The publicly accessible portion of this setback area shall be improved with decorative paving and landscaping, special lighting, railings and seating. Prior to the issuance of any Part of II Approval, more specific plans for the public riverwalk shall be reviewed by the Department of Planning and Development with input from the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for physically disable persons.

After the existing building's facades have been painted in either Subarea D or E-1, two (2) or more balconies shall be test painted in order for the Department of Planning and Development to review and approve the color selection in place.

(ii) Habitable and non-habitable roof-top additions shall be limited to the locations and dimensions shown on the Elevations. No additional rooftop additions will be allowed.

(iii) Window openings shall not be added, enlarged or closed up except as shown on the Elevations. (ii) The roadway improvements (curb-to-curb) depicted generally on the Street Cross Sections and on the Larrabee/Kingsbury Catalogue Building Streetscape Plan shall, for and to the extent such improvements are contiguous to a Development Parcel, be completed no later than, six (6) months following initial occupancy of the first principal structure constructed or renovated upon said Development Parcel.

The improvements to the public open space within Subarea H shall be completed and available for public use, and a conservation easement dedicated, no later than six (6) months following initial occupancy of the first (1st) principal structure constructed within Subarea H.

(iii) The roadway improvements (curb-to-curb) depicted generally on the Street Cross Sections and on the Larrabee/Kingsbury Catalogue Building Streetscape Plan shall, for and to the extent such improvements are contiguous to a Development Parcel, be completed no later than, six (6) months following initial occupancy of the first principal structure constructed or renovated upon said Development Parcel.

An easement to the City for the use of approximately two hundred eighty-six (286) square feet of space at the south end of Subarea C-2 to build an accessible ramp for a water taxi dock at the end of Erie Street shall be conveyed to the City within three (3) months of passage of this planned development amendment.

(vi) Improvements to the riverwalk depicted on the Open Space Plan, shall be completed as follows: In Subareas C-1 and H, the riverwalk shall be completed and available for public use no later than six (6) months following initial occupancy of the first principal structure constructed within such subarea. In Subarea E-1, the external riverwalk north of the Catalogue Building shall be completed at the time of occupancy of any new structure adjacent and to the east, or at the time of completion of the riverwalk in Subarea H, whichever comes first. The riverwalk internal to the existing building in Subarea D shall be completed and available for public use within six (6) months following initial occupancy of the building. The riverwalk internal to the existing buildings in Subareas E-1 and E-2 shall be completed and available for public use within one (1) year following fifty percent (50%) occupancy of the building.

14. It is in the public interest to design, construct and maintain all buildings in a manner which promotes and maximizes the conservation of energy resources. The owner shall use reasonable efforts to design, construct and maintain all buildings located within the Property in an energy efficient manner, generally consistent with the most energy efficiency standards published by the American Society of Heating, Refrigeration and Air-Conditioning Engineers ("ASHRAE") and the Illuminating Engineers Society ("IES"). Copies of these standards may be obtained from the Department of Planning and Development.

15. Prior to issuance by the Department of Planning and Development of a determination pursuant to Section 17-13-0610 of the Chicago Zoning Ordinance ("Part II Approval") for development or redevelopment of any property included within this planned development, other than interior-only alterations to existing buildings, a site plan for proposed development, including parking areas (a "Site Plan") shall be submitted by the owner or with the owner's written approval to the Commissioner for approval; provided, however, that individual lot owners for properties located within Subarea A-3 may submit a Site Plan for approval pursuant to the requirements of this statement.

Review and approval of the Site Plan by the Commissioner is intended to assure that specific development proposals substantially conform with this planned development and to assist the City in monitoring ongoing development. A Site Plan may be submitted for all or any part of the Property. Such Site Plan need only include that portion of the Property, including adjacent public right-of-ways, for which approval is being sought by the owner. No Part II Approval for any portion of the Property shall be granted until an applicable Site Plan has been approved. Provided, however, that prior to the Commissioner's approval of a Site Plan for development of Subareas C-1, C-2 and H or for the development of the riverwalk through the improvements in Subareas E-1 and E-2, the Commissioner shall seek the review by the Chicago Plan Commission of the Site Plan with respect to Subareas C-1, C-2 and H and the riverwalk plans with respect to Subareas E-1 and E-2.

