SECTION 1. Chapter 2-92 of the Municipal Code of Chicago is hereby amended by adding a new Section 2-92-955, as follows:

2-92-955 Veteran-Owned Small Local Businesses Participation Goal Pilot Program.

(a) Award Goal -- Established. The Chief Procurement Officer is authorized to establish a contract-specific participation goal to veteran-owned small local businesses if all of the following conditions are met:

(1) the contract has an estimated value in excess of $10,000.00; and

(2) there are at least three veteran-owned small local businesses certified by the City in each of one or more areas of specialty (as defined by the North American Industry Classification System) germane to the contract; and

(3) the contract-specific participation goal is not more than one percent of the contract's value.

(b) Award Goal -- Implementation. In order to achieve the goal stated in subsection (a), the Chief Procurement Officer is authorized to undertake the following measures:

(1) Insert within specifications for each contract described in subsection (a) of this section let through competitive bidding with an estimated value in excess of $10,000.00 a requirement that the contractor commit to the expenditure of at least the veteran-owned small local businesses percentage of the dollar value of the contract with one or more veteran-owned small local businesses. This commitment may be met by the contractor's status as a veteran-owned small local business, or by joint venture with one or more veteran-owned small local businesses as prime contractor (to the extent of the veteran-owned small local business's participation in such joint venture), or by subcontracting a portion of the work to one or more veteran-owned small local businesses, or by purchase of materials or services for the work from one or more veteran-owned small local businesses, or by the indirect participation of veteran-owned small local businesses in other aspects of the contractor's business (but no indirect veteran-owned small local business participation shall be credited more than once against a contractor's veteran-owned small local business commitment with respect to all contracts of such contractor), or by any combination of the foregoing;

(2) Review each proposed contract modification request that, by itself or aggregated with previous modification requests, increases the contract value by 10 percent of the initial contract value or $50,000.00, whichever is greater, for opportunities to increase participation of veteran-owned small local businesses already involved in the contract;

(3) Negotiate with any contractor whose contract is in excess of $10,000.00 in value and is not awarded by competitive bidding a commitment, where practicable, to veteran-owned small local business participation of at least the veteran-owned small local business percentage of the dollar value of the contract;

(4) Insert, in addition to other terms that the Chief Procurement Officer deems necessary for the implementation of this section, in each contract containing a commitment to veteran-owned small local business participation:

(i) A requirement of periodic reporting by the contractor to the Chief Procurement Officer on all expenditures made to achieve compliance with the foregoing provisions. Such reports shall include the name and business address of each veteran-owned small local business solicited by the contractor to work as a subcontractor on the contract and the responses received by the contractor to such solicitation, the name and business address of each veteran-owned small local business actually involved in the contract, a description of the work performed, or product or service supplied by each such veteran-owned small local business, the date and amount of each expenditure, and such other information as may assist the Chief Procurement Officer in determining the contractor's compliance with the foregoing provisions, and the status of any veteran-owned small local business performing any portion of the contract; and

(ii) Remedies for a contractor's noncompliance with the commitment to veteran-owned small local business participation.

(c) Reduction Or Waiver Of Commitment. If, in connection with a particular contract, either before the contract is let for bid, during the bid or award process, before or during negotiation of the contract, or during the performance of the contract, the Chief Procurement Officer determines that it is impracticable or excessively costly to obtain qualified veteran-owned small local business to perform sufficient work to fulfill the goal stated in subsection (a), the Chief Procurement Officer shall reduce or waive the commitment to veteran-owned small local business participation in the contract, as may be appropriate. The Chief Procurement Officer shall issue rules setting forth the standards to be used in determining whether or not such a reduction or waiver is appropriate.

(d) Rules. The Chief Procurement Officer is authorized to adopt rules for the proper administration and enforcement of this section.

(e) Report. Before the expiration of this section, the Chief Procurement Officer shall submit a report and recommendations to the Mayor and to the City Council regarding the veteran-owned small local businesses participation goal pilot program authorized to be established pursuant to this section.

(f) Expiration. This section shall expire on April 30, 2020.

CHICAGO, May 25, 2018.

To the President and Members of the City Council:

Reporting for your Committee on Education and Child Development, for which a meeting was held on May 14, 2018, having had under consideration a resolution introduced on April 19, 2017 by Alderman Edward Burke calling on the Departments of Family and Support Services and Public Health to address violence-induced trauma experienced by children, having had the same under advisement, begs leave to report and recommend that Your Honorable Body *Adopt* the proposed resolution transmitted herewith.

This recommendation was concurred in by a viva voce vote of the members of the committee.

Respectfully submitted,

(Signed) HOWARD B. BROOKINS, JR.,
Chairman.

On motion of Alderman Brookins, the said proposed resolution transmitted with the foregoing committee report was *Adopted* by yeas and nays as follows:

Yeas -- Aldermen Moreno, Hopkins, Dowell, King, Sawyer, Mitchell, Harris, Beale, Thompson, Cárdenas, Quinn, Burke, Lopez, Foulkes, D. Moore, Curtis, O'Shea, Brookins, Muñoz, Zalewski, Scott, Solis, Burnett, Ervin, Taliaferro, Reboyras, Santiago, Mell, Ramirez-Rosa, Villegas, Mitts, Sposato, Laurino, O'Connor, Napolitano, Reilly, Smith, Tunney, Cappleman, Osterman, J. Moore -- 41.

Nays -- None.

Alderman Beale moved to reconsider the foregoing vote. The motion was lost.

The following is said resolution as adopted:

WHEREAS, The City of Chicago is a home rule unit of government pursuant to the 1970 Illinois Constitution, Article VII, Section 6(a); and

WHEREAS, Pursuant to its home rule power, the City of Chicago may exercise any power and perform any function relating to its government and affairs including the power to regulate for the protection of the public health, safety, morals and welfare; and

WHEREAS, The City has no greater duty than to protect and ensure the well-being of our children, as Frederick Douglass once said, "It is easier to raise strong children than to repair broken men"; and

WHEREAS, The City has seen an unacceptable degree of violence in our streets and in 2017 alone, 843 shooting victims were reported by the *Chicago Tribune* from January 1, 2017 to April 12, 2017; and

WHEREAS, The number of shooting victims alone is staggering, it does not represent the emotional distress and trauma experienced by the friends, family members, classmates, neighbors, and teachers of the victims; and

WHEREAS, There is a growing body of research on the psycho-social effects of violence in general and the impact on children in particular; and

WHEREAS, One in three children between the ages of 15 and 17 has lost a close friend or family member to violence and nearly one in five has witnessed a murder firsthand based on a 2013 study of Chicago communities impacted by violence; and

WHEREAS, A 2015 study from the Heartland Alliance documented the significant link between poverty, violence, and trauma, reinforcing the urgency of treating trauma and explaining how untreated trauma leads to more violence and poverty; and

WHEREAS, The University of Chicago Crime Lab evaluated the effects of cognitive-behavioral therapy and found a 44 percent reduction in violent crime arrests, a 36 percent reduction in vandalism, and 10 to 23 percent increase in graduation rates, supporting the idea that providing emotional support to the City's youth can suppress violence throughout Chicago's most violent neighborhoods; and

WHEREAS, On March 20, 2017, U.S. Senator Richard Durbin and U.S. Representative Danny Davis unveiled the Trauma Informed Care for Children and Families Act ("the Act") recognizing the need to address violence-induced trauma in our children; and

WHEREAS, According to Senator Durbin, childhood exposure to traumatic events can alter a child's brain chemistry and, without the appropriate help, can lead to depression, fear, anger, and violence; and

WHEREAS, The Act focuses on the long term effects unaddressed trauma can have on the City's youth, including its impact on mental and physical health, academic success, income, employment, and its contribution to a continued cycle of violence; and

WHEREAS, The Act is designed to address the stress and trauma that impacts many children from Chicago's most violent neighborhoods and seeks to heal children suffering from trauma in order to break the cycle of mass childhood trauma; and

WHEREAS, To achieve this, the Act would provide more teachers, doctors, social service providers, and first responders with necessary resources, which through federal grant funding, would be trained to recognize and assess the signs of childhood trauma; and

WHEREAS, The Act would create a large grant program to bring together stakeholders to identify needs, collect data, efficiently target efforts, and allow communities to pool federal grants from multiple agencies to help increase trauma services for children; and

WHEREAS, The Act would also create a federal task force to recommend improvements for identifying, referring, and supporting children and families that have experienced trauma; and

WHEREAS, The Act seeks to expand Medicaid coverage for child trauma services, expand loan repayment and graduate school behavioral health training programs to increase the number of clinicians in our communities, enhance teacher-training programs, and to enlist trained mentors and community leaders to help; and

WHEREAS, The Act has been endorsed by numerous national and local organizations, including the American Academy of Pediatrics, Center for Childhood Resilience at Laurie Children's Hospital, Erickson Institute, Illinois Justice Project, Instituto del Progresso Latino, La Rabida, National Education Association, National Alliance on Mental Illness (NAMI) of Chicago, Ounce of Prevention Fund, University of Chicago Medical Center and the YMCA of Metropolitan Chicago; and

WHEREAS, Addressing the issue of violence-induced trauma will require cooperation between the public, private, and non-profit sector. This proposed legislation, the commitment from the state legislature, and numerous local and national organizations supporting it serve as a call to action to all stakeholders including the City of Chicago; now, therefore,

Be It Resolved by the City Council of the City of Chicago, That the Committee on Education and Child Development does hereby request the Department of Family and Support Services and the Department of Public Health to appear before this committee to address the need and the ability to address violence-induced trauma in children within the City of Chicago; and

Be It Further Resolved, That the members of the Chicago City Council, assembled this 25th day of May 2018, do hereby support the efforts of U.S. Senator Richard Durbin and U.S. Representative Danny Davis in introducing the Trauma Informed Care for Children and Families Act to help identify and aid children who have experienced violence-induced trauma, as well as break the cycle of violence caused by unaddressed childhood trauma.

(h) "Distributable Cash Flow" means Net Operating Income less (i) Project Expenditures, Additional Capital Expenditures, Lender required reserves and Debt Service, plus (ii) Amortization and Depreciation.

(i) [intentionally omitted]

(j) "Equity Investment" means all Equity paid for or into the Project for (i) Project Expenditures, and (ii) Additional Capital Expenditures, exclusive of debt and reduced by any payments made to the Developer, any of its Affiliates or an Insider Party that constitute a return of such Equity.

(k) "FMV of the Property" means the fair market value of the Property, valued without improvements, as of date of the Developer's sale of the Property, as determined by an appraiser selected by the City and paid for by the Developer, less the Purchase Price of One Dollar ($1.00).

(l) "Income Taxes" means those certain income tax amounts for the Project as set forth in the audited annual Financial Statements.

(m) [intentionally omitted]

(n) "Net Operating Income" means, with respect to any applicable period, Project Revenues minus Operating Expenses of the Project.

(o) "Net Profit" means Net Sale Proceeds minus FMV of the Property, which will be paid on a pari passu basis with a return of Equity Investment to Developer minus 2.5% ROI Amount.

(p) "Net Sale Proceeds" means the gross sales price at which the Developer sells the Property to a third-party less closing costs and commissions less the outstanding principal dollar amount of Lender Financing and accrued, but unpaid, interest as of the date of such sale.

(q) "Operating Expenses" means those certain operating expenses set forth in the audited annual Financial Statements including Debt Service and any Lender required reserves, but excluding Income Taxes, payments to Affiliates (provided that such payments are not greater than the market rate for such goods or services, as determined by DPD), Depreciation and Amortization.

(r) "Project Expenditures" means actually incurred costs of acquisition of the Property and construction of the Project, as set forth in executed owner's sworn statements, but excluding payments to Affiliates, Depreciation and Amortization.

(s) "Project Revenues" means those certain revenues for the Project as set forth in the audited annual Financial Statements.

(t) "ROI" means Distributable Cash Flow divided by Equity Investment.

B. Restriction on Transfer Prior to Issuance of Completion Certificate. Prior to the City's issuance of the Completion Certificate, as provided herein, the Developer may not, without the prior written consent of DPD, which consent shall be in DPD's sole and absolute discretion: (a) directly or indirectly sell, transfer, convey, lease or otherwise dispose of all or substantially all of its assets or all or any portion of the Property (including but not limited to any fixtures or equipment now or hereafter attached thereto) or any interest therein or the Developer's controlling interests therein (including, without limitation, a transfer by assignment of any of the beneficial interest under the Trust), except for leases of tenant space in the Project (including to CPMH Construction, Inc., an Illinois corporation, the owners of which also own a majority of the Developer) and further except for sales, transfers, conveyances, leases or other dispositions to an "Insider Party" (as defined in Section 16.G. below); or (b) directly or indirectly assign this Agreement. The Developer acknowledges and agrees that DPD may withhold its consent under (a) or (b) above if, among other reasons, the proposed purchaser, transferee or assignee (or such entity's principal officers, members or directors) is in violation of any Laws, or if the Developer fails to submit sufficient evidence of the financial responsibility, business background and reputation of the proposed purchaser, transferee or assignee. In the event of a proposed sale, transfer, conveyance, lease or other disposition of all or any portion of the Property, the Developer shall provide the City copies of any and all sales contracts, legal descriptions, descriptions of intended use, certifications from the proposed purchaser, transferee or assignee, as applicable, regarding this Agreement and such other information as the City may reasonably request. The proposed purchaser, transferee or assignee (including any purchaser, transferee or assignee that is an Insider Party), must be qualified to do business with the City (including but not limited to anti-scofflaw requirement). In the event of a sale or transfer pursuant to this Section 16.B the Developer shall promptly pay a dollar amount equal to the Net Sale Proceeds to the City.

C. Transfer of Property During the Compliance Period. If the Developer sells the Property during the Compliance Period (except for sales, transfers, conveyances, leases or other dispositions to an Insider Party), the Developer shall pay to the City as follows:

(i) if the Net Sale Proceeds are greater than or equal to the dollar amount of Equity Investment plus FMV of the Property, then the Developer shall pay to the City a dollar amount equal to fifty percent (50%) of the Net Profit.

(ii) if the Net Sales Proceeds are greater than One Dollar ($1.00), but less than the dollar amount of the Equity Investment plus FMV of the Property, then the Developer shall pay to the City on a pari passu basis a pro rata dollar amount of the product of (A) multiplied by (B), where:

(A) equals the Net Sale Proceeds minus the FMV of the Property minus 2.5% ROI Amount; and

(B) equals the FMV of the Property divided by (C), where (C) equals the sum of the FMV of the Property plus the dollar amount of Equity Investment.

(iii) if the Net Sales Proceeds are negative (i.e., the Property is sold for a loss), then the Developer does not owe any money to the City pursuant to this Section 16.C.

D. [intentionally omitted]

E. [intentionally omitted]

F. Transfer of Interests in the Developer. If the Developer is a business entity, no principal party of the Developer (e.g., a general partner, member, manager or shareholder) may sell, transfer or assign any of its interest in the entity prior to the City's issuance of the Completion Certificate to anyone other than an Insider Party, without the prior written consent of DPD, which consent shall be in DPD's sole and absolute discretion. The Developer must disclose the identity of all members to the City at the time such members obtain an interest in the Developer.

G. Insider Party. For purposes of this Section 16, "Insider Party" means an individual or entity that is eligible to do business with the City, and that satisfies one or more of the following criteria:

(i) existing (as of the Effective Date) shareholder, partner, or member of the Developer;

(ii) a spouse and/or issue or an entity solely controlled by a spouse and/or issue of any existing (as of the Effective Date) shareholders, partners, or members of the Developer;

(iii) the trustee(s) of a testamentary trust for the benefit of the spouse and/or issue of any existing (as of the Effective Date) shareholders, partners, or members of the Developer, that succeeded to Developer's interest upon any existing (as of the Effective Date) shareholders, partners, or members of the Developer's death, divorce, or legal separation; or

(iv) a new entity solely composed of any existing (as of the Effective Date) shareholders, partners, or members of the Developer and their spouse and/or issues.

SECTION 17. MORTGAGES AND OTHER LIENS.

17.1 Limitation upon Encumbrance of Property. Prior to the issuance of the Completion Certificate, the Developer may not, without the prior written consent of DPD, which consent shall be in DPD's sole discretion, engage in any financing or other transaction which would create an encumbrance or lien on the Property, except for the Lender Financing, approved pursuant to Section 9, which shall be limited to funds necessary to construct the Project.

