The following is said proposed resolution:

WHEREAS, On the morning of June 21, 2016, Police Officer Jennifer Jacobucci Number 4783 was on duty, driving westbound on the Kennedy Expressway; and

WHEREAS, While en route, Officer Jacobucci observed thick, black smoke billowing just off the expressway; and

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

*Section 1.* The City Council, after a public meeting heretofore held on this Ordinance by the Committee on Finance of the City Council, pursuant to proper notice and in accordance with the findings and recommendations of such Committee, finds that all of the recitals contained in the preambles to this Ordinance are full, true and correct and incorporates them into this Ordinance by this reference.

*Section 2.* There shall be borrowed on the credit of and for and on behalf of the City in one or more series and at one or more times for Project purposes and/or Refunding Purposes, the sum of not to exceed $1,275,000,000 plus an amount equal to the amount of any net original issue discount used in the marketing of such Bonds (not to exceed 15 percent of the principal amount of any such series of Bonds). The Bonds shall be issued from time to time in one or more series for Project purposes and/or Refunding Purposes in an aggregate principal amount not exceeding the amount specified above, or such lesser amounts as may be determined by the City's Chief Financial Officer or the City Comptroller (each such officer is referred to as an "*Authorized Officer*").

The Bonds of each series may be issued pursuant to, and have such terms and provisions as are set forth in, a Trust Indenture from the City to a Bond Trustee substantially in the form attached as *Exhibit A*, which is incorporated in this Ordinance by this reference, but with such revisions in text as the Mayor or the Authorized Officer executing the same shall determine are necessary or desirable, the execution thereof, and any amendment thereto, by the Mayor or such Authorized Officer to evidence the City Council's approval of all such revisions. Such revisions may include, among other things, revisions required (i) to reflect the issuance of the Bonds as Capital Appreciation Bonds, Convertible Bonds or Direct Purchase Bonds (each as hereinafter defined) and (ii) in the case of the issuance of a series of Bonds the interest on which is includable in the gross income of their owners for federal income tax purposes. With respect to any series of Bonds issued pursuant to a Trust Indenture, in the event of any conflict between the provisions of this Ordinance and such Trust Indenture (including in the form of Bond attached thereto as an exhibit), the terms of such Trust Indenture shall be deemed to control. The Mayor or an Authorized Officer is authorized to enter into one or more of such Trust Indentures from time to time on behalf of the City.

All or any portion of the Bonds may be issued as Bonds payable in one payment on a fixed date ("*Capital Appreciation Bonds*"). Each series of Capital Appreciation Bonds shall be dated the date of issuance thereof and shall also bear the date of authentication, shall be in fully registered form, shall be numbered as determined by the applicable Bond Registrar (as defined in Section 3), and shall be in denominations equal to the original principal amounts of such Capital Appreciation Bonds or any integral multiple thereof, each such original principal amount representing Compound Accreted Value (as hereinafter defined) at maturity (the "*Maturity Amount*") of such minimum amounts and integral multiples thereof as shall be agreed upon by

an Authorized Officer and the purchasers of such Capital Appreciation Bonds (but no single Bond shall represent Compound Accreted Value maturing on more than one date). As used herein, the "*Compound Accreted Value*" of a Capital Appreciation Bond on any date of determination shall be an amount equal to the original principal amount (or integral multiple thereof) plus an investment return accrued to the date of such determination at a semiannual compounding rate which is necessary to produce the yield to maturity borne by such Capital Appreciation Bond (the "*Yield to Maturity*").

All or any portion of the Bonds may be issued as Bonds bearing interest at fixed rates and paying interest semiannually as described below (the "*Current Interest Bonds*"). Each series of Current Interest Bonds shall be dated such date as shall be agreed upon by an Authorized Officer and the purchasers of such Current Interest Bonds, shall be in fully registered form, shall be in such minimum denominations and integral multiples thereof as shall be agreed upon by an Authorized Officer and the purchasers of such Current Interest Bonds (but no single Current Interest Bond shall represent installments of principal maturing on more than one date), and shall be numbered as determined by the applicable Bond Registrar.

The Bonds may be initially issued as Capital Appreciation Bonds containing provisions for the conversion of the Compound Accreted Value of such Bonds into Current Interest Bonds (the "*Convertible Bonds*") at such time following the initial issuance as shall be approved by an Authorized Officer. While in the form of Capital Appreciation Bonds, such Convertible Bonds shall be subject to all of the provisions and limitations of this Ordinance relating to Capital Appreciation Bonds, and while in the form of Current Interest Bonds, such Convertible Bonds shall be subject to all of the provisions and limitations of this Ordinance relating to Current Interest Bonds. In particular, when Convertible Bonds are in the form of Capital Appreciation Bonds prior to their conversion to Current Interest Bonds, the transfer, exchange and replacement provisions of this Ordinance with respect to Capital Appreciation Bonds shall apply to such Convertible Bonds; *provided* that the Convertible Bonds delivered in the form of Capital Appreciation Bonds in connection with any such transfer, exchange or replacement shall have identical provisions for conversion to Current Interest Bonds as set forth in the Convertible Bonds being transferred, exchanged or replaced. In connection with the issuance and sale of any Convertible Bonds, the terms and provisions relating to the conversion of the Compound Accreted Value of such Convertible Bonds into Current Interest Bonds shall be as approved by an Authorized Officer at the time of sale of such Convertible Bonds. Notwithstanding any other provision hereof, any series of Bonds may be issued as Capital Appreciation Bonds, Current Interest Bonds, Convertible Bonds, or any combination thereof.

All or any portion of the Bonds may be issued and sold from time to time as a direct purchase to holders (the "*Direct Purchase Bonds*"). The Direct Purchase Bonds shall be sold as provided in Section 12 hereof.

The principal of the Bonds of each series shall become due and payable on or before the earlier of (i) January 1, 2057, or (ii) 40 years after the date of issuance of such series. Each series of Current Interest Bonds shall bear interest at a rate or rates and each series of Capital Appreciation Bonds shall have Yields to Maturity not to exceed 10 percent per annum. Any portion of the Bonds may be issued as bonds the interest on which is not excludable from the gross income of their owners for federal income tax purposes if doing so is determined by an Authorized Officer to be beneficial to the City.

Each Capital Appreciation Bond shall accrue interest from its date at the rate per annum compounded semiannually on each January 1 and July 1, commencing on such January 1 or July 1 as determined by an Authorized Officer at the time of sale of such Capital Appreciation Bonds, which will produce the Yield to Maturity identified therein until the maturity date thereof. Interest on the Capital Appreciation Bonds shall be payable only at the respective maturity dates thereof.

Each Current Interest Bond shall bear interest from the later of its date or the most recent interest payment date to which interest has been paid or duly provided for, until the principal amount of such Bond is paid, such interest (computed upon the basis of a 360-day period of twelve 30-day months) being payable on January 1 and July 1 of each year, commencing on such January 1 or July 1 as shall be determined by an Authorized Officer at the time of the sale of each series of Current Interest Bonds. Interest on each Current Interest Bond shall be paid to the person in whose name such Current Interest Bond is registered at the close of business on the 15th day of the month next preceding the interest payment date, by check or draft of the applicable Bond Registrar, or, at the option of any registered owner of $1,000,000 or more in aggregate principal amount of Current Interest Bonds of a series, by wire transfer of immediately available funds to such bank in the continental United States of America as the registered owner of such Current Interest Bonds shall request in writing to the applicable Bond Registrar.

The Compound Accreted Value of the Capital Appreciation Bonds, the principal of the Current Interest Bonds and any redemption premium shall be payable in lawful money of the United States of America upon presentation and surrender thereof at the designated corporate trust office of the applicable Bond Registrar.

Each of the Bonds shall be designated "General Obligation Bonds, Series ____," with such additions, modifications or revisions as shall be determined to be necessary by an Authorized Officer at the time of the sale of such Bonds to reflect the calendar year of issuance of the Bonds, the order of sale of the Bonds, the specific series of the Bonds, whether the Bonds are being issued on a taxable basis, whether the Bonds are Capital Appreciation Bonds, Current Interest Bonds, Convertible Bonds, or Direct Purchase Bonds, whether the Bonds are being issued and sold for the purpose of paying costs of the Refunding Purposes, paying costs of the Project or a combination thereof and any other authorized features of the Bonds determined by an Authorized Officer as desirable to be reflected in the title of the Bonds being issued and sold.

The seal of the City or a facsimile thereof shall be affixed to or printed on each of the Bonds, and the Bonds shall be executed by the manual or facsimile signature of the Mayor and attested by the manual or facsimile signature of the City Clerk, and in case any officer whose signature shall appear on any Bond shall cease to be such officer before the delivery of such Bond, such signature shall nevertheless be valid and sufficient for all proposes, the same as if such officer had remained in office until delivery. As used in this Ordinance, *"City Clerk"* shall mean the duly qualified and acting City Clerk of the City or any Deputy City Clerk or other person who may lawfully take a specific action or perform a specific duty prescribed for the City Clerk pursuant to this Ordinance.

All Bonds shall have thereon a certificate of authentication substantially in the form hereinafter set forth duly executed by the applicable Bond Registrar or Bond Trustee as authenticating agent of the City and showing the date of authentication. No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Ordinance unless and until such certificate of authentication shall have been duly executed by the applicable Bond Registrar or Bond Trustee by manual signature, and such certificate of authentication upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this Ordinance. The certificate of authentication on any Bond shall be deemed to have been executed by the applicable Bond Registrar or Bond Trustee if signed by an authorized officer of such Bond Registrar or Bond Trustee, but it shall not be necessary that the same officer sign the certificate of authentication on all of the Bonds issued hereunder.

*Section 3.* (a) *Registration and Transfer.* The City shall cause books (the *"Bond Register"*) for the registration and for the transfer of each series of Bonds as provided in this Ordinance to be kept at the designated corporate trust office of a bank or trust company designated by an Authorized Officer, which shall, with respect to a series of Bonds issued pursuant to a Trust Indenture, be the Bond Trustee for such series of Bonds (the *"Bond Registrar"*), as the registrar for the City in connection with such series of Bonds. The City is authorized to prepare multiple Bond blanks executed by the City for use in the transfer and exchange of Bonds.

Upon surrender for transfer of any Bond at the designated corporate trust office of the applicable Bond Registrar, duly endorsed by, or accompanied by a written instrument or instruments of transfer in form satisfactory to such Bond Registrar and duly executed by the registered owner or its attorney duly authorized in writing, the City shall execute and such Bond Registrar shall authenticate, date and deliver in the name of the transferee or transferees (a) in the case of any Capital Appreciation Bond, a new fully registered Capital Appreciation Bond or Bonds of the same series, maturity and Yield to Maturity of authorized denominations, for a like aggregate original principal amount of Capital Appreciation Bond or Bonds of the same series, maturity and Yield to Maturity of other authorized denominations, or (b) in the case of Current Interest Bonds, one or more fully registered Bonds of the same series, interest rate and maturity of authorized denominations, for a like principal amount. Any Capital Appreciation Bond or Bonds may be exchanged at said office of the applicable Bond Registrar for a like aggregate original principal amount of Capital Appreciation Bond or Bonds of the same series, maturity and Yield to Maturity of other authorized denominations. Any Current Interest Bond or Bonds may be exchanged at said office of the applicable Bond Registrar for a like aggregate principal amount of Bonds of the same series, type, interest rate and maturity of other authorized denominations. The execution by the City of any fully registered Bond shall constitute full and due authorization of such Bond, and the applicable Bond Registrar shall thereby be authorized to authenticate, date and deliver such Bond; *provided* that (a) the aggregate original principal amount of outstanding Capital Appreciation Bonds of each series, maturity and Yield to Maturity authenticated by the applicable Bond Registrar shall not exceed the authorized aggregate original principal amount of Capital Appreciation Bonds of such series, maturity and Yield to Maturity less previous retirements and (b) the principal amount of Current Interest Bonds of each series, maturity and interest rate authenticated by the applicable Bond Registrar or Bond Trustee shall not exceed the authorized principal amount of Current Interest Bonds for such series, maturity and interest rate less previous retirements.

The applicable Bond Registrar shall not be required to transfer or exchange (a) any Bond after notice calling such Bond for redemption has been mailed, or (b) any Bond during a period of 15 days next preceding mailing of a notice of redemption of such Bond; *provided, however,* that provisions relating to the transfer or exchange of Bonds of a series shall be as determined by an Authorized Officer at the time of the sale of such series and may be set forth in a notification of sale as described in Section 12 hereof or in the Trust Indenture as authorized in Section 2 hereof.

The person in whose name any Bond is registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of the Compound Accreted Value of, principal of, redemption premium, if any, or interest on any Bond, as appropriate, shall be made only to or upon the order of the registered owner thereof or its legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

No service charge shall be made for any transfer or exchange of Bonds, but the City or the applicable Bond Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Bonds, except that no such payment may be required in the case of the issuance of a Bond or Bonds for the unredeemed portion of a Bond surrendered for redemption.

(b) *Book-Entry Only System.* If so determined and directed by an Authorized Officer in connection with the sale of any of the Bonds, such Bonds may be issued in book-entry only form. In connection with the issuance of Bonds in book-entry only form, an Authorized Officer is authorized to execute and deliver to the book-entry depository selected by such Authorized Officer such depository's standard form of representation letter. If any of the Bonds are registered in the name of a securities depository which uses a book-entry system, the standing of the beneficial owner to enforce any of the covenants herein may be established through the books and records of such securities depository or a participant therein.

(c) *Bonds Lost, Destroyed, etc.* If any Bond, whether in temporary or definitive form, is lost (whether by reason of theft or otherwise), destroyed (whether by mutilation, damage, in whole or in part, or otherwise) or improperly cancelled, the applicable Bond Registrar may authenticate a new Bond of like series, date, maturity date, interest rate (or, in the case of Capital Appreciation Bonds, Yield to Maturity), denomination and original principal amount (in the case of Capital Appreciation Bonds) or principal amount (in the case of Current Interest Bonds) and bearing a number not contemporaneously outstanding; *provided* that (i) in the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the applicable Bond Registrar, and (ii) in the case of any lost Bond or Bond destroyed in whole, there shall be first furnished to the applicable Bond Registrar evidence of such loss or destruction, together with indemnification of the City and such Bond Registrar, satisfactory to such Bond Registrar. If any lost, destroyed or improperly cancelled Bond shall have matured or is about to mature, or has been called for redemption, instead of issuing a duplicate Bond, the applicable Bond Registrar shall pay the same without surrender thereof if there shall be first furnished to such Bond Registrar evidence of such loss, destruction or cancellation, together with indemnity, satisfactory to it. Upon the issuance of any substitute Bond, the applicable Bond Registrar may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto.

(d) *Redemption and Repurchase.* The Bonds may be made subject to redemption prior to maturity at the option of the City, in whole or in part on any date, at such times and at such redemption prices (to be expressed as a percentage of the principal amount of Current Interest Bonds being redeemed or as a formula as described below and expressed as a percentage of the Compound Accreted Value of Capital Appreciation Bonds to be redeemed or as a formula as described below) not to exceed 120 percent, plus, in the case of Current Interest Bonds, accrued interest to the date of redemption, as determined by an Authorized Officer at the time of the sale thereof.

Notwithstanding the foregoing, such 120 percent limitation on the redemption price of Bonds shall not apply where the redemption price is based upon a formula designed to compensate the owner of the Bonds to be redeemed based upon prevailing market conditions on the date fixed for redemption, commonly known as a "make-whole" redemption price (the *"Make-Whole Redemption Price"*). At the time of sale of the Bonds, an Authorized Officer shall determine the provisions of the formula to be used to establish any Make-Whole Redemption Price, which may vary depending on whether the Bonds are issued on a taxable or tax-exempt basis. An Authorized Officer shall confirm and transmit the applicable Make-Whole Redemption Price on such dates and to such parties as shall be necessary to effectuate such redemption.

If fewer than all of the outstanding Bonds of a series are to be optionally redeemed, the Bonds to be called shall be called from such maturities and interest rates of such series as may be determined by an Authorized Officer.

Certain of the Bonds of a series may be made subject to mandatory redemption, at par and accrued interest to the date fixed for redemption, as determined by an Authorized Officer at the time of the sale thereof.

An Authorized Officer is authorized to sell (at a price determined by such Authorized Officer to be in the best interests of the City) or waive any right the City may have to call any of the Bonds or Outstanding Indebtedness for optional redemption, in whole or in part, and is further authorized to expend the proceeds of any such sales for any purpose for which the proceeds of the Bonds are authorized to be expended and for the payment or prepayment of any City debt obligations whether issued before or after the date of adoption of this Ordinance, all as determined by an Authorized Officer; *provided however,* to the extent that interest on such Bonds or Outstanding Indebtedness is excluded from gross income for federal income tax purposes, such expenditures shall not adversely affect such exclusion. If determined to be necessary or appropriate, an Authorized Officer is authorized to solicit the consent of holders of outstanding Bonds or Outstanding Indebtedness to any such sale or waiver.

At the time of sale of Bonds of a series, an Authorized Officer is authorized to determine the manner of redeeming such Bonds, either by lot in the manner hereinafter provided or pro-rata in the manner determined by an Authorized Officer at the time of sale, if less than all of the Bonds of the same series, maturity and interest rate are to be redeemed.

The Current Interest Bonds shall be redeemed only in amounts equal to the respective minimum authorized denominations and integral multiples thereof and the Capital Appreciation Bonds shall be redeemed only in amounts representing the respective minimum authorized Maturity Amounts and integral multiples thereof. In the event of the redemption of fewer than all the Bonds of the same series, maturity and interest rate by lot, the aggregate principal amount

or Maturity Amount (as appropriate) thereof to be redeemed shall be the minimum authorized denomination or Maturity Amount (as appropriate) for such series or an integral multiple thereof, and the applicable Bond Registrar shall assign to each Bond of such series, maturity and interest rate, a distinctive number for each minimum authorized denomination or Maturity Amount (as appropriate) of such Bond and shall select by lot from the numbers so assigned as many numbers as, at such minimum authorized denomination or Maturity Amount (as appropriate) for each number, shall equal the principal amount or Maturity Amount (as appropriate) of such Bonds to be redeemed. In such case, the Bonds to be redeemed shall be those to which were assigned numbers so selected; *provided* that only so much of the principal amount or Maturity Amount (as appropriate) of each Bond shall be redeemed as shall equal such minimum authorized denomination or Maturity Amount (as appropriate) for each number assigned to it and so selected. In the event of the redemption of fewer than all Bonds of the same series, maturity and interest rate on a pro-rata basis, if the Bonds are held in book-entry form at the time of redemption, at the time of sale of the Bonds, an Authorized Officer is authorized to direct the Bond Registrar to instruct the book-entry depository to select the specific Bonds within such maturity and interest rate for redemption pro-rata among such Bonds. The City shall have no responsibility or obligation to ensure that the book-entry depository properly selects such Bonds for redemption.

The City shall, at least 45 days prior to any optional redemption date (unless a shorter time period shall be satisfactory to the applicable Bond Registrar), notify the applicable Bond Registrar of such redemption date and of the principal amount or Maturity Amount (as appropriate) of Bonds of such series to be redeemed.

In connection with any mandatory redemption of Bonds of a series as authorized above, the principal amounts of Bonds (or the Compound Accreted Value of the Capital Appreciation Bonds) of such series to be mandatorily redeemed in each year may be reduced through the earlier optional redemption thereof, with any partial optional redemptions of such Bonds of such series credited against future mandatory redemption requirements in such order of the mandatory redemption dates as an Authorized Officer may determine. In addition, on or prior to the 60th day preceding any mandatory redemption date of Bonds of a series, the applicable Bond Registrar may, and if directed by an Authorized Officer shall, purchase Bonds of such series required to be retired on such mandatory redemption date at such prices as an Authorized Officer shall determine. Any such Bonds so purchased shall be cancelled and the principal amount (or Compound Accreted Value, as appropriate) thereof shall be credited against the payment required on such next mandatory redemption date with respect to such series of Bonds.

The applicable Bond Registrar shall promptly notify the City in writing of the Bonds, or portions thereof, selected for redemption and, in the case of any Bond selected for partial redemption, the principal amount, Compound Accreted Value or Maturity Amount (as appropriate) thereof, and the interest rate thereof to be redeemed.

Subject to the limitation on redemption price set forth above, the terms of such redemption shall be determined by an Authorized Officer at the time of sale of the Bonds of each series and may be set forth in a notification of sale as described in Section 12 hereof or in the Trust Indenture as authorized in Section 2 hereof.

*Section 4.* Unless waived by any owner of Bonds to be redeemed, notice of the call for any such redemption shall be given by the applicable Bond Registrar on behalf of the City by mailing the redemption notice by first class mail at least 30 days and not more than 60 days prior to the date fixed for redemption to the registered owner of the Bond or Bonds to be redeemed at the address shown on the applicable Bond Register or at such other address as is furnished in writing by such registered owner to such Bond Registrar, but the failure to mail any such notice or any defect therein as to any Bond shall not affect the validity of the proceedings for the redemption of any other Bond. Any notice of redemption mailed as provided in this Section shall be conclusively presumed to have been given whether or not actually received by the addressee.

All notices of redemption shall state:

(1) the series designation of the Bonds to be redeemed,

(2) the redemption date,

(3) the redemption price, or in the case of a redemption of Bonds at a Make-Whole Redemption Price, a description of the formula by which the redemption price shall be determined,

(4) if less than all outstanding Bonds of a series are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts and interest rates, Compound Accreted Values or Maturity Amounts) of the Bonds to be redeemed,

(5) that on the redemption date the redemption price will become due and payable upon each such Bond or portion thereof called for redemption, and that interest thereon shall cease to accrue or compound from and after said date,

(6) the place where such Bonds are to be surrendered for payment of the redemption price, which place of payment shall be the designated corporate trust office of the applicable Bond Registrar, and

(7) such other information as shall be deemed necessary by the applicable Bond Registrar at the time such notice is given to comply with law, regulation or industry standard.

With respect to an optional redemption of any series of Bonds, such notice may state that said redemption is conditioned upon the receipt by the applicable Bond Registrar on or prior to the date fixed for redemption of moneys sufficient to pay the redemption price of the Bonds of such series. If such moneys are not so received, such redemption notice shall be of no force and effect, the City shall not redeem such Bonds and the applicable Bond Registrar shall give notice, in the same manner in which the notice of redemption was given, that such moneys were not so received and that such Bonds will not be redeemed. Unless the notice of redemption shall be made conditional as provided above, on or prior to any redemption date for a series of Bonds, the City shall deposit with the applicable Bond Registrar an amount of money sufficient to pay the redemption price of all the Bonds or portions thereof of such series which are to be redeemed on that date.

Notice of redemption having been given as aforesaid, the Bonds, or portions thereof, so to be redeemed shall, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the City defaults in the payment of the redemption price or unless, in the event of a conditional notice as described above, the necessary moneys were not deposited) such Bonds, or portions thereof, shall cease to bear, accrue or compound interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds shall be paid by the applicable Bond Registrar at the redemption price. Installments of interest due on or prior to the redemption date shall be payable as herein provided for payment of interest. Upon surrender for any partial redemption (i) of any Current Interest Bond, there shall be prepared for the registered owner a new Current Interest Bond or Bonds of the same series, interest rate and maturity in the amount of the unpaid principal or (ii) of any Capital Appreciation Bond, there shall be prepared for the registered owner a new Capital Appreciation Bond or Bonds of the same series, Yield to Maturity and maturity date in the amount of the unpaid Maturity Amount.

If any Current Interest Bond or portion thereof called for redemption shall not be so paid upon surrender thereof for redemption, the principal shall, until paid, bear interest from the redemption date at the rate borne by such Bond, or portion thereof, so called for redemption. If any Capital Appreciation Bond, or portion thereof, called for redemption shall not be so paid upon surrender thereof for redemption, the Compound Accreted Value at such redemption date shall continue to accrue interest from such redemption date at the Yield to Maturity borne by such Capital Appreciation Bond, or portion thereof, so called for redemption. All Bonds which have been redeemed shall be cancelled and destroyed by the applicable Bond Registrar and shall not be reissued.

If any Bond is not presented for payment when the principal amount, Compound Accreted Value or Maturity Amount thereof becomes due, either at maturity or at a date fixed for redemption thereof or otherwise, and if moneys sufficient to pay such Bond are held by the applicable Bond Registrar for the benefit of the registered owner of such Bond, such Bond Registrar shall hold such moneys for the benefit of the registered owner of such Bond without liability to the registered owner for interest. The registered owner of such Bond thereafter shall be restricted exclusively to such funds for satisfaction of any claims relating to such Bond.

*Section 5.* The Capital Appreciation Bonds and the Current Interest Bonds of each series shall be prepared in substantially the following forms with such insertions and revisions as shall be necessary to reflect the terms and provisions of the sale of the Bonds of such series pursuant to Section 12 hereof; *provided* that if the text of any Bond is to be printed in its entirety on the front side of such Bond, then the text shown or appearing on the reverse side of such Bond shall replace paragraph [2] and the legend, "See Reverse Side for Additional Provisions," shall be omitted. The Convertible Bonds shall be prepared incorporating the provisions of the forms of Capital Appreciation Bonds and Current Interest Bonds set forth below as necessary to reflect the terms and provisions of the sale of the Convertible Bonds pursuant to Section 12 hereof.

All Bonds may be prepared with such insertions and revisions as shall be necessary in connection with the issuance of such Bonds as Direct Purchase Bonds.

*; provided* that collections of such levy for any year in an amount in excess of that necessary to make the payments described in clauses (i) and (ii), above (a) may be used for any lawful public purpose designated by the City Council or (b) may be reduced and abated by an Authorized Officer if such reduction is deemed desirable by an Authorized Officer in connection with the sale or sales of the Bonds, in each case as determined from time to time by an Authorized Officer as provided in Section 12 hereof.

The tax levy made in this Section is not subject to the *"Aggregate Levy"* limitation contained in the Chicago Property Tax Limitation Ordinance contained in Chapter 3-92 of the Municipal Code of Chicago (the *"Municipal Code"*), and Section 3-92-020 of the Municipal Code is superseded to exclude the tax levy herein from the definition of "Aggregate Levy" contained therein.

