REPORTS AND COMMUNICATIONS FROM CITY OFFICERS.

Rules Suspended -- GRATITUDE EXTENDED TO CHICAGO POLICE OFFICERS VICTORIA MENDOZA AND DAVID PEREZ FOR APPREHENSION OF ARMED ROBBERS.

[R2017-739]

The Honorable Rahm Emanuel, Mayor, presented the following communication:

OFFICE OF THE MAYOR
CITY OF CHICAGO

September 6, 2017.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN -- I transmit herewith, together with Aldermen Reboyras, Lopez and Thompson, a congratulatory resolution concerning the Chicago Police Department.

Your favorable consideration of this resolution will be appreciated.

Very truly yours,

(Signed) RAHM EMANUEL,
Mayor.

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the said proposed resolution. The motion *Prevailed.*

The following is said proposed resolution:

WHEREAS, In the early afternoon of July 21, 2017, Chicago Police Officers David Perez (Star Number 14864) and Victoria Mendoza (Star Number 14334) were dispatched to the scene of an armed robbery at a T-Mobile store at 43rd Street and Ashland Avenue in the Back of the Yards neighborhood on Chicago's South Side; and

WHEREAS, Armed robbers had entered the store, rounded up the store's employees and customers, and bound them with zip ties; and

WHEREAS, One employee managed to slip out the back of the store undetected to alert police, while a customer escaped through the front door, before the offenders fled the scene in a waiting vehicle; and

WHEREAS, Officers Perez and Mendoza immediately pursued the offenders; and

WHEREAS, When the offenders reached the west side of Ashland Avenue, they turned, pointed their guns at the pursuing officers, and began firing; and

WHEREAS, Officer Mendoza was shot in the leg, the bullet shattering her knee; and

WHEREAS, Ignoring the significant risk to his own life, Officer Perez continued to pursue the offenders on foot; and

WHEREAS, During the foot chase, Officer Perez took and returned gun fire with at least one of the offenders; and

WHEREAS, Thanks to the bravery and relentless determination of Officer Perez and other pursuing officers, the offenders were arrested and charged with armed robbery and attempted murder; and

WHEREAS, Ten days after being grievously injured while on duty, Officer Mendoza personally thanked the children attending camp at the Chicago Park District's Wilson Field House for the lovely get-well cards they had sent her while she was recuperating in the hospital; and

WHEREAS, In response to a question from one inquisitive child, Officer Mendoza, who is widely admired for her irrepressible spirit and boundless energy, assured the children that she planned to return to work at the Chicago Police Department as soon as possible to do "the job I was intended to do". In the meantime, she said, "I have a goal. I do the Hustle Up the Hancock every year. That's the goal I am going to work for"; and

WHEREAS, The courage, devotion, and resilience demonstrated by Officer Perez and Officer Mendoza, while risking their lives at the scene of a violent crime; and in the case of Officer Mendoza, while recovering from the wound she sustained in the line of duty, has earned them the respect and gratitude of all Chicagoans; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this sixth day of September 2017, do hereby honor Chicago Police Officers David Perez and Victoria Mendoza, who, in keeping with the highest traditions of the Chicago Police Department, risked their lives to protect and defend the residents of our great City; and

Be It Further Resolved, That suitable copies of this resolution be presented to Chicago Police Officers David Perez and Victoria Mendoza, and placed on permanent record in their personnel files, as a token of our gratitude and esteem.

On motion of Alderman Burke, seconded by Aldermen Dowell, Thompson, Cárdenas, Lopez, Curtis, Cochran, Solis, Taliaferro, Reboyras, Sposato and Napolitano, the foregoing proposed resolution was *Adopted* by a viva voce vote.

At this point in the proceedings, the Honorable Rahm Emanuel, Mayor, rose and on behalf of the people of Chicago, extended appreciation to Police Officers Davis Perez and Victoria Mendoza for their heroic actions in apprehending violent offenders involved in an armed robbery. Lauding the brave and selfless dedication of Officer Mendoza, who sustained a gunshot wound, and Officer Perez during their relentless pursuit of the dangerous and armed offenders, Mayor Emanuel observed that each day the men and women of the Police Department place their lives in jeopardy in serving and protecting the people of Chicago. Noting the devastating impact that guns and violence have on communities across the city and the speed in which violent criminals and repeat gun offenders are released and back on the streets after serving only a fraction of their sentence, Mayor Emanuel called for stricter laws and penalties to curtail criminal activities and urged the members of the City Council to support passage of an ordinance before the body today that will strengthen regulations regarding the secondary cell phone market and hinder their use for criminal intent. Mayor Emanuel then left the rostrum and strode to the commissioners' gallery where he presented Police Officers Victoria Mendoza and Davis Perez with parchment copies of the congratulatory resolution.

Rules Suspended -- GRATITUDE EXTENDED TO MEMBERS OF CHICAGO FIRE DEPARTMENT BATTALION 10, ENGINE COMPANY 124, TRUCK COMPANY 38, AND AMBULANCES 32 AND 48 FOR LIFE-SAVING RESCUE.

[R2017-738]

The Honorable Rahm Emanuel, Mayor, presented the following communication:

OFFICE OF THE MAYOR
CITY OF CHICAGO

September 6, 2017.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN -- I transmit herewith, together with Aldermen Reboyras, Sposato, Dowell, O'Shea, Napolitano, Arena and Mell, a congratulatory resolution concerning the Chicago Fire Department.

Your favorable consideration of this resolution will be appreciated.

Very truly yours,

(Signed) RAHM EMANUEL,

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the said proposed resolution. The motion *Prevailed.*

The following is said proposed resolution:

WHEREAS, Shortly before midnight on Friday, May 26, 2017, members of the Chicago Fire Department responded to a fire call in the 4300 block of North Monticello Avenue. While on the way, OEMC confirmed the fire and advised of the possibility of people being trapped inside, and escalated the scope of the response; and

WHEREAS, Battalion 10, Engine Company 124, and Truck Company 38, supported by Ambulances 32 and 48, rushed to the scene to find a one-and-a-half-story frame home so engulfed in flames that firefighters initially could not make entry; and

WHEREAS, Concerned that people were trapped inside the burning home, members of Engine 124 quickly trained two hose lines onto the fast-moving fire in a desperate attempt to knock down the flames and clear a path for search and rescue crews to enter. These firefighters also worked to keep the fire from spreading to nearby homes. The remaining members of Engine 124 worked seamlessly as a team to connect the engine to fire hydrants and maintain a stable supply of water needed to battle the flames; and

WHEREAS, As water began to flow onto the fire, members of Truck 38 bravely entered the burning home to search for trapped victims and help battle the blaze. These firefighters also raised ladders to the roof of the home to cut ventilation holes essential to allow the deadly smoke and heat to escape; and

WHEREAS, The heroic efforts of the members of Engine 124 quickly brought the fire under control and provided the members of Truck 38 the protection they needed to find and rescue two terrified young victims, aged eight and nine, who were trapped by the smoke and flames; and

WHEREAS, Personnel from Ambulance 32 and Ambulance 48 provided on-scene emergency medical treatment to the three adults and three children who were victims of the fire. The trapped children rescued from the flames were the most seriously injured, and were transported to hospitals for further treatment; and

WHEREAS, Thanks to their bravery, teamwork, specialized training, and dedication to duty, these members of the Chicago Fire Department were able to quickly extinguish the fire, rescue and treat injured victims with no loss of life, and prevent the fire from spreading to nearby buildings; and

WHEREAS, The courage, quick actions, and effective firefighting and lifesaving techniques exhibited in response to this fire exemplify the highest traditions, dedication to duty and commitment to service inherent in all members of the Chicago Fire Department and demonstrated why the Chicago Fire Department is a source of pride to the City; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this sixth day of September 2017, do hereby express our admiration and gratitude to Battalion Chief Kurt Nelson of the 10th Battalion; Lieutenant James Lucas, Engineer Andreas Leititis and Firefighters Noel Martinez, Byron Franco and Bryce Myers of Engine Company 124; Lieutenant Michael Burns and Firefighters Mark Johnson, James O'Boyle, Eric McLean and Sean McMahon of Truck Company 38; Paramedic in Charge Shelly Wright and Paramedic Fredrick Ford of Ambulance 32; and Paramedic in Charge Jessica Kilimnik and Paramedic Kathryn Hayes of Ambulance 48 for their heroic actions; and

Be It Further Resolved, That a suitable copy of this resolution be presented to these members of the Chicago Fire Department, and placed on permanent record in their respective personnel files, as a token of our gratitude and esteem.

On motion of Alderman Burke, seconded by Aldermen Dowell, Taliaferro, Reboyras, Sposato, Napolitano and Arena, the foregoing proposed resolution was *Adopted* by a viva voce vote.

At this point in the proceedings, the Honorable Rahm Emanuel, Mayor, rose and on behalf of a grateful city, extended appreciation to Battalion Chief Kurt Nelson of the 10th Battalion, Lieutenant James Lucas, Engineer Andreas Leititis and Firefighters Noel Martinez, Byron Franco and Bruce Myers of Engine Company 124, Lieutenant Michael Burns and Firefighters Mark Johnson, James O'Boyle, Eric McLean and Sean McMahon of Truck Company 38, Paramedic in Charge Shelly Wright and Paramedic Fredrick Ford of Ambulance 32 and Paramedic in Charge Jessica Kilimnik and Paramedic Kathryn Hayes of Ambulance 48 for their life-saving rescue. Lauding the brave and selfless response by the honorees under life-threatening and challenging conditions, Mayor Emanuel spoke of the dedication, training, teamwork and focus necessary to perform such a dangerous rescue. A debt of gratitude is owed to the honorees and all members of the Fire Department who place their lives in danger each day for the safety and protection of others, the Mayor declared, and who proudly answer the call to duty as part of the "finest Fire Department in the United States of America". Mayor Emanuel then invited several honorees to the Mayor's rostrum where he presented each with a parchment copy of the congratulatory resolution.

~~E.~~ Neither the comptroller nor any agent of the comptroller shall issue tax stamps in connection with a parcel of residential property located in the city that is within one or more of the categories specifically described in subsection 3-33-045(A) of this chapter unless there is presented to the department or its agent either: (1) a valid certificate of zoning compliance issued by the zoning administrator under Section 3-33-045 of this chapter; or (2) evidence that the requirement for a certificate of zoning compliance has been waived by virtue of the failure of the zoning administrator to act within the time periods prescribed in either subsection 3-33-045(D) or subsection 3-33-045(E) of this chapter.

SECTION 4. Section 13-12-125 of the Municipal Code of Chicago is hereby amended by deleting the language stricken through and by inserting the language underscored, as follows:

13-12-125 Vacant Buildings -- Owner Required To Act -- Enforcement Authority.

(a) (1) The owner of any building that has become vacant shall within 30 days after the building becomes vacant or within 30 days after assuming ownership of the building, whichever is later, file a registration statement for each such building with the department of buildings on forms provided by that department for such purposes. The registration shall remain valid for six months from the date of registration. The owner shall be required to renew the registration for successive six-month periods as long as the building remains vacant and shall pay a registration or renewal fee in the amount prescribed in paragraph (3) of this subsection (a) for each registered building; provided, however, that ~~all Chicago Public Schools and City Colleges of Chicago and~~ all governmental entities shall be exempt from the payment of the registration and renewal fees. The owner shall notify the department of buildings, within 20 days, of any change in the registration information by filing an amended registration statement on a form provided by the department of buildings for such purposes. The registration statement shall be deemed prima facie proof of the statements therein contained in any administrative enforcement proceeding or court proceeding instituted by the city against the owner or owners of the building. Registration of a building in accordance with this section shall be deemed to satisfy ~~the registration requirement set forth in Section 13-10-030 and~~ the notification requirement set forth in Section 13-11-030. After filing a registration statement the building owner shall provide access to the city to conduct an exterior and interior inspection of the building to determine compliance with the municipal code, following reasonable notice, during the period covered by the initial registration or any subsequent renewal.

(Omitted text is unaffected by this ordinance.)

(3) The registration and renewal fee for each registered building shall be ~~$250~~ $300 ~~(the "base registration fee"). Provided, however, that any vacant building subject to the base registration fee that is in violation of any provision of the building code or fire code at the time renewal is required shall be assessed a renewal fee of $500 for such renewal period (the "doubled period"). If a vacant building in the doubled period is in violation of any provision of the building code or fire code at the time renewal is required, the fee shall be $750 for such renewal (the "tripled period"). If a vacant building in the tripled period is in violation of any provision of the building code or fire code at the time renewal is required, the fee shall be $1,000 for such renewal, and shall remain at $1,000 for each subsequent renewal, if, at the time such renewal is required, the building is in violation (the "quadrupled period")~~. The ~~base~~ registration fee or ~~and each~~ renewal fee ~~set forth above in this subparagraph (3)~~ shall be doubled if the applicable ~~initial~~ registration or

renewal ~~registration~~ takes place not through voluntary and timely compliance, but as the result of a City identification of a violation of this section ~~or Section 13-12-135~~. ~~Such doubled fee shall not be subject to a reduction, during the relevant period, for having registered or renewed following the issuance of a citation for failure to register or renew. If the owner of a building that is in the doubled, tripled or quadrupled period can show to the satisfaction of the building commissioner and the fire commissioner, at the time renewal is required, that the building is in full compliance with the building code and fire code, then such renewal shall revert to the base registration fee. For purposes of this subparagraph (3), "in violation" shall mean that a citation has been issued, and the conditions forming the basis for the citation have not been fully remedied. In the event of a final determination that issuance of the citation was not factually supported, the increased fee for the six-month period(s) at issue shall be refunded to the owner.~~

SECTION 5. Section 13-12-126 of the Municipal Code of Chicago is hereby amended by deleting the language stricken through and by inserting the language underscored, as follows:

(a) (1) The mortgagee of any building which is vacant and not registered pursuant to this section or Section 13-12-125(a) of this Code shall, within the later of: ~~(A)~~ 30 days after the building becomes vacant and unregistered or ~~(B)~~ 10 days after a default, file a registration statement with the department of buildings on forms provided by that department for such purposes and pay a registration fee of $700. ~~If the mortgagee elects to file upon condition (A) above, the initial registration fee shall be $700. If the mortgagee elects to file upon condition (B) above, the initial registration fee shall be $400.~~ The registration shall remain valid for ~~twelve~~ six months from the date of registration. The mortgagee shall be required to renew the registration every ~~twelve~~ six months, at a renewal fee of $300 ~~$700~~, as long as: ~~(i)~~ the building remains vacant and unregistered by an owner pursuant to Section 13-12-125~~, or (ii) the mortgagor remains in default and the mortgagee has not assumed ownership, thereby becoming subject to Section 13-12-125~~. Governmental entities shall be exempt from the payment of the registration and renewal fees. The mortgagee shall notify the department of buildings within 20 days of any change in the registration information by filing an amended registration statement on a form provided by the department of buildings for such purposes. The registration statement shall be deemed prima facie proof of the statements therein contained in any administrative enforcement proceeding or court proceeding instituted under this section by the city against the mortgagee with respect to the registered building.

(Omitted text is unaffected by this ordinance.)

SECTION 6. The application of the amendments to Section 13-12-126 in SO2016-4003, which was adopted July 20, 2016, is stayed to coincide with the effective date of the amendments to Section 13-12-126 provided in this ordinance.

SECTION 7. Except as otherwise provided below, this ordinance shall take effect upon passage and publication. The amendments to Sections 13-12-125(a)(3) and 13-12-126 effected by this ordinance shall take effect on a date determined by the Commissioner of Buildings, but in the absence of such determination, shall become effective no later than 180 days after passage and publication. No person who registered pursuant to any provision repealed or modified by this ordinance shall be entitled to a refund.

WHEREAS, As a home rule unit and pursuant to the Constitution, the City is authorized and empowered to issue multi-family housing revenue obligations for the purpose of financing the cost of the acquisition, construction, rehabilitation, development, and equipping an affordable multi-family housing facility for low- and moderate-income families located in the City ("Multi-Family Housing Financing"); and

WHEREAS, The City has determined that the continuance of a shortage of affordable rental housing is harmful to the health, prosperity, economic stability and general welfare of the City; and

WHEREAS, 2031 -- 2037 North Milwaukee LLC, an Illinois limited liability company (the "Borrower"), of which Metropolitan Housing Development Corporation, an Illinois not-for-profit corporation ("Managing Member"), is a Managing Member (and which managing member it is anticipated will be replaced at closing by 2031 -- 2037 North Milwaukee MM LLC, an Illinois limited liability company), has proposed a certain low-income housing development project consisting of the acquisition of real property located at 2031 -- 2037 North Milwaukee Avenue in the City (the "Property"), and construction thereon of a total of approximately 88 residential dwelling units all of which will be income-restricted units, 1 commercial unit and related common areas (the "Development") (the acquisition, construction, design and equipping of such development hereinafter referred to as the "Project"); and

WHEREAS, The City adopted an ordinance on December 14, 2016, preliminarily approving the Project and evidencing the City's intent to issue multi-family housing revenue bonds, notes or other indebtedness in order to provide financing for costs associated with the Project; and

WHEREAS, By this ordinance, the City Council has determined that it is necessary and in the best interests of the City to enter into a funding loan agreement (the "Funding Loan Agreement") with Citibank, N.A., a national banking association (the "Funding Lender"), pursuant to which the Funding Lender will advance funds in an aggregate principal amount not to exceed Twelve Million Five Hundred Thousand Dollars ($12,500,000) (the "Funding Loan") and the City will enter into a promissory note (the "Note"), to evidence the Funding Loan under the terms and conditions of this ordinance and the Funding Loan Agreement, and the City will thereafter loan the proceeds of the Funding Loan to the Borrower (the "Borrower Loan") pursuant to a borrower loan agreement (the "Borrower Loan Agreement") between the City and the Borrower, as evidenced by that certain Borrower promissory note (the "Borrower Note"), in order to finance a portion of the cost of the Project in return for loan payments sufficient to pay, when due, the principal of, prepayment premium, if any, and interest on the Note; and

WHEREAS, The principal of, prepayment premium, if any, and interest payable on the Note will be secured by, among other things, a mortgage on the Project and certain other related collateral, and by pledges and/or assignments of certain funds, personal property, and contractual rights of the Borrower and its affiliates; and

WHEREAS, The Funding Loan and the Note and the obligation to pay interest thereon do not now and shall never constitute an indebtedness of or an obligation of the City, the State of Illinois or any political subdivision thereof, within the purview of any constitutional limitation or statutory provision, or a charge against the general credit or taxing powers of any of them. No party to the Funding Loan Agreement or holder of the Note shall have the right to compel the taxing power of the City, the State of Illinois or any political subdivision thereof to pay any principal installment of, prepayment premium, if any, or interest on the Note or obligations under the Funding Loan Agreement; and

As used herein, the term "Chief Financial Officer" shall mean the Chief Financial Officer of the City appointed by the Mayor, or, if there is no such officer then holding said office, the City Comptroller.

Each Authorized Officer is hereby authorized to act as an authorized City representative (each an "Authorized City Representative") of the City for the purposes provided in the Funding Loan Agreement.

d. any and all other real or personal property of every kind and nature or description, which may from time to time hereafter, by delivery or by writing of any kind, be subjected to the lien of the Funding Loan Agreement as additional security by the City or anyone on its part or with its consent, or which pursuant to any of the provisions of the Borrower Loan Agreement may come into the possession or control of the Funding Lender or a receiver appointed pursuant to the Funding Loan Agreement.

In order to secure the payment of the principal of, prepayment premium, if any, and interest on the Note, such rights, proceeds and investment income are hereby pledged to the extent and for the purposes as provided in the Funding Loan Agreement and are hereby appropriated for the purposes set forth in the Funding Loan Agreement. Nothing contained in this ordinance shall limit or restrict the subordination of the pledge of such rights, proceeds and investment income as set forth in the Funding Loan Agreement to the

payment of any other obligations of the City enjoying a lien or claim on such rights, proceeds and investment income as of the date of execution and delivery of the Funding Loan Agreement and the Note, all as shall be determined by the Authorized Officer executing the same, at the time of the execution and delivery of the Funding Loan Agreement and the Note. The Funding Loan Agreement shall set forth such covenants with respect to the application of such rights, proceeds and investment income as shall be deemed necessary by the Authorized Officer executing the same in connection with the execution and delivery of the Funding Loan Agreement and the Note.

SECTION 5. Delivery Of The Funding Loan Agreement And The Note. It has been determined that Citibank, N.A., a national banking association, or such other funding lender as approved by an Authorized Officer, shall be the initial Funding Lender and shall hold the Funding Loan Agreement and the Note, subject to the terms and conditions of a required transferee representations letter (the "Representations Letter") which shall be delivered to the City by the Funding Lender. Any subsequent Funding Lender approved by an Authorized Officer, to the extent required under the Funding Loan Agreement, may succeed the initial Funding Lender as the registered holder of all or a portion of the Funding Loan, but only if such subsequent Funding Lender executes and delivers to the City a Representations Letter, substantially in the form of the Representations Letter set forth in the Funding Loan Agreement. The aggregate costs of origination of the Funding Loan paid from the proceeds of the Funding Loan shall not exceed two percent of the aggregate principal amount of the Note.

SECTION 6. Determination. Subsequent to the execution and delivery of any Funding Loan Agreement and the Note, an Authorized Officer shall file, in the Office of the City Clerk, a Determination Certificate (the "Determination") for such Funding Loan Agreement and the Note directed to the City Council setting forth (i) the aggregate original principal amount of, payment schedule and prepayment provisions for the Note, (ii) the extent of any tender rights to be granted to the holder of the Note, (iii) the interest rate on the Note, (iv) the origination fee or other compensation paid to the Funding Lender in connection with the origination of the Funding Loan and issuance of the Note, (v) any other matter authorized by this ordinance to be determined by an Authorized Officer at the time of the execution and delivery of the Funding Loan Agreement and the Note. There shall be attached to the Determination the final form of the Funding Loan Agreement, a specimen of the Note and the Borrower Loan Agreement.

SECTION 7. Use Of Proceeds. The proceeds from the Funding Loan (as evidenced by the Note) shall be deposited as provided in the Funding Loan Agreement and used for the Project.

SECTION 8. Volume Cap. The Funding Loan (evidenced by the Note) shall be an obligation taken into account under Section 146 of the Code in the allocation of the City's volume cap.

SECTION 9. Approval By City Department Of Planning And Development. Upon the approval and availability of the additional financing as shown in Exhibit A by the City's Department of Planning and Development ("DPD"), the Commissioner of DPD (the

The DPD Authorized Officer is hereby authorized, subject to the approval of the Corporation Counsel, to negotiate any and all terms and provisions in connection with the Borrower Loan which do not substantially modify the terms described in Exhibit A. Upon the execution and receipt of proper documentation, the DPD Authorized Officer is hereby authorized to disburse the proceeds of the Borrower Loan to the Borrower.

SECTION 10. Additional Authorization. Each Authorized Officer, the City Treasurer and the DPD Authorized Officer are each hereby authorized to execute and deliver and the City Clerk and the Deputy City Clerk are each hereby authorized to execute and deliver, such other documents and agreements, including, without limitation, any documents necessary to evidence the receipt or assignment of any collateral for the Funding Loan Agreement and the related Note, the Borrower Loan Agreement or the Borrower Note from the Borrower, and perform such other acts as may be necessary or desirable in connection with the City Agreements (as defined in Section 14 hereof), including, but not limited to, the exercise following the delivery date of the City Agreements of any power or authority delegated to such official under this ordinance with respect to the City Agreements upon original execution and delivery, but subject to any limitations on or restrictions of such power or authority as herein set forth. Notwithstanding anything contained herein (including but not limited to Sections 3 and 9 hereof), if any portion of the Additional Financing is not approved and available at such time as an Authorized Officer otherwise deems it in the best interest of the City to execute the City Agreements, then such Authorized Officer may so execute the City Agreements (with such changes thereto as such Authorized Officer deems necessary and advisable) and any necessary ancillary documents and may impose such conditions upon the approval and availability of such Additional Financing as they deem necessary and advisable.

SECTION 11. Affordable Housing. Section 2-45-115 of the Municipal Code of Chicago (the "Municipal Code") shall not apply to the Project or the Property. This City Council hereby directs that the Note shall not be issued unless and until the requirements of Section 147(f) of the Code, including particularly the approval requirement following any required public hearing, have been fully satisfied, and that no contract, agreement or commitment to issue the Note shall be executed or undertaken prior to satisfaction of the requirements of said Section 147(f) unless the performance of said contract, agreement or commitment is expressly conditioned upon the prior satisfaction of such requirements. All such actions taken prior to the enactment of this ordinance are hereby ratified and confirmed.

SECTION 12. Severability. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this ordinance.

SECTION 13. Administrative Fee. DPD is hereby authorized to charge an administrative fee or fees in connection with the delivery and administration of the Funding Loan Agreement and the Note, which shall be collected under such terms and conditions as determined by the Authorized DPD Officer and which shall be in an amount as determined by the Authorized DPD Officer but not to exceed the maximum amount permitted under Section 148 of the Code to avoid characterization of the Funding Loan Agreement and the Note as "arbitrage bonds" as defined in such Section 148. Such administrative fee or fees shall be used by DPD for administrative expenses and other housing activities. Initially, such administrative fee or fees shall be an amount equal to (i) 1.5 percent of the original maximum principal amount of the Note payable upon issuance of the Note, plus (ii) an on-going compliance fee of $25 per unit payable annually. ARTICLE II
TERMS; GOVERNMENTAL LENDER NOTE

Section 2.1. Terms.

(a) Principal Amount. The total aggregate principal amount of the Funding Loan is hereby expressly limited to the Authorized Amount.

(b) Draw-Down Funding. The Funding Loan is originated on a draw-down basis. The proceeds of the Funding Loan shall be advanced by the Funding Lender directly to the Borrower for the account of the Governmental Lender as and when needed to make each advance in accordance with the disbursement provisions of the Borrower Loan Agreement and the Construction Funding Agreement. Upon each advance of principal under the Borrower Loan Agreement and the Construction Funding Agreement, a like amount of the Funding Loan shall be deemed concurrently and simultaneously advanced under this Funding Loan Agreement, including the initial advance of $[redacted]. Notwithstanding anything in this Funding Loan Agreement to the contrary, no additional amounts of the Funding Loan may be drawn down and funded hereunder after [THIRD ANNIVERSARY OF CLOSING DATE]; provided, however, that upon the delivery of a Tax Counsel No Adverse Effect Opinion to the Governmental Lender and the Funding Lender such date may be changed to a later date as specified in such Tax Counsel No Adverse Effect Opinion. The Governmental Lender has reviewed and approved the form of Contingency Draw-Down Agreement and consents to the terms thereof and agrees to take all actions reasonably required of the Governmental Lender in connection with the conversion of the Funding Loan to a fully drawn loan pursuant to the provisions of the Contingency Draw-Down Agreement in the event a Draw-Down Notice is filed by the Funding Lender or the Borrower.

(c) Origination Date; Maturity. The Funding Loan shall be originated, and the Governmental Lender Note shall be issued, on the Closing Date and shall mature on the Maturity Date at which time the entire principal amount, to the extent not previously paid, and all accrued and unpaid interest, shall be due and payable.

(d) Principal. The outstanding principal amount of the Governmental Lender Note and of the Funding Loan as of any given date shall be the total amount advanced by the Funding

Lender to or for the account of the Governmental Lender to fund corresponding advances under the Borrower Loan Agreement and the Construction Funding Agreement as proceeds of the Borrower Loan, less any payments of principal of the Governmental Lender Note previously received upon payment of corresponding principal amounts under the Borrower Note, including regularly scheduled principal payments and voluntary and mandatory prepayments. The principal amount of the Governmental Lender Note and interest thereon shall be payable on the basis specified in this paragraph (d) and in paragraphs (e) and (f) of this Section 2.1.

The Funding Lender shall keep a record of all principal advances and principal repayments made under the Governmental Lender Note and shall upon written request provide the Governmental Lender with a statement of the outstanding principal balance of the Governmental Lender Note and the Funding Loan.

(e) Interest. Interest shall be paid on the outstanding principal amount of the Governmental Lender Note at the rate or rates set forth in the Borrower Note and otherwise as set forth in the Borrower Loan Agreement.

(f) Corresponding Payments. The payment or prepayment of principal, interest and premium, if any, due on the Governmental Lender Note shall be identical with and shall be made on the same dates, terms and conditions, as the principal, interest, premiums, late payment fees and other amounts due on the Borrower Note. Any payment or prepayment made by the Borrower of principal, interest, premium, if any, due on the Borrower Note shall be deemed to be like payments or prepayments of principal, interest and premium, if any, due on the Governmental Lender Note.

(g) Usury. The Governmental Lender intends to conform strictly to the usury laws applicable to this Funding Loan Agreement and the Governmental Lender Note and all agreements made in the Governmental Lender Note, this Funding Loan Agreement and the Funding Loan Documents are expressly limited so that in no event whatsoever shall the amount paid or agreed to be paid as interest or the amounts paid for the use of money advanced or to be advanced hereunder exceed the highest lawful rate prescribed under any law which a court of competent jurisdiction may deem applicable hereto. If, from any circumstances whatsoever, the fulfillment of any provision of the Governmental Lender Note, this Funding Loan Agreement or the other Funding Loan Documents shall involve the payment of interest in excess of the limit prescribed by any law which a court of competent jurisdiction may deem applicable hereto, then the obligation to pay interest hereunder shall be reduced to the maximum limit prescribed by law. If from any circumstances whatsoever, the Funding Lender shall ever receive anything of value deemed interest, the amount of which would exceed the highest lawful rate, such amount as would be excessive interest shall be deemed to have been applied, as of the date of receipt by the Funding Lender, to the reduction of the principal remaining unpaid hereunder and not to the payment of interest, or if such excessive interest exceeds the unpaid principal balance, such excess shall be refunded to the Borrower. This paragraph shall control every other provision of the Governmental Lender Note, this Funding Loan Agreement and all other Funding Loan Documents.

In determining whether the amount of interest charged and paid might otherwise exceed the limit prescribed by law, the Governmental Lender intends and agrees that (i) interest shall be

computed upon the assumption that payments under the Borrower Loan Agreement and other Funding Loan Documents will be paid according to the agreed terms, and (ii) any sums of money that are taken into account in the calculation of interest, even though paid at one time, shall be spread over the actual term of the Funding Loan.

Section 2.2. Form of Governmental Lender Note. As evidence of its obligation to repay the Funding Loan, simultaneously with the delivery of this Funding Loan Agreement to the Funding Lender, the Governmental Lender hereby agrees to execute and deliver the Governmental Lender Note. The Governmental Lender Note shall be substantially in the form set forth in Exhibit A attached hereto, with such appropriate insertions, omissions, substitutions and other variations as are required or permitted by this Funding Loan Agreement and the Ordinance. In connection with Conversion, the Funding Lender shall have the right to exchange the then existing Governmental Lender Note on or after the Conversion Date for a new Governmental Lender Note with a dated date of the Conversion Date and in a stated principal amount equal to the then outstanding principal amount of the Governmental Lender Note, which amount will equal the Permanent Period Amount of the Borrower Loan.

Section 2.3. Execution and Delivery of Governmental Lender Note. The Governmental Lender Note shall be executed on behalf of the Governmental Lender by the manual or facsimile signature of its Chief Financial Officer, and its corporate seal (or a facsimile thereof) shall be thereunto affixed, imprinted, engraved or otherwise reproduced, and attested by the manual or facsimile signature of its City Clerk or Deputy City Clerk. In case any officer of the Governmental Lender whose signature or facsimile signature shall appear on the Governmental Lender Note shall cease to be such officer before the Governmental Lender Note so signed and sealed shall have been actually delivered, such Governmental Lender Note may, nevertheless, be delivered as herein provided, and may be executed and delivered as if the persons who signed or sealed such Governmental Lender Note had not ceased to hold such offices or be so employed. The Governmental Lender Note may be signed and sealed on behalf of the Governmental Lender by such persons as, at the actual time of the execution of the Governmental Lender Note, shall be duly authorized or hold the proper office in or employment by the Governmental Lender, although at the date of the Governmental Lender Note such persons may not have been so authorized nor have held such office or employment.

Section 2.4. Required Transferee Representations; Participations; Sale and Assignment.

(a) The Funding Lender shall deliver to the Governmental Lender the Required Transferee Representations in substantially the form attached hereto as Exhibit B on the Closing Date.

(b) The Funding Lender shall have the right to sell (i) the Governmental Lender Note and the Funding Loan or (ii) any portion of or a participation interest in the Governmental Lender Note and the Funding Loan, to the extent permitted by Section 2.4(c) below, provided that (A) such sale shall be only to Approved Transferees that execute and deliver to the Funding Lender, with a copy to the Governmental Lender, the Required Transferee Representations and (B) if any amendment is to be made to this Funding Loan Agreement or any other Funding Loan Document in conjunction with such transfer, a Tax Counsel No Adverse Effect Opinion.

(c) Notwithstanding the other provisions of this Section 2.4, no beneficial ownership interest in the Governmental Lender Note and Funding Loan shall be sold in an amount that is less than the Minimum Beneficial Ownership Amount.

(d) The Governmental Lender Note or any interest therein, shall be in fully-registered form transferable to subsequent holders only on the registration books which shall be maintained by the Funding Lender for such purpose and which shall be open to inspection by the Governmental Lender. The Governmental Lender Note shall not be transferred through the services of the Depository Trust Company or any other third party registrar.

(e) The parties agree that no rating shall be sought from a rating agency with respect to the Funding Loan or the Governmental Lender Note.

(f) No service charge shall be made for any sale or assignment of the Governmental Lender Note or a participation therein, but the Governmental Lender may require payment of a sum sufficient to cover any tax or other charge that may be imposed in connection with any such sale or assignment and payment of any fees and expenses incurred by the Governmental Lender in connection therewith. Such sums shall be paid in every instance by the purchaser or assignee of the Governmental Lender Note or a participation therein.

ARTICLE III
PREPAYMENT

Section 3.1. Prepayment of the Governmental Lender Note from Prepayment under the Borrower Note. The Governmental Lender Note is subject to voluntary and mandatory prepayment as follows:

(a) The Governmental Lender Note shall be subject to voluntary prepayment in full or in part by the Governmental Lender, from funds of the Governmental Lender received by the Governmental Lender to the extent and in the manner and on any date that the Borrower Note is subject to voluntary prepayment as set forth therein, at a prepayment price equal to the principal balance of the Borrower Note to be prepaid, plus interest thereon to the date of prepayment and the amount of any Prepayment Premium payable under the Borrower Note, plus any Additional Borrower Payments due and payable under the Borrower Loan Agreement through the date of prepayment.

The Borrower shall not have the right to voluntarily prepay all or any portion of the Borrower Note, thereby causing the Governmental Lender Note to be prepaid, except as specifically permitted in the Borrower Note, without the prior written consent of Funding Lender, which may be withheld in Funding Lender's sole and absolute discretion.

(b) The Governmental Lender Note shall be subject to mandatory prepayment in whole or in part upon prepayment of the Borrower Note at the direction of the Funding Lender in accordance with the terms of the Borrower Note at a prepayment price equal to the outstanding principal balance of the Borrower Note prepaid, plus accrued interest plus any other amounts payable under the Borrower Note or the Borrower Loan Agreement.

Section 3.2. Notice of Prepayment. Notice of prepayment of the Governmental Lender Note shall be deemed given to the extent that notice of prepayment of the Borrower Note is timely and properly given to Funding Lender in accordance with the terms of the Borrower Note and the Borrower Loan Agreement, and no separate notice of prepayment of the Governmental Lender Note is required to be given.

ARTICLE IV

Section 4.1. Security for the Funding Loan. (b) All right, title and interest of the Governmental Lender in, to and under, together with all rights, remedies, privileges and options pertaining to, the Funding Loan Documents, and all other payments, revenues and receipts derived by the Governmental Lender under and pursuant to, and subject to the provisions of, the Funding Loan Documents;

(d) Any and all other real or personal property of every kind and nature or description, which may from time to time hereafter, by delivery or by writing of any kind, be subjected to the lien of this Funding Loan Agreement as additional security by the Governmental Lender or anyone on its part or with its consent, or which pursuant to any of the provisions hereof or of the Borrower Loan Agreement may come into the possession or control of the Funding Lender or a receiver appointed pursuant to this Funding Loan Agreement; and the

Funding Lender is hereby authorized to receive any and all such property as and for additional security for the Funding Loan and the Governmental Lender Note and to hold and apply all such property subject to the terms hereof.

The pledge and assignment of and the security interest granted in the Security pursuant to this Section 4.1 for the payment of the principal of, premium, if any, and interest on the Governmental Lender Note, in accordance with its terms and provisions, and for the payment of all other amounts due hereunder, shall attach and be valid and binding from and after the time of the delivery of the Governmental Lender Note by the Governmental Lender. The Security so pledged and then or thereafter received by the Funding Lender shall immediately be subject to the lien of such pledge and security interest without any physical delivery or recording thereof or further act, and the lien of such pledge and security interest shall be valid and binding and prior to the claims of any and all parties having claims of any kind in tort, contract or otherwise against the Governmental Lender irrespective of whether such parties have notice thereof.

Section 4.2. Delivery of Security. To provide security for the payment of the Funding Loan and the Governmental Lender Note, the Governmental Lender has pledged and assigned to secure payment of the Funding Loan and the Governmental Lender Note its right, title and interest in the Security to the Funding Lender. The Governmental Lender shall deliver and deposit with the Funding Lender such additional documents, financing statements, and instruments as the Funding Lender may reasonably require from time to time for the better perfecting and assuring to the Funding Lender of its lien and security interest in and to the Security including, at the request of the Funding Lender, any amounts held under the Contingency Draw-Down Agreement, at the expense of the Borrower.

(e) The revenues and receipts to be derived from the Borrower Loan Agreement, the Borrower Note and this Funding Loan Agreement have not been pledged previously by the Governmental Lender to secure any of its notes or bonds other than the repayment of the Funding Loan.

THE GOVERNMENTAL LENDER MAKES NO REPRESENTATION, COVENANT OR AGREEMENT AS TO THE FINANCIAL POSITION OR BUSINESS CONDITION OF THE BORROWER OR THE PROJECT AND DOES NOT REPRESENT OR WARRANT AS TO ANY STATEMENTS, MATERIALS, REPRESENTATIONS OR CERTIFICATIONS FURNISHED BY THE BORROWER IN CONNECTION WITH THE FUNDING LOAN OR THE BORROWER LOAN OR AS TO THE CORRECTNESS, COMPLETENESS OR ACCURACY THEREOF.

Section 8.2. Further Assurances. The Governmental Lender will do, execute, acknowledge, when appropriate, and deliver from time to time at the request of the Funding Lender, to the extent permitted by the Ordinance, such further acts, instruments, financing statements and other documents as are necessary or desirable to better assure, transfer, pledge or assign to the Funding Lender or holders of interest in the Funding Loan, and grant a security interest unto the Funding Lender or holders of interests in the Funding Loan in and to the

Section 8.6. Tax Covenants. The Governmental Lender covenants to and for the benefit of the Funding Lender and any other holders of an interest in the Governmental Lender Note that, notwithstanding any other provisions of this Funding Loan Agreement or of any other instrument, it will:

(ii) Not use or knowingly permit the use of any proceeds of the Funding Loan or other funds of the Governmental Lender, directly or indirectly, in any manner, and will not take or permit to be taken any other action or actions, which would result in any of the Governmental Lender Note being treated as an obligation not described in Section 142(a)(7) of the Code by reason of the Governmental Lender Note or interest thereon not meeting the requirements of Section 142(d) of the Code;

In furtherance of the covenants in this Section 8.6, the Governmental Lender and the Borrower shall execute, deliver and comply with the provisions of the Tax Compliance Agreement, which are by this reference incorporated into this Funding Loan Agreement and made a part of this Funding Loan Agreement as if set forth in this Funding Loan Agreement in full, and by its acceptance of this Funding Loan Agreement the Funding Lender acknowledges receipt of the Tax Compliance Agreement and acknowledges its incorporation in this Funding Loan Agreement by this reference. The Funding Lender agrees it will invest funds held under this Funding Loan Agreement in Permitted Investments in accordance with the direction of the

Borrower and the terms of this Funding Loan Agreement and the Tax Compliance Agreement (this covenant shall extend throughout the term of the Funding Loan, to all funds and accounts created under or in connection with this Funding Loan Agreement and all moneys on deposit to the credit of any Fund or Account); provided that the Funding Lender shall be deemed to have complied with such requirements and shall have no liability to the extent it reasonably follows directions of the Borrower not inconsistent with the terms of this Funding Loan Agreement and the Tax Compliance Agreement or otherwise complies with the provisions of the Funding Loan Agreement relating to funds and accounts.

For purposes of this Section 8.6 the Governmental Lender's compliance shall be based solely on matters within the Governmental Lender's control and no acts, omissions or directions of the Borrower, the Funding Lender or any other Persons shall be attributed to the Governmental Lender.

In complying with the foregoing covenants, the Governmental Lender may rely from time to time on a Tax Counsel No Adverse Effect Opinion or other appropriate opinion of Tax Counsel.

Section 8.7. Performance by the Borrower. Without relieving the Governmental Lender from the responsibility for performance and observance of the agreements and covenants required to be performed and observed by it hereunder, the Borrower, on behalf of the Governmental Lender and with the Written Consent of the Governmental Lender, may perform any such agreement or covenant if no Borrower Loan Agreement Default or Potential Default under the Borrower Loan Agreement exists.

The Funding Lender hereby represents to the Governmental Lender and the Borrower that it is duly authorized to enter into and perform this Funding Loan Agreement, and has full authority to take such action as it may deem advisable with respect to all matters pertaining to this Funding Loan Agreement.

Section 8.12. Funding Lender Limitations. Notwithstanding anything herein or in the Borrower Loan Agreement to the contrary, prior to the advancement by the Funding Lender of all advances of loan funds hereunder (and, by virtue hereof, under the Borrower Loan Agreement and the Construction Funding Agreement), and only prior to such final advancement of all loan funds hereunder, no notice to or consent of the Funding Lender shall be required under any provision of this Funding Loan Agreement or the Borrower Loan Agreement nor shall the Funding Lender have any right to receive notice of, consent to, direct or control any actions, restrictions, rights, remedies, waivers or acceleration pursuant to any provision of this Funding Loan Agreement or the Borrower Loan Agreement during any time that (a) any Material Funding Lender Event shall have occurred and be continuing; or (b) the Funding Loan Agreement and the Construction Funding Agreement are not in effect and all obligations of the Governmental Lender and the Borrower, including payment obligations, pursuant to the Funding Loan Agreement, Governmental Lender Note, Borrower Loan Agreement and Borrower Note have been fully satisfied.

ARTICLE IX
DEFAULT; REMEDIES

Section 9.1. Events of Default. Any one or more of the following shall constitute an event of default (an "**Event of Default**") under this Funding Loan Agreement (whatever the

reason for such event and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or Governmental body):

(a) A default in the payment of any interest upon the Governmental Lender Note when such interest becomes due and payable; or

(b) A default in the payment of principal of, or premium on, the Governmental Lender Note when such principal or premium becomes due and payable, whether at its stated maturity, by declaration of acceleration or call for mandatory prepayment or otherwise; or

(c) Subject to Section 8.7 hereof, default in the performance or breach of any material covenant or warranty of the Governmental Lender in this Funding Loan Agreement (other than a covenant or warranty or default in the performance or breach of which is elsewhere in this Section specifically dealt with), and continuance of such default or breach for a period of 30 days after there has been given written notice, as provided in Section 11.1 hereof, to the Governmental Lender and the Borrower by the Funding Lender or the Servicer, specifying such default or breach and requiring it to be remedied and stating that such notice is a "Notice of Default" under this Funding Loan Agreement; provided that, so long as the Governmental Lender has commenced to cure such failure to observe or perform within the thirty (30) day cure period and the subject matter of the default is not capable of cure within said thirty (30) day period and the Governmental Lender is diligently pursuing such cure to the Funding Lender's satisfaction, with the Funding Lender's Written Direction or Written Consent, then the Governmental Lender shall have an additional period of time as reasonably necessary (not to exceed 30 days unless extended in writing by the Funding Lender) within which to cure such default; or

(d) A default in the payment of any Additional Borrower Payments; or

(e) Any other "Default" or "Event of Default" under any of the other Funding Loan Documents (taking into account any applicable grace periods therein).

Section 9.2. Acceleration of Maturity; Rescission and Annulment.

(a) Subject to the provisions of Section 9.9 hereof, upon the occurrence of an Event of Default under Section 9.1 hereof, then and in every such case, the Funding Lender may declare the principal of the Funding Loan and the Governmental Lender Note and the interest accrued to be immediately due and payable, by notice to the Governmental Lender and the Borrower and upon any such declaration, all principal of and Prepayment Premium, if any, and interest on the Funding Loan and the Governmental Lender Note shall become immediately due and payable.

(b) At any time after a declaration of acceleration has been made pursuant to subsection (a) of this Section, the Funding Lender may by Written Notice to the Governmental Lender, rescind and annul such declaration and its consequences if:

There has been deposited with the Funding Lender a sum sufficient to pay (1) all overdue installments of interest on the Governmental Lender Note, (2) the principal of and Prepayment Premium on the Governmental Lender Note that has become due

otherwise than by such declaration of acceleration and interest thereon at the rate or rates prescribed therefor in the Governmental Lender Note, (3) to the extent that payment of such interest is lawful, interest upon overdue installments of interest at the rate or rates prescribed therefor in the Governmental Lender Note, and (4) all sums paid or advanced by the Funding Lender and the reasonable compensation, expenses, disbursements and advances of the Funding Lender, its agents and counsel (but only to the extent not duplicative with subclauses (1) and (3) above); and

All Events of Default, other than the non-payment of the principal of the Government Lender Note which have become due solely by such declaration of acceleration, have been cured or have been waived in writing as provided in Section 9.9 hereof.

No such rescission and annulment shall affect any subsequent default or impair any right consequent thereon.