17.2 Mortgagees Not Obligated to Construct. Notwithstanding any other provision of this Agreement or of the Deed, the holder of any mortgage authorized by this Agreement (or any affiliate of such holder) shall not itself be obligated to construct or complete the Project, or to guarantee such construction or completion, but shall be bound by the other covenants running with the land specified in Section 19 and, at the Closing, shall execute a subordination agreement in accordance with Section 10.10. If any such mortgagee or its affiliate succeeds to the Developer's interest in the Property (or any portion thereof) prior to the issuance of the Completion Certificate, whether by foreclosure, deed-in-lieu of foreclosure or otherwise, and thereafter transfers its interest in the Property (or any portion thereof) to another party, such transferee shall be obligated to complete the Project (or such portion of the Project located on the land so transferred), and shall also be bound by the other covenants running with the land specified in Section 19.

SECTION 18. [intentionally omitted]

SECTION 19. COVENANTS RUNNING WITH THE LAND.

The Parties agree, and the Deed shall so expressly provide, that the covenants, agreements, releases and other terms and provisions contained in Section 13 (Commencement and Completion of Project), Section 15 (Restrictions on Use), Section 16 (Prohibition Against Sale or Transfer of Property), Section 17 (Limitation Upon Encumbrance of Property), and Section 23.5 (Release for Environmental Conditions), touch and concern and shall be appurtenant to and shall run with the Property. Such covenants, agreements, releases and other terms and provisions shall be binding on the Developer and the Trustee and their respective successors and assigns (subject to the limitation set forth in Section 17 above as to any permitted mortgagee) to the fullest extent permitted by law and equity for the benefit and in favor of the City, and shall be enforceable by the City. Such covenants, agreements, releases and other terms and provisions shall terminate as follows: Section 13 upon the issuance of the Completion Certificate; Sections 16.1 and 17 upon the issuance of the Completion Certificate; Section 15.1 upon the expiration of the Redevelopment Plan; Sections 15.2 upon the expiration of the Compliance Period; Section 16.2 upon the expiration of the Compliance Period; Section 15.4 in accordance with the terms of the Final NFR Letter; and Sections 15.5 and 23.5 with no limitation as to time.

SECTION 20. PERFORMANCE AND BREACH.

20.1 Time of the Essence. Time is of the essence in the Developer's performance of its obligations under this Agreement.

20.2 Event of Default. The occurrence of any one or more of the following events or occurrences shall constitute an "Event of Default" under this Agreement:

(a) the failure of the Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under this Agreement or any related agreement;

(b) the failure of the Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under any other agreement with any person or entity if such failure may have a material adverse effect on the Developer's business, property, assets, operations or condition, financial or otherwise;

(c) the making or furnishing by the Developer of any warranty, representation, statement, certification, schedule or report to the City (whether in this Agreement, an Economic Disclosure Statement, or another document) which is untrue or misleading in any material respect;

(d) except as otherwise permitted hereunder, the creation (whether voluntary or involuntary) of, or any attempt to create, any lien or other encumbrance upon the Property, or the making or any attempt to make any levy, seizure or attachment thereof;

(e) the commencement of any proceedings in bankruptcy by or against Developer or for the liquidation or reorganization of Developer, or alleging that Developer is insolvent or unable to pay its debts as they mature, or for the readjustment or arrangement of Developer's debts, whether under the United States Bankruptcy Code or under any

other state or federal law, now or hereafter existing, for the relief of debtors, or the commencement of any analogous statutory or non-statutory proceedings involving Developer; provided, however, that if such commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such proceedings are not dismissed within sixty (60) days after the commencement of such proceedings;

(f)the appointment of a receiver or trustee for Developer, for any substantial part of Developer's assets or the institution of any proceedings for the dissolution, or the full or partial liquidation, or the merger or consolidation, of Developer; provided, however, that if such appointment or commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such appointment is not revoked or such proceedings are not dismissed within sixty (60) days after the commencement thereof;

(g) the entry of any judgment or order against Developer which is related to the Property and remains unsatisfied or undischarged and in effect for sixty (60) days after such entry without a stay of enforcement or execution;

(h) the occurrence of an event of default under the Lender Financing, which default is not cured within any applicable cure period;

(i) the dissolution of Developer;

(j) the occurrence of a material and adverse change in Developer's financial condition or operations;

(k) the institution in any court of a criminal proceeding (other than a misdemeanor) against Developer or any natural person who owns a material interest in Developer, which is not dismissed within thirty (30) days, or the indictment of Developer or any natural person who owns a material interest in Developer, for any crime (other than a misdemeanor);

(l) except as set forth in Section 16 hereof, the sale or transfer of the ownership interests of Developer without the prior written consent of the City prior to the issuance of the Completion Certificate; or

(m) non-compliance with the use covenants as set forth in Section 15 hereof.

For purposes of Section 20.2(k) hereof, a person with a material interest in the Developer shall be one owning in excess of ten (10%) of either Developer's membership interests.

20.3 Cure. If the Developer defaults in the performance of its obligations under this Agreement, the Developer shall have thirty (30) days after written notice of default from the City to cure the default, or such longer period as shall be reasonably necessary to cure such default provided the Developer promptly commences such cure and thereafter diligently pursues such cure to completion (so long as continuation of the default does not create material risk to the Project or to persons using the Project). Notwithstanding the foregoing or any other provision of this Agreement to the contrary, there shall be no notice requirement or cure period with respect to Events of Default described in Section 13 (Commencement and Completion of Project), Section 16 (Prohibition Against Transfer of Property) and Section 17 (Mortgages and Other Liens).

20.4 After Closing. If an Event of Default occurs after the Closing, and the default is not cured in the time period provided for in Section 20.3 above, the City may terminate this Agreement and pursue and secure any available remedy in any court of competent jurisdiction by any action or proceeding at law or in equity, including, but not limited to, damages, injunctive relief, the specific performance of the agreements contained herein, and the right to revest title to the Property in the City pursuant to the Reconveyance Deed; provided, however, the City's right to revest title in the City pursuant to the Reconveyance Deed shall terminate upon the issuance of the Completion Certificate, and provided further that the recording of the Reconveyance Deed shall not defeat, render invalid, or limit in any way, the lien of any mortgage authorized by this Agreement. If the Reconveyance Deed is recorded by the City, the Developer shall be responsible for all real estate taxes and assessments which accrued during the period the Property was owned by the Trustee, and shall cause the release of all liens or encumbrances placed on the Property during the period of time the Property was owned by the Trustee. The Developer and the Trustee will cooperate with the City to ensure that if the City records the Reconveyance Deed, such recording is effective for purposes of transferring title to the Property to the City, subject only to those title exceptions that were on title as of the date and time that the City conveyed the Property to the Trustee and any subsequent liens or exceptions expressly authorized by this Agreement or approved by the Commissioner in accordance with the terms of this Agreement (collectively, "Default Title Exceptions").

20.5 Resale of the Property. Upon the reconveyance of title to the Property to the City as provided in Section 20.4, the City may complete the Project or convey the Property, subject to any Default Title Exceptions, to a qualified and financially responsible party reasonably acceptable to the first mortgagee (if any), who shall assume the obligation of completing the Project or such other improvements as shall be satisfactory to DPD, and otherwise comply with the covenants that run with the land as specified in Section 19.

20.6 Disposition of Resale Proceeds. If the City sells the Property as provided for in Section 20.5, the net proceeds from the sale, after payment of all amounts owed under any mortgage liens authorized by this Agreement in order of lien priority, shall be utilized to reimburse the City for:

(a) costs and expenses incurred by the City (including, without limitation, salaries of personnel) in connection with the recapture, management and resale of the Property (less any income derived by the City from the Property in connection with such management); and

(b) all unpaid taxes, assessments, and water and sewer charges assessed against the Property; and

(c) any payments made (including, without limitation, reasonable attorneys' fees and court costs) to discharge or prevent from attaching or being made any subsequent encumbrances or liens due to obligations, defaults or acts of the Developer; and

(d) any expenditures made or obligations incurred with respect to construction or maintenance of the Project; and

(e) any other amounts owed to the City by the Developer.

The Developer shall be entitled to receive any remaining proceeds up to the amount of the Developer's Equity investment in the Property.

SECTION 21. CONFLICT OF INTEREST; CITY'S REPRESENTATIVES NOT INDIVIDUALLY LIABLE.

The Developer represents and warrants that no agent, official or employee of the City shall have any personal interest, direct or indirect, in the Developer, this Agreement, the Property or the Project, nor shall any such agent, official or employee participate in any decision relating to this Agreement which affects his or her personal interests or the interests of any corporation, partnership, association or other entity in which he or she is directly or indirectly interested. No agent, official or employee of the City shall be personally liable to the Developer or any successor in interest in the event of any default or breach by the City or for any amount which may become due to the Developer or successor or with respect to any commitment or obligation of the City under the terms of this Agreement.

SECTION 22. INDEMNIFICATION.

The Developer agrees to indemnify, pay, defend and hold the City, and its elected and appointed officials, employees and agents (individually, an "Indemnitee," and collectively the "Indemnitees") harmless from and against any and all Losses in connection with any investigative, administrative or judicial proceeding commenced or threatened, whether or not such Indemnitees shall be designated a party thereto, that may be imposed on, suffered, incurred by or asserted against the Indemnitees in any manner relating or arising out of: (a) the failure of the Developer to comply with any of the terms, covenants and conditions contained within this Agreement; (b) the failure of the Developer or any Agent of the Developer to pay contractors, subcontractors or material suppliers in connection with the construction and management of the Project; (c) the existence of any material misrepresentation or omission in this Agreement or any other document related to this Agreement that is the result of information supplied or omitted by the Developer or any Agent or Affiliate of the Developer; (d) the Developer's failure to cure any misrepresentation in this Agreement or any other document relating hereto; and (e) any activity undertaken by the Developer or any Agent or Affiliate of the Developer on the Property prior to or after the Closing. This indemnification shall survive the Closing and any termination of this Agreement (regardless of the reason for such termination).

SECTION 23. ENVIRONMENTAL MATTERS.

23.1 "AS IS" SALE. THE DEVELOPER ACKNOWLEDGES THAT IT HAS HAD ADEQUATE OPPORTUNITY TO INSPECT AND EVALUATE THE STRUCTURAL, PHYSICAL AND ENVIRONMENTAL CONDITION AND RISKS OF THE PROPERTY AND ACCEPTS THE RISK THAT ANY INSPECTION MAY NOT DISCLOSE ALL MATERIAL MATTERS AFFECTING THE PROPERTY (AND ANY IMPROVEMENTS THEREON). THE DEVELOPER AGREES TO ACCEPT THE PROPERTY IN ITS "AS IS," "WHERE IS" AND "WITH ALL FAULTS" CONDITION AT CLOSING WITHOUT ANY COVENANT, REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, OF ANY KIND, AS TO THE STRUCTURAL, PHYSICAL OR ENVIRONMENTAL CONDITION OF THE PROPERTY OR THE SUITABILITY OF THE PROPERTY FOR ANY PURPOSE WHATSOEVER. THE DEVELOPER ACKNOWLEDGES THAT IT IS RELYING SOLELY UPON ITS OWN INSPECTION AND OTHER DUE DILIGENCE ACTIVITIES AND NOT UPON ANY INFORMATION (INCLUDING, WITHOUT LIMITATION, ENVIRONMENTAL STUDIES OR REPORTS OF ANY KIND) PROVIDED BY OR ON BEHALF

OF THE CITY OR ITS AGENTS OR EMPLOYEES WITH RESPECT THERETO. THE DEVELOPER AGREES THAT IT IS THE DEVELOPER'S SOLE RESPONSIBILITY AND OBLIGATION TO PERFORM ANY REMEDIATION WORK (AS DEFINED BELOW) AND TAKE SUCH OTHER ACTION AS IS NECESSARY TO PUT THE PROPERTY IN A CONDITION WHICH IS SUITABLE FOR ITS INTENDED USE.

23.2 Right of Entry. The Developer hereby represents and warrants to the City that it has performed a Phase I environmental site assessment of the Property in accordance with the requirements of the ASTM E 1527-05 standard and other environmental studies sufficient to conclude that the Project may be completed and operated in accordance with all Environmental Laws and this Agreement. The Developer agrees to deliver to the City copies of all Environmental Documents. The obligation of the Developer to purchase the Property is conditioned upon the Developer being satisfied with the condition of the Property for the construction, development and operation of the Project. The City shall grant the Developer the right, at its sole cost and expense, and in the City's customary form and subject to City's receipt from Developer of required documentation (e.g., evidence of insurance and an Economic Disclosure Statement and Affidavit that is current as of the date of the right of entry), to enter the Property to perform the Phase I and any other surveys, environmental assessments, soil tests and other due diligence it deems necessary or desirable to satisfy itself as to the condition of the Property; provided, however, that the City shall have the right to review and approve the scope of work for any environmental testing. If the Developer determines that it is not satisfied, in its sole and absolute discretion, with the condition of the Property, it may terminate this Agreement by written notice to the City any time prior to the Closing Date, in which event the Earnest Money and Performance Deposit shall be returned to Developer and whereupon this Agreement shall be null and void and, except as otherwise specifically provided, neither Party shall have any further right, duty or obligation hereunder. If the Developer elects not to terminate this Agreement pursuant to this Section 23.2, the Developer shall be deemed satisfied with the condition of the Property.

23.3 Environmental Remediation.

a) Developer has obtained a Phase I Environmental Site Assessment ("Phase I ESA") by Carnow, Conibear and Associates (CCA), dated February 5, 2016; and a Focused Site Investigation report by Gabriel Environmental Services dated June 2, 2016 for the Property. Previous investigations include a Phase I ESA by URS Greiner Woodward Clyde (URSGWC) dated December 21, 1998; a Phase I ESA by Environmental Design International, Inc. dated September 30, 2009; and a Phase II Environmental Site Assessment by Northern Environmental dated October 25, 2005.

b) Prior to closing, Developer will provide an Updated Phase I Environmental Site Assessment (ESA) for the Property conducted in conformance with ASTM E- 1527-13 and performed or updated within 180 days prior to Closing. A reliance letter naming the City as an authorized user must be provided by the environmental professional conducting the Phase I ESA. The City's Department of Fleet and Facility Management ("2FM") shall have the right to review and reasonably approve the reliance letter. The environmental investigations identified contamination above industrial/commercial ("I/C") remediation objectives as determined by Title 35 of the Illinois Administrative Code ("IAC") Part 742, and the Developer must enroll the Property in the Illinois Environmental Protection Agency's ("IEPA") Site Remediation Program ("SRP"). Any underground storage tanks ("USTs") identified must be removed and closed in

accordance with applicable regulations including Title 41 of IAC Part 175 and any identified leaking USTs must be properly addressed in accordance with 35 IAC Part 734.

c) The Developer acknowledges and agrees that it may not commence construction on the Property until the IEPA issues a Comprehensive Remedial Action Plan Approval Letter ("RAP Approval Letter") for the Property.

d) [intentionally omitted]

e) Upon receipt of the RAP Approval Letter for the Property, the Developer covenants and agrees to complete all Remediation Work necessary to obtain a Final Comprehensive I/C No Further Remediation ("NFR") Letter for the Property using all reasonable means. The City shall have the right to review in advance and approve all documents submitted to the IEPA under the SRP, as amended or supplemented from time to time, including, without limitation, the SRP Documents and any changes thereto, and the Developer's estimate of the cost to perform the Remediation Work. The Developer shall bear sole responsibility for all costs of the Remediation Work necessary to obtain the Final Comprehensive I/C NFR Letter, and the costs of any other investigative and cleanup costs associated with the Property. The Developer shall promptly transmit to the City copies of all Environmental Documents prepared or received with respect to the Remediation Work, including, without limitation, any written communications delivered to or received from the IEPA or other regulatory agencies.

f) On the Closing Date, the Developer and the Title Company (or such other Escrowee as shall be acceptable to DPD, in its sole discretion) shall have executed a joint order escrow agreement, substantially in the form attached hereto as Exhibit C (the "Escrow Agreement"). The Developer shall deposit $720,676 into the escrow account. The Developer acknowledges that the funds in the escrow account shall be used solely to reimburse the Developer for the line items shown on Exhibit 4 to the Escrow Agreement (the "Approved Environmental Costs"). The Developer acknowledges that (i) the City will not pay for any removal (including, excavation, transportation and disposal), storage, remediation or treatment costs associated with any material from the Property, including any material meeting regulatory criteria of Hazardous Waste, and (ii) the Developer is solely responsible for all removal (including, excavation, transportation and disposal), storage, remediation or treatment costs associated with material meeting regulatory criteria of Hazardous Waste, even if those costs exceed $720,676. Any funds remaining in the environmental escrow account following the Escrowee's payment from the escrow account of the Approved Environmental Costs shall be paid to the City. The Developer shall pay all escrow fees.

g) The Developer acknowledges and agrees that occupancy of the Property may not occur until a Remedial Action Completion Report has been approved by 2FM and submitted to the IEPA. The Developer acknowledges and agrees that the City will not issue a Certificate of Completion until the IEPA has issued, the City has approved (such approval not to be unreasonably withheld), and the Developer has recorded with the Cook County Recorder of Deeds, a Final NFR Letter for the Property. The Developer must obtain the Final NFR Letter within six (6) months of the submission of the Remedial Action Completion Report to the IEPA. In addition to the other remedies available to the City under Section 20.4, the Developer acknowledges and agrees on behalf of itself, its successors and assigns, that if the Developer fails to obtain the Final NFR Letter within six (6) months of the submission of the Remedial Action Completion Report to the IEPA, then the City shall have the right to record a notice of

default of this Agreement against the Property with the Office of the Recorder of Deeds of Cook County.

h) The Developer must abide by the terms and conditions of the Final NFR letter.

