REPORTS AND COMMUNICATIONS FROM CITY OFFICERS.

Rules Suspended -- CONGRATULATIONS EXTENDED TO SULLIVAN HIGH SCHOOL YEAR 2017 BOYS SOCCER TEAM ON WINNING REGIONAL CHAMPIONSHIP.

[R2018-107]

The Honorable Rahm Emanuel, Mayor, presented the following communication:

OFFICE OF THE MAYOR
CITY OF CHICAGO

January 17, 2018.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN -- I transmit herewith, together with Aldermen Joseph A. Moore and Brian Hopkins, a congratulatory resolution concerning the Sullivan High School Soccer Team.

Your favorable consideration of this resolution will be appreciated.

Very truly yours,

(Signed) RAHM EMANUEL,
Mayor.

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the said proposed resolution. The motion *Prevailed.*

The following is said proposed resolution:

WHEREAS, The Roger C. Sullivan High School Boys Soccer Team, better known as the "Tigers", has been incredibly successful on the soccer field for the last two years, clinching the regional championship and competing as sectional finalists; and

WHEREAS, The City Council was informed of the team's exceptional performance in 2016 and 2017 by the Honorable Joseph Moore, Alderman of the 49th Ward and the Honorable Brian Hopkins, Alderman of the 2nd Ward; and

WHEREAS, Part of the Chicago Public School system, Sullivan High School is located in the Rogers Park neighborhood, a true "melting pot" community, which is home to thousands of refugees, asylum-seekers and immigrants. Among the most diverse urban communities in the nation, Rogers Park, with its abundance of ethnic mutual aid societies and affordable housing, has absorbed its newcomers with unusual equanimity. Sullivan High School boasts a student body of approximately 700 culturally diverse young men and women, who collectively speak more than 40 different languages; and

WHEREAS, Sullivan High School's boys soccer team reflects that diversity. The 2016 Team consisted of 18 players from 11 different countries, many of whom had arrived in the United States so recently that they had yet to fully master the English language. This seemingly insurmountable obstacle, however, did not deter them from overcoming the language barrier to produce a winning team; and

WHEREAS, In the final moments before the kick-off to the 2016 regional championship game, Sullivan soccer coach Migert Baburi, himself an immigrant, who fled unrest in his native Albania two decades ago, inspired his players with a rousing pep talk, reminding them of the tremendous challenges they had overcome both on and off the soccer field to make it to the verge of the first regional title in Sullivan High School's history. "Whatever happens today", he said, "You need to know I am very proud of you. You're the best team I've had -- not because of talent, but because you found a way to work together to win." Breaking from the huddle with a roar, this unlikely group of champions launched a swift and decisive attack on the opposing team to clinch the regional title; and

WHEREAS, The truly inspiring story of the achievements of the 2016 Sullivan High School Boys Soccer Team against overwhelming odds, and of the remarkable coach who made that success possible, are chronicled in the documentary "Sullivan" by New York filmmaker Anthony Pellino; and

WHEREAS, Sullivan High School's 2017 Boys Soccer Team was equally diverse. It also consisted of students from 11, different countries, including: Burma, Burundi, Congo, El Salvador, Iraq, Kenya, Rwanda, Tanzania, Mexico, Myanmar, and the United States. Clearly inspired by their Team's success in 2016, and under the guiding hand of Head Coach Migert Baburi and Assistant Coach Lisa Romoser, the 2017 Sullivan High School Boys Soccer Team repeated the previous year's performance, once again demonstrating Sullivan High School's athletic prowess on the soccer field as 2017 regional champions and sectional finalists; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this 17th day of January 2018, do hereby congratulate Head Coach Migert Baburi, Assistant Coach Lisa Romoser, and the following members of Sullivan High School's 2017 Boys Soccer Team for their stellar performance this year on the soccer field: Ombeni Alfred, Simon Aye, Destin Biboussi, Alejandro Duran, Jesus Duran, Jason Gonzalez, Freddy Irakiza, Joseph Iraquha, Thang Khup, Anacletus Masalu, Jose Mora, Erick Morquecho, Hraishawi Muratadha, Kamil Murtadha, Justin Mutabazi, Wilson Nyibampa, Osvaldo Ramos, and Bawi Sang; and extend to them our best wishes for continued success; and

Be It Further Resolved, That suitable copies of this resolution be presented to Roger C. Sullivan High School Head Coach Migert Baburi, Assistant Coach Lisa Romoser, and each of the named members of Sullivan High School's 2017 Boys Soccer Team, as a token of our appreciation and esteem.

On motion of Alderman Burke, seconded by Aldermen Hopkins, Waguespack and J. Moore, the foregoing proposed resolution was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Moreno, Hopkins, Dowell, King, Hairston, Sawyer, Mitchell, Harris, Beale, Sadlowski Garza, Thompson, Cárdenas, Quinn, Burke, Lopez, Foulkes, D. Moore, Curtis, O'Shea, Cochran, Brookins, Muñoz, Zalewski, Scott, Solis, Maldonado, Burnett, Ervin, Taliaferro, Reboyras, Santiago, Waguespack, Mell, Austin, Ramirez-Rosa, Villegas, Mitts, Sposato, Laurino, O'Connor, Napolitano, Reilly, Smith, Tunney, Arena, Cappleman, Pawar, Osterman, J. Moore, Silverstein -- 50.

Nays -- None.

Alderman Harris moved to reconsider the foregoing vote. The motion was lost.

At this point in the proceedings, the Honorable Rahm Emanuel, Mayor, rose and on behalf of the people of Chicago extended congratulations to the members of the Roger C. Sullivan High School Boys Soccer Team on winning the 2017 Regional Championship. Mayor Emanuel also expressed gratitude to the teachers, coaches and principals for their ongoing support and guidance to help make their success possible. Lauding the players for their extraordinary performance, Mayor Emanuel described how a culturally diverse group of student athletes from different faiths, different countries and different cultures and often speaking different languages worked together in a collective spirit and shared focus to produce a winning team. "Our city's hope for a better tomorrow is enshrined in our aspirations", the Mayor noted, and in our fundamental belief in the promise that America holds for citizens and immigrants alike. The Sullivan High School Boys Soccer Team's inspirational story of success provides a powerful and eloquent rebuttal to the divisive rhetoric recently overheard in our nation's capital, the Mayor observed, which prays on fear and negative stereotypes of immigrant families and conjures up an image of America that is "not true to who we are and what we aspire for". Expressing pride in the players for their discipline and commitment to excellence both on the playing field and in the classroom, Mayor Emanuel reminded each of the honorees to reflect on and remain mindful and appreciative of the sacrifice and struggle endured by their parents who journeyed to America in search of a better life for their families and provide new opportunities for the next generation. Mayor Emanuel then invited team representative to the Mayor's rostrum where he presented each with a parchment copy of the congratulatory resolution.

3.09 Barricades. Prior to commencing any construction requiring barricades, Developer shall install a construction barricade of a type and appearance satisfactory to the City and constructed in compliance with all applicable Laws. DPD retains the right to approve the maintenance, appearance, color scheme, painting, nature, type, content and design of all barricades.

3.10 Signs and Public Relations. The Developer shall erect a sign of size and style approved by the City in a conspicuous location on the Calumet Heights Medical Home portion of the Property during the construction of the Calumet Heights Medical Home, indicating that financing has been provided by the City. The City reserves the right to include the name, photograph, artistic rendering of the Project and other pertinent information regarding Developer, the Property and the Project in the City's promotional literature and communications.

SECTION 4. FINANCING

4.01 Total Project Cost and Sources of Funds. The cost of the Project is estimated to be Twenty-Eight Million Seven Hundred Twenty-Six Thousand Eight Hundred and Sixty-Four Dollars ($28,726,864), with such amount to be applied in the manner set forth in the Project Budget. Such costs shall be funded from the following sources:

Equity (subject to Sections 4.03(b) and 4.06)	$28,726,864
ESTIMATED TOTAL	$28,726,864

4.02 Developer Funds. Equity and/or Lender Financing may be used to pay any Project cost, including but not limited to Redevelopment Project Costs.

4.03 City Funds.

(a) Uses of City Funds. City Funds may only be used to pay directly or reimburse Developer for costs of TIF-Funded Improvements that constitute Redevelopment Project Costs. Exhibit C sets forth, by line item, the TIF-Funded Improvements for the Project, and the maximum amount of costs that may be paid by or reimbursed from City Funds for each line item therein (subject to Sections 4.03(b), 4.03(c) and 4.05(b)), contingent upon receipt by the City of documentation satisfactory in form and substance to DPD evidencing such cost and its eligibility as a Redevelopment Project Cost, the Requisition Form, and documentation satisfactory in form and substance to DPD (including Developer's filing of a Jobs and Occupancy Certificate) evidencing Developer's compliance with the Operating Covenant and the applicable Jobs Covenant then due, as set forth in Section 8.06.

(b) Payment of City Funds.

1. Subject to the terms and conditions of this Agreement, including but not limited to this Section 4.03, Section 4.05(b) and Section 5 hereof, the City hereby agrees to pay for or reimburse the Developer for the actual Project costs of the TIF-Funded Improvements, in an amount not to exceed the Maximum TIF Assistance (the "City Funds") in Installments, as follows:

Project Phase	Source of City Funds	Maximum TIF Assistance
Headquarters	Available Incremental Taxes	$5,553,009

provided, however, that the total amount of City Funds expended for TIF-Funded Improvements shall be an amount not to exceed the lesser of (a) the Maximum TIF Assistance as set forth above, or (b) 19.331% of the Total Project Cost; provided further, in the event that the Total Project Cost is less than $28,726,864, the total amount of City Funds shall be reduced by $1.00 for every $1.00 (or portion thereof) by which the Total Project Cost is less than $28,726,864.

2. The City's financial commitment to provide Available Incremental Taxes for such purposes is subject to the Prior TIF Financings and the availability of sufficient Available Incremental Taxes.

3. Subject to the terms and conditions of this Agreement, payments of the City Funds shall be made to the Developer in installments (each, an "Installment") upon the Developer's submission of a Requisition Form in accordance with Section 4.03(c). Such Installments shall be in the amount set forth in Section 4.03(c); provided, however, that the total amount of City Funds expended for TIF-Funded Improvements shall be an amount not to exceed the applicable Maximum TIF Assistance.

4. City Funds derived from Incremental Taxes and available to pay such costs and allocated for such purposes shall be paid in accordance with the terms of this

Agreement only so long as no Event of Default or condition for which the giving of notice or the passage of time, or both, would constitute an Event of Default exists under this Agreement.

5. If, at the time the City issues the Certificate, Developer has not satisfied the Sustainability Requirement described in Section 8.22, then the City Funds shall be reduced by ten percent (10%) and such reduction shall be taken from Payment 1, as described in Section 4.03(c).

6. The Developer acknowledges and agrees that the City's obligation to pay Installments of City Funds in an amount not to exceed the applicable Maximum TIF Assistance is contingent upon the fulfillment of the conditions set forth in (1) through (5) above, as well as the prior issuance of the Certificate, and the Developer's satisfaction of all other applicable terms and conditions of this Agreement. In the event that such condition is not fulfilled, the amount of Equity and/or Lender Financing to be contributed by Developer pursuant to **Section 4.01** hereof shall increase proportionately.

(c) Payment Amount. (i) The Installments, to be paid pursuant to the time frames set forth herein and in accordance with the terms and conditions of this Agreement shall be made upon the submission of a Requisition Form to the satisfaction of DPD, shall be as follows:

Installment	Payment Trigger	Maximum Payment Amount
Payment 1	Later of Issuance of Certificate or June 30, 2018	$4,000,000*
Payment 2	One Year Anniversary of Payment 1	$500,000*
Payment 3	Two Year Anniversary of Payment 1	$500,000*
Payment 4	Three Year Anniversary of Payment 1	$553,009*

* The Maximum Payment Amount set forth herein is subject to be reduced in accordance with the provisions of **Section 4.03(b)(1)** hereof.

(d) Other Conditions for Payment of City Funds. In addition to any other conditions stated in this Agreement, the following conditions must be met before any City Funds are paid to the Developer:

1. Issuance of the Certificate by the City to Developer;

2. Delivery by Developer of the Letter of Credit to the City;

3. Developer has submitted evidence acceptable to DPD that the actual Total Project Cost is equal to, or in excess of, the Total Project Cost reflected in the Project Budget; and

4. The Developer has submitted to DPD the Requisition Form with any and all documents required by this Agreement.

(e) Letter of Credit. Concurrently with submitting the Requisition Form for Payment 1, the Developer will be required to purchase and deliver to the City an irrevocable Letter of Credit, which is valid and in a form acceptable to the City naming the City as the sole beneficiary for the full amount of Payment 1. Concurrently with submitting a Requisition Form for Payments 2 through 4, the Developer will be required to increase the amount of the Letter of Credit to match the amount of funds previously disbursed plus the amount of City Funds requested on each additional Requisition Form. The Letter of Credit shall be maintained for the duration of the Compliance Period and the principal amount of the Letter of Credit will decrease in accordance with the schedule presented below.

Year 1	100% of City Funds disbursed
Year 2	100% of City Funds disbursed
Year 3	100% of City Funds disbursed
Year 4	100% of City Funds disbursed
Year 5	100% of City Funds disbursed
Year 6	100% of City Funds disbursed
Year 7	80% of City Funds disbursed
Year 8	60% of City Funds disbursed
Year 9	40% of City Funds disbursed
Year 10	20% of City Funds disbursed

At no point through the end of Year 6 from the issuance of the Certificate will the amount of the Letter of Credit be less than the amount of City Funds disbursed to Developer. The reduction in the Letter of Credit shall coincide with the submission, by the Developer, of the Annual Compliance Report evidencing that all ongoing requirements of this Agreement have been satisfied during the preceding year. After the Compliance Period has ended, the Letter of Credit can be cancelled. In the event of default under this Agreement, the City shall have the right to immediately draw the full principal amount of the Letter of Credit.

4.04 Requisition Form. Conditioned upon the issuance of the Certificate pursuant to Section 7 hereof, Developer shall provide DPD with a Requisition Form, substantially in the form of Exhibit L hereto, documentation satisfactory in form and substance to DPD (including Developer's filing of a Jobs and Occupancy Certificate) evidencing Developer's compliance with the Operating Covenant and the applicable Jobs Covenant then due, as set forth in **Section 8.06**, along with the documentation described therein and such other supporting documentation as DPD shall request.

A Requisition Form for Payment 1 shall be submitted following the issuance of the Certificate. Subject to the availability of Available Incremental Taxes and the submission of a Requisition Form no fewer than sixty (60) days prior to the payment, the City will make reasonable effort to pay the Developer Payment 1 by the earlier of the first quarter of the calendar year following the issuance of the Certificate or 180 days of the issuance of the Certificate.

The Developer shall meet with DPD at the request of DPD to discuss the Requisition Form(s) previously delivered. If the total FTEs measured as of the applicable anniversary of the issuance of the Certificate is less than the applicable FTE requirement in the Jobs Covenant, then the Installment with respect to such anniversary shall equal zero. Upon the written request by the Developer accompanying a Requisition Form for reimbursement of TIF-Funded Improvements, the City agrees to make payments of City Funds then owing to the Developer directly to the Lender using wire transfer instructions provided by the Developer.

4.05 Treatment of Prior Expenditures and Subsequent Disbursements.

(a) Prior Expenditures. Only those expenditures made by Developer with respect to the Project prior to the Closing Date, evidenced by documentation satisfactory to DPD and approved by DPD as satisfying costs covered in the Project Budget (which approval may be obtained after the date of this Agreement), shall be considered previously contributed Equity or Lender Financing hereunder (the "Prior Expenditures"). DPD shall have the right, in its sole discretion, to disallow any such expenditure as a Prior Expenditure. Prior Expenditures made for items other than TIF-Funded Improvements shall not be reimbursed to Developer, but shall reduce the amount of Equity and/or Lender Financing required to be contributed by Developer pursuant to **Section 4.01** hereof.

(b) Allocation Among Line Items. Disbursements for expenditures related to TIF-Funded Improvements may be allocated to and charged against the appropriate line only, with transfers of costs and expenses from one line item to another, without the prior written consent of DPD, being prohibited; provided, however, that such transfers among line items, in an amount not to exceed $25,000 or $100,000 in the aggregate, may be made without the prior written consent of DPD.

4.06 Cost Overruns. If the aggregate cost of the TIF-Funded Improvements exceeds City Funds available pursuant to **Section 4.03** hereof, or if the cost of completing the Project exceeds the Project Budget, Developer shall be solely responsible for such excess cost, and shall hold the City harmless from any and all costs and expenses of completing the TIF-Funded Improvements in excess of City Funds and of completing the Project.

4.07 Preconditions of Disbursement. Prior to the payment of each Installment of City Funds hereunder, Developer shall submit, in the timeframe set forth in **Section 4.04** hereof, a Requisition Form and documentation regarding the applicable expenditures to DPD that are satisfactory to DPD in its sole discretion. Delivery by Developer to DPD of any request for payment of an Installment of City Funds hereunder shall, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of such request for payment, that:

(a) the total amount of the disbursement request represents the actual amount payable to (or paid to) the General Contractor and/or subcontractors who have performed work on the Project, and/or their payees;

(b) all amounts shown as previous payments on the current disbursement request have been paid to the parties entitled to such payment;

(c) Developer has approved all work and materials for the current disbursement request, and such work and materials conform to the Plans and Specifications;

(d) the representations and warranties contained in this Agreement are true and correct and Developer is in compliance with all covenants contained herein;

(e) Developer has received no notice and has no knowledge of any liens or claim of lien either filed or threatened against the Property except for the Permitted Liens;

(f) no Event of Default or condition or event which, with the giving of notice or passage of time or both, would constitute an Event of Default exists or has occurred; and

(g) the Project is In Balance. The Project shall be deemed to be in balance ("In Balance") only if the total of the Available Project Funds equals or exceeds the aggregate of the amount necessary to pay all unpaid Project costs incurred or to be incurred in the completion of the

Project. Developer hereby agrees that, if the Project is not In Balance, Developer shall, within 10 days after a written request by the City, provide the City with evidence of sufficient sources of funds that will place the Project In Balance.

The City shall have the right, in its discretion, to require Developer to submit further documentation as the City may require in order to verify that the matters certified to above are true and correct, and any disbursement by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by Developer. In addition, Developer shall have satisfied all other preconditions of disbursement of City Funds for each disbursement, including but not limited to requirements set forth in the Bond Ordinance, if any, TIF Bond Ordinance, if any, the Bonds, if any, the TIF Bonds, if any, the TIF Ordinances, and this Agreement.

4.08 Conditional Grant. The City Funds being provided hereunder are being granted on a conditional basis, subject to the Developer's compliance with the provisions of this Agreement. The City Funds are subject to being terminated, suspended and/or reimbursed as provided in **Section 15** hereof.

The Title Policy also contains such endorsements as shall be required by Corporation Counsel, including but not limited to an owner's comprehensive endorsement and satisfactory endorsements regarding (as applicable): zoning (3.1 with parking), contiguity, location, access and survey. Developer, at its own expense, has provided the City with searches as indicated in the chart below under Developer's name showing no liens against Developer, the leasehold in the Property or any fixtures now or hereafter affixed thereto, except for the Permitted Liens:

Notwithstanding acceptance by the City of the EDS, failure of the EDS to include all information required under the Municipal Code renders this Agreement voidable at the option of the City. Developer and any other parties required by this Section 5.14 to complete an EDS must promptly update their EDS(s) on file with the City whenever any information or response provided in the EDS(s) is no longer complete and accurate, including changes in ownership and changes in disclosures and information pertaining to ineligibility to do business with the City under Chapter 1-23 of the Municipal Code, as such is required under Sec. 2-154-020, and failure to promptly provide the updated EDS(s) to the City will constitute an event of default under this Agreement.

5.15 Litigation. In addition to the requirements of this **Section 6**, the Construction Contracts and each contract with any subcontractor shall contain provisions required pursuant to **Section 3.04** (Change Orders), **Section 8.09** (Prevailing Wage), **Section 10.01(e)** (Employment Opportunity), **Section 10.02** (City Resident Employment Requirement) **Section 10.03** (MBE/WBE Requirements, as applicable), **Section 12** (Insurance) and **Section 14.01** (Books and Records) hereof. Photocopies of all contracts or subcontracts entered into in connection with the TIF-Funded Improvementshave been provided to DPD.

SECTION 7. COMPLETION OF CONSTRUCTION OR REHABILITATION

7.01 Certificate of Completion. iv. The Developer has submitted adequate documentation that the Total Project Cost is at least $28,726,864; provided, however, that in the event that the Total Project Cost is less than $28,726,864, the total amount of City Funds shall be reduced by $1.00 for every $1.00 (or portion thereof) by which the Total Project Cost is less than $28,726,864, as described in **Section 4.03(b)**;

v. The Developer has submitted evidence acceptable to the DPD that the Developer has met the Sustainability Requirement for the Headquarters; provided, however, that in the event that the Sustainability Requirement is not met then the City Funds shall be reduced by ten percent (10%), as described in Section 4.03(b);

DPD shall respond to Developer's written request for the Certificate within forty-five (45) days by issuing either such Certificate or a written statement detailing the ways in which the Project or any portion of the Project, as applicable, does not conform to this Agreement or has not been satisfactorily completed, and the measures which must be taken by Developer in order to obtain such Certificate. Developer may resubmit a written request for such Certificate upon completion of such measures.

7.02 Effect of Issuance of Certificate; Continuing Obligations. The Certificate relates to the completion of the entire Project. Upon issuance of the Certificate, the City will certify that the terms of the Agreement specifically related to Developer's obligation to complete the Project have been satisfied. After the issuance of the Certificate, however, all executory terms and conditions of this Agreement and all representations and covenants contained herein will continue to remain in full force and effect throughout the Term of the Agreement as to the parties described in the following paragraph. The issuance of the Certificate shall not be construed as a waiver by the City of any of its rights and remedies pursuant to such executory terms.

Those covenants specifically described at **Sections 8.01(j), 8.01(k), 8.02, 8.06, 8.19(c), 8.20, 8.23** and **8.25** as covenants that run with the land are the only covenants in this Agreement intended to be binding upon any transferee of the Property (including an assignee as described in the following sentence) throughout the Term of the Agreement notwithstanding the issuance of the Certificate; provided, that upon the issuance of the Certificate, the covenants set forth in **Section 8.02** shall be deemed to have been fulfilled. The other executory terms of this Agreement that remain after the issuance of the Certificate shall be binding only upon Developer or a permitted assignee of Developer who, pursuant to **Section 18.15** of this Agreement, has contracted to take an assignment of Developer's rights under this Agreement and assume Developer's liabilities hereunder.

7.03 Failure to Complete. If Developer fails to complete the Project in accordance with the terms of this Agreement, then the City has, but shall not be limited to, any of the following rights and remedies:

(b) the right (but not the obligation) to complete those TIF-Funded Improvements that are public improvements and to pay for the costs of TIF-Funded Improvements (including interest costs) out of City Funds or other City monies. In the event that the aggregate cost of completing the TIF-Funded Improvements exceeds the amount of City Funds available pursuant to **Section 4.01**, Developer shall reimburse the City for all reasonable costs and expenses incurred by the City in completing such TIF-Funded Improvements in excess of the available City Funds; and

(c) the right to seek reimbursement of the City Funds from Developer, provided that the City is entitled to rely on an opinion of counsel that such reimbursement will not jeopardize the tax-exempt status of the TIF Bonds, if any.

7.04 Notice of Expiration of Term of Agreement. Upon the expiration of the Term of the Agreement, DPD shall provide Developer, at Developer's written request, with a written notice in recordable form stating that the Term of the Agreement has expired.

SECTION 8. COVENANTS/REPRESENTATIONS/WARRANTIES OF DEVELOPER

8.01 General. Developer represents, warrants and covenants, as of the date of this Agreement and as of the date of each disbursement of City Funds hereunder, that:

8.02 Covenant to Redevelop. Upon DPD's approval of the Project Budget, the Scope Drawings and Plans and Specifications as provided in **Sections 3.02** and **3.03** hereof, and Developer's receipt of all required building permits and governmental approvals, Developer shall redevelop the Property in accordance with this Agreement and all Exhibits attached hereto, the TIF Ordinance, if any, the Bond Ordinance, if any, the Scope Drawings, Plans and Specifications, Project Budget and all amendments thereto, and all Laws applicable to the Project, the Property and/or Developer. The covenants set forth in this Section shall run with the land and be binding upon any transferee, but shall be deemed satisfied upon issuance by the City of the Certificate.

8.03 Redevelopment Plan. The Developer represents that the Headquarters is and shall be in compliance with all of the terms of the Redevelopment Plan, which is hereby incorporated by reference into this Agreement.

8.04 Use of City Funds. City Funds disbursed to the Developer shall be used by Developer solely to pay for (or to reimburse Developer for its payment for) the TIF-Funded Improvements as provided in this Agreement.

8.05 Other Bonds. Developer shall, at the request of the City, agree to any reasonable amendments to this Agreement that are necessary or desirable in order for the City to issue (in its sole discretion) any bonds in connection with the Redevelopment Area, the proceeds of which may be used to reimburse the City for expenditures made in connection with, or provide a source of funds for the payment for, the TIF-Funded Improvements (the "**Bonds**"); provided, however, that any such amendments shall not have a material adverse effect on Developer or the Project. Developer shall, at Developer's expense, cooperate and provide reasonable assistance in connection with the

marketing of any such Bonds, including but not limited to providing written descriptions of the Project, making representations, providing information regarding its financial condition and assisting the City in preparing an offering statement with respect thereto.

8.06 Operating Covenant; Job Creation and Retention.

(a) Operating Covenant. The Developer, or its direct or indirect subsidiary corporations, shall continuously occupy and operate the Cancer Center, Avondale Medical Home, Calumet Heights Medical Home, and Belmont-Cragin Medical Home in the general manner described in Recital E for the term of the Compliance Period. In the event leases for the Avondale Medical Home and Belmont-Cragin Medical Home are terminated prior to the end of the Compliance Period, the Developer shall operate a substitute comparable facility within an economically-disadvantaged area of the City for the duration of the Compliance Period. If the Developer proposes to operate in a substitute facility, or proposes to offer healthcare services which are materially different from the services described on Recital E, prior written approval from the City must be obtained. The City, in its sole discretion, shall grant or withhold such approval within sixty (60) days of receipt of a written request from the Developer.

The Developer shall also continuously occupy and operate its leased space at the Property as the Headquarters in the manner described in Recital E for the term of the Compliance Period. In the event the Developer does not renew its lease at the Headquarters (such lease expiring May 31, 2025), the Developer may relocate to another space within the boundaries of the LaSalle Central Redevelopment Area. The Developer must obtain prior written approval from the City prior to moving the Headquarters to another location. If, at any time during the Compliance Period, the Developer relocates the Headquarters outside of the LaSalle Central Redevelopment Area, such relocation shall be considered an event of default. The City, in its sole discretion, shall grant or withhold such approval within sixty (60) days of receipt of a written request from the Developer.

The requirements of this Section 8.06(a) are, collectively, referred to herein as the "Operating Covenant." A default under the Operating Covenant shall constitute an Event of Default without notice or opportunity to cure. If the Developer fails to satisfy the Operating Covenant, the City shall have the right to halt payment or seek reimbursement of City Funds paid to the Developer and to terminate this Agreement.

(b) Jobs Covenant. The Developer shall adhere to the following job creation and retention standards (collectively the "Jobs Covenant"):

(i) Prior to the date the Developer requests the City to issue the Certificate under Section 7.01 hereof, the Developer shall have created or retained not less than 200 FTE positions at the Headquarters;

(ii) During the Compliance Period, the Developer shall maintain at least 200 FTE positions at the Headquarters.

(c) Jobs and Occupancy Certificates. Throughout the Compliance Period, the Developer shall submit to DPD annual certified Jobs and Occupancy Certificates disclosing compliance with the then-applicable Jobs Covenant and the Operating Covenant. These Jobs and Occupancy Certificates shall be submitted to DPD by February 1st for the prior calendar year. The Developer agrees that it shall act in good faith and, among other things, shall not hire temporary workers or relocate workers for short periods of time for the primary purpose of avoiding a breach of the Jobs Covenant. The Jobs and Occupancy Certificate shall include the names, addresses and

zip codes of principal residence, and job titles of FTEs employed at the Property as of the end of the prior calendar year.

(d) Jobs Covenant Default and Cure Period. If the Developer defaults under the Jobs Covenant, an Event of Default shall not be declared with respect to such default if the Developer, upon irrevocable written notice (the "Extension Notice") accompanying the Jobs and Occupancy Certificate, elects to extend the Compliance Period by one year to the eleventh (11th) anniversary of the date the Certificate is issued. The one-year period during which the Extension Notice is given shall be the only cure period allowed for a default by Developer of the Jobs Covenant as described in this paragraph; no other notice or cure periods shall apply thereto and if such default is not cured within such one-year period then the Compliance Period shall not be extended and an Event of Default shall exist without notice or opportunity to cure. If the Developer has not delivered a permitted Extension Notice then any default by the Developer of the Jobs Covenant shall constitute an Event of Default without notice or opportunity to cure. The Developer shall be entitled to deliver one Extension Notice. If the Developer has delivered an Extension Notice, then any subsequent default by the Developer of the Jobs Covenant shall constitute an Event of Default without notice or opportunity to cure.

(e) **Covenants Run with the Land; Remedy**. The covenants set forth in this **Section 8.06** shall run with the land and be binding upon any transferee. In the event of a default for any of the covenants in this **Section 8.06**, the City shall have the right to recapture the full amount of all City Funds previously paid or disbursed to the Developer for the Project if such default(s) is/are not cured during the applicable cure period, if any, and to exercise any other remedies described or referred to in this Agreement.

8.07 Intentionally Omitted.

8.08 Intentionally Omitted.

8.09 Prevailing Wage. Developer represents that with respect to the Headquarters, the Developer has paid, and has caused its General Contractor and each subcontractor to pay, the then-effective prevailing wage rate as ascertained by the Illinois Department of Labor (the "**Department**") at the time the Headquarters was constructed, to all Headquarters employees. Upon the City's request, Developer shall provide the City with copies of all such contracts entered into by Developer or the General Contractor to evidence compliance with this **Section 8.09**.

8.10 Arms-Length Transactions. Unless DPD has given its prior written consent with respect thereto, no Affiliate of Developer may receive any portion of City Funds, directly or indirectly, in payment for work done, services provided or materials supplied in connection with any TIF-Funded Improvement. Developer shall provide information with respect to any entity to receive City Funds directly or indirectly (whether through payment to the Affiliate by Developer and reimbursement to Developer for such costs using City Funds, or otherwise), upon DPD's request, prior to any such disbursement.

8.11 Conflict of Interest. Pursuant to Section 5/11-74.4-4(n) of the Act, Developer represents, warrants and covenants that, to the best of its knowledge, no member, official, or employee of the City, or of any commission or committee exercising authority over the Project, the Redevelopment Area or the Redevelopment Plan, or any consultant hired by the City or Developer with respect thereto, owns or controls, has owned or controlled or will own or control any interest, and no such person shall represent any person, as agent or otherwise, who owns or controls, has owned or controlled, or will own or control any interest, direct or indirect, in Developer's business, the Property or any other property in the Redevelopment Area.

8.12 Disclosure of Interest. Developer's counsel has no direct or indirect financial ownership interest in Developer, the Property or any other aspect of the Project.

8.13 Financial Statements. Developer shall obtain and provide to DPD Financial Statements for Developer's fiscal year ended 2017 and each December 31 thereafter throughout the Compliance Period. In addition, Developer shall submit unaudited financial statements as soon as reasonably practical following the close of each fiscal year and for such other periods as DPD may request.

8.14 Insurance. Developer, at its own expense, shall comply with all provisions of Section 12 hereof.

8.15 Non-Governmental Charges. (a) Payment of Non-Governmental Charges. Except for the Permitted Liens, Developer agrees to pay or cause to be paid when due any Non-Governmental Charge assessed or imposed upon the Developer's interest in the Project, the Property or any fixtures that are or may become attached thereto, which creates, may create, or appears to create a lien upon all or any portion of the Developer's interest in the Property or Project; provided however, that if such Non-Governmental Charge may be paid in installments, Developer may pay the same together with any accrued interest thereon in installments as they become due and before any fine, penalty, interest, or cost may be added thereto for nonpayment. Developer shall furnish to DPD, within thirty (30) days of DPD's request, official receipts from the appropriate entity, or other proof satisfactory to DPD, evidencing payment of the Non-Governmental Charge in question.

(b) Right to Contest. Developer has the right, before any delinquency occurs:

(i) to contest or object in good faith to the amount or validity of any Non-Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted, in such manner as shall stay the collection of the contested Non-Governmental Charge, prevent the imposition of a lien or remove such lien, or prevent the sale or forfeiture of the Property (so long as no such contest or objection shall be deemed or construed to relieve, modify or extend Developer's covenants to pay any such Non-Governmental Charge at the time and in the manner provided in this Section 8.15); or

(ii) at DPD's sole option, to furnish a good and sufficient bond or other security satisfactory to DPD in such form and amounts as DPD shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property or any portion thereof or any fixtures that are or may be attached thereto, during the pendency of such contest, adequate to pay fully any such contested Non-Governmental Charge and all interest and penalties upon the adverse determination of such contest.

8.16 Developer's Liabilities. Developer shall not enter into any transaction that would materially and adversely affect its ability to perform its obligations hereunder or to repay any material liabilities or perform any material obligations of Developer to any other person or entity. Developer shall immediately notify DPD of any and all events or actions which may materially affect Developer's ability to carry on its business operations or perform its obligations under this Agreement or any other documents and agreements related hereto.

8.17 Compliance with Laws.

(a) Representation. To the best of the Developer's knowledge, after diligent inquiry, the Property and the Project are and shall be in compliance with all Laws pertaining to or affecting the Project and the Property. Upon the City's request, the Developer shall provide evidence satisfactory to the City of such compliance.

(b) Covenant. The Developer covenants that the Property and the Project will be operated and managed in compliance with all Laws. Upon the City's request, the Developer shall provide evidence to the City of its compliance with this covenant.

8.18 Recording and Filing. Developer shall cause this Agreement, certain exhibits (as specified by Corporation Counsel), all amendments and supplements hereto to be recorded and filed against Developer's leasehold in the Property on the date hereof in the conveyance and real property records of the county in which the Project is located. This Agreement shall be recorded prior to any mortgage made in connection with Lender Financing. Developer shall pay all fees and charges incurred in connection with any such recording. Upon recording, Developer shall immediately transmit to the City an executed original of this Agreement showing the date and recording number of record.

8.19 Real Estate Provisions.

(a) Governmental Charges.

(i) Payment of Governmental Charges. Developer agrees to pay or cause to be paid when due all Governmental Charges (as defined below) which are assessed or imposed upon Developer, its leashold interest in the Property or the Project, or become due and payable, and which create, may create a lien upon Developer or all or any portion of its leasehold interest in the Property or the Project. "Governmental Charge" shall mean all federal, State, county, the City, or other governmental (or any instrumentality, division, agency, body, or department thereof) taxes, levies, assessments, charges, liens, claims or encumbrances (except for those assessed by foreign nations, states other than the State of Illinois, counties of the State other than Cook County, and municipalities other than the City) relating to Developer, its leasehold interest in the Property or the Project including but not limited to real estate taxes.

(ii) Right to Contest. Developer has the right before any delinquency occurs to contest or object in good faith to the amount or validity of any Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted in such manner as shall stay the collection of the contested Governmental Charge and prevent the imposition of a lien or the sale or forfeiture of its leasehold interest in the Property. No such contest or objection shall be deemed or construed in any way as relieving, modifying or extending Developer's covenants to pay any such Governmental Charge at the time and in the manner provided in this Agreement unless Developer has given prior written notice to DPD of Developer's intent to contest or object to a Governmental Charge and, unless, at DPD's sole option,

(i) Developer shall demonstrate to DPD's satisfaction that legal proceedings instituted by Developer contesting or objecting to a Governmental Charge shall conclusively operate to prevent or remove a lien against, or the sale or forfeiture of, all or any part of its leasehold interest in the Property to satisfy such Governmental Charge prior to final determination of such proceedings; and/or

(ii) Developer shall furnish a good and sufficient bond or other security satisfactory to DPD in such form and amounts as DPD shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of its leasehold

interest in the Property during the pendency of such contest, adequate to pay fully any such contested Governmental Charge and all interest and penalties upon the adverse determination of such contest.

(b) Developer's Failure To Pay Or Discharge Lien. If Developer fails to pay any Governmental Charge or to obtain discharge of the same, Developer shall advise DPD thereof in writing, at which time DPD may, but shall not be obligated to, and without waiving or releasing any obligation or liability of Developer under this Agreement, in DPD's sole discretion, make such payment, or any part thereof, or obtain such discharge and take any other action with respect thereto which DPD deems advisable. All sums so paid by DPD, if any, and any expenses, if any, including reasonable attorneys' fees, court costs, expenses and other charges relating thereto, shall be promptly disbursed to DPD by Developer. Notwithstanding anything contained herein to the contrary, this paragraph shall not be construed to obligate the City to pay any such Governmental Charge. Additionally, if Developer fails to pay any Governmental Charge, the City, in its sole discretion, may require Developer to submit to the City audited Financial Statements at Developer's own expense.

(c) Real Estate Taxes.

(i) Real Estate Tax Exemption. With respect to the Property, neither Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to Developer shall, during the Term of this Agreement, seek, or authorize any exemption (as such term is used and defined in the Illinois Constitution, Article IX, Section 6 (1970)) for any year that the Redevelopment Plan is in effect. While the Developer may not request the Property owner to seek any exemption, this Agreement does not preclude or prohibit the Property owner from seeking an exemption.

(ii) No Reduction in Real Estate Taxes. Neither Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to Developer shall, during the Term of this Agreement, directly or indirectly, initiate, seek or apply for proceedings in order to lower the assessed value of all or any portion of the Property. While the Developer may not request the Property owner to seek any reduction in real estate taxes, this Agreement does not preclude or prohibit the Property owner from initiating, seeking or applying for proceedings in order to lower the assessed value of all or any portion of the Property.

(iii) No Objections. Neither Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to Developer, shall object to or in any way seek to interfere with, on procedural or any other grounds, the filing of any Underassessment Complaint or subsequent proceedings related thereto with the Cook County Assessor or with the Cook County Board of Appeals, by either the City or any taxpayer. The term "Underassessment Complaint" as used in this Agreement shall mean any complaint seeking to increase the assessed value of the Property.

(iv) Covenants Running with the Land. The parties agree that the restrictions contained in this Section 8.19(c) are covenants running with the land and this Agreement shall be recorded by Developer as a memorandum thereof, at Developer's expense, with the Cook County Recorder of Deeds on the Closing Date. These restrictions shall be binding upon Developer and its agents, representatives, lessees, successors, assigns and transferees from and after the date hereof, provided however, that the covenants shall be released when the Redevelopment Area is no longer in effect. Developer agrees that any sale, lease, conveyance, or transfer of title to all or any portion of the Property or

Redevelopment Area from and after the date hereof shall be made explicitly subject to such covenants and restrictions. Notwithstanding anything contained in this Section 8.19(c) to the contrary, the City, in its sole discretion and by its sole action, without the joinder or concurrence of Developer, its successors or assigns, may waive and terminate Developer's covenants and agreements set forth in this Section 8.19(c).

(d) Change in Use and Ownership. If applicable during the Term of this Agreement, Developer shall complete a letter of notification, in accordance with 35 ILCS 200/15-20, notifying the Cook County Assessor that there has been a change in use and ownership of the Property. After delivery of the notification to the Cook County Assessor via certified mail, return receipt requested, Developer shall forward a copy of the return receipt to DPD, with a copy to the City's Corporation Counsel's office. Additionally, the provisions of this **Section 8.19** do not prohibit a change in use of portions of the Property so long as the Developer is in compliance with the Operating Covenant as set forth in **Section 8.06(a)** hereof, including if such change in use results in Non-exempt Property thereafter being exempt from the payment of real estate taxes.

8.20 Annual Compliance Report. During the Compliance Period, the Developer shall submit to DPD the Annual Compliance Report on or before February 1st of the year after the end of the calendar year to which the Annual Compliance Report relates.

8.21 Inspector General. It is the duty of Developer and the duty of any bidder, proposer, contractor, subcontractor, and every applicant for certification of eligibility for a City contract or program, and all of Developer's officers, directors, agents, partners, and employees and any such bidder, proposer, contractor, subcontractor or such applicant to cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code. Developer represents that it understands and will abide by all provisions of Chapters 2-56 of the Municipal Code and that it will inform subcontractors of this provision and require their compliance.

8.22 Sustainability Requirement. As to the Headquarters, the Developer has received a LEED Silver Certification (LEED for Commercial Interiors (V2009)). The following evidence of such certification has been provided to and approved by DPD's Sustainable Development Unit: 1) a LEED for Commercial Interiors Checklist; and 2) a LEED Silver certification.

8.23 FOIA and Local Records Act Compliance.

(a) FOIA. The Developer acknowledges that the City is subject to the Illinois Freedom of Information Act, 5 ILCS 140/1 et. seq., as amended ("FOIA"). The FOIA requires the City to produce records (very broadly defined in FOIA) in response to a FOIA request in a very short period of time, unless the records requested are exempt under the FOIA. If the Developer receives a request from the City to produce records within the scope of FOIA, then the Developer covenants to comply with such request within 48 hours of the date of such request. Failure by the Developer to timely comply with such request shall be an Event of Default.

(b) Exempt Information. Documents that the Developer submits to the City under **Section 8.20**, (Annual Compliance Report) or otherwise during the Term of the Agreement that contain trade secrets and commercial or financial information may be exempt if disclosure would result in competitive harm. However, for documents submitted by the Developer to be treated as a trade secret or information that would cause competitive harm, FOIA requires that Developer mark any such documents as "proprietary, privileged or confidential." If the Developer marks a document as "proprietary, privileged and confidential", then DPD will evaluate whether such document may be withheld under the FOIA. DPD, in its discretion, will determine whether a document will be

exempted from disclosure, and that determination is subject to review by the Illinois Attorney General's Office and/or the courts.

(c) Local Records Act. The Developer acknowledges that the City is subject to the Local Records Act, 50 ILCS 205/1 et. seq, as amended (the "Local Records Act"). The Local Records Act provides that public records may only be disposed of as provided in the Local Records Act. If requested by the City, the Developer covenants to use its best efforts consistently applied to assist the City in its compliance with the Local Records Act.

8.24 Job Readiness Program. Developer shall undertake a job readiness program to work with the City, through DPD'sWorkforce Unit, to participate in job training programs to provide job applicants for the jobs created by the Project and the operation of Developer's business on the Property.

8.25 Survival of Covenants. All warranties, representations, covenants and agreements of Developer contained in this Section 8 and elsewhere in this Agreement shall be true, accurate and complete at the time of Developer's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and (except as provided in Section 7 hereof upon the issuance of the Certificate) shall be in effect throughout the Term of the Agreement.

SECTION 9. COVENANTS/REPRESENTATIONS/WARRANTIES OF CITY

9.01 General Covenants. The City represents that it has the authority as a home rule unit of local government to execute and deliver this Agreement and to perform its obligations hereunder.

9.02 Survival of Covenants. All warranties, representations, and covenants of the City contained in this Section 9 or elsewhere in this Agreement shall be true, accurate, and complete at the time of the City's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and be in effect throughout the Term of the Agreement.

SECTION 10. DEVELOPER'S EMPLOYMENT OBLIGATIONS

10.01 Employment Opportunity. Developer, on behalf of itself and its successors and assigns, hereby agrees, and shall contractually obligate its or their various contractors, subcontractors or any Affiliate of Developer operating on the Property (collectively, with Developer, the "Employers" and individually an "Employer") to agree, that for the Term of this Agreement with respect to Developer and during the period of any other party's provision of services in connection with the construction of the Project or occupation of the Property:

(a) No Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Chapter 2-160, Section 2-160-010 et seq., Municipal Code, except as otherwise provided by said ordinance and as amended from time to time (the "Human Rights Ordinance"). Each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a non-discriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Each Employer agrees to post in

conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Employers, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.

(b) To the greatest extent feasible, each Employer is required to present opportunities for training and employment of low- and moderate-income residents of the City and preferably of the Redevelopment Area; and to provide that contracts for work in connection with the construction of the Headquarters be awarded to business concerns that are located in, or owned in substantial part by persons residing in, the City and preferably in the Redevelopment Area.

(c) Each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including but not limited to the City's Human Rights Ordinance and the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. (1993), and any subsequent amendments and regulations promulgated thereto.

(d) Each Employer, in order to demonstrate compliance with the terms of this Section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.

(e) Each Employer shall include the foregoing provisions of subparagraphs (a) through (d) in every contract entered into in connection with the Headquarters, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any Affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or Affiliate, as the case may be.

(f) Failure to comply with the employment obligations described in this **Section 10.01** shall be a basis for the City to pursue remedies under the provisions of **Section 15.02** hereof.

10.02 City Resident Construction Worker Employment Requirement. Developer agrees for itself and its successors and assigns, and has contractually obligated its General Contractor for the Headquarters and has caused the General Contractor to contractually obligate its subcontractors, as applicable, to agree, that during the construction of the Headquarters they shall comply with the minimum percentage of total worker hours performed by actual residents of the City as specified in Section 2-92-330 of the Municipal Code (at least 50 percent of the total worker hours worked by persons on the site of the Headquarters shall be performed by Actual Residents of the City); provided, however, that in addition to complying with this percentage, Developer, its General Contractor and each subcontractor was required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions.

Developer may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code in accordance with standards and procedures developed by the Chief Procurement Officer of the City.

"Actual Residents of the City" shall mean persons domiciled within the City. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

Developer, the General Contractor and each subcontractor shall provide for the maintenance of adequate employee residency records to show that actual Chicago residents are employed on the

Headquarters portion of the Project. Each Employer shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

Developer, the General Contractor and each subcontractor shall provide full access to their employment records to the Chief Procurement Officer, the Commissioner of DPD, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative of any of them. Developer, the General Contractor and each subcontractor shall maintain all relevant personnel data and records for a period of at least three (3) years after final acceptance of the work constituting the Headquarters portion of the Project.

At the direction of DPD, affidavits and other supporting documentation will be required of Developer, the General Contractor and each subcontractor to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of Developer, the General Contractor and each subcontractor to provide utilization of actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Chief Procurement Officer) shall not suffice to replace the actual, verified achievement of the requirements of this Section concerning the worker hours performed by actual Chicago residents.

In the event that the City has determined that Developer has failed to ensure the fulfillment of the requirement of this Section concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Section. Therefore, in such a case of non-compliance, it is agreed that 1/20 of 1 percent (0.0005) of the aggregate hard construction costs set forth in the Headquarters portion of the Project budget (the product of .0005 x such aggregate hard construction costs) (as the same shall be evidenced by approved contract value for the actual contracts) shall be surrendered by Developer to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject Developer, the General Contractor and/or the subcontractors to prosecution. Any retainage to cover contract performance that may become due to Developer pursuant to Section 2-92-250 of the Municipal Code may be withheld by the City pending the Chief Procurement Officer's determination as to whether Developer must surrender damages as provided in this paragraph.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246 " and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Agreement or related documents.

10.03. MBE/WBE Commitment. Developer agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, has contractually obligated the General Contractor to agree that during the construction of the Headquarters portion of the Project:

(a) Consistent with the findings which support, as applicable, (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420 et seq., Municipal Code (the "Procurement Program"), and (ii) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650 et seq., Municipal Code (the "Construction Program," and collectively with the Procurement Program, the "MBE/WBE Program"), and in reliance upon the

provisions of the MBE/WBE Program to the extent contained in, and as qualified by, the provisions of this Section 10.03, during the course of the construction of the Headquarters portion of the Project, at least the following percentages of the MBE/WBE Budget (as set forth in Exhibit H-2 hereto) shall be expended for contract participation by MBEs and by WBEs:

(1) At least 26 percent by MBEs.
(2) At least six percent by WBEs.

(b) For purposes of this Section 10.03 only, Developer (and any party to whom a contract is let by Developer in connection with the construction of the Headquarters) shall be deemed a "contractor" and this Agreement (and any contract let by Developer in connection with the construction of the Headquarters) shall be deemed a "contract" or a "construction contract" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code, as applicable.

(c) Consistent with Sections 2-92-440 and 2-92-720, Municipal Code, Developer's MBE/WBE commitment may be achieved in part by Developer's status as an MBE or WBE (but only to the extent of any actual work performed on the Headquarters by Developer) or by a joint venture with one or more MBEs or WBEs (but only to the extent of the lesser of (i) the MBE or WBE participation in such joint venture or (ii) the amount of any actual work performed on the Headquarters by the MBE or WBE), by Developer utilizing a MBE or a WBE as the General Contractor (but only to the extent of any actual work performed on the Project by the General Contractor), by subcontracting or causing the General Contractor to subcontract a portion of the Headquarters to one or more MBEs or WBEs, or by the purchase of materials or services used in the Headquarters from one or more MBEs or WBEs, or by any combination of the foregoing. Those entities which constitute both a MBE and a WBE shall not be credited more than once with regard to Developer's MBE/WBE commitment as described in this Section 10.03. In accordance with Section 2-92-730, Municipal Code, Developer shall not substitute any MBE or WBE General Contractor or subcontractor without the prior written approval of DPD.

(d) Developer shall deliver a report to the City's monitoring staff describing its efforts to achieve compliance with this MBE/WBE commitment. Such report shall include, inter alia, the name and business address of each MBE and WBE solicited by Developer or the General Contractor to work on the construction of the Headquarters, and the responses received from such solicitation, the name and business address of each MBE or WBE actually involved in the Headquarters construction, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the City's monitoring staff in determining Developer's compliance with this MBE/WBE commitment. Developer shall maintain records of all relevant data with respect to the utilization of MBEs and WBEs in connection with the Headquarters construction for at least five years after completion of the Headquarters, and the City's monitoring staff shall have access to all such records maintained by Developer, on five Business Days' notice, to allow the City to review Developer's compliance with its commitment to MBE/WBE participation and the status of any MBE or WBE performing any portion of the Headquarters construction.

(e) **Intentionally Omitted.**

(f) Any reduction or waiver of Developer's MBE/WBE commitment as described in this Section 10.03 shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code, as applicable.

The receipt of any certificate does not constitute agreement by the City that the insurance requirements in the Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the City to obtain certificates or other insurance evidence from Developer is not a waiver by the City of any requirements for Developer to obtain and maintain the specified coverages. Developer shall advise all insurers of the Agreement provisions regarding insurance. Non-conforming insurance does not relieve Developer of the obligation to provide insurance as specified herein. The provisions of the undertakings and indemnification set out in this **Section 13.01** shall survive the termination of this Agreement.

(b) the failure of Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of Developer under any other agreement with any person or entity if such failure may have a material adverse effect on Developer's business, property, assets, operations or condition, financial or otherwise;

(c) the making or furnishing by Developer to the City of any representation, warranty, certificate, schedule, report or other communication within or in connection with this Agreement or any related agreement which is untrue or misleading in any material respect;

(d) except as otherwise permitted hereunder, the creation (whether voluntary or involuntary) of, or any attempt to create, any lien or other encumbrance upon the Property, including any fixtures now or hereafter attached thereto, other than the Permitted Liens, or the making or any attempt to make any levy, seizure or attachment thereof;

(e) the commencement of any proceedings in bankruptcy by or against Developer or for the liquidation or reorganization of Developer, or alleging that Developer is insolvent or unable to pay its debts as they mature, or for the readjustment or arrangement of Developer's debts, whether under the United States Bankruptcy Code or under any other state or federal law, now or hereafter existing for the relief of debtors, or the commencement of any analogous statutory or non-statutory proceedings involving Developer; provided, however, that if such commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such proceedings are not dismissed within sixty (60) days after the commencement of such proceedings;

(f) the appointment of a receiver or trustee for Developer, for any substantial part of Developer's assets or the institution of any proceedings for the dissolution, or the full or partial liquidation, or the merger or consolidation (except as permitted pursuant to Section 8.01(j) hereof), of Developer; provided, however, that if such appointment or commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such appointment is not revoked or such proceedings are not dismissed within sixty (60) days after the commencement thereof;

(g) the entry of any judgment or order against Developer which has a material adverse effect on Developer's ability to perform its obligations under this Agreement and which remains unsatisfied or undischarged and in effect for sixty (60) days after such entry without a stay of enforcement or execution;

(i) the dissolution of Developer;

(j) the institution in any court of a criminal proceeding (other than a misdemeanor) against Developer or any natural person who owns a material interest in Developer, which is not dismissed within thirty (30) days, or the indictment of Developer or any natural person who owns a material interest in Developer, for any crime (other than a misdemeanor);

(k) during the Compliance Period, the sale or transfer of a majority of the ownership interests of Developer without the prior written consent of the City; or

(l) The failure of Developer, or the failure by any party that is a Controlling Person (defined in Section 1-23-010 of the Municipal Code) with respect to Developer, to maintain eligibility to do business with the City in violation of Section 1-23-030 of the Municipal Code; such failure shall render this Agreement voidable or subject to termination, at the option of the Chief Procurement Officer.

15.02 Remedies. Upon the occurrence of an Event of Default, the City may immediately draw the full principal amount of the Letter of Credit, terminate this Agreement and any other agreements to which the City and Developer are or shall be parties, suspend or permanently discontinue continued disbursement of City Funds and/or seek reimbursement of any City Funds paid. The City may, in any court of competent jurisdiction by any action or proceeding at law or in

equity, pursue and secure any available remedy, including but not limited to damages, injunctive relief or the specific performance of the agreements contained herein. Upon the occurrence of an Event of Default under Section 8.06, Developer shall be obligated to repay to the City all previously disbursed City Funds.

Upon the occurrence of an Event of Default because of failure to comply with Section 8.01(j)(2) (in the event of a sale or transfer of the Project or any part thereof for any use other than as set forth in Rectial E during the Compliance Period), the Developer agrees to pay and remit to the City an amount equal to five percent (5%) of such sale, transfer, lease or other disposition based on the final executed settlement statement prepared in connection with such sale, transfer or other disposition, with such repayment amount not to exceed 110% of the total City Funds paid to the Developer.

15.03 Curative Period. In the event Developer shall fail to perform a monetary covenant which Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless Developer has failed to perform such monetary covenant within ten (10) days of its receipt of a written notice from the City specifying that it has failed to perform such monetary covenant. In the event Developer shall fail to perform a non-monetary covenant which Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless Developer has failed to cure such default within thirty (30) days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with respect to those non-monetary defaults which are not capable of being cured within such thirty (30) day period, Developer shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such thirty (30) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

Notwithstanding any other provision of this Agreement to the contrary:

(a) the only cure periods, if any, applicable to the Developer's failure to comply with the Jobs Covenant are those set forth in Section 8.06;

(b) there shall be no notice requirement or cure period with respect to an Event of Default arising from the Developer's failure to comply with the Operations Covenant; and

(c) there shall be no notice requirement or cure period with respect to Events of Default described in **Section 8.20** (with respect to filing the Annual Report).

SECTION 16. MORTGAGING OF THE PROJECT

All mortgages or deeds of trust in place as of the date hereof with respect to the Projects or any portion thereof as referenced in Exhibit G hereto (including but not limited to mortgages securing the Master Trust Indenture), as shall be amended and supplemented in the future are referred to herein as the "**Existing Mortgages**." The Existing Mortgages are the only mortgage or deed of trust in place as of the date hereof with respect to the Project or any portion thereof. No amendments or supplements to the Existing Mortgages shall be deemed to be a New Mortgage as defined hereinafter.

Any mortgage or deed of trust that Developer may hereafter elect to execute and record or permit to be recorded against the Project or any portion thereof is referred to herein as a "New Mortgage." Any New Mortgage that Developer may hereafter elect to execute and record or permit to be recorded against the Project or any portion thereof with the prior written consent of the City is referred to herein as a "Permitted Mortgage." It is hereby agreed by and between the City and Developer as follows:

(a) In the event that a mortgagee or any other party shall succeed to Developer's interest in the Project or any portion thereof pursuant to the exercise of remedies under a New Mortgage (other than a Permitted Mortgage), whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of Developer's interest hereunder in accordance with Section 18.14 hereof, the City may, but shall not be obligated to, attorn to and recognize such party as the successor in interest to Developer for all purposes under this Agreement and, unless so recognized by the City as the successor in interest, such party shall be entitled to no rights or benefits under this Agreement, but such party shall be bound by those provisions of this Agreement that are covenants expressly running with the land.

(b) In the event that any mortgagee shall succeed to Developer's interest in the Project or any portion thereof pursuant to the exercise of remedies under an Existing Mortgage or a Permitted Mortgage, whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of Developer's interest hereunder in accordance with **Section 18.14** hereof, the City hereby agrees to attorn to and recognize such party as the successor in interest to Developer for all purposes under this Agreement so long as such party accepts all of the obligations and liabilities of "Developer" hereunder; provided, however, that, notwithstanding any other provision of this Agreement to the contrary, it is understood and agreed that if such party accepts an assignment of Developer's interest under this Agreement, such party has no liability under this Agreement for any Event of Default of Developer which accrued prior to the time such party succeeded to the interest of Developer under this Agreement, in which case Developer shall be solely responsible. However, if such mortgagee under a Permitted Mortgage or an Existing Mortgage does not expressly accept an assignment of Developer's interest hereunder, such party shall be entitled to no rights and benefits under this Agreement, and such party shall be bound only by those provisions of this Agreement, if any, which are covenants expressly running with the land.

(c) Prior to the issuance by the City to Developer of the Certificate pursuant to Section 7 hereof, no New Mortgage shall be executed with respect to the Property or any portion thereof without the prior written consent of the Commissioner of DPD. After issuance of the Certificate, if a mortgagee or other permitted transferee executes a subordination agreement in which it subordinates its New Mortgage to the covenants contained in Section 8.02, Section 8.06 and Section 8.19 of this Agreement, then City consent is not required for the New Mortgage.

18.01 Amendment. This Agreement and the Exhibits attached hereto may not be amended or modified without the prior written consent of the parties hereto; provided, however, that the City, in its sole discretion, may amend, modify or supplement the Redevelopment Plan without the consent of any party hereto. It is agreed that no material amendment or change to this Agreement shall be made or be effective unless ratified or authorized by an ordinance duly adopted by the City Council. The term "material" for the purpose of this Section 18.01 shall be defined as any deviation from the terms of the Agreement which operates to cancel or otherwise reduce any developmental, construction or job-creating obligations of Developer (including those set forth in Sections 10.02 and 10.03 hereof) by more than five percent (5%) or materially changes the Project site or character of the Project or any activities undertaken by Developer affecting the Project site, the Project, or both, or increases any time agreed for performance by Developer by more than ninety (90) days, including but not limited to extension of the time periods for completion of the Project or any portion of the Project more than ninety (90) days past the timeframes set forth in Section 3.04 hereof.

18.03 Limitation of Liability. No member, official or employee of the City shall be personally liable to Developer or any successor in interest in the event of any default or breach by the City or for any amount which may become due to Developer from the City or any successor in interest or on any obligation under the terms of this Agreement.

18.04 Further Assurances. Developer agrees to take such actions, including the execution and delivery of such documents, instruments, petitions and certifications as may become necessary or appropriate to carry out the terms, provisions and intent of this Agreement.

18.05 Waiver. Waiver by the City or Developer with respect to any breach of this Agreement shall not be considered or treated as a waiver of the rights of the respective party with respect to any other default or with respect to any particular default, except to the extent specifically waived by the City or Developer in writing. No delay or omission on the part of a party in exercising any right shall operate as a waiver of such right or any other right unless pursuant to the specific terms hereof. A waiver by a party of a provision of this Agreement shall not prejudice or constitute a waiver of such party's right otherwise to demand strict compliance with that provision or any other provision of this Agreement. No prior waiver by a party, nor any course of dealing between the parties hereto, shall constitute a waiver of any such parties' rights or of any obligations of any other party hereto as to any future transactions.

18.06 Remedies Cumulative. The remedies of a party hereunder are cumulative and the exercise of any one or more of the remedies provided for herein shall not be construed as a waiver of any other remedies of such party unless specifically so provided herein.

18.07 Disclaimer. Nothing contained in this Agreement nor any act of the City shall be deemed or construed by any of the parties, or by any third person, to create or imply any relationship of third-party beneficiary, principal or agent, limited or general partnership or joint venture, or to create or imply any association or relationship involving the City.

18.08 Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed an original and all of which shall constitute one and the same agreement.

18.09 Severability. If any provision in this Agreement, or any paragraph, sentence, clause, phrase, word or the application thereof, in any circumstance, is held invalid, this Agreement shall be construed as if such invalid part were never included herein and the remainder of this Agreement shall be and remain valid and enforceable to the fullest extent permitted by law.

18.10 Conflict. In the event of a conflict between any provisions of this Agreement and the provisions of the TIF Ordinances and/or the Bond Ordinance, if any, such ordinance(s) shall prevail and control.

18.11 Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws of the State of Illinois, without regard to its conflicts of law principles.

18.12 Form of Documents. All documents required by this Agreement to be submitted, delivered or furnished to the City shall be in form and content satisfactory to the City.

18.13 Approval. Wherever this Agreement provides for the approval or consent of the City, DPD or the Commissioner, or any matter is to be to the City's, DPD's or the Commissioner's satisfaction, unless specifically stated to the contrary, such approval, consent or satisfaction shall be made, given or determined by the City, DPD or the Commissioner in writing and in the reasonable discretion thereof. The Commissioner or other person designated by the Mayor of the City shall act for the City or DPD in making all approvals, consents and determinations of satisfaction, granting the Certificate or otherwise administering this Agreement for the City.

Except as otherwise provided herein, this Agreement shall not run to the benefit of, or be enforceable by, any person or entity other than a party to this Agreement and its successors and permitted assigns. This Agreement should not be deemed to confer upon third parties any remedy, claim, right of reimbursement or other right.

18.16 Force Majeure. Neither the City nor Developer nor any successor in interest to either of them shall be considered in breach of or in default of its obligations under this Agreement in the event of any delay caused by damage or destruction by fire or other casualty, strike, shortage of material, unusually adverse weather conditions such as, by way of illustration and not limitation, severe rain storms or below freezing temperatures of abnormal degree or for an abnormal duration, tornadoes or cyclones, and other events or conditions beyond the reasonable control of the party affected which in fact interferes with the ability of such party to discharge its obligations hereunder. The individual or entity relying on this section with respect to any such delay shall, upon the occurrence of the event causing such delay, immediately give written notice to the other parties to this Agreement. The individual or entity relying on this section with respect to any such delay may rely on this section only to the extent of the actual number of days of delay effected by any such events described above.

Failure by Developer to provide such notice as described above may result in the termination of all or a part of the payment or reimbursement obligations of the City set forth herein.

18.18 Venue and Consent to Jurisdiction. If there is a lawsuit under this Agreement, each party hereto agrees to submit to the jurisdiction of the courts of Cook County, the State of Illinois and the United States District Court for the Northern District of Illinois.

18.19 Costs and Expenses. Developer also will pay any court costs, in addition to all other sums provided by law.

18.20 Business Relationships. The Developer acknowledges (A) receipt of a copy of Section 2-156-030 (b) of the Municipal Code, (B) that Developer has read such provision and understands that pursuant to such Section 2-156-030 (b), it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected City official or employee has a business relationship that creates a Financial Interest, or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving any person with whom the elected City official or employee has a business relationship that creates a Financial Interest, or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a business relationship that creates a Financial Interest, and (C) that a violation of Section 2-156-030 (b) by an elected official, or any person acting at the direction of such official, with respect to any transaction contemplated by this Agreement shall be grounds for termination of this Agreement and the transactions contemplated hereby. The Developer hereby represents and warrants that, to the best of its knowledge after due inquiry, no violation of Section 2-156-030 (b) has occurred with respect to this Agreement or the transactions contemplated hereby.

Opinion Of Developer's Counsel.

City of Chicago
121 North LaSalle Street
Chicago, Illinois 60602
Attention: Corporation Counsel

Re: Presence Health Network Redevelopment Agreement

Ladies and Gentlemen:

We have acted as counsel to Presence Health Network, an Illinois not-for-profit corporation (the "Developer"), in connection with the lease of certain land and the construction of certain facilities thereon located in LaSalle Central Redevelopment Project Area (the "Project").

We have examined, among other things, the following agreements, instruments and documents of even date herewith: (i) Presence Health Network Redevelopment Agreement (the "Agreement") of even date herewith, executed by Developer and the City of Chicago (the "City") and (ii) [insert other documents including, but not limited to documents related to leasing and financing of the Property and all lender financing related to the Project] (collectively, the "Documents").

We have also examined the originals or copies, certified or otherwise identified to our satisfaction, of such records of the Developer, corporate resolutions, certificates of officers and representatives of the Developer, and such other documents, and we have made such legal and factual investigations and inquiries, as we have deemed necessary or advisable for the purpose of rendering this opinion.

This opinion is rendered pursuant to Section 5.09 of the Agreement capitalized terms not otherwise defined herein have the same meanings as in the Agreement.

In rendering this opinion as to questions of fact material to this opinion, we have relied to the extent we have deemed such reliance appropriate, without investigation on certificates and other communications from public officials and from officers of the Developer and on representations of the Developer set forth in the Documents.

Wherever we indicate that our opinion, with respect to the existence or absence of facts, is based on our knowledge, our opinion is based solely on the actual knowledge of the attorneys in this firm who are representing the Developer in connection with the Agreement, and other attorneys in this firm who have represented the Developer on other matters. In each case in which we indicate that our knowledge is based upon "due inquiry", the basis for our opinion is limited solely to (i) the actual knowledge of attorneys in this firm

as described in the preceding sentence; (ii) discussions, inquiries and conferences occurring in connection with our representation of the Developer in connection with the Agreement; and (iii) reviews of the Documents, certain corporate records, documents and proceedings of or involving the Developer furnished to us in connection with the Agreement, and shall not imply any independent verification of any factual matter of which we became aware as a result of such discussions, inquiries, conferences and reviews.

We have assumed that the documents we have reviewed in connection with this opinion which purport to have been executed by the City have been duly executed and delivered by the City and that the City has all requisite power to enter into and perform all obligations thereunder and is a home rule unit of government under Section 6(a), Article VII of the 1970 Constitution of the State of Illinois, that execution and delivery thereof has been duly authorized by all requisite action and that the documents are valid and binding upon the City.

We have assumed the authenticity of all documents submitted to us as originals, the genuineness of all signatures thereon (other than those of the Developer), the legal capacity of natural persons executing such documents and the conformity to originals of all documents submitted to us as copies.

We are qualified to practice law in the State of Illinois and we do not purport to be experts in and do not express any opinion herein concerning any law other than the laws of the State of Illinois and the United States of America. Accordingly, we express no opinion as to the laws of any jurisdiction other than the State of Illinois or the United States of America.

We express no opinion herein concerning any statutes, ordinances, administrative decisions, rules or regulations of any county, town, municipality or special political subdivision (whether created or enabled through legislative action at the federal, state or regional level).

This opinion is limited to the extent that (i) the performance and enforceability of any agreement by or against any party may be subject to applicable bankruptcy, insolvency, reorganization, fraudulent conveyance, moratorium or other similar laws affecting generally the enforcement of creditors' rights; (ii) general equitable principles may limit the availability of equitable remedies, including, but not limited to, the remedy of specific performance; (iii) such enforceability may be limited by the effect of limitations on the enforceability of agreements to indemnify, defend, or hold harmless when the event giving rise to the obligations thereunder is caused in whole or in part by certain actions or negligence of the indemnitee thereunder or agreements to indemnify, defend, or hold harmless that are prohibited by applicable law or contrary to public policy; (iv) a court may refrain from enforcing any provisions of such documents regarding the remedies available to any party (a) to take discretionary action which is arbitrary, unreasonable, or capricious, or is not taken in good faith or in a commercially reasonable manner, whether or not such action is permitted under said agreements, or (b) for violations or breaches which are non-material or without substantial adverse effect upon the ability of the obligor to perform its material obligations thereunder; (v) the unenforceability under certain circumstances of

provisions to the effect that rights or remedies are not inclusive, that every right or remedy is cumulative and may be exercised in addition to or with any other right or remedy, that election of a particular remedy or remedies does not preclude recourse to one or more other remedies or that failure to exercise or delay in exercising rights or remedies will not operate as a waiver of any such rights or remedies, and (vi) the unenforceability in certain circumstances of provisions imposing penalties or forfeiture, including without limitation any provisions in the documents that permit the lending parties to increase the rate of interest or to collect a late charge or prepayment penalty in the event of delinquency or default.

The opinions expressed below are subject to limitations on the enforceability under certain circumstances, under state or federal law or court decisions, of provisions: (a) expressly or by implication waiving broadly or vaguely stated rights, unknown future rights, defenses to obligations or rights granted or implied by law, where such waivers are against public policy or prohibited by law; (b) which waive (i) statutory provisions with respect to notice or cure, (ii) statutes of limitations, (iii) rights to trial by jury or (iv) rights of setoff or recoupment or rights to terminate an agreement; (c) to the effect that waivers, modifications or amendments must be in writing in order to be effective; (d) respecting self-help or summary remedies without notice or opportunity for hearing or correction; and (e) to the effect that the invalidity or limits on the enforceability of certain provisions, deemed as such under state or federal law or court decisions, shall not impair the validity or enforceability of remaining provisions.

Based upon the foregoing, and in reliance upon the items previously referred to, and subject to the exceptions, limitations, qualifications and assumptions stated herein, we are of the opinion that:

1. The Developer is a not-for-profit corporation, duly organized, existing and in good standing under the laws of the State of Illinois (the "State"). The Developer has all necessary corporate power and authority to conduct the business now conducted by it.

2. The Developer is an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code"), and is exempt from federal income taxes under Section 501(a) of the Code, other than taxation of unrelated business income subject to taxation under Section 511 of the Code, and is not a "private foundation" as defined in Section 509(a) of the Code (a "Tax-Exempt Organization"). The Developer is an organization described in Section 3(a)(4) of the Securities Act of 1933, as amended, and Section 12(g)(2)(D) of the Securities Exchange Act of 1934, as amended.

3. The Developer has the requisite corporate power and authority: (a) to own and operate its properties and assets; (b) to conduct and carry on its business as presently conducted; and (c) to enter into, execute, deliver and perform the terms of the Documents and to incur and perform the Developer's obligations provided for therein.

4. The Documents and the execution, delivery and performance of the same have been duly authorized by all necessary corporate action by, for or on behalf of the Developer. Assuming, but rendering no opinion as to, the due authorization, execution and delivery of such documents by the other parties thereto, such documents constitute legal, valid and binding obligations of the Developer, enforceable in accordance with their respective terms, subject, as to enforcement of any indemnification provisions that may be limited by any public policy and/or federal and state securities laws.

5. The execution, delivery and performance by the Developer of the Documents, and compliance with the provisions thereof by the parties thereto under the circumstances contemplated thereby, do not and will not constitute a violation of conflict with or a breach of any of the provisions, terms or conditions of or default under the Articles of Incorporation, as amended, or bylaws as amended, of the Developer, any resolution adopted by the Developer with respect to the Agreement, or any material and existing law, regulation, court order or consent decree to which the Developer is subject, any material written agreement, indenture or instrument pursuant to which the Developer is a party or by which the Developer is bound. To the best of our knowledge after due inquiry, such execution, delivery and performance by the Developer will not constitute grounds for acceleration of the maturity of any material written agreement, indenture or instrument to which the Developer is a party or by which it or any of its property is bound, or result in the creation or imposition (or the obligation to create or impose) any lien, charge or encumbrance on, or security interest in, any of its property pursuant to the provisions of the foregoing, other than liens or security interests in favor of the lender providing Lender Financing (as defined in the Agreement).

6. The execution, delivery and performance by the Developer of the Documents, and the other agreements contemplated therein are not subject to any authorization, consent, approval or review of or by any governmental body or regulatory authority not heretofore obtained or effected.

7. A federal or state court sitting in the State of Illinois and applying the choice of law provisions of the State of Illinois would enforce the choice of law contained in the Documents and apply the law of the State of Illinois to the transactions evidenced thereby.

8. To our knowledge the Developer has all material and necessary licenses, approvals and permits currently required under federal and state law to own and operate its properties and business.

Based upon a review of our litigation docket and an officer's certificate, to our knowledge, there is no action, suit, litigation, proceeding or investigation at law or in equity before or by any judicial or administrative court, public board or body, pending or threatened against or affecting the Developer, which would (a) contest the due organization, corporate existence, corporate powers or tax-exempt status of the Developer, (b) contest or affect the validity, execution or enforceability in accordance with their respective terms of the Documents, (c) limit, enjoin or prevent the Developer from operating its business as it is presently being operated or (d) restrain, enjoin or restrict the execution, issuance, delivery or enforceability, in accordance with their respective terms of the Documents.

This opinion is given as of the date hereof, and we assume no obligation to advise you of changes that may hereafter be brought to our attention. This opinion may be relied upon only by the addressees hereof and by other persons to whom prior written permission to rely hereon is granted by us.

Respectfully submitted,

Section 2.1 -**Nature of License**. (a) The City hereby grants to Licensee a license to use the Premises for the purposes described in Section 2.2 in the operation of the passenger vehicle ground transportation business that it conducts pursuant to certificates of public convenience and necessity issued by the Illinois Commerce Commission, provided that it conducts such business in accordance with these Certificates. The license is subject to the rights of the City under the law, in equity, and under this Agreement to direct Licensee in order to ensure that the Airports operate in the most effective and efficient way possible and to supervise the performance of Licensee. This License is exclusive for the provision of such services along Licensee's routes, to the extent that, independent of this License, Licensee remains the only entity legally authorized to operate on any such route(s) pursuant to a certificate(s) of public convenience.

(b) Limitation on Vehicles.

(i) This License is limited to those vehicles that Licensee operates pursuant to and in accordance with certificates of public convenience and necessity issued by the Illinois Commerce Commission in effect as of the Commencement Date and for which vehicles these certificates are required.

(ii) This License does not apply to (A) any vehicles which are not within the scope of the certificates of public convenience and necessity issued by the Illinois Commerce Commission in effect as of Commencement Date and (B) notwithstanding Section 2.l(b)(i) above, any vehicles of the types described in Exhibit G.

(iii) The Commissioner may delete vehicle descriptions from Exhibit G, upon notice to the Licensee.

Section 2.2- **Use of Premises**. Subject to the terms of this License, including Section 2.3 below, City does hereby license to Licensee, and Licensee does hereby license from City, the space depicted on Exhibit A attached hereto (the "Premises"), located on the Airports. Subject to the terms and provisions contained in this License, and all applicable rules, regulations, laws, ordinances, codes and orders of any federal, state or local government or subdivision thereof in connection with the conduct of activities by Licensee at the Airports, Licensee may use the Premises for conducting a public passenger vehicle ground transportation business as described in this License and for no other purpose except as the City may approve in writing in its sole and absolute discretion. The Premises includes the Remote Staging and Parking Areas, the Loading Zones and the Terminal Areas, each as identified in Exhibit A, which may be used, subject to reasonable rules and regulations, for the following purposes:

(a) Licensee may use the Remote Staging and Parking Area to stage and park its vehicles subject to call by Licensee's dispatchers. Licensee shall have the right to place a trailer in the Remote Staging and Parking Area, subject to the Commissioner's approval, which trailer shall be deemed part of the Premises.

(b) Licensee may use the Loading Zones for the purpose of pick-up and delivery of passengers and for the receipt and delivery of baggage and property.

(c) Subject to the Commissioner's approval, Licensee may place service counters in the Terminal Areas for the purpose of selling tickets for its passenger vehicle ground transportation services.