The term *"Pledged Taxes"* means (a) the taxes hereinabove levied for collection for the purpose of providing the funds necessary to make the payments described in clauses (i) and (ii) of the first paragraph of this Section 7, and (b) subject to the provisions of Section 14 hereof, the proceeds of taxes levied for the years from and after 2015 in connection with the issuance of the Outstanding Indebtedness to the extent such tax collections are not necessary for the payment of the Outstanding Indebtedness due to the refunding thereof as authorized herein or pursuant to any other authorization, and the term *"Pledged Taxes"* shall also include any amounts

deposited into the hereinafter-defined Bond Fund or deposited with the Ad Valorem Tax Escrow Agent (as defined in Section 9 below) by an Authorized Officer for the purpose of paying principal of and interest on the Bonds and any accrued interest received and deposited in the Bond Fund or the Ad Valorem Tax Escrow Account, if established pursuant to Section 9 below.

As provided in Section 12 or otherwise, the City reserves the right to abate all or a portion of the Pledged Taxes required to be levied in any year if and to the extent on or before March 31 of the next succeeding calendar year (or such earlier date as may be required by law), the City has on hand amounts dedicated to the payments described in clause (i) of the first paragraph of this Section 7 due during the one-year period commencing on January 2 of such succeeding calendar year. The City may, but shall not be required to, cause the extension and collection of the Pledged Taxes for the payment when due of any Line of Credit Indebtedness or the principal of and interest on General Obligation Commercial Paper Notes or cause the levy or extension in any year of taxes for the payment of the costs of Ongoing Financing Services.

*Section 8.* The City shall appropriate or otherwise provide amounts sufficient to pay principal of and interest on the Bonds (including the Compound Accreted Value of any Capital Appreciation Bonds) for the years such amounts are due, and the City covenants to take timely action as required by law to carry out the provisions of this Section, but, if for any such year it fails to do so, this Ordinance shall constitute a continuing appropriation ordinance of such amounts without any further action on the part of the City Council.

*Section 9.* Each Authorized Officer is authorized to establish one or more special accounts, if determined to be necessary in connection with the sale of any of the Bonds, separate and segregated from all other funds and accounts of the City (each a "*Bond Fund*"), which shall be (i) held by an Authorized Officer, or (ii) maintained by a Bond Trustee pursuant to a Trust Indenture, or (iii) maintained with a bank or trust company to be designated by an Authorized Officer (each an *"Ad Valorem Tax Escrow Account"*) pursuant to an escrow agreement (each an *"Ad Valorem Tax Escrow Agreement"*), between the City and the applicable Escrow Agent named therein (each an *"Ad Valorem Tax Escrow Agent"*), and one or more of the Mayor or an Authorized Officer are authorized to execute and deliver one or more Ad Valorem Tax Escrow Agreements in connection with the sale of the Bonds in such form as the officers so executing such agreement may deem appropriate in accordance with the provisions of this Ordinance.

In lieu of the proceeds of such taxes being deposited with the City Treasurer, each Authorized Officer is authorized to direct the County Collectors of Cook and DuPage Counties, Illinois (the "*County Collectors*"), to deposit the proceeds of such taxes directly into the Bond Fund held pursuant to the applicable Trust Indenture or the applicable Ad Valorem Tax Escrow Account, if such Trust Indenture has been executed and delivered or such Ad Valorem Tax Escrow Account has been created.

*Section 10.* If the Pledged Taxes to be applied to the payment of the Bonds are not available in time to make any payments of principal of or interest on the Bonds when due, then the appropriate fiscal officers of the City are directed to make such payments from any other moneys, revenues, receipts, income, assets or funds of the City that are legally available for that purpose in advancement of the collection of such Pledged Taxes, and when the proceeds thereof are received, such other funds shall be replenished, all to the end that the credit of the

City may be preserved by the prompt payment of the principal of and interest on the Bonds as the same become due.

*Section 11.* A copy of this Ordinance, duly certified by the City Clerk, shall be filed in the respective offices of the County Clerks of Cook and DuPage Counties, Illinois (the "County Clerks"), and such filing shall constitute the authority for and it shall be the duty of the County Clerks, in each year beginning in 2017, to and including 2056, to extend the taxes levied pursuant to Section 7 hereof for collection in such year, such taxes to be in addition to and in excess of all other taxes heretofore or hereafter authorized to be levied by the City on its behalf.

A copy of this Ordinance, duly certified by the City Clerk, shall also be filed with each applicable Bond Trustee, each applicable Ad Valorem Tax Escrow Agent, if any, each applicable Bond Registrar, and if the County Collectors of Cook and DuPage Counties are authorized to deposit the proceeds of the taxes levied pursuant to Section 7 hereof directly with a Bond Trustee or an Ad Valorem Tax Escrow Agent pursuant to Section 9 hereof, with such County Collectors.

*Section 12.* Each Authorized Officer is authorized to sell all or any portion of the Bonds, other than the Direct Purchase Bonds which shall be sold as provided in the following paragraph, from time to time to or at the direction of an underwriter or group of underwriters to be selected by such Authorized Officer (the *"Underwriters"*), with the concurrence of the Chairman of the Committee on Finance of the City Council, on such terms as such Authorized Officer may deem to be in the best interests of the City within the limitations set forth in this Ordinance.

The Bonds may be sold as Direct Purchase Bonds in a manner and containing such terms authorized by an Authorized Officer, including pursuant to a placement agent arrangement, to a purchaser or purchasers other than the Underwriters (the *"Direct Purchasers"*), such Direct Purchasers to be selected by an Authorized Officer and such sale being permitted at a price of not less than 85 percent of the principal amount of the Direct Purchase Bonds being sold. The Mayor or an Authorized Officer is authorized to do all such things and to execute and deliver such additional documents, agreements and certificates as shall be necessary in connection with the sale of Direct Purchase Bonds.

The principal amount of and the interest on the Bonds (including the Compound Accreted Value of any Capital Appreciation Bonds) sold of each series and maturity in the aggregate (after taking into account (i) interest on the Bonds of such series to be paid from proceeds of such series and (ii) mandatory redemptions) shall not exceed the amount levied therefor as specified in Section 7 hereof. The Bonds may be sold from time to time as an Authorized Officer shall determine that the proceeds of such sales are needed.

Either Authorized Officer is authorized and directed to cause all necessary notices of redemption of the Outstanding Indebtedness selected for refunding as provided above to be given in accordance with the terms of the respective ordinances or indentures, as applicable, authorizing the Outstanding Indebtedness.

The Mayor or an Authorized Officer is authorized to execute and deliver a contract of purchase with respect to each sale of the Bonds (i) to, or at the direction of, the Underwriters or (ii) to the Direct Purchasers, in substantially the form previously used for similar general obligation bonds of the City (the *"Contract of Purchase"*), with appropriate revisions to reflect the terms and provisions of the Bonds and such other revisions in text as the Mayor or an Authorized Officer shall determine are necessary or desirable in connection with the sale of the Bonds. Bonds sold pursuant to a Contract of Purchase shall be sold at a price of not less than 85 percent of the principal amount of the Bonds being sold. The compensation paid to the Underwriters in connection with any sale of Bonds shall not exceed five percent of the principal amount of the Bonds being sold. Nothing contained in this Ordinance shall limit the sale of the Bonds or any maturity or maturities thereof at a price or prices in excess of the principal amount thereof.

In connection with any sale of the Bonds, an Authorized Officer is authorized to obtain one or more policies of bond insurance from recognized bond insurers selected by an Authorized Officer, if such Authorized Officer determines such bond insurance to be desirable in connection with such sale of the Bonds. Either Authorized Officer may, on behalf of the City, make covenants with such bond insurer that are not inconsistent with the provisions of this Ordinance and are necessary to carry out the purposes of this Ordinance.

If Bonds are sold so as to require the levy of taxes for any year specified in Section 7 hereof for the purpose of making the payments described in clause (i) of the first paragraph of Section 7 hereof in an amount less than the amount specified for such year in the first paragraph of Section 7 hereof, then an Authorized Officer shall, on or prior to March 31 (or such earlier date as may be required by law) of the calendar year next succeeding such year, notify the City Council of the determination made pursuant to clauses (a) and (b) of the first paragraph of Section 7 hereof regarding the application of any resulting excess levy collections, and, in addition, in connection with a determination made pursuant to clause (b) of the first paragraph of Section 7 hereof, an Authorized Officer shall file in the respective offices of the County Clerks certificates of tax abatement for such year. In the event that upon the final sale of the Bonds of all series, such Bonds have been sold so as to require the levy of taxes in any year specified in Section 7 hereof for the purpose of making the payments described in clause (i) of the first paragraph of Section 7 hereof in an amount less than the amount specified for such year in Section 7 hereof, then there shall be included, in the final notification of sale to the City Council described below in this Section 12, the determination made pursuant to clauses (a) and (b) of the first paragraph of Section 7 hereof regarding the application of any resulting excess levy collections for such year and any succeeding year and, in addition, in connection with a determination made pursuant to clause (b) of the first paragraph of Section 7 hereof, an Authorized Officer shall file in the respective offices of the County Clerks certificates of tax abatement for such year or years. If any of the Bonds are not to be sold and issued as provided herein and no levy collections are to be applied for the purposes of paying the costs of Ongoing Financing Services as determined by an Authorized Officer, the corresponding taxes herein levied to pay debt service thereon shall be abated in full. Any certificate of abatement delivered pursuant to this paragraph shall refer to the amount of taxes levied pursuant to Section 7 hereof, shall indicate the amount of reduction in the amount of taxes levied by the City resulting from the sale or sales of the Bonds or the non-issuance thereof, which reduced amount is to be abated from such taxes, and shall further indicate the remainder of such taxes which is to be extended for collection by the County Clerks.

The preparation, use and distribution of a preliminary official statement, an official statement, a private placement memorandum, or any other disclosure document relating to each sale and issuance of the Bonds are ratified and approved. The Mayor and each Authorized Officer are each authorized to execute and deliver an official statement or other disclosure document relating to each sale and issuance of the Bonds on behalf of the City. The preliminary official statement, official statement, private placement memorandum, and other disclosure documents herein authorized shall be substantially similar to those previously used for general obligation bonds of the City, and shall contain the terms and provisions of and security for the Bonds, the manner in which the Bonds shall be sold, the use of proceeds of the Bonds, financial information for the City, and such other information as the Mayor or any Authorized Officer determines to be advisable under the circumstances.

Subsequent to the sale of any series of Bonds, an Authorized Officer shall file in the office of the City Clerk a notification of sale directed to the City Council setting forth (i) the series designation, the aggregate principal amount and authorized denominations of, maturity schedule and redemption provisions for the Bonds sold, (ii) the principal amounts of the Bonds sold as Current Interest Bonds, Capital Appreciation Bonds, and Convertible Bonds, respectively, (iii) in the case of Direct Purchase Bonds, the principal amounts of such Bonds sold as Current Interest Bonds, Capital Appreciation Bonds and Convertible Bonds, respectively, (iv) in the case of Bonds sold as Capital Appreciation Bonds, (A) the Original Principal Amounts of and Yields to Maturity on the Capital Appreciation Bonds being sold and (B) a table of Compound Accreted Values per minimum authorized Compound Accreted Value at maturity for any Capital Appreciation Bonds being sold, setting forth the Compound Accreted Value of each such Capital Appreciation Bond on each semiannual compounding date, (v) the interest rates on the Current Interest Bonds sold, (vi) the specific maturities, series and amounts of the Outstanding Indebtedness to be refunded with proceeds of Bonds issued for Refunding Purposes, (vii) the date on and price at which the Outstanding Indebtedness selected for refunding shall be redeemed (if such redemption shall occur prior to stated maturity or pursuant to mandatory sinking fund redemption), (viii) the disposition of the taxes levied for the years from and after 2015 for the payment of the Outstanding Indebtedness as authorized by Section 14 hereof, (ix) the identity of the insurer or insurers issuing the bond insurance policy or policies, if any, referred to below, (x) the identity of the Underwriters (or, in the case of Direct Purchase Bonds, the Direct Purchasers) selected for such Bonds, (xi) the identity of the applicable Bond Registrar or of the Bond Trustee, if any, selected by an Authorized Officer for such Bonds, (xii) the compensation paid to the Underwriters in connection with such sale, (xiii) the identity of any Refunding Escrow Agent (as defined in Section 13(b) hereof) appointed by an Authorized Officer in connection with the refunding of Outstanding Indebtedness, and (xiv) any other matter authorized by this Ordinance to be determined by an Authorized Officer at the time of the sale of the Bonds of each series.

In connection with any sale of the Bonds, an Authorized Officer is authorized to execute and deliver one or more continuing disclosure agreements evidencing the City's agreement to comply with the requirements of Section (b)(5) of Rule 15c2-12, adopted by the Securities and Exchange Commission (the "*SEC*") under the Securities Exchange Act of 1934, as amended, in a form approved by the Corporation Counsel. Upon its execution and delivery on behalf of the City as herein provided, each continuing disclosure agreement will be binding on the City, and the officers, employees and agents of the City are authorized to do all such acts and things and to execute all such documents as may be necessary to carry out and comply with the provisions of each continuing disclosure agreement as executed. Either Authorized Officer is further

authorized to amend each continuing disclosure agreement in accordance with its respective terms from time to time following its execution and delivery as that Authorized Officer shall deem necessary. In addition, an Authorized Officer is authorized to make all future filings with the Electronic Municipal Market Access system operated by the Municipal Securities Rulemaking Board or such other municipal securities information repository as shall be designated by the SEC, all in accordance with the provisions of SEC Rule 15c2-12(b)(5). Notwithstanding any other provision of this Ordinance, the sole remedies for any failure by the City to comply with any continuing disclosure agreement shall be the ability of the beneficial owner of any applicable Bond to seek mandamus or specific performance by court order to cause the City to comply with its obligations under such continuing disclosure agreement.

The Bonds shall be duly prepared and executed in the form and manner provided herein and delivered to the purchasers in accordance with the applicable terms of sale.

The Mayor, each Authorized Officer, the City Treasurer and the City Clerk are each authorized to execute and deliver such other documents and agreements (including such contracts, such intergovernmental agreements or such grant agreements with not-for-profit organizations, educational or cultural institutions or for-profit organizations or to assist the United States of America, the State of Illinois or other municipal corporations, units of local government or school districts in the State of Illinois, receiving proceeds of the Bonds as an Authorized Officer shall deem necessary and appropriate) and perform such other acts prior to or following the issuance of the Bonds as may be necessary or desirable in connection with the issuance of the Bonds and any transactions contemplated herein related to the application of the proceeds of the Bonds or collections or application of taxes levied for the payment of the Bonds or the Outstanding Indebtedness or other purposes hereunder, but subject to any limitations on or restrictions of such power or authority as herein set forth. Any such actions heretofore taken by the Mayor, an Authorized Officer, the City Treasurer or the City Clerk in accordance with the provisions hereof are ratified and approved. With respect to each grant of Bond proceeds, each Authorized Officer is authorized to designate in writing, with the written concurrence of the Budget Director of the City (the "*Budget Director*"), (i) one or more City departments or agencies to administer such grant, and (ii) the head of the City department or agency who shall be authorized to execute a grant agreement and such other documents, agreements or instruments as shall be deemed necessary or desirable by such City department or agency head. Upon any such written designation by an Authorized Officer with respect to a grant of Bond proceeds, such City department or agency shall be authorized to administer such grant and the head of such City department or agency shall be authorized to execute a grant agreement and such other documents, agreements or instruments as such official shall deem necessary or desirable.

*Section 13.* The proceeds from the sale of any series of the Bonds shall be used as follows:

(a) The sum representing the accrued interest received, if any, shall be used to pay the first interest becoming due on the Bonds sold, and to that end, shall be deposited in the applicable Bond Fund or the applicable Ad Valorem Tax Escrow Account, if established.

(b) From the sale proceeds derived from any such sale of a series of the Bonds, (i) such sum as may be determined by an Authorized Officer to be necessary to pay not more than three years of interest on the Bonds issued to pay costs of the Project may be used to pay such interest, and to that end, may be deposited in the applicable Bond Fund established for

such Bonds; (ii) the sum determined by an Authorized Officer to be necessary to pay the costs of the Project shall be set aside, held and invested at the direction of an Authorized Officer, as separate funds of the City pending such payment; (iii) the sum determined by an Authorized Officer to capitalize or fund interest on Outstanding Indebtedness shall be deposited into the respective debt service funds established for the Outstanding Indebtedness; and (iv) the sum determined by an Authorized Officer to be sufficient to pay the Outstanding Indebtedness being refunded at or prior to their respective maturities, at a price of par, the applicable redemption premium and accrued interest thereon up to and including said redemption or maturity dates shall be deposited into the respective debt service funds established for the Outstanding Indebtedness or into one or more "Refunded Bonds Escrow Accounts" to be held by one or more banks or trust companies to be designated by an Authorized Officer (each a *"Refunding Escrow Agent"*), each pursuant to the terms of an escrow agreement (each a *"Refunding Escrow Agreement"*), and the Mayor, an Authorized Officer and the City Clerk, or any of them, are authorized to execute and deliver each Refunding Escrow Agreement, and any amendment thereto, in such form as the officer so executing shall deem appropriate to effect the refunding or refundings described in this paragraph. Notwithstanding any provision of the Municipal Code, investments acquired with proceeds of the Bonds or investment income thereon may include but are not limited to agreements entered into between the City and providers of securities under which agreements such providers agree to purchase from or sell to the City specified securities on specific dates at predetermined prices, all as established at the time of execution of any such agreement and as set forth in such agreement, and guaranteed investment contracts, forward purchase agreements and other similar investment vehicles. Such guaranteed investment contracts, forward purchase agreements and other similar investment vehicles may, to the extent permitted by operative authorizing documents and by applicable law, be assigned or transferred from one bond transaction to another or apply to the proceeds of more than one bond transaction on a commingled or non-commingled basis, as determined by an Authorized Officer. The Mayor or an Authorized Officer is authorized to enter into any amendments to or restatements of existing documents or to execute new documents, to consent to actions being taken by others or to obtain the consent of other parties, as may be necessary or desirable in this respect. Investment income derived from Bond proceeds may be (w) expended for the same purposes for which Bond proceeds may be expended, (x) used for the payment or prepayment of City debt obligations, (y) deposited in the Corporate Fund of the City or (z) rebated to the United States of America as provided in Section 15 hereof, all as determined by an Authorized Officer or the Budget Director. Any commingled investment income from guaranteed investment contracts, forward purchase agreements and other similar investment vehicles shall be apportioned among bond transactions as determined by an Authorized Officer or as otherwise required by operative authorizing documents and applicable law.

(c) From the sale proceeds of a series of the Bonds not applied as provided in paragraphs (a) and (b), above, the amount deemed necessary by an Authorized Officer shall be applied to the payment of the costs of issuance of such Bonds, including the premium or fee for bond insurance, if any, and any unexpended portion of the sale proceeds shall be paid to the City.

The costs of the Project may be paid directly by the City or may be financed by the making of grants for the implementation of the Project to (i) not-for-profit organizations, educational or cultural institutions or for-profit organizations, (ii) the State of Illinois, (iii) other units of local government, political subdivisions, municipal corporations or school districts in the State of Illinois, including any operating division thereof, or (iv) the United States government, all as determined by an Authorized Officer.

An Authorized Officer shall report to the City Council with respect to the expenditure of the proceeds of each series of the Bonds issued hereunder to pay the costs of the Project. Such reports shall be made no later than August 1 of each year, commencing August 1, 2017, with respect to expenditures made during the preceding calendar year. No report shall be required hereunder following any calendar year in which no proceeds of any series of the Bonds are expended to pay costs of the Project.

*Section 14.* Any taxes levied for the years from and after 2015 for the payment of the Outstanding Indebtedness, to the extent the collection of such taxes is not necessary for the payment of all or a portion of the Outstanding Indebtedness due to the refunding thereof may, at the direction of an Authorized Officer, be applied (A) as set forth in the next paragraph or (B) to any other lawful public purpose of the City designated by the City Council including (i) the purposes set forth in clauses (i) and (ii) of the first paragraph of Section 7 of this Ordinance, (ii) the payment of the costs of any capital projects for which funds have been lawfully appropriated, or (iii) the abatement of such taxes. There shall be prepared by an Authorized Officer and filed with the County Clerks a certificate of reduction of taxes heretofore levied for the payment of the Outstanding Indebtedness selected for refunding by an Authorized Officer as provided in Sections 12 and 13 hereof and directing the abatement of the taxes heretofore levied to pay the Outstanding Indebtedness being refunded, including the taxes levied for the years from and after 2015, if so determined by an Authorized Officer as provided in the preceding sentence. In addition, any proceeds of the Outstanding Indebtedness being held for the payment of the Outstanding Indebtedness, to the extent such proceeds are not necessary for the payment of the Outstanding Indebtedness due to the refunding thereof as authorized herein or pursuant to any other authorization, may, at the direction of an Authorized Officer, be applied to any lawful public purpose of the City designated by the City Council, including the payment of the Bonds (but in the case of Bonds the interest on which is excluded from gross income for federal income tax purposes, only upon receipt by the City of an opinion of nationally recognized bond counsel to the effect that such will not adversely affect the tax-exempt status of the Bonds).

*Section 15.* The City covenants that it will take no action in the investment of the proceeds of the Bonds (other than Bonds issued as bonds the interest on which is not excludable from the gross income of their owners for federal income tax purposes) which would result in making the interest payable on any of such Bonds subject to federal income taxes by reason of such Bonds being classified as *"arbitrage bonds"* within the meaning of Section 148 of the Code.

The City further covenants that it will act with respect to the proceeds of Bonds (other than Bonds issued as bonds the interest on which is not excludable from the gross income of their owners for federal income tax purposes), the earnings on the proceeds of such Bonds and any other moneys on deposit in any fund or account maintained in respect of such Bonds, including, if necessary, a rebate of such earnings to the United States of America, in a manner which would cause the interest on such Bonds to continue to be exempt from federal income taxation under Section 103(a) of the Code.

Each Authorized Officer is authorized to execute such certifications, tax returns, covenants and agreements as shall be necessary, in the opinion of nationally recognized bond counsel, or in the best interest of the City, as determined by an Authorized Officer, to evidence the City's compliance with the covenants contained in this section.

*Section 16.* This Ordinance is prepared in accordance with the powers of the City as a home rule unit under Article VII of the 1970 Illinois Constitution. The appropriate officers of the City are authorized to take such actions and do such things as shall be necessary to perform, carry out, give effect to and consummate the transactions contemplated by this Ordinance and the Bonds, including, but not limited to, the exercise following the delivery date of any of the Bonds of any power or authority delegated to such official of the City under this Ordinance with respect to the Bonds upon the initial issuance thereof, but subject to any limitations on or restrictions of such power or authority as herein set forth, and any actions heretofore taken by such officers of the City in accordance with the provisions of this Ordinance are ratified and approved.

*Section 17.* The Mayor and each Authorized Officer may each designate another to act as their respective proxy and, as applicable, to affix their respective signatures to the Bonds whether in temporary or definitive form, and any other instrument, certificate or document required to be signed by the Mayor or an Authorized Officer pursuant to this Ordinance and any instrument, certificate or document required thereby. In such case, each shall send to the City Council written notice of the person so designated by each, such notice stating the name of the person so selected and identifying the instruments, certificates and documents which such person shall be authorized to sign as proxy for the Mayor and each Authorized Officer, respectively. A written signature of the Mayor or of an Authorized Officer, respectively, executed by the person so designated underneath, shall be attached to each notice. Each notice, with the signatures attached, shall be recorded in the Journal of Proceedings of the City Council for such date and filed in the office of the City Clerk. When the signature of the Mayor is placed on an instrument, certificate or document at the direction of the Mayor in the specified manner, the same, in all respects, shall be as binding on the City as if signed by the Mayor in person. When the signature of an Authorized Officer is so affixed to an instrument, certificate or document at the direction of such Authorized Officer, the same, in all respects, shall be as binding on the City as if signed by such Authorized Officer in person.

*Section 18.* If requested by the Bond Registrar, the Mayor, each Authorized Officer and the City Clerk are each authorized to execute the standard form of agreement between the City and the Bond Registrar with respect to the obligations and duties thereof.

*Section 19.* If payment or provision for payment is made, to or for the registered owners of all or a portion of the Bonds, of the Compound Accreted Value of any Capital Appreciation Bond and the principal of and interest due and to become due on any Current Interest Bond at the times and in the manner stipulated therein, and there is paid or caused to be paid to the applicable Bond Registrar or Bond Trustee, the applicable Ad Valorem Tax Escrow Agent as provided in Section 9 hereof, or such bank or trust company as shall be designated by an Authorized Officer (such bank or trust company hereinafter referred to as a *"Defeasance Escrow Agent"*), all sums of money due and to become due according to the provisions of this Ordinance, then these presents and the estate and rights granted by this Ordinance shall cease, terminate and be void as to those Bonds or portions thereof except for purposes of registration, transfer and exchange of Bonds and any such payment from such moneys or obligations. Any Bond shall be deemed to be paid within the meaning of this section when payment of the Compound Accreted Value of any such Capital Appreciation Bond or the principal of any such Current Interest Bond, plus interest thereon to the due date thereof (whether such due date be by reason of maturity or upon redemption as provided in this Ordinance or otherwise), either (a) shall have been made or caused to have been made in

accordance with the terms thereof, or (b) shall have been provided for by irrevocably depositing with the applicable Bond Registrar or Bond Trustee, the applicable Ad Valorem Tax Escrow Agent as provided in Section 9 hereof, or a Defeasance Escrow Agent, in trust and exclusively for such payment, (1) moneys sufficient to make such payment or (2)(A) direct obligations of the United States of America; (B) obligations of agencies of the United States of America, the timely payment of principal of and interest on which are guaranteed by the United States of America; (C) obligations of the following agencies: Federal Home Loan Mortgage Corp. (FHLMC) debt obligations, Farm Credit System (formerly: Federal Land Banks, Federal Intermediate Credit Banks, and Banks for Cooperatives) debt obligations, Federal Home Loan Banks (FHL Banks) debt obligations, Fannie Mae debt obligations, Financing Corp. (FICO) debt obligations, Resolution Funding Corp. (REFCORP) debt obligations, and U.S. Agency for International Development (U.S. A.I.D.) Guaranteed notes; (D) pre-refunded municipal obligations defined as follows: any bonds or other obligations of any state of the United States of America or of any agency, instrumentality or local governmental unit of any such state which are not callable at the option of the obligor prior to maturity or as to which irrevocable instructions have been given by the obligor to call on the date specified in the notice; or (E) instruments evidencing an ownership interest in obligations described in the preceding clauses (A), (B) and (C), or (3) a combination of the investments described in clauses (1) and (2) above, such amounts so deposited being available or maturing as to principal and interest in such amounts and at such times, without consideration of any reinvestment thereof, as will insure the availability of sufficient moneys to make such payment (all as confirmed by a nationally recognized firm of independent public accountants). At such times as a Bond shall be deemed to be paid hereunder, as aforesaid, it shall no longer be secured by or entitled to the benefits of this Ordinance, except for the purposes of registration, transfer and exchange of Bonds and any such payment from such moneys or obligations. The defeasance of Bonds under this Ordinance shall also be subject to any additional terms and conditions in the applicable Trust Indenture, if any.