23.4 Release and Indemnification. The Developer, on behalf of itself and the other Developer Parties, or anyone claiming by, through, or under the Developer Parties, hereby releases, relinquishes and forever discharges the City from and against any and all Losses which the Developer or any of the Developer Parties ever had, now have, or hereafter may have, whether grounded in tort or contract or otherwise, in any and all courts or other forums, of whatever kind or nature, whether known or unknown, foreseen or unforeseen, now existing or occurring after the Closing Date, based upon, arising out of or in any way connected with, directly or indirectly (a) any environmental contamination, pollution or hazards associated with the Property or any improvements, facilities or operations located or formerly located thereon, including, without limitation, any release, emission, discharge, generation, transportation, treatment, storage or disposal of Hazardous Substances, or threatened release, emission or discharge of Hazardous Substances; (b) the structural, physical or environmental condition of the Property, including, without limitation, the presence or suspected presence of Hazardous Substances in, on, under or about the Property or the migration of Hazardous Substances from or to other property, unless the Hazardous Substances migrate from property owned by the City to the Property; (c) any violation of, compliance with, enforcement of or liability under any Environmental Laws, including, without limitation, any Losses arising under CERCLA, and (d) any investigation, cleanup, monitoring, remedial, removal or restoration work required by any federal, state or local governmental agency or political subdivision or other third party in connection or associated with the Property or any improvements, facilities or operations located or formerly located thereon (collectively, "Released Claims"). Furthermore, the Developer shall defend (through an attorney reasonably acceptable to the City), indemnify, and hold the City harmless from and against any and all Losses which may be made or asserted by any third parties (including, without limitation, any of the Developer Parties) arising out of or in any way connected with, directly or indirectly, any of the Released Claims.

23.5 Release Runs with the Land. The covenant of release in Section 23.4 shall run with the Property, and shall be binding upon all successors and assigns of the Developer with respect to the Property, including, without limitation, each and every person, firm, corporation, limited liability company, trust or other entity owning, leasing, occupying, using or possessing any portion of the Property under or through the Developer following the date of the Deed. The Developer acknowledges and agrees that the foregoing covenant of release constitutes a material inducement to the City to enter into this Agreement, and that, but for such release, the City would not have agreed to convey the Property to the Developer for the Purchase Price. It is expressly agreed and understood by and between the Developer and the City that, should any future obligation of the Developer, or any of the Developer Parties, arise or be alleged to arise in connection with any environmental, soil or other condition of the Property, neither the Developer, nor any of the Developer Parties, will assert that those obligations must be satisfied in whole or in part by the City because Section 23.4 contains a full, complete and final release of all such claims.

23.6 Survival. This Section 23 shall survive the Closing or any termination of this Agreement (regardless of the reason for such termination).

SECTION 24. DEVELOPER'S EMPLOYMENT OBLIGATIONS.

24.1 Employment Opportunity. The Developer agrees, and shall contractually obligate its various contractors, subcontractors and any Affiliate of the Developer operating on the Property (collectively, the "Employers" and individually, an "Employer") to agree, that with respect to the provision of services in connection with the construction of the Project:

(a) Neither the Developer nor any Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Section 2-160-010 et seq. of the Municipal Code, as amended from time to time (the "Human Rights Ordinance"). The Developer and each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon the foregoing grounds, and are treated in a non-discriminatory manner with regard to all job-related matters, including, without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Developer and each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Developer and each Employer, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon the foregoing grounds.

(b) To the greatest extent feasible, the Developer and each Employer shall (i) present opportunities for training and employment of low and moderate income residents of the City, and (ii) provide that contracts for work in connection with the construction of the Project be awarded to business concerns which are located in or owned in substantial part by persons residing in, the City.

(c) The Developer and each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including, without limitation, the Human Rights Ordinance and the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. (1993), both as amended from time to time, and any regulations promulgated thereunder.

(d) The Developer, in order to demonstrate compliance with the terms of this Section 24.1, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.

(e) The Developer and each Employer shall include the foregoing provisions of subparagraphs (a) through (d) in every contract entered into in connection with the construction of the Project, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or affiliate, as the case may be.

(f) Failure to comply with the employment obligations described in this Section 24.1 shall be a basis for the City to pursue remedies under the provisions of Section 20.

24.2 City Resident Employment Requirement.

(a) The Developer agrees, and shall contractually obligate each Employer to agree, that during the construction of the Project, the Developer and each Employer shall comply with the minimum percentage of total worker hours performed by actual residents of the City of Chicago as specified in Section 2-92-330 of the Municipal Code (at least fifty percent); provided, however, that in addition to complying with this percentage, the Developer and each Employer shall be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions.

(b) The Developer and the Employers may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code in accordance with standards and procedures developed by the chief procurement officer of the City of Chicago.

(c) "Actual residents of the City of Chicago" shall mean persons domiciled within the City of Chicago. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

(d) The Developer and the Employers shall provide for the maintenance of adequate employee residency records to ensure that actual Chicago residents are employed on the construction of the Project. The Developer and the Employers shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

(e) The Developer and the Employers shall submit weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) to DPD in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the Developer or Employer hired the employee should be written in after the employee's name.

(f) The Developer and the Employers shall provide full access to their employment records to the chief procurement officer, DPD, the Superintendent of the Chicago Police Department, the inspector general, or any duly authorized representative thereof. The Developer and the Employers shall maintain all relevant personnel data and records for a period of at least three (3) years after the issuance of the Completion Certificate.

(g) At the direction of DPD, the Developer and the Employers shall provide affidavits and other supporting documentation to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

(h) Good faith efforts on the part of the Developer and the Employers to provide work for actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the chief procurement

officer) shall not suffice to replace the actual, verified achievement of the requirements of this Section 24.2 concerning the worker hours performed by actual Chicago residents.

(i) If the City determines that the Developer or an Employer failed to ensure the fulfillment of the requirements of this Section 24.2 concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Section 24.2. If such non-compliance is not remedied in accordance with the breach and cure provisions of Section 20.3, the parties agree that 1/20 of 1 percent (.05%) of the aggregate hard construction costs set forth in the Budget shall be surrendered by the Developer to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject the Developer and/or the other Employers or employees to prosecution.

(j) Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Agreement.

(k) The Developer shall cause or require the provisions of this Section 24.2 to be included in all construction contracts and subcontracts related to the construction of the Project.

24.3 Developer's MBE/WBE Commitment. The Developer agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, shall contractually obligate the General Contractor to agree, that during the construction of the Project:

(a) Consistent with the findings which support, as applicable, (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420 et seq., Municipal Code (the "Procurement Program"), and (ii) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650 et seq., Municipal Code (the "Construction Program," and collectively with the Procurement Program, the "MBE/WBE Program"), and in reliance upon the provisions of the MBE/WBE Program to the extent contained in, and as qualified by, the provisions of this Section 24.3, during the course of construction of the Project, at least 24% of the aggregate hard construction costs shall be expended for contract participation by minority-owned businesses and at least 4% of the aggregate hard construction costs shall be expended for contract participation by women-owned businesses.

(b) For purposes of this Section 24.3 only:

(i) The Developer (and any party to whom a contract is let by the Developer in connection with the Project) shall be deemed a "contractor" and this Agreement (and any contract let by the Developer in connection with the Project) shall be

deemed a "contract" or a "construction contract" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code, as applicable.

(ii) The term "minority-owned business" or "MBE" shall mean a business identified in the Directory of Certified Minority Business Enterprises published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a minority-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.

(iii) The term "women-owned business" or "WBE" shall mean a business identified in the Directory of Certified Women Business Enterprises published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a women-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.

(c) Consistent with Sections 2-92-440 and 2-92-720, Municipal Code, the Developer's MBE/WBE commitment may be achieved in part by the Developer's status as an MBE or WBE (but only to the extent of any actual work performed on the Project by the Developer) or by a joint venture with one or more MBEs or WBEs (but only to the extent of the lesser of (i) the MBE or WBE participation in such joint venture, or (ii) the amount of any actual work performed on the Project by the MBE or WBE); by the Developer utilizing a MBE or a WBE as the General Contractor (but only to the extent of any actual work performed on the Project by the General Contractor); by subcontracting or causing the General Contractor to subcontract a portion of the construction of the Project to one or more MBEs or WBEs; by the purchase of materials or services used in the construction of the Project from one or more MBEs or WBEs; or by any combination of the foregoing. Those entities which constitute both a MBE and a WBE shall not be credited more than once with regard to the Developer's MBE/WBE commitment as described in this Section 24.3. In accordance with Section 2-92-730, Municipal Code, the Developer shall not substitute any MBE or WBE General Contractor or subcontractor without the prior written approval of DPD.

(d) The Developer shall deliver quarterly reports to the City's monitoring staff during the construction of the Project describing its efforts to achieve compliance with this MBE/WBE commitment. Such reports shall include, inter alia, the name and business address of each MBE and WBE solicited by the Developer or the General Contractor to work on the Project, and the responses received from such solicitation, the name and business address of each MBE or WBE actually involved in the construction of the Project, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the City's monitoring staff in determining the Developer's compliance with this MBE/WBE commitment. The Developer shall maintain records of all relevant data with respect to the utilization of MBEs and WBEs in connection with the construction of the Project for at least five (5) years after completion of the Project, and the City's monitoring staff shall have access to all such records maintained by the Developer, on prior notice of at least five (5) business days, to allow the City to review the Developer's compliance with its commitment to MBE/WBE participation and the status of any MBE or WBE performing any portion of the construction of the Project.

(e) Upon the disqualification of any MBE or WBE general contractor or subcontractor, if the disqualified party misrepresented such status, the Developer shall be obligated to discharge or cause to be discharged the disqualified general contractor or subcontractor, and, if possible, identify and engage a qualified MBE or WBE as a replacement. For purposes of this subsection (e), the disqualification procedures are further described in Sections 2-92-540 and 2-92-730, Municipal Code, as applicable.

(f) Any reduction or waiver of the Developer's MBE/WBE commitment as described in this Section 24.3 shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code, as applicable.

24.4 Pre-Construction Conference and Post-Closing Compliance Requirements. Not less than fourteen (14) days prior to the Closing Date, the Developer and the Developer's General Contractor and all major subcontractors shall meet with DPD monitoring staff regarding compliance with all Section 24 requirements. During this pre-construction meeting, the Developer shall present its plan to achieve its obligations under this Section 24, the sufficiency of which the City's monitoring staff shall approve as a precondition to the First Closing. During the construction of the Project, the Developer shall submit all documentation required by this Section 24 to the City's monitoring staff, including, without limitation, the following: (a) subcontractor's activity report; (b) contractor's certification concerning labor standards and prevailing wage requirements; (c) contractor letter of understanding; (d) monthly utilization report; (e) authorization for payroll agent; (f) certified payroll; (g) evidence that MBE/WBE contractor associations have been informed of the Project via written notice and hearings; and (h) evidence of compliance with job creation/job retention requirements. Failure to submit such documentation on a timely basis, or a determination by the City's monitoring staff, upon analysis of the documentation, that the Developer is not complying with its obligations under this Section 24, shall, upon the delivery of written notice to the Developer, be deemed an Event of Default. Upon the occurrence of any such Event of Default, in addition to any other remedies provided in this Agreement, the City may: (x) issue a written demand to the Developer to halt construction of the Project, (y) withhold any further payment of any City funds to the Developer or the General Contractor, or (z) seek any other remedies against the Developer available at law or in equity.

SECTION 25. REPRESENTATIONS AND WARRANTIES.

25.1 Representations and Warranties of the Developer. shall be grounds for termination of this Agreement and the transactions contemplated hereby. The Developer hereby represents and warrants that no violation of Section 2-145-030 (b) has occurred with respect to this Agreement or the transactions contemplated hereby.

SECTION 29. PATRIOT ACT CERTIFICATION.

The Developer represents and warrants that neither the Developer nor any Affiliate (as hereafter defined) thereof is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable Laws: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List.

SECTION 30. PROHIBITION ON CERTAIN CONTRIBUTIONS PURSUANT TO MAYORAL EXECUTIVE ORDER NO. 2011-4.

30.1 The Developer agrees that the Developer, any person or entity who directly or indirectly has an ownership or beneficial interest in the Developer of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, the Developer's contractors (i.e., any person or entity in direct contractual privity with the Developer regarding the subject matter of this Agreement) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Sub-owners") and spouses and domestic partners of such Sub-owners (the Developer and all the other preceding classes of persons and entities are together the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago or to his political fundraising committee (a) after execution of this Agreement by the Developer, (b) while this Agreement or any Other Contract (as hereinafter defined) is executory, (c) during the term of this Agreement or any Other Contract, or (d) during any period while an extension of this Agreement or any Other Contract is being sought or negotiated. This provision shall not apply to contributions made prior to May 16, 2011, the effective date of Executive Order 2011-4.

30.2 The Developer represents and warrants that from the later of (a) May 16, 2011, or (b) the date the City approached the Developer, or the date the Developer approached the City, as applicable, regarding the formulation of this Agreement, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

30.3 The Developer agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

30.4 The Developer agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 2011-4 or to entice, direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 05-1.

30.5 Notwithstanding anything to the contrary contained herein, the Developer agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant

or warranty under this Section 30 or violation of Mayoral Executive Order No. 2011-4 constitutes a breach and default under this Agreement, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this Agreement, and under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

30.6 If the Developer intentionally violates this provision or Mayoral Executive Order No. 2011-4 prior to the First Closing or the Second Closing, the City may elect to decline to close the transactions contemplated by this Agreement (i.e., the conveyance of Lots 6, 7 and 8 in the case of the First Closing and the conveyance of Lot 8 in the case of the Second Closing).

30.7 For purposes of this provision:

(a) "Bundle" means to collect contributions from more than one source, which contributions are then delivered by one person to the Mayor or to his political fundraising committee.

(b) "Other Contract" means any other agreement with the City to which the Developer is a party that is (i) formed under the authority of Chapter 2-92 of the Municipal Code; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council.

(c) "Contribution" means a "political contribution" as defined in Chapter 2-156 of the Municipal Code, as amended.

(d) Individuals are "domestic partners" if they satisfy the following criteria:

(i) they are each other's sole domestic partner, responsible for each other's common welfare; and

(ii) neither party is married; and

(iii) the partners are not related by blood closer than would bar marriage in the State of Illinois; and

(iv) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and

(v) two of the following four conditions exist for the partners:

(1) The partners have been residing together for at least 12 months.

(2) The partners have common or joint ownership of a residence.

(3) The partners have at least two of the following arrangements:

(A) joint ownership of a motor vehicle;
(B) joint credit account;

(C) a joint checking account;
(D) a lease for a residence identifying both domestic partners as tenants.

(4) Each partner identifies the other partner as a primary beneficiary in a will.

(e) "Political fundraising committee" means a "political fundraising committee" as defined in Chapter 2-156 of the Municipal Code, as amended.

SECTION 31. INSPECTOR GENERAL.

It is the duty of every officer, employee, department, agency, contractor, subcontractor, developer and licensee of the City, and every applicant for certification of eligibility for a City contract or program, to cooperate with the City's Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-55 of the Municipal Code. The Developer understands and will abide by all provisions of Chapter 2-55 of the Municipal Code.

SECTION 32. WASTE ORDINANCE PROVISIONS.