Section 2.3 - **Changes in Premises.**

(a) Adjustment of Area of Premises. The Commissioner may adjust the boundaries of the Premises from time to time. The City shall notify Licensee not less than forty-five (45) days in advance of such adjustment, and Licensee shall remove all property located on space being deleted no later than the date such adjustment is to occur. The Base Fee shall be adjusted based on the new area of the Premises as shall be indicated on an updated Exhibit A pursuant to an amendment of this Agreement; the Minimum Guarantee Fee shall not be affected by adjustments to the Premises.

(b) Relocation of Premises. The Commissioner reserves the right to relocate all or any portion of the Premises. The Commissioner shall give the Licensee at least forty-five (45) days prior written notice of the relocation date. The Licensee shall cooperate with the City in connection with the relocation, including, without limitation, responding in a timely manner to any requests for information or for review and comment on proposed plans for improvements to the substitute premises. Licensee shall surrender possession of the portion of the Premises for which the substitution is being made in accordance with Section 3.3 and move from such portion of the Premises to the substitute premises on the relocation date. On the relocation date, Base Fee shall be recalculated and adjusted based on the new area of the substitute premises as shall be indicated on Exhibit A pursuant to an amendment of this Agreement executed by the Commissioner and Licensee; the Minimum Guarantee Fee shall not be adjusted.

(c) Termination of Remote Staging and Parking Area. The Commissioner, in his sole and absolute discretion, is entitled to terminate Licensee's use of all or a portion of the Remote Staging and Parking Area as he deems appropriate, with forty-five (45) days' written notice to Licensee, in which instance Licensee shall, at its cost, remove its trailer, if any, from the terminated Remote Staging and Parking Area. Licensee shall surrender the Remote Staging and Parking Area in accordance with Section 3.3 on the date for termination set forth in the Commissioner's notice. On that termination date, Base Fee shall be recalculated and adjusted

based on the new area of the Premises as shall be indicated on Exhibit A pursuant to an amendment of this Agreement executed by the Commissioner and Licensee; the Minimum Guarantee Fee shall not be adjusted.

(d) Insufficient Loading Zones or Terminal Area. If the Commissioner decreases the amount of space for the Loading Zones or the Terminal Areas and the Commissioner determines in his sole and absolute discretion that the remaining space for the Loading Zones or Terminal Areas is not sufficient for the Loading Zones or Terminal Areas then the Licensee may terminate this Agreement upon 30 days prior written notice to the Commissioner.

Section 2.4 - **Ingress and Egress**.

(a) Subject to the lawful rules and regulations promulgated by the City, Licensee and its employees, agents, passengers, guests, patrons and invitees, its suppliers of materials and furnishes of services, and its equipment, vehicles, machinery and other property shall have the right and privilege of ingress to and egress from the Airports. The City may, at any time, temporarily or permanently, close or consent to or request the closing of any roadway or other right-of-way for such ingress and egress, and any other area at the Airports.

(b) The City shall permit the Licensee to advertise departure times and destinations of its vehicles from its vehicles and Premises in accordance with the applicable rules and regulations of the Airports.

Section 2.5 - **Present Condition of Premises**. Licensee understands and agrees that Licensee, by the execution of this License, accepts the Premises "AS IS". Except as expressly provided in this License, the City shall have no obligation or responsibility whatsoever to do any work or furnish any improvements of any kind to the Premises or perform any maintenance or repair on the Premises. **CITY MAKES NO WARRANTY, EITHER EXPRESS OR IMPLIED, AS TO THE CONDITION OF THE PREMISES OR THAT THE PREMISES SHALL BE SUITABLE FOR LICENSEE'S PURPOSES OR NEEDS.**

Section 2.6 - **Standards of Service.**

A material condition of this Agreement is that Licensee must operate its concession operations in accordance with all rules and regulations regarding ground transportation that the Commissioner may promulgate and with the following standards:

(a) All vehicles used by Licensee to provide ground transportation to and from the Airports shall be maintained at Licensee's expense in good and safe operating order, free from any known mechanical defects and be in clean, neat, and attractive condition inside and out. Licensee's vehicles must be late models in good condition.

(b) Licensee shall comply with service scheduling requirements, if any, required by the Illinois Commerce Commission.

(c) Licensee shall furnish good, prompt and efficient service and shall at all times have available a sufficient number of vehicles to meet all commercially and reasonably foreseeable demands of the traveling public in those routes for which it has certificates of authority from the Illinois Commerce Commission.

(d) Licensee shall maintain a sufficient number of trained personnel to ensure that Licensee's customers will receive prompt and courteous service at all times and to maximize Gross Revenues.

(e) Licensee shall not misrepresent to the public its services or prices or those of any other ground transportation provider at the Airports. Licensee shall not identify the Base Fee or the Concession Fee (if any) as a "tax" or separate charge as part of fees or charges to a customer.

(f) Licensee shall comply with all applicable rules and regulations of the Illinois Commerce Commission, Interstate Commerce Commission and all other governmental agencies. If the City determines, after notice and opportunity for Licensee to comment that any of Licensee's business practices are unlawful or discriminatory, Licensee shall immediately cease such practices upon receipt of a written order to do so from the City. The City will give advance notice to Licensee that the City considers a certain practice to be unlawful or discriminatory and Licensee shall have an opportunity to respond to the allegation.

(g) Licensee must neither commit nor allow any nuisance, noise or waste in the Premises or annoy, disturb or be offensive to others in the Airports. Licensee must employ all reasonable means to prevent or eliminate unusual, nauseating or objectionable smoke, gases, vapors or odors from escaping from its vehicles and the Premises. Licensee must employ all reasonable means to eliminate vibrations and to maintain the lowest possible sound level in the operation of its business at the Airports.

(h) City and Licensee acknowledge that the operation of a passenger vehicle ground transportation business at the Airports will enhance the economic development of the City, and that Licensee's rights to use the Airports are subject to the rights of the City, as licensor, to monitor compliance with the License.

(i) Licensee must conduct its concession operations in a first-class, businesslike, efficient, courteous, and accommodating manner consistent with physical inspection standards (the "Physical Inspection Standards") as may be promulgated from

time to time by the Commissioner and a copy of which may be obtained from the Commissioner. The Commissioner has the right to make reasonable objections to the appearance and condition of the Premises if they do not comply with the Physical Inspection Standards. Licensee must discontinue or remedy any objectionable practice, appearance or condition within 5 days following receipt of a written notice by the Commissioner (or immediately upon receipt of such a notice if the Commissioner or Corporation Counsel deems a condition existing on the Premises hazardous or illegal).

(j) Licensee must cause its personnel to attend all customer service training meetings and participate in such other programs as may be required by the Commissioner. Licensee and its personnel must at all times participate and cooperate fully in all quality assurance programs as may be instituted by the Commissioner from time to time.

(k) Licensee covenants to take all commercially reasonable measures to maintain, develop, facilitate and increase the business conducted by it at the Airports.

(l) All personnel of Licensee shall be polite, clean and neat in appearance, and appropriately attired. City shall have the right to complain to Licensee as to the demeanor, conduct or appearance of Licensee's employees, invitees and those doing business with it, whereupon Licensee must take all steps necessary to remove the cause of complaint. While on duty, Licensee's ticket agents, dispatchers and drivers must display on their outer clothing identification such as may be required by the Commissioner from time to time.

(m) Licensee's failure to timely cure the practice, appearance, or condition as required under subsection 2.6(i) would cause the City damages in loss of good will, which would be difficult or impossible to prove or quantify. Accordingly, if the Premises are not being operated in accordance with subsection 2.6(i) then, in addition to all other remedies the City may have at law, in equity and under this Agreement, and beginning on the first day after expiry of the 5-day cure period, Licensee must pay the City, as liquidated damages in connection with the loss of good will among visitors to the Airports, and not as a penalty, the amount of $200 per day per breach specified in the notice and remaining uncured.

Section 2.7 - **Continuous Operation, Liquidated Damages.**

(a) Except as otherwise permitted under this Agreement, if Licensee fails to continuously provide concession operations during all times it is required to provide them pursuant to this Agreement, and the failure continues for more than 3 days after the City gives Licensee notice, it is an Event of Default. If such an Event of Default occurs, in

addition to any other remedies under this Agreement, the Commissioner is authorized to remove, at Licensee's expense, Licensee's property (including any counters) from the Premises. No such removal alters any of the Licensee's obligations under this Agreement, including the amount of any Fees payable under this Agreement. At any time after such a removal, the Commissioner has the right, at his sole election, to either (i) sell the removed property and apply the proceeds to the Fees owed by Licensee to City or (ii) return the removed property to Licensee after Licensee has reimbursed the City for the cost of the removal and storage of the property. Licensee must obtain the Commissioner's written approval prior to replacing or re-installing the removed property.

(b) Licensee further acknowledges that failure on its part to comply with the provisions of this Agreement would cause the City substantial damages, a portion of which may be ascertainable but another portion of which, related to loss of services to visitors to the Airports and loss of good will as a result of interference with the delivery of the services, the provision of which is one of the key purposes of this Agreement, might be difficult or impossible to prove or quantify. Accordingly, (i) if Licensee fails to provide the passenger vehicle ground transportation services described in this Agreement, and (ii) if the City notifies Licensee of Licensee's failure to provide those services in accordance with Section 2.8, then, in addition to all other remedies that the Commissioner may have under this Agreement, at law or in equity, Licensee must pay the City as liquidated damages and not as a penalty in connection with the loss of good will the lesser of: (i) $100 per hour; or (ii) $1,000 per day Licensee fails to provide such services in accordance with Section 2.8. The obligation to make payments of liquidated damages will continue until the earliest of (A) the date the breach is cured and (B) the date this Agreement ends. The liquidated damages must be paid monthly as Additional Fees.

Section 2.8 – **Operating Hours.** To the extent not in conflict with any rules or regulations promulgated, or licenses issued, if any, by the Illinois Commerce Commission, Licensee shall keep open its counters for service for such periods during each day and on such days during each week as may be necessary to meet reasonable demands for such services and to properly and adequately serve the public, as determined by the City.

Section 2.9- **Availability of Employee.** Without limiting Licensee's obligations under Section 2.8, Licensee shall provide a telephone with direct communications to employees who can provide service to customers for those cases in which an employee is not available at Licensee's counters.

Section 2.10- **Permits and Vehicle Registration.** (a) Licensee shall obtain all permits required for the conduct of its business, shall register all vehicles as may be required by laws and ordinances and display valid permits or stickers as may be required. Upon execution of this

License and thereafter annually or at the City's request, Licensee shall provide evidence to the City that Licensee has obtained such permits and registrations.

(b) The City intends to implement an automated vehicle identification system ("AVI System") at the Airports. The purpose of an AVI System is to track all commercial vehicles entering and exiting the Airports. If the City does implement an AVI System at one or both of the Airports, then within 90 days of notice from the City to Licensee, Licensee must purchase and install in all of its vehicles that operate at one or both of the Airports all equipment required by the City for those vehicles to be detected by the AVI System.

Section 2.11 - **Utilities**. The City shall provide heating, air cooling and electrical service to those portions of the Premises that are within an Airport terminal (e.g., not the curbside) and as reasonably required. Licensee shall pay for its own telephone service and installation of any telephone or computer connections or equipment or for extension of any electrical facilities to provide service. The City may elect to charge Licensee for its electrical usage and may install submeters to measure usage or otherwise estimate usage on a reasonable basis. If the City charges Licensee for electricity, Licensee shall pay each bill at the same time and place as installments of Base Fee or at such other time as required by the City. The City reserves the right to interrupt temporarily the heating, cooling or electrical services furnished to the Premises to make emergency repairs or for other reasonable purposes, and the City shall restore said services as soon as reasonably possible. The City shall have no responsibility or liability for any failure of heating, air cooling, electrical or any other service to the Premises, when prevented from doing so by laws, orders or regulations of any federal, state or local governmental requirement (including any requirement of any agency or department of the City) or as a result of the making of repairs or replacements, fire or other casualty, strikes, failure of the utility provider to provide service or for any other reason whatsoever.

Section 2.12- **Use of Vehicles**. Without limiting anything else contained herein, the Licensee shall operate its vehicles in accordance with the following requirements:

(a) Licensee's vehicles shall be subject to the applicable rules now or hereafter promulgated by the Department of Aviation, the Department of Consumer Services, other City departments, and any state or federal departments or agencies;

(b) Licensee shall furnish the Commissioner with a 24-hour phone number for the City to contact the Licensee in case of an emergency;

(c) Licensee shall prepare and observe a vehicle breakdown emergency plan approved by the Commissioner. Any vehicles of the Licensee which break down and are not moved by the Licensee in a timely manner may be towed by the City at the Licensee's expense;

(d) Licensee must attend to its vehicles at all times when such vehicles are on the roadways of the Airports, and unattended vehicles may be towed by the City at the Licensee's expense;

(e) All drivers of Licensee's vehicles shall be properly licensed and must be familiar with Airport roads and rules and those of its routes; and

(f) Licensee's vehicles are subject to inspection by the City's Department of Environment and other governmental entities as required by applicable law.

Section 2.13 -**Licensee's Trade Name.** Unless otherwise approved by the Commissioner in writing, Licensee must conduct business in the Premises only in Licensee's Trade Name, as defined in Article 1.

Section 2.14 - **Management.**

(a) Personnel. Licensee must maintain a full time professional staff during the Term of this Agreement having sufficient size, expertise and experience to manage the concession operations and to serve as a liaison with the Commissioner. The Commissioner reserves the right to object to the key management personnel responsible for the day-to-day operation of the Premises.

(b) General Manager. Without limiting the generality of subsection (a) of this section, Licensee must designate a "General Manager" experienced in management and supervision who has sufficient authority and responsibility to administer and manage the concession operations. The General Manager (or authorized representative) must be immediately available on the days and at the times that Licensee is provide ground transportation services from either or both Airports. The General Manager is subject to removal at the direction of the Commissioner if the Commissioner reasonably determines, in his sole discretion, that the General Manager is not performing up to standards consistent with the fulfillment of Licensee's obligations.

(c) Staffing. All employees of Licensee that are stationed at either or both Airports must wear Airport identification badges issued by the Commissioner, and all other employees must wear an identification badge issued by Licensee. All employees of Licensee must be courteous and helpful to the public at all times, whether or not on duty.

(d) Salaries. Salaries of all employees of Licensee and its Subcontractors performing services under this Agreement must be paid unconditionally and not less often than once a month without deduction or rebate on any account, except only for those payroll deductions as are mandated by law or permitted by the applicable regulations issued by the

United States Secretary of Labor under the "Anti-Kickback Act" of June 13, 1934 (48 Stat. 948; 62 Stat. 740; 63 Stat. 108; 18 U.S.C. § 874, and 40 U.S.C. § 276c). Licensee must comply with all applicable "Anti-Kickback" regulations and must insert appropriate provisions in all Subcontracts covering work under this Agreement to insure compliance of all Subcontractors with those regulations and with the other requirements of this subsection (d), and is responsible for the submission of affidavits required under them, except as the United States Secretary of Labor may specifically provide for variations of or exemptions from the requirements o f them.

Section 2.15 - **Management Responsibilities.**

(a) In its capacity as Licensee under this Agreement, and not as an agent of the City, Licensee must manage the concession operations and the Premises in accordance with this Agreement, in furtherance of which Licensee must, among other things:

(1) Use reasonable efforts to remedy problems and issues raised by Airport patrons with respect to the operation of its concession operations and the Premises;

(2) Answer in writing all written customer complaints within 72 hours after receipt, furnishing a copy of the complaint and the answer to the Commissioner within that period; and,

(3) Furnish the Commissioner within 72 hours after their receipt copies of all written notices received by Licensee from any governmental authority or any Subcontractor with respect to the Licensee's vehicles, its operations, the Premises or any Subcontract.

(4) Licensee shall respond in writing to complaints registered by the police department at the Airports with respect to violations of traffic regulations committed in the course of Licensee's business by Licensee's agents, employees, invitees and licensees, setting forth such action as has been taken or is immediately contemplated to remedy said violations.

(b) If Licensee fails to timely answer and furnish the requisite copies to the Commissioner, Licensee acknowledges that the City may suffer loss of good will and other harm the value of which is difficult to determine, and thus the Commissioner may assess as liquidated damages against Licensee, and not as a penalty, an amount not to exceed $200 per day per breach of this section 2.15.

ARTICLE 3

TERM

Section 3.1- **Term of License**. (a) The Term shall be from the Commencement Date until the Expiration Date, or earlier termination as provided for hereunder. The Commissioner, by providing written notice(s) to the Licensee, may extend the License for up to two additional periods, each period not to exceed 5 years, under the same terms and conditions as in this License. However, Licensee may preclude an extension of the Term if Licensee notifies the Commissioner in writing pursuant to the notice provisions of this License of its objection within 10 days of receiving notice from the City of its intent to extend this License. Unless the Commissioner receives such written objection within the stated time period, the proposed extension will be deemed approved without any need for further notice by the City.

(b) Licensee may enjoy such license only if Licensee holds valid certificates of public convenience and necessity from the Illinois Commerce Commission and only to the extent that Licensee remains authorized under applicable law to provide the pick-up and drop-off of passengers services described in this Agreement; provided, however, if such certificates of public convenience and necessity are not required in the future then the City may terminate this license by giving 30 days' prior notice to Licensee.

Section 3.2- **Operation after Term**. Licensee must vacate the Premises and cease its operations at the Airports as described hereunder upon the expiration or termination of this License. If the Commissioner notifies Licensee to continue to operate beyond the expiration of this License, the term will be deemed automatically extended for a period of 30 days. That 30 day period will be deemed extended for another 30 day period, and such 30 day extensions will continue, until the Commissioner sends written notice to the Licensee stating that the License is not be extended for any additional 30 day period. Subject to the last sentence of this Section 3.2, Licensee shall pay Fees during the extension periods on the same terms and conditions as in this Agreement; the Minimum Guarantee Fee for any extension period shall be calculated in accordance with Section 4.3 based on Gross Revenues for the License Year immediately preceding the 30 day extension period. Subject to Section 15.10 of this Agreement, any holding over with the consent of the City in writing shall thereafter constitute a month to month agreement on the same terms and conditions as the License, including payment of the Fees, or at such other rate of Fees as to which City notifies Licensee prior to or after such holding over.

Section 3.3- **Return of the Premises**. At the termination or expiration of this License, Licensee shall return the Premises in good condition and repair and Licensee shall remove all personal property and trade fixtures of Licensee from such portion of the Premises prior to the date of termination. Further, at the City's request, Licensee shall also remove all improvements installed by or for Licensee prior to or within ten (10) days after the termination of the License or

Licensee shall repair any damage to the Premises caused by Licensee's removal of the personal property, trade fixtures and Improvements. All such removal and repair required of Licensee pursuant to this Section shall be at Licensee's sole cost and expense. If Licensee fails to remove any items required to be removed by it hereunder or fails to repair any resulting damage prior to or within ten (10) days after termination of the License, then the City may remove said items, including the improvements, and repair any resulting damage and Licensee shall pay the cost of any such removal and repair, together with interest thereon at the Default Rate from and after the date such costs were incurred until receipt of full payment therefor. Licensee shall also furnish to the City (if not previously delivered), and the City shall have the right to use, a full set of the "as-built" plans and specifications for all improvements, and all reports prepared for Licensee on the condition of the Premises.

Section 3.4- **Lien**. In addition to any liens as may arise under Illinois law, the City has a contractual lien under this Agreement on all property, including Licensee's personal property located on the Premises, as security for non-payment of any Fees due.

ARTICLE 4

FEES

Section 4.1 - **Place of Payment**. Licensee shall pay Fees as set forth below without set-off, deduction or discount, except as otherwise provided herein, in lawful money of the United States, to City at the Office of the City Comptroller, 333 South State Street, Room 402, Chicago, Illinois 60604, or to such other place or person as City may direct Licensee by written notice. Payment of Fees is independent of every other covenant and obligation in this License. The City shall not be obligated to bill Licensee for any Fees. Payment by Licensee to the City of compensation pursuant to this License shall not be considered to be a tax and shall be in addition to and exclusive of all license fees, taxes, or franchise fees which Licensee may now or in the future be obligated to pay to the City.

Section 4.2- **Base Fee**. Licensee shall pay Base Fee for the Premises during the Term. Base Fee shall be payable in monthly installments in advance equal to one twelfth (1/12) of the applicable yearly amount, on the Commencement Date and on the first day of each calendar month; provided, however, if the Commencement Date is not the first day of any calendar month or the Expiration Date is not the last day of any calendar month, the monthly installment of Base Fee for such month shall be adjusted ratably (based on the number of days of such month within the Term).

Section 4.3 - **Minimum Guarantee Fee and Percentage Fee**. Licensee shall pay a Concession Fee as hereinafter provided:

(a) With respect to each License Year, Licensee shall pay to the City an amount ("Concession Fee") equal to the greater of (i) ten percent (10%) of Gross Revenues ("Percentage Fee") for each License Year or (ii) the Minimum Guarantee Fee for that License Year. The Minimum Guarantee Fee for the first License Year shall be four hundred thousand dollars ($400,000). The Minimum Guarantee Fee for each License Year thereafter shall be the greater of (i) $400,000 or (ii) eighty percent (80%) of the amount of the Concession Fee due to the City from Licensee for the previous License Year. The Minimum Guarantee Fee shall be adjusted prorata (based upon the number of days in the year falling within the Term) for a Partial License Year, and for early termination of this Agreement pursuant to Sections 11.1. On the Commencement Date and on the first day of each calendar month during the Term, Licensee shall pay the City monthly installments in advance equal to one-twelfth (1/12) of the Minimum Guarantee Fee applicable for the License Year in which such month falls. If, however, (i) the Commencement Date does not fall on the first day of the month, or if the Expiration Date falls on a date other than the last day of a calendar month, the monthly installment of Minimum Guarantee Fee for such month shall be adjusted prorata (based on the number of days of such month within the Term), or (ii) a calendar month falls in more than one License Year, then the monthly installment of the Minimum Guarantee Fee payable for such month shall be the sum of (A) a monthly installment of Minimum Guarantee Fee applicable to the expiring License Year prorated for the number of days in such calendar month falling in that License Year, and (B) a monthly installment of Minimum Guarantee Fee for the new License Year prorated for the number of days in such calendar month falling within that License Year. If Minimum Guarantee Fee is not determined at the time a payment is required, then Licensee shall continue to pay installments at the rate last payable until the actual amount is determined, at which time (i) Licensee shall pay any excess Minimum Guarantee Fee owed (but in no event later than ten (10) days after the City's request), or Licensee shall be entitled to a credit against next Minimum Guarantee Fee owed in the amount of any excess paid, and (ii) the monthly installment shall be readjusted to be one-twelfth (1/12) of the actual Minimum Guarantee Fee.

(b) On or before the twentieth (20th) day of each calendar month during the Term (other than the month in which the Commencement Date falls) and on or before the twentieth (20th) day of the calendar month immediately following the expiration or other termination of the License, Licensee shall pay to the City the amount, if any, by which the (i) Percentage Fee as calculated under Section 4.3(a) above attributable to Gross Revenues for the period from and after the commencement of the License Year through and including the last day of the immediately preceding calendar month exceeds (ii) the sum of the installments of Minimum Guarantee Fee paid for such period. If a License Year ends on a date other than the last day of a calendar month, and Gross Revenues are not calculated separately for that portion of the month falling in that License Year, then Gross Revenues for the calendar month shall be prorated and included in Gross Revenues

for each of the License Years in which such calendar month falls based on the number of days in such month falling within the particular License Year. If the annual statement of Gross Revenues required pursuant to Section 4.3(c) hereof shows that additional Concession Fee is owed, because the Concession Fee attributable to the License Year or Partial License Year to which the statement of Gross Revenues applies exceeds the amount of all payments theretofore made by Licensee to the City in respect of the License Year or Partial License Year, then Licensee shall pay the balance of the Concession Fee owed to the City concurrently with the submission of said annual statement of Gross Revenues. If the annual statement of Gross Revenues shows that Licensee has overpaid the Concession Fee, it may offset any overpayment against the next payments of Concession Fee owed; any amount remaining at the end of the Term, subject to the other terms and conditions of this License, shall be refunded by the City.

(c) Licensee shall furnish to the Comptroller of the City and the Department on or before the twentieth (20th) day of each calendar month of each License Year a complete statement in a form acceptable to the City, certified by Licensee, including at a minimum: the amount of Gross Revenues made during the prior calendar month on a daily basis from passengers exiting each Airport, the number of passengers Licensee transports from each Airport each day during the calendar month, baggage revenue each day of the calendar month, and a description of the type and amount of any other Gross Revenues for the calendar month; provided, however, with respect to the month in which the Commencement Date falls, Licensee may furnish such report of Gross Revenues at the time its next monthly report is due. Licensee also agrees that it will furnish to City no later than ninety-five (95) days after the end of each Tax Year or Partial Tax Year, and within ninety-five (95) days after the expiration or termination of this License, a complete statement of Gross Revenues certified by an independent certified public accountant employed by Licensee, showing in all reasonable detail the amount of Gross Revenues during the preceding Tax Year or Partial Tax Year and copies of all returns and other information filed with respect to Illinois sales and use taxes. Said annual statement shall include a breakdown of Gross Revenues on a month by month basis and an opinion of an independent certified public accountant that must include the following language, or language of similar purport:

> "We, a firm of independent certified public accountants, have examined the accompanying statement reported to the City of Chicago by Continental Air Transport Company, Inc., for the year ended _____relating to its operations at the O'Hare International Airport and Chicago Midway Airport pursuant to an Agreement dated _____, _____. Our examination was made in accordance with generally accepted accounting principles and, accordingly, includes

such tests of the accounting records and such other procedures as we considered necessary in the circumstances.

In our opinion, the accompanying statement showing gross revenues of $_____presents accurately the amount of Gross Revenues, as defined in the Agreement, for the year ended _____ "

All such reports and statements shall be prepared on a form approved by the City and shall, among other things, provide a breakdown of the Gross Revenues by type of service rendered (passenger transportation and package/luggage transportation) and an analysis of all Fees due and payable to the City with respect to the period in question. Licensee shall require all subtenants, franchisees and any other persons operating pursuant to this License to furnish similar statements for business performed arising out of this License. In the event Licensee shall fail to timely furnish to the City any monthly or annual statement required under this License or if the independent certified public accountant's opinion is qualified or conditioned in any manner, the City shall have the right (but shall not be obligated) without notice, to conduct an audit of Licensee's books and records and to prepare such statements at Licensee's expense. Moreover, in the event Licensee fails to timely furnish any monthly or annual statement or fails to make available its books and records, the City shall have the right to estimate the Gross Revenues.

(d) Licensee shall prepare and maintain at an office in Chicago, Illinois or its corporate headquarters (if approved by the City) full, complete and proper books, records and accounts in accordance with generally accepted accounting principles, of the Gross Revenues, both for cash and on credit, and of the operations of any franchisee or subtenant and shall require and cause all such parties to prepare and keep books, source documents, records and accounts sufficient to substantiate those kept by Licensee.

(i) The books and source documents to be kept by Licensee shall include, without limitation, true copies of all Federal, State and local tax returns and reports, copies of rental agreements, and daily receipts from all transactions conducted by Licensee, franchisees and any other persons conducting business as a result of this License, detailed original records of any exclusions or deductions from Gross Revenues, sales tax records and such other records, if any, which would normally be examined by an independent accountant pursuant to accepted auditing standards in performing an audit of Licensee's revenues. Licensee shall, or shall cause each franchisee or any other persons conducting business as a result of this License to, record at the time of each transaction, all receipts

from such sale or other transaction, whether for cash, credit or otherwise. Licensee shall at all times use such cash registers, invoicing machines, sales slips and other accounting equipment and devices and forms as are reasonably necessary to record properly, accurately and completely all transactions involving Gross Revenues. Said books, records and accounts, including any sales tax reports that Licensee or any subtenant may be required to furnish to any government or governmental agency, shall be retained and at all reasonable times be open to the inspection (including the making of copies or extracts) of the City, the City's auditor or other authorized representative or agent for a period of at least three (3) years after the expiration of each License Year.

(ii) The acceptance by the City of payments of Fees shall be without prejudice to the City's right to an examination of the Licensee's and books and records of Gross Revenues in order to verify the amount of Gross Revenues.

(iii) After providing Licensee as the case may be, at least twenty-four (24) hours prior verbal notice, the City may inspect the books and records of Licensee and any subtenant or other person doing business as a result of this License or require Licensee to furnish the City copies of extracts of such books and records. Further, at its option, the City may at any reasonable time, upon no less than ten (10) days' prior written notice to Licensee, cause a complete audit to be made of Licensee's or any subtenant's entire records relating to the License for the period covered by any statement issued by the Licensee as above set forth. If such audit shall disclose that Licensee's statement of Gross Revenues is understated to the extent of two percent (2%) or more, Licensee shall promptly pay to the City the cost of said audit in addition to the deficiency (and interest thereon at the Default Rate), which deficiency shall be payable whatever its amount. In addition to the foregoing, and in addition to all other remedies available to the City, if Licensee or the City's auditor shall schedule a date for an audit of Licensee's records and Licensee shall fail to be available or otherwise fail to comply with the reasonable requirements for such audit, Licensee shall pay all costs and expenses associated with the scheduled audit.

(e) The City may, in its sole discretion, and if Licensee so requests, consent to Licensee's transmission of its monthly (but not annual) sales reports electronically, and to maintain its books and records in computerized form, provided that it is convenient and possible and that:

(i) As to reports of Gross Revenues, (A) monthly reports are transmitted by disc or modem transmission to the City's data center, in either case in a manner compatible with the City's computer system and approved in writing by the City, and (B) print copies of such reports are furnished to the City within 30 days after request (which request may be made at any time within one year after the electronic reports are furnished by Licensee to the City); and

(ii) As to books and records, (A) Licensee's computerized books and records provide the same level of information as the print books and records described above, are retained for the full record retention period provided for herein, and are made accessible for the City's inspection on request, and (B) print copies of any of such books and records are made available to the City's agents who are engaged in inspecting Licensee's books and records, as provided herein, promptly upon request.

Consent by Lessor to either electronic transmission of Gross Revenues reports or computerized record keeping, once given, may be revoked by the City on prior written notice to Licensee.

Section 4.4 - **Interest on Overdue Amounts.** Fees and any additional charges not paid when due shall bear interest at the Default Rate from the time such are due.

Section 4.5 - **Security Deposit.**

(a) As additional security for the faithful and prompt performance of Licensee's obligations hereunder, Licensee shall deliver the Security Deposit to City simultaneously with the execution of this License, to be held and applied by the City for the purpose of: curing any Event of Default; paying any amounts owed by Licensee to City pursuant to this License or any amount which the City may spend or be obligated to spend as a result of Licensee's default; or to compensate the City for any other damages as a result of Licensee's default. Licensee shall, at the commencement of each License Year, increase the amount of the Security Deposit (based on the definition of the Security Deposit), if Base Fee or Minimum Guarantee Fee (if any) has increased. In the event that City applies any portion of the Security Deposit for such purpose, Licensee shall within

fifteen (15) days after written demand therefor deposit cash with City in an amount sufficient to restore the Security Deposit to its original amount, and Licensee's failure to do so shall be a material breach of this License. The Security Deposit shall not be deemed an advance payment of Fees or a measure of City's damages for any breach of the terms of this License by Licensee. Licensee may not elect to apply any portion of the Security Deposit toward the payment of Fees or other charges payable by Licensee hereunder. City shall not be required to segregate the Security Deposit from Airport funds and Licensee shall not be entitled to interest on the Security Deposit. If Licensee shall fully and faithfully perform every provision of this License to be performed by it, the Security Deposit or any balance thereof shall be returned to Licensee within ninety (90) days after the expiration of the Term and Licensee's vacation of the Premises.

(b) The Security Deposit may be in the form of a letter of credit in the form attached as Exhibit E or other form acceptable to the City. If Licensee delivers a letter of credit as the Security Deposit, then the first such letter of credit shall expire no earlier than twelve (12) months after issuance and all subsequent replacement letters of credit shall expire no earlier than twelve (12) months from the expiry date of the then outstanding and expiring letter of credit. Licensee shall ensure that at all times during the Term of this License, and for ninety (90) days after expiration of the Term (or any holdover period), an unexpired letter of credit in the face amount of the Security Deposit or cash in the amount of the Security Deposit shall be in the possession of the City. Licensee shall deliver each replacement letter of credit to the City no later than thirty (30) days prior to the expiry date of then outstanding and expiring letter of credit. Failure by Licensee to deliver any replacement letter of credit as required above shall entitle the City to draw under the outstanding letter of credit and to retain the entire proceeds thereof for application as the Security Deposit under this License. Each letter of credit shall be for the benefit of the City and its successors and assigns, shall be expressly assignable, and shall entitle the City or its successors or assigns to draw from time to time under the letter of credit in portions or in whole upon presentation of a sight draft.

If an Event of Default by Licensee exists with respect to any provision of this License, including, but not limited to, the provisions relating to the payment of Fees, the City may draw under the letter of credit in part or in whole and use, apply or retain all or any part of the proceeds thereof as if a cash Security Deposit.

Any letter of credit delivered by Licensee shall be issued by companies or financial institutions authorized to do business in Illinois, satisfactory to the Comptroller, and which have an office in Chicago where the City may draw on the letter of credit. If the financial condition of any letter of credit issuer issuing the letter of credit materially and adversely changes, the City may, at any time, require that such letter of credit be replaced with a letter of credit from an acceptable financial institution.

(c) Qualified Issuers. The Letter of Credit called for in this Agreement must be issued by companies or financial institutions having a rating of "A" or better as determined by Standard and Poor's or by Moody's Investors Service, Inc., or a net worth of at least $500,000,000, and that have an office in Chicago where the Commissioner may draw on the Letter of Credit. The Commissioner also reserves the right to order Licensee to immediately close some or all of the Premises unless the Letter of Credit is in place and effective.

(d) Right to Require Replacement of Letter of Credit. If the financial condition of any Letter of Credit issuer issuing the Letter of Credit materially and adversely changes, the Commissioner may, at any time, require that the Letter of Credit be replaced with a Letter of Credit in accordance with the requirements set forth in this section.

(e) No Excuse from Performance. None of the provisions contained in this Agreement nor in the Letter of Credit required under this Agreement excuse Licensee from faithfully performing in accordance with the terms and conditions of this Agreement or limit the liability of Licensee under this Agreement for any and all damages in excess of the amounts of the Letter of Credit.

(f) Non-Waiver. Notwithstanding anything to the contrary contained in this Agreement, the failure of the Commissioner to draw upon the Letter of Credit required under this Agreement or to require Licensee to replace the Letter of Credit at any time or times when the Commissioner has the right to do so under this Agreement does not waive or modify the Commissioner's rights to draw upon the Letter of Credit and to require Licensee to maintain or, as the case may be, replace the Letter of Credit, all as provided in this Section 4.5.

Section 4.6- **Taxes**. Licensee must timely pay, as and when due, any and all taxes (including, but not limited to, "leasehold" taxes), assessments and charges levied, assessed or imposed upon this Agreement, the Premises or Licensee's business or upon Licensee's personal property and all license fees, permit fees and charges of a similar nature for the conduct by Licensee of any business or undertaking in the Premises. Licensee must provide the Commissioner with copies of all notices relating to the taxes within 30 days after receipt and must provide the Commissioner with a receipt indicating payment of the taxes when due. Nothing in this Agreement precludes Licensee from contesting the charge or tax, including those taxes or charges enacted or promulgated by City.

iii. With respect to deeds, in the event of breach of any of the above nondiscrimination covenants, Licensee will there upon revert to and vest in and become the absolute property of Licensee and its assigns.

Section 5.2- **Improvements**. Licensee may not without the prior written approval of the applicable City authorities, including but not limited to the City's Department of Buildings and the Commissioner: (i) construct or install in the Premises any improvements or equipment, and any additions thereto; and (ii) display signage. Any construction or improvements shall commence only after Licensee obtains any requisite building or construction licenses or permits as may be required by federal, state or local laws or regulations. A construction application together with plans and specifications of any proposed construction or installation (including any substantial alteration or addition thereto), a proposed schedule and evidence of insurance coverages required by Article 7 shall be submitted to and received by the City prior to the issuance of written approval from the City and before commencement of construction. Licensee shall require the Contractor to furnish a performance and payment bond in form and substance acceptable to City. City's approval shall be absolute and may be withheld in its sole discretion, but City's approval of or consent to any plans and specifications shall not constitute a zoning approval or approval for other purposes or by other agencies or divisions of the City. Where appropriate, the professionals shall be properly licensed and insured to perform their work. During any construction or installation of such other improvements, City shall have the right at all times to have inspectors or other representatives of the City at the site to review and inspect all such work. Notwithstanding said right of review and inspection of the City, City shall in no way be deemed responsible for any such work not being completed in accordance with approved plans and specifications or applicable laws, codes, statutes, rules or regulations.

Any work performed in connection with such improvements at the direction of Licensee, even though performed by contractors, shall be the responsibility of Licensee. During any construction by Licensee, Licensee shall be solely responsible for the support, maintenance, safety and protection of the facilities of the City, and for the safety and protection of all persons or employees and of all property therein. All work shall be performed in accordance with the plans and specifications and other documents submitted to and approved by the City, with the Airport design and construction standards and any other applicable federal, state or local laws, codes, ordinances, statutes, rules, regulations, and with the legal requirements set forth in Articles 6 and 8 hereof. Licensee shall also comply with the additional legal requirements set forth in Exhibit B. Once work is completed, Licensee shall furnish "as-built" plans to City.

Section 5.3- **Maintenance and Repair.**

(a) Licensee must provide all cleaning and janitorial services to the Premises. Licensee must clean, maintain and repair (including replacements, where necessary) the Premises in first-class condition and repair during the entire term of this Agreement. Without limiting the foregoing, Licensee must maintain utility lines to the Premises as follows: (i) where the utility lines, including gas, electrical, telephone, hot and cold water, fire sprinkler, gas, and sewer serve the Premises, Licensee must maintain those branch lines and facilities that are located within the Premises; and (ii) where the utility lines are solely for the use of the Premises, Licensee is obligated to maintain the utility lines from the Premises up to the main entry point to the Airport terminals. Alternatively, the City may maintain the lines and charge Licensee the reasonable cost of the maintenance. Licensee must maintain all electrical cables, conduits, wiring, fire alarm systems, electrical panels and associated equipment located within and serving the Premises. To the extent any City ordinance imposes a stricter standard than the requirements of this section, the stricter standard must govern.

(b) **City's Right to Perform Licensee's Maintenance Obligations**.

(i) If Licensee fails to perform its maintenance obligations required under this section within 3 days following written notice from the Commissioner, or in the event of a serious health or safety concern or in an emergency (in which case no notice is required) the Commissioner may, but is not obligated to, perform or cause the performance of any obligation required of Licensee under this section in any manner deemed expedient by the Commissioner for the purpose of correcting the condition in question (without limiting the right of any other City department or agency to enforce City ordinances or regulations). Inaction of the Commissioner never constitutes a waiver of any right accruing to his under this Agreement nor do the provisions of this subsection or any exercise by the Commissioner of his rights under this Agreement cure any Event of Default. Nothing contained in this Agreement requires the Commissioner to advance monies for any purpose.

(ii) All sums paid by the City under the provisions of this section and all necessary and incidental costs, expenses and reasonable attorneys' fees incurred in connection with the performance of any such act by the Commissioner, together with interest thereon at the Default Rate, from the date of the City's payment until the date paid by Licensee, are deemed further Additional Fees under this Agreement and are payable to the City within 10 days following receipt of written demand therefor or, at the option of the Commissioner, may be added to any Fee then due or later becoming due under this Agreement, and
Licensee covenants to pay any such sum or sums with interest at the Default Rate.

As to any repairs and replacements Licensee also shall, in connection therewith, comply with the requirements of Section 5.2 above.

(c) Licensee must keep the curbside at which it is operating in a clean and orderly condition.

Section 5.4- **Signs.** Any signs installed by Licensee on the Premises shall be limited to the purpose of identifying Licensee and not for advertising; provided, however, that the Commissioner may require the Licensee to post signs providing information about other ground transportation services. The number, general type, size, design and location of such signs shall be subject to the prior written approval of the City.

Section 5.5- **Covenant Against Liens.** No party shall have any right to file any liens against the Premises or any other property of City, and Licensee shall keep the Premises and the buildings, improvements and facilities constructed thereon free and clear of liens or claims of liens in any way arising out of the construction, improvement or use thereof by Licensee. In the event of an attempt to file a lien against the Premises as a result of any act or omission of Licensee, Licensee shall promptly take such steps as are necessary to release such claim or attempted lien from the Premises.

Section 5.6- **Ownership of Improvements.** The City shall own all improvements and betterments hereinafter made to the Premises.

ARTICLE6

COMPLIANCE WITH ALL LAWS

Section 6.1 - **Applicable Laws.** Without limiting the provisions of Article 2 of this License, Licensee shall, at its sole cost and expense, comply, and shall cause its contractors and their respective agents and employees to comply, with all applicable laws, including without limitation, the following:

(a) Non-Discrimination:

(i) Federal Requirements:

(A) It shall be an unlawful employment practice for Licensee to fail to hire, to refuse to hire, to discharge, or to discriminate against any individual with respect to his compensation, or the terms, conditions, or privileges of his employment, because of such individual's race, color, religion, sex, age, handicap, or national

origin; or to limit, segregate, or classify his employees or applicants for employment in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect his status as an employee because of such individual's race, color, religion, sex, age, handicap, or national origin.

(B) Licensee shall comply with The Civil Rights Act of 1964, 42, U.S.C. Sec. 2000 et seq. (1981), as amended. Licensee shall further comply with Executive Order No. 11,246,30 Fed. (iii) City Requirements:

Licensee shall comply with the Chicago Human Rights Ordinance, Chapter 2-160, Section 2-160-010 et seq. of the Code, and all other applicable City ordinances and rules. Further, Licensee shall furnish such reports and information as requested by the Chicago Commission of Human Relations.

(b) Prevailing Wage:

(i) Licensee shall comply with 820 ILCS 130/0.01 et seq., as it may be amended (the "Prevailing Wage Act"), so long as the Prevailing Wage Act

is in effect, in order to ensure that such persons covered by the Prevailing Wage Act are paid the prevailing wage rate as ascertained by the Illinois Department of Labor. The present prevailing rates are attached hereto as Exhibit D. All contracts shall list the specified rates to be paid to all laborers, workers, and mechanics for such craft or type of worker or mechanic employed in the contract. If the Illinois Department of Labor revises such prevailing wage rates, the revised rates shall apply to all such contracts.

(ii) The term "general prevailing hourly rate," when used in this License means the hourly cash wages plus fringe benefits for health and welfare, insurance, vacations and pensions paid generally, in the locality in which the work is being performed, to employees engaged in work of a similar character on public work.

(c) Non-Collusion, Bribery of a Public Officer or Employee:

Licensee shall comply with the Code, Section 2-92-320, as follows:

(i) No person or business entity shall be awarded a contract or subcontract if that person or business entity:

(A) Has been convicted of bribery or attempting to bribe a public officer or employee of the City of Chicago, the State of Illinois, or any agency of the federal government or any state or local government in the United States, in that office's or employee's official capacity; or

(B) Has been convicted of agreement or collusion among bidders or prospective bidders in restraint of freedom of competition by agreement to bid a fixed price, or otherwise; or

(ii) For purposes of this section, where an official, agent or employee of a business entity has committed any offense under this section on behalf of such an entity and pursuant to the direction or authorization of a responsible official thereof, the business entity shall be chargeable with the conduct. One business entity shall be chargeable with the conduct of an affiliated agency.

(iii) Ineligibility under this section shall continue for three years following such conviction or admission. The period of ineligibility may be reduced, suspended, or waived by the Purchasing Agent under certain specific circumstances. Reference is made to Section 2-92-320 for a definition of "affiliated agency," and a detailed description of the conditions which would permit the Purchasing Agent to reduce, suspend, or waive the period of ineligibility.

(d) Chapter 2-56 of the Code Office of Inspector General:

(i) It shall be the duty of Licensee to cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Code. Licensee understands and will abide by all provisions of Chapter 2-56 of the Code.

(ii) All contracts shall inform Contractors of this provision and require understanding and compliance herewith.

(e) Governmental Ethics Ordinance: Licensee shall comply with Chapter 2-156 of the Code, "Governmental Ethics," including but not limited to Section 2-156-120 of this chapter pursuant to which no payment, gratuity of offer of employment shall be made in connection with any City contract, by or on behalf of a subcontractor to the prime contractor or higher tier subcontractor or any person associated therewith, as an inducement for the award of a subcontract or order.

(f) Section 2-92-380 of the Code: The Licensee hereby warrants and covenants that it has no debts or outstanding parking violation complaints as defined in Section 2-92-380 of the Code.

(g) American with Disabilities Act: Any and all transportation services provided by the Licensee and its franchisees shall comply with all Federal, State and local laws and regulations regarding accessibility standards for disabled or environmentally limited persons including, but not limited to, the following: American with Disabilities Act, P.L. 101-336 (1990), 42 U.S.C. 12101 et seq. and the Uniform Federal Accessibility Guidelines for Buildings and Facilities and, the Illinois Environmental Barriers Act, 410 ILCS 25/1 et seq. (1991), and the regulations promulgated thereto at 71 Ill. Admin. Code Ch. 1, Sec. 400.110. In the event that the above cited standards are inconsistent, Licensee shall comply with the standard providing greater accessibility.

(h) MacBride Principles Ordinance:

(i) The City of Chicago through the passage of the MacBride Principles Ordinance seeks to promote fair and equal employment opportunities and labor practices for religious minorities in Northern Ireland and provides a better working environment for all citizens in Northern Ireland.

(ii) In accordance with Section 2-92-580 of the Code, if Licensee conducts any business operations, it shall make all reasonable and good faith efforts to conduct any business operations in Northern Ireland in accordance with the MacBride Principles for Northern Ireland as defined in Illinois Public Act 85-1390 (1988 Ill. Laws 3220).

(i) Certification: Licensee shall complete the appropriate subsection for State Tax Delinquencies and acknowledge all other representations in the Disclosure Affidavit in the form provided by the City, which certifies that Licensee, its agents, employees, officers and any contractors a) have not been engaged in or been convicted of bribery or attempted bribery of a public officer or employee of the City of Chicago, the State of Illinois, any agency of the federal government or any state or local government in the United States or engaged in or been convicted of bid-rigging or bid-rotation activities as defined in this section as required by the Illinois Criminal code; b) do not owe any debts to the State of Illinois, in accordance with Section 11-42.1-1 of the Illinois Municipal code and c) are not presently debarred or suspended as defined in subsection D, Certification Regarding Suspension and Disbarment of the Disclosure Affidavit in Part One of the Contract Documents.

G) Disclosure of Ownership: Pursuant to Code sections 2-92-010, 2-92-020, 2-92-030 and 2-154(e), Licensee shall be required to complete Section I, Disclosure of Ownership Interests in the Disclosure Affidavit.

(k) Resident Preference:

If pursuant to this Agreement, Licensee is to perform construction ("Work") with an estimated contract value of$100,000 or more, Licensee and its Subcontractors must comply with the provisions of § 2-92-330 of the Municipal Code of the City of Chicago (1990) (**"Municipal Code"**), as amended from time to time concerning the minimum percentage of total worker hours performed by actual residents of the City. (For any construction project advertised, or if not advertised, awarded, by the city that has an estimated contract value of $100,000.00 or more, and where not otherwise prohibited by federal, state or local law, the total hours worked by persons on the site of the construction project by employees of the contractor and subcontractors shall be performed (i) at least 50 percent by city residents; and (ii) at least 7.5 percent by project area residents. Work hours performed by project area residents shall be considered to be

work hours performed by city residents for purposes of calculating the minimum work hour percentage required to be performed by city residents.). In addition to complying with this percentage, Licensee and its Subcontractors are required to make good faith efforts to utilize qualified Licensee may request a reduction or waiver of this minimum percentage level of Chicagoans in accordance with standards and procedures developed by the Purchasing Agent of the City.

"Actual residents of the City" means persons domiciled within the City. The domicile is an individual's one and only true, fixed and permanent home and principal establishment. Licensee and each Subcontractor (for purposes of this subsection 6.1(k) "Employer") must provide for the maintenance of adequate employee residency records to ensure that actual Chicago residents are employed. Each Employer shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

Weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) must be submitted to the Commissioner in triplicate and must identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the Employer hired the employee should be written in after the employee's name.

Each Employer must provide full access to its employment records to the Purchasing Agent, the Commissioner, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative of any of them. Each Employer must maintain all relevant personnel data and records for a period of at least 3 years after final acceptance of the Work. At the direction of the Commissioner, affidavits and other supporting documentation may be required of each Employer to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of each Employer to provide utilization of actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Purchasing Agent) shall not suffice to replace the actual, verified achievement of the requirements of this section concerning the worker hours performed by actual Chicago residents.

When the Work is completed, in the event that the City has determined that Licensee has failed to ensure the fulfillment of the requirement of this section concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this section. Therefore, in such a case of non-compliance, it is agreed that 1/20 of 1% of the aggregate hard construction costs of the Improvement Costs (the product of .0005 x such aggregate hard construction

costs) (as evidenced by approved contract value for the actual contracts) must be surrendered by Licensee to the City as liquidated damages, and not as a penalty, in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly will result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject Licensee and/or the Subcontractors to prosecution. The City may draw against the Security Deposit any amounts that appear to be due to the City under this provision pending the City's determination as to the full amount of liquidated damages due on completion of the Work.

Nothing set forth in this section acts as a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Agreement or related documents, as applicable.

Licensee must cause or require the provisions of this subsection 6.1(k) to be included in all construction Subcontracts related to the Work.

(l) Motor Carriers: Licensee shall abide by all laws applicable to carriers of passengers, including but not limited to the Federal Motor Carrier Safety Act and other applicable laws contained in Title 49 of the Code of Federal Regulations.

(m) Licensee must not use or allow the Premises to be used for the release, storage, use, treatment, disposal or other handling of any hazardous substance, as defined in any Environmental Laws, except in full compliance with all Environmental Laws, and, with respect to the release, use, treatment, or disposal of any such hazardous substances. Licensee must not use or allow the Premises to be used for the storage of any such hazardous substances, except small amounts of cleaning fluids, business equipment materials (such as copy machine toner) and other small amounts of such hazardous substances customarily handled or used in connection with the concession operations, all of which must be stored in compliance with all applicable Environmental Laws. Upon the expiration or termination of this Agreement, Licensee must surrender the Premises to the City free from the presence and contamination of any hazardous substances.

(n) Business Relationships with Elected Officials: Pursuant to section 2-156-030(b) of the Municipal Code, no elected official, or any person acting at the direction of such official, shall contact either orally or in writing any other city official or employee with respect to any matter involving any person with whom the elected official has any business relationship that creates a financial interest on the part of the official, or the domestic partner or spouse of the official, or from whom or which he has derived any income or compensation during the preceding twelve months or

from whom or which he reasonably expects to derive any income or compensation in the following twelve months. In addition, no elected official may participate in any discussion in any city council committee hearing or in any city council meeting or vote on any matter involving the person with whom the elected official has any business relationship that creates a financial interest on the part of the official, or the domestic partner or spouse of the official, or from whom or which he has derived any income or compensation during the preceding twelve months or from whom or which he reasonably expects to derive any income or compensation in the following twelve months. **Violation of section 2-156-030(b) by any elected official with respect to this Agreement is grounds for termination of this Agreement.**

Section 6.2 - **Conflicts of Interest.**

(a) Licensee represents and warrants that no member of the governing body of the City of Chicago or other unit of government and no other officer, employee or agent of the City of Chicago or other unit of government who exercises any functions or responsibilities in connection with this License has any personal interests, direct or indirect, in this License or in Licensee.

(b) Licensee covenants that (i) no member of the governing body of the City of Chicago and no officer, employee or agent of the City of Chicago or other unit of government exercising any functions or responsibilities in connection with this License shall acquire any personal, financial or economic interest, direct or indirect, in Licensee or this License, and (ii) no member of or delegate to the Congress of the United States or the Illinois General Assembly and no alderman of the City of Chicago or employee of the City of Chicago shall be admitted to any share or part of this License or any financial benefit to arise from it.

Section 6.3 - **DBE Compliance.**

(a) The City is committed to enhancing the opportunities of disadvantaged businesses. Accordingly, Licensee must act in accordance with the Special Conditions Regarding Disadvantaged Business Enterprise Commitment (in connection with Airport Business Opportunities) and executed schedules that are attached to this Agreement as Exhibit 3, as amended from time to time. The City will use reasonable efforts to notify Licensee of such amended Special Conditions Regarding Disadvantaged Business Enterprise Commitment within a reasonable period after such amendments become effective. Such amendments will amend Exhibit 3 upon notice to Licensee. To be counted towards Licensee's commitment to DBE participation under this Agreement, DBEs must be and remain certified as DBEs in accordance with applicable laws.

(b) This Agreement is subject to the requirements of the U.S. Department of Transportation's regulations, 49 C.P.R. Part 23, Subpart F, as amended from time to time. Licensee must not discriminate against any business owner because of the owner's race, color, national origin, or sex in connection with the award or performance of any

concessions agreement covered by 49 C.P.R. Part 23, Subpart F. Licensee must include the above statements in any subsequent contracts that it enters into with Subcontractors and cause those businesses to similarly include the statements in further agreements, where appropriate and when required by law.

ARTICLE 7

INDEMNITY,INSURANCE,DAMAGE OR DESTRUCTION

Section 7.1 - **Indemnification**.

(a) Except where this indemnity clause would be found to be inoperative or unenforceable under the Construction Contract Indemnification for Negligence Act, 740 ILCS 35/0.01 et seq. ("Anti-Indemnity Act"), Licensee must defend, indemnify, keep and hold harmless the City, its officers, representatives, elected and appointed officials, agents and employees, from and against any and all Losses, including those related to:

(i) injury, death or damage of or to any person or property;

(ii) the contamination by any hazardous material (as the term may be described in any applicable Environmental Laws) or otherwise;

(iii) any infringement or violation of any property right (including any patent, trademark, or copyright);

(iv) failure to pay or perform or cause to be paid or performed Licensee's covenants and obligations as and when required under this Agreement or otherwise to pay or perform its obligations to any Subcontractor;

(v) the Commissioner's exercise of her rights and remedies under section 10.2;

(vi) injuries to or death of any employee of Licensee or any Subcontractor any worker's compensation statute; and

(vii) taxes and assessments levied or assessed on the Premises, or which arise out of Licensee's concession operations, or which arise by reason of Licensee's occupancy of the Premises.

(b) "Losses" means, individually and collectively, liabilities of every kind, including losses, damages, and reasonable costs, payments and expenses (such as, but not limited to, court costs and reasonable attorneys' fees and disbursements), claims, demands, actions, suits, proceedings, judgments or settlements, any or all of which in any way arise out of or relate to the acts or omissions of Licensee, its employees, agents, sublicensees, and Subcontractors.

(c) At the City Corporation Counsel's option, Licensee must defend all suits brought upon all such Losses and must pay all costs and expenses incidental to them, but the City has the right, at its option, to participate, at its own cost, in the defense of any suit, without relieving Licensee of any of its obligations under this Agreement. No settlement may be made without the prior written consent of the City Corporation Counsel, if the settlement requires any action on the part of the City or in any way involves the Airports.

(d) To the extent permissible by law, Licensee waives any limits to the amount of its obligations to indemnify, defend or contribute to any sums due under any Losses, including any claim by any employee of Licensee that may be subject to the Workers' Compensation Act, 820 ILCS 305/1 et seq. or any other law or judicial decision (such as, *Kotecki* v. *Cyclops Welding Corporation,* 146 Ill. 2d 155 (1991)). The waiver, however, does not require Licensee to indemnify the City for its own negligence to the extent doing so would violate the Anti-Indemnity Act. The City, however, does not waive any limitations it may have on its liability under the Worker's Compensation Act, under the Illinois Pension Code or any other statute.

(e) The indemnities contained in this section survive expiration or termination of this Agreement, for matters occurring or arising during the Term of this Agreement or as the result of or during the holding over of Licensee beyond the Term. Licensee acknowledges that the requirements set forth in this section to indemnify, keep and save harmless and defend the City are apart from and not limited by the Licensee's duties under this Agreement, including the insurance and Security Deposit requirements under this Section 7.1.

Section 7.2 - **Insurance.**

The Licensee must provide and maintain at Licensee's own expense, during the term of the Agreement and during the time period following expiration if Licensee is required to return and perform any additional work, the insurance coverages and requirements specified below, insuring all operations related to the Agreement.

A. INSURANCE TO BE PROVIDED

1) Workers Compensation and Employers Liability

Workers Compensation Insurance, as prescribed by applicable law covering all employees who are to provide a service under this Agreement and Employers Liability coverage with limits of not less than $500,000 each accident or illness.

2) Commercial General Liability (Primary and Umbrella)

Commercial General Liability Insurance or equivalent with limits of not less than $5,000,000 per occurrence for bodily injury, personal injury, and property damage liability. Coverages must include the following: All premises and operations, products/completed operations, separation of insureds, defense, and contractual liability (with no limitation endorsement). The City of Chicago is to be named as an additional insured on a primary, non-contributory basis for any liability arising directly or indirectly from the work.

Subcontractors performing work for Licensee shall be required to maintain limits of not less than $2.000.000 with the same terms herein.

3) Automobile Liability (Primary and Umbrella)

When any motor vehicles (owned, non-owned and hired) are used in connection with work to be performed, the Licensee must provide Automobile Liability Insurance with limits of not less than $5,000.000 per occurrence for bodily injury and property damage. The City of Chicago is to be named as an additional insured on a primary, non-contributory basis.

Subcontractors performing work for Licensee shall be required to maintain limits of not less than $2,000,000 with the same terms herein.

4) Property

Licensee must maintain all-risk property insurance for the Premises including improvements and betterments, in the amount of their full replacement cost. The City of Chicago is to be named as an additional insured and loss payee.

The Licensee shall be responsible for all loss or damage to personal property (including but not limited to material, equipment, tools, and supplies), owned, rented or used by Licensee.

Licensee is responsible for all physical damage losses to vehicles.

B. OTHER REQUIREMENTS

The Licensee must furnish the City of Chicago, Department of Aviation, 10510 W. Zemke Blvd., Chicago, IL 60666, original Certificates of Insurance, or such similar evidence, to be in force on the date of this Agreement, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the term of this Agreement. The Licensee must submit evidence of insurance on the City of Chicago Insurance Certificate Form (copy attached) or equivalent prior to Agreement award. The receipt of any certificate does not constitute agreement by the City that the insurance requirements in the Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the City to obtain certificates or other insurance evidence from Licensee is not a waiver by the City of any requirements for the Licensee to obtain and maintain the specified coverages. The Licensee must advise all insurers of the Agreement provisions regarding insurance. Non-conforming insurance does not relieve Licensee of the obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Agreement, and the City retains the right to stop work until proper evidence of insurance is provided, or the Agreement may be terminated.

The insurance must provide for 60 days prior written notice to be given to the City in the event coverage is substantially changed, canceled, or non-renewed.

Any deductibles or selfinsured retentions on referenced insurance coverages must be borne by Licensee.

The Licensee agrees that insurers waive their rights of subrogation against the City of Chicago, its employees, elected officials, agents, or representatives.

The coverages and limits furnished by Licensee in no way limit the Licensee's liabilities and responsibilities specified within the Agreement or by law.

Any insurance or self-insurance programs maintained by the City of Chicago do not contribute with insurance provided by the Licensee under the Agreement.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Agreement or any limitation placed on the indemnity in this Agreement given as a matter of law.

The Licensee must require all Subcontractors to provide the insurance required herein, or Licensee may provide the coverages for Subcontractors. All Subcontractors are subject to the same insurance requirements of Licensee unless otherwise specified in this Agreement.

If Licensee or Subcontractor desire additional coverages, the party desiring the additional coverages is responsible for the acquisition and cost.

The City of Chicago Risk Management Department maintains the right to modify, delete, alter or change these requirements.

Section 7.3 - **Damage and Destruction.**

(a) In the event a portion of the Premises or a terminal at the Airports shall be substantially damaged or destroyed, then either the City or the Licensee may delete the affected portion of the Premises by giving notice to the other at any time no later than ninety (90) days after the date of such damage or destruction.

(b) If any improvements to the Premises are not diligently repaired by Licensee where required, then the City shall be entitled to all insurance proceeds payable on account of improvements in such space.

ARTICLE 8

AIRPORT MATTERS

Section 8.1 - **Rules and Regulations.** Licensee shall observe and obey all rules and regulations governing the conduct and operation of the Airports promulgated from time to time by City, county, state or federal authorities and, in particular, Licensee agrees at all times to comply with any master security plan and procedures for the Airports as may be established by the Commissioner or the City from time to time. In emergency cases City shall deliver to Licensee such emergency rules and regulations as promptly as practical.

Upon request, City shall provide Licensee with copies of City's current Airport rules and regulations applicable to Licensee. Except in cases of emergency, subsequent rules and regulations promulgated by City shall be applicable to Licensee fifteen (15) days after notice of the adoption thereof.

Section 8.2 - **Other Legal Requirements.** Licensee shall comply, and shall cause its contractors to comply, with all applicable federal, state and local laws, codes, regulations, ordinances, rules and orders including, without limitation, those promulgated by the FAA, which shall include, but not be limited to, the following:

(a) Nothing herein shall be construed to grant or authorize the granting of an exclusive right to conduct any business and the City reserves the right to grant to others the privileges of conducting any activities at the Airports, including those contemplated hereunder.

(b) This License involves the use of or access to space on, over or under real property acquired or improved under the Airport Improvement Program of the Federal Aviation Administration, and therefore involves activity which serves the public. Licensee, for itself, its personal representatives, successors in interest, and assigns, as part of the consideration hereof, does hereby covenant and agree, as a covenant running with the land, that (i) no person on the grounds of race, creed, color, religion, age, sex or national origin shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination in the use of said facilities; (ii) that no person on the grounds of race, creed, color, religion, age, sex or national origin shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination in the construction of improvements on, over, or under such land and the furnishing of services thereon; and (iii) that Licensee shall use the Premises in compliance with all other requirements imposed by or pursuant to regulations of the U.S. Department of Transportation.

(c) Licensee agrees to furnish services in the United States in compliance with Federal law and on a fair and not unjustly discriminatory basis to all users thereof, and to charge fair, reasonable and not unjustly discriminatory prices for each unit of service; provided, that the Licensee may be allowed to make reasonable and nondiscriminatory discounts, rebates or other similar types of price reductions.

Section 8.3- Airport Agreements. Licensee's use and occupancy of the Premises shall be and remain subject to (a) the provisions of any existing or future agreements between City and the United States government, FAA or other governmental authority, relative to the operation or maintenance of the Airports, the execution of which has been or will be required as a condition precedent to the granting of federal or other governmental funds, including, without limitation, grant agreements, and (b) any use agreement heretofore or hereafter executed by the City with airlines operating at the Airports, and any ordinance or indenture, or both, authorizing bond anticipation notes adopted by the City Council of the City authorizing the issuance of notes, bonds or other obligations for the Airports and securing such obligations by a pledge of revenues or net revenues of the Airports and any ordinance or indenture supplemental thereto, which shall also include any master indenture. Licensee further agrees that it shall not cause the City to violate any assurances made by the City to the Federal government in connection with the granting of such Federal funds.

Section 8.4- **Airport Security, Badging and Vehicles.**

(a) This Agreement is expressly subject to 49 U.S.C. Chapter 449, Security, the provisions of which, and all rules and regulations promulgated under it, are incorporated by reference. Licensee must comply, and must cause its Subcontractors, guests, and invitees to comply, with all such rules and regulations as they apply to them, as well as any other applicable rules and regulations governing the conduct and operation of the City's airports which may be promulgated from time to time by the Commissioner.

(b) If, in the performance of this Agreement, any employee of Licensee or any Subcontractor has (i) unescorted access or regular escorted access to aircraft located on or at the City's airport; (ii) unescorted access or regular escorted access to secured areas; or (iii) capability to allow others to have unescorted access to such aircraft or secured areas, then that employee is subject to such employment investigations (including the submission of fingerprints to the City to conduct criminal history record checks) as the FAA, the Transportation Security Administration (the "TSA"), and the City may consider necessary. All such individuals who pass the requisite employment investigation will be required to participate in a security awareness program and will be issued an identification badge that must be visibly displayed at all times while on the airfield or other secured areas of the airport. They will further be required to report suspected security violations in accordance with rules and regulations promulgated by the Secretary of the United States Department of Transportation, by the Administrator of the FAA, the Under Secretary of Transportation Security and the Commissioner.

(c) All vehicles and equipment must be kept within the work areas established for that work shift unless traveling to or from the project site. Under no circumstances may vehicles or equipment be parked outside these areas. At no time may any vehicles be parked or operate within 131 feet of the centerline of any operational taxiway segment or within 257 feet of the centerline of any operational runway during any work shift. At no time may any vehicles or equipment be parked within 160 feet of the centerline of an operational taxiway segment or within 400 feet of the centerline of an operational runway (object free area) during periods other than the work shifts.

(d) Failure to comply with applicable rules and regulations may result in administrative actions or judicial prosecution. Licensee will be jointly liable for any fines imposed for violation of rules and regulations by its employees and those of its Subcontractors, guests, and invitees.

Section 8.5 - **Regulating the Airports; Airport Operations.** City reserves the right to regulate, police, and further develop, improve, reconstruct, modify, or otherwise alter the Airports in City's sole discretion. City reserves the right, but shall not be obligated to Licensee, to maintain and keep in repair the landing area of the Airports and all publicly owned facilities of the Airports. City shall not have any obligation to continue to operate the Airports or any part as an airport for passenger or freight air transportation or at any particular level of operation and may at any time limit or discontinue use of the Airports or any means of access to or within the Airports in whole or part.

ARTICLE 9

EXERCISE BY CITY OF GOVERNMENTAL FUNCTIONS

Nothing contained in this License shall impair the right of City in the exercise of its governmental functions including, without limitation, the right to require Licensee to pay any tax or inspection fees or to produce necessary permits or licenses.

ARTICLE 10

DEFAULT AND TERMINATION

Section 10.1- **Event of Default.** The occurrence of any of the following shall constitute an "Event of Default" hereunder:

(a) Any material misrepresentation made by Licensee to the City in the inducement to or in the performance of this Agreement.

(b) A failure by Licensee to make any payment in full when due under this Agreement and failure to cure the default within 5 days after the City gives written notice of the non-payment to Licensee. Licensee's failure to make any such payment within 5 days after the written notice more than 3 times in any License Year constitutes an Event of Default without the necessity of the City giving notice of it to Licensee or any opportunity to cure it.

(c) Failure by Licensee to promptly and fully keep, fulfill, comply with, observe, or perform any promise, covenant, term, condition or other non-monetary obligation or duty of Licensee contained in this Agreement and the failure to cure the default within a reasonable period of time, as determined by the Commissioner, but not to exceed 30 days after delivery of written notice of the failure. But, if the promise, covenant, term, condition or other non-monetary obligation or duty cannot be cured within the time period granted by the Commissioner, but Licensee promptly begins and diligently and continuously proceeds to cure the failure within the time period granted and after that continues to diligently and continuously proceed to cure the failure, and the failure is reasonably susceptible of cure within 45 days from delivery of the notice, Licensee will have the additional time, not in any event to exceed 45 days, to cure the failure, provided however that such additional period shall not apply (i) to a default that creates or presents danger to persons or property or materially adversely affects the City's interest in the operation of the Airports or (ii) if the nature of the default is one for which the City (or any official, representative, employee or agent) may be subject to fine or imprisonment. (The provisions of this subsection 10.1(c), however, do not apply to breaches of those provisions of this Agreement that provide for different cure periods or those that do not allow a right to cure; those different cure periods or the disallowance of the cure periods take precedence over the provisions of this subsection 10.1 (c).

(d) A failure by Licensee to promptly and fully perform any obligation or duty, or to comply with any restriction, of Licensee contained in this Agreement concerning assignment or transfer, whether directly or indirectly, of Licensee's rights or interests in this Agreement.

(e) A failure by Licensee to provide or maintain the insurance coverage required under this Agreement (including any material non-compliance with the requirements) and the failure to cure the default within 2 days following oral or written notice of the failure from the Commissioner; or, if the noncompliance is non-material, the failure to remedy the non-compliance within 20 days after the City gives written notice to Licensee.

(f) Licensee's failure to continuously conduct its business at the Airports or if any permit allowing it to do business in the City is revoked.

(g) Licensee fails to maintain all licenses, certificates and permits required by law for the operation of the ground transportation services described herein, including, but not limited to, applicable licenses and certificates of public convenience and necessity required by the Illinois Commerce Commission.

(h) Licensee fails to maintain the hours of operation and counter hours in accordance with the provisions of Section 2.8.

(i) The material default of Licensee or any Affiliate under any other agreement it may presently have or may enter into with the City during the Term of this Agreement and failure to cure the default within any applicable cure period. In case of an Event of Default under this Agreement the City also may declare a default under any such agreements.

j) Licensee does any of the following and the action affects Licensee's ability to carry out the terms of this Agreement:

(i) becomes insolvent, as the term is defined under section 101 of the Bankruptcy Code as amended from time to time; or

(ii) fails to pay its debts generally as they mature; or

(iii) seeks the benefit of any present or future federal, state or foreign insolvency statute; or

(iv) makes a general assignment for the benefit of creditors, or

(v) files a voluntary petition in bankruptcy or a petition or answer seeking an arrangement of its indebtedness under the Bankruptcy Code or under any other law or statute of the United States or of any State or any foreign jurisdiction; or

(vi) consents to the appointment of a receiver, trustee, custodian, liquidator or other similar official, of all or substantially all of its property.

(k) An order for relief is entered by or against Licensee or its guarantor (if any) under any chapter of the Bankruptcy Code or similar law in any foreign jurisdiction and is not stayed or vacated within 60 days following its issuance.

(l) Licensee is dissolved.

(m) A violation of law that results in a guilty plea, a plea of nolo contendere, or conviction of a criminal offense, by Licensee, or any of its directors, officers, partners or key management employees directly or indirectly relating to this Agreement, and that may threaten, in the judgment of Commissioner, the performance of this Agreement in accordance with its terms.

(n) If Licensee shall fail to comply with an order of a court of competent jurisdiction or proper order of a governmental agency within the required time period or the Illinois Commerce Commission revokes Licensee's authority to operate.

(o) Licensee's failure to comply with the DBE requirements set forth in this Agreement.

(p) Licensee's failure to comply with the AVI System requirements set forth in Section 2.10(b).

(q) Licensee's failure to comply with Section 6.1.

(r) Licensee's repeated or continued violations of City ordinances unrelated to performance under the Agreement that in the opinion of the Commissioner indicate a willful or reckless disregard for City laws and regulations.

Section 10.2- **Remedies.**

(a) If an Event of Default occurs, in addition to any other remedies provided for in this Agreement, the City through the Commissioner or other appropriate City official may exercise any or all of the following remedies:

(i) Terminate this Agreement (including, but not limited to, the license to pick-up and drop-off passengers within areas of the Airports) and exclude Licensee from the Premises. If the Commissioner elects to terminate this Agreement, the Commissioner may, at the Commissioner's sole option, serve notice upon Licensee that this Agreement ceases and expires and becomes absolutely void on the date specified in the notice, to be no less than 5 days after the date of the notice, without any right on the part of Licensee after that to save the forfeiture by payment of any sum due or by the performance of any term, provision, covenant, agreement or condition broken. At the expiration of the time limit in the notice, this Agreement and the Term of this Agreement, as well as the right, title and interest of Licensee under this Agreement, wholly ceases and expires and becomes void in the same manner and with the same force and effect (except as to Licensee's liability) as if the date fixed in the notice were the date in this Agreement stated for expiration of the Term.

(ii) Recover all Fees, including Additional Fees and other amounts due that have accrued and are then due and payable and also all damages available at law or under this Agreement. If the Agreement is terminated, the damages will include damages for the balance of the scheduled Term, based upon any and all amounts that Licensee would have been obligated to pay for the balance of the Term calculated as provided in this Agreement or, if not fixed, as reasonably estimated. In determining the amount of damages for the period after termination, the Commissioner may make the determination based upon the sum of any future payments that would have been due to the City, for the full year immediately before the Event of Default. All amounts that would have been due and payable after termination for the balance of

the Term must be discounted to present value at the Prime Rate existing as of the date of termination. The Commissioner may declare all amounts to be immediately due and payable.

(iii) At any time after the occurrence of any Event of Default, whether or not the license under this Agreement has been terminated, reenter and repossess the Premises and any part of it with or without process of law, so long as no undue force is used, and the City has the option, but not the obligation, tore-license all or any part of the Premises. The City, however, is not required to accept any licensee proposed by Licensee or to observe any instruction given the City about such a re-license. The failure of the City to re-license the Premises or any part or parts of it does not release or affect Licensee's liability under this Agreement nor is the City liable for failure to re-license. Reentry or taking possession of the Premises does not constitute an election on the City's part to terminate this Agreement unless a written notice of the election by the Commissioner is given to Licensee.

Even if the City re-licenses without termination, the Commissioner may at any time after that elect to terminate this Agreement for any previous breach and default. For the purpose of re-licensing, the Commissioner may decorate or make repairs, changes, alterations or additions in or to the Premises to the extent deemed by the Commissioner to be desirable or convenient, and the cost of the decoration, repairs, changes, alterations or additions will be charged to and payable by Licensee as Additional Fees under this Agreement. Any sums collected by the City from any new licensee obtained on account of Licensee will be credited against the balance of the Fees due under this Agreement. Licensee must pay the City monthly, on the days when payments of Fees would have been payable under this Agreement, the amount due under this Agreement less the amount obtained by the City from the new licensee, if any.

Licensee, for itself and on behalf of any and all persons claiming through or under it (including creditors of all kinds), waives and surrenders all right and privilege that they or any of them might have under or by reason of any present or future law, to redeem the Premises or to have a continuance of this Agreement for the Term; as it may have been extended, after having been dispossessed or ejected by process of law or under the terms of this Agreement or after the termination of this Agreement as provided in this Agreement.

(iv) To exercise the remedy of self-help and to enter upon the Premises, distrain upon and remove from it all inventory, equipment, machinery, trade fixtures and personal property of any kind or nature, whether owned by Licensee or by others, and to proceed without judicial decree, writ of execution or assistance or involvement of constables or the City's and Licensee's officers, to conduct a private sale, by auction or sealed bid without restriction. Licensee waives the benefit of all laws, whether now in force or later enacted, exempting any of Licensee's property on the Premises or elsewhere from distraint, levy or sale in any legal proceedings taken by the City to enforce any rights under this Agreement.

(v) To seek and obtain specific performance, a temporary restraining order or an injunction, or any other appropriate equitable remedy.

(vi) To seek and obtain money damages, including special, exemplary, incidental and consequential damages.

(vii) To deem Licensee non-responsible in future contracts or concessions to be awarded by the City.

(viii) To accept the assignment of any and all Subcontracts, and to require Licensee to terminate a Subcontractor that is causing breaches of this Agreement.

(ix) To declare Licensee to be in default under any other contract or agreement between the City and Licensee or an Affiliate of Licensee and to exercise any and all remedies available to the City under them.

(b) All rights and remedies of the City under this Agreement are separate and cumulative and none excludes any other right or remedy of the City set forth in this Agreement or allowed by law or in equity. No termination of this Agreement or the taking or recovery of the Premises deprives the City of any of its remedies against Licensee for Fees, Additional Fees or other amounts due or for damages for the Licensee's breach of this Agreement. Every right and remedy of the City under this Agreement survives the expiration of the Term or the termination of this Agreement.