No such deposit under this section shall be made or accepted hereunder and no use made of any such deposit unless, in the case of Bonds (other than Bonds issued as bonds the interest on which is not excludable from the gross income of their owners for federal income tax purposes), the applicable Bond Registrar or Bond Trustee, the applicable Ad Valorem Tax Escrow Agent, or the applicable Defeasance Escrow Agent, as the case may be, shall have received an opinion of nationally recognized municipal bond counsel to the effect that such deposit and use would not cause any of such Bonds to be treated as "*arbitrage bonds*" within the meaning of Section 148 of the Code or any successor provision thereto.

Nothing in this Ordinance shall prohibit a defeasance deposit of escrow securities as provided in this section or a defeasance deposit with respect to the Outstanding Indebtedness pursuant to any Refunding Escrow Agreement authorized by Section 13(b) hereof, from being subject to a subsequent sale of such escrow securities and reinvestment of all or a portion of the proceeds of that sale in escrow securities which, together with money to remain so held in trust, shall be sufficient to provide for payment of principal, redemption premium, if any, and interest on any of the defeased Bonds or Outstanding Indebtedness, as appropriate. Amounts held by the applicable Bond Registrar or Bond Trustee, the applicable Ad Valorem Tax Escrow Agent, any Defeasance Escrow Agent, or any Refunding Escrow Agent in excess of the amounts needed so to provide for payment of the defeased Bonds or Outstanding Indebtedness, as appropriate, may be subject to withdrawal by the City. The Mayor or an Authorized Officer is authorized to execute and deliver from time to time one or more agreements (and amendments thereto) with counterparties selected by an Authorized Officer, with respect to the investment

and use of such excess amounts held by the applicable Bond Registrar or Bond Trustee, the applicable Ad Valorem Tax Escrow Agent, a Defeasance Escrow Agent, or a Refunding Escrow Agent.

*Section 20.* With respect to the Direct Purchase Bonds, an Authorized Officer is authorized to negotiate the terms and provisions of such Direct Purchase Bonds in addition to or as an alternative to the terms and provisions of the Trust Indenture securing the applicable series of Bonds.

*Section 21.* Section 2-32-031 of the Municipal Code is hereby amended by inserting the language underscored, as follows:

**2-32-031 Debt Management Policies; retention of rebate calculation agents, financial advisors, consultants, dissemination agents and qualified independent representatives.**

*Section 2.11. Book Entry Provisions.* The provisions of this Section shall apply as long as the Bonds are maintained in book entry form with DTC or another Securities Depository, any provisions of this Indenture to the contrary notwithstanding. Notwithstanding anything else to the contrary herein, so long as DTC is the Securities Depository, the Bonds shall be subject to the operational arrangements of DTC in effect from time to time.

(a) The Bonds shall be payable to the Securities Depository, or its nominee, as the Registered Owner of the Bonds, in same day funds on each date on which the principal of, premium, if any, and interest on the Bonds is due as set forth in this Indenture and the Bonds. Such payments shall be made to the offices of the Securities Depository specified by the Securities Depository to the City and the Trustee in writing. Without notice to or the consent of the Beneficial Owners of the Bonds, the City and the

Securities Depository may agree in writing to make payments of principal and interest in a manner different from that set forth herein. If such different manner of payment is agreed upon, the City shall give the Trustee notice thereof, and the Trustee shall make payments with respect to the Bonds in the manner specified in such notice. Neither the City nor the Trustee shall have any obligation with respect to the transfer or crediting of the principal of, premium, if any, and interest on the Bonds to Participants or the Beneficial Owners of the Bonds or their nominees.

(b) If (i) the City determines, or (ii) the City receives notice that the Securities Depository has received notice from its Participants having interests in at least 50 percent in principal amount of the Bonds, that the Securities Depository or its successor is incapable of discharging its responsibilities as a securities depository, or that it is in the best interests of the Beneficial Owners that they obtain certificated Bonds, the City may (or, in the case of clause (ii) above, the City shall) cause the Trustee to authenticate and deliver Bond certificates. The City shall have no obligation to make any investigation to determine the occurrence of any events that would permit the City to make any determination described in this paragraph.

(c) If, following a determination or event specified in paragraph (b) above, the City discontinues the maintenance of the Bonds in book entry form with the then current Securities Depository, the City will issue replacement Bonds to the replacement Securities Depository, if any, or, if no replacement Securities Depository is selected for the Bonds, directly to the Participants as shown on the records of the former Securities Depository or, to the extent requested by any Participant, to the Beneficial Owners of the Bonds shown on the records of such Participant. Any such Bonds so issued in replacement shall be in fully registered form and in Authorized Denominations, be payable as to interest on the Interest Payment Dates of the Bonds by check mailed to each Registered Owner at the address of such Registered Owner as it appears on the Bond Register or, at the option of any Registered Owner of not less than $1,000,000 principal amount of Bonds, by wire transfer to any address in the United States of America on such Interest Payment Date to such Registered Owner as of such Record Date, if such Registered Owner provides the Trustee with written notice of such wire transfer address not later than the Record Date (which notice may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked by subsequent notice). Principal and premium, if any, on the replacement Bonds are payable only upon presentation and surrender of such replacement Bond or Bonds at the Designated Corporate Trust Office of the Trustee.

(d) The Securities Depository and its Participants, and the Beneficial Owners of the Bonds, by their acceptance of the Bonds, agree that the City and the Trustee shall not have liability for the failure of such Securities Depository to perform its obligations to the Participants and the Beneficial Owners of the Bonds, nor shall the City or the Trustee be liable for the failure of any Participant or other nominee of the Beneficial Owners to perform any obligation of the Participant to a Beneficial Owner of the Bonds.

(e) As long as Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the Registered Owner of the Bonds, as nominee of DTC, references herein to the Registered Owners of the Bonds shall mean Cede & Co. and shall not mean the Beneficial Owners of the Bonds.

(f) As long as Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the Registered Owner of the Bonds:

(i) selection of Bonds to be redeemed upon partial redemption or presentation of Bonds to the Trustee upon partial redemption, shall be deemed made when the right to exercise ownership rights in such Bonds through DTC or DTC's Participants is transferred by DTC on its books;

(ii) any notices of the interest rate on the Bonds to be provided by the Trustee shall be provided to anyone identifying itself to the Trustee as a person entitled to exercise ownership rights with respect to such Bonds through DTC or its Participants; and

(iii) DTC may present notices, approvals, waivers or other communications required or permitted to be made by Registered Owners under this Indenture on a fractionalized basis on behalf of some or all of those persons entitled to exercise ownership rights in the Bonds through DTC or its Participants.

## ARTICLE III

## REDEMPTION OF BONDS

*Section 3.01. Redemption Terms, Dates and Prices.* The Bonds shall be subject to redemption prior to their Maturity Date in the amounts, at the times and in the manner provided in this Section.

(a) *Optional Redemption.* The Bonds are subject to optional redemption, on any date occurring or after _____ 1, 20__, in such principal amounts and from such maturities and interest rates as the City shall determine and by lot within a single maturity and interest rate, at a Redemption Price of [100]% of the principal amount thereof being redeemed plus accrued interest, if any, to the date of redemption.

[*Insert make-whole redemption provisions authorized by Bond Ordinance if applicable*]

The City is authorized to sell or waive any right the City may have to call any of the Bonds for optional redemption, in whole or in part; *provided,* that such sale or waiver will not adversely affect the excludability of interest on the Bonds from gross income for federal income tax purposes.

(b) *General Provisions Regarding Redemptions.*

(i) No redemption of less than all of the Bonds Outstanding shall be made pursuant to Section 3.01(a) hereof unless the aggregate principal amount of Bonds to be redeemed is equal to $5,000 multiples. Any redemption of less than all of the Bonds Outstanding shall be made in such a manner that all Bonds Outstanding after such redemption are in Authorized Denominations. If fewer than all Bonds Outstanding are to be optionally redeemed, the Bonds to be called shall be called from such maturities and interest rates as may be determined by an Authorized Officer.

(ii) Bonds may be called for redemption by the Trustee pursuant to Sections 3.01(a) and 3.01(c) hereof upon receipt by the Trustee at least 45 days prior to the redemption date (unless a shorter time period shall be satisfactory to the Trustee) of, in the case of a redemption pursuant to Section 3.01(a) of a written request of the City requesting such redemption, or in the case of a redemption pursuant to Section 3.01(c) in accordance with the mandatory schedule provided herein.

(iii) In lieu of redeeming Bonds pursuant to Section 3.01(a) hereof, the Trustee may, at the request of the City, use such funds available hereunder for redemption of Bonds to purchase Bonds in the open market at a price not exceeding the Redemption Price then applicable hereunder. Any Bond so purchased in lieu of redemption shall be delivered to the Trustee for cancellation and shall be canceled, all as provided in Section 2.10 hereof.

(c) *Mandatory Redemption of Bonds.*

The Bonds maturing on January 1, 20__ are subject to mandatory redemption prior to maturity on January 1 of the years and in the amounts set forth below, at a Redemption Price of [100]% of the principal amount thereof plus accrued interest to the date fixed for redemption:

| YEAR | PRINCIPAL AMOUNT |
|---|---|

*Final Maturity

The Bonds maturing on January 1, 20__ are subject to mandatory redemption prior to maturity at a Redemption Price on January 1 of the years and in the amounts set forth below, at a Redemption Price equal to 100 percent of the principal amount thereof plus accrued interest to the date fixed for redemption:

| YEAR | PRINCIPAL AMOUNT |
|---|---|

*Final Maturity

The principal amount of the Bonds to be mandatorily redeemed in each year may be reduced through the earlier optional redemption thereof, with any partial optional redemption of such Bonds credited against future mandatory redemption requirements in such order of the mandatory redemption dates as the City may determine. In addition, on or prior to the sixtieth (60th) day preceding any mandatory redemption date, the Trustee may, and if directed by the City shall, purchase Bonds required to be retired on such mandatory redemption date at such prices as the City shall determine. Any such Bond so purchased shall be canceled and the principal amount thereof shall be credited against the payment required on such next mandatory redemption date.

*Section 3.02. Notice of Redemption.* (a) Unless waived by any owner of Bonds to be redeemed, notice of the call for any such redemption shall be given by the Trustee on behalf of the City by mailing the redemption notice by first class mail at least 30 days and not more than 60 days prior to the date fixed for redemption to the Registered Owner of the Bond or Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such Registered Owner to the Trustee, but the failure to mail any such notice or any defect therein as to any Bond shall not affect the validity of the proceedings for the redemption of any other Bond. Any notice of redemption mailed as provided in this Section 3.02 shall be conclusively presumed to have been given whether or not actually received by the addressee.

All notices of redemption shall state:

(1) the Series designation of the Bonds to be redeemed,

(2) the redemption date,

(3) the Redemption Price,

(4) if less than all outstanding Bonds are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts and interest rates) of the Bonds to be redeemed,

(5) that on the redemption date the Redemption Price will become due and payable upon each such Bond or portion thereof called for redemption, and that interest thereon shall cease to accrue or compound from and after said date,

(6) the place where such Bonds are to be surrendered for payment of the Redemption Price, and

(7) such other information as shall be deemed necessary by the Trustee at the time such notice is given to comply with law, regulation or industry standard.

(b) With respect to an optional redemption of Bonds, such notice may state that said redemption is conditioned upon the receipt by the Trustee on or prior to the date fixed for redemption of moneys sufficient to pay the Redemption Price of the Bonds. If such moneys are not so received, such redemption notice shall be of no force and effect, the City shall not redeem such Bonds and such failure to deposit such funds shall not constitute an Event of Default under this Indenture. The Trustee shall give notice, in the same manner in which the notice of redemption was given, that such moneys were not so received and that such Bonds will not be redeemed. Unless the notice of redemption shall be made conditional as provided above, on or prior to any redemption date for the Bonds, the City shall deposit with the Trustee an amount of money sufficient to pay the Redemption Price of all the Bonds or portions thereof which are to be redeemed on that date.

(c) Notice of redemption having been given as aforesaid, the Bonds, or portions thereof, so to be redeemed shall, on the redemption date, become due and payable at the Redemption Price therein specified, and from and after such date (unless the City defaults in the payment of the Redemption Price or unless, in the event of a conditional notice as described above, the necessary moneys were not deposited) such Bonds, or portions thereof, shall cease to bear interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds shall be paid by the Trustee at the Redemption Price. Installments of interest due on or prior to the redemption date shall be payable as herein provided for payment of interest. Upon surrender for any partial redemption of any Bond, there shall be prepared for the Registered Owner a new Bond or Bonds of the same interest rate and maturity in the amount of the unpaid principal.

(d) If any Bond, or portion thereof, called for redemption shall not be so paid upon surrender thereof for redemption, the principal shall, until paid, bear interest from the redemption date at the rate borne by such Bond, or portion thereof, so called for redemption. All Bonds which have been redeemed shall be cancelled and destroyed by the Trustee and shall not be reissued.

(e) Failure to give notice in the manner prescribed hereunder with respect to any Bond, or any defect in such notice, shall not affect the validity of the proceedings for redemption for any Bond with respect to which notice was properly given. Upon the happening of the above conditions and if sufficient moneys are on deposit with the Trustee on the applicable redemption date to redeem the Bonds to be redeemed and to pay interest due thereon and premium, if any, the Bonds thus called shall not, after the applicable redemption date, bear interest, be protected

by this Indenture or the Bond Ordinance or be deemed to be Outstanding under the provisions of this Indenture.

(f) If any Bond is transferred or exchanged on the Bond Register after notice has been given calling such Bond for redemption, the Trustee will attach a copy of such notice to the Bond issued in connection with such transfer or exchange.

(g) If any Bond is not presented for payment when the principal amount thereof becomes due, either at maturity or at a date fixed for redemption thereof or otherwise, and if moneys sufficient to pay such Bond are held by the Trustee for the benefit of the Registered Owner of such Bond, the Trustee shall hold such moneys for the benefit of the Registered Owner of such Bond without liability to the Registered Owner for interest. The Registered Owner of such Bond thereafter shall be restricted exclusively to such funds for satisfaction of any claims relating to such Bond.

*Section 3.03. Selection of Bonds for Redemption.* If less than all the Bonds shall be called for redemption under any provision of this Indenture permitting such partial redemption, (i) such redemption shall be by lot in such manner as the Trustee may determine among such Bonds, and (ii) subject to other applicable provisions of this Indenture, the portion of any Bond to be redeemed shall be in a principal amount equal to an Authorized Denomination. In selecting Bonds for redemption, the Trustee shall assign to each Bond of like Maturity Date and interest rate, a distinctive number for each minimum Authorized Denomination of such Bond and shall select by lot from the numbers so assigned as many numbers as, at such minimum Authorized Denomination for each number, shall equal the principal amount of such Bonds to be redeemed. In such case, the Bonds to be redeemed shall be those to which were assigned numbers so selected; provided that only so much of the principal amount of each Bond shall be redeemed as shall equal such minimum Authorized Denomination for each number assigned to it and so selected. If it is determined that one or more, but not all, of the integral multiples of the Authorized Denomination of principal amount represented by any Bond is to be called for redemption, then, upon notice of intention to redeem such integral multiple of an Authorized Denomination, the Registered Owner of such Bond shall forthwith surrender such Bond to the Trustee for (a) payment to such Registered Owner of the Redemption Price of the integral multiple of the Authorized Denomination of principal amount called for redemption, and (b) delivery to such Registered Owner of a new Bond or Bonds in the aggregate principal amount of the unredeemed balance of the principal amount of such Bond. New Bonds representing the unredeemed balance of the principal amount of such Bond shall be issued to the Registered Owner thereof without charge therefor.

The Trustee shall promptly notify the City in writing of the Bonds, or portions thereof, selected for redemption and, in the case of any Bond selected for partial redemption, the principal amount thereof, and the interest rate thereof to be redeemed.

*Section 3.04. Deposit of Funds.* For the redemption of any of the Bonds, the City shall cause to be deposited in the Principal and Interest Account moneys sufficient to pay when due the principal of, and premium, if any, and interest on, the Bonds to be redeemed on the redemption date to be applied in accordance with the provisions hereof.

Moneys on deposit in the Project Fund will be paid out from time to time by the Trustee to or upon the order of the City in order to provide for the payment or to reimburse the City for the payment of Project Costs upon receipt by the Trustee of a certificate of an Authorized Officer describing the Project

Costs to be paid or reimbursed with such moneys (including the identity of and method of payment for each payee) and stating that:

(i) the costs in an aggregate amount set forth in such certificate are necessary and appropriate Project Costs that (a) have been incurred and paid or (b) are expected to be paid within the next 60 days;

(ii) the amount to be paid or reimbursed to the City as set forth in such certificate is reasonable and represents a part of the amount payable for the Project Costs and that such payment is to be made or, in the case of reimbursement to the City, was made, in accordance with the terms of any applicable contracts and in accordance with usual and customary practice under existing conditions;

(b) Moneys in the Project Fund shall be invested at the written direction of an Authorized Officer to the fullest extent practicable in Permitted Investments maturing in such amounts and at such times as may be necessary to provide funds when needed to pay Project Costs or such other costs as may be required to be paid from such moneys. Upon calculation by the Trustee of each Series 2016_ Deposit Requirement under this Section, the Trustee shall notify the City of the Series 2016_ Deposit Requirement and the Deposit Date to which it relates, and shall provide the City with such supporting documentation and calculations as the City may reasonably request.

*Section 4.06. Tax Covenants.* (a) The City covenants that it will take no action in the investment of the proceeds of the Bonds which would result in making the interest payable on any of such Bonds subject to federal income taxes by reason of such Bonds being classified as "arbitrage bonds" within the meaning of Section 148 of the Code.

(b) The City further covenants that it will act with respect to the proceeds of the Bonds, the earnings on the proceeds of such Bonds and any other moneys on deposit in any fund or account maintained in respect of such Bonds, including, if necessary, a rebate of such earnings to the United States of America, in a manner which would cause the interest on such Bonds to continue to be exempt from federal income taxation under Section 103(a) of the Code.

*Section 4.07. Non-presentment of Bonds.* In the event any Bond shall not be presented for payment when the principal thereof becomes due, whether at maturity, at the date fixed for redemption or otherwise, if moneys sufficient to pay such Bond shall have been made available to the Trustee for the benefit of the Registered Owner thereof, subject to the provisions of the immediately following paragraph, all liability of the City to the Registered Owner thereof for the payment of such Bond shall forthwith cease, determine and be completely discharged, and thereupon it shall be the duty of the Trustee to hold such moneys, without liability for interest thereon, for the benefit of the Registered Owner of such Bond who shall thereafter be restricted exclusively to such moneys, for any claim of whatever nature on his or her part under this Indenture or on, or with respect to, such Bond.

Any moneys so deposited with and held by the Trustee not so applied to the payment of Bonds within two years after the date on which the same shall have become due shall be repaid by the Trustee to the City, and thereafter the Registered Owners of such Bonds shall be entitled to look only to the City for payment, and then only to the extent of the amount so repaid, and all liability of the Trustee with respect to such moneys shall thereupon cease, and the City shall not be liable for any interest thereon and shall not be regarded as a trustee of such moneys. The obligation of the Trustee under this Section to pay any such funds to the City shall be subject, however, to any provisions of law applicable to the Trustee or to such funds providing other requirements for disposition of unclaimed property.

*Section 4.08. Moneys Held in Trust.* All moneys required to be deposited with or paid to the Trustee for the account of any fund or account referred to in any provision of this Indenture shall be held by the Trustee in trust as provided in Section 8.08 of this Indenture, and

## ARTICLE V

## INVESTMENT OF MONEYS

Investment of Moneys.* Moneys held in the funds, accounts and subaccounts established hercunder shall be invested and reinvested in accordance with the provisions governing investments contained in this Indenture. ## ARTICLE VI

## DISCHARGE OF LIEN

*Section 6.01. Defeasance.* (a) If the City shall pay to the Registered Owners of the Bonds, or provide for the payment of, the principal, premium, if any, and interest to become due on the Bonds, then this Indenture and the Bond Ordinance shall be fully discharged and satisfied with respect to the Bonds. Upon the satisfaction and discharge of this Indenture, the Trustee shall, upon the request of the City, execute and deliver to the City all such instruments as may be desirable to evidence such discharge and satisfaction, and all fiduciaries shall pay over or deliver to the City all funds, accounts and other moneys or securities held by them pursuant to this Indenture which are not required for the payment or redemption of the Bonds. If payment or provision for payment is made, to or for the Registered Owners of all or a portion of the Bonds, of the principal of and interest due and to become due on any Bond at the times and in the manner stipulated therein, and there is paid or caused to be paid to the Trustee all sums of money due and to become due according to the provisions of this Indenture, then these presents and the estate and rights hereby and by the Bond Ordinance granted shall cease, terminate and be void as to those Bonds or portions thereof except for purposes of registration, transfer and exchange of Bonds and any such payment from such moneys or obligations. Any Bond shall be deemed to be paid within the meaning of this Section when payment of the principal of any such Bond, plus interest thereon to the due date thereof (whether such due date be by reason of maturity or upon redemption as provided in this Indenture or otherwise), either (a) shall have been made or caused to have been made in accordance with the terms thereof, or (b) shall have been provided for by irrevocably depositing with the Trustee, in trust and exclusively for such payment, (1) moneys sufficient to make such payment or (2) Defeasance Obligations, or (3) a combination of the investments described in clauses (1) and (2) above, such amounts so deposited being available or maturing as to principal and interest in such amounts and at such times, without consideration of any reinvestment thereof, as will insure the availability of sufficient moneys to make such payment (all as confirmed by a nationally recognized firm of independent public accountants). If

the City shall pay and discharge a portion of the Bonds as aforesaid, such portion shall cease to be entitled to any lien, benefit or security under this Indenture and the Bond Ordinance. The liability of the City with respect to such Bonds shall continue, but the Registered Owners thereof shall thereafter be entitled to payment (to the exclusion of all other Bondholders) only out of the Defeasance Obligations deposited with the Trustee under Article VIII of this Indenture.

(b) No such deposit under this Section shall be made or accepted hereunder and no use made of any such deposit unless the Trustee shall have received an opinion of nationally recognized municipal bond counsel to the effect that such deposit and use would not cause any of such Bonds to be treated as "arbitrage bonds" within the meaning of Section 148 of the Code or any successor provision thereto.

(c) Nothing in this Indenture shall prohibit a defeasance deposit of escrow securities as provided in this section from being subject to a subsequent sale of such escrow securities and reinvestment of all or a portion of the proceeds of that sale in escrow securities which, together with money to remain so held in trust, shall be sufficient to provide for payment of principal, redemption premium, if any, and interest on any of the defeased Bonds. Amounts held by the Trustee in excess of the amounts needed so to provide for payment of the defeased Bonds may be subject to withdrawal by the City.

## ARTICLE VII

(b) payment of any installment of interest on any Bonds shall not be made when and as the same shall become due; or

(c) the City shall fail or refuse to comply with the provisions of this Indenture, or shall default in the performance or observance of any of the covenants, agreements or conditions on its part contained herein or in the Bonds, which materially affects the rights of the owners of the Bonds and such failure, refusal or default shall continue for a period of 45 days after written notice thereof by the Trustee or the owners of not less than 25 percent in principal amount of the Outstanding Bonds; *provided, however,* that in the case of any such default which can be cured by due diligence but which cannot be cured within the 45-day period, the time to cure shall be extended for such period as may be necessary to remedy the default with all diligence.

*Section 7.02. Remedies.* (a) Upon the happening and continuance of any Event of Default specified in paragraph (a) or (b) of Section 7.01 hereof, the Trustee shall proceed, or

upon the happening and continuance of any Event of Default (beyond the time periods specified therein) specified in paragraph (c) of Section 7.01 hereof, the Trustee may proceed, and upon the written request of the owners of not less than 25 percent in principal amount of the Outstanding Bonds, shall proceed, in its own name, subject to the provisions of this Section, to protect and enforce its rights and the rights of the owners of the Bonds by such of the following remedies as the Trustec, being advised by counsel, shall deem most effectual to protect and enforce such rights:

(i) by mandamus or other suit, action or proceeding at law or in equity, to enforce all rights of the owners of the Bonds including the right to require the City to receive and collect taxes adequate to carry out the covenants and agreements as to such taxes and to require the City to carry out any other covenant or agreement with the owners of the Bonds and to perform its duties under this Indenture;

(ii) by bringing suit upon the Bonds;

(b) In the enforcement of any rights and remedies under this Indenture, the Trustee shall be entitled to sue for, enforce payment of and receive any and all amounts then or during any default becoming, and at any time remaining, due from the City but only out of moneys pledged as security for the Bonds for principal, Redemption Price, interest or otherwise, under any provision of this Indenture or of the Bonds, and unpaid, with interest on overdue payments at the rate or rates of interest specified in such Bonds, together with any and all costs and expenses of collection and of all proceedings hereunder and under such Bonds without prejudice to any other right or remedy of the Trustee or of the owners of the Bonds, and to recover and enforce a judgment or decree against the City for any portion of such amounts remaining unpaid, with interest, costs and expenses, and to collect from any moneys available under this Indenture for such purpose, in any manner provided by law, the moneys adjudged or decreed to be payable.

(c) Under no circumstance may the Trustee declare the principal of or interest on any Bond to be due and payable prior to its Maturity Date following the occurrence of an Event of Default under this Indenture.

## ARTICLE VIII

## TRUSTEE AND PAYING AGENT

*Section 8.01. Acceptance of Trusts.* The Trustee hereby accepts the trusts imposed upon it by this Indenture, and agrees to perform said trusts, but only upon and subject to the express terms and conditions set forth herein. Except as otherwise expressly set forth in this Indenture, the Trustee assumes no duties, responsibilities or liabilities by reason of its execution

of this Indenture other than as set forth in this Indenture, and this Indenture is executed and accepted by the Trustee subject to all the terms and conditions of its acceptance of the trust under this Indenture. The Trustee shall make payments to Bondholders and effect optional and mandatory redemptions when required, whether or not its fees and expenses have been fully paid.