Notwithstanding the occurrence and continuation of an Event of Default, it is understood that the Funding Lender shall pursue no remedies against the Borrower or the Project if no Borrower Loan Agreement Default has occurred and is continuing. An Event of Default hereunder shall not in and of itself constitute a Borrower Loan Agreement Default or a default under any other Funding Loan Document.

Section 9.3. Additional Remedies; Funding Lender Enforcement.

(a) Upon the occurrence of an Event of Default, the Funding Lender may, subject to the provisions of this Section 9.3 and Section 9.9 hereof, proceed to protect and enforce its rights by mandamus or other suit, action or proceeding at law or in equity. No remedy conferred by this Funding Loan Agreement upon or remedy reserved to the Funding Lender is intended to be exclusive of any other remedy, but each such remedy shall be cumulative and shall be in addition to any other remedy given to the Funding Lender hereunder or now or hereafter existing at law or in equity or by statute.

(b) Upon the occurrence and continuation of any Event of Default, the Funding Lender may proceed forthwith to protect and enforce its rights and this Funding Loan Agreement by such suits, actions or proceedings as the Funding Lender, in its sole discretion, shall deem expedient. Funding Lender shall have upon the occurrence and continuation of any Event of Default all rights, powers, and remedies with respect to the Security as are available under the Uniform Commercial Code applicable thereto or as are available under any other applicable law at the time in effect and, without limiting the generality of the foregoing, the Funding Lender may proceed at law or in equity or otherwise, to the extent permitted by applicable law:

(i) to take possession of the Security or any part thereof, with or without legal process, and to hold, service, administer and enforce any rights thereunder or thereto, and otherwise exercise all rights of ownership thereof, including (but not limited to) the sale of all or part of the Security;

(ii) to become mortgagee of record for the Borrower Loan including, without limitation, completing the assignment of the Security Instrument by the Governmental

Lender to the Funding Lender as anticipated by this Funding Loan Agreement, and recording the same in the real estate records of the jurisdiction in which the Project is located, without further act or consent of the Governmental Lender, and to service and administer the same for its own account;

(iii) to service and administer the Funding Loan as agent and on behalf of the Governmental Lender or otherwise, and, if applicable, to take such actions necessary to enforce the Borrower Loan Documents and the Funding Loan Documents on its own behalf, and to take such alternative courses of action, as it may deem appropriate; or

(iv) to take such steps to protect and enforce its rights whether by action, suit or proceeding in equity or at law for the specific performance of any covenant, condition or agreement in the Governmental Lender Note, this Funding Loan Agreement or the other Funding Loan Documents, or the Borrower Loan Documents, or in and of the execution of any power herein granted, or for foreclosure hereunder, or for enforcement of any other appropriate legal or equitable remedy or otherwise as the Funding Lender may elect.

Whether or not an Event of Default has occurred, and except as provided in Section 9.15, the Funding Lender, in its sole discretion, shall have the sole right to waive or forbear any term, condition, covenant or agreement of the Security Instrument, the Borrower Loan Agreement, the Borrower Note or any other Borrower Loan Documents or Funding Loan Documents applicable to the Borrower, or any breach thereof, other than a covenant that would adversely impact the tax-exempt status of the interest on the Governmental Lender Note, and provided that the Governmental Lender may enforce specific performance with respect to the Unassigned Rights; provided, however, that any such forbearance by the Funding Lender in the exercise of its remedies under the Funding Loan Documents shall not be construed as a waiver by the Funding Lender of any Conditions to Conversion.

If the Borrower defaults in the performance or observance of any covenant, agreement or obligation of the Borrower set forth in the Regulatory Agreement, and if such default remains uncured for a period of 60 days after the Borrower and the Funding Lender receive Written Notice stating that a default under the Regulatory Agreement has occurred and specifying the nature of the default, the Funding Lender shall have the right to seek specific performance of the provisions of the Regulatory Agreement or to exercise its other rights or remedies thereunder.

If the Borrower defaults in the performance of its obligations under the Borrower Loan Agreement to make rebate payments, to comply with any applicable continuing disclosure requirements, or to make payments owed pursuant to Sections 2.5, 5.14 or 5.15 of the Borrower Loan Agreement for fees, expenses or indemnification, the Funding Lender shall have the right to exercise all its rights and remedies thereunder (subject to the last paragraph of Section 9.14 hereof).

Section 9.4. Application of Money Collected. Any money collected by the Funding Lender pursuant to this Article and any other sums then held by the Funding Lender as part of the Security, shall be applied in the following order, at the date or dates fixed by the Funding Lender:

(a) First: To the payment of any and all fees due the Governmental Lender, the Servicer or the Rebate Analyst under the Borrower Loan Documents;

(b) Second: To the payment of any and all amounts due under the Funding Loan Documents other than with respect to principal and interest accrued on the Funding Loan;

(c) Third: To the payment of the whole amount of the Funding Loan, as evidenced by the Governmental Lender Note, then due and unpaid in respect of which or for the benefit of which such money has been collected, with interest (to the extent that such interest has been collected or a sum sufficient therefor has been so collected and payment thereof is legally enforceable at the respective rate or rates prescribed therefor in the Governmental Lender Note) on overdue principal of, and Prepayment Premium and overdue installments of interest on the Governmental Lender Note; provided, however, that partial interests in any portion of the Governmental Lender Note shall be paid in such order of priority as may be prescribed by Written Direction of the Funding Lender in its sole and absolute discretion; and

(d) Fourth: The payment of the remainder, if any, to the Borrower or to whosoever may be lawfully entitled to receive the same or as a court of competent jurisdiction may direct.

(e) If and to the extent this Section 9.4 conflicts with the provisions of the Servicing Agreement, the provisions of the Servicing Agreement shall control. Capitalized terms used in this Section 9.4 but not otherwise defined in this Funding Loan Agreement shall have the meanings given such terms in the Servicing Agreement.

Section 9.5. Remedies Vested in Funding Lender. All rights of action and claims under this Funding Loan Agreement or the Governmental Lender Note may be prosecuted and enforced by the Funding Lender without the possession of the Governmental Lender Note or the production thereof in any proceeding relating thereto.

Section 9.6. Restoration of Positions. If Funding Lender shall have instituted any proceeding to enforce any right or remedy under this Funding Loan Agreement and such proceeding shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Funding Lender, then and in every such case the Governmental Lender and the Funding Lender shall, subject to any determination in such proceeding, be restored to their former positions hereunder, and thereafter all rights and remedies of the Governmental Lender and the Funding Lender shall continue as though no such proceeding had been instituted.

Section 9.7. Rights and Remedies Cumulative. No right or remedy herein conferred upon or reserved to the Funding Lender is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 9.8. Delay or Omission Not Waiver. No delay or omission of the Funding Lender to exercise any right or remedy accruing upon an Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein.

Every right and remedy given by this Article or by law to the Funding Lender may be exercised from time to time, and as often as may be deemed expedient, by Funding Lender. No waiver of any default or Event of Default pursuant to Section 9.9 hereof shall extend to or shall affect any subsequent default or Event of Default hereunder or shall impair any rights or remedies consequent thereon.

Section 9.9. Waiver of Past Defaults. Before any judgment or decree for payment of money due has been obtained by the Funding Lender, the Funding Lender may, subject to Section 9.6 hereof, by Written Notice to the Governmental Lender and the Borrower, waive any past default hereunder or under the Borrower Loan Agreement and its consequences except for default in obligations due the Governmental Lender pursuant to or under the Unassigned Rights. Upon any such waiver, such default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of this Funding Loan Agreement and the Borrower Loan Agreement; but no such waiver shall extend to any subsequent or other default or impair any right consequent thereon.

Section 9.10. Remedies Under Borrower Loan Agreement or Borrower Note. As set forth in this Section 9.10 but subject to Section 9.9 hereof, the Funding Lender shall have the right, in its own name or on behalf of the Governmental Lender, to declare any default and exercise any remedies under the Borrower Loan Agreement or the Borrower Note, whether or not the Governmental Lender Note has been accelerated or declared due and payable by reason of an Event of Default.

Section 9.11. Waiver of Appraisement and Other Laws.

(a) To the extent permitted by law, the Governmental Lender will not at any time insist upon, plead, claim or take the benefit or advantage of, any appraisement, valuation, stay, extension or redemption law now or hereafter in force, in order to prevent or hinder the enforcement of this Funding Loan Agreement; and the Governmental Lender, for itself and all who may claim under it, so far as it or they now or hereafter may lawfully do so, hereby waives the benefit of all such laws. The Governmental Lender, for itself and all who may claim under it, waives, to the extent that it may lawfully do so, all right to have the property in the Security marshaled upon any enforcement hereof.

(b) If any law now in effect prohibiting the waiver referred to in Section 9.11(a) shall hereafter be repealed or cease to be in force, such law shall not thereafter be deemed to constitute any part of the contract herein contained or to preclude the application of this Section 9.11.

Section 9.12. Suits to Protect the Security. The Funding Lender shall have power to institute and to maintain such proceedings as it may deem expedient to prevent any impairment of the Security by any acts that may be unlawful or in violation of this Funding Loan Agreement and to protect its interests in the Security and in the rents, issues, profits, revenues and other income arising therefrom, including power to institute and maintain proceedings to restrain the enforcement of or compliance with any Governmental enactment, rule or order that may be unconstitutional or otherwise invalid, if the enforcement of or compliance with such enactment, rule or order would impair the security hereunder or be prejudicial to the interests of the Funding Lender.

Section 9.13. Remedies Subject to Applicable Law. All rights, remedies and powers provided by this Article may be exercised only to the extent that the exercise thereof does not violate any applicable provision of law in the premises, and all the provisions of this Article are intended to be subject to all applicable mandatory provisions of law which may be controlling in the premises and to be limited to the extent necessary so that they will not render this Funding Loan Agreement invalid, unenforceable or not entitled to be recorded, registered or filed under the provisions of any applicable law.

Section 9.14. Assumption of Obligations. In the event that the Funding Lender or its permitted assignee or designee in accordance with Section 2.4 hereof shall become the legal or beneficial owner of the Project by foreclosure or deed in lieu of foreclosure, such party shall succeed to the rights and the obligations of the Borrower under the Borrower Loan Agreement, the Borrower Note, the Regulatory Agreement and any other Funding Loan Documents to which the Borrower is a party. Such assumption shall be effective from and after the effective date of such acquisition and shall be made with the benefit of the limitations of liability set forth therein and without any liability for the prior acts of the Borrower.

It is the intention of the parties hereto that upon the occurrence and continuance of an Event of Default hereunder, rights and remedies may be pursued pursuant to the terms of the Funding Loan Documents, subject to the last paragraph of Section 9.2.

Section 9.15. Remedies upon Unremedied Material Funding Lender Event. Upon the occurrence of a Material Funding Lender Event which shall continue unremedied for a period of 60 days (a "**Funding Lender Event of Default**"), (i) the Governmental Lender may direct that the Governmental Lender Note be transferred to and obligations and liabilities thereunder be assumed by another lender approved to act as Funding Lender by the Governmental Lender pursuant to Section 2.4(b) hereof and acceptable to the Borrower; provided, however, that no such transfer shall become effective until the Funding Lender has been fully reimbursed for all advances made and all expenses incurred and all other amounts owed to Funding Lender with respect to the Governmental Lender Note through the date of transfer, and shall be fully released in writing by the Governmental Lender, the Borrower and the successor Funding Lender from any and all continuing obligations and liabilities with respect to the Funding Loan and, unless the loss has not in any material respect been caused by the action or inaction of the Borrower, be indemnified by the Borrower for any losses incurred by Funding Lender with respect thereto (except for losses resulting from remedies awarded at law or equity pursuant to clause (ii) below, as to which no indemnity shall be provided), and (ii) the Governmental Lender (or the Borrower pursuant to the Borrower Loan Agreement or the Construction Funding Agreement) may pursue any other remedy available at law or in equity.

ARTICLE X
AMENDMENT; AMENDMENT OF BORROWER LOAN AGREEMENT AND OTHER DOCUMENTS

Section 10.1. Amendment of Funding Loan Agreement. Any of the terms of this Funding Loan Agreement and the Governmental Lender Note may be amended or waived only by an instrument signed by the Funding Lender and the Governmental Lender, provided, however, no such amendment which materially affects the rights, duties, obligations or other

interests of the Borrower shall be made without the consent of the Borrower, and, provided further, that if the Borrower is in default under any Funding Loan Document, no Borrower consent shall be required unless such amendment has a material adverse effect on the rights, duties, obligations or other interests of the Borrower. All of the terms of this Funding Loan Agreement shall be binding upon the successors and assigns of and all persons claiming under or through the Governmental Lender or any such successor or assign, and shall inure to the benefit of and be enforceable by the successors and assigns of the Funding Lender.

Section 10.2. Amendments Requiring Funding Lender Consent. The Governmental Lender shall not consent to any amendment, change or modification of the Borrower Loan Agreement or any other Borrower Loan Document or Funding Loan Document without the prior Written Consent of the Funding Lender; provided, however, that such prior Written Consent shall not be required with respect to any such amendment, change or modification undertaken by the Governmental Lender in order to preserve one or more of its Unassigned Rights. Governmental Lender agrees to provide the Funding Lender with prompt notification of any such amendments, modifications or changes not requiring the prior Written Consent of the Funding Lender.

Section 10.3. Consents and Opinions. No amendment to this Funding Loan Agreement or any other Funding Loan Document entered into under this Article X or any amendment, change or modification otherwise permitted under this Article X shall become effective unless and until (i) the Funding Lender shall have approved the same in writing in its sole discretion and (ii) the Funding Lender and the Governmental Lender shall have received, at the expense of the Borrower, a Tax Counsel No Adverse Effect Opinion and an Opinion of Counsel to the effect that any such proposed amendment is authorized and complies with the provisions of this Funding Loan Agreement and is a legal, valid and binding obligation of the parties thereto, subject to normal exceptions relating to bankruptcy, insolvency and equitable principles limitations. No modification or amendment of the terms of the Borrower Loan Agreement or the Borrower Note may be undertaken without the prior Written Consent of the Governmental Lender and the Funding Lender and the provision to the Funding Lender and the Governmental Lender, at the expense of the Borrower, of a Tax Counsel No Adverse Effect Opinion with regard to such proposed modification.

Any consents required pursuant to this Article X from, or on behalf of, the Governmental Lender may be executed by an Authorized City Representative.

This Funding Loan Agreement shall be in full force and effect until all payment obligations of the Governmental Lender hereunder have been paid in full and the Funding Loan has been retired or the payment thereof has been provided for (such payment or provision to be solely from the Security set forth in Article IV hereof as further provided in Section 8.8 hereof); except that on and after payment in full of the Governmental Lender Note, this Funding Loan Agreement shall be terminated, without further action by the parties hereto.

Capitalized terms not otherwise defined herein shall have the meaning assigned in the Funding Loan Agreement.

Obligor shall pay to the Holder on or before each date on which interest on the Funding Loan is payable interest on the unpaid balance hereof in an amount in immediately available funds sufficient to pay the interest on the Funding Loan then due and payable in the amounts and at the rate or rates set forth in the Funding Loan Agreement.

The Funding Loan and this Governmental Lender Note are pass-through obligations relating to a construction and permanent loan (the "Borrower Loan") made by Obligor from proceeds of the Funding Loan to 2031 -- 2037 North Milwaukee LLC, an Illinois limited liability company, as borrower (the "Borrower"), under that certain Borrower Loan Agreement, dated as of _____ 1, 2017 (as the same may be modified, amended or

supplemented from time to time, the "Borrower Loan Agreement"), between the Obligor and the Borrower, evidenced by the Borrower Note (as defined in the Borrower Loan Agreement). This Governmental Lender Note is a limited obligation of the Obligor, payable solely from the Pledged Revenues and other funds and monies and Security pledged and assigned under the Funding Loan Agreement. This Governmental Lender Note is not a general obligation of the Governmental Lender or a charge against its general credit or the general credit taxing powers of the State, the Governmental Lender, or any other political subdivision thereof, and shall never give rise to any pecuniary liability of the Governmental Lender, and neither the Governmental Lender, the State nor any other political subdivision thereof shall be liable for the payments of principal of and, premium, if any, and interest on this Governmental Lender Note, and the Governmental Lender Note is payable from no other source, but are special, limited obligations of the Governmental Lender, payable solely out of the Security pledged hereunder and receipts of the Governmental Lender derived pursuant to this Funding Loan Agreement. No holder of this Governmental Lender Note or any interest therein has the right to compel any exercise of the taxing power of the State, the Governmental Lender or any other political subdivision thereof to pay the Governmental Lender Note or the interest or premium, if any, thereon.

All capitalized terms used but not defined herein shall have the meanings ascribed to them in the Funding Loan Agreement or in the Borrower Loan Agreement.

This Governmental Lender Note is subject to the express condition that at no time shall interest be payable on this Governmental Lender Note or the Funding Loan at a rate in excess of the Maximum Rate provided in the Funding Loan Agreement; and Obligor shall not be obligated or required to pay, nor, shall the Holder be permitted to charge or collect, interest at a rate in excess of such Maximum Rate. If by the terms of this Governmental Lender Note or of the Funding Loan Agreement, Obligor is required to pay interest at a rate in excess of such Maximum Rate, the rate of interest hereunder or thereunder shall be deemed to be reduced immediately and automatically to such Maximum Rate, and any such excess payment previously made shall be immediately and automatically applied to the unpaid balance of the principal sum hereof and not to the payment of interest.

Amounts payable hereunder representing late payments, penalty payments or the like shall be payable to the extent allowed by law.

This Governmental Lender Note is subject to all of the terms, conditions, and provisions of the Funding Loan Agreement, including those respecting prepayment and the acceleration of maturity.

If there is an Event of Default under the Funding Loan Documents, then in any such event and subject to the requirements set forth in the Funding Loan Agreement, the Holder may declare the entire unpaid principal balance of this Governmental Lender Note and accrued interest, if any, due and payable at once. All of the covenants, conditions and agreements contained in the Funding Loan Documents are hereby made part of this Governmental Lender Note.

No delay or omission on the part of the Holder in exercising any remedy, right or option under this Governmental Lender Note or the Funding Loan Documents shall operate as a waiver of such remedy, right or option. In any event a waiver on any one occasion shall not be construed as a waiver or bar to any such remedy, right or option on a future occasion. The rights, remedies and options of the Holder under this Governmental Lender Note and the Funding Loan Documents are and shall be cumulative and are in addition to all of the rights, remedies and options of the Holder at law or in equity or under any other agreement.

Obligor shall pay all costs of collection on demand by the Holder, including without limitation, reasonable attorneys' fees and disbursements, which costs may be added to the indebtedness hereunder, together with interest thereon, to the extent allowed by law, as set forth in the Funding Loan Agreement.

This Governmental Lender Note may not be changed orally. Presentment for payment, notice of dishonor, protest and notice of protest are hereby waived. The acceptance by the Holder of any amount after the same is due shall not constitute a waiver of the right to require prompt payment, when due, of all other amounts due hereunder. The acceptance by the Holder of any sum in an amount less than the amount then due shall be deemed an acceptance on account only and upon condition that such acceptance shall not constitute a waiver of the obligation of Obligor to pay the entire sum then due, and Obligor's failure to pay such amount then due shall be and continue to be a default notwithstanding such acceptance of such amount on account, as aforesaid. Consent by the Holder to any action of Obligor which is subject to consent or approval of the Holder hereunder shall not be deemed a waiver of the right to require such consent or approval to future or successive actions.

In Witness Whereof, The undersigned has duly executed and delivered this Governmental Lender Note or caused this Governmental Lender Note to be duly executed and delivered by its authorized representative as of the date first set forth above. The undersigned intends that this instrument shall be deemed to be signed and delivered as a sealed instrument.

To the extent that Borrower makes a payment or payments or transfers any assets to the Governmental Lender or Funding Lender, or the Governmental Lender or Funding Lender enforces its liens, and such payment or payments or transfers, or the proceeds of such enforcement or any part thereof are subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be repaid to a trustee, receiver or any other party in connection with any insolvency proceeding, or otherwise, then: (i) any and all obligations owed to the Governmental Lender or Funding Lender and any and all remedies available to the Governmental Lender or Funding Lender under the terms of the Borrower Loan Documents and the Funding Loan Documents or in law or equity against Borrower, Guarantor or Manager and/or any of their properties shall be automatically revived and reinstated to the extent (and only to the extent) of any recovery permitted under clause (ii) below; and (ii) the Governmental Lender and Funding Lender shall be entitled to recover (and shall be entitled to file a proof of claim to obtain such recovery in any applicable bankruptcy,

insolvency, receivership or fraudulent conveyance or fraudulent transfer proceeding) either: (x) the amount of payments or the value of the transfer or (y) if the transfer has been undone and the assets returned in whole or in part, the value of the consideration paid to or received by Borrower for the initial asset transfer, plus in each case any deferred interest from the date of the disgorgement to the date of distribution to the Governmental Lender or Funding Lender in any bankruptcy, insolvency, receivership or fraudulent conveyance or fraudulent transfer proceeding, and any costs and expenses due and owing, including, without limitation, any reasonable attorneys' fees incurred by the Governmental Lender or Funding Lender in connection with the exercise by the Governmental Lender or Funding Lender of its rights under this Section 2.9.

Section 2.10 Borrower Loan Disbursements. The Borrower Loan shall be disbursed by the Funding Lender, as agent for the Governmental Lender, pursuant to the Construction Funding Agreement.

ARTICLE III
CONVERSION

Section 3.1 Conversion Date and Extension of Outside Conversion Date. Borrower shall satisfy each of the Conditions to Conversion and cause the Conversion Date to occur on or before the Outside Conversion Date (including the Extended Outside Conversion Date, if any), as further provided in the Construction Funding Agreement. The failure to satisfy each of the Conditions to Conversion on or before the Outside Conversion Date shall constitute an Event of Default under the Borrower Loan Documents.

Section 3.2 Notice from Funding Lender; Funding Lender's Calculation Final.

(a) Following satisfaction of all of the Conditions to Conversion, Funding Lender shall deliver Written Notice to Borrower and the Governmental Lender of: (i) the Conversion Date, (ii) the amount of the Permanent Period Amount, (iii) any required prepayment of the Borrower Note (as described below in Section 3.3) and (iv) any amendments to the amortization schedule, as applicable.

(b) Funding Lender's calculation of the Permanent Period Amount and any amendments to the amortization of the Borrower Loan shall be, in the absence of manifest error, conclusive and binding on all parties.

Section 3.3 Mandatory Prepayment of the Borrower Loan.

(a) As further provided in the Construction Funding Agreement, if and to the extent the Permanent Period Amount is less than the Interim Phase Amount, Funding Lender may in its sole discretion require Borrower to make a partial prepayment of the Borrower Loan in an amount equal to the difference between the Interim Phase Amount and the Permanent Period Amount, provided, however, that if the Permanent Period Amount is less than the Minimum Permanent Period Amount (as defined in the Construction Funding Agreement), then Funding Lender may in its sole discretion require Borrower to prepay the Borrower Loan in full.

(b) Any prepayment in full or in part of the Borrower Loan required pursuant to Section 3.3(a) above shall be subject to a prepayment premium under certain circumstances as more particularly set forth in the Borrower Note.

Section 3.4 Release of Remaining Loan Proceeds. If and to the extent that the Permanent Period Amount is greater than the principal amount of the Borrower Loan which has previously been disbursed to Borrower, Funding Lender shall deliver Written Notice thereof to Borrower on or before the Conversion Date. Within ten (10) business days after delivery of such notice, but in no event later than the Outside Conversion Date, Funding Lender shall disburse Borrower Loan proceeds to Borrower so that the aggregate principal amount of the Borrower Loan disbursed equals the Permanent Period Amount. Any Borrower Loan proceeds previously disbursed to the Borrower in excess of the Permanent Period Amount shall be paid by Borrower to Funding Lender.

Section 3.5 No Amendment. Nothing contained in this Article III shall be construed to amend, modify, alter, change or supersede the terms and provisions of the Borrower Note, Security Instrument, the Construction Funding Agreement or any other Borrower Loan Document and, if there shall exist a conflict between the terms and provisions of this Article III and those of the Borrower Note, Security Instrument, the Construction Funding Agreement or other Borrower Loan Documents, then the terms and provisions of the Borrower Note, Security Instrument, the Construction Funding Agreement and other Borrower Loan Documents shall control, provided, however, that in the event of a conflict between the terms and provisions of this Article III and those of the Borrower's loan application with the Funding Lender, the terms and provisions of this Article III shall control.

Section 3.6 Determinations by Funding Lender. In any instance where the consent or approval of Funding Lender may be given or is required, or where any determination, judgment or decision is to be rendered by Funding Lender under this Article III, including in connection with the Construction Funding Agreement, the granting, withholding or denial of such consent or approval and the rendering of such determination, judgment or decision shall be made or exercised by the Funding Lender (or its designated representative), at its sole and exclusive option and in its sole and absolute discretion.

ARTICLE IV
REPRESENTATIONS AND WARRANTIES

Section 4.1 Borrower Representations. To induce the Governmental Lender to execute this Borrower Loan Agreement and to induce Funding Lender to make Disbursements, Borrower represents and warrants for the benefit of the Governmental Lender, Funding Lender and the Servicer, that the representations and warranties set forth in this Section 4.1 are complete and accurate as of the Closing Date and will be complete and accurate, and deemed remade, as of the date of each Disbursement, as of the original Outside Conversion Date, as of the date of any extension thereof and as of the Conversion Date in accordance with the terms and conditions of the Borrower Note. Subject to Section 4.2 hereof, the representations, warranties and agreements set forth in this Section 4.1 shall survive the making of the Borrower Loan, and shall remain in effect and true and correct in all material respects until the Borrower Loan and all other Borrower Payment Obligations have been repaid in full:

4.1.1 Organization; Special Purpose. The Borrower is in good standing under the laws of the State (and under the laws of the state in which the Borrower was formed if the Borrower was not formed under the laws of the State), has full legal right, power and authority to enter into the Borrower Loan Documents to which it is a party, and to carry out and consummate all transactions contemplated by the Borrower Loan Documents to which it is a party, and by proper corporate limited partnership or limited liability company action, as appropriate has duly authorized the execution, delivery and performance of the Borrower Loan Documents to which it is a party. The Person(s) of the Borrower executing the Borrower Loan Documents and the Funding Loan Documents to which the Borrower is a party are fully authorized to execute the same. The Borrower Loan Documents and the Funding Loan Documents to which the Borrower is a party have been duly authorized, executed and delivered by the Borrower. The sole business of the Borrower is the ownership, management and operation of the Project.

4.1.2 Proceedings; Enforceability. Assuming due execution and delivery by the other parties thereto, the Borrower Loan Documents and the Funding Loan Documents to which the Borrower is a party will constitute the legal, valid and binding agreements of the Borrower enforceable against the Borrower in accordance with their terms; except in each case as enforcement may be limited by bankruptcy, insolvency or other laws affecting the enforcement of creditors' rights generally, by the application of equitable principles regardless of whether enforcement is sought in a proceeding at law or in equity and by public policy.

4.1.3 No Conflicts. The execution and delivery of the Borrower Loan Documents and the Funding Loan Documents to which the Borrower is a party, the consummation of the transactions herein and therein contemplated and the fulfillment of or compliance with the terms and conditions hereof and thereof, will not conflict with or constitute a violation or breach of or default (with due notice or the passage of time or both) under the Operating Agreement of the Borrower, or to the best knowledge of the Borrower and with respect to the Borrower, any applicable law or administrative rule or regulation, or any applicable court or administrative decree or order, or any mortgage, deed of trust, loan agreement, lease, contract or other agreement or instrument to which the Borrower is a party or by which it or its properties are otherwise subject or bound, or result in the creation or imposition of any lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Borrower, which conflict, violation, breach, default, lien, charge or encumbrance might have consequences that would materially and adversely affect the consummation of the transactions contemplated by the Borrower Loan Documents and the Funding Loan Documents, or the financial condition, assets, properties or operations of the Borrower.

4.1.4 Litigation; Adverse Facts. There is no Legal Action, nor is there a basis known to Borrower for any Legal Action, before or by any court or federal, state, municipal or other governmental authority, pending, or to the knowledge of the Borrower, after reasonable investigation, threatened, against or affecting the Borrower, the Manager [or the Guarantor], or their respective assets, properties or operations which, if determined adversely to the Borrower or its interests, would have a material adverse effect upon the consummation of the transactions contemplated by, or the validity of, the Borrower Loan Documents or the Funding Loan Documents, upon the ability of each of Borrower, Manager and Guarantor to perform their respective obligations under the Borrower Loan Documents, the Funding Loan Documents and the Related Documents to which it is a party, or upon the financial condition, assets (including

the Project), properties or operations of the Borrower, the Manager or the Guarantor. None of the Borrower, Manager or Guarantor is in default (and no event has occurred and is continuing which with the giving of notice or the passage of time or both could constitute a default) with respect to any order or decree of any court or any order, regulation or demand of any federal, state, municipal or other governmental authority, which default might have consequences that would materially and adversely affect the consummation of the transactions contemplated by the Borrower Loan Documents and the Funding Loan Documents, the ability of each of Borrower, Manager and Guarantor to perform their respective obligations under the Borrower Loan Documents, the Funding Loan Documents and the Related Documents to which it is a party, or the financial condition, assets, properties or operations of the Borrower, Manager or Guarantor. None of Borrower, Manager or Guarantor are (a) in violation of any applicable law, which violation materially and adversely affects or may materially and adversely affect the business, operations, assets (including the Project), condition (financial or otherwise) or prospects of Borrower, Manager or Guarantor, as applicable; (b) subject to, or in default with respect to, any other Legal Requirement that would have a material adverse effect on the business, operations, assets (including the Project), condition (financial or otherwise) or prospects of Borrower, Manager or Guarantor, as applicable; or (c) in default with respect to any agreement to which Borrower, Manager or Guarantor, as applicable, are a party or by which they are bound, which default would have a material adverse effect on the business, operations, assets (including the Project), condition (financial or otherwise) or prospects of Borrower, Manager or Guarantor, as applicable; and (d) there is no Legal Action pending or, to the knowledge of Borrower, threatened against or affecting Borrower, Manager or Guarantor questioning the validity or the enforceability of this Borrower Loan Agreement or any of the other Borrower Loan Documents or the Funding Loan Documents or of any of the Related Documents. All tax returns (federal, state and local) required to be filed by or on behalf of the Borrower have been filed, and all taxes shown thereon to be due, including interest and penalties, except such, if any, as are being actively contested by the Borrower in good faith, have been paid or adequate reserves have been made for the payment thereof which reserves, if any, are reflected in the audited financial statements described therein. The Borrower enjoys the peaceful and undisturbed possession of all of the premises upon which it is operating its facilities.

4.1.5 Agreements; Consents; Approvals. Except as contemplated by the Borrower Loan Documents and the Funding Loan Documents, the Borrower is not a party to any agreement or instrument or subject to any restriction that would materially adversely affect the Borrower, the Project, or the Borrower's business, properties, operations or financial condition or business prospects, except the Permitted Encumbrances. The Borrower is not in default in any material respect in the performance, observance or fulfillment of any of the obligations, covenants or conditions contained in any Permitted Encumbrance or any other agreement or instrument to which it is a party or by which it or the Project is bound.

No consent or approval of any trustee or holder of any indebtedness of the Borrower, and to the best knowledge of the Borrower and only with respect to the Borrower, no consent, permission, authorization, order or license of, or filing or registration with, any governmental authority (except no representation is made with respect to any state securities or "blue sky" laws) is necessary in connection with the execution and delivery of the Borrower Loan Documents or the Funding Loan Documents, or the consummation of any transaction herein or

therein contemplated, or the fulfillment of or compliance with the terms and conditions hereof or thereof, except as have been obtained or made and as are in full force and effect.

4.1.6 Title. The Borrower shall have marketable title to the Project, free and clear of all Liens except the Permitted Encumbrances. The Security Instrument, when properly recorded in the appropriate records, together with any UCC financing statements required to be filed in connection therewith, will create (i) a valid, perfected first priority lien on the fee (or leasehold, if applicable) interest in the Project and (ii) perfected security interests in and to, and perfected collateral assignments of, all personalty included in the Project (including the Leases), all in accordance with the terms thereof, in each case subject only to any applicable Permitted Encumbrances. To the Borrower's knowledge, there are no delinquent real property taxes or assessments, including water and sewer charges, with respect to the Project, nor are there any claims for payment for work, labor or materials affecting the Project which are or may become a Lien prior to, or of equal priority with, the Liens created by the Borrower Loan Documents and the Funding Loan Documents.

4.1.7 Survey. To the best knowledge of the Borrower, the survey for the Project delivered to the Governmental Lender and the Funding Lender does not fail to reflect any material matter affecting the Project or the title thereto.

4.1.8 No Bankruptcy Filing. The Borrower is not contemplating either the filing of a petition by it under any state or federal bankruptcy or insolvency law or the liquidation of all or a major portion of its property (a "**Bankruptcy Proceeding**"); and the Borrower has no knowledge of any Person contemplating the filing of any such petition against it. As of the Closing Date, the Borrower has the ability to pay its debts as they become due.

4.1.9 Full and Accurate Disclosure. No statement of fact made by the Borrower in any Borrower Loan Document or any Funding Loan Document contains any untrue statement of a material fact or omits to state any material fact necessary to make statements contained therein in light of the circumstances in which they were made, not misleading. There is no material fact or circumstance presently known to the Borrower that has not been disclosed to the Governmental Lender and the Funding Lender which materially and adversely affects the Project or the business, operations or financial condition or business prospects of the Borrower or the Borrower's ability to meet its obligations under this Borrower Loan Agreement and the other Borrower Loan Documents and Funding Loan Documents to which it is a party in a timely manner.

4.1.10 No Plan Assets. The Borrower is not an "employee benefit plan," as defined in Section 3(3) of ERISA, subject to Title I of ERISA, and none of the assets of the Borrower constitutes or will constitute "plan assets" of one or more such plans within the meaning of 29 C.F.R. Section 2510.3 101.

4.1.11 Compliance. The Borrower, the Project and the use thereof will comply, to the extent required, in all material respects with all applicable Legal Requirements. The Borrower is not in default or violation of any order, writ, injunction, decree or demand of any Governmental Authority, the violation of which would materially adversely affect the financial condition or business prospects or the business of the Borrower. There has not been committed

by the Borrower or any Borrower Affiliate involved with the operation or use of the Project any act or omission affording any Governmental Authority the right of forfeiture as against the Project or any part thereof or any moneys paid in performance of the Borrower's obligations under any Borrower Loan Document or any Funding Loan Documents.

4.1.12 Contracts. All service, maintenance or repair contracts affecting the Project have been entered into at arm's length (except for such contracts between the Borrower and its affiliates or the affiliates of the Borrower Controlling Entity of the Borrower) in the ordinary course of the Borrower's business and provide for the payment of fees in amounts and upon terms comparable to existing market rates.

4.1.13 Financial Information. All financial data, including any statements of cash flow and income and operating expense, that have been delivered to the Governmental Lender or the Funding Lender in respect of the Project by or on behalf of the Borrower, to the best knowledge of the Borrower, (i) are accurate and complete in all material respects, (ii) accurately represent the financial condition of the Project as of the date of such reports, and (iii) to the extent prepared by an independent certified public accounting firm, have been prepared in accordance with GAAP consistently applied throughout the periods covered, except as disclosed therein. Other than pursuant to or permitted by the Borrower Loan Documents or the Funding Loan Documents or the Borrower organizational documents, the Borrower has no contingent liabilities, unusual forward or long-term commitments or unrealized or anticipated losses from any unfavorable commitments. Since the date of such financial statements, there has been no materially adverse change in the financial condition, operations or business of the Borrower from that set forth in said financial statements.

4.1.14 Condemnation. No Condemnation or other proceeding has been commenced or, to the Borrower's knowledge, is contemplated, threatened or pending with respect to all or part of the Project or for the relocation of roadways providing access to the Project.

4.1.15 Federal Reserve Regulations. No part of the proceeds of the Borrower Loan will be used for the purpose of purchasing or acquiring any "margin stock" within the meaning of Regulation U of the Board of Governors of the Federal Reserve System or for any other purpose that would be inconsistent with such Regulation U or any other regulation of such Board of Governors, or for any purpose prohibited by Legal Requirements or any Borrower Loan Document or Funding Loan Document.

4.1.16 Utilities and Public Access. To the best of the Borrower's knowledge, the Project is or will be served by water, sewer, sanitary sewer and storm drain facilities adequate to service it for its intended uses. All public utilities necessary or convenient to the full use and enjoyment of the Project are or will be located in the public right-of-way abutting the Project, and all such utilities are or will be connected so as to serve the Project without passing over other property absent a valid easement. All roads necessary for the use of the Project for its current purpose have been or will be completed and dedicated to public use and accepted by all Governmental Authorities. Except for Permitted Encumbrances, the Project does not share ingress and egress through an easement or private road or share on-site or off-site recreational facilities and amenities that are not located on the Project and under the exclusive control of the

Borrower, or where there is shared ingress and egress or amenities, there exists an easement or joint use and maintenance agreement under which (i) access to and use and enjoyment of the easement or private road and/or recreational facilities and amenities is perpetual, (ii) the number of parties sharing such easement and/or recreational facilities and amenities must be specified, (iii) the Borrower's responsibilities and share of expenses are specified, and (iv) the failure to pay any maintenance fee with respect to an easement will not result in a loss of usage of the easement.

4.1.17 Not a Foreign Person. The Borrower is not a "foreign person" within the meaning of §1445(f)(3) of the Code.

4.1.18 Separate Lots. Each parcel comprising the Land is a separate tax lot and is not a portion of any other tax lot that is not a part of the Land.

4.1.19 Assessments. There are no pending or, to the Borrower's best knowledge, proposed special or other assessments for public improvements or otherwise affecting the Project, or any contemplated improvements to the Project that may result in such special or other assessments.

4.1.20 Enforceability. The Borrower Loan Documents and the Funding Loan Documents are not subject to, and the Borrower has not asserted, any right of rescission, set-off, counterclaim or defense, including the defense of usury.

4.1.21 Insurance. The Borrower has obtained the insurance required by this Borrower Loan Agreement, if applicable, and the Security Instrument and has delivered to the Servicer copies of insurance policies or certificates of insurance reflecting the insurance coverages, amounts and other requirements set forth in this Borrower Loan Agreement, if applicable, and the Security Instrument.

4.1.22 Use of Property; Licenses. The Project will be used exclusively as a multi-family residential rental project and other appurtenant and related uses, which use is consistent with the zoning classification for the Project. All certifications, permits, licenses and approvals, including certificates of completion and occupancy permits required for the legal use or legal, nonconforming use, as applicable, occupancy and operation of the Project (collectively, the "**Licenses**") required at this time for the construction or rehabilitation, as appropriate, and equipping of the Project have been obtained. To the Borrower's knowledge, all Licenses obtained by the Borrower have been validly issued and are in full force and effect. The Borrower has no reason to believe that any of the Licenses required for the future use and occupancy of the Project and not heretofore obtained by the Borrower will not be obtained by the Borrower in the ordinary course following the Completion Date. No Licenses will terminate, or become void or voidable or terminable, upon any sale, transfer or other disposition of the Project, including any transfer pursuant to foreclosure sale under the Security Instrument or deed in lieu of foreclosure thereunder. The Project does not violate any density or building setback requirements of the applicable zoning law except to the extent, if any, shown on the survey. no proceedings are, to the best of the Borrower's knowledge, pending or threatened that would result in a change of the zoning of the Project.

4.1.23 Flood Zone. On the Closing Date, no structure within the Mortgaged Property lies or is located in an identifiable or designated Special Flood Hazard Area. Subsequent to the Closing Date, if the Mortgaged Property is determined to be in a Special Flood Hazard Area, Borrower will obtain appropriate flood insurance as required under the National Flood Insurance Act of 1968, Flood Disaster Protection Act of 1973, or the National Flood Insurance Reform Act of 1994 as amended or as required by the Servicer pursuant to its underwriting guidelines.

4.1.24 Physical Condition. The Project, including all Improvements, parking facilities, systems, fixtures, Equipment and landscaping, are or, after completion of the construction, rehabilitation and/or repairs, as appropriate, will be in good and habitable condition in all material respects and in good order and repair in all material respects (reasonable wear and tear excepted). The Borrower has not received notice from any insurance company or bonding company of any defect or inadequacy in the Project, or any part thereof, which would adversely affect its insurability or cause the imposition of extraordinary premiums or charges thereon or any termination of any policy of insurance or bond. The physical configuration of the Project is not in material violation of the ADA, if required under applicable law.

4.1.25 Encroachments. All of the Improvements included in determining the appraised value of the Project will lie wholly within the boundaries and building restriction lines of the Project, and no improvement on an adjoining property encroaches upon the Project, and no easement or other encumbrance upon the Project encroaches upon any of the Improvements, so as to affect the value or marketability of the Project, except those insured against by the Title Insurance Policy or disclosed in the survey of the Project as approved by the Servicer.

4.1.26 State Law Requirements. The Borrower hereby represents, covenants and agrees to comply with the provisions of all applicable State laws relating to the Borrower Loan, the Funding Loan and the Project.

4.1.27 Filing and Recording Taxes. All transfer taxes, deed stamps, intangible taxes or other amounts in the nature of transfer taxes required to be paid by any Person under applicable Legal Requirements in connection with the transfer of the Project to the Borrower have been paid. All mortgage, mortgage recording, stamp, intangible or other similar taxes required to be paid by any Person under applicable Legal Requirements in connection with the execution, delivery, recordation, filing, registration, perfection or enforcement of any of the Borrower Loan Documents and the Funding Loan Documents have been or will be paid.

4.1.28 Investment Company Act. The Borrower is not (i) an "investment company" or a company "controlled" by an "investment company," within the meaning of the Investment Company Act of 1940, as amended; or (ii) a "holding company" or a "subsidiary company" of a "holding company" or an "affiliate" of either a "holding company" or a "subsidiary company" within the meaning of the Public Utility Holding Company Act of 1935, as amended.

4.1.29 Fraudulent Transfer. The Borrower has not accepted the Borrower Loan or entered into any Borrower Loan Document or Funding Loan Document with the actual intent to hinder, delay or defraud any creditor, and the Borrower has received reasonably equivalent

value in exchange for its obligations under the Borrower Loan Documents and the Funding Loan Documents. Giving effect to the transactions contemplated by the Borrower Loan Documents and the Funding Loan Documents, the fair saleable value of the Borrower's assets exceeds and will, immediately following the execution and delivery of the Borrower Loan Documents and the Funding Loan Documents, exceed the Borrower's total liabilities, including subordinated, unliquidated, disputed or contingent liabilities. The fair saleable value of the Borrower's assets is and will, immediately following the execution and delivery of the Borrower Loan Documents and the Funding Loan Documents, be greater than the Borrower's probable liabilities, including the maximum amount of its contingent liabilities or its debts as such debts become absolute and matured. The Borrower's assets do not and, immediately following the execution and delivery of the Borrower Loan Documents and the Funding Loan Documents will not, constitute unreasonably small capital to carry out its business as conducted or as proposed to be conducted. The Borrower does not intend to, and does not believe that it will, incur debts and liabilities (including contingent liabilities and other commitments) beyond its ability to pay such debts as they mature (taking into account the timing and amounts to be payable on or in respect of obligations of the Borrower).

The Borrower will execute and deliver the Agreement of Environmental Indemnification.

4.1.32 Name; Principal Place of Business. Unless prior Written Notice is given to the Funding Lender, the Borrower does not use and will not use any trade name, and has not done and will not do business under any name other than its actual name set forth herein. The principal place of business of the Borrower is its primary address for notices as set forth in Section 10.1 hereof, and the Borrower has no other place of business, other than the Project and such principal place of business.

4.1.33 Subordinated Debt. There is no secured or unsecured indebtedness with respect to the Project or any residual interest therein, other than Permitted Encumbrances and the permitted secured and unsecured indebtedness described in Section 6.7 hereof, except an unsecured deferred developer fee not to exceed the amount permitted by Funding Lender as determined on the Closing Date.

4.1.34 Filing of Taxes. The Borrower has filed (or has obtained effective extensions for filing) all federal, state and local tax returns required to be filed and has paid or made adequate provision for the payment of all federal, state and local taxes, charges and assessments, if any, payable by the Borrower.

4.1.35 General Tax. All representations, warranties and certifications of the Borrower set forth in the Regulatory Agreement and the Tax Compliance Agreement are incorporated by reference herein and the Borrower will comply with such as if set forth herein.

4.1.36 Approval of the Borrower Loan Documents and Funding Loan Documents. By its execution and delivery of this Borrower Loan Agreement, the Borrower approves the form and substance of the Borrower Loan Documents and the Funding Loan Documents, and agrees to carry out the responsibilities and duties specified in the Borrower Loan Documents and the Funding Loan Documents to be carried out by the Borrower. The Borrower acknowledges that (a) it understands the nature and structure of the transactions relating to the financing of the Project, (b) it is familiar with the provisions of all of the Borrower Loan Documents and the Funding Loan Documents and other documents and instruments relating to the financing, (c) it understands the risks inherent in such transactions, including without limitation the risk of loss of the Project, and (d) it has not relied on the Governmental Lender, the Funding Lender or the Servicer for any guidance or expertise in analyzing the financial or other consequences of the transactions contemplated by the Borrower Loan Documents and the Funding Loan Documents or otherwise relied on the Governmental Lender, the Funding Lender or the Servicer in any manner.

4.1.37 Funding Loan Agreement. The Borrower has read and accepts and agrees that it is bound by the Funding Loan Agreement and the Funding Loan Documents.

4.1.38 Americans with Disabilities Act. The Project, as designed, will conform in all material respects with all applicable zoning, planning, building and environmental laws, ordinances and regulations of governmental authorities having jurisdiction over the Project, including, but not limited to, the Americans with Disabilities Act of 1990 ("**ADA**"), to the extent required (as evidenced by an architect's certificate to such effect).

4.1.39 Requirements of Code and Regulations. The Project satisfies all requirements of the Code and the Regulations applicable to the Project.

4.1.40 Regulatory Agreement. The Project is, as of the date of origination of the Funding Loan, in compliance with all requirements of the Regulatory Agreement to the extent such requirements are applicable; and the Borrower intends to cause the residential units in the Project to be rented or available for rental on a basis which satisfies the requirements of the Regulatory Agreement, including all applicable requirements of the Code and the Regulations, and pursuant to leases which comply with all applicable laws.