(c) The City's waiver of any one right or remedy provided the City in this Agreement does not constitute a waiver of any other right or remedy then or later available to the City under this Agreement or otherwise. A failure by the City or the Commissioner to take any action with respect to any default or violation of any of the terms, covenants or conditions of this Agreement will not in any respect limit, prejudice, diminish or constitute a waiver of any rights of the City to act with respect to any prior, contemporaneous or later violation or default or with respect to any continuation or repetition of the original violation or default. The acceptance by the City of payment for any period or periods after a default or violation of any of the terms, conditions and covenants of this Agreement does not constitute a waiver or diminution of, nor create any limitation upon any right of the City under this Agreement to terminate this Agreement for subsequent violation or default, or for continuation or repetition of the original violation or default. Licensee has no claim of any kind against the City by reason of the City's exercise of any of its rights as set forth in this Agreement or by reason of any act incidental or related to the exercise of rights.

(d) Neither this Agreement nor any rights or privileges under this Agreement are an asset of Licensee or any third party claiming by or through Licensee or otherwise, in any bankruptcy, insolvency or reorganization proceeding.

Section 10.3 - **Other Provisions.**

(a) If City exercises the remedies provided for in Section 10.2(a) above, Licensee shall surrender possession and vacate the Premises or appropriate portion thereof immediately and deliver possession thereof to City, and Licensee hereby grants to City full and free license to enter into and upon the Premises in such event and take complete and peaceful possession of the Premises, with or without process of law, to expel or remove Licensee and any other occupants and to remove any and all property therefrom without being deemed in any manner guilty of trespass, eviction, forcible entry and detainer, or conversion of property and without relinquishing City's right to any fees or any other right given to City hereunder or by operation of law.

(b) All property removed from the Premises by City pursuant to any provisions of this License or by law may be handled, removed or stored in a commercial warehouse or otherwise by the City at the risk, cost and expense of Licensee, and City shall in no event be responsible for the value, preservation or safekeeping thereof. Licensee shall pay City, upon demand, any and all expenses incurred by City in such removal and storage charges against such property so long as the same shall be in City's possession or under City's control. All property not removed from the Premises or retaken from storage by Licensee within forty-five (45) days after the end of the Term, however terminated, shall, if the City so elects, be conclusively deemed to have been forever abandoned by Licensee.

(c) Licensee shall pay all of City's costs, charges and expenses, including court costs and attorneys' fees, incurred in enforcing Licensee's obligations under this License.

(d) No waiver by City of default of any of the terms, covenants or conditions hereof to be performed, kept and observed by Licensee shall be construed to be or act as a waiver of any subsequent default of any of such terms, covenants and conditions. No failure by City to timely bill Licensee for any rentals, fees or charges of any kind shall in any way affect or diminish Licensee's obligation to pay said amounts. The acceptance of Fees, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Licensee, or the giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts except an express written waiver, shall not be construed as a waiver of any right hereby given City, or as an election not to proceed under the provisions of this License. The rights and remedies hereunder are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

ARTICLE 11

SPECIAL RIGHTS OF LICENSEE AND THE CITY

Section 11.1 - Termination by Licensee. Licensee may terminate this License and all of its obligations hereunder, so long as there are no other restrictions on Licensee's ability to terminate

this License contained in any other document or instrument related to the Premises or the operation thereof, upon or within ten (10) days after the happening and during the continuance of any one of the following events (none of which, however, shall result in any liability to the City or provide Licensee with any remedy other than an option to terminate as set forth herein):

(a) The issuance by any court of competent jurisdiction of an injunction in any way preventing or restraining the use of the Airports or any part thereof so as to prevent Licensee's conduct of its business at the Airports and the remaining in force of such injunction, not stayed by way of appeal or otherwise, for a period of at least six (6) months; or

(b) The substantial restriction of City's operation of the Airports by action of any governmental agency or department and continuance thereof for a period of not less than six (6) months, provided such restriction materially adversely affects all of Licensee's operations at the Airports.

Any termination by Licensee pursuant to this Section 11.1 shall not occur unless the Licensee notifies the City of its election to terminate at least thirty (30) days prior to such termination together with a statement of the grounds for termination. If Licensee does not give such notice during the period that any of the above events is occurring, then Licensee's right to terminate this License as provided in this Article 11 shall not be available to Licensee until another happening of any one of said events.

Section 11.2- **City's Reserved Rights.** All rights not expressly granted to Licensee herein are reserved by the City, including, without limitation, the rights set forth below, each of which the City may exercise with notice to Licensee and without liability to Licensee for damage or injury to property, person or business on account of exercising them; the City's exercise of any such rights is not deemed to constitute a breach of this Agreement or a disturbance of Licensee's use or possession of or license to the Premises; the City's exercise does not give rise to any claim, including for set-off or abatement of Fees; and the City's exercise also does not relieve Licensee of any obligation to pay all Fees when due. The rights include the right:

(a) to, at any time after notice to Licensee, adjust the frequency and curbside dwell time of Licensee's vehicles, and to regulate the number and type of vehicles in operation to further the efficient utilization of the Airports' facilities;

(b) to exhibit the Premises at reasonable hours for inspection or providing of services or for other reasonable purposes, upon the giving of reasonable notice, and to decorate, remodel, repair, alter or otherwise prepare the Premises for re-occupancy at any time after Licensee vacates or abandons the Premises;

(c) to maintain, replace, repair, alter, construct or reconstruct existing and future utility, mechanical, electrical and other systems or portions thereof on the Airports, including without limitation, systems for the supply of heat, water, gas, fuel, electricity, and for the furnishing of sprinkler, sewerage, drainage, and telephone service, including all related lines, pipes, mains, wires, conduits and equipment;

(d) To install, affix and maintain any and all signs on the exterior and on the interior of the terminals at the Airports;

(e) To decorate or to make repairs, inspections, alterations, additions, or improvements, whether structural or otherwise, in and about the terminals at the Airports, or any part of them, and for such purposes to enter upon the Premises, and during the continuance of any of the work, to temporarily close doors, entryways, public space and corridors in the terminals at the Airports, and to interrupt or temporarily suspend services or use of facilities, all without affecting any of Licensee's obligations under this Agreement, so long as the Premises are reasonably accessible and usable;

(t) To require Licensee to furnish the City door keys for the entry doors of the Premises, where applicable, and to retain them at all times, and to use in appropriate instances, keys, including master keys and passkeys, to all doors within and into the Premises, but the keys must at all times be kept under adequate and appropriate security by the Commissioner. Licensee must purchase only from the City additional duplicate keys as required, may not change locks, and may not affix locks on doors without the prior written consent of the Commissioner. Notwithstanding the provisions for the City's access to the Premises, Licensee releases the City from all responsibility arising out of theft, robbery, pilferage and personal assault unless the same results from the City's gross negligence or willful misconduct. Upon the expiration of the Term of this Agreement or Licensee's right to possession of the Premises, Licensee must return all keys to the Commissioner and must disclose to the Commissioner the combination of any safes, cabinets or vaults left in the Premises;

(g) To approve the weight, size and location of safes, vaults and other heavy equipment and articles in and about the Premises and the terminals at the Airports so as not to exceed the legal load per square foot designated by the structural engineers for the Airports, and to require all such items and furniture and similar items to be moved into or out of the terminals at the Airports and the Premises only at the times and in the manner as the Commissioner directs in writing. Licensee must not install or operate machinery or any mechanical devices of a nature not directly related to Licensee's ordinary use of the Premises without the prior written consent of the Commissioner. Movements of Licensee' property into or out the terminals at the Airports or the Premises and within the terminals at the Airports are entirely at the risk and responsibility of Licensee, and the Commissioner reserves the right to require permits before allowing any property to be moved into or out of the terminals at the Airports or the Premises;

(h) To establish controls for the purpose of regulating all property and packages, both personal and otherwise, to be moved into or out of the terminals at the Airports and the Premises;

(i) To regulate delivery and service of supplies and the usage of the apron area, loading docks, receiving areas and freight elevators and to designate the times within which, and the locations at which, deliveries may be made to or by Licensee;

(j) To show the Premises to prospective licensees and sublicensees at reasonable times and, if vacated or abandoned, to prepare the Premises for re-occupancy;

(k) To erect, use and maintain pipes, ducts, wiring and conduits, and appurtenances to them, in and through the Premises at reasonable locations;

(l) To enter the Premises for the purpose of periodic inspection for fire protection, maintenance and compliance with the terms of this Agreement and to exercise any rights granted to it in this Agreement; except in the case of emergency, however, the right must be exercised upon reasonable prior notice to Licensee and with an opportunity for Licensee to have an employee or agent present;

(m) To grant to any person the right to conduct any business or render any service in or to the terminals at the Airports or the Airports.

(n) To promulgate from time to time rules and regulations regarding the operations at the Airports; and

(o) If Licensee is required to perform any sprinkler work, City reserves the right to perform the Work and charge the Licensee for the cost of the sprinkler work and specify charges as Additional Fees under the Agreement or to approve Licensee's proposed sprinkler contractor, at the City's sole option.

(p) to exercise such other rights as may be granted the City elsewhere in this License.

All such rights in this Section 11.2 shall be exercisable without notice (except as expressly provided in this Section) and without liability to Licensee for damage or injury to property, person or business, and without giving rise to any claim for setoff or abatement of Fees or affecting any of Licensee's obligations under this License. Notices under this Section 11.2 may be given verbally in an emergency or where entry does not materially affect Licensee's use and occupancy. Reasonable notice shall in no event require more than twenty-four (24) hours' notice.

Section 11.3 - **Additional Services.**

The Commissioner reserves the right to require the Licensee to maintain Premises and provide services at other terminals that may be constructed at O'Hare and Midway under the same terms and conditions of this Agreement. On the date the Licensee receives the new Premises the Base Fee shall be increased accordingly and Exhibit A revised to reflect such additional Premises pursuant to an amendment to this Agreement; the Minimum Guarantee Fee shall not be affected by such additions.

Section 11.4 - **City's Right to Perform Licensee's Obligation**. If Licensee shall fail to maintain any insurance required to be paid by it under the terms hereof, or in an emergency situation or upon occurrence of an Event of Default, the City may (but shall not be obligated so to do), and without waiving or releasing Licensee from any obligation of Licensee hereunder, make any

payment or perform any other act which Licensee is obligated to make or perform under this License in such manner and to such extent as the City may deem desirable; and in so doing the City shall also have the right to enter upon the Premises for any purpose reasonably necessary in connection therewith and to pay or incur any other necessary and incidental costs and expenses, including reasonable attorneys' fees. All sums so paid and all liabilities so incurred by the City, together with interest thereon at the Default Rate shall be deemed Additional Fees hereunder and shall be payable to the City upon demand as Additional Fees. The performance of any such obligation by the City shall not constitute a waiver of Licensee's default in failing to perform the same. Inaction of the City shall never be considered as a waiver of any right accruing to it pursuant to this License. The City shall not in any event be liable for inconvenience, annoyance, disturbance, loss of business or other damage of Licensee or any other occupant of the Premises or any part thereof, by reason of exercise of its rights under this Section 11.4.

Section 11.5 **Confidentiality.** (a) Unless expressly agreed otherwise by the Commissioner in writing, all Deliverables, data, findings or information in any form prepared by or provided to Licensee in connection with this Agreement (collectively, **"Project Data")** are property of the City and are confidential. Licensee agrees that, except as specifically authorized by the Commissioner in writing or as may be required by law, Project Data will be made available only to the Commissioner, his designees, and, on a need-to-know basis, Licensee's employees and Subcontractors. Licensee acknowledges that Project Data may contain information vital to the security of the airport. If Licensee fails to comply with this section, Licensee is liable for the reasonable costs of actions taken by the City, the airlines, the FAA, or the TSA, that the applicable entity, in its sole discretion, determines to be necessary as a result, including without limitation the design and construction of improvements, procurement and installation of security devices, and posting of guards.

(b) Except as authorized in writing by the Commissioner, Licensee must not issue any publicity news releases or grant press interviews, and except as may be required by law during or after the performance of this Agreement, disseminate any information regarding its Services or the project to which the Services pertain.

(c) If Licensee is presented with a subpoena or a request by an administrative agency regarding any Project Data which may be in Licensee's possession by reason of this Agreement, Licensee must immediately give notice to the Commissioner and the Corporation Counsel for the City with the understanding that the City will have the opportunity to contest such process by any means available to it before any Project Data are submitted to the court, administrative agency, or other third party. Licensee, however, is not obligated to withhold the delivery beyond the time ordered by the court or administrative agency, unless the subpoena or request is quashed or the time to produce is otherwise extended.

ARTICLE 12

CONDEMNATION

Section 12.1 - **Condemnation.** If the whole or any part of any terminal, the Airports or the Premises shall be taken by any competent authority right of eminent domain, Licensee shall not be

entitled to any part of any award that may be made for such taking nor to any damages and shall assign any award which it receives to the City. In the event of a partial taking of the Premises, the Base Fee shall be reduced as of the date of such taking based on the portions of the Base Fee attributable to the space taken. If any eminent domain proceeding shall be instituted in which it is sought to take any part of the Airports, the taking of which would, in the good faith judgment of the City or Licensee, render it impractical or undesirable to conduct ground transportation operations for the intended purposes, the City and Licensee shall each have the right to terminate this License upon not less than ninety (90) days' written notice to the other prior to the date of termination designated in said notice. In the event of termination of this License pursuant to either of the preceding sentences, the Fee accrued to the termination date shall be payable to the date of termination.

Section 12.2- **Eminent Domain.** Nothing in this License or the existence of this License shall be construed to restrict or in any way interfere with the exercise of eminent domain by the City of Chicago.

ARTICLE 13

SUBCONTRACTS AND ASSIGNMENT

Section 13.1 -**Subcontracts and Assignments.**

(a) The City expressly reserves the right to assign or otherwise transfer all or any part of its interest under this Agreement, at any time and to any third party. Upon assignment to any successor or assignee of the City's right, title and interest in and to the Airports, the City is forever relieved, from and after the date of the assignment, of any and all obligations arising under or out of this Agreement, to the extent the obligations are assumed by the successor or assignee.

(b) Limits on Licensee's subcontracting and assignment:

(i) Licensee may not sell, assign, convey, pledge, encumber or otherwise transfer (individually and collectively, **"Transfer"**) all or any part of its rights or interests in or to this Agreement, the Premises, the Term, or otherwise permit any third party to use the Premises, without prior consent by the City Council, which consent may be given or denied in the City Council's sole and absolute discretion. Consent by the City Council does not relieve Licensee from obtaining further consent from the City Council for any subsequent Transfer.

(ii) Except as provided in Section 13.1(b)(iii), any transaction involving a change of any ownership interest in Licensee (or if Licensee is a joint venture, any of the entities comprising Licensee), whether to an Affiliate, subsidiary or otherwise, or the transfer of an interest in any holder of a direct or indirect ownership interest in Licensee, or any merger or consolidation of Licensee (individually and collectively, **"Change in Ownership"**), is subject to the consent of: (a) City Council if the Change in Ownership involves a 100% Change in Ownership of Licensee (or if

Licensee is a joint venture, any of the entities comprising Licensee), or (b) the Commissioner if the Change in Ownership involves less than a 100% Change in Ownership of Licensee (or if Licensee is a joint venture, any of the entities comprising Licensee), in the sole discretion of the City Council or the Commissioner, as applicable. Consent by the City to any such Change in Ownership does not relieve Licensee from obtaining further consent from the City for any subsequent Change in Ownership of any nature.

(iii) A Change in Ownership involving the Transfer of an ownership interest in the Licensee from one or more of the individuals identified in Part I. of the attached Disclosure Affidavit as having an ownership interest in the Licensee to either:

(A) one or more of the individuals identified in Part I. of the attached Disclosure Affidavit as having an ownership interest in the Licensee or

(B) an individual who is not prohibited from having an interest in a City contract and who would otherwise receive an ownership interest in the Licensee pursuant to a court order relating to the death, disability or change in marital status of an individual identified in Part I. of the attached Disclosure Affidavit as having an ownership interest in the Licensee,

will be deemed to have been approved by the Commissioner if that proposed Transfer is not disapproved within 60 days of the Commissioner's receiving notice from Licensee of such proposed Transfer.

(iv) Any Transfer or Change in Ownership made without the City's prior consent is an Event of Default subject to all remedies, including termination of this Agreement at the City's option, and does not relieve Licensee of any of its obligations under this Agreement for the balance of the Term. This section applies to prohibit a Transfer, such as an assignment by a receiver or trustee in any federal or state bankruptcy, insolvency or other proceedings or by operation of law. Under no circumstances will any failure by the Commissioner to act on or submit any request by Licensee or to take any other action as provided in this Agreement be deemed or construed to constitute consent to the Licensee's request by the Commissioner or by the City Council.

(v) Notwithstanding any permitted Transfer by Licensee of any rights under this Agreement, Licensee remains fully liable for all payments due to the City under this Agreement and for the performance of all other obligations under this Agreement. In the event of a permitted Transfer of all or any portion of the Premises or assignment of all or any portion of the Term, where the fees reserved in the sublicense or assignment exceed the Fees or pro rata portion of the Fees, as the case may be, for the Premises, Licensee must pay the City monthly, as Additional Fees, at the same time as the monthly installments of other Fees under this Agreement that are payable in monthly installments, the excess of the fees reserved in the sublicense

or assigmnent over the Fees reserved in this Agreement applicable to the sublicensed or assigned space.

(vi) Any or all of the requests by Licensee for consents under this Section 13.1 must be made in writing and provided to the Commissioner (a) at least 60 days prior to the proposed Transfer or Change in Ownership if the Commissioner's consent is required; and (b) at least 120 days prior to a proposed Transfer or Change in Ownership if the City Council's consent is required, unless the City determines that more time is required. All requests for consent must include copies of the proposed documents of Transfer or Change in Ownership, evidence of the financial condition, reputation and business experience of the proposed transferee, and such other documents as the City may reasonably require to evaluate the proposed Transfer or Change in Ownership. All documents of Transfer or Change in Ownership must completely disclose any and all monetary considerations paid to Licensee in connection with the Transfer or Change in Ownership. Consent to a Transfer or Change in Ownership proposed under this Agreement is in the sole and absolute discretion of the City and, as a condition of the consent, the City may require a written acknowledgment from Licensee that, notwithstanding the proposed Transfer or Change in Ownership, Licensee remains fully and completely liable for all obligations of Licensee under this Agreement.

(vii) If any Transfer or Change in Ownership under this Agreement occurs, whether or not prohibited by this section, the Commissioner may collect the compensation due under this Agreement from any transferee of Licensee and in that event will apply the net amount collected to the amounts payable by Licensee under this Agreement without, by doing so, releasing Licensee from this Agreement or any of its obligations under this Agreement. If any Transfer or Change in Ownership occurs without the consent of the City and the City collects compensation from any transferee of Licensee and applies the net amount collected in the manner described in the preceding sentence, the actions by the City are not deemed to be waiver of the covenant contained in this section and do not constitute acceptance of the transferee by the City.

(viii) All reasonable costs and expenses incurred by the City in connection with any prohibited or permitted Transfer or Change in Ownership must be borne by Licensee and are payable to the City as Additional Fees.

(c) The provisions of this Agreement, to the extent applicable, are deemed a part of any contract between Licensee and a Subcontractor.

(d) Licensee assigns to the City all of Licensee's right, title and interest in and to each and every sublicense, and each and every Subcontract with a Subcontractor, now or later executed by Licensee in connection with the Premises or any part of it, provided such assignments will only become effective upon notice from the City to Licensee and its sublicensees and Subcontractors. The preceding sentence does not apply to Subcontracts and sublicenses relating to the operation of vehicles. In connection with the assignment, Licensee

must deliver all originally executed sublicenses and Subcontracts to the Commissioner. If so requested by the Commissioner, Licensee must execute UCC financing statements or a separate, recordable instrument of assignment for the purpose of perfecting or confirming the assignment and the security interest created under it. Any such assignment will become operative and effective only:

(1) when and if the City accepts the assignment by giving written notice to Licensee; and

(2) either this Agreement and the Term of this Agreement or Licensee's right to possession under this Agreement are terminated under the terms and conditions of this Agreement; or

(3) in the event of the issuance and execution of a dispossess warrant or of any other re-entry or repossession by the City under the provisions of this Agreement; or

(4) if an Event of Default exists.

(e) At the time, if any, that the assignment becomes effective as provided above, the sublicensees or Subcontractors will be deemed to have waived all claims, suits, and causes of action against the City arising out of or relating to the period before the effective date of the assignment. Further, in no instance will the City be responsible for any claims by a Sublicensee or Subcontractor arising from or related to any fraud, misrepresentation, negligence or willful or intentionally tortious conduct by Licensee, its officials, employees, or agents.

Section 13.2 - Excess Payment. If pursuant to Section 13.1(b) above Licensee shall assign this License to another party, notwithstanding City's consent, for compensation in excess of the Base Fee or pro rata portion thereof due and payable by Licensee under this License, then Licensee shall pay to City as Additional Fees (i) in the case of an assignment or other transfer, one-half of any such excess fees or other monetary consideration immediately upon receipt thereof, or (ii) in the case of a sublicense, (a) on the first day of each month during the term of any sublicense, one-half of the excess of all fees and other consideration due from the sublicensee for such month over the Base Fee then payable to City pursuant to this License for said month, and (b) immediately upon receipt thereof, one-half of any other consideration realized by Licensee from such subletting, it being agreed, however, that City shall not be responsible for any deficiency if Licensee shall transfer, assign or sublicense for compensation less than that provided herein.

ARTICLE 14

HAZARDOUS SUBSTANCES

The invalidity of any one or more phrases, sentences, clauses, or sections contained in this License shall not affect the remaining portions of this License or any part thereof.

The City may contest such process by any means available to it before such records or documents are submitted to a court or other third party, provided; however, that Licensee shall not be obligated to withhold such delivery beyond that time as may be ordered by the court or administrative agency, unless the subpoena or request is quashed or the time to produce is otherwise extended.

Section 15.8- No Partnership, Joint Venture or Third Party Benefit. By entering into this License, City shall in no way be deemed a partner or joint venturer with Licensee, nor shall any term or provision hereof be construed in any way to grant, convey or create any rights or interests to any person or entity not a party to this License.

CHA represents that it understands and will abide by all provisions of Chapters 2-56 and 2-55 of the City Municipal Code and that it will inform subcontractors of this provision and require their compliance.

It is the duty of CPD to cooperate with the CHA Inspector General in any investigation or hearing undertaken by the CHA Inspector General.

7.24 **Shakman/City Hiring Plan** .

(a) The City is subject to the June 24, 2011 "**City of Chicago Hiring Plan**" (the "**City Hiring Plan**") entered in Shakman v. Democratic Organization of Cook County, Case No 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(b) CHA is aware that City policy prohibits City employees from directing any individual to apply for a position with the CHA, either as an employee or as a subcontractor, and from directing the CHA to hire an individual as an employee or as a subcontractor. Accordingly, the CHA must follow its own hiring and contracting procedures, without being influenced by City employees. Any and all personnel provided by the CHA under this Agreement are employees or subcontractors of the CHA, not employees of the City of Chicago. This Agreement is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by CHA.

(c) The CHA will not condition, base, or knowingly prejudice or affect any term or aspect of the employment of any personnel provided under this Agreement, or offer employment to any individual to provide services under this Agreement, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Agreement, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(d) In the event of any communication to the CHA by a City employee or City official in violation of paragraph (b) above, or advocating a violation of paragraph (c) above, the CHA will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General ("**IGO Hiring Oversight**"), and also to the Superintendent of Police. The CHA will also cooperate with any inquiries by IGO Hiring Oversight related to this Agreement.

7.25 **FOIA and Local Records Act Compliance.**

(a) FOIA. The CHA acknowledges that the City is subject to the Illinois Freedom of Information Act, 5 ILCS 140/1 et. seq., as amended ("**FOIA**"). The FOIA requires the City to produce records (very broadly defined in the FOIA) in response to a FOIA request in a very short period of time, unless the records requested are exempt under the FOIA. If the CHA receives a request from the City to produce records within the scope of FOIA, that would be otherwise required under this Agreement then the CHA covenants to comply with such request within two (2) Business Days of the date of such request. Failure by the CHA to timely comply with such request will be a breach of this Agreement.

(b) Exempt Information. Documents that the CHA submits to the City under this Agreement or otherwise during the Term of the Agreement that contain trade secrets and commercial or financial information may be exempt if disclosure would result in competitive harm. However, for documents submitted by the CHA to be treated as a trade secret or information that would cause competitive harm, FOIA requires that the CHA mark any such documents as "proprietary, privileged or confidential." If the CHA marks a document as "proprietary, privileged and confidential", then the City will evaluate whether such document may be withheld under the FOIA. The City, in its discretion, will determine whether a document will be exempted from disclosure, and that determination is subject to review by the Illinois Attorney General's Office and/or the courts.

(c) Local Records Act. The CFIA acknowledges that the City is subject to the Local Records Act, 50 ILCS 205/1 et. seq, as amended (the "Local Records Act"). The Local Records Act provides that public records may only be disposed of as provided in the Local Records Act. If requested by the City, the CHA covenants to use its best efforts consistently applied to assist the City in its compliance with the Local Records Act concerning records arising under or in connection with this Agreement and the transactions contemplated in the Agreement.

IN WITNESS WHEREOF, the CHA and the City, acting through the CPD have executed this Agreement as of the date first written above.

Subsequent data from other Defendant 'initial point of contact' events will be included with these exchanges by the other judiciary partners; OCJ/Adult Probation's Pre-Trial Services system, CCSO's Cook County Offender Management System (CCOMS) jail management system, Public Defender's case management system (e-Defender) (an addendum for e-Defender will be included at a date to be determined after the launch of the new case management system), and a public-facing website to be developed by the Bureau of Technology (BOT). The system will be supported by the ESB, which will retrieve the court event and contact information, and synthesize it into reminders for Defendants, which will be fed to the County's Interactive Voice Response (IVR) System for message delivery. Reminders will correlate to the assigned court docket number rather than individual Defendants (i.e., court reminder phone and text messages will be assigned per case number). An individual with multiple cases who registers through the online portal will register for those cases for which he/she wishes to have reminders. **The system is not critical/essential to the operations of the partner agencies. It is a service to be provided to Defendants that may result in cost savings to Cook County.**

2. Business Process Descriptions.

Process Flow Step	Narrative illustration of the steps applied within the court reminder cross-agency process flow.
Step #1	A person has been arrested and detained by an officer at the LEA police district. The officer begins to process the Defendant to determine bond, if applicable.
Step #2	The officer has completed the Defendant's file and is ready to receive a determination on bond, either an I-Bond from the police station or kept in custody for a judicial bond hearing. All available core identifiers have been established and the Defendant's file is ready for CLEAR.
Step #3	The Defendant's file has been loaded into the Chicago Police Department's (CPD) I-Clear system.
Step #4	Data elements of the Defendant's file are transported to the court reminder's database via ESB with appended elements (i.e. Defendant disclosures for those I-Bonded, court call date and time, court location).

Step #5	The copy of the Defendant's file is fed directly to the Cook County Clerk of the Court containing core identifiers. (Note: Defendant files are fed directly to the Court Clerk's KRIM system 3 times per day.)
Step #6	Data elements of the Defendant's file are transported to the court reminder's database via ESB with appended elements (i.e. court docket number, court call date and time, court location).
Step #7	Defendant data files are loaded into the Court Reminder IVR system and are married to the Defendant's court call information along with the correct automated call scripts.
Step #8	After the Defendant has posted bond from either Central Bond Court or the local LEA police district, they receive their first court reminder phone call within [x] days.
Step #9	The step includes a verification that the Defendant was contacted and understood the message played for the court reminder. The step also includes receipt and categorization of the results of the outbound court reminder phone calls.
Step #10	The call results containing the Defendant's acceptance and acknowledgment are captured and stored for delivery on court reminder status/phone call reports.
Step #11	The call results are delivered to the ACRS Internal Web Portal for view of custom and user requested reports and analysis.
Step #12	The process has ended.

2. **Remedies.** Upon the occurrence of a Default, the non-breaching Party shall have the right, subject to the express limitations contained in this Agreement, to pursue any and all legal or equitable remedies it may have against the Defaulting Party including, without limitation, the right to seek injunctive relief to prevent the Defaulting Party from continuing to Default its obligations under this Agreement and the right to declare a termination of this Agreement.

If any provision of this Agreement or the application thereof to any person or circumstance shall be invalid or unenforceable to any extent, the remainder of this Agreement and the application of such provision to other persons or circumstances shall not be affected thereby and shall be enforced to the greatest extent permitted by law. Furthermore, if any provision of this Agreement or the application thereof to any person or circumstance shall be invalid or unenforceable to any extent in a particular jurisdiction, such provision shall remain valid and enforceable to the extent permitted in other jurisdictions.

6. Survival. The confidentiality provisions set forth in Section VII of this Agreement ("Data Conditions, Security, and Privacy") shall survive the termination of this Agreement.

On motion of Alderman Cárdenas, the said proposed resolution transmitted with the foregoing committee report was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Moreno, Hopkins, Dowell, King, Hairston, Sawyer, Mitchell, Harris, Beale, Sadlowski Garza, Thompson, Cárdenas, Quinn, Burke, Lopez, Foulkes, D. Moore, Curtis, O'Shea, Cochran, Brookins, Muñoz, Zalewski, Scott, Solis, Maldonado, Burnett, Ervin, Taliaferro, Reboyras, Santiago, Waguespack, Mell, Austin, Ramirez-Rosa, Villegas, Mitts, Sposato, Laurino, O'Connor, Napolitano, Reilly, Smith, Tunney, Arena, Cappleman, Pawar, Osterman, J. Moore, Silverstein -- 50.

Nays -- None.

Alderman Beale moved to reconsider the foregoing vote. The motion was lost.

The following is said resolution as adopted:

WHEREAS, In 1983, the Food and Drug Administration (FDA) implemented a blood donor policy that permanently prohibited donations by men who have had sex with men (MSM), even once, to prevent the spread of HIV; and

WHEREAS, The FDA partially lifted this ban in 2015, but still maintains a discriminatory prohibition against donations by men who have had sex with men within the last year, regardless of HIV status or individual risk; and

WHEREAS, This means, for example, that a married, monogamous gay man who is not HIV positive cannot donate blood unless he has been celibate for a year -- which is a de facto lifetime ban on blood donations for many MSM; and

WHEREAS, While certain racial and age groups make up a larger proportion of new HIV infections than MSM, these groups are not banned from donating blood unless they meet a much higher threshold of exposure risk criteria; and

WHEREAS, The one-year ban on sexual activity by MSM blood donors is the same as for people who are known to have increased risk, such as those who have had sex with someone who is HIV-positive or with a sex worker; and

WHEREAS, Blood testing technology has advanced significantly since 1983, and all blood donations are already tested for HIV; and

WHEREAS, Countries such as Argentina and Italy have updated their blood donation policies and deferral lengths based on individual risk for both men and women, regardless of sexual orientation; and

WHEREAS, There have been numerous instances of blood shortages, such as after the mass shooting at the Pulse nightclub in Orlando, yet the one-year deferral for MSM has remained in place; and

WHEREAS, This past summer, the donated blood supply in Chicago reached critically low levels, putting people in need of blood transfusions, surgery, transplants or other health issues at risk; and

WHEREAS, The City Council sponsored a blood drive on November 28 at City Hall in response to this blood shortage; and

WHEREAS, The restrictions on MSM blood donations perpetuates stigma and discrimination against MSM in particular and the LGBT community in general; and

WHEREAS, If the one-year deferral for MSM blood donations is lifted, an estimate from the Williams Institute suggests the donated blood supply in the United States could increase by 2 to 4 percent annually and potentially save the lives of hundreds of thousands of people; now, therefore,

Be It Resolved, That the City Council calls upon the FDA to remove its ban on blood donations by men who have had sex with men within the last year; and

Be It Further Resolved, That the City Council calls upon the FDA to base all bans on blood donations not on stigma but on an assessment of each individual's risk as measured by blood tests and recent exposure to diseases such as HIV that can be transmitted through blood.

WHEREAS, The City, through the foreclosure of demolition liens, tax sales and other methods of acquisition, has acquired title to numerous parcels of real property which are of minimal value and costly to clean up and maintain, and because title to such properties was vested in the City, the properties were exempted from real estate taxes, thus depriving the City of revenue; and

WHEREAS, Pursuant to an ordinance (the "Original Program Ordinance") adopted by the City Council of the City ("City Council") on March 6, 1981 and published on pages 5584 and 5585 of the *Journal of the Proceedings of the City Council of the City of Chicago* ("*Journal*") for such date, the City established a program for the disposition of certain vacant real property owned by the City known as the Adjacent Neighbors Land Acquisition Program; and

WHEREAS, The Original Program Ordinance was amended by ordinances adopted on July 23, 1982 and published in the *Journal* for such date at pages 11830 -- 11833, and on January 7, 1983 and published in the *Journal* for such date at pages 14803 -- 14805 (the Original Program Ordinance and such two amending ordinances, collectively, the "Original ANLAP Ordinances"); and

WHEREAS, Pursuant to an ordinance adopted by the City Council on September 14, 1994 and published in the *Journal* for such date at pages 56195 -- 56198, the City Council repealed the Original ANLAP Ordinances, and established a new program, also known as the Adjacent Neighbors Land Acquisition Program, for the disposition of certain vacant real property owned by the City, which ordinance was subsequently amended by ordinances adopted on September 4, 2002 and published in the *Journal* for such date at pages 92771 -- 92773, and on July 28, 2010 and published in the *Journal* for such date at pages 97370 -- 97374, and on June 25, 2014 and published in the *Journal* for such date at pages 83533 -- 83535 (such new program, as amended, the "ANLAP Program"); and

WHEREAS, Pursuant to the ANLAP Program: (i) if the property appraises at or for less than Ten Thousand and no/100 Dollars ($10,000.00) the minimum acceptable bid must be at least One Thousand and no/100 Dollars ($1,000.00); or (ii) if the property appraises at or for less than Twenty Thousand and no/100 Dollars ($20,000.00) but more than Ten Thousand and no/100 Dollars ($10,000.00) the minimum acceptable bid must be at least

WHEREAS, Pursuant to the ANLAP Program, an Adjacent Neighbor means a person who owns one parcel, or two or more contiguous parcels, of real property that is immediately adjacent to a city-owned parcel and at least one of the parcels is an improved parcel which the person occupies as his primary residence; and

WHEREAS, Pursuant to the ANLAP Program, any deed conveying a parcel pursuant thereto shall contain covenants which: (1) prohibit the grantee from conveying, assigning or otherwise transferring the parcel except in conjunction with the sale of the real estate on which grantee's primary residence is located; and (2) require that the parcel be improved with landscaped open space within six months of the conveyance of such parcel and prohibit the construction of any permanent improvements on the parcel, excluding only improvements made by the grantee on the parcel that constitute an integrated addition to the grantee's primary residence, or a garage appurtenant thereto; and (3) require the grantee to maintain the parcel in accordance with the provisions of the Municipal Code of Chicago. The covenants shall terminate 10 years after the date of the conveyance of the parcel to the grantee; and

WHEREAS, The Department of Planning and Development ("DPD") of the City desires to convey the vacant parcel of real property identified on Exhibit A to this ordinance (the "ANLAP Parcel") to Latrice Daughrity (the "Purchaser"), who has a principal residence of 6510 South Drexel Avenue, Chicago, Illinois 60637, which ANLAP Parcel is located in the Woodlawn Redevelopment Project Area ("Area") established pursuant to ordinances adopted by the City Council on January 20, 1999 and published in the *Journal* for such date at pages 87763 through 87861; and

Be It Ordained by the City Council of the City of Chicago:

RECITALS

WHEREAS, City is the owner of the real property located at 7800-7840 South Halsted Street, Chicago, Cook County, Illinois, which is improved with a building and parking lot that are utilized as the 6th District Police Station (the "**Police Station**"); and

WHEREAS, Licensee seeks access to a seventy (70) foot by twenty (20) foot strip of green space located at the south end of the Police Station building and on the north end of the Police Station parking lot (the "**Property**"), as depicted on Exhibit A attached hereto, to install a precipitation gauge and conduct monthly monitoring of the gauge (the "**Activity**"); and

WHEREAS, the location and scope of the Activity shall be limited to the locations upon and within the Property as they are described herein and no other access or activity shall be permitted without written City consent; and

WHEREAS, the City has agreed to grant such access upon the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **Incorporation of Recitals.** The foregoing recitals constitute an integral part of this Agreement and are incorporated herein by this reference with the same force and effect as if set forth herein as agreements of the parties.

2. **Grant.** Subject to the terms and conditions set forth herein, the City hereby grants to Licensee a right of entry to the Property for the sole purpose of allowing Licensee to perform the Activity. The right of entry granted hereunder extends to, and Licensee shall be responsible for, its agents, employees, contractors, subcontractors, consultants, invitees, guests, vendors, patrons and any other parties who enter the Property at Licensee's direction or with Licensee's consent (collectively, "**Agents**"). Licensee shall be responsible for ensuring that all Agents comply with Licensee's obligations under this Agreement, and non-compliance by any Agent shall be deemed to be non-compliance by Licensee. This right of entry is subject to all easements, encroachments, covenants, restrictions of record and not shown of record, and any other title encumbrances or defects affecting the Property. Licensee acknowledges that the City has not performed any title or survey work in connection with the negotiation and execution of

this Agreement and agrees that it is Licensee's sole responsibility and obligation to confirm that the Activity occurs solely within the portions of the Property permitted by this Agreement.

3. **Term.** The term of this Agreement ("**Term**") shall begin on the Effective Date, and shall terminate on December 31, 2029. Licensee acknowledges that the City requires legislative approval from the City Council of the City of Chicago ("**City Council**") for continuation of this agreement beyond the first one hundred eighty (180) days, and that the City may terminate this Agreement, pursuant to Section 13 of this Agreement, if City Council has not approved. Prior to entering the Property, Licensee shall provide proof of insurance as required by Section 8 of this Agreement, and copies of any necessary permits or approvals as required under Section 6 of this Agreement.

4. **Cost.** Licensee shall be responsible for all costs and expenses associated with the Activity without City reimbursement.

5. **Compliance with All Laws.** Licensee and its Agents shall comply at all times with any and all applicable municipal, county, state, federal or other statutes, laws (including common law), ordinances, codes, rules and regulations (collectively, "**Laws**"). Contract provisions that are required to be included in this Agreement by any such Laws shall be deemed included.

6. **Permits.** Prior to entering the Property, Licensee must secure, or cause its Agents to secure, at its sole cost and expense, all necessary permits and governmental approvals required to perform the Activity. Licensee understands that this Agreement shall not act as a substitute for any such permits or approvals that may be required. Licensee shall provide copies of all required permits and approvals to the City prior to entering the Property.

7. **Liability**. It is understood and agreed that neither party to this Agreement shall be legally liable for any negligence or wrongful act either of omission or commission chargeable to the other unless such liability is imposed by law and that this Agreement shall not be construed as seeking either to enlarge or diminish any obligation or duty owed by one party against the other or against third parties. Licensee shall be responsible for all loss or damage to business property (including but not limited to materials, equipment, tools and supplies), owned or rented, by Licensee.

This Section 7 shall survive the expiration or termination of this Agreement (regardless of the reason for such termination).

8. **Insurance.** Licensee shall secure insurance coverages for each of the insurance requirements as incorporated herein under this Section 8 or Licensee may self-insure for the same types and amounts.

8.1 Minimum Insurance Coverage. Licensee shall procure and maintain at all times, at Licensee's own expense, or cause to be maintained at the expense of service providers, as applicable, at all times during the Term, the insurance coverages and requirements specified below, insuring all operations related to the Agreement. The kind and amounts of insurance required are as follows:

(a) Worker's Compensation and Employer's Liability. Workers Compensation as prescribed by applicable law, covering all employees who are to provide a service under this Agreement, and Employer's Liability Insurance with limits of not less than $500,000 each accident, illness or disease.

(b) Commercial General Liability (Primary and Umbrella). Commercial General Liability Insurance or equivalent, with limits of not less than $5,000,000 per occurrence, for bodily injury, personal injury, and property damage liability. Coverage shall include the following: All premises and operations, products/completed operations, defense, separation of insureds, and contractual liability (not to include Endorsement CG 21 39 or equivalent).

The City of Chicago shall be named as a contracting party under the Licensee's self-insurance program for purposes of this Section 8.1(b) only. The contracting party coverage shall not have any language under the policy such as, but not limited to, Licensee's sole negligence or the contracting party's vicarious liability. Licensee's liability insurance shall be primary without right of contribution by any other insurance or self-insurance maintained by or available to the City.

(c) Automobile Liability Insurance (Primary and Umbrella). When any motor vehicles (owned, non-owned and hired) are used in connection with the Agreement, Licensee shall provide and maintain Automobile Liability Insurance with limits of not less than $2,000,000 per occurrence for bodily injury and property damage.

The Licensee is responsible for all loss or damage to City property at full replacement cost that results from the Activity.

City shall not be responsible for any loss or damage personal property (including, but not limited to materials, equipment, tools and supplies), owned, rented or used by Licensee.

8.2 Other Terms of Insurance. Licensee will furnish the City of Chicago, Department of Fleet and Facility Management, Office of Real Estate Management, 30 North LaSalle Street, Suite 300, Chicago, Illinois 60602, original Certificates of Insurance evidencing the required coverage to be in force on the date of this Agreement, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the Term. Licensee shall submit evidence of insurance prior to execution of the Agreement. The receipt of any certificate does not constitute agreement by City that the insurance requirements in this Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all requirements in the Agreement. The failure of the City to obtain certificates or other insurance evidence from Licensee shall not be deemed to be a waiver by the City. Non-conforming insurance shall not relieve Licensee of the obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Agreement and the City retains the right to terminate or suspend the Agreement until proper evidence of insurance is provided.

The Licensee shall provide for 30 days prior written notice to be given to the City in the event coverage is substantially changed, cancelled, or non-renewed.

Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by Licensee.

Licensee hereby agrees that its commercial general liability insurers, and/or its liability self-insurance program (excluding Worker's Compensation and Auto Liability), shall waive any right of subrogation which any insurer of Licensee may acquire against the City by virtue of the payment of any loss under the insurance. Upon request by City, Licensee agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the City has received a waiver of subrogation endorsement from the insurer(s).

Licensee expressly understands and agrees that any coverages and limits furnished by Licensee shall in no way limit the Licensee's liabilities and responsibilities specified in this Agreement or by law.

Licensee expressly understands and agrees that its general liability insurance is primary and any insurance or self-insurance programs maintained by the City shall not contribute with insurance provided by Licensee.

The required insurance coverages and limits to be carried shall not be reduced by any limitations expressed in this Agreement.

If Licensee maintains higher limits than the minimums shown above, the City shall be entitled to coverage for the higher limits maintained by Licensee. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City to the extent of City's loss.

The Licensee must require all contractors or subcontractors to provide the insurance required herein, or Licensee may provide the coverages for contractors or subcontractors. All contractors and subcontractors are subject to the same insurance requirements of Licensee unless otherwise specified in this Agreement. Licensee must ensure that the City is an additional insured on an Endorsement CG-2010 of the insurance required from contractors and subcontractors.

Notwithstanding any provision to the contrary, the City of Chicago, Department of Finance, Office of Risk Management, maintains the rights to modify, delete, alter or change these requirements at any time during the Term of Agreement, provided thirty (30) day advance notice has been provided to Licensee and this Agreement is modified as outlined under Article 16.

9. **Inspection and Work.** Licensee agrees to carefully inspect, or cause its Agents to carefully inspect, the Property prior to commencing any activities on the Property to ensure, as much as is reasonably possible, that such activities will not damage the Property or any

surrounding property, structures, utility lines, or subsurface lines or cables. Licensee and its Agents shall take all reasonable safety precautions to ensure that the Activity will not pose a danger to the public or have a negative impact on the neighboring community. Licensee and its Agents shall perform the Activity in a safe manner, and in accordance with all applicable Laws. Licensee and its Agents shall limit their activities to those reasonably necessary to perform the Activity. The City reserves the right to inspect the Activity throughout the Term. Neither Licensee nor its Agents shall conduct any activity on the Property that may in any manner injure the health, safety and welfare of the public, diminish the value of the Property, interfere with City operations, or violate any Laws, including, without limitation, any Environmental Laws (as hereinafter defined).

10. **Obligation to Restore the Property.** Upon completion of the Activity, Licensee shall promptly restore the Property to the same or better condition existing as of the Effective Date. Licensee shall remove all Personal Property, trash, wastes and debris placed on the Property by Licensee or its Agents. Licensee shall dispose of all trash, wastes and debris in accordance with all applicable Laws, including without limitation, all applicable Environmental Laws (as hereinafter defined). Any Personal Property, trash, wastes or debris left by Licensee on or about the Property shall be considered abandoned and may be disposed of in the City's sole discretion.

11. **No Liens.** Licensee shall not cause or permit any lien or encumbrance, whether created by act of Licensee or its Agents, operation of law or otherwise, to attach to or be placed upon the City's title or interest in the Property.

12. **No Representations or Warranties.** The City makes no warranties or representations, express or implied, of any kind, as to the structural, physical or environmental condition of the Property or the suitability of the Property for any purpose whatsoever. Licensee, on behalf of itself and its Agents, agrees to enter upon the Property in the Property's "as is," "where is" and "with all faults" condition and at the Licensee's own risk. Licensee, on behalf of itself and its Agents, acknowledges that it is relying solely upon its own inspection and other due diligence activities and not upon any information (including, without limitation, environmental studies or reports of any kind) provided by or on behalf of the City or any of the City Parties with respect thereto.

13. **Right to Terminate.** Notwithstanding anything to the contrary contained herein, either party may terminate this Agreement for any reason upon prior written notice of at least thirty (30) days to the other party. In addition, in the event of any breach of this Agreement by Licensee the City shall have the right to order Licensee to immediately cease all activities on the Property and to immediately vacate the Property until such breach is cured, or the City may immediately terminate this Agreement and pursue any and all remedies available at law or in equity. The City also reserves the right to terminate this Agreement at any time if Licensee's use of the Property interferes with the City's use of the Property or with any other municipal purpose or interest, as determined by the City in City's sole discretion. Notwithstanding the cause of termination under this section, the City shall allow Licensee sufficient time and access to remove any Personal Property and restore the Property as required under this Agreement.

14. **Hazardous Substances**. Licensee shall not use or store any Hazardous Substances (defined below) on the Property. Licensee shall promptly notify the City if Licensee discovers any Hazardous Substances on the Property. As used in this Agreement, the term "**Hazardous Substances**" shall mean any toxic substance, hazardous material, hazardous chemical or hazardous, toxic or dangerous waste defined or qualifying as such in (or for the purposes of) any Environmental Laws (as defined hereunder), or any pollutant, toxic vapor, or contaminant, and shall include, but not be limited to, polychlorinated biphenyls (PCBs), crude oil, any fraction thereof, or refined petroleum products such as oil, gasoline, or other petroleum-based fuels, lead paint, asbestos or asbestos-containing materials, urea formaldehyde, any radioactive material or by-product material, radon and mold. "**Environmental Laws**" shall mean any and all Laws, permits and other requirements or guidelines of governmental authorities applicable to the Property and relating to the regulation and protection of human health, safety, the environment, natural resources or to any Hazardous Substances, including without limitation, any Laws requiring the filing of reports and notices relating to Hazardous Substances.

15. **Amendment.** This Agreement may not be amended, extended or modified without the written consent of the parties hereto.

16. **Captions.** The section headings in this Agreement are inserted for convenience of reference only and shall not in any way affect the meaning or construction of the Agreement.

17. **Entire Agreement.** This Agreement embodies the entire agreement and understanding between the parties and supersedes any prior oral or written agreements with respect to the matters stated herein.

18. **Counterparts.** This Agreement may be executed in two or more counterparts, each of which shall be deemed an original instrument and all of which together shall constitute one and the same instrument. A facsimile, electronic, or photocopy signature shall have the same legal effect as an original signature.

19. **No Other Rights.** This Agreement does not give Licensee any other right with respect to the Property, including, but not limited to, closure of streets, use of equipment, sidewalks or other public thoroughfares. Any rights not specifically granted to Licensee by and through this Agreement are reserved exclusively to the City.

20. **No Further City Obligations.** The execution of this Agreement does not obligate the City or the City Parties to provide Licensee or Licensee's Agents with any other assistance.

21. **Security; Full Liability.** Licensee assumes all legal and financial responsibility and liability for any and all uses of the Property by Licensee or its Agents entering the Property during the Term or upon the expiration of the Term where Licensee continues to access the Property. Licensee shall be responsible for properly securing and safeguarding its Personal Property under this Agreement. Licensee acknowledges that the City has no security responsibilities with respect to Licensee's Personal Property under this Agreement. This Section 20 shall survive the expiration or earlier termination of this Agreement.

22. **No Principal/Agent or Partnership Relationship.** Nothing contained in this Agreement shall be deemed or construed by the parties hereto or by any third party as creating the relationship of principal and agent or of partnership or of joint venture between the parties hereto.

23. **Coordination and Oversight**. Licensee shall contact the Department of Fleet and Facility Management to coordinate access to the Property in order to undertake the Activity. Licensee acknowledges that any assistance or oversight provided by the City with respect to the Activity shall be provided at the City's sole and exclusive discretion and convenience.

24. **City Use Paramount**. Licensee shall refrain from undertaking any activities that interfere with the City's use of the Property as determined by the City in its sole discretion. Licensee acknowledges that the Property is an active police station and the City reserves the right to terminate Licensee's use of the Property as outlined under Article 13 in the event such use interferes with the City's use of the Property, public safety, or with any other municipal purpose or interest in the City's sole discretion.

28. **Severability**. If any provision of this Agreement is deemed to be unenforceable by any court of competent jurisdiction, it shall not affect the enforceability of any other provision.

29. **Governing Law; Consent to Jurisdiction**. This Agreement shall be governed and construed in accordance with the laws of the State of Illinois without reference to its conflicts of laws principles. Notwithstanding anything to the contrary contained in this Agreement, Licensee shall not be deemed to have waived the Licensee's sovereign immunity under the laws and Constitution of the State of Illinois for any purpose whatsoever, and Licensee hereby expressly reserves all rights and defenses afforded and available to it as a public body, corporate and politic, of the State.

30. **Licensee's Authority**. Licensee represents that it is duly organized, validly existing and qualified to do business in Illinois; that it has the right, power and authority to execute and deliver this Agreement and to perform its obligations hereunder; that the person signing this Agreement on behalf of Licensee has the authority to do so; and that this Agreement shall be binding upon and enforceable against Licensee in accordance with its terms.

31. **Access to Parking Lot**. When accessing the Property to undertake the Activity, Licensee shall have non-exclusive access to the Police Station parking lot on a first-come first-served basis. Such use of the parking lot shall be subject to all rules in place, or hereinafter in place, governing the access to the parking lot.

3.1.8.5 CITY'S USE OF DELIVERABLES AFTER COMPLETION OF PROJECT
As owner of the Deliverables and copyright subsisting therein, the City may reuse, reproduce or make derivative works from the Deliverables.

3.02 GUARANTEED MAXIMUM PRICE (GMP)

3.2.1 GMP
The Parties have established a GMP for the Project as detailed in Exhibit 7. The GMP is subject to modification as provided in Article 9. The Design-Builder does not guarantee any specific line item provided as part of the GMP, but agrees that it will be responsible for paying all costs of completing the Project that exceed the GMP, as adjusted in accordance with this Agreement.

3.2.2 BASIS OF GUARANTEED MAXIMUM PRICE
The Design-Builder has included with the GMP Proposal a written statement of its basis, which includes:
3.2.2.1 a list of the drawings and specifications, including all addenda, which were used in preparation of the GMP Proposal;
3.2.2.2 a list of allowances and a statement of their basis;
3.2.2.3 a list of the assumptions and clarifications made by the Design-Builder in the preparation of the GMP Proposal to supplement the information contained in the drawings and specifications;
3.2.2.4 the Date of Substantial Completion or the Date of Final Completion upon which the proposed GMP is based, and the Schedule of Work upon which the Date of Substantial Completion or the Date of Final Completion is based;
3.2.2.5 a schedule of applicable alternate prices;
3.2.2.6 a schedule of applicable unit prices;
3.2.2.7 the Design-Builder's Contingency as provided in Subparagraph 3.2.3;
3.2.2.8 a statement of any work to be self-performed by the Design-Builder; and
3.2.2.9 a statement identifying all patented or copyrighted materials, methods or systems selected by the Design-Builder and incorporated in the Project that are likely to require the payment of royalties or license fees.

3.2.3 CONTINGENCY ALLOWANCE
3.2.3.1 The GMP includes a Contingency allowance, mutually agreed upon and monitored by the Design-Builder and the City, to cover unforeseen costs that are necessary for the completion of the Project. Contingency expenditures of less than $50,000 per issue shall be at the sole discretion of Design-Builder. For circumstances requiring an expenditure of Contingency funds of $50,000 or more per issue, Design-Builder must obtain written approval from the City prior to expenditure. City approval may not be unreasonably withheld. The Design-Builder shall provide the City weekly reports itemizing and documenting all draws from the Project Contingency. Contingency funds shall not be used for anything that would be the basis for an increase in the GMP without prior written City approval.

3.2.3.2 CITY USE OF CONTINGENCY
At a mutually agreed upon construction schedule milestone, the Design-Builder and the City, may mutually agree that a portion of the remaining Contingency balance may be "borrowed" against, by the City, for City-directed additions to base Project scope ("Add-Alternate Work"). The intent is to maintain a running Contingency balance that is not less than 3% of the total Balance to Finish amount listed within the most recently approved progress payment application. Any Contingency funds in excess of 3% of latest Balance to Finish may be considered for Add-Alternate Work. The Design-Builder shall be entitled to two mark-ups to the cost of any City directed Add-Alternate Work; 10% for overhead and 5% for profit. All Contingency funded Add-Alternate Work will be authorized through an executed written Change Order that documents the scope and cost of the work but does not increase the GMP.
If at any time during the construction process, the total cost of all City-directed Add-Alternate Work exceeds the final remaining Contingency balance, the City will issue a Change Order that increases the GMP by the amount equal to unfunded balance owed. If the final remaining

Contingency balance is in excess of the total cost of all City-directed Add-Alternate Work, as part of the City's final payment, the Design-Builder shall be entitled to 50% of any remaining unused Contingency funds. The other 50% of remaining unused Contingency funds shall be credited to the City, which shall be documented as a reduction to the final GMP.

3.2.4 COST REPORTING

The Design-Builder shall keep such full and detailed accounts as are necessary for proper financial management under this Agreement. The Design-Builder shall maintain a complete set of all books and records prepared or used by the Design-Builder with respect to each portion of the Project, including all Subcontractor bidding documents and Design-Builder's bid analysis. The Design-Builder's records supporting its performance and billings under this Agreement shall be current, complete and accurate and maintained according to generally accepted accounting principles. The City shall be afforded reasonable access during normal business hours and as necessary to all the Design-Builder's records, books, correspondence, instructions, drawings, receipts, vouchers, memoranda and similar data relating to this Agreement. The Design-Builder shall present all such records for a period of seven years after the final payment or longer where required by law.

3.2.5 The Design-Builder acknowledges that it was afforded unrestricted access to the existing improvements and conditions on the Project sites and it has thoroughly investigated the conditions as well as thoroughly reviewed all relevant documentation provided by the City relating to the site conditions. The results of Design-Builder's investigation and review of existing documentation have been taken into account in establishing the Guaranteed Maximum Price. If Design-Builder encounters conditions at the Worksite that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, Design-Builder shall promptly provide notice to the City before conditions are disturbed and in no event later than 14 days after first observance of the conditions. If the conditions encountered are materially different, the Contract Time and GMP shall be equitably adjusted through a Change Order.

3.2.6 Before proceeding with the Construction Services, the Design-Builder shall review the drawings, specifications and other Construction Documents and notify the City of any errors, omissions or discrepancies in the documents of which it is aware. Design-Builder is responsible for discovering and correcting any error, omission, conflict, inconsistency or lack of clarity, in the Construction Documents prepared by Design-Builder or its Project Architect. Design-Builder shall be responsible for all costs, including the cost of redoing or remedying the Work and time delays, resulting from any error or omission in the Contract Documents.

3.03 CONSTRUCTION SERVICES

3.3.1 The Construction Services will commence upon the issuance by the City of a written notice to proceed with construction. The City shall not grant the Design-Builder a notice to proceed with construction until such time that a complete M/WBE Compliance Plan for the Project has been submitted to, and approved by, the City. All Construction Services shall be performed in accordance with the City's Standard Terms and Conditions for Construction,

attached as Exhibit 5 and incorporated by reference herein, unless otherwise superseded by the established Order of Precedence.

3.3.2 In order to complete the Work, the Design-Builder shall provide all necessary construction full-time supervision, inspection, construction equipment, labor, materials, tools and subcontracted items.

3.3.4 The Design-Builder shall obtain the building permits necessary for the construction of the Project. Project construction activities will be exempt from City of Chicago building permit and street closure fees; however, all Work must still abide by all City permitting processes and requirements. The City will furnish Design-Builder with appropriate fee waiver ordinance, upon request.

3.3.5 The Design-Builder shall provide periodic written reports to the City on the progress of the Work in such detail as is required by the City and as agreed to by the City and the Design-Builder.

3.3.6 The Design-Builder shall develop a system of cost reporting for the Work, including regular monitoring of actual costs for activities in progress and estimates for uncompleted tasks and proposed changes in the Work. The reports shall be inclusive of the Design Services and Third-Party Reimbursable costs incurred prior to award. Such reports must be presented to the City at mutually agreeable intervals.

3.3.7 The Design-Builder shall regularly remove and legally dispose debris and waste materials at the Worksite resulting from the Work. Prior to discontinuing Work in an area, the Design-Builder shall clean the area, keep the area safe, and remove all rubbish and its construction equipment, tools, machinery, waste and surplus materials. The Design-Builder shall minimize and confine dust and debris resulting from construction activities. At the completion of the Work, the Design-Builder shall remove from the Worksite all construction equipment, tools, surplus materials, and legally dispose of waste materials and debris.

3.3.8 The Design-Builder shall prepare and submit to the City final marked-up as-built drawings, any modelings, and updated electronic data in general documenting how the various elements of the Work including changes were actually constructed or installed.

3.04 CONSTRUCTION MEANS AND METHODS Design-Builder is solely responsible for the means, methods, techniques, sequences and procedures of construction within the parameters set forth by this Agreement. Nothing in this Section 3.4 shall be deemed to limit the Design-Builder's obligations to provide the City access to all Work as provided in other Sections of this Agreement, nor shall the City's observation of the Work be construed to relieve the Design-Builder of its obligation to correct Defective Work if defects are discovered after an observation.

3.05 SCHEDULE OF THE WORK The Design-Builder shall prepare and submit a Schedule of Work for the City's acceptance and written approval as to milestone dates, in conformance with Exhibit 6, within ten (10) days of receipt of the notice to proceed. This schedule shall indicate the dates for the start and completion of the various stages of the Work, including the dates when information and approvals are required from the City. The Schedule of Work may only be revised pursuant to Article 9 or via a Contract Modification as required by the conditions of the Work and subject to the written approval of the City. Procedures for Contract Modifications are in Book 1.

3.5.1 Baseline Schedule of Work. The baseline Schedule of Work shall be in the format of a critical path method precedence diagram (both bar chart and graphic network formats). The City will review the baseline Schedule of Work and provide comments regarding the logic, sequence, duration of work activities or level of detail of the number, description and/or division of work activities. The Design-Builder shall have ten (10) days from the receipt of the City's comments to revise and resubmit the baseline Schedule. Upon acceptance of the baseline Schedule, the Design-Builder shall commence to perform the Work in accordance with the accepted Schedule. The City's acceptance of the Schedule of Work shall in no way limit or otherwise attenuate the Design-Builder's complete responsibility and liability for the accuracy and reasonableness of the Schedule of Work. The City will have no obligation to process or issue any request for payment during the Construction Phase of the Work without an accepted Schedule of Work.

3.5.2 Progress Schedules. Each month during the term of this Agreement, the Design-Builder shall submit a Progress Schedule demonstrating the progress of the Work. A Progress Schedule must be submitted with each request for payment, and the data contained in the Progress Schedule must coincide with the information stated in the request for payment. Each Progress Schedule must accurately reflect the actual progress of the Work, as well as any revisions to the logic, sequence, durations of work activities or level of detail of the number, description or division of the Work activities. The City may refrain from processing a request for payment or issuing payment if the Design-Builder fails to provide an accurate Progress Schedule with the request for payment.

3.5.3 Changes to the Schedule of the Work. If a Progress Schedule indicates that the achievement of a contract milestone or completion of the Work is not within the parameters established by the baseline Schedule of Work, the Design-Builder must submit a recovery plan that will restore the parameters of the baseline Schedule within 48 hours. In the event that the Design-Builder believes that a change to the baseline Schedule of Work is required, the Design-Builder shall request such a change pursuant to the requirements of Article 9 of this Agreement.

3.06 SAFETY OF PERSONS AND PROPERTY

3.6.1 SAFETY PRECAUTIONS AND PROGRAMS The Design-Builder shall have overall responsibility for safety precautions and programs in the performance of the Work. While the provisions of this Paragraph establish the responsibility for safety between the City and the Design-Builder, they do not relieve Subcontractors of their responsibility for the safety of

persons or property in the performance of their work, nor for compliance with the provisions of applicable laws and regulations.

3.6.2 The Design-Builder shall seek to avoid injury, loss or damage to persons or property by taking reasonable steps to protect:

3.6.2.1 its employees and other persons at the Worksite, including City personnel and City consultants;

3.6.2.2 materials, supplies and equipment stored at the Worksite for use in performance of the Work; and

3.6.2.3 the Project and all property located at the Worksite and adjacent to work areas, whether or not said property or structures are part of the Project or involved in the Work.

3.6.3 DESIGN-BUILDER'S SAFETY REPRESENTATIVE The Design-Builder shall designate an individual at the Worksite in the employ of the Design-Builder who shall act as the Design-Builder's designated safety representative with a duty to prevent accidents. The Design-Builder will report immediately in writing all accidents and injuries occurring at the Worksite to the City. When the Design-Builder is required to file an accident report with a public authority, the Design-Builder shall furnish a copy of the report to the City.

3.6.4 The Design-Builder shall provide the City with copies of all notices required of the Design-Builder by law or regulation. The Design-Builder's safety program shall comply with the requirements of all governmental authorities having jurisdiction over the Work. The Design-Builder shall at all times keep a copy of the safety manual on site.

3.6.5 Damage or loss not insured under property insurance which may arise from the performance of the Work, to the extent of the negligence attributed to such acts or omissions of the Design-Builder, or anyone for whose acts the Design-Builder may be liable, or any third party, shall be promptly remedied by the Design-Builder. Damage or loss attributable to the acts or omissions of the City and not to the Design-Builder shall be promptly remedied by the City; provided, however, that the City may direct the Design-Builder to remedy such damage or loss, and the City shall pay for such remedy as a Cost of the Work.

3.6.6 If the City deems any part of the Work or Worksite unsafe, the City, without assuming responsibility for the Design-Builder's safety program, may require the Design-Builder to stop performance of the Work or take corrective measures satisfactory to the City, or both. If the Design-Builder does not adopt corrective measures, the City may perform them and reduce by the costs of the corrective measures the amount of the GMP, or in the absence of a GMP, the Cost of the Work as provided in Article 8. The Design-Builder agrees to make no claim for damages, for an increase in the GMP, compensation for Design Phase services, the Design-Builder's Fee or the Date of Substantial Completion or the Date of Final Completion based on the Design-Builder's compliance with the City's reasonable request.

3.6.7 SECURITY Design-Builder shall provide security for the Worksites at all times when under the control of Design-Builder.

3.6.8 The terms of this Paragraph 3.6 shall survive the completion of the Work under this Agreement or any termination of this Agreement.

3.07 HAZARDOUS MATERIALS

3.7.1 A Hazardous Material is any substance or material identified now or in the future as hazardous under any federal, state or local law or regulation, or any other substance or material which may be considered hazardous or otherwise subject to statutory or regulatory requirements governing handling, disposal or clean-up.

3.7.2. If, after the commencement of the Work, Hazardous Material is discovered at the Project Worksite, then the Design-Builder must immediately stop Work in the affected area. The Design-Builder shall immediately report the condition to the City and, if required, the government agency with jurisdiction.

3.7.3 The Design-Builder shall not be required to perform any Work relating to or in the area of Hazardous Material without written mutual agreement.

3.7.4 The City shall be responsible for retaining an independent testing laboratory to determine the nature of the material encountered and whether it is a Hazardous Material requiring corrective measures or remedial action. Such corrective measures or remedial action shall be the sole responsibility of the City. The Design-Builder shall resume Work in the area affected by any Hazardous Material without delay upon written agreement between the Parties after the Hazardous Material has been removed or rendered harmless and only after approval, if necessary, of the governmental agency or agencies with jurisdiction.

3.7.5 If the Design-Builder incurs additional costs or is delayed due to the presence or remediation of Hazardous Material, upon City's approval, the Design-Builder shall be entitled to an equitable adjustment in the GMP, or the Project Schedule, or both, as applicable..

3.7.6 Material Safety Data (MSD) sheets as required by law and pertaining to materials or substances used or consumed in the performance of the Work, whether obtained by the Design-Builder, Subcontractors, the City or Others, shall be maintained at the Project by the Design-Builder and made available to the City and Subcontractors.

3.7.7 During the Design-Builder's performance of the Work, the Design-Builder shall be responsible for the proper handling, and relevant documentation, of all materials brought to the Worksite by the Design-Builder. Upon issuance of the Certificate of Substantial or Final Completion, the City shall be responsible under this Paragraph for materials and substances brought to the site by the Design-Builder if such materials or substances are required by the Contract Documents.

3.7.8 The City shall be responsible to hire a third-party monitoring company to monitor the proper handling of hazardous material.

3.7.9 Nothing in this Agreement shall be construed or interpreted as requiring Design-Builder

to assume the status of, and the City acknowledges that Design-Builder does not act in the capacity nor assume the status of, the City or others as a "generator," "operator," "transporter," or "arranger" in the treatment, storage, disposal, or transportation of any hazardous substance or waste as those terms are understood within the meaning of the Resource Conservation and Recovery Act (RCRA), Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), or any other similar federal, state, or local law, regulation, or ordinance. The City acknowledges further that Design-Builder has played no part in, and assumes no responsibility for, generation or creation of any hazardous waste, pollution condition, nuisance, or chemical or industrial disposal problem, if any, that may exist at the time of commencement of the Construction Services at any site that may be the subject matter of this Agreement.

3.08 WARRANTIES AND COMPLETION

3.8.1 General Warranties. The Design-Builder warrants that (i) all materials and equipment furnished under the Construction Phase of this Agreement will be new unless otherwise specified, of good quality, in conformance with the Contract Documents, free from defects not inherent in the quality required or permitted (ii) the Work and all construction and related services provided hereunder shall be performed in a good and workmanlike manner by workers who are appropriately trained and experienced in the work being performed, in accordance with the Contract Documents (iii) all services required by this Agreement, including the Design Services and Construction Services, will be performed with that degree of skill, care and diligence consistent with the professional standards prevailing in the Chicago metropolitan area for services of comparable scope and magnitude. City's review or approval of any plans, specifications, or other instruments of professional service shall not constitute a waiver by City of any of Design-Builder's warranties or obligations under this paragraph.

3.8.2 Manufacturer's Warranties. Design-Builder must collect all manufacturer's warranties and equipment manuals and deliver them to the City and must (i) ensure that all required Manufacturer's Warranties pass through to the City and the Department; (ii) submit all applicable manufacturers' warranties to the Commissioner and ensure that all warranty forms have been completed in the Department's name and registered with the appropriate manufacturers. To the extent products, equipment, systems or materials incorporated in the Work are furnished by the City, they shall be covered exclusively by the warranty of the manufacturer

3.8.3 If, within one year after the Warranty Commencement Date with respect to each Worksite, any of the Work is found to be not in accordance with the Contract Documents or nonconforming with the above warranties, the City shall give the Design-Builder prompt written notice describing the nonconformity. Upon receipt of such notice, the Design-Builder, at its cost, will promptly repair, replace, or re-perform such Work, services, or materials and equipment, and any other portion of the Work affected, as necessary to remedy such nonconformity. This obligation under Section 3.8.3 shall survive acceptance of the Work and termination of the Agreement. The warranties above exclude remedy for damage or defect caused by abuse, modifications not executed by Design-Builder, improper or insufficient maintenance, improper operation, or normal wear and tear under normal usage. Nothing contained in this Paragraph 3.8.3 shall be construed to establish a period of limitation with respect to other obligations which

the Design-Builder might have under the Contract Documents or under the law, including a claim for breach of the warranties in Section 3.8.1. Establishment of the time period of one year as described in Subsection 3.8.3 relates only to the specific obligation of the Design-Builder to correct the Work during the one-year period for each Worksite, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Design-Builder's liability with respect to the Design-Builder's obligations other than specifically to correct the Work under this Subsection 3.8.3.

3.8.5 All warranties, including the manufacturers warranties, shall begin on Warranty Commencement Date.

3.8.6 The Design-Builder shall secure any and all required certificates of inspection, testing, balancing or approval and deliver them to the City.

3.8.7 The Design-Builder shall direct the City in checkout of utilities and start-up operations, and adjusting and balancing of systems and equipment for readiness.

3.8.8 The Design-Builder shall maintain at the site As-Built Documents comprised of one copy of the Drawings, Specifications, Addenda, Change Orders and other Modifications, in good order and marked currently to accurately reflect all as-built conditions including, but not limited to, all locations of utilities as actually installed, and all changes to the Work. The As-Built Documents shall be available to the City at all times. All As-Built Documents shall be delivered to the City for review and acceptance upon completion of the Work, signed by the Design-Builder to certify that they show complete and exact as-built conditions, stating dimensions, sizes, kinds of materials and similar matters (including, but not limited to, piping and conduit locations). The Design-Builder is responsible for all damages to the City arising directly from the Design-Builder's failure to maintain complete and accurate As-Built Documents.

3.8.9 Upon completion of the Work, the Design-Builder shall prepare a complete set of Record Documents and deliver them to the City for review and acceptance. The Record Drawings shall be signed and stamped by the Design-Builder's Architect/Engineer to certify that they show complete and exact as-built conditions, stating dimensions, sizes, kinds of materials and similar matters (including, but not limited to, piping and conduit locations). The Design-Builder is responsible for any and all damages to the City arising directly from the Design-Builder's failure to maintain complete and accurate Record Documents.

3.09 CONFIDENTIALITY The Design-Builder shall treat as confidential and not disclose to third persons, except Subcontractors, Sub-subcontractors and the Architect/Engineer as is necessary for the performance of the Work, or use for its own benefit any of the City's developments, confidential information, know-how, discoveries, production methods and the like that may be disclosed to the Design-Builder or which the Design-Builder may acquire in connection with the Work. The City shall treat as confidential information all of the Design-Builder's estimating systems and historical and parameter cost data that may be disclosed to the City in connection with the performance of this Agreement. The City and the Design-Builder shall each specify those items to be treated

as confidential and shall mark them as "Confidential." Notwithstanding the foregoing, the Parties acknowledge and agree that the City is a unit of local government, and as such is subject to the Illinois Freedom of Information Act. Confidential information shall not include: (a) information which at the time of disclosure is or thereafter becomes generally available to the public; (b) written information which was in the Party's possession prior to disclosure hereunder and which was not acquired under an obligation of confidentiality directly or indirectly from the disclosing Party; (c) information received by the Party after the time of disclosure hereunder from a third party without notice to the Party of any obligation of confidentiality or other restrictions with respect to use thereof.

Design-Builder will not issue any publicity, news releases or grant press interviews, and, except as may be required by law during or after the performance of this Agreement, disseminate any information regarding its Work or the Project to which the Work pertains without the prior written consent of the City.

If Design-Builder is presented with a request for documents by any administrative agency, or with a *subpœna duces tecum* regarding any records, data or documents which may be in Design-Builder's possession by reason of this Agreement, Design-Builder shall immediately give notice to the City and its legal counsel with the understanding that the City will have the opportunity to contest such process by any means available to it before the records or documents are released to a court or other third party. Design-Builder is not, however, obligated to withhold the delivery beyond the time ordered by the court or administrative agency unless the *subpœna* or request is quashed, or the time to produce is otherwise extended.

3.10 STANDARD OF CARE

3.10.1 [INTENTIONALLY OMITTED]

3.10.2 Design-Builder is and remains responsible for the professional and technical accuracy of all services or Deliverables furnished, whether by Design-Builder, the Architect Engineer, or others on its or their behalf. All Deliverables must be prepared in a form and content satisfactory to the City and delivered in a timely manner consistent with the requirements of this Agreement. Subsequent editions of design Deliverables, including drawings and specifications, shall supersede earlier editions, provided that any items that have changed on the design Deliverables are explicitly noted. Subsequent design Deliverables shall represent further development of the design Deliverables they supersede and shall not change or omit previously approved features or elements unless such differences or deviations are: (i) explicitly noted and identified in writing on the Deliverable, and (ii) expressly and unambiguously accepted by the City in writing. The City's inadvertent approval of a design Deliverable that contains an unapproved difference or deviation from any requirement of this Agreement shall not be construed as a waiver of such requirement.

3.10.3 Design-Builder shall, consistent with the Illinois Architecture Practice Act of 1989, 225 ILCS 305 *et seq.*, and other applicable state licensing laws, provide through qualified, licensed design professionals employed by Design-Builder or its subcontractor, AECOM Technical Services, Inc., or procured from qualified independent licensed design professionals, the

necessary design services, including architectural, engineering and other design professional services, for the preparation of the required drawings, specifications and other design submittals to permit Design-Builder to complete the Work consistent with the Contract Documents. Design-Builder must assure that all services that require the exercise of professional skills or judgment are accomplished by professionals qualified and competent in the applicable discipline and appropriately licensed, if required by law. Design-Builder must provide copies of any such licenses to the City upon request.

3.10.4 Any or all agreements between the Design-Builder and the Architect Engineer shall provide that the City is a third party beneficiary of such agreement, and shall provide further that the City shall have a direct right and cause of action against the Architect Engineer for any error or omission by the Architect Engineer in the performance of the design services of the Work.

3.11 REVIEW OF CONTRACT DOCUMENTS AND FIELD CONDITIONS BY DESIGN-BUILDER

3.11.1 Design-Builder acknowledges and declares that the Contract Documents are sufficient to enable the Design-Builder to complete the Work as shown in the Contract Documents or, if not specifically shown, to perform the activities which may be reasonably inferred as necessary for completion of the Work in accordance with the requisite time frame, applicable laws, statutes, building codes, regulations and requirements of the Contract Documents. The Design-Builder shall not take advantage of any apparent error or omission in the Contract Documents. In addition, if the Design-Builder performs any Work which the Design-Builder knows or should have known contains an error, inconsistency or omission, the Design-Builder shall be responsible for such performance and shall bear the cost for correction.

3.11.2 The Design-Builder has taken and will continue to take field measurements, verify field conditions and carefully compare such field measurements and conditions and other information known to the Design-Builder with the Contract Documents prior to commencing Work. Errors, inconsistencies or omissions discovered shall be immediately reported in writing to the City Representative.

3.11.3 [INTENTIONALLY OMITTED]

3.12 PROJECT PROCEDURES Except as may be expressly provided otherwise in the Contract, Design-Builder is solely responsible for selecting the means, methods, techniques, sequences, and procedures used in performing the Work. The City has the right to inspect the Work as more fully set forth in Section 3.4. Design-Builder must perform all activities that may be required or necessary to complete the Work in accordance with the Contract Documents. For the GMP, Design-Builder must construct, furnish and install all materials, parts and labor necessary to complete the entire Work.