In accordance with Section 11-4-1600(e) of the Municipal Code, Developer warrants and represents that it, and to the best of its knowledge, its contractors and subcontractors, have not violated and are not in violation of any provisions of Section 7-28 or Section 11-4 of the Municipal Code (the "Waste Sections"). During the period while this Agreement is executory, Developer's, any violation of the Waste Sections by the General Contractor or any subcontractor, whether or not relating to the performance of this Agreement, constitutes a breach of and an event of default under this Agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Commissioner of DPD. Such breach and default entitles the City to all remedies under the Agreement, at law or in equity. This section does not limit the duty of the Developer, the General Contractor and any subcontractors to comply with all applicable Laws, in effect now or later, and whether or not they appear in this Agreement. Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Agreement, and may further affect the Developer's eligibility for future contract awards.

SECTION 33. CITY HIRING PLAN.

33.1 The City is subject to the June 16, 2014 "City of Chicago Hiring Plan" (the "City Hiring Plan") entered in Shakman v. Democratic Organization of Cook County, Case No 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

33.2 Developer is aware that City policy prohibits City employees from directing any individual to apply for a position with Developer, either as an employee or as a subcontractor, and from directing Developer to hire an individual as an employee or as a subcontractor. Accordingly, Developer must follow its own hiring and contracting procedures, without being influenced by City employees. Any and all personnel provided by Developer under this Agreement are employees or subcontractors of Developer, not employees of the City of Chicago. This Agreement is not intended to and does not constitute, create, give rise to, or

otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by Developer.

33.3 Developer will not condition, base, or knowingly prejudice or affect any term or aspect to the employment of any personnel provided under this Agreement, or offer employment to any individual to provide services under this Agreement, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Agreement, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

33.4 In the event of any communication to Developer by a City employee or City official in violation of Section 33.2 above, or advocating a violation of Section 33.3 above, Developer will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General ("IGO Hiring Oversight"), and also to the head of the relevant City Department utilizing services provided under this Agreement. Developer will also cooperate with any inquiries by IGO Hiring Oversight related to this Agreement.

SECTION 34. FAILURE TO MAINTAIN ELIGIBILITY TO DO BUSINESS WITH THE CITY.

Failure by Developer or any controlling person (as defined in Section 1-23-010 of the Municipal Code) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code shall be grounds for termination of the Agreement and the transactions contemplated thereby. Developer shall at all times comply with Section 2-154-020 of the Municipal Code.

SECTION 35. MISCELLANEOUS.

The following general provisions govern this Agreement:

35.1 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original and all of which, taken together, shall constitute a single, integrated instrument.

35.2 Cumulative Remedies. The remedies of any party hereunder are cumulative and the exercise of any one or more of such remedies shall not be construed as a waiver of any other remedy herein conferred upon such party or hereafter existing at law or in equity, unless specifically so provided herein.

35.3 Date for Performance. If the final date of any time period set forth herein falls on a Saturday, Sunday or legal holiday under the laws of Illinois or the United States of America, then such time period shall be automatically extended to the next business day.

35.4 Disclaimer. Nothing contained in this Agreement nor any act of the City shall be deemed or construed by any of the parties, or by any third person, to create or imply any

relationship of third-party beneficiary, principal or agent, limited or general partnership or joint venture, or to create or imply any association or relationship involving the City.

35.5 Entire Agreement; Modification. This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes any prior agreements, negotiations and discussions. This Agreement may not be modified or amended in any manner without the prior written consent of the parties hereto. No term of this Agreement may be waived or discharged orally or by any course of dealing, but only by an instrument in writing signed by the party benefited by such term.

35.6 Exhibits. All exhibits referred to herein and attached hereto shall be deemed part of this Agreement.

35.7 Force Majeure. Neither the City nor the Developer nor any successor in interest to either of them shall be considered in breach of or in default of its obligations under this Agreement in the event of a delay due to unforeseeable events or conditions beyond the reasonable control of the party affected which in fact interferes with the ability of such party to discharge its obligations hereunder, including, without limitation, fires, floods, strikes, shortages of material and unusually severe weather or delays of subcontractors due to such causes. The time for the performance of the obligations shall be extended only for the period of the delay and only if the party relying on this section requests an extension in writing within twenty (20) days after the beginning of any such delay.

35.8 Form of Documents. All documents required by this Agreement to be submitted, delivered or furnished to the City shall be in form and content satisfactory to the City.

35.9 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Illinois.

35.10 Headings. The headings of the various sections and subsections of this Agreement have been inserted for convenience of reference only and shall not in any manner be construed as modifying, amending or affecting in any way the express terms and provisions hereof.

35.11 Limitation of Liability. No member, official or employee of the City shall be personally liable to the Developer or any successor in interest in the event of any default or breach by the City or for any amount which may become due to the Developer from the City or any successor in interest or on any obligation under the terms of this Agreement.

35.12 No Merger. The terms of this Agreement shall not be merged with the Deed, and the delivery of the Deed shall not be deemed to affect or impair the terms of this Agreement.

35.13 No Waiver. No waiver by the City with respect to any specific default by the Developer shall be deemed to be a waiver of the rights of the City with respect to any other defaults of the Developer, nor shall any forbearance by the City to seek a remedy for any breach or default be deemed a waiver of its rights and remedies with respect to such breach or default, nor shall the City be deemed to have waived any of its rights and remedies unless such waiver is in writing.

35.14 Severability. If any term of this Agreement or any application thereof is held invalid or unenforceable, the remainder of this Agreement shall be construed as if such invalid part were

never included herein and this Agreement shall be and remain valid and enforceable to the fullest extent permitted by law.

35.15 Successors and Assigns. Except as otherwise provided in this Agreement, the terms and conditions of this Agreement shall apply to and bind the successors and assigns of the parties.

35.16 Venue and Consent to Jurisdiction. If there is a lawsuit under this Agreement, each Party agrees to submit to the jurisdiction of the courts of Cook County, the State of Illinois and the United States District Court for the Northern District of Illinois.

35.17 The Trustee. This Agreement is executed by the Trustee, not personally but as Trustee as aforesaid in the exercise power and authority conferred upon and vested in it as such Trustee and said Trustee hereby warrants that it possesses full power and authority to execute this instrument and it is expressly understood and agreed that nothing herein shall be construed as creating any liability on the Trustee personally to perform any covenant either express or implied herein. No personal liability shall be asserted or be enforceable against the Trustee by reason of the covenants, statements, representatives or warranties contained in this instrument.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed on or as of the date first above written.

The following is said ordinance as passed:

WHEREAS, The City of Chicago ("City") is a home rule unit of government by virtue of the provisions of the Constitution of the State of Illinois of 1970 and, as such, may exercise any power and perform any function pertaining to its government and affairs; and

WHEREAS, Pursuant to ordinances adopted by the City Council of the City ("City Council") on January 14, 1997, and published in the *Journal of the Proceedings of the City Council of the City of Chicago* of such date, a certain redevelopment plan and project (the "Original Plan") for the 35th/Halsted Redevelopment Project Area (the "Area") was approved pursuant to the Illinois Tax Increment Allocation Redevelopment Act, as amended (65 ILCS 5/11-74.4-1, et seq.; the "Act"); the Area was designated as a redevelopment project area pursuant to the Act; and tax increment allocation financing was adopted pursuant to the Act as a means of financing certain Area redevelopment project costs (as defined in the Act) incurred pursuant to the Original Plan; and

WHEREAS, Pursuant to an ordinance adopted by the City Council on May 5, 2004, and published in the *Journal* of such date, the City Council approved Amendment Number 1 to the Original Plan (the Original Plan, as amended by the May 5, 2004 ordinance, hereinafter referred to as the "Revised Plan"); and

WHEREAS, The Revised Plan and the use of tax increment financing provide a mechanism to support new growth through leveraging private investment, and help to finance land acquisition, demolition, remediation, site preparation and infrastructure for new development in the Area; and

WHEREAS, The Department of Planning and Development ("Department") has identified two (2) parcels of real property in the Area that the City may acquire in furtherance of the redevelopment objectives set forth in the Revised Plan, either through negotiated sale or by exercise of the City's eminent domain power and authority; and

WHEREAS, It is necessary to acquire the two (2) parcels of real property, located in the Area and listed on the attached Exhibit A (the "Acquisition Parcel(s)"), in order to achieve

the objectives of the Revised Plan, which include, among other things, reducing or eliminating conditions that qualify the Area as a redevelopment area; and

WHEREAS, By Resolution Number 18-CDC-9, adopted by the Community Development Commission of the City of Chicago ("Commission") on March 13, 2018, the Commission recommended the acquisition of the Acquisition Parcels; and

WHEREAS, The City Council finds such acquisitions to be for the same purposes as those set forth in Divisions 74.2 and 74.4 of the Illinois Municipal Code; and

WHEREAS, The City Council further finds that such acquisition and exercise of power of eminent domain shall be in furtherance of the Revised Plan, which was first adopted in 1997 and amended in 2004 in accordance with the Act, as recited above, and was in existence prior to April 15, 2006; and

WHEREAS, The City Council further finds that prior to April 15, 2006, the Revised Plan included an estimated $36,500,000 in property assembly costs as a budget line item in Table 1 to the Revised Plan, and also described property assembly as a part of the redevelopment project for the Area; and

WHEREAS, The City Council further finds that the Acquisition Parcels were included in the Area prior to April 15, 2006, that there has been no extension in the completion date of the Revised Plan and that the Acquisition Parcels are not located in an industrial park conservation area; now, therefore,

to be in force on the date of this Agreement, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the Term of this Agreement. The Licensee shall submit evidence on insurance prior to award. The receipt of any certificates does not constitute agreement by the Licensor that the insurance requirements in the Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the Licensor to obtain certificates or other insurance evidence from Licensee shall not be deemed to be a waiver by the Licensee. The Licensee shall advise all insurers of the Agreement provisions regarding insurance. Nonconforming insurance shall not relieve Licensee of its obligation to provide Insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Agreement, and the Licensor retains the right to terminate the Agreement until proper evidence of insurance is provided.

The insurance shall provide for 60 days prior written notice to be given to the Licensor in the event coverage is substantially changed, canceled, or non-renewed.

Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by Licensee.

The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

If Licensee maintains higher limits than the minimums shown above, Licensor shall be entitled to coverage for the higher limits maintained by Licensee. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the Licensor.

The City of Chicago, Department of Finance, Office of Risk Management, maintains the right to modify, delete, alter or change these requirements.

such claim is related to or arises from personal injury or property damage which may be expended by or accrue against, be charged to, or be recovered from Licensor or Licensee by reason of Licensee's performance of or failure to perform any of Licensee's obligations, or Licensee's negligent acts or failure to act under this Agreement, or resulting from the acts or failure to act of Licensee's Agents or from any liability arising from access to the Parking Lot by any of Licensee's Agents or any third parties seeking services from Licensee. This section shall survive the expiration or termination of this Agreement.

Section 7.

for termination of this Agreement and the transactions contemplated hereby. Licensee hereby represents and warrants that no violation of Section 2-156-030(b) has occurred with respect to this Agreement or the transactions contemplated hereby.

12.2 Patriot Act Certification.

Licensee represents and warrants that neither Licensee nor any Affiliate thereof (as defined in the next paragraph) is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable law, rule, regulation, order or judgment, the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List.

12.3 Prohibition On Certain Contributions -- Mayoral Executive Order Number 2011-4.

Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this Agreement, under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Licensee intentionally violates this provision or Mayoral Executive Order Number 2011-4 prior to the execution of this Agreement, the City may elect to decline to close the transaction contemplated by this Agreement.

12.4 Waste Ordinance Provisions.

In accordance with Section 11-4-1600(e) of the Municipal Code of Chicago, Licensee warrants and represents that it, and to the best of its knowledge, its Contractors and subcontractors, have not violated and are not in violation of any provisions of Section 7-28 or Section 11-4 of the Municipal Code (the "Waste Sections"). During the period while this Agreement is executory, Licensee's, any general Contractor's or any subcontractor's violation of the Waste Sections, whether or not relating to the performance of this Agreement, constitutes a breach of and an event of default under this Agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Chief Procurement Officer. Such breach and default entitles the City to all remedies under the Agreement, at law or in equity. This section does not limit Licensee's, general Contractor's and its subcontractor's duty to comply with all applicable federal, state, county and municipal laws, statutes, ordinances and executive orders, in effect now or later, and whether or not they appear in this Agreement. Noncompliance with these terms and conditions may be used by the City as grounds for the termination of this Agreement, and may further affect the Licensee's eligibility for future contract awards.

12.5 Failure To Maintain Eligibility To Do Business With City.

Failure by Licensee or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code of Chicago shall be grounds for termination of this Agreement and the transactions contemplated thereby. Licensee shall at all times comply with Section 2-154-020 of the Municipal Code of Chicago.

12.6 Cooperation With Inspector General.

It is the duty of every officer, employee, department, agency, Contractor, subcontractor, user of real property and Licensee of the City, and every applicant for certification of eligibility for a City contract or program, to cooperate with the City's Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code of Chicago. The Licensee understands and will abide by all provisions of Chapter 2-56 of the Municipal Code of Chicago.

12.7 2014 Hiring Plan Prohibitions.

(i) The City is subject to the June 16, 2014 "City of Chicago Hiring Plan", as amended (the "2014 City Hiring Plan") entered in *Shakman v. Democratic Organization of Cook County*, Case Number 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the 2014 City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(ii) Licensee is aware that City policy prohibits City employees from directing any individual to apply for a position with Licensee, either as an employee or as a subcontractor, and from directing Licensee to hire any individual as an employee or as a subcontractor. Accordingly, Licensee must follow its own hiring and contracting procedures, without being influenced by City or City employees. Any and all personnel provided by Licensee under this Agreement are employees or subcontractors of Licensee, not employees of the City. This Agreement is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by Licensee.

(iii) Licensee will not condition, base, or knowingly prejudice or affect any Term or aspect of the employment of any personnel provided under this Agreement, or offer employment to any individual to provide services under this Agreement, based upon or because of any political reason or factor, including, without limitation, any individual's political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual's political sponsorship or recommendation. For purposes of this Agreement, a political organization or party is an identifiable group or

entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(iv) In the event of any communication to Licensee by a City employee or City official in violation of paragraph (ii) above, or advocating a violation of paragraph (iii) above, Tenant will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City's Office of the Inspector General ("OIG Hiring Oversight"), and also to the head of the relevant City department utilizing services provided under this Agreement. Licensee will also cooperate with any inquiries by OIG Hiring Oversight.

In Witness Whereof, The parties have executed this Agreement as of the day and year first above written.

INSTALLATION AND REPEAL OF TRAFFIC WARNING SIGNS.

[SO2018-3998]

The Committee on Pedestrian and Traffic Safety submitted the following report:

CHICAGO, May 23, 2018.

To the President and Members of the City Council:

Your Committee on Pedestrian and Traffic Safety, to which were referred a proposed ordinance and orders to erect and amend traffic warning signs and signals, begs leave to recommend that Your Honorable Body do *Pass* the proposed substitute ordinance submitted herewith.

This recommendation was concurred in by all members of the committee present, with no dissenting votes.

Respectfully submitted,

(Signed) WALTER BURNETT, JR.,
Chairman.

On motion of Alderman Burnett, the said proposed substitute ordinance transmitted with the foregoing committee report was *Passed* by yeas and nays as follows:

Yeas -- Aldermen Moreno, Hopkins, Dowell, King, Sawyer, Mitchell, Harris, Beale, Thompson, Cárdenas, Quinn, Burke, Lopez, Foulkes, D. Moore, Curtis, O'Shea, Brookins, Muñoz, Zalewski, Scott, Solis, Burnett, Ervin, Taliaferro, Reboyras, Santiago, Mell, Ramirez-Rosa, Villegas, Mitts, Sposato, Laurino, O'Connor, Napolitano, Reilly, Smith, Tunney, Cappleman, Osterman, J. Moore -- 41.

Nays -- None.