*Section 8.02. Dealing in Bonds.* The Trustee, in its individual capacity, may buy, sell, own, hold and deal in any of the Bonds, and may join in any action which the Registered Owner of any Bond may be entitled to take with like effect as if it did not act in any capacity hereunder. The Trustee, in its individual capacity, either as principal or agent, may also engage in or be interested in any financial or other function with the City, and may act as depositary, trustee or agent for any committee or body of the Registered Owners of Bonds secured hereby or other obligations of the City as freely as if it did not act in any capacity hereunder.

*Section 8.03. The City further agrees to indemnify and save the Trustee harmless against any liabilities which it may incur in the exercise and performance of its powers and duties hereunder, which are not due to its negligence or default.

*Section 8.04. Paying Agent.* ***[Consider whether you want this provision in a fixed rate transaction.]*** The Trustee may appoint a Paying Agent with power to act on its behalf and subject to its direction (i) in the authentication, registration and delivery of Bonds in connection with transfers and exchanges hereunder, as fully to all intents and purposes as though such Paying Agent had been expressly authorized by this Indenture to authenticate, register and deliver Bonds, and (ii) for effecting purchases and sales of Bonds pursuant hereto and accepting deliveries of Bonds, making deliveries of Bonds and holding Bonds pursuant hereto. The foregoing notwithstanding, the Trustee need not appoint a Paying Agent hereunder as long as the Bonds are held in book-entry form pursuant to Section 2.11 hereof; at any time the Bonds are not held in book-entry form pursuant to Section 2.11 hereof, the Trustee shall either maintain an office in New York, New York capable of handling the duties of Paying Agent hereunder, or shall appoint a Paying Agent with an office in New York, New York hereunder. Any Paying Agent appointed pursuant to this Section shall evidence its acceptance by a certificate filed with the Trustee, the Bank and the City. For all purposes of this Indenture, the authentication, registration and delivery of Bonds by or to any Paying Agent pursuant to this Section 8.04 shall be deemed to be the authentication, registration and delivery of Bonds "by or to the Trustee." Such Paying Agent shall at all times be a commercial bank or trust company having an office in New York, New York, and shall at all times be a corporation organized and doing business under the laws of the United States of America or of any state with combined capital and surplus of at least $50,000,000 and in each case authorized under such laws to exercise corporate trust powers and subject to supervision or examination by Federal or state authority. If such corporation publishes reports of condition at least annually pursuant to law or the requirements of such

authority, then for the purposes of this Section the combined capital and surplus of such corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published.

Any corporation into which such Paying Agent may be merged or converted, or with which it may be consolidated, or any corporation resulting from any merger, consolidation or conversion to which such Paying Agent shall be a party, or any corporation succeeding to the corporate trust business of such Paying Agent, shall be a successor of such Paying Agent hereunder, if such successor corporation is otherwise eligible under this Section, without the execution or filing or any further act on the part of the parties hereto or such Paying Agent or such successor corporation.

Any Paying Agent may at any time resign by giving written notice of resignation to the Trustee and the City, and such resignation shall take effect at the appointment by the Trustee of a successor Paying Agent pursuant to the succeeding provisions of this Section and the acceptance by the successor Paying Agent of such appointment. The Trustee may at any time terminate the agency of any Paying Agent by giving written notice of termination to such Paying Agent and the City, which termination shall not take effect until the acceptance by the successor Paying Agent of such appointment. Upon receiving such a notice of resignation or upon such a termination, or in case at any time such Paying Agent shall cease to be eligible under this Section, the Trustee shall promptly appoint a successor Paying Agent, shall give written notice of such appointment to the City and shall mail notice of such appointment to all Registered Owners of Bonds.

Notwithstanding anything herein to the contrary, any Paying Agent shall be entitled to rely on information furnished to it orally or in writing by the Trustee and shall be protected hereunder in relying thereon. The Trustee agrees to pay to any Paying Agent from time to time its fees and expenses for its services, and the Trustee shall be entitled to be reimbursed for such payments pursuant to Section 8.03 hereof.

*Section 8.05. Notice to Rating Agencies.* The Trustee hereby agrees that if at any time (a) the City redeems any portion of the Bonds Outstanding hereunder prior to their Maturity Date, (b) the City provides for the payment of any portion of the Bonds pursuant to Section 6.01, (c) a successor Trustee is appointed, (d) any supplement to this Indenture shall become effective, or any party thereto shall waive any provision of this Indenture, or (e) any other information that a Rating Agency may reasonably request in order to maintain the ratings on the Bonds, then, in each case, the Trustee shall give notice thereof to each Rating Agency then maintaining a rating on the Bonds.

Any notice given to a Rating Agency hereunder shall be mailed by first class mail as follows:

[*Insert addresses of Rating Agencies rating the Bonds*]

*Section 8.06. Qualification of Trustee.* The Trustee hereunder shall be a bank, trust company or national banking association having the powers of a trust company doing business and having a corporate trust office in the City of Chicago, Illinois.

*Section 8.07. Responsibilities of Trustee.* (a) The recitals of fact herein and in the Bonds shall be taken as the statements of the City and the Trustee assumes no responsibility for the correctness of the same. The Trustee makes no representations as to the validity or sufficiency of this Indenture or any Supplemental Indenture or of any Bonds issued hereunder or thereunder or in respect of the security afforded by this Indenture or any Supplemental Indenture and the Trustee shall not incur any responsibility in respect thereof. The Trustee shall, however, be responsible for its representation contained in its certificate of authentication on the Bonds. The Trustee shall not be under any responsibility or duty with respect to the issuance of the Bonds for value or the application of the proceeds thereof except to the extent such proceeds are paid to the Trustee in its capacity as Trustee, or the application of any moneys paid to the City or others in accordance with this Indenture or any Supplemental Indenture. The Trustee shall not be under any obligation or duty to perform any act that would involve it in expense or liability or to institute or defend any action or suit in respect hereof, or to advance any of its own moneys, unless properly indemnified. Subject to the provisions of paragraph (b) of this Section, the Trustee shall not be liable in connection with the performance of its duties hereunder except for its own negligence or willful misconduct or that of its agents.

(b) The Trustee, prior to the occurrence of an Event of Default and after the remedy of all Events of Default that may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and each Supplemental Indenture. In case an Event of Default has occurred and has not been remedied, the Trustee shall exercise such of the rights and powers vested in it by law, this Indenture and each Supplemental Indenture and shall use the same degree of care and skill in their exercise as a prudent person would exercise or use under the circumstances in the conduct of his or her own affairs. Any provision of this Indenture and any Supplemental Indenture and any Supplemental Indenture relating to action taken or so to be taken by the Trustee or to evidence upon which the Trustee may rely shall be subject to the provisions of this Section.

*Section 8.08. Funds Held in Trust and Security Therefor.* Any moneys held by the Trustee, as such, at any time pursuant to the terms of this Indenture or any Supplemental Indenture shall be and hereby are assigned, transferred and set over unto the Trustee in trust for the purposes and upon the terms and conditions of this Indenture or any Supplemental Indenture. Subject to the terms of this Indenture concerning Permitted Investments, all moneys (not including securities) held by the Trustee, as such, may be deposited by the Trustee in its banking department, or with such other banks, trust companies, or national banking associations, each having a place of business in the City of Chicago, Illinois, as may be designated by the City and approved by the Trustee. No such funds shall be deposited with any bank, trust company or national banking association, other than the Trustee, in an amount exceeding 25 percent of the

amount which an officer of such bank, trust company or national banking association shall certify to the Trustee and the City as the combined capital, surplus and undivided profits of such bank, trust company or national banking association. No such funds shall be deposited or remain on deposit with any bank, trust company or national banking association in excess of the amount insured by the Federal Deposit Insurance Corporation, unless (a) such bank, trust company or national banking association shall have deposited in trust with the trust department of the Trustee or with a Federal Reserve Bank or branch or, with the written approval of the Trustee and the City, pledged to some other bank, trust company or national banking association, for the benefit of the City and the appropriate fund, account, subfund or subaccount, as collateral security for the moneys deposited, Qualified Collateral having a current market value (exclusive of accrued interest) at least equal to 110 percent of the amount of such moneys, or (b) in lieu of such collateral security as to all or any part of such moneys, there shall have been deposited in trust with the trust department of the Trustee, for the benefit of the City and the appropriate fund, account, subfund or subaccount, and remain in full force and effect as security for such moneys or part thereof, the indemnifying bond or bonds of a surety company or companies qualified as surety for deposits of funds of the United States of America and qualified to transact business in the State in a sum at least equal to the amount of such moneys or part thereof. The Trustee shall allow and credit interest on any such moneys held by it at such rate as it customarily allows upon similar moneys of similar size and under similar conditions or as required by law. Interest in respect of moneys or on securities in any fund, account, subfund or subaccount shall be credited in each case to the fund, account, subfund or subaccount in which such moneys or securities are held.

*Section 8.09. Evidence on which Trustee May Act.* The Trustee shall be protected in acting upon any notice, resolution, request, consent, order, certificate, report, opinion, bond or other paper or document believed by it to be genuine, and to have been signed or presented by the proper party or parties. The Trustee may consult with counsel, who may or may not be counsel to the City, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance therewith. Whenever the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, including payment of moneys out of any fund or account, such matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a Certificate, and such Certificate shall be full warrant for any action taken or suffered in good faith under the provisions of this Indenture upon the faith thereof, but in its discretion the Trustee may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as to it may seem reasonable. Except as otherwise expressly provided herein or therein, any request, order, notice or other direction required or permitted to be furnished pursuant to any provision hereof or thereof by the City to the Trustee shall be sufficiently executed if executed in the name of the City by an Authorized Officer.

*Section 8.10. Permitted Acts and Functions.* The Trustee may become the Owner of any Bonds, with the same rights it would have if it were not the Trustee. To the extent permitted by law, the Trustee may act as depositary for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of the Owners of Bonds or to effect or aid in any reorganization growing out of the enforcement

of the Bonds or this Indenture, whether or not any such committee shall represent the Owners of a majority in principal amount of the Bonds then Outstanding.

*Section 8.11. Resignation.* The Trustee may at any time resign and be discharged of its duties and obligations created by this Indenture by giving not fewer than 60 days' written notice to the City and mailing notice thereof, to the owners of Bonds at their addresses shown on the registration books kept by the Trustee within 20 days after the giving of such written notice. Such resignation shall take effect upon the appointment and acceptance of appointment of a successor by the City or the Owners of Bonds as herein provided.

*Section 8.12. Removal.* The Trustee may be removed at any time by the Owners of a majority in principal amount of the Bonds then Outstanding, excluding any Bonds held by or for the account of the City, by an instrument or concurrent instruments in writing signed and duly acknowledged by such Owners of Bonds or by their attorneys duly authorized in writing and delivered to the City. Copies of each such instrument shall be delivered by the City to the Trustee and any successor. The City may remove the Trustee at any time, except during the existence of an Event of Default, for such cause (or upon 30 days' notice for any reason) as shall be determined in the sole discretion of the City by filing with the Trustee an instrument signed by an Authorized Officer and by mailing notice thereof to the Bank and to the Owners of Bonds at their addresses shown on the registration books kept by the Trustee. Any removal of the Trustee shall take effect upon the appointment and acceptance of appointment of a successor Trustee.

*Section 8.13. Appointment of Successor.* In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee or of its property shall be appointed, or if any public officer shall take charge or control of the Trustee or of its property or affairs, a successor may be appointed by the Owners of a majority in principal amount of the Bonds then Outstanding, excluding any Bonds held by or for the account of the City, by an instrument or concurrent instruments in writing signed by such Owners or their attorneys duly authorized in writing and delivered to such successor Trustee, notification thereof being given to the City and the predecessor Trustee. Pending such appointment, the City shall forthwith appoint a Trustee to fill such vacancy until a successor Trustee (if any) shall be appointed by the Owners of Bonds as herein authorized. The City shall mail notice to Owners of Bonds of any such appointment within 20 days after such appointment. Any successor Trustee appointed by the City shall, immediately and without further act, be superseded by a Trustee appointed by the Owners of Bonds. If in a proper case no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section within 45 days after the Trustee shall have given to the City written notice of resignation as provided in Section 8.11 hereof or after the occurrence of any other event requiring or authorizing such appointment, the Trustee, any Owner of Bonds may apply to any court of competent jurisdiction to appoint a successor. Said court may thereupon, after such notice, if any, as said court may deem proper and prescribe, appoint such successor Trustee. Any Trustee appointed under the provisions of this Section shall be a bank, trust company or national banking association, in any such case having corporate trust powers, doing business and having a corporate trust office in the City.

*Section 8.14. Transfer of Rights and Property to Successor.* Any successor Trustee appointed under this Indenture shall execute, acknowledge and deliver to its predecessor Trustee, and also to the City, a written instrument of acceptance respecting such appointment, and thereupon such successor Trustee, without any further act, deed or conveyance, shall become fully vested with all moneys, estates, properties, rights, powers, duties and obligations of such predecessor Trustee, with like effect as if originally named as Trustee; but the Trustee ceasing to act shall nevertheless, on the request of the City, or of the successor Trustee, execute, acknowledge and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor Trustee all the right, title and interest of the predecessor Trustee in and to any property held by it under this Indenture, and shall pay over, assign and deliver to the successor Trustee any money or other property subject to the trusts and conditions herein set forth. Should any deed, conveyance or instrument in writing from the City be required by such successor Trustee for more fully and certainly vesting in and confirming to such successor Trustee any such estates, rights, powers and duties, any and all such deeds, conveyances and instruments in writing shall, on request, and so far as may be authorized by law, be executed, acknowledged and delivered by the City.

*Section 8.15. Merger or Consolidation.* Any company into which the Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a bank, trust company or national banking association which is qualified to be a successor to the Trustee under Section 8.13 hereof and shall be authorized by law to perform all the duties imposed upon it by this Indenture, shall be the successor to the Trustee without the execution or filing of any paper or the performance of any further act.

*Section 8.16. Adoption of Authentication.* In case any of the Bonds contemplated to be issued under this Indenture shall have been authenticated but not delivered, any successor Trustee may adopt the certificate of authentication of any predecessor Trustee so authenticating such Bonds and deliver such Bonds so authenticated, and in case any of the said Bonds shall not have been authenticated, any successor Trustee may authenticate such Bonds in the name of the predecessor Trustee, or in the name of the successor Trustee, and in all such cases such certificate shall have the full force which it is anywhere in the Bonds or in this Indenture *provided* that the certificate of the Trustee shall have.

*Section 8.17. Evidence of Signatures of Owners and Ownership of Bonds.* (a) Any request, consent or other instrument which this Indenture may require or permit to be signed and executed by the Owners of Bonds may be in one or more instruments of similar tenor, and shall be signed or executed by such Owners in person or by their attorneys appointed in writing. Proof of (i) the execution of any such instrument, or of an instrument appointing any such attorney, or (ii) the ownership by any person of the Bonds, shall be sufficient for any purpose of this Indenture (except as otherwise herein expressly provided) if made in the following manner, but the Trustee may nevertheless in its discretion require further or other proof in cases where it deems the same desirable:

(1) The fact and date of the execution by any Owner or his attorney of such instrument may be proved by the certificate, which need not be acknowledged or verified, of an officer of a bank or trust company satisfactory to the Trustee or of any notary public or other officer authorized to take acknowledgments of deeds to be recorded in the jurisdiction in which he purports to act, that the person signing such request or other instrument acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer.

(2) The authority of the person or persons executing any such instrument on behalf of a corporate Owner of Bonds may be established without further proof if such instrument is signed by a person purporting to be the president or vice president of such corporation with a corporate seal affixed and attested by a person purporting to be its secretary or an assistant secretary.

(b) The ownership of Bonds and the amount, numbers and other identification, and date of ownership of the same shall be proved by the Bond Register. Any request, consent or vote of the Owner of any Bond shall bind all future Owners of such Bond in respect of anything done or suffered to be done by the City or the Trustee in accordance therewith.

*Section 8.18. Preservation and Inspection of Documents.* All documents received by the Trustee under the provisions of this Indenture shall be retained in its possession and shall be subject at all reasonable times to the inspection of the City and any Owner of Bonds and their agents and their representatives, any of whom may make copies thereof.

## ARTICLE IX

## SUPPLEMENTAL INDENTURE

*Section 9.01. Supplemental Indenture Effective Upon Execution by the Trustee.* For any one or more of the following purposes and the purposes enumerated in Section 9.04 hereof, and at any time or from time to time, a Supplemental Indenture may be authorized by an ordinance adopted by the City Council of the City, which, upon the filing with the Trustee of a copy of such ordinance certified by the City Clerk and the execution and delivery of such Supplemental Indenture by the City and the Trustee, shall be fully effective in accordance with its terms and not subject to consent by the Registered Owners of the Bonds:

(a) to add to the covenants and agreements of the City in this Indenture other covenants and agreements to be observed by the City which are not contrary to or inconsistent with this Indenture as theretofore in effect;

(b) to add to the limitations and restrictions in this Indenture other limitations and restrictions to be observed by the City which are not contrary to or inconsistent with this Indenture as theretofore in effect;

(c) to surrender any right, power or privilege reserved to or conferred upon the City by the terms of this Indenture, but only if the surrender of such right, power or

privilege is not contrary to or inconsistent with the covenants and agreements of the City contained in this Indenture;

(d) to confirm, as further assurance, the pledge herein, and the subjection of, additional properties, taxes or other collateral to any lien, claim or pledge created or to be created by, this Indenture;

(e) to cure any ambiguity, supply any omission, or cure or correct any defect or inconsistent provision in this Indenture;

(f) to insert such provisions clarifying matters or questions arising under this Indenture as are necessary or desirable and are not contrary to or inconsistent with this Indenture as theretofore in effect; or

(g) to provide additional duties of the Trustee under this Indenture.

*Section 9.02. Supplemental Indentures Effective With Consent of Owners of Bonds.* At any time or from time to time, a Supplemental Indenture may be authorized by an ordinance adopted by the City Council of the City, subject to consent by the Owners of Bonds in accordance with and subject to the provisions of this Article, which Supplemental Indenture, upon the filing with the Trustee of a copy of such ordinance certified by the City Clerk, upon compliance with the provisions of this Article, and upon execution and delivery of such Supplemental Indenture by the City and the Trustee, shall become fully effective in accordance with its terms.

*Section 9.03. General Provisions.* (a) This Indenture shall not be modified or amended in any respect except as provided in and in accordance with and subject to the provisions of this Article. Nothing in this Article shall affect or limit the right or obligation of the City to adopt, make, do, execute, acknowledge or deliver any ordinance, resolution, act or other instrument pursuant to the provisions of this Article or the right or obligation of the City to execute and deliver to the Trustee any instrument which elsewhere in this Indenture it is provided shall be delivered to the Trustee.

(b) Any ordinance authorizing a Supplemental Indenture referred to and permitted or authorized by Section 9.01 or 9.04 hereof may be adopted by the City Council of the City without the consent of any of the Owners of Bonds, but such Supplemental Indenture shall be executed and delivered by the City and the Trustee and shall become effective only on the conditions, to the extent and at the time provided in this Article. Every Supplemental Indenture delivered to the Trustee for execution shall be accompanied by an opinion of counsel stating that such Supplemental Indenture has been duly and lawfully authorized by the City Council of the City and executed by the City in accordance with the provisions of this Indenture, is authorized or permitted by this Indenture, and will, when executed and delivered by the Trustee, be valid and binding upon the City and enforceable in accordance with its terms.

(c) The Trustee is hereby authorized to enter into, execute and deliver any Supplemental Indenture referred to and permitted or authorized by this Article and to make all

further agreements and stipulations which may be therein contained, and the Trustee, in taking such action, shall be fully protected in relying on an opinion of counsel that such Supplemental Indenture is authorized or permitted by the provisions of this Indenture.

(d) No Supplemental Indenture shall change or modify any of the rights or obligations of the Trustee without its written assent thereto.

(e) No Supplemental Indenture shall take effect unless and until there has been delivered to the Trustee an Opinion of Bond Counsel to the effect that such Supplemental Indenture does not adversely affect the exclusion from gross income for federal income tax purposes to which interest on the Bonds would otherwise be entitled.

*Section 9.04. Additional Matters.* Additionally, this Indenture may, without the consent of, or notice to, any of the Bondholders, be supplemented and amended, in such manner as shall not be inconsistent with the terms and provisions hereof, for any one or more of the following purposes:

(a) to provide for certificated Bonds; and

(b) to secure or maintain ratings from any Rating Agency in the highest long term debt rating category, of such Rating Agency which are available for the Bonds, which changes will not restrict, limit or reduce the obligation of the City to pay the principal of, premium, if any, and interest on the Bonds as provided in this Indenture or otherwise adversely affect the Registered Owners of the Bonds under this Indenture.

*Section 9.05. Mailing of Notice of Amendment.* Any provision in this Article for the mailing of a notice or other paper to owners of Bonds shall be fully complied with if it is mailed postage prepaid only (i) to each Registered Owner of then Outstanding Bonds at his address, if any, appearing upon the registration books maintained by the City at the Designated Corporate Trust Office of the Trustee, and (ii) to the Trustee.

*Section 9.06. Powers of Amendment.* Any modification or amendment of this Indenture or of the rights and obligations of the City and of the Owners of the Bonds, in particular, which requires the consent of the Bondholders, may be made by a Supplemental Indenture, with the written consent given as provided in Section 9.07, (a) of the Owners of a majority in principal amount of the Bonds Outstanding at the time such consent is given, or (b) in case less than all of the then Outstanding Bonds are affected by the modification or amendment, of the Owners of a majority in principal amount of the then Outstanding Bonds so affected. No such modification or amendment shall permit a change in the terms of redemption or maturity of the principal of any Outstanding Bonds or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon, or in terms of purchase or the purchase price thereof, without the consent of the owner of such Bonds, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the owners of which is required to effect any such modification or amendment, or shall change or modify any of the rights or obligations of the Trustee without its written assent thereto. For the purposes

of this Section, a Bond shall be deemed to be affected by a modification or amendment of this Indenture if the same adversely affects or diminishes the rights of the owners of such Bond.

*Section 9.07. Consent of Owners of Bonds.* (a) The City may at any time authorize a Supplemental Indenture making a modification or amendment permitted by the provisions of Section 9.06, to take effect when and as provided in this Section. A copy of such Supplemental Indenture (or brief summary thereof or reference thereto in form approved by the Trustee), together with a request to the Owners of the Bonds for their consent thereto in form satisfactory to the Trustee, shall be mailed by the City to the Owners of the Bonds (but failure to mail such copy and request shall not affect the validity of the Supplemental Indenture when consented to as in this Section provided). Such Supplemental Indenture shall not be effective unless and until, and shall take effect in accordance with its terms when, (i) there shall have been filed with the Trustee (1) the written consents of Owners of the percentages of Outstanding Bonds specified in Section 9.06 and (2) an opinion of counsel stating that such Supplemental Indenture has been duly and lawfully executed and delivered by the City and the Trustee in accordance with the provisions of this Indenture, is authorized or permitted hereby and is valid and binding upon the City and enforceable in accordance with its terms upon its becoming effective as in this Section provided, and (ii) a notice shall have been mailed as hereinafter in this Section provided.

(b) The consent of an Owner of Bonds to any modification or amendment shall be effective only if accompanied by proof of the Ownership, at the date of such consent, of the Bonds with respect to which such consent is given, which proof shall be such as is permitted by Section 8.17. A certificate or certificates signed by the Trustee that it has examined such proof and that such proof is sufficient in accordance with Section 8.17 shall be conclusive that the consents have been given by the Owners of the Bonds described in such certificate or certificates. Any such consent shall be binding upon the Owner of the Bonds giving such consent and upon any subsequent Owner of such Bonds and of any Bonds issued in exchange therefor (whether or not such subsequent Owner thereof has notice thereof) unless such consent is revoked in writing by the Owner of such Bonds giving such consent or a subsequent Owner thereof by filing such revocation with the Trustee, prior to the time when the written statement of the Trustee hereinafter provided for in this Section is filed. The fact that a consent has not been revoked may likewise be proved by a certificate of the Trustee to the effect that no revocation thereof is on file with the Trustee.

(c) At any time after the Owners of the required percentages of Bonds shall have filed their consents to the Supplemental Indenture, the Trustee shall make and file with the City a written statement that the Owners of such required percentages of Bonds have filed such consents. Such written statement shall be conclusive that such consents have been so filed. At any time thereafter notice, stating in substance that the Supplemental Indenture (which may be referred to as a Supplemental Indenture entered into by the City and the Trustee as of a stated date, a copy of which is on file with the Trustee) has been consented to by the Owners of the required percentages of Bonds and will be effective as provided in this Section, shall be given to Owners by the Trustee by mailing such notice to the Owners of the Bonds and the Bank (but failure to mail such notice shall not prevent such Supplemental Indenture from becoming effective and binding as provided in this Section). The Trustee shall file with the City proof of the mailing of such notice. A record, consisting of the papers required or permitted by this

Section to be filed with the Trustee, shall be proof of the matters therein stated. Such Supplemental Indenture making such amendment or modification shall be deemed conclusively binding upon the Trustee and the Owners of all Bonds at the expiration of 40 days after the filing with the Trustee of proof of the mailing of such last mentioned notice, except in the event of a final decree of a court of competent jurisdiction setting aside such Supplemental Indenture in a legal action or equitable proceeding for such purpose commenced within such 40-day period; except that the Trustee and the City, during such 40-day period and any such further period during which any such action or proceeding may be pending, shall be entitled in their absolute discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Indenture as they may deem expedient.

*Section 9.08. Modifications by Unanimous Consent.* The terms and provisions of this Indenture and the rights and obligations of the City and of the Owners of the Bonds hereunder may be modified or amended in any respect upon the consent of the Owners of all the then Outstanding Bonds to the execution and delivery of such Supplemental Indenture, such consent to be given as provided in Section 9.07 except that no notice to the Owners of the Bonds shall be required; but no such modification or amendment shall change or modify any of the rights or obligations of the Trustee without its written assent thereto.

*Section 9.09. Exclusion of Bonds.* Bonds owned by or for the account of the City shall not be deemed Outstanding for the purpose of consent or other action or any calculation of Outstanding Bonds provided for in this Article, and the City shall not be entitled with respect to such Bonds to give any consent or take any other action provided for in this Article. At the time of any consent or other action taken under this Article, the City shall furnish the Trustee with a Certificate upon which the Trustee may rely, describing all Bonds so to be excluded.