3.13 DESIGN-BUILDER'S STAFFING/KEY PERSONNEL

3.13.1 STAFFING Immediately upon execution of this Agreement, Design-Builder will assign

and maintain throughout the term of the Agreement an adequate staff of competent personnel who are fully equipped, licensed as appropriate, available as needed, qualified and assigned to perform the Work.

3.13.2 KEY PERSONNEL Design-Builder's Key Personnel for the Work are listed in Exhibit 9. In the event that any such Key Personnel are unable to continue to perform Work, the Design-Builder will promptly notify the City. Any change or substitution with respect to Key Personnel requires the approval of the City. In the event that, in the opinion of the Commissioner of 2FM, the performance of Key Personnel or any of Design-Builder's staff assigned to the Work, is at an unacceptable level, Design-Builder will remove them from the Project upon written notice from the City, and will provide a replacement for the City's approval within five Days of receipt of the notice to remove.

3.14 RIGHT OF ENTRY The Design-Builder and any of its officers, employees, agents, subconsultants and Subcontractors will be permitted to enter upon any part of the Project Worksite in connection with the performance of the Work hereunder, subject to the terms and conditions contained herein and those rules established by the City. City's consent to enter upon all or any part of the Project Worksite will not create nor be deemed to imply the creation of any additional responsibilities on the part of the City.

The Design-Builder will use, and will cause each of its officers, employees, agents, subconsultants and subcontractors to use reasonable care, unless otherwise expressly set forth in this Agreement, when entering upon the Project Worksite in connection with the Work. The Design-Builder will comply and will cause each of its officers, employees, agents, subconsultants and Subcontractors to comply with any and all instructions and requirements for the use of the Project Worksite, and any express licenses for such use are hereby incorporated by reference. Any and all claims, suits, judgments, costs, or expenses, including reasonable attorneys' fees, arising from or by reason of or in connection with any such entry will be treated in accordance with the applicable terms and conditions of the Agreement, including, without limitation, the indemnification provisions contained in this Agreement. If the Design-Builder, or anyone for whom it is responsible, causes damage to City property, or the property of the owner of the Project Worksite, the Design-Builder must, at the option of the City, either 1) pay the cost of repair of the damage or 2) repair or replace the damaged property. The City shall have the right of set-off against the payments to the Design-Builder for the cost of repairs.

3.15 CHICAGO AND PROJECT AREA RESIDENT HIRING For all Construction Services, Design-Builder will be required to comply with the minimum percentage of total worker hours performed by Eligible Residents of the City of Chicago as specified in MCC 2-92-330 and rules and regulations adopted thereunder.

50% of the total work hours must be performed by City Residents unless the City determines otherwise. Additionally, at least 15% of the total work hours must be performed by Project Area Residents unless the City determines otherwise.

The Design-Builder may request a reduction or waiver of these minimum percentage participation levels of City Residents and Project Area Residents as provided for in MCC 2-92-330 in accordance with standards and procedures developed by the City's Chief Procurement Officer (CPO).

For purposes of these City resident hiring provisions:

"City Residents" means persons domiciled within the City of Chicago.

"Project Area Residents" for the purposes of this Project means persons who reside in one of the following communities: Chatham, Englewood, Auburn Gresham, Washington Heights, Greater Grand Crossing, Park Manor, Avalon Park and Woodland.

"Domicile" means an individual's one and only true, fixed and permanent home and principal establishment.

"Eligible Residents" means City Residents and Project Area Residents.

"Actual residents of the City of Chicago" shall mean persons domiciled within the City of Chicago. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

The Design-Builder shall provide for the maintenance of adequate employee residency records to ensure that Eligible Residents are employed on the project. The Design-Builder and Subcontractors shall maintain copies of personnel documents supportive of every City Resident employee's actual record of residence.

Certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) must be submitted weekly to the Commissioner of the supervising City department, which clearly and accurately identifies the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a certified payroll report, the date that the company hired the employee should be written in after the employee's name.

Full access to the Design-Builder's and Subcontractors' employment records shall be granted to CPO, the Commissioner of the supervising City department, the Superintendent of the Chicago Police Department, the Chicago's Inspector General, or any duly authorized representative thereof. The Design-Builder and Subcontractors shall maintain all relevant personnel data in records for a period of at least three years after final acceptance of the work.

At the direction of the Commissioner or CPO, affidavits and other supporting documentation will be required of the Design-Builder to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

Unless a wavier has been granted by the City, good faith efforts on the part of the Design-Builder to provide utilization of Eligible Residents will not be sufficient justification for failing to meet and document verified achievement of the minimum worker hours performed by actual Eligible Residents.

Waiver requests will be considered based on the standards and procedures developed by the Chief Procurement Officer, "Regulations for Percentages of City and Project Area Residents Worker Hours."

When work associated with Construction Services for the total Project is completed, if the CPO has determined that the Design-Builder has failed to meet or adequately report the minimum worker hours performed by Eligible Residents, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this section. Therefore, in such a case of non-compliance it is agreed that 1/20 of 1 percent (.05%), 0.0005, of the final contract amount for this contract shall be surrendered by the Design-Builder to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and / or correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and/or Certified Payroll reports may subject the Design-Builder or Subcontractor or employee to prosecution. Any payment to the Design-Builder may be withheld by the City pending the Chief Procurement Officer's determination of whether the Design-Builder must surrender damages as provided in this paragraph.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this contract.

3.16 EQUAL EMPLOYMENT OPPORTUNITY Pursuant to section MCC 2-92-390, the City has adopted goals for the employment of women and minorities on its construction contracts.

Design-Builder has committed to hiring minorities and women to perform a percentage of the aggregated work hours on the Project, as specified in Exhibit 15. The Design-Builder will be expected to achieve these participation commitments, unless otherwise granted a waiver. Design-Builder acknowledges that Design-Builder's failure to meet its specified utilization commitments will result in the liquidated damages being assessed as specified in Exhibit 15.

3.17 DESIGN-BUILDER'S REPRESENTATIVE The Design-Builder shall designate a person who shall be the Design-Builder's authorized representative. The Design-Builder's Representative is _____.

ARTICLE 4

CITY'S RESPONSIBILITIES

4.01 INFORMATION AND SERVICES PROVIDED BY THE CITY

4.1.1 The City shall provide full information in a timely manner so as not to cause a delay regarding requirements for the Project, including the City's Program and other relevant information.

4.1.2 The City shall provide:

4.1.2.1 all available information describing the physical characteristics of the site, including surveys, site evaluations legal descriptions, existing conditions, subsurface and environmental studies, reports and investigations.

4.1.2.2 inspection, testing, and monitoring services during construction as required by law or as mutually agreed; and

4.1.2.3 unless otherwise provided in the Contract Documents, necessary approvals, site plan review, rezoning, easements and assessments, fees and charges required for the construction, use, occupancy or renovation of permanent structures, including legal and other required services.

4.1.3 The Design-Builder shall be entitled to rely on the completeness and accuracy of the information and services required by this Paragraph 4.1 and the Design-Builder shall not be responsible for defects in its Work or services to the extent directly attributable to its reliance upon or use of such information; provided, however, that in the event the Design-Builder believes, has reason to believe, or finds that any of the information or services provided by the City under this Paragraph 4.1 are incomplete or inaccurate, Design-Builder shall: (i) provide the City with prompt notice of such incompleteness or inaccuracy; and (ii) with the concurrence of the City, undertake such investigations, testing and/or inspections as the Design-Builder deems reasonable and appropriate under the circumstances. Such investigations, testing and inspections shall be a Cost of the Work, provided that the Design-Builder has secured the concurrence of the City prior to the performance of such investigations, testing and/or inspections.

4.02 [OMITTED]

4.03 RESPONSIBILITIES DURING CONSTRUCTION PHASE

4.3.1 The City shall review the Schedule of Work as presented by the Design-Builder and timely approve so as not to cause a delay.

4.3.2 If the City becomes aware of any error, omission or failure to meet the requirements of the Contract Documents or any fault or defect in the Work, the City shall give prompt written notice to the Design-Builder. The failure of the City to give such notice shall not relieve the Design-Builder of its obligations to fulfill the requirements of the Contract Documents.

4.3.3 The City shall communicate with the Design-Builder's Subcontractors, Material Suppliers and the Architect/Engineer only through or in the presence of the Design-Builder. The City shall have no contractual obligations to Subcontractors or suppliers.

4.04 CITY'S REPRESENTATIVE The City's Representative is _____. The Representative:

4.4.1 shall be fully acquainted with the Project;

4.4.2 agrees to furnish the information and services required of the City pursuant to Paragraph 4.1 so as not to delay the Design-Builder's Work.

4.05 ELECTRONIC DOCUMENTS If the City requires that the City and Design-Builder exchange documents and data in electronic or digital form, prior to any such exchange, the City and Design-Builder shall agree on a written protocol governing all such exchanges in a separate agreement, which, at a minimum, shall specify: (1) the definition of documents and data to be accepted in electronic or digital form or to be transmitted electronically or digitally; (2) management and coordination responsibilities; (3) necessary equipment, software and services; (4) acceptable formats, transmission methods and verification procedures; (5) methods for maintaining version control; (6) privacy and security requirements; and (7) storage and retrieval requirements. The Parties shall each bear their own costs for the requirements identified in the protocol. In the absence of a written protocol, use of documents and data in electronic or digital form shall be at the sole risk of the recipient.

ARTICLE 5

SUBCONTRACTS

Work not performed by the Design-Builder with its own forces shall be performed by Subcontractors or the Architect/Engineer.

5.01 RETAINING SUBCONTRACTORS The Design-Builder will solicit and endeavor to obtain at least three competitive bids for any Construction Phase Work not performed by the Design-Builder ("Triple-Bid"). The Design-Builder shall make all Subcontractor bid documents and Design-Builder bid analysis available to the City, per Section 3.2.4. In such case that the Design-Builder is unable to Triple-Bid any Work not performed by the Design-Builder, it shall document its good faith efforts and seek the City's written approval to retain its recommended Subcontractor for such Work. The Design-Builder may select the Subcontractors they feel offer the best overall value, not necessarily lowest bid. In such circumstances, the Design-Builder must provide written explanation to City when lowest bid is not selected. City has right to veto any particular decision. The Design-Builder shall not retain any Subcontractor that has been debarred by City from doing business with City, or any Subcontractor to whom the City has a reasonable and timely objection. The Design-Builder shall not make any substitute for a Subcontractor that has been accepted by the City without the written approval of the City.

5.02 MANAGEMENT OF SUBCONTRACTORS The Design-Builder shall be responsible for the management of the Subcontractors in the performance of their work. The City will communicate with the Design-Builder regarding the Design-Builder's Subcontractors to address matters such as MBE and WBE issues, direct payments to Subcontractors, lien and surety matters, and other matters.

5.03 CONTINGENT ASSIGNMENT OF SUBCONTRACT

5.3.1 If this Agreement is terminated, each subcontract agreement shall be assigned by the Design-Builder to the City, subject to the prior rights of any surety, provided that:

5.3.1.1 this Agreement is terminated by the City pursuant to Paragraphs 12.2, 12.3, or 12.6; and

5.3.1.2 the City accepts such assignment, after termination by notifying Subcontractor and Design-Builder in writing, and assumes all rights and obligations of the Design-Builder pursuant to each subcontract agreement.

5.3.2 If the City accepts such assignment and the Work has been suspended for more than thirty (30) consecutive Days, following termination, if appropriate, the Subcontractor's compensation shall be equitably adjusted as a result of the suspension.

5.04 BINDING OF SUBCONTRACTORS AND MATERIAL SUPPLIIERS The Design-Builder agrees to bind every Subcontractor and Material Supplier (and require every Subcontractor to so bind its Sub-subcontractors and Material Suppliers) to all the provisions of this Agreement and the Contract Documents.

5.05 DESIGN-BUILDER'S LIABILITY FOR SUBCONTRACTORS The Design-Builder is responsible for all Subcontractor Work and for all acts, failures to act, and omissions of its Subcontractors. For the purposes of this Agreement, the Design-Builder's acts and omissions include those of its Subcontractors to the same extent as if they had been committed by the Design-Builder. Notwithstanding the foregoing, there is no privity between Subcontractors and the City. Except as set forth in Exhibit 12, "Special Conditions Regarding MBE and WBE Commitment," Subcontractors have no rights as third-party beneficiaries under this Agreement. However, all subcontracts of every tier shall state that the City is an intended third-party beneficiary of the subcontract.

5.06 BUY-OUT When there are variances between actual awarded contract sums versus estimated contract sums, as provided in Exhibit 7, such variances will accrue to Contingency line item on revised monthly sworn schedule of value statements, included as part of every pay application.

ARTICLE 6

TIME

6.01 DATE OF COMMENCEMENT The Date of Commencement is the Effective Date of this Agreement as first written in Article 1 unless otherwise set forth below:

The Work shall proceed in general accordance with the Schedule of Work as such schedule may be amended from time to time, subject, however, to other provisions of this Agreement.

6.02 SUBSTANTIAL/FINAL COMPLETION Unless the Parties agree otherwise, the Date of Substantial Completion or the Date of Final Completion shall be established, and subject to adjustments, as provided for in the Exhibit 6. The City and the Design-Builder may agree not to establish such dates, or in the alternative, to establish one but not the other of the two dates. If such dates are not established upon the execution of this Agreement, at such time as a GMP is accepted, a Date of Substantial Completion or Date of Final Completion of Work shall be established in a Contract Modification.

6.2.1 TIME IS OF THE ESSENCE IN THIS AGREEMENT, and the time limits stated in the Contract Documents are of the essence.

6.2.2 Unless instructed by the City in writing, the Design-Builder shall not knowingly commence the Work before the effective date of insurance that is required to be provided by the Design-Builder.

6.03 DELAYS IN THE WORK

6.3.1 If the Design-Builder is delayed at any time in the commencement or progress of the Work by any cause beyond the control of the Design-Builder, the Design-Builder shall be entitled to an equitable extension of the Date of Substantial Completion or the Date of Final Completion; provided, however, that Design-Builder has a duty to make best efforts to mitigate the effect of any such cause. Examples of causes beyond the control of the Design-Builder include, but are not limited to, the following: acts or omissions of the City; changes in the Work or the sequencing of the Work ordered by the City; transportation delays not reasonably foreseeable; labor disputes not involving the Design-Builder; general labor disputes impacting the Project but not specifically related to the Worksite; fire; Terrorism; epidemics; adverse governmental actions; encountering Hazardous Materials; concealed or unknown conditions; delay authorized by the City pending dispute resolution and suspension by the City under Paragraph 12.1; and adverse weather conditions not reasonably anticipated. Delays for adverse weather conditions will be handled according to the subsequent paragraph of this Section 6.3.1. The Design-Builder shall process any requests for equitable extensions of the Date of Substantial Completion or the Date of Final Completion in accordance with the provisions of Article 9.

Adverse Weather Claim: The Project Schedule for each Worksite has been established by the Design-Builder to include anticipated typical adverse weather conditions that might impact and delay the Project's critical path to completion. The Design-Builder has included Days for adverse weather delays within the Project Schedule for each Worksite, based on National Oceanic and Atmospheric Administration ("NOAA") historical weather data for the Project region. Design-Builder shall not be entitled to claim additional time due to adverse weather for the Project unless and until the days lost due to adverse weather exceed the number of anticipated adverse weather days included in the Project Schedule. In order to claim the use of an adverse weather day, the Design-Builder shall, within five (5) business days of the claimed adverse weather event, provide written notice to the City that an adverse weather event occurred, including any documentation necessary to substantiate the occurrence of adverse weather, along with the Design-Builder's analysis of the impact to the Project schedule critical path and a statement as to why the claimed delay caused by the adverse weather event could not be made up as required by the Contract Documents. Failure to provide such notice shall be deemed a waiver of the use of an adverse weather day included in the Project Schedule. If the Design-Builder provides timely written notice to the City for the use of an adverse weather day included in the Project Schedule, the City shall approve or disapprove the use of an adverse weather day included in the Project Schedule within ten (10) days of receipt of such notice. If the City disapproves the use of an adverse weather day included in the Project Schedule, the Design-Builder may pursue a claim pursuant to the provisions of the Agreement.

For the purposes of this section an adverse weather delay shall be deemed lost if adverse weather at the area of the Project prohibits the Design-Builder from performing a majority of the work scheduled for that day and/or such delay adversely impacts one or more critical path activities of the Project Schedule. There should be no reduction in the Contract Time if the number of actual weather delays is less than the anticipated adverse weather days included in the Project schedule as established in this section.

6.3.2 In addition, if the Design-Builder incurs additional costs as a result of a delay from any cause beyond the control of the Design-Builder or that is caused by acts or omissions of the City, changes in the Work or the sequencing of the Work ordered by the City, or arising from decisions of the City that impact the time of performance of the Work, encountering unknown or concealed Hazardous Materials, delay authorized by the City pending dispute resolution and suspension by the City under Paragraph 12.1, the Design-Builder shall be entitled to an equitable adjustment in the GMP.

6.3.3 In the event delays to the Project are encountered for any reason, the Parties agree to undertake reasonable steps to mitigate the effect of such delays.

6.04 LIQUIDATED DAMAGES The liquidated damages specified below are the exclusive remedy for delay in achieving Substantial Completion and Final Completion as specified in the Project Schedule.

6.4.1 SUBSTANTIAL COMPLETION The City and the Design-Builder agree that this Agreement shall provide for the imposition of liquidated damages for failure to achieve Substantial Completion as specified in the Project Schedule for each Worksite.

6.4.1.1. The Design-Builder understands that if the Date of Substantial Completion established by the Parties for each Worksite, as may be amended by subsequent Change Order, is not attained, the City will suffer damages which are difficult to determine and accurately specify. The Design-Builder agrees that if the Date of Substantial Completion for each of the Worksites specified below is not attained, the Design-Builder shall pay the City, as the City's sole and exclusive remedy for delay in achieving the Date of Substantial Completion, the following amounts:

(a) for Worksite 3 [Fueling Station – 1152 N. North Branch St.], Five Hundred Dollars ($500) as liquidated damages and reasonable compensation and not as a penalty for each Day that Substantial Completion extends beyond the Date of Substantial Completion specified in the Worksite 3 Project Schedule. The liquidated damages provided herein shall be in lieu of all liability for any and all extra costs, losses, expenses, claims, penalties and any other damages of whatsoever nature incurred by the City which are occasioned by any delay in achieving the Date of Substantial Completion for Worksite 3.

(b) For Worksite 2 [Satellite Heavy Duty Vehicle Repair Facility -- 4241 N. Neenah Ave.], One Thousand Five Hundred Dollars ($1,500) as liquidated damages and reasonable compensation and not as a penalty for each Day that

Substantial Completion extends beyond the Date of Substantial Completion specified in the Worksite 2 Project Schedule. The liquidated damages provided herein shall be in lieu of all liability for any and all extra costs, losses, expenses, claims, penalties and any other damages of whatsoever nature incurred by the City which are occasioned by any delay in achieving the Date of Substantial Completion for Worksite 2.

(c) For Worksite 1, [Main Heavy Duty Vehicle Repair Facility – 210 W. 69th St.], Three Thousand Dollars ($3,000) as liquidated damages and reasonable compensation and not as a penalty for each Day that Substantial Completion extends beyond the Date of Substantial Completion specified in the Worksite 1 Project Schedule. The liquidated damages provided herein shall be in lieu of all liability for any and all extra costs, losses, expenses, claims, penalties and any other damages of whatsoever nature incurred by the City which are occasioned by any delay in achieving the Date of Substantial Completion for Worksite 1.

6.4.2 FINAL COMPLETION The City and the Design-Builder agree that this Agreement shall provide for the imposition of liquidated damages for failure to achieve Final Completion as specified in the Project Schedule for the entire Project.

6.4.2.1 The Design-Builder understands that if the Date of Final Completion established by the Parties, as may be amended by subsequent Change Order, is not attained, the City will suffer damages which are difficult to determine and accurately specify. The Design-Builder agrees that if the Date of Final Completion is not attained, the Design-Builder shall pay the City as the City's sole and exclusive remedy for delay in achieving the Date of Final Completion One Thousand Dollars ($1,000) as liquidated damages and reasonable compensation and not as a penalty for each Day that Final Completion extends beyond the Date of Final Completion specified in the Project Schedule for the entire Project. It is also agreed that a sixty (60) consecutive day grace period is hereby granted after the Date of Final Completion, and consequently, the liquidated damages specified in this Section 6.4.2.1 shall not begin until and upon the sixty-first day after the Date of Final Completion.

6.4.2.2 To the fullest extent permitted by law, Design-Builder's total liability to the City for any liquidated damages for failure to achieve the Date of Final Completion shall not exceed $200,000.00; provided, however, that such cap on liquidated damages for failure to achieve Date of Final Completion will have no effect on the continuing obligation of Design-Builder to pay liquidated damages for failure to achieve the Dates of Substantial Completion.

6.4.3 Notwithstanding any other provision within this Agreement, Design-Builder's total liability to the City for any delay damages through the payment of any combination of the liquidated damages stated above for failure to achieve the Dates of Substantial Completion and Date of Final Completion shall not exceed, in the aggregate, one hundred percent (100%) of the GMP.

6.05 CITY'S RIGHT TO OCCUPY PORTIONS OF THE WORK

6.5.1 The City may occupy and use the Project, or portions thereof, in advance of Substantial Completion. If the City desires to exercise partial occupancy and use prior to Substantial Completion, the City shall provide written notice to the Design-Builder, and the Design-Builder shall cooperate with the City in making available for the City's use such Project services as heating, ventilating, cooling, water, lighting, wifi and telephone for space or spaces to be occupied, and if the equipment required to furnish such services is not entirely completed at the time the City desires to occupy and use the space or spaces, then the Design-Builder will make every reasonable effort to complete that Work.

6.5.2 In the event of occupancy prior to Substantial Completion:

6.5.2.1 Within fourteen (14) days after receiving notice of the planned early occupancy, the Design-Builder will provide written notice to the City of the following: (i) the current condition of the space desired for early occupancy; (ii) the anticipated condition of the space at the date of anticipated early occupancy; (iii) a preliminary estimate of any potential additional costs, if any, as a direct or indirect result of the early occupancy; and (iv) a preliminary estimate of any potential impact to the Project Schedule, if any, as a result of the early occupancy.

6.5.2.2 If the early occupancy is necessitated by a delay in Substantial Completion beyond the scheduled date of Substantial Completion and is not the subject of a Change Order, Design-Builder shall be responsible for all additional costs associated with the preparation of the space for the early occupancy.

6.5.2.3 The following conditions will apply to the spaces and/or equipment that are affected by the City's early occupancy:

6.5.2.3.1 A punch list will be assembled by the City, Design-Builder and its Subcontractors, and an inspection of the affected space by the City will be accomplished prior to the start of early occupancy.

6.5.2.3.2 . Warranties of systems that are common to both the occupied and unoccupied parts of the Project will begin to run at the Warranty Commencement Date.

6.5.2.3.3 Risk of loss associated with the finished Work which the City occupies early transfers to the City at the start of the early occupancy.

6.5.2.3.4 As part of the Change Order for early occupancy, the Parties will agree and set forth in writing the scope and date of early occupancy, and what effect early occupancy will have on Liquidated Damages and insurance coverage.

ARTICLE 8

COMPENSATION AND COST OF THE WORK

8.01 COMPENSATION

8.1.1 Architect/Engineer. Compensation for the costs of Design Services performed directly by Design-Builder Architects/Engineers will be computed separately independently from other Design-Builder compensation for work or services, and these costs shall be shown as separate items on applications for payment. If an Architect/Engineer is retained by the Design-Builder, the payments to the third-party Architect/Engineer shall be as detailed in a separate agreement between the Design-Builder and the Architect/Engineer.

8.1.2 Generally. The City agrees to pay the Design-Builder for the (i) Cost of the Work as defined in Article 2, this Article, and Exhibit 7, and (ii) the Design-Builder's Fee applied to specified portions of the Cost of the Work as designated below, all completed and recorded in the monthly application for payment. Notwithstanding anything to the contrary in the Contract Documents, Design-Builder shall provide the Cost of the Work at rates that are not higher than those customarily paid at the place of the Project except with the specific and express prior written consent of City and any costs exceeding such rates shall not be part of the Cost of the Work.

8.1.3 Deposits. Unless otherwise approved in writing by the Commissioner, applications for payment may not include costs of deposits on materials and equipment. If City otherwise agrees to pay for a deposit that Design-Builder was required to place on material and equipment, approval of payment applications that include such deposits shall be conditioned on submission by the Design-Builder of a written acknowledgment from the manufacturer of the equipment or material that the deposit has been paid, or such other procedures satisfactory to the City to establish the proper payment of the deposit for which Design-Builder seeks payment. The applicable Design-Builder Fee, if any, on the equipment or material in issue will not be payable until the City makes payment for the balance of the cost of the equipment or material and receives ownership of such material or equipment.

8.02 COST OF THE WORK AND DESIGN-BUILDER'S FEE

8.2.1 PORTIONS OF COST OF THE WORK NOT SUBJECT TO DESIGN-BUILDER FEE

8.2.1.1 Design Services. The City shall compensate the Design-Builder for documented Design Services costs based on the hourly rates provided in Exhibit 16, along with documented actual reimbursable costs to third-parties for pre-approved site investigation services, such as surveying, geotechnical and environmental analysis without mark-up. Payments for Design Services will not be subject to the Design-Builder Fee. In the first application for payment pursuant to Article 10, Design-Builder may request reimbursement for Design Services costs

incurred up to the date of such application for payment. The Design Services completed prior to execution are set forth in Exhibit 17. Such request must comply with the hourly rates set forth in Exhibit 16. Total compensation for Design Services cannot exceed 5% of the GMP. Design compensation shall be inclusive of all Design Services performed at any time during Project Schedule including any construction administration services performed by an architect or engineer.

8.2.1.2 General Conditions Costs. The City shall compensate the Design-Builder for documented General Conditions Costs based on the hourly rates provided in Exhibit 18, along with documented actual expenses directly incurred in the performance of the General Conditions. General Conditions will not be subject to the Design-Builder's Fee. The General Conditions Costs consist of:

- labor costs incurred by Design-Builder for all its direct employees overseeing and/or performing portions of the Work;
- incurred costs necessary for project travel, telecommunications, computers, office equipment and supplies, reproduction costs, Project communication and in-house produced signage;
- costs of repairing or correcting damaged or nonconforming Work executed by the Design-Builder provided that such damaged or nonconforming Work was not caused by negligence or failure to fulfill a specific responsibility of the Design-Builder and only to the extent that the cost of repair or correction is not recovered by the Design-Builder from insurance, sureties, Subcontractors, suppliers, or others.

8.2.1.3 Soft Costs. The City shall compensate the Design-Builder for documented Soft Costs invoiced at actual cost with no Design Builder's Fee. Reimbursable Soft Costs incurred by the Design-Builder include the following:

- premiums for all required and City approved insurance and performance and payment bonds, including any additional premium incurred as a result of any increase in the GMP;
- fees and assessments for necessary building permits and other permits, licenses and inspections for which the Design-Builder is required to pay.

8.2.2 PORTIONS OF COST OF WORK SUBJECT TO DESIGN-BUILDER FEE

8.2.2.1 Direct Costs. The City shall compensate the Design-Builder for documented payments made by the Design-Builder to Subcontractors for Work performed under this Agreement ("Direct Costs") including:

- labor;
- materials and equipment, including any necessarily incurred sales, use, gross receipts or other taxes, tariffs or duties for which the Design-Builder is liable;
- stored materials, with the Owner's prior approval, subject to Section 10.1.8;
- costs for public utility connections or modifications;
- costs of repairing or correcting damaged or nonconforming Work executed by the Subcontractors or suppliers, provided that such damaged or nonconforming Work

was not caused by negligence or failure to fulfill a specific responsibility of the Design-Builder and only to the extent that the cost of repair or correction is not recovered by the Design-Builder from insurance, sureties, Subcontractors, suppliers, or others.

8.2.2.2 General Requirements Costs. The City shall compensate the Design-Builder for documented General Requirements Costs, plus the Design-Builder's Fee. General Requirements Costs includes all documented payments made to third-party vendors for the provision of following services or materials:

- security;
- barricades and fencing;
- temporary roads;
- temporary utilities;
- temporary field offices, portable toilets, dumpsters, temporary stairs, temporary signage and storage;
- laborers and cleanup;
- safety (material, training, incentives);
- fire protection and extinguishers;
- trucks (equipment & fuel);
- outreach activities and workforce development consultants;
- testing laboratory fees, except those related to defective or nonconforming Work;
- hand tools not owned by the workers that are used or consumed in the performance of the Work, less salvage value or residual value; and cost less salvage value on such items used, but not consumed that remain the property of the Design-Builder;
- rental charges from unrelated third parties for all necessary temporary machinery and equipment, exclusive of hand tools owned by workers, used at the Worksite, whether rented from the Design-Builder or Others including installation, repair and replacement, dismantling, removal, maintenance, transportation and delivery costs;
- Project communications provided by third-party vendor.

8.03 EXCLUSIONS FROM COST OF THE WORK

8.3.1 The following will be excluded from Cost of the Work, and the City will make no direct payment for these items:

(i) Expenses of Design-Builder's principal office and offices other than the Worksite offices or as expressly included in Section 8.2.

(ii) Overhead and general expenses, except as may be expressly included in Section 8.2.

(iii) Design-Builder's capital expenses, including interest on Design-Builder's capital employed for the Work.

ARTICLE 9

CHANGES IN THE WORK

The Commissioner reserves the right to order, in writing, changes in the Design Documents, Work, or the Schedule without invalidating this Agreement and without prior notice to Design-Builder's surety. Design-Builder is obligated to perform in a timely manner the changed Work included in the written notice from the Commissioner. These changes may consist of additions, deletions, or other revisions, at the discretion of the City. Changes in the Work may be accomplished, without invalidating this Agreement, by Change Order, Interim Directed Change, or a minor change in the Work, subject to the limitations stated in the Contract Documents.

9.01 CHANGE ORDER

9.1.1 The City, without invalidating this Agreement, may order changes in the Design Documents, Work, or the Schedule within the general scope of the Contract Documents consisting of additions, deletions or other revisions; the GMP or the estimated Costs of the Work (and corresponding Design-Builder's Fee), compensation for Design Phase services, or the Date of Substantial Completion or the Date of Final Completion may be adjusted accordingly. The Design-Builder may also request changes in the Work via a Proposed Change Order, which shall be submitted to the City in the case of unforeseen conditions or City directed changes to the Work. Any and all such changes in the Work shall be authorized by applicable Change Order, and shall be performed under the applicable conditions of the Contract Documents. No change in the Work, whether by way of alteration or addition to the Work, shall be the basis of an adjustment to the GMP or Schedule, unless and until such alteration or addition has been authorized by a Change Order executed by the Commissioner and issued in strict compliance with the Contract Documents and Project Procedures. No course of conduct or dealings between the Parties, nor express or implied acceptance of alterations or additions to the Work, and no claim that the City has been unjustly enriched by any alteration or addition to the Work, whether there is in fact or not any unjust enrichment to the Work, shall be the basis of any claim to an increase in the GMP or Schedule.

9.1.2 Each adjustment in the GMP or estimated Cost of the Work resulting from a Change Order shall clearly separate the amount attributable to compensation for Design Phase services, Cost of the Work (and corresponding Design-Builder's Fee).

9.1.3 The City and Design-Builder shall negotiate in good faith an appropriate adjustment to the GMP or the estimated Cost of the Work (and corresponding Design-Builder's Fee), compensation for Design Phase services, or the Date of Substantial Completion or the Date of Final Completion, and shall conclude these negotiations as expeditiously as possible. Acceptance of the Change Order and any adjustment in the GMP, the estimated Cost of the Work (and corresponding Design-Builder's Fee), compensation for Design Phase services, or the Date of Substantial Completion or the Date of Final Completion shall not be unreasonably withheld.

9.02 INTERIM DIRECTED CHANGE

9.2.1 The City may issue a written Interim Directed Change directing a Change in the Work prior to reaching agreement with the Design-Builder on the adjustment, if any, in the GMP, estimated Cost of the Work (and corresponding Design-Builder's Fee), the Date of Substantial Completion or the Date of Final Completion, and, if appropriate, the compensation for Design Phase services. Design-Builder must begin the changed Work upon receipt of such notice signed by the Commissioner.

9.2.2 The City and the Design-Builder shall negotiate expeditiously and in good faith for appropriate adjustments, as applicable, to the GMP, estimated Cost of the Work (and corresponding Design-Builder's Fee), the Date of Substantial Completion or the Date of Final Completion, and if appropriate the compensation for Design Phase services, arising out of Interim Directed Change. As the changed work is completed, the Design-Builder shall submit its costs for such work with the application for payment beginning with the next application for payment within thirty (30) Days of the issuance of the Interim Directed Change. Pending final determination of cost to the City, amounts not in dispute may be included in applications for payment and shall be paid by City.

9.2.3 When the City and the Design-Builder agree upon the adjustments in the GMP, estimated Cost of the Work (and corresponding Design-Builder's Fee), the Date of Substantial Completion or the Date of Final Completion, and if appropriate the compensation for Design Phase services, for a change in the Work directed by an Interim Directed Change, such agreement shall be the subject of an appropriate Change Order. The Change Order shall include all outstanding Interim Directive Changes issued since the last Change Order and be executed by the Parties.

9.03 MINOR CHANGES IN THE WORK

9.3.1 The City and the Design-Builder may make minor changes in the design and construction of the Project consistent with the intent of the Contract Documents which do not involve an adjustment in the GMP, estimated Cost of the Work, the Design-Builder's Fee, the Date of Substantial Completion or the Date of Final Completion, and do not materially and adversely affect the design of the Project, the quality of any of the materials or equipment specified in the Contract Documents, the performance of any materials, equipment or systems specified in the Contract Documents, or the quality of workmanship required by the Contract Documents.

9.3.2 The Design-Builder shall promptly inform the City in writing of any such changes and shall record such changes on the Design-Build Documents maintained by the Design-Builder.

9.04 [OMITTED]

9.05 DETERMINATION OF COST

9.5.1 An increase or decrease in the GMP or estimated Cost of the Work resulting from a change

in the Work shall be determined by one or more of the following methods:

9.5.1.1 unit prices set forth in this Agreement or as subsequently agreed;

9.5.1.2 a mutually accepted, itemized lump sum;

9.5.1.3 costs determined as defined Article 8; or

9.5.1.4 if an increase or decrease cannot be agreed to as set forth in Clauses 9.5.1.1 through 9.5.1.5 above, and the City issues an Interim Directed Change, the costs of the change in the Work shall be determined by the reasonable actual expense and savings of the performance of the Work resulting from the change. The Design-Builder shall maintain a documented, itemized accounting evidencing the expenses and savings.

9.5.2 If unit prices are indicated in the Contract Documents or are subsequently agreed to be the Parties, but the character or quantity of such unit items as originally contemplated is so different in a proposed Change Order that the original unit prices will cause substantial inequity to the City or the Design-Builder, such unit prices shall be equitably adjusted.

9.5.3 If the City and the Design-Builder disagree as to whether work required by the City is within the scope of the Work, the Design-Builder shall furnish the City with an estimate of the costs to perform the disputed work in accordance with the City's interpretations. If the City issues a written order for the Design-Builder to proceed, the Design-Builder shall perform the disputed work and the City shall pay the Design-Builder fifty percent (50%) of its actual, direct costs to perform the work. In such event, both Parties reserve their rights as to whether the work was within the scope of the Work. The City's payment does not prejudice its right to be reimbursed should it be determined that the disputed work was within the scope of Work. The Design-Builder's receipt of payment for the disputed work does not prejudice its right to receive full payment for the disputed work should it be determined that the disputed work is not within the scope of the Work.

9.06 CLAIMS FOR ADDITIONAL COST OR TIME For any claim for an increase in the GMP, estimated Cost of the Work (and corresponding Design-Builder's Fee, if applicable), or the Date of Substantial Completion or the Date of Final Completion, the Design-Builder shall give the City written notice of the claim within twenty-one (21) Days after the occurrence giving rise to the claim or within twenty-one (21) Days after the Design-Builder first recognizes the condition giving rise to the claim, whichever is later. Except in an emergency, notice shall be given before proceeding with the Work. Claims for design and estimating costs incurred in connection with possible changes requested by the City, but which do not proceed, shall be made within twenty-one (21) Days after the decision is made not to proceed. Thereafter, the Design-Builder shall submit written documentation of its claim, including appropriate supporting documentation, within twenty-one (21) Days after giving notice, unless the Parties mutually agree upon a longer period time. The City shall respond in writing denying or approving the Design-Builder's claim that explains its decision no later than fourteen (14) Days after receipt of the Design-Builder's documentation of claim. Any change in the GMP, estimated Cost of the Work (and corresponding Design-Builder's Fee), the Date of Substantial Completion or the Date of Final Completion and if appropriate the compensation for Design Phase services, resulting from such claim shall be authorized by Change Order.

9.07 EMERGENCIES If an emergency affecting the safety of persons or property, the Design-Builder shall act, at its discretion, to prevent threatened damage, injury or loss. Any change in the GMP, estimated Cost of the Work (and corresponding Design-Builder's Fee), the Date of Substantial Completion or the Date of Final Completion, and if appropriate the compensation for Design Phase services, on account of emergency work shall be determined as provided in this Article.

9.08 ITEMS THAT ARE NOT CHANGES TO THE WORK

9.8.1 It is understood and agreed that the Project and the Design Documents will be subject to further minor (as defined in Section 9.3.1) refinement, correction and detailing by the City and Design-Builder after the GMP is determined, and that the Design-Builder shall receive no additional compensation for any such minor refinement, correction or detailing that is contemplated to be a part of, or would reasonably be inferred to be a part of, the Work under this Agreement. Such minor refinements, corrections and detailing shall not constitute a change in the Work.

9.8.2 Notwithstanding anything in this Article 9 to the contrary, (i) no extension to the Schedule will be granted under this Article for a delay caused wholly or in part by any fault, negligent act, failure to act, error, omission or breach of a material term of this Agreement by the Design-Builder, the Architect/Engineer, design subconsultants, Subcontractors or anyone else for whom the Design-Builder may be responsible; and (ii) no Change Order will be issued increasing the GMP or the Schedule in connection with any correction of errors, omissions, deficiencies or improper or Defective Work on the part of the Design-Builder, the Architect/Engineer, any design subconsultant, Subcontractors or anyone else for whom the Design-Builder may be responsible in the performance of the Work.

9.09 CHANGES IN LAW In the event any changes in laws or regulations affecting the performance of the Work are enacted after either the date of this Agreement or the date a GMP Proposal is accepted by the City, whichever occurs later, the GMP, estimated Cost of the Work (and corresponding Design-Builder's Fee), the Date of Substantial Completion or the Date of Final Completion, and if appropriate the compensation for Design Phase services, shall be equitably adjusted by Change Order.

ARTICLE 10

PAYMENT FOR CONSTRUCTION PHASE SERVICES

10.01 PROGRESS PAYMENTS

10.1.1 On the fifth Day of each month after the Construction Phase has commenced the Design-Builder shall submit to the City an application for payment consisting of the Cost of the Work performed up to the last Day of the month, along with a proportionate share of the Design-Builder's Fee. Prior to submission of the next application for payment, the Design-Builder shall furnish to the City a statement accounting for the disbursement of funds received under the

previous application. The extent of such statement shall be as agreed upon between the City and the Design-Builder.

10.1.2 Within seven (7) Days after receipt of each monthly application for payment, the City shall give written notice to the Design-Builder of the City's acceptance or rejection, in whole or in part, of such application for payment. Applications for payment must include lien waivers in arrears and all workforce participation compliance reporting as required by the City before funds will be released. Within sixty (60) Days after accepting such application, the City shall pay directly to the Design-Builder the appropriate amount for which application for payment is made, less amounts previously paid by the City. If such application is rejected in whole or in part, the City shall indicate the reasons for its rejection. If the City and the Design-Builder cannot agree on a revised amount then, within thirty (30) Days after its initial rejection in part of such application, the City shall pay directly to the Design-Builder the appropriate amount for those items not rejected by the City for which application for payment is made, less amounts previously paid by the City. Those items rejected by the City shall be due and payable when the reasons for the rejection have been removed.

10.1.3 Payments due but unpaid pursuant to Subparagraph 10.1.2, less any amount retained pursuant to Paragraphs 10.2 and 10.3, may bear interest from the date payment is due at the prime rate prevailing at the place of the Project.

10.1.4 The Design-Builder warrants and guarantees that title to all Work, materials and equipment covered by an application for payment, whether incorporated in the Project or not, will pass to the City upon receipt of such payment by the Design-Builder, free and clear of all liens, claims, security interests or encumbrances, hereinafter referred to as liens.

10.1.5 The City's progress payment, occupancy or use of the Project, whether in whole or in part, shall not be deemed an acceptance of any Work not conforming to the requirements of the Contract Documents.

10.1.6 Upon Substantial Completion of the Work, the City shall pay the Design-Builder the unpaid balance of the (i) Cost of the Work, (ii) Design Phase Services (if any) and (iii) the Design-Builder's Fee, less one-hundred fifty percent (150%) of the cost of completing any unfinished items as agreed to between the City and the Design-Builder as to extent and time for completion. The City thereafter shall pay the Design-Builder monthly the amount retained for unfinished items as each item is completed.

10.1.7 NO PAYMENT FOR STORED MATERIALS AND EQUIPMENT Unless otherwise provided in the Contract Documents or approved in writing by the Commissioner, applications for payment may not include costs for materials and equipment not yet incorporated into the Work but delivered to and suitably stored onsite or offsite, including applicable insurance, storage and costs incurred transporting the materials to an offsite storage facility. If City otherwise agrees to pay for stored material and equipment, approval of payment applications for stored materials an equipment stored offsite shall be conditioned on submission by the Design-Builder of bills of sale and proof of required insurance, or such other procedures satisfactory to the City to establish the proper valuation of the stored materials and equipment, the City's title to

such materials and equipment, and to otherwise protect the City's interests therein including transportation to the site.

10.02 RETAINAGE No retainage shall be withheld by the City. As a matter of prompt payment to Subcontractors as required by Section XIII.E of Exhibit 5, Design-Builder must not withhold retainage from Subcontractors in any form, including but not limited to administrative fees.

10.03 ADJUSTMENT OF DESIGN-BUILDER'S APPLICATION FOR PAYMENT The City may adjust or reject an application for payment or nullify a previously approved Design-Builder application for payment, in whole or in part, as may reasonably be necessary to protect the City from loss or damage based upon the following, to the extent that the Design-Builder is responsible under this Agreement for any of the following:

10.3.1 the Design-Builder's repeated failure to perform the Work as required by the Contract Documents;

10.3.2 loss or damage arising out of or relating to this Agreement and caused by the Design-Builder to the City or others to whom the City may be liable;

10.3.3 the Design-Builder's failure to properly pay the Architect/Engineer, Subcontractors or Material Suppliers for labor, materials, equipment or supplies furnished in connection with the Work, provided that the City is making payments to the Design-Builder in accordance with the terms of this Agreement;

10.3.4 Defective Work not corrected in a timely fashion;

10.3.5 reasonable evidence of delay in performance of the Work such that the Work will not be completed by the Date of Substantial Completion or the Date of Final Completion, and that the unpaid balance of the GMP is not sufficient to offset any direct damages that may be sustained by the City as a result of the anticipated delay caused by the Design-Builder; and

10.3.6 reasonable evidence demonstrating that the unpaid balance of the GMP is insufficient to fund the costs to complete the Work.

10.3.7 third party claims involving the Design-Builder or reasonable evidence demonstrating that third-party claims are likely to be filed unless and until the Design-Builder furnishes the City with adequate security in the form of a surety bond, letter of credit or other collateral or commitment sufficient to discharge such claims if established.

10.3.8 No later than seven (7) Days after receipt of an application for payment, the City shall give written notice to the Design-Builder, at the time of disapproving or nullifying all or part of an application for payment, stating its specific reasons for such disapproval or nullification, and the remedial actions to be taken by the Design-Builder in order to receive payment. When the above reasons for disapproving or nullifying an application for payment are removed, payment will be promptly made for the amount previously withheld.

10.04 CITY OCCUPANCY OR USE OF COMPLETED OR PARTIALLY COMPLETED WORK

10.4.1 Portions of the Work that are completed or partially completed may be used or occupied by the City when (a) the portion of the Work is designated in a Certificate of Substantial Completion, (b) appropriate insurer(s) or sureties consent to the occupancy or use, and (c) appropriate public authorities authorize the occupancy or use. Such partial occupancy or use shall constitute Substantial Completion of that portion of the Work. The Design-Builder shall not unreasonably withhold consent to partial occupancy or use. The City shall not unreasonably refuse to accept partial occupancy or use, provided such partial occupancy or use is of value to the City.

10.05 FINAL PAYMENT

10.5.1 Final Payment, consisting of the unpaid balance under Section 10.1.6 and, if applicable, the unpaid balance of (i) the Cost of the Work, (ii) compensation for Design Phase services and (iii) the Design-Builder's Fee, shall be due and payable when the work is fully completed. Before issuance of final payment, the Design-Builder shall provide satisfactory evidence that all payrolls, material bills and other indebtedness connected with the Work have been paid or otherwise satisfied.

10.5.2 In accepting final payment, the Design-Builder waives all payment claims except those previously made in writing and which remain unsettled.

10.06 NO WAIVER OF RIGHTS BY CITY The City will not be precluded or estopped by any measurement, estimate or certificate made either before or after completion and acceptance of any Work and payment therefore, from showing the true amount and character of the Work performed and materials furnished by the Design-Builder, or from showing that any such measurement, estimate or certificate is untrue or incorrectly made, or that the Work or materials do not conform in fact to the Agreement. The City will not be precluded or estopped, notwithstanding any such measurement, estimate or certificate and payment in accordance therewith, from recovering from the Design-Builder and its sureties such damages as the City may sustain by reason of Design-Builder's failure to comply with the Agreement. Neither approval nor acceptance by the City, nor any payment for the whole or any part of the Work, will operate as a waiver of any portion of the Agreement, or of any power herein reserved or any right to damages herein provided. A waiver of any breach of the Agreement will not be held to be a waiver of any other or subsequent breach.

ARTICLE 11

INDEMNITY, INSURANCE, BONDS

11.01 INDEMNITY Design-Builder must defend, indemnify, keep and hold harmless the City, its officers, representatives, elected and appointed officials, agents and employees (collectively, the "Indemnified Parties,") from and against any and all Losses (as defined

below), arising out of or being in any way connected with the Design-Builder's performance under this Contract, except as otherwise provided in 740 ILCS 35 "Construction Contract Indemnification for Negligence Act" if it applies, including those related to: injury, death or damage of or to any person or property, including but not limited to any accidental injuries or death suffered by Design-Builder's employees or employees of its Subcontractors; any infringement or violation of any property right (including any patent, trademark or copyright); failure to pay or perform or cause to be paid or performed Contractors covenants and obligations as and when required under this Contract or otherwise to pay or perform its obligations to any Subcontractor. When 740 ILCS 35 applies, indemnification provided by the Design-Builder to the Indemnified Parties will be to the maximum extent permitted under applicable law.

"Losses" means, individually and collectively, third-party claims of every kind, including monetary damages and reasonable costs, payments and expenses (such as, but not limited to, court costs and reasonable attorneys' fees and disbursements), claims, demands, actions, suits, proceedings, fines, judgments or settlements, any or all of which in any way arise out of or relate to the negligent or otherwise wrongful errors, acts, or omissions of Design-Builder, its employees, agents and Subcontractors.

The Design-Builder will promptly provide, or cause to be provided, to the Commissioner and the Corporation Counsel copies of such notices as Design-Builder may receive of any claims, actions, or suits as may be given or filed in connection with the Design-Builder's performance or the performance of any Subcontractor and for which the Indemnified Parties are entitled to indemnification hereunder.

At the City Corporation Counsel's option, Design-Builder must defend all suits brought upon all such Losses and must pay all costs and expenses incidental to them, but the City has the right, at its option, to participate, at its own cost, in the defense of any suit, without relieving Design-Builder of any of its obligations under this Contract. Any settlement must be made only with the prior written consent of the City Corporation Counsel, if the settlement requires any action on the part of the City.

The Design-Builder shall be solely responsible for the defense of any and all claims, demands, or suits against the Indemnified Parties, including without limitation, claims by an employee, Subcontractors, agents, or servants of Design-Builder even though the claimant may allege that the Indemnified Parties were in charge of the work or service performed under the Contract, that it involves equipment owned or furnished by the Indemnified Parties, or allege negligence on the part of the Indemnified Parties. The City will have the right to require Design-Builder to provide the City with a separate defense of any such suit. To the extent permissible by law, Design-Builder waives any limits to the amount of its obligations to indemnify, defend or contribute to any sums due to third parties arising out of any Losses, including but not limited to any limitations on Design-Builder's liability with respect to a claim by any employee of Design-Builder arising under the Workers Compensation Act, 820 ILCS 305/1 et seq. or any other related law or judicial decision (such as, Kotecki v. Cyclops Welding Corporation, 146 III. 2d 155 (1991)). The City, however, does not waive any limitations it may have on its liability under the Illinois Workers Compensation Act, the Illinois Pension Code or any other statute.

The indemnities in this section survive expiration or termination of this Contract for matters occurring or arising during the term of this Contract or as the result of or during the Design-Builder's performance of work or services beyond the term. Design-Builder acknowledges that the requirements set forth in this section to indemnify, keep and save harmless and defend the

City are apart from and not limited by the Design-Builder's duties under this Contract, including the insurance requirements set forth in the Contract.

11.02 DESIGN-BUILDER'S INSURANCE The insurance coverage that Design-Builder is required to carry pursuant to this Agreement is as set forth in Exhibit 10, "Insurance Requirements," attached hereto and incorporated by reference herein.

11.03 RISK OF LOSS The Work is under Design-Builder's charge and care until Final Completion , unless otherwise specified in the Contract. Design-Builder assumes all responsibility for injury or damage to the Work by action of the elements, including injury or damage directly arising from the Design- Builder's execution or non-execution of the Work. Design-Builder must rebuild, repair, restore and make good, at no additional cost to the City, all injuries or damages caused by Design-Builder or its Subcontractors to any portion of the Work before Final Completion. .

11.04 ROYALTIES, PATENTS AND COPYRIGHTS The Design-Builder shall pay all royalties and license fees which may be due on the inclusion of any patented or copyrighted materials, methods or systems selected by the Design-Builder and incorporated in the Work. The Design-Builder shall defend, indemnify and hold the City harmless from all suits or claims for infringement of any patent rights or copyrights arising out of any patented or copyrighted materials, methods or systems specified by the City.

11.05 BONDING

11.5.1 Performance and Payment Bonds are required of the Design-Builder. Design-Builder must deliver to the Commissioner a performance and payment bond in the amount of 100% of GMP. The performance bond must comply with the provisions of 30 ILCS 550/1 et.seq., as amended, and of § 2-92-030 of the Municipal Code, as amended. It must also be in the form of the performance and payment bond form as specified by the City. The surety or sureties issuing the bond must be acceptable to the Comptroller and must have a Best's Key Rating Guide of "B+," Class XI or greater and be listed in the most recently published "Listing of Approved Sureties" of the U.S. Department of the Treasury Circular 570, with underwriting limitations in excess of the Contract Price. The bond must cover the warranty period required by the Contract.

11.5.2 Such Performance Bond shall be issued in the penal sum equal to one-hundred percent (100%) of the GMP. Such Performance Bond shall cover the cost to complete the Work, but shall not cover any damages of the type specified to be covered by the insurance pursuant to Paragraph 11.2 and Paragraph 11.3, whether or not such insurance is provided or is in an amount sufficient to cover such damages.

11.5.3 The penal sum of the Payment Bond shall equal the penal sum of the Performance Bond. The Design-Builder's Payment Bond for the Project, if any, shall be made available by the City for review and copying by the Subcontractor.

11.5.4 Any increase in the GMP Price that exceeds 10% of the aggregate shall require a rider to Bonds increasing penal sums accordingly. Up to such 10% amount, the penal sum of the bond shall remain equal to 100% of the GMP or as otherwise provided in Subparagraph 11.7.2. The

Design-Builder shall endeavor to keep its surety advised of changes within the scope of the initial Agreement potentially impacting the GMP or the Dates or Substantial Completion or Final Completion, though the Design-Builder shall require that its surety waives any requirement to be notified of any alteration or extension of time.

11.06 LIENS Provided the City has paid timely applicable portions of undisputed invoices, if any of the Design-Builder's subconsultants, Subcontractors, employees, officials, agents or other person directly or indirectly acting for, through or under any of them files or maintains a lien or claim pursuant to the Illinois Public Mechanics' Lien Act, 770 ILCS 60/23, against the public funds for the Project relating to timely paid portions of undisputed invoices, then the Design-Builder agrees to cause such liens and claims to be satisfied, removed or discharged within thirty (30) days from the date of filing thereof; provided, however, that the City may extend the thirty (30) day period if the City determines that such lien claim cannot be so satisfied, removed or discharged in such period and that the Design-Builder is proceeding diligently to cause such liens or claims to be satisfied, removed or discharged. Provided the City's has paid timely applicable portions of undisputed invoices, the City will have the right, in addition to all other rights and remedies provided under this Agreement or by law, to cause such liens or claims relating to timely paid portions of undisputed invoices to be satisfied, removed or discharged by any means at the Design-Builder's sole cost, such cost to include reasonable legal fees.

The Design-Builder will give, or cause to be given, a copy of these provisions to all Subcontractors and will include these provisions in all agreements with Subcontractors, and/or give written notice to all Subcontractors or other persons having oral or written agreements with such Subcontractors.

11.07 LIMITED MUTUAL WAIVER OF CONSEQUENTIAL DAMAGES Except for damages mutually agreed upon by the Parties as liquidated damages in Paragraph 6.4 and excluding losses covered by insurance required by the Contract Documents, the City and the Design-Builder agree to waive all claims against each other for any consequential, incidental, exemplary, or punitive damages that may arise out of or relate to this Agreement, except for those specific items of damages excluded from this waiver as mutually agreed upon by the Parties and identified below. The City agrees to waive consequential, incidental, exemplary, or punitive damages, including but not limited to the City's loss of use of the Project, loss of employee time or productivity, loss of reputation, or insolvency. The Design-Builder agrees to waive consequential, incidental, exemplary, or punitive damages including but not limited to loss of business, loss of financing, principal office overhead and expenses, loss of profits not related to this Project, loss of bonding capacity, loss of reputation, or insolvency. The provisions of this Paragraph shall also apply to the termination of this Agreement and shall survive such termination. For the avoidance of doubt, the following items of damages are not intended to be included in City's waiver of Consequential Damages:

(i) direct damage or destruction of City property caused by Design-Builder; or
(ii) injury or death of any City employee caused by Design-Builder; or
(iii) the remedy of cost of cover as expressly set forth in this Agreement; or
(iv) third-party claims relating to Design-Builder's indemnification obligations under Section 11.1;
(v) damages resulting from Design-Builder's willful misconduct or gross negligence.

The City and the Design-Builder shall require similar waivers in contracts with Subcontractors and Others retained for the Project.

ARTICLE 12

SUSPENSION AND TERMINATION OF THE AGREEMENT AND CITY'S RIGHT TO PERFORM DESIGN-BUILDER'S RESPONSIBILITIES

12.01 SUSPENSION BY THE CITY FOR CONVENIENCE

12.1.1 The City may order the Design-Builder in writing to suspend, delay or interrupt all or any part of the Work without cause for such period of time as the City may determine to be appropriate for its convenience.

12.1.2 Adjustments caused by suspension, delay or interruption shall be made for increases in the GMP, compensation for Design Phase services (and corresponding Design-Builder's Fee), or the Date of Substantial Completion or the Date of Final Completion. No adjustment shall be made if the Design-Builder is or otherwise would have been responsible for the suspension, delay or interruption of the Work, or if another provision of this Agreement is applied to render an equitable adjustment.

12.02 CITY'S RIGHT TO PERFORM DESIGN-BUILDER'S OBLIGATIONS AND TERMINATION BY THE CITY FOR CAUSE

12.2.1 If the Design-Builder persistently fails to perform any of its obligations under this Agreement, the City may, after fifteen (15) Days' written notice, during which period the Design-Builder fails to perform such obligation, undertake to perform such obligations. The GMP shall be reduced by the cost to the City of performing such obligations.

12.2.2 Upon an additional seven (7) Days' written notice to the Design-Builder and the Design-Builder's surety, if any, the City may terminate this Agreement for any of the following reasons:

12.2.2.1 if the Design-Builder persistently utilizes improper materials or inadequately qualified workers;

12.2.2.2 if the Design-Builder does not make proper payment to laborers, Material Suppliers or Subcontractors, provided that the City is making payments to the Design-Builder in accordance with the terms of this Agreement;

12.2.2.3 if the Design-Builder persistently fails to abide by the orders, regulations, rules, ordinances or laws of governmental authorities having jurisdiction;

12.2.2.4 if the Design-Builder refuses or fails to proceed promptly with an Interim Directed Change; or

12.2.2.5 if the design-Builder otherwise materially breaches this Agreement.

If the Design-Builder fails to cure or commence and continue to cure within the fifteen (15) Days, the City, without prejudice to any other right or remedy, may take possession of the Worksite and complete the Work utilizing any reasonable means. In this event, the Design-Builder shall not have a right to further payment until the Work is completed.

12.2.3 If the Design-Builder files a petition under the Bankruptcy Code, this Agreement shall terminate if the Design-Builder or the Design-Builder's trustee rejects the Agreement or, if there has been a default, the Design-Builder is unable to give adequate assurance that the Design-Builder will perform as required by this Agreement or otherwise is unable to comply with the requirements for assuming this Agreement under the applicable provisions of the Bankruptcy Code.

12.2.4 In the event the City exercises its rights under Subparagraph 12.2.1 or 12.2.2, upon the request of the Design-Builder the City shall provide a detailed accounting of the cost incurred by the City.

12.03 CITY'S REMEDIES Upon an event of default, the City may invoke any or all of the following remedies:

12.3.1 The right of set off against any payments due or to become due to the Design-Builder.

12.3.2 The right to take over and complete the Work, or any part thereof, either directly or through others. The City may exercise its right to take assignment of any or all of the Design-Builder's subcontracts, material and equipment to complete the Work. In the event a collateral assignment has not been executed, then Design-Builder will execute, or cause to be executed, any assignment, agreement or other document which may be necessary, in the sole opinion of the City's legal counsel, to evidence or effect compliance with this provision. The Design-Builder will promptly deliver such documents upon the City's request. In the case of any Subcontractor so assigned and accepted by the City, the Design-Builder will remain liable to the Subcontractor for any payment already invoiced to and paid by the City, and for any claim, suit or cause of action based on or the result of any fault, negligent act, failure to act, error, omission, fraud, willful or intentionally tortious conduct, or any other act or omission, or breach of the Agreement by the Design-Builder, its officers, employees, agents and other Subcontractors, arising prior to the date of assignment to the City, when such claim, suit or cause of action has not been discharged, disposed of, or otherwise resolved as of that date. The Design-Builder shall include the requirements of this paragraph in each of its subcontracts. The City's right to take over and complete the Work shall include the City's right to use material and equipment, whether owned or leased, which is within the scope of the Work or necessary for the completion thereof which has been paid for by the City, whether located on or off the Project Site. The Design-Builder will receive no further payment, if any, until the Work is completed.

12.3.3 In the event of termination, all costs and charges incurred by the City, together with any cost of completing the Work, will be deducted from any moneys due or which may become due to the Design-Builder. In case the expense so incurred by the City will be less than the sum which would have been payable under the Agreement, if it had been completed by the Design-Builder and had not been forfeited by the Design-Builder, then the Design-Builder will be

entitled to receive the difference, subject to any claims or liens thereon, which may have been filed or any prior assignment filed with the City. In case the expense incurred by the City will exceed the sum which would have been payable under the Agreement, the Design-Builder and its surety will be liable and will pay to the City the amount of such excess.

12.3.4 The right to terminate the Agreement as to any or all Work yet to be performed.

12.3.5 The right of limited specific performance as identified below:

12.3.5.1 Immediate transfer of title and delivery of permanent equipment or materials;

12.3.5.2 Immediate delivery and transfer of software, software licenses, project-related data files/data bases, and other intellectual property rights;

12.3.5.3 Immediate assignment of purchase orders and leases;

12.3.5.4 Reasonable access to Key Personnel, who do not necessarily have to be physically present in Chicago.

12.3.6 The right of money damages, including, but not limited to, all expert witness or other consultant fees, and court costs, which the City may incur in connection with any claim, suit or action based upon, related to or arising from, directly or indirectly, an event of default hereunder.

12.3.7 The right to withhold all or any part of Design-Builder's compensation.

12.3.8 The right to deem the Design-Builder (including any partners, in the event Design-Builder is a joint venture, or members, in the event Design-Builder is a limited liability corporation) non-responsible in future procurements by the City.

12.3.9 The right to take over the Work, or contract with another design-builder, including, but not limited to, any Subcontractors, and hold Design-Builder liable for any amounts paid for such Work above what the City would have paid the Design-Builder for that same Work. Design-Builder will assign any of its subcontracts to the City that the City may request.

12.3.10 The right to declare Design-Builder (including any partners, in the event Design-Builder is a joint venture, or members, in the event Design-Builder is a limited liability corporation) in default under other contracts Design-Builder has with the City.

12.04 NON-EXCLUSIVITY The remedies under the terms of this Agreement are not intended to be exclusive of any other remedies provided, but each and every remedy will be cumulative and will be in addition to any other remedies existing now or hereafter at law, or in equity. No delay or omission to exercise any right or power accruing upon any event of default will impair any such right or power, nor will it be construed as a waiver of any event of default or acquiescence therein, and every such right and power may be exercised from time to time and as often as the City may deem expedient.

12.05 COURT DETERMINATION OF WRONGFUL TERMINATION In the event a court of competent jurisdiction determines that the City's termination for cause was wrongful, such termination shall be deemed a termination without cause under Paragraph 12.6 and the terms of Paragraph 12.6 will apply.

12.06 TERMINATION BY CITY WITHOUT CAUSE If the City terminates this Agreement other than as set forth in Paragraph 12.2, the City shall pay the Design-Builder for all Work executed, plus all demobilization costs.

12.07 The City shall also pay to the Design-Builder fair compensation, either by purchase or rental at the election of the City, for all equipment retained. The City shall assume and become liable for obligations, commitments and unsettled claims that the Design-Builder has previously undertaken or incurred in good faith in connection with the Work or as a result of the termination of this Agreement. As a condition of receiving the payments provided under this Article 12, the Design-Builder shall cooperate with the City by taking all steps necessary to accomplish the legal assignment of the Design-Builder's rights and benefits to the City, including the execution and delivery of required papers.

ARTICLE 13

DISPUTE MITIGATION AND RESOLTUION

13.01 GENERAL

Compliance with the provisions in this Article 13 is a precondition to seeking judicial review of an adverse decision of the Chief Procurement Officer. **Design-Builder must not withhold performance of and must prosecute any Work required by the Commissioner while Design-Builder's claim, including judicial resolution, if any, is pending. Design-Builder must prosecute all of Design-Builder's Work including any disputed Work with the same diligence and effort as if no dispute existed.** Neither the Chief Procurement Officer's determination, nor the continued performance by either party, constitutes an admission as to any factual and/or legal position in connection with the dispute or a waiver of any rights under the Agreement.

13.02 CLAIMS

13.2.1 This provision applies to all claims under this Agreement, including those for time, money, or both.

13.2.2 Procedures. Within 14 days after a basis for claim arises, Design-Builder must submit Design-Builder's claim in writing to the City's resident engineer or its project manager ("Commissioner's Representative). This written claim to the Commissioner's Representative will constitute "notice" to the City for purposes of determining initial timeliness of the claim; oral notice is insufficient. If Design-Builder and the Commissioner's Representative are unable to promptly (depending upon the complexity of the matter) resolve the claim, Design-Builder must forward Design-Builder's claim in writing to the Commissioner together with the documents listed in (a) through (d) below (collectively, "Design-Builder's documents"). Design-Builder must include:

a. A general statement of the basis for the claim,

b. Reference to the applicable Agreement provisions,

c. All records that support the claim, and

d. All documents that relate to it, such as correspondence, and that are reasonably necessary for the Commissioner to resolve the claim.

It is Design-Builder's responsibility to furnish Design-Builder documents to the Commissioner at the time Design-Builder forwards the claim, as, with or without the supporting documentation, the Commissioner has 30 days to respond in writing to Design-Builder after he has received the claim. Incomplete information may result in an adverse response. The response may be in the form of a Contract Modification or Change Order.

The Commissioner will provide within 30 Days a written response to the Design-Builder's documents. The Commissioner may, at his sole option, forgo the opportunity to respond directly to Design-Builder's claim by referring it with all Design-Builder documentation and a Request for Resolution of Dispute to the Chief Procurement Officer and supplying such additional documentation as the Chief Procurement Officer may require.

13.03 Disputes

13.3.1 Invoking Dispute Resolution Procedures. If Design-Builder disputes the Commissioner's resolution or denial of Design-Builder's claim, , Design-Builder has 15 days to forward Design-Builder's claim and Design-Builder's documentation to the Chief Procurement Officer indicating that Design-Builder is requesting resolution of a dispute and showing that Design-Builder has complied with the preceding claims procedures. The 15-day period to invoke dispute resolution by the Chief Procurement Officer is counted from the date the Commissioner's written resolution was sent to Design-Builder

13.3.2 Waiver. If Design-Builder fails to file a Request for Resolution of Dispute with the Chief Procurement Officer within the 15-day period Design-Builder will have waived Design-Builder's claim, the right to make the claim later, and the right to dispute its resolution or denial.

13.3.3 Dispute Procedures. Once the dispute resolution procedures are invoked, the Chief Procurement Officer will proceed to a final and binding decision under such rules and regulations as he from time to time promulgates. A copy of those rules and/or regulations is available through the Department of Procurement Services. The Chief Procurement Officer's decision will be implemented through a Contract Modification or Change Order, if required, that will be made a part of the Agreement with Design-Builder's signature or without it should Design-Builder refuse to sign the Contract Modification. If either Design-Builder or the Commissioner disagree(s) with the decision of the Chief Procurement Officer, the exclusive remedy is judicial review by a common law *writ of certiorari*. Unless such review is sought within 35 days of receipt of the Chief Procurement Officer's decision, all rights to seek judicial review are waived.

ARTICLE 14

MISCELLAENOUS PROVISIONS

14.01 ASSIGNMENT Neither the City nor the Design-Builder shall assign its interest in this Agreement without the written consent of the other except as to the assignment of

proceeds. The terms and conditions of this Agreement shall be binding upon both Parties, their partners, successors, assigns and legal representatives. Neither Party to this Agreement shall assign the Agreement as a whole without written consent of the other except that the City may assign the Agreement to a wholly-owned subsidiary of the City when the City has fully indemnified the Design-Builder or to an institutional lender providing construction financing for the Project as long as the assignment is no less favorable to the Design-Builder than this Agreement. In the event of such assignment, the Design-Builder shall execute all consents reasonably required. In such event, the wholly-owned subsidiary or lender shall assume the City's rights and obligations under the Contract Documents. If either Party attempts to make such an assignment, that Party shall nevertheless remain legally responsible for all obligations under the Agreement, unless otherwise agreed by the other Party.

14.02 GOVERNING LAW This Agreement is governed in accordance with the laws of the State of Illinois without regard to choice of law principles. Design-Builder irrevocably submits, and will cause its Subcontractors to submit, to the original jurisdiction of those State or Federal courts located within the County of Cook, State of Illinois, with regard to any controversy arising out of, relating to, or in any way concerning the execution or performance of this Agreement. Design-Builder consents to service of process on Design-Builder, at the option of the City, either by registered or certified mail addressed to the applicable office as provided for in this Agreement, by registered or certified mail addressed to the office actually maintained by Design-Builder, or by personal delivery on any of Design-Builder's officers, directors, or managing or general agents.

14.03 SEVERABILITY The partial or complete invalidity of any one or more provisions of this Agreement shall not affect the validity or continuing force and effect of any other provision.

14.04 NO WAIVER OF PERFORMANCE The failure of either Party to insist, in any one or more instances, on the performance of any of the terms, covenants, or conditions of this Agreement or to exercise any of its rights, shall not be construed as a waiver or relinquishment of such term, covenant, condition or right with respect to further performance.

14.05 TITLES AND GROUPINGS The titles given to the articles of this Agreement are for ease of reference only and shall not be relied upon or cited for any other purpose. The grouping of the articles in this Agreement and of the City's specifications under the various headings is solely for the purpose of convenient organization and in no event shall the grouping of provisions, the use of paragraphs or the use of headings be construed to limit or alter the meaning of any provisions,.

14.06 JOINT DRAFTING The Parties to this Agreement expressly agree that this Agreement was jointly drafted, and that both had opportunity to negotiate its terms and to obtain the assistance of counsel in reviewing its terms prior to execution. Therefore, this Agreement shall be construed neither against nor in favor of either Party, abut shall be construed in a neutral manner.

The Work is under your charge and care until Final Completion and Acceptance of the Work, unless otherwise specified elsewhere in the Contract.

III. CONTRACTOR'S OBLIGATIONS

A. Contractor

1. Except as may be expressly provided otherwise in the Contract, you are solely responsible for selecting the means, methods, techniques, sequences, and procedures used in performing the Work. The intent of the Detailed Specifications is to describe the completed Work that you must provide to fulfill the requirements of the Contract. The Detailed Specifications are not intended to cover every detail of materials, parts, or activities necessary to complete the Work. You must perform all activities that may be required or

necessary to complete the Work in accordance with the Contract. For the Contract Price, you must construct, furnish and install all materials, parts and labor necessary to complete the entire Work, whether or not the Contract particularly specifies or shows the details of Work.

2. The Work under this Contract has not been completely segregated into divisions of Work to be performed by any trade or Subcontractor. You are responsible for all division of work. However, wherever any provision of any section of the specifications conflicts with any agreements or regulations of any kind at any time in force among members of any trade or craft associations, unions or councils that regulate or distinguish that work is or is not included in the work of any particular trade, you must make all necessary arrangements to reconcile any such conflict without delay, damage, or cost to the City.

5. Except as otherwise expressly provided in the Contract, the Contract Price includes all costs and expenses for which you will be compensated in connection with the Contract, including

   a. the costs of performing any or all of your obligations and duties under the Contract;

   b. the costs of all materials, equipment, supplies, tools, machinery, labor, supervision, management and items of any and all kinds that are or may be necessary and incidental to the full and satisfactory completion of the Work, whether or not specified or indicated in the Contract;

   h. all overhead and profit.

6. You must begin the Work on the date specified in the Notice to Proceed. In addition, upon receipt of the Notice to Proceed, you must assign and maintain during the term of the Contract and any extension of it, an adequate staff of competent personnel who are fully equipped, licensed as appropriate, available as needed, and qualified to perform the Work. You must include among your staff such personnel and positions as the Contract may require.

   If, in the reasonable opinion of the Commissioner, the performance of your personnel assigned to the Work is at an unacceptable level, or does not comply with the provisions of Section VIII.A, "Competency of Workers," those personnel must cease to be assigned to this Work and must return to you. You must then furnish to the Commissioner the name of a substitute person or persons in accordance with Section III.A.6. Absence of sufficient qualified personnel for the Work constitutes an event of default.

7. You must supervise and direct the Work competently and efficiently, devoting such attention and applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract. You are responsible for providing a finished Project that complies fully with the Contract.
8. Risk of Loss. The Work is under your charge and care until Final Completion and Acceptance of the Work by the Commissioner, unless otherwise specified in the Contract. You assume all responsibility for injury or damage to the Work by action of the elements, fire or any other causes whatsoever, including injury or damage arising from the execution or non-execution of the Work. You must rebuild, repair, restore and make good, at no additional cost to the City, all injuries or damages to any portion of your Work before Final Completion and Acceptance of the Work.

Subcontractors have no rights as third-party beneficiaries under this Contract except as may be provided in Article XXIII. You must implement such measures as may be necessary to ensure that your Subcontractors are bound by all applicable provisions of the Contract.

All subcontracts must require that (i) all Subcontractors' Work be performed in strict accordance with this Contract: and (ii) the Subcontractor is bound by and subject to the requirements of this Contract, whether or not a particular provision specifically mentions Subcontractors. Subcontracts may contain different provisions than are provided in this Contract with respect to payments, schedules, and matters not affecting the quality or timely completion of the Work under this Contract, but only if the City's rights are not thereby prejudiced. You must require each Subcontractor to enter into similar subcontracts with its Subcontractors. You must make available to each Subcontractor,

before the execution of the subcontract, copies of this Contract, to which the Subcontractor will be bound pursuant to the requirements of this Section III.B.4.

5. If a subcontract provided to the City does not comply with these requirements, the City's failure to object is not a waiver of them, and you will remain liable to the City for all damages, costs, fines, losses and claims arising out of the non-compliance.

6. In the case of Work performed by Subcontractors, you must secure warranties from the Subcontractors addressed to and in favor of the City; deliver copies of them to the City upon completion of the Subcontractors' Work and; guarantee and assume full responsibility for the performance of any repair or replacement Work that may be required for the full period of the warranties provided. However, the delivery of the warranties will not relieve you from any obligations assumed under this Contract.

7. Contractor hereby collaterally assigns any or all subcontracts to the City, effective upon the City's exercise, it its sole discretion, of its right to assume such assignment as a remedy for Contractor's default or in the event of early termination. The Contractor must require each of your Subcontractors (including materialmen) to consent to a collateral assignment to the City of their respective subcontract with the Contractor. The Contractor's subcontracts must include language stating:

   Contractor has collaterally assigned this subcontract to the City of Chicago, effective upon written assumption of such assignment by the City in the event of Contractor's default or early termination of Contractor's contract with the City. Subcontractor hereby consents to such assignment and assumption. Subcontractor acknowledges and agrees that, in the event of such an assignment and assumption, the City will have no liability to Subcontractor for work performed by Subcontractor prior to the effective date of the assignment and assumption and that Subcontractor shall look solely to Contractor for any compensation or other obligations arising under the subcontract prior to such date.

1. Surveys, soil borings, geotechnical information, data, plans or other materials generally describing the unimproved land or existing structures at the site may be provided to you by the City. Such information is not warranted by the City to be accurate. You are not entitled to rely on it. In signing this Contract you are acknowledging that when such information appears in Contract documents, prepared by the City or its Consultants, the

City and its Consultants have not verified the information. Site plans do not constitute any representation by the City to you of site boundaries or characteristics.

2. You must take field measurements, verify field conditions and carefully compare those field measurements and conditions and any other information known to you with the Contract documents before commencing the Work. No allowance will be made to you for any extra labor and/or materials required due to site conditions or discrepancies that might have been discovered by a thorough and proper inspection of the site. If land surveying Work is required under this Contract, you must have the Work performed by a land surveyor that is licensed as such by the State of Illinois.

3. If conditions are encountered at the site which are (i) subsurface or otherwise unknown or concealed physical conditions which differ materially from those indicated in the Contract; or (ii) pre-existing unknown physical conditions of an unusual nature, which differ materially from those ordinarily found to exist and generally recognized as inherent in activities of the character provided for in the Contract, including the presence of unanticipated Hazardous Materials, then you must provide immediate written notice to the Commissioner before proceeding with the work or disturbing those areas.

4. If the conditions differ materially from those indicated in the Contract, and cause a material increase or decrease in your cost or time required for the performance of any part of the Work, an equitable adjustment in the Contract Price or Contract Time, or both, will be made under Article XIV, "Changes in the Work."