4.1.41 Intention to Hold Project. The Borrower intends to hold the Project for its own account and has no current plans, and has not entered into any agreement, to sell the Project or any part of it; and the Borrower intends to occupy the Project or cause the Project to be occupied and to operate it or cause it to be operated at all times during the term of this Borrower Loan Agreement in compliance with the terms of this Borrower Loan Agreement and the Regulatory Agreement and does not know of any reason why the Project will not be so used by it in the absence of circumstances not now anticipated by it or totally beyond its control.

4.1.42 Concerning Manager.

(a) The Manager, an Illinois limited liability company, whose members are Illinois not-for-profit corporations, duly organized and validly existing under the laws of the State. The Manager has all requisite power and authority, rights and franchises to enter into and perform its obligations under the Borrower Loan Documents and the Funding Loan Documents to be executed by such Manager for its own account and on behalf of Borrower, as manager of Borrower, under this Borrower Loan Agreement and the other Borrower Loan Documents and the Funding Loan Documents.

(b) Manager has made all filings (including, without limitation, all required filings related to the use of fictitious business names) and is in good standing in the State and in each other jurisdiction in which the character of the property it owns or the nature of the business it transacts makes such filings necessary or where the failure to make such filings could have a material adverse effect on the business, operations, assets, condition (financial or otherwise) or prospects of Manager.

(c) Manager is duly authorized to do business in the State.

(d) The execution, delivery and performance by Borrower of the Borrower Loan Documents and the Funding Loan Documents have been duly authorized by all necessary action of Manager on behalf of Borrower, and by all necessary action on behalf of Manager.

(e) The execution, delivery and performance by Manager, on behalf of Borrower, of the Borrower Loan Documents and the Funding Loan Documents will not violate (i) Manager's organizational documents; (ii) any other Legal Requirement affecting Manager or any of its properties; or (iii) any agreement to which Manager is bound or to which it is a party; and will not result in or require the creation (except as provided in or contemplated by this Borrower Loan Agreement) of any Lien upon any of such properties, any of the Collateral or any of the property or funds pledged or delivered to Funding Lender pursuant to the Security Documents.

4.1.43 Government and Private Approvals. All governmental or regulatory orders, consents, permits, authorizations and approvals required for the construction, rehabilitation, use, occupancy and operation of the Improvements, that may be granted or denied in the discretion of any Governmental Authority, have been obtained and are in full force and effect (or, in the case of any of the foregoing that Borrower is not required to have as of the Closing Date, will be obtained), and will be maintained in full force and effect at all times during the construction or rehabilitation of the Improvements. All such orders, consents, permits, authorizations and approvals that may not be denied in the discretion of any Governmental Authority shall be obtained prior to the commencement of any work for which such orders, consents, permits, authorizations or approvals are required, and, once obtained, such orders, consents, permits, authorizations and approvals will be maintained in full force and effect at all times during the construction or rehabilitation of the Improvements. Except as set forth in the preceding two sentences, no additional governmental or regulatory actions, filings or registrations with respect to the Improvements, and no approvals, authorizations or consents of any trustee or holder of any indebtedness or obligation of Borrower, are required for the due execution, delivery and performance by Borrower, or Manager of any of the Borrower Loan

Documents or the Funding Loan Documents or the Related Documents executed by Borrower or Manager, as applicable. All required zoning approvals have been obtained, and the zoning of the Land for the Project is not conditional upon the happening of any further event.

4.1.44 Concerning Guarantor. The Borrower Loan Documents and the Funding Loan Documents to which the Guarantor is a party or a signatory executed simultaneously with this Borrower Loan Agreement have been duly executed and delivered by the Guarantor and are legally valid and binding obligations of Guarantor, enforceable against the Guarantor in accordance with their terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting creditors' rights generally and by general principles of equity.

4.1.45 No Material Defaults. Except as previously disclosed to Funding Lender in writing, there exists no material violation of or material default by Borrower under, and, to the best knowledge of Borrower, no event has occurred which, upon the giving of notice or the passage of time, or both, would constitute a material default with respect to: (i) the terms of any instrument evidencing, securing or guaranteeing any indebtedness secured by the Project or any portion or interest thereof or therein; (ii) any lease or other agreement affecting the Project or to which Borrower is a party; (iii) any license, permit, statute, ordinance, law, judgment, order, writ, injunction, decree, rule or regulation of any Governmental Authority, or any determination or award of any arbitrator to which Borrower or the Project may be bound; or (iv) any mortgage, instrument, agreement or document by which Borrower or any of its respective properties is bound; in the case of any of the foregoing: (1) which involves any Borrower Loan Document or Funding Loan Document; (2) which involves the Project and is not adequately covered by insurance; (3) that might materially and adversely affect the ability of Borrower, Manager or Guarantor or to perform any of its respective obligations under any of the Borrower Loan Documents or the Funding Loan Documents or any other material instrument, agreement or document to which it is a party; or (4) which might adversely affect the priority of the Liens created by this Borrower Loan Agreement or any of the Borrower Loan Documents or the Funding Loan Documents.

4.1.46 Payment of Taxes. Except as previously disclosed to Funding Lender in writing: (i) all tax returns and reports of Borrower, Manager and Guarantor required to be filed have been timely filed, and all taxes, assessments, fees and other governmental charges upon Borrower, Manager and Guarantor, and upon their respective properties, assets, income and franchises, which are due and payable have been paid when due and payable; and (ii) Borrower knows of no proposed tax assessment against it or against Manager or Guarantor that would be material to the condition (financial or otherwise) of Borrower, Manager or Guarantor, and neither Borrower, nor Manager have contracted with any Government Authority in connection with such taxes.

4.1.47 Rights to Project Agreements and Licenses. Borrower is the legal and beneficial owner of all rights in and to the Plans and Specifications and all existing Project Agreements and Licenses, and will be the legal and beneficial owner of all rights in and to all future Project Agreements and Licenses. Borrower's interest in the Plans and Specifications and all Project Agreements and Licenses is not subject to any present claim (other than under the Borrower Loan Documents and the Funding Loan Documents or as otherwise approved by Funding Lender in its sole discretion), set-off or deduction other than in the ordinary course of business.

4.1.48 Patriot Act Compliance. Borrower is not now, nor has ever been (i) listed on any Government Lists (as defined below), (ii) a person who has been determined by a Governmental Authority to be subject to the prohibitions contained in Presidential Executive Order No. 13224 (Sept. 23, 2001) or any other similar prohibitions contained in the rules and regulations of OFAC or in any enabling legislation or other Presidential Executive Orders in respect thereof, (iii) indicted for or convicted of any felony involving a crime or crimes of moral turpitude or for any Patriot Act Offense, or (iv) under investigation by any Governmental Authority for alleged criminal activity. For purposes hereof, the term "Patriot Act Offense" shall mean any violation of the criminal laws of the United States of America or of any of the several states, or that would be a criminal violation if committed within the jurisdiction of the United States of America or any of the several states, relating to terrorism or the laundering of monetary instruments, including any offense under (A) the criminal laws against terrorism; (B) the criminal laws against money laundering, (C) Bank Representative Secrecy Act, as amended, (D) the Money Laundering Control Act of 1986, as amended, or (E) the Patriot Act. "Patriot Act Offense" also includes the crimes of conspiracy to commit, or aiding and abetting another to commit, a Patriot Act Offense. For purposes hereof, the term "Government Lists" shall mean (1) the Specially Designated Nationals and Blocked Persons Lists maintained by the Office of Foreign Assets Control ("**OFAC**"), (2) any other list of terrorists, terrorist organizations or narcotics traffickers maintained pursuant to any of the Rules and Regulations of OFAC that Funding Lender notified Borrower in writing is now included in "Government Lists", or (3) any similar lists maintained by the United States Department of State, the United States Department of Commerce or any other Governmental Authority or pursuant to any Executive Order of the President of the United States of America that Funding Lender notified Borrower in writing is now included in "Government Lists".

4.1.49 Rent Schedule. Borrower has prepared, or has had prepared on its behalf, a prospective Unit absorption and rent collection schedule with respect to the Project substantially in the form attached as an exhibit to the Construction Funding Agreement, which schedule takes into account, among other relevant factors (i) a schedule of minimum monthly rentals for the Units, and (ii) any and all concessions including free rent periods, and on the basis of such schedule, Borrower believes it will collect rents with respect to the Project in amounts greater than or equal to debt service on the Borrower Loan.

4.1.50 Other Documents. Each of the representations and warranties of Borrower or Manager contained in any of the other Borrower Loan Documents or the Funding Loan Documents or Related Documents is true and correct in all material respects (or, in the case of representations or warranties contained in any of the other Borrower Loan Documents or Funding Loan Documents or Related Documents that speak as of a particular date, were true and correct in all material respects as of such date). All of such representations and warranties are incorporated herein for the benefit of Funding Lender.

4.1.51 Subordinate Loan Documents. The Subordinate Loan Documents are in full force and effect and the Borrower has paid all commitment fees and other amounts due and payable to the Subordinate Lender thereunder. There exists no material violation of or material

default by the Borrower under, and no event has occurred which, upon the giving of notice or the passage of time, or both, would constitute a material default under the Subordinate Loan Documents.

4.1.52 [Reserved].

Section 4.2 Survival of Representations and Covenants. All of the representations and warranties in Section 4.1 hereof and elsewhere in the Borrower Loan Documents (i) shall survive for so long as any portion of the Borrower Payment Obligations remains due and owing and (ii) shall be deemed to have been relied upon by the Governmental Lender and the Servicer notwithstanding any investigation heretofore or hereafter made by the Governmental Lender or the Servicer or on its or their behalf, provided, however, that the representations, warranties and covenants set forth in Section 4.1.31 hereof shall survive in perpetuity and shall not be subject to the exculpation provisions of Section 11.1 hereof.

ARTICLE V

During the term of this Borrower Loan Agreement, the Borrower hereby covenants and agrees with the Governmental Lender, the Funding Lender and the Servicer that:

The Borrower shall (i) do or cause to be done all things necessary to preserve, renew and keep in full force and effect its existence and its material rights, and franchises, (ii) continue to engage in the business presently conducted by it, (iii) obtain and maintain all material Licenses, and (iv) qualify to do business and remain in good standing under the laws of the State.

Section 5.2 Taxes and Other Charges. The Borrower shall pay all Taxes and Other Charges as the same become due and payable and prior to their becoming delinquent in accordance with the Security Instrument, except to the extent that the amount, validity or application thereof is being contested in good faith as permitted by the Security Instrument.

The Borrower covenants to pay all taxes and Other Charges of any type or character charged to the Funding Lender affecting the amount available to the Funding Lender from payments to be received hereunder or in any way arising due to the transactions contemplated hereby (including taxes and Other Charges assessed or levied by any public agency or governmental authority of whatsoever character having power to levy taxes or assessments) but excluding franchise taxes based upon the capital and/or income of the Funding Lender and taxes based upon or measured by the net income of the Funding Lender; provided, however, that the Borrower shall have the right to protest any such taxes or Other Charges and to require the Funding Lender, at the Borrower's expense, to protest and contest any such taxes or Other Charges levied upon them and that the Borrower shall have the right to withhold payment of any such taxes or Other Charges pending disposition of any such protest or contest unless such withholding, protest or contest would adversely affect the rights or interests of the Funding Lender. This obligation shall remain valid and in effect notwithstanding repayment of the Borrower Loan hereunder or termination of this Borrower Loan Agreement.

Section 5.3 Repairs; Maintenance and Compliance; Physical Condition. The Borrower shall cause the Project to be maintained in a good, habitable and safe (so as to not threaten the health or safety of the Project's tenants or their invited guests) condition and repair (reasonable wear and tear excepted) as set forth in the Security Instrument and shall not remove, demolish or materially alter the Improvements or Equipment (except for removal of aging or obsolete equipment or furnishings in the normal course of business), except as provided in the Security Instrument.

Section 5.4 Litigation. The Borrower shall give prompt Written Notice to the Governmental Lender, the Funding Lender and the Servicer of any litigation, governmental proceedings or claims or investigations regarding an alleged actual violation of a Legal Requirement pending or, to the Borrower's knowledge, threatened against the Borrower which might materially adversely affect the Borrower's condition (financial or otherwise) or business or the Project.

Section 5.5 Performance of Other Agreements. The Borrower shall observe and perform in all material respects each and every term to be observed or performed by it pursuant to the terms of any agreement or instrument affecting or pertaining to the Project.

Section 5.6 Notices. The Borrower shall promptly advise the Governmental Lender, the Funding Lender and the Servicer of (i) any Material Adverse Change in the Borrower's financial condition, assets, properties or operations other than general changes in the real estate market, (ii) any fact or circumstance affecting the Borrower or the Project that materially and adversely affects the Borrower's ability to meet its obligations hereunder or under any of the other Borrower Loan Document to which it is a party in a timely manner, or (iii) the occurrence of any Potential Default or Event of Default of which the Borrower has knowledge. If the Borrower becomes subject to federal or state securities law filing requirements, the Borrower shall cause to be delivered to the Governmental Lender, the Funding Lender and the Servicer any Securities and Exchange Commission or other public filings, if any, of the Borrower within two (2) Business Days of such filing.

Section 5.7 Cooperate in Legal Proceedings. The Borrower shall cooperate fully with the Governmental Lender, the Funding Lender and the Servicer with respect to, and permit the Governmental Lender, the Funding Lender and the Servicer at their option, to participate in, any proceedings before any Governmental Authority that may in any way affect the rights of the Governmental Lender, the Funding Lender and/or the Servicer under any Borrower Loan Document or Funding Loan Document.

Section 5.8 Further Assurances. The Borrower shall, at the Borrower's sole cost and expense (except as provided in Section 9.1 hereof), (i) furnish to the Servicer and the Funding Lender all instruments, documents, boundary surveys, footing or foundation surveys (to the extent that Borrower's construction or renovation of the Project alters any existing building foundations or footprints), certificates, plans and specifications, appraisals, title and other insurance reports and agreements relating to the Project, reasonably requested by the Servicer or the Funding Lender for the better and more efficient carrying out of the intents and purposes of the Borrower Loan Documents and the Funding Loan Documents; (ii) execute and deliver to the Servicer and the Funding Lender such documents, instruments, certificates, assignments and

other writings, and do such other acts necessary or desirable, to evidence, preserve and/or protect the collateral at any time securing or intended to secure the Borrower Loan, as the Servicer and the Funding Lender may reasonably require from time to time; (iii) do and execute all and such further lawful and reasonable acts, conveyances and assurances for the better and more effective carrying out of the intents and purposes of the Borrower Loan Documents and the Funding Loan Documents, as the Servicer or the Funding Lender shall reasonably require from time to time; provided, however, with respect to clauses (i)-(iii) above, the Borrower shall not be required to do anything that has the effect of (A) changing the essential economic terms of the Borrower Loan or (B) imposing upon the Borrower greater personal liability under the Borrower Loan Documents and the Funding Loan Documents; and (iv) upon the Servicer's or the Funding Lender's request therefor given from time to time after the occurrence of any Potential Default or Event of Default for so long as such Potential Default or Event of Default, as applicable, is continuing pay for (a) reports of UCC, federal tax lien, state tax lien, judgment and pending litigation searches with respect to the Borrower and (b) searches of title to the Project, each such search to be conducted by search firms reasonably designated by the Servicer or the Funding Lender in each of the locations reasonably designated by the Servicer or the Funding Lender.

Section 5.9 Delivery of Financial Information. After notice to the Borrower of a Secondary Market Disclosure Document, the Borrower shall, concurrently with any delivery to the Funding Lender or the Servicer, deliver copies of all financial information required under Article IX.

Section 5.10 Environmental Matters. So long as the Borrower owns or is in possession of the Project, the Borrower shall (a) keep the Project in compliance with all Hazardous Materials Laws (as defined in the Security Instrument), (b) promptly notify the Funding Lender and the Servicer if the Borrower shall become aware that any Hazardous Materials (as defined in the Security Instrument) are on or near the Project in violation of Hazardous Materials Laws, and (c) commence and thereafter diligently prosecute to completion all remedial work necessary with respect to the Project required under any Hazardous Material Laws, in each case as set forth in the Security Instrument or the Agreement of Environmental Indemnification.

Section 5.11 Governmental Lender's and Funding Lender's Fees. The Borrower covenants to pay the reasonable fees and expenses of the Governmental Lender (including the Ongoing Governmental Lender Fee) and the Funding Lender or any agents, attorneys, accountants, consultants selected by the Governmental Lender or the Funding Lender to act on its behalf in connection with this Borrower Loan Agreement and the other Borrower Loan Documents, the Regulatory Agreement and the Funding Loan Documents, including, without limitation, any and all reasonable expenses incurred in connection with the making of the Borrower Loan or in connection with any litigation which may at any time be instituted involving the Borrower Loan, this Borrower Loan Agreement, the other Borrower Loan Documents, the Regulatory Agreement and the Funding Loan Documents or any of the other documents contemplated thereby, or in connection with the reasonable supervision or inspection of the Borrower, its properties, assets or operations or otherwise in connection with the administration of the foregoing. This obligation shall remain valid and in effect notwithstanding repayment of the Borrower Loan hereunder or termination of this Borrower Loan Agreement.

Section 5.12 Estoppel Statement. The Borrower shall furnish to the Funding Lender or the Servicer for the benefit of the Funding Lender or the Servicer within ten (10) days after request by the Funding Lender and the Servicer, with a statement, duly acknowledged and certified, setting forth (i) the unpaid principal of the Borrower Note, (ii) the applicable Interest Rate, (iii) the date installments of interest and/or principal were last paid, (iv) any offsets or defenses to the payment of the Borrower Payment Obligations, and (v) that the Borrower Loan Documents and the Funding Loan Documents to which the Borrower is a party are valid, legal and binding obligations of the Borrower and have not been modified or, if modified, giving particulars of such modification, and no Event of Default exists thereunder or specify any Event of Default that does exist thereunder. The Borrower shall use commercially reasonable efforts to furnish to the Funding Lender or the Servicer, within 30 days of a request by the Funding Lender or Servicer, tenant estoppel certificates from each commercial tenant at the Project, if any, in form and substance reasonably satisfactory to the Funding Lender and the Servicer; provided that the Funding Lender and the Servicer shall not make such requests more frequently than twice in any year.

Section 5.13 Defense of Actions. The Borrower shall appear in and defend any action or proceeding purporting to affect the security for this Borrower Loan Agreement hereunder or under the Borrower Loan Documents and the Funding Loan Documents, and shall pay, in the manner required by Section 2.4 hereof, all costs and expenses, including the cost of evidence of title and attorneys' fees, in any such action or proceeding in which Funding Lender may appear. If the Borrower fails to perform any of the covenants or agreements contained in this Borrower Loan Agreement or any other Borrower Loan Document, or if any action or proceeding is commenced that is not diligently defended by the Borrower which affects the Funding Lender's interest in the Project or any part thereof, including eminent domain, code enforcement or proceedings of any nature whatsoever under any Federal or state law, whether now existing or hereafter enacted or amended, then the Funding Lender may make such appearances, disburse such sums and take such action as the Funding Lender deems necessary or appropriate to protect its interests. Such actions include disbursement of attorneys' fees, entry upon the Project to make repairs or take other action to protect the security of the Project, and payment, purchase, contest or compromise of any encumbrance, charge or lien which in the judgment of Funding Lender appears to be prior or superior to the Borrower Loan Documents or the Funding Loan Documents. The Funding Lender shall have no obligation to do any of the above. The Funding Lender may take any such action without notice to or demand upon the Borrower. No such action shall release the Borrower from any obligation under this Borrower Loan Agreement or any of the other Borrower Loan Documents or Funding Loan Documents. In the event (i) that the Security Instrument is foreclosed in whole or in part or that any Borrower Loan Document is put into the hands of an attorney for collection, suit, action or foreclosure, or (ii) of the foreclosure of any mortgage, deed of trust or deed to secure debt prior to or subsequent to the Security Instrument or any Borrower Loan Document in which proceeding the Funding Lender is made a party or (iii) of the bankruptcy of the Borrower or an assignment by the Borrower for the benefit of its creditors, the Borrower shall be chargeable with and agrees to pay all costs of collection and defense, including actual attorneys' fees in connection therewith and in connection with any appellate proceeding or post-judgment action involved therein, which shall be due and payable together with all required service or use taxes.

Section 5.14 Expenses. The Borrower shall pay all reasonable expenses incurred by the Governmental Lender, the Funding Lender and the Servicer (except as provided in Section 9.1 hereof) in connection with the Borrower Loan and the Funding Loan, including reasonable fees and expenses of the Governmental Lender's, the Funding Lender's and the Servicer's attorneys, environmental, engineering and other consultants, and fees, charges or taxes for the recording or filing of Borrower Loan Documents and the Funding Loan Documents. The Borrower shall pay or cause to be paid all reasonable expenses of the Governmental Lender, the Funding Lender and the Servicer (except as provided in Section 9.1 hereof) in connection with the issuance or administration of the Borrower Loan and the Funding Loan, including audit costs, inspection fees, settlement of condemnation and casualty awards, and premiums for title insurance and endorsements thereto. The Borrower shall, upon request, promptly reimburse the Governmental Lender, the Funding Lender and the Servicer for all reasonable amounts expended, advanced or incurred by the Governmental Lender, the Funding Lender and the Servicer to collect the Borrower Note, or to enforce the rights of the Governmental Lender, the Funding Lender and the Servicer under this Borrower Loan Agreement or any other Borrower Loan Document, or to defend or assert the rights and claims of the Governmental Lender, the Funding Lender and the Servicer under the Borrower Loan Documents and the Funding Loan Documents arising out of an Event of Default or with respect to the Project (by litigation or other proceedings) arising out of an Event of Default, which amounts will include all court costs, attorneys' fees and expenses, fees of auditors and accountants, and investigation expenses as may be reasonably incurred by the Governmental Lender, the Funding Lender and the Servicer in connection with any such matters (whether or not litigation is instituted), together with interest at the Default Rate on each such amount from the Date of Disbursement until the date of reimbursement to the Governmental Lender, the Funding Lender and the Servicer, all of which shall constitute part of the Borrower Loan and the Funding Loan and shall be secured by the Borrower Loan Documents and the Funding Loan Documents. The obligations and liabilities of the Borrower under this Section 5.14 shall survive the Term of this Borrower Loan Agreement and the exercise by the Governmental Lender, the Funding Lender or the Servicer, as the case may be, of any of its rights or remedies under the Borrower Loan Documents and the Funding Loan Documents, including the acquisition of the Project by foreclosure or a conveyance in lieu of foreclosure. Notwithstanding the foregoing, the Borrower shall not be obligated to pay amounts incurred as a result of the gross negligence or willful misconduct of any other party, and any obligations of the Borrower to pay for environmental inspections or audits will be governed by Section 18(i) of the Security Instrument.

Section 5.15 Indemnity. In addition to its other obligations hereunder, and in addition to any and all rights of reimbursement, indemnification, subrogation and other rights of Governmental Lender or Funding Lender pursuant hereto and under law or equity, to the fullest extent permitted by law, the Borrower agrees to indemnify, hold harmless and defend the Governmental Lender, the Funding Lender, the Servicer, the Beneficiary Parties, Citigroup, Inc. and each of their respective officers, directors, employees, attorneys and agents (each an "**Indemnified Party**"), against any and all losses, damages, claims, actions, liabilities, reasonable costs and expenses of any nature, kind or character (including, without limitation, reasonable attorneys' fees, litigation and court costs, amounts paid in settlement (to the extent that the Borrower has consented to such settlement) and amounts paid to discharge judgments) (hereinafter, the "**Liabilities**") to which the Indemnified Parties, or any of them, may become

subject under federal or state securities laws or any other statutory law or at common law or otherwise, to the extent arising out of or based upon or in any way relating to:

(a) The Borrower Loan Documents and the Funding Loan Documents or the execution or amendment thereof or in connection with transactions contemplated thereby, including the sale, transfer or resale of the Borrower Loan or the Funding Loan, except [as to any Indemnified Party other than the Governmental Lender] with respect to any Secondary Market Disclosure Document (other than any Borrower's obligations under Article IX);

(b) Any act or omission of the Borrower or any of its agents, contractors, servants, employees or licensees in connection with the Borrower Loan, the Funding Loan or the Project, the operation of the Project, or the condition, environmental or otherwise, occupancy, use, possession, conduct or management of work done in or about, or from the planning, design, acquisition, construction, installation or rehabilitation of, the Project or any part thereof;

(c) Any lien (other than a Permitted Encumbrance) or charge upon payments by the Borrower to the Governmental Lender or the Funding Lender hereunder, or any taxes (including, without limitation, all ad valorem taxes and sales taxes), assessments, impositions and Other Charges imposed on the Governmental Lender or the Funding Lender in respect of any portion of the Project;

(d) Any violation of any environmental law, rule or regulation with respect to, or the release of any toxic substance from, the Project or any part thereof during the period in which the Borrower is in possession or control of the Project;

(e) The enforcement of, or any action taken by the Governmental Lender or the Funding Lender related to remedies under, this Borrower Loan Agreement and the other Borrower Loan Documents and the Funding Loan Documents;

(f) [Reserved];

(g) Any untrue statement or misleading statement or alleged untrue statement or alleged misleading statement of a material fact by the Borrower made in the course of Borrower applying for the Borrower Loan or the Funding Loan or contained in any of the Borrower Loan Documents or Funding Loan Documents to which the Borrower is a party;

(h) Any Determination of Taxability;

(i) Any breach (or alleged breach) by Borrower of any representation, warranty or covenant made in or pursuant to this Borrower Loan Agreement or in connection with any written or oral representation, presentation, report, appraisal or other information given or delivered by Borrower, Manager, Guarantor or their Affiliates to Governmental Lender, the Funding Lender, Servicer or any other Person in connection with Borrower's application for the Borrower Loan and the Funding Loan (including,

without limitation, any breach or alleged breach by Borrower of any agreement with respect to the provision of any substitute credit enhancement);

(j) any failure (or alleged failure) by Borrower, the Funding Lender or Governmental Lender to comply with applicable federal and state laws and regulations pertaining to the making of the Borrower Loan and the Funding Loan;

(k) the Project, or the condition, occupancy, use, possession, conduct or management of, or work done in or about, or from the planning, design, acquisition, installation, construction, equipping or rehabilitation of, the Project or any part thereof; or

(l) the use of the proceeds of the Borrower Loan and the Funding Loan,

except in the case of the foregoing indemnification of the Governmental Lender, the Funding Lender or the Servicer or any related Indemnified Party, to the extent such damages are caused by the gross negligence or willful misconduct of such Indemnified Party.

Without limiting the foregoing, to the fullest extent permitted by law, the Borrower agrees to indemnify, hold harmless and defend the Governmental Lender, and each of its officers, officials, directors, employees, attorneys and agents ("**City Indemnified Parties**") against any Liability to which the City Indemnified Parties, or any of them, may become subject under federal or state securities laws or any other statutory law or at common law or otherwise and to the extent arising out of or based upon or in any way relating to any declaration of taxability of interest on the Funding Loan or allegations (or regulatory inquiry) that interest on the Funding Loan is taxable for federal income tax purposes, except to the extent such damages are caused by the gross negligence or willful misconduct of a City Indemnified Party.

Notwithstanding anything herein to the contrary, the Borrower's indemnification obligations to the parties specified in Section 9.1.4 hereof with respect to any securitization or Secondary Market Transaction described in Article IX hereof shall be limited to the indemnity set forth in Section 9.1.4 hereof. In the event that any action or proceeding is brought against any Indemnified Party with respect to which indemnity may be sought hereunder, the Borrower, upon written notice from the Indemnified Party (which notice shall be timely given so as not to materially impair the Borrower's right to defend), shall assume the investigation and defense thereof, including the employment of counsel reasonably approved by the Indemnified Party, and shall assume the payment of all expenses related thereto, with full power to litigate, compromise or settle the same in its sole discretion; provided that the Indemnified Party shall have the right to review and approve or disapprove any such compromise or settlement, which approval shall not be unreasonably withheld. Each Indemnified Party shall have the right to employ separate counsel in any such action or proceeding and to participate in the investigation and defense thereof; provided, however, the Governmental Lender shall have the absolute right to employ separate counsel at the expense of the Borrower. The Borrower shall pay the reasonable fees and expenses of such separate counsel; provided, however, that such Indemnified Party may only employ separate counsel at the expense of the Borrower if and only if in such Indemnified Party's good faith judgment (based on the advice of counsel) a conflict of interest exists or could arise by reason of common representation, except that the Borrower shall always pay the reasonable fees and expenses of the Governmental Lender's separate counsel.

Notwithstanding any transfer of the Project to another owner in accordance with the provisions of this Borrower Loan Agreement or the Regulatory Agreement, the Borrower shall remain obligated to indemnify each Indemnified Party pursuant to this Section 5.15 if such subsequent owner fails to indemnify any party entitled to be indemnified hereunder, unless the Governmental Lender and the Funding Lender have consented to such transfer and to the assignment of the rights and obligations of the Borrower hereunder.

The rights of any persons to indemnity and the right to payment of fees and reimbursement of expenses hereunder shall survive the final payment or defeasance of the Borrower Loan and the Funding Loan and in the case of the Servicer, any resignation or removal. The provisions of this Section 5.15 shall survive the termination of this Borrower Loan Agreement.

Nothing in this Section 5.15 shall in any way limit the Borrower's indemnification and other payment obligations set forth in the Regulatory Agreement.

Section 5.16 No Warranty of Condition or Suitability by the Governmental Lender or Funding Lender. Neither the Governmental Lender nor the Funding Lender makes any warranty, either express or implied, as to the condition of the Project or that it will be suitable for the Borrower's purposes or needs.

Section 5.17 Right of Access to the Project. The Borrower agrees that the Governmental Lender, the Funding Lender, the Servicer and the Construction Consultant, and their duly authorized agents, attorneys, experts, engineers, accountants and representatives shall have the right, but no obligation at all reasonable times during business hours and upon reasonable notice, to enter onto the Land (a) to examine, test and inspect the Project without material interference or prejudice to the Borrower's operations and (b) to perform such work in and about the Project made necessary by reason of the Borrower's default under any of the provisions of this Borrower Loan Agreement. The Governmental Lender, the Funding Lender, the Servicer, and their duly authorized agents, attorneys, accountants and representatives shall also be permitted, without any obligation to do so, at all reasonable times and upon reasonable notice during business hours, to examine the books and records of the Borrower with respect to the Project.

Section 5.18 Notice of Default. The Borrower will provide the Governmental Lender, the Funding Lender and the Servicer as soon as possible, and in any event not later than five (5) Business Days after the occurrence of any Potential Default or Event of Default with a statement of an Authorized Representative of Borrower describing the details of such Potential Default or Event of Default and any curative action Borrower proposes to take.

Section 5.19 Covenant with Governmental Lender and Funding Lender. The Borrower agrees that this Borrower Loan Agreement is executed and delivered in part to induce the purchase by others of the Governmental Lender Note and, accordingly, all covenants and agreements of the Borrower contained in this Borrower Loan Agreement are hereby declared to be for the benefit of the Governmental Lender, the Funding Lender and any lawful owner, holder or pledgee of the Borrower Note or the Governmental Lender Note from time to time.

Section 5.20 Obligation of the Borrower to Construct or Rehabilitate the Project. The Borrower shall proceed with reasonable dispatch to construct or rehabilitate, as appropriate, and equip the Project. If the proceeds of the Borrower Loan, together with the Other Borrower Moneys, available to be disbursed to the Borrower are not sufficient to pay the costs of such construction or rehabilitation, as appropriate, and equipping, the Borrower shall pay such additional costs from its own funds. The Borrower shall not be entitled to any reimbursement from the Governmental Lender, the Funding Lender or the Servicer in respect of any such costs or to any diminution or abatement in the repayment of the Borrower Loan. The Governmental Lender and the Funding Lender shall not be liable to the Borrower or any other person if for any reason the Project is not completed or if the proceeds of the Borrower Loan are insufficient to pay all costs of the Project. The Governmental Lender and the Funding Lender do not make any representation or warranty, either express or implied, that moneys, if any, which will be made available to the Borrower will be sufficient to complete the Project, and the Governmental Lender and the Funding Lender shall not be liable to the Borrower or any other person if for any reason the Project is not completed.

Section 5.21 Maintenance of Insurance. Borrower will maintain the insurance required by the Security Instrument.

Section 5.22 Information; Statements and Reports. Borrower shall furnish or cause to be furnished to Governmental Lender and Funding Lender:

(a) Financial Statements; Rent Rolls. In the manner and to the extent required under the Security Instrument, such financial statements, expenses statements, rent rolls, reports and other financial documents and information as required by the Security Instrument and the other Borrower Loan Documents and Funding Loan Documents, in the form and within the time periods required therein;

(b) Manager. As soon as available and in any event within one hundred twenty (120) days after the end of each fiscal year of Manager, copies of the financial statements of Manager as of such date, prepared in substantially the form previously delivered to the Governmental Lender and Funding Lender and in a manner consistent therewith, or in such form (which may include a form prepared in accordance with GAAP) as Funding Lender may reasonably request;

(c) Leasing Reports. Prior to the Conversion Date, on a monthly basis (and in any event within fifteen (15) days after the end of each Calendar Month), a report of all efforts made by Borrower, if any, to lease all or any portion of the Project during such Calendar Month and on a cumulative basis since Project inception, which report shall be prepared and delivered by Borrower, shall be in form and substance satisfactory to Funding Lender, and shall, if requested by Funding Lender, be supported by copies of letters of intent, leases or occupancy agreements, as applicable;

(d) Audit Reports. Promptly upon receipt thereof, copies of all reports, if any, submitted to Borrower by independent public accountants in connection with each annual, interim or special audit of the financial statements of Borrower made by such

accountants, including the comment letter submitted by such accountants to management in connection with their annual audit;

(e) Notices; Certificates or Communications. Immediately upon giving or receipt thereof, copies of any notices, certificates or other communications delivered at the Project or to Borrower or Manager naming Governmental Lender or Funding Lender as addressee or which could reasonably be deemed to affect the structural integrity of the Project or the ability of Borrower to perform its obligations under the Borrower Loan Documents and the Funding Loan Documents;

(f) Certification of Non-Foreign Status. Promptly upon request of Funding Lender from time to time, a Certification of Non-Foreign Status, executed on or after the date of such request by Funding Lender;

(g) Compliance Certificates. Together with each of the documents required pursuant to Section 5.22(a) hereof submitted by or on behalf of Borrower, a statement, in form and substance satisfactory to Funding Lender and certified by an Authorized Borrower Representative, to the effect that Borrower is in compliance with all covenants, terms and conditions applicable to Borrower, under or pursuant to the Borrower Loan Documents and the Funding Loan Documents and under or pursuant to any other Debt owing by Borrower to any Person, and disclosing any noncompliance therewith, and any Event of Default or Potential Default, and describing the status of Borrower's actions to correct such noncompliance, Event of Default or Potential Default, as applicable; and

(h) Other Items and Information. Such other information concerning the assets, business, financial condition, operations, property, prospects and results of operations of Borrower, Manager, Guarantor or the Project, as Funding Lender or Governmental Lender reasonably requests from time to time.

Section 5.23 Additional Notices. Borrower will, promptly after becoming aware thereof, give notice to Funding Lender and the Governmental Lender of:

(a) any Lien affecting the Project, or any part thereof, other than Liens expressly permitted under this Borrower Loan Agreement;

(b) any Legal Action which is instituted by or against Borrower, Manager or Guarantor, or any Legal Action which is threatened against Borrower, Manager or Guarantor which, in any case, if adversely determined, could have a material adverse effect upon the business, operations, properties, prospects, assets, management, ownership or condition (financial or otherwise) of Borrower, Manager, Guarantor or the Project;

(c) any Legal Action which constitutes an Event of Default or a Potential Default or a default under any other Contractual Obligation to which Borrower, Manager or Guarantor is a party or by or to which Borrower, Manager or Guarantor, or any of their respective properties or assets, may be bound or subject, which default would have a material adverse effect on the business, operations, assets (including the Project),

condition (financial or otherwise) or prospects of Borrower, Manager or Guarantor, as applicable;

(d) any default, alleged default or potential default on the part of Borrower under any of the CC&R's (together with a copy of each notice of default, alleged default or potential default received from any other party thereto);

(e) any notice of default, alleged default or potential default on the part of Borrower received from any tenant or occupant of the Project under or relating to its lease or occupancy agreement (together with a copy of any such notice), if, in the aggregate, notices from at least fifteen percent (15%) of the tenants at the Project have been received by Borrower with respect to, or alleging, the same default, alleged default or potential default;

(f) any change or contemplated change in (i) the location of Borrower's, or Manager's executive headquarters or principal place of business; (ii) the legal, trade, or fictitious business names used by Borrower or Manager; or (iii) the nature of the trade or business of Borrower; and

(g) any default, alleged default or potential default on the part of any general or limited partner (including, without limitation, Manager and the Equity Investor) under the Operating Agreement.

Section 5.24 Compliance with Other Agreements; Legal Requirements.

(a) Borrower shall timely perform and comply with, and shall cause Manager to timely perform and comply with the covenants, agreements, obligations and restrictions imposed on them under the Operating Agreement, and Borrower shall not do or permit to be done anything to impair any such party's rights or interests under any of the foregoing.

(b) Borrower will comply and, to the extent it is able, will require others to comply with, all Legal Requirements of all Governmental Authorities having jurisdiction over the Project or construction and/or rehabilitation of the Improvements, and will furnish Funding Lender with reports of any official searches for or notices of violation of any requirements established by such Governmental Authorities. Borrower will comply and, to the extent it is able, will require others to comply, with applicable CC&R's and all restrictive covenants and all obligations created by private contracts and leases which affect ownership, construction, rehabilitation, equipping, fixturing, use or operation of the Project, and all other agreements requiring a certain percentage of the Units to be rented to persons of low or moderate income. The Improvements, when completed, shall comply with all applicable building, zoning and other Legal Requirements, and will not violate any restrictions of record against the Project or the terms of any other lease of all or any portion of the Project. Funding Lender shall at all times have the right to audit, at Borrower's expense, Borrower's compliance with any agreement requiring a certain percentage of the Units to be rented to persons of low or moderate income, and Borrower shall supply all such information with respect thereto as Funding Lender may request and

otherwise cooperate with Funding Lender in any such audit. Without limiting the generality of the foregoing, Borrower shall properly obtain, comply with and keep in effect (and promptly deliver copies to Funding Lender of) all permits, licenses and approvals which are required to be obtained from Governmental Authorities in order to construct, occupy, operate, market and lease the Project.

Section 5.25 Completion and Maintenance of Project. Borrower shall cause the construction or rehabilitation, as the case may be, of the Improvements, to be prosecuted with diligence and continuity and completed substantially in accordance with the Plans and Specifications, and in accordance with the Construction Funding Agreement, free and clear of any liens or claims for liens (but without prejudice to Borrower's rights of contest under Section 10.16 hereof) ("**Completion**") on or before the Completion Date. Borrower shall thereafter maintain the Project as a residential apartment complex in good order and condition, ordinary wear and tear excepted. A maintenance program shall be in place at all times to assure the continuation of first class maintenance.

Section 5.26 Fixtures. Borrower shall deliver to Funding Lender, on demand, any contracts, bills of sale, statements, receipted vouchers or agreements under which Borrower or any other Person claims title to any materials, fixtures or articles incorporated into the Improvements.

Section 5.27 Income from Project. Borrower shall first apply all Gross Income to Expenses of the Project, including all amounts then required to be paid under the Borrower Loan Documents and the Funding Loan Documents and the funding of all sums necessary to meet the Replacement Reserve Fund Requirement before using or applying such Gross Income for any other purpose. Prior to the Conversion Date, Borrower shall not make or permit any distributions or other payments of Net Operating Income to its partners, shareholders or members, as applicable, in each case, without the prior Written Consent of Funding Lender.

Section 5.28 Leases and Occupancy Agreements.

(a) Lease Approval.

(i) Borrower has submitted to Funding Lender, and Funding Lender has approved, Borrower's standard form of tenant lease (the "**Tenant Lease Form**") for use in the Project. Borrower shall not materially modify the Tenant Lease Form without Funding Lender's prior Written Consent in each instance, which consent shall not be unreasonably withheld or delayed. Borrower may enter into leases of space within the Improvements (and amendments to such leases) in the ordinary course of business with bona fide third party tenants without Funding Lender's prior Written Consent if:

(A) The Tenant Lease Form is a Permitted Lease, and is executed in the form attached as an exhibit to the Construction Funding Agreement without material modification;

(B) Borrower, acting in good faith following the exercise of due diligence, has determined that the tenant meets requirements imposed

under any applicable CC&R and is financially capable of performing all of its obligations under the Tenant Lease Form; and

(C) The Tenant Lease Form conforms to the Rent Schedule attached as an exhibit to the Construction Funding Agreement and reflects an arm's-length transaction, subject to the requirement that the Borrower comply with any applicable CC&R.

(ii) If any Event of Default has occurred and is continuing, Funding Lender may make written demand on Borrower to submit all future leases for Funding Lender's approval prior to execution. Borrower shall comply with any such demand by Funding Lender.

(iii) No approval of any lease by Funding Lender shall be for any purpose other than to protect Funding Lender's security for the Borrower Loan and to preserve Funding Lender's rights under the Borrower Loan Documents and the Funding Loan Documents. No approval by Funding Lender shall result in a waiver of any default of Borrower. In no event shall any approval by Funding Lender of a lease be a representation of any kind with regard to the lease or its enforceability, or the financial capacity of any tenant or guarantor.

(b) Obligations. Borrower shall perform all obligations required to be performed by it as landlord under any lease affecting any part of the Project or any space within the Improvements.

(c) Leasing and Marketing Agreements. Except as may be contemplated in the Management Agreement with the Property Manager, Borrower shall not without the approval of Funding Lender enter into any leasing or marketing agreement and Funding Lender reserves the right to approve the qualifications of any marketing or leasing agent.

Section 5.29 Project Agreements and Licenses. To the extent not heretofore delivered to Funding Lender, Borrower will furnish to Funding Lender, as soon as available, true and correct copies of all Project Agreements and Licenses and the Plans and Specifications, together with assignments thereof to Funding Lender and consents to such assignments where required by Funding Lender, all in form and substance acceptable to Funding Lender. Neither Borrower nor Manager has assigned or granted, or will assign or grant, a security interest in any of the Project Agreements and Licenses, other than to Funding Lender.

Section 5.30 Payment of Debt Payments. In addition to its obligations under the Borrower Note, Borrower will (i) duly and punctually pay or cause to be paid all principal of and interest on any Debt of Borrower as and when the same become due on or before the due date; (ii) comply with and perform all conditions, terms and obligations of other instruments or agreements evidencing or securing such Debt; (iii) promptly inform Funding Lender of any default, or anticipated default, under any such note, agreement, instrument; and (iv) forward to Funding Lender a copy of any notice of default or notice of any event that might result in default under any such note, agreement, instrument, including Liens encumbering the Project, or any

portion thereof, which have been subordinated to the Security Instrument (regardless of whether or not permitted under this Borrower Loan Agreement).

Section 5.31 ERISA. Borrower will comply, and will cause each of its ERISA Affiliates to comply, in all respects with the provisions of ERISA.

Section 5.32 Patriot Act Compliance. Borrower shall use its good faith and commercially reasonable efforts to comply with the Patriot Act and all applicable requirements of Governmental Authorities having jurisdiction over Borrower and/or the Project, including those relating to money laundering and terrorism. Funding Lender shall have the right to audit Borrower's compliance with the Patriot Act and all applicable requirements of Governmental Authorities having jurisdiction over Borrower and/or the Project, including those relating to money laundering and terrorism. In the event that Borrower fails to comply with the Patriot Act or any such requirements of Governmental Authorities, then Funding Lender may, at its option, cause Borrower to comply therewith and any and all costs and expenses incurred by Funding Lender in connection therewith shall be secured by the Security Instrument and shall be immediately due and payable.

Borrower covenants that it shall comply with all Legal Requirements and internal requirements of Funding Lender relating to money laundering, anti-terrorism, trade embargos and economic sanctions, now or hereafter in effect. Without limiting the foregoing, Borrower shall not take any action, or permit any action to be taken, that would cause Borrower's representations and warranties in this Article V become untrue or inaccurate at any time during the term of the Funding Loan. Upon any Beneficiary Party's request from time to time during the term of the Funding Loan, Borrower shall certify in writing to such Beneficiary Party that Borrower's representations, warranties and obligations under Article V remain true and correct and have not been breached, and in addition, upon request of any Beneficiary Party, Borrower covenants to provide all information required to satisfy obligations under all Legal Requirements and internal requirements of Funding Lender relating to money laundering, anti-terrorism, trade embargos and economic sanctions, now or hereafter in effect, during the term of the Funding Loan. Borrower shall immediately notify the Funding Lender in writing of (a) Borrower's actual knowledge that any of such representations, warranties or covenants are no longer true and have been breached, (b) Borrower has a reasonable basis to believe that they may no longer be true and have been breached or (c) Borrower becomes the subject of an investigation by Governmental Authorities related to money laundering, anti-terrorism, trade embargos and economic sanctions. Borrower shall also reimburse Funding Lender for any expense incurred by Funding Lender in evaluating the effect of an investigation by Governmental Authorities on the Funding Loan and Funding Lender's interest in the collateral for the Funding Loan, in obtaining necessary license from Governmental Authorities as may be necessary for Funding Lender to enforce its rights under the Funding Loan Documents, and in complying with all Legal Requirements and internal requirements of Funding Lender relating to money laundering, anti-terrorism, trade embargos and economic sanctions, now or hereafter in effect applicable to Funding Lender as a result of the existence of such an event and for any penalties or fines imposed upon Funding Lender as a result thereof.

Section 5.33 Funds from Equity Investor. Borrower shall cause the Equity Investor to fund all installments of the Equity Contributions in the amounts and at the times subject and according to the terms of the Operating Agreement.