If a Site Plan substantially conforms to the provisions of this planned development, the Commissioner shall approve said Site Plan in writing within thirty (30) days of submission of a complete application for approval thereof. If the Commissioner fails to make a written determination on a Site Plan within thirty (30) days after the submission of a complete application, then the Site shall be deemed approved by the Commissioner.

If the Commissioner determines within said thirty (30) day period that the Site Plan does not substantially conform with the provisions of this planned development, the Commissioner shall advise the owner in writing of the specific reasons for such adverse determination and specific areas in which the Site Plan and supporting data and material do not substantially conform to the provisions of this planned development not later than fourteen (14) days after the expiration of the thirty (30) day period. The Commissioner shall thereafter make a final written determination of any resubmission within fourteen (14) days of its filing. The failure of the Commissioner to make final written determination of any resubmission within fourteen (14) days of its filing shall be deemed an approval of the Site Plan by the Commissioner. Provided, however, that this paragraph shall not apply to the Site Plan review described in the previous paragraph for Subareas C-1, C-2 and H and the review of the riverwalk plans with respect to Subareas E-1 and E-2 until reviewed by the Chicago Plan Commission, which review shall occur at the next scheduled Plan Commission hearing available after submittal of the applicable Site Plan or riverwalk plan to the Commissioner.

Following approval of a Site Plan by the Commissioner, the approved Site Plan and supporting data and materials shall be kept on permanent file with the Commissioner and shall be deemed to be an integral part of this planned development.

After approval of a Site Plan by the Commissioner, the approved Site Plan may be changed or modified pursuant to the provisions of Statement 8 hereof. In the event of any inconsistency between an approved Site Plan and the terms of this planned development in effect at the time of approval of such Site Plan or of the modifications or changes thereto, the terms of this planned development shall govern.

A Site Plan shall, at a minimum, provide the following information:

a. the boundaries of the site;

b. the footprint of the proposed improvements;

c. all proposed landscaping, including species and size;

d. all pedestrian circulation routes;

e. elevations of the improvements;

f. location and depiction of all parking spaces (including relevant dimensions);

g. locations and depiction of all loading berths (including relevant dimensions);

h. all drives, roadways and vehicular routes;

i. all landscaping and buffer zones (including a description of all landscape materials);

j. statistical information application to the Property limited to the following:

   (i) floor area and floor area ratio;

   (ii) floor area devoted to retail uses;

   (iii) number of dwelling units;

   (v) number of loading berths; and

   (vi) uses of parcels.

k. parameters of building envelopes including:

   (i) maximum building height; and

   (ii) setbacks, required and provided.

A Site Plan shall include such other information as may be necessary to illustrate substantial conformance to this planned development.

16. In order to develop the proposed improvements in Subarea A-3, the Applicant has acquired additional floor area through the Neighborhood Opportunity Bonus. Said Development Rights shall be applicable solely to Subarea A-3 in accordance with the amounts shown on the Bulk Regulations and Data Table of this Planned Development. In no event shall such transfer of Development Rights cause the FAR or density limitations shown on the Bulk Regulations and Data Table to be exceeded.

    In order to develop the proposed improvements in Subarea A-1A, a prior applicant contracted to acquire a portion of the unused floor area (for FAR purposes) and dwelling units from Subarea B-2 (the "Development Rights"). The prior applicant shall establish those Development Rights (i) prior to issuance of Part II approval for Subarea A-1A and (ii) by delivery to DPD of an executed and recorded Agreement ("Agreement"). Said Agreement shall confirm the amount of Development Rights acquired for the benefit of Subarea A-1A. Said Development Rights shall be applicable solely to Subarea A-1A in accordance with the amounts shown on the Bulk Regulations and Data Table of this Planned Development. In no event shall such transfer of Development Rights cause the FAR or density limitations shown on the Bulk Regulations and Data Table to be exceeded. Delivery of the Agreement shall authorize DPD to issue Part II approval for Subarea A-1A pursuant to the parameters set forth in the Bulk Regulations and Data Table of this Planned Development.