Alderman Beale moved to reconsider the foregoing vote. The motion was lost.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Pursuant to Title 9, Chapter 64 of the Municipal Code of Chicago, the Commissioner of Transportation is hereby authorized and directed to erect and/or amend traffic warning signs and signals, for the following locations as hereby designated:

Ward	Location And Type Of Sign
11	West 31st Street and South Shields Avenue -- "All-Way Stop" sign, stopping all approaches;

Ward	Location And Type Of Sign
21	West 85th Street and South Carpenter Street -- "All-Way Stop" sign, stopping all approaches;
23	South Neva Avenue and West 56th Street -- "Two-Way Stop" sign, stopping east and west traffic;
25	West 18th Street and South Sangamon Street -- "Stop" sign, stopping east- and westbound traffic on West 18th Street at South Sangamon Street. Not recommended. West 18th Street is a collector roadway with higher volumes than South Sangamon Street, a local street. "Stop" signs on streets with higher volumes such as 18th Street tend to increase rear-end crashes, increase congestion, and create a false sense of security for pedestrians that every vehicle will stop. Additionally, stop compliance is particularly low at T-intersections. "Stop" sign not recommended. CDOT does not recommend a "Stop" sign stopping traffic on West 18th Street (18-01130503);
27	South Wood Street and West Jackson Boulevard -- "All-Way Stop" sign, stopping all approaches (18-00057133);
28	West Hastings Street and South Paulina Street -- "All-Way Stop" sign, stopping all approaches (18-01206376);
28	West Fifth Avenue and South Albany Avenue -- "All-Way Stop" sign, stopping all approaches (18-01206878);
34	South Green Street and West 128th Place -- "All-Way Stop" sign, stopping all approaches (18-008788679);
34	West 128th Place and South Peoria Street -- "All-Way Stop" sign, stopping all approaches (18-00879973);
34	West 129th Place and South Peoria Street -- "Two-Way Stop" sign, stopping westbound traffic on West 129th Place at South Peoria Street (18-00878740).

Amendment Of Traffic Warning Sign:

Ward	Location And Type Of Sign
30	West Waveland Avenue and North Avers Avenue: repeal ordinance passed December 13, 2017 (*Journal of the Proceedings of the City Council of the City of Chicago,* page 63422) which reads: "West Waveland Avenue and North Avers Avenue -- 'Stop' sign, stopping West Waveland Avenue for North Avers Avenue" by striking the above (18-00932971).

SECTION 2. This ordinance shall take effect and be in force hereinafter its passage and publication.

Parking Prohibited At All Times -- Disabled:

Ward	Location
50	6236 North Hoyne Avenue -- Disabled Parking Permit Number 115085;
50	6250 North Talman Avenue -- Disabled Parking Permit Number 115086;
50	6416 North Richmond Street -- Disabled Parking Permit Number 113352;
50	6312 North Talman Avenue -- Disabled Parking Permit Number 115093;
50	6403 North Bell Avenue -- Disabled Parking Permit Number 115121.

Residential Permit Parking Zones:

Ward	Location
14	4401 -- 4459 South Komensky Avenue (east and west sides) -- residential permit parking zone -- at all times -- all days. Not recommended. Previously passed April 18, 2018;
14	5301 -- 5320 South Massasoit Avenue (east and west sides) -- residential permit parking zone -- at all times -- all days. Not recommended.

Amendment Of Tow-Away Zones:

Ward	Location
42	West Lake Street: repeal ordinance which reads: "West Lake Street (south side) from North Halsted Street to North Desplaines Street -- no stopping, no standing, no parking tow-away zone -- 6:00 A.M. to 10:00 A.M. -- Monday through Friday (public benefit)" by striking the above. Not recommended. Request withdrawn by alderman (17-04954201);
42	West Lake Street: repeal ordinance which reads: "West Lake Street (north side) from North Halsted Street to North Desplaines Street -- no parking tow-away zone -- 4:00 P.M. to 6:00 P.M. -- Monday through Friday (public benefit)" by striking the above. Not recommended. Request withdrawn by alderman (17-04954120).

Traffic Warning Signs And/Or Signals:

Ward	Location
7	East 89th Street and South Muskegon Avenue -- "All-Way Stop" sign, stopping all approaches. Not recommended. Duplicate proposal. Previously passed February 28, 2018. Signs are posted (18-01206437);
7	East 88th Street and South Marquette Avenue -- "All-Way Stop" sign, stopping all approaches. Not recommended. Duplicated proposal. Previously passed February 28, 2018. Signs are installed (18-01206734);
25	West Jackson Boulevard and South Sangamon Street -- "Stop" sign, stopping east- and westbound traffic on West Jackson Boulevard at South Sangamon Street. West Jackson Boulevard is a major collector roadway with significantly higher traffic volumes than South Sangamon Street, a local roadway. "Stop" signs on streets with higher volumes such as West 47th Street tend to increase rear-end crashes, increase congestion, and create a false sense of security for pedestrians that every vehicle will stop. Additionally, the 25th Ward has recently funded two curb extensions on the west leg of West Jackson Boulevard at South Sangamon Street. These bump-outs should improve pedestrian safety by narrowing the crossing distance across West Jackson Boulevard. Not recommended. CDOT does not recommend an "All-Way" stop at this location. The funded curb extensions at this intersection will improve pedestrian visibility and safety (18-01131073);

Ward	Location
40	North Hoyne Avenue at West Argyle Street -- "Stop" sign, stopping eastbound traffic. Not recommended. Duplicate proposal previously passed January 17, 2018 (*Journal of the Proceedings of the City Council of the City of Chicago,* page 65216). Signs are posted (18-00900921).

These *Do Not Pass* recommendations were concurred in by all members of the Committee present, with no dissenting votes.

Respectfully submitted,

(Signed) WALTER BURNETT, JR.,
Chairman.

Reclassification Of Area Shown On Map No. 1-E.
(As Amended)
(Application No. 19557)
(Common Address: 171 N. Wabash Ave.)

[SO2018-1906]

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That Title 17 of the Municipal Code of Chicago, Chicago Zoning Ordinance, be amended by changing all the Residential-Business Planned Development Number 1116 symbols and indications as shown on Map Number 1-E in the area bounded by:

East Lake Street; North Garland Court; East Benton Place; North Wabash Avenue; a line 64.85 feet north of and parallel to East Benton Place; and a line 100.48 feet west of and parallel to North Garland Court,

to the designation of Residential-Business Planned Development Number 1116, as amended, which is hereby established in the area above described, subject to such use and bulk regulations as are set forth in the Plan of Development attached herewith and made a part thereof and to no others.

SECTION 2. This ordinance shall take effect upon its passage and due publication.

Plan of Development Statements referred to in this ordinance read as follows:

Residential-Business Planned Development No. 1116, As Amended.

Plan Of Development Statements.

1. The area delineated herein as Residential-Business Planned Development Number 1116, as amended, consists of property commonly known as 73 East Lake Street and 171 North Wabash Avenue, Chicago Illinois (the "Property"). The Property consists of Subarea A of approximately 17,120 square feet and Subarea B of approximately 7,795 square feet for a total net site area of 24,915 square feet (0.5719 acre). The Property in Subarea B is owned, controlled or zoning consent has been received by the Applicant, CCA MDA II LLC. This amendment only makes changes with respect to Subarea B.

2. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees, or grantees. Any dedication or vacation of streets or alleys, or easements, or adjustments of right-of-way, or consolidation or resubdivision of parcels, shall require a separate submittal on behalf of the Applicant or its successors, assignees, or grantees and approval by the City Council.

3. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and, if different then to the owners of record title to all of the Property and to any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or under single designated control. Single designated control for purposes of this paragraph shall mean that any application to the City for any amendment to this

Planned Development or any other modification or change thereto (administrative, legislative or otherwise) shall be made or authorized by all the owners of the Property and any ground lessors. An agreement among property owners or a covenant binding property owners may designate the authorized party for any future amendment, modification or change. Provided, however, that after the adoption of an ordinance wherein the Property is divided into specifically delineated subareas, each having its own bulk and density standards, or similar subarea specific development controls or requirements, the owners of or designated controlling party for each subarea may seek amendments, changes, or modifications for that subarea without the consent of the owners or designated controlling party of the other subareas.

4. This plan of development consists of 18 Statements; a Bulk Regulations and Data Table; an Existing Zoning Map; Existing Land-Use Map; a Planned Development Boundary and Property Line and Subarea Map; a Site Plan; Landscape Plan, a Roof Plan, 6th Floor Bridge Connection Plan; and Building Elevations prepared by Hartshorne Plunkard Architecture dated April 19, 2018. Full size sets of the Site Plan, Landscape Plan, Roof Plan and Building Elevations are on file with the Department of Planning and Development. The Planned Development is applicable to the area delineated hereto and these and no other zoning controls shall apply.

5. The following uses shall be permitted within the area herein delineated as Subarea A of the Residential-Business Planned Development Number 1116, as amended: residential, commercial, retail, accessory parking, and related uses and services, and all uses permitted in the commercial use group of the D-X Downtown Mixed-Use District. The following uses shall be prohibited in Subarea A: hotel, animal services, undertaking, entertainment cabaret, uses permitted under the vehicle sales and service, and industrial uses. The following uses shall be permitted within the area herein delineated as Subarea B of the Residential-Business Planned Development Number 1116, as amended: residential, business support services (excluding day labor employment agency), financial services (excluding payday/title secured loan stores and pawn shops), general retail sales, eating and drinking establishments, food and beverage retail sales (excluding package liquor stores), office, medical service, personal service, religious assembly and related facilities and accessory uses. The following uses shall be prohibited in Subarea B: hotel, animal services, undertaking, entertainment cabaret, and uses permitted under the vehicle sales and service, and industrial uses.

6. On-premises Business Identification signs shall be permitted within the Planned Development subject to the review and approval of the Department of Planning and Development. Temporary signs, such as construction and marketing signs shall be permitted, subject to the review and approval of the Department of Planning and Development. No off-premises signs shall be permitted.

7. Ingress and egress shall be subject to the review and approval of the Department of Transportation Bureau of Traffic, and the Department of Planning and Development. All work proposed in the Public Way must be designed and constructed in

accordance with the Chicago Department of Transportation Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Closure of all or part of any public streets or alleys during demolition or construction shall be subject to the review and approval of the Chicago Department of Transportation. The Subarea A Applicant will reimburse the City for the cost to retrofit existing traffic signals with up to four pedestrian countdown signals at the intersection of Lake Street and Michigan Avenue.

8. For the purposes of measuring height, the definition in the Chicago Zoning Ordinance shall apply. In addition to the maximum height of the building and any appurtenance thereto prescribed in this Planned Development, the height of any improvement shall also be subject to height limitations approved by the Federal Aviation Administration.

9. For purposes of Floor Area Ratio (FAR) calculations, the definitions in the Chicago Zoning Ordinance shall apply. The maximum permitted floor area ratio ("FAR") shall be in accordance with the attached Bulk Regulations and Data Table. The permitted FAR identified in the Bulk Regulations and Data Table has been determined using a Net Site Area of 24,915 square feet, a base FAR of 16.0 and an additional Floor Area Bonus, as follows:

Description	FAR
Base FAR	16.00
Affordable Housing Bonus	2.40
Total FAR	18.40

The calculation of the additional floor area ratio ("FAR") obtained through the proposed Affordable Housing Bonus is as follows:

FAR = 16 x 0.15 = 2.40 FAR

2.40 x 24,915 square feet = 59,796 square feet.

59,796 square feet x $31.00 per square foot x .80 = a $1,482,941.00 contribution.

10. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.

11. The improvements shall be designed, installed and maintained in substantial conformance with the Site Plan, Landscape Plan and Building Elevations and in accordance with the parkway tree provisions of the Chicago Zoning Ordinance and corresponding regulations and guidelines. Notwithstanding any statement to the contrary, this Planned Development shall be subject to the provisions of Chapter 17-11 of the Chicago Zoning Ordinance governing landscaping and screening. In any instance where a provision of this Planned Development conflicts with landscape and screening provisions of the Chicago Zoning Ordinance, the Chicago Zoning Ordinance shall control. Nothing in this Planned Development is intended to waive the applicability of the landscape and screening provisions of the Chicago Zoning Ordinance.

12. The terms, conditions and exhibits of this Planned Development ordinance may be modified administratively pursuant to Section 17-13-0611 of the Chicago Zoning Ordinance by the Zoning Administrator of the Department of Planning and Development, upon the application for such a modification by the Applicant and after a determination by the Zoning Administrator that such a modification is minor, appropriate and consistent with the nature of the improvements contemplated in this Planned Development and the purposes underlying the provisions hereof. Any such modification of the requirements of this statement by the Commissioner of the Department of Planning and Development shall be deemed to be a minor change in the Planned Development as contemplated by Section 17-13-0611 of the Chicago Zoning Ordinance.

13. The Applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner that promotes and maximizes the conservation of natural resources. The buildings to be constructed in Subarea A shall be constructed under the Leadership in Energy and Environmental Design (LEED) Green Building Rating System. With respect to the buildings in Subarea A, the Applicant shall provide a vegetated ("green") roof on at least fifty percent (50%) of the building's net roof area. Subarea A will provide a green roof with (5,522) square feet. "Net roof area" is defined as total roof area minus any required perimeter setbacks, rooftop structures, and roof-mounted equipment. For Subarea B, the Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.

14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. Pursuant to Section 17-4-1004 of the Zoning Ordinance, the Applicant has asked for an increase in the floor area ratio for Subarea A of the Property, as set forth in the bonus worksheet required under Section 17-4-1003-D ("Bonus Worksheet"). Projects receiving an affordable housing floor area bonus must either provide on-site affordable housing units or make a cash payment to the City's Affordable Housing Opportunity Fund in accordance with formulas set forth in Section 17-4-1004-D. The Applicant has elected to make a cash payment in lieu of providing on-site affordable housing units. In accordance with the formulas set forth in Section 17-4-1004-D and the Bonus Worksheet, the Applicant acknowledges and agrees that it must make a cash payment to the Affordable Housing Opportunity Fund in the amount of $1,482,941.00 ("Cash Payment"). The Applicant must make the required Cash Payment before the issuance of building permits for the construction of the building in Subarea A, and must comply with all applicable affordable housing standards and requirements set forth in Section 17-4-1004, the terms of which are incorporated herein by this reference.

16. As to Subarea B only, the Applicant acknowledges and agrees that the rezoning of the Property from Residential-Business Planned Development Number 1116 to Residential-Business Planned Development Number 1116, as amended, to add 21 additional residential units, triggers the requirements of Section 245-115 of the Municipal Code of Chicago (Affordable Requirements Ordinance or ARO) as to the 21 additional residential units. Any developer of a residential housing project within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project (Required Units) as affordable units, or with the Commissioner of the Department of Planning and Development's (DPD) approval, provide the Required Units in an approved off-site location; (ii) pay a fee in lieu of the development of the Required Units; or, (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the Required Units on-site or off-site. If the developer elects to provide affordable units off-site, the off-site affordable units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. The Property is located in a downtown district, within the meaning of the ARO, and the project has a total of 21 additional units. As a result, the Applicant's affordable housing obligation is 2 affordable units (10 percent of 21 rounded down), one of which is a Required Unit (25 percent of 2, rounded up). Applicant has agreed to satisfy its affordable housing obligation by providing 2 affordable units in the rental building to be constructed in the P.D., as set forth in the Affordable Housing Profile Form attached hereto as Exhibit A. The Applicant agrees that the affordable units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the P.D., or build a for-sale project instead, the Applicant shall update and resubmit the Affordable Housing Profile Form to DPD for review and approval; DPD may adjust the requirements and number of required Affordable Units without amending the P.D.. Prior to the issuance of any building permits for any residential building in the P.D., including, without limitation, excavation or foundation permits, the Applicant must make the required Cash Payment and/or execute and record an affordable housing agreement in

accordance with Section 2-45115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the P.D., or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement 16, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the P.D.

17. As to Subarea B only, the Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and *(ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the Applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

* Editor's Note: Numbering sequence error; (i) missing in original document.

18. Unless substantial construction on Subarea B has commenced within six (6) years following adoption of this Planned Development, and unless completion is thereafter diligently pursued, then this Planned Development shall expire. If this Planned Development expires under the provisions of this section, then the zoning of Subareas A and B of the Planned Development shall automatically revert to Residential-Business Planned Development Number 1116, as amended on June 22, 2016.

SECTION 3. This ordinance shall take effect upon its passage and due publication:

Plan of Development Statements referred to in this ordinance read as follows:

Standard Planned Development Statements.

1. The area delineated herein as Planned Development Number _____ ("Planned Development") consists of approximately 1,342,067 square feet of property which is depicted on the attached Planned Development Boundary and Property Line Map ("Property") and is owned or controlled by the Applicant, Commonwealth Edison Company.

2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and, if different than the Applicant, the legal titleholder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400.

3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation on behalf of the Applicant or its successors, assigns or grantees. It is further acknowledged that as part of the project, the Applicant has agreed to dedicate a portion of the current net site area surrounding the perimeter of the Property along portions of North California Avenue and West Addison Street for sidewalk widening purposes. The resulting dedications will decrease the overall net site area of the project (approximately 4,000 square feet) and the Applicant will pursue an administrative change (Minor Change) to the Planned Development to update the project's bulk table and other documents as may be necessary at the time of such dedication. The dedicated area for sidewalk widening purposes will be subject to a final survey and the review and approval of the Departments of Planning and Development and Transportation.

   Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the Planned Development.