*Section 9.10. Notation on Bonds.* Bonds authenticated and delivered after the effective date of any action taken as in this Article provided may, and, if the Trustee so determines, shall, bear a notation by endorsement or otherwise in form approved by the City and the Trustee as to such action, and in that case upon demand of the Owner of any Bond Outstanding at such effective date and presentation of his Bond for that purpose at the Designated Corporate Trust Office of the Trustee or upon any exchange or registration of transfer of any Bond Outstanding at such effective date, suitable notation shall be made on such Bond or upon any Bond issued upon any such exchange or registration of transfer by the Trustee as to any such action. If the City or the Trustee shall so determine, new Bonds so modified as in the opinion of the Trustee and the City to conform to such action shall be prepared, authenticated and delivered, and upon demand of the Owner of any Bond then Outstanding shall be exchanged, without cost to such Owner, for Bonds of the same maturity upon surrender of such Bond.

# I. INTRODUCTION

This document is to serve as the **"Redevelopment Plan,"** as defined under the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq., as amended (the "Act"). The project area is located on the north side of the City of Chicago (the "City") along the north branch of the Chicago River at the intersection of Diversey Parkway and Damen Avenue. The area encompasses approximately 18 of the 33 buildings described below in the Julia C. Lathrop public housing development. The project area is generally bounded on the east by Damen Avenue and Clybourn Avenue, on the north by Wellington Avenue, on the west by the north branch of the Chicago River and Leavitt Avenue, and on the south by an irregular line that lies between 214 feet and 354 feet south of Diversey Parkway and runs along the south line of the Lathrop Homes' buildings commonly numbered as 13, 6, and 2. For a map depicting the location of the project area within the City, see **Redevelopment Plan Figure 1. Community Context Map**.

In cooperation with the Chicago Housing Authority (the "**CHA**"), the City is committed to providing housing that promotes the health and vitality of neighborhoods and a supportive environment that enables people to improve their quality of life. As part of the City's strategy to coordinate with related agencies and maximize the leverage of public resources through growth and private investment within the Project Area, Johnson Research Group, Inc. ("**JRG**" or the "**Consultant**") was engaged by Lathrop Community Partners, LLC, an Illinois limited liability company (the "**Developer**"), whose members include, Related Lathrop, LLC, an Illinois limited liability company, Heartland Lathrop LLC, an Illinois limited liability company, and Bickerdike Lathrop LLC, an Illinois limited liability company, to study whether the proposed mixed-use redevelopment within the Project Area of approximately 21.02 acres qualifies as a "conservation area," a "blighted area," or a combination of both blighted areas and conservation areas under the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq., as amended (the "**Act**"). The Developer, at the City's sole discretion and written consent, may include a to-be-formed legal entity and/or entities related to the Developer.

The project area is described in more detail below as well as in the report, entitled, "Diversey/Chicago River Tax Increment Financing Eligibility Report" (the "**Eligibility Report**"), attached to this Redevelopment Plan as **Exhibit I** hereto, and by this reference made a part hereof. The project area has historically provided the unique public function of providing low-income public housing. As part of the CHA's "Plan Forward: Communities that Work," (the "**Plan Forward**"), CHA and the City are reimagining the face of public housing as mixed-income housing that is integrated into the fabric of the larger community. Redevelopment of the project area cannot be realized by private investment alone and is not reasonably expected to be developed without public intervention and leadership by the City.

This Redevelopment Plan summarizes the analyses and findings of the Consultant's work, which, unless otherwise noted, is the responsibility of JRG. The City is entitled to rely on the findings and conclusions of this Redevelopment Plan in designating the project area as a "**Redevelopment Project Area**" as defined under the Act. The Consultant has prepared this Redevelopment Plan, Eligibility Report, as well as the study entitled, the "Diversey/Chicago River Tax Increment Financing Housing Impact Study" (the "**Housing Impact Study**"), attached to this Redevelopment Plan as **Exhibit II** hereto, and by this reference made a part hereof, with the understanding that the City would rely:

1) on the findings and conclusions of the Redevelopment Plan, Eligibility Report and Housing Impact Study in proceeding with the designation of the project area as a Redevelopment Project Area;
2) the adoption of the Redevelopment Plan;
3) adoption of tax increment financing ("**TIF**") for the project area; and
4) on the Consultant to obtain the necessary information to ensure that the Redevelopment Plan, Eligibility Report and the Housing Impact Study will comply with the Act.

## A. Diversey/Chicago River Tax Increment Financing Redevelopment Project Area

The project area is referred to in this Redevelopment Plan as the "Diversey/Chicago River Tax Increment Financing Redevelopment Project Area," hereinafter referred to as the "**Project Area**." The Project Area is approximately 21.02 acres in size and includes four tax parcels within two tax superblocks. The Project Area is situated within two Chicago community areas that meet at Diversey Parkway. The City's North Center community area encompasses the Project Area to the north and the City's Lincoln Park community area encompasses the portion of the Project Area to the south of Diversey Parkway.

Currently, 16 of the 18 buildings in the Project Area are multi-unit residential buildings and two are non-residential buildings, which consist of a small CHA management office and a community center. The multi-unit residential buildings are currently a mixture of two-, three-, and four-story walk-up buildings. The community center is currently located in the far northern portion of Lathrop Homes and the one story CHA management office building is currently located at Lathrop Homes' northwest corner at Diversey Parkway and Clybourn Avenue. The Project Area is included within the Waterway Residential-Business Planned Development number 1315, approved by the City Council on March 16, 2016 (the "**PD**").

The PD describes the proposed redevelopment activities to be undertaken in the Project Area to include, but not limited to, the creation of approximately 535 mixed-income residential units, the new construction of two mixed-use buildings to contain commercial and residential units, the rehabilitation of approximately 16 of the existing multi-unit residential buildings, the rehabilitation of the two non-residential buildings for continued use as a management office and community space and the development of open space along the Chicago river (the "**Redevelopment Project**").

For a map depicting the Project Area boundaries, see **Figure 2** attached hereto and incorporated herein. A legal description of the Project Area is included in **Section II** herein.

### The Julia C. Lathrop Public Housing Development

The design and construction of the Julia C. Lathrop Public Housing development ("**Lathrop Homes**") came about at a turbulent time in the nation's history when the great depression, slum housing conditions, and the role of government were changing the face of urban housing. In 1933, the United States Congress ("**Congress**") passed a massive piece of legislation, the "National Industrial Recovery Act", better known as the "New Deal." In addition to creating a program to get people to work again after the great depression, the legislation introduced government into direct build housing for the poor for the first time. Congress passed funding for the construction of low-cost housing and a newly established federal housing division ("**HD**") acquired land from the International Harvester Company's Deering operations at Diversey Parkway and the Chicago River and hired a design team. The team, headed by architect Robert DeGoyler and landscape architect Jens Jensen, took planning principles from the Garden City movement and planned cities like Radburn, New Jersey and Sunnyside Gardens, New York and modified these principles

for working class housing developments. Coming to fruition in the height of the great depression, Lathrop Homes was designed and built quickly to kick-start the frozen construction industry and alleviate unemployment and opened in March 1938. The complex was designed with 31 buildings and interior open spaces that included individual kitchen gardens behind row houses and a central lawn designed for use primarily by residents. Two more buildings were added years later, including an eight-story residential building for senior citizens in 1959 and a recreation center in 1960. A swimming pool was added in the 1960s on a small site at the northeast corner of Lathrop Homes that was leased to the City's park district. The pool was filled and closed in 1995 and replaced with a small play lot.

**National Register of Historic Places**

In 2012, Lathrop Homes was listed as an historic district on the National Register of Historic places as a nationally significant example of Regional Planning Association of America ("**RPAA**") community building and early public housing architecture. It is recognized as one of the largest, most thoroughly-executed, and best-preserved examples of America's first phase of public housing as well as of American urban and community planning in the inter-war period. Of the 52 initial HD projects, Lathrop Homes was the fourth largest by number of units and the sixth largest in terms of acreage. As a result, it communicates the scope of the RPAA vision more completely than other, smaller projects. Most of the HD projects, like so much of the New Deal, compromised between tradition, popular taste, and contemporary modernism by designing extremely simplified examples of more traditional styles. The classical revival decorative brickwork and stone detailing at Lathrop Homes, however, make these buildings the most elaborate of the HD inventory. More than a typical product of this significant program, Lathrop Homes is a particularly complete and elaborate example and is one of the most intact survivors of the period.

In addition to architecturally and historically significant structures, the Project Area includes a number of other physical assets:

- Convenient access to Elizabeth Wood Park, a small neighborhood park adjacent to the northern half of the Project Area, and Hamlin Park, a community park one block north) of the Project Area that features tennis courts, a swimming pool, an indoor gymnasium/basketball/volleyball court, boxing and fitness equipment, and four softball/baseball diamonds;
- The north branch of the Chicago River is located on the western edge of the Project Area, enabling scenic views and riverfront activities. There is a walking path along the river that extends along the full length of Lathrop Homes.
- Lincoln Park, a sprawling, regional park and its multiple amenities including Lincoln Park Zoo, Diversey Harbor, Peggy Notebaert Nature Museum and multiple lakefront bicycle and pedestrian paths is located just 2.2 miles east on Diversey Parkway.
- Convenient access to the interstate highway system. Entrance/exits to Interstate 90/94 can be made less than 1.5 miles west on Diversey Parkway or Logan Boulevard and is just 6 miles from the City's Loop neighborhood and multiple regional expressways.
- Public transportation options include Chicago Transit Authority ("**CTA**") brown line elevated stations (Diversey Parkway train station 1.5 miles from the Project Area, Paulina Avenue Train station 1.2 miles from the Project Area), CTA blue line stations (Logan Square station 1.5 miles from the Project Area) as well multiple bus routes running east/west along Belmont Avenue, Diversey Parkway, and Fullerton Avenue and north/south routes running along Damen Avenue. All of these bus routes have stops within one to three blocks of the Project

Area. The most convenient CTA elevated line stop is the brown line station at Diversey Parkway which is about 1.5 miles east of Damen Avenue and accessible via CTA bus route 76 Diversey.

- The Project Area is also served by the Union Pacific North commuter rail line with the Clybourn Avenue station located just west of Ashland Avenue on Armitage Avenue, just under 1.3 miles from the center of the Project Area.
- Clybourn Avenue serves as a major commercial corridor to the south of the Project Area, with a large Costco, big box store east of Damen Avenue across the street from the southern half of the Project Area. The other large commercial shopping area is just across the Chicago River to the west, where many retailers large and small are located along Elston Avenue. These commercial corridors provide a complete range of retail, commercial, service and institutional uses to area residents and visitors.

Despite these assets and other nearby strengths, the problem conditions exhibited in the Project Area results in an excessive and disproportionate expenditure of public funds, impairs the value of private investments and threatens the sound growth and the tax base of taxing districts in such areas and threatens the health, safety, morals, and welfare of the public. Evidence of this lack of growth and development is detailed in **Section VI** herein and summarized below.

- The presence of six eligibility factors: obsolescence, deterioration, structures below code, excessive vacancies, inadequate utilities, and excessive land coverage and overcrowding of structures.
- The increasingly high costs of maintaining aging and obsolete public housing properties requires increasingly higher expenditure of funds that is constrained by the scarcity of funding available from the state and federal government.
- Due to the deteriorated condition, obsolescence, and historic nature of the Lathrop Homes, an extensive renovation is required to bring the units up to contemporary and economically sustainable levels.
- The complexities and challenges of realizing the transformation and historic preservation of the Lathrop Homes buildings into a mixed income, mixed use development have resulted in a protracted development process of more than 10 years.

The Project Area as a whole is characterized by aging and obsolete residential property on improved parcels. The multi-unit residential buildings are over 75 years old and have suffered from a chronic lack of maintenance over the years. Over 85% of the units in Lathrop Homes are vacant, boarded up, and falling into further disrepair. The buildings' outdated heating and cooling systems, as well as plumbing and electrical systems are all in need of major upgrades. The CHA, having insufficient resources to fund such costly renovations, has boarded up units because they have become unfit for habitation. The CHA's Plan for Transformation has resolved similar funding shortfalls by applying their mixed income approach to revitalizing communities. This approach utilizes private funding to enable the renovation or new construction of the CHA public housing units, all while creating a healthier mixed income community.

The physical and economic conditions of the Project Area threaten to impede growth and development through private investment. Without the intervention of the City, the designation of the Project Area as a Redevelopment Project Area as defined under the Act and adoption of this Redevelopment Plan and TIF for the Project Area, would not reasonably be expected to be improved in a comprehensive manner.

**The Chicago Housing Authority** The CHA is an Illinois municipal corporation engaged in the development and operation of safe, decent and sanitary housing throughout the Chicago metropolitan area for low-income families in accordance with the United States Housing Act of 1937, 42 U.S.C §1437 et.seq., the State Housing Authorities Act, 310 ILCS 10/1 et.seq., as amended, and other applicable laws, regulations and ordinances.

CHA's Plan Forward goal, with the support of the City, is to coordinate public and private investments to develop healthy, vibrant communities. The redevelopment of Lathrop Homes into a revitalized mixed income community comprised of public housing, affordable and market rate units with commercial, retail and open spaces supports CHA's goal.

## B. Tax Increment Financing

In January 1977, TIF was authorized by the State of Illinois' general assembly through passage of the Act. The Act provides a means for municipalities, after the approval of a redevelopment plan and project, to redevelop blighted, conservation, or industrial park conservation areas and to finance eligible **"Redevelopment Project Costs"** as defined in the Act, with incremental property tax revenues. The terms **"Incremental Property Tax"** or **"Incremental Property Taxes"** are defined hereinafter in this Redevelopment Plan to mean the incremental property taxes derived from the increase in the current equalized assessed valuation (the **"EAV"**) of real property within the Project Area over and above the certified initial EAV of such real property. The term **"Certified Initial EAV"** is defined hereinafter in this Redevelopment Plan to mean the initial EAV of the Project Area as certified by the Office of the Cook County Clerk. The increase in EAV is then multiplied by the current tax rate to arrive at the Incremental Property Taxes. A decline in current EAV does not result in a negative Incremental Property Tax.

To finance Redevelopment Project Costs, the City may issue obligations secured by Incremental Property Taxes to be generated within the Project Area. In addition, the City may pledge towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the City; (c) the full faith and credit of the City; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the City may lawfully pledge.

TIF does not generate tax revenues. This financing mechanism allows the City to capture, for a certain number of years, the new tax revenues produced by the enhanced valuation of properties resulting from the City's redevelopment program, improvements and activities, various redevelopment projects, and the reassessment of properties. This revenue is then reinvested in the area through rehabilitation, developer subsidies, public improvements and other eligible redevelopment activities. Under TIF, all taxing districts continue to receive property taxes levied on the initial valuation of properties within the Project Area. Additionally, taxing districts can receive distributions of excess Incremental Property Taxes when annual Incremental Property Taxes received exceed principal and interest obligations for that year and Redevelopment Project Costs necessary to implement the Redevelopment Plan have been paid. Taxing districts also benefit from the increased property tax base after Redevelopment Project Costs and obligations are paid.

## C. The Redevelopment Plan for the Diversey/Chicago River Tax Increment Financing Redevelopment Project Area

As evidenced in **Section VI**, herein the Project Area as a whole has not been subject to growth and development through private investment. Furthermore, it is not reasonable to expect that the Project Area as a whole will be redeveloped on a comprehensive and coordinated basis without the use of TIF.

This Redevelopment Plan has been formulated in accordance with the provisions of the Act and is intended to guide improvements and activities within the Project Area to stimulate private investment in the Project Area. The goal of the City, through implementation of this Redevelopment Plan, is that the entire Project Area be revitalized on a comprehensive and planned basis to ensure that private investment in rehabilitation and new development occurs:

1. On a coordinated rather than piecemeal basis to ensure that land use, access and circulation, parking, public services and urban design are functionally integrated and meet present-day principles and standards;

2. On a reasonable, comprehensive and integrated basis to ensure that the conservation area factors are eliminated; and

3. Within a reasonable and defined time period so that the Project Area may contribute productively to the economic vitality of the City.

Redevelopment of the Project Area will constitute a complex endeavor. The success of this redevelopment effort will depend to a large extent on the cooperation between the private sector and agencies of local government. Adoption of this Redevelopment Plan will make possible the implementation of a comprehensive program for redevelopment of the Project Area. By means of public investment, the Project Area can become a stable environment that will attract new private investment. Public investment will set the stage for redevelopment by the private sector. Through this Redevelopment Plan, the City will provide a basis for directing the assets and energies of the private sector to ensure a unified and cooperative public-private redevelopment effort.

This Redevelopment Plan sets forth the Redevelopment Project as defined under the Act to be undertaken to accomplish the City's above-stated goals. During implementation of the Redevelopment Project, the City may, from time to time: (i) undertake or cause to be undertaken public improvements and other redevelopment project activities authorized under the Act; and (ii) enter into redevelopment agreements and intergovernmental agreements with private or public entities to construct, rehabilitate, renovate or restore private improvements and undertake other redevelopment project activities authorized under the Act on one or several parcels (items (i) and (ii) are collectively referred to as "**Redevelopment Projects.**"

This Redevelopment Plan specifically describes the Project Area and summarizes the criteria that qualify the Project Area as a "**conservation area**" as defined in the Act.

Successful implementation of this Redevelopment Plan requires that the City utilize Incremental Property Taxes and other resources in accordance with the Act to stimulate the comprehensive and coordinated development of the Project Area. Only through the utilization of TIF will the Project Area develop on a comprehensive and coordinated basis, thereby eliminating the conservation area conditions which have limited development of the Project Area by the private sector on a comprehensive and area-wide basis.

The use of Incremental Property Taxes will permit the City to direct, implement and coordinate public improvements and activities to stimulate private investment within the Project Area. These improvements, activities and investments will benefit the City, its residents, and all taxing districts having jurisdiction over the Project Area. These anticipated benefits include:

- Elimination of problem conditions that qualified the Project Area as a conservation area under the Act;

- Affordable housing opportunities that foster an environment for residents to improve their lives and achieve greater economic independence;

- A vibrant and mixed-income community that contributes to the City's economic and social health.
- Preservation of an historic district and architecturally significant buildings that represent one of the earliest and most exemplary of America's first public housing design.
- Improvement of parking facilities to adequately serve the Project Area's uses.

## II. LEGAL DESCRIPTION AND PROJECT BOUNDARY

The boundaries of the Project Area have been drawn to include only those contiguous parcels of real property and improvements substantially benefited by the proposed Redevelopment Project to be undertaken as part of this Redevelopment Plan. ## III. ELIGIBILITY CONDITIONS

The results summarized in this section are more fully described in a separate report that presents the definition, application and extent of the conservation area factors in the Project Area. The report, prepared by JRG is entitled "Diversey/Chicago River Tax Increment Financing Eligibility Report," (the "**Eligibility Report**") and is attached as **EXHIBIT II** to this Redevelopment Plan.

### A. Summary of Project Area Eligibility

Based upon surveys, inspections and analyses of the Project Area, the Project Area qualifies under the applicable criteria as a conservation area within the requirements of the Act.

**Project Area**

The Project Area meets the required age condition for a conservation area which requires that 50% or more of the buildings must be 35 years of age or older. The Project Area is characterized by the presence of a combination of three or more of the factors listed in the Act, rendering the Project Area detrimental to the public safety, health and welfare of the citizens of the City and if left unchecked, may allow the Project Area to become a blighted area. Specifically,

- All 18 buildings in the Project Area, are 35 years of age or older.
- Of the 13 factors set forth in the Act, six factors are found to be present to a meaningful extent and reasonably distributed throughout the Project Area. These factors include:
    1. Obsolescence
    2. Deterioration
    3. Structures Below Minimum Code Standards
    4. Excessive Vacancies
    5. Inadequate Utilities
    6. Excessive Land Coverage and Overcrowding of Structures
- As a whole, the Project Area includes only real property and improvements thereon substantially benefited by the proposed redevelopment project improvements.

### B. Surveys and Analyses Conducted

The conditions documented in the Project Area are based upon surveys and analyses conducted by JRG. The surveys and analyses conducted for the Project Area include:

1. Exterior survey of the condition and use of all buildings and sites and interior survey of selected buildings;
2. Field survey of environmental conditions covering streets, sidewalks, curbs and gutters, lighting, traffic, parking facilities, landscaping, fences, and general property maintenance;

3. Analysis of the existing uses within the Project Area and their relationships to the surroundings;
4. Comparison of current land use to current zoning ordinance and the current zoning map;
5. Analysis of original platting and current parcel size and layout;
6. Analysis of vacant buildings;
7. Analysis of building floor area and site coverage;
8. Review of previously prepared plans, studies and data, including multiple physical needs assessment studies prepared by the CHA and/or its consultants (reports dated 1991, 1997, and April 27, 2015);
9. Analysis of the City's building permit data and building code violation data for the period from 2008 through December 2015;
10. Analysis of storm, sanitary sewer lines and water supply lines within the Project Area via existing infrastructure maps provided by the City's Department of Water Management; and
11. Analysis of Cook County Assessor records for assessed valuations and EAVs for tax parcels in the Project Area for assessment years 2009 to 2014.

## IV. REDEVELOPMENT GOALS AND OBJECTIVES

Comprehensive and coordinated investment in new public and private improvements and facilities is essential for the successful redevelopment of the Project Area and the elimination of conditions that have impeded redevelopment of the Project Area in the past. Redevelopment of the Project Area will benefit the City through improvements in the physical environment, an increased tax base, and additional employment opportunities.

This section identifies the general goals and objectives adopted by the City for redevelopment of the Project Area. **Section V** herein presents more specific objectives for development and design within the Project Area and the redevelopment activities that the City plans to undertake to achieve the goals and objectives presented in this section.

### A. General Goals

Listed below are the general goals adopted by the City for redevelopment of the Project Area. These goals provide overall focus and direction for this Redevelopment Plan.

1. Elimination of the factors that qualified the Project Area as a conservation area.
2. Transform a public housing development into diverse, mixed income communities offering a wide range of housing choices that intersect with commercial amenities, safe neighborhoods, good schools and supportive services.
3. Ensure safe, sustainable and quality housing that serves as the building block for residential wellbeing and a vibrant community.
4. Enliven and integrate the Chicago River into the Project Area and promote the recreational use of the river.
5. Preservation of the historic and architecturally significant character of the Project Area.
6. Coordination with City departments and other public agencies to carefully leverage public resources and activities to maximize private investment and public benefit.

### B. Redevelopment Objectives

Listed below are the redevelopment objectives which will guide planning decisions regarding redevelopment within the Project Area.

1. Support the preservation and rehabilitation of historically and architecturally significant properties.
2. Encourage new residential and commercial development that complements and contributes to a culturally and economically diverse community.
3. Utilize public and private resources and funding to provide a range of housing options at all income levels, including low, very low, and extremely low-income housing.

12. Provide opportunities for women-owned and minority-owned businesses and local residents to share in the redevelopment of the Project Area.

## V. REDEVELOPMENT PROJECT

This section presents the Redevelopment Project anticipated to be undertaken by the City and by other public and private entities on behalf of the City in furtherance of this Redevelopment Plan. The Redevelopment Project, as outlined in this section conforms to the plans and policies in place within the Project Area including:

1) the PD;
2) A Plan for Economic Growth and Jobs (February 2012);
3) Sustainable Chicago Action Agenda (2015); and
4) the current City zoning code.

The Redevelopment Project described in this Redevelopment Plan and pursuant to the Act includes the land use plan, redevelopment goals and objectives, a description of redevelopment improvements and activities, estimated **Redevelopment Project Costs**, a description of sources of funds to pay estimated **Redevelopment Project Costs;** a description of obligations that may be issued; and identification of the most recent EAV of properties in the Project Area and an estimate of future EAV.

## A. Land Use Plan

The proposed land uses within the Project Area reflect the objectives of the Redevelopment Plan, which are intended to support the redevelopment and transformation of Lathrop Homes into a mixed use, mixed income community. The Land Use Plan is intended to direct Redevelopment Project Costs and is expected to generally reflect the PD for the Project Area. The general land use plan for the Project Area is illustrated in ***Figure 3.*** herein and described below.

### Residential

Residential land-use covers the large majority of the Project Area and serves as the building block for comprehensive and sustainable community revitalization. The residential land use category primarily includes multi-unit residential uses on the first floor and upper floors. Historic preservation and rehabilitation of the multi-unit residential buildings is the focus of this land use component. The residential land use area can include market-rate housing, low/moderate income housing, as well as housing for CHA residents. Complementary uses within this category include open space and outdoor recreation uses that are integrated with and serve the primary residential uses.

### Mixed Use - Commercial/Residential

A mix of commercial and residential uses is envisioned for the northwest and southwest corners of Diversey Parkway and Clybourn Avenue. This land use will be associated with new construction that will generally include ground floor commercial uses with upper floor residential uses are allowed in this higher density, mixed use area. Neighborhood scale commercial uses should serve the local community and be pedestrian-oriented in scale and accessibility. Ancillary uses include parking for commercial and residential uses. Compatible non-residential ground floor uses that are consistent and allowed with PD and City zoning code should be complementary to residential uses.

### Public Institutional

This land use category is intended to preserve the continued use of the Lathrop Homes' community center for community and recreational uses that serve as a community gathering place and recreational facility for the use of Lathrop Homes' residents and the larger community.

### Open Space

This land use category is located in the triangular area created by Diversey Parkway, Leavitt Avenue, and the Chicago River and intended for use as passive open space that may include pedestrian and bicycle paths and riverwalk amenities.

All development should comply with the Redevelopment Plan objectives set forth in **Section IV** herein the City's current zoning requirements, the PD, and all other relevant City ordinances and development guidelines.

## B. Redevelopment Goals and Objectives

Listed below are the specific redevelopment goals and objectives which will assist the City in directing and coordinating public and private improvements and investment within the Project Area in order to achieve the general goals and objectives identified in Section IV herein.

Redevelopment Plan activities are intended to improve quality of life in the Project Area and the City through the development of healthy, sustainable and complete communities and foster opportunities for greater economic independence of residents within the Project Area.

The development and design objectives are intended to enhance and attract desirable uses such as new commercial development or new mixed use development; foster developments consistent and coordinated with other nearby uses; and revitalize the overall identity of the Project Area.

**a) Land Use**

- Promote comprehensive redevelopment of the Project Area as a planned and cohesive urban neighborhood.
- Encourage the clustering of similar and supporting commercial uses to promote cumulative attraction.
- Create a sustainable network of park and open spaces that serve the neighborhood and link the neighborhood to the larger park and riverwalk system.

**b) Building and Site Development**

- Promote redevelopment that connects the Project Area to the larger community through building improvements and interconnected park and pedestrian access.
- Encourage consistency and complementary architectural design that strengthens the historic character of the Project Area.
- Ensure that private development improvements to sites and streetscapes are consistent with public improvement and the PD goals and plans.
- Strive to attain NC Silver certification and ND Gold certifications under the Leadership in Energy and Environmental Design ("LEED") rating systems, an Enterprise Green Communities certification and is consistent and the City's Sustainable Chicago Action Agenda.