Section 5.34 Tax Covenants. The Borrower further represents, warrants and covenants as follows:

(a) General. The Borrower shall not take any action or omit to take any action which, if taken or omitted, respectively, would adversely affect the exclusion of interest on the Governmental Lender Note from gross income (as defined in Section 61 of the Code), for federal income tax purposes and, if it should take or permit any such action, the Borrower will take all lawful actions that it can take to rescind such action promptly upon having knowledge thereof and that the Borrower will take such action or actions, including amendment of this Borrower Loan Agreement, the Security Instrument and the Regulatory Agreement, as may be necessary, in the opinion of Tax Counsel, to comply fully with all applicable rules, rulings, policies, procedures, regulations or other official statements promulgated or proposed by the Department of the Treasury or the Internal Revenue Service applicable to the Governmental Lender Note, the Funding Loan or affecting the Project. Capitalized terms used in this Section 5.34 shall have the respective meanings assigned to them in the Regulatory Agreement or, if not defined therein, in the Funding Loan Agreement. With the intent not to limit the generality of the foregoing, the Borrower covenants and agrees that, prior to the final maturity of the Governmental Lender Note, unless it has received and filed with the Governmental Lender and the Funding Lender a Tax Counsel No Adverse Effect Opinion (other than with respect to interest on any portion of the Governmental Lender Note for a period during which such portion of the Governmental Lender Note is held by a "substantial user" of any facility financed with the proceeds of the Governmental Lender Note or a "related person," as such terms are used in Section 147(a) of the Code), the Borrower will comply with this Section 5.34.

(b) Use of Proceeds. The use of the net proceeds of the Funding Loan at all times will satisfy the following requirements:

(i) Limitation on Net Proceeds. At least 95% of the net proceeds of the Funding Loan (within the meaning of the Code) actually expended shall be used to pay Qualified Project Costs that are costs of a "qualified residential rental project" (within the meaning of Sections 142(a)(7) and 142(d) of the Code) and property that is "functionally related and subordinate" thereto (within the meaning of Sections 1.103-8(a)(3) and 1.103-8(b)(4)(iii) of the Regulations).Limit on Costs of Funding. The proceeds of the Funding Loan will be expended for the purposes set forth in this Borrower Loan Agreement and in the Funding Loan Agreement and no portion thereof in excess of two percent of the proceeds of the Funding Loan, within the meaning of Section 147(g) of the Code, will be expended to pay Costs of Funding of the Funding Loan.Prohibited Facilities. The Borrower shall not use or permit the use of any proceeds of the Funding Loan or any income from the investment thereof to provide any airplane, skybox, or other private luxury box, health club facility, any facility primarily used for gambling,

or any store the principal business of which is the sale of alcoholic beverages for consumption off premises.

(iv) Limitation on Land. Less than 25 percent of the net proceeds of the Funding Loan actually expended will be used, directly or indirectly, for the acquisition of land or an interest therein, nor will any portion of the net proceeds of the Funding Loan be used, directly or indirectly, for the acquisition of land or an interest therein to be used for farming purposes.

(v) Limitation on Existing Facilities. No portion of the net proceeds of the Funding Loan will be used for the acquisition of any existing property or an interest therein unless (A) the first use of such property is pursuant to such acquisition or (B) the rehabilitation expenditures with respect to any building and the equipment therefor equal or exceed 15 percent of the cost of acquiring such building financed with the proceeds of the Funding Loan (with respect to structures other than buildings, this clause shall be applied by substituting 100 percent for 15 percent). For purposes of the preceding sentence, the term "rehabilitation expenditures" shall have the meaning set forth in Section 147(d)(3) of the Code.

(vi) Accuracy of Information. The information furnished by the Borrower and used by the Governmental Lender in preparing its certifications with respect to Section 148 of the Code and the Borrower's information statement pursuant to Section 149(e) of the Code is accurate and complete as of the date of origination of the Funding Loan.

(vii) Limitation of Project Expenditures. The acquisition, construction and equipping of the Project were not commenced (within the meaning of Section 144(a) of the Code) prior to the 60th day preceding the adoption of the resolution of the Governmental Lender with respect to the Project on January 25, 2017, and no obligation for which reimbursement will be sought from proceeds of the Funding Loan relating to the acquisition, construction or equipping of the Project was paid or incurred prior to 60 days prior to such date, except for permissible "preliminary expenditures", which include architectural, engineering surveying, soil testing, reimbursement bond issuance and similar costs incurred prior to the commencement of construction, rehabilitation or acquisition of the Project, and which do not exceed 20% of the aggregate issue price of the Governmental Lender Note.

(viii) Qualified Costs. The Borrower hereby represents, covenants and warrants that the proceeds of the Funding Loan shall be used or deemed used exclusively to pay costs which are (A) capital expenditures (as defined in Section 1.150-1(b) of the Code's regulations) and (B) not made for the acquisition of existing property, to the extent prohibited in Section 147(d) of the Code and that for the greatest number of buildings the proceeds of the Governmental Lender Note shall be deemed allocated on a pro rata basis to each building in the Project and the land on which it is located so that each building and the land on which it

is located will have been financed fifty percent (50%) or more by the proceeds of the Governmental Lender Note for the purpose of complying with Section 42(h)(4)(B) of the Code; provided however, the foregoing representation, covenant and warranty is made for the benefit of the Borrower and its partners and neither the Funding Lender nor the Governmental Lender shall have any obligation to enforce this statement nor shall they incur any liability to any person, including without limitation, the Borrower, the partners of the Borrower, any other affiliate of the Borrower or the holders or payees of the Governmental Lender Note and the Borrower Note for any failure to meet the intent expressed in the foregoing representation, covenant and warranty; and provided further, failure to comply with this representation, covenant and warranty shall not constitute a default or event of default under this Borrower Loan Agreement or the Funding Loan Agreement.

(c) Limitation on Maturity. The average maturity of the Governmental Lender Note does not exceed 120 percent of the average reasonably expected economic life of the Project to be financed by the Funding Loan, weighted in proportion to the respective cost of each item comprising the property the cost of which has been or will be financed, directly or indirectly, with the Net Proceeds of the Funding Loan. For purposes of the preceding sentence, the reasonably expected economic life of property shall be determined as of the later of (A) the Closing Date for the Funding Loan or (B) the date on which such property is placed in service (or expected to be placed in service). In addition, land shall not be taken into account in determining the reasonably expected economic life of property.

(d) No Arbitrage. The Borrower shall not take any action or omit to take any action with respect to the Gross Proceeds of the Governmental Lender Note or of any amounts expected to be used to pay the principal thereof or the interest thereon which, if taken or omitted, respectively, would cause the Governmental Lender Note to be classified as an "arbitrage bond" within the meaning of Section 148 of the Code. Except as provided in the Funding Loan Agreement and this Borrower Loan Agreement, the Borrower shall not pledge or otherwise encumber, or permit the pledge or encumbrance of, any money, investment, or investment property as security for payment of any amounts due under this Borrower Loan Agreement or the Borrower Note relating to the Governmental Lender Note, shall not establish any segregated reserve or similar fund for such purpose and shall not prepay any such amounts in advance of the redemption date of an equal principal amount of the Governmental Lender Note, unless the Borrower has obtained in each case a Tax Counsel No Adverse Effect Opinion with respect to such action, a copy of which shall be provided to the Governmental Lender and the Funding Lender. The Borrower shall not, at any time prior to the final maturity of the Governmental Lender Note, invest or cause any Gross Proceeds to be invested in any investment (or to use Gross Proceeds to replace money so invested), if, as a result of such investment the Yield of all investments acquired with Gross Proceeds (or with money replaced thereby) on or prior to the date of such investment exceeds the Yield of the Governmental Lender Note to the Maturity Date, except as permitted by Section 148 of the Code and Regulations thereunder or as provided in the Regulatory Agreement. The Borrower further covenants and agrees that it will comply with all applicable

requirements of said Section 148 and the rules and Regulations thereunder relating to the Governmental Lender Note and the interest thereon, including the employment of a Rebate Analyst acceptable to the Governmental Lender and Funding Lender at all times from and after the Closing Date for the calculation of rebatable amounts to the United States Treasury Department. The Borrower agrees that it will cause the Rebate Analyst to calculate the rebatable amounts not later than forty-five days after the fifth anniversary of the Closing Date and each five years thereafter and not later than forty-five days after the final Computation Date and agrees that the Borrower will pay all costs associated therewith. The Borrower agrees to provide evidence of the employment of the Rebate Analyst satisfactory to the Governmental Lender and Funding Lender.

(e) No Federal Guarantee. Except to the extent permitted by Section 149(b) of the Code and the Regulations and rulings thereunder, the Borrower shall not take or omit to take any action which would cause the Governmental Lender Note to be "federally guaranteed" within the meaning of Section 149(b) of the Code and the Regulations and rulings thereunder.

(f) Representations. The Borrower has supplied or caused to be supplied to Tax Counsel all documents, instruments and written information requested by Tax Counsel, and all such documents, instruments and written information supplied by or on behalf of the Borrower at the request of Tax Counsel, which have been reasonably relied upon by Tax Counsel in rendering its opinion with respect to the exclusion from gross income of the interest on the Governmental Lender Note for federal income tax purposes, are true and correct in all material respects, do not contain any untrue statement of a material fact and do not omit to state any material fact necessary to be stated therein in order to make the information provided therein, in light of the circumstances under which such information was provided, not misleading, and the Borrower is not aware of any other pertinent information which Tax Counsel has not requested.

(g) Qualified Residential Rental Project. The Borrower hereby covenants and agrees that the Project will be operated as a "qualified residential rental project" within the meaning of Section 142(d) of the Code, on a continuous basis during the longer of the Qualified Project Period (as defined in the Regulatory Agreement) or any period during which any portion of the Governmental Lender Note remains outstanding, to the end that the interest on the Governmental Lender Note shall be excluded from gross income for federal income tax purposes. The Borrower hereby covenants and agrees, continuously during the Qualified Project Period, to comply with all the provisions of the Regulatory Agreement.

(h) Information Reporting Requirements. The Borrower will comply with the information reporting requirements of Section 149(e)(2) of the Code requiring certain information regarding the Governmental Lender Note to be filed with the Internal Revenue Service within prescribed time limits.

(i) Governmental Lender Note Not a Hedge Bond. The Borrower covenants and agrees that not more than 50% of the proceeds of the Governmental Lender Note will be invested in Nonpurpose Investments having a substantially guaranteed Yield for four

years or more within the meaning of Section 149(f)(3)(A)(ii) of the Code, and the Borrower reasonably expects that at least 85% of the spendable proceeds of the Governmental Lender Note will be used to carry out the governmental purposes of the Governmental Lender Note within the three-year period beginning on the Closing Date.

(j) Termination of Restrictions. Although the parties hereto recognize that, subject to the provisions of the Regulatory Agreement, the provisions of this Borrower Loan Agreement shall terminate in accordance with Section 10.14 hereof, the parties hereto recognize that pursuant to the Regulatory Agreement, certain requirements, including the requirements incorporated by reference in this Section, may continue in effect beyond the term hereof.

(k) Public Approval. The Borrower covenants and agrees that the proceeds of the Governmental Lender Note will not be used in a manner that deviates in any substantial degree from the Project described in the written notice of a public hearing regarding the Governmental Lender Note.

(l) 40/60 Test Election. The Borrower and the Governmental Lender hereby elect to apply the requirements of Section 142(d)(1)(B) to the Project. The Borrower hereby represents, covenants and agrees, continuously during the Qualified Project Period, to comply with all the provisions of the Regulatory Agreement.

(m) Modification of Tax Covenants. Subsequent to the origination of the Funding Loan and prior to its payment in full (or provision for the payment thereof having been made in accordance with the provisions of the Funding Loan Agreement), this Section 5.34 hereof may not be amended, changed, modified, altered or terminated except as permitted herein and by the Funding Loan Agreement and with the Written Consent of the Governmental Lender and the Funding Lender. Anything contained in this Borrower Loan Agreement or the Funding Loan Agreement to the contrary notwithstanding, the Governmental Lender, the Funding Lender and the Borrower hereby agree to amend this Borrower Loan Agreement and, if appropriate, the Funding Loan Agreement and the Regulatory Agreement, to the extent required, in the opinion of Tax Counsel, in order for interest on the Governmental Lender Note to remain excludable from gross income for federal income tax purposes. The party requesting such amendment, which may include the Funding Lender, shall notify the other parties to this Borrower Loan Agreement of the proposed amendment and send a copy of such requested amendment to Tax Counsel. After review of such proposed amendment, Tax Counsel shall render to the Funding Lender and the Governmental Lender an opinion as to the effect of such proposed amendment upon the includability of interest on the Governmental Lender Note in the gross income of the recipient thereof for federal income tax purposes. The Borrower shall pay all necessary fees and expenses incurred with respect to such amendment. The Borrower, the Governmental Lender and, where applicable, the Funding Lender per written instructions from the Governmental Lender shall execute, deliver and, if applicable, the Borrower shall file of record, any and all documents and instruments, including without limitation, an amendment to the Regulatory Agreement, with a file-stamped copy to the Funding Lender, necessary to effectuate the intent of this Section 5.34, and the Borrower and the Governmental Lender

hereby appoint the Funding Lender as their true and lawful attorney-in-fact to execute, deliver and, if applicable, file of record on behalf of the Borrower or the Governmental Lender, as is applicable, any such document or instrument (in such form as may be approved by and upon instruction of Tax Counsel) if either the Borrower or the Governmental Lender defaults in the performance of its obligation under this Section 5.34; provided, however, that the Funding Lender shall take no action under this Section 5.34 without first notifying the Borrower or the Governmental Lender, as is applicable, of its intention to take such action and providing the Borrower or the Governmental Lender, as is applicable, a reasonable opportunity to comply with the requirements of this Section 5.34.

The Borrower irrevocably authorizes and directs the Funding Lender and any other agent designated by the Governmental Lender to make payment of such amounts from funds of the Borrower, if any, held by the Funding Lender, or any agent of the Governmental Lender or the Funding Lender. The Borrower further covenants and agrees that, pursuant to the requirements of Treasury Regulation Section 1.148-1(b), it (or any related person contemplated by such regulations) will not purchase interests in the Governmental Lender Note in an amount related to the amount of the Borrower Loan.

Section 5.35 Payment of Rebate.

(a) Arbitrage Rebate. The Borrower agrees to take all steps necessary to compute and pay any rebatable arbitrage relating to the Funding Loan or the Governmental Lender Note in accordance with Section 148(f) of the Code including:

(i) Delivery of Documents and Money on Computation Dates. The Borrower will deliver to the Servicer, within 55 days after each Computation Date:

(A) a statement, signed by the Borrower, stating the Rebate Amount as of such Computation Date;

(B) if such Computation Date is an Installment Computation Date, an amount that, together with any amount then held for the credit of the Rebate Fund, is equal to at least 90% of the Rebate Amount as of such Installment Computation Date, less any "previous rebate payments" made to the United States (as that term is used in Section 1.148-3(f)(1) of the Regulations), or (2) if such Computation Date is the final Computation Date, an amount that, together with any amount then held for the credit of the Rebate Fund, is equal to the Rebate Amount as of such final Computation Date, less any "previous rebate payments" made to the United States (as that term is used in Section 1.148-3(f)(1) of the Regulations); and

(C) an Internal Revenue Service Form 8038-T properly signed and completed as of such Computation Date.

(ii) Correction of Underpayments. If the Borrower shall discover or be notified as of any date that any payment paid to the United States Treasury pursuant to this Section 5.35 of an amount described in Section 5.35(a)(i)(A) or (B) above shall have failed to satisfy any requirement of Section 1.148-3 of the Regulations (whether or not such failure shall be due to any default by the Borrower, the Governmental Lender or the Funding Lender), the Borrower shall (1) pay to the Servicer (for deposit to the Rebate Fund) and cause the Servicer to pay to the United States Treasury from the Rebate Fund the underpayment of the Rebate Amount, together with any penalty and/or interest due, as specified in Section 1.148-3(h) of the Regulations, within 175 days after any discovery or notice and (2) deliver to the Servicer an Internal Revenue Service Form 8038-T completed as of such date. If such underpayment of the Rebate Amount, together with any penalty and/or interest due, is not paid to the United States Treasury in the amount and manner and by the time specified in the Regulations, the Borrower shall take such steps as are necessary to prevent the Governmental Lender Note from becoming an arbitrage bond within the meaning of Section 148 of the Code.

(iii) Records. The Borrower shall retain all of its accounting records relating to the funds established under this Borrower Loan Agreement and all calculations made in preparing the statements described in this Section 5.35 for at least six years after the later of the final maturity of the Governmental Lender Note or the date the Funding Loan is retired in full.

(iv) Costs. The Borrower agrees to pay all of the fees and expenses of a nationally recognized Tax Counsel, the Rebate Analyst, a certified public accountant and any other necessary consultant employed by the Borrower or the Funding Lender in connection with computing the Rebate Amount.

(v) No Diversion of Rebatable Arbitrage. The Borrower will not indirectly pay any amount otherwise payable to the federal government pursuant to the foregoing requirements to any person other than the federal government by entering into any investment arrangement with respect to the Gross Proceeds of the Funding Loan which is not purchased at Fair Market Value or includes terms that the Borrower would not have included if the Funding Loan were not subject to Section 148(f) of the Code.

(vi) Modification of Requirements. If at any time during the term of this Borrower Loan Agreement, the Governmental Lender, the Funding Lender or the Borrower desires to take any action which would otherwise be prohibited by the terms of this Section 5.35, such Person shall be permitted to take such action if it shall first obtain and provide to the other Persons named herein a Tax Counsel No Adverse Effect Opinion with respect to such action.

(b) Rebate Fund. The Servicer shall establish and hold a separate fund designated as the "Rebate Fund." The Servicer shall deposit or transfer to the credit of

the Rebate Fund each amount delivered to the Servicer by the Borrower for deposit thereto and each amount directed by the Borrower to be transferred thereto.

(c) Within 15 days after each receipt or transfer of funds to the Rebate Fund, the Servicer shall withdraw from the Rebate Fund and pay to the United States of America the entire balance of the Rebate Fund.

(d) All payments to the United States of America pursuant to this Section 5.35 shall be made by the Servicer for the account and in the name of the Governmental Lender and shall be paid through the United States Mail (return receipt requested or overnight delivery), addressed to the appropriate Internal Revenue Service Center and accompanied by the appropriate Internal Revenue Service forms (such forms to be provided to the Servicer by the Borrower or the Rebate Analyst as set forth in this Section 5.35).

(e) The Borrower shall preserve all statements, forms and explanations received delivered pursuant this Section 5.35 and all records of transactions in the Rebate Fund until six years after the retirement of the Funding Loan.

(f) Moneys and securities held in the Rebate Fund shall not be deemed funds of the Funding Lender or of the Governmental Lender and are not pledged or otherwise subject to any security interest in favor of the Funding Lender to secure the Funding Loan or any other obligations.

(g) Notwithstanding anything to the contrary in this Borrower Loan Agreement, no payment shall be made to the United States if the Borrower shall furnish to the Governmental Lender and the Funding Lender an opinion of Tax Counsel to the effect that such payment is not required under Section 148(d) and (f) of the Code in order to maintain the exclusion from gross income for federal income tax purposes of interest on the Governmental Lender Note. In such event, the Borrower shall be entitled to withdraw funds from the Rebate Fund to the extent the Borrower shall provide a Tax Counsel No Adverse Effect Opinion to the Governmental Lender and the Funding Lender with respect to such withdrawal.

(h) Notwithstanding the foregoing, the computations and payments of rebate amounts referred to in this Section 5.35 need not be made to the extent that neither the Governmental Lender nor the Borrower will thereby fail to comply with any requirements of Section 148(f) of the Code based on a Tax Counsel No Adverse Effect Opinion, a copy of which shall be provided to the Funding Lender.

Section 5.36 Covenants under Funding Loan Agreement. The Borrower will fully and faithfully perform all the duties and obligations which the Governmental Lender has covenanted and agreed in the Funding Loan Agreement to cause the Borrower to perform and any duties and obligations which the Borrower is required in the Funding Loan Agreement to perform. The foregoing will not apply to any duty or undertaking of the Governmental Lender which by its nature cannot be delegated or assigned.

Section 5.37 Continuing Disclosure Agreement. The Borrower and the Funding Lender shall enter into the Continuing Disclosure Agreement to provide for the continuing disclosure of information about the Governmental Lender Note, the Borrower and other matters as specifically provided for in such agreement.

(p) the construction or rehabilitation of the Improvements is abandoned or halted prior to completion for any period of thirty (30) consecutive days;

(w) any failure by the Borrower to perform or comply with any of its obligations under this Borrower Loan Agreement (other than those specified in this Section 8.1), as and when required, which continues for a period of thirty (30) days after written notice of such failure by Funding Lender or the Servicer on its behalf to the Borrower; provided, however, if such failure is susceptible of cure but cannot reasonably be cured within such thirty (30) day period, and the Borrower shall have commenced to cure such failure within such thirty (30) day period and thereafter diligently and expeditiously proceeds to cure the same, such thirty (30) day period shall be extended for an additional period of time as is reasonably necessary for the Borrower in the exercise of due diligence to cure such failure, such additional period not to exceed sixty (60) days. However, no such notice or grace period shall apply to the extent such failure could, in the Funding Lender's judgment, absent immediate exercise by the Funding Lender of a right or remedy under this Borrower Loan Agreement, result in harm to the Funding Lender, impairment of the Borrower Note or this Borrower Loan Agreement or any security given under any other Borrower Loan Document.

Section 8.2 Remedies.

8.2.1 Acceleration. Upon the occurrence of an Event of Default (other than an Event of Default described in paragraph (e), (f) or (i) of Section 8.1) and at any time and from

time to time thereafter, as long as such Event of Default continues to exist, in addition to any other rights or remedies available to the Governmental Lender pursuant to the Borrower Loan Documents or at law or in equity, the Funding Lender may, take such action, without notice or demand, as the Funding Lender deems advisable to protect and enforce its rights against the Borrower and in and to the Project, including declaring the Borrower Payment Obligations to be immediately due and payable (including, without limitation, the principal of, Prepayment Premium, if any, and interest on and all other amounts due on the Borrower Note to be immediately due and payable), without notice or demand, and apply such payment of the Borrower Payment Obligations in any manner and in any order determined by Funding Lender, in Funding Lender's sole and absolute discretion; and upon any Event of Default described in paragraph (e), (f) or (i) of Section 8.1, the Borrower Payment Obligations shall become immediately due and payable, without notice or demand, and the Borrower hereby expressly waives any such notice or demand, anything contained in any Borrower Loan Document to the contrary notwithstanding. Notwithstanding anything herein to the contrary, enforcement of remedies hereunder and under the Funding Loan Agreement shall be controlled by the Funding Lender.

8.2.2 Remedies Cumulative. Upon the occurrence of an Event of Default, all or any one or more of the rights, powers, privileges and other remedies available to the Funding Lender against the Borrower under the Borrower Loan Documents or at law or in equity may be exercised by the Funding Lender, at any time and from time to time, whether or not all or any of the Borrower Payment Obligations shall be declared due and payable, and whether or not the Funding Lender shall have commenced any foreclosure proceeding or other action for the enforcement of its rights and remedies under any of the Borrower Loan Documents. Any such actions taken by the Funding Lender shall be cumulative and concurrent and may be pursued independently, singly, successively, together or otherwise, at such time and in such order as the Funding Lender may determine in its sole discretion, to the fullest extent permitted by law, without impairing or otherwise affecting the other rights and remedies of the Funding Lender permitted by law, equity or contract or as set forth in the Borrower Loan Documents. Without limiting the generality of the foregoing, the Borrower agrees that if an Event of Default is continuing, all Liens and other rights, remedies or privileges provided to the Funding Lender shall remain in full force and effect until they have exhausted all of its remedies, the Security Instrument has been foreclosed, the Project has been sold and/or otherwise realized upon satisfaction of the Borrower Payment Obligations or the Borrower Payment Obligations has been paid in full. To the extent permitted by applicable law, nothing contained in any Borrower Loan Document shall be construed as requiring the Funding Lender to resort to any portion of the Project for the satisfaction of any of the Borrower Payment Obligations in preference or priority to any other portion, and the Funding Lender may seek satisfaction out of the entire Project or any part thereof, in its absolute discretion.

Notwithstanding any provision herein to the contrary, the Governmental Lender and the Funding Lender agree that any cure of any default made or tendered by the Equity Investor shall be deemed to be a cure by the Borrower and shall be accepted or rejected on the same basis as if made or tendered by the Borrower.

8.2.3 Delay. No delay or omission to exercise any remedy, right, power accruing upon an Event of Default, or the granting of any indulgence or compromise by the

Funding Lender shall impair any such remedy, right or power hereunder or be construed as a waiver thereof, but any such remedy, right or power may be exercised from time to time and as often as may be deemed expedient. A waiver of one Potential Default or Event of Default shall not be construed to be a waiver of any subsequent Potential Default or Event of Default or to impair any remedy, right or power consequent thereon. Notwithstanding any other provision of this Borrower Loan Agreement, the Funding Lender reserves the right to seek a deficiency judgment or preserve a deficiency claim, in connection with the foreclosure of the Security Instrument to the extent necessary to foreclose on the Project, the Rents, the funds or any other collateral.

8.2.4 Set Off; Waiver of Set Off. Upon the occurrence of an Event of Default, Funding Lender may, at any time and from time to time, without notice to Borrower or any other Person (any such notice being expressly waived), set off and appropriate and apply (against and on account of any obligations and liabilities of Borrower to Funding Lender arising under or connected with this Borrower Loan Agreement and the other Borrower Loan Documents and the Funding Loan Documents, irrespective of whether or not Funding Lender shall have made any demand therefor, and although such obligations and liabilities may be contingent or unmatured), and Borrower hereby grants to Funding Lender, as security for the Borrower Payment Obligations, a security interest in, any and all deposits (general or special, including but not limited to Debt evidenced by certificates of deposit, whether matured or unmatured, but not including trust accounts) and any other Debt at any time held or owing by Funding Lender to or for the credit or the account of Borrower.

8.2.5 Assumption of Obligations. In the event that the Funding Lender or its assignee or designee shall become the legal or beneficial owner of the Project by foreclosure or deed in lieu of foreclosure, such party shall succeed to the rights and the obligations of the Borrower under this Borrower Loan Agreement, the Borrower Note, the Regulatory Agreement, and any other Borrower Loan Documents and Funding Loan Documents to which the Borrower is a party. Such assumption shall be effective from and after the effective date of such acquisition and shall be made with the benefit of the limitations of liability set forth therein and without any liability for the prior acts of the Borrower.

8.2.6 Accounts Receivable. Upon the occurrence of an Event of Default, Funding Lender shall have the right, to the extent permitted by law, to impound and take possession of books, records, notes and other documents evidencing Borrower's accounts, accounts receivable and other claims for payment of money, arising in connection with the Project, and to make direct collections on such accounts, accounts receivable and claims for the benefit of Funding Lender.

8.2.7 Defaults under Other Documents. Funding Lender shall have the right to cure any default under any of the Related Documents and the Subordinate Loan Documents, but shall have no obligation to do so.

8.2.8 Abatement of Disbursements. Notwithstanding any provision to the contrary herein or any of the other Borrower Loan Documents or the Funding Loan Documents, Funding Lender's obligation to make further Disbursements shall abate (i) during the continuance of any Potential Default, (ii) after any disclosure to Funding Lender of any fact or

circumstance that, absent such disclosure, would cause any representation or warranty of Borrower to fail to be true and correct in all material respects, unless and until Funding Lender elects to permit further Disbursements notwithstanding such event or circumstance; and (iii) upon the occurrence of any Event of Default.

8.2.9 Completion of Improvements. Upon the occurrence of any Event of Default, Funding Lender shall have the right to cause an independent contractor selected by Funding Lender to enter into possession of the Project and to perform any and all work and labor necessary for the completion of the Project substantially in accordance with the Plans and Specifications, if any, and to perform Borrower's obligations under this Borrower Loan Agreement. All sums expended by Funding Lender for such purposes shall be deemed to have been disbursed to and borrowed by Borrower and shall be secured by the Security Documents.

8.2.10 Right to Directly Enforce. Notwithstanding any other provision hereof to the contrary, the Funding Lender shall have the right to directly enforce all rights and remedies hereunder with or without involvement of the Governmental Lender, provided that only the Governmental Lender may enforce the Unassigned Rights and Funding Lender shall not impair Governmental Lender's enforcement of Unassigned Rights. In the event that any of the provisions set forth in this Section 8.2.10 are inconsistent with the covenants, terms and conditions of the Security Instrument, the covenants, terms and conditions of the Security Instrument shall prevail.

8.2.11 Power of Attorney. Effective upon the occurrence of an Event of Default, and continuing until and unless such Event of Default is cured or waived, Borrower hereby constitutes and appoints Funding Lender, or an independent contractor selected by Funding Lender, as its true and lawful attorney-in-fact with full power of substitution, for the purposes of completion of the Project and performance of Borrower's obligations under this Borrower Loan Agreement in the name of Borrower, and hereby empowers said attorney-in-fact to do any or all of the following upon the occurrence and continuation of an Event of Default (it being understood and agreed that said power of attorney shall be deemed to be a power coupled with an interest which cannot be revoked until full payment and performance of all obligations under this Borrower Loan Agreement and the other Borrower Loan Documents and the Funding Loan Documents):

(a) to use any of the funds of Borrower or Manager, including any balance of the Borrower Loan, as applicable, and any funds which may be held by Funding Lender for Borrower (including all funds in all deposit accounts in which Borrower has granted to Funding Lender a security interest), for the purpose of effecting completion of the construction or rehabilitation, as the case may be, of the Improvements, in the manner called for by the Plans and Specifications;

(b) to make such additions, changes and corrections in the Plans and Specifications as shall be necessary or desirable to complete the Project in substantially the manner contemplated by the Plans and Specifications;

(c) to employ any contractors, subcontractors, agents, architects and inspectors required for said purposes;

(d) to employ attorneys to defend against attempts to interfere with the exercise of power granted hereby;

(e) to pay, settle or compromise all existing bills and claims which are or may be liens against the Project or the Improvements, or may be necessary or desirable for the completion of the construction or rehabilitation, as the case may be, of the Improvements, or clearance of objections to or encumbrances on title;

(f) to execute all applications and certificates in the name of Borrower, which may be required by any other construction contract;

(g) to prosecute and defend all actions or proceedings in connection with the Project and to take such action, require such performance and do any and every other act as is deemed necessary with respect to the completion of the construction or rehabilitation, as the case may be, of the Improvements, which Borrower might do on its own behalf;

(h) to let new or additional contracts to the extent not prohibited by their existing contracts;

(i) to employ watchmen and erect security fences to protect the Project from injury; and

(j) to take such action and require such performance as it deems necessary under any of the bonds or insurance policies to be furnished hereunder, to make settlements and compromises with the sureties or insurers thereunder, and in connection therewith to execute instruments of release and satisfaction.

It is the intention of the parties hereto that upon the occurrence and continuance of an Event of Default, rights and remedies may be pursued pursuant to the terms of the Borrower Loan Documents and the Funding Loan Documents. The parties hereto acknowledge that, among the possible outcomes to the pursuit of such remedies, is the situation where the Funding Lender assignees or designees become the owner of the Project and assume the obligations identified above, and the Borrower Note, the Borrower Loan and the other Borrower Loan Documents and Funding Loan Documents remain outstanding.

ARTICLE IX
SPECIAL PROVISIONS

Section 9.1 Sale of Note and Secondary Market Transaction.

9.1.1 Cooperation. Subject to the restrictions of Section 2.4 of the Funding Loan Agreement, at the Funding Lender's or the Servicer's request (to the extent not already required to be provided by the Borrower under this Borrower Loan Agreement), the Borrower shall use reasonable efforts to satisfy the market standards to which the Funding Lender or the Servicer customarily adheres or which may be reasonably required in the marketplace or by the Funding Lender or the Servicer in connection with one or more sales or assignments of all or a portion of the Governmental Lender Note and the Funding Loan or participations therein or

securitizations of single or multi-class securities (the "**Securities**") secured by or evidencing ownership interests in all or a portion of the Governmental Lender Note and the Funding Loan (each such sale, assignment and/or securitization, a "Secondary Market Transaction"); provided that neither the Borrower nor the Governmental Lender shall incur any third party or other out-of-pocket costs and expenses in connection with a Secondary Market Transaction, including the costs associated with the delivery of any Provided Information or any opinion required in connection therewith, and all such costs shall be paid by the Funding Lender or the Servicer, and shall not materially modify Borrower's rights or obligations. Without limiting the generality of the foregoing, the Borrower shall, so long as the Borrower Loan is still outstanding:

(a) (i) provide such financial and other information with respect to the Borrower Loan, and with respect to the Project, the Borrower, the Property Manager, the contractor of the Project or the Borrower Controlling Entity, (ii) provide financial statements, audited, if available, relating to the Project with customary disclaimers for any forward looking statements or lack of audit, and (iii), at the expense of the Funding Lender or the Servicer, perform or permit or cause to be performed or permitted such site inspection, appraisals, surveys, market studies, environmental reviews and reports (Phase I's and, if appropriate, Phase II's), engineering reports and other due diligence investigations of the Project, as may be reasonably requested from time to time by the Funding Lender or the Servicer or the Rating Agencies or as may be necessary or appropriate in connection with a Secondary Market Transaction or Exchange Act requirements (the items provided to the Funding Lender or the Servicer pursuant to this paragraph (a) being called the "**Provided Information**"), together, if customary, with appropriate verification of and/or consents to the Provided Information through letters of auditors or opinions of counsel of independent attorneys acceptable to the Funding Lender or the Servicer and the Rating Agencies;

(b) make such representations and warranties as of the closing date of any Secondary Market Transaction with respect to the Project, the Borrower, the Borrower Loan Documents and the Funding Loan Documents reasonably acceptable to the Funding Lender or the Servicer, consistent with the facts covered by such representations and warranties as they exist on the date thereof; and

(c) execute such amendments to the Borrower Loan Documents and the Funding Loan Documents to accommodate such Secondary Market Transaction so long as such amendment does not affect the material economic terms of the Borrower Loan Documents and the Funding Loan Documents and is not otherwise adverse to the Borrower in its reasonable discretion.

9.1.2 Use of Information. The Borrower understands that certain of the Provided Information and the required records may be included in disclosure documents in connection with a Secondary Market Transaction, including a prospectus or private placement memorandum (each, a "**Secondary Market Disclosure Document**"), or provided or made available to investors or prospective investors in the Securities, the Rating Agencies and service providers or other parties relating to the Secondary Market Transaction. In the event that the Secondary Market Disclosure Document is required to be revised, the Borrower shall cooperate, subject to Section 9.1.1(c) hereof, with the Funding Lender and the Servicer in updating the

Provided Information or required records for inclusion or summary in the Secondary Market Disclosure Document or for other use reasonably required in connection with a Secondary Market Transaction by providing all current information pertaining to the Borrower and the Project necessary to keep the Secondary Market Disclosure Document accurate and complete in all material respects with respect to such matters. The Borrower hereby consents to any and all such disclosures of such information.

9.1.3 Borrower Obligations Regarding Secondary Market Disclosure Documents. In connection with a Secondary Market Disclosure Document, the Borrower shall provide, or in the case of a Borrower-engaged third party such as the Property Manager, cause it to provide, information reasonably requested by the Funding Lender pertaining to the Borrower, the Project or such third party (and portions of any other sections reasonably requested by the Funding Lender pertaining to the Borrower, the Project or the third party). The Borrower shall, if requested by the Funding Lender and the Servicer, certify in writing that the Borrower has carefully examined those portions of such Secondary Market Disclosure Document, pertaining to the Borrower, the Project or the Property Manager, and such portions (and portions of any other sections reasonably requested and pertaining to the Borrower, the Project or the Property Manager) do not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading; provided that the Borrower shall not be required to make any representations or warranties regarding any Provided Information obtained from a third party except with respect to information it provided to such parties. Furthermore, the Borrower hereby indemnifies the Funding Lender, the Governmental Lender and the Servicer for any Liabilities to which any such parties may become subject to the extent such Liabilities arise out of or are based upon the use of the Provided Information in a Secondary Market Disclosure Document; provided that the Borrower shall not provide any indemnification regarding any Provided Information obtained from unrelated third parties except with respect to information it provided to such parties.

9.1.4 Borrower Indemnity Regarding Filings. In connection with filings under the Exchange Act or the Securities Act, the Borrower shall (i) indemnify Funding Lender, the Governmental Lender and the underwriter group for any securities (the "**Underwriter Group**") and all officials, employees and agents of any of them for any Liabilities to which Funding Lender, Governmental Lender, the Servicer or the Underwriter Group may become subject insofar as the Liabilities arise out of or are based upon the omission or alleged omission to state in the Provided Information of a material fact required to be stated in the Provided Information in order to make the statements in the Provided Information, in the light of the circumstances under which they were made not misleading and (ii) reimburse the Funding Lender, Governmental Lender, the Servicer, the Underwriter Group and other indemnified parties listed above for any legal or other expenses reasonably incurred by the Funding Lender, Governmental Lender, the Servicer or the Underwriter Group in connection with defending or investigating such Liabilities; provided that the Borrower shall not provide any indemnification regarding any Provided Information obtained from unrelated third parties except with respect to information it provided to such parties.

9.1.5 Indemnification Procedure. Promptly after receipt by an indemnified party under Sections 9.1.3 and 9.1.4 hereof of notice of the commencement of any action for

which a claim for indemnification is to be made against the Borrower, such indemnified party shall notify the Borrower in writing of such commencement, but the omission to so notify the Borrower will not relieve the Borrower from any liability that it may have to any indemnified party hereunder except to the extent that failure to notify causes prejudice to the Borrower. In the event that any action is brought against any indemnified party, and it notifies the Borrower of the commencement thereof, the Borrower will be entitled, jointly with any other indemnifying party, to participate therein and, to the extent that it (or they) may elect by Written Notice delivered to the indemnified party promptly after receiving the aforesaid notice of commencement, to assume the defense thereof with counsel selected by the Borrower and reasonably satisfactory to such indemnified party in its sole discretion. After notice from the Borrower to such indemnified party under this Section 9.1.5, the Borrower shall not be responsible for any legal or other expenses subsequently incurred by such indemnified party in connection with the defense thereof other than reasonable costs of investigation. No indemnified party shall settle or compromise any claim for which the Borrower may be liable hereunder without the prior Written Consent of the Borrower.

9.1.6 Contribution. In order to provide for just and equitable contribution in circumstances in which the indemnity agreement provided for in Section 9.1.4 hereof is for any reason held to be unenforceable by an indemnified party in respect of any Liabilities (or action in respect thereof) referred to therein which would otherwise be indemnifiable under Section 9.1.4 hereof, the Borrower shall contribute to the amount paid or payable by the indemnified party as a result of such Liabilities (or action in respect thereof); provided, however, that no Person guilty of fraudulent misrepresentation (within the meaning of Section 10(f) of the Securities Act) shall be entitled to contribution from any Person not guilty of such fraudulent misrepresentation. In determining the amount of contribution to which the respective parties are entitled, the following factors shall be considered: (i) the indemnified parties and the Borrower's relative knowledge and access to information concerning the matter with respect to which the claim was asserted; (ii) the opportunity to correct and prevent any statement or omission; and (iii) any other equitable considerations appropriate in the circumstances. The parties hereto hereby agree that it may not be equitable if the amount of such contribution were determined by pro rata or per capita allocation.

Any party may change such party's address for the notice or demands required under this Borrower Loan Agreement by providing written notice of such change of address to the other parties by written notice as provided herein.

Section 10.2 Brokers and Financial Advisors. The Borrower hereby represents that it has dealt with no financial advisors, brokers, underwriters, placement agents, agents or finders in connection with the Borrower Loan, other than those disclosed to the Funding Lender and whose fees shall be paid by the Borrower pursuant to separate agreements. The Borrower and the Funding Lender shall indemnify and hold the other harmless from and against any and all claims, liabilities, costs and expenses of any kind in any way relating to or arising from a claim by any Person that such Person acted on behalf of the indemnifying party in connection with the transactions contemplated herein. The provisions of this Section 10.2 shall survive the expiration and termination of this Borrower Loan Agreement and the repayment of the Borrower Payment Obligations.

Section 10.3 Survival. This Borrower Loan Agreement and all covenants, agreements, representations and warranties made herein and in the certificates delivered pursuant hereto shall survive the making by the Governmental Lender of the Borrower Loan and the execution and delivery to the Governmental Lender of the Borrower Note and the assignment of the Borrower Note to the Funding Lender, and shall continue in full force and effect so long as all or any of the Borrower Payment Obligations is unpaid. All the Borrower's covenants and agreements in this Borrower Loan Agreement shall inure to the benefit of the respective legal representatives, successors and assigns of the Governmental Lender, the Funding Lender and the Servicer.

Section 10.4 Preferences. The Governmental Lender shall have the continuing and exclusive right to apply or reverse and reapply any and all payments by the Borrower to any portion of the Borrower Payment Obligations. To the extent the Borrower makes a payment to the Governmental Lender or the Servicer, or the Governmental Lender or the Servicer receives proceeds of any collateral, which is in whole or part subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be repaid to a trustee, receiver or any other

party under any bankruptcy law, state or federal law, common law or equitable cause, then, to the extent of such payment or proceeds received, the Borrower Payment Obligations or part thereof intended to be satisfied shall be revived and continue in full force and effect, as if such payment or proceeds had not been received by the Governmental Lender or the Servicer.

Section 10.5 Waiver of Notice. The Borrower shall not be entitled to any notices of any nature whatsoever from the Funding Lender or the Servicer except with respect to matters for which this Borrower Loan Agreement or any other Borrower Loan Document specifically and expressly provides for the giving of notice by the Funding Lender or the Servicer, as the case may be, to the Borrower and except with respect to matters for which the Borrower is not, pursuant to applicable Legal Requirements, permitted to waive the giving of notice. The Borrower hereby expressly waives the right to receive any notice from the Funding Lender or the Servicer, as the case may be, with respect to any matter for which no Borrower Loan Document specifically and expressly provides for the giving of notice by the Funding Lender or the Servicer to the Borrower.

Section 10.6 Offsets, Counterclaims and Defenses. The Borrower hereby waives the right to assert a counterclaim, other than a compulsory counterclaim, in any action or proceeding brought against it by the Funding Lender or the Servicer with respect to a Borrower Loan Payment. Any assignee of Funding Lender's interest in and to the Borrower Loan Documents or the Funding Loan Documents shall take the same free and clear of all offsets, counterclaims or defenses that are unrelated to the Borrower Loan Documents or the Funding Loan Documents which the Borrower may otherwise have against any assignor of such documents, and no such unrelated offset, counterclaim or defense shall be interposed or asserted by the Borrower in any action or proceeding brought by any such assignee upon such documents, and any such right to interpose or assert any such unrelated offset, counterclaim or defense in any such action or proceeding is hereby expressly waived by the Borrower.

Section 10.7 Publicity. The Funding Lender and the Servicer (and any Affiliates of either party) shall have the right to issue press releases, advertisements and other promotional materials describing the Funding Lender's or the Servicer's participation in the making of the Borrower Loan or the Borrower Loan's inclusion in any Secondary Market Transaction effectuated by the Funding Lender or the Servicer or one of its or their Affiliates. All news releases, publicity or advertising by the Borrower or Borrower Affiliates through any media intended to reach the general public, which refers to the Borrower Loan Documents or the Funding Loan Documents, the Borrower Loan, the Funding Lender or the Servicer in a Secondary Market Transaction, shall be subject to the prior Written Consent of the Funding Lender or the Servicer, as applicable.

Section 10.8 Construction of Documents. The parties hereto acknowledge that they were represented by counsel in connection with the negotiation and drafting of the Borrower Loan Documents and the Funding Loan Documents and that the Borrower Loan Documents and the Funding Loan Documents shall not be subject to the principle of construing their meaning against the party that drafted them.

Section 10.9 No Third Party Beneficiaries. The Borrower Loan Documents and the Funding Loan Documents are solely for the benefit of the Governmental Lender, the Funding

Lender, the Servicer and the Borrower and, with respect to Sections 9.1.3 and 9.1.4 hereof, the Underwriter Group, and nothing contained in any Borrower Loan Document shall be deemed to confer upon anyone other than the Governmental Lender, the Funding Lender, the Servicer, and the Borrower any right to insist upon or to enforce the performance or observance of any of the obligations contained therein.

Section 10.10 Assignment. The Borrower Loan, the Security Instrument, the Borrower Loan Documents and the Funding Loan Documents and all Funding Lender's rights, title, obligations and interests therein may be assigned by the Funding Lender, at any time in its sole discretion, whether by operation of law (pursuant to a merger or other successor in interest) or otherwise. Upon such assignment, all references to Funding Lender in this Borrower Loan Agreement and in any Borrower Loan Document shall be deemed to refer to such assignee or successor in interest and such assignee or successor in interest shall thereafter stand in the place of the Funding Lender. Borrower shall accord full recognition to any such assignment, and all rights and remedies of Funding Lender in connection with the interest so assigned shall be as fully enforceable by such assignee as they were by Funding Lender before such assignment. In connection with any proposed assignment, Funding Lender may disclose to the proposed assignee any information that Borrower has delivered, or caused to be delivered, to Funding Lender with reference to Borrower, Manager, Guarantor or any Borrower Affiliate, or the Project, including information that Borrower is required to deliver to Funding Lender pursuant to this Borrower Loan Agreement, provided that such proposed assignee agrees to treat such information as confidential. The Borrower may not assign its rights, interests or obligations under this Borrower Loan Agreement or under any of the Borrower Loan Documents or Funding Loan Documents, or Borrower's interest in any moneys to be disbursed or advanced hereunder, except only as may be expressly permitted hereby.

Section 10.11 [Intentionally Omitted].