5. You must keep on hand at the Work site, for reference, a complete set of Contract documents for the Work, copies of all plans and shop drawings, all additional and revised plans furnished by the City and all orders issued to you by the Commissioner that relate to the Work.

Upon verbal and/or written notification of unacceptable work day conditions by the City, you will be responsible for immediate rededication within 48 hours of notification. Your failure to act accordingly will result in completion of remediation work by the City at your expense.

As a condition of Final Completion and Acceptance of the Work, you must remove from the Work site and adjacent premises all machinery, equipment, surplus materials, falsework, excavated and useless materials, rubbish, temporary buildings, barricades and signs, and must restore the site to the same general conditions that existed before the Work began.

Such breach and default entitles the City to all remedies under the Contract, at law or in equity.

This section does not limit the Contractor's and its Subcontractors' duty to comply with all applicable Federal, State, County and Municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Contract.

Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Contract, and may further affect the Contractor's eligibility for future contract awards.

The City's title shall be free and clear of liens, claims, security interests or other encumbrances, upon the earlier of installation, payment therefore or Final Completion of the Project; provided, however, that transfer of title to the City shall not relieve Contractor of any of its responsibilities under this Contract with respect to Work in Progress. Nor will the transfer of title constitute acceptance of any portion of the work.

During the performance of your Work, you are responsible for any loss or damage to documents while in your possession or the possession of a Subcontractor and you must restore any such document so lost or damaged at your expense.

   You must deliver, or cause to be delivered, at any time during the term of this Contract, all documents, including drawings, models, specifications, estimates, reports, studies, maps, and computations, prepared by or for the City, under the terms of this Contract to the City, promptly upon reasonable demand for them or upon termination of the Work. You must provide advance notice to the City of any such intended entry. Consent to enter upon all or any part of the Work site given by the City will not create, nor be deemed to imply the creation of, any additional responsibilities on the part of the City.

2. Inspections: You acknowledge that the City has a right of access to the Work site at all times and the right to inspect all Work during the Contract period.

3. You must use, and must cause each of your officers, employees, agents, and Subcontractors to use, the highest degree of care when entering upon property owned by the City in connection with the Work. In the case of any property owned by the City, or property owned by and leased from the City, you must comply and must cause each of your officers, employees, agents, and Subcontractors to comply, with all instructions and requirements for the use of the property, including any licenses for them, which are incorporated by reference. 2. You must submit to the Commissioner those Shop Drawings, Product Data, Samples, video tape and photographs required for the Work involved under this Contract in accordance with the Schedule.
3. The Schedule must include a schedule of proposed submittal dates. The dates listed in the Schedule must allow sufficient time for review and processing of Shop Drawings or other data by the City and your re-submittal of them, if necessary, before you will need them to complete your performance of the Work they represent under this Contract. No extensions of time will be granted to you because of your failure to have Shop Drawings, Product Data, Samples, video tape and photographs submitted in time to allow for review, re-submittal and final review. You must also submit a separate submittal schedule (in table format), in addition to the Schedule, identifying all Submittals with submittal dates to the Commissioner for review and approval.
4. You must prepare and submit proper Shop Drawings, Product Data, Samples, video tape and photographs in accordance with your contractual obligations. By submitting them, you represent that you have determined and verified all materials, field measurements, field conditions and quantities, and that you have checked and coordinated the information contained within the Submittal, including your Subcontractors' Submittals, with the requirements of the Work and of the Contract.
5. You must date and stamp all Shop Drawings, Product Data, Samples, video tape and photographs. You must also indicate on them that you have reviewed and checked them before submission and found to be in conformance with the Contract. All Submittals must be transmitted to the Commissioner. 6. Shop Drawings must be submitted with accurate dimensions. The Shop Drawings must represent the actual manner in which the Work is manufactured and installed, and the relation of the Work installed to that of other trades, clearances, and all other pertinent data. Cross-section drawings must indicate minimum clearances and all other pertinent data. Dimensions must be expressed in feet and inches. Designs prepared in the metric system may be submitted with metric units, but the equivalent English units must also be shown. All weights and dimensions must be certified before submission for review.

7. The Commissioner's review and acceptance of Shop Drawings in no way relieves you from responsibility for errors or omissions that may exist in the Work or on the certified Shop Drawings. Where such errors or omissions are discovered, you must correct them at no additional cost to the City. Submittals must be sufficiently complete to allow for proper review. You must submit all Shop Drawings, Product Data, Samples, video tape and photographs to the Commissioner for review with an accompanying transmittal letter containing the above Submittal identification data and a list of items being submitted. You must coordinate Submittals into logical groups or sets to facilitate review of several related items.

8. Any Submittal that in the Commissioner's sole opinion is not complete and in proper form will be returned to you without review. You must not submit as Shop Drawings duplicates or reproductions of any Contract documents issued by the City.

9. You must provide Submittals in the following quantities unless a greater number is specified elsewhere in the Contract or is required by the Commissioner:

10. Before submitting Shop Drawings, Product Data, Samples, video tape and photographs, you must notify the Commissioner in writing of any deviations in the Submittals from the requirements of the Contract. If deviations from the Contract requirements are rejected by the Commissioner or if evaluation of the deviations delays the progress of Work, any delay caused will not be compensable by a time extension.

B. Review by the Commissioner

1. Submittals will be reviewed by the Commissioner for compliance with the Contract. In reviewing them the Commissioner will not verify dimensions and field conditions. Any such review does not relieve you, your Subcontractor, manufacturer, fabricator or supplier from responsibility for any deficiency that may exist or from any departures or deviations from the requirements of the Contract, nor does it relieve you or them from responsibility for (i) errors of any sort in Shop Drawings, Samples and Product Data, (ii) responsibility for proper fitting of the Work, or (iii) the necessity of furnishing any Work required by the Contract that may not be indicated on Shop Drawings when reviewed. You are solely responsible for any quantities that may be shown on the Shop Drawings. The Commissioner's review of a specific item does not indicate approval of an assembly of which the item is a component.

2. You must not fabricate products, begin Work, order or have delivered any material, equipment or system that requires a reviewed Submittal until return of the Submittal from the Commissioner with a stamp authorizing Work and/or delivery and installation to be performed, as described in Section V.B.3, immediately below.

3. The Commissioner will return Submittals stamped as follows:

   a. "No Exceptions" means no changes need be made on the reviewed Submittal. You may proceed with the Work for that Submittal.

   b. "Exceptions as Noted" indicates that the Submittal is accepted subject to the corrections and/or comments noted. You may proceed with the Work for that Submittal but only if you incorporate the Commissioner's comments, and/or corrections. Re-submittal is not required, but the corrections must be reflected in the Record Documents.

   c. "Revise and Resubmit" means that the Submittal does not meet all the requirements necessary to proceed with the Work associated with the Submittal. You must resubmit in accordance with the reviewer's comments and/or corrections. Submittals marked in this manner must not be released for fabrication, delivery or construction.

4. If the Submittal requires revision, you must notify the Commissioner and all pertinent Subcontractors, in writing, that the reviewed set has been withdrawn.

5. Submittals that require revisions must be corrected and resubmitted to the Commissioner to maintain the approved CPM schedule, but in no event more than five days after receipt of the Commissioner's comments.

6. Shop Drawings: After review by the Commissioner, one reproducible stamped by the Commissioner as previously described in Section V.B.3 above will be returned to you.

7. Submission and Review of Samples: If a considerable range of color, graining, texture or other characteristics may be anticipated in finished products, you must furnish a sufficient number of Samples of the specified materials to indicate the full range of those characteristics that will be present in the finished products. Any product delivered or erected without submission and review of full-range Samples is subject to rejection. Each tag or sticker must have clear space for your stamps and those of the Commissioner. Notice of the result of the review will be provided to you with one of the stamps indicated in Section V.B.3 above. Rejected samples will be returned. Accepted samples will be

retained by the Commissioner and become the property of the City. Where color samples are required to be submitted, color samples must be submitted in the actual material that will finally be installed in the Work. The various parts of the Work must be in accordance with the reviewed and approved Samples.

8. Product Data: After review by the Commissioner, two sets of Product Data stamped by the Commissioner as previously described will be returned to you.

C. Source of Materials

You must notify the Commissioner in writing as soon as possible after the Contract has been awarded, but not less than three weeks before the need for inspection and testing of the source (or sources) from which you expect to obtain the various construction materials. The source of supply of each material used must be approved by the Commissioner before delivery is commenced. If sources previously approved are found to be unacceptable at any time and fail to produce materials satisfactory to the Commissioner, you must furnish materials from other approved sources.

D. Record Documents

At Substantial Completion, you must deliver to the Commissioner, in suitable transfer cases clearly marked "Record Documents," all Record Drawings, Record Shop Drawings, warranties and guaranties, photographs, video Records (if any are required), Product Data, instructions, parts list, and operations and maintenance manuals arranged in proper order and indexed.

If digital photography is not requested or until it is requested, then you must provide each photograph on an 8" x 10" smooth surface, glossy, black and white print, on single-weight commercial-grade stock. The 1" wide margin, which is punched for a standard 3-ring binder, will have a left-sided margin for vertical shots and a top-sided margin for horizontal shots. You must furnish a complete list of equipment actually installed. The list must include a copy of pertinent nameplate data, name and address of local representative who stocks or furnishes repair or replacement parts, and name, address, and telephone number of the Subcontractor responsible to you for the equipment under the guarantee. You must guarantee any such equipment with respect to the City.

You must submit suitable operating instructions for each major component of equipment and its controls. Instructions must include a schematic diagram accurately showing equipment and controls as installed. Included with each diagram must be a set of simple operating instructions

Five copies of proposed instructions must be submitted to the Commissioner for review and acceptance. Upon acceptance, you must post applicable instructions as directed by the Commissioner.

You must submit maintenance data prepared by the manufacturer of each major component of equipment and its controls. You must, on request, furnish the Commissioner with copies of delivery tickets and invoices, in triplicate, covering the expenditures on the Contract.

2. Audits

   a. You and your Subcontractors must furnish the Commissioner such information as he may request regarding the progress, execution, and cost of the Work. You must maintain complete records showing actual time devoted and costs incurred, adopting

This system of accounting must accord with generally accepted accounting principles and practices, consistently applied throughout. You must maintain its books, records, documents and other such evidence for five years after final payment.

b. All books and accounts you and your Subcontractors are required to keep in connection with the Work under this Contract must be open to inspection and audit by authorized representatives of the City at reasonable times during the performance of the Work, and they must be retained in a safe place and available for inspection and audit during the five-year period after final payment, as provided above. No provision in this Contract granting the City a right of access to records and documents is intended to impair, limit, or affect any right of access to such records and documents that the City would have had in the absence of such provisions.

c. If the City, in its sole discretion, chooses to conduct an audit either during the performance of the Work or in the five-year period after final payment, each audited calendar year or partial calendar year is considered an "audited period." If, as a result of such an audit, it is determined that you or any of your Subcontractors have overcharged the City in the audited period, the City will notify you. You must then promptly reimburse the City for any amounts the City has paid you due to the overcharges and also some or all of the cost of the audit, as follows:

(1) If the audit has revealed overcharges to the City representing less than 5% of the total value, based on the Contract Prices, of the goods, work, or services provided in the audited period, then you must reimburse the City for 50% of the cost of the audit and 50% of the cost of each subsequent audit that the City conducts;

(2) If, however, the audit has revealed overcharges to the City representing 5% or more of the total value, based on the Contract Prices, of the goods, work, or services provided in the audited period, then you must reimburse the City for the full cost of the audit and of each subsequent audit.

d. Your failure to reimburse the City in accordance with V.J.2.c above is an event of default under this Contract, and you will be liable for all of the City's cost of collection, including any court cost and attorneys' fees.

3. Confidentiality

All of the reports, information, or data, prepared or assembled by or provided to you under this Contract are confidential and except as specifically authorized in this Contract or as may be required by law, you must not make available the reports, information, or data, to any other individual or organization, without the prior approval of the Commissioner. This requirement will survive expiration or termination of this Contract.

Upon request by the Commissioner, Contractor shall provide the City electronic versions of any hard-copy record documents that the Contractor is required to prepare by the Contract.

VI. ASSIGNMENT

A. Assignment of Contract by Contractor

You must not assign the Contract, in whole or in part, without the prior written consent of the Commissioner. The consent of the Commissioner will not relieve you from any obligations under this Contract, or in any other way change the terms of this Contract.

B. Assignment of Funds or Claims by Contractor

You must not transfer, pledge or assign any Contract funds or claims due or to become due without the prior written consent of the Commissioner. The transfer, pledge or assignment of any Contract funds, either in whole or in part, or any interest in the Contract funds, that are due or to become due to you, without the prior written consent of the Commissioner, is void with respect to the City.

C. Assignment of Contract by City

The City reserves the right to assign or otherwise transfer all or any part of its interests under this Contract without your consent or approval.

D. Assigns

All of the terms and conditions of this Contract are binding upon and inure to the benefit of the parties to it and their respective legal representatives, successors, transferees, and assigns.

E. Requests to Subcontract

All requests to subcontract must be accompanied by three copies of a written subcontract agreement that sets forth the scope of services to be subcontracted, the lump sum or unit price for the services and the signature of the subcontracting parties. Proposed Subcontractors must not commence Work on any portion of the Project without prior written approval by the Commissioner.

VII. QUALITY OF WORKMANSHIP, EQUIPMENT AND MATERIALS

A. Standard of Performance

In addition to performing the Work in full compliance with the Contract you must perform, or cause to be performed, all Work required of you under the terms and conditions of this Contract with that degree of skill, care, and diligence normally exercised by qualified and experienced contractors in performing work in projects of a scope and magnitude comparable to the Work.

B. Correction of Work

1. You must, upon discovery of any defective or non-conforming Work, or when directed in writing by the Commissioner, promptly re-perform, correct or remove all Work identified to be defective or as failing to conform to the standards set forth in, or any requirement of the Contract, whether or not completed. You must bear all costs of correcting the defective or non-conforming Work, including costs associated with removing any defective or non-conforming Work, replacing the defective or non-conforming Work with non-defective,

conforming Work and any compensation for any additional equipment, materials and/or services made necessary by the removal and replacement.

2. If you do not proceed with re-performance, correction or removal of the defective or non-conforming Work after written notice from the City within the time period designated by the notice, the City may correct or remove it and may store the materials and/or equipment at your expense, then complete the corrective Work. If you do not pay the costs incurred for the removal, storage and correction within 10 days after you receive written notice from the City of the amount of the costs, the City may upon 10 additional days' written notice, sell any such materials and/or equipment at an auction or at a private sale and will account for the net proceeds, after deducting all the costs you are required to bear, including compensation for the City's services. If the proceeds of sale do not cover all costs for removal and correction of the Work, the difference will be charged to you with a deduction of any amounts due you, and an appropriate Contract modification will be issued. If later payments due you are not sufficient to cover the amount, you must pay the difference to the City, or the City may deduct the amount from any other funds due to you, including any amounts due under any other contract between City and you.

3. You must not perform any work without lines and grades or beyond the lines shown on the drawings or outside the scope of the Contract, without the prior written consent or direction of the City. It is not authorized, and if you do so you perform it at your sole expense. Upon direction of the City, work so done must be removed or replaced and those areas restored to their previously existing state at your sole expense.

4. Neither the determination of Final Completion and Acceptance of the Work, nor payment, nor any provisions in the Contract will relieve you of responsibility for defective or non-conforming Work, faulty materials, equipment or workmanship, and unless otherwise specified, you must remedy any defects due to the foregoing and pay for any damage to the Work or other property resulting from defective or non-conforming Work, or faulty materials, equipment or workmanship throughout the Warranty Period, as defined in Section VII.E, "Warranties," below, or such other period of time afforded by industry custom or law, whichever is longer. The City will give you written notice of the observed defects with reasonable promptness.

C. Materials and Equipment

1. Quality of Materials. Unless otherwise specified in the Contract you must use all new materials for the Project and use them in such a manner as to produce completed Work that conforms with the Contract and is acceptable in every detail to the Commissioner. Only materials that conform to the requirements of these specifications may be incorporated or used in the Work. In the absence of a definite specification, materials must be the best of their respective kind with properties best suited to the Work required.

2. Materials Inspection and Responsibility. Before any material is incorporated into the Work, you must submit a "Request for Materials Inspection" to the Commissioner. You are solely responsible for submitting the requests with sufficient time for the City to conduct its inspection. You are not entitled to payment for uninspected materials. The City has the right to inspect any material to be used in carrying out this Contract. The City does not assume any responsibility for the availability of any materials or equipment required under this Contract. By performing any tests or accepting any materials, the City in no way

relieves you of any of your obligations or responsibility under this Contract. Materials, components or completed Work that do not comply with the Detailed Specifications and other requirements of this Contract may be rejected by the City, and you must replace them at no additional cost to the City. After you receive notice from the City that materials or components have been rejected, you must promptly remove them from the City's premises at no additional cost to the City.

   c. You will coordinate the installation of accepted substitutes into the Work and will make such changes as may be required for the Work to be complete in all respects.

4. If evidence you present does not, in the sole opinion of the Commissioner, provide a sufficient basis for reasonable certainty that the proposed substitution or deviations will provide a quality, result, function, and esthetic appearance, among other attributes, at least equal to that attainable by the specified product, the Commissioner may reject the substitution or deviation without further investigation.

5. The Commissioner will judge the design and appearance of proposed substitutes on the basis of their suitability in relation to the overall design of the Project, as well as for their intrinsic merits. The Commissioner will not approve proposed substitutes as equal to items specified that, in the Commissioner's opinion, would be unharmonious, or otherwise inconsistent with the character, quality or design of the Project.

6. You must bear any additional cost, or any loss or damage, arising from the substitution of any material or method for those specified, including the cost for damages incurred by other contractors notwithstanding approval or acceptance of the substitution by the Commissioner, unless the substitution was initiated by the written request or direction of the Commissioner.

7. The investigation review and approval of substitute materials requires a minimum of 30 days beyond that required for specified routine items. No request for a delay or disruption will be allowed whether or not the substitution is granted.

8. Approval by the Commissioner of a substitution of material will be given in a Contract modification as required in Article XIV, "Changes in the Work."

E. Warranties

1. You warrant all Work furnished under this Contract against defective materials and workmanship, improper performance and non-compliance with the Contract for a period of one year after the date of Final Completion and Acceptance of the Work ("Warranty Period"), except as otherwise specifically stated in other parts of the Contract or within such longer periods of time as may be provided by law or by the manufacturer, which periods will then become the Warranty Period as applicable. Your warranty will be in addition to any Manufacturers' Warranties.

2. Your written warranty will include the name of the project as designated in the Contract, be signed by an officer of the company having authority to provide the warranty, and state: "This document serves as a one - year written warranty for the Work performed, and material and equipment installed on the above referenced project. 3. During the Warranty Period, you must repair and replace at your own expense, when so ordered by the Commissioner, all Work that may develop defects whether these defects may be inherent in the equipment or materials, in the functioning of the piece of equipment, or in the functioning and operation of pieces of equipment operating together as a functional unit. Any equipment or material that is so repaired or replaced will have the Warranty Period extended for a period of one year from the date of the last repair or replacement.

4. You must bear all costs associated with any repair or replacement under this section, including removal, material, transportation, and reinstallation.
5. Manufacturer's Warranties
   a. You must:
      (1) ensure that all required Manufacturer's Warranties pass through to the City and the Department;

VIII. PERSONNEL

A. Competency of Workers

You must employ only competent and efficient laborers, mechanics or artisans on the Work, as demonstrated by completion of a specific training program or demonstrated project experience. Whenever, in the opinion of the Commissioner, any worker is careless, incompetent, violates safety or security rules, obstructs the progress of the Work, acts contrary to instructions or acts improperly, or fails to follow the safety requirements of this Contract, you must, upon request of the Commissioner, remove the worker from the Work. You must not permit any person or worker to enter any part of the Work or any buildings connected with it who is under the influence of intoxicating liquors or controlled substances.

E. Prevailing Wage Rates

In the performance of the Work, you are fully responsible for paying not less than the prevailing rate of wages as determined by the Illinois Department of Labor, which must be paid to all laborers, mechanics, and other workers performing Work under this Contract.

Your attention is called to the generally prevailing hourly rate of wages, as determined by the Illinois Department of Labor, which are included in the DB Agreement and which are incorporated into the Contract. These wage rates are also the prevailing wage rates for the City of Chicago, as determined by the Department as of the date of publication of these specifications.

The wage rates set forth in these specifications were the rates in effect at the time these specifications were issued. In the performance of the Work, however, you are fully responsible for paying the generally prevailing hourly rate of wages in effect, as determined by the Illinois Department of Labor, at the time the Work is performed. If the Illinois Department of Labor revises the prevailing rate of hourly wages to be paid for the Work before completion of the Project, the revised rate applies to this Contract from the effective date of the revision, but the revision does not entitle you to any increased compensation under the terms of this Contract.

As a condition of making payment to you, the City may require you to submit an affidavit to the effect that not less than the prevailing hourly wage rate is being paid to laborers, mechanics, and other workers employed on this Contract in accordance with Illinois law.

F. "Living Wage"

A. Section 2-92-610 of the Municipal Code of Chicago provides for a base wage for certain categories of workers employed in the performance of City contracts, specifically non-City employed security guards, parking attendants, day laborers, home and health care workers, cashiers, elevator operators, custodial workers, and clerical workers ("Covered Employees"). Accordingly, pursuant to Section 2-92-610 and regulations promulgated thereunder:

1. if the Contractor has twenty-five (25) or more full-time employees, and

2. if at any time during the performance of the contract the Contractor and/or any subcontractor or any other entity that provides any portion of the Services (collectively "Performing Parties") uses twenty-five (25) or more full-time security guards, or any number of other full-time Covered Employees, then

3. the Contractor must pay its Covered Employees, and must assure that all other Performing Parties pay their Covered Employees, not less than the minimum hourly rate as determined in accordance with this provision (the "Base Wage") for all work performed pursuant to the Contract.

B. The Contractor's obligation to pay, and to assure payment of, the Base Wage will begin at any time during the Contract term when the conditions set forth in A.1 and A.2 above are met, and will continue thereafter until the end of the Contract term.

C. As of July 1, 2017, the Base Wage is $12.30 per hour. Each July 1st, thereafter the Base Wage will be adjusted, using the most recent federal poverty guidelines for a family of four (4) as published annually by the U.S. Department of Health and Human Services, to constitute the following: the poverty guidelines for a family of four (4) divided by two thousand (2000) hours or the current base wage, whichever is higher. At all times during the term of this Contract, Contractor and all other Performing Parties must pay the Base Wage (as adjusted in accordance with the above). If the payment of prevailing wages is required for work or services done under this Contract, and the prevailing wages for Covered Employees are higher than the Base Wage, then the Contractor must pay the prevailing wage rates.

D. The Contractor must include provisions in all subcontracts requiring its subcontractors documentation acceptable to the Commissioner demonstrating that all Covered Employees, whether employed by the Contractor or by a subcontractor, have been paid the Base Wage, upon the City's request for such documentation. The City may independently audit the Contractor and/or subcontractors to verify compliance herewith. Failure to comply with the requirements of this Section will be an event of default under this Contract, and further, failure to comply may result in ineligibility for any award of a City Contract or subcontract for up to three (3) years.

E. Not-for-Profit Corporations: If the Contractor is a corporation having Federal tax-exempt status under Section 501(c)(3) of the Internal Revenue Code and is recognized under Illinois not-for-profit law, then the provisions of Section A through D above do not apply.

G. Minimum Wage, Mayoral Executive Order 2014-1

Mayoral Executive Order 2014-1 provides for a fair and adequate Minimum Wage to be paid to employees of City contractors and subcontractors performing work on City contracts.

If this contract was advertised on or after October 1, 2014, Contractor must comply with Mayoral Executive Order 2014-1 and any applicable regulations issued by the CPO. The Minimum Wage to be paid pursuant to the Order is $13.45 per hour. The Minimum Wage must be paid to:

- All employees regularly performing work on City property or at a City jobsite.

- All employees whose regular work entails performing a service for the City under a City contract.

The Minimum Wage is not required to be paid to employees whose work is performed in general support of contractors operations, does not directly relate to the services provided to the City under the contract, and is included in the contract price as overhead, unless that employee's regularly assigned work location is on City property or at a City jobsite. It is also not required to be paid by employers that are 501(c)(3) not-for-profits.

Except as further described, the Minimum Wage is also not required to be paid to categories of employees subject to subsection 4(a)(2), subsection 4(a)(3), subsection 4(d), subsection 4(e), or Section 6 of the Illinois Minimum Wage Law, 820 ILCS 105/1 et seq., in force as of the date of this Contract or as amended. Nevertheless, the Minimum Wage is required to be paid to those workers described in subsections 4(a)(2)(A) and 4(a)(2)(B) of the Illinois Minimum Wage Law.

Additionally, the Minimum Wage is not required to be paid to employees subject to a collective bargaining agreement that provides for different wages than those required by Mayoral Executive Order 2014-1, if that collective bargaining agreement was in force prior to October 1, 2014 or if that collective bargaining agreement clearly and specifically waives the requirements of the order.

If the payment a Base Wage pursuant to Municipal Code of Chicago Sect. 2-92-610 is required for work or services done under this Contract, and the Minimum Wage is higher than the Base Wage, then the Contractor must pay the Minimum Wage. Likewise, if the payment of a prevailing wage is required and the prevailing wage is higher than the Minimum Wage, then the Contractor must pay the prevailing wage.

Contractors are reminded that they must comply with Municipal Code Chapter 1-24 establishing a minimum wage.

H. Employment Preferences

1. Veterans Preference

In accordance with the Veterans Preference Act, 330 ILCS 55/0.01 *et seq.*, employment and appointment preference shall be given to veterans when filling positions. This preference may be given only where the individuals are available and qualified to perform the Work. Contractor must ensure that the above provision is inserted in all contracts it enters into with any Subcontractors and any labor organizations that furnish skilled, unskilled and craft union skilled labor, or that may provide any material, labor, or services in connection with this Agreement.

2. Chicago and Project Area Residency Requirements

If the funding under this contract is $100,000 or more, Contractor and all subcontractors that perform work on the site on the construction project undertaken pursuant to this contract shall comply with the minimum percentage of total worker hours performed by actual eligible residents of the City of Chicago as specified in § 2-92-330 of the Municipal Code and rules and regulations adopted thereunder,, unless otherwise prohibited by law.

7.5% of the total work hours must be performed by project area residents and 50% of the total work hours must be performed by city residents unless the Chief Procurement Officer determines otherwise. Work hours performed by project area residents are counted as work hours performed by city residents for purposes of calculating the minimum work hour percentage required to be performed by city residents. In addition to complying with this requirement, Contractor and all Subcontractors must make good faith efforts to utilize qualified eligible residents of the City of Chicago in both unskilled and skilled labor positions.

"City residents" means persons domiciled within the city.

"Project area residents" means persons domiciled within that part of the city designated as the project area in the information for bidders issued by the Department of Procurement Services.

"Domicile" means an individual's one and only true, fixed and permanent home and principal establishment.

"Eligible residents" means city residents and project area residents.

"Actual residents of the City of Chicago" shall mean persons domiciled within the City of Chicago. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

The contractor shall provide for the maintenance of adequate employee residency records to ensure that actual eligible Chicago residents are employed on the project. The contractor and subcontractors shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

Certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) must be submitted weekly to the Commissioner of the supervising department in triplicate, shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the company hired the employee should be written in after the employee's name.

Full access to the contractor's and subcontractors' employment record shall be granted to the Chief Procurement Officer, the Commissioner of the supervising department, the Superintendent of the Chicago Police Department, the inspector general, or any duly authorized representative thereof. The contractor and subcontractors shall maintain all relevant personnel data in records for a period of at least three years after final acceptance of the work.

At the direction of the supervising department, affidavits and other supporting documentation will be required of the contractor to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of the contractor to provide utilization of actual eligible Chicago residents shall not suffice to replace the actual, verified achievement of the requirements of this section concerning the worker hours performed by actual eligible Chicago residents.

When work is completed, in the event that the City has determined that the contractor failed to ensure the fulfillment of the requirement of this section concerning the worker hours performed by actual eligible Chicago residents or has failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this section. Therefore, in such a case of non-compliance it is agreed that 1/20 of 1 percent (.05%), 0.0005, of the approved contract value for this contract shall be surrendered by the contractor to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll date may subject the contractor or subcontractors or employee to prosecution.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this contract.

3. Employment of Illinois Laborers on Public Works Projects

Contractor must use only Illinois laborers in the performance of this Contract to the extent (1) required by the Employment of Illinois Laborers on Public Works Projects Act, 30 ILCS, 570/0.01, as amended from time to time and (2) otherwise permitted by law.

H. Working hours in city contracts

Eight hours constitutes a legal day's work under this Contract, in accordance with § 2-92-220 of the Municipal Code of Chicago.

IX. PERMITS AND LICENSES

A. Contractor Obtains Permits

Except for the three types specified below, you must obtain all permits wherever the Work under this Contract requires them, including from the City of Chicago or other public authorities. You must furnish triplicate copies of the permits to the City before the Work covered by them is started. NO WORK IS ALLOWED TO PROCEED BEFORE SUCH PERMITS ARE OBTAINED.

The City will obtain permits required from the Metropolitan Water Reclamation District of Greater Chicago, the Illinois Division of Waterways and the U.S. Army Corps of Engineers.

B. Contractor Pays Permit Fees

The special use of, or removal, alteration or replacement of certain City-owned facilities and appurtenances such as traffic signs, parking meters, trees, sewers, hydrants, bridges and viaducts which are required for you to perform your Work are subject to all applicable Municipal Ordinances. It is your responsibility to obtain all the necessary permits and pay the associated fees. You must furnish copies of the permits to the City before the Work covered is started. Information with regard to the above may be obtained by contacting the appropriate City Departments.

C. Occupancy Placard and Fees

You must provide an occupancy placard indicating occupancy and floor plans based upon key plans provided by the Architect. It is your responsibility to pay all fees and expenses related to providing the occupancy placard.

X. COORDINATION WITH OTHER CITY DEPARTMENTS

A. Water System Work and Usage

If water from a City hydrant is necessary for the execution of the Work, you must obtain a hydrant permit from the City's Department of Water Management. You must obtain a permit from that department also for any construction, repair or adjustment of any water main, branch or service connection. Requests for permits must be made at the **Department of Water Management, City Hall, 121 North LaSalle Street, Room 906, Chicago, Illinois 60602; 312/744-7060.**

Requests for permits must be made at the **Department of Water Management (Sewers and Drains), 333 S. State Street, Room 410, Chicago, IL 60604-3971; 312/747-8117.**

Plans meeting the department's requirements must be submitted with the application for permit at least four days before the issuance of permit. When applying for a permit, you must submit three sets of plans that show all new underground sewer Work inside and around the project with a clear site or location plan together with the estimate of quantities for sewer sizes and sewer structures to be installed.

A copy of the permit must be on the Work site before the start of construction. Failure to obtain a permit before the start of construction will result in a penalty and could result in the revocation of the drainlayer's license.

You must arrange for sewer inspections at least 48 hours before the start of Work. Inspections may be requested by calling **(312)744-7501 for Plumbing Inspections and (312) 747-7892 for Mason Inspections.**

C. Parking Meter Removal and Replacement

The City via the metered parking concessionaire shall close or remove and opened or reinstall any parking meters, including signs indicating pay boxes, as may be required. However, you must pay all fees and lost meter revenues required by § 9-68-050 of the Chicago Municipal Code. You must advise the Department of Transportation, Bureau of Inspections, Construction Compliance Section (Public Way Permits), Room 804, City Hall, Chicago, Illinois 60602, in writing at least two weeks in advance of the closure citing the location and meter number of the meters to be closed or removed. Closures of less than 6 hours on a given day and limited to less than 10 business days are strongly encouraged, and you must be prepared to detail any reason requiring closures of a longer hourly and daily duration.

You may not remove any parking meters without the express written consent of the Commissioner. If you violate this provision, you (a) recognize that the City will suffer damages as a result, including the costs incurred by the City in tracking, retrieving, and repairing damage to the parking meters, and (b) will be liable for liquidated damages in the amount of $350 for each single-space parking meter or $10,000 for each pay box you removed. All amounts, including any other debts, will be deducted from any amounts due or that may become due you.

Notification must be provided immediately once meters can be opened or reinstalled. That notification must be e-mailed to the Department of Revenue at parking-meter-closure@cityofchicago.org. Please include "REOPEN/REINSTALL" in the subject line and provide details concerning permit numbers, locations, and dates that the meters may be opened or reinstalled.
The City of Chicago Department of Transportation and the Department of Revenue may modify these requirements in the future.

D. Traffic and Parking Sign Removal and Replacement

The City will remove and re-install any traffic and parking sign(s) as may be required, however, you will be responsible for all fees relative to the removal and replacement of all of the City's traffic and parking signs. You must inform the Bureau of Signs and Markings, in writing, of the location of each sign to be removed and specify its distance from the property line of the

nearest cross street. Each sign legend must also be stated. This information must be provided at least five days before removal. You must also inform the Bureau of Signs and Markings, in writing, of when signs may be reinstalled as soon as this date is known. Contact the **Bureau of Signs and Markings, 3458 S. Lawndale, Chicago, Illinois, 60623, Attn.: Deputy Commissioner, (312)747-2210.**

E. Trees

In accordance with § 10-32-060 *et seq.* of the Municipal Code, you must obtain a permit from the Bureau of Forestry when removing planting, trimming, spraying, or in any way affecting the general health or structure of trees in the public way. There is no fee for this permit. The permit must be obtained from the **Bureau of Forestry Permits Division; 3200 S. Kedzie, Chicago, Illinois 60623; (312/747-2098), fax (312) 747-2178.**

The Bureau of Forestry requires 48 hours' notice before starting Work for all activities with the exception of tree planting, which requires two weeks' prior notice. To obtain tree planting permits, two copies of the site plan must be presented to the Bureau for its review and approval. A Bureau representative must also assist in the selection of those trees to be planted in the public way. Tree planting standards and specifications are outlined in the Bureau of Forestry's "Manual of Tree Planting Standards," which is available upon request from the Bureau of Forestry.

F. Demolition

If demolition of a structure or removal of an underground storage tank is required during construction, you must obtain a permit and pay the required fee as set forth in the Municipal Code and its amendments to date. The permit must be obtained from the Department of Construction and Permits, City Hall, 121 North LaSalle Street, Room 900, Chicago, Illinois 60602; (312/744-3400).

XI. SCHEDULE

A. Time

1. The date for commencement of the Work is the date set forth in the Contract or such other date as may be established at the discretion of the Commissioner in a Notice to Proceed. Within five calendar days after the award and release of the Contract, you must provide the Commissioner, a schedule for the performance of the Work, which complies in all respects with the Contract, within the Contract Time. The schedule may be used as a means of determining the progress of your performance of the Work, but neither the provision of the schedule to the City, nor the City's acceptance or use of the schedule, acts in any way to relieve you of any of your obligations under the Contract.

2. Progress and Completion. TIME IS OF THE ESSENCE IN THIS CONTRACT. No time extensions will be allowed unless they are contained in a Contract Modification that has been approved and executed by the City. Liquidated damages will be assessed against you for late completion of the Work and failure to achieve any milestone dates that provide for liquidated damages set forth in the Contract. You must not suspend any Work that may be subject to damage by climatic conditions without the Commissioner's prior written

approval. Notwithstanding any other terms contained in this Contract, you must take measures to protect the Work and to minimize the impact of such conditions on the progress of the Work.

B. Progress Schedule

1. You must begin performance of the Work and to prosecute it with all due diligence, so as to complete the entire Work under this Contract within the Contract Time stipulated, after the date of commencement of Work, as specified in the written Notice to Proceed to you. The date for the commencement of Work is not counted as a day, but each day after that, from midnight to midnight, is counted as one day and the last day counted is the date of Final Acceptance and Completion of the Work. You must, when necessary, use overtime, multiple shifts, weekend and/or holiday work to maintain the approved schedule at no additional cost to the City.

2. Except when otherwise specified by the Commissioner, you must provide the progress schedule ("Schedule") for the Work using the Critical Path Method ("CPM") as described in Section XI.D, "Critical Path Method Schedule," below.

3. The Commissioner's approval of your Schedule is done for the sole purpose of insuring that all CPM scheduling documents you prepare are in conformance with the Contract requirements. This approval does not relieve you of the responsibility for the means, methods, procedures and sequence of the construction process nor does it entitle you to additional funds for completing Work in a period that is less than the Contract Time.

4. Daily Progress Reports: You and all Subcontractors must prepare and submit to the Commissioner daily progress reports on the various parts of the Work, including in the report the number of workers and the classification of the trades involved, equipment used and any pertinent information regarding possible delays in the Work.

C. Construction Operations Plan

1. You must, within 14 days after Notice to Proceed, submit to the Commissioner for review the order of procedure you propose to follow in performing the Work. Work begins only after your proposed order of procedure in performing the Work and the Schedule have been submitted to and consented upon by the Commissioner, in writing. You understand that a reasonable amount of time is required by the Commissioner for the examination of the procedure and Schedule. As Work progresses, changes or modifications in the procedure and Schedule, may be required by the Commissioner. In that event, upon notice from the Commissioner to you, further Work is performed only in accordance with the changed or modified procedure and Schedule as have been submitted to and consented upon, by the Commissioner, in writing.

2. The Commissioner, in his/her sole discretion, may reject or require modification of any proposed or previously approved order of procedure, that he or she considers to be unsafe for the Work under this Contract, or for other Work being carried on in the vicinity, or for other structures, or for the public, or for workmen, engineers and inspectors employed thereon, or that will not provide for the completion of the Work within the period of time specified in the Schedule, or that is contrary to any other requirement of this Contract.

3. The City's acceptance or approval of any order or procedure or equipment that you submitted or employ does not in any manner relieve you of responsibility for the

performance of the Work, or for the safety of the performance of the Work under this Contract, or from any liability whatsoever on account of any procedure employed by you, or due to any failure or movement of any structure or equipment furnished by it. Notwithstanding any approval by the Commissioner, should any structure or equipment installed under this Contract afterwards prove insufficient in strength or fail in any manner whatsoever, the insufficiency or failure in no way forms the basis of any claim for extra compensation for delay, or for damages or expenses caused by the insufficiency or failure, or for an extension of time for completion of the Work, or for material, labor or equipment required for repairing or rebuilding the structure or equipment, or for repairing or replacing any other Work that may have been damaged by the movement or insufficiency or failure of any such structure or equipment, respectively.

D. Critical Path Method ("CPM") Schedule

1. You must format the Schedule to show the proposed starting and completion date for the various stages of the Work, including any float time, and must prepare it in such a way that it can be used to plot actual progress against proposed progress. You must update the Schedule and submit it to the Commissioner no less than monthly or as directed by the Commissioner. The Commissioner may request more frequent Submittals. Monthly payment will be withheld for failure to submit updated Schedules. One copy of the Schedule must be submitted to the Commissioner in a reproducible format. A copy of the Schedule must be submitted on a computer diskette in a format acceptable to the Commissioner.

2. You must assure that the Schedule includes, at a minimum:

   a. Project name, Contract number, Contractor's name, data date and plot date on each separate sheet. If multiple diagrams are prepared, each must, in addition to the above, include a descriptive title of that portion of the Work included in them.

   b. The order and interdependency of activities, indicating the sequence in which you plan to perform the Work; the Schedule must describe and indicate the critical path; and

   c. Estimates of man hours and/or crew sizes for each activity.

   d. The dates for:

      (1) starting and completing the various stages of the Work, including milestones identified by the City in the Contract;

      (2) placing material orders, fabrication and delivery of materials and equipment;

      (3) preparation, submittal and approval of all required submittals to the City;

      (4) procuring material and equipment furnished by the City;

      (5) interface activities performed by other contractors or Subcontractors upon which your Schedule depends;

      (6) all Work activities and field construction operations;

      (7) equipment installation, testing and balancing.

3. For purposes of the Schedule, "activity" means each logically separate part of the Work defined by an observable start and an observable finish, subject to the following:

a. To establish the scope of an activity for Schedule purposes, you must form a single activity from the largest grouping of related operations that permit a continuous and measurable flow of Work;

b. The scope of an activity must be small enough to permit a reasonable appraisal of its status or as directed by the Commissioner;

c. Each activity on the Schedule must be manpower loaded;

d. The activities must be defined so that the average activity has a value of approximately $25,000, with no activity exceeding $200,000 without the consent of the Commissioner; and

e. Activities of other contractors or companies that must be completed before the start of your Work or portion of Work must be included in the Schedule as milestones and identified with a designation approved by the Commissioner.

4. You must furnish the following information on the Schedule for each activity:

a. Activity numbers assigned to the related portions of Work in the format of the project specification division and section numbers. You must submit the activity numbers to the Commissioner for review and approval;

b. A description of the activity that is sufficiently detailed to permit an evaluation of your performance of the Work described;

c. Duration of the activity in days, unless otherwise noted;

d. Responsibility code for each activity that is not performed by you, indicating which Subcontractor, supplier, fabricator, or other contractor is to perform the activity;

e. Each activity must be identified with early/late start, early/late finish, and total float;

f. A breakdown by monthly node of dollar amount and percentage of Contract Price.

5. In addition to the above, any activity whose start or finish dates has been specified elsewhere in the Contract must be shown as the specified dates in the Schedule.

6. The following information must be furnished on the Schedule as summary items:

a. The projected total percentage complete, on a monthly basis;

b. Anticipated total partial payments, on a monthly basis, including Subcontractor payment breakdown; and

c. The projected total manpower requirements, on a weekly basis.

d. Within 14 days after receipt of the detailed Schedule and supporting documents, the Commissioner will either approve the Schedule or reject it with written comments. If the Schedule is rejected, you must submit a revised Schedule within seven calendar days of the date of rejection. The Commissioner's decision to reject the Schedule is final and you may not dispute it under Article XIX of the Contract.

e. You must provide prompt written notice to the Commissioner of any events or other changes that may delay or accelerate the Schedule.

f. If you fail to provide the Schedule within the time prescribed and/or updates within the stated time frames, it is an event of default under the Contract, and the Commissioner may, in addition to any other remedies available to the City, withhold monthly partial payments until such time as you submit the required information.

7. Changes to the Schedule

a. If you propose to make any changes to the Schedule, you must provide the Commissioner notice of the proposed changes, in writing, stating the reasons for the change, identifying each changed activity (including durations and interrelationships between activities) and providing a diskette of the proposed changed Schedule.

b. The originally approved Schedule will be the Baseline Schedule. The Commissioner, in his sole discretion, may approve or disapprove the proposed change in the Schedule to the extent that the change does not extend the Contract Time. He will provide a decision in writing to you within 10 days of receipt of your submission. All monthly updates must be plotted against the current revision of the Baseline Schedule.

c. If the Commissioner approves the change to the CPM Schedule you must submit a revised Schedule incorporating the change(s) within 10 days after approval along with a written description of the change(s) to the Schedule.

d. Any proposed change that would result in an extension of Contract Time requires a written modification of the Contract pursuant to Section XIII.B, "Modifications," of the Contract.

8. Updating. The originally approved CPM will be designated as the Baseline Schedule and will only be changed based on a Contract Modification that extends the Contract duration.

a. All updates will be plotted against the Baseline Schedule. You must update the CPM Schedule on a monthly basis coincident with the submission of the pay estimate. The updated information must include the Baseline Schedule detail and the following additional information for each activity:

(1) Actual start dates;

(2) Actual finish dates;

(3) Actual activity percent complete;

(4) Remaining duration of activities in progress; and

(5) Critical activities must be identified or highlighted.

b. The updated information must include the Baseline Schedule detail and the following additional information for each summary item:

(1) Actual monthly and total-to-date Work percentage complete.

(2) Actual monthly partial payments, including Subcontractor partial payments; and

(3) Actual weekly and total-to-date manpower utilization.

c. The City may withhold partial payments if you do not submit updates as required.

9. Neither an update nor Schedule change may, in itself, extend the term of this Contract. The term of the Contract may only be extended by a written Contract Modification executed pursuant to Section XXIII.B, "Modifications," of the Contract.

10. Narrative Report. As part of the CPM Schedule update, you must prepare a written narrative report, highlighting the progress during the past update period. This written report must include the following information:

    a. Summary of Work accomplished during the past update period;

    b. Contract milestone comparison chart;

    c. Analysis of critical path(s);

    d. Analysis of time lost/gained during the update period;

    e. Identification of problem areas; and

    f. Recommended solutions to current problems.

11. You are required to attend a monthly CPM Schedule review meeting where the Schedule will be reviewed with the Commissioner. The purpose of this meeting is to review past progress, current status, problem areas and future progress. Your narrative report is reviewed at this meeting. Your representatives attending this meeting must have the authority to commit manpower and/or other resources to correct any negative impact to the Schedule. Any possible means of shortening the Schedule at no additional cost will be brought to the attention of the Commissioner. The Updated Progress Schedule will be used as a guide for verifying estimates of work completed for which payment is requested, and must accurately represent the project's current status. None of the information provided in this Section constitutes a request for a time extension.

E. Recovery Schedule

1. You must maintain an adequate work force and the necessary materials, supplies and equipment to meet the current approved Schedule. If you, in the sole opinion of the Commissioner, are failing to meet the approved Schedule, including any Contract milestones, you must submit a recovery Schedule (the "CPM Recovery Schedule"). The CPM Recovery Schedule sets forth a plan to eliminate the schedule slippage (negative float). The plan must be specific and show the methods to achieve the recovery of time, e.g., increasing manpower, working overtime, weekend work, employing multiple shifts. You must bear all costs associated with implementing the CPM Recovery Schedule.

2. Upon receipt of the CPM Recovery Schedule, the Commissioner will review it for conformance with the Contract and degree of detail. The Commissioner, within 14 days after receipt of the CPM Recovery Schedule and supporting documents will approve it or reject it with written comments. If the detailed CPM Recovery Schedule is rejected, you must submit a revised CPM Recovery Schedule within seven calendar days after the date of rejection. The Commissioner's decision to reject the CPM Recovery Schedule is final and you may not dispute it.

3. If you refuse to follow the direction of the Commissioner, the Commissioner reserves the right after seven days written notice to you, to procure the materials, equipment and labor to proceed with or to complete the Work or any portion of it and charge the cost to you.

The Commissioner's rights under this provision are cumulative to rights under any other provisions of the Contract including the City's rights to terminate for default or to early termination.

F. Time for Completing Punch List

1. TIME IS OF THE ESSENCE IN CLOSING OUT THE WORK, and you must begin work immediately after receipt of a list of minor miscellaneous or finishing work known as "Punch List Work." Your failure or that of your Subcontractors to begin the Punch List work within three days of receipt of the Punch List is an event of default.

2. You must diligently prosecute the Punch List work once begun and complete it within 30 days from receipt of the Punch List. If you fail to complete Punch List work within the 30 day time period, you must pay the liquidated damages set forth in the DB Agreement.

3. If liquidated damages are assessed, they will be added to the previously determined liquidated damages assessed as of the Substantial Completion Date or the City's beneficial occupancy of the Project, whichever occurs earlier. The City's takeover of the Project under Section XX.C.3.b., however, does not constitute beneficial occupancy for purposes of liquidated damages.

G. No Damages for Delay; Extensions of Time

1. Should you be delayed in starting, prosecuting or completing the Work by any act of the City, including a delay, change, addition, deletion or modification in the Work or any omission, neglect or default of the City, or by order of the City, or anyone employed by or acting on behalf of the City, or by any cause beyond your control, none of which are due to any fault, neglect, act or omission on your part, then your relief is limited to an extension of the Contract Time that is no greater than the duration of any such delay. The extension of time releases and discharges the City, its employees, officials, agents and representatives from all claims for damages of whatever character, including any claims you may make on account of disruption, changes in sequence, interference, inefficiency, direct or indirect cost or any other causes of delay.

2. You must notify the Commissioner in writing of the cause within five calendar days after the delay begins. Consideration of a time extension for events beyond your reasonable control will be made if the delay directly impacts the Schedule for completion of the Work. Events considered to be beyond your reasonable control are limited to acts of God, acts of the public enemy, fires, floods, earthquakes, epidemics, quarantine restrictions, labor strikes at the job site, freight embargoes, or weather significantly more severe than the norm, but only if the listed causes were not foreseeable and did not result from your fault or negligence and only if you took reasonable precautions to prevent delays owing to such causes.

3. Unless otherwise provided in the Contract, the Contract Time is based on normal weather conditions. An extension is granted for weather significantly more severe than the norm only if you demonstrate to the satisfaction of the City that any delay in the progress of the Work was due to such weather. The basis used to define normal weather will be the "normal" data as compiled by the United States Department of Commerce, National Oceanic and Atmospheric Administration in their most current report entitled "Local Climatological Data, Annual Summary with Comparative Data" for the month for which the

time extension is sought. The effects of weather less severe than the norm may be taken into account in considering your requests for time extensions for the effects of more severe weather.

4. No extension of time will be granted under this Section for any delay if you, by your action or inaction, including your fault or negligence or that of your Subcontractors, caused the delay, or for which any remedies are provided under any other provision of the Contract.

5. The grant of an extension of time pursuant to this Section XI.G, "No Damages for Delay and Extension of Time," in no way constitutes a waiver by the City of any rights or remedies existing under this Contract, at law or in equity.

6. You must submit in writing any claim for extension of time to the Commissioner not more than five days after the delay begins, otherwise the claim is waived. Any claim for extension of time must (i) state the cause of the delay; (ii) specifically demonstrate the impact of the delay on the Schedule; and (iii) state the number of extension days requested. If the cause of the delay is continuing, only one claim is necessary, but you must report, in writing, the cessation of the cause for the delay within 10 days after the termination. Any claim for extension of time that does not comply with this provision constitutes a waiver by you of your rights to any such extension.

7. After receipt of a timely and properly completed request for a time extension, the City may (i) grant a time extension for the entire length of the delay; (ii) grant a time extension for a portion of the extent of the delay; or (iii) deny the time extension.

8. If you do not agree with the City's decision on a claim for time extension, you may appeal the ruling to the Chief Procurement Officer under Article XIX, "Claims and Disputes," but only if you have complied with the notice requirements provided in these Terms and Conditions for Construction and the time extension request exceeds five calendar days or the liquidated damages exceed $10,000. The Commissioner's decision is final whenever the time extension request is for a duration of less than five days or the liquidated damages are less than $10,000.

H. Suspension of Work

The Commissioner has authority to suspend the Work wholly, or in part, for such period of time as the Commissioner may deem necessary due to conditions unfavorable for the satisfactory prosecution of the work, or to conditions that, in the Commissioner's opinion, warrant the action or for such time as is necessary by reason of failure on your part to carry out orders given or to perform any or all provisions of the Contract. No additional compensation will be paid to you because of any costs caused by the suspension when the suspension is ordered for reasons resulting from any action or omission on your part or is related to utility adjustments, railroad work, work by other contractors on or near the Work covered by the Contract, or unforeseeable weather conditions.

I. Liquidated Damages

1. If the Work is delayed, you are liable for liquidated damages for every day you fail to achieve the Contract Completion Date (or any milestone completion date that provides for liquidated damages), but only if the delay is not the result of an excusable cause permitted under Section XI.G.2, "No Damages for Delay and Extensions of Time." The specific amount of liquidated damages for which you are liable is set forth in the DB Agreement.

2. The City will recover liquidated damages by deducting the amount thereof out of any moneys due or that may become due you. If the moneys are insufficient to cover the damages, then you or your surety must pay the amount due. Nothing contained in this Section is to be construed as limiting the right of the City to recover from you all amounts due or to become due, and all costs and expenses sustained by the City for improper performance under this Contract, repudiation of the Contract, failure to begin work on the date of commencement, or failure to perform the Work with adequate forces, equipment or materials or other resources, or breaches in any other respect, including defective workmanship or materials. In addition to liquidated damages for failure to meet any milestones, you are liable to the City for any other damages sustained as the result of your refusal or failure to perform the Work.
3. If the City permits you to continue to perform Work despite your failure to meet any milestone date set forth in the Contract, the action in no way constitutes a waiver by the City of any rights or remedies that exist under this Contract, at law, or in equity.

XIII. PAYMENTS

A. Contract Price

The "Contract Price" is the total dollar amount of your bid accepted by the City, including approved change orders. It includes all labor, equipment, materials, permits, licenses, fees, and taxes necessary to perform the Work. In the case of a lump sum Contract Price or lump sum line item, you must provide the Commissioner with a breakdown that includes a schedule of costs for the various parts of the Work included in the lump sum. The total of these costs must equal the lump sum Contract Price or lump sum line items, as applicable.

The breakdown must be submitted in such form and detail, and supported as to correctness by such data, as the Commissioner may direct. The City will make no payment to you until you have submitted the breakdown and the Schedule required by Article XI, "Schedule," and the Commissioner has approved them. The breakdown may be used for verifying monthly progress payments upon substantiation of the costs detailed and the progress of the Work.

For unit price line items, measurement and payment is as specified in the Detailed Specifications.

B. Procedure for Monthly Payment Requests and Final Payment

1. You and the City will agree upon a payment schedule of at least once per month, or more frequently if appropriate or if specified elsewhere in the Contract. The Commissioner will process payment requests pursuant to that agreement if your payment requests, in the Commissioner's sole judgment, are acceptable in form and content, and if the Work for which payment is being requested has been completed according to the terms and conditions of this Contract. All payment requests are subject to correction by the Commissioner.
2. In cases where you proceed to perform and complete the Work properly under the Contract, progress payments will be processed on a monthly basis unless the amount earned is greater than $1,000,000, then payments may be made twice a month. The payment period ends on the monthly anniversary date of the Notice to Proceed.
3. Each monthly payment request must include one original and two copies of the following:
   a. Certified Statement. You must submit certified statement(s) (signed by an authorized individual and notarized) for each payment request; the statement, in the form acceptable to the Commissioner, must list the following for you and for each Subcontractor and supplier for the period for which payment is requested:
      (1) the name and business address of the particular Subcontractor or supplier;
      (2) description of the work performed and/or product supplied;
      (3) indication of whether the Subcontractor or supplier is an MBE, WBE, or a non-certified firm.

      (6) the amount of the monthly pay request you will pay to each individual Subcontractor and/or supplier from payments you receive on the request, and the dates those amounts were invoiced or requested by the Subcontractor or supplier;

Following your first payment request, you must submit Partial Waivers of Lien from all Subcontractors and suppliers that performed services and provided supplies during the month before your previous payment request. The Partial Waivers of Lien must be in a form acceptable to the City and must identify, at a minimum, the payment request number and time period covered. The Partial Wavier of Lien must be in dollar amount equal to the dollar amount of the services performed or supplies provided by the Subcontractor or supplier during the relevant time period. With every payment request, you must also submit an Affidavit for Payment from all Subcontractors and suppliers for whose services or supplies you request payment. The Affidavit for payment must be in a form acceptable to the Commissioner and identify, at a minimum, the payment estimate number, the time period covered, and the total amount invoiced by the Subcontractor or supplier, and the total amount paid to the Subcontractor or supplier to date.
   c. Status Report of MBE/WBE Subcontract Payments. A status report of MBE/WBE Subcontractor payments, as required by the Contract documents, must be submitted with each monthly invoice in the form required by the City; and

d. Certified Payrolls. You and all Subcontractors working on the job site must submit three copies of certified payrolls for the payment period to the Commissioner every week until all Work is completed. All payrolls must be identified with Contractor or Subcontractor's name, as appropriate, Contract name and be sequentially numbered. If there are periods of no Work by you or a Subcontractor, you must submit a payroll labeled "NO WORK." The final payroll must be clearly labeled "FINAL". Certified payrolls are required to assure EEO compliance as well as wage compliance. Race, worker classification, and gender must be clearly marked for each employee on the certified payroll along with all additional information required by the Chief Procurement Officer. An employee's address should appear every time his or her name appears on the payroll. You must submit the certified payrolls and additional information regarding EEO and wage compliance by providing a Payroll Summary Report in the form required by the Chief Procurement Officer. You and each Subcontractor must submit the EEO report forms required by the City and U.S. Department of Labor reflecting fully the periods of Work covered by the partial payment request. When directed, contractor shall be required to submit payrolls electronically using the City certified payroll reporting system.

e. You must declare subcontractor payments with each invoice submitted to the City. You are required also to inform subcontractor each time you submit an invoice to the City that includes work for which you have been billed by the subcontractor. The Subcontractor Payment Certification Form can be downloaded from the City's website at www.cityofchicago.org/finance/subcontractorform. The information from this form will be recorded in the City's financial system and posted on the City website.

C. Payment for Stored Material

1. Whether stored on- or off-the job site, the risk of loss for stored material will remain with you, and you must insure the stored materials against the risk of loss, theft or damage until its installment in the Work.

2. Payment for material stored on the job site will be 100% of a valid invoice. No payment will be made for materials stored off the job site unless otherwise authorized by the Commissioner in accordance with Section XIII.C.3. If Materials stored on the job site cannot be incorporated in the finished Work within a reasonable period of time you may include them in the monthly progress payment, but only if the following documents are submitted with the request for payment:

a. Paid invoices showing the cost of material or equipment;

b. Waiver of lien from the supplier indicating that the cost of the material or equipment was paid; and

c. Inspection tickets showing that material or equipment had been inspected and accepted by the City.

3. Payment for material stored off-site, if authorized, will be 100% of a valid invoice when you have provided the Commissioner with the documents and assurances listed and complied with the requirements below:

a. A paid invoice from the supplier showing the unit, quantity, description of the material or equipment and costs;

b. A waiver of lien from the supplier for the total amount of the material purchased;

c. Inspection for all of the material stored;

d. A certified statement giving the exact location of the materials or equipment, stating that:

(1) you have inspected all of the material stored and that it is complete and in good condition;

(2) the materials are suitably stored and maintained at a bonded, secure and environmentally appropriate location that the Commissioner has agreed upon and subject to the conditions required or established by him;

(3) you have complied with procedures satisfactory to the Commissioner to establish the City's title to the materials or otherwise protect the City's interest in them, including, insurance, storage and transportation to the Project site for the materials stored off-site, as the Commissioner may reasonably require;

(4) the materials, equipment and associated fabricated components will not be diverted away from the Project;

(5) a certificate of insurance coverage for the stored material upon which payment is requested;

e. Immediately upon receipt of payment for the material, you must prepare and execute all documents required to transfer title to the City, including, any Uniform Commercial Code documentation necessary to perfect transfer of title; and

f. All material and Work covered by payments will thereupon become the sole property of the City, subject to your obligation to insure it until Acceptance of the Work.

D. Retainage

1. Pursuant to § 2-92-250 of the Municipal Code, no retainage shall be withheld by the City. As a matter of prompt payment to subcontractors as required by Section XIII.E, Contractor must not withhold retainage from subcontractors in any form, including but not limited to administrative fees.

E. Prompt Payment to Subcontractors

1. Payment Within Seven Days. The Contractor must make payment to its Subcontractors **within 7 days** of receipt of payment from the City for each invoice, but only if the Subcontractor has satisfactorily provided goods or services or completed its work or services in accordance with the Contract Documents and provided the Contractor with all of the documents and information required of the Contractor. The Contractor may delay or postpone payment for a to a Subcontractor when the Subcontractor's work or materials do not comply with the requirements of the Contract Documents, the Contractor is acting in good faith, and not in retaliation for a Subcontractor exercising legal or contractual rights.

2. Liquidated Damages for Failure to Promptly Pay. Much of the City's economic vitality derives from the success of its small businesses. The failure by contractors to pay their subcontractors in a timely manner, therefore, is clearly detrimental to the City. Inasmuch as

the actual damages to the City due to such failure are uncertain in amount and difficult to prove, Contractor and City agree that the Commissioner may assess liquidated damages against contractors who fail to meet their prompt payment requirements. Such liquidated damages shall be assessed to compensate the City for any and all damage incurred due to the failure of the Contractor to promptly pay its subcontractors, and does not constitute a penalty. Any and all such liquidated damages collected by the City shall be used to improve the administration and outreach efforts of the City's Small Business Program.

3. Reporting Failures to Promptly Pay. The City posts payments to prime contractors on the web at http://webapps.cityofchicago.org/VCSearchWeb/org/cityofchicago/vcsearch/controller/payments/begin.do?agencyId=city.

If the Contractor, without reasonable cause, fails to make any payment to its Subcontractors and material suppliers **within 7 days** after receipt of payment under a City contract, the Contractor shall pay to its Subcontractors and material suppliers, in addition to the payment due them, interest in the amount of 2% per month, calculated from the expiration of the 7-day period until fully paid.

In the event that a Contractor fails to make payment to a Subcontractor within the 7-day period required above, the Subcontractor may notify the City by submitting a report form that may be downloaded from the DPS website at: http://www.cityofchicago.org/content/dam/city/depts/dps/ContractAdministration/StandardFormsAgreements/Failure_to_Promtly_Pay_Fillable_Form_3_2013.pdf

The report will require the Subcontractor to affirm that (a) its invoice to the Contractor was included in the payment request submitted by the contractor to the City and (b) Subcontractor has not, at the time of the report, received payment from the contractor for that invoice. The report must reference the payment (voucher) number posted on-line by the City in the notice of the payment to the contractor.
Subcontractors are hereby reminded that per Chapters 1-21, "False Statements," and 1-22, "False Claims," of the Municipal Code of Chicago, making false statements or claims to the City are violations of law and subject to a range of penalties including fines and debarment.

4. Action by the City. Upon receipt of an electronic report of a failure to pay, the City will issue notice to the contractor, and provide the contractor with an opportunity to demonstrate reasonable cause for failing to make payment within applicable period set forth in the Contract. The Commissioner, in his or her sole judgment, shall determine whether any cause for nonpayment provided by a contractor is reasonable. In the event that the contractor fails to demonstrate reasonable cause for failure to make payment, the City shall notify the contractor that it will assess liquidated damages. Any such liquidated damages will be assessed according to the following schedule:

First Unexcused Report:	$50
Second Unexcused Report:	$100
Third Unexcused Report:	$250

Fourth Unexcused Report:	$500
Fifth and Each Succeeding Unexcused Report:	$1,000

The liquidated damages set forth above shall be assessed per unexcused report per contract, i.e., each successive report regarding a contractor's failure to pay under this Contract will be assessed liquidated damages, regardless of which subcontractor files the unexcused report(s).

By executing this Agreement, Contractor acknowledges and agrees that the City may collect such damages by deducting any amount due to the City from the next payment to be made to the Contractor. In the event that no further payments are due to Contractor, Contractor agrees to promptly pay such liquidated damages as it may owe to the City. Failure to make such payment within thirty (30) days of receipt of notice of the assessment of liquidated damages may result in Contractor being debarred from participating in City contracts for a period of not less than one year.

Contractors are reminded that each unexcused failure to pay promptly is an event of default under the Contract and, in addition to the liquidated damages provided for in this Section, is subject to the remedies found in Section XX.C of this Contract. Contractors are further reminded that per Section 2-92-270 of the Municipal Code of Chicago, failure to pay subcontractors as required by law and the Contract may result in the City suspending payments to Contractor and making direct payments to such subcontractors. Any such direct payments shall be from funds due and owing to the contractor.

5. Whistleblower Protection. Contractor shall not take any retaliatory action against any subcontractor for reporting non-payment pursuant to this Section E. Any such retaliatory action is an event of default under this Contract and is subject to the remedies set forth in Section XX.C hereof, including termination. In addition to those remedies, any retaliatory action by a contractor may result in a contractor being deemed non-responsible for future City contracts or, if, in the sole judgment of the Commissioner, such retaliatory action is egregious, the Commissioner may initiate debarment proceedings against the contractor. Any such debarment shall be for a period of not less than one year.

6. If the Commissioner determines that the circumstances pertaining to a contractor's failure to pay promptly warrant excusing such non-performance, or determines that excusing such non-performance is in the best interests of the City, the Commissioner may waive any of the remedies provided in this Section E. Each such waiver is discrete, non-precedential and does not constitute a waiver of any subsequent remedies against a contractor who fails to comply with the terms and conditions set forth herein.

F. Payments Withheld

1. The Commissioner may decline a request for payment if, in the Commissioner's sole opinion, the request for payment is not adequately supported. If you and the Commissioner cannot agree on a revised amount, the Commissioner must process the payment in the amount he deems appropriate.

2. The Commissioner may decline to process any payment or may rescind in whole or in part any approval previously made to the extent that may be necessary in his sole opinion because of any failure to perform any obligation under the Contract, including:

   a. Failure or refusal to provide the City the required initial schedule for the Work or monthly schedule updates and obtain the City's approval for either or both;

   b. Your failure to remedy defective Work;

   c. Your failure to make payments to Subcontractors, or employees, or provide partial waivers of lien;

   d. Your failure to maintain timely progress of the Work as stated in your schedule, or the City's determination that the Work will not be completed within the Contract Time, or your failure to carry out the Work in accordance with the Contract;

   e. Failure to follow the City, State, Federal, or Contract safety and security requirements;

   f. Failure to maintain insurance policies as required by the Contract and/or to provide to the Commissioner each evidence of insurance coverage, in the form of current certificates of insurance, as he or she may require;

   g. Failure to comply with other requirements as referenced in the Contract;

   h. Failure to provide certified payrolls or other documents required under Section XI.G, "No Damages for Delay and Extensions of Time."

   i. Failure to provide material inspections as required by the Contract; and

   j. Failure to provide contract deliverables such as, accurate Record Drawings, warranties, guarantees, manuals, etc.

3. Pursuant to § 2-92-270 of the Municipal Code, the Chief Procurement Officer may, in his sole discretion, direct that no further payments be made, or vouchers or estimates issued to you, if he determines that you have failed to pay any Subcontractor, employee or worker for Work performed under this Contract. Failure to submit "Status Report of MBE/WBE Subcontract Payment" or "Certified Statement" as required under Section XIII.B. may result in a determination that you have failed to pay your Subcontractor(s). The City may withhold payment until you demonstrate, to the satisfaction of the Chief Procurement Officer, that payments to the Subcontractors, employees or workers have been made in full.

   If the Chief Procurement Officer gives you notice under Section XXIII.H that no further vouchers or estimates will be issued or payments made on the Contract until the Subcontractors, workers, and employees have been paid, and you neglect or refuse for a period of 10 days or more after notice was given to pay those Subcontractors, workers or employees, the Chief Procurement Officer may apply any money due, or that may become due, under the Contract to the payment of those Subcontractors, workers or employees without further notice to you and the effect will be the same, for purposes of payment to you of the Contract Price, as if the City had paid you directly.

   The failure of the City, however, to retain and apply any money, or of the Chief Procurement Officer to order or direct that no vouchers or estimates be issued or further payments made, will not, nor will the paying over of the reserved percentage without the Subcontractor, workers, or employees being first paid, in any way affect your liability or

that of your sureties to the City, or to any such Subcontractor, worker or employee upon any bond given in connection with this Contract.

4. Debts; Outstanding Parking Violation Complaints

In accordance with § 2-92-380 of the Municipal Code, and as otherwise permitted by law, in addition to any other rights and remedies (including any set-off) available to the City under the Contract or permitted at law or in equity, the City is entitled to set off a portion of the Contract price or compensation due under the Contract, in an amount equal to the amount of the fines and penalties for each outstanding parking violation complaint and the amount of any debt owed by the contracting party to the City. For purposes of this provision, the terms "outstanding parking violation complaints" and "debt" are defined in the Municipal Code as are the conditions under which no set-off will be made.

5. Provisions Relating to Liens

Contractor will notify Subcontractors that no mechanic's lien under the Illinois Mechanics' Lien Act, 770 ILCS 60/23, *et seq.*, will be permitted to arise, be filed, or maintained against public funds, the Project, or any part of it, or any interest in them, or any improvements on them, or against any monies due or to become due to Contractor on account of any work, labor, services, materials, equipment, or other items performed or furnished for or in connection with the Project to the extent permitted by law. Contractor, for itself and its Subcontractors, expressly waives, releases, and relinquishes such liens and all rights to file or maintain such liens; and Contractor further covenants that this waiver of liens and waiver of the rights to file or maintain such liens is an independent covenant.

If any of Subcontractors, employees, officials, agents, or any other person directly or indirectly acting for, through, or on their behalf files or maintains a lien or claim under the Illinois Mechanic's Lien Act, 770 ILCS 60/23, *et seq.*, against public funds or against any monies due or to become due to Contractor on account of any Work, labor, services, materials, equipment, or other items performed or furnished for or in connection with the Project, Contractor must cause such liens and claims to be satisfied, removed, or discharged within 30 days from the date of filing. The City may extend the 30 day period if (i) the City determines that the lien claim cannot be so satisfied, removed, or discharged in such period and (ii) Contractor, in the City's sole determination, is proceeding diligently to cause such liens or claims to be satisfied, removed or discharged. The City has the right, in addition to all other rights and remedies provided under this Contract or by law, to cause such liens or claims to be satisfied, removed, or discharged by any means at Contractor's sole cost, such cost to include reasonable legal fees.

6. The City's rights under this Section XIII.F, "Payments Withheld," are cumulative with any other rights provided for under this Contract. Failure by the City to exercise any such right afforded in this Contract, or at law or in equity, will not constitute a waiver of that right.

G. Payment for Changes

1. Payment for Changes. The amount to be paid by the City for changes (additions, deletions or revisions) in the Work or directions to change the Contract Time, will be made in accordance with Sections XIII.G.1.a through XIII.G.1.f below.

a. **Unit Price Basis.** Should the changes in the plans result in an increase or decrease in the quantities of unit priced Work to be performed, you will accept payment as follows:

(1) All increases in the Work of the type that appears in the Contract as unit price items will, except as provided in Section XIII.G.1.b., "Proposal Basis," be paid for at the Contract unit bid prices. Decreases in quantities included in the Contract will be deducted from the Contract value at the unit bid prices. No allowances will be made for delays or anticipated profits.

(2) Quantities in excess of 125% of the bid quantities, when the total dollar value of the unit price item exceeds 5% of the original Contract bid amount, will be paid for at a negotiated unit price based on costs that are demonstrated by you and agreed to by the Commissioner. The negotiated unit price can be higher or lower than the Bid Unit Price. Quantities in excess of 125% of the bid quantities, when the total dollar value on any unit price item does not exceed 5% of the total value of the original Contract bid amount, will be paid at the bid unit price.

(3) Quantities below 75% of the bid quantities, when the total value of the unit price item exceeds 5% of the Contract Price at the time of bid, will be paid for at a negotiated unit price based on costs which are demonstrated by you and agreed to by the Commissioner. The negotiated unit price can be higher or lower than the Bid Unit Price. Quantities below 75% of the bid quantities, when the total value on any unit price item does not exceed 5% of the total value of the Contract Price at the time of bid will be paid at the bid unit price.

(4) If the Commissioner and you are unable to agree on a negotiated unit price, the Commissioner will determine a unit price, prepare a Contract Modification with the Work so priced, that you will sign. You may, however, timely dispute the amount of the unit price to the Chief Procurement Officer under Article XIX, "Claims and Disputes." This is the only Contract Modification in which the release language required by Section XIV.D., "Contractor's Release," will not be included.

b. **Proposal Basis.** If there are no unit prices for the changed Work, the payment may be based upon a price agreed to by the City and you. The proposal submitted will be a starting point for negotiation between the City and you. You must submit any proposal for consideration for changed Work in writing, breaking down the Work to be done into segments of cost as follows:

(1) Labor. For all hourly wage labor and hourly wage foremen in direct charge of the specific operations, you will receive the prevailing rate of wage for every hour that the labor and foremen are actually engaged in the Work. No additional allowance or payment will be made for general superintendence.

(2) You will receive the actual costs paid to, or in behalf of, workers for health and welfare benefits, pension fund benefits or other benefits, when the amounts are required by collective bargaining agreement or other employment contract generally applicable to the classes of labor employed on the Work.

(3) An amount not to exceed 30% of XIII.G.1.b.(1) above and an amount not to exceed 10% of XIII.G.1.b.(2) above will also be paid to you.

(4) Insurance and Payroll Taxes. Cost for property damage, liability, and worker's compensation insurance premiums, unemployment insurance contributions and social security taxes on the extra Work, to which an amount not to exceed 10% of the cost of these items will be added. You must furnish satisfactory evidence of the rates paid for the insurance and taxes.

(5) Materials. For materials accepted by the Commissioner and used as an integral part of finished Work, you will receive the actual costs of the materials delivered on the job site, including transportation charges that you paid (exclusive of machinery rentals as set forth below), as shown by original receipted bills, to which 15% will be added to the first $10,000.00 and 10% for any amounts over $10,000.00.

(6) Equipment. Number of proposed equipment hours multiplied by the rate as allowed by the latest revision of "Schedule of Average Equipment Ownership Expense With Operating Cost" as issued by IDOT, or in the AED Compilation of Rental Rates if equipment is to be rented, for the period that the machinery and equipment are to be used on the Work, to which no percent will be added. Where machinery and equipment are not listed in these schedules, then the rates will be determined by the Commissioner after reviewing all of your available records or other information concerning the expense of operating that type of equipment.

(7) Cost for Increase in Performance and Payment Bond. You will furnish the Commissioner written documentation from the surety of the rate or rates applicable for additional bonding for this Contract. These rates will be applied to all the changes increasing or decreasing the Contract Price. No bonding costs will be allowed for Subcontractors. In the absence of written documentation from the surety, a percentage of the total change, as determined by the Commissioner, will be added or subtracted to cover the increase or decrease of the cost of the bond.

You must restore all damaged parkways to their original condition and repair or remove and replace any trees and shrubs damaged as a result of construction activity (as determined by the Department of Streets and Sanitation, Bureau of Forestry) at your expense. If any trees or shrubs damaged by construction activity must be removed and replaced, and trees or shrubs of comparable size, type, and value are unavailable or the time for planting is unsuitable, the City will

charge you their appraised value determined as provided under § 10-32-200 of the Municipal Code, which amount the City will deduct from amounts due you, or, if no amounts are due, then you must promptly pay the City the amounts determined. Any tree greater than 4" D.B.H. that is permanently damaged due to the construction project and not originally marked for removal must be replaced with a new tree as identified by the Bureau of Forestry and must have a minimum of 4" caliper B&B. Any damaged tree smaller than 4" caliper measured 6" above the ground must be replaced in kind, inch for inch.

2. You must install a **protection barrier or temporary fence** of at least 1.2m (4 feet) in height around each tree to be *protected and preserved. The tree protection* must be installed before the actual construction starts and maintained for the duration of the project.

   Within this protection zone, you must prevent construction materials from being stored, equipment from being operated and temporary storage buildings or work trailers from being placed.

   The protection barrier must be constructed of orange snow fencing securely fastened to fence posts spaced a maximum of **1.5 m (5 feet)** on center. Posts are 1.8m (6 feet) in length with 61 cm (2 feet) set into the ground and 1.2m (4 feet) extending above ground. The fencing must be attached to the post with a minimum of four nylon locking ties evenly spaced at each post.

   Dimensions of the **protection barrier** are as follows:

   Trees located in Tree Pits: Where trees are located within Tree Pits, the temporary fencing should be installed at a minimum distance of the inside dimension of the Tree Pit opening with one stake at each corner of the opening.

   Trees located in Parkways or Boulevards:

   Small Trees (<9" D.B.H.): Minimum 1.5m (5 feet) from face of tree along the parkway length. In the dimension bordered by the public sidewalk or curb, the temporary fencing must be the width of the grass parkway with a maximum offset of 30cm (1 foot) from back of curb or edge of sidewalk. In no case must the closure be less than 61cm (2 feet) from the centerline of the tree.

   (Example: 6" Tree in a 6' parkway as measured from back of curb to sidewalk. The dimension of the protection fencing would be 1.2m x 3m (4' x 10') with tree in the center). Note: Larger grass parkways (>12') may allow for a ten foot by ten foot (10' x 10'). Thus, the dimension bordered by the sidewalk or curb would not affect fencing distance.