17. The Applicant acknowledges the city's ongoing and evolving initiatives to enhance awareness of, and support and encourage participation by, Minority and Women's Business Enterprise certified contractors and local city residents. To assist the city in promoting such MBE, WBE and local city resident involvement, the Applicant will work with the Department of Planning and Development on outreach plans designed to elicit MBE, WBE and local city resident participation, such submission may include copies of certified letters, and receipts of such, sent to MBE/WBE contractor associations and the ward office of the alderman in which this project is proposed to be located. In conjunction with the Applicant's submission for Part II permit reviews, the Applicant will provide DPD, and upon request, the full Plan Commission, with all responses to any outreach plans and certified letters, updates on any associated communications or meetings and anticipated percentages of MBE, WBE and local city resident participation. Prior to issuance of their Certificate of Occupancy, the Applicant will upon request provide DPD with the actual level of MBE and WBE certified contractor and local city resident participation. All such details will be provided in a form acceptable to the Zoning Administrator or Commissioner of the Department of Planning and Development.

18. Sunset the Property is intended to be developed in phases extending over periods of time. This statement describes the schedule for commencement of development over those phases.

A. Initial Period. Unless substantial construction or renovation has commenced upon a minimum of one million (1,000,000) square feet of floor area within six (6) years of the effective date of this amended planned development, this planned development expires pursuant to the foregoing provision, the zoning of the property shall automatically revert to the C3-5 Commercial-Manufacturing District classification. Such reversion shall not render any building existing at the time to be nonconforming.

B. Subsequent Periods. Unless substantial construction or renovation has commenced and been diligently pursued after the initial period on two million (2,000,000) square feet of floor area (cumulative) within ten (10) years of the effective date hereof, and three million (3,000,000) square feet of floor area (cumulative) within twenty (20) years of the effective date hereof (the "Subsequent Periods"), the department may decide to review and recommend modification of the provisions of this planned development in whole or in part; provided, however, that any such modification may not render any building existing at the time to be nonconforming. The department's determination that the planned development ordinance must be reviewed shall be reflected in an application filed by the City for a planned development amendment, with City being deemed the applicant and providing, such notice as may be required by law. If any subarea has been improved per the terms of this planned development and the planned development is amended pursuant to this Statement 17, the amended planned development shall preserve the provisions applicable to the improved subarea. As of April 10, 2013, 3,082,324 square feet of development have been completed within the entire planned development and this section of the planned development is satisfied.

C. Unless substantial construction has commenced for the three thousand (3,000) square foot bank building and ATM facility within six (6) years of the effective date of the April 10, 2013 amended planned development, this planned development expires pursuant to the foregoing provision, the zoning of the Property shall revert to Planned Development Number 447, last amended June 27, 2012. Should this planned development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone the Property. Such reversion shall not render any building existing at the time to be nonconforming. As of July 16, 2015, the three thousand (3,000) square foot bank building and ATM facility have been completed within the entire planned development and this section of the planned development is satisfied.

D. Unless substantial construction has commenced within Subarea A-1A for the mixed-use building within six (6) years of this amended planned development, this planned development expires pursuant to the foregoing provision, the zoning of the Property shall revert to Planned Development Number 447, last amended April 10, 2013. Should this planned development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone the Property. Such reversion shall not render any building existing at the time to be nonconforming.

19. Severability. It is hereby declared to be the intention of the City Council of the City of Chicago that the provisions of this planned development ordinance are severable. If any provision, clause, paragraph, or statement of this planned development shall for any reason be adjudged by a court of competent jurisdiction to be unconstitutional or invalid, that judgment shall not affect, impair, or invalidate the remainder of this planned development.