**c) Transportation, Circulation and Infrastructure**

- Promote signage to parks, pedestrian paths and other community assets.
- Encourage the connection of Project Area streets to the community and support a safe, pedestrian environment.
- Upgrade and improve public utilities and infrastructure as required, including the street surface, curb and gutter conditions, street lighting, and traffic signalization.
- Ensure that provision of off-street parking meets the requirements of the City using high quality urban design standards that complement and contribute to the pedestrian environment.

**d) Urban Design, Landscaping, and Open Space**

- Ensure that any open spaces are designed, landscaped and lit to achieve a high level of public safety and security.
- Provide new pedestrian-scale lighting where appropriate.
- Encourage streetscape features within the Project Area including parkway trees.
- Promote high quality and harmonious architectural, landscape and streetscape design that contributes to and complements the surrounding neighborhoods and historic preservation goals.
- Ensure that all landscaping and design materials comply with the City's landscape ordinance (Title 10, Chapter 32 and Title 17, Chapter 194A of the Chicago Municipal Code) or the PD and reflect the character of the neighborhood.

## C. Redevelopment Improvements and Activities

The City proposes to achieve its redevelopment goals and objectives for the Project Area through the use of public financing techniques including, but not limited to TIF, to undertake some or all of the activities and improvements authorized under the Act, including the activities and improvements described below.

The City may enter into redevelopment agreements or intergovernmental agreements with public or private entities for the furtherance of this Redevelopment Plan to construct, rehabilitate, renovate or restore improvements for public or private facilities on one or several parcels or for any other lawful purpose. Redevelopment agreements may contain terms and provisions that are more specific than the general principles set forth in this Redevelopment Plan and which include affordable housing requirements as described below.

### 1. Site Preparation and Demolition

TIF may fund necessary and reasonable costs associated with redevelopment of the Project Area which may include, but is not limited to the demolition of buildings, the clearing and grading of land, site preparation, environmental remediation, and site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers.

### 2. Provision of Public Works or Improvements

The City may provide (or assist other public bodies in providing) public improvements and facilities that are necessary to service the Project Area in accordance with this Redevelopment Plan and the comprehensive plan for development of the City as a whole. Public improvements and facilities may include, but are not limited to, the following:

***a) Parks and Open Space***

Repair or Improvements to existing or future, parks, open spaces, and public plazas may be provided, including the construction of pedestrian walkways, riverfront access, seawall infrastructure, lighting, landscaping and general beautification improvements that may be provided for the use of the general public.

*b) Streets and Utilities*

A range of roadway, utility and related infrastructure projects, from repair and resurfacing to replacement or reconstruction, may be undertaken.

*c) Parking and Transportation*

Improvements to existing or construction of new public infrastructure and transportation enhancements including bicycle paths, bus shelters, directional signage and other transportation improvements, off-street parking sites and/or facilities and on-street parking improvements to ensure coordinated vehicular movement and access.

**3. Rehabilitation of Existing Buildings**

The City will encourage the rehabilitation of public and private buildings that are basically sound and/or historically or architecturally significant. This includes properties individually designated as Chicago Landmarks, contributing properties to Chicago Landmark Districts, properties individually or collectively listed on the National Register of Historic Places, contributing properties to National Register of Historic Places-listed historic districts, and properties identified as either "orange" or "red" in the Chicago Historic Resources Survey. Currently, the Project Area in its entirety is listed on the National Register of Historic Places as an historic landmark district.

**4. Affordable Housing**

TIF may be provided to developers for up to 50 percent of the cost of construction, renovation or rehabilitation of all low- and very low-income housing units (for ownership or rental) as defined in Section 3. If the units are part of a residential redevelopment project that includes units not affordable to low-and very low-income households, only the low- and very low-income units shall be eligible for benefits under the Act.

**5. Analysis, Administration, Studies, Surveys, Legal, and Other Professional Services**

Under contracts that will run for three years or less (excluding contracts for architectural and engineering services which are not subject to such time limits) the City and/or the Developer may undertake or engage professional consultants, engineers, architects, attorneys, and other professionals to conduct various analyses, studies, surveys, administration or legal services to establish, implement and manage this Redevelopment Plan.

## D. Redevelopment Project Costs

The various redevelopment expenditures to be incurred in connection with the Redevelopment Project that are eligible for payment or reimbursement under the Act are reviewed below. Following this review is a list of estimated Redevelopment Project Costs that are deemed to be necessary to implement this Redevelopment Plan.

**1. Eligible Redevelopment Project Costs**

Redevelopment Project Costs include the sum total of all reasonable or necessary costs incurred, estimated to be incurred, or incidental to this Redevelopment Plan pursuant to the Act. Such costs may include, without limitation, the following:

a) Costs of studies, surveys, development of plans and specifications, implementation and administration of the redevelopment plan including but not limited to, staff and professional service costs for architectural, engineering, legal, financial, planning or other services (excluding lobbying expenses), provided that no charges for professional services are based on a percentage of the tax increment collected;

i) Relocation costs to the extent that the City determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or state law or by Section 74.4-3(n)(7) of the Act;

j) Payment in lieu of taxes, as defined in the Act;

k) Costs of job training, retraining, advanced vocational education or career education, including but not limited to, courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs: (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in the Project Area; and (ii) when incurred by a taxing district or taxing districts other than the City, are set forth in a written agreement by or among the City and the taxing district or taxing districts, which agreement describes the program to be undertaken including but not limited to, the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. 2. such payments in any one year may not exceed 30 percent of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

3. if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this provision, then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

4. the total of such interest payments paid pursuant to the Act may not exceed 30 percent of the total: (i) cost paid or incurred by the developer for such redevelopment project, plus (ii) Redevelopment Project Costs excluding any property assembly costs and any relocation costs incurred by the City pursuant to the Act; and

5. Up to 75 percent of the interest cost incurred by a developer for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3.

m) Unless explicitly provided in the Act, the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost;

n) An elementary, secondary, or unit school district's increased costs attributable to assisted housing units will be reimbursed as provided in the Act;

o) Instead of the eligible costs provided for in (l) 2,4 and 5 above, the City may pay up to 50 percent of the cost of construction, renovation and/or rehabilitation of all low- and very low-income housing units (for ownership or rental) as defined in Section 3. If the units are part of a residential redevelopment project that includes units not

affordable to low- and very low-income households, only the low- and very low-income units shall be eligible for benefits under the Act; and

p) The cost of daycare services for children of employees from low-income families working for businesses located within the Project Area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the Project Area. q) If a special service area has been established pursuant to the Special Service Area Tax Act, 35 ILCS 235/0.01 et. seq. then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act may be used within the redevelopment project area for the purposes permitted by the Special Service Area Tax Act as well as the purposes permitted by the Act.

**2. Estimated Redevelopment Project Costs**

A range of redevelopment activities and improvements will be required to implement this Redevelopment Plan. The activities and improvements and their estimated costs are set forth below in **Table 1. Estimated Redevelopment Project Costs**. All estimates are based on 2016 dollars. Funds may be moved from one line item to another or to an eligible cost category described in this Redevelopment Plan at the City's discretion.

Redevelopment Project Costs described in this Redevelopment Plan are intended to provide an upper estimate of expenditures. Within this upper estimate, adjustments may be made in line items without amending this Redevelopment Plan.

**Table 1. Estimated Redevelopment Project Costs**

| | Eligible Redevelopment Project Costs | Estimated Cost |
|---|---|---|
| 1 | Analysis, Administration, Studies, Surveys, Legal and Marketing (65 Ill. Comp. Stat. 5/11-74.4-3(q)(1)) | 100,000 |
| 2 | Site Preparation, Demolition and Environmental Remediation (65 Ill. Comp. Stat. 5/11-74.4-3(q)(2)) | 400,000 |
| 3 | Affordable Housing Construction and Rehabilitation Costs (65 Ill. Comp. Stat. 5/11-74.3-3(q)(3)) | 12,500,000 |
| 4 | Public Works & Improvements, including streets and utilities, parks and open space, and other public facilities (65 Ill. Comp. Stat. 5/11-74.3-3(q)(4)) | 4,500,000 |
| | **TOTAL REDEVELOPMENT PROJECT COSTS** | **$17,500,000** |

The total Redevelopment Project Costs represent an upper limit on expenditures that are to be funded using TIF revenues and exclude any additional financing costs, including any interest expense, capitalized interest and costs associated with optional redemptions. Each individual project cost will be re-evaluated in light of the projected private development and resulting incremental tax revenues as it is considered for public financing under the provisions of the Act.

The amount of the total Redevelopment Costs that can be incurred in the Project Area will be reduced by the amount of Redevelopment Project Costs incurred in contiguous redevelopment project areas, or those separated from the Project Area only by a public right-of-way, that are permitted under the Act, the purpose of which is the redevelopment of Lathrop Homes, to be paid, and are paid, from incremental property taxes generated in the Project Area, but will not be reduced by the amount of Redevelopment Project Costs incurred in the Project Area which are paid from incremental property taxes generated in contiguous redevelopment project areas or those separated from the Project Area only by a public right-of-way.

All costs are shown in 2016 dollars and may be adjusted per the rate , adjusting for inflation reflected in the Consumer Price Index for All Urban Consumers for All Items for the Chicago-Gary-Kenosha, IL-IN-WI CMSA, published by the U.S. Department of Labor or a similar index acceptable to the City. Upon payment to the Developer of Total Redevelopment Project Costs which may not exceed $17,500,000, as adjusted hereunder per the Act, the City will use its best efforts to adopt an ordinance, within 120 days, dissolving the special tax allocation fund for the Redevelopment Project Area and terminating the designation of the Redevelopment Project Area as a "redevelopment project area" under the terms of, and in accordance with, the Act.

It is anticipated that additional funding from other sources such as private, federal, state, county, or local funds may be utilized to supplement the City's ability to finance Redevelopment Project Costs, as defined above.

## E. Sources of Funds to Pay Redevelopment Project Costs

Funds necessary to pay for Redevelopment Project Costs and secure municipal obligations issued for such costs are to be derived primarily from Incremental Property Taxes. Other sources of funds which may be used to pay for Redevelopment Project Costs or secure municipal obligations are land disposition proceeds, state and federal grants, investment income, private financing and other legally permissible funds the City may deem appropriate. The City may incur Redevelopment Project Costs, which are paid for from funds of the City other than incremental taxes, and the City may then be reimbursed for such costs from incremental taxes. Also, the City may permit the utilization of guarantees, deposits and other forms of security made available by private sector developers. Additionally, the City may utilize revenues, other than State sales tax increment revenues, received under the Act from one redevelopment project area for eligible costs in another redevelopment project area that is either contiguous to, or is separated only by a public right-of-way from, the redevelopment project area from which the revenues are received.

The Project Area is contiguous to the Addison South TIF redevelopment project area but such Addison South TIF shall not be permitted to receive funds from the revenue generated in the Project Area. The Project Area may, in the future, be contiguous to or separated by only a public right-of-way from other redevelopment project areas created under the Act, which areas include only Lathrop Homes properties and adjacent public rights of way and the purpose of which is the redevelopment of such Lathrop Homes properties. The City may utilize net incremental property taxes received from the Project Area to pay eligible Redevelopment Project Costs, or obligations issued to pay such costs, in other contiguous redevelopment project areas or project areas separated only by a public right-of-way, and vice versa but limited to redevelopment project areas that include only Lathrop Homes properties and adjacent public rights of way and the purpose of which is only redevelopment thereof. The amount of revenue from the Project Area, made available to support such contiguous redevelopment project areas, or those separated only by a public right-of-way, when added to all amounts used to pay eligible Redevelopment Project Costs

within the Project Area, shall not at any time exceed the total Redevelopment Project Costs described in this Redevelopment Plan.

## F. Issuance of Obligations

The City may issue obligations secured by Incremental Property Taxes pursuant to Section 11-74.4-7 of the Act. To enhance the security of a municipal obligation, the City may pledge its full faith and credit through the issuance of general obligation bonds. Additionally, the City may provide other legally permissible credit enhancements to any obligations issued pursuant to the Act.

The Redevelopment Project shall be completed, and all obligations issued to finance the Redevelopment Project Costs shall be retired, no later than December 31 of the year in which the payment to the City treasurer as provided in the Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year following the year in which the ordinance approving the Project Area is adopted (i.e., December 31, 2040, assuming City Council approval of the Project Area and Redevelopment Plan in 2016). Also, the final maturity date of any such obligations which are issued may not be later than 20 years from their respective dates of issue. One or more series of obligations may be sold at one or more times in order to implement this Redevelopment Plan. Obligations may be issued on parity or subordinated basis.

In addition to paying Redevelopment Project Costs, Incremental Property Taxes may be used for the scheduled or accelerated retirement of obligations issued by the City for the redevelopment of Lathrop Homes. To the extent that Incremental Property Taxes are not needed for these purposes, and are not otherwise required, pledged, earmarked or otherwise designated for the payment of Redevelopment Project Costs, any excess Incremental Property Taxes shall then become available for distribution annually to taxing districts having jurisdiction over the Project Area in the manner provided by the Act.

## G. Valuation of the Project Area

### 1. Most Recent EAV of Properties in the Project Area

The purpose of identifying the most recent EAV of the Project Area is to provide an estimate of the Certified Initial EAV for the purpose of annually calculating the incremental EAV and incremental property taxes of the Project Area. The 2015 EAV of all taxable parcels in the Project Area is zero ($0.0) due to its current classification as tax exempt property. The Project Area is made up of four PINs, which are presented below in **Table 2. 2015 EAV by PIN**. The EAV is subject to verification by the Cook County Clerk. After verification, the final figure shall be certified by the Cook County Clerk, and shall become the Certified Initial EAV from which all Incremental Property Taxes in the Project Area will be calculated by Cook County

**Table 2. 2015 EAV by PIN**

| PIN | 2015 EAV |
|---|---|
| 14-30-123-001 | exempt |
| 14-30-123-002 | exempt |
| 14-30-302-008 | exempt |
| 14-30-302-019 | exempt |
| TOTAL | $0 |

2. *Anticipated Equalized Assessed Valuation*

By the tax year 2039 (collection year 2040) and following the substantial completion of the Redevelopment Project, the EAV of the Project Area is estimated to be approximately $16,000,000. This EAV figure should not be confused with the Redevelopment Project Cost in **Table 1**, which are the estimated TIF eligible costs to be reimbursed to the Developer.

The estimate is based on several assumptions, including:

1) redevelopment of the Project Area will occur in a timely manner;
2) 392 rental residential units will be rehabilitated including CHA, affordable and market rate units;
3) 143 new rental residential units will be constructed including CHA, affordable and market rate units;
4) approximately 20,000 square feet of new commercial space will be constructed; and
5) an estimated annual inflation rate in EAV of 2.0 percent through 2039, realized in triennial reassessment years only (6.12 percent per triennial reassessment period); and
6) the most recent state equalization factor of 2.6685 (2015 value) is used in all years to calculate estimated EAV.

## VI. LACK OF GROWTH AND DEVELOPMENT THROUGH INVESTMENT BY PRIVATE ENTERPRISE

As described in Section III herein, the Project Area as a whole is adversely impacted by the presence of numerous conservation area factors, and these factors are reasonably distributed throughout the Project Area. Conservation area factors within the Project Area represent major impediments to sound growth and development.

The decline of and the lack of private investment in the Project Area are evidenced by the following:

- The presence of six eligibility factors: obsolescence, deterioration, structures below code, excessive vacancies, inadequate utilities, and excessive land coverage and overcrowding of structures.
- Due to the deteriorated condition, obsolescence, and historic nature of the Lathrop Homes, an extensive renovation is required to bring the units up to contemporary and economically sustainable levels.
- The increasingly high costs of maintaining aging and obsolete public housing properties requires increasingly higher expenditure of funds that is constrained by the scarcity of funding available from the state and federal government.
- The complexities and challenges of realizing the transformation and historic preservation of the Lathrop Homes buildings into a mixed income, mixed use development have resulted in a protracted development process of more than 10 years.

In summary, the Project Area qualifies under the Act as a conservation area on the basis that 1) it meets the age threshold; and 2) exhibits the meaningful presence and reasonable distribution of 6 of the 13 criteria listed in the Act for a conservation area. Therefore, the Project Area is eligible under the Act as a redevelopment project area, with the meaningful presence and reasonable distribution of conservation area conditions that require excessive and disproportionate expenditure of public funds and are detrimental to sound growth and threaten the health, safety, and welfare of the public.

The Project Area on the whole has not been subject to growth and development through investment by private enterprise. The Project Area would not reasonably be anticipated to be developed on a comprehensive and coordinated basis without the adoption of this Redevelopment Plan for the Project Area.

## VII. FINANCIAL IMPACT

Without the adoption of the Redevelopment Plan, designation of the Project Area as a Redevelopment Project Area and adoption of TIF for the Project Area, the Project Area is not reasonably expected to be redeveloped by private enterprise. In the absence of City-sponsored redevelopment initiatives, there is a prospect that conservation area factors will continue to exist and spread, and the Project Area on the whole and adjacent properties will become less attractive for private investment and property maintenance. In the absence of City-sponsored redevelopment initiatives, erosion of the assessed valuation of property outside of the Project Area could lead to a reduction of real estate tax revenue to all taxing districts.

**Section V** herein describes the comprehensive, area-wide Redevelopment Project proposed to be undertaken by the City to create an environment in which private investment can occur. The Redevelopment Project will be staged over a period of years consistent with local market conditions and available financial resources required to complete the various redevelopment improvements and activities as well as Redevelopment Projects set forth in this Redevelopment Plan. Successful implementation of this Redevelopment Plan is expected to result in new private investment in privately and publicly-funded new construction or rehabilitation of buildings on a scale sufficient to eliminate problem conditions and to return the area to a long-term sound condition.

The Redevelopment Project is expected to have significant short- and long-term positive financial impacts on the taxing districts affected by this Redevelopment Plan. In the short-term, the City's effective use of TIF, through the encouragement of new development and redevelopment, can be expected to enhance the assessed value of existing properties in the Project Area, thereby enhancing the existing tax base for local taxing agencies. In the long-term, after the completion of all redevelopment improvements and activities, Redevelopment Projects and the payment of all Redevelopment Project Costs and municipal obligations, the taxing districts will benefit from the enhanced tax base that results from the increase in EAV caused by the Redevelopment Projects.

## VIII. DEMAND ON TAXING DISTRICT SERVICES

The following major taxing districts presently levy taxes against properties located within the Project Area:

Cook County. Cook County has principal responsibility for the protection of persons and property, the provision of public health services and the maintenance of highways within the County.

Cook County Forest Preserve District. The Forest Preserve District is responsible for acquisition, restoration and management of lands for the purpose of protecting and preserving open space in the City and Cook County for the education, pleasure and recreation of the public. There are no Cook County Forest Preserve District facilities located within the boundaries of the Project Area.

Metropolitan Water Reclamation District of Greater Chicago ("Metropolitan Water Reclamation District"). This district provides the main trunk lines for the collection of wastewater from cities, villages and towns, and for the treatment and disposal thereof.

Chicago Community College District 508. This district is a unit of the state of Illinois' system of public community colleges, whose objective is to meet the educational needs of residents of the City and other students seeking higher education programs and services.

City of Chicago Library Fund ("Chicago Library Fund"). General responsibilities of the Chicago Library Fund include the provision, maintenance and operation of the City's library facilities. There are no public library facilities within the Project Area.

City of Chicago. The City is responsible for the provision of a wide range of municipal services, including: police and fire protection; capital improvements and maintenance; water supply and distribution; sanitation service; building, housing and zoning codes, etc.

Board of Education of the City of Chicago ("Board of Education"). General responsibilities of the Board of Education include the provision, maintenance and operation of educational facilities and the provision of educational services for kindergarten through twelfth grade. There are no public schools in the Project Area.

School facilities located outside the Project Area but within approximately ¼ mile of the Project Area are indicated in ***Redevelopment Plan Figure 4. Community Facilities***.

Chicago Park District and Chicago Park District Aquarium & Museum Bonds. The Chicago Park District is responsible for the provision, maintenance and operation of park and recreational facilities throughout the City and for the provision of recreation programs. There are no public parks in the Project Area but Elizabeth Wood play lot at 2914 N. Leavitt Avenue, is located immediately adjacent to the Project Area at the northwest edge and is part of the larger Lathrop Homes development.

Chicago Park District facilities located outside the Project Area but within approximately ¼ mile of the Project Area as indicated in ***Redevelopment Plan Figure 4. Community Facilities***.

Chicago School Finance Authority. The Chicago School Finance Authority was created in 1980 to exercise oversight and control over the financial affairs of the City's Board of Education.

All public facilities located within the Project Area as well as those facilities located within ¼ mile of the Project Area are identified in ***Redevelopment Plan Figure 4. Community Facilities***.

In 1994, the Act was amended to require an assessment of any financial impact of the Project Area on, or any increased demand for services from, any taxing district affected by the Redevelopment Plan and a description of any program to address such financial impacts or increased demand. The City intends to monitor development in the Project Area and with the cooperation of the other affected taxing districts will attempt to ensure that any increased needs are addressed in connection with any particular development.

## A. Impact of the Redevelopment Project

The rehabilitation or replacement of underutilized properties with business, commercial, residential, and other development may cause increased demand for services and/or capital improvements to be provided by the Metropolitan Water Reclamation District, the City, the Board of Education and the Chicago Park District. The estimated nature of these increased demands for services on these taxing districts is described below.

Metropolitan Water Reclamation District. The rehabilitation of or replacement of underutilized properties with new development may cause increased demand for the services and/or capital improvements provided by the Metropolitan Water Reclamation District.

City of Chicago. The replacement or rehabilitation of underutilized properties with new development may increase the demand for services and programs provided by the City, including police protection, fire protection, sanitary collection, recycling, and other programs.

Board of Education. The replacement or rehabilitation of vacant and underutilized properties with significant new residential development is expected to cause an increase in the number of school age children that will require services and programs provided by the Board of Education.

Over the next ten years, the potential residential development program for the Project Area includes approximately 535 new and rehabilitated residential units. This includes currently occupied units that will be rehabilitated or replaced as part of redevelopment. The per capita multiplier method was used estimate the number of students that could be generated by the redevelopment project. Illinois multipliers were developed by the Center for Urban Policy Research at Rutgers University and are based on 2000 Census data. Based on the initial phase of Lathrop Homes redevelopment, which includes new or rehabilitated housing units including market, affordable and CHA rents, it is estimated that redevelopment activities will generate approximately 160 elementary and middle school age children and 50 high school age children.

Chicago Park District. The replacement or rehabilitation of underutilized properties with institutional, commercial, and other development may increase the demand for services, programs and capital improvements provided by the Chicago Park District near to the Project Area.

Chicago Library Fund. The replacement or rehabilitation of underutilized properties with institutional or commercial development is not likely to increase the demand for services, programs and capital improvements provided by the Chicago Library Fund.

## B. Program to Address Increased Demand for Services or Capital Improvements

The following activities represent the City's program to address increased demand for services or capital improvements provided by the impacted taxing districts.

- Metropolitan Water Reclamation District. It is expected that any increase in demand for treatment of sanitary and storm sewage associated with the Project Area can be adequately served by existing treatment facilities maintained and operated by the Metropolitan Water Reclamation District. Therefore, no special program is proposed for the Metropolitan Water Reclamation District.

- City of Chicago. It is expected that any increase in demand for City services and programs associated with the Project Area can be adequately handled by existing City, police, fire protection, sanitary collection and recycling services and programs maintained and operated by the City. Therefore, no special programs are proposed for the City.

- Board of Education. It is not likely that there will be an increase in the demand for services and programs provided by the Board of Education.

  The Project Area is located within the Jahn Elementary School boundaries. Jahn Elementary School is currently underutilized with a 2015/16 enrollment of 323 students and a capacity of 510. The neighborhood high school serving the Project Area is Lake View High School which is currently functioning at efficient levels with a 2015/16 enrollment of 1289 students and a capacity of 1,392. Alcott College Prep, with city-wide attendance boundaries is also under capacity with an enrollment of 308 students and a capacity of 396.

  It is anticipated that the number of school age children to be generated by redevelopment within the Project Area can be sufficiently accommodated by the existing facilities provided by the Board of Education. The City and the Board of Education will monitor development in the Project Area to ensure that residents are adequately served and any increased demand for services and capital improvements provided by the Board of Education are addressed.

  Other Taxing Districts. It is expected that any increase in demand for Chicago Park District, Chicago Library Fund, Cook County, Cook County Forest Preserve District, and Chicago Community College District 508's services and programs associated with the Project Area can be adequately served by existing services and programs maintained and operated by these taxing districts. Therefore, at this time, no special programs are proposed for these taxing districts.

The City's program to address increased demand for services or capital improvements provided by some or all of the impacted taxing districts is contingent upon: (i) the Redevelopment Project occurring as anticipated in this Redevelopment Plan, (ii) the Redevelopment Project resulting in demand for services sufficient to warrant the allocation of Redevelopment Project Costs; and (iii) the generation of sufficient Incremental Property Taxes to pay for the Redevelopment Project Costs (identified in ***Table 1. Estimated Redevelopment Project Costs***). In the event that the Redevelopment Project fails to materialize, or involves a different scale of development than that currently anticipated, the City may revise its program to address increased demand, to the extent permitted by the Act, without amending this Redevelopment Plan.

## IX. CONFORMITY OF THE REDEVELOPMENT PLAN FOR THE PROJECT AREA TO LAND USES APPROVED BY THE PLANNING COMMISSION OF THE CITY

This Redevelopment Plan and the Redevelopment Project described herein include land uses that will be approved by the Chicago Plan Commission prior to the adoption of the Redevelopment Plan.

## X. PHASING AND SCHEDULING

A phased implementation strategy will be utilized to achieve comprehensive and coordinated redevelopment of the Project Area.

It is anticipated that City expenditures for Redevelopment Project Costs will be carefully staged on a reasonable and proportional basis to coincide with Redevelopment Project expenditures by private developers and the receipt of Incremental Property Taxes by the City.

The estimated date for completion of Redevelopment Projects is no later than December 31 of the year in which the payment to the City treasurer as provided in the Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year following the year in which the ordinance approving the Project Area is adopted (i.e., December 31, 2040, assuming City Council approval of the Project Area and Redevelopment Plan in 2016).

## XI. PROVISIONS FOR AMENDING THIS REDEVELOPMENT PLAN

This Redevelopment Plan may be amended pursuant to the Act.