   Ingress or egress shall be pursuant to the Planned Development and may be subject to the review and approval of the Departments of Planning and Development and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

Pursuant to a negotiated and executed Perimeter Restoration Agreement ("Agreement") by and between the Department of Transportation's Division of Infrastructure Management and the Applicant, the Applicant shall provide improvements and restoration of all public way adjacent to the Property, which may include, but not be limited to, the following as shall be reviewed and determined by the Department of Transportation's Division of Infrastructure Management:

-- Full width of streets

-- Full width of alleys

-- Curb and gutter

-- Pavement markings

-- Sidewalks

-- ADA crosswalk ramps

-- Parkway & Landscaping

The Perimeter Restoration Agreement must be executed prior to any Department of Transportation and Planned Development Part II Review permitting. The Agreement shall reflect that all work must comply with current Rules and Regulations and must be designed and constructed in accordance with the Department of Transportation's Construction Standards for work in the Public Way and in compliance with the Municipal Code of Chicago Chapter 10-20. Design of said improvements should follow the Department of Transportation's Rules and Regulations for Construction in the Public Way as well as The Street and Site Plan Guidelines. Any variation in scope or design of public way improvements and restoration must be approved by the Department of Transportation.

4. This plan of development consists of 17 Statements; a Bulk Regulations Table; an Existing Zoning Map; an Existing/Proposed Land-Use Map; a Planned Development Boundary and Property Line Map; Phasing Plan; Site Plans/Partial Site Plans (all phases); Overall Landscape Plan; Partial Landscape Plan; Detailed Landscape Plans; Street Section Plans (all phases) and Office/Warehouse Building Elevations (North, South, East and West) prepared by Solomon Cordwell Benz and dated April 19, 2018, submitted herein. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development Ordinance and the Chicago Zoning Ordinance, this Planned Development shall control.

5. The following uses are permitted in the area delineated herein as a Planned Development: office, utilities and services, major and minor, including electrical substation and solar array panels, warehousing, outdoor storage of materials and vehicles, fuel stations, accessory parking, motor vehicle repair shop, co-located and freestanding (towers) wireless communication facilities, interim surface accessory parking and related, ancillary and accessory uses.

6. On-premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-premises signs are prohibited within the boundary of the Planned Development.

7. For purposes of height measurement, the definitions in the Chicago Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

8. The maximum permitted floor area ratio (FAR) for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purpose of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations and Data Table has been determined using a net site area of 1,342,067 square feet and a base FAR of 2.20. (See also Statement 3).

9. Upon review and determination, Part II Review, pursuant to Section 17-13-0610, a Part II Review fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.

10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines, including Section 17-13-0800. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval. The Applicant commits to installing a screen wall and landscaping along the south side of Addison Street and the east side of California Avenue as an off-site infrastructure improvement to screen the existing electrical substation located at the southeast corner of Addison Street and California Avenue prior to issuance of the final Certificate of Occupancy for the office building.

11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085, or any other provision of the Municipal Code of Chicago.

12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A, by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.

13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.

15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The city encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and *(ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to

M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

16. Prior to the Part II Approval (Section 17-13-0610 of the Chicago Zoning Ordinance) of any future development phases (per Phasing Exhibit), the Applicant shall submit a site plan, landscape plan and building elevations for the specific development phase(s) for review and approval by the Department of Planning and Development (DPD). The Applicant shall also make a courtesy presentation to the Chicago Plan Commission to keep the Plan Commission informed of Phases 4a, 4b and 5. Review and approval by DPD is intended to assure that specific development components substantially conform with the Planned Development (P.D.) and to assist the City in monitoring ongoing development. Site Plan Approval Submittals (Section 17-13-0800) for these phases, need only include that portion of the Property for which approval is being sought by the Applicant. If the Applicant is seeking approval for a portion of the Property that represents less than an entire phase, the Applicant shall also include a site plan for that area of the Property which is bounded on all sides by either public rights-of-way or the boundary of the nearest phase area. The site plan provided shall include all dimensioned and planned street rights-of-way.

    The Applicant agrees, as part of site plan approval for the interim surface parking lot condition after the Phase 3 demolition of the existing office building, to provide an interim setback of not less than 50 feet along Addison Street for a distance of approximately 335 feet west of the east property line and a setback of not less than 75 feet along California Avenue for a distance of approximately 400 feet south of the north property line (as opposed to the 25-foot setback to be provided along Addison Street and California Avenue beyond the footprint of the existing office building as depicted in the attached Phase 3 Interim Site Plan Exhibit). Thereafter, as part of the site plan approval for the future infrastructure identified in Phase 4 and Phase 5, the Applicant shall be allowed to reduce the setback along Addison Street and California Avenue to 25-feet from the property line as depicted in the attached Phase V Ultimate Site Plan Exhibit. The above referenced 25-feet setback dimension is to be measured from the Property line existing as of the date of passage of this Planned Development and shall include any area dedicated for sidewalk purposes as counting towards the overall 25-feet future setback.

No Part II Approval for any portion of the Property shall be granted until Site Plan approval has been granted. Following approval by DPD, the approved Site Plan Approval Submittals for the various phases, supporting data and materials shall be made part of the main file and shall be deemed to be an integral part of the P.D.

After approval of the Site Plan, changes or modifications may be made pursuant to the provisions of Statement 12. In the event of any inconsistency between approved plans and the terms of the P.D.. the terms of the P.D. shall govern. Any Site Plan Approval Submittals for the phases shall, at a minimum, provide the following information:

-- fully-dimensioned site plan (including a footprint of the proposed improvements);

-- fully-dimensioned building elevations;

-- fully-dimensioned landscape plan(s); and,

-- statistical information applicable to the subject phase, including floor area, the applicable floor area ratio, uses to be established, building heights and setbacks.

Site Plan Approval Submittals shall include all other information necessary to illustrate substantial conformance to the P.D.

17. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to M2-2 (Light Industry District).

11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085, or any other provision of the Municipal Code of Chicago.

12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A of the Chicago Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.

13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

14. The Applicant shall install a traffic signal at the Pulaski Access Drive and left-turn arrows on North Pulaski Road at the Access Drive in the north direction. The Applicant shall coordinate the design of the Pulaski Access Drive, left-turn arrows, and the signal design with the Chicago Department of Transportation in order to properly design for pedestrians, bicycles, trucks, vehicular traffic, CTA bus stops, and on-street parking.

15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.

16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City

The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and *(ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

17. This Planned Development shall be governed by Section 17-13-0612 of the Chicago Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to an M3-1 (Heavy Industry District).

-- An updated traffic study.

Subarea Site Plan Approval Submittals shall include all other information necessary to illustrate substantial conformance to the P.D..

16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and *(ii) 50 percent City resident hiring (measured

against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

17. The Applicant acknowledges and agrees that the rezoning of the Property from RS2 Residential Single-Unit (Detached House) District, B3-2 Community Shopping District and C1-2 Neighborhood Commercial District to B3-3 Community Shopping District, and then to this Planned Development, and the receipt of financial assistance from the City in the form of TIF and other funding trigger the requirements of Section 2-45-115 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 20 percent of the housing units in the residential housing project (the "Required Units") as affordable units; (ii) pay a fee in lieu of the development of the Required Units; or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the Required Units on-site, and that projects that receive financial assistance from TIF funds must provide one-half of the "Required Units" to be affordable to households earning up to sixty percent (60%) of the area median income and one-half of the Required Units to be affordable to households earning up to fifty percent (50%) of the area median income. The Property is located in a "low-moderate income area" within the meaning of the ARO; the project has a total of 134 units; and the project will receive TIF funds from the City. As a result, the Applicant's affordable housing obligation is 27 affordable units (20 percent of 134 units rounded up), 7 of which are Required Units (25 percent of 27). The Applicant agrees that 13 of the affordable rental units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago;

and 14 of the affordable rental units must be affordable to households earning no more than 50 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval, and DPD may adjust the number of required Affordable Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must make the required cash payment and/or execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement 17, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

Notwithstanding the foregoing, if the Applicant receives Low-Income Housing Tax Credits, tax increment financing or other financial assistance whose affordability requirements exceed those of the Affordable Housing Ordinance from the City to develop affordable housing in any portion of the Planned Development, the regulatory, redevelopment, loan or other agreement(s) to be executed by the City and the Applicant in connection with such tax credits or other financial assistance shall govern and control the Applicant's obligation to provide affordable housing for such subsidized portion of the Planned Development.

18. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to B3-3 (Community Shopping District).

Single designated control is defined in Section 17-8-0400 of the Zoning Ordinance.

3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation on behalf of the Applicant or its successors, assign or grantees.

   Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the plans.

   Ingress or egress shall be pursuant to the plans and may be subject to the review and approval of the Departments of Planning and Development and Transportation.

Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

4. This plan of development consists of 16 Statements; a Bulk Regulations Table; an Existing Zoning Map; a General Land-Use Map; a Planned Development Boundary and Property Line Map; Site and Landscape Plan; General Roof Plan; and Building Elevations (North, South, East and West) dated May 19, 2016, submitted herein. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Zoning Ordinance, this Planned Development ordinance shall control.

6. On-premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-premises signs are prohibited within the boundary of the Planned Development.

7. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

8. The maximum permitted Floor Area Ratio ("FAR") for the site shall be in accordance with the attached Bulk Regulations Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations Table has been determined using a net site area of 25,926 square feet.

9. The Applicant acknowledges and agrees that the rezoning of the Property from the M1-3 designation to a B2-5 designation and then to Residential Planned Development Number 1325 for construction of this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance"). Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance ("Residential Project") must: (i) develop affordable housing units as part of the Residential Project; (ii) pay a fee in lieu of the

development of affordable housing units; or (iii) any combination of (i) and (ii). In accordance with these requirements and the Affordable Housing Profile Form attached hereto as Exhibit A, the Applicant has agreed to provide 10 affordable housing units in the Residential Project for households earning up to 60 percent of the Chicago Primary Metropolitan Statistical Area median income (the "Affordable Units"), or make a cash payment to the Affordable Housing Opportunity Fund in the amount of $100,000 per unit ("Cash Payment"). At the time of each Part II Review for the Residential Project, Applicant may update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval. If the Applicant subsequently reduces the number of dwelling units in the Residential Project, DPD may adjust the requirements of this Statement 9 (i.e., number of Affordable Units and/or amount of Cash Payment) accordingly without amending the Planned Development. Prior to the issuance of any building permits for the Residential Project, including, without limitation, excavation or foundation permits, the Applicant must either make the required Cash Payment, or execute an Affordable Housing Agreement in accordance with Section 2-45-110(i)(2). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Residential Project and will constitute a lien against each Affordable Unit. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. The Commissioner of DPD may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development. If this Planned Development does not receive City Council approval by July 13, 2016, the project will be subject to Section 2-45-115 of the Municipal Code (the "2015 ARO"). In such event, the Applicant shall meet with the Department of Planning and Development to determine the application of the 2015 ARO to the project, and the 2015 ARO requirements will replace and supersede the affordability requirements set forth in this section.

(The original (2016) version of this Planned Development was approved by the Chicago City Council in 2016 and can be found at June 22, 2016, Council *Journal of Proceedings,* pages 27591 -- 27606).

10. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.

11. The Site and Landscape Plan shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.

12. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Environment and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that code.

13. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.

14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. In accordance with the City of Chicago Sustainability Matrix, the project shall incorporate photovoltaic cells totaling approximately 2,624 square feet on the roof (or 25 percent of the otherwise required Green Roof) and the building will achieve LEED Certification.

16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to the B2-5 district.

NARRATIVE AND PLANS
TO A TYPE 1 ZONING AMENDMENT
FROM C1-1 to B3-5
12345 South Halsted Street

This project is for the conversion of an existing one story 16,018 square foot 14 feet building on a 21,230 square foot lot from a bowling alley into a funeral home facility with 10 off-street parking spaces. The project is located at 12345 South Halsted Street. This proposal is for interior alterations only. There is no addition planned or contemplated. There are no dwelling units on site and none are proposed. The exterior of the building will be refreshed to reflect the new funeral home use.

The property is presently zoned C1-1 Neighborhood Commercial District. The proposed B3-5 Community Shopping District classification will allow the new owner to complete the renovation of the building. The building permit process has been stopped because of an off-street parking determination that cannot be accommodated on site. The applicant has started the process to purchase nearby property for the purpose of establishing additional off-street parking. This business cannot survive without sufficient off-street parking.

The establishment of this use at this location will be compatible with existing uses in the surrounding area.

The area delineated herein as Planned Development Number 1283, as amended ("Planned Development"), consists of approximately 54,881 square feet or approximately 1.26 acres of land which is depicted on the attached Planned Development Boundary and Property Line Map ("Property") and is owned or controlled by the Applicant, Aberdeen Acquisitions II LLC and Lake Acquisitions LLC, respectively.

2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and, if different than the Applicant, the legal titleholder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400.

3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation on behalf of the Applicant or its successors, assigns or grantees.

   Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the Planned Development.

   Ingress or egress shall be pursuant to the Planned Development and may be subject to the review and approval of the Departments of Planning and Development and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

   Pursuant to a negotiated and executed Perimeter Restoration Agreement ("Agreement") by and between the Department of Transportation's Division of Infrastructure Management and the Applicant, the Applicant shall provide improvements and restoration of all public way adjacent to the property, which may include, but not be limited to, the following as shall be reviewed and determined by the Department of Transportation's Division of Infrastructure Management:

   -- Full width of streets

   -- Full width of alleys

-- Curb and gutter

-- Pavement markings

-- Sidewalks

-- ADA crosswalk ramps

-- Parkway and landscaping

The Perimeter Restoration Agreement must be executed prior to any Department of Transportation and Planned Development Part II Review permitting. The Agreement shall reflect that all work must comply with current Rules and Regulations and must be designed and constructed in accordance with the Department of Transportation's Construction Standards for work in the Public Way and in compliance with the Municipal Code of Chicago Chapter 10-20. Design of said improvements should follow the Department of Transportation's Rules and Regulations for Construction in the Public Way as well as The Street and Site Plan Design Guidelines. Any variation in scope or design of public way improvements and restoration must be approved by the Department of Transportation.

4. This plan of development consists of seventeen (17) Statements; a Bulk Regulations Table; an Existing Zoning Map; an Existing Land-Use Map; a Planned Development Boundary and Property Line Map; Site Plan; Subarea Map; Landscape Plan; and Building Elevations (North, South, East and West) prepared by Solomon Cordwell Buenz Architects and dated April 19, 2018, submitted herein. In addition, the exhibits associated with the original Planned Development 1283 (the existing building located in Subarea A) are incorporated by reference (June 17, 2015, *Journal of the Proceedings of the City Council of the City of Chicago*, pages 1810 through 1818.) In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development ordinance and the Chicago Zoning Ordinance, this Planned Development shall control.

5. The following uses are permitted in the area delineated herein as Residential Business Planned Development Number 1283, as amended:

Subarea A:

offices, retail sales, general; eating and drinking establishments (including taverns); personal services; residential dwelling units located above the ground floor; accessory uses and accessory off-street parking and loading; and

Subarea B:

offices, retail sales, general; eating and drinking establishments (including taverns); personal services; sports and recreation participant; residential dwelling units located above the ground floor; accessory uses and accessory off-street parking and loading.

6. On-premises signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-premises signs are prohibited within the boundary of the Planned Development.

7. For purposes of height measurement, the definitions in the Chicago Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

8. The maximum permitted floor area ratio (FAR) for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purpose of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations and Data Table has been determined using a net site area of 54,881 square feet and a base FAR of 5.0. The improvements to be constructed on the Property will be subject to the following Neighborhood Opportunity Fund floor area bonus criteria; otherwise more specifically described in Sections 16-14-010, 17-4-1000 and other referenced portions of the Municipal Code of Chicago:

Description	FAR
Base FAR	5.0
Neighborhood Opportunity	1.47
Total FAR	6.47

Neighborhood Opportunity Bonus Calculation:

1.47 x 54,881 = 80,675.07 square feet

80,675.07 square feet x $29.00 per square foot x 0.80 = $1,871,661.62 contribution

The Applicant acknowledges that the project has received a bonus FAR of 1.47, pursuant to Section 17-4-1000 of the Zoning Ordinance. With this bonus FAR, the total FAR for the Planned Development is 6.47. In exchange for the bonus FAR, the Applicant is required to make a corresponding payment, pursuant to Sections 17-4-1003-B and C, prior to the issuance of the first building permit for any building in the Planned Development; provided, however, if the Planned Development is constructed in phases, the bonus payment may be paid on a pro rata basis as the first building permit for each subsequent new building or phase of construction is issued. The bonus payment will be recalculated at the time of payment (including partial payments for phased developments) and may be adjusted based on changes in median land values in accordance with Section 17-4-1003-C.3. The bonus payment will be split between three separate funds, as follows: 80 percent to the Neighborhoods Opportunity Fund, 10 percent to the Citywide Adopt-a-Landmark Fund and 10 percent to the Local Impact Fund. In lieu of paying the City directly, the Department may: (a) direct developers to deposit a portion of the funds with a sister agency to finance specific local improvement projects; (b) direct developers to deposit a portion of the funds with a landmark property owner to finance specific landmark restoration projects; or (c) approve proposals for in-kind improvements to satisfy the Local Impact portion of the payment.