Section 10.12 Governmental Lender, Funding Lender and Servicer Not in Control; No Partnership. None of the covenants or other provisions contained in this Borrower Loan Agreement shall, or shall be deemed to, give the Governmental Lender, the Funding Lender or the Servicer the right or power to exercise control over the affairs or management of the Borrower, the power of the Governmental Lender, the Funding Lender and the Servicer being limited to the rights to exercise the remedies referred to in the Borrower Loan Documents and the Funding Loan Documents. The relationship between the Borrower and the Governmental Lender, the Funding Lender and the Servicer is, and at all times shall remain, solely that of debtor and creditor. No covenant or provision of the Borrower Loan Documents or the Funding Loan Documents is intended, nor shall it be deemed or construed, to create a partnership, joint venture, agency or common interest in profits or income between the Borrower and the Governmental Lender, the Funding Lender or the Servicer or to create an equity in the Project in the Governmental Lender, the Funding Lender or the Servicer. Neither the Governmental Lender, the Funding Lender nor the Servicer undertakes or assumes any responsibility or duty to the Borrower or to any other person with respect to the Project or the Borrower Loan, except as expressly provided in the Borrower Loan Documents or the Funding Loan Documents; and notwithstanding any other provision of the Borrower Loan Documents and the Funding Loan Documents: (1) the Governmental Lender, the Funding Lender and the Servicer are not, and shall not be construed as, a partner, joint venturer, alter ego, manager, controlling person or other

business associate or participant of any kind of the Borrower or its stockholders, members, or partners and the Governmental Lender, the Funding Lender and the Servicer do not intend to ever assume such status; (2) the Governmental Lender, the Funding Lender and the Servicer shall in no event be liable for any the Borrower Payment Obligations, expenses or losses incurred or sustained by the Borrower; and (3) the Governmental Lender, the Funding Lender and the Servicer shall not be deemed responsible for or a participant in any acts, omissions or decisions of the Borrower, the Borrower Controlling Entities or its stockholders, members, or partners. The Governmental Lender, the Funding Lender, the Servicer and the Borrower disclaim any intention to create any partnership, joint venture, agency or common interest in profits or income between the Governmental Lender, the Funding Lender, the Servicer and the Borrower, or to create an equity in the Project in the Funding Lender or the Servicer, or any sharing of liabilities, losses, costs or expenses.

Section 10.13 Release. The Borrower hereby acknowledges that it is executing this Borrower Loan Agreement and each of the Borrower Loan Documents and the Funding Loan Documents to which it is a party as its own voluntary act free from duress and undue influence.

Section 10.14 Term of Borrower Loan Agreement. This Borrower Loan Agreement shall be in full force and effect until all payment obligations of the Borrower hereunder have been paid in full and the Borrower Loan and the Funding Loan have been retired or the payment thereof has been provided for; except that on and after payment in full of the Borrower Note, this Borrower Loan Agreement shall be terminated, without further action by the parties hereto; provided, however, that the obligations of the Borrower under Sections 5.11 (Governmental Lender's Fees), 5.14 (Expenses), 5.15 (Indemnity), 9.1.3, 9.1.4, 9.1.5, 9.1.6 and 10.15 (Reimbursement of Expenses) hereof, as well as under Section 5.7 of the Construction Funding Agreement, shall survive the termination of this Borrower Loan Agreement.

Section 10.15 Reimbursement of Expenses. If, upon or after the occurrence of any Event of Default or Potential Default, the Governmental Lender, the Funding Lender or the Servicer shall employ attorneys or incur other expenses for the enforcement of performance or observance of any obligation or agreement on the part of the Borrower contained herein, the Borrower will on demand therefor reimburse the Governmental Lender, the Funding Lender and the Servicer for fees of such attorneys and such other expenses so incurred.

The Borrower's obligation to pay the amounts required to be paid under this Section 10.15 shall be subordinate to its obligations to make payments under the Borrower Note.

Section 10.16 Permitted Contests. Notwithstanding anything to the contrary contained in this Borrower Loan Agreement, Borrower shall have the right to contest or object in good faith to any claim, demand, levy or assessment (other than in respect of Debt or Contractual Obligations of Borrower under any Borrower Loan Document or Related Document) by appropriate legal proceedings that are not prejudicial to Funding Lender's rights, but this shall not be deemed or construed as in any way relieving, modifying or providing any extension of time with respect to Borrower's covenant to pay and comply with any such claim, demand, levy or assessment, unless Borrower shall have given prior Written Notice to the Governmental Lender and the Funding Lender of Borrower's intent to so contest or object thereto, and unless (i) Borrower has, in the Governmental Lender's and the Funding Lender's judgment, a

reasonable basis for such contest, (ii) Borrower pays when due any portion of the claim, demand, levy or assessment to which Borrower does not object, (iii) Borrower demonstrates to Funding Lender's satisfaction that such legal proceedings shall conclusively operate to prevent enforcement prior to final determination of such proceedings, (iv) Borrower furnishes such bond, surety, undertaking or other security in connection therewith as required by law, or as requested by and satisfactory to Funding Lender, to stay such proceeding, which bond, surety, undertaking or other security shall be issued by a bonding company, insurer or surety company reasonably satisfactory to Funding Lender and shall be sufficient to cause the claim, demand, levy or assessment to be insured against by the Title Company or removed as a lien against the Project, (v) Borrower at all times prosecutes the contest with due diligence, and (vi) Borrower pays, promptly following a determination of the amount of such claim, demand, levy or assessment due and owing by Borrower, the amount so determined to be due and owing by Borrower. In the event that Borrower does not make, promptly following a determination of the amount of such claim, demand, levy or assessment due and owing by Borrower, any payment required to be made pursuant to clause (vi) of the preceding sentence, an Event of Default shall have occurred, and Funding Lender may draw or realize upon any bond or other security delivered to Funding Lender in connection with the contest by Borrower, in order to make such payment.

Section 10.17 Funding Lender Approval of Instruments and Parties. All proceedings taken in accordance with transactions provided for herein, and all surveys, appraisals and documents required or contemplated by this Borrower Loan Agreement and the persons responsible for the execution and preparation thereof, shall be satisfactory to and subject to approval by Funding Lender. Funding Lender's approval of any matter in connection with the Project shall be for the sole purpose of protecting the security and rights of Funding Lender. No such approval shall result in a waiver of any default of Borrower. In no event shall Funding Lender's approval be a representation of any kind with regard to the matter being approved.

Section 10.18 Funding Lender Determination of Facts. Funding Lender shall at all times be free to establish independently, to its reasonable satisfaction, the existence or nonexistence of any fact or facts, the existence or nonexistence of which is a condition of this Borrower Loan Agreement.

Section 10.19 Calendar Months. With respect to any payment or obligation that is due or required to be performed within a specified number of Calendar Months after a specified date, such payment or obligation shall become due on the day in the last of such specified number of Calendar Months that corresponds numerically to the date so specified; provided, however, that with respect to any obligation as to which such specified date is the 29th, 30th or 31st day of any Calendar Month: if the Calendar Month in which such payment or obligation would otherwise become due does not have a numerically corresponding date, such obligation shall become due on the first day of the next succeeding Calendar Month.

Section 10.20 Determinations by Lender. Except to the extent expressly set forth in this Borrower Loan Agreement to the contrary, in any instance where the consent or approval of the Governmental Lender and the Funding Lender may be given or is required, or where any determination, judgment or decision is to be rendered by the Governmental Lender and the Funding Lender under this Borrower Loan Agreement, the granting, withholding or denial of such consent or approval and the rendering of such determination, judgment or decision shall be

made or exercised by the Governmental Lender and the Funding Lender, as applicable (or its designated representative) at its sole and exclusive option and in its sole and absolute discretion.

Section 10.21 Governing Law. This Borrower Loan Agreement shall be governed by and enforced in accordance with the laws of the State, without giving effect to the choice of law principles of the State that would require the application of the laws of a jurisdiction other than the State.

Section 10.22 Consent to Jurisdiction and Venue. Borrower agrees that any controversy arising under or in relation to this Borrower Loan Agreement shall be litigated exclusively in the State. The state and federal courts and authorities with jurisdiction in the State shall have exclusive jurisdiction over all controversies which shall arise under or in relation to this Borrower Loan Agreement. Borrower irrevocably consents to service, jurisdiction, and venue of such courts for any such litigation and waives any other venue to which it might be entitled by virtue of domicile, habitual residence or otherwise. However, nothing herein is intended to limit Beneficiary Parties' right to bring any suit, action or proceeding relating to matters arising under this Borrower Loan Agreement against Borrower or any of Borrower's assets in any court of any other jurisdiction.

Section 10.23 Successors and Assigns. This Borrower Loan Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, legal representatives, successors, successors-in-interest and assigns, as appropriate. The terms used to designate any of the parties herein shall be deemed to include the heirs, legal representatives, successors, successors-in-interest and assigns, as appropriate, of such parties. References to a "person" or "persons" shall be deemed to include individuals and entities.

Section 10.24 Severability. The invalidity, illegality or unenforceability of any provision of this Borrower Loan Agreement shall not affect the validity, legality or enforceability of any other provision, and all other provisions shall remain in full force and effect.

Section 10.25 Entire Agreement; Amendment and Waiver. This Borrower Loan Agreement contains the complete and entire understanding of the parties with respect to the matters covered. This Borrower Loan Agreement may not be amended, modified or changed, nor shall any waiver of any provision hereof be effective, except by a written instrument signed by the party against whom enforcement of the waiver, amendment, change, or modification is sought, and then only to the extent set forth in that instrument. No specific waiver of any of the terms of this Borrower Loan Agreement shall be considered as a general waiver. Without limiting the generality of the foregoing, no Disbursement shall constitute a waiver of any conditions to the Governmental Lender's or the Funding Lender's obligation to make further Disbursements nor, in the event Borrower is unable to satisfy any such conditions, shall any such waiver have the effect of precluding the Governmental Lender or the Funding Lender from thereafter declaring such inability to constitute a Potential Default or Event of Default under this Borrower Loan Agreement.

Section 10.26 Counterparts. This Borrower Loan Agreement may be executed in multiple counterparts, each of which shall constitute an original document and all of which together shall constitute one agreement.

Section 10.27 Captions. The captions of the sections of this Borrower Loan Agreement are for convenience only and shall be disregarded in construing this Borrower Loan Agreement.

Section 10.28 Servicer. Borrower hereby acknowledges and agrees that, pursuant to the terms of Section 39 of the Security Instrument: (a) from time to time, the Governmental Lender or the Funding Lender may appoint a servicer to collect payments, escrows and deposits, to give and to receive notices under the Borrower Note, this Borrower Loan Agreement or the other Borrower Loan Documents, and to otherwise service the Borrower Loan and (b) unless Borrower receives Written Notice from the Governmental Lender or the Funding Lender to the contrary, any action or right which shall or may be taken or exercised by the Governmental Lender or the Funding Lender may be taken or exercised by such servicer with the same force and effect.

Section 10.29 Beneficiary Parties as Third Party Beneficiary. Each of the Beneficiary Parties shall be a third party beneficiary of this Borrower Loan Agreement for all purposes.

Section 10.30 Waiver of Trial by Jury. TO THE MAXIMUM EXTENT PERMITTED UNDER APPLICABLE LAW, EACH OF BORROWER AND THE BENEFICIARY PARTIES (A) COVENANTS AND AGREES NOT TO ELECT A TRIAL BY JURY WITH RESPECT TO ANY ISSUE ARISING OUT OF THIS BORROWER LOAN AGREEMENT OR THE RELATIONSHIP BETWEEN THE PARTIES THAT IS TRIABLE OF RIGHT BY A JURY AND (B) WAIVES ANY RIGHT TO TRIAL BY JURY WITH RESPECT TO SUCH ISSUE TO THE EXTENT THAT ANY SUCH RIGHT EXISTS NOW OR IN THE FUTURE. THIS WAIVER OF RIGHT TO TRIAL BY JURY IS SEPARATELY GIVEN BY EACH PARTY, KNOWINGLY AND VOLUNTARILY WITH THE BENEFIT OF COMPETENT LEGAL COUNSEL.

Section 10.31 Time of the Essence. Time is of the essence with respect to this Borrower Loan Agreement.

Section 10.32 [Reserved].

Section 10.33 Reference Date. This Borrower Loan Agreement is dated for reference purposes only as of the first day of _____, 2017, and will not be effective and binding on the parties hereto unless and until the Closing Date (as defined herein) occurs.

ARTICLE XI
LIMITATIONS ON LIABILITY

Section 11.1 Limitation on Liability. Notwithstanding anything to the contrary herein, the liability of the Borrower hereunder and under the other Borrower Loan Documents and the Funding Loan Documents shall be limited to the extent set forth in the Borrower Note.

Section 11.2 Limitation on Liability of Governmental Lender. The Funding Loan, and interest thereon, are special, limited obligations of the Governmental Lender, payable solely from the Security pledged under the Funding Loan Agreement. The Funding Loan is not a general indebtedness of the Governmental Lender or a charge against its general credit or the general credit taxing powers of the State, the Governmental Lender, or any other political

subdivision thereof, and shall never give rise to any pecuniary liability of the Governmental Lender, and neither the Governmental Lender, the State nor any other political subdivision thereof shall be liable for the payments of principal and interest on the Funding Loan, and the Funding Loan is payable from no other source, but are special, limited obligations of the Governmental Lender, payable solely out of the security pledged hereunder and receipts of the Governmental Lender derived pursuant to this Funding Loan Agreement (and not against any money due or to become due to the Governmental Lender pursuant to Unassigned Rights). No holder of the Funding Loan or any interest therein has the right to compel any exercise of the taxing power of the State, the Governmental Lender or any other political subdivision thereof to pay the Funding Loan or the interest thereon.

No recourse shall be had for the payment of the principal of, premium, if any, or the interest on the Funding Loan or for any claim based thereon or any obligation, covenant or agreement in the Funding Loan Agreement against any official of the Governmental Lender, or any official, officer, agent, employee or independent contractor of the Governmental Lender or any person executing this Borrower Loan Agreement. No covenant, stipulation, promise, agreement or obligation contained in this Borrower Loan Agreement or any other document executed in connection herewith shall be deemed to be the covenant, stipulation, promise, agreement or obligation of any present or future official, officer, agent or employee of the Governmental Lender in his or her individual capacity and neither any official of the Governmental Lender nor any officers executing this Borrower Loan Agreement shall be liable personally or be subject to any personal liability or accountability by reason of this Borrower Loan Agreement.

Section 11.3 Waiver of Personal Liability. No member, officer, agent or employee of the Governmental Lender or any director, officer, agent or employee of the Governmental Lender shall be individually or personally liable for the payment of any principal (or prepayment price) of or interest on the Governmental Lender Note or any other sum hereunder or be subject to any personal liability or accountability by reason of the execution and delivery of this Borrower Loan Agreement; but nothing herein contained shall relieve any such member, director, officer, agent or employee from the performance of any official duty provided by law or by this Borrower Loan Agreement.

Section 11.4 Limitation on Liability of Funding Lender's Officers, Employees, Etc.

(a) Borrower assumes all risks of the acts or omissions of the Governmental Lender and the Funding Lender, provided, however, this assumption is not intended to, and shall not, preclude Borrower from pursuing such rights and remedies as it may have against the Governmental Lender and the Funding Lender at law or under any other agreement. None of Governmental Lender and the Funding Lender, nor the other Beneficiary Parties or their respective officers, directors, employees or agents shall be liable or responsible for (i) any acts or omissions of the Governmental Lender and the Funding Lender; or (ii) the validity, sufficiency or genuineness of any documents, or endorsements, even if such documents should in fact prove to be in any or all respects invalid, insufficient, fraudulent or forged. In furtherance and not in limitation of the foregoing, the Governmental Lender and the Funding Lender may accept documents that appear on their face to be in order, without responsibility for further investigation,

regardless of any notice or information to the contrary, unless acceptance in light of such notice or information constitutes gross negligence or willful misconduct on the part of the Governmental Lender and the Funding Lender.

(b) None of the Governmental Lender, the Funding Lender, the other Beneficiary Parties or any of their respective officers, directors, employees or agents shall be liable to any contractor, subcontractor, supplier, laborer, architect, engineer or any other party for services performed or materials supplied in connection with the Project. The Governmental Lender and the Funding Lender shall not be liable for any debts or claims accruing in favor of any such parties against Borrower or others or against the Project. Borrower is not and shall not be an agent of the Governmental Lender and the Funding Lender for any purpose. Neither the Governmental Lender nor the Funding Lender is a joint venture partner with Borrower in any manner whatsoever. Prior to default by Borrower under this Borrower Loan Agreement and the exercise of remedies granted herein, the Governmental Lender and the Funding Lender shall not be deemed to be in privity of contract with any contractor or provider of services to the Project, nor shall any payment of funds directly to a contractor, subcontractor or provider of services be deemed to create any third party beneficiary status or recognition of same by the Governmental Lender and the Funding Lender. Approvals granted by the Governmental Lender and the Funding Lender for any matters covered under this Borrower Loan Agreement shall be narrowly construed to cover only the parties and facts identified in any written approval or, if not in writing, such approvals shall be solely for the benefit of Borrower.

(c) Any obligation or liability whatsoever of the Governmental Lender and the Funding Lender that may arise at any time under this Borrower Loan Agreement or any other Borrower Loan Document shall be satisfied, if at all, out of the Funding Lender's assets only. No such obligation or liability shall be personally binding upon, nor shall resort for the enforcement thereof be had to, the Project or any of the Governmental Lender's or the Funding Lender's shareholders (if any), directors, officers, employees or agents, regardless of whether such obligation or liability is in the nature of contract, tort or otherwise.

Section 11.5 Delivery of Reports, Etc. The delivery of reports, information and documents to the Governmental Lender and the Funding Lender as provided herein is for informational purposes only and the Governmental Lender's and the Funding Lender's receipt of such shall not constitute constructive knowledge of any information contained therein or determinable from information contained therein. The Governmental Lender and the Funding Lender shall have no duties or responsibilities except those that are specifically set forth herein, and no other duties or obligations shall be implied in this Borrower Loan Agreement against the Governmental Lender and the Funding Lender.

IN WITNESS WHEREOF, the undersigned has duly executed and delivered this Borrower Loan Agreement or caused this Borrower Loan Agreement to be duly executed and delivered by its authorized representative as of the date first set forth above. The undersigned intends that this instrument shall be deemed to be signed and delivered as a sealed instrument.

This Regulatory Agreement and Declaration of Restrictive Covenants (this "Agreement") is entered into as of _____ ___, 2017, by and between the City of Chicago, a municipality and home rule unit of local government duly organized and validly existing under the Constitution and laws of the State of Illinois (the "Issuer"), and 2031-37 North Milwaukee LLC, an Illinois limited liability company (the "Borrower").

Regulatory Agreement And Declaration Of Restrictive Covenants With 2031 – 2037 North Milwaukee LLC.

WITNESSETH:

WHEREAS, pursuant to a Funding Loan Agreement, dated as of _____ ___, 2017 (the "Funding Loan Agreement") among the Issuer, the Borrower and Citibank, N.A. (the "Funding Lender") and an ordinance adopted by the Issuer on _____, 2017 (the "Note Ordinance"), the Funding Lender will advance funds (the "Funding Loan") in an aggregate principal amount not to exceed Twelve Million Five Hundred Thousand Dollars ($12,500,000) and the Issuer will execute and deliver a promissory note identified as City of Chicago Multi-Family Mortgage Revenue Note, 2017 Series A (John Pennycuff Memorial Apartments) (the "Governmental Lender Note") evidencing the obligation to repay the Funding Loan; and

WHEREAS, the Funding Loan and the Governmental Lender Note, together with interest thereon (the "Obligations"), shall be limited obligations of the City secured under the Funding Loan Agreement for the benefit of the Funding Lender, and will be payable from the loan payments received by the City pursuant to a loan agreement (the "Borrower Loan Agreement") between the City and the Borrower, pursuant to which the City will loan the proceeds of the Funding Loan to the Borrower (the "Borrower Loan") the proceeds of which will be used by the Borrower to finance the acquisition, rehabilitation and equipping of a "qualified residential rental project" within the meaning of Section 142 of the Internal Revenue Code of 1986, as amended (the "Code") located in Chicago, Illinois (the "Residential Project") on the real property described on Exhibit A attached hereto; and

WHEREAS, in order to assure the Issuer and the owners of the Obligations that interest on the Obligations will be excluded from gross income for federal income tax purposes under the Code, and to further the public purposes of the Issuer, certain restrictions on the use and occupancy of the Residential Project under the Code must be established;

NOW, THEREFORE, in consideration of the mutual promises and covenants hereinafter set forth, and of other valuable consideration, the Borrower and the Issuer agree as follows:

Section 1. Term of Restrictions.

(a) Occupancy Restrictions. With respect to the Residential Project, the term of the Occupancy Restrictions set forth in Section 3 hereof shall commence on the later of the first day on which at least ten percent (10%) of the units in the Residential Project are first occupied or the issue date of the Obligations, and shall end on the latest of (i) the date which is thirty (30) years after the date on which at least fifty percent (50%) of the units in the Residential Project are first occupied; (ii) the first date on which no tax-

exempt obligation (including any refunding obligation) issued and/or executed and delivered with respect to the Residential Project is outstanding; or (iii) the date on which any project based housing assistance provided with respect to the Residential Project under Section 8 of the United States Housing Act of 1937, as amended, terminates (which period is hereinafter referred to, with respect to the Residential Project, as the "Qualified Project Period" for the Residential Project).

(b) Rental Restrictions. The Rental Restrictions set forth in Section 4 hereof shall remain in effect during the Qualified Project Period set forth in paragraph (a) of this Section 1.

(c) Involuntary Loss or Substantial Destruction. The Occupancy Restrictions set forth in Section 3 hereof, and the Rental Restrictions set forth in Section 4 hereof, shall cease to apply to the Residential Project in the event of involuntary noncompliance caused by fire, seizure, requisition, foreclosure, transfer of title by deed in lieu of foreclosure, change in federal law or an action of a federal agency after the date of delivery of the Obligations, which prevents the Issuer from enforcing the Occupancy Restrictions and the Rental Restrictions, or condemnation or similar event, but only if, within a reasonable time period, (i) the portion of the Obligations allocable to the Residential Project (as determined by a firm of nationally recognized bond counsel acceptable to the Issuer) is promptly retired, or amounts received as a consequence of such event are used to provide a new project which meets all of the requirements of this Agreement, which new project is subject to new restrictions substantially equivalent to those contained in this Agreement, and which is substituted in place of the Residential Project by amendment of this Agreement; and (ii) an opinion from nationally recognized bond counsel (acceptable to the Issuer) is received to the effect that noncompliance with the Occupancy Restrictions and the Rental Restrictions as a result of such involuntary loss or substantial destruction resulting from an unforeseen event will not adversely affect the exclusion from the gross income of the owners thereof for purposes of federal income taxation of the interest on the Obligations; provided, however, that the preceding provisions of this paragraph shall cease to apply in the case of such involuntary noncompliance caused by foreclosure, transfer of title by deed in lieu of foreclosure or similar event if at any time during the Qualified Project Period subsequent to such event the Borrower or any Related Party (as defined in Section 147(a)(2) of the Code) obtains an ownership interest in the Residential Project for federal income tax purposes.

(d) Termination. This Agreement shall terminate upon the earliest of (i) termination of the Occupancy Restrictions and the Rental Restrictions, as provided in paragraphs (a) and (b) of this Section 1; or (ii) delivery to the Issuer and the Borrower of an opinion of nationally recognized bond counsel (acceptable to the Issuer) to the effect that continued compliance with the Rental Restrictions and Occupancy Restrictions on the Residential Project is not required in order for interest on the Obligations to remain excludible from gross income of the owners thereof for federal income tax purposes.

(e) Certification. Upon termination of this Agreement, in whole or in part, the Borrower and the Issuer shall execute and the parties shall cause to be recorded (at the Borrower's expense), in all offices in which this Agreement was recorded, a certificate of

termination, specifying which of the restrictions contained herein has terminated, and the portion of the Residential Project to which such termination relates.

Section 2. **Project Restrictions**. The Borrower represents, warrants and covenants as follows:

(a) The Borrower has reviewed the provisions of the Code, the Treasury Regulations thereunder (the "Regulations") and Internal Revenue Service rulings, procedures and pronouncements applicable to this Agreement (including, without limitation, Section 142(d) of the Code, Section 1.103-8(b) of the Regulations and IRS Revenue Procedure 2004-39, 2004-29 IRB 49) with its counsel and understands said provisions.

(b) The Residential Project is being constructed, acquired, and developed for the purpose of providing a "qualified residential rental project" (within the meaning of Section 142(d) of the Code) and will, during the term of the Rental Restrictions and Occupancy Restrictions hereunder, continue to constitute a "qualified residential rental project" under Section 142(d) of the Code and any Regulations heretofore or hereafter promulgated thereunder and applicable thereto.

(c) At least 95% of the Residential Project will consist of a "building or structure" (as defined in Section 1.103-8(b)(8)(iv) of the Regulations), or several proximate buildings or structures of similar construction, each containing one or more similarly constructed residential units (as defined in Section 1.103-8(b)(8)(i) of the Regulations) located on a single tract of land or contiguous tracts of land (as defined in Section 1.103-8(b)(4)(ii)(b) of the Regulations), which will be owned, for federal tax purposes, at all times by the same person, and financed pursuant to a common plan (within the meaning of Section 1.103-8(b)(4)(ii) of the Regulations), together with functionally related and subordinate facilities (within the meaning of Section 1.103-8(b)(4)(iii) of the Regulations). Each such building or structure (or several proximate buildings or structures comprising the Residential Project) shall contain five (5) or more similarly constructed units.

(d) None of the residential units in the Residential Project will at any time be used on a transient basis, nor will the Residential Project itself be used as a hotel, motel, dormitory, fraternity or sorority house, rooming house, hospital, nursing home, sanitarium, rest home or trailer park or court for use on a transient basis.

(e) In no event will continual or frequent nursing, medical or psychiatric services be made available at the Residential Project, within the meaning of Revenue Ruling 98-47, 1998-2 CB 399, or any successor thereto.

(f) All of the residential units in the Residential Project will be leased, rented, or available for lease or rental on a continuous basis to members of the general public (other than (i) units for a resident manager or maintenance personnel, (ii) units which may be rented under the Section 8 assistance program, which units (subject to the Section 8 assistance program) shall be leased to eligible tenants in accordance with

Section 8 requirements), and (iii) units which may be rented as "public housing" pursuant to Section 3(b) and Section 9 of the United States Housing Act of 1937, as amended, which units (subject to the Public Housing Program) shall be leased to eligible tenants in accordance with "public housing" requirements subject, however, to the requirements of Section 3(a) hereof. Each Qualifying Tenant (as hereinafter defined) occupying a residential unit in the Residential Project shall be required to execute a written Lease Agreement with a stated term of not less than six (6) months nor more than two (2) years.

(g) Any functionally related and subordinate facilities (e.g., parking areas, swimming pools, tennis courts, etc.) which are financed by the Obligations and are included as part of the Residential Project will be of a character and size commensurate with the character and size of the Residential Project, and will be made available to all tenants on an equal basis. Fees will only be charged with respect to the use thereof if the charging of fees is customary for the use of such facilities at similar residential rental properties in the surrounding area and then only in amounts commensurate with the fees being charged at similar residential rental properties within such area. In any event, any fees charged will not be discriminatory or exclusionary as to the Qualifying Tenants (as defined in Section 3 hereof). No functionally related and subordinate facilities will be made available to persons other than tenants or their guests.

(h) Each residential unit in the Residential Project will contain separate and complete facilities for living, sleeping, eating, cooking (including a refrigerator, sink, oven and range top) and sanitation for a single person or family.

(i) No portion of the Residential Project will be used to provide any health club facility, any facility primarily used for gambling, or any store, the principal business of which is the sale of alcoholic beverages for consumption off premises, in violation of Section 147(e) of the Code.

Section 3. Occupancy Restrictions. The Borrower represents, warrants and covenants as follows:

(a) Pursuant to the election of the Issuer and the Borrower in accordance with the provisions of Section 142(d)(1)(B) of the Code, at all times during the Qualified Project Period at least forty percent (40%) of the completed residential units in the Residential Project shall be continuously occupied (or treated as occupied as provided herein) or held available for occupancy by Qualifying Tenants as herein defined. For purposes of this Agreement, "Qualifying Tenants" means, subject to Section 3(d) hereof, individuals or families whose aggregate adjusted incomes do not exceed sixty percent (60% of the applicable median gross income (adjusted for family size) for the area in which the Residential Project is located, as such income and area median gross income are determined by the Secretary of the United States Treasury in a manner consistent with determinations of income and area median gross income under Section 8 of the United States Housing Act of 1937, as amended (or, if such program is terminated, under such program as in effect immediately before such termination).

(b) Prior to the commencement of occupancy of any unit to be occupied by a Qualifying Tenant, the prospective tenant's eligibility shall be established by execution and delivery by such prospective tenant of an Income Computation and Certification in the form attached hereto as Exhibit B (the "Income Certification") evidencing that the aggregate adjusted income of such prospective tenant does not exceed the applicable income limit. In addition, such prospective tenant shall be required to provide whatever other information, documents or certifications are reasonably deemed necessary by the Borrower or the Issuer to substantiate the Income Certification.

(c) Not less frequently than annually, the Borrower shall determine whether the current aggregate adjusted income of the tenant(s) occupying any unit being treated by the Borrower as occupied by a Qualifying Tenant exceeds the applicable income limit. For such purpose the Borrower shall require each such tenant to execute and deliver to the Borrower the Income Certification attached hereto as Exhibit B.

(d) Any unit vacated by a Qualifying Tenant shall be treated as continuing to be occupied by such Qualifying Tenant until reoccupied. Upon such unit being reoccupied, the Borrower shall have thirty-one (31) days from such date to determine whether such unit is being occupied by a Qualifying Tenant.

(e) If an individual's or family's income exceeds the applicable income limit as of any date of determination, the income of such individual or family shall be treated as continuing not to exceed the applicable limit; provided that the income of such individual or family did not exceed the applicable income limit upon commencement of such tenant's occupancy or as of any prior income determination; and provided, further, that if any individual's or family's income as of the most recent income determination exceeds one hundred forty percent (140%) of the applicable income limit, such individual or family shall cease to qualify as a Qualifying Tenant if, prior to the next income determination of such individual or family, any unit in the Residential Project of comparable or smaller size to such individual's or family's unit is occupied by any tenant other than a Qualifying Tenant.

(f) For purposes of satisfying the requirement that 40% of the completed residential units be occupied by Qualifying Tenants, the following principles shall apply: (i) upon the later of the first day on which at least 10% of all of the residential units in the Residential Project are occupied or the issue date of the Obligations, 40% of such units must be occupied by Qualifying Tenants; and (ii) after 10% of the residential units in the Residential Project are occupied, Qualifying Tenants must occupy residential units in the Residential Project in the number set forth in Exhibit D hereto, and the Qualifying Tenants' occupancies must predate the non-Qualifying Tenants' occupancies.

(g) The lease agreement to be utilized by the Borrower in renting any residential units in the Residential Project to a prospective Qualifying Tenant shall provide for termination of the lease agreement and consent by such person to eviction following thirty (30) days' notice, subject to applicable provisions of Illinois law (including for such purpose all applicable home rule ordinances), for any material misrepresentation made by such person with respect to the Income Certification with the effect that such tenant is not a Qualifying Tenant.

(h) All Income Certifications will be maintained on file at the Residential Project (or at an off-site storage location) so long as any Obligations are outstanding and for five (5) years thereafter with respect to each Qualifying Tenant who occupied a residential unit in the Residential Project during the period the restrictions hereunder are applicable, and the Borrower will, promptly upon receipt, file a copy thereof with the Issuer.

(i) On the first day of the Qualified Project Period, on the fifteenth day of February, May, August and November of each year during the Qualified Project Period, and within thirty (30) days after the final day of each month in which there occurs any change in the occupancy of a residential unit in the Residential Project, the Borrower will submit to the Issuer the "Certificate of Continuing Program Compliance" in the form attached hereto as Exhibit C, executed by the Borrower.

(j) The Borrower shall submit to the Secretary of the United States Treasury (at such time and in such manner as the Secretary shall prescribe) an annual certification as to whether the Residential Project continues to meet the requirements of Section 142(d) of the Code. Failure to comply with such requirement may subject the Borrower to the penalty provided in Section 6652(j) of the Code. The Borrower shall submit a copy of each such annual certification to the Issuer.

Section 4. **Rental Restrictions**. The Borrower represents, warrants and covenants that once available for occupancy, each residential unit in the Residential Project will be rented or available for rental on a continuous basis to members of the general public (other than (a) units for a resident manager or maintenance personnel and (b) units for Qualifying Tenants as provided for in Section 3 hereof).

Section 5. **Transfer Restrictions**. The Borrower covenants and agrees that no conveyance, transfer, assignment or any other disposition of title to the Residential Project (a "Transfer"), shall be made prior to the termination of the Rental Restrictions and Occupancy Restrictions hereunder, unless the transferee pursuant to the Transfer assumes in writing, in a form reasonably acceptable to the Issuer, all of the executory duties and obligations hereunder of the Borrower, including this Section 5, and agrees to cause any subsequent transferee to assume such duties and obligations in the event of a subsequent Transfer by the transferee prior to the termination of the Rental Restrictions and Occupancy Restrictions hereunder (the "Assumption Agreement"). The Borrower shall deliver the Assumption Agreement to the Issuer at least thirty (30) days prior to a proposed Transfer.

Section 6. **Enforcement**.

(a) The Borrower shall, upon at least 48 hours prior written notice and during regular business hours, permit all duly authorized representatives of the Issuer to inspect any books and records of the Borrower regarding the Residential Project and the incomes of Qualifying Tenants which pertain to compliance with the provisions of this Agreement and Section 142(d) of the Code and any Regulations heretofore or hereafter promulgated thereunder and applicable thereto.

(b) In addition to the information provided for in Section 3(h) hereof, the Borrower shall submit any other information, documents or certifications reasonably requested by the Issuer which the Issuer deems reasonably necessary to substantiate continuing compliance with the provisions of this Agreement and Section 142(d) of the Code and any Regulations heretofore or hereafter promulgated thereunder and applicable thereto.

(c) The Issuer and the Borrower each covenants that it will not take or permit to be taken any action within its control that it knows would adversely affect the exclusion of interest on the Obligations from the gross income of the owners thereof for purposes of federal income taxation pursuant to Section 103 of the Code. Moreover, the Issuer and the Borrower covenant to take any lawful action within their control and as may be necessary, (in the opinion of nationally recognized bond counsel acceptable to the Issuer) to comply fully with all applicable rules, rulings, policies, procedures, regulations or other official statements promulgated or proposed by the Department of the Treasury or the Internal Revenue Service from time to time pertaining to obligations issued and/or executed and delivered under Section 142(d) of the Code and affecting the Residential Project.

(d) The Borrower covenants and agrees to inform the Issuer by written notice of any violation of its obligations hereunder within five (5) days of first discovering any such violation. If any such violation is not corrected to the satisfaction of the Issuer within the period of time specified by the Issuer, which shall be (A) the lesser of (i) forty-five (45) days after the effective date of any notice to or from the Borrower, or (ii) sixty (60) days from the date such violation would have been discovered by the Borrower by the exercise of reasonable diligence, or (B) such longer period as is specified in an opinion of nationally recognized bond counsel (acceptable to the Issuer) as will not result in the loss of such exclusion of interest on the Obligations, without further notice, the Issuer shall declare a default under this Agreement effective on the date of such declaration of default, and the Issuer shall apply to any court, state or federal, for specific performance of this Agreement or an injunction against any violation of this Agreement, or any other remedies at law or in equity or any such other actions as shall be necessary or desirable so as to correct noncompliance with this Agreement.

(e) The Borrower and the Issuer each acknowledges that the primary purpose for requiring compliance with the restrictions provided in this Agreement is to preserve the exclusion of interest on the Obligations from gross income for purposes of federal income taxation, and that the Issuer, on behalf of the owners of the Obligations, who are declared to be third-party beneficiaries of this Agreement, shall be entitled for any breach of the provisions hereof, to all remedies both at law and in equity in the event of any default hereunder, which in the opinion of the Issuer and nationally recognized bond counsel could adversely affect the exclusion of interest on the Obligations from gross income for purposes of federal income taxation.

(f) In the enforcement of this Agreement, the Issuer may rely on any certificate delivered by or on behalf of the Borrower or any tenant with respect to the Residential Project.

(g) Nothing in this Section shall preclude the Issuer from exercising any remedies they might otherwise have, by contract, statute or otherwise, upon the occurrence of any violation hereunder, which in the opinion of the Issuer and nationally recognized bond counsel could adversely affect the exclusion of interest on the Obligations from gross income for purposes of federal income taxation.

Section 7. **Covenants to Run with the Land**. The Borrower hereby subjects the Residential Project to the covenants, reservations and restrictions set forth in this Agreement. The Issuer and the Borrower hereby declare their express intent that the covenants, reservations and restrictions set forth herein shall be deemed covenants, reservations and restrictions running with the land to the extent permitted by law, and shall pass to and be binding upon the Borrower's successors in title to the Residential Project throughout the term of this Agreement. Each and every contract, deed, mortgage, lease or other instrument hereafter executed covering or conveying the Residential Project or any portion thereof or interest therein shall conclusively be held to have been executed, delivered and accepted subject to such covenants, reservations and restrictions, regardless of whether such covenants, reservations and restrictions are set forth in such contract, deed, mortgage, lease or other instrument.

Section 8. **Recording**. The Borrower shall cause this Agreement and all amendments and supplements hereto to be recorded in the conveyance and real property records of Cook County, Illinois, and in such other places as the Issuer may reasonably request. The Borrower shall pay all fees and charges incurred in connection with any such recording.

Section 9. **Cure**. Notwithstanding anything to the contrary contained herein, the Issuer hereby agrees that the manager or investor member of the Borrower shall be permitted to cure any event of default arising under this Agreement and Issuer shall, in its reasonable discretion, accept or reject such cure on the same terms as if made by the Borrower.

Section 10. **No Conflict with Other Documents**. The Borrower warrants and covenants that it has not and will not execute any other agreement with provisions inconsistent or in conflict with the provisions hereof (except documents that are subordinate to the provisions hereof), and the Borrower agrees that the requirements of this Agreement are paramount and controlling as to the rights and obligations herein set forth, which supersede any other requirements in conflict herewith.

Section 11. **Interpretation**. Any terms not defined in this Agreement shall have the same meaning as terms defined in the Funding Loan Agreement, the Borrower Loan Agreement, or Section 142(d) of the Code and any Regulations heretofore or hereafter promulgated thereunder and applicable thereto.

Section 12. **Amendment**. This Agreement may be amended by the parties hereto, among other things, to reflect changes in Section 142(d) of the Code, the Regulations and any revenue rulings or procedures promulgated thereunder, or in the interpretation thereof, subject to an opinion of nationally recognized bond counsel that such amendment will not adversely affect the exclusion of the interest on the Obligations from the gross income of the owners thereof for purposes of federal income taxation.

Section 13. **Severability**. The invalidity of any clause, part or provision of this Agreement shall not affect the validity of the remaining portions thereof.

Section 14. **Notices**. Any notice, demand or other communication required or permitted hereunder shall be in writing and shall be deemed to have been given if and when personally delivered and receipted for, or, if sent by private courier service or sent by overnight mail service, shall be deemed to have been given if and when received (unless the addressee refuses to accept delivery, in which case it shall be deemed to have been given when first presented to the addressee for acceptance), or on the first day after being sent by telegram, or on the third day after being deposited in United States registered or certified mail, postage prepaid. Any such notice, demand or other communication shall be addressed to a party at its address set forth below or to such other address the party to receive such notice may have designated to all other parties by notice in accordance herewith:

Alderman Burke abstained from voting pursuant to Rule 14 of the City Council's Rules of Order and Procedure, disclosing that he had represented parties to this ordinance in previous and unrelated matters.

The following is said ordinance as passed:

WHEREAS, The City of Chicago (the "City"), a home rule unit of government under Section 6(a), Article VII of the 1970 Constitution of the State of Illinois, has heretofore found and does hereby find that there exists within the City a serious shortage of decent, safe and sanitary rental housing available for persons of low- and moderate-income; and

WHEREAS, The City has determined that the continuance of a shortage of affordable rental housing is harmful to the health, prosperity, economic stability and general welfare of the City; and

WHEREAS, Roosevelt Square Library LLC, an Illinois limited liability company (the "General Partner"), has proposed a certain mixed-income housing development project consisting of the acquisition of a leasehold interest in real property located at approximately 1328 -- 1350 West Taylor Street in the City by a to-be-formed limited partnership ("Borrower") of which General Partner shall be the general partner, and construction thereon of a mid-rise, mixed-use building to be comprised of approximately 73 residential dwelling units, community green space and a library (the "Project"); and

WHEREAS, The General Partner has requested that the City issue multi-family housing revenue bonds, notes or other indebtedness in an amount not to exceed Twenty-six Million Dollars ($26,000,000) (the "Bonds") for the purpose of financing all or a portion of the Project costs, including but not limited to the costs incurred in connection with the issuance of the Bonds and funding certain reserves, if required; and

WHEREAS, It is intended that the interest on the Bonds will be excluded from gross income for federal income tax purposes; and

WHEREAS, It is intended that this ordinance shall constitute a declaration of official intent to reimburse certain eligible expenditures for the Project made prior to the issuance of the Bonds from the proceeds of the Bonds (if and when issued) within the meaning of Section 1.150-2 of the Treasury Regulations promulgated under the Internal Revenue Code of 1986, as amended (the "Treasury Regulations"); now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are expressly incorporated in and made a part of this ordinance as though fully set forth herein.

SECTION 2. The City intends to issue the Bonds for the purpose of financing all or a portion of the Project costs, including but not limited to the costs incurred in connection with the issuance of the Bonds and funding certain reserves, if required. The maximum principal amount of Bonds which the City intends to issue for the Project will not exceed Twenty-six Million Dollars ($26,000,000).

SECTION 3. Certain costs will be incurred by the General Partner, the Borrower, or other affiliate of the General Partner in connection with the Project prior to the issuance of the Bonds. The City reasonably expects to reimburse original expenditures (as that term is defined in the Treasury Regulations) incurred within 60 days preceding the adoption of this ordinance with respect to the Project with proceeds of the Bonds.

SECTION 4. The costs to be reimbursed will be paid from funds of the General Partner, the Borrower, or other affiliate of the General Partner that have been allocated to other purposes.

SECTION 5. This ordinance is consistent with the budgetary and financial circumstances of the City. No funds from sources other than the Bonds are, or are reasonably expected to be, reserved, allocated on a long-term basis or otherwise set aside by the City for the Project costs to be paid from the proceeds of the Bonds.

SECTION 6. This ordinance constitutes a declaration of official intent of the City with respect to the Project under Section 1.150-2 of the Treasury Regulations.

SECTION 7. To the extent that any ordinance, resolution, rule, order or provision of the Municipal Code of Chicago, or part thereof, is in conflict with the provisions of this ordinance, the provisions of this ordinance shall control. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

SECTION 8. This ordinance shall be effective as of the date of its passage and approval.

RE: Amending Agreement to Administrative Services Agreement (the "Agreement")

Ladies and Gentlemen:

We have acted as counsel for SomerCor 504, Inc., an Illinois not-for-profit corporation ("SomerCor"), in connection with the execution and delivery of the Agreement by and between SomerCor and the City of Chicago, acting by and through its Department of Planning and Development (the "City"). SomerCor has requested that this opinion be furnished to the City.

In so acting as counsel for SomerCor, we have examined:

(i) an executed original of the Agreement;

(ii) the Articles of Incorporation, including all amendments thereto, of SomerCor as furnished and certified by the Secretary of State of the State of Illinois (the "Articles");

(iii) the Bylaws of SomerCor, as certified by the Secretary of SomerCor as of the date hereof (the "Bylaws"); and

(iv) the Certificate of Good Standing dated _____, issued by the Office of the Secretary of State of the State of Illinois, as to the good standing of SomerCor (the "Certificate of Good Standing").

The Articles, Bylaws and Certificate of Good Standing are referred to collectively as the "Organization Documents".

In our capacity as counsel, we have also examined such other documents or instruments as we have deemed relevant for the purposes of rendering the opinions hereinafter set forth.

We have assumed, but have no reason to question, the legal capacity, authority and the genuineness of the signatures of and due and proper execution and delivery by the respective parties other than SomerCor which has made, executed or delivered or will make, execute and deliver the agreements and documents examined by us. We have also assumed that all documents submitted to us as originals are authentic and that all documents submitted to us as photostatic or certified copies conform to the original documents.

We have further assumed (i) that factual matters set forth in SomerCor's representations and warranties in the Agreement are true and accurate in all respects; (ii) that the conduct of the parties to the Agreement complies with any requirement of good faith, fair dealing and conscionability; and (iii) that there has not been any mutual mistake of fact, fraud, duress or undue influence.

We express no opinion as to (i) the laws of any state or jurisdiction other than the State of Illinois (and any political subdivisions thereof) and the United States of America; (ii) any matters pertaining or relating to the securities laws of the United States of America, the State of Illinois or any other state; (iii) any matters pertaining or related to the Employee Retirement Income Security Act of 1974 and any rules and regulations thereunder; (iv) any matters pertaining or relating to the taxation laws of the United States of America, the State of Illinois or any other state; and (v) any matters pertaining or relating to the criminal, quasi-criminal or civil forfeiture laws of the United States of America, the State of Illinois or any other state. Additionally, this opinion is limited to the matters set forth herein. No opinion may be inferred or implied beyond the matters expressly contained herein. We shall have no continuing obligations to inform you of changes in law or fact subsequent to the date hereof or of facts of which we become aware after the date hereof.

Based upon and subject to the assumptions and qualifications herein stated, it is our opinion that:

1. Based solely on our review of the Organization Documents, SomerCor is a not-for-profit corporation, duly organized and validly existing under the laws of the State of Illinois, SomerCor has made all filings required by the laws of the State of Illinois in respect of its formation and continuing existence, and has all requisite authority to

carry on its business and to execute and deliver, and to consummate the transactions contemplated by, the Agreement.

