records – Required.* Each licensee under this Article II shall have a duty to keep accurate books and records and maintain such books and records for a period of three years.

(e) *Additional reports and data.* Each licensee under this Article II shall have a duty to provide additional reports and data to the City as provided by the commissioner in rules.

(f) *Form of data and report submission.* The information contained in the reports required under subsections (a), (b) and (c) of this section may be submitted in an anonymized form that removes personally identifiable information about the short term residential rental provider. Provided, however, that if the information required under subsections (a), (b) or (c) has been submitted in an anonymized form and the commissioner requires de-anonymized information about a short term residential rental provider or short term residential rental in connection with an audit conducted by the department to determine compliance with this Chapter 4-13 or Chapters 4-14 or 4-16 of this Code, or the commissioner reasonably determines that a short term residential rental provider or short term residential rental is: (i) the scene of a crime or other illegal act under investigation by any local, State or Federal law enforcement agency, or (ii) operating in violation of this Chapter or Chapters 4-14 or 4-16 of this Code or any other applicable provision of this Code, including, but not limited to, the Chicago Zoning Ordinance, the commissioner may issue an order, in the form of a subpoena, directing the intermediary to provide the information in a de-anonymized form, including, but not limited to, the name of the short term residential rental provider, the address of the short term residential rental, the details of the unit's rentals, and any information within the control or possession of the intermediary regarding the guests of the shared housing unit or the rental of the unit. The intermediary shall, within 21 calendar days of the date on which such order is issued, either provide the de-anonymized information or file a legal objection to such order in writing with the commissioner. If the intermediary or shared housing host files a legal objection, the commissioner shall provide a hearing on the objection within 10 business days, as provided by rule. The commissioner's determination shall be final and may be appealed in the manner provided by law. Nothing in this subsection shall be considered a limitation or restriction on the commissioner's powers and duties under Chapter 2-25.

4-13-250 Prohibited acts.

(a) *List ineligible units on the platform.* It shall be unlawful for any short term residential rental provider to list on a short term residential rental intermediary platform any short term residential rental that the commissioner has determined is ineligible for listing pursuant to Section 4-13-260(a); or

(b) *Fail to remove ineligible listings from the platform.* It shall be unlawful for any short term residential rental provider to fail to remove from a short term residential rental

intermediary platform any short term residential rental that appears on the list of ineligible short term residential rentals made available to intermediaries pursuant to Section 4-13-230(g).

4-13-260 Ineligibility – Listing on platform by a provider prohibited when.

(a) *Conditions of ineligibility for listing.* A short term residential rental shall be ineligible for listing by a provider on a licensee's platform under the following conditions:

(1) *Nuisance.* When, in the determination of the commissioner, the rental of the short term residential rental creates a nuisance because at least three separate incidents involving illegal acts, as that term is defined in Section 4-4-313(h), occurred: (i) in the short term residential rental; (ii) in or on the premises in which the short term residential rental is located; (iii) in the short term residential rental's parking facility, or (iv) on adjacent property. For purposes of determining whether three or more illegal acts occurred, illegal acts occurring shall be limited to acts of the guests, or of invitees of the guests, or to acts otherwise involving circumstances having a nexus to the operation of the short term residential rental while rented to a guest; or

(2) *Egregious condition.* When the short term residential rental is the situs of an egregious condition; or

(3) *Scofflaw or problem landlord.* When a short term residential rental is listed on, or located in a building that is listed on, the city's Building Code Scofflaw List or Problem Landlord List pursuant to Section 2-92-416; or

(6) *Zoning violation.* When the area in which the short term residential rental is located is not properly zoned for the applicable use. Provided, however, that any dwelling unit properly licensed as a vacation rental as of June 22, 2016 shall be deemed to be in compliance with the applicable zoning requirements of this Code that applied and were in existence at the time such vacation rental license was approved; or

(7) *Rental caps exceeded.* If the short term residential rental is a shared housing unit, when any unlawful act set forth in Section 4-14-060 occurs; or