## XII. COMMITMENT TO FAIR EMPLOYMENT PRACTICES AND AFFIRMATIVE ACTION PLAN

The City is committed to and will affirmatively implement the following principles with respect to this Redevelopment Plan:

A) The assurance of equal opportunity in all personnel and employment actions, with respect to the Redevelopment Project, including, but not limited to hiring, training, transfer, promotion, discipline, fringe benefits, salary, employment working conditions, termination, etc., without regard to race, color, sex, age, religion, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status, source of income, or housing status.

B) Redevelopers must meet the City's standards for participation of 26 percent Minority Business Enterprises and 6 percent Woman Business Enterprises and the City Resident Construction Worker Employment Requirement as required in redevelopment agreements.

C) This commitment to affirmative action and nondiscrimination will ensure that all members of the protected groups are sought out to compete for all job openings and promotional opportunities.

D) Redevelopers will meet City standards for any applicable prevailing wage rate as ascertained by the Illinois Department of Labor to all project employees.

The City shall have the right in its sole discretion to exempt certain small businesses, residential property owners and developers from the above.

## XIII. HOUSING IMPACT

As set forth in the Act, if the redevelopment plan for a Redevelopment Project Area would result in the displacement of residents from 10 or more inhabited residential units, or if the Redevelopment Project Area contains 75 or more inhabited residential units and the City is unable to certify that displacement of residents from 10 or more inhabited residential units will not result from the Redevelopment Plan, the City must prepare a Housing Impact Study and incorporate the study in the Redevelopment Plan.

The Redevelopment Plan generally outlines redevelopment activities that include substantial rehabilitation and historic preservation of existing buildings as well as new construction. As a result, it is expected that more than 10 inhabited residential units will be temporarily relocated to existing units onsite as a result of Redevelopment Plan activities. In accordance with the Act, a full Housing Impact Study has been undertaken as part of this Redevelopment Plan and is attached and incorporated to this Redevelopment Plan as **Exhibit II**, hereto.

*Financing Eligibility Report.*

## INTRODUCTION

This document entitled, the *Diversey/Chicago River Tax Increment Financing Eligibility Report*, (the "**Eligibility Report**") summarizes the methodology and findings of a study for an area located along the north branch of the Chicago River at the intersection of Diversey Parkway and Damen Avenue. The area encompasses approximately 18 of the 33 buildings that make up the Julia C. Lathrop Homes public housing development ("**Lathrop Homes**") which is currently owned and operated by the Chicago Housing Authority (the "**CHA**"). The Eligibility Report is intended to determine whether approximately 21 acres of land located on the north side of the City of Chicago (the "**City**") qualifies for designation as a redevelopment project area based on findings for a "**conservation area**," and/or a "**blighted area**" within the requirements set forth in the Tax Increment Allocation Redevelopment Act (the "**Act**"). The Act is found in Illinois Compiled Statutes, Chapter 65, Act 5, Section 11-74.4-1 *et. seq.* as amended.

The irregularly shaped area examined in this Eligibility Report is generally bounded on the east by Damen Avenue and Clybourn Avenue, on the north by Wellington Avenue, on the west by the north branch of the Chicago River and Leavitt Avenue, and on the south by an irregular line that lies between 214 feet and 354 feet south of Diversey Parkway and runs along the south line of the Lathrop Homes' buildings commonly numbered as 13, 6, and 2. This area is referred to in this document as the Diversey/Chicago River Tax Increment Financing Redevelopment Project Area (the "**Project Area**"). The boundaries of the Project Area are shown on ***Eligibility Report Figure 1, Project Area Boundary***.

The findings and conclusions presented in this report are based on surveys, documentation, and analyses conducted by Johnson Research Group ("**JRG**" or the "**Consultant**") for the Project Area, as well as a review of documents provided by the CHA addressing physical conditions in the overall Lathrop Homes complex. The Eligibility Report summarizes the analyses and findings of JRG's work and research, which is the responsibility of JRG. The City is entitled to rely on the findings and conclusions of this Eligibility Report in designating the Project Area as a redevelopment project area under the Act. JRG has prepared this Eligibility Report and the related Redevelopment Project and Plan with the understanding that the City would rely on (i) the findings and conclusions of this Eligibility Report and the related Redevelopment Plan, and (ii) the fact that JRG has obtained the necessary information so that the Eligibility Report and related Redevelopment Plan will comply with the Act. The determination of whether the Project Area qualifies for designation as a redevelopment project area based on findings of the area as a conservation area, or a blighted area, or a combination of both, pursuant to the Act is made by the City after careful review and consideration of the conclusions contained in this Eligibility Report.

### *The Project Area*

The Project Area is approximately 21.02 acres in size and includes four tax parcels within two uncommonly large tax blocks, or "superblocks." The Project Area is situated within two Chicago community areas that meet at Diversey Parkway. The City's North Center community area encompasses the Project Area to the north and the City's Lincoln Park community area encompasses the portion of the Project Area to the south of Diversey Parkway.

Sixteen of the 18 buildings in the Project Area are multi-unit residential buildings and two are non-residential buildings which consist of a small CHA management office and a community center. The multi-unit residential buildings are a mixture of two-, three-, and four-story walk-up

buildings. Existing land uses in the Project Area are illustrated in ***Eligibility Report Figure 2, Existing Land Use***.

The Project Area as a whole is characterized by aging, deteriorated, and obsolete residential and public buildings on improved parcels. Lathrop Homes was originally built in the late 1930s and has undergone only minor improvements in the 80 years since that time. Most of the residential units have been boarded up and are not being renovated due to the prohibitively high costs of renovation. All of the residential structures show deteriorated and obsolete conditions, including window air conditioning units, inefficient generally poor building insulation, outdated building mechanical systems, including the centrally controlled and inefficient heating system dependent on a steam plant located south of the Project Area. All of the buildings are dependent on this steam plant for heating, which makes the residential buildings unsuitable for renovation or conversion without also maintaining the steam plant.

The Project Area is also characterized by long term, high vacancies, aging water and sewer utilities, and insufficient provision of off-street parking. Over 92% of the residential units in the entire Lathrop Homes complex are vacant (excluding the senior building) and over 88% of the residential units in the Project Area are vacant. In addition, the majority of the water and sewer infrastructure serving the Project Area is over 100 years old and beyond their expected useful life. Finally, the Project Area suffers from a severe lack of off-street parking, as the area was developed in the 1930s when auto ownership was much less common than today. The original development created one off-street parking space for every fifteen residential units with the main residential parking lot inconveniently located in the southern portion of the Lathrop Homes development.

***Summary of Project Area Eligibility***

For tax increment financing ("TIF") designation, an improved redevelopment project area must qualify for classification as a conservation area, a blighted area, or a combination of both blighted and conservation areas as set forth in the Act. Surveys and analyses documented in this report indicate that the Project Area is eligible as a conservation area within the requirements of the Act.

The Project Area qualifies as a conservation area under the improved property criteria as set forth in the Act. Specifically,

- 100% of the buildings are 35 years of age or older;
- Six conservation area factors are present to a meaningful extent and reasonably distributed throughout the entire Project Area. These include:

    1. Obsolescence
    2. Deterioration
    3. Structures Below Minimum Code Standards
    4. Excessive Vacancies
    5. Inadequate Utilities
    6. Excessive Land Coverage and Overcrowding of Structures

Finally, the Project Area includes only real property and improvements that would be substantially benefited by the proposed redevelopment project improvements.

## I. BASIS FOR REDEVELOPMENT

The Illinois General Assembly made these key findings in adopting the Act:

1. That there exists in many municipalities within the state blighted and conservation areas;
2. That as a result of the existence of blighted areas and areas requiring conservation, there is an excessive and disproportionate expenditure of public funds, inadequate public and private investment, unmarketability of property, growth in delinquencies and crime, and housing and zoning law violations in such areas together with an abnormal exodus of families and businesses so that the decline of these areas impairs the value of private investments and threatens the sound growth and the tax base of taxing districts in such areas, and threatens the health, safety, morals, and welfare of the public; and
3. That the eradication of blighted areas and the treatment and improvement of conservation areas by redevelopment projects are essential to the public interest.

To ensure that the exercise of these powers is proper and in the public interest, the Act also specifies certain requirements that must be met before a municipality can proceed with implementing a redevelopment project. One of these requirements is that the municipality must demonstrate that a prospective redevelopment project area qualifies either as a blighted area or as a conservation area pursuant to the definitions for each set forth in the Act (Section 11-74.4-3).

Blighted areas are defined as: 1) any improved area in which buildings or improvements are detrimental to the public safety, health or welfare because of a combination of 5 or more of the 13 improved area eligibility factors set forth in the Act; and 2) any vacant area in which its sound growth is impaired by the presence of one or two sets of criteria set forth in the Act.

Conservation areas are defined in the Act as any improved area in which 50% or more the structures have an age of 35 years and the improved area exhibits the presence of a combination of 3 or more of the 13 improved area eligibility factors set forth in the Act. Such an area is not yet a blighted area but if left unchecked, the presence of three or more such factors which are detrimental to the public safety, health or welfare, such an area may become a blighted area.

### *Improved Area Eligibility Criteria*

Section 11-74.4.3 of the Act defines the 13 eligibility factors for improved areas. To support a designation as a blighted or conservation area each qualifying factor must be: (i) present to a meaningful extent and that presence documented so that the City may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the Project Area.

1. Dilapidation
2. Obsolescence
3. Deterioration
4. Illegal use of individual structures
5. Presence of structures below minimum code standards
6. Excessive vacancies
7. Lack of ventilation, light, or sanitary facilities
8. Inadequate utilities
9. Excessive land coverage and overcrowding of structures and community facilities
10. Deleterious land-use or layout
11. Lack of community planning

12. Environmental remediation costs have been incurred or are required
13. Declining or lagging rate of growth of total equalized assessed valuation

It is also important to note that the test of eligibility is based on the conditions of the area as a whole; it is not required that eligibility be established for each and every property in the Project Area.

## II. ELIGIBILITY SURVEY AND ANALYSIS

An analysis was made of each of the factors listed in the Act for conservation areas and blighted areas to determine whether each or any factors are present in the Project Area, and if so, to what extent and in what locations. Surveys and analyses conducted by JRG included:

1. Exterior survey of the condition and use of all buildings and sites and interior survey of selected buildings;
2. Field survey of physical conditions covering streets, sidewalks, curbs and gutters, lighting, traffic, parking facilities, landscaping, fences, and general property maintenance;
3. Analysis of the existing uses within the Project Area and their relationships to the surroundings;
4. Comparison of current land use to current zoning ordinance and the current zoning map;
5. Analysis of original platting and current parcel size and layout;
6. Analysis of vacant buildings;
7. Analysis of building floor area, site coverage, and off-street parking quantities;
8. Review of previously prepared plans, studies and data, including multiple physical needs assessment studies prepared by the CHA and/or its consultants (reports dated 1991, 1997, and April 27, 2015)
9. Analysis of the City's building permit data and building code violation data for the period from 2008 through December 2015;
10. Analysis of storm, sanitary sewer lines and water supply lines within the Project Area via existing infrastructure maps provided by the City's Department of Water Management;
11. Analysis of Cook County Assessor records for assessed valuations and equalization assessed valuations ("**EAV**") for tax parcels in the Project Area for assessment years 2010 to 2015; and

A statement of findings is presented for each factor listed in the Act. The conditions that exist and the relative extent to which each factor is present are described below.

A factor noted as "**not present**" indicates either that no information was available or that no evidence could be documented as part of the various surveys and analyses. A factor noted as present to a meaningful extent indicates that conditions exist which document that the factor is present throughout major portions of the Project Area and that the presence of such conditions have a major adverse impact or influence on adjacent and nearby development.

The following is the summary evaluation of the eligibility factors for the Project Area, presented in the order in which they appear in the Act.

## III. IMPROVED AREA ELIGIBILITY CRITERIA

The following is the summary evaluation of the eligibility criteria for the Project Area presented in the order in which they appear in the Act.

**Preface Note on Eligibility Criteria Evaluation**. In order to assess the "meaningful presence and reasonable distribution" of factors pursuant to the Act, TIF study areas are typically analyzed on a block-by-block basis, but the subject Project Area consists of only two unequal blocks, so the analysis below is based on the presence of factors on a building-by-building basis. As can be seen in Figures 2 through 8, the existing buildings are evenly distributed throughout the Project Area.

### *A.* Age

Age is a primary and threshold criterion in determining an area's qualification for designation as a conservation area. Age presumes the existence of problems or limiting conditions resulting from normal and continuous use of structures over an extended period of years. Since building deterioration and related structural problems can be a function of time and climate, structures which are 35 years or older typically exhibit more problems and require greater maintenance than more recently constructed buildings.

Of the 18 buildings within the 2 tax blocks, all 18 are 35 years of age or more.

***Conclusion: The Project Area meets the required age test for designation as a conservation area. 100% of the buildings within the Project Area exceed 35 years in age.***

### B. Dilapidation

*Section 11-74.4-3 of the Act defines "Dilapidation" as follows: An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.*

This section summarizes the process used for assessing building conditions in the Project Area, the standards and criteria used for evaluation, and the findings as to the existence of Dilapidation or deterioration of structures. The process, standards and criteria were applied in accordance with the Building Conditions Survey Manual (the "Manual"). The Manual, with updates to current standards, has been in use for over 40 years by planning consultants in the midwest. The original Manual was developed by staff involved in field surveys and analysis, providing a consistent method of evaluating buildings necessary for the background findings for the planning profession since the days of assessing properties during the 1960's urban renewal years.

The building condition analysis is based on a thorough exterior inspection of the buildings and sites conducted in November 2015, as well as an interior inspection in October 2015 and documentation of building conditions and facility needs assessments provided by the CHA. Structural deficiencies in building components and related environmental deficiencies in the Project Area were noted during the inspections.

1. ***Building Components Evaluated***

During the field surveys, each component of the buildings in the Project Area was examined to determine whether it was in sound condition or had minor, major, or critical defects. Building components examined were of two types, primary structural and secondary, as described below.

a. Primary Structural Components

These include the basic elements of any building: foundation walls, load-bearing walls and columns, floors, roof and roof structure.

b. Secondary Components

These are components generally added to the primary structural components and are necessary parts of the building, including exterior and interior stairs, windows and window units, doors and door units, interior walls, porches and steps, chimneys, and gutters and downspouts.

c. Criteria for Classifying Defects for Building Components

Each primary structural and secondary component was evaluated separately as a basis for determining the overall condition of individual buildings. This evaluation considered the relative importance of specific components within a building and the effect that deficiencies in components will have on the remainder of the building.

***2. Building Component Classifications***

The four categories used in classifying building components and systems and the criteria used in evaluating structural deficiencies are described below.

a. Sound

Building components that contain no defects, are adequately maintained, and require no treatment outside of normal ongoing maintenance.

b. Deficient - Requiring Minor Repair

Building components containing defects (e.g. loose or missing material or holes and cracks over a limited area) which often may be corrected through the course of normal maintenance. Minor defects have no real effect on either primary structural or secondary components and the correction of such defects may be accomplished by the owner or occupants, such as pointing masonry joints over a limited area or replacement of less complicated components. Minor defects are not considered in rating a building as structurally substandard.

c. Deficient - Requiring Major Repair

Building components which contain major defects over a widespread area and would be difficult to correct through normal maintenance. Buildings in the major deficient category would require replacement or rebuilding of components by people skilled in the building trades.

d. Critical

Building components that contain major defects (e.g. bowing, sagging, or settling to any or all exterior components causing the structure to be out-of-plumb, or broken, loose or missing material and deterioration over a widespread area) so extensive that the cost of repair would be excessive.

***3. Final Building Rating***

After completion of the exterior-interior building condition survey, each structure was placed in one of four categories based on the combination of defects found in various primary structural and secondary building components. Each final rating is described below:

a. Sound
Sound buildings can be kept in a standard condition with normal maintenance. Buildings so classified have no major or minor defects.

b. Deficient
Deficient buildings contain defects that collectively are not easily correctable and cannot be accomplished in the course of normal maintenance. The classification of major or minor reflects the degree or extent of defects found during the survey of the building.

*Minor* -- one or more minor defect, but no major defect.

*Major* -- one or more major defects in one of the primary components or in the combined secondary components, but no critical defect.

c. Substandard
Structurally substandard buildings contain defects that are so serious and so extensive that the building must be removed or major components substantially repaired and/or replaced. Buildings classified as structurally substandard have two or more major defects.

"Minor deficient" and "major deficient" buildings are considered to be the same as "deteriorating" buildings as referenced in the Act; "substandard" buildings are the same as "dilapidated" buildings. The words "building" and "structure" are presumed to be interchangeable.

***4. Exterior Survey***

The conditions of the buildings within the Project Area were determined based on observable components, as well as the documentation provided by CHA regarding exterior and interior conditions of the residential buildings. JRG conducted an exterior survey of each building within the Project Area to determine its condition. JRG identified no buildings as dilapidated. Of the 18 buildings in the Project Area:

1 building (5.6%) was classified as sound (no defects);
11 buildings (61.1%) were classified as minor deficient (deteriorating);
6 buildings (33.3%) were classified as major deficient (deteriorating); and
0 buildings (0.0%) were classified as structurally substandard (dilapidated).

***Conclusion: No Presence of Factor. Dilapidation (structurally substandard buildings) as a factor is not present in the Project Area.***

**C. Obsolescence**

*Section 11-74.4-3 of the Act defines "Obsolescence" as follows: The condition or process of falling into disuse. Structures have become ill suited for the original use.*

In making findings with respect to buildings, it is important to distinguish between functional Obsolescence, which relates to the physical utility of a structure, and economic Obsolescence, which relates to a property's ability to compete in the market place.

***1. Functional Obsolescence***

Historically, structures have been built for specific uses or purposes. The design, location, height, and space arrangement are intended for a specific occupant at a given time. Buildings become obsolete when they contain characteristics or deficiencies which limit their use and marketability after the original use ceases. The characteristics may include loss in value to a property resulting from an inherent deficiency existing from poor design or layout, the improper orientation of the building on its site, etc., which detracts from the overall usefulness or desirability of a property.

*2. Economic Obsolescence*

Economic obsolescence is normally a result of adverse conditions which cause some degree of market rejection and, hence, depreciation in market values.

If functionally obsolete properties are not periodically improved or rehabilitated, or economically obsolete properties are not converted to higher and better uses, the income and value of the property erodes over time. This value erosion leads to deferred maintenance, deterioration, and excessive vacancies. These manifestations of obsolescence then begin to have an overall blighting influence on surrounding properties and detract from the economic vitality of the overall area. Factors of obsolescence may include inadequate utility capacities, outdated building designs, etc.

Obsolescence as a factor should be based upon the documented presence and reasonable distribution of buildings and site improvements evidencing such obsolescence.

*3. Obsolete Building Types*

Obsolete buildings contain characteristics or deficiencies that limit their long-term sound use or reuse. Obsolescence in such buildings is typically difficult and expensive to correct. Obsolete building types have an adverse affect on nearby and surrounding development and detract from the physical, functional and economic vitality of the area.

All of the residential properties were built prior to 1940 and reflect outmoded building components, systems, and transportation planning/parking compared to contemporary developments. Obsolescence is present throughout the residential complex as documented by outdated mechanical conditions, doorways smaller than current standards, presence of wall or window air conditioning units and outmoded, non-energy efficient windows. Due to the age of their construction, most of the residential structures lack sufficient wall insulation causing heating/cooling inefficiencies year round. Furthermore, the dependence on the steam plant south of the Project Area as a centralized heating system, as well as residents' inability to use thermostats to control their own unit's heat, adds to the residential buildings' obsolescence.

The residential structures in the Project Area are characterized by conditions that limit their efficient use according to contemporary standards. The conditions of obsolescence must be remedied in any redevelopment of the residential units, which significantly raises the cost of such an undertaking. See ***Eligibility Report Figure 3, Obsolescence***.

***Conclusion: Major Presence of Factor. The analysis indicates that Obsolescence is present to a meaningful extent in 16 of the 18 buildings and reasonably distributed throughout the Project Area.***

**D. Deterioration**

*Section 11-74.4-3 of the Act defines "Deterioration" as follows: With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.*

Based on the definition given by the Act, deterioration refers to any physical deficiencies or disrepair in buildings or site improvements requiring treatment or repair.

Deterioration may be evident in basically sound buildings containing minor defects, such as lack of painting, loose or missing materials, or holes and cracks over limited areas. This deterioration can be corrected through normal maintenance.

Deterioration which is not easily correctable and cannot be accomplished in the course of normal maintenance may also be evident in buildings. Such buildings may be classified as minor deficient or major deficient buildings, depending upon the degree or extent of defects. This would include buildings with defects in the secondary building components (e.g., doors, windows, porches, gutters and downspouts, fascia materials, etc.), and defects in primary building components (e.g., foundations, frames, roofs, etc.), respectively.

***1. Deterioration of Buildings***

The analysis of building Deterioration is based on the survey methodology and criteria described in the Section on Dilapidation. Six buildings within the Project Area are classified as exhibiting major deteriorating conditions and 11 buildings are classified as exhibiting minor deteriorating conditions. See ***Eligibility Report Figure 4, Deterioration***.

All 17 of the buildings that exhibit Deterioration were found with varying levels of Deterioration in their secondary components and all but two of these 17 buildings exhibited minor Deterioration in their walls. Deteriorating conditions include multiple spots of loose and falling brick and widespread need for tuck pointing and brick replacements. The secondary components that were found to be deteriorated included boarded up windows, severely rusted lintels, deteriorated window frames, missing and boarded up doors, chipped and deteriorated front entrance steps, roofline parapet walls in need of tuck pointing or brick replacement, and cracked, bent, or leaking roof drainage downspouts.

***2. Deterioration of Sites and Infrastructure***

As part of the survey, JRG documented site conditions that include extensive broken, pavement and uneven paved surfaces within parking areas and sidewalks. Based on the field survey of streets within the Project Area, Deterioration of street pavement, curb and gutters, and sidewalks was noted to a limited extent in the Project Area.

***Conclusion: Major Presence of Factor. Deterioration is present in both tax blocks and in 17 of the 18 buildings of the Project Area. Therefore, Deterioration is meaningfully present and reasonably distributed throughout the Project Area.***

**E. Presence of Structures Below Minimum Code Standards**

*Section 11-74.4-3 of the Act defines the "Presence of structures below minimum code standards" as follows: All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.*

As referenced in the definition above, the principal purposes of governmental codes applicable to properties are to require buildings to be constructed in such a way as to sustain safety of loads expected from the type of occupancy; to be safe for occupancy against fire and similar hazards; and/or to establish minimum standards essential for safe and sanitary habitation. Structures below minimum code standards are characterized by defects or deficiencies that threaten health and safety.

One of the most important building codes are those designed to ensure compliance with the Americans with Disabilities Act. In the case of public housing units, all federally assisted housing developments with 5 or more units must contain 5% of the dwelling units to be accessible for persons with mobility disabilities, and an additional 2% of the dwelling units must

be accessible to persons with hearing or visual disabilities. These requirements are set forth in the Uniform Federal Accessibility Standards ("UFAS").

EMG, an engineering firm located in Hunt Valley, Maryland, completed a comprehensive green physical needs assessment of the Lathrop Homes, dated April 27, 2015, which included assessments of the residential units compliance with UFAS (the "EMG Study"). According to the EMG Study, none of the 16 residential buildings in the Project Area have any units that meet the standards for accessibility (mobility or audio/visual). Therefore all of the 16 residential buildings are below these UFAS building code standards.

The EMG Study documented the presence of structures below minimum code standards in 16 of the 18 buildings of the Project Area. This factor is present to a meaningful extent and reasonably distributed throughout the Project Area.

See ***Eligibility Report Figure 5, Buildings Below Minimum Code Standards***.

***Conclusion: Major Presence of Factor. The analysis indicates that structures below minimum code standards is present to a meaningful extent and is reasonably distributed throughout the Project Area.***

**F. Illegal Use of Individual Structures**

*Section 11-74.4-3 of the Act defines "illegal use of individual structures" as follows: The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.*

Violation of federal, State or local laws were not evident as part of the exterior field survey conducted as part of this Eligibility Study.

***Conclusion: No Presence of Factor. No condition pertaining to illegal uses of individual structures has been documented as part of the interior and exterior surveys and analyses undertaken within the Project Area. This factor is not a supporting factor for Project Area eligibility.***

**G. Excessive Vacancies**

*Section 11-74.4-3 of the Act defines "excessive vacancies" as follows: The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.*

Vacancies are present to a major extent based on an exterior field survey and on information provided by the CHA. According to CHA documents, as of February 7, 2016, there are 925 residential units in the entire Lathrop Homes complex, 570 of which are located within the Project Area. This CHA data shows that, of these 570 residential units, 503 units (88%) are vacant. Furthermore, many of these vacant units have been vacant for over 10 years, creating a long term and ongoing blight on the Project Area and the surrounding neighborhood. For purposes of this report a building was characterized as exhibiting "excessive vacancies" if more than 20% of its units were vacant. Under these definitions, 16 of the 18 buildings of the Project Area exhibited excessive vacancies.

Excessive vacancies, exhibited by exceptionally high levels and extended duration of vacancies in the Project Area and the larger Lathrop Homes community, have a detrimental impact on the neighborhood and all its residents. High vacancy levels can attract squatters to break into the units, as well as rodents (commonly found near the river), and also reduces the safety and security of residents due to the reduced presence of residents and visitors. The CHA has

attempted to address the safety issue, in part, by moving all existing residents into the cluster of buildings south of Diversey Parkway. See ***Eligibility Report Figure 6, Excessive Vacancies***.

***Conclusion:*** ***Major Presence of Factor. Excessive vacancies as a factor is present to a meaningful extent and is reasonably distributed throughout the Project Area.***

**H. Lack of Ventilation, Light, or Sanitary Facilities**

*Section 11-74.4-3 of the Act defines "lack of ventilation, light, or sanitary facilities" as follows: The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.*

A comprehensive interior inspection of conditions is required to determine the presence of this factor. No such inspection was conducted as part of this Eligibility Study. Sufficient ingress/egress and the presence of sufficient window openings was present from an exterior field survey.

***Conclusion:*** ***No Presence of Factor. No condition pertaining to a lack of ventilation, light, or sanitary facilities has been documented as part of the exterior surveys and analyses undertaken within the Project Area. This factor is not present in the Project Area.***

**I. Inadequate Utilities**

*Section 11-74.4-3 of the Act defines "inadequate utilities" as follows: Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.*

Existing sewer and water supply lines throughout the City were largely put in place 30 to 100 years ago and many are undersized.