2. Based solely on our review of the Organization Documents, the Agreement has been duly executed and delivered on behalf of SomerCor and constitutes a legal, valid and binding obligation of SomerCor, enforceable against SomerCor in accordance with its terms, except to the extent that enforcement of any such terms may be limited by: (a) applicable bankruptcy; reorganization, debt arrangement, insolvency or other similar laws generally affecting creditors' rights; or (b) judicial and public policy limitations upon the enforcement of certain remedies including those which a court of equity may in its discretion decline to enforce.

3. To our knowledge, there is no action, suit or proceeding at law or in equity pending, nor to our knowledge threatened, against or affecting SomerCor, before any court or before any governmental or administrative agency, which if adversely determined could materially and adversely affect the ability of SomerCor to perform under the Agreement or any of its business or properties or financial or other conditions.

4. The transactions contemplated by the Agreement are governed by the laws of the State of Illinois.

5. The execution and delivery of the Agreement and the consummation of the transactions contemplated thereby will not constitute:

   A. a violation or breach of (i) the Articles of Incorporation of SomerCor, (ii) the Bylaws of SomerCor, (iii) to our knowledge, any provision of any contract or other instrument to which SomerCor is bound, or (iv) to our knowledge, any order, writ, injunction, decree, statute, rule or regulation binding on SomerCor, or

   B. to our knowledge, a breach of any of the provisions of, or constitute a default under, or result in the creation or imposition of any lien or encumbrance upon any of the property of SomerCor pursuant to any agreement or other instrument to which SomerCor is a party or by which SomerCor is bound.

6. To our knowledge, no action of, or filing with, any governmental or public body is required to authorize, or is otherwise required for the validity of, the execution, delivery and performance of any of the Agreement.

In basing the opinions or other matters set forth in this letter, the words "our knowledge" signify that, in the course of representation of SomerCor, no facts have come to our attention that would give us actual (and not implied or constructive) knowledge or actual (and not implied or constructive) notice that any such opinions or other matters are not accurate. Except as other expressly stated in this opinion, we have undertaken no

investigation nor verification of such opinions and matters. Further, the words "our knowledge" and similar language used in this opinion are intended to be limited to only the actual knowledge of the attorneys within our firm who have been directly involved in representing SomerCor, namely _____.

The foregoing opinions are furnished exclusively for your benefit and may be relied upon by you in connection with the Agreement, but may not be delivered to or relied upon by any other person or entity without express written consent from the undersigned, which may be granted or denied in the undersigned's sole discretion.

Very truly yours,

WHEREAS, The Cook County Board of Commissioners has enacted the Tax Incentive Ordinance, Classification System for Assessment, as amended from time to time (the "County Ordinance"), which establishes the Class L property tax classification to encourage the preservation and rehabilitation of certain historically and architecturally significant buildings, which will enhance the general character of real estate in the county and contribute to the economic well-being of the county by increasing the level of economic activity, increasing employment opportunities and contributing to the long-term growth of the real property tax base; and

WHEREAS, The redevelopment objective of the City in connection with the Project Real Estate is to remove non-historic alterations and restore the exterior elevations of the historic building; rehabilitate the interior of an underutilized building; and enhance the City's property tax revenue; and

WHEREAS, The Owner intends to use the Building for commercial purposes after the Project is completed by operating the Building for retail, restaurant or office purposes (the "Intended Use"); and

WHEREAS, It is anticipated that the Project may require a transfer of a beneficial interest in the Owner to one or more entities who will receive an allocation of federal historic rehabilitation tax credits ("Tax Credit Investors"); and

WHEREAS, The Owner has applied to the Office of the Assessor of Cook County, Illinois (the "Assessor"), for designation of the Project Real Estate as a Class L classification eligible for certain real estate tax incentives pursuant to the County Ordinance; and

WHEREAS, Pursuant to the County Ordinance, the Class L classification is available to real estate which is to be used for commercial or industrial purposes and which (1) is a Landmark (as defined in the County Ordinance); and (2) has undergone Substantial Rehabilitation (as defined in the County Ordinance), which constitutes an investment by the owner of at least 50 percent of the Building's full market value as determined by the Assessor in the assessment year prior to the commencement of the Substantial Rehabilitation; and the Class L incentive shall apply to the building only, except that if the entire building has been vacant and unused for at least 24 continuous months prior to the filing of the eligibility application with the Assessor, the land upon which the Building is situated shall be eligible for the incentive; and

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are hereby expressly incorporated as if fully set forth.

SECTION 2. The City hereby determines that the incentive provided by Class L is necessary for the Substantial Rehabilitation of the Project Real Estate.

SECTION 3. The City hereby expressly supports and consents to the granting of the Class L incentive. The City's support and consent to the grant of certification for the

Class L incentive for the Project Real Estate is expressly conditioned upon the substantial completion of the Project as proposed by the Owner and approved by the City, both upon completion of the Substantial Rehabilitation of the Project Real Estate and during the term of the Class L incentive.

SECTION 4. The Project is anticipated to be completed by September 1, 2018. The Commissioner of DPD (the "Commissioner") or a designee of the Commissioner (together with the Commissioner, an "Authorized Officer") shall have discretion to extend the construction completion date by issuing a written extension letter in response to a written request from the Owner. To the extent that the Project Real Estate is not rehabilitated, used or maintained during the term of the Class L incentive in a manner which is substantially consistent with the approved Project or use, as determined by the Authorized Officer, the Authorized Officer is hereby authorized to take such steps as may be necessary and appropriate to withdraw the City's support and consent to the Class L incentive, which may cause the Class L certification to be terminated or revoked.

SECTION 5. The City has reviewed and hereby accepts the Landmarks Commission's written recommendation of the Project for the Class L incentive, which specifies the Project budget and proposed scope of the work, and which specifies that the Project meets or exceeds the Standards of the United States Department of the Interior for Rehabilitation, Preservation, Restoration and Reconstruction of historic properties, a copy of which is attached hereto as Exhibit 2 and made a part hereof.

SECTION 6. The Economic Disclosure Statement, as defined in the County Ordinance, has been received and filed by the City.

SECTION 7. The Authorized Officer is hereby authorized to deliver a certified copy of this Ordinance to the Assessor and to furnish such additional information as may be required in connection with the filing of the application by the Owner with the Assessor for Class L designation of the Project Real Estate.

SECTION 8. The Authorized Officer is hereby authorized to enter into and execute such instruments and agreements, and perform any and all acts as shall be necessary or advisable in connection with the Project including such other terms and conditions as may be imposed or approved in connection with the Project by the Authorized Officer.

SECTION 9. The Authorized Officer is hereby authorized to approve minor changes in the scope of work and budget delineated on (Sub)Exhibits A and B to Exhibit 2 hereof, provided that changes in the Building conditions warrant such changes and will not change the suitability of the Project Real Estate for the Use (all as determined in the sole discretion of the Authorized Officer). Changes to the Project budget delineated on (Sub)Exhibit A to Exhibit 2 shall not require prior City approval provided that the Project is

substantially completed in accordance with the scope of work defined in (Sub)Exhibit B to Exhibit 2 and achieves the minimum investment required for Class L eligibility.

SECTION 10. Upon request by the Owner for a final determination of the eligibility of the Project Real Estate for the Class L incentive by the Landmarks Commission pursuant to the County Ordinance upon completion of the Substantial Rehabilitation of the Project Real Estate, the Authorized Officer shall verify that the work performed substantially conforms to the Project approved by the City and that the Project Real Estate is eligible for the Class L incentive (the "Final Determination").

SECTION 11. Any conveyance of all or a portion of the Project Real Estate by the Owner before the Final Determination shall render the support and consent of the City for the Class L incentive set forth hereunder in connection with the Project null and void. Any renewed support and consent of the City for the Class L incentive contemplated in connection with the Project undertaken by a successor in interest to the Owner of the Project Real Estate prior to the Final Determination shall require additional authorization by the City Council. Any change prior to the Final Determination in the direct owners in excess of 7.5 percent of the Owner or who constitute the direct or indirect controlling parties of the Owner, as determined by the Corporation Counsel (an "Ownership Change"), shall render the support and consent of the City for the Class L incentive set forth hereunder in connection with the Project null and void, unless such Ownership Change is approved by the Authorized Officer in his or her discretion. This section shall not apply to the transfer of a beneficial interest in the Owner to Tax Credit Investors with respect to the Project, or to the transfer of a leasehold interest in the Project Real Estate to a master tenant entity owned in whole or in part by one or more Tax Credit Investors, provided that such transfers do not involve a change to the direct or indirect controlling parties of the Owner.

SECTION 12. No permit fee waiver(s) pursuant to Section 2-120-815 of the Municipal Code of Chicago from the City related to the Project Real Estate shall be granted to the Owner during the rehabilitation of the Project and prior to the expiration of the Class L incentive related to the Project Real Estate.

SECTION 13. To the extent that any ordinance, resolution, order or provision of the Municipal Code of Chicago, or part thereof, is in conflict with the provisions of this ordinance, the provisions of this ordinance shall be controlling. If any section, paragraph, clause or provision shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

SECTION 14. This ordinance shall be effective from and after its passage and approval.

CALL ON DEPARTMENT OF FINANCE TO ADDRESS EFFORTS TO INCLUDE BLOOD DONATION GROUPS IN CITY'S VOLUNTARY CHARITABLE PAYROLL DEDUCTIONS PROGRAM TO HELP PREVENT BLOOD DONATION SHORTAGE.

[R2017-668]

The Committee on Finance submitted the following report:

CHICAGO, September 6, 2017.

To the President and Members of the City Council:

Your Committee on Finance, having had under consideration a resolution calling on the Department of Finance to include blood donation groups in the City's Voluntary Charitable Payroll Deductions Program and for the Department of Public Health to address the City's efforts to combat blood donation shortages, having had the same under advisement, begs leave to report and recommend that Your Honorable Body *Adopt* the proposed resolution transmitted herewith.

This recommendation was concurred in by a viva voce vote of the members of the committee, with no dissenting vote.

Respectfully submitted,

(Signed) EDWARD M. BURKE,
Chairman.

On motion of Alderman Burke, the said proposed resolution transmitted with the foregoing committee report was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Moreno, Hopkins, Dowell, King, Hairston, Sawyer, Mitchell, Harris, Beale, Sadlowski Garza, Thompson, Cárdenas, Quinn, Burke, Lopez, Foulkes, D. Moore, Curtis, O'Shea, Cochran, Brookins, Muñoz, Scott, Solis, Maldonado, Burnett, Ervin, Taliaferro, Reboyras, Santiago, Waguespack, Mell, Austin, Ramirez-Rosa, Villegas, Mitts, Sposato, Laurino, O'Connor, Napolitano, Reilly, Smith, Tunney, Arena, Cappleman, Osterman, J. Moore -- 47.

Nays -- None.

Alderman Beale moved to reconsider the foregoing vote. The motion was lost.

The following is said resolution as adopted:

WHEREAS, The City of Chicago is a home unit of government pursuant to the 1970 Illinois Constitution, Article VII, Section 6(a); and

WHEREAS, Pursuant to its home rule power, the City of Chicago may exercise any power and perform any function relating to its government and affairs including the power to regulate for the protection of the public health, safety, morals, and welfare; and

WHEREAS, On July 13, 2017, the *Chicago Tribune* reported that blood banks serving Chicago are at a critically low level not seen in several years, forcing at least one hospital to postpone surgeries; and

WHEREAS, Blood donation shortages are a public health concern; and

WHEREAS, The American Red Cross of Chicago and Northern Illinois reported 700 fewer blood drives across the United States during the Independence Day holiday week than in the weeks before and after the holiday, leaving only a four-day supply of blood on hand to serve the region; and

WHEREAS, Reports from the American Red Cross state that the blood shortage in Chicago and Northern Illinois mirrors a nationwide drop in supply that has left it 61,000 donations short of what it has needed to keep up with demand for the past two months -- the equivalent of the organization not seeing a single donation for more than four days; and

WHEREAS, The American Red Cross of Chicago and Northern Illinois, reports that donor shortages this summer are particularly alarming; and

WHEREAS, Both the Red Cross and America's Blood Centers (ABC), which together represent virtually all United States blood banks, reported severe shortages at a season when blood supplies are usually adequate; and

WHEREAS, Both groups report that the reason for the shortage is increased demand, much of it due to the increased number of complex therapies such as chemotherapy, organ transplants, and heart surgeries, which require large amounts of blood and blood products; and

WHEREAS, The *Chicago Tribune* article quoted a spokesperson for LifeSource, a nonprofit blood center, as saying that the "problem is especially troubling because the supply helps to treat victims of violence in Chicago", and that "[f]or Chicago, because trauma happens every day, the need for blood is constant"; and

WHERAS, According to the American Red Cross, roughly one pint is given during a donation; and

WHEREAS, An average adult body holds about 10 to 12 pints of blood, one pint of blood is equivalent to 475 milliliters, less than the 525 milliliters needed to equal one unit of blood; and

WHEREAS, To exemplify blood unit needs, a heart surgery typically requires 6 units of blood, a burn victim typically requires 20 units of blood, a victim of a car accident typically requires at least 50 units of blood, and just one liver transplant can use 120 units of donated blood; and

WHEREAS, The American Red Cross needs approximately 80,000 units daily to properly supply hospitals and transfusion centers across the United States; and

WHEREAS, Due to shortages it now only has about 36,000 units, a shortage of over 40,000 units per day; and

WHEREAS, The increase in demand far outpaces the increase in blood donations, with donations increasing annually by about 3 percent and demand growing at 6 percent; and

WHEREAS, The lack of supply has led medical staff at Rush University Medical Center to postpone some surgeries, particularly those for infants or children who need blood that has gone through a special optimization process to ensure safety, according to Mark Pool, Medical Director for the Blood Center at Rush; and

WHEREAS, Chicago experiences an unusually high number of traumas every day, therefore, the need for blood is constant and the City Council stands ready to seek viable solutions to resolve the blood donations shortage; now, therefore,

Be It Resolved by the City Council of the City of Chicago, That the members of this City Council call on the Department of Finance to appear before the Committee on Finance to address its efforts to include blood donation groups among those eligible for the City's Voluntary Charitable Payroll Deductions Program; and

Be It Further Resolved, That the Chicago Department of Public Health appear before the Committee on Finance to address current or potential efforts to combat the blood donation shortage.

WHEREAS, The Resolution requires the deed to the School Site to include a restrictive covenant (the "Restrictive Covenant"), stating as follows:

All or a portion of the building on the Property must be used for one or more of the following purposes and for no other purpose without the prior written approval of the Chief Operating Officer of the Board of Education of the City of Chicago:

Title to the Property will revert back to the City of Chicago, in Trust for Use of Schools, as legal titleholder of record for the benefit of the Chicago Board of Education if this restriction is breached without the prior written approval of the Board's Chief Operating Officer; and

WHEREAS, The Resolution authorizes the City, as Trustee, in Trust for the Use of Schools, and the PBC to convey the School Site to KMIS; and

WHEREAS, The City Council finds that the sale of the School Site will benefit the City by revitalizing a vacant building; putting property back on the real estate tax rolls; encouraging investment and improvements by the new owner; and eliminating maintenance and security costs to the Board; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The foregoing recitals are hereby adopted as the findings of the City Council.

SECTION 2. The City hereby accepts the bid of KMIS to purchase the Property (a portion of the School Site) for a proportionate share of the Purchase Price, which proportionate share shall be based on the size of the Property relative to the size of the School Site as a whole, as reasonably determined by the Commissioner of the Department of Fleet and Facility Management (the "Commissioner") in consultation with the Board.

SECTION 3. Whereas, The fence will be constructed along the top of the eastern bank of the Collateral Channel from a point on the northern boundary of the Property lying 20 feet east of the Property's western boundary, to a point 81 feet south thereof where said fence will connect with the City's existing chain link fence; and

Whereas, MWRD will maintain the fence and the western 20 feet of the northern 81 feet of the Property, which is the area lying between the fence and the Collateral Channel, as further depicted on Exhibit B attached hereto (the, "Premises") throughout the term of this Agreement; and

The license granted hereunder extends to, and MWRD shall be responsible for, its agents, employees, contractors, subcontractors and consultants.

5. Indemnification.

MWRD shall indemnify, defend and hold City, and its officers, agents, and employees (collectively, the "Indemnified Parties"), harmless from and against any and all actions,

The City and MWRD shall have the right to terminate this Agreement for any reason at any time without penalty by providing the other party with sixty (90)* days' prior written notice.

12. Maintenance.

MWRD acknowledges that the City will not have any maintenance responsibilities for the Premises with respect to the Activity during the Term of this Agreement. MWRD accepts the condition of the Premises in the premises' as-is condition.

Lease No. 20343.

THIS LEASE (as may be amended from time to time, the "**Lease**") is made and entered into this _____day of _____, 2017, ("**Commencement Date**") by and between the **CITY OF CHICAGO,** an Illinois Municipal Corporation and Home Rule Unit of Government (hereinafter referred to as "**Landlord**" or "**City**"), acting by and through its Department of Fleet and Facility Management and its Department of Health, having its principal offices at City Hall, 121 North LaSalle Street, Chicago, Illinois 60602, and **HEALTHCARE ALTERNATIVE SYSTEMS, INC.,** an Illinois nonprofit corporation (hereinafter referred to as "**Tenant**"), having its principal offices at 2755 West Armitage Avenue, Chicago, Illinois 60647.

RECITALS

WHEREAS, Landlord is the owner of the real property commonly known as 1713 South Ashland Avenue, Chicago, Illinois 60608, and legally described on **Exhibit A** attached hereto (the "**Property**"); and

WHEREAS, the Property is improved with a one story building ("**Building**") and is used as the Lower West Side Neighborhood Health Clinic; and

WHEREAS, Tenant wishes to provide behavioral health services and substance abuse counseling to the general public from the Lower West Side Neighborhood Health Clinic; and

WHEREAS, Landlord has agreed to lease to Tenant, and Tenant has agreed to lease from Landlord, approximately 89 square feet of clinical office space in the Building.

NOW THEREFORE, in consideration of the covenants, terms, and conditions set forth herein, the parties agree and covenant as follows:

SECTION 1. INCORPORATION OF RECITALS.

The recitals set forth above constitute an integral part of this Lease and are incorporated herein by this reference with the same force and effect as if set forth herein as agreements of the parties.

SECTION2. GRANT

2.1 Grant. Landlord hereby leases to Tenant, and Tenant hereby leases from Landlord, the following described premises situated in the City of Chicago, County of Cook, State of Illinois, to wit:

Approximately 89 square feet within the Building located on the Property as depicted on **Exhibit B** attached hereto (the **"Premises"**).

SECTION 3. TERM

3.1 Term. The term of this Lease (the **"Term"**) shall begin on the Commencement Date and shall end on December 31, 2022, unless sooner terminated as set forth in this Lease.

SECTION 4. RENT, TAXES, AND UTILITIES

4.1 Rent. Tenant shall pay base rent for the Premises in the amount of One Dollar ($1.00) for the entire Term, with the receipt and sufficiency of said sum hereby acknowledged by both parties. The term "Rent" as used herein means the base rent of $1.00 plus all other payments due under this Lease of any kind or nature.

4.2 Taxes. Tenant acknowledges that Premises are exempt from leasehold, real estate, and other property taxes. Tenant shall pay when due any leasehold, real estate, and other property taxes assessed or levied on the Premises where attributable to Tenant's use of the Premises. Tenant shall pay such amounts and Tenant shall provide Landlord with proof of such payment within ten (10) days of such payment. Tenant further acknowledges that real estate taxes are one (1) year in arrears in Cook County and that as a result Tenant shall be responsible for satisfaction of leasehold, real estate, and other property taxes assessed or levied on the Premises on account of Tenant's use for at least one year after Tenant vacates the Premises. Tenant's failure to pay any such taxes shall constitute a default under this Lease. Notwithstanding the foregoing, nothing herein shall preclude Tenant from contesting any charge or tax levied against the Premises. The failure of Tenant to pay such taxes during the pendency of the contest shall not constitute a default under this Lease. Tenant's tax responsibilities under this section shall survive the expiration, cancellation, or termination of this Lease.

4.3 Operating Costs. Tenant shall reimburse Landlord's Operating Costs for the Premises as delineated pursuant to Section 4.4 below beginning on the Commencement Date as reimbursement for Landlord's costs to operate the Building and the Premises.

4.4 Calculation of Operating Costs. Tenant shall pay for Operating Costs (as hereinafter defined) incurred by Landlord with regards to Tenant's **"Proportionate Use"** of the Building. This Proportionate Use shall be based on the square footage leased by Tenant divided by the Building's total square footage. The Building's total square footage is approximately 14,566 square feet and Tenant's leasehold is approximately 89 square feet, which comprises 0.61% of the Building's total square footage. "**Operating Costs**" shall be based on Tenant's 0.61% Proportionate Use. Operating Costs shall include (i) all utilities (including, but not limited to gas, electricity, and water), (ii) security services for the Building (not the Premises), (iii) landscaping and snow removal, (iv) common area maintenance and maintenance of the building envelope, roof, and structural components, (v) maintenance of electrical, plumbing, and HVAC systems, and (vi) Tenant's allocable share of other costs incurred by Landlord in operating and maintaining the Building (excluding (a) any capital repairs or improvements that may be required, (b) repairs required by casualty, or (c) costs that are specific and isolated to other tenants' space within the Building). Tenant shall separately contract for custodial services,

telephone services, and other communication services at the Premises. For 2017, Tenant's Operating Costs will be, and Tenant shall initially pay, $74.71 per month. Tenant's Operating Costs are subject to a 3% annual escalation beginning on January 1, 2018, as shown on the schedule attached hereto as **Exhibit C**. The Operating Costs shall be prorated on a per diem basis in the event that the Commencement Date is not the first day of the month.

Operating Costs shall be paid to Landlord at the Department of Finance, Warrants for Collection, City Hall, 121 North LaSalle, Room 107, Chicago, Illinois 60602 or at such place as Landlord may from time to time, hereby designate in writing to Tenant. Landlord shall invoice Tenant for such Operating Costs on a monthly basis. In the event that Tenant does not receive such invoice from Landlord, Tenant shall contact Landlord. Landlord's failure to invoice Tenant for Operating Costs or other expenses does not constitute a waiver of any such charges.

4.5 Accord and Satisfaction. No payment by Tenant or receipt by Landlord of a lesser amount than any installment or payment of the Rent or any amounts due hereunder shall be deemed to be other than on account of the amount due, and no endorsement of statement or any check or any letter accompanying any check or payment of Rent shall be deemed an accord and satisfaction. Landlord may accept such check or payment without prejudice as to Landlord's right to recover the balance of such installment or payment or to pursue any other remedies available to Landlord.

SECTION 5. CONDITION AND ENJOYMENT OF PREMISES, ALTERATIONS, ADDITIONS, AND SURRENDER

5.1 Satisfaction with Condition. Tenant agrees that Tenant has inspected the Premises and all related areas and grounds and that Tenant has noted existing roof leaks, but is otherwise satisfied with the physical condition thereof and accepts the Premises in its "As-Is" condition.

5.2 Covenant of Quiet Enjoyment. Landlord covenants and agrees that Tenant, upon paying the Rent and upon observing and keeping the covenants, agreements, and conditions of this Lease on its part to be kept, observed, and performed, shall lawfully occupy and enjoy the Premises (subject to the provisions of this Lease) during the Term without hindrance or molestation by Landlord.

5.3 Tenant's Duty to Maintain Premises. Tenant shall, at Tenant's expense, keep the Premises in a condition of good repair and order, and in compliance with all applicable provisions of the Municipal Code of Chicago. If Tenant shall refuse or neglect to make needed repairs within fifteen (15) days after written notice thereof sent by Landlord, unless such repair cannot be remedied within fifteen (15) days, and Tenant shall have commenced and is diligently pursuing all necessary action to remedy such repair, Landlord, at Landlord's option, is authorized to either make such repairs and Tenant will, within thirty (30) business days of demand, reimburse Landlord for the reasonable cost thereof, or Landlord can immediately terminate this

Lease by providing the Tenant with written notice thereof. Landlord shall have the right of access to the Premises for the purpose of inspecting and making repairs to the Premises, provided that, except in the case of emergencies, Landlord shall first give notice to Tenant of its desire to enter the Premises and will schedule its entry so as to minimize any interference with Tenant's use of the Premises.

5.4 Use of the Premises. Tenant shall only use the Premises for the provision of behavioral health services and substance abuse counseling. Tenant shall not use the Premises in a manner that would violate any laws, ordinances, orders, rules, regulations, and requirements of all federal, state and municipal governmental departments (collectively – the "**Laws**") which may be applicable to the Premises or to the use or manner of use of the Premises. Tenant further covenants not to do or suffer any waste or damage, comply in all respects with the Laws and requirements of all federal, state, and municipal governmental departments which may be applicable to the Premises or to the use or manner of use of the Premises.

5.5 Alterations, Additions and Improvements. Tenant may not make alterations, additions, or improvements to the Premises without the prior written approval of the Commissioner of the Department of Fleet and Facility Management ("**Commissioner**") or the Commissioner's designated representative, such approval not to be unreasonably withheld. All alterations, additions, and improvements shall be in full compliance with the applicable Laws. Landlord shall not be obligated to pay for any alterations, additions, or improvements to the Premises.

SECTION 6. ASSIGNMENT, SUBLEASE, AND LIENS

6.1 Assignment and Sublease. Tenant shall not assign this Lease in whole or in part, or sublet or license the Premises or any part thereof, without Landlord's prior written consent.

6.2 Tenant's Covenant against Encumbering Title. Tenant shall not do any act which shall in any way encumber the fee simple estate of Landlord in and to the Premises, nor shall the interest or estate of Landlord in the Premises be in any way subject to any claim by way of lien or encumbrance, whether by operation of law or by virtue of any express or implied contract by Tenant. Any claim to, or lien upon, the Premises arising from any act or omission of Tenant shall accrue only against the leasehold estate of Tenant and shall be subject to and subordinate to the paramount title and rights of Landlord in and to the Premises.

6.3 Tenant's Covenant against Liens. Tenant shall not permit the Premises to become subject to any mechanic's, laborer's, or materialmen's liens on account of labor or material furnished to Tenant or claimed to have been furnished to Tenant. In case of any such lien attaching, Tenant shall immediately pay and remove such lien or furnish security or indemnify Landlord in a manner satisfactory to Landlord in its sole discretion to protect Landlord against any defense or expense arising from such lien. Except during any period in which Tenant appeals any judgment or obtains a rehearing of any such lien, or in the event judgment is stayed, Tenant shall immediately pay any judgment rendered against Tenant, with all proper costs and

charges, and shall have the lien released and any judgment satisfied. If Tenant fails to pay and remove any lien or contest such lien in accordance herewith, Landlord, at its election, may pay and satisfy same, and all sums so paid by Landlord shall become immediately due and payable by Tenant, with interest from the date of payment at the rate set at 12% per annum provided that such rate shall not be deemed usurious by any Federal, State, or Local law.

SECTION 7. INSURANCE AND INDEMNIFICATION

7.1 Insurance. Tenant shall procure and maintain at all times, at Tenant's own expense (or at the expense of service providers, as applicable), at all times during the Term, the insurance coverages and requirements specified below, insuring all operations related to the Lease. Tenant shall also require any service provider to procure and maintain the same type and amounts of insurance that is required of Tenant. The kind and amounts of insurance required are as follows:

(a) Worker's Compensation and Employer's Liability. Workers Compensation as prescribed by applicable law, covering all employees who are to provide a service under this Lease, and Employer's Liability Insurance with limits of not less than $500,000 each accident, illness or disease.

(b) Commercial General Liability (Primary and Umbrella). Commercial General Liability Insurance or equivalent, with limits of not less than $2,000,000 per occurrence, for bodily injury, personal injury, and property damage liability. Coverage shall include the following: All premises and operations, products/completed operations, defense, separation of insureds, and contractual liability (not to include Endorsement CG 21 39 or equivalent).

The City of Chicago shall be named as an additional insured under the policy. Such additional insured coverage shall be provided on CG 20 10 or on a similar additional insured form acceptable to the City. The additional insured coverage shall not have any limiting endorsements or language under the policy such as, but not limited to, Tenant's sole negligence or the Additional Insured's vicarious liability. Tenant's liability insurance shall be primary without right of contribution by any other insurance or self-insurance maintained by or available to the City.

(c) Automobile Liability Insurance (Primary and Umbrella). When any motor vehicles (owned, non-owned and hired) are used in connection with the Lease, Tenant shall provide and maintain Automobile Liability Insurance with limits of not less than $2,000,000 per occurrence for bodily injury and property damage. The City of Chicago shall be named as an additional insured on a primary, non-contributory basis.

(d) Medical Professional Liability. Medical Professional Liability coverage with limits of not less than $2,000,000 including prior Acts coverage, such instances covering Tenant against any claim made against Tenant arising out of a medical incident involving

the rendering of or a failure to render professional services, whether caused by an error, omission or act of the Tenant, of any person employed by Tenant or any others for whose actions or omissions Tenant is legally liable. The policy shall have an extended reporting period of two (2) years. When policies are renewed or replaced the policy retroactive date must coincide with or precede the start of work.

The Tenant shall be responsible for all loss or damage personal property (including, but not limited to materials, equipment, tools and supplies), owned, rented or used by Tenant.

7.2 Other Terms of Insurance. Tenant will furnish the City of Chicago, Department of Fleet and Facility Management, Office of Real Estate Management, 30 North LaSalle Street, Suite 300, Chicago, Illinois 60602, original Certificates of Insurance evidencing the required coverage to be in force on the date of this Lease, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the Term. Tenant shall submit evidence of insurance prior to execution of the Lease. The receipt of any certificate does not constitute agreement by Landlord that the insurance requirements in this Lease have been fully met or that the insurance policies indicated on the certificate are in compliance with all requirements in the Lease. The failure of Landlord to obtain certificates or other insurance evidence from Tenant shall not be deemed to be a waiver by Landlord. Tenant shall advise all insurers of the Lease provisions regarding insurance. Non-conforming insurance shall not relieve Tenant of the obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Lease and the Landlord retains the right to terminate or suspend the Lease until proper evidence of insurance is provided.

The Tenant shall provide for 60 days prior written notice to be given to the Landlord in the event coverage is substantially changed, cancelled, or non-renewed if Tenant has knowledge of such cancellation or change in coverage. In any event, Tenant shall provide Landlord with notice promptly after Tenant receives same, if any is received by Tenant.

Any and all deductibles or self-insured retentions on referenced Tenant insurance coverages shall be borne by Tenant.

Tenant hereby grants to the Landlord a waiver of any right of subrogation which any insurer of Tenant may acquire against the Landlord by virtue of the payment of any loss under the insurance. Tenant agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the Landlord has received a waiver of subrogation endorsement from the insurer(s).

Tenant expressly understands and agrees that any coverages and limits furnished by Tenant shall in no way limit the Tenant's liabilities and responsibilities specified in this Lease or by law.

Tenant expressly understands and agrees that its insurance is primary and any insurance or self-insurance programs maintained by the Landlord shall not contribute with insurance provided by Tenant.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Lease or any limitation placed on the indemnity in this Lease given as a matter of law.

If Tenant is a joint venture or limited liability company, the insurance policies shall name the joint venture or limited liability company as a named insured.

If Tenant maintains higher limits than the minimums shown above, Landlord shall be entitled to coverage for the higher limits maintained by Tenant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the Landlord.

Notwithstanding any provision to the contrary, the City of Chicago, Department of Finance, Office of Risk Management, maintains the rights to modify, delete, alter or change these requirements at any time during the Term of Lease.

7.3 Tenant's Indemnification. Tenant shall indemnify, defend, and hold Landlord harmless against all liabilities, judgments, amounts paid in settlement, arbitration or mediation awards, costs, damages, and expenses (including reasonable attorney's fees, expenses, and court costs), whether such claim is related to or arises from personal injury or property damage which may be expended by or accrue against, be charged to, or be recovered from Landlord or Tenant by reason of Tenant's performance of or failure to perform any of Tenant's obligations under this Lease or Tenant's negligent acts or failure to act, or resulting from the acts or failure to act of Tenant's contractors, respective officers, directors, agents, or employees. This Section shall survive the expiration or termination of this Lease.

SECTION 8. CONFLICT OF INTEREST AND GOVERNMENTAL ETHICS

8.1 Conflict of Interest. No official or employee of the City of Chicago, nor any member of any board, commission or agency of the City of Chicago, shall have any financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago), either direct or indirect, in the Premises. No such official, employee, or member shall participate in making or in any way attempt to use his or her position to influence any City governmental decision or action with respect to this Lease.

8.2 Duty to Comply with Governmental Ethics Ordinance. Landlord and Tenant shall comply with Chapter 2-156 of the Municipal Code of Chicago, "Governmental Ethics," including, but not limited to, Section 2-156-120, which states that no payment, gratuity, or offer of employment shall be made in connection with any City of Chicago contract as an inducement for the award of that contract or order. Any contract or lease negotiated, entered into, or

performed in violation of any of the provisions of Chapter 2-156 shall be voidable in the sole discretion of the City.

SECTION 9. ADDITIONAL RESPONSIBILITIES OF TENANT

9.1 Custodial Services. Tenant shall provide and pay for custodial services and shall be responsible for keeping the Premises clean and free of debris. Tenant shall provide and pay for any exterminator service whenever such services are reasonably necessary.

9.2 Security. Tenant is responsible for properly securing the Premises during the Term.

9.3 Maintenance of Premises. Tenant shall maintain the interior of the Premises, including fixtures located within the Premises, such as sinks, toilets, and light fixtures.

9.4 Fire Protection. Tenant shall provide and maintain smoke detectors, carbon monoxide detectors, and fire extinguishers in the Premises at all times as required by applicable Laws.

9.5 Accessibility. Tenant is responsible for ensuring that the Premises comply with all applicable Laws regarding accessibility standards for persons with disabilities or environmentally limited persons, including the following: the Americans with Disabilities Act of 1990, 42 U.S.C. § 12101 et seq., and the Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities, the Architectural Barriers Act Pub. L, 90-480 (1968), and the Uniform Federal Accessibility Standards; and the Illinois Environmental Barriers Act, 410 ILCS 25/L et seq, and all regulations promulgated thereunder, see Illinois Administrative Code, Title 71, Chapter 1, Section 400.110. If the above standards are inconsistent, Tenant must assure that the Premises comply with the standard providing the greatest accessibility.

9.6 Repairs for Tenant Negligence, Vandalism, or Misuse. Tenant shall not destroy, deface, damage, impair, nor remove any part of the Premises or facilities, equipment or appurtenances, unless approved as part of an alteration, addition, or improvement under this Lease. Tenant shall assume all responsibility for any repairs to the Premises necessitated by the negligence, vandalism, or misuse of the Premises or equipment therein by Tenant's employees, clients, invitees, agents, or contractors.

9.7 Hazardous Substances. Tenant shall not use or store any Hazardous Substances (defined below) on the Premises. Tenant shall promptly notify the Landlord if Tenant discovers any Hazardous Substances on the Premises. As used in this Lease, the term "**Hazardous Substances**" shall mean any toxic substance, hazardous material, hazardous chemical or hazardous, toxic or dangerous waste defined or qualifying as such in (or for the purposes of) any Environmental Laws (as defined hereunder), or any pollutant, toxic vapor, or contaminant, and shall include, but not be limited to, polychlorinated biphenyls (PCBs), crude oil, any fraction thereof, or refined petroleum products such as oil, gasoline, or other petroleum-based fuels, lead

paint, asbestos or asbestos-containing materials, urea formaldehyde, any radioactive material or by-product material, radon and mold. "**Environmental Laws**" shall mean any and all Laws, permits and other requirements or guidelines of governmental authorities applicable to the Premises and relating to the regulation and protection of human health, safety, the environment, natural resources or to any Hazardous Substances, including without limitation, any Laws requiring the filing of reports and notices relating to Hazardous Substances.

9.8 Permits. For any activity which Tenant desires to conduct on the Premises in which a license or permit is required, said license or permit must be obtained by Tenant prior to using the Premises for such activity. The Department of Fleet and Facility Management must be notified of any such license or permit. Failure to obtain a required license or permit shall constitute a material breach of the terms of this Lease. Tenant understands that this Lease shall in no way act as a substitute for any other permitting or approvals that may be required to undertake any activities on the Premises.

9.9 Signage. Tenant may place exterior and interior signage on the Premises and/or Building. Such signage and placement must be approved in writing by the Commissioner, such approval not to be unreasonably withheld.

9.10 Landlord's Personal Property. Tenant acknowledges that there exists certain fixtures, machinery, equipment, appurtenances and other property (taken together "the Equipment") furnished or installed and owned by Landlord that shall remain part of the leased Premises and may be used by Tenant. Tenant shall perform, or have performed by a reputable maintenance professional, routine care and maintenance of the Equipment up to an expense not to exceed fifty (50) percent of the current value of the Equipment. However, Tenant shall not be required to repair or replace any Equipment, the cost of which would be above fifty (50) percent of the value of the Equipment, except if such damage or destruction is due to Tenant's negligence or misuse of the Equipment. At the end of Tenant's tenancy Tenant shall return all Equipment in the same condition it received the Equipment, normal wear and tear excepted.

9.11 Trade Fixtures. Tenant shall maintain Tenant's equipment and trade fixtures in the Premises in good condition. Tenant shall pay the cost of such removal, including the repair for such removal, delivery and warehousing, to Landlord on demand, or Landlord may treat such property as being conveyed to Landlord with this Lease serving as a bill of sale, without further payment or credit by Landlord to Tenant.

Under no circumstances shall Tenant make any payments due hereunder to any broker(s).

10.15 Amendments. From time to time, the parties hereto may amend this Lease without City Council of the City of Chicago ("**City Council**") approval with respect to any provisions reasonably related to Tenant's use of the Premises and/or Landlord's administration of this Lease, including, but not limited to, amendments to permit the expansion or contraction of Tenant's Premises. Provided, however, that such amendment(s) shall not serve to extend the Term hereof nor serve, in the sole opinion of the Landlord, to otherwise materially alter the essential provisions contained herein. Such amendment(s) shall be in writing, shall establish the factual background necessitating such alteration, shall set forth the terms and conditions of such modification, and shall be duly executed by both Landlord and Tenant. Such amendment(s) shall

only take effect upon execution by both parties. Upon execution, such amendment(s) shall become a part of this Lease and all other provisions of this Lease shall otherwise remain in full force and effect.

SECTION 11. TENANT DISCLOSURES AND AFFIRMATIONS

11.1 Business Relationships. Tenant acknowledges (A) receipt of a copy of Section 2-156-030(b) of the Municipal Code of Chicago, (B) that it has read such provision and understands that pursuant to such Section 2-156-030(b) it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected City official or employee has a "Business Relationship" (as defined in Section 2-156-080 of the Municipal Code of Chicago), or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship, and (C) notwithstanding anything to the contrary contained in this Lease, that a violation of Section 2-156-030(b) by an elected official, or any person acting at the direction of such official, with respect to this Lease shall be grounds for termination of this Lease. Tenant hereby represents and warrants that no violation of Section 2-156-030(b) has occurred with respect to this Lease.

11.2 Patriot Act Certification. Tenant represents and warrants that neither Tenant nor any Affiliate (as hereafter defined) thereof is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable Laws: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. As used in this Section, an "**Affiliate**" shall be deemed to be a person or entity related to Tenant that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with Tenant, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

11.3 Prohibition on Certain Contributions-Mayoral Executive Order No. 2011-4. Tenant agrees that Tenant, any person or entity who directly or indirectly has an ownership or beneficial interest in Tenant of more than 7.5 percent ("**Owners**"), spouses and domestic partners of such Owners, Tenant's contractors (i.e., any person or entity in direct contractual privity with Tenant regarding the subject matter of this Lease) ("**Contractors**"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("**Sub-owners**") and spouses and domestic partners of such Sub-owners (Tenant and all the other preceding classes of persons and entities are together the "**Identified Parties**"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "**Mayor**") or to his political fundraising committee (a) after execution of this Lease by Tenant,

(b) while this Lease or any Other Contract (as hereinafter defined) is executory, (c) during the Term of this Lease or any Other Contract, or (d) during any period while an extension of this Lease or any Other Contract is being sought or negotiated. This provision shall not apply to contributions made prior to May 16, 2011, the effective date of Executive Order 2011-4.

Tenant represents and warrants that from the later of (a) May 16, 2011, or (b) the date the City approached Tenant, or the date Tenant approached the City, as applicable, regarding the formulation of this Lease, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

Tenant agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

Tenant agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 2011-4 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 2011-4.

Notwithstanding anything to the contrary contained herein, Tenant agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this provision or violation of Mayoral Executive Order No. 2011-4 constitutes a breach and default under this Lease, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this Lease, and under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Tenant intentionally violates this provision or Mayoral Executive Order No. 2011-4 prior to the execution of this Lease, the City may elect to decline to lease the Premises to Tenant or to terminate the Lease after execution.

For purposes of this provision:

(a) "**Bundle**" means to collect contributions from more than one source, which contributions are then delivered by one person to the Mayor or to his political fundraising committee.

(b) "**Other Contract**" means any other agreement with the City of Chicago to which Tenant is a party that is (i) formed under the authority of Chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal

property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council.

(c) "**Contribution**" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

(d) Individuals are "**domestic partners**" if they satisfy the following criteria:

(i) they are each other's sole domestic partner, responsible for each other's common welfare; and

(ii) neither party is married; and

(iii) the partners are not related by blood closer than would bar marriage in the State of Illinois; and

(iv) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and

(v) two of the following four conditions exist for the partners:

(1) The partners have been residing together for at least 12 months.

(2) The partners have common or joint ownership of a residence.

(3) The partners have at least two of the following arrangements:

(A) joint ownership of a motor vehicle;

(B) joint credit account;

(C) a joint checking account;

(D) a lease for a residence identifying both domestic partners as tenants.

(4) Each partner identifies the other partner as a primary beneficiary in a will.

(e) "**Political fundraising committee**" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

11.4 Waste Ordinance Provisions. In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Tenant warrants and represents that it, and to the best of its knowledge, its Contractors and its subcontractors regarding the subject matter of this Lease ("**Subcontractors**"), have not violated and are not in violation of any provisions of Section 7-28 or Section 11-4 of the Municipal Code of Chicago (the "**Waste Sections**"). During the period while this Lease is executory, Tenant's, any general Contractor's or any Subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Lease, constitutes a breach of and an event of default under this Lease, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Commissioner. Such breach and default entitles the City to all remedies under this Lease, at law or in equity. This Section does not limit Tenant's, its general Contractors' and its Subcontractors' duty to comply with all applicable federal, state, county and municipal Laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Lease. Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Lease, and may further affect the Tenant's eligibility for future contract awards.

11.5 Failure to Maintain Eligibility to do Business with City. Failure by Tenant or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code of Chicago shall be grounds for termination of this Lease and the transactions contemplated thereby. Tenant shall at all times comply with Section 2-154-020 of the Municipal Code of Chicago.

11.6 Cooperation with Office of Inspector General. It is the duty of Tenant and any bidder, proposer, contractor, subcontractor, and every applicant for certification of eligibility for a City contract or program, and all officers, directors, agents, partners, and employees of any such grantee, subgrantee, bidder, proposer, contractor, subcontractor or such applicant to cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code of Chicago. Tenant represents and warrants that it understands and will abide by all provisions of Chapter 2-56 of the Municipal Code of Chicago and that Tenant will inform its Contractors and Subcontractors of this provision and require their compliance.

11.7 2014 Hiring Plan Prohibitions.

(i) The City is subject to the June 16, 2014 "City of Chicago Hiring Plan", as amended (the "**2014 City Hiring Plan**") entered in Shakman v. Democratic Organization of Cook County, Case No 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the 2014 City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(ii) Tenant is aware that City policy prohibits City employees from directing any individual to apply for a position with Tenant, either as an employee or as a subcontractor, and from directing Tenant to hire any individual as an employee or as a subcontractor. Accordingly, Tenant must follow its own hiring and contracting procedures, without being influenced by City or City employees. Any and all personnel provided by Tenant under this Lease are employees or subcontractors of Tenant, not employees of the City. This Lease is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by Tenant.

(iii) Tenant will not condition, base, or knowingly prejudice or affect any term or aspect of the employment of any personnel provided under this Lease, or offer employment to any individual to provide services under this Lease, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Lease, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition

to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(iv) In the event of any communication to Tenant by a City employee or City official in violation of paragraph (ii) above, or advocating a violation of paragraph (iii) above, Tenant will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General ("OIG Hiring Oversight"), and also to the head of the relevant City department utilizing services provided under this Lease. Tenant will also cooperate with any inquiries by OIG Hiring Oversight.

IN WITNESS WHEREOF, the parties have executed this Lease as of the date first written above.

6.1 Assignment and Sublease. Tenant shall not assign, sublease, mortgage, encumber or otherwise transfer this Lease in whole or in part, or sublet the Premises or any part thereof without the written consent of Landlord in each instance. Landlord shall not unreasonably withhold consent to any assignment of the Lease or sublease of the Premises provided that (i) the assignee or sublessee will use the Premises for the Permitted Use and in a manner similar to that

being used as of the date of this Lease, (ii) no such assignment or sublease shall release Tenant from any liability under this Lease, and (iii) Tenant shall pay to Landlord the excess if any of (a) the rent and other amounts paid to Tenant by the assignee or sublessee under the assignment or sublease over the rent payable by Tenant to Landlord under this Lease.

6.2 Tenant's Covenant against Liens. Tenant shall not cause or permit any lien or encumbrance, whether created by act of Tenant, operation of law or otherwise, to attach to or be placed upon Landlord's title or interest in the Premises. All liens and encumbrances created by Tenant shall attach to Tenant's interest only.

SECTION 7. INSURANCE AND INDEMNIFICATION

Within thirty (30) days after receipt of written request from Tenant, Landlord will furnish the City of Chicago, Department of Fleet and Facility Management, Office of Real Estate Management, 30 North LaSalle Street, Suite 300, Chicago, Illinois 60602, a Certificate of Insurance evidencing the required coverage to be in force on the date of this Lease. The Landlord shall submit evidence of insurance prior to the commencement of the Term. The receipt of any certificates does not constitute agreement by the City that the insurance requirements in the Lease have been fully met or that the insurance policies indicated on the certificate are in compliance with all Lease requirements. The failure of the City to obtain certificates or other insurance evidence from Landlord shall not be deemed to be a waiver by the

City. Non-conforming insurance shall not relieve Landlord of its obligation to provide Insurance as specified herein.