(8) *Shared housing host is not a natural person.* If the short term residential rental is a shared housing unit, when the registered shared housing host is not a natural person; or

(9) *Building owner prohibits all vacation rentals or shared housing units from operating in such building.* If the building contains five or more dwelling units, when the owner

Provided, however, that if the building is a cooperative building, condominium building or building governed by a homeowners association, the requirement that such building must contain five or more dwelling units shall not apply for purpose of this subsection (a)(9); or

(10) *Suspension or revocation of related licenses.* If the short term residential rental is a shared housing unit, when the shared housing host has had a vacation rental license, bed-and-breakfast establishment license, hotel license or shared housing unit operator license, or a shared housing unit registration under this chapter, suspended or revoked for cause for the shared housing unit identified in the registration application or for any other shared housing unit registered with the city; or

(11) *Shared housing unit or vacation rental is located in a restricted residential zone and was not a legally established use as of the effective date of the ordinance establishing such zone.* If the short term residential rental is a shared housing unit or vacation rental, when: (i) such short term residential rental is located in a restricted residential zone, and (ii) such shared housing unit or vacation rental, as applicable, was not a legally established use within the meaning of Section 4-17-070 as of the effective date of the ordinance establishing such restricted residential zone.

(b) *Ineligibility for listing on a platform – Notification process.* Upon determining that a short term residential rental is ineligible under this subsection to be listed on a platform, the commissioner shall notify the short term residential rental provider and intermediary, in writing, of such fact and of the basis for the determination of ineligibility. Such notice shall include a statement informing the short term residential rental provider and the intermediary that such provider may, within 10 calendar days of the date on which the notice was sent, request, in a form and manner prescribed by the commissioner in rules, a hearing before the commissioner to contest the determination of ineligibility for listing. The notice shall also advise the short term residential rental provider and intermediary that the provider is entitled to present to the commissioner any document, including affidavits, related to the commissioner's determination. If requested, a hearing before the commissioner shall commence within 10 business days of receipt of such request. Within 60 calendar days of completion of the hearing the commissioner shall either affirm or reverse such determination based upon the evidence presented. The commissioner's determination shall be final and may be appealed in the manner provided by law. If a short term rental provider fails to request a hearing within the prescribed time, the commissioner's determination shall be final and the short term residential rental shall be deemed ineligible for listing on the platform.

Following notice of a final determination of ineligibility under Section 4-13-260(b) or Section 4-14-030(b), it shall be unlawful for a shared housing host to fail to remove the ineligible listing from the platform in the manner prescribed by the commissioner in rules. In addition to any other penalty provided by law, any person who fails to comply with this subsection (g) shall be fined not less than $1,500.00 nor more than $3,000.00 for such failure to comply within 8 to 14 calendar days of the date on which notice under Section 4-13-260(b) or Section 4-13-320(h) is sent; and not less than $2,500.00 nor more than $5,000.00 for failure to comply on the 15th calendar day of the date on which such notice is sent or on any calendar day thereafter. Each day that a violation continues after such 15th calendar day shall constitute a separate and distinct offense.

4-14-070 Rules.

The commissioner is authorized to promulgate rules necessary to implement this chapter.

4-14-080 Registration – Suspension or revocation.

(a) *Registration suspension or revocation – Authorized when.* In addition to any other penalty provided by law, a registration under this chapter may be suspended or revoked by the commissioner for any violation of this chapter. Except as otherwise provided in subsection

(b) of this section, no registration shall be revoked or suspended except in accordance with subsection (d) of this section.