Both sewer and water lines typically have useful life expectancies of approximately 100 years. Review and analysis of the City's water and sewer atlases for the pipes that serve the Project Area indicate that many of the existing water and sewer lines have dangerously exceeded their expected life of 100 years. The sewer lines running along Clybourn Avenue, from Damen Avenue to the northern end of the Project Area, are all over 130 years old. Similarly, the water lines running along the same stretch of Clybourn Avenue range in age from 104 to 108 years old, also beyond their life expectancy. Finally, the 30-inch water main running along Diversey Parkway from Damen Avenue to the western edge of the Project Area is over 105 years old. See ***Eligibility Report Figure 7. Inadequate Utilities***.

***Conclusion:*** ***Major Presence of Factor. Inadequate utilities, as a factor, impacts 15 of the 18 buildings, both of the blocks in the Project Area, and is present to a meaningful extent and reasonably distributed throughout the Project Area.***

J. Excessive Land Coverage & Overcrowding of Structures and Community Facilities

*Section 11-74.4-3 of the Act defines "excessive land coverage and overcrowding of structures and community facilities" as follows: The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonable required off-street parking, or inadequate provision for loading and service.*

Excessive land coverage and overcrowding of structures and community facilities is present in the Project Area in terms of the lack of sufficient off-street parking spaces. The residential complex was planned and built in the 1930's and the designers did not anticipate modern rates of car ownership and use. The original development created one off-street parking space for every 15 residential units with the main residential parking lot inconveniently located in the southern portion of the Lathrop Homes development. If residents from the buildings at the north end of the complex wish to use an off-street parking space, they must park almost a third of a mile away. Due to low occupancy levels (only 67 units in the Project Area are occupied), current residents have sufficient on-street parking spaces. However, a dramatic and costly expansion of the number of off-street spaces would be required in any redevelopment and re-occupancy of the vacant residential units.

In contrast to the lack of parking, the layout, density, and space between buildings are not considered overcrowded or excessive in land coverage. In fact the overall site layout of Lathrop Homes received great acclaim for its design. However, the dearth of off-street parking spaces is so severe and widespread throughout the entire complex that this is considered a major presence of this factor. The factor impacts 17 of the 18 buildings and all portions of the Project Area to a significant extent, contributing to the Project Area's qualification as a conservation area. Any redevelopment of the Project Area would have to add hundreds of off-street parking spaces in order to meet the City's modern zoning codes. See ***Eligibility Report Figure 8. Excessive Land Coverage/Overcrowding of Buildings and Community Facilities.***

***Conclusion: Major Presence of Factor. Excessive land coverage and overcrowding of structures and community facilities is present to a meaningful extent and is reasonably distributed throughout the Project Area.***

K. Deleterious Land Use or Layout

*Section 11-74.4-3 of the Act defines "deleterious land-use or layout" as follows: The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.*

The non-residential buildings in the Project Area are complimentary and compatible with the residential buildings, and the land uses are consistent with the City's zoning code and do not result in inappropriate mix of uses.

***Conclusion: No Presence of Factor. Deleterious land-use or layout has not been documented as present in the Project Area.***

**L. Lack of Community Planning**

*Section 11-74.4-3 of the Act defines "lack of community planning" as follows: The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.*

The City of Chicago was incorporated in 1837 and expanded in population and geography well into the 20th century. With the adoption of the Burnham Plan in 1909, the City established a pattern of streets and boulevards on a grid system with residential, commercial and confined industrial areas separated by major rail lines, commercial corridors and the parks connected by green boulevards. Lathrop Homes was planned and built in the 1930's as a planned community for the working poor and won great praise for its layout and overall design.

***Conclusion: No Presence of Factor. Lack of community planning has not been documented in the Project Area.***

**M. Environmental Remediation**

*Section 11-74.4-3 of the Act defines "environmental remediation" as follows: The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.*

The Project Area does not contain any properties or Long-term Cleanup Sites on the United States Environmental Protection Agency's Region 5 Superfund website and does not contain any Leaking Underground Storage Tanks tracked via the Illinois Environmental Protection Agency's Leaking Incident Database.

***Conclusion: No Presence of Factor. No condition pertaining to a need for environmental remediation has been documented as part of the surveys and analyses undertaken within the Project Area.***

**N. Declining or Lagging Equalized Assessed Valuation**

*Section 11-74.4-3 of the Act defines "declining or lagging equalized assessed valuation" as foltows: The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.*

Over the period from 2010 to 2015, the growth rate of the total EAV of the Project Area has declined in two of the last five years and lagged behind the growth rate of the Consumer Price Index (CPI) in all five of those years. One parcel, 14-30-302-008-0000, which lies in the right-of-way of Damen Avenue, had an assessed value from 2008 through 2011 but was revised to exempt status in assessment year 2012. However, the vast majority of the Project Area, except for two right of way parcels with taxable value, has been exempt for this entire time period so

the declining trend is not meaningful. Therefore this factor is not considered present in the Project Area.

The EAV figures are shown below in ***Table 1. Growth of Project Area vs. Consumer Price Index***.

**Table 1. Growth of Project Area**

| | Project Area EAV | | | CPI –Dec. Value/All Urban Consumers | | |
|---|---|---|---|---|---|---|
| Year[1] | Project Area EAV | Percent Change[2] | Declining EAV | CPI-December Value | Percent Change | Lagging CPI |
| **2010** | 161,000 | -2.1% | | 219.179 | 1.50% | |
| **2011** | 144,930 | -10.0% | YES | 225.672 | 2.96% | YES |
| **2012** | 0 | -100.0% | YES | 229.601 | 1.74% | YES |
| **2013** | 0 | 0.0% | NO | 233.049 | 1.50% | YES |
| **2014** | 0 | 0.0% | NO | 234.812 | 0.76% | YES |
| **2015** | 0 | 0.0% | NO | 236.525 | 0.73% | YES |

[1]2015 is the most recent year for which finalized data is available for the Project Area and CPI.

[2]Percent Change reflects the annual growth in EAV from the prior year (e.g. -100.0% change in Project Area EAV for Year 2012 represents the decline in EAV from 2011 to 2012).

***Conclusion: No Presence of Factor. Declining or Lagging Equalized Assessed Valuation as a factor is not present in the Project Area.***

## IV. DETERMINATION OF PROJECT AREA ELIGIBILITY

The Project Area meets the requirements of the Act for designation as a conservation area.

### A. Age

The Project Area meets the threshold criteria which requires that 50% or more of buildings are 35 years of age or older. One hundred percent (100%) of the Project Area's buildings are 35 years of age or older.

### B. Conservation Area Criteria

The meaningful presence and reasonable distribution of a minimum of three of the thirteen factors set forth in the Act are required for an Project Area to qualify for designation as a conservation area. The analysis of the Project Area found a meaningful presence and a reasonable distribution of six factors throughout the Project Area, including:

1. Obsolescence
2. Deterioration
3. Structures Below Minimum Code Standards
4. Excessive Vacancies
5. Inadequate Utilities
6. Excessive Land Coverage and Overcrowding of Structures

The summary of conservation area factors is documented on a building-by-building basis in ***Table 2: Distribution of Conservation Area Factors by Building***. Please see ***Figure 9: CHA Building Numbers*** in order to reference each building's location.

The eligibility findings presented in this report indicate that the Project Area is in need of revitalization and guided growth to ensure that it will contribute to the long-term physical, economic, and social well-being of the City. The Project Area contains properties and buildings of various sizes that are advancing in obsolescence and deterioration. Existing vacancies, inadequate utilities, building code violations, insufficient off-street parking, and other conservation factors as identified above, indicate that the Project Area as a whole has not been subject to growth and development through investment by private enterprise, and would not reasonably be anticipated to be developed without public action.

*Diversey/Chicago River Housing Impact Study.*

Johnson Research Group, Inc. ("**JRG**") has been engaged by Lathrop Community Partners, LLC, (the "**Developer**") to work with the City of Chicago (the "**City**") Department of Planning and Development in the preparation of the Diversey/Chicago River Tax Increment Financing Redevelopment Project and Plan (the "**Redevelopment Plan**"). The Diversey/Chicago River Redevelopment Project Area is bounded on the north by the Wellington Avenue, on the east by Clybourn Avenue and Damen Avenue, on the east by Leavitt Avenue and the Chicago River, and on the south by an irregular line that runs along the south line of Julia C. Lathrop public housing buildings numbered 13, 6, and 2 (the "**Project Area**"). For a map of the Project Area boundaries, see ***Housing Impact Study Figure 1. Project Area Boundary***.

As set forth in Section 11-74.4-3(n)(5) of the Illinois Tax Increment Allocation Redevelopment Act (the **"Act"**), if the redevelopment plan for a redevelopment project area would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and the City is unable to certify that no displacements of residents will occur, the municipality shall prepare a housing impact study and incorporate the study in the Redevelopment Plan. For the purposes of this housing impact study, any relocation or removal from a currently occupied household, either temporary or permanent, will be considered displacement. The Redevelopment Plan anticipates activities that are expected to result in the on-site relocation of more than 10 occupied households within the Project Area.

In accordance with the Act, JRG has conducted a housing impact study for the Project Area to determine the potential impact of redevelopment on area residents (the "**Housing Impact Study**"). The area includes 18 of the 33 buildings in the Julia C. Lathrop public housing development ("**Lathrop Homes**") that are slated for rehabilitation or redevelopment as part of the first phase of Lathrop Homes redevelopment into a mixed income, mixed use development.

The Redevelopment Plan, which incorporates this document by reference, provides guidelines for revitalization and new development of existing properties in the Project Area. Two of the goals of the Redevelopment Plan are to preserve historically and architecturally significant housing stock and to provide affordable housing.

This Housing Impact Study is organized into two parts. Part I describes the housing survey conducted within the Project Area to determine existing housing characteristics. Part II describes the potential impact of the Redevelopment Plan. Specific elements of the Housing Impact Study Include:

Part I of the Housing Impact Study: Housing Survey

i. Type of residential unit mix; either single-family or multi-family.

ii. The number and type of rooms within the units, if that information is available.

iii. Whether the units are inhabited or uninhabited, as determined no less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 of the Act is passed.

iv. Data as to the racial and ethnic composition of the residents in the inhabited residential units, which shall be deemed to be fully satisfied if based on data from the most recent federal census.

Part II of the Housing Impact Study: Potential Housing Impact

i. The number and location of those units that will be or may be removed.

ii. The municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose units are to be removed.

iii. The availability of replacement housing for those residents whose units will be removed, and the identification of the type, location and cost of the replacement housing.

iv. The type and extent of relocation assistance to be provided.

The CHA is an Illinois municipal corporation engaged in the development and operation of safe, decent and sanitary housing throughout the Chicago metropolitan area for low-income families in accordance with the United States Housing Act of 1937, 42 USC §1437, et seq.(the "Housing Act"), the State Housing Authorities Act, 310 ILCS 10/1 et.seq., as amended, and other applicable laws, regulations and ordinances.

The CHA maintains a complete inventory of all properties under its control. This report utilizes data compiled and maintained by the CHA.

**PART I – HOUSING SURVEY**

Part I of the Housing Impact Study, as required by the Act, provides the number, type and size of residential units within the Project Area; the number of inhabited and uninhabited units; and the composition of the residents in the inhabited residential units.

CHA maintains an inventory of the number type, size and occupancy of all units within a development. Residents within Lathrop Homes, as in other public housing developments, complete an application process that includes data as to household composition including, among other criteria, age, gender, income, and optional categories of race and ethnicity. Data is updated through a biennial re-certification process to ensure residents are in compliance with CHA programs and housing regulations.

**i. Number and Type of Residential Units**

The number and type of residential units within the Project Area are based on data maintained and provided by CHA in February 2016. There are 18 buildings in the Project Area, 16 of which are residential buildings with a total of 570 residential units. Of those 570 residential units, 67 are currently occupied. Two non-residential buildings include an administration building and a community center. The number and type of buildings and residential units are presented in ***Table 1. Number and Type of Residential Units***.

**Table 1. Number and Type of Residential Units**

| Building Type | # of Buildings | # Units | # Inhabited Units |

| Non-Residential | 2 | 0 | 0 |

### ii. Number and Type of Rooms in Residential Units

Based on data provided by CHA, the distribution of residential units within the Project Area by the number of bedrooms is identified in ***Table 2 Units by Number of Bedrooms in the Project Area***. CHA maintains data as to the number and type of rooms by building for each of their properties

**Methodology**

Data as to the number of bedrooms per unit was provided by CHA on a building by building basis for all Lathrop Homes properties. JRG identified only those buildings located within the Project Area for inclusion in this report.

Consistent with definitions used by the United States Census Bureau, the CHA includes all rooms intended for use as bedrooms even if they are currently used for some other purpose. A housing unit consisting of only one room, such as a one-room efficiency apartment, is classified, by definition, as having no bedroom.

**Table 2. Units By Number of Bedrooms in the Project Area**

| **3 Bedrooms** | 32 | 5.6% |
| **TOTAL:** | **570** | **100.0%** |

### iii. Number of Inhabited Units

Based on data provided by the CHA, the Project Area includes 570 residential units, of which 67 (11.8%) units were identified as inhabited and 503 (88.2%) were identified as vacant.

### iv. Race and Ethnicity of Residents

The racial and ethnic composition of the residents within the Project Area is identified in ***Table 3, Race and Ethnicity Characteristics in the Project Area***, within this section.

### Methodology

As part of CHA residential application as well as annual and interim recertification processes, applicants may opt to identify the racial and ethnic backgrounds of each member within their household. Based on resident data compiled and maintained by the CHA, there were 213 residents as of February 10, 2016. ***Table 3. Race and Ethnicity Characteristics*** presents data maintained by CHA specifically for Lathrop Homes properties within the Project Area.

## PART II – POTENTIAL HOUSING IMPACT

The primary goal of the Redevelopment Plan is to rehabilitate and redesign Lathrop Homes into an historically preserved, sustainable and quality residential development with retail and other amenities in a mixed income community. Redevelopment activities in the Project Area are expected to include substantial renovation of existing residential buildings, demolition of select buildings and construction of new buildings in addition to site and infrastructure improvements. Such activities are expected to result in the temporary displacement of more than 10 inhabited residential units.

In accordance with the Act, Part II of the Housing Impact Study i) identifies the extent of the impact to inhabited residential units, ii) the municipality's plans for relocation assistance for impacted households; iii) the availability of replacement housing for those displaced residents; and iv) the type and extent of relocation assistance to be provided.

### i. Number and Location of Units That May Be Removed

The Project Area encompasses 14 buildings located north of Diversey Parkway and 4 buildings immediately south of Diversey Parkway. All 67 currently inhabited residential units are located within the 4 buildings south of Diversey Parkway. The number and location of inhabited residential units are presented below in ***Table 4. Location of Inhabited Residential Units by Building***.

Table 4. Location of Inhabited Residential Units by Building

| Building | Number of Units | Number of Inhabited Units |
|---|---|---|
| 1 | 40 | 15 |

Current revitalization plans include staged redevelopment activities that involve demolition of Lathrop Homes' buildings 1 and 2, followed later by a gut rehabilitation of Lathrop Homes' buildings 6 and 13. As a result of these redevelopment activities, all 67 inhabited units located within these buildings will be impacted. After renovation and new construction is complete, all households will be relocated to permanent residence in accordance with all applicable public housing requirements, including without limitation, the Housing Act, HUD regulations, all other pertinent federal and state laws and CHA policies..

For the purposes of the Housing Impact Study, any relocation, either temporary or permanent, will be considered displacement. The properties with inhabited residential units subject to displacement are illustrated in ***Housing Impact Study Figure 2. Housing Impact***, at the end of this report.

**ii. City's Plan for Relocation Assistance**

Plans for relocation assistance for those residents in the proposed Project Area whose residences are to be removed or displaced shall be consistent with no less than the requirements set forth in Section 11-74.4-3(n)(7) of the Act in accordance with all applicable public housing requirements, including without limitation, the Housing Act, HUD regulations, all other pertinent federal and state laws and CHA policies.. With CHA and the Developer, the City's plan for relocation assistance anticipates a phased process, as described above, to prevent or minimize relocation of current residents beyond the Lathrop Homes development site.

The City will maintain regular communication and oversight of redevelopment activities and residential occupancy with CHA and the Developer.

**iii. Replacement Housing**

For all residents in the Based on CHA inventory data as of February 29, 2016, a total of 90 vacant housing units in Lathrop Homes' buildings 6 and 13 are available to accommodate the 18 households displaced by demolition of Lathrop Homes' buildings 1 and 2, described earlier. A breakdown of the units available by building and number of bedrooms is shown in **Table 5. *Listing of Public Housing Availability in the Project Area.***

**Table 5. Listing of Public Housing Availability in the Project Area**

After a sufficient number of residential units are completely renovated or constructed and ready for occupancy, the renovation of Lathrop Homes' buildings 6 and 13 will begin. As a result, up to 67 households will be displaced and offered new or renovated units in Lathrop Homes. Approximately 197 units will be dedicated as public housing units, and the 67 displaced households will be offered residence from among these 197 dedicated units.

**iv. Type and Extent of Relocation Assistance**

As indicated in this Housing Impact Study, redevelopment activities are expected to displace as many as 67 units, all of which meet the criteria for very low or very, very low income households. Such residents will be provided with relocation assistance in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations thereunder, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. The City shall make a good faith effort to ensure that this replacement affordable housing for the aforementioned households is located in or near the Project Area.

Based on the 2015 income data provided by the CHA for all occupied households in the Project Area and the income limits provided by United States Department of Housing and Urban Development ("**HUD**"), 1.5% of the households within the Project Area can be classified as very low-income and 98.5% of the households may be classified as very, very low-income. As used in this paragraph "low-income households," "very low-income households," and "affordable housing" shall have the meanings set forth in Section 3 of the Illinois Affordable Housing Act, 310 ILCS 65/3. "Extremely low income households" shall have the meaning set forth in 24 CFR Part 5 Subpart F. As of the date of the Redevelopment Plan, these statutory terms are defined as follows:

a. "low-income households" means a single-person, family or unrelated persons living together whose adjusted income is more than 50 percent but less than 80 percent of the median income of the area of residence, adjusted for family size, as such adjusted income and median income are determined from time to time by HUD for purposes of Section 8 of the United States Housing Act of 1937;

b. "very low-income households" means a single-person, family or unrelated persons living together whose adjusted income is not more than 50 percent of the median income of the area of residence, adjusted for family size, as so determined by HUD;

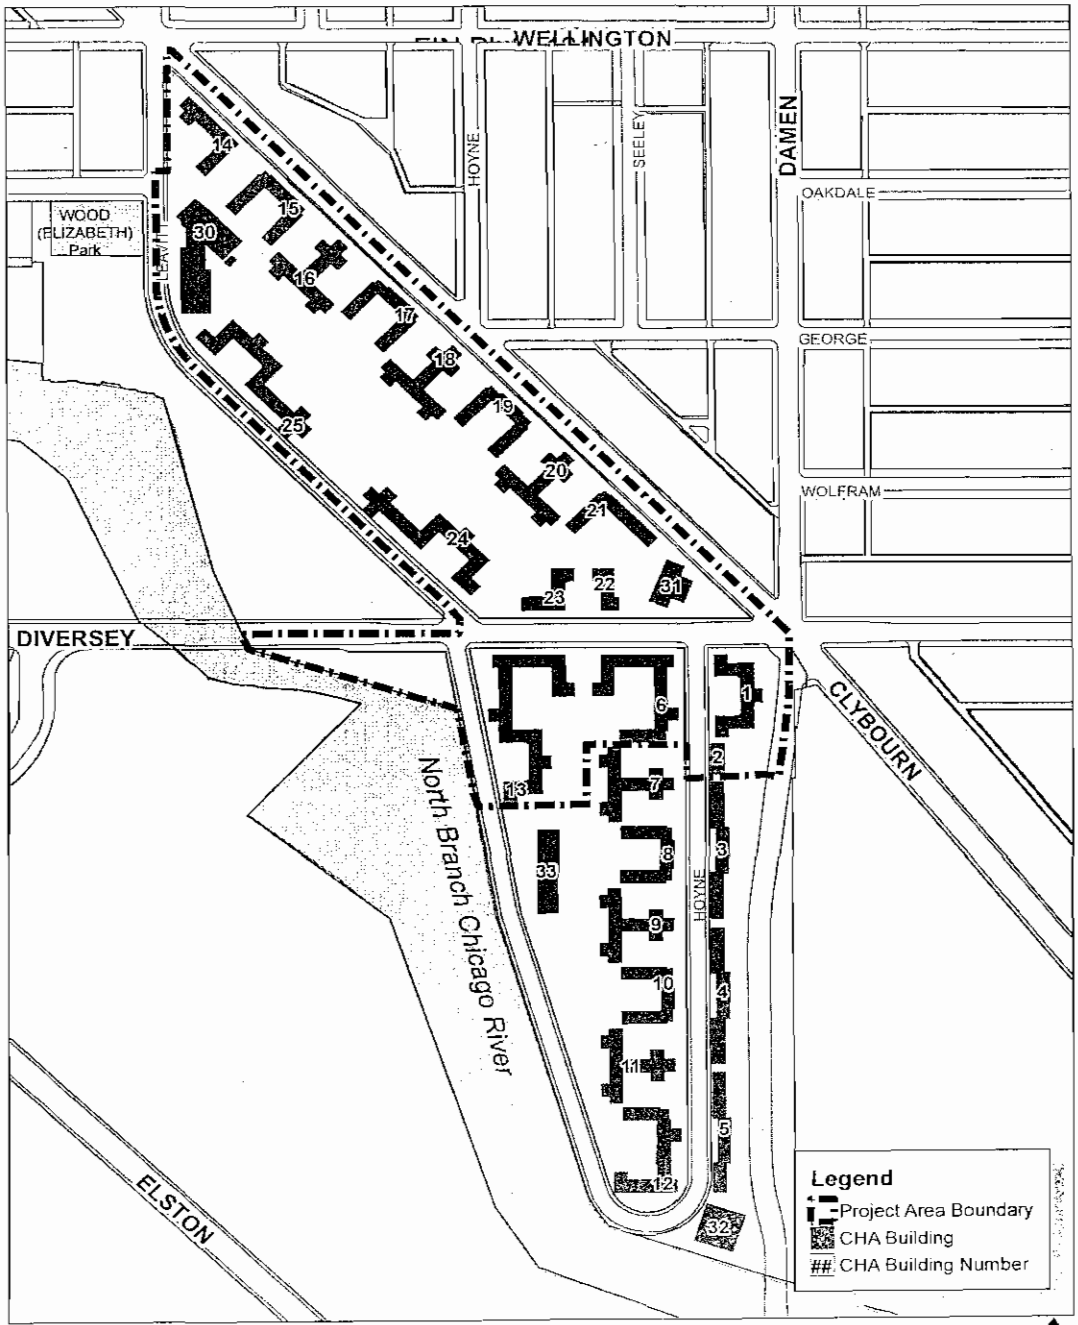
c. "extremely low-income households" means a single-person, family or unrelated persons living together whose adjusted income is not more

than 30 percent of the median income of the area of residence, adjusted for family size, as so determined by HUD; and

d. "affordable housing" means residential housing that, so long as the same is occupied by low-income households or very low-income households, requires payment of monthly housing costs, including utilities other than telephone, of no more than 30 percent of the maximum allowable income for such households, as applicable.

Collectively, very low-income and extremely low-income households are estimated to represent 100% of the inhabited households in the Project Area. A summary of the number of households in the Project Area at each income category are summarized in ***Table 6. Project Area Household Income - 2015***.

**Table 6. Project Area Household Income - 2015**



| Income Category | Annual Income Range* | Number of Households | Percent of Households |
|---|---|---|---|
| Extremely Low-Income | $0 - $28,410 | 66 | 98.5% |
| Very Low-Income | $26,600-$41,050 | 1 | 1.5% |
| Low-Income | $42,600 - $65,700 | 0 | 0 |
| **TOTAL:** | | **67** | **100.0%** |

Section 1. The above recitals are incorporated herein and made a part hereof.

Section 2. The Commission hereby makes the following findings pursuant to Section 5/11-74.4-3(n) of the Act or such other section as is referenced herein:

a. The Area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be expected to be developed without the adoption of the Plan;

b. The Plan:

(i) conforms to the comprehensive plan for the development of the City as a whole; or

(ii) the Plan either (A) conforms to the strategic economic development or redevelopment plan issued by the Chicago Plan Commission or (B) includes land uses that have been approved by the Chicago Plan Commission;

c. The Plan meets all of the requirements of a redevelopment plan as defined in the Act and, as set forth in the Plan, the estimated date of completion of the projects described therein and retirement of all obligations issued to finance redevelopment project costs is not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 5/11-74.4-8 of the Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year following the year of the adoption of the ordinance approving the designation of the Area as a redevelopment project area and, as required pursuant to Section 5/11-74.4-7 of the Act, no such obligation shall have a maturity date greater than 20 years;

d. To the extent required by Section 5/11B74.4-3(n)(6) of the Act, the Plan incorporates the housing impact study, if such study is required by Section 5/11-74.4-3(n)(5) of the Act;

e. The Area includes only those contiguous parcels of real property and improvements thereon that are to be substantially benefitted by proposed Plan improvements, as required pursuant to Section 5/11-74.4-4(a) of the Act;

f. As required pursuant to Section 5/11-74.4-3(p) of the Act:

(i) The Area is not less, in the aggregate, than one and one-half acres in size; and

(ii) Conditions exist in the Area that cause the Area to qualify for designation as a redevelopment project area and a conservation area as defined in the Act;

g. If the Area is qualified as a "blighted area", whether improved or vacant, each of the factors necessary to qualify the Area as a Redevelopment Project Area on that basis is (i) present, with that presence documented to a meaningful extent so that it may be reasonably found that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part or vacant part, as applicable, of the Area as required pursuant to Section 5/11-74.4-3(a) of the Act;

h. If the Area is qualified as a "conservation area", the combination of the factors necessary to qualify the Area as a redevelopment project area on that basis is detrimental to the public health, safety, morals or welfare, and the Area may become a blighted area.

Section 3. The Commission recommends that the City Council approve the Plan pursuant to Section 5/11-74.4-4 of the Act.

Section 4. The Commission recommends that the City Council designate the Area as a Redevelopment Project Area pursuant to Section 5/11-74.4-4 of the Act.

Section 5. The Commission recommends that the City Council adopt Tax Increment Allocation Financing within the Area.

Section 6. If any provision of this resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this resolution.

Section 8. This resolution shall be effective as of the date of its adoption.

Section 9. A certified copy of this resolution shall be transmitted to the City Council.

Adopted: July 12, 2016.