The insurance shall provide for 60 days prior written notice to be given to the City in the event coverage is substantially changed, canceled, or non-renewed.

Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by Landlord.

The Landlord expressly understands and agrees that any insurance or self-insurance programs maintained by the City of Chicago shall apply in excess of and not contribute with insurance provided by the Landlord under the lease.

The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

The City of Chicago Risk Management Department maintains the right to reasonably modify, delete, alter or change these requirements.

7.3 Landlord's Indemnification. Landlord shall indemnify and hold Tenant harmless against all liabilities, judgment costs, damages, and expenses which may accrue against, be charged to, or be recovered from Tenant by reason of Landlord's negligent performance of or failure to perform any of its obligations under this Lease.

8.1 Damage or Destruction. Notwithstanding Section 11.10 hereunder, if the Premises are damaged or destroyed by fire or other casualty (including, but not limited to, repeated flooding that significantly disrupts Tenant's operations within the Premises) to such extent that Tenant cannot continue, occupy, or conduct its normal business therein, or if the Premises do not meet all Municipal Building and Fire Code provisions and are therefore rendered untenantable, Tenant shall have the option to declare this Lease terminated as of the date of such damage or destruction by giving Landlord written notice to such effect. If Tenant exercises this option, the rent shall be apportioned as of the date of such damage or destruction and Landlord shall forthwith repay to Tenant all prepaid rent. However, if there is a casualty event, and normal business operations are interrupted, but the Tenant does not elect to terminate, rent shall abate during the time period that the Premises is not usable.

Landlord acknowledges (a) receipt of a copy of Section 2-156-030 (b) of the Municipal Code of Chicago, (b) that it has read such provision and understands that pursuant to such Section 2-156-030 (b) it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected City official or employee has a "Business Relationship" (as defined in Section 2-156-080 of the Municipal Code of Chicago), or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship, and (c) notwithstanding anything to the contrary contained in this Lease, that a violation of Section 2-156-030 (b) by an elected official, or any person acting at the direction of such official, with respect to any transaction contemplated by this Lease shall be grounds for termination of this Lease and the transactions contemplated hereby. Landlord hereby represents and warrants that no violation of Section 2-145-030 (b) has occurred with respect to this Lease or the transactions contemplated hereby.

14.2 Patriot Act Certification. Landlord represents and warrants that neither Landlord nor any Affiliate (as hereafter defined) thereof is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable Laws: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. As used in this Section, an "Affiliate" shall be deemed to be a person or entity related to Landlord that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with Landlord, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

14.3 Prohibition on Certain Contributions-Mayoral Executive Order No. 2011-4. Landlord agrees that Landlord, any person or entity who directly or indirectly has an ownership or beneficial interest in Landlord of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, Landlord's contractors (i.e., any person or entity in direct contractual privity with Landlord regarding the subject matter of this Lease) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Sub-owners") and spouses and domestic partners of such Sub-owners (Landlord and all the other preceding classes of persons and entities are together the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fundraising committee (a) after execution of this Lease by Landlord, (b) while this Lease or any Other Contract (as hereinafter defined) is executory, (c) during the term of this Lease or any Other Contract, or (d) during any period while an extension of this Lease or any Other Contract is being sought or negotiated. This provision shall not apply to contributions made prior to May 16, 2011, the effective date of Executive Order 2011-4.

Landlord represents and warrants that from the later of (a) May 16, 2011, or (b) the date the City approached Landlord, or the date Landlord approached the City, as applicable, regarding the formulation of this Lease, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

Landlord agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

Landlord agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 2011-4 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 2011-4.

Notwithstanding anything to the contrary contained herein, Landlord agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this Lease or violation of Mayoral Executive Order No. 2011-4 constitutes a breach and default under this Lease, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this Lease, and under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Landlord intentionally violates this provision or Mayoral Executive Order No. 2011-4 prior to the Closing, the City may elect to decline to close the transaction contemplated by this Lease.

For purposes of this provision:

(a) "Bundle" means to collect contributions from more than one source, which contributions are then delivered by one person to the Mayor or to his political fundraising committee.

(b) "Other Contract" means any other agreement with the City to which Landlord is a party that is (i) formed under the authority of Chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council.

(c) "Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

(d) Individuals are "domestic partners" if they satisfy the following criteria:

(i) they are each other's sole domestic partner, responsible for each other's common welfare; and

(ii) neither party is married; and

(iii) the partners are not related by blood closer than would bar marriage in the State of Illinois; and

(iv) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and

(v) two of the following four conditions exist for the partners:

(1) The partners have been residing together for at least 12 months.

(2) The partners have common or joint ownership of a residence.

(3) The partners have at least two of the following arrangements:

(A) joint ownership of a motor vehicle;
(B) joint credit account;
(C) a joint checking account;
(D) a lease for a residence identifying both domestic partners as Landlords.

(4) Each partner identifies the other partner as a primary beneficiary in a will.

(e) "Political fundraising committee" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

14.4 Waste Ordinance Provisions. In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Landlord warrants and represents that it, and to the best of its knowledge, its contractors and subcontractors, have not violated and are not in violation of any provisions of Section 7-28 or Section 11-4 of the Municipal Code (the "Waste Sections"). During the period while this Lease is executory, Landlord's, any general contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Lease, constitutes a breach of and an event of default under this Lease, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Commissioner of the Department of Fleet and Facility Management. Such breach and default entitles the City to all remedies under the Lease, at law or in equity. This section does not limit Landlord's, general contractor's and its subcontractors' duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Lease. Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Lease, and may further affect the Landlord's eligibility for future contract awards.

14.5 Failure to Maintain Eligibility to do Business with City. Failure by Landlord or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code of Chicago shall be grounds for termination of this Lease and the transactions contemplated thereby. Landlord shall at all times comply with Section 2-154-020 of the Municipal Code of Chicago.

14.6 Cooperation with Office of Inspector General. It is the duty of Landlord and any bidder, proposer, contractor, subcontractor, and every applicant for certification of eligibility for a City contract or program, and all officers, directors, agents, partners, and employees of any such grantee, subgrantee, bidder, proposer, contractor, subcontractor or such applicant to cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code. Landlord represents and warrants that it understands and will abide by all provisions of Chapter 2-56 of the Municipal Code and that Landlord will inform its contractors and subcontractors of this provision and require their compliance.

14.7 2014 Hiring Plan Prohibitions.

(a) The City is subject to the June 16, 2014 "City of Chicago Hiring Plan", as amended (the "2014 City Hiring Plan") entered in Shakman v. Democratic Organization of Cook County, Case No 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the 2014 City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(b) Landlord is aware that City policy prohibits City employees from directing any individual to apply for a position with Landlord, either as an employee or as a subcontractor, and from directing Landlord to hire any individual as an employee or as a subcontractor. Accordingly, Landlord must follow its own hiring and contracting procedures, without being influenced by City or City employees. Any and all personnel provided by Landlord under this Lease are employees or subcontractors of Landlord, not employees of the City. This Lease is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by Landlord.

	South Kostner Avenue, a "Stop" sign would be unexpected for motorists and can lead to increased safety concerns. CDOT does not recommend installing an "All-Way Stop" sign at this intersection. CDOT will conduct a traffic study at this intersection and provide alternative recommendations (17-047606810);
29	North Rutherford Avenue and West Wabansia Avenue -- "All-Way Stop" sign, stopping all approaches (17-04703430);

To the President and Members of the City Council:

Your Committee on Pedestrian and Traffic Safety begs leave to recommend that Your Honorable Body *Do Not Pass* the sundry proposed ordinances and orders submitted herewith which were referred to the Committee on Pedestrian and Traffic Safety concerning traffic regulations and traffic signs, et cetera, as follows:

Parking Prohibited At All Times -- Disabled:

Ward	Location
50	6620 North Campbell Avenue -- Disabled Parking Permit Number 106182;
50	6507 North Kedzie Avenue -- Disabled Parking Permit Number 111858;
50	6414 North Mozart Street -- Disabled Parking Permit Number 111860.

Residential Permit Parking Zones:

Ward	Location
35	2000 -- 2999 North Keeler Avenue -- residential permit parking zone. Not recommended.
35	4300 -- 4399 North Hamlin Avenue -- residential permit parking zone. Not recommended.

Amend Single Direction:

Ward	Location
8	East 86th Place: amend single direction -- easterly. Not recommended. Request withdrawn by alderman.

Tow-Away Zone:

Ward	Location
42	8 East Randolph Street: no parking tow-away zone. Not recommended. No City Council action necessary. "No Parking Tow-Away Zone" signs have been installed (16-07153558).

Traffic Warning Signs And/Or Signals:

Ward	Location
2	175 East Chestnut Street: "Stop" sign -- install at the pedestrian walkway at 175 East Chestnut Street. Not recommended. There is an existing mid-block crosswalk located outside of 175 East Chestnut Street. Due to the crosswalk location's vicinity to the traffic signal at North Michigan Avenue and East Chestnut Street, a "Stop" sign would be unexpected for motorists and can

Ward	Location
	lead to increased safety concerns. CDOT does not recommend an "All-Way Stop" sign at this location because it can increase rear-end crashes, increase congestion, and create a false sense of security for pedestrians that every vehicle will stop. Additionally, due to the multi-lane approach and location of curb line, "Stop" signs may not be visible at this intersection. CDOT does not recommend a "Stop" sign at this location (17-04758453);
5	South Kenwood Avenue and East 55th Street: "All-Way Stop" sign. Not recommended. East 55th Street is a collector roadway with significantly higher traffic volumes than South Kenwood Avenue. Due to the curvature of East 55th Street, a "Stop" sign would be unexpected for motorists and would likely increase congestion, rear-end crashes, and create a false sense of security for pedestrians that every vehicle will stop. CDOT does not recommend installing an "All-Way Stop" sign at this intersection (17-04631442);
12	West Pershing Road and South Spaulding Avenue: "All-Way Stop" sign. Not recommended. West Pershing Road is a minor arterial with significantly higher traffic volumes than South Spaulding Avenue. "Stop" signs on streets with higher volumes such as West Pershing Road tend to increase rear-end crashes, increase congestion, and create a false sense of security for pedestrians that every vehicle will stop. Additionally, stop compliance is particularly low at T-intersections. CDOT does not recommend installing an "All-Way Stop" sign at this intersection (17-05168604);
13	West 59th Street and South Narragansett Avenue: "All-Way Stop" sign. Not recommended. South Narragansett Avenue is a collector roadway and has significantly higher volume than West 59th Street. A "Stop" sign would be unexpected for motorists and would likely increase congestion, rear-end crashes, and create a false sense of security for pedestrians that every vehicle will stop. CDOT does not recommend an "All-Way Stop" sign at this location and has already recommended alternatives to stop signs in order to improve safety at this intersection (16-06838315);
13	West 59th Street and South Karlov Avenue: "Two-Way Stop" sign, stopping east- and westbound traffic on West 59th Street. Not recommended. West 59th Street is a collector roadway and has significantly higher volume than South Karlov Avenue. Due to the intersection's proximity to the traffic signal at West 59th Street and South Pulaski Road, a "Stop" sign would be unexpected for motorists and can lead to increased safety concerns. CDOT

Ward Location

does not recommend an "All-Way Stop" sign at this location because it can increase rear-end crashes, increase congestion, and create a false sense of security for pedestrians that every vehicle will stop. CDOT does not recommend an "All-Way Stop" sign at the intersection of West 59th Street and South Karlov Avenue (17-02784705);

13 West 59th Street and South Kildare Avenue: "Two-Way Stop" sign, stopping east- and westbound traffic on West 59th Street at South Kildare Avenue. Not recommended. West 59th Street is a major collector roadway with significantly higher traffic volume than South Kildare Avenue, a one-way southbound residential street. "Stop" signs on streets with high volumes such as West 59th Street tend to increase rear-end crashes, increase congestion, and create a false sense of security for pedestrians that every vehicle will stop. CDOT does not recommend installing an "All-Way Stop" sign at this intersection (17-05148624);

16 West 55th Street and South Francisco Avenue: "Two-Way Stop" sign. Not recommended. West 55th Street is a minor arterial with significantly higher traffic volumes than South Francisco Avenue, a one-way local road. "Stop" signs on streets with high volumes such as West 55th Street tend to increase rear-end crashes, increase congestion, and create a false sense of security for pedestrians that every vehicle will stop. CDOT does not recommend a "Stop" sign at West 55th Street and South Francisco Avenue. CDOT has conducted a traffic study, and the letter was sent to the alderman's office on August 7, 2017 (16-07026094).

These *Do Not Pass* recommendations were concurred in by all members of the committee present, with no dissenting votes.

Respectfully submitted,

(Signed) WALTER BURNETT, JR.,
Chairman.

"**408.11 Special Services**

(A) General. A special service switchboard or switchgear is defined as a switchboard or switchgear with a single disconnecting means having a frame rating in excess of 1200 amperes, or a sequence service switchboard where the sum of the frame sizes exceeds 1200 amperes. The following installation and construction shall apply to special service switchboards.

Informational Note: See 230.70 for permissible location(s) of the service disconnecting means.

(B) Drawing Submittal. The switchboard manufacturer who builds or assembles the special service equipment shall submit three sets of detailed drawings of the proposed equipment to the utility supply company. Upon acceptance, the utility shall retain one copy, stamp their acceptance and the available fault current, and forward them to the authority having jurisdiction.

The authority having jurisdiction shall review the drawings and notify the applicant of any changes, corrections, additions, or deletions required for approval. No switchboard shall be delivered or installed until the switchboard manufacturer has received approval from the authority having jurisdiction.

(C) Switchboard Rooms. The special service equipment shall be installed in a dedicated room of fire-resistant construction, accessible only to qualified persons. Where subject to possible flooding, such as below grade, sump pumps shall be provided and floor mounted switchboards shall be installed on a concrete pad a minimum of 102 mm (4 in.) above the nominal floor level.

Switchboard rooms containing equipment rated 3000 amperes or greater shall have two or more means of egress. Egress personnel doors shall be equipped with suitable listed hardware to provide egress from the room.

(D) Ability to Withstand Fault Current. Such special service equipment shall be so designed, constructed, and assembled that it is capable of withstanding and interrupting the available fault current without damage to itself or its related equipment.

(E) Identification. All service and feeder disconnecting means shall be prominently

identified by permanent means in accordance with 110.22.

(F) Barriers. All unprotected service bus shall be barriered or insulated to isolate the service busbars and terminals from the remainder of the switchboard. The exposed live or unprotected bus necessary to connect the line side of each switch shall be permitted to be un-isolated. The utility current transformers shall be in a barriered section conforming to the utility supply company requirements.

(G) Disconnecting Link. A disconnecting link shall be provided on the line side of the service switch or circuit breaker in the grounded conductor. Such link shall be located in the service switch or circuit breaker enclosure. In sequence switchboards, where each switch is permitted to have its own neutral disconnecting link, the location of the disconnecting link shall be provided on the switchboard cover.

(H) Bus Ampacity.

(1) Service entrance conductors and bus work on the line side of the service entrance switch(es) or circuit breaker(s) shall have an ampacity sufficient to carry the load supplied but shall not be less than 80% of the total rating of the service switch(es) or the frame size of the circuit breaker or breakers.

(2) When 100% rated switches or circuit breakers are used as the service disconnecting means, service entrance conductors and bus work shall have a rating of not less than 100% of the total rating of the service switch(es).

(3) Each switch or circuit breaker of the assembly shall be supplied by bus having an ampacity equal to the full rating of the switch or circuit breaker.

(I) Smallest Size Switch. Switches or circuit breakers need not be the same size; however, no switch or circuit breaker is permitted to be smaller than 400 amperes.

Exception No. 1: For a small emergency lighting load a switch sufficient in size for the load shall be permitted to be used. Such switch shall be mounted in the switchboard and shall be considered one of the six service disconnects.

Exception No. 2: On a sequence switchboard where the sum of the switches does not exceed 2400 amperes, 200 amperes shall be the minimum frame size.

(J) Maximum Electrical AC Service Size. The ampacity of any switchboard, switchgear or electrical ac service shall be limited to 4000 amperes. The maximum rating of any service disconnecting means shall be 3000 amperes. In a sequence service, which is a service with up to six disconnects, the sum of the disconnecting means shall not exceed 5000 amperes and no single disconnect shall exceed 3000 amperes. If the capacity requirements of an installation exceeds 4000 amperes, provisions for two or more electrical ac services shall be made.

(K) Complete Metal Enclosure. The switchboard or switchgear shall have a complete metal enclosure including bottom plates.

Exception: The bottom plates shall be permitted to be omitted when the switchboard is installed in a dedicated room of fire-resistant construction on a concrete pad where there is no opening between the walls of the switchboard and the pad. The conduit entries

shall conform to 408.5 and shall be bonded as required by 250.94.

(L) Conduit Entries. All conduit entries to the ac service switchboard or switchgear shall have bonding bushings and their straps shall terminate on the bonding bus. Conduit entries to the switchboard or switchgear enclosure shall not be made within 10 in. of any live switchboard bus. Service entrance raceways shall enter the switchboard only in the service switch, cable transition, or current transformer sections. No other conductors shall pass through these sections. Feeder conduits and conductors shall terminate in the switchboard section from which they are supplied.

(M) Header Boxes. Header boxes shall contain not more than 30 conductors at any cross section and shall comply with 314.28(B). All header boxes shall be of the same construction as the switchboard.

(N) Bottom Boxes.

(1) Concrete gutters or trenches under switchboards or switchgear shall not be permitted.

(2) An under-switchboard or switchgear trench or gutter, in a dry location, lined with metal of the proper gauge to form an approved bottom box, and which is properly bonded to the switchboard or switchgear to form a complete enclosure shall be permitted. All conduit entries to this bottom box shall comply with (I) of this subsection.

Informational Note: A concrete slab in contact with the earth, or on the lowest level of a building is not a dry location.

(3) Where a bottom box is allowed in a wet location, the installation is subject to special review by the authority having jurisdiction. Complete drawings of the installation shall be submitted with the switchboard submittal, along with a request for special permission. A means to drain any accumulated moisture shall be provided.

(O) Maintenance. Required maintenance for special service equipment shall conform to 408.4."

Part III. Branch-Circuit, Feeder, and Service Calculations

560.8 Scope. 560.9 to 560.21 provide the requirements for computing branch-circuit, feeder, and service loads.

560.9 Calculations.

(A) Voltages. Unless other voltages are specified, for purposes of computing branch-circuit and feeder loads, nominal system voltages of 120, 120/240, 208Y/120, and 240 volts shall be used.

(B) Fractions of an Ampere. Except where computations result in a fraction of an ampere 0.5 or larger, such fractions shall be permitted to be dropped.

560.10 Computation of Branch Circuit Loads. Branch-circuit loads shall be computed as shown in (A) and (B) of this section.

(A) Lighting Load. A unit load of not less than 3VA shall constitute the minimum lighting load for each square foot of floor area. The floor area for each floor shall be computed from the outside dimensions of the building, dwelling unit, or other area involved. The computed floor area shall not include open porches, garages, or unused or unfinished spaces not adaptable for future use.

(B) Other Loads. The minimum load for each outlet for general-use receptacles and outlets not used for general illumination shall not be less than that computed in (1) through (5) of this subsection, the loads shown being based on nominal branch-circuit voltages.

(1) Specific Appliances or Loads. An outlet for a specific appliance or other load not covered in (2) through (5) of this subsection shall be computed based on the ampere rating of the appliance or load served.

(2) Electric Dryers and Household Electric Cooking Appliances. Load computations shall be permitted as specified in 560.18 for electric dryers and 560.19 for electric ranges and other cooking appliances.

(3) Motor Loads. Outlets for motor loads shall be computed in accordance with the requirements in 430.22 and 430.24 and Article 440.

(4) Recessed Lighting Fixtures. An outlet supplying recessed lighting fixture(s) shall be computed based on the maximum volt-ampere rating of the equipment and lamps for which the fixture(s) is rated.

(5) Dwelling Occupancies. In one-family, two-family, and multifamily dwellings and in guest rooms of hotels and motels, the outlets specified in (a), (b), and (c) of this subsection are included in the general lighting load calculations of 560.9. No additional load calculations shall be required for such outlets.

a. All general-use receptacle outlets of 20-ampere rating or less, including receptacles connected to the circuits in 560.5(C)(3).

b. The receptacle outlets specified in 560.6(E) and (G).

c. The lighting outlets specified in 560.7(A) and (B).

560.11 Maximum Loads. The total load shall not exceed the rating of the branch circuit and it shall not exceed the maximum loads specified in (A) through (C) of this section, under the conditions specified therein.

(A) Motor-Operated and Combination Loads. Where a circuit supplies only motor-operated loads, Article 430 shall apply. Where a circuit supplies only air-conditioning equipment, refrigerating equipment, or both, Article 440 shall apply. For circuits supplying loads consisting of motor-operated utilization equipment that is fastened in place and that has a motor larger than ⅛ hp in combination with other loads, the total computed load shall be based on 125 percent of the largest motor load plus the sum of the other loads.

(B) Inductive and LED Lighting Loads. For circuits supplying lighting units that have ballasts, transformers, autotransformers, or LED drivers, the computed load shall be based on the total ampere ratings of such units and not on the total watts of the lamps.

(C) Range Loads. It shall be permissible to apply demand factors for range loads in accordance with Table 220.55, including Note 4.

560.12 Computed Load of Feeders and Services. The computed load of a feeder or service shall not be less than the sum of the loads on the branch circuits supplied, as determined by 560.7 through 560.10 after any applicable demand factors permitted by 560.12 through 560.20 have been applied.

560.13 General Lighting. The demand factors specified in Table 560.12 shall apply to that portion of the total branch-circuit load computed for general illumination. They shall not be applied in determining the number of branch circuits for general illumination.

*The demand factors of this table shall not apply in the computed load of feeders or services supplying areas in hotels, and motels where the entire lighting is likely to be used at one time, as in ballrooms or dining rooms.

560.14 Motors. Motor loads shall be computed in accordance with 430.22, 430.24, 430.25, and 430.26 and with 440.6 for hermetic refrigerant motor-compressors.

560.15 Fixed Electric Space Heating. Fixed electric space heating loads shall be computed at 100 percent of the total connected load; however, in no case shall a feeder or service load current rating be less than the rating of the largest branch circuit supplied.

Exception: Where reduced loading of the conductors results from units operating on duty-cycle, intermittently, or from all units not operating at one time, the authority having jurisdiction may grant permission for feeder conductors to have an ampacity less than 100 percent, provided the conductors have an ampacity for the load so determined.

560.16 Small Appliance and Laundry Loads.

(A) Small Appliance Circuit Load. In each dwelling unit, the load shall be computed at 1500 volt-amperes for each 2-wire small-appliance branch circuit required by 560.5(C)(1). Where the load is subdivided through two or more feeders, the computed load for each shall include not less than 1500 volt-amperes for each 2-wire small-appliance branch circuit. These loads shall be permitted to be included with general lighting load and subjected to the demand factors provided in Table 560.13.

Exception: The individual branch circuit permitted by 560.6(B)(1), Exception No. 2 shall be permitted to be excluded from the calculation required by 560.16.

(B) Laundry Circuit Load. A load of not less than 1500 volt-amperes shall be included for each 2-wire laundry branch circuit installed as required by 560.5(C)(2). This load shall be permitted to be included with the general lighting load and subjected to the demand factors provided in Table 560.13.

560.17 Appliance Load. It shall be permissible to apply a demand factor of 75 percent to the nameplate rating load of four or more appliances fastened in place, other than electric ranges, clothes dryers, space-heating equipment, or air-conditioning equipment, that are served by the same feeder or service in a one-family, two-family, or multifamily dwelling.

560.18 Electric Clothes Dryers. The load for household electric clothes dryers in a dwelling unit(s) shall be 5000 watts (volt-amperes) or the nameplate rating, whichever is

larger, for each dryer served. The use of the demand factors in Table 220.54 shall be permitted. Where two or more single-phase dryers are supplied by a 3-phase, 4-wire feeder or service, the total load shall be computed on the basis of twice the maximum number connected between any two phases. Kilovolt-amperes (kVA) shall be considered equivalent to kilowatts (kW) for loads computed in this section.

560.19 Electric Ranges and Other Cooking Appliances. The demand load for household electric ranges, wall-mounted ovens, counter-mounted cooking units, and other household cooking appliances individually rated in excess of 1¾ kW shall be permitted to be computed in accordance with Table 220.55. Kilovolt-amperes (kVA) shall be considered equivalent to kilowatts (kW) for loads computed in this section.

Where two or more single-phase ranges are supplied by a 3-phase, 4-wire feeder or service, the total load shall be computed on the basis of twice the maximum number connected between any two phases.

560.20 Noncoincident Loads. Where it is unlikely that two dissimilar loads will be in use simultaneously, it shall be permissible to omit the smaller of the two loads(s) in computing the total load of a feeder or service.

560.21 Feeder or Service Neutral Load.

(A) Basic Calculation. The feeder or service neutral load shall be the maximum unbalance of the load determined by this article. The maximum unbalanced load shall be the maximum net calculated load between the neutral conductor and any one ungrounded conductor.

Exception: For 3-wire, 2-phase or 5-wire, 2-phase systems, the maximum unbalanced load shall be the maximum net calculated load between the neutral conductor and any one ungrounded conductor multiplied by 140 percent.

(B) Permitted Reductions. A service or feeder supplying the following loads shall be permitted to have an additional demand factor of 70 percent applied to the amount in 560.21(B)(1) or portion of the amount in 560.21(B)(2) determined by the following basic calculations:

(1) A feeder or service supplying household electric ranges, wall-mounted ovens, counter-mounted cooking units, and electric dryers, where the maximum unbalanced load has been determined in accordance with Table 220.55 for ranges and Table 220.54 for dryers

(2) That portion of the unbalanced load in excess of 200 amperes where the feeder or service is supplied from a 3-wire dc or single-phase ac system; or a 4-wire, 3-phase system; or a 3-wire, 2-phase system; or a 5-wire, 2-phase system

(C) Prohibited Reductions. There shall be no reduction of the neutral or grounded conductor capacity applied to the amount in 560.21(C)(1), or portion of the amount in (C)(2), from that determined by the basic calculation:

(1) Any portion of a 3-wire circuit consisting of 2 ungrounded conductors and the neutral conductor of a 4-wire, 3-phase, wye-connected system

(2) That portion consisting of nonlinear loads supplied from a 4-wire, wye-connected, 3-phase system

Informational Note: A 3-phase, 4-wire, wye-connected power system used to supply power to nonlinear loads may necessitate that the power system design allow for the possibility of high harmonic neutral-conductor currents

(C) Drawing. A sketch, or engineer's drawings where required by this *Code*, shall accompany each permit application. The sketch or drawing shall show complete and detailed information of the construction and installation of the sign.

(D) Design Values. The values listed in Tables 600.90(A) and (B) are minimum and are based upon an elevation of not more than 3.7 m (12 ft) above the surrounding grade or ground level to the bottom of the sign. The dimensions of the sign shall be such that a ratio between the two dimensions of the sign shall not exceed two to one. The distance between the center line of the support and the sign edge shall not exceed 750 mm (30 in.) for projecting signs. Deviation from the provisions of this section may be permitted by special permission, provided drawings are submitted from a structural engineer licensed to practice in the State of Illinois. All primary sources shall have a high degree of reliability and be capable of carrying indefinitely the sum of the locked-rotor current of the fire pump motor(s) and the full-load current of the associated fire pump controller accessory equipment. These power sources, where required, shall be arranged so that a fire at one source will not cause an interruption at the other source.

Buildings having no required emergency system or only a System III emergency system, shall not be required to have a secondary source of power for the fire pump.

Informational Note: See Table 700.5 for Emergency Systems Required.

(A) Primary Source. Primary power shall be supplied by a separate, independent service with no disconnect, other than at the fire pump controller, from one of the following sources:

(1) Utility Service. Power shall be provided by a separate and independent utility service or, where special permission is obtained in writing from the authority having jurisdiction, an approved off-site primary electrical generating facility in common ownership with the building location of fire pump installation.

(2) On-Site Generation. Power shall be supplied by an approved primary power on-site generator conforming to the following:

(a) The generator room and associated main distribution room shall be enclosed in separate rooms having 3-hour fire rated construction.
(b) All openings into these rooms shall be protected by 3 hour (A-label) opening protective assemblies.

Where primary sources as described in 695.3(A) are not practicable and with special permission, two or more feeder sources shall be permitted as one power source where such feeder sources are connected to or are derived from separate utility services. The connection(s), overcurrent protective device(s), and disconnecting means for such feeders shall meet the requirements in 695.4(B)(1) or (B)(2), as applicable.

(4) Conditions. Whenever a secondary source is required by 695.3(B)(1) or (B)(2), all related following conditions shall be met:

(a) In addition to the required connected emergency loads, the generator, or other emergency source where allowed, is sized to carry indefinitely the sum of the locked-rotor current of the fire pump motor(s) and the full-load current of the associated fire pump controller accessory equipment.
(b) The fire pump feeder is served by a disconnect switch separate from all required emergency loads.
(c) The fire pump feeder is protected by overcurrent protection sized to carry indefinitely the sum of the locked-rotor current of the fire pump motor(s) and the full load current of

the associated fire pump controller accessory equipment.
(d) The disconnect serving the fire pump shall be lockable in the closed position and be supervised as in 695.4(B)(5).

(5) Arrangement. The power sources shall be arranged so that a fire at one source will not cause an interruption at the other source.

Exception No. 1 to 695.3(B): An on-site or standby generator used to comply with this section shall be of sufficient capacity to allow normal starting and running of the motor(s) driving the fire pump(s) while supplying all other loads simultaneously operated load. Automatic shedding of one or more optional standby loads in order to comply with this capacity requirement shall be permitted. A tap ahead of the on-site generator disconnecting means shall not be required.

Exception No. 2 to 695.3(B): Where each electric motor-driven fire pump is provided with an approved parallel redundant engine-driven fire pump, which will automatically start upon failure of the electric motor-driven fire pump to start, the requirement for a secondary source of power shall be satisfied."

2. Revise subsection 695.4(B)(3)(e) to read:

"*Supervision.* The disconnecting means shall be supervised in the closed position by both of the following methods:

(a) Local signaling service that will cause the sounding of an audible signal at a constantly attended point
(b) Supervision by a required fire alarm system, when such system serves the building."

3. Delete subsection 695.4(B)(3)(f).

4. Revise section 695.6 by replacing the first sentence and subsection (A) with the following, and renumbering subsections (B) through (J) as (C) through (K), respectively:

"**Power Wiring.** Power circuits and wiring methods shall comply with the requirements in 695.6(A) through (K), and as permitted in 230.90(A), Exception No. 4; 230.94, Exception No. 4; 240.13; 230.208; 240.4(A); and 430.31.

The conductors for the primary and secondary sources shall be separate and routed to maintain this separation. The supply conductors for the primary and secondary sources shall connect directly to a listed fire pump transfer switch.

(A) Service Conductors. Supply conductors shall be physically routed outside of all buildings and shall be installed as service entrance conductors in accordance with Article 230.

(1) Underground. These conductors shall be installed in conformance with Chapter 3.

(2) Overhead. Overhead service conductors shall comply with this *Code* and in addition shall comply with the following:

(a) Conductors shall not pass over any combustible structure or material
(b) Conductors shall not be attached to any combustible surface or material
(c) Conductors shall not be attached to or run over any point of a building which is

above an opening not protected by a labeled fire door, labeled fire window or labeled fire damper.

Where supply conductors cannot be physically routed outside buildings, they shall be permitted to be routed through building(s) where installed in accordance with Condition No. 1 or Condition No. 2 of 230.6. Where a fire pump is wired under the provisions of 695.3(B)(2), this requirement shall apply to all supply conductors on the load side of the service disconnecting means that constitute the normal source of supply to that fire pump.

Exception: Where there are multiple sources of supply with means for automatic connection from one source to the other, the requirement shall only apply to those conductors on the load side of that point of automatic connection between sources.

(B) Circuit Conductors. Fire pump supply conductors on the load side of the final disconnecting means and overcurrent device(s) permitted by 695.4(B) shall be kept entirely independent of all other wiring. They shall only supply loads that are directly associated with the fire pump system, and they shall be protected to resist potential damage by fire, structural failure, or operational accident.

They shall be permitted to be routed through building(s) encased in 50 mm (2 in.) of concrete or within enclosed construction dedicated to the fire pump circuit(s) and having a minimum of a 2-hour fire resistance rating, or they shall be permitted to be within electrical circuit protective systems listed to meet UL 1724 with a minimum of 2-hour fire resistance. The installation shall comply with any restrictions provided in the listing of the electrical circuit protective system used."

A device used to set normally dimmed or normally-off switched emergency lighting equipment to full power illumination levels in the event of a loss of the normal supply by bypassing the dimming/switching controls, and to return the emergency lighting equipment to normal status when the device senses the normal supply has been restored.

Informational Note: See ANSI/UL 924, *Emergency Lighting and Power Equipment*, for the requirements covering automatic load control relays.

700.3 General. The provisions of this article shall be in addition to or amendatory of those set forth in Chapters 1 through 4 of this *Code*. Emergency and exit lighting systems shall not be intermingled with any other wiring system in the building except as otherwise allowed in this article.

700.4 Plan Submittal Procedure. No work shall start on the exit and emergency lighting systems before approved by the authority having jurisdiction.

In addition to any other information required by the authority having jurisdiction, the plans shall indicate:

(a) The location of all exit and emergency lights on scaled floor plans of a scale not less than ⅛ in. = 1 ft.

(b) The location of all normal lights in areas with exit and emergency lights.

(c) A single line drawing of the emergency service and distribution showing sizes of conduit, conductors, switches, and overcurrent devices.

(d) Connected load of all branch circuit panels.

(e) Information relative to generators as required in Section 701.6.

Exception No. 1: In new buildings, when the first tenant is entering a space, it shall not be necessary to submit the information required in (c) through (e) above, provided each plan indicates the reviewed plan number on which the information was previously submitted.

Exception No. 2: It shall be the responsibility of the plan applicant to determine the adequacy of an existing emergency service and distribution. The details of this service and distribution, in (c) above, need not be shown when it is stated by the submitter that the existing emergency system is in conformance with this chapter. However, the drawings shall indicate the measured connected load for the affected emergency branch circuit panels, and the connected load for all additional circuits being altered or installed.

Part II. Emergency System Requirements

700.5 Type of Emergency Systems Required. The type of emergency system (I, II, or III) provided in buildings shall be as indicated in Table 700.5, except an existing occupancy with a type III or better system permitted under an earlier version of this *Code* may continue to use that system. All required emergency lights, exit, directional, stairway and fire escape signs in these buildings shall be supplied from the emergency system as required in this Article.

[4] For the purposes of this Table use of any room or space for assembly purposes by less than 50 persons in a building having other uses, and incidental to such other use, shall be classed as part of the other use and subject to the provisions applicable thereto.

[5] The second source of current supply shall be an on-site generator or a battery system.

[6] See 700.30.

[7] The auxiliary source of current supply shall be from an on-site diesel generator. This shall apply to all buildings 91 m (300 ft) and over unless the building requires a System I under other uses.

[8] Any building or space in this category where fixed seating is provided for the public or the occupants of the building during any performance or meeting shall be provided with a System I emergency system where having capacity for more than 300 persons and shall be provided with aisle lighting where having capacity for more than 150 persons. In buildings with multiple spaces containing fixed seats, the classification of the Emergency system shall be based on the total number of seats in the building. The aisle lighting requirement shall be based on the number of seats in each space.

[9] Where System III is required, a System I or II may be installed. Where System II is required, a System I may be installed.

[10] It is impossible to list each specific type of use and therefore some of the classifications are general. If there is any doubt concerning a particular building or use, consult the authority having jurisdiction.

700.6 Illumination Required.

(A) General. In general, every portion of a building devoted to the use or accommodation of occupants, including all assembly rooms, all means of egress leading to the streets, open courts, corridors, stairways, exits, emergency exit stairways, or any other part of the building used by occupants, shall be well illuminated in accordance with requirements for general illumination.

(B) Emergency. In addition, there shall be emergency illumination as required by 700.11 to enable occupants to evacuate the building without difficulty upon failure of the general illumination system. The emergency illumination shall be available within the time required for the application but not to exceed 10 seconds.

The required emergency lighting and exit lighting systems shall be functional whenever the

building is occupied.

Emergency lighting systems shall be designed and installed so that the failure of any individual lighting element, such as the burning out of a light bulb, cannot leave in total darkness any space that requires emergency illumination.

Exception: Except as allowed in 700.66(C)(6).

Where high-intensity discharge lighting such as high- and low-pressure sodium, mercury vapor, and metal halide is used as the sole source of normal illumination, the emergency lighting system shall be required to operate until normal illumination has been restored.

Exception No. 1: In residential buildings, emergency fixtures which illuminate areas of a building with unobstructed natural illumination shall be permitted to be controlled by photocell(s). The photocell shall be permitted to control multiple fixtures as long as the photocell and the fixtures are located in the area with the natural illumination insuring that the illumination required in 700.11 is present in the space at all times.

Exception No. 2: In buildings with not more than 12 dwelling units and not greater than 4 stories above grade, with open exterior means of egress, emergency illumination shall not be required on the exterior portion of the means of egress, where sufficient general illumination is present. Similar buildings with more than 12 dwelling units or greater than four stories above grade may only omit exterior emergency illumination with special permission.

(C) Source. All buildings requiring emergency illumination as stated in 700.5 shall not rely solely upon electric utility power as a source.

Such buildings shall have an emergency system as called for in Table 700.5. In addition, if the auxiliary source is one of the sources listed in 700.33(A) through (G), an additional on-site source of power for the emergency lighting and exit lighting systems shall be required. This source of power shall be permitted to be:

(1) A generator in conformance with 700.33(H)
(2) An inverter system installed in accordance with 700.33(I)
(3) Unit batteries conforming to 700.30(C), 700.43, and 700.44

All unit battery equipment shall comply with 700.66.

700.7 Expositions Halls, Schools, and Theaters.

(A) General. In the auditorium of a theater, school, or exposition building there shall be a sufficient number of emergency lighting outlets properly distributed to provide one foot-candle of illumination at all points on the floor area. In all parts of the building used by the occupants, alternate emergency lighting outlets shall be supplied through separate circuits.

(B) Aisle Lighting. Additional lighting outlets of an approved type on the emergency lighting system shall be placed in the aisles of an auditorium with fixed seats, as follows:

(1) Where the aisles are smooth running ramps, aisle lighting outlets shall be placed at a minimum of every third row of seats.
(2) In aisles in which there are steps, aisle lighting outlets shall be placed so as to illuminate each step.

(3) Aisle lighting outlets on the opposite sides of an aisle shall be supplied through separate branch circuits.
(4) Where aisle lighting outlets are only on one side of the aisle, alternate lights shall be on separate branch circuits.
(5) Other listed systems which provide equivalent illumination shall be permitted. Such systems shall be supplied by more than one circuit so that the loss of a circuit would not leave the aisle or steps completely without illumination.

Exception No.1: Auditoriums with a capacity for 150 or fewer persons shall not be required to have additional aisle lighting outlets where there is an unobstructed direct line of sight to identified exits or exit corridors and all other required emergency illumination is present.

Exception No. 2: Where the fixed seating is of the type that can be reassembled for various layouts and the theater intends to change the layout for various performances, a flexible wiring method for aisle lighting shall be permitted where:

(1) The aisle lighting system complies with 700.7(B)
(2) All associated aisle lighting cords are listed as "extra- hard usage"
(3) All associated aisle lighting cord plug and receptacle connections are twist lock
(4) All associated aisle lighting cords are of the minimum length needed for flexibility
(5) Additional strain relief is provided around all associated aisle lighting cord and receptacle connections
(6) The point of connection to the permanent emergency system is visibly identified and of the type that will not accept standard straight blade plugs

A permit and inspection are required for all reconfiguration of seating prior to use.

Informational Note: This flexible allowance for aisle lighting is not intended and shall not be permitted as a permanent wiring method.

(C) Additional Locations. In addition to requirements of 700.7(A), emergency lighting shall be provided:

(1) In the projection booth
(2) At the lighting service equipment
(3) At the stage lighting control equipment
(4) In the room that contains the emergency lighting generator or the batteries

700.8 Hospitals. Where a System I is required, permanently connected emergency lights and the ungrounded electrical system (if installed) shall be supplied from the final reserve source of current supply in addition to the general lighting in all critical and special care areas. The final reserve source of current supply shall be a diesel generator in conformance with 700.33(H).

The emergency lights shall be adequate to illuminate these rooms for their normal use, and shall be completely separate from the general wiring systems. Switches to turn emergency lights "OFF" when a room is not in use shall be permitted to be installed for each individual room.

Informational Note: See Article 517 - Health Care Facilities.

700.9 Tenant Spaces in Multi-Use or Multi-Space Buildings. Emergency lighting shall be provided within a tenant space, other than a dwelling unit, exceeding 93 m^2 (1,000 ft^2) in any building in which emergency lighting is required.

Exception No. 2: Approved unit battery equipment shall be permitted for the emergency illumination and exit signs in existing buildings 91 m (300 ft) and over that contain dwelling units provided that such equipment was installed prior to February 7, 2000.

Informational Note No. 1: The above exceptions do not relieve other *Code* requirements regarding elevators, sump pumps, fire alarms systems, etc.

Informational Note No. 2: See Section 13-76-080 of the *Chicago Building Code*.

All paths of egress that serve the dwelling units, or are common to both the dwelling units and other spaces in mixed occupancy buildings, shall meet the emergency illumination requirements of this subsection.

Part III. Approved Auxiliary Sources

(2) The auxiliary source of current supply is from a different pole and is by separate drop, service conduit, and equipment as widely separated from the normal source of current supply as physical conditions permit.

(C) Separate Transformers. When the normal lighting and power supply is alternating current from separate transformers:

(1) The auxiliary source of current supply shall be permitted to be from an approved transformer or transformers within the building and supplied from the power service.

(2) The current supply to the transfer switch shall be taken from the first distribution point on the load side of the light and power service switches.

(D) Underground Network System. Where the source of current supply is common to both light and power and is a utility-supplied underground, 3 phase, network system fed from two or more generating or substations, the auxiliary source of current supply shall be permitted to be a separate service from the utility supplied underground network system. A transfer switch shall not be required.

(E) Spot Network. The auxiliary source of current supply shall be permitted to be a separate service where the source of current supply is common to both light and power, and is what is known as a "spot network" having:

(1) Two separate primaries
(2) Two utility company transformers

to those of a Residential-Business Planned Development which is hereby established in the area above described, subject to such use and bulk regulations as are set forth in the Plan of Development herewith attached and made a part thereof and to no others.

SECTION 3. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development Statements referred to in this ordinance read as follows:

Residential-Business Planned Development No. _____.

Planned Development Statements.

1. The area delineated herein as Residential-Business Planned Development Number _____ ("Planned Development") consists of approximately 41,596 square feet of property which is depicted on the attached Planned Development Boundary and Property Line Map ("Property"). MP 158-174 Ada LLC is the "Applicant" for this Planned Development pursuant to authorization from the Properly owners.

2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and, if different than the Applicant, the legal titleholder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance (the "Zoning Ordinance"), the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400 of the Zoning Ordinance.

3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Chicago Department of Transportation ("CDOT") on behalf of the Applicant or its successors, assigns or grantees.

   Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the plans.

   Ingress or egress shall be pursuant to the plans and may be subject to the review and approval of the Department of Planning and Development ("DPD") and CDOT. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of CDOT.

   All work proposed in the public way must be designed and constructed in accordance with CDOT Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Prior to the issuance of any Part II Approval, the submitted plans must be Approved by CDOT.

4. This plan of development consists of these 17 Statements; a Bulk Regulations and Data Table and the following exhibits and plans attached hereto prepared by Brininstool + Lynch and dated August 17, 2017 (the "Plans"): an Existing Zoning Map; an Existing Land-Use Map; a Planned Development Property and Boundary Line Map; a Site Plan; a Landscape/Green Roof Plan and Building Elevations (North, South, East and West). In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereof, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Zoning Ordinance, this Planned Development ordinance shall control.

5. The following uses are permitted in the area delineated herein as a Business Planned Development: dwelling units above the ground floor, non-accessory parking (up to 45 percent pursuant to Section 17-10-0503), incidental and accessory uses and accessory parking.

6. On-premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of DPD. Off-premises signs are prohibited within the boundary of the Planned Development.

7. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

8. The maximum permitted floor area ratio (FAR) for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purpose of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations and Data Table has been determined using a net site area of 41,596 square feet and a base FAR of 5.0.

   The Applicant acknowledges that the project has received a bonus FAR of 1.2, pursuant to Section 17-4-1000 of the Zoning Ordinance. With this bonus FAR, the total FAR for the Planned Development is 6.2. In exchange for the bonus FAR, the Applicant is required to make a corresponding payment, pursuant to Sections 17.4-1003-B and C, prior to the issuance of the first building permit for any building in the Planned Development; provided, however, if the Planned Development is constructed in phases, the bonus payment may be paid on a pro rata basis as the first building permit for each subsequent new building or phase of construction is issued. The bonus payment will be recalculated at the time of payment (including partial payments for phased developments) and may be adjusted based on changes in median land values in accordance with Section 17-4-1003-C.3.

   The bonus payment will be split between three separate funds, as follows: 80 percent to the Neighborhoods Opportunity Fund, 10 percent to the Citywide Adopt-a-Landmark Fund and 10 percent to the Local Impact Fund. In lieu of paying the City directly, the Department may: (a) direct developers to deposit a portion of the funds with a sister agency to finance specific local improvement projects; (b) direct developers to deposit a portion of the funds with a landmark property owner to finance specific landmark restoration projects; or, (c) approve proposals for in-kind improvements to satisfy the Local Impact portion of the payment.