(b) *Immediate suspension or revocation – Post-deprivation hearing – Authorized when.* If the commissioner has good cause to believe that: (1) continued rental of a shared housing unit causes an imminent threat to public health, safety or welfare, and (2) grounds exist for revocation or suspension of the shared housing unit's registration, including, but not limited to, any of the grounds set forth in subsection (c)(1) through (c)(6), inclusive, of this section, the commissioner may, upon issuance of a written order stating the reason for such conclusion and without notice or hearing, suspend or revoke the shared housing unit's registration and prohibit the shared housing host from renting the shared housing unit to guests for a period of time not to exceed ten calendar days; provided, however, that the shared housing host shall be afforded an opportunity to be heard during such period. If the shared housing host fails to request a hearing within the prescribed time, or requests a hearing but fails to appear at such hearing, the shared housing unit's registration shall be deemed revoked.

(c) *Suspension or revocation – Pre-deprivation hearing – Authorized when.* In addition to any other applicable reason, a shared housing unit registration may be suspended or revoked in accordance with this section under the following circumstances:

(1) *Situs of one or more egregious conditions.* When a shared housing unit is the situs of one or more egregious conditions while rented to guests; or

(2) *Situs of three or more objectionable conditions.* When a shared housing unit has been the situs, on three or more occasions, while rented to guests, of disturbance of the peace, public drunkenness, drinking in public, harassment of passersby, loitering, public urination, lewd conduct, overcrowding, exceeding design loads, or excessive loud noise. For purposes of this subsection (c)(2):

"Excessive loud noise" means any noise, generated from within or having a nexus to the rental of the shared housing unit, between 8:00 P.M. and 8:00 A.M., that is louder than average conversational level at a distance of 100 feet or more, measured from the property line of the shared housing unit.

"Overcrowding" means occupancy by more persons than the maximum occupancy limit of no more than one person per 125 feet of floor area of the shared housing unit or the shared housing unit's actual capacity based on the applicable provisions of the building code, whichever is less.

"Exceeding design loads" means placing loads on structural elements or components of buildings, including, but not limited to, porches, balconies, and roof decks, in excess of the minimum design loads required by the building code; or

(3) *Situs of three or more nuisance conditions.* When, in the determination of the commissioner, the rental of the shared housing unit creates a nuisance because at least three separate incidents involving illegal acts, as that term is defined in Section 4-4-313(h), occurred

during a 12-month period: (i) in the shared housing unit; (ii) in or on the premises in which the shared housing unit is located; (iii) in the shared housing unit's parking facility, or (iv) on adjacent property. For purposes of determining whether three or more illegal acts occurred, illegal acts occurring shall be limited to acts of the guests, or of invitees of the guests, or to acts otherwise involving circumstances having a nexus to the operation of the shared housing unit while rented to a guest. In a proceeding to suspend or revoke the license of a vacation rental that is or creates a nuisance under this Section 4-14-080(c)(3), any evidence on which a reasonably prudent person would rely may be considered without regard to the formal or technical rules of evidence, and the commissioner may rely on police reports, official written reports, affidavits and business records submitted by authorized city officials or employees charged with inspection or enforcement responsibilities to determine whether such illegal acts or objectionable conditions occurred. If, during any 12-month period three separate incidents of illegal acts occur on the licensed premises, on or in the licensed premises' parking facility, or on adjacent property, a rebuttable presumption shall exist that the shared housing unit is or creates a nuisance in violation of this Section 4-14-080(c)(3); or

(4) *Scofflaw or problem landlord.* When a shared housing unit is listed on, or is located in a building that is listed on, the city's Building Code Scofflaw List or Problem Landlord List pursuant to Section 2-92-416; or

(5) *Threat to public health, safety or welfare.* When the commissioner determines that the continued rental of a shared housing unit poses a threat to the public health, safety or welfare; or

(6) *Unlawful discrimination.* When, in connection with the listing for rental or rental of a shared housing unit, the commissioner or Chicago commission on human relations has determined that a violation of Section 2-160-070 or Section 4-14-040(c), as applicable, has occurred.