9. Upon review and determination, Part II Review, pursuant to Section 17-13-0610, a Part II Review fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.

10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines, including Section 17-13-0800. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.

11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085, or any other provision of the Municipal Code of Chicago.

12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A, by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.

13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the

Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.

15. The Applicant acknowledges and agrees that the rezoning of the Property from C1-2 Neighborhood Commercial District to DX-5 Downtown Mixed-Use District, and then to Residential Business Planned Development Number 1283, as amended (P.D.), for construction of the Project triggers the requirements of Section 2-45-115 of the Municipal Code (the "Affordable Requirements Ordinance" or the "ARO"). The Applicant further acknowledges and agrees that the Property is located in the Near North/Near West Pilot Area, pursuant to Section 2-45-117 of the Municipal Code (the "Near North/Near West ARO Pilot Area Ordinance" or the "Pilot"). The Near North/Near West Pilot Area is divided into two (2) zones: the Near North Zone and the Near West Zone; the Property is located in the Near North Zone. In the Near North Zone, pursuant to ARO, the percentage of units in a residential housing project required to be affordable for a period of 30 years, whether rental or for-sale, is increased from 10 percent to 20 percent. Any developer of a residential housing project in the Near North Zone must provide the first 10 percent of units required to be affordable (the "First Units") either: (i) in the residential housing project, or (ii) with the approval of the Commissioner of the Department of Planning and Development (the "Commissioner"), in an off-site location within 2 miles of the Property and in the same or a different higher income area or downtown district, or (iii) any combination of (i) and (ii). In addition, the developer must provide the (second) 10 percent of units required to be affordable (the "Additional Units") either: (i) in the residential housing project, or (ii) with the Commissioner's approval, in an off-site location anywhere within the Near North/Near West Pilot Area, regardless of distance from the project or income area, or (iii) any combination of (i) and (ii). The project has a total of two-hundred and thirty-six (236) housing units. As a result, the Applicant's affordable housing obligation is forty-seven (47) affordable units (20 percent of 236), consisting of twenty-four (24) First Units and twenty-three (23) Additional Units. Applicant has agreed to satisfy its affordable housing obligation by providing the First Units in the rental building to be constructed in the Planned Development, and the Additional Units in a location or locations within the Near North Pilot Area to be approved by the Department of Planning and Development ("DPD"), as set forth in the Affordable Housing Profile Form attached hereto. In accordance with the ARO Pilot, the Applicant is required to lease the First Units to households earning up to 60 percent of the Chicago Primary Metropolitan Statistical Area median income ("AMI") at prices affordable to households at such income level, as determined by rule and approved by the Commissioner, at prices affordable to households at such income level, and the Additional Units to households earning up to 80 percent or 100 percent of AMI at

prices affordable to households at such income level, as determined by rule and approved by the Commissioner. If the Applicant subsequently reduces (or increases) the number of housing units in the project, or elects to build a for-sale project instead of a rental project, or with the Commissioner's approval elects to construct or otherwise locate off-site units instead of on-site units, the Applicant shall update and resubmit the Affordable Housing Profile Form to DPD for review and approval. DPD may adjust the requirements to reflect any such change without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner may enforce remedies for any breach of this Statement Number 15, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and *(ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a

* Editor's Note: Numbering sequence error; (i) missing in original document.

Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

17. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to DX-5 Downtown Mixed-Use District.

The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.

16. Due to the city's prior ownership and sale of the Property and subsequent consent to transfer the Property to the Applicant, the Applicant acknowledges and agrees that the Planned Development is subject to the requirements of Section 2-45-115 of the Municipal Code (the "2015 Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10 percent of the housing units in the residential housing project ("ARO Units") as affordable units, or with the approval of the Commissioner of the Department of Planning and Development ("DPD"), provide the ARO Units in an approved off-site location; (ii) pay a fee in lieu of the development of the ARO Units; or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25 percent of the ARO Units

on-site or off-site ("Required Units"). If the developer elects to provide ARO Units off-site, the off-site ARO Units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. The Property is located in a "higher income area" within the meaning of the ARO, and the project has a total of 45 units, only 41 of which are subject to the ARO. The remaining four units are located in a building that the Developer is constructing for and donating to Northwestern University Settlement Association pursuant to a redevelopment agreement to be entered into with the City. These four units will be subject to separate affordability requirements. As a result, the Applicant's affordable housing obligation is four affordable units (10% of 41 rounded down), one of which is a Required Unit (25 percent of four). Applicant has agreed to satisfy its affordable housing obligation by providing four affordable units in an off-site location, as set forth in the Affordable Housing Profile Form attached hereto. The Applicant has requested permission to provide affordable rental units, instead of affordable for-sale units, and the City has agreed to waive the requirement set forth in Section 2-45-115(U)(2) that condominium or other for-sale developments must provide for-sale affordable units. The City has agreed to waive this requirement in recognition of the Developer's obligation to preserve the Character Defining Features of the historic St Boniface Church, as defined in Statement 18 of this P.D. The Applicant agrees that the affordable rental units must be affordable to households earning no more than 60 percent of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City. If the Applicant subsequently reduces (or increases) the number of housing units in the project, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development ("DPD") for review and approval. DPD may adjust the requirements to reflect any such change without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner may enforce remedies for any breach of this Statement 15, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

17. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. As part of the Applicant's Redevelopment Agreement, the Applicant is required to achieve the following standards, at a minimum: 26 percent MBE and 6 percent WBE participation (measured against the

total construction budget for the project or any phase thereof), and *(ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). Furthermore, to assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at two points in the City approval process. First, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) the Applicant's outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof (c) responses to the Applicant's outreach efforts, and (d) the applicant's M/WBE and City resident participation goals. Second, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

18. The Applicant acknowledges that the Planned Development (P.D.) includes a building commonly known as St. Boniface Church (located in Subarea B of the P.D.) and identified as potentially significant in the Chicago Historic Resources Survey. Pursuant to the Municipal Code of Chicago, Sections 17-8-0911 and 13-32-230, the Applicant acknowledges that P.D. should give priority to the adaptive reuse of historic buildings which are color-coded red or orange in the Chicago Historic Resources Survey. Therefore, the Applicant agrees to retain and preserve the character-defining features of the building. The character-defining features are identified as: exterior walls and rooflines. In general, original features and materials of the character-defining features should be retained and preserved as much as reasonably possible, while any changes should be compatible with the building's historic character. Such work to the character-defining features shall be subject to the review and approval of the Department of Planning and Development as a part of the Part II Review.

19. This planned development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to B2-3 Neighborhood Mixed Use District.

Type 1 Narrative Rezoning Analysis attached to this ordinance reads as follows:

Substitute Project Narrative and Plans: 2000 W. 34th Street, Chicago

The Applicant is proposing to establish a C1-3 Type 1 zoning change. The proposed amendment is a change from the current C3-3 zoning district to a C1-3 zoning district. The Applicant is seeking to alter a previous Type I zoning change and establish a C1-3 Type 1 with modified plans. The Applicant intends to keep the existing use of the land as a restaurant. The proposed expansion will include a level three apartment unit and new addition at levels one, two and three with an open roof terrace. The applicant will seek a special use permit for the roof deck. The square footage of the project is under 10,000 and the height of the building will be 37' with no setbacks.

The Applicant believes the zoning amendment project aims to achieve the purpose and intent identified in the Chicago Zoning Ordinance and Land Use Ordinance (Title 17-1-0500). By expanding the service of this unique family-friendly restaurant, this amendment project will preserve the overall quality of life for residents and visitors while protecting the character of the neighborhood. Given its distinctive location and enclosed layout to the northwest, the proposed zoning amendment and expansion will remain in the interest of public convenience and will not have a significant adverse impact on the general welfare of the neighborhood or community.

Lot Area: 7,294 sq. ft.

On-site parking: Currently zero. The Applicant will seek a Variance in order to waive the one parking spot requirement for the proposed one dwelling unit. The Applicant will also seek parking reduction pursuant to the Transit-Oriented Development Ordinance.

Note that nine parking spaces will be available after completion of City of Chicago Department of Transportation project is completed. The diagonal parking project on 34th St. Damen to Seeley is a Menu funded project. Menu forces will construct the project per the CDOT drawings to be completed by later spring or early summer. The parking spaces will not belong to the Applicant.

The Applicant owns a vacant lot at 3338 South Damen Avenue which may serve for up to and additional six off-site parking spaces. The Applicant will move forward with a zoning amendment for the lot located within 600 feet of the subject property 2000 W. 34th Street. If required, this vacant lot amendment and special use application will accommodate the one parking spot requirement for the proposed one dwelling unit.

8. The maximum permitted floor area ratio (FAR) for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purpose of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations and Data Table has been determined using a net site area of 144,741 square feet and a base FAR of 2.0.

9. Upon review and determination, Part II Review, pursuant to Section 17-13-0610, a Part II Review fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II Approval.

10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines, including Section 17-13-0800. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II Reviews, are conditional until final Part II Approval.

11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085, or any other provision of the Municipal Code of Chicago.

12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A, by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal titleholders and any ground lessors.

13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.

15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for

planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and *(ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

16. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to the RM5 Residential Multi-Unit District.

(As Amended)
(Application No. 19530)
(Common Address: 720 E. 111th St.)

[SO2018-881]

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Chicago Zoning Ordinance be amended by changing all the Business-Residential-Institutional Planned Development Number 1167, as amended, symbols and indications shown on Map Number 26-E in the area bounded by:

the centerline of East 111th Street; the east line of the 30-foot wide Chicago, Rock Island and Pacific Railroad right-of-way; a line that is 666.93 feet southerly of the centerline of East 103rd Street; the centerline of South Woodlawn Avenue; the centerline of the 100-foot wide South Doty Avenue right-of-way (as occupied); a line that is parallel to and 777.50 feet northerly of the centerline of East 111th Street; an arc with a length of 282.74 feet and a radius of 180 feet; and a line that is perpendicular to the centerline of East 111th Street and approximately 1,388.35 feet east of the centerline of South Langley Avenue (as measured along the centerline of East 111th Street),

to those of Business-Residential-Institutional Planned Development Number 1167, as amended, which is hereby established in the area described above subject to such use and bulk regulations as are set forth in the Plan of Development attached hereto and to no others.

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

Plan of Development Statements referred to in this ordinance read as follows:

Business-Residential-Institutional Planned Development No. 1167, As Amended.

Planned Development Statements.

1. The area delineated herein as a Business-Residential-Institutional Planned Development Number 1167 (the "Planned Development") consists of approximately 7,419,988 square feet of net site area (approximately 170 acres) of property (the "Property"), together with certain portions of existing adjacent rights-of-way, as depicted on the attached Planned Development Boundary and Property Line Map. The Planned Development is divided into subareas (each, a "subarea", and

collectively, the "subareas") as indicated on the attached Subarea Map. For purposes of this amendment to the Planned Development, Chicago Neighborhood Initiatives, Inc. is the "Applicant" with due authorization from each respective property owner within Subareas A, D, E, F, G and H.

2. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. These Planned Development Statements do not obligate the City of Chicago ("City") to establish any public rights-of-way, accept or maintain any open space, detention or site buffer areas, construct any public improvements, or finance the construction of any improvements. Any dedication, opening or vacation of streets, alleys or easements or adjustments of rights-of-way or consolidation or resubdivision of parcels shall require a separate submittal on behalf of the Applicant or its successors, assignees or grantees and approval by the Commissioner of the Department of Transportation ("CDOT") and the City Council of the City of Chicago (the "City Council"). Any required City Council approvals must be obtained prior to issuance of any Part II Approval. Applicant shall have the right to seek approval in phases for any or all of the foregoing approvals. In connection with planning for any subarea, adjustments in the location, width and configuration of the rights-of-way illustrated on the Rights-of-Way Adjustment Map may be approved by the Zoning Administrator as a minor change to this Planned Development, provided such adjustments (a) do not result in a change in the character of this Planned Development in accordance with the requirements of Section 17-13-0611 of the Chicago Zoning Ordinance, (b) are set forth in a plat of subdivision, dedication, opening or vacation, or comparable plat or instrument, as applicable, that has been submitted by Applicant (or its successors, assigns or grantors) for approval by CDOT, the Department and by the City Council at the time of request for such adjustments (and approved by CDOT and the City Council prior to the issuance of any Part II Approval), and (c) shall not be deemed to confer any additional bulk, density or other development rights.

3. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns (including any condominium or homeowners' association which may be formed). The requirements of Section 17-8-0400 of the Chicago Zoning Ordinance shall apply to the Property. The subareas (and, if subsequently designated on any Final Subarea Plan, any subparcels designated thereon), shall be deemed specifically delineated subareas and subparcels for purposes of Section 17-8-0400 of the Chicago Zoning Ordinance, provided, however, that for so long as Chicago Neighborhood Initiatives, Inc. or any affiliate thereof owns or controls any part of the Properly, any application to the City for any such changes or modifications (administrative, legislative or otherwise) must in all cases be authorized by the Applicant (or Applicant's successor, assignee or grantee to such master developer ownership interest) or such affiliate. Where portions of the improvements located on the Property have been submitted to the Illinois Condominium Property Act, the term "owner" shall be deemed to refer solely to the condominium association

of the owners of such portions of the improvements and not to the individual unit owners therein. Nothing herein shall prohibit or in any way restrict the alienation, sale or any other transfer of all or any portion of the Property or any rights, interests or obligations therein. The developer making application shall have the burden of establishing to the reasonable satisfaction of the Department that the Applicant's consent has been obtained or irrevocably waived. Upon any alienation, sale or any other transfer of all or any portion of the Property or the rights therein (other than a mortgage lien or security interest) and solely with respect to the portion of the Property so transferred, the term "Applicant" shall be deemed amended to apply solely to the transferee thereof (and its beneficiaries if such transferee is a land trust) and the seller or transferor thereof; provided, however, that Chicago Neighborhood Initiatives, Inc.'s right to authorize changes or modifications to this Planned Development for so long as it owns or controls all or any portion of the Property shall not be deemed amended or transferred to apply to a transferee (or its beneficiaries as aforesaid) unless expressly assigned in a written instrument executed by the original Applicant hereunder. An agreement among different owners of the Property or a covenant binding upon owners of the Property may designate the parties authorized to apply for future amendments, modifications or other changes to this Planned Development and irrevocably waive the Applicant's consent right.

4. This planned development consists of these seventeen (17) Statements and the following "Design Exhibits" attached hereto; an Existing Zoning Map, an Existing Land-Use Map, a Planned Development Boundary and Property Line Map (three pages), a Subarea Map, a Subarea I Site/Landscape Plan (three pages), Subarea I Building Elevations (four pages), Plan of Development Bulk Regulations and Data Table -- Summary, Plan of Development Bulk Regulations and Data Table -- Subarea A, Plan of Development Bulk Regulations and Data Table -- Subarea G, Plan of Development Bulk Regulations and Data Table -- Subarea H, Plan of Development Bulk Regulations and Data Table -- Subarea I, Plan of Development Bulk Regulations and Data Table -- Subarea J, Rights-of-Way Adjustment Map (three pages), all prepared by Spaceco Inc. and dated April 19, 2018. References in these Statements to the "Planned Development" shall be deemed to include the aforementioned Design Exhibits and Administrative Approvals. This Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance and satisfies the established criteria for approval as a Planned Development. In the case of any express conflict between the terms of this Planned Development, and the Chicago Zoning Ordinance, this Planned Development shall apply. Absent an express conflict, the terms of the Chicago Zoning Ordinance shall apply to reviews, determinations and approvals under these Statements and to improvements to the Property. In any instance where a provision of the Planned Development conflicts with the Chicago Building Code, the Building Code shall control.

5. The permitted uses, floor area ratio, building height, setback, parking, bicycle parking and off street loading requirements for each Subarea are set forth in the applicable Plan of Development Bulk Regulations and Data Tables included in the Design Exhibits. For the purposes of calculations or measurements pertaining to the foregoing, the applicable definitions in the Chicago Zoning Ordinance shall apply.