   In this case, the Applicant will contribute the Local Impact portion of the bonus payment for construction of a fieldhouse located at Skinner Park (the "Project"). The Project is located within one mile of the Planned Development site, as required by Section 17-4-1005-C. The Applicant must make such payment, or the applicable portion thereof in the case of a phased development, prior to the issuance of the first building permit for the Planned Development or applicable phase thereof. The City must enter into an intergovernmental agreement regarding the manner in which the funds will be used.

9. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by DPD. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.

10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by DPD. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.

11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.

13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.

15. The Applicant acknowledges and agrees that the rezoning of the Property from the C1-3 District to the DX-5 Downtown Mixed-Use District, and then to this Planned Development (P.D.), triggers the requirements of Section 2-45-115 of the Municipal Code of Chicago (Affordable Requirements Ordinance or ARO). Any developer of a residential housing project within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project (Required Units) as affordable units, or with the Commissioner of the Department of Planning and Development's (DPD) approval, provide the Required Units in an approved off-site location; (ii) pay a fee in lieu of the development of the Required Units; or, (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the Required Units on-site or off-site. If the developer elects to provide affordable units off-site, the off-site affordable units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. The Property is located in a downtown district, within the meaning of the ARO, and the Project has a total of 263 units. As a result, the Applicant's affordable housing obligation is 26 affordable units, 7 of which are Required Units. Applicant has agreed to satisfy its affordable housing obligation by providing 26 affordable units in the rental building to

be constructed in the P.D., as set forth in the Affordable Housing Profile Form attached hereto as Exhibit _____. The Applicant agrees that the affordable units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the P.D., or elects to build a for-sale project instead, the Applicant shall update and resubmit the Affordable Housing Profile Form to DPD for review and approval; DPD may adjust the requirements and number of required Affordable Units without amending the P.D.. Prior to the issuance of any building permits for any residential building in the P.D., including, without limitation, excavation or foundation permits, the Applicant must execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the P.D., or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement 15, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the P.D.

16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50 percent City resident hiring (measured against the total construction work hours for the Project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the Project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the Applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate, of Occupancy for the Project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and City resident participation in the Project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All

such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

17. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of DPD shall initiate a zoning map amendment to rezone the Property to the DX-5 Downtown Mixed-Use District.

Boundary and Property Line Map; a Site/Landscape Plan; a Roof Plan; and Building Elevations (North, South, East and West). In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereof, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Zoning Ordinance, this Planned Development ordinance shall control.

5. The following uses are permitted in the area delineated herein as a Business Planned Development: office; electronic data storage center; animal services

(excluding overnight boarding and kennels); business equipment sales and service; business support services; urban farm (rooftop operation); communication service establishments; eating and drinking establishments (all, including taverns and outdoor patios); indoor special event Class B including incidental liquor sales; financial services (excluding pawn shops, payday loans and drive throughs); entertainment and spectator sports (all, except inter-track wagering facility and as more specifically regulated); food and beverage retail sales (including accessory liquor sales); medical service; personal service; general retail sales; participant sports and recreation (indoor); light equipment, sales/rental, indoor, artisan manufacturing, production and industrial services; co-located wireless communication facilities and incidental and accessory uses.

7. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

8. The maximum permitted Floor Area Ratio ("FAR") for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations and Data Table has been determined using a net site area of 22,890 square feet and a base FAR of 3.0.

   The Applicant acknowledges that the project has received a bonus FAR of 2.75, pursuant to Section 17-4-1000 of the Zoning Ordinance. With this bonus FAR, the total FAR for the Planned Development is 5.75. In exchange for the bonus FAR, the Applicant is required to make a corresponding payment, pursuant to Sections 17.4-1003-B and C, prior to the issuance of the first building permit for any building in the Planned Development; provided, however, if the Planned Development is constructed in phases, the bonus payment may be paid on a pro rata basis as the first building permit for each subsequent new building or phase of construction is issued. The bonus payment will be recalculated at the time of payment (including partial payments for phased developments) and may be adjusted based on changes in median land values in accordance with Section 17-4-1003-C.3.

   The bonus payment will be split between three separate funds, as follows: 80 percent to the Neighborhoods Opportunity Fund, 10 percent to the Citywide Adopt-a-Landmark Fund and 10 percent to the Local Impact Fund. In lieu of paying the City directly, the Department may: (a) direct developers to deposit a portion of the funds with a sister agency to finance specific local improvement projects; (b) direct developers to deposit a portion of the funds with a landmark property owner to finance specific landmark restoration projects; or, (c) approve proposals for in-kind improvements to satisfy the Local Impact portion of the payment.

In this case, the Applicant will contribute one half (½) of the Local Impact portion of the bonus payment for construction of a fieldhouse located at Skinner Park and one half (½) of the Local Impact portion of the bonus payment for construction of a public library (the "Projects"). The Projects are located within one mile of the Planned Development site, as required by Section 17-4-1005-C. The Applicant must make such payment, or the applicable portion thereof in the case of a phased development, prior to the issuance of the first building permit for the Planned Development or applicable phase thereof. The City must enter into an intergovernmental agreement regarding the manner in which the funds will be used.

9. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by DPD. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.

10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by DPD. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.

11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.

13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.

15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-Owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the Applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the Applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of (i) 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBE's and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the Applicant's M/WBE and City resident participation goals. Third, prior to issuance of a a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator, DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of DPD shall initiate a zoning map amendment to rezone the Property to the DX-3 Downtown Mixed-Use District.

The Applicant acknowledges and agrees that the rezoning of the Property from Planned Development Number 1261 to Planned Development Number 1261, as amended, triggers the requirements of Section 2-45-115 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a residential housing project within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project (the Required Units) as affordable units, or with the Commissioner of the Department of Planning and Development's (DPD) approval, provide the Required Units in an approved off-site location; (ii) pay a fee in lieu of the development of the Required Units; or, (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the Required Units on-site or off-site. If the developer elects to provide affordable units off-site, the off-site affordable units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. The Property is located in a higher income area, within the meaning of the ARO, and the proposed amendment would allow 124 permitted units. As a result, the Applicant's affordable housing obligation is 12 affordable units (10 percent of 124 rounded down), 3 of which are Required Units (25 percent of 12). Applicant has agreed to satisfy its affordable housing obligation by providing all 12 affordable units in the rental building, as set forth in the Affordable Housing Profile Form attached hereto as Exhibit ____. The Applicant agrees that the affordable rental units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the P.D., the Applicant shall update and resubmit the Affordable Housing Profile Form to DPD for review and approval; DPD may adjust the number of required Affordable Units without amending the P.D.. Prior to the issuance of any building permits for any residential building in the P.D., including, without limitation, excavation or foundation permits, the Applicant must execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the P.D., or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement 16, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the P.D.

17. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-Owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development

approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

18. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of DPD shall initiate a zoning map amendment to rezone the Property to Planned Development Number 1261, as it existed prior to this amendment.

14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor

environments, reduces operating costs, conserves energy and maximizes the preservation of natural resources. At the time of a hearing, before the Chicago Plan Commission, all developments must be in substantial compliance with the current City of Chicago Sustainable Development Policy, as set necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned policy and must forth by the Department of Planning and Development. The Applicant shall obtain the number of points provide documentation verifying compliance. The multi-story building includes a vegetated ("green") roof, totaling a fifty-three percent (53%) of the net roof area (10,270 square feet) and is in the process of obtaining LEED certification.

15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the Applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof, (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

16. The Applicant acknowledges and agrees that the City adopted a Zoning Ordinance, on May 28, 2014, that approved the rezoning of the property from B3-3 to B3-5 and then to Residential-Business Planned Development Number 1242, for the

construction of an eight-story mixed-use building with ninety (90) residential dwelling units ("Phase I"), and subjecting the Applicant to a nine (9) unit affordable obligation, under the 2007 Affordable Requirements Ordinance ("ARO"). The Applicant made an in-lieu payment of Nine Hundred Thousand Dollars ($900,000) to the Affordable Housing Opportunity Fund on August 10, 2015. This rezoning of the property from Residential Planned Development Number 1242 to Residential-Business Planned Development Number 1242, as amended, constitutes the second phase ("Phase II") of that development, and thereby triggers the requirements of Section 2-45-115 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project (the "Required Units") as affordable units, or with the Commissioner's approval, provide the Required Units in an approved off-site location; (ii) pay a fee in lieu of the development of the Required Units; or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the Required Units on-site or off-site. If the developer elects to provide affordable units off-site, the off-site affordable units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. The Subject Property is located in a "higher income area" within the meaning of the ARO, and the project has a total of 98 units. As a result, the Applicant's affordable housing obligation is 10 affordable units (10 percent of 98 rounded up). Because the Applicant met the full Phase I 2007 ARO obligation, by making an in-lieu payment, one (1) unit is a Required Unit for Phase II. The Applicant has agreed to satisfy its affordable housing obligation by providing one (1) affordable unit in the rental building to be constructed in the Residential-Business Planned Development Number 1242, as amended, as set forth in the Affordable Housing Profile Form attached hereto. The Applicant agrees that the affordable rental units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval, and DPD may adjust the number of required Affordable Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must make the required Cash Payment and/ or execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement 16, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

17. This Planned Development, as amended, shall be governed by Section 17-13-0612, et seq. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development (DPD) shall initiate a zoning map amendment to rezone the property to Residential Planned Development Number 1242 (as ratified on May 28, 2014 -- *Journal of the Proceedings of the City Council of the City of Chicago,* pages 82531 -- 82544.)

WHEREAS, The City owns and operates an airport commonly known as Chicago O'Hare International Airport ("O'Hare") and an airport commonly known as Chicago Midway International Airport ("Midway", and together with O'Hare, "Airports"), and possesses the power and authority to lease premises and facilities and to grant other rights and privileges with respect thereto; and

WHEREAS, The City, as the operator of the Airports, has the right to establish fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airports; and

WHEREAS, Successful operation of the Airports requires that certain users of the Airports ("Service Providers") contract with airlines or other tenants to provide a variety of services, including, but not limited to: (1) ramp services, such as (a) baggage handling, (b) aircraft loading and unloading, and (c) aircraft cooling and heating; (2) passenger services, such as (a) wheelchair services and (b) baggage sorting and management; (3) into-plane fueling; (4) interior aircraft cleaning; (5) security for air carriers; (6) food and beverage preparation, inspection, and delivery to aircraft; (7) aircraft maintenance; (8) limited terminal services, such as (a) passenger check-in and ticketing, (b) skycap services, and (c) queue management; and (9) deicing ("Services"); and

WHEREAS, The City has both the right and responsibility to require that Service Providers which use either of the Airports will comply with certain minimum standards and will meet minimum qualifications for providing the Services; and

WHEREAS, The City has both the right and responsibility to require that Service Providers will indemnify the City for their operations and provide proof of adequate insurance coverage; and

WHEREAS, The City has both the right and responsibility to require that Service Providers will adhere to all applicable federal, state, and local government laws, rules, and regulations relating to the Airports and airport operations; and

WHEREAS, The City, as the operator of the Airports, seeks to require Service Providers to obtain Licenses to provide Services at the Airports in order to ensure airport safety and security; optimize the use of airport facilities, including airfield space; eliminate congestion on the airfield; improve vehicle and equipment safety; and maintain a high quality of customer service to the traveling public at the Airports; and

WHEREAS, The City, as the operator of the Airports, seeks to reduce the potential for labor-related disruptions at the Airports by requiring Service Providers, as a condition of their License, to agree to enter into agreements with labor organizations representing or seeking to represent their employees, upon request, which prohibit the labor organizations and their members from engaging in picketing, work stoppages, boycotts, or other means of dispute resolution that interfere with a Service Provider's ability to conduct uninterrupted business operations at the Airports; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

2.1.2. There is hereby reserved to the City, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the Airport. This public right of flight shall include the right to cause in said airspace any noise inherent in the operation of any aircraft used for navigation or flight through said airspace or landing at, taking off from, or operating on the Airport. Licensee agrees not to make any claim or institute legal action against the City under any theory of recovery for any interference with Licensee's use and enjoyment of the Airport which may result from noise emanating from the operation of aircraft to, from, or upon the Airport, except for claims or actions brought by third parties against Licensee arising from City's operation of the Airport.

2.1.3. Licensee, by accepting this License, agrees for itself and its successors and assigns that it will not make use of the Airport in any manner which might interfere with the landing and taking off of aircraft from the Airport or otherwise constitute a hazard to such operations. In the event the aforesaid covenant is breached, the City reserves the right to take all action it deems necessary to cause the abatement of such interference at the expense of Licensee.

2.1.4. Licensee shall conduct its operations on the Airport in such manner as to reduce as much as is reasonably practicable, considering the nature and extent of said operations, any and all activities which interfere unreasonably with the use of other premises at the Airport, including, but not limited to, the emanation from the Airport of noise, vibration, movements of air, fumes, and odors.

2.1.5. Licensee is prohibited from installing or using any wireless workstations, access control equipment, wireless internet servers, application or system software such as transceivers, modems, or other interface units that access frequencies from 2.0 Gigahertz to 6.0 Gigahertz, inclusive, without first obtaining written approval from the Commissioner.

2.1.6. Licensee has no rights under this License to install or use any antennae or telecommunications equipment on the roof or exterior of any building or structure on the Airport, unless such installation or use is directly related to the conduct of Licensee's business and in full compliance with the City's permit process and telecommunications policies as they may be

modified from time to time at the sole discretion of the Commissioner. Licensee may not license or sublicense to others the right to install or use antennae or other telecommunications equipment on the Airport.

Section 2.2. Default and Right of Termination.

2.2.1. In the event Licensee fails to abide by the terms, covenants, and conditions of this License, including, but not limited to, any violation of the terms and conditions contained in the CSPP Requirements, the City may give Licensee written notice to correct the defect or default, and if the same is not corrected in accordance with the City's notice and within the timeframe designated by the City in such notice, the City may terminate this License forthwith.

2.2.2. In case of the bankruptcy of Licensee, or appointment of a receiver for Licensee, or if a receiver is appointed to take possession of Licensee's business operations as a result of any act or omission of Licensee, or if Licensee makes an assignment of this License for the benefit of creditors, the City, at its election, may, without notice, terminate this License.

2.2.3. Cross Default. A material default or breach of the terms of any other lease, license, permit, or contract held by Licensee with the City shall constitute a material breach of the terms of this License and shall give the City the right to terminate this License for cause in accordance with the procedures set forth herein.

2.2.4. Notwithstanding anything herein to the contrary, either party may terminate this License, with or without cause, upon thirty (30) days advance written notice to the other party.

2.3.2. This License does not include the right or privilege to deliver petroleum products, including aviation fuels, lubricants, and/or solvents, to Airport premises. In order to deliver petroleum products to the Airport, including aviation fuels, lubricants, and/or solvents, a fuel delivery permit is required to be obtained from the City authorizing the person(s) to conduct such business at the Airport.

Licensee does not have the right to enter onto the restricted area of the airfield, unless in possession of, and fully compliant with, a valid CDA Motor Vehicle Operating Permit, and is acting in accordance with the O'Hare and Midway International Airports Ground Vehicle Operation Regulations. In order to conduct any activity other than that specifically provided for herein, Licensee will be required to obtain separate authorization through the appropriate license, permit, or agreement authorizing such activity.

Section 2.4. **Insurance**. Licensee shall, at its own expense, procure and maintain insurance in force at all times during the Term of this License, or any renewal thereof, with a company acceptable to the City, with such coverages and limits as may be reasonably directed by the City's Risk Manager and as set forth in the CSPP Requirements, for each Airport and each category of CSP-regulated services to be provided by Licensee.

Section 2.5. **Indemnification**.

2.5.1. Licensee agrees to defend, indemnify and hold harmless the City, its elected and appointed officials, officers, agents, employees, contractors, consultants and representatives (the "City Indemnified Parties"), to the maximum extent allowed by applicable statutes and case law, from and against any and all loss, liability, penalties, damages of whatever nature, causes of action, suits, claims, demands, judgments, injunctive relief, awards and settlements, including payments of claims of liability resulting from any injury or death of any person or damage to or destruction of any property (collectively, the "Claims"), arising out of or relating to: (a) the tortious acts or omissions of the Licensee or its employees, contractors, subcontractors, agents, vendors, invitees (excluding passengers), and other parties under Licensee's direction or control that come onto the Airport arising out of or relating to Licensee's use of the Airport ("Associated Parties"); (b) the Licensee's or its Associated Party's use or occupancy of the Airport; (c) the violation by the Licensee of any agreement, warranty, covenant or condition of this License; of any other contract or agreement between Licensee and the City; or of any law, ordinance, regulation or court order affecting the Airport; (d) suits of whatever kind or nature alleging violations of any federal or state laws as a result of any actions taken by Licensee or its Associated Parties, or obligations imposed upon the Licensee or its Associated Parties, pursuant to this License.

2.5.2. Licensee also will, at its own cost and expense, defend all such Claims, whether frivolous or not. To the extent City Indemnified Parties reasonably expend any cost and expense, including attorney fees, in investigating or responding to such claims, demands and suits, Licensee will reimburse the City Indemnified Parties for all such costs and expense.

2.5.3. Without limiting the foregoing, the Licensee also agrees to defend, indemnify and hold harmless the City Indemnified Parties (a) from and against any and all claims or liability for compensation under any workers' compensation statute arising out of the injury or death of any employee of the Licensee; and (b) from, and to assume all liability for, and to pay, all taxes and assessments for payment of which the City may become liable and which by law may arise out of the operations of the Licensee.

2.5.4. The foregoing express obligation of indemnification shall not be construed to negate or abridge any other obligation of indemnification running to the City or a City Indemnified Party that would exist at common law or under other provisions of this License, and the extent of the obligation of indemnification shall not be limited by any provision of insurance undertaken in accordance with this License.

2.5.5. For the avoidance of doubt, Licensee shall be liable for any loss or damage to any personal property or equipment of Licensee, its agents, servants, employees or officials.

2.5.6. Licensee waives the right of contribution and subrogation against the City Indemnified Parties.

Such action taken by the City consistent with the requirements of this License shall be at Licensee's expense, plus administrative expenses of the greater of five hundred dollars ($500.00) or 25% of all costs incurred by the City, including but not limited to reasonable attorneys' and consultants' fees and expenses, monetary fines and penalties, litigation costs or costs incurred in anticipation of litigation, expert witness fees, and expenses of investigation, removal, remediation, or other required plan, report, or Response action performed in accordance with applicable Environmental Laws.

Section 2.7. Aviation Security.

2.7.1. This License is subject to the airport security requirements of 49 United States Code, Chapter 449, as amended, the provisions of which govern airport security and are incorporated by reference, including without limitation the rules and regulations in 14 CFR Part 107 and all other applicable rules and regulations promulgated under them. All employees providing services at the City's airports must be badged by the City (see Section 2.7.5).

2.7.2. Licensee, subcontractors, and the respective employees of each are subject to such employment investigations, including criminal history record checks, as the Administrator of the Federal Aviation Administration ("FAA"), the Under Secretary of the Transportation Security Administration ("TSA"), and the City may deem necessary.

2.7.3. Licensee, subcontractors, their respective employees, invitees, and all other persons under the control of Licensee are subject to regular and/or random screening of personnel, vehicles, toolkits, or other containers at any time or location while performing services at the Airport pursuant to this License during the Term of this License.

2.7.4. Licensee, subcontractors, their respective employees, invitees, and all other persons under the control of Licensee must comply strictly and faithfully with any and all rules, regulations, and directions which the Commissioner, the FAA, or the TSA may issue from time to time during the Term of this License with regard to security, safety, maintenance, and operation of the Airport, and must promptly report any information regarding suspected violations in accordance with those rules and regulations.

2.7.5. Airport Security Badges.

As part of airport operations and security, Licensee must obtain from the airport badging office Airport Security Badges for each of his employees, subcontractors, material men, invitees or any person(s) over whom Licensee has control, which must be visibly displayed at all times while at the Airport. No person will be allowed beyond security checkpoints without a valid Airport Security Badge. Each such person must submit signed and properly completed application forms to receive Airport Security Badges. Additional forms and tests may be required to obtain Airport Drivers Certification and Vehicle Permits. The application forms will solicit such information as the Commissioner may require in his or her discretion, including but not limited to name, address, and date of birth (and for vehicles, driver's license and appropriate stickers). Licensee is responsible for requesting and completing the form for each employee and subcontractor employee who will be working at the Airport and all vehicles to be used on the job site. Upon signed approval of the application by the Commissioner or the Commissioner's designee, the employee will be required to attend a presentation regarding airport security and have his or her photo taken for the badge. The Commissioner may grant or deny the application in his or her sole discretion. Licensee must make available to the Commissioner, within one day of request, the personnel file of any employee who will be working on the project.

As provided above, in order for a person to have an Airport Security Badge that allows access to the airfield or aircraft, a criminal history record check ("CHRC") conducted by the Department of Aviation will also be required. The CHRC will typically include a fingerprint analysis by the Federal Bureau of Investigation and such other procedures as may be required by the TSA.

Airport Security Badges, Vehicle Permits and Drivers Licenses will only be issued based upon properly completed application forms. Employees or vehicles without proper credentials may be removed from the secured area and may be subject to fine or arrest. Licensee will be jointly and severally liable for any fines imposed on its employees or its subcontractors' employees.

In addition to other rules and regulations, the following rules related to Airport Security Badges, Vehicle Permits and Drivers Licenses must be adhered to:

A. Each person must wear and display their Airport Security Badge on their outer apparel at all times while at the airport.

B. All individuals operating a vehicle on the Aircraft Operations Area ("AOA") must be familiar and comply with motor driving regulations and procedures of the State of

Illinois, City of Chicago and the Department of Aviation, including the O'Hare and Midway International Airports Ground Vehicle Operation Regulations. The operator must be in possession of a valid, State-issued Motor Vehicle Operators Driver's License. All individuals operating a vehicle on the AOA without an escort must also be in possession of a valid Aviation-issued Airport Drivers Permit.

C. All operating equipment must have an Airport Vehicle Access Permit affixed to the vehicle at all times while operating on the Airport. All required City stickers and State Vehicle Inspection stickers must be valid.

D. Individuals must remain within their assigned area and haul routes unless otherwise instructed by the Department of Aviation.

E. Licensee's personnel who function as supervisors, and those that escort Licensee's equipment/operators to their designated worksites, may be required to obtain an added multi-area access designation on their personnel Airport Security Badge which must also be displayed while on the AOA.

2.7.6. In addition to the foregoing, gates and doors that permit entry into restricted areas at the Airport must be kept locked by Licensee at all times when not in use or under Licensee's constant security surveillance. Gate or door malfunctions must be reported to the Commissioner without delay and must be kept under constant surveillance by Contractor until the malfunction is remedied.

2.7.7. Licensee shall cooperate with the City to maintain and improve Airport security, and shall cooperate in investigations of violations any laws, ordinances, rules, and regulations of any federal, state, and/or local governmental entity regarding airport and airfield security. Licensee shall provide necessary assistance to, and cooperate with, the City in case of any emergency. Licensee shall, upon request, provide the City relevant information which will enable the City to provide efficient and effective management in response to any airport or airfield emergency.

2.7.8. All civil penalties levied by the TSA for violation of TSA regulations pertaining to security gates or doors controlled or used by Licensee shall be the sole responsibility of Licensee. Licensee agrees to indemnify the City for any federal civil penalty amounts the City must pay due to any security violation arising from the breach of any obligation imposed by this Section. Licensee is also responsible for the City's attorney's fees and costs.

Section 2.8. Assignments and Encumbrances.

2.8.1. Licensee shall not, in any manner, assign, transfer, or encumber this License, or any portion thereof or any interest therein, nor shall Licensee license or otherwise authorize the use of, in whole or in part, the rights granted by this License, without the prior written consent of the Commissioner. Any attempts to assign, transfer, or encumber this License, or any licensing or authorizing the use of, in whole or in part, the rights granted by this License, shall be void and shall confer no right, title, or interest in or to this License, upon any such assignee, transferee, or

encumbrancer. Consent to one assignment, transfer, or encumbrance shall not be deemed to be a consent to any subsequent assignment, transfer, or encumbrance. This License shall not, nor shall any interest therein, be assignable as to the interest of Licensee by operation of law without the prior written consent of the Commissioner.

2.8.2. For purpose of this License, the terms "transfer" and "assign" shall include, but is not limited to, the following: (i) if Licensee is a joint venture, a limited liability company, or a partnership, the transfer of fifty percent (50%) or more of the interest or membership in the joint venture, the limited liability company, or the partnership; (ii) if Licensee is a corporation, any cumulative or aggregate sale, transfer, assignment, or hypothecation of fifty percent (50%) or more of the voting shares of Licensee; (iii) the dissolution by any means of Licensee; and (iv) a change in business or corporate structure. Any such transfer, assignment, mortgaging, pledging, or encumbering of Licensee without the written consent of the Commissioner is a violation of this License and shall be voidable at the City's option and shall confer no right, title, or interest in or to this License upon the assignee, mortgagee, pledgee, encumbrancer, or other lien holder, successor, or purchaser.

2.8.3. When proper consent has been given by the Commissioner, the provisions of this License shall be binding upon, and shall inure to the benefit of, the heir(s), successor(s), executor(s), administrator(s) and assign(s) of the parties hereto.

Section 2.9. Compliance with All Applicable Laws.

2.9.1. Licensee shall, and shall cause its agents, employees, contractors, and licensees to, at all times during the performance of its obligations under this License, observe and comply with, and pay all taxes and obtain all licenses, permits, certificates, and other authorizations required by, all applicable local, Department of Aviation, state, and federal laws, statutes, ordinances, rules, regulations, restrictions, and orders, including the hazardous waste and hazardous materials regulations, and the Americans With Disabilities Act of 1990 and any amendments thereto, or successor statutes. Licensee shall be solely responsible for any and all damages caused, and/or penalties levied, as the result of Licensee's noncompliance with such enactments.

2.9.2. Licensee shall be solely responsible for fully complying with any and all applicable present and future orders, directives, or conditions issued, given, or imposed by the Commissioner which are now in force or which may be hereafter adopted by the Commissioner with respect to the operation of the Airport.

2.9.3. Licensee shall comply with the applicable provisions of (i) the CSPP Requirements, as may be amended from time to time, which is attached hereto as **Exhibit B** and incorporated by reference herein, (ii) guidelines issued by the Commissioner pursuant to the CSPP, as may be amended from time to time, and (iii) any and all other rules and regulations issued by the Commissioner pertaining to the use of the Airport, as may be amended from time to time. It is expressly understood and agreed that all items referenced herein are hereby incorporated and made a part of this License.

2.9.4. Licensee shall be solely responsible for any and all civil or criminal penalties assessed as a result of its failure to comply with any of these rules, regulations, restrictions, ordinances, statutes, laws, orders, directives, or conditions.

2.9.5. Provisions required by law, ordinances, rules, regulations, or executive orders to be inserted in the License are deemed inserted in the License whether or not they appear in the License.

2.9.6. Licensee must pay all taxes and obtain all licenses, certificates, and other authorizations required in connection with the performance of its obligations hereunder, and Licensee must require all subcontractors to also do so. Failure to do so is an event of default and may result in the termination of this License.

2.9.7. Notwithstanding anything herein to the contrary, references herein to a statute or law shall be deemed to be a reference to (i) such statute or law as may be amended from time to time, (ii) all regulations, rules, executive orders, policies, and instructions pertaining to or promulgated pursuant to such statute or law, and (iii) all future statutes, laws, regulations, rules, executive orders, policies, and instructions pertaining to the same or similar subject matter.

2.9.8. Certification of Compliance with Laws. By entering into this License with the City, Licensee certifies to the best of its knowledge and belief that it, its principals and any subcontractors used in the performance of this License, meet City requirements and have not violated any City or sister agency policy, codes, state, federal, or local laws, rules or regulations and have not been subject to any debarment, suspension or other disciplinary action by any government agency. Additionally, if at any time Licensee becomes aware of such information, it must immediately disclose it to the City.

2.9.9. Federal Non-Discrimination Provisions.

2.9.9(a) Licensee agrees to comply with pertinent statutes, Executive Orders, and such rules as are promulgated to ensure that no person shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance. This provision obligates Licensee at all times during the Term of this License. This provision is in addition that required of Title VI of the Civil Rights Act of 1964.

2.9.9(b) Licensee for itself, its heirs, its personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree that (1) no person on the ground of race, color, or national origin will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over, or under such land and the furnishing of services thereon, no person on the ground of race, color, or national origin will be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that Licensee will use the Airport in compliance with all other requirements imposed by or pursuant to the list of pertinent nondiscrimination acts and authorities in Section 2.9.9(c).

2.9.9(d) Licensee shall furnish its services on a reasonable and not unjustly discriminatory basis to all users, and charge reasonable and not unjustly discriminatory prices for each unit or service, provided that Licensee may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

2.9.10. Federal Terrorist (No-Business) List. Licensee warrants and represents that neither Licensee nor an Affiliate, as defined below, appears on the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List, or the Debarred List as maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury or by the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment.

"Affiliate" means a person or entity which directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with Licensee. A person or entity will be deemed to be controlled by another person or entity if it is controlled in any manner whatsoever that results in control in fact by that other person or entity, either acting individually or acting jointly or in concert with others, whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

2.9.11. Anti-Scofflaw. Licensee hereby represents and warrants, and shall cause each of its subcontractors to represent and warrant, that the Licensee or such subcontractors, as the case may be, is not in violation of Section 2-92-380 of the Chicago Municipal Code.

2.9.12. Ethics. Licensee hereby represents and warrants, and shall cause each of its subcontractors to represent and warrant, that the Licensee or such subcontractors, as the case may be, is not in violation of Chapter 2-156 of the Chicago Municipal Code.

2.9.13. Inspector General. Licensee understands and will abide by the provisions of Chapter 2-56 of the Municipal Code. Licensee acknowledges and agrees that it shall be the duty of Licensee and its subcontractors, and all their and all officers, directors, agents, partners, and

employees to cooperate with the Inspector General of the City in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Chicago Municipal Code. All contracts and other agreements must inform the parties of this provision and require understanding and compliance with it.

2.9.14. Duty to Report Corrupt Activity. Pursuant to MCC 2-156-018, it is the duty of the Contractor to report to the Inspector General, directly and without undue delay, any and all information concerning conduct which it knows to involve corrupt activity. "Corrupt activity" means any conduct set forth in Subparagraph (a)(1), (2) or (3) of Section 1-23-020 of the MCC. Knowing failure to make such a report will be an event of default under this Contract. Reports may be made to the Inspector General's toll free hotline, 866-IG-TIPLINE (866-448-4754).

2.9.15. *Shakman* Compliance.

2.9.15(a) The City is subject to the June 16, 2014 "City of Chicago Hiring Plan" (the "2014 City Hiring Plan") entered in *Shakman v. Democratic Organization of Cook County*, Case No 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the 2014 City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

2.9.15(b) Licensee is aware that City policy prohibits City employees from directing any individual to apply for a position with Licensee, either as an employee or as a subcontractor, and from directing Licensee to hire an individual as an employee or as a subcontractor. Accordingly, Licensee must follow its own hiring and contracting procedures, without being influenced by City employees. Any and all personnel provided by Licensee under this License are employees or subcontractors of Licensee, not employees of the City of Chicago. This License is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by Licensee.

2.9.15(c) Licensee will not condition, base, or knowingly prejudice or affect any term or aspect of the employment of any personnel provided under this License, or offer employment to any individual to provide services under this License, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this License, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

2.9.15(d) In the event of any communication to Licensee by a City employee or City official in violation of subsection (b) above, or advocating a violation of

subsection (c) above, Licensee will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General, and also to the head of the Department of Aviation. Licensee will also cooperate with any inquiries by OIG Hiring Oversight.

2.9.16. Disclosure Update Obligation. Licensee is responsible for notifying the City whenever there is a change in circumstance that makes any certification or information provided pursuant to Chapter 2-154 of the Chicago Municipal Code inaccurate, obsolete, or misleading. Failure to notify the City is grounds for revocation of this License.

2.9.17. No Waste Disposal in Public Way Municipal Code Section 11-4-1600(E). Licensee warrants and represents that it has not violated and is not in violation of the following sections of the Chicago Municipal Code (collectively, the "Waste Sections"):

- 7-28-390 Dumping on public way;
- 7-28-440 Dumping on real estate without permit;
- 11-4-1410 Disposal in waters prohibited;
- 11-4-1420 Ballast tank, bilge tank or other discharge;
- 11-4-1450 Gas manufacturing residue;
- 11-4-1500 Treatment and disposal of solid or liquid;
- 11-4-1530 Compliance with rules and regulations required;
- 11-4-1550 Operational requirements; and
- 11-4-1560 Screening requirements.

During the period while this License is executory, Licensee's violation of the Waste Sections, whether or not relating to this License, constitutes a breach of and an event of default under this License. Such breach and default entitles the City to all remedies under the License, at law or in equity.

This Section 2.9.17 does not limit Licensee's duty to comply with all applicable federal, state, county, and municipal laws, statutes, ordinances, and executive orders, in effect now or later, and whether or not they appear in this License.

Section 2.10. Labor Harmony. Licensee covenants that its employees at the Airport shall be able to work in labor harmony in order to protect the City's proprietary and economic interests. In order to comply with this provisions:

2.10.1. Licensee shall have in place, at all required times, a labor peace agreement ("Labor Peace Agreement") with any organization of any kind, or an agency or employee representation committee or plan, in which employees participate and which exists for the purpose, in whole or in part, of dealing with service providers at the Airport concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work ("Labor Organization"), which requests a Labor Peace Agreement.

2.10.2. The Labor Peace Agreement shall include a binding and enforceable provision(s) prohibiting the Labor Organization and its members from engaging in, supporting, encouraging

or assisting any picketing, work stoppages, boycotts, or any other economic interference by the Labor Organization or by Licensee's employees for the duration of the Labor Peace Agreement, which must include the entire term of any CSPP License Agreement.

2.10.3. Licensee shall, upon the City's request, submit to the City a certification, signed by Licensee and any Labor Organization(s), indicating the parties have entered into a Labor Peace Agreement.

2.10.4. In the event that Licensee and a Labor Organization are unable to agree to a Labor Peace Agreement within sixty (60) days of the Labor Organization's written request, they shall submit the dispute to a mutually agreed upon mediator to assist the parties in reaching a reasonable Labor Peace Agreement. In the event that Licensee and a Labor Organization are unable to reach a reasonable Labor Peace Agreement through mediation, the parties shall submit the dispute to the American Arbitration Association ("AAA") for arbitration conducted in accordance with AAA rules. Both the mediator and, if necessary, the arbitrator shall be guided in the determination of a reasonable Labor Peace Agreement by the Labor Peace Agreements entered into in the private sector.

2.10.5. Licensee may continue to operate at the Airport during any negotiation, mediation, or arbitration relating to a Labor Peace Agreement conducted pursuant to this Section.

2.10.6. In the event that the City determines it necessary for the public safety or the efficient operation of the Airport to post police details or take other actions resulting from Licensee's violation of this Section or Section 2.11, the City shall have the authority to require that Licensee reimburse the City for all reasonable costs incurred by doing so.

2.10.7. Nothing in this Section shall be construed as requiring Licensee, through arbitration or otherwise, to change terms and conditions of employment for its employees, recognize a Labor Organization as the bargaining representative for its employees, adopt any particular recognition process, or enter into a collective bargaining agreement with a Labor Organization.

Section 2.11. Base Wages for Employees of Licensee.

2.11.1. Definitions. For the purposes of this License, the following definitions will apply to this Section 2.11:

"Employee" means a person employed by Licensee, or its subcontractor or sublicensee, and who is performing Services under this License at the Airport and who is paid an hourly rate for his or her work by Licensee, or its subcontractor or sublicensee. For purposes of this License, the term "Employee" does not include persons subject to subsection 4(a)(2), subsection 4(a)(3), or Section 6 of the Minimum Wage Law.

"Gratuities" has the meaning ascribed to that term in the Minimum Wage Law.

"Minimum Wage Law" means the Illinois Minimum Wage Law, 820 ILCS 105/1, *et seq.*, in force on the effective date of this License and as thereafter amended.

2.11.2. Except as provided in subsections 2.11.3 and 2.11.4 herein, Licensee shall: (i) pay its Employees no less than $13.45 per hour for work performed under the License; and (ii) require any subcontractors or sublicensees to pay their Employees no less than $13.45 per hour for work performed under the License. Beginning on July 1, 2018, and every July 1 thereafter, this hourly wage shall increase in proportion to the increase, if any, in the Consumer Price Index for All Urban Consumers most recently published by the Bureau of Labor Statistics of the United States Department of Labor. Any hourly wage increase pursuant to this subsection 2.11.2 shall be rounded up to the nearest multiple of $0.05. Such increase shall remain in effect until any subsequent adjustment is made.

2.11.3. Licensee shall: (i) pay its Employees who are engaged in occupations in which Gratuities have customarily and usually constituted part of the remuneration no less than the minimum hourly wage set by the Minimum Wage Law for workers who receive Gratuities, plus an additional $1.00 per hour; and (ii) require all subcontractors and sublicensees to pay their Employees who are engaged in occupations in which Gratuities have customarily and usually constituted part of the remuneration no less than the minimum hourly wage set by the Minimum Wage Law for workers who receive Gratuities, plus an additional $1.00 per hour. Beginning on July 1, 2018, and every July 1 thereafter, this hourly wage shall increase in proportion to the increase, if any, in the Consumer Price Index for All Urban Consumers most recently published by the Bureau of Labor Statistics of the United States Department of Labor. Any hourly wage increase pursuant to this subsection 2.11.3 shall be rounded up to the nearest multiple of $0.05. Such increase shall remain in effect until any subsequent adjustment is made. If Licensee, or its subcontractors and sublicensees, pays an Employee the wage described in this subsection 2.11.3, Licensee shall, and shall ensure its subcontractors and sublicensees shall, transmit to the City, in a manner provided by the City, substantial evidence establishing both the amount that the Employee received as Gratuities during the relevant pay period or periods, and the fact that the Employee did not return any part of those Gratuities to Licensee, subcontractor, or sublicensee. If Licensee is required by the Minimum Wage Law to provide substantially similar data to the Illinois Department of Labor, the City may allow compliance with this requirement by filing the same documentation with the City. The City shall utilize this data to ensure that each Employee receives, in combined salary and Gratuities, at least the base hourly wage required under subsection 2.11.2 herein.

2.11.4. Nothing in this Section 2.11 shall be deemed to interfere with, impede, or in any way diminish the right of Licensee's Employees to bargain collectively with Licensee through representatives of their own choosing in order to establish wages or other conditions of work in excess of the applicable minimum standards of the provisions of this Section 2.11. The requirements of this Section 2.11 may be waived in a bona fide collective bargaining agreement, but only if the waiver is set forth explicitly in such agreement in clear and unambiguous terms.

2.11.5. In addition to any other penalty authorized by law, this License shall be terminable by the City if any of the provisions of this Section 2.11 are violated by Licensee.

Section 2.12. Whistleblower Protection. Licensee shall not take any adverse employment action against any employee for making a complaint, cooperating with an audit or investigation, or participating in any administrative or judicial proceedings relating to Licensee's compliance or lack thereof with Section 2.10 or Section 2.11 herein. A finding of whistleblower retaliation by Licensee by any agency or court of jurisdiction may result in progressive penalties leading up to decertification.

Section 2.13. Labor Compliance. Licensee will abide by the requirements of all applicable labor laws and regulations, including the Fair Labor Standards Act, 29 U.S.C. § 201, the Occupational Safety and Health Act, 20 CFR Part 1910, and the Chicago Minimum Wage Ordinance, Chicago Municipal Code, Chapter 1-24. A finding of non-compliance with any applicable labor laws and regulations, including the aforementioned ordinances and programs, for any Licensee by any agency of jurisdiction may result in progressive penalties leading up to decertification, as described in the CSPP.

Section 2.14. City's Right to Contract With Others Regarding License Rights. The rights granted hereunder by this License are not exclusive in nature, and the City specifically reserves the right to enter into similar additional agreements at the Airport, at any time.

Section 2.15. Warranty and Quality of Licensee's Services.

2.15.1. Licensee covenants and warrants that the services provided pursuant to this License shall conform to high professional standards and shall be completed in a manner consistent with professional standards practice among those firms within Licensee's profession, doing the same or similar work under the same or similar condition.

2.15.2. Licensee covenants and warrants that it shall hold all necessary consultations and conferences with personnel of any and all airline, City, county, state, or federal agencies, as applicable, which may have jurisdiction over, or be concerned with elements of the work to be performed by Licensee under this License.

2.15.3. Licensee covenants and warrants that it shall, at all times during the Term of this License, comply with all safety rules and regulations promulgated by any government authority having control over Licensee's operations under this License.

2.15.4. Licensee covenants and warrants that all vehicles, automotive equipment, machinery, appliances, underground installations and other equipment used by Licensee in its operations under this License shall be maintained in good mechanical condition and appearance and shall be modern up-to-date equipment which shall, at all times, meet all requirements necessary or lawfully required for fire protection and for the enhancement of the safety of operations considering the nature of the business in which Licensee is engaged. All vehicles, automotive equipment, machinery, appliances, underground installations and other equipment used by Licensee in its operations under this License shall be parked in designated areas, and secured as needed to prevent damage during extreme weather conditions. The City reserves the right to require Licensee to use equipment owned by the City and/or owned by another entity designated by the City to manage all equipment necessary for providing the Services, rather than

equipment owned by Licensee and/or the airline or other client for which Licensee is providing the Services, in the course of its operations at the Airport.

Section 2.16. Training.

2.16.1. Licensee must establish a written training program to ensure that all employees are thoroughly trained and qualified to perform their job duties, including all applicable airport emergency preparedness, evacuation, and first aid procedures.

2.16.2. Training programs will be updated to reflect changes, including, but not limited to, alterations in scope of work, operational procedures, and equipment.

2.16.3. A Labor Organization representing employees of Licensee shall have the right to comment and offer suggestions regarding the training program.

2.16.4. Licensee must comply with any training requirements, including job-specific requirements, contained in the CSPP Requirements.

2.16.5. Licensee shall cooperate with CDA to ensure its employees are sufficiently trained, when applicable, in the following areas: CDA-issued Airport Rules and Regulations, and safety and security, including Rules and Guidelines from the Transportation Security Administration, U.S. Customs and Border Protection, Chicago Police Department, and Aviation Security. In addition, as applicable, training should include airport familiarization, emergency notifications, waste disposal, proper handling of Hazardous Substances, and federally-mandated training regarding transporting people with disabilities.

Section 2.17. Waiver. Neither the acceptance by the City, or any representative of the City, any extension of time, nor any possession taken by the City, shall operate as a waiver by the City of any portion of the License, or of any power herein reserved or any right of the City to damages herein provided. A waiver of any breach of the License shall not be held to be a waiver of any other or subsequent breach. Whenever under this License the City by a proper authority waives the Licensee's performance in any respect or waives a requirement or condition to either the City's or the Licensee's performance, the waiver so granted, whether express or implied, shall only apply to the particular instance and will not be deemed a waiver forever or for subsequent instance of the performance, requirement, or condition. No such waiver shall be construed as a modification of this License regardless of the number of time the City may have waived the performance, requirement, or condition.

Section 2.18. Miscellaneous Provisions.

2.18.1. Fair Meaning. The language of this License shall be construed according to its fair meaning, and not strictly for or against either the City or Licensee.

2.18.2. Headings. The headings of the several sections of this License are inserted only as a matter of convenience and for reference, and in no way define, limit, or describe the scope or intent of any provisions of this License, and shall not be construed to affect in any manner the terms and provisions, or the interpretation or construction, of this License.

2.18.3. Void Provisions. If any provision of this License is determined to be void by any court of competent jurisdiction, then such determination shall not affect any other provision of this License, and all such other provisions shall remain in full force and effect.

2.18.4. Two Constructions. It is the intention of the parties hereto that if any provision of this License is capable of two constructions, one of which would render the provision void and the other of which would render the provision valid, then the provision shall have the meaning which renders it valid.

2.18.5. Governing Law and Jurisdiction. This License will be governed in accordance with the laws of the State of Illinois, without regard to choice of law principles. The Licensee hereby irrevocably submits, and will cause its subcontractors to submit, to the original jurisdiction of those State or Federal courts located within the County of Cook, State of Illinois, with regard to any controversy arising out of, relating to, or in any way concerning the execution or performance of this License and irrevocably agrees to be bound by any final judgment rendered thereby from which no appeal has been taken or is available. The Licensee irrevocably waives any objection (including without limitation any objection of the laying of venue or based on the grounds of forum non conveniens) which it may now or hereafter have to the bringing of any action or proceeding with respect to this License in the jurisdiction set forth above.

2.18.6. Gender; Numbers. The use of any gender herein shall include all genders, and the use of any number shall be construed as the singular or the plural, all as the context may require.

2.18.7. Exclusivity. It is understood and agreed that nothing herein contained shall be construed to grant or authorize the granting of an exclusive right within the meaning of Section 308 of the Federal Aviation Act [49 U.S.C. 40103(e) and 47107(a)(4) (Public Law 103-272; 108 STAT. 1102).

2.18.8. Rights of United States Government. This License shall be subordinate to the provisions and requirements of any existing or future agreement between City and the United States relative to the development, operation, or maintenance of Airport.

2.18.9. War or National Emergency. This License and all the provisions hereof shall be subject to whatever right the United States Government now has or in the future may have or acquire affecting the control, operation, regulation, and taking over of Airport or the exclusive or nonexclusive use of Airport by the United States during the time of war or national emergency.

2.18.10. Time. Time shall be of the essence in complying with the terms, conditions, and provisions of this License.

2.18.11. Integration Clause. It is understood that no alteration or variation of the terms of this License shall be valid unless made in writing and signed by the parties hereto, and that no oral understanding or agreement, not incorporated herein in writing, shall be binding on any of the parties hereto.

2.18.12. Severability. If any provision of this License shall be held or deemed to be, or shall in fact be, illegal, inoperative or unenforceable, the same shall not affect any other provision or provisions herein contained or render the same invalid, inoperative or unenforceable to any extent whatsoever.

2.18.13. No Agency Created. This License does not constitute the Licensee the agent or representative of the City for any purpose whatsoever.

2.18.14. Force Majeure.