   Medium (10"to 15" D.B.H.): Minimum of ten (10) feet from face of tree along the parkway length. In the dimension bordered by the public sidewalk or curb, the fencing must be the width of the grass parkway with a maximum offset of one foot from back of curb or edge of sidewalk. In no case must the closure be less than two feet from the centerline of the tree.

   Large (>15" D.B.H.): Minimum of 15 feet from face of tree along the parkway length. In the dimension bordered by the public sidewalk or curb, the fencing must be the width of

the grass parkway with a maximum offset of one foot from back of curb or edge of sidewalk. In no case must the closure be less than two feet from the centerline of the tree.

E. Care of Existing Structures and Property

   b. The building or structures may be in full time use and operation and will continue in normal use during performance of the Work. Building facilities, including heating, ventilation, and air conditioning, lighting and plumbing, will not be interrupted in the occupied areas, except as required for making connections to power sources as specified below.

c. You will serve written notification to the Commissioner requesting any anticipated interruption in facilities at least two weeks before disruption of services. You must provide any temporary facilities deemed necessary by the Commissioner due to a disruption of services. The Commissioner, in his sole discretion, will determine the procedures, times of day and dates you may accomplish the Work and may reject or modify your request.

You are required to conduct your Work so as not to unnecessarily obstruct the activities of other contractors who also may be engaged in work on this or any other project.

2. Although the Commissioner may observe the performance of the Work and reserves the right to give you opinions and suggestions about safety defects and deficiencies, the City is not responsible for any unsafe working conditions. The Commissioner's suggestions on safety, or lack of it, will in no way relieve you of your responsibility for safety on the Work site. Not more than one day's supply of flammable liquids, including oil, gasoline, paint, or solvent is permitted to be kept on hand at any one time. If gasoline, flammable oils, other highly combustible materials or compressed gas cylinders are to be stored at the site, they must be stored in a secure manner, in compliance with all applicable laws, ordinances and regulations, and all storage places must be clearly marked. The written consent of the Commissioner is required for such storage. That consent in no way limits your liability for the materials.

7. You must prohibit all lighting of fires about the premises and all smoking in restricted areas where posted with "NO SMOKING" signs, and you must diligently enforce this prohibition. You must furnish and post "NO SMOKING" signs. You must not permit any debris or waste materials to be burned at the Work site.

3. Glass Breakage. You must replace all glass broken or damaged during construction at no additional cost to the City. You must promptly remove all broken glass from the Work site.

4. Noise and Vibration Control. All equipment, vehicles, and Work under this Contract must be conducted in accordance with the City Building Code, Chapter 11-4 of the Municipal Code, "Environmental Protection and Control," Article VII - *Noise and Vibration Control,*

so as to cause a minimum of noise, vibration and inconvenience to the activities of the occupants of property and buildings in the vicinity of the Work. When the Commissioner, in his sole discretion, determines that your operations constitute a nuisance, you must immediately proceed to conduct your operations in a manner that abates the nuisance. You must provide all measures, including engine and exhaust mufflers, acoustic casing enclosures, maintaining equipment, or physical barriers along the edges of the construction zone, required to minimize noise and vibration. Noise and vibration levels may be monitored by the Commissioner.

5. Health and Safety. You must provide an ample supply of suitable, pure drinking water, and must take such means as the Commissioner may direct to effectively prevent the creation of a nuisance on any part of the Work site or adjacent streets or property. You must construct and maintain necessary sanitary conveniences for the use of the laborers on the Work, properly secluded from public observation, in such manner and at such points as be approved, and their use must be strictly enforced. Whenever manholes have been used for sanitary proposes, they must be thoroughly flushed and cleaned when no longer needed.

   The manner of disposing of waste must be such that all waste is disposed of without creating a public nuisance or health hazard and in accordance with Illinois Department of Public Health Circular No. 815, Educational Health Circular No. 4.001, and all Illinois Environmental Protection Agency rules and regulations.

Sheet metal wind screens must be provided around the lead-melting furnaces whether the Work site is enclosed or not. Portable fire extinguishers must be provided at and below all locations where cutting or welding or melting operations are being performed or, if those operations are extensive, a hose from the stand pipe system or fire hydrant must be placed nearby. You must obtain special permission from the Commissioner of Water and pay all associated connection fees.
2. No welding, flame cutting, or other operations involving use of flame, arcs, or sparking devices, will be allowed without adequate protection. All combustible or flammable material must be removed from the immediate working area. If removal is impossible, flammable or combustible materials must be protected with fire blankets or suitable non-combustible shields to prevent sparks, flames or hot metal from reaching flammable or combustible materials. You must provide necessary personnel and equipment to control incipient fires resulting from welding, flame cutting, or other sources involving use of flame, arcs, or sparking devices.
3. You must immediately report any concentration of gas fumes, and you are responsible for clearing the area and notifying the Commissioner and the appropriate utility company. All operations in the area must be suspended until the source of the fumes has been located and corrected.
4. You must arrange for the installation of necessary fire protection lines and equipment as required by the Chicago Fire Department and as necessary to properly protect the Work site. Permanent fire protection facilities may be used for this purpose as soon as they are installed, tested and approved by the Commissioner for temporary use.

10. You must provide safety instructions and training for all workers. You must conduct weekly craft safety meetings (tool-box type) of reasonable length as an effective means of communicating safety issues to workers. Reports containing tool box discussion topics must be signed-off by all attendees and must be submitted to the Commissioner.

Electrical Work must be performed by a licensed electrician.

c. Temporary Heating During Construction. You must provide temporary closures or enclosures for all exterior door, window, roof or other types of exterior openings as required to provide protection from the elements during construction. It is your responsibility to keep water in pipes from freezing and to maintain temporary heat in areas where Work is being performed at not less than 50° Fahrenheit. Finish Work includes, but is not limited to masonry, plastering painting, millwork and other temperature sensitive Work. The Heating period is from approximately October 1 to May 30 unless conditions warrant otherwise. You must furnish, install, operate and maintain all required temporary heating equipment, and must provide and pay all fuel costs.

3. Temporary Construction Facilities. Unless otherwise specified, you must provide and maintain the following temporary construction facilities throughout the construction period and remove them at the completion of the Work:

   a. Field Offices. Unless otherwise specified, you must provide a temporary building or mobile type field office of such size and containing such equipment as you deem necessary to conduct the operations. The field office must be provided with a telephone for your superintendent and a pay telephone for use by others during the entire period of construction. The telephone must be removed promptly upon Final Completion and Acceptance of the Work.

      Unless otherwise specified, you must supply a field office for the City's Superintendent consisting of a separate office facility.    b. Toilets. You must provide at least one portable chemical toilet for every 20 workers or fraction of that number at the Work site as soon as construction operations commence. Toilet facilities must be serviced, at a minimum, twice weekly, which includes draining tank and refilling and disinfecting the interior of each toilet unit, and keeping each unit stocked with toilet paper. Toilet facilities must be maintained during the term of the construction period and removed upon completion of the Work.

   c. Stove heaters in temporary offices and sheds must be properly installed to protect combustible walls, floors and roof.

   d. Storage of Materials. If it is necessary to store materials, they must be protected in such a manner as to insure the preservation of their quality and fitness for the work. All stored materials will be inspected at the time of use in the Work even though they may have been inspected and approved before being placed in storage. You may store materials in the areas provided as working areas by the Contract. If no areas are provided, or if the areas provided are insufficient, you must provide the space required at your expense. Upon completion of the Work, you must clean and restore the storage sites and working areas to their original condition at your expense.

      All materials and equipment must be received at the Work undamaged. The Commissioner has the right to reject any method of packing and shipping that, in the Commissioner's opinion, will not adequately protect the materials and equipment against damage while they are in transit or storage or that will damage existing structures.

   e. Storage Sheds. You and each Subcontractor must provide suitable watertight storage sheds for your, or their own, use as needed. You and each Subcontractor are

responsible for and must pay for any electric services to your or their storage sheds. However, the electrical Work must be performed by a licensed electrical Subcontractor. You are responsible for materials stored in the open; they must be arranged in an orderly manner and properly protected against the elements and damage.

4. Working Space. You must provide working space for your own use and for each of your Subcontractors. It must provide sufficient space for benches, tools, material storage and for such other purposes as may be required to properly perform and expedite the Work. Allocation of such Work areas is subject to approval by the Commissioner. You must maintain all Work areas in a clean and orderly condition and take whatever precautions as may be necessary adjacent to the new Work. You must clean, repair or replace any damage to Work site due to improper protection at no additional cost to the City.

5. Equipment and Falsework: You must determine the methods to be employed, the procedures to be followed, the equipment, plant, falsework, shoring, bracing, and other temporary structures and equipment to be used on the Work, subject to the requirements of the Contract. Only adequate and safe procedures, methods, structures, and equipment must be used. You must furnish and maintain and are solely responsible for all equipment such as temporary ladders, ramps, runways, hoists, scaffolding, and similar items required for proper execution of Work. All such apparatus, equipment and construction must meet the requirements of Federal, State and local laws concerning the safety and protection of employees. No hoist, scaffolding or other equipment must be erected at such location as will interfere with general construction or progress of other trades. Hoists, scaffolding or other equipment must be located at sufficient distance from exterior walls to prevent staining or marring of any permanent Work. All suspended scaffolding and staging must be lowered to ground level at the end of each work day.

6. Project Signs. You must erect and maintain signs identifying the Project and indicating City, and to the extent applicable, State and Federal participation. Work under this item includes constructing and erecting project signs of the size and material specified in the Contract drawings. These signs must be erected in locations approved by the Commissioner and must be maintained throughout the term of this Contract. You are responsible for the immediate removal of graffiti. If you are notified of graffiti, you must remove such within 24 hours. The signs must not be removed until you receive such notice from the Commissioner. No separate payment will be made for furnishing, erecting and maintaining the project signs; it is incidental to the Contract.

J. Reports and Plans

1. Daily Progress Reports. You and all Subcontractors must prepare and submit to the Commissioner daily progress reports on the various parts of the Work. The report must include the number of workers and the classification of the trades involved, equipment used and any pertinent information regarding possible delays in the Work.

2. Procedures, Methods and Equipment. You will determine the methods to be employed, the procedure to be followed, the equipment, plant, falsework, shoring, bracing and other temporary structures and equipment to be used on the Work, subject to the requirements of the Contract. Only adequate and safe procedures, methods, structures and equipment must be used. Any approval, constructive or otherwise, by the Commissioner of such

methods, procedures and equipment in no way relieves you of any of your obligations under this Contract.

XVII. ENVIRONMENTAL REQUIREMENTS

A. Compliance with Environmental Laws

1. You must comply with all Environmental Laws including those listed in the Economic Disclosure Statement and Affidavit (EDS),which you must execute and have notarized, and any analogous future local, State or Federal ordinance or statute, rule and regulation promulgated under or under the foregoing, and any other present or future law, ordinance, rule, regulation, permit or permit condition, order, or directive which regulates, relates to, imposes liability for or establishes standards of conduct concerning any Hazardous Materials that may be set forth by the Federal government, any state or any political subdivision thereof, or any agency, court or body of the Federal government, any state or any political subdivision thereof exercising executive, legislative, judicial, regulatory or administrative functions.
2. If you are required under any Environmental Laws to file any notice or report of a release or threatened release of Hazardous Materials or Special Wastes on, under, or about any premises you use to perform the Work required under this Contract, you must provide a copy of the report or notice to the City. In the event of a release or threatened release of Hazardous Materials or special waste into the environment, or in the event of any claim, demand, action or notice is made against you regarding your failure or alleged failure to comply with any Environmental Law, you must notify the City pursuant to Section XVIII.C, "Disposal of Waste Materials, Construction Debris, Soils and Waste," below.
3. If you fail to comply with any Environmental Law, the City may terminate this Contract in accordance with the default provisions of this Contract and may adversely affect your eligibility for future contract awards.

B. Environmental Permits

1. You must show evidence of, and keep current throughout the term of this Contract, all waste hauling, special waste hauling, disposal permits and insurance certificates required by Federal, State, City or other local governmental body or agency pursuant to any Environmental Law.
2. When requested by the Commissioner, you must submit copies of all hauling permits required by any Environmental Law. Copies of all permits and insurance certificates that require periodic renewal must be forwarded to the Commissioner throughout the duration of this Contract. Noncompliance with this requirement may be cause for rejection of the bid and/or termination of this Contract and declaring you non-responsible in future bids.
3. Environmental Records and Reports. You are required to prepare and maintain proper, accurate and complete records of accounts of all transactions related to the performance of this Contract, including:
   a. Vehicle maintenance records;
   b. Safety and accident reports;

c. IEPA or OSHA manifests;

d. Disposal records, including disposal site used, date, truck number and disposal weight, bills of lading, manifests, or other confirmatory receipts signed by a representative of accepting facility for each load of material; and

e. Permit documentation and all other documentation and transactions pertaining to all Environmental Laws.

C. Disposal of Materials, Construction Debris, Soil and Waste

1. You are responsible for the proper disposal of all materials, construction debris, soil and other waste. Hauling and disposal by a Subcontractor does not relieve you from responsibility for proper disposal. Disposal of all materials, construction debris, soil, and other wastes must be at a disposal site that is properly licensed and permitted to accept the particular materials, construction debris, soil and other wastes delivered to it in accordance with all Environmental Laws. You must identify the disposal site(s) or transfer station(s) to which you have contractual access and for which proper, sanitary landfill permits and/or licenses have been obtained.

2. You must provide the Commissioner or his designated representative with copies of all load tickets, manifests, bills of lading, scale tickets and other pertinent documents. When requested by the Commissioner, you must provide copies of all permits and/or licenses for the proposed transfer station and/or landfill. If the transfer station and/or landfill you propose to use does not possess the necessary permits and/or licenses to accept the materials, construction debris, soil or other wastes, you must replace the transfer station and/or landfill submitted as part of their bid proposal at no additional cost to the City. If you dispose of materials, construction debris, soil or other wastes at a site that is not properly permitted, you will be responsible for all costs associated with the removal of the waste to a properly licensed/permitted landfill or disposal site.

3. You must notify the Commissioner, within 24 hours, of receipt of any environmental complaints, fines, citations, violations or notices of violation ("Environmental Claim") by any governmental body or regulatory agency against you by any third party relating to the loading, hauling or disposal of materials, construction debris, soil or other wastes. You must provide evidence to the Commissioner that any such Environmental Claim has been addressed to the satisfaction of its issuer or initiator.

4. You must notify the City of any community meetings, media involvement or media coverage related to the loading, hauling or disposal of materials, construction debris, soil and other wastes under this Contract in which you are asked to participate.

5. You must verify, in writing, whenever requested by the Commissioner, that all materials, construction debris, and other waste you accept from the City have been disposed of in compliance with all Environmental Laws.

6. The form for identifying your debris disposal/handling site(s) and acknowledging terms and conditions relating thereto which you have executed and attached to this Contract is incorporated by reference (the "Form"). In addition to the representations and requirements contained in the Form, you acknowledge that unless otherwise authorized in writing by the Commissioner of Environment, you must not continue to use a

disposal/handling site identified in the Form that (i) has been cited as being in violation of any environmental law or regulation or of any City ordinance; or (ii) does not have a necessary permit. If only one site was identified in the Form, you must arrange for a substitute disposal/handling site that meets the requirements specified in the Form and provide a revised Form to the Commissioner of Environment. You further acknowledge that any such substitution is at no additional cost to the City, regardless of the reason necessitating such substitution.

D. Equipment and Environmental Control During Transport

You must haul materials, construction debris, soil and other wastes in vehicles and/or containers complying with all applicable Environmental Laws. All equipment used to transfer materials, construction debris, soil and other wastes must be designed to prevent spillage during the hauling operation. Your equipment must fully comply with all City, State and Federal Regulations, laws and ordinances pertaining to size, load weight, safety and any Environmental Law.

E. Environmental Control

In performing the Work, you must become thoroughly familiar with all Federal, State, and local statutes, ordinances, and directives with respect to the elimination of excessive noise and pollution of air, water, and soil due to construction and other operations. Attention must be given to reduce the noise of heavy construction equipment and to the control of dust, smoke, and fumes from construction equipment and other operations on the Work site, and the dirt and noise created by heavy truck operations over City streets in accordance with ordinances of the City and orders of the Commissioner. The discharge of Hazardous Materials into waterways and City sewers is not permitted.

F. Open Dumping Prohibited

The removal of all recyclable material and garbage, refuse or other waste material, including broken concrete, bricks, rock, paving asphalt and incidental debris generated from all construction or demolition activities performed under this Contract, must be transported to a facility that is zoned and permitted to accept the material under Chapter 11-4 of the Municipal Code and all applicable local, State, and Federal regulations.

You must retain bills of lading, manifests, or other confirmatory receipts signed by a representative of accepting facility for each load of material and make them available to the City upon request

G. Environmental Protection

You must comply with, and must cause your Subcontractors to comply with, all Federal environmental and resource conservation laws and regulations, whether existing or promulgated later, as they apply to this Contract. You must include these provisions in all subcontracts. Some, but not all, of the major Federal laws that may affect this Contract include the National Environmental Policy Act of 1969, as amended, 42 USC §§ 4321 *et seq.*; the Clean Air Act, as amended, 42 USC §§ 7401 *et seq.* and scattered sections of 29 USC; the Clean Water Act, as amended, scattered sections of 33 USC and 12 USC; the Resource Conservation and Recovery Act, as amended, 42 USC §§ 6901 *et seq.;* and the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, 42 USC §§ 9601 *et seq.*. You and your Subcontractors must also comply with Executive Order

No. 12898, "Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations," 59 Fed. Reg. 7629, Feb. 16, 1994; U.S. DOT statutory requirements on environmental matters at 49 USC § 5324(b); Council on Environmental Quality regulations on compliance with the National Environmental Policy Act of 1969, as amended, 40 CFR Part 1500 *et seq.*; and U.S. DOT regulations, "Environmental Impact and Related Procedures," 23 CFR Part 771 and 49 CFR Part 622.

1. Air Quality. You must comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act, as amended, 42 USC §§ 7401 *et seq.* Specifically, you must comply with applicable requirements of U.S. EPA regulations, "Conformity to State of Federal Implementation Plans of Transportation Plans, Programs, and Projects Developed, Funded or Approved Under Title 23 USC or the Federal Transit Act," 40 CFR Part 51, Subpart T; and "Determining Conformity of Federal Actions to State or Federal Implementation Plans," 40 CFR Part 93; and National Emission Standards for Hazardous Air Pollutants (NESHAP), 40 CFR § 61.145. You further must report and require each Subcontractor at any tier to report any violation of these requirements resulting from any Contract implementation activity to the City and the appropriate U.S. EPA Regional Office.
2. Clean Water. You must comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 USC §§ 1251 *et seq.* You further must report and require each Subcontractor at any tier to report any violation of these requirements resulting from any Contract implementation activity to the City and the appropriate U.S. EPA Regional Office.
3. List of Violating Facilities. You acknowledge that any facility to be used in the performance of the Contract or to benefit from the Contract must not be listed on the U.S. EPA List of Violating Facilities ("List"), and you must promptly notify the City if you receive any communication from the U.S. EPA that such a facility is under consideration for inclusion on the List.
4. Preference for Recycled Products. To the extent practicable and economically feasible and to the extent that it does not reduce or impair the quality of the Work, you must use recycled products in performance of the Contract pursuant to U.S. Environment Protection Agency (U.S. EPA) guidelines at 40 CFR Parts 247-253, which implement section 6002 of the Resource Conservation and Recovery Act, as amended, 42 USC § 6962.

H. Clean Diesel Fleet: Emissions Reduction (MCC 2-92-595) (where applicable)

If this Contract is for construction, demolition, restoration, repair, renovation, environmental remediation or environmental abatement of any building, structure, tunnel, excavation, roadway, bridge, transit station or parcel of land and the estimated value of this Contract is $2,000,000 or more:

Contractor must comply with the Clean Diesel Contracting Ordinance, MCC Section 2-92-595.

2. Contractor and any Subcontractor(s) must utilize Ultra Low Sulfur Diesel Fuel (ULSD) for any heavy-duty diesel-powered vehicle, non-road vehicle or non-road equipment used in the performance of the Contract.

3. Contractor and any Subcontractor(s) must minimize idling of motor vehicles and non-road vehicles used in the performance of the Contract during periods of inactivity, and must comply with the anti-idling requirements imposed by any applicable federal, state, or local law.

4. Contractor and any Subcontractor(s), may not use any of the following vehicles and equipment in the performance of the contract:
   (i) any heavy-duty diesel vehicle not meeting or exceeding the US EPA's emission standards for heavy-duty diesel vehicles for the 1998 engine model year, unless such vehicle is fitted with a verified diesel emission control retrofit device; or
   (ii) any non-road vehicle or non-road equipment not meeting or exceeding the US EPA's Tier 1 Non-road Diesel Standards, unless such vehicle or equipment is fitted with a verified diesel emission control retrofit device.

5. Any heavy-duty diesel vehicles, non-road vehicles and non-road equipment used in the performance of this Contract must incorporate such engine or retrofit technology so that the Contractor, through such engine or retrofit technology used directly by the Contractor and all subcontractors, shall have a minimum of 3.0 clean fleet score per a reporting period, as calculated by using the methodology described in MCC subsection 2-92-595(c)(5). Contractor may exclude from the calculation of the clean fleet score up to fifty percent of all of the heavy-duty diesel vehicles, non-road vehicles and non-road equipment used in the performance of the contract during a reporting period that are owned or leased by any firm that the CPO has granted a clean fleet score annual waiver certificate pursuant to MCC subsection 2-92-595 (f). However, pursuant to MCC subsection 2-92-595(b)(6), if this contract is advertised after January 1, 2020, the minimum clean fleet score is increased to 4.0, and Contractor may exclude from the calculation up to only twenty five percent of vehicles owned or leased by a firm that has received a clean fleet score waiver certificate instead of fifty percent.

6. The City may conduct an audit of the Contractor or inspect any vehicle or equipment used in the performance of the Contract to ensure compliance with the requirements specified above. In the event that Contractor or any Subcontractor fails to utilize ULSD or fails to minimize idling or comply with antiidling requirements, Contractor will be subject to liquidated damages of $5,000 per day for each violation and each day of noncompliance will be a separate violation; provided, however, the damages will not exceed $50,000 for any one vehicle or piece of equipment, as specified in MCC Section 2-92-595(e). Such liquidated damages are imposed not as a penalty but as an estimate of the damages that the City will sustain from delay in completion of the project and inspection and other enforcement costs, as well as the resultant damages to the public health of its citizens, which damages by their nature are not capable of precise proof. The City is authorized to withhold and deduct from monies otherwise payable to the contractor the amount of liquidated damages due to the City.

7. Contractor understands that pursuant to MCC subsection 2-92-595(e)(6), any person knowingly making a false statement of material fact to any City department with respect

to compliance with the contract provisions specified in MCC subsection 2-92-595(e) Chicago may be fined not less than $1,000 or more than $5,000 for each statement.

XVIII. INSURANCE, INDEMNITY AND BONDS

A. Indemnity

1. You must protect, defend, indemnify, and hold the City, its officers, officials, representatives, and employees (collectively the "Indemnitees"), harmless from and against any and all claims, damages, demands, injury or death, in consequence of granting this Contract or arising out of or being in any way connected with your performance under this Contract except for matters shown by final judgment to have been caused by or attributable to the negligence of Indemnitees. This indemnification obligation is effective to the maximum extent permitted by applicable law. This indemnity extends to all legal costs, including attorney fees, costs, liens, judgments, settlements, penalties, professional fees, and other expenses incurred by the City, including fines and penalties imposed by public bodies, and the reasonable settlement of such claims. This indemnification obligation is not limited by any amount of insurance required under this Contract. Further, the indemnification obligation contained in this section will survive the expiration or termination of this Contract.
2. You will be solely responsible for the defense of any and all claims, demands, or suits against Indemnitees, including claims by your employees, subcontractors, agents, or servants even though the claimant may allege that the Indemnitees were in charge of the Work or alleged negligence on the part of Indemnitees. The City will have the right, at its sole option, to participate in the defense of any such suit, without relieving you of your obligations under this section.
3. "Injury" or "damage" as these words are used in this section will be construed to include injury or damage consequent upon the failure of or use or misuse by you, your Subcontractors, agents, servants, or employees, of any scaffolding, hoist cranes, stays, ladders, supports, rigging, blocking or any and all other kinds of items of equipment, whether or not they are owned, furnished, or loaned by the Indemnitees.
4. You will promptly provide, or cause to be provided, to the Commissioner and City Corporation Counsel copies of all notices that you may receive of any claims, actions, or suits that may be given or filed in connection with your performance or the performance of any Subcontractor and for which the Indemnitees are entitled to indemnification under this Contract and to give the Indemnitees authority, information and assistance for the defense of any claim or action.

B. Contribution

To the extent permissible by law, you waive any limits on your liability that you would otherwise have by virtue of the Worker's Compensation Act or any other related law or judicial decision (such as *Kotecki v. Cyclops Welding Corporation,* 146 Ill. 2d 155 (1991)). The City, however, does not waive any limitations it may have on its liability under the Worker's Compensation Act, the Illinois Pension Code or any other statute.

C. Admiralty

In addition, you waive the right to receive the benefits of or to invoke the protection afforded by all maritime statutory limitations of liability, including the Limitation of Vessel Owner's Liability Act, 48 U.S.C. § 183 *et seq.*, that could act to diminish your liability for any harm or damage arising from your performance of your obligations under the Contract in any manner or for all claims or other costs arising from or occasioned by your operations on any waterways, including Lake Michigan and the Chicago River. This provision is not intended to avoid or waive Federal jurisdiction under the applicable admiralty laws. This waiver extends only to the Indemnitees, and not to third parties seeking recovery for claims solely against you.

1. Without limiting your waiver, you specifically consent to pay all sums in respect of any claims against the Indemnitees and other costs suffered by the Indemnitees arising from or occasioned by your operations in or on waterways, including the following:

   a. Loss or damage to any other ship, vessel or boat caused proximately or otherwise by your vessel, or loss of the cargo or the other ship, vessel or boat;

   b. Loss of life or personal injury, or for any cost of life salvage;

   c. Loss or damage to any harbor, dock, building, graving or otherwise, slipway, pontoon, pier, quay, tunnel, jetty, stage, buoy, cables of any kind, or other fixed or movable object or property whatsoever;

   d. The cost of the removal, raising or destruction of the wreck of any vessel you employ in performing your obligations under the Contract;

   e. If a vessel is disabled or otherwise, the cost of towage or other salvage of any vessel you employ in performing your obligations under the Contract;

   f. Loss or damage to the bottom, banks, or shoreline of the waterway.

D. Performance and Payment Bonds

You must, before award of the Contract, deliver to the Commissioner a performance and payment bond in the amount set forth in the DB Agreement. Any performance bond that you provide must comply with the provisions of 30 ILCS 550/1 *et.seq.*, as amended, and of § 2-92-030 of the Municipal Code, as amended. It must also be in the form of the performance and payment bond form included in the DB Agreement. The surety or sureties issuing the bond must be acceptable to the Comptroller and must have a Best's Key Rating Guide of "B+," Class XI or greater and be listed in the most recently published "Listing of Approved Sureties" of the U.S. Department of the Treasury Circular 570, with underwriting limitations in excess of the Contract Price. The bond must cover the warranty period required by the Contract.

In case of your neglect, failure, or refusal to provide satisfactory sureties when so directed within 10 days after such notification, pursuant to § 2-92-040 of the Municipal Code the Commissioner may declare this Contract forfeit, but such forfeiture will not release you or your surety or sureties from any liability that may have accrued before the date of the forfeiture.

If at any time the surety or sureties, or any one of them, upon the bond become insolvent, or are, in the sole opinion of the Commissioner, unsatisfactory, or unable to respond to damages

in case of liability on such bond, the Commissioner will notify you and direct that you furnish a bond issued by a satisfactory surety or sureties forthwith.

E. Insurance

You must procure and maintain at all times, at your own expense, through the completion of the warranty period, the types of insurance specified in the DB Agreement of the Contract, with insurance companies authorized to do business in the State of Illinois, covering all operations under this Contract, whether performed by you or by Subcontractors. Upon written request by the Commissioner, you must allow the Commissioner to review and copy any original insurance policies you are obligated to maintain under this policy.

You waive any and every claim or right of recovery from the City for all injuries and losses arising under this Contract or in any way related to the Work, including any claim for loss of or damage to the Work or to the contents of it, which injury, loss or damage is covered or is required to be covered by valid and collectible insurance policies, to the extent that such injury, loss or damage is recoverable under the insurance policies. As this waiver will preclude the assignment of any claim by subrogation (or otherwise) to an insurance company (or any other person), you must give each insurance company that has issued, or in the future may issue, your policies of insurance, written notice of the terms of this waiver, and to have the insurance policies properly endorsed, if necessary, to prevent the invalidation of insurance coverage by reason of the waiver. You must require each Subcontractor to include similar waivers of subrogation in favor of the City.

The City reserves the right to change, modify or delete insurance requirements set forth in the Contract, including the right to request that you provide additional types of insurance.

XIX. CLAIMS AND DISPUTES

A. General

Compliance with the provisions in this Article XIX is a precondition to seeking judicial review of an adverse decision of the Chief Procurement Officer. **You must not withhold performance of and must prosecute any Work required by the Commissioner while your claim, including judicial resolution, if any, is pending. You must prosecute all of your Work including any disputed Work with the same diligence and effort as if no dispute existed.** Neither the Chief Procurement Officer's determination (*see* Section XIX.C.3 below), nor the continued performance by either party, constitutes an admission as to any factual and/or legal position in connection with the dispute or a waiver of any rights under the Contract.

B. Claims

1. This provision applies to all claims under this Contract, including those for time, money, or both.

2. Procedures. Within 14 days after a basis for claim arises, you must submit your claim in writing to the City's resident engineer or its project manager ("Commissioner's Representative). This written claim to the Commissioner's Representative will constitute "notice" to the City for purposes of determining initial timeliness of the claim; oral notice is

insufficient. If you and the Commissioner's Representative are unable promptly (depending upon the complexity of the matter) to resolve the claim, you must forward your claim in writing to the Commissioner together with the documents listed in (a) through (d) below (collectively, "your documents"). You must include:

a. A general statement of the basis for the claim,

b. Reference to the applicable Contract provisions,

c. All records that support the claim, and

d. All documents that relate to it, such as correspondence, and that are reasonably necessary for the Commissioner's understanding to resolve the claim.

It is your responsibility to furnish your documents to the Commissioner at the time you forward the claim to him, as, with or without the supporting documentation, the Commissioner has 30 days to respond in writing to you after he has received the claim. Incomplete information may result in an adverse response. The response may be in the form of a contract modification.

If within the 30 days the Commissioner neither responds nor forwards the claim to the Chief Procurement Officer in lieu of responding, the claim will be considered denied, unless you and the Commissioner have agreed to extend the time for him to complete his response. The Commissioner may, at his sole option, forgo the opportunity to respond directly to your claim by referring it with all your documentation and a Request for Resolution of Dispute to the Chief Procurement Officer and supplying such additional documentation as the Chief Procurement Officer may require of him.

C. Disputes

1. Invoking Dispute Resolution Procedures. If you dispute the Commissioner's resolution or denial of your claim, or if your claim is deemed denied, you have 10 days to forward your claim and your documentation to the Chief Procurement Officer indicating to him that you are requesting resolution of a dispute and showing that you have complied with the preceding claims procedures. Your 10-day period to invoke dispute resolution by the Chief Procurement Officer is counted from the date the Commissioner's written resolution was sent to you, or, if he has not responded or forwarded the claim, from the date on which the time for the Commissioner's response lapsed.

2. Waiver. If you fail to file a Request for Resolution of Dispute with the Chief Procurement Officer within the 10-day period you will have waived your claim, the right to make the claim later, and the right to dispute its resolution or denial.

3. Dispute Procedures. Once the dispute resolution procedures are invoked, the Chief Procurement Officer will proceed to a final and binding decision under such rules and regulations as he from time to time promulgates. A copy of those rules and/or regulations is available through the Department of Procurement Services. The Chief Procurement Officer's decision will be implemented through a Contract Modification, if required, that will be made a part of the Contract with your signature or without it should you refuse to sign the Contract Modification. If either you or the Commissioner disagree(s) with the decision of the Chief Procurement Officer, the exclusive remedy is judicial review by a common law

writ of certiorari. Unless such review is sought within 35 days of receipt of the Chief Procurement Officer's decision, all rights to seek judicial review are waived.

XX. EVENTS OF DEFAULT AND TERMINATION

A. Commissioner's and CPO Right

1. The Commissioner or the CPO may, at their sole discretion, exercise the right to send you notice under Sections XX.C.1 or XX.C.2. Whether to declare you in default is within the sole discretion of the Commissioner or the CPO and neither that decision nor the factual basis for it is subject to review or challenge under Article XIX, "Claims and Disputes."
2. If the Commissioner or the CPO terminates this Contract under the provisions of Section XX.C.1 or XX.C.2, the Commissioner may use the material and equipment, whether owned or leased, that is within the scope of the Work or necessary for completion of the Work paid for by the City (whether located on or off the Work site), to complete the Work and you will receive no further payment until the Work is completed. If, however, the cost of completion exceeds the unpaid balance of the Contract, you must pay the difference to the City immediately upon demand.

B. Events of Default

Your failure to perform any of your obligations under the Contract, including one or more of the following, is an event of default:

1. Failure to begin the Work at the time specified;
2. Failure to perform the Work with sufficient workers and equipment or with sufficient materials to insure the completion of Work or any part of the Work within the time specified by the Contract;
3. Failure to perform the Work in accordance with the Contract;
4. Failure to promptly remove materials, repair, or replace Work that was or were rejected as defective or unsuitable;
5. Unauthorized discontinuation of the Work;
6. Insolvency, bankruptcy or assignment for the benefit of creditors that impairs your ability to pay Subcontractors or perform the Work;
7. Failure to pay Subcontractors or material suppliers;
8. Failure to carry on the Work in a manner acceptable to the Commissioner;
9. Failure to observe Federal, State, or local laws or regulations governing safety and security requirements, including all environmental requirements;
10. Failure to comply with any other term of this Contract that states an event of default or failure to comply with any term of this Contract in any material respect; and
11. Failure to identify disposal site(s) for materials, construction debris, soil and other wastes or to submit such information when requested by the Commissioner.

12. Disqualification as a MBE or WBE of the Contractor or any joint venture partner, subcontractor or supplier if its status as an MBE or WBE was a factor in the award of the Contract and such status was misrepresented by the Contractor.

13. Failure to notify City of change in information submitted in Contractor's original Economic Disclosure Statement ("EDS") and to submit a new EDS;

14. Default under any other City contract;

15. Violation of any City ordinance, even if unrelated to contract performance.

16. Failure to comply with the Child Support Arrearage Ordinance, § 2-92-415 of the Municipal Code;

C. Remedies

If an event of default occurs, the Commissioner or the CPO, at their sole discretion, may send you notice of his intent to exercise remedies pursuant to the following:

1. Opportunity to Cure: The Commissioner or CPO may provide you the opportunity to cure the default. If he does so, you must cure the default within 10 days after notice from the Commissioner is given. If the Commissioner or CPO receives written notification that you have not cured the default within the 10-day cure period, the Commissioner or CPO may at any time after that terminate the Contract, in which event the termination of the Contract is final and effective.

2. Termination: The Commissioner or CPO may terminate the Contract. Written notification of the default and termination of the Contract will be provided to you and the bond company by the Commissioner. The Commissioner's or CPO's decision and declaration of termination is final and effective.

3. In addition to the foregoing, upon an event of default as defined in Section XX.B, "Events of Default," the City may invoke any or all of the following remedies:

   a. The right of set-off against any payments due or to become due to you;

   b. The right to take over and complete the Work, or any part of it, either directly or through others. The City may use your Subcontractors, materials and equipment to complete the Work. If the City notifies you that it is invoking this remedy, all rights you may have in or under your subcontracts are assigned to the City, subject to the City's right to take assignment of all or only selected subcontracts, at the City's discretion. The sole obligation accepted by the City under such subcontracts is to pay for Work satisfactorily performed after the date of the assignment. In the event a conditional assignment has not been executed, you must execute, or cause to be executed, any assignment, agreement, or other document that may be necessary, in the sole opinion of the Corporation Counsel, to evidence or effect compliance with this provision. You must promptly deliver such documents upon the City's request. In the case of any subcontract so assigned and accepted by the City, you remain liable to the Subcontractors for any payment already invoiced to and paid by the City, and for any claim, suit, or cause of action based on or resulting from any error, omission, negligence, fraud, willful or intentionally tortious conduct, or any other act or omission, or breach of Contract, by you, your officers, employees, agents, and other Subcontractors, arising before the date of assignment to the City, when such claim,

suit, or cause of action has not been discharged, disposed of, or otherwise resolved as of that date. You must notify your Subcontractors of these requirements;

c. In the event of termination, all costs and changes incurred by the City, together with the cost of completing the Work, are deducted from any moneys due or that may become due to you. When the expense incurred by the City exceeds the sum that would have been payable under the Contract, you and the surety are liable and must pay to the City the amount of the excess;

d. The right to terminate the Contract as to any or all of the Work yet to be performed;

e. The right of specific performance, an injunction, or any other appropriate equitable remedy, as may be applicable;

f. The right to money damages, including all expert witness or other consultant fees, court costs, and attorneys' fees that the City may incur in connection with any claim, suit, or action based upon, related to, or arising from, directly or indirectly, an event of default under this Contract;

g. The right to withhold all or any part of your compensation;

h. The right to terminate any or all of any other contracts that you may have with the City; and

i. The right to deem you non-responsible in future contracts to be awarded by the City.

D. Nonexclusivity of Remedies

The remedies under the terms of this Contract are not intended to be exclusive of any other remedies provided, but each and every such remedy is cumulative and is in addition to any other remedies, existing now or hereafter, at law, or in equity. No delay or omission to exercise any right or power accruing upon any event of default impairs any such right or power, nor constitutes a waiver of any event of default or acquiescence in it, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

E. Adjudication of Termination

If the Contract is terminated by the City for cause and it is subsequently determined by a court of competent jurisdiction that the termination was without cause, the termination will thereupon be deemed under Section XX.F, "Early Termination," and the provisions of Section XX.F, "Early Termination," apply.

F. Early Termination

1. The City, through the Commissioner, may terminate your Work by written notice stating the effective date of the termination. Immediately upon receipt of the notice, you must provide similar written notice to the affected Subcontractor(s), whereupon you and Subcontractor(s) must, except for services necessary for the orderly termination of the Work.

a. Stop all Work and place no further order or subcontracts for materials, services, equipment or supplies;

b. Assign to the City, in the manner and to the extent directed, all of your rights under Work orders, purchase orders and subcontracts relating to the portion of the Work that has been completed;

c. Terminate Work orders, purchase orders and subcontracts outstanding to the extent that they relate to the Work and are not assigned to the City;

e. Take any other action toward termination of the Work that the City may direct.

2. If all or a portion of your Work is terminated under this Section, "Early Termination," you are entitled to payment of those costs relating to the completed portion of the Work. No payment will be made for Work not actually performed. Deductions will be made by the City for any amounts previously paid to you and for any amounts that may be due the City, or that the City may offset or withhold by the terms of this Contract. Thus, the City will pay you, subject to the limitations set forth in this Contract, the sum of the following costs:

a. That portion of the Contract Price related to the Work you completed immediately before notice of termination less the payments for progress or changes previously made; and

b. Expenses incurred for which you are liable as the result of your termination of respective Work orders, purchase orders or subcontracts related to the notice of termination. The total amount of all payments to you must not, in any event, exceed the proportion that the Work actually performed (including materials delivered to the Project site minus credits for returned goods or canceled orders) at the date of termination bears to the entire Work to be performed under this Contract. Any payment to you under this subsection will be made in accordance with the provisions of Article XIII, "Payments."

Failure to submit the final invoice within 60 days after the effective date of termination constitutes a waiver of the final invoice.

G. Non-Appropriation

If no funds or insufficient funds are appropriated and budgeted in any fiscal period of the City for payments to be made under this Contract, then the City will notify you of that occurrence and this Contract will terminate on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for payment under this Contract are exhausted. The CPO or Commissioner is authorized to inspect or to have inspected any large vehicle used in the performance of this Contract in order to ensure compliance with Safety Enhancing Equipment requirements and MCC 2-92-597.

In addition to other remedies provided by law or specified in the Contract, any person who knowingly makes a false statement of material fact to any city agency with respect to compliance with any contract requirements specified pursuant to MCC 2-92-597 or rules promulgated thereunder shall be fined not less than $1,000.00 nor more than $5,000.00 for each such false statement. For purposes of MCC 2-92-597, a person knowingly makes a false statement of material fact when such person makes a false statement of material fact as provided in subsection (d) of Section 1-21-010.

W. Deemed Inclusion

Provisions required by Applicable Law to be inserted in the Agreement are deemed inserted in the Agreement whether or not they appear in the Agreement or, upon application by either party, the Agreement will be amended to make the insertion; however, in no event will the failure to insert the provisions before or after the Agreement is signed prevent its enforcement.

XXII. MISCELLANEOUS

A. Counterparts

This Contract is comprised of several identical counterparts, each to be fully executed by the parties and each to be deemed an original having identical legal effect.

B. Modifications

No changes, modifications, cancellation, or discharge of this Contract, or any part of it, is valid unless in writing and signed by the parties to it, or their respective successors and assigns.

C. No Waiver of Legal Rights

1. The City will not be precluded or estopped from showing the true amount and character of the Work performed and materials furnished by you, or from showing that any measurement, estimate, or certificate is untrue or incorrectly made, or that the Work or materials do not conform in fact to the Contract. The City will not be precluded or estopped from recovering from you and your sureties such damages as the City may sustain by reason of your failure to comply with the terms of the Contract.

2. Neither the acceptance by the City, or any representative of the City, nor any payment for or acceptance of the whole or any part of the Work, nor any extension of time, nor any possession taken by the City, will operate as a waiver by the City of any portion of the Contract, or of any power reserved in it or any right of the City to damages provided in it. A waiver of any breach of the Contract does not constitute a waiver of any other or subsequent breach.

3. Miscellaneous Provisions: Whenever under this Contract, the City by a proper authority waives your performance in any respect or waives a requirement or condition to either the City's or your performance, the waiver so granted, whether express or implied, only applies to the particular instance and is not deemed a waiver forever or for subsequent instance of the performance, requirement, or condition. No such waiver may be construed as a modification of this Contract regardless of the number of times the City may have waived the performance, requirement, or condition.

D. Governing Law

This Contract is governed in accordance with the laws of the State of Illinois without regard to choice of law principles. You irrevocably submit, and will cause your Subcontractors to submit, to the original jurisdiction of those State or Federal courts located within the County of Cook, State of Illinois, with regard to any controversy arising out of, relating to, or in any way concerning the execution or performance of this Contract. You consent to service of process on you, at the option of the City, either by registered or certified mail addressed to the applicable office as provided for in this Contract, by registered or certified mail addressed to the office actually maintained by you, or by personal delivery on any of your officers, directors, or managing or general agents.

E. Consent to Service of Process and Jurisdiction

All judicial proceedings brought against you with respect to this Contract may be brought in (i) any court of the State of Illinois of competent jurisdiction; and (ii) any Federal court of competent jurisdiction located within the boundaries of the Federal court district of the Northern District of Illinois, and by execution and delivery of this Contract, you accept, for yourself and in connection with your properties, generally and unconditionally, the exclusive jurisdiction of those courts, and irrevocably agree to be bound by any final judgment rendered by them from which no appeal has been taken or is available. You designate and appoint the representative identified on the signature page to this Contract under the heading "Designation of Agent for Service Process" as your agent in Chicago, Illinois to receive on your behalf service of all process in any such proceedings in the court (which representative must be available to receive the service at all times), the service being acknowledged by the representative to effective and binding service in every respect. The agent may be changed only upon the giving of written notice by you to the City of the name and address of a new Agent for Service of Process who works within the geographical boundaries of the City of Chicago and is retained or employed by you. You irrevocably waive any objection (including any objection of the laying of venue or based on the grounds of *forum non conveniens*) which you may now or later have to bring any action or proceeding with respect to this Contract in the jurisdiction set forth above. Nothing in this section affects the right to serve process in any other manner permitted by law or limits the right of the City to bring proceedings against you in the courts of any other jurisdiction.

F. Contractor Cooperation

You must act in good faith in the performance of this Contract and co-operate with the City and any other City contractors at the site to assure timely completion of the Work. You must implement such

measures as may be necessary to ensure that your staff and your Subcontractors are bound by the provisions of this Contract.

G. Joint and Several Liability

If you, or your successors or assigns, if any, are comprised of more than one individual or other legal entity (or a combination of them), then each and every obligation or undertaking stated in this Contract that you are to fulfill or perform is the joint and several obligation or undertaking of each such individual or other legal entity.

H. No Third Party Beneficiaries

Except as may otherwise be provided in this Contract, this Contract is solely for the benefit of the parties and nothing in this Contract is intended to create any third party beneficiary rights for Subcontractors or other third parties.

I. Notices

J. Authority

1. Contractor: Your execution of this Contract is authorized and signature(s) of each person signing on your behalf has been made with complete and full authority to commit you to all terms and conditions of this Contract, including every representation, certification, and warranty contained in it, attached to it and collectively incorporated by reference in it, or that may be required by the terms and conditions of this Contract. I. **Policy and Terms**

As set forth in 2-92-650 *et seq.* of the Municipal Code of Chicago (MCC) it is the policy of the City of Chicago that businesses certified as Minority Owned Business Enterprises (MBEs) and Women Owned Business Enterprises (WBEs) in accordance with Section 2-92-420 *et seq.* of the MCC and Regulations Governing Certification of Minority and Women-owned Businesses, and all other Regulations promulgated under the aforementioned sections of the Municipal Code, as well as MBEs and WBEs certified by Cook County, Illinois, shall have full and fair opportunities to participate fully in the performance of this contract. Therefore, bidders shall not discriminate against any person or business on the basis of race, color, national origin, or sex, and shall take affirmative actions to ensure that MBEs and WBEs shall have full and fair opportunities to compete for and perform subcontracts for supplies or services.

Failure to carry out the commitments and policies set forth herein shall constitute a material breach of the contract and may result in the termination of the contract or such remedy as the City of Chicago deems appropriate.

Under the City's MBE/WBE Construction Program as set forth in MCC 2-92-650 *et seq*, the program-wide aspirational goals are 26% Minority Owned Business Enterprise participation and 6% Women Owned Business Enterprise participation. The City has set goals of 26% and 6% on all contracts in line with its overall aspirational goals, unless otherwise specified herein, and is requiring that bidders make a good faith effort in meeting or exceeding these goals.

Pursuant to 2-92-535, the prime contractor may be awarded an additional 0.333 percent credit, up to a maximum of a total of 5 percent additional credit, for every 1 percent of the value of a contract self-performed by M.B.E.s or W.B.E.s, or combination thereof, that have entered into a mentor agreement with the contractor. This 5% may be applied to the contract specific goals, or it may be in addition to the contract specific goals.

As provided in Section 2-92-720(e), Diversity Credit Program credits awarded by the City's affirmative action advisory board may also be applied to the contract specific goals.

Contract Specific Goals and Bids

A bid may be rejected as non-responsive if it fails to submit one or more of the following with its bid demonstrating its good faith efforts to meet the Contract Specific Goals by reaching out to MBEs and WBEs to perform work on the contract:

A. An MBE/WBE compliance plan demonstrating how the bidder plans to meet the Contract Specific Goals (Schedule D); and/or
B. Documentation of Good Faith Efforts (Schedule H).

If a bidder's compliance plan falls short of the Contract Specific Goals, the bidder must include either a Schedule H demonstrating that it has made Good Faith Efforts to find MBE and WBE firms to participate or a request for a reduction or waiver of the goals.

Accordingly, the bidder or contractor commits to make good faith efforts to expend at least the following percentages of the total contract price (inclusive of any and all modifications and amendments), if awarded the contract:

MBE Contract Specific Goal: 28%
WBE Contract Specific Goal: 8%

This Contract Specific Goal provision shall supersede any conflicting language or provisions that may be contained in this document.

For purposes of evaluating the bidder's responsiveness, the MBE and WBE Contract Specific Goals shall be percentages of the bidder's total base bid. However, the MBE and WBE Contract Specific Goals shall apply to the total value of this contract, including all amendments and modifications.

Pursuant to 2-92-535, the prime contractor may be awarded an additional 0.333 percent credit, up to a maximum of a total of 5 percent additional credit, for every 1 percent of the value of a contract self-performed by M.B.E.s or W.B.E.s, or combination thereof, that have entered into a mentor agreement with the contractor. This 5% may be applied to the contract specific goals, or it may be in addition to the contract specific goals.

Note: Bidders taking advantage of the Bid Incentive For Small Business Enterprise And Veteran-Owned Business Enterprise Joint Ventures pursuant to 2-92-418 should consult the applicable DPS regulations. When a certified MBE or WBE is involved in receiving the preference, in some circumstances it will affect counting MBE and WBE participation. For example, a veteran-owned small local business claiming the preference that is also a certified MBE or WBE may not count its own performance toward MBE or WBE participation goals.

Contract Specific Goals and Contract Modifications

1. The MBE and WBE Contract Specific Goals established at the time of contract bid shall also apply to any modifications to the Contract after award. That is, any additional work and/or money added to the Contract must also adhere to these Special Conditions requiring Contractor to (sub)contract with MBEs and WBEs to meet the Contract Specific Goals.

a. Contractor must assist the Construction Manager or user Department in preparing its "proposed contract modification" by evaluating the subject matter of the modification and determining whether there are opportunities for MBE or WBE participation and at what rates.
b. Contractor must produce a statement listing the MBEs/WBEs that will be utilized on any contract modification. The statement must include the percentage of utilization of the firms. If no MBE/WBE participation is available, an explanation of good faith efforts to obtain participation must be included.

2. The Chief Procurement Officer shall review each proposed contract modification and amendment that by itself or aggregated with previous modification/amendment requests, increases the contract value by ten percent (10%) of the initial award, or $50,000, whichever is less, for opportunities to increase the participation of MBEs or WBEs already involved in the Contract.

II. Definitions

"Area of Specialty" means the description of a MBE's or WBE's activity that has been determined by the Chief Procurement Officer to be most reflective of the firm's claimed specialty or expertise. Each MBE and WBE letter of certification contains a description of the firm's Area of Specialty. Credit toward the Contract Specific Goals shall be limited to the participation of firms performing within their Area of Specialty. The Department of Procurement Services does not make any representation concerning the ability of any MBE or WBE to perform work within its Area of Specialty. It is the responsibility of the bidder or contractor to determine the capability and capacity of MBEs and WBEs to perform the work proposed.

"B.E.P.D." means an entity certified as a Business enterprise owned or operated by people with disabilities as defined in MCC 2-92-586.

"Broker" means a person or entity that fills orders by purchasing or receiving supplies from a third party supplier rather than out of its own existing inventory and provides no commercially useful function other than acting as a conduit between his or her supplier and his or her customer.

"Chief Procurement Officer" or "CPO" means the chief procurement officer of the City of Chicago or his or her designee.

"Commercially Useful Function" means responsibility for the execution of a distinct element of the work of the contract, which is carried out by actually performing, managing, and supervising the work involved, evidencing the responsibilities and risks of a business owner such as negotiating the terms of (sub)contracts, taking on a financial risk commensurate with the contract or its subcontract, responsibility for acquiring the appropriate lines of credit and/or loans, or fulfilling responsibilities as a joint venture partner as described in the joint venture agreement.

"Construction Contract" means a contract, purchase order or agreement (other than lease of real property) for the construction, repair, or improvement of any building, bridge, roadway, sidewalk, alley, railroad or other structure or infrastructure, awarded by any officer or agency of the City, other than the City Council, and whose cost is to be paid from City funds.

"Contract Specific Goals" means the subcontracting goals for MBE and WBE participation established for a particular contract.

"Contractor" means any person or business entity that has entered into a construction contract with the City, and includes all partners, affiliates and joint ventures of such person or entity.

"Direct Participation" the value of payments made to MBE or WBE firms for work that is done in their Area of Specialty directly related to the performance of the subject matter of the Construction Contract will count as Direct Participation toward the Contract Specific Goals.

"Directory" means the Directory of Minority Business MBEs and WBEs maintained and published by the Chief Procurement Officer. The Directory identifies firms that have been certified as MBEs and WBEs, and includes the date of their last certifications and the areas of specialty in which they have been certified. Bidders and contractors are responsible for verifying the current certification status of all proposed MBEs and WBEs.

"Executive Director" means the executive director of the Office of Compliance or his or her designee.

"Good Faith Efforts" means actions undertaken by a bidder or contractor to achieve a Contract Specific Goal that, by their scope, intensity, and appropriateness to the objective, can reasonably be expected to fulfill the program's requirements.

"Joint venture" means an association of a MBE or WBE firm and one or more other firms to carry out a single, for-profit business enterprise, for which each joint venture partner contributes property, capital, efforts, skills and knowledge, and in which the MBE or WBE is responsible for a distinct, clearly defined portion of the work of the contract and whose share in the capital contribution, control, management, risks, and profits of the joint venture are commensurate with its ownership interest.

Mentor-Protégé Agreement means an agreement between a prime and MBE or WBE subcontractor pursuant to 2-92-535, that is approved by the City of Chicago and complies with all requirements of 2-92-535 and any rules and regulations promulgated by the Chief Procurement Officer.

"Minority Business Enterprise" or "MBE" means a firm certified as a minority owned and controlled business enterprise in accordance with City Ordinances and Regulations as well as a firm certified as a minority owned and controlled business enterprise by Cook County, Illinois. However, it does not mean a firm that has been found ineligible or which has been decertified by the City or Cook County.

"Supplier" or "Distributor" refers to a company that owns, operates, or maintains a store, warehouse or other establishment in which materials, supplies, articles or equipment are bought, kept in stock and regularly sold or leased to the public in the usual course of business. A regular distributor or supplier is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials or supplies required for performance of the Contract are bought, kept in stock, and regularly sold to the public in the usual course of business. To be a regular distributor the firm must engage in, as its principal business and in its own name, the purchase and sale of the products in question. A regular distributor in such bulk items as steel, cement, gravel, stone, and petroleum products need not keep such products in stock if it owns or operates distribution equipment.

"Women Business Enterprise" or "WBE" means a firm certified as a women owned and controlled business enterprise in accordance with City Ordinances and Regulations as well as a firm certified as a women owned business enterprise by Cook County, Illinois. However, it does not mean a firm that has been found ineligible or which has been decertified by the City or Cook County.

III. **Joint Ventures**

The formation of joint ventures to provide MBEs and WBEs with capacity and experience at the prime contracting level, and thereby meet Contract Specific Goals (in whole or in part) is encouraged. A joint venture may consist of any combination of MBEs, WBEs, and non-certified firms as long as one member is an MBE or WBE.

A. The joint venture may be eligible for credit towards the Contract Specific Goals only if:

1. The MBE or WBE joint venture partner's share in the capital contribution, control, management, risks and profits of the joint venture is equal to its ownership interest;

2. The MBE or WBE joint venture partner is responsible for a distinct, clearly defined portion of the requirements of the contract for which it is at risk;

3. Each joint venture partner executes the bid to the City; and

4. The joint venture partners have entered into a written agreement specifying the terms and conditions of the relationship between the partners and their relationship and responsibilities to the contract, and all such terms and conditions are in accordance with the conditions set forth in Items 1, 2, and 3 above in this Paragraph A.

B. The Chief Procurement Officer shall evaluate the proposed joint venture agreement, the Schedule B submitted on behalf of the proposed joint venture, and all related documents to determine whether these requirements have been satisfied. The Chief Procurement Officer shall also consider the record of the joint venture partners on other City of Chicago contracts. The decision of the Chief Procurement Officer regarding the eligibility of the joint venture for credit towards meeting the Contract Specific Goals, and the portion of those goals met by the joint venture, shall be final.

The joint venture may receive MBE or WBE credit for work performed by the MBE or WBE joint venture partner(s) equal to the value of work performed by the MBE or WBE with its own forces for a distinct, clearly defined portion of the work.

Additionally, if employees of the joint venture entity itself (as opposed to employees of the MBE or WBE partner) perform the work then the value of the work may be counted toward the Contract Specific Goals at a rate equal to the MBE or WBE firm's percentage of participation in the joint venture as described in Schedule B.

The Chief Procurement Officer may also count the dollar value of work subcontracted to other MBEs and WBEs. Work performed by the forces of a non-certified joint venture partner shall not be counted toward the Contract Specific Goals.

C. Schedule B: MBE/WBE Affidavit of Joint Venture

Where the bidder's Compliance Plan includes the participation of any MBE or WBE as a joint venture partner, the bidder must submit with its bid a Schedule B and the proposed joint venture agreement. These documents must both clearly evidence that the MBE or WBE joint venture partner(s) will be responsible for a clearly defined portion of the work to be performed, and that the MBE's or WBE's responsibilities and risks are proportionate to its ownership percentage. The proposed joint venture agreement must include specific details related to:

1. The parties' contributions of capital, personnel, and equipment and share of the costs of insurance and bonding;

2. Work items to be performed by the MBE's or WBE's own forces and/or work to be performed by employees of the newly formed joint venture entity;

3. Work items to be performed under the supervision of the MBE or WBE joint venture partner; and

4. The MBE's or WBE's commitment of management, supervisory, and operative personnel to the performance of the contract.

NOTE: Vague, general descriptions of the responsibilities of the MBE or WBE joint venture partner do not provide any basis for awarding credit. For example, descriptions such as "participate in the budgeting process," "assist with hiring," or "work with managers to improve customer service" do not identify distinct, clearly defined portions of the work. Roles assigned should require activities that are performed on a regular, recurring basis rather than as needed. The roles must also be pertinent to the nature of the business for which credit is being sought. For instance, if the scope of work required by the City entails the delivery of goods or services to various sites in the City, stating that the MBE or WBE joint venture partner will be responsible for the performance of all routine maintenance and all repairs required to the vehicles used to deliver such goods or services is pertinent to the nature of the business for which credit is being sought.

IV. Counting MBE and WBE Participation Towards the Contract Specific Goals

Refer to this section when preparing the MBE/WBE compliance plan and completing Schedule D-1 for guidance on what value of the participation by MBEs and WBEs will be counted toward the stated Contract Specific Goals. The "Percent Amount of Participation" depends on whether and with whom a MBE or WBE subcontracts out any portion of its work and other factors.

Firms that are certified as both MBE and WBE may only be listed on a bidder's compliance plan as either a MBE or a WBE to demonstrate compliance with the Contract Specific Goals. For example, a firm certified as both a MBE and a WBE may only listed on the bidder's compliance plan under one of the categories, but not both. Additionally, a firm that is certified as both a MBE and a WBE could not self-perform 100% of a contract, it would have to show good faith efforts to meet the Contract Specific Goals by including in its compliance plan work to be performed by another MBE or WBE firm, depending on which certification that dual-certified firm chooses to count itself as.

A. Only expenditures to firms that perform a **Commercially Useful Function** as defined above may count toward the Contract Specific Goals.
   1. The CPO will determine whether a firm is performing a commercially useful function by evaluating the amount of work subcontracted, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing and the credit claimed for its performance of the work, industry practices, and other relevant factors.
   2. A MBE or WBE does not perform a commercially useful function if its participation is only required to receive payments in order to obtain the appearance of MBE or WBE participation. The CPO may examine similar commercial transactions, particularly those in which MBEs or WBEs do not participate, to determine whether non MBE and non WBE firms perform the same function in the marketplace to make a determination.

B. Only the value of the dollars paid to the MBE or WBE firm for work that it performs in its **Area of Specialty** in which it is certified counts toward the Contract Specific Goals.

Only payments made to MBE and WBE firms that meet BOTH the Commercially Useful Function and Area of Specialty requirements above will be counted toward the Contract Specific Goals.

C. If the MBE or WBE performs the work itself:
   1. 100% of the value of work actually performed by the MBE's or WBE's own forces shall be counted toward the Contract Specific Goals, including the cost of supplies purchased or equipment leased by the MBE or WBE from third parties or second tier subcontractors in order to perform its (sub)contract with its own forces. 0% of the value of work at the project site that a MBE or WBE subcontracts to a non-certified firm counts toward the Contract Specific Goals

D. If the MBE or WBE is a manufacturer:
   1. 100% of expenditures to a MBE or WBE manufacturer for items needed for the Contract shall be counted toward the Contract Specific Goals. A manufacturer is a firm that operates or maintains a factory or establishment that produces on the premises the materials or supplies obtained by the bidder or contractor.

E. If the MBE or WBE is a distributor or supplier:
   1. 60% of expenditures for materials and supplies purchased from a MBE or WBE that is certified as a regular dealer or supplier shall be counted toward the Contract Specific Goals.

F. If the MBE or WBE is a broker:
   1. 0% of expenditures paid to brokers will be counted toward the Contract Specific Goals.
   2. As defined above, Brokers provide no commercially useful function.

G. If the MBE or WBE is a member of the joint venture contractor/bidder:
   1. A joint venture may count the portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the MBE or WBE performs with its own forces toward the Contract Specific Goals.
      i. OR if employees of this distinct joint venture entity perform the work then the value of the work may be counted toward the Contract Specific Goals at a rate equal to the MBE or WBE firm's percentage of participation in the joint venture as described in Schedule B.
   2. Note: a joint venture may also count the dollar value of work subcontracted to other MBEs and WBEs, however, work subcontracted out to non-certified firms may not be counted.

H. If the MBE or WBE subcontracts out any of its work:

1. 100% of the value of the work subcontracted to other MBEs or WBEs performing work in its Area of Specialty may be counted toward the Contract Specific Goals.
2. 0% of the value of work that a MBE or WBE subcontracts to a non-certified firm counts toward the Contract Specific Goals (except for the cost of supplies purchased or equipment leased by the MBE or WBE from third parties or second tier subcontractors in order to perform its (sub)contract with its own forces as allowed by C.1. above).
3. The fees or commissions charged for providing a *bona fide* service, such as professional, technical, consulting or managerial services or for providing bonds or insurance or the procurement of essential personnel, facilities, equipment, materials or supplies required for performance of the Contract, may be counted toward the Contract Specific Goals, provided that the fee or commission is determined by the Chief Procurement Officer to be reasonable and not excessive as compared with fees customarily allowed for similar services.
4. The fees charged for delivery of materials and supplies required on a job site (but not the cost of the materials and supplies themselves) when the hauler, trucker, or delivery service is not also the manufacturer of or a regular dealer in the materials and supplies, provided that the fee is determined by the Chief Procurement Officer to be reasonable and not excessive as compared with fees customarily allowed for similar services.
5. The fees or commissions charged for providing any bonds or insurance, but not the cost of the premium itself, specifically required for the performance of the Contract, provided that the fee or commission is determined by the Chief Procurement Officer to be reasonable and not excessive as compared with fees customarily allowed for similar services.

V. Procedure to Determine Bid Compliance

The following Schedules and requirements govern the bidder's or contractor's MBE/WBE proposal:

A. Schedule B: MBE/WBE Affidavit of Joint Venture

1. Where the bidder's Compliance Plan includes the participation of any MBE or WBE as a joint venture partner, the bidder must submit with its bid a Schedule B and the proposed joint venture agreement. See Section III above for detailed requirements.

B. Schedule C: MBE/WBE Letter of Intent to Perform as a Subcontractor or Supplier

The bidder must submit the appropriate Schedule C with the bid for each MBE and WBE included on the Schedule D. The City encourages subcontractors to utilize the electronic fillable format Schedule C, which is available at the Department of Procurement Services website, http://cityofchicago.org/forms. Suppliers must submit the Schedule C for Suppliers, first tier subcontractors must submit a Schedule C for Subcontractors to the

Prime Contractor and second or lower tier subcontractors must submit a Schedule C for second tier Subcontractors. Each Schedule C must accurately detail the work to be performed by the MBE or WBE and the agreed upon rates/prices. Each Schedule C must also include a separate sheet as an attachment on which the MBE or WBE fully describes its proposed scope of work, including a description of the commercially useful function being performed by the MBE or WBE in its Area of Specialty. If a facsimile copy of the Schedule C has been submitted with the bid, an executed original Schedule C must be submitted by the bidder for each MBE and WBE included on the Schedule D within five (5) business days after the date of the bid opening.

C. Schedule D: Compliance Plan Regarding MBE and WBE Utilization

The bidder must submit a Schedule D with the bid. The City encourages bidders to utilize the electronic fillable format Schedule D, which is available at the Department of Procurement Services website, http://cityofchicago.org/forms. An approved Compliance Plan is required before a contract may commence.

The Compliance Plan must commit to the utilization of each listed MBE and WBE. The bidder is responsible for calculating the dollar equivalent of the MBE and WBE Contract Specific Goals as percentages of the total base bid. All Compliance Plan commitments must conform to the Schedule Cs.

A bidder or contractor may not modify its Compliance Plan after bid opening except as directed by the Department of Procurement Services to correct minor errors or omissions. Bidders shall not be permitted to add MBEs or WBEs after bid opening to meet the Contract Specific Goals, however, contractors are encouraged to add additional MBE/WBE vendors to their approved compliance plan during the performance of the contract when additional opportunities for participation are identified. Except in cases where substantial, documented justification is provided, the bidder or contractor shall not reduce the dollar commitment made to any MBE or WBE in order to achieve conformity between the Schedule Cs and Schedule D. All terms and conditions for MBE and WBE participation on the contract must be negotiated and agreed to between the bidder or contractor and the MBE or WBE prior to the submission of the Compliance Plan. If a proposed MBE or WBE ceases to be available after submission of the Compliance Plan, the bidder or contractor must comply with the provisions in Section VII.

D. Letters of Certification

A copy of each proposed MBE's and WBE's Letter of Certification from the City of Chicago or Cook County, Illinois, must be submitted with the bid.

A Letter of Certification includes a statement of the MBE's or WBE's area(s) of specialty. The MBE's or WBE's scope of work as detailed in the Schedule C must conform to its area(s) of specialty. Where a MBE or WBE is proposed to perform

work not covered by its Letter of Certification, the MBE or WBE must request the addition of a new area at least 30 calendar days prior to the bid opening.

Letters of Certification for firms that the City or Cook County has found ineligible or has decertified will not be accepted.

E. Schedule F: Report of Subcontractor Solicitations

A Schedule F must be submitted with the bid, documenting all subcontractors and suppliers solicited for participation on the contract by the bidder. Failure to submit the Schedule F may render the bid non-responsive.

F. Schedule H: Documentation of Good Faith Efforts

1. If a bidder determines that it is unable to meet the Contract Specific Goals, it must document its good faith efforts to do so, including the submission of Attachment C, Log of Contacts.

2. If the bidder's Compliance Plan demonstrates that it has not met the Contract Specific Goals in full or in part, the bidder must submit its Schedule H no later than three business days after notification by the Chief Procurement Officer of its status as the apparent lowest bidder. Failure to submit a complete Schedule H will cause the bid to be rejected as non-responsive.

3. Documentation must include but is not necessarily limited to:

   a. A detailed statement of efforts to identify and select portions of work identified in the bid solicitation for subcontracting to MBEs and WBEs;

   b. A listing of all MBEs and WBEs contacted for the bid solicitation that includes:

      i. Names, addresses, emails and telephone numbers of firms solicited;
      ii. Date and time of contact;
      iii. Person contacted;
      iv. Method of contact (letter, telephone call, facsimile, electronic mail, etc.).

   c. Evidence of contact, including:
      i. Project identification and location;
      ii. Classification/commodity of work items for which quotations were sought;
      iii. Date, item, and location for acceptance of subcontractor bids;

iv. Detailed statements summarizing direct negotiations with appropriate MBEs and WBEs for specific portions of the work and indicating why agreements were not reached.
v. Bids received from all subcontractors.

d. Documentation of bidder or contractor contacts with at least one of the minority and women assistance associations on Attachment A.

G. Agreements between a bidder or contractor and a MBE or WBE in which the MBE or WBE promises not to provide subcontracting quotations to other bidders or contractors are prohibited.

H. Prior to award, the bidder agrees to promptly cooperate with the Department of Procurement Services in submitting to interviews, allowing entry to places of business, providing further documentation, or soliciting the cooperation of a proposed MBE or WBE. Failure to cooperate may render the bid non-responsive.

I. If the City determines that the Compliance Plan contains minor errors or omissions, the bidder or contractor must submit a revised Compliance Plan within five (5) business days after notification by the City that remedies the minor errors or omissions. Failure to correct all minor errors or omissions may result in the determination that a bid is non-responsive.

J. No later than three (3) business days after receipt of the executed contract, the contractor must execute a complete subcontract agreement or purchase order with each MBE and WBE listed in the Compliance Plan. No later than eight (8) business days after receipt of the executed contract, the contractor must provide copies of each signed subcontract, purchase order, or other agreement to the Department of Procurement Services.

K. Any applications for City approval of a Mentor Protégé agreement must be included with the bid. If the application is not approved, the bidder must show that it has made good faith efforts to meet the contract specific goals.

VI. Demonstration of Good Faith Efforts

A. In evaluating the Schedule H to determine whether the bidder or contractor has made good faith efforts, the performance of other bidders or contractors in meeting the goals may be considered.

B. The Chief Procurement Officer shall consider, at a minimum, the bidder's efforts to:

1. Solicit through reasonable and available means at least 50% (or at least five when there are more than eleven certified firms in the commodity area) of MBEs and WBEs certified in the anticipated scopes of subcontracting of the contract, as

documented by the Schedule H. The bidder or contractor must solicit MBEs and WBEs within seven (7) days prior to the date bids are due. The bidder or contractor must take appropriate steps to follow up initial solicitations with interested MBEs or WBEs.

2. Advertise the contract opportunities in media and other venues oriented toward MBEs and WBEs.

3. Provide interested MBEs or WBEs with adequate information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the solicitation.

4. Negotiate in good faith with interested MBEs or WBEs that have submitted bids. That there may be some additional costs involved in soliciting and using MBEs and WBEs is not a sufficient reason for a bidder's failure to meet the Contract Specific Goals, as long as such costs are reasonable.

5. Not reject MBEs or WBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The MBE's or WBE's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the Contract Specific Goals.

6. Make a portion of the work available to MBE or WBE subcontractors and suppliers and selecting those portions of the work or material consistent with the available MBE or WBE subcontractors and suppliers, so as to facilitate meeting the Contract Specific Goals.

7. Make good faith efforts, despite the ability or desire of a bidder or contractor to perform the work of a contract with its own organization. A bidder or contractor who desires to self-perform the work of a contract must demonstrate good faith efforts unless the Contract Specific Goals have been met.

8. Select portions of the work to be performed by MBEs or WBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate MBE or WBE participation, even when the bidder or contractor might otherwise prefer to perform these work items with its own forces.

9. Make efforts to assist interested MBEs or WBEs in obtaining bonding, lines of credit, or insurance as required by the City or bidder or contractor.

10. Make efforts to assist interested MBEs or WBEs in obtaining necessary equipment, supplies, materials, or related assistance or services; and

11. Effectively use the services of the City; minority or women community organizations; minority or women assistance groups; local, state, and federal minority or women business assistance offices; and other organizations to provide assistance in the recruitment and placement of MBEs or WBEs.

C. If the bidder disagrees with the City's determination that it did not make good faith efforts, the bidder may file a protest pursuant to the Department of Procurement Services Solicitation and Contracting Process Protest Procedures within 10 business days of a final adverse decision by the Chief Procurement Officer.

VII. Changes to Compliance Plan

A. No changes to the Compliance Plan or contractual MBE and WBE commitments or substitution of MBE or WBE subcontractors may be made without the prior written approval of the Chief Procurement Officer. Unauthorized changes or substitutions, including performing the work designated for a subcontractor with the contractor's own forces, shall be a violation of these Special Conditions and a breach of the contract with the City, and may cause termination of the executed Contract for breach, and/or subject the bidder or contractor to contract remedies or other sanctions. The facts supporting the request for changes must not have been known nor reasonably could have been known by the parties prior to entering into the subcontract. Bid shopping is prohibited. The bidder or contractor must negotiate with the subcontractor to resolve the problem. If requested by either party, the Department of Procurement Services shall facilitate such a meeting. Where there has been a mistake or disagreement about the scope of work, the MBE or WBE can be substituted only where an agreement cannot be reached for a reasonable price for the correct scope of work.

B. Substitutions of a MBE or WBE subcontractor shall be permitted only on the following basis:

1. Unavailability after receipt of reasonable notice to proceed;
2. Failure of performance;
3. Financial incapacity;
4. Refusal by the subcontractor to honor the bid or proposal price or scope;
5. Mistake of fact or law about the elements of the scope of work of a solicitation where a reasonable price cannot be agreed;
6. Failure of the subcontractor to meet insurance, licensing or bonding requirements;
7. The subcontractor's withdrawal of its bid or proposal; or
8. De-certification of the subcontractor as a MBE or WBE. (Graduation from the MBE/WBE program does not constitute de-certification.
9. Termination of a Mentor Protégé Agreement.

C. If it becomes necessary to substitute a MBE or WBE or otherwise change the Compliance Plan, the procedure will be as follows:

1. The bidder or contractor must notify the Chief Procurement Officer in writing of the request to substitute a MBE or WBE or otherwise change the Compliance Plan. The request must state specific reasons for the substitution or change. A letter from the MBE or WBE to be substituted or affected by the change stating that it cannot perform on the contract or that it agrees with the change in its scope of work must be submitted with the request.

2. The City will approve or deny a request for substitution or other change within 15 business days of receipt of the request.

3. Where the bidder or contractor has established the basis for the substitution to the satisfaction of the Chief Procurement Officer, it must make good faith efforts to meet the Contract Specific Goal by substituting a MBE or WBE subcontractor. Documentation of a replacement MBE or WBE, or of good faith efforts, must meet the requirements in sections V and VI. If the MBE or WBE Contract Specific Goal cannot be reached and good faith efforts have been made, as determined by the Chief Procurement Officer, the bidder or contractor may substitute with a non-MBE or non-WBE.

4. If a bidder or contractor plans to hire a subcontractor for any scope of work that was not previously disclosed in the Compliance Plan, the bidder or contractor must obtain the approval of the Chief Procurement Officer to modify the Compliance Plan and must make good faith efforts to ensure that MBEs or WBEs have a fair opportunity to bid on the new scope of work.

5. A new subcontract must be executed and submitted to the Chief Procurement Officer within five business days of the bidder's or contractor's receipt of City approval for the substitution or other change.

D. The City shall not be required to approve extra payment for escalated costs incurred by the contractor when a substitution of subcontractors becomes necessary to comply with MBE/WBE contract requirements.

VIII. Reporting and Record Keeping

A. During the term of the contract, the contractor and its non-certified subcontractors must submit partial and final waivers of lien from MBE and WBE subcontractors that show the accurate cumulative dollar amount of subcontractor payments made to date. Upon acceptance of the Final Quantities from the City of Chicago, FINAL certified waivers of lien from the MBE and WBE subcontractors must be attached

to the contractor's acceptance letter and forwarded to the Department of Procurement Services, Attention: Chief Procurement Officer.

B. The contractor will be responsible for reporting payments to all subcontractors on a monthly basis in the form of an electronic audit. Upon the first payment issued by the City of Chicago to the contractor for services performed, on the first day of each month and every month thereafter, email and/or fax audit notifications will be sent out to the contractor with instructions to report payments that have been made in the prior month to each MBE and WBE. The reporting of payments to all subcontractors must be entered into the Certification and Compliance Monitoring System (C2), or whatever reporting system is currently in place, on or before the fifteenth (15^{th}) day of each month.