Parking and Loading Requirements and Bulk Regulations and Data Table referred to in these Plan of Development Statements read as follows:

Parking And Loading Requirements.

Parking.

1. Residential:

   -- Multi-family -- 1.0 parking space per dwelling unit; Except for Subarea A-1A, which shall have a minimum accessory parking requirement of 0.85 parking spaces per dwelling unit.

-- An 80 percent occupancy factor may be applied to the above requirements if they are all present in the same zoning lot and shared parking is allowed.

3. Other uses -- per C3-5 zoning requirements.

Loading.

1. Telecommunications, high technology, data centers and new media -- 1 loading dock for every 500,000 square feet of usable floor area.

2. Office -- 1 loading dock for every 250,000 square feet of usable floor area up to 750,000 square feet after which 1 loading dock for every 500,000 square feet will be required.

3. Multi-family Residential -- 1 loading dock for every 200,000 square feet of floor area.

4. Retail.

   -- 0 to 10,000 square feet of usable area, no loading dock required provided that the retail is accessory to another use within the same zoning lot.

   -- 10,000 to 25,000 square feet of usable area, 1 loading dock required.

   -- 25,000 to 50,000 square feet of usable area, 2 loading docks required.

   -- 1 additional loading dock will be required for every 250,000 square feet thereafter.

5. Loading dock requirement may be reduced through sharing arrangements by 15 percent for each of the above uses included within a zoning lot (e.g., if 10 loading docks would be required by the above calculations for a building that included retail, telecommunications and office, the required number of docks would be reduced by 30 percent to 7 docks; 15 percent + 15 percent = 30 percent multiplied by 10 loading docks = 7 docks required).

6. Townhouses and Single-family Homes -- no loading docks required.

   Other uses -- per C3-5 zoning requirements.

12. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085, or any other provision of the Municipal Code of Chicago.

13. The Applicant acknowledges and agrees that the proposed amendment to P.D. 37 may trigger the requirements of Section 2-45-115 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO") for Subarea A-2. Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project (the "Required Units") as affordable units, or with the Commissioner's approval, provide the Required Units in an approved off-site location; (ii) pay a fee in lieu of the

development of the Required Units; or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the Required Units on-site or off-site. If the developer elects to provide affordable units off-site, the off-site affordable units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. The Property is located in a "higher income area" within the meaning of the ARO, and the project to be located in Subarea A-2 may have up to 150 units. The Applicant agrees that the affordable rental units must be affordable to households earning no more than [60 percent] of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. The Applicant's affordable housing obligation, as determined when the number of proposed units is finalized, will need to be documented in the Affordable Housing Profile Form attached hereto as Exhibit A. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval, and DPD may adjust the number of required Affordable Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must make the required Cash Payment and/or execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof (i.e. Subarea A-2), and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement 14, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

14. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A, by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.

15. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Future plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

16. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.

17. The Applicant acknowledges the city's ongoing and evolving initiatives to enhance awareness of, and support and encourage participation by, Minority and Women's Business Enterprise certified contractors and local city residents. To assist the city in promoting such MBE, WBE and local city resident involvement, the Applicant has already provided the Department of Planning and Development with any preliminary outreach plans designed to elicit MBE, WBE and local city resident participation, such submission may include copies of certified letters, and receipts of such, sent to MBE/WBE contractor associations and the ward office of the alderman in which this project is proposed to be located. In conjunction with the Applicant's submission for Part II permit reviews, the Applicant will provide DPD, and upon request, the full Plan Commission, with all responses to any preliminary outreach plans and certified letters, updates on any associated communications or meetings and anticipated percentages of MBE, WBE and local city resident participation. Prior to issuance of their Certificate of Occupancy, the Applicant will provide DPD with their actual level of MBE and WBE certified contractor and local city resident participation. All such details will be provided in a form acceptable to the Zoning Administrator or Commissioner of the Department of Planning and Development.