(d) *Notification and hearing process.* Upon determining that a shared housing unit's registration is subject to suspension or revocation under this section, the commissioner shall notify the shared housing host, in writing, of such fact and of the basis for the suspension or revocation of the registration. Such notice shall include a statement informing the shared housing host that the shared housing host may, within 10 calendar days of the date on which the notice was sent, request, in a form and manner prescribed by the commissioner in rules, a hearing before the commissioner to contest the suspension or revocation. The notice shall also advise the shared housing host that the shared housing host is entitled to present to the commissioner any document, including affidavits, related to the commissioner's determination for suspension or revocation. If requested, a hearing before the commissioner shall be commenced within 10 business days of receipt of such request. Within 60 calendar days of completion of the hearing the commissioner shall either affirm or reverse such determination based upon the evidence presented. The commissioner's decision shall be final and may be appealed in the manner provided by law. If a shared housing host fails to request a hearing within the prescribed time, the shared housing unit registration shall be deemed suspended or revoked. Upon entry of a final order of suspension or revocation, the commissioner shall: (1) notify the short term residential rental intermediary in writing of such fact; and (2) place the unit

on the ineligibility list maintained by the commissioner under Section 4-13-270(b). Within three calendar days of the date on which the commissioner sends such written notification of suspension or revocation to the shared housing host, the shared housing host shall remove the short term residential unit identified in such notice from its platform. The intermediary shall act in accordance with the approved process established pursuant to Section 4-13-220(h).

4-14-090 Violation – Penalties – Injunctive relief.

(a) *Fines and other applicable penalties.* Except as otherwise provided in this chapter, and in addition to any other penalty provided by law, any person who violates this chapter or any rule promulgated thereunder shall be subject to a fine of not less than $1,500.00 nor more than $3,000.00 for each offense. Each day that a violation continues shall constitute a separate and distinct offense.

(b) *Exceeding rental restrictions.* If the rental restriction applicable to buildings containing more than five units, as set forth in Section 4-14-060(f), is exceeded in any building, all shared housing registrations and vacation rental licenses for dwelling units located within such building are subject to revocation under this chapter.

(c) *Injunctive relief.* In addition to any fine or other penalty imposed by law, the corporation counsel may seek an injunction or other equitable relief in a court of competent jurisdiction against a host to stop any violation of this chapter.

(d) *Duration of revocation.* If a shared housing unit registration under this chapter is revoked, such revocation shall remain in effect for a period of at least two years from the date of revocation and thereafter until such time that a new owner or tenant, as applicable, other than a family member of the person whose registration was revoked, occupies the dwelling unit.

4-14-100 Shared Housing Units – Commissioner's Adjustments – When authorized.

(a) The commissioner is authorized to grant an adjustment to allow:

(1) the operation of a shared housing unit located in:

(i) a single family home that is not the shared housing host's primary residence; or

(ii) a building containing two to four dwelling units, inclusive, where the dwelling unit is not the shared housing host's primary residence; or

(2) in a building containing two to four dwelling units, inclusive, an increase in the number of dwelling units that may be used as shared housing units.

Such an adjustment may be approved only if, based on a review of relevant factors, the commissioner concludes that such an adjustment would eliminate an extraordinary burden on the applicant in light of unique or unusual circumstances and would not detrimentally impact the health, safety, or general welfare of surrounding property owners or the general public.

Factors which the commissioner may consider with regard to an application for a commissioner's adjustment include, by way of example and not limitation: (i) the relevant geography, (ii) the relevant population density, (iii) the degree to which the sought adjustment varies from the prevailing limitations, (iv) the size of the relevant building and the number of units contemplated for the proposed use, (v) the legal nature and history of the applicant, (vi) the measures the applicant proposes to implement to maintain quiet and security in conjunction with the use, (vii) any extraordinary economic hardship to the applicant, due to special circumstances, that would result from a denial, (viii) any police reports or other records of illegal activity or municipal code violations at the location, and (ix) whether the affected neighbors support or object to the proposed use.

The grant of an adjustment shall not exempt the applicant from any application requirement associated with registration of a shared housing unit.

(b) An adjustment under subsection (a)(1) may be requested by the shared housing host. An adjustment under subsection (a)(2) may be requested by the owner, homeowners association or board of directors of the building.