Once the prime contractor has reported payments made to each MBE and WBE, including zero dollar amount payments, the MBE and WBE will receive an email and/or fax notification requesting them to log into the system and confirm payments received. All monthly confirmations must be reported on or before the 20^{th} day of each month. Contractor and subcontractor reporting to the C2 system must be completed by the 25^{th} of each month or payments may be withheld.

All subcontract agreements between the contractor and MBE/WBE firms or any first tier non-certified firm and lower tier MBE/WBE firms must contain language requiring the MBE/WBE to respond to email and/or fax notifications from the City of Chicago requiring them to report payments received for the prime or the non-certified firm.

Access to the Certification and Compliance Monitoring System (C2), which is a web based reporting system, can be found at: http://chicago.mwdbe.com

C. The Chief Procurement Officer or any party designated by the, Chief Procurement Officer shall have access to the contractor's books and records, including without limitation payroll records, tax returns and records and books of account, to determine the contractor's compliance with its commitment to MBE and WBE participation and the status of any MBE or WBE performing any portion of the contract. This provision shall be in addition to, and not a substitute for, any other provision allowing inspection of the contractor's records by any officer or official of the City for any purpose.

D. The contractor shall maintain records of all relevant data with respect to the utilization of MBEs and WBEs, retaining these records for a period of at least five years after final acceptance of the work. Full access to these records shall be granted to City, federal or state authorities or other authorized persons.

IX. Non-Compliance

A. Without limitation, the following shall constitute a material breach of this contract and entitle the City to declare a default, terminate the contract, and exercise those remedies provided for in the contract at law or in equity: (1) failure to demonstrate good faith efforts; and (2) disqualification as a MBE or WBE of the contractor or any joint venture partner, subcontractor or supplier if its status as an MBE or WBE was a factor in the award of the contract and such status was misrepresented by the contractor.

B. Payments due to the contractor may be withheld until corrective action is taken.

C. Pursuant to 2-92-740, remedies or sanctions may include disqualification from contracting or subcontracting on additional City contracts for up to three years, and the amount of the discrepancy between the amount of the commitment in the Compliance Plan, as such amount may be amended through change orders or otherwise over the term of the contract, and the amount paid to MBEs or WBEs. The consequences provided herein shall be in addition to any other criminal or civil liability to which such entities may be subject.

D. The contractor shall have the right to protest the final determination of non-compliance and the imposition of any penalty by the Chief Procurement Officer pursuant to 2-92-740 of the Municipal Code of the City of Chicago, within 15 business days of the final determination.

X. **Arbitration**

If the City determines that a contractor has not made good faith efforts to fulfill its Compliance Plan, the affected MBE or WBE may recover damages from the contractor.

Disputes between the contractor and the MBE or WBE shall be resolved by binding arbitration before the American Arbitration Association (AAA), with reasonable expenses, including attorney's fees and arbitrator's fees, being recoverable by a prevailing MBE or WBE. Participation in such arbitration is a material provision of the Construction Contract to which these Special Conditions are an Exhibit. This provision is intended for the benefit of any MBE or WBE affected by the contractor's failure to fulfill its Compliance Plan and grants such entity specific third party beneficiary rights. These rights are non-waivable and take precedence over any agreement to the contrary, including but not limited to those contained in a subcontract, suborder, or communicated orally between a contractor and a MBE or WBE. Failure by the Contractor to participate in any such arbitration is a material breach of the Construction Contract.

A MBE or WBE seeking arbitration shall serve written notice upon the contractor and file a demand for arbitration with the AAA in Chicago, IL. The dispute shall be arbitrated in accordance with the Commercial Arbitration Rules of the AAA. All arbitration fees are to be paid *pro rata* by the parties.

The MBE or WBE must copy the City on the Demand for Arbitration within 10 business days after filing with the AAA. The MBE or WBE must copy the City on the arbitrator's decision within 10 business days of receipt of the decision. Judgment upon the arbitrator's award may be entered in any court of competent jurisdiction.

XI. **Equal Employment Opportunity**

Compliance with MBE and WBE requirements will not diminish or supplant equal employment opportunity and civil rights provisions as required by law related to bidder or contractor and subcontractor obligations.

Question: The Disclosing Party and, if the Disclosing Party is a legal entity, all of those persons or entities identified in Section II(B)(1) of this EDS:
D. have not, during the 5 years before the date of this EDS, had one or more public transactions (federal, state or local) terminated for cause or default;

Response:

1. In May 2012, ATS received a letter of termination from its client Covidien, Inc., relating to a remediation project being performed on a Time & Materials basis. At the time this letter was received, ATS was awaiting authorization to continue site activities as the project budget had been exhausted. Covidien refused to issue additional authorizations and refused to make payment on overdue amounts within the prior Covidien-issued authorization. ATS was subsequently forced to file a claim in the Massachusetts state court. Covidien had the matter removed to Federal Court where the claims were consolidated. ATS disputed the validity of the termination. This matter has been settled with payment to AECOM.

2. In March of 2016, ATS received a Notice of Termination for Cause from Atlantic City Electric, a PHI Company, on a Substation Project. AECOM disagrees with the purported basis for the notice and is contesting this notice.

3. In November of 2012 AECOM Technical Services, Inc. ("ATS") received a notice from the City of Sarasota, Florida, notifying ATS that it has terminated its contract with ATS for the design of a sewer lift station for default. ATS disagrees with the termination. The City of Sarasota ultimately filed suit. ATS is vigorously defending the City's claims and the matter remains pending.

Minority And Female Employee Utilization Commitments.

In accordance with Chapter 2-92 of the Municipal Code of Chicago, and in order to promote equality of opportunity for minority and female personnel on this project, Design-Builder has proposed the following minority and female employee utilization commitments for the Project, as percentages of the journeyworker and apprentice and laborer hours to be expended in the construction of the Project.

Actual amounts of minority and female work will be measured for the total hours of construction workers employed on the Project within each of the categories of journeyworkers, apprentices, and laborers by the Design-Builder and all of the Worksite subcontractors.

Line 1	Percentage of the Journeyworker hours that the Design-Builder proposed to be worked by minority Journeyworkers during construction of the Project.	35 percent
Line 2	Percentage of the total Apprentice hours that the Design-Builder proposes to be worked by minority Apprentices during construction of the Project.	25 percent
Line 3	Percentage of the total Laborer hours that the Design-Builder proposes to be worked by minority Laborers during construction of the Project.	40 percent
Line 4	Percentage of the total Journeyworker hours that the Design-Builder proposes to be worked by female Journeyworkers during construction of the Project.	7 percent
Line 5	Percentage of the total Apprentice hours that the Design-Builder proposes to be worked by female Apprentices during construction of the Project.	7 percent
Line 6	Percentage of the total Laborer hours that the Design-Builder proposes to be worked by female Laborers during construction of the Project.	10 percent

The Design-Builder is obligated to meet the total commitment made in each category, subject to liquidated damages as described below for noncompliance. The Design-Builder hereby consents and agrees that, in the event of failure to comply with each of the minimum commitments on Lines 1 through 6 above, covering Journeyworkers, Apprentices, and Laborers, respectively, the following shall apply to determine a monetary sum to be withheld from the final payment to the Design-Builder.

In calculating the aggregated work hours toward the utilization commitment for construction Journeyworkers, Apprentices, or Laborers under this chart, the Design-Builder shall be given 150 percent credit for every work hour performed by a minority or woman worker residing within a socio-economically disadvantaged area. The criteria for designation of an area as socio-economically disadvantaged, which include but are not limited the median family income of an area, is set forth in rules promulgated by the Commissioner of Planning and Development.

Liquidated Damages.

Liquidated damages will be assessed based on the Design-Builder's failure to meet its utilization commitments for the Project. Utilization commitments will be calculated based on the Direct Costs of the total Project.

For each one percent (1%) deficiency of minority journeyworkers not utilized toward the commitment on (Line 1), four cents for each hundred dollars of the Direct Costs, calculated as follows:

$$\frac{\text{Direct Costs}\ X\ .04}{100}$$

Each one percent (1%) deficiency of shortfall toward the commitment on (Line 4) for female Journeyworkers shall be computed in the same way.

For each one percent (1%) deficiency of minority Apprentices not utilized toward the commitment on (Line 2), three cents per each hundred dollars of the Direct Costs, calculated as follows:

$$\frac{\text{Direct Costs}\ X\ .03}{100}$$

Each one percent (1%) of shortfall toward the commitment on (Line 5) for female Apprentices shall be computed in the same way.

For each one percent (1%) deficiency of minority Laborers not utilized towards the commitment on (Line 3), one cent per each hundred dollars of the Direct Costs, calculated as follows:

$$\text{Direct Costs } X \frac{.01}{100}$$

Each one percent shortfall toward the commitment on (Line 6) for female Laborers shall be computed in the same way.

Reporting.

The Design-Builder shall submit to the City on a timely basis a completed weekly certified payroll, (U.S. Department of Labor Form WH-347, Illinois Department of Transportation Form RE-48, or equivalent) with race and gender of employees clearly named or coded each week. The Design-Builder is responsible for forwarding every worksite subcontractor's weekly certified payroll. Supportive information regarding an employee's race, gender or work classification of such is required by the City. Failure to report fully all required workforce information will subject the Design-Builder to liquidated damages per the above formulas.

In the weekly payroll reports, the following ethnic categories should be used to indicate minority personnel for purposes of the canvassing formula:

Black: Persons having origins in any of the Black racial groups of Africa.

Hispanic: Persons of Mexican, Puerto Rican, Cuban, Central American, or other Spanish culture or origin, regardless of race.

Native American: Persons who are American Indians, Eskimos, Aleuts or Native Hawaiians.

Asian Pacific: Persons whose origins are from Japan, China, Taiwan, Korea, Vietnam, Laos, Cambodia, the Philippines, Samoa, Guam, the U.S. Trust Territories or the Northern Marianas.

Asian Indian: Persons whose origins are from India, Pakistan, or Bangladesh.

Included in the canvassing formula as "Journeyworkers" are the construction-site Journeyworkers from the major trades including, without limitation, truck drivers, electrical groundsmen, and elevator construction helpers. Other "Helpers", watchmen, custodial workers, clerical workers, and salaried superintendents are not creditable in the formula. Hourly wage "Foremen" and "General Foremen" will be counted as Journeyworkers for purposes of the canvassing formula.

Included in the canvassing formula as "Apprentices" are only bona fide Apprentices currently in a training program certified by the U.S. Department of Labor -- Bureau of Apprenticeship and Training, and for the hours employed at the construction-site. Other categories of trainees are not creditable in the formula. Individual workers who are both minority and female will have their hours counted toward both a minority commitment and any female commitment.

WHEREAS, the Building is comprised of approximately 14,848 square feet and Landlord's Department of Public Health and Department of Fleet and Facility Management are utilizing the majority of the space within the Building; and

WHEREAS, 1,200 square feet of space on the second floor of the Building have no present municipal use for Landlord; and

WHEREAS, Landlord has agreed to lease to Tenant, and Tenant has agreed to lease from Landlord, approximately 1,200 square feet of office space on the second floor of the Building for use by Tenant's Cook County State's Attorney.

NOW THEREFORE, in consideration of the covenants, terms and conditions set forth herein, the parties hereto agree and covenant as follows:

SECTION 1. GRANT

Landlord hereby leases to Tenant the following described premises situated in the City of Chicago, County of Cook, State of Illinois, to wit:

> Approximately 1,200 square feet of office space located at 9059 South Cottage Grove Avenue, Chicago, Illinois (part of PIN 25-02-112-006 - the "**Premises**").

SECTION 2. TERM

The term of this Lease (the "**Term**") shall commence on the date of execution of this Lease (the "**Commencement Date**") and shall terminate on December 31, 2022, unless sooner terminated as set forth in this Lease. Tenant shall have the option to extend the Term of this Lease through December 31, 2027, such extension being subject to the written approval of Landlord. If Tenant exercises its option to extend the Term, and Landlord approves in writing, all provisions of this Lease shall remain in full force and effect throughout the extended Term.

SECTION 3. RENT, TAXES, AND UTILITIES

3.1 Rent. Tenant shall pay rent for the Premises in the amount of:

One Dollar ($1.00) for the entire Term the receipt and sufficiency of said sum being herewith acknowledged by both parties.

3.2 Utilities. Landlord shall pay for water, gas, and electricity supplied to the Building and Premises. Landlord reserves the right, but not the obligation, to charge Tenant a pro-rated share of Tenant's portion of charges for operating costs, including, but not limited to, gas, electricity, heat, or water. Tenant shall assume full responsibility for any other utility services and telephone or other communication services used in, or supplied to, the Premises by or for Tenant (Landlord shall assume no responsibility for delivery or payment of such other utility services and telephone or other communication services).

3.3 Taxes. Tenant acknowledges that Premises are exempt from leasehold, real estate, and other property taxes. Tenant shall pay when due any leasehold, real estate, and other property taxes assessed or levied on the subject Premises and attributable to Tenant's use of the Premises. Tenant shall notify the appropriate taxing body that Tenant is occupying the Premises. The appropriate taxing body shall determine the appropriate taxes, if any, that are to be assessed on the Premises as a result of Tenant's occupancy. Tenant shall thereafter contact the appropriate taxing body to ascertain the tax amount, if any, assessed on the subject Premises. Tenant shall pay such amounts and Tenant shall provide Landlord with proof of such payment within ten (10) days of such payment. Tenant further acknowledges that real estate taxes are one (1) year in arrears in Cook County and that as a result Tenant shall be responsible for satisfaction of leasehold, real estate, and other property taxes assessed or levied on the subject Premises on account of Tenant's use for at least one year after Tenant vacates the Premises. Tenant's failure to pay any such taxes shall constitute a default under this Lease. Notwithstanding the foregoing, nothing herein shall preclude Tenant from contesting any charge or tax levied against the subject Premises. The failure of Tenant to pay such taxes during the pendency of the contest shall not constitute a default under this Lease. Tenant's tax responsibilities under this section shall survive the expiration, cancellation, or termination of this Lease.

3.4 Accord and Satisfaction. No payment by Tenant or receipt by Landlord of a lesser amount than any installment or payment of the rent due hereunder shall be deemed to be other than on account of the amount due, and no endorsement of statement or any check or any letter accompanying any check or payment of rent shall be deemed an accord and satisfaction. Landlord may accept such check or payment without prejudice as to Landlord's right to recover the balance of such installment or payment to pursue any other remedies available to Landlord.

SECTION 4. CONDITION AND ENJOYMENT OF PREMISES, ALTERATIONS AND ADDITIONS, SURRENDER

4.1 Covenant of Quiet Enjoyment. Landlord covenants and agrees that Tenant, upon paying the rent and upon observing and keeping the covenants, agreements and conditions of this

Lease on its part to be kept, observed and performed, shall lawfully and quietly hold, occupy, and enjoy the Premises (subject to the provisions of this Lease) during the Term.

4.2 Maintenance of the Building. Landlord shall take reasonable and reasonably prompt efforts to maintain the Building and all of its structural elements and mechanical systems (including the Building envelope, roof, HVAC, plumbing, and electrical systems) in condition of good repair and order, and in compliance with all applicable provisions of the Municipal Code of Chicago. Tenant shall notify Landlord regarding any issues with maintenance of the Building.

4.3 Tenant's Duty to Maintain Premises. Tenant shall, at Tenant's expense, keep the Premises in a condition of good repair and order, and in compliance with all applicable provisions of the Municipal Code of Chicago. In the event that a Municipal Code violation in the Premises was caused by Landlord, Landlord shall be responsible for ensuring compliance and all costs and expenses thereof. If Tenant shall refuse or neglect to make needed repairs within fifteen (15) days after written notice thereof sent by Landlord, unless such repair cannot be remedied within fifteen (15) days, and Tenant shall have commenced and is diligently pursuing all necessary action to remedy such repair, Landlord, at Landlord's option, is authorized to either make such repairs and Tenant will, within forty five (45) business days of demand, reimburse Landlord for the reasonable cost thereof. Landlord shall have the right of access to the Premises for the purpose of inspecting and making repairs to the Premises, provided that, except in the case of emergencies, Landlord shall first give notice to Tenant of its desire to enter the Premises and will schedule its entry so as to minimize any interference with Tenant's use of the Premises.

4.4 Use of the Premises. Tenant shall not use the Premises in a manner that would violate any Law. Tenant further covenants not to do or suffer any waste or damage, comply in all respects with the laws, ordinances, orders, rules, regulations, and requirements of all federal, state and municipal governmental departments which may be applicable to the Premises or to the use or manner of use of the Premises, disfigurement or injury to any building or improvement on the Premises, or to fixtures and equipment thereof. Any activities on the Premises must be limited to operating a branch office of the Cook County State's Attorney Community Justice Center and for no other purpose.

4.5 Alterations and Additions. Tenant may not make alterations, additions, and improvements on the Premises without the prior written consent of the Commissioner of Landlord's Department of Fleet and Facility Management. Any additions and improvements shall be without cost to Landlord and shall become property of Landlord at Lease termination without offset or other credit to Tenant. Any such alterations, additions and improvements shall be in full compliance with the applicable Law, permit requirements, and codes. In addition, Tenant (and/or Tenant's contractors) will comply with all insurance requirements under this Lease including, but not limited to, Section 6.2 (e).

SECTION 5. ASSIGNMENT, SUBLEASE, AND LIENS

5.1 Assignment and Sublease. Tenant shall not assign this Lease in whole or in part, or sublet the Premises or any part thereof.

5.2 Tenant's Covenant Against Liens. Tenant shall not cause or permit any lien or encumbrance, whether created by act of Tenant, operation of law or otherwise, to attach to or be placed upon Landlord's title or interest in the Premises. All liens and encumbrances created by Tenant shall attach to Tenant's interest only. In case of any such lien attaching, Tenant shall immediately pay and remove such lien or furnish security or indemnify Landlord in a manner satisfactory to Landlord in its sole discretion to protect Landlord against any defense or expense arising from such lien. Except during any period in which Tenant appeals any judgment or obtains a rehearing of any such lien, or in the event judgment is stayed, Tenant shall immediately pay any judgment rendered against Tenant, with all proper costs and charges, and shall have the lien released and any judgment satisfied. If Tenant fails to pay and remove any lien or contest such lien in accordance herewith, Landlord, at its election, may pay and satisfy same, and all sums so paid by Landlord, with interest from the date of payment at the rate set at 12% per annum.

SECTION 6. INSURANCE AND INDEMNIFICATION

6.1 Self-Insurance. Tenant shall secure shall insurance coverages for each of the insurance requirements as incorporated herein under this Section 6 or Tenant may self-insure for the same types and amounts.

6.2 Insurance. The Tenant shall procure and maintain at all times, at Tenant's own expense, during the term of this Lease, the insurance coverages and requirements specified below, insuring all operations related to the lease with insurance companies authorized to do business in the state of Illinois.

The kinds and amounts of insurance required are as follows:

a) Workers Compensation and Employers Liability Insurance. Workers Compensation and Employers Liability Insurance and Occupational Disease Insurance, as prescribed by applicable law, covering all Landlord's employees and Employer's Liability coverage with limits of not less than $500,000 each accident or illness.

b) Commercial Liability Insurance. (Primary and Umbrella). Commercial Liability Insurance or equivalent with limits of not less than $2,000,000 per occurrence, for bodily injury, personal injury, and property damage liability. Coverage extensions shall include the following: All premises and operations, products/completed operations, defense, separation of insureds, and contractual liability (with no limitation endorsement). The City of Chicago, its employees, elected officials, agents, and representatives are to be named as additional insureds on a primary, non-contributory basis for any liability arising directly or indirectly from the Lease.

c) Automobile Liability Insurance. (Primary and Umbrella). When any motor vehicles (owned, non-owned and hired) are used in connection with work to be performed, the Tenant shall provide Comprehensive Automobile Liability Insurance with limits of not less than $2,000,000 per occurrence, for bodily injury and property damage.

d) All Risk Property Insurance. All risk property insurance coverage shall be maintained by the Tenant for full replacement value to protect against loss, damage to or destruction of property. The policy shall list the City of Chicago as an additional insured and loss payee. The Tenant shall be responsible for all loss or damage to personal property (including but not limited to materials, equipment, tools and supplies), owned or rented, by the Tenant.

e) All Risk Builders Risk Insurance. In the event Tenant undertakes any construction, including improvements, betterments, and/or repairs, the Tenant shall provide All Risk Builders Risk Insurance, at replacement cost, for materials, supplies, equipment, machinery and fixtures that are or will be part of the permanent facility. Coverage shall include but not limited to the following: right to partial occupancy, earth movement, flood including surface water backup and sewer backup and seepage. The City of Chicago shall be named as an additional insured and loss payee.

6.3 Other Terms of Insurance. The Tenant will furnish the City of Chicago, Department of Fleet and Facility Management, Office of Real Estate Management, 30 North LaSalle Street, Suite 300, Chicago, Illinois 60602, original Certificates of Insurance evidencing the required coverage to be in force on the date of this Lease, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the Term of this Lease. The Tenant shall submit evidence on insurance prior to Lease award. The receipt of any certificates does not constitute agreement by the Landlord that the insurance requirements in the Lease have been fully met or that the insurance policies indicated on the certificate are in compliance with all Lease requirements. The failure of the Landlord to obtain certificates or other insurance evidence from Tenant shall not be deemed to be a waiver by the Landlord. The Tenant shall advise all insurers of the Lease provisions regarding insurance. Non-conforming insurance shall not relieve Tenant of its obligation to provide Insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Lease, and the Landlord retains the right to terminate the Lease until proper evidence of insurance is provided.

The insurance shall provide for 60 days prior written notice to be given to the Landlord in the event coverage is substantially changed, canceled, or non-renewed.

Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by Tenant.

The Tenant agrees that insurers shall waive their rights of subrogation against the Landlord, its employees, elected officials, agents or representatives.

The Tenant expressly understands and agrees that any coverages and limits furnished by Tenant shall in no way limit the Tenant's liabilities and responsibilities specified within the Lease documents or by law.

The Tenant expressly understands and agrees that any insurance or self-insurance programs maintained by the City of Chicago shall apply in excess of and not contribute with insurance provided by the Tenant under the Lease.

The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

The City of Chicago, Department of Finance, Office of Risk Management, maintains the right to modify, delete, alter or change these requirements.

6.4 Tenant's Indemnification. Tenant shall indemnify, defend, and hold Landlord harmless against all liabilities, judgments, amounts paid in settlement, arbitration or mediation awards, costs, damages, and expenses (including reasonable attorney's fees, expenses, and court costs), whether such claim is related to or arises from personal injury or property damage which may be expended by or accrue against, be charged to, or be recovered from Landlord or Tenant by reason of Tenant's performance of or failure to perform any of Tenant's obligations under this Lease, or Tenant's negligent acts or failure to act, or resulting from the acts or failure to act of Tenant's contractors, respective officers, directors, agents, or employees. This section shall survive the expiration of this Lease and the expiration of any obligations owing to any party under the Lease.

SECTION 7. DAMAGE OR DESTRUCTION

7.1 Damage or Destruction. If the Premises and/or the Building are damaged or destroyed by a casualty to such extent that Tenant cannot continue to occupy or conduct its normal business therein, or if, in Tenant's opinion or Landlord's opinion, the Premises and/or the Building are rendered untenantable, either Landlord or Tenant shall have the option to declare this Lease terminated as of the date of such damage or destruction by giving the other party written notice to such effect.

SECTION 8. CONFLICT OF INTEREST AND GOVERNMENTAL ETHICS

8.1 Conflict of Interest. No official or employee of the City of Chicago, nor any member of any board, commission or agency of the City of Chicago, shall have any financial interest (as defined in Chapter 2-156 of the Municipal Code), either direct or indirect, in the Premises. Nor shall any such official, employee, or member participate in making or in any way attempt to use his/her position to influence any City governmental decision or action with respect to this Lease.

8.2 Duty to Comply with Governmental Ethics Ordinance. Landlord and Tenant Shall comply with Chapter 2-156 of the Municipal Code of Chicago, "Governmental Ethics," including but not limited to section 2-156-120, which states that no payment, gratuity, or offer of employment shall be made in connection with any City of Chicago contract as an inducement for the award of that contract or order. Any contract negotiated, entered into, or performed in violation of any of the provisions of Chapter 2-156 shall be voidable as to the City of Chicago.

SECTION 9. HOLDING OVER

9.1 Holding Over. Any holding over by Tenant shall be construed to be a tenancy from month to month only beginning on the date the Term ends and the rent shall be as stipulated in Section 3.1 hereinabove. During any holdover period all provisions of this Lease shall remain in full force and effect.

SECTION 10. MISCELLANEOUS

3.3 Taxes. Tenant acknowledges that Premises are exempt from leasehold, real estate, and other property taxes. Tenant shall pay when due any leasehold, real estate, and other property taxes assessed or levied on the subject Premises and attributable to Tenant's use of the Premises. Tenant shall notify the appropriate taxing body that Tenant is occupying the Premises. The appropriate taxing body shall determine the appropriate taxes, if any, that are to be assessed on the Premises as a result of Tenant's occupancy. Tenant shall thereafter contact the appropriate taxing body to ascertain the tax amount, if any, assessed on the subject Premises. Tenant shall pay such amounts and Tenant shall provide Landlord with proof of such payment within ten (10) days of such payment. Tenant further acknowledges that real estate taxes are one (1) year in arrears in Cook County and that as a result Tenant shall be responsible for satisfaction of leasehold, real estate, and other property taxes assessed or levied on the subject Premises on account of Tenant's use for at least one year after Tenant vacates the Premises. Tenant's failure to pay any such taxes shall constitute a default under this Lease. Notwithstanding the foregoing, nothing herein shall preclude Tenant from contesting any charge or tax levied against the subject Premises. The failure of Tenant to pay such taxes during the pendency of the contest shall not constitute a default under this Lease. Tenant's tax responsibilities under this section shall survive the expiration, cancellation, or termination of this Lease.

Tenant shall, at Tenant's expense, keep the Premises in a condition of good repair and order, and in compliance with all applicable provisions of the Municipal Code of Chicago. In the event that a Municipal Code violation in the Premises was caused by Landlord, Landlord shall be responsible for ensuring compliance and all costs and expenses thereof. If Tenant shall refuse or neglect to make needed repairs within fifteen (15) days after written notice thereof sent by Landlord, unless such repair cannot be remedied within fifteen (15) days, and Tenant shall have commenced and is diligently pursuing all necessary action to remedy such repair, Landlord, at Landlord's option, is authorized to either make such repairs and Tenant will, within forty five (45) business days of demand, reimburse Landlord for the reasonable cost thereof. Landlord shall have the right of access to the Premises for the purpose of inspecting and making repairs to the Premises, provided that, except in the case of emergencies, Landlord shall first give notice to Tenant of its desire to enter the Premises and will schedule its entry so as to minimize any interference with Tenant's use of the Premises.

5.1 Assignment and Sublease. Tenant shall not assign this Lease in whole or in part, or sublet the Premises or any part thereof.

5.2 Tenant's Covenant Against Liens. Tenant shall not cause or permit any lien or encumbrance, whether created by act of Tenant, operation of law or otherwise, to attach to or be placed upon Landlord's title or interest in the Premises. All liens and encumbrances created by Tenant shall attach to Tenant's interest only. In case of any such lien attaching, Tenant shall immediately pay and remove such lien or furnish security or indemnify Landlord in a manner satisfactory to Landlord in its sole discretion to protect Landlord against any defense or expense arising from such lien. Except during any period in which Tenant appeals any judgment or obtains a rehearing of any such lien, or in the event judgment is stayed, Tenant shall immediately pay any judgment rendered against Tenant, with all proper costs and charges, and shall have the lien released and any judgment satisfied. If Tenant fails to pay and remove any lien or contest such lien in accordance herewith, Landlord, at its election, may pay and satisfy same, and all sums so paid by Landlord, with interest from the date of payment at the rate set at 12% per annum.

Coverage extensions shall include the following: All premises and operations, products/completed operations, defense, separation of insureds, and contractual liability (with no limitation endorsement). The City of Chicago, its employees, elected officials, agents, and representatives are to be named as additional insureds on a primary, non-contributory basis for any liability arising directly or indirectly from the Lease.

c) Automobile Liability Insurance. (Primary and Umbrella). When any motor vehicles (owned, non-owned and hired) are used in connection with work to be performed, the Tenant shall provide Comprehensive Automobile Liability Insurance with limits of not less than $2,000,000 per occurrence, for bodily injury and property damage.

The Tenant shall submit evidence on insurance prior to Lease award. The receipt of any certificates does not constitute agreement by the Landlord that the insurance requirements in the Lease have been fully met or that the insurance policies indicated on the certificate are in compliance with all Lease requirements. The failure of the Landlord to obtain certificates or other insurance evidence from Tenant shall not be deemed to be a waiver by the Landlord. The Tenant shall advise all insurers of the Lease provisions regarding insurance. Non-conforming insurance shall not relieve Tenant of its obligation to provide Insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Lease, and the Landlord retains the right to terminate the Lease until proper evidence of insurance is provided.

The insurance shall provide for 60 days prior written notice to be given to the Landlord in the event coverage is substantially changed, canceled, or non-renewed.

Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by Tenant.

The Tenant agrees that insurers shall waive their rights of subrogation against the Landlord, its employees, elected officials, agents or representatives.

The Tenant expressly understands and agrees that any coverages and limits furnished by Tenant shall in no way limit the Tenant's liabilities and responsibilities specified within the Lease documents or by law.

The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

The City of Chicago, Department of Finance, Office of Risk Management, maintains the right to modify, delete, alter or change these requirements.

6.4 Tenant's Indemnification. Tenant shall indemnify, defend, and hold Landlord harmless against all liabilities, judgments, amounts paid in settlement, arbitration or mediation awards, costs, damages, and expenses (including reasonable attorney's fees, expenses, and court costs), whether such claim is related to or arises from personal injury or property damage which may be expended by or accrue against, be charged to, or be recovered from Landlord or Tenant by reason of Tenant's performance of or failure to perform any of Tenant's obligations under this Lease, or Tenant's negligent acts or failure to act, or resulting from the acts or failure to act of Tenant's contractors, respective officers, directors, agents, or employees. This section shall survive the expiration of this Lease and the expiration of any obligations owing to any party under the Lease.

SECTION 7. DAMAGE OR DESTRUCTION

7.1 Damage or Destruction. If the Premises and/or the Building are damaged or destroyed by a casualty to such extent that Tenant cannot continue to occupy or conduct its normal business therein, or if, in Tenant's opinion or Landlord's opinion, the Premises and/or the Building are rendered untenantable, either Landlord or Tenant shall have the option to declare this Lease terminated as of the date of such damage or destruction by giving the other party written notice to such effect.

SECTION 2. TERM

2.1 Term. The term of this Lease ("Term") shall commence on the Occupancy Commencement Date (as defined in Section 13.5 below) and shall end on the date that is nineteen (19) years thereafter (the "Expiration Date"), unless sooner terminated as set forth in this Lease. If the Occupancy Commencement Date is not the first day of a calendar month, the Expiration Date will be the last day of the calendar month that is nineteen (19) years after the Occupancy Commencement Date.

SECTION 3. RENT, TAXES AND UTILITIES

3.1 Rent. Tenant shall pay base rent for the Premises in the amount of One Dollar ($1.00) for the entire Term, the receipt and sufficiency of said sum being herewith acknowledged by both parties. Additional payments due by Tenant pursuant to this Lease shall be remitted to Landlord in a reasonable manner as designated by Landlord in writing.

3.2 Taxes and Other Levies. Tenant shall pay when due all real estate taxes, special assessments, and other levies assessed against the Premises. If the Premises is not separately assessed as a tax parcel apart from the remainder of the Building, Tenant will pay Landlord for the share of real estate taxes attributable to the Premises in such a manner as is laid out in Exhibit C, attached hereto.

3.3 Utilities. Wherever practicable, Tenant shall garner separate utility services for the Premises and promptly remit payment directly to such providers when due. If garnering such separate services is impossible or impractical, Tenant shall pay to Landlord when due all charges for gas, electricity, light, heat, water and sewer charges, cable and telephone or other communication service, and all other utility services used in or supplied to the Premises in such a manner as is laid out in Exhibit C, attached hereto. Landlord shall sub-meter the water that serves the Premises (i.e., the water supplied to the Premises shall be measured).

SECTION 4. CONDITION AND ENJOYMENT OF PREMISES, ALTERATIONS AND ADDITIONS, SURRENDER.

4.1 Condition of Premises Upon Delivery of Possession. Landlord covenants that the Premises shall, at the time of delivery of possession to Tenant, comply in all respects with all laws, ordinances, orders, rules, regulations, and requirements of all federal, state and municipal governmental entities (collectively, the "Laws") which are applicable to the Premises or to the use or manner of use of the Premises; and

Landlord's duty under this Section 4.1 of the Lease shall survive Tenant's acceptance of the Premises.

4.2 Covenant of Quiet Enjoyment. Landlord covenants and agrees that Tenant, upon paying the rent and upon observing and keeping the covenants, agreements and conditions of this Lease on its part to be kept, observed and performed, shall lawfully and quietly hold, occupy, and enjoy the Premises (subject to the provisions of this Lease) during the Term without hindrance or molestation by Landlord or by any person or persons claiming under Landlord.

4.3 Tenant's Duty to Maintain Premises and Right of Access. Unless otherwise provided in this Lease, Tenant shall, at Tenant's expense, keep the Premises in a good and safe condition, in good order, and in compliance with all applicable provisions of the Municipal Code of the City of Chicago, including but not limited to those provisions in Title 13 ("Building and Construction"), Title 14 ("Electrical Equipment and Installation"), and Title 15 ("Fire Prevention"). If Tenant shall refuse or neglect to make needed repairs to the Premises within thirty (30) days after mailing of written notice thereof sent by Landlord, Landlord is then authorized to make such repairs and to add the cost thereof to rents and other charges accruing under this Lease; provided that, in the event that such repair cannot be remedied within thirty (30) days, and Tenant has commenced and is diligently pursuing all necessary action to remedy such repair, Landlord shall not have the authorization to make such repairs. Landlord shall have the right of access to the Premises for the purpose of inspecting and making repairs to the Premises, provided that, except in the case of emergencies, Landlord shall first give notice to Tenant of Landlord's desire to enter the Premises and will schedule its entry so as to minimize to the extent practicable any interference with Tenant's use of Premises. Landlord has a duty to repair any defect in the Premises existing on the Occupancy Commencement Date or caused by its action or the action of its employees, agents, or permitted entrants. Tenant has a duty to repair any defect in the ROE Area caused by its action or the action of its employees, agents, or permitted entrants.

4.4 Use of the Premises. Tenant shall use the Premises as the Independence Branch of the Chicago Public Library. Tenant shall not use the Premises in a manner that would violate any Laws. Tenant further covenants (a) not to do or suffer any waste or damage to the Premises or the Building, (b) to assume all operational and maintenance costs, including such costs which are not foreseeable at the time of this Lease, incurred solely as the result of the use and operation of the Premises as the Independence Branch of the Chicago Public Library, (c) to obtain the prior written consent of Landlord and, as applicable, the Lenders (as defined in Section 9.2 hereof) for any future use of the Premises which is unrelated to its operation as the Independence Branch of the Chicago Public Library, in the reasonable determination of Landlord, and (d) to take reasonable steps to prevent its guests, users, and patrons from disturbing Landlord's use of that portion of the Property outside of the Premises as an elderly residential development.

4.5 Alterations and Additions. Tenant shall have the right to make such non-structural alterations, additions, and improvements on the Premises at Tenant's cost and expense as it shall deem necessary; provided, however, that any such non-structural alterations, additions, and improvements shall be in full compliance with the applicable Laws and provided that Tenant has obtained the prior written consent of Landlord for all such non-structural alterations, additions,

and improvements with an aggregate completion cost in excess of $10,000 (each an "Alteration"). Landlord shall not unreasonably withhold consent with respect to such Alterations. In the event that Landlord permits Tenant to make an Alteration, then Tenant shall, before permitting commencement of the Alteration, furnish to Landlord, for Landlord's review and approval all necessary plans and specifications in reasonable detail, names and addresses of proposed contractors, copies of contracts, and shall furnish necessary permits and indemnification from Tenant's contractors in form and amount reasonably satisfactory to Landlord, against any and all claims, costs, damages, liabilities and expenses which may arise in connection with the Alteration, and certificates of insurance from all contractors performing labor or providing materials, insuring Landlord against any and all liabilities which may arise out of or be connected in any way with the Alteration. Tenant shall permit Landlord to monitor the construction operations in connection with the Alteration and to restrict, as may reasonably be required, the passage of manpower and materials and the conducting of construction activity in order to avoid unreasonable disruption to Landlord or to other tenants or residents of the Building or damage to the Building or the Premises. Promptly following completion of the Alteration, Tenant shall furnish to Landlord contractors' affidavits, full and final waivers of lien and receipted bills covering all labor and materials expended and used in connection with the Alteration. Any alteration performed by Tenant or Tenant's contractor shall comply with all Landlord's insurance requirements and will all applicable laws, ordinances and regulations. Landlord's approval of plans and specifications or supervision of construction operations, if any, shall not imply Landlord's acknowledgment, opinion, or belief that the Alteration complies with any such applicable Laws, ordinances and regulations nor relieve Tenant from any responsibility hereinabove imposed.

4.6 Subdivision and Leasehold PIN. Landlord and Tenant hereby agree that, upon completion of the Building and the "Buildout" (see Section 13 and Exhibit B): (1) The parties shall work together in good faith to effectuate a vertical subdivision with respect to the Premises and the remainder of the Property in a timely manner, including recording necessary reciprocal easements and covenants with respect to the separate lots created thereby (the "Subdivision"); and (2) with Landlord's diligent assistance, as necessary, Tenant, at its own expense, shall secure a leasehold PIN for the Premises in a timely manner.

SECTION 5. ASSIGNMENT, SUBLEASE, AND LIENS.

5.1 Assignment and Sublease. Tenant shall not assign this Lease in whole or in part, or sublet the Premises or any part thereof without the prior written consent of Landlord in each instance. Landlord shall not unreasonably withhold its consent to said assignments or sublets.

5.2 Tenant's Covenant Against Liens. Tenant shall not cause or permit any lien or encumbrance, whether created by act of Tenant, operation of law, or otherwise, to attach to or be placed upon Landlord's title or interest in the Premises. All liens and encumbrances created by Tenant shall attach to Tenant's interest only; provided however, that if any lien or encumbrance caused or permitted by Tenant shall attach to or be placed upon Landlord's title or interest in the Premises, Tenant shall promptly pay such lien, with all proper costs and charges, and shall have the lien released and any judgment satisfied.

SECTION 6. INSURANCE AND INDEMNIFICATION.

6.1 Landlord's Insurance. Landlord shall procure and maintain at all times, at Landlord's own expense, during the Term, the insurance coverages and requirements specified below, insuring the Premises.

The kind and amounts of insurance required are as follows:

(a) Commercial General Liability (Primary and Umbrella). Commercial General Liability Insurance or equivalent, with limits of not less than $2,000,000 per occurrence, for bodily injury, personal injury, and property damage liability. Coverage shall include the following: All premises and operations, products/completed operations, defense, separation of insureds, and contractual liability (not to include Endorsement CG 21 39 or equivalent).

Tenant shall be named as an additional insured under the policy. Such additional insured coverage shall be provided on CG 20 10 or on a similar additional insured form acceptable to Landlord. The additional insured coverage shall not have any limiting endorsements or language under the policy such as, but not limited to, Landlord's sole negligence or the Additional Insured's vicarious liability. Landlord's liability insurance shall be primary without right of contribution by any other insurance or self-insurance maintained by or available to Tenant.

(b) All Risk Property. All Risk Property Insurance coverage shall be maintained by the Landlord for 90% replacement value to protect against loss of, damage to, or destruction of the Premises.

Landlord shall be responsible for all loss or damage of personal property (including, but not limited to, materials, equipment, tools, and supplies) owned, rented, or used by Landlord in the Premises.

6.2 Tenant's Insurance. Tenant shall procure (or otherwise secure) and maintain at all times during the Term, at Tenant's own expense, the insurance coverages and requirements specified below, insuring the Premises and all operations related to this Lease.

The kind and amounts of insurance required are as follows:

(a) Worker's Compensation and Employer's Liability. Worker's Compensation as prescribed by applicable law, covering all employees who are to provide a service at the Premises, and Employer's Liability Insurance with limits of not less than $500,000 per accident, illness, or disease.

(b) Commercial General Liability (Primary and Umbrella). Commercial General Liability Insurance or equivalent, with limits of not less than $2,000,000 per occurrence, for bodily injury, personal injury, and property damage liability.

(c) Automobile Liability Insurance (Primary and Umbrella). When any motor vehicles (owned, non-owned, and hired) are used in connection with the Premises, Tenant shall

provide and maintain Automobile Liability Insurance with limits of not less than $2,000,000 per occurrence for bodily injury and property damage.

(d) All Risk Property. All Risk Property Insurance coverage shall be maintained by Tenant for 90% replacement value to protect against loss of, damage to, or destruction of the Premises.

Tenant shall be responsible for all loss of or damage to personal property (including, but not limited to, materials, equipment, tools, and supplies) owned, rented, or used by Tenant in the Premises.

(e) Tenant has elected to self-insure to meet the above requirements. Tenant shall notify Landlord in writing if Tenant procures insurance policies to meet any of the insurance requirements in this Section 6.2, and shall cause Landlord to be named on all such policies as an additional insured on a primary, non-contributory basis.

6.3 Other Terms of Insurance. Landlord will furnish the City of Chicago, Department of Fleet and Facility Management, Office of Real Estate Management, 30 North LaSalle Street, Suite 300, Chicago, Illinois 60602, original Certificates of Insurance evidencing the required coverage to be in force on the date of this Lease, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the Term, and, if applicable, Tenant will furnish to Landlord a statement confirming that Tenant is self-insured. Each party shall submit evidence of insurance prior to execution of Lease. The receipt of any certificate or statement does not constitute agreement by any party that the insurance requirements in this Lease have been fully met or that the insurance policies or programs indicated on the certificate or statement are in compliance with all requirements in the Lease. The failure of a party to obtain certificates or other insurance evidence from the other party shall not be deemed to be a waiver by such party. Non-conforming insurance shall not relieve a party of the obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Lease and each party retains the right to exercise all rights and remedies until proper evidence of insurance is provided.

Each party shall provide for 60 days prior written notice to be given to the other party in the event coverage is substantially changed, cancelled, or non-renewed.

Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by the insured party.

Landlord hereby grants to Tenant a waiver of any right of subrogation which any insurer of Landlord may acquire against the other party by virtue of the payment of any loss under the insurance. Landlord agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not Landlord has received a waiver of subrogation endorsement from the insurer(s). Without limiting any release or waiver of liability or recovery contained in any other section of this Lease but rather in confirmation and furtherance thereof, Landlord and Tenant waive all claims for recovery from the other party for

any loss or damage to any of its property insured under valid and collectible insurance policies or programs to the extent of any recovery collectible under such insurance policies or programs.

The parties expressly understand and agree that any coverages and limits furnished by a party shall in no way limit such party's liabilities and responsibilities specified in this Lease or by law.

The parties expressly understand and agree that their coverages shall be primary and shall not require contribution from any insurance or self-insurance programs maintained by the other party.

If Landlord is a joint venture, limited partnership, or limited liability company, the insurance policies shall name the joint venture, limited partnership, or limited liability company as a named insured.

The required insurance to be maintained is not limited by any limitations expressed in the indemnification language in this Lease or any limitation placed on the indemnity in this Lease given as a matter of law.

6.4 Mutual Indemnification. Each party shall indemnify and hold the other party harmless against all liabilities, judgment costs, damages, and expenses which may accrue against, be charged to, or be recovered from such other party by reason of any negligent performance of or failure to perform of or by the indemnifying party of any of its obligations under this Lease.

SECTION 7. DAMAGE OR DESTRUCTION.

7.1 Damage or Destruction. If the Premises is damaged or destroyed by fire or other casualty or event to such extent that Tenant cannot continue to occupy or conduct its normal business therein, or if the Premises do not meet all the City's Building Code and Fire Code provisions and are therefore rendered untenantable, and such damage cannot be repaired within 180 days, Tenant and Landlord shall each have the option to terminate this Lease as of the date of such damage or destruction by giving the other party written notice to such effect.

SECTION 8. CONFLICT OF INTEREST AND GOVERNMENTAL ETHICS.

8.1 Conflict of Interest. No official or employee of the City of Chicago, nor any member of any board, commission, or agency of the City of Chicago, shall have any financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago), either direct or indirect, in the Premises; nor shall any such official, employee, or member participate in making or in any way attempt to use her/his position to influence any City governmental decision or action with respect to this Lease.

8.2 Duty to Comply with Governmental Ethics Ordinance. Landlord and Tenant shall comply with Chapter 2-156 of the Municipal Code of Chicago, "Governmental Ethics," including but not limited to section 2-156-120, which states that no payment, gratuity, or offer of employment shall be made in connection with any City of Chicago contract as an inducement for

the award of that contract or order. Any contract negotiated, entered into, or performed in violation of any of the provisions of Chapter 2-156 shall be voidable in the sole discretion of the City.

SECTION 9. HOLDING OVER AND OPTION TO PURCHASE.

9.1 Holding Over. Upon the termination of this Lease, whether by forfeiture, lapse of time or otherwise, or upon the termination of Tenant's right to possession of the Premises, Tenant will at once surrender and deliver up the Premises, together with all improvements thereon, to Landlord in good condition and repair, reasonable wear and tear and loss by fire or other casualty excepted, provided that conditions existing because of Tenant's failure to perform maintenance repairs or replacement as required herein shall not be deemed "reasonable wear and tear." Any holding over by Tenant shall be construed to be a tenancy from month to month only beginning on the date immediately following the Expiration Date, and shall be in accordance with the terms of the Lease except that rent shall equal $10,000.00 per month.

9.2 Option to Purchase. Tenant has the option to purchase the Premises (the "Option") at the expiration of the Term or any holding over period. Tenant must elect in writing to exercise such option to purchase not earlier than two years and not later than one year prior to the Expiration Date. Landlord and Tenant shall work together to secure (i) the consent of Chicago Housing Authority, an Illinois municipal corporation, as Landlord's lender and lienholder with respect to the Property (the "Lender"), to the exercise of the Option and (ii) the partial release of the Lender's liens with respect to the Premises (the "Release").

The purchase price (the "Option Price") shall be the fair market value of the Premises taking into account the existing use restrictions, contracts, and easements to which the Premises are subject, as determined by an appraisal obtained by the City at its expense. If such appraisal, in Landlord's reasonable determination, undervalues the Premises, Landlord may, at its own expense, obtain a second appraisal using the same assumptions as set forth in the preceding sentence. The Option Price paid by Tenant shall be the average of the two appraised values of the Premises, subject to this Section 9.2.

Tenant shall be responsible for and bear all costs associated with exercising the Option described in this Section 9.2, including payments related to the Releases, with the following exceptions: Landlord shall be responsible for (i) all expenses related to the partial release of a lien or liens with respect to the Premises held by a party other than the Lender and (ii) all expenses related to the Releases that exceed the original principal amounts of the Lender's loans to Landlord on or about the date hereof multiplied by the proportion of the square footage of the Premises to the square footage of the remainder of the Building.

The Option Price shall first be tendered to the Lender to pay all amounts due from Tenant to secure the Release in accordance with this Section 9.2 with the remainder, if any, remitted to Landlord. If the amounts due from Tenant to secure the Release exceeds the fair market value of the Premises, each as determined in accordance with this Section 9.2, the amounts due from Tenant to secure the Release shall serve and be construed as the Option Price for the purposes of this Lease.

SECTION 10. MISCELLANEOUS.

10.1 Notice. All notices, demands and requests which may be or are required to be given demanded or requested by either party to the other shall be in writing. All notices, demands, and requests by Landlord to Tenant shall be delivered by national overnight courier or shall be sent by United States registered or certified mail, return receipt requested, postage prepaid addressed to Tenant as follows:

10.2 Partial Invalidity. If any covenant, condition, provision, term, or agreement of this Lease shall, to any extent, be held invalid or unenforceable, the remaining covenants, conditions, provisions, terms, and agreements of this Lease shall not be affected thereby, but each covenant, condition, provision, term, or agreement of this Lease shall be valid and in force to the fullest extent permitted by law.

10.3 Governing Law. This Lease shall be construed and be enforceable in accordance with the laws of the State of Illinois, without regard to its conflict of laws principles.

10.4 Entire Agreement. All preliminary and contemporaneous negotiations are merged into and incorporated in this Lease. This Lease contains the entire agreement between the parties and shall not be modified or amended in any manner except by an instrument in writing executed by the Landlord and the Commissioner of the Department of Fleet and Facility Management (the "Commissioner").

10.5 Captions and Section Numbers. The captions and section numbers appearing in this Lease are inserted only as a matter of convenience and in no way define, limit, construe, or describe the scope or intent of such sections of this Lease nor in any way affect this Lease.

10.12 Condemnation. If the whole or any substantial part of the Premises are taken or condemned by any competent authority for any public use or purpose, or if any adjacent property or street shall be so condemned or improved in such a manner as to require the use of any substantial part of the Premises, the Term of this Lease shall, at the option of Landlord or the condemning authority, be terminated upon, and not before, the date when possession of the part so taken shall be required for such use or purpose, and Landlord shall be entitled to receive the entire award without apportionment with Tenant. Rent shall be apportioned as of the date of Tenant's vacating the Premises as the result of said termination.

10.13 No Brokers. The Department of Fleet and Facility Management does not use brokers, tenant representatives, or other finders. Landlord has not used brokers, landlord representatives, or other finders in connection with this Lease. Tenant warrants to Landlord that no broker, landlord or tenant representative, or other finder (a) introduced Tenant to Landlord, (b) assisted Tenant in the negotiation of this Lease, or (c) dealt with Tenant on Tenant's behalf in connection with the Premises or this Lease. 10.14 Amendments. From time to time, the parties hereto may amend this Lease without City Council approval with respect to any provisions reasonably related to Tenant's use of the Premises and/or Landlord's administration of this Lease; provided, however, that such amendment(s) shall not serve to extend the Term hereof or increase the Rent. All amendment(s) shall be in writing, shall establish the factual background necessitating such alteration, shall set forth the terms and conditions of such modification, and shall be duly executed by both Landlord and the Commissioner. Such amendment(s) shall only take effect upon execution by both parties. Upon execution, such amendment(s) shall become a part of this Lease and all other provisions of this Lease shall otherwise remain in full force and effect.

10.15 Day. For purposes of this Lease, any day that is not a Saturday, Sunday, or legal holiday for national banks in Chicago, Illinois shall be a business day. Whenever, under the terms of this Lease, the time for performance of a covenant or condition falls upon a day other than a business day, such time for performance shall be extended to the next business day. Landlord shall build out the Premises to accommodate Tenant's use as further detailed on the floor plan and list of Tenant improvements attached hereto as Exhibit B and incorporated herein (the "Buildout"). The Buildout will be in full compliance with all building and construction code requirements of the City of Chicago and other applicable Laws.

13.2 Cost of Buildout. Landlord shall pay for the cost of the Buildout without contribution or repayment from Tenant.

13.3 Tenant Buildout Representative. Tenant shall have the right to appoint a representative to oversee, inspect, and reasonably approve the Buildout work. Upon issuance of a "Certificate of Substantial Completion" (as defined below) by the firm or entity employed by Landlord or its designee for the purpose of designing and observing the construction of the Buildout for compliance with the plans and specifications for the Buildout (such firm or entity, the "Architect of Record"), Landlord shall deliver to the Commissioner a copy of such certificate and the Certificate of Occupancy issued by the City's Department of Buildings for the Premises. Tenant shall use best efforts to review the Certificate of Substantial Completion within ten (10) business days of receipt of the Certificate of Substantial Completion and provide a written acceptance thereof. If, however, Tenant contests the Certificate of Substantial Completion, Tenant and Landlord agree to work together with all diligence to remedy any outstanding issues to Tenant's satisfaction.

For purposes of this Section 13.3, "Certificate of Substantial Completion" means the certificate issued by the Architect of Record, to certify that the Buildout has been essentially completed except for punch list work, Tenant is able to occupy and use the Premises for the purpose intended, and Landlord has obtained a "Certificate of Occupancy" for the Premises from the City's Department of Buildings.

13.4 Permits and Insurance. All permits, licenses, and necessary insurance required in connection with the Buildout are to be obtained by Landlord. In addition, Landlord shall provide a low voltage permit for installation of telephone and data wiring.

13.5 Buildout Completion. Final completion of the Buildout is a condition precedent to Tenant's occupancy of the Premises. Landlord and Tenant shall arrange for a final inspection of the Premises upon completion of the Buildout. Upon the final inspection, Tenant shall approve the satisfactory completion of the Buildout by Landlord, such approval not to be unreasonably withheld, and Landlord shall deliver possession of the Premises to Tenant (the "Occupancy Commencement Date"). The approval of any plans or work by the City's Department of Fleet and Facility Management, Bureau of Asset Management, is for the purpose of this Lease only and does not constitute the approval required by the City's Department of Buildings or any other City department; nor does the approval by the Department of Fleet and Facility Management pursuant to this Agreement constitute an approval of the quality, structural soundness, or the safety of any improvements located or to be located on the Premises.

13.6 Warranty. On or before the Occupancy Commencement Date, Landlord shall provide Tenant copies of all warranties, operations/maintenance manuals, and as-built drawings applicable to the Premises, and the keys for the Premises. For a period of one (1) year commencing no earlier than the Occupancy Commencement Date, or such longer period as may be required to enforce any applicable special warranty in any of the various subcontracts for the work performed to construct the Premises, by the manufacturer or by law ("Contractor's Warranty"), Landlord shall correct, repair, or replace, or cause to be corrected, repaired, or replaced, any such deficient or defective work or materials and any damage caused by such work and materials. Any equipment or material that is repaired or replaced by or at the direction of Landlord will have the warranty period extended for such a period as is standard in the industry and consistent with the applicable warranty. Repairs or replacements that Landlord makes, or causes to be made, under this provision must also include a manufacturer's warranty, if standard with the manufacturer, in addition to the Contractor's Warranty. In the event that Tenant requires Landlord's assistance to enforce the provisions of a Contractor's Warranty, Landlord will cooperate with Tenant to enforce such Contractor's Warranty and cause the applicable contractor to correct any such deficient or defective work or materials and any damage caused by such work or materials.

Such Contractor's Warranty shall not be available to Tenant in the event that (i) Tenant fails to provide Landlord with written notice of deficient or defective work or materials and resulting damage within 45 days of initial discovery of the same, (ii) such damage or defect is caused by abuse by a party other than Landlord or Landlord's agents, (iii) alterations to the damaged or defective work or material were made by a party other than Landlord or Landlord's agent, (iv) such damage or defect is the result of improper or insufficient maintenance by a party other than

Landlord or Landlord's agents, (v) such damage or defect is the result of improper operation by a party other than Landlord or Landlord's agents, or (vi) such damage or defect is the result of normal wear and tear and normal usage.

SECTION 14. LANDLORD DISCLOSURES AND AFFIRMATIONS.

14.1 Business Relationships. Landlord acknowledges (a) receipt of a copy of Section 2-156-030 (b) of the Municipal Code of Chicago, (b) that it has read such provision and understands that pursuant to such Section 2-156-030 (b) it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected City official or employee has a "Business Relationship" (as defined in Section 2-156-080 of the Municipal Code of Chicago), or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship, and (c) notwithstanding anything to the contrary contained in this Lease, that a violation of Section 2-156-030 (b) by an elected official, or any person acting at the direction of such official, with respect to any transaction contemplated by this Lease shall be grounds for termination of this Lease and the transactions contemplated hereby. Landlord hereby represents and warrants that no violation by Landlord of Section 2-156-030 (b) has occurred with respect to this Lease or the transactions contemplated hereby.

14.2 Patriot Act Certification. Landlord represents and warrants that neither Landlord nor any Affiliate (as hereafter defined) thereof is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable Laws: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. As used in this Section, an "Affiliate" shall be deemed to be a person or entity related to Landlord that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with Landlord, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

14.3 Prohibition on Certain Contributions-Mayoral Executive Order No. 2011-4. Landlord agrees that Landlord, any person or entity who directly or indirectly has an ownership or beneficial interest in Landlord of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, Landlord's contractors (i.e., any person or entity in direct contractual privity with Landlord regarding the subject matter of this Lease) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Sub-owners") and spouses and domestic partners of such Sub-owners (Landlord and all the other preceding classes of persons and entities are together the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the

"Mayor") or to his political fundraising committee (a) after execution of this Lease by Landlord, (b) while this Lease or any Other Contract (as hereinafter defined) is executory, (c) during the Term of this Lease or any Other Contract, or (d) during any period while an extension of this Lease or any Other Contract is being sought or negotiated. This provision shall not apply to contributions made prior to May 16, 2011, the effective date of Executive Order 2011-4.

Landlord represents and warrants that from the later of (a) May 16, 2011, or (b) the date the City approached Landlord, or the date Landlord approached the City, as applicable, regarding the formulation of this Lease, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

Landlord agrees that it shall not: (a) coerce, compel, or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

Landlord agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 2011-4 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 2011-4.

Notwithstanding anything to the contrary contained herein, Landlord agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this Lease or violation of Mayoral Executive Order No. 2011-4 constitutes a breach and default under this Lease, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this Lease, and under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Landlord intentionally violates this provision or Mayoral Executive Order No. 2011-4 prior to the execution of this Lease, the City may elect to decline to execute this Lease.

For purposes of this provision:

(a) "Bundle" means to collect contributions from more than one source, which contributions are then delivered by one person to the Mayor or to his political fundraising committee.

(b) "Other Contract" means any other agreement with the City of Chicago to which Landlord is a party that is (i) formed under the authority of Chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council.

(c) "Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

(d) Individuals are "domestic partners" if they satisfy the following criteria:

(i) they are each other's sole domestic partner, responsible for each other's common welfare; and

(ii) neither party is married; and

(iii) the partners are not related by blood closer than would bar marriage in the State of Illinois; and

(iv) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and

(v) two of the following four conditions exist for the partners:

(1) The partners have been residing together for at least 12 months.

(2) The partners have common or joint ownership of a residence.

(3) The partners have at least two of the following arrangements:

(A) joint ownership of a motor vehicle;

(B) joint credit account;

(C) a joint checking account;

(D) a lease for a residence identifying both domestic partners as tenants.

(4) Each partner identifies the other partner as a primary beneficiary in a will.

(e) "Political fundraising committee" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

14.4 Waste Ordinance Provisions. In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Landlord warrants and represents that it, and to the best of its knowledge, its Contractors and its subcontractors regarding the subject matter of this Lease ("Subcontractors"), have not violated and are not in violation of any provisions of Section 7-28 or Section 11-4 of the Municipal Code of Chicago (the "Waste Sections"). During the period while this Lease is executory, Landlord's, any general Contractor's or any Subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Lease, constitutes a breach of and an event of default under this Lease, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Commissioner. Such breach and default entitles the City to all remedies under this Lease, at law or in equity. This section does not limit Landlord's, its general Contractors' and its Subcontractors' duty to comply with all applicable federal, state, county and municipal Laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Lease. Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Lease, and may further affect the Landlord's eligibility for future contract awards.

14.5 Failure to Maintain Eligibility to do Business with City. Failure by Landlord or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-

23-030 of the Municipal Code of Chicago shall be grounds for termination of this Lease and the transactions contemplated thereby, Landlord shall at all times comply with Section 2-154-020 of the Municipal Code of Chicago.

14.6 Cooperation with Office of Inspector General. It is the duty of Landlord and any bidder, proposer, contractor, subcontractor, and every applicant for certification of eligibility for a Tenant contract or program, and all officers, directors, agents, partners, and employees of any such grantee, subgrantee, bidder, proposer, contractor, subcontractor or such applicant to cooperate with the City's Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code of Chicago. Landlord represents and warrants that it understands and will abide by all provisions of Chapter 2-56 of the Municipal Code of Chicago and that Landlord will inform its Contractors and Subcontractors of this provision and include a provision requiring their compliance with such Chapter 2-56 in any written agreement between Landlord and its Contractors and Subcontractors.

14.7 2014 Hiring Plan Prohibitions.

(i) The City is subject to the June 16, 2014 "City of Chicago Hiring Plan", as amended (the "2014 City Hiring Plan") entered in Shakman v. Democratic Organization of Cook County, Case No 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the 2014 City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(ii) Landlord is aware that City policy prohibits City employees from directing any individual to apply for a position with Landlord, either as an employee or as a subcontractor, and from directing Landlord to hire any individual as an employee or as a subcontractor. Accordingly, Landlord must follow its own hiring and contracting procedures, without being influenced by City or City employees. Any and all personnel provided by Landlord under this Lease are employees or subcontractors of Landlord, not employees of the City. This Lease is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by Landlord.

(iii) Landlord will not condition, base, or knowingly prejudice, or affect any term or aspect to the employment of any personnel provided under this Lease, or offer employment to any individual to provide services under this Lease, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity, or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Lease, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(iv) In the event of any communication to Landlord by a City employee or City official in violation of paragraph (ii) above, or advocating a violation of paragraph (iii) above, Landlord

will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General ("OIG Hiring Oversight"), and also to the head of the relevant City department utilizing services provided under this Lease. Landlord will also cooperate with any inquiries by OIG Hiring Oversight.

SECTION 15. REMEDIES

If Tenant defaults in the payment of Rent or any other payment required to be made by Tenant hereunder, and such default continues for thirty (30) days following written notice from Landlord, or if Tenant defaults in the performance of any of Tenant's other obligations under this Lease and such default continues for ninety (90) days following written notice from Landlord, or notwithstanding the foregoing, if Tenant defaults in the performance of an obligation under this Lease that results in a hazardous condition and such default is not cured by Tenant immediately upon written notice from Landlord, then Landlord shall have all remedies available under Illinois law. All rights and remedies of Landlord under this Lease shall be cumulative and none shall exclude any other rights or remedies allowed by law.

SECTION 16. COUNTERPARTS.

This Lease may be executed in any number of counterparts, each of which shall be deemed an original and all of which, taken together, shall constitute a single, integrated instrument.

IN WITNESS WHEREOF, the parties have executed this Lease as of the day and year first above written.

SECTION 3. RENT, TAXES AND UTILITIES

3.1 Rent. Tenant shall pay base rent for the Premises in the amount of One Dollar ($1.00) for the entire Term, the receipt and sufficiency of said sum being herewith acknowledged by both parties. Additional payments due by Tenant pursuant to this Lease shall be remitted to Landlord in a reasonable manner as designated by Landlord in writing.

3.2 Taxes and Other Levies. Tenant shall pay when due all real estate taxes, special assessments, and other levies assessed against the Premises. If the Premises is not separately assessed as a tax parcel apart from the remainder of the Building, Tenant will pay Landlord for the share of real estate taxes attributable to the Premises in such a manner as is laid out in Exhibit C, attached hereto.

3.3 Utilities. Wherever practicable, Tenant shall garner separate utility services for the Premises and promptly remit payment directly to such providers when due. Landlord shall sub-meter the water that serves the Premises (i.e., the water supplied to the Premises shall be measured).

SECTION 4. CONDITION AND ENJOYMENT OF PREMISES, ALTERATIONS AND ADDITIONS, SURRENDER.

4.2 Covenant of Quiet Enjoyment. Landlord covenants and agrees that Tenant, upon paying the rent and upon observing and keeping the covenants, agreements and conditions of this Lease on its part to be kept, observed and performed, shall lawfully and quietly hold,

occupy, and enjoy the Premises (subject to the provisions of this Lease) during the Term without hindrance or molestation by Landlord or by any person or persons claiming under Landlord.

4.3 Tenant's Duty to Maintain Premises and Right of Access. Unless otherwise provided in this Lease, Tenant shall, at Tenant's expense, keep the Premises in a good and safe condition, in good order, and in compliance with all applicable provisions of the Municipal Code of the City of Chicago, including but not limited to those provisions in Title 13 ("Building and Construction"), Title 14 ("Electrical Equipment and Installation"), and Title 15 ("Fire Prevention"). If Tenant shall refuse or neglect to make needed repairs to the Premises within thirty (30) days after mailing of written notice thereof sent by Landlord, Landlord is then authorized to make such repairs and to add the cost thereof to rents and other charges accruing under this Lease; provided that, in the event that such repair cannot be remedied within thirty (30) days, and Tenant has commenced and is diligently pursuing all necessary action to remedy such repair, Landlord shall not have the authorization to make such repairs. Landlord shall have the right of access to the Premises for the purpose of inspecting and making repairs to the Premises, provided that, except in the case of emergencies, Landlord shall first give notice to Tenant of Landlord's desire to enter the Premises and will schedule its entry so as to minimize to the extent practicable any interference with Tenant's use of Premises. Landlord has a duty to repair any defect in the Premises existing on the Occupancy Commencement Date or caused by its action or the action of its employees, agents, or permitted entrants. Tenant has a duty to repair any defect in the ROE Area caused by its action or the action of its employees, agents, or permitted entrants.

4.5 Alterations and Additions. Tenant shall have the right to make such non-structural alterations, additions, and improvements on the Premises at Tenant's cost and expense as it shall deem necessary; provided, however, that any such non-structural alterations, additions, and improvements shall be in full compliance with the applicable Laws and provided that Tenant has obtained the prior written consent of Landlord for all such non-structural alterations, additions, and improvements with an aggregate completion cost in excess of $10,000 (each an "Alteration"). Landlord shall not unreasonably withhold consent with respect to such Alterations. In the event that Landlord permits Tenant to make an Alteration, then Tenant shall, before permitting commencement of the Alteration, furnish to Landlord, for Landlord's review and approval all necessary plans and specifications in reasonable detail, names and addresses of proposed contractors, copies of contracts, and shall furnish necessary permits and

indemnification from Tenant's contractors in form and amount reasonably satisfactory to Landlord, against any and all claims, costs, damages, liabilities and expenses which may arise in connection with the Alteration, and certificates of insurance from all contractors performing labor or providing materials, insuring Landlord against any and all liabilities which may arise out of or be connected in any way with the Alteration. Tenant shall permit Landlord to monitor the construction operations in connection with the Alteration and to restrict, as may reasonably be required, the passage of manpower and materials and the conducting of construction activity in order to avoid unreasonable disruption to Landlord or to other tenants or residents of the Building or damage to the Building or the Premises. Promptly following completion of the Alteration, Tenant shall furnish to Landlord contractors' affidavits, full and final waivers of lien and receipted bills covering all labor and materials expended and used in connection with the Alteration. Any alteration performed by Tenant or Tenant's contractor shall comply with all Landlord's insurance requirements and will all applicable laws, ordinances and regulations. Landlord's approval of plans and specifications or supervision of construction operations, if any, shall not imply Landlord's acknowledgment, opinion, or belief that the Alteration complies with any such applicable Laws, ordinances and regulations nor relieve Tenant from any responsibility hereinabove imposed.

4.6 Subdivision and Leasehold PIN. Landlord and Tenant hereby agree that, upon completion of the Building and the "Buildout" (see Section 13 and Exhibit B): (1) The parties shall work together in good faith to effectuate a vertical subdivision with respect to the Premises and the remainder of the Property in a timely manner, including recording necessary reciprocal easements and covenants with respect to the separate lots created thereby (the "Subdivision"); and (2) with Landlord's diligent assistance, as necessary, Tenant, at its own expense, shall secure a leasehold PIN for the Premises in a timely manner.

SECTION 5. ASSIGNMENT, SUBLEASE, AND LIENS.

5.1 Assignment and Sublease. Tenant shall not assign this Lease in whole or in part, or sublet the Premises or any part thereof without the prior written consent of Landlord in each instance. Landlord shall not unreasonably withhold its consent to said assignments or sublets.

5.2 Tenant's Covenant Against Liens. Tenant shall not cause or permit any lien or encumbrance, whether created by act of Tenant, operation of law, or otherwise, to attach to or be placed upon Landlord's title or interest in the Premises. All liens and encumbrances created by Tenant shall attach to Tenant's interest only; provided however, that if any lien or encumbrance caused or permitted by Tenant shall attach to or be placed upon Landlord's title or interest in the Premises, Tenant shall promptly pay such lien, with all proper costs and charges, and shall have the lien released and any judgment satisfied.

SECTION 6. INSURANCE AND INDEMNIFICATION.

6.1 Landlord's Insurance. Landlord shall procure and maintain at all times, at Landlord's own expense, during the Term, the insurance coverages and requirements specified below, insuring the Premises.

The kind and amounts of insurance required are as follows:

(a) Commercial General Liability (Primary and Umbrella). Commercial General Liability Insurance or equivalent, with limits of not less than $2,000,000 per occurrence, for bodily injury, personal injury, and property damage liability. Coverage shall include the following: All premises and operations, products/completed operations, defense, separation of insureds, and contractual liability (not to include Endorsement CG 21 39 or equivalent).

Tenant shall be named as an additional insured under the policy. Such additional insured coverage shall be provided on CG 20 10 or on a similar additional insured form acceptable to Landlord. The additional insured coverage shall not have any limiting endorsements or language under the policy such as, but not limited to, Landlord's sole negligence or the Additional Insured's vicarious liability. Landlord's liability insurance shall be primary without right of contribution by any other insurance or self-insurance maintained by or available to Tenant.

(b) All Risk Property. All Risk Property Insurance coverage shall be maintained by the Landlord for 90% replacement value to protect against loss of, damage to, or destruction of the Premises.

Landlord shall be responsible for all loss or damage of personal property (including, but not limited to, materials, equipment, tools, and supplies) owned, rented, or used by Landlord in the Premises.

6.2 Tenant's Insurance. Tenant shall procure (or otherwise secure) and maintain at all times during the Term, at Tenant's own expense, the insurance coverages and requirements specified below, insuring the Premises and all operations related to this Lease.

The kind and amounts of insurance required are as follows:

(a) Worker's Compensation and Employer's Liability. Worker's Compensation as prescribed by applicable law, covering all employees who are to provide a service at the Premises, and Employer's Liability Insurance with limits of not less than $500,000 per accident, illness, or disease.

(b) Commercial General Liability (Primary and Umbrella). Commercial General Liability Insurance or equivalent, with limits of not less than $2,000,000 per occurrence, for bodily injury, personal injury, and property damage liability.

(c) Automobile Liability Insurance (Primary and Umbrella). When any motor vehicles (owned, non-owned, and hired) are used in connection with the Premises, Tenant shall provide and maintain Automobile Liability Insurance with limits of not less than $2,000,000 per occurrence for bodily injury and property damage.

(d) All Risk Property. All Risk Property Insurance coverage shall be maintained by Tenant for 90% replacement value to protect against loss of, damage to, or destruction of the Premises.

Tenant shall be responsible for all loss of or damage to personal property (including, but not limited to, materials, equipment, tools, and supplies) owned, rented, or used by Tenant in the Premises.

(e) Tenant has elected to self-insure to meet the above requirements. Tenant shall notify Landlord in writing if Tenant procures insurance policies to meet any of the insurance requirements in this Section 6.2, and shall cause Landlord to be named on all such policies as an additional insured on a primary, non-contributory basis.

6.3 Other Terms of Insurance. Landlord will furnish the City of Chicago, Department of Fleet and Facility Management, Office of Real Estate Management, 30 North LaSalle Street, Suite 300, Chicago, Illinois 60602, original Certificates of Insurance evidencing the required coverage to be in force on the date of this Lease, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the Term, and, if applicable, Tenant will furnish to Landlord a statement confirming that Tenant is self-insured. Each party shall submit evidence of insurance prior to execution of Lease. The receipt of any certificate or statement does not constitute agreement by any party that the insurance requirements in this Lease have been fully met or that the insurance policies or programs indicated on the certificate or statement are in compliance with all requirements in the Lease. The failure of a party to obtain certificates or other insurance evidence from the other party shall not be deemed to be a waiver by such party. Non-conforming insurance shall not relieve a party of the obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Lease and each party retains the right to exercise all rights and remedies until proper evidence of insurance is provided.

Each party shall provide for 60 days prior written notice to be given to the other party in the event coverage is substantially changed, cancelled, or non-renewed.

Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by the insured party.

Landlord hereby grants to Tenant a waiver of any right of subrogation which any insurer of Landlord may acquire against the other party by virtue of the payment of any loss under the insurance. Landlord agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not Landlord has received a waiver of subrogation endorsement from the insurer(s). Without limiting any release or waiver of liability or recovery contained in any other section of this Lease but rather in confirmation and furtherance thereof, Landlord and Tenant waive all claims for recovery from the other party for any loss or damage to any of its property insured under valid and collectible insurance policies or programs to the extent of any recovery collectible under such insurance policies or programs.

The parties expressly understand and agree that any coverages and limits furnished by a party shall in no way limit such party's liabilities and responsibilities specified in this Lease or by law.

The parties expressly understand and agree that their coverages shall be primary and shall not require contribution from any insurance or self-insurance programs maintained by the other party.

If Landlord is a joint venture, limited partnership, or limited liability company, the insurance policies shall name the joint venture, limited partnership, or limited liability company as a named insured.

The required insurance to be maintained is not limited by any limitations expressed in the indemnification language in this Lease or any limitation placed on the indemnity in this Lease given as a matter of law.

6.4 Mutual Indemnification. Each party shall indemnify and hold the other party harmless against all liabilities, judgment costs, damages, and expenses which may accrue against, be charged to, or be recovered from such other party by reason of any negligent performance of or failure to perform of or by the indemnifying party of any of its obligations under this Lease.

SECTION 7. DAMAGE OR DESTRUCTION.

7.1 Damage or Destruction. If the Premises is damaged or destroyed by fire or other casualty or event to such extent that Tenant cannot continue to occupy or conduct its normal business therein, or if the Premises do not meet all the City's Building Code and Fire Code provisions and are therefore rendered untenantable, and such damage cannot be repaired within 180 days, Tenant and Landlord shall each have the option to terminate this Lease as of the date of such damage or destruction by giving the other party written notice to such effect.

SECTION 8. CONFLICT OF INTEREST AND GOVERNMENTAL ETHICS.

8.1 Conflict of Interest. No official or employee of the City of Chicago, nor any member of any board, commission, or agency of the City of Chicago, shall have any financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago), either direct or indirect, in the Premises; nor shall any such official, employee, or member participate in making or in any way attempt to use her/his position to influence any City governmental decision or action with respect to this Lease.

8.2 Duty to Comply with Governmental Ethics Ordinance. Landlord and Tenant shall comply with Chapter 2-156 of the Municipal Code of Chicago, "Governmental Ethics," including but not limited to section 2-156-120, which states that no payment, gratuity, or offer of employment shall be made in connection with any City of Chicago contract as an inducement for the award of that contract or order. Any contract negotiated, entered into, or performed in violation of any of the provisions of Chapter 2-156 shall be voidable in the sole discretion of the City.

SECTION 9. HOLDING OVER AND OPTION TO PURCHASE.

9.1 Holding Over. Upon the termination of this Lease, whether by forfeiture, lapse of time or otherwise, or upon the termination of Tenant's right to possession of the Premises, Tenant will at once surrender and deliver up the Premises, together with all improvements thereon, to Landlord in good condition and repair, reasonable wear and tear and loss by fire or other casualty excepted, provided that conditions existing because of Tenant's failure to perform maintenance repairs or replacement as required herein shall not be deemed "reasonable wear and tear." Any holding over by Tenant shall be construed to be a tenancy from month to month only beginning on the date immediately following the Expiration Date, and shall be in accordance with the terms of the Lease except that rent shall equal $10,000.00 per month.