18. In the event of a change in the boundaries of Subarea A-1 or Subarea A-2 resulting from the need to transfer property to comply with Section 3(b) of the Amended and Restated Reciprocal Easement Agreement dated September 23, 2005 governing the Property, the owner of either Subarea A-1 or Subarea A-2 may file a written request with the Department of Planning and Development forwarding a copy of the recorded quitclaim deed contemplated by said Section 3(b) containing the revised legal descriptions and asking that the boundaries of Subareas A-1 and A-2 be modified to reflect same without amending the Planned Development.

19. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to a B3-5 Community Shopping District and with regulations thereby made applicable thereto.

The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.

15. The Applicant acknowledges and agrees that the rezoning of the Property from C2-2 to B3-3, and then to this Planned Development triggers the requirements of Section 2-45-115 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project (the "Required Units") as affordable units; (ii) pay a fee in lieu of the development of the Required Units; or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the Required Units on-site. The Property is located in a "low-moderate income area" within the meaning of the ARO; the project has a total of 44 units; and the project will receive TIF funds from the City. As a result, the Applicant's affordable housing obligation is 5 affordable units (10 percent of 44 units rounded up), one of which is a Required Unit (25 percent of 5). Applicant has agreed to satisfy its

affordable housing obligation by providing nine affordable units in the rental building to be constructed in the Planned Development. The Applicant agrees that the affordable rental units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval, and DPD may adjust the number of required Affordable Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must make the required Cash Payment and/or execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement 13, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

Notwithstanding the foregoing, if the Applicant receives Low-Income Housing Tax Credits, tax increment financing or other financial assistance whose affordability requirements exceed those of the Affordable Housing Ordinance from the City to develop affordable housing in any portion of the Planned Development, the regulatory, redevelopment, loan or other agreement(s) to be executed by the City and the Applicant in connection with such tax credits or other financial assistance shall govern and control the Applicant's obligation to provide affordable housing for such subsidized portion of the Planned Development.

16 The Applicant acknowledges the city's ongoing and evolving initiatives to enhance awareness of, and support and encourage participation by, Minority and Women's Business Enterprise certified contractors and local city residents. To assist the city in promoting such MBE, WBE and local city resident involvement, the Applicant has already provided the Department of Planning and Development with any preliminary outreach plans designed to elicit MBE, WBE and local city resident participation, such submission may include copies of certified letters, and receipts of such, sent to MBE/WBE contractor associations and the ward office of the alderman in which this project is proposed to be located. In conjunction with the Applicant's submission for Part II permit reviews, the Applicant will provide DPD, and upon request, the full Plan Commission, with all responses to any preliminary outreach plans and certified letters, updates on any associated communications or meetings and anticipated percentages of MBE, WBE and local city resident participation. Prior to issuance of their Certificate of Occupancy, the Applicant will provide DPD with their actual level of MBE and WBE certified contractor and local city resident participation. All such details will be provided in a form acceptable to the Zoning Administrator or Commissioner of the Department of Planning and Development.

17. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the property to B3-3 Neighborhood Shopping District.

Following approval by the Commissioner, the approved Site Plan(s) shall be kept on permanent file with the Department of Planning and Development and shall be deemed to be an integral part of this planned development. The approved Site Plans may be changed or modified pursuant to the minor change provisions of Section 17-13-0611 of the Chicago Zoning Ordinance.

12. 13. Upon review and determination ("Part II Review"), pursuant to Section 17-13-0610, a Part II Review fee shall be assessed by the Department of Planning and

Development. The Part II Review fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.

14. The terms and conditions of development under this planned development ordinance may be modified administratively, pursuant to Section 17-13-0611 -A, by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.

15. The Applicant acknowledges that it is in the public interest to design, construct and renovate all buildings in a manner that provides healthier environments, reduces operating costs and conserves energy and resources. The Applicant shall design, construct and maintain all new buildings located within the Property in a manner generally consistent with the requirements of the City of Chicago's Sustainable Development Policy in effect as of the date of Site Plan Approval and on a building-by-building basis. Notwithstanding the foregoing, the Applicant shall construct the Building E improvements in accordance with the DPD 2016 Sustainable Development Policy Matrix.

16. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

17. Off-street parking and loading facilities shall be provided in compliance with this planned development. A minimum of two percent (2%) of all parking spaces provided pursuant to this planned development shall be designated and designed for parking for the handicapped.

18. The Applicant will comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioner of Streets and Sanitation, the Commissioner of Environment and the Commissioner of Buildings under Section 13-32-125 of the Municipal Code of Chicago or any other provision of that Code.

19. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-Owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the Applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design,

engineering and construction of the project, and of city residents in the construction work. The city encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and *(ii) 50 percent city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof, (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. The Applicant acknowledges and agrees that the rezoning of the Property from RS2 and RS3 to B3-3, and then to this Planned Development triggers the requirements of Section 2-45-115 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project (the "Required Units") as affordable units; (ii) pay a fee in lieu of the development of the Required Units; or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the Required Units on-site. The Property is located in a "low-moderate income area" within the meaning of the ARO; the project has a total of 44 units. As a result, the Applicant's affordable housing obligation is 5 affordable units (10 percent of 44 units rounded up), one of which is a Required Unit (25 percent of 5). Applicant has agreed to satisfy its affordable housing obligation by providing 5 affordable units in the rental building to be constructed in the Planned Development. The Applicant agrees that the affordable rental units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the

City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval, and DPD may adjust the number of required Affordable Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must make the required Cash Payment and/or execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement 13, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the Approval of the Corporation Council, without amending the Planned Development.

Notwithstanding the foregoing, if the Applicant receives Low-Income Housing Tax Credits, tax increment financing or other financial assistance whose affordability requirements exceed those of the Affordable Housing Ordinance from the City to develop affordable housing in any portion of the Planned Development, the regulatory, redevelopment, loan or other agreement(s) to be executed by the City and the Applicant in connection with such tax credits or other financial assistance shall govern and control the Applicant's obligation to provide affordable housing for such subsidized portion of the Planned Development.

16. The Applicant acknowledges the city's ongoing and evolving initiatives to enhance awareness of, and support and encourage participation by, Minority and Women's Business Enterprise certified contractors and local city residents. To assist the City in promoting such MBE, WBE and local city resident involvement, the Applicant has already provided the Department of Planning and Development with any preliminary outreach plans designed to elicit MBE, WBE and local city resident participation, such submission may include copies of certified letters, and receipts of such, sent to MBE/WBE contractor associations and the ward office of the alderman in which this project is,proposed to be located. In conjunction with the Applicant's submission for Part II permit reviews, the Applicant will provide DPD, and upon request, the full Plan Commission, with all responses to any preliminary outreach plans and certified letters, updates on any associated communications or meetings and anticipated percentages of MBE, WBE and local city resident participation. Prior to issuance of their Certificate of Occupancy, the Applicant will provide DPD with their actual level of MBE and WBE certified contractor and local city resident participation. All such details will be provided in a form acceptable to the Zoning Administrator or Commissioner of the Department of Planning and Development.

17. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to B3-3 Neighborhood Shopping District.

TRIBUTE TO LATE ISSAC L. HARPER.

[R2017-876]

WHEREAS, On Tuesday, September 19, 2017, Mr. Issac L. Harper answered the call of his Heavenly Father, "Come for I have prepared a place specifically for thee, a mansion the size of a small city where your soul can find much rest. On the east side of the mansion displays your favorite sports logos hanging from the ceiling and slightly to the left of that area are photographs of the lives you have touched". As tears fell from Issac's eyes, he lifted his right hand and immediately connected with his Lord and Savior Jesus Christ; and

WHEREAS, The scripture states the steps of a good man are ordered by the Lord, Mr. Issac L. Harper's approach to serving others fits the biblical description like a dream. At a very young age, Issac committed his life to the Lord. His servitude in the church was always done without murmur or complaint; and