(c) A person seeking an adjustment shall make a written submission to the commissioner, presenting all factors which the applicant believes to be relevant to whether an adjustment is appropriate. The applicant shall provide a copy of the written submission to the adjoining neighbors. The commissioner shall review the materials and make a written determination within 60 days, which shall set forth the factors used in arriving at the determination. During the 60-day review period, the commissioner shall notify the affected alderman and solicit a recommendation based on the alderman's analysis of relevant factors, and may seek additional information or supplementary proof from the applicant, and may also solicit information from the community.

If the commissioner denies the application for an adjustment, the applicant, within fourteen days of receiving the denial, may request a hearing from the commissioner. Upon receiving such a request, the commissioner shall schedule and conduct a hearing expeditiously. At the hearing the commissioner may receive written submissions, witness testimony, argument and documents regarding the application. The commissioner shall, within thirty days of the conclusion of the hearing, render a decision, which shall constitute a final determination for purposes of judicial review.

(d) If the commissioner grants the application for an adjustment, those factors that were deemed by the commissioner to be relevant to the determination shall be included in a plan of conduct. If the registration is issued, the plan of conduct shall be deemed a part of the shared housing unit registration, and compliance with the plan of conduct shall be a necessary condition to the continued validity of the registration. Failure to comply with one or more elements of the plan of conduct shall subject the registrant to suspension or revocation of the shared housing unit registration.

(e) Throughout the commissioner's adjustment consideration process, the applicant shall bear the burden of persuasion to justify the sought adjustment.

4-14-105 Limit calculation.

The limits on the number of shared housing units in a building shall be calculated as maximum limits using the method in section 17-1-0605-B.

Alderman Burke then requested that the City Clerk accept for publication in the *Journal of the Proceedings* written comments by members of the City Council.

Written Comments Submitted By Alderman Burke (14th Ward).

Mr. President, and Ladies and Gentlemen of the Chicago City Council;

Ten days ago, there occurred in Orlando the worst mass shooting in modern American history -- leaving 49 people dead and 53 wounded.

Seven of the ten mass shootings with the largest loss of life have occurred in the U.S. since 2007. In the last 50 years, our nation has recorded five times the number of mass shootings than any other nation in the world.

Will the day ever come, that we as a people, can cast aside our guns and embrace the spirit of humanity, tolerance, and understanding in such a way that the innocent need not have to die?

We have the highest percentage of gun ownership in the world, but these facts notwithstanding, the terrible tragedy that has befallen the City of Orlando and its LGBT community, touches all of our lives in profound ways as we grope for solutions and answers that might help put an end to this epidemic of violence.

So far, those answers have been slow in coming.

This morning, Alderman Tunney and I have introduced a resolution expressing the grief and sorrow all of us in these chambers and across the City of Chicago feel for the fallen victims, the survivors, the first responders and the citizens of Orlando, Florida in the wake of this dreadful attack.

Chicago sends its compassion and extends the hand of friendship to the City of Orlando, as it honors its dead.

We cannot, and will not forget their suffering, or the suffering of countless families of survivors from Newtown, Connecticut to Charleston, South Carolina, to San Bernadino, California.

We mourn their passing and pray for a more compassionate, just and verdant world where the relentless cycle of gun violence is left to the scrapheap of forgotten history.

Thank you ladies and gentlemen.

CALL ON GOVERNOR BRUCE RAUNER TO SIGN INTO LAW SENATE BILL 2746 EXEMPTING FEMININE HYGIENE PRODUCTS FROM SALES TAX.