9.2 Option to Purchase. Tenant has the option to purchase the Premises (the "Option") at the expiration of the Term or any holding over period. Tenant must elect in writing to exercise such option to purchase not earlier than two years and not later than one year prior to the Expiration Date. Landlord and Tenant shall work together to secure (i) the consent of Chicago Housing Authority, an Illinois municipal corporation, as Landlord's lender and lienholder with respect to the Property (the "Lender"), to the exercise of the Option and (ii) the partial release of the Lender's liens with respect to the Premises (the "Release"). Notwithstanding the above, if the lien of Illinois Housing Development Authority, a body politic and corporate ("IHDA"), entered into by Landlord on or about the date hereof as security for a loan for the development of the Property, remains in effect as to the Premises when Tenant exercises the Option, IHDA shall be construed as a "Lender" within the meaning laid out in this Section 9.2.

The purchase price (the "Option Price") shall be the fair market value of the Premises taking into account the existing use restrictions, contracts, and easements to which the Premises are subject, as determined by an appraisal obtained by the City at its expense. If such appraisal, in Landlord's reasonable determination, undervalues the Premises, Landlord may, at its own expense, obtain a second appraisal using the same assumptions as set forth in the preceding sentence. The Option Price paid by Tenant shall be the average of the two appraised values of the Premises, subject to this Section 9.2.

Tenant shall be responsible for and bear all costs associated with exercising the Option described in this Section 9.2, including payments related to the Release, with the following exceptions: Landlord shall be responsible for (i) all expenses related to the partial release of a lien or liens with respect to the Premises held by a party other than the Lender and (ii) all expenses related to the Release that exceed the original principal amounts of the Lender's loans to Landlord on or about the date hereof multiplied by the proportion of the square footage of the Premises to the square footage of the remainder of the Building.

The Option Price shall first be tendered to the Lender to pay all amounts due from Tenant to secure the Release in accordance with this Section 9.2 with the remainder, if any, remitted to Landlord. If the amounts due from Tenant to secure the Release exceeds the fair market value of

the Premises, each as determined in accordance with this Section 9.2, the amounts due from Tenant to secure the Release shall serve and be construed as the Option Price for the purposes of this Lease.

SECTION 10. MISCELLANEOUS.

10.1 Notice. All notices, demands and requests which may be or are required to be given demanded or requested by either party to the other shall be in writing. All notices, demands, and requests by Landlord to Tenant shall be delivered by national overnight courier or shall be sent by United States registered or certified mail, return receipt requested, postage prepaid addressed to Tenant as follows:

Any notice, demand, or request which shall be served upon Landlord by Tenant, or upon Tenant by Landlord, in the manner aforesaid, shall be deemed to be sufficiently served or given for all purposes hereunder at the time such notice, demand, or request shall be mailed.

10.2 Partial Invalidity. If any covenant, condition, provision, term, or agreement of this Lease shall, to any extent, be held invalid or unenforceable, the remaining covenants, conditions, provisions, terms, and agreements of this Lease shall not be affected thereby, but each covenant, condition, provision, term, or agreement of this Lease shall be valid and in force to the fullest extent permitted by law.

10.3 Governing Law. This Lease shall be construed and be enforceable in accordance with the laws of the State of Illinois, without regard to its conflict of laws principles.

10.4 Entire Agreement. All preliminary and contemporaneous negotiations are merged into and incorporated in this Lease. This Lease contains the entire agreement between the parties

and shall not be modified or amended in any manner except by an instrument in writing executed by the Landlord and the Commissioner of the Department of Fleet and Facility Management (the "Commissioner").

10.5 Captions and Section Numbers. The captions and section numbers appearing in this Lease are inserted only as a matter of convenience and in no way define, limit, construe, or describe the scope or intent of such sections of this Lease nor in any way affect this Lease.

10.6 Binding Effect of Lease. The covenants, agreements, and obligations contained in this Lease shall extend to, bind, and inure to the benefit of the parties hereto and their legal representatives, heirs, successors, and assigns, and is subject to no contingencies or conditions except as specifically provided herein.

10.7 Time is of the Essence. Time is of the essence of this Lease and of each and every provision hereof.

10.8 No Principal/Agent or Partnership Relationship. Nothing contained in this Lease shall be deemed or construed by the parties hereto or by any third party as creating the relationship of principal and agent or of partnership or of joint venture between the parties hereto.

10.9 Authorization to Execute Lease. The parties executing this Lease hereby represent and warrant that they are the duly authorized and acting representatives of Landlord and Tenant respectively.

10.10 Termination of Lease. Tenant shall have the right to terminate this Lease for convenience without penalty by providing Landlord with not less than one hundred eighty (180) days prior written notice.

10.11 Force Majeure. When a period of time is provided in this Lease for either party to do or perform any act or thing (other than the payment of money), the party shall not be liable or responsible for any delays due to strikes, lockouts, casualties, acts of God, wars, governmental regulation or control, and other causes beyond the reasonable control of the party, and in any such event the time period shall be extended for the amount of time the party is so delayed.

10.12 Condemnation. If the whole or any substantial part of the Premises are taken or condemned by any competent authority for any public use or purpose, or if any adjacent property or street shall be so condemned or improved in such a manner as to require the use of any substantial part of the Premises, the Term of this Lease shall, at the option of Landlord or the condemning authority, be terminated upon, and not before, the date when possession of the part so taken shall be required for such use or purpose, and Landlord shall be entitled to receive the entire award without apportionment with Tenant. Rent shall be apportioned as of the date of Tenant's vacating the Premises as the result of said termination.

10.13 No Brokers. The Department of Fleet and Facility Management does not use brokers, tenant representatives, or other finders. Landlord has not used brokers, landlord

representatives, or other finders in connection with this Lease. Tenant warrants to Landlord that no broker, landlord or tenant representative, or other finder (a) introduced Tenant to Landlord, (b) assisted Tenant in the negotiation of this Lease, or (c) dealt with Tenant on Tenant's behalf in connection with the Premises or this Lease. Landlord warrants to Tenant that no broker, landlord or tenant representative, or other finder (a) introduced Landlord to Tenant, (b) assisted Landlord in the negotiation of this Lease, or (c) dealt with Landlord on Landlord's behalf in connection with the Premises or this Lease. Under no circumstances shall Tenant make any payments due hereunder to any broker(s). Under no circumstances shall Landlord make any payments due hereunder to any broker(s).

10.14 Amendments. From time to time, the parties hereto may amend this Lease without City Council approval with respect to any provisions reasonably related to Tenant's use of the Premises and/or Landlord's administration of this Lease; provided, however, that such amendment(s) shall not serve to extend the Term hereof or increase the Rent. All amendment(s) shall be in writing, shall establish the factual background necessitating such alteration, shall set forth the terms and conditions of such modification, and shall be duly executed by both Landlord and the Commissioner. Such amendment(s) shall only take effect upon execution by both parties. Upon execution, such amendment(s) shall become a part of this Lease and all other provisions of this Lease shall otherwise remain in full force and effect.

10.15 Day. For purposes of this Lease, any day that is not a Saturday, Sunday, or legal holiday for national banks in Chicago, Illinois shall be a business day. Whenever, under the terms of this Lease, the time for performance of a covenant or condition falls upon a day other than a business day, such time for performance shall be extended to the next business day. All references in this Lease to a "day" or "days" shall mean calendar day or days, unless either of the terms "business day" or "business days" is used.

SECTION 11. ADDITIONAL RESPONSIBILITIES OF LANDLORD.

11.1 Site Improvements. Landlord covenants to take all reasonable measures to ensure that the Buildout (as such term is hereinafter defined) is completed on or before October 15, 2018.

11.2 Rodents. Landlord shall have the right to access the Premises, upon reasonable notice to Tenant and in such a manner as not to unduly impede Tenant's operation of the Premises, to prevent or combat (or cause to be prevented or combated) rodent infestations in the Building. Landlord shall coordinate its efforts therein with Tenant, and Tenant shall pay for rodent baiting, sealing of holes, and other anti-infestation services performed in the Premises. Landlord shall provide and pay for such services in the remainder of the Building.

11.3 Plumbing. At Tenant's expense, Landlord shall maintain plumbing that wholly serves the Premises, but is not located within the Premises, in good operable condition, excluding damage caused by acts of vandalism or negligence attributable to Tenant, Tenant's agents, or Tenant's invitees. Tenant shall maintain the plumbing within the Premises at its sole cost and expense.

11.4 Maintenance. Landlord shall provide, at its own expense, any and all engineering service for maintenance of the exterior and the shell of those portions of the Building other than the portions of the Building that surround the Premises, including all roof, structural, mechanical, and electrical components. Tenant shall provide, at Tenant's expense, any and all engineering service for maintenance of the exterior and the shell of those portions of the Building that surround the Premises, including all roof, structural, mechanical and electrical components. Engineering service as used herein shall not be construed to mean cleaning, washing, or sweeping of any kind, or moving of furniture or replacing of light bulbs, etc., but shall refer strictly to service for the maintenance of the physical plant. Landlord shall provide and install, at its own expense, landscaping about the Property where reasonably appropriate, including those areas which immediately abut the Premises. Landlord shall additionally provide, at Tenant's expense, (a) landscaping services, including the maintenance of landscaping which immediately abuts the Premises and (b) prompt removal of snow and ice and appropriate salting of the sidewalk which immediately abuts the Premises. If such services in or about the Premises are performed along with services on or about the Property, but not in the Premises, Tenant shall pay the costs of such landscaping and winter-related services on the Premises in such a manner as is laid out in Exhibit C, attached hereto.

11.5 Air-Conditioning. Landlord shall provide air-conditioning plant and equipment to provide cooling to the Premises whenever necessary and/or required for the comfortable occupancy of the Premises. Tenant, at its expense, shall maintain, operate, and replace as necessary in the sole determination of Tenant, any air-conditioning plant and equipment that exclusively serves the Premises. Any air-conditioning plant and equipment that does not serve any portion of the Premises shall be maintained and operated by Landlord at its expense. Landlord shall additionally maintain any air-conditioning plant and equipment which serves the Premises as well as other portions of the Building, provided that any expense related to the maintenance and operation thereof shall be borne by Landlord and Tenant in such a manner as is laid out in Exhibit C, attached hereto.

11.6 Heat. Landlord shall provide heating plant and equipment to provide heating to the Premises whenever necessary and/or required for the comfortable occupancy of the Premises. Tenant, at its expense, shall maintain, operate, and replace as necessary in the sole determination of Tenant, any heating plant and equipment that exclusively serves the Premises. Any air-heating plant and equipment that does not serve any portion of the Premises shall be maintained and operated by Landlord at its expense. Landlord shall additionally maintain any heating plant and equipment which serves the Premises as well as other portions of the Building, provided that any expense related to the maintenance and operation thereof shall be borne by Landlord and Tenant in such a manner as is laid out in Exhibit C, attached hereto. Landlord understands that proper heating is critical to operations as the Premises may be used as a heating center.

11.7 Fire Extinguishers. Tenant shall provide and maintain two (2) fire extinguishers in the Premises at all times.

11.8 Spot Painting. Tenant shall professionally spot paint the Premises on an as-needed basis.

11.9 Repairs for Emergencies. In the event of an emergency where further delay would lead to material loss or significant damage to the Premises or the Building and provided such emergency is caused by the negligence, vandalism, or misuse of the Premises or equipment therein by Tenant's employees, invitees, agents, or contractors, Landlord may make such emergency repairs subject to full reimbursement to Landlord by Tenant of costs associated with such emergency repairs excluding any overhead and/or profit.

11.10 Economic Disclosure Statement Affidavit Updates. Throughout the Term, Landlord shall provide Tenant with any material updates to the information submitted in Landlord's Economic Disclosure Statement and Affidavit.

SECTION 12. ADDITIONAL RESPONSIBILITIES OF TENANT.

12.1 Custodial Services. Tenant shall provide, or cause to be provided, at its expense, custodial services in the Premises, which shall be construed as cleaning, washing, emptying wastepaper baskets, replacement of light bulbs, or sweeping.

12.2 Tenant Signage. Tenant reserves the right to install appropriate signage on the front exterior of the Premises provided that such signage complies with any applicable Laws.

12.3 Surrender of Premises at Termination. Upon the termination of this Lease, Tenant shall surrender the Premises to the Landlord in a comparable condition to the condition of the Premises on the Occupancy Commencement Date, with normal wear and tear taken into consideration.

12.4 Security. Tenant shall pay for any security services and/or security systems in the Premises, if necessary, as determined by Tenant in its sole discretion.

12.5 Illegal Activity. Tenant, or any of its agents or employees, shall not perform or permit any practice that is injurious to the Premises or unreasonably disturbs other tenants, is illegal, or increases the rate of insurance on the Premises or the Building.

12.6 Hazardous Materials. Tenant shall keep out of Premises materials which cause a fire hazard or safety hazard and Tenant shall comply with reasonable requirements of Landlord's fire insurance carrier. Tenant shall not destroy, deface, damage, impair, nor remove any part of the Premises or facilities, equipment, or appurtenances.

12.7 Smoke Detectors. Tenant shall maintain smoke detectors on the Premises in accordance with applicable Law.

12.8 Repairs for Tenant Negligence, Vandalism, or Misuse. Subject to approval as set forth herein, Tenant shall assume all responsibility for any repairs to the Premises necessitated by the negligence, vandalism, or misuse of the Premises or equipment therein by Tenant's employees, clients, invitees, agents, or contractors. At Tenant's option, Tenant may perform such repairs with service providers suitable to Tenant and at Tenant's sole cost. In the

alternative, Tenant may direct Landlord in writing to perform said repairs subject to full reimbursement to Landlord of all costs associated with such repairs excluding any overhead and/or profit.

12.9 Community Room. Tenant shall permit Landlord to utilize the Community Rooms and certain restrooms, designated in advance, outside of the hours of operation of the Premises and when the Community Rooms are otherwise not in use, for service provision, community meetings, and other activities related to Landlord's operation of an elderly residential development upon reasonable notice from Landlord or Landlord's agent. During such times that Landlord has reserved the Community Rooms for its use thereof, Landlord shall not permit any use of the Community Rooms without the presence of Landlord, Landlord's agents, or employees of either. Landlord, at its sole expense, shall provide for the cleaning of the Community Rooms and the designated restrooms (when used outside of the hours of operation of the Premises) and the prompt repair of any damage to the Community Rooms, the designated restrooms, or the personal property therein after such use.

12.10 Plate Glass. Tenant, at its sole cost and expense, shall promptly replace any broken or damaged plate glass of the Premises during the Term which is not caused by the acts or negligence of Landlord.

SECTION 13. BUILDOUT OF PREMISES.

13.1 Landlord's Buildout Obligation. Landlord shall build out the Premises to accommodate Tenant's use as further detailed on the floor plan and list of Tenant improvements attached hereto as Exhibit B and incorporated herein (the "Buildout"). The Buildout will be in full compliance with all building and construction code requirements of the City of Chicago and other applicable Laws.

13.2 Cost of Buildout. Landlord shall pay for the cost of the Buildout without contribution or repayment from Tenant.

13.3 Tenant Buildout Representative. Tenant shall have the right to appoint a representative to oversee, inspect, and reasonably approve the Buildout work. Upon issuance of a "Certificate of Substantial Completion" (as defined below) by the firm or entity employed by Landlord or its designee for the purpose of designing and observing the construction of the Buildout for compliance with the plans and specifications for the Buildout (such firm or entity, the "Architect of Record"), Landlord shall deliver to the Commissioner a copy of such certificate and the Certificate of Occupancy issued by the City's Department of Buildings for the Premises. Tenant shall use best efforts to review the Certificate of Substantial Completion within ten (10) business days of receipt of the Certificate of Substantial Completion and provide a written acceptance thereof. If, however, Tenant contests the Certificate of Substantial Completion, Tenant and Landlord agree to work together with all diligence to remedy any outstanding issues to Tenant's satisfaction.

For purposes of this Section 13.3, "Certificate of Substantial Completion" means the certificate issued by the Architect of Record, to certify that the Buildout has been essentially completed except for punch list work, Tenant is able to occupy and use the Premises for the purpose intended, and Landlord has obtained a "Certificate of Occupancy" for the Premises from the City's Department of Buildings.

13.4 Permits and Insurance. All permits, licenses, and necessary insurance required in connection with the Buildout are to be obtained by Landlord. In addition, Landlord shall provide a low voltage permit for installation of telephone and data wiring.

13.5 Buildout Completion. Final completion of the Buildout is a condition precedent to Tenant's occupancy of the Premises. Landlord and Tenant shall arrange for a final inspection of the Premises upon completion of the Buildout. Upon the final inspection, Tenant shall approve the satisfactory completion of the Buildout by Landlord, such approval not to be unreasonably withheld, and Landlord shall deliver possession of the Premises to Tenant (the "Occupancy Commencement Date"). The approval of any plans or work by the City's Department of Fleet and Facility Management, Bureau of Asset Management, is for the purpose of this Lease only and does not constitute the approval required by the City's Department of Buildings or any other City department; nor does the approval by the Department of Fleet and Facility Management pursuant to this Agreement constitute an approval of the quality, structural soundness, or the safety of any improvements located or to be located on the Premises.

13.6 Warranty. On or before the Occupancy Commencement Date, Landlord shall provide Tenant copies of all warranties, operations/maintenance manuals, and as-built drawings applicable to the Premises, and the keys for the Premises. For a period of one (1) year commencing no earlier than the Occupancy Commencement Date, or such longer period as may be required to enforce any applicable special warranty in any of the various subcontracts for the work performed to construct the Premises, by the manufacturer or by law ("Contractor's Warranty"), Landlord shall correct, repair, or replace, or cause to be corrected, repaired, or replaced, any such deficient or defective work or materials and any damage caused by such work and materials. Any equipment or material that is repaired or replaced by or at the direction of Landlord will have the warranty period extended for such a period as is standard in the industry and consistent with the applicable warranty. Repairs or replacements that Landlord makes, or causes to be made, under this provision must also include a manufacturer's warranty, if standard with the manufacturer, in addition to the Contractor's Warranty. In the event that Tenant requires Landlord's assistance to enforce the provisions of a Contractor's Warranty, Landlord will cooperate with Tenant to enforce such Contractor's Warranty and cause the applicable contractor to correct any such deficient or defective work or materials and any damage caused by such work or materials.

Such Contractor's Warranty shall not be available to Tenant in the event that (i) Tenant fails to provide Landlord with written notice of deficient or defective work or materials and resulting damage within 45 days of initial discovery of the same, (ii) such damage or defect is caused by abuse by a party other than Landlord or Landlord's agents, (iii) alterations to the damaged or defective work or material were made by a party other than Landlord or Landlord's agent, (iv) such damage or defect is the result of improper or insufficient maintenance by a party other than

Landlord or Landlord's agents, (v) such damage or defect is the result of improper operation by a party other than Landlord or Landlord's agents, or (vi) such damage or defect is the result of normal wear and tear and normal usage.

SECTION 14. LANDLORD DISCLOSURES AND AFFIRMATIONS.

14.1 Business Relationships. Landlord acknowledges (a) receipt of a copy of Section 2-156-030 (b) of the Municipal Code of Chicago, (b) that it has read such provision and understands that pursuant to such Section 2-156-030 (b) it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected City official or employee has a "Business Relationship" (as defined in Section 2-156-080 of the Municipal Code of Chicago), or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship, and (c) notwithstanding anything to the contrary contained in this Lease, that a violation of Section 2-156-030 (b) by an elected official, or any person acting at the direction of such official, with respect to any transaction contemplated by this Lease shall be grounds for termination of this Lease and the transactions contemplated hereby. Landlord hereby represents and warrants that no violation by Landlord of Section 2-156-030 (b) has occurred with respect to this Lease or the transactions contemplated hereby.

14.2 Patriot Act Certification. Landlord represents and warrants that neither Landlord nor any Affiliate (as hereafter defined) thereof is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable Laws: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. As used in this Section, an "Affiliate" shall be deemed to be a person or entity related to Landlord that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with Landlord, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

14.3 Prohibition on Certain Contributions-Mayoral Executive Order No. 2011-4. Landlord agrees that Landlord, any person or entity who directly or indirectly has an ownership or beneficial interest in Landlord of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, Landlord's contractors (i.e., any person or entity in direct contractual privity with Landlord regarding the subject matter of this Lease) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Sub-owners") and spouses and domestic partners of such Sub-owners (Landlord and all the other preceding classes of persons and entities are together the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fundraising committee (a) after execution of this Lease by Landlord,

(b) while this Lease or any Other Contract (as hereinafter defined) is executory, (c) during the Term of this Lease or any Other Contract, or (d) during any period while an extension of this Lease or any Other Contract is being sought or negotiated. This provision shall not apply to contributions made prior to May 16, 2011, the effective date of Executive Order 2011-4.

Landlord represents and warrants that from the later of (a) May 16, 2011, or (b) the date the City approached Landlord, or the date Landlord approached the City, as applicable, regarding the formulation of this Lease, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

Landlord agrees that it shall not: (a) coerce, compel, or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

Landlord agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 2011-4 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 2011-4.

Notwithstanding anything to the contrary contained herein, Landlord agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this Lease or violation of Mayoral Executive Order No. 2011-4 constitutes a breach and default under this Lease, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this Lease, and under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Landlord intentionally violates this provision or Mayoral Executive Order No. 2011-4 prior to the execution of this Lease, the City may elect to decline to execute this Lease.

For purposes of this provision:

(a) "Bundle" means to collect contributions from more than one source, which contributions are then delivered by one person to the Mayor or to his political fundraising committee.

(b) "Other Contract" means any other agreement with the City of Chicago to which Landlord is a party that is (i) formed under the authority of Chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council.

(c) "Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

(d) Individuals are "domestic partners" if they satisfy the following criteria:

(i) they are each other's sole domestic partner, responsible for each other's common welfare; and

(ii) neither party is married; and

(iii) the partners are not related by blood closer than would bar marriage in the State of Illinois; and

(iv) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and

(v) two of the following four conditions exist for the partners:

(1) The partners have been residing together for at least 12 months.

(2) The partners have common or joint ownership of a residence.

(3) The partners have at least two of the following arrangements:

(A) joint ownership of a motor vehicle;

(B) joint credit account;

(C) a joint checking account;

(D) a lease for a residence identifying both domestic partners as tenants.

(4) Each partner identifies the other partner as a primary beneficiary in a will.

(e) "Political fundraising committee" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

14.4 Waste Ordinance Provisions. In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Landlord warrants and represents that it, and to the best of its knowledge, its Contractors and its subcontractors regarding the subject matter of this Lease ("Subcontractors"), have not violated and are not in violation of any provisions of Section 7-28 or Section 11-4 of the Municipal Code of Chicago (the "Waste Sections"). During the period while this Lease is executory, Landlord's, any general Contractor's or any Subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Lease, constitutes a breach of and an event of default under this Lease, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Commissioner. Such breach and default entitles the City to all remedies under this Lease, at law or in equity. This section does not limit Landlord's, its general Contractors' and its Subcontractors' duty to comply with all applicable federal, state, county and municipal Laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Lease. Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Lease, and may further affect the Landlord's eligibility for future contract awards.

14.5 Failure to Maintain Eligibility to do Business with City. Failure by Landlord or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-

23-030 of the Municipal Code of Chicago shall be grounds for termination of this Lease and the transactions contemplated thereby, Landlord shall at all times comply with Section 2-154-020 of the Municipal Code of Chicago.

14.6 Cooperation with Office of Inspector General. It is the duty of Landlord and any bidder, proposer, contractor, subcontractor, and every applicant for certification of eligibility for a Tenant contract or program, and all officers, directors, agents, partners, and employees of any such grantee, subgrantee, bidder, proposer, contractor, subcontractor or such applicant to cooperate with the City's Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code of Chicago. Landlord represents and warrants that it understands and will abide by all provisions of Chapter 2-56 of the Municipal Code of Chicago and that Landlord will inform its Contractors and Subcontractors of this provision and include a provision requiring their compliance with such Chapter 2-56 in any written agreement between Landlord and its Contractors and Subcontractors.

14.7 2014 Hiring Plan Prohibitions.

(i) The City is subject to the June 16, 2014 "City of Chicago Hiring Plan", as amended (the "2014 City Hiring Plan") entered in Shakman v. Democratic Organization of Cook County, Case No 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the 2014 City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(ii) Landlord is aware that City policy prohibits City employees from directing any individual to apply for a position with Landlord, either as an employee or as a subcontractor, and from directing Landlord to hire any individual as an employee or as a subcontractor. Accordingly, Landlord must follow its own hiring and contracting procedures, without being influenced by City or City employees. Any and all personnel provided by Landlord under this Lease are employees or subcontractors of Landlord, not employees of the City. This Lease is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by Landlord.

(iii) Landlord will not condition, base, or knowingly prejudice, or affect any term or aspect to the employment of any personnel provided under this Lease, or offer employment to any individual to provide services under this Lease, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity, or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Lease, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(iv) In the event of any communication to Landlord by a City employee or City official in violation of paragraph (ii) above, or advocating a violation of paragraph (iii) above, Landlord will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General ("OIG Hiring Oversight"), and also to the head of the relevant City department utilizing services provided under this Lease. Landlord will also cooperate with any inquiries by OIG Hiring Oversight.

SECTION 15. REMEDIES

If Tenant defaults in the payment of Rent or any other payment required to be made by Tenant hereunder, and such default continues for thirty (30) days following written notice from Landlord, or if Tenant defaults in the performance of any of Tenant's other obligations under this Lease and such default continues for ninety (90) days following written notice from Landlord, or notwithstanding the foregoing, if Tenant defaults in the performance of an obligation under this Lease that results in a hazardous condition and such default is not cured by Tenant immediately upon written notice from Landlord, then Landlord shall have all remedies available under Illinois law. All rights and remedies of Landlord under this Lease shall be cumulative and none shall exclude any other rights or remedies allowed by law.

SECTION 16. COUNTERPARTS.

This Lease may be executed in any number of counterparts, each of which shall be deemed an original and all of which, taken together, shall constitute a single, integrated instrument.

IN WITNESS WHEREOF, the parties have executed this Lease as of the day and year first above written.

RECITALS

WHEREAS, Landlord is the owner of the real property more commonly known as 1336 West Taylor Street, Chicago, Cook County, Illinois (the "Property"); and

WHEREAS, Landlord has agreed to lease to Tenant, and Tenant has agreed to lease from Landlord (a) approximately 14,415 square feet of space in the building (the "Building") to be developed at 1336 West Taylor Street, which space is to be used by the Chicago Public Library as its Taylor Street Branch Library, and (b) nine (9) on-site parking spaces for the exclusive use of Tenant's employees, contractors, guests and invitees;

NOW THEREFORE, in consideration of the covenants, terms and conditions set forth herein, the parties hereto agree and covenant as follows:

SECTION 1. GRANT

1.1 Grant. Landlord hereby leases to Tenant the following described premises situated in the City of Chicago, County of Cook, State of Illinois, to wit:

Approximately 14,415 square feet of space located on the first floor and that certain portion of the second floor identified as Room 254 containing mechanical and other equipment serving the library, each as identified in the first floor and second floor plans attached hereto as Exhibit A and incorporated herein, in the Building to be developed on that certain parcel of real estate more commonly known as 1336 West Taylor Street, Chicago, Cook County, Illinois, and the nine (9) on-site parking spaces (the "Parking Spaces") identified in Exhibit A (collectively, the "Premises"). The Parking Spaces are for the exclusive use of Tenant's employees, contractors, guests and invitees and will be identified with signage accordingly (which signage will be initially installed by Landlord at Landlord's cost and expense). Landlord shall have no responsibility to monitor, regulate or enforce the exclusive use of the Parking Spaces.

In addition, Landlord hereby grants to Tenant a right of entry during the Term (as defined below) to the following: (a) the trash room on the first floor (in which Tenant may place up to a total of six (6) City garbage and/or recycling cans, and which Tenant will access using a key, "fob", or other locking mechanism provided by Landlord) for trash and refuse purposes; (b) the north first, second and third floor stairwells identified in Exhibit

A for ingress and egress purposes to allow Tenant and its contractors to install, remove and maintain Tenant's equipment and facilities; (c) the Building elevators, for the purpose of Tenant and its contractors installing equipment in, or removing equipment from, Room 254 and the roof subject to reasonable scheduling and regulation by Landlord; and (d) the roof for mechanicals that service the Premises in those areas reasonably designated by Landlord.

SECTION 2. TERM

2.1 Term. The term of this Lease ("Term") shall commence on the Occupancy Commencement Date (as defined in Section 13.5 below) and shall end on the date that is sixteen (16) years thereafter (the "Expiration Date"), unless sooner terminated as set forth in this Lease. If the Occupancy Commencement Date is not the first day of a calendar month, the Expiration Date will be the last day of the calendar month that is sixteen (16) years after the Occupancy Commencement Date.

SECTION 3. RENT, TAXES AND UTILITIES

3.1 Rent. Tenant shall pay base rent for the Premises in the amount of One Dollar ($1.00) for the entire Term, the receipt and sufficiency of said sum being herewith acknowledged by both parties.

3.2 Taxes and Other Levies. Tenant shall pay when due all real estate taxes, special assessments and other levies assessed against the Premises. If the Premises is not separately assessed as a tax parcel apart from the remainder of the Building, Tenant will pay Landlord for Tenant's prorata share of real estate taxes as reasonably determined by Landlord.

3.3 Utilities. Tenant shall pay when due all charges for gas, electricity, light, heat, water and sewer charges, cable and telephone or other communication service, and all other utility services used in or supplied to the Premises; provided that Landlord shall provide a separate water line to serve the Premises (i.e., the water supplied to the Premises shall not flow through the meter of the water line that serves the non-Premises portions of the Building). If such utility services are separately metered, Tenant shall pay all charges directly to the provider. If such utility services are provided by Landlord, Tenant shall reimburse Landlord for Tenant's prorata share of utility use as reasonably determined by Landlord. Landlord and Tenant expect that all utilities will be separately metered or supplied.

SECTION 4. CONDITION AND ENJOYMENT OF PREMISES, ALTERATIONS AND ADDITIONS, SURRENDER.

4.1 Condition of Premises Upon Delivery of Possession. Landlord covenants that the Premises shall, at the time of delivery of possession to Tenant:

(a) Comply in all respects with all laws, ordinances, orders, rules, regulations, and requirements of all federal, state and municipal governmental entities (collectively, the "Laws") which are applicable to the Premises or to the use or manner of use of the Premises.

Landlord's duty under this Section 4.1(a) of the Lease shall survive Tenant's acceptance of the Premises.

4.2 Covenant of Quiet Enjoyment. Landlord covenants and agrees that Tenant, upon paying the rent and upon observing and keeping the covenants, agreements and conditions of this Lease on its part to be kept, observed and performed, shall lawfully and quietly hold, occupy and enjoy the Premises (subject to the provisions of this Lease) during the Term without disturbance or interference by Landlord or by any person or persons claiming under Landlord.

4.3 Right of Access. Landlord shall have the right of access to the Premises for the purpose of inspecting and making repairs to the Premises, provided that except in the case of emergencies, Landlord shall first give notice to Tenant of Landlord's desire to enter the Premises and will schedule its entry so as to minimize to the extent practicable any interference with Tenant's use of Premises.

4.4 Use of the Premises. Tenant shall use the Premises solely as the Taylor Street Branch of the Chicago Public Library. Tenant shall not use the Premises in a manner that would violate any Laws. Tenant further covenants (a) not to do or suffer any waste or damage to the Premises or the Building, and (b) to comply in all respects with Laws which may be applicable to the Premises or to the use or manner of use of the Premises. Tenant shall be responsible for keeping the visitors, users and patrons of the library from loitering outside of the Building or disturbing the residents of the Building.

4.5 Alterations and Additions. Tenant shall have the right to make such non-structural alterations, additions and improvements on the Premises (each an "Alteration") at Tenant's cost and expense as it shall deem necessary; provided, however, that any such alterations, additions and improvements shall be in full compliance with the applicable Laws and provided that any Alteration that costs more than $10,000 in the aggregate shall require Landlord's prior written consent which will not be unreasonable withheld, conditioned or delayed. In the event that Tenant shall make an Alteration to the Premises, then Tenant shall, before permitting commencement of the Alteration, furnish to Landlord, for Landlord's review (and approval, if required) all necessary plans and specifications in reasonable detail; names and addresses of proposed contractors; copies of permits; indemnification from Tenant's contractors in form and amount reasonably satisfactory to Landlord, against any and all claims, costs, damages, liabilities and expenses which may arise in connection with the Alteration; and certificates of insurance from all contractors performing labor or providing materials, insuring Landlord against any and all liabilities which may arise out of or be connected in any way with the Alteration. Tenant shall permit Landlord to monitor the construction operations in connection with the Alteration and to restrict, as may reasonably be required, the passage of manpower and materials and the conducting of construction activity in order to avoid unreasonable disruption to Landlord or to other tenants or residents of the Building or damage to the Building or the Premises. Promptly following completion of the Alteration, Tenant shall furnish to Landlord contractors' affidavits,

full and final waivers of lien and receipted bills covering all labor and materials expended and used in connection with the Alteration. Any alteration performed by Tenant or Tenant's contractor shall comply with all Landlord's insurance requirements and will all applicable laws, ordinances and regulations. Landlord's approval of plans and specifications or supervision of construction operations, if any, shall not imply Landlord's acknowledgment opinion or belief that the Alteration complies with any such applicable laws, ordinances and regulations nor reliever tenant from any responsibility hereinabove imposed.

SECTION 5. ASSIGNMENT, SUBLEASE, AND LIENS.

5.1 Assignment and Sublease. Tenant shall not assign this Lease in whole or in part, or sublet the Premises or any part thereof without the prior written consent of Landlord in each instance.

5.2 Tenant's Covenant Against Liens. Tenant shall not cause or permit any lien or encumbrance, whether created by act of Tenant, operation of law or otherwise, to attach to or be placed upon Landlord's title or interest in the Premises. All liens and encumbrances created by Tenant shall attach to Tenant's interest only. Provided however, that if any lien or encumbrance shall to attach to or be placed upon Landlord's title or interest in the Premises, Tenant shall promptly pay such lien, with all proper costs and charges, and shall have the lien released and any judgment satisfied.

SECTION 6. INSURANCE AND INDEMNIFICATION.

6.1 Landlord's Insurance. Landlord shall procure and maintain at all times, at Landlord's own expense, during the Term, the insurance coverages and requirements specified below, insuring all operations related to the Lease.

The kind and amounts of insurance required are as follows:

(a) Commercial General Liability (Primary and Umbrella). Commercial General Liability Insurance or equivalent, with limits of not less than $2,000,000 per occurrence, for bodily injury, personal injury, and property damage liability. Coverage shall include the following: All premises and operations, products/completed operations, defense, separation of insureds, and contractual liability (not to include Endorsement CG 21 39 or equivalent).

The City of Chicago shall be named as an additional insured under the policy. Such additional insured coverage shall be provided on CG 20 10 or on a similar additional insured form acceptable to the City. The additional insured coverage shall not have any limiting endorsements or language under the policy such as, but not limited to, Landlord's sole negligence or the Additional Insured's vicarious liability. Landlord's liability insurance shall be primary without right of contribution by any other insurance or self-insurance maintained by or available to the City.

(b) All Risk Property. All Risk Property Insurance coverage shall be maintained by the Landlord for 90% replacement value to protect against loss of, damage to or destruction of the Premises. The Landlord shall be responsible for all loss or damage to personal property (including, but not limited to materials, equipment, tools and supplies), owned, rented or used by Landlord.

(c) Worker's Compensation and Employer's Liability. If Landlord shall have any employees, Landlord shall obtain Workers Compensation as prescribed by applicable law, covering all employees who are to provide a service under this Lease, and Employer's Liability Insurance with limits of not less than $500,000 each accident, illness or disease.

(d) Automobile Liability Insurance (Primary and Umbrella). When any motor vehicles are owned by Landlord, Landlord shall provide and maintain Automobile Liability Insurance with limits of not less than $2,000,000 per occurrence for bodily injury and property damage.

6.2 Tenant's Insurance. Tenant shall procure (or otherwise secure) and maintain at all times, at Tenant's own expense, during the Term, the insurance coverages and requirements specified below, insuring all operations related to the Lease.

The kind and amounts of insurance required are as follows:

(a) Worker's Compensation and Employer's Liability. Workers Compensation as prescribed by applicable law, covering all employees who are to provide a service under this Lease, and Employer's Liability Insurance with limits of not less than $500,000 each accident, illness or disease.

(b) Commercial General Liability (Primary and Umbrella). Commercial General Liability Insurance or equivalent, with limits of not less than $2,000,000 per occurrence, for bodily injury, personal injury, and property damage liability.

(c) Automobile Liability Insurance (Primary and Umbrella). When any motor vehicles (owned, non-owned and hired) are used in connection with the Lease, Tenant shall provide and maintain Automobile Liability Insurance with limits of not less than $2,000,000 per occurrence for bodily injury and property damage.

The Tenant shall be responsible for all loss or damage personal property (including, but not limited to materials, equipment, tools and supplies), owned, rented or used by Tenant.

Notwithstanding the foregoing, to the extent permitted by law, the Tenant may self-insure for the insurance requirements specified above, it being expressly understood and agreed that, if the Tenant does self-insure for the above insurance requirements, the Tenant shall bear all risk of loss for any loss which would otherwise be covered by insurance policies, and the self-insurance program shall comply with at least the insurance requirements as stipulated above, provided that Tenant shall not be required to name Landlord as an additional insured under Tenant's self-insurance program.

6.3 Other Terms of Insurance. Landlord will furnish the City of Chicago, Department of Fleet and Facility Management, Office of Real Estate Management, 30 North LaSalle Street, Suite 300, Chicago, Illinois 60602, and Tenant will furnish to Landlord, original Certificates of Insurance (or self insurance in the case of Tenant) evidencing the required coverage to be in force on the date of this Lease, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the Term. Each party shall submit evidence of insurance prior to execution of Lease. The receipt of any certificate does not constitute agreement by any party that the insurance requirements in this Lease have been fully met or that the insurance policies indicated on the certificate are in compliance with all requirements in the Lease. The failure of a party to obtain certificates or other insurance evidence from the other party shall not be deemed to be a waiver by such party. Non-conforming insurance shall not relieve a party of the obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Lease and each party retains all rights and remedies until proper evidence of insurance is provided.

Each party shall provide for 60 days prior written notice to be given to the other party in the event coverage is substantially changed, cancelled, or non-renewed.

Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by the insured party.

Each party hereby grants to the other party a waiver of any right of subrogation which any insurer of said party may acquire against the other party by virtue of the payment of any loss under the insurance. The parties agree to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not a party has received a waiver of subrogation endorsement from the insurer(s). Without limiting any release or waiver of liability or recovery contained in any other section of this Lease but rather in confirmation and furtherance thereof, Landlord and Tenant waive all claims for recovery from the other party for any loss or damage to any of its property insured under valid and collectible insurance policies to the extent of any recovery collectible under such insurance policies.

The parties expressly understand and agree that any coverages and limits furnished by a party shall in no way limit such party's liabilities and responsibilities specified in this Lease or by law.

Landlord expressly understands and agrees that its insurance is primary and any insurance or self-insurance programs maintained by the City shall not contribute with insurance provided by Landlord.

If Landlord is a joint venture or limited liability company, the insurance policies shall name the joint venture or limited liability company, as applicable, as a named insured.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Lease or any limitation placed on the indemnity in this Lease given as a matter of law.

6.4 Landlord's Indemnification. Landlord shall indemnify and hold Tenant harmless against all liabilities, judgment costs, damages, and out of pocket expenses incurred by Tenant by reason of Landlord's gross negligent performance of or willful failure to perform any of its obligations under this Lease.

6.5 Tenant's Indemnification. Tenant shall indemnify and hold Landlord harmless against all liabilities, judgment costs, damages, and out of pocket expenses incurred by Landlord by reason or arising from the negligence or willful misconduct of Tenant, except to the extent caused by the gross negligence or willful misconduct of Landlord.

SECTION 7. DAMAGE OR DESTRUCTION.

7.1 Damage or Destruction. If the Premises is damaged or destroyed by fire or other casualty or event to such extent that Tenant cannot continue to occupy or conduct its normal business therein, or if the Premises do not meet all the City's Building Code and Fire Code provisions and are therefore rendered untenantable, and such damage cannot be repaired within 180 days, Tenant and Landlord shall each have the option to declare this Lease terminated as of the date of such damage or destruction by giving written notice to the other. If Tenant or Landlord exercises this option, the Lease shall terminate as of the date of such damage or destruction.

SECTION 8. CONFLICT OF INTEREST AND GOVERNMENTAL ETHICS.

8.1 Conflict of Interest. No official or employee of the City of Chicago, nor any member of any board, commission or agency of the City of Chicago, shall have any financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago), either direct or indirect, in the Premises; nor shall any such official, employee, or member participate in making or in any way attempt to use her/his position to influence any City governmental decision or action with respect to this Lease.

8.2 Duty to Comply with Governmental Ethics Ordinance. Landlord and Tenant shall comply with Chapter 2-156 of the Municipal Code of Chicago, "Governmental Ethics," including but not limited to section 2-156-120, which states that no payment, gratuity, or offer of employment shall be made in connection with any City of Chicago contract as an inducement for the award of that contract or order. Any contract negotiated, entered into, or performed in violation of any of the provisions of Chapter 2-156 shall be voidable in the sole discretion of the City.

SECTION 9. HOLDING OVER AND OPTION TO PURCHASE.

9.1 Holding Over. Upon the termination of this Lease, whether by forfeiture, lapse of time or otherwise, or upon the termination of the Tenant's right to possession of the Premises, Tenant will at once surrender and deliver up the Premises, together with all improvements thereon, to Landlord in good condition and repair, reasonable wear and tear and loss by fire or other casualty excepted provided that conditions existing because of Tenant's failure to perform maintenance repairs or replacement as required herein, shall not be deemed "reasonable wear and

tear." Any holding over by Tenant shall be construed to be a tenancy from month to month only beginning on the date immediately following the Expiration Date, shall be in accordance with the terms of the Lease except that rent shall be equal to Ten Thousand Dollars ($10,000.00) per month.

9.2 Option to Purchase. Tenant has the option to purchase the Premises (the "Option") on the Expiration Date. Tenant must elect in writing to exercise such option to purchase not earlier than two years and not later than one year prior to the Expiration Date. Landlord and Tenant shall work together to secure (i) the consent of Chicago Housing Authority, an Illinois municipal corporation, as Landlord's lender and lienholder with respect to the Property (the "Lender"), to the exercise of the Option and (ii) the partial release of the Lender's liens with respect to the Premises (the "Release").

The purchase price (the "Option Price") shall be the fair market value of the Premises taking into account the then existing use restrictions, contracts, and easements to which the Premises are subject, as determined by an appraisal obtained by the City at its expense. If such appraisal, in Landlord's reasonable determination, undervalues the Premises, Landlord may, at its own expense, obtain a second appraisal using the same assumptions as set forth in the preceding sentence. The Option Price paid by Tenant shall be the average of the two appraised values of the Premises, subject to this Section 9.2.

Tenant shall be responsible for and bear all costs associated with exercising the Option described in this Section 9.2, including payments related to the Release, except Landlord shall be responsible for all expenses related to the partial release of a lien or liens with respect to the Premises held by a party other than the Lender.

The Option Price shall first be tendered to the Lender to pay all amounts due to secure the Release in accordance with this Section 9.2 with the remainder, if any, remitted to Landlord. If the amounts due from Tenant to secure the Release exceeds the Option Price, the Option Price shall be increased by the amounts required to secure the Release.

10.9 Authorization to Execute Lease. The parties executing this Lease hereby represent and warrant that they are the duly authorized and acting representatives of Landlord and Tenant respectively.

10.10 Termination of Lease. Tenant shall have the right to terminate this Lease for convenience without penalty by providing Landlord with one hundred eighty (180) days' prior written notice.

10.12 Condemnation. If the whole or any substantial part of the Premises are taken or condemned by any competent authority for any public use or purpose, or if any adjacent property or street shall be so condemned or improved in such a manner as to require the use of any substantial part of the Premises, the Term of this Lease shall, at the option of Landlord or the condemning authority, be terminated upon, and not before, the date when possession of the part so taken shall be required for such use or purpose, and Landlord shall be entitled to receive the entire award without apportionment with Tenant.

10.13 No Brokers. The Department of Fleet and Facility Management does not use brokers, tenant representatives, or other finders. Landlord has not used brokers, landlord representatives, or other finders in connection with this Lease. From time to time, the parties hereto may amend this Lease without City Council approval with respect to any provisions reasonably related to Tenant's use of the Premises and/or Landlord's administration of this Lease; provided, however, that such amendment(s) shall not serve to extend the Term hereof nor serve to otherwise materially alter the essential provisions contained herein. All amendment(s) shall be in writing, shall establish the factual background necessitating such alteration, shall set forth the terms and conditions of such modification, and shall be duly executed by both Landlord and the Commissioner of the Department of Fleet and Facility Management. Landlord shall notify Tenant in writing of such damage if it has knowledge of such damage. At Tenant's option, Tenant may perform such repairs with service providers suitable to Tenant and at Tenant's sole cost without further setoff or deduction. In the alternative, Tenant may direct Landlord in writing to perform said repairs subject to full reimbursement to Landlord of all costs associated with such repairs excluding any overhead and/or profit. Any repairs to the Premises effectuated by Landlord under this section shall only be performed by Landlord upon written approval and concurrent Notice to Proceed from the Commissioner of the Department of Fleet and Facility Management. Repair approval from any other City department(s) or other employee(s) of the Department of Fleet and Facility Management shall be deemed invalid and of no force or effect. Repairs made without said written approval and concurrent Notice to Proceed from the Commissioner of the Department of Fleet and Facility Management shall not be reimbursable to Landlord.

and by written notice to Landlord, may allow events outside normal library hours. Tenant may enforce reasonable rules and regulations for permitting Landlord to use the Community Room for such events, such as requiring Landlord to lock-up and clean the Premises at the conclusion of the event and to notify Tenant the evening of the event of any damage to the Premises (Tenant may require Landlord to pay for any necessary repairs caused as a result of Landlord's use of the Community Room).

12.12 Plate Glass. Tenant, at its sole cost and expense, shall replace any broken or damaged plate glass of the Premises during the Term which is not caused by the acts or negligence of Landlord.

Tenant shall pay for utilities to operate the air-conditioning plant and equipment that exclusively serves the Premises.

12.14 Heat. Tenant, at its sole cost and expense, shall maintain, and replace as necessary in the sole determination of Tenant, any heating plant and equipment that exclusively serves the Premises. Tenant shall pay for utilities to operate the heating plant and equipment that exclusively serves the Premises. Landlord understands that proper heating is critical to operations as the Premises may be used as a heating center.

SECTION 13. BUILDOUT OF PREMISES.

13.1 Landlord's Buildout Obligation. Landlord shall build out the Premises to accommodate Tenant's use as further detailed on the floor plan and list of Tenant improvements attached hereto as Exhibit B and incorporated herein (the "Buildout"). The Buildout will be in full compliance with all building and construction code requirements of the City of Chicago and other applicable Laws.

13.2 Cost of Buildout. Landlord shall pay for the cost of the Buildout without contribution of repayment from Tenant.

13.3 Tenant Buildout Representative. Tenant shall have the right to appoint a representative to oversee, inspect, and reasonably approve the Buildout work. Upon issuance of a "Certificate of Substantial Completion" (as defined below) by the firm or entity employed by Landlord or its designee for the purpose of designing and observing the construction of the Buildout for compliance with the plans and specifications for the Buildout (such firm or entity, the "Architect of Record"), Landlord shall deliver to the Commissioner of the City's Department of Fleet and Facility Management a copy of such certificate and the Certificate of Occupancy issued by the City for the Premises. Tenant shall use best efforts to review the Certificate of Substantial Completion within ten (10) business days from receipt of the Certificate of Substantial Completion and provide a written acceptance thereof. If, however, Tenant contests

the Certificate of Substantial Completion, Tenant and Landlord agree to work together with all diligence to remedy any outstanding issues to Tenant's satisfaction. For purposes of this Section 13.3, "Certificate of Substantial Completion" means the certificate issued by the Architect of Record, to certify that the Buildout has been essentially completed except for punch list work, the City is able to occupy and use the Premises for the purpose intended, and Landlord has obtained a "Certificate of Occupancy" for the Premises from the City.

13.4 Permits and Insurance. All permits, licenses, and necessary insurance required in connection with the Buildout are to be obtained by Landlord. Necessary insurance required in connection with the Buildout are to be obtained by Landlord. Landlord shall provide the Department of Fleet and Facility Management with copies of all building permits for the Buildout prior to commencement of construction. In addition, Landlord shall provide low voltage permit for installation of telephone and data wiring.

13.5 Buildout Completion. Final completion of the Buildout, is a condition precedent to Tenant's occupancy of the Premises. Landlord and Tenant shall arrange for a final inspection of the Premises within ten (10) days from receipt of notice that the punchlist work is complete. Upon the final inspection, Tenant shall approve the satisfactory completion of the Buildout by Landlord, such approval not to be unreasonably withheld, and Landlord shall deliver possession of the Premises to Tenant (the "Occupancy Commencement Date"). The approval of any plans or work by the City's Department of Fleet and Facility Management, Bureau of Asset Management, is for the purpose of this Lease only and does not constitute the approval required by the City's Department of Buildings or any other City department; nor does the approval by the Department of Fleet and Facility Management pursuant to this Agreement constitute an approval of the quality, structural soundness or the safety of any improvements located or to be located on the Premises.

13.6 Warranty. On or before the Occupancy Commencement Date, Landlord shall provide Tenant copies of all warranties, operations/maintenance manuals, and as-built drawings applicable to the Premises, and the keys for the Premises. For a period of one (1) year commencing at the start of the general contractor's warranty period as set forth in the construction contract, or such longer period as may be required to enforce any applicable special warranty in any of the various subcontracts for the work performed to construct the Premises, by the manufacturer or by law ("Contractor's Warranty"), Landlord shall make a claim against the contractor's warranty on behalf of Tenant to correct, repair, or replace, or cause to be corrected, repaired, or replaced, any such deficient or defective work or materials and any damage caused by such work and materials. Any equipment or material that is repaired or replaced at the direction of Landlord will have the warranty period extended for such a period as is provided in the construction contract and consistent with the applicable warranty. Repairs or replacements that Landlord causes to be made under this provision must also include a manufacturer's warranty, if standard with the manufacturer, in addition to the Contractor's Warranty. In the event that Tenant requires Landlord's assistance to enforce the provisions of a Contractor's Warranty, Landlord will cooperate with Tenant to enforce such Contractor's Warranty and cause the applicable contractor to correct any such deficient or defective work or materials and any damage caused by such work or materials.

Such Contractor's Warranty shall not be available to Tenant in the event that (i) Tenant fails to provide Landlord with written notice of deficient or defective work or materials and resulting damage within 45 days of initial discovery of the same, (ii) such damage or defect is caused by abuse by a party other than Landlord or Landlord's agents, (iii) alterations to the damaged or defective work or material were made by a party other than Landlord or Landlord's agent, (iv) such damage or defect is the result of improper or insufficient maintenance by a party other than Landlord or Landlord's agents, (v) such damage or defect is the result of improper operation by a party other than Landlord or Landlord's agents, or (vi) such damage or defect is the result of normal wear and tear and normal usage.

SECTION 14. LANDLORD DISCLOSURES AND AFFIRMATIONS.

14.1 Business Relationships. Landlord acknowledges (a) receipt of a copy of Section 2-156-030 (b) of the Municipal Code of Chicago, (b) that it has read such provision and understands that pursuant to such Section 2-156-030 (b) it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected City official or employee has a "Business Relationship" (as defined in Section 2-156-080 of the Municipal Code of Chicago), or to participate in any discussion in any City Council committee hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship, and (c) notwithstanding anything to the contrary contained in this Lease, that a violation of Section 2-156-030 (b) by an elected official, or any person acting at the direction of such official, with respect to any transaction contemplated by this Lease shall be grounds for termination of this Lease and the transactions contemplated hereby. Landlord hereby represents and warrants that no violation by Landlord of Section 2-156-030 (b) has occurred with respect to this Lease or the transactions contemplated hereby.

14.2 Patriot Act Certification. Landlord represents and warrants that neither Landlord nor any Affiliate (as hereafter defined) thereof is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable Laws: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. As used in this Section, an "Affiliate" shall be deemed to be a person or entity related to Landlord that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with Landlord, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

14.3 Prohibition on Certain Contributions-Mayoral Executive Order No. 2011-4. Landlord acknowledges receipt of Mayoral Executive Order No. 2011-4 and agrees to comply with the requirements of Mayoral Executive Order No. 2011-4.

14.4 Waste Ordinance Provisions. In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Landlord warrants and represents that it, and to the best of its knowledge, its Contractors and its subcontractors regarding the subject matter of this Lease ("Subcontractors"), have not violated and are not in violation of any provisions of Section 7-28 or Section 11-4 of the Municipal Code of Chicago (the "Waste Sections"). During the period while this Lease is executory, Landlord's, any general Contractor's or any Subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Lease, constitutes a breach of and an event of default under this Lease, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Commissioner of the Department of Fleet and Facility Management. Such breach and default entitles the City to all remedies under this Lease, at law or in equity. This section does not limit Landlord's, its general Contractors' and its Subcontractors' duty to comply with all applicable federal, state, county and municipal Laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Lease. Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Lease, and may further affect the Landlord's eligibility for future contract awards.

14.5 Failure to Maintain Eligibility to do Business with City. Failure by Landlord or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code of Chicago shall be grounds for termination of this Lease and the transactions contemplated thereby, Landlord shall at all times comply with Section 2-154-020 of the Municipal Code of Chicago.

14.6 Cooperation with Office of Inspector General. It is the duty of Landlord and any bidder, proposer, contractor, subcontractor, and every applicant for certification of eligibility for a Tenant contract or program, and all officers, directors, agents, partners, and employees of any such grantee, subgrantee, bidder, proposer, contractor, subcontractor or such applicant to cooperate with the City's Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code of Chicago. Landlord represents and warrants that it understands and will abide by all provisions of Chapter 2-56 of the Municipal Code of Chicago and that Landlord will inform its Contractors and Subcontractors of this provision and include a provision requiring their compliance with such Chapter 2-56 in any written agreement between Landlord and its Contractors and Subcontractors.

14.7 2014 Hiring Plan Prohibitions.

(i) The City is subject to the June 16, 2014 "City of Chicago Hiring Plan", as amended (the "2014 City Hiring Plan") entered in Shakman v. Democratic Organization of Cook County, Case No 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the 2014 City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(ii) Landlord is aware that City policy prohibits City employees from directing any individual to apply for a position with Landlord, either as an employee or as a subcontractor, and from directing Landlord to hire any individual as an employee or as a subcontractor.

Accordingly, Landlord must follow its own hiring and contracting procedures, without being influenced by City or City employees. Any and all personnel provided by Landlord under this Lease are employees or subcontractors of Landlord, not employees of the City. This Lease is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by Landlord.

(iii) Landlord will not condition, base, or knowingly prejudice or affect any term or aspect to the employment of any personnel provided under this Lease, or offer employment to any individual to provide services under this Lease, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Lease, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(iv) In the event of any communication to Landlord by a City employee or City official in violation of paragraph (ii) above, or advocating a violation of paragraph (iii) above, Landlord will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General ("OIG Hiring Oversight"), and also to the head of the relevant City department utilizing services provided under this Lease. Landlord will also cooperate with any inquiries by OIG Hiring Oversight.

SECTION 15. TENANT DEFAULT / REMEDIES

If Tenant defaults in the payment of Rent or any other payment required to be made by Tenant hereunder, and such default continues for thirty (30) days following written notice from Landlord, or if Tenant defaults in the performance of any of Tenant's other obligations under this Lease and such default continues for ninety (90) days following written notice from Landlord, or notwithstanding the foregoing, if Tenant defaults in the performance of an obligation under this Lease that results in a hazardous condition and such default is not cured by Tenant immediately upon written notice from Landlord, then Landlord shall have all remedies available under Illinois law. All rights and remedies of Landlord under this Lease shall be cumulative and none shall exclude any other rights or remedies allowed by law.

SECTION 16. COUNTERPARTS.

This Lease may be executed in any number of counterparts, each of which shall be deemed an original and all of which, taken together, shall constitute a single, integrated instrument.

SECTION 17. ESTOPPEL CERTIFICATES.

Tenant shall at any time and from time to time upon not less than thirty (30) days' prior written notice from Landlord execute, acknowledge and deliver to Landlord, in form reasonably satisfactory to Landlord and/or Landlord's mortgagee, a written statement certifying that Tenant has accepted the Premises, that this Lease is unmodified and in full force and effect (or if there have been modifications, that the same is in full force and effect as modified, and stating the modifications), that the Landlord is not in default hereunder (or stating such defaults, if any), and such other accurate certifications as may reasonably be required by Landlord, or Landlord's mortgagee.

SECTION 18. SUBORDINATION OR SUPERIORITY.

Tenant accepts this Lease subject and subordinate to any mortgages or other liens now or subsequently arising upon the Premises or the Building and to all renewals and modifications thereof. If the mortgagee named in any mortgage of the Landlord shall agree, such mortgagee shall grant to Tenant the assurance that if it becomes the owner of the Premises by foreclosure or deed in lieu of foreclosure it will recognize the rights and interest of Tenant under the Lease and not disturb Tenant's use and occupancy of the Premises if and so long as Tenant is not in default under the Lease (which agreement may, at mortgagee's option, require attornment by Tenant), such non-disturbance agreement shall be accompanied by an attornment agreement from Tenant in favor of the mortgagee. Tenant agrees that it will, within thirty (30) days after demand in writing from landlord or Landlord's mortgagee, execute and deliver a non-disturbance agreement in a form reasonably acceptable to the City.

IN WITNESS WHEREOF, the parties have executed this Lease as of the day and year first above written.

The bonus payment will

be recalculated at the lime of payment (including partial payments for phased developments) and may be adjusted based on changes in median land values in accordance with Section 17-4-1003-C.3.

The bonus payment will be split between three separate funds, as follows: 80 percent to the Neighborhoods Opportunity Fund, 10 percent to the Citywide Adopt-a-Landmark Fund and 10 percent to the Local Impact Fund. In lieu of paying the City directly, the Department may: (a) direct developers to deposit a portion of the funds with a sister agency to finance specific local improvement projects; (b) direct developers to deposit a portion of the funds with a landmark property owner to finance specific landmark restoration projects; or, (c) approve proposals for in-kind improvements to satisfy the Local Impact portion of the payment.

It is currently anticipated that the 10 percent to the Local Impact Fund shall be utilized for the future development of a Chicago Park District open space located at the southwest corner of North Milwaukee Avenue and West Erie Street. Any modification of the allocation of the Local Impact Fund shall be subject to Section 17-4-1005-G but in no event shall such modification cause a delay in the issuance of Part II Approval, building permit or certificate of occupancy for the Planned Development.

9. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.

10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.

11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.

13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the

Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall comply with the current City of Chicago Sustainable Development Policy (Green Matrix) set forth by the Department of Planning and Development.

15. The Applicant acknowledges and agrees that the rezoning of the Property from M1-3 to DX-5 for construction of this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance" or ARO) as well as the obligations mandated by the Near North/Near West Pilot Area Ordinance (the "Pilot"). Any developer of a residential housing project within the meaning of the ARO, and within the Near North/Near West Pilot Area ("Pilot Area") must: (A)(i) set aside 10 percent of the housing units in the residential housing project ("First Units") as affordable units, or (ii) with the Commissioner of the Department of Planning and Development's (DPD) approval, provide the First Units in an approved off-site location within two miles of the Property; or, (iii) any combination of (i) and (ii); and (B)(i) set aside an additional 10 percent of the housing units in the residential housing project ("Additional Units") as affordable units; or (ii) with the Commissioner of the Department of Planning and Development's (DPD) approval, provide the Additional Units in an approved off-site location anywhere within the Pilot Area; or, (iii) any combination of (i) and (ii). The Property is located in the Near North Pilot Area and has a total of 226 units. As a result, the Applicant's affordable housing obligation is 45 Affordable Units (20 percent of 226 rounded down). In accordance with the requirements of the ARO, the Pilot, and the requirements set forth in the Affordable Housing Profile Form attached hereto as Exhibit A, the Applicant has agreed to provide 10 percent or 23 affordable housing units in the Residential Project for households earning up to 60 percent of the Chicago Primary Metropolitan Statistical Area median income ("AMI") and 10 percent or 23 affordable housing units in the Residential Project for households earning up to 100 percent of AMI, provided, however, the foregoing income eligibility and affordability may be decreased to 80 percent of AMI if the Commissioner, in consultation with the alderman of the ward in which the affordable units will be located, determines that there is a greater need for affordable housing at this income level in the subject location based on factors established by rule (collectively, the "Affordable Units"). If the Applicant subsequently reduces (or increases) the number of housing units in the P.D., or elects to build a for-sale project instead, or elects to construct off-site units consistent with the provisions of the ARO and the Pilot, the Applicant shall update and resubmit the Affordable Housing Profile Form to DPD for review and approval. DPD may adjust the requirements (including location, on-site or off-site) and number of required Affordable Units without amending the P.D. Prior to the issuance of any building permits for any residential building in the P.D., including,

without limitation, excavation or foundation permits, the Applicant must execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the P.D., or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement 15, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the P.D.

16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an Applicant for planned development approval shall provide information at three points in the City approval process. First, (i) the Applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the Applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the Applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

17. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to DX-5 Downtown Mixed-Use District.

The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.

11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085, or any other provision of the Municipal Code of Chicago.

12. 13. The Applicant acknowledges the importance of the Chicago River as a resource for both commerce and recreation and also acknowledges the City's goals of improving the appearance, quality and accessibility of the river, as contained in the waterway planned development guidelines contain in the Chicago Zoning Ordinance (Section 17-8-0912) and the Chicago River Corridor Design Guidelines and Standards. To further these goals, subject to the location of the pre-existing improvements, the Applicant agrees to: (a) provide a landscaped 30-foot-wide river setback and continuous riverside trail as indicated on the Site Plan, Public and Common Open Space Plan and Landscape Plan; (b) permit connection of such setback and trail to the setback and trails of adjacent properties when the river edges of the adjacent properties are similarly improved; and (c) permit un-gated public access to the river setback and provide signage on the riverwalk that the riverwalk is open to the public during typical Chicago Park District hours. All improvements within the river setback must be substantially completed prior to receipt of Certificate of Occupancy for the principal building, provided that planting may be delayed, if consistent with good landscape practice, but not longer than one year following receipt of the occupancy certificate.

14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall be in substantial compliance with the Chicago Sustainable Development Policy, in effect at the time the Part II review process is initiated for each improvement that is subject to the aforementioned Policy.

16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the Applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the Applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any

phase thereof), and *(ii) 50 percent city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the Applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

17. This Planned Development shall be governed by Section 17-13-0612 of the zoning ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to:

-- Subarea A: Waterway Business Planned Development Number 868, as approved June 4, 2003; and

-- Subarea B: PMD 11.

Review and approval by DPD is intended to assure that specific development components substantially conform with the Planned Development (P.D.) and to assist the City in monitoring ongoing development. Subarea Site Plan Approval Submittals (Section 17-13-0800) need only include that portion of the Property for which approval is being sought by the Applicant.

If the Applicant is seeking approval for a portion of the property that represents less than an entire subarea, the Applicant shall also include a site plan for that area of the Property which is bounded on all sides by either public rights-of-way or the boundary of the nearest subarea. The site plan provided shall include all dimensioned and planned street rights-of-way.

-- statistical information applicable to the subject subarea, including floor area, the applicable floor area ratio, uses to be established, building heights and setbacks.

Subarea Site Plan Approval Submittals shall include all other information necessary to illustrate substantial conformance to the P.D.

16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof),

and *(ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

17. The Applicant acknowledges and agrees that the rezoning of the Property from RT4 Two-Flat, Townhouse and Multi-Unit District to B3-1 Community Shopping District, and then to this Planned Development, and the receipt of financial assistance from the City in the form of TIF and other funding trigger the requirements of Section 2-45-115 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 20 percent of the housing units in the residential housing project (the "Required Units") as affordable units; (ii) pay a fee in lieu of the development of the Required Units; or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the Required Units on-site, and that projects that receive financial assistance from TIF funds must provide one-half of the "Required Units" to be affordable to households earning up to sixty percent (60%) of the area median income and one-half of the Required Units to be affordable to households earning up to fifty percent (50%) of the area median income. The Property is located in a "low-moderate income area" within the meaning of the ARO; the project has a total of 158 units; and

* Editor's Note: Numbering sequence error. Section 16(i) missing on original document.

the project will receive TIF funds from the City. As a result, the Applicant's affordable housing obligation is 32 affordable units (20 percent of 158 units rounded up), 8 of which are Required Units (25 percent of 32). Applicant has agreed to satisfy its affordable housing obligation by providing 32 affordable units in the rental building to be constructed in Subarea A of the Planned Development. The Applicant agrees that the 16 of the affordable rental units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago; and 16 of the affordable rental units must be affordable to households earning no more than 50 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval, and DPD may adjust the number of required Affordable Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must make the required cash payment and/or execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement 13, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

Notwithstanding the foregoing, if the Applicant receives Low-Income Housing Tax Credits, tax increment financing or other financial assistance whose affordability requirements exceed those of the Affordable Housing Ordinance from the City to develop affordable housing in any portion of the Planned Development, the regulatory, redevelopment, loan or other agreements) to be executed by the City and the Applicant in connection with such tax credits or other financial assistance shall govern and control the Applicant's obligation to provide affordable housing for such subsidized portion of the Planned Development.

18. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to B3-1 Community Shopping District.

Presented By

ALDERMAN MORENO (1st Ward):

EXPRESSION OF OPPOSITION TO REPEAL OF NET NEUTRALITY RULES BY FEDERAL COMMUNICATIONS COMMISSION.

[R2018-105]

WHEREAS, High-speed Internet access is essential in the 21st century for both individuals and businesses, for economic competitiveness, social interactions, information sharing, the free exchange of ideas, and quality of life purposes; and

WHEREAS, Broadband infrastructure is vital to the operation and management of other critical infrastructures that touch every aspect of our daily life, including energy generation systems, the power grid, water supply systems, e-commerce, smart cities and homes, public safety and emergency response systems, medical facilities, educational institutions, libraries, and more; and

WHEREAS, The maintenance of equitable access to technology, the Internet, digital content, and all the other tools the Internet has to offer are necessary for all individuals and businesses to survive and compete in the 21st century. Furthermore, the Internet has become one of the most used resources to disseminate information quickly and broadly, leading to powerful social movements that have caused widespread social change and movements across the world; and

WHEREAS, The Federal Communications Commission (FCC) adopted open Internet rules on February 26, 2015, to protect free expression and innovation on the Internet and to promote investment in the nation's broadband networks. Those open Internet rules ensure that consumers and businesses have access to a fast, fair, and open Internet by imposing three basic rules: (1) Broadband providers shall not block access to lawful content, applications, services, or non-harmful devices; (2) Broadband providers shall not impair or degrade lawful Internet traffic on the basis of content, application, or service, or use of a non-harmful device; and (3) Broadband providers shall not favor some lawful Internet traffic over other lawful Internet traffic in exchange for consideration of any kind; and

WHEREAS, Because the Internet must be a place in which companies, large and small, as well as individual developers, can compete on a level playing field, the City of Chicago supports net neutrality as a principle that underpins a fast, fair, and open Internet for consumers and businesses to ensure equal access to lawful content by prohibiting paid prioritization, throttling, and blocking; and

WHEREAS, On December 14, 2017, the FCC voted 3-2 along party lines to repeal the net neutrality protections put in place in 2015. This repeal allows internet service providers to begin blocking access to lawful Internet traffic, throttling the speed of competitors' websites, content or devices, charging businesses additional fees to ensure their content is given priority or speedy access over others, charging consumers more in monthly fees based on the type of content they access, and leaves consumers with little to no recourse to fight these unfair restrictions. Furthermore, the FCC's actions limit the regulations that states and municipalities can impose to combat anti-competitive behavior by broadband providers; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this 17th day of January, 2018, express our strong support for net neutrality, oppose the recent repeal of the net neutrality rules put in place in 2015, and respectfully urge the President of the United States, Congress, and the FCC to reverse this ill-considered action and to continue to protect open and free access to the Internet; and

Be It Further Resolved, That we respectfully call on all members of Congress, particularly Illinois congressional delegation, to support legislative action to vacate the FCC's December 14, 2017, decision to repeal the net neutrality rules and return the protections that provided for a free and open internet; and

Be It Further Resolved, That suitable copies of this resolution be presented to the Illinois delegation to the United States Congress as a sign of our dedication to and support of this important issue.

As he celebrates this milestone accomplishment, he also never forgets the importance of working diligently to share the good news of a proud legacy, despite persistent challenges to the strong cultural traditions in the African-American community; to ensure that the powerful identity of hard work and faithful service are never ignored, trivialized or suppressed; and

WHEREAS, Over the years, Reverend Dr. Lawrence J. Clark's reputation for his abiding faith, fairness, spiritual integrity and ability to lead others to Christ has grown exponentially. Ordained on September 10, 1995, he has served in several positions within the Evangelical Lutheran Church in America (ELCA), and is also revered by his congregation and many in the greater Chicago Lutheran denomination for his deep personal concern and commitment, first to his beloved church and then to the overall community. He is further respected for his unique ability to establish lasting relationships with virtually everyone he encounters; and

WHEREAS, The Honorable Michelle A Harris, Alderman of the 8th Ward and Chairman of the Committee on Committees, Rules and Ethics, has encouraged the Chicago City Council to salute Reverend Dr. Lawrence J. Clark II and his exemplary achievements and accomplishments; now, therefore,

Be It Resolved, That we, the Mayor and members of the City of Chicago City Council, gathered here this 17th day of January 2018 A.D., do hereby salute Reverend Dr. Lawrence J. Clark II for the spiritual inspiration and confidence that he has instilled in the lives of hundreds of his loyal church members who participate annually in church and community-based programs, and extend to this outstanding citizen our very best wishes for continuing professional success and spiritual fulfillment; and

A proposed resolution reading as follows:

WHEREAS, On the night of October 31, 2017, a male and female contacted an elderly man by telephone. The female pretended to be the elderly man's daughter Agnes, said she was in distress and needed $25,000. The two individuals came to the senior citizen's home that same day. The senior citizen was very distraught and upset, so he gave them $8,000 cash. These two people arranged to return the following day to take the elderly man to the bank to obtain additional money; and

WHEREAS, On November 1, 2017, the man returned to the senior citizen's home. Then they went to the bank so the senior citizen could withdraw the additional funds. After the teller heard the senior citizen's story, the teller realized something was wrong so they called the Chicago Police Department. Officer Dwyer responded to the call. Officer Dwyer met with the elderly victim and the bank employee. The elderly victim informed Officer Dwyer that he was being asked to withdraw money from his account and that he was brought to the bank by the subject. He further indicated that the person who took him to the bank was in the bank parking lot sitting in a silver Ford Taurus with Michigan plates, waiting for him; and

WHEREAS, Officer Hayworth assisted Officer Dwyer. They went to the parking lot and when the suspect saw them, he drove away. Officer Hayworth pulled the individual over. The perpetrator gave Officer Hayworth a fictitious Polish driver's license and passport. He told Officer Hayworth he was with his uncle to pick up money. During questioning, the suspect fled on foot. Officer Dwyer sent a flash message with the offender's description, responding units set up a perimeter of the area; and

WHEREAS, Officers Dwyer and Young chased the suspect and found him hiding in a yard at 5433 West School. The officers placed the offender, Dawid Markowski, under arrest and drove him to the 25th District Station; and

WHEREAS, The 25th District Burglary Team and Caps PO/Translator Lichwala assisted with the investigation. Commander Escamilla instructed the burglary team to investigate the offender using the District's offender database. Sergeant Pierri and his officers determined that Markowski was a wanted offender in a CPD Bulletin. They learned Markowski was the subject of an Investigative Alert for Theft by Deception of the Elderly. Homeland Security Special Agent Tom Connors discovered that Markowski was wanted in Elmwood Park, Canada and England. He goes by the aliases of Daniel Malinowski and Aleks Seduj; and

WHEREAS, Because of the outstanding work of the Chicago Police Department, Markowski was charged with three felonies; and

WHEREAS, Due to the extraordinary efforts of the officers and detectives involved, a menace was removed from the streets and several cases were resolved; now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, gathered here this 17th day of January 2018, do hereby express our gratitude to Officer Dwyer, Officer Hayworth, Officer Young, Caps PO/Translator Lichwala, Sergeant Pierri, Commander Escamilla and all the other members of the Chicago Police Department involved in the arrest and charging of Dawid Markowski; and

Rules Suspended -- GRATITUDE EXTENDED TO DENNIS BOYD FOR LIFESAVING RESCUE OF POLICE OFFICER STEPHEN BOYD.

[R2018-22]

A proposed resolution reading as follows:

WHEREAS, On March 21, 2016, at approximately 2:20 A.M., Police Officer Stephen Boyd returned home from studying for the CPD Detective's exam at the North Avenue/ Wells 24-hour Starbucks. As he pulled in front of his residence, he noticed a young male wearing a black hoodie walking down the sidewalk to his right; and

WHEREAS; Feeling that something was wrong, Boyd attempted to start his car and drive away, but the individual ran up to his driver's side window and pointed a semi-automatic pistol with an extended magazine at him. The offender ordered him to open his passenger door, leaned into the vehicle and pressed the weapon against the officer's right temple, forcing his head down into the driver's side window. The offender demanded Boyd's wallet and cell phone, in which he complied; and

WHEREAS, The offender then ordered Boyd to stay in the car as he ran up the front steps of the officer's home. At this time, Boyd heard a knock at the car window and saw a second armed offender, reminding him of his range instructor's training, "When there is one offender, there is two"; and

WHEREAS, As Boyd sat with offender Number 2 outside his car window, he plotted his next move. In an attempt to distract the robber, Boyd, who is not married, stated that his wife and kids were inside the home and probably wondering what was transpiring. Offender Number 2 looked around and then forced Boyd to his knees at the front of his vehicle. He then began to stomp on the officer and Boyd rolled over onto his side to conceal the fact that he was armed. He returned to his knees and put his hands on the hood of his car; and

WHEREAS, Without warning, offender Number 1 returned to the scene and screamed "shoot him right now!" Officer Boyd had no choice but to spring to his feet and move out of the line of fire. He heard a shot and reached for his service weapon while yelling "Police". A gunfight ensued as the offenders fled, and Officer Boyd saw one go down, offender Number 2 had been hit. They disappeared into a nearby yard; and

WHEREAS, At this time, Officer Boyd realized he had been shot in the right leg. He called out, "policeman shot, I need help" numerous times, but nobody came to his aid. Feeling dizzy and weak, he forced himself to climb the stairs to his home. He banged on the door until his brother, Dennis, answered and dragged him into the house; and

WHEREAS, Dennis applied a tourniquet to the wounded leg while calling 911. Officer Boyd was rushed to Christ Hospital where he was told that the bullet had perforated his femoral artery. Miraculously, a clot had formed in his leg, undoubtedly from the tourniquet, that prevented him from bleeding out; and

WHEREAS, Dennis Boyd, Steve's fraternal twin brother has worked in the blood lab at Christ Hospital for more than 20 years. He is a certified phlebotomist and has a basic understanding of the human circulatory system. His quick reaction to his brother's injury, by placing a tourniquet on his wounded leg, saved his twin brother's life; and now, therefore,

Be It Resolved, That we, the Mayor and members of the City Council of the City of Chicago, assembled this 13th day of January 2018 A.D., do hereby commend Dennis Boyd on his professionalism in saving his brother, Police Officer Stephen Boyd's life; and

Be It Further Resolved, That a suitable copy of this resolution be prepared and presented to Dennis Boyd as a token of our appreciation and esteem.