6. Changes in the boundaries of subareas shall require an amendment to these Statements in accordance with the review and approval procedures in Section 17-13-0602 through Section 17-13-0610 of the Chicago Zoning Ordinance.

7. On-premises signs and temporary signs such as construction and marketing signs shall be permitted within the Planned Development subject to the review and approval of the Department. Off-premises signs are prohibited within the boundary of the Planned Development.

8. For purposes of height measurement, the definitions in the Chicago Zoning Ordinance shall apply. The height of any building or improvement shall also be subject to height limitations established by the Federal Aviation Administration.

9. All ingress and egress shall be subject to the review and approval of CDOT and the Department. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of CDOT. All work proposed in the public way must be designed and constructed in accordance with the CDOT Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago, and must be designed in accordance with the CDOT Street and Site Plan Design Standards and follow the principles and practices of a Complete Streets design approach. Any dedication, opening, or vacation of public streets, alleys or easements or any adjustment of the public rights-of-way contained within a particular Part II Submittal shall be approved by City Council prior to the issuance of any final Part II Approval. In connection with the Applicant's (or any developer's) submittal of any Site Plans in accordance with Statement: 10 below, CDOT shall finally determine what means of ingress and egress are required, what public rights-of-way are required, and what public way improvements must be constructed as part of any project in any given Subarea (including any improvements required outside of such subarea, but impacted or integrally related to such Subarea's project and the public improvements associated therewith). Applicant and its successors, assigns and grantees, at such parties' expense, agree to provide traffic impact studies, pay for the services of professional engineering services, and pay for the cost of third party construction inspection services to assist CDOT in its review and approval of Site Plan submissions (which approvals shall be a condition precedent to the Department's issuance of any applicable Part II Approval). CDOT must approve the applicable consultant, which shall report to CDOT. Recommended traffic and engineering measures shall be included in the design review process and implemented. A minimum of two percent (2%) of all parking spaces provided pursuant to this Planned Development shall be designated and designed for parking for the handicapped.

10. Final Subarea Plans were previously approved for Subarea A, as part of establishment of the original Planned Development, and for Subarea C, as part of the amendment to the Planned Development approved on September 11, 2013, and for Subarea B (Phase I), as part of the amendment to the Planned Development approved on June 22, 2016. Final Subarea Plans shall not be required for Subareas G, H, I or J but development of such subareas shall be subject to Site Plan Review, as set forth in this Statement 10.

    Prior to the Part II Approval (per Section 17-13-0610 of the Zoning Ordinance), Site Plan Review shall be required for all projects undertaken in furtherance of the Planned Development and, as applicable, the Final Subarea Plan in accordance with Section 17-13-0800 of the Chicago Zoning Ordinance, excluding Site Plan review for (i) the project depicted in Subarea A, which was approved with the original Planned Development and by its related Administrative Approvals, (ii) the project depicted in Subarea C, which was approved as part of the amendment to the Planned Development approved on September 11, 2013, (iii) the project depicted as Phase I

of Subarea B, which was approved as part of the amendment to the Planned Development approved on June 22, 2016; and (iv) the project depicted in Subarea I, which is being approved as part of this amendment to the Planned Development. The future expansion of the industrial building in Subarea C shall require Site Plan Review and an Administrative Relief submission prior to a Part II Approval of the aforementioned expansion project. Review and approval by the Department of Planning and Development is intended to assure that specific development components substantially conform with the Planned Development, including the Plan of Development Bulk Regulations and Data Table and Design Guidelines applicable to such Subarea(s), and to assist the City in monitoring ongoing development. Subarea Site Plan Approval Submittals (per Section 17-13-0800) need only include that portion of the Property for which approval is being sought by the Applicant.

If not evidenced on the preliminary plat of subdivision submitted as part of the Final Subarea Plan for the project's subarea (if applicable); or the final approved subdivision plat (if applicable), the Applicant or developer of the subject project shall provide an exhibit showing lot sizes and boundaries for such project. In addition to the submittal requirements of Section 17-13-0802-B, the Applicant or developer shall also provide a Site Data Table for such project containing, for each Subarea and subparcel, if any, included in such project:

(1) the Gross Site Area;

(2) the Net Site Area;

(3) the square feet of floor area of each proposed building;

(4) the amount of F.A.R. utilized out of the maximum F.A.R. permitted in such Subarea;

(5) the height of each building to be constructed and the maximum allowable height permitted under the Design Exhibits applicable to such Subarea;

(6) the number of dwelling units to be constructed and the maximum number of dwelling units permitted under the Design Exhibits applicable to such Subarea;

(7) the front, rear and side setbacks for each building and the setbacks required under the Design Exhibits applicable to such Subarea;

(8) All Residential Open Space, if applicable;

(9) The number of parking spaces to be provided and the minimum and maximum number of parking spaces required under the Bulk Regulation Data Table Summary and Design Exhibits, as applicable; and

(10) final elevations; elevations must be provided for all of the proposed building facades and building specified.

The Site Data Table shall also incorporate a table showing the "green" features to be included in the proposed buildings. The Site Plan shall be subject to review and approval of the Department and such other bureaus, departments or agencies as the Zoning Administrator deems appropriate before issuance of any Part II Approval for the subject project. The Site Plan must be in substantial compliance with both the Planned Development and the approved Final Subarea Plan (if applicable). If, after City departmental review, the Zoning Administrator determines that the Site Plan is in substantial compliance with both the Planned Development and the applicable Final Subarea Plan, and if any improvements contemplated by the Site Plan exceed any of the mandatory Planned Development thresholds set forth in Section 17-8-0500 of the Chicago Zoning Ordinance (as applicable to improvements in a C2-3 district, e.g., the Site Plans include 60 dwelling units or more, or buildings 75 feet or more in height), then the Site Plan must then be reviewed by the Chicago Plan Commission, during a public meeting (for which placement on a Chicago Plan Commission Agenda, publication in accordance with Section 17-13-0107-B of the Chicago Zoning Ordinance, and posting in accordance with Section 17-13-0107-C of the Chicago Zoning Ordinance shall be required, but for .which written notice pursuant to Section 17-13-0107-A of the Chicago Zoning Ordinance shall not be required) but shall not require review and approval by the City Council. If such mandatory thresholds are not met or exceeded, then no Chicago Plan Commission review shall be required, and if, after City departmental review, the Zoning Administrator determines that the Site Plan is otherwise in substantial compliance with both the Planned Development and the applicable Final Subarea Plan, the Site Plan shall then be approved by the Zoning Administrator. Without limiting the foregoing, the first development project within Subarea H may, in the Zoning Administrator's discretion, be presented to the Chicago Plan Commission, during a public meeting (for which placement on a Chicago Plan Commission Agenda shall be required, but for which publication, posting and written notice pursuant to Sections 17-13-0107-A, -B, and -C of the Chicago Zoning Ordinance shall not be required) but shall not require review and approval by the City Council. If, after City departmental review, the Zoning Administrator shall determine that the Site Plan is not in substantial compliance with both the Planned Development and the approved Final Subarea Plan (if applicable), the Zoning Administrator shall advise the Applicant or developer in writing of why the Site Plan does not substantially comply with the Planned Development and/or the Final Subarea Plan (if applicable). In such case, the Applicant or developer shall be given an opportunity to submit revised Site Plans. If the Zoning Administrator finally determines that the Site Plans, as the same may be revised, are not in substantial compliance with die Planned Development and/or the Final Subarea Plan (if applicable), the Applicant or developer then shall be required to amend this Planned Development and/or the Final Subarea Plan (if applicable) in accordance with the review and approval procedures in Section 17-13-0602 through Section 17-13-0610 of the Chicago Zoning Ordinance in order to obtain approval of such Site Plans. After

approval of a Final Subarea Plan (if applicable) and/or Site Plan, such Final Subarea Plans and Site Plans may be changed or modified pursuant to the requirements of Section 13 hereof, if applicable.

11. The improvements on the Property shall be designed, constructed and maintained in substantial compliance with the Design Exhibits attached hereto.

(a) Parkway and parking lot landscaping shall comply with the landscaping provisions of the Chicago Zoning Ordinance and Chicago Landscape Ordinance, unless specified otherwise in an approved Final Subarea Plan.

(b) The Property shall be designed and constructed in accordance with the City of Chicago Regulations for Sewer Construction and Stormwater Management and Stormwater Management Ordinance Manual, latest editions. Any amendment to the City's storm water management requirements which the City adopts thereafter shall apply to the Property or the development thereof.

(c) It is the Applicant's intention to adaptively reuse the Brite Line building identified as "Existing Building" in Subarea D on the Site Plan; however, the Applicant reserves the right to demolish such building and to otherwise redevelop Subarea D in conformance with the applicable terms of this Planned Development in the event the Applicant determines that such adaptive reuse is not feasible or desirable.

(d) Within Subarea A, a Chicago Transit Authority bus turnaround in a location and of such size and configuration as mutually agreed upon by the Applicant, the Chicago Transit Authority and CDOT has been previously completed.

(e) Porches shall be features which are allowed to encroach into any required front yard setback in Subarea F, subject to Site Plan Approval.

(f) Applicant acknowledges that the City will not maintain or bear the cost of maintaining any landscape or streetscape improvements on any medians to be constructed within the Planned Development. Prior to CDOT approval of engineering drawings for any median street to be constructed by the Applicant within the Planned Development, the Applicant must demonstrate to the satisfaction of CDOT that sufficient sustainable resources have been committed, and written agreements exist (which provide reasonable protection to the City and, among other things, shall name the City as intended beneficiary, shall grant the City enforcement rights, and shall include or extend indemnification and insurance provisions for the benefit of the City) to provide for the satisfactory maintenance of such medians, which agreements may provide for maintenance costs to be funded through a special service area or special service district, the establishment of which is subject to separate City Council approval.

(g) Applicant, at the Applicant's expense, has previously reconstructed South Woodlawn Avenue from approximately East 107th Street to East 111th Street in accordance with the requirements of Statement 9.

(h) The Applicant and each developer of any portion of the Property at the time of a project shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioner of the Department of Streets and Sanitation, the Commissioner of the Environment and the Commissioner of Buildings under Section 13-32-125 of the Municipal Code of the City of Chicago or any other provision of that Code.

12. The Part II Review fee for permits and licenses to be issued for projects in the Planned Development shall be the greater of $0.50 per square foot for the total buildable floor area (i.e., the current rate under Section 17-13-0610 of the Chicago Zoning Ordinance) or the then applicable per square foot charge (or other then applicable charge) at the time of such Part II Review. Such fee shall be determined and assessed by the Department at the time of each and every Part II Review, shall be applicable to all projects, whether undertaken by the Applicant or another developer, shall be final and binding and must be paid to the Department prior to issuance of any Part II Approval. Following Part II Review and approval by the Zoning Administrator, the Department shall keep such approved plans and elevations on permanent file and they shall be deemed to be an integral part of this Planned Development. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility. Any interim reviews associated with Site Plan review or Part II Reviews, are conditional until final Pail II Approval.

13. Subject to the other terms and conditions of these Statements, including specifically, but without limitation, Statement 10's filing, review and approval requirements, the terms, conditions and exhibits of this Planned Development may be modified administratively by the Zoning Administrator upon application and a determination by the Zoning Administrator in accordance with the minor change provisions and standards of Section 17-13-0611 of the Chicago Zoning Ordinance (provided, however, that Section 17-13-0611-A.2 and A.3 shall be separately tested on a Subarea basis, without taking into account the net site area of or dwelling units permitted in other Subareas or the Planned Development as a whole) and that such modification, and the improvements contemplated thereby, are consistent with the

Planned Development and the applicable Final Subarea Plan. Any such modification shall be reviewed and approved through the minor change provisions of Section 17-13-0611 of the Chicago Zoning Ordinance.

14. The Applicant acknowledges that it is in the public interest to design, construct and renovate all buildings in a manner which provides healthier environments, reduces operating costs and conserves energy and resources. All development in any Subarea shall conform to the City of Chicago's "Sustainable Development Policy Matrix" in effect on the submittal of Site Plans pursuant to this Planned Development; provided, however, that the Zoning Administrator may approve alternative methods of satisfying the "Sustainable Development Policy Matrix."

15. Any open space to be dedicated to the Chicago Park District ("CPD") must meet CPD standards and, where applicable, the park must be designed and constructed to those standards. Any conveyance of open space to the CPD shall be subject to the approval of the CPD and a resolution or ordinance issued by the CPD Board of Commissioners must be provided to the Department to evidence such dedication, conveyance and acceptance.

16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and City residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and City resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of City residents in the construction work. The City encourages goals of 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and *(ii) 50 percent City resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and City residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II Permit Review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the

* Editor's Note: Numbering sequence error; (i) missing in original document.

Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and City resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and City resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and City residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning-Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and City residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

17. Unless substantial construction of any new building, as proven by the issuance of building permits and the diligent completion of construction pursuit to such permits for Subarea I has commenced within six (6) years of this amendment to the Planned Development, this Planned Development shall expire upon the sixth anniversary date of the effective date of this amendment to the Planned Development. If this amendment to the Planned Development expires pursuant to the foregoing provision, this amendment to the Planned Development shall expire by separately introduced ordinance, if any, and in such event the zoning of the Property shall revert to Business-Residential-Institutional Planned Development Number 1167, as adopted by the Chicago City Council on June 22, 2016. Such reversion shall not render any building existing at the time to be nonconforming. The six year period described above may be extended for up to one additional year if, before expiration, the Zoning Administrator determines that good cause for an extension is shown.

The following is said ordinance as passed:

WHEREAS, Pursuant to the procedures set forth in the Municipal Code of Chicago (the "Municipal Code"), Sections 2-120-630 through -690, the Commission on Chicago Landmarks (the "Commission") has determined that the West Pullman Elementary School (the "Building"), located at 11917 -- 11951 South Parnell Avenue, Chicago, Illinois, legally described in Exhibit A attached hereto and incorporated herein, satisfies two (2) criteria for landmark designation as set forth in Section 2-120-620 (1) and (4) of the Municipal Code; and

WHEREAS, The Building exemplifies the importance of Chicago's public schools to the City's social and cultural history; and

WHEREAS, Public education has historically been one of the most important responsibilities of Chicago government, and public school buildings often are architecturally prominent buildings and visual anchors in the City's neighborhoods. Opened in 1894 and expanded in 1900 and 1923, the Building is one such institution in the West Pullman neighborhood; and

WHEREAS, The Building is composed of three unique sections, which illustrate a range of forms and styles that bridge a significant transitional period in the design of public school buildings; and

Each addition to the school building reflects the growing needs of the West Pullman community as it developed from farmland into a major Chicago neighborhood; and

WHEREAS, The Building is a handsome example of a public school building, a building type of significance to the history of Chicago and its neighborhoods; and

WHEREAS, The Building is finely designed and displays excellent examples of the Romanesque Revival and Classical Revival styles between its three sections; and

WHEREAS, The Building's exterior, with its finely-detailed masonry elevations embellished with decoration in stone, molded brick, terra cotta and decorative metal, exemplifies the fine craftsmanship that defines historic architecture; and

WHEREAS, The Building reveals a progression in the design of public schools between its three sections. It exhibits the changing prevailing concepts of and innovations in school architecture during the late-19th and early-20th centuries, with its masonry construction, central corridor layout, large windows for ample light and ventilation, and its variety of classroom and assembly spaces; and

WHEREAS, Consistent with Section 2-120-630 of the Municipal Code, the Building has a significant historic, community, architectural, or aesthetic interest or value, the integrity

of which is preserved in light of its location, design, setting, materials, workmanship, and ability to express such historic, community, architectural, or aesthetic interest or value; and

WHEREAS, On March 8, 2018, the Commission adopted a resolution recommending to the City Council of the City of Chicago (the "City Council") that the Building be designated a Chicago landmark; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The above recitals are hereby adopted as the findings of the City Council.

SECTION 2. The Building is hereby designated a Chicago landmark in accordance with Section 2-120-700 of the Municipal Code.

SECTION 3. For purposes of Sections 2-120-740 and 2-120-770 of the Municipal Code governing permit review, the significant historical and architectural features of the Building are identified as:

-- All exterior elevations, including rooflines, of the Building.

SECTION 4. The Commission is hereby directed to create a suitable plaque appropriately identifying the Building as a Chicago landmark.

SECTION 5. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the other provisions of this ordinance.

SECTION 6. All ordinances, resolutions, motions or orders in conflict with this ordinance are hereby repealed to the extent of such conflict.