[R2016-473]

WHEREAS, Tampons and sanitary napkins are medical necessities which merit exemption from local taxation and qualification for the reduced state sales tax rate; and

WHEREAS, Feminine hygiene products such as tampons and sanitary napkins are currently taxed at the rate of 10.25 percent, which includes a 6.25 percent state tax; a 1.75 percent county tax; a 1.25 percent City tax; and a 1 percent Regional Transportation Authority tax; and

WHEREAS, Qualifying food, drugs and medical appliances are exempt from Chicago's sales tax and qualify for the reduced state sales tax rate of 1 percent; and

WHEREAS, Feminine hygiene products are already exempt from sales taxes in Minnesota, Pennsylvania, New Jersey, Maryland and Massachusetts; and

WHEREAS, Legislation to exempt feminine hygiene products from sales tax is also awaiting the governor's signature in New York; and

WHEREAS, Five other states have no sales tax; and

WHEREAS, The American Medical Association supports laws to exempt menstrual products from sales tax; and

WHEREAS, In 1989, in *Geary v. Dominick's Finer Foods, Inc.*, the Illinois Supreme Court held that tampons and sanitary napkins were "medical appliances" and therefore exempt from a sales tax then imposed by the City of Chicago; and

WHEREAS, At that time, the Illinois Department of Revenue determined that the term "medical appliances" included tampons and sanitary napkins and thus exempted those products from state sales tax; and

WHEREAS, The Illinois Department of Revenue currently classifies tampons and sanitary napkins as "grooming and hygiene" products which are subject to the city's sales tax and the state's general merchandise tax; and

WHEREAS, SB 2746 will soon be sent to the governor for his signature to become law; and

WHEREAS, The City Council recognizes that feminine hygiene products are essential for women's health and that taxes on them are particularly regressive since they place an undue burden on low-income women; now, therefore,

Be It Resolved, That we the Mayor and the members of the City Council of the City of Chicago do hereby urge Governor Bruce Rauner to sign SB 2746 as soon as it reaches his desk.

CALL ON UNITED STATES CONGRESS TO REMOVE FOOD AND DRUG ADMINISTRATION BAN ON BLOOD DONATION BY HOMOSEXUAL MEN.

[R2016-450]

WHEREAS, In 1983, with HIV/AIDS on the rise, the Food and Drug Administration (FDA), under the discretion of President Ronald Reagan's administration, began a policy of a lifetime ban of gay men who have had sex with men, clinically known as "MSM", from donating blood in an effort to reduce the transmission rates of HIV; and

WHEREAS, At the time, HIV/AIDS was largely not understood by doctors, scientists, and the general public, and the technology and procedures used to test donated blood for HIV were extremely limited; and

WHEREAS, As science and understanding of HIV/AIDS and transfusion technology advanced, the FDA has revised the lifetime ban of MSM to allow LGBT members to donate blood only after a year of celibacy in December of 2015 -- a policy that does not apply to heterosexuals who are deemed equally "at risk"; and

WHEREAS, This MSM blood ban restriction is still considered discrimatory to LGBT members under the Equal Protections Clause of the Constitution of the United States of America; and

WHEREAS, The American Medical Association (AMA) fully supports the elimination these current public policies as the latest scientific evidence should dictate blood and tissue donation deferral periods to ensure the safety of the national blood supply and supports using scientifically-based deferral periods that are consistently and fairly applied to donors based on their risk level; and

WHEREAS, The following recommendations should be adopted by the FDA: (1) the FDA should update the Donor History Questionnaire so that all potential donors are screened for high-risk behavior, regardless of sexual orientation, and only prospective donors determined to be at high-risk should be subject to deferral periods, (2) the ban should be replaced with a policy that defers all high-risk (e.g., IV drug users, commercial sex workers) donors regardless of sexual orientation or gender identity, while permitting low-risk donors to donate blood and the risk assessment for all donors should also include whether the donor engaged in low-risk sexual practices like condom usage or monogamy; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, hereby do call on the Congress of the United States of America to have the FDA end the discriminatory ban against LGBT members donating blood to the national blood supply, especially in wake of the Orlando nightclub tragedy; and

Be It Further Resolved, That a suitable copy of this resolution be presented to all members of the Chicago delegation of the United States House of Representatives, as well as United States Senators Richard Durbin and Mark Kirk, for their consideration in the repeal of this matter.
